(hereinafter referred to as the “Lender”), as lender, hereby announce that they have entered into a comprehensive amendment to the Loan Agreement dated March 7, 2022 (including any amendments made prior to the execution of this Twenty-Fifth Amendment Agreement (defined below) and hereinafter referred to as the “Original Agreement”) dated September 30, 2024, which was entered into by the Borrowers and the Lender. As of this date (hereinafter referred to as the “Date of Conclusion of this Twenty-Fifth Amendment Agreement”), we have agreed as follows, and therefore we hereby conclude this Twenty-Fifth Amendment Agreement to the Loan Agreement (hereinafter referred to as the “Twenty-Fifth Amendment Agreement”).

Article 1 (Definitions)

The terms used in this Twenty-Fifth Amendment Agreement (excluding attachments) shall have the same meaning as defined in the Original Agreement.

Article 2 (Amendments to the Original Agreement, etc.)

The parties to this Twenty-Fifth Amendment Agreement agree to amend the Original Agreement by comprehensively revising it as set forth in the Attachment.

Article 3 (Representations and Warranties of Borrowers)

Each Borrower represents and warrants to the Lender that the matters set forth in the following items are true as of the execution date of this Twenty-Fifth Amendment Agreement (excluding the matters set forth in Exhibit 11.1 of the Initial Existing Emergency Loan Agreement and the matters set forth in Exhibit 9 (Permissible Matters) of the Initial Existing Senior Loan Agreement). However, (i) the representations and warranties made by MHD are made with respect to the MHD Group companies at the time the representations and warranties are made, and (ii) the representations and warranties made by each Borrower other than MHD are made only with respect to that Borrower at the time the representations and warranties are made. If each Borrower discovers that any representation or warranty set forth in this Article is untrue or inaccurate, each Borrower shall immediately notify the Lender in writing and shall compensate the Lender for any damages, etc. incurred by the Lender as a result of the breach of such representations and warranties.

(1) Establishment and Capacity

- (a) Each Borrower is a legal entity duly established and validly existing under the governing law of its incorporation.
- (b) Since the incorporation of each borrower, no action seeking invalidation, action for invalidation or cancellation of resolutions, or action for declaration of non-existence has been pending or threatened with respect to incorporation.
- (c) Each Borrower has full capacity necessary to enter into and carry out this Twenty-Fifth Amendment Agreement.

(2) Internal procedures regarding the Twenty-Fifth Amendment Agreement

Each Borrower has duly completed all internal procedures required by the law and regulations, including the Civil Rehabilitation Law, articles of incorporation and other internal regulations for the execution and performance of this Twenty-Fifth Amendment Agreement.

(3) Authorization of Signing Authorities Regarding the Twenty-Fifth Amendment Agreement

The persons who sign or affix their names and seals to this Twenty-Fifth Amendment Agreement (if any) as authorized persons of each Borrower are fully authorized to sign or affix their names and seals to this Twenty-Fifth Amendment Agreement on behalf of each Borrower, based on the procedures required by law and regulations, articles of incorporation and other internal regulations.

(4) Enforceability of Performance Regarding the Twenty-Fifth Amendment Agreement

The obligations assumed by each Borrower under this Twenty-Fifth Amendment Agreement are legal, valid, binding and enforceable. However, this does not include cases resulting from a legal reservation or lack of perfection (limited to cases permitted by the Loan Agreement).

(5) No violation of laws and regulations, etc., regarding this Twenty-Fifth Amendment Agreement exists

(a) The execution and delivery of this Twenty-Fifth Amendment Agreement by each Borrower and the transactions thereunder do not, at the time of the representations and warranties, violate any of the following:

- (iii) Contracts or instruments binding on each Borrower or its subsidiaries or their assets

(b) The governmental permits, licenses and notifications and other legal procedures required for the execution and performance of the Twenty-Fifth Amendment Agreement by each Borrower (including the procedures required in the Rehabilitation Proceedings, including obtaining court permission to continue the Rehabilitation Proceedings or obtaining the consent or approval of the Supervisory Committee, if such procedures are required) have all been duly carried out by the time required, and consent of a third party has been obtained if such consent is required. However, with regard to permits and licenses, this is limited to laws and regulations related to important permits and licenses.

(6) No reason exists for loss of benefit this term

No Event of Default or Potential Event of Default has occurred or is ongoing, and there is no reasonable likelihood that such will arise as a result of the execution or performance of the Twenty-Fifth Amendment Agreement or the transactions thereunder.

(7) Accuracy of the documentation regarding changes to the original contract

The documents submitted by each Borrower to the Lender in connection with the execution of this Twenty-Fifth Amendment Agreement are, as a whole, true and accurate in all material respects and are not misleading in all material respects as of the date such documents were prepared.

(8) Continuing financial support

Nissan Motor Co., Ltd.'s financial support to MHD Group companies will continue on terms satisfactory to the lenders from the date of the Twenty-Fifth Amendment Agreement until each Borrower has fully performed its current and future obligations to the Lenders, including principal, interest, late fees and all other obligations pursuant to the Loan Agreement as amended by this Twenty-Fifth Amendment Agreement.

Article 4 (Effectiveness of other provisions of the original contract)

1. This Twenty-Fifth Amendment Agreement does not revise the Original Agreement. This Twenty-Fifth Amendment Agreement shall be deemed to be an integral part of the Original Agreement and shall constitute a part of the Original Agreement. Unless otherwise specified or the context requires otherwise, the term “Loan Agreement” in the Original Agreement shall include this Twenty-Fifth Amendment Agreement.
2. Matters amended pursuant to this Twenty-Fifth Amendment Agreement shall apply to events occurring after the date of execution of this Twenty-Fifth Amendment Agreement, and events occurring before the date of execution of this Twenty-Fifth Amendment Agreement shall be interpreted in accordance with the content of the Original Agreement before the amendments made by this Twenty-Fifth Amendment Agreement.

Article 5 (Loan-related agreements)

[Remainder Left Blank]

In witness to the above, one original copy of this Twenty-Fifth Amendment Agreement shall be prepared and signed and sealed by the representative of each Borrower and Lender or the representative's agent, and the Lender shall retain the original for the Borrowers and itself and send a copy to the Borrowers.

1. The obligation of each Lender to make an Individual Loan shall arise on the condition that all of the prerequisites for making this Loan for such Individual Loans as set forth in Article 5.1 have been satisfied. However, at the discretion of each Lender, any of the prerequisites for making this Loan may be waived. In addition, the determination of the sufficiency of such conditions shall be made by each Lender, and the other Lenders and the Facility Agent shall not bear any responsibility for the determination of such Lenders or the execution or non-performance of Individual Loans.
2. Each Lender shall be subject to the prerequisites for the execution of this Loan relating to its own Individual Loans as prescribed in Article 5.1 (excluding those abandoned by said Lender pursuant to the proviso of the preceding paragraph), and if all of the above are satisfied, the Individual Loan Execution Amount for the Individual Loan shall be deposited into the Agent Account by 11:00 a.m. on the Loan Execution Date for the Individual Loan using immediately available yen funds. As of the time point at which the Facility Agent deposits such money from the Agent Account to the Borrower Designated Account (Japan), the execution of such Individual Loans for such Lender shall be judged to have been completed.
3. In the event that an Individual Loan is made pursuant to the preceding Paragraph, the Borrower shall promptly send the Facility Agent a receipt in the form of Summary Attachment 4.1.3 stating the amount and details of the Individual Loan by facsimile or email after confirming the deposit of the Individual Loan Execution Amount into the Borrower's Designated Account (Japan). After such Out-of-pocket Payment, the Lender shall deposit the entire amount equivalent to the Individual Loan Execution Amount for the Individual Loan into the Agent Account by 11:00 a.m.

notwithstanding the provisions of the preceding paragraph, acts intended to satisfy this Loan Receivable of a Lender other than the Lenders for which Appropriation has been Completed (hereinafter to be referred to as “the Lender for which Appropriation is Incomplete”) using the funds deposited into the Mandatory Prepayment Reserve Account as the capital (including, but not limited to, the offset based on Article 15.3 Paragraph 1 and prepayment based on Paragraph 6 of the previous Article pertaining to the funds deposited in the Mandatory Prepayment Reserve Account; Hereinafter to be referred to as “Payment after Postponement, etc.”) shall be implemented, and the stipulations of each of the following items shall apply until that amount has reached the amount of the Mandatory Prepayment Amount for which Appropriation is Incomplete. For the avoidance of doubt, this Paragraph shall also apply in the event of the occurrence of a fact corresponding to the main clause of this Paragraph prior to the conclusion of this Second Modified Agreement.

- (1) Payment after Postponement, etc., shall be appropriated only to the payment of obligations to the Lender for which Appropriation is Incomplete for the Borrower (for the avoidance of doubt, in the event of the offset of the funds deposited in the Mandatory Prepayment Reserve Account pursuant to Article 15.3, Paragraph 1, the text of Article 15.4 Paragraph 1 shall not apply.)
- (2) In the event of the implementation of acts for the purpose of satisfying the obligations of Lenders other than Payment after Postponement, etc., (hereinafter to be referred to as “Repayment, etc.” in this Paragraph), in the event that such Repayment, etc., is to be appropriated to the principal of the loan under this Loan Agreement, such Repayment, etc., shall be appropriated and distributed in accordance with this Loan Agreement based on the principal balance of each Individual Loan of each Lender assuming that the Borrower has paid its obligations to the Lender for which Appropriation is Incomplete for the full amount of the Mandatory Prepayment Amount for which Appropriation is Incomplete.
- (3) In the event it is necessary to calculate the participation ratio defined in the Agreements related to this Loan, such participation ratio shall be calculated based on the principal balance of each Lender’s Individual Loan, assuming that the Lenders for which Appropriation is Incomplete of the Borrower have been paid the full amount of the Mandatory Prepayment Amount for which Appropriation is Incomplete.
- (4) In the event that only the balance of the Individual Loans of the Lenders for which Appropriation has been Completed is reduced due to the Mandatory Prepayment of the obligations of the Borrower to the Lenders for which Appropriation has been Completed as prescribed in this Paragraph, and this has impacted the rights and obligations of the Lenders under the Agreements related to this Loan (including, but not limited to, the cases prescribed in the preceding two items), the Borrower, the Lenders, and the Agent shall consult in good faith and determine the actions to be taken.
- (5) In the event of a petition for the commencement of bankruptcy proceedings having been filed against the Borrower, or in the event of the commencement of Private Reorganization Procedures (including when the Borrower has given notice of suspension; Hereinafter the same shall apply in this Paragraph), the Lenders for which Appropriation has been Completed shall, in accordance with the instructions of the Lender for which Appropriation is Incomplete, take all actions required to ensure preferential appropriation of the amount of the Mandatory Prepayment Amount for

which Appropriation is Incomplete (however, in the event that Payment after Postponement, etc. has been appropriated to the payment of obligations to the Lender for which Appropriation is Incomplete based on Item 1, this shall be the amount obtained by deducting said appropriation amount; Hereinafter the same shall apply) in relation to the Lender for which Appropriation is Incomplete of the Borrower (including, but not limited to, agreements with the reorganization trustee, the reorganization debtor, the bankruptcy trustee, or the liquidator, etc.; Hereinafter the same shall apply in this Paragraph).

- (6) In the event of a petition for the commencement of bankruptcy proceedings with respect to the Borrower, or in the event of Private Reorganization Procedures being commenced, the Lenders for which Appropriation has been Completed shall, only in the case of doing so in its position as a creditor under this Loan Agreement, (i) file a claim in the bankruptcy proceedings, and (ii) exercise the voting rights and other powers of the creditor in the bankruptcy proceedings or the Lenders for which Appropriation has been Completed, in accordance with the instructions of the Lender for which Appropriation is Incomplete to the extent necessary to ensure that there is preferential appropriation of the amount of the Mandatory Prepayment Amount for which Appropriation is Incomplete is applied to the loan obligations of the Borrower in relation to the Lender for which Appropriation is Incomplete.
- (7) In the event of a petition for the commencement of bankruptcy proceedings having been filed against the Borrower, or in the event of the commencement of Private Reorganization Procedures, in the event that the Lenders for which Appropriation has been Completed consent to change the content of its obligations under this Loan Agreement in the bankruptcy proceedings or Private Reorganization Procedures of the Borrower (including, but not limited to, changes in terms and conditions and exemption of its obligations; Hereinafter the same shall apply), only if such consent prevents the Borrower from preferentially applying the amount of the Mandatory Prepayment Amount for which Appropriation is Incomplete to the Loan Obligations of the Borrower in relation to the Lender for which Appropriation is Incomplete, the prior written consent of the Lender for which Appropriation is Incomplete must be obtained.
- (8) The Lenders for which Appropriation has been Completed shall cooperate to the extent reasonably practicable in its capacity as a creditor under this Loan Agreement to the extent necessary in such preferential appropriation to ensure that the amount of the Mandatory Prepayment Amount for which Appropriation is Incomplete may be applied to the obligations of the Borrower to the Lender for which Appropriation is Incomplete. In addition, the Lenders for which Appropriation has been Completed shall exercise the rights granted to the Security Interest Holder in bankruptcy proceedings or Private Reorganization Procedures in accordance with the instructions of the Lender for which Appropriation is Incomplete to the extent that is necessary in order to ensure that the amount of the Mandatory Prepayment Amount for which Appropriation is Incomplete may be applied preferentially to the Loan Obligations of the Borrower to the Lender for which Appropriation is Incomplete only in the position of creditor under this Loan Agreement.
- (9) Even in the event of a petition for the commencement of bankruptcy proceedings having been filed against the Borrower, or in the event of the commencement of Private Reorganization Procedures

(limited to corporate reorganization procedures and civil rehabilitation procedures; Hereinafter the same shall apply in this item), in the event of the confirmation of the appraised value of the target object of this Security Interest in said bankruptcy proceedings or Private Reorganization Procedures (limited to those pertaining to the deposit liability pertaining to the Mandatory Prepayment Reserve Account held by the Borrower; Hereinafter the same shall apply in this Paragraph) (including, but not limited to, (i) confirmation of the appraised value based on an agreement with the trustee or rehabilitation debtor, (ii) confirmation of the appraised value based on a decision by a court (including valuation), and (iii) any other confirmation of the appraised value in the event of the voluntary sale of the target object of this Security interest (including that based on a pay-as-you-throw system in the revitalization plan (the remaining amount after the deduction of the sale costs, etc.); Hereinafter to be referred to as the “Collateral Valuation Confirmation”, wherein the appraised value as confirmed in the Collateral Valuation Confirmation shall be referred to as the “Collateral Valuation Confirmed Value”), the Lenders for which Appropriation has been Completed shall make the maximal efforts to the extent that is practicable to ensure that the Lender for which Appropriation is Incomplete may receive the payout or payment of the amount of the Mandatory Prepayment Amount for which Appropriation is Incomplete.

- (10) In the event of a petition for the commencement of bankruptcy proceedings being filed against the Borrower, or in the event of the commencement of Private Reorganization Procedures, and if the Collateral Valuation Confirmation has been performed for this Security Interest, whenever there has been a dividend in said bankruptcy proceedings paid to the Lenders for which Appropriation has been Completed based on the grounds that formed the cause of said Collateral Valuation Confirmation, a confirmed revitalization plan or payment according to the revitalization plan in said bankruptcy proceedings, payment according to the payment plan, etc., that was agreed upon in said Private Reorganization Procedures (including prepayment), or any other payment based on the grounds that formed the cause of the Collateral Valuation Confirmation, of the claims based on this Loan Agreement for the Lender for which Appropriation is Incomplete (hereinafter to be referred to as the “Lender Claims for which Confirmation and Appropriation is Incomplete”) following modification (if any) of the details based on said bankruptcy proceedings or Private Reorganization Procedures, said dividend or payment amount (however, if the amount of the Lender Claims for which Confirmation and Appropriation is Incomplete is smaller than the amount of said dividend or payment amount, the entirety of the Lender Claims for which Confirmation and Appropriation is Incomplete) shall be used as the consideration in the purchase until the cumulative amount of the transfer fee for the part corresponding to said dividend or payment amount (however, if the amount of the Lender Claims for which Confirmation and Appropriation is Incomplete is smaller than the amount of said dividend or payment amount, the entirety of the Lender Claims for which Confirmation and Appropriation is Incomplete) has reached the amount of the Mandatory Prepayment Amount for which Appropriation is Incomplete (in the event of a dividend or payment to the Lender for which Appropriation is Incomplete based on the grounds that formed the cause of the Collateral Valuation Confirmation, the amount obtained when deducting

said dividend or payment). In the event that it is determined in the bankruptcy proceedings or Private Reorganization Procedures commenced with respect to the Borrower that the Lender for which Appropriation is Incomplete cannot recover the full amount of the Mandatory Prepayment Amount for which Appropriation is Incomplete due to this Security Interest, the transfer of the claims prescribed in this Item shall be carried out only in the amount of the Mandatory Prepayment Amount for which Appropriation is Incomplete for the portion that cannot be recovered through this Security Interest. The expenses required for such transfer of claims shall be borne by the Lender for which Appropriation is Incomplete.

- (11) In the event of a petition for the commencement of bankruptcy proceedings being filed against the Borrower, or in the event of the commencement of Private Reorganization Procedures, if the Collateral Valuation Confirmation has been made for this Security Interest and the amount of the Lender Claims for which Confirmation and Appropriation is Incomplete does not reach the amount of the Mandatory Prepayment Amount for which Appropriation is Incomplete, when there has been payment of a dividend in said bankruptcy proceedings to the Lenders for which Appropriation has been Completed following the transfer of the entirety of the Lender Claims for which Confirmation and Appropriation is Incomplete to the Lenders for which Appropriation has been Completed based on the previous Paragraph, a confirmed revitalization plan or payment according to the revitalization plan in said bankruptcy proceedings, payment according to a confirmed reconstruction plan, etc., in said Private Reorganization Procedures (including prepayment), or any other payment based on grounds that formed the basis for the Collateral Valuation Confirmation, the Lenders for which Appropriation has been Completed shall deposit said dividend or payment amount into the account specified by the Lender for which Appropriation is Incomplete until the cumulative amount with the transfer fees delivered to the Lender for which Appropriation is Incomplete from the Lenders for which Appropriation has been Completed according to the preceding Paragraph for each said dividend or payment has reached (i) the amount of the Mandatory Prepayment Amount for which Appropriation is Incomplete (in the event of a dividend or payment made to the Lender for which Appropriation is Incomplete based on the grounds that formed the basis for the Collateral Valuation Confirmation, the amount obtained after deducting said dividend or payment amount) or (ii) the amount of the Collateral Valuation Confirmed Value, whichever value is smaller. In the event that it is determined in the bankruptcy proceedings or Private Reorganization Procedures commenced with respect to the Borrower that the Lender for which Appropriation is Incomplete cannot recover the full amount of the Mandatory Prepayment Amount for which Appropriation is Incomplete due to this Security Interest, the payment of the monies prescribed in this Item shall be carried out only in the amount of the Mandatory Prepayment Amount for which Appropriation is Incomplete for the portion that cannot be recovered through this Security Interest. In addition, the parties to this Agreement shall cooperate with such methods (if any) upon consultation in good faith with respect to the methods that have the same economic effect as those prescribed in this Paragraph and for which such taxes and public dues, etc., are not imposed to the extent that is possible.
- (12) The Borrower agrees without objection to the handling of the preceding items, and shall perform

all acts necessary for the performance of the obligations of the Lenders under the preceding items.

Also, in the calculation of the interest, proration shall be performed excluding the last date and treating one year as 365 days, performing division at the end, and rounding off values of less than 1 JPY.
2. The determination and calculation of the applicable interest rate and interest amount by the Facility Agent shall be final and binding on all Lenders and the Borrower, unless there is a clear error.

Article 7.1-2 (Interest Calculation Period)

1. The Borrower shall select the Interest Calculation Period for the Loan in the Interest Calculation Period Selection Notice.
2. Each Interest Calculation Period Selection Notice for the Loan must be provided by the Borrower to the Facility Agent by (i) no later than 10:00 a.m. 10 business days prior to the first Interest Payment Date after the effective date of the Third Modified Agreement for the period up to the first Principal Payment Date after the effective date of the Third Modified Agreement; and (ii) no later than 10:00 a.m. 10 business days prior to the principal payment date after such period (including the first Principal Payment Date after the effective date of the Third Modified Agreement). This Interest Calculation

The Interest Calculation Period selected as a result of this Interest Calculation Period Selection Notice shall apply (i) to the Interest Calculation Period during the period from the effective date of this Third Modified Agreement and up to the first Principal Payment Date, and (ii) thereafter, for the period from the date of the Principal Payment first coming after the delivery of said Notice and up to the next Principal Payment Date (provided, however, that the application of the following Paragraph and Paragraph 5 shall not be prevented).

3. In accordance with the provisions of this Article, the Borrower shall select an interest calculation period that may be applied in common to this Loan from one month, three months, or six months. If the Borrower fails to provide to the Facility Agent the Interest Calculation Period Selection Notice in accordance with the preceding paragraph, the six-month interest calculation period shall be deemed to have been selected.
4. Notwithstanding the preceding paragraphs, the Interest Calculation Period for the Loan shall not exceed the next coming Principal Payment Date.

However, the initial Interest Calculation Period after amendment pursuant to this Third Modified Agreement shall be the period from the effective date of this Third Modified Agreement and up to the end of December 2022.

Article 7.2 (Delinquency Charges)

If the Borrower delays the performance of the obligations under this Loan Agreement to any of the Lenders or Agents, the Borrower shall, with respect to such delayed performance of the obligations, promptly submit payment of the Delinquency Charges (based on a per diem calculation of 365 days per year, rounded down to the nearest yen) to said Lender or Agent in accordance with the provisions of Article 8.1 based on the number of actual days from the payment date (including the same day) scheduled under this Loan Agreement and up to the date on which the payment was actually made (including the same day). The interest rate for Delinquency Charges shall be the interest rate for the Interest Calculation Period reasonably specified by the Agent that, if the amount of the debt that was delayed in such performance was this Loan during such unpaid period, the interest rate for which a payment obligation was incurred shall be added to the interest rate of 2%.

Article 7.3 (Increased Expenses and Illegality)

1. If, as a result of the enactment or modification of laws and regulations, interpretation or operation of laws and regulations, establishment or increasing of reserves, or modification of accounting regulations or operations (excluding increases arising from changes in tax rates of taxable income of the lender), the lending costs of any Lender have increased significantly, the Lender (hereinafter to be referred to as the "Lender incurring Higher Costs") may, with the Borrower, (i) have the Borrower bear the burden for said increased costs (as reasonably calculated by the Lender incurring such increased costs; Hereinafter the same shall apply), or (ii) terminate this Loan Agreement in the relationship with the

Lender incurring Higher Costs, and shall consult with the Borrower to repay any and all obligations borne by the Borrower to the Lender incurring Higher Costs under the Agreements related to this Loan. If such consultation is not successful within 15 business days after the commencement of the consultation, said Lender shall select which of the above (i) or (ii) shall be select by the Borrower within 25 business days after the commencement of the consultation, and shall notify the Facility Agent and the Lender incurring Higher Costs. If the selection of the Borrower is not notified to the Facility Agent within such period, the Borrower shall be deemed to have responded that the Borrower will bear the increased costs after such period. However, this shall not apply in the event of continuing consultation based on the written agreement of the Lender incurring Higher Costs, the Facility Agent, and the Borrower.

2. In the event that the Borrower selects (ii) of the preceding paragraph and terminates the Loan Agreement in relation to the Lender incurring Higher Costs, the Borrower shall notify the Facility Agent and all Lenders of the date on which the Borrower wishes to terminate the Loan Agreement (hereinafter to be referred to as the “Desired Termination Date”). However, the Desired Termination Date may not exceed the day at which point 35 business days will have elapsed after the start of consultation.
3. In the event of a notice having been given by the Borrower in the preceding paragraph, this Loan Agreement shall be terminated only in relation to the Lender incurring Higher Costs as of the Desired Termination Date. In such a case, the Borrower shall pay the full amount of the principal of the Loan Claims pertaining to the Lender incurring Higher Costs, the accrued interest up to the date of the desired termination of the Agreement relating to the same, and any other payments based on this Loan Agreement (including the payment of the already accrued increase expenses up to the date of the desired termination of the Agreement) and, if such reimbursement is made on a day other than the Interest Payment Date, the Borrower shall pay to the Lender incurring Higher Costs the Settlement Payment (if any) through the Facility Agent based on the calculations by the Lender incurring Higher Costs. Until the Borrower completes the performance of all obligations under the Agreements related to this Loan to the Lender incurring Higher Costs, the related provisions of the Agreements related to this Loan shall remain in effect in relation to the Lender incurring Higher Costs.
4. In the event that the execution and performance of this Loan Agreement and the transactions under this Loan Agreement violate any laws and regulations binding on any Lender, such Lender shall consult with the Borrower, all other Lenders and the Facility Agent. In such a case, the Borrower and all of the other Lenders may not refuse without reasonable grounds to the effect that the loan obligations of the Lenders will end and that the claims held by the Lenders against the Borrower under this Loan Agreement will be repaid before the due date.

Chapter 8

Payment and Appropriation of Payments

Article 8.1 (Performance of the Borrower's Obligations)

1. All payments made by the Borrower to each Lender and Agent under this Loan Agreement shall be made by the method specified in this Chapter, unless otherwise specified in this Loan Agreement. In addition, the Borrower shall bear all bank transfer and remittance charges and other expenses required for the Borrower to submit payment to each Lender or Agent.
2. In order to repay the obligations under this Loan Agreement, except as otherwise provided in this Loan Agreement, the Borrower shall make the deposit by the payment deadline if a payment date is specified, or immediately upon the receipt of a request from the Facility Agent if no payment date has been specified, into the Agent Account to the extent that it does not violate laws and regulations, etc. In such a case, it shall be deemed that the obligations of the Borrower to each Lender or Agent have been fulfilled as of the time of deposit into the Agent Account.
3. Except when otherwise provided in this Loan Agreement (including, but not limited to, Article 15.3, Paragraph 1), even in the case of payment by the Borrower directly to any Lender other than the Facility Agent for any of the obligations under this Loan Agreement contrary to the preceding paragraph, , this payment shall not be deemed to be performance of any of the obligations under this Loan Agreement. In such case, the Lenders that have received payment shall immediately pay the amount received to the Facility Agent and upon receipt of such amount by the Facility Agent, the obligations with respect to such amount shall be deemed to have been performed, and the amount shall be distributed to each Lender through the Facility Agent.
4. The Borrower may not perform any of its obligations under this Loan Agreement by substitute payment without the prior consent of all of the Lenders obtained through the Facility Agent.

 - (5) Interest on Loans under this Loan Agreement
 - (6) Principal of Loans under this Loan Agreement
2. During the appropriation described in the preceding paragraph, if the amount of appropriation is less than the amount of any of the items listed, for the items that are no longer satisfied initially (hereinafter to be referred to as the “insufficient items”), the amount remaining after appropriation to the items up to the top priority shall be prorated and applied according to the ratio of the amount of each individual payment obligation that has reached the due date to be borne by the Borrower in relation to the number of such insufficient items.

Article 8.3 (Gross-up)

With respect to the payment of obligations under this Loan Agreement, taxes and public dues, etc., must not be deducted, except when required by laws and regulations, etc. In the event of it being necessary to deduct taxes and public dues, etc., the Borrower shall pay an additional amount as necessary to receive the amount that may be received in the event that the Lender or Facility Agent is unable to impose taxes and public dues, etc. In such a case, the Borrower shall directly send a tax certificate issued by the tax authorities of Japan and other government agencies, etc., pertaining to the withholding to the Lender or Facility Agent within 30 days of the payment date. Article 8.4 (Distribution to Lenders)

- 1. The Facility Agent shall distribute any amounts paid by the Borrower under Article 8.1 on the same day in accordance with the provisions of this Article. However, in the event that the said monies have been paid by the Borrower as an increased cost to the Lender incurring Higher Costs, or in the event of the Loan Agreement having been terminated in relation to the Lender incurring Higher Costs, notwithstanding the provisions of this Article, the Facility Agent shall distribute said monies to the Lender incurring Higher Costs. However, this shall not apply if the payment of the money by the Borrower is not made by the time prescribed in Article 8.1, Paragraph 2.
- 2. Prior to the distribution by the Facility Agent to each Lender pursuant to this Article, in the event that

(i) a provisional seizure, preservative seizure, or seizure order relating to the Loan Claims has been served on the Borrower, or (ii) a transfer relating to the Loan Claims is made, the rights and obligations, etc., of the Borrower, the Facility Agent, and the Lender shall be in accordance with the following provisions.

(1) In the event of provisional seizure, preservative seizure, or seizure order relating to the Loan Claim being served on the Borrower

- (a) If the Facility Agent completes distribution to each Lender pursuant to this Article prior to receiving notification from the Borrower that it has received provisional seizure, preservative seizure, or order for seizure of the Loan Claims pursuant to Article 12.1 Paragraph 3 (3), even if damage, etc., is incurred by the provisional seizure right holder, preservative seizure right holder, the Borrower, each Lender, or other third party as a result of such distribution act by the Facility Agent, the Facility Agent shall bear no responsibility whatsoever with respect thereto, and the Borrower and the Lenders pertaining to the Loan Claims shall handle the same at their own expense and responsibility. In the event that the Facility Agent incurs damage, etc., due to such distribution act, the Borrower and the Lenders pertaining to such loan claims shall perform joint and several compensation. The Borrower may claim compensation from the Lenders pertaining to the Loan Claims that are attributable in relation to such damages, etc.
- (b) In the event that the Facility Agent receives from the Borrower a notice that it has received a provisional seizure, preservative seizure, or order for attachment for the Loan Claims pertaining to the distribution of the Loan Claims pertaining to the distribution from the deposit of the Borrower into the Agent Account to the Lenders pursuant to this Article before the completion of the distribution pursuant to this Article, (i) the Facility Agent may withhold the distribution pursuant to this Article with respect to the monies pertaining to such notification, and may respond in accordance with other methods deemed reasonable by the Facility Agent. In addition, (ii) the Facility Agent shall distribute to all Lenders other than the Lenders in such notice the amount that was paid by the Borrower other than the amount in respect of such notice. In the event of damage, etc., being incurred by the provisional seizure right holder, preservative seizure right holder, seizure right holder, Borrower, each Lender, or other third party as a result of the distribution act by the Facility Agent pursuant to this (b) (i), the Facility Agent shall bear no responsibility whatsoever in relation thereto, and the Borrower and the Lenders pertaining to the Loan Claims shall handle the same at their own expense and responsibility. In the event that the Facility Agent incurs damage, etc., due to such distribution act, the Borrower and the Lenders pertaining to such loan claims shall perform joint and several compensation. The Borrower may claim compensation from the Lenders pertaining to the Loan Claims that are attributable in relation to such damages, etc.
- (c) If the Facility Agent receives notice from the Borrower that the Borrower has served a provisional seizure, preservative seizure, or seizure order pursuant to Article 12.1, Paragraph 3, Item (3) prior to the Borrower's deposit into the Agent Account, (i) the Facility Agent

shall not distribute to the Lender any money pertaining to such notice. However, notwithstanding such notice, if the Borrower has not received notice of provisional seizure, preservative seizure, or service of an order for seizure pursuant to Article 12.1, Paragraph 3, Item (3) by the business day prior to the date of payment to the Agent Account, the Facility Agent may, at its option, make a distribution to the Lender or withhold a distribution based on this Article for the money pertaining to such notice, and may respond in accordance with other methods deemed reasonable by the Facility Agent. In addition, (ii) the Facility Agent shall distribute to all Lenders other than the Lenders in such notice the amount that had been deposited in the Agent Account other than the Lenders in such notice. In the event of damage, etc., being incurred by the provisional seizure right holder, preservative seizure right holder, seizure right holder, Borrower, Lender, or other third party as a result of the distribution act by the Facility Agent pursuant to this (c) (i), the Facility Agent shall bear no responsibility whatsoever in relation thereto, and the Borrower and the Lenders pertaining to the Loan Claims shall handle the same at their own expense and responsibility. In the event that the Facility Agent incurs damage, etc., due to such distribution act, the Borrower and the Lenders pertaining to such loan claims shall perform joint and several compensation. The Borrower may claim compensation from the Lenders pertaining to the Loan Claims that are attributable in relation to such damages, etc.

- (2) In the event that the Transferor and the Transferee in their joint name or solely have submitted notification to the Facility Agent of the fact of the transfer of a Loan Claim in accordance with Article 15.2, Paragraph 1, the Facility Agent shall immediately commence any and all administrative procedures necessary to treat the Transferee as a creditor pertaining to such Loan Claim upon receipt of any of such notices, and the Facility Agent shall be indemnified if the previous Lender is treated as a valid Lender until it notifies the Borrower, the Transferor and the Transferee that such administrative procedures have been completed. In the event of damage, etc., being incurred by the Transferee or other third party as a result of such handling by the Facility Agent, the Facility Agent shall not bear any responsibility in relation to such, and the Borrower and the Transferor (or, if damage, etc., occurs to a third party other than the Transferee) of the loan claim shall handle the same at their own expense and responsibility. In the event that the Facility Agent suffers damage, etc., due to this Item, the Borrower and the Transferor (in the event that damage, etc. occurs to a third party other than the Transferee) in relation to the Loan Claims shall jointly and severally compensate the Transferor and the Transferee. The Borrower may claim compensation from the Transferor (or the Transferor and the Transferee in the event of damage, etc., occurring to a third party other than the Transferee) in relation to the Loan Claims for which the Borrower is liable in relation to such damage, etc.
3. The Facility Agent shall distribute to each Lender the remaining amount after deducting the amount specified in Article 8.2, Paragraph 1, Item (1) and Item (2). In the event of the occurrence of an insufficient item the amount to be distributed, the application and distribution of such insufficient item shall be in accordance with the provisions of Article 8.2, Paragraph 2.
4. Notwithstanding Article 8.2, Article 8.3, and the preceding Paragraph, in the event that the Borrower

loses the benefit of time with respect to the obligations under this Loan Agreement or the final principal payment date has arrived, the Facility Agent shall take the amount remaining following deduction of the amount specified in Article 8.2 Paragraph 1 Item (1) and Item (2) from the amount paid by the Borrower, and following proration of this amount according to the ratio of the amount of the obligations to be borne by the Borrower to the Lender under this Loan Agreement at the time of the loss of the benefit of time of time or when the final principal payment date has arrived (however, the ratio shall be reasonably adjusted by the Facility Agent in the event of a modification to the ratio of the amount of the obligations to be borne by the Borrower in relation to each Lender based on this Loan Agreement up to the time point of distribution), shall distribute this amount, and the agent shall bear no responsibility whatsoever as long as said distribution is performed. The appropriation in such a case shall be in the sequence and method deemed to be reasonably appropriate by each Lender, and each Lender shall promptly report the appropriation to the Facility Agent.

5. In the event that the Borrower's credit to the Agent Account is delayed beyond the payment time limit, the Facility Agent shall not be obligated to make any distribution on the same day. In such a case, the Facility Agent shall make such distribution promptly after the date of receipt of the deposit from the Borrower, and in the event of damage, etc., arising to the Lender or the Facility Agent as a result of this, the Borrower shall bear responsibility for this.
6. In the event of a Facility Agent claim and if such claim is based on reasonable grounds, the Lender by whom such claim has been received shall promptly submit notification of the amount (including the breakdown) of the claims it holds against the Borrower under this Loan Agreement. In such a case, the obligation to make the distribution prescribed in Paragraph 1 of this Article shall be placed on the Facility Agent when all such notices have reached the Facility Agent. In the event of damage to the Lender or the Facility Agent arising from an unreasonable delay in such notice, the Lenders who failed to give such notice shall bear responsibility for the same.
7. The Facility Agent may pay in advance an amount to be distributed to each Lender prior to payment by the Borrower (provided, however, that the Facility Agent is not obligated to make such advance payment). 3. In the event that the individual appointed as the successor Agent pursuant to Paragraph 1 or the preceding Paragraph consents to accept the appointment, the predecessor Agent shall hand over to the successor Agent a set of documents held as the Agent under the Agreements related to this Loan, and shall provide all cooperation necessary for the successor Agent to fulfill its duties as an Agent prescribed in the Agreements related to this Loan.
4. The successor Agent shall succeed to the rights and obligations under the Agreements related to this Loan held by the predecessor Agent, and the predecessor Agent shall be relieved of all obligations to be borne by the predecessor Agent at the same time as the appointment of the successor Agent. However, regarding the acts (including omissions) performed by the predecessor Agent during his/her tenure, the provisions of the Agreements related to this Loan will continue to apply in full force and effect.
5. In the event of any of the following items being applicable, the Agent may resign by submitting written notice to all Lenders and the Borrower, notwithstanding the provisions of the preceding four Paragraphs. In this case, such resignation shall take effect even if no successor Agent is appointed. The Borrower shall not be relieved of any Agent Fee payment obligations that were already incurred by the Borrower even if the Agent resigns in accordance with the provisions of this Paragraph.
 - (1) In the event that 6 months have elapsed since the time of the occurrence of an application for commencement of bankruptcy proceedings, rehabilitation proceedings, reorganization proceedings, special liquidation proceedings, and other similar legal liquidation proceedings with respect to the Borrower (including similar applications outside Japan)
 - (2) In the event that the Borrower fails to pay the Agent Fee, and despite the fact that the Agent has demanded that the Borrower to pay the Agent Fee for a period of one month, when at least 12 months have elapsed since the end of the demand period without any payment being made, and

all Lenders do not agree to the request to pay the Agent Fee on behalf of the Borrower

6. The resignation under Section 1, dismissal under Section 2, and resignation under Section 5 shall be limited to all Facility Agents and Security Agents.

Article 14.3 (Collective Will of the Lenders)

1. The procedures for the collective decision-making of the Majority Lender (66.7%), Majority Lender (80%), or all of the Lenders shall be as follows.
 - (1) The Lender may notify the Facility Agent that it will request a collective decision-making of the Majority Lender (66.7%), the Majority Lender (80%) or the all of the Lenders if it determines that an event has occurred requiring instruction by the Majority Lender (66.7%), the Majority Lender (80%), or all of the Lenders as set forth in the Agreements related to this Loan.
 - (2) The Facility Agent notified in the preceding Item shall promptly give notice to all of the Lenders to the effect that the Majority Lender (66.7%), Majority Lender (80%), or all Lenders will collectively participate.
 - (3) The Lender notified in the preceding Item shall make its own decision on such event and shall notify the Facility Agent of the details within a reasonable period specified by the Facility Agent (in principle, no later than ten business days after the date of the notice given in the preceding Item).
 - (4) In the event of the collective decision-making of the Majority Lender (66.7%), Majority Lender (80%), or all of the Lenders pursuant to the preceding three Items, the Facility Agent shall promptly notify the Borrower and all of the Lenders of the content as instructed by the Majority Lender (66.7%), Majority Lender (80%), or all of the Lenders.
2. In addition to the preceding paragraph, the Facility Agent may notify all of the Lenders of the fact that the Majority Lender (66.7%), the Majority Lender (80%), or all of the Lenders will collectively participate in the event it determines that decision-making is required by the Majority Lender (66.7%), the Majority Lender (80%), or all of the Lenders. The procedures after such notification shall be in accordance with the provisions of Item (3) and Item (4) of the preceding Paragraph.
3. In the event that the Borrower determines that an event that requires the Majority Lender (66.7%), Majority Lender (80%), or all of the Lenders to consent or that another reason requiring collective decision-making has occurred based on the Agreements related to this Loan, the Borrower may notify the Facility Agent of the fact that the Majority Lender (66.7%), Majority Lender (80%), or all of the Lenders are required to participate collective decision-making, and the procedures in this case shall be in accordance with the provisions of Paragraph 1, Item (2) through Item (4). However, if the Borrower specifically desires, the Facility Agent shall make efforts to the extent that is practically possible such that the decision-making can be made at an early stage on the premise that the Lender will be provided with a reasonably necessary decision period.
4. With respect to matters requiring the consent, instruction, approval, or approval of all of the Lenders in this Loan Agreement, each Lender or Agent shall act based on the consent, approval, or approval of all of the Lenders, unless otherwise prescribed. Each Lender or Agent may not engage in said acts without the agreement, approval, or consent of all of the Lenders.

5. The Agent shall not be liable to the Borrower or each Lender for the collective decision-making content of the Majority Lender (66.7%), Majority Lenders (80%), or all of the Lenders under this Article.

Article 15.1 (Transfer of Status)

1. The Borrower and the Guarantor may not assign their status or rights or obligations under this Loan Agreement to any third party without the prior consent of all of the Lenders and the Facility Agent.
2. In the event that a Lender satisfies all of the requirements set forth in the following items until the end of the Loan Obligations set forth in Article 2.1, it shall notify the Facility Agent in writing at least five business days prior to the date of transfer of status and obtain the prior written consent of the Borrower (however, if the Transferee is a Qualified Transferee, such consent shall not be unreasonably withheld, delayed or rejected. In addition, in the event that a cause for loss of benefit of time has occurred and is continuing to occur, such consent shall not be required), and the status of the Lender under the Agreements related to this Loan and the rights and obligations associated therewith may be transferred to one or more third parties (hereinafter, the Lender that has performed this transfer shall be referred to as the “Status Transferor”, while the party that has received this transfer shall be referred to as the “Status Transferee” in this Article), and the Lenders and Guarantors other than the Status Transferor shall consent to such transfer without objection in advance, and the Lenders other than the Status Transferor, the Borrower, and the Guarantor shall provide reasonably necessary cooperation therewith. The transfer of this Loan Receivable to be made after the end of all of the Loan Obligations shall be in accordance with the following Article. The Status Transferor and the Status Transferee shall immediately notify the Facility Agent (unless the Status Transferor includes a Lender acting as the Agent) of the fact of such transfer and the Facility Agent shall notify all of the Lenders promptly upon receipt of such notice. The Status Transferee is also bound by the terms of the Agreements related to this Loan. In this case, when applying the provisions of this Loan Agreement with respect to such this Loan Receivable, the Status Transferee shall be treated as a Lender. Upon such assignment, the

Borrower and the Guarantor who consented to the transfer shall, upon request by the Status Transferor or the Status Transferee, immediately after the transfer date, accept without objection that the Guarantee shall be succeeded by the Status Transferee, and that the Status Transferee shall assume any and all obligations assumed by the Borrower to the Status Transferee in the present and future under the Loan Agreement after the assignment (in the event that the Status Transferor has the Loan Receivable, the consent shall be granted to waive any and all rights of defense, defense of repayment, defense of waiver, defense of invalidity or cancellation, and other defense of the transfer, and the extent of the main obligations assumed by the Status Transferee and secured by the Status Transferee in the future obligations and obligations assumed by the Status Transferee under the Loan Agreement after the assignment). In the event of damage, etc., being incurred by the Agent in relation to the preparation of the requirements for perfection based on the above, the Status Transferor and the Status Transferee shall bear the responsibility for this.

- (1) In the event of a partial transfer of status under this Loan Agreement, the Individual Loan Execution Amount prior to the transfer of status of the Status Transferor (hereinafter to be referred to as the "Pre-transfer Commitment Amount" in this Article) shall be reduced by the amount separately agreed upon by the Status Transferor and the Status Transferee (in this article, the amount shall be referred to as the "Reduced Amount"), and the amount of the Individual Loan Execution Amount that is equal to the amount of said Reduced Amount shall be applied thereafter to the Status Transferee. In the event that the Status Transfer has this Loan Receivable (hereinafter to be referred to as the "Pre-transfer Loan Receivable" in this Article), the principal and interest, delay damages, and all other claims relating to the Pre-transfer Loan Receivable shall be split according to the ratio obtained by dividing the Reduced Amount by the Pre-transfer Commitment Amount (hereinafter to be referred to as the "Reduction Ratio" in this Article), and the liability divided according to this Reduction Ratio shall be transferred to the Status Transferee.
- (2) The Status Transferee shall also assume the status under this Loan Agreement and the status under the Agreement related to this Loan to the extent related to the rights and obligations associated therewith to be assigned by the Status Transferor, and shall be bound by the Agreement related to this Loan. In addition, if such transfer is made after the establishment of the Security Interest, this Security Interest shall transfer to the Status Transferee in conjunction with such assignment, and this Security Interest shall transfer to the Status Transferee in a split manner (However, if the Lender requests this, this Security Interest may be re-established), and the Status Transferor and the Status Transferee shall immediately take all of the measures necessary in connection with the transfer, split transfer, or re-establishment of such Security Interest (including, but not limited to, the registration of the attached notes and other procedures for perfection). In such a case, the Borrower and the Guarantor shall confirm and consent in advance to the transfer of the status under the Agreements related to this Loan and the transfer, split transfer, or re-establishment of this Security Interest (including in the event that this Security Interest that may be transferred to the Status Transferee in association with such split transfer shall have the same ranking as this Security Interest of the other Lenders), and shall cooperate in all procedures, including procedures for perfection necessary for the transfer of the status under the Agreements

related to this Loan and the transfer, split transfer, or re-establishment of this Security Interest, changes in the scope of secured claims, and other procedures. In addition, all parties to this Loan Agreement acknowledge that the Borrower or the Guarantor may change or re-establish, etc. the scope of this Secured Claim associated with the split transfer of this Security Interest pursuant to the provisions of this Paragraph, and shall confirm that, even if other necessary procedures are performed, the acts of such Borrower or the Guarantor will not constitute a breach of obligations under this Loan Agreement.

- (3) The Status Transferee is a Qualified Transferee as described in Section 1 of Attachment 15.1.2; However, this shall not apply if an event of default that will lead to the forfeiture of the benefit of time has occurred and continues to occur.
 - (4) The Status Transferee is not an Individual Involved in Anti-social Forces.
 - (5) The Status Transferee is not the Borrower, nor a subsidiary company or affiliated company thereof.
 - (6) In the event that such transfer is made in part of the position under this Loan Agreement, the amount of each of (i) the Reduced Amount and (ii) the amount obtained when the Reduced Amount is deducted from each of the Individual Loan Execution Amounts prior to the transfer shall be 100 million yen or more.
 - (7) The transfer does not increase the interest paid by the Borrower to the Status Transferee, and the transfer does not require the Borrower to deduct taxes and public dues, etc., from the interest paid to the Status Transferee as a result of the transfer.
3. All reasonable expenses, etc. arising from the transfer pursuant to the preceding Paragraph (including expenses, etc., related to procedures necessary for the transfer of this Security Interest and the maintenance of the validity or perfection requirements of this Security Interest and other increased expenses) shall be fully borne by the Status Transferor or Status Transferee. The provisions pertaining to increased expenses in this Loan Agreement shall apply to any increased expenses incurred by the Status Transferee following the transfer.
 4. In the event of a transfer being made pursuant to Paragraph 2 of this Article, the Status Transferor (however, in the event of Mizuho Bank, Ltd. being the Facility Agent, this shall not apply to the bank) pay, as remuneration for the administrative proceedings related to the transfer up to the date of the implementation of the transfer, 500,000 yen per Status Transferee (including consumption tax and local consumption tax (including taxes and public dues similar to those prescribed by enactment or amendment of laws and regulations, etc., if such taxes and public dues are prescribed; Hereinafter the same shall apply in this Paragraph) If the tax rate is changed due to a change in laws and regulations, etc., the amount shall be calculated by adding consumption tax and local consumption tax based on the tax rate of 500,000 yen) to the Facility Agent.

Article 15.2 (Transfer of this Loan Receivable)

1. The Lender may, after the end of the Loan Obligation prescribed in Article 2.1, provide written notice to the Borrower and the Facility Agent at least five business days prior to the transfer date, and may assign this Loan Receivable and the rights and obligations associated therewith, the position under the Guarantee Agreement and the Collateral Agreement, and the rights and obligations associated therewith

to one or more third parties. The Lenders other than the Transferor, the Borrower, and the Guarantor shall consent to such transfer in advance without objection, and the Lenders other than the Transferor, the Borrower, and the Guarantor shall provide reasonably necessary cooperation thereto (the transfer of this Loan Receivable while the Lender's obligations remain in effect shall be in accordance with the provisions of the preceding Article. In addition, in the event of it being practically difficult for a Lender to transfer a claim, the Borrower shall Provide reasonably necessary assistance in order to ensure the same result as the execution of the transfer of the claim (including, but not limited to, refinancing all or part of this Loan Receivable to be transferred and changing the Agreements related to this Loan necessary for the Transferee to make a loan of the Refinance Funds at the time of such refinancing).) However, if the Transferor is a Lender as of the Second Loan Execution Date, the Transferor is required to consult with the other Lenders as of the Second Loan Execution Date in advance in good faith regarding such transfer (in addition, in principle, the Lenders participating in such consultation shall jointly transfer claims on a pro-rata basis based on their respective participation ratio). The Transferor and the Transferee shall, in their joint name, immediately notify the Facility Agent of the fact of such transfer (unless the Transferor includes a Lender acting as the Agent), and the Facility Agent shall promptly notify all of the Lenders of such notice upon receipt thereof. The Transferor and the Transferee shall acquire consent regarding such transfer by means of a certificate with a fixed date from the Borrower and the Guarantor immediately after the date of such transfer (with respect to the consent of the Borrower, the Borrower shall also include a manifestation of intent to waive the right of defense for the transfer of said claims and set-off, the right of defense for repayment, the right of defense for exemption, the right of defense for invalidity or cancellation, and any other right of defense) for the means of the requirement to duly assert against third parties and against debtors. In addition, in the event of an assignment of this Loan Receivable under this Paragraph, any and all rights related to this Loan Receivable to be assigned out of the rights of the Transferor under this Loan Agreement shall transfer to the Transferee, and the Transferee shall bear all obligations related to this Loan Receivable to be transferred amongst the obligations of the Transferor under this Loan Agreement. In addition, the Guarantor shall take all necessary procedures to cause the Transferee to succeed the guarantee under this Loan Agreement (including obtaining a final date for such consent). In such a case, the Transferee shall be treated as a Lender when applying the provisions of this Loan Agreement with respect to this Loan Receivable. In the event of damage, etc., being incurred by the Agent in relation to the preparation of the requirements for perfection based on the above, the Transferor and the Transferee shall bear the responsibility for this.

- (1) The Transferee shall be bound by the provisions relating to this Loan Receivable in respect to this Loan Receivable which was transferred to the Transferee (the Transferee shall not be liable for any Loan Obligations);
- (2) If such assignment is made after the establishment of this Security Interest, this Security Interest shall transfer to the Transferee in conjunction with such assignment of claims, and this Security Interest shall transfer in part to the Transferee (provided, however, that if the Lender so requests, this Security Interest shall be re-established, and the Transferor and the Transferee shall immediately take all necessary measures in connection with the transfer, partial transfer, divided

transfer, or re-establishment of this Security Interest (including, but not limited to, the registration of the Appendices and other procedures for perfection requirements). In addition, the Transferee shall also receive the position under this Guarantee Agreement and the position under this Collateral Agreement to the extent related to this Security Interest transferred in connection with such assignment of claims, and shall be bound by the Agreements related to this Loan. The Borrower, the Guarantor, and other Lenders shall cooperate in all of the procedures necessary for the assignment of the status under the Agreements related to this Loan and the transfer, partial transfer, divided transfer, or re-establishment of this Security Interest. In such a case, the Borrower and the Guarantor shall perform transfer of the status under the Agreements related to this Loan and transfer, split transfer, divided transfer, or re-establishment of a part of this Security Interest (including the fact that this Security Interest as transferred to the Transferee in association with such partial or divided transfer shall have the same ranking as the Security Interest of the other Lenders). and shall cooperate in all procedures, including procedures for perfection of the requirements necessary for the transfer of the status under the Agreements related to this Loan, the transfer of the Security Interests, partial transfer, divided transfer, or re-establishment, changes in the scope of secured claims, and other procedures. In addition, all parties to this Loan Agreement acknowledge that the Borrower or the Guarantor may change or re-establish, etc. the scope of this Secured Claim associated with the split transfer of this Security Interest pursuant to the provisions of this Paragraph, and shall confirm that, even if other necessary procedures are performed, the acts of such Borrower or the Guarantor will not constitute a breach of obligations under this Loan Agreement.

- (3) The Transferee is a Qualified Transferee as described in Paragraph 2 of Attachment 15.1.2. However, this shall not apply if an event of default that will lead to the forfeiture of the benefit of time has occurred and continues to occur.
 - (4) The Transferee is not an Individual Involved in Anti-social Forces.
 - (5) The Transferee is not the Borrower, nor a subsidiary company or affiliated company thereof.
 - (6) If such transfer is made by dividing this Loan Debt, the amount of this Loan Debt after the division shall be 100 million yen or more.
 - (7) The transfer does not increase the interest paid by the Borrower to the Transferee, and the transfer does not require the Borrower to deduct taxes and public dues, etc., from the interest paid to the Transferee as a result of the transfer.
2. All reasonable expenses, etc. arising from the transfer pursuant to the preceding Paragraph (including expenses, etc., related to procedures necessary for the transfer of this Security Interest and the maintenance of the validity or perfection requirements of this Security Interest and other increased expenses) shall be fully borne by the Transferor or Transferee. The provisions pertaining to increased expenses in this Loan Agreement shall apply to any increased expenses incurred by the Transferee following the transfer.
 3. In the event of a transfer being made pursuant to Paragraph 1 of this Article, the Transferor (however, in the event of Mizuho Bank, Ltd. being the Facility Agent, this shall not apply to the bank) pay, as remuneration for the administrative proceedings related to the transfer up to the date of the

implementation of the transfer, 500,000 yen per Transferee (including consumption tax and local consumption tax (including taxes and public dues similar to those prescribed by enactment or amendment of laws and regulations, etc., if such taxes and public dues are prescribed; Hereinafter the same shall apply in this Paragraph) If the tax rate is changed due to a change in laws and regulations, etc., the amount shall be calculated by adding consumption tax and local consumption tax based on the tax rate of 500,000 yen) to the Facility Agent.

4. In the event of the implementation of the transfer of loan debt that does not meet the requirements as set forth in this Loan Agreement or of other claims based on this Loan Agreement (hereinafter to be referred to as "Unauthorized Transfer"; Also, hereinafter, the Transferor pertaining to this Unauthorized Transfer shall be referred to as the "Unauthorized Transferor", while the Transferee pertaining to this Unauthorized Transfer shall be referred to as the "Unauthorized Transferee", and the debt to be transferred shall be referred to as the "Unauthorized Transfer Debt"), in addition to the handling described below, as long as the Borrower, the Facility Agent, and other Lenders perform handling on the assumption that the Unauthorized Transferor is still a creditor of the Unauthorized Transfer Debt even if the Unauthorized Transfer is not performed, and shall not be liable for any damage, etc., that has occurred as a result of this.
 - (1) Even if the Facility Agent receives a notification of the fact of a transfer pertaining to the loan claim, if the transfer is an Unauthorized Transfer, it is not necessary to carry out the administrative procedures prescribed in Article 8.4, Paragraph 2, Item (2).
 - (2) Insofar as the Unauthorized Transferor has the right to receive payment of the Unauthorized Transfer Debt pursuant to Article 466, Paragraph 3 of the Civil Code as amended by the Civil Code, the payment of the Unauthorized Transfer Debt shall be received by the Facility Agent that has been delegated the exercise of such authority by the Unauthorized Transferor pursuant to this Loan Agreement, and unless otherwise provided in this Loan Agreement, direct payment to the Unauthorized Transferor or the Unauthorized Transferee shall not be deemed to be performance of obligations under this Loan Agreement, and the provisions of Article 8.1, Paragraph 3 shall apply. Distribution by the Facility Agent pursuant to Article 8.4 with respect to the reimbursement of the Unauthorized Transfer Debt shall be made to the Unauthorized Transferor. The Lender waives its right to terminate the delegation of authority as set forth in this Item and may not transfer any distribution claim to the Facility Agent. In the event that the Borrower receives a demand from an Unauthorized Transferee for the performance of an Unauthorized Transfer Debt, the Borrower shall immediately notify the Facility Agent of this fact.
 - (3) The definition of the Majority Lender (66.7%) or Majority Lender (80%) shall apply as if the Unauthorized Transferor had an Unauthorized Transfer Debt, and such Unauthorized Transferee shall be bound by a decision by the Majority Lender (66.7%) or Majority Lender (80%). In addition, the Loan Agreement may be amended in relation to the matters prescribed in each item of Article 15.12, Paragraph 1 by agreement of the Unauthorized Transferor, and the Unauthorized Transferee shall be bound by the content of such amendment.
5. Notwithstanding the provisions of Article 15.3 Paragraph 1 and Paragraph 2, the Unauthorized Transferee and the Borrower may not offset or repay the Unauthorized Transfer Debt. In addition, the

Unauthorized Transferee may not make a demand for compulsory execution, etc., or for dividends related to compulsory execution, etc. by a third party with respect to the Unauthorized Transfer Debt . The Unauthorized Transferor and the Unauthorized Transferee shall handle any dispute arising out of the Unauthorized Transfer at their own expense and responsibility, and the Unauthorized Transferor shall provide compensation in the event that the Borrower, the Facility Agent and other Lenders suffer damages, etc., arising out of the Unauthorized Transfer.

6. The Facility Agent and other Lenders shall not lose the profit set forth in the preceding two paragraphs even if the Borrower has accepted the Unauthorized Transfer unless the Borrower has not consented to the Unauthorized Transfer itself.

Article 15.3 (Offset)

1. Each Lender (i) may set off the claims under this Loan Agreement against the Borrower and the Guarantor (limited to those for which the repayment period has arrived) and deposit obligations and other obligations of said Lender to the Borrower and the Guarantor, regardless of the deadline for such obligations, and (ii) may receive a refund for deposits on behalf of the Borrower and the Guarantor for appropriation to the repayment of the obligations by omitting prior notice and prescribed procedures. The calculation of the interest and late payment charges, etc., for claims and obligations in the event of such set-off or repayment, shall be performed until the date of calculation, and the interest rate and fee rate shall be in accordance with the provisions of each agreement. For foreign exchange rates, the market at the time of calculation as reasonably determined by the Lender shall be applied. Furthermore, even if such offsetting or repayment is performed, if it is not sufficient to extinguish the full amount of the obligations of the Borrower and the Guarantor, it may be applied by the order and method deemed to be reasonably appropriate by the relevant Lender, and the Borrower and the Guarantor shall not object to this appropriation.
2. When the due date of the payment of the obligations to the Lender under this Loan Agreement has arrived, and only when the preservation of the debts of deposits and other credits that the Borrower or the Guarantor has to the Lender is reasonably recognized based on objective grounds that are necessary based on the creditworthiness of the Lender (including the case in which an insurance accident as defined in the Deposit Insurance Act (Act No. 34 of 1946, and subsequent amendments) has occurred for any Lender), the Borrower or the Guarantor may only offset such claims against any obligations under this Loan Agreement to such Lender. In such a case, the Borrower or the Guarantor shall provide a written notice of this set-off, and shall promptly submit to the Lender a certificate or ledger of the offset deposit or other claim by affixing the registered seal. The calculation of the interest and Delinquency Charges, etc., for claims and obligations in the event of such set-off or repayment, shall be performed until the date of calculation, and the interest rate and fee rate shall be in accordance with the provisions of each agreement. For foreign exchange rates, the market at the time of calculation as reasonably determined by the Lender shall be applied. In the event that the full amount of the debt of the Borrower or the Guarantor is insufficient to be nullified even if offsetting is performed, it may be applied by the order method deemed to be appropriate by the Borrower or the Guarantor. However, in the event that the Borrower or the Guarantor does not specify such order and method, it may be

appropriated in such order and method as the Lender reasonably deems to be appropriate, and the Borrower or the Guarantor shall not object to such appropriation.

3. In the event of an offset being made pursuant to Paragraph 1 or Paragraph 2, the Lender who made the offset in respect of Paragraph 1 and the Borrower or the Guarantor in respect of Paragraph 2 shall promptly notify the Facility Agent in writing of the details thereof. In the event of damage to the Lender or the Agent arising from an unreasonable delay in such notice, the Lender who failed to give such notice or the Borrower or Guarantor who failed to give such notice shall bear responsibility for the same.

Article 15.4 (Coordination between Lenders)

1. In the event that any Lender has performed set off or repayment appropriation pursuant to Article 15.3 Paragraph 1 (the Lender shall be referred to in this Article as the “Set-off Execution Lender”), the Lender and the Agent shall make arrangements between the Lender and the Agent by transferring claims in accordance with the provisions of each of the following items. However, in the event that all of the Lenders and Agents agree to coordinate between Lenders and Agents by other measures different from the provisions of each of the following items, or in the event that Agent decides to coordinate between the Lenders and Agents by other measures at its discretion, the Lenders and Agents shall coordinate between the Lenders and Agents in accordance with such agreement or decision.
 - (1) The Facility Agent shall, assuming that the amount of the debt nullified as a result of the set-off or repayment appropriation had been paid to the Agent, identify the debt that would have been paid to a Lender other than the Set-off Execution Lender or Agent (hereinafter to be referred to as the “Lenders, etc., other than the Set-off Execution Lender”) as per the stipulations in Chapter 8, and the Facility Agent shall calculate that amount.
 - (2) Of the debt of the Lenders, etc., other than the Set-off Execution Lender as identified by the Facility Agent according to the previous Item, the Set-off Execution Lender shall purchase the debt in the amount corresponding to the amount calculated by the Facility Agent according to the previous item from the Lenders, etc., other than the Set-off Execution Lender at the face value amount.
 - (3) In the event that there has been implementation of the transfer described in the preceding Item, the Lenders, etc., other than the Set-off Execution Lender shall promptly notify the Borrower after the transfer by a certificate with the confirmation date as prescribed in Article 467 of the Civil Code.
 - (4) The expenses required for each of the preceding Items shall be borne by the Set-off Execution Lender.
2. In the event that the Borrower or the Guarantor has performed set-off against each Lender pursuant to Article 15.3 Paragraph 2 (hereinafter the Lender shall be referred to as the “Lender Subject to Offsetting”), the Lender and the Agent shall, only if a Lender other than the Lender Subject to Offsetting or the Agent has requested it, make an adjustment between the Lender and the Agent in relation to the Lender or the Agent other than the Lender Subject to Offsetting that made said claim in accordance with the provisions of each of the following Items. However, in the event that all of the Lenders and Agents agree to coordinate between Lenders and Agents by other measures different from the provisions

of each of the following items, or in the event that Agent decides to coordinate between the Lenders and Agents by other measures at its discretion, the Lenders and Agents shall coordinate between the Lenders and Agents in accordance with such agreement or decision.

- (1) The Facility Agent shall, assuming that the amount of the debt nullified as a result of the set-off had been paid to the Agent, identify the debt that would have been paid to a Lender other than the Lender Subject to Offsetting or Agent (hereinafter to be referred to as the “Lenders, etc., other than the Lender Subject to Offsetting”) as per the stipulations in Chapter 8, and the Facility Agent shall calculate that amount.
 - (2) Of the debt of the Lenders, etc., other than the Lender Subject to Offsetting as identified by the Facility Agent according to the previous Item, the Lender Subject to Offsetting shall purchase the debt in the amount corresponding to the amount calculated by the Facility Agent according to the previous item from the Lenders, etc., other than the Lender Subject to Offsetting at the face value amount.
 - (3) In the event that there has been implementation of the transfer described in the preceding Item, the Lenders, etc., other than the Lender Subject to Offsetting shall promptly notify the Borrower after the transfer by a certificate with the confirmation date as prescribed in Article 467 of the Civil Code.
 - (4) The expenses required for each of the preceding Items shall be borne by the Lenders, etc., other than the Lender Subject to Offsetting.
3. The provisions of Paragraph 1 shall apply mutatis mutandis in the event that (i) as a result of a petition for auction by the Lender for the execution of its own compulsory execution or security interest for an asset of the Borrower (hereinafter to be referred to as “Compulsory execution, etc.”), the Lender has received payment of any claims it has against the Borrower under this Loan Agreement, or (ii) as a result of the Lender’s demand for dividends in relation to a petition for auction by a third party for compulsory execution or execution of a security interest, the Lender has received payment of any claims it has against the Borrower under this Loan Agreement. However, in applying Paragraph 1 mutatis mutandis, the Facility Agent shall attribute the amount corresponding to all expenses required for Compulsory Execution, etc., by the Lender (including attorneys’ fees), or any expenses required for the Lender to request dividends in relation to Compulsory Execution, etc., by a third party (including attorneys’ fees) to the Lender, and on the assumption that the remaining amount obtained by deducting the amount from the amount obtained as a result of the Compulsory Execution, etc., had been paid to the Agent, the debt for which the Lenders other than the Lender who performed the Compulsory Execution, etc., or the Agent would have received payment shall be identified and that amount shall be calculated.

Article 15.5 (Recovery from Third Parties, etc.)

1. Except as otherwise provided in this Loan Agreement, no repayment by any third party other than the Borrower or the Guarantor is permitted with the prior consent of the Facility Agent and all of the Lenders.

2. Unless the Facility Agent and all of the Lenders have not agreed in advance, except as permitted in the Loan Agreement after the Date of the Conclusion of this Loan Agreement, the Borrower and the Guarantor may not entrust the guarantee having the obligations of the Borrower and Guarantor as the Guarantee Obligations (including real guarantees) under this Loan Agreement to a third party, nor may the Borrower or the Guarantor force a third party to accept any obligations under this Loan Agreement.
3. In addition, the principal payable to each Facility A Lender is the principal payable on each Facility A Repayment Date proportionate to the Participation Ratio of each Facility A Lender's Facility A Loan (provided that, if the entire amount of the outstanding principal for the Facility A Loan is to be repaid, the principal payable will be the amount of outstanding principal for the Facility A Loan owed to each Lender). Further, any fraction less than 1 yen will be handled in accordance with Article 14.5, Paragraph 4 (Rounding).

2. Repayment of Principal of Revolving A Loan

- (a) Subject to Item (c) below, (i) the Borrower shall repay the principal of each Revolving A Loan on the last day of the Interest Period for the relevant Revolving A Loan, and (ii) the Borrower shall repay all Revolving A Loans outstanding on the Maturity Date in full on the Maturity Date (or, if the day the Initial Term Loan is repaid in full is earlier than the Maturity Date, then on that day). However, notwithstanding the first sentence of this Item (a), the Borrower shall repay on the Maturity Date the principal of each Revolving A Loan that has been utilized as of the 9th Amendment Agreement Effective Date.
- (b) Without prejudice to the obligations of the Borrower under Item (a) above, if all or part of a Revolving A Loan is made available to the Borrower on the day on which a maturing Revolving A Loan is due to be repaid by the Borrower for the purpose of refinancing that maturing Revolving A Loan, the aggregate amount of the new Revolving A Loan will be treated as if applied to repayment of the maturing Revolving A Loan.
 - (i) If the amount of the maturing Revolving A Loan exceeds the aggregate amount of the new Revolving A Loan,
 - (A) the Borrower will only be required to pay an amount equal to that excess in cash; and
 - (B) each Lender's participation in the new Revolving A Loan will be treated as having been made available and applied to repayment of that Lender's participation in the maturing Revolving A Loan, and that Lender will not be required to make its participation in the new Revolving A Loan available in cash.
 - (ii) If the amount of the maturing Revolving A Loan is equal to or less than the aggregate amount of the new Revolving A Loan,
 - (A) the Borrower will not be required to make any payment in cash; and
 - (B) each Lender shall make its participation in the new Revolving A Loan available in cash only to the extent that its participation in the new Revolving A Loan exceeds the Lender's participation in the maturing Revolving A Loan, and the remainder of that Lender's participation in the new Revolving A Loan will be treated as having been applied to repayment of that Lender's participation in the maturing Revolving A Loan.
- (c) If a Lender becomes a Defaulting Lender, and the Borrower has notified the Lender through the Agent, the repayment date for each of the participations of that Lender in Revolving A Loan then outstanding will be automatically extended to Maturity Date (1), and each such loan will be treated as a separate

Revolving A Loan (the “**Separate Loan A**”) denominated in the currency in which the relevant participations are outstanding.

- (d) The Borrower may prepay a Separate Loan A that is outstanding by giving 7 Business Days’ (Tokyo) prior notice to the Agent. The Agent shall forward a copy of a prepayment notice received in accordance with this Item (d) to the Defaulting Lender concerned as soon as practicable.
- (e) Interest in respect of a Separate Loan A will accrue for successive Interest Periods reasonably decided by the Agent on the consultation of the relevant parties, and that interest will be payable to the Defaulting Lender on the last day of each Interest Period of the Loan.
- (f) The terms of this Agreement relating to Revolving A Loan will in principle continue to apply to Separate Loan A. However, this does not apply where its application is inconsistent with Items (c) to (e) above, in which case those Items will prevail in respect of the relevant Separate Loan A.

However, notwithstanding the first sentence of this Item (a), the Borrower shall repay on the Maturity Date the principal of each Revolving B Loan that has been utilized as of the 9th Amendment Agreement Effective Date.
- (b) Without prejudice to the obligations of the Borrower under Item (a) above, if all or part of a Revolving B Loan is made available to the Borrower on the day on which a maturing Revolving B Loan is due to be repaid by the Borrower for the purpose of refinancing that maturing Revolving B Loan, the aggregate amount of the new Revolving B Loan will be treated as if applied to repayment of the maturing Revolving B Loan.
 - (i) If the amount of the maturing Revolving B Loan exceeds the aggregate amount of the new Revolving B Loan,
 - (A) the Borrower will only be required to pay an amount equal to that excess in cash; and
 - (B) each Lender’s participation in the new Revolving B Loan will be treated as having been made available and applied to repayment of that Lender’s participation in the maturing Revolving B Loan, and that Lender will not be required to make its participation in the new Revolving B Loan available in cash.
 - (ii) If the amount of the maturing Revolving B Loan is equal to or less than the aggregate amount of the new Revolving B Loan,
 - (A) the Borrower will not be required to make any payment in cash; and
 - (B) each Lender shall make its participation in the new Revolving B Loan available in cash only to the extent that its participation in the new Revolving B Loan exceeds the Lender’s participation in the maturing Revolving B Loan, and the remainder of that Lender’s participation in the new Revolving B Loan will be treated as having been applied to repayment of that Lender’s participation in the maturing Revolving B Loan.
- (c) If a Lender becomes a Defaulting Lender, and the Borrower has notified the Lender through the Agent, the repayment date for each of the participations of that Lender in Revolving B Loan then outstanding

will be automatically extended to Maturity Date (2), and each such loan will be treated as a separate Revolving B Loan (the “**Separate Loan B**”) denominated in the currency in which the relevant participations are outstanding.

- (d) The Borrower may prepay a Separate Loan B that is outstanding by giving 7 Business Days’ (Tokyo and Target) prior notice to the Agent. The Agent shall forward a copy of a prepayment notice received in accordance with this Item (d) to the Defaulting Lender concerned as soon as practicable.
- (e) Interest in respect of a Separate Loan B will accrue for successive Interest Periods reasonably decided by the Agent on the consultation of the relevant parties, and that interest will be payable to the Defaulting Lender on the last day of each Interest Period of the Loan.
- (f) The terms of this Agreement relating to Revolving B Loan will in principle continue to apply to Separate Loan B. However, this does not apply where its application is inconsistent with Items (c) to (e) above, in which case those Items will prevail in respect of the relevant Separate Loan B.

Article 4.2 Illegality, Voluntary Prepayment, and Termination

1. Illegality

If, at any time, it is or will become unlawful in any applicable jurisdiction for a Lender to perform any of its obligations under this Agreement or to fund, issue, or maintain its participation in any Loan:

- (a) the Lender shall notify the Agent promptly upon becoming aware of that state;
- (b) upon the Agent’s notifying the Borrower, the Commitment of that Lender will be immediately terminated; and
- (c) the Borrower shall repay that Lender’s participation in the Loans on the last day of the Interest Period for each Loan occurring immediately after the Agent has notified the Borrower (or, if the Lender designates an earlier date in a written notice delivered to the Agent, then on that date; however, a date earlier than the last day of any applicable grace period permitted by Law may not be designated).

2. Voluntary Cancellation

The Borrower may, by giving the Agent not less than 7 Business Days’ (Tokyo and Target) (in relation to the Revolving Facility A, 7 Business Days’ (Tokyo)) prior notice (or such shorter period as the Majority Lenders (50.1%) have separately agreed), terminate the whole or any part of the Available Facility (however, in the case of Facility C and Facility D, the amount must be 100 million yen or more and in units of 100 million yen; in the case of Facility E and Facility F, the amount must be 1 million euro or more and in units of 1 million euro; in the case of Revolving Facility A, the amount must be 100 million yen or more and in units of 100 million yen; in the case of Revolving Facility B, the amount must be 1 million euro or more and in units of 1 million euro). In addition, the termination of the Available Facility under this Paragraph is carried out proportionate to Facility C, Facility D, Facility E, and Facility F with regard to the Term Loan Facility. Any cancellation under this Paragraph will reduce the Commitments of the Lenders under that Facility proportionately.

3. Voluntary Prepayment

- (a) The Borrower may prepay a Term Loan by notifying the Agent, in writing no later than 7 Business Days (Tokyo and Target) before the day it desires to prepay each Term Loan (the “**Term Loan Proposed Prepayment Date**”) (or such shorter period as the Majority Lenders (50.1%) and the Agent have separately agreed) (but no later than 30 days before (or such shorter period as JBIC and the Agent have

separately agreed) in respect of the parts of the Facility E Loan and the Facility F Loan for which JBIC is lender that are the subject of prepayment),

- (i) of the Term Loan Proposed Prepayment Date (which must be the last day of the Interest Period),
- (ii) of the amount of the Term Loan and its principal amount it desires to prepay (that amount must be, in relation to Facility A Loan, Facility B Loan, Facility C Loan, and Facility D Loan, the entire amount of the outstanding principal or the amount in Japanese yen of 100 million yen or more and in units of 100 million yen, and in relation to Facility E Loan and Facility F Loan, the entire amount of the outstanding principal or the amount in euro of 1 million euro or more and in units of 1 million euro) and
- (iii) to the effect that it will pay the entire amount of the interest that accrues by the Term Loan Proposed Prepayment Date with respect to the amount in (ii) above on that day.

The Agent shall notify each Term Loan Lender of the Term Loan that is the target of the prepayment of the details of (i) through (iii) in this Item by the Business Day (Tokyo, Target, and New York) following the day on which it received the notice from the Borrower.

- (b) The Borrower may prepay a Revolving Loan, by notifying the Agent, in writing no later than 7 Business Days (Tokyo and Target) (in relation to the Revolving Facility A, 7 Business Days (Tokyo)) before the day it desires to prepay each Revolving Loan (the “**Revolving Loan Proposed Prepayment Date**”) (or such shorter period as the Majority Lenders (50.1%) and the Agent have separately agreed),

- (i) the Revolving Loan Proposed Prepayment Date (which must be a Business Day (Tokyo and Target) (in relation to the Revolving Facility A, 7 Business Days (Tokyo))),
- (ii) the amount of the Revolving Loan and its principal it desires to prepay (that amount must be the entire amount of the outstanding principal or the amount in Japanese yen of 100 million yen or more and in units of 100 million yen with respect to the Revolving A Loan; that amount must be the entire amount of the outstanding principal or the amount in euro of 1 million euro or more and in units of 1 million euro with respect to the Revolving B Loan) and
- (iii) to the effect that it will pay the entire amount of the interest that accrues by the Revolving Loan Proposed Prepayment Date and Break Costs (if any) on that day.

The Agent shall notify each Revolving Loan Lender of the Revolving Loan that is the target of prepayment of the details of (i) through (iii) in this Item by the Business Day (Tokyo) following the day on which it received the notice from the Borrower.

4. **Right of Termination and Repayment in Relation to a Single Lender**

- (a) If:
 - (i) any sum payable to any Lender by an Obligor is required to be increased under Article 6.1, Paragraph 2 (Tax Gross-Up), Item (d); or
 - (ii) any Lender claims indemnification from the Borrower or an Obligor under Article 6.1, Paragraph 3 (Tax Indemnity), or Article 6.2, Paragraph 1 (Increased Costs),

the Borrower may, whilst the circumstance giving rise to the requirement for that increase or indemnification continues, give the Agent notice of termination of the Commitment of that Lender and its intention to repay all the principal of the Loans.

- (b) On receipt of a notice provided for in (a) above in relation to a Lender, the Commitment of that Lender will immediately be reduced to zero.
- (c) On the last day of the Interest Period for each Loan coming immediately after the Borrower has given notice under (a) above in relation to a Lender (or an earlier date designated by the Borrower in that notice), the Borrower shall repay that Lender's participation in that Loan together with all interest and other amounts accrued under the Loan Related Documents.

5. Right of Termination in Relation to a Defaulting Lender

- (a) If a Lender becomes a Defaulting Lender, the Borrower may, at any time while the Lender continues to be a Defaulting Lender, terminate each Available Commitment of that Lender by giving the Agent 7 Business Days' (Tokyo and Target) (in relation to the Revolving Facility A, 7 Business Days' (Tokyo)) prior notice.
- (b) When the notice provided for in (a) above becomes effective, each Available Commitment of the Defaulting Lender will be immediately reduced to zero.
- (c) The Agent shall, as soon as practicable after receipt of the notice provided for in (a) above, notify all the Lenders.

6. Application of Voluntary Prepayments

If a prepayment for the Loan is made in accordance with Paragraph 1 (Illegality), Paragraph 3 (Voluntary Prepayment), or Paragraph 4 (Right of Termination and Repayment in Relation to a Single Lender) of this Article, those prepayment funds will be applied in the order voluntarily selected by the Borrower of (i) Facility A Loan, (ii) Facility B Loan, (iii) Facility C Loan, (iv) Facility D Loan, (v) Facility E Loan, (vi) Facility F Loan, (vii) Revolving A Loan, and (viii) Revolving B Loan (provided that the prepayment funds may not be applied to Revolving Loan A and Revolving Loan B until all the Facility Loans have been repaid in full). If a prepayment is made with respect to part of a Facility A Loan, those prepayment funds will be applied ratably in accordance with the repayment amounts on each Facility A Principal Repayment Date. If a prepayment is made with respect to part of a Facility C Loan, those prepayment funds will be applied ratably in accordance with the repayment amounts on each Facility C Principal Repayment Date. If a prepayment is made with respect to part of a Facility E Loan, those prepayment funds will be applied ratably in accordance with the repayment amounts on each Facility E Principal Repayment Date. Further, if a prepayment is made for a part of the principal of the Revolving A Loan and there are multiple outstanding Revolving Facilities A, those prepayment funds will be applied to loans with later repayment dates first, and if there are loans with the same repayment date, those prepayment funds will be applied to any Revolving A Loan designated by the Borrower. If a prepayment is made for a part of the principal of the Revolving B Loan and there are multiple outstanding Revolving Facilities B, those prepayment funds will be applied to any Revolving B Loan designated by the Borrower. The amount of such application for each Lender is calculated ratably in accordance with each Lender's Participation Ratio to Facility A Loan, Facility B Loan, Facility C Loan, Facility D Loan, Facility E Loan, Facility F Loan, Revolving A Loan, or Revolving B Loan that is prepaid (provided that, in the case where all of the outstanding principal amount of Facility A Loan, Facility B Loan, Facility C Loan, Facility D Loan, Facility E Loan, Facility F Loan, Revolving A Loan, or Revolving B Loan is prepaid, the amount of such application for each Lender is the outstanding principal amount for each Lender. Notwithstanding the foregoing, in the case where the Lenders include JBIC, the voluntary prepayment shall not apply to the Loan held by JBIC, and the prepayment funds will be applied ratably to the Loan held by the other Lenders without considering the Loan held by JBIC for where the prepayment funds will be applied ratably in this Paragraph. In addition, any fraction less than 1 yen

(if the payment currency is in Japanese yen) or 0.01 euro (if the payment currency is in euro) will be handled in accordance with Article 14.5, Paragraph 4 (Rounding).

Article 4.3 Mandatory Prepayments

1. Prepayment in Connection with Mandatory Termination

Upon the occurrence of

- (a) a Change of Control (excluding Change of Control to AL Reutlingen) or
- (b) the sale of all or substantially all of the assets of a Group company whether in a single transaction or a series of related transactions,
- (c) a breach of Article 10.3 Item 52,

(however, in the case of (c), this will apply only if JBIC requests it by giving a notice to the Borrower and the Lenders through the Agent (hereinafter referred to in this paragraph as the "JBIC Compulsory Termination Notice"), and the JBIC Compulsory Termination Notice must specify any business day (Tokyo, TARGET or NY) that falls on or after 30 days after the date of the JBIC Compulsory Termination Notice as the date of the compulsory termination for reason (c)), the Facility (but, in the case of (c), only the portion of this Facility in which JBIC is the lender) will be terminated, and all outstanding Loans (but, in the case of (c), only the portion of this Loan in which JBIC is the lender), together with accrued interest, and all other amounts accrued under the Loan Related Documents, will become immediately due (but, in the case of (c), on the date specified in the JBIC Compulsory Termination Notice). In this case, if the Borrower is aware of the occurrence of such event in advance, the Borrower notifies the Agent, in writing no later than 7 Business Days (Tokyo, Target, NY) before the day when such event occurs (or such shorter period as the Majority Lenders (50.1%) and the Agent have separately agreed) of the day of the mandatory termination based on such event, and of its intention to pay on that day all accrued interest and settlement amounts accrued up to that date. However, in the event of a reason other than (c), if JBIC gives a separate notice to the Borrower through the Agent at least four business days (Tokyo, TARGET, NY) prior to said date (hereinafter referred to in this paragraph as the "JBIC Notice of Designation of the Date of Compulsory Termination"), the Borrower shall, on the date of mandatory termination of the portion of the Loan in which the lender is other than JBIC, deposit the prepayment amount to be allocated due to the mandatory termination of the portion of the Loan in which JBIC is the lender, into the Mandatory Prepayment Reserve Account corresponding to the relevant repayment currency, and the Loan equivalent to such prepayment amount shall become due on the date specified in the JBIC Notice of Designation of the Date of Compulsory Termination (however, this must be any business day (Tokyo, TARGET, NY) after the date of mandatory termination of the portion of the Loan in which the lender is other than JBIC).

2. Mandatory Prepayments

The Borrower shall prepay Loans in accordance with the following events in the amount as specified below (but, in the case where a mandatory prepayment of an obligation of the Borrower under an Emergency Funding Loan Agreement should be made based on the same event, this amount shall be reduced by the amount to be paid to the emergency lender under the Emergency Funding Loan Agreement pursuant to the mandatory prepayment of such obligation; the "**Mandatory Prepayment Base Amount**") in accordance with Article 4.3, Paragraph 3 (Non-application to Mandatory Prepayments), and at the time and by the application method set out in Article 4.3, Paragraph 4 (Application of Mandatory Prepayments).

Senior Gross Leverage Ratio	Sweep Rate
5.0 or more, or negative	60%

3. Non-application to Mandatory Prepayments

- (a) All mandatory prepayments in respect of non-wholly owned Subsidiaries of the Borrower are to be made if all the shareholders of the relevant Subsidiary consent to the prepayment. However, the Subsidiary (limited to a Guarantor) shall use reasonable efforts to obtain that consent from all of its shareholders. Furthermore, any such shareholder that is, directly or indirectly, a wholly owned Subsidiary of the Borrower will be deemed to have given that consent.

- (b) All mandatory prepayments in respect of Subsidiaries of the Borrower incorporated outside of Japan are subject to restrictions under applicable Law and are further restricted where the Subsidiary determines in good faith that the movement of Cash or Cash Equivalent Investments to the Borrower for the purpose of prepayment would result in a Material Adverse Effect in relation to Taxes. However, that Subsidiary shall use reasonable efforts to overcome those disadvantageous Tax consequences so that the mandatory prepayment can be made.

4. Application of Mandatory Prepayments

- (a) If a prepayment is made under Article 4.3, Paragraph 2 (Mandatory Prepayments), the Maturity date will be determined in accordance with the following procedures.
- (i) In the case of a mandatory prepayment under Article 4.3, Paragraph 2, Item (a) through (a-3):

- (A) The Borrower shall deposit the allotment amount corresponding to the repayment currency of each Loan set out in (b) of this paragraph by the day that is 5 Business Days (Tokyo and Milan) before the mandatory prepayment date set out in (A) above in the Mandatory Prepayment Reserve Account corresponding to the repayment currency,

and the Loans equivalent to that prepayment amount are due to be repaid on the last day of that Interest Period.

(iii) (Intentionally deleted)

(b) If the mandatory prepayment is made in accordance with Items (a) through (f) of Paragraph 2 (Mandatory Prepayments) of this Article, the funds will be applied in the order in (i) and (ii) below. The amount applied to each Loan is calculated by the Borrower and the calculation statement substantially in the form detailed in Schedule 6 (Form for Mandatory Prepayments Calculation) or in another form that is satisfactory to the Agent that details the basis of the calculation for that amount is submitted to the Agent within 4 Business Days (Tokyo and Milan) from each Date of Grounds for Mandatory Prepayment. The Agent shall notify each Lender of the results of the calculation recorded in the calculation statement before the Business Day (Tokyo and Milan) that falls immediately after the day that calculation statement is received. It will suffice if the Agent handles the information recorded in that calculation statement as being accurate, and the Agent will not be obligated to confirm the accuracy or truthfulness of that information.

(i) Facility A Loan, Facility C Loan, and Facility E Loan (individually or collectively, “**Installment Repayment Loans**”)

(A) The amount of the Mandatory Prepayment Base Amount proportionate to the outstanding principal of the Installment Repayment Loans on the Date of Grounds for Mandatory Prepayment (outstanding principal in euro is calculated as the amount converted into Japanese yen using the Applicable Exchange Rate published by the Agent, with the Date of Grounds for Mandatory Prepayment as the record date) is allocated until that amount reaches the outstanding principal of each Installment Repayment Loan.

(B) (1) If the Mandatory Prepayment Base Amount is in Japanese yen, the allotment amounts of the Facility A Loan and the Facility C Loan settled in (A) above will be applied to the Facility A Loan and the Facility C Loan, respectively, and (2) if the Mandatory Prepayment Base Amount is in a currency other than Japanese yen, the allotment amounts of the Facility A Loan and the Facility C Loan settled in (A) above converted to Japanese yen using the Applicable Exchange Rate published by the Agent, with the Date of Grounds for Mandatory Prepayment as the record date, is the amount applied to the Facility A Loan and the Facility C Loan. In addition, if prepayment has been carried out with respect to part of the Facility A Loan or the Facility C Loan, the funds will be first applied ratably in accordance with the repayment amount on each Facility A Repayment Date and each Facility C Repayment Date that arrives first. Further, the amount of such application for each Term Loan Lender is calculated ratably in accordance with each Term Loan Lender’s Participation Ratio to the Facility A Loan and the Facility C Loan that is prepaid (provided that, in the case where all of the outstanding principal amount of the Facility A Loan or the Facility C Loan is repaid, the amount of such application for each Term Loan Lender is the outstanding principal amount for each Term Loan Lender; in addition, any fraction less than 1 yen will be handled in accordance with Article 14.5, Paragraph 4 (Rounding)).

(C) (1) If the Mandatory Prepayment Base Amount is in euro, the allotment amounts of the Facility E Loan settled in (A) above will be applied to the Facility E Loan, and (2) if the Mandatory Prepayment Base Amount is in a currency other than euro, the allotment

amounts of the Facility E Loan settled in (A) above converted to euro using the Applicable Exchange Rate published by the Agent, with the Date of Grounds for Mandatory Prepayment as the record date, is the amount applied to the Facility E Loan. The amount of such application for each Term Loan Lender is calculated ratably in accordance with each Term Loan Lender's Participation Ratio to the Facility E Loan that is prepaid (provided that, in the case where all of the outstanding principal amount of the Facility E Loan is repaid, the amount of such application for each Term Loan Lender is the outstanding principal amount for each Term Loan Lender; in addition, any fraction less than 0.01 euro will be handled in accordance with Article 14.5, Paragraph 4 (Rounding)).

- (ii) Facility B Loan, Facility D Loan, and Facility F Loan, and Revolving A Loan and Revolving B Loan (individually and collectively, "**Lump Sum Repayment Loans**")
 - (A) If there is an amount remaining after applying the Mandatory Prepayment Base Amount in accordance with Item (i) above, this Item (ii) applies. In that case, that remaining amount is allocated until the amount proportionate to the outstanding principal of the Lump Sum Repayment Loans on the Date of Grounds for Mandatory Prepayment (outstanding principal in euro is calculated as the amount converted into Japanese yen using the Applicable Exchange Rate published by the Agent, with the Date of Grounds for Mandatory Prepayment as the record date) reaches the outstanding principal of the Lump Sum Repayment Loans.
 - (B) (1) If the Mandatory Prepayment Base Amount is in Japanese yen, the allotment amounts of the Facility B Loan, the Facility D Loan, and the Revolving A Loan settled in (A) above will be applied to the Facility B Loan, the Facility D Loan, and the Revolving A Loan, respectively, and (2) if the Mandatory Prepayment Base Amount is in a currency other than Japanese yen, the allotment amount of the Revolving A Loan settled in (A) above converted to Japanese yen using the Applicable Exchange Rate published by the Agent, with the Date of Grounds for Mandatory Prepayment as the record date, is the amount applied to the Facility B Loan, the Facility D Loan, and the Revolving A Loan, respectively. In addition, if a prepayment is made for a part of the principal of the Revolving A Loan and there are multiple outstanding Revolving Facilities A, those prepayment funds will be applied to loans with later repayment dates first. The amount of such application for each Term Loan Lender or Revolving Facility A Lender is calculated ratably in accordance with each Term Loan Lender or Revolving Facility A Lender's Participation Ratio for the Facility B Loan, the Facility D Loan, and the Revolving A Loan (provided that, in the case where all of the outstanding principal amount of the Facility B Loan, the Facility D Loan, and the Revolving A Loan is repaid, the amount of such application for each Term Loan Lender or Revolving Facility A Lender is the outstanding principal amount for each Term Loan Lender or Revolving Facility A Lender; in addition, any fraction less than 1 yen will be handled in accordance with Article 14.5, Paragraph 4 (Rounding)).
 - (C) (1) If the Mandatory Prepayment Base Amount is in euro, the allotment amounts of the Facility F Loan and the Revolving B Loan settled in (A) above will be applied to the Facility F Loan and the Revolving B Loan, respectively, and (2) if the Mandatory Prepayment Base Amount is in a currency other than euro, the allotment amount of the

Facility F Loan and the Revolving B Loan settled in (A) above converted to euro using the Applicable Exchange Rate published by the Agent, with the Date of Grounds for Mandatory Prepayment as the record date, is the amount applied to the Facility F Loan and the Revolving B Loan, respectively. In addition, if a prepayment is made for a part of the principal of the Revolving B Loan and there are multiple outstanding Revolving Facilities B, those prepayment funds will be applied to loans with later repayment dates first. The amount of such application for each the Term Loan Lender and Revolving Facility B Lender is calculated ratably in accordance with each Term Loan Lender and Revolving Facility B Lender's Participation Ratio for the Facility F Loan or the Revolving B Loan (provided that, in the case where all of the outstanding principal amount of the Facility F Loan or the Revolving B Loan is repaid, the amount of such application for each Term Lender or Revolving Facility B Lender is the outstanding principal amount for each Term Lender or Revolving Facility B Lender; in addition, any fraction less than 0.01 euro will be handled in accordance with Article 14.5, Paragraph 4 (Rounding)).

5. Mandatory Prepayment Reserve Accounts

- (a) The Borrower grants the Agent the power to apply amounts deposited into the Mandatory Prepayment Reserve Account to payment of amounts due under Paragraph 4 (Application of mandatory prepayments) of this Article and otherwise under the Loan Related Documents. That authorization is irrevocable.
- (b) A Lender or the Agent that has a Mandatory Prepayment Reserve Account agrees that (i) interest accrues at normal commercial rates on amounts credited to those accounts and that the account holder is entitled to receive that interest (which shall be paid in accordance with the mandate relating to that account) unless a Default is continuing and (ii) each such account is subject to the Security.
- (c) Each Group company may not withdraw funds from the Mandatory Prepayment Reserve Account except for where the withdrawal is made pursuant to this Agreement.

6. Excluded Proceeds

Where Excluded Acquisition Proceeds, Excluded Disposal Proceeds, and Excluded Insurance Proceeds include amounts that are intended to be used for a specific purpose within a specified period (as set out in the relevant definition of Excluded Acquisition Proceeds, Excluded Disposal Proceeds, or Excluded Insurance Proceeds), the Borrower shall ensure that those amounts are used for that purpose and, if requested to do so by the Agent, shall promptly deliver a certificate to the Agent, at the time of their application and at the end of that period, confirming that the proceeds were applied for the prescribed purpose within the requisite time period provided for in the relevant definition.

7. Special Provision for Repayment of all of the Loan by the Debt Issuance Proceeds

Notwithstanding what is provided for in the preceding Paragraphs, if the Borrower prepay all of the Loan as mandatory prepayments, the Borrower notifies the Agent, in writing no later than 7 Business Days (Tokyo, Target, and New York) before the day when such event occurs (or such shorter period as the Majority Lenders (50.1%) and the Agent have separately agreed) of the day when the Borrower receives the Debt Issuance Proceeds, and to the effect that it will pay the entire amount of the interest that accrues by that day and Break Costs on that day. In this case, all of the Loan will become immediately due and payable at the time of the mandatory prepayment day when the Borrower receives the Debt Issuance Proceeds.

Article 4.4 Restrictions Relating to Prepayment or Termination**1. Notice of Termination or Prepayment**

Notices of termination, prepayment, authorization, or other election given by a Party under Article 4.2 (Illegality, Voluntary Prepayment, and Termination) or Article 4.3 (Mandatory Prepayments) are to specify the date or dates upon which termination or prepayment is to be made and the amount (if part of the principal of a Revolving Loan is to be prepaid, the Utilization Date, repayment date, and principal amount of the Revolving Loan to be prepaid) of that termination or prepayment in accordance with those terms, unless this Agreement provides otherwise. Those notices are irrevocable.

2. Agent's Receipt of Notices

If the Agent receives a notice under Article 4.2 (Illegality, Voluntary Prepayment, and Termination) or Article 4.3 (Mandatory Prepayments), unless otherwise provided for in this Agreement, the Agent shall promptly forward a copy of that notice to the Borrower or the relevant Lender.

3. Break Costs

If a prepayment is made on a day that is not a last day of an Interest Period, the Borrower shall pay Break Costs (if any) based on each Lender's calculation. Other than those Break Costs and the accrued interest on the amount to be prepaid, prepayments under this Agreement are to be made without payment of any premium or penalty.

4. Prepayment in Accordance with this Agreement

The Borrower may not repay or prepay all or any part of a Loan or cancel all or any part of the Commitments other than where it does so in accordance with the timing and manner provided for in this Agreement.

5. No Redraw of Term Loan Facilities

The Borrower may not redraw any part of a Term Loan Facility that has been prepaid.

6. No Redraw of Revolving Facility

The Borrower may not redraw any part of a Revolving Facility that has been prepaid.

7. Effect of Repayment; Prepayment of Commitments

If all or part of a Loan under a Facility is repaid or prepaid and is not available for reborrowing, the amount of the Commitment in respect of the Facility that is equal to the amount of the Loan that has been repaid or prepaid will be deemed to have been terminated on the date of repayment or prepayment. Termination under this Paragraph will reduce the Commitments of the Lenders proportionately under the Facility.

8. No Reinstatement of Commitments

No amount of the Commitments terminated under this Agreement may be subsequently reinstated.

9. Revolving Facility

If all the Term Loans have been repaid in full, then all Revolving Loans will immediately become due in full, and all outstanding Revolving Facility Commitments will terminate.

CHAPTER 5. COSTS OF UTILIZATION

Article 5.1 Interest

1. Calculation of Interest

The rate of interest on a Loan for an Interest Period is the rate of interest (percentage rate per annum) that is the aggregate of the following rates of interest (the “**Applicable Interest Rate**”).

- (a) The Spread (adjusted in accordance with the definition of “Spread”)
- (b) The Base Rate (the Base Rate is deemed to be 0.000% when it is less than 0%)

Notwithstanding any other provision of this Agreement, if the rate of interest (including any other payment that is deemed to be interest under the Japanese Usury Legislation (defined below)) payable by the Borrower exceeds the maximum rate of interest permitted by the *Interest Rate Restriction Act* (Act No. 100 of 1954, as amended), the *Act Regulating the Receipt of Contributions, the Receipt of Deposits, and Interest Rates* (Act No. 195 of 1954, as amended), or the *Temporary Interest Rate Adjustment Act* (Act No. 181 of 1947, as amended) (collectively, the “**Japanese Usury Legislation**”), then the rate of interest (including any other payment that is deemed to be interest under the Japanese Usury Legislation) payable by the Borrower will be capped at the maximum rate permitted under the Japanese Usury Legislation.

Further, the interest calculation method for each Loan held by each Lender does not include the last day of the period; Facility A Loan, Facility B Loan, Facility C Loan, Facility D Loan, and Revolving A Loan are calculated on a daily basis with a year of 365 days, and Facility E Loan, Facility F Loan, and Revolving B Loan are calculated on a daily basis with a year of 360 days, with any divisions calculated at the end, and any amount less than 1 yen (if the payment currency is in Japanese yen) or 0.01 euro (if the payment currency is in euro) rounded down.

However, the Lenders that have not completed the DES as of the 9th Amendment Agreement Effective Date acknowledge that, as acknowledged and agreed in Article 2, Paragraph 2 of the DES Subscription Agreement, no interest will accrue for such Lenders in respect of the DES Claims Amount (Yen) and the DES Claims Amount (Euro) during the period from the first day on which the C-1 Preferred Shares and/or the C-2 Preferred Shares are issued (the 9th Amendment Agreement Effective Date) to the day on which the DES is completed. The Borrower shall report to the Agent and to All Lenders through the Agents promptly after each completion of a DES (but not later than the date of such completion) to the effect that such DES was completed.

2. Payment of Interest

The Borrower shall pay interest that has accrued on any utilized Loan in arrears on the last day of the relevant Interest Period. However, the Borrower shall pay in full, by the day that is 10 Business Days (Tokyo and Target) after the Business Rehabilitation Additional Contribution Completion Date, (i) the interest that is made subject to a temporary pause in the Business Rehabilitation ADR Proceedings, and (ii) the interest accruing from the day (inclusive) on which an order for Rehabilitation Proceedings Commencement is made to the day (inclusive) immediately preceding the Business Rehabilitation Additional Contribution Date (which interest shall, notwithstanding the preceding paragraph, be calculated using the both-ends method), and in this case the Borrower shall not be required to pay any late penalty or Break Costs in accordance with the Business Rehabilitation Plan. Notification of Rates of Interest

3. Notice of Interest Rate

The Agent shall promptly notify the Lenders and the Borrower of the rate of interest determined under this Agreement.

Article 5.2 Interest Periods**1. Selection of Interest Periods for Term Loans; the Period**

- (a) The Borrower shall select an Interest Period for a Term Loan (except for the parts of the Facility E Loan and the Facility F Loan for which JBIC is lender; the same applies in this Item (a)) in the Utilization Request or (if the Term Loan has already been utilized) in an Interest Period Selection Notice.
- (b) An Interest Period Selection Notice for a Term Loan (except for the parts of the Facility E Loan and the Facility F Loan for which JBIC is lender; the same applies in this Item (b)) must be delivered to the Agent by the Borrower not later than—

(i) for the period from the 9th Amendment Agreement Effective Date to the final Term Loan Principal Repayment Date — 10 a.m. (Tokyo time) on the day that is 10 Business Days (Tokyo and Target) before the last day of the first Interest Period after the 9th Amendment Agreement Effective Date, and

(ii) for the period after such period (including the last day of the first Interest Period after the 9th Amendment Agreement Effective Date) — 10 a.m. (Tokyo time) on the day that is 10 Business Days (Tokyo and Target) before the Term Loan Principal Repayment Date.

The Interest Period Selection Notice is irrevocable. If the Agent receives an Interest Period Selection Notice, the Agent shall promptly notify the Lenders and the Agent of the details thereof. The Interest Period selected in the Interest Period Selection Notice continuously applies —

- (i) for the period from the from the 9th Amendment Agreement Effective Date to the first Term Loan Principal Repayment Date — for the Interest Periods during such period, and
- (ii) for the period after such period — until the next Term Loan Principal Repayment Date that falls on or after the first Term Loan Principal Repayment Date after delivery of that notice (including the Interest Period that starts on that Term Loan Principal Repayment Date) (provided however, the application of (c) and (e) below is not precluded).
- (c) The Borrower shall, in accordance with this Article, select (i) an Interest Period that applies to the Facility A Loan and the Facility B Loan, (ii) an Interest Period that applies to the Facility C Loan and the Facility D Loan, and (iii) an Interest Period that applies to the Facility E Loan and the Facility F Loan of 1, 3, or 6 Months. If the Borrower does not give the Interest Period Selection Notice to the Agent in accordance with (b) above, an Interest Period of 6 Month will be deemed to have been selected. However, regardless of the Interest Period selected or deemed to have been selected,
 - (i) the initial Interest Period where the Utilization Date for the Additional Term Loan is a day other than the last Business Day (Tokyo and Target) of a Month will terminate on the last day of that Month,
 - (ii) the last day of the Interest Period is required to be the Facility A Loan principal repayment date for the Facility A Loan and the Facility B Loan,
 - (iii) the last day of the Interest Period is required to be the Facility C Loan principal repayment date for the Facility C Loan and the Facility D Loan,
 - (iv) the last day of the Interest Period is required to be the Facility E Loan principal repayment date for the Facility E Loan and the Facility F Loan,
 - (v) with regard to the Initial Term Loan, an Interest Period is 1 Month for any Interest Period commencing on or after the last day (inclusive) of the first Interest Period falling on or after the

execution date of the Amendment Agreement until the day that falls 5 Business Days (Tokyo and Target) (inclusive) after the Syndication End Date, and

- (vi) with regard to the Additional Term Loan, an Interest Period is 1 Month for any Interest Period commencing on or after the Additional Facility Loan Utilization Date (provided that, if (i) above applies, on or after the last day of the first Interest Period) (both inclusive) until the day that falls 5 Business Days (Tokyo and Target) (inclusive) after the Syndication End Date.

(c-2) The Interest Period that applies to the parts of the Facility E Loan and the Facility F Loan for which JBIC is lender shall be —

- for the Interest Periods ending during the period from the Additional Term Loan Utilization Date (inclusive) to the last day of September 2019 (inclusive) — 1 month,
- for the subsequent Interest Periods other than the final Interest Period — 6 months, and
- for the final Interest Period — the period from the last day of December 2028 to the Maturity Date.

However, the first Interest Period after the changes due to the 9th Amendment Agreement shall be the period from the 9th Amendment Agreement Effective Date to the last day of December 2022, and the subsequent Interest Periods shall be 6 months.

- (d)** Notwithstanding Item (a) through Item (c) above, the Interest Period for a Loan (i) may not extend beyond the Maturity Date in respect of Facility A and Facility B, (ii) may not extend beyond the Maturity Date in respect of Additional Term Loan Facility, (iii) may not extend beyond the next Facility A Principal Repayment Date in respect of Facility A, (iv) may not extend beyond the next Facility C Principal Repayment Date in respect of Facility C, and (v) may not extend beyond the next Facility E Principal Repayment Date in respect of Facility E.
- (e)** Each Interest Period for a Term Loan starts on the Utilization Date or (if already utilized) on the last day of its preceding Interest Period. However, the first Interest Period after the changes due to the 9th Amendment Agreement shall be the period from the 9th Amendment Agreement Effective Date to the last day of December 2022.

2. Interest Period for Revolving Loan

- (a)** The Borrower may select an Interest Period for a Revolving Loan in the Utilization Request.
- (b)** The Borrower may, in accordance with this Article, select an Interest Period for a Revolving Loan of 1, 3, or 6 Months or the period until the last day of the Month that falls immediately after the Proposed Utilization Date (exclusive). However, the Borrower may not select an Interest Period that extends beyond the Maturity Date. In addition, notwithstanding the selected Interest Period, (i) the Interest Period for a Revolving Facility Loan with a day other than the last Business Day (Tokyo and Target) (in relation to the Revolving Facility A, the last Business Day (Tokyo)) of April 2019 as the Proposed Utilization Date is the period until the last day of that Month, and (ii) the Interest Period for a Revolving Facility Loan with a day in the period from last day of April 2019 (inclusive) until the Business Day (Tokyo and Target) immediately before (in relation to the Revolving Facility A, the Business Day (Tokyo) immediately before) the Syndication End Date (inclusive) as the Proposed Utilization Date is the period until the last day of the Month immediately after the Month in which that Proposed Utilization Date falls (exclusive).
- (b-2)** Notwithstanding Item (a) and Item (b) above, for each Revolving Facility Loan that has been utilized as of the 9th Amendment Agreement Effective Date —

- (i) the first Interest Period after the changes due to the 9th Amendment Agreement shall be the period from the 9th Amendment Agreement Effective Date to the last day of December 2022, and
- (ii) the subsequent Interest Periods shall be as selected by the Borrower in the Interest Period Selection Notice, applying Item (a) through Item (c) of the preceding paragraph *mutatis mutandis*.
- (c) A Revolving Loan has one Interest Period only.

3. **Business Day Adjustment**

If an Interest Period would otherwise end on a day that is not a Business Day (Tokyo and TARGET) ((with respect to the parts of the Facility E Loan and the Facility F loan for which JBIC is lender, a Business Day (Tokyo, Target, New York), and with respect to the Revolving Facility A, a Business Day (Tokyo); same throughout this Paragraph), that Interest Period will instead end on the next Business Day (Tokyo and TARGET) in that calendar Month (if there is one) or the preceding Business Day (Tokyo and TARGET) (if there is not).

Article 5.3 Changes to the Calculation of Interest

1. **Absence of Quotations**

Subject to the provisions of the following Paragraph (Market Disruption), if the Base Rate is to be determined by reference to the Reference Banks but a Reference Bank does not supply a quotation by noon on the Interest Determination Date, the applicable Base Rate will be determined on the basis of the quotations of the remaining Reference Banks.

2. **Market Disruption**

- (a) If a Market Disruption Event occurs in relation to any Interest Period for a Loan, then the rate of interest on each Lender's share of that Loan for the Interest Period will be the rate of interest (percentage rate per annum) that is the sum of
 - (i) the Spread and
 - (ii) the rate (expressed as a rate per annum) notified to the Agent by that Lender as promptly as practically possible (and no later than by close of business on the day that is 3 Business Days (Tokyo and Target) before the date on which interest is due to be paid in respect of that Interest Period) as the rate equivalent to the cost of funding its participation in that Loan from whatever source it reasonably selects.
- (b) In this Agreement, "**Market Disruption Event**" means either of the following.
 - (i) At or about noon on the Interest Determination Date for the relevant Interest Period, the Base Rate is not available and none or only one of the Reference Banks supplies a rate to the Agent to determine the Base Rate for the relevant Interest Period.
 - (ii) Before close of business in Tokyo on the Interest Determination Date for the relevant Interest Period, the Agent receives notification from a Lender or Lenders whose participations in a Loan exceed 50% of that Loan that the cost to it of funding its participation in that Loan from whatever source it reasonably selects would be in excess of the Base Rate.

3. Alternative Basis of Interest or Funding

- (a) If a Market Disruption Event occurs and the Agent or the Borrower so request, the Agent and the Borrower shall enter into negotiations for a period of not more than 30 days with a view to agreeing an alternative basis for determining the rate of interest.
- (b) Any alternative basis agreed under (a) above will, with the prior consent of all the Lenders and the Borrower, be binding on all Parties.

4. Break Costs

- (a) If the principal or the Unpaid Sum of the Loan is repaid or paid by the Borrower on a day other than the last day of an Interest Period for that Loan, the Borrower shall, on the day of repayment or payment, pay to the related Finance Party its Break Costs in respect of the Loan or Unpaid Sum.
- (b) Each Lender shall, to the extent reasonable and as promptly as practically possible after a request by the Agent, notify the Agent in writing of the amount of the Break Costs for any Interest Period in which it accrues.
- (c) If a prepayment is made under Article 4.2 (Illegality, Voluntary Prepayment, and Termination) or Article 4.3 (Mandatory Prepayments), each Lender shall notify the Agent of the amount of the Break Costs by 5 p.m. (Tokyo time) of the day 2 Business Days (Tokyo) before the proposed prepayment date, and the Agent shall, after receiving that notice, notify the Borrower of that amount by the Business Day (Tokyo) immediately before the proposed prepayment date.

Article 5.4 Default Interest

- (a) If an Obligor fails to pay any amount payable by it under a Loan Related Document on its due date, interest will accrue on the overdue amount from the due date up to the date of actual payment (regardless of whether before or after judgment) at a rate that is 2% higher than the rate that would have been payable if the overdue amount had constituted a Loan in the currency of the overdue amount for the overdue period, for the Interest Period reasonably appointed by the Agent. The Obligor shall pay interest that accrues under this Article immediately at the request of the Agent.
- (b) If an overdue amount consists of all or part of a Loan that became due on a day that was not the last day of an Interest Period relating to that Loan,
 - (i) the first Interest Period for that overdue amount will have a duration equal to the unexpired portion of the current Interest Period relating to that Loan, and
 - (ii) the rate of interest applying to the overdue amount during that first Interest Period will be 2% higher than the rate that would have applied if the overdue amount had not become due.
- (c) Notwithstanding any other provision of this Agreement, the rate of default interest payable by the Borrower may not exceed the maximum rate of default interest permitted by the Japanese Usury Legislation, and if the rate of default interest exceeds that maximum rate, then the rate of default interest payable by the Borrower will be capped at the maximum rate permitted under the Japanese Usury Legislation.

Article 5.5 Fees**1. Term Loan Commitment Fee**

There will be no Commitment Fees regarding the Term Loan Facility.

2. **(Intentionally deleted)**

3. **Arrangement Fee**

The Borrower shall pay each Mandated Lead Arranger and each Additional Arranger an arrangement fee in the amount and at the times agreed in the Fee Letters.

4. **Agency Fee**

The Borrower shall pay the Agent an agency fee in the amount and at the times agreed in the Fee Letters.

CHAPTER 6. ADDITIONAL PAYMENT OBLIGATIONS

Article 6.1 Tax Gross-Up and Indemnities

1. Definitions

In this Agreement, the following terms have the meanings defined below.

“Certificate of Exemption for Withholding Tax for Foreign Corporations” means the certificate provided for in Article 180 of the *Income Tax Act*.

“Tax Credit” means a credit against, relief or remission for, or rebate or repayment of any Tax.

“Tax Deduction” means a deduction or withholding for or on account of Tax from a payment under a Loan Related Document.

“Tax Payment” means the increase in a payment made by an Obligor to a Finance Party under the following Paragraph (Tax Gross-Up) or a payment under Paragraph 3 (Tax Indemnity) of this Article.

“Qualifying Lender” means

- (a) a Lender that is incorporated under the laws of Japan or
- (b) a Lender that is not incorporated under the laws of Japan but is acting through a branch in Japan and holds a valid Certificate of Exemption for Withholding Tax for Non-residents or Certificate of Exemption for Withholding Tax for Foreign Corporations issued by the relevant Tax authorities in Japan.

“Certificate of Exemption for Withholding Tax for Non-residents” means the certificate provided for in Article 214 of the *Income Tax Act*.

“Protected Party” means a Finance Party that is or will be, for or on account of Tax, subject to any liability or required to make any payment in relation to a sum received or receivable (or any sum deemed for the purposes of Tax to be received or receivable) under a Loan Related Document.

Unless provided for otherwise, in this Article **“determines”** or **“determined”** means a determination made in the absolute discretion of the person making the determination.

2. Tax Gross-Up

- (a) Each Obligor (limited to those established under Japanese law on the condition that a provision with the same intention as this Paragraph is provided in the Foreign Guarantee Agreement; the same applies to Paragraph 2 (Tax Gross-Up) through Paragraph 4 (Tax Credit) and Paragraph 7 (Filings) of this Article, and Article 6.3, Paragraph 1 (Currency Indemnity), and Paragraph 1 (Definitions) of this Article to the extent that it applies to the Obligors) shall make payments without any Tax Deduction, unless a Tax Deduction is required by Law.
- (b) Promptly upon becoming aware that an Obligor must make a Tax Deduction (or that there is any change in the rate or the basis of a Tax Deduction), the Borrower shall notify the Agent accordingly. Similarly, a Lender shall promptly notify the Agent on becoming so aware in respect of any payment whatsoever payable to that Lender. If the Agent receives such a notice from a Lender, it shall promptly notify the Borrower and that Obligor. If a Lender ceases to be a Qualifying Lender, it shall promptly notify the Agent. However, it will not be obligated to notify the Agent if its ceasing to be a Qualifying Lender is a result of a change after the date it became a Lender in (or in the interpretation,

administration, or application of) any Law or double taxation treaty, or any published practice or published concession of any relevant Tax authority.

- (c) Subject to Article 13.3 (Conduct of Business by the Finance Parties), each Lender shall provide the following documents to the Agent (if reasonably requested in writing by the Agent) and to the Borrower (if reasonably requested in writing by the Borrower in writing).
 - (i) Evidence that the Lender is incorporated or organized under the laws of Japan
 - (ii) A copy of a valid Certificate of Exemption for Withholding Tax for Non-residents or Certificate of Exemption for Withholding Tax for Foreign Corporations.
- (d) Subject to (e) below, if a Tax Deduction is required by Law to be made by an Obligor (except for where a Tax Deduction is made as a result of a breach by an Obligor of the Foreign Account Tax Compliance Act and any related Law), the amount of the payment due from that Obligor will be increased to the amount that (after making the Tax Deduction) leaves the amount equal to the payment that would have been due if no Tax Deduction had been required.
- (e) An Obligor will not be required to make an increased payment to a Lender under (d) above for a Tax Deduction in respect of Tax imposed by Japan if on the date on which the payment falls due the payment could have been made to the relevant Lender without a Tax Deduction were it a Qualifying Lender but on that date the Lender had ceased to be a Qualifying Lender (other than as a result of a change after the date it became a Lender in (or in the interpretation, administration, or application of) any Law or double taxation treaty or any published practice or published concession of any relevant Tax authority), or if the Obligor making the payment is able to prove that the payment could have been made to the Lender without the Tax deduction had that Lender complied with its obligations under Paragraph 7 (Filings) below.
- (f) If an Obligor is required to make a Tax Deduction, that Obligor shall make that Tax Deduction and any payment whatsoever required in connection with that Tax Deduction within the time allowed and in the minimum amount required by Law.
- (g) Within 30 days after making either a Tax Deduction or a payment required in connection with that Tax Deduction, the Obligor making that Tax Deduction shall deliver to the Agent for the Finance Party entitled to the payment an original Receipt (or certified true copy thereof) evidencing to that finance party that the Tax Deduction has been made or any appropriate payment paid to the relevant taxing authority.

3. Tax Indemnity

- (a) Except as provided for in (b) below, the Borrower shall, within 10 Business Days (Tokyo and Milan) after a request by the Agent, pay the Protected Party the amount equal to the loss, liability, or cost that the Protected Party reasonably determines will be or has been directly or indirectly suffered for or on account of Tax by the Protected Party in respect of a Loan Related Document.
- (b) The provision of (a) above does not apply
 - (i) with respect to any Tax assessed on a Finance Party
 - (A) under the Law of the jurisdiction in which that Finance Party is incorporated or, if different, the jurisdiction (or jurisdictions) in which that Finance Party is treated as a resident for tax purposes or

- (B) under the Law of the jurisdiction in which that Finance Party's Facility Office is located in respect of amounts received or receivable in that jurisdiction

if that Tax is imposed on or calculated by reference to the net income received or receivable (but not any sum deemed to be received or receivable) by that Finance Party or

- (ii) to the extent a loss, liability, or cost

- (A) is compensated for by an increased payment under Paragraph 2 (Tax Gross-Up) or

- (B) would have been compensated for by an increased payment under Paragraph 2 (Tax Gross-Up) but was not so compensated solely as a result of one of the exclusions in Paragraph 2 (Tax gross-up), Item (e), applied.

- (c) A Protected Party making, or intending to make, a claim under (a) above shall promptly notify the Agent of the event that will give, or has given, rise to the claim, following which the Agent shall notify the Borrower.
- (d) A Protected Party shall, on receiving a payment from an Obligor under this Paragraph, notify the Agent.

4. Tax Credit

If an Obligor makes a Tax payment and the relevant Finance Party determines that

- (a) a Tax Credit is attributable to an increased payment of which that Tax payment forms part or to that Tax payment and
- (b) that Finance Party has obtained, utilized, and retained that Tax Credit,

the Finance Party shall pay the Obligor amount that the Finance Party determines will leave it (after the payment is made under this Paragraph) in the same after-Tax position as it would have been in had the Tax payment not been required to be made by the Obligor.

5. Stamp Taxes

The Borrower shall pay each Secured Party, Mandated Lead Arranger, and Agent all stamp duty, registration, and other similar Taxes payable in respect of any Loan Related Document by the time by which it is required under Law or practically required to pay and, within 10 Business Days (Tokyo and Milan) after a request, indemnify each Secured Party, Mandated Lead Arranger, and Agent against any cost, loss, or liability (to a reasonable extent) that the Secured Party, Arranger, or Agent incurs. However, this excludes any Tax payable in connection with a Transfer Certificate and Lender Accession Undertaking or any other document relating to the assignment or transfer by any other Lender of any of its rights or obligations under any Loan Related Document.

6. Consumption Tax

- (a) All consideration payable under a Loan Related Document by any Party to a Finance Party is exclusive of any consumption tax. If consumption tax is chargeable on any supply made by a Finance Party to any Party in connection with a Loan Related Document, that Party shall, in addition to and at the same time as paying the consideration, pay the Finance Party an amount equal to the amount of the consumption tax, and the Finance Party shall promptly provide that Party with an appropriate tax invoice if available.
- (b) Where a Loan Related Document requires a Party to reimburse a Finance Party for any costs or expenses, that Party shall also at the same time pay and indemnify that Finance Party against all

consumption tax incurred by the Finance Party in respect of those costs or expenses. However, this applies only to the extent that the Finance Party reasonably determines that it is not entitled to credit or repayment of the consumption tax.

7. Filings

Each Lender, and each Obligor that makes a payment to which that Lender is entitled, shall use reasonable efforts so as to complete the procedures (including the submission of any relevant forms to any Tax authority) necessary for that Obligor to obtain and maintain any approvals and permissions for the purpose of making payment under this Agreement without having to make a Tax Deduction.

8. Lender Confirmations

Each Lender that becomes a Party after the execution date of the Amendment Agreement shall confirm in the Transfer Certificate and Lender Accession Undertaking that it executes on becoming a Party, and for the benefit of the Agent and without liability to any Obligor, that it is a Qualifying Lender.

Article 6.2 Increased Costs

1. Increased Costs

- (a) Subject to Paragraph 3 (Exceptions) of this Article, the Borrower shall, within 10 Business Days (Tokyo) after a request by the Agent, choose either
 - (1) to pay, for the account of a Finance Party, the amount of any Increased Costs incurred by that Finance Party or any of its Affiliates as a result of (i) the introduction of or any change in (or in the interpretation, administration, or application of) any Law or (ii) compliance with any Law made after the execution date of the Amendment Agreement or
 - (2) to repay its debt to that Finance Party under the Loan Related Documents and

notify the Agent of such choice. If the Borrower's response fails to reach the Agent within the prescribed period, then with the lapse of that period, the Borrower will be deemed to have made a response to the effect that it will pay any Increased Costs in accordance with (1) above.
- (b) If the Borrower chooses to pay any Increased Costs in response to a request by the Agent described in (a) above (including where the Borrower is deemed to have chosen to pay any Increased Costs in accordance with the preceding Paragraph), the Borrower shall, within 5 Business Days (Tokyo and Milan) after the day on which the Borrower makes a response that it will pay any Increased Costs in accordance with (a) above (or, if the Borrower is deemed to have chosen to pay any Increased Costs in accordance with (a) above, the due date for making a response described in (a) above), pay to that Finance Party money in an amount equal to such costs.
- (c) If the Borrower chooses to repay its debt to that Finance Party in response to the request provided for in (a) above, the Borrower shall notify the Agent in writing (i) that it desires to repay its debt to that Finance Party and (ii) of the date on which it desires to repay that debt (the "**Proposed Debt Repayment Date**"). The Proposed Debt Repayment Date must be a Business Day (Tokyo and Target) in a period of 20 Business Days (Tokyo and Target) (or 20 Business Days (Tokyo) in relation to Revolving Facility A) from the day that falls 5 Business Days (Tokyo and Target) after (or 5 Business Days (Tokyo) after in relation to Revolving Facility A) the notice from the Borrower. In that case, if the Finance Party incurs Break Costs, it shall notify the Agent of the amount of the Break Costs by 5 p.m. (Tokyo time) of the day that is 2 Business Days (Tokyo) before the Proposed Debt Repayment Date, and the Agent shall,

after receiving the notice, notify the Borrower of the amount before the Business Day (Tokyo) immediately before the Proposed Debt Repayment Date.

- (d) If the notice provided for in the first sentence of (c) above is given by the Borrower, the Borrower will not bear the Increased Costs and shall pay that Finance Party all debts it owes that Finance Party under the Loan Related Documents on the Proposed Debt Repayment Date. At the same time, the Borrower shall pay that Finance Party the principal of the Loan pursuant to this Item (d) and the interest accrued on the principal and the Break Costs.
- (e) In this Agreement “**Increased Costs**” means
 - (i) a significant reduction in the rate of return from a Facility or on a Finance Party’s (or its Affiliate’s) overall capital,
 - (ii) a significantly added or increased cost, or
 - (iii) a reduction of any amount due under a Loan Related Document

that is incurred or suffered by a Finance Party or any of its Affiliates to the extent that it is attributable to that Finance Party having entered into its Commitment or funding or performing its obligations under any Loan Related Document.

2. Increased Costs Request

- (a) A Finance Party wishing to make a request under Paragraph 1 (Increased Costs) of this Article shall notify the Agent of the event giving rise to the request, and the Agent shall promptly notify the Borrower.
- (b) Each Finance Party shall, as soon as practically possible after the request by the Agent, provide a certificate confirming the amount of its Increased Costs.

3. Exceptions

- (a) Paragraph 1 (Increased Costs) of this Article does not apply to the extent any Increased Cost is
 - (i) attributable to a Tax Deduction required by Law to be made by an Obligor,
 - (ii) compensated for by Article 6.1, Paragraph 3 (Tax Indemnity) (or would have been compensated for under Article 6.1, Paragraph 3 (Tax Indemnity), but was not so compensated solely as a result of any of the exclusions provided for in Article 6.1, Paragraph 3 (Tax indemnity), Item (b)),
 - (iii) attributable to any penalty having been imposed by the relevant central bank or monetary or fiscal authority on the Finance Party (or any Affiliate of it) by virtue of its having exceeded any country or sector borrowing limits or breached any directives imposed upon it,
 - (iv) attributable to the implementation or application of or compliance with the “Basel III: A global regulatory framework for more resilient banks and banking systems” and “Basel III: International framework for liquidity risk measurement, standards and monitoring,” published by the Basel Committee on Banking Supervision in December 2010 in the form existing on the execution date of the Amendment Agreement (as amended, updated or supplemented; collectively or individually, “**Basel III**”) or any other Law implementing Basel III (whether such implementation, application, or compliance is by a government, regulator, Finance Party, or any of its Affiliates)
 - (v) attributable to the breach by the relevant Finance Party or its Affiliates of any Law or treaty or the terms of any Loan Related Documents, or

- (vi) not notified to the Obligors' Agent in accordance with the preceding Paragraph (Increased Costs Request).
- (b) In this Paragraph, "**Tax Deduction**" has the same meaning given to the term in Paragraph 1 (Definitions) of the preceding Article.

Article 6.3 Other Indemnities

1. Currency Indemnity

- (a) If any sum due from an Obligor under the Loan Related Documents (in this Article, a "**Sum**"), or any order, judgment, or award given or made in relation to a Sum, has to be converted from the currency in which that Sum is payable (in this Article, the "First Currency") into another currency (in this Article, the "Second Currency") for the purpose of
 - (i) making or filing a claim or proof against that Obligor or
 - (ii) obtaining or enforcing an order, judgment, or award in relation to any litigation or arbitration proceedings,
 that Obligor shall, as an independent obligation, within 10 Business Days (Tokyo and Milan) after being so requested, indemnify the Mandated Lead Arranger, the Additional Arranger, the Agent, and each other Secured Party to whom that Sum is due against any cost, loss, or liability arising out of or as a result of the conversion, including any discrepancy between (A) the rate of exchange used to convert that Sum from the First Currency into the Second Currency and (B) the rate or rates of exchange available to that person at the time of its receipt of that Sum.
- (b) Each Obligor waives any right it possibly has in any jurisdiction to pay any amount under the Loan Related Documents in a currency or currency unit other than that in which it is expressed to be payable.

2. Other Indemnities

- (a) The Borrower shall, or shall cause an Obligor to, within 10 Business Days (Tokyo and Milan) after being so requested, indemnify the Mandated Lead Arranger, the Additional Arranger, the Agent, and each other Secured Party against any cost, loss, or liability incurred by it as a result of
 - (i) the occurrence of any Event of Default,
 - (ii) a failure by an Obligor to pay any amount due under a Loan Related Document on its due date, including, without limitation, any cost, loss, or liability arising as a result of Article 13.4 (Sharing Among the Finance Parties),
 - (iii) its funding, or making arrangements to fund, its participation in a Loan not made by reason of the operation of any provision of this Agreement (except for where the reason is solely default or negligence on the part of that Finance Party), or
 - (iv) a Loan (or part of a Loan) not being prepaid in accordance with a notice of prepayment given by the Borrower.
- (b) The Borrower shall promptly indemnify each Finance Party, each Affiliate of a Finance Party, and each officer or employee of a Finance Party or its Affiliate against any cost, loss, or liability incurred by that Finance Party or its Affiliate (or officer or employee of that Finance Party or Affiliate) in connection with or arising out of the CK Acquisition or MM Acquisition or the funding of the CK Acquisition or MM Acquisition (including, without limitation, those incurred in connection with any litigation,

arbitration, or administrative proceedings or regulatory enquiries concerning the CK Acquisition or MM Acquisition), unless that loss or liability is caused by the gross negligence or willful misconduct of that Finance Party or its Affiliate (or employee or officer of that Finance Party or Affiliate). Any Affiliate, and any officer or employee of a Finance Party or its Affiliate, may rely on this Paragraph, subject to Article 1.2, Paragraph 4 (Third-Party Rights).

- (c) Except as expressly set forth in the Loan Related Documents, if there is a breach of representations and warranties of the Group and Holdings under the Loan Related Documents or if there is a breach of covenants or delay by willful or negligent conduct of the Group and Holdings under the Loan Related Documents, the Borrower shall, to the reasonable extent, indemnify the Finance Party for damage, loss, expense, etc. (including, but not limited to, expense to avoid damage or loss and reasonable expense to recover damage or loss (including attorney's fee)) incurred by the Finance Party because of the breach or delay above; provided that, if such damage, loss, expense, etc. is due to the gross negligence or intent of the Group, that Group shall indemnify the Finance Party for such damage, loss, and expense, etc., or (if Holdings and the Group is not an Obligor), the Borrower shall cause the Group to indemnify the Finance Party for such damage, loss, and expense, etc.

3. Indemnity to the Agent

The Borrower shall, within 10 Business Days (Tokyo and Milan) after being so requested (which request must be accompanied by reasonable details of the amount requested), indemnify the Agent against any cost, loss, or liability incurred by the Agent (acting reasonably) as a result of

- (a) investigating any event that it reasonably believes is a Default or
- (b) acting or relying on any notice, request, or instruction that it reasonably believes to be genuine, correct, and appropriately authorized.

4. Other Indemnities to the Agent

- (a) The Borrower shall, within 10 Business Days (Tokyo and Milan) after being so requested (which request must be accompanied by reasonable details of the amount requested), indemnify the Agent, the Receiver, and the Delegate against any cost, loss, or liability incurred by any of them as a result of
 - (i) the creation, maintenance, preservation, or enforcement of the Security,
 - (ii) the exercise of any of the rights, powers, discretions, and remedies vested in the Agent, the Receiver, and the Delegate by the Loan Related Documents or by Law, or
 - (iii) any default by any Obligor in the performance of any of the obligations expressly assumed by it in the Loan Related Documents.
- (b) The Agent may, in priority to any payment to the Secured Parties, indemnify itself out of the Charged Property in respect of, and pay and retain, all sums necessary to give effect to the indemnity in this Paragraph, and the Agent has a security interest for the purpose of all money whatsoever payable to the Agent with respect to the Security and the proceeds of the enforcement of the Security.

Article 6.4 Mitigation by the Lenders

1. Mitigation

- (a) Each Finance Party shall, in consultation with the Borrower, take all reasonable steps to mitigate any circumstances that arise and that would result in any amount becoming payable under or in accordance with, or cancelled in accordance with, Article 4.2, Paragraph 1 (Illegality), Article 6.1 (Tax Gross-Up and

Indemnities), or Article 6.2 (Increased Costs), including, without limitation, transferring its rights and obligations under the Loan Related Documents to another Affiliate or Facility Office.

- (b) Item (a) above does not in any way limit the obligations of any Obligor under the Loan Related Documents.

2. Limitation of Liability

- (a) The Borrower shall, within 10 Business Days (Tokyo and Milan) after being so requested by a Finance Party, indemnify the Finance Party for all costs and expenses reasonably incurred by the Finance Party as a result of the steps taken by it under the preceding Paragraph (Mitigation).
- (b) A Finance Party is not obligated to take any steps under Paragraph 1 (Mitigation) of this Article if, in the opinion of the Finance Party, to do so might be prejudicial to it in any important respect.

Article 6.5 Costs and Expenses

Except as expressly set forth in the Related Documents, the Borrower shall bear the costs reasonably incurred by the Finance Party as a result of the preparation or execution of the Loan Related Documents, preservation or exercise of rights, etc. (reasonable details of the incurred amount must be described; including the costs for certified date stampings, creation, maintenance, perfection, enforcement, transfer or assignment of security interests, or other procedure under the Loan Related Documents), expenses for preparation or revision of or amendment to agreements (including reasonable attorney's fees), stamp duty and other taxes and public charges in respect of agreements, and cost and expense that the Borrower shall incur under the Loan Related Documents (including where third party shall make the Borrower incur the cost and expense).

CHAPTER 7. JOINT AND SEVERAL GUARANTEE

Article 7.1 Joint and Several Guarantee

1. Joint and Several Guarantee

Each Guarantor irrevocably and unconditionally jointly and severally guarantees the following (the “Guarantee”).

- (a) Each Guarantor guarantees to each Finance Party punctual performance by the Borrower of all the Borrower’s obligations under the Loan Related Documents.
- (b) Each Guarantor promises each Finance Party that if the Borrower does not pay any amount when due under or in connection with any Loan Related Document, that Guarantor will immediately on request pay that amount as if it was the principal obligor.
- (c) If any obligation guaranteed by the Guarantor becomes unenforceable, invalid, or illegal, the Guarantor will, as an independent and primary obligation, indemnify that Finance Party immediately on request against any cost, loss, or liability it incurs (as a result of an Obligor not paying any amount that would, but for that unenforceability, invalidity, or illegality, have been payable by it under any Loan Related Document on the date when it would have been due). The amount payable by a Guarantor under this indemnity will not exceed the amount it would have had to pay under this Article if the amount requested had been recoverable on the basis of a guarantee.
- (d) Each Guarantor guarantees to each Hedge Counterparty punctual performance by the Borrower of all the Borrower’s obligations under the Hedging Agreements.
- (e) Each Guarantor promises each Hedge Counterparty that if the Borrower does not pay any amount when due under or in connection with any Hedging Agreement, that Guarantor shall immediately on request pay that amount as if it was the principal obligor.
- (f) If any obligation guaranteed by the Guarantor becomes unenforceable, invalid, or illegal, the Guarantor will, as an independent and primary obligation, indemnify that Hedge Counterparty immediately on request against any cost, loss, or liability it incurs (as a result of the Borrower not paying any amount that would, but for that unenforceability, invalidity, or illegality, have been payable by it under any Hedging Agreement on the date when it would have been due). The amount payable by a Guarantor under the abovementioned indemnity will not exceed the amount it would have had to pay under this Article if the amount claimed had been recoverable on the basis of a guarantee.

2. Continuing Guarantee

The Guarantee is a continuing guarantee and will extend to the balance of sums payable by the Borrower under the Loan Related Documents, regardless of any payment or discharge in whole or in part. For the avoidance of doubt, subject to Paragraph 3 (Reinstatement of Guarantee) and Paragraph 7 (Applications of Guarantee Money) of this Article, no Guarantor will be liable for any sums irrevocably paid in full by the Borrower.

3. Reinstatement of Guarantee

If any discharge, release, or arrangement (whether in respect of the obligations of any Obligor or any security for those obligations or otherwise) is made by a Finance Party in whole or in part on the basis of any payment, security, or other disposition that is avoided or must be restored in insolvency, liquidation, legal

administration, or otherwise, then the liability of each Guarantor under this Article will continue or be reinstated as if the discharge, release, or arrangement had not occurred.

4. Waiver of Defenses

The obligations of each Guarantor under this Article will not be affected by an act, omission, matter, or matter that would reduce, release, or prejudice any of its obligations under this Article, including:

- (a) waiver or consent granted to, or settlement with, any Obligor or other person;
- (b) the release of any other Obligor or any other person under the terms of any settlement or arrangement with any creditor of any member of the Group;
- (c) the taking, amendment settlement, exchange, renewal, or release of, or refusal or neglect to perfect, take up, or enforce, any rights held by, or security over assets held by, any Obligor or other person or any non-observance of any formality or other requirement in respect of any instrument or any failure to realize the full value of any security;
- (d) any lack of power, authority, or legal existence of or dissolution or change in the members or status of an Obligor or any other person;
- (e) any amendment, novation, supplement, extension, restatement (however material and whether or not more onerous), or replacement of a Loan Related Document or any other document or security (including, without limitation, any change for the purpose of, any extension of or increase in any existing facility, or the addition of any new facility under any Loan Related Document or other document or security);
- (f) any unenforceability, illegality, or invalidity of any obligation of any person under any Loan Related Document or any other document or security; or
- (g) any insolvency or similar proceedings.

5. Intent of Guarantor

Subject to the limitations set out in Paragraph 11 (Guarantee Limitations) of this Article in addition to the Paragraph 4 (Waiver of Defenses) of this Article, each Guarantor expressly confirms that it intends for this guarantee to extend to any (however material and of whatsoever nature and whether or not more onerous) amendment, increase, extension, or addition of or to any of the Loan Related Documents or any facility or amount made available under any of the Loan Related Documents for the purposes of or in connection with any of the following.

- (a) Business acquisitions of any nature; increasing working capital; permitting investor distributions to be made; carrying out restructurings; refinancing existing facilities; refinancing any other indebtedness; making facilities available to new borrowers; any other variation or extension of the purposes for which any such facility or amount might be made available.
- (b) Any fees, costs, or expenses associated with any of the foregoing set out in (a) above.

6. Immediate Recourse

Each Guarantor waives any right it may have of requesting a Finance Party (or any trustee or agent acting on its behalf) to institute litigation against, enforce any other rights or security against, or request payment from any other person before claiming from that Guarantor under this Article. This waiver applies irrespective of any Law or any provision of a Loan Related Document to the contrary.

7. Applications of Guarantee Money

Until all amounts that might be payable by the Borrower under or in connection with the Loan Related Documents have been irrevocably paid in full, each Finance Party (or any trustee or agent on its behalf) may

- (a) refrain from applying or enforcing any other moneys, security, or rights held or received by that Finance Party (or any trustee or agent on its behalf) in respect of those amounts, or apply or enforce the same in such manner and order as it sees fit (whether against those amounts or otherwise), and no Guarantor will be entitled to the benefit of the same, and
- (b) hold in an interest-bearing suspense account any moneys received from any Guarantor or on account of any Guarantor's liability under this Article (bearing interest at a market rate usual for accounts at that time) unless and until such moneys are sufficient in aggregate to discharge in full all amounts then due under the Loan Related Documents.

8. Deferral of Guarantors' Rights

Until all amounts that could be payable by the Borrower under or in connection with the Loan Related Documents have been irrevocably paid in full, no Guarantor will exercise any of the following rights that it might have by reason of performance by it of its obligations under the Loan Related Documents or by reason of any amount being payable, or liability arising, under this Article.

- (a) Its right to be indemnified by an Obligor in relation to a claim arising from the Agreement or any other Loan Related Documents
- (b) Its right to claim any contribution from any other Guarantor of any Obligor's obligations under the Loan Related Documents
- (c) Its right to take the benefit (in whole or in part and whether by way of subrogation or otherwise) of any rights of the Finance Parties under the Loan Related Documents or of any other guarantee or security taken in accordance with, or in connection with, the Loan Related Documents by any Finance Party
- (d) Its right to bring legal or other proceedings for an order requiring any Obligor to make any payment, or perform any obligation, in respect of which any Guarantor has given a guarantee, promise, or indemnity under Paragraph 1 (Joint and Several Guarantee) of this Article
- (e) Its right to exercise any right of set-off against any Obligor
- (f) Its right to claim or prove as a creditor of any Obligor in competition with any Finance Party in respect to the Loan (including guarantee and security related to the Loan) set forth in the Loan Related Documents

9. Release of Guarantors' Right of Contribution

If any Guarantor (a "**Retiring Guarantor**") loses its status as a Guarantor in any sale or other disposal of such Retiring Guarantor in accordance with the terms of the Loan Related Documents, then on the date such Retiring Guarantor loses its status as a Guarantor

- (a) that Retiring Guarantor will be released by each other Guarantor from any liability (whether past, present, or future and whether actual or contingent) to make a payment to any other Guarantor arising by reason of the performance by any other Guarantor of its obligations under the Loan Related Documents and
- (b) each other Guarantor will be considered to have waived any rights it may have by reason of the performance of its obligations under the Loan Related Documents to take the benefit (in whole or in

part and whether by way of subrogation or otherwise) of any rights of the Finance Parties under any Loan Related Document or of any other security taken pursuant to, or in connection with, any Loan Related Document. However, that only applies where such rights or security are granted by or in relation to the assets of the Retiring Guarantor.

10. Additional Security

The Guarantee is in addition to and is not in any way prejudiced by any other guarantee or security now or subsequently held by any Finance Party.

11. Guarantee Limitations

- (a) The Guarantee does not apply to any liability if it would result in the Guarantee constituting unlawful financial assistance within the applicable provisions under the laws of the jurisdiction of incorporation of the relevant Guarantor and, with respect to any Scheduled Additional Guarantor, is subject to any limitations set out in the Guarantor Accession Letter or the Foreign Guarantee Agreement applicable to the Scheduled Additional Guarantor.
- (b) In applying the provisions of (a) above, if the Guarantee does constitute unlawful financial assistance, then the relevant Guarantor shall use reasonable efforts to promptly complete any procedures (if any are available) for making it constitute lawful financial assistance under the laws of the jurisdiction of incorporation of the relevant Guarantor.

Article 7.2 Offer of Guarantee

1. Granting of Guarantee by Scheduled Original Guarantor

The Borrower shall cause each Scheduled Original Guarantor to act as follows by the guarantee granting deadline set out with regard to the respective Scheduled Original Guarantor in the following table (that guarantee granting deadline will be extended with the approval of the Majority Lenders (66.7%), but for jurisdictions where it is determined that it is difficult to act within the corresponding period below due to legal or practical restrictions, the Majority Lenders (66.7%) will not unreasonably refuse to extend that guarantee granting deadline).

However, if (1) a Scheduled Original Guarantor is not a wholly owned subsidiary directly or indirectly owned by the Borrower, this will apply only if other shareholders consent in writing to such Scheduled Original Guarantor becoming a Guarantor (the Borrower shall make reasonable efforts to obtain that consent). Further, (2) if any member of the Group is a foreign corporation (excluding AL Reutlingen and MM US), this will apply only if it is legally and practically reasonably possible in light of the laws of the jurisdiction of formation of such entity, and if it is not legally and practically reasonably possible in light of the laws of the jurisdiction of formation of such entity (including if, in spite of efforts to a reasonable extent to obtain permission in the period of 180 days after the execution date of the Foreign Guarantee Agreement, permission cannot be obtained by the last day of that period and an explanation with details that are reasonably satisfactory to the Majority Lenders (66.7%) is provided), it will not be a breach of this Paragraph or any Loan Related Documents even if the following matters are not carried out and the legality, validity, and enforceability of the guarantee in accordance with (a) below are denied, invalid, or revoked.

The Borrower shall cause an Important Group Company that becomes a member of the Group after the Closing Date to act as set out below in accordance with the Agreed Security Principles within 20 Business Days (Tokyo) after the date of submission of the Compliance Certificate showing the date of acquisition or incorporation or the fact that it has become an Important Group Company (however, if, and only if, the Important Group Company acquired or incorporated in a country other than Japan becomes a member of the Group after the Closing Date and the Borrower and the Agent agree that it is legally or practically difficult for the Important Group Company to provide guarantee within a period of 20 Business Days (Tokyo), that period will be extended). (However, if the Important Group Company is not the Borrower's direct or indirect wholly owned Subsidiary, written consent must be obtained from the other shareholders regarding the member of the Group becoming a Guarantor. With regard to Subsidiaries that fall under the definition in Item (b) of the Important Group Company (but excluding listed Subsidiaries and their Subsidiaries)—if the Borrower has received a request from Majority Lenders (66.7%), the Borrower shall make reasonable practical efforts to obtain the approval of the other shareholders within the scope reasonably confirmed by the Subsidiary as not materially hindering the Subsidiary's business or the relationship with other shareholders. (The Borrower is required to give an explanation to the Lenders regarding the reasonability of the Subsidiary's decision.)) This granting of guarantee is subject to Article 10.1, Paragraph 7 ("Know Your Customer" Checks), Items (c) and (d). However, if any member of the Group is a foreign corporation, this will apply only if it is legally and practically reasonably possible in light of the laws of the jurisdiction of formation of such entity, and if it is not legally and practically reasonably possible in light of the laws of the jurisdiction of formation of such entity (including if, in spite of efforts to a reasonable extent to obtain permission in the period of 180 days after the execution date of the Foreign Guarantee Agreement, permission cannot be obtained by the last day of that period and an explanation is given with details that are reasonably satisfactory to the Majority Lenders (66.7%)), it will not be a breach of this Paragraph or any Loan Related Documents even if the following matters are not carried out and the legality, validity, and enforceability of the guarantee in accordance with (a) below are denied, invalid, or revoked.

- (a) To participate as a Scheduled Additional Guarantor by submitting the Guarantor Accession Letter to the Agent after preparing it substantially in the form set out in Schedule 7 (Form of Guarantor Accession Letter) (provided, however, in case of foreign wholly owned Subsidiaries, by executing the Foreign Guarantee Agreement), and submitting one original of the documents listed in Items (a)(i) through (vi) of Paragraph 1 (provided, however, in case of foreign wholly owned Subsidiaries, it will be sufficient if documents equivalent to such documents that are reasonably satisfactory to the Agent are submitted in light of the cost of obtaining such documents) to the Agent by the date of submission of that Guarantor Accession Letter. Upon receiving those documents, the Agent shall deliver them (or copies of them) to all Lenders without delay.

Article 7.3 Guarantor Coverage Test

- (a) In accordance with the Agreed Security Principles, the Borrower shall, after the Closing Date, maintain the total amount of Non-Consolidated EBITDA of (i) the Borrower, (ii) the Scheduled Original Guarantor and the Scheduled Additional Guarantor (provided that, both exclude (a) parties determined as, legally or practically, being unable to grant the Guarantee and (b) parties that have not granted the Guarantee by the Guarantee grant deadline set out in this Agreement and do not fall under a Guarantor), and (iii) Guarantors other than those in (ii) at 90% or more of the total amount of Non-Consolidated EBITDA of each member of the Group ("**Guarantor Coverage Test**"). However, the coverage test is determined after excluding members of the Group for which the granting of a guarantee is practically difficult due to restrictions under Law (Mexican Subsidiaries that are Subsidiaries of US Subsidiaries, Indian Subsidiaries, Slovakian Subsidiaries, Turkish Subsidiaries and Tokyo Radiator MFG. Co., Ltd. (TRS), and Subsidiaries that are not wholly-owned Subsidiaries and regarding which consent has not been obtained from the other shareholders fall under members of the Group for which the granting of a guarantee is practically difficult as of the execution date of the Amendment Agreement; in addition, if it becomes practically possible for any of the above companies to grant a guarantee on or after the execution date of the Amendment Agreement due to a change in the Law or the practice in the relevant jurisdiction, or a change of shareholder composition from that date, that member of the Group will not be excluded from the calculation in the Guarantor Coverage Test. Further, with respect to Calsonic Kansei (Thailand) Co., Limited (CKT), if the obligation to grant guarantee is discharged due to failure to obtain license in accordance with Article 7.2, Paragraph 1 (Granting of Guarantee by Scheduled Original Guarantor), (3), it falls under members of the Group for which the granting of a guarantee is practically difficult.) from the denominator in the calculation.
- (b) Compliance with the Guarantor Coverage Test is to be tested annually after the Closing Date (after the period has passed that is practically necessary for the offer of guarantee) on the basis of the Annual Consolidated Financial Statements.
- (c) If an Event of Default occurs and is continuing, the Borrower shall, at the request of the Majority Lenders (66.7%), conduct the Guarantor Coverage Test on an ad-hoc basis. The record date and measurement method for the Guarantor Coverage Test and other matters in this case are to be determined upon good faith consultation.
- (d) If a Permitted Acquisition, Permitted Disposition, or Permitted Reorganization is conducted and it is reasonably considered that it is possible the Guarantor Coverage Test will not be complied with, then the Borrower shall, at the request of the Majority Lenders (66.7%), conduct the Guarantor Coverage Test on an ad-hoc basis. The record date and measurement method for the Guarantor Coverage Test and other matters in this case are to be determined upon good faith consultation.

- (e) If the Non-Consolidated EBITDA of a Guarantor in relation to the determination of compliance with (a) above results in a negative value, the Non-Consolidated EBITDA of that Guarantor will be deemed to be zero.
- (f) Notwithstanding the aforementioned matters, the Guarantor Coverage Test does not apply to the Fiscal Year in which the Amendment Requirements effective date occurs and the subsequent Fiscal Years. However, if the Restoration Requirements have been satisfied, the Guarantor Coverage Test applies again to the Fiscal Year in which the Restoration Requirements effective date occurs and the subsequent Fiscal Years. The same applies thereafter.

- (k) Service of an order for provisional attachment, preservative attachment, or attachment is received with respect to loan claims under this Agreement.

7. “Know Your Customer” Checks

- (a) If
 - (i) the introduction of or a change in a law or regulation (or interpretation, administration, or application thereof) made after the execution date of the Amendment Agreement,
 - (ii) a change in the status of an Obligor or the composition of the shareholders of an Obligor after the execution date of the Amendment Agreement, or
 - (iii) an assignment of a right or transfer of an obligation under this Agreement proposed by a Lender to a party that is not a Lender prior to that assignment or transfer

- (d) If after the giving of a notice under (c) above the accession of the Scheduled Additional Guarantor obligates the Agent or a Lender to carry out “know your customer” or similar identification procedures in circumstances where the necessary information is not available to it, the Borrower shall, promptly at the request of the Agent or Lender, supply or procure the supply of such documentation and other

evidence as is reasonably requested by the Agent (for itself or on behalf of a Lender), or a Lender (for itself or on behalf of a prospective new Lender) in order for the Agent, Lender, or prospective new Lender so obligated to carry out and be able to comply with all necessary “know your customer” or other similar checks in accordance with all Law and regulations applicable with respect to the accession of that Subsidiary to this Agreement as an Scheduled Additional Guarantor.

Article 10.2 Financial Covenants

1. Financial Covenants

The Borrower shall comply with the following matters. In addition, if there are Financial Covenants set out in the Pre-Amendment Agreement with a day on or before the execution date of the Amendment Agreement as the record date, the Borrower confirms that compliance with the Financial Covenants on and after the execution date of the Amendment Agreement forms an obligation under this Agreement.

(a) Senior Gross Leverage Ratio

- (i) Starting with the period ending December 31, 2025 as the first Relevant Period, the Senior Gross Leverage Ratio relating to a Relevant Period ending on each Fiscal Year must not exceed the values set out below; provided that, if the Senior Gross Leverage Ratio for the Relevant Period ending on 2 consecutive Fiscal Years exceeds the value in the table below, that constitutes a breach of this Item (a).

Relevant Period (period ending)	Senior Gross Leverage Ratio
December 31, 2025	$\alpha \leq 7.0$
December 31, 2026	$\alpha \leq 6.5$
December 31, 2027	$\alpha \leq 6.0$

- (ii) Notwithstanding (i) above, if the Senior Gross Leverage Ratio exceeds the value in the table in (i) above in the Relevant Period ending on the Fiscal Year and even if the Senior Gross Leverage Ratio calculated in accordance with Schedule 10 (Definitions of Terms Relating to Financial Covenants) exceeds the value in the table in (i) above in the Relevant Period ending on the last day of the immediately following Fiscal Year, if any of the following indices reasonably selected by the Borrower (the “**Adjusted Senior Gross Leverage Ratio**”) does not exceed the value in the table in (i) above, it will be deemed that it is not in breach with this Item (a) (in that case, the Relevant Period in which that Adjusted Senior Gross Leverage Ratio is applied, the “**Revised SGLR Application Period**” and the Relevant Period ending on the last day of the immediately following Fiscal Year, the “**Subsequent Revised SGLR Application Relevant Period**”). In such case, the calculation process for the Senior Gross Leverage Ratio, as well as the calculation process for the applied Adjusted Senior Gross Leverage Ratio following the Senior Gross Leverage Ratio calculation method, and materials and explanations that allow the Lenders to confirm the reasonableness of using the Adjusted Senior Gross Leverage Ratio (if (B) or (C) below is selected, including, with regard to foreign exchange, an explanation that determines the Group’s regular ability to earn revenue, taking into consideration the hedging policies already submitted in accordance with this Agreement and the situation regarding hedging transactions, and the submission of the grounds for calculation of the FY Average Rate and evidence thereof) must be specified in the Compliance Certificate.

- (A) The Revised Senior Gross Leverage Ratio calculated in accordance with Schedule 10 (Definitions of Terms Relating to Financial Covenants)
- (B) The Gross Leverage Ratio calculated in accordance with Schedule 10 (Definitions of Terms Relating to Financial Covenants) after substituting the amount of the Consolidated EBITDA in the Relevant Period with the amount converted into Japanese yen using the FY Average Rate in the Fiscal Year reasonably set out by the Group (the “**FY Average Rate**”) (that adjusted Senior Gross Leverage Ratio, the “**Exchange Adjusted Senior Gross Leverage Ratio**”)
- (C) The Revised Senior Gross Leverage Ratio calculated in accordance with Schedule 10 (Definitions of Terms Relating to Financial Covenants) after substituting the amount of the Revised Consolidated EBITDA in the Relevant Period with the amount converted into Japanese yen using the FY Average Rate (that adjusted Revised Gross Leverage Ratio, the “**Exchange Adjusted Revised Senior Gross Leverage Ratio**”) (this method (C) may only be selected if this Item (a) cannot be complied with by selecting method (A) or (B))
- (iii) For the avoidance of doubt, even if a breach of the Financial Covenants set out in this Item (a) is avoided due to the application of the Adjusted Senior Gross Leverage Ratio, it will be deemed that the application of the compliance of Financial Covenants set out in this Item (a) in the Subsequent Revised SGLR Applicable Relevant Period first breached the Senior Gross Leverage Ratio reference values set out in this Item (a) in the Revised SGLR Application Period (i.e., if there is a breach with the reference value of the Senior Gross Leverage Ratio set out in this Item (a) in the Subsequent Revised SGLR Application Relevant Period, it will be deemed that there was a breach for 2 consecutive Fiscal Years).

(b) ICR

- (i) With the period ending December 31, 2025 as the first Relevant Period, the ICR relating to a Relevant Period ending on each Fiscal Year must not be less than the figure stated in the below table; provided that, if the ICR for the Relevant Period ending on 2 consecutive Fiscal Years be less than the figure stated in the below table, that constitutes a breach of this Item (b).

Relevant Period	ICR
Fiscal Year ending December 31, 2025	$\beta \geq 2.00$
Fiscal Year ending December 31, 2026	$\beta \geq 2.00$
From Fiscal Year ending December 31, 2027	$\beta > 2.00$

- (ii) Notwithstanding (i) above, if the ICR is less than the figure in the table in Item (i) above in the Relevant Period ending on the Fiscal Year and even if the ICR calculated in accordance with Schedule 10 (Definitions of Terms Relating to Financial Covenants) is less than the figure in the table in Item (i) above in the Relevant Period ending on the last day of the immediately following Fiscal Year, if any of the following indices reasonably selected by the Borrower (the “**Adjusted**

ICR”) is not less than the figure in the table in Item (i) above, it will be deemed that it is not in breach of this Item (b) (in that case, the Relevant Period in which that Adjusted ICR is applied; the “**Revised ICR Application Period**” and the Relevant Period ending on the last day of the immediately following Fiscal Year, the “**Subsequent Revised ICR Application Relevant Period**”). In such case, the calculation process for the ICR, as well as the calculation process for the applied Adjusted ICR following the ICR calculation method, and materials and explanations that allow the Lenders to confirm the reasonableness of using the Adjusted ICR (including, without limitation, allowing the Lenders to confirm the ability to repay debts under this Agreement) (if (B) or (C) below is selected, including, with regard to foreign exchange, an explanation that determines the Group’s regular ability to earn revenue, taking into consideration the hedging policies already submitted in accordance with this Agreement and the situation regarding hedging transactions, and the submission of the grounds for calculation of the FY Average Rate and evidence thereof) must be specified in the Compliance Certificate.

- (A) The Revised ICR calculated in accordance with Schedule 10 (Definitions of Terms Relating to Financial Covenants)
- (B) The ICR calculated in accordance with Schedule 10 (Definitions of Terms Relating to Financial Covenants) after substituting the amount of Consolidated EBITDA in such Relevant Period with the amount converted into Japanese yen using the FY Average Rate (the “**Exchange Adjusted ICR**”)
- (C) The Revised ICR calculated in accordance with Schedule 10 (Definitions of Terms Relating to Financial Covenants) after substituting the amount of Revised Consolidated EBITDA in such Relevant Period with the amount converted into Japanese yen using the FY Average Rate (the “**Exchange Adjusted Revised ICR**”) (this method (C) may only be selected if this Item (a) cannot be complied with by selecting method (A) or (B))

(iii) For the avoidance of doubt, even if a breach of the Financial Covenants set out in this Item (b) is avoided due to the application of the Adjusted ICR, it will be deemed that the application of the compliance of Financial Covenants set out in this Item (b) in the Subsequent Revised ICR Applicable Relevant Period first breached the ICR reference values set out in this Item (b) in the Revised ICR Application Period (i.e., if there is a breach with the reference value of the ICR set out in this Item (b) in the Subsequent Revised ICR Application Relevant Period, it will be deemed that there was a breach for 2 consecutive Fiscal Years).

(iv) Notwithstanding the aforementioned matters, the ICR calculation and test under this Item do not apply to the Relevant Period ending each Fiscal Year in which the effective date of the Amendment Requirements occurs. However, if the Restoration Requirements are satisfied, the ICR calculation and test under this Item (b) are re-applied to the Relevant Period ending on each Fiscal Year in which the effective date of the Restoration Requirements occurs and each subsequent Relevant Period. The same applies thereafter.

(c) Capital Expenditure restrictions

- (i) The aggregate Capital Expenditure of the Group (a) for the twelve-months period ending on December 31, 2019 and (b) each subsequent Fiscal Year (in this Item (c), (a) and (b) above are, individually or collectively, the “**Relevant Fiscal Year**”) (or its equivalent in another currency calculated at an exchange rate as of the last day of the immediately preceding Fiscal Year of the Relevant Fiscal Year (however, unless otherwise stated in this Agreement, if the Relevant Fiscal

Year is the twelve-months period ending on December 31, 2019, the immediately preceding Fiscal Year means the Fiscal Year ending on March 31, 2019 and if the Relevant Fiscal Year is the Fiscal Year ending on December 31, 2020, the immediately preceding Fiscal Year means the twelve-months period ending on December 31, 2019) (in this Paragraph, the “**Prior Fiscal Year**”) that the Group used in the financial statements of the Prior Fiscal Year) must not exceed 90,000 million yen.

- (ii) If in the Prior Fiscal Year the amount of the Capital Expenditure was less than the amount permitted for that Prior Fiscal Year (provided that, if the Prior Fiscal Year is the Fiscal Year ending March 31, 2019, the amount permitted for the Fiscal Year ending March 31, 2019 in the Original Agreement) (that difference becomes the Unused Amount of Capital Expenditure), then the permitted amount set out in Item (i) above for that Relevant Fiscal Year will, for the purpose of that Relevant Fiscal Year only, be increased by that Unused Amount of Capital Expenditure (in this Item (c), the “**Carry Forward Amount**”). However, the Carry Forward Amount when Capital Expenditure was made in a currency other than Japanese Yen during the Prior Fiscal Year is the Unused Amount of Capital Expenditure calculated by converting that Capital Expenditure into Japanese Yen at an exchange rate as of the last day of the Prior Fiscal Year (if any) (if that unused amount is less than 0, then 0). In any Relevant Fiscal Year, the original amount specified in the Item (i) above is to be used before any Carry Forward Amount carried forward into that Relevant Fiscal Year from the Prior Fiscal Year, and no amount carried forward into a Relevant Fiscal Year may be carried forward into a subsequent Fiscal Year.
- (iii) In respect of any Relevant Fiscal Year, up to 50% of the permitted amount set out in Item (i) above for the next Fiscal Year (in this Item (c), the “**Next Fiscal Year**”) may be carried back to the Relevant Fiscal Year (in this Item (c), the “**Carry Back Amount**”). If any amount is so carried back, the permitted amount set out in Item (i) above for that Relevant Fiscal Year will, for the purpose of that Relevant Fiscal Year only, be increased by the Carry Back Amount, and the permitted amount set out in Item (i) for the Next Fiscal Year will be reduced by the Carry Back Amount. In any Relevant Fiscal Year, the original permitted amount specified in Item (i) above and any Carry Forward Amount carried forward into that Relevant Fiscal Year from the Prior Fiscal Year are to be used before any Carry Back Amount carried back to that Relevant Fiscal Year. Further, when it is necessary to convert Carry Back Amount under this Item (iii) into currency other than Japanese Yen, an exchange rate at the last day of the Prior Fiscal Year of relevant fiscal year that the Group used in financial statements of the Prior Fiscal Year will be applied.
- (iv) The permitted amount set out in Item (i) above for a Relevant Fiscal Year is to be increased by the amount equal to 100% of the amount of the Retained Excess Cash Flow for the Prior Fiscal Year (however, if the Relevant Fiscal Year is the Fiscal Year ending on December 31, 2020, the Prior Fiscal Year means the Fiscal Year ending on December 31, 2019, regardless of the definition of the “Prior Fiscal Year” set out in (i) above) (in this Item (c), the “**Retained Excess Cash Flow Carry Back Amount**”). In any Relevant Fiscal Year, the original permitted amount specified in Item (i) above and any Carry Forward Amount carried forward into that Relevant Fiscal Year from the Prior Fiscal Year are to be used before any Retained Excess Cash Flow Carry Back Amount for the Prior Fiscal Year (however, if the Relevant Fiscal Year is the Fiscal Year ending on December 31, 2020, the Prior Fiscal Year means the Fiscal Year ending on December 31, 2019, regardless of the definition of the “Prior Fiscal Year” set out on (i) above). However, if the

reference value for the Financial Covenants in the most recent Relevant Period is not achieved (in Article 10.2, Paragraph 1 (Financial Covenants), Item (a), determined without taking into consideration the Revised Senior Gross Leverage Ratio and the Adjusted Senior Gross Leverage Ratio, and in Article 10.2, Paragraph 1, Item (b), determined without taking into consideration the Revised ICR and the Adjusted ICR; including if any such ratio does not reach 1 occurrence, and there is an equity cure), the Retained Excess Cash Flow Carry Back Amount will not be increased if the Financial Covenants are not satisfied in relation to the next Relevant Period.

- (v) Notwithstanding (i) through (iv) above, Capital Expenditure of the Group to be implemented with proceeds from New Shareholder Injections (excluding amounts used in the equity cure under Paragraph 2, Item (c) (Equity Cure) of this Article and proceeds pertaining to the Business Rehabilitation Additional Contribution) will not be deemed to be Capital Expenditure that used any of the permitted amounts (which includes the permitted amounts after any increase) provided for above.
- (vi) Notwithstanding (i) through (v) above, (X) the Group may make Capital Expenditure (provided that, only within the period from the Execution Date of the Original Agreement to the last day of March 2019 and limited to the aggregated amount of 2.0 billion yen) for the purpose of the investment on the IT and system that will be necessary in association with the departing from the Subsidiary of the CK Seller and (Y) the Group may carry out the Capital Expenditure (MM Stand-Alone Basis), and (Z) the Capital Expenditure set out in the (X) and (Y) above will not be deemed to be Capital Expenditure that used any of the permitted amounts (which includes the permitted amounts after any increase) provided in (i) through (v) above. However, the permitted amounts for Capital Expenditure for the purpose of the investment on the IT and system pursuant to this Item (vi) shall be able to be used only after the usage of all of the permitted amounts for the Relevant Fiscal Year set out in (i) above.
- (vii) The applicable amounts of the Capital Expenditure restrictions will all be managed in Japanese yen, and the method for currency conversions will be in accordance with generally accepted accounting standards.
- (viii) Notwithstanding the preceding Items, Capital Expenditure restrictions under this Item do not apply from the Fiscal Year in which the effective date of the Amendment Requirements occurs. However, if the Restoration Requirements have been satisfied, Capital Expenditure restrictions under Item (c) will apply again from the Fiscal Year in which the effective date of the Restoration Requirements occurs. The same applies thereafter.

(d) (Intentionally deleted)

(e) (Intentionally deleted)

(f) Explanation of turnaround plan

If the Senior Gross Leverage Ratio set out in Item (a) above exceeds the value in Item (a) above or the ICR set out in Item (b) above is less than the figure in Item (b) above, with respect the Relevant Period ending on a Fiscal Year, the Borrower shall explain to the Lenders in good faith the factorial analysis and the turnaround including a specific and feasible review of the Business Plans for the remedy of the above event, and the Borrower shall submit a revised version of the Business Plans that are reasonably satisfactory to the Majority Lenders (66.7%) within 1 Month from the submission deadline of the Compliance Certificate in relation to that Relevant Period. After that, in the period until the above event is resolved, the Borrower shall submit materials regarding the change in performance or the financial

situation following a request by the Lenders as promptly as practically possible. Further, if the above event has arisen, the Group shall, following a request by the Majority Lenders (66.7%), (x) take the procedures necessary to complete the registration of the Security (including, without limitation, provisional registration) for which perfection has been reserved and (y) the Group shall consult in good faith regarding additional security, except where restricted by Law.

2. Financial Testing

- (a) Subject to Item (c) below, the Financial Covenants provided for in Paragraph 1 (Financial Covenants) of this Article must be calculated in accordance with IFRS (however, the Financial Covenants whose Relevant Period is a period prior to the Relevant Period ending on March 31, 2021 must be calculated in accordance with JGAAP) and tested by reference to each of the financial statements delivered in accordance with Article 10.1, Paragraph 1 (Financial Statements and Other Such Documents for Regular Submission), Items (a) and (c), and each Compliance Certificate delivered in accordance with Article 10.1, Paragraph 2 (Submission of Compliance Certificate). The Financial Covenants whose Relevant Period is a period prior to the Relevant Period ending on March 31, 2021 shall be calculated in accordance with this Agreement as effective immediately before the execution of and notwithstanding the amendments to this Agreement made by the 8th Amendment Agreement Regarding Facility Agreement] as of month day, 2021 between (i) the Borrower, (ii) Mizuho Bank, Ltd., Sumitomo Mitsui Banking Corporation, MUFG Bank, Ltd., and Sumitomo Mitsui Trust Bank, Limited, as the Mandated Lead Arrangers and the Lenders, (iii) Development Bank of Japan Inc., as the Existing Lender, (iv) Resona Bank, Limited., as the Additional Arranger and the Existing Participating Lender, (v) Mitsubishi HC Capital Inc. (the trade name at the time of the execution of the amendment agreement: Mitsubishi UFJ Lease & Finance Company Limited), The Dai-ichi Life Insurance Company, Limited, Aozora Bank, Ltd., and Nippon Life Insurance Company, as the Existing Participating Lenders, (vi) Saitama Resona Bank, Limited and DBS Bank Ltd., as the Additional Arrangers and the Lenders, (vii) The Norinchukin Bank, Mizuho Leasing Company, Limited (the trade name at the time of the execution of the agreement: IBJ Leasing Company, Limited), Shinsei Bank, Limited, Tokyo Branch of Bank of China Ltd., The Bank of Yokohama, Ltd., NEC Capital Solutions Limited, and The Joyo Bank, Ltd., as the New Participating Lenders, (viii) the Agent, and (ix) the Coordinator.
- (b) (Intentionally deleted)
- (c) Equity cure
 - (i) The Borrower may, in accordance with and to the extent set out in this Item (c), cure or prevent a breach of the Financial Covenants, and if such a breach is so cured or prevented, the following provisions will apply.
 - (A) If the breach is cured in accordance with this Item (c), the Event of Default that arose because of the breach will be deemed not to have arisen (except for with respect to the application of Article 2.3 (Conditions Precedent to Utilization) until the breach is cured).
 - (B) The Event of Default that would have arisen if the breach had not been prevented will not arise.
 - (C) Even if a breach of the Senior Gross Leverage Ratio or the ICR set out in this Item (c) is cured or avoided in a Relevant Period, it will be deemed that the application of Article 10.2, Paragraph 1, Item (a) or (b) in the Relevant Period ending on the last day of the immediately following Fiscal Year (the “**Relevant Period Post-Equity Cure**”) first is in breach of the reference values for the financial indices set out in those Items (a) and (b)

in the immediately preceding Relevant Period (i.e., if there is a breach of the reference values for the financial indices set out in Item (a) or (b) in the Relevant Period Post-Equity Cure, it will be deemed that there was a breach for 2 consecutive Fiscal Years).

- (ii) A breach of a Financial Covenant may be prevented (in this Item (c), “**Prevented**”), or will be deemed to have been cured (in this Item (c), “**Cured**”), by the receipt by the Group of the proceeds of a New Shareholder Injection made on or after the Additional Facility Loan Utilization Date; provided that, this only applies where the aggregate amount of those proceeds are sufficient such that if the Financial Covenants are calculated as of the relevant last day of the Fiscal Year including that New Shareholder Injection (or, in the case of a Cure, recalculated as if the New Shareholder Injection had been made during the applicable Relevant Period), the Financial Covenants would have been complied with (the minimum amount necessary to satisfy this Financial Covenant, the “**Equity Cure Base Amount**”). The full amount of the New Shareholder Injection will be treated as provided for in (A) or (B) below, at the option of the Borrower.

(A) for the purpose of Curing or Preventing a breach of the Senior ICR,

- (i) of the proceeds from the New Shareholder Injection equal to or more than the amount corresponding to the Equity Cure Base Amount, the amount applied in accordance with the repayment currency of each Term Loan set out in accordance with (ii) below will be deposited into the Equity Cure Reserve Account that corresponds to that repayment currency within 10 Business Days (Tokyo and Target) after the submission date of the Compliance Certificate relating to the Relevant Period for that Senior ICR, and
- (ii) on the condition that those proceeds will be applied to the prepayment of the Facility A Loan, the Facility C Loan, and the Facility E Loan (the method of application to the prepayment of the Facility A Loan, the Facility C Loan, and the Facility E Loan is in accordance with Article 4.3, Paragraph 4 (Application of Mandatory Prepayments), Item (b); in that case, in Article 4.3, Paragraph 4 (Application of Mandatory Prepayments), Item (b), “Mandatory Prepayment Base Amount” will be read as “Equity Cure Base Amount”, and “Date of Grounds for Mandatory Prepayment” will be read as “execution date of New Shareholder Injections”; after the Facility A Loan, the Facility C Loan, and the Facility E Loan are repaid in full, the proceeds will be applied to the Facility B Loan, the Facility D Loan, the Facility F Loan, the Revolving A Loan, and the Revolving B Loan, and the application method is in accordance with Article 4.3, Paragraph 4 (Application of Mandatory Prepayments)) on the last day of the Interest Period occurring immediately after the date which is 15 Business Days (Tokyo and Target) after the submission date of the Compliance Certificate relating to the Relevant Period for that Senior ICR, it will be deemed that the amount of the proceeds from the New Shareholder Injection applied to that prepayment was received on the first day of the corresponding Relevant Period for the purpose of calculating or recalculating Consolidated Interest Expense upon the calculation of the Financial Covenants and that such proceeds were applied to the performance of the obligations arising due to such interest (and it

will be deemed that such amount of reduction was applied to the Facility in order to reduce the Consolidated Interest Expense for such Relevant Period).

- (B) for the purpose of Curing or Preventing a breach of the Senior Gross Leverage Ratio,
 - (i) of the proceeds from the New Shareholder Injection equal to or more than the amount corresponding to the Equity Cure Base Amount, the amount applied in accordance with the repayment currency of each Term Loan set out in accordance with (ii) below will be deposited into the Equity Cure Reserve Account in the corresponding repayment currency within 10 Business Days (Tokyo and Target) after the submission date of the Compliance Certificate relating to the Relevant Period for that Senior Gross Leverage Ratio, and
 - (ii) on the condition that those proceeds will be applied to the prepayment of the Facility A Loan, the Facility C Loan, and the Facility E Loan (the method of application to the prepayment of the Facility A Loan, the Facility C Loan, and the Facility E Loan is in accordance with Article 4.3, Paragraph 4 (Application of Mandatory Prepayments), Item (b); in that case, in Article 4.3, Paragraph 4 (Application of Mandatory Prepayments), Item (b), “Mandatory Prepayment Base Amount” will be read as “Equity Cure Base Amount”, and “Date of Grounds for Mandatory Prepayment” will be read as “execution date of New Shareholder Injections”; after the Facility A Loan, the Facility C Loan, and the Facility E Loan are paid in full, the proceeds will be applied to Facility B Loan, the Facility D Loan, the Facility F Loan, the Revolving A Loan, and the Revolving B Loan, and the application method is in accordance with Article 4.3, Paragraph 4 (Application of Mandatory Prepayments)) on the last day of the Interest Period occurring immediately after the date which is 15 Business Days (Tokyo and Target) after the submission date of the Compliance Certificate relating to the Relevant Period for that Senior Gross Leverage Ratio, the amount of the proceeds from the New Shareholder Injection applied to that prepayment on the first day of the corresponding Relevant Period for the purpose of the calculation or the recalculation of the consolidated interest expense in the calculation of the Financial Covenants is to be deemed to have been received and applied to the repayment of those obligations that accrue interest (the amount of that reduction is to be deemed to have been applied to the Facility so as to reduce Consolidated Interest Expenses for that Relevant Period).
- (iii) In order to Cure a breach of the Financial Covenants, the Group must receive the relevant New Shareholder Injection within 10 days (which excludes any grace period applicable to delivery of that Compliance Certificate) after the date on which the Compliance Certificate disclosing the breach was required to be delivered to the Agent. For the avoidance of doubt, the Financial Covenants may not be Cured or Prevented by adding part of the New Shareholder Injection to Consolidated EBITDA.
- (iv) The Borrower’s power to Prevent or Cure breaches of the Financial Covenants is subject to the following restrictions.
 - (A) The Borrower may not Prevent or Cure breaches of the Financial Covenants under this Item (c) in respect of consecutive Relevant Periods ending on a Fiscal Year.

- (B) The Borrower may Prevent or Cure a breach of the Financial Covenants under this Item (c) not to exceed 3 times over the life of the Facility.
- (v) For the avoidance of doubt, notwithstanding (iv) above, the Borrower's power referred to in (iv) above is subject to the following provisions.
 - (A) A New Shareholder Injection made in (or, in the case of a Cure, in respect of) any Quarterly Period must be included in the Financial Covenants calculations until such time as that Quarterly Period falls outside the Relevant Period.
 - (B) The amount of a New Shareholder Injection may exceed the amount necessary to Prevent or Cure a breach of the Senior Gross Leverage Ratio only if the excess is applied to prepayment of the Facility.

Further, the procedures for assigning its status may be practically revised from the point of view of the Agent’s business practice upon consultations in good faith with the Borrower so as the Obligors are not adversely affected.

In

that case, the Guarantor will acknowledge and consent in advance to the assignment of the status under the Loan Related Document and the transfer, partial assignment, or recreation of the Security (including the fact that the Security that transfers to the Assignee in connection with that partial assignment has the same ranking as the Security of other Lenders) and shall cooperate with respect to (a) the perfection procedures required for the assignment of the status under the Loan Related Documents and the transfer, partial assignment, and recreation of the Security, (b) changes to the scope of secured claims, and (c) any other procedures whatsoever. - (a) the Recovering Finance Party shall, within 3 Business Days (Tokyo), notify the Agent of the details of the receipt or recovery,
- (b) the Agent shall determine whether the receipt or recovery is in excess of the amount the Recovering Finance Party would have been paid had the receipt or recovery been received or made by the Agent

- (b) the relevant Obligor will be liable to the Selling Finance Party for any such Interest Amount.

3. **Exceptions**

- (a) This Article does not apply to the extent that the Recovering Finance Party would not, after making any payment under this Article, have a valid and enforceable claim against the relevant Obligor.
- (b) A Recovering Finance Party is not obligated to share with any other Finance Party any amount the Recovering Finance Party has received or recovered as a result of taking litigation or arbitration proceedings if

 - (ii) the other Finance Parties had an opportunity to participate in those litigation or arbitration proceedings but did not do so to a reasonable extent as promptly as practically possible after receiving notice and did not take separate litigation or arbitration proceedings.

4. **Perfection of Purchase**

If a purchase under Paragraph 1 (Payments to Finance Parties) of this Article or a repurchase under Paragraph 2 (Reversal of Redistribution) of this Article is made, each Sharing Finance Party, acting through the Agent (in the case of Paragraph 1 (Payments to Finance Parties) of this Article), or the Recovering Finance Party, acting through the Agent (in the case of Paragraph 2 (Reversal of Redistribution) of this Article), shall at the cost and expense of the Borrower perfect that sale or resale by giving written notice bearing a date certified by a notary

- (b) Payment shall be made to the Agent Account or, if designated otherwise by the Agent, an account in the principal financial center of the country of that currency established with such bank as the Agent specifies. In that case, the Indebtedness the Obligor owes to the Agent or the Lender will be deemed to have been performed at the time of the deposit into the Agent Account.
- (c) Except for where provided otherwise in the Loan Related Documents, if the Borrower or the Guarantor pays a Loan-related Indebtedness directly to a Lender other than the Agent contrary to (b) above, that payment may not be considered to be performance of the Indebtedness under the Loan Related Documents. In that case, the Lender who received the payment shall immediately pay the received money to the Agent, and the Indebtedness relating to that money will be deemed to have been performed when the Agent takes receipt of the money.
- (d) Neither the Borrower nor the Guarantor may perform any Indebtedness under the Loan Related Documents through substitute performance without the prior consent of the Agent and all Lenders obtained through the Agent.

2. Distributions by the Agent

- (a) Each payment received by the Agent under the Loan Related Documents on behalf of another Party shall, subject to Paragraph 3 (Distributions to Obligors) and Paragraph 4 (Clawback) of this Article, be paid by the Agent, as promptly as practically possible after receipt, to the Party entitled to receive payment in accordance with this Agreement (in the case of a Lender, at the expense of its Facility Office), and the Agent shall make the payment to an account at a bank in the principal financial center of the country of that currency, which that Party shall notify the Agent of by not less than 5 Business Days’ (Tokyo and Target) notice.
- (b) The Agent may make distributions to the Lenders by the Advance Payment (provided however, the Agent shall not be obliged to do so.). Such Advance Payment shall not be deemed as a performance of the Indebtedness of the Borrower. If the Borrower has not performed the Indebtedness regarding such Advance Payment by the due date of the Indebtedness of this Agreement, the Lenders that was paid the distribution with the Advance Payment pursuant to this (b) shall return the amount paid by such Advance Payment to the Agent immediately on the request by the Agent. Also, the Lenders shall, on the on the request by the Agent, immediately pay the Reimbursement Cost that was needed for such Advance Payment to the Agent proportionate to the amount each Lender was paid the distribution by the Advance Payment. If a Lender has paid such Reimbursement Cost to the Agent, the Brower shall indemnify such Reimbursement Cost to such Lender.
- (c) In the event that any of the Lenders are not legally become a guarantee or secured party with respect to any of the Guarantee or the Security, such Lender is deemed to have a right to receive payment in

relation to such Guarantee or Security with respect to its claim under the Loan Related Documents for application or application *mutatis mutandis* to this Paragraph.

3. Distributions to Obligors

The Agent may (with the consent of the Obligor or in accordance with Article 14.2 (Set-Off)) apply the amount received by it for that Obligor to payment (on the date and in the currency and funds of receipt) of any amount due from that Obligor under the Loan Related Documents or to purchase of any amount of any currency to be so applied.

4. Clawback

- (a) Where a sum is to be paid to the Agent under the Loan Related Documents for another Party, the Agent is not obligated to pay that sum to that other Party (or to enter into or perform any related exchange contract) until it has been able to establish to its satisfaction that it has actually received that sum.
- (b) If the Agent pays an amount to another Party and it is found that the Agent had not actually received that amount, then the Party to whom that amount (or the proceeds of any related exchange contract) was paid by the Agent shall on demand refund the same to the Agent together with interest on that amount from the date of payment to the date of receipt by the Agent, calculated by the Agent based on its funding costs.

- (a) If the Agent becomes an Impaired Agent, an Obligor or a Lender that is required to make a payment under the Loan Related Documents to the Agent in accordance with Paragraph 1 (Payments to the Agent) of this Article may instead either
 - pay that amount direct to the required recipient or
 - pay that amount to an interest-bearing trust account established, in the name of the Obligor or the Lender making the payment with the Parties entitled to that payment under the Loan Related Documents stipulated as the beneficiaries, at an Acceptable Bank within the meaning of Paragraph (a) of the definition of “Acceptable Bank” and in relation to which no Insolvency Event has occurred and is continuing.
 - In either case, the payment must be made on the due date for payment under the Loan Related Documents.
- (b) All interest accrued on the amount standing to the credit of the trust account is for the benefit of the beneficiaries of that trust account pro rata to their respective entitlements.
- (c) A Party who has made a payment in accordance with this Paragraph will be released from the relevant payment obligation under the Loan Related Documents and does not bear any credit risk with respect to the amounts standing to the credit of the trust account.

- (b) The Agent shall, if so instructed by the Majority Lenders (66.7%), amend the order set out in (a)(ii) through (iv) above.
- (c) Provisions (a) and (b) above take precedence over any application made by an Obligor.

7. Set-off by Obligors

All payments required to be made by an Obligor under the Loan Related Documents must be calculated and made without (and free and clear of any deduction for) set-off or counterclaim. However, any member of the Group may set-off matured receivables owed it by a Defaulting Lender pursuant to Paragraph (c) of the definition of "Defaulting Lender" only against matured Indebtedness of a member of the Group, and, furthermore, if such a set-off is made by a member of the Group, then for the purposes of the application of the Loan Related Documents (including, without limitation, Paragraph 6 (Partial Payments) of this Article), the Agent shall treat such set-off as reducing only amounts of Indebtedness owed to the relevant Defaulting Lender.

8. Business Days

- (a) Any payment due to be made on a day that is not a Business Day (meaning the relevant Business Day; same throughout this Paragraph) must be made on the next Business Day in the same calendar Month (if there is one) or the preceding Business Day (if there is not).

Article 14.5 Calculations and Certificates

1. Accounts

In any litigation or arbitration proceedings arising out of or in connection with a Loan Related Document, the entries made in the accounts maintained by a Finance Party are prima facie evidence of the matters to which they relate.

2. Certificates and Determinations

Any certification or determination by a Finance Party of a rate of interest or an amount under any Loan Related Document is, in the absence of manifest error, conclusive evidence of the matters to which it relates.

3. Day Count Convention

Any interest, fee, or charge accruing under a Loan Related Document will accrue from day to day and is calculated on the basis of the actual number of days elapsed and a year of 365 days in the case of obligations in Japanese yen, and a year of 360 days in the case of obligations in euro or, if the practice in the relevant interbank market is different, in accordance with that market practice.

4. Rounding

- (a) The calculation of the amounts to be distributed the each Lender pursuant to the provisions of this Agreement shall be made in accordance with the following: (i) for amounts to be distributed to each Lender other than the Lenders prescribed by the Agent (the “**Lender for Fractional Distributions**”; provided that, if the Agent is also a Lender, the Lender that is also the Agent shall be a Lender for Fractional Distributions), any amount less than 1 yen (if the payment currency is in Japanese yen) or 0.01 euro (if the payment currency is in euro) shall be rounded down, and (ii) for amounts to be distributed to the Lender for Fractional Distributions, the amount shall be the difference between the total amount to be distributed and the amounts distributed to other Lenders.
- (b) The handling of amounts less than 1 yen (if the payment currency is in Japanese yen) or 0.01 euro (if the payment currency is in euro) required under this Agreement will be in accordance with the method deemed appropriate by the Agent, unless otherwise prescribed in this Agreement.
- (c) For the avoidance of doubt, even if the results of rounding do not match the amounts stated in the Business Rehabilitation Plan or any other such figure, such discrepancy alone shall not mean that such rounding was in breach of this paragraph.

5. Calculation Periods

Except for where provided for otherwise in this Agreement, any period by reference to which any interest, fee, or expense is calculated under a Loan Related Document commences on and includes the first day of that period and ends on but excludes the last day of that period.

Article 14.6 Partial Invalidity

If any provision of a Loan Related Document is or becomes illegal, invalid, or unenforceable in any respect of any Law of any jurisdiction, neither the legality, validity, or enforceability of the remaining provisions nor the legality, validity, or enforceability of the subject provision under the Law of any other jurisdiction will be affected in any way whatsoever.

Article 14.7 Remedies and Waivers

No failure to exercise, nor any delay in exercising, any right or remedy under the Loan Related Documents on the part of any Finance Party or Secured Party may be considered to operate as a waiver of that right or remedy or to constitute an election to affirm any of the Loan Related Documents. No election to affirm any of the Loan Related Documents on the part of any Finance Party will be effective unless it is in writing. The single or partial exercise of any right or remedy does not preclude any further or other exercise of that right or remedy or the exercise of any other right or remedy. The rights and remedies provided for in this Agreement are cumulative and are not exclusive of any rights or remedies provided by Law.

For the purposes only of calculating Excess Cash Flow in respect of any Relevant Period in which an Acquired Entity or Business is acquired or a Sold Entity or Business is disposed:

- (a) Consolidated EBITDA (and consequently Consolidated Free Cash Flow) are to be adjusted to exclude the portion of Acquired EBITDA that is attributable to the part of such Relevant Period falling prior to the date of acquisition of such Acquired Entity or Business; and

SCHEDULE 8 AGREED SECURITY PRINCIPLES

I. Agreed Security Principles

The guarantees and Security to be provided pursuant to this Agreement will be given in accordance with certain agreed security principles (the “**Agreed Security Principles**”). This Schedule 8 identifies the Agreed Security Principles and addresses the manner in which the Agreed Security Principles will impact on or determine the guarantees and Security to be provided in relation to the Facilities.

The Agreed Security Principles embody a recognition by all parties that there may be certain legal and practical difficulties in obtaining effective guarantees or Security from the Borrower and all relevant Group companies in every jurisdiction in which those entities are currently located or may be located in the future. In particular:

1. General statutory limitations, financial assistance, corporate benefit, fraudulent preference, “thin capitalization” rules, retention of title claims and similar matters may limit the ability of a member of the Group to provide a guarantee or Security or may require that it be limited as to amount or otherwise and if so, the same shall be limited accordingly, provided that the Borrower and any relevant member of the Group use reasonable endeavors to ensure that adequate corporate benefit accrues to the Group to the extent permissible by law and otherwise overcome such obstacle.
2. Group companies will not be required to give guarantees or enter into other Security Documents if (or to the extent that) it is not within the legal capacity of any relevant member of the Group or if the same would conflict with the fiduciary duties of those directors or contravene any legal prohibition or regulatory condition or have the potential to result in a material risk of personal or criminal liability for any officer of any member of the Group, provided that the Borrower and any relevant member of the Group use reasonable endeavors to overcome any such obstacle;
3. In the case of any joint venture or non-wholly owned Subsidiary, all guarantees and Security will be limited to comply with restrictions in the applicable joint venture agreement or the shareholders’ agreement (other than agreements solely with other Group companies) or the law (including the fiduciary duties of the relevant directors), provided that the Borrower and any relevant member of the Group (limited to any Subsidiary that falls under the definition in Item (b) of the Important Group Company (excluding a listed company or its Subsidiary)) use reasonable endeavors to avoid or overcome such restrictions to the extent reasonably determined by the member of the Group as having no material impact on the member of the Group’s business or the relationship with other shareholders (and the Borrower must explain to the Lenders the reasonableness of the determination of that Subsidiary).
4. A key factor in determining whether or not security is to be taken or, if taken, whether or not the Security is perfected, is the applicable cost (including adverse effects on interest deductibility, registration Taxes, other adverse Tax consequences and notarial costs), which must not be disproportionate to the benefit to the Lenders obtaining the Employee Security.
5. In principle, Security will only be taken over the CK Business and the MM Business, provided that good faith discussions are held as to whether or not to create a security interest regarding important assets other than the CK Business and the MM Business.
6. In general, Security will only be taken over important assets, provided that, where possible in the relevant jurisdiction, a floating charge (or equivalent) over all or substantially all of the assets of any relevant member of the Group shall be provided.

7. Where there is substantial incremental cost involved in creating or perfecting Security over all assets owned by an Obligor in a particular category (for example, real estate), the principle stated at Paragraph 4 above will apply and, where such Security is to be given at all in light of the Agreed Security Principles, only the important assets in that category (for example, owned real estate of sufficient economic or strategic value) will be subject to the Security. The Borrower and the Agent shall discuss in good faith how to perfect the Security.
8. To the extent applicable in the relevant jurisdiction, and having regard to the principle stated in Paragraph 4 of this Schedule, the Borrower and the Agent shall discuss in good faith (having regard to customary practice in the applicable jurisdictions) with a view to determining whether certain security might be provided by the relevant Obligor granting a promise to pledge in favor of the Lenders coupled with an irrevocable power of attorney to the Agent as opposed to a definitive legal mortgage or pledge over the relevant asset.
9. Any assets subject to contracts, leases, licenses, or other arrangements with a third party that are permitted under this Agreement and which prevent those assets from being charged (or assets that, if charged, would give a third party the right to cancel or otherwise amend any authority, benefits, or obligations of the Group in respect of those assets or require any member of the Group to take any action that would have a Material Adverse Effect on the interests of the Group or any company thereof) will be excluded from the fixed charge in any relevant Security Document. However, reasonable endeavors to obtain consent to charging any such assets (where otherwise prohibited) must be used by the Group if the Agent determines the relevant asset is material and the Borrower determines in good faith with written consultation with the Agent that those reasonable endeavors will not involve placing commercial relationships with third parties in jeopardy.
10. The perfection of the Security granted will not be required if it has or is reasonably likely to have a Material Adverse Effect on the ability of the relevant Obligor to conduct its operations and business in the ordinary course as otherwise permitted by this Agreement.
11. Each Obligor shall create the Security over its bank accounts held in Japan and over bank accounts held with the Agent or Lenders or their respective Affiliates, provided that the relevant Obligor incorporated in Japan shall endeavor to move and/or consolidate its accounts with the Agent or Lenders to the extent not commercially prejudicial to its business, but each Obligor will be free to deal with those accounts in the course of its business until an Enforcement Event, save in respect of cash collateral and mandatory prepayment holding accounts or Equity Cure Reserve Accounts, and where the perfection of a security interest therein requires the use of a control agreement or other control arrangements with third parties or requires any other third party consent, any relevant member of the Group shall use its reasonable endeavors to obtain that consent or procure the use of those control arrangements but only to the extent that the any member of the Group continues to be free to deal with those accounts in the course of its business until an Enforcement Event. Further, the decision on whether to create security interests on foreign deposits will be made upon sincere consultation with the Lenders on the condition that the basic policy for cash management set out in Article 10.3, Paragraph 36 (Cash Management) is achieved.
12. If an Obligor owns shares in a company (other than a dormant company and other agreed non-Important Companies) incorporated in Japan, Security must be created and perfected over such shares in accordance with the law of Japan. Further, if an Obligor owns shares in a company (other than a dormant company and other agreed non-Important Companies) incorporated in a jurisdiction other than Japan, Security must be created and perfected over such shares in accordance with the law of the jurisdiction of incorporation.

13. If an Obligor owns shares or other assets in a jurisdiction that is not Japan, no steps may be taken to create the Security over those shares in that company (unless it is an Obligor or an Important Company) or those assets (unless the assets represent 5% or more of the consolidated assets of the Group), except in the original security creation. Notwithstanding the foregoing, and to the extent prohibited or restricted by law or Authorizations necessary to create security cannot be obtained, no Security may be granted over the shares and assets of any company incorporated in the People's Republic of China (except the Hong Kong Special Administrative Region and the Macau Special Administrative Region) or other jurisdiction, nor over the shares of any Holding Company of any such People's Republic of China company (unless it is an Obligor or an Important Company), provided that if the company incorporated in that jurisdiction is an Important Company, Security over the shares of the Holding Company (but if itself a company incorporated in that jurisdiction, then its holding company) must be created and perfected in accordance with the laws of the Relevant Jurisdiction. Further, the decision on the creation of security interests on foreign assets will be made upon sincere consultation with the Lenders on the condition that the foreign assets list and the basic policy of cash management in the group is achieved.
14. (i) No guarantee by any non-US Subsidiary of a US Person is required where the Subsidiary is a "controlled foreign corporation" (a "CFC") under Section 957 of the *Internal Revenue Code* and (ii) no pledge of more than 65% of the voting stock of such CFC is required, unless, in the cases of Items (i) and (ii), a change in the relevant sections of the *Internal Revenue Code* or the regulations, rules, rulings, notices or other official pronouncements issued or promulgated thereunder have occurred such that any such guarantee or pledge would not cause any undistributed earnings of such CFC as determined for US federal income tax purposes to be treated as a deemed dividend to such CFC's US parent (or other Japanese affiliate) for US federal income tax purposes.
15. (i) In the event of any disposal or reorganization permitted under this Agreement, (ii) upon repayment in full of the Facilities, or (iii) where otherwise provided for in this Agreement, the relevant guarantees and Security will, to the extent permissible under applicable law, be automatically released and the Agent and the Lenders shall on request execute any evidence or confirmation of such release. If automatic release is not practicable, the Agent and the Lenders shall promptly upon request execute any required security release or amendment of the Security Documents.
16. No Security may be given over the real property owned by any Obligor where the fair market value of the real property is less than 10 million yen (or its equivalent in another currency as of the latest of (i) the execution date of the Amendment Agreement, (ii) upon accession of such Obligor and (iii) the acquisition of such real property. However, if the Obligor comes to possess a foreign real property, the Borrower and the Lenders will discuss in good faith about its base value). In any case, no security may be given over any rights (including lease rights) other than the title to the real property.
17. If each Obligor's obligation to provide the guarantee or grant the Security pursuant to this Agreement cannot be performed due to cooperation within a reasonable scope being unable to be obtained from the Finance Parties, or a security trustee or other party who shall execute such Security Documents or Foreign Guarantee Agreement on behalf of the Finance Parties (except where cooperation (including to cause a related scheduled guarantor or scheduled collateral guarantor to cooperate) by the Obligor for execution of the Security Documents or the Foreign Guarantee Agreement is not provided), that will not constitute a breach of an obligation under this Agreement.

II. Terms of Security Documents

The following principles are to be reflected in the terms of any Security taken in connection with this Agreement.

1. Security will not be enforceable until the occurrence of (i) or (ii) (an “**Enforcement Event**”). The Agent shall give notice of the intention to enforce the Security before the enforcement (provided that such notice may be made immediately before enforcement and such notice is not required to be in writing, but if such notice is not given in writing, but such notice must be given in writing after enforcement as promptly as practically possible).
 - (i) (1) An Event of Default under Article 11.1, Paragraph 2 (Suspension of Payments, Bankruptcy Proceedings), Paragraph 3 (Dissolution), Paragraph 4 (Suspension of Bank Transactions), and Paragraph 5 (Attachment of Deposits) has occurred and is continuing, or (2) an Event of Default has occurred and is continuing in accordance with Article 11.1, Paragraph 6 (Suspension of Business) with regard to the Group as a whole, CK, MM Italy, MM US, or AL Reutlingen.
 - (ii) An Event of Default (excluding those set out in (i) above) has occurred and is continuing and either (a) an Agent has delivered a notice of acceleration or (b) an Agent has reasonable grounds to believe that specific Security is in jeopardy and takes enforcement action in respect thereof in accordance with the consent of the Majority Lenders (66.7%), provided that, (ii)(b) of the definition for “Enforcement Event” is applicable only to the cancellation of the security provider’s entitlement to withdraw or debit from any secured bank accounts and to receive and use such money and to dispose of any secured floating moveable assets.
2. Notification of or, if applicable, consent forms to pledges over bank accounts (to the extent such pledges may be given in accordance with Section I, Paragraph (10), above) will be given to the bank holding the account, provided that this is not inconsistent with the Group retaining control over and access to the balance on the accounts in the course of its business until the occurrence of an Enforcement Event (save in respect of the Mandatory Prepayment Account or the Equity Cure Reserve Account).
3. Notification of security over accounts receivables to debtors (excluding Security over intercompany receivables in respect of which notice must be given on the day the Security is granted) will only be given if an Enforcement Event has occurred and is continuing.
4. Security over Important IP Rights must be created, but the Group has the authority to dispose of those assets in the course of its business (including, without limitation, allowing its Important IP Rights to lapse if no longer important to its business) until an Enforcement Event arises. No Security may be granted over any IP Rights that cannot be secured under the terms of the relevant licensing agreement, where consent cannot reasonably be obtained from the relevant counterparty or the Borrower determines in good faith with written consultation with the Agent that obtaining the consent will involve placing commercial relationships with third parties in jeopardy. If required under local law, the Security over IP Rights will be registered under the law of that Security Document subject to the general principles set out in these Agreed Security Principles.
5. The Security Documents should only operate to create Security rather than to impose new commercial obligations (other than as specifically contemplated by these Agreed Security Principles). Accordingly, they should not contain additional representations, undertakings or indemnities (such as in respect of insurance, information or the payment of costs) unless these are the same as or consistent with those contained in this Agreement and are required for the creation or perfection of the Security.
6. In respect of the share pledges and pledges of intra-group receivables, unless an Enforcement Event has occurred and is continuing, the pledgors will be permitted to retain and to exercise voting rights to

any shares pledged by them in a manner which (other than pursuant to a step or matter permitted under this Agreement) does not adversely affect the validity or enforceability of the security or cause an Event of Default to occur and the pledgors will be permitted to receive dividends and other payments on or in respect of pledged shares and payment of intra-group receivables and retain the proceeds or use the proceeds for any other purpose permitted under the terms of this Agreement.

7. the Lenders and the Agent shall not be able to exercise any power of attorney granted to them under the terms of this Agreement prior to the occurrence of an Enforcement Event except if there is a material failure to comply with a further assurance or perfection obligation.
8. The guarantee and other Security Documents will be in a form consistent with these Agreed Security Principles.

2. Article 9.1, Paragraph 20 (No Breach of Laws)

- (a) Third party civil claim in the Tribunal of Massa involving Ducati Motor Holding S.p.A, relating to a motorbike accident.
- (b) Allegations raised by whistle-blower employees of Automotive Lighting North America of potential safety compliance issues for vehicle lamps produced and supplied to customers in the US and Asian markets.
- (c) Judicial proceedings relating to the contamination of the land underlying a residential building complex known as Barão de Mauá, in the municipality of Mauá, state of Sao Paulo, Brazil. The overall amount claimed in the legal proceedings appears to be €351,648,000 and MM Italy's "accrual"/balance sheet provision for this is €8,368,000. MM Italy estimates that the remediation will cost €2,313,300 (in addition to the €11,215,500 that MM Italy had already spent up to May 2018). The court has ruled that an MM Group entity, COFAP Fabricadora de Peças Ltda. ("COFAP") and the other defendants are jointly and severally liable for environmental damages – therefore there is a risk that the plaintiffs will pursue payment from COFAP alone. There are 294 individual lawsuits (accrual €9,674,042) which are currently suspended until the appeal decision is made in the civil class action. The number of claims against COFAP may increase once the appeal decision is released and the value of the claims could also increase. There is a limited indemnity in favour of the Borrower from Fiat Chrysler Automobiles N.V. under the MM Acquisition Agreement.
- (d) Magneti Marelli Cofap Fabricadora de Peças Ltda, Magneti Marelli Sistemas Automotivos Indústria e Comércio Ltda, Cofap Fabricadora de Peças Ltda and MMH Indústria e Comércio de Componentes Automotivos Ltda are subject to numerous judicial proceedings relating to labor law claims in Brazil, in particular for matters arising from termination of employment.

- (f) Investigation initiated on May 19, 2017 by the Administrative Council for Economic Defense ("CADE") the Brazilian antitrust authority, in connection with alleged anti-competitive practices (including market sharing agreements and exchange of competitively sensitive information) by Magneti Marelli

Sistemas Automotivos Indústria e Comércio Ltda (“**MMSA**”) and other companies in the Brazilian market for exhaust systems and their automotive components between 2003 and 2014. Certain Magneti Marelli employees and former employees are also being investigated.

- (g) Investigation initiated on September 29, 2016 by CADE in connection with anticompetitive practices (including in particular the exchange of commercially sensitive information) alleged to have occurred from 2003 to 2016 in the independent aftermarket for automotive components (with the exception of Shock Absorbers systems and components) and involving Magneti Marelli Cofap Fabricadora de Peças Ltda (“**MM Cofap**”) and four of its employees.

The settlement agreement requires MM Cofap to pay an aggregate amount of R\$89,901,310 (approximately €24,253,000, based on December 31, 2017 exchange rates), in eight quarterly instalments, with the last instalment being scheduled for September 2019.

The settlement decision required AL Reutlingen and Magneti Marelli S.p.A. jointly and severally to pay a fine of approximately €16 million.
- (j) Letter dated 9 November 2017 from solicitors acting for Bayerische Motoren Werke AG and BMW of North America LLC to Magneti Marelli Holding USA Inc. providing notice of lawsuit filed in the United State District Court for the Eastern District of Texas alleging patent infringement based on technologies implemented by products that Magneti Marelli supplied to BMW under the “BMW Group International Terms and Conditions for the Purchase of Production Materials and Automotive Components”.
- (k) Judicial proceedings and settlement agreement involving Tecnomatic S.p.A. in respect of know-how and patent infringement. - (p) Nickaros Indústria e Comércio de Plásticos Ltda v. Magneti Marelli Sistemas Automotivos Ind. e Com. Ltda (“MMSA”). Judicial proceedings initiated in 2011 relating to the alleged termination of a supply agreement without prior notification by MMSA.
- (q) Judicial proceedings initiated in 1998 by INPS (Istituto Nazionale della Previdenza Sociale) relating to the payment of certain social security contributions.

3. **Article 9.1, Paragraph 21 (No Labor Disputes)**

However, this shall be limited to those that have a negative effect on the preservation of claims held by the top priority creditors.).

- (2) The Emergency Loan Lender and the Senior Lender shall agree with the Trustee or Rehabilitation Debtor regarding the determination of the valuation amount of the Emergency Loan Security Interest or the Subject Matter of the Senior Security Interest (including, but not limited to, where the valuation amount of the Subject Matter of the Emergency Loan Security Interest or the Senior Security Interest is prescribed in the draft plan, where the content is agreed, or where a separate exclusion agreement or similar agreement is concluded).

 - (2) To the extent necessary to realize the purpose of the preceding item, the Emergency Loan Lender and the Senior Lender shall exercise the rights granted to the Security Interest Holder in bankruptcy proceedings or private liquidation proceedings in accordance with the instructions of the Pre-DIP Lender (however, after the payment of the Pre-DIP Loan Obligation is complete, the instructions of the e-Noteless Guarantor and the VRA Repayment Claim Holder).
5.
 - (1) Emergency Loan Lenders and Senior Lenders shall make every effort in practical terms to ensure that the Pre-DIP lender, e-Noteless guarantor, VRA Repayment Claim Holder, or Emergency Loan Lender, can receive dividends or payments in priority to the senior lender based on the priority order in (i) to (iii) below when the valuation amount of the purpose of this security interest is determined in such bankruptcy or private restructuring procedures, even if a petition is filed for the start of bankruptcy procedures (limited to corporate rehabilitation procedures and civil rehabilitation procedures; the same applies in this section) for the Borrower subject to Pre-DIP, etc. or the security interests established. The first sentence of this item, "Determining the valuation amount of the purpose of this security interest" (hereinafter referred to as "Determining the Collateral Valuation") includes but is not limited to (hereinafter referred to as the "Confirmed Amount of Collateral Valuation" determined by the collateral valuation confirmed): (a) the determination of the valuation amount by agreement with the trustee or the rehabilitation debtor, (b) the determination of the valuation amount by a court decision (including determining the price), and (c) the determination of the valuation amount (the remaining amount after deducting sales costs, etc.) in the event that the voluntary sale of the object of the security interest (including disposal-linked method in the rehabilitation plan) is made.
 - (i) regarding the principal balance of the Pre-DIP Loan Claims prior to the Security Valuation being finalized plus accrued interest up to the commencement of the bankruptcy proceedings or private liquidation proceedings therefor (hereinafter referred to as the "Pre-Confirmed Pre-DIP Loan Claims"); Pre-DIP Lenders are first priority

- (ii) regarding the full amount of (a) the balance of the e-Noteless Claims prior to the collateral evaluation (hereinafter referred to as the "Pre-Confirmed e-Noteless Indemnity Right") and (b) the right to claim the VRA repayment before the collateral evaluation was confirmed before the collateral evaluation was confirmed (including cases where the claim has been converted to the right to damages; the same applies hereinafter in this Article) and the principal balance of the VRA equivalent emergency loan claim (hereinafter referred to as the Pre-Confirmed VRA Equivalent Emergency Loan Claim"), e-Noteless Guarantor and VRA Repayment Claim Holder are the same priority and second priority
 - (iii) regarding the amount obtained by adding the principal balance of the ordinary emergency loan claim prior to the establishment of the collateral valuation, the interest paid up to the start of the bankruptcy or private settlement procedure on the claim (hereinafter referred to as "Pre-Confirmed Ordinary Emergency Loan claim"; in addition to Pre-Confirmed Pre-DIP Loan claim, Pre-Confirmed e-Noteless Indemnity Rights, and Pre-Confirmed VRA Equivalent Emergency Loan claim, hereinafter referred to as "Pre-Confirmed Priority Claims").
- (2) Regardless of whether or not the efforts prescribed in the preceding item have been made, if all of the events listed in (i) and (ii) below are satisfied, the provisions of the following item shall be followed.
- (i) The amount of the Pre-DIP Loan claim (hereinafter referred to as "Confirmed Pre-DIP Loan claim"), e-Noteless Indemnity Rights (hereinafter referred to as "Confirmed e-Noteless Indemnity Rights"), VRA Equivalent Emergency Loan claim (hereinafter referred to as "Confirmed VRA Equivalent Emergency Loan claim"), and Ordinary Emergency Loan claim (hereinafter referred to as "Confirmed Ordinary Emergency Loan claim"; in addition to the Confirmed Pre-DIP Loan claim, the Confirmed e-Noteless Indemnity Rights, and the Confirmed VRA Equivalent Emergency Loan claim, hereinafter referred to as "Confirmed Priority Claim Rights" individually or collectively) does not satisfy the amount of the Pre-Confirmed Pre-DIP Loan Claims, Pre-Confirmed e-Noteless Indemnity Right, Pre-Confirmed VRA Equivalent Emergency Loan Claims, and the Re-Confirmed Ordinary Emergency Loan claim.
 - (ii) The amount of claims that shall be secured by Pre-DIP Lenders, e-Noteless Guarantors, VRA Repayment Claim Holders, or Emergency Loan Lenders based on the Security Valuation Confirmed Amount pertaining to the Subject Matter of the Security Interest for which the Security Interest is a Security Interest Holder (hereinafter referred to as "Priority Creditor Preservation Amount") does not satisfy the amount of the Pre-Confirmed Priority Claim.

For the avoidance of doubt, as claims preserved by the Security Interest are not subject to debt write-off in bankruptcy proceedings or private liquidation proceedings in principle, the sum of (a) the priority creditor preservation amount and (b) the denomination amount after the debt write-off for the Pre-Confirmed Priority Claim corresponding to the sum of the non-Priority Creditor preservation amount is the premise of each provision of this Agreement. The ratio of the amount obtained by deducting the amount of each Confirmed Priority Creditor (hereinafter referred to as "Non-Preservation Amount of Confirmed Priority Creditor") to the non-preservation amount of the priority creditor is referred to below as the "debt write-off rate".

- (3) In the event that all of the reasons set forth in the preceding item are satisfied, the Emergency Loan Lender and the Senior Lender shall carryout the below as soon as possible on the amount obtained by deducting the amount of the confirmed priority claim held by the Pre-DIP lender, e-Noteless guarantor, VRA Repayment Claim Holder, and emergency loan lender, minus the amount of their respective Priority Creditor's preservation (hereinafter referred to as "Non-Preservation Amount of Priority Creditor") after determining the amount of claim to be secured based on the final amount of the collateral valuation (including but not limited to approval of rehabilitation plans in the company rehabilitation procedure) in accordance with instructions of the first priority creditor.

- (i) If there is a non-preservation amount of a Priority Creditor relating to a Pre-DIP lender, and if there is an Ordinary emergency loan claim or a senior loan claim that shall be secured based on the amount of the collateral valuation (In the case of an emergency loan lender, if there is a security interest obtained from the Senior Loan Lender under this Inter-Creditor Agreement, the Senior Loan Claim is included. To avoid doubt, the Senior Loan claim is deemed to have been acquired in exchange for the usual emergency loan claim. The same applies in this Article below.), the emergency loan lender or senior lender transfer the secured claim (hereinafter referred to as "Subordinate-Priority Preservation Claim") the Pre-DIP lender in the order of 1) Senior Lender and 2) Emergency Loan Lender until the amount of the non-preserved priority creditor pertaining to the Pre-DIP lender is fully fulfilled, the amount of the Subordinate-Priority preserved creditor and the lesser of the priority creditor pertaining to the Pre-DIP lender is transferred to the Pre-DIP lender, and in exchange, the Pre-DIP lender transfers to the transferor of the Subordinate-Priority claim the amount obtained by deducting the amount calculated using the following formula from the amount calculated from the non-preserved amount of the confirmed priority claim related to the Pre-DIP loan claim (if the amount calculated using the formula below is zero, all of the final Pre-DIP loan claims equivalent to the non-preserved amount of the confirmed priority claim relating to the Pre-DIP loan claim).

(Calculation)

"(Priority Creditor Non-Preservation Amount Pertaining to Pre-DIP Lenders) - (Amount of the Subordinate-Priority Preservation Claim to be transferred)" $\times$ "1 - Debt Write Off Rate Pertaining to this Pre-DIP Loan Claim"

- (ii) After performing the above (i) process, if there is a non-preserved amount of the priority creditor relating to the e-Noteless guarantor and the VRA Repayment Claim Holder, and if the emergency loan lender or senior lender holds the Subordinate-Priority preservation claim, the emergency loan lenders or senior lenders transfer the smaller of the amount of the Subordinate-Priority preservation claim and the non-preservation amount of the priority creditor pertaining to the e-Noteless guarantor and the VRA Repayment Claim Holder to the e-Noteless guarantor and the VRA Repayment Claim Holder in the order of 1) Senior Lender and 2) Emergency Loan Lender until the non-preservation amount of the priority creditor relating to the e-Noteless guarantor and the VRA Repayment Claim Holder is fully satisfied, and in exchange, the e-Noteless guarantor and the VRA Repayment Claim Holder transfer the confirmed e-Noteless Indemnity Rights and the confirmed VRA equivalent emergency loan claim equivalent to the amount obtained by deducting the amount calculated using the following formula (If the amount calculated using the following formula is zero, all of the e-Noteless Indemnity Rights equivalent to the non-preservation amount of the fixed priority claim and the fixed VRA equivalent emergency loan claim).

(Calculation)

"(Priority Creditor Non-Preservation Amount Pertaining to e-Noteless Guarantor and VRA Repayment Right Holder) - (Amount of Value of Subordinate-Priority Preservation Claims to be Transferred)" $\times$ "1 - Debt Write Off Rate Pertaining to this e-Noteless Indemnity Right and this VRA Equivalent Emergency Loan Claims"

- (iii) If, after processing (i) and (ii) above, there is a priority creditor non-preservation amount pertaining to the emergency loan lender, and the senior lender holds a Subordinate-Priority preservative claim, the senior lender transfers the Subordinate-Priority preservative claim to the emergency loan lender, with the face amount being the Subordinate-Priority preservative claim amount or the non-preservation amount of the priority creditor pertaining to the emergency loan lender, whichever is less, and the emergency loan lender, as consideration, transfers the Confirmed Emergency Loan claim equivalent to the amount obtained by deducting the amount calculated using the following formula from the amount calculated from the non-preservation amount of the fixed priority loan claims related to the Ordinary emergency loan claim (if the amount calculated using the following formula is zero, then all of the fixed ordinary emergency loan claims equivalent to the non-conservative amount of the fixed priority loan claims relating to this Ordinary emergency loan claim)
- (calculation)

"(Priority Creditor Non-Preservation Amount Pertaining to Emergency Loan Lenders) - (Face Amount of Subordinate-Priority Preservation Claims Appendix to be Transferred)" $\times$ "1 - Debt Write Off Rate Pertaining to Ordinary Emergency Loan Claims"

- (iv) In the event that, due to the application of Item (i) through (iii), the Emergency Loan Lender or Senior Lender transfers the Subordinate-Priority Claims held by the Emergency Loan Lender or Senior Lender, and it is not necessary to transfer all of them, the Emergency Loan Lender or Senior Lender shall respectively transfer the Subordinate-Priority Claims in the amount prorated in accordance with the participation ratio set forth in the Emergency Loan Agreement or the participation ratio set forth in the Senior Loan Agreement at the relevant time, and shall transfer the Confirmed Preservation Claims in the amount prorated in accordance with the participation ratio.
 - (v) In the event of this item (i) or (ii) being applicable, when a claim transferred by a Pre-DIP Lender or an e-Noteless Guarantor to which a Subordinate-Priority Preservation Claim is transferred includes a claim against multiple Debtors in consideration thereof, such Pre-DIP Lender or an e-Noteless Guarantor may select the claim transferred by the Pre-DIP Lender or an e-Noteless Guarantor.
 - (vi) In the event that, due to the application of subparagraph (ii) or (iii) of this item, the VRA Repayment Claim Holder or the Emergency Loan Lender receives a Subordinate-Priority preservation claim, and the amount of the Subordinate-Priority preservation claim is less than the non-priority creditor non-preservation amount pertaining to the VRA Repayment Claim Holder or the Emergency Loan Lender, the VRA Repayment Claim Holder or the Emergency Loan Lender shall receive a Subordinate-Priority preservation claim prorated in accordance with the participation ratio set forth in this Emergency Loan Agreement at the relevant time.
- (4) In the event that a public dues, etc., are required to be paid in accordance with laws and regulations, etc., the e-Noteless Guarantor, the VRA Repayment Claim Holder, the Emergency Loan Lender, and the Senior Lender shall transfer the amount necessary to receive the amount that a first-priority creditor may receive in the event that the public dues, etc. are not imposed, up to the amount of the secured valuation fixed for the e-Noteless Guarantor, the VRA Repayment Claim Holder, the Emergency Loan Lender, or the Senior Lender. In addition, the parties to this Agreement shall cooperate with such methods (if any) upon consultation in good faith with respect to methods that have the same economic effect as those prescribed in this Paragraph and for which such taxes and public dues, etc. are not imposed as much as possible. In the event of a procedure similar to the bankruptcy procedure or private liquidation procedure prescribed in this Paragraph having been performed with respect to the Borrower Subject to Pre-DIP or the Security Interest Settlor pursuant to foreign law, in order to achieve the purpose of this Paragraph, the procedure prescribed in this Paragraph shall be replaced and applied as a procedure in accordance with the laws and regulations, etc. in the applicable jurisdiction and as far as practical as possible.

6. (1) The Senior Lender, in the event where a petition is filed for the start of bankruptcy proceedings with the Borrower subject to Pre-DIP, etc. or the security interest established, or if a private reorganization procedure is started, if there were dividends in the bankruptcy proceedings (including cases where dividends are received from a council preferred shareholder in exchange for consideration of the Senior Loan Claim under Article 2.9 of the Agreement between the Parties; the same applies in this paragraph and Paragraph 8 of this Article), payments in accordance with the rehabilitation plan established in the bankruptcy procedure and payments in accordance with the repayment plan, etc. agreed in the private reorganization procedure (including pre-existence payments) made or other reasons that caused the collateral evaluation to be confirmed when a collateral evaluation is confirmed for the senior security interest relating to the senior lender, the senior lender shall purchase the dividend or payment amount (but if the amount of the confirmed priority claim is smaller than the above dividend or payment amount, the amount of the confirmed priority claim is not preserved) until the confirmed priority claim pertaining to the non-preserved amount of the confirmed priority claim (hereinafter referred to as the "non-preserved portion of the fixed priority claim") fully satisfies the collateral valuation for the senior lender in the order of (i) Confirmed Pre-DIP Loan Claim, (ii) Emergency loan claims equivalent to the confirmed e-Noteless Indemnity Rights and VRA, and (iii) confirmed Ordinary emergency loan claim. However, in the event of there being any surplus in the dividend or repayment amount after the purchase of the Confirmed Priority Credit Non-Preservation Portion pertaining to the Senior Lender, prior to the purchase of the Confirmed Priority Credit Non-Preservation Portion in the subsequent priority based on this Paragraph, the same shall apply to the First Priority Creditor in the subsequent priority and thereafter. The Senior Lender shall bear the expenses required for such transfer of claims.
- (2) In the event of it being impossible to purchase all of the Confirmed e-Noteless Indemnity Right and the Confirmed VRA Equivalent Emergency Loan Claims, due to the dividend or repayment amount pursuant to the preceding item, the Senior Lender shall purchase the e-Noteless Indemnity Right and the VRA Equivalent Emergency Loan Claims on a pro-rata basis based on the balance at the time (purchase by each Senior Lender shall be limited to the portion pro-rata based on the participation ratio set forth in the Senior Loan Agreement at the time). However, in the event of there being an surplus in the dividend or repayment amount after the purchase of the remaining Confirmed Priority Claim Non-Preservation Portion pertaining to the Highest Priority Claim Right Holder by the Emergency Loan Lender, prior to the purchase of the remaining Confirmed Priority Claim Non-Preservation Portion in the subsequent order based on this Paragraph, execution shall be for the Highest Priority Claim Right Holder pursuant to Paragraph 8 and Paragraph 9 of this Article, and the same shall apply to subsequent orders.
