(a) **Terms. Subject to Sections 11.8(b) and (c) below, in order to preserve and promote the property of the Estate, pursuant to section 105(a) of the Bankruptcy Code, holders of Asbestos PI Claims shall have no right whatsoever at any time to assert their Asbestos PI Claims against a Non-Settling Asbestos Insurance Entity or any property or interest in property of a Non-Settling Asbestos Insurance Entity. Each such holder of Asbestos PI Claims shall be enjoined from taking legal action directed against Non-Settling Asbestos Insurance Entity or its property for the purpose of directly or indirectly collecting, recovering, or receiving payment or recovery with respect to such Asbestos PI Claim, other than from the Asbestos PI Trust in accordance with this Non-Settling Asbestos Insurance Entity Injunction and pursuant to the Asbestos PI Trust Agreement and the Asbestos PI Trust Distribution Procedures.**

(b) **Reservations. Notwithstanding anything to the contrary above, this Non-Settling Asbestos Insurance Entity Injunction shall not enjoin:**

(i) **the rights of Entities to the treatment accorded them under Articles III and IV of the Plan, as applicable, including the rights of Entities with Asbestos PI Claims to assert Asbestos PI Claims against the Asbestos PI Trust in accordance with the Asbestos PI Trust Distribution Procedures;**

(ii) **the rights of Entities to assert any Claim, debt, obligation, or liability for payment of Trust Expenses against the Asbestos PI Trust;**

(iii) **the rights of the Asbestos PI Trust and/or Reorganized Quigley to take any action with respect to any and all of the Quigley Transferred Insurance Rights, subject to any applicable Insurance Settlement Agreement, the AIG Insurance Settlement Agreement, the Insurance Relinquishment Agreement, the AIG Assignment Agreement, and any Asbestos PI Insurer Coverage Defense;**

(iv) **the rights of any Entity to which the Asbestos PI Trust, Reorganized Quigley and/or any Pfizer Protected Party has assigned any of the Quigley Transferred Insurance Rights to take any action with respect any such Quigley Transferred Insurance Right, subject to any applicable Insurance Settlement Agreement, the AIG Insurance Settlement Agreement, the Insurance Relinquishment Agreement, the AIG Assignment Agreement, and any Asbestos PI Insurer Coverage Defense;**

(v) **the rights of the Asbestos PI Trust, Reorganized Quigley, any Pfizer Protected Party or any other Entity to assert any Claim, debt, obligation, or liability for payment against any Settling Asbestos Insurance Entity to the extent any insurance policies or insurance coverages were not resolved or released in the Insurance Settlement Agreement or the AIG Insurance Settlement Agreement, as applicable, with that Settling Asbestos Insurance Entity, subject to any applicable Insurance Settlement Agreement, the AIG Insurance Settlement Agreement, the Insurance Relinquishment Agreement, the AIG Assignment Agreement, and any Asbestos PI Insurer Coverage Defense; and**

(vi) **the rights of any Entity to assert or prosecute any Claim, debt, obligation, or liability for payment against any Asbestos Insurance Entity, subject to the Quigley Insurance Transfer, any applicable Insurance Settlement Agreement, the Insurance Relinquishment Agreement and any Asbestos PI Insurer Coverage Defense.**

(c) **Notwithstanding anything in this Section 11.8 to the contrary, (i) the Non-Settling Asbestos Insurance Entity Injunction is issued solely for the benefit of the Asbestos PI Trust and not for the benefit of any other Entity, including, but not limited to, any Non-Settling Asbestos Insurance Entity, and no Non-Settling Asbestos Insurance Entity is intended to be a third-party beneficiary of the Non-Settling Asbestos Insurance Entity Injunction; (ii) the Asbestos PI Trust shall have the sole right to enforce the Non-Settling Asbestos Insurance Entity Injunction; and (iii) the Asbestos PI Trust has the sole discretion to waive the Non-Settling Asbestos Insurance Entity Injunction as to any Asbestos PI Claim or any Non-Settling Asbestos Insurance Entity upon express written notice to such Non-Settling Asbestos Insurance Entity.**

Section 11.9 Limitations of Injunctions. Notwithstanding any other provision of this Plan to the contrary, the releases set forth in the Plan and the injunctions set forth in Sections 11.6, 11.7 and 11.8, respectively, shall not serve to satisfy, discharge, release, or enjoin claims by any Entity against: (a) the Asbestos PI Trust for payment of Asbestos PI Claims in accordance with the Asbestos PI Trust Distribution Procedures; or (b) the Asbestos PI Trust for the payment of Trust Expenses.

Section 11.10 **Releases and Indemnification by Quigley. As of the Effective Date, except to the extent otherwise provided for in the Plan, the other Plan Documents or the Confirmation Order, Quigley and Reorganized Quigley hereby release and are permanently enjoined from any prosecution or attempted prosecution of any and all Causes of Action that they have, may have or claim to have, which are property of, assertable on behalf of or derivative of Quigley, against the Released Parties (but solely in their capacities as Released Parties); provided, however, that the foregoing release shall not serve to release or enjoin any Settling Asbestos Insurance Entity from its obligations under the relevant Insurance Settlement Agreement, other settlement agreement or Shared Asbestos Insurance Policy.**

Section 11.11 **Confidentiality Injunction. Reorganized Quigley and the Asbestos PI Trust may not make any use of any information entrusted to either or both of them by an Asbestos Record Party, except as necessary to fulfill the obligations of Reorganized Quigley and/or the Asbestos PI Trust under the Plan Documents or as expressly permitted by the terms of any agreement between Reorganized Quigley and/or the Asbestos PI Trust, on the one hand, and an Asbestos Record Party, on the other hand. Any Asbestos Record Party harmed or likely to be harmed by the actual or threatened violation of this Section shall be entitled to enforce the Confidentiality Injunction through any remedy available under any applicable principle of law or equity.**

ARTICLE XII

CONDITIONS PRECEDENT TO CONFIRMATION AND CONSUMMATION OF THE PLAN

Section 12.1 Conditions Precedent to the Confirmation of the Plan. The following are conditions precedent to confirmation of the Plan that must be satisfied, unless waived in accordance with Section 12.3 of the Plan:

(a) The Bankruptcy Court shall have entered an order, in form and substance reasonably acceptable to Quigley and Pfizer, after consulting with the Creditors' Committee and the Future Demand Holders' Representative, approving the Disclosure Statement with respect to this Plan as containing adequate information within the meaning of section 1125 of the Bankruptcy Code.

(b) Any order entered by the Bankruptcy Court or the District Court that modifies, clarifies, or interprets the scope of the Preliminary Injunction Order or the Asbestos PI Channeling Injunction shall be in form and substance acceptable to Quigley and Pfizer.

(c) The Confirmation Order shall be in form and substance acceptable to Quigley and Pfizer, after consulting with the Creditors' Committee and the Future Demand Holders' Representative.

(d) The Confirmation Order shall, among other things:

(i) order that the assets revesting in Reorganized Quigley shall be free and clear of all Claims, Liens, and Encumbrances (other than Liens granted pursuant to the terms of the Plan);

(ii) order that the Confirmation Order shall supersede any Bankruptcy Court orders issued prior to the Confirmation Date that may be inconsistent with the Confirmation Order;

(iii) provide that, except with respect to obligations specifically preserved in the Plan, including, without limitation, Section 7.5 of the Plan, Quigley is discharged effective on the Confirmation Date (in accordance with the Plan) from any Claims, Demands, and any "debts" (as that term is defined in section 101(12) the Bankruptcy Code), and Quigley's liability in respect thereof, whether reduced to judgment or noncontingent, asserted or unasserted, fixed or not, matured or unmatured, disputed or undisputed, legal or equitable, or known or unknown, that arose from any agreement of Quigley entered into or obligation of Quigley incurred before the Confirmation Date, or from any conduct of Quigley prior to the Confirmation Date, or whether such interest accrued before or after the Petition Date, is extinguished completely;

(iv) provide that Pfizer is obligated to make the Pfizer Contribution;

(v) provide that, subject to the limitations expressly set forth in Section 10.4 of the Plan, all transfers of assets of Quigley contemplated under the Plan, and the transfer of the common stock of Reorganized Quigley by Pfizer, shall be free and clear of all Claims, Liens and all Encumbrances against or on such assets and common stock;

(vi) authorize the implementation of the Plan in accordance with its terms;

(vii) provide that any transfers effected or entered into, or to be effected or entered into, under the Plan, including, without limitation, Pfizer's contribution or transfer of the Quigley Operations to Reorganized Quigley, shall be and are exempt from any state, city or other municipality transfer taxes, mortgage recording taxes and any other stamp or similar tax under section 1146(a) of the Bankruptcy Code;

(viii) approve the other settlements, transactions and agreements to be effected pursuant to the Plan in all respects;

(ix) provide that all Executory Contracts or unexpired leases assumed by Quigley and assigned during the Chapter 11 Case or under the Plan shall remain in full force and effect for the benefit of Reorganized Quigley or the assignee thereof

notwithstanding any provision in such contract or lease (including those provisions described in sections 365(b)(2) and (f) of the Bankruptcy Code) that prohibits such assignment or transfer or that enables or requires termination of such contract or lease;

(x) provide that the transfers of property by Quigley to Reorganized Quigley in accordance with the Plan (A) are or will be legal, valid, and effective transfers of property; (B) vest or will vest Reorganized Quigley with good title to such property free and clear of all Liens, Claims, Encumbrances, and interests, except as expressly provided in the Plan or Confirmation Order; (C) do not and will not constitute avoidable transfers under the Bankruptcy Code or under applicable bankruptcy or non-bankruptcy law; and (D) do not and will not subject Reorganized Quigley to any liability by reason of such transfer under the Bankruptcy Code or under applicable non-bankruptcy law, including, without limitation, any laws affecting successor or transferee liability;

(xi) find that the Plan does not provide for the liquidation of all or substantially all of the property of Quigley, that Reorganized Quigley will continue to conduct business as an ongoing reorganized debtor, and that confirmation of the Plan is not likely to be followed by the liquidation of Reorganized Quigley or the need for further financial reorganization;

(xii) find that the Plan complies with all applicable provisions of the Bankruptcy Code, including, without limitation, that the Plan was proposed in good faith and that the Confirmation Order was not procured by fraud;

(xiii) provide that any attorney-client, work product or other privilege that applies to the Asbestos Records transferred by the Asbestos Record Parties to the Asbestos PI Trust shall not be destroyed, waived, or otherwise affected by the transfer of the Asbestos Records to the Asbestos PI Trust; and

(xiv) find that Pfizer has waived and shall be deemed to have waived any and all obligations or requirements of holders of Asbestos PI Claims who become Settling Plaintiffs under the terms of the Pfizer Claimant Settlement Agreements to reduce the amount of distributions they are entitled to receive from the Asbestos PI Trust; provided, however, that such waiver shall be null and void and of no further force and effect in the event that the Effective Date does not occur.

(e) In addition to the foregoing, the Confirmation Order shall contain the following findings of fact and conclusions of law, among others:

(i) The Asbestos PI Trust will have the sole and exclusive authority as of the Effective Date to defend all Asbestos PI Claims;

(ii) The Quigley Insurance Transfer, the Insurance Relinquishment Agreement and the AIG Assignment Agreement do not violate any consent-to-assignment provisions of any Shared Asbestos Insurance Policy, any Insurance Settlement Agreement, the AIG Insurance Settlement Agreement or any other applicable insurance policy, agreement, or contract;

(iii) The Quigley Insurance Transfer pursuant to the Plan is valid, effective and enforceable, and effectuates the transfer to the Asbestos PI Trust of the Quigley Transferred Insurance Rights; provided, however, that all Asbestos PI Insurer Coverage Defenses are preserved to the extent set forth in Section 10.4 of this Plan;

(iv) The duties, obligations and liabilities of any Asbestos Insurance Entity under all insurance policies, all Shared Asbestos Insurance Policies, all Insurance Settlement Agreements, the AIG Insurance Settlement Agreement, and all other settlement agreements, are not diminished, reduced or eliminated by: (A) the discharge of Quigley and Reorganized Quigley from all Asbestos PI Claims; (B) the injunctive protection provided to Quigley, Reorganized Quigley, the Asbestos Protected Parties, and the Settling Asbestos Insurance Entities with respect to Asbestos PI Claims; or (C) the assumption of responsibility and liability for all Asbestos PI Claims by the Asbestos PI Trust; provided, however, that all Asbestos PI Insurer Coverage Defenses are preserved to the extent set forth in Section 10.4 of this Plan;

(v) The Asbestos PI Channeling Injunction, the Settling Asbestos Insurance Entity Injunction, the Non-Settling Asbestos Insurance Entity Injunction, and the Confidentiality Injunction are essential to the Plan and Quigley's reorganization efforts;

(vi) Pfizer's contribution of the Pfizer Contribution, and Quigley's contribution of the Quigley Contribution, to the Asbestos PI Trust or Reorganized Quigley, as applicable, constitute substantial assets of the Plan and the reorganization; and

(vii) The Plan and its acceptance otherwise comply with section 1126 of the Bankruptcy Code.

(f) Pursuant to section 524(g) of the Bankruptcy Code, as a condition precedent to the issuance of the Asbestos PI Channeling Injunction, the Confirmation Order shall contain the following findings of fact and conclusions of law:

(i) At least 75% of those holders of Asbestos PI Claims actually voting on the Plan voted to accept the Plan;

(ii) The Asbestos PI Channeling Injunction, the Settling Asbestos Insurance Entity Injunction and the Non-Settling Asbestos Insurance Entity Injunction are to be implemented in accordance with the Plan and the Asbestos PI Trust, and the Confidentiality Injunction is to be implemented in accordance with the Plan;

(iii) As of the Petition Date, Quigley had been named as a defendant in personal injury, wrongful death, or property damage actions seeking recovery for damages allegedly caused by the presence of, or exposure to, asbestos or asbestos-containing products;

(iv) The Asbestos PI Trust is to be funded by securities of Quigley, the Quigley Contribution and the Pfizer Contribution, and future payment of dividends by Reorganized Quigley;

(v) The Asbestos PI Trust, on the Effective Date, will own one hundred percent (100%) of the common stock of Reorganized Quigley;

(vi) The Asbestos PI Trust is to use its assets and income to pay Asbestos PI Claims;

(vii) Quigley is likely to be subject to substantial future Demands for payment arising out of the same or similar conduct or events that gave rise to the Asbestos PI Claims, which are addressed by the Asbestos PI Channeling Injunction, the Settling Asbestos Insurance Entity Injunction and the Non-Settling Asbestos Insurance Entity Injunction;

(viii) The actual amounts, numbers, and timing of Demands cannot be determined;

(ix) Pursuit of Demands outside the procedures prescribed by the Plan and the Asbestos PI Trust Distribution Procedures is likely to threaten the Plan's purpose to deal equitably with Asbestos PI Claims;

(x) The terms of the Asbestos PI Channeling Injunction, the Settling Asbestos Insurance Entity Injunction, the Non-Settling Asbestos Insurance Entity Injunction, and the Confidentiality Injunction, including any provisions barring actions against third parties, are described in specific and conspicuous language in the Plan and the Disclosure Statement;

(xi) Pursuant to (A) the Asbestos PI Trust Distribution Procedures; (B) court order; or (C) otherwise, the Asbestos PI Trust will operate through mechanisms such as structured, periodic, or supplemental payments, pro rata distributions, matrices, or periodic review of estimates of the numbers and values of Asbestos PI Claims or other comparable mechanisms, that provide reasonable assurance that the Asbestos PI Trust will value, and be in a financial position to pay, similar Asbestos PI Claims in substantially the same manner;

(xii) The Future Demand Holders' Representative was appointed by the Bankruptcy Court as part of the proceedings leading to the issuance of the Asbestos PI Channeling Injunction, the Settling Asbestos Insurance Entity Injunction and the Non-Settling Asbestos Insurance Entity Injunction for the purpose of, among other things, protecting the rights of persons that might subsequently assert Demands of the kind that would constitute Asbestos PI Claims and are addressed in the Asbestos PI Channeling Injunction, the Settling Asbestos Insurance Entity Injunction and the Non-Settling Asbestos Insurance Entity Injunction and channeled to the Asbestos PI Trust; and

(xiii) In light of the benefits provided, or to be provided, to the Asbestos PI Trust on behalf of each Asbestos Protected Party or Settling Asbestos Insurance Entity, as applicable, the Asbestos PI Channeling Injunction and the Settling Asbestos Insurance Entity Injunction are fair and equitable with respect to the persons that might subsequently assert Demands that would constitute Asbestos PI Claims against any Asbestos Protected Party or Settling Asbestos Insurance Entity, as applicable.

Section 12.2 Conditions Precedent to the Effective Date of the Plan. The Effective Date shall not occur and the Plan shall not become effective unless and until the following conditions shall have been satisfied or waived in accordance with Section 12.3 of the Plan:

(a) The Confirmation Date shall have occurred and the Confirmation Order, in form and substance acceptable to Quigley and Pfizer, shall have been entered by the Bankruptcy Court and affirmed by the District Court or issued by the District Court, and shall have become a Final Order.

(b) No request for revocation of the Confirmation Order under section 1144 of the Bankruptcy Code shall have been made, or, if made, shall remain pending.

(c) All conditions precedent to the Confirmation Date shall have been satisfied or waived and shall continue to be satisfied or waived.

(d) The following agreements and documents, in form and substance satisfactory to Quigley and Pfizer, shall have been executed and delivered, and all conditions precedent thereto shall have been satisfied:

(i) Amended Charter Documents;

(ii) Asbestos PI Trust Agreement;

(iii) AIG Assignment Agreement;

(iv) Insurance Relinquishment Agreement; and

(v) Documents related to Quigley Operations.

(e) All other actions, Plan Documents, and other documents and agreements necessary to implement those provisions of the Plan to be effectuated on or prior to the Effective Date, in form and substance satisfactory to Quigley and Pfizer, shall have been effected or executed and delivered.

(f) The Confirmation Order shall contain the Asbestos PI Channeling Injunction, the Settling Asbestos Insurance Entity Injunction, the Non-Settling Asbestos Insurance Entity Injunction, and the Confidentiality Injunction.

(g) Quigley shall have obtained an opinion of counsel stating that the Asbestos PI Trust qualifies as a "qualified settlement fund" within the meaning of regulations issued pursuant to section 468B of the Internal Revenue Code.

(h) On the Effective Date, Pfizer will pay to Quigley and shall satisfy the Pfizer Tax Sharing Receivable outstanding as of the last day of the month immediately preceding the Effective Date, as adjusted for any tax consequences to Pfizer and Quigley as a result of the transactions contemplated by and undertaken in the Plan.

Section 12.3 Waiver of Conditions Precedent. To the fullest extent permitted by law, each of the conditions precedent in Sections 12.1 and 12.2 hereof may be waived or modified, in whole or in part, by Quigley with the written consent of Pfizer, after consulting with the Creditors' Committee and the Future Demand Holders' Representative. Any such waiver or modification of a condition precedent in Sections 12.1 and 12.2 hereof may be effected at any time, without notice, without leave or order of the Bankruptcy Court or District Court and without any other formal action.

Section 12.4 Effect of Failure or Absence of Waiver of Conditions Precedent to the Effective Date of the Plan. In the event that one or more of the conditions specified in Section 12.2 of the Plan have not been satisfied, or waived, as applicable, by Quigley and Pfizer (after consulting with the Creditors' Committee and the Future Demand Holders' Representative), within 90 days of entry of the District Court's issuance or affirmance of an order confirming the Plan pursuant to section 524(g)(3)(A) of the Bankruptcy Code, upon notification submitted by Quigley in its discretion to the Bankruptcy Court: (a) the Confirmation Order shall be vacated; (b) no Distributions under the Plan shall be made; (c) Quigley and all holders of Claims against and Equity Interests in Quigley shall be restored to the *status quo ante* as of the day immediately preceding the Confirmation Date as though the Confirmation Date never occurred; and (d) Quigley's obligations with respect to Claims and Equity Interests shall remain unchanged. If the Confirmation Order is vacated pursuant to this Section 12.4, nothing contained in this Plan shall: (x) constitute or be deemed a waiver or release of any Claims or Equity Interests by, against, or in Quigley or any other Entity; or (y) prejudice in any manner the rights of Quigley or any other Entity in the Chapter 11 Case or any other or further proceedings involving Quigley.

ARTICLE XIII

Pursuant to sections 105(a) and 1142 of the Bankruptcy Code, the Bankruptcy Court shall, to the fullest extent permitted by law, retain and have exclusive jurisdiction over all matters arising out of and related to the Chapter 11 Case and this Plan, including, among other things, jurisdiction to:

(b) Hear and determine any and all adversary proceedings, applications, motions, and contested or litigated matters that may be pending on the Effective Date or that, pursuant to the Plan, may be instituted by the Asbestos PI Trust after the Effective Date, to recover assets for the benefit of the Estate or the Asbestos PI Trust;

(c) Hear and determine all objections to the termination of the Asbestos PI Trust;

(d) Hear and determine such other matters that may be set forth in or arise in connection with the Plan, the Confirmation Order, the Asbestos PI Channeling Injunction, the Settling Asbestos Insurance Entity Injunction, the Non-Settling Asbestos Insurance Entity Injunction, the Confidentiality Injunction, or the Asbestos PI Trust Agreement;

(h) Hear and determine any and all applications for allowance of Fee Claims and any other fees and expenses authorized to be paid or reimbursed under the Bankruptcy Code or the Plan;

(i) Enter such orders authorizing non-material modifications to the Plan as may be necessary to comply with section 468B of the Internal Revenue Code;

(j) Hear and determine any applications pending on the Effective Date for the assumption, rejection or assumption and assignment, as the case may be, of Executory Contracts to which Quigley is a party or with respect to which Quigley may be liable, and to hear and determine and, if necessary, liquidate any and all Claims arising therefrom;

(k) Hear and determine any and all applications, Claims, causes of action, adversary proceedings, and contested or litigated matters that may be pending on the Effective Date or commenced by Reorganized Quigley or any other party in interest subsequent to the Effective Date;

(r) Hear and determine matters concerning state, local and federal taxes in accordance with sections 346, 505, and 1146 of the Bankruptcy Code;

(s) Compel the conveyance of property and other performance contemplated under the Plan and documents executed in connection herewith;

(t) Enforce remedies upon any default under the Plan;

(u) Hear and determine any other matter not inconsistent with the Bankruptcy Code; and

(v) Enter a final decree closing the Chapter 11 Case.

If and to the extent that the Bankruptcy Court is not permitted under applicable law to exercise jurisdiction over any of the matters specified above, the reference to the "Bankruptcy Court" in the preamble to this Section 13.1 shall be deemed to be a reference to the "District Court." Notwithstanding the terms of this Section 13.1, the Bankruptcy Court shall retain continuing, but not exclusive, jurisdiction over Asbestos Insurance Actions; provided, however, that this Section 13.1 shall not confer or grant jurisdiction to the Bankruptcy Court when the Asbestos Insurance Action is governed by an otherwise applicable arbitration provision. Notwithstanding anything in this Section 13.1 to the contrary, the Asbestos PI Trust Agreement and the Asbestos PI Trust Distribution Procedures shall govern the satisfaction of Asbestos PI Claims and the forum in which such Asbestos PI Claims shall be determined.

Section 13.2 Modification of Plan. Quigley may alter, amend, or modify this Plan or any Schedules or Exhibits thereto, with the consent of Pfizer, under section 1127(a) of the Bankruptcy Code at any time prior to the Confirmation Date and may include any such amended Schedules or Exhibits in the Plan or the Plan Supplement, provided that the Plan, as modified, meets the requirements of sections 1122 and 1123 of the Bankruptcy Code, and Quigley shall have complied with section 1125 of the Bankruptcy Code, to the extent necessary. Quigley may alter, amend, or modify this Plan or any Schedules or Exhibits thereto, with the written consent of Pfizer, at any time after entry of the Confirmation Order and before the Plan's substantial consummation; provided, however, that: (a) the Plan, as modified, altered, or amended, meets the requirements of sections 1122 and 1123 of the Bankruptcy Code; and (b) the Bankruptcy Court, after notice and a hearing, confirms the Plan, as modified, under section 1129

of the Bankruptcy Code, and the circumstances warrant such modification. A holder of a Claim that has accepted or rejected the Plan shall be deemed to have accepted or rejected, as the case may be, such Plan as modified, unless, within the time fixed by the Bankruptcy Court, if any, such holder changes its previous acceptance or rejection.

Section 13.3 Compromises of Controversies. From and after the Effective Date, Reorganized Quigley shall be authorized to compromise controversies not involving the Asbestos PI Trust or Asbestos PI Claims on such terms as Reorganized Quigley may determine, in its sole discretion, to be appropriate.

Section 13.4 Petition for Final Decree. The Chapter 11 Case shall not be deemed fully administered until all Claims (other than Asbestos PI Claims) and contested matters brought or to be brought by Quigley or Reorganized Quigley, as the case may be, have been adjudicated by Final Order, and all Distributions to be made under this Plan (other than distributions to be made by the Asbestos PI Trust to the holders of Asbestos PI Claims) have been completed. At such time, Reorganized Quigley shall petition the Bankruptcy Court for entry of a final decree declaring the case fully administered. Upon entry of an order of the Bankruptcy Court granting Reorganized Quigley's application for a final decree, which order shall have become a Final Order, the Chapter 11 Case shall be closed.

Section 13.5 Preservation of Rights under Rule 2004 of the Bankruptcy Rules. From and after the Effective Date and until the Chapter 11 Case is closed in accordance with Section 13.4 above, Reorganized Quigley shall continue to have all rights available to Quigley prior to the Effective Date pursuant to Rule 2004 of the Bankruptcy Rules.

Section 13.6 Revocation or Withdrawal of the Plan. Quigley reserves the right to revoke or withdraw the Plan, with the written consent of Pfizer, at any time prior to entry of the Confirmation Order. If Quigley revokes or withdraws the Plan or if confirmation of the Plan does not occur, then: (a) this Plan shall be null and void in all respects; (b) any settlement or compromise embodied in this Plan (including the fixing or limiting to an amount any Claim or Equity Interest or Class of Claims or Equity Interests), assumption or rejection of Executory Contracts or leases effected by this Plan, and any document or agreement executed pursuant to this Plan, shall be deemed null and void; (c) Pfizer's waiver of any obligations or requirements of holders of Asbestos PI Claims who become Settling Plaintiffs under the terms of the Pfizer Claimant Settlement Agreements to reduce the amount of distributions they are entitled to receive from the Asbestos PI Trust shall be null and void and of no further force or effect; and (d) nothing contained in this Plan, and no acts taken in preparation for consummation of this Plan, shall: (x) constitute or be deemed to constitute a waiver or release of any Claims by or against, or any Equity Interests in, Quigley or any other Entity; (y) prejudice in any manner the rights of Quigley or any Entity in any further proceedings involving Quigley; or (z) constitute an admission of any sort by Quigley or any other Entity.

ARTICLE XIV

Section 14.9 Binding Effect. The rights, benefits and obligations of any Entity named or referred to in the Plan, or whose actions may be required to effectuate the terms of the Plan shall be binding on, and shall inure to the benefit of, any heir, executor, administrator, successor or assign of such Entity (including, but not limited to, any trustee appointed for Quigley under chapters 7 or 11 of the Bankruptcy Code). Section 14.13 Prepayment. Except as otherwise provided in this Plan, the Plan Documents, or the Confirmation Order, Reorganized Quigley shall have the right to prepay, without penalty, all or any portion of an Allowed Claim at any time; provided, however, that any such prepayment shall not be violative of, or otherwise prejudice, the relative priorities and parities among the Classes of Claims.

Section 14.14 Effective Date Actions Simultaneous. Unless the Plan or the Confirmation Order provides otherwise, actions required to be taken on the Effective Date shall take place and be deemed to have occurred simultaneously, and no such action shall be deemed to have occurred prior to the taking of any other such action.

Section 2.04 Acceptance of Assets and Assumption of Liabilities.

(a) In furtherance of the purposes of the Asbestos PI Trust, the Asbestos PI Trust hereby expressly accepts the transfer, issuance and assignment, as applicable, to the Asbestos PI Trust of the Asbestos PI Trust Assets at the time and in the manner contemplated by the Plan Documents.

Reg. 1-468B-1, *et seq.*

(d) Nothing in this Agreement shall be construed in any way to limit the scope, enforceability, or effectiveness of (i) the injunctions issued in connection with the Plan, including the Asbestos PI Channeling Injunction and the Asbestos Insurance Entity Injunction, or (ii) the Asbestos PI Trust's assumption of all liability with respect to the Asbestos PI Claims.

2.05 <u>Claims Reporting</u>

(a) Unless and until there is definitive regulatory, legislative, or judicial authority (as embodied in a final non-appealable decision from the United States Court of Appeals for the Second Circuit or the United States Supreme Court), or a letter from the Secretary of Health and Human Services confirming that Reorganized Quigley, Pfizer, and the Settling Asbestos Insurance Entities have no reporting obligations under MMSEA with respect to any settlements, payments, or other awards made by the Asbestos PI Trust or with respect to contributions Quigley, Reorganized Quigley, Pfizer and the Settling Asbestos Insurance Entities have made or will make to the Asbestos PI Trust, the Asbestos PI Trust shall, at its sole expense and solely in connection with the implementation of the Plan, act as a reporting agent for Reorganized Quigley, Pfizer, and the Settling Asbestos Insurance Entities, and shall timely submit all reports that would be required to be made by Reorganized Quigley, Pfizer, or any of the Settling Asbestos Insurance Entities under MMSEA on account of any claims settled, resolved, paid, or otherwise liquidated by the Asbestos PI Trust or with respect to contributions to the Asbestos PI Trust including, but not limited to, reports that would be required if Reorganized Quigley, Pfizer, and the Settling Asbestos Insurance Entities were determined to be "applicable plans" for purposes of MMSEA, or any of Reorganized Quigley, Pfizer, and the Settling Asbestos Insurance Entities were otherwise found to have MMSEA reporting requirements. The Asbestos PI Trust, in its role as reporting agent for Reorganized Quigley, Pfizer, and the Settling Asbestos Insurance Entities, shall follow all applicable guidance published by the Centers for Medicare & Medicaid Services of the United States Department of Health and Human Services and/or any other agent or successor Entity charged with responsibility for monitoring, assessing, or receiving reports made under MMSEA (collectively, "CMS") to determine whether or not, and, if so, how, to report to CMS pursuant to MMSEA.

(b) If the Asbestos PI Trust is required to act as a reporting agent for Reorganized Quigley, Pfizer, or the Settling Asbestos Insurance Entities pursuant to the provisions of Section 2.05(a) above, the Asbestos PI Trust shall provide a written certification to each of Reorganized Quigley, Pfizer and the Settling Asbestos Insurance Entities within ten (10) days following the end of each calendar quarter, confirming that all reports to CMS required by Section 2.05(a) have been submitted in a timely fashion, and identifying (i) any reports that were rejected or otherwise identified as noncompliant by CMS, along with the basis for such rejection or noncompliance, and (ii) any payments to Medicare benefits recipients or Medicare eligible beneficiaries that the Asbestos PI Trust did not report to CMS.

(c) With respect to any reports rejected or otherwise identified as noncompliant by CMS, the Asbestos PI Trust shall, upon request by Reorganized Quigley, Pfizer, or any of the Settling Asbestos Insurance Entities, promptly provide copies of the original reports submitted to CMS, as well as any response received from CMS with respect to such reports; provided, however, that the Asbestos PI Trust may redact from such copies the names, social security numbers other than the last four digits, health insurance claim numbers, taxpayer identification numbers, employer identification numbers, mailing addresses, telephone numbers, and dates of birth of the injured parties, claimants, guardians, conservators and/or other personal representatives, as applicable.

(d) If the Asbestos PI Trust is required to act as a reporting agent for Reorganized Quigley, Pfizer, or the Settling Asbestos Insurance Entities pursuant to the provisions of Section 2.05(a) above, with respect to each claim of a Medicare benefits recipient or Medicare-eligible beneficiary that was paid by the Asbestos PI Trust and not disclosed to CMS, the Asbestos PI Trust shall, upon request by Reorganized Quigley, Pfizer, or any of the Settling Asbestos Insurance Entities, promptly provide the last four digits of the claimant's social security number, the year of the claimant's birth, the claimants' asbestos-related disease, and any other information that may be necessary in the reasonable judgment of Reorganized Quigley, Pfizer or the Settling Asbestos Insurance Entities to satisfy their obligations, if any, under MMSEA, as well as the basis for the Asbestos PI Trust's failure to report the payment. In the event Reorganized Quigley, Pfizer, or any of the Settling Asbestos Insurance Entities inform the Asbestos PI Trust that it disagrees with the Asbestos PI Trust's decision not to report a claim paid by the Asbestos PI Trust, the Asbestos PI Trust shall promptly report the payment to CMS. All documentation relied upon by the Asbestos PI Trust in making a determination that a payment did not have to be reported to CMS shall be maintained for a minimum of six years following such determination.

(e) If the Asbestos PI Trust is required to act as a reporting agent for Reorganized Quigley, Pfizer, or the Settling Asbestos Insurance Entities pursuant to the provisions of Section 2.05(a) above, the Asbestos PI Trust shall make the reports and provide the certifications required by Sections 2.05(a) and (b) above until such time as each of Reorganized Quigley, Pfizer, and the Settling Asbestos Insurance Entities all determine, in their reasonable judgment, that they have no further legal obligation under MMSEA or otherwise to report any settlements, resolutions, payments, or liquidation determinations made by the Asbestos PI Trust or contributions to the Asbestos PI Trust. Furthermore, following any permitted cessation of reporting, or if reporting has not previously commenced due to the satisfaction of one or more of

the conditions set forth in section 2.05(a) above, and if Reorganized Quigley, Pfizer, or any of the Settling Asbestos Insurance Entities reasonably determine, based on subsequent legislative, administrative, regulatory, or judicial developments, that reporting is required, then the Asbestos PI Trust shall promptly perform its obligations under Sections 2.05(a) and (b).

(f) Section 2.05 (a) above is intended to be purely prophylactic in nature, and does not imply, and shall not constitute an admission, that Reorganized Quigley, Pfizer, and/or the Settling Asbestos Insurance Entities are in fact “applicable plans” within the meaning of MMSEA, or that they have any legal obligation to report any actions undertaken by the Asbestos PI Trust or contributions to the Asbestos PI Trust under MMSEA or any other statute or regulation.

(g) In the event that CMS concludes that reporting done by the Asbestos PI Trust in accordance with Section 2.05(a) above is or may be deficient in any way, and has not been corrected to the satisfaction of CMS in a timely manner, or if CMS communicates to the Asbestos PI Trust, Reorganized Quigley, Pfizer, or any of the Settling Asbestos Insurance Entities a concern with respect to the sufficiency or timeliness of such reporting, or there appears to Reorganized Quigley, Pfizer, or any of the Settling Asbestos Insurance Entities a reasonable basis for a concern with respect to the sufficiency or timeliness of such reporting or non-reporting based upon the information received pursuant to Section 2.05(b), (c) or (d) or other credible information, then each of Reorganized Quigley, Pfizer, and the Settling Asbestos Insurance Entities shall have the right to submit its own reports to CMS under MMSEA, and the Asbestos PI Trust shall provide to any party that elects to file its own reports such information as the electing party may require in order to comply with MMSEA, including, without limitation, the full reports filed by the Asbestos PI Trust pursuant to Section 2.05(a) without any redactions. Reorganized Quigley, Pfizer, and the Settling Asbestos Insurance Entities shall keep any information they receive from the Asbestos PI Trust pursuant to this Section 2.05(g) confidential and shall not use such information for any purpose other than meeting obligations under MMSEA.

(h) Notwithstanding any other provisions hereof, if the Asbestos PI Trust is required to act as a reporting agent for Reorganized Quigley, Pfizer, or the Settling Asbestos Insurance Entities, then such entities shall take all steps necessary and appropriate as required by CMS to permit any reports contemplated by this section to be filed. Furthermore, until Reorganized Quigley, Pfizer, or the Settling Asbestos Insurance Entities provide the Asbestos PI Trust with any necessary information that may be provided by CMS’s Coordination of Benefits Contractor (the “COBC”) to effectuate reporting, the Asbestos PI Trust shall have no obligation to report under section 2.05(a) with respect to any such entity that has not provided such information.

2.06 Payment of MSP Obligations

In connection with the implementation of the Plan, the Trustees shall obtain prior to remittance of funds to claimants' counsel or the claimant, if pro se, in respect of any Asbestos PI Claim a certification from the claimant to be paid that said claimant has paid or will provide for the payment and/or resolution of any obligations owing or potentially owing under 42 U.S.C. § 1395y(b),or any related rules, regulations, or guidance, in connection with, or relating to, such

Asbestos PI Claim. The Asbestos PI Trust shall provide a quarterly certification of its compliance with this section to each of Reorganized Quigley, Pfizer, and the Settling Asbestos Insurance Entities, and permit reasonable audits by such entities, no more often than quarterly, to confirm the Asbestos PI Trust's compliance with this section. For the avoidance of doubt, the Asbestos PI Trust shall be obligated to comply with the requirements of this section regardless of whether Reorganized Quigley, Pfizers, or any of the Settling Asbestos Insurance Entities elects to file its own reports under MMSEA pursuant to section 2.05(g) above.

2.07 Indemnification for Medicare Claims Reporting and Payment Obligations

The Asbestos PI Trust shall defend and indemnify each of Reorganized Quigley, Pfizer and the Settling Asbestos Insurance Entities for any claims of any nature in respect of Medicare claims reporting and payment obligations in connection with Asbestos PI Claims, including any obligations owing or potentially owing under MMSEA or 42 U.S.C. § 1395y(b) or any related rules, regulations, or guidance issued in connection therewith, or relating thereto, and any claims arising from or related to the Asbestos PI Trust's obligations under sections 2.05 and 2.06 above ("Medicare Related Claims"). Reorganized Quigley, Pfizer and the Settling Asbestos Insurance Entities shall not be responsible for any costs, fees, expenses in connection with the defense or payment of any Medicare Related Claims or any judgments regarding any Medicare Related Claim.

As soon as practicable after the Effective Date, one Trustee shall be designated the Managing Trustee (the "Managing Trustee"), by vote of the Trustees, to serve in accordance with the Trust Bylaws.

Section 5.02 Term of Service.

(a) The initial Trustees named pursuant to Section 5.01 shall serve staggered terms of three (3), four (4), and five (5) years as shown on the signature page hereof. Thereafter, each term of service shall be five (5) years. Each of the initial Trustees shall serve from the Effective Date until the earlier of (i) his or her death, (ii) the end of his or her term, (iii) his or her resignation pursuant to Section 5.02(b), (iv) his or her removal pursuant to Section 5.02(c), and (v) the termination of the Asbestos PI Trust pursuant to Section 8.02.

(b) Any Trustee may resign at any time by written notice to the remaining Trustees, the Trust Advisory Committee and the Future Demand Holders' Representative. Such notice shall specify a date when such resignation shall take effect, which shall not be less than ninety (90) days after the date such notice is given, where practicable.

(c) A Trustee may be removed by the unanimous vote of the remaining Trustees in the event that such Trustee becomes unable to discharge his or her duties hereunder due to accident, physical or mental deterioration, or for other good cause; provided, however, that the consent of the Trust Advisory Committee and the Future Demand Holders' Representative shall be required for the removal of the Managing Trustee without good cause. Good cause shall be deemed to include, without limitation, any substantial failure to comply with Section 3.02, a consistent pattern of neglect and failure to perform or participate in performing the duties of a Trustee hereunder, or repeated non-attendance at scheduled meetings. Such removal shall require the approval of the Bankruptcy Court and shall take effect at such time as the Bankruptcy Court shall determine.

Section 5.03 Appointment of Successor Trustee(s).

(a) In the event there is a vacancy in the position of Trustee, the remaining Trustees shall consult with the Trust Advisory Committee and the Future Demand Holders' Representative concerning appointment of a successor Trustee. The vacancy shall be filled by the unanimous vote of the remaining Trustees unless the Trust Advisory Committee or the Future Demand Holders' Representative vetoes the appointment. In the event the remaining Trustees cannot agree on a successor Trustee, or the members of the Trust Advisory Committee or the Future Demand Holders' Representative vetoes appointment of a successor Trustee, the Bankruptcy Court shall fill the vacancy. Nothing shall prevent appointment of a Trustee for successive terms.

(b) Immediately upon the appointment of any successor Trustee, all rights, titles, duties, powers and authority of the predecessor Trustee hereunder shall be vested in, and undertaken by, the successor Trustee without any further act. No successor Trustee shall be liable personally for any act or omission of his or her predecessor Trustee.

(c) Each successor Trustee shall serve until the earlier of (i) the end of a full term of five (5) years if the predecessor to such Trustee has completed his or her term, (ii) the end of the remainder of the term of the predecessor Trustee whom he or she is replacing if such Trustee did not complete his or her term, (iii) his or her death, (iv) his or her resignation pursuant to Section 5.02(b), (v) his or her removal pursuant to Section 5.02(c), and (vi) termination of the Asbestos PI Trust pursuant to Section 8.02.

Section 5.04 Liability of Trustees; Officers and Employees. No Trustee, officer, or employee of the Asbestos PI Trust shall be liable to the Asbestos PI Trust, to any Entity holding an Asbestos PI Claim, or to any other Entity, except for breach of trust committed in bad faith by such individual or willful misappropriation by such individual. Such protection may, in the discretion of the Trustees, be extended to the agents, advisors or consultants of the Asbestos PI Trust. No Trustee, officer, or employee of the Asbestos PI Trust shall be liable for any act or omission of any other officer, employee, agent or consultant of the Asbestos PI Trust, unless such Trustee, officer, employee or consultant of the Asbestos PI Trust, respectively, acted with bad faith in the selection or retention of such other officer, employee, agent, or consultant of the Asbestos PI Trust.

Section 5.05 Compensation and Expenses of Trustees.

(a) Each Trustee shall receive a retainer from the Asbestos PI Trust for his or her services as a Trustee in the amount of $65,000 per annum, which amount shall be payable in quarterly installments; provided, however, that the Trustee serving as Managing Trustee shall receive an annual retainer in the amount of $75,000. In addition, for all time expended attending meetings, preparing for such meetings and working on authorized projects, each Trustee shall receive the sum of $600 per hour and the sum of $300 per hour for non-working travel time, in both cases computed on a quarter-hour basis. The per annum and hourly compensation payable to the Trustees shall be reviewed every three (3) years and appropriately adjusted for changes in the cost of living.

(b) The Asbestos PI Trust will promptly reimburse each Trustee for all reasonable out-of-pocket costs and expenses incurred by each Trustee in connection with the performance of his or her duties hereunder.

(c) The Asbestos PI Trust will include a description of the amounts paid under this Section 5.05 in the report to be filed pursuant to Section 3.02(c)(i).

Section 5.06 Trustees' Employment of Professionals.

The Trustees may, but shall not be required to, retain and/or consult with counsel, accountants, appraisers, auditors and forecasters and other Entities deemed by the Trustees to be qualified as experts on the matters submitted to them, and the opinion of any such Entities on any matters submitted to them by the Trustees shall be full and complete authorization and protection in respect of any action taken or not taken by the Trustees hereunder in good faith and in accordance with the written opinion of any such Entity, in the absence of gross negligence.

Section 5.07 Trustees' Independence. No Trustee shall, during the term of his or her service, hold a financial interest in, act as attorney or agent for, or serve as any other professional for Reorganized Quigley, Pfizer, or any of their successors. No Trustee shall act as an attorney for any Entity who holds an asbestos claim.

Section 5.08 Bond. The Trustees shall not be required to post any bond or other form of surety or security unless otherwise ordered by the Bankruptcy Court.

Section 5.09 Indemnification of Trustees and Additional Indemnitees.

(a) The Asbestos PI Trust shall indemnify and defend the Trustees and the Additional Indemnitees in the performance of their duties hereunder to the fullest extent that a corporation or trust organized under the laws of the State of New York is from time to time entitled to indemnify and defend its directors, trustees, officers and employees against any and all liabilities, expenses, claims, damages or losses incurred by them in the performance of their duties hereunder. Notwithstanding the foregoing, neither the Trustees nor any officer or employee of the Asbestos PI Trust, nor the Future Demand Holders' Representative, nor any member of the Trust Advisory Committee shall be indemnified or defended in any way for any liability, expense, claim, damage, or loss for which they are ultimately liable under Section 5.04, 6.07 or 7.08.

(b) Additionally, any of the Additional Indemnitees who was or is a party, or is threatened to be made a party to any threatened or pending judicial, administrative, or arbitrative action, by reason of any act or omission of such Additional Indemnitees with respect to (i) the Chapter 11 Case and any act or omission undertaken by them prior to the commencement thereof, (ii) the liquidation of any Asbestos PI Claim, (iii) the administration of the Asbestos PI Trust and the implementation of the Asbestos PI Trust Distribution Procedures, or (iv) any activities in connection with this Asbestos PI Trust Agreement, shall be indemnified and defended by the Asbestos PI Trust, to the fullest extent that a corporation or trust organized under the laws of New York is from time to time entitled to indemnify and defend its officers, directors, trustees, and employees, against reasonable expenses, costs and fees (including attorneys' fees and costs), judgments, awards, amounts paid in settlement, and liabilities of all kinds incurred by each Additional Indemnitee in connection with or resulting from such action, suit, or proceeding, if he or she acted in good faith and in a manner such Additional Indemnitee reasonably believed to be in, or not opposed to, the best interests of the holders of Asbestos PI Claims whom the Additional Indemnitees represent.

(c) Reasonable expenses, costs and fees (including reasonable attorneys' fees and costs) incurred by or on behalf of a Trustee or any Additional Indemnitee in connection with any action, suit, or proceeding, whether civil, administrative or arbitrative from which he or she is indemnified by the Asbestos PI Trust pursuant to Section 5.10, shall be paid by the Asbestos PI Trust in advance of the final disposition thereof upon receipt of an undertaking, by or on behalf of such Trustee or Additional Indemnitee, to repay such amount in the event that it shall be determined ultimately by Final Order that such Trustee or any Additional Indemnitee is not entitled to be indemnified by the Asbestos PI Trust.

(d) The Trustees may purchase and maintain reasonable amounts and types of insurance on behalf of the Asbestos PI Trust and pay any individual who is or was a Trustee, officer, employee, agent or representative of the Asbestos PI Trust or an Additional Indemnitee against liability asserted against or incurred by such individual in that capacity or arising from his or her status as a Trustee, Future Demand Holders' Representative, member of the Trust Advisory Committee, officer, employee, agent or other representative.

(e) Any indemnification under Section 5.10(a) of this Asbestos PI Trust Agreement shall be made by the Asbestos PI Trust upon a determination by the Trustees that indemnification of such Entity is proper under the circumstances.

Section 5.10 Liens of Trustees and Additional Indemnitees. The Trustees and the Additional Indemnitees shall have a first priority Lien upon the Asbestos PI Trust Assets and all proceeds thereof and all accounts into which such proceeds of the Asbestos PI Trust Assets are deposited or maintained to secure the payment of any amounts payable to them pursuant to Section 5.05, 5.10, 6.05 or 7.06. The Asbestos PI Trust shall take such actions as may be necessary or reasonably requested by any of the Trustees, the Future Demand Holders' Representative, the Trust Advisory Committee or any of the other Additional Indemnitees to evidence such encumbrance (including, without limitation, filing appropriate financing statements).

ARTICLE VI

THE FUTURE DEMAND HOLDERS' REPRESENTATIVE

Where provided in this Asbestos PI Trust Agreement or the Asbestos PI Trust Distribution Procedures, certain actions of the Trustees are subject to the consent of the Future Demand Holders' Representative.

Section 6.02 Term of Office.

(a) The Future Demand Holders' Representative shall serve until the earlier of (i) his or her death, (ii) his or her resignation pursuant to Section 6.02(b), (iii) his or her removal pursuant to Section 6.02(c), and (iv) the termination of the Asbestos PI Trust pursuant to Section 8.02.

(b) The Future Demand Holders' Representative may resign at any time by written notice to the Trustees. Such notice shall specify a date when such resignation shall take effect, which shall not be less than ninety (90) days after the date such notice is given, where practicable.

(c) The Future Demand Holders' Representative may be removed in the event he or she becomes unable to discharge his or her duties hereunder due to accident, physical or mental deterioration, or for other good cause. Good cause shall be deemed to include, without limitation, a consistent pattern of neglect and failure to perform or to participate in performing the duties of the Future Demand Holders' Representative hereunder and under the Asbestos PI Trust Distribution Procedures, such as repeated non-attendance at scheduled meetings. Such removal shall be made by decision of the Trustees and the Trust Advisory Committee, and shall take effect at such time as the Trustees and the Trust Advisory Committee jointly shall determine.

Section 6.03 Appointment of Successor. A vacancy caused by resignation shall be filled with an individual nominated prior to the effective date of the resignation by the resigning Future Demand Holders' Representative. A vacancy for any other reason, or in the absence of a nomination by the former Future Demand Holders' Representative, shall be filled with an individual selected by the majority vote of the Trustees and the members of the Trust Advisory Committee. The successor Future Demand Holders' Representative shall, in either case, be subject to Bankruptcy Court approval.

Section 6.04 Future Demand Holders' Representative's Employment of Professionals. The Future Demand Holders' Representative may retain and/or consult with counsel, accountants, appraisers, auditors, forecasters, asbestos experts and other Entities deemed by the Future Demand Holders' Representative to be qualified as experts on matters submitted to them, and the opinion of any such Entities on any matters submitted to them shall be full and complete authorization and protection in support of any action taken or not taken by the Future Demand Holders' Representative hereunder in good faith and in accordance with the written opinion of any such Entity, and in the absence of gross negligence. The Future Demand Holders' Representative and his or her experts shall at all times have complete access to the Asbestos PI Trust's officers, employees and agents, and the accountants, appraisers, auditors, forecasters and other experts retained by the Asbestos PI Trust as well as to all information generated by them or otherwise available to the Asbestos PI Trust or the Trustees.

Section 6.05 Compensation and Expenses of the Future Demand Holders' Representative.

(a) The Future Demand Holders' Representative shall receive monthly compensation from the Asbestos PI Trust for his or her services as the Future Demand Holders' Representative in an amount the greater of: (i) his normal hourly rate for the services provided; and (ii) $5,000 per month, such compensation being subject to an annual review and adjustment by the Trustees. Such compensation shall constitute a Trust Expense.

(b) The Asbestos PI Trust will promptly reimburse, or pay directly if so instructed, the Future Demand Holders' Representative for all reasonable out-of-pocket costs and expenses, including (i) fees and costs associated with the employment of professionals pursuant to Section 6.04, (ii) reasonable fees and costs incurred in connection with the performance of his or her duties in connection with the implementation of the Plan and Plan Documents, and (iii) reasonable fees and costs associated with the procurement and maintenance of insurance incurred by the Future Demand Holders' Representative in connection with the performance of his or her duties hereunder. Such reimbursement or direct payment shall be deemed a Trust Expense.

Section 6.06 Procedures for Consultation with and Obtaining Consent of the Future Demand Holders' Representative.

(a) Consultation Process.

(i) In the event the Trustees are required to consult with the Future Demand Holders' Representative pursuant to Section 3.02(e) or on any other matters specified herein or in the Asbestos PI Trust Distribution Procedures, the Trustees shall provide the

Future Demand Holders' Representative with written advance notice of the matter under consideration and with such relevant information concerning the matter as is reasonably practicable under the circumstances. The Trustees also shall provide the Future Demand Holders' Representative with such reasonable access to professionals and other experts retained by the Asbestos PI Trust and its staff (if any) as the Future Demand Holders' Representative may reasonably request during the time that the Trustees are considering such matter, and shall also provide the Future Demand Holders' Representative the opportunity, at reasonable times and for reasonable periods of time, to discuss and comment on such matter with the Trustees.

(ii) The Trustees shall take into consideration the time required for the Future Demand Holders' Representative to engage and consult, if he or she so wishes, with his or her own independent legal, financial or investment advisors as to such matter.

(b) Consent Process.

(i) In the event the consent of the Future Demand Holders' Representative is required pursuant to Section 3.02(f) or on any other matters specified in this Asbestos PI Trust Agreement or in the Asbestos PI Trust Distribution Procedures, the Trustees shall promptly provide the Future Demand Holders' Representative with a written notice stating that his or her consent is being sought, describing in detail the nature and scope of the action or decision the Trustees propose to implement, and explaining in detail the reasons why the Trustees desire to implement such action or decision. The Trustees shall provide the Future Demand Holders' Representative with as much relevant additional information concerning the proposed action or decision as is reasonably practicable under the circumstances. The Trustees also shall provide the Future Demand Holders' Representative with such reasonable access to professionals and other experts retained by the Asbestos PI Trust and its staff (if any) as the Future Demand Holders' Representative may reasonably request during the time that the Trustees are considering such action or decision, and shall also provide the Future Demand Holders' Representative the opportunity, at reasonable times and for reasonable periods of time, to discuss and comment on such action or decision with the Trustees.

(ii) The Future Demand Holders' Representative must consider in good faith and in a timely fashion any request by the Trustees and may not withhold his or her consent unreasonably. (iii) In the event the Trustees are unable to obtain the consent of the Future Demand Holders' Representative on any action or decision for which consent of the Future Demand Holders' Representative is required, after following the procedure set forth in this section, or if the Trustees and the Future Demand Holders' Representative are unable to reach agreement on any matter on which the Future Demand Holders' Representative's consent is required, then the matter shall be submitted promptly to

alternative dispute resolution if mutually agreeable to the Trustees and the Future Demand Holders' Representative.

(iv) If the disagreement is not resolved by alternative dispute resolution, or if the Trustees and the Future Demand Holders' Representative do not agree to participate in any such alternative dispute resolution, the Trustees may apply to the Bankruptcy Court on an expedited basis for approval of such action or decision, and only if such approval is given by the Bankruptcy Court by entry of an appropriate order, shall the Trustees have the authority to implement such action or decision without the Future Demand Holders' Representative's consent.

Section 6.07 Liability of Future Demand Holders' Representative Officers and Employees. The Future Demand Holders' Representative shall not be liable to the Asbestos PI Trust, to any Entity holding an Asbestos PI Claim, or to any other Entity except for breach of trust committed in bad faith by such individual, or willful misappropriation by such individual. (v) If the disagreement is not resolved by alternative dispute resolution, or if the Trustees and the Trust Advisory Committee do not agree to participate in any such alternative dispute resolution, the Trustees may apply to the Bankruptcy Court on an expedited basis for approval of such action or decision, and only if such approval is given by the Bankruptcy Court by entry of an appropriate order, shall the Trustees have the authority to implement such action or decision without the Trust Advisory Committee's consent.

Notwithstanding any other provision of the Plan Documents, this Section 8.02(b) cannot be modified or amended.

Section 8.03 Amendments. The Trustees, subject to the consent of each of the Future Demand Holders' Representative and the Trust Advisory Committee, may modify or amend this Asbestos PI Trust Agreement or any document annexed to it, including, without limitation, the Trust Bylaws and the Asbestos PI Trust Distribution Procedures (provided, however, the provisions of the Asbestos PI Trust Distribution Procedures, if any, regarding any such modification or amendment are also followed). Any modification or amendment made pursuant to this Section 8.03 must be done in writing. Notwithstanding anything contained in this Asbestos PI Trust Agreement to the contrary, neither this Asbestos PI Trust Agreement, the Trust Bylaws, the Asbestos PI Trust Distribution Procedures nor any document annexed to any of the foregoing shall be modified or amended in any way that could jeopardize, impair, or modify the applicability of section 524(g) of the Bankruptcy Code, the efficacy or enforceability of the Asbestos PI Channeling Injunctions and the Asbestos Insurance Entity Injunction set out in the Plan and Confirmation Order, the Asbestos PI Trust's "qualified settlement fund" status under section 468B of the Internal Revenue Code or the rights and protections provided to the Debtor, Reorganized Quigley or Pfizer Protected Parties under the Plan Documents.

Section 8.04 Severability. Should any provision in this Asbestos PI Trust Agreement be determined to be unenforceable, such determination shall in no way limit or affect the enforceability and operative effect of any and all other provisions of this Asbestos PI Trust Agreement.

Section 8.05 Notices. Notices to Entities asserting Asbestos PI Claims against the Asbestos PI Trust shall be given at the address of such Entity, or, where applicable, such Entity's representative, in each case as provided on such person's claim form submitted to the Asbestos PI Trust with respect to his or her or its Asbestos PI Claim or as otherwise provided to the Asbestos PI Trust. All notices or other reports required or permitted by this Asbestos PI Trust Agreement must be (i) in writing and is deemed effective when (a) delivered personally to the recipient, (b) sent by facsimile before 5:00 p.m. prevailing New York time on a Business Day with a copy of such facsimile sent on the same day to the recipient by reputable overnight courier service (charges prepaid), (c) five (5) days after deposit in the U.S. mail, mailed by registered or certified mail, return receipt requested, postage prepaid, (d) one Business Day after being sent to the recipient by reputable overnight courier service (charges prepaid) or (e) if sent by email, when the communication is received at the designated address and confirmed by the recipient by return transmission; and (ii) sent to the Asbestos PI Trust (through the Trustees), the Trust Advisory Committee, the Future Demand Holders' Representative and the Debtor, Settlor or Reorganized Quigley at the addresses set forth below, or at such other address as such Entity now designates from time to time in writing in accordance with this Section 8.05.

QUIGLEY COMPANY, INC.
ASBESTOS PI TRUST DISTRIBUTION PROCEDURES

The QUIGLEY COMPANY, INC. ASBESTOS PI TRUST DISTRIBUTION PROCEDURES ("Asbestos TDP") contained herein provide for resolving all Asbestos PI Claims (as that term is defined herein and in the Quigley Company, Inc. Fifth Amended and Restated Plan of Reorganization Under Chapter 11 of the Bankruptcy Code ("Plan")) as provided in and required by the Plan and by the Quigley Company, Inc. Asbestos PI Trust Agreement ("Asbestos PI Trust Agreement"). The Plan and Asbestos PI Trust Agreement establish the Quigley Company, Inc. Asbestos PI Trust ("Asbestos PI Trust"). The Trustees of the Asbestos PI Trust ("Trustees") shall implement and administer this Asbestos TDP in accordance with the Asbestos PI Trust Agreement.

SECTION I

Introduction

Section 1.1. Purpose

This Asbestos TDP has been adopted pursuant to the Asbestos PI Trust Agreement. It is designed to provide fair, equitable and substantially similar treatment for all Asbestos PI Claims that may presently exist or may arise in the future.

Section 1.2. Interpretation

Except as may otherwise be provided below, nothing in this Asbestos TDP shall be deemed to create a substantive right for any claimant. The rights and benefits provided herein to holders of Asbestos PI Claims shall vest in such holders as of the Effective Date.

Section 1.3. Definitions

Capitalized terms used herein and not otherwise defined shall have the meanings assigned to them in the Plan or in the Asbestos PI Trust Agreement.

SECTION II

Overview

Section 2.1. Asbestos PI Trust Goals

The goal of the Asbestos PI Trust is to treat all claimants equitably. This Asbestos TDP furthers that goal by setting forth procedures for processing and paying Quigley's several share of the unpaid portion of the liquidated value of Asbestos PI Claims on an impartial, first in first out ("FIFO") basis generally, with the intention of paying all claimants over time as equivalent a share as possible of the value of their claims based on historical values for substantially similar claims in the tort system. To this end, this Asbestos TDP establishes a schedule of seven

asbestos-related diseases ("Disease Levels") for the resolution of Asbestos PI Claims. All Disease Levels have presumptive medical and exposure requirements ("Medical/Exposure Criteria"), six have specific liquidated values ("Scheduled Values"), and all seven have anticipated average values ("Average Values") and caps on their liquidated values ("Maximum Values"). The Disease Levels, Medical/Exposure Criteria, Scheduled Values, Average Values and Maximum Values, which are set forth in Section 5.3 below, have all been selected and derived with the intention of achieving a fair allocation of the Asbestos PI Trust funds as among claimants suffering from different disease processes in light of the best available information considering the settlement histories of Quigley and the rights claimants would have in the tort system absent the Chapter 11 bankruptcy. A claimant may not assert more than one Asbestos PI Claim hereunder.

Section 2.2. <u>Claims Liquidation Procedures — General Overview</u>

Asbestos PI Claims shall be processed based on their place in a FIFO Processing Queue to be established pursuant to Section 5.1(a)(1) below. The Asbestos PI Trust shall take all reasonable steps to resolve Asbestos PI Claims as efficiently and expeditiously as possible at each stage of claims processing and arbitration, which steps may include, in the Asbestos PI Trust's sole discretion, conducting settlement discussions with claimants' representatives with respect to more than one claim at a time, provided that the claimants' respective positions in the FIFO Processing Queue are maintained and each claim is individually evaluated pursuant to the valuation factors set forth in Section 5.3(b)(2) below. The Asbestos PI Trust shall also make every effort to resolve each year at least that number of Asbestos PI Claims required to exhaust the Maximum Annual Payment and the Maximum Available Payment for Category A and Category B claims, as those terms are defined below.

(a) <u>General Process for Liquidation of Asbestos PI Claims</u>

The Asbestos PI Trust shall liquidate all Asbestos PI Claims except Foreign Claims (as defined below) that meet the presumptive Medical/Exposure Criteria of Disease Levels I-IV, VI, and VII under the Expedited Review Process described in Section 5.3(a) below. Claims involving Disease Levels I-IV, VI, and VII that do not meet the presumptive Medical/Exposure Criteria for the relevant Disease Level may undergo the Asbestos PI Trust's Individual Review Process described in Section 5.3(b) below. In such case, notwithstanding that the claim does not meet the presumptive Medical/Exposure Criteria for the relevant Disease Level, the Asbestos PI Trust can offer the claimant an amount up to the Scheduled Value of that Disease Level if the Asbestos PI Trust is satisfied that the claimant has presented a claim that would be cognizable and valid in the tort system.

Asbestos PI Claims involving Disease Levels III-VII tend to raise more complex valuation issues than the claims in Disease Levels I-II. Accordingly, in lieu of liquidating such claimant's claim under the Expedited Review Process, claimants holding Asbestos PI Claims involving Disease Levels III, IV, VI or VII may, in addition or alternatively, seek to establish a liquidated value for the claim that is greater than its Scheduled Value by electing the Asbestos PI Trust's Individual Review Process. However, the liquidated value of a more serious Disease Level III, IV, VI, or VII claim that undergoes the Individual Review Process for valuation purposes may be determined to be less than its Scheduled Value, and, in any event, shall not

exceed the Maximum Value for the relevant Disease Level set forth in Section 5.3(b)(3) below, unless the claim qualifies as an Extraordinary Claim as defined in Section 5.4(a) below, in which case its liquidated value cannot exceed the maximum extraordinary value specified in that provision for such claims. Level V (Lung Cancer 2) claims and all Foreign Claims may be liquidated only pursuant to the Asbestos PI Trust's Individual Review Process.

Based upon Quigley's claims settlement histories in light of applicable tort law and current projections of present and future unliquidated claims, the Scheduled Values and Maximum Values for Asbestos PI Claims set forth in Section 5.3(b)(3) have been established for each of the four more serious Disease Levels that are eligible for Individual Review of their liquidated values, with the expectation that the combination of settlements at the Scheduled Values and those resulting from the Individual Review Process should result in the Average Values also set forth in that provision.

(b) Unresolved Disputes

All unresolved disputes over a claimant's medical condition, exposure history and/or the liquidated value of the claim shall be subject to binding or non-binding arbitration as set forth in Section 5.10 below, at the election of the claimant, under the ADR Procedures to be established by the Asbestos PI Trust. Asbestos PI Claims that are the subject of a dispute with the Asbestos PI Trust that cannot be resolved by non-binding arbitration may enter the tort system as provided in Sections 5.11 and Section 7.6 below. However, if and when a claimant obtains a judgment in the tort system, the judgment shall be payable (subject to the Payment Percentage, the Maximum Available Payment, and the Claims Payment Ratio provisions set forth below) as provided in Section 7.7 below.

Section 2.3. Application of the Payment Percentage

After the liquidated value of an Asbestos PI Claim is determined pursuant to the procedures set forth herein for Expedited Review, Individual Review, arbitration, or litigation in the tort system, the claimant shall ultimately receive a pro rata share of that value based on the Payment Percentage as described and defined in Section 4.2 below. The Payment Percentage shall also apply to all Pre-Petition Liquidated Asbestos PI Claims as provided in Sections 4.2 and 5.2 below, to all Asbestos PI Deficiency Claims and to all sequencing adjustments paid pursuant to Section 7.5 below.

The initial Payment Percentage has been calculated on the assumption that the Average Values set forth in Section 5.3(b)(3) below shall be achieved with respect to existing present claims and projected future claims involving Disease Levels III-VII.

The Payment Percentage may thereafter be adjusted upwards or downwards from time to time by the Asbestos PI Trust with the consent of the Trust Advisory Committee and Future Demand Holders' Representative to reflect then-current estimates of the Asbestos PI Trust's assets and its liabilities, as well as the then-estimated value of pending and future Asbestos PI Claims. Any adjustment to the initial Payment Percentage shall be made only pursuant to Section 4.2 below. If the Payment Percentage is increased over time, claimants whose claims were liquidated and paid in prior periods under this Asbestos TDP shall receive additional

payments only as provided in Section 4.3 below. Because there is uncertainty in the prediction of both the number and severity of future Asbestos PI Claims, and the amount of the Asbestos PI Trust's assets, no guarantee can be made of any Payment Percentage of an Asbestos PI Claim's liquidated value.

Section 2.4. Asbestos PI Trust's Determination of the Maximum Annual Payment and Maximum Available Payment

After calculating the initial Payment Percentage and thereafter if the Payment Percentage is adjusted pursuant to Section 4.2, the Asbestos PI Trust shall model the cash flow, principal and income year-by-year to be paid over the entire life of the Asbestos PI Trust to ensure that all present and future holders of Asbestos PI Claims are and will be compensated at the appropriate Payment Percentage consistent with the overall goal. In each year, based upon the model of cash flow, the Asbestos PI Trust shall be empowered to pay out the portions of its funds payable for that year according to the model (the "Maximum Annual Payment"). The Asbestos PI Trust's distributions to all claimants for that year shall not exceed the Maximum Annual Payment for such year. The Payment Percentage and the Maximum Annual Payment figures are based on projections over the lifetime of the Asbestos PI Trust. As noted in Section 2.3 above, if such long-term projections are revised, the Payment Percentage may be adjusted accordingly, and if so, the Asbestos PI Trust shall create a new model of the Asbestos PI Trust's anticipated cash flow and a new calculation of the Maximum Annual Payment figures.

However, year-to-year variations in the Asbestos PI Trust's flow of claims or the value of its assets, including earnings thereon, will not necessarily mean that the long-term projections are inaccurate; they may simply reflect normal variations, both up and down, from the curve created by the Asbestos PI Trust's long-term projections. If, in a given year, however, asset values, including earnings thereon, are below projections, the Asbestos PI Trust may need to distribute less in that year than would otherwise be permitted based on the original Maximum Annual Payment derived from long-term projections. Accordingly, the original Maximum Annual Payment for a given year may be temporarily decreased if the present value of the relevant assets of the Asbestos PI Trust as measured on a specified date during the year is less than the present value of those assets projected for that date by the cash flow model described in the foregoing paragraph. The Asbestos PI Trust shall make such a comparison whenever the Trustee becomes aware of any information that suggests that such a comparison should be made and, in any event, no less frequently than once every six months. If the Asbestos PI Trust determines that as of the date in question, the present value of the Asbestos PI Trust's assets is less than the projected present value of its assets for such date, then it will remodel the cash flow year by year to be paid over the life of the Asbestos PI Trust based upon the reduced value of the total assets as so calculated and identify the reduced portion of its funds to be paid for that year, which shall become the Temporary Maximum Annual Payment (additional reductions in the Maximum Annual Payment can occur during the course of that year based upon subsequent calculations).

If in any year a Maximum Annual Payment was temporarily reduced as a result of an earlier calculation and, based upon a later calculation, the differential between the projected present value of the Asbestos PI Trust's assets and the actual present value of its assets has decreased, the Temporary Maximum Annual Payment shall be increased to reflect the decrease in the differential. In no event, however, shall a Temporary Maximum Annual Payment exceed

the original Maximum Annual Payment. As a further safeguard, the Asbestos PI Trust's distributions during the first nine (9) months of a year shall not exceed 85% of the Maximum Annual Payment determined for that year. If on December 31 of any given year the Asbestos PI Trust is employing a Temporary Maximum Annual Payment rather than the original Maximum Annual Payment for the year, the original Maximum Annual Payment for the following year shall be reduced appropriately.

In distributing the Maximum Annual Payment, the Asbestos PI Trust shall first allocate the amounts available for payment to claims in the following three categories: (a) any outstanding Pre-Petition Liquidated Asbestos PI Claims, (b) any Asbestos PI Claims that are liquidated by the Asbestos PI Trust and both (i) based on a diagnosis dated prior to the Effective Date and (ii) subsequently filed with the Asbestos PI Trust within one year following the date the Asbestos PI Trust first accepts for processing the proof of claim forms and other materials required to file a claim with the Asbestos PI Trust ("Existing Claims"), and (c) any Exigent Hardship Claims (as defined in Section 5.4(b) below).

If the Maximum Annual Payment is insufficient to pay all claims in the immediately foregoing categories (a), (b), and (c) to which that Maximum Annual Payment applies, then claims shall be paid in proportion to the aggregate value of each group of claims, and the available funds allocated to each group of claims shall be paid to the maximum extent to claimants in the particular group based on their place in their respective FIFO Payment Queue. Claims in any group for which there are insufficient funds shall be carried over to the next year and placed at the head of the FIFO Payment Queue. If there is a decrease in the Payment Percentage prior to the payment of such claims, any such claims shall, nevertheless, be entitled to be paid at the Payment Percentage that they would have been entitled to receive but for the application of the Maximum Annual Payment. The remaining portion of the Maximum Annual Payment (the "Maximum Available Payment"), if any, shall then be allocated and used to satisfy all other liquidated Asbestos PI Claims, subject to the Claims Payment Ratio set forth in Section 2.5 below; provided, however, that if the Maximum Annual Payment is reduced during a year pursuant to the provisions above, the Maximum Available Payment shall be adjusted accordingly. Claims in the groups described in (a), (b), and (c) above shall not be subject to the Claims Payment Ratio.

Section 2.5. Claims Payment Ratio

Based upon Quigley's claims settlement histories and analysis of present and future claims, a Claims Payment Ratio has been determined which, as of the Effective Date, has been set at 83% for Category A claims, which consist of Asbestos PI Claims involving severe asbestosis and malignancies (Disease Levels III-VII), and at 17% for Category B claims, which are Asbestos PI Claims involving non-malignant Asbestosis or Pleural Disease (Disease Levels I and II).

In each year, after the determination of the Maximum Available Payment described in Section 2.4 above, 83% of each Maximum Available Payment amount shall be available to pay Category A claims and 17% of that amount shall be available to pay Category B claims that have been liquidated since the Petition Date except for claims that have been liquidated which, pursuant to Section 2.4 above, are not subject to the Claims Payment Ratio; provided, however,

that if the Maximum Annual Payment is reduced during the year pursuant to the provisions of Section 2.4 above, the amounts available to pay Category A and Category B claims shall be recalculated based on the adjusted Maximum Available Payment.

In the event that there are insufficient funds in any year to pay the liquidated claims within either or both of the Categories, the available funds allocated to the particular Category shall be paid to the maximum extent to claimants in that Category based on their place in the FIFO Payment Queue described in Section 5.1(c) below, which shall be based upon the date of claim liquidation. Claims for which there are insufficient funds allocated to the relevant Category shall be carried over to the next year where they shall be placed at the head of the FIFO Payment Queue. If there is a decrease in the Payment Percentage prior to the payment of such claims, such claims shall, nevertheless, be entitled to be paid at the Payment Percentage that they would have been entitled to receive but for the application of the Claims Payment Ratio. If there are excess funds in either or both Categories, because there is an insufficient amount in liquidated claims to exhaust the Maximum Available Payment for that Category, then the excess funds for either or both Categories shall be rolled over and remain dedicated to the respective Category to which they were originally allocated. During the first nine months of a given year, the Asbestos PI Trust's payments to claimants in a Category shall not exceed the amount of any excess funds that were rolled over for such Category from the prior year plus 85% of the amount that would otherwise be available for payment to claimants in such Category.

The 83%/17% Claims Payment Ratio and its rollover provision shall be continued absent circumstances necessitating amendment to avoid a manifest injustice. In considering whether to make any amendments to the Claims Payment Ratio and/or its rollover provisions, the Trustees shall consider the reasons for which the Claims Payment Ratio and its rollover provisions were adopted, the settlement histories that gave rise to its calculation, and the foreseeability or lack of foreseeability of the reasons why there would be any need to make an amendment. In that regard, the Trustees should keep in mind the interplay between the Payment Percentage and the Claims Payment Ratio as it affects the net cash actually paid to claimants.

The Claims Payment Ratio shall not be amended until the first anniversary of the date the Asbestos PI Trust first accepts for processing proof of claim forms and the other materials required to file a claim with the Asbestos PI Trust. In any event, no amendment to the Claims Payment Ratio to reduce the percentage allocated to Category "A" claims may be made without the unanimous consent of the Trust Advisory Committee and Future Demand Holders' Representative, and the percentage allocated to Category A claims may not be increased without the consent of the Trust Advisory Committee and Future Demand Holders' Representative. The consent procedures set forth in Sections 6.06 and 7.07 of the Asbestos PI Trust Agreement shall apply in the event of any amendments to the Claims Payment Ratio. The Trust, with the consent of the Trust Advisory Committee and Future Demand Holders' Representative, may offer the option of a reduced Payment Percentage to holders of claims in either Category A or Category B in return for prompter payment (the "Reduced Payment Option").

Section 2.6. (Intentionally Omitted)

Section 2.7. Indirect Asbestos PI Claims

As set forth in Section 5.6 below, Indirect Asbestos PI Claims, if any, shall be subject to the same categorization, evaluation and payment provisions of this Asbestos TDP as all other Asbestos PI Claims.

Asbestos TDP Administration

Section 3.1. Asbestos PI Trust Advisory Committee and Future Demand Holders' Representative

Pursuant to the Plan and the Asbestos PI Trust Agreement, the Asbestos PI Trust and this Asbestos TDP shall be administered by the Trustees in consultation with the Trust Advisory Committee, which represents the interests of holders of present Asbestos PI Claims, and the Future Demand Holders' Representative, who shall serve in a fiduciary capacity for the purpose of protecting the rights of Future Demand Holders in accord with 11 U.S.C. § 524(g). The Trustees shall obtain the consent of the Trust Advisory Committee and the Future Demand Holders' Representative to any amendments to this Asbestos TDP pursuant to Section 8.1 below and to such other matters as are otherwise required below and in Section 3.02(f) of the Asbestos PI Trust Agreement. The Trustees shall also consult with the Trust Advisory Committee and the Future Demand Holders' Representative on such matters as are provided below and in Section 3.02(e) of the Asbestos PI Trust Agreement. The initial Trustees, the initial members of the Trust Advisory Committee, and the initial Future Demand Holders' Representative are identified in the Asbestos PI Trust Agreement.

Section 3.2. Consent and Consultation Procedures

In those circumstances in which consultation or consent is required, the Trustees shall provide written notice to the Trust Advisory Committee and the Future Demand Holders' Representative of the specific amendment or other action that is proposed. The Trustees shall not implement such amendment nor take such action unless and until the parties have engaged in the Consultation Process described in Sections 6.06(a) and 7.07(a) of the Asbestos PI Trust Agreement, or the Consent Process described in Sections 6.06(b) and 7.07(b) of the Asbestos PI Trust Agreement, respectively.

SECTION IV

Payment Percentage; Periodic Estimates

Section 4.1. Uncertainty of Quigley's Personal Injury Asbestos Liabilities

As discussed above, there is inherent uncertainty regarding Quigley's total asbestos-related tort liabilities, as well as the total value of the assets available to the Asbestos PI Trust to pay Asbestos PI Claims. Consequently, there is inherent uncertainty regarding the amounts that

holders of Asbestos PI Claims shall receive. To seek to ensure substantially equivalent treatment of all present and future Asbestos PI Claims, the Trustees must determine from time to time the percentage of full liquidated value that holders of present and future Asbestos PI Claims shall be likely to receive, i.e., the "Payment Percentage" described in Section 2.3 above and Section 4.2 below.

Section 4.2. Computation of Payment Percentage

All Asbestos PI Claims shall be entitled to receive a distribution based on the then-applicable Payment Percentage for the Quigley direct claim except as provided herein. The Payment Percentage for the Quigley direct claim shall initially be 7.5% of full liquidated value of the Claims as specified herein. The Payment Percentage for the Pfizer derivative claim shall initially be 23% of full liquidated value as specified herein. Because the Releasing Asbestos PI Claimants are entitled to receive payment for the Quigley direct claim and not for the Pfizer derivative claim, the Payment Percentage for all Releasing Asbestos PI Claimants shall initially be 7.5% of full liquidated value of the Claims as specified herein. Because the Non-Releasing Asbestos PI Claimants are entitled to receive payment for both the Quigley direct claim and the Pfizer derivative claim, the Payment Percentage for all Non-Releasing Asbestos PI Claimants shall initially be 30.5% (which is comprised of 7.5% initially for the Quigley direct claim and 23% initially for the Pfizer derivative claim) of full liquidated value as specified herein. The Payment Percentage shall be subject to change pursuant to the terms of this Asbestos TDP and the Asbestos PI Trust Agreement if the Trustees, with the consent of the Trust Advisory Committee and the Future Demand Holders' Representative, determine that the Payment Percentage should be changed to assure that the Asbestos PI Trust shall be in a financial position to pay holders of present and future Asbestos PI Claims in substantially the same manner. In making adjustments to the Payment Percentage, the Asbestos PI Trust shall ensure that (i) Releasing Asbestos PI Claimants and Non-Releasing Asbestos PI Claimants shall receive the same Payment Percentage, applicable at the time that such Asbestos PI Claims are liquidated, as provided herein with respect to the Quigley direct claim, and (ii) the ratio between the Payment Percentage for the Quigley direct claim (initially 7.5%) and the Payment Percentage for the Pfizer derivative claim (initially 23%) is maintained.

No less frequently than once every three (3) years, commencing with the first day of January occurring after the Effective Date, the Trustees shall reconsider the Payment Percentage to assure that it is based on accurate, current information and may, after such reconsideration, change the Payment Percentage, if necessary, with the consent of the Trust Advisory Committee and the Future Demand Holders' Representative. The Trustees shall also reconsider the Payment Percentage at shorter intervals if they deem such reconsideration to be appropriate or if requested to do so by the Trust Advisory Committee or the Future Demand Holders' Representative. In any event, no less frequently than once every twelve (12) months, commencing on the Initial Claims Filing Date, as defined in Section 5.1(a) below, the Trustees shall compare the liability forecast on which each component of the Payment Percentage is based with the actual claims filing and payment experience of the Asbestos PI Trust to date. If the results of the comparison call into question the ability of the Asbestos PI Trust to continue to rely upon the current liability forecast, the Trustees shall undertake a reconsideration of the Payment Percentage.

The Trustees must base their determination of the Payment Percentage on current estimates of the number, types, and values of present and future Asbestos PI Claims, the value of the assets then available to the Asbestos PI Trust for their payment, all anticipated administrative and legal expenses, and any other material matters that are reasonably likely to affect the sufficiency of funds to pay a comparable percentage of full value to all holders of Asbestos PI Claims, accounting for whether the Claims are asserted by Releasing or Non-Releasing Asbestos PI Claimants. When making these determinations, the Trustees shall exercise common sense and flexibly evaluate all relevant factors. Neither the Payment Percentage applicable to Category A claims nor the Payment Percentage applicable to Category B claims may be reduced to alleviate delays in payments of claims in the other Category. Both Categories of claims shall receive the same Payment Percentage, adjusted only to account for whether Claimants are Releasing or Non-Releasing Asbestos PI Claimants. However, payment may be deferred as needed, and a Reduced Payment Option may be instituted as described in Section 2.5 above.

Section 4.3. <u>Applicability of the Payment Percentage</u>

Except as otherwise provided in (a) Section 5.1(c) below for Asbestos PI Claims involving deceased or incompetent claimants for which approval of the Asbestos PI Trust's offer by a court or through a probate process is required, and (b) in the paragraph below with respect to Released Claims, no holder of any Asbestos PI Claim shall receive a payment that exceeds the liquidated value of the claim times the applicable Payment Percentage in effect at the time of payment; provided, however, that if there is a reduction in the applicable Payment Percentage, the Trustees, in their sole discretion, may cause the Asbestos PI Trust to pay an Asbestos PI Claim based on the Payment Percentage that was in effect prior to the reduction if such Asbestos PI Claim was filed and reviewable by the Asbestos PI Trust ninety (90) days or more prior to the date the Trustees proposed the new Payment Percentage in writing to the Trust Advisory Committee and the Future Demand Holders' Representative (the "Proposal Date") and the processing of such claim was unreasonably delayed due to circumstances beyond the control of the claimant or the claimant's counsel, but only if such claim had no deficiencies for the ninety (90) days prior to the Proposal Date.

If a redetermination of the Payment Percentage has been proposed in writing by the Trustees to the Trust Advisory Committee and the Future Demand Holders' Representative but has not yet been adopted, the claimant shall receive the lower of the current Payment Percentage or the proposed Payment Percentage. However, if the proposed Payment Percentage(s) was the lower amount but was not subsequently adopted, the claimant shall thereafter receive the difference between the lower proposed amount and the higher current amount. Conversely, if the proposed Payment Percentage was the higher amount and was subsequently adopted, the claimant shall thereafter receive the difference between the lower current amount and the higher adopted amount.

Notwithstanding anything contained herein, if the proposed Payment Percentage is lower than the current Payment Percentage, a claimant whose Asbestos PI Claim was liquidated prior to the Proposal Date and who either (a) transmitted[1] an executed release to the Asbestos PI Trust

[1] For purposes of this sentence, "transmitted" is defined as the date/time postmarked if submitted by mail or the date/time uploaded if submitted electronically.

prior to the Proposal Date or (b) with respect to those claimants who had received releases fewer than thirty (30) days prior to the Proposal Date, transmitted an executed release to the Asbestos PI Trust within thirty (30) days of the claimant's receipt of the release (the claims described in (a) and (b) are collectively referred to herein as the "Released Claims") shall be paid based on the current Payment Percentage (the "Released Claims Payment Percentage"). For purposes hereof, (a) a claimant represented by counsel shall be deemed to have received a release on the date that the claimant's counsel receives the release, (b) if the Asbestos PI Trust transmits a release electronically, the release shall be deemed to have been received on the date the Asbestos PI Trust transmits the offer notification, and (c) if the Asbestos PI Trust places the release in the U.S. mail, postage prepaid, the release shall be deemed to have been received three (3) business days after such mailing date. A delay in the payment of the Released Claims for any reason, including delays resulting from limitations on payment amounts in a given year pursuant to Sections 2.4 and 2.5 hereof, shall not affect the rights of the holders of the Released Claims to be paid based on the Released Claims Payment Percentage.

At least thirty (30) days prior to proposing in writing to the Trust Advisory Committee and Future Demand Holders' Representative a change in the Payment Percentage, the Trustees shall issue a written notice to claimants or claimants' counsel indicating that the Trustees are reconsidering the Payment Percentage. During the period of time when the Trustees are contemplating a change in the Payment Percentage, the Asbestos PI Trust shall continue processing claims and making offers in a manner consistent with its normal course of business.

There is uncertainty surrounding the amount of the Asbestos PI Trust's future assets. There is also uncertainty surrounding the totality of the Asbestos PI Claims to be paid over time, as well as the extent to which changes in existing federal and state law could affect the Asbestos PI Trust's liabilities under this Asbestos TDP. If the value of the Asbestos PI Trust's future assets increases significantly and/or if the value or volume of Asbestos PI Claims actually filed with the Asbestos PI Trust is significantly lower than originally estimated, the Asbestos PI Trust shall use those proceeds and/or claims savings, as the case may be, first to maintain the Payment Percentage then in effect. If the Trustees, with the consent of the Trust Advisory Committee and the Future Demand Holders' Representative, make a determination to increase the Payment Percentage due to a material change in the estimates of the Asbestos PI Trust's future assets and/or liabilities, the Trustees shall also make supplemental payments to all claimants who previously liquidated their claims against the Asbestos PI Trust and received payments based on a lower Payment Percentage. The amount of any such supplemental payment shall be the liquidated value of the claim in question times the applicable newly adjusted Payment Percentage less all amounts previously paid to the claimant with respect to the claim (excluding the portion of such previously paid amounts that was attributable to any sequencing adjustment paid pursuant to Section 7.5 below).

The Trustees' obligation to make a supplemental payment to a claimant shall be suspended in the event the payment in question would be less than $100.00, and the amount of the suspended payment shall be added to the amount of any prior supplemental payment/payments that was/were also suspended because it/they would have been less than $100.00. However, the Trustees' obligation shall resume and the Trustees shall pay any such aggregate supplemental payments due the claimant at such time that the total exceeds $100.00.

SECTION V

Resolution of Asbestos PI Claims

Section 5.1. Ordering, Processing and Payment of Claims

(a) Ordering of Claims

(1) Establishment of the FIFO Processing Queue

The Asbestos PI Trust shall order claims that are sufficiently complete to be reviewed for processing purposes on a FIFO basis except as otherwise provided herein (the "FIFO Processing Queue"). For all claims filed on or before the date six (6) months after the date that the Asbestos PI Trust first makes available the proof of claim forms and other claims materials required to file a claim with the Asbestos PI Trust (such six-month anniversary being referred to herein as the "Initial Claims Filing Date"), a claimant's position in the FIFO Processing Queue shall be determined as of the earliest of (i) the date prior to the Petition Date (if any) that the specific asbestos claim was either filed against Quigley in the tort system or was actually submitted to Quigley pursuant to an administrative settlement agreement; (ii) the date before the Petition Date that the asbestos claim was filed against another defendant in the tort system if at the time the claim was subject to a tolling agreement with Quigley; (iii) the date after the Petition Date but before the date that the Asbestos PI Trust first makes available the proof of claim forms and other claims materials required to file a claim with the Asbestos PI Trust that the asbestos claim was filed against another defendant in the tort system; (iv) the date after the Petition Date but before the Effective Date that a proof of claim was filed by the claimant against Quigley in Quigley's Chapter 11 proceeding; or (v) the date a ballot was submitted on behalf of the claimant for purposes of voting to accept or reject the Plan or an earlier version of the Plan pursuant to voting procedures approved by the Bankruptcy Court.

Following the Initial Claims Filing Date, the claimant's position in the FIFO Processing Queue shall be determined by the date the claim is filed with the Asbestos PI Trust. If any claims are filed on the same date, the claimant's position in the FIFO Processing Queue shall be determined by the date of the diagnosis of the claimant's asbestos-related disease. If any claims are filed and diagnosed on the same date, the claimant's position in the FIFO Processing Queue shall be determined by the claimant's date of birth, with older claimants given priority over younger claimants.

(2) Effect of Statutes of Limitation and Repose

All unliquidated Asbestos PI Claims must meet either (i) for claims first filed in the tort system against Quigley prior to the Petition Date, the applicable federal, state and foreign statute of limitation and repose that was in effect at the time of the filing of the claim in the tort system; or (ii) for claims not filed against Quigley in the tort system prior to the Petition Date, the applicable federal, state or foreign statute of limitation that was in effect at the time of the filing with the Asbestos PI Trust. However, the running of the relevant statute of limitation shall be tolled as of the earliest of (a) the actual filing of the claim against Quigley prior to the Petition Date, whether in the tort system or by submission of the claim to Quigley pursuant to an

administrative settlement agreement; (b) the tolling of the claim against Quigley prior to the Petition Date by an agreement or otherwise, provided such tolling is still in effect on the Petition Date; or (c) the Petition Date.

If an Asbestos PI Claim meets any of the tolling provisions described in the preceding sentence and the claim was not barred by the applicable federal, state or foreign statute of limitation at the time of the tolling event, it shall be treated as timely filed if it is actually filed with the Asbestos PI Trust within three (3) years after the Initial Claims Filing Date. In addition, any claims that were first diagnosed after the Petition Date, irrespective of the application of any relevant statute of limitation or repose, may be filed with the Asbestos PI Trust within three (3) years after the date of diagnosis or within three (3) years after the Initial Claims Filing Date, whichever occurs later. However, the processing of any Asbestos PI Claim by the Asbestos PI Trust may be deferred at the election of the claimant pursuant to Section 6.3 below.

(b) Processing of Claims

As a general practice, the Asbestos PI Trust shall review its claims files on a regular basis and notify all claimants whose claims are likely to come up in the FIFO Processing Queue in the near future.

(c) Payment of Claims

Asbestos PI Claims that have been liquidated by the Expedited Review Process as provided in Section 5.3(a) below, by the Individual Review Process as provided in Section 5.3(b) below, by arbitration as provided in Section 5.10 below, or by litigation in the tort system provided in Section 7.6 below, shall be paid in FIFO order based on the date their liquidation became final (the "FIFO Payment Queue"), all such payments being subject to Payment Percentage, Maximum Available Payments, and Claims Payment Ratios, and the sequencing adjustment provided for in Section 7.5 below, except as otherwise provided herein. Pre-Petition Liquidated Claims, as defined in Section 5.2 below, shall be subject to the Maximum Annual Payment and Payment Percentage limitations but not to the Maximum Available Payment and Claims Payment Ratio provisions set forth above.

Where the claimant is deceased or incompetent and the settlement and payment of his or her claim must be approved by a court of competent jurisdiction or through a probate process prior to acceptance of the claim by the claimant's representative, an offer made by the Asbestos PI Trust on the claim shall remain open so long as proceedings before that court or in that probate process remain pending, provided that the Asbestos PI Trust has been furnished with evidence that the settlement offer has been submitted to such court or in the probate process for approval. If the offer is ultimately approved by the court or through the probate process and accepted by the claimant's representative, the Asbestos PI Trust shall pay the claim in the amount so offered, multiplied by the Payment Percentage in effect at the time the offer was first made.

If any claims are liquidated on the same date, the claimant's position in the FIFO Payment Queue shall be determined by the date of the diagnosis of the claimant's asbestos-related disease. If any claims are liquidated on the same date and the respective holders'

asbestos-related diseases were diagnosed on the same date, the position of those claims in the FIFO Payment Queue shall be determined by the Asbestos PI Trust based on the dates of the claimants' birth, with older claimants given priority over younger claimants.

Section 5.2. Resolution of Pre-Petition Liquidated Asbestos PI Claims

(a) Processing and Payment

As soon as practicable after the Effective Date, the Asbestos PI Trust shall pay, upon submission by the claimant of the appropriate documentation, all Pre-Petition Liquidated Asbestos PI Claims. A Pre-Petition Liquidated Asbestos PI Claim is defined as an Asbestos PI Claim that (i) was liquidated by a binding settlement agreement for the particular claim entered into prior to the Petition Date that is judicially enforceable against Quigley by the claimant; (ii) was liquidated by a judgment that became final and non-appealable prior to the Petition Date; (iii) is a claim of a Disputed Settlement Plaintiff – defined as those claimants who are identified on Schedule 2 to the Settlement Agreement among Pfizer, each of the plaintiffs listed on Schedules 1, 2, 3, and 4 of the Agreement, and the law firm of Reaud, Morgan & Quinn, L.L.P. dated as of December 14, 2012, who shall be entitled to submit claims consistent with their respective settlement values in the Disputed Settlement Agreements to the Asbestos PI Trust; (iv) is a claim of or on behalf of an individual listed on Schedule 2 to the Settlement Agreement among Pfizer, those claimants listed on Schedule 1 to that Agreement, and the law firms of Hissey Keintz, L.L.P. and Hissey, Kientz & Herron P.L.L.C. dated as of December 14, 2012, who shall be entitled to submit pre-petition liquidated claims consistent with their respective settlement values, as listed on Schedule 2 to the Asbestos PI Trust; or (v) is a Pfizer Personal Injury Claim identified on Schedule 1 to the Agreement among Pfizer, each Pfizer Personal Injury Claimant listed on Schedule 1, and the law firm of Brayton Purcell dated as of November 28, 2012, who shall be entitled to submit pre-petition liquidated claims consistent with their respective settlement values, as listed on Schedule 1 to the Asbestos PI Trust. To receive payment from the Asbestos PI Trust as a Pre-Petition Liquidated Asbestos PI Claimant, the holder of a Pre-Petition Liquidated Asbestos PI Claim must submit all documentation necessary to demonstrate to the Asbestos PI Trust that the claim was liquidated in the manner described in this paragraph.

Asbestos PI Deficiency Claims shall also be deemed Pre-Petition Liquidated Asbestos PI Claims for purposes of this Section 5.2(a).

Claims in Classes 2.02 through 2.05 shall be deemed Pre-Petition Liquidated Asbestos PI Claims, however, if and only to the extent that such claim is an Asbestos PI Deficiency Claim and if and only to the extent that such claimant has complied with the provisions of Section 5.2(b) of this Asbestos TDP.

If the Final Judgment for any claim in Classes 2.02 through 2.05 ultimately reverses any extant judgment against Quigley, then any remaining Asbestos PI Claim that such holder may have will automatically and without further act, deed, or court order be channeled to and assumed by the Asbestos PI Trust and liquidated pursuant to this Asbestos TDP as an unliquidated Asbestos PI Claim.

The liquidated value of a Pre-Petition Liquidated Asbestos PI Claim defined in subsection (a)(i) above shall be the unpaid portion of the amount set forth with respect to both Quigley and Pfizer in the binding settlement agreement. The liquidated value of Pre-Petition Liquidated Asbestos PI Claims defined in subsection (a)(ii) above shall be the unpaid portion of the amount of the final judgment. The liquidated value of the Pre-Petition Liquidated Asbestos PI Claims in subsection (a)(i) and (a)(ii) shall include interest, if any, that has accrued on that amount up to and as of the Petition Date in accordance with specific terms of the binding settlement agreement, if any, or under applicable state law for settlements or judgments. The liquidated value of Pre-Petition Liquidated Asbestos PI Claims in subsection (a)(iii) above shall be the amount set forth in the Disputed Settlement Agreements, which are the disputed agreements dated February 2003 through November 2003 included as part of Exhibit B to the Verified Statement of Reaud, Morgan & Quinn, L.L.P. Pursuant to Rule 2019 of the Federal Rules of Bankruptcy Procedure filed in *In re Quigley Co., Inc.*, No. 04-15739 (B.Ct. SDNY Nov. 15, 2004) (No. 173). The liquidated value of Pre-Petition Liquidated Asbestos PI Claims in subsection (a)(iv) above shall be the amount set forth in the "Agreed Prepetition Settlement Amount" column on Schedule 2 referenced in subsection (a)(iv) above. The liquidated value of Pre-Petition Liquidated Asbestos PI Claims in subsection (a)(v) above shall be the amounts set forth in the "Prepetition Liquidated Claim Settlement Amount" column on Schedule 1 referenced in subsection (a)(v) above.

Except as otherwise provided in Section 7.4 below, the liquidated value of a Pre-Petition Liquidated Asbestos PI Claim shall not include any punitive or exemplary damages. In addition, the amounts payable with respect to such Pre-Petition Liquidated Asbestos PI Claims shall not be subject to or taken into account in consideration of the Claims Payment Ratio and the Maximum Available Payment limitations but shall be subject to the Maximum Annual Payment and Payment Percentage provisions. In the absence of a final order of the Bankruptcy Court determining whether a settlement agreement is binding and judicially enforceable, a dispute between the claimant and the Asbestos PI Trust over this issue shall be resolved pursuant to the same procedures in this Asbestos TDP that are provided for resolving the validity and/or liquidated value of an Asbestos PI Claim (i.e., arbitration and litigation in the tort system as set forth in Sections 5.10 and 7.6 below).

Pre-Petition Liquidated Asbestos PI Claims shall be processed and paid in accordance with their order in a separate FIFO queue to be established by the Asbestos PI Trust based on the date the Asbestos PI Trust received all required documentation for the particular claim; provided, however, the amounts payable with respect to such claims shall not be subject to or taken into account in consideration of the Claims Payment Ratio but shall be subject to the Maximum Annual Payment and Payment Percentage provisions set forth herein. If any Pre-Petition Liquidated Asbestos PI Claims were filed on the same date, the claimants' positions in the FIFO queue for such claims shall be determined by the dates on which the claims were liquidated. If any Pre-Petition Liquidated Asbestos PI Claims were both filed and liquidated on the same dates, the positions of the claimants in the FIFO queue shall be determined by the claimants' dates of birth, with older claimants given priority over younger claimants.

(b) Marshalling of Security

Holders of Pre-Petition Liquidated Asbestos PI Claims that are secured by letters of credit, appeal bonds, or other security or sureties shall first exhaust their rights against any applicable security or surety before making a claim against the Asbestos PI Trust. If, after application of such security or surety to such Pre-Petition Liquidated Asbestos PI Claim, the holder of such claim holds an Asbestos PI Deficiency Claim, such Asbestos PI Deficiency Claim shall be processed and paid as a Pre-Petition Liquidated Asbestos PI Claim subject to the provisions of Section 5.2(a) of this Asbestos TDP.

Section 5.3. Resolution of Unliquidated Asbestos PI Claims.

Within six (6) months after the establishment of the Asbestos PI Trust, the Trustees, with the consent of the Trust Advisory Committee and the Future Demand Holders' Representative, shall adopt procedures for reviewing and liquidating all unliquidated Asbestos PI Claims, which shall include setting deadlines for processing such claims. Such procedures shall also require claimants seeking resolution of unliquidated claims to first file a proof of claim form, together with the required supporting documentation, in accordance with the provisions of Sections 6.1 and 6.2 below. It is anticipated that the Asbestos PI Trust shall provide an initial response to the claimant within six (6) months of receiving the proof of claim form.

The proof of claim form shall require the claimant to assert his or her claim for the highest Disease Level for which the claim qualifies at the time of filing. Irrespective of the Disease Level alleged on the proof of claim form, all claims shall be deemed to be a claim for the highest Disease Level for which the claim qualifies at the time of filing, and all lower Disease Levels for which the claim may also qualify at the time of filing or in the future shall be treated as subsumed into the higher Disease Level for both processing and payment purposes.

Upon filing of a valid proof of claim form with the required supporting documentation, the claimant shall be placed in the FIFO Processing Queue in accordance with the ordering criteria described in Section 5.1(a) above. When the claim reaches the top of the FIFO Processing Queue, the Asbestos PI Trust shall process and liquidate the claim based upon the medical/exposure evidence submitted by the claimant, and under the Process elected by the claimant. If the claimant failed to elect a Process, the Asbestos PI Trust shall process and liquidate the claim under the Expedited Review Process, although the claimant shall retain the right to request Individual Review as described in Section 5.3(b) below.

(a) Expedited Review Process – Asbestos PI Claims

(1) In General

The Asbestos PI Trust's Expedited Review Process for Asbestos PI Claims is designed primarily to provide an expeditious, efficient and inexpensive method for liquidating all Asbestos PI Claims (except those involving Lung Cancer 2 (Disease Level V) and all Foreign Claims (as defined below), which shall be liquidated pursuant to the Asbestos PI Trust's Individual Review Process) where the claim can easily be verified by the Asbestos PI Trust as meeting the presumptive Medical/Exposure Criteria for the relevant Disease Level (the "Expedited Review Process"). Expedited Review, thus, provides claimants with a substantially

less burdensome process for pursuing Asbestos PI Claims than does the Individual Review Process described in Section 5.3(b) below. Expedited Review is also intended to provide qualifying claimants a fixed and certain claims payment.

Thus, claims that undergo Expedited Review and meet the presumptive Medical/Exposure Criteria for the relevant Disease Level shall be paid the Scheduled Value for such Disease Level set forth in Section 5.3(a)(3) below. However, all claims liquidated by Expedited Review shall be subject to the applicable Payment Percentage, the Maximum Available Payment, and the Claims Payment Ratio limitations set forth above; provided, however, that Existing Claims and Exigent Hardship Claims shall not be subject to the Maximum Available Payment and the Claims Payment Ratio. Claimants holding claims that cannot be liquidated by Expedited Review because they do not meet the presumptive Medical/Exposure Criteria for the relevant Disease Level may elect the Asbestos PI Trust's Individual Review Process set forth in Section 5.3(b) below.

Subject to the provisions of Section 5.8, the claimant's eligibility to receive the Scheduled Value for his or her Asbestos PI Claim pursuant to the Expedited Review Process shall be determined solely by reference to the Medical/Exposure Criteria set forth below for each of the Disease Levels eligible for Expedited Review.

(2) Claims Processing under Expedited Review for Asbestos PI Claims

All claimants seeking liquidation of their Asbestos PI Claims pursuant to Expedited Review shall file the Asbestos PI Trust's proof of claim form. As a proof of claim form is reached in the FIFO Processing Queue, the Asbestos PI Trust shall determine whether the claim described therein meets the Medical/Exposure Criteria for one of the six Disease Levels eligible for Expedited Review and shall advise the claimant of its determination. If a Disease Level is determined, the Asbestos PI Trust shall tender to the claimant an offer of payment of the Scheduled Value for the relevant Disease Level multiplied by the applicable Payment Percentage, together with a form of release approved by the Asbestos PI Trust. If the claimant accepts the Scheduled Value and returns the release properly executed, the claim shall be placed in the FIFO Payment Queue, following which the Asbestos PI Trust shall disburse payment subject to the limitations of the Maximum Available Payment and Claims Payment Ratio, if any.

(3) Disease Levels, Scheduled Values and Medical/Exposure Criteria for Asbestos PI Claims

The seven Disease Levels covered by this Asbestos TDP, together with the Medical/Exposure Criteria for each and the Scheduled Values for the six Disease Levels eligible for Expedited Review, are set forth below. These Disease Levels, Scheduled Values, and Medical/Exposure Criteria shall apply to all Trust Voting Claims filed with the Asbestos PI Trust on or before the Initial Claims Filing Date provided in Section 5.1 above for which the claimant elects the Expedited Review Process. "Trust Voting Claims" are claims (a) filed against Quigley in the tort system or actually submitted to Quigley pursuant to an administrative settlement agreement prior to the Petition Date or (b) filed against another defendant in the tort system after the Petition Date; provided the holder of any such claim described in (a) or (b) or his or her

authorized agent actually voted to accept or reject the Plan or an earlier version of the Plan pursuant to voting procedures established by the Bankruptcy Court unless such holder certifies to the satisfaction of the Trustees that he or she was prevented from voting as a result of circumstances resulting in a state of emergency affecting, as the case may be, the holder's residence, principal place of business or legal representative's place of business at which the holder or his or her legal representative receives notice and /or maintains material records relating to his or her Trust Voting Claim. Thereafter, for purposes of administering the Expedited Review Process and with the consent of the Trust Advisory Committee and the Future Demand Holders' Representative, the Trustees may add to, change or eliminate Disease Levels, Scheduled Values, or Medical/Exposure Criteria; develop subcategories of Disease Levels, Scheduled Values, or Medical/Exposure Criteria; or determine that a novel or exceptional asbestos personal injury claim is compensable even though it does not meet the Medical/Exposure Criteria for any of the then-current Disease Levels.

Disease Level	**Scheduled Value**	**Medical/Exposure Criteria**
Mesothelioma (Level VII)	$200,000	(1) Diagnosis[2] of mesothelioma, **and** (2) Quigley Exposure.[3]
Lung Cancer 1 (Level VI)	$35,000	(1) Diagnosis of a primary lung cancer plus evidence of an underlying Bilateral Asbestos-Related Non-malignant Disease,[4] **and** (2)

[2] The requirements for a diagnosis of an asbestos-related disease that may be compensated under the provisions of this Asbestos TDP are set forth in Section 5.7 below.

[3] The term "Quigley Exposure" is defined at Section 5.7(b)(3) below.

[4] Evidence of "Bilateral Asbestos-Related Non-malignant Disease" for purposes of meeting the criteria for establishing Disease Levels I, II, IV, and VI means either (i) a chest X-ray read by a qualified B-reader of 1/0 or higher on the ILO scale or, (ii) (a) a chest X-ray read by a qualified B-reader or other Qualified Physician, (b) a CT scan read by a Qualified Physician, or (c) pathology, in each case showing bilateral interstitial fibrosis, bilateral pleural plaques, bilateral pleural thickening, or bilateral pleural calcification. Evidence submitted to demonstrate (i) or (ii) above must be in the form of a written report stating the results (*e.g.*, an ILO report, a written radiology report or a pathology report). Solely for claims filed against Quigley or another asbestos defendant in the tort system prior to the Petition Date, if an ILO reading is not available, either (i) a chest X-ray or a CT scan read by a Qualified Physician or (ii) pathology showing bilateral interstitial fibrosis, bilateral pleural plaques, bilateral pleural thickening, or bilateral pleural calcification consistent with, or compatible with, a diagnosis of asbestos-related disease shall be evidence of Bilateral Asbestos-Related Non-malignant Disease for purposes of meeting the presumptive medical requirements of Disease Levels I, II, IV, and VI. Pathological proof of asbestosis may be based on the pathological grading system for asbestosis described in the Special Issue of the Archives of Pathology and Laboratory Medicine, "Asbestos-associated Diseases," Vol. 106, No. 11, App. 3 (October 8, 1982). For all purposes of this Asbestos TDP, a "Qualified Physician" is a physician who is board certified (or in the case of Canadian Claims or Foreign Claims, a physician who is certified or qualified under comparable medical standards or criteria of the jurisdiction in question) in one or more relevant specialized fields of medicine such as pulmonology, radiology, internal medicine, or occupational medicine; provided, however, subject to the provisions of Section 5.8, that the requirement for board certification in this

Disease Level	**Scheduled Value**	**Medical/Exposure Criteria**
		evidence of six months of Quigley Exposure, **and** (3) Significant Occupational Exposure,[5] **and** (4) supporting medical documentation establishing asbestos exposure as a contributing factor in causing the lung cancer in question.
Lung Cancer 2 (Level V)	None – subject to Individual Review.	(1) Diagnosis of a primary lung cancer, **and** (2) evidence of Quigley Exposure, **and** (3) supporting medical documentation establishing asbestos exposure as a contributing factor in causing the lung cancer in question.
		Lung Cancer 2 (Level V) claims are claims that do not meet the more stringent medical and/or exposure requirements of Lung Cancer 1 (Level VI) claims. All claims in this Disease Level shall be individually evaluated. The estimated likely average of the individual evaluation awards for this category is $15,000, with such awards capped at $30,000, unless the claim qualifies for Extraordinary Claim treatment.
		Level V claims that show no evidence of either an underlying Bilateral Asbestos-Related Non-malignant Disease or Significant Occupational Exposure may be individually evaluated, although it is not expected that such claims shall be treated as having any significant value, especially if the claimant is also a smoker.[6] In any event, no presumption of validity will be available for any claims in this category.

provision shall not apply to otherwise qualified physicians whose X-ray and/or CT scan readings are submitted for deceased holders of Asbestos PI Claims.

5 The term "Significant Occupational Exposure" is defined at Section 5.7(b)(2) below.

6 There is no distinction between Non-Smokers and smokers for either Lung Cancer 1 (Level VI) or Lung Cancer 2 (Level V), although a claimant who meets the more stringent requirements of Lung Cancer 1 (Level VI) (evidence of an underlying Bilateral Asbestos-Related Non-malignant Disease plus Significant Occupational Exposure), and who is also a Non-Smoker, may wish to have his or her claim individually evaluated by the Asbestos P1 Trust. In such case, absent circumstances that would otherwise reduce the value of the claim, it is anticipated that the liquidated value of the claim might well exceed the Scheduled Value for Lung Cancer 1 (Level VI) shown above. "Non-Smoker" means a claimant who either (a) never smoked or (b) has not smoked during any portion of the twelve (12) years immediately prior to the diagnosis of the lung cancer.

Disease Level	Scheduled Value	Medical/Exposure Criteria
Other Cancer (Level IV)	$15,000	(1) Diagnosis of a primary colorectal, laryngeal, esophageal, pharyngeal, or stomach cancer, plus evidence of an underlying Bilateral Asbestos-Related Non-malignant Disease, **and** (2) evidence of six months of Quigley Exposure, **and** (3) Significant Occupational Exposure, **and** (4) supporting medical documentation establishing asbestos exposure as a contributing factor in causing the other cancer in question.
Severe Asbestosis (Level III)	$35,000	(1) Diagnosis of asbestosis with ILO of 2/1 or greater, **or** (2) asbestosis determined by a pathologist based on pathological evidence of asbestos, **plus**, for both (1) and (2), Pulmonary Function Testing[7] that shows either (a) TLC[8] less than 65% of predicted value, **or** (b) FVC[9] less than 65% of predicted value and FEV1[10]/FVC ratio greater than 65% of predicted value, and (3) evidence of six months of Quigley Exposure, **and** (4) Significant Occupational Exposure to asbestos, **and** (5) supporting medical documentation establishing asbestos exposure as a contributing factor in causing the

7 "Pulmonary Function Testing" or "PFT" means testing that is in material compliance with the quality criteria established by the American Thoracic Society ("ATS") and is performed on equipment which is in material compliance with ATS standards for technical quality and calibration. PFT performed in a hospital accredited by the JCAHO, or performed, reviewed or supervised by a board-certified pulmonologist or other Qualified Physician shall be presumed to comply with ATS standards, and the claimant may submit a summary report of the testing. If the PFT was not performed in an JCAHO-accredited hospital, or performed, reviewed or supervised by a board-certified pulmonologist or other Qualified Physician, the claimant must submit the full report of the testing (as opposed to a summary report); provided, however, that if the PFT was conducted prior to the Effective Date of the Plan and the full PFT report is not available, the claimant must submit a declaration signed by a Qualified Physician or other qualified party, in the form provided by the Asbestos PI Trust, certifying that the PFT was conducted in material compliance with ATS standards.

8 "TLC" or "total lung capacity" means the total amount of air that can be taken into the lungs, including the air that cannot be exhaled, as measured by lung volume testing in a pulmonary function test.

9 "FVC" or "forced vital capacity" means that measurement of a person's ability to exhale as completely and quickly as possible after inhalation on a pulmonary function spirometry test.

10 "FEV1" or "forced expiratory volume in one second" means that measurement of the quantity of air forcefully expired in one second during pulmonary function spirometry testing.

Disease Level	**Scheduled Value**	**Medical/Exposure Criteria**
		asbestosis.
Asbestosis/ Pleural Disease (Level II)	$5,000	(1) Diagnosis of Bilateral Asbestos-Related Non-malignant Disease, plus (a) TLC less than 80% or (b) FVC less than 80% and FEVI/FVC ratio greater than or equal to 65% and (2) six months Quigley Exposure, (3) Significant Occupational Exposure to asbestos, and (4) supporting medical documentation establishing asbestos exposure as a contributing factor in causing the asbestos-related disease in question.
Asbestosis/Pleural Disease (Level I)	$2,000	(1) Diagnosis of a Bilateral Asbestos-Related Non-malignant Disease, **and** (2) evidence of six months of Quigley Exposure, **and** (3) five years cumulative occupational exposure to asbestos.

(b) Individual Review Process for Asbestos PI Claims

(1) In General

Subject to the provisions of Sections 5.3(b)(1)(A), 5.3(b)(1)(B), and 5.3(b)(2) set forth below, a claimant may elect to have his or her Asbestos PI Claim reviewed for purposes of determining whether the claim would be compensable in the tort system even though it does not meet the presumptive Medical/Exposure Criteria for any of the Disease Levels set forth in Section 5.3(a)(3) above (the "Individual Review Process"). In addition or alternatively, a claimant may elect to have a claim undergo the Individual Review Process for purposes of determining whether the liquidated value of the claim involving Disease Levels III, IV, VI or VII exceeds the Scheduled Value for the relevant Disease Level also set forth in said provision. However, until such time as the Asbestos PI Trust has made an offer on a claim pursuant to Individual Review, the claimant may change his or her Individual Review election and have the claim liquidated pursuant to the Asbestos PI Trust's Expedited Review Process. In the event of such a change in the processing election, the claimant shall nevertheless retain his or her place in the FIFO Processing Queue.

The liquidated value of all Foreign Claims payable under this Asbestos TDP shall be established only under the Asbestos PI Trust's Individual Review process. Asbestos PI Claims of individuals exposed in Canada who were resident in Canada when such claims were filed ("Canadian Claims") shall not be considered Foreign Claims hereunder and shall be eligible for liquidation under the Expedited Review Process. Accordingly, a "Foreign Claim" is an Asbestos PI Claim with respect to which the claimant's exposure to an asbestos-containing product or conduct for which Quigley has legal responsibility occurred outside of the United States and its Territories and Possessions, and outside of the Provinces and Territories of Canada.

In reviewing Foreign Claims, the Asbestos PI Trust shall take into account all relevant procedural and substantive legal rules to which the claims would be subject in the Claimant's Jurisdiction, as defined in Section 5.3(b)(2) below. The Asbestos PI Trust shall determine the liquidated value of Foreign Claims based on historical settlements and verdicts in the Claimant's Jurisdiction as well as the other valuation factors set forth in Section 5.3(b)(2) below.

For purposes of the Individual Review Process for Foreign Claims, the Trustees, with the consent of the Trust Advisory Committee and the Future Demand Holders' Representative, may develop separate Medical/Exposure Criteria and standards, as well as separate requirements for physician and other professional qualifications, which shall be applicable to all Foreign Claims channeled to the Asbestos PI Trust; provided, however, that such criteria, standards or requirements shall not effectuate substantive changes to the claims eligibility requirements under this Asbestos TDP, but, rather, shall be made only for the purpose of adapting those requirements to the particular licensing provisions and/or medical customs or practices of the foreign country in question.

At such time as the Asbestos PI Trust has sufficient historical settlement, verdict and other valuation data for claims from a particular foreign jurisdiction, the Trustees, with the consent of the Trust Advisory Committee and the Future Demand Holders' Representative, may also establish a separate valuation matrix for any such Foreign Claims based on that data.

(A) Review of Medical/Exposure Criteria

The Asbestos PI Trust's Individual Review Process provides a claimant with an opportunity for individual consideration and evaluation of an Asbestos PI Claim that fails to meet the presumptive Medical/Exposure Criteria for Disease Levels I-IV and VI-VII. In such a case, the Asbestos PI Trust shall either deny the claim, or, if the Asbestos PI Trust is satisfied that the claimant has presented a claim that would be cognizable and valid in the tort system, the Asbestos PI Trust can offer the claimant a liquidated value amount up to the Scheduled Value for that Disease Level, unless the claim qualifies as an Extraordinary Claim as defined in Section 5.4(a) below, in which case its liquidated value cannot exceed the maximum extraordinary value for such a claim.

(B) Review of Liquidated Value for Asbestos PI Claims in Disease Levels III-VII

Claimants holding Asbestos PI Claims in the more serious Disease Levels III, IV, VI, or VII shall be eligible to seek, and claimants holding Asbestos PI Claims in Disease Level V and all Foreign Claims shall be required to undergo, Individual Review of the liquidated value of their claims, as well as of their medical/exposure evidence. The Individual Review Process is intended to result in payments equal to the full liquidated value for each claim multiplied by the Payment Percentage; however, the liquidated value of any Asbestos PI Claim that undergoes Individual Review may be determined to be less than the Scheduled Value the claimant would have received under Expedited Review. Moreover, the liquidated value for a claim involving Disease Levels III–VII shall not exceed the Maximum Value for the relevant Disease Level set forth in Section 5.3(b)(3) below, unless the claim meets the requirements of an Extraordinary Claim described in Section 5.4(a) below, in which case its liquidated value cannot exceed the

maximum extraordinary value set forth in that provision for such claims. Because the detailed examination and valuation process pursuant to Individual Review requires substantial time and effort, claimants electing to undergo the Individual Review Process may be paid the liquidated value of their Asbestos PI Claims later than would have been the case had the claimant elected the Expedited Review Process. Subject to the provisions of Section 5.8, the Asbestos PI Trust shall devote reasonable resources to the review of all claims to ensure that there is a reasonable balance maintained in reviewing all classes of claims.

(2) Valuation Factors to be Considered in Individual Review

The Asbestos PI Trust shall liquidate the value of each Asbestos PI Claim that undergoes Individual Review based on the historic liquidated values of other similarly situated claims in the tort system for the same Disease Level. The Asbestos PI Trust shall thus take into consideration all of the factors that affect the severity of damages and values within the tort system including, but not limited to, credible evidence of (i) the degree to which the characteristics of a claim differ from the presumptive Medical/Exposure Criteria for the Disease Level in question; (ii) factors such as the claimant's age, disability, employment status, disruption of household, family or recreational activities, dependencies, special damages, and pain and suffering; (iii) whether the claimant's damages were (or were not) caused by asbestos exposure, including Quigley Exposure (for example, alternative causes, and the strength of documentation of injuries); (iv) the industry of exposure; and (v) settlements and verdict histories and other law firms' experience in the Claimant's Jurisdiction for similarly-situated claims; and (vi) settlement and verdict histories for the claimant's law firm for similarly-situated claims.

For these purposes, the "Claimant's Jurisdiction" is (a) the jurisdiction in which the claim was filed (if at all) against Quigley in the tort system prior to the Petition Date or (b) if the claim was not filed against Quigley in the tort system prior to the Petition Date, the claimant may elect as the Claimant's Jurisdiction either (i) the jurisdiction in which the claimant resides at the time of diagnosis, or (ii) the jurisdiction in which the claimant resides when the claim is filed with the Asbestos PI Trust, or (iii) a jurisdiction in which the claimant experienced Quigley Exposure.

With respect to the Claimant's Jurisdiction, in the event a personal representative or authorized agent makes a claim under this Asbestos TDP for wrongful death with respect to which the governing law of the Claimant's Jurisdiction could only be the Alabama Wrongful Death Statute, the Claimant's Jurisdiction for such claim shall be the Commonwealth of Pennsylvania, and such claimant's damages shall be determined pursuant to the statutory and common laws of the Commonwealth of Pennsylvania without regard to its choice of law principles. The choice of law provision in Section 7.4 below is applicable to any claim with respect to which, but for this choice of law provision, the applicable law of the Claimant's Jurisdiction pursuant to Section 5.3(b)(2) is determined to be the Alabama Wrongful Death Statute, which shall only govern the rights between the Asbestos PI Trust and the claimant; and, to the extent the Asbestos PI Trust seeks recovery from any entity that provided insurance coverage to Quigley, the Alabama Wrongful Death Statute shall govern.

(3) Scheduled, Average, and Maximum Values

The Scheduled, Average, and Maximum Values for Disease Levels I-VII are the following:

Scheduled Disease	**Scheduled Value**	**Average Value**	**Maximum Value**
Mesothelioma (Level VII)	$200,000	$225,000	$450,000
Lung Cancer 1 (Level VI)	$35,000	$45,000	$90,000
Lung Cancer 2 (Level V)	None	$15,000	$30,000
Other Cancer (Level IV)	$15,000	$16,500	$30,000
Severe Asbestosis (Level III)	$35,000	$40,000	$90,000
Asbestosis/Pleural Disease (Level II)	$5,000	$5,000	$5,000
Asbestosis/Pleural Disease (Level I)	$2,000	$2,000	$2,000

These Scheduled Values, Average Values, and Maximum Values shall apply to all Trust Voting Claims (other than Pre-Petition Liquidated Asbestos PI Claims) filed with the Asbestos PI Trust on or before the Initial Claims Filing Date as provided in Section 5.1(a)(1) above. Thereafter, the Asbestos PI Trust, with the consent of the Trust Advisory Committee and the Future Demand Holders' Representative pursuant to Sections 6.06(b) and 7.07(b) of the Asbestos PI Trust Agreement, may change these valuation amounts to account for the effect of inflation or for other good cause and consistent with other restrictions on the amendment power.

Section 5.4. Categorizing Claims as Extraordinary and/or Exigent Hardship

(a) Extraordinary Claims

An "Extraordinary Claim" means an Asbestos PI Claim that otherwise satisfies the Medical/Exposure Criteria for Disease Levels III-VII, and that is held by a claimant whose exposure to asbestos (i) occurred predominantly as a result of working in a manufacturing facility of Quigley during a period in which Quigley was manufacturing asbestos-containing products at that facility or (ii) was at least 75% the result of Quigley Exposure and there is little likelihood of a substantial recovery elsewhere. All such Extraordinary Claims shall be presented for Individual Review and, if valid, shall be entitled to an award of up to a maximum extraordinary value of five (5) times the Scheduled Value set forth in Section 5.3(b)(3) for claims qualifying for Disease Levels III, IV, VI, and VII, and five (5) times the Average Value for claims in Disease Level V, multiplied by the applicable Payment Percentage.

Any dispute as to Extraordinary Claim status shall be submitted to a special Extraordinary Claims Panel established by the Trustees with the consent of the Trust Advisory Committee and the Future Demand Holders' Representative. All decisions of the Extraordinary Claims Panel shall be final and not subject to any further administrative or judicial review. An Extraordinary Claim, following its liquidation, shall be placed in the Asbestos PI Trust's FIFO Payment Queue ahead of all other Asbestos PI Claims except Pre-Petition Liquidated Asbestos PI Claims, Existing Claims, and Exigent Hardship Claims, which shall be paid first in that order in said Queue, based on its date of liquidation and shall be subject to the Maximum Available Payment and Claims Payment Ratio described above.

(b) Exigent Hardship Claims

At any time the Asbestos PI Trust may liquidate and pay Asbestos PI Claims that qualify as Exigent Hardship Claims as defined below. Such claims may be considered separately no matter what the order of processing otherwise would have been under this Asbestos TDP. An Exigent Hardship Claim, following its liquidation, shall be placed first in the FIFO Payment Queue ahead of all other liquidated Asbestos PI Claims except Pre-Petition Liquidated Asbestos PI Claims and Existing Claims, which claims, together with the Exigent Hardship Claims, shall be paid in accordance with the provisions of Section 2.4 hereof. An Asbestos PI Claim qualifies for payment as an Exigent Hardship Claim if the claim meets the Medical/Exposure Criteria for Severe Asbestosis (Disease Level III) or an asbestos-related malignancy (Disease Levels IV-VII) and the Asbestos PI Trust, in its sole discretion, determines (i) that the claimant needs financial assistance on an immediate basis based on the claimant's expenses and all sources of available income and (ii) that there is a causal connection between the claimant's dire financial condition and the claimant's asbestos-related disease.

Section 5.5. Secondary Exposure Claims

If a claimant alleges an asbestos-related disease resulting solely from exposure to an occupationally-exposed person, such as a family member, the claimant may seek Individual Review of his or her claim pursuant to Section 5.3(b) above. In such case the claimant must establish that the occupationally-exposed person would have met the exposure requirements under this Asbestos TDP that would have been applicable had that person filed a direct claim against the Asbestos PI Trust. In addition, the claimant with secondary exposure must establish that he or she is suffering from one of the seven Disease Levels described in Section 5.3(a)(3) above or an asbestos-related disease otherwise compensable under this Asbestos TDP, that his or her own exposure to the occupationally-exposed person occurred within the same time frame as the occupationally-exposed person experienced Quigley Exposure, and that such secondary exposure was a cause of the claimed disease. All other liquidation and payment rights and limitations under this Asbestos TDP shall be applicable to such claims.

Section 5.6. Indirect Asbestos PI Claims

Indirect Asbestos PI Claims asserted against the Asbestos PI Trust based upon theories of contribution or indemnification under applicable law shall be treated as presumptively valid and paid by the Asbestos PI Trust subject to the applicable Payment Percentage if (a) such claim satisfied the requirements of the Bar Date for such claims established by the Bankruptcy Court, if

applicable, and is not otherwise disallowed by Section 502(e) of the Code or subordinated under Section 509(c) of the Code; and (b) the holder of such claim (the "Indirect Claimant") establishes to the satisfaction of the Trustees that (i) the Indirect Claimant has paid in full the liability and obligation of the Asbestos PI Trust to the individual claimant to whom the Asbestos PI Trust would otherwise have had a liability or obligation under this Asbestos TDP (the "Direct Claimant"), (ii) the Direct Claimant and the Indirect Claimant have forever and fully released the Asbestos PI Trust from all liability to the Direct Claimant, and (iii) the claim is not otherwise barred by a statute of limitation or repose or by other applicable law. In no event shall any Indirect Claimant have any rights against the Asbestos PI Trust superior to the rights of the related Direct Claimant against the Asbestos PI Trust, including any rights with respect to the timing, amount or manner of payment. In addition, no Indirect Claim may be liquidated and paid in an amount that exceeds what the Indirect Claimant has actually paid the related Direct Claimant.

To establish a presumptively valid Indirect Asbestos PI Claim, the Indirect Claimant's aggregate liability for the Direct Claimant's claim must also have been fixed, liquidated, and paid fully by the Indirect Claimant by settlement (with an appropriate full release in favor of the Asbestos PI Trust) or a Final Order (as defined in the Plan) provided that it is established that such claim is valid under the applicable state law. In any case where the Indirect Claimant has satisfied the claim of a Direct Claimant against the Asbestos PI Trust under applicable law by way of a settlement, the Indirect Claimant shall obtain for the benefit of the Asbestos PI Trust a release in form and substance satisfactory to the Trustees.

If an Indirect Claimant cannot meet the presumptive requirements set forth above, including the requirement that the Indirect Claimant provide the Asbestos PI Trust with a full release of the Direct Claimant's claim, the Indirect Claimant may request that the Asbestos PI Trust review the Indirect Asbestos PI Claim individually to determine whether the Indirect Claimant can establish under applicable state law that the Indirect Claimant has paid all or a portion of a liability or obligation that the Asbestos PI Trust had to the Direct Claimant. If the Indirect Claimant can show that it has paid all or a portion of such a liability or obligation, the Asbestos PI Trust shall reimburse the Indirect Claimant the amount of the liability or obligation so paid, times the then-applicable Payment Percentage. However, in no event shall such reimbursement to the Indirect Claimant be greater than the amount to which the Direct Claimant would have otherwise been entitled. Further, the liquidated value of any Indirect Asbestos PI Claim paid by the Asbestos PI Trust to an Indirect Claimant shall be treated as an offset to or reduction of the full liquidated value of any Asbestos PI Claim that might be subsequently asserted by the Direct Claimant against the Asbestos PI Trust.

Any dispute between the Asbestos PI Trust and an Indirect Claimant over whether the Indirect Claimant has a right to reimbursement for any amount paid to a Direct Claimant shall be subject to the ADR Procedures provided in Section 5.10 below. If such dispute is not resolved by said ADR Procedures, the Indirect Claimant may litigate the dispute in the tort system pursuant to Sections 5.11 and 7.6 below.

The Trustees may develop and approve a separate proof of claim form for such Indirect Asbestos PI Claims. Indirect Asbestos PI Claims that have not been disallowed, discharged, or otherwise resolved by prior order of the Bankruptcy Court shall be processed in accordance with

procedures to be developed and implemented by the Trustees, consistent with the provisions of this Section 5.6, which procedures (a) shall determine the validity, acceptability and enforceability of such claims; and (b) shall otherwise provide the same liquidation and payment procedures and rights to the holders of such claims as the Asbestos PI Trust would have afforded the holders of the underlying valid Asbestos PI Claims. Nothing in this Asbestos TDP is intended to preclude a trust to which asbestos-related liabilities are channeled from asserting an Indirect Asbestos PI Claim against the Asbestos PI Trust subject to the requirements set forth herein.

Section 5.7. Evidentiary Requirements

(a) Medical Evidence – Asbestos PI Claims

(1) In General

All diagnoses of a Disease Level shall be accompanied by either (i) a statement by the physician providing the diagnosis that at least ten (10) years have elapsed between the date of first exposure to asbestos or asbestos-containing products and the diagnosis or (ii) a history of the claimant's exposure sufficient to establish a ten (10)-year latency period. All diagnoses shall also be based upon the standards set forth below. A finding by a physician after the Effective Date that a claimant's disease is "consistent with" or "compatible with" asbestosis shall not alone be treated by the Asbestos PI Trust as a diagnosis.[11]

(A) Disease Levels I-III

Except for asbestos claims filed against Quigley or any other asbestos defendant in the tort system prior to the Petition Date, all diagnoses of a non-malignant, asbestos-related disease (Disease Levels I-III) shall be based in the case of a claimant who was living at the time the claim was filed upon a physical examination of the claimant by the physician providing the diagnosis of the asbestos-related disease. All living claimants must also provide (i) for Disease Levels I and II, evidence of Bilateral Asbestos-Related Non-malignant Disease (as defined in Footnote 4 above); (ii) for Disease Level III, an ILO reading of 2/1 or greater or pathological evidence of asbestosis, and (iii) for Disease Levels II and III, Pulmonary Function Testing.

In the case of a claimant who was deceased at the time the claim was filed, all diagnoses of a non-malignant, asbestos-related disease (Disease Levels I-III) shall be based upon either (i) a physical examination of the claimant by the physician providing the diagnosis of the asbestos-related disease; or (ii) pathological evidence of the non-malignant, asbestos-related disease; or (iii) in the case of Disease Levels I-II, evidence of Bilateral Asbestos-Related Non-malignant Disease (as defined in Footnote 4 above) and for Disease Level III, either an ILO reading of 2/1 or greater or pathological evidence of asbestosis; and (iv) for either Disease Level II or III, Pulmonary Function Testing.

[11] All diagnoses of Asbestosis/Pleural Disease (Disease Levels I and II) not based on pathology shall be presumed to be based on findings of bilateral asbestosis or pleural disease, and all diagnoses of Mesothelioma (Disease Level VII) shall be presumed to be based on findings that the disease involves a malignancy. However, the Asbestos PI Trust may rebut such presumptions.

(B) Disease Levels IV-VII

All diagnoses of an asbestos-related malignancy (Disease Levels IV-VII) shall be based upon (i) a physical examination of the claimant by the physician providing the diagnosis of the asbestos-related disease or (ii) a diagnosis of such a malignant Disease Level by a board-certified pathologist or by a pathology report prepared on or on behalf of a hospital accredited by the Joint Commission on Accreditation of Healthcare Organizations ("JCAHO").

(C) Exception to the Exception for Certain Pre-Petition Claims

If the holder of an Asbestos PI Claim that was filed against Quigley or any other defendant in the tort system prior to the Petition Date has available a report of a diagnosing physician engaged by the holder or his or her law firm who conducted a physical examination of the holder as described in Section 5.7(a)(1)(A), or if the holder has filed such medical evidence and/or a diagnosis of the asbestos-related disease by a physician not engaged by the holder or his or her law firm who conducted a physical examination of the holder with another asbestos-related personal injury settlement trust that requires such evidence, without regard to whether the claimant or the law firm engaged the diagnosing physician, the holder shall provide such medical evidence to the Asbestos PI Trust notwithstanding the exception in Section 5.7(a)(1)(A).

(2) Credibility of Medical Evidence

Before making any payment to a claimant, the Asbestos PI Trust must have reasonable confidence that the medical evidence provided in support of the claim is credible and consistent with recognized medical standards. The Asbestos PI Trust may require the submission of X-rays, CT scans, detailed results of pulmonary function tests, laboratory tests, tissue samples, results of medical examination or reviews of other medical evidence, and may require that medical evidence submitted comply with recognized medical standards regarding equipment, testing methods and procedures to assure that such evidence is reliable. Medical evidence (i) that is of a kind shown to have been received in evidence by a state or federal judge at trial, or (ii) that is consistent with evidence submitted to Quigley to settle for payment similar disease cases prior to Quigley's bankruptcy or, (iii) that consists of a diagnosis by a physician shown to have previously qualified as a medical expert with respect to the asbestos-related disease in question before a state or federal judge is presumptively reliable, although the Asbestos PI Trust may seek to rebut the presumption.

In addition, claimants who otherwise meet the requirements of this Asbestos TDP for payment of an Asbestos PI Claim shall be paid irrespective of the results in any litigation at anytime between the claimant and any other defendant in the tort system. However, any relevant evidence submitted in a proceeding in the tort system other than any findings of fact, a verdict, or a judgment, involving another defendant, may be introduced by either the claimant or the Asbestos PI Trust in any Individual Review proceeding conducted pursuant to Section 5.3(b) or any Extraordinary Claim proceeding conducted pursuant to Section 5.4(a).

(b) Exposure Evidence – Asbestos PI Claims

(1) In General

As set forth above in Section 5.3(a)(3), to qualify for any Disease Level, the claimant must demonstrate Quigley Exposure which, in the case of Indirect Asbestos PI Claims, shall be Quigley Exposure in respect of the Direct Claimant. Claims based on conspiracy or derivative liability theories that involve no Quigley Exposure are not compensable under this Asbestos TDP. To meet the presumptive exposure requirements of Expedited Review set forth in Section 5.3(a)(3) above, the claimant must show (i) for all Disease Levels, Quigley Exposure as defined in Section 5.7(b)(3) below prior to December 21, 1982; (ii) for Asbestosis/Pleural Disease Level I, six (6) months Quigley Exposure prior to December 31, 1982, plus five (5) years cumulative occupational asbestos exposure; (iii) for Asbestos/Pleural Disease (Disease Level II), Severe Asbestosis Disease (Disease Level III), Other Cancer (Disease Level IV), or Lung Cancer I (Disease Level VI), the claimant must show six (6) months Quigley Exposure prior to December 21, 1982, plus Significant Occupational Exposure to asbestos. If the claimant cannot meet the relevant presumptive exposure requirements for a Disease Level eligible for Expedited Review, the claimant may seek Individual Review of his or her Quigley Exposure pursuant to Section 5.3(b) above.

(2) Significant Occupational Exposure

"Significant Occupational Exposure" means employment for a cumulative period of at least five (5) years with a minimum of two (2) years prior to December 31, 1982, in an industry and an occupation in which the claimant (a) handled raw asbestos fibers on a regular basis, (b) fabricated asbestos-containing products so that the claimant in the fabrication process was exposed on a regular basis to raw asbestos fibers, (c) altered, repaired or otherwise worked with an asbestos-containing product such that the claimant was exposed on a regular basis to asbestos fibers, or (d) was employed in an industry and occupation such that the claimant worked on a regular basis in close proximity to workers engaged in the activities described in (a), (b), and/or (c).

(3) Quigley Exposure

The claimant must demonstrate meaningful and credible exposure, which occurred prior to December 31, 1982, to asbestos or asbestos-containing products supplied, specified, manufactured, installed, maintained, or repaired by Quigley and/or any entity for which Quigley has legal responsibility ("Quigley Exposure"). That meaningful and credible exposure evidence may be established by an affidavit or sworn statement of the claimant, by an affidavit or sworn statement of a co-worker or the affidavit or sworn statement of a family member in the case of a deceased claimant (providing the Asbestos PI Trust finds such evidence reasonably reliable), by invoices, employment, construction or similar records, or by other credible evidence. Any affidavits or sworn statements submitted to the Asbestos PI Trust must conform to the requirements of applicable state law. The specific exposure information required by the Asbestos PI Trust to process a claim under either Expedited or Individual Review shall be set forth on the proof of claim form to be used by the Asbestos PI Trust. The Asbestos PI Trust can

also require submission of other or additional evidence of exposure when it deems such to be necessary.

Evidence submitted to establish proof of Quigley Exposure is for the sole benefit of the Asbestos PI Trust, not third parties or defendants in the tort system. The Asbestos PI Trust has no need for, and therefore claimants are not required to furnish the Asbestos PI Trust with evidence of, exposure to specific asbestos products other than those for which Quigley has legal responsibility, except to the extent such evidence is required elsewhere in this Asbestos TDP. Similarly, failure to identify Quigley products in the claimant's underlying tort action, or to other bankruptcy trusts, does not preclude the claimant from recovering from the Asbestos PI Trust, provided the claimant otherwise satisfies the medical and exposure requirements of this Asbestos TDP.

Section 5.8. Claims Audit Program

The Trustees with the consent of the Trust Advisory Committee and the Future Demand Holders' Representative may develop methods for auditing the reliability of medical evidence, including additional reading of X-rays, CT scans and verification of pulmonary function tests as well as the reliability of evidence of exposure to asbestos or asbestos-containing products for which Quigley or any Pfizer Protected Party has legal responsibility. In the event that the Asbestos PI Trust reasonably determines that any individual or entity has engaged in a pattern or practice of providing unreliable medical evidence to the Asbestos PI Trust, it may decline to accept additional evidence from such provider in the future.

Further, in the event that an audit reveals that fraudulent information has been provided to the Asbestos PI Trust, the Asbestos PI Trust may penalize any claimant or claimant's attorney by rejecting the Asbestos PI Claim or by other means including, but not limited to, requiring the source of the fraudulent information to pay the costs associated with the audit and any future audit or audits, reordering the priority of payment of all affected claimants' Asbestos PI Claims, raising the level of scrutiny of additional information submitted from the same source or sources, refusing to accept additional evidence from the same source or sources, seeking the prosecution of the claimant or claimant's attorney for presenting a fraudulent claim in violation of 18 U.S.C. § 152, and seeking sanctions from the Bankruptcy Court.

Section 5.9. Second Disease (Malignancy) Claims

Notwithstanding the provisions of Section 2.1 that a claimant may not assert more than one (1) Asbestos PI Claim hereunder, the holder of an Asbestos PI Claim involving a non-malignant, asbestos-related disease (Disease Levels I through III) may assert a new Asbestos PI Claim against the Asbestos PI Trust for a malignant disease (Disease Levels IV through VII) that is subsequently diagnosed. Any additional payments to which such claimant may be entitled with respect to such malignant asbestos-related disease shall not be reduced by the amount paid for the non-malignant asbestos-related disease, provided that the malignant disease had not been diagnosed by the time the claimant was paid with respect to his or her original claim involving the non-malignant disease.

Section 5.10. Arbitration

(a) Establishment of ADR Procedures

The Asbestos PI Trust, with the consent of the Trust Advisory Committee and the Future Demand Holders' Representative, shall institute binding and non-binding arbitration procedures in accordance with Dispute Resolution Procedures ("ADR Procedures") to be established by the Trustees, with the consent of the Trust Advisory Committee and the Future Demand Holders' Representative, for resolving disputes over whether (i) the Asbestos PI Trust's outright rejection or denial of a claim was proper, (ii) a pre-petition settlement agreement with Quigley is binding and judicially enforceable in the absence of a Final Order of the Bankruptcy Court determining the issue, or (iii) the claimant's medical condition or exposure history meets the requirements of this Asbestos TDP for purposes of categorizing a claim involving Disease Levels I-VII. Binding and non-binding arbitration shall also be available for resolving disputes over the liquidated value of a claim involving Asbestos Disease Levels III-VII as well as disputes over Quigley's share of the unpaid portion of a Pre-Petition Liquidated Asbestos PI Claim described in Section 5.2 above and disputes over the validity of an Indirect Asbestos PI Claim.

In all arbitrations where relevant, the arbitrator shall consider the same medical and exposure evidentiary requirements that are set forth in Section 5.7 above. In the case of an arbitration involving the liquidated value of a claim involving Disease Levels III-VII, the arbitrator shall consider the same valuation factors that are set forth in Section 5.3(b)(2) above. In order to facilitate the Individual Review Process with respect to such claims, the Asbestos PI Trust may from time to time develop a valuation model that enables the Asbestos PI Trust to efficiently make initial liquidated value offers on those claims in the Individual Review setting. In an arbitration involving any such claim, the Asbestos PI Trust shall neither offer into evidence or describe any such model nor assert that any information generated by the model has any evidentiary relevance or should be used by the arbitrator in determining the presumed correct liquidated value in the arbitration. The underlying data that was used to create the model may be relevant and may be made available to the arbitrator but only if provided to the claimant or his or her counsel ten (10) days prior to the arbitration proceeding. With respect to all claims eligible for arbitration, the claimant, but not the Asbestos PI Trust, may elect either non-binding or binding arbitration. The ADR Procedures may be modified by the Asbestos PI Trust with the consent of the Trust Advisory Committee and the Future Demand Holders' Representative.

(b) Claims Eligible for Arbitration

In order to be eligible for arbitration, the claimant must first complete the Individual Review Process as well as any processes required under the ADR Procedures. Individual Review shall be treated as completed for these purposes when the claim has been individually reviewed by the Asbestos PI Trust, the Asbestos PI Trust has made an offer on the claim, the claimant has rejected the liquidated value resulting from the Individual Review, and the claimant has notified the Asbestos PI Trust of the rejection in writing. Individual Review shall also be treated as completed if the Asbestos PI Trust has rejected the claim.

(c) Limitations on and Payment of Arbitration Awards

In the case of a claim involving Disease Levels I and II, the arbitrator shall not return an award in excess of the Scheduled Value for such claim. In the case of a non-Extraordinary Claim involving Disease Levels III-VII, the arbitrator shall not return an award in excess of the Maximum Value for the appropriate Disease Level as set forth in Section 5.3(a)(3) above, and for an Extraordinary Claim involving any Disease Level, the arbitrator shall not return an award greater than the maximum extraordinary value for such a claim as set forth in Section 5.4(a) above. A claimant who submits to arbitration and who accepts the arbitral award shall receive payments in the same manner as one who accepts the Asbestos PI Trust's original valuation of the claim.

Section 5.11. Litigation

Claimants who elect non-binding arbitration and then reject their arbitral awards retain the right to institute a lawsuit in the tort system against the Asbestos PI Trust pursuant to Section 7.6 below. However, a claimant shall only be eligible for payment of a judgment for monetary damages obtained in the tort system from the Asbestos PI Trust's available cash only as provided in Section 7.7 below.

SECTION VI

Claims Materials

Section 6.1. Claims Materials

The Asbestos PI Trust shall prepare suitable and efficient claims materials ("Claims Materials") for all Asbestos PI Claims and shall provide such Claims Materials upon a written request for such materials to the Asbestos PI Trust. The proof of claim form to be submitted to the Asbestos PI Trust shall require the claimant to assert the highest Disease Level for which the claim qualifies at the time of filing. The proof of claim form shall also include a certification by the claimant or his or her attorney sufficient to meet the requirements of Rule 11(b) of the Federal Rules of Civil Procedure. In developing its claim-filing procedures, the Asbestos PI Trust shall make every effort to provide claimants with the opportunity to utilize currently available technology at their discretion, including filing claims and supporting documentation over the Internet and electronically by disk or CD-Rom. The proof of claim form to be used by the Asbestos PI Trust shall be developed by the Asbestos PI Trust and submitted to the Trust Advisory Committee and the Future Demand Holders' Representative for approval; it may be changed by the Asbestos PI Trust with the consent of the Trust Advisory Committee and the Future Demand Holders' Representative.

Section 6.2. Content of Claims Materials

The Claims Materials shall include a copy of this Asbestos TDP, such instructions as the Trustees shall approve, and a detailed proof of claim form. If feasible, the forms used by the Asbestos PI Trust to obtain claims information shall be the same or substantially similar to those used by other asbestos claims resolution organizations. If requested by the claimant, the

Asbestos PI Trust shall accept information provided electronically. The claimant may, but shall not be required to, provide the Asbestos PI Trust with evidence of recovery from other asbestos defendants and claims resolution organizations.

Section 6.3. Withdrawal or Deferral of Claims

A claimant can withdraw an Asbestos PI Claim at any time upon written notice to the Asbestos PI Trust and file another such claim subsequently without affecting the status of the claim for statute of limitations purposes, but any such claim filed after withdrawal shall be given a place in the FIFO Processing Queue based on the date of such subsequent filing. A claimant can also request that the processing of his or her Asbestos PI Claim by the Asbestos PI Trust be deferred for a period not to exceed three (3) years without affecting the status of the claim for statute of limitations purposes, in which case the claimant shall also retain his or her original place in the FIFO Processing Queue. During the period of such deferral, a sequencing adjustment on such claimant's Asbestos PI Claim as provided in Section 7.5 hereunder shall not accrue and payment thereof shall be deemed waived by the claimant. Except for Asbestos PI Claims held by representatives of deceased or incompetent claimants for which court or probate approval of the Asbestos PI Trust's offer is required, or an Asbestos PI Claim for which deferral status has been granted, a claim shall be deemed to have been withdrawn if the claimant neither accepts, rejects, nor initiates arbitration within six (6) months of the Asbestos PI Trust's written offer of payment or rejection of the claim. Upon written request and good cause, the Asbestos PI Trust may extend the withdrawal or deferral period for an additional six (6) months.

Section 6.4. Filing Requirements and Fees

The Trustees shall have the discretion to determine, with the consent of the Trust Advisory Committee and the Future Demand Holders' Representative, whether a filing fee should be required for any Asbestos PI claims.

Section 6.5. Confidentiality of Claimants' Submissions

All submissions to the Asbestos PI Trust by a holder of an Asbestos PI Claim of a proof of claim form and materials related thereto shall be treated as made in the course of settlement discussions between the holder and the Asbestos PI Trust and intended by the parties to be confidential and to be protected by all applicable state and federal privileges, including but not limited to those directly applicable to settlement discussions. The Asbestos PI Trust will preserve the confidentiality of such claimant submissions, and shall disclose the contents thereof only, with the permission of the holder, to another trust established for the benefit of asbestos personal injury claimants pursuant to Section 524(g) of the Bankruptcy Code or other applicable law, to such other persons as authorized by the holder, or in response to a valid subpoena of such materials issued by the Bankruptcy Court, a New York State Court, or the United States District Court for the Southern District of New York. Furthermore, the Asbestos PI Trust shall provide counsel for the holder a copy of any such subpoena immediately upon being served. The Asbestos PI Trust shall on its own initiative or upon request of the claimant in question take all necessary and appropriate steps to preserve said privileges before the Bankruptcy Court, a New York State Court, or the United States District Court for the Southern District of New York and before those courts having appellate jurisdiction related thereto. Notwithstanding anything in the

foregoing to the contrary, the Asbestos PI Trust shall comply with Section 9.3(k) of the Plan and, with the consent of the Trust Advisory Committee and the Future Demand Holders' Representative, the Asbestos PI Trust may, in specific limited circumstances, disclose information, documents or other materials reasonably necessary in the Asbestos PI Trust's judgment to preserve, litigate, resolve, or settle coverage, or to comply with an applicable obligation under an insurance policy or settlement agreement within the Asbestos Insurance Assets; provided, however, that the Asbestos PI Trust shall take any and all steps reasonably feasible in its judgment to preserve the further confidentiality of such information, documents and materials; and prior to the disclosure of such information, documents or materials to a third party, the Asbestos PI Trust shall receive from such third party a written agreement of confidentiality that (a) ensures that the information, documents and materials provided by the Asbestos PI Trust shall be used solely by the receiving party for the purpose stated in the agreement and (b) prohibits any other use or further dissemination of the information, documents and materials by the third party except as set forth in the written agreement of confidentiality. Nothing in this Asbestos TDP, the Plan, or the Asbestos PI Trust Agreement expands, limits or impairs the obligation under applicable law of a claimant to respond fully to lawful discovery in any underlying civil action regarding his or her submission of factual information to the Asbestos PI Trust for the purpose of obtaining compensation for asbestos-related injuries from the Asbestos PI Trust.

SECTION VII

Guidelines for Liquidating and Paying Claims

Section 7.1. Showing Required

To establish a valid Asbestos PI Claim, a claimant must meet the requirements set forth in this Asbestos TDP. The Asbestos PI Trust may require the submission of X-rays, CT scans, laboratory tests, medical examinations or reviews, other medical evidence, or any other evidence to support or verify the claim and may further require that medical evidence submitted comply with recognized medical standards regarding equipment, testing methods, and procedures to assure that such evidence is reliable.

Section 7.2. Costs Considered

Notwithstanding any provisions of this Asbestos TDP to the contrary, the Trustees shall always give appropriate consideration to the cost of investigating and uncovering invalid Asbestos PI Claims so that the payment of valid Asbestos PI Claims is not further impaired by such processes with respect to issues related to the validity of the medical evidence supporting an Asbestos PI Claim. The Trustees shall also have the latitude to make judgments regarding the amount of transaction costs to be expended by the Asbestos PI Trust so that valid Asbestos PI Claims are not unduly further impaired by the costs of additional investigation. Nothing herein shall prevent the Trustees, in appropriate circumstances, from contesting the validity of any claim against the Asbestos PI Trust, whatever the costs, or declining to accept medical evidence from sources that the Trustees have determined to be unreliable pursuant to the Claims Audit Program described in Section 5.8 above.

Section 7.3. Discretion to Vary the Order and Amounts of Payments in Event of Limited Liquidity

Consistent with the provisions hereof and subject to the FIFO Processing Queue and FIFO Payment Queues, the Maximum Annual Payment, the Maximum Available Payment, and the Claims Payment Ratio requirements set forth above, the Trustees shall proceed as quickly as possible to liquidate valid Asbestos PI Claims and shall make payments to holders of such claims in accordance with this Asbestos TDP promptly as funds become available and as claims are liquidated, while maintaining sufficient resources to pay future valid claims in substantially the same manner.

Because the Asbestos PI Trust's income over time remains uncertain, and decisions about payments must be based on estimates that cannot be done precisely, payments may have to be revised in light of experiences over time, and there can be no guarantee of any specific level of payment to claimants. However, the Trustees shall use their best efforts to treat similar claims in substantially the same manner, consistent with their duties as Trustees, the purposes of the Asbestos PI Trust, the established allocation of funds to claims in different categories, and the practical limitations imposed by the inability to predict the future with precision.

In the event that the Asbestos PI Trust faces temporary periods of limited liquidity, the Trustees may, with the consent of the Trust Advisory Committee and the Future Demand Holders' Representative, (a) suspend the normal order of payment, (b) temporarily limit or suspend payments altogether, (c) offer a Reduced Payment Option as described in Section 2.5 above, and/or (d) commence making payments on an installment basis.

Section 7.4. Punitive Damages

Except as provided below for claims asserted under the Alabama Wrongful Death Statute, or as set forth in Section 5.2 above, in determining the value of any liquidated or unliquidated Asbestos PI Claim, punitive or exemplary damages, i.e., damages other than compensatory damages, shall not be considered or paid, notwithstanding their availability in the tort system.

Similarly, no punitive or exemplary damages shall be payable with respect to any claim litigated against the Asbestos PI Trust in the tort system pursuant to Sections 5.11 above and 7.6 below. The only damages that may be awarded pursuant to this Asbestos TDP to Alabama Claimants who are deceased and whose personal representatives pursue their claims only under the Alabama Wrongful Death Statute shall be compensatory damages determined pursuant to the statutory and common law of the Commonwealth of Pennsylvania, without regard to its choice of law principles. The choice of law provision in Section 7.4 herein applicable to any claim with respect to which, but for this choice of law provision, the applicable law of the Claimant's Jurisdiction pursuant to Section 5.3(b)(2) is determined to be the Alabama Wrongful Death Statute, shall only govern the rights between the Asbestos PI Trust and the claimant including, but not limited to, suits in the tort system pursuant to Section 7.6; and to the extent the Asbestos PI Trust seeks recovery from any entity that provided insurance to Quigley, the Alabama Wrongful Death Statute shall govern.

Section 7.5. Sequencing Adjustment

(a) In General

Subject to the limitations set forth below, a sequencing adjustment shall be paid on all Asbestos PI Claims with respect to which the claimant has had to wait a year or more for payment, provided, however, that no claimant shall receive a sequencing adjustment for a period in excess of seven (7) years. The sequencing adjustment factor for each year shall be the one (1)-year federal funds rate established in January of such year.

(b) Unliquidated Asbestos PI Claims

A sequencing adjustment shall be payable on the Scheduled Value of any unliquidated Asbestos PI Claim that meets the requirements of Disease Levels I-IV, VI, and VII, whether the Asbestos PI Claim is liquidated under Expedited Review, Individual Review, or by arbitration. No sequencing adjustment shall be paid on any Asbestos PI Claim liquidated in the tort system pursuant to Sections 5.11 above and 7.6 below. The sequencing adjustment on an unliquidated Asbestos PI Claim that meets the requirements of Disease Level V shall be based on the Average Value of such an Asbestos PI Claim. Sequencing adjustments on all such unliquidated Asbestos PI Claims shall be measured from the date of payment back to the earliest of the date that is one (1) year after the date on which (a) the claim was filed against a Debtor prior to the Petition Date, (b) the claim was filed against another defendant in the tort system on or after the Petition Date but before the Effective Date, (c) the claim was filed with the Bankruptcy Court during the pendency of the Chapter 11 proceeding, or (d) the claim was filed with the Asbestos PI Trust after the Effective Date.

(c) Liquidated Pre-Petition Asbestos PI Claims

A sequencing adjustment shall also be payable on the liquidated value of all Pre-Petition Liquidated Asbestos PI Claims described in Section 5.2(a) above. In the case of Pre-Petition Liquidated Asbestos PI Claims liquidated by verdict or judgment, the sequencing adjustment shall be measured from the date of payment back to the date that is one (1) year after the date that the verdict or judgment was entered, provided, however, that in no event shall the sequencing adjustment be measured from a date prior to the Petition Date if the liquidated value of the Pre-Petition Liquidated Asbestos PI Claim includes pre-petition interest. In the case of Pre-Petition Liquidated Asbestos PI Claims liquidated by a binding, judicially enforceable settlement, the sequencing adjustment shall be measured from the date of payment back to the date that is one (1) year after the Petition Date.

Section 7.6. Suits in the Tort System

.If the holder of a disputed claim disagrees with the Asbestos PI Trust's determination regarding the Disease Level of the claim, the claimant's exposure history or the liquidated value of the claim, and if the holder has first submitted the claim to non-binding arbitration as provided in Section 5.10 above, the holder may file a lawsuit against the Asbestos PI Trust in the Claimant's Jurisdiction as defined in Section 5.3(b)(2) above. Any such lawsuit must be filed by the claimant in her or his own right and name and not as a member or representative of a class,

and no such lawsuit may be consolidated with any other lawsuit. All defenses (including, with respect to the Asbestos PI Trust, all defenses which could have been asserted by Quigley) shall be available to both sides at trial; however, the Asbestos PI Trust may waive any defense and/or concede any issue of fact or law. If the claimant was alive at the time the initial pre-petition complaint was filed or on the date the proof of claim form was filed with the Asbestos PI Trust, the case shall be treated as a personal injury case with all personal injury damages to be considered even if the claimant has died during the pendency of the claim.

Section 7.7. Payment of Judgments for Money Damages

If and when a claimant obtains a judgment in the tort system, the claim shall be placed in the FIFO Payment Queue based on the date on which the judgment became final. Thereafter, the claimant shall receive from the Asbestos PI Trust an initial payment (subject, to the applicable Payment Percentage, the Maximum Available Payment, and the Claims Payment Ratio provisions set forth above) of an amount equal to the greater of (i) the Asbestos PI Trust's last offer to the claimant or (ii) the award that the claimant declined in non-binding arbitration; provided, however, that in no event shall such payment amount exceed the amount of the judgment obtained in the tort system. The claimant shall receive the balance of the judgment, if any, in five (5) equal installments in years six (6) through ten (10) following the year of the initial payment (also subject to the applicable Payment Percentage, the Maximum Available Payment, and the Claims Payment Ratio provisions set forth above in effect on the date of the payment of the subject installment).

In the case of claims involving Disease Levels I-II, the total amounts paid with respect to such claims shall not exceed the relevant Scheduled Value for such Disease Levels as set forth in Section 5.3(a)(3) above. In the case of claims involving a non-malignant, asbestos-related disease that does not attain classification under Disease Levels I or II, the amount payable shall not exceed the Scheduled Value for the Disease Level most comparable to the disease proven. In the case of non-Extraordinary Claims involving severe asbestosis and malignancies (Disease Levels III-VII), the total amounts paid with respect to such claims shall not exceed the Maximum Values for such Disease Levels set forth in Section 5.3(b)(3). In the case of Extraordinary Claims, the total amounts paid with respect to such claims shall not exceed the maximum extraordinary values for such claims set forth in Section 5.4(a) above. Under no circumstances shall a sequencing adjustment be paid pursuant to Section 7.5 or interest to be paid under any statute on any judgments obtained in the tort system.

Section 7.8. Releases

The Trustees shall have the discretion to determine the form and substance of the releases to be provided to the Asbestos PI Trust. As a condition to making any payment to a claimant, the Asbestos PI Trust shall obtain a general, partial, or limited release as appropriate in accordance with the applicable state or other law. If allowed by state law, the endorsing of a check or draft for payment by or on behalf of a claimant may, in the discretion of the Trust, constitute such a release.

Section 7.9. Third-Party Services

Nothing in this Asbestos TDP shall preclude the Asbestos PI Trust from contracting with another asbestos claims resolution organization to provide services to the Asbestos PI Trust provided that categorization and liquidated values of Asbestos PI Claims are based on the relevant provisions of this Asbestos TDP, including the Disease Levels, Scheduled Values, Average Values, Maximum Values, and Medical/Exposure Criteria set forth above.

Section 7.10. Asbestos PI Trust Disclosure of Information

Periodically, but not less often than once a year, the Asbestos PI Trust shall make available to claimants and other interested parties the number of claims by Disease Levels that have been resolved both by the Individual Review Process and by arbitration, as well as by litigation in the tort system indicating the amounts of the awards and the averages of the awards by jurisdiction.

SECTION VIII

Miscellaneous

Section 8.1. Amendments

Except as otherwise provided herein, the Trustees may amend, modify, delete, or add to any provisions of this Asbestos TDP (including, without limitation, amendments to conform this Asbestos TDP to advances in scientific or medical knowledge or other changes in circumstances), provided they first obtain the consent of the Trust Advisory Committee and the Future Demand Holders' Representative pursuant to the Consent Process set forth in Sections 6.06(b) and 7.07(b) of the Asbestos PI Trust Agreement, except that the right to amend the Claims Payment Ratio is governed by the restrictions in Section 2.5 above, and the right to adjust the Payment Percentage is governed by Section 4.2 above. Nothing herein is intended to preclude the Trust Advisory Committee or the Future Demand Holders' Representative from proposing to the Trustees, in writing, amendments to this Asbestos TDP. Any amendment proposed by the Trust Advisory Committee or Future Demand Holders' Representative shall remain subject to Section 8.03 of the Trust Agreement.

Section 8.2. Severability

Should any provision contained in this Asbestos TDP be determined to be unenforceable, such determination shall in no way limit or affect the enforceability and operative effect of any and all other provisions of this Asbestos TDP. Should any provision contained in this Asbestos TDP be determined to be inconsistent with or contrary to Quigley obligations to any insurance company providing insurance coverage to Quigley in respect of claims for personal injury based on exposure to asbestos-containing products manufactured or produced by Quigley, the Trustees, with the consent of the Trust Advisory Committee and the Future Demand Holders' Representative, may amend this Asbestos TDP and/or the Asbestos PI Trust Agreement to make the provisions of either or both documents consistent with the duties and obligations of Quigley to said insurance company.

Section 8.3. Governing Law

Except for purposes of determining the liquidated value of any Asbestos PI Claim, administration of this Asbestos TDP shall be governed by, and construed in accordance with, the laws of the State of New York. The law governing the liquidation of Asbestos PI Claims in the case of Individual Review, arbitration or litigation in the tort system shall be the law of the Claimant's Jurisdiction as described in Section 5.3(b)(2) above. Any reference to the tort system shall mean the United States tort system.

The AIG Companies further agree that costs associated with Asbestos-Related Claims are covered by the Insurance Policies (other than the 1997-2001 Policy).

B. The AIG Companies hereby, jointly and severally, unconditionally and irrevocably agree directly with and for the joint benefit of the Joint Beneficiaries that the AIG Companies shall pay in full to the Trust for the joint benefit of the Joint Beneficiaries each AIG Settlement Payment in the applicable amount and on the applicable date (provided, that if such applicable date is not a Business Day, then such payment shall be made on the immediately preceding Business Day) in each case without any set-off, counterclaim, diminution or any other deduction whatsoever.

C. As a clarification and not as a limitation of their unconditional and irrevocable obligations hereunder, each AIG Company hereby (a) agrees that its obligations in respect of the AIG Payments are direct, absolute, unconditional and enforceable, (b) waives any and all

defenses to payment and any right of set-off, deduction, diminution, abatement, suspension, deferment or recoupment of claims or counterclaims it may now or hereafter have, including defenses relating to fraud, or fraud in the inducement or performance of fact, and (c) agrees that it will not assert as a defense to payment, a basis for nonpayment or reduction of payment, or as a right or basis for set-off, without limitation, any of the following, among other things:

i. any indulgence, concession, waiver or consent given to or by Pfizer or Quigley;

ii. any taking, exchange, release, amendment, non-perfection, realization or application of or on any security for or guarantee of the AIG Payments or any release by the Joint Beneficiaries of any AIG Company without the consent of the other AIG Companies;

iii. any defect as to the valid creation, existence or solvency of Pfizer or Quigley or any change, restructuring, or termination in or of the corporate structure or existence of Pfizer or Quigley;

iv. the insolvency of Pfizer or Quigley or the commencement of bankruptcy proceedings involving Pfizer or Quigley, or similar proceedings under state or local law;

v. any order, decree, decision, judgment or legislation requiring the AIG Companies to make payment of any AIG Payment to a Person other than Pfizer, Quigley, or a trust created in connection with a bankruptcy, insolvency, reorganization or similar proceeding, including without limitation a trust created pursuant to Section 524(g) of the Bankruptcy Code, or having such effect, or the establishment of a trust for the benefit of any Person in connection with any portion of the AIG Payments;

vi. the failure to collect or recover from a reinsurer any claim, exclusion, limitation or defense to coverage that may be asserted by a reinsurer or any claim, exclusion, limitation or defense to coverage that may be available under the Insurance Policies or the Settlement Agreement;

vii. the failure of Pfizer or Quigley to perform any covenant, condition or obligation under this Addendum, the Settlement Agreement or the Insurance Policies; or

viii. any other act or omission, circumstance, occurrence, happening or event whatsoever, whether similar or dissimilar to the foregoing, whether foreseen or unforeseen, that might otherwise constitute a legal or equitable discharge or defense of an insurer, surety or guarantor, or breach of any explicit or implied duties under law.

The AIG Companies agree and acknowledge that the foregoing clarification of the defenses they have waived in connection with this Agreement (the "Waiver of Defenses") was specifically drafted and agreed for the purposes of this Addendum, that the Waiver of Defenses shall not be deemed or considered standard form or "boilerplate" even if it is similar to or resembles waivers of defenses in other contracts, that the Waiver of Defenses was reviewed and evaluated by counsel to the AIG Companies prior to the execution of this Addendum, and that principles of construction and interpretation that would void any term of the Waiver of Defenses, deem any term of the Waiver of Defenses unenforceable, or construe any term of the Waiver of Defenses in favor of one Party over another, shall not apply to the interpretation or application of the Waiver of Defenses. The AIG Companies understand, accept and acknowledge that they have waived fraud-related defenses.

D. Each of the AIG Companies covenants and agrees that it shall not consent to, and shall oppose, the entry of any order, decree, judgment or injunction that would require the AIG Companies to make payment of any AIG Payment to, or for the benefit of, a Person other than the Joint Beneficiaries or a Permitted Assignee or that would prohibit, divert, channel or otherwise limit or restrict payment to the Joint Beneficiaries or a Permitted Assignee of any AIG Payment, or which would have any such effect, without the consent of the Joint Beneficiaries.

E. All payments made by an AIG Company pursuant hereto shall be made no later than the date when due, in U.S. dollars, in the full amount of the applicable AIG Payment, without any set-off, counterclaim, diminution or any other deduction whatsoever, by wire transfer or check and pursuant to the following payment instructions (provided that Pfizer or its designee may change such payment instructions with respect to any AIG Payment by notice to the AIG Companies in the manner specified in Section VII at least 10 days prior to the date of such AIG Payment):

If by Wire Transfer, to:	JP Morgan/Chase Manhattan Bank ABA Routing # 021000021
Further Credit to:	Acct Name: Pfizer - Quigley Joint Insurance Account Account # 304-239887
With Additional Notice to:	Colleen E. Ostrowski – Treasury Operations (Mail Stop 219/6/8), and Wilma Seylaz (Mail Stop 150/2/6) Pfizer Inc. 235 East 42nd Street New York, NY 10017-5755
If by Check, to:	Colleen E. Ostrowski – Treasury Operations Pfizer Inc. 235 East 42nd Street New York, NY 10017-5755

F. Any AIG Settlement Payment that is not made when due shall bear interest from (and including) the date that is three days after the date of notice of such overdue payment to the AIG Companies in the manner specified in Section VII to (but excluding) the date actually paid at an interest rate equal to the prime rate of Citibank, N.A. in effect on the date such payment was due plus three percent (3%), compounded daily; provided that, if any portion of an AIG Settlement Payment remains unpaid on the date that is 45 days after the date of notification to the AIG Companies that such AIG Settlement Payment was overdue, AIG shall be required to pay, in addition to accrued interest with respect to such AIG Settlement Payment, a supplemental amount of $5 million in addition to such AIG Settlement Payment (each such payment of the supplemental amount plus accrued interest, an "AIG Supplemental Payment") within three days after notice thereof to the AIG Companies in the manner specified in Section VII.

G. Each AIG Company hereby covenants and agrees that it shall not, prior to the date which is one year and one day after payment of the final AIG Payment, acquiesce, petition or otherwise invoke or cause Pfizer or Quigley to invoke the process of any court or government authority for the purpose of commencing or sustaining a case against the Joint Beneficiaries under any federal or state bankruptcy, insolvency or similar law, appointing a receiver, liquidator, assignee, trustee, custodian, sequestrator or other similar official of the Joint Beneficiaries or any substantial part of its property, making a general assignment for the benefit of creditors, or ordering the winding up or liquidation of the affairs of Pfizer or Quigley. The provisions of this subsection shall survive termination of this Addendum.

H. Each AIG Company hereby covenants and agrees that it shall not, prior to the date which is one year and one day after payment of the final AIG Payment, institute against, or join or assist any other Person in instituting against, the Joint Beneficiaries any suit, litigation or

other proceeding, other than in connection with satisfying its indemnification obligations to the Joint Beneficiaries. The provisions of this subsection shall survive termination of this Addendum.

III. ACCELERATION EVENTS

A. The occurrence of either of the following events shall constitute an acceleration event (an "Acceleration Event"):

1. Any failure to pay in full an AIG Settlement Payment or any interest when it becomes due and payable, and failure to cure any such failure in full within 90 days after notice thereof to the AIG Companies in the manner specified in Section VII; provided that no Acceleration Event shall be deemed to occur to the extent that the failure to pay or to cure was the result of (i) an act of God; (ii) a suspension or material limitation in trading in securities generally on the New York Stock Exchange or on NASDAQ; (iii) a general moratorium on commercial banking activities declared by either Federal or New York State banking authorities; or (iv) the outbreak or escalation of hostilities involving the United States or the declaration by the United States of a national emergency or war.

2. Any failure to pay in full an AIG Supplemental Payment when it becomes due and payable, and failure to cure any such failure in full within 45 days after notice thereof to the AIG Companies in the manner specified in Section VII; provided that no Acceleration Event shall be deemed to occur to the extent that the failure to pay was the

result of (i) an act of God; (ii) a suspension or material limitation in trading in securities generally on the New York Stock Exchange or on NASDAQ; (iii) a general moratorium on commercial banking activities declared by either Federal or New York State banking authorities; or (iv) the outbreak or escalation of hostilities involving the United States or the declaration by the United States of a national emergency or war.

B. If an Acceleration Event occurs and is continuing, then and in every such case, the Joint Beneficiaries may declare the entire outstanding balance of all of the AIG Payments to be immediately due and payable by a notice in writing to the AIG Companies in the manner specified in Section VII, and upon any such declaration such outstanding balance, together with interest accrued thereon and unpaid, shall become immediately due and payable.

C. At any time after the outstanding balance of all of the AIG Payments has been accelerated and before a judgment or decree for payment of the money due has been obtained, the Joint Beneficiaries, by written notice to the AIG Companies in the manner specified in Section VII, may rescind and annul such declaration and its consequences. No such rescission shall affect any subsequent Acceleration Event or impair any right consequent thereon.

D. Each of the AIG Companies agrees that, upon the occurrence of an Acceleration Event and declaration thereof that is not rescinded and annulled in the manner described in the preceding subsection, it shall execute such documents as the Joint Beneficiaries shall require acknowledging such AIG Company's joint and several indebtedness to the Joint Beneficiaries for the outstanding balance of all of the AIG Payments and confessing judgment for such amount in favor of the Joint Beneficiaries.

IV. ASSIGNMENT BY THE JOINT BENEFICIARIES

A. The AIG Companies agree that the Joint Beneficiaries have the absolute and unconditional right, but not the obligation, to assign any or all of the AIG Payments to one or more Permitted Assignees, and that such Permitted Assignee(s) has(ve) the right to collect the AIG Payments. The AIG Companies shall cooperate in assisting the Joint Beneficiaries to effect any such assignment; provided that none of AIG, the AIG Companies and their respective Affiliates shall be required to provide any information relating to the Insurance Policies to any Permitted Assignee (or any of its counsel, agents or representatives), including but not limited to claims data, or otherwise comply with due diligence requests from a Permitted Assignee (or any of its counsel, agents or representatives). Any assignment of the AIG Payments shall be available to the Joint Beneficiaries on the following terms, to which the AIG Companies hereby agree:

1. Assignment. The Joint Beneficiaries shall enter into an assignment agreement assigning to one or more Permitted Assignees all or a portion of their respective right, title and interest in and to the AIG Payments (an "Assignment Agreement").

2. Recourse to the AIG Companies. Immediately upon the assignment to one or more Permitted Assignees of all or a portion of the Joint Beneficiaries' right, title and interest in and to the AIG Payments, all of such assigned right, title and interest in and to the AIG Payments shall be transferred to such Permitted Assignees as if the AIG Payments were owed to such Permitted Assignees. Furthermore, should the AIG Companies in any manner fail to fulfill their joint and

several obligations under Section II, such Permitted Assignees shall have recourse only against the AIG Companies and shall have no recourse against the Joint Beneficiaries.

3. Further Assignment. Any Permitted Assignee shall have the same right as the Joint Beneficiaries to assign freely all or a portion of the AIG Payments assigned to it to another Permitted Assignee.

Notwithstanding anything in this Addendum to the contrary, the Parties acknowledge and agree that an assignment of any right, title and interest in and to the AIG Payments to a Person who is not a Permitted Assignee shall be null and void and of no effect whatsoever.

V. RELEASE, DISMISSAL AND WAIVER

A. Upon payment in full to or for the benefit of the Joint Beneficiaries by the AIG Companies or one or more Permitted Assignees, as applicable, of the AIG Payments:

1. The Joint Beneficiaries shall release the AIG Companies forever from any and all known or unknown, suspected or unsuspected, past, present, existing, potential or future obligations, duties, claims, demands, penalties, costs, fees, attorneys' fees, debts, actions, causes of action, choses in action, administrative actions or proceedings, suits, arbitrations, mediations or other proceedings, offsets, damages, injuries, rights, agreements, requests for relief, sums of money, losses or liabilities of any kind, nature, character or description, whether fixed or unliquidated, whether conditional or contingent, whether in law or equity (a) for insurance coverage with respect to the applicable products/completed operations hazards limits under the Insurance

Policies; and (b) for insurance coverage for Asbestos-Related Claims, Silica-Related Claims, Other Dust Claims and Pharmaceutical Claims under the Insurance Policies.

2. The AIG Companies shall release the Joint Beneficiaries forever from any and all known or unknown, suspected or unsuspected, past, present, existing, potential or future obligations, duties, claims, demands, penalties, costs, fees, attorneys' fees, debts, actions, causes of action, choses in action, administrative actions or proceedings, suits, arbitrations, mediations or other proceedings, offsets, damages, injuries, rights, agreements, requests for relief, sums of money, losses or liabilities of any kind, nature, character or description, whether fixed or unliquidated, whether conditional or contingent, whether in law or equity (a) in connection with the applicable products/completed operations hazards limits under the Insurance Policies; and (b) in connection with Asbestos-Related Claims, Silica-Related Claims, Other Dust Claims and Pharmaceutical Claims under the Insurance Policies.

B. Upon the execution of this Addendum, the Joint Beneficiaries will promptly undertake to dismiss the Insurance Policies from the Shortfall Action with prejudice. The Parties shall bear their own fees and costs incurred in connection with the Shortfall Action and this Addendum.

C. Notwithstanding anything to the contrary in this Section V, the foregoing release provisions of this Section V shall not be construed to apply to any breach by a Party of

any of its obligations under this Addendum or to discharge any rights that any of the Parties has to enforce this Addendum.

VI. FURTHER AGREEMENTS

A. In the event that Pfizer or Quigley becomes the subject of an order for relief under Chapter 11 of the Bankruptcy Code, the Joint Beneficiaries shall:

1. reimburse the AIG Companies for their reasonable legal fees and legal expenses in connection with the defense of any action or proceeding commenced by (a) any third party that seeks to set aside, render unenforceable or otherwise invalidate this Addendum, the Settlement Agreement or the transactions contemplated hereby; or (b) any other insurer of Pfizer or Quigley seeking contribution (or any similar relief, however styled) from an AIG Company with respect to an Asbestos-Related Claim, Silica-Related Claim, Other Dust Claim or Pharmaceutical Claim covered under any of the Insurance Policies; and

2. use their commercially reasonable best efforts to cause any bankruptcy plan adopted under Chapter 11 of the Bankruptcy Code for the benefit of Pfizer and/or Quigley to provide, among other things, for an injunction pursuant to Section 524(g) of the Bankruptcy Code permanently enjoining any Asbestos-Related Claims against the AIG Companies and the Joint Beneficiaries.

VIII. CONFIDENTIALITY

None of this Addendum, the Settlement Agreement or their respective terms shall be disclosed to any person not an officer, director, employee, lawyer, auditor, consultant or agent of Pfizer, Quigley or an AIG Company, except as follows: (1) to any of Pfizer's or Quigley's other insurers, provided such insurers first execute an agreement (a "confidentiality agreement") that requires such insurers to treat and maintain the Addendum, the Settlement Agreement and their respective terms in strict confidence and not to use this Addendum, the Settlement Agreement or their respective terms in any manner adverse to the Parties; (2) by an AIG Company to any of its reinsurers or reinsurance intermediaries; (3) in any proceeding to enforce the terms of this Addendum or the Settlement Agreement; (4) in necessary filings with Federal or State governmental regulatory agencies or stock exchanges (including, without limitation, in connection with disclosure required or requested pursuant to a filing by Pfizer or Quigley

pursuant to Chapter 11 of the Bankruptcy Code); and (5) upon request and after execution of the a confidentiality agreement, to a Party's auditors, bond or credit rating agencies or lenders. A Party otherwise may disclose this Addendum, the Settlement Agreement or their respective terms only if required by court order (which no Party may seek) or if the other Parties consent in writing.

IX. MISCELLANEOUS

A. Except as expressly provided herein, this Addendum does not modify or supersede the Parties' rights and obligations under the Insurance Policies, the Settlement Agreement and any attachments thereto.

B. Each of the Joint Beneficiaries (a) represents and warrants that the AIG Settlement Payments (or, to the extent sold to a Permitted Assignee, the proceeds thereof) shall be used to pay costs associated with Asbestos-Related Claims, Silica-Related Claims, Pharmaceutical Claims or Other Dust Claims and (b) agrees that it will respond to all reasonable requests by the AIG Companies for information concerning claims handling, and that the AIG Companies will be afforded the opportunity to audit at any time, upon reasonable notice, the administrative, defense and settlement activities relating to any Asbestos-Related Claim, Silica-Related Claim, Pharmaceutical Claim, or Other Dust Claim paid pursuant to this Addendum or the transactions contemplated hereby; provided that any failure by Pfizer or Quigley to discharge this obligation, or the results of such a review by the AIG Companies, shall not affect the AIG Companies' joint and several obligations under this Addendum to make the AIG Payments; and provided, further, that the AIG Companies shall not provide any results, files, information or documents obtained by the AIG Companies pursuant to this Section IX.B (the "Materials") to any other Person and shall keep the Materials confidential, except that the AIG Companies may

(i) provide the Materials to any of their auditors, regulators, or reinsurers for the purpose of obtaining reinsurance for any portion of the Settlement Amount and (ii) use the Materials in any proceeding to obtain reinsurance with respect to the Settlement Amount or this Addendum or in connection with their compliance with applicable regulations. The AIG Companies shall exercise their commercially reasonable best efforts to maintain the confidentiality of the Materials, including seeking a confidentiality pledge from any Person with which the AIG Companies share the Materials and seeking a protective order in any proceeding in which they use the Materials.

C. The AIG Companies shall have the sole and unfettered right to determine how and the manner in which the AIG Settlement Payments are allocated to the Insurance Policies.

D. The Parties agree that, notwithstanding anything to the contrary in the Insurance Policies or the Settlement Agreement, Pfizer and/or Quigley shall provide (or, to the extent that agents or other third parties perform claims processing services for Pfizer and/or Quigley, cause such agents or other third parties to provide) any information with respect to Asbestos-Related Claims required to be provided to the AIG Companies under the terms of the Insurance Policies or the Settlement Agreement; provided, however, that any failure of Pfizer and/or Quigley to discharge such obligation shall not affect the AIG Companies' joint and several obligation to make the AIG Payments on the terms set forth in this Addendum.

E. Each Party acknowledges and agrees that the Joint Beneficiaries' rights to the AIG Settlement Payments are joint, not several, and derive from and are coextensive with their joint rights to the proceeds of the Insurance Policies. Each Party agrees that it shall not take any action inconsistent with such acknowledgement and agreement; provided, however, that the Joint Beneficiaries may by mutual agreement apportion between themselves the proceeds of the

Insurance Policies or the AIG Payments and the AIG Companies shall have the sole and unfettered right to determine how and the manner in which the AIG Settlement Payments are allocated to the Insurance Policies.

F. Each of the AIG Companies represents and warrants that the individual executing this Addendum on behalf of the AIG Companies has corporate authority to bind each such AIG Company. Pfizer represents and warrants that the individual executing this Addendum on behalf of Pfizer has corporate authority to bind Pfizer, and Quigley represents and warrants that the individual executing this Addendum on behalf of Quigley has corporate authority to bind Quigley.

G. Should any dispute arise concerning the terms, meaning or implementation of this Addendum or the Settlement Agreement, the Parties shall use their commercially reasonable best efforts to reach a prompt resolution of the dispute. In the event that they are unable to do so, any such dispute shall be determined by binding dispute resolution process under the auspices of the CPR Institute for Dispute Resolution, pursuant to its then-current Rules for Non-Administered Arbitration of Business Disputes (the "Rules"). There will be a sole arbitrator who shall be selected in accordance with the procedures set forth in the Rules, or as otherwise agreed by the Parties, from CPR's then-current National Panel of Distinguished Neutrals. The arbitrator's decision shall be final and binding, and there shall be no right to appeal the arbitrator's ruling to any other tribunal. This dispute resolution process shall be the exclusive means for resolving disputes related to or arising under this Addendum. Any of the Parties may bring an action in any court of competent jurisdiction to enforce any arbitration decision. The non-prevailing Parties shall pay the reasonable arbitration (and, if applicable, judicial enforcement) costs and expenses of the prevailing Parties.

H. This Addendum shall be executed in triplicate originals and shall become effective on the date when three originals have been signed by the Parties. One original Addendum is to be delivered to the AIG Companies, one original Addendum is to be delivered to Pfizer and one original Addendum is to be delivered to Quigley.

WORKING COPY

SETTLEMENT AGREEMENT BETWEEN PFIZER INC., QUIGLEY COMPANY, INC. AND AIU, ET AL.

This Agreement is made and entered into by Pfizer Inc. and Quigley Company, Inc. and their predecessors, successors, assigns, and affiliates (hereinafter collectively and individually referred to as "Pfizer") and by AIU Insurance Company, American Home Assurance Company, Granite State Insurance Company, Insurance Company of the State of Pennsylvania, Landmark Insurance Company, Lexington Insurance Company, L'Union d'Atlantique Reassurances and National Union Fire Insurance Company of Pittsburgh, PA, on behalf of their predecessors, successors, assigns, and affiliates (hereinafter collectively and individually referred to as "AIU, et al.").

RECITALS

WHEREAS, AIU, et al. issued to Pfizer the Insurance Policies, as defined below, which provide coverage to Pfizer; and

WHEREAS, there has been no agreement between Pfizer and AIU, et al. as to their respective rights and obligations concerning the application of the Insurance Policies to Asbestos-Related Bodily Injury Claims, as defined below; and

WHEREAS, the Insurance Policies have become the subject of litigation in the United States District Court for the Eastern District of Pennsylvania captioned Georgine, et al. v. Amchem Products Inc., et al. v. Admiral Insurance Co., et al., Civil Action No. 93-CV-0215 (the "Action"); and

WHEREAS, Pfizer and AIU, et al. wish to define their respective rights and obligations under the Insurance Policies in accordance with the terms of this Agreement and to terminate this litigation between them;

NOW, THEREFORE, in consideration of the mutual covenants contained herein and intending to be legally bound hereby, Pfizer and AIU, et al. agree as follows:

AGREEMENT

Definitions

As used herein, the following terms have the following meanings:

1.0 **"Asbestos-Related Bodily Injury Claims"** means claims or lawsuits for which an insured under the Insurance Policies is alleged to be or may be responsible by judgment, order, or settlement (including but not limited to that certain Agreement Concerning Asbestos-Related Claims dated June 19, 1985 (hereinafter referred to as the "Wellington Agreement"), the Producer Agreement Concerning Center for Claims Resolution dated September 28, 1988, as amended, and the CCR Defendants' Sharing Agreement Concerning That Stipulation of Settlement Between the Class of Claimants and Defendants Represented by the Center For Claims Resolution dated January 15, 1993, as amended), by whomever brought and in whatever procedural posture such claims or lawsuits may arise, seeking monetary relief (whether or not such relief is the only relief sought) for bodily injury, sickness, disease or death, alleged to have been caused in whole or in part by any asbestos or asbestos-containing product(s). Asbestos-Related Bodily

Injury Claims do not include statutory claims for compensation by an employee against his employer (such claims being commonly called "Workers' Compensation claims").

1.1 **"Allocated Expenses"** means all fees and expenses incurred by or on behalf of Pfizer for services performed that are attributable to the defense or disposition of any Asbestos-Related Bodily Injury Claims, exclusive of Liability Payments and Unallocated Expenses.

1.2 **"Effective Date"** means the first date by which all of the parties hereto will have executed this Agreement.

1.3 **"Insurance Policies"** means the general liability insurance policies issued by AIU, et al. to Pfizer that are set forth in Attachment A hereto. Attachment A also sets forth for each Insurance Policy (a) the policy period, (b) any applicable liability limits and (c) the total applicable underlying liability limits (including primary policies and self-insured retentions if any) for each policy period.

1.4 **"Liability Payments"** means the sums paid in settlement of, or in satisfaction of a judgment on, any Asbestos-Related Bodily Injury Claims, exclusive of Allocated Expenses and Unallocated Expenses for such claims and exclusive of any final judgment awarding punitive damages or amounts for conspiracy, concert of action, and/or willful breach of warranty if the law of the state governing the insurability of such damages in the particular case holds that awards for such amounts are not covered by insurance because of public policy or contract

interpretation, provided, that if such holding is by other than the highest court of the state in question, AIU, et al., shall pay 50% of the applicable amount of such award.

1.5 **"Unallocated Expenses"** means the overhead, operating and administrative expenses (other than Allocated Expenses) incurred in administering, defending and disposing of any Asbestos-Related Bodily Injury Claims.

1.6 Where the context so indicates or requires, each defined term stated in the singular includes the plural and each defined term stated in the plural includes the singular.

Scope of Agreement

2.0 This Agreement governs the application of the Insurance Policies to Asbestos-Related Bodily Injury Claims.

2.1 Pfizer, or its designee, has the exclusive authority and discretion to administer, evaluate, settle, pay or defend all Claims governed by this Agreement.

2.2 Pfizer will respond to all reasonable requests by AIU, et al. for information concerning claims handling, and AIU, et al. will be afforded the opportunity to audit at any time, upon reasonable notice, the administrative, defense and settlement activities relating to any Asbestos-Related Bodily Injury Claims paid by AIU, et al. pursuant to this Agreement.

Payment of Claims

3.0 With respect to all Liability Payments and Allocated Expenses incurred on or before September 30, 1994, AIU, et al. shall pay to Pfizer $9.8 million in the following installments:

On or before March 1, 1995	$1,633,333.33
On or before March 1, 1996	$1,633,333.33
On or before March 1, 1997	$1,633,333.33
On or before March 1, 1998	$1,633,333.33
On or before March 1, 1999	$1,633,333.33
On or before March 1, 2000	$1,633,333.33.

3.1 With respect to all Liability Payments and Allocated Expenses incurred on or after October 1, 1994, AIU, et al. will make Liability Payments and pay Allocated Expenses on Asbestos-Related Bodily Injury Claims to the extent that AIU, et al. would have been obligated to do so had AIU, et al. become a signatory to the Wellington Agreement as to Pfizer; provided, that (a) Liability Payments and Allocated Expenses will be allocated to AIU, et al. as if each of Pfizer's Insurers had agreed to make Liability Payments and pay Allocated Expenses under the terms of the Wellington Agreement, and (b) AIU, et al. will have no obligation to pay any amounts pursuant to Section XX of the Wellington Agreement in lieu of an insurer that is not a signatory to the Wellington Agreement. A copy of the Wellington Agreement is attached hereto as Attachment B. All terms and conditions of the Wellington Agreement are incorporated herein by reference to the extent that they are not inconsistent with this Agreement. As to any conflict between the terms of this Agreement and the Wellington Agreement, the terms of this Agreement will

govern. All reference to the "Asbestos Claims Facility" in the Wellington Agreement will be read as "The Center for Claims Resolution or other Pfizer designee." Nothing in this Agreement shall be used to construe that AIU, et al. is a signatory to the Wellington Agreement.

3.2 Liability Payments and Allocated Expenses will be allocated to AIU, et al. under Paragraph 3.1 above on the basis of a "Coverage Block," as defined in § IX, ¶ 1 of the Wellington Agreement, that begins on October 1, 1964, and ends on October 1, 1973; provided that upon exhaustion of the applicable products aggregate limits of all the Insurance Policies written to become effective between those dates Pfizer may, for purposes of allocation to AIU, et al., add Insurance Policies written to become effective after October 1, 1973, to its Coverage Block in accordance with § IX, ¶ 2 of the Wellington Agreement.

3.3 The applicable aggregate limits of the Insurance Policies will be reduced by all Liability Payments paid by AIU, et al. hereunder. The Allocated Expenses paid by AIU, et al. hereunder will be applied to the Insurance Policies in accordance with the Schedule attached as Attachment C to this Agreement. Amounts paid by AIU, et al. on Asbestos-Related Bodily Injury Claims will be allocated among the Insurance Policies pursuant to the Wellington Agreement. If an Insurance Policy is part of a quota-share layer, AIU, et al. is obligated only to pay a proportionate share of the Allocated Expenses and Liability Payments for each Asbestos-Related Bodily Injury Claim, and that share shall bear the same relationship to the total amount of each payment for each such claim that AIU, et

al.'s policy limits bear to the total amount of the quota share layer of which its policy is a part. Those Insurance Policies that are part of quota share layers are marked with an asterisk on Attachment A to this Agreement.

3.4 None of the Insurance Policies require any payment for Liability Payments or Allocated Expenses incurred after the exhaustion of aggregate limits. Upon the exhaustion of any products aggregate limit in any Insurance Policy, Pfizer shall make no further demand for Liability Payments or for Allocated Expenses incurred after the exhaustion of aggregate limits under the coverage subject to such aggregate limit. At that time, Pfizer and AIU, et al. each shall execute a Release concerning that products aggregate limit, substantially in the form of Attachment D to this Agreement.

3.5 AIU, et al. shall have no obligation to pay to or on behalf of Pfizer any Unallocated Expenses under any of the Insurance Policies.

<u>**Timing of Payments**</u>

4.0 All amounts due from AIU, et al. pursuant to this Agreement will be billed by or on behalf of Pfizer in accordance with the procedures then in effect with respect to billing insurers that are signatories to the Wellington Agreement for Liability Payments and Allocated Expenses allocable to Pfizer under the terms of the Wellington Agreement, provided, that AIU, et al. will be billed only for Allocated Expenses and Liability Payments actually incurred by and on behalf of Pfizer or its designees. AIU, et al. will have no obligation hereunder to pay any bills for

Allocated Expense or Liability Payments in advance of the date that such amounts are actually incurred by or on behalf of Pfizer or its designee.

4.1 AIU, et al. will make all payments due under this Agreement to Pfizer or its designee within thirty (30) days of the receipt of such bills. For each day that payment is late, interest will be added to the amount that is overdue at an annual rate equal to the rate paid on the last auction day of the previous month at the auction of short-term -- i.e., thirteen (13) week -- United States government bills as listed on the money rates chart published in the Wall Street Journal. AIU, et al. shall not have the right to assert any defenses to payment other than those listed in Appendix B to the Wellington Agreement. Notwithstanding the pendency of any dispute, AIU, et al. will timely make all payments required under this Agreement; such payments may be made pursuant to a reservation of rights and subject to reallocation upon a final resolution of such dispute.

Dismissal From the Action

5.0 AIU, et al. understands that effectuation of the Stipulation of Settlement between the Class of Claimants and Defendants Represented by the Center for Claims Resolution dated January 15, 1993, as amended, is expressly conditioned upon approval of the court and satisfaction of certain conditions precedent concerning insurance coverage. AIU, et al. has signed the letter attached hereto as Attachment E in satisfaction of these conditions precedent as they relate to the Insurance Policies.

5.1 Upon execution of this Agreement by the parties hereto, Pfizer will dismiss the Insurance Policies from the Action with prejudice.

Waiver of Claims of Other Pfizer Insurers Against AIU, et al.

6.0 Pfizer agrees that if in the future it enters into any settlements with any of its other insurers with respect to coverage for Asbestos-Related Bodily Injury Claims, Pfizer will seek to obtain as part of the settlement agreement a dismissal, release and waiver of any claims such other insurers might have against AIU, et al. on account of Insurance Policies AIU, et al. issued to Pfizer with respect to Asbestos-Related Bodily Injury Claims and also with respect to such other matters as have been resolved by this Agreement between AIU, et al. and Pfizer. Pfizer also agrees to request its insurers who have settled their coverage disputes with Pfizer relating to Asbestos-Related Bodily Injury Claims to dismiss, waive and release AIU, et al. with respect to such matters that have been resolved by this Agreement between AIU, et al. and Pfizer. AIU, et al. agree that they shall dismiss, release and waive any claims based upon insurance policies issued to Pfizer by any other insurer of Pfizer who similarly agrees to dismiss, release and waive any such claims against AIU, et al. with respect to such matters that have been resolved by this Agreement between AIU, et al. and Pfizer.

Confidentiality

7.0 Neither this Agreement nor its terms will be disclosed to any person not an officer, director, employee, lawyer or agent of a party hereto, except that this Agreement and its terms may be disclosed: (a) to any insurer or reinsurer

of any of the parties hereto; (b) in any proceeding to enforce the terms of this Agreement; (c) in filings with government agencies as may be necessary to fulfill filing obligations, and (d) under a pledge of confidentiality to auditors, bond rating agencies, or lenders of the parties hereto if they so request. Other than as stated above, a party hereto may disclose this Agreement to any other person or entity only if the other party consents in writing or the party is required to disclose this Agreement by court order. If a party is required to disclose this Agreement pursuant to a court order, it will notify the other party as soon as possible and provide a copy of the order upon receipt thereof.

Construction, Entire Agreement, Duration

8.0 This Agreement was negotiated between the parties hereto at arm's length, with each party receiving advice from independent legal counsel. It is the intent of the parties that no part of this Agreement be construed against any of the other parties because of the identity of the drafter or the fact that AIU, et al. is an insurance company.

8.1 This Agreement constitutes a single integrated written contract expressing the entire agreement between the parties hereto. This Agreement is separate, independent and stands on its own. This Agreement confers no rights, benefits or obligations upon any entity other than the parties hereto. This Agreement supersedes any prior understandings and agreements among the parties, except the Insurance Policies, with respect to the subject matter herein. There are no representations, agreements, arrangements or understandings among

the parties, oral or written, relating to the subject matter of this Agreement that are not fully expressed herein. Any statements, promises or inducements, whether made by any party or any agents of any party, that are not contained in this written agreement, will not be valid or binding. The failure or invalidation of any provision of this Agreement will not in any way affect the validity of, or performance of any party pursuant to, any other provision of this Agreement. This Agreement will have perpetual existence and may not be enlarged, modified or altered except by a written agreement signed by both of the parties hereto.

Agreement to Meet and Confer

9.0 To the extent any dispute arises with respect to the application, interpretation or performance of this Agreement, Pfizer and AIU, et al. agree to meet and confer for the purpose of attempting to resolve amicably any such disputes. To the extent any disputes cannot be resolved amicably by good-faith negotiation within thirty days from the date of notice of the dispute, Pfizer and AIU, et al. agree that they will attempt to agree upon an alternative dispute resolution mechanism for such disputes before initiating suit; however, nothing contained herein obligates either AIU, et al. or Pfizer to agree to any alternative dispute resolution mechanism. In any dispute that is resolved pursuant to an alternative dispute resolution mechanism or litigation, all costs (including attorney's fees) will be borne by the losing party to the maximum extent allowable by law.

Re: Georgine, et al. v. Amchem Products, Inc., et al. v. Admiral Insurance Company, et al.

Dear Ms. Kronowitz:

On behalf of AIU Insurance Company, American Home Assurance Company, Granite State Insurance Company, Insurance Company of the State of Pennsylvania, Landmark Insurance Company, Lexington Insurance Company, L'Union d'Atlantique Reassurances and National Union Fire Insurance Company of Pittsburgh, PA ("AIU, et al."), we have reviewed a copy of the proposed Stipulation of Settlement Between Class Plaintiffs and the CCR Defendants dated January 15, 1993, with attached Exhibits A through E, as amended ("Stipulation"), which was filed by the Class Plaintiffs in conjunction with the Class Action Complaint against the CCR Defendants in Federal District Court for the Eastern District of Pennsylvania in the above-referenced case. We further understand that effectuation of the Stipulation is expressly conditioned upon approval of the court and satisfaction of certain conditions precedent concerning insurance coverage. This letter is written to satisfy those conditions precedent.

Based upon our review of the Stipulation we have concluded that: (1) The Stipulation is a reasonable compromise and settlement of Pfizer, Inc.'s ("Pfizer") and Quigley Company, Inc.'s ("Quigley") liabilities and legal obligations to the class members; and (2) the allocated share of Pfizer and Quigley pursuant to the Producer Sharing Agreement attached to the Stipulation, of all sums paid pursuant to the terms of the Stipulation is reasonable and Pfizer

Rachel Kronowitz, Attorney at Law
Re: Pfizer
December 19, 1994

Quigley will be legally obligated and liable to pay their allocated shares of all such sums. Accordingly, we agree that agreement to and participation in the Stipulation by Pfizer and Quigley does not breach any express or implied term or condition of the policies issued by AIU, et al., (which are at issue in the above-referenced case) or otherwise provide a valid coverage defense for any obligations or liabilities incurred under the Stipulation by Pfizer and Quigley.

Sincerely,

R. JEFF CARLISLE

Counsel for AIU Insurance Company, American Home Assurance Company, Granite State Insurance Company, Insurance Company of the State of Pennsylvania, Landmark Insurance Company, Lexington Insurance Company, L'Union d'Atlantique Reassurances and National Union Fire Insurance Company of Pittsburgh, PA ("AIU, et al.")

QUIGLEY COMPANY, INC. FIFTH AMENDED AND RESTATED PLAN OF REORGANIZATION UNDER CHAPTER 11 OF THE BANKRUPTCY CODE

AMENDED BYLAWS OF REORGANIZED QUIGLEY

AMENDED AND RESTATED

BY-LAWS

OF

QUIGLEY COMPANY, INC.

ARTICLE I

Offices

Section 1. The registered office of the Corporation shall be in the City of New York, County of New York, State of New York. The Corporation also may have offices at such other places, within or without the State of New York, as the Board of Directors determines from time to time or the business of the Corporation requires.

ARTICLE II

Meetings of Stockholders

Section 1. Place of Meetings. Except as otherwise provided in these By-laws, all meetings of the stockholders shall be held on such dates and at such times and places, within or without the State of New York, as shall be determined by the Board of Directors and as shall be stated in the notice of the meeting or in waivers of notice thereof. If the place of any meeting is not so fixed, it shall be held at the registered office of the Corporation in the State of New York.

Section 2. Annual Meeting. The annual meeting of stockholders for the election of directors and the transaction of such other proper business as may be brought before the

meeting shall be held on such date after the close of the Corporation's fiscal year, and at such time, as the Board of Directors may from time to time determine.

Section 3. Special Meetings. Special meetings of the stockholders, for any purpose or purposes, may be called by the Board of Directors and shall be called by the President or the Secretary upon the written request of a majority of the directors or holders of not less than 50% of the Corporation's outstanding shares entitled to vote at such meeting. The request shall state the date, time, place and purpose or purposes of the proposed meeting.

Section 4. Notice of Meetings. Except as otherwise required or permitted by law, whenever the stockholders are required or permitted to take any action at a meeting, written notice thereof shall be given, stating the place, date and hour of the meeting and, unless it is the annual meeting, by or at whose direction it is being issued. The notice also shall designate the place where the stockholders list is available for examination, unless the list is kept at the place where the meeting is to be held. Notice of a special meeting also shall state the purpose or purposes for which the meeting is called. A copy of the notice of any meeting shall be delivered personally or shall be mailed, not less than 10 and not more than 60 days before the date of the meeting, to each stockholder entitled to vote at the meeting. If mailed, the notice shall be deemed given when deposited in the United States mail, postage prepaid, directed to each stockholder at such stockholder's address as it appears on the records of the Corporation, unless such stockholder shall have filed with the Secretary of the Corporation a written request that such notices be mailed to some other address, in which case it shall be directed to such other address. Notice of any meeting of stockholders need not be given to any stockholder who shall attend the meeting, other than for the express purpose of objecting at the beginning thereof to the transaction of any business because the meeting is not lawfully called or convened, or who shall

submit, either before or after the time stated therein, a signed waiver of notice. Unless the Board of Directors, after an adjournment is taken, shall fix a new record date for an adjourned meeting or unless the adjournment is for more than 30 days, notice of an adjourned meeting need not be given if the place, date and time to which the meeting shall be adjourned are announced at the meeting at which the adjournment is taken.

Section 5. Quorum; Adjournments. Except as otherwise provided by law or by the Certificate of Incorporation of the Corporation, at all meetings of stockholders the holders of a majority of the shares of the Corporation entitled to vote, present in person or represented by proxy, shall constitute a quorum for the transaction of business. If, however, a quorum shall not be present or represented at any meeting of the stockholders, the stockholders entitled to vote thereat, present in person or represented by proxy, shall, by a majority vote of the shares held by such stockholders, have the power to adjourn the meeting from time to time, without notice of the adjourned meeting if the time and place thereof are announced at the meeting at which the adjournment is taken, until a quorum shall be present or represented. Even if a quorum shall be present or represented at any meeting of the stockholders, the stockholders entitled to vote thereat, present in person or represented by proxy, shall, by a majority vote of the shares held by such stockholders, have the power to adjourn the meeting from time to time without notice of the adjourned meeting if the time and place thereof are announced at the meeting at which the adjournment is taken (except as otherwise provided herein), until a date which is not more than 30 days after the date of the original meeting. At any such adjourned meeting, at which a quorum shall be present in person or represented by proxy, any business may be transacted which might have been transacted at the meeting as originally called. If the adjournment is for more than 30 days, or if after the adjournment a new record date is fixed for the adjourned

meeting, notice of the adjourned meeting shall be given to each stockholder of record entitled to vote thereat.

Section 6. Voting. Except as otherwise provided by law or by the Certificate of Incorporation of the Corporation, at any meeting of the stockholders every stockholder of record having the right to vote thereat shall be entitled to one vote for every share of stock standing in his name as of the record date and entitling him to so vote. A stockholder may vote in person or by proxy. Except as otherwise provided by law or by the Certificate of Incorporation, any corporate action to be taken by a vote of the stockholders, other than the election of directors, shall be authorized by the affirmative vote of a majority of the shares present or represented by proxy at the meeting and entitled to vote on the subject matter. Directors shall be elected as provided in Section 2 of Article III of these By-laws. Written ballots shall not be required for voting on any matter unless ordered by the chairman of the meeting.

Section 7. Proxies. Every proxy shall be executed in writing by the stockholder or by his authorized representative, or otherwise as provided in the Business Corporation Law of the State of New York (the "BCL").

Section 8. List of Stockholders. At least 10 days before every meeting of stockholders, a complete list of the stockholders entitled to vote at the meeting, arranged in alphabetical order, and showing their addresses and the number of shares registered in their names as of the record date shall be open to the examination of any stockholder, for any purpose germane to the meeting, during ordinary business hours, for a period of at least 10 days prior to the meeting, either at a place within the city where the meeting is to be held, which place shall be specified in the notice of the meeting, or, if not so specified, at the place where the meeting is to

be held. The list shall also be produced and kept at the time and place of the meeting during the whole time thereof, and may be inspected by any stockholder who is present.

Section 9. Conduct of Meetings. At each meeting of the stockholders, the President or, in his absence, any one of the Vice Presidents, in order of their seniority, shall act as chairman of the meeting. The Secretary or, in his absence, any person appointed by the chairman of the meeting shall act as secretary of the meeting and shall keep the minutes thereof. The order of business at all meetings of the stockholders shall be as determined by the chairman of the meeting.

Section 10. Consent of Stockholders in Lieu of Meeting. Unless otherwise provided in the Certificate of Incorporation of the Corporation, any action required to be taken or which may be taken at any annual or special meeting of stockholders may be taken without a meeting, without prior notice and without a vote, if a consent or consents in writing, setting forth the action so taken, shall be signed, in person or by proxy, by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted in person or by proxy and shall be delivered to the Corporation as required by law. Prompt notice of the taking of the corporate action without a meeting by less than unanimous written consent shall be given to those stockholders who have not consented in writing.

ARTICLE III

Board of Directors

Section 1. Number of Directors. Upon effectiveness of these By-Laws, the Board of Directors shall consist of three directors. The number of Directors may be reduced or

increased from time to time by the Board of Directors or the stockholders. Except as otherwise provided in the Certificate of Incorporation of the Corporation (including any Certificates of Designations in respect of any series of Preferred Stock of the Corporation), the number of directors may be reduced or increased from time to time by action of a majority of the whole Board, provided that no decrease may shorten the term of an incumbent director. When used in these By-laws, the term "whole Board" means the total number of directors which the Corporation would have if there were no vacancies.

Section 2. Election and Term. Except as otherwise provided by law, by the Certificate of Incorporation of the Corporation or by these By-laws, the directors shall be elected at the annual meeting of the stockholders and the persons receiving a plurality of the votes cast shall be so elected. Subject to his earlier death, resignation or removal as provided in Section 3 of this Article III, each director shall hold office until his successor shall have been elected and shall have qualified.

Section 3. Removal. Unless otherwise provided by the Certificate of Incorporation of the Corporation, these By-Laws or any contract or agreement to which the Corporation is a party, a director may be removed at any time, with or without cause, by the holders of a majority of the shares then entitled to vote at an election of directors.

Section 4. Resignations. Any director may resign at any time by giving written notice of his resignation to the Corporation. A resignation shall take effect at the time specified therein or, if the time when it shall become effective shall not be specified therein, immediately upon its receipt, and, unless otherwise specified therein, the acceptance of a resignation shall not be necessary to make it effective.

Section 5. Vacancies. Except as otherwise provided in the Certificate of Incorporation of the Corporation, any vacancy in the Board of Directors arising from an increase in the number of directors or otherwise may be filled by the vote of a majority of the directors then in office, although less than a quorum, or by a sole remaining director.

Section 6. Place of Meetings. Except as otherwise provided in these By-laws, all meetings of the Board of Directors shall be held at such places, within or without the State of New York, as the Board determines from time to time.

Section 7. Annual Meeting. The annual meeting of the Board of Directors shall be held either without notice immediately after the annual meeting of stockholders and in the same place, or as soon as practicable after the annual meeting of stockholders on such date and at such time and place as the Board determines from time to time.

Section 8. Regular Meetings. Regular meetings of the Board of Directors shall be held on such dates and at such times and places as the Board determines from time to time. Notice of regular meetings need not be given, except as otherwise required by law.

Section 9. Special Meetings. Special meetings of the Board of Directors, for any purpose or purposes, may be called by the President and shall be called by the President or the Secretary upon the written request of a majority of the directors. The request shall state the date, time, place and purpose or purposes of the proposed meeting.

Section 10. Notice of Meetings. Notice of each special meeting of the Board (and of each annual meeting which is not held immediately after, and in the same place as, the annual meeting of stockholders) shall be given, not later than 24 hours before the meeting is scheduled to commence, by the President or the Secretary and shall state the place, date and time of the meeting. Notice of each meeting may be delivered to a director by hand or given to a

director orally (either by telephone or in person) or mailed, telegraphed or sent by facsimile transmission to a director at his residence or usual place of business, provided, however, that if notice of less than 72 hours is given it may not be mailed. If mailed, the notice shall be deemed given when deposited in the United States mail, postage prepaid; if telegraphed, the notice shall be deemed given when the contents of the telegram are transmitted to the telegraph service with instructions that the telegram immediately be dispatched; and if sent by facsimile transmission, the notice shall be deemed given when transmitted with transmission confirmed. Notice of any meeting need not be given to any director who shall submit, either before or after the time stated therein, a signed waiver of notice or who shall attend the meeting, other than for the express purpose of objecting at the beginning thereof to the transaction of any business because the meeting is not lawfully called or convened. Notice of an adjourned meeting, including the place, date and time of the new meeting, shall be given to all directors not present at the time of the adjournment, and also to the other directors unless the place, date and time of the new meeting are announced at the meeting at the time at which the adjournment is taken.

Section 11. Quorum. Except as otherwise provided by law or in these By-laws, at all meetings of the Board of Directors a majority of the whole Board shall constitute a quorum for the transaction of business, and the vote of a majority of the directors present at a meeting at which a quorum is present shall be the act of the Board. A majority of the directors present, whether or not a quorum is present, may adjourn any meeting to another place, date and time.

Section 12. Conduct of Meetings. At each meeting of the Board of Directors, the President or, in his absence, a director chosen by a majority of the directors present shall act as chairman of the meeting. The Secretary or, in his absence, any person appointed by the chairman of the meeting shall act as secretary of the meeting and keep the minutes thereof. The

order of business at all meetings of the Board shall be as determined by the chairman of the meeting.

Section 13. Committees of the Board. The Board of Directors, by resolution adopted by a majority of the whole Board, may designate an executive committee and other committees, each consisting of one or more directors. Each committee (including the members thereof) shall serve at the pleasure of the Board of Directors and shall keep minutes of its meetings and report the same to the Board. The Board of Directors may designate one or more directors as alternate members of any committee, who may replace any absent or disqualified member or members at any meeting of the committee. In addition, in the absence or disqualification of a member of a committee, if no alternate member has been designated by the Board of Directors, the member or members present at any meeting and not disqualified from voting, whether or not they constitute a quorum, may unanimously appoint another member of the Board of Directors to act at the meeting in the place of the absent or disqualified member. Except as limited by law, each committee, to the extent provided in the resolution of the Board of Directors establishing it, shall have and may exercise all the powers and authority of the Board in the management of the business and affairs of the Corporation.

Section 14. Operation of Committees. A majority of all the members of a committee shall constitute a quorum for the transaction of business, and the vote of a majority of all the members of a committee present at a meeting at which a quorum is present shall be the act of the committee. Each committee shall adopt whatever other rules of procedure it determines for the conduct of its activities.

Section 15. Consent to Action. Any action required or permitted to be taken at any meeting of the Board of Directors or of any committee thereof may be taken without a

meeting if all members of the Board or committee, as the case may be, consent thereto in writing, and the writing or writings are filed with the minutes of proceedings of the Board or committee.

Section 16. Attendance Other Than in Person. Members of the Board of Directors or any committee thereof may participate in a meeting of the Board or committee, as the case may be, by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other, and such participation shall constitute presence in person at the meeting.

ARTICLE IV

Officers

Section 1. Executive and Other Officers. The Board of Directors may elect or appoint a Chairman, a President, a Secretary, and a Treasurer. The Board of Directors also may elect or appoint one or more Vice Presidents (any of whom may be designated as Executive Vice Presidents or otherwise), and any other officers it deems necessary or desirable for the conduct of the business of the Corporation, each of whom shall have such powers and duties as the Board determines. Any officer may devote less than all of his working time to his activities as such if the Board so approves.

Section 2. Duties.

(a) The Chairman. The Chairman shall have such powers and shall perform such duties as shall from time to time be designated by the Board.

(b) The President. The President shall be the chief executive officer and chief operating officer of the Corporation, and shall preside at all meetings of the stockholders and of the Board of Directors. The President shall have general management of the

business and affairs of the Corporation, subject to the control of the Board of Directors, and he shall have such other powers and duties as the Board assigns to him.

(c) The Vice President. The Vice President or, if there shall be more than one, the Vice Presidents, if any, in the order of their seniority or in any other order determined by the Board of Directors, shall perform, in the absence or disability of the President, the duties and exercise the powers of the President, and shall have such other powers and duties as the Board or the President assigns to him or them.

(d) The Secretary. Except as otherwise provided in these By-laws or as directed by the Board of Directors, the Secretary shall attend all meetings of the stockholders and the Board; he shall record the minutes of all proceedings in books to be kept for that purpose; he shall give notice of all meetings of the stockholders and special meetings of the Board; and he shall keep in safe custody the seal of the Corporation and, when authorized by the Board, he shall affix the same to any corporate instrument. The Secretary shall have such other powers and duties as the Board or the President assigns to him.

(e) The Treasurer. Subject to the control of the Board, the Treasurer shall have the care and custody of the corporate funds and the books relating thereto; and he shall perform all other duties incident to the office of Treasurer. The Treasurer shall have such other powers and duties as the Board or the President assigns to him.

Section 3. Term; Removal. Subject to his earlier death, resignation or removal, each officer shall hold his office until his successor shall have been elected or appointed and shall have qualified, or until his earlier death, resignation or removal. Any officer may be removed at any time, with or without cause, by the Board of Directors.

Section 4. Resignations. Any officer may resign at any time by giving written notice of his resignation to the Corporation. A resignation shall take effect at the time specified therein or, if the time when it shall become effective shall not be specified therein, immediately upon its receipt, and, unless otherwise specified therein, the acceptance of a resignation shall not be necessary to make it effective.

Section 5. Vacancies. If an office becomes vacant for any reason, the Board of Directors or the stockholders may fill the vacancy, and each officer so elected or appointed shall serve for the remainder of his predecessor's term and until his successor shall have been elected or appointed and shall have qualified.

ARTICLE V

Provisions Relating to Stock

Certificates and Stockholders

Section 1. Form, Signatures.

(a) To the extent the Corporation issues any certificates representing some or all classes or series of its stock, each such certificate shall be in a form approved by the Board of Directors and shall be signed by or in the name of the Corporation by the Chairman of the Board, if any, or the President or any Vice-President, and the Treasurer or any Assistant Treasurer or the Secretary or any Assistant Secretary of the Corporation, exhibiting the number and class (and series, if any) of shares owned by such stockholder. Such signatures may be facsimiles. In case any officer who has signed, or whose facsimile signature was placed on, a certificate shall have ceased to be such officer before such certificate is issued, it may

nevertheless be issued by the Corporation with the same effect as if he or she were such officer at the date of its issue.

(b) All requested stock certificates that represent shares of capital stock that are subject to restrictions on transfer or to other restrictions shall have conspicuously noted thereon such notation to such effect as may be required by law or determined by the Board of Directors.

Section 2. Registration of Transfer. Except as provided in the Certificate of Incorporation or any contract or agreement to which the Corporation is a party, upon surrender to the Corporation or any transfer agent of the Corporation of a certificate for shares, if such a certificate was issued, duly endorsed or accompanied by proper evidence of succession, assignment or authority to transfer, it shall be the duty of the Corporation or its transfer agent to issue, upon request, a new certificate to the person entitled thereto, to cancel the old certificate (if any) and to record the transaction upon its books.

Section 3. Registered Stockholders.

(a) Except as otherwise provided by law, the Corporation shall be entitled to recognize the exclusive right of a person that is registered on its books as the owner of shares of its capital stock to receive dividends or other distributions, to vote as such owner, and to hold liable for calls and assessments any person that is registered on its books as the owner of shares of its capital stock. The Corporation shall not be bound to recognize any equitable or legal claim to or interest in such shares on the part of any other person.

(b) If a stockholder desires that notices and dividends shall be sent to a name or address other than the name or address appearing on the stock ledger maintained by the

Corporation, such stockholder shall have the duty to notify the Corporation of such desire. Such notice shall specify the alternate name or address to be used.

Section 4. Record Date.

(a) In order that the Corporation may determine the stockholders entitled to notice of or to vote at any meeting of stockholders or any adjournment thereof, the Board of Directors may fix a record date, which record date shall not (i) precede the date upon which the resolution fixing the record date is adopted by the Board of Directors, and (ii) be more than 60 nor less than 10 days before the date of such meeting. If no record date is fixed by the Board of Directors, the record date for determining stockholders entitled to notice of or to vote at a meeting of stockholders shall be at the close of business on the day next preceding the day on which notice is given, or, if notice is waived, at the close of business on the day next preceding the day on which the meeting is held. A determination of stockholders of record entitled to notice of or to vote at a meeting of stockholders shall apply to any adjournment of the meeting taken pursuant to Section 5 of Article II; provided, however, that the Board of Directors may fix a new record date for the adjourned meeting.

(b) In order that the Corporation may determine the stockholders entitled to consent to corporate action in writing without a meeting, the Board of Directors may fix a record date, which record date shall not (i) precede the date upon which the resolution fixing the record date is adopted by the Board of Directors and (ii) be more than 10 days after the date upon which the resolution fixing the record date is adopted by the Board of Directors. If no record date has been fixed by the Board of Directors, the record date for determining stockholders entitled to consent to corporate action in writing without a meeting, when no prior action by the Board of Directors is required by applicable law, shall be the first date on which a

signed written consent setting forth the action taken or proposed to be taken is delivered to the Corporation by delivery to its registered office, its principal place of business or an officer or agent of the Corporation having custody of the book in which proceedings of meetings of stockholders are recorded. Delivery made to the Corporation's registered office shall be by hand or by certified or registered mail, return receipt requested. If no record date has been fixed by the Board of Directors and prior action by the Board of Directors is required by applicable law, the record date for determining stockholders entitled to consent to corporate action in writing without a meeting shall be at the close of business on the day on which the Board of Directors adopts the resolution taking such prior action.

(c) In order that the Corporation may determine the stockholders entitled to receive payment of any dividend or other distribution or allotment of any rights or the stockholders entitled to exercise any rights in respect of any change, conversion, or exchange of stock, or for the purpose of any other lawful action, the Board of Directors may fix a record date, which record date shall not be more than 60 days prior to such action. If no record date is fixed, the record date for any such purpose shall be at the close of business on the day on which the Board of Directors adopts the resolution relating thereto.

Section 5. Lost, Stolen or Destroyed Certificates. The Board of Directors may direct, upon request, a new certificate to be issued in place of any certificate theretofore issued by the Corporation, alleged to have been lost, stolen or destroyed. When authorizing such issuance of a new certificate, the Board of Directors may, in its discretion and as a condition precedent to the issuance thereof, require the owner of such lost, stolen or destroyed certificate, or its legal representative, to give the Corporation a bond in such sum, or other security in such

form, as it may direct as indemnity against any claim that may be made against the Corporation with respect to the certificate claimed to have been lost, stolen or destroyed.

ARTICLE VI

Indemnification

Section 1. Indemnification. Unless otherwise determined by the Board of Directors, the Corporation shall, to the fullest extent permitted by the BCL (including, without limitation, Sections 722 and 723 thereof) or other provisions of the laws of New York relating to indemnification of directors, officers, employees and agents, as the same may be amended and supplemented from time to time, indemnify any and all such persons whom it shall have power to indemnify under the BCL or such other provisions of law.

Section 2. Statutory Indemnification. Without limiting the generality of Section 1 of this Article VI, to the fullest extent permitted, and subject to the conditions imposed, by law, and pursuant to the BCL unless otherwise determined by the Board of Directors:

(i) the Corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding whether civil, criminal, administrative or investigative (other than an action by or in the right of the Corporation) by reason of the fact that such person is or was a director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if such person acted in good faith and in a manner he reasonably believed to be in or

not opposed to the best interests of the Corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful; and

(ii) the Corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the Corporation to procure a judgment in its favor by reason of the fact that such person is or was a director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by him in connection with the defense or settlement of such action or suit if such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Corporation, except as otherwise provided by law.

Without limiting the generality of Section 1 or Section 2 of this Article VI, to the fullest extent permitted by law, indemnification may be granted, and expenses may be advanced, to the persons described in Section 722 of the BCL or other provisions of the laws of New York relating to indemnification and advancement of expenses, as from time to time may be in effect, by (i) a resolution of stockholders, (ii) a resolution of the Board of Directors, or (iii) an agreement providing for such indemnification and advancement of expenses, provided that no indemnification may be made to or on behalf of any person if a judgment or other final adjudication adverse to the person establishes that such person's acts were committed in bad faith or were the result of active and deliberate dishonesty and were material to the cause of action so adjudicated, or that such person personally gained in fact a financial profit or other advantage to which such person was not legally entitled.

Section 4. General. It is the intent of this Article VI to require the Corporation, unless otherwise determined by the Board of Directors, to indemnify the persons referred to herein for judgments, fines, penalties, amounts paid in settlement and expenses (including attorneys' fees), and to advance expenses to such persons, in each and every circumstance in which such indemnification and such advancement of expenses could lawfully be permitted by express provision of by-laws, and the indemnification and expense advancement provided by this Article VI shall not be limited by the absence of an express recital of such circumstances. NOW, THEREFORE, in consideration of the foregoing promises and the mutual covenants and agreements of the Parties contained herein and for other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the Parties hereby agree as follows:

1. Pfizer's Insurance Relinquishment.

QUIGLEY COMPANY, INC. FIFTH AMENDED AND RESTATED PLAN OF REORGANIZATION UNDER CHAPTER 11 OF THE BANKRUPTCY CODE

ASBESTOS RECORDS COOPERATION AGREEMENT

ASBESTOS RECORDS COOPERATION AGREEMENT

In connection with the Quigley Company, Inc. Fifth Amended and Restated Plan of Reorganization under Chapter 11 of the Bankruptcy Code, dated June 29, 2012 (as modified August 29, 2012), as the same may have been further amended from time to time and as confirmed by order of the United States Bankruptcy Court for the Southern District of New York (the "**Plan**"), this agreement (the "**Cooperation Agreement**") is made, effective as of the Effective Date of the Plan, by and among the Asbestos PI Trust (the "**Asbestos PI Trust**"), Quigley Company, Inc., as reorganized ("**Reorganized Quigley**"), and Pfizer Inc ("**Pfizer**"), with respect to, among other things, the Asbestos PI Trust's access to certain documents and information as described below. All capitalized terms not defined herein shall be defined as set forth in the Plan.[1] The parties hereto agree as follows:

1. Reorganized Quigley, with the cooperation as reasonably necessary of Pfizer, shall provide, cause to be provided, or provide access (as indicated below) to the Asbestos PI Trust copies of the following Documents, provided and to the extent that such Documents relate to Quigley or a product made, used or sold by Quigley, exist on the Effective Date, and are retrievable and/or deliverable using commercially reasonable efforts and at reasonable expense (collectively, the "**Asbestos Records**"):

(a) a copy of the database maintained by the Claims Handling Unit with regard to Asbestos PI Claims (the "Claims Database").

(b) a copy of the sales records of Quigley Company, Inc. relating to the sales of products giving rise to Asbestos PI Claims.

(c) copies of insurance policies and agreements relating to the Quigley Transferred Insurance Rights.

(d) access to the following Documents, excluding duplicates, relating to pre-petition Asbestos PI Claims:

(i) complaints and pleadings;

---

[1] The term "Document" shall refer to all documents, data, information, compilations, correspondence, materials, records and writings of any type or description, however created, reproduced or retrieved, and in every form, including, without limitation, databases, computer/electronic files, drafts and partially completed documents maintained by, or in the possession or control of, Reorganized Quigley or, as applicable, Pfizer as of the Effective Date.

(ii) discovery responses of Quigley Company, Inc. or, solely to the extent related to Asbestos PI Claims, Pfizer;

(iii) deposition and court transcripts;

(iv) affidavits filed in connection with Asbestos PI Claims;

(v) dismissal orders and releases;

(vi) ballots filed in the Quigley Company, Inc. bankruptcy case by or on behalf of holders of Asbestos PI Claims;

(vii) settlement agreements and releases;

(viii) Information regarding any workers' compensation claims filed by employees of Quigley Company, Inc. related to asbestos exposure; and

(ix) To the extent any Asbestos PI Claims may not be reflected on the Claims Database, Documents, if any, sufficient to establish whether such claims are pending or have been dismissed or released.

(e) To the extent reasonably necessary, Reorganized Quigley or, as applicable, Pfizer will use commercially reasonable efforts to cooperate with the Asbestos PI Trust during the term of this Cooperation Agreement to facilitate retrieval and delivery of, or access to, Asbestos Records not initially provided pursuant to this Cooperation Agreement. In addition, to the extent necessary to resolve any difficulties in accessing the information contained in the Claims Database (or other database, if any) that is provided under the terms of this Cooperation Agreement, Reorganized Quigley or, as applicable, Pfizer will use its commercially reasonable efforts to cooperate with the Asbestos PI Trust to facilitate access by the Asbestos PI Trust to (i) persons knowledgeable about the operation and management of the Claims Database (or other database, if any) and (ii) the physical records from which the Claims Database (or other database, if any) was created.

(f) As requested by the Asbestos PI Trust, Reorganized Quigley or, as applicable, Pfizer will use its commercially reasonable efforts to assist the Asbestos PI Trust in obtaining from the CCR copies of releases or asbestos personal injury claim files relating to Asbestos PI Claims, to the extent such records are available at the CCR and have not already been provided or made available to the Asbestos PI Trust. Any costs or fees imposed by the CCR shall be the

responsibility of the Asbestos PI Trust. Pfizer shall be given reasonable opportunity to review any such documents prior to such transfer.

(g) With respect to all Asbestos Records kept in paper form, "access" means that those Asbestos Records provided hereunder by Reorganized Quigley or, as applicable, Pfizer will be produced or made available to the Asbestos PI Trust in the manner as they are kept in the usual course of business at a date and time, or dates and times, reasonably agreeable to the parties. Any Asbestos Records to be provided to the Asbestos PI Trust that are kept in electronic form shall be provided to the Asbestos PI Trust by compact disc, DVD or other electronic media. Any Asbestos Records to be provided to the Asbestos PI Trust that are kept in microfiche form shall be provided to the Asbestos PI Trust on microfiche or other media as agreed upon. At its option and expense, the Asbestos PI Trust may employ an outside contractor to photocopy, electronically reproduce or otherwise reproduce any of the Asbestos Records, at a mutually convenient time and place. When providing Asbestos Records or access thereto, Reorganized Quigley or, as applicable, Pfizer shall also provide the Asbestos PI Trust any available electronic or paper index that identifies or describes the contents of any relevant files, boxes, discs and databases that are provided or to be provided under this Cooperation Agreement. To the extent any Asbestos Records in electronic form are stored in a format with full text or other searchable capabilities, and to the extent consistent with any license and law, Reorganized Quigley or, as applicable, Pfizer, shall provide all available search engines, software and programs to fully enable all potential search functions, and shall provide descriptions of the data tables and fields used in the database; provided, however, that neither Pfizer nor Reorganized Quigley is obligated to procure any software not in their possession or to pay for any license to permit the Asbestos PI Trust to access any information.

2. Reorganized Quigley and Pfizer each hereby authorizes the Future Demand Holders' Representative and his agents and professionals to provide to the Asbestos PI Trust all data and any other information concerning Asbestos PI Claims or insurance coverage or settlements that were provided by Pfizer or Quigley Company, Inc., directly or indirectly, to the Future Demand Holders' Representative or his agents or professionals on or prior to the Effective Date, notwithstanding any agreement or stipulation entered into prior to the Effective Date to the contrary.

3. Reorganized Quigley and Pfizer each hereby authorizes the Official Committee of Unsecured Creditors and its agents and professionals to provide to the Asbestos PI Trust all data and any other information concerning Asbestos PI Claims or insurance coverage or settlements that were provided by Quigley Company, Inc., directly or indirectly, to the Official Committee of

Unsecured Creditors or its agents or professionals on or prior to the Effective Date, notwithstanding any agreement or stipulation entered into prior to the Effective Date to the contrary.

4. To the extent that providing information as contemplated by this Cooperation Agreement would involve the property or other rights of third parties unaffiliated with Reorganized Quigley (exclusive of Pfizer Inc.), Reorganized Quigley shall take reasonable and appropriate action to facilitate the provision of such information by such unaffiliated third parties in compliance with the requirements of this Cooperation Agreement.

5. Reorganized Quigley or, as applicable, Pfizer shall use commercially reasonable efforts to provide the requested Asbestos Records, or access to those Asbestos Records, within its possession to the Asbestos PI Trust. The parties recognize that, given the historical nature of the documents concerning Quigley's asbestos products and Quigley's complicated claims-handling history, Pfizer's identification of all responsive Asbestos Records is likely to be completed over time, on a rolling basis. With that understanding, Pfizer will use its commercially reasonable efforts to provide a substantial production no later than sixty (60) days from the date it receives a written request from the Asbestos PI Trust. At the request of the Asbestos PI Trust no more frequently than monthly, Pfizer shall provide the Asbestos PI Trust with an update of Pfizer's efforts and the projected timing of any additional production. The Asbestos PI Trust may retain copies of all the Asbestos Records that it has caused to be reproduced at its expense or which have been provided to it in accordance with this Cooperation Agreement, subject to the confidentiality and privilege obligations set forth in Paragraph 12, below.

6. Pfizer's reasonable costs and expenses of providing access to those Asbestos Records in its possession shall be borne by Pfizer. The cost of copying and searching the Asbestos Records shall be borne by the Asbestos PI Trust. Any third-party costs incurred to make the Asbestos Records available to the Asbestos PI Trust shall be borne by the Asbestos PI Trust.

7. Nothing in this Cooperation Agreement shall require Reorganized Quigley, Pfizer or any third party to create any new Documents or to compile or organize any data contained in existing Documents into any new Documents.

8. The Asbestos PI Trust shall use the Asbestos Records solely for the purposes of processing, evaluating, defending, and resolving Asbestos Claims submitted to the Asbestos PI Trust, and for resolving any insurance rights, claims or disputes relating thereto. The Asbestos

PI Trust shall preserve all privileges and confidences in any Asbestos Records as set forth in Paragraph 12, below.

9. Neither Reorganized Quigley nor Pfizer shall have any duty to confirm or verify the accuracy of any information contained in the Asbestos Records and neither makes any representations or warranties, express or implied, as to the accuracy of such information.

10. Reorganized Quigley or, as applicable, Pfizer shall take commercially reasonable steps to preserve the Asbestos Records that existed as of September 1, 2012 at all times prior to the termination of this Cooperation Agreement. Reorganized Quigley and Pfizer shall continue to be responsible for paying the storage fees or similar costs with respect to any Asbestos Records in their possession until they are transferred to the Asbestos PI Trust. Reorganized Quigley or, as applicable, Pfizer shall not dispose of or destroy the Asbestos Records until the tenth (10^{th}) anniversary of the Effective Date of the Plan, without providing at least one hundred and eighty (180) days' advance written notice to the Asbestos PI Trust, within which 180-day period the Asbestos PI Trust shall be entitled to take possession of the Asbestos Records at its own expense; but the earliest date on which Reorganized Quigley or Pfizer may deliver such notice to the Asbestos PI Trust is the second (2^{nd}) anniversary of the Effective Date.

11. This Cooperation Agreement shall expire on the tenth (10th) anniversary of the Effective Date; provided, however, that the existence of this Cooperation Agreement shall not serve to bar Reorganized Quigley from liquidating, winding up, or dissolving prior to the tenth (10th) anniversary of the Effective Date if its board of directors and/or management, in an exercise of its or their fiduciary duties, determines it appropriate that Reorganized Quigley do so; provided that prior to such event, Reorganized Quigley follows the procedures set forth in paragraph 10 hereof. Up to one hundred and twenty (120) days before it is set to expire, this Cooperation Agreement can be renewed by mutual consent.

12. Any privilege or immunity from disclosure in any Asbestos Record belonging to Quigley Company, Inc. as of the Petition Date shall belong to Reorganized Quigley and the Asbestos PI Trust as of the Effective Date. Any privilege or immunity from disclosure in any Asbestos Record belonging jointly to Quigley Company, Inc. and Pfizer as of the Petition Date (whether due to their joint representation, a joint defense agreement or the application of the common interest doctrine) shall belong jointly to Reorganized Quigley, Pfizer and the Asbestos PI Trust as of the Effective Date. This Cooperation Agreement, however, does not obligate Pfizer to produce or provide access to any information (a) that is privileged and/or confidential as to Pfizer but not as to Quigley Company, Inc. and (b) as to which there is no common interest

between Pfizer, on the one hand, and Quigley and the Asbestos PI Trust, on the other hand. Reorganized Quigley and Pfizer do not waive confidentiality or any privilege or immunity from disclosure, including but not limited to the attorney-client privilege or work-product doctrine, that may protect any Asbestos Record, and nothing in or done pursuant to this Cooperation Agreement shall constitute or be construed as a waiver of confidentiality or any privilege or immunity from disclosure. In the event Documents are produced hereunder (a) that are privileged as to Pfizer but not as to Quigley and/or the Asbestos PI Trust, and (b) as to which there is no common interest between Pfizer, on the one hand, and Quigley and the Asbestos PI Trust, on the other hand, such production shall be deemed inadvertent and shall not affect the privileged nature or confidentiality of such Document; such Documents shall be returned to Pfizer promptly, and Reorganized Quigley and the Asbestos PI Trust shall not retain copies of such Documents or any information contained therein. The Asbestos PI Trust, Reorganized Quigley and Pfizer each agree to use its best efforts to preserve all confidences, privileges and other immunities from disclosure that exist in the Asbestos Records as of the Effective Date.

In the event Pfizer withholds any Asbestos Records from production on the basis of privilege or other immunity from disclosure, Pfizer will provide the Asbestos PI Trust with a privilege list generally describing by category any such withheld Asbestos Records. At the Asbestos PI Trust's request, Pfizer and the Asbestos PI Trust shall meet and confer in good faith concerning any dispute as to whether an Asbestos Record withheld by Pfizer is subject to privilege or other immunity from disclosure. In the event the parties do not reach agreement, any disputes as to whether an Asbestos Record withheld by Pfizer is subject to a privilege or other immunity from disclosure may be raised exclusively in the Bankruptcy Court. Pfizer shall have the right to seek in camera review by the Bankruptcy Court of any withheld documents.

13. Reorganized Quigley, Pfizer and the Asbestos PI Trust agree to cooperate reasonably and share information as necessary and appropriate to facilitate insurance billing by any of the parties hereto, or the resolution of any insurance-related dispute, subject to each party's reasonable concerns about privilege and confidentiality.

14. The Asbestos PI Trust may request in writing that Reorganized Quigley or, as may be necessary, Pfizer identify the person or persons most knowledgeable about specified categories of Asbestos Records, including any knowledge pertinent to authenticating and proving the chain of custody of Documents in any proceeding. Reorganized Quigley or, as applicable, Pfizer shall respond to such request within ninety (90) days from its receipt and shall use its commercially reasonable efforts to identify the person or persons most knowledgeable about the topic of the request. To the extent a person so identified is a current employee of Reorganized Quigley or

Pfizer, the company shall take commercially reasonable steps to make such current employee available to the Asbestos PI Trust, and the Asbestos PI Trust shall reimburse Reorganized Quigley or Pfizer, as applicable, for lost time and reasonable expenses incurred in making such employee available. Reorganized Quigley shall provide the most current contact information it has for its former officers, employees, and third parties that may have information relevant to the Asbestos PI Claims or insurance coverage therefor. Reorganized Quigley will not take any action to dissuade any current or former officer or employee from cooperating with the Asbestos PI Trust, but in no event shall the refusal of any such current or former officer or employee to cooperate with the Asbestos PI Trust constitute or be deemed to be a breach of Reorganized Quigley's or, as applicable, Pfizer's obligations under this Cooperation Agreement. Pfizer shall have the right to participate in the interview of any such witness and to object to and instruct the individual not to answer any questions that call for the disclosure of Pfizer's confidential or privileged information.

15. This Cooperation Agreement shall be construed in accordance with the laws of the State of New York, without regard to any New York conflict of law principles that would result in the application of laws of any other jurisdiction.

16. This Cooperation Agreement states the entire agreement between the Asbestos PI Trust, Reorganized Quigley and Pfizer with respect to the subject matter hereof, and supersedes all prior representations and agreements between or among the parties as to such subject matter, other than any provisions of the Plan, the Plan Documents (as defined in the Plan) or the order confirming the Plan. Any modification, waiver, or amendment of any provision of this Cooperation Agreement must be in writing and executed by the parties hereto, and no waiver of any term or breach of this Cooperation Agreement shall be deemed a waiver of such term for the future or any subsequent or other breach hereof.

17. This Cooperation Agreement shall be binding upon the parties hereto and each of their respective successors and assigns.

18. This Cooperation Agreement may be executed in counterparts, each of which shall constitute an original but all of which together shall constitute one and the same agreement.

19. Notices to the Asbestos PI Trust shall be sent by overnight mail or certified mail, return receipt requested, addressed to:

(This Joint Disclosure Statement has not been approved by the Bankruptcy Court for dissemination)

TABLE OF CONTENTS

SUMMARY DISCLOSURE STATEMENT AS OF SEPTEMBER 28, 2005 SUBMITTED IN ACCORDANCE WITH SECTION 1125 OF THE BANKRUPTCY CODE WITH RESPECT TO THE JOINT PLAN OF REORGANIZATION AS OF SEPTEMBER 28, 2005 PROPOSED BY THE PLAN PROPONENTS

I.

NOTICE TO HOLDERS OF CLAIMS AND EQUITY INTERESTS

We -- the Debtors, the Asbestos Claimants' Committee (the "ACC"), Eric Green in his capacity as the Future Asbestos-Related Claimants' Representative (the "FCR"), and McDermott Incorporated ("MI," and collectively with the Debtors, the ACC, and the FCR, the "Plan Proponents") -- have filed the Joint Plan of Reorganization as of September 28, 2005 (the "Plan," a copy of which is attached hereto as Exhibit "A") with the United States Bankruptcy Court for the Eastern District of Louisiana (the "Bankruptcy Court"). [1]

In accordance with Section 1125 of the Bankruptcy Code, we submit this Summary Disclosure Statement (this "Disclosure Statement"), which contains a summary of the Plan, to creditors of the Debtors in connection with the solicitation of acceptances of the Plan. Section 1125(b) of the Bankruptcy Code prohibits solicitation of an acceptance or rejection of a plan of reorganization unless a copy of such plan of reorganization or a summary thereof is accompanied or preceded by a copy of a disclosure statement approved by the applicable Bankruptcy Court.

On October ___, 2005, after notice and a hearing, the Bankruptcy Court approved this Disclosure Statement as containing information of a kind and in sufficient detail adequate to enable hypothetical, reasonable investors typical of the creditors, whose votes are being solicited, to make an informed judgment as to whether to accept or reject the Plan. HOWEVER, APPROVAL OF THIS DISCLOSURE STATEMENT DOES NOT CONSTITUTE (1) A DETERMINATION OF THE COURT AS TO

THE FAIRNESS OR THE MERITS OF THE PLAN, (2) AN ENDORSEMENT BY THE COURT OF THE PLAN, OR (3) A GUARANTEE OF THE ACCURACY AND COMPLETENESS OF THE INFORMATION CONTAINED HEREIN.

The purpose of this Disclosure Statement is to enable you, as the holder of a Claim against the Debtors, to make an informed decision with respect to whether you wish to vote for acceptance or rejection of the Plan. While we believe that this Disclosure Statement provides adequate information with respect to the Plan, it is a summary and does not set forth the entire text of the Plan. In the event that any inconsistency or conflict exists between this Disclosure Statement and the Plan, the terms of the Plan will control. You are urged to review fully the provisions of the Plan and all other exhibits attached thereto, in addition to this Disclosure Statement, before casting your Ballot. This Disclosure Statement is not intended to replace careful review and analysis of the Plan. Rather, it is submitted to aid your review of the Plan and to explain the terms and implications of the Plan. To the extent any questions arise, you should seek legal advice from your own attorney before casting your Ballot.

You may also wish to review the Third Amended Joint Disclosure Statement as of June 25, 2003 ("Third Amended Disclosure Statement") for an historical description of the Debtors' businesses, the history of the Debtors' Chapter 11 proceedings, and a more detailed discussion of other information. The Third Amended Disclosure Statement was approved by the Bankruptcy Court on July 7, 2003 and is incorporated by reference herein. If you do not have a copy of the Third Amended Disclosure Statement, you may obtain a copy of it at www._____.com or request a copy by contacting the Voting Agent at 1-800-220-4453 or at the following address: The Babcock & Wilcox Balloting Agent, P.O. Box 1664, Faribault, MN 55021-1664.

A. Reliance on Information in the Disclosure Statement.

Except as hereafter noted, the information contained in this Disclosure Statement is generally intended to describe facts and circumstances only as of September 28, 2005. Neither the delivery of this Disclosure Statement nor the confirmation of the Plan will create any implication, under any circumstances, that the information contained in this Disclosure Statement or the Plan is correct at any time after September 28, 2005 or that we will be under any obligation to update such information in the future.

No person has been authorized to utilize any information concerning the Debtors or their businesses other than the information contained or incorporated by reference in this Disclosure Statement or in other information approved for dissemination to holders of Claims or Equity Interests by the Bankruptcy Court. You should not rely on any information relating to the Debtors and their businesses, other than that contained or incorporated by reference in this Disclosure Statement, the Third Amended Disclosure Statement, the Plan, and the exhibits attached thereto, except as otherwise approved by the Bankruptcy Court. To the extent information in this Disclosure Statement relates to the Debtors, the Debtors have provided the information in this Disclosure Statement.

We have also not authorized any representations (other than as set forth in this Disclosure Statement) concerning the Debtors, their anticipated financial position or operations after confirmation of the Plan, the value of the business and property of the Debtors, or the value of the properties or other assets to be transferred to the Asbestos Personal Injury Trust created by the Plan.

Except as set forth in this Disclosure Statement and the Third Amended Disclosure Statement, no representations concerning the Debtors, their assets, past or future business operations, or the Plan are authorized, nor are any such representations to be relied upon in arriving at a decision with respect to the Plan. Any representations made to secure acceptance or rejection of the Plan other than as contained in this Disclosure Statement and the Third Amended Disclosure Statement should be reported to counsel for the Debtors. The statements and information about the Debtors and the financial information of the Debtors, including all financial projections and information regarding claims or interests contained or incorporated by reference herein, have been prepared from documents and information prepared by the Debtors or provided to the Plan Proponents' professionals by the Debtors. We have not taken any independent action to verify the accuracy or completeness of such statements and information and expressly disclaim any representation concerning the accuracy or completeness thereof.

There has been no independent audit of the financial information contained in this Disclosure Statement and no fairness opinion has been obtained regarding the value of the assets and the amount of the liabilities described herein. While the Debtors have used commercially reasonable efforts to provide accurate information herein, we and our respective legal and financial advisors cannot and do not warrant or represent that the information contained in this Disclosure Statement is without any inaccuracy.

This Disclosure Statement has not been approved or disapproved by the Securities and Exchange Commission or any securities regulatory authority of any state, nor has the Securities and Exchange Commission or any securities regulatory authority of any state passed upon the accuracy or adequacy of the statements contained herein.

Nothing contained in this Disclosure Statement, express or implied, is intended to give rise to any commitment of or obligation on us or will confer upon any person any rights, benefits or remedies of any nature whatsoever.

B. Voting Rules and Procedure.

On October ___, 2005, the Bankruptcy Court entered an order (the "Voting Procedures Order," a copy of which is enclosed) which, among other things, designates which claimants are entitled to vote on the Plan and establishes other procedures for the solicitation and tabulation of Ballots. If you are entitled to vote on the Plan, please review the Voting Procedures Order and follow any instructions set forth in that order or any Ballot included with this Disclosure Statement.

In order to have your vote counted, you must complete and mail the enclosed Ballot to the address set forth thereon so that it is received by 5:00 p.m., Central Standard Time on December ___, 2005 (the "Voting Deadline"). You must complete the Ballot and indicate either your acceptance or rejection of the Plan. Please note that facsimile copies of the Ballot will not be accepted and the Ballot must bear an original signature. Any Ballots received after 5:00 p.m., Central Standard Time, on December. ___, 2005 will not be counted.

Pursuant to the Voting Procedures Order, if you do not cast a Ballot by the Voting Deadline, your prior vote on the Third Amended Plan of Reorganization as of June 25, 2003 as amended through September 30, 2004 (the "Third Amended Plan") shall count, as it was originally cast, as either a vote for acceptance or rejection of the new Plan. In addition, any completed Ballots that are received before the Voting Deadline that either (a) do not indicate an acceptance or a rejection of the Plan or (b) indicate both an acceptance and a rejection of the Plan will be deemed an acceptance.

C. Confirmation Hearing.

The Bankruptcy Court has scheduled a hearing to consider confirmation of the Plan (the "Confirmation Hearing") for December ___, 2005, beginning at _____, Central Standard Time to be held before the Honorable Jerry A. Brown, United States Bankruptcy Judge, United States Bankruptcy Court, Eastern District of Louisiana, 707 Florida Street, Room 109, Baton Rouge, Louisiana 70801.[2] The Bankruptcy Court has directed that objections, if any, to confirmation of the Plan must (a) be in writing and state with particularity the grounds therefor, (b) be filed with the Bankruptcy Court and served, in a manner so as to be received no later that 5 p.m. Central Standard Time on December ___, 2005 (the "Objection Deadline") on: (i) William H. Patrick, III, Heller, Draper, Hayden, Patrick & Horn, L.L.C., 10636 Linkwood Court, Baton Rouge, LA 70810 and Theodore L. Freedman, Kirkland & Ellis LLP, Citigroup Center, 153 East 53rd Street, New York, NY 10022, co-counsel for the Debtors; (ii) Robert Gravolet, U.S. Department of Justice, Office of the United States Trustee, 100 W. Capitol Street, Suite 706, Jackson, Mississippi 39269; (iii) William E. Steffes, Steffes, Vingiello & McKenzie, 3029 S. Sherwood Forest Blvd., Suite 100, Baton Rouge, Louisiana 70816, co-counsel for the Official Committee of Unsecured Creditors; (iv) James P. Magee, Baldwin & Haspel, 2200 Energy Center, 1100 Poydras Street, New Orleans, Louisiana 70163, co-counsel for the Asbestos Claimants' Committee; (v) J. David

Forsyth, Sessions, Fishman & Nathan, L.L.P., 201 St. Charles Avenue, Suite 3500, New Orleans, Louisiana 70170, co-counsel for the Future Claimants' Representative; and (vi) John M. Duck, Adams & Reese, 339 Florida Street, Second Floor, Baton Rouge, Louisiana 70801, co-counsel for McDermott Incorporated, The Court has also set December ___, 2005 as the deadline for filing challenges to the preliminary tabulation of the votes on the Plan, which objections should be filed and served in the same manner as objections to the confirmation as set forth above. The Confirmation Hearing may be adjourned from time to time without further notice except for the announcement of the adjourned date made at the Confirmation Hearing or at any subsequent adjourned date.

The confirmation and consummation of the Plan are subject to conditions precedent that could lead to delays in consummation of the Plan. Also, no assurance can be given that each of these conditions will be satisfied or waived, as provided in the Plan, or that the Plan will be consummated. In addition, even after the effective date, distributions under the Plan may be subject to substantial delays for creditors whose claims are disputed. Even if the Plan is confirmed but fails to become effective, nothing in the Plan and this Disclosure Statement may be used as evidence against any of the Plan Proponents, in accordance with Federal Rule of Evidence 408.

We believe that confirmation and implementation of the Plan are preferable to the Third Amended Plan because it will provide greater certainty of a favorable and prompt resolution for holders of claims. In addition, continuing to pursue confirmation of the Third Amended Plan would involve significant delay, uncertainty, and substantial additional administrative costs. We believe that acceptance of the Plan is in the best interests of each and every voting class and strongly recommend that you vote to accept the Plan.

II.

BRIEF HISTORY OF THE CHAPTER 11 CASES AND THE THIRD AMENDED PLAN

A. Procedural History.

As a result of a large number of asbestos personal injury claims and increased demands to settle them, the Debtors filed for relief under Chapter 11 of the Bankruptcy Code on February 22, 2000. Following the filing, the ACC was formed and the FCR was appointed to represent the holders of present and future asbestos claims, respectively. Initially, the Debtors and the ACC and FCR did not agree on the terms of a plan of reorganization. The Debtors filed their own plan of reorganization in 2001, which was amended in May and July, 2002. The Bankruptcy Court terminated the Debtors' exclusive right to file a plan in May 2002. Thereafter, in July 2002, the ACC and the FCR filed their own plan and disclosure statement.

After much negotiation, in August 2002, we achieved an agreement in principle among ourselves on the terms of a proposed plan of reorganization. On December 19, 2002, we filed a “substantially complete” form of disclosure statement. Thereafter, we finalized our disclosure statement, ultimately resulting in our filing of the Third Amended Disclosure Statement and the Third Amended Plan. The Bankruptcy Court approved our Third Amended Disclosure Statement on July 7, 2003. In addition, on July 10, 2003, the Bankruptcy Court entered an order approving the confirmation hearing notice and solicitation package, as well as the voting, tabulation and mailing procedures.

On September 22, 2003, the confirmation hearing on the Third Amended Plan commenced and continued through January 2004. The Bankruptcy Court took the matter under advisement. On November 9, 2004, the Bankruptcy Court entered the Amended Findings of Fact and Conclusions of Law Regarding Core Matters and Proposed Findings of Fact, Conclusions of Law and Recommendations to the District Court With Respect to Non-Core Matters (the “Amended Findings and Conclusions”). Among other things, it recommended that the District Court confirm the Third Amended Plan. You may view a copy of the Amended Findings and Conclusions at www._____.com.

Various parties in interest filed objections pursuant to Bankruptcy Rule 9033 (the "9033 Objections") and appeals from the Amended Findings and Conclusions. Such parties included various insurers: (1) the ACE Companies; (2) American Nuclear Insurers and Mutual Atomic Energy Liability Underwriters ("ANT'); (3) Certain Underwriters at Lloyd's, London and Certain Market Companies (collectively, "London"); (4) Dai Tokyo Insurance Co. (UK) Ltd. and Sphere Drake Insurance PLC ("Dai Tokyo"); (5) Maryland Insurance Company; and (6) St. Paul Mercury Insurance Company. In addition, a group known as the Certain Law Firms filed an appeal from and 9033 Objections to the Amended Findings and Conclusions.

The parties fully briefed their appeals and 9033 Objections throughout the winter and spring of 2005. The District Court heard oral argument on the appeals and 9033 Objections on July 21, 2005. The District Court took the matter under advisement. Since the time that the appeals and 9033 Objections were filed, we entered into settlements with various objector/appellants, including some of the London entities (specifically, Certain Underwriters at Lloyd's) and the Maryland Insurance Company. While we continue to negotiate settlements with the other objectors/appellants, all other appeals and objections are pending at this time.

For a more detailed account of the proceedings in the Chapter 11 Cases preceding the confirmation hearing, please review the Third Amended Disclosure Statement.

B. Third Amended Plan of Reorganization (Key Provisions).

The financial terms and consideration in our Plan differ from the Third Amended Plan; however, many provisions in the Plan are unchanged from the corresponding provisions of the Third Amended Plan. We have agreed to revert to the Third Amended Plan if certain contingencies, as set forth in the Plan, do not occur.

The cornerstone of the Third Amended Plan was the creation of the Asbestos PI Trust,[3] funded with assets of the Debtors and certain of its affiliates, that would be the sole recourse for payment of asbestos-related claims arising out of asbestos exposure or injury relating to B&W's historic use of asbestos. All of the Debtors' liability for current and future asbestos personal injury claims would be transferred, and all current and future asbestos personal injury claims would be channeled to the Asbestos PI Trust, which would resolve and pay claims pursuant to trust distribution procedures ("TDPs") that would treat current and future claims in substantially the same way. Under the Third Amended Plan, the Asbestos PI Trust would have been funded by three main sources:

• assignment of the rights to insurance proceeds shared by B&W and its non-debtor corporate parent and affiliates, in the face amount of at least $1.15 billion;

• transfer of the capital stock of B&W, which was valued at between $400 and $500 million; and

• additional contributions from certain of B&W's parent companies, MI and McDermott International, Inc. ("MII"), including 4.75 million shares of MII common stock with a minimum share price guaranty (valued at $123.1 million), $92 million aggregate principal amount of promissory notes, and certain tax benefits.

Under the Third Amended Plan, the Reorganized Debtors would have no further liability on account of such present and future asbestos personal injury claims.[4] The non-debtor affiliates and other released parties, including numerous settling insurers, would also receive a complete release of current and present future asbestos personal injury claims, and all such claims asserted against them would have been channeled to the Asbestos PI Trust,

In addition, we sought the entry of the Asbestos PI Channeling Injunction, which would have enjoined asbestos claimants from seeking further recovery on their claims from the Debtors, the Reorganized Debtors, Non-Debtor Affiliates, and various other parties described in the Third Amended Plan. We designed the Third Amended Plan to satisfy the requirements of Section 524(g) of the Bankruptcy Code, which provides for the creation of a trust like the Asbestos PI Trust and the issuance of an

injunction like the Asbestos PI Channeling Injunction. We also sought to have the Asbestos PI Channeling Injunction issued pursuant to the Court's equitable and discretionary powers to take any action "necessary or appropriate" under Section 105(a) of the Bankruptcy Code in order to implement the provisions under the Plan. [5]

In addition, we sought the entry of the Asbestos PD Channeling Injunction under Sections 105(a) and 1141 of the Bankruptcy Code (relating to discharge for a debtor) permanently enjoining parties from bringing any actions with respect to any Class 7 Claims (asbestos claims asserting property damage), all of which would have been channeled to the Reorganized Debtors. [6]

Furthermore, in order to protect the Asbestos PI Trust and to preserve its assets, pursuant to Section 105(a) of the Bankruptcy Code, we sought the issuance of the Asbestos Insurance Entity Injunction as described in Section 7.4.2 of the Third Amended Plan, subject to the proviso that, except as otherwise provided in the Confirmation Order, (i) the Asbestos Insurance Entity Injunction would not impair in any way the Insurer Misconduct Actions; (ii) the Asbestos PI Trust would have the sole and exclusive authority at any time to terminate, or reduce or limit the scope of, the Asbestos Insurance Entity Injunction with respect to any Asbestos Insurance Entity upon express written notice to such Asbestos Insurance Entity; and (iii) the Asbestos. Insurance Entity Injunction would not be issued for the benefit of any Asbestos Insurance Entity, and no Asbestos Insurance Entity would be a third-party beneficiary of the Asbestos Insurance Entity Injunction. [7]

With respect to Apollo/Parks Township Claims, the Third Amended Plan and the Apollo/Parks Township Settlement Agreement (a Plan Document related to the Third Amended Plan) proposed the establishment of an Apollo/Parks Township Trust. All Apollo/Parks Township Claims were to be channeled to the Apollo/Parks Township Trust, and a channeling injunction (the "Apollo/Parks Township Channeling Injunction") would enjoin anyone with such a claim, present or future, from pursuing such claims except through the Apollo/Parks Township Trust. The Apollo/Parks Township Trust was to be funded by substantial assets contributed by B&W and Atlantic Richfield Company ("ARCO") and certain of their affiliates. ARCO and B&W were to assign rights to pursue some, but not all, of the proceeds, of nuclear liability insurance policies issued by ANI. ARCO and B&W were to retain certain rights to pursue insurance for other types of claims arising from the Apollo and Parks Township Facilities, such as claims arising from environmental remediation. To protect the interests of persons whose claims were to be channeled to the Apollo/Parks Township Trust, ARCO and B&W would have agreed that, in pursuing any insurance under the rights they have reserved, they would leave at least $75 million of insurance limits for the benefit of the Apollo/Parks Township future claims. The Apollo/Parks Township Trust was to be funded by a cash contribution of $2.8 million from B&W and an assignment of B&W's $1.44 million claim against ANI for ANI's failure to reimburse B&W for defense costs. Finally, as reflected in the Third Amended Plan, ARCO's promise to pay $27.5 million would have resulted in a reduction of the amount by which the Hall Claimants would have agreed to settle their Hall Claims against the Debtors' estates, and, therefore, would have provided "valuable consideration to the Apollo/Parks Township Trust and the reorganization of the Debtors in the Chapter 11 Cases." [8] For a more detailed discussion of the history surrounding the Apollo/Parks Township Claims and/or B&W's relationship to ARCO, the Hall Claimants, and ANI, please refer to pages 29-33 of the Third Amended Disclosure Statement.

Under the Third Amended Plan, all other claims (except the Asbestos PI Trust Claims and the Apollo/Parks Township Claims) were to be resolved directly by the Reorganized Debtors. Under the Third Amended Plan, the Debtors were to pay Administrative Expense Claims, Tax Claims, Priority Claims, Unsecured Trade Claims, Non-Priority Secured Claims, and Workers' Compensation Claims in full. In addition, under the Third Amended Plan, the Debtors were to pay General Unsecured Claims (Class 5 Claims) and Asbestos Property Damage Claims (Class 7 Claims) a pro rata percentage payment that would have been generally comparable to the payment percentage to Cllass 6 Claims, plus applicable liability insurance, if any. [9]

All impaired classes of claims, except one, voted to accept the Third Amended Plan. The holders of Class 6 Asbestos PI Trust Claims voted more than 88 percent in favor of the Third Amended Plan. [10] The holders of Class 7 Asbestos Property Damage ("PD") Claims voted 100 percent in favor of the Third Amended Plan. [11] The holders of Classes 8A and 8B (Apollo/Parks Township Claims and ARCO's Claims related thereto) voted overwhelmingly in favor of the Plan, 99 percent and 100 percent

respectively. [12] The holders of Class 5 General Unsecured Claims initially voted to reject the Third Amended Plan, thus limiting their payment to a pro rata share of a General Unsecured Share Payment and applicable liability insurance for such allowed claims under the Third Amended Plan. [13] But, thereafter, certain members of Class 5, who had originally voted against the Third Amended Plan, changed their votes which converted Class 5 into an accepting class.

Under the Third Amended Plan, equity interests in B&W were to be transferred to the Asbestos PI Trust. Thus, the Babcock & Wilcox Investment Company ("BWICO"), the holder of equity interests in B&W, was deemed impaired under the Third Amended Plan (Class 11A). Class 11A voted in favor of the Third Amended Plan. [14] All other equity interests in the other Debtors were to remain unimpaired. [15]

The Third Amended Plan did not contemplate the liquidation of all or substantially all of the Debtors' property. The Debtors were to remain in business after consummation of the Third Amended Plan.

Notwithstanding the overwhelming support for the Third Amended Plan, the Third Amended Plan remains the subject of unresolved objections and appeals filed by certain significant parties in interest.

III.

JOINT PLAN OF REORGANIZATION AS OF SEPTEMBER 28, 2005

A. Recent Settlement Negotiations - Impact of "Fair Act".

Due to the uncertainty regarding when appeals of the Third Amended Plan would be exhausted and this bankruptcy case could be concluded, we considered alternative ways to bring about a timely resolution of these Chapter 11 proceedings in a manner that provided more certainty to all parties in interest. In addition, our negotiations were influenced by the uncertainty regarding the potential for federal asbestos-related legislation.

The Fairness in Asbestos Injury Resolution Act of 2005 (the "FAIR Act") was introduced in the U.S. Senate on April 19, 2005 as Senate Bill S. 852. It was reported favorably out of the Senate Judiciary Committee on June 16, 2005 and awaits consideration by the Senate. In addition, a similar bill was introduced as a bill in March 2005 in the U.S. House of Representatives as H.R. 1360.

In its current form, the FAIR Act would create a privately funded, federally administered trust fund to resolve pending and future asbestos-related personal injury claims. Under the terms of the FAIR Act, companies -- such as B&W -- that have made expenditures in connection with asbestos personal injury claims, as well as insurance companies, would contribute amounts to a national trust on a periodic basis to fund payment of claims filed by asbestos personal injury claimants who qualify for payment based on a specified allocation methodology. The draft legislation also contemplates, among other things, that the national fund would terminate if, after the administrator of the fund begins to process claims, the administrator determines that, if any additional claims are resolved, the fund would not have sufficient resources when needed to pay 100% of all resolved claims, the fund's debt repayment and other obligations. In that event, the fund would pay all then resolved claims in full, and the legislation would generally become inapplicable to all unresolved claims and all future claims. As a result, absent further federal legislation, with regard to the unresolved claims and future claims, the claimants and defendants would return to the tort system. There are many other provisions in the FAIR Act that would impact B&W and the other Debtors, the Chapter 11 proceedings and the Debtors' parent companies.

It is not possible to determine whether the FAIR Act will be presented for a vote or adopted by the full Senate or the House of Representatives, or signed into law. Nor is it possible at this time to predict the final terms of any bill that might become law or its impact on B&W, the other Debtors, the Chapter 11 proceedings, or the Debtors' parent companies. This uncertainty regarding the FAIR Act or federal legislation similar to the FAIR Act for the resolution of asbestos personal injury claims brought us

back to the negotiation table to seek an alternative way to resolve the Chapter 11 proceedings in a manner that achieves a more certain resolution than the settlement under the Third Amended Plan which is currently the subject of appeals.

B. Key Provisions of the Plan.

Our Plan seeks to provide for payment of the claims held by the Debtors' creditors. We believe that the impaired creditors under the Plan receive either similar or better treatment under the Plan than under the Third Amended Plan. Most features of the Plan work precisely the same way as under the Third Amended Plan, except to the extent described below and in the Plan and Plan Documents (which may be viewed at www._____/_____.com).

i. Changes Under the Plan Relating to Consideration Transferred to the Asbestos PI Trust.

The Plan and Plan Documents include the following key provisions relating to the consideration being transferred to the Asbestos PI Trust if the Effective Date timely occurs:

• MII, through BWICO, will retain full ownership of B&W and its subsidiaries following the Effective Date of the Plan, instead of transferring B&W and its subsidiaries to the Asbestos PI Trust.

• On the Effective Date, MII and its affiliates will pay or cause B&W to pay the Asbestos PI Trust $350 million cash.

• On the Effective Date, MII and its affiliates will assign to the Asbestos PI Trust all insurance rights that were to be assigned to the Asbestos PI Trust under the Third Amended Plan. The Plan Proponents have already liquidated certain of the insurance rights valued at approximately $750 million subject to the satisfaction of certain conditions. We continue to pursue negotiations to liquidate the remaining insurance rights. There can be no assurance of the success of those negotiations.

• On the Effective Date, B&W will issue a promissory note in the principal amount of $250 million to the Asbestos PI Trust, and MII will provide a contingent payment right in the amount of $355 million to the Asbestos PI Trust, both of which will be subject to the condition precedent that the FAIR Act has not been enacted and made law on or before November 30, 2006 (the “Trigger Date”).

• If the FAIR Act is not made law on or before the Trigger Date, MII will be required to satisfy the contingent payment right and the promissory note will be payable in full.

• If the FAIR Act has been enacted and made law on or prior to the Trigger Date, and is not subject to a constitutional challenge to its validity by January 31, 2007, the contingent payment right will not vest and will be fully canceled, and the amount payable pursuant to the $250 million note will be limited to $25 million due to the condition precedent not having been satisfied.

• If, as of the Trigger Date, the FAIR Act has been enacted and made law but is subject to a constitutional challenge, payments under the promissory note (except for the $25 million payment due on December 1, 2007) and the contingent payment right will be suspended until the constitutional challenge to the legislation is resolved by a final, non-appealable judgment.

• If the FAIR Act is found to be constitutional, then the contingent payment right will not vest and will be fully canceled, and the amount payable pursuant to the $250 million note will be limited to the $25 million payment due on December 1, 2007.

• If the FAIR Act is found to be unconstitutional, then MII will be required to satisfy the contingent payment right and the promissory note will be payable in full.

• The $250 million promissory note will be guaranteed by MII and BWICO, and these guarantee obligations will be secured by 100% of B&W's outstanding Capital Stock. If the condition precedent is met, the promissory note will bear annual interest at the rate of 7% from the Trigger Date, with a five-year term and level annual principal payments commencing December 1, 2007.

• The $355 million contingent payment right, subject to the condition precedent, will be payable within 180 days after the Trigger Date, with accrued interest at 7% per annum from the Trigger Date until the payment is funded.

In exchange for the payments and assignments described above, the Plan contemplates that B&W will be indemnified by the Asbestos PI Trust from any and all Asbestos PI Trust Claims, with such claims being channeled to the Asbestos PI Trust as under the Third Amended Plan. The protections afforded to Non-Debtor Affiliates and the other Asbestos Protected Parties under the Third Amended Plan remain substantially the same under the Plan. In essence, the renegotiation of the consideration being provided to the Asbestos PI Trust was designed to bring about resolution of the Chapter 11 proceeding more quickly and with more certainty than the Third Amended Plan, which is now the subject of a number of appeals and 9033 Objections.

ii. Treatment of Claims Other Than Asbestos Personal Injury Claims.

The Plan proposes to pay Administrative Expense Claims, Tax Claims, Priority Claims, Unsecured Trade Claims, Non-Priority Secured Claims, and Workers' Compensation Claims in full as was contemplated under the Third Amended Plan. Accordingly, pursuant to the Voting Procedures Order we will not solicit the votes of holders of such claims.

In addition, the Plan proposes to pay General Unsecured Claims (Class 5 Claims) (which we believe accepted the Third Amended Plan in view of the changed votes in that class) in the same manner as was contemplated under the Third Amended Plan. Accordingly, if Class 5 votes to accept the Plan, each holder of an Allowed Claim in Class 5 will be paid a Pro Rata Share of the General Unsecured Share Payment, a Pro Rata Share of additional cash in the amount of $250,000, and applicable liability insurance for such claims. In the event Class 5 does not vote to accept the Plan, each holder of an Allowed Class 5 Claim will be paid a Pro Rata Share of the General Unsecured Share Payment and any applicable liability insurance for such claims. The Bankruptcy Court has made a finding in connection with the Third Amended Plan estimating the General Unsecured Claims at no more than $1 million. [16]

The Plan proposes to pay Asbestos PD Claims (Class 7 Claims) in the same manner as was contemplated under the Third Amended Plan, which was dependent upon whether Class 7 voted to accept the Plan or reject the Plan. As noted, Class 7 voted to accept the Third Amended Plan. Because of that vote, under the Third Amended Plan, each holder of an Allowed Claim in Class 7 would be paid a Pro Rata Share of the Asbestos PD Share Payment, a Pro Rata Share of additional cash in the amount of $250,000, and any applicable proceeds of any Asbestos PD Insurance Rights indemnifying the Reorganized Debtors for such Class 7 Claims, if and only to the extent recoverable by the Reorganized Debtors. If Class 7 does not vote to accept the Plan, each holder of an Allowed Class 7 Claim will be paid a Pro Rata Share of the Asbestos PD Share Payment and any applicable proceeds of any Asbestos PD Insurance Rights indemnifying the Reorganized Debtors for such Class 7 Claims, if and only to the extent recoverable by the Reorganized Debtors. The Asbestos PD Share Payment is designed to allow such creditors to share pro rata in a pool of funds calculated to give them the same percentage distribution as that given to Asbestos PI Trust Claimants (exclusive of any insurance). We intend to seek a finding by the Court estimating the Estimated Amount of Claims in Class 7 to be no greater than $700,000, [17] which is the approximate amount of the timely filed Asbestos PD Claims allowed by the Bankruptcy Court. We have used that estimate in calculating the Asbestos PD Share Payment. Because of insurance rights in all likelihood recoverable by the Debtors for the payment of Asbestos PD Claims, the Debtors anticipate that the holders of allowed Asbestos PD Claims will be paid the full amount of their Allowed Claims.

Intercompany claims between and among the Debtors will not be discharged under the Plan, but will be settled or treated in accordance with the process for settling intercompany accounts in the ordinary course which was in place immediately prior

to the Petition Date. Postpetition intercompany claims generally will be paid by the Reorganized Debtors or the Affiliates, as the case may be, in the ordinary course of their respective businesses.

Equity interests in B&W will be impaired. While MII will retain full ownership of B&W as described above, 100% of B&W's Capital Stock will be pledged to the Asbestos PI Trust as security for the guarantee obligations relating to the $250 million promissory note. Thus, BWICO, the holder of equity interests in B&W, is impaired and is entitled to vote to accept or reject the Plan. All other equity interests in the other Debtors will remain unimpaired.

iii. Certain Conditions of the Plan.

The Plan must reach a final, non-appealable Effective Date no later than _____, 2006 or such other date upon which we may agree. If the Effective Date of the Plan has not occurred by that date, and we do not agree to extend the date, then the parties will revert to their legal status under the Third Amended Plan that is pending before the District Court. Other details regarding these provisions are set forth more fully in the Plan and the Non-Debtor Affiliate Settlement Agreement and its exhibits, which are attached hereto.

If the requisite number of creditors in the impaired Classes (other than Class 6) do not accept the Plan, the Plan contemplates that it may still be confirmed despite that nonacceptance so long as at least one impaired Class under the Plan votes in favor of the Plan. We believe that holders of Claims will receive more under our Plan than what they would receive under a hypothetical Chapter 7 liquidation. The Bankruptcy Court has made such a finding with respect to the Third Amended Plan, and the Plan does nothing to change that result. The Plan Proponents also believe that the Plan does not unfairly discriminate against and is fair and equitable to all classes of Claims, including, but not limited to, all impaired classes of Claims contemplated therein. Therefore, we may seek to have the Plan confirmed as to dissenting classes of Claims pursuant to the "cramdown" provisions of Section 1129(b) of the Bankruptcy Code,

iv. Apollo/Parks Township Claims.

One difference between the Third Amended Plan and the Plan is that Apollo/Parks Township Claims will no longer be channeled to an Apollo/Parks Township Trust. Litigation over the channeling of the Apollo/Parks Township Claims threatened to delay the conclusion of the bankruptcy case for a considerable period of time. In view of our desire to conclude the bankruptcy cases expeditiously on a fair and equitable basis, the Plan provides that the Apollo/Parks Township Claims will pass through the bankruptcy case unaffected, and the Apollo/Parks Township Claims will not be discharged by confirmation of the Plan. Under the Plan, Apollo/Parks Township Claims not be discharged by confirmation of the Plan, and the legal, equitable and contractual rights of holders of such claims shall be unaltered by the confirmation of the Plan. Holders of Apollo/Parks Township Claims shall be permitted to assert their Claims against the Reorganized Debtors on the same terms and subject to the same defenses of the Debtors as existed without regard to the filing of the Debtors' Chapter 11 Cases. Therefore, Apollo/Parks Township Claims will be unimpaired. It is possible that the Debtors may settle some or all Apollo/Parks Township Claims. If a definitive settlement is reached prior to the Effective Date of the Plan, the Debtors will file a motion with the Bankruptcy Court pursuant to Bankruptcy Rule 9019 for approval of any such. settlement.

Since holders of Apollo/Parks Township Claims will not be impaired under the Plan, such claimants -- the holders of Class 8A Claims under the Third Amended Plan - are not entitled to vote on the Plan. Similarly, the claims of ARCO and certain claims of the government ("Governmental Unit Environmental Remediation Claims" under the Third Amended Plan) related to Apollo/Parks Township Claims are not impaired under the Plan; thus the holders of Class 8B, 8C, and 8D Claims under the Third Amended Plan are also not entitled to vote on the Plan, and such sub-classes have been eliminated under the Plan.

VOTING PROCEDURES AND REQUIREMENTS

To be counted, your Ballot must be received at the above address by no later than 5:00 p.m., Central Daylight Time, on December ___, 2005. No Ballot received at the above address after 5:00 p.m., Central Daylight Time, on December ___, 2005 will be counted. Faxed or electronically transmitted Ballots, or Ballots without a signature of the claimant who is casting the vote or his, her or its designated agent will not be counted.

You may be contacted by various parties-in-interest with regard to your vote on the Plan. Your vote will be irrevocable once received by the Voting Agent unless you withdraw it as instructed by the Voting Procedures Order, or unless the Bankruptcy Court, after application, notice, and hearing, permits you to change your vote. If any ballot received by the Voting Agent is not discernible as to the Class of the Claim or the name of the holder thereof, that ballot will be disregarded and not counted. If a ballot is received and it either (a) does not indicate an acceptance or a rejection of the Plan or (b) indicates both an acceptance

and rejection of the Plan, it will be deemed an acceptance. If your ballot is damaged or lost, please contact the Voting Agent. If you have any questions regarding the procedures for voting on the Plan, please contact your legal counsel for advice.

As a condition of confirmation, the Bankruptcy Code requires acceptance of a plan of reorganization by all impaired classes (except as discussed below). The Bankruptcy Code defines acceptance of a plan by a class of claims as acceptance by holders of two-thirds in dollar amount and one-half in number of the claims of that class which actually cast ballots for acceptance or rejection of the plan, *i.e.*, acceptance takes place only if two-thirds in amount and a majority in number of the holders of claims in a given class actually voting cast their ballots in favor of acceptance. The Bankruptcy Code defines acceptance of a plan by a class of equity interest holders as acceptance by holders of two-thirds in amount of the interests of that class which actually cast ballots for acceptance or rejection of the plan. In addition, because the Plan seeks to create a trust for the payment of asbestos-related personal injury claims pursuant to 11 U.S.C. § 524(g), the voting requirements under Section 524(g) must be met. Specifically, in order for Class 6 to accept the Plan, at least seventy-five percent (75%) of the votes cast by holders of Class 6 Claims must be votes in favor of the Plan.

Notwithstanding the requirement of class acceptance, a plan may be confirmed even if one or more impaired classes does not accept the plan if at least one impaired class of non-insider claims has accepted the plan and the Court determines that the plan does not discriminate unfairly, and is fair and equitable, with respect to each class that is impaired and has not accepted the plan.

If the Plan is confirmed, all holders of Claims against and Equity Interests in the Debtors, whether voting or nonvoting and, if voting, whether accepting or rejecting the Plan, will be bound by the terms of the Plan.

VI.

CONFIRMATION OF THE PLAN

Under the Bankruptcy Code, the following steps must be taken to confirm the Plan:

A. Confirmation Hearing

Section 1128(a) of the Bankruptcy Code requires the Bankruptcy Court, after notice, to hold a hearing to determine whether all requirements for confirmation of the Plan have been satisfied. By Order of the Bankruptcy Court entered on October ___, 2005, the Confirmation Hearing has been scheduled for December ___, 2005, at _____, Central Standard Time, at the United States Bankruptcy Court, Eastern District of Louisiana, [18] United States Courthouse, 707 Florida Street, Room 109, Baton Rouge, LA 70801 (the "Confirmation Hearing"), The Confirmation Hearing may be adjourned from time to time by the Bankruptcy Court without further notice, except for an announcement made at the Confirmation Hearing or any adjournment thereof.

ANY ANNOUNCEMENT OF ADJOURNMENT OF THE DATE AND TIME OF THE CONFIRMATION HEARING MADE IN COURT WILL BE THE ONLY NOTICE PROVIDED TO HOLDERS OF CLAIMS AND EQUITY INTERESTS, UNLESS THE BANKRUPTCY COURT ORDERS OTHERWISE.

Section 1128(b) of the Bankruptcy Code provides that any party-in-interest may object to confirmation of the Plan. Any objection to confirmation must be made in writing, conform to the Federal Rules of Bankruptcy Procedures and the Local Rules of the Bankruptcy Court, set forth the name of the objector, the nature and amount of the Claim or Equity Interest held or asserted by the objector against the Debtors' estates or property, be accompanied by a memorandum of law stating the facts and law supporting the objection, and be filed with the Bankruptcy Court with proof of service and served upon counsel as indicated below on or before December ___, 2005 at 5:00 p.m., Central Standard Time.

B. Requirements for Confirmation of a Plan.

At the Confirmation Hearing, the Bankruptcy Court will determine whether the confirmation requirements of Section 1129 of the Bankruptcy Code have been satisfied, in which event the Bankruptcy Court will enter an order recommending that the

District Court confirm the Plan, The applicable requirements for confirmation are set forth in the Third Amended Disclosure Statement on pages 16-17.

In addition to the usual requirements of Section 1129 of the Bankruptcy Code, the following additional requirements must also be met in order for an injunction to be issued pursuant to Section 524(g) of the Bankruptcy Code:
1. The Asbestos PI Trust that is created is to assume the liabilities of the Debtors which at the time of entry of the order for relief have been named as defendants in personal injury wrongful death, or property-damage actions seeking recovery for damages allegedly caused by the presence of, or exposure to, asbestos or asbestos-containing products.

2. The Asbestos PI Trust is to be funded in whole or in part by the securities of one or more Debtors involved in the Plan arid by the obligation of such Debtor or Debtors to make future payments, including dividends.

3. The Asbestos PI Trust is to own, or by the exercise of rights granted under the Plan would be entitled to own if specified contingencies occur, a majority of the voting shares of each of the Debtors, the parent corporation of each of the Debtors, or a subsidiary of each of the Debtors that is also a Debtor.

4. The Asbestos PI Trust is to use its assets or income to pay claims and demands; and

5. The Court determines the following;

a. The Debtors are likely to be subject to substantial future demands for payment arising out of the same or similar conduct or events that gave rise to the claims that are addressed by the injunction.

b. The actual amounts, numbers, and timing of such future demands cannot be determined.

c. Pursuit of such demands outside of the procedures prescribed by the Plan is likely to threaten the Plan's purpose to deal equitably with claims and future demands.

d. The terms of the injunction are set out in the Plan and the Disclosure Statement.

e. A separate class of claimants whose claims are to be addressed by the Asbestos PI Trust is established (Class 6 Claimants) and votes, by at least 75 percent of those voting, in favor of the Plan; and

f. The Asbestos PI Trust will operate through mechanisms such as structured, periodic, or supplemental payments, pro rata distributions, matrices, or periodic review of estimates of the numbers and values of present claims and future demands, or other comparable mechanisms, that provide reasonable assurance that the Asbestos PI Trust will value, and be in a financial position to pay, present claims and future demands that involve similar claims in substantially the same manner.

The Plan provides for the entry of the Asbestos PI Channeling Injunction, the Asbestos PD Channeling Injunction, and the Asbestos Insurance Entity Injunction, Pursuant to the provisions of the Asbestos PI Channeling Injunction, the sole recourse of the holder of an Asbestos PI Trust Claim on account of such claim will be to the Asbestos PI Trust. Except as provided in the Plan or in the Non-Debtor Affiliate Settlement Agreement, nothing contained in the Plan will constitute or be deemed a waiver of any claim, right, or cause of action that the Debtors, the Reorganized Debtors, or the Asbestos PI Trust may have against any Entity in connection with or arising out of an Asbestos PI Trust Claim.

Pursuant to the provisions of the Asbestos PD Channeling Injunction, the sole recourse of the holder of an Asbestos PD Claim on account of such claim will be to the Reorganized Debtors. Such holder will have no right whatsoever at any time to assert its Asbestos PD Claim against the Debtors, any other Asbestos PD Protected Party, any Settling Asbestos Insurance Entity, the Asbestos PI Trust, or any property or interest in property of the Debtors or any other Asbestos Protected Party, Without limiting the foregoing, from and after the Effective Date, the Asbestos PD Channeling Injunction will apply to all holders of Asbestos PD Claims, and all such holders will be permanently and forever stayed, restrained, and enjoined from taking any actions for the purpose of, directly or indirectly, collecting, recovering, or receiving payment of, on, or with respect to any Asbestos PD Claims other than from the Reorganized Debtors in accordance with the Asbestos PD Channeling Injunction and pursuant to the Asbestos PD Trust Distribution Procedures, including:

5. *proceeding in any manner in any place with regard to any matter that is subject to resolution by the Reorganized Debtors.*

Except as provided in the Plan or in the Non-Debtor Affiliate Settlement Agreement, nothing contained in the Plan will constitute or be deemed a waiver of any claim, right, or cause of action that the Debtors or the Reorganized Debtors may have against any Entity in connection with or arising out of an Asbestos PD Claim.

Pursuant to the Asbestos Insurance Entity Injunction, in order to protect the Asbestos PI Trust and to preserve its assets, all Entities (not including the Asbestos PI Trust, the Asbestos Insurance Entities, and, to the extent they are permitted or required to pursue Asbestos Insurance Rights under the Plan or the Asbestos Insurance Rights Assignment Agreement, the Reorganized Debtors and the Insurance Contributors) that have held or asserted, that hold or assert, or that may in the future hold or assert any claim, demand, or cause of action (including any Asbestos PI Trust Claim or any claim or demand for or respecting any Trust Expenses) against any Asbestos Insurance Entity based upon, relating to, arising out of, or in any way connected with any Claim, Demand. The Plan Proponents believe that the Plan satisfies all of the applicable statutory requirements of Chapter 11 of the Bankruptcy Code (including Section 524(g)), that they have complied or will have complied with all of the requirements of Chapter 11 (including Section 524(g)), and that the Plan has been proposed in good faith. As discussed above, the Bankruptcy Court has previously recommended confirmation of the Third Amended Plan. The Plan retains many of the features of the Third Amended Plan and affords a more certain and prompt conclusion than the Third Amended Plan, Accordingly, the Plan Proponents believe that the Plan is in the best interests of all creditors and should be confirmed.

C. Cramdown.

Generally, under the Bankruptcy Code, a plan of reorganization must be approved by each impaired class of creditors. The Bankruptcy Court, however, may confirm a plan that has not been approved by each impaired class if at least one impaired class accepts the plan by the requisite vote and the Bankruptcy Court determines that the plan "does not discriminate unfairly" and is "fair and equitable" with respect to each class that is impaired and has not accepted the plan. A plan of reorganization does not discriminate unfairly within the meaning of the Bankruptcy Code if each dissenting class is treated equally with other classes of equal rank. "Fair and equitable" has different meanings with respect to the treatment of secured claims, unsecured claims, and equity interests.

In the event one or more Classes of impaired Claims (other than Class 6) or Equity Interests rejects the Plan, the Plan Proponents reserve the right to proceed with confirmation pursuant to Section 1129(b) of the Bankruptcy Code, and the Bankruptcy Court will determine at the Confirmation Hearing whether the Plan is fair and equitable and does not discriminate unfairly against any rejecting impaired Class of Claims.

VII.

OCCURRENCE OF PLAN EFFECTIVE DATE

The "effective date of the plan," as used in Section 1129 of the Bankruptcy Code, will not occur, and the Plan will be of no force and effect, until the Effective Date. The occurrence of the Effective Date is subject to satisfaction of certain conditions precedent listed in Section 7.14 of the Plan, any of which may be waived by the Plan Proponents acting together. One such condition is that the Confirmation Order will have been issued or affirmed by the District Court, and the Confirmation Order will have become a Final Order; provided, however, that the Effective Date may occur at a point in time when the Confirmation Order is not a Final Order at the option of the Plan Proponents acting together unless the effectiveness of the Confirmation Order has been stayed or vacated, in which case the Effective Date may be, at the option of the Plan Proponents acting together, the first Business Day immediately following the expiration or other termination of any stay of effectiveness of the Confirmation Order.

VIII.

CONCLUSION AND RECOMMENDATION

The Plan Proponents believe that confirmation and implementation of the Plan are preferable to pursuing confirmation and implementation of the Third Amended Plan because it will provide greater certainty of a favorable and prompt resolution for holders of claims. In addition, pursuing the Third Amended Plan would involve significant delay, uncertainty, and substantial additional administrative costs. We urge you to vote in favor of the Plan.

WHEREAS, on October 25, 2010, certain Insurers filed a Response in Opposition to Plan Proponents' Motions to Exclude the Expert Testimony of George L. Priest and Charles H. Mullin (the "Insurers' Response to the Motions in Limine") [Docket No. 358]; and

WHEREAS, on October 22, 2010, the Debtor filed the Debtor's Memorandum of Law in Support of an Order Confirming the First Amended Plan of Reorganization of Leslie Controls, Inc. Under Chapter 11 of the Bankruptcy Code (the "Memorandum of Law") [Docket No. 349]; and

WHEREAS, the Confirmation Hearing was originally scheduled for October 12, 2010 at 11:00 a.m., was adjourned by announcement in open court to October 26, 2010 at 11:00 a.m. and then rescheduled by the Court for October 26, 2010 at 1:00 p.m.; and

WHEREAS, the Confirmation Hearing was held on October 26-27, 2010; and

NOW, THEREFORE, based upon the Court's review of the Disclosure Statement, the Plan, the Attorney Solicitation Package, the Voting Declaration, the Solicitation Notice, the Confirmation Hearing Notice, the Publication Notice, the Schedules and Statements, the Plan Supplement, the Response, the Plan Modifications, the Memorandum of Law, and upon (i) all of the evidence proffered or adduced at, memoranda filed in connection with (other than the Insurers' Objections, which the Court did not consider because it found that the Insurers lack standing), and arguments of counsel made at, the Confirmation Hearing and (ii) the entire record of this Chapter 11 Case; and after due deliberation thereon; and good and sufficient cause appearing therefore, it is hereby found and determined that:

FINDINGS OF FACT AND CONCLUSIONS OF LAW

The findings and conclusions set forth herein constitute the Bankruptcy Court's findings of fact and conclusions of law pursuant to Fed. R. Bankr. P. 7052, made applicable to this proceeding pursuant to Fed. R. Bankr. P. 9014.[2] To the extent any of the following findings of

2 Pursuant to Bankruptcy Rule 7052, findings of fact shall be construed as conclusions of law and conclusions of law shall be construed as findings of fact when appropriate.

fact constitute conclusions of law, they are adopted as such. To the extent any of the following conclusions of law constitute findings of fact, they are adopted as such.

A. Jurisdiction; Venue; Core Proceeding (28 U.S.C. §§ 157(b)(2) and 1334(a))

This Court has jurisdiction over the Debtor's Chapter 11 Case pursuant to sections 157 and 1334 of title 28 of the United States Code. Confirmation of the Plan is a core proceeding pursuant to 28 U.S.C. § 157(b)(2)(L), and, subject to the requirement of 11 U.S.C. § 524(g)(3)(A), this Court has exclusive jurisdiction to determine whether the Plan complies with the applicable provisions of the Bankruptcy Code and should be confirmed. Venue is proper under sections 1408 and 1409 of title 28 of the United States Code. Leslie is a proper debtor under section 109 of the Bankruptcy Code and proper proponent of the Plan under section 1121(a) of the Bankruptcy Code.

B. Commencement, Appointment of Committee and Future Claimants' Representative

On the Commencement Date, the Debtor filed a voluntary petition for relief under chapter 11 of the Bankruptcy Code (the "Chapter 11 Case"). The Debtor is continuing to operate its business and manage its properties as a debtor in possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code.

On July 22, 2010, the Office of the United States Trustee appointed, pursuant to section 1102 of the Bankruptcy Code, an Official Commitee of Unsecured Creditors (the "Committee") consisting of the following nine members: Charley Louis Brown (c/o Brayton Purcell, LLP); Rosario Gallo (c/o Belluck & Fox, LLP); Paul McKenzie (c/o Bergman Draper & Frockt); Patsy Chaffee, Special Administrator of Robert Chafee (c/o Cooney & Conway); Terri L. Wells, Executrix to the Estate of Murray Wells (c/o Early Ludwick Sweeney & Strauss); Beverly Lindenmayer (c/o Kazan, McLain, Lyons, Greenwood & Harley, PLC); John Wheeler Estep, Jr.

(c/o Motley Rice LLC); Mary A. Mayo (c/o Waters & Kraus, LLP); and Paul B. Stack (c/o Weitz & Luxenberg, P.C.)

On August 9, 2010, the Court appointed James L. Patton, Jr., pursuant to sections 105(a) and 524(g)(4)(b)(i) of the Bankruptcy Code, as the legal representative for future asbestos personal injury claimants (the "Future Claimants' Representative"). No trustee or examiner has been appointed.

C. Judicial Notice

This Court takes judicial notice of the docket of the Chapter 11 Case maintained by the Clerk of the Bankruptcy Court and/or its duly-appointed agent, including, without limitation, all pleadings and other documents filed, all orders entered, and evidence and argument made, proffered, or adduced at the hearings held before the Bankruptcy Court during the pendency of the Chapter 11 Case, including, but not limited to, the Confirmation Hearing.

D. Burden of Proof

The Debtor has the burden of proving the elements of sections 1129(a) and (b) of the Bankruptcy Code by a preponderance of evidence.

E. Notice of Confirmation Hearing

The Confirmation Hearing Notice was served and the Publication Notice was published in compliance with the Solicitation Procedures Order, and such service and publication were adequate and sufficient. Adequate and sufficient notice of the Confirmation Hearing Notice and the other deadlines established in the Solicitation Procedures Order was given in compliance with the Bankruptcy Rules and the Solicitation Procedures Order, and no other or further notice is or shall be required.

F. Impaired Class That Has Voted To Accept The Plan

As set forth in the Plan, holders of Class 4 Asbestos PI Claims are impaired and entitled to vote; and, as set forth in the Voting Declaration, holders of Class 4 Asbestos PI Claims voted in excess of the statutory thresholds in sections 1126(c) and 524(g) of the Bankruptcy Code. Thus, at least one impaired Class of Claims has voted to accept the Plan. Votes to accept and reject the Plan have been solicited and tabulated fairly, in good faith, and in a manner consistent with the Bankruptcy Code and the Bankruptcy Rules.

G. Classes Conclusively Presumed to Have Accepted the Plan

Class 1 (Other Priority Claims), Class 2 (Secured Claims), Class 3 (General Unsecured Claims), Class 5 (Intercompany Claims) and Class 6 (Equity Interests in Leslie) are unimpaired under the Plan, and pursuant to section 1126(f) of the Bankruptcy Code, are conclusively presumed to have accepted the Plan.

H. Plan Compliance with Bankruptcy Code (11 U.S.C. § 1129(a)(1))

The Plan complies with the applicable provisions of the Bankruptcy Code, thereby satisfying section 1129(a)(1) of the Bankruptcy Code.

I. Plan Compliance with Bankruptcy Code (11 U.S.C. §§ 1122 and 1123)

1. Proper Classification (11 U.S.C. §§ 1122, 1123(a)(1)).

In addition to the Allowed Administrative Expense Claims, Priority Tax Claims and the DIP Claim listed in Section 2 of the Plan, which need not be designated, the Plan designates six (6) Classes of Claims and Equity Interests. The Claims and Equity Interests placed in each Class are substantially similar to other Claims and Equity Interests, as the case may be, in each such Class. Valid business, factual, and legal reasons exist for separately classifying the various Classes of Claims and Equity Interests created under the Plan, and such Classes do not unfairly

discriminate between holders of Claims and Equity Interests. Thus, the requirements of sections 1122 and 1123(a)(1) of the Bankruptcy Code are satisfied.

2. Specify Unimpaired Classes (11 U.S.C. § 1123(a)(2)).

Article IV of the Plan specifies that Class 1 (Other Priority Claims), Class 2 (Secured Claims), Class 3 (General Unsecured Claims, Class 5 (Intercompany Claims) and Class 6 (Equity Interests in Leslie) are unimpaired under the Plan. Thus, the requirements of section 1123(a)(2) of the Bankruptcy Code are satisfied.

3. Specified Treatment of Impaired Classes (11 U.S.C. § 1123(a)(3)).

Article IV of the Plan designates Class 4 (Asbestos PI Claims) as impaired and specifies the treatment of Claims in those Classes. Thus, the requirements of section 1123(a)(3) of the Bankruptcy Code are satisfied.

4. No Discrimination (11 U.S.C. § 1123(a)(4)).

The Plan provides for the same treatment by the Debtor for each Claim or Interest in each respective Class unless the holder of a particular Claim or Equity Interest has agreed to a less favorable treatment of such Claim or Equity Interest. Thus, the requirements of section 1123(a)(4) of the Bankruptcy Code are satisfied.

5. Implementation of Plan (11 U.S.C. § 1123(a)(5)).

The Plan provides adequate and proper means for the Plan's implementation, including, among other things, (i) the creation of the Asbestos PI Trust; and (ii) the transfer to and vesting in the Asbestos PI Trust of the Asbestos PI Trust Assets, as more fully described in Article 9.3 of the Plan. Leslie and Reorganized Leslie are authorized to implement the Plan in accordance with its terms and as detailed herein. Thus, the requirements of section 1123(a)(5) of the Bankruptcy Code are satisfied.

6. Non-Voting Equity Securities (11 U.S.C. § 1123(a)(6)).

As provided in Section 9.4 of the Plan, the Amended Certificate of Incorporation and Amended By-Laws prohibit the issuance of nonvoting equity securities. Thus, the requirements of section 1123(a)(6) of the Bankruptcy Code are satisfied.

7. Selection of Asbestos PI Trustee, Members of the Asbestos PI Trust Advisory Committee and Officers/Directors of Reorganized Leslie (11 U.S.C. § 1123(a)(7)).

Section 9.3 of Plan and the Plan Supplement contain provisions with respect to the manner of selection of the Asbestos PI Trustee and the Future Claimants' Representative. The initial members of the Asbestos PI Trust Advisory Committee shall be Alan Brayton, John Cooney, John A. Baden, IV, Peter A. Kraus and Steven Kazan. Section 9.6 of Plan and the Plan Supplement identifies the members of the Board of Directors and officers of Reorganized Leslie. Thus, the requirements of section 1123(a)(7) of the Bankruptcy Code are satisfied.

8. Additional Plan Provisions (11 U.S.C. § 1123(b)).

The Plan's provisions are appropriate and not inconsistent with the applicable provisions of the Bankruptcy Code.

J. Compliance with Bankruptcy Rule 3016(a)

The Plan is dated and identifies the Debtor as submitting it, thereby satisfying Bankruptcy Rule 3016(a).

K. Compliance With Bankruptcy Rule 3017

The Debtor has given notice of the Confirmation Hearing as required by Bankruptcy Rule 3017(d).

L. Compliance With Bankruptcy Rule 3018

The solicitation of votes to accept or reject the Plan satisfies Bankruptcy Rule 3018. The Plan was transmitted to all creditors entitled to vote on the Plan, sufficient time was prescribed for such creditors to accept or reject the Plan, and the Attorney Solicitation Packages and Solicitation Procedures comply with section 1126 of the Bankruptcy Code, thereby satisfying the requirements of Bankruptcy Rule 3018.

M. Plan Compliance with Bankruptcy Code (11 U.S.C. § 1129)

1. Debtor's Compliance with Bankruptcy Code (11 U.S.C. § 1129(a)(2)).

The Debtor has complied with the applicable provisions of the Bankruptcy Code, thereby satisfying section 1129(a)(2) of the Bankruptcy Code. Specifically:

(i) The Debtor is a proper debtor under section 109 of the Bankruptcy Code.

(ii) The Debtor has complied with applicable provisions of the Bankruptcy Code, except as otherwise provided or permitted by orders of the Bankruptcy Court.

(iii) The Debtor has complied with the applicable provisions of the Bankruptcy Code and the Bankruptcy Rules in transmitting the Plan, the Disclosure Statement, and the Ballots, as the ease may be, and related documents in soliciting and tabulating votes on the Plan.

2. Plan Proposed in Good Faith (11 U.S.C. § 1129(a)(3)).

The Debtor has proposed the Plan in good faith and not by any means forbidden by law, and this Confirmation Order was not procured by fraud, thereby satisfying section 1129(a)(3) of the Bankruptcy Code. The Debtor's good faith is evident from the facts and record of this Chapter 11 Case, and the record of the Confirmation Hearing and other proceedings held in this Chapter 11 Case. The Plan was proposed with the legitimate and honest purpose of maximizing

the value of the Debtor's estate and resolving the Debtor's asbestos-related liabilities and to effectuate a successful reorganization of The Debtor.

3. Payments for Services or Costs and Expenses (11 U.S.C. § 1129(a)(4)).

Any payment made or to be made by the Debtor for services or for costs and expenses in or in connection with the Chapter 11 Case, or in connection with the Plan and incident to the Chapter 11 Case, has been approved by, or is subject to the approval of, the Bankruptcy Court as reasonable, thereby satisfying section 1129(a)(4) of the Bankruptcy Code.

4. Directors, Officers, and Insiders (11 U.S.C. § 1129(a)(5)).

The Plan complies with section 1129(a)(5) of the Bankruptcy Code. Section 9.6 of Plan and the Plan Supplement identifies the members of the Board of Directors and officers of Reorganized Leslie, and the appointment to, or continuance in, such offices of such person is consistent with the interests of holders of Claims against and Equity Interests in the Debtor and with public policy. The identity of any insider that will be employed or retained by Reorganized Leslie and the nature of such insider's compensation have also been fully disclosed, to the extent applicable.

5. No Rate Changes (11 U.S.C. § 1129(a)(6)).

Section 1129(a)(6) of the Bankruptcy Code is satisfied because the Plan does not provide for any change in rates over which a governmental regulatory commission has jurisdiction.

6. Best Interests of Creditors (11 U.S.C. § 1129(a)(7)).

The Plan satisfies section 1129(a)(7) of the Bankruptcy Code. The liquidation analysis attached as Appendix D to the Disclosure Statement, the Chapter 11 Recovery Analysis attached as Appendix E to the Disclosure Statement and other evidence proffered or adduced at the Confirmation Hearing (a) are persuasive and credible, (b) have not been controverted by other

evidence, and (c) establish that each holder of an impaired Claim or Equity Interest either has accepted the Plan or will receive or retain under the Plan, on account of such Claim or Equity Interest, property of a value, as of the Effective Date, that is not less than the amount that such holder would receive or retain if the Debtor were liquidated under chapter 7 of the Bankruptcy Code on such date.

7. Acceptance of Certain Classes (11 U.S.C. § 1129(a)(8)).

Class 1 (Other Priority Claims), Class 2 (Secured Claims), Class 3 (General Unsecured Claims), Class 5 (Intercompany Claims) and Class 6 (Equity Interests in Leslie) are Classes of Unimpaired Claims that are conclusively presumed to have accepted the Plan under section 1126(f) of the Bankruptcy Code. As set forth in the Voting Declaration, Class 4 (Asbestos PI Claims) have voted to accept the Plan in accordance with sections 1126(c) and 524(g) of the Bankruptcy Code.

8. Treatment of Administrative, Priority Tax and Priority Claims (11 U.S.C. § 1129(a)(9)).

The treatment of Administrative Expense Claims, the DIP Claim and Priority Claims pursuant to Sections 2.1, 2.3 and 4.1 of the Plan satisfies the requirements of sections 1129(a)(9)(A) and (B) of the Bankruptcy Code. The treatment of Priority Tax Claims pursuant to Section 2.2 of the Plan satisfies the requirements of section 1129(a)(9)(C) of the Bankruptcy Code.

9. Acceptance by Impaired Classes (11 U.S.C. § 1129(a)(10)).

Class 4 (Asbestos PI Claims) is an Impaired Class of Claims that has voted to accept the Plan in accordance with sections 1126(c) and 524(g) of the Bankruptcy Code and, to the Debtor's knowledge, does not contain insiders whose votes have been counted. Therefore, the

requirement of section 1129(a)(10) of the Bankruptcy Code that at least one Class of Claims against or Interests in the Debtor that is impaired under the Plan has accepted the Plan.

10. Feasibility (11 U.S.C. § 1129(a)(11)).

The Plan, the Plan Supplement and the Plan Modifications, all evidence proffered or adduced at the Confirmation Hearing (a) are persuasive and credible, (b) have not been controverted by other evidence, (c) do not provide for the liquidation of all or substantially all of the property of the Debtor, (d) establish that Reorganized Leslie will continue in business as an ongoing reorganized debtor, and (e) establish that confirmation of the Plan is not likely to be followed by the liquidation or the need for further financial reorganization of Reorganized Leslie, thus satisfying the requirements of section 1129(a)(11) of the Bankruptcy Code.

11. Payment of Fees (11 U.S.C. § 1129(a)(12)).

All fees payable under section 1930 of title 28, United States Code, as determined by the Bankruptcy Court on the Confirmation Date, have been paid or will be paid, on and after the Effective Date, and thereafter as may be required until entry of a final decree with respect to the Debtor, thus satisfying the requirements of section 1129(a)(12) of the Bankruptcy Code.

12. Retiree Benefits (11 U.S.C. § 1129(a)(13)).

Section 7.5 of Plan provides for the continuation of payment by the Debtor of all "retiree benefits," as defined in section 1114(a) of the Bankruptcy Code, if any, at previously established levels, thus satisfying the requirements of section 1129(a)(13) of the Bankruptcy Code.

13. Domestic Support Obligations (11 U.S.C. § 1129(a)(14))

The Debtor is not required to pay any domestic support obligations. Accordingly, section 1129(a)(14) of the Bankruptcy Code is not applicable to the Plan.

14. Individual Cases Subject to Objection by Unsecured Creditor (11 U.S.C. § 1129(a)(15))

The Debtor is not an individual. Accordingly, section 1129(a)(15) of the Bankruptcy Code is not applicable to the Plan.

15. Transfers of Property Pursuant to Non-Bankruptcy Law (11 U.S.C. § 1129(a)(16))

All transfers of property of the Plan shall be made in accordance with any applicable provisions of nonbankruptcy law that govern the transfer of property by a corporation or trust that is not a moneyed, business, or commercial corporation or trust. The Plan therefore complies with section 1129(a)(16) of the Bankruptcy Code.

16. Fair and Equitable; No Unfair Discrimination (11 U.S.C. § 1129(b)).

Based upon the evidence proffered, adduced, or presented by the Debtor in the Plan and the Disclosure Statement and at the Confirmation Hearing, the Plan does not discriminate unfairly and is fair and equitable as required by section 1129(b)(1) of the Bankruptcy Code, and there are no Classes of Claims that have voted to reject the Plan. The Plan does not discriminate unfairly with respect to any holders of Claims or Equity Interests. The legal rights of holders of Claims or Equity Interests are treated consistently with the treatment of other classes whose legal rights are substantially similar, and such holders of Claims or Equity Interest holders do not receive more from the Debtor than they legally are entitled to receive for their Claims or Equity Interests. Thus, the Plan may be confirmed.

17. Principal Purpose of the Plan (11 U.S.C. § 1129(d)).

The principal purpose of the Plan is neither the avoidance of taxes nor the avoidance of section 5 of the Securities Act, and no governmental unit has objected to the confirmation of the

Plan on any such grounds. The Plan therefore satisfies the requirements of section 1129(d) of the Bankruptcy Code.

N. Modifications to the Plan

The Plan Modifications constitute technical changes that do not materially adversely affect or change the treatment of any Claims or Equity Interests and shall be considered part of the Plan. Accordingly, pursuant to Bankruptcy Rule 3019, these modifications do not require additional disclosure under section 1125 of the Bankruptcy Code or re-solicitation of votes under section 1126 of the Bankruptcy Code, nor do they require that holders of Asbestos PI Claims be afforded an opportunity to change previous acceptances or rejections of the Plan.

O. Plan Supplement

The Plan Supplement includes the following documents and/or information: (i) a schedule of rejected executory contracts, (ii) the certificate of amendment to certificate of incorporation, (iii) the identification of the Asbestos PI Trustee, (iv) the Asbestos Records Cooperation Agreement, (v) the officers and directors of Reorganized Leslie, and (vi) disclosure of the identity of insiders to be employed or retained by Reorganized Leslie and the nature of compensation. All such materials comply with the terms of the Plan.

P. Good Faith Solicitation (11 U.S.C. § 1125(e))

Based on the record before the Bankruptcy Court in this Chapter 11 Case, the Debtor and the Released Parties, and in each case their current or former officers, directors, employees, agents, attorneys, accountants, financial advisors, other representatives, subsidiaries, affiliates, or any person who controls any of these within the meaning of the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, have acted in "good faith" within the meaning of section 1125(e) of the Bankruptcy Code in compliance with the applicable

provisions of the Bankruptcy Code and Bankruptcy Rules in connection with all their respective activities relating to the solicitation of acceptances to the Plan and their participation in the activities described in section 1125 of the Bankruptcy Code, and are entitled to the protections afforded by section 1125(e) of the Bankruptcy Code and the exculpation provisions set forth in Section 11.3 of the Plan.

Q. Assumption and Rejection

The Plan's treatment of the assumption and rejection of Executory Contracts and Unexpired Leases in Section 7 of the Plan comports with the requirements of section 365(b) of the Bankruptcy Code.

R. Cure of Defaults (11 U.S.C. § 1123(d))

Section 7.2 of the Plan and as modified herein governs the Cure associated with each executory contract and unexpired lease to be assumed pursuant to the Plan in accordance with section 365(b)(1) of the Bankruptcy Code. The Cure will be determined in accordance with the underlying agreements and applicable bankruptcy and non-bankruptcy law. Thus, the Plan satisfies the requirements of section 1123(d) of the Bankruptcy Code.

S. Satisfaction of Confirmation Requirements

The Plan satisfies all applicable requirements for confirmation set forth in section 1129 of the Bankruptcy Code.

T. Retention of Jurisdiction

The Bankruptcy Court may properly retain jurisdiction over the matters set forth in Section 13.1 of the Plan and section 1142 of the Bankruptcy Code.

U. Plan Compliance with Requirements of Section 524(g)

As of the Commencement Date, the Debtor, CIRCOR, and/or Watts have been named as defendants in approximately 1,340 asbestos-related personal injury suits, seeking recovery for damages allegedly caused by the presence of, or exposure to, asbestos or asbestos-containing products. The Asbestos PI Channeling Injunction set forth in the Plan that is to be implemented with the Asbestos PI Trust complies with the requirements of Section 524(g) of the Bankruptcy Code as follows:

1. District Court Approval (11 U.S.C. § 524(g)(3)(A)).

The Court, having considered both the confirmation of the Plan and the issuance of the Asbestos PI Channeling Injunction at the Confirmation Hearing held before the Bankruptcy Court on October 26-27, 2010, finds and determines that the Asbestos PI Channeling Injunction and the Asbestos PI Trust to be established by virtue of this Confirmation Order are consistent with the provisions of section 524(g)(1)(A). The Asbestos PI Channeling Injunction also must be affirmed by the United States District Court for the District of Delaware (the "District Court") as mandated by Section 524(g)(3)(A) as a condition precedent to the Effective Date of the Plan.

2. Assumption of Liabilities (11 U.S.C. § 524(g)(2)(B)(i)(I)).

The Debtor has been named as a defendant in asbestos-related personal injury suits seeking recovery for damages allegedly caused by the presence of, or exposure to, asbestos or asbestos-containing products. In compliance with section 524(g)(2)(B)(i)(I) of the Bankruptcy Code and pursuant to Section 4.4 of the Plan, as of the Effective Date, liability for all Asbestos PI Claims shall automatically and without further act, deed or court order be channeled to and assumed by the Asbestos PI Trust in accordance with, and to the extent set forth in, Articles IX and XI of the Plan and the applicable Plan Documents. Each Asbestos PI Claim shall be

determined and paid in accordance with the terms, provisions and procedures of the Asbestos PI Trust Agreement and the Asbestos PI Trust Distribution Procedures.

3. Funding of the Asbestos PI Trust (11 U.S.C. § 524(g)(2)(B)(i)(II)).

The Asbestos PI Trust shall be funded by the CIRCOR Asbestos PI Trust Contribution and Leslie Contribution in accordance with the provisions of Section 9.3 of the Plan. Therefore, the Plan satisfies section 524(g)(2)(B)(i)(II) of the Bankruptcy Code.

4. Transfer of Membership Interests (11 U.S.C. § 524(g)(2)(B)(i)(III)).

Pursuant to Section 9.3 of the Plan, Reorganized Leslie shall execute and deliver to the Asbestos PI Trust, the Leslie Promissory Note. As security for the Promissory Note, on the Effective Date, CIRCOR shall execute and deliver to the Asbestos PI Trust the CIRCOR Pledge whereby CIRCOR shall grant a security interest in 100% of the outstanding voting equity interests of Reorganized Leslie to the Asbestos PI Trust as security for the Leslie Promissory Note. Thus, the Plan satisfies section 524(g)(2)(B)(i)(III) of the Bankruptcy Code.

5. Use of Trust Assets (11 U.S.C. § 524(g)(2)(B)(i)(IV)).

The Asbestos PI Trust will use its assets and income to satisfy Allowed Asbestos PI Claims and Demands. Thus, the Plan satisfies section 524(g)(2)(B)(i)(IV) of the Bankruptcy Code.

6. Likelihood of Future Demands (11 U.S.C. § 524(g)(2)(B)(ii)(I)).

In the absence of the Plan, the Debtor would be likely to be subject to substantial future Demands for payment arising out of the same or similar conduct or events that gave rise to the existing Asbestos PI Claims which are addressed by the Asbestos PI Channeling Injunction. Thus, the Plan satisfies section 524(g)(2)(B)(ii)(I) of the Bankruptcy Code.

7. Indeterminate Nature of Future Demands (11 U.S.C. § 524(g)(2)(B)(ii)(II)).

The actual amounts, numbers and timing of Demands cannot be determined. Therefore, the Plan satisfies section 524(g)(2)(B)(ii)(II) of the Bankruptcy Code.

8. Threat of Future Demands Pursued Outside the Plan (11 U.S.C. § 524(g)(2)(B)(ii)(III)).

Pursuit of Demands outside the procedures prescribed by the Plan is likely to threaten the Plan's purpose to deal equitably with Asbestos PI Claims and Demands. Thus, the Plan satisfies section 524(g)(2)(B)(ii)(III) of the Bankruptcy Code.

9. Description of Asbestos PI Channeling Injunction in Plan and Disclosure Statement (11 U.S.C. § 524(g)(2)(B)(ii)(IV)(aa)).

The terms of the Asbestos PI Channeling Injunction, including provisions barring actions against third parties, are set forth in the Plan and described in the Disclosure Statement. Thus, the Plan satisfies section 524(g)(2)(B)(ii)(IV)(aa) of the Bankruptcy Code.

10. Acceptance of Plan by Class Addressed by Asbestos PI Trust (11 U.S.C. § 524(g)(2)(B)(ii)(IV)(bb)).

The Plan separately classifies asbestos-related personal injury claims into Class 4 (Asbestos PI Claims), and pursuant to Section 5.3 of the Plan, and evidenced by the Vote Declaration, at least two-thirds (2/3) in amount and seventy-five percent (75%) in number of the members of such Class actually voting on the Plan have voted to accept the Plan. Specifically, the Plan has received acceptances from 571 in number and between $9.1 million and $40 million in amount of creditors holding Asbestos PI Claims who voted.[3] Thus, the Plan satisfies section 524(g)(2)(B)(ii)(IV)(bb) of the Bankruptcy Code.

---

[3] *See* Exhibit A-1 of the Voting Declaration.

11. Operation of the Asbestos PI Trust (11 U.S.C. § 524(g)(2)(B)(ii)(V)).

Pursuant to (a) the Asbestos PI Trust Distribution Procedures; (b) court order; or (c) otherwise, the Asbestos PI Trust will operate through mechanisms such as structured, periodic, or supplemental payments, pro rata distributions, matrices, or periodic review of estimates of the numbers and values of Asbestos PI Claims and Demands or other comparable mechanisms that provide reasonable assurance that the Asbestos PI Trust will value, and be in a financial position to pay, similar Asbestos PI Claims and Demands in substantially the same manner. Therefore, the Plan complies with section 524(g)(2)(B)(ii)(V) of the Bankruptcy Code.

12. Identity of Protected Third-Party (11 U.S.C. § 524(g)(4)(A)(ii)).

The Asbestos PI Channeling Injunction bars actions against the Asbestos Protected Parties, which parties are clearly defined and identified in the Plan and in the Asbestos PI Channeling Injunction. Thus, the Plan complies with section 524(g)(4)(A)(ii) of the Bankruptcy Code.

13. Appointment of the Future Claimants' Representative (11 U.S.C. § 524(g)(4)(B)(i)).

James L. Patton, Jr. was appointed by the Bankruptcy Court as the Future Claimants' Representative for the purpose of, among other things, protecting the rights of persons that might subsequently assert Demands of the kind that are addressed in the Asbestos PI Channeling Injunction and transferred to the Asbestos PI Trust. James L. Patton, Jr. was requested to serve in that capacity in January 2010 and did so in connection with the negotiation, preparation and solicitation of acceptances of the Plan prior to the Commencement Date. Therefore, the Plan satisfies section 524(g)(4)(B)(i).

14. Asbestos PI Channeling Injunction is Fair and Equitable (11 U.S.C. § 524(g)(4)(B)(ii)).

In light of the benefits provided, or to be provided, to the Asbestos PI Trust and/or Reorganized Leslie by or on behalf of each current and future Asbestos Protected Party, the Asbestos PI Channeling Injunction is fair and equitable to all creditors and Future Demand Holders. Thus, the Plan complies with section 524(g)(4)(B)(ii) of the Bankruptcy Code.

The Plan and its acceptance otherwise comply with sections 524(g) and 1126 of the Bankruptcy Code, and confirmation of the Plan is in the best interest of all creditors.

V. Asbestos PI Trust Contributions

The Asbestos PI Trust Contributions, which consist of the Leslie Contribution and CIRCOR Asbestos PI Trust Contribution, constitute substantial assets of the Plan and the reorganization, are essential and necessary to the feasibility of the Plan and the successful reorganization of the Debtor, and constitute a sufficient basis upon which to provide the CIRCOR Related Parties and Watts Related Parties with the protections afforded to them under the Plan, Plan Documents and this Confirmation Order.

W. The Plan is Insurance Neutral

The Plan is insurance neutral, as provided in Section 10.4 of the Plan (as modified in paragraph 26 below).

DECREES

NOW, THEREFORE, IT IS HEREBY ORDERED, ADJUDGED, AND DECREED THAT:

1. Objections. The Insurers' Objections are stricken and have not been considered by the Court for the reasons set forth on the record on October 26, 2010. All other Objections to

the Plan that have not been withdrawn or waived, and all reservations of rights pertaining to confirmation of the Plan included therein, are overruled on the merits.

PLAN

2. Confirmation. The Plan, as amended and supplemented by the Plan Supplement, is confirmed under section 1129 of the Bankruptcy Code.

4. Plan Classification Controlling. The classifications of Claims and Equity Interests for purposes of the distributions to be made under the Plan shall be governed solely by the terms of the Plan. The classifications set forth on the Ballots tendered to or returned by the Debtor's creditors in connection with voting on the Plan (a) were set forth on the Ballots solely for purposes of voting to accept or reject the Plan, (b) do not necessarily represent, and in no event shall be deemed to modify, or otherwise affect, the actual classification of such Claims and Equity Interests under the Plan for distribution purposes, and (c) shall not be binding on the Debtor, Reorganized Leslie, the Asbestos PI Trust, or any Asbestos Insurance Entity.

5. Definition of Debtor Released Parties. The definition of "Debtor Released Parties" as set forth in Section 1.62 of the Plan is modified to read as follows: "**Debtor Released Parties** means, collectively, the Debtor, Reorganized Leslie, the officers, directors and employees of the Debtor who were either serving in such capacities as of the Confirmation Date, or who had served in such capacities during the Chapter 11 Case, the officers, directors and

(including, but not limited to, any trustee appointed for the Debtor under Chapters 7 or 11 of the Bankruptcy Code). The terms and provisions of the Plan and this Confirmation Order shall survive and remain effective after entry of any order which may be entered converting the Chapter 11 Case to a case under Chapter 7 of the Bankruptcy Code, and the terms and provisions of the Plan shall continue to be effective in this or any superseding case under the Bankruptcy Code. This Confirmation Order shall supersede any Bankruptcy Court orders issued prior to the Confirmation Date that may be inconsistent with the Confirmation Order.

9. Vesting of Assets (11 U.S.C. § 1141(b) and (c)). Except as otherwise provided in the Plan, Reorganized Leslie will exist after the Effective Date as a separate Entity, with all the powers of a corporation under applicable law and without prejudice, except as otherwise provided in the Amended Certificate of Incorporation and By-Laws, to any right to alter or terminate such existence (whether by merger, dissolution, or otherwise) under applicable state law. Pursuant to Section 10.1 of the Plan, except as otherwise provided in the Plan, the Plan Documents or the Confirmation Order, the property of the Estate of Leslie (except for the Leslie Contribution) shall vest in Reorganized Leslie on the Effective Date free and clear of any and all Liens, Claims, Encumbrances and other interests of any Entity. From and after the Effective Date, Reorganized Leslie may operate its business and may use, acquire, and dispose of property free of any restrictions imposed under the Bankruptcy Code, the Bankruptcy Rules, and the Bankruptcy Court. Without limiting the generality of the foregoing, Reorganized Leslie may, without application to, or approval by, the Bankruptcy Court, pay Professional fees and expenses that Reorganized Leslie incurs after the Effective Date.

10. Objection to Claims. Pursuant to Section 8.2 of the Plan, Leslie or Reorganized Leslie shall be entitled to object to Claims that have been or should have been brought in the

46392/0001-6972080v8

Bankruptcy Court (other than Asbestos PI Claims) on or before the first (1st) anniversary of the Effective Date (unless such day is not a Business Day, in which case such deadline shall be the next Business Day thereafter), as the same may be extended from time to time by the Bankruptcy Court, and shall be authorized to settle, compromise, withdraw or litigate to judgment such objections without further approval of the Bankruptcy Court.

11. Distributions. Other than with respect to distributions to be made to Asbestos PI Claims from the Asbestos PI Trust, Reorganized Leslie shall make all Distributions required to be made under the Plan as provided under Article VI of the Plan. All Distributions to be made on account of Asbestos PI Claims shall be made in accordance with the terms of the Asbestos PI Trust Agreement and the Asbestos PI Trust Distribution Procedures, subject to the conditions for the Trust Distribution Effective Date as set forth in Section 12.3 of the Plan having been previously satisfied.

12. Disputed Claims. All Disputed Claims against the Debtor shall be subject to the provisions of Article VIII of the Plan. Notwithstanding any other provision of the Plan, if any portion of a Claim (other the Debtor an Asbestos PI Claim) is a Disputed Claim, no payment or Distribution provided for under the Plan shall be made on account of such Claim, unless and until such Claim becomes an Allowed Claim. All Asbestos PI Claims shall be determined and paid by the Asbestos PI Trust in accordance with Section 9.3 of the Plan, the Asbestos PI Trust Agreement and the Asbestos PI Trust Distribution Procedures; only the Asbestos PI Trust will have the right to object to and/or resolve Asbestos PI Claims; and all Asbestos PI Claims must be submitted solely to the Asbestos PI Trust for payment, which shall be in accordance with the Asbestos PI Trust Distribution Procedures.

13. Assumption or Rejection of Executory Contracts and Unexpired Leases (11 U.S.C. § 1123(b)(2)). Pursuant to Section 7.1 of the Plan, the Debtor shall assume, as of the Effective Date, all Executory Contracts to which the Debtor is a party, except for: (a) the Executory Contracts specifically listed in certain Schedules to the Plan Supplement, if any, which shall either be rejected or assumed and assigned, respectively, as described therein; and (b) the Executory Contracts specifically addressed herein or pursuant to a Final Order of the Bankruptcy Court entered on or before the Effective Date. The Debtor may, at any time on or before the Effective Date, amend the Schedules to the Plan Supplement to delete therefrom or add thereto any Executory Contract. The Debtor shall provide notice of any such amendment to the parties to the Executory Contract(s) affected thereby and to parties on any master service list established by the Bankruptcy Court in the Chapter 11 Case. The fact that any contract or lease is listed in the Schedules to the Plan Supplement shall not constitute or be construed to constitute an admission that such contract or lease is an executory contract or unexpired lease within the meaning of section 365 of the Bankruptcy Code or that the Debtor or any successor in interest to the Debtor (including Reorganized Leslie) has any liability thereunder. All Executory Contracts assumed or assumed and assigned by the Debtor during the Chapter 11 Case or under the Plan shall remain in full force and effect for the benefit of Reorganized Leslie or the assignee thereof notwithstanding any provision in such contract or lease (including those provisions described in sections 365(b)(2) and (1) of the Bankruptcy Code) that prohibits such assignment or transfer or that enables or requires termination of such contract or lease. This Confirmation Order shall constitute an order of the Bankruptcy Court approving such: (a) rejections; (b) assumptions; or (c) assumptions and assignments, as the case may be, pursuant to

sections 365 and 1123 of the Bankruptcy Code as of the Effective Date. For the avoidance of doubt, the Undertaking (defined below) is not an Executory Contract.

14. Cure of Defaults. Pursuant to Section 7.2 of the Plan and as modified herein, except to the extent that different treatment has been agreed to by the non-Debtor party or parties to any Executory Contract to be assumed (including any Executory Contract to be assumed and assigned) pursuant to Section 7.1 of the Plan, Reorganized Leslie shall, pursuant to the provisions of sections 1123(a)(5)(G) and 1123(b)(2) of the Bankruptcy Code and consistent with the requirements of section 365 of the Bankruptcy Code, satisfy any monetary amounts by Cure. If there is a dispute regarding (a) the nature or amount of any Cure, (b) the ability of Reorganized Leslie to provide "adequate assurance of future performance" (within the meaning of section 365 of the Bankruptcy Code) under the Executory Contract to be assumed, or (c) any other matter pertaining to assumption, Cure shall occur following the entry of a Final Order by the Bankruptcy Court resolving the dispute and approving the assumption or assumption and assignment, as the case may be; provided, however, that the Debtor or Reorganized Leslie, as applicable, shall be authorized to reject any Executory Contract to be deemed effective as of the day before the Effective Date, to the extent the Debtor or Reorganized Leslie, in the exercise of their sound business judgment, conclude that the amount of the Cure obligation as determined by such Final Order, renders the assumption of such Executory Contract unfavorable to the Debtor or Reorganized Leslie.

15. Bar to Rejection Damages. Pursuant to Section 7.3 of the Plan, in the event that the rejection of an Executory Contract by the Debtor pursuant to the Plan results in damages to the non-Debtor party or parties to such Executory Contract, a claim for such damages, if not heretofore evidenced by a filed proof of claim, shall be forever barred and shall not be

enforceable against the Debtor, or against Reorganized Leslie after the Effective Date, or its properties or interests in property, unless a Proof of Claim with respect to such damages is filed with the Bankruptcy Court and served upon counsel for the Debtor on or before (i) if such Executory Contract is rejected pursuant to Sections 7.1 and 7.2 of the Plan, the later of: (a) thirty (30) days after entry of this Confirmation Order, and (b) thirty (30) days after the non-Debtor party receives notice of the rejection of such Executory Contract pursuant to Section 7.2 of the Plan; and (ii) if such Executory Contract is rejected pursuant to a Final Order of the Bankruptcy Court granting a motion filed by the Debtor to reject that executory contract, thirty (30) days after entry of such order.

Subject Section 10.4 of the Plan: nothing in the Plan, the Plan Documents, or the Confirmation Order, including the discharge and release of Leslie and the Asbestos PI Channeling Injunction, shall enlarge, diminish, impair or otherwise affect the enforceability of any Asbestos PI Insurance Contract or any other insurance policy that may provide coverage for Claims or Demands against Leslie; and all Asbestos PI Insurance Contracts and Insurance Settlement Agreements shall be assumed by the Debtor and assigned to Reorganized Leslie as of the Effective Date and the Debtor shall assign Asbestos Insurance Actions and Asbestos Insurance Rights to the Asbestos PI Trust as part of the Leslie Contribution.

17. General Authorizations. The Debtor and Reorganized Leslie are authorized to execute, deliver, file, or record such contracts, instruments, releases, and other agreements or documents and take such actions as may be necessary or appropriate to effectuate, implement, and further evidence the terms and conditions of the Plan, including without limitation any notes or securities issued pursuant to the Plan. The Debtor and Reorganized Leslie and their

respective directors, officers, members, agents, and attorneys, are authorized and empowered to issue, execute, deliver, file, or record any agreement, document, or security, including, without limitation, as modified, amended, and supplemented, in substantially the form included therein, and to take any action necessary or appropriate to implement, effectuate, and consummate the Plan in accordance with its terms, or take any or all corporate actions authorized to be taken pursuant to the Plan, and any release, amendment, or restatement of any bylaws, certificates of incorporation, or other organization documents of the Debtor, whether or not specifically referred to in the Plan or the Plan Documents, without further order of the Bankruptcy Court, and any or all such documents shall be accepted by each of the respective state filing offices and recorded in accordance with applicable state law and shall become effective in accordance with their terms and the provisions of state law.

18. Transfers of Property from The Debtor to Reorganized Leslie. The transfers of property by the Debtor to Reorganized Leslie (a) are or will be legal, valid, and effective transfers of property; (b) vest or will vest Reorganized Leslie with good title to such property, except as expressly provided in the Plan or this Confirmation Order; (c) do not and will not constitute avoidable transfers under the Bankruptcy Code or under other applicable bankruptcy or non-bankruptcy law; and (d) do not and will not subject Reorganized Leslie to any liability by reason of such transfer under the Bankruptcy Code or applicable non-bankruptcy law, including, without limitation, any laws affecting or effecting successor or transferee liability.

19. Approval of Settlements, Transactions and Agreements. By virtue of this Confirmation Order, the other settlements, transactions and agreements to be effected pursuant to the Plan are hereby approved in all respects, including, without limitation, the Asbestos PI Trust Agreement, the Asbestos PI Trust Bylaws and the Asbestos PI Trust Distribution

Procedures. The release of CIRCOR Related Parties and Watts Related Parties with respect to Derivative Liability Asbestos PI Claims in exchange for the CIRCOR Contribution is also approved in all respects.

The terms and conditions of the Leslie Promissory Note, the Pledge Agreement and any related documents are essential to the success and feasibility of the Plan. All such documents shall constitute legal, valid, binding and authorized obligations of the parties obligated thereunder, enforceable in accordance with their terms. On the Effective Date, all of the liens and security interests granted in accordance with such documents shall be deemed approved and shall be legal, valid, binding and enforceable Lines on the collateral in accordance with the terms of each agreement.

20. Amended Certificate of Incorporation and By-Laws. The Amended Certificate of Incorporation and Amended By-Laws contain such provisions as are necessary to satisfy the provisions of the Plan and prohibit, to the extent necessary, the issuance of nonvoting equity securities as required by section 1123(a)(6) of the Bankruptcy Code, subject to further amendment after the Effective Date as permitted by applicable law. Except as otherwise provided in the Plan, the Amended Certificate of Incorporation and Amended By-Laws in accordance with their respective terms contain indemnification provisions applicable to the member, manager and employees of Reorganized Leslie and such other Entities as may be deemed appropriate in the discretion of Reorganized Leslie.

21. Governmental Approvals Not Required. This Confirmation Order shall constitute all approvals and consents required, if any, by the laws, rules, or regulations of any state or any other governmental authority with respect to the implementation or consummation of the Plan and any documents, instruments, or agreements, and any amendments or

modifications thereto, and any other acts referred to in or contemplated by the Plan, the Disclosure Statement, and any documents, instruments, or agreements, and any amendments or modifications thereto.

22. Exemption from Transfer Taxes. Pursuant to section 1146(a) of the Bankruptcy Code, the issuance, transfer, or exchange of notes or equity securities under the Plan, the creation of any mortgage, deed of trust, or other security interest, the making or assignment of any lease or sublease, or the making or delivery of any deed or other instrument of transfer under, in furtherance of, or in connection with the Plan shall be exempt from all taxes as provided in such section 1146(a).

23. Administrative Expense Claims. All Administrative Expense Requests must be made by application filed with the Bankruptcy Court and served on counsel for the Debtor no later than the Administrative Expense Claims Bar Date which shall be sixty (60) days after the Effective Date or the First Business day following such date. In the event that the Debtor or Reorganized Leslie objects to an Administrative Expense Claim, the Bankruptcy Court shall determine the Allowed amount of such Administrative Expense Claim. Notwithstanding the foregoing, (a) no application seeking payment of an Administrative Expense Claim need be filed with respect to an undisputed post-petition obligation which was paid or is payable by the Debtor in the ordinary course of business; provided, however, that in no event shall a post-petition obligation that is contingent or disputed and subject to liquidation through pending or prospective litigation, including, but not limited to, obligations arising from personal injury, property damage, products liability, consumer complaints, employment law (excluding claims arising under workers' compensation law), secondary payor liability, or any other disputed legal or equitable claim based on tort, statute, contract, equity, or common law, be considered to be an

36. Releases, Exculpations, and Injunctions. The release, exculpation, and injunction provisions contained in the Plan are fair and equitable, are given for valuable consideration, and are in the best interests of the Debtor and its chapter 11 estate, and such provisions shall be effective and binding upon all persons and entities. In addition, the releases of and by non-Debtors under the Plan are fair to holders of Claims and Interests and are necessary to the proposed reorganization, and set forth the proper standard of liability, thereby satisfying the requirements of PWS Holding Corp., 228 F.3d 224, 246 (3d Cir. 2000), In re Continental Airlines, Inc., 203 F.3d 203, 214 (3d Cir. 2000), and In re Zenith Electronics Corp., 241 B.R. 92, 110-11 (Bankr. D. Del. 1999).

37. Termination of Injunctions and Automatic Stay. Pursuant to Section 10.5 of the Plan, all of the injunctions and/or stays in existence immediately prior to the Confirmation Date provided for in or in connection with the Chapter 11 Case, whether pursuant to section 105, 362, or any other provision of the Bankruptcy Code, the Bankruptcy Rules or other applicable law, including, but not limited to, the injunction provided for by the Preliminary Injunction Order shall remain in full force and effect until the injunctions set forth in the Plan become effective pursuant to a Final Order. In addition, on and after the Confirmation Date, Reorganized Leslie

may seek such further orders as it may deem necessary or appropriate to preserve the status quo during the time between the Confirmation Date and the Effective Date.

38. Each of the injunctions contained in the Plan or the Confirmation Order shall become effective on the Effective Date and shall continue in effect at all times thereafter unless otherwise provided by the Plan or the Confirmation Order. All actions of the type or nature of those to be enjoined by such injunctions shall be enjoined during the period between the Confirmation Date and the Effective Date.

39. Asbestos PI Channeling Injunction. The Asbestos PI Channeling Injunction is essential to the Plan and the Debtor's reorganization efforts, and is to be implemented in accordance with the Plan and the Asbestos PI Trust. Pursuant to Section 11.7 of the Plan, section 524(g) of the Bankruptcy Code and this Confirmation Order, and subject to Section 11.8 of the Plan, the sole recourse of any holder of an Asbestos PI Claim on account of such Asbestos PI Claim shall be against the Asbestos PI Trust. Each such holder shall be and is enjoined from taking legal action directed against Leslie, Reorganized Leslie, any of the CIRCOR Related Parties or Watts Related Parties, or any other Asbestos Protected Party, or their respective property, for the purpose of directly or indirectly collecting, recovering or receiving payment or recovery relating to such Asbestos PI Claim.

40. Limitations of Injunctions. Pursuant to Section 11.8 of the Plan, the releases set forth in the Plan and the injunction set forth in Section 11.7 above shall not enjoin: (a) the rights of Entities to the treatment accorded to them under Articles III and IV of the Plan, as applicable, including the rights of Entities with Asbestos PI Claims to assert such Claims or Demands against the Asbestos PI Trust in accordance with the Asbestos PI Trust Distribution Procedures;

and (b) the rights of Entities to assert any Claim, debt, obligation, or liability for payment of Asbestos PI Trust Expenses against the Asbestos PI Trust.

THE ASBESTOS PI TRUST

41. Creation of Asbestos PI Trust. Pursuant to Section 9.3 of the Plan, on the Effective Date, the Asbestos PI Trust shall be created in accordance with the Plan Documents, the Asbestos PI Trust Documents and section 524(g) of the Bankruptcy Code. The Asbestos PI Trust is intended to constitute a "qualified settlement fund" within the meaning of section 468B of the Internal Revenue Code and the regulations issued thereunder. The purpose of the Asbestos PI Trust shall be to assume, Liquidate and, after the Trust Distribution Effective Date, resolve all liabilities determined to arise from, or relate to, the Asbestos PI Claims (whether existing as of the Effective Date or arising at any time thereafter) and, after the Trust Distribution Effective Date, to use the Asbestos PI Trust Assets to pay holders of Asbestos PI Claims in accordance with the terms of the Asbestos PI Trust Agreement, the Asbestos PI Trust Distribution Procedures, the Plan and the Confirmation Order, and in such a way as to provide reasonable assurance that the Asbestos PI Trust will value, and be in a financial position to pay, present Asbestos PI Claims and future Demands that involve similar claims in substantially the same manner, and to otherwise comply in all respects with the requirements of section 524(g)(2)(B) of the Bankruptcy Code. The Asbestos PI Trust shall have no liability for any Claim other than an Asbestos PI Claim, which shall be determined and, after the Trust Distribution Effective Date, paid in accordance with the terms, provisions and procedures of the Asbestos PI Trust Agreement and the Asbestos PI Trust Distribution Procedures. On the Effective Date, all right, title and interest in and to the Asbestos PI Trust Assets, and any proceeds thereof, will be transferred to, and vested in, the Asbestos PI Trust, free and clear of all

Claims, Demands, Equity Interests, Encumbrances and other interests of any Entity without any further action of the Bankruptcy Court or any Entity, but subject to the remaining provisions of Section 9.3 of the Plan.

42. Appointment of Asbestos PI Trustee. As set forth in the Plan Supplement, the Asbestos PI Trustee shall be The Honorable Alfred M. Wolin (ret'd).

43. Creation of the Asbestos PI Trust Advisory Committee. On the Effective Date, there shall be formed an Asbestos PI Trust Advisory Committee which will serve in accordance with the Asbestos PI Trust Agreement. The initial members of the Asbestos PI Trust Advisory Committee shall be: Alan Brayton, John Cooney, John A. Baden, IV, Peter A. Kraus and Steven Kazan.

44. Contributions to the Asbestos PI Trust. On the Effective Date, Leslie shall make the Leslie Contribution and CIRCOR shall make the CIRCOR Asbestos PI Trust Contribution, to the Asbestos PI Trust. The CIRCOR Asbestos PI Trust Contribution constitutes substantial assets of the Plan and the reorganization, is essential and necessary to the feasibility of the Plan and the successful reorganization of the Debtor and constitutes a sufficient basis upon which to provide the CIRCOR Related Parties and Watts Related Parties with the protections afforded to them under the Plan, Plan Documents and this Confirmation Order.

45. Leslie Promissory Note. On the Effective Date, as part of the Leslie Contribution, Reorganized Leslie shall execute and deliver to the Asbestos PI Trust the Leslie Promissory Note. As security for the Leslie Promissory Note, on the Effective Date, CIRCOR shall execute and deliver to the Asbestos PI Trust the CIRCOR Pledge.

46. Limitation on Incurrence of Costs. During the period on and after the Effective Date but prior to the Trust Distribution Effective Date, the Asbestos PI Trust shall not incur

costs (defined broadly to include all obligations, including salaries, disbursements, expenses, and all other costs) in an aggregate total amount greater than $500,000.

47. Preservation of Insurance Claims. The discharge, release, exculpation and indemnification of the Released Parties pursuant to the Plan shall neither diminish nor impair the enforceability of any Asbestos PI Insurance Contract. The Asbestos PI Trust is, and shall be deemed to be for all purposes, including, but not limited to for purposes of insurance and indemnity, the successor to Leslie in respect of all Asbestos PI Claims. An Asbestos PI Claim determined to be payable pursuant to the provisions governing the Asbestos PI Trust (as successor for all purposes to the liabilities of Leslie in respect of Asbestos PI Claims) shall be liquidated by the Asbestos PI Trust in accordance with the Asbestos PI Trust Distribution Procedures.

48. Failure of Trust Distribution Effective Date. If the Confirmation Order is vacated, modified, or reversed after its affirmance or issuance by the District Court, then the Debtor, CIRCOR, the Asbestos PI Trust Advisory Committee and the Future Claimants' Representative shall negotiate in good faith to determine if they can agree upon a modified Plan acceptable to all such parties. If the parties are unable to do so within 90 days from the date of such vacating, modification, or reversal of the Confirmation Order (which period may be extended by the agreement of the Debtor, CIRCOR, the Asbestos PI Trust Advisory Committee, and Future Claimants' Representative, filed with the Bankruptcy Court), then the following shall thereupon occur: (i) the Asbestos PI Trust shall immediately return the Leslie Promissory Note to Leslie; (ii) the Pledge Agreement shall be null and void; (iii) the Asbestos PI Trust shall immediately transfer all of its assets to CIRCOR, except for the Leslie Promissory Note which shall be returned to Leslie; (iv) all rights and interests relating to insurance previously

transferred by the Debtor to the Asbestos PI Trust shall immediately and automatically revert to the Debtor; (v) the Asbestos PI Trust shall immediately thereafter be dissolved and its determinations with respect to any Asbestos PI Claims shall be deemed void; (vi) any Asbestos Records shall be returned to CIRCOR and/or Leslie, as applicable; and (vii) each of the injunctions and releases contained in the Plan or the Confirmation Order shall be deemed terminated.

49. Transfer of Claims and Demands to the Asbestos PI Trust. On the Effective Date, all liabilities, obligations, and responsibilities relating to all Asbestos PI Claims and Demands shall be transferred and channeled to the Asbestos PI Trust and shall be satisfied solely by the assets held by the Asbestos PI Trust. The Asbestos PI Trust shall have no liability for any Claims other than Asbestos PI Claims, and no Claims other than Asbestos PI Claims shall be transferred and channeled to the Asbestos PI Trust.

50. Discharge of Liabilities to Holders of Asbestos PI Claims. The transfer to, vesting in, and assumption by the Asbestos PI Trust of the Asbestos PI Trust Assets, on or after the Effective Date, as contemplated by the Plan, and the occurrence of the Trust Distribution Effective Date shall, among other things, discharge all obligations and liabilities of all Asbestos Protected Parties for and in respect of all Asbestos PI Claims as of the Trust Distribution Effective Date.

51. Indemnification by the Asbestos PI Trust. As and to the extent provided in the Asbestos PI Trust Indemnification Agreement, the Asbestos PI Trust shall indemnify and hold harmless each of the following Entities for any liability, or alleged liability, arising out of, or resulting from, an Asbestos PI Claim: (i) Leslie and Reorganized Leslie; (ii) any CIRCOR

Related Parties; (iii) any Watts Related Parties; and (iv) any current or former Representative of any of the above, in their capacities as such.

52. Books and Records. The Asbestos Records Cooperation Agreement shall become effective on the Effective Date, and the Asbestos Records shall be treated in accordance therewith.

53. Injunction. Notwithstanding any other provision of the Plan or the Confirmation Order that might be construed to be to the contrary, the Asbestos PI Trust is hereby prohibited and permanently enjoined from seeking to recover (on its own behalf or on behalf of its beneficiaries) from any Settling Insurer any insurance coverage provided by the Settling Insurer that has been released by the Debtor pursuant to a settlement agreement, including the settlement agreements listed in Exhibit F to the Plan.

RESOLUTION OF OBJECTIONS

54. Paragraphs 55-59 contain language requested by parties that asserted formal or informal objections to the Plan.

55. Department of Justice. Nothing in the Confirmation Order or the Plan discharges, releases, or precludes any claim, liability, or cause of action of a governmental unit, or divests any court, commission, or tribunal of jurisdiction over any liabilities asserted by a governmental unit, including jurisdiction to determine whether such liabilities are barred by the Confirmation Order, the Plan, or the Bankruptcy Code. Notwithstanding any other provision in the Confirmation Order or the Plan, governmental units may pursue police and regulatory actions or proceedings with respect to the Released Parties in the manner, and by the administrative or judicial tribunals, in which the governmental units could have pursued such actions or proceedings if the Chapter 11 Case had never been commenced.

56. Pension Benefit Guaranty Corporation. No provision contained in the Plan, the Confirmation Order, or section 1141 of the Bankruptcy Code, shall be construed as discharging, releasing or relieving any party, in any capacity, from any liability with respect to the Pension Plan under any law, government policy or regulatory provision. PBGC and the Pension Plan shall not be enjoined or precluded from enforcing such liability against any party as a result of the Plan's provisions for satisfaction, release and discharge of claims.

57. United States Department of Defense. Notwithstanding any provision in the Plan, the Confirmation Order and any implementing Plan documents, including but not limited to notices of assumption and assignment of executory contracts (collectively, "Documents"), any licenses, leases, authorizations, contracts, agreements or other interests of the federal government (collectively "federal interests") shall be treated, determined and administered in the ordinary course of business as if the debtor's bankruptcy case was never filed and the debtor and Reorganized Leslie shall comply with all applicable non-bankruptcy law, federal regulations and statutes. Moreover, without limiting the foregoing, nothing in the Documents shall be interpreted to set cure amounts or to require the government to novate or otherwise consent to the transfer of any federal interests. The government shall not be required to file any pre-petition or post-petition claims with respect to the federal interests in the bankruptcy case. The government's rights to offset or recoup any amounts due under, or relating to, any federal interests are expressly preserved.

58. State of Michigan Department of Treasury. Nothing in the Plan will limit or enjoin the collection of tax debts due to the Michigan Department of Treasury from non-debtors. The Debtor or Reorganized Leslie, as applicable, will pay any Allowed Priority Tax Claim of the Michigan Department of Treasury within 30 (thirty) days subsequent to the date any such

priority tax claim becomes an Allowed Claim (as defined in the Plan), including accrued interest at the rate of 4.25% annually from the Effective Date until the payment is made. Upon the failure of the Debtor or Reorganized Leslie, as applicable, to make any payments due to the Michigan Department of Treasury on account of any Allowed Priority Tax Claim that is not cured within 30 days of a written notice of default, the Michigan Department of Treasury may exercise all rights and remedies available under non-bankruptcy laws for the collection of its entire claim and/or seek appropriate relief in this Court.

59. Estate of Richard Merrill. Nothing in this Confirmation Order, the Plan, or the Plan Documents shall (1) prevent the Estate of Richard Merrill from litigating to conclusion its lawsuit against Leslie Controls, Inc., currently pending as Case No. S187957 in the California Supreme Court, or (2) impact any applicable state law or contract rights that the Estate of Richard Merrill may have pursuant to the supersedeas bond, otherwise known as an "Undertaking Under Section 917.1 C.C.P." (the "Undertaking") as filed with the Los Angeles Superior Court in on August 24, 2007 in Case No. BC352170; provided, for the avoidance of doubt, that if the Estate of Richard Merrill obtains a final, enforceable judgment against Leslie Controls, Inc., such judgment may be enforced only as against such Undertaking and not against any Asbestos Protected Party. However, if such Undertaking is not sufficient to satisfy such final enforceable judgment, or such Undertaking is determined to have lapsed or to be unenforceable for any reason, then such final enforceable judgment may be enforced against the Asbestos PI Trust as a Class 4, Asbestos PI Claim in the full unsatisfied amount of such final enforceable judgment, subject to the Payment Percentage set forth in the Asbestos PI Trust Distribution Procedures. Any Claims, Demands, or allegations against Leslie Controls, Inc., or CIRCOR International, Inc., relating to such Undertaking, whether sounding in tort, or under

contract, or implied by law, warranty, guarantee, contribution, joint and several liability, subrogation, reimbursement, or indemnity, or any other theory of law, equity, or admiralty, shall be an Indirect Asbestos PI Claim and channeled exclusively to and assumed by the Asbestos PI Trust in accordance with, and to the extent set forth in, the applicable Plan Documents. The defense of the pending lawsuit by the Estate of Richard Merrill against Leslie Controls, Inc. shall be directed and paid for by Reorganized Leslie, provided that the Asbestos PI Trust shall have the right, at its own expense, to reasonably consult with counsel retained by Reorganized Leslie to defend the lawsuit.

MISCELLANEOUS

60. Nonoccurrence of Effective Date. In the event that Leslie determines it is appropriate, after consultation with and consent by CIRCOR, the Future Claimants' Representative and the Committee, prior to the Effective Date, upon notification submitted by Leslie to the Bankruptcy Court: (A) the Confirmation Order shall be vacated; (B) no Distributions under the Plan shall be made; and (C) Leslie and all holders of Claims against and Equity Interests in Leslie shall be restored to the status quo ante as of the day immediately preceding the Confirmation Date as though the Confirmation Date never occurred. If the Confirmation Order is vacated pursuant to Section 12.5 of the Plan, nothing contained in the Plan shall: (A) constitute or be deemed a waiver or release of any Claims or Equity Interests by, against, or in Leslie or any other Entity; or (B) prejudice in any manner the rights of Leslie or any other Entity in the Chapter 11 Case or any other or further proceedings involving Leslie.

61. Modification of Confirmation Order Without Consent. Pursuant to section 524(g)(i)(A) of the Bankruptcy Code, the District Court must affirm the Asbestos PI Channeling Injunction as a condition precedent to the Effective Date of the Plan. In the event that the

District Court modifies the Plan or this Confirmation Order without the consent of CIRCOR or the Debtor, CIRCOR or the Debtor shall have the opportunity to withdraw its support for the Plan, and upon notification submitted by CIRCOR or the Debtor to the Bankruptcy Court: (A) this Confirmation Order shall be vacated; (B) no Distributions under the Plan shall be made; and (C) the Debtor, all holders of Claims against and Equity Interests in the Debtor, and Asbestos Insurance Entities shall be restored to the *status quo ante* as of the day immediately prior to the commencement of the Confirmation Hearing as though the Confirmation Hearing never occurred; provided, that, nothing contained in the Plan shall: (A) constitute or be deemed a waiver or release of any Claims or Equity Interests by, against, or in the Debtor or any other Entity; or (B) prejudice in any manner the rights of the Debtor or any other Entity in the Chapter 11 Case or any other or further proceedings involving the Debtor.

62. Notice of Entry of Confirmation Order and Effective Date. The Debtor and its authorized agent shall serve notice of entry of this Confirmation Order, substantially in the form annexed hereto as Exhibit A, which form is hereby approved, on all creditors of the Debtor as of the date hereof, and other parties in interest, within five (5) business days of the Effective Date.

63. Authorization to File Conformed Plan. The Debtor is authorized to file a conformed Plan, dated on the date hereof, that incorporates the amendments to the Plan within thirty (30) days of the entry of this Confirmation Order.

64. Applicable Non-Bankruptcy Law. Pursuant to sections 1123(a) and 1142(a) of the Bankruptcy Code and the provisions of this Confirmation Order, the Plan, the Plan Supplement, and the Plan Documents shall apply and be enforceable notwithstanding any otherwise applicable nonbankruptcy law.

65. Final Order. This Confirmation Order shall become a final order in accordance with Section 1.81 of the Plan.

66. Severability. Each term and provision of the Plan, as it may have been altered or interpreted by the Bankruptcy Court in accordance with Section 14.10 of the Plan, is valid and enforceable pursuant to its terms.

67. Conflicts between Order and Plan. To the extent of any inconsistency between the provisions of the Plan and this Confirmation Order, the terms and conditions contained in this Confirmation Order shall govern. The provisions of this Confirmation Order are integrated with each other and are nonseverable and mutually dependent unless expressly stated by further order of this Court.

68. Superseder of Confirmation Order. This Confirmation Order shall supersede any Bankruptcy Court orders issued prior to the Confirmation Date that may be inconsistent with this Confirmation Order.

STANDING OF INSURERS

69. After due deliberation and for the reasons set forth on the record at the hearing held on October 26, 2010, the Motion to Strike is granted in its entirety. The Plan, with the insurance neutrality language approved by this Court in paragraph 26 herein, is insurance neutral. Accordingly, the Insurers do not have standing to be heard on any issues relating to confirmation of the Plan, including the Insurers' Objections, and, as a result, the Court has not considered the Insurers' Objections.

MOTIONS IN LIMINE

70. The Motions in Limine are denied as moot.

REPORT AND RECOMMENDATION TO THE DISTRICT COURT

71. To the extent required under 28 U.S.C. § 157(d), this Court hereby reports to the District Court and recommends that the District Court enter an order issuing and affirming the Asbestos PI Channeling Injunction set forth in the Plan and paragraph 39 (Asbestos PI Channeling Injunction) of this Confirmation Order and adopting the findings of fact and conclusions of law found in Section U (Plan Compliance with Requirements of Section 524(g)) of this Confirmation Order pursuant to section 524(g)(3) of this Bankruptcy Code.

payment or act under the Plan is required to be made or performed on a date that is not a Business Day, then the making of such payment or the performance of such act may be completed on or as soon as reasonably practicable after the next succeeding Business Day, but shall be deemed to have been completed as of the required date.

6.3 Postpetition Interest on Claims. Unless expressly provided for in the Plan, the Plan Documents and the Confirmation Order, or any contract, instrument, release, settlement or other agreement entered into in connection with the Plan, or unless required by applicable bankruptcy law (including the fair and equitable rule), interest shall not accrue on or after the Commencement Date on account of any Claim. Nothing in this Article 6.3 shall be deemed to prohibit collection of interest by the United States or any federal or state governmental agency.

6.4 Means of Cash Payment. At the option of the Debtor, any Cash payment to be made hereunder may be made by a check or wire transfer or as otherwise required or provided in any applicable agreement.

6.5 Delivery of Distributions. Subject to Bankruptcy Rule 9010, all Distributions to any holder of an Allowed Claim or Equity Interest shall be made at the address of such holder as set forth on the Schedules filed, as may be required, with the Bankruptcy Court, or on the books and records of THAN or its agents, or in a letter of transmittal, unless THAN has been notified in writing of a change of address.

If any holder's Distribution is returned as undeliverable, then no further Distributions to such holder shall be made unless and until Reorganized THAN is notified of such holder's then-current address, at which time all missed Distributions shall be made to such holder without interest. A Cash Distribution that is not claimed by the expiration of six (6) months from the date that such Distribution was made shall be deemed unclaimed property under section 347(b) of the Bankruptcy Code and shall revest in Reorganized THAN, and the Claim of any holder to such Distributions shall be discharged and forever barred. Nothing contained in the Plan shall require THAN or Reorganized THAN to attempt to locate any holder of an Allowed Claim.

6.6 Time Bar to Cash Payments. Checks issued by Reorganized THAN in respect of Distributions on Allowed Claims shall be null and void if not presented for payment within sixty (60) days after the date of issuance thereof. Requests for reissuance of any check shall be made in writing to Reorganized THAN by the holder of the Allowed Claim to whom such check originally was issued on or before thirty (30) days after the expiration of the sixty (60) day period following the date of issuance of such check. After expiration of the thirty (30) day period, all funds held on account of such void check shall, in the discretion of Reorganized THAN, be used to satisfy the costs of administering and fully consummating the Plan or to become property of Reorganized THAN, and the Claim of any holder to such Distributions shall be discharged and forever barred.

6.8 Distributions after Effective Date. Distributions made after the Effective Date shall be deemed to have been made on the Effective Date. No interest shall accrue or be payable on such Distributions.

6.9 Fractional Cents. Notwithstanding any other provision in the Plan to the contrary, no payment of fractional cents will be made pursuant to the Plan. Whenever any payment of a fraction of a cent under the Plan would otherwise be required, the actual Distribution made will reflect a rounding of such fraction to the nearest whole penny (up or down), with fractions of more than half a penny being rounded up and fractions of half of a penny or less being rounded down.

6.10 Setoff. THAN or Reorganized THAN may, but shall not be required to, set off against any Claim (for purposes of determining the Allowed Amount of such Claim on which Distribution shall be made), any claims of any nature whatsoever that THAN or Reorganized THAN may have against the holder of such Claim, and the failure to do so shall not constitute a waiver or release by THAN or Reorganized THAN of any such Claims that THAN or Reorganized THAN may have against the holder of such Claim.

ARTICLE VII

TREATMENT OF EXECUTORY CONTRACTS AND UNEXPIRED LEASES

7.1 General Treatment. THAN shall assume, as of the Effective Date, all Executory Contracts to which THAN is a party, except for: (a) the Executory Contracts specifically listed in certain Schedules to the Plan Supplement, which shall either be rejected or assumed and assigned, respectively, as described therein; and (b) the Executory Contracts specifically addressed herein or pursuant to a Final Order of the Bankruptcy Court entered on or before the Effective Date. THAN may, at any time on or before the Effective Date, amend the Schedules to the Plan Supplement to delete therefrom, or add thereto, any Executory Contract. THAN shall provide notice of any such amendment to the parties to the Executory Contract(s) affected thereby and to parties on any master service list established by the Bankruptcy Court in the Chapter 11 Case. The fact that any contract or lease is listed in the Schedules to the Plan Supplement shall not constitute or be construed to constitute an admission that such contract or lease is an executory contract or unexpired lease within the meaning of section 365 of the Bankruptcy Code or that THAN or any successor in interest to THAN (including Reorganized THAN) has any liability thereunder.

The non-Debtor party or parties to each such Executory Contract shall have fifteen (15) days from service of the Cure Notice to object to the proposed Cure with respect to that Executory Contract. Within thirty (30) days after service of any objection to the proposed Cure for an Executory Contract, THAN shall: (a) resolve such objection, which resolution shall not require approval of the Bankruptcy Court; (b) schedule a hearing before the Bankruptcy Court to determine the proper Cure for the Executory Contract; or (c) determine to reject the Executory Contract, and provide notice thereof to the applicable non-Debtor party or parties.

7.3 Bar to Rejection Damages. In the event that the rejection of an Executory Contract by THAN pursuant to the Plan results in damages to the non-Debtor party or parties to such Executory

Contract, a claim for such damages shall be forever barred and shall not be enforceable against THAN, Reorganized THAN, or their respective properties or interests in property, unless a Proof of Claim with respect to such damages is filed with the Bankruptcy Court and served upon counsel for THAN on or before (a) if such Executory Contract is rejected pursuant to Articles 7.1 and 7.2 above, the later of: (i) thirty (30) days after entry of the Confirmation Order; and (ii) thirty (30) days after the non-Debtor party receives notice of the rejection of such Executory Contract pursuant to Article 7.2 above; and (b) if such Executory Contract is rejected pursuant to a Final Order of the Bankruptcy Court granting a motion filed by THAN to reject that Executory Contract, thirty (30) days after entry of such order.

PROCEDURES FOR RESOLVING AND TREATING DISPUTED CLAIMS OTHER THAN ASBESTOS PI CLAIMS

8.1 Disputed Claims. All Disputed Claims against THAN shall be subject to the provisions of this Article VIII. All Asbestos PI Claims shall be determined and paid by the Asbestos PI Trust in accordance with Article 9.4 below, the Asbestos PI Trust Agreement and the Asbestos PI Trust Distribution Procedures. Only the Asbestos PI Trust will have the right to object to and/or resolve Asbestos PI Claims. All Asbestos PI Claims must be submitted solely to the Asbestos PI Trust for payment, which shall be in accordance with the Asbestos PI Trust Distribution Procedures, and only the Asbestos PI Trust will have the right to object to and/or resolve Asbestos PI Claims.

8.2 Objection to Claims. THAN or Reorganized THAN, as the case may be, shall be entitled to file objections to Claims that have been or properly should have been brought in the Bankruptcy Court (other than Asbestos PI Claims), on or before the first (1st) anniversary of the Effective Date (unless such day is not a Business Day, in which case such deadline shall be the next Business Day thereafter), as the same may be extended from time to time by the Bankruptcy Court, and shall be authorized to settle, compromise, withdraw or litigate to judgment such objections without further approval of the Bankruptcy Court.

8.3 Payments and Distributions with Respect to Disputed Claims. Notwithstanding any other provision hereof, if any portion of a Claim (other than an Asbestos PI Claim) is a Disputed Claim, no payment or Distribution provided for herein shall be made on account of such Claim, unless and until such Claim becomes an Allowed Claim.

8.4 Preservation of Insurance. Subject to the terms and provisions of the Bankruptcy Insurance Stipulation, nothing in the Plan, the Plan Documents or the Confirmation Order, including the discharge and release of THAN and the Asbestos PI Channeling Injunction, shall diminish, impair or otherwise affect the enforceability of any Asbestos PI Insurance Contract with any Asbestos Insurance Entity that may be obligated to provide, or has settled the issue of, coverage for Claims or Demands against THAN.

8.5 Estimation of Claims. THAN or Reorganized THAN, as the case may be, may at any time request that the Bankruptcy Court estimate any contingent, unliquidated or Disputed Claim (not including any Asbestos PI Claims) for any reason pursuant to section 502(c) of the Bankruptcy Code, regardless of whether THAN previously objected to such Claim or whether the Bankruptcy Court has ruled on any such objection, and the Bankruptcy Court will retain jurisdiction to estimate such Claim at any time, including, without limitation, during the pendency of litigation concerning any objection to any Claim or of any appeal relating thereto. Claims may be estimated and subsequently compromised, settled, withdrawn or otherwise resolved by any mechanism approved by the Bankruptcy Court.

Nothing in this Article 8.5 shall be deemed to provide for estimation of any Claim of the United States or any federal or state governmental agency.

8.6 Preservation of Rights to Settle Claims. In accordance with section 1123(b) of the Bankruptcy Code, THAN and Reorganized THAN shall retain and may enforce, sue on, settle, or compromise (or decline to do any of the foregoing) all Claims (other than Asbestos PI Claims), rights, causes of action, suits and proceedings, whether in law or in equity, whether known or unknown, that THAN or its estate may hold against any Entity, without the necessity for Bankruptcy Court approval under Bankruptcy Rule 9019.

ARTICLE IX

MEANS FOR IMPLEMENTATION OF THE PLAN

9.1 Generally. On the Confirmation Date, THAN shall be empowered and authorized to take or cause to be taken, prior to the Effective Date, all actions necessary to enable it to implement the provisions of the Plan, including, without limitation, the creation of the Asbestos PI Trust and the creation of the Parent Trust. From and after the Effective Date, Reorganized THAN shall be governed pursuant to the Amended Charter Documents.

9.2 Transactions on the Effective Date.

(a) Immediately on the Effective Date, the following shall be deemed for all purposes to have occurred simultaneously:

(i) the making of the PENAC Asbestos PI Trust Contribution and the THAN Contribution to the Asbestos PI Trust;

(ii) the establishment of the Asbestos PI Trust;

(iii) the vesting in the Asbestos PI Trust of the Asbestos PI Trust Assets, as more fully described in Article 9.4 below; and

(iv) the making of the PENAC Debtor Contribution.

(b) Also on the Effective Date, but solely immediately after the occurrence of each of Article 9.2(a)(i) through (iv) herein, the Parent Trust shall be established.

(c) Also on the Effective Date, but solely immediately after the occurrence of Article 9.2(a) and (b) herein, the Equity Interests of PENAC and Remediation Services in THAN shall be cancelled, and 100% of the membership interests of Reorganized THAN shall be issued to, and vest in, the Parent Trust, as more fully described in Article 9.3 below.

(d) Also on the Effective Date, but solely immediately after the occurrence of each of Article 9.2(a) through (c) herein, the following events shall be deemed for all purposes to have occurred, simultaneously:

(i) the effectiveness of the Pledge Agreement;

(ii) the effectiveness of the Promissory Note;

(iii) the effectiveness of the Amended Charter Documents of Reorganized THAN;

(iv) any Distributions required to be made on the Effective Date (or as soon thereafter as is reasonably practicable); and

(v) the payment of the Qualified Asbestos PI Claims by the Asbestos PI Trust (on the Effective Date or as soon thereafter as is reasonably practicable).

9.3 The Parent Trust.

On the Effective Date, immediately after the establishment of the Asbestos PI Trust, the Parent Trust shall be created in accordance with the Plan Documents and the Parent Trust Documents. The Parent Trust shall hold legal title to the membership interests of Reorganized THAN and is currently intended to constitute a "qualified settlement fund" within the meaning of section 468B of the Internal Revenue Code and the regulations issued thereunder.

(a) Issuance of Equity Interests. Automatically on the Effective Date, immediately after the occurrence of each of Article 9.2(a) and (b), one-hundred percent (100%) of the membership interests of Reorganized THAN shall be issued to the Parent Trust.

(b) Appointment of Parent Trustee. The initial Trustee(s) of the Parent Trust shall be set forth in a Plan Supplement.

(c) Pledge of Equity Interest. In connection with the execution of the Promissory Note, after the issuance to and vesting in the Parent Trust of one-hundred percent (100%) of the membership interests of Reorganized THAN, the Parent Trust shall execute the Pledge Agreement granting to the Asbestos PI Trust a security interest in one-hundred percent (100%) of the outstanding membership interests of Reorganized THAN to secure payment of the Promissory Note.

9.4 The Asbestos PI Trust.

(a) Creation of the Asbestos PI Trust. On the Effective Date, the Asbestos PI Trust shall be created in accordance with the Plan Documents, the Asbestos PI Trust Documents and section 524(g) of the Bankruptcy Code. The Asbestos PI Trust is intended to constitute a "qualified settlement fund" within the meaning of section 468B of the Internal Revenue Code and the regulations issued thereunder. The purpose of the Asbestos PI Trust shall be to assume, liquidate and satisfy all liabilities determined to arise from, or relate to, the Asbestos PI Claims (whether existing as of the Effective Date or arising at any time thereafter) and to use the Asbestos PI Trust Assets to pay holders of Asbestos PI Claims in accordance with the terms of the Asbestos PI Trust Agreement, the Asbestos PI Trust Distribution Procedures, the Plan and the Confirmation Order, and in such a way as to provide reasonable assurance that the Asbestos PI Trust will value, and be in a financial position to pay, present Asbestos PI Claims and future Demands that involve similar claims in substantially the same manner, and to otherwise comply in all respects with the requirements of section 524(g)(2)(B) of the Bankruptcy Code. The Asbestos PI Trust shall have no liability for any Claim other than an Asbestos PI Claim, which shall be determined and paid in accordance with the terms, provisions and procedures of the Asbestos PI Trust Agreement and the Asbestos PI Trust Distribution Procedures. On the Effective Date, all right, title and interest in and to the Asbestos PI Trust Assets, and any proceeds thereof, will be transferred to, and vested in, the Asbestos PI Trust, free and clear of all Claims, Demands, Equity Interests, Encumbrances and other interests of any Entity without any further action of the Bankruptcy Court or any Entity.

(b) Appointment of Asbestos PI Trustees. The initial Trustees of the Asbestos PI Trust shall be set forth in a Plan Supplement.

(c) Appointment of Future Claimants' Representative. Professor Samuel Issacharoff shall serve as the Future Claimants' Representative.

(d) Appointment of Asbestos PI Trust Advisory Committee Members. The initial members of the Asbestos PI Trust Advisory Committee shall be those persons designated in the Confirmation Order.

(e) Claims Review. The Claims Reviewer has been reviewing Asbestos PI Claims during the Pre-Effective Date Claims Review period using the standards set forth in the Asbestos PI Trust Distribution Procedures. Prior to the Effective Date, any alteration of these review standards must be approved by the putative Asbestos PI Trustees, with the consent of the Asbestos Claimants Group and the Future Claimants' Representative. All Asbestos PI Claims approved by the Claims Reviewer shall be designated as Qualified Asbestos PI Claims and treated in accordance with Article 4.4 of the Plan. To the extent an Asbestos PI Claim submitted during the Pre-Effective Date Claims Review period is not approved by the Claims Reviewer, such Asbestos PI Claim may be re-submitted to the Asbestos PI Trust and considered in accordance with the standards set forth in the Asbestos PI Trust Distribution Procedures. From and after the Effective Date, the Asbestos PI Trust may retain the Claims Reviewer or such other third-party claims reviewer as the Asbestos PI Trustees and the Future Claimants' Representative deem appropriate to review and liquidate all Asbestos PI Claims submitted to the Asbestos PI Trust in accordance with the Asbestos PI Trust Agreement and the Asbestos PI Trust Distribution Procedures.

(f) Contributions to the Asbestos PI Trust. On the Effective Date, Reorganized THAN and PENAC shall make the THAN Contribution and PENAC Asbestos PI Trust Contribution, respectively, to the Asbestos PI Trust; provided, however, that, prior to the Effective Date, as part of the Asbestos PI Trust Contributions, THAN or PENAC shall pay to the putative Asbestos PI Trustees an amount not to exceed $500,000 for the preliminary expenses to be incurred by the Asbestos PI Trust. To the extent any contribution thereof causes the Asbestos PI Trust Contributions to exceed $900 million as of the Effective Date, the excess amount shall be returned to PENAC in Cash.

(g) Promissory Note. On the Effective Date, Reorganized THAN shall execute and deliver to the Asbestos PI Trust the Promissory Note in substantially the form attached hereto as Exhibit D.

(h) Transfer of Claims and Demands to the Asbestos PI Trust. On the Effective Date, all liabilities, obligations, and responsibilities relating to all Asbestos PI Claims and Demands shall be transferred and channeled to the Asbestos PI Trust and shall be satisfied solely by the assets held by the Asbestos PI Trust. The Asbestos PI Trust shall have no liability for any Claims other than Asbestos PI Claims, and no Claims other than Asbestos PI Claims shall be transferred and channeled to the Asbestos PI Trust.

(i) Discharge of Liabilities to Holders of Asbestos PI Claims. The transfer to, vesting in, and assumption by the Asbestos PI Trust of the Asbestos PI Trust Assets, on or after the Effective Date, as contemplated by the Plan, shall, among other things, discharge all obligations and liabilities of all Asbestos Protected Parties for and in respect of all Asbestos PI Claims.

(j) Indemnification by the Asbestos PI Trust. As and to the extent provided in the Asbestos PI Trust Indemnification Agreement, the Asbestos PI Trust shall indemnify and hold harmless

each of the following Entities for any liability, or alleged liability, arising out of, or resulting from, an Asbestos PI Claim: (i) THAN and Reorganized THAN; (ii) PENAC and any PENAC Related Party; (iii) Elementis; and (iv) any current or former Representative of any of the above, in their capacities as such.

(k) Parent Trust Distributions. Holders of certain valid Claims arising from Unknown Environmental Liabilities against either THAN or Reorganized THAN (the "Environmental Beneficiaries"), the Remainder Beneficiary (as defined in the Parent Trust Agreement) and the Asbestos PI Trust (the "Excess Income Beneficiary") shall be the beneficiaries of the Parent Trust, and any distribution therefrom shall be paid to the Environmental Beneficiaries, the Remainder Beneficiary and the Excess Income Beneficiary in accordance with the Parent Trust Documents; provided, that the Parent Trust shall make distributions only upon receipt of dividends from Reorganized THAN, and such dividends shall be paid only under applicable law and only if funds are available after meeting Reorganized THAN's operating expenses, financing obligations, and certain reserve requirements.

(l) Books and Records. On the Effective Date, the Asbestos Records Cooperation Agreement shall become effective and the Asbestos Records shall be treated in accordance therewith.

(m) Injunction. Notwithstanding any other provision of the Plan or the Confirmation Order that might be construed to be to the contrary, the Asbestos PI Trust is hereby prohibited and permanently enjoined from seeking to recover (on its own behalf or on behalf of its beneficiaries) from any Settling Insurer any insurance coverage provided by the Settling Insurer that has been released by THAN or by PENAC pursuant to a settlement agreement, including the settlement agreements listed in Exhibit G to the Plan.

9.5 Environmental Liabilities. As part of the PENAC Debtor Contribution, PENAC shall assume all Known Environmental Liabilities and the other obligations set forth in Article 9.5 herein. The rights and obligations of Elementis, THAN and PENAC under the 1981 Asset Purchase Agreement and any related agreements will not in any way be altered by THAN's Chapter 11 Case.

In addition, THAN has purchased the Unknown Environmental Liability Insurance Policy identifying THAN as a named insured and providing coverage with respect to Unknown Environmental Liabilities in order to enhance or supplement existing insurance related to Unknown Environmental Liabilities, which policy shall be a five-year policy providing coverage only for such Unknown Environmental Liabilities, in excess of a self-insured retention of $250,000 per pollution condition, $2,000,000 aggregate, $100,000 maintenance, up to $10,000,000 per claim and an aggregate limit of $30,000,000. At the end of its initial term, the policy may be automatically extended for an equal term (with any associated costs to be borne by Reorganized THAN).

The Unknown Environmental Liability Insurance Policy shall be deemed and treated as an executory contract pursuant to the Plan and shall be automatically assumed on the Effective Date by THAN and Reorganized THAN and shall continue in full force and effect. On the Effective Date, the Unknown Environmental Liability Insurance Policy shall vest in Reorganized THAN. On the Effective Date, or, as soon as reasonably practicable thereafter, THAN or Reorganized THAN, as the case may be, shall assume such Unknown Environmental Liability Insurance Policy and Reorganized THAN shall be insured under such Unknown Environmental Liability Insurance Policy. Any and all costs of providing such insurance coverage for Reorganized THAN under such Unknown Environmental Liability Insurance Policy shall be borne by PENAC.

On the Effective Date, Reorganized THAN shall seek to have the Unknown Environmental Liability Insurance Policy amended to add the Parent Trust as an additional named

insured; provided, however, that the costs of such amendment are determined to be reasonable to both Reorganized THAN and the Future Claimants' Representative, with such costs to be borne by Reorganized THAN.

Pursuant to the Plan, PENAC has agreed to assume all Known Environmental Liabilities, and the other obligations set forth in Article 9.5 herein, and Reorganized THAN will not incur any costs or expenses in relation to those liabilities. In the event that Reorganized THAN is notified of new or additional environmental claims or conditions in connection with the sites identified on Exhibit I or Exhibit J (the "New Claims"), Reorganized THAN will seek coverage from ACE for any New Claims. To the extent ACE contends that the condition was included in the Known Environmental Liabilities and denies coverage for any site on Exhibit I or denies coverage for any reason with respect to an Exhibit J Site, PENAC will either assume the condition or, if PENAC does not agree to assume the New Claims, Reorganized THAN will in good faith take all legal and equitable action, at the sole cost of PENAC, against ACE to compel ACE to provide coverage for such New Claims ("Litigation"). Reorganized THAN shall not be required to incur any cost in connection with Litigation. At PENAC's option and at its cost, PENAC may assume responsibility for and/or direct all actions in the Litigation that otherwise could or would be taken by Reorganized THAN. In the event of a final non-appealable order by a court of competent jurisdiction upholding ACE's denial of coverage as set out above, PENAC will assume such New Claims. Nothing in this paragraph shall impact the rights and obligations provided in this Plan with respect to claims arising at any site other than sites included on Exhibits I and J to the Plan.

Notwithstanding anything to the contrary in the Plan, Confirmation Order or any other document, including the Plan Supplement, Reorganized THAN shall remain liable for all Environmental Liabilities and all Environmental Liabilities shall survive the Chapter 11 Case, shall not be discharged, impaired or adversely affected by the Plan or the Chapter 11 Case and shall be determined in the manner and by the administrative or judicial tribunals in which such rights or Claims would have been resolved or adjudicated if the Chapter 11 Case had not been commenced. Moreover, nothing in the Plan, Confirmation Order or any other document, including the Plan Supplement, shall relieve THAN of its obligations and responsibilities under 42 U.S.C. § 9607(e).

Notwithstanding any other provision of the Plan, Plan Supplement, PENAC Debtor Contribution, or THAN/PENAC Known Environmental Liabilities Assumption and Indemnification Agreement, Confirmation Order, or other Plan Documents, any governmental unit holding Claims related to Environmental Liabilities with respect to the Known Environmental Liabilities may apply to any court of competent jurisdiction for an order to require Reorganized THAN to enforce against PENAC the provisions of the THAN/PENAC Known Environmental Liabilities Assumption and Indemnification Agreement, subject to all applicable defenses, counterclaims, offsets and other rights of PENAC, provided, however, that Reorganized THAN's financial situation or ability to pay shall not be a defense to any such action.

Notwithstanding anything to the contrary in the Plan, Confirmation Order, or any other document, including the Plan Supplement, Reorganized THAN shall remain responsible for all obligations, of any nature, under any Consent Decree, Administrative Order, or any other agreement between THAN and any governmental unit under environmental laws or regulations. Any such Consent Decree, Administrative Order, or other agreement shall remain in full force and effect after the Effective Date.

9.6 PENAC Asset. As part of the PENAC Debtor Contribution, PENAC shall contribute a certain revenue-generating real property to Reorganized THAN on the Effective Date.

9.7 Insurance Assignment. Subject to the terms and provisions of the Bankruptcy Insurance Stipulation, on the Effective Date, THAN shall assign its rights to receive insurance proceeds from any Asbestos PI Insurance Contract, Insurance Settlement Agreement and the Insurance Settlement Proceeds Trust to PENAC. The Asbestos PI Trust shall not be assigned any rights to or proceeds from any Shared Asbestos Insurance Policy.

9.8 Amended Charter Documents. The Amended Charter Documents shall contain such provisions as are necessary to satisfy the provisions of the Plan and, to the extent necessary, to prohibit the issuance of nonvoting equity securities as required by section 1123(a)(6) of the Bankruptcy Code, subject to further amendment of the Amended Charter Documents after the Effective Date as permitted by applicable law. Except as otherwise provided herein, such Amended Charter Documents shall contain indemnification provisions applicable to the officers and employees of Reorganized THAN and such other Entities as may be deemed appropriate in the discretion of the Parent Trust.

9.9 Corporate Governance of Reorganized THAN. On the Effective Date, the Parent Trust may appoint a membership committee for Reorganized THAN and/or a board of managers, in which event the identities of the members thereof shall be disclosed in a Plan Supplement filed with the Bankruptcy Court.

9.10 Effectuating Documents; Further Transactions. Any officer, member or manager of or director of THAN or Reorganized THAN, as the case may be, shall be, and hereby is, authorized to execute, deliver, file, and record such contracts, instruments, releases, indentures, certificates, and other agreements or documents, and take such other actions as may be necessary or appropriate to effectuate and further evidence the terms and conditions of the Plan. The Secretary of THAN is hereby authorized to certify or attest to any of the foregoing, if necessary.

THAN and Reorganized THAN, and all other parties, including all holders of Claims entitled to receive Distributions under the Plan, shall execute any and all documents and instruments that must be executed under or in connection with the Plan in order to implement the terms of the Plan or to effectuate the Distributions under the Plan, provided, that such documents and instruments are reasonably acceptable to such party or parties.

ARTICLE X

EFFECT OF CONFIRMATION

10.1 Vesting of Reorganized THAN's Assets. Pursuant to section 1141(b) of the Bankruptcy Code, except as otherwise provided in the Plan, the Plan Documents or the Confirmation Order, the property of the Estate of THAN (except for the THAN Contribution and subject to Article 2.3 hereof regarding unused Cash drawn under the DIP Agreement that will not be necessary for distributions on account of Allowed General Unsecured Claims in Class 3) shall vest in Reorganized THAN on the Effective Date free and clear of any and all Liens, Claims, Encumbrances and other interests of any Entity. From and after the Effective Date, Reorganized THAN may operate its business and may use, acquire, and dispose of property free of any restrictions imposed under the Bankruptcy Code, the Bankruptcy Rules, and the Bankruptcy Court. Without limiting the generality of the foregoing, Reorganized THAN may, without application to, or approval by, the Bankruptcy Court, pay Professional fees and expenses that Reorganized THAN incurs after the Effective Date.

10.2 Preservation of Certain Causes of Action; Defenses. Except as provided in Article 10.6 below, in accordance with section 1123(b) of the Bankruptcy Code, Reorganized THAN, as successor in interest to THAN and its Estate, shall retain and may enforce any and all rights, Claims, and

Causes of Action accruing to or that are property of THAN or its Estate pursuant to the Bankruptcy Code or any statute or legal theory, including any Avoidance Action, any rights to, Claims or Causes of Action for recovery under any policies of insurance issued to or on behalf of THAN, and any rights, Claims, and Causes of Action against third parties related to or arising out of Allowed Claims, and Reorganized THAN shall retain and may enforce all defenses and counterclaims to all Claims asserted against THAN or its Estate, including, but not limited to, setoff, recoupment and any rights under section 502(d) of the Bankruptcy Code. Reorganized THAN may pursue such Claims, rights, or Causes of Action, as appropriate, in accordance with its best interests, as determined by the trustee of the Parent Trust or a membership committee or board of managers appointed thereby for Reorganized THAN. Notwithstanding anything in Article 10.2 of the Plan to the contrary, neither THAN nor Reorganized THAN shall have any rights to pursue any Derivative Liability Claims against a PENAC Related Party or Elementis or any of their Representatives.

Notwithstanding anything in this Article 10.2 to the contrary, on the Effective Date all Claims, defenses, rights and Causes of Action of THAN and Reorganized THAN relating to Asbestos PI Claims, other than any rights or Causes of Action for recovery under any policies of insurance issued to or on behalf of THAN, shall be transferred and assigned to the Asbestos PI Trust. Except as otherwise provided in Article 10.2 of the Plan, in accordance with section 1123(b) of the Bankruptcy Code, the Asbestos PI Trust shall retain and may enforce such Claims, defenses, rights and Causes of Action and shall retain and may enforce all defenses and counterclaims to all Claims or Demands asserted against the Asbestos PI Trust with respect to such Asbestos PI Claims, including, but not limited to, setoff, recoupment and any rights under section 502(d) of the Bankruptcy Code; provided, however, that no such defenses, Causes of Action, or counterclaims may be asserted against any Asbestos Protected Party. The Asbestos PI Trust shall be deemed to be the appointed representative to, and may, pursue, litigate, compromise and settle any rights, Claims, or Causes of Action transferred to it, as appropriate, in accordance with its and its beneficiaries' best interests. Nothing in this Article 10.2, however, shall be deemed to be a transfer by THAN or Reorganized THAN of any Claims, rights, Causes of Action, or defenses relating to assumed Executory Contracts or which otherwise are required by Reorganized THAN to conduct its business in the ordinary course subsequent to the Effective Date, and the preservation of all rights, Claims, Causes of Action, and defenses pursuant to this Article 10.2 shall be expressly subject to the terms and provisions of the Bankruptcy Insurance Stipulation.

10.3 Institution and Maintenance of Legal and Other Proceedings. Subject to the terms and provisions of the Bankruptcy Insurance Stipulation**,** from and after the Effective Date, PENAC or Reorganized THAN shall be empowered and entitled, in its sole and absolute discretion, to pursue, compromise or settle THAN's or Reorganized THAN's interests in the Asbestos Insurance Actions. Subject to the terms and provisions of the Bankruptcy Insurance Stipulation, the duties, obligations and liabilities of any Asbestos Insurance Entity under all insurance policies, including, but not limited to, the Asbestos PI Insurance Contracts, all Insurance Settlement Agreements, and all other settlement agreements are not enlarged or diminished, reduced or eliminated by any aspect of the Chapter 11 Case, provided, that all Asbestos PI Insurer Coverage Defenses are preserved in accordance with Article 10.4 of the Plan.

10.4 Insurance Neutrality. Subject to the terms and provisions of the Bankruptcy Insurance Stipulation and notwithstanding anything to the contrary in the Confirmation Order, the Plan or any of the Plan Documents, nothing in the Plan, the Plan Documents, the Confirmation Order, any finding of fact and/or conclusion of law with respect to the confirmation of the Plan, or any Final Order or opinion entered on appeal from the Confirmation Order (including any other provision that purports to be preemptory or supervening) shall in any way operate to, or have the effect of, impairing: (a) any Asbestos Insurance Entity's legal, equitable or contractual rights, if any, in any respect under any Asbestos PI Insurance Contract, or with respect to Coverage Claims; or (b) any policyholder's legal, equitable or

contractual rights, if any, in any respect under any Asbestos PI Insurance Contract, or with respect to Coverage Claims. Subject to the terms and provisions of the Bankruptcy Insurance Stipulation, the rights and obligations of any Asbestos Insurance Entity shall be determined under the insurance policies, including, but not limited to any Asbestos PI Insurance Contracts. Notwithstanding anything in this Article 10.4 to the contrary, nothing in this Article 10.4 shall affect or limit, or be construed as affecting or limiting: (a) the binding effect of the Plan and the Confirmation Order on THAN, Reorganized THAN, the Asbestos PI Trust and the beneficiaries of such trust; or (b) the protection and rights afforded to any Asbestos Insurance Entity, PENAC or THAN**,** including under or with respect to the terms and provisions of the Bankruptcy Insurance Stipulation. It is the intent of this Plan that the Asbestos Insurance Entities, PENAC and THAN shall retain, and be permitted to assert, all Claims and/or defenses (including, inter alia, any Asbestos PI Insurer Coverage Defenses) relating to Asbestos PI Claims, Coverage Claims and/or Asbestos PI Insurance Contracts, notwithstanding any provision of the Plan, the Plan Documents, the Confirmation Order, any finding of fact and/or conclusion of law with respect to the confirmation of the Plan, or any Final Order or opinion entered on appeal from the Confirmation Order.

10.5 Terms of Injunction and Automatic Stay. All of the injunctions and/or stays in existence immediately prior to the Confirmation Date provided for in or in connection with the Chapter 11 Case, whether pursuant to section 105, 362, or any other provision of the Bankruptcy Code, the Bankruptcy Rules or other applicable law, including, but not limited to, the injunction provided for by the Preliminary Injunction Order shall remain in full force and effect until the injunctions set forth in the Plan become effective pursuant to a Final Order, and shall continue to remain in full force and effect thereafter as and to the extent provided by the Plan, the Confirmation Order, or by their own terms. In addition, on and after the Confirmation Date, Reorganized THAN may seek such further orders as it may deem necessary or appropriate to preserve the status quo during the time between the Confirmation Date and the Effective Date.

Each of the injunctions contained in the Plan or the Confirmation Order shall become effective on the Effective Date and shall continue in effect at all times thereafter unless otherwise provided by the Plan or the Confirmation Order. All actions of the type or nature of those to be enjoined by such injunctions shall be enjoined during the period between the Confirmation Date and the Effective Date.

10.6 No Liability for Certain Released Claims. Neither THAN, Reorganized THAN, the other Asbestos Protected Parties, nor the Asbestos PI Trust (except, as it relates to the Asbestos PI Trust, with respect to the Asbestos PI Claims) does, or shall be deemed to, assume, agree to perform, pay, or indemnify creditors for any liabilities or obligations of THAN relating to or arising out of the operations of, or assets of, THAN whether arising prior to or resulting from actions, events, or circumstances occurring or existing at any time prior to the Effective Date. Neither Reorganized THAN, nor the Asbestos PI Trust shall be liable for any Derivative Liability Claim, except that Reorganized THAN and the Asbestos PI Trust shall assume their respective obligations specified in the Plan and the Confirmation Order.

Effective automatically on the Effective Date, the Asbestos Protected Parties and their respective Representatives shall unconditionally and irrevocably be fully released from any and all Derivative Liability Asbestos PI Claims.

Nothing in the Plan or Confirmation Order releases, nullifies, precludes, or enjoins the enforcement of any liability to the United States, any State, or any enforcement or regulatory agency thereof under policy or regulatory statutes or regulations that any entity, including but not limited to any THAN Related Party, would be subject to as the owner or operator of property after the date of entry of this Order.

10.7 Title to Asbestos PI Trust Assets. On the Effective Date, title to all of the Asbestos PI Trust Assets shall vest in the Asbestos PI Trust free and clear of all Claims, Equity Interests, Encumbrances and other interests of any Entity. The Asbestos PI Trust shall be empowered and entitled to process and pay Asbestos PI Claims in accordance with the Asbestos PI Trust Distribution Procedures and the Asbestos PI Trust Agreement.

10.8 Dissolution of Official Committees; Continuation of Future Claimants' Representative; Creation of the Asbestos PI Trust Advisory Committee. Effective on the Effective Date, any committee appointed in the Chapter 11 Case shall be dissolved automatically, whereupon its members, Professionals, and agents shall be released from any further duties and responsibilities in the Chapter 11 Case and under the Bankruptcy Code, except with respect to applications for compensation by Professionals or reimbursement of expenses incurred as a member of an official committee and any motions or other actions seeking enforcement or implementation of the provisions of the Plan or the Confirmation Order or pending appeals of any other order entered in the Chapter 11 Case.

As provided in Article 9.4(b) and (d) above, the Confirmation Order shall provide for the appointment of the Asbestos PI Trust Advisory Committee effective as of the Effective Date. The Confirmation Order shall also provide that, from and after the Effective Date, the Future Claimants' Representative shall continue to serve as provided in the Plan and the Asbestos PI Trust Agreement, to perform the functions specified and required therein. The Future Claimants' Representative also may, at his option, participate in any: (a) appeal of the Confirmation Order; (b) hearing on a claim for compensation or reimbursement of a Professional; or (c) adversary proceeding pending on the Effective Date in which the Future Claimants' Representative is a party.

Upon termination of the Asbestos PI Trust: (a) the members of the Asbestos PI Trust Advisory Committee and the Future Claimants' Representative shall be released and discharged of and from all further authority, duties, responsibilities, and obligations relating to and arising from and in connection with the Chapter 11 Case; and (b) the Asbestos PI Trust Advisory Committee shall be deemed dissolved and the Future Claimants' Representative 's employment shall be deemed terminated.

All reasonable and necessary post-Effective Date fees and expenses of the professionals retained by the Asbestos PI Trust Advisory Committee and the Future Claimants' Representative shall be paid exclusively by the Asbestos PI Trust in accordance with the terms of the Asbestos PI Trust Agreement, and Reorganized THAN shall not be liable for any such fees and expenses. The parties shall attempt to resolve any dispute regarding the payment of such fees and expenses in good faith, and if they shall fail to resolve such dispute, they shall submit the dispute to the Bankruptcy Court for resolution.

ARTICLE XI

RELEASES, INJUNCTIONS AND WAIVERS OF CLAIMS

11.1 Discharge. Except as specifically provided for in Articles 4.2, 4.3 and 11.8 of the Plan, pursuant to section 1141(d)(1)(A) of the Bankruptcy Code, confirmation of the Plan shall discharge THAN and Reorganized THAN from any and all Claims or Demands of any nature whatsoever, including, without limitation, all Claims, Demands and liabilities that arose before the Effective Date and all debts of the kind specified in sections 502(g), 502(h) and 502(i) of the Bankruptcy Code, whether or not: (a) a Proof of Claim based on such Claim or Demand was filed under section 501 of the Bankruptcy Code, or such Claim or Demand was listed on any Schedules of THAN; (b) such Claim or Demand is or was allowed under section 502 of the Bankruptcy Code; or (c) the holder of such Claim or Demand has voted on or accepted the Plan. Except as specifically provided for in Articles 4.2, 4.3 and 11.8 of the

Plan, as of the Effective Date the rights provided in the Plan shall be in exchange for and in complete satisfaction, settlement and discharge of all Claims or Demands against THAN or Reorganized THAN or any of their respective assets and properties.

11.2 Injunction. Except as specifically provided for in Articles 4.2, 4.3 and 11.8 of the Plan, all persons or Entities who have held, hold or may hold Claims or Demands are permanently enjoined, from and after the Effective Date, from: (a) commencing or continuing in any manner any action or other proceeding of any kind against Reorganized THAN with respect to such Claim or Demand; (b) enforcing, attaching, collecting, or recovering by any manner or means of any judgment, award, decree, or order against Reorganized THAN with respect to such Claim or Demand; (c) creating, perfecting, or enforcing any Encumbrance of any kind against Reorganized THAN or against the property or interests in property of Reorganized THAN with respect to such Claim or Demand; (d) asserting any right of setoff, subrogation, or recoupment of any kind against any obligation due to Reorganized THAN or against the property or interests in property of Reorganized THAN, with respect to such Claim or Demand; and (e) pursuing any Claim or Demand released pursuant to this Article XI of the Plan.

11.3 Exculpation. Except for contractual or extracontractual Claims against THAN, Reorganized THAN, or PENAC, relating to or arising out of any Asbestos PI Insurance Contract, none of the Released Parties shall have or incur any liability to any holder of a Claim or Equity Interest, including, without limitation, the Asbestos PI Claims, for any act or omission in connection with, related to, or arising out of: (a) the Chapter 11 Case; (b) pursuit of confirmation of the Plan; (c) consummation of the Plan, or administration of the Plan or the property to be distributed under the Plan or the Asbestos PI Trust Distribution Procedures; (d) the Plan; or (e) the negotiation, formulation and preparation of the Plan, the Plan Documents, and any of the terms and/or settlements and compromises reflected in the Plan and the Plan Documents, except for willful misconduct or gross negligence as determined by a Final Order, and, in all respects, THAN, Reorganized THAN, and each of the other Released Parties shall be entitled to rely upon the advice of counsel with respect to their duties and responsibilities under the Plan and the Plan Documents.

11.4 Release of THAN's Officers and Directors. The acceptance by a holder of a Claim or Demand against, or Equity Interest in, THAN, of any Distribution, and, with respect to Asbestos PI Claims, the THAN Contribution by the Asbestos PI Trust, shall constitute a waiver and release of any and all Causes of Action that such holder, including the Asbestos PI Trust, any holder of an Asbestos PI Claim, and the Future Claimants' Representative did commence or could have commenced against any officer or director of THAN (serving in such capacity) from and after the Commencement Date, that is based upon, related to or arising from any acts or omissions of such officer or director occurring prior to the Effective Date, to the fullest extent permitted under section 524(e) of the Bankruptcy Code and applicable law (as now in effect or subsequently extended), except for willful misconduct or gross negligence as determined by a Final Order.

Except with respect to Asbestos PI Claims, nothing in the Plan, Confirmation Order, or PENAC Debtor Contribution providing for the release of any entity (including but not limited to any THAN Related Party or any PENAC Related Party) or an injunction of actions shall apply to (i) any claims, debts, obligations, rights, suits, damages, actions, causes of action, remedies, and liabilities of the United States or any enforcement or regulatory agency thereof; (ii) any claims, debts, obligations, rights, suits, damages, actions, causes of action, remedies, and liabilities of any State or any enforcement or regulatory agency of any State, under state or federal environmental laws; or (iii) any criminal liability under the laws of the United States or any State. Nothing in the preceding paragraph shall affect the treatment of Asbestos PI Claims pursuant to the Plan and the channeling of Asbestos PI Claims pursuant to the Asbestos PI Channeling Injunction.

11.5 Asbestos PI Channeling Injunction. Pursuant to the Confirmation Order and sections 105(a) and 524(g) of the Bankruptcy Code, and subject to Article 11.6 below, the sole recourse of any holder of an Asbestos PI Claim on account of such Asbestos PI Claim shall be against the Asbestos PI Trust. Each such holder shall be and is enjoined from taking legal action directed against THAN, Reorganized THAN, any PENAC Related Party, Elementis or any other Asbestos Protected Party, or their respective property, for the purpose of directly or indirectly collecting, recovering or receiving payment or recovery relating to such Asbestos PI Claim.

11.6 Limitations of Injunctions. Subject to the terms and provisions of the Bankruptcy Insurance Stipulation, the releases set forth in the Plan and the injunction set forth in Article 11.5 above shall not enjoin:

(a) the rights of Entities to the treatment accorded to them under Articles III and IV above, as applicable, including the rights of Entities with Asbestos PI Claims to assert such Claims or Demands against the Asbestos PI Trust in accordance with the Asbestos PI Trust Distribution Procedures;

(b) the rights of Entities to assert any Claim, debt, obligation, or liability for payment of Asbestos PI Trust Expenses against the Asbestos PI Trust;

(c) the rights of any PENAC Related Party to take any action with respect to any and all of the Asbestos PI Insurance Contracts, subject to the terms of any applicable Insurance Settlement Agreement and any Asbestos PI Insurer Coverage Defense; and

(d) the rights of Reorganized THAN and any PENAC Related Party to assert any Claim, debt, obligation, or liability for payment against any Asbestos Insurance Entity to the extent any insurance policies or insurance coverages were not resolved or released in any Insurance Settlement Agreement with that Asbestos Insurance Entity, subject to the terms of such Insurance Settlement Agreement, if any, and any Asbestos PI Insurer Coverage Defense.

11.7 Releases and Indemnification by THAN. As of the Effective Date, THAN and Reorganized THAN hereby release and are permanently enjoined from prosecuting or attempting to prosecute any Derivative Liability Claims and any and all Causes of Action against the Released Parties that THAN or Reorganized THAN have, may have or claim to have, now or in the future, that are property of, assertable on behalf of, or derivative of THAN; provided, however, that subject to the terms and provisions of the Bankruptcy Insurance Stipulation**,** the foregoing release shall not serve to release any Asbestos Insurance Entity from its obligations under any applicable Asbestos PI Insurance Contract. Reorganized THAN also will indemnify, release and hold harmless each of PENAC and the other PENAC Related Parties pursuant to the provisions of, and to the extent set forth in, the Plan.

11.8 Indemnification and Reimbursement Obligations. For purposes of the Plan, the obligations of THAN to indemnify and reimburse persons who are or were directors, officers, or employees of THAN on the Commencement Date or at any time thereafter against and for any obligations as provided in THAN's certificate of formation, codes of regulations, limited liability agreement, applicable state law, or other agreement, or any combination of the foregoing, shall survive confirmation of the Plan, remain unaffected thereby, and not be discharged in accordance with section 1141 of the Bankruptcy Code, irrespective of whether indemnification or reimbursement is owed in connection with an event occurring before, on, or after the Commencement Date. Such obligations shall be assumed by Reorganized THAN on the Effective Date. In furtherance of the foregoing, Reorganized THAN shall use its commercially reasonable efforts to maintain or procure insurance for the benefit of such directors, officers, or employees at levels satisfactory to Reorganized THAN and the Asbestos PI Trust.

11.9 Insurer Contribution Claims. Subject to the terms and provisions of the Bankruptcy Insurance Stipulation, and notwithstanding anything to the contrary in the Plan, (a) Insurer Contribution Claims against Settling Insurers will be channeled to the Asbestos PI Trust pursuant to Article 11.5 hereof, discharged pursuant to Article 11.1 hereof, and enjoined pursuant to Article 11.2 hereof, (b) Insurer Contribution Claims may be asserted as a defense or counterclaim against only Reorganized THAN, PENAC or the Asbestos PI Trust (as applicable) in any Asbestos Insurance Action, and Reorganized THAN, PENAC or the Asbestos PI Trust (as applicable) may assert the legal or equitable rights, if any, of a Settling Insurer, (c) to the extent Insurer Contribution Claims of a Non-Settling Insurer are determined to be valid, the liability (if any) of such Non-Settling Insurer to Reorganized THAN, PENAC or the Asbestos PI Trust (as applicable) shall be reduced by the amount of such Insurer Contribution Claims, (d) however, and notwithstanding the foregoing, there shall be no affirmative recovery from the Asbestos PI Trust for any Insurer Contribution Claims, (e) Insurer Contribution Claims against any Entity other than a Settling Insurer will not be channeled to the Asbestos PI Trust pursuant to Article 11.5 hereof, discharged pursuant to Article 11.1 hereof, and enjoined pursuant to Article 11.2 hereof, and any Insurer Contribution Claims asserted against THAN will be treated as a General Unsecured Claim under Article 4.3 hereof; and (f) Indirect Asbestos PI Claims by an insurer or an Asbestos Insurance Entity against an Entity other than a Settling Insurer will not be channeled to the Asbestos PI Trust pursuant to Article 11.5 hereof, discharged pursuant to Article 11.1 hereof, and enjoined pursuant to Article 11.2 hereof, and any Insurer Contribution Claims asserted against THAN will be treated as a General Unsecured Claim under Article 4.3 hereof.

11.10 Preservation of Documents. The Asbestos PI Trust shall retain each document and record obtained from THAN and in its possession that is related to Asbestos PI Claims until the Asbestos PI Trust determines that all needs and purposes to retain such particular document or record have ended. When the Asbestos PI Trust has made such a determination with regard to a document or record obtained from THAN and related to Asbestos PI Claims, the Asbestos PI Trust may discard or abandon such document or record, subject to Bankruptcy Court approval upon reasonable and adequate notice to each of the Asbestos Insurance Entities and/or their designated counsel, the right of the Asbestos Insurance Entities to be heard in the Bankruptcy Court on their need for preservation of and/or access to the documents that the Asbestos PI Trust seeks to discard or abandon, and the right of the Trust or any other party to assert any defenses, affirmative or otherwise, in that proceeding. THAN and PENAC acknowledge and agree that this Article 11.10 is not intended to nor does it in any way alter any duty to cooperate that they may otherwise owe to any Asbestos Insurance Entity under any Asbestos Insurance Contract or applicable nonbankruptcy law.

ARTICLE XII

(xiii) provide that, as a part of the PENAC Debtor Contribution to Reorganized THAN, PENAC shall contribute $1,000,000 to THAN or Reorganized THAN on the Effective Date for the purpose of establishing a reserve of $1,000,000 by Reorganized THAN post-Effective Date;

(xiv) provide that, as a part of the PENAC Debtor Contribution to Reorganized THAN, PENAC shall assume any and all obligations with respect to retiree benefits owed to former employees of THAN or employees of THAN as of the Effective Date;

(xxi) provide that all Executory Contracts assumed or assumed and assigned by THAN during the Chapter 11 Case or under the Plan shall remain in full force and effect for the benefit of Reorganized THAN or the assignee thereof notwithstanding any provision in such contract or lease (including those provisions described in sections 365(b)(2) and (f) of the Bankruptcy Code) that prohibits such assignment or transfer or that enables or requires termination of such contract or lease;

(xxii) provide that the transfers of property by THAN (except for the THAN Contribution and subject to Article 2.3 hereof regarding unused Cash drawn under the DIP

(xxiii) provide that any attorney-client, work product or other privilege that applies to the Asbestos Records shall be subject to the terms of the Asbestos Records Cooperation Agreement.

(d) In addition to the foregoing, the Confirmation Order shall contain the following findings of fact and conclusions of law, among others:

(i) The Asbestos PI Channeling Injunction is to be implemented in accordance with the Plan and the Asbestos PI Trust;

(ii) The Plan does not provide for the liquidation of all or substantially all of the property of THAN, that Reorganized THAN will continue in business as an ongoing reorganized debtor, and that confirmation of the Plan is not likely to be followed by the liquidation of Reorganized THAN or the need for further financial reorganization;

(iii) The Plan complies with all applicable provisions of the Bankruptcy Code, including, without limitation, those requiring that the Plan was proposed in good faith and that the Confirmation Order was not procured by fraud;

(iv) As of the Commencement Date, THAN had been named as a defendant in personal injury and wrongful death actions seeking recovery for damages allegedly caused by the presence of, or exposure to, asbestos or asbestos-containing products;

(v) The Asbestos PI Trust is to be funded by the THAN Contribution, the PENAC Asbestos PI Trust Contribution, and distributions from the Parent Trust resulting from the payment of dividends thereto by Reorganized THAN;

(vi) The Asbestos PI Trust, on the Effective Date, by the exercise of contingent rights granted under the Plan, and pursuant to the Promissory Note and the Pledge Agreement, would be entitled to own the majority of voting membership interests of Reorganized THAN;

(vii) The Asbestos PI Trust is to use its assets and income to pay Asbestos PI Claims;

(viii) THAN is likely to be subject to substantial future Demands for payment arising out of the same or similar conduct or events that gave rise to the Asbestos PI Claims, and all such Demands are subject to the Asbestos PI Channeling Injunction;

(ix) The actual amounts, numbers, and timing of Demands cannot be determined;

(x) Pursuit of Demands outside the procedures prescribed by the Plan and the Asbestos PI Trust Distribution Procedures is likely to threaten the Plan's purpose to deal equitably with Asbestos PI Claims;

(xi) The terms of the Asbestos PI Channeling Injunction, including any provisions barring actions against third parties, are set forth in the Plan and the Disclosure Statement;

(xii) The Plan separately classifies Class 4 Asbestos PI Claims, and at least two-thirds (2/3) in amount and seventy-five percent (75%) of the members in such Class that voted on the Plan have voted to accept the Plan;

(xiii) Pursuant to: (A) the Asbestos PI Trust Distribution Procedures; (B) court order; or (C) otherwise, the Asbestos PI Trust will operate through mechanisms such as structured, periodic, or supplemental payments, pro rata distributions, matrices, or periodic review of estimates of the numbers and values of Asbestos PI Claims or other comparable mechanisms, that provide reasonable assurance that the Asbestos PI Trust will value, and be in a financial position to pay, similar Asbestos PI Claims in substantially the same manner;

(xiv) The Asbestos PI Trust will make payments to Asbestos PI Claims pursuant to the Asbestos PI Trust Distribution Procedures as funds become available and as Asbestos PI Claims are liquidated, while maintaining sufficient resources to pay future valid Asbestos PI Claims on a substantially equivalent basis;

(xv) The Future Claimants' Representative was appointed by the Bankruptcy Court pursuant to section 524(g) of the Bankruptcy Code as part of the proceedings leading to the issuance of the Asbestos PI Channeling Injunction for the purpose of protecting the interests of Future Demand Holders who do not currently hold asbestos-related Claims arising out of the conduct or products of THAN;

(xvi) In light of the benefits provided, or to be provided, to the Asbestos PI Trust and/or Reorganized THAN by or on behalf of each current and future Asbestos Protected Party, the Asbestos PI Channeling Injunction is fair and equitable to all creditors and Future Demand Holders;

(xvii) The Plan and its acceptance otherwise comply with sections 524(g) and 1126 of the Bankruptcy Code, and confirmation of the Plan is in the best interests of all creditors;

(xviii) The Asbestos PI Trust will have the sole and exclusive authority as of the Effective Date to satisfy or defend against all Asbestos PI Claims;

(xix) The Plan has not been accepted by all Impaired Classes of Claims and Equity Interests because the holders of Equity Interests in Class 6 (Equity Interests in THAN) are deemed to reject the Plan. Nevertheless, the Plan is confirmable because it satisfies section 1129(b)(1) of the Bankruptcy Code because no holder of any interest that is junior to the interests of Class 6 will receive or retain any property under the Plan on account of such junior interest;

(xx) The duties, obligations and liabilities of any Asbestos Insurance Entity under all insurance policies, all Shared Asbestos Insurance Policies, all Insurance Settlement Agreements, and all other settlement agreements, are not enlarged or diminished, reduced or eliminated by any aspect of this Chapter 11 Case; provided, however, that all Asbestos PI Insurer Coverage Defenses are preserved in accordance with Article 10.4 above;

(xxi) THAN is, and was at all times prior to the Effective Date, a valid legal Entity separate and distinct from PENAC, and PENAC is not and may not in the future be held liable for any liability of THAN based upon any legal or equitable theory, including those consisting of or

relating to veil piercing, alter ego, successor liability, fraudulent transfer, or conspiracy, including but not be limited to fraudulent transfer or fraudulent conveyance claims under applicable state or federal law, denuding the corporation claims, single business enterprise claims, claims that THAN was the predecessor, mere instrumentality, agent or alter ego of a PENAC Related Party or of Elementis, trust fund claims, claims that a PENAC Related Party or Elementis conspired with THAN, and any causes of action against a PENAC Related Party or Elementis that belong to the Debtor or Debtor in Possession, whether or not included in the foregoing list;

(xxii) The Asbestos PI Channeling Injunction is essential to the Plan and THAN's reorganization efforts;

(xxiii) The PENAC Contribution, including: (A) the PENAC Asbestos PI Trust Contribution (consisting of the PENAC Cash, residual Cash as of the Effective Date, if any, whether (1) drawn under the DIP Agreement and not used by THAN or (2) remaining under any pre-Commencement Date advance made to THAN by PENAC, to the extent such residual Cash will not be necessary for distributions under the Plan on account of Allowed General Unsecured Claims, and with THAN, the Insurance Settlement Proceeds Trust Assets); and (B) the PENAC Debtor Contribution (consisting of the assumption of the Known Environmental Liabilities and other obligations as provided in Article 9.5 herein and the PENAC Assets, the forgiveness of any amounts THAN may have drawn and used from the DIP Agreement and release of any and all Liens, Claims, Encumbrances or other interests of PENAC on THAN's or Reorganized THAN's assets that served as security for the DIP Agreement, any costs associated with providing insurance coverage for Reorganized THAN under the Unknown Environmental Liability Insurance Policy, contribution of $1,000,000 by PENAC to THAN or Reorganized THAN on the Effective Date for the purpose of establishing a reserve of $1,000,000 by Reorganized THAN post-Effective Date, and the assumption by PENAC of any and all obligations with respect to retiree benefits owed to former employees of THAN or employees of THAN as of the Effective Date), constitute substantial assets of the Plan and the reorganization, are essential to the feasibility of the Plan and the successful reorganization of the Debtor; and constitute a sufficient basis upon which to provide the PENAC Related Parties and Elementis with the protections afforded to them under the Plan, Plan Documents and Confirmation Order;

(xxiv) The release received by the PENAC Related Parties in exchange for the PENAC Contribution is essential to the global settlement of Asbestos PI Claims arising from the conduct or products of THAN reflected in this Plan;

(xxv) The terms and conditions of the Promissory Note, the Pledge Agreement and any related documents are essential to the success and feasibility of the Plan. All such documents shall constitute legal, valid, binding and authorized obligations of the parties obligated thereunder, enforceable in accordance with their terms. On the Effective Date, all of the liens and security interests granted in accordance with such documents shall be deemed approved and shall be legal, valid, binding and enforceable liens on the collateral in accordance with the terms of each agreement; and

(xxvi) Reorganized THAN, and the Parent Trust and the Asbestos PI Trust to be established pursuant to the Plan, are valid legal Entities separate and distinct from one another and each of Reorganized THAN, the Parent Trust and the Asbestos PI Trust are not and may not in the future be held liable for any liability of the other entities based upon any legal or equitable theory, including those consisting of or relating to veil piercing, alter ego, successor liability, fraudulent transfer, or conspiracy, including but not limited to fraudulent transfer or fraudulent conveyance claims under applicable state or federal law.

12.2 Effective Date of the Plan. The Effective Date shall not occur and the Plan shall not become effective until the date that is thirty-five (35) days after the date that the Confirmation Order, containing the Asbestos PI Channeling Injunction, shall have been either entered by the Bankruptcy Court and accepted and affirmed by the District Court or issued by the District Court, on which date the PENAC Asbestos PI Trust Contribution and THAN Contribution shall have been made to the Asbestos PI Trust, and the Asbestos PI Trust shall begin to pay Asbestos PI Claims, including the Qualified Asbestos PI Claims.

12.3 Waiver of Conditions Precedent to the Confirmation Order. To the fullest extent permitted by law, any of the conditions precedent set forth in Article 12.1 above may be waived or modified, in whole or in part, by THAN, after consultation with and consent by PENAC, the Future Claimants' Representative and the Asbestos Claimants Group. Any such waiver or modification may be effected at any time without leave or order of the Bankruptcy Court or District Court, and without any other formal action.

12.4 Effect of Failure of the Effective Date of the Plan. In the event that THAN determines it is appropriate, after consultation with and consent by PENAC, the Future Claimants' Representative and the Asbestos Claimants Group, prior to the Effective Date, upon notification submitted by THAN to the Bankruptcy Court: (A) the Confirmation Order shall be vacated; (B) no Distributions under the Plan shall be made; and (C) THAN and all holders of Claims against and Equity Interests in THAN shall be restored to the *status quo ante* as of the day immediately preceding the Confirmation Date as though the Confirmation Date never occurred. If the Confirmation Order is vacated pursuant to this Article 12.4, nothing contained in the Plan shall: (A) constitute or be deemed a waiver or release of any Claims or Equity Interests by, against, or in THAN or any other Entity; or (B) prejudice in any manner the rights of THAN or any other Entity in the Chapter 11 Case or any other or further proceedings involving THAN.

ARTICLE XIII

JURISDICTION OF BANKRUPTCY COURT

13.1 Retention of Jurisdiction. Pursuant to sections 105(a) and 1142 of the Bankruptcy Code, the Bankruptcy Court shall, to the fullest extent permitted by law, retain and have exclusive jurisdiction over all matters arising out of and related to the Chapter 11 Case and the Plan, including, among other things, jurisdiction to:

(b) hear and determine any and all adversary proceedings, applications, motions, and contested or litigated matters that may be pending on the Effective Date or that, pursuant to the Plan, may be instituted by the Asbestos PI Trust after the Effective Date, including any proceedings with respect to any Avoidance Actions (except to the extent that any such Avoidance Actions has been released under the Plan or the Confirmation Order) or otherwise to recover assets for the benefit of the Estate or the Asbestos PI Trust;

(c) hear and determine all objections to the termination of the Asbestos PI Trust;

(d) hear and determine such other matters that may be set forth in or arise in connection with the Plan, the Confirmation Order, the Asbestos PI Channeling Injunction, or the Asbestos PI Trust Agreement;

(e) hear and determine any proceeding that involves the validity, application, construction, enforceability, or modification of the Asbestos PI Channeling Injunction;

(f) hear and determine any conflict or other issues that may arise in the Chapter 11 Case and the administration of the Asbestos PI Trust;

(g) enter such orders as are necessary to implement and enforce the injunctions described herein, including, if necessary, in connection with application of the protections afforded by section 524(g) of the Bankruptcy Code to the Asbestos Protected Parties;

(h) hear and determine any and all applications pursuant to section 330 or 503 of the Bankruptcy Code for allowance of any compensation for Professional services rendered and reimbursement of expenses incurred in connection therewith any other fees and expenses authorized to be paid or reimbursed under the Bankruptcy Code or the Plan;

(i) enter such orders authorizing non-material modifications to the Plan as may be necessary to comply with section 468B of the Internal Revenue Code;

(j) hear and determine any applications pending on the Effective Date for the assumption, assumption and assignment, or rejection, as the case may be, of Executory Contracts to which THAN is a party, and to hear and determine and, if necessary, liquidate any and all Claims arising therefrom;

(k) hear and determine any and all applications, Claims, causes of action, adversary proceedings, and contested or litigated matters that may be pending on the Effective Date or commenced by Reorganized THAN or any other party in interest subsequent to the Effective Date;

(l) consider any technical modifications of the Plan, and remedy any defect or omission or reconcile any inconsistency in any order of the Bankruptcy Court, including the Confirmation Order, to the extent authorized by the Bankruptcy Code; provided, that there shall be no modification made at any time that would reduce or eliminate any of the protections provided herein to the Asbestos Protected Parties or releases provided with respect to the Derivative Liability Asbestos PI Claims;

(m) issue orders in aid of confirmation, consummation and execution of the Plan to the extent authorized by section 1142 of the Bankruptcy Code, including but not limited to compelling the conveyance of property and other performance contemplated under the Plan and documents executed in connection herewith;

(n) hear and determine any proposed compromise and settlement of any Claim against or cause of action by or against THAN that has been or properly should have been brought in the Bankruptcy Court;

(p) hear and determine matters concerning state, local and federal taxes in accordance with sections 346, 505, and 1146 of the Bankruptcy Code;

(q) hear and determine such other matters as may be set forth in the Confirmation Order or other orders of the Bankruptcy Court, or which may arise in connection with the Plan, the Confirmation Order, or the Effective Date, as may be authorized under the provisions of the Bankruptcy Code or any other applicable law;

(r) hear and determine all controversies, suits, and disputes that may arise in connection with the interpretation, enforcement, or consummation of the Plan or any Entity's obligations hereunder, including, but not limited to, performance of THAN's duties under the Plan;

(s) enforce remedies upon any default under the Plan;

(t) hear and determine any other matter not inconsistent with the Bankruptcy Code;

(u) hear and determine any claim that in any way challenges or is related to any provision in the Confirmation Order, including, without limitation, the provision of the Confirmation Order set forth in Article 12.1(d)(xxi); and

(v) enter a final decree closing the Chapter 11 Case.

If and to the extent that the Bankruptcy Court is not permitted under applicable law to exercise jurisdiction over any of the matters specified above, the reference to the "Bankruptcy Court" in the preamble to this Article 13.1 shall be deemed to be a reference to the "District Court." Notwithstanding the terms of this Article 13.1, the Bankruptcy Court shall retain continuing but not exclusive jurisdiction over Asbestos Insurance Actions; provided, however, that this Article 13.1 shall not confer or grant jurisdiction to the Bankruptcy Court when the Asbestos Insurance Action is governed by an otherwise applicable arbitration provision. Notwithstanding anything in this Article 13.1 to the contrary, the Asbestos PI Trust Agreement and the Asbestos PI Trust Distribution Procedures shall govern the satisfaction of Asbestos PI Claims and the forum in which Asbestos PI Claims shall be determined.

13.2 Modification of Plan. THAN, with the consent of PENAC, any official committee, and the Future Claimants' Representative, may alter, amend, or modify the Plan or any Schedules or Exhibits thereto under section 1127(a) of the Bankruptcy Code at any time prior to the Confirmation Date and may include any such amended Schedules or Exhibits in the Plan or the Plan Supplement, provided, that the Plan, as modified, meets the requirements of sections 1122 and 1123 of the Bankruptcy Code, and THAN shall have complied with section 1125 of the Bankruptcy Code, to the extent necessary. Further, THAN, with the consent of PENAC, any official committee, and the Future Claimants' Representative may alter, amend, or modify the Plan or any Schedules or Exhibits thereto at any time after entry of the Confirmation Order and before the Plan's substantial consummation; provided, that: (a) the Plan, as modified, altered, or amended, meets the requirements of sections 1122 and 1123 of the Bankruptcy Code; and (b) the Bankruptcy Court, after notice and a hearing, confirms the Plan, as modified, under section 1129 of the Bankruptcy Code, and finds that the circumstances warrant such modification. A holder of a Claim that has accepted or rejected the Plan shall be deemed to have accepted or rejected, as the case may be, such Plan as modified, unless, within the time fixed by the Bankruptcy Court, if any, such holder changes its previous acceptance or rejection.

Notwithstanding anything in this Article 13.2, there shall be no modification to the Plan made at any time that would reduce or eliminate any of the protections provided herein to the Asbestos Protected Parties or releases provided with respect to the Derivative Liability Asbestos PI Claims.

All capitalized terms used but not otherwise defined herein shall have the meanings ascribed to them in the Plan. All terms used but not defined herein or in the Plan but defined in the Bankruptcy Code or Bankruptcy Rules shall have the meanings ascribed to them in the Bankruptcy Code and Bankruptcy Rules, as the case may be. For purposes of this Agreement and the Asbestos PI Trust Distribution Procedures, "Asbestos PI Claims" shall not include Asbestos PI Trust Expenses.

WHEREAS, the Company has reorganized under the provisions of chapter 11 of the Bankruptcy Code in a case pending in the Bankruptcy Court known as In re T H Agriculture & Nutrition, L.L.C., Debtor, Case No. 08-14692 (REG); and

WHEREAS, the Plan has been confirmed by the Bankruptcy Court; and

WHEREAS, pursuant to the Plan, the Asbestos PI Trust is to use its assets and income to satisfy all Asbestos PI Claims; and

WHEREAS, it is the intent of each of the Company, the Asbestos PI Trustees, the Asbestos PI Trust Advisory Committee and the Future Claimants' Representative that the Asbestos PI Trust be administered, maintained and operated at all times through mechanisms that provide reasonable assurance that the Asbestos PI Trust will satisfy all Asbestos PI Claims paid in accordance with the Asbestos PI Trust Distribution Procedures in substantially the same manner and in strict compliance with this Agreement; and

WHEREAS, pursuant to the Plan, the Asbestos PI Trust is intended to qualify as a "qualified settlement fund" within the meaning of section 1.468B-1 *et seq.* of the Treasury Regulations promulgated under section 468B of the United States Internal Revenue Code (the "IRC"); and

WHEREAS, the Bankruptcy Court has determined that the Asbestos PI Trust and the Plan satisfy all the prerequisites for an injunction pursuant to section 524(g) of the Bankruptcy Code, and the Asbestos PI Channeling Injunction has been entered in connection with the Confirmation Order;

NOW, THEREFORE, it is hereby agreed as follows:

Article I. Agreement of Trust

1.1 Creation and Name. The Company and PENAC, as the settlors of the Asbestos PI Trust, hereby create a trust known as the "T H Agriculture & Nutrition, L.L.C. Asbestos Personal Injury Trust," which is the Asbestos PI Trust provided for and referred to in the Plan. The Asbestos PI Trustees may transact the business and affairs of the Asbestos PI Trust in the name of the Asbestos PI Trust. It is the intention of the parties hereto that the trust created hereby constitute a statutory trust under the Delaware Statutory Trust Act, Chapter 38 of title 12 of the Delaware Code, 12 Del. C. § 3801 et seq. (the "Act") and that this document, together with the bylaws described in Section 2.2, constitute the governing instruments of the Asbestos PI Trust. The Asbestos PI Trustees and the Delaware Trustee are hereby authorized and directed to execute and file a Certificate of Trust with the Delaware Secretary of State in the form attached hereto as Exhibit A.

1.2 Purpose. The purpose of the Asbestos PI Trust is to (a) assume all liabilities and responsibility for Asbestos PI Claims (whether existing as of the Effective Date or arising at any time thereafter), (b) direct the processing, liquidation and payment of all Asbestos PI Claims in accordance with the Asbestos PI Trust Distribution Procedures, (c) preserve, hold, manage and maximize the Asbestos PI Trust Assets for use in paying and otherwise satisfying Asbestos PI Claims and paying Asbestos PI Trust Expenses, and (d) otherwise comply in all respects with the requirements of a trust set forth in section 524(g)(2)(B) of the Bankruptcy Code, all in accordance with the Plan and this Agreement.

1.3 Transfer of Assets. Pursuant to the Plan, THAN and its parent company, PENAC, have made contributions equaling $900 million to the Asbestos PI Trust. As provided in the Plan, any funds contributed by THAN and PENAC in excess of the $900 million contribution provided for in the Plan will be returned to PENAC. In addition, pursuant to the Plan, the Asbestos PI Trust is the sole beneficiary of the Parent Trust, which holds all of the membership interests in Reorganized THAN. Finally, also pursuant to the Plan, Reorganized THAN has made the Promissory Note in the principal amount of $1,000,000 in favor of the Asbestos PI Trust, and the Parent Trust has entered into the Pledge Agreement granting the Asbestos PI Trust a security interest in 100% of the membership interests in Reorganized THAN to secure payment of the Promissory Note. In furtherance of the purpose of the Asbestos PI Trust, the Asbestos PI Trust hereby expressly accepts these assets. For purposes of this Agreement, "Asbestos PI Trust Assets" shall mean the assets described in this section, all of which have been transferred or

granted to the Asbestos PI Trust free and clear of any liens, security interests and other claims or causes of action, and any other assets which may from time to time be held by the Asbestos PI Trust.

1.4 Assumption of Liabilities and Certain Obligations.

(a) In furtherance of the purpose of the Asbestos PI Trust, the Asbestos PI Trust hereby expressly assumes all liability and responsibility for (i) all Asbestos PI Claims and (ii) Asbestos PI Trust Expenses.

(b) Except as otherwise provided in this Agreement and the Asbestos PI Trust Distribution Procedures, the Asbestos PI Trust shall have all defenses, cross-claims, offsets and recoupments, as well as rights of indemnification, contribution, subrogation and similar rights, regarding Asbestos PI Claims that the Company has or would have under applicable law. Regardless of the foregoing, however, except as otherwise provided in Section 5.1(a)(2) of the Asbestos PI Trust Distribution Procedures, a claimant must meet otherwise applicable federal, state and foreign statutes of limitations and repose.

(c) Pursuant to the Plan, the Asbestos PI Trust has entered into, and agreed to provide the indemnification relating to Asbestos PI Claims provided for in, the Asbestos PI Trust Indemnification Agreement in the form attached hereto as Exhibit B.

(d) Nothing in this Agreement shall be construed in any way to limit the scope, enforceability or effectiveness of the Asbestos PI Channeling Injunction issued in connection with the Plan or the Asbestos PI Trust's assumption of all liability for Asbestos PI Claims, subject to the provisions of Section 1.4(b) above.

1.5 Counsel and Asbestos Records. THAN and PENAC shall not withhold consent to the Asbestos PI Trust's retention of the professional services of the counsel retained by THAN and/or PENAC in connection with matters pertaining to Asbestos PI Claims. The Asbestos PI Trust and the Asbestos Records Parties have entered into the Asbestos Records Cooperation Agreement in the form attached hereto as Exhibit C.

1.6 Beneficial Owners. To the extent required by the Act, the beneficial owners (within the meaning of the Act) of the Asbestos PI Trust shall be deemed to be the holders of Asbestos PI Claims (the "Beneficial Owners"); provided that (i) the holders of Asbestos PI Claims, as such Beneficial Owners, shall have only such rights with respect to the Asbestos PI Trust and its assets as are set forth in the Asbestos PI Trust Distribution Procedures, and (ii) no greater or other rights, including upon dissolution, liquidation or winding up of the Asbestos PI Trust, shall be deemed to apply to the holders of Asbestos PI Claims in their capacity as Beneficial Owners.

Article II. Powers and Trust Administration

2.1 Powers.

Distribution Procedures, the Plan and the Act. Subject to the Plan and this Agreement, the Asbestos PI Trustees shall have the power to take any and all actions that they may consider necessary, appropriate or desirable to fulfill the purpose of the Asbestos PI Trust, including without limitation each power expressly granted in this Section 2.1, any power reasonably incidental thereto and any statutory trust power now or hereafter permitted under the laws of the State of Delaware.

(b) Except as required by applicable law, the Plan or this Agreement, the Asbestos PI Trustees need not obtain the order or approval of any court in the exercise of any power or discretion conferred hereunder.

(x) pay any officers, employees, legal, financial, accounting, investment, auditing and forecasting and other advisors, consultants, independent contractors and agents engaged by the Asbestos PI Trust, including without limitation those engaged by the Asbestos PI Trust in connection with its alternative dispute resolution activities, reasonable compensation;

(xi) compensate the Asbestos PI Trustees, the Delaware Trustee, the members of the Asbestos PI Trust Advisory Committee, the Future Claimants' Representative and their respective officers, employees, legal, financial, accounting, investment, auditing, forecasting and other advisors, consultants, independent contractors and agents, and reimburse the Asbestos PI Trustees, the Delaware Trustee, the members of the Asbestos PI Trust Advisory Committee and the Future Claimants' Representative any reasonable out-of-pocket fees and expenses incurred by or on behalf of it, him or her in connection with the performance of its, his or her duties hereunder, all as provided below;

(xii) execute and deliver such instruments as the Asbestos PI Trustees may consider necessary, appropriate or desirable in administering the Asbestos PI Trust;

(xiii) enter into such other arrangements with third parties as the Asbestos PI Trustees may consider necessary, appropriate or desirable in fulfilling the purpose of the Asbestos PI Trust, provided such arrangements do not conflict with any other provision of this Agreement;

(xiv) in accordance with Section 5.6 below, defend, indemnify and hold harmless (and purchase insurance indemnifying) (A) the Asbestos PI Trustees, (B) the Delaware Trustee and (C) the members of the Asbestos PI Trust Advisory Committee, the Future Claimants' Representative, the officers and employees of the Asbestos PI Trust and any advisors, attorneys, consultants and agents of the Asbestos PI Trust, the Asbestos PI Trustees, the Delaware Trustee, the Asbestos PI Trust Advisory Committee or the Future Claimants' Representative (collectively, the "Additional Indemnitees"), to the fullest extent that a statutory trust organized under the laws of the State of Delaware is from time to time entitled to indemnify and/or insure its directors, trustees, officers, employees, advisors, attorneys, consultants and agents;

(xv) delegate any or all of the authority herein conferred with respect to the investment of all or any portion of the Asbestos PI Trust Assets to any one or more reputable individuals or recognized institutional investment advisors or investment managers without liability for any action taken or omission made because of any such delegation, except as provided in Section 5.4 below; and

(xvi) consult with the Company, the Asbestos PI Trust Advisory Committee or the Future Claimants' Representative at such times and with respect to such issues relating to the conduct of the Asbestos PI Trust as the Asbestos PI Trustees may consider necessary, appropriate or desirable.

(xvii) make, pursue (by litigation or otherwise), collect, compromise or settle, in the name of the Asbestos PI Trust, any claim, right, action, or cause of action included in the Asbestos PI Trust Assets.

(d) Notwithstanding anything to the contrary contained herein, the Asbestos PI Trustees shall not have the power to guarantee any debt of other persons.

(e) The Asbestos PI Trustees shall give the Asbestos PI Trust Advisory Committee and the Future Claimants' Representative prompt notice of any act performed or taken pursuant to Section 2.1(c)(i), (iii), (vii) or (xv) above and any act proposed to be performed or taken of the type described in Section 2.2(e) below.

In the event of an inconsistency between the Trust Bylaws and this Agreement, this Agreement shall govern.

(b) The Asbestos PI Trustees shall timely account to the Bankruptcy Court as follows:

(i) The Asbestos PI Trustees shall cause to be prepared and filed with the Bankruptcy Court, as soon as available and in any event within one hundred twenty (120) days following the end of each fiscal year of the Asbestos PI Trust, an annual report (the "Annual Report") containing financial statements of the Asbestos PI Trust (including without limitation a balance sheet of the Asbestos PI Trust as of the end of such fiscal year and a statement of operations for such fiscal year) audited by a firm of independent certified public accountants selected by the Asbestos PI Trustees and accompanied by an opinion of such firm as to the fairness of the financial statements' presentation of the cash and investments available for the payment of Asbestos PI Claims and as to the conformity of the financial statements with generally accepted accounting principles. The Asbestos PI Trustees shall provide a copy of the Annual Report to the Asbestos PI Trust Advisory Committee and the Future Claimants' Representative when such reports are filed with the Bankruptcy Court.

(ii) Simultaneously with the filing of the Annual Report, the Asbestos PI Trustees shall cause to be prepared and filed with the Bankruptcy Court a report containing a summary regarding the number and type of Asbestos PI Claims disposed of during the period covered by the financial statements. The Asbestos PI Trustees shall provide a copy of such report to the Asbestos PI Trust Advisory Committee and the Future Claimants' Representatives when such report is filed.

(iii) All materials required to be filed with the Bankruptcy Court by this Section 2.2(b) shall be available for inspection by the public in accordance with procedures established by the Bankruptcy Court and shall be submitted to the US Trustee.

(f) For all purposes of this Agreement and the Act, the consent of the Asbestos PI Trust Advisory Committee and the Future Claimants' Representative shall be deemed the consent of the Beneficial Owners.

(g) The Asbestos PI Trustees shall meet with the Asbestos PI Trust Advisory Committee and the Future Claimants' Representative no less often than quarterly. The Asbestos PI Trustees shall meet with the Asbestos PI Trust Advisory Committee and the Future Claimants' Representative between such quarterly meetings at mutually convenient times and

Article III. Qualified Settlement Fund

3.1 Tax Treatment. The Asbestos PI Trust is intended to be treated for U.S. federal income tax purposes as a "qualified settlement fund" as described within section 1.468B-1 *et seq.* of the Treasury Regulations. Accordingly, for all U.S. federal income tax purposes the transfer of assets to the Asbestos PI Trust will be treated as a transfer to a trust satisfying the requirements of section 1.468B-1(c) of the Treasury Regulations by the Company and PENAC, as transferors, for distribution to holders of Asbestos PI Claims and in complete settlement of such Asbestos PI Claims. Any income on the assets of the Asbestos PI Trust will be treated as subject to tax on a current basis, and all distributions pursuant to the Plan will be made net of provision for taxes and subject to the withholding and reporting requirements set forth in the Plan and this Agreement.

3.2 No Right to Reversion with Respect to Asbestos PI Trust Assets. The Company and PENAC will have no rights to any refunds or reversion with respect to any Asbestos PI Trust Assets or any earnings thereon. As provided in the Plan, any funds contributed on the Effective Date by THAN and PENAC in excess of the $900 million contribution provided for in the Plan will be returned to PENAC. Such return of excess funds shall not be a refund or reversion of Asbestos PI Trust Assets.

3.3 Obligations of the Asbestos PI Trustees. The Asbestos PI Trustees shall be the "administrator" (as defined in section 1.468B-2(k) of the Treasury Regulations) of the Asbestos PI Trust and shall (a) timely file such income tax and other returns and statements and timely pay all taxes required to be paid from the assets in the Asbestos PI Trust as required by law and in accordance with the provisions of the Plan and this Agreement, (b) comply with all withholding obligations, as required under the applicable provisions of the IRC and of any state law and the regulations promulgated thereunder, (c) meet all other requirements necessary to qualify and maintain qualification of the Asbestos PI Trust as a "qualified settlement fund" within the

meaning of section 1.468B-1 *et seq.* of the Treasury Regulations, and (d) take no action that could cause the Asbestos PI Trust to fail to qualify as a "qualified settlement fund" within the meaning of section 1.468B-1 *et seq.* of the Treasury Regulations.

3.4 Obligations of the Company and PENAC. Following the funding of the Asbestos PI Trust (and in no event later than February 15th of the calendar year following the date of this Agreement), the Company and PENAC shall provide, or cause to be provided, to the Asbestos PI Trust "§ 1.468B-3 Statements" in accordance with section 1.468B-3 of the Treasury Regulations. Following any subsequent transfers of cash or other property to the Asbestos PI Trust, the transferor (or the entity treated as the transferor for U.S. federal income tax purposes) shall provide, or cause to be provided, to the Asbestos PI Trustees a "§ 1.468B-3 Statement" on or before February 15th of the calendar year following the date of each such transfer.

3.5 No Contravention of Requirements. No provision in this Agreement or the Asbestos PI Trust Distribution Procedures shall be construed to mandate any distribution on any claim or other action that would contravene the Asbestos PI Trust's compliance with the requirements of a "qualified settlement fund" within the meaning of section 1.468B-1 *et seq.* of the Treasury Regulations promulgated under section 468B of the IRC.

Article IV. Accounts, Investments and Payments

(g) The Asbestos PI Trust shall not acquire or hold any certificates of deposit unless all publicly held, long-term debt securities, if any, of the financial institution issuing the certificate of deposit and the holding company, if any, of which such financial institution is a subsidiary, meet the standards set forth in Section 4.2(c) above.

(h) The Asbestos PI Trust shall not acquire or hold any repurchase obligations unless, in the opinion of the Asbestos PI Trustees, they are adequately collateralized.

None of the Company, PENAC, any PENAC Related Party, any THAN Related Party, Elementis, their subsidiaries or the present or former directors, officers, employees, advisors, consultants, agents or Representatives of any of them, or the Asbestos PI Trustees, the Asbestos PI Trust Advisory Committee or the Future Claimants' Representative or the present or former officers, employees, advisors, consultants, agents or Representatives of any of them, shall be liable for the payment of any Asbestos PI Claim or any Asbestos PI Trust Expense or other liability of the Asbestos PI Trust.

(b) The Asbestos PI Trustees shall include a reasonably detailed description of any payments made in accordance with this Section 4.3 in the Annual Report.

Article V. Asbestos PI Trustees; Delaware Trustee

5.1 Initial Asbestos PI Trustees.

(a) In addition to the Delaware Trustee appointed pursuant to Section 5.11 hereof, there shall be three (3) Asbestos PI Trustees. The initial Asbestos PI Trustees are those persons named on the signature page hereto.

(b) Each initial Asbestos PI Trustee shall serve until the earliest of (i) the end of his or her term pursuant to Section 5.2(a) below, (ii) his or her death, (iii) his or her resignation pursuant to Section 5.2(b) below, (iv) his or her removal pursuant to Section 5.2(c) below, or (v) the termination of the Asbestos PI Trust pursuant to Section 8.2 below.

5.2 Term of Service.

(a) Subject to the other provisions of this Article V, (i) each Asbestos PI Trustee appointed in accordance with Section 5.1 above shall serve for an initial term expiring on the date indicated on the signature page hereof as the expiration date of such Trustee's initial term and (ii) except with respect to such initial terms, each Asbestos PI Trustee shall serve for a term expiring five (5) years from the date on which the preceding term expired.

(b) An Asbestos PI Trustee may resign at any time by written notice to the remaining Asbestos PI Trustees, the Asbestos PI Trust Advisory Committee and the Future Claimants' Representative. Such notice shall specify a date when such resignation shall take

effect, which shall not be less than ninety (90) days after the date such notice is given, where practicable.

(c) An Asbestos PI Trustee may be removed by unanimous vote of the other Asbestos PI Trustees in the event that he or she becomes unable to discharge his or her duties hereunder due to accident or physical or mental deterioration or for other good cause. Good cause shall be deemed to include, without limitation, any substantial failure to comply with the general administration provisions of Section 2.2 above, a consistent pattern of neglect and failure to perform or participate in performing the duties of the Asbestos PI Trustees hereunder, or repeated non-attendance at scheduled meetings. Such removal shall require the approval of the Bankruptcy Court and shall take effect at such time as the Bankruptcy Court shall determine.

5.3 Successor Asbestos PI Trustees.

(a) Upon the termination of service of a Trustee, whether as a result of the expiration of his or her term or his or her death, resignation or removal, the remaining Asbestos PI Trustees shall consult with both the Asbestos PI Trust Advisory Committee and the Future Claimants' Representative concerning appointment of a successor Trustee. Unless a majority of the members of the Asbestos PI Trust Advisory Committee or the Future Claimants' Representative vetoes the appointment, the vacancy shall be filled by the unanimous vote of the remaining Asbestos PI Trustees. If the remaining Asbestos PI Trustees cannot agree on a successor Asbestos PI Trustee or a majority of the members of the Asbestos PI Trust Advisory Committee or the Future Claimants' Representative vetoes the appointment of a successor Trustee, the Bankruptcy Court shall make the appointment. Nothing in this Agreement shall prevent the reappointment of an individual serving as an Asbestos PI Trustee for an additional term or terms.

(b) Immediately upon the appointment of any successor Asbestos PI Trustee, all rights, titles, duties, powers and authority of the predecessor Asbestos PI Trustee hereunder shall be vested in, and undertaken by, the successor Asbestos PI Trustee without any further act. No successor Asbestos PI Trustee shall be liable personally for any act or omission of his or her predecessor Asbestos PI Trustees.

(c) Each successor Asbestos PI Trustee shall serve until the earliest of (i) the end of a full term of five (5) years for which he or she was appointed if his or her immediate predecessor Asbestos PI Trustee completed his or her term pursuant to Section 5.2(a) above, (ii) the end of the term of the Asbestos PI Trustee whom he or she replaced if his or her predecessor Asbestos PI Trustee did not complete such term, (iii) his or her death, (iv) his or her resignation pursuant to Section 5.2(b) above, (v) his or her removal pursuant to Section 5.2(c) above, or (vi) the termination of the Asbestos PI Trust pursuant to Section 8.2 below.

5.4 Liability of Asbestos PI Trustees, Delaware Trustee and Others.

(a) The Asbestos PI Trustees, the Delaware Trustee and the Additional Indemnitees shall not be liable to the Asbestos PI Trust, to any Beneficial Owner or to any other Person (as defined in the Act), except for a Trustee's, Delaware Trustee's or Additional Indemnitee's own breach of trust committed in bad faith or willful misappropriation. In addition,

no Trustee, Delaware Trustee or Additional Indemnitee shall be liable for any act or omission of any other Trustee, Delaware Trustee or Additional Indemnitee unless such Person (as defined in the Act) acted with bad faith in the selection or retention of such other Trustee, Delaware Trustee or Additional Indemnitee.

(b) To the extent that, at law or in equity, the Asbestos PI Trustees, the Delaware Trustee and the Additional Indemnitees have duties (including fiduciary duties) and liabilities relating thereto to the Asbestos PI Trust, any Beneficial Owner, or to any other Person (as defined in the Act), the Asbestos PI Trustees, the Delaware Trustee and the Additional Indemnitees acting under this Agreement shall not be liable to the Asbestos PI Trust, any Beneficial Owner or to any other Person (as defined in the Act) for their good faith reliance on the provisions of this Agreement except as provided in Section 5.4(a). The provisions of this Agreement, to the extent that they restrict or eliminate the duties and liabilities of the Asbestos PI Trustees, the Delaware Trustee and the Additional Indemnitees otherwise existing at law or in equity, are agreed by the parties hereto to replace such other duties and liabilities of the Asbestos PI Trustees, the Delaware Trustee and the Additional Indemnitees.

(c) Notwithstanding any other provision of this Agreement or otherwise applicable law, whenever in this Agreement the Asbestos PI Trustees, the Delaware Trustee and the Additional Indemnitees are permitted or required to make a decision in their "*good faith*" or under another express standard, the Asbestos PI Trustees', the Delaware Trustee's and the Additional Indemnitees' actions shall be evaluated under such express standard and shall not be subject to any other or different standard.

(d) The liability of the Asbestos PI Trustees, the Delaware Trustee and the Additional Indemnitees to any Person (as defined in the Act) other than the Asbestos PI Trust and the Beneficial Owners shall be further limited (*i.e.*, to the extent such limitation is greater than the limitation provided in the other subsections of this Section 5.4) to the fullest extent allowed by Section 3803 of the Act.

5.5 Compensation and Expenses of Asbestos PI Trustees and Delaware Trustee.

(a) Each Asbestos PI Trustee shall receive compensation from the Asbestos PI Trust for his or her services as an Asbestos PI Trustee in the amount of $_________ per annum, payable in a lump sum at the beginning of each year of service. Each Asbestos PI Trustee shall also receive compensation at the rate of $______ per hour for all time expended in meetings, in preparation for meetings, and on other business of the Asbestos PI Trust, with the time computed on a quarter-hour basis. Each Asbestos PI Trustee shall maintain hourly time records for such time. The per annum compensation does not function as a retainer and the hourly items are not charged against the per annum compensation. The compensation payable to the Asbestos PI Trustees hereunder shall be reviewed every three (3) years and appropriately adjusted with the consent of the Asbestos PI Trust Advisory Committee and the Future Claimants' Representative. The Delaware Trustee shall be paid such compensation as is agreed pursuant to a separate fee agreement.

(b) The Asbestos PI Trust shall promptly reimburse each Asbestos PI Trustee and the Delaware Trustee for any reasonable out-of-pocket fees and expenses incurred by it, him

or her in connection with the performance of its, his or her duties as an Asbestos PI Trustee or Delaware Trustee.

(c) The Asbestos PI Trust shall include a reasonably detailed description of the amounts paid under this Section 5.5 in the Annual Report.

5.6 <u>Indemnification of Asbestos PI Trustees, the Delaware Trustee and Additional Indemnitees</u>.

(a) The Asbestos PI Trust shall indemnify and defend each Trustee, the Delaware Trustee and each Additional Indemnitee in the performance of its, his or her duties hereunder to the fullest extent that a statutory trust organized under the laws of the State of Delaware is from time to time entitled to indemnify and defend such Person (as defined in the Act) against any and all liabilities, expenses, claims, damages or losses incurred by or on behalf of it, him or her in the performance of its, his or her duties. Notwithstanding the foregoing, no Trustee, Delaware Trustee or Additional Indemnitee shall be indemnified or defended in any way for any liability, expense, claim, damage or loss for which it, he or she is ultimately liable under Section 5.4 above.

(b) Any reasonable fees and expenses incurred by or on behalf of a Trustee, the Delaware Trustee or an Additional Indemnitee in connection with any action, suit or proceeding, whether civil, administrative or arbitrative, from which it, he or she is indemnified by the Asbestos PI Trust pursuant to Section 5.6(a) above, including without limitation out-of-pocket fees and expenses and attorneys' fees and expenses, shall be paid by the Asbestos PI Trust in advance of the final disposition thereof upon receipt of an undertaking, by or on behalf of the Trustee, Delaware Trustee or Additional Indemnitee, as the case may be, to repay such amount in the event that it shall be determined by a Final Order that such Trustee, Delaware Trustee or Additional Indemnitee is not entitled to be indemnified by the Asbestos PI Trust.

(c) The Asbestos PI Trustees (i) may purchase and maintain reasonable amounts and types of insurance on behalf of any Person (as defined in the Act) who is or was an Asbestos PI Trustee or an Additional Indemnitee, and, (ii) if requested by the Asbestos PI Trust Advisory Committee or the Future Claimants' Representative, shall purchase and maintain reasonable amounts and types of insurance on behalf of the Asbestos PI Trust Advisory Committee and the Future Claimants' Representative, including, in either case, for liability asserted against or incurred by such Person (as defined in the Act) in that capacity or arising from its, his or her status with regard to the Asbestos PI Trust. To the extent the Asbestos PI Trust Advisory Committee and/or the Future Claimants' Representative requests insurance coverage pursuant to the preceding sentence, such Person (as defined in the Act) shall cooperate with the Asbestos PI Trust and the Asbestos PI Trustees in seeking the requested insurance coverage. The obligation of the Asbestos PI Trustees to provide insurance requested by the Asbestos PI Trust Advisory Committee or the Future Claimants' Representative shall be subject to the cooperation required in the preceding sentence and further subject to the determination of the Asbestos PI Trustees that the requested amounts and types of insurance are reasonable. Insurance coverage may, with agreement among the Asbestos PI Trustees, the Asbestos PI Trust Advisory Committee and the Future Claimants' Representative, be provided through self-insurance arrangements.

5.7 Asbestos PI Trustees' Lien. The Asbestos PI Trustees, the Delaware Trustee and the Additional Indemnitees shall have a first priority lien upon the Asbestos PI Trust Assets to secure the payment of any amounts payable to them pursuant to Section 5.6 above.

5.8 Asbestos PI Trustees' Employment of Experts; Delaware Trustee's Employment of Counsel.

(a) The Asbestos PI Trustees may, but shall not be required to, retain and/or consult with counsel, accountants, appraisers, auditors, forecasters, experts, financial and investment advisors and such other parties deemed by the Asbestos PI Trustees to be qualified as experts ("Trust Professionals") on any matter submitted to them, and, in the absence of gross negligence, the written opinion of or information provided by any such party deemed by the Asbestos PI Trustees to be an expert on the particular matter submitted to him or her by the Asbestos PI Trustees shall be full and complete authorization and protection in respect of any action taken or not taken by the Asbestos PI Trustees hereunder in good faith and in accordance with the written opinion of or information provided by any such party.

(b) The Delaware Trustee shall only be permitted to retain counsel and only in such circumstances as required in the exercise of its obligations hereunder, and compliance with the advice of such counsel shall be full and complete authorization and protection for actions taken or not taken by the Delaware Trustee in good faith in compliance with such advice.

The initial Delaware Trustee shall be Wilmington Trust. If at any time the Delaware Trustee shall cease to be eligible in accordance with the provisions of this Section 5.11, it shall resign immediately in the manner and with the effect hereinafter specified in Section 5.11(c) below. For the avoidance of doubt, the Delaware Trustee will only have such rights and obligations as expressly provided by reference to the Delaware Trustee hereunder.

(b) The Delaware Trustee shall not be entitled to exercise any powers, nor shall the Delaware Trustee have any of the duties and responsibilities, of the Asbestos PI Trustees set forth herein. The Delaware Trustee shall be one of the trustees of the Trust for the

sole and limited purpose of fulfilling the requirements of Section 3807 of the Act and for taking such actions as are required to be taken by a Delaware trustee under the Act. The duties (including fiduciary duties), liabilities and obligations of the Delaware Trustee shall be limited to (i) accepting legal process served on the Asbestos PI Trust in the State of Delaware and (ii) the execution of any certificates required to be filed with the Secretary of State of the State of Delaware that the Delaware Trustee is required to execute under Section 3811 of the Act and there shall be no other duties (including fiduciary duties) or obligations, express or implied, at law or in equity, of the Delaware Trustee.

(c) The Delaware Trustee shall serve until such time as the Asbestos PI Trustees remove the Delaware Trustee or the Delaware Trustee resigns and a successor Delaware Trustee is appointed by the Asbestos PI Trustees in accordance with the terms of Section 5.11(d) below. The Delaware Trustee may resign at any time upon the giving of at least 60 days' advance written notice to the Asbestos PI Trustees; provided, that such resignation shall not become effective unless and until a successor Delaware Trustee shall have been appointed by the Asbestos PI Trustees in accordance with Section 5.11(d) below. If the Asbestos PI Trustees do not act within such 60-day period, the Delaware Trustee may apply to the Court of Chancery of the State of Delaware for the appointment of a successor Delaware Trustee.

(d) Upon the resignation or removal of the Delaware Trustee, the Asbestos PI Trustees shall appoint a successor Delaware Trustee by delivering a written instrument to the outgoing Delaware Trustee. Any successor Delaware Trustee must satisfy the requirements of Section 3807 of the Act. Any resignation or removal of the Delaware Trustee and appointment of a successor Delaware Trustee shall not become effective until a written acceptance of appointment is delivered by the successor Delaware Trustee to the outgoing Delaware Trustee and the Asbestos PI Trustees and any fees and expenses due to the outgoing Delaware Trustee are paid. Following compliance with the preceding sentence, the successor Delaware Trustee shall become fully vested with all of the rights, powers, duties and obligations of the outgoing Delaware Trustee under this Agreement, with like effect as if originally named as Delaware Trustee, and the outgoing Delaware Trustee shall be discharged of its duties and obligations under this Agreement.

Trust Advisory Committee Professional and (B) why the Asbestos PI Trust Advisory Committee cannot rely on Trust Professionals to meet the needs of the Asbestos PI Trust Advisory Committee for such expertise or advice and (ii) the Asbestos PI Trust has approved the Asbestos PI Trust Advisory Committee's request for reimbursement in writing. If the Asbestos PI Trust agrees to pay for the Asbestos PI Trust Advisory Committee Professional, such reimbursement shall be treated as an Asbestos PI Trust Expense. If the Asbestos PI Trust declines to pay for the Asbestos PI Trust Advisory Committee Professional, it must set forth its reasons in writing. If the Asbestos PI Trust Advisory Committee still desires to employ such Asbestos PI Trust Advisory Committee Professional at the expense of the Asbestos PI Trust, the Asbestos PI Trust Advisory Committee and/or the Asbestos PI Trustees shall resolve their dispute in accordance with Section 8.12 below.

6.6 Compensation and Expenses of the Asbestos PI Trust Advisory Committee. Each member of the Asbestos PI Trust Advisory Committee shall receive compensation from the Asbestos PI Trust for attendance at meetings or other Asbestos PI Trust business performed in the form of a reasonable hourly rate set by the Asbestos PI Trustees. In addition, the Asbestos PI Trust shall promptly reimburse each member of the Asbestos PI Trust Advisory Committee for any reasonable out-of-pocket fees and expenses incurred by him or her in connection with the performance of his or her duties as a member of the Asbestos PI Trust Advisory Committee. Such compensation or reimbursement shall be deemed an Asbestos PI Trust Expense. The Asbestos PI Trust shall include a reasonably detailed description of the amounts paid under this Section 6.6 in the Annual Report.

6.7 Procedures for Consultation with and Obtaining the Consent of the Asbestos PI Trust Advisory Committee.

(a) Consultation Process.

(i) In the event the Asbestos PI Trustees are required to consult with the Asbestos PI Trust Advisory Committee pursuant to Section 2.2(d) above or on other matters as provided herein, the Asbestos PI Trustees shall provide the Asbestos PI Trust Advisory Committee with written advance notice of the matter under consideration and with all relevant information concerning the matter as is reasonably practicable under the circumstances. The Asbestos PI Trustees shall also provide the Asbestos PI Trust Advisory Committee with such reasonable access to any counsel, accountants, appraisers, auditors, forecasters, experts or financial or investment advisors retained by the Asbestos PI Trust and its staff (if any) as the Asbestos PI Trust Advisory Committee may reasonably request during the time that the Asbestos PI Trustees are considering such matter and shall also provide the Asbestos PI Trust Advisory Committee the opportunity, at reasonable times and for reasonable periods of time, to discuss and comment on such matter with the Asbestos PI Trustees; provided that in no event shall the Asbestos PI Trust Advisory Committee or its members have any right to consult with counsel to the Asbestos PI Trust or obtain any information in such a manner as would result in the waiver of attorney-client or other applicable privilege belonging to the Asbestos PI Trust.

(ii) In determining when to take definitive action on any matter subject to the consultation process set forth in this Section 6.7(a), the Asbestos PI Trustees shall take into consideration the time required for the Asbestos PI Trust Advisory Committee, if its members so

wish, to engage and consult with its own independent financial or investment advisors as to such matter. In any event, the Asbestos PI Trustees shall not take definitive action on any such matter until at least thirty (30) days after providing the Asbestos PI Trust Advisory Committee with the initial written notice that such matter is under consideration by the Asbestos PI Trustees, unless such time period is waived by the Asbestos PI Trust Advisory Committee.

(b) Consent Process.

(i) In the event the Asbestos PI Trustees are required to obtain the consent of the Asbestos PI Trust Advisory Committee pursuant to Section 2.2(e) above, the Asbestos PI Trustees shall provide the Asbestos PI Trust Advisory Committee with a written notice stating that its consent is being sought pursuant to that provision, describing in detail the nature and scope of the action the Asbestos PI Trustees propose to take and explaining in detail the reasons why the Asbestos PI Trustees desire to take such action. The Asbestos PI Trustees shall provide the Asbestos PI Trust Advisory Committee as much relevant additional information concerning the proposed action as is reasonably practicable under the circumstances. The Asbestos PI Trustees shall also provide the Asbestos PI Trust Advisory Committee with such reasonable access to any counsel, accountants, appraisers, auditors, forecasters, experts or financial or investment advisors retained by the Asbestos PI Trust and its staff (if any) as the Asbestos PI Trust Advisory Committee may reasonably request during the time that the Asbestos PI Trustees are considering such action, and shall also provide the Asbestos PI Trust Advisory Committee the opportunity, at reasonable times and for reasonable periods of time, to discuss and comment on such action with the Asbestos PI Trustees; provided that in no event shall the Asbestos PI Trust Advisory Committee or its members have any right to consult with counsel to the Asbestos PI Trust or obtain any information in such a manner as would result in the waiver of attorney-client or other applicable privilege belonging to the Asbestos PI Trust.

(ii) The Asbestos PI Trust Advisory Committee must consider in good faith and in a timely fashion any request for its consent by the Asbestos PI Trustees and must in any event advise the Asbestos PI Trustees in writing of its consent or its objection to the proposed action within thirty (30) days of receiving the original request for consent from the Asbestos PI Trustees. The Asbestos PI Trust Advisory Committee may not withhold its consent unreasonably. If the Asbestos PI Trust Advisory Committee decides to withhold its consent, it must explain in detail its objections to the proposed action. If the Asbestos PI Trust Advisory Committee does not advise the Asbestos PI Trustees in writing of its consent or its objections to the action within thirty (30) days of receiving notice regarding such request, the Asbestos PI Trust Advisory Committee's consent to the proposed actions shall be deemed to have been affirmatively granted.

(iii) If, after following the procedures specified in this Section 6.7(b), the Asbestos PI Trust Advisory Committee continues to object to the proposed action and to withhold its consent to the proposed action, the Asbestos PI Trustees and/or the Asbestos PI Trust Advisory Committee shall resolve their dispute in accordance with Section 8.12 below. However, the burden of proof with respect to the validity of the Asbestos PI Trust Advisory Committee's objection and withholding of its consent shall be on the Asbestos PI Trust Advisory Committee.

Article VII. The Future Claimants' Representative

7.1 Appointment of Initial Future Claimants' Representative. The initial Future Claimants' Representative shall be the individual named on the signature page hereto.

7.2 Duties. The Future Claimants' Representative shall serve in a fiduciary capacity, representing the interests of the holders of future Asbestos PI Claims for the purpose of protecting the rights of such persons. The Asbestos PI Trustees must consult with the Future Claimants' Representative on matters identified in Section 2.2(d) above and on certain other matters provided herein and must obtain the consent of the Future Claimants' Representative on matters identified in Section 2.2(e) above. Where provided in the Asbestos PI Trust Distribution Procedures, certain other actions by the Asbestos PI Trustees are also subject to the consent of the Future Claimants' Representative.

7.3 Term of Office.

(a) Each Future Claimants' Representative shall serve until the earliest of (i) his or her death, (ii) his or her resignation pursuant to Section 7.3(b) below, (iii) his or her removal pursuant to Section 7.3(c) below, or (iv) the termination of the Asbestos PI Trust pursuant to Section 8.2 below.

(b) The Future Claimants' Representative may resign at any time by written notice to the Asbestos PI Trustees. Such notice shall specify a date when such resignation shall take effect, which shall not be less than ninety (90) days after the date such notice is given, where practicable.

(c) At the request of the Asbestos PI Trustees or the Asbestos PI Trust Advisory Committee, the Future Claimants' Representative may be removed pursuant to an order of the Bankruptcy Court in the event he or she becomes unable to discharge his or her duties hereunder due to accident, physical deterioration, mental incompetence, a consistent pattern of neglect and failure to perform, or to participate in performing, his or her duties hereunder (such as repeated nonattendance at scheduled meetings) or for other good cause.

7.4 Appointment of Successor. A vacancy caused by death or resignation shall be filled with an individual nominated prior to the effective date of the resignation or the death by the resigning or deceased Future Claimants' Representative, and a vacancy caused by removal of the Future Claimants' Representative shall be filled with an individual nominated by the Asbestos PI Trustees in consultation with the Asbestos PI Trust Advisory Committee, subject, in each case, to the approval of the Bankruptcy Court. In the event a majority of the Asbestos PI Trustees cannot agree, or a nominee has not been pre-selected, the successor shall be chosen by the Bankruptcy Court.

7.5 Future Claimants' Representative's Employment of Professionals.

(a) The Future Claimants' Representative may, but is not required to, retain and/or consult counsel, accountants, appraisers, auditors, forecasters, experts, financial and investment advisors and such other parties deemed by the Future Claimants' Representative to be qualified as experts on any matter submitted to the Future Claimants' Representative (the

"Future Representative Professionals"). The Future Claimants' Representative and the Future Representative Professionals shall at all times have complete access to the Asbestos PI Trust's officers, employees and agents, as well as to Trust Professionals, and shall also have complete access to all information generated by them or otherwise available to the Asbestos PI Trust or the Asbestos PI Trustees; provided that in no event shall the Future Claimants' Representative or the Future Representative Professionals have any right to consult with counsel to the Asbestos PI Trust or obtain any information in such a manner as would result in the waiver of attorney-client or other applicable privilege belonging to the Asbestos PI Trust. In the absence of gross negligence, the written opinion of or information provided by any Future Representative Professional or Trust Professional deemed by the Future Claimants' Representative to be qualified as an expert on the particular matter submitted to the Future Claimants' Representative shall be full and complete authorization and protection in support of any action taken or not taken by the Future Claimants' Representative in good faith and in accordance with the written opinion of or information provided by such Future Representative Professional or Trust Professional.

(b) The Asbestos PI Trust shall promptly reimburse, or pay directly if so instructed, the Future Claimants' Representative for any reasonable fees and expenses associated with the Future Claimants' Representative's employment of legal counsel pursuant to this provision in connection with the Future Claimants' Representative's performance of his or her duties hereunder. The Asbestos PI Trust shall also promptly reimburse, or pay directly if so instructed, the Future Claimants' Representative for any reasonable fees and expenses associated with the Future Claimants' Representative's employment of any other Future Representative Professional pursuant to this provision in connection with the Future Claimants' Representative's performance of his or her duties hereunder; provided, however, that (i) the Future Claimants' Representative has first submitted to the Asbestos PI Trust a written request for such reimbursement setting forth the reasons (A) why the Future Claimants' Representative desires to employ such Future Representative Professional and (B) why the Future Claimants' Representative cannot rely on Trust Professionals to meet the needs of the Future Claimants' Representative for such expertise or advice and (ii) the Asbestos PI Trust has approved the Future Claimants' Representative's request for reimbursement in writing. If the Asbestos PI Trust agrees to pay for the Future Representative Professional, such reimbursement shall be treated as an Asbestos PI Trust Expense. If the Asbestos PI Trust declines to pay for the Future Representative Professional, it must set forth its reasons in writing. If the Future Claimants' Representative still desires to employ such Future Representative Professional at the expense of the Asbestos PI Trust, the Future Claimants' Representative and/or the Asbestos PI Trustees shall resolve their dispute pursuant to Section 8.12 below.

7.6 Compensation and Expenses of the Future Claimants' Representative. The Future Claimants' Representative shall receive compensation from the Asbestos PI Trust at the rate of $_______ per hour for attendance at meetings or other Asbestos PI Trust business performed. The compensation payable to the Future Claimants' Representative hereunder shall be reviewed every three (3) years and appropriately adjusted by the Asbestos PI Trustees. In addition, the Asbestos PI Trust shall promptly reimburse the Future Claimants' Representative for any reasonable out-of-pocket fees and expenses incurred by him or her in connection with the performance of his or her duties as the Future Claimants' Representative. Such compensation or reimbursement shall be deemed an Asbestos PI Trust Expense. The Asbestos PI Trust shall

include a reasonably detailed description of the amounts paid under this Section 7.6 in the Annual Report.

7.7 Procedures for Consultation with and Obtaining the Consent of the Future Claimants' Representative.

(a) Consultation Process.

(i) In the event the Asbestos PI Trustees are required to consult with the Future Claimants' Representative pursuant to Section 2.2(d) above or on any other matters specified herein, the Asbestos PI Trustees shall provide the Future Claimants' Representative with written advance notice of the matter under consideration and with all relevant information concerning the matter as is reasonably practicable under the circumstances. The Asbestos PI Trustees shall also provide the Future Claimants' Representative with such reasonable access to any counsel, accountants, appraisers, auditors, forecasters, experts or financial or investment advisor retained by the Asbestos PI Trust and its staff (if any) as the Future Claimants' Representative may reasonably request during the time that the Asbestos PI Trustees are considering such matter, and shall also provide the Future Claimants' Representative the opportunity, at reasonable times and for reasonable periods of time, to discuss and comment on such matter with the Asbestos PI Trustees; provided that in no event shall the Future Claimants' Representative have any right to consult with counsel to the Asbestos PI Trust or obtain any information in such a manner as would result in the waiver of attorney-client or other applicable privilege belonging to the Asbestos PI Trust.

(ii) In determining when to take definitive action on any matter subject to the consultation process set forth in this Section 7.7(a), the Asbestos PI Trustees shall take into consideration the time required for the Future Claimants' Representative, if he or she so wishes, to engage and consult with his or her own independent financial or investment advisors as to such matter. In any event, the Asbestos PI Trustees shall not take definitive action on any such matter until at least thirty (30) days after providing the Future Claimants' Representative with the initial written notice that such matter is under consideration by the Asbestos PI Trustees, unless such time period is waived by the Future Claimants' Representative.

(b) Consent Process.

(i) In the event the Asbestos PI Trustees are required to obtain the consent of the Future Claimants' Representative pursuant to Section 2.2(e) above, the Asbestos PI Trustees shall provide the Future Claimants' Representative with a written notice stating that his or her consent is being sought pursuant to that provision, describing in detail the nature and scope of the action the Asbestos PI Trustees propose to take and explaining in detail the reasons why the Asbestos PI Trustees desire to take such action. The Asbestos PI Trustees shall provide the Future Claimants' Representative as much relevant additional information concerning the proposed action as is reasonably practicable under the circumstances. The Asbestos PI Trustees shall also provide the Future Claimants' Representative with such reasonable access to any counsel, accountants, appraisers, auditors, forecasters, experts or financial or investment advisors retained by the Asbestos PI Trust and its staff (if any) as the Future Claimants' Representative may reasonably request during the time that the Asbestos PI Trustees are considering such

action, and shall also provide the Future Claimants' Representative the opportunity, at reasonable times and for reasonable periods of time, to discuss and comment on such action with the Asbestos PI Trustees; provided that in no event shall the Future Claimants' Representative have any right to consult with counsel to the Asbestos PI Trust or obtain any information in such a manner as would result in the waiver of attorney-client or other applicable privilege belonging to the Asbestos PI Trust.

(ii) The Future Claimants' Representative must consider in good faith and in a timely fashion any request for his or her consent by the Asbestos PI Trustees and must in any event advise the Asbestos PI Trustees in writing of his or her consent or objection to the proposed action within thirty (30) days of receiving the original request for consent from the Asbestos PI Trustees. The Future Claimants' Representative may not withhold his or her consent unreasonably. If the Future Claimants' Representative decides to withhold consent, he or she must explain in detail his or her objections to the proposed action. If the Future Claimants' Representative does not advise the Asbestos PI Trustees in writing of his or her consent or objections to the proposed action within thirty (30) days of receiving the notice from the Asbestos PI Trustees regarding such consent, the Future Claimants' Representative's consent shall be deemed to have been affirmatively granted.

(iii) If, after following the procedures specified in this Section 7.7(b), the Future Claimants' Representative continues to object to the proposed action and to withhold his or her consent to the proposed action, the Asbestos PI Trustees and/or the Future Claimants' Representative shall resolve their dispute in accordance with Section 8.12 below. However, the burden of proof with respect to the validity of the Future Claimants' Representative's objection and withholding of his or her consent shall be on the Future Claimants' Representative.

Article VIII. General Provisions

8.1 Irrevocability. The Asbestos PI Trust is irrevocable.

8.2 Term and Termination.

(a) The term for which the Asbestos PI Trust is to exist shall commence on the date of the filing of the Certificate of Trust and shall terminate pursuant to the provisions of Section 8.2 below.

(b) The Asbestos PI Trust shall automatically dissolve on the date (the "Dissolution Date") ninety (90) days after the first to occur of the following:

(i) the date on which the Asbestos PI Trustees decide to dissolve the Asbestos PI Trust because (A) the Asbestos PI Trustees deem it unlikely that any new Asbestos PI Claim will be filed against the Asbestos PI Trust, (B) all Asbestos PI Claims duly filed with the Asbestos PI Trust have been liquidated and, to the extent possible based upon the funds available to the Asbestos PI Trust through the Plan, paid to the extent provided in this Agreement and the Asbestos PI Trust Distribution Procedures or disallowed by a final, non-appealable order, and (C) twelve (12) consecutive months have elapsed during which no new Asbestos PI Claim has been filed with the Asbestos PI Trust;

(ii) if the Asbestos PI Trustees have procured and have in place irrevocable insurance policies and have established claims handling agreements and other necessary arrangements with suitable third parties adequate to discharge all expected remaining obligations and expenses (including without limitation Asbestos PI Trust Expenses) of the Asbestos PI Trust in a manner consistent with this Agreement and the Asbestos PI Trust Distribution Procedures, the date on which the Bankruptcy Court enters an order approving such insurance and other arrangements and such order becomes a Final Order; or

(iii) to the extent that any rule against perpetuities shall be deemed applicable to the Asbestos PI Trust, that date which is twenty-one (21) years less ninety-one (91) days after the death of the last survivor of all of the descendants of the late Joseph P. Kennedy, Sr., father of the late President John F. Kennedy, living on the date hereof.

(c) On the Dissolution Date or as soon as reasonably practicable, after the wind-up of the Asbestos PI Trust's affairs by the Asbestos PI Trustees and payment of all the Asbestos PI Trust's liabilities (including without limitation Asbestos PI Trust Expenses) has been provided for as required by applicable law including Section 3808 of the Act, all assets remaining in the Asbestos PI Trust estate shall be given to such organization(s) exempt from federal income tax under section 501(c)(3) of the IRC, which tax-exempt organization(s) shall be selected by the Asbestos PI Trustees using their reasonable discretion; provided, however, that (i) if practicable, the activities of the selected tax-exempt organization(s) shall be related to the treatment of, research on or the relief of suffering of individuals suffering from asbestos-related lung diseases or disorders and (ii) the tax-exempt organization(s) shall not bear any relationship to the Company or PENAC within the meaning of section 468B(d)(3) of the IRC. Notwithstanding any contrary provision of the Plan and related documents, this Section 8.2(c) cannot be modified or amended.

(d) Following the dissolution and distribution of the assets of the Asbestos PI Trust, the Asbestos PI Trust shall terminate and the Asbestos PI Trustees, or any one of them, shall execute and cause a Certificate of Cancellation of the Certificate of Trust of the Asbestos PI Trust to be filed in accordance with the Act. Notwithstanding anything to the contrary contained in this Agreement, the existence of the Asbestos PI Trust as a separate legal entity shall continue until the filing of such Certificate of Cancellation.

8.3 Amendments. The Asbestos PI Trustees may modify or amend this Agreement by a writing signed by each Trustee; provided, however, that any such amendment shall require the consent of each member of the Asbestos PI Trust Advisory Committee and the Future Claimants' Representative in accordance with Section 2.2(e) above; and provided, further, that no such modification or amendment, unless the modification or amendment is signed by the Delaware Trustee, may adversely affect the rights, duties or obligations of the Delaware Trustee. The Asbestos PI Trustees may modify or amend the Asbestos PI Trust Distribution Procedures by a writing signed by each Asbestos PI Trustee with the consent of the Asbestos PI Trust Advisory Committee and the Future Claimants' Representative as provided in the Asbestos PI Trust Distribution Procedures; provided, however, that no amendment to such procedures shall be inconsistent with the provisions limiting amendments to such procedures provided therein and, in particular, the provisions limiting amendment of the "Claims Payment Ratio" set forth in Section 2.5 of the Asbestos PI Trust Distribution Procedures and of the "Payment Percentage"

set forth in Section 4.2 of the Asbestos PI Trust Distribution Procedures. Notwithstanding anything contained in this Agreement to the contrary, none of this Agreement, the Asbestos PI Trust Distribution Procedures or the Trust Bylaws, or any document annexed to the foregoing, shall be modified or amended in any way that could jeopardize, impair or modify the applicability of section 524(g) of the Bankruptcy Code, the efficacy or enforceability of the Asbestos PI Channeling Injunction or the Asbestos PI Trust's qualified settlement fund status under section 1.468B-1 *et seq.* of the Treasury Regulations promulgated under section 468B of the IRC.

8.4 Severability. Should any provision in this Agreement be determined to be unenforceable, such determination shall in no way limit or affect the enforceability and operative effect of any and all other provisions of this Agreement.

8.5 Notices.

(a) Any notices or other communications required or permitted hereunder to any person asserting a Asbestos PI Claim shall be in writing and delivered at the address for such person or, where applicable, such person's legal representative, in each case as provided on such person's claim form submitted to the Asbestos PI Trust with respect to his or her claim, or mailed by first class mail, postage prepaid, addressed to such address.

(b) Any notices or other communications required or permitted hereunder to any of the following parties shall be in writing and delivered at the address, email address or facsimile number for such party designated below, or in accordance with such other instructions as may hereafter be furnished in writing to each of the other parties listed below in compliance with the terms hereof.

8.6 Successors and Assigns. The provisions of this Agreement shall be binding upon and inure to the benefit of the Company, the Asbestos PI Trust, the Asbestos PI Trustees, the Delaware Trustee, the members of the Asbestos PI Trust Advisory Committee, the Future Claimants' Representative and their respective successors and assigns, except that none of such persons may assign or otherwise transfer any of its rights or obligations under this Agreement except, in the case of the Asbestos PI Trust and the Asbestos PI Trustees, as contemplated by Section 2.1 above.

8.7 Limitation on Claim Interests for Securities Laws Purposes. Asbestos PI Claims and any interests therein (a) shall not be assigned, conveyed, hypothecated, pledged or otherwise transferred, voluntarily or involuntarily, directly or indirectly, except by will or under the laws of descent and distribution, (b) shall not be evidenced by a certificate or other instrument, (c) shall not possess any voting rights, or (d) shall not be entitled to receive any dividends or interest; provided, however, that clause (a) of this Section 8.7 shall not apply to the holder of a claim that is subrogated to a Asbestos PI Claim as a result of its satisfaction of such claim.

8.8 Entire Agreement; No Waiver. The entire agreement of the parties relating to the subject matter of this Agreement is contained herein and in the documents referred to herein, and this Agreement and such documents supersede any prior oral or written agreements concerning the subject matter hereof. No failure to exercise or delay in exercising any right, power or privilege hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any right, power or privilege hereunder preclude any further exercise thereof or of any other right, power or privilege. The rights and remedies herein provided are cumulative and are not exclusive of rights under law or in equity.

8.9 Headings. The headings used in this Agreement are inserted for convenience only and do not constitute a portion of this Agreement, nor in any manner affect the construction of the provisions of this Agreement.

8.10 Governing Law. This Agreement shall be governed by, and construed in accordance with, the laws of the State of Delaware without regard to Delaware conflict of laws principles; provided, however, that there shall not be applicable to the parties hereunder or this Agreement any provision of the laws (common or statutory) of the state of Delaware pertaining to trusts that relate to or regulate, in a manner inconsistent with the terms hereof, (a) the filing with any court or governmental body or agency of trustee accounts or schedules of trustee fees and charges, (b) affirmative requirements to post bonds for trustees, officers, agents or employees of a trust, (c) the necessity for obtaining court or other governmental approval concerning the acquisition, holding or disposition of real or personal property, (d) fees or other sums payable to trustees, officers, agents or employees of a trust, (e) the allocation of receipts and expenditures to income or principal, (f) restrictions or limitations on the permissible nature, amount or concentration of trust investments or requirements relating to the titling, storage or other manner of holding or investing trust assets or (g) the establishment of fiduciary or other standards of responsibility or limitations on the acts or powers of trustees that are inconsistent with the limitations or authorities and powers of the Asbestos PI Trustees and Delaware Trustee hereunder as set forth or referenced in this Agreement. Section 3540 of title 12 of the Delaware Code shall not apply to the Asbestos PI Trust.

8.11 Settlors Representative and Cooperation. The Company and PENAC are hereby irrevocably designated as the settlors of the Asbestos PI Trust, and they are hereby authorized to take any action required as such in connection with this Agreement. The Company and PENAC agree to cooperate in implementing the goals and objectives of the Asbestos PI Trust.

8.12 Dispute Resolution. Any disputes that arise under this Agreement or under the Asbestos PI Trust Distribution Procedures shall be resolved by submission of the matter to an alternative dispute resolution ("ADR") process mutually agreeable to the parties involved. Should any party to the ADR process be dissatisfied with the decision of the arbitrator(s), that party may apply to the Bankruptcy Court for a judicial determination of the matter. Any review conducted by the Bankruptcy Court shall be *de novo*. In any case, if the dispute arose pursuant to the consent provision set forth in Section 6.7(b) above or Section 7.7(b) above, the burden of proof shall be on the party or parties who withheld consent to show that the objection was valid. Should the dispute not be resolved by the ADR process within thirty (30) days after submission, the parties are relieved of the requirement to pursue ADR prior to application to the Bankruptcy Court. If the Asbestos PI Trustees determine that the matter in dispute is exigent and cannot await the completion of the ADR process, the Asbestos PI Trustees shall have the discretion to elect out of the ADR process altogether or at any stage of the process and seek resolution of the dispute in the Bankruptcy Court.

8.13 Enforcement and Administration. The provisions of this Agreement and the Asbestos PI Trust Distribution Procedures attached hereto shall be enforced by the Bankruptcy Court pursuant to the Plan. The parties hereby further acknowledge and agree that the Bankruptcy Court shall have exclusive jurisdiction over the settlement of the accounts of the Asbestos PI Trust and over any disputes hereunder not resolved by ADR in accordance with

Section 8.12 above. Notwithstanding anything else herein contained, to the extent any provision of this Agreement is inconsistent with any provision of the Asbestos PI Trust Distribution Procedures or the Plan, the Asbestos PI Trust Distribution Procedures or the Plan, as the case may be, shall control.

8.14 Effectiveness. This Agreement shall not become effective until it has been executed and delivered by all the parties hereto.

8.15 Counterpart Signatures. This Agreement may be executed in any number of counterparts, each of which shall constitute an original, but such counterparts shall together constitute but one and the same instrument.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the day and year first written above.

ARTICLE II

INDEMNIFICATION

Section 2.1 Indemnification by the Asbestos PI Trust. Except as otherwise provided in this Agreement, the Asbestos PI Trust shall indemnify, defend, pay the Reasonable defense costs for, and hold harmless the Indemnitees from and against any and all Liabilities associated with the Indemnified Claims that any third party seeks to impose upon the Indemnitees, or that are imposed upon the Indemnitees, including, without limitation, Indirect Asbestos PI Claims; provided, however, that the Asbestos PI Trust shall not indemnify the Indemnitees or any other person with respect to any Liabilities associated with (i) Indirect Asbestos PI Claims that are not channeled to the Asbestos PI Trust; or (ii) Insurer Contribution Claims asserted against an Entity other than a Settling Insurer or THAN.

In the event that the Asbestos PI Trust makes a payment to any of the Indemnitees hereunder, and any Liabilities on account of which such payment was made are subsequently reduced, either directly or through a third-party recovery, the applicable Indemnitees will promptly repay the Asbestos PI Trust the amount by which the payment made by the Asbestos PI Trust exceeds the associated indemnified Liabilities after taking into account such reduction.

Section 2.2 Procedures for Defense, Settlement, and Indemnification of Trust Claims.

(a) Notice of Claims. If an Indemnitee shall receive notice or otherwise learn of the assertion or commencement by an Entity of any Indemnified Claim with respect to which the Asbestos PI Trust may be obligated to provide indemnification to such Indemnitee pursuant to Section 2.1, the Indemnitee shall give the Asbestos PI Trust written notice thereof within thirty (30) days after becoming aware of such Indemnified Claim. Any such notice shall describe the Indemnified Claim in reasonable detail. Notwithstanding the foregoing, the delay or failure of any Indemnitee to give notice as provided in this Section 2.2(a) shall not relieve the Asbestos PI Trust of its obligations under this Article II, except to the extent that the Asbestos PI Trust is actually prejudiced by such delay or failure to give notice.

(b) Defense by Asbestos PI Trust. The Asbestos PI Trust shall have the sole right to manage the defense of any Indemnified Claim for which the Asbestos PI Trust may be obligated to provide indemnification to an Indemnitee pursuant to Section 2.1. Within thirty (30) days after the receipt of notice from an Indemnitee in accordance with Section 2.2(a) (or sooner, if the nature of such Indemnified Claim so requires), the Asbestos PI Trust shall notify the Indemnitee that the Asbestos PI Trust will assume responsibility for managing the defense of such Indemnified Claim, which notice shall specify any reservations or exceptions.

(c) Defense by Indemnitee. If the Asbestos PI Trust fails to assume responsibility for managing the defense of an Indemnified Claim for which the Asbestos PI Trust may be obligated to provide indemnification to an Indemnitee pursuant to Section 2.1, or fails to notify an Indemnitee that it will assume responsibility as provided in Section 2.2(b), such Indemnitee may manage the defense of such Indemnified Claim; provided, however, that the Asbestos PI Trust shall reimburse all such costs and expenses in the event it is ultimately determined that the Asbestos PI Trust is obligated to indemnify the Indemnitee with respect to such Indemnified Claim.

(d) No Consent to Certain Judgments or Settlements Without Consent. Notwithstanding any provision of this Section 2.2, no Party shall consent to entry of any judgment or enter into any settlement of an Indemnified Claim for which the Asbestos PI Trust may be obligated to provide indemnification to an Indemnitee pursuant to Section 2.1 without the consent of the other Party (such consent not to be unreasonably withheld), if the effect of such judgment or settlement is to permit any injunction, declaratory judgment, other order, or other nonmonetary relief to be entered, directly or indirectly, against the other Party.

(e) Subrogation. In the event of payment by or on behalf of the Asbestos PI Trust to or on behalf of any Indemnitee in connection with any Indemnified Claim, the Asbestos PI Trust shall be subrogated to and shall stand in the place of such Indemnitee, in whole or in part based upon whether the Asbestos PI Trust has paid all or only part of the Indemnitee's Liability, as to any events or circumstances in respect of which such Indemnitee may have any right, defense, or claim relating to such Indemnified Claim against any claimant or plaintiff asserting such Indemnified Claim or against any other Entity. Such Indemnitee shall cooperate with the Asbestos PI Trust in a reasonable manner, and at the cost and expense of the Asbestos PI Trust, in prosecuting any subrogated right, defense, or claim.

ARTICLE III

Section 3.6 Other Agreements Evidencing Indemnification Obligations. The Asbestos PI Trust hereby agrees to execute, for the benefit of any Indemnitee, such documents as may be reasonably requested by such Indemnitee, evidencing the Asbestos PI Trust's agreement that the indemnification obligations of the Asbestos PI Trust set forth in this Agreement inure to the benefit of, and are enforceable by, such Indemnitee.

Notwithstanding the foregoing, each Party (or its permitted successive assignees or transferees hereunder) may assign or transfer this Agreement as a whole without consent to an entity that succeeds to all or substantially all of the business or assets of such Party. Without limiting the foregoing, this Agreement will be binding upon, and inure to the benefit of, the Parties and their permitted successors and assigns. This Agreement may be enforced separately by the Asbestos PI Trust and each Indemnitee.

Section 3.9 Severability. If any term or other provision of this Agreement is determined by a court, administrative agency, or arbitrator to be invalid, illegal, or incapable of being enforced by any rule of law or public policy, all other conditions and provisions of this Agreement will nevertheless remain in full force and effect so long as the economic or legal substance of the transactions contemplated is not affected in any manner materially adverse to any Party. Upon such determination that any term or other provision is invalid, illegal, or incapable of being enforced, the Parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties as closely as possible in an acceptable manner to the end that transactions contemplated hereby are fulfilled to the fullest extent possible.

Section 3.10 Failure or Indulgence Not Waiver; Remedies Cumulative. No failure or delay on the part of any Party hereto in the exercise of any right hereunder shall impair such right or be construed to be a waiver of, or acquiescence in, any breach of any representation, warranty, or agreement herein, nor shall any single or partial exercise of any such right preclude other or further exercise thereof or of any other right.

Section 3.11 Amendment. No change or amendment will be made to this Agreement except by an instrument in writing signed on behalf of each of the Parties to this Agreement.

IN WITNESS WHEREOF, each of the Parties has caused this Indemnification to be executed on its behalf by its duly authorized officers thereunto on the day and year first above written.

33. Article 11.4 of the Plan is incorporated in its entirety into, and made a part of, this Order.

34. The Order Granting Debtors' Motion for an Order Pursuant to 11 U.S.C. § 105(a) and Fed. R. Bankr. P. 9019 (a) Approving (I) Settlement Agreement and Mutual Release Between DII Industries, LLC, Halliburton Company and Certain Underwriters at Lloyd's, London (the "Lloyd's, London Settlement Agreement") and (II) Related Technical Plan Amendment entered on March 10, 2004 (Docket No. 806) is incorporated in its entirety into, and made a part of, this Order. The provisions of the Lloyd's, London Settlement Agreement are binding on the Reorganized Debtors, and the obligations of DII Industries under the agreement shall become the joint and several obligations of the Reorganized Debtors.

35. The Order Granting Debtors' Motion for an Order Pursuant to 11 U.S.C. § 105(a) and Fed. R. Bankr. P. 9019 (a) Approving (I) Settlement Agreement and Mutual Release Between DII Industries, LLC and Liberty Mutual Insurance Company (the "Liberty Mutual Settlement Agreement"), and (II) Related Technical Plan Amendment entered on May 6, 2004 (Docket No. 1410) is incorporated in its entirety into, and made a part of, this Order, and the provisions of the Liberty Mutual Settlement Agreement are binding on the Reorganized Debtors.

36. The Stipulated Order Granting Debtors' Expedited Motion for an Order Pursuant to 11 U.S.C. §§ 105(a) and 365(a) Authorizing Debtors' Assumption of Asbestos and Silica-Related Insurance Coverage-In-Place Agreements entered on May 10, 2004 (Docket No. 1492) is incorporated in its entirety into, and made a part of, this Order.

D. Discharge and Release

37. Except as specifically provided in the Plan or in this Order, effective on the Effective Date, to the fullest extent permitted under applicable law, the rights provided in the Plan shall (a) discharge the Debtors and (b) release each of the Halliburton Entities and the Harbison-Walker Entities, in the case of both (a) and (b) from any and all Asbestos Unsecured PI Trust Claims and Silica Unsecured PI Trust Claims, whether or not (i) a Proof of Claim based on

such Claim was filed or deemed filed under section 501 of the Bankruptcy Code, (ii) such Claim is or was Allowed under section 502 of the Bankruptcy Code, (iii) such Claim was listed on the schedules of a Debtor, or (iv) the holder of such Claim has voted on or accepted the Plan.

(a) The Plan proposes 100% payment of asbestos-related and silica-related claims. Approximately $4.2 billion in funding is being provided under the Plan. Of that amount, more than $1.8 billion, measured on a net present value basis, is dedicated to payment of unsettled and future asbestos-related personal-injury claims. With respect to the Silica PI Trust, under the Plan, DII Industries and KBR will issue a note, guaranteed by Halliburton, that will provide payment of up to $450 million over a thirty-year period, and up to $750 million over a fifty-year period if the Silica PI Trust Note is extended, pursuant to its terms, to ensure that the Silica PI Trust has sufficient assets to meet projected future Demands. Based upon the foregoing, the analyses performed by the professionals of the Debtors and Legal Representative, and the Legal Representative's testimony, the funding provided to the Asbestos and Silica PI Trusts is sufficient to provide 100% payment to all claims liquidated under both trusts.

(b) For Qualifying Settled Asbestos PI Trust Claims, Qualifying Settled Silica PI Trust Claims, Asbestos Final Judgment Claims, and Silica Final Judgment Claims, amendments to the Plan provide that the Payment Percentage will be the Initial Payment Percentage calculated on the 105th day after entry of the Confirmation Order by dividing $2.775 billion by the aggregate dollar value of Qualified Claims. In total, there are $3.085 billion in claims that potentially could be Qualified Claims based upon agreements with the Asbestos Committee.

(c) As of May 7, 2004, the number of Qualified Claimants totaled 307,632 with claims totaling $2,557,653,842. While the review of claims is not yet complete, and will not be complete until the 105th day after entry of the Confirmation Order, the Debtors' witnesses and the Legal Representative testified that they expect that the Initial Payment Percentage for Qualified Claimants will be 100%. The Court credits the testimony.

(d) For claims liquidated under the Asbestos TDP (other than claims for Disease Level 1 (Other Asbestos Disease)) and claims liquidated under the Silica TDP, the Payment Percentage will be established by the trustee(s) of the respective trust with the consent of the Legal Representative and the Asbestos TAC in the case of Asbestos Unsecured PI Trust Claims, and with the consent of the Legal Representative and the Silica TAC in the case of Silica Unsecured PI Trust Claims. Professor Green testified that the Payment Percentage for these claimants also likely will be 100%.

(e) The DII Industries, LLC. Asbestos PI Trust Distribution Procedures, Plan Exhibit 4, Amended Annex 3, makes certain provisions in Section 4, Payment Percentage; Periodic Estimates. Section 4.1 acknowledges the uncertainty of the Halliburton Entities' and the Harbison-Walker Entities' asbestos personal injury liabilities and notes that there is uncertainty regarding the amounts that the holders of those Asbestos PI Trust Claims will receive. The Silica PI Trust Distribution Procedures, Amended Annex 3 to Silica PI Trust Agreement, Plan Exhibit 10, provides a procedure in Section 4, Resolution of Silica Unsecured PI Trust Claims,

for the processing and payment of silica claims. Based upon the analysis performed by the Debtors and Legal Representative and the Legal Representative's testimony, the Plan is structured so that the Asbestos and Silica PI Trusts are funded sufficiently to provide 100% payment to all claims and demands liquidated under the Trusts.

(f) Under the Halliburton Intercompany Settlement Agreement, Halliburton has agreed, on behalf of itself and the other parties to be protected under the Permanent Channeling Injunction, to:

- issue 59.5 million shares of Halliburton stock which DII Industries will contribute to the Asbestos PI Trust on the Effective Date;
- raise or obtain commitments for the approximately $2.4 billion that will be needed to fund cash contributions to the asbestos and silica trusts;
- guarantee the obligations of DII Industries under the Asbestos PI Trust Note;
- guarantee the obligations of DII Industries and KBR under the Silica PI Trust Note;
- guarantee the obligations of the Debtors under the Asbestos PI Trust Funding Agreement and the Silica PI Trust Funding Agreement;
- perform various other undertakings in connection with the Plan;
- provide up to $350 million in DIP financing in order for the Debtors to meet financial obligations during and after the Reorganization Cases; and
- enter into a third-party master letter of credit facility covering draws on approximately $1.1 billion in letters of credit issued on behalf of various Debtors.

(g) Pursuant to 11 U.S.C. §524(g), in order for Halliburton as an affiliate of the Debtors to receive the benefit of the Permanent Channeling Injunction for claims where Halliburton is alleged to be directly or indirectly liable for the conduct of, claims against, or demands on one or more of the Debtors, the Court must find that the benefits provided by Halliburton to the claimants make it "fair and equitable" to so extend this protection. 11 U.S.C. §524(g)(4)(B)(ii). The evidence has shown that with the contribution being made by Halliburton the Asbestos and Silica PI Trusts are funded sufficiently to provide 100% payment for all claims liquidated under the Trusts. In these circumstances, the Court finds it is fair and equitable for Halliburton to receive the benefit of the Permanent Channeling Injunction.

Discharge Injunction

38. Except as specifically provided in the Plan Documents of this Order to the contrary, the satisfaction, release, and discharge set forth in article 10.1 of the Plan shall operate

as an injunction permanently prohibiting and enjoining the commencement or continuation of any action, the employment of process or any act to collect, recover from, or offset (a) any Claim or Demand against or Interest in the Debtors, the Reorganized Debtors, the Asbestos PI Trust, or the Silica PI Trust by any Entity, including all Claims and Demands discharged and released in article 10.1 of the Plan, and (b) any cause of action, whether known or unknown, against any Halliburton Entity or Harbison-Walker Entity that is derivative of, or based upon, any Claim or Interest discharged and released in article 10.1 of the Plan.

E. <u>The Permanent Channeling Injunction and the Asbestos/Silica Insurance Company Injunction</u>

39. **The Permanent Channeling Injunction**

(v) proceeding or taking any action, in any manner, in any place whatsoever, that does not conform to, or comply with, the provisions of the Plan Documents, the Asbestos PI Trust Documents, or the Silica PI Trust Documents, relating to any Released Claim.

(b) Reservations. Notwithstanding anything to the contrary above, this Permanent Channeling Injunction shall not enjoin:

(i) the rights of Entities to the treatment accorded them under articles II and IV of the Plan, as applicable, including the rights of Entities with Asbestos PI Trust Claims and Silica PI Trust Claims to assert such Asbestos PI Trust Claims in accordance with the Asbestos TDP and Silica PI Trust Claims in accordance with the Silica TDP;

(v) the rights of the trustees of the Asbestos PI Trust to assert any claim under the Asbestos PI Trust Funding Agreement or the Asbestos PI Trust Additional Funding Agreement or the rights of the trustee of the Silica PI Trust to assert any claim under the Silica PI Trust Funding Agreement;

(vi) the rights of any holder of a Settled Asbestos PI Trust Claim or a Settled Silica PI Trust Claim, whose claim is determined by the Debtors or the Reorganized Debtors not to be a Qualifying Settled Asbestos PI Trust Claim or a Qualifying Settled Silica PI Trust Claim, as the case may be, to exercise any alternative dispute resolution rights under an applicable Asbestos/Silica PI Trust Claimant Settlement Agreement in accordance with article 12.2 of the Plan; or

(vii) the right of the holder, if any, of an Asbestos Secured PI Trust Claim or a Silica Secured PI Trust Claim to exercise the holder's legal, equitable, or contractual rights on account of such Claim, subject to, and in accordance with, the provisions of articles 4.2(e) and (g) of the Plan.

40. **Asbestos/Silica Insurance Company Injunction**

(a) Terms. In order to preserve and promote the property of the Estates, as well as the settlements contemplated by and provided for in the Plan, and to supplement, where necessary, the injunctive effect of the discharge and releases detailed herein, and pursuant to the exercise of the equitable jurisdiction and power of this Court under sections 524(g) or 105(a) (or both) of the Bankruptcy Code, the Asbestos/Silica Insurance Company Injunction set forth in article 10.3(b) of the Plan shall be, and hereby is, issued and approved as of the Effective Date. (i) commencing, conducting, or continuing, in any manner, directly or indirectly, any suit, action or other proceeding of any kind (including a judicial, arbitration, administrative, or other proceeding) in any forum with respect to any such Claim, Demand, or cause of action against any Settling Asbestos/Silica Insurance Company, or against the property or interests in property of any Settling Asbestos/Silica Insurance Company, with respect to any such Claim, Demand, or cause of action;

(ii) enforcing, levying, attaching, collecting, or otherwise recovering, by any manner or means, whether directly or indirectly, any judgment, award, decree, or order against any Settling Asbestos/Silica Insurance Company, or against the property or interests in property of any Settling Asbestos/Silica Insurance Company, with respect to any such Claim, Demand, or cause of action;

(iii) creating, perfecting, or otherwise enforcing, in any manner, directly or indirectly, any Lien of any kind against any Settling Asbestos/Silica Insurance Company, or the property or interests in property of any Settling Asbestos/Silica Insurance Company, with respect to any such Claim, Demand, or cause of action;

(iv) except as otherwise specifically provided in the Plan, asserting or accomplishing any setoff, right of subrogation, indemnity, contribution, reimbursement or recoupment of any kind and in any manner, directly or indirectly, against any obligation due any Settling Asbestos/Silica Insurance Company, or against the property or interests in property of any Settling Asbestos/Silica Insurance Company, with respect to any such Claim, Demand, or cause of action; and

(v) taking any act, in any manner, in any place whatsoever, that does not conform to, or comply with, the provisions of the Plan Documents, relating to such Claim, Demand, or cause of action.

(b) Reservations. Notwithstanding anything to the contrary above, this Asbestos/Silica Insurance Company Injunction shall not enjoin:

(i) the rights of Entities to the treatment accorded them under articles II and IV of the Plan, as applicable, including the rights of Entities with Asbestos PI Trust Claims or Silica PI Trust Claims to assert Asbestos PI Trust Claims against the Asbestos PI Trust in accordance with the Asbestos TDP or Silica PI Trust Claims against the Silica PI Trust in accordance with the Silica TDP;

(ii) the rights of Entities to assert any Claim, debt, obligation, or liability for payment of Asbestos PI Trust Expenses against the Asbestos PI Trust or Silica PI Trust Expenses against the Silica PI Trust; or

(iii) the rights of the Reorganized Debtors and the Released Non-Debtor Affiliates to prosecute any Asbestos/Silica Insurance Action subject, however, to the terms of any Asbestos/Silica Insurance Settlement Agreement.

F. <u>Limitation of Injunctions</u>

41. Notwithstanding any other provision of the Plan to the contrary, the releases set forth in article 10.1 and the Discharge Injunction, Permanent Channeling Injunction, and the Asbestos/Silica Insurance Company Injunction set forth in articles 10.2 and 10.3, respectively, shall not serve to satisfy, discharge, release, or enjoin claims by any Entity against (a) the Asbestos PI Trust or the Silica PI Trust for the payment of Asbestos PI Trust Claims and Silica PI Trust Claims in accordance with the Asbestos TDP and the Silica TDP, respectively or (b) the Asbestos PI Trust and the Silica PI Trust for the payment of Asbestos PI Trust Expenses and Silica PI Trust Expenses, respectively.

G. <u>Section 346 Injunction</u>

42. In accordance with section 346 of the Bankruptcy Code, for purposes of any state or local law imposing a tax, the Debtors or the Reorganized Debtors will not realize income by reason of any forgiveness or discharge of indebtedness resulting from the consummation of the Plan. As a result, each state or local taxing authority is permanently enjoined and restrained, after the Effective Date, from commencing, continuing, or taking any act to impose, collect, or recover in any manner any tax against the Debtors or the Reorganized Debtors, arising by reason of the forgiveness or the discharge of indebtedness under the Plan.

H. <u>Continuation of Prior Stays and Injunctions</u>

43. All of the injunctions and/or automatic stays provided for in connection with the Reorganization Cases, whether pursuant to section 105, section 362, or any other provision of the Bankruptcy Code or other applicable law, in existence immediately prior to Confirmation of the

Plan shall remain in full force and effect until the Discharge Injunction, Permanent Channeling Injunction and the Asbestos/Silica Insurance Company Injunction become effective, and thereafter, if so provided by the Plan, this Order, or by their own terms. In addition, on and after the Confirmation Date, the Debtors may seek such further orders as they may deem necessary to preserve the status quo during the time between the Confirmation Date and the Effective Date.

44. The Discharge Injunction, the Permanent Channeling Injunction, and the Asbestos/Silica Insurance Company Injunction shall become effective on the Effective Date and shall continue in effect at all times thereafter.

45. Notwithstanding anything to the contrary contained in the Plan, all actions in the nature of those to be enjoined by the Discharge Injunction, the Permanent Channeling Injunction and the Asbestos/Silica Insurance Company Injunction shall be enjoined during the period between the Confirmation Date and the Effective Date.

I. Exoneration and Reliance

46. The Plan-Process Participants shall not be liable other than for willful misconduct or gross negligence to any holder of a Claim, Demand, or Interest, or to any other Entity, with respect to any action, omission, forbearance from action, decision, or exercise of discretion taken at any time through the Effective Date in connection with: (a) the management or operation of the Debtors and/or the Reorganized Debtors, or the discharge of their duties under the Bankruptcy Code, (b) the implementation of any of the transactions provided for, or contemplated in, the Plan or the Plan Documents, (c) any action taken in connection with either the enforcement of the rights of any Debtor against any Entities or the defense of Claims asserted against any such Debtor with regard to the Reorganization Cases, (d) any action taken in the negotiation, formulation, development, proposal, solicitation, disclosure, Confirmation, or implementation of the Plan or the Plan Documents filed in the Reorganization Cases, or (e) the

administration of the Plan or the assets or property to be distributed pursuant to the Plan. The Plan-Process Participants may reasonably rely upon the opinions of their respective counsel, accountants, and other experts or professionals, and such reliance, if reasonable, shall conclusively establish the absence of willful misconduct; provided, however, that a determination that such reliance is unreasonable shall not, by itself, constitute a determination of willful misconduct. In any action, suit, or proceeding by any holder of a Claim or Interest or any other Entity contesting any action by, or non-action of, a Plan-Process Participant, the reasonable attorneys' fees and costs of the prevailing party shall be paid by the losing party, and as a condition to going forward with such action, suit, or proceeding at the outset thereof, all parties thereto shall be required to provide appropriate proof and assurances of their capacity to make such payments of reasonable attorneys' fees and costs in the event they fail to prevail.

J. Release of Intercompany Settlement Claims

47. In accordance with the terms of article 10.6 of the Plan and the Halliburton Intercompany Settlement Agreement, neither the Debtors, nor any representative of their Estates, nor the Reorganized Debtors shall commence or prosecute any Intercompany Settlement Claim against a Settlement Released Party. Pursuant to article 10.6 of the Plan, all Intercompany Settlement Claims shall be deemed to have been unconditionally and absolutely released by the Debtors (on behalf of themselves and their Estates) and the Reorganized Debtors, without need for further action, on the Effective Date.

K. Treatment of Executory Contracts and Unexpired Leases

Assumption and Rejection of Certain Unexpired Leases and Executory Contracts

48. Except as otherwise provided in the Plan Documents, pursuant to article 6.1 of the Plan, any unexpired lease or executory contract that has not been expressly assumed or rejected by the Debtors with approval of this Court on or prior to the Confirmation Date shall, as of the

Confirmation Date (subject to the occurrence of the Effective Date), be deemed to have been assumed by the Debtors under sections 365(a) and 1123 of the Bankruptcy Code; provided, however, that this provision shall not apply to (a) Asbestos/Silica PI Trust Claimant Settlement Agreements, to the extent executory, or (b) agreements, to the extent executory, providing for indemnification of third parties for Asbestos PI Trust Claims and Silica PI Trust Claims. To the extent executory, all Asbestos/Silica PI Trust Claimant Settlement Agreements set forth on Exhibit 3 to the Plan and agreements providing for indemnification of third parties for Asbestos PI Trust Claims and Silica PI Trust Claims shall be deemed rejected by operation of law or entry of this Order unless expressly identified and assumed pursuant to other order of this Court. Upon rejection, each Claimant under an Asbestos/Silica PI Trust Settlement Agreement shall be deemed to have a claim for damages equal to the amount payable to such Claimant under the applicable agreement subject to the satisfaction of the preconditions to payment.

Compensation and Benefits Program

49. Unless otherwise agreed to by the affected parties, all of the Debtors' obligations under employment and severance policies, and all compensation and benefit plans, policies, and programs of the Debtors applicable to their present and former employees, officers, and directors, including, but not limited to, all savings plans, retirement plans, health care plans, disability plans, severance benefit plans, incentive plans, and life, accidental death, and dismemberment insurance plans, shall be deemed to be, and shall be treated as though they are, executory contracts that are deemed assumed under the Plan, and the Debtors' obligations under such plans, policies, and programs shall be deemed assumed pursuant to sections 365(a) and 1123 of the Bankruptcy Code, survive Confirmation of the Plan, remain unaffected thereby, and shall not be discharged in accordance with section 1141 of the Bankruptcy Code. Any defaults

existing as of the Effective Date under any of such plans, policies, and programs shall be cured promptly after the Debtors become aware of them.

Letters of Credit, Surety Bonds, Corporate Guaranties, Indemnity Agreements, and Post-Petition Contracts

50. Unless otherwise agreed to by the affected parties, all of the Debtors' obligations under letters of credit, surety bonds, corporate guaranties, and indemnity agreements (except for agreements providing for indemnification for liabilities related to Asbestos PI Trust Claims and Silica PI Trust Claims) existing immediately prior to the Effective Date (including guaranties or contractual obligations related to letters of credit and/or surety bonds issued on behalf of the Debtors or on behalf of subsidiaries of the Debtors), and post-petition contracts entered by the Debtors after the Petition Date, shall be deemed to be, and shall be treated as though they are, executory contracts that are assumed under the Plan. The Debtors' obligations under such letters of credit and surety bonds, corporate guaranties, indemnity agreements, and post-petition contracts shall be deemed assumed pursuant to sections 365(a) and 1123 of the Bankruptcy Code, survive entry of this Order, and occurrence of the Effective Date, remain unaffected thereby (except as provided in this paragraph and article 6.3 of the Plan), and not be discharged in accordance with section 1141 of the Bankruptcy Code. The Reorganized Debtors shall have the right to cure any defaults existing as of the Effective Date under any such letters of credit and surety bonds (including guaranties or contractual obligations related to letters of credit and/or surety bonds issued on behalf of the Debtors or on behalf of subsidiaries of the Debtors), corporate guaranties, indemnity agreements (except to the extent such indemnity agreements provide indemnification for liabilities related to Asbestos PI Trust Claims or Silica PI Trust Claims), or post-petition contracts in the ordinary course of the Debtors' business promptly after any such default becomes known to the Debtors or the Reorganized Debtors and, if disputed,

established pursuant to applicable law. All letters of credit, surety bonds, corporate guaranties, indemnity agreements, and post-petition contracts of the Debtors shall be deemed reinstated on the Effective Date notwithstanding any default therein by the Debtors, any delay in the cure thereof by the Debtors, or the filing or existence of the Reorganization Cases, or any action taken in connection therewith, and shall be binding upon, and enforceable against all parties thereto, subject to any rights and defenses existing thereunder; provided, however, that such reinstatement shall not apply to guarantees and indemnity agreements related to Claims to be addressed by the Asbestos PI Trust or the Silica PI Trust.

L. Claims Bar Dates

Professionals and Administrative Claims

51. Unless otherwise ordered by the Bankruptcy Court, the bar date for filing and serving requests for allowance of Administrative Claims (including requests for compensation or reimbursement of expenses pursuant to sections 327, 328, 330, or 503(b) of the Bankruptcy Code and requests based upon an asserted substantial contribution in the Reorganization Cases) shall be the forty-fifth (45th) day after the Effective Date (the "Administrative Claims Bar Date"). Other than Professional Persons required to do so pursuant to the terms of their retention, Claimants holding Administrative Claims that have arisen in the ordinary course of Debtors' business shall not be required to submit a Request for Payment of Administrative Expense, unless otherwise ordered by this Court. The notice of Confirmation to be delivered pursuant to Bankruptcy Rules 2002 and 3020(c) will set forth such date and constitute notice of the Administrative Claims Bar Date. The Reorganized Debtors and any other party in interest will have thirty (30) days after the Administrative Claims Bar Date to review and object to such Claims before a hearing for determination of such Administrative

Claims is held by this Court, provided that such thirty (30) day period of review may be extended by this Court upon the request of the Reorganized Debtors.

Resolution of Disputed Claims

52. On the Effective Date, the parties who accepted the Plan agree that the Reorganized Debtors shall have the sole and exclusive authority to file objections to Claims, other than Asbestos Unsecured PI Trust Claims and Silica Unsecured PI Trust Claims, in accordance with article 12.1 of the Plan. Non-accepting creditors may file objections to claims. 11 U.S.C. § 502.

M. <u>Retention of Jurisdiction</u>

53. Pursuant to sections 105(a) and 1142 of the Bankruptcy Code, this Court shall retain and shall have exclusive jurisdiction over any matter (a) arising under the Bankruptcy Code, (b) arising in or related to the Reorganization Cases or the Plan for which the reference has not been withdrawn to the District Court, or (c) that relates to any of the matters set forth in articles 13.1, 13.2, and 13.3 of the Plan. Without limiting the preceding, this Court shall retain jurisdiction to correct any defect, cure any omission, reconcile any inconsistency, or make any other necessary changes or modifications in or to the Asbestos TDP and the Silica TDP, including procedures to be developed and implemented by the Trustees for the processing of, and where applicable, the liquidation of, Indirect Asbestos PI Trust Claims and Indirect Silica PI Trust Claims, in accordance with the procedures set forth in the Asbestos PI Trust Agreement and the Silica PI Trust Agreement. Notwithstanding the foregoing, nothing in this Order or article 13.3 of the Plan shall be construed to give this Court exclusive jurisdiction over any Asbestos/Silica Insurance Action.

54. The Asbestos PI Trust and the Silica PI Trust shall be subject to the continuing jurisdiction of this Court in accordance with the requirements of regulations issued pursuant to section 468B of the IRC.

55. Except as may have been agreed to between the Asbestos PI Trust or the Silica PI Trust, as the case may be, and the holder of an Asbestos Unsecured PI Trust Claim or Silica Unsecured PI Trust Claim, pursuant to the Plan, the parties have agreed that the District Court shall have exclusive jurisdiction to conduct a trial to liquidate the Asbestos PI Trust Claim or the Silica PI Trust Claim of any holder of an Asbestos Unsecured PI Trust Claim or Silica Unsecured PI Trust Claim who elects, pursuant to the Asbestos TDP or the Silica TDP, to have the amount of such Claim determined through a jury trial.

N. <u>Miscellaneous</u>

56. On the Confirmation Date, the Debtors shall be empowered and authorized to take or cause to be taken, prior to the Effective Date, all actions necessary to enable them to implement effectively (a) the provisions of the Plan, (b) the creation of the Asbestos PI Trust, and (c) the creation of the Silica PI Trust.

57. All fees payable pursuant to 28 U.S.C. § 1930, as determined herein, shall be paid by the Debtors on or before the Effective Date.

58. The Debtors, the Reorganized Debtors, the Legal Representative, the Trustees of the Asbestos PI Trust and the Silica PI Trust, and any beneficiary of the Permanent Channeling Injunction or the Asbestos/Silica Insurance Company Injunction, if, and to the extent necessary, may seek such orders, judgments, injunctions, and rulings that any of them deems necessary to carry out the intentions and purposes of, and to give full effect to the provisions of, the Plan or any Plan Document.

59. The failure to reference or discuss any particular provision of the Plan in this Order shall have no effect on the validity, binding effect, and/or enforceability of such provision and such provision shall have the same validity, binding effect, and enforceability as every other provision of the Plan.

60. Unless this Order is stayed pending appeal, its reversal or modification shall not affect the validity of the Plan, the Plan Documents, or any other agreement, document, instrument, or action authorized by this Order or under the Plan as to the Debtors, the Reorganized Debtors, the Asbestos PI Trust, the Silica PI Trust, or any other Entity acting in good faith, whether or not that Entity knows of the appeal.

61. The performance of all obligations due and owing on the Effective Date, pursuant to the terms of the Plan, shall constitute substantial consummation of the Plan within the meaning of section 1101(2) of the Bankruptcy Code.

62. All funds held in escrow pursuant to this Court's (i) Order Authorizing Debtors and Debtors in Possession to Pay Prepetition Claims of Creditors Incurred in the Ordinary Course of Business entered on December 18, 2003 (Docket No. 114) and (ii) Order Authorizing (A) The Debtors to Pay Prepetition Wages, Salaries, Other Compensation, and Employee Benefits, (B) The Debtors to Reimburse Prepetition Employee Business Expenses, and (C) Applicable Banks and Other Financial Institutions to Receive, Process, Honor, and Pay All Checks Presented for Payment Made by the Debtors Relating to the Foregoing entered on December 18, 2003 (Docket No. 115), shall be released on the Effective Date.

63. In the event of any inconsistency between the Plan and any other agreement, instrument, or document intended to implement the provisions of the Plan, the provisions of the Plan shall govern unless otherwise expressly provided for in such agreements, instruments, or documents. In the event of any inconsistency between and/or among the Plan and this Order, the provisions of this Order shall govern, unless another order expressly provides that it will have precedence over this Order. This Order shall supersede any orders of this Court issued prior to the date hereof that may be inconsistent herewith.

O. Notice of Entry of Order and Administrative Claims Bar Date

64.
