PLNG Site Violation Accountability Process

Absentee Policy

- An unexcused absence is a non-planned, non-approved absence from work.
- An excused absence is a pre-planned, pre-approved absence from work, with the exception of an emergency situation or other situations beyond the employee's control. As much advance notice as possible must be given to your supervisor. A time off form will be submitted to your supervisor for written approval.
- Three (3) unexcused absences for scheduled workdays within a 60 day time period will result in termination.
- Three (3) days of consecutive unexcused absences will result in immediate termination
- Two (2) unexcused tardies or late arrivals are equal to one unexcused absence. A non-planned, non-preapproved early out in excess of two (2) hours before end of shift, and a tardy in excess of two (2) hours at the beginning of shift time is considered an unexcused absence.
- You may be asked to provide written documentation to support your reasons for absenteeism

It is the employee's responsibility to make sure their time clock badge (Kronos) works. There is a beep and a green light that shows when the badge is accepted. Time will only be paid with an active time clock stamp through Kronos. Sign in sheets will not be adequate proof of attendance. Tell your supervisor immediately if you think your badge didn't work. They can get it fixed so all your hours are properly paid.

Changes to Process
KZJV reserves the right to propose changes to this process as circumstances warrant; however, any and all such changes must be approved in advance by the Construction Director.

Date of Accident/Incident: 1-23-24 **Place of Accident/Incident** CAC

Employee Statement: I called Nancy for ¾ X2 metal waited about 20 25 minutes and called and asked what her eta was on the metal. When she finally got over to cac the material wasn't the right size. I was trying to explain to her that when someone calls for a certain size that it needs to be that size. Nancy said I sucked, like a dick and was rushing her so she just grabbed whatever was close to the right size. And that the person who cut metal before her used it all. After arguing for about 10 minutes I told her to go back and make the right size. When Chris first gave me the work order I gave it to Jake to get everything ready. I had to get my harness for Alex. Jake said he was trying to find Nancy to make sure all the metal was there. He couldn't find her so he left. The work order was missing 5 ¾ x 2 pieces of metal

When Kaleigh walked in my office the music was on already! She asked if I can turn it off before we start the meeting. I said Sure & did. I did take this refresher seriously and was listening. I Just came back from being Sick & I Close my eyes for 1sec & She has a Temper Tantrum & Storms out of the Office to go tell her husband (Oscar Lerma) Then I heard Oscar on the radio call for Chris Lawrence. This is a Conflict of Interest & I Just signed a tool Box Topic on Harassment! I felt like she wanted me to be a Soldier or Something. Alex finished this training & Everything went great!

Employees Statement of Facts Regarding Accidents/Incidents

Date of Accident/Incident: 1/19/2024 **Place of Accident; Zachry shop**

Employee Statement:

I was walking around the shop when I saw Nancy, Mendoza walking across the shop without steel toes and outside the yellow lines . After I told her she kept walking and said something in the lines of the day is almost over. She did this as we had employees still cleaning the shop and putting tools away. That pose a risk to her foot wear.

The week of January 15, 2024

How long do you think this problem has been going on?
1 to 3 months

How did you become aware of this violation?
It happened to me

Case Details:
Since January 2024, management has been harassing the caller. Management was picking on the caller and gave him/her multiple coaching. There has also been a conflict of interest in management because those in management are related. Kaylee is Oscar's wife and whenever she had an issue with someone, she told Oscar, so that she would have her own way. Manny is also Oscar's brother, and his office is next to Oscar.

In the week of January 15, the caller received 2 coaching sessions. The first coaching session was about the caller being parked in an area that he/she was not supposed to be. In addition, on the documents, it stated that there were cones where the caller was parked; however, there were no cones where the caller was parked. During the second coaching the caller closed his/her eyes because he/she recently returned from being sick. Kaylee stormed out of the office and told Oscar that the caller was not interested in doing a review; however, Kaylee wanted Oscar to send the caller home. Oscar and Chris (last name and job title unknown) informed the caller that he/she needed to go home.

The caller requests for coaching documents to be sent to corporate office immediately.

Due to the caller terminating the call prior to the completion of intake, no additional details were gathered, and NAVEX was unable to read back the report. The caller did not receive access information (report key and password) and will be unable to review or follow up on this report.

Synopsis:
Steve Eiselstein, Site Manager, spoke with Steve as he had reached out looking for some advice on an employee who was being disruptive and insubordinate to her supervisors. Steve said the employee is Nancy Mendoza and sent over the coaching sessions documents and statements from supervisors on the attitude of Nancy. I reiterated to Steve how the issue of Oscar and Kaleigh being in a relationship and working together has been reported before. Steve acknowledged that and said again that Oscar and Kaleigh act professionally and fair when at work. They do not bring in their personal affairs to work.

Christopher Lawrence, FM, Insulation I, said that since Nancy has returned to being an Expeditor and working for him, she has had an attitude problem, seems to be going against the grain on work items, and purposely getting into trouble. Chris said when Nancy was with him a year ago or, so she was an excellent worker, and he did not have any issues with her. Chris said she was removed as a tool room attendant at the request of the client for not doing her job. Chris said Nancy did not want to move but he had no choice and could only reassign her to be a Material

Expeditor. This happened about 01/14/24 and then he began to have issues with Nancy and the coaching sessions began.

Nancy Mendoza, Material Expeditor I, said she feels she is being nit-picked because of the coaching sessions write ups she has had over the last week. Nancy said she has had four and on Monday, Steve Eiselstein, presented her with a reprimand indicating if she received another coaching call, under DRP's advice, she would be fired. Nancy said there is a conflict of interest over there because Kaleigh Polley, Safety Facilitator III, is Oscar Lerma's girlfriend and they live together. Nancy feels it is Kaleigh who is trying to get her fired. Nancy said she feels that the corporate office does not care about what's going on out there as nothing has been done to change the "powerhouse" of Steve Eiselstein, Oscar Lerma, Manny Lerma (Oscar's brother), and Chris Lawrence. Nancy said that corporate does not speak with the employees, so they have no idea what's going on out there.

Nancy said she was feeling sick when she closed her eyes during the refresher training as they were feeling dry and that is when Kaleigh stormed out and went and told "her man", Oscar Lerma, to send her home because Kaleigh was not getting her way. Nancy said she had bronchitis and was out and has a Drs note for being out. Nancy said she was told she could wear composite sneakers in the tool room by Whitney Taylor, Project Accounting Manager I, and was then scolded for not wearing her boots by Kaleigh. Nancy said witnesses might be Christina Enriquez and Darryl Schneider aka "Radar".

Attempted to contact witnesses several times but I was unsuccessful.

Whitney Taylor, Project Accounting Manager, said it was last year about March 2023 when she had told Nancy about being able to wear composite toe sneakers because she was in the tool room, which is more like an office type setting.

Spoke with Nancy and explained to her how it seems she is not happy with her new position, but her supervisors know she can do the job as she has been an Expeditor before. Nancy said she is feeling much better now and is focused on her new role as an Expeditor again and was looking forward to coming to work; however, Nancy said that Steve Eiselstein told them this morning that Zachry has lost the Bayer contract and their last day at the plant is March 13, 2024. Nancy said she has begun looking at the Zachry website for new employment.

Chris,

Thanks for stopping by my office and showing me the documents.
The one in 2023 about the vehicle didn't pertain to me since I did not have a vehicle.
And I appreciate you showing me the gray areas when not to have a hard hat on, out of the yellow lines.
When was my last annual gate feed training? Am I suppose to have that again too, like the review I just did with Alex?
Are you going to give me an updated Employee expectation card since your my supervisor now?
The one I have now is from 1/6/2023 when Oscar took over being supervisor from Whitney.

Sincerely grateful,

Nancy Mendoza

I also have a page from the bayer home page under general safety that states hard hats and safety shoes are required outside of offices when not on walking paths, this is also in your annual gate feed training

Hello Chris,

Can you please email me a list of the rules & Regulations for the insulation side?
I don't want to receive any more unexpected Oral Coaching's.
I Feel like I'm being harassed over here with all these coaching documents.
You just communicated to me this morning in your office that I'm expected to park the red truck facing south.
There are not any signs posted and you did not let me know this when I was forced over to this side.
Moving forward I will park the truck as expected.
I appreciate the communication.

Thanks,
Nancy Mendoza

Employee Statement:

On Thursday 18, 2024 as I was about to start Nancy, Mendoza's training she wanted to explain why she didn't finish it the day prior. She said she rested her eyes for a second and Kaleigh left in her words she said Kaleigh left to go tell her man that she had fallen asleep. But in reality she went to look for her supervisor and when he wasn't present chain of command would be the general foreman.

Employee Statement: I called Nancy for ¾ X2 metal waited about 20 25 minutes and called and asked what her eta was on the metal. When she finally got over to cac the material wasn't the right size. I was trying to explain to her that when someone calls for a certain size that it needs to be that size. Nancy said I sucked, like a dick and was rushing her so she just grabbed whatever was close to the right size. And that the person who cut metal before her used it all. After arguing for about 10 minutes I told her to go back and make the right size. When Chris first gave me the work order I gave it to Jake to get everything ready. I had to get my harness for Alex. Jake said he was trying to find Nancy to make sure all the metal was there. He couldn't find her so he left. The work order was missing 5 ¾ x 2 pieces of metal

I was walking around the shop when I saw Nancy, Mendoza walking across the shop without steel toes and outside the yellow lines . After I told her she kept walking and said something in the lines of the day is almost over. She did this as we had employees still cleaning the shop and putting tools away. That pose a risk to her foot wear.

On 1/23/24 I went to the Toolroom to coach Courtleigh on some information that is required to go on the daily addendums. I was then asked what happened between Nancy and myself the previous week due to a rumor that was heard. I was told Radar went to the Toolroom and told Courtleigh that Nancy had just called him and told him that she was walked out because she and myself had gotten into an argument. I explained to Courtleigh that nobody was walked out due to an argument and that the argument had never taken place. The previous week Nancy was slouching in her chair and had her feet up on the armrest of another chair and had her eyes closed which appeared to me to be her sleeping. I asked her to put her feet down and sit up and I continued my training when I heard her rustling around again and when I turned around her feet were back on the armrest with her eyes closed again. I then told her that I will not waste my time or hers and to let me know when she is ready to resume training again on another day and I left the conference room. I was informed by my boss that she was sent home because she stated the reason her eyes were closed is because she was not feeling well.

Synopsis:
2/23 Spoke with John McDonald- Carpenter I, John stated that when he was in line to board the bus he was shoved out of the way by James Stanton- General Foreman. John stated the line for the bus have been really long and the employees begin to line up a little after 1AM for the buses. John stated that on one occasion James came Serrano Tirso remove his crew from the line for the bus. James told the crew they could not line up before 1:15AM to catch the bus. The next morning when the crew was lining up for the bus at 1:15 the line was really long. John asked James did everyone have to wait until 1:15 or just Tirso crew. James's response was for that crew to line up at 1:15. John stated that he does not want to say that James is racist, but Tirso crew is mostly African American and Hispanic. The crew was standing in line to get on the second bus that morning and James begin to stop the bus closer to where he was standing. The line begins to move up toward the bus and James steps in front of John and shoves him out of the way saying, "look out bro". John said this was witness by many of the employees and it was a running joke the next morning. John reported the incident to Tirso his and he told him to reach out to DRP. Tirso told

him no one had the right to touch another employee. Tirso told John that he would speak with Superintendent- Lucas Quintanilla about the incident. John gave me the name of two witnesses that was standing in line beside him when this shove occurred Cedric Carpenter- Carpenter II and Tavon Walker- Carpenter I.
2/23 Spoke with Tavon and he stated they were standing in the front of the line to get on the bus. Tavon stated that James like pushed John out of the way saying bro. Tavon stated that was all he heard and saw at that time. Tavon stated that he really does not want anything to do with this.
2/23 Cedric stated they were getting on the bus to go home. The bus stopped short of the line where they were standing. Cedric stated that James's "Butterball" pushed John back and stated hey bro. Cedric stated that was all he saw or heard.
2/26 Spoke with Tiros and he stated that he did not see the incident but was told what happen by John. Tirso stated that he told John to reach out to DRP about the issue. Tirso stated that he told John no employee has a right to touch another employee and he needed to reach out to HR. Tirso also stated that he did not witness the incident because supervisor usually leave on the last bus to make sure all employees has left the site.
2/27 Spoke with Lucas Quintanilla- Superintendent about the incident. Lucas stated he had no knowledge of the incident but would be speaking to James and Tirso later that night.
2/28 Lucas came to DRP office with statements from James and 4 other employees who witness the incident. They all stated that the bus stopped short of the line by James. Each stated that the line begins to turn and rush toward the bus. Each stated that James put his arm in front of the door and stated hold up bro. Each stated that John responded back I am not your bro. They all say John cursed James, but none say they saw James's touch John. Lucas stated that he has a meeting planned tonight with his general foremen and foremen to speak with them on being professional at all times. Lucas stated that he will let James know by himself if anything comes to his attention about something like this again a termination would happen it is zero tolerance for anyone to touch another person. DRP will uphold the decision that has been made by Lucas at this time.
After speaking with the witnesses and reading the witnesses statement DRP will close out the case. DRP could not find whether the employee was touched or not because of the conflicting stories given by the many witnesses. DRP spoke with John about the case, and he agreed it could be close. John stated that he just wanted the matter to be known and hopefully anything like this will never happen again. John thank DRP for taking on his case and gave permission to close the case out.

Case Details:
Since August 2023, the caller has been observing and experiencing ongoing issues at work pertaining to racial discrimination, especially from Tirso. The caller's department has African American and Hispanic carpenters (names unknown). The caller observed and has been experiencing that the African American carpenters have been treated differently than the Hispanic carpenters. There have been many incidents when the African American carpenters were assigned to do manual labor and to lift heavy weights, but not the Hispanic carpenters. There have also been many occasions when the African American carpenters were assigned to pick up trash.

On the other hand, the Hispanic carpenters would do regular tasks. The caller also observed that the Hispanic carpenters haven't been held to the same standard as the Africa American carpenters. There have been occasions when African American carpenters were reprimanded or even terminated for violating policies pertaining attendance or lateness. However, the Hispanic carpenters have been allowed to get away with violating these same policies.

There has also been practices of retaliation whenever African American carpenters asked questions or raised concerns. The caller has a statement with much more details about this ongoing issue that has been occurring onsite. The caller will be able to upload his/her statement to this report. The caller found it unethical that the African American carpenters must accept unfair and unequal treatment to remain employed. These issues should be investigated and resolved.

Follow-ups

03/22/2024 - Reporter
Last night (3/21/2024) all black crew members requested to be transferred from Tirso to another general foreman, this came after the following happened:
Alexis Stevens, Bryan Berry, Cedric Carpenter, Tiffany Hardy and I were placing handrails on the north side of the E-House. Cedric and myself was gathering wood and cutting material when Tirso yeld, "Hey, I need two guys to out handrails on that foundation" He was speaking about a foundation on the South side of the E-House. At the time Tirso was standing and talking with Jonathan Morfin, Julio and 4 other Hispanic guys. So, I pointed toward the guys he was standing with and asked if they could do it. TIrso said, "Hey, I said I need two of you guys to put handrails up on that foundation." Not wanting to argue Cedric and I started moving wood over to the foundation Tirso was speaking about. Next, we needed to go and get our pliers from our toolbox so we could tie the rails. When we got to the print shack area, we observed Tirso, Jonathan, Julio, and Aleandro, all standing around the cutting table eating peanuts and laughing.
After that we decided that the disrespect and blatant discrimination had just gotten out of hand and we no longer wanted to work under Tirso. As an African American we simply don't feel like we will be treated fairly and given the same opportunities as our Hispanic coworkers.

Synopsis:
Spoke with John McDonald- Carpenter I, John stated that the African Americans in his crew have been discriminated against since the begin working under Serrano Tirso- General Foreman. John stated that Tirso will stand around with the Hispanics in the crew and laugh and talk with them, while forcing the African Americans to do all the forceful labor. John stated the Africans Americans are fired and discipline more than anyone other crew members. John stated that crew members Frank Dupre- Carpenter I and Jonthan Morfin- Carpenter II would carpool together. John stated that Frank who is African American was fired for attendance. Jonthan who is Hispanic and Tirso friend missed more days and never had a write up for attendance. John stated that Frank would even catch an uber to work some days because he and Jonthan carpooled together and had no other way of getting to work. John stated that when Foreman Pierre Newberry told Jonthan that he would have to turn in excuses like the other crew members for missing days Jonthan told him he was not turning in anything. Tirso was present and told Pierre he needed to speak with him. John stated that he asked Pierre why Jonthan was not reprimanded. Pierre response was if I do that, I will lose my job. John stated that everyone knew Pierre was a target for speaking to Jonthan whom Tirso was training to become a foreman. John stated that Pierre was fired for insubordination about two weeks ago for saying to another co-worker that he was going home in two weeks. Everyone had just found out they had to work for the Easter holiday and Pierre stated to his co-worker in the bus line man f***this job I am going home in two weeks. He was fired for insubordination the next day. Cristian Reyes- foreman went around saying he was quitting in two weeks the message to him by Tirso was make sure you come your last day and work 4 hours to get your per diem. John told me I can reach out to every African American worker on the crew, and they will tell me about the discrimination from

Tirso. John stated that the discrimination has gotten so bad for them that they went to another foreman and general foreman requesting to be moved. John stated that when an African American is fired, he is replaced with a Hispanic worker. John stated the case he called in about being pushed by James Staton- General Foreman was because he spoke to Tirso about what occurred. Tirso told him he needed to call into DRP about it because James was going to be promoted to superintendent and did not need to be promoted. John stated that he thinks Tirso was going to try and used that against James and his promotion. DRP did the investigation and found that James did not push John, but he did block him from entering the bus. John stated that the crew went to Lucas Quintanilla- Superintendent on 3/22/24 about all the issues they were having with Tirso. John stated that hey told Lucas about the discrimination and the mistreatment the crew receives. John stated that Lucas was informed that since they have not had a foreman Tirso has continue to do his meeting in Spanish only and they take direction from Jonathan who has the less experience out of all the crew members. Lucas responded to the crew he knew of some of the issues and give him the weekend to come up with a plan.

Spoke with Pierre Newberry- Foreman, Pierre stated that he was wrongful terminated, and it was because of discrimination. Pierre stated that he and Tavon Walker- Carpenter I were in line to catch the bus. Pierre stated that they had just found out they would have to work Easter weekend. Pierre stated that he said to Travon "man f*** I am going home in two weeks to be with my family. We have to work every holiday. Tirso heard him make that statement and said oh really, we can make that happen now. The next day he was terminated for insubordination. Pierre stated Tirso assumed that he was making the statement as in he was going to quit in two weeks, but that was not what the conversation was about. Tirso only heard the statement and went and told Lucas that Pierre said he was going to quit. Pierre stated that when he told Tirso was the statement was about and not about him quitting Tirso then told him he was being terminated for removing his foreman hat two weeks prior. Pierre stated that he told Tirso he knows why he removed his hat. Pierre and Tirso was having issues about the way Tirso treated the crew that Pierre was over. Pierre crew was mostly African American except for 2 Hispanics. The Hispanics on the crew did not have to take orders from Pierre and had special treatment by Tirso. Pierre stated that he tried to enforce the attendance policy for Jonthan Morfin- Carpenter III. Pierre stated that he was told by Tirso not to do that his job could be in jeopardy. Pierre stated that an African American worker Frank Dupre- Carpenter was terminated for attendance, but Frank and Jonathan would miss the same days because they carpooled. Jonthan had the car, and some days Frank would catch an Uber to get to work. Pierre stated he was forced to terminate Frank and not allowed to give Jonthan a reprimand or anything. Pierre stated that on the occasion when he removed his foreman hat his crew was doing a spray down. The all-Hispanic crew ran by Cristian Reyes- Foreman was supposed to be doing a dig out. Cristian crew did not want to do the work, so Tirso came and made his African American crew do the dig out and gave Cristian crew the hoses. Pierre stated that he went and spoke with Lucas that night about the issues with Tirso and the discrimination and issues taking place with Tirso. Pierre stated that if it was anything that needed to be done that required hard labor his crew was made to do it. Tirso would stand around and laugh and joke with Hispanics while they work. Pierre stated that when he called Tirso on that issue it went to he was being terminated for making a threat while being terminated. Pierre stated that he made the comment to Tirso about "God sees what you are doing, and it is wrong. You are going to see that karma is real, God is not sleep" Tirso stated that was a threat. Pierre stated that he was seeking a lawyer about these issues because he had enough proof from his co-workers that they are being discriminated against.

Spoke with Alexis Stevens- Carpenter I, Alexis stated that the African Americans have been treated unfairly by Tirso. Alexis stated that the crew is never able to start a job and finish it. Alexis stated that the crew can be working on something and if another foreman and his crew does not want to do a task it is always given to the African American crew. Alexis stated that any work that requires hard labor the African American crew works it. Alexis stated that most times when they are put on a hard labor job Tirso and the other foreman's and workers stand around and watch them and while laughing. Alexis stated they are speaking in Spanish, so that they cannot understand what is being said. Alexis stated that the African American crew members cannot ask Tirso a simple question without him speaking to them rudely and unprofessional. Alexis gave an example of Tiffhany Hardy- Reinf Ironworker Helper asked Tirso what their task was one night, and he answered her in a rude way. Alexis stated that he and some other workers told Tirso that he should not speak to a woman on any of his employees in that manner. Alexis stated that Tirso did not want Tiffhany speaking to him but to ask Jonathan whom he has as acting foreman. Alexis wanted to know like all the other workers how could Jonthan be acting foreman when he has the less experience and knowledge than everyone in the crew. Alexis stated that everyone also knew Tirso fired Pierre to give him Jonthan job because Tiros and Jonthan are friends. Alexis stated that they crew always be the last to leave site and load the buses. Alexis stated that if a Hispanics worker walks up and skip line nothing is done, but one of their old crew members was reprimanded for doing the same thing. Alexis stated that everyone knows of the mis treatment and can see the discrimination that Tirso has toward the crew. Alexis stated that Tirso attends the meetings and only greet the Hispanics in Spanish and does not say hello and anything to them. Alexis stated that since Pierre has left the morale

is down and no one wants to come to work anymore.

Spoke with Frank Dupre- former Carpenter I, Frank stated that he worked for Zachry but was terminated for his attendance. Frank stated that he rode with Jonthan and Leo to work because they all carpooled together. Frank stated that he and Jonathan missed the same days and Jonathan did not have any type of reprimand. Frank stated that his attendance was not good, but he felt like Jonathan should have had some type of reprimand and held accountable and not get special treatment because he is friends with Tirso. Frank also stated that Tirso would pass them up when they would come into work. Frank stated that Tirso does treat them different from all Hispanic crew teams. Frank stated that Tiros and everyone there knows he discriminated against the African American workers. Spoke with Edgardo Dominguez- Carpenter I, Edgardo stated that he did not want to talk with DRP at first. DRP explained that what was shared would stay confidential and Edgardo stated he would talk. Edgardo stated that everyone knows that Tirso treats the African Americans in that crew different. Edgardo stated that he has witness the way Tirso speaks with them and how they are written up for stuff. Edgardo stated that the Hispanics does have special treatment when it comes to writeup and termination. Edgardo stated that everyone that works with them see and knows this but will not say or do anything to change it. Edgardo is one of the Hispanics on the crew.

Spoke with Lucas and he stated that he was not working where Pierre was terminated. Lucas stated that he was told by Tirso that Pierre refused to put on his gloves and stated f***this job and he was going to quit in two weeks. Lucas stated that he told Tirso if Pierre was stating that and acting that way in front of employees to go ahead and terminate. Lucas stated that Pierre and Tirso had a disagreement a couple weeks before that. Pierre removed his foreman hat and put on his craft hat. Lucas stated that he spoke with both employees and thought the issue was resolve until that night. DRP informed Lucas that during the investigation it was found that Pierre was speaking of going home the Easter break and not planning on quitting. Travon thinks it was all a setup for Pierre, because he was trying to treat everyone on the crew accountable. Travon stated that Pierre was trying to hold Jonathan Morfin-Carpenter III accountable for his attendance. Pierre was also spoke up to Tirso about treating his crew members different. Travon stated that Tirso has been discriminating against their crew what is all black except for 2 Hispanics. DRP asked Lucas was he aware of the other issues with Tirso. Lucas stated that he walked out on Friday night and the crew was doing a task the wrong way. Lucas stated that he asked the crew who told them to do it that way and they informed him Tirso. Lucas stated that he begins to show them the correct way to do it and asked them about the plans. The crew told him Tirso did not leave them with plans, and they were doing what was told to them. Lucas stated that he had the plans brought over to the crew and let them work. Lucas stated that before he walked away the crew begin to tell him about the issues that was going on with Tirso. Lucas stated that he listened to everything and asked the crew if he could get back with them on Monday about the issues. Lucas stated on 3/25 at the rollover meeting he addressed all his people on working together and not discriminate against each other. Lucas stated that he spoke to everyone about treating all equal. DRP asked Lucas did he speak with Tirso by himself, and he stated no. Lucas stated that Tirso left early that night after the meeting because his mother was sick.

Spoke with Tiros about the termination of Pierre. Tirso stated that Pierre got himself terminated for refusing to put on his glasses. Tirso stated that when they were coming out of the print shack where the meeting was held Pierre refused to put on the glasses. Pierre made the statement of "f**** this job and f**** you I will not be here in two weeks". Tirso stated that he made the comment if you would like we can make this happen now. Tiros later stated that when Pierre was standing in line to leave, he made the statement. Tirso stated that Pierre stated, "you are going to get what is coming to you". Tirso stated that Luis Escota, Jason Scoot and the security lady was present when Pierre made the threat. Tirso stated that his and Luis witness statement was turned in with the ESR. Tirso stated that the crew has been acting different toward him since Pierre left. Tirso stated that the only people he can get to work or cooperate with him is Edgardo and Jonathan. DRP asked Tirso why this crew is not able to complete a job and is given the hard labor jobs to do? Tirso stated that this crew has been performing badly and their work is not quality. Tirso stated that the crew is move around and not able to finish work is because of the poor-quality work they have been performing. Tirso then begin to explain that he could not get this crew to do any of the housework in the area. Tirso stated that he had to ask the crew that Cristiian was over to the hosing down most of the times. DRP asked Tirso did him and Pierre get into about this very problem. Pierre stated that his crew was hosing down one night and was stopped to do some digging because Cristian and his crew did not want to dig out in the mud. Pierre gave him

his foreman hat that night because of him doing that. Tirso stated that the crew just complains, and he is fair to everyone. Tirso stated that he can't be racist he one of his sons has a black mom. DRP asked Tiros when he conduct a meeting does, he only speak Spanish and his response was no he speaks English as well. DRP wanted to know did he greet the African American crew workers when he come into the meetings as he does all the other employees and he said yes. DRP asked Tirso about the process for picking employee for holiday work. Tirso stated that they ask for volunteers. DRP asked if you do not get volunteers how is the process to all workers and not just a particular group. Tirso response was the ask for volunteers. DRP asked Tirso about treating all employees fair when it comes to attendance. Tirso was asked about any reprimands Jonathan for his attendance. Tirso stated that he like to give everyone a chance before he does a reprimand. Jonathan has attendance issues, but they were excused by him. Tirso stated that Frank was terminated because he had been given too many chances with his attendance. DRP asked Tirso did he have a conversation with Tiffhany about working on a chicken farm. Tirso response was yes, he told her that the place was like a high school. The place was wild like teenagers, and he never wanted to work there again. DRP asked Tirso did he have a conversation with Tiffhany about having a work wife and having a black one at his previous job. Tirso stated that he did not say anything about that to Tiffany and he did not know where she got that information from. DRP asked Tirso about the issue Tiffhany had with the fire extinguisher for fire watcher. Tirso stated that he told Tiffhany to report to the field until he could find one. Tirso stated that he gave Tiffhany an extinguisher from Cajun that did not have the yellow ticket like Zachry that she could use. Tirso stated that the following night he went to OSD to get an extinguisher for Tiffhany. Tiffhany was refusing to do work and he did not reprimand for her actions. Tirso stated that he is fair to everyone and gives everyone a chance.

Spoke with Jason and he stated that Tirso was going to give Pierre a suspension until he made the threat. Jason stated that Pierre told Tirso man you are going to get what's coming for you. Jason stated that he was present when Pierre said that and Tirso went on with the termination.

DRP spoke with John and let him know that we had reached out to all of the witnesses and has concluded the investigation. DRP asked John would it be ok to close the case out at this time. John gave DRP permission to close out his case at this time. John stated that things are getting better for the crew since Tirso has been terminated. John stated that if anything changes, he will reach out to DRP. John thanked DRP for taking on the case and finding that one crew had been discriminated against.

"Know Your Place, Black Man"

To whom it may concern,

I want to start by saying that I am not the person who screams racism or discrimination every time something doesn't go my way. I don't believe that racism or discrimination has ever hindered me from accomplishing anything in my life. I was raised in one of the roughest, drug-infested neighborhoods in America and my choices eventually led me to prison. That was almost 20 years ago. Since then, I've come to own a production company, write, film, and produce films that are currently streaming on Amazon Prime and Tubi. I also own a non-profit organization and 2 minor league professional basketball teams. Racism and discrimination have never stopped me from achieving a goal I set for myself, and I never saw it as a factor… Until working for Zachry.
My time with Zachry has made me see the clear meaning of the phrase "A Black Man's Place". The discrimination, racism, and disrespect that I've endured here at Zachry is worse than I've ever experienced in my life, even in prison. I can't speak for everyone or every trade so I will only speak for the things that the group has to endure working under General Foreman Tirso Serrano.

First, the discrimination. There was a young Black guy by the name of Frank Dupre who was written up and fired for missing days and being tardy, which is completely understandable however the Hispanic guy Jonathan Morfin that Frank rode to work with every day has never been written up. When our black foreman (Pierre Newberry) told Morfin that he would need to bring an excuse like every black person is required to do, Morfin told Newberry that he wouldn't get a doctor's note every time he missed work. Tirso was present when the comment was made but he didn't force Newberry to write Morfin up like he did when it came to Dupre or myself. Since then Morfin has had countless absences with no disciplinary action. I once asked Newberry why he doesn't just write Morfin up and he replied, "For what? For them to throw it away or even worse for them to start gunning for my job." There is a Hispanic crew that works under Tirso. The foreman for the crew name is Karelli (may be misspelled). This crew is late for work EVERY SINGLE DAY and Tirso has not once written one of them up. Our start time is 4:00 pm. Tirso has been adamant with our crew that if you are not at the print shack at 4:00 pm when the radio meeting starts you are considered late. He said it doesn't matter if you clocked in before 4:00 pm and you've been waiting on a bus to transport or on the bus if you are not at the print shack when the radio show starts you are considered late. However, Karelli's crew walks in during the radio show every day. There was an incident a couple of weeks ago where Cedric Carpenter (a black employee) was almost hit by a Skid-steer loader. Cedric was not happy about it because our crew had been having issues with the driver for the past week. The driver refused to do anything that a black crew member, even our foreman would ask him to do, but he had no problem doing things for the Hispanics, so we had to have Morfin ask him to move anything we needed moved. When the driver nearly ran over Cedric, Tirso approached Cedric and asked Cedric not to report this to HR or hire-ups. Tirso encourages Cedric to keep it between the crew and not make a report. Cedric agreed

because he didn't want to upset Tirso, who is his general foreman. There are also many times when the black carpenter crews are used for extreme manual labor. For example: When a black crew dismantles or wrecks forms we are required to stack them so they can be moved by a forklift regardless of the weight or size, but when a Hispanic crew does it, they toss the forms to the side and the black carpenters are called to move them to be picked up. Please keep in mind that Forms can weigh anywhere from 50-100lbs. This is also the case for cleaning up. Black carpenters are instructed to keep our area clean and clean as we go. Then at the end of the shift, we are instructed to do house cleaning. I've watched black carpenters have to walk from area to area cleaning up after Hispanic crews while the Hispanic crews stand and watch. Black carpenters are instructed not to huddle or gather in groups of 2 or more but you can see Hispanic crews gathering in bunches, talking and laughing. I could go on and on but I'll move to the next topic.

At the end of the day, we have to catch the bus to the parking lot. Black carpenter crews were instructed to not leave the print shack area until 2:12 am to get in the bus line and to load the bus at 2:15. However all the other crews would get in line early. When we saw everyone in line went ahead and lined up also only for Tirso to come and remove every black carpenter from the line while the Hispanic carpenters stayed in line. We brought to Tirso's attention that they were still in line and Not only did they stay in line one of them had a full-blown argument with Tirso and refused to get out of the line. No disciplinary action was taken against any of them. So typically Black carpenters normally get the second or third bus going to the parking lot. There was a time about 30 days ago when a Black Carpenter was pushed out of line by the general foreman to load the bus that carpenter filed the report with HR, but nothing was done to that general foreman. I believe he's been promoted since then.

Forward to our current situation. Pierre Newberry is one of the smartest civil carpenters on the job site. As a crew, we've expressed ourselves to Newberry about the treatment we receive and we've also asked that he start defending us. Against his better judgment, Newberry did just that. He began to question why his crew was asked to do this or why the other crew couldn't clean up behind themselves and Newberry always said that Tirso was going to start looking for a reason to fire him….

Recently, Newberry was fired. He was fired not for talking back to the general foreman not for being disrespectful to the superintendent not for tardiness. He was fired for talking in line to one of his coworkers and Tirso overheard his conversation. Newberry didn't argue with Tirso. Newberry simply told him that "God sits high and watches low. You can't keep doing people wrong, Gods watching and you're going to get yours" Tirso began yelling that Newberry threatened him to prevent Newberry from going to work under another general foreman who was ready and happy to get Newberry. Pierre was doomed from the beginning. In my opinion, his knowledge was never viewed as an asset, it was viewed as a threat. I'm willing to say that 8 out of 10 people that Tirso has fired or had written up is Black. We currently have 4 Carpenter I guys on our crew, Alexis Stevens was the lead tech under Pierre and has more than 25 years of experience in civil Carpentry however Since Pierre was fired Tirso passed the foreman's

radio to Jonathan Morfin, a Hispanic carpenter II that has little to no experience working as a carpenter. Jonathan now walks around giving instructions and doing small tasks as a foreman would do. I have no problem with Tirso promoting a Hispanic to a foreman who is experienced and speaks English (because we are a black crew), but to pass up someone like Alexis is just not right. Everything Jonathan knows about civil carpentry, he learned from Pierre, Alexis, and Myself. I asked Alexis does it bother him and his reply was, “That’s just the way it is”

Over the past 8 months, I’ve asked other blacks why they allow themselves to be treated like this and their response was always the same, “That’s just the way it is!” I found myself saying those exact, slave mentality words to a younger black man. That’s when I realized that my days were numbered along with every other black person that refused to settle for less because of the color of our skin. I refused to be mentally abused into thinking that I have to adopt the mentality and accept “That’s just the way it is” to keep my job.

As I said in the opening of the letter, I’m not one to scream racism or discrimination, but working for Zachry not only do I understand and empathize with slaves who were forced to accept, “that’s just the way it is” I also understand what it means for a black man to stay in his place!

Sadly, a company as big and powerful as Zachry doesn’t know what’s going on, or at least I hope they don’t.

Sincerely,
A Concerned Black Man

Spoke with John McDonald- Carpenter, John stated he was ROF by Francisco Garcia- Foreman. John thinks he was ROF because of a DRP case that he called in and had the general foreman terminated. John stated he was on Francisco timecard but worked in the crew with Joe Settle- Foreman. John stated Joe and Francisco kept people that is not able to do a proper layout and that are all friends with them. John stated the people that hang out and fish with Joe were kept.

Spoke with Lucas Quintanilla- Superintendent, Lucas stated he was told that he had to do a reduction of force in his department. Lucas stated 50 or more people has been ROF from all different race and background. Lucas stated he had spoken with John and explained to him it had nothing to do with a DRP case, but to do with whom the foreman saw fit to let go of from the crew. Lucas stated his foreman look at attendance, job performance, and other qualifications. Lucas stated John understood once that had that conversation and stated he would look for work with Zachry in another area.

DRP spoke with John, and he stated he was applying with Zachry at other sites. John stated he spoke with Lucas, and he feels good about the conversation. DRP was not able to find any retaliation in this ROF. DRP will close out the case at this time.

Mr. Cordell,

Thank you for your email and for following up after our August 19, 2025, call. I appreciate you providing the Amended Objection and Amended Notice of Hearing for reference.

I want to clarify the circumstances surrounding the early arrival times reflected in my Claim. Arriving early to the parking lot and bus system was not voluntary. Zachry's position suggests that we could have simply arrived at the plant at the regular start time and not come early, but in practice, failing to arrive early would have caused us to be the last to catch the bus, which would result in being late and subject to write-ups or termination.

Black employees were also consistently the last to leave at the end of the day because Hispanic employees were allowed to board the buses first. This routinely caused us to remain at the plant 2–3 hours after our scheduled shift. This is documented — all Black employees were pulled out of the line, and one Black employee was terminated for speaking out about it. For us, as family men and primary providers for our households, this was not really a choice — it was a requirement to maintain our jobs and provide for our families.

As I stated in my original report, I am not going to simply let this go. I have worked hard to get where I am, and I currently own **Brothers Forever Productions LLC**. I am developing a film titled *Know Your Place* (www.bfproductionsllc.com) that will document these experiences with Zachry.

I maintain that my Claim for unpaid wages, lease payments, and related amounts is valid and properly filed, and I will be prepared to address these points further at the hearing.

Thank you for your attention and consideration.

Sincerely,
Jaeloni McDonald

Mr. McDonald,

This email is to follow up on our call on August 19, 2025 regarding your Proof of Claim No. 1666 (the "Claim"). For your convenience and for reference, I have attached a copy of the Claim to this email. I have also attached Zachry's Amended Objection and Amended Notice of Hearing that were previously served on you.

The Claim seeks $65,000.00 for "services performed." The Claim states it is based on a lease and seeks priority treatment for (i) deposits toward the purchase, lease, or rental of property or services for personal, family, or household use ($3,500), (ii) wages, salaries, or commissions earned within 180 days before the bankruptcy petition was filed ($15,000), and (iii) the value of goods received by the debtor within 20 days before the commencement of the case ($15,050.00). The claim also states that you "arrived to work 2-2.5 hours early every day to catch the bus from the parking lot. Unpaid." Zachry disagrees that the Claim is valid and owed and has therefore filed the Amended Objection. The reasons for Zachry's disagreements are listed in the Amended Objection.

During our call, you explained for the first time that you consider racial discrimination as part of the rationale or support for your Claim. Zachry takes these concerns very seriously. Although the Claim does not state anything about racial discrimination, I agreed to communicate our conversation to Zachry and to investigate your concerns as it relates to the Claim.

Zachry's records show that you have initiated three cases with Zachry's Dispute Resolution Procedure (DRP) hotline.

First, in February 2024, you reported harassment and offensive treatment by your supervisor, the general foreman. You reported that the general foreman pushed you out of the way to he could get on the bus first. DRP interviewed multiple witnesses and closed out the case after providing a warning to the general foreman. The records state that you were satisfied with DRP's handling of the case.

Second, in March 2024, you reported racial discrimination by your supervisor, the general foreman. You reported that African American crewmen were being treated differently than Hispanic crewmen by the general

foreman. You reported that African American crewmen were being retaliated against by the general foreman and submitted a written document and photograph in support. DRP interviewed numerous witnesses, and the general foreman was ultimately terminated. This action was communicated to you and the records state that you gave permission to close the case, reported that things had improved since the general foreman was terminated, and indicated that you were satisfied with DRP's handling of the case.

Third, in May 2024, you reported that you were the subject of unfair or unequal treatment when you were laid off via a reduction in force. You reported that you were laid off by a Hispanic supervisor as retaliation for a discrimination report you previously had filed against a different Hispanic employee. DRP closed the case because it did not find retaliation in connection with the reduction of force. The records state that you spoke with DRP and the Superintendent, that you understood and felt good about the conversation, and that you were applying for work with Zachry at other job sites.

During our call on August 19, you also mentioned that you were unable to support your claim properly because Zachry has the "punch-in / punch-out" records. As stated in the Amended Objections, the Site Procedures for the Plaquemines LNG facility (which you signed and acknowledged) state that the workday starts when an employee begins performing his principal work activities. Arriving early for the bus is not a "principal work activity." Moreover, use of the bus was voluntary, not mandatory. As it relates to "punch-in / punch-out" activities, clocking in for work takes place at the facility, not at the parking lot. Therefore any "punch-in / punch-out" records would not support your Claim for early arrival to the parking lot. Zachry is not in possession of any documentation that would demonstrate time spent in the parking lot while waiting for the bus.

Ultimately, after conferring with Zachry about the additional information you provided about the Claim, Zachry still disagrees with your claim and stands by the Amended Objection.

Thank you,

D. Ryan Cordell, Jr.

SUMMARY OF WORK ENVIRONMENT

Job Description/Scope for:
Boilermaker duties associated with the turnaround at will may consist of maintenance activities associated with the turnaround. Duties may also include climbing to elevated work areas, working in elevated area, scaffold use, hot work which may include working in and around hexavalent chromium regulated areas, confined space entries, rigging, line openings and wearing upgraded task specific PPE for certain tasks, and other special duties may also be require and assigned based off the needs of the project. Duties and positions will be assigned based off the needs of the project by Madison project management's discretion. Extended shifts and continuous days many be worked based off the needs of the project.

The following information is to provide an understanding of the work environment Madison's field employee must operate in on a day-to-day basis.

Madison's field employees generally work 12-hour shifts, six days a week in refinery, petrochemical, chemical, power generating and paper mill plants. In general, the work is either outside or in non-climate controlled confined spaces where access to ambient air is often limited. They must be able to operate in all temperature and weather extremes and conditions. These plants are noisy and crowded; they also operate at high pressure, high temperature, and high flammability, using and producing noxious and/or toxic products.

Employees must work on and traverse uneven pavement and surfaces, unstable work surfaces, temporary and fixed platform and ladders, work at heights, work inside vessels, and work in tight, cramped conditions. It is often necessary to climb (up and down) to heights of 100+ feet (while maintaining 3-point contact), crawl and walk to work locations carrying equipment which generally weigh from 25 – 50 lbs., including toolboxes, welding material or other equipment, and replacement parts. Operations generally require use of hydraulic and electrical tools and welding equipment of various sorts and hand tools to cut, remove and/or install valves, piping or other devices. Cables, hoses, and wires in the area create potential overhead and tripping hazards.

Fieldwork requires constant standing, stooping, bending, and lifting. There can be liquids and lubricants creating potentially slick footing. Projects can range over hundreds of yards which employees must get to via foot. Employees must respond to any local or broad-based emergency, including rapid evacuation as a result of any type of emergency that might occur throughout the plant. Employees must be able to work safely and efficiently in these difficult conditions, including safely traveling through and across facilities, without creating a safety risk to themselves or others, or to the environment or community at large.

Employees work with heavy tools, heavy construction materials and parts. Employees must be able to work safely and efficiently in these difficult conditions within OSHA and applicable safety standards without creating a safety risk to themselves or others.

JOB DUTIES/REQUIREMENTS

Employees in the designated job classification(s) assigned to the above project will be expected to perform the following designated minimum work duties, have the following designated certifications for work, and use the designed Protective Personal Equipment (PPE). Indicate below if you have appropriate certification or can perform the required functions with or without reasonable accommodation.
