19. The terms and conditions of Hunton's employment and compensation are set forth in the Retention Application and in the Engagement Letter, as modified by the Retention Order. Hunton has no agreement of any kind, express or implied, to divide with any other person or entity any portion of the compensation sought or to be received by it in the Chapter 11 Cases.

20. As disclosed in the Retention Application, before the Petition Date, the Debtors paid Hunton an aggregate amount of \$378,612.00, which consisted of (i) an advance payment

retainer of \$250,000.00 and (ii) a prepayment for estimated court filing fees, including fees attributable to the filing of voluntary petitions for each of the Debtors, in the amount of \$128,612.00. Before the Petition Date, Hunton invoiced the Debtors and the Debtors paid Hunton an aggregate amount of \$232,654.50 in fees for services performed and \$123,398.00 in expenses incurred, including preparation for the commencement of and filing of the Chapter 11 Cases. As of the date hereof, Hunton still holds \$22,559.50 on account.

21. During the Chapter 11 Cases, Hunton served monthly fee statements for payment of fees and expenses and received certain payments from the Debtors pursuant to the Interim Compensation Order. Below is a summary of the monthly fee statements showing the fees billed, expenses incurred, and payments received by Hunton during the Application Period and any unpaid balance as of the date of this Application:

Invoice Period	Fees	Expenses	Paid Amount (excludes 20% holdback)	Unpaid Balance
08/20/25 to 09/30/25	\$450,403.50	\$6,823.55	\$367,783.10	\$89,443.90

Total	\$1,401,454.50	\$109,498.32	\$782,132.74	\$728,820.03

22. As reflected in the chart above, Hunton elected not to serve a monthly fee statement for December, 2025 and has not received any payments on that invoice. The December invoice is included in this Application. Hunton is submitting this Application for allowance on a final basis of compensation for services rendered in the total amount of \$1,401,454.50 and reimbursement of actual and necessary expenses in the total amount of \$109,498.32, for a total of \$1,510,952.82, for the Application Period, of which \$729,616.02 remains unpaid.

V. CASE STATUS SUMMARY

23. During the Application Period, Hunton assisted the Debtors with the bankruptcy cases and worked with all parties in interest in preparation for a contested hearing to consider confirmation of the Plan. Through the efforts of the Debtors and their advisors, the Debtors were able to confirm a plan of reorganization and emerge from bankruptcy in approximately eight months (despite various complex issues). The process has allowed the Debtors to emerge from the Chapter 11 Cases as reorganized entities better positioned to succeed in the technology-enabled healthcare services industry.

24. Additional information relating to more specific work

performed during the Application Period is provided in this Application and is set forth in the narratives in Hunton's detailed billing statements, attached as Exhibit E to this Application.

VII. REIMBURSEMENT REQUEST FOR EXPENSES INCURRED

39. Hunton requests reimbursement of its actual and necessary out-of-pocket expenses in the aggregate amount of \$109,498.32, which were incurred during the Application Period in connection with rendering services to the Debtors. A summary of all expenses is attached as Exhibit C, and the detail supporting each expense category is included in Hunton's detailed billing statements in Exhibit E.

VIII. COMPENSATION REQUESTED FOR SERVICES RENDERED

40. Hunton requests allowance of compensation for professionals' fees in the total amount of \$1,401,454.50 for 1,585.7 hours of professional services rendered for the Debtors during the Application Period.

41. A description of the time spent and services rendered by each professional in each of the major areas of the Chapter 11 Cases is detailed in this Application. To aid the Court's evaluation of the reasonableness of the fees, a summary schedule setting forth the number of hours devoted by Hunton's professionals, the applicable billing rates, respective year of licensing, and fees sought is attached as Exhibit A. Additionally, a summary of fees sought for each project category is included on Exhibit B.

42. Hunton worked to restrict the number of lawyers involved in the Chapter 11 Cases to (a) maximize familiarity with the subject matter and avoid waste or duplicate efforts; (b) employ special expertise in a given field of law when necessary to do the best job possible with the least amount of effort; and (c) assign the performance of all tasks to the least-senior attorney capable of performing it consistent with sound legal representation and supervision.

43. Hunton also took care to avoid duplication of effort with its co-counsel, Latham & Watkins LLP, dividing services when possible so that each firm handled different tasks that arose during the course of the Chapter 11 Cases.

44. Due to the nature of the Chapter 11 Cases and the complex legal issues presented, coupled with the speed at which these issues needed to be addressed, a sizeable portion of senior attorney's time was expended to efficiently and effectively represent the Debtors. It was also occasionally necessary for more than one attorney to participate in a given task or project to adequately and completely represent the Debtors. Dual participation does not equate to duplication of effort, but rather promotes efficiency and prevents unnecessary duplication of effort in the future. Conferences, emails, and the preparation of memoranda were used as necessary to promote efficiency. Meetings and telephone conferences occasionally involved multiple separate subject matters and issues which were being handled by different attorneys.

IX. BASIS FOR RELIEF REQUESTED

45. The Application meets the standards and requirements under the Bankruptcy Code, Bankruptcy Rule 2016, and applicable case law. Section 330 of the Bankruptcy Code authorizes the Court to award Hunton “reasonable compensation for actual, necessary services rendered” and “reimbursement for actual, necessary expenses.” 11 U.S.C. § 330(a)(1).

46. Section 330 also sets forth the criteria for the award of such compensation and reimbursement:

In determining the amount of reasonable compensation to be awarded to . . . [a] professional person, the court shall consider the nature, the extent, and the value of such services, taking into account all relevant factors, including –

- A. the time spent on such services;
- B. the rates charged for such services;
- C. whether the services were necessary to the administration of, or beneficial at the time at which the service was rendered toward the completion of, a case under this title;
- D. whether the services were performed within a reasonable amount of time commensurate with the complexity, importance, and nature of the problem, issue, or task addressed;
- E. with respect to a professional person, whether the person is board certified or otherwise has demonstrated skill and experience in the bankruptcy field; and
- F. whether the compensation is reasonable based on the customary compensation charged by comparably skilled practitioners in cases other than cases under this title.

11 U.S.C. § 330(a)(3).

47. In assessing the reasonableness of attorneys’ fees and expenses under section 330(a)(1) of the Bankruptcy Code, courts also apply the standards set forth in Bankruptcy Rule 2016 and the twelve factors from *Johnson v. Georgia Highway Express, Inc.*, 488 F.2d 714 (5th Cir. 1974). See *In re First Colonial Corp. of Am.*, 544 F.2d 1291, 1298–99 (5th Cir. 1977),

cert. denied, 431 U.S. 904 (1977) (quoting and applying the *Johnson* factors to the determination of awards of attorneys' fees in bankruptcy cases). The *Johnson* opinion recognized that factors other than number of hours spent and the hourly rate normally charged may be considered in fixing the amount of reasonable attorneys' fees to be awarded in a bankruptcy proceeding. *See Johnson*, 488 F.2d at 717–20. Specifically, the *Johnson* factors are: (1) time and labor required; (2) novelty and difficulty of the questions; (3) skill requisite to perform the legal service properly; (4) preclusion of other employment by the attorney due to acceptance of the case; (5) customary fee; (6) whether the fee is fixed or contingent; (7) time limitations imposed by the client or other circumstances; (8) amount involved and the results obtained; (9) experience, reputation, and ability of the attorneys; (10) “undesirability” of the case; (11) nature and length of the professional relationship with the client; and (12) awards in similar cases. *Johnson*, 488 F.2d at 717–19.

48. Rejecting the “hindsight” or “material benefit” standard that was originally set forth in *In re Pro-Snax Distributors, Inc.*, 157 F.3d 414 (5th Cir. 1998), the Fifth Circuit adopted a prospective standard based on whether the services of counsel were reasonably likely to benefit the estate at the time which they were rendered. *See Barron & Newburger, P.C. v. Tex. Skyline, Ltd. (In re Woerner)*, 783 F.3d 266, 276 (5th Cir. 2015). Indeed, the Fifth Circuit has since acknowledged that when awarding fees, “hindsight is irrelevant; retrospect is irrelevant; [and] material benefit to the bankruptcy estate is irrelevant, [w]hat matters is that, prospectively, the choice to pursue a course of action was reasonable.” *Edwards Family P’ship, LP v. Johnson (In re Cmty. Home Fin. Servs., Inc.)*, 990 F.3d 422, 427 (5th Cir. 2021) (internal citation and quotation marks omitted).

49. As detailed in this Application, the professional services Hunton provided to the Debtors were reasonable, necessary, required a high degree of expertise, and such services

produced substantial benefit. Accordingly, Hunton submits that its request for compensation is reasonable and proper, and that such factors and standards justify the allowance in full of the requested fees and expenses incurred in its representation of the Debtors during the Application Period. Further, the time Hunton spent on services rendered and the rates charged for such services were reasonable and necessary; as supported by the twelve *Johnson* factors—each of which are discussed in turn below.

(1) *Time and Labor Required*

50. Hunton provided 1,585.7 hours of professional services during the Application Period, and Hunton’s detailed billing statements, included in Exhibit E, list in detail all of the work performed for which compensation is sought. Specifically, the date the services were rendered, the individual performing such services, a description of the services, and the time expended, are all detailed. Hunton believes that such detail establishes that its request for compensation is reasonable. All of the services specified were actual and necessary for the Debtors to perform their statutory duties.

(2) *Novelty and Difficulty*

51. The Chapter 11 Cases involved a number of challenging operational and legal issues, including (i) unique facts and circumstances in light of the business and corporate structure of the Debtors, and (ii) the relatively short timeline for confirmation.

(3) *Skill Required to Perform the Legal Service Properly*

52. Bankruptcy is a specialized area of federal practice, requiring knowledge of the Bankruptcy Code and other related state and federal statutes and precedent. It also requires a working knowledge of a number of other areas of law regularly confronting the Debtors. Likewise, dealing with the complicated issues, many of which were on an expedited basis, required a

substantial amount of skill.

(4) Preclusion of Other Employment

53. Hunton's representation in the Chapter 11 Cases did not preclude it from accepting other employment undertaken by Hunton.

(5) Customary Fee

54. The hourly rates for each Hunton professional are summarized in Exhibit A filed in support of this Application. These rates are commensurate with rates charged by attorneys with similar qualifications and experience at comparable law firms, and with rates charged to other Hunton clients. The hourly rates of Hunton compare favorably with average costs for similar legal services being provided by a national law firm, and also compare favorably with the rates of professionals in the Chapter 11 Cases. Hunton submits that the fees being sought herein are the same as (or lower than) they would have been in a non-bankruptcy matter of similar size and complexity.

(6) Whether the Fee Is Fixed or Contingent

55. Hunton's fee is neither fixed nor contingent other than the contingency of Court approval and available assets to pay professionals. It is based upon the actual total number of hours worked plus the actual costs incurred.

(7) Time Limitations Imposed by the Client or Other Circumstances

56. As noted previously, the relatively short timeline for confirmation of the Plan in the Chapter 11 Cases required Hunton to provide services on complicated issues on an expedited basis. Under such time limitations, Hunton provided services competently, efficiently and without duplication of effort thereby avoiding the expenses of delay and protracted bankruptcy cases for the benefit of all stakeholders.

(8) Amount Involved and Results Obtained

57. Hunton's actions in the Chapter 11 Cases assisted the Debtors and provided value to the process. The detailed billing statements in Exhibit E and the summary of work performed by task code in this Application detail Hunton's work during the Application Period. The detailed billing statements include the dates such services were rendered, the individual performing such services, a description of the services, and the time expended. Hunton believes that such information, as well as the information provided in this Application, establishes that its requested compensation is reasonable.

58. As a result of Hunton's efforts during the Application Period, the Debtors achieved a number of objectives vital to the Chapter 11 Cases, including preserving jobs and obtaining confirmation of the Plan in approximately four months after the Petition Date.

(9) Experience, Reputation, and Ability of the Attorneys

59. Over many years, Hunton's attorneys have regularly appeared in significant representations, including bankruptcy cases throughout Texas and the United States. The attorneys are well-regarded in the legal community.

60. The Hunton attorneys involved in the Chapter 11 Cases bring years of combined experience in bankruptcy law and have substantial experience practicing in this Court and extensive familiarity with applicable Fifth Circuit bankruptcy law and also the relevant rules and procedures, including the Bankruptcy Local Rules and the Complex Case Procedures necessary for this engagement.

(10) “Undesirability” of Case

61. The Chapter 11 Cases were not undesirable. As in all bankruptcy cases, there is a risk that fees and expenses will not get paid when a firm agrees to represent a debtor. Due to these uncertainties, firms frequently elect not to represent a debtor.

(11) Nature and Length of the Professional Relationship with the Client

62. Hunton’s engagement as co-counsel began before the Petition Date. As noted in the Retention Application, beginning in August 2025, Hunton represented the Debtors as co-counsel in connection with all phases of the Debtors’ restructuring efforts, including without limitation, the preparation for filing the Chapter 11 Cases.

(12) Awards in Similar Cases

63. Based on Hunton’s experience in this district and throughout the country, Hunton’s fees are in line with fees allowed in proceedings of similar scope for the services rendered and results obtained.

64. In sum, all twelve of the *Johnson* factors weigh in favor of the reasonableness of the compensation requested by Hunton in this Application.

X. STATEMENT PURSUANT TO THE U.S. TRUSTEE GUIDELINES

65. Pursuant to paragraph C.5 of Appendix B to the U.S. Trustee Guidelines, Hunton states as follows:

- a) **Question:** Did Hunton agree to any variations from, or alternatives to, its standard or customary billing rates, fees, or terms for services pertaining to this engagement that were provided during the Application Period?

Answer: No.

- b) **Question:** If the fees sought in this Application as compared to the fees budgeted for the time period covered by this Application are higher by 10% or more, did Hunton discuss the reasons for the variation with the client?

Answer: Hunton's fees sought in this Application are not higher than 10% or more as compared to the estimates of fees provided to the Debtors.

- c) **Question:** Have any of the professionals included in this Application varied their hourly rate based on the geographic location of the bankruptcy case?

Answer: No.

- d) **Question:** Does the Application include time or fees relating to reviewing or revising time records or preparing, reviewing, or revising invoices?

Answer: This Application does not include such time or fees other than in connection with the preparation of this Application.

- e) **Question:** Does the Application include time or fees for reviewing time records to redact any privileged or other confidential information?

Answer: No.

XI. CONCLUSION

66. In sum, Hunton provided necessary services which were reasonably likely to benefit the estates at the time rendered. Taking into account all relevant factors, Hunton requests that the Court determine that the nature, extent, and value of these services were appropriate under the circumstances at the time the services were rendered.

67. Accordingly, Hunton respectfully requests entry of an order, substantially in the form attached hereto, (i) allowing Hunton compensation and reimbursement of expenses in the total amount of \$1,510,952.82, (ii) approving the allowed compensation and reimbursement of expenses on a final basis, (iii) authorizing the Debtors to disburse any unpaid amounts allowed, and (iv) granting such other and further relief as the Court deems just and proper.
