6 *Ibid*.

12. In total, BW has submitted Prior Monthly Fee Statements during the Compensation Period for total fees of $4,889,943.57[7] and expenses of $0.00. As of the date of this application, no party has objected to any of BW's Prior Monthly Fee Statements.[8]

Compensation by Project Category

The following is a summary of the activities performed by BW's professionals during the Compensation Period, organized by project billing category.[9] BW grouped its services using the categories set forth below in accordance with the recommendation of the Compensation Guidelines. BW attempted to place the services provided in the category that best relates to such services. While some services may overlap categories, BW has allocated services to the most applicable category only. The services provided are generally described below by category.

13. **Asset Transactions**

During the Compensation Period, BW professionals devoted no time to this project category.

14. **Case Administration and Business Operations**

During the Compensation Period, BW professionals devoted no time to this project category.

15. **Fee Proceedings[10]**

---

7 This amount assumes that a 5% prompt pay discount will be applicable to the Sixty-Third Monthly Fee Statement fees. Bates White reserves its right to revise this amount to eliminate the prompt pay discount for the Sixty-Third Monthly Fee Statement should it not receive the corresponding payment within the negotiated prompt payment period.

8 The objection deadline relating to the Sixty-Third Monthly Fee Statement has not yet passed.

9 The summary set forth below is qualified in its entirety by reference to the time and services detail attached to each Prior Monthly Fee Statement.

10 Referred to in the prior tables as "Fee Request Preparation."

During the Compensation Period, BW devoted time to (a) preparing, reviewing, and supplementing the May 2025 through August 2025 invoices for privilege and to ensure compliance with the Local Rules; (b) preparing, drafting, revising, and submitting its Fifty-Ninth through Sixty-Second Monthly Fee Statements; and (c) preparing, drafting, revising, and submitting its Fifteenth Interim Application. BW spent 159.8 hours ($97,908.43[11] in fees) during the Compensation Period on these tasks. BW intends to seek compensation in connection with preparing this Interim Application at a later date.

16. **Financing and Relief from Stay Proceedings**

During the Compensation Period, BW professionals devoted no time to this project category.

17. **Litigation**

During the Compensation Period, BW professionals devoted no time to this project category.

18. **Plan and Disclosure**

During the Compensation Period, BW professionals devoted no time to this project category.

19. **Claims Administration**

BW serves as asbestos consultants to the Debtors in this matter. As such, BW takes primary responsibility for providing the Debtors with economic and statistical advice and analyses regarding the estimation of the Debtors' asbestos liabilities and related topics. During the Compensation Period, BW performed analyses of the Debtors' asbestos claims history and

[11] This amount assumes that a 5% prompt pay discount will be applicable to the Sixty-Third Monthly Fee Statement fees.

provided advice to the Debtors as requested by the Debtors' counsel. The tasks performed within this category are varied and BW has categorized its time spent in this matter using subcategories that are more descriptive. Such subcategories are used in the Monthly Fee Statements and are summarized below.

- **Analysis**: This subcategory is for recording time spent in the analyses performed in relation with the valuation and estimation of the Debtors' asbestos claims liabilities. This category may include work performed in relation with preparation of testimony submitted to the court.

- **Client Communication**: This subcategory is for recording time spent in calls and in meetings with the Debtors' counsel and representatives to discuss the chapter 11 cases and BW's work in the matter. When BW staff meets with the Debtors' counsel or representatives, more than one BW staff member may be present; this is because the Debtors' counsel benefits from discussing aspects of the case with BW staff with different backgrounds and who have varied experiences with regard to a given topic. The participation of a BW staff member is customarily restricted to the time in which such member contributes to the case either through direct participation on the discussion or through gathering information from the meeting to guide future analytical tasks. Additionally, it is often beneficial to the Debtors' estates for professionals within BW to meet with each other to discuss and brainstorm ideas regarding how to approach a particular task or analysis. These meetings can often save professionals in charge of overseeing a particular issue or aspect of the case time and effort (and thus save the client fees) by tapping on the past experience of other professionals (typically, more senior).

- **Data Analysis**: This subcategory is for recording time spent analyzing the Debtors' asbestos claims data, discovery data, and related publicly available data.

- **Data Gathering & Processing**: This subcategory is for recording time spent in the review, standardization, and processing of the Debtors' asbestos claims data, discovery data, and related publicly available data to construct an analytical database used in BW's analyses. This category also includes work performed on documenting analyses related to testimony and on preparing the corresponding backup materials for such testimony.

- **Project Management**: This subcategory is for recording time spent in the organization of BW's work for the Debtors.

- **Report:** This subcategory is for recording time spent planning and drafting declarations and expert reports in this matter, including creating technical appendices and exhibits to the expert reports and declarations.

- **Research**: This subcategory is for recording time spent conducting research related to the analyses performed for the Debtors.
- **Testimony**: This subcategory is for recording time spent by BW expert(s) preparing for or providing testimony in deposition or hearings.
- **Travel:** This subcategory is for recording time spent traveling to hearings, depositions, and client meetings.

The following table summarizes the time spent by BW and related fees in each of the subcategories described above.

20. **Bankruptcy Write-Offs**

At times, BW will not bill some or all of one professional's time based upon BW's billing judgment regarding what is fair and reasonable for the client. This time is not reflected on the invoices and, therefore, is not quantified in this Interim Application. Should

[12] The stated amounts reflect a 5% prompt pay discount for the Sixtieth, Sixty-First, Sixty-Second, and Sixty-Third Monthly Fee Statements (June through September). In other words, the Sixty-Third Monthly Fee Statement (September) is assumed to be paid within the 30-day prompt payment period.

specific amounts to be excluded from billing to the Debtors be identified in the future, BW will include such amounts in this category.

Expenses Incurred by BW

21. It is BW's policy with respect to expenses not to charge its clients with expenses such as telephone and facsimile charges, photocopying charges, and regular mail charges. BW customarily charges its clients for special or hand delivery charges, travel expenses, expenses for "working meals," computerized research charges, and transcription costs. Section 330 of the Bankruptcy Code authorizes "reimbursement for actual, necessary expenses" incurred by professionals employed in a chapter 11 case. Accordingly, BW seeks reimbursement for expenses ("Expenses") incurred in rendering services to the Debtors during the Compensation Period in the amount of $0.00. Itemized records detailing the Expenses incurred during the Compensation Period are attached to the Prior Monthly Fee Statements.

Adjustments to Fees and Expenses

22. BW has agreed to apply a 5% prompt discount payment to its standard rates in a Monthly Fee Statement for services provided to the Debtors, provided that BW receives payment for the majority of its fees and expenses within 30 days of submitting such Monthly Fee Statement. During the Compensation Period, BW discounted $257,365.43[14] from the amount that BW otherwise would have charged for its services for the Compensation Period.

Conclusion

23. The fees and expenses requested herein by BW are billed in accordance with its existing billing rates and procedures in effect during the Compensation Period. Such fees

[14] As of this Interim Application's date, BW has not received payment for its Sixty-Third Monthly Fee Statement. The 30-day prompt pay period for the Sixty-Third Monthly Fee Statement has not elapsed. Should the Debtors not pay within 30 days for the Interim Amount of BW's Sixty-Third Monthly Fee Statement, the discount would be reduced from the $257,365.43 stated above to $195,725.81.

are reasonable based on the customary compensation charged by comparably skilled practitioners in comparable bankruptcy and non-bankruptcy matters in a competitive national economic consulting market.

24. No agreement or understanding exists between BW or any third person for the sharing of compensation to be received for services rendered in this case except as allowed by section 504(b) of the Bankruptcy Code and Rule 2016 of the Federal Rules of Bankruptcy Procedure with respect to the sharing of compensation between and among partners of BW.

25. All of the services for which compensation is requested hereunder were rendered at the request of and solely on behalf of the Debtors, and not on behalf of any other entity.

Notice

26. This application has been served in accordance with the Interim Compensation Order and the Local Rules.

No Prior Request

27. No prior request for the relief sought in this application has been made to this or any other court.

WHEREFORE, BW respectfully requests that, pursuant to the Interim Compensation Order, the Court enter an Order substantially in the form attached hereto as Exhibit B (i) allowing on an interim basis compensation of $4,889,943.57[15] for services rendered by BW during the Compensation Period; (ii) allowing on an interim basis reimbursement of Expenses of $0.00 for Expenses incurred during the Compensation Period; (iii) authorizing payment of these allowed fees and Expenses to BW; and (iv) granting such other and further relief as the Court may deem proper.
