State, County and Municipal Employees, AFL-CIO ("AFSCME"), the International Union, UAW, each of the Counties and the Macomb Interceptor Drain Drainage District; and the Court being familiar with the Plan and other relevant factors affecting this Chapter 9 Case; the Court having taken judicial notice of the entire docket of the City's Chapter 9 Case maintained by the Clerk of the Court and/or its duly appointed agent, pursuant to Federal Rule of Evidence 201(c) (made applicable to this case by Bankruptcy Rule 9017), including, but not limited to, those orders, pleadings and other documents set forth in the Confirmation Standards Exhibit; the Court having found that due and proper notice has been given with respect to the Confirmation Hearing and the deadlines and procedures for filing objections to the Plan; the appearance of all interested parties having been duly noted in the record of the Confirmation Hearing; and upon the record of the Confirmation Hearing, and after due deliberation thereon, and sufficient cause appearing therefor;

IT IS HEREBY FOUND AND CONCLUDED, that:

JURISDICTION AND VENUE

A. The Court has jurisdiction over this matter and this Chapter 9 Case pursuant to 28 U.S.C. § 1334 and Rule 83.50(a) of the Local Rules of the United States District Court for the Eastern District of Michigan.

B. Confirmation of the Plan is a core proceeding pursuant to 28 U.S.C. § 157(b)(2)(L), and this Court has jurisdiction to enter a final order with respect thereto.

C. The City is a proper debtor under section 109 of the Bankruptcy Code⁴ and the proper proponent of the Plan under section 941 of the Bankruptcy Code.

D. On the Effective Date of the Plan, or as soon thereafter as is practicable, all appeals of the Opinion Regarding Eligibility and the Order for Relief, in accordance with settlements by and among the appellants and the City, shall be withdrawn.

MODIFICATIONS OF THE PLAN

E. The Plan does not materially and adversely affect or change the treatment of any Claim against the City under the Fourth Amended Plan. Pursuant to sections 942 and 1127(d) of the Bankruptcy Code and Bankruptcy Rule 3019, the Plan does not require additional disclosure under section 1125 of the Bankruptcy Code or the resolicitation of acceptances or rejections of the Fourth Amended Plan under section 1126 of the Bankruptcy Code, nor does it require that

⁴ See Opinion Regarding Eligibility (Docket No. 1945), entered on December 5, 2013 (the "Opinion Regarding Eligibility"); Order for Relief Under Chapter 9 of the Bankruptcy Code (Docket No. 1946), entered on December 5, 2013 (the "Order for Relief").

holders of Claims against the City be afforded an opportunity to change previously cast acceptances or rejections of the Fourth Amended Plan as filed with the Court. The filing of the Plan, and the disclosure of certain modifications and amendments to the Fourth Amended Plan contained therein on the record at the Confirmation Hearing, constitute due and sufficient notice thereof under the circumstances of the Chapter 9 Case. Accordingly, the Plan is properly before the Court, and, except as set forth in the Plan or later orders of the Court, all votes cast with respect to the Fourth Amended Plan prior to the filing of the Plan shall be binding and shall apply with respect to the Plan.

**STANDARDS FOR CONFIRMATION
UNDER SECTION 943 OF THE BANKRUPTCY CODE**

F. The evidentiary record of the Confirmation Hearing and the Confirmation Standards Exhibit support the findings of fact and conclusions of law set forth in the following paragraphs.

G. The Court's supplemental opinion regarding confirmation of the Plan (the "Confirmation Opinion"), to be issued, is incorporated fully herein.

H. Section 943(b)(1). The Plan complies with the provisions of the Bankruptcy Code made applicable to this Chapter 9 Case by sections 103(e) and 901 of the Bankruptcy Code.⁵ In particular:

1. *Section 1122*. In accordance with section 1122(a) of the Bankruptcy Code, Section II.B of the Plan classifies each Claim against the City into a Class containing only substantially similar Claims. The legal rights under applicable law of each holder of Claims within each Class under the Plan are substantially similar in nature and character to the legal rights of all other holders of Claims within such Class. No Claims were separately classified under the Plan to gerrymander favorable votes with respect to the Plan. In accordance with section 1122(b) of the Bankruptcy Code, Convenience Claims are separately classified in Class 15 under the Plan solely for the purpose of administrative convenience.

2. *Section 1123(a)(1)*. In accordance with section 1123(a)(1) of the Bankruptcy Code, Section II.B of the Plan properly classifies all Claims that require classification. Valid factual and legal reasons

⁵ Section 901 of the Bankruptcy Code incorporates into chapter 9 the following chapter 11 provisions relevant to plan confirmation: sections 1122, 1123(a)(1)-(5), 1123(b), 1123(d), 1125, 1126(a)-(c) and (e)-(g), 1127(d), 1128, 1129(a)(2), 1129(a)(3), 1129(a)(6), 1129(a)(8), 1129(a)(10), 1129(b)(1) and 1129(b)(2)(A)-(B) of the Bankruptcy Code. *See* 11 U.S.C. § 901(a).

exist for the separate classification of (a) certain secured Claims from Other Secured Claims and (b) certain unsecured Claims from Other Unsecured Claims.

3. *Section 1123(a)(2)*. In accordance with section 1123(a)(2) of the Bankruptcy Code, Section II.B of the Plan properly identifies and describes each Class of Claims that is not impaired under the Plan.⁶

4. *Section 1123(a)(3)*. In accordance with section 1123(a)(3) of the Bankruptcy Code, Section II.B of the Plan properly identifies and describes the treatment of each Class of Claims that is impaired under the Plan.

5. *Section 1123(a)(4)*. In accordance with section 1123(a)(4) of the Bankruptcy Code, the Plan provides the same treatment for each Claim of a particular Class unless the holder of such a Claim has agreed to less favorable treatment. Because ASF Recoupment is a settlement mechanism designed to (a) implement a critical component of the City's comprehensive settlement of pension-related issues and (b) enable the trustees of the GRS

⁶ See Order Pursuant to (I) 11 U.S.C. §§ 105, 364(c), 364(d)(1), 364(e), 902, 904, 921, 922 and 928 (A) Approving Postpetition Financing and (B) Granting Liens and (II) Bankruptcy Rule 9019 Approving Settlement of Confirmation Objections (Docket No. 7028), entered on August 25, 2014 (the "DWSD Tender Order"); Notice of Occurrence of Settlement Date and Unimpairment of Class 1A Claims and (B) Withdrawal of DWSD Plan Objections by Financial Creditors (Docket No. 7268), filed on September 4, 2014 (the "DWSD Settlement Notice").

(collectively, the "GRS Trustees") to recover a portion of excess interest allocated to members' Annuity Savings Fund accounts from the GRS's traditional defined benefit pension plan (the "GRS Traditional Pension Plan"), ASF Recoupment may be deemed (x) separate and distinct from the calculation of recoveries provided to holders of GRS Pension Claims and, thus, (y) disregarded for purposes of determining whether the Plan complies with section 1123(a)(4) of the Bankruptcy Code.

6. The consideration provided to Syncora in connection with the Syncora Settlement that is not provided on account of the Plan COP Settlement (a) is separate and distinct from the treatment of Class 9 COP Claims held or insured by Syncora under the Plan, (b) is provided on account of (i) Syncora's agreement to invest new funds (subject to the terms and conditions of the applicable agreements) pursuant to commercial relationships with the City that are distinct from COP Claims held or insured by Syncora and (ii) Syncora's agreement to resolve all of its pending litigation against the City and, thus, (c) has been disregarded for purposes of determining whether the Plan complies with section 1123(a)(4) of the Bankruptcy Code. The consideration provided to FGIC in connection with the FGIC/COP Settlement that is not provided on account of the Plan COP Settlement (a) is separate and distinct from the treatment of Class 9 COP Claims held or insured by FGIC under the Plan and reflects an agreement to invest

new funds in a commercial relationship with the City, (b) is provided on account of FGIC's agreement to resolve all of its pending litigation against the City and, thus, (c) has been disregarded for purposes of determining whether the Plan complies with section 1123(a)(4) of the Bankruptcy Code.

7. *Section 1123(a)(5).* In accordance with section 1123(a)(5) of the Bankruptcy Code, the Plan provides adequate means for its implementation, including, without limitation, (a) the issuance of the New Securities pursuant to the Plan, (b) the consummation of the Settlements (as such term is defined below) described in the Plan, (c) the consummation of the State Contribution Agreement, (d) the assumption or rejection of Executory Contracts and Unexpired Leases, (e) the establishment and funding of the Professional Fee Reserve, (f) the City's assumption of certain indemnification obligations, (g) the City's entry into the Exit Facility and any agreements and ancillary notes related thereto and (h) the provisions regarding Effective Date transactions and transfers in Article IV of the Plan.

8. *Section 1123(b)(1).* In accordance with section 1123(b)(1) of the Bankruptcy Code, Section II.B of the Plan impairs or leaves unimpaired, as the case may be, each Class of Claims.

9. *Section 1123(b)(2).* In accordance with section 1123(b)(2) of the Bankruptcy Code, Section II.D and other provisions of

the Plan provide for the assumption, assumption and assignment, or rejection of the Executory Contracts or Unexpired Leases of the City that have not been previously assumed, assumed and assigned, or rejected pursuant to section 365 of the Bankruptcy Code and orders of the Court.

10. *Section 1123(b)(3)*. In accordance with section 1123(b)(3) of the Bankruptcy Code, Section III.D.2 of the Plan provides that, except as otherwise provided in the Plan or in any contract, instrument, release or other agreement entered into or delivered in connection with the Plan, the City will retain and may enforce any claims, demands, rights, defenses and Causes of Action that it may hold against any Entity (including but not limited to (a) any and all Causes of Action against any party relating to the past practices of the Retirement Systems, (b) the currently pending actions and claims brought by the City identified on Schedule A to Exhibit III.D.2 to the Plan and (c) potential recovery actions that may be brought by the City under the Bankruptcy Code (or similar federal or state law) against, among other parties, the Entities identified on Schedule B to Exhibit III.D.2 to the Plan), to the extent not expressly released under the Plan or by any Final Order of the Court.

11. *Section 1123(b)(5)*. In accordance with section 1123(b)(5) of the Bankruptcy Code, Section II.B of the Plan modifies or leaves unaffected, as the case may be, the rights of holders of Claims in each Class.

12. *Section 1123(b)(6)*. In accordance with section 1123(b)(6) of the Bankruptcy Code, the Plan includes additional appropriate provisions that are not inconsistent with applicable provisions of the Bankruptcy Code, including, without limitation, the provisions of Article III, Article IV, Article V, Article VI, Article VII and Article VIII of the Plan.

13. *Section 1123(d)*. In accordance with section 1123(d) of the Bankruptcy Code, Section II.D.4 of the Plan provides for the satisfaction of Cure Amount Claims associated with each Executory Contract or Unexpired Lease to be assumed pursuant to the Plan in accordance with section 365(b)(1) of the Bankruptcy Code. All Cure Amount Claims will be determined in accordance with the underlying agreements and applicable law.

14. *Section 1127(d)*. All creditors entitled to vote on the Plan received proper notice of the Confirmation Hearing, and were provided an adequate opportunity to object to any amendments and modifications to the Fourth Amended Plan.⁷

15. *Section 1129(a)(2)*. The City has complied with all applicable provisions of the Bankruptcy Code with respect to the Plan and the solicitation of acceptances or rejections thereof. In particular, the Plan complies

⁷ See Certificate of Service (Docket No. 6177).

with the requirements of sections 1125 and 1126 of the Bankruptcy Code as follows:

- a) In compliance with the (i) Order (I) Establishing Procedures for Solicitation and Tabulation of Votes to Accept or Reject Plan of Adjustment and (II) Approving Notice Procedures Related to Confirmation of the Plan of Adjustment (Docket No. 2984) (the "Solicitation Procedures Order"), entered on March 11, 2014, and (ii) Order Establishing Supplemental Procedures for Solicitation and Tabulation of Votes to Accept or Reject Plan of Adjustment with Respect to Pension and OPEB Claims (Docket No. 4400) (together with the Solicitation Procedures Order, the "Solicitation Orders"), entered on May 5, 2014, on or before May 12, 2014, the City, through its claims, noticing, balloting and solicitation agent, Kurtzman Carson Consultants LLC ("KCC"), caused copies of the following materials to be transmitted to all holders of Claims in Classes that were entitled to vote to accept or reject the Fourth Amended Plan (*i.e.*, Allowed Claims in impaired Classes within Class 1A⁸ and Classes 5, 7, 8, 9, 10, 11, 12, 13, 14 and 15):
- the Disclosure Statement (together with the exhibits thereto, including the Fourth Amended Plan);
 - a notice of the Confirmation Hearing and other matters (the "Confirmation Hearing Notice");
 - an appropriate form of Ballot;

⁸ Subsequent to the City's solicitation of acceptances of the Fourth Amended Plan, the Plan was amended to unimpaired all Classes in Class 1A, and such Classes are therefore deemed to have accepted the Plan. *See* DWSD Tender Order; DWSD Settlement Notice. As a result, all votes and elections previously delivered with respect to Class 1A Claims shall not be counted and shall be of no force and effect.

- a notice summarizing certain dispute resolution procedures to be employed with respect to voting;
 - for holders of Claims in Classes 10, 11 and 12, a "Plain Language Supplement," drafted in collaboration with, among others, the Retiree Committee and the Retirement Systems, describing the treatment of such Claims in non-technical terms;
 - the procedures for the solicitation and tabulation of votes to accept or reject the Plan, including approval of (i) the deadline for creditors' submission of Ballots, (ii) the rules for tabulating votes to accept or reject the Plan and (iii) the proposed record date for Plan voting (collectively with the materials described in the preceding bullets, the "Solicitation Package"); and
 - cover letters from the City, the DRCEA, the RDPFFA, the Detroit Police Lieutenants and Sergeants Association (the "DPLSA") and the Detroit Police Command Officers Association (the "DPCOA") recommending acceptance of the Plan.⁹
- b) In compliance with the Solicitation Procedures Order, on or before May 12, 2014, the City, through KCC, caused copies of the Solicitation Package (not including Ballots) to be transmitted to parties entitled to receive notice pursuant to Bankruptcy Rule 2002.¹⁰

⁹ See Certificate of Service (Docket No. 6177), at ¶¶ 1-41. A separate communication recommending acceptance of the Plan was mailed to holders of Class 10, Class 11 and Class 12 Claims by the Retiree Committee contemporaneously with the solicitation of votes undertaken by the City. In addition, the GRS and the PFRS sent letters recommending acceptance of the Plan to holders of Class 10 and Class 11 Claims.

¹⁰ See Certificate of Service (Docket No. 6177), at ¶ 21.

- c) In compliance with the Solicitation Procedures Order, on or before May 12, 2014, the City, through KCC, transmitted (i) the Confirmation Hearing Notice and (ii) a "Notice of Non-Voting Status" to all holders of Claims in the Classes not entitled to vote on the Plan (*i.e.*, holders of Claims in unimpaired Classes within Class 1A and in Classes 1B, 1C, 2A, 2B, 2C, 2D, 2E, 2F, 3, 4, 6 and 16) that were not entitled to vote on the Plan.¹¹
- d) In compliance with the Solicitation Procedures Order, on or before May 12, 2014, the City, through KCC, transmitted the Confirmation Hearing Notice to: (i) all other creditors of the City; and (ii) all parties in interest that had filed requests for notice in accordance with Bankruptcy Rule 2002 in the Chapter 9 Case.¹²
- e) In compliance with the Solicitation Procedures Order, on May 9, 2014, the City caused a copy of the Confirmation Hearing Notice to be published in the national editions of the *Wall Street Journal* and *USA Today* and the daily editions of the *Detroit Free Press* and the *Detroit News*.¹³
- f) Pursuant to the Order Approving the Stipulation Regarding Certain Class 11 and Class 10 Ballots (Docket No. 5209), entered on June 4, 2014, the City mailed replacement ballots to certain members of Classes 10 and 11.¹⁴

¹¹ See *id.* at ¶ 20.

¹² See *id.* at ¶ 19.

¹³ See Affidavit of Publication of Confirmation Hearing Notice in the *Detroit Free Press* and the *Detroit News*, dated July 22, 2014 (Docket No. 6209), at page 2; Affidavit of Publication of Confirmation Hearing Notice in *USA Today*, dated July 22, 2014 (Docket No. 6211), at page 2; Affidavit of Publication of Confirmation Hearing Notice in the *Wall Street Journal*, dated July 24, 2014 (Docket No. 6253), at page 2.

¹⁴ See Certificate of Service (Docket No. 6177), at ¶¶ 11, 27, Exhibit P.

- g) On July 3, 2014, the City filed (and made available on the Document Website) the following Exhibits:
 - (i) Exhibit I.A.189.a (Form of New GRS Active Pension Plan) (renumbered as Exhibit I.A.250.a to the Eighth Amended Plan); (ii) Exhibit I.A.191.a (Form of New PFRS Active Pension Plan) (renumbered as Exhibit I.A.254.a to the Eighth Amended Plan);
 - (iii) Exhibit I.A.220 (Form of Prior GRS Pension Plan) (renumbered as Exhibit I.A.280 to the Eighth Amended Plan); and (iv) Exhibit I.A.221 (Form of Prior PFRS Pension Plan) (renumbered as Exhibit I.A.281 to the Eighth Amended Plan).¹⁵
- h) On July 3, 2014, the City filed (and made available on the Document Website) Exhibit II.D.6 (Executory Contracts and Unexpired Leases to be Rejected).¹⁶
- i) On August 7, 2014, the City filed (and made available on the Document Website) Exhibit I.A.103 (Form of DIA Settlement Documents) (renumbered as Exhibit I.A.127 to the Eighth Amended Plan).¹⁷
- j) On August 11, 2014, the City filed (and made available on the Document Website) the following Exhibits:
 - (i) Exhibit I.A.146 (Principal Terms of Exit Facility) (renumbered as Exhibit I.A.183 to the Eighth Amended Plan); (ii) Exhibit I.A.255 (Form of Restoration Trust Agreement) (renumbered as Exhibit I.A.292 to the Eighth Amended Plan); (iii) Exhibit II.D.5 (Schedule of Postpetition Collective Bargaining Agreements); and (iv) Exhibit III.D.2 (Retained Causes of Action).¹⁸
- k) The Confirmation Hearing Notice and the subsequent scheduling orders entered by the Court provided due and

¹⁵ See Notice of Filing of Plan Supplement (Docket No. 5755).

¹⁶ See Notice of Filing of Plan Supplement (Docket No. 5756).

¹⁷ See Notice of Filing of Plan Supplement (Docket No. 6576).

¹⁸ See Notice of Filing of Plan Supplement (Docket No. 6647).

proper notice of the Confirmation Hearing and all relevant dates, deadlines, procedures and other information relating to the Plan and/or the solicitation of votes thereon, including, without limitation, the Voting Deadline, the Objection Deadline (as such term was defined in the Confirmation Hearing Notice), the time, date and place of the Confirmation Hearing and the release provisions in the Plan.¹⁹

- l) All persons entitled to receive notice of the Disclosure Statement, the Plan and the Confirmation Hearing received proper, timely and adequate notice in accordance with the Solicitation Orders, applicable provisions of the Bankruptcy Code and the Bankruptcy Rules, and have had an opportunity to appear and be heard with respect thereto.²⁰
- m) The City solicited votes with respect to the Plan in good faith and in a manner consistent with the Bankruptcy Code, the Bankruptcy Rules and the Solicitation Orders, including, without limitation, the inclusion of letters from the City, the DRCEA, the RDPFFA, the DPLSA and the DPCOA recommending acceptance of the Plan in the solicitation materials and the separate mailing of solicitation letters from the Retiree Committee, the GRS and the PFRS. Accordingly, the City, the Retiree Committee, the GRS, the PFRS, the DRCEA and the RDPFFA are entitled to the protections afforded by section 1125(e) of the Bankruptcy Code and the exculpation provisions set forth in Section III.D.6 of the Plan.

¹⁹ See Solicitation Procedures Order at ¶ 17; Motion of the City of Detroit for Entry of an Order (I) Establishing Procedures for Solicitation and Tabulation of Votes to Accept or Reject Plan of Adjustment and (II) Approving Notice Procedures Related to Confirmation of the Plan of Adjustment (Docket No. 2789), at Exhibit 6A.

²⁰ See Certificates of Service (Docket Nos. 6174, 6177).

- n) Claims in Classes 1A, 1B, 1C, 2A, 2B, 2C, 2D, 2E, 2F, 3 and 4 under the Plan are unimpaired, and such Classes are conclusively presumed to have accepted the Plan pursuant to section 1126(f) of the Bankruptcy Code.²¹
- o) KCC has made a final determination of the validity of, and tabulation with respect to, all acceptances and rejections of the Plan by holders of Claims entitled to vote on the Plan, including the amount and number of accepting and rejecting Claims in Classes 5, 7, 8, 9, 10, 11, 12, 13, 14 and 15 under the Plan.²²
- p) Holders of Claims in Class 17 (Indirect 36th District Court Claims) were previously classified in Class 14 under the Fourth Amended Plan. The City solicited acceptances or rejections of the Plan from the holders of Indirect 36th District Court Claims in their previous capacity as holders of Class 14 Claims. Pursuant to the Order Authorizing Certain Holders of Indirect 36th District Court Claims to Change Their Votes on the City's Plan of Adjustment (Docket No. 6288), entered on July 28, 2014, by agreement of the parties, the votes of all known holders of Indirect 36th District Court Claims rejecting the Plan under Class 14 were deemed to be votes accepting the Plan under Class 17.
- q) Under the Plan, Class 16 (Subordinated Claims) is Impaired and holders of Claims in such Class will receive

²¹ See DWSD Settlement Notice. Subsequent to the filing of the Fourth Amended Plan, the Parking Bonds giving rise to Parking Bond Claims in Class 6 of the Plan were paid in full by the City, mooted the proposed treatment of such Parking Bond Claims in the Fourth Amended Plan (as reflected in the Plan).

²² See Second Supplemental Declaration of Michael J. Paque Regarding the Solicitation and Tabulation of Votes On, and the Results of Voting with Respect to, Plan for the Adjustment of Debts of the City of Detroit (Docket No. 8072), filed on October 23, 2014 (the "Second Supplemental Voting Declaration"), at ¶¶ 8-9.

no distributions under the Plan.²³ Therefore, Class 16 is conclusively presumed to reject the Plan in accordance with section 1126(g) of the Bankruptcy Code, and no votes were solicited from holders of Class 16 Claims.²⁴

- r) The Plan was voted on by each Class of impaired Claims that was entitled to vote pursuant to the Bankruptcy Code, the Bankruptcy Rules and the Solicitation Orders.
- s) Each of Classes 5, 7, 8, 9, 10, 11, 12, 13 and 17 have accepted the Plan by at least two-thirds in amount and a majority in number of the Claims in such Classes actually voting.²⁵
- t) The voting declarations admitted into evidence as City Exhibits 764 and 765, and the Second Supplemental Voting Declaration, set forth the tabulation of votes, as required by the Bankruptcy Code, the Bankruptcy Rules and the Disclosure Statement Order.²⁶

16. *Section 1129(a)(3)*. The Plan has been proposed (a) in good faith; (b) with honesty, sincerity and good intentions; (c) with a basis for expecting that an adjustment of the City's debts and an operational restructuring of the City can be effected in accordance with the purpose of chapter 9, and that the Plan is feasible; and (d) not by any means forbidden by law. The Plan and the treatment of Claims thereunder are, and the process pursuant to which the City has sought Confirmation thereof has been, fundamentally fair to the City's creditors.

²³ See Plan, at § II.B.3.w.i.

²⁴ See *id.*.

²⁵ See Second Supplemental Voting Declaration, at ¶¶ 8-9.

²⁶ See *id.* at Exhibits A-C.

The purpose of the Plan is to adjust the City's debts to enable the City to reverse its decades-long financial decline, eliminate its service delivery insolvency, restore adequate municipal services to its residents and meet its future financial obligations, consistent with the overarching remedial purpose of chapter 9 and the objectives and purposes of the Bankruptcy Code. The City's good faith in proposing the Plan and its prior versions, and fundamental fairness in dealing with its creditors, is further evidenced by the fact that the Plan (a) incorporates multiple key settlements that are the result of extensive arm's length negotiations (often conducted within the context of Court-ordered mediation) between the City and representatives of a large proportion of its creditors, (b) has been proposed with the support of the City's largest creditor constituencies and (c) is feasible (see ¶¶ N.10-18 below). In so finding, the Court has considered the totality of the circumstances in this Chapter 9 Case.

17. *Section 1129(a)(6)*. Section III.A.7 of the Plan provides that the obtaining of any authorizations, consents and regulatory approvals necessary under applicable nonbankruptcy law is a specific condition to the effectiveness of the Plan, consistent with the language of section 1129(a)(6) of the Bankruptcy Code.²⁷ The Board of Water Commissioners will continue to have all authority to set and approve the water and sewerage rates charged by the DWSD,

²⁷ See Plan, at § III.A.7.

provided that, if a DWSD Authority is approved and formed, such rates would be determined by the board of such DWSD Authority.²⁸

18. *Section 1129(a)(8).* The Plan has not been accepted by all impaired Classes of Claims because (a) Classes 14 and 15 (collectively, the "Impaired Rejecting Classes") have voted to reject the Plan²⁹ and (b) consistent with section 1126(g) of the Bankruptcy Code, the holders of Claims in Class 16 (Subordinated Claims) (who receive no Distributions pursuant to Section II.B.3.w.i of the Plan) are deemed to have rejected the Plan.³⁰ Nevertheless, as more fully explained below, the Plan is confirmable because it satisfies section 1129(b) of the Bankruptcy Code with respect to such Impaired Rejecting Classes.

19. *Section 1129(a)(10).* The Plan has been accepted by the following impaired Classes of Claims that are entitled to vote on the Plan, determined without including any acceptance of the Plan by any insider: Classes 5, 7, 8, 9, 10, 11, 12, 13 and 17.³¹

20. *Section 1129(b)(1): Unfair Discrimination.* For the reasons set forth in the Confirmation Opinion, the Plan does not discriminate unfairly against the Impaired Rejecting Classes. The Plan provides greater

³⁰ See Solicitation Procedures Order, at ¶ 10.

³¹ See Second Supplemental Voting Declaration, at ¶¶ 8-9.

percentage recoveries to holders of (a) Pension Claims in Classes 10 and 11 (as high as approximately 59% and 60%, respectively, although the Court does not make any specific finding with respect to such percentage recoveries), (b) Class 8 Unlimited Tax General Obligation Bond Claims (approximately 74%), (c) Limited Tax General Obligation Bond Claims (approximately 44%) and (d) Indirect 36th District Court Claims (approximately 33%) than to holders of (x) Other Unsecured Claims (approximately 13%) and (y) Convenience Claims (25% recovery).

21. Despite the differences in the Classes' respective recoveries, the Court finds that such discrimination is fair in light of, among other things, (a) the circumstances of the City's Chapter 9 Case, (b) the purpose of chapter 9, which is to adjust an insolvent municipality's debt so that it can provide adequate municipal services and (c) the Court's conscience, as informed by the Court's experience, education and sense of morality.

22. Substantial mission-based considerations justify the differential treatment of Pension Claims. The City is a municipal service enterprise whose mission is to provide municipal services to its residents and visitors to promote their health, welfare and safety. The City, therefore, has a strong interest in preserving its relationships with its employees and in enhancing their motivation, consistent with the City's financial resources. In contrast, the City

has no similar mission-related investment in its relationships with holders of Claims in Classes 14 and 15.

23. The Plan's differential treatment of Pension Claims is further justified because the fulfillment of the City municipal service mission is informed by, and subject to, the provisions of the constitution and laws of the State of Michigan and the City's status as an agency of the State. Article IX, Section 24 of the Michigan Constitution (the "Pensions Clause") (a) singles out municipal pension claims for special protection and (b) in so doing, specifically expresses the considered judgment of the people of the State of Michigan, which is entitled to substantial deference in connection with determining the fairness of the Plan's discrimination against the Impaired Rejecting Classes.

24. The reasonable expectations of creditors further demonstrate that the Plan's treatment of Pension Claims is fair, because the Pensions Clause gives notice to all of the City's unsecured creditors that, outside of bankruptcy, the rights of pension creditors are distinct and entitled to special State-law protections that are unavailable to other unsecured creditors of the City. Such constitutional notice (a) reasonably justifies the enhanced expectations of Holders of Pension Claims in this Chapter 9 Case and (b) should lower the reasonable expectations of all other unsecured creditors.

25. Moreover, the Plan's treatment of Pension Claims is the result of a collection of interconnected settlements. The factors that inform the reasonableness of each individual settlement are the same factors that inform the Court's judgment regarding the fairness of discrimination under the Plan. Because each such settlement is fair and reasonable, the discrimination in claim treatment resulting from such settlements also is fair.

26. The treatment of Limited Tax General Obligation Bond Claims, Unlimited Tax General Obligation Bond Claims and Indirect 36th District Court Claims also is fair because, in each instance, such treatment is the result of arm's-length, intensely negotiated and reasonable settlements between the City and the respective creditors and their representatives and is based on the asserted differing legal rights of, and litigation brought by, such parties. Specifically, a reasonable basis exists for the differential treatment of Limited Tax General Obligation Bond Claims and Unlimited Tax General Obligation Bond Claims, because the treatment of such Claims reflects (a) the results of protracted and comprehensively negotiated settlements between the City and the holders of such Claims and (b) the claimants' arguments to relative priority and security under State law. In addition, the Plan's treatment of Indirect 36th District Court Claims is related to the City's mission, and therefore is fair, because of the City's continuing legal and funding relationship with the 36th District Court.

27. The plan would not be feasible without discriminating among unsecured creditors because, with respect to Pension Claims in particular, the City's recovery will turn in large part on its ability to marshal the support of its residents in general and its retirees, employees and their labor unions in particular. With respect to Pension Claims, Limited Tax General Obligation Bond Claims, Unlimited Tax General Obligation Bond Claims and Indirect 36th District Court Claims, the settlements achieved by the City removed the risk of ongoing litigation over their respective asserted priorities, which litigation posed a significant obstacle to the City's ability to confirm a workable plan. The City's proposal of the differential treatment between Classes of unsecured Claims under the Plan was made in good faith and was not motivated by personal animosity or antipathy. The Plan treats holders of Claims in the Impaired Rejecting Classes as well as possible under the circumstances.

28. The Plan does not discriminate unfairly against Class 16 (Subordinated Claims) because the Claims within such Class are subordinated to all other Claims classified under the Plan in accordance with section 510(b) of the Bankruptcy Code and are entitled to Distributions under the Plan only to the extent that Classes that are senior in priority are paid in full.

Section 1129(b)(1), (b)(2): Fair and Equitable. For the reasons to be set forth in the Confirmation Opinion, the Plan is "fair and equitable"

with respect to the Impaired Rejecting Classes. No evidence suggests that the City or any Class or group of creditors has committed any overreaching or misconduct that would require the Court to impose a remedy as a condition to Confirmation. Moreover, the circumstances of the City's Chapter 9 Case suggest to the Court's conscience that it is fair and equitable to impose the Plan upon the dissenting creditors against their stated will. A large number of Detroit residents are suffering hardship due to the City's service delivery insolvency. This condition is inhumane and intolerable, and can only be successfully addressed if the Plan is confirmed. No viable alternatives to the Plan exist that would resolve the City's service delivery insolvency and provide a greater recovery to Classes 14 and 15. Requiring creditors in the Impaired Rejecting Classes to share in the sacrifice that other creditors of the City have agreed to endure, and confirming the Plan, thus is fair and equitable under the circumstances.

I. Section 943(b)(2). The Plan complies with the provisions of chapter 9 of the Bankruptcy Code. The Plan complies with section 941 of the Bankruptcy Code because the City filed the Plan for the Adjustment of Debts of the City of Detroit (Docket No. 2708) on February 21, 2014, consistent with the First Order Establishing Dates and Deadlines (Docket No. 280), entered on August 2, 2013, which order established March 1, 2014 as the deadline for the City to file its plan of adjustment. The Plan complies with section 942 of the

Bankruptcy Code because the amendments and modifications made to the Fourth Amended Plan are either immaterial to, or do not adversely affect the treatment of, any Claim under the Plan.

J. Section 943(b)(3). The Court, with the assistance of counsel, will establish an expeditious mediation and Court-review process to determine the reasonableness and disclosure of all fees and expenses, paid and unpaid, for which the City is obligated in connection with this case through the Effective Date, as required by section 943(b)(3) of the Bankruptcy Code, including (1) the professional fees and expenses of the GRS and the PFRS, to the extent that the City reimburses them, (2) the fees and expenses of the Fee Examiner and his professionals, (3) the Court-appointed feasibility expert and her counsel and (4) the other Fee Review Professionals. The preceding sentence does not apply with respect to fees and expenses explicitly dealt with in settlements previously approved by orders of the Court. The review pursuant to such process will satisfy the requirements of section 943(b)(3) of the Bankruptcy Code.

1. In addition, pursuant to the Fee Review Order and the Fee Examiner Order, and with the City's consent, the Fee Examiner was appointed in the Chapter 9 Case as an officer of the Court and has reviewed, or will review, the fees and expenses of all Fee Review Professionals submitted to the Fee Examiner for review in accordance with the Fee Review Order for the period

beginning on the Petition Date. Unless the Court subsequently orders otherwise, the fee review process established by the Fee Review Order will continue for fees and expenses incurred through the Effective Date pursuant to Section IV.N.2 of the Plan. In accordance with the Fee Review Order, each quarterly report and supplemental quarterly report filed by the Fee Examiner to date has determined that all Fee Review Professional Fees incurred during the relevant reporting periods have been fully disclosed and are reasonable or otherwise are commensurate with the complexity and speed of the Chapter 9 Case and the quality of services provided.³² Further, the fees and expenses of the Fee Examiner Parties are subject to Court review and approval under the terms of the Fee Review Order and the Plan.

³² See Fee Examiner's Quarterly Report for Months of July, August and September 2013 (Docket No. 2642), at ¶ 15; Fee Examiner's First Supplemental Quarterly Report for Months of July, August and September 2013 (Docket No. 3457), at ¶ 14; Fee Examiner's Second Supplemental Quarterly Report for Months of July, August and September 2013 (Docket No. 7574), at ¶ 14; Fee Examiner's Second Quarterly Report for Months of October, November and December 2013 (Docket No. 4498), at ¶ 16; Fee Examiner's First Supplemental Quarterly Report for Months of October, November and December 2013 (Docket No. 7575), at ¶ 17; Fee Examiner's Third Quarterly Report for Months of January, February and March 2014 (Docket No. 6528), at ¶ 18; Fee Examiner's First Supplemental Quarterly Report for Months of January, February and March 2014 (Docket No. 7332), at ¶ 19; Fee Examiner's Fourth Quarterly Report for Months of April, May and June 2014 (Docket No. 8186), at ¶ 18.

K. Section 943(b)(4).

1. All actions to be taken by the City to carry out the Plan are consistent with, do not violate and are not prohibited by applicable law, including, but not limited to, the following actions:

- the creation of the Detroit General VEBA and the Detroit Police and Fire VEBA;
- payments to be made by the DWSD during the period from the Effective Date through June 30, 2023 on account of (a) the DWSD's \$428.5 million currently-calculated allocable share of the unfunded actuarially accrued liabilities of the GRS (as modified by the Plan), (b) related administrative costs and (c) restructuring costs incurred by the City in connection with the Chapter 9 Case allocable to the DWSD (the "DWSD Pension Funding"), consistent with paragraph 24 of the DWSD Tender Order;
- all actions taken in connection with the UTGO Settlement Agreement and all provisions of the Plan addressing recoveries upon Unlimited Tax General Obligation Bond Claims, including Sections II.B.3.n, II.B.3.o, II.B.3.p and IV.C of the Plan (such provisions of the Plan as they relate to such recoveries, and, collectively with the UTGO Settlement Agreement, the "UTGO Settlement"), including, but not limited to, the City's designation of an entity or entities to receive the Assigned UTGO Bond Tax Proceeds;
- the transfer of the DIA Assets to DIA Corp. pursuant to the DIA Settlement;³³ and

³³ See Attorney General's Approval of DIA Settlement (Docket No. 5338), filed on June 17, 2014.

- all actions taken in connection with the Syncora Development Agreement (including the garage option), the Tunnel Lease and the FGIC Development Agreement.

L. Section 943(b)(5). The Plan satisfies the requirements of section 943(b)(5) of the Bankruptcy Code. The Plan expressly provides for the cash payment, in full, of Allowed Administrative Claims, including administrative expenses allowed under section 503(b) of the Bankruptcy Code either (1) on the Effective Date or as soon as reasonably practicable thereafter or (2) if the Administrative Claim is not Allowed as of the Effective Date, 30 days after the date on which such Administrative Claim becomes an Allowed Claim.³⁴

M. Section 943(b)(6). The Plan satisfies the requirements of section 943(b)(6) of the Bankruptcy Code. The effectiveness of the Plan is expressly conditioned upon the obtaining of any authorizations, consents and regulatory approvals necessary under applicable nonbankruptcy law.³⁵ Neither the DWSD Pension Funding nor the provisions of the Plan relating to the DWSD CVR constitute a tax upon any DWSD ratepayer subject to electoral approval.

The restructuring of the City's obligations pursuant to the Plan, and the consequent restructuring (and lowering) of DWSD's costs, will not necessitate an increase in the rates charged by DWSD in excess of normally scheduled rate increases.

³⁴ See Plan, at § II.A.1.a.

³⁵ See Plan, at § III.A.7.

N. Section 943(b)(7).

1. *Best Interests of Creditors.* The Plan is in the best interests of creditors. The Plan provides the City's creditor body, as a whole, with a better alternative than dismissal of the Chapter 9 Case and all that creditors can reasonably expect under the circumstances. Outside of bankruptcy, the City would face several billion dollars in cumulative deficits over the next ten years, even if it attempted only to maintain the current level of inadequate public services. Although the automatic stay has allowed the City to enhance its cash position during the bankruptcy, the fundamentals of the City's financial forecasts have not changed materially since the City first created the baseline financial forecasts in June 2013. Moreover, if the City's Chapter 9 Case were dismissed, the City would lose the benefit of many of the settlements it has reached with its creditors. The City does not have sufficient excess revenues to continue paying its creditors outside of bankruptcy.

2. The legal limitations on the collection of judgments that apply outside of bankruptcy also constrain the best interests of creditors test in bankruptcy. Because Michigan Public Act 236 of 1961, the Revised Judicature Act, M.C.L. §§ 600.101, *et seq.* (the "Revised Judicature Act"), provides the sole remedy under State law for the City's creditors to recover on their claims, the City cannot be compelled under State law to liquidate City-owned assets to satisfy

creditors' claims.³⁶ The City also cannot be compelled to sell any City-owned assets under the Bankruptcy Code because, in chapter 9 cases, section 904 of the Bankruptcy Code prohibits the Court from interfering with "(1) any of the political or governmental powers of the debtor; (2) any of the property or revenues of the debtor; or (3) the debtor's use or enjoyment of any income-producing property."³⁷

3. Maintaining the art collection housed at the DIA (the "DIA Collection") is critical to the feasibility of the Plan and to the City's future because the DIA Collection is an invaluable and irreplaceable resource, and because the DIA stands at the center of the City's cultural life. Selling the DIA Collection would impede the City's efforts to attract new residents, visitors and businesses and would only deepen the City's fiscal, economic and social problems. In addition, using the DIA Collection or some portion thereof as collateral for a loan to pay creditors would be imprudent because doing so would (a) merely substitute debt for debt and thus not benefit the City and (b) create a risk that the City would lose any art used as collateral in the event of a default.

4. Moreover, it would be impracticable for the City to liquidate the DIA Collection in an attempt to maximize creditor recoveries. Because (a) many works within the DIA Collection are subject to donor

³⁶ See M.C.L. § 600.6093.

³⁷ 11 U.S.C. § 904.

restrictions and (b) the Michigan Attorney General and DIA Corp. contend that the entire DIA Collection is held in trust, any attempt to liquidate the DIA Collection or any material portion thereof to satisfy the claims of creditors most likely would result in costly, complex and time-consuming litigation regarding the City's precise ownership interests in the approximately 60,000 works of art that comprise the DIA Collection. A forced liquidation of the DIA Collection would generate only a fraction of its true economic value.

5. Nevertheless, the Plan provides for multiple new sources of revenue, cost saving initiatives and settlements that improve recoveries for creditors. The City has made reasonable efforts to monetize assets other than the DIA Collection, including the Detroit Windsor Tunnel, certain real estate properties, certain parking properties and the Joe Louis Arena property. The City also has entered into the Great Lakes Water Authority memorandum of understanding, which benefits all of the City's creditors.³⁸

6. The transactions and settlements associated with the "Grand Bargain" – including the State Contribution Agreement, the DIA Settlement and the City's comprehensive settlement of pension-related and labor-related issues negotiated with the Retiree Committee, the Retirement

³⁸ See Memorandum of Understanding Regarding the Formation of the Great Lakes Water Authority, filed as Exhibit A to the Notice of Execution of Framework for Creating a Water and Sewer Authority (Docket No. 7357).

Systems and certain unions and retiree associations – will generate at least an additional \$816 million in nominal revenue for the benefit of the holders of Pension Claims. In addition, the City has entered into favorable settlements with representatives of the holders of Pension Claims, OPEB Claims, COP Claims, Unlimited Tax General Obligation Bond Claims, Limited Tax General Obligation Bond Claims and Indirect 36th District Court Claims. The difference between the amounts asserted by such claimants and the amounts accepted in settlement of such Claims redounds to the benefit of all the City's stakeholders. The successful implementation of the reinvestment initiatives incorporated into the Plan (the "Reinvestment Initiatives") is indispensable to the City's efforts to provide its creditors with as significant a recovery as could be expected under the circumstances, and the maximization of such creditor recoveries influenced the design of the Reinvestment Initiatives. In addition, absent confirmation of the Plan, the City would not have the ability to access the capital markets on reasonable terms, meaning that the issuance of numerous and large judgments against the City would quickly deplete the City's limited resources and its tax base.

7. Raising taxes also is not a viable option for the City. The City is legally prohibited from raising property tax rates above their current levels, which rates are higher than those in neighboring communities and among the highest in Michigan. The likelihood of the people of Detroit or the State

legislature voting to raise taxes is remote. Even if the City could legally increase property tax rates, doing so would not increase the City's revenues because the City has reached its practical taxable limit, *i.e.*, tax saturation, meaning that any further tax increases on Detroit residents most likely would (a) exacerbate the City's already high tax collection delinquency rate, (b) continue the flight of residents and businesses from the City, (c) discourage inflow of prospective residents and businesses, (d) destabilize growth and (e) ultimately reduce the City's overall tax revenues. The loss of population in Detroit has compounded the City's financial difficulties and led to additional cutbacks in municipal services – which cutbacks, in turn, have led to continuing losses of population, industry and tax revenues. Increasing the tax burden on Detroit residents would only perpetuate this vicious cycle.

8. The effect of dismissal of the City's Chapter 9 Case would be the issuance of myriad judgment levies under State law.³⁹ In a dismissal scenario, the Revised Judicature Act would require the City to satisfy any judgments obtained by creditors either through bond issuances or property tax levies.⁴⁰ If the Chapter 9 Case were dismissed, the City's creditors would not realize greater recoveries than they would receive under the Plan because the City

³⁹ See M.C.L. § 600.6093.

⁴⁰ See *id.*

would lack the resources and ability to satisfy such judgment levies. In such a scenario, the City's pension obligations alone likely would quickly eradicate any meaningful recoveries for other unsecured creditors outside of chapter 9.

9. Dismissal of the Chapter 9 Case would deprive the City of the benefit of the Reinvestment Initiatives. Without such reinvestment, the City's ability to provide basic services would continue to decline below even today's inadequate levels. Without the ability to provide adequate levels of basic services, the City would be unable to reverse the exodus of residents and businesses from the City that has depleted the City's tax base, reduced land values and led to widespread abandonment and blight. In addition, the Plan offers financial benefits that would be unavailable to the City in the event of dismissal, including the \$816 million that will be contributed to the Retirement Systems in connection with the Grand Bargain, the Exit Facility and the cost savings to be realized by the Reinvestment Initiatives and the Settlements under the Plan.

10. *Feasibility.* The Plan is feasible, within the meaning of section 943(b)(7) of the Bankruptcy Code. On and after the Effective Date, it is more likely than not that the City will be able to (a) make all payments contemplated by the Plan without a significant probability of default and

(b) sustainably provide adequate municipal services to its residents.⁴¹ The City has demonstrated a reasonable prospect that the City will successfully implement the Plan and the Reinvestment Initiatives.⁴²

11. The City's revenue and expense projections contained in (a) the ten-year summary of the Reinvestment Initiatives (the "10-Year Reinvestment Initiative Summary") introduced into evidence as City Exhibit 108 (July 2014); (b) the ten-year statement of projected cash flows (the "10-Year Forecast") introduced into evidence as City Exhibits 109 (July 2014), 733 (September 2014), 780 (October 2014), 781 (October 2014) and 782 (October 2014); (c) the forty-year statement of projected cash flows (the "40-Year Forecast") introduced into evidence as City Exhibits 111 (July 2014), 734 (September 2014), 779 (October 2014) and 793 (October 2014); and (d) the ten-year statement of projected cash flows of the City's water and sewage disposal funds introduced into evidence as part of City Exhibit 3 (collectively with the 10-Year Reinvestment Initiative Summary, the 10-Year Forecast and the 40-Year Forecast, the "Projections"), are reasonable, made in good faith, accurate,

⁴¹ See Court's Exhibit 12000 (Expert Report of Martha E.M. Kopacz), at 202-03; Court's Exhibit 12002 (Second Supplemental Expert Report of Martha E.M. Kopacz), at 5-6.

⁴² See Court's Exhibit 12000 (Expert Report of Martha E.M. Kopacz), at 29, 164-65, 202-03; Court's Exhibit 12002 (Second Supplemental Expert Report of Martha E.M. Kopacz), at 5-6.

consistent with other financial projections made by the City and based upon assumptions that are reasonable when considered individually or collectively.⁴³

12. The City will have employees that have the necessary skill and commitment to implement, and perform according to the terms of, the Plan. The City will also have adequate systems, controls and procedures (as modified, modernized and developed by the Reinvestment Initiatives) to (a) monitor the City's financial and operational performance and (b) minimize and eliminate fraud, abuse and waste (both in the City's day-to-day operations and in the implementation of the Reinvestment Initiatives).⁴⁴

13. The City is beginning to implement appropriate controls to reasonably ensure the City's ongoing compliance with the terms of the Plan.⁴⁵ These controls include, but are not limited to: (a) the Michigan Financial Review Commission (the "Financial Review Commission") established pursuant to Public Act 181 of 2014, M.C.L. §§ 141.1631, *et seq.* ("PA 181" or the "Financial Review Commission Act"); (b) the requirements imposed by Public Act 182 of 2014,

⁴³ See Court's Exhibit 12000 (Expert Report of Martha E.M. Kopacz), at 10, 200-01; Court's Exhibit 12001 (Supplemental Expert Report of Martha E.M. Kopacz), at 3-4; Court's Exhibit 12002 (Second Supplemental Expert Report of Martha E.M. Kopacz), at 5-6.

⁴⁴ See Court's Exhibit 12002 (Second Supplemental Expert Report of Martha E.M. Kopacz), at 29-30.

⁴⁵ See Court's Exhibit 12000 (Expert Report of Martha E.M. Kopacz), at 175, 202.

M.C.L. § 117.4s-t ("PA 182" and, together with PA 181, the "Grand Bargain Legislation"), that the City (i) adopt a sound, multi-year financial plan, (ii) appoint a Chief Financial Officer and (iii) post its financial forecasts and contracts to the City's official website; and (c) the adoption of governance and financial oversight mechanisms for the Retirement Systems in connection with the State Contribution Agreement. The Financial Review Commission will have broad authority, under the Grand Bargain Legislation, to obtain and review the City's financial records on an ongoing basis, and to conduct financial audits of the City.⁴⁶

14. The Reinvestment Initiatives provide for the reinvestment of approximately \$1.7 billion in the City between the Effective Date and June 30, 2023. The Reinvestment Initiatives will allow the City to achieve approximately \$483 million in additional revenue and \$358 million in cost savings during that same period, resulting in net reinvestment in the City of approximately \$877 million. The Reinvestment Initiatives are reasonably designed to, and more likely than not will, ensure that the City will be able to (a) remedy its service delivery insolvency and provide adequate municipal services to its residents, (b) meet its financial obligations on a prospective basis, (c) promote the stability of

⁴⁶ See M.C.L. § 141.1636.

the City's population and (d) provide a platform for the growth of both the City's resident and business populations.⁴⁷

15. The costs associated with the Reinvestment Initiatives are reasonable. The goals of the Reinvestment Initiatives are achievable.⁴⁸ The City can arrest the reinforcing trends of population loss, declining property values and declining revenues if adequate services are restored, blight is remediated and the City becomes a more attractive place to live and work. The Reinvestment Initiatives will accelerate investment in the City by business, community and philanthropic organizations.

16. Absent the Reinvestment Initiatives, the City cannot provide a sustainable level of services to its residents. The Reinvestment Initiatives are necessary to (a) remedy the City's service delivery insolvency, (b) reduce blight and strengthen neighborhoods, (c) improve the efficiency of, and adequately fund, the City's operations (including, but not limited to, its administrative and support departments and the operations of the 36th District Court), (d) allow elected officials to more effectively manage the City, (e) enhance the City's revenues, (f) reduce the City's costs and (g) ensure the provision of

⁴⁷ See Court's Exhibit 12000 (Expert Report of Martha E.M. Kopacz), at 202.

⁴⁸ See Court's Exhibit 12000 (Expert Report of Martha E.M. Kopacz), at 201-02.

adequate and significantly improved municipal and public safety services to City residents and businesses.⁴⁹ The Mayor's office and the City Council have been consulted in connection with the City's restructuring and are committed to working in concert to implement the Plan and the Reinvestment Initiatives.⁵⁰

17. It is more likely than not that the Plan is sustainable over the long term.⁵¹ Based on the Projections, the City will have sufficient liquidity to sustain normal municipal operations, issue and perform under the New Securities, satisfy the Settlements and otherwise meet its financial obligations after the Effective Date. The amount and terms of the Exit Facility are reasonable. The City will have sufficient resources to service the Exit Facility. The Plan and the Exit Facility will enable the City to resolve onerous debts related to the City's excessive prepetition borrowing. The City's commitment, under the Plan, to use its best efforts to prepay the New LTGO Bonds on the Effective Date, or as soon as reasonably practicable thereafter, is both reasonable and feasible. Credit markets

⁴⁹ See Court's Exhibit 12000 (Expert Report of Martha E.M. Kopacz), at 201-02.

⁵⁰ See Joint Notice of Transition Plan (Docket No. 7681), Exhibit A (Detroit City Council Resolution adopted Sept. 25, 2014), at 2-3 ("The City Council supports the confirmation and implementation of a Plan of Adjustment.... After, and assuming, confirmation of the Plan of Adjustment, the City Council will support the City's implementation of the confirmed Plan of Adjustment.").

⁵¹ See Court's Exhibit 12001 (Supplemental Expert Report of Martha E.M. Kopacz), at 3-4.

likely (a) will be receptive to the newly de-leveraged City and (b) would be closed to the City absent the restructuring to be implemented pursuant to the Plan and the Reinvestment Initiatives. Although future economic risks cannot be predicted with certainty, and some economic risk factors are outside of the City's control, under the Plan, the City more likely than not will be able to adapt to unforeseen circumstances as necessary to preserve its revitalization.

18. Under the Plan, the DWSD will have sufficient resources to make the capital improvements necessary to enable the DWSD to continue to provide an adequate level of water and sewer service to its customers, and the DWSD's current capital improvement plans are reasonable for this purpose. There is no material risk of a system-wide failure that would prevent the DWSD from providing adequate levels of service. In addition, the DWSD Pension Funding does not negatively impact the feasibility of the Plan with respect to other creditors or the reinvestment initiatives.

EXECUTORY CONTRACTS

O. Pursuant to sections 365 and 1123(b)(2) of the Bankruptcy Code (incorporated into this Chapter 9 Case by section 901 of the Bankruptcy Code), upon the occurrence of the Effective Date, Section II.D of the Plan provides for the assumption, assumption and assignment or rejection of certain Executory Contracts and Unexpired Leases. The City's determinations regarding the

assumption, assumption and assignment or rejection of Executory Contracts and Unexpired Leases are based on and within the sound business judgment of the City, are necessary to the implementation of the Plan and are in the best interests of the City, holders of Claims and other parties in interest in the Chapter 9 Case.

The City has filed Exhibit II.D.6 to the Plan (as it may have been amended or supplemented) and either has provided or will provide notice of the City's determinations regarding the assumption, assumption and assignment or rejection of Executory Contracts or Unexpired Leases and any related Cure Amount Claims consistent with the procedures (collectively, the "Contract Procedures") set forth in the Order, Pursuant to Sections 365, 901 and 1123 of the Bankruptcy Code, (A) Establishing Procedures with Respect to the Proposed Assumption and Rejection of Executory Contracts and Unexpired Leases and (B) Approving the Form and Manner of Notice Thereof (Docket No. 6512), entered on August 4, 2014 (the "Contract Procedures Order").

SETTLEMENTS AND RELEASES

P. Pursuant to Bankruptcy Rule 9019(a) or otherwise, and in consideration for the distributions and other benefits provided under the Plan, the provisions of the Plan constitute a good faith compromise and settlement of all Claims and controversies resolved pursuant to the Plan.

Q. Based upon the representations and arguments of counsel to the City, the Retiree Committee, the Retirement Systems, Syncora, FGIC, the State, DIA Corp., the RDPFFA and the DRCEA, and all other testimony either actually given or proffered and other evidence introduced at the Confirmation Hearing and the full record of this Chapter 9 Case, the findings and conclusions of which are hereby incorporated by reference as if fully set forth herein, this Order constitutes the Court's approval of all Settlements provided for herein or in the Plan because, among other things, all aspects of such Settlements have been fully disclosed and such Settlements (and, as applicable, the agreements underlying such Settlements): (1) were negotiated and entered into in good faith and at arm's length; (2) comport with the policies and purposes of chapter 9 of the Bankruptcy Code; (3) reflect a reasonable balance between certainty and the risks and expenses of both future litigation and the continuation of the Chapter 9 Case; (4) fall well within the range of reasonableness for the resolution of complex litigation; (5) are fair, equitable and reasonable and in the best interests of the City, its creditors and other parties in interest; (6) represent appropriate exercises of the City's business judgment; (7) are essential to the successful implementation of the Plan; and (8) meet the standards for approval under sections 105(a) and 1123(b) of the Bankruptcy Code, Bankruptcy Rule 9019(a) and other applicable law.

R. The DIA Settlement. The DIA Settlement resolves a substantial dispute surrounding the extent of the City's property rights with respect to the DIA Assets. Under the DIA Settlement, as reflected in Section IV.E.2 of the Plan, the City will irrevocably transfer all of its right, title and interest in and to the DIA Assets to DIA Corp., as trustee, to hold in perpetual charitable trust, and within the City limits, for the primary benefit of the residents of the City and the Counties and the citizens of the State.⁵²

1. The City cannot be compelled to liquidate the DIA Collection.⁵³ Even if such a liquidation could be compelled, however, many works in the DIA Collection are subject to donor restrictions and, contrary to the City's position, the Michigan Attorney General and DIA Corp. assert that the entire DIA Collection is held in trust.⁵⁴ The City's likelihood of success in potential litigation over whether the City has sufficient interest in the DIA Assets (or in any of them) to permit it to sell any such assets and use the proceeds of sale for its own purposes, including payment of operating expenses or debt, is uncertain. Any such litigation would likely take substantial time and cause the City to incur substantial expense.

⁵² *See* Plan, at Exhibit I.A.127 (DIA Settlement Documents).

⁵³ *See supra*, ¶ N.2; 11 U.S.C. § 904.

⁵⁴ *See* Michigan Attorney General Opinion No. 7272 (June 13, 2013).

2. For the reasons set forth in the Confirmation Opinion, even if the City were to prevail in whole or in part in such litigation over the City's ability to sell the DIA Assets, it would not be in the City's best interests to liquidate the DIA Assets because (a) the City's ability to realize, on a timely basis, the full value of each of the DIA Assets it would be permitted to sell is uncertain and (b) a forced liquidation of the DIA Collection likely would yield only a fraction of the DIA Collection's true economic value. A proposed sale or other deaccession of the DIA Assets would have been resisted, and likely would have provoked adverse action, including litigation, by (a) DIA Corp. and donors to DIA Corp. and to the DIA and (b) the international art community. Preservation of the DIA Assets and the DIA is strongly in the interest of the City and its residents, is an important element in the revitalization of the City, critical to the feasibility of the Plan and to the City's future and therefore is in the interest of its creditors, who are receiving under the Plan payments over a period of time.

3. The compromises and settlements embodied in the DIA Settlement (a) accurately reflect and effectively resolve a substantial dispute surrounding the extent of the property rights the City possesses with respect to the DIA Assets, (b) avoid objections to confirmation of the Plan regarding the Plan's treatment of Pension Claims, (c) resolve pending appeals regarding the Court's ability to impair pensions under chapter 9 of the Bankruptcy Code, and (d) are,

collectively, a key compromise upon which several provisions of the Plan rest.

In the absence of the DIA Settlement, the City's emergence from chapter 9 would likely have been delayed by litigation and burdened with additional expenses.

4. The DIA Settlement has not been entered into fraudulently, nor with the intent to hinder, delay or defraud any entity to which the City is, or may become, indebted on or after the Effective Date. The DIA Settlement is not a fraudulent transfer under state or federal law.

5. The transfer of the DIA Assets to the DIA Corp. serves the public purpose of providing civic, artistic and cultural activities to the general public. Such transfer is authorized by law, including by Section 4k of the Michigan Home Rule City Act, M.C.L. § 117.4k, and Section 1-102 of the Detroit City Charter.

6. The DIA Settlement (a) eliminates the risk and expense of litigation regarding the DIA Assets and the Plan's treatment of Pension Claims and (b) leverages the DIA Assets for the benefit of the City's pensioners while also protecting the DIA Assets from the threat of liquidation and preserving the DIA Assets for the benefit of the City, its residents and surrounding communities. Based on the evidence of (a) the amount of the consideration to be provided under the DIA Settlement directly to the Retirement Systems, (b) DIA Corp.'s commitments to the City under the DIA Settlement, including the obligation to

maintain for the benefit of the public an encyclopedic art museum the permanent primary situs of which will be in the City, and (c) the settlement of litigation over the extent of the City's right, title or interest in the DIA Assets, the DIA Settlement and the transfer of the DIA Assets as provided in the DIA Settlement are for fair value and fair consideration and are fair, equitable, reasonable and in the best interests of the City and its creditors and residents.

S. The UTGO Settlement. After sufficient notice and opportunity for all parties to be heard, and after due deliberation, based on the Court's thorough review and full consideration of the UTGO Settlement Agreement and good and sufficient cause appearing therefor, the Court makes the following findings of fact and conclusions of law with respect to the UTGO Settlement:

1. The UTGO Settlement described in the Plan and the UTGO Settlement Agreement are fair, equitable, reasonable and in the best interests of the City and its creditors and residents. The UTGO Settlement Agreement is the result of extensive arm's length negotiations among the City and the Settling UTGO Bond Insurers – all of whom were represented by sophisticated counsel. The compromises and settlements embodied in the UTGO Settlement (a) resolve all disputes with respect to claims classified in Class 8 under the Plan and the issues raised by the Settling UTGO Bond Insurers in the UTGO Litigation and (b) are, collectively, a key compromise upon which several provisions of the

Plan rest. In the absence of such compromises and settlements, the City's emergence from chapter 9 would likely have been delayed by litigation and burdened with additional expenses.

2. The UTGO Settlement and the UTGO Settlement

Agreement: (a) were negotiated and entered into in good faith; (b) comport with the policies and purposes of chapter 9; (c) are fair, equitable and reasonable; (d) are in the best interests of the City and its creditors and residents as they not only fully resolve the UTGO Litigation but also permit the City's assignees to receive value from the Assigned UTGO Bond Tax Proceeds as set forth in the Plan, which receipt fulfills a requirement of the State Contribution Agreement; (e) are within the range of reasonable results if the disputes resolved by the UTGO Settlement, including the UTGO Litigation, were instead litigated to a conclusion; (f) fall above the lowest point in the range of reasonableness; and (g) meet the standards for approval under sections 105(a) and 1123(b) of the Bankruptcy Code, Bankruptcy Rule 9019(a) and other applicable law.

3. Without limiting any of the foregoing, the Court hereby finds that:

- The Plan incorporates the UTGO Settlement Agreement, and the effectiveness of the Plan is expressly conditioned upon: (a) the MFA board having approved the issuance of the Restructured UTGO Bonds and such bonds having been issued;

and (b) the City having obtained all governmental and Emergency Manager consents and approvals required to carry out the terms of the UTGO Settlement Agreement.⁵⁵

- As of the Effective Date, the Plan represents a full, final and complete compromise, settlement, release and resolution of, among other matters, all disputes and pending or potential litigation (including any appeals), including, without limitation, the UTGO Litigation, regarding the allowability, amount, priority and treatment of the Unlimited Tax General Obligation Bond Claims. The treatment of Class 8 Unlimited Tax General Obligation Bond Claims under the Plan is a component of a settlement and compromise of the UTGO Litigation.⁵⁶
- Good and valuable consideration has been provided for all releases and exculpations granted pursuant to the UTGO Settlement Agreement, including, without limitation, the releases and exculpations granted pursuant to Sections 6.1 and 6.2 of the UTGO Settlement Agreement. Such provisions are fair, equitable, reasonable and integral elements of the UTGO Settlement Agreement.⁵⁷
- The Court confirms that, as of the Effective Date and pursuant to Emergency Manager Bond Order No. 4, the Municipal Obligation shall be secured, to the extent permitted by law, including, without limitation, Section 12(1)(x) of PA 436, by a lien granted by the City on the UTGO Bond Tax Levy

⁵⁵ See Plan, at §§ III.A.9, III.A.10.

⁵⁶ See Plan, at § II.B.3.o.ii, Exhibit I.A.360.

⁵⁷ See Plan, at Exhibit I.A.360.

for so long as either the Municipal Obligation or the Stub UTGO Bonds are outstanding.⁵⁸

- As of the Effective Date, the UTGO Bond Tax Levy shall constitute "special revenues," as defined in section 902 of the Bankruptcy Code, and "pledged special revenues," as that term is used in section 922(d) of the Bankruptcy Code.⁵⁹
- As of the Effective Date, the MFA shall possess a valid and enforceable statutory fourth lien and trust on the shared revenue payments that the City is entitled to receive from the State under the Michigan Constitution and Michigan Public Act 140 of 1971, the Glenn Steil State Revenue Sharing Act, M.C.L. §§ 141.901, *et seq.*, as amended ("Distributable State Aid"), as provided in Section 15(2) of Michigan Public Act 227 of 1985, the Shared Credit Rating Act, M.C.L. §§ 141.1051, *et seq.*, or as otherwise provided under applicable law.⁶⁰
- As of the Effective Date, Holders of the Restructured UTGO Bonds shall possess all of the MFA's rights and interest in the Municipal Obligation including all the rights and interest provided herein and under the UTGO Settlement Agreement, subject to the reservation by the MFA of rights to indemnification and to make all determinations and approvals and receive all notices accorded to it under the Municipal Obligation and related documents. Accordingly, the Restructured UTGO Bonds will be payable from and secured by (a) payments made by the City on the Municipal Obligation and to the extent

⁵⁸ *See id.*

⁵⁹ *See id.*; 11 U.S.C. §§ 902, 922(d).

⁶⁰ *See Plan*, at Exhibit I.A.360.

permitted by law, including, without limitation, Section 12(1)(x) of PA 436, a lien on the portion of the UTGO Bond Tax Levy allocable to the Municipal Obligation, pledged by the City to secure the Municipal Obligation; and (b) a lien, made a statutory lien as provided by the Shared Credit Rating Act, on moneys in the funds and accounts established for the Restructured UTGO Bonds under the authorizing resolution for such bonds, including payments pledged by the City and received and held by the MFA or its trustee for the Restructured UTGO Bonds, which include, without limitation, all payments of (i) the proceeds of the UTGO Bond Tax Levy and (ii) Distributable State Aid.⁶¹

T. The LTGO Settlement. The LTGO Settlement Agreement and all Sections of the Plan pertaining to recoveries upon Limited Tax General Obligation Bond Claims, including Sections II.B.3.n and II.B.3.p.i.A of the Plan (such sections of the Plan, collectively with the LTGO Settlement Agreement, the "LTGO Settlement") are fair, equitable, reasonable and in the best interests of the City and its creditors and residents. The LTGO Settlement is the result of extensive arm's length negotiations among the City, the LTGO Insurer and BlackRock Financial Management (on behalf of certain managed funds and accounts) ("BlackRock"). The compromises and settlements embodied in the LTGO Settlement (1) resolve all disputes with respect to (a) the Plan and any objections filed by the LTGO Insurer or BlackRock related to the Plan, (b) the

⁶¹ *See id.*

Claims classified in Class 7 under the Plan and (c) all issues relating to Limited Tax General Obligation Bonds raised in the adversary proceeding brought before the Bankruptcy Court, captioned as *Ambac Assurance Corp. v. City of Detroit, Michigan*, No. 13-5310 (Bankr. E.D. Mich.) (the "Ambac Action"); and (2) are, collectively, a key compromise upon which several provisions of the Plan rest.⁶² In the absence of such compromises and settlements, the City's emergence from chapter 9 likely would have been delayed by litigation and burdened with additional expenses, with no assurance of a better result for the City. The treatment of Limited Tax General Obligation Bonds and related Limited Tax General Obligation Bond Claims under the Plan is part of the settlement of the Ambac Action, as such proceeding relates to such Bonds and Claims.

U. The OPEB Settlement. The OPEB Settlement is the result of extensive arm's length negotiations between the City and the Retiree Committee, which was represented by sophisticated counsel, and is an integral component of the City's global settlement of pension-related and other labor-related issues negotiated with, among others, the Retiree Committee. The compromises and settlements embodied in the OPEB Settlement (1) resolve all disputes with respect to the aggregate valuation of Claims classified in Class 12 under the Plan and the issues raised by the Retiree Committee in the Retiree Health Care Litigation; and

⁶² See Plan, at Exhibit I.A.237 (LTGO Settlement Agreement).

(2) are, collectively, a key compromise upon which several provisions of the Plan rest. In the absence of such compromises and settlements, the City's emergence from chapter 9 likely would have been delayed by litigation and burdened with additional expenses, with no assurance of a better result for the City.

1. The OPEB Settlement is in the best interests of the City and its creditors and residents as it fully resolves (a) the dispute between the City and the Retiree Committee regarding the aggregate valuation of OPEB Claims and the treatment of OPEB Claims under the Plan and (b) the Retiree Health Care Litigation. The OPEB Settlement is within the range of reasonable results if the disputes resolved by the OPEB Settlement, including the Retiree Health Care Litigation, were instead litigated to a conclusion.

V. The 36th District Court Settlement. The 36th District Court Settlement is the result of extensive arm's length negotiations among the City, the 36th District Court and the Settling 36th District Court Claimants. The compromises and settlements embodied in the 36th District Court Settlement resolve all disputes with respect to (1) the Plan and any objections filed by Settling 36th District Court Claimants related to the Plan and (2) the treatment of Indirect 36th District Court Claims under the Plan. In the absence of such compromises and settlements, the City's emergence from chapter 9 likely would have been

delayed by litigation and burdened with additional expenses, with no assurance of a better result for the City.

1. The 36th District Court Settlement is in the best interests of the City and its creditors and residents as it not only resolves the treatment of Indirect 36th District Court Claims under the Plan, but also provides for the payment of the Settling 36th District Court Claimants' Claims at a significant discount while enabling the City to avoid further litigation with the Settling 36th District Court Claimants regarding the City's power to impair Indirect 36th District Court Claims under the Plan. The 36th District Court Settlement is within the range of reasonable results if the disputes resolved by the 36th District Court Settlement were instead litigated to a conclusion.

W. The Syncora Settlement. The Syncora Settlement is the result of extensive arm's length negotiations among the City, Syncora and other interested parties impacted by the Syncora Settlement, including the Retiree Committee and the LTGO Insurer. The Syncora Settlement includes a long term commitment by Syncora to the revitalization of core areas of the City and a partnership between Syncora and the City focused on the City's growth. Without limiting the foregoing, the Court hereby finds as follows with respect to the Syncora Settlement:

1. The compromises and settlements embodied in the Syncora Settlement resolve all disputes between the City and Syncora with respect to (a) any Class 9 Claim or Class 14 Claim held by Syncora, (b) the Plan and all objections filed by Syncora related to the Plan (including any objection related to the UTGO Settlement) and (c) all issues arising in connection with the Dismissed Syncora Litigation, including, but not limited to, issues arising in connection with the COP Swap Settlement and the Tunnel Lease. In the absence of the Syncora Settlement, the City's emergence from chapter 9 likely would have been delayed by additional litigation and burdened with additional expenses, with no assurance of a better result for the City. The Syncora Settlement is (a) a reasonable exercise of the City's business judgment and (b) within the range of reasonable results if the disputes resolved by the Syncora Settlement were instead litigated to a conclusion.

2. As part of the Syncora Settlement and to resolve all pending litigation involving the City and Syncora, the parties have agreed to enter into certain transactions (collectively, the "Syncora Redevelopment Transactions"), which include: (a) the amendment, assumption and extension of the Tunnel Lease;⁶³ (b) the Syncora Development Agreement;⁶⁴ and (c) the agreement between the City and Pike Pointe Holdings, LLC (the "Developer"), a subsidiary of

⁶³ See Plan, at Exhibit I.A.344.

⁶⁴ See Plan, at Exhibit I.A.340.

Syncora, that provides the Developer, for a period of one year following the Effective Date, with the option to enter into a 30-year concession agreement to operate and maintain the Grand Circus Parking Garage. The Syncora Redevelopment Transactions will provide the City with benefits that the City otherwise would be unable to realize, including by laying the groundwork for a decades-long partnership between the City and Syncora that promises to provide substantial investment in, and rehabilitation of, City assets on a mutually beneficial basis. In addition, pursuant to the Syncora Settlement, the City will pay Syncora the sum of \$5 million (the "Swap-Related Consideration") in consideration for Syncora's (a) dismissal of Syncora's appeals of the COP Swap Settlement Approval Order (Docket No. 4094) and the Order Regarding Casino Revenues and Automatic Stay (Docket No. 670) and (b) withdrawal of Syncora's other litigation claims arising from the COP Swap Documents.⁶⁵ The Swap-Related Consideration, and any consideration provided by the City to Syncora in connection with the Syncora Redevelopment Transactions, is separate and distinct from, and constitutes no part of, the treatment under the Plan of Class 9 COP Claims. The Syncora Development Agreement is solely for the benefit of Syncora (subject to any provision set forth in the Plan for payment of COP Agent Fees). The Syncora

⁶⁵ See Plan, at § IV.I.

Settlement provides benefits to Classes 7, 12 and 14 under the Plan that would otherwise have been unavailable thereto.

X. The FGIC/COP Settlement. The FGIC/COP Settlement is the result of extensive good faith, arm's length negotiations among the City, FGIC, the FGIC COP Holders and the State. The FGIC/COP Settlement is founded on a long term commitment by FGIC to the revitalization of core areas of the City and a partnership among FGIC, the City and the State focused on the City's growth. Without limiting the foregoing, the Court hereby finds as follows with respect to the FGIC/COP Settlement:

1. The compromises and settlements embodied in the FGIC/COP Settlement resolve all disputes between the City, FGIC and the FGIC COP Holders with respect to (a) all Class 9 or Class 14 Claims held by FGIC and all Class 9 Claims held by the FGIC COP Holders, (b) the Plan and any objection filed by FGIC or the FGIC COP Holders related to the Plan and (c) all issues arising in connection with the Dismissed FGIC/COP Litigation. In the absence of the FGIC/COP Settlement, the City's emergence from chapter 9 likely would have been delayed by litigation and burdened with additional expenses, with no assurance of a better result for the City. The FGIC/COP Settlement is (a) a reasonable exercise of the City's business judgment and (b) within the range of

reasonable results if the disputes resolved by the FGIC/COP Settlement were instead litigated to a conclusion.

2. As part of the FGIC/COP Settlement and to resolve all pending litigation involving the City and FGIC, the City and FGIC have agreed to enter into the FGIC Development Agreement. The FGIC Development Agreement will provide the City with various benefits that the City otherwise would be unable to realize, including by laying the groundwork for a decades-long partnership among the City, FGIC and the State that promises to provide substantial investment in, and rehabilitation of, City assets. Any consideration provided by the City to FGIC in connection with the FGIC Development Agreement is separate and distinct from, and constitutes no part of, the treatment under the Plan of Class 9 COP Claims. The FGIC Settlement Consideration and the FGIC Development Agreement are solely for the benefit of FGIC and the FGIC COP Holders (subject to any provision set forth in the Plan for payment of COP Agent Fees).⁶⁶

⁶⁶ In addition, pursuant to the FGIC/COP Settlement, in full satisfaction and discharge of FGIC's Claims against the City related to the COP Swap Documents, FGIC will receive an Allowed Class 14 Claim in the amount of \$6.13 million and the Downtown Development Authority shall assign to FGIC all of the Downtown Development Authority's right, title and interest to its distribution of New B Notes under the Plan on account of its \$33.6 million Class 13 Claim. This consideration is solely for FGIC's benefit.

The FGIC/COP Settlement provides benefits to Classes 7, 12 and 14 under the Plan that would otherwise have been unavailable thereto.

3. The consideration to be paid by the City pursuant to the Syncora Settlement and the FGIC/COP Settlement is expected to be offset by certain newly-identified sources of revenue not incorporated into the City's July and September 2014 Projections (the "Prior Projections"), meaning that (a) the City's overall cash position set forth in the Prior Projections remains materially unchanged in the City's October 2014 Projections (incorporating the costs of the Syncora Settlement and the FGIC/COP Settlement) and (b) the City will have sufficient cash and revenues to satisfy its obligations under the Settlements and meet its operating expenses going forward.

Y. ASF Recoupment. ASF Recoupment, as set forth at Section II.B.3.r.ii.D of the Plan, is: (1) an integral component of the City's global settlement of pension-related and other labor-related issues negotiated with, among others, the Retirement Systems and the Retiree Committee; and (2) is well within the range of possible reasonable settlements.

1. During the period beginning in the mid-1980s until fiscal year 2012, Annuity Savings Fund accounts maintained on behalf of certain participants (who voluntarily contributed after tax dollars into the Annuity Savings Fund maintained by the GRS) often were credited with interest in excess of the

actual or market rate of return for assets in the GRS Traditional Pension Plan (such interest, the "ASF Excess Interest"). Because the assets credited to such Annuity Savings Fund accounts were coinvested with the assets of the GRS Traditional Pension Plan, assets of the GRS Traditional Pension Plan were allocated to the applicable Annuity Savings Fund accounts to fund such ASF Excess Interest. The City asserts that the aggregate total of such ASF Excess Interest credited during the period from 2003 through 2013 was approximately \$387 million. The ASF Recoupment contemplated by the Plan would recover approximately \$190 million in total ASF Excess Interest credited to Annuity Savings Fund accounts through reductions to retiree pension benefits and asset transfers from active GRS participants.

2. The City has argued that the crediting of ASF Excess Interest to Annuity Savings Fund accounts constitutes a violation under Michigan Public Act 314 of 1965, the Public Employee Retirement System Investment Act, as well as the common law of trusts of the fiduciary duties owed to the GRS Traditional Pension Plan by the GRS Trustees and was an *ultra vires* act under the Detroit City Charter. Several GRS participants object, and assert a number of defenses to, the ASF Recoupment proposed by the City.

3. The Court does not rule on the merits of the City's claim to recover ASF Recoupment or the merits of the GRS participants' defenses.

The Court reviews the parties' respective positions solely to determine whether the ASF Recoupment component of the City's broader pension-related settlement is reasonable. The Court finds substantial merit in the City's claim to recover ASF Excess Interest. The legal authority of the GRS Trustees to credit ASF Savings Fund Accounts with ASF Excess Interest was doubtful, and the prudence of the practice even more so. The Court further finds that the defenses to ASF Recoupment asserted by the objecting GRS participants likely have little merit. Accordingly, the Court finds that the City would have a reasonable likelihood of success (between 60% and 70%) on any claim to recover ASF Excess Interest. Nevertheless, the length, complexity and expense of any such litigation, and related issues of collectability, would be substantial.

4. ASF participants received due process of law with respect to ASF Recoupment. In particular, ASF participants received (a) the Plain Language Supplement as part of their Solicitation Packages describing in detail the effect of ASF Recoupment (as well as subsequent communications from the City, the Retiree Committee, the Retirement Systems and certain retiree associations) and (b) sufficient opportunity to object to the Plan and ASF Recoupment, an opportunity exercised by many ASF participants.⁶⁷

⁶⁷ See Certificate of Service (Docket No. 6177), at ¶¶ 10, 14.

5. ASF Recoupment will not cause the amounts recovered from ASF Distribution Recipients to exceed the ASF Recoupment Cap or the Current GRS Retiree Adjustment Cap as such amounts are amortized over time using a 6.75% interest rate. Subject to Section II.B.3.r of the Plan, GRS participants subject to ASF Recoupment have the option to pay the ASF Recoupment Amount in a lump sum. The caps and other limitations on ASF Recoupment limit the hardship resulting to GRS participants therefrom.

Z. Plan Releases. Each non-Debtor party that will benefit from the releases, exculpations and related injunctions set forth in, among others, Sections III.D.5, III.D.6 and III.D.7 of the Plan (collectively, the "Plan Releases") either shares an identity of interest with the City, was instrumental to the successful prosecution of the Chapter 9 Case or provided substantial consideration, which value will allow for distributions that would not otherwise be available but for the contributions made by such non-Debtor parties. The Plan Releases are, individually and collectively, integral to, and necessary for the successful implementation of, the Plan, essential to the City's restructuring and supported by reasonable consideration. The City and all creditors that voted to accept the Plan have expressly consented to the Plan Releases. Releases of non-Debtor parties pursuant to Section III.D.7 of the Plan were appropriately disclosed by the City in the Disclosure Statement, on each Ballot mailed to creditors and in the Plain

Language Supplement.⁶⁸ Accordingly, in light of all of the circumstances, the Plan Releases are consonant with the prevailing law in this District and are fair to the releasing parties. Without limiting the foregoing, the Court hereby finds as follows with respect to the Plan Releases:

1. The releases set forth in Section III.D.7.a of the Plan are consensual releases that apply only to holders of Claims that voted to accept the Plan. The Plan's consensual release provisions are lawful and appropriate.

2. The exculpation provision contained in Section III.D.6 of the Plan complies with applicable law and is appropriate. Such provision contains a carve-out for gross negligence and willful misconduct and is limited to claims arising out of the City's restructuring efforts and the Chapter 9 Case. In addition, the Plan's exculpation provision extends only to certain parties who either have settled with the City or have actively participated in the City's restructuring activities.

3. The non-consensual third party releases and related injunctions contained in the Plan (as such releases and injunctions may have been modified herein with respect to claims asserted against officers and employees of the City in their individual capacity pursuant to 42 U.S.C. § 1983 (*see* ¶¶ 22, 32 below)) are lawful and appropriate because unusual circumstances exist in the

⁶⁸ *See, e.g.*, Disclosure Statement, at 16, 28-29, 37, 39, 50, 52, 60.

City's Chapter 9 Case that justify their application. As far as this Court is aware, this is the first chapter 9 case wherein (a) the debtor has sought to compromise pension benefits for a municipality's active and retired workforce *and* (b) third parties under no obligation to contribute funds to creditors of a municipal debtor have volunteered to provide funding in addition to proposed recoveries under the debtor's plan of adjustment.

4. As part of the Grand Bargain, the State has agreed to contribute \$194.8 million to reduce the Retirement Systems' underfunding.⁶⁹ The settlements the City reached with representatives of its retirees and employees are conditioned upon the receipt of the State funding.⁷⁰ The contributions to be made by the State pursuant to the State Contribution Agreement are made in exchange for the release of, among other things, (a) the constitutionally-based claims asserted by the Retirement Systems and holders of Pension Claims that such Claims may not be impaired and (b) certain litigation identified in the State Contribution Agreement. The funding obligation of the State under the State Contribution Agreement is expressly conditioned upon the State and the State Related Entities obtaining the release set forth in Section III.D.7.b of the Plan.⁷¹

⁶⁹ See Plan, at Exhibit I.A.332 (State Contribution Agreement).

⁷⁰ See Plan, at Exhibits I.A.127, I.A.332.

⁷¹ See Plan, Exhibit I.A.332, at 5.

The funding obligation of the DIA Funders under the DIA Settlement Documents is expressly conditioned upon the State's provision of funding pursuant to the State Contribution Agreement.⁷² Because (a) the consummation of both the State Contribution Agreement and the DIA Settlement – and, thus, the State's and DIA Funders' respective contributions pursuant thereto – depends upon the approval of the releases set forth at Section III.D.7.b of the Plan; (b) the releases set forth at Section III.D.7.b of the Plan apply only with respect to holders of Class 10 and Class 11 Claims, *i.e.*, direct beneficiaries of both the State Contribution Agreement and the DIA Settlement; and (c) such provisions otherwise comply with applicable law, the Court hereby finds that the releases set forth at Section III.D.7.b of the Plan and any related injunctions are lawful and appropriate under the unusual circumstances of the City's Chapter 9 Case.

MISCELLANEOUS

AA. Exit Facility. The terms and conditions of the Exit Facility and all of the transaction documents governing the Exit Facility, including, but not limited to, bond purchase agreements, indentures, bond forms, account control agreements and all other related documents and agreements (collectively, the "Exit Facility Documents") and the fees to be paid thereunder (1) are fair and reasonable, (2) reflect the City's exercise of prudent judgment, (3) are supported by reasonably

⁷² See Plan, Exhibit I.A.127, at 3.

equivalent value and fair consideration, (4) are proposed in good faith, (5) are critical to the success and feasibility of the Plan and (6) are in the best interests of the City. The Exit Facility and the fees to be paid thereunder are the result of a full and fair marketing process conducted by the City and its agents and advisors.

The Exit Facility and the Exit Facility Documents and the fees to be paid thereunder were negotiated in good faith, without fraud or collusion and at arm's length among the parties, without the intent to hinder, delay or defraud any creditor of the City, and are supported by reasonably equivalent value and fair consideration. Credit extended under the Exit Facility and the Exit Facility Documents is extended in good faith for purposes and uses that are permitted by law, and not in violation of the Bankruptcy Code or of applicable nonbankruptcy law, and the Exit Facility (including the transactions contemplated by the Exit Facility Documents) is not prohibited by applicable bankruptcy or nonbankruptcy law. Each of (1) the MFA, (2) Barclays Capital Inc. (or such other qualifying affiliate as transferee), (3) the indenture trustee to be named under the Exit Facility Documents and (4) the holders of the bonds to be issued in connection with the Exit Facility (collectively, the "Exit Bonds"), therefore, shall not be affected by any reversal, modification, vacatur, amendment, reargument or reconsideration of this Order, any order finding jurisdiction, the Order for Relief or any other order.

BB. Waiver of Stay of Confirmation Order. To enable the City to (1) consummate the DIA Settlement and the State Contribution Agreement expeditiously, both of which settlements are conditioned upon the occurrence of the Effective Date; (2) begin implementing, and making distributions to the City's creditors pursuant to, the Plan; and (3) emerge from bankruptcy as expeditiously as possible to minimize costs to all parties and remedy its service delivery insolvency, good cause exists to support a waiver of the stay imposed by Bankruptcy Rule 3020(e).

ACCORDINGLY, IT IS HEREBY ORDERED, ADJUDGED AND DECREED, AS FOLLOWS:

A. Confirmation of Plan

1. The Plan and each of its provisions (whether or not specifically approved herein) are CONFIRMED in each and every respect, pursuant to section 943 of the Bankruptcy Code. Failure specifically to include or reference particular sections or provisions of the Plan or any related agreement in this Order shall not diminish or impair the effectiveness of such sections or provisions, it being the intent of the Court that the Plan be confirmed and such related agreements be approved in their entirety.

2. The Effective Date of the Plan shall occur on the date determined by the City when the conditions set forth in Section III.A of the Plan

have been satisfied or, if applicable, have been waived in accordance with Section III.B of the Plan.

3. Any objections or responses to Confirmation of the Plan and the reservation of rights contained therein that (a) have not been withdrawn, waived or settled prior to the entry of this Order or (b) are not cured by the relief granted herein are hereby OVERRULED in their entirety and on their merits, and all withdrawn objections or responses are hereby deemed withdrawn with prejudice.

B. Findings of Fact and Conclusions of Law

4. Any finding of fact set forth in this Order constitutes a finding of fact even if it is stated as a conclusion of law, and any conclusion of law set forth in this Order constitutes a conclusion of law even if it is stated as a finding of fact. All findings of fact and conclusions of law announced by the Court on the record in connection with confirmation of the Plan or otherwise at the Confirmation Hearing or in the Confirmation Opinion are incorporated herein by reference.⁷³ The findings of fact and conclusions of law set forth herein, in the

⁷³ The findings of fact and conclusions of law that are (a) set forth herein, (b) announced on the record during the Confirmation Hearing and (c) in the Confirmation Opinion shall be construed in a manner consistent with each other so as to effect the purpose of each; *provided, however*, that if there is any direct conflict that cannot be reconciled, then, solely to the extent of such conflict, the provisions of the Confirmation Opinion shall govern and

Confirmation Opinion and in the record of the Confirmation Hearing constitute the Court's findings of fact and conclusions of law pursuant to Rule 52 of the Federal Rules of Civil Procedure, as made applicable herein by Bankruptcy Rules 7052 and 9014.

C. Approval of Settlements

5. Consistent with the findings herein, the DIA Settlement, the State Contribution Agreement, the UTGO Settlement, the LTGO Settlement, the 36th District Court Settlement, the OPEB Settlement, the Syncora Settlement and the FGIC/COP Settlement (collectively, the "Settlements"), including, without limitation, any and all of the transactions contemplated, liens granted and protections created therein, are approved in all respects as good faith, fair, reasonable and equitable compromises and settlements of all disputes with respect to the subject matter thereof that are in the best interests of the City and its creditors and residents.

6. The entry of this Order constitutes: (a) approval of the each of the Settlements pursuant to, as applicable, (i) the Bankruptcy Rules, including Bankruptcy Rule 9019, (ii) the Bankruptcy Code, including section 1123 thereof

(continued...)

shall control and take precedence over any findings of fact or conclusions of law announced on the record at the Confirmation Hearing or in the Confirmation Opinion.

and (iii) any and all applicable State law, including, but not limited to, (A) Act 279, Public Acts of Michigan, 1909, as amended, (B) PA 436, (C) Act 34, Public Acts of Michigan, 2001, as amended, and (D) Act 80, Public Acts of Michigan, 1981, as amended; and (b) authorization for the City to enter into each Settlement and take any and all actions necessary or appropriate to perform under or implement the terms of the applicable agreements.

7. The transfer under the Plan and the DIA Settlement of the DIA Assets, including without limitation (a) the real property located at 5200 Woodward Avenue, Detroit, Michigan, (b) the underground parking garage commonly known as the "Cultural Center Garage," located at 41 Farnsworth Street, Detroit, Michigan, (c) the parking lot located at 5200 Woodward Avenue, Detroit, Michigan, (d) the parking lot, commonly known as the "Frederick Lot," located at 318 Frederick Street, Detroit, Michigan and (e) the art collection located in the DIA, shall be free and clear of all liens, claims and interests (as such terms are defined in the Bankruptcy Code) of the City and its creditors.

8. As provided in the Plan, on the Effective Date, the UTGO Settlement Agreement shall be binding on the City, Ambac, Assured and NPFG. All exculpations and releases granted pursuant to the UTGO Settlement, including, without limitation, the releases and exculpations granted pursuant to Sections 6.1 and 6.2 of the UTGO Settlement Agreement, are hereby approved in their entirety.

The Court approves such settlements and releases on the grounds that good and valuable consideration has been provided therefor, and that such provisions are fair, equitable, reasonable and integral elements of the UTGO Settlement Agreement.

9. The proceeds of the UTGO Bond Tax Levy collected by the City shall be segregated and transmitted to the Debt Millage Escrow Trustee (as such term is defined at Section 2.4(a) of the UTGO Settlement Agreement) under the Debt Millage Escrow Agreement (as such term is defined at Section 1.2 of the UTGO Settlement Agreement), and the Debt Millage Escrow Trustee shall segregate and transmit the proceeds allocable to the Municipal Obligation to the Master Trustee (as such term is defined at Section 1.2 of the UTGO Settlement Agreement) in accordance with Section 2.4(a) of the UTGO Settlement Agreement.

10. Pursuant to the Section 2.7(b) of the UTGO Settlement Agreement, the City shall certify annually, not later than June 30 of each year, that it has imposed the debt millage levy as required by and in accordance with the terms of the UTGO Settlement Agreement.

11. All exculpations and releases granted pursuant to the LTGO Settlement, including, without limitation, the releases and exculpations granted pursuant to Sections 6.1 and 6.2 of the LTGO Settlement Agreement, are hereby approved in their entirety. The Court hereby approves such settlements and releases on the grounds that good and valuable consideration has been provided

therefor, and that such provisions are fair, equitable, reasonable and integral elements of the LTGO Settlement.

12. All consent rights granted by the City to the LTGO Settlement Parties, on behalf of the holders of Allowed Limited Tax General Obligation Bond Claims, as reflected in the LTGO Settlement and specifically in Section II.B.3.p.i.A of the Plan, with respect to pre-Effective Date and post-Effective Date settlements of the COP Litigation are integral elements of the LTGO Settlement and supported by good and valuable consideration.

13. In accordance with the LTGO Settlement, each month, the City shall segregate and deposit into a debt service fund monies for the payment of one-sixth of the next semi-annual debt service payable on the New LTGO Bonds, which monies shall not be used for any purpose other than paying debt service on the New LTGO Bonds so long as any New LTGO Bonds remain outstanding.

14. The Syncora Settlement Documents, including, but not limited to, (a) the Settlement Agreement between the City and Syncora, (b) the Syncora Development Agreement (including the garage option) and (c) the Tunnel Lease, and all transactions contemplated thereby, are hereby approved in all respects. The Syncora Development Agreement shall be administered by, and consideration related thereto shall be distributed to, Syncora in a manner consistent with this Order and the Plan.

15. Notwithstanding anything to the contrary in this Order or the Plan (including, without limitation, Sections II.B.3.p.i.A, III.D.6 or IV.L of the Plan, the FGIC/COP Settlement or the Syncora Settlement): (a) none of the form, method, mechanics or allocation of distributions in Section II.B.3.p.i.A of the Plan, nor any findings or orders of the Bankruptcy Court related thereto, shall, or shall be asserted or construed to, affect or prejudice any rights, claims or defenses between the COP Swap Counterparties, on the one hand, and any Settling COP Claimant (including Syncora, FGIC and the FGIC COP Holders) or COP Insurer, on the other hand. Subject to the proviso at the end of this paragraph, the preceding sentence hereby amends and replaces in its entirety the fourth paragraph of Section II.B.3.p.i.A of the Plan; (b) neither (i) any determinations, adjudications, findings or rulings in the Plan or by the Bankruptcy Court regarding the distributions or consideration provided to the COP Insurers or the Settling COP Claimants under the Plan, including whether such distributions or consideration are solely for the benefit of any particular parties nor (ii) any acceleration or deemed acceleration of any COPs provided for in the Plan or by the Bankruptcy Court shall in any way affect or prejudice any rights, claims or defenses of the COP Swap Counterparties, including with respect to such distributions or consideration; and (c) no release or agreement by any COP Agent provided for in the Plan (including, without limitation any agreement not to sue any COP Holder or any COP Insurer

in Section II.B.3.p.i.A of the Plan) or by the Bankruptcy Court, shall in any way affect any liability of such COP Holder, COP Insurer or COP Agent to any COP Swap Counterparty (or to any COP Agent on behalf of such COP Swap Counterparty) or impair in any way the rights or obligations of any COP Swap Counterparty or COP Agent (on behalf of any COP Swap Counterparty) to sue any COP Holder, COP Insurer or COP Agent; *provided, however* that, notwithstanding anything in this paragraph to the contrary, the COP Swap Counterparties have agreed not to, and shall not, seek to enjoin, block, prevent, subject to any lien (other than a judgment lien) or otherwise interfere with (a) the distribution by the Debtor of the Class 9 Settlement Asset Pool and New B Notes to, as applicable, FGIC, the FGIC COP Holders, Syncora and the Settling COP Claimants under and as provided for in Section II.B.3.p.i.A of the Plan, (b) any performance, operation, administration of, sale of, transfer of, assignment of or other action with respect to the FGIC Development Agreement, the Syncora Development Agreement or the Tunnel Lease (it being understood that this clause (b) shall not impair any rights or claims of the COP Swap Counterparties to monetary damages related to such agreements or the value thereof), or (c) except as a defense, counterclaim or claim against and in response to a party asserting a counterclaim, in each case asserted by either of the COP Swap Counterparties, distributions to FGIC, the FGIC COP

Holders, Syncora and the Settling COP Claimants (as applicable) of the proceeds of any of the foregoing.

16. The FGIC/COP Settlement Documents, including, but not limited to, (a) the Settlement Agreement between the City and FGIC, (b) the Stipulation Regarding FGIC Plan COP Settlement and FGIC COP Swap Settlement and (c) the FGIC Development Agreement, and all transactions contemplated thereby are hereby approved in all respects. The FGIC Settlement Consideration and the FGIC Development Agreement shall be administered and distributed to FGIC and the FGIC COP Holders in a manner consistent with this Order and the Plan. The allocation of Plan distributions among FGIC and the FGIC COP Holders shall be determined in accordance with agreements among FGIC and the FGIC COP Holders disclosed in a term sheet filed with the Court on October 22, 2014, as the same was amended on October 27, 2014 and may be subsequently amended (with the written consent of the parties thereto) and more fully documented (the "FGIC/FGIC COP Holders Term Sheet"). Pursuant to the FGIC/COP Settlement, the Downtown Development Authority shall, as of the Effective Date, irrevocably assign to FGIC all of the New B Notes that the Downtown Development Authority is entitled to receive pursuant to its Class 13 Allowed Claim.

17. The COP Service Corporations shall enter into such Supplemental Trust Agreements as FGIC and Syncora may reasonably request with respect to their respective insured COPs as long as such Supplemental Trust Agreements (a) do not impose any additional obligations or liability on the COP Service Corporations and (b) are consistent with the allocation of Plan distributions among FGIC and the FGIC COP Holders agreed to by and among FGIC and the FGIC COP Holders pursuant to the FGIC/FGIC COP Holders Term Sheet.

18. Pursuant to and in accordance with the New C Notes Documents, revenues collected by the City related to (a) tickets issued for parking violations (including, but not limited to, meter collections, towing, storage fees and booting fees), other than revenues that would otherwise be paid to the 36th District Court, and (b) if the New C Notes are issued in a principal amount greater than \$21,271,804, garage operations at the Parking Garages (collectively, the "City Parking Revenues") shall be directly remitted to a bank or banks or other financial institution which the Emergency Manager designates as a depository of the City (such institution, the "Depository Bank"). The Depository Bank shall deposit City Parking Revenues received by it into a special, separate and segregated fund (the "City Parking Revenue Fund") established at the Depository Bank. Beginning on the date of delivery of the New C Notes and commencing on the first day of each fiscal year thereafter, each day, City Parking Revenues deposited into the City

Parking Revenue Fund shall be remitted by the Depository Bank to a special, separate and segregated account held for and on behalf of the City (the "Debt Retirement Fund") by the bond registrar, transfer agent and paying agent for the New C Notes until sufficient funds are on deposit in the Debt Retirement Fund to pay the principal and interest payable on the New C Notes on the last day of that Fiscal Year (such amount, the "Annual Deposit Requirement"). Once the Annual Deposit Requirement is satisfied for that fiscal year, any additional City Parking Revenues deposited in the City Parking Revenue Fund during that fiscal year may be remitted to the City for deposit into the General Fund and may be used by the City for any other purposes permitted by law.

D. Approval of Releases and Exculpation

19. The Plan Releases set forth in Section III.D.7 of the Plan are approved in all respects, are incorporated herein in their entirety, are so ordered and shall be immediately effective on the Effective Date of the Plan without further order or action on the part of the Court, any of the parties to such releases or any other party.

20. Without limiting any other applicable provisions of, or releases contained in, the Plan, this Order or any contracts, instruments, releases, agreements or documents to be entered into or delivered in connection with the Plan, as of the Effective Date, in consideration for the obligations of the City under

the Plan and the consideration and other contracts, instruments, releases, agreements or documents to be entered into or delivered in connection with the Plan (including the State Contribution Agreement), each holder of a Claim that voted in favor of the Plan, to the fullest extent permissible under law, is hereby deemed to forever release, waive and discharge all Liabilities in any way relating to: (a) the City, the Chapter 9 Case (including the authorization given to file the Chapter 9 Case), the Plan, the Exhibits or the Disclosure Statement, in each case that such holder has, had or may have against the City or its current and former officials, officers, directors, employees, managers, attorneys, advisors and professionals, each acting in such capacity (and, in addition to and without limiting the foregoing, in the case of any Emergency Manager, in such Emergency Manager's capacity as an appointee under PA 436), *provided that*, for the avoidance of doubt, any person or entity designated to manage the Chapter 9 Case for the City after the Emergency Manager's term is terminated, whether such person or entity acts as an employee, advisor or contractor to the City or acts as an employee, agent, contractor or appointee of the State under any applicable state law, shall be treated the same as an employee of the City hereunder; and (b) (i) Claims that are compromised, settled or discharged under or in connection with the Plan, (ii) the Chapter 9 Case (including the authorization given to file the Chapter 9 Case), (iii) the Plan, (iv) the Exhibits, (v) the Disclosure Statement or

(vi) the DIA Settlement, in each case that such holder has, had or may have against the City's Related Entities, the State, the State Related Entities and the Released Parties; *provided, however*, that any such Liability of the Foundations, the DIA Funders and the CFSEM Supporting Organization and their Related Entities shall be released only to the extent that such Liability, if any, arises from any such entity's participation in the DIA Settlement.

21. Nothing in paragraph 20 hereof shall (a) affect the liability of the City, its Related Entities and the Released Parties that otherwise would result from any act or omission to the extent that act or omission subsequently is determined in a Final Order to have constituted gross negligence or willful misconduct; or (b) release (i) the City's obligations under the Plan or (ii) any defenses that any party may have against the City, its Related Entities, the State, the State Related Entities or the Released Parties.

22. For the avoidance of doubt, notwithstanding anything in the Plan or this Order (including paragraph 20) to the contrary, claims against officers or employees of the City in their individual capacity under 42 U.S.C. § 1983 shall not be released.

23. If the State Contribution Agreement is consummated, each holder of a Pension Claim will be deemed forever to release, waive and discharge all Liabilities arising from or related to the City, the Chapter 9 Case, including the

authorization given to file the Chapter 9 Case, the Plan, all Exhibits, the Disclosure Statement, PA 436 and its predecessor or replacement statutes, and Article IX, Section 24 of the Michigan Constitution that such party has, had or may have against the State and any State Related Entities. For the avoidance of doubt, the foregoing sentence does not provide for a release, waiver or discharge of obligations of the City that are established in the Plan or that arise from and after the Effective Date with respect to (a) pensions as modified by the Plan or (b) labor-related obligations, which post-Effective Date obligations shall be enforceable against the City or its representatives by active or retired employees or their collective bargaining representatives to the extent permitted by applicable non-bankruptcy law or the Plan, or, with respect to pensions only, the GRS or the PFRS.

24. As a condition to the State funding, the State and certain parties, including Michigan Council 25, Sub-Chapter 98, Local 3308 and Local 917 of AFSCME, entered into certain Support and Release Agreements and, for the avoidance of doubt, in the event of an express conflict between any such Support and Release Agreement, on the one hand, and the Plan, Plan Supplements or this Order, on the other hand, as to the parties to these Support and Release Agreements, their respective Support and Release Agreement shall govern.

25. Notwithstanding Sections III.D.5 through III.D.7 and IV.L of the Plan, paragraph Z of the above findings (titled "Plan Releases") and paragraphs 19 through 21 and 29 through 33 hereof, except as set forth in the COP Swap Settlement, nothing in the Plan or this Order shall or shall be deemed to provide a release by the COP Swap Counterparties of any Liabilities related to the COPs, the COP Service Corporations, the Transaction Documents (as defined in the COP Swap Settlement), the COP Swap Settlement or the COP Swap Settlement Approval Order.

26. Without limiting any other applicable provisions of, or releases contained in, the Plan or any contracts, instruments, releases, agreements or documents to be entered into or delivered in connection with the Plan, as of the Effective Date, in consideration for the obligations under the Plan and the consideration and other contracts, instruments, releases, agreements or documents to be entered into or delivered in connection with the Plan, each Settling COP Claimant shall be, and hereby is, to the fullest extent permitted under law, deemed to forever release, waive and discharge all Liabilities relating to COP Documents such Settling COP Claimant has, had or may have against the (a) the GRS, (b) the PFRS or (c) Related Entities of either the GRS or the PFRS. At the direction of FGIC, which shall be, and hereby is, deemed given on the Effective Date, the COP Contract Administrator shall have irrevocably agreed (on behalf of

itself, any successors and each FGIC COP Holder) to release and not to sue any COP Holder or any COP Insurer on behalf of any FGIC COP Holder, COP Insurer, the Detroit Retirement Systems Funding Trust 2005 or the Detroit Retirement Systems Funding Trust 2006 in connection with any liability arising in connection with or related to (a) Sections 6.5 and 9.1 of the Contract Administration Agreements, (b) Section 8.03 of the COP Service Contracts, (c) distributions made pursuant to or in connection with Section II.B.3.p.i.A of the Plan, (d) the FGIC/COP Settlement or (e) the Syncora Settlement. On the Effective Date, Syncora and FGIC shall be, and hereby are, to the fullest extent permitted under law, deemed to forever mutually release, waive and discharge all liabilities against each other relating to distributions made pursuant to or in connection with Section II.B.3.p.i.A of the Plan, Sections 6.5 and 9.1 of the Contract Administration Agreements or Section 8.03 of the COP Service Contracts.

27. The exculpation provision set forth in Section III.D.6 of the Plan is approved in all respects, is incorporated herein in its entirety, is so ordered and shall be immediately effective on the Effective Date of the Plan without further order or action on the part of the Court, any of the parties to such exculpation or any other party. From and after the Effective Date, to the fullest extent permitted under applicable law and except as expressly set forth in this paragraph, neither the City; its Related Entities (including the members of the City Council, the Mayor

and the Emergency Manager), to the extent a claim arises from actions taken by such Related Entity in its capacity as a Related Entity of the City; the State; the State Related Entities; the Exculpated Parties; nor the Released Parties shall have or incur any liability to any person or Entity for any act or omission in connection with, relating to or arising out of the City's restructuring efforts and the Chapter 9 Case, including the authorization given to file the Chapter 9 Case, the formulation, preparation, negotiation, dissemination, consummation, implementation, confirmation or approval (as applicable) of the Plan, the property to be distributed under the Plan, the settlements implemented under the Plan, the Exhibits, the Disclosure Statement, any contract, instrument, release or other agreement or document provided for or contemplated in connection with the consummation of the transactions set forth in the Plan or the management or operation of the City; *provided that* the foregoing provisions shall, and hereby do, apply to (a) the LTGO Exculpated Parties solely in connection with acts or omissions taken in connection with the LTGO Settlement Agreement or the Plan (as it relates to the LTGO Settlement Agreement), (b) the UTGO Exculpated Parties solely in connection with acts or omissions taken in connection with the UTGO Settlement Agreement or the Plan (as it relates to the UTGO Settlement Agreement), (c) the DWSD Exculpated Parties solely in connection with acts or omissions taken in connection with the DWSD Tender, DWSD Tender Motion or DWSD Tender Order, (d) the

Syncora Exculpated Parties solely in connection with acts or omissions taken in connection with the Syncora Settlement Documents and any actions or litigation positions taken by the Syncora Exculpated Parties in the Chapter 9 Case, (e) the FGIC/COP Exculpated Parties solely in connection with acts or omissions taken in connection with the FGIC/COP Settlement Documents and any actions or litigation positions taken by the FGIC/COP Exculpated Parties in the Chapter 9 Case, (f) the RDPMA Exculpated Parties and (g) the COP Agent, solely in its capacity as such and solely in connection with any Distributions made pursuant to the terms of the Plan; *provided, further*, that the foregoing provisions of this paragraph shall not affect the liability of the City, its Related Entities, the State, the State Related Entities, the Released Parties and the Exculpated Parties that otherwise would result from any such act or omission to the extent that such act or omission is determined in a Final Order to have constituted gross negligence or willful misconduct or any act or omission occurring before the Petition Date. The City, its Related Entities (with respect to actions taken by such Related Entities in their capacities as Related Entities of the City), the State, the State Related Entities, the Released Parties and the Exculpated Parties shall be entitled to rely upon the advice of counsel and financial advisors with respect to their duties and responsibilities under, or in connection with, the Chapter 9 Case, the administration thereof and the Plan. This paragraph shall not affect any liability of

(a) any of the COP Swap Exculpated Parties to the Syncora Exculpated Parties or FGIC or (b) the Syncora Exculpated Parties or the FGIC/COP Exculpated Parties to any of the COP Swap Exculpated Parties. For the avoidance of doubt, notwithstanding anything in the Plan or this paragraph to the contrary, officers or employees of the City acting in their individual capacity shall not be exculpated from liability for claims asserted pursuant to 42 U.S.C. § 1983.

E. Order Binding on All Parties

28. Subject to the provisions of Section III.A of the Plan, in accordance with section 944(a) of the Bankruptcy Code and notwithstanding any otherwise applicable law, upon the occurrence of the Effective Date, the terms of the Plan and this Order shall be binding upon, and inure to the benefit of: (a) the City; (b) any and all holders of Claims (irrespective of whether (i) any such Claim is impaired under the Plan, (ii) proof of any such Claim has been filed or deemed filed under section 501 of the Bankruptcy Code, (iii) any such Claim is allowed under section 502 of the Bankruptcy Code or (iv) whether the holders of such Claims accepted, rejected or are deemed to have accepted or rejected the Plan); (c) the registered and beneficial holders of COPs; (d) any other person giving, acquiring or receiving property under the Plan; (e) any and all non-Debtor parties to Executory Contracts or Unexpired Leases with the City; (f) any party to any Settlement; and (g) the respective heirs, executors, administrators, trustees,

affiliates, officers, directors, agents, representatives, attorneys, beneficiaries, guardians, successors or assigns, if any, of any of the foregoing. All settlements (including, without limitation, the Settlements), compromises, releases (including, without limitation, the Plan Releases), waivers, discharges, exculpations and injunctions set forth in the Plan shall be, and hereby are, operative, effective and binding on all Persons who may have had standing to assert any settled, released, discharged, exculpated or enjoined causes of action, and no other Person or entity shall possess such standing to assert such causes of action after the Effective Date. The compromises and settlements (including, without limitation, the Settlements) embodied in the Plan, along with the treatment of any associated Allowed Claims, shall not be subject to any collateral attack or other challenge by any Entity in any court or other forum.

F. Discharge of Claims

29. The Plan discharge provisions set forth in Section III.D.4 of the Plan are approved in all respects, are incorporated herein in their entirety, are so ordered and shall be immediately effective on the Effective Date of the Plan without further order or action on the part of the Court or any other party.

30. In accordance with Section III.D.4 of the Plan, except as specifically provided otherwise in the Plan or this Order, as of the Effective Date, pursuant to sections 524(a)(1), 524(a)(2) and 944(b) of the Bankruptcy Code, all

debts of the City shall be, and hereby are, discharged, and such discharge will void any judgment obtained against the City at any time, to the extent that such judgment relates to a discharged debt; *provided that*, in accordance with section 944(c)(1) of the Bankruptcy Code, such discharge shall not apply to (a) debts specifically exempted from discharge under the Plan, (b) debts held by an Entity that, before the Confirmation Date, had neither notice nor actual knowledge of the Chapter 9 Case, (c) claims against officers or employees of the City in their individual capacity under 42 U.S.C. § 1983 or (d) Claims of (i) T&T Management, Inc., (ii) HRT Enterprises and (iii) the John W. and Vivian M. Denis Trust related to condemnation or inverse condemnation actions against the City alleging that the City has taken private property without just compensation in violation of the Takings Clause of the Fifth Amendment to the United States Constitution.

G. Release of Liens

31. The release and discharge of all Liens against the City's property set forth in Section IV.M of the Plan are approved in all respects, are incorporated herein in their entirety, are so ordered and shall be immediately effective on the Effective Date of the Plan without further order or action on the part of the Court. As of the Effective Date, (a) the holders of such Liens are hereby authorized and directed to release any collateral or other property of the City (including any cash collateral) held by such holder and to take such actions as

may be requested by the City to evidence the release of such Lien, including (i) the execution, delivery, filing or recording of appropriate releases and (ii) the taking of any action necessary to implement, consummate and otherwise effect the Plan in accordance with its terms, and (b) the City shall be authorized to execute and file on behalf of creditors such forms as may be necessary or appropriate to implement the provisions of Section IV.M of the Plan and this paragraph. All entities holding Claims against the City shall be, and hereby are, bound by the terms and provisions of all documents executed and delivered by them in connection with the Plan.

Upon the entry of this Order, all entities holding Claims against the City that are treated under the Plan, and other parties in interest, along with their respective present or former employees, agents, officers, directors or principals, shall be, and hereby are, enjoined from taking any actions to interfere with the implementation and consummation of the Plan.

H. Injunction

32. On the Effective Date, except as otherwise provided in the Plan or in this Order, all Entities that have been, are or may be holders of Claims against the City, Indirect 36th District Court Claims or Indirect Employee Indemnity Claims asserted against officers or employees of the City in their official capacity, along with their Related Entities, shall be, and hereby are, permanently enjoined from taking any of the following actions against or affecting the City or its

property, DIA Corp. or its property, the DIA Assets, the Released Parties or their respective property and the Related Entities of each of the foregoing, with respect to such Claims (other than actions brought to enforce any rights or obligations under the Plan and appeals, if any, from this Order): (a) commencing, conducting or continuing in any manner, directly or indirectly, any suit, action or other proceeding of any kind against or affecting the City or its property (including (i) all suits, actions and proceedings that are pending as of the Effective Date, which must be withdrawn or dismissed with prejudice, (ii) Indirect 36th District Court Claims and (iii) Indirect Employee Indemnity Claims asserted against officers or employees of the City in their official capacity); (b) enforcing, levying, attaching, collecting or otherwise recovering by any manner or means, directly or indirectly, any judgment, award, decree or order against the City or its property; (c) creating, perfecting or otherwise enforcing in any manner, directly or indirectly, any encumbrance of any kind against the City or its property; (d) asserting any setoff, right of subrogation or recoupment of any kind, directly or indirectly, against any obligation due the City or its property; (e) proceeding in any manner in any place whatsoever that does not conform to or comply with the provisions of this Order, the Plan or the Settlements (to the extent such Settlements have been approved by the Court herein); and (f) taking any actions to interfere with the implementation or consummation of the Plan. For the avoidance of doubt, notwithstanding anything

in the Plan or this Order (including this paragraph) to the contrary, claims against officers or employees of the City in their individual capacity under 42 U.S.C.

§ 1983 shall not be enjoined. In addition, all individuals affected by the AFS Recoupment are enjoined from commencing any proceeding against the GRS and its trustees, officers, employees or professionals arising from GRS's compliance with the Plan or this Order.

33. All Entities that have held, currently hold or may hold any Liabilities released pursuant to the Plan shall be, and hereby are, permanently enjoined from taking any of the following actions against the State, the State Related Entities, the officers, board of trustees/directors, attorneys, advisors and professionals of the RDPFFA or the DRCEA, and the Released Parties or any of their respective property on account of such released Liabilities: (a) commencing, conducting or continuing in any manner, directly or indirectly, any suit, action or other proceeding of any kind; (b) enforcing, levying, attaching, collecting or otherwise recovering by any manner or means, directly or indirectly, any judgment, award, decree or order; (c) creating, perfecting or otherwise enforcing in any manner, directly or indirectly, any lien; (d) asserting any setoff, right of subrogation or recoupment of any kind, directly or indirectly, against any obligation due the State, a State Related Entity, the officers, board of trustees/directors, attorneys, advisors and professionals of the RDPFFA or the

DRCEA, or a Released Party; and (e) commencing or continuing any action, in any manner, in any place that does not comply with or is inconsistent with the provisions of the Plan or this Order. Notwithstanding the provisions of this paragraph and without limiting the injunctions in Section III.D.5.a of the Plan or paragraph 32 hereof, the holders of Indirect 36th District Court Claims shall not be enjoined from taking any of the foregoing actions against the State or the State Related Entities with respect to Indirect 36th District Court Claims to the extent such Claims are not satisfied pursuant to the Plan.

34. During the period that begins on the Effective Date and ends on June 30, 2023, the trustees of the PFRS, the trustees of the GRS or the trustees of any successor trust or pension plan to either the PFRS or the GRS shall adopt and maintain an investment return assumption and discount rate for purposes of determining the assets and liabilities of the PFRS or the GRS (as applicable) that shall be 6.75%. Except as may be required to maintain the tax-qualified status of the PFRS or the GRS, or to comply with the terms of the Plan or this Order, the City, the trustees of the PFRS, the trustees of the GRS and all other persons or entities shall be, and hereby are, enjoined from and against the subsequent amendment of the terms, conditions and rules of operation of either the PFRS, the GRS or any successor plan or trust to either the PFRS or the GRS, that govern the calculation of pension benefits (including, as applicable, the PFRS Adjusted

Pension Amount, the GRS Adjusted Pension Amount, accrual of additional benefits, the DIA Proceeds Default Amount, the Prior PFRS Pension Plan, the Prior GRS Pension Plan, the PFRS Restoration Payment, the GRS Restoration Payment, the New PFRS Active Pension Plan Formula, the New GRS Active Pension Plan Formula, the terms of the New PFRS Active Pension Plan and the terms of the New GRS Active Pension Plan) or against any action that governs the selection of the investment return assumptions described in Section II.B.3.q.ii.B of the Plan (with respect to the PFRS) or Section II.B.3.r.ii.B of the Plan (with respect to the GRS), the contributions to the PFRS or the GRS, or the calculation or amount of PFRS pension benefits or GRS pension benefits (as the case may be), for the period ending June 30, 2023, notwithstanding whether that subsequent amendment or act is created or undertaken by contract, agreement (including collective bargaining agreement), statute, rule, regulation, ordinance, charter, resolution or otherwise by operation of law.

I. State Contribution Agreement

35. The State Contribution Agreement is approved in all respects, and the City is hereby authorized to enter into, and take any action necessary to perform under or implement, the terms thereof. The State shall file and serve via the Court's electronic case filing and noticing system a notice that the conditions precedent to the State's payment of the State Contribution (as set forth at

Section IV.D.3 of the Plan) have been satisfied or otherwise addressed pursuant to the procedures outlined in the State Contribution Agreement no later than ten days after all such conditions have been satisfied or otherwise addressed.

36. In accordance with Section IV.D.2 of the Plan, the Income Stabilization Funds of the GRS and the PFRS shall receive not less than an aggregate amount of \$20 million over 14 years of the Assigned UTGO Bond Tax Proceeds in the form of annual installment payments pursuant to a payment schedule approved by the State.

37. In accordance with Section 4.f.ii of the State Contribution Agreement, filed as Exhibit I.A.332 to the Plan, the governing documents of the GRS and the governing documents of the PFRS shall be amended to include (a) the governance terms and conditions set forth in Paragraph 2, Exhibit A and Exhibit B of the State Contribution Agreement and (b) the Income Stabilization Payments and Income Stabilization Fund described in Paragraph 3 of the State Contribution Agreement.

J. DWSD Authority Transaction

38. The Memorandum of Understanding Regarding the Formation of the Great Lakes Water Authority (the "Memorandum of Understanding"), filed as Exhibit A to the Notice of Execution of Framework for Creating a Water and Sewer Authority (Docket No. 7357), is approved in all respects. The City is

hereby authorized to enter into, and take any action necessary to perform under or implement, the terms of the Memorandum of Understanding and any final agreement resulting therefrom creating a regional water and sewer/stormwater authority to be called the Great Lakes Water Authority (the "GLWA") in accordance with, and subject to all approvals and consents required under, State law, the DWSD Tender Order, all documents related to the 2014 DWSD Refinancing Obligations, all documents related to the 2014 Revenue Refinancing Bonds, all documents related to the 2014 Revenue and Revenue Refinancing Bonds and the DWSD Bond Documents. The GLWA transaction contemplated in the Memorandum of Understanding, if consummated, would constitute a Qualifying DWSD Transaction as such term is defined in the Plan.

K. ASF Recoupment

39. ASF Recoupment is (a) an integral component of the City's global settlement of pension-related and other labor-related issues negotiated with, among others, the Retiree Committee, (b) is well within the range of possible reasonable settlements and (3) is approved in all respects. The City is hereby authorized to, and shall, on or as soon as reasonably practicable after the Effective Date, calculate the Annuity Savings Fund Excess Amount for each ASF Current Participant, and the GRS, at the direction of the City, and solely as agent of the City and without any liability accruing to the GRS, shall deduct the Annuity

Savings Fund Excess Amount from each such participant's Annuity Savings Fund account, which deducted amounts shall be used to fund the accrued pension benefits of all GRS participants; *provided, however*, that in no event shall the amount deducted from an ASF Current Participant's Annuity Savings Fund account exceed the ASF Recoupment Cap and the Current GRS Retiree Adjustment Cap. In the event that the amount credited to an ASF Current Participant's Annuity Savings Fund account as of the Effective Date is less than such participant's Annuity Savings Fund Excess Amount, the ASF Current Participant will be treated as an ASF Distribution Recipient to the extent of the shortfall.

40. For each ASF Distribution Recipient who, after receipt of notice as required by the Plan and this Order, does not elect the ASF Recoupment Cash Option described in Section II.B.3.r.ii.D.2.ii of the Plan and in the case of any ASF Distribution Recipient that elected the ASF Recoupment Cash Option but does not timely deliver the ASF Recoupment Cash Payment to the GRS, the City is hereby authorized to, and shall, on or as soon as reasonably practicable after the Effective Date: (a) calculate the Annuity Savings Fund Excess Amount; and (b) convert such amount into monthly annuity amounts based on common actuarial assumptions (such as the ASF Distribution Recipient's life expectancy, and, if not already retired, expected date of retirement) and amortized using a 6.75% interest rate, and the GRS, pursuant to the Plan and at the direction of the Court, and

without any liability accruing to the GRS, shall deduct such monthly annuity amounts from the ASF Distribution Recipient's monthly pension check; *provided, however,* that in no event shall the total amount deducted from an ASF Distribution Recipient's monthly pension check exceed the ASF Recoupment Cap or the Current GRS Retiree Adjustment Cap, if applicable. The total ASF Recoupment from the ASF Distribution Recipient's monthly pension checks over time shall not exceed the amount necessary to amortize the applicable Annuity Savings Fund Excess Amount at 6.75% interest.

41. Each ASF Distribution Recipient shall be afforded the ASF Recoupment Cash Option. No later than seven days following the Effective Date, the City, through its Claims and Balloting Agent, shall send the ASF Election Notice and the ASF Election Form by first-class U.S. mail to each ASF Distribution Recipient. The ASF Election Form shall explain that the amount of the ASF Recoupment Cash Payment shall be equal to the total amount of ASF Recoupment shown on the ASF Distribution Recipient's Ballot, unless the aggregate amount of ASF Recoupment for all ASF Distribution Recipients electing the ASF Recoupment Cash Option exceeds \$30,000,000, in which case (a) the ASF Recoupment Cash Payment will be the ASF Distribution Recipient's Pro Rata portion of \$30,000,000, and (b) the remaining portion of the ASF Distribution Recipient's ASF Recoupment will be annuitized and deducted from the ASF

Distribution Recipient's monthly pension check, as provided for in Section II.B.3.r.ii.D.2.i of the Plan. An ASF Distribution Recipient must return his or her ASF Election Form to the Claims and Balloting Agent so that it is actually received by the Claims and Balloting Agent by the ASF Election Date.

42. The GRS shall mail the ASF Final Cash Payment Notice no later than 14 days after the ASF Election Date. ASF Distribution Recipients shall have until the ASF Final Cash Payment Date to make the ASF Recoupment Cash Payment, which payment must be made by cashier's check or wire transfer and may not be made by personal check. If an ASF Distribution Recipient's ASF Recoupment Cash Payment is not received by the ASF Final Cash Payment Date, the GRS will notify the ASF Distribution Recipient of the failure to timely pay, and ASF Recoupment will be effected through diminution of such recipient's monthly pension check, as provided for in Section II.B.3.r.ii.D.2.i of the Plan and paragraph 40 hereof. The calculation of each electing ASF Distribution Recipient's ASF Recoupment Cash Payment shall not be adjusted under any circumstances, including as a result of default by any other electing ASF Distribution Recipient to remit his or her ASF Recoupment Cash Payment by the ASF Final Cash Payment Date.

L. Survival of Indemnities

43. Notwithstanding anything to the contrary in this Order or the Plan, nothing in this Order or the Plan shall discharge or impair the obligations of the City as provided in the City Charter of the City or other organizational documents, resolutions, employment contracts, applicable law or other applicable agreements as of the Petition Date to indemnify, defend, reimburse, exculpate, advance fees and expenses to, or limit the liability of officers and employees of the City (consistent with the provisions hereof and including the members of the City Council, the Mayor and the Emergency Manager) and their Related Entities, in each case to the extent such Entities were acting in such capacity, against any claims or causes of action whether direct or derivative, liquidated or unliquidated, foreseen or unforeseen, asserted or unasserted. Notwithstanding the foregoing, Retirement System Indemnity Obligations shall not be assumed under the Plan or this Order and shall be, and hereby are, discharged. For the avoidance of doubt, no indemnification provision in any loan document, bond document, Bond Insurance Policy or other agreement with a Bond Insurer is exempted from discharge by reason of this paragraph.

M. Issuance of New Securities and Exemption From Securities Laws

44. The issuance of the New Securities by the City on the Effective Date or on a subsequent Distribution Date (as applicable) is hereby approved and

authorized. To the maximum extent provided by section 1145 of the Bankruptcy Code and applicable non-bankruptcy law, the issuance of New Securities pursuant to the Plan is, and shall be, exempt from Section 5 of the Securities Act and any other applicable U.S. state or local law requiring registration prior to the offering, issuance, distribution, or sale of securities. Except as set forth in the Plan with respect to the Syncora Excess New B Notes, the New Securities (a) are not "restricted securities" as defined in Rule 144(a)(3) under the Securities Act, and (b) are, and shall be, freely tradable and transferable by any initial recipient (including the Detroit General VEBA and the Detroit Police and Fire VEBA) thereof that (i) is not an "affiliate" of the City or applicable issuer as defined in Rule 144(a)(1) under the Securities Act, (ii) has not been such an "affiliate" within 90 days of such transfer and (iii) is not an entity that is an "underwriter" as defined in subsection (b) of Section 1145 of the Bankruptcy Code. It is hereby expressly found and determined that the Detroit General VEBA and the Detroit Police and Fire VEBA are not affiliates of the City within the meaning of Rule 144(a)(1) under the Securities Act.

N. Executory Contracts and Unexpired Leases

45. The Executory Contract and Unexpired Lease provisions of Section II.D of the Plan are specifically approved in all respects, are incorporated herein in their entirety and are so ordered. The City is authorized to assume,

assume and assign, or reject Executory Contracts or Unexpired Leases in accordance with Section II.D of the Plan and the Contract Procedures Order.

46. The assumption of Executory Contracts and Unexpired Leases pursuant to Sections II.D.1 and II.D.2 of the Plan (and any related assignment) as of the Effective Date is hereby approved, except for Executory Contracts or Unexpired Leases that: (a) have been rejected pursuant to a Final Order of the Court, (b) are subject to a pending motion for reconsideration or appeal of an order authorizing the rejection of such Executory Contract or Unexpired Lease, (c) are subject to a motion to reject such Executory Contract or Unexpired Lease filed on or prior to the Effective Date, (d) are rejected pursuant to Section II.D.6 of the Plan or (e) are designated for rejection in accordance with the last sentence of this paragraph. If an objection to a proposed assumption, assumption and assignment or Cure Amount Claim filed in accordance with the Contract Procedures is not resolved in favor of the City, the applicable Executory Contract or Unexpired Lease may be designated by the City for rejection, which shall be, and hereby is, deemed effective as of the Effective Date.

47. Contracts, leases and other agreements entered into after the Petition Date by the City, including (a) any Executory Contracts or Unexpired Leases assumed by the City and (b) the collective bargaining agreements identified on Exhibit II.D.5 to the Plan, will be performed by the City in the ordinary course

of its business. Accordingly, such contracts and leases (including any assumed Executory Contracts or Unexpired Leases) will survive and remain unaffected by entry of this Order.

48. The rejection of each Executory Contract and Unexpired Lease that is listed on Exhibit II.D.6 to the Plan is hereby approved pursuant to section 365 of the Bankruptcy Code as of the later of (a) the Effective Date or (b) the resolution of any objection to the proposed rejection of an Executory Contract or Unexpired Lease. Each contract or lease listed on Exhibit II.D.6 to the Plan shall be rejected only to the extent that any such contract or lease constitutes an Executory Contract or Unexpired Lease. The City may, at any time on or prior to the Effective Date, amend Exhibit II.D.6 to the Plan to delete any Executory Contract or Unexpired Lease therefrom, thus providing for its assumption pursuant to Section II.D.1 of the Plan, or add any Executory Contract or Unexpired Lease thereto, thus providing for its rejection pursuant to Section II.D.6 of the Plan. The City will provide notice of any such amendments to Exhibit II.D.6 to the Plan in accordance with the terms of the Contract Procedures Order. Listing a contract or lease on Exhibit II.D.6 to the Plan shall not constitute an admission by the City that such contract or lease is an Executory Contract or Unexpired Lease or that the City has any liability thereunder. Any Claims arising from the rejection of an Executory Contract or Unexpired Lease pursuant to the Plan shall be treated as

Class 14 Claims (Other Unsecured Claims), subject to the provisions of section 502 of the Bankruptcy Code.

O. Plan Distributions

49. On and after the Effective Date, Distributions on account of Allowed Claims and the resolution and treatment of Disputed Claims shall be effectuated pursuant to Section II.B and Article V of the Plan. The Distribution Record Date shall be 5:00 p.m., Eastern Time, on the date of entry of this Order.

P. Retained Causes of Action

50. Except as otherwise provided in the Plan or in any contract, instrument, release or other agreement entered into or delivered in connection with the Plan, in accordance with section 1123(b)(3)(B) of the Bankruptcy Code, the City shall retain and may enforce any claims, demands, rights, defenses and Causes of Action that it may hold against any Entity, including but not limited to, (a) any and all Causes of Action against any party relating to the past practices of the Retirement Systems (including any investment decisions related to, and the management of, the Retirement Systems' respective pension plans or assets) and (b) the currently pending actions and claims brought by the City and identified on Exhibit III.D.2 to the Plan, to the extent not expressly released under the Plan or pursuant to any Final Order of the Court. The City's inclusion of, or failure to include, any right of action or claim on Exhibit III.D.2 to the Plan shall not be

deemed an admission, denial or waiver of any claims, demands, rights or Causes of Action that the City may hold against any Entity.

Q. Claims Bar Dates and Other Claims Matters

51. General Administrative Claim Bar Date Provisions. Except as otherwise provided in Section II.A.2.b or Section II.A.2.c of the Plan or in a Bar Date Order or other order of the Court, unless previously filed, requests for payment of Administrative Claims must be filed and served on the City no later than 45 days after the Effective Date. Holders of Administrative Claims that are required to file and serve a request for payment of such Administrative Claims and that do not file and serve such a request by the applicable Bar Date will be forever barred from asserting such Administrative Claims against the City or its property, and such Administrative Claims will be deemed discharged as of the Effective Date. Objections to such requests must be filed and served on the City and the requesting party by the later of (a) 150 days after the Effective Date, (b) 60 days after the filing of the applicable request for payment of Administrative Claims or (c) such other period of limitation as may be specifically fixed by a Final Order for objecting to such Administrative Claims. The foregoing procedures shall be specified in the notice of entry of this Order and served on all parties in interest.

52. Holders of Claims based on Liabilities incurred by the City after the Petition Date in the ordinary course of its operations will not be required

to file or serve any request for payment or application for allowance of such Claims. Such Claims will be paid by the City, pursuant to the terms and conditions of the particular transaction giving rise to such Claims, without further action by the holders of such Claims or further action or approval of the Court.

53. Holders of Administrative Claims that are Postpetition Financing Claims will not be required to file or serve any request for payment or application for allowance of such Claims. Such Administrative Claims will be satisfied pursuant to Section II.A.1.b of the Plan.

54. Professional Fee Reserve. On the Effective Date, the City shall establish and fund the Professional Fee Reserve from the General Fund or, where applicable, the DWSD's funds, in an amount sufficient to pay the Fee Review Professional Fees that remain unpaid as of the Effective Date, solely to the extent that such amounts are payable from the General Fund or the DWSD's funds. The initial amount of the Professional Fee Reserve shall be equal to the sum of (a) all invoices received from Fee Review Professionals and the Fee Examiner Parties as of the establishment and funding of the Professional Fee Reserve to the extent not yet paid (including holdbacks); (b) an estimate of the Fee Review Professionals' unbilled fees through the Effective Date as determined by the City in consultation with the Fee Review Professionals, which estimate shall be no lower than 125% of the aggregate amount of the highest monthly invoices respectively

submitted by each Fee Review Professional pursuant to the Fee Review Order prior to the establishment and funding of the Professional Fee Reserve; and (c) an estimate of the Fee Examiner Parties' unbilled fees and expenses through the projected date of dismissal of the Fee Examiner under Section IV.N.3 of the Plan, as determined by the City in consultation with the Fee Examiner. The funds held in the Professional Fee Reserve may not be used for any purpose other than the payment of Fee Review Professional Fees until any and all disputes regarding the Fee Review Professional Fees, including any disputes arising under the Fee Review Order or the process established under paragraph 87 hereof, have been fully and finally resolved pursuant to a Final Order or a stipulation between the disputing parties. Any amounts remaining in the Professional Fee Reserve after final resolution of all such disputes and the payment of all Fee Review Professional Fees determined to be reasonable by the Court shall be released to the General Fund or the DWSD's funds, as applicable. If the Professional Fee Reserve is insufficient to pay all Fee Review Professional Fees that are determined to be reasonable by the Court and that are payable from the General Fund or the DWSD's funds, the City shall pay such additional amounts from the General Fund or the DWSD's funds, as applicable.

55. Bar Date for Rejection Damage Claims. Except as otherwise provided in a Final Order of the Court approving the rejection of an Executory

Contract or Unexpired Lease, Claims arising out of the rejection of an Executory Contract or Unexpired Lease must be filed with the Court and served upon counsel to the City on or before the later of: (a) 45 days after the Effective Date; or (b) 45 days after such Executory Contract or Unexpired Lease is rejected pursuant to a Final Order or designated for rejection in accordance with Section II.D.3 of the Plan. Any Claims not filed within such applicable time periods will be forever barred from receiving a Distribution from, and shall not be enforceable against, the City.

56. Notwithstanding anything to the contrary in the Plan or this Order, neither FGIC nor the COP Trustee shall be required to file any Claims arising out of the rejection of the COP Service Contracts pursuant to the Plan, which Claims are resolved and treated pursuant to the terms of the FGIC/COP Settlement Documents and the Plan.

57. Workers' Compensation Claims. From and after the Effective Date, (a) the City shall continue to administer (either directly or through a third party administrator) and pay all valid claims for benefits and liabilities for which the City is responsible under applicable State workers' compensation law, regardless of when the applicable injuries were incurred, in accordance with the City's prepetition practices and procedures and governing State workers' compensation law, and (b) nothing in the Plan or this Order shall discharge, release

or relieve the City from any current or future liability under applicable State workers' compensation law; *provided that* the City shall retain the right to challenge the validity of any claim for benefits or liabilities arising under applicable State workers' compensation law.

58. Claims Related to Operation of City Motor Vehicles. From and after the Effective Date, the City shall continue to administer (either directly or through a third party administrator) and pay valid prepetition Claims for liabilities with respect to which the City is required to maintain insurance coverage pursuant to M.C.L. § 500.3101 in connection with the operation of the City's motor vehicles consistent with the terms of Section IV.S of the Plan. Nothing in the Plan or this Order shall discharge, release or relieve the City from any current or future liability with respect to Claims subject to insurance coverage pursuant to M.C.L. § 500.3101 or Claims within the minimum coverage limits in M.C.L. § 500.3009(1); *provided that* the City shall retain the right to challenge the validity of any Claim subject to Section IV.S of the Plan or this paragraph, and nothing therein or herein shall be deemed to expand the City's obligations or any claimant's rights with respect to such Claims under State law.

59. Payment of Tax Refund Claims. From and after the Effective Date, the City shall continue to administer (either directly or through a third party administrator) and pay all valid claims for income tax refunds and property tax

refunds for which the City is responsible under applicable law, regardless of when the applicable right to a refund arose, in accordance with the City's prepetition practices and procedures; *provided that* the City shall retain the right to challenge the validity of any claim for an income tax refund or property tax refund.

60. Utility Deposits. From and after the Effective Date, the City will continue to administer utility deposits in accordance with the City's prepetition practices and procedures, including the payment of any undisputed, non-contingent, liquidated claims against the City for the refund of a utility deposit.

61. Pass-Through Obligations. The City has certain Pass-Through Obligations to the Pass-Through Recipients with respect to which the City acts, or may in the future act, as tax-collecting agent for tax increment revenues derived from property taxes of the City and certain other jurisdictions and required to be transmitted by the Treasurer of the City to the Pass-Through Recipients under the respective tax increment financing enabling statutes. The City shall continue to honor its Pass-Through Obligations to the Pass-Through Recipients.

R. Plan Implementation

62. In accordance with section 1142 of the Bankruptcy Code, without further action by the Court, the City is authorized to: (a) take any and all actions necessary or appropriate to implement, effectuate and consummate the Plan, this Order or the transactions contemplated thereby or hereby, including the

transactions contemplated by the Plan and the implementation and consummation of the contracts, instruments, settlements (including the Settlements), releases (including the Plan Releases) and other agreements or documents entered into or delivered in connection with the Plan; and (b) execute and deliver, adopt or amend, as the case may be, any contracts, instruments, releases, agreements and documents necessary to implement, effectuate and consummate the Plan, including, without limitation, those contracts, instruments, releases, agreements and documents identified in Article IV of the Plan. All transactions effected by the City during the pendency of the Chapter 9 Case from the Petition Date through the Confirmation Date are approved and ratified.

63. Each federal, state, commonwealth, county, municipal, local, foreign or other governmental agency is hereby directed and authorized to accept any and all documents, mortgages and instruments necessary or appropriate to effectuate, implement or consummate the transactions contemplated by the Plan and this Order.

**S. Cancellation of Existing Bonds,
Bond Documents, COPs and COP Documents**

64. Except (a) as provided in any contract, instrument or other agreement or document entered into or delivered in connection with the Plan, (b) for purposes of evidencing a right to Distribution under the Plan or (c) as

specifically provided otherwise in the Plan or this Order (including any rejection of Executory Contracts pursuant to Section II.D of the Plan or paragraph 48 hereof), on the Effective Date, the Bonds, the Bond Documents, the COPs and the COP Documents will be deemed automatically cancelled, terminated and of no further force or effect against the City without any further act or action under any applicable agreement, law, regulation, order or rule, and the obligations of the parties to the City, as applicable, under the Bonds, the Bond Documents, the COPs and the COP Documents shall be discharged; *provided, however*, that the Bonds, the Bond Documents, the COPs and the COP Documents shall continue in effect solely (a) to allow the Disbursing Agent to make any Distributions as set forth in the Plan and to perform such other necessary administrative or other functions with respect thereto; (b) for any trustee, agent, contract administrator or similar entity under the Bond Documents or COP Documents to have the benefit of all the rights and protections and other provisions of the Bond Documents or COP Documents, as applicable, and all other related agreements with respect to priority in payment and lien rights with respect to any Distribution; (c) to set forth the terms and conditions applicable to parties to the Bond Documents and COP Documents other than the City; (d) as may be necessary to preserve any claim by (i) a Bondholder or Bond Agent under a Bond Insurance Policy or against any Bond Insurer, (ii) a COPs Holder or COP Agent under a COP Insurance Policy or against any

COP Insurer or (iii) a COP Swap Counterparty under a Swap Insurance Policy or against any insurer thereunder; and (e) with respect to any obligation of any party (other than the City, except to the extent provided in the COP Swap Settlement or the COP Swap Settlement Approval Order) under any COP Document related to such party's obligations owed in respect of the COP Swap Documents or the COP Swap Claims. Notwithstanding the foregoing, and except as otherwise expressly provided in the Plan (or the COP Swap Settlement or the COP Swap Settlement Approval Order), such Bonds, Bond Documents, COPs or COP Documents as remain outstanding shall not form the basis for the assertion of any Claim against the City. For the avoidance of doubt, this paragraph shall not apply to any Bonds that are Reinstated pursuant to Section II.B.3.a.ii of the Plan.

65. As of the Effective Date, the principal amounts of the COPs originally insured by FGIC shall be, and hereby are, deemed accelerated and due and payable, and no interest on the COPs originally insured by FGIC shall accrue thereafter, solely for the purposes of determining distributions from the COP Trustee to FGIC and the FGIC COP Holders. The foregoing acceleration of principal and cessation of interest shall affect only the rights of each FGIC COP Holder to the receipt of proceeds of distributions under the Plan and not the rights of each such FGIC COP Holder against FGIC and shall not in any way modify payments currently required of FGIC under its existing insurance policies or the

First Amended Plan of Rehabilitation for Financial Guaranty Insurance Company, dated June 4, 2013 (the "FGIC Rehabilitation Plan").

66. FGIC (irrespective of the terms of FGIC's COP Insurance Policies including, without limitation, the definition of "Due for Payment") may elect on or prior to the earlier to occur of (a) the Effective Date and (b) December 15, 2014, by filing a notice with the Court on or prior to such date, to treat all (but not less than all) of the outstanding principal owing on all (but not less than all) series of the FGIC-insured COPs as having been accelerated and currently "Due for Payment" (as such term is defined in the applicable FGIC COP Insurance Policy for purposes of such policy) as of the Effective Date, in which case, with respect to each FGIC COP Insurance Policy there shall be deemed a Permitted Policy Claim (as defined in the FGIC Rehabilitation Plan) in the amount of (a) the outstanding principal amount of the FGIC-Insured COPs in each CUSIP, as of the Effective Date, insured by such policy and (b) interest accrued and unpaid on such principal amount of such FGIC-Insured COPs through the Effective Date, in which case no interest shall accrue on or after the Effective Date. If FGIC does not elect to accelerate its COP Insurance Policies pursuant to the preceding sentence, FGIC's and the FGIC COP Holders' respective rights and obligations with respect to FGIC's COP Insurance Policies shall be governed by the FGIC/FGIC COP Holders Term Sheet.

67. Nothing in the Plan impairs, modifies, affects or otherwise alters the rights of (a) Bondholders or Bond Agents with respect to claims under applicable Bond Insurance Policies or against the Bond Insurers, (b) COPs Holders or the COP Agent with respect to claims under COP Insurance Policies and obligations related thereto or (c) COP Swap Counterparties with respect to claims under Swap Insurance Policies and obligations related thereto.

68. No provision of this Order or the Plan shall (a) enjoin any holder of a COP from enforcing its rights against any COP Insurer or (b) exculpate, release or affect any rights any holder of a COP may have with respect to any COP Insurance Policy.

T. Binding Effect of Prior Orders

69. Effective as of the Confirmation Date, but subject to the occurrence of the Effective Date and subject to the terms of the Plan and this Order, all prior orders entered in the Chapter 9 Case, all documents and agreements executed by the City as authorized and directed thereunder and all motions or requests for relief by the City pending before the Court as of the Effective Date shall be binding upon and shall inure to the benefit of the City and any other parties expressly subject thereto. Nothing in the Plan or this Order shall in any respect modify the DWSD Tender Order, the rulings made and the rights granted

therein or any of the documents approved, authorized or entered into pursuant thereto.

U. Final Order; Waiver of Stay

70. This Order is a final order, and the period in which an appeal must be filed shall commence immediately upon the entry hereof. The stay of this Order otherwise imposed by Bankruptcy Rule 3020(e) is hereby waived as of the date hereof.

V. Reversal

71. If any or all of the provisions of this Order are hereafter reversed, modified or vacated by subsequent order of this Court or any other federal appellate court with appropriate jurisdiction, such reversal, modification or vacatur shall not affect the validity of the acts or obligations incurred or undertaken under or in connection with the Plan prior to the City's receipt of written notice of such order. Notwithstanding any such reversal, modification or vacatur of this Order, any such act or obligation incurred or undertaken pursuant to, and in reliance on, this Order prior to the effective date of such reversal, modification or vacatur shall be governed in all respects by the provisions of this Order and the Plan and all related documents or any amendments or modifications thereto.

W. Notice of Confirmation of the Plan

72. Pursuant to Bankruptcy Rules 2002(f)(7) and 3020(c)(2), on or before ten Business Days after occurrence of the Effective Date, the City shall mail or cause to be mailed to all creditors a notice (the "Confirmation Notice"), substantially in the form of Appendix II hereto, that informs such creditors of:

(a) entry of this Order; (b) the occurrence of the Effective Date; (c) the assumption and rejection of Executory Contracts and Unexpired Leases pursuant to the Plan, as well as the deadline and procedures for the filing of Claims arising from any such rejection; (d) the deadline and procedures for the filing of Administrative Claims; and (e) such other matters as the City deems to be appropriate; *provided, however*, that the City shall be obligated to serve the Confirmation Notice only on the record holders of Claims as of the Confirmation Date. The City is directed to publish the Confirmation Notice once in the national editions of *The Wall Street Journal* and *USA Today* and the daily edition of the *Detroit Free Press* no later than ten Business Days after the Effective Date. As soon as practicable after the entry of this Order, the City shall make copies of this Order and the form Confirmation Notice available on (a) the City's official website at www.detroitmi.gov and (b) the Document Website at www.kccllc.net/Detroit.

X. Miscellaneous Provisions

73. The City is hereby authorized to make non-material modifications or amendments to the Plan at any time prior to the substantial consummation of the Plan, without further order of the Court. In addition, without the need for a further order or authorization of this Court, but subject to the express provisions of this Order, the City shall be, and hereby is, authorized and empowered to make non-material modifications to the documents filed with the Court, including Exhibits or documents forming part of the evidentiary record at the Confirmation Hearing, in its reasonable business judgment as may be necessary or appropriate.

74. The City shall not, without FGIC's prior written consent, amend the Plan in a manner that (a) would have a materially adverse effect on Class 9 or (b) adversely affect FGIC; *provided, however*, that, notwithstanding anything to the contrary in this Order or the Plan, nothing in this Order or the Plan is intended to or shall be deemed to limit any rights of the FGIC COP Holders to object to any such Plan amendment.

75. On the Effective Date, the Retiree Committee, to the extent not previously dissolved or disbanded, will dissolve and disband, and the members of the Retiree Committee and their respective professionals will cease to have any role arising from or related to the Chapter 9 Case. Notwithstanding the foregoing,

the Retiree Committee's professionals will have standing to participate in the post-Effective Date determination by the Court of the reasonableness of the fees and expenses incurred by the Retiree Committee and its professionals in connection with the City's Chapter 9 Case.

76. Pursuant to the Order Resolving Corrected Motion of the Official Committee of Retirees for Entry of An Order Allowing an Administrative Expense Claim, entered on March 31, 2014 (Docket No. 3334), approving a stipulation and settlement agreement that requires the City to include a provision under the Barton doctrine first developed in Barton v. Barbour, 104 U.S. 126 (1881), and this Court having previously held that the Barton doctrine is applicable to members of the Retiree Committee, each and every member of the Retiree Committee is not only subject to protections under the release and injunction provisions of the Plan but is further protected by the provisions of the Barton doctrine and thus no action may be taken against any member of the Retiree Committee without separate relief granted by this Court.

77. On the Effective Date or as soon thereafter as is practicable, all appeals of the Opinion Regarding Eligibility and the Order for Relief, subject to settlements by and among the appellants and the City, shall be withdrawn.

78. The terms and conditions of the Exit Facility are fair and reasonable, and the Exit Facility has been negotiated in good faith and at arm's

length. The City is hereby authorized to enter into, execute, deliver, file, record and issue the Exit Facility Documents and to incur the obligations under the Exit Facility, including the granting of liens thereunder, the payment of all fees, expenses, indemnities and other amounts provided for in each of the Exit Facility and the other instruments, agreements, guaranties and documents entered into in connection therewith, all of which are hereby approved. The City is authorized and empowered to incur and to perform its obligations in accordance with, and subject to, the Exit Facility Documents and to perform all acts, and make, execute and deliver all instruments and documents which may be required for the performance by the City under the Exit Facility Documents and the creation and perfection of the liens described in and provided for by the Exit Facility Documents. Subject to (a) the terms and conditions set forth in the Exit Facility Documents and (b) the City's compliance with the procedures for authorizing the borrowing of money under Sections 12(1) and 19 of PA 436 and the State Local Emergency Financial Assistance Loan Board's approval of the Exit Facility under Section 36a of Michigan Public Act 279 of 1909, the Home Rule City Act, M.C.L. §§ 117.1, *et seq.* (as amended), the City is hereby authorized to issue the Exit Bonds for purchase by the MFA in accordance with the terms and conditions set forth in the Exit Facility Documents.

79. The Exit Facility Documents and the obligations of the City thereunder, including all related pledges and security agreements, shall, upon execution, constitute legal, valid, binding and authorized obligations of the City, enforceable in accordance with their terms. The loans, advances and financial accommodations to be extended under the Exit Facility are being extended, and shall be, and hereby are, deemed to have been extended, in good faith, for legitimate purposes, are reasonable, shall not be subject to avoidance, recharacterization or subordination (including equitable subordination) for any purposes whatsoever, and shall not constitute preferential transfers, fraudulent transfers or conveyances or other voidable transfers under the Bankruptcy Code or any other applicable non-bankruptcy law.

80. Notwithstanding any other provision of this Order or the Plan, as to the United States, its agencies, departments or agents, nothing in the Plan or this Order shall discharge, release or otherwise preclude: (a) any liability of the City arising on or after the Effective Date; (b) any liability that is not a "claim" within the meaning of section 101(5) of the Bankruptcy Code; (c) any valid defense of setoff or recoupment with respect to a Claim; or (d) any liability of any entity under environmental laws arising, continuing or springing anew after the Effective Date that any entity would be subject to as a post-Effective Date owner or operator of property, *provided that*, for the avoidance of doubt and without

limiting the liabilities previously described in sub-paragraph (d), any liability that is a dischargeable "claim" within the meaning of section 101(5) of the Bankruptcy Code and arose before the Effective Date, including any liabilities for costs expended or paid by the United States under environmental laws before the Effective Date or any penalties or fines owed to the United States for days of violation of environmental laws before the Effective Date, shall be treated as otherwise provided in the Plan.

81. The Plan does not, and shall not be deemed to, modify, limit, release, discharge or enjoin any claims (a) related to the Retirement Systems that Bank of New York Mellon in its capacity as custodian under (i) the Global Custody Agreement with the Policemen and Firemen Retirement System of the City of Detroit, (ii) the Global Custody Agreement with the General Retirement System of the City of Detroit and (iii) the Global Custody Agreement with The Board of Trustees of The City of Detroit Employees' Benefit Plan (in such capacity, "BNY Mellon") may have against persons or entities other than the City or (b) against property of the Retirement Systems held by BNY Mellon in its capacity as custodian.

82. Any document related to the Plan that refers to a plan of adjustment of the City other than the Plan confirmed by this Order shall be, and it hereby is, deemed to be modified such that the reference to a plan of adjustment of

the City in such document shall mean the Plan confirmed by this Order, as appropriate.

83. Without intending to modify any prior Order of this Court (or any agreement, instrument or document addressed by any prior Order), in the event of a direct conflict between the Plan, on the one hand, and any other agreement, instrument, or document intended to implement the provisions of the Plan, on the other, the provisions of the Plan shall govern (except as provided in paragraph 24 above, and unless otherwise expressly provided for in such agreement, instrument, or document). In the event of a direct conflict between the Plan or any agreement, instrument, or document intended to implement the Plan, on the one hand, and this Order, on the other, the provisions of this Order shall govern.

84. In accordance with Section III.C of the Plan, if the Effective Date does not occur, then upon motion by the City, the Court may declare that:

(a) the Plan is null and void in all respects, including with respect to (i) the discharge of Claims pursuant to section 944 of the Bankruptcy Code, (ii) the assumptions, assignments or rejections of Executory Contracts or Unexpired Leases pursuant to Section II.D of the Plan and (iii) the releases described in Section III.D.7 of the Plan; and (b) nothing contained in the Plan shall (i) constitute a waiver or release of any Claims by or against the City or (ii) prejudice in any manner the rights of the City or any other party in interest.

85. To the extent that (a) the Court has held that any term or provision of the Plan is invalid, void or unenforceable and (b) with the consent of the City, the Court altered and interpreted such term or provision, consistent with Section VIII.D of the Plan, to make it valid or enforceable to the maximum extent practicable, consistent with the original purpose of the term or provision held to be invalid, void or unenforceable: (a) such term or provision, as altered or interpreted, shall be (i) valid and enforceable pursuant to its terms, (ii) considered integral to the Plan and shall not be deleted or modified without the City's consent and (iii) non-severable and mutually dependent; and (b) notwithstanding any such holding, alteration or interpretation, the remainder of the terms and provisions of the Plan shall remain in full force and effect and shall in no way be affected, impaired or invalidated by such holding, alteration or interpretation.

86. Pursuant to Section IV.N of the Plan and in accordance with the Fee Review Order, the Fee Examiner shall continue to review and assess all Fee Review Professional Fees for the period through, but not including, the Effective Date pursuant to the standard of section 943(b)(3) of the Bankruptcy Code. The Fee Review Order shall not apply to any fees or expenses of the Fee Review Professionals for the period on and after the Effective Date, and the Fee Examiner shall not review any such fees or expenses. All fees and expenses of the Fee Examiner Parties, whether incurred before, on or after the Effective Date, shall

remain subject to review and approval of the Court pursuant to the terms of the Fee Review Order. Upon completing his review of all Fee Review Professional Fees and submitting all reports related thereto (as required by the Fee Review Order), the Fee Examiner shall have no further duties or obligations under the Fee Review Order other than obligations of confidentiality thereunder (which obligations, including, but not limited to, the confidentiality obligations set forth at paragraph 22 of the Fee Review Order, shall remain binding from and after the Effective Date). Nothing in this paragraph prohibits the mediator from requesting or requiring the Fee Examiner to participate in mediation regarding Professional Fees at any time.

87. The Court, with the assistance of counsel, will establish an expeditious mediation and Court-review process to determine the reasonableness and disclosure of all fees and expenses, paid and unpaid, for which the City is obligated in connection with this case through the Effective Date, as required by 11 U.S.C. § 943(b)(3). The preceding sentence does not apply with respect to fees and expenses explicitly dealt with in settlements previously approved by orders of the Court.

88. The provisions in the Plan and in this Order regarding fees and expenses shall include the professional fees and expenses of (a) the GRS and the PFRS, to the extent that the City reimburses them; (b) the Fee Examiner and his

professionals, and the Court-appointed feasibility expert and her counsel; and
(c) the other Fee Review Professionals.

89. Notwithstanding Section II.B.3.s.ii.A of the Plan, Charles Gayney shall serve as an initial member of the Detroit General VEBA board of trustees in place of Suzanne Daniels Paranjpe.

Y. No Diminution of State Power

90. No provision of the Plan or this Order shall be construed: (a) to limit or diminish the power of the State to control, by legislation or otherwise, the City in the exercise of the political or governmental powers of the City, including expenditures for such exercise; or (b) as a waiver by the State of its rights as a sovereign or rights granted to it pursuant to the Tenth Amendment to the United States Constitution, or limit or diminish the State's exercise of such rights.

Z. Post-Effective Date Governance

91. The City shall promptly provide to the Court copies of any reports given to, or received from, the Financial Review Commission. Nothing in the Plan or this Order shall expand, limit or otherwise modify the role or powers of the Financial Review Commission.

AA. Retention of Jurisdiction

92. The Court shall, and hereby does, retain such jurisdiction over the City and the Chapter 9 Case as is consistent with section 1334 of title 28 and

title 11 of the United States Code until the Effective Date. Notwithstanding the entry of this Order, from and after the Effective Date, the Court shall retain such jurisdiction over the Chapter 9 Case to the fullest extent permitted by law, including, among other things, jurisdiction over those matters and issues described in Article VII of the Plan, *provided, however*, that notwithstanding Article VII of the Plan, the Court shall not have jurisdiction over any dispute between or among FGIC and the FGIC COP Holders with respect to agreements between or among them that do not involve the City, the State or any Released Party (other than FGIC and the FGIC COP Holders) as a party.

93. Pursuant to section 945(a) of the Bankruptcy Code, the Court shall, and hereby does, retain jurisdiction over the UTGO Settlement and the UTGO Settlement Agreement and any dispute arising from or related to the UTGO Settlement Agreement. For the avoidance of doubt and as the City has consented, the Court shall retain exclusive post-Confirmation authority and power to implement, interpret and enforce the UTGO Settlement Agreement and all Settlement-Related Documents (as such term is defined at Section 1.2 of the UTGO Settlement Agreement), including, without limitation, all exhibits to the UTGO Settlement Agreement, the Restructured UTGO Bonds and the Municipal Obligation. As the City has consented, the Court reserves all powers as are necessary or appropriate to enforce or to give effect to the Court's retained

jurisdiction under the Plan and this Order, including by way of injunction, as long as any of the Municipal Obligation, Stub UTGO Bonds or Restructured UTGO Bonds are outstanding.

94. Pursuant to section 945(a) of the Bankruptcy Code, the Court shall, and hereby does, retain jurisdiction over the settlement of Limited Tax General Obligation Bond Claims and the LTGO Settlement and any dispute arising from or related to the LTGO Settlement. For the avoidance of doubt and as the City has consented, the Court shall retain exclusive post-Confirmation authority and power to implement, interpret and enforce the LTGO Settlement and all Settlement-Related Documents, including, without limitation, all exhibits to the LTGO Settlement Agreement and the New LTGO Bonds. As the City has consented, the Court reserves all powers as are necessary or appropriate to enforce or to give effect to the Court's retained jurisdiction under the Plan and this Order, including by way of injunction, as long as any of the New LTGO Bonds are outstanding.

95. Pursuant to section 945(a) of the Bankruptcy Code, the Court shall, and hereby does, retain jurisdiction over any matters, cases, controversies, suits or disputes that may arise in connection with the FGIC Development Agreement or the Syncora Development Agreement.

Signed on November 12, 2014

INTRODUCTION

The City of Detroit proposes the following plan for the adjustment of its debts pursuant to and in accordance with chapter 9 of the Bankruptcy Code.

A discussion of the City's organizational structure, operations, capital structure and events leading to the commencement of the City's Chapter 9 Case, as well as a summary and description of the Plan, risk factors and other related matters, is included in the Disclosure Statement. Retirees of the City will receive a supplement summarizing important information relevant to their entitlement to benefits (the "Retiree Supplement"). Other agreements and documents, which have been or will be Filed with the Bankruptcy Court, are referenced in the Plan or the Disclosure Statement and are available for review.

The City encourages all of its creditors to read the Plan, the Disclosure Statement and the other material that has been approved for use in soliciting votes on the Plan and encourages holders of claims for pensions and other post-employment benefits to read the Retiree Supplement and to consider the information included on the Ballot before casting a vote to accept or reject the Plan and before choosing among available treatment options.

ARTICLE I

DEFINED TERMS, RULES OF INTERPRETATION AND COMPUTATION OF TIME

A. Defined Terms.

Capitalized terms used in the Plan have the meanings set forth in this Section I.A. Any term that is not otherwise defined herein, but that is used in the Bankruptcy Code or the Bankruptcy Rules, shall have the meaning given to that term in the Bankruptcy Code or the Bankruptcy Rules.

1. "2005 COPs" means, collectively, the Detroit Retirement Systems Funding Trust 2005 Certificates of Participation Series 2005-A, issued by the Detroit Retirement Systems Funding Trust 2005 pursuant to the 2005 COPs Agreement, in an initial principal amount of \$640 million, bearing interest at 4.0% to 4.948%.

2. "2005 COPs Agreement" means the Trust Agreement by and between the COP Service Corporations and U.S. Bank National Association, as trustee, dated June 2, 2005, as the same may have been subsequently amended, restated, supplemented or otherwise modified, together with all ancillary and related instruments.

3. "2006 COPs" means, collectively, the (a) Detroit Retirement Systems Funding Trust 2006 Certificates of Participation Series 2006-A, issued by the Detroit Retirement Systems Funding Trust 2006 pursuant to the 2006 COPs Agreement, in an initial principal amount of \$148.5 million, bearing interest at 5.989%; and (b) Detroit Retirement Systems Funding Trust 2006 Certificates of Participation Series 2006-B, issued by the Detroit Retirement Systems Funding Trust 2006 pursuant to the 2006 COPs Agreement, in an initial principal amount of \$800 million, bearing interest at a floating rate.

4. "2006 COPs Agreement" means the Trust Agreement by and between the COP Service Corporations and U.S. Bank National Association, as trustee, dated June 12, 2006, as the same may have been subsequently amended, restated, supplemented or otherwise modified, together with all ancillary and related instruments.

5. "2014 DWSD Refinancing Obligations" means, collectively, the (i) City of Detroit, Michigan, Detroit Water and Sewerage Department Sewage Disposal System Revenue Refunding Senior Lien Bonds, Series 2014D, (ii) City of Detroit, Michigan, Detroit Water and Sewerage Department Sewage Disposal System Revenue Refunding Senior Lien Bonds, Series 2014E, (iii) City of Detroit, Michigan, Detroit Water and Sewerage Department Sewage Disposal System Revenue Refunding Second Lien Bonds, Series 2014F, (iv) City of Detroit, Michigan, Detroit Water and Sewerage Department Sewage Disposal System Revenue Refunding Second Lien Bonds, Series 2014G, (v) City of Detroit, Michigan, Detroit Water and Sewerage Department Water Supply System Revenue Refunding Senior Lien Bonds, Series 2014A, (vi) City of Detroit, Michigan, Detroit Water and Sewerage

Department Water Supply System Revenue Refunding Senior Lien Bonds, Series 2014B, (vii) City of Detroit, Michigan, Detroit Water and Sewerage Department Water Supply System Revenue Refunding Second Lien Bonds, Series 2014C, and (viii) City of Detroit, Michigan, Detroit Water and Sewerage Department Water Supply System Revenue Refunding Second Lien Bonds, Series 2014D.

6. "2014 Revenue and Revenue Refinancing Bonds" means, collectively, one or more series of Sewage Disposal System Revenue and Revenue Refunding Bonds and Water Supply System Revenue Refunding Bonds.

7. "2014 Revenue Refinancing Bonds" means, collectively, the Michigan Finance Authority's (i) Local Government Loan Program Revenue Bonds, Series 2014C-4 (Insured) (Detroit Water and Sewerage Department Sewage Disposal System Revenue Refunding Senior Lien Local Project Bonds), issued as the Type: Detroit Water and Sewerage Department Local Project Bonds, (ii) Local Government Loan Program Revenue Bonds, Series 2014C-5 (Detroit Water and Sewerage Department Sewage Disposal System Revenue Refunding Senior Lien Local Project Bonds), issued as the Type: Detroit Water and Sewerage Department Local Project Bonds, (iii) Local Government Loan Program Revenue Bonds, Series 2014C-6 (Insured) (Detroit Water and Sewerage Department Sewage Disposal System Revenue Refunding Second Lien Local Project Bonds), issued as the Type: Detroit Water and Sewerage Department Local Project Bonds, (iv) Local Government Loan Program Revenue Bonds, Series 2014C-7 (Detroit Water and Sewerage Department Sewage Disposal System Revenue Refunding Second Lien Local Project Bonds), issued as the Type: Detroit Water and Sewerage Department Local Project Bonds, (v) Local Government Loan Program Revenue Bonds, Series 2014D-1 (Insured) (Detroit Water and Sewerage Department Water Supply System Revenue Refunding Senior Lien Local Project Bonds), issued as the Type: Detroit Water and Sewerage Department Local Project Bonds, (vi) Local Government Loan Program Revenue Bonds, Series 2014D-2 (Detroit Water and Sewerage Department Water Supply System Revenue Refunding Senior Lien Local Project Bonds), issued as the Type: Detroit Water and Sewerage Department Local Project Bonds, (vii) Local Government Loan Program Revenue Bonds, Series 2014D-3 (Insured) (Detroit Water and Sewerage Department Water Supply System Revenue Refunding Second Lien Local Project Bonds), issued as the Type: Detroit Water and Sewerage Department Local Project Bonds, and (viii) Local Government Loan Program Revenue Bonds, Series 2014D-4 (Detroit Water and Sewerage Department Water Supply System Revenue Refunding Second Lien Local Project Bonds), issued as the Type: Detroit Water and Sewerage Department Local Project Bonds.

8. "36th District Court" means the district court for the thirty-sixth judicial district of the State.

9. "36th District Court Settlement" means the settlement between the City and the Settling 36th District Court Claimants, substantially on the terms set forth on Exhibit I.A.9.

10. "Active Employee" means an active employee of the City on and after the Confirmation Date.

11. "Actual Return" means, for each Fiscal Year during the period beginning July 1, 2003 and ending June 30, 2013, the actual net return percentage on invested GRS assets for that Fiscal Year; provided that, if the actual net return percentage on invested GRS assets for any given Fiscal Year is greater than 7.9%, the Actual Return for that Fiscal Year shall be 7.9%, and if the actual net return percentage on invested GRS assets for any given Fiscal Year is less than 0.0%, the Actual Return for that Fiscal Year shall be 0.0%.

12. "Ad Hoc Committee of DWSD Bondholders" means, collectively, Blackrock Financial Management, Inc., Eaton Vance Management, Fidelity Management & Research Company, Franklin Advisers, Inc. and Nuveen Asset Management.

13. "Adjusted Pension Amount" means the GRS Adjusted Pension Amount or the PFRS Adjusted Pension Amount, as applicable.

14. "Administrative Claim" means a Claim against the City arising on or after the Petition Date and prior to the Effective Date for a cost or expense of administration related to the Chapter 9 Case that is entitled to priority or superpriority under sections 364(c)(1), 503(b) or 507(b)(2) of the Bankruptcy Code, including (a) Claims, pursuant to section 503(b)(9) of the Bankruptcy Code, for the value of goods received by the City in the 20 days

immediately prior to the Petition Date and sold to the City in the ordinary course of the City's operations and (b) any Allowed Claims for reclamation under section 546(c)(1) of the Bankruptcy Code or section 2-702 of the Uniform Commercial Code; provided that no claim for professional fees or any other costs or expenses incurred by any official or unofficial creditors' committee or any member thereof shall be considered an Administrative Claim, except that the Retiree Committee's members and the Retiree Committee Professionals shall be entitled to payment in accordance with the Fee Review Order.

15. "ADR Injunction" means the injunction set forth at Section I.B of the ADR Procedures.

16. "ADR Procedures" means the alternative dispute resolution procedures approved by the ADR Procedures Order, as such procedures may be modified by further order of the Bankruptcy Court.

17. "ADR Procedures Order" means the Order, Pursuant to Sections 105 and 502 of the Bankruptcy Code, Approving Alternative Dispute Resolution Procedures to Promote the Liquidation of Certain Prepetition Claims (Docket No. 2302), entered by the Bankruptcy Court on the docket of the Chapter 9 Case on December 24, 2013, as it may be subsequently amended, supplemented or otherwise modified.

18. "Affiliate" shall have the meaning set forth in section 101(2) of the Bankruptcy Code.

19. "Allowed Claim(s)" means: (a) a Claim, proof of which has been timely Filed by the applicable Bar Date (or for which Claim under express terms of the Plan, the Bankruptcy Code or a Final Order of the Bankruptcy Court, a proof of Claim is not required to be Filed); (b) a Claim (i) that is listed in the List of Creditors, (ii) that is not identified on the List of Creditors as contingent, unliquidated or disputed and (iii) for which no proof of Claim has been timely Filed; (c) a Claim allowed pursuant to the Plan or a Final Order of the Bankruptcy Court; (d) a Claim designated as allowed in a stipulation or agreement between the City and the Holder of the Claim that is Filed; or (e) a Claim designated as allowed in a pleading entitled "Designation of Allowed Claims" (or a similar title of the same import) that is Filed; provided that with respect to any Claim described in clauses (a) or (b) above, such Claim shall be considered allowed only if and to the extent that (x) no objection to the allowance thereof has been interposed within the applicable period of time fixed by the Plan, the Bankruptcy Code, the Bankruptcy Rules or the Bankruptcy Court, or (y) if an objection is so interposed, the Claim shall have been allowed by a Final Order. Notwithstanding anything to the contrary herein, no Claim of any Entity subject to section 502(d) of the Bankruptcy Code shall be deemed to be an Allowed Claim unless and until such Entity pays in full the amount that it owes the City. "Allow" and "Allowing" shall have correlative meanings.

20. "Ambac" means Ambac Assurance Corporation.

21. "Annuity Savings Fund" means that sub-account and pension benefit arrangement that is part of the GRS and operated by the trustees of the GRS.

22. "Annuity Savings Fund Excess Amount" means the following: (a) for an ASF Current Participant who has not received any distributions from the Annuity Savings Fund, the difference between (i) the value of such participant's Annuity Savings Fund account as of June 30, 2013 and (ii) the value of such participant's Annuity Savings Fund account as of June 30, 2013 calculated using the Actual Return; (b) for an ASF Current Participant who has received any distribution from the Annuity Savings Fund other than a total distribution, the difference between (i) the sum of (A) the value of such participant's Annuity Savings Fund account as of June 30, 2013 and (B) all distributions received by such participant from the Annuity Savings Fund during the ASF Recoupment Period and (ii) the sum of (A) the value of such participant's Annuity Savings Fund account as of June 30, 2013 calculated using the Actual Return and (B) the value of the participant's distribution calculated as of the date of distribution using the Actual Return through such date; and (c) for an ASF Distribution Recipient, the difference between (i) the value of such ASF Distribution Recipient's Annuity Savings Fund account as of the date of distribution from the Annuity Savings Fund, provided such date falls within the ASF Recoupment Period, and (ii) the value of such participant's Annuity Savings Fund account as of such date, calculated using the Actual Return. For purposes of this definition, the value of a participant's Annuity Savings Fund account as of any date will include the principal amount of any loans to the participant from his Annuity Savings Fund account that are outstanding as of such date or that were defaulted during the ASF Recoupment Period.

23. "ASF/GRS Reduction" means, with respect to a Holder of a GRS Pension Claim who is a retiree who is receiving a monthly pension as of June 30, 2014 or such retiree's later-surviving beneficiary, the 4.5% reduction in the Current Accrued Annual Pension amount described in Section I.A.211, plus the ASF Recoupment.

24. "ASF Current Participant" means a person who (a) participates in the GRS, (b) participated in the Annuity Savings Fund at any time during the ASF Recoupment Period and (c) is not an ASF Distribution Recipient.

25. "ASF Distribution Recipient" means a person who (a) participates in the GRS, (b) participated in the Annuity Savings Fund at any time during the ASF Recoupment Period and (c) has received a total distribution from the Annuity Savings Fund.

26. "ASF Election Date" means the date that is 35 days after the date on which the ASF Election Form is mailed.

27. "ASF Election Form" means a form to be mailed to each ASF Distribution Recipient with the ASF Election Notice to allow such ASF Distribution Recipient to elect the ASF Recoupment Cash Option.

28. "ASF Election Notice" means a notice to be mailed to each ASF Distribution Recipient notifying such ASF Distribution Recipient of the ASF Recoupment Cash Option and providing such recipient with an ASF Election Form.

29. "ASF Final Cash Payment Date" means the later of (a) 90 days after the Effective Date or (b) 50 days after the date of mailing of an ASF Final Cash Payment Notice.

30. "ASF Final Cash Payment Notice" means a notice to be provided by GRS to each ASF Distribution Recipient who timely elects the ASF Recoupment Cash Option indicating the amount of such ASF Distribution Recipient's ASF Recoupment Cash Payment.

31. "ASF Recoupment" means the amount to be deducted from an ASF Current Participant's Annuity Savings Fund account or an ASF Distribution Recipient's monthly pension check, as applicable, pursuant to the formulae set forth in Section II.B.3.r.ii.D.

32. "ASF Recoupment Cap" means, for both ASF Current Participants and ASF Distribution Recipients, 20% of the highest value of such participant's Annuity Savings Fund account during the ASF Recoupment Period plus an interest component of 6.75% if the amount recouped is amortized over time. For purposes of this definition, the value of a participant's Annuity Savings Fund account as of any date will include the principal amount of any loans to the participant from such participant's Annuity Savings Fund account that are outstanding as of such date or that were defaulted during the ASF Recoupment Period.

33. "ASF Recoupment Cash Option" means an election that may be exercised by an ASF Distribution Recipient to pay the total amount of such ASF Distribution Recipient's ASF Recoupment in a single lump sum.

34. "ASF Recoupment Cash Payment" means the amount of the cash payment that an ASF Distribution Recipient who elects the ASF Recoupment Cash Option will be required to pay on account of such ASF Distribution Recipient's ASF Recoupment.

35. "ASF Recoupment Period" means the period beginning July 1, 2003 and ending June 30, 2013.

36. "Assigned UTGO Bond Tax Proceeds" means the rights to the proceeds of the UTGO Bond Tax Levy in an amount equal to the principal and interest payable on the Stub UTGO Bonds (but subject to the prior rights of the holders of the Municipal Obligation), which rights shall be assigned to a designee or designees of the City pursuant to the UTGO Settlement Agreement, substantially on the terms set forth on Exhibit I.A.360.

37. "Assured" means, together, Assured Guaranty Municipal Corp., formerly known as Financial Security Assurance, Inc., and Assured Guaranty Corp.

38. "Ballot" means the ballot upon which a Holder of an Impaired Claim entitled to vote shall cast its vote to accept or reject the Plan and make certain elections provided for in the Plan.

39. "Bankruptcy Code" means title 11 of the United States Code, 11 U.S.C. §§ 101-1532, as now in effect or hereafter amended.

40. "Bankruptcy Court" means the United States Bankruptcy Court for the Eastern District of Michigan having jurisdiction over the Chapter 9 Case, and, to the extent of the withdrawal of any reference under 28 U.S.C. § 157 or the General Order of the District Court pursuant to § 151 of title 28 of the United States Code, the District Court.

41. "Bankruptcy Rules" means, collectively, the Federal Rules of Bankruptcy Procedure and the general, local and chambers rules of the Bankruptcy Court, as now in effect or hereafter amended, as applicable to the Chapter 9 Case.

42. "Bar Date" means the applicable bar date by which a proof of Claim must be or must have been Filed, as established by an order of the Bankruptcy Court, including a Bar Date Order and the Confirmation Order.

43. "Bar Date Order" means any order of the Bankruptcy Court establishing Bar Dates for Filing proofs of Claim in the Chapter 9 Case, including the Order, Pursuant to Sections 105, 501 and 503 of the Bankruptcy Code and Bankruptcy Rules 2002 and 3003(c), Establishing Bar Dates for Filing Proofs of Claim and Approving Form and Manner of Notice Thereof (Docket No. 1782), entered by the Bankruptcy Court on the docket of the Chapter 9 Case on November 21, 2013, as it may be amended, supplemented or otherwise modified.

44. "Bond Agent" means a trustee, paying agent or similar Entity, as applicable, under the Bond Documents.

45. "Bond Claims" means, collectively, the DWSD Bond Claims, the DWSD Revolving Bond Claims, the General Obligation Bond Claims, the HUD Installment Note Claims and the Secured GO Bond Claims.

46. "Bond Documents" means, collectively, the DWSD Bond Documents, the DWSD Revolving Bond Documents, the General Obligation Bond Documents, the HUD Installment Note Documents and the Secured GO Bond Documents.

47. "Bond(s)" means, individually or collectively, the DWSD Bonds, the DWSD Revolving Bonds, the General Obligation Bonds, the HUD Installment Notes or the Secured GO Bonds.

48. "Bondholder" means any beneficial or record holder of a Bond.

49. "Bond Insurance Policies" means those policies, surety policies or other instruments insuring any Bond and obligations related thereto, including all ancillary and related documents that may obligate the City to pay any amount to a Bond Insurer for any reason.

50. "Bond Insurance Policy Claim" means a Claim held by a Bond Insurer arising under or in connection with a Bond Insurance Policy.

51. "Bond Insurer" means any party, other than the City, that has issued a Bond Insurance Policy.

52. "Business Day" means any day, other than a Saturday, Sunday or "legal holiday" (as defined in Bankruptcy Rule 9006(a)).

53. "Cash" means legal tender of the United States of America and equivalents thereof.

54. "Causes of Action" means, without limitation, any and all actions, causes of action, controversies, liabilities, obligations, rights, suits, damages, judgments, claims and demands whatsoever, whether known or

unknown, reduced to judgment, liquidated or unliquidated, fixed or contingent, matured or unmatured, disputed or undisputed, secured or unsecured, assertable directly or derivatively, existing or hereafter arising, in law, equity or otherwise, based in whole or in part upon any act or omission or other event occurring prior to the Effective Date, including without limitation (a) claims and causes of action under sections 502(d), 510, 544, 545, 547, 548, 549(a), 549(c), 549(d), 550, 551 and 553 of the Bankruptcy Code and (b) any other avoidance or similar claims or actions under the Bankruptcy Code or under similar or related state or federal statutes or common law, and, in the case of each Cause of Action, the proceeds thereof, whether received by judgment, settlement or otherwise.

55. "CFSEM Supporting Organization" means the Foundation for Detroit's Future, a supporting organization of, and an Entity legally separate from, the Community Foundation for Southeast Michigan, solely in its capacity as a participant in the DIA Settlement.

56. "Chapter 9 Case" means the bankruptcy case commenced by the City under chapter 9 of the Bankruptcy Code, captioned as *In re City of Detroit, Michigan*, Case No. 13-53846 (Bankr. E.D. Mich.), and currently pending before the Bankruptcy Court.

57. "City" means the City of Detroit, Michigan.

58. "City Council" means the duly-elected City Council of the City.

59. "City Parking Assets" means, collectively, the City's right, title and interest in (a) the Parking Garages, (b) operating revenue received by the City generated by the Parking Garages, (c) revenues collected from fines received by the City related to tickets issued for parking violations (other than any such revenue that would otherwise be paid to the 36th District Court), (d) revenue received by the City generated by parking meters owned by the City and (e) revenue received by the City generated by "boot and tow" operations conducted by the City.

60. "Claim" means a claim, as defined in section 101(5) of the Bankruptcy Code, against the City.

61. "Claims and Balloting Agent" means Kurtzman Carson Consultants, LLC, in its capacity as Bankruptcy Court-appointed claims and balloting agent for the Chapter 9 Case.

62. "Claims Objection Bar Date" means the deadline for objecting to a Claim, which shall be on the date that is the latest of (a) 180 days after the Effective Date, subject to extension by an order of the Bankruptcy Court, (b) 90 days after the Filing of a proof of Claim for such Claim and (c) such other period of limitation as may be specifically fixed by an order of the Bankruptcy Court, which other period may be set without notice to Holders of Claims.

63. "Claims Register" means the official register of Claims maintained by the Claims and Balloting Agent.

64. "Class" means a class of Claims, as described in Section II.B.

65. "Class 9 Settlement Asset Pool" means (a) either: (i) the New C Notes or (ii) in the event of a disposition or monetization of the City Parking Assets prior to distribution of the New C Notes, the proceeds from such disposition or monetization, in an amount not less than \$80 million; and (b) the Class 9 Settlement Credits.

66. "Class 9 Eligible City Asset" means those assets identified on Exhibit I.A.66.

67. "Class 9 Settlement Credits" means assignable, transferable settlement credits in the aggregate amount of \$25 million that may be applied to offset not more than 50% of the purchase price of a Class 9 Eligible City Asset; provided that, in all cases, to apply a Class 9 Settlement Credit, the owner thereof must (a) be the final party selected in a procurement process or auction conducted by the City and (b) otherwise satisfy all other elements of the procurement or auction process applicable to a particular Class 9 Eligible City Asset (in each of (a) and (b), without regard to such owner's offsetting any portion of the purchase price with such Class 9 Settlement Credit and irrespective of such owner's ability to apply any Class 9 Settlement Credit).

68. "COLAs" means the cost of living adjustments made to annual pension benefits pursuant to collective bargaining agreements, other contracts or ordinances (as applicable) to account for the effects of inflation, which adjustments sometimes are called "escalators" in such collective bargaining agreements, other contracts or ordinances.

69. "Confirmation" means the entry of the Confirmation Order by the Bankruptcy Court on the docket of the Chapter 9 Case.

70. "Confirmation Date" means the date on which the Bankruptcy Court enters the Confirmation Order on the docket in the Chapter 9 Case, within the meaning of Bankruptcy Rules 5003 and 9021.

71. "Confirmation Hearing" means the hearing held by the Bankruptcy Court on Confirmation of the Plan, as such hearing may be continued.

72. "Confirmation Order" means the order of the Bankruptcy Court confirming the Plan pursuant to section 943 of the Bankruptcy Code, as it may be subsequently amended, supplemented or otherwise modified.

73. "Contract Administration Agreement 2005" means the Contract Administration Agreement dated June 2, 2005, by and among the COP Service Corporations, the Detroit Retirement Systems Funding Trust 2005, the COP Contract Administrator and the COP Swap Counterparties.

74. "Contract Administration Agreement 2006" means the Contract Administration Agreement dated June 12, 2006, by and among the COP Service Corporations, the Detroit Retirement Systems Funding Trust 2006, the COP Contract Administrator and the COP Swap Counterparties.

75. "Contract Administration Agreements" means, together, the Contract Administration Agreement 2005 and the Contract Administration Agreement 2006.

76. "Convenience Claim" means a Claim that would otherwise be an Other Unsecured Claim that is (a) an Allowed Claim in an amount less than or equal to \$25,000.00; or (b) in an amount that has been reduced to \$25,000.00 pursuant to an election made by the Holder of such Claim; provided that, where any portion(s) of a single Claim has been transferred, (y) the amount of all such portions will be aggregated to determine whether a Claim qualifies as a Convenience Claim and for purposes of the Convenience Claim election and (z) unless all transferees make the Convenience Claim election on the applicable Ballots, the Convenience Claim election will not be recognized for such Claim.

77. "COP Agent" means a contract administrator, trustee, paying agent or similar Entity, as applicable, under the COP Documents.

78. "COP Agent Fees" means reasonable, actual and documented fees payable to the COP Agent for services rendered or expenses incurred in accordance with and pursuant to the terms of the COPs Documents.

79. "COP Claim" means a Claim under or evidenced by the COP Service Contracts. For the avoidance of doubt, except as provided in any Final Order of the Bankruptcy Court, the definition of COP Claim shall include any Claim (other than a COP Swap Claim) on account of any act, omission or representation (however described) based upon, arising out of or relating to: (a) the issuance, offering, underwriting, purchase, sale, ownership or trading of any COPs (to the extent any such Claim is not a Subordinated Claim); (b) the COP Service Corporations; (c) any COP Service Contracts; (d) the 2005 COPs Agreement; (e) the 2006 COPs Agreement; (f) the Detroit Retirement Systems Funding Trust 2005; (g) the Detroit Retirement Systems Funding Trust 2006; (h) the Contract Administration Agreement 2005; (i) the Contract Administration Agreement 2006; (j) any allegations that have been made or could have been made by or against the City or any other person in the COP Litigation; or (k) any policy of insurance relating to the COPs.

80. "COP Contract Administrator" means Wilmington Trust, National Association, as successor to U.S. Bank, N.A.

81. "COP Documents" means, collectively, the COP Service Contracts, the 2005 COPs Agreement, the 2006 COPs Agreement and the Contract Administration Agreements.

82. "COP Insurance Policies" means those certain policies or other instruments insuring the 2005 COPs issued under the 2005 COPs Agreement and the 2006 COPs issued under the 2006 COPs Agreement, including all ancillary and related documents that may obligate the City to pay any amount to a COP Insurer for any reason.

83. "COP Insurance Policies Claim" means a Claim held by a COP Insurer arising under or in connection with a COP Insurance Policy.

84. "COP Insurer" means any party, other than the City, that has issued a COP Insurance Policy.

85. "COP Litigation" means the adversary proceeding captioned as *City of Detroit, Michigan v. Detroit General Retirement System Service Corporation, Detroit Police and Fire Retirement System Service Corporation, Detroit Retirement Systems Funding Trust 2005 and Detroit Retirement Systems Funding Trust 2006*, Case No. 14-04112 (Bankr. E.D. Mich.), filed in the Chapter 9 Case on January 31, 2014.

86. "COP Service Contracts" means, collectively, the (a) the GRS Service Contract 2005, dated May 25, 2005, by and between the City and the Detroit General Retirement System Service Corporation; (b) the PFRS Service Contract 2005, dated May 25, 2005, by and between the City and the Detroit Police and Fire Retirement System Service Corporation; (c) the GRS Service Contract 2006, dated June 7, 2006, by and between the City and the Detroit General Retirement System Service Corporation; and (d) the PFRS Service Contract 2006, dated June 7, 2006, by and between the City and the Detroit Police and Fire Retirement System Service Corporation, as each of the foregoing may have been subsequently amended, restated, supplemented or otherwise modified, together with all ancillary and related instruments.

87. "COP Service Corporations" means, collectively, the Detroit General Retirement System Service Corporation and the Detroit Police and Fire Retirement System Service Corporation.

88. "COP Swap Agreements" means the 1992 ISDA Master Agreements (Local Currency Single Jurisdiction) between the COP Service Corporations and the COP Swap Counterparties, as set forth on Exhibit I.A.88, together with all ancillary and related instruments and agreements, as the same may have been subsequently amended, restated, supplemented or otherwise modified.

89. "COP Swap Claim" means a Claim by the COP Swap Counterparties arising under the COP Swap Documents.

90. "COP Swap Collateral Agreement" means the Collateral Agreement among the City, the COP Service Corporations, the COP Swap Collateral Agreement Custodian and the COP Swap Counterparties, together with all ancillary and related instruments and agreements.

91. "COP Swap Collateral Agreement Custodian" means U.S. Bank National Association as custodian under the COP Swap Collateral Agreement or any successor custodian.

92. "COP Swap Counterparties" means UBS AG and Merrill Lynch Capital Services, Inc., as successor to SBS Financial Products Company LLC, under the COP Swap Documents.

93. "COP Swap Documents" means the COP Swap Agreements and the COP Swap Collateral Agreement.

94. "COP Swap Exculpated Parties" means the COP Swap Counterparties and their affiliates and each of their respective present and former (a) officers, (b) directors, (c) employees, (d) members, (e) managers, (f) partners and (g) attorneys, attorneys-in-fact and other advisors, in each case solely in their capacity as such.

95. "COP Swap Settlement" means that Settlement and Plan Support Agreement among the City and the COP Swap Counterparties filed with the Bankruptcy Court on the docket of the Chapter 9 Case on March 26, 2014 (Docket No. 3234), as the same may be subsequently amended, restated, supplemented or otherwise modified in accordance therewith.

96. "COP Swap Settlement Approval Order" means the order entered by the Bankruptcy Court approving the COP Swap Settlement (Docket No. 4094).

97. "COP Syncora Swap Insurance Policies" shall mean policy numbers CA03049E, CA03049D, CA3049C and CA03049B issued by XL Capital Assurance Inc.

98. "COPs" means, collectively, the 2005 COPs and the 2006 COPs.

99. "COP Trustee" means Wilmington Trust, National Association, as Successor Trustee for the Detroit Retirement Systems Funding Trust 2005 and the Detroit Retirement Systems Funding Trust 2006, or any successor thereto.

100. "Counties" means, collectively, Macomb County, Oakland County and Wayne County.

101. "Cure Amount Claim" means a Claim based upon the City's defaults under an Executory Contract or Unexpired Lease at the time such contract or lease is assumed by the City under section 365 of the Bankruptcy Code to the extent such Claim is required to be cured by section 365 of the Bankruptcy Code.

102. "Current Accrued Annual Pension" means, with respect to any Holder of a Pension Claim, the amount of annual pension benefits that the applicable Retirement System (a) is obligated to pay to such Holder as of June 30, 2014 to the extent such Holder is retired or a surviving beneficiary and receiving, or terminated from City employment and eligible to receive, a monthly pension as of such date or (b) would be obligated to pay such Holder upon his or her future retirement to the extent such Holder is actively employed by the City on June 30, 2014, assuming such Holder's annual pension is frozen as of June 30, 2014, and such Holder is no longer able to accrue pension benefits after such date under the current terms and conditions of the applicable Retirement System, in either case as reflected on the books and records of the applicable Retirement System as of June 30, 2014.

103. "Current GRS Retiree Adjustment Cap" means, if the funding from the State Contribution Agreement and the DIA Settlement is received, an ASF/GRS Reduction in an amount not to exceed 20% of the Current Accrued Annual Pension (including an interest component of 6.75% on the ASF Recoupment portion of the ASF/GRS Reduction if the ASF Recoupment is amortized over time) of a person who was a current retiree as of June 30, 2014.

104. "CUSIP" means the nine-character identifier (consisting of letters and numbers) that uniquely identifies any particular issue of DWSD Bonds.

105. "Detroit General Retiree" means a retired employee or surviving beneficiary of a retired employee of a department of the City who (a) is not a Detroit Police and Fire Retiree, (b) retired (or is a surviving beneficiary of one who retired) on or before December 31, 2014 and (c) is a Holder of an OPEB Claim.

106. "Detroit General VEBA" means a voluntary employees' beneficiary association established in accordance with section 501(c)(9) of the Internal Revenue Code of 1986, as amended, and regulations thereunder that provides health benefits to Detroit General VEBA Beneficiaries and certain of their dependents.

107. "Detroit General VEBA Beneficiary" means either (a) a Holder of an Allowed OPEB Claim who is a Detroit General Retiree or (b) a retired employee (or surviving beneficiary of a retired employee) of the Detroit Public Library or the Detroit Regional Convention Facility Authority who (i) retired (or is a surviving beneficiary of one who retired) on or before December 31, 2014 and (ii) holds a valid claim for OPEB Benefits against the Detroit Public Library or the Detroit Regional Convention Facility Authority.

108. "Detroit General VEBA Trust Agreement" means the definitive documentation to be executed in connection with the formation of the Detroit General VEBA, in substantially the form attached hereto as Exhibit I.A.108.

109. "Detroit Police and Fire Retiree" means a retired employee or surviving beneficiary of a retired employee of the Detroit Police Department or the Detroit Fire Department who (a) was not an employee of the Emergency Medical Services Division of the Detroit Fire Department, (b) is a Holder of an OPEB Claim and (c) retired (or was a surviving beneficiary of one who retired) on or before December 31, 2014.

110. "Detroit Police and Fire VEBA" means a voluntary employees' beneficiary association established in accordance with section 501(c)(9) of the Internal Revenue Code of 1986, as amended, and regulations thereunder that provides health benefits to Detroit Police and Fire VEBA Beneficiaries and certain of their dependents.

111. "Detroit Police and Fire VEBA Beneficiary" means a Holder of an Allowed OPEB Claim that is a Detroit Police and Fire Retiree.

112. "Detroit Police and Fire VEBA Trust Agreement" means the definitive documentation to be executed in connection with the formation of the Detroit Police and Fire VEBA, in substantially the form attached hereto as Exhibit I.A.112.

113. "Detroit Retirement Systems Funding Trust 2005" means the funding trust established pursuant to the 2005 COPs Agreement.

114. "Detroit Retirement Systems Funding Trust 2006" means the funding trust established pursuant to the 2006 COPs Agreement.

115. "Developer" means FGIC or its designee(s) under the FGIC Development Agreement.

116. "DDA" means the City of Detroit Downtown Development Authority.

117. "DIA" means The Detroit Institute of Arts, a museum and cultural institution located at 5200 Woodward Avenue, Detroit, Michigan 48202.

118. "DIA Assets" means the "Museum Assets" as defined in the DIA Settlement Documents.

119. "DIA Corp." means The Detroit Institute of Arts, a Michigan non-profit corporation.

120. "DIA Direct Funders" means DIA Corp. and those DIA Funders whose commitments to contribute monies in furtherance of the DIA Settlement are made directly to the CFSEM Supporting Organization.

121. "DIA Funders" means those persons, businesses, business-affiliated foundations and other foundations from which DIA Corp. secures commitments, whether before or after the Effective Date, to contribute monies or otherwise secures contributions of monies in support of DIA Corp.'s payment obligations under the DIA Settlement, whether paid directly to the CFSEM Supporting Organization or to DIA Corp. for the purpose of supporting DIA Corp.'s payments to the CFSEM Supporting Organization.

122. "DIA Funding Parties" means the Foundations and the DIA Direct Funders.

123. "DIA Proceeds" means, collectively, the irrevocable funding commitments described in Section IV.E.1.

124. "DIA Proceeds Default Amount" means a reduction in the Adjusted Pension Amount of a Holder of a Pension Claim (or a surviving beneficiary) by virtue of a DIA Proceeds Payment Default, as determined by the trustees of the GRS or the PFRS, the aggregate amount of which shall be commensurate with the pertinent DIA Proceeds Payment Default.

125. "DIA Proceeds Payment Default" means a default that has not been cured during any applicable grace period, as determined by the trustees of the GRS or the PFRS, by one or more DIA Funding Parties respecting material amounts scheduled to be paid to the City in accordance with the DIA Settlement that the City, in turn, is required to pay over to the GRS or the PFRS in accordance with the terms and conditions of the Plan.

126. "DIA Settlement" means the comprehensive settlement regarding the DIA Assets, as described at Section IV.E and as definitively set forth in the DIA Settlement Documents, the principal terms of which are attached hereto as Exhibit I.A.126.

127. "DIA Settlement Documents" means the definitive documentation to be executed in connection with the DIA Settlement, in substantially the form attached hereto as Exhibit I.A.127, which documents substantially conform to the term sheet attached hereto as Exhibit I.A.126.

128. "Disbursing Agent" means the disbursing agent(s) appointed pursuant to Section V.A.

129. "Disclosure Statement" means the disclosure statement (including all exhibits and schedules thereto or referenced therein) that relates to the Plan and has been prepared and distributed by the City and approved by the Bankruptcy Court in the Disclosure Statement Order, as the same may be amended, supplemented or otherwise modified.

130. "Disclosure Statement Order" means the Order Approving the Proposed Disclosure Statement (Docket No. 4401), entered by the Bankruptcy Court on the docket of the Chapter 9 Case on May 5, 2014, approving the Disclosure Statement as containing adequate information pursuant to section 1125 of the Bankruptcy Code, as it may have been subsequently amended, supplemented or otherwise modified.

131. "Discounted Value" means the net present value of all Net DWSD Transaction Proceeds to be received immediately or in the future utilizing a 6.75% discount rate.

132. "Dismissed FGIC/COP Litigation" means all litigation pending between the City and FGIC (including all appeals) arising out of or related to, and all motions or objections pending in, the Chapter 9 Case, including the litigation set forth on Exhibit I.A.132, which litigation shall be dismissed or withdrawn as set forth in the FGIC/COP Settlement Documents.

133. "Dismissed Syncora Litigation" means all litigation pending between the City and Syncora (including all appeals) arising out of or related to, and all motions or objections pending in, the Chapter 9 Case, including the litigation set forth on Exhibit I.A.133, which litigation shall be dismissed or withdrawn as set forth in the Syncora Settlement Documents.

134. "Disputed Claim" means any Claim that is not Allowed.

135. "Distribution" means any initial or subsequent payment or transfer made on account of an Allowed Claim under or in connection with the Plan.

136. "Distribution Amount" means the principal amount of \$42,500,000 for each of the COP Swap Counterparties, plus interest, on and after October 15, 2014, on the unpaid Net Amount at the rate applicable to obligations under the Postpetition Financing Agreement, payable in cash in the manner set forth in the COP Swap Settlement Agreement.

137. "Distribution Date" means any date on which a Distribution is made.

138. "Distribution Record Date" means 5:00 p.m., Eastern Time, on the Confirmation Date.

139. "District Court" means the United States District Court for the Eastern District of Michigan.

140. "Document Website" means the internet site address <http://www.kccllc.net/Detroit>, at which the Plan, the Disclosure Statement and all Filed Exhibits to the Plan shall be available to any party in interest and the public, free of charge.

141. "Downtown Development Authority Claims" means Claims in respect of the Downtown Development Authority Loans.

142. "Downtown Development Authority Loans" means loans made pursuant to that certain Loan Agreement, dated August 26, 1991, by and between the City and the DDA, as the same may have been subsequently amended, restated, supplemented or otherwise modified, together with all ancillary and related instruments and agreements.

143. "DRCEA" means the Detroit Retired City Employees Association.

144. "DWSD" means the Detroit Water and Sewerage Department, which is a department of the City.

145. "DWSD Authority" means an authority that may be formed pursuant to a DWSD Authority Transaction to conduct many or all of the operations currently conducted by DWSD as described in Section IV.A.3.

146. "DWSD Authority Transaction" means the potential formation (including the potential transfer of certain assets owned by DWSD) and operation of the DWSD Authority, as described in Section IV.A.3.

147. "DWSD Bond Claims" means any Claim against the City arising under or evidenced by the DWSD Bond Documents, including a Claim for principal and interest on the DWSD Bonds.

148. "DWSD Bond Documents" means the ordinances passed, resolutions adopted, orders issued or indentures executed with respect to the DWSD Bonds, as set forth on Exhibit I.A.148, as the same may have been subsequently amended, restated, supplemented or otherwise modified, together with all ancillary and related instruments and agreements and all related Bond Insurance Policies.

149. "DWSD Bonds" means the secured bonds issued pursuant to the DWSD Bond Documents, as set forth on Exhibit I.A.148.

150. "DWSD CVR" means a single series of contingent value right certificates representing the right to receive 50% of the Net DWSD Transaction Proceeds received by the General Fund on account of a Qualifying DWSD Transaction.

151. "DWSD Exculpated Parties" means, collectively, the DWSD Settlement Parties and their respective parents, affiliates, shareholders, directors, officers, managers, employees, agents, attorneys, advisors, accountants, restructuring consultants, financial advisors and investment bankers, solely in their capacity as such.

152. "DWSD Revolving Bond Claims" means, collectively, the DWSD Revolving Sewer Bond Claims and the DWSD Revolving Water Bond Claims.

153. "DWSD Revolving Bond Documents" means, collectively, the DWSD Revolving Sewer Bond Documents and the DWSD Revolving Water Bond Documents.

154. "DWSD Revolving Bonds" means, collectively, the DWSD Revolving Sewer Bonds and the DWSD Revolving Water Bonds.

155. "DWSD Revolving Sewer Bond Claims" means any Claim against the City arising under or evidenced by the DWSD Revolving Sewer Bond Documents, including a Claim for principal and interest on the DWSD Revolving Sewer Bonds.

156. "DWSD Revolving Sewer Bond Documents" means the ordinances passed, resolutions adopted or indentures or agreements executed with respect to the DWSD Revolving Sewer Bonds, as set forth on Exhibit I.A.156, as the same may have been subsequently amended, restated, supplemented or otherwise modified, together with all ancillary and related instruments and agreements and all related Bond Insurance Policies.

157. "DWSD Revolving Sewer Bonds" means the secured bonds issued pursuant to the DWSD Revolving Sewer Bond Documents, as set forth on Exhibit I.A.156.

158. "DWSD Revolving Water Bond Claims" means any Claim against the City arising under or evidenced by the DWSD Revolving Water Bond Documents, including a Claim for principal and interest on the DWSD Revolving Water Bonds.

159. "DWSD Revolving Water Bond Documents" means the ordinances passed, resolutions adopted or indentures or agreements executed with respect to the DWSD Revolving Water Bonds, as set forth on Exhibit I.A.159, as the same may have been subsequently amended, restated, supplemented or otherwise modified, together with all ancillary and related instruments and agreements and all related Bond Insurance Policies.

160. "DWSD Revolving Water Bonds" means the secured bonds issued pursuant to the DWSD Revolving Water Bond Documents, as set forth on Exhibit I.A.159.

161. "DWSD Series" means an individual issue of DWSD Revolving Bonds having the same lien priority, issue date and series designation.

162. "DWSD Settlement Date" means the date prior to the Effective Date upon which each of (i) consummation of the purchase of the DWSD Tendered Bonds, (ii) issuance of the 2014 DWSD Refinancing Obligations and (iii) issuance of the 2014 Revenue Refinancing Bonds occurs, which date is identified as September 4, 2014 in the DWSD Tender Invitations (subject to rescheduling to a date earlier or later than that date by the City in its sole discretion).

163. "DWSD Settlement Parties" means, collectively, Assured Guaranty Municipal Corp., formerly known as Financial Security Assurance Inc., Berkshire Hathaway Assurance Corp., FGIC (solely in its capacity as a DWSD Bond Insurer), NPFG, the Ad Hoc Committee of DWSD Bondholders and U.S. Bank National Association, as trustee for the DWSD Bonds.

164. "DWSD Tender" means the offers, subject to acceptance at the City's election and in its sole discretion, to purchase for cancellation some or all of the DWSD Bonds that have been tendered and accepted in connection with, and on the terms provided in, the DWSD Tender Invitations.

165. "DWSD Tendered Bonds" means the DWSD Bonds that have been tendered for purchase or cancellation pursuant to the DWSD Tender.

166. "DWSD Tender Invitations" means the invitations and accompanying disclosure statements sent by the City to holders of DWSD Bonds on August 7, 2014, in the form of those collectively attached as Exhibits 8A and 8B to the DWSD Tender Motion.

167. "DWSD Tender Motion" means the Motion of the Debtor for a Final Order Pursuant to (I) 11 U.S.C. §§105, 364(c), 364(d)(1), 364(e), 902, 904, 921, 922 and 928 (A) Approving Postpetition Financing and (B) Granting Liens and (II) Bankruptcy Rule 9019 Approving Settlement of Confirmation Objections (Docket No. 6644), Filed by the City on August 11, 2014.

168. "DWSD Tender Order" means the Order, Pursuant to (I) 11 U.S.C. §§ 105, 364(c), 364(d)(1), 364(e), 902, 904, 921, 922 and 928 (A) Approving Postpetition Financing and (B) Granting Liens and (II) Bankruptcy Rule 9019 Approving Settlement of Confirmation Objections (Docket No. 7028), entered by the Bankruptcy Court on the docket of the Chapter 9 Case on August 25, 2014.

169. "Effective Date" means the Business Day, as determined by the City, on which each applicable condition contained in Section III.A has been satisfied or waived.

170. "Eligible Pensioner" means a Holder of a Pension Claim who is eligible to receive an Income Stabilization Payment because such Holder (a) is, as of the Effective Date, at least 60 years of age or is a minor child receiving survivor benefits from GRS or PFRS and (b) has an aggregate annual household income equal to or less than 140% of the Federal Poverty Level in 2013 (as determined by reference to their (or in the case of minor children, their legal guardian's) 2013 income tax returns or equivalent documentation); provided, that no new persons will be eligible to receive Income Stabilization Payments at any time in the future, and any minor child receiving survivor benefits shall cease to be an Eligible Pensioner after he or she turns 18 years of age.

171. "Emergency Manager" means Kevyn D. Orr, in his capacity as emergency manager for the City serving in accordance with PA 436 or any successor emergency manager.

172. "Employee Health and Life Insurance Benefit Plan" means the Employee Health and Life Insurance Benefit Plan, a welfare benefit plan sponsored and administered by the City, which provides health, dental, vision care and life insurance benefits to (a) all officers and employees of the City who were employed on the day preceding the effective date of the benefit plan, and who continue to be employed by the City on and after the Effective Date and (b) substantially all retired officers and employees of the City.

173. "Employees Death Benefit Board of Trustees" means the governing board of the City of Detroit Employee Health and Life Insurance Benefit Plan, which operates and administers the Employees Death Benefit Plan.

174. "Employees Death Benefit Plan" means the City of Detroit Employee Death Benefit Plan, a pre-funded defined benefit plan and trust administered by the Employees Death Benefit Board of Trustees that provides supplemental death benefits to active and retired officers and employees of the City.

175. "Entity" shall have the meaning set forth in section 101(15) of the Bankruptcy Code.

176. "Estimated Future Liability" means the Income Stabilization Payments anticipated to be made from GRS or PFRS, as applicable, in the future in order for the respective Retirement System to fulfill the obligation to make Income Stabilization Payments, as determined by the respective Retirement System's board of trustees in the year 2022, provided that the State has not issued a certificate of default under the State Contribution Agreement with respect to the Retirement System at any time prior to 2022.

177. "Excess Assets" means the amount by which, if at all, the Income Stabilization Fund of either GRS or PFRS is credited with assets in excess of its Estimated Future Liability.

178. "Excess New B Notes" means, collectively: (a) the Syncora Excess New B Notes and (b) New B Notes in the aggregate face amount of approximately \$48.71 million, representing the difference between (i) the New B Notes that would have been distributed to FGIC or the FGIC COP Holders had their respective asserted COP Claims for principal and interest in Class 9 been Allowed in full and (ii) the New B Notes to be provided to FGIC and the FGIC COP Holders as partial consideration pursuant to the terms of the FGIC/COP Settlement.

179. "Excluded Actions" means (a) any claims with respect to enforcement of the FGIC/COP Settlement Documents or the FGIC Development Agreement, (b) any claims with respect to the New B Notes, the New C Notes or the Class 9 Settlement Credits, (c) any claims held by FGIC against the (i) COP Swap Counterparties or (ii) Related Entities of any of the foregoing, or (d) any claims asserted against the City in the proofs of claim filed by FGIC and the COP Trustee; provided that, with respect to the claims described in clause (d), notwithstanding any other provision of the Plan, such claims shall be subject to the treatment, discharge and injunction provisions set forth herein.

180. "Exculpated Parties" means, collectively and individually, (a) the RDPFFA and its board of trustees/directors, attorneys, advisors and professionals, (b) the DRCEA and its board of trustees/directors,

attorneys, advisors and professionals, (c) the postpetition officers of the Detroit Police Lieutenants and Sergeants Association, (d) the postpetition officers of the Detroit Police Command Officers Association, (e) GRS and its postpetition professional advisors, (f) PFRS and its postpetition professional advisors, (g) Gabriel, Roeder, Smith & Company, (h) the COP Swap Exculpated Parties, (i) the LTGO Exculpated Parties, (j) the UTGO Exculpated Parties, (k) the DWSD Exculpated Parties, (l) the RDPMA Exculpated Parties, (m) the Syncora Exculpated Parties, (n) the COP Agent and (o) the FGIC/COP Exculpated Parties. For the avoidance of doubt, Exculpated Parties shall not include the COP Service Corporations.

181. "Executory Contract" means a contract to which the City is a party that is subject to assumption, assumption and assignment, or rejection under section 365 of the Bankruptcy Code.

182. "Exhibits" means, collectively, the documents listed on the "Table of Exhibits" included herein, all of which will be made available on the Document Website once they are Filed. The City reserves the right, in accordance with the terms hereof, to modify, amend, supplement, restate or withdraw any of the Exhibits after they are Filed and shall promptly make such changes available on the Document Website.

183. "Exit Facility" means a credit facility that will be entered into by the City, the Exit Facility Agent and the other financial institutions party thereto on the Effective Date on substantially the terms set forth on Exhibit I.A.183.

184. "Exit Facility Agent" means the agent under the Exit Facility.

185. "Face Amount" means either (a) the full stated amount claimed by the holder of such Claim in any proof of Claim Filed by the Bar Date or otherwise deemed timely Filed under applicable law, if the proof of Claim specifies only a liquidated amount; (b) if no proof of Claim is Filed by the Bar Date or otherwise deemed timely Filed under applicable law, the full amount of the Claim listed on the List of Creditors, provided that such amount is not listed as disputed, contingent or unliquidated; or (c) the amount of the Claim (i) acknowledged by the City in any objection Filed to such Claim, (ii) estimated by the Bankruptcy Court for such purpose pursuant to section 502(c) of the Bankruptcy Code, or (iii) proposed by City, if (A) no proof of Claim has been Filed by the Bar Date or has otherwise been deemed timely Filed under applicable law and such amount is not listed in the List of Creditors or is listed in List of Creditors as disputed, contingent or unliquidated or (B) the proof of Claim specifies an unliquidated amount (in whole or in part).

186. "Federal Poverty Level" means the poverty guidelines issued each year in the *Federal Register* by the United States Department of Health and Human Services.

187. "Fee Examiner" means Robert M. Fishman, in his capacity as the fee examiner appointed pursuant to the Fee Examiner Order.

188. "Fee Examiner Order" means the Order Appointing Fee Examiner (Docket No. 383), entered by the Bankruptcy Court on the docket of the Chapter 9 Case on August 19, 2013, as it may have been amended, supplemented or otherwise modified.

189. "Fee Examiner Parties" means, collectively, (a) the Fee Examiner and (b) all counsel and other professionals advising the Fee Examiner whose fees and expenses are subject to the Fee Review Order.

190. "Fee Review Order" means the Fee Review Order (Docket No. 810), entered by the Bankruptcy Court on the docket of the Chapter 9 Case on September 11, 2013, as it may have been amended, supplemented or otherwise modified, including pursuant to the Order Amending and Clarifying Fee Review Order of September 11, 2013 (Docket No. 5150), entered on May 29, 2014.

191. "Fee Review Professionals" means, collectively, (a) those professionals retained by the City and the Retiree Committee to render services in connection with the Chapter 9 Case who seek payment of compensation and reimbursement of expenses from the City for postpetition services pursuant to and in accordance with the Fee Review Order and (b) those additional professionals retained by third parties to provide services in connection with

the Chapter 9 Case that seek reimbursement by or payment from the City or any of its departments and are, or are determined (by Bankruptcy Court order or otherwise) to be, subject to the Fee Review Order or the terms of this Plan. For the avoidance of doubt, any professionals retained by any official committee appointed in the Chapter 9 Case other than the Retiree Committee are not Fee Review Professionals.

192. "Fee Review Professional Fees" means, collectively, (a) the fees and expenses of the Fee Review Professionals incurred during the period beginning on the Petition Date and ending on the Effective Date and (b) the fees and expenses of the Fee Examiner Parties through the projected date of dismissal of the Fee Examiner pursuant to Section IV.N.3.

193. "FGIC" means Financial Guaranty Insurance Company.

194. "FGIC/COP Exculpated Parties" means (a) FGIC and its Related Entities, (b) the FGIC COP Holders and their respective Related Entities and (c) the COP Agent and its Related Entities, in each case solely in their respective capacities as holders of, insurer of or administrator, trustee, or paying agent with respect to COP Claims.

195. "FGIC COP Holders" means the registered and beneficial holders of COPs originally insured by FGIC.

196. "FGIC/COP Settlement" means the comprehensive settlement with FGIC and the FGIC COP Holders, as described at Section IV.J and as definitively set forth in the FGIC/COP Settlement Documents.

197. "FGIC/COP Settlement Documents" means the definitive documentation to be executed in connection with the FGIC/COP Settlement, in substantially the form attached hereto as Exhibit I.A.197, and in any case in form and substance reasonably acceptable to the City, FGIC and the FGIC COP Holders. Whenever the consent of the FGIC COP Holders is required hereunder, or any document is required to be reasonably satisfactory to the FGIC COP Holders, such consent shall be deemed given and such document shall be deemed reasonably satisfactory unless within the period of time specified for such consent or document (which shall be reasonable under the circumstances and in any event not less than 48 hours after the request for such consent or proposed document shall have been filed with the court) unless beneficial holders of a majority of the COPs originally insured by FGIC shall have objected in writing to the action or document.

198. "FGIC Development Agreement" means that certain development agreement to be entered into by the City and the Developer, in substantially the form attached hereto as Exhibit I.A.198.

199. "FGIC Settlement Consideration" means the share of the Class 9 Settlement Asset Pool and New B Notes to be distributed for the benefit of FGIC and the FGIC COP Holders pursuant to Section II.B.3.p.i.A in respect of COPs originally insured by FGIC.

200. "File," "Filed," or "Filing" means file, filed or filing with the Bankruptcy Court or the Claims and Balloting Agent, as applicable, in the Chapter 9 Case.

201. "Final Order" means an order or judgment of the Bankruptcy Court, or any other court of competent jurisdiction, as entered on the docket in the Chapter 9 Case or the docket of any other court of competent jurisdiction, that has not been reversed, stayed, modified or amended, and as to which the time to appeal or seek certiorari or move, under Bankruptcy Rule 9023 or Rule 59 of the Federal Rules of Civil Procedure, for a new trial, reargument or rehearing has expired, and no appeal or petition for certiorari or other proceedings for a new trial, reargument or rehearing has been timely taken, or as to which any appeal that has been taken or any petition for certiorari that has been timely filed has been withdrawn or resolved by the highest court to which the order or judgment was appealed or from which certiorari was sought or the new trial, reargument or rehearing shall have been denied or resulted in no modification of such order; provided that the possibility that a motion under Rule 60 of the Federal Rules of Civil Procedure, or any analogous rule under the Bankruptcy Rules, may be filed shall not prevent such order from being a Final Order.

202. "Financial Review Commission" means the financial review commission appointed under Section 4 of the Financial Review Commission Act.

203. "Financial Review Commission Act" means Public Act 181 of 2014 of the State, also known as the Michigan Financial Review Commission Act, Michigan Compiled Laws §§ 141.1631, *et seq.*

204. "Fiscal Year" means a fiscal year for the City, commencing on July 1 of a year and ending on June 30 of the following year. A Fiscal Year is identified by the calendar year in which the Fiscal Year ends, such that, for example, the 2015 Fiscal Year is the Fiscal Year commencing on July 1, 2014, and ending on June 30, 2015.

205. "Foundations" means those entities identified on Exhibit B to the summary of the material terms of the DIA Settlement, which is attached hereto as Exhibit I.A.126.

206. "General Fund" means the primary governmental fund and the chief operating fund of the City, which fund accounts for several of the City's primary services, including police, fire, public works, community and youth services.

207. "General Obligation Bond Claims" means, collectively, the Limited Tax General Obligation Bond Claims and the Unlimited Tax General Obligation Bond Claims.

208. "General Obligation Bond Documents" means, collectively, the Limited Tax General Obligation Bond Documents and the Unlimited Tax General Obligation Bond Documents.

209. "General Obligation Bonds" means, collectively, the Limited Tax General Obligation Bonds and the Unlimited Tax General Obligation Bonds.

210. "GRS" means the General Retirement System of the City of Detroit.

211. "GRS Adjusted Pension Amount" means, with respect to a Holder of a GRS Pension Claim, the Current Accrued Annual Pension payable to such Holder as adjusted in accordance with the following formulas:

(a) If Classes 10 and 11 vote to accept the Plan, and funding is received from the DIA Settlement and the State Contribution Agreement: for a Holder of a GRS Pension Claim who is (i) either retired and receiving a monthly pension or a surviving beneficiary or (ii) an Active Employee or a terminated employee with a right to receive a GRS pension in the future, elimination of the right to supplemental pension benefits to be paid after July 1, 2014 in respect of COLAs, plus an additional 4.5% reduction in the Current Accrued Annual Pension amount, plus the ASF Recoupment, provided that ASF Recoupment shall not apply to a surviving beneficiary of a retiree who died prior to June 30, 2014; and

(b) If Classes 10 and 11 do not vote to accept the Plan or funding is not received from the DIA Settlement and the State Contribution Agreement: for a Holder of a GRS Pension Claim who is (i) either retired and receiving a monthly pension or a surviving beneficiary or (ii) an Active Employee or a terminated employee with a right to receive a GRS pension in the future, elimination of the right to supplemental pension benefits to be paid after July 1, 2014 in respect of COLAs, plus an additional 27% reduction in the Current Accrued Annual Pension amount, plus the ASF Recoupment; provided that ASF Recoupment shall not apply to a surviving beneficiary of a retiree who died prior to June 30, 2014; and provided further, that with respect to Holders who are Active Employees, in the event the unfunded liabilities of the GRS for the plan year ending June 30, 2014 are greater than the unfunded liabilities of the GRS as of June 30, 2013, the monthly pension amount shall be decreased to the extent necessary to ensure that there is no change in the amount of the underfunding between Fiscal Years 2013 and 2014.

212. "GRS Pension Claim" means any Claim (other than an OPEB Claim), whether asserted by current or former employees of the City or any participants in GRS, their heirs or beneficiaries or by the GRS or any trustee thereof or any other Entity acting on the GRS's behalf, against the City or any fund managed by the City (including,

but not limited to, the General Fund, the water fund, the sewage disposal fund, the Detroit General Retirement System Service Corporation fund or the pension funds) based upon, arising under or related to any agreement, commitment or other obligation, whether evidenced by contract, agreement, rule, regulation, ordinance, statute or law for (a) any pension, disability or other post-retirement payment or distribution in respect of the employment of current or former employees or (b) the payment by the GRS to persons who at any time participated in, were beneficiaries of or accrued post-retirement pension or financial benefits under the GRS.

213. "GRS Restoration Payment" means an addition to the pension benefits that comprise the GRS Adjusted Pension Amount as described in Exhibit II.B.3.r.ii.C.

214. "Holder" means an Entity holding a Claim. With respect to any COP originally insured by FGIC, "Holder" includes the beneficial holders of any such COP.

215. "HUD Installment Note Claims" means any Claim against the City arising under or evidenced by the HUD Installment Note Documents, including a Claim for principal and interest on the HUD Installment Notes.

216. "HUD Installment Note Documents" means the promissory notes executed with respect to the HUD Installment Notes, as set forth on Exhibit I.A.216, as the same may have been subsequently amended, restated, supplemented or otherwise modified, together with all ancillary and related instruments and agreements and all related Bond Insurance Policies.

217. "HUD Installment Notes" means, collectively, the secured notes issued under the HUD Installment Note Documents, as set forth on Exhibit I.A.216.

218. "Impaired" means, with respect to a Class or a Claim, that such Class or Claim is impaired within the meaning of section 1124 of the Bankruptcy Code.

219. "Income Stabilization Benefit" means a supplemental pension benefit in an amount necessary to ensure that (a) each Eligible Pensioner's total household income is equal to 130% of the Federal Poverty Level in 2013 or (b) the annual pension benefit payment payable to each Eligible Pensioner equals 100% of the annual pension benefit payment actually received by the Eligible Pensioner in 2013, whichever amount is lower.

220. "Income Stabilization Benefit Plus" means a supplemental pension benefit in an amount necessary to ensure that (a) an Eligible Pensioner's estimated adjusted annual household income (as determined by the applicable Retirement System) in a given calendar year is equal to 105% of the Federal Poverty Level for such year or (b) the annual pension benefit payment payable to an Eligible Pensioner equals 100% of the Eligible Pensioner's Current Accrued Annual Pension, plus COLAs, whichever amount is lower.

221. "Income Stabilization Payments" means the Income Stabilization Benefit and the Income Stabilization Benefit Plus, which will be paid from the Income Stabilization Fund in each of GRS and PFRS to Eligible Pensioners in accordance with the State Contribution Agreement.

222. "Income Stabilization Fund" means a separate recordkeeping sub-account that will be established in each of GRS and PFRS for the sole purpose of paying Income Stabilization Payments to Eligible Pensioners. The assets credited to these sub-accounts will be invested on a commingled basis with the GRS and PFRS assets, as applicable, and will be credited with a pro rata portion of the applicable Retirement System's earnings and losses.

223. "Indirect 36th District Court Claim" means any claim arising in connection with a Cause of Action against the 36th District Court, solely to the extent that (a) the 36th District Court is entitled to receive funding from the City to satisfy any such claim and (b) any Claim for such funding by the 36th District Court is resolved pursuant to the Plan and the 36th District Court Settlement.

224. "Indirect Employee Indemnity Claim" means any claim against an employee or former employee of the City with respect to which such employee has an Allowed Claim against the City for indemnification or

payment or advancement of defense costs based upon, arising under or related to any agreement, commitment or other obligation, whether evidenced by contract, agreement, rule, regulation, ordinance, statute or law.

225. "Insured LTGO Bonds" means those Limited Tax General Obligation Bonds that are insured by the LTGO Insurer.

226. "Investment Committee" means, as applicable, the investment committee established by GRS or PFRS for the purpose of making recommendations to, and approving certain actions by, the respective Retirement System's board of trustees or making determinations and taking action under, and with respect to certain matters described in, the State Contribution Agreement.

227. "Liabilities" means any and all claims, obligations, suits, judgments, damages, demands, debts, rights, derivative claims, causes of action and liabilities, whether liquidated or unliquidated, fixed or contingent, matured or unmatured, known or unknown, foreseen or unforeseen, arising in law, equity or otherwise, that are based in whole or in part on any act, event, injury, omission, transaction, agreement, employment, exposure or other occurrence taking place on or prior to the Effective Date.

228. "Lien" shall have the meaning set forth in section 101(37) of the Bankruptcy Code.

229. "Limited Tax General Obligation Bond Claim" means any Claim against the City arising under or evidenced by the Limited Tax General Obligation Bond Documents, including a Claim for principal and interest on the Limited Tax General Obligation Bonds.

230. "Limited Tax General Obligation Bond Documents" means the resolutions adopted and orders issued with respect to the Limited Tax General Obligation Bonds, as set forth on Exhibit I.A.230, as the same may have been subsequently amended, restated, supplemented or otherwise modified, together with all ancillary and related instruments and agreements and all related Bond Insurance Policies.

231. "Limited Tax General Obligation Bonds" means, collectively, the unsecured bonds issued under the Limited Tax General Obligation Bond Documents, as set forth on Exhibit I.A.230.

232. "Liquidity Event" shall be deemed to occur only if the City has at all times complied with its obligations under the COP Swap Settlement to use its best efforts to secure sufficient exit financing as set forth therein, but is nonetheless unable to secure sufficient exit financing to pay the Net Amount on or promptly following the Effective Date.

233. "List of Creditors" means the Second Amended List of Creditors and Claims, Pursuant to Sections 924 and 925 of the Bankruptcy Code (together with the summaries and schedules attached thereto), attached as Exhibit A to the Notice of Filing of Second Amended List of Creditors and Claims, Pursuant to Sections 924 and 925 of the Bankruptcy Code (Docket No. 1059), Filed by the City on September 30, 2013, as such list, summaries or schedules may be amended, restated, supplemented or otherwise modified.

234. "LTGO Distribution Agent" means U.S. Bank National Association, in its capacity as agent under a distribution agreement to be entered into in connection with the LTGO Settlement Agreement or such other entity as may be agreed to among the parties to the LTGO Settlement Agreement.

235. "LTGO Exculpated Parties" means (a) the LTGO Insurer, (b) BlackRock Financial Management, solely in its capacity as a Holder of Limited Tax General Obligation Bonds, and (c) their respective parents, affiliates, shareholders, directors, officers, managers, employees, agents, attorneys, advisors, accountants, consultants, financial advisors and investment bankers, solely in their capacity as such.

236. "LTGO Insurer" means Ambac, solely in its capacity as insurer of certain of the City's obligations with respect to the Limited Tax General Obligation Bonds.

237. "LTGO Settlement Agreement" means the comprehensive settlement regarding Limited Tax General Obligation Bond Claims and related Bond Insurance Policy Claims, substantially in the form attached hereto as Exhibit I.A.237.

238. "LTGO Settlement Parties" means (a) the LTGO Insurer and (b) BlackRock Financial Management, on behalf of certain managed funds and accounts set forth in the LTGO Settlement Agreement.

239. "Macomb County" means the County of Macomb, Michigan.

240. "Mayor" means the duly-elected mayor of the City.

241. "MFA" means the Michigan Finance Authority.

242. "Municipal Obligation" means the local government municipal obligation to be delivered by the City to the MFA in accordance with the LTGO Settlement Agreement and applicable law.

243. "NPFG" means National Public Finance Guarantee Corporation.

244. "Net Amount" means the Distribution Amount less the sum of all quarterly payments received by the COP Swap Counterparties under the COP Swap Collateral Agreement in respect of amounts owed under the COP Swap Agreements since January 1, 2014.

245. "Net DWSD Transaction Proceeds" means (a) the cash proceeds received by or for the benefit of, or for attribution to, the General Fund as a result of a Qualifying DWSD Transaction less (1) any cash payments made by or on behalf of the General Fund in connection with a Qualifying DWSD Transaction, (2) any cash payments previously anticipated or projected to be contributed to GRS by DWSD but for the Qualifying DWSD Transaction and (3) any cash payments previously anticipated or projected to be received by or on behalf of the General Fund but for the Qualifying DWSD Transaction; and (b) any other net payments, assumption of scheduled monetary liability or cancellation of indebtedness or other monetary obligations that inures to the direct benefit of the General Fund as a result of the Qualifying DWSD Transaction. In applying this definition, the City and the Restoration Trust (or the Retiree Committee if prior to the Effective Date) will work to develop a schedule of Net DWSD Transaction Proceeds at the time of the Qualifying DWSD Transaction that will inform any Value Determination (if requested) and allow the parties to subsequently track actual results and adjust applicable pension restoration levels accordingly.

246. "New B Notes" means the unsecured bonds to be issued by the City pursuant to the New B Notes Documents, substantially on the terms set forth on Exhibit I.A.246.

247. "New B Notes Documents" means the ordinances to be passed, resolutions to be adopted, orders to be issued or indentures to be executed with respect to the New B Notes, in substantially the form attached hereto as Exhibit I.A.247.

248. "New C Notes" means the unsecured bonds to be issued by the City pursuant to the New C Notes Documents, substantially on the terms set forth on Exhibit I.A.248 and in any case in form and substance reasonably acceptable to the City and Syncora.

249. "New C Notes Documents" means the ordinances to be passed, resolutions to be adopted, orders to be issued or indentures to be executed with respect to the New C Notes, in substantially the form attached hereto as Exhibit I.A.249 and in any case in form and substance reasonably acceptable to the City and Syncora.

250. "New GRS Active Pension Plan" means the terms and conditions for future accrual and payment of pensions for active non-public safety employees of the City or another entity that participates in GRS in connection with employment service performed on and after July 1, 2014, in substantially the form attached hereto as Exhibit I.A.250.a and the material terms of which are attached hereto as Exhibit I.A.250.b.

251. "New GRS Active Pension Plan Formula" means an accrual rate for active employee participants in the GRS for benefits earned for service on or after July 1, 2014 that equals the product of (a) 1.5% multiplied by (b) an employee's average base compensation over such employee's final 10 years of service, multiplied by (c) such employee's years of service after July 1, 2014. For purposes of this definition, base compensation will exclude overtime, longevity or other bonuses, and unused sick leave, and the New GRS Active Pension Plan Formula will be part of a hybrid program that will contain rules to shift funding risk to participants in the event of underfunding of hybrid pensions, and mandate minimum retirement ages for unreduced pensions.

252. "New LTGO Bond Documents" means the ordinances to be passed, resolutions to be adopted, orders to be issued or indentures to be executed with respect to the New LTGO Bonds, in substantially the form attached as an exhibit to the LTGO Settlement Agreement.

253. "New LTGO Bonds" means the bonds to be issued by the City pursuant to the New LTGO Bond Documents, substantially on the terms set forth on Schedule 1 of the LTGO Settlement Agreement.

254. "New PFRS Active Pension Plan" means the terms and conditions for future accrual and payment of pensions for active public safety employees of the City in connection with employment service performed on and after July 1, 2014, in substantially the form attached hereto as Exhibit I.A.254.a and the material terms of which are attached hereto as Exhibit I.A.254.b.

255. "New PFRS Active Pension Plan Formula" means an accrual rate for active employee participants in the PFRS for benefits earned on or after July 1, 2014 that equals the product of (a) 2.0% multiplied by (b) an employee's average base compensation over the employee's final five years of service, as set forth on Exhibit I.A.254.b, multiplied by (c) such employee's years of service after July 1, 2014. For purposes of this definition, base compensation will mean the employee's actual base compensation and will exclude overtime, longevity or other bonuses, and unused sick leave, and the New PFRS Active Pension Plan Formula will be part of a hybrid program that will contain rules to shift funding risk to participants in the event of underfunding of hybrid pensions, and mandate minimum retirement ages for unreduced pensions.

256. "New Securities" means, collectively, the New B Notes, the New C Notes, the New LTGO Bonds and the Municipal Obligation.

257. "Non-Settling UTGO Bond Insurer" means, together, Syncora Capital Assurance Inc. and Syncora Guarantee Inc., solely in their capacity as insurers of certain of the City's obligations with respect to the Unlimited Tax General Obligation Bonds.

258. "Oakland County" means the County of Oakland, Michigan.

259. "OPEB Benefits" means, collectively, post-retirement health, vision, dental, life and death benefits provided to retired employees of the City, the Detroit Public Library or the Detroit Regional Convention Facility Authority and their surviving beneficiaries pursuant to the Employee Health and Life Insurance Benefit Plan, the Employees Death Benefit Plan or any comparable plan, including the members of the certified class in the action captioned *Weiler et. al. v. City of Detroit*, Case No. 06-619737-CK (Wayne County Circuit Court), pursuant to the "Consent Judgment and Order of Dismissal" entered in that action on August 26, 2009.

260. "OPEB Claim" means any Claim against the City for OPEB Benefits held by a retiree who retired on or before December 31, 2014 and is otherwise eligible for OPEB Benefits, and any eligible surviving beneficiaries of such retiree.

261. "Other Secured Claim" means a Secured Claim, other than a COP Swap Claim, a DWSD Bond Claim, a DWSD Revolving Bond Claim, a HUD Installment Note Claim or a Secured GO Bond Claim.

262. "Other Unsecured Claim" means any Claim that is not an Administrative Claim, a Convenience Claim, a COP Claim, a Downtown Development Authority Claim, a General Obligation Bond Claim, a GRS Pension Claim, an OPEB Claim, a PFRS Pension Claim, a Secured Claim, an Indirect 36th District Court Claim or a

Subordinated Claim. For the avoidance of doubt, Section 1983 Claims and Indirect Employee Indemnity Claims are included within the definition of Other Unsecured Claim.

263. "PA 436" means Public Act 436 of 2012 of the State, also known as the Local Financial Stability and Choice Act, Michigan Compiled Laws §§ 141.1541-141.1575.

264. "Parking Garages" means, collectively, parking garages owned by the City other than (a) that certain underground parking garage, commonly known as the "Grand Circus Parking Garage," located at 1600-01 Woodward Avenue, Detroit, Michigan, (b) that certain underground parking garage, commonly known as the "Cultural Center Garage," located at 41 Farnsworth Street, Detroit, Michigan and (c) that certain multi-story parking structure near the Riverfront Arena with an address of 900 W. Jefferson Avenue, Detroit, Michigan having a capacity of approximately 3,200 car spaces commonly known as "Joe Louis Arena Garage." For the avoidance of doubt, (a) that certain parking lot located at 5200 Woodward Avenue, Detroit, Michigan and (b) that certain parking lot, commonly known as the "Frederick Lot," located at 318 Frederick Street, Detroit, Michigan, shall not be considered Parking Garages.

265. "Pass-Through Obligations" means the City's obligations to the Pass-Through Recipients with respect to which the City acts, or may in the future act, as a tax-collecting agent for tax increment revenues derived from property taxes of the City and certain other taxing jurisdictions and required to be transmitted by the Treasurer of the City to the Pass-Through Recipients under their respective tax increment financing enabling statutes.

266. "Pass-Through Recipients" means, collectively, the (a) DDA, (b) Local Development Finance Authority, (c) Detroit Brownfield Redevelopment Authority and (d) City of Detroit Eight Mile/Woodward Corridor Improvement Authority, each of which are separate legal entities from the City.

267. "Pension Claim" means a GRS Pension Claim or a PFRS Pension Claim.

268. "Petition Date" means July 18, 2013.

269. "PFRS" means the Police and Fire Retirement System of the City of Detroit.

270. "PFRS Adjusted Pension Amount" means, with respect to a Holder of a PFRS Pension Claim, the Current Accrued Annual Pension payable to such Holder as adjusted in accordance with the following formulas:

(a) If Classes 10 and 11 vote to accept the Plan, and funding is received from the DIA Settlement and the State Contribution Agreement: Holders of PFRS Pension Claims will continue to receive their Current Accrued Annual Pension, but COLAs from and after June 30, 2014 shall be 45% of the COLAs provided for in police and fire collective bargaining agreements, other contracts or ordinances; and

(b) If Classes 10 and 11 do not vote to accept the Plan or funding is not received from the DIA Settlement and the State Contribution Agreement: (i) for a Holder of a PFRS Pension Claim who is (A) either retired and receiving a monthly pension or a surviving beneficiary or (B) a terminated employee with a right to receive a PFRS pension in the future, elimination of the right to supplemental pension benefits to be paid after July 1, 2014 in respect of COLAs; and (ii) for a Holder of a PFRS Pension Claim who is an Active Employee, elimination of the right to supplemental pension benefits to be paid after July 1, 2014 in respect of COLAs, plus elimination of the deferred retirement option plan feature of PFRS for certain Active Employees who have not already irrevocably elected to participate in the feature; provided that, with respect to Holders that are Active Employees, in the event the unfunded liabilities of the PFRS for the plan year ending June 30, 2014 are greater than the unfunded liabilities of the PFRS as of June 30, 2013, the monthly pension amount shall be reduced to the extent necessary to ensure that there is no change in the amount of the underfunding between Fiscal Years 2013 and 2014.

271. "PFRS Pension Claim" means any Claim (other than an OPEB Claim), whether asserted by current or former employees of the City, their heirs or beneficiaries or by the PFRS or any trustee thereof or any other Entity acting on the PFRS's behalf, against the City or any fund managed by the City (including, but not

limited to, the General Fund, the Police and Fire Retirement System Service Corporation fund or the pension funds) based upon, arising under or related to any agreement, commitment or other obligation, whether evidenced by contract, agreement, rule, regulation, ordinance, statute or law for (a) any pension, disability, or other post-retirement payment or distribution in respect of the employment of such current or former employees or (b) the payment by the PFRS to persons who at any time participated in, were beneficiaries of or accrued post-retirement pension or financial benefits under the PFRS.

272. "PFRS Restoration Payment" means an addition to the pension benefits that comprise the PFRS Adjusted Pension Amount as described in Exhibit II.B.3.q.ii.C.

273. "Plan" means this plan of adjustment and all Exhibits attached hereto or referenced herein, as the same may be amended, restated, supplemented or otherwise modified.

274. "Plan COP Settlement" means the comprehensive settlement regarding COP Claims on terms and conditions described in Section II.B.3.p.i.A.

275. "Plan Supplement" means any supplement to the Plan containing Exhibits that were not Filed as of the date of the entry of the Disclosure Statement Order.

276. "Pledged Property" means the collateral pledged by the City under the COP Swap Collateral Agreement or Ordinance No. 05-09 of the City.

277. "Postpetition Financing Agreement" means, collectively, (a) the Bond Purchase Agreement by and among the City and Barclays Capital, Inc., as purchaser, (b) the Financial Recovery Bond Trust Indenture by and among the City and UMB Bank, N.A., as trustee, and (c) all ancillary and related instruments and agreements approved by the Bankruptcy Court pursuant to the Postpetition Financing Order.

278. "Postpetition Financing Order" means the Order Pursuant to 11 U.S.C. §§ 105, 362, 364(c)(1), 364(c)(2), 364(e), 364(f), 503, 507(a)(2), 904, 921 and 922 (I) Approving Post-Petition Financing, (II) Granting Liens and Providing Superpriority Claim Status and (III) Modifying Automatic Stay (Docket No. 3067) entered by the Bankruptcy Court on the docket of the Chapter 9 Case on April 2, 2014, approving the Postpetition Financing Agreement.

279. "Postpetition Financing Claims" means any Claim against the City under or evidenced by (a) the Postpetition Financing Agreement and (b) the Postpetition Financing Order.

280. "Prior GRS Pension Plan" means the terms and conditions of the GRS in effect as of June 30, 2014 and applicable to benefits accrued by members of GRS prior to July 1, 2014, the form documentation of which is attached hereto as Exhibit I.A.280.

281. "Prior PFRS Pension Plan" means the terms and conditions of the PFRS in effect as of June 30, 2014 and applicable to benefits accrued by members of PFRS prior to July 1, 2014, the form documentation of which is attached hereto as Exhibit I.A.281.

282. "Pro Rata" means, when used with reference to a distribution of property to Holders of Allowed Claims in a particular Class or other specified group of Claims, proportionately so that with respect to a particular Allowed Claim in such Class or in such group, the ratio of (a)(i) the amount of property to be distributed on account of such Claim to (ii) the amount of such Claim, is the same as the ratio of (b)(i) the amount of property to be distributed on account of all Allowed Claims in such Class or group of Claims to (ii) the amount of all Allowed Claims in such Class or group of Claims. Until all Disputed Claims in a Class or other specified group of Claims are resolved, Disputed Claims shall be treated as Allowed Claims in their Face Amount for purposes of calculating a Pro Rata distribution of property to holders of Allowed Claims in such Class or group of Claims.

283. "Professional Fee Reserve" means the reserve for Fee Review Professional Fees established pursuant to Section IV.N.1.

284. "Qualifying DWSD Transaction" means a potential transaction involving the transfer to a third party (including but not limited to a lease) of a majority of the assets of, or the right to operate and manage, the City's water or sewage disposal systems currently operated by the DWSD in one or a series of related transactions.

285. "RDPFFA" means the Retired Detroit Police and Fire Fighters Association.

286. "RDPMA" means the Retired Detroit Police Members Association.

287. "RDPMA Exculpated Parties" means the RDPMA and its board of trustees/directors, attorneys, advisors and professionals, solely in their capacity as such.

288. "Reinstated" means (a) leaving unaltered the legal, equitable and contractual rights to which a Claim entitles the Holder or (b) notwithstanding any contractual provision or applicable law that entitles the Holder of such Claim to demand or receive accelerated payment of such Claim after the occurrence of a default, (i) the cure of any such default other than a default of a kind specified in section 365(b)(2) of the Bankruptcy Code or of a kind that section 365(b)(2) of the Bankruptcy Code expressly does not require to be cured; (ii) the reinstatement of the maturity of such Claim as such maturity existed before such default; (iii) compensation of the Holder of such Claim for any damages incurred as a result of any reasonable reliance by such Holder on such contractual provision or such applicable law; (iv) if such Claim arises from any failure to perform a nonmonetary obligation other than a default arising from failure to operate a nonresidential real property lease subject to section 365(b)(1)(A) of the Bankruptcy Code, compensation of the Holder of such Claim for any actual pecuniary loss incurred by such Holder as a result of such failure; and (v) not otherwise altering the legal, equitable or contractual rights to which such Claim entitles the Holder. "Reinstate" and "Reinstatement" shall have correlative meanings.

289. "Related Entity" means, with respect to any Entity, such Entity's Affiliates, predecessors, successors and assigns (whether by operation of law or otherwise), and with respect to any of the foregoing their respective present and former Affiliates and each of their respective current and former officials, officers, directors, employees, managers, attorneys, advisors and professionals, each acting in such capacity, and any Entity claiming by or through any of them (including their respective officials, officers, directors, employees, managers, advisors and professionals).

290. "Released Parties" means, collectively and individually, the Retiree Committee, the members of the Retiree Committee, the Retiree Committee Professionals, the Foundations, DIA Corp., the DIA Funders and their Related Entities and the CFSEM Supporting Organization and its Related Entities.

291. "Restoration Trust" means a trust to be established pursuant to the Restoration Trust Agreement to (a) hold the DWSD CVR and enforce rights related to its terms and (b) consult with the trustees and the Investment Committee of PFRS or GRS with respect to restoration rights affecting retirees of PFRS or GRS, respectively; provided, however, that the Restoration Trust shall not have any right to initiate enforcement proceedings against the trustees or Investment Committee of either PFRS or GRS with respect to Special Restoration or the general rules governing pension restoration as provided for in Exhibits II.B.3.q.ii.C and II.B.3.r.ii.C.

292. "Restoration Trust Agreement" means the definitive documentation to be executed in connection with the formation of the Restoration Trust, in substantially the form attached hereto as Exhibit I.A.292.

293. "Restructured UTGO Bonds" means the bonds to be issued by the MFA to the current Holders of Unlimited Tax General Obligation Bond Claims, the Settling UTGO Bond Insurers and the Non-Settling UTGO Bond Insurer in the amount of \$287,560,790 pursuant to the UTGO Settlement Agreement, which bonds shall be limited obligations of the MFA and shall be secured as more particularly described in the UTGO Settlement Agreement.

294. "Retiree Classes" means Classes 10, 11 and 12, as set forth in Section II.B.

295. "Retiree Committee" means the official committee of retired employees first appointed by the United States Trustee in the Chapter 9 Case on August 22, 2013 (Docket No. 566), as such committee may be reconstituted, solely in its capacity as such.

296. "Retiree Committee Professionals" means those professionals retained by the Retiree Committee to render services in connection with the Chapter 9 Case that seek payment of compensation and reimbursement of expenses from the City for postpetition services pursuant to and in accordance with the Fee Review Order, solely in their capacity as such.

297. "Retiree Health Care Litigation" means the adversary proceeding captioned as *Official Committee of Retirees of the City of Detroit, Michigan, et al. v. City of Detroit, Michigan, et al.*, Case No. 14-04015 (Bankr. E.D. Mich.), filed in the Chapter 9 Case on January 9, 2014.

298. "Retiree Health Care Settlement Agreement" means the Settlement Agreement, effective February 14, 2014, between the parties to the Retiree Health Care Litigation, pursuant to which such parties agreed to certain modifications to the changes in retiree health care benefits that the City was otherwise to implement on March 1, 2014, a copy of which is attached hereto as Exhibit I.A.298.

299. "Retirement System Indemnity Obligations" means any and all obligations of the City, as of the Petition Date, to indemnify, defend, reimburse, exculpate, advance fees and expenses to, or limit the liability of any party in connection with any Causes of Action relating in any way to either GRS or PFRS or the management, oversight, administration or activities thereof, as such obligations may be as provided for in the City Charter of the City or other organizational documents, resolutions, employment contracts, applicable law or other applicable agreements.

300. "Retirement Systems" means, collectively, the GRS and the PFRS.

301. "Section 115" means section 115 of the Internal Revenue Code of 1986, as amended.

302. "Section 1983 Claim" means any Claim against the City, its employees or both arising under 42 U.S.C. § 1983 that has not been settled, compromised or otherwise resolved and with respect to which Claim a lawsuit was pending before the District Court on or prior to the Petition Date.

303. "Secured Claim" means a Claim that is secured by a Lien on property in which the City has an interest or that is subject to valid setoff under section 553 of the Bankruptcy Code, to the extent of the value of the Claim Holder's interest in the City's interest in such property or to the extent of the amount subject to valid setoff, as applicable, as determined pursuant to section 506 of the Bankruptcy Code.

304. "Secured GO Bond Claims" means, collectively, the Secured GO Series 2010 Claims, the Secured GO Series 2010(A) Claims, the Secured GO Series 2012(A)(2) Claims, the Secured GO Series 2012(A2-B) Claims, the Secured GO Series 2012(B) Claims and the Secured GO Series 2012(B2) Claims.

305. "Secured GO Bond Documents" means, collectively, the Secured GO Series 2010 Bond Documents, the Secured GO Series 2010(A) Bond Documents, the Secured GO Series 2012(A)(2) Bond Documents, the Secured GO Series 2012(A2-B) Bond Documents, the Secured GO Series 2012(B) Bond Documents and the Secured GO Series 2012(B2) Bond Documents.

306. "Secured GO Bonds" means, collectively, the Secured GO Series 2010 Bonds, the Secured GO Series 2010(A) Bonds, the Secured GO Series 2012(A)(2) Bonds, the Secured GO Series 2012(A2-B) Bonds, the Secured GO Series 2012(B) Bonds and the Secured GO Series 2012(B2) Bonds.

307. "Secured GO Series 2010 Bond Documents" means the resolutions adopted, orders issued and indentures executed with respect to the Secured GO Series 2010 Bonds, as set forth on Exhibit I.A.305, as the same may have been subsequently amended, restated, supplemented or otherwise modified, together with all ancillary and related instruments and agreements and all related Bond Insurance Policies.

308. "Secured GO Series 2010 Bonds" means the secured \$249,790,000 Distributable State Aid General Obligation (Limited Tax) Bonds, Series 2010, issued pursuant to the Secured GO Series 2010 Bond Documents.

309. "Secured GO Series 2010 Claim" means any Claim against the City arising under or evidenced by the Secured GO Series 2010 Bond Documents, including a Claim for principal and interest on the Secured GO Series 2010 Bonds.

310. "Secured GO Series 2010(A) Bond Documents" means the resolutions adopted, orders issued and indentures executed with respect to the Secured GO Series 2010(A) Bonds, as set forth on Exhibit I.A.305, as the same may have been subsequently amended, restated, supplemented or otherwise modified, together with all ancillary and related instruments and agreements and all related Bond Insurance Policies.

311. "Secured GO Series 2010(A) Bonds" means the secured \$100,000,000 Distributable State Aid Second Lien Bonds (Unlimited Tax General Obligation), Series 2010(A) (Taxable-Recovery Zone Economic Development Bonds – Direct Payment), issued pursuant to the Secured GO Series 2010(A) Bond Documents.

312. "Secured GO Series 2010(A) Claim" means any Claim against the City arising under or evidenced by the Secured GO Series 2010(A) Bond Documents, including a Claim for principal and interest on the Secured GO Series 2010(A) Bonds.

313. "Secured GO Series 2012(A)(2) Bond Documents" means the resolutions adopted, orders issued and indentures executed with respect to the Secured GO Series 2012(A)(2) Bonds, as set forth on Exhibit I.A.305, as the same may have been subsequently amended, restated, supplemented or otherwise modified, together with all ancillary and related instruments and agreements and all related Bond Insurance Policies.

314. "Secured GO Series 2012(A)(2) Bonds" means the secured \$38,865,000 Self-Insurance Distributable State Aid Third Lien Bonds (Limited Tax General Obligation), Series 2012(A)(2), issued pursuant to the Secured GO Series 2012(A)(2) Bond Documents.

315. "Secured GO Series 2012(A)(2) Claim" means any Claim against the City arising under or evidenced by the Secured GO Series 2012(A)(2) Bond Documents, including a Claim for principal and interest on the Secured GO Series 2010(A)(2) Bonds.

316. "Secured GO Series 2012(A2-B) Bond Documents" means the resolutions adopted, orders issued and indentures executed with respect to the Secured GO Series 2012(A2-B) Bonds, as set forth on Exhibit I.A.305, as the same may have been subsequently amended, restated, supplemented or otherwise modified, together with all ancillary and related instruments and agreements and all related Bond Insurance Policies.

317. "Secured GO Series 2012(A2-B) Bonds" means the secured \$53,520,000 Self-Insurance Distributable State Aid Third Lien Refunding Bonds (Limited Tax General Obligation), Series 2012(A2-B), issued pursuant to the Secured GO Series 2012(A2-B) Bond Documents.

318. "Secured GO Series 2012(A2-B) Claim" means any Claim against the City arising under or evidenced by the Secured GO Series 2012(A2-B) Bond Documents, including a Claim for principal and interest on the Secured GO Series 2012(A2-B) Bonds.

319. "Secured GO Series 2012(B) Bond Documents" means the resolutions adopted, orders issued and indentures executed with respect to the Secured GO Series 2012(B) Bonds, as set forth on Exhibit I.A.305, as the same may have been subsequently amended, restated, supplemented or otherwise modified, together with all ancillary and related instruments and agreements and all related Bond Insurance Policies.

320. "Secured GO Series 2012(B) Bonds" means the \$6,405,000 General Obligation Distributable State Aid Third Lien Capital Improvement Refunding Bonds (Limited Tax General Obligation), Series 2012(B), issued pursuant to the Secured GO Series 2012(B) Bond Documents.

321. "Secured GO Series 2012(B) Claim" means any Claim against the City arising under or evidenced by the Secured GO Series 2012(B) Bond Documents, including a Claim for principal and interest on the Secured GO Series 2012(B) Bonds.

322. "Secured GO Series 2012(B2) Bond Documents" means the resolutions adopted, orders issued and indentures executed with respect to the Secured GO Series 2012(B2) Bonds, as set forth on Exhibit I.A.305, as the same may have been subsequently amended, restated, supplemented or otherwise modified, together with all ancillary and related instruments and agreements and all related Bond Insurance Policies.

323. "Secured GO Series 2012(B2) Bonds" means the \$30,730,000 Self-Insurance Distributable State Aid Third Lien Refunding Bonds (Limited Tax General Obligation), Series 2012(B2), issued pursuant to the Secured GO Series 2012(B2) Bond Documents.

324. "Secured GO Series 2012(B2) Claim" means any Claim against the City arising under or evidenced by the Secured GO Series 2012(B2) Bond Documents, including a Claim for principal and interest on the Secured GO Series 2012(B2) Bonds.

325. "Securities Act" means the Securities Act of 1933, 15 U.S.C. §§ 77a–77aa, as amended, or any similar federal, state, or local law.

326. "Settling 36th District Court Claimants" means (a) the 36th District Court, (b) Local 917 of the American Federation of State, County and Municipal Employees, (c) Local 3308 of the American Federation of State, County and Municipal Employees and (d) those individuals identified as "Individual Claimants" on the term sheet attached hereto as Exhibit I.A.9.

327. "Settling COP Claimant" means (a) those holders of COP Claims that are the subject of the Syncora Settlement Documents or (b) those Holders of COP Claims that are the subject of the FGIC/COP Settlement Documents.

328. "Settling UTGO Bond Insurers" means, collectively, Ambac, Assured and NPFG and each of their respective successors and assigns, solely in their capacity as insurers of certain of the City's obligations with respect to the Unlimited Tax General Obligation Bonds.

329. "Special Restoration" means the potential restoration or replacement of benefit reductions imposed by the Plan in connection with a Qualifying DWSD Transaction, as described in Section IV.F.

330. "State" means the state of Michigan.

331. "State Contribution" means payments to be made to GRS and PFRS by the State or the State's authorized agent for the purpose of funding Adjusted Pension Amounts in an aggregate amount equal to the net present value of \$350 million payable over 20 years using a discount rate of 6.75%, pursuant to the terms of the State Contribution Agreement.

332. "State Contribution Agreement" means the definitive documentation to be executed in connection with the comprehensive settlement regarding Pension Claims as described in Section IV.D, in substantially the form attached hereto as Exhibit I.A.332.

333. "State Related Entities" means, collectively: (a) all officers, legislators, employees, judges and justices of the State; (b) the Governor of the State; (c) the Treasurer of the State; (d) all members of the Local Emergency Financial Assistance Loan Board created under the Emergency Municipal Loan Act, Michigan Compiled Laws §§ 141.931-141.942; (e) each of the State's agencies and departments; and (f) the Related Entities of each of the foregoing.

334. "Stay Extension Order" means the Order Pursuant to Section 105(a) of the Bankruptcy Code Extending the Chapter 9 Stay to Certain (A) State Entities, (B) Non-Officer Employees and (C) Agents and

Representatives of the Debtor (Docket No. 166), entered by the Bankruptcy Court on the docket of the Chapter 9 Case on July 25, 2013, as it may be amended, supplemented or otherwise modified.

335. "Stub UTGO Bonds" means Unlimited Tax General Obligation Bonds in the principal amount of \$43,349,210 that, from and after the Effective Date, will (a) be reinstated, (b) remain outstanding and (c) be payable from the UTGO Bond Tax Levy, as more particularly described in the UTGO Settlement Agreement.

336. "Subordinated Claim" means a Claim of the kind described in sections 726(a)(3) or 726(a)(4) of the Bankruptcy Code or Claims subordinated under sections 510(b) or 510(c) of the Bankruptcy Code.

337. "Supplemental Trust Agreements" means, collectively, (a) one or more supplemental trust agreements between the COP Trustee and COP Service Corporations, entered into with the consent of FGIC and (b) one or more supplemental trust agreements between the COP Trustee and COP Service Corporations, entered into with the consent of Syncora, in each case to be executed prior to the Effective Date, which agreements shall, among other things, for purposes of distributions of trust assets explicitly supersede the 2005 COPs Agreement and the 2006 COPs Agreement, which incorporates by reference Sections 6.5 and 9.1 of each Contract Administration Agreement and Section 8.03 of each COP Service Contract.

338. "Swap Insurance Policies" means those policies or other instruments insuring the COP Swap Agreements and obligations related thereto.

339. "Syncora" means, collectively, Syncora Guarantee, Inc. and Syncora Capital Assurance Inc.

340. "Syncora Development Agreement" means that certain development agreement by and between the City and Pike Point Holdings, LLC, a wholly owned indirect subsidiary of Syncora, in substantially the form attached hereto as Exhibit I.A.340, including all exhibits thereto, and in any case in form and substance reasonably acceptable to the City and Syncora.

341. "Syncora Excess New B Notes" means New B Notes in the aggregate face amount of approximately \$15.43 million, representing the difference between (a) the New B Notes that would have been distributed to Syncora had its asserted COP Claim for principal and interest in Class 9 been Allowed in full and (b) the New B Notes to be provided to Syncora as partial consideration pursuant to the terms of the Syncora Settlement.

342. "Syncora Exculpated Parties" means Syncora and their Related Entities, solely with respect to issues arising in connection with Syncora's capacity as holder or insurer of Unlimited Tax General Obligation Bond Claims and COP Claims.

343. "Syncora Settlement" means the comprehensive settlement with Syncora, as described at Section IV.I and as definitively set forth in the Syncora Settlement Documents.

344. "Syncora Settlement Documents" means the definitive documentation to be executed in connection with the Syncora Settlement, in substantially the form attached hereto as Exhibit I.A.344, and in any case in form and substance reasonably acceptable to the City and Syncora.

345. "Tax" means: (a) any net income, alternative or add-on minimum, gross income, gross receipts, gross margins, sales, use, stamp, real estate transfer, mortgage recording, ad valorem, value added, transfer, franchise, profits, license, property, payroll, employment, unemployment, occupation, disability, excise, severance, withholding, environmental or other tax, assessment or charge of any kind whatsoever (together in each instance with any interest, penalty, addition to tax or additional amount) imposed by any federal, state, local or foreign taxing authority; or (b) any liability for payment of any amounts of the foregoing types as a result of being a member of an affiliated, consolidated, combined or unitary group, or being a transferee or successor or a party to any agreement or arrangement whereby liability for payment of any such amounts is determined by reference to the liability of any other Entity.

346. "Top-Off Payments" means the payments to be made to the Settling UTGO Bond Insurers pursuant to the UTGO Settlement Agreement if a Trigger Event occurs in amounts equal to the product of: (a) the amount by which the recovery received by Holders of Allowed Limited Tax General Obligation Bond Claims or Allowed COP Claims, as applicable, under the Plan exceeds 69.5% of the aggregate amount of all such Allowed Claims in such Class, multiplied by (b) the quotient of (i) \$100.5 million, divided by (ii) the sum of (x) 30.5% of the aggregate amount of all Allowed Limited Tax General Obligation Bond Claims or Allowed COP Claims, as the case may be, and (y) \$100.5 million.

347. "Tort Claim" means any Claim that has not been settled, compromised or otherwise resolved that arises out of allegations of personal injury or wrongful death claims and is not a Section 1983 Claim.

348. "Trigger Event" means the receipt by Holders of Allowed Limited Tax General Obligation Bond Claims or Allowed COP Claims, as applicable, of consideration pursuant to the Plan of 69.5% or more of the aggregate amount of all of the Allowed Claims in such Class. For purposes of determining whether a Trigger Event has occurred, all actual recoveries for Holders of Allowed Limited Tax General Obligation Bond Claims and Allowed COP Claims shall be determined by discounting the payments made to such Classes using a 5% discount rate back to the date of Confirmation.

349. "Tunnel Lease" means, collectively, (a) that certain Tube Lease, dated March 20, 1978, by and between the City, as landlord, and Detroit Windsor Tunnel LLC, as successor-in-interest to Detroit & Canada Tunnel Corporation, as tenant, and (b) that certain Sublease, dated March 20, 1978, by and between the City, as landlord, as successor-in-interest to Ford Motor Properties, Inc. as sublandlord, and Detroit Windsor Tunnel LLC, as successor-in-interest to Detroit & Canada Tunnel Corporation, as subtenant, each as may be amended, restated, supplemented or otherwise modified, in any case in form and substance reasonably acceptable to the City and Syncora.

350. "Unexpired Lease" means a lease to which the City is a party that is subject to assumption, assumption and assignment, or rejection under section 365 of the Bankruptcy Code.

351. "Unimpaired" means, with respect to a Class or a Claim, that such Class or Claim is not Impaired.

352. "United States Trustee" means the Office of the United States Trustee for the Eastern District of Michigan.

353. "Unlimited Tax General Obligation Bond Claim" means any Claim against the City arising under or evidenced by the Unlimited Tax General Obligation Bond Documents, including a Claim for principal and interest on the Unlimited Tax General Obligation Bonds.

354. "Unlimited Tax General Obligation Bond Documents" means the resolutions passed and orders issued with respect to the Unlimited Tax General Obligation Bonds, as set forth on Exhibit I.A.354, as the same may have been subsequently amended, restated, supplemented or otherwise modified, together with all ancillary and related instruments and agreements and all related Bond Insurance Policies.

355. "Unlimited Tax General Obligation Bonds" means, collectively, the bonds issued under the Unlimited Tax General Obligation Bond Documents, as set forth on Exhibit I.A.354.

356. "Unsecured Claim" means a Claim that is not a Secured Claim or an Administrative Claim.

357. "UTGO Bond Tax Levy" means that portion of the proceeds of the ad valorem tax millage levies pledged to and on account of the Unlimited Tax General Obligation Bonds.

358. "UTGO Exculpated Parties" means, collectively, Ambac, Assured and NPFG, solely in their capacity as insurers of certain of the City's obligations with respect to the Unlimited Tax General Obligation Bonds, and each of their respective parents, affiliates, shareholders, directors, officers, managers, employees, agents,

attorneys, advisors, accountants, consultants, restructuring consultants, financial advisors and investment bankers, solely in their capacity as such.

359. "UTGO Litigation" means, together, the adversary proceedings filed in the Chapter 9 Case on November 8, 2013, captioned as *National Public Finance Guarantee Corporation and Assured Guaranty Municipal Corporation v. City of Detroit, Michigan, et al.*, Case No. 13-05309 (Bankr. E.D. Mich.), and *Ambac Assurance Corporation v. City of Detroit, Michigan, et al.*, Case No. 13-05310 (Bankr. E.D. Mich.), to the extent that such proceedings relate to the Unlimited Tax General Obligation Bonds.

360. "UTGO Settlement Agreement" means that certain Settlement Agreement, dated as of July 18, 2014, among the City and the Settling UTGO Bond Insurers, substantially in the form attached hereto as Exhibit I.A.360.

361. "Value Determination" means a valuation of the expected Net DWSD Transaction Proceeds.

362. "Voting Deadline" means the deadline fixed by the Bankruptcy Court in the Disclosure Statement Order for submitting Ballots to accept or reject the Plan in accordance with section 1126 of the Bankruptcy Code.

363. "Wayne County" means the Charter County of Wayne, Michigan.

B. Rules of Interpretation and Computation of Time.

1. Rules of Interpretation.

For purposes of the Plan, unless otherwise provided herein: (a) whenever from the context it is appropriate, each term, whether stated in the singular or the plural, shall include both the singular and the plural and pronouns stated in the masculine, feminine or neuter gender shall include the masculine, feminine and neuter gender; (b) any reference herein to a contract, lease, instrument, release, indenture or other agreement or document being in a particular form or on particular terms and conditions means that such document shall be substantially in such form or substantially on such terms and conditions; (c) any reference herein to an existing document or Exhibit Filed or to be Filed shall mean such document or Exhibit, as it may have been or may be amended, restated, supplemented or otherwise modified pursuant to the Plan, the Confirmation Order or otherwise; (d) any reference to an Entity as a Holder of a Claim includes that Entity's successors, assigns and Affiliates; (e) all references to Sections or Exhibits are references to Sections and Exhibits of or to the Plan; (f) the words "herein," "hereunder," "hereof" and "hereto" refer to the Plan in its entirety rather than to a particular portion of the Plan; (g) captions and headings to Articles and Sections are inserted for convenience of reference only and are not intended to be a part of or to affect the interpretation of the Plan; (h) the words "include" and "including," and variations thereof, shall not be deemed to be terms of limitation, and shall be deemed to be followed by the words "without limitation"; and (i) the rules of construction set forth in section 102 of the Bankruptcy Code shall apply to the extent not inconsistent with any other provision of this Section.

2. Computation of Time.

In computing any period of time prescribed or allowed by the Plan, the provisions of Bankruptcy Rule 9006(a) shall apply.

ARTICLE II CLASSIFICATION OF CLAIMS; CRAMDOWN; EXECUTORY CONTRACTS AND UNEXPIRED LEASES

Pursuant to sections 1122 and 1123 of the Bankruptcy Code, Claims are classified under the Plan for all purposes, including voting, Confirmation and Distribution. In accordance with section 1123(a)(1) of the Bankruptcy Code, Administrative Claims, as described in Section II.A, have not been classified and thus are excluded from the Classes described in Section II.B.1. A Claim shall be deemed classified in a particular Class only to the extent that the Claim qualifies within the description of that Class and shall be deemed classified in a different

Class to the extent that any remainder of such Claim qualifies within the description of such other Class. Notwithstanding the foregoing, in no event shall any Holder of an Allowed Claim be entitled to receive payments or Distributions under the Plan that, in the aggregate, exceed the Allowed amount of such Holder's Claim.

A. Unclassified Claims.

1. Payment of Administrative Claims.

a. Administrative Claims in General.

Except as specified in this Section II.A.1, and subject to the bar date provisions herein, unless otherwise agreed by the Holder of an Administrative Claim and the City, or ordered by the Bankruptcy Court, each Holder of an Allowed Administrative Claim will receive, in full satisfaction of such Allowed Administrative Claim, Cash in an amount equal to such Allowed Administrative Claim either: (1) on the Effective Date or as soon as reasonably practicable thereafter; or (2) if the Administrative Claim is not Allowed as of the Effective Date, 30 days after the date on which such Administrative Claim becomes an Allowed Claim. No Claim of any official or unofficial creditors' committee or any member thereof for professionals' fees or other costs and expenses incurred by such creditors' committee or by a member of such creditors' committee shall constitute an Allowed Administrative Claim, except that the Retiree Committee's members and the Retiree Committee Professionals shall be entitled to payment in accordance with the Fee Review Order.

b. Claims Under the Postpetition Financing Agreement.

Unless otherwise agreed by Barclays Capital, Inc. pursuant to the Postpetition Financing Agreement, on or before the Effective Date, Postpetition Financing Claims that are Allowed Administrative Claims will be paid in Cash equal to the amount of those Allowed Administrative Claims.

2. Bar Dates for Administrative Claims.

a. General Bar Date Provisions.

Except as otherwise provided in Section II.A.2.b, Section II.A.2.c or in a Bar Date Order or other order of the Bankruptcy Court, unless previously Filed, requests for payment of Administrative Claims must be Filed and served on the City no later than 45 days after the Effective Date. Holders of Administrative Claims that are required to File and serve a request for payment of such Administrative Claims and that do not File and serve such a request by the applicable Bar Date will be forever barred from asserting such Administrative Claims against the City or its property, and such Administrative Claims will be deemed discharged as of the Effective Date. Objections to such requests must be Filed and served on the City and the requesting party by the later of (i) 150 days after the Effective Date, (ii) 60 days after the Filing of the applicable request for payment of Administrative Claims or (iii) such other period of limitation as may be specifically fixed by a Final Order for objecting to such Administrative Claims. The foregoing procedures shall be specified in the Confirmation Order and the notice of entry of the Confirmation Order and served on all parties in interest.

b. Ordinary Course Claims

Holders of Claims based on Liabilities incurred by the City after the Petition Date in the ordinary course of its operations will not be required to File or serve any request for payment or application for allowance of such Claims. Such Claims will be paid by the City, pursuant to the terms and conditions of the particular transaction giving rise to such Claims, without further action by the Holders of such Claims or further action or approval of the Bankruptcy Court.

c. Claims Under the Postpetition Financing Agreement.

Holders of Administrative Claims that are Postpetition Financing Claims will not be required to File or serve any request for payment or application for allowance of such Claims. Such Administrative Claims will be satisfied pursuant to Section II.A.1.b.

d. No Modification of Bar Date Order.

The Plan does not modify any other Bar Date Order, including Bar Dates for Claims entitled to administrative priority under section 503(b)(9) of the Bankruptcy Code.

B. Classified Claims.

1. Designation of Classes.

The following table designates the Classes and specifies whether such Classes are Impaired or Unimpaired by the Plan.

CLASS	NAME	IMPAIRMENT
<i>Secured Claims</i>		
1A	All Classes of DWSD Bond Claims (One Class for each CUSIP of DWSD Bonds, as set forth on Exhibit I.A.148)	Unimpaired
1B	All Classes of DWSD Revolving Sewer Bond Claims (One Class for each DWSD Series of DWSD Revolving Sewer Bonds, as set forth on Exhibit I.A.156)	Unimpaired/Nonvoting
1C	All Classes of DWSD Revolving Water Bond Claims (One Class for each DWSD Series of DWSD Revolving Water Bonds, as set forth on Exhibit I.A.159)	Unimpaired/Nonvoting
2A	Secured GO Series 2010 Claims	Unimpaired/Nonvoting
2B	Secured GO Series 2010(A) Claims	Unimpaired/Nonvoting
2C	Secured GO Series 2012(A)(2) Claims	Unimpaired/Nonvoting
2D	Secured GO Series 2012(A2-B) Claims	Unimpaired/Nonvoting
2E	Secured GO Series 2012(B) Claims	Unimpaired/Nonvoting
2F	Secured GO Series 2012(B2) Claims	Unimpaired/Nonvoting
3	Other Secured Claims	Unimpaired/Nonvoting
4	HUD Installment Notes Claims	Unimpaired/Nonvoting
5	COP Swap Claims	Impaired/Voting
6	Claims Previously Classified in Class 6 Paid in Full	N/A
<i>Unsecured Claims</i>		
7	Limited Tax General Obligation Bond Claims	Impaired/Voting
8	Unlimited Tax General Obligation Bond Claims	Impaired/Voting
9	COP Claims	Impaired/Voting

CLASS	NAME	IMPAIRMENT
10	PFRS Pension Claims	Impaired/Voting
11	GRS Pension Claims	Impaired/Voting
12	OPEB Claims	Impaired/Voting
13	Downtown Development Authority Claims	Impaired/Voting
14	Other Unsecured Claims	Impaired/Voting
15	Convenience Claims	Impaired/Voting
16	Subordinated Claims	Impaired/Nonvoting
17	Indirect 36th District Court Claims	Impaired/Voting

2. Subordination; Reservation of Rights to Reclassify Claims.

Except with respect to Bond Insurance Policy Claims, the allowance, classification and treatment of Allowed Claims and the respective Distributions and treatments specified in the Plan take into account the relative priority and rights of the Claims in each Class and all contractual, legal and equitable subordination rights relating thereto, whether arising under general principles of equitable subordination, section 510(b) of the Bankruptcy Code or otherwise. Except as expressly set forth herein, consistent with section 510(a) of the Bankruptcy Code, nothing in the Plan shall, or shall be deemed to, modify, alter or otherwise affect any right of a Holder of a Claim to enforce a subordination agreement against any Entity other than the City to the same extent that such agreement is enforceable under applicable nonbankruptcy law. Pursuant to section 510 of the Bankruptcy Code, the City reserves the right to reclassify any Disputed Claim in accordance with any applicable contractual, legal or equitable subordination. For the avoidance of doubt, this Section II.B.2 shall not affect or limit the application of section 509 of the Bankruptcy Code or any similar doctrine to Bond Insurance Policy Claims, which are preserved for enforcement by the City or by the relevant Bond Insurer.

3. Treatment of Claims.

a. Class 1A – DWSD Bond Claims.

i. Classification and Allowance.

DWSD Bond Claims relating to each CUSIP of DWSD Bonds shall be separately classified, as reflected on Exhibit I.A.148, with each Class receiving the treatment set forth below. On the Effective Date, the DWSD Bond Claims shall be deemed Allowed in the amounts set forth on Exhibit I.A.148.

ii. Treatment.

Each Holder of an Allowed DWSD Bond Claim shall have its Allowed DWSD Bond Claim Reinstated on the Effective Date, unless such Holder agrees to a different treatment of such Claim. All votes and elections previously delivered in Class 1A shall not be counted and shall be of no force and effect. Any Allowed Secured Claims for fees, costs and expenses under the DWSD Bond Documents arising in connection with such Allowed DWSD Bond Claims shall be paid in full in Cash once Allowed pursuant to the DWSD Tender Order, by agreement of the parties or by order of the Bankruptcy Court. In addition, all claims for fees, costs and expenses authorized pursuant to or in accordance with the DWSD Tender Order shall be paid as provided therein.

b. Class 1B – DWSD Revolving Sewer Bond Claims.

i. Classification and Allowance.

DWSD Revolving Sewer Bond Claims relating to each DWSD Series of DWSD Revolving Sewer Bonds shall be separately classified, as reflected on Exhibit I.A.156, with each Class receiving the treatment set forth below. On the Effective Date, the DWSD Revolving Sewer Bond Claims shall be deemed Allowed in the aggregate amounts set forth on Exhibit I.A.156.

ii. Treatment.

On the Effective Date, each Holder of an Allowed DWSD Revolving Sewer Bond Claim shall have its Allowed DWSD Revolving Sewer Bond Claim Reinstated, unless such Holder agrees to a different treatment of such Claim.

c. Class 1C – DWSD Revolving Water Bond Claims

i. Classification and Allowance.

DWSD Revolving Water Bond Claims relating to each DWSD Series of DWSD Revolving Water Bonds shall be separately classified, as reflected on Exhibit I.A.159, with each Class receiving the treatment set forth below. On the Effective Date, the DWSD Revolving Water Bond Claims shall be deemed Allowed in the amounts set forth on Exhibit I.A.159.

ii. Treatment.

On the Effective Date, each Holder of an Allowed DWSD Revolving Water Bond Claim shall have its Allowed DWSD Revolving Water Bond Claim Reinstated, unless such Holder agrees to a different treatment of such Claim.

d. Class 2A – Secured GO Series 2010 Claims.

On the Effective Date, (i) the Secured GO Series 2010 Claims shall be deemed Allowed in the aggregate amount of \$252,475,366 and (ii) each Holder of an Allowed Secured GO Series 2010 Claim shall have its Allowed Secured GO Series 2010 Claim Reinstated, unless such Holder agrees to a different treatment of such Claim.

e. Class 2B – Secured GO Series 2010(A) Claims.

On the Effective Date, (i) the Secured GO Series 2010(A) Claims shall be deemed Allowed in the aggregate amount of \$101,707,848 and (ii) each Holder of an Allowed Secured GO Series 2010(A) Claim shall have its Allowed Secured GO Series 2010(A) Claim Reinstated, unless such Holder agrees to a different treatment of such Claim.

f. Class 2C – Secured GO Series 2012(A)(2) Claims.

On the Effective Date, (i) the Secured GO Series 2012(A)(2) Claims shall be deemed Allowed in the aggregate amount of \$39,254,171 and (ii) each Holder of an Allowed Secured GO Series 2012(A)(2) Claim shall have its Allowed Secured GO Series 2012(A)(2) Claim Reinstated, unless such Holder agrees to a different treatment of such Claim.

g. Class 2D – Secured GO Series 2012(A2-B) Claims.

On the Effective Date, (i) the Secured GO Series 2012(A2-B) Claims shall be deemed Allowed in the aggregate amount of \$54,055,927 and (ii) each Holder of an Allowed Secured GO Series 2012(A2-B) Claim

shall have its Allowed Secured GO Series 2012(A2-B) Claim Reinstated, unless such Holder agrees to a different treatment of such Claim.

h. Class 2E - Secured GO Series 2012(B) Claims.

On the Effective Date, (i) the Secured GO Series 2012(B) Claims shall be deemed Allowed in the aggregate amount of \$6,469,135 and (ii) each Holder of an Allowed Secured GO Series 2012(B) Claim shall have its Allowed Secured GO Series 2012(B) Claim Reinstated, unless such Holder agrees to a different treatment of such Claim.

i. Class 2F – Secured GO Series 2012(B2) Claims.

On the Effective Date, (i) the Secured GO Series 2012(B2) Claims shall be deemed Allowed in the aggregate amount of \$31,037,724 and (ii) each Holder of an Allowed Secured GO Series 2012(B2) Claim shall have its Allowed Secured GO Series 2012(B2) Claim Reinstated, unless such Holder agrees to a different treatment of such Claim.

j. Class 3 – Other Secured Claims.

On the Effective Date, each Holder of an Allowed Other Secured Claim shall have its Allowed Other Secured Claim Reinstated, unless such Holder agrees to a different treatment of such Claim.

k. Class 4 – HUD Installment Note Claims.

On the Effective Date, (i) the HUD Installment Note Claims shall be deemed Allowed in the aggregate amount of \$90,075,004 and (ii) each Holder of a HUD Installment Note Claim shall have its Allowed HUD Installment Note Claim Reinstated, unless such Holder agrees to a different treatment of such Claim.

l. Class 5 – COP Swap Claims.

i. Allowance.

The COP Swap Claims shall be deemed Allowed as Secured Claims, which, solely for purposes of distributions from the City, will be equal to the Distribution Amount.

ii. Treatment.

Each Holder of an Allowed COP Swap Claim, in full satisfaction of such Allowed Claim, shall receive, either: (A) within thirty days following the Effective Date, the Net Amount in full in cash, provided that until paid in cash in full, such Secured Claims will remain secured by the Pledged Property; or (B) solely in the case of a Liquidity Event, the Net Amount in cash in full within 180 days following the Effective Date, provided that (1) other than with respect to net proceeds used to repay the Postpetition Financing Agreement, to the extent permitted by law but without taking into consideration any limitations imposed by the City, including in any ordinance or resolution of the City, the first dollars of any net cash proceeds of any financing or refinancing consummated in connection with, or subsequent to, the consummation of such Plan and either (a) supported by the full faith and credit of the City or (b) payable from the general fund of the City, will be used to pay the Net Amount, (2) the City will continue to comply with its obligations under the COP Swap Settlement and the COP Swap Settlement Approval Order until the Net Amount is paid in cash in full, (3) until paid in cash in full, such Secured Claims will remain secured by the Pledged Property, (4) from and after the Effective Date, the unpaid Net Amount will accrue interest at the rate applicable to obligations under the Postpetition Financing Agreement plus 1.5% with the interest obligation likewise being secured by the Pledged Property and (5) the COP Swap Counterparties will receive from the City on the Effective Date a deferral fee in cash equal to 1.0% of the Net Amount to be shared equally between them.

m. Class 6.

[Claims previously classified in Class 6 paid in full – Paragraph intentionally left blank]

n. Class 7 – Limited Tax General Obligation Bond Claims.

i. Allowance.

On the Effective Date, the Limited Tax General Obligation Bond Claims shall be deemed Allowed in the amount of \$163,544,770.

ii. Treatment.

Unless such Holder agrees to a different treatment of such Claim, (A) each Holder of an Allowed Limited Tax General Obligation Bond Claim that is not attributable to the Insured LTGO Bonds and (B) the LTGO Insurer with respect to those Allowed Limited Tax General Obligation Bond Claims attributable to the Insured LTGO Bonds, in full satisfaction of such Allowed Claim(s), shall receive, on or as soon as reasonably practicable after the Effective Date, (X) a Pro Rata share of, at the City's option, (1) \$55,000,000 in Cash or (2) the New LTGO Bonds and (Y) distributions in accordance with Section II.B.3.p.i.A.

The City will use its best efforts to prepay the New LTGO Bonds on the Effective Date or as soon as reasonably practicable thereafter from the proceeds of the Exit Facility. If the City cannot prepay all of the New LTGO Bonds on the Effective Date or as soon as reasonably practicable thereafter, the City will use its best efforts to prepay as much of the New LTGO Bonds as reasonably possible, and the LTGO Settlement Parties will accept such partial prepayment. Upon a partial prepayment of the New LTGO Bonds, such New LTGO Bonds will be redeemed by lot.

iii. Impact of UTGO Settlement.

Pursuant to the UTGO Settlement Agreement, the City has agreed that (a) the Plan shall not permit the Holders of Allowed Limited Tax General Obligation Bond Claims to recover more on a percentage basis on account of such Allowed Limited Tax General Obligation Bond Claims than the Holders of Allowed Unlimited Tax General Obligation Bond Claims recover on a percentage basis on account of such Allowed Unlimited Tax General Obligation Bond Claims, as such percentage recoveries are projected on the terms set forth in the UTGO Settlement Agreement at Confirmation; and (b) if a Trigger Event occurs, the Settling UTGO Bond Insurers shall receive Top-Off Payments (as set forth in Section IV.C).

o. Class 8 – Unlimited Tax General Obligation Bond Claims.

i. Allowance.

On the Effective Date, the Unlimited Tax General Obligation Bond Claims shall be deemed Allowed in the amount of \$388,000,000.

ii. Treatment.

Unless such Holder agrees to a different treatment of such Claim, each Holder of an Allowed Unlimited Tax General Obligation Bond Claim, in full satisfaction of such Allowed Claim, shall receive, on or as soon as reasonably practicable after the Effective Date, a Pro Rata share of Restructured UTGO Bonds as set forth in Schedules 1a and 1b to the UTGO Settlement Agreement. Those Holders identified on Schedule 1a of the UTGO Settlement Agreement shall retain ownership of the Stub UTGO Bonds, subject to Sections I.A.36 and IV.C, which Stub UTGO Bonds shall be reinstated.

p. Class 9 – COP Claims.

i. Treatment.

A. Plan COP Settlement Option.

On the Effective Date, the City shall deliver to the COP Trustee, solely for the benefit of, and for distribution to, the COP Insurers and the Settling COPs Claimants in accordance with (1) the Supplemental Trust Agreements and (2) the instructions of the applicable COP Insurer, (x) the Class 9 Settlement Asset Pool and (y) New B Notes in the face amount of \$97,692,787, based upon each Settling COP Claimant's Pro Rata share calculated as an amount equal to the proportion that the unpaid principal amount plus accrued prepetition interest of COPs held by such Settling COP Claimant bears to the aggregate unpaid principal amount of all COPs plus all accrued prepetition interest thereon; provided, that the allocation of distributions among FGIC COP Holders shall be determined in accordance with agreements among FGIC and the FGIC COP Holders disclosed in a term sheet filed in court on October 22, 2014, as the same may be subsequently amended and more fully documented. For the avoidance of doubt, a Settling COP Claimant shall not be required to transfer (1) any claim against a COP Insurer or (2) the COPs it holds to the City pursuant to the Plan COP Settlement or otherwise pursuant to the Plan, the Syncora Settlement Documents or the FGIC/COP Settlement Documents. The COP Service Corporations shall enter into such Supplemental Trust Agreements as FGIC and Syncora may reasonably request with respect to their respective insured COPs as long as such Supplemental Trust Agreements do not impose any additional obligations or liability on the COP Service Corporations.

The City has granted the LTGO Settlement Parties, on behalf of the holders of Allowed Limited Tax General Obligation Bond Claims in Class 7, and the Retiree Committee consent rights regarding pre-Effective Date settlements of the COP Litigation if and as permitted under applicable non-bankruptcy law. The LTGO Settlement Parties have consented to the Syncora Settlement and FGIC/COP Settlement. On the Effective Date, on account of such consent rights, the Excess New B Notes shall be distributed as follows: (1) approximately \$42.68 million to the Detroit General VEBA and the Detroit Police and Fire VEBA in proportion with the New B Notes allocated to each pursuant to Sections II.B.3.s.ii.A and II.B.3.s.ii.B; (2) approximately \$17.34 million to be distributed Pro Rata among holders of Allowed Limited Tax General Obligation Bond Claims in Class 7; and (3) approximately \$4.12 million to be distributed Pro Rata among holders of Allowed Other Unsecured Claims in Class 14. With respect to the distribution of the Syncora Excess New B Notes, on April 1, 2015, the City shall pay the interest then due on the Syncora Excess New B Notes and shall also prepay the October 1, 2015 interest payment on the Syncora Excess New B Notes (as a consequence of which, no interest payment shall be made on the Syncora Excess New B Notes on October 1, 2015). The VEBAs may not sell or otherwise transfer their right, title or interest in the Syncora Excess New B Notes prior to October 2, 2015.

As part of the Plan COP Settlement, on or as soon as reasonably practicable after the Effective Date, Syncora shall cause to be paid \$500,126.94 in cash to the COP Agent on account of COP Agent Fees. As part of the Plan COP Settlement, FGIC shall cause to be paid to the COP Agent 75.945% of the reasonable COP Agent Fees in cash out of the first proceeds of the distributions to or for the benefit of the FGIC COP Holders.

Nothing in this Section II.B.3.p.i.A shall, or shall be asserted or construed to, affect or prejudice any rights, claims or defenses between the COP Swap Counterparties on the one hand and any Settling COP Claimant (including Syncora, FGIC and the FGIC COP Holders) on the other hand.

Without limiting any other applicable provisions of, or releases contained in, the Plan or any contracts, instruments, releases, agreements or documents to be entered into or delivered in connection with the Plan, as of the Effective Date, in consideration for the obligations under the Plan and the consideration and other contracts, instruments, releases, agreements or documents to be entered into or delivered in connection with the Plan, each Settling COP Claimant shall, to the fullest extent permitted under law, be deemed to forever release, waive and discharge all Liabilities relating to COP Documents such Settling COP Claimant has, had or may have against the (1) GRS, (2) PFRS or (3) Related Entities of either GRS or PFRS. At the direction of FGIC, which shall be deemed given on the Effective Date, the COP Contract Administrator shall have irrevocably agreed (on behalf of itself, any successors and each FGIC COP Holder) to release and not to sue any COP Holder or any COP Insurer on behalf of any FGIC COP Holder, COP Insurer, the Detroit Retirement Systems Funding Trust 2005 or the Detroit Retirement

Systems Funding Trust 2006 in connection with any liability arising in connection with or related to (1) Sections 6.5 and 9.1 of the Contract Administration Agreements, (2) Section 8.03 of the COP Service Contracts, (3) distributions made pursuant to or in connection with this Section II.B.3.p.i.A, (4) the FGIC Settlement or (5) the Syncora Settlement. On the Effective Date, Syncora and FGIC shall, to the fullest extent permitted under law, be deemed to forever mutually release, waive and discharge all liabilities against each other relating to distributions made pursuant to or in connection with this Section II.B.3.p.i.A, Sections 6.5 and 9.1 of the Contract Administration Agreements or Section 8.03 of the COP Service Contracts.

ii. Impact of UTGO Settlement.

Pursuant to the UTGO Settlement Agreement, the City has agreed that (a) the Plan shall not permit the Holders of Allowed COP Claims to recover more on a percentage basis on account of such Allowed COP Claims than the Holders of Allowed Unlimited Tax General Obligation Bond Claims recover on a percentage basis on account of such Allowed Unlimited Tax General Obligation Bond Claims, as such percentage recoveries are projected on the terms set forth in the UTGO Settlement Agreement at Confirmation; and (b) if a Trigger Event occurs, the Settling UTGO Bond Insurers shall receive Top-Off Payments (as set forth in Section IV.C).

q. Class 10 – PFRS Pension Claims.

i. Allowance.

The PFRS Pension Claims shall be allowed in an aggregate amount equal to the sum of approximately \$1,250,000,000.

ii. Treatment.

A. Contributions to PFRS.

During the Fiscal Years from the Effective Date through Fiscal Year 2023, annual contributions shall be made to fund benefits accrued under the Prior PFRS Pension Plan only in the amounts identified on Exhibit II.B.3.q.ii.A. The exclusive source for such contributions shall be certain DIA Proceeds and a portion of the State Contribution. After June 30, 2023, (1) PFRS will receive certain additional DIA Proceeds and (2) the City will contribute sufficient funds required to pay each Holder of a PFRS Pension Claim his or her PFRS Adjusted Pension Amount in accordance with and as modified by the terms and conditions contained in the Plan and the Prior PFRS Pension Plan, in accordance with the State Contribution Agreement and exhibits thereto. Nothing in this Plan prevents any non-City third party from making additional contributions to or for the benefit of PFRS if such party chooses to do so.

B. Investment Return Assumption.

During the period that ends on June 30, 2023, the trustees of the PFRS, or the trustees of any successor trust or pension plan, shall adopt and maintain an investment return assumption and discount rate for purposes of determining the assets and liabilities of the PFRS that shall be 6.75%.

C. Modification of Benefits for PFRS Participants.

During the period that ends no earlier than June 30, 2023, the pension benefits payable to each Holder of a PFRS Pension Claim shall be equal to the PFRS Adjusted Pension Amount for such Holder, provided that such PFRS Adjusted Pension Amount shall be (1) automatically reduced by the DIA Proceeds Default Amount in the event of a DIA Proceeds Payment Default and (2) increased by any PFRS Restoration Payment.

Restoration of all or a portion of the modified pension benefits will be provided in accordance with the methodology set forth on Exhibit II.B.3.q.ii.C. For purposes of calculating a PFRS Restoration Payment, market value of assets shall not include any City contributions through June 30, 2023, other than those listed on Exhibit II.B.3.q.ii.A or any State contributions if the PFRS trustees fail to comply with the requirements described in

the State Contribution Agreement. In the event that the Foundations and DIA Corp. accelerate all or a portion of their funding commitments described in Section IV.E.1 prior to June 30, 2023, the incremental portion of the acceleration will not count towards pension restoration.

D. Contingent Payment Rights.

The City will issue the DWSD CVR to the Restoration Trust for the benefit of Holders of Pension Claims, as described in Section IV.F.

E. Accrual of Future Benefits.

Each Holder of a PFRS Pension Claim who is an Active Employee shall receive, in addition to his or her PFRS Adjusted Pension Amount, as such amount may be modified herein, such additional pension benefit for service on or after July 1, 2014 consistent with the terms and conditions of the New PFRS Active Pension Plan Formula and the New PFRS Active Pension Plan.

F. Governance.

On or as soon as reasonably practicable after the Effective Date, an Investment Committee shall be established under PFRS in accordance with the State Contribution Agreement. The Investment Committee shall be vested with the authority and responsibilities set forth in the State Contribution Agreement for a period of 20 years following the Effective Date. The initial independent members of the Investment Committee established by PFRS shall be (1) Woodrow S. Tyler, (2) McCullough Williams III, (3) Robert C. Smith, (4) Joseph Bogdahn and (5) Rebecca Sorenson.

G. No Changes in Terms for Ten Years.

Except as may be required to maintain the tax-qualified status of the PFRS or to comply with the terms of the Plan, the City, the trustees of the PFRS and all other persons or entities shall be enjoined from and against the subsequent amendment of the terms, conditions and rules of operation of the PFRS, or any successor plan or trust, that govern the calculation of pension benefits (including the PFRS Adjusted Pension Amount, accrual of additional benefits, the DIA Proceeds Default Amount, the Prior PFRS Pension Plan, the PFRS Restoration Payment, the New PFRS Active Pension Plan Formula and the terms of the New PFRS Active Pension Plan) or against any action that governs the selection of the investment return assumption described in Section II.B.3.q.ii.B, the contribution to the PFRS or the calculation or amount of PFRS pension benefits for the period ending June 30, 2023, notwithstanding whether that subsequent amendment or act is created or undertaken by contract, agreement (including collective bargaining agreement), statute, rule, regulation, ordinance, charter, resolution or otherwise by operation of law.

H. State Contribution Agreement.

The State Contribution Agreement, the effectiveness of which is contingent upon the acceptance of the Plan by Classes 10 and 11, shall include the following principal terms: (1) the State, or the State's authorized agent, will distribute the State Contribution for the benefit of Holders of Pension Claims; and (2) the Plan shall provide for the release of the State and the State Related Entities by each holder of a Pension Claim from all Liabilities arising from or related to the City, the Chapter 9 Case, the Plan, all Exhibits, the Disclosure Statement, PA 436 and its predecessor or replacement statutes, and Article IX, Section 24 of the Michigan Constitution, as more particularly described in the State Contribution Agreement and as set forth at Section III.D.7.b.

r. Class 11 – GRS Pension Claims.

i. Allowance.

The GRS Pension Claims shall be allowed in an aggregate amount equal to the sum of approximately \$1,879,000,000.

ii. Treatment.

A. Contributions to GRS.

During the Fiscal Years from the Effective Date through Fiscal Year 2023, annual contributions shall be made to fund benefits accrued under the Prior GRS Pension Plan only in the amounts identified on Exhibit II.B.3.r.ii.A. The exclusive sources for such contributions shall be certain pension related, administrative and restructuring payments received from the DWSD equal to approximately \$428.5 million, a portion of the State Contribution, certain DIA Proceeds, a portion of the Assigned UTGO Bond Tax Proceeds and certain revenues from City departments, the Detroit Public Library and the Detroit Regional Convention Facility Authority. After June 30, 2023, (1) certain DIA Proceeds shall be contributed to the GRS and (2) the City will contribute such additional funds as are necessary to pay each Holder of a GRS Pension Claim his or her GRS Adjusted Pension Amount in accordance with and as modified by the terms and conditions contained in the Plan and the Prior GRS Pension Plan, in accordance with the State Contribution Agreement and exhibits thereto. Nothing in this Plan prevents any non-City third party from making additional contributions to or for the benefit of GRS if such party chooses to do so.

B. Investment Return Assumption.

During the period that ends on June 30, 2023, the board of trustees of the GRS, or the trustees of any successor trust or pension plan, shall adopt and maintain an investment return assumption and discount rate for purposes of determining the assets and liabilities of the GRS that shall be 6.75%.

C. Modification of Benefits for GRS Participants.

During the period that ends no earlier than June 30, 2023, the pension benefits payable to each Holder of a GRS Pension Claim shall be equal to the GRS Adjusted Pension Amount for such Holder, provided that such GRS Adjusted Pension Amount shall be (1) automatically reduced by the DIA Proceeds Default Amount in the event of a DIA Proceeds Payment Default and (2) increased by any GRS Restoration Payment.

Restoration of all or a portion of the modified pension benefits will be provided in accordance with the methodology set forth on Exhibit II.B.3.r.ii.C. For purposes of calculating a GRS Restoration Payment, market value of assets shall not include any City contributions through June 30, 2023, other than those listed on Exhibit II.B.3.r.ii.A or any State contributions if the GRS trustees fail to comply with the requirements described in the State Contribution Agreement. In the event that the Foundations and DIA Corp. accelerate all or a portion of their funding commitments described in Section IV.E.1 prior to June 30, 2023, the incremental portion of the acceleration will not count towards pension restoration.

D. Annuity Savings Fund Recoupment.

1. ASF Current Participants.

On or as soon as reasonably practicable after the Effective Date, the Annuity Savings Fund Excess Amount will be calculated for each ASF Current Participant and will be deducted from such participant's Annuity Savings Fund account and be used to fund the accrued pension benefits of all GRS participants; provided, however, that in no event shall the amount deducted from an ASF Current Participant's Annuity Savings Fund account exceed the ASF Recoupment Cap. In the event that the amount credited to an ASF Current Participant's Annuity Savings Fund account as of the Effective Date is less than such participant's Annuity Savings Fund Excess Amount, the ASF Current Participant will be treated as an ASF Distribution Recipient to the extent of the shortfall.

2. ASF Distribution Recipients.

i. Monthly Deduction.

For each ASF Distribution Recipient who does not elect the ASF Recoupment Cash Option described in Section II.B.3.r.ii.D.2.ii and in the case of any ASF Distribution Recipient that elected the ASF Recoupment Cash Option but does not timely deliver the ASF Recoupment Cash Payment to the GRS, the Annuity Savings Fund Excess Amount will: (A) be calculated and converted into monthly annuity amounts based on common actuarial assumptions (such as the ASF Distribution Recipient's life expectancy, and, if not already retired, expected date of retirement) and amortized using a 6.75% interest rate; and (B) then be deducted from the ASF Distribution Recipient's monthly pension check; provided, however, that in no event shall the total amount deducted from an ASF Distribution Recipient's monthly pension check exceed the ASF Recoupment Cap or the Current GRS Retiree Adjustment Cap, if applicable. The total ASF Recoupment from the ASF Distribution Recipient's monthly pension checks over time shall not exceed the amount necessary to amortize the applicable Annuity Savings Fund Excess Amount at 6.75% interest.

ii. Single Lump Sum Payment.

Each ASF Distribution Recipient shall be afforded the ASF Recoupment Cash Option.

No later than seven days following the Effective Date, the City, through its Claims and Balloting Agent, shall send the ASF Election Notice and the ASF Election Form by first-class U.S. mail to each ASF Distribution Recipient. The ASF Election Form shall explain that the amount of the ASF Recoupment Cash Payment shall be equal to the total amount of ASF Recoupment shown on the ASF Distribution Recipient's Ballot, unless the aggregate amount of ASF Recoupment for all ASF Distribution Recipients electing the ASF Recoupment Cash Option exceeds \$30,000,000, in which case (A) the ASF Recoupment Cash Payment will be the ASF Distribution Recipient's Pro Rata portion of \$30,000,000, and (B) the remaining portion of the ASF Distribution Recipient's ASF Recoupment will be annuitized and deducted from the ASF Distribution Recipient's monthly pension check, as provided for in Section II.B.3.r.ii.D.2.i.

An ASF Distribution Recipient must return his or her ASF Election Form to the Claims and Balloting Agent so that it is actually received by the Claims and Balloting Agent by the ASF Election Date.

GRS shall mail the ASF Final Cash Payment Notice no later than 14 days after the ASF Election Date. ASF Distribution Recipients shall have until the ASF Final Cash Payment Date to make the ASF Recoupment Cash Payment, which payment must be made by cashier's check or wire transfer and may not be made by personal check. If an ASF Distribution Recipient's ASF Recoupment Cash Payment is not received by the ASF Final Cash Payment Date, GRS will notify the ASF Distribution Recipient of the failure to timely pay, and ASF Recoupment will be effected through diminution of such recipient's monthly pension check, as provided for in Section II.B.3.r.ii.D.2.i. The calculation of each electing ASF Distribution Recipient's ASF Recoupment Cash Payment shall not be adjusted under any circumstances, including as a result of default by any other electing ASF Distribution Recipient to remit his or her ASF Recoupment Cash Payment by the ASF Final Cash Payment Date.

E. Contingent Payment Rights.

The City will issue the DWSD CVR to the Restoration Trust for the benefit of Holders of Pension Claims, as described in Section IV.F.

F. Accrual of Future Benefits.

Each Holder of a GRS Pension Claim who is an Active Employee shall receive, in addition to his or her GRS Adjusted Pension Amount, as such amount may be modified herein, such additional pension benefit for service on or after July 1, 2014, consistent with the terms and conditions of the New GRS Active Pension Plan Formula and the New GRS Active Pension Plan.

G. Governance.

On or as soon as reasonably practicable after the Effective Date, an Investment Committee shall be established under GRS in accordance with the State Contribution Agreement. The Investment Committee shall be vested with the authority and responsibilities set forth in the State Contribution Agreement for a period of 20 years following the Effective Date. The initial independent members of the Investment Committee established by GRS shall be (1) Kerrie VandenBosch, (2) Doris Ewing, (3) Robert Rietz, (4) David Sowerby and (5) Ken Whipple.

H. No Changes in Terms for Ten Years.

Except as may be required to maintain the tax-qualified status of the GRS or to comply with the terms of the Plan, the City, the trustees of the GRS and all other persons or entities shall be enjoined from and against the subsequent amendment of the terms, conditions and rules of operation of the GRS, or any successor plan or trust, that govern the calculation of pension benefits (including the GRS Adjusted Pension Amount, accrual of additional benefits, the DIA Proceeds Default Amount, the Prior GRS Pension Plan, the GRS Restoration Payment, the New GRS Active Pension Plan Formula and the terms of the New GRS Active Pension Plan) or against any action that governs the selection of the investment return assumption described in Section II.B.3.r.ii.B, the contribution to the GRS, or the calculation or amount of GRS pension benefits for the period ending June 30, 2023, notwithstanding whether that subsequent amendment or act is created or undertaken by contract, agreement (including collective bargaining agreement), statute, rule, regulation, ordinance, charter, resolution or otherwise by operation of law.

I. State Contribution Agreement.

The State Contribution Agreement, the effectiveness of which is contingent upon the acceptance of the Plan by Classes 10 and 11, shall include the following principal terms: (1) the State, or the State's authorized agent, will distribute the State Contribution for the benefit of Holders of Pension Claims; and (2) the Plan shall provide for the release of the State and the State Related Entities by each holder of a Pension Claim from all Liabilities arising from or related to the City, the Chapter 9 Case, the Plan, all Exhibits, the Disclosure Statement, PA 436 and its predecessor or replacement statutes, and Article IX, Section 24 of the Michigan Constitution, as more particularly described in the State Contribution Agreement and as set forth at Section III.D.7.b.

s. Class 12 – OPEB Claims.

i. Allowance.

As a result of a settlement between the City and the Retiree Committee, the OPEB Claims shall be allowed in an aggregate amount equal to \$4,303,000,000.

ii. Treatment.

A. Detroit General VEBA.

Establishment of Detroit General VEBA: On or as soon as practicable following the Effective Date, the City will establish the Detroit General VEBA to provide health benefits to Detroit General VEBA Beneficiaries and certain of their dependents. The Detroit General VEBA will be governed by a seven member board of trustees that will be responsible for, among other things, management of property held by the Detroit General VEBA, administration of the Detroit General VEBA and determination of the level of and distribution of benefits to Detroit General VEBA Beneficiaries. The Detroit General VEBA Trust Agreement and related plan documentation will be substantially in the form set forth on Exhibit I.A.108. With respect to the initial appointment of the board of trustees, the Mayor will appoint one member, and the DRCEA and the Retiree Committee will each appoint three board members. The DRCEA will fill board member vacancies created by the departure of members initially appointed by the Retiree Committee or the DRCEA, and the Mayor will fill a board member vacancy created by the departure of the member appointed by the Mayor. The initial members of the Detroit General VEBA board of trustees shall be (1) Floyd Allen, (2) Roger Cheek, (3) Suzanne Daniels Paranjpe, (4) Doris Ewing,

(5) Barbara Wise-Johnson, (6) Shirley Lightsey and (7) Thomas Sheehan. Nothing in the Plan precludes either the Detroit General VEBA from being formed under Section 115 or the formation of a separate trust under Section 115, in each case with the City's consent, which consent will not be unreasonably withheld.

Distributions to Detroit General VEBA: On the Effective Date, the City shall distribute to the Detroit General VEBA New B Notes in the aggregate principal amount of \$218,000,000, in satisfaction of the Allowed OPEB Claims held by Detroit General VEBA Beneficiaries. The Detroit General VEBA shall also be entitled to additional distributions as set forth in Section II.B.3.p.i.A.

B. Detroit Police and Fire VEBA.

Establishment of Detroit Police and Fire VEBA: On or as soon as practicable following the Effective Date, the City will establish the Detroit Police and Fire VEBA to provide health benefits to Detroit Police and Fire VEBA Beneficiaries and certain of their dependents. The Detroit Police and Fire VEBA will be governed by a seven member board of trustees and, for the first four years, one additional non-voting, ex-officio member. The board of trustees will be responsible for, among other things, management of property held by the Detroit Police and Fire VEBA, administration of the Detroit Police and Fire VEBA and determination of the level of and distribution of benefits to Detroit Police and Fire VEBA Beneficiaries. The Detroit Police and Fire VEBA Trust Agreement and related plan documentation will be substantially in the form set forth on Exhibit I.A.112. With respect to the initial appointment of the board of trustees, the Mayor will appoint one member, and the RDPFFA and the Retiree Committee will each appoint three board members. The RDPMA will appoint the non-voting, ex-officio member. The RDPFFA will fill board member vacancies created by the departure of voting members initially appointed by the Retiree Committee or the RDPFFA, and the Mayor will fill a board member vacancy created by the departure of the member appointed by the Mayor. The RDPMA will fill a non-voting, ex-officio board member vacancy created by the departure of the member initially appointed by the RDPMA, but such non-voting, ex-officio member position shall expire on December 31, 2018. The initial members of the Detroit Police and Fire VEBA board of trustees shall be (1) Floyd Allen, (2) Gregory Best, (3) John Clark, (4) Andrew Dillon, (5) Allan Grant, (6) Thomas Sheehan, (7) Greg Trozak and (8) Shirley Berger (*ex officio*). Nothing in the Plan precludes either the Detroit Police and Fire VEBA from being formed under Section 115 or the formation of a separate trust under Section 115, in each case with the City's consent, which consent will not be unreasonably withheld.

Distributions to Detroit Police and Fire VEBA: On the Effective Date, the City shall distribute to the Detroit Police and Fire VEBA New B Notes in the aggregate principal amount of \$232,000,000, in satisfaction of the Allowed OPEB Claims held by Detroit Police and Fire VEBA Beneficiaries. The Detroit Police and Fire VEBA shall also be entitled to additional distributions as set forth in Section II.B.3.p.i.A.

C. No Further Responsibility.

From and after the Effective Date, the City shall have no further responsibility to provide retiree healthcare or any other retiree welfare benefits. The City shall have no responsibility from and after the Effective Date to provide life insurance or death benefits to former employees. On the Effective Date, the Employees Death Benefit Plan will be frozen for former employees, and the City will no longer have an obligation to contribute to fund death benefits under the plan for any participant or beneficiary who is a former employee. Existing retirees who participate in the plan will be granted a one-time opportunity to receive a lump sum distribution of the present value of their actuarially determined death benefit to the extent of the plan funding. For the avoidance of doubt, the Employees Death Benefit Plan shall not be merged into or operated by either the Detroit General VEBA or the Detroit Police and Fire VEBA. The Employees Death Benefit Board of Trustees shall continue to manage the Employees Death Benefit Plan and employ the staff of the Retirement Systems to administer the disbursement of benefits thereunder, the costs of which administration shall be borne by the assets of the Employees Death Benefit Plan.

Retirees (and active employees that retire prior to December 31, 2014) of the Detroit Public Library and the Detroit Regional Convention Facility Authority are Detroit General VEBA Beneficiaries and will receive the treatment set forth above. However, the collective bargaining and other legal rights and obligations of the Detroit Public Library and the Detroit Regional Convention Facility Authority, on one hand, and their respective unions and former and current employees, on the other hand, are not affected by the Plan. These parties retain the

right to negotiate further or additional benefits; provided, however, that the City shall not be responsible for, or have any obligation with respect to, any such further or additional benefits or the administration thereof. In addition, in consideration of the eligible retirees of the Detroit Public Library and the Detroit Regional Convention Facility Authority participating in the Detroit General VEBA, the Detroit Public Library and the Detroit Regional Convention Facility Authority shall reimburse the City for their allocable share of the New B Note debt service related to the Detroit General VEBA.

t. Class 13 – Downtown Development Authority Claims.

i. Allowance.

On the Effective Date, the Downtown Development Authority Claims shall be deemed Allowed in the amount of \$33,600,000.

ii. Treatment.

Unless such Holder agrees to a different treatment of such Claim, each Holder of an Allowed Downtown Development Authority Claim, in full satisfaction of such Allowed Claim, shall receive, on or as soon as reasonably practicable after the Effective Date, a Pro Rata share of approximately \$3.69 million in New B Notes.

u. Class 14 – Other Unsecured Claims.

i. Treatment.

Unless such Holder agrees to a different treatment of such Claim, each Holder of an Allowed Other Unsecured Claim, in full satisfaction of such Allowed Claim, shall receive (A) on or as soon as reasonably practicable after the Effective Date, a Pro Rata share of approximately \$16.48 million in New B Notes and (B) distributions in accordance with Section II.B.3.p.i.A.

v. Class 15 – Convenience Claims.

i. Treatment.

Each Holder of an Allowed Convenience Claim, in full satisfaction of such Allowed Claim, shall receive Cash equal to the amount of 25% of such Allowed Claim (as reduced, if applicable, pursuant to an election by such Holder in accordance with Section I.A.76) on or as soon as reasonably practicable after the Effective Date, unless such Holder agrees to a different treatment of such Claim.

w. Class 16 – Subordinated Claims.

i. Treatment.

On the Effective Date, all Subordinated Claims shall be disallowed, extinguished and discharged without Distribution under the Plan, and Holders of Subordinated Claims shall not receive or retain any property on account of such Claims. Pursuant to section 1126(g) of the Bankruptcy Code, Class 16 is deemed to have rejected the Plan and Holders of Subordinated Claims are not entitled to cast a Ballot in respect of such Claims.

x. Class 17 – Indirect 36th District Court Claims.

i. Treatment.

Unless such Holder agrees to a different treatment of its Claim, each Holder of an Allowed Indirect 36th District Court Claim, in full satisfaction of such Allowed Claim, shall receive: (A) if the Allowed amount of such Indirect 36th District Court Claim is less than \$100,000.00, on or as soon as reasonably practicable after the Effective Date, Cash in an amount equal to 33% of the Allowed amount of such Allowed Indirect 36th

District Court Claim; or (B) if the Allowed amount of such Indirect 36th District Court Claim is equal to or more than \$100,000.00, Cash equal to 33% of the Allowed amount of such Indirect 36th District Court Claim, plus simple interest on outstanding amounts at a rate of five percent per annum, payable in five equal annual installments, with the first installment to be paid on or as soon as reasonably practicable after the Effective Date and the remaining four installments to be paid on the date of the first four anniversaries of the Effective Date or, if any such date is not a Business Day, on the first Business Day thereafter.

ii. Further Obligation of City, State and 36th District Court.

Subject to the terms of the 36th District Court Settlement, the treatment of Allowed Indirect 36th District Court Claims set forth in Section II.B.3.x.i shall fulfill any obligation of the City and the 36th District Court that may exist with respect to all Indirect 36th District Court Claims. Nothing in Section II.B.3.x.i prevents the Holder of an Indirect 36th District Court Claim from seeking further relief or payment from the State with respect to such Indirect 36th District Court Claim to the extent such Claim is not satisfied pursuant to the Plan.

C. Confirmation Without Acceptance by All Impaired Classes.

The City requests Confirmation under section 1129(b) of the Bankruptcy Code in the event that any impaired Class does not accept or is deemed not to accept the Plan pursuant to section 1126 of the Bankruptcy Code. The Plan shall constitute a motion for such relief.

D. Treatment of Executory Contracts and Unexpired Leases.

1. Assumption.

Except as otherwise provided in the Plan, in any contract, instrument, release or other agreement or document entered into in connection with the Plan or in a Final Order of the Bankruptcy Court, or as requested in any motion Filed by the City on or prior to the Effective Date, on the Effective Date, pursuant to section 365 of the Bankruptcy Code, the City will be deemed to assume all Executory Contracts and Unexpired Leases to which it is a party. Notwithstanding the foregoing, Retirement System Indemnity Obligations shall not be assumed under the Plan and shall be discharged. For the avoidance of doubt, the City shall assume the Tunnel Lease pursuant to this Section II.D.1.

2. Assumption of Ancillary Agreements.

Each Executory Contract and Unexpired Lease assumed pursuant to Section II.D.1 will include any modifications, amendments, supplements, restatements or other agreements made directly or indirectly by any agreement, instrument or other document that in any manner affects such Executory Contract or Unexpired Lease, unless any such modification, amendment, supplement, restatement or other agreement is rejected pursuant to Section II.D.6 or designated for rejection in accordance with Section II.D.3.

3. Approval of Assumptions and Assignments.

The Confirmation Order will constitute an order of the Bankruptcy Court approving the assumption of Executory Contracts and Unexpired Leases pursuant to Sections II.D.1 and II.D.2 (and any related assignment) as of the Effective Date, except for Executory Contracts or Unexpired Leases that (a) have been rejected pursuant to a Final Order of the Bankruptcy Court, (b) are subject to a pending motion for reconsideration or appeal of an order authorizing the rejection of such Executory Contract or Unexpired Lease, (c) are subject to a motion to reject such Executory Contract or Unexpired Lease Filed on or prior to the Effective Date, (d) are rejected pursuant to Section II.D.6 or (e) are designated for rejection in accordance with the last sentence of this paragraph. An order of the Bankruptcy Court (which may be the Confirmation Order) entered on or prior to the Confirmation Date will specify the procedures for providing notice to each party whose Executory Contract or Unexpired Lease is being assumed pursuant to the Plan of: (a) the Executory Contract or Unexpired Lease being assumed; (b) the Cure Amount Claim, if any, that the City believes it would be obligated to pay in connection with such assumption; (c) any assignment of an Executory Contract or Unexpired Lease; and (d) the procedures for such party to object to

the assumption of the applicable Executory Contract or Unexpired Lease, the amount of the proposed Cure Amount Claim or any assignment of an Executory Contract or Unexpired Lease. If an objection to a proposed assumption, assumption and assignment or Cure Amount Claim is not resolved in favor of the City, the applicable Executory Contract or Unexpired Lease may be designated by the City for rejection, which shall be deemed effective as of the Effective Date.

4. Payments Related to the Assumption of Executory Contracts and Unexpired Leases.

To the extent that such Claims constitute monetary defaults, the Cure Amount Claims associated with each Executory Contract or Unexpired Lease to be assumed pursuant to the Plan will be satisfied, pursuant to section 365(b)(1) of the Bankruptcy Code, at the option of the City: (a) by payment of the Cure Amount Claim in Cash on the Effective Date or (b) on such other terms as are agreed to by the parties to such Executory Contract or Unexpired Lease. If there is a dispute regarding: (a) the amount of any Cure Amount Claim, (b) the ability of the City or any assignee to provide "adequate assurance of future performance" (within the meaning of section 365 of the Bankruptcy Code) under the contract or lease to be assumed or (c) any other matter pertaining to the assumption of such contract or lease, the payment of any Cure Amount Claim required by section 365(b)(1) of the Bankruptcy Code will be made within 30 days following the entry of a Final Order resolving the dispute and approving the assumption.

5. Contracts and Leases Entered Into After the Petition Date.

Contracts, leases and other agreements entered into after the Petition Date by the City, including (a) any Executory Contracts or Unexpired Leases assumed by the City and (b) the collective bargaining agreements identified on Exhibit II.D.5, will be performed by the City in the ordinary course of its business. Accordingly, such contracts and leases (including any assumed Executory Contracts or Unexpired Leases) will survive and remain unaffected by entry of the Confirmation Order.

6. Rejection of Executory Contracts and Unexpired Leases.

On the Effective Date, each Executory Contract and Unexpired Lease that is listed on Exhibit II.D.6 shall be deemed rejected pursuant to section 365 of the Bankruptcy Code. The Confirmation Order will constitute an order of the Bankruptcy Court approving such rejections, pursuant to section 365 of the Bankruptcy Code, as of the later of: (a) the Effective Date or (b) the resolution of any objection to the proposed rejection of an Executory Contract or Unexpired Lease. Each contract or lease listed on Exhibit II.D.6 shall be rejected only to the extent that any such contract or lease constitutes an Executory Contract or Unexpired Lease. The City reserves its right, at any time on or prior to the Effective Date, to amend Exhibit II.D.6 to delete any Executory Contract or Unexpired Lease therefrom, thus providing for its assumption pursuant to Section II.D.1, or add any Executory Contract or Unexpired Lease thereto, thus providing for its rejection pursuant to this Section II.D.6. The City will provide notice of any amendments to Exhibit II.D.6 to the parties to the Executory Contracts or Unexpired Leases affected thereby and to the parties on the then-applicable service list in the Chapter 9 Case. Listing a contract or lease on Exhibit II.D.6 shall not constitute an admission by the City that such contract or lease is an Executory Contract or Unexpired Lease or that the City has any liability thereunder. Any Claims arising from the rejection of an Executory Contract or Unexpired Lease pursuant to the Plan shall be treated as Class 14 Claims (Other Unsecured Claims), subject to the provisions of section 502 of the Bankruptcy Code.

7. Rejection Damages Bar Date.

Except as otherwise provided in a Final Order of the Bankruptcy Court approving the rejection of an Executory Contract or Unexpired Lease, Claims arising out of the rejection of an Executory Contract or Unexpired Lease must be Filed with the Bankruptcy Court and served upon counsel to the City on or before the later of: (a) 45 days after the Effective Date; or (b) 45 days after such Executory Contract or Unexpired Lease is rejected pursuant to a Final Order or designated for rejection in accordance with Section II.D.3. Any Claims not Filed within such applicable time periods will be forever barred from receiving a Distribution from, and shall not be enforceable against, the City.

8. Preexisting Obligations to the City Under Rejected Executory Contracts and Unexpired Leases.

Pursuant to section 365(g) of the Bankruptcy Code, rejection of any Executory Contract or Unexpired Lease pursuant to the Plan or otherwise shall constitute a breach of such contract or lease and not a termination thereof, and all obligations owing to the City under such contract or lease as of the date of such breach shall remain owing to the City upon rejection. Notwithstanding any applicable non-bankruptcy law to the contrary, the City expressly reserves and does not waive any right to receive, or any continuing obligation of a non-City party to provide, warranties, indemnifications or continued maintenance obligations on goods previously purchased, or services previously received, by the City from non-City parties to rejected Executory Contracts or Unexpired Leases, and any such rights shall remain vested in the City as of the Effective Date.

9. Insurance Policies.

From and after the Effective Date, each of the City's insurance policies (other than welfare benefits insurance policies) in existence as of or prior to the Effective Date shall be reinstated and continue in full force and effect in accordance with its terms and, to the extent applicable, shall be deemed assumed by the City pursuant to section 365 of the Bankruptcy Code and Section II.D.1. Nothing contained herein shall constitute or be deemed a waiver of any Causes of Action that the City may hold against any Entity, including any insurer under any of the City's insurance policies. For the avoidance of doubt, nothing contained in this Section II.D.9 shall apply to reinstate or continue any obligation of the City or any fund thereof to any Bond Insurer.

**ARTICLE III
CONFIRMATION OF THE PLAN**

A. Conditions Precedent to the Effective Date.

The Effective Date will not occur, and the Plan will not be consummated, unless and until the City has determined that all of following conditions have been satisfied or waived in accordance with Section III.B:

1. The Bankruptcy Court shall have entered the Confirmation Order in form and substance satisfactory to the City.
2. The Bankruptcy Court shall have entered an order (which may be included in the Confirmation Order) approving and authorizing the City to take all actions necessary or appropriate to implement the Plan, including the transactions contemplated by the Plan and the implementation and consummation of the contracts, instruments, settlements, releases and other agreements or documents entered into or delivered in connection with the Plan.
3. The Confirmation Order shall not be stayed in any respect.
4. The Confirmation Order shall contain (a) a finding that the FGIC Settlement Consideration and the FGIC Development Agreement are solely for the benefit of FGIC and the FGIC COP Holders (subject to any provision set forth herein for payment of COP Agent Fees), and (b) an ordered provision that such consideration be administered and distributed to FGIC and the FGIC COP Holders in a manner consistent therewith and with the Plan.
5. The Confirmation Order shall contain (a) a finding that the Syncora Development Agreement is solely for the benefit of Syncora (subject to any provision set forth herein for payment of COP Agent Fees), and (b) an ordered provision that such consideration be administered and distributed to Syncora in a manner consistent therewith and with the Plan.
6. All actions and all contracts, instruments, settlements, releases and other agreements or documents necessary to implement the terms and provisions of the Plan are effected or executed and delivered, as applicable, in form and substance satisfactory to the City.

7. All authorizations, consents and regulatory approvals, if any, required in connection with the consummation of the Plan have been obtained and not revoked, including all governmental and Emergency Manager consents and approvals required to carry out the terms of the LTGO Settlement Agreement.

8. Any legislation that must be passed by the State legislature to effect any term of the Plan shall have been enacted.

9. The MFA board shall have approved the issuance of the Restructured UTGO Bonds and the Restructured UTGO Bonds shall have been issued.

10. The City shall have obtained all governmental and Emergency Manager consents and approvals required to carry out the terms of the UTGO Settlement Agreement.

11. The Plan and all Exhibits shall have been Filed and shall not have been materially amended, altered or modified from the Plan as confirmed by the Confirmation Order, unless such material amendment, alteration or modification has been made in accordance with Section VIII.B.

12. If Classes 10 and 11 have accepted the Plan, all conditions to the effectiveness of the State Contribution Agreement and the DIA Settlement Documents have been satisfied.

13. The Syncora Settlement and the Syncora Settlement Agreement shall have been approved by the Bankruptcy Court in form and substance reasonably acceptable to the City and Syncora, and such approval shall not have been vacated or otherwise modified, and the definitive documents contemplated thereby shall have been executed and delivered.

14. The Syncora Development Agreement shall have been approved by the Bankruptcy Court in form and substance reasonably acceptable to the City and Syncora, and such approval shall not have been vacated or otherwise modified, and the definitive documents contemplated thereby shall have been executed and delivered.

15. The FGIC/COP Settlement Documents and the FGIC Development Agreement shall have been approved by the Bankruptcy Court in form and substance reasonably acceptable to the City and FGIC, and such approval shall not have been vacated or otherwise modified, and the definitive documents contemplated thereby shall have been executed and delivered.

16. The New York State Department of Financial Services shall have waived in writing the notice requirement under FGIC's plan of rehabilitation with respect to the settlement contemplated by the FGIC/COP Settlement Documents and the FGIC Development Agreement in form and substance reasonably acceptable to FGIC, and such waiver shall not have been vacated or otherwise modified.

17. The Effective Date shall have occurred within 180 days of the entry of the Confirmation Order, unless the City requests an extension of such deadline and such deadline is extended by the Bankruptcy Court.

B. Waiver of Conditions to the Effective Date.

The conditions to the Effective Date set forth in Section III.A may be waived in whole or part at any time by the City in its sole and absolute discretion, except for those conditions set forth in (1) Section III.A.9 and Section III.A.10, which conditions cannot be waived, (2) Sections III.A.5, III.A.13 and III.A.14, which may only be waived by the City with the prior written consent of Syncora, (3) Sections III.A.4 and III.A.15, which may only be waived by the City with the prior written consent of FGIC and (4) Section III.A.16, which may be waived by the City at any time on or after November 4, 2014 at 5:00 p.m. (Eastern Time) with the prior written consent of FGIC.

C. Effect of Nonoccurrence of Conditions to the Effective Date.

If each of the conditions to the Effective Date is not satisfied, or duly waived in accordance with Section III.B, then, before the time that each of such conditions has been satisfied and upon notice to such parties in interest as the Bankruptcy Court may direct, the City may File a motion requesting that the Bankruptcy Court vacate the Confirmation Order; provided, however, that, notwithstanding the Filing of such motion, the Confirmation Order may not be vacated if each of the conditions to the Effective Date is satisfied before the Bankruptcy Court enters an order granting such motion. If the Confirmation Order is vacated pursuant to this Section III.C: (1) the Plan will be null and void in all respects, including with respect to (a) the discharge of Claims pursuant to section 944(b) of the Bankruptcy Code, (b) the assumptions, assignments or rejections of Executory Contracts and Unexpired Leases pursuant to Section II.D and (c) the releases described in Section III.D.7; and (2) nothing contained in the Plan, nor any action taken or not taken by the City with respect to the Plan, the Disclosure Statement or the Confirmation Order, will be or will be deemed to be (a) a waiver or release of any Claims by or against the City, (b) an admission of any sort by the City or any other party in interest or (c) prejudicial in any manner the rights of the City or any other party in interest.

D. Effect of Confirmation of the Plan.

1. Dissolution of Retiree Committee.

On the Effective Date, the Retiree Committee, to the extent not previously dissolved or disbanded, will dissolve and disband, and the members of the Retiree Committee and their respective professionals will cease to have any role arising from or related to the Chapter 9 Case.

2. Preservation of Rights of Action by the City.

Except as otherwise provided in the Plan or in any contract, instrument, release or other agreement entered into or delivered in connection with the Plan, in accordance with section 1123(b)(3)(B) of the Bankruptcy Code, the City will retain and may enforce any claims, demands, rights, defenses and Causes of Action that it may hold against any Entity, including but not limited to any and all Causes of Action against any party relating to the past practices of the Retirement Systems (including any investment decisions related to, and the management of, the Retirement Systems' respective pension plans or assets), to the extent not expressly released under the Plan or pursuant to any Final Order of the Bankruptcy Court. A nonexclusive schedule of currently pending actions and claims brought by the City is attached as Exhibit III.D.2. The City's inclusion of, or failure to include, any right of action or claim on Exhibit III.D.2 shall not be deemed an admission, denial or waiver of any claims, demands, rights or Causes of Action that the City may hold against any Entity, and all Entities are hereby notified that the City intends to preserve all such claims, demands, rights or Causes of Action.

3. Comprehensive Settlement of Claims and Controversies.

Pursuant to Bankruptcy Rule 9019 and in consideration for the distributions and other benefits provided under the Plan, the provisions of the Plan will constitute a good faith compromise and settlement of all claims or controversies relating to the rights that a holder of a Claim may have with respect to any Allowed Claim or any Distribution to be made pursuant to the Plan on account of any Allowed Claim. The entry of the Confirmation Order will constitute the Bankruptcy Court's approval, as of the Effective Date, of the compromise or settlement of all such claims or controversies and the Bankruptcy Court's finding that all such compromises or settlements are (a) in the best interests of the City, its property and Claim Holders and (b) fair, equitable and reasonable. For the avoidance of doubt, this Section III.D.3 shall not affect or limit the application of section 509 of the Bankruptcy Code or any similar doctrine to Bond Insurance Policy Claims.

4. Discharge of Claims.

a. Complete Satisfaction, Discharge and Release.

Except as provided in the Plan or in the Confirmation Order, the rights afforded under the Plan and the treatment of Claims under the Plan will be in exchange for and in complete satisfaction, discharge and release of all Claims arising on or before the Effective Date, including any interest accrued on Claims from and after the Petition Date. Except as provided in the Plan or in the Confirmation Order, Confirmation will, as of the Effective Date, discharge the City from all Claims or other debts that arose on or before the Effective Date, and all debts of the kind specified in section 502(g), 502(h) or 502(i) of the Bankruptcy Code, whether or not (i) a proof of Claim based on such debt is Filed or deemed Filed pursuant to section 501 of the Bankruptcy Code, (ii) a Claim based on such debt is allowed pursuant to section 502 of the Bankruptcy Code or (iii) the Holder of a Claim based on such debt has accepted the Plan.

b. Discharge.

In accordance with Section III.D.4.a, except as expressly provided otherwise in the Plan or the Confirmation Order, the Confirmation Order will be a judicial determination, as of the Effective Date, of a discharge of all debts of the City, pursuant to sections 524(a)(1), 524(a)(2) and 944(b) of the Bankruptcy Code, and such discharge will void any judgment obtained against the City at any time, to the extent that such judgment relates to a discharged debt; provided that such discharge will not apply to (i) debts specifically exempted from discharge under the Plan; and (ii) debts held by an Entity that, before the Confirmation Date, had neither notice nor actual knowledge of the Chapter 9 Case.

5. Injunction.

On the Effective Date, except as otherwise provided herein or in the Confirmation Order,

a. all Entities that have been, are or may be holders of Claims against the City, Indirect 36th District Court Claims or Indirect Employee Indemnity Claims, along with their Related Entities, shall be permanently enjoined from taking any of the following actions against or affecting the City or its property, DIA Corp. or its property, the DIA Assets, the Released Parties or their respective property and the Related Entities of each of the foregoing, with respect to such claims (other than actions brought to enforce any rights or obligations under the Plan and appeals, if any, from the Confirmation Order):

1. commencing, conducting or continuing in any manner, directly or indirectly, any suit, action or other proceeding of any kind against or affecting the City or its property (including (A) all suits, actions and proceedings that are pending as of the Effective Date, which must be withdrawn or dismissed with prejudice, (B) Indirect 36th District Court Claims and (C) Indirect Employee Indemnity Claims);

2. enforcing, levying, attaching, collecting or otherwise recovering by any manner or means, directly or indirectly, any judgment, award, decree or order against the City or its property;

3. creating, perfecting or otherwise enforcing in any manner, directly or indirectly, any encumbrance of any kind against the City or its property;

4. asserting any setoff, right of subrogation or recoupment of any kind, directly or indirectly, against any obligation due the City or its property;

5. proceeding in any manner in any place whatsoever that does not conform to or comply with the provisions of the Plan or the settlements set forth herein to the extent such settlements have been approved by the Bankruptcy Court in connection with Confirmation of the Plan; and

6. taking any actions to interfere with the implementation or consummation of the Plan.

b. All Entities that have held, currently hold or may hold any Liabilities released pursuant to the Plan will be permanently enjoined from taking any of the following actions against the State, the State Related Entities, the officers, board of trustees/directors, attorneys, advisors and professionals of the RDPFFA or the DRCEA, and the Released Parties or any of their respective property on account of such released Liabilities: (i) commencing, conducting or continuing in any manner, directly or indirectly, any suit, action or other proceeding of any kind; (ii) enforcing, levying, attaching, collecting or otherwise recovering by any manner or means, directly or indirectly, any judgment, award, decree or order; (iii) creating, perfecting or otherwise enforcing in any manner, directly or indirectly, any lien; (iv) asserting any setoff, right of subrogation or recoupment of any kind, directly or indirectly, against any obligation due the State, a State Related Entity, the officers, board of trustees/directors, attorneys, advisors and professionals of the RDPFFA or the DRCEA, or a Released Party; and (v) commencing or continuing any action, in any manner, in any place that does not comply with or is inconsistent with the provisions of the Plan. Notwithstanding the foregoing and without limiting the injunctions in Section III.D.5.a, the Holders of Indirect 36th District Court Claims shall not be enjoined from taking any of the foregoing actions against the State or the State Related Entities with respect to Indirect 36th District Court Claims to the extent such Claims are not satisfied pursuant to the Plan.

6. Exculpation.

From and after the Effective Date, to the fullest extent permitted under applicable law and except as expressly set forth in this Section, neither the City, its Related Entities (including the members of the City Council, the Mayor and the Emergency Manager), to the extent a claim arises from actions taken by such Related Entity in its capacity as a Related Entity of the City, the State, the State Related Entities, the Exculpated Parties nor the Released Parties shall have or incur any liability to any person or Entity for any act or omission in connection with, relating to or arising out of the City's restructuring efforts and the Chapter 9 Case, including the authorization given to file the Chapter 9 Case, the formulation, preparation, negotiation, dissemination, consummation, implementation, confirmation or approval (as applicable) of the Plan, the property to be distributed under the Plan, the settlements implemented under the Plan, the Exhibits, the Disclosure Statement, any contract, instrument, release or other agreement or document provided for or contemplated in connection with the consummation of the transactions set forth in the Plan or the management or operation of the City; provided that the foregoing provisions shall apply to (a) the LTGO Exculpated Parties solely in connection with acts or omissions taken in connection with the LTGO Settlement Agreement or the Plan (as it relates to the LTGO Settlement Agreement), (b) the UTGO Exculpated Parties solely in connection with acts or omissions taken in connection with the UTGO Settlement Agreement or the Plan (as it relates to the UTGO Settlement Agreement), (c) the DWSD Exculpated Parties solely in connection with acts or omissions taken in connection with the DWSD Tender, DWSD Tender Motion or DWSD Tender Order, (d) the Syncora Exculpated Parties solely in connection with acts or omissions taken in connection with the Syncora Settlement Documents and any actions or litigation positions taken by the Syncora Exculpated Parties in the Chapter 9 Case, (e) the FGIC/COP Exculpated Parties solely in connection with acts or omissions taken in connection with the FGIC/COP Settlement Documents and any actions or litigation positions taken by the FGIC/COP Exculpated Parties in the Chapter 9 Case, (f) the RDPMA Exculpated Parties and (g) the COP Agent, solely in its capacity as such and solely in connection with any Distributions made pursuant to the terms of the Plan; provided, further, that the foregoing provisions in this Section III.D.6 shall not affect the liability of the City, its Related Entities, the State, the State Related Entities, the Released Parties and the Exculpated Parties that otherwise would result from any such act or omission to the extent that such act or omission is determined in a Final Order to have constituted gross negligence or willful misconduct or any act or omission occurring before the Petition Date. The City, its Related Entities (with respect to actions taken by such Related Entities in their capacities as Related Entities of the City), the State, the State Related Entities, the Released Parties and the Exculpated Parties shall be entitled to rely upon the advice of counsel and financial advisors with respect to their duties and responsibilities under, or in connection with, the Chapter 9 Case, the administration thereof and the Plan. This Section III.D.6 shall not affect any liability of (a) any of the COP Swap Exculpated Parties to the Syncora Exculpated Parties or FGIC or (b) the Syncora Exculpated Parties or FGIC/COP Exculpated Parties to any of the COP Swap Exculpated Parties.

7. Releases.

Without limiting any other applicable provisions of, or releases contained in, the Plan or any contracts, instruments, releases, agreements or documents to be entered into or delivered in connection with the Plan, as of the Effective Date, in consideration for the obligations of the City under the Plan and the consideration and other contracts, instruments, releases, agreements or documents to be entered into or delivered in connection with the Plan (including the State Contribution Agreement):

- a. each holder of a Claim that votes in favor of the Plan, to the fullest extent permissible under law, will be deemed to forever release, waive and discharge (which release will be in addition to the release and discharge of Claims otherwise provided herein and under the Confirmation Order and the Bankruptcy Code):
 - i. all Liabilities in any way relating to the City, the Chapter 9 Case (including the authorization given to file the Chapter 9 Case), the Plan, the Exhibits or the Disclosure Statement, in each case that such holder has, had or may have against the City or its current and former officials, officers, directors, employees, managers, attorneys, advisors and professionals, each acting in such capacity (and, in addition to and without limiting the foregoing, in the case of any Emergency Manager, in such Emergency Manager's capacity as an appointee under PA 436); provided further, for the avoidance of doubt, that any person or entity designated to manage the Chapter 9 Case for the City after the Emergency Manager's term is terminated, whether such person or entity acts as an employee, advisor or contractor to the City or acts as an employee, agent, contractor or appointee of the State under any applicable state law, shall be treated the same as an employee of the City hereunder; and
 - ii. all Liabilities in any way relating to (A) Claims that are compromised, settled or discharged under or in connection with the Plan, (B) the Chapter 9 Case (including the authorization given to file the Chapter 9 Case), (C) the Plan, (D) the Exhibits, (E) the Disclosure Statement or (F) the DIA Settlement, in each case that such holder has, had or may have against the City's Related Entities, the State, the State Related Entities and the Released Parties; provided, however, that any such Liability of the Foundations, the DIA Funders and the CFSEM Supporting Organization and their Related Entities shall be released only to the extent that such Liability, if any, arises from any such entity's participation in the DIA Settlement;

provided, however, that the foregoing provisions shall not affect the liability of the City, its Related Entities and the Released Parties that otherwise would result from any act or omission to the extent that act or omission subsequently is determined in a Final Order to have constituted gross negligence or willful misconduct; and provided further, however, that if Classes 10 and 11 vote to accept the Plan, but any necessary conditions precedent to the receipt of the initial funding from the State (pursuant to the State Contribution Agreement) and the DIA Funding Parties that are such as of the commencement of the Confirmation Hearing (pursuant to the DIA Settlement) that can be satisfied or waived by the applicable funding party prior to the Confirmation Hearing (including, but not limited to, adoption of relevant legislation and appropriations by the State and execution of necessary and irrevocable agreements for their funding commitments by each of the DIA Funding Parties that are such as of the commencement of the Confirmation Hearing, which conditions may not be waived) are not satisfied or waived by the applicable funding party prior to the Confirmation Hearing, then Holders of Claims in Classes 10 and 11 that voted to accept the Plan shall be deemed to have voted to reject the Plan, and the voluntary release set forth in the first sentence of this Section III.D.7.a shall not apply to Holders of Claims in Classes 10 and 11; provided, further, that nothing in this Section III.D.7.a shall release (i) the City's obligations under the Plan or (ii) any defenses that any party may have against the City, its Related Entities, the State, the State Related Entities or the Released Parties; and

- b. if the State Contribution Agreement is consummated, each holder of a Pension Claim will be deemed to forever release, waive and discharge all Liabilities arising from or related to the City, the Chapter 9 Case, including the authorization given to file the Chapter 9 Case, the Plan, all Exhibits, the Disclosure Statement, PA 436 and its predecessor or replacement statutes, and Article IX, Section 24 of the Michigan Constitution that such party has, had or may have against the State and any State Related Entities. For the avoidance of doubt, the Plan does not release, waive or discharge obligations of the City that are established in the Plan or that arise from and after the Effective Date with respect to (i) pensions as modified by the Plan or (ii) labor-related obligations. Such post-Effective Date obligations shall be enforceable against the City or its representatives by active or retired employees or their collective bargaining representatives to the extent permitted by applicable non-bankruptcy law or the Plan, or, with respect to pensions only, GRS or PFRS.

Notwithstanding Sections III.D.5-7 and IV.L of the Plan, except as set forth in the COP Swap Settlement, nothing in the Plan or the Confirmation Order shall or shall be deemed to provide a release by the COP Swap Counterparties of any Liabilities related to the COPs, the COP Service Corporations, the Transaction Documents (as defined in the COP Swap Settlement), the COP Swap Settlement or the COP Swap Settlement Approval Order. For the avoidance of doubt, notwithstanding Section III.D.6 of the Plan, a vote of DWSD Bond Claims or DWSD Revolving Bond Claims in favor of the Plan shall not, and shall not be deemed to, effect a release pursuant to this Section III.D.7 by a Holder of any such DWSD Bond Claims, a Holder of any such DWSD Revolving Bond Claims or the Bond Insurer insuring any such Claims of any Liabilities against the City or its Related Entities that do not arise in connection with the DWSD Bonds or the DWSD Revolving Bonds. For the further avoidance of doubt, notwithstanding anything in the Plan to the contrary, a vote of a Claim other than a DWSD Bond Claim or DWSD Revolving Bond Claim in favor of the Plan shall not, and shall not be deemed to, effect a release pursuant to this Section III.D.7 by a Holder of any such voted Claim or the Bond Insurer insuring such voted Claim of any Liabilities against the City or any other Entity arising in connection with the DWSD Bonds or DWSD Revolving Bonds.

E. No Diminution of State Power.

No provision of this Plan shall be construed: (1) so as to limit or diminish the power of the State to control, by legislation or otherwise, the City in the exercise of the political or governmental powers of the City, including expenditures for such exercise; (2) so as to limit or diminish the power of the State to effect setoffs necessary to compensate the State or relieve the State of liability against funds (a) owing to the City from the State, (b) granted to the City by the State, or (c) administered by the State on behalf of the City or the federal government (including funds resulting from federal or state grants), for acts or omissions by the City (including but not limited to misappropriation or misuse of funds); and (3) as a waiver by the State of its rights as a sovereign or rights granted to it pursuant to the Tenth Amendment to the United States Constitution, or limit or diminish the State's exercise of such rights.

F. Effectiveness of the Plan.

The Plan shall become effective on the Effective Date. Any actions required to be taken on the Effective Date shall take place and shall be deemed to have occurred simultaneously, and no such action shall be deemed to have occurred prior to the taking of any other such action.

G. Binding Effect of Plan.

Pursuant to section 944(a) of the Bankruptcy Code, on and after the Effective Date, the provisions of the Plan shall bind all Holders of Claims, and their respective successors and assigns, whether or not the Claim of any such Holder is Impaired under the Plan and whether or not such Holder has accepted the Plan. The releases and settlements effected under the Plan will be operative, and subject to enforcement by the Bankruptcy Court, from and after the Effective Date, including pursuant to the injunctive provisions of the Plan. Once approved, the

compromises and settlements embodied in the Plan, along with the treatment of any associated Allowed Claims, shall not be subject to any collateral attack or other challenge by any Entity in any court or other forum. As such, any Entity that opposes the terms of any compromise and settlement set forth in the Plan must (1) challenge such compromise and settlement prior to Confirmation of the Plan and (2) demonstrate appropriate standing to object and that the subject compromise and settlement does not meet the standards governing bankruptcy settlements under Bankruptcy Rule 9019 and other applicable law.

ARTICLE IV MEANS FOR IMPLEMENTATION OF THE PLAN

A. DWSD.

1. Rates and Revenues.

DWSD will maintain Fiscal Year 2015 rate setting protocols for a minimum of five years, subject to certain changes necessary to stabilize water and sewer revenues. Rates will be determined by the Board of Water Commissioners or, if a DWSD Authority is formed and approved by the incorporating units' governing bodies, by the board of any such DWSD Authority. The City may seek to implement a rate stability program for City residents, which program may, among other things, (a) provide a source of funds to mitigate against rate increases, (b) enhance affordability and (c) provide a buffer against delinquent payments.

2. DWSD CBAs.

Collective bargaining agreements with respect to current DWSD employees that are in effect and not expired as of the Effective Date will be assumed by the City.

3. Potential DWSD Authority Transaction.

As a result of mediation or otherwise, it is possible that the City may enter into a DWSD Authority Transaction that includes the formation of the DWSD Authority to conduct many or all of the operations currently conducted by DWSD. Any such transaction would be subject to the approval of incorporating units and numerous other conditions. The timing of any such transaction, if it occurs at all, is not known. If any such transaction could occur, unless waived by the City in its sole discretion, the City will enter into such transaction only if Macomb County, Oakland County and Wayne County, and each of their municipal affiliates or related public corporations, withdraw with prejudice or shall have withdrawn with prejudice their objections to the Confirmation of the Plan. Any DWSD Authority Transaction shall be on terms that are consistent with all other provisions of the Plan, applicable law and orders of the Bankruptcy Court. The City shall not enter into any binding agreement with respect to or consummate any DWSD Authority Transaction prior to the Effective Date without first obtaining an order of the Bankruptcy Court approving and authorizing such DWSD Authority Transaction.

All terms and conditions in respect of any DWSD Authority Transaction set forth in (a) any DWSD Bond Document or (b) any transaction document in respect of such a DWSD Authority Transaction shall in any case include: (i) no material modifications to the source of payment and security for any DWSD Bonds or 2014 Revenue and Revenue Refinancing Bonds; (ii) an opinion of tax counsel that such transfer shall have no material adverse effect on the tax exempt status of the interest on the DWSD Bonds or 2014 Revenue and Revenue Refinancing Bonds; (iii) that the City could issue at least \$1 of additional new money DWSD Bonds in compliance with the additional bonds test set forth in the applicable DWSD Bond Documents; and (iv) ratings confirmation of any rating agency then rating the DWSD Bonds and 2014 Revenue and Revenue Refinancing Bonds. A DWSD Authority Transaction shall not affect, impair, modify or otherwise alter the rights of any party under the DWSD Tender Order, the DWSD Bond Documents, the DWSD Revolving Bond Documents, the 2014 DWSD Refinancing Obligations, the 2014 Revenue and Revenue Refinancing Bonds or the 2014 Revenue Refinancing Bonds or any Bond Insurance Policy related to or issued in connection with any of the foregoing.

B. The New B Notes, New C Notes and New LTGO Bonds.

On or before the Effective Date, the City shall (a) execute the New B Notes Documents, issue the New B Notes, substantially on the terms set forth on Exhibit I.A.246, and distribute the New B Notes as set forth in the Plan; (b) execute the New C Notes Documents, issue the New C Notes, substantially on the terms set forth on Exhibit I.A.248 (and in any case in form and substance reasonably acceptable to the City and Syncora), and distribute the New C Notes as set forth in the Plan; and (c) execute the New LTGO Bond Documents, issue the New LTGO Bonds, substantially on the terms set forth on Exhibit I.A.237, and distribute the New LTGO Bonds as set forth in the Plan.

C. The UTGO Settlement.

On the Effective Date, the City and the Settling UTGO Bond Insurers shall consummate the UTGO Settlement Agreement, a copy of which is attached hereto as Exhibit I.A.360. The treatment of Unlimited Tax General Obligation Bond Claims under the Plan is provided for pursuant to the UTGO Settlement Agreement, which involves the settlement of, among other things, the UTGO Litigation and is subject to Bankruptcy Court approval pursuant to Bankruptcy Rule 9019. The Plan shall be construed as a motion for approval of, and the Confirmation Order shall constitute an order approving, the UTGO Settlement Agreement pursuant to Bankruptcy Rule 9019.

Pursuant to the UTGO Settlement Agreement, among other things: (1) the Unlimited Tax General Obligation Bond Claims shall be deemed Allowed in the amount of \$388,000,000; (2) the City shall issue the Municipal Obligation to the MFA, which in turn will issue the Restructured UTGO Bonds; (3) Holders of Allowed Unlimited Tax General Obligation Bond Claims shall be entitled to receive their Pro Rata share of \$279,618,950 of the Restructured UTGO Bonds as set forth in Schedule 1a of the UTGO Settlement Agreement; (4) the Settling UTGO Bond Insurers and the Non-Settling UTGO Bond Insurer shall be entitled to receive \$7,941,840 of the Restructured UTGO Bonds as set forth in Schedule 1b to the UTGO Settlement Agreement; and (5) a designee or designees of the City shall have the right to receive the Assigned UTGO Bond Tax Proceeds, which Assigned UTGO Bond Tax Proceeds will be distributed over a 14-year period to the Income Stabilization Funds of GRS and PFRS for the payment of Income Stabilization Payments to Eligible Pensioners and to the Retirement Systems, in accordance with applicable agreements.

Each Settling UTGO Bond Insurer shall receive, as soon as reasonably practicable after the occurrence of a Trigger Event, its allocable share of the Top-Off Payments in accordance with the terms of the UTGO Settlement Agreement.

D. The State Contribution Agreement.

Prior to or on the Effective Date, if Classes 10 and 11 vote to accept the Plan, the City, GRS, PFRS and the State will enter into the State Contribution Agreement, substantially on the terms set forth on Exhibit I.A.332.

1. State Contribution.

The State or the State's authorized agent will contribute the net present value of \$350 million payable over 20 years using a discount rate of 6.75% to GRS and PFRS for the benefit of the Holders of Pension Claims.

2. Income Stabilization Payments.

The Income Stabilization Funds of GRS and PFRS will receive not less than an aggregate amount of \$20 million over 14 years of the Assigned UTGO Bond Tax Proceeds in the form of annual installment payments pursuant to a payment schedule approved by the State. Following the Effective Date, on an annual basis, GRS and PFRS will distribute such portion of the funds held in their respective Income Stabilization Fund to Eligible Pensioners entitled to receive the Income Stabilization Benefit and the Income Stabilization Benefit Plus. The

Income Stabilization Benefit, which will be calculated in the first year following the Effective Date and will not increase thereafter, will be provided by the applicable Retirement System to each Eligible Pensioner. In addition, to the extent that an Eligible Pensioner's estimated adjusted annual household income (as determined by the applicable Retirement System) in any calendar year after the first year of the income stabilization program is less than 105% of the Federal Poverty Level for such year, the applicable Retirement System will distribute the Income Stabilization Benefit Plus to such Eligible Pensioner.

In the event that, in 2022 (provided that the State has not issued a certificate of default under the State Contribution Agreement with respect to GRS or PFRS, as applicable, at any time prior to 2022), it is the opinion of at least 75% of the independent members of the Investment Committee of GRS or PFRS, as applicable, that the Income Stabilization Fund of the applicable Retirement System is credited with Excess Assets, the respective Investment Committee may recommend that the Excess Assets, in an amount not to exceed \$35 million, be used to fund the Adjusted Pension Amounts payable by the applicable Retirement System. In the event that any funds remain in the Income Stabilization Fund of each or either of GRS or PFRS on the date upon which no Eligible Pensioners under the applicable Retirement System are living, such funds shall be used to fund the Adjusted Pension Amounts payable by the applicable Retirement System.

3. Conditions to State's Participation.

The payment of the State Contribution by the State or the State's authorized agent is conditioned upon satisfaction of the conditions precedent set forth in the State Contribution Agreement, including, among other things, the following: (a) the Confirmation Order becoming a Final Order no later than December 31, 2014, which Confirmation Order must contain certain provisions as set forth in the State Contribution Agreement, including a requirement that the governing documents of GRS and PFRS be amended to include (i) the governance terms and conditions set forth in the State Contribution Agreement and (ii) the Income Stabilization Funds and Income Stabilization Payments; (b) the occurrence of the Effective Date no later than April 1, 2015; (c) acceptance of the Plan by Classes 10 and 11, which Plan must be in form and substance reasonably acceptable to the State and contain certain release provisions; (d) the Retiree Committee's endorsement of the Plan, including a letter from the Retiree Committee recommending that Classes 10 and 11 vote in favor of the Plan, or equivalent assurances from member organizations representing a majority of retirees in Classes 10 and 11; (e) active support of the Plan by, a release of and covenant not to sue the State from, and an agreement not to support in any way the litigation described in subsection (f) of this Section by, the City, the Retiree Committee, the Retirement Systems and certain unions and retiree associations, or equivalent assurances of litigation finality; (f) cessation of all litigation, or equivalent assurances of finality of such litigation, including the cessation of funding of any litigation initiated by any other party, as it relates to the City, (i) challenging PA 436 or any actions taken pursuant to PA 436 or (ii) seeking to enforce Article IX, Section 24 of the Michigan Constitution; (g) evidence satisfactory to the State of an irrevocable commitment by the Foundations (excluding the Special Foundation Funders, as that term is defined in the DIA Settlement Documents) to fund \$366 million (or the net present value thereof) as part of the DIA Settlement, as provided in Section IV.E.1; and (h) evidence satisfactory to the State of an irrevocable commitment by DIA Corp. to fund \$100 million (or the net present value thereof) as part of the DIA Settlement, as provided in Section IV.E.1.

The State shall File and serve via the Court's electronic case filing and noticing system a notice that the conditions precedent to the State's payment of the State Contribution have been satisfied or otherwise addressed pursuant to the procedures outlined in the State Contribution Agreement no later than ten days after all such conditions have been satisfied or otherwise addressed.

4. Release of Claims Against the State and State Related Entities.

The State Contribution Agreement requires that the Plan provide for the release of the State and the State Related Entities by each holder of a Pension Claim from all Liabilities arising from or related to the City, the Chapter 9 Case, the Plan, all Exhibits, the Disclosure Statement, PA 436 and its predecessor or replacement statutes, and Article IX, Section 24 of the Michigan Constitution, as more particularly described in the State Contribution Agreement and as set forth at Section III.D.7.b.

E. The DIA Settlement.

On the Effective Date, the City and the DIA Corp. will enter into the DIA Settlement, pursuant to which (1) the DIA Funding Parties that are such as of the Effective Date have committed to assist in the funding of the City's restructured legacy pension obligations and (2) the City has agreed to enter into certain transactions that will cause the DIA to remain in the City in perpetuity, as described in and subject to the terms and conditions of the DIA Settlement Documents, and to otherwise make the DIA Assets available for the benefit of the residents of the City and the Counties and the citizens of the State. The DIA Settlement Documents attached hereto as Exhibit I.A.127 will qualify the description of the DIA Settlement in the Plan, Disclosure Statement and Exhibit I.A.126. The Plan shall be construed as a motion for approval of, and the Confirmation Order shall constitute an order approving, the DIA Settlement pursuant to Bankruptcy Rule 9019.

1. Funding Contributions.

The DIA Settlement will be funded as follows: (a) irrevocable commitments in an aggregate amount of at least \$366 million by the Foundations (excluding the Special Foundation Funders, as that term is defined in the DIA Settlement Documents); and (b) in addition to its continuing commitments outside of the DIA Settlement, irrevocable commitments in an aggregate amount of \$100 million from the DIA Direct Funders (including the commitment of the Special Foundation Funders, as that term is defined in the DIA Settlement Documents, and subject to certain adjustments as set forth in the DIA Settlement Documents), the payment of which \$100 million will be guaranteed by DIA Corp., subject to the terms of the DIA Settlement Documents. The foregoing commitments shall be funded over the course of the 20 year period immediately following the Effective Date (subject to the annual confirmation of the City's continuing compliance with the terms of the DIA Settlement) according to the "Agreed Required Minimum Schedule" and subject to the option at any time for the "Present Value Discount," as set forth in the DIA Settlement Documents. Amounts committed by the Foundations and the DIA Direct Funders will be paid to the CFSEM Supporting Organization, which will (a) transfer such amounts for the purpose of funding the Retirement Systems upon the City's satisfaction of certain conditions and (b) not be subject to claims of creditors of the Community Foundation for Southeast Michigan.

2. Transfer of DIA Assets.

On the Effective Date, the City shall irrevocably transfer all of its right, title and interest in and to the DIA Assets to DIA Corp., as trustee, to be held in perpetual charitable trust, and within the City limits, for the primary benefit of the residents of the City and the Counties and the citizens of the State.

3. Conditions to the DIA Funding Parties' Participation.

The DIA Funding Parties' participation in the DIA Settlement is conditioned upon, among other things, the following: (a) execution of the DIA Settlement Documents by each Foundation; (b) the irrevocable commitment from the DIA Corp. described in Section IV.E.1; (c) the acceptance of the Plan by Classes 10 and 11; (d) the irrevocable transfer by the City of the DIA Assets described in Section IV.E.2; (e) approval by the DIA's Board of Directors and the taking effect of the recommendation of the governance committee as described in Exhibit I.A.126; (f) the earmarking of all funds provided by the DIA Funding Parties towards the recoveries upon Pension Claims under the Plan for Holders of Claims in Classes 10 and 11; (g) the adoption of prospective governance and financial oversight mechanisms for the Retirement Systems that are reasonably satisfactory to the DIA Funding Parties; (h) the amendment by DIA Corp. and the art institute authority for each of Macomb County, Oakland County and Wayne County, Michigan of each art institute authority's respective service agreement so that the termination of the 1997 Operating Agreement between the City and DIA Corp. will not affect the art institute authorities' obligations under such agreements to pay millage proceeds to DIA Corp.; (i) the approval of the DIA Settlement by the Attorney General for the State; (j) the agreement of the State to provide the State Contribution; and (k) the City's agreement to indemnify and hold harmless the DIA Funding Parties and the CFSEM Supporting Organization and their Related Entities pursuant to, and in accordance with, the terms of the DIA Settlement Documents.

F. Contingent Payment Rights.

On or as soon as reasonably practicable after the Confirmation Date, the City shall establish the Restoration Trust. The City shall issue the DWSD CVR to the Restoration Trust. If a Qualifying DWSD Transaction has not occurred before the seventh anniversary of the Effective Date, the DWSD CVR shall terminate and expire. The Restoration Trust shall distribute proceeds from the DWSD CVR in the following amounts and priorities: (1) first, to GRS up to an amount sufficient for all three GRS waterfall classes identified on Exhibit II.B.3.r.ii.C to have their 4.5% pension reductions restored; (2) second, to GRS up to an amount sufficient for all three GRS waterfall classes identified on Exhibit II.B.3.r.ii.C to have 92% of their COLA benefits restored; and (3) third, 53% to GRS and 47% to PFRS. If the City makes any contributions to either GRS or PFRS out of its portion of the Net DWSD Transaction Proceeds, such contributions and earnings thereon shall not be taken into account for determining whether any pension restoration may be made. The DWSD CVR may not be transferred.

1. Special Restoration.

Any proceeds from the DWSD CVR distributed by the Restoration Trust on account of a Qualifying DWSD Transaction consummated on or before the Effective Date, or fully executed and enforceable before the Effective Date but consummated after the Effective Date, shall be utilized for the purpose of funding the Special Restoration; provided that the City shall act in good faith so as not to unreasonably delay the execution of a Qualifying DWSD Transaction solely to avoid Special Restoration. In such case, the City will perform a Value Determination and arrive at the Discounted Value. The City will engage in good faith discussion as to the reasonableness of the Value Determination with the Retiree Committee or Restoration Trust, as applicable. In the event that the Retiree Committee or the Restoration Trust, as applicable, does not accept the Value Determination, the Retiree Committee or the Restoration Trust, as applicable, may seek to have the Bankruptcy Court determine the dispute, and the City consents to such jurisdiction.

Special Restoration shall follow the priorities of restoration of benefits set forth in Exhibits II.B.3.q.ii.C and II.B.3.r.ii.C. In order for benefits to be restored pursuant to the Special Restoration, such benefits must be fully funded by 50% of the Discounted Value for the full actuarially-determined lives of all participants for whom benefits are restored. In the event that actual Net DWSD Transaction Proceeds from the DWSD CVR do not equal 50% of the contemplated Net DWSD Transaction Proceeds as of the date of the Value Determination, the Investment Committees of the Retirement Systems will reduce or eliminate the Special Restoration benefits, as applicable, by the amount that 50% of the Discounted Value exceeds the actual Net DWSD Transaction Proceeds from the DWSD CVR received or projected to be received using a 6.75% discount rate. In the event that the Retiree Committee, the Restoration Trust or the City, as applicable, does not agree with the reduction in the Special Restoration benefits, the Retiree Committee or the Restoration Trust, as applicable, or the City may consult with the trustees and Investment Committees of PFRS or GRS with respect to any such reduction. Neither the Retiree Committee nor the Restoration Trust shall have any right to initiate any enforcement proceeding with respect to Special Restoration.

2. General Restoration.

Any Net DWSD Transaction Proceeds from the DWSD CVR distributed by the Restoration Trust on account of a Qualifying DWSD Transaction consummated after the Effective Date, if such Qualifying Transaction was not fully executed and enforceable before the Effective Date, shall be utilized for the purpose of funding the pension trusts, and such cash contributions shall be included in any calculations allowing for the restoration of benefits in accordance with the general rules governing pension restoration as provided for in Exhibits II.B.3.q.ii.C and II.B.3.r.ii.C.

G. The OPEB Settlement.

The City and the Retiree Committee have reached a settlement related to the allowance and calculation of the OPEB Claims in Class 12 and the treatment of such Allowed OPEB Claims, the terms of which settlement are reflected in the Plan. The Plan shall be construed as a motion for approval of, and the Confirmation Order shall constitute an order approving, such settlement pursuant to Bankruptcy Rule 9019.

H. The LTGO Settlement.

The City, the LTGO Insurer and BlackRock Financial Management have reached a settlement related to the treatment of Allowed Limited Tax General Obligation Bond Claims, the terms of which settlement are reflected in the Plan. Pursuant to the LTGO Settlement Agreement, Distributions attributable to the Insured LTGO Bonds shall be made to the LTGO Distribution Agent (as opposed to directly to the record owners of the Insured LTGO Bonds or to the LTGO Insurer) for the benefit of the record owners of the Insured LTGO Bonds in accordance with the LTGO Settlement Agreement. In the event that the City intends to redeem the principal amount of New LTGO Notes during any time that the Insured LTGO Bonds are outstanding, the City and the LTGO Distribution Agent shall be required to take certain actions as described in the LTGO Settlement Agreement. The Plan shall be construed as a motion for approval of, and the Confirmation Order shall constitute an order approving, the LTGO Settlement Agreement pursuant to Bankruptcy Rule 9019.

I. The Syncora Settlement.

The City and Syncora have reached a settlement effecting a global resolution of all matters and litigation between the parties related to the Chapter 9 Case, as set forth in the Syncora Settlement Documents (the terms of which qualify and control over any description of the Syncora Settlement contained herein). Pursuant to the Syncora Settlement, and in accordance with the Plan, among other things: (1) the City shall, pursuant to Section II.D.1, assume the Tunnel Lease; (2) the parties shall enter into the Syncora Development Agreement; (3) the parties shall dismiss or withdraw the Dismissed Syncora Litigation as set forth in the Syncora Settlement Agreement; (4) any vote cast by Syncora to reject the Plan shall be deemed a vote to accept the Plan; (5) Syncora shall support Confirmation; and (6) on the Effective Date or as soon thereafter as practical, the City shall pay the sum of \$5 million in full satisfaction of all of Claims filed or asserted against the City by Syncora relating to the COP Swap Agreements and any agreements related thereto, including the COP Syncora Swap Insurance Policies and the COP Swap Collateral Agreement. The Plan shall be construed as a motion for approval of, and the Confirmation Order shall constitute an order approving and authorizing the parties to enter into, (1) the Syncora Settlement pursuant to Bankruptcy Rule 9019 and (2) the related Syncora Development Agreement (including the garage option) and the Tunnel Lease. The City shall not amend the Plan in any way that adversely affects Syncora without Syncora's prior written consent.

J. The FGIC/COP Settlement.

The City and FGIC have reached a settlement effecting a global resolution of all matters and litigation between the parties related to the Chapter 9 Case, as set forth in the FGIC/COP Settlement Documents (the terms of which qualify and control over any description of the FGIC/COP Settlement contained herein). Pursuant to the FGIC/COP Settlement, and in accordance with the Plan, among other things: (1) the City and the Developer, for the benefit of FGIC and the FGIC COP Holders, shall enter into the FGIC Development Agreement; (2) FGIC shall, on behalf of the FGIC COP Holders, become a Settling COP Claimant with respect to all COPs and COP Claims associated with COPs originally insured by FGIC; (3) the parties shall dismiss or withdraw the Dismissed FGIC/COP Litigation as set forth in the FGIC/COP Settlement Documents; (4) except for Excluded Actions, FGIC shall waive any claims it may have against any other party related to the Dismissed FGIC/COP Litigation as set forth in the FGIC/COP Settlement Documents; (5) any vote cast by FGIC to reject the Plan shall be deemed a vote to accept the Plan; and (6) in full satisfaction and discharge of FGIC's claims against the City related to FGIC's Swap Insurance Policies, (a) FGIC shall receive an Allowed Class 14 Claim in the amount of \$6.15 million, entitling FGIC to receive the Distributions provided pursuant to Section II.B.3.u.i and (b) the DDA shall assign to FGIC all of its right, title and interest to the New B Notes to be distributed to the DDA pursuant to Section II.B.3.t.ii. The Plan shall be construed as a motion for approval of, and the Confirmation Order shall constitute an order approving and authorizing the parties to enter into, (1) the FGIC/COP Settlement pursuant to Bankruptcy Rule 9019 and (2) the related FGIC Development Agreement. The City shall not amend the Plan in any way that adversely affects FGIC without FGIC's prior written consent.

K. Issuance of the New Securities.

The City shall issue the New Securities on the Effective Date or a subsequent Distribution Date, as applicable. To the maximum extent provided by section 1145 of the Bankruptcy Code and applicable non-

bankruptcy law, the issuance of New Securities as contemplated by the Plan is exempt from, among other things, the registration requirements of Section 5 of the Securities Act and any other applicable U.S. state or local law requiring registration prior to the offering, issuance, distribution, or sale of securities. The New Securities (a) are not "restricted securities" as defined in Rule 144(a)(3) under the Securities Act, and (b) are freely tradable and transferable by any initial recipient thereof that (i) is not an "affiliate" of the City or applicable issuer as defined in Rule 144(a)(1) under the Securities Act, (ii) has not been such an "affiliate" within 90 days of such transfer, and (iii) is not an entity that is an "underwriter" as defined in subsection (b) of Section 1145 of the Bankruptcy Code.

L. Cancellation of Existing Bonds, Bond Documents, COPs and COP Documents.

Except (a) as provided in any contract, instrument or other agreement or document entered into or delivered in connection with the Plan, (b) for purposes of evidencing a right to Distribution under the Plan or (c) as specifically provided otherwise in the Plan (including any rejection of Executory Contracts pursuant to Section II.D), on the Effective Date, the Bonds, the Bond Documents, the COPs and the COP Documents will be deemed automatically cancelled, terminated and of no further force or effect against the City without any further act or action under any applicable agreement, law, regulation, order or rule, and the obligations of the parties to the City, as applicable, under the Bonds, the Bond Documents, the COPs and the COP Documents shall be discharged; provided, however, that the Bonds, the Bond Documents, the COPs and the COP Documents shall continue in effect solely (i) to allow the Disbursing Agent to make any Distributions as set forth in the Plan and to perform such other necessary administrative or other functions with respect thereto, (ii) for any trustee, agent, contract administrator or similar entity under the Bond Documents or COP Documents to have the benefit of all the rights and protections and other provisions of the Bond Documents or COP Documents, as applicable, and all other related agreements with respect to priority in payment and lien rights with respect to any Distribution, (iii) to set forth the terms and conditions applicable to parties to the Bond Documents and COP Documents other than the City, (iv) as may be necessary to preserve any claim by (1) a Bondholder or Bond Agent under a Bond Insurance Policy or against any Bond Insurer, (2) a COPs Holder or COP Agent under a COP Insurance Policy or against any COP Insurer or (3) a COP Swap Counterparty under a Swap Insurance Policy or against any insurer thereunder and (v) with respect to any obligation of any party (other than the City, except to the extent provided in the COP Swap Settlement or the COP Swap Settlement Approval Order) under any COP Document related to such party's obligations owed in respect of the COP Swap Documents or the COP Swap Claims. Notwithstanding the foregoing, and except as otherwise expressly provided in the Plan (or the COP Swap Settlement or the COP Swap Settlement Approval Order), such Bonds, Bond Documents, COPs or COP Documents as remain outstanding shall not form the basis for the assertion of any Claim against the City. Nothing in the Plan impairs, modifies, affects or otherwise alters the rights of (a) Bondholders or Bond Agents with respect to claims under applicable Bond Insurance Policies or against the Bond Insurers, (b) COPs Holders or COP Agent with respect to claims under COP Insurance Policies and obligations related thereto or (c) COP Swap Counterparties with respect to claims under Swap Insurance Policies and obligations related thereto. For the avoidance of doubt, except for the immediately preceding sentence, this Section IV.L shall not apply to any Bonds that are Reinstated pursuant to Section II.B.3.a.ii. As of the Effective Date, the principal amounts of the COPs originally insured by FGIC shall be deemed accelerated and due and payable, and no interest on the COPs originally insured by FGIC shall accrue thereafter, solely for the purposes of determining distributions from the COP Trustee to holders of COPs originally insured by FGIC. The foregoing acceleration of principal and cessation of interest shall affect only the rights of each holder of COPs originally insured by FGIC to the receipt of proceeds of distributions under the Plan and not the rights of each such COPs holder against FGIC or shall not in any way modify payments currently required of FGIC under its existing insurance policies or FGIC's Plan of Rehabilitation.

M. Release of Liens.

Except as otherwise provided in the Plan or in any contract, instrument, release or other agreement or document entered into or delivered in connection with the Plan, or where a Claim is Reinstated, on the Effective Date, all Liens against the City's property will be deemed fully released and discharged, and all of the right, title and interest of any holder of such Liens, including any rights to any collateral thereunder, will revert to the City. As of the Effective Date, (1) the holders of such Liens will be authorized and directed to release any collateral or other property of the City (including any cash collateral) held by such Holder and to take such actions as may be requested by the City to evidence the release of such Lien, including the execution, delivery, filing or recording of such releases as may be requested by the City, and (2) the City shall be authorized to execute and file on behalf of

creditors Form UCC-3 termination statements or such other forms as may be necessary or appropriate to implement the provisions of this Section IV.M.

N. Professional Fees.

1. Professional Fee Reserve.

On the Effective Date, the City shall establish and fund the Professional Fee Reserve from the General Fund or, where applicable, the DWSD's funds, in an amount determined by the City to be sufficient to pay the Fee Review Professional Fees that remain unpaid as of the Effective Date, solely to the extent that such amounts are payable from the General Fund or the DWSD's funds. The initial amount of the Professional Fee Reserve shall be equal to the sum of (a) all invoices received from Fee Review Professionals and the Fee Examiner Parties as of the establishment and funding of the Professional Fee Reserve to the extent not yet paid (including holdbacks); (b) an estimate of the Fee Review Professionals' unbilled fees through the Effective Date as determined by the City in consultation with the Fee Review Professionals, which estimate shall be no lower than 125% of the aggregate amount of the highest monthly invoices respectively submitted by each Fee Review Professional pursuant to the Fee Review Order prior to the establishment and funding of the Professional Fee Reserve; and (c) an estimate of the Fee Examiner Parties' unbilled fees and expenses through the projected date of dismissal of the Fee Examiner under Section IV.N.3, as determined by the City in consultation with the Fee Examiner. The funds held in the Professional Fee Reserve may not be used for any purpose other than the payment of Fee Review Professional Fees until any and all disputes regarding the Fee Review Professional Fees, including any disputes arising under the Fee Review Order, have been fully and finally resolved pursuant to a Final Order or a stipulation between the disputing parties. Any amounts remaining in the Professional Fee Reserve after final resolution of all such disputes and the payment of all Fee Review Professional Fees determined to be reasonable in accordance with the Fee Review Order shall be released to the General Fund or the DWSD's funds, as applicable. If the Professional Fee Reserve is insufficient to pay all Fee Review Professional Fees that are determined to be reasonable in accordance with the Fee Review Order and that are payable from the General Fund or the DWSD's funds, the City shall pay such additional amounts from the General Fund or the DWSD's funds, as applicable.

2. Fee Review Order.

The Fee Examiner shall review all fees and expenses of the Fee Review Professionals for the period from the Petition Date and ending on the Effective Date in accordance with the terms of the Fee Review Order. For the avoidance of doubt, the Fee Review Order shall not apply to any fees or expenses of the Fee Review Professionals for the period on and after the Effective Date, and the Fee Examiner shall not review any such fees or expenses; provided, however, that all fees and expenses of the Fee Examiner Parties, whether incurred before, on or after the Effective Date, shall remain subject to review and approval of the Bankruptcy Court pursuant to the terms of the Fee Review Order.

3. Dismissal of the Fee Examiner.

Once the Fee Examiner completes his review of all Fee Review Professional Fees and submits or Files all reports related thereto as required by the Fee Review Order, the Fee Examiner shall be dismissed of all duties and obligations under the Fee Examiner Order and the Fee Review Order, other than any obligations of confidentiality thereunder. The confidentiality obligations of the Fee Examiner and the other Fee Examiner Parties, including the confidentiality obligations set forth in paragraph 22 of the Fee Review Order, shall remain binding from and after the Effective Date.

4. Potential Review of Fees Not Subject to Fee Review Order.

The City shall have the right to bring before the Bankruptcy Court a request to review and determine the reasonableness of the fees and expenses of any Fee Review Professional retained by a creditor of the City or any of its departments to the extent that such fees and expenses have not been either (a) approved pursuant to or in accordance with the DWSD Tender Order, (b) subject to court review or (c) subject to a Bankruptcy Court-approved or agreed upon process for binding arbitration.

5. Court-Appointed Expert.

The Court-appointed expert, Martha E. M. Kopacz of Phoenix Management Services, and her counsel shall be compensated for any reasonable fees and expenses incurred through the Confirmation Date in accordance with the terms of the Court's Order Appointing Expert Witness (Docket No. 4215), entered on April 22, 2014, as amended.

O. Assumption of Indemnification Obligations.

Notwithstanding anything otherwise to the contrary in the Plan, nothing in the Plan shall discharge or impair the obligations of the City as provided in the City Charter of the City or other organizational documents, resolutions, employment contracts, applicable law or other applicable agreements as of the Petition Date to indemnify, defend, reimburse, exculpate, advance fees and expenses to, or limit the liability of officers and employees of the City (consistent with the injunction provisions of Section III.D.5 and including the members of the City Council, the Mayor and the Emergency Manager) and their Related Entities, in each case to the extent such Entities were acting in such capacity, against any claims or causes of action whether direct or derivative, liquidated or unliquidated, foreseen or unforeseen, asserted or unasserted; provided that this Section IV.O shall be read in conjunction with the provisions for Indirect Employee Indemnity Claims set forth in Section III.D.5. Notwithstanding the foregoing, Retirement System Indemnity Obligations shall not be assumed under the Plan and shall be discharged. For the avoidance of doubt, no indemnification provision in any loan document, bond document, Bond Insurance Policy or other agreement with a Bond Insurer is exempted from discharge by reason of this Section IV.O.

P. Incorporation of Retiree Health Care Settlement Agreement.

The terms of the Retiree Health Care Settlement Agreement resolving the Retiree Health Care Litigation, which agreement is attached hereto as Exhibit I.A.298, are incorporated herein by reference and shall be binding upon the parties thereto.

Q. Payment of Workers' Compensation Claims.

From and after the Effective Date, (a) the City will continue to administer (either directly or through a third party administrator) and pay all valid claims for benefits and liabilities for which the City is responsible under applicable State workers' compensation law, regardless of when the applicable injuries were incurred, in accordance with the City's prepetition practices and procedures and governing State workers' compensation law, and (b) nothing in the Plan shall discharge, release or relieve the City from any current or future liability under applicable State workers' compensation law. The City expressly reserves the right to challenge the validity of any claim for benefits or liabilities arising under applicable State workers' compensation law.

R. 36th District Court Settlement.

The City and the Settling 36th District Court Claimants have reached a settlement related to (1) the allowance of certain of the Settling 36th District Court Claimants' Claims and (2) the treatment of Allowed Indirect 36th District Court Claims under the Plan substantially on the terms attached hereto as Exhibit I.A.9. The 36th District Court Settlement is incorporated into the Plan, which shall be construed as a motion for approval of, and the Confirmation Order shall constitute an order approving, such settlement pursuant to Bankruptcy Rule 9019.

S. Payment of Certain Claims Relating to the Operation of City Motor Vehicles.

From and after the Effective Date, the City will continue to administer (either directly or through a third party administrator) and pay valid prepetition Claims for liabilities with respect to which the City is required to maintain insurance coverage pursuant to MCL § 500.3101 in connection with the operation of the City's motor vehicles, as follows: (1) Claims for personal protection benefits as provided by MCL § 500.3107 and MCL § 500.3108, for which insurance coverage is required by MCL § 500.3101(1), shall be paid in full, to the extent valid, provided, however, that the City will not be liable for or pay interest or attorneys' fees under MCL § 500.3142

or MCL § 500.3148 on prepetition Claims for personal protection benefits; (2) tort claims permitted by MCL § 500.3135, for which residual liability insurance coverage is required by MCL § 500.3101(1) and MCL § 500.3131, shall be paid, to the extent valid, only up to the minimum coverages specified by MCL § 500.3009(1), i.e., up to a maximum of (a) \$20,000 because of bodily injury to or death of one person in any one accident, and subject to that limit for one person, (b) \$40,000 because of bodily injury to or death of two or more persons in any one accident and (c) \$10,000 because of injury to or destruction of property of others in any accident; and (3) Claims for property protection benefits under MCL § 500.3121 and MCL § 500.3123 shall be paid, to the extent valid, only up to the maximum benefits specified in MCL § 500.3121; provided, however, for the avoidance of doubt, to the extent any valid Claim subject to subsections 2 and 3 above exceeds the applicable payment limits, the excess claim amount shall be treated as an Other Unsecured Claim or a Convenience Claim (as applicable). Nothing in the Plan shall discharge, release or relieve the City from any current or future liability with respect to Claims subject to insurance coverage pursuant to MCL § 500.3101 or Claims within the minimum coverage limits in MCL § 500.3009(1). The City expressly reserves the right to challenge the validity of any Claim subject to this Section IV.S, and nothing herein shall be deemed to expand the City's obligations or claimants' rights with respect to these Claims under State law.

T. Payment of Tax Refund Claims.

From and after the Effective Date, the City will continue to administer (either directly or through a third party administrator) and pay all valid claims for income tax refunds and property tax refunds for which the City is responsible under applicable law, regardless of when the applicable right to a refund arose, in accordance with the City's prepetition practices and procedures. The City expressly reserves the right to challenge the validity of any claim for an income tax refund or property tax refund.

U. Utility Deposits.

From and after the Effective Date, the City will continue to administer utility deposits in accordance with the City's prepetition practices and procedures, including the payment of any undisputed, non-contingent, liquidated claims against the City for the refund of a utility deposit.

V. Pass-Through Obligations.

The City shall continue to honor its Pass-Through Obligations to the Pass-Through Recipients.

W. Exit Facility.

On the Effective Date, the City shall enter into the Exit Facility, as well as any ancillary notes, documents or agreements in connection therewith, including, without limitation, any documents required in connection with the creation or perfection of the liens securing the Exit Facility.

X. Post-Effective Date Governance.

Prior to or on the Effective Date, the Financial Review Commission shall be established pursuant to and in accordance with the Financial Review Commission Act. The Financial Review Commission shall provide oversight as set forth in the Financial Review Commission Act, including to ensure that, post-Effective Date, the City adheres to the Plan and continues to implement financial and operational reforms that promote more efficient and effective delivery of services to City residents. The City shall promptly provide to the Bankruptcy Court copies of any reports given to, or received from, the Financial Review Commission. Nothing herein shall expand, limit or otherwise modify the role or powers of the Financial Review Commission.

ARTICLE V
PROVISIONS REGARDING DISTRIBUTIONS UNDER THE PLAN

A. Appointment of Disbursing Agent.

The City may act as Disbursing Agent or may employ or contract with other Entities to act as the Disbursing Agent or to assist in or make the Distributions required by the Plan. Any Disbursing Agent appointed by the City will serve without bond. Other than as specifically set forth in the Plan, the Disbursing Agent shall make all Distributions required to be made under the Plan.

B. Distributions on Account of Allowed Claims.

Except as otherwise provided in the Plan, on the Effective Date or as soon as practicable thereafter (or if a Claim is not an Allowed Claim on the Effective Date, on the date that such a Claim becomes an Allowed Claim, or as soon as reasonably practicable thereafter), each Holder of an Allowed Claim shall receive from the Disbursing Agent, the Bond Agent or the COP Agent, as applicable, the Distributions that the Plan provides for Allowed Claims in the applicable Class. In the event that any payment or act under the Plan is required to be made or performed on a date that is not a Business Day, then the making of such payment or the performance of such act may be completed on the next succeeding Business Day, but shall be deemed to have been completed as of the required date. If and to the extent that there are Disputed Claims, Distributions on account of any such Disputed Claims shall be made pursuant to the provisions set forth in Section VI.B. Except as otherwise provided in the Plan, Holders of Claims shall not be entitled to interest, dividends or accruals on the Distributions provided for in the Plan, regardless of whether such Distributions are delivered on or at any time after the Effective Date. Notwithstanding anything to the contrary in the Plan, no Holder of an Allowed Claim shall, on account of such Allowed Claim, receive a Distribution in excess of the Allowed amount of such Claim.

C. Certain Claims to Be Expunged.

Any Claim that has been or is hereafter listed in the List of Creditors as contingent, unliquidated or disputed, and for which no proof of Claim is or has been timely Filed, is not considered to be an Allowed Claim and shall be expunged without further action by the City and without further notice to any party or any action, approval or order of the Bankruptcy Court.

D. Record Date for Distributions; Exception for Bond Claims.

With the exception of Bond Claims, neither the City nor any Disbursing Agent will have any obligation to recognize the transfer of, or the sale of any participation in, any Claim that occurs after the close of business on the Distribution Record Date, and will be entitled for all purposes herein to recognize and distribute only to those Holders of Allowed Claims (including Holders of Claims that become Allowed after the Distribution Record Date) that are Holders of such Claims, or participants therein, as of the close of business on the Distribution Record Date. With the exception of the Bond Claims, the City and any Disbursing Agent shall instead be entitled to recognize and deal for all purposes under the Plan with only those record Holders stated on the official Claims Register as of the close of business on the Distribution Record Date. Unless otherwise set forth in the Confirmation Order, the City shall not establish a record date for Distributions to Holders of Bond Claims.

E. Means of Cash Payments.

Except as otherwise specified herein, all Cash payments made pursuant to the Plan shall be in U.S. currency and made by check drawn on a domestic bank selected by the Disbursing Agent or, at the option of the Disbursing Agent, by wire transfer, electronic funds transfer or ACH from a domestic bank selected by the Disbursing Agent; provided, however, that Cash payments to foreign Holders of Allowed Claims may be made, at the option of the Disbursing Agent, in such funds and by such means as are necessary or customary in a particular foreign jurisdiction.

F. Selection of Distribution Dates for Allowed Claims.

Except where the Plan requires the making of a Distribution on account of a particular Allowed Claim within a particular time, the Disbursing Agent shall have the authority to select Distribution Dates that, in the judgment of the Disbursing Agent, provide Holders of Allowed Claims with payments as quickly as reasonably practicable while limiting the costs incurred in the distribution process. Upon the selection of a Distribution Date by the Disbursing Agent, the Disbursing Agent shall File a notice of such Distribution Date that provides information regarding the Distribution to be made.

G. Limitations on Amounts to Be Distributed to Holders of Allowed Claims Otherwise Insured.

No Distributions under the Plan shall be made on account of an Allowed Claim that is payable pursuant to one of the City's insurance policies until the Holder of such Allowed Claim has exhausted all remedies with respect to such insurance policy; provided that, if the City believes a Holder of an Allowed Claim has recourse to an insurance policy and intends to direct the Disbursing Agent to withhold a Distribution pursuant to this Section V.G, the City shall provide written notice to such Holder regarding what the City believes to be the nature and scope of applicable insurance coverage. To the extent that one or more of the City's insurance carriers agrees to satisfy a Claim in full, then immediately upon such agreement such Claim may be expunged without a Claims objection having to be Filed and without any further notice or any action, order or approval of the Bankruptcy Court. Nothing in the Plan, including this Section V.G, shall constitute a waiver of any claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action or liabilities that any Entity may hold against any other Entity, including the City's insurance carriers and Bond Insurers, other than the City. For the avoidance of doubt, this Section shall not apply to Bond Insurance Policies or Swap Insurance Policies.

H. City's Rights of Setoff Preserved.

Notwithstanding anything to the contrary in the Plan, pursuant to section 553 of the Bankruptcy Code or otherwise applicable non-bankruptcy law, the City may set off against any Allowed Claim and the Distributions to be made pursuant to the Plan on account of such Allowed Claim the claims, rights and Causes of Action of any nature that the City may assert against the Holder of such Claim; provided, however, that neither the failure to effect a setoff nor the allowance of any Claim pursuant to the terms of the Plan shall constitute a waiver or release by the City of any claims, rights and Causes of Action that the City may assert against such Holder, all of which are expressly preserved.

I. Delivery of Distributions and Undeliverable or Unclaimed Distributions.

1. Delivery of Distributions Generally.

Except as set forth in Section V.I.2, Distributions to Holders of Allowed Claims shall be made at the addresses set forth in the City's records unless such addresses are superseded by proofs of Claim or transfers of Claim Filed pursuant to Bankruptcy Rule 3001.

2. Delivery of Distributions on Account of Bond Claims.

Distributions on account of the Bond Claims shall (a) be made by the Disbursing Agent to the Bond Agent under the applicable Bond Documents for the benefit of Holders of Bond Claims and (b) be deemed completed when made by the Disbursing Agent to the Bond Agent as if such Distributions were made directly to the Holders of such Claims. The applicable Bond Agent, in turn, shall make such distributions to the applicable Holders pursuant to the terms and conditions of the applicable Bond Documents and subject to the respective rights, claims and interests, if any, that the Bond Agent may have under the applicable Bond Documents or otherwise to the recovery or reimbursement of their fees, costs and expenses (including the fees, costs and expenses of counsel and financial advisors) from any distribution hereunder, whether such rights, claims or interests are in the nature of a charging lien or otherwise. The Bond Agent shall not be required to give any bond, surety or other security for the performance of its duties with respect to such Distributions.

3. De Minimis Distributions / No Fractional New Securities.

No distribution shall be made by the Disbursing Agent on account of an Allowed Claim if the amount to be distributed to the specific Holder of an Allowed Claim on the applicable Distribution Date has an economic value of less than \$25.00. No fractional New Securities shall be distributed. Where a fractional portion of a New Security otherwise would be called for under the Plan, the actual issuance shall reflect a rounding down to the nearest whole New Security.

4. Undeliverable or Unclaimed Distributions.

In the event that any Distribution to any Holder is returned as undeliverable, no Distribution to such Holder shall be made unless and until the Disbursing Agent has determined the then-current address of such Holder, at which time such Distribution shall be made to such Holder without interest.

Any Holder of an Allowed Claim that does not claim an undeliverable or unclaimed Distribution within six months after the Effective Date shall be deemed to have forfeited its claim to such Distribution and shall be forever barred and enjoined from asserting any such claim against the City or its property. In such cases, any Cash held by the City on account of such undeliverable or unclaimed Distributions shall become the property of the City free of any restrictions thereon and notwithstanding any federal or state escheat laws to the contrary. Any New Securities held for distribution on account of such Claims shall be canceled and of no further force or effect. Nothing contained in the Plan shall require any Disbursing Agent to attempt to locate any Holder of an Allowed Claim.

5. Time Bar to Cash Payment Rights.

Checks issued in respect of Allowed Claims shall be null and void if not negotiated within 90 days after the date of issuance thereof. Requests for reissuance of any check shall be made to the Disbursing Agent by the Holder of the Allowed Claim to whom such check originally was issued within 180 days after the date of the original check issuance. After such date, the Claim of any Holder to the amount represented by such voided check shall be released and forever barred from assertion against the City and its property.

J. Other Provisions Applicable to Distributions in All Classes.

1. No Postpetition Interest.

Except as otherwise specifically provided for in the Plan, or required by applicable bankruptcy law, the City shall have no obligation to pay any amount that constitutes or is attributable to interest on an Allowed Claim accrued after the Petition Date and no Holder of a Claim shall be entitled to be paid any amount that constitutes or is attributable to interest accruing on or after the Petition Date on any Claim without regard to the characterization of such amounts in any document or agreement or to whether such amount has accrued for federal income tax purposes. Any such amount that constitutes or is attributable to interest that has been accrued and has not been paid by the City shall be cancelled as of the Effective Date for federal income tax purposes.

2. Compliance with Tax Requirements.

In connection with the Plan and all instruments issued in connection therewith and distributed thereon, the City and any Disbursing Agent shall comply with all Tax withholding and reporting requirements imposed on it by any governmental unit, and all Distributions under the Plan shall be subject to such withholding and reporting requirements. All such amounts withheld and paid to the appropriate governmental unit shall be treated as if made directly to the Holder of an Allowed Claim. The City and the Disbursing Agent shall be authorized to take any actions that they determine, in their reasonable discretion, to be necessary or appropriate to comply with such withholding and reporting requirements, including withholding Distributions pending receipt of information necessary to facilitate such Distributions, or establishing any other mechanisms they believe are reasonable and appropriate.

Notwithstanding any other provision of the Plan, each Entity receiving or deemed to receive a Distribution pursuant to the Plan shall have sole and exclusive responsibility for the satisfaction and payment of any Tax imposed on such Entity on account of such Distribution, including income, withholding and other Tax obligations. The City has the right, but not the obligation, to refuse, or to direct a Disbursing Agent to refuse, to make a Distribution until a Holder of an Allowed Claim has made arrangements satisfactory to the City and any Disbursing Agent for payment of any such Tax obligations. The City may require, as a condition to making a Distribution, that the Holder of an Allowed Claim provide the City or any Disbursing Agent with a completed Form W-8, W-9 or other Tax information, certifications and supporting documentation, as applicable.

If the City makes such a request and the Holder of an Allowed Claim fails to comply before the date that is 180 days after the initial request is made, the amount of such Distribution shall irrevocably revert to the City and any Claim in respect of such Distribution shall be released and forever barred from assertion against the City and its property.

3. Allocation of Distributions.

All Distributions to Holders of Allowed Claims that have components of principal and interest shall be deemed to apply first to the principal amount of such Claim until such principal amount is paid in full, and then the remaining portion of such Distributions, if any, shall be deemed to apply to any applicable accrued interest included in such Claim to the extent interest is payable under the Plan.

4. Surrender of Instruments.

As a condition to participation under this Plan, the Holder of a note, debenture or other evidence of indebtedness of the City that desires to receive the property to be distributed on account of an Allowed Claim based on such note, debenture or other evidence of indebtedness shall surrender such note, debenture or other evidence of indebtedness to the City or its designee (unless such Holder's Claim will not be Impaired by the Plan, in which case such surrender shall not be required), and shall execute and deliver such other documents as are necessary to effectuate the Plan; provided, however, that, if a claimant is a Holder of a note, debenture or other evidence of indebtedness for which no physical certificate was issued to the Holder but which instead is held in book-entry form pursuant to a global security held by the Depository Trust Company or other securities depository or custodian thereof, there shall be no requirement of surrender. In the City's sole discretion, if no surrender of a note, debenture or other evidence of indebtedness occurs and the Holder of Claim does not provide an affidavit and indemnification agreement, in form and substance reasonably satisfactory to the City, that such note, debenture or other evidence of indebtedness was lost, then no distribution may be made to such Holder in respect of the Claim based on such note, debenture or other evidence of indebtedness. For the avoidance of doubt, (a) no Bond, note, debenture or other evidence of indebtedness of the City shall be surrendered or deemed surrendered that is subject to any Bond Insurance Policy and (b) no COP shall be surrendered or deemed surrendered hereby to the extent necessary to make or preserve a claim under any applicable policies or other instruments insuring the COPs and obligations related thereto or against any party, other than the City, that insures the COPs. Notwithstanding the foregoing, such Bonds or Bond Documents as remain outstanding shall not form the basis for the assertion of any Claim against the City.

ARTICLE VI PROCEDURES FOR RESOLVING DISPUTED CLAIMS

A. Treatment of Disputed Claims.

1. General.

No Claim shall become an Allowed Claim unless and until such Claim is deemed Allowed under the Plan or the Bankruptcy Code, or the Bankruptcy Court has entered a Final Order (including the Confirmation Order) allowing such Claim. Notwithstanding any other provision of the Plan, no payments or Distributions shall be made on account of a Disputed Claim until such Claim becomes an Allowed Claim. Without limiting the foregoing in any way, no partial payments and no partial Distributions will be made with respect to a disputed, contingent or

unliquidated Claim, or with respect to any Claim for which a proof of Claim has been Filed but not Allowed, until the resolution of such disputes or estimation or liquidation of such Claim by settlement or by Final Order.

2. ADR Procedures.

At the City's option, any Disputed Claim designated or eligible to be designated for resolution through the ADR Procedures may be submitted to the ADR Procedures in accordance with the terms thereof and the ADR Procedures Order. For the avoidance of doubt, the designation of a Disputed Claim for resolution through the ADR Procedures, either prior to or after the Effective Date, will not modify, and will not be deemed to have modified, the terms of the ADR Injunction imposed pursuant to the ADR Procedures Order. Disputed Claims not resolved through the ADR Procedures will be resolved pursuant to the Plan.

3. Tort Claims.

At the City's option, any unliquidated Tort Claim (as to which a proof of Claim was timely Filed in the Chapter 9 Case) not resolved through the ADR Procedures or pursuant to a Final Order of the Bankruptcy Court will be determined and liquidated in the administrative or judicial tribunal(s) in which it is pending on the Effective Date (subject to the City's right to seek removal or transfer of venue) or, if no action was pending on the Effective Date, in an administrative or judicial tribunal of appropriate jurisdiction that (a) has personal jurisdiction over the parties, (b) has subject matter jurisdiction over the Tort Claim and (c) is a proper venue. The City may exercise the above option by service upon the holder of the applicable Tort Claim of a notice informing such holder that the City has exercised such option (which notice shall be deemed to satisfy the notice requirements of Section I.B of the ADR Procedures). Upon the City's service of such notice, the automatic stay imposed pursuant to sections 362 and 922 of the Bankruptcy Code (along with any extension of such stay pursuant to the terms of the Stay Extension Order) or, after the Effective Date, the injunction set forth at Section III.D.5, will be deemed modified, without the necessity for further Bankruptcy Court approval or any further action by the City, solely to the extent necessary to allow the parties to determine or liquidate the Tort Claim in the applicable administrative or judicial tribunal(s); provided that nothing contained in this Section will modify, or will be deemed to have modified, the terms of the Stay Extension Order with respect to any Tort Claim prior to the City having served notice of its intent to determine and liquidate such Tort Claim pursuant to this Section. If the City does not serve such a notice upon a holder of a Tort Claim by the Claims Objection Bar Date, such holder may file a motion with the Bankruptcy Court no later than 30 days after the Claims Objection Bar Date seeking relief from the discharge injunction imposed pursuant to Section III.D.5 in order to liquidate and determine its Claim, which right and the deadline for exercising such right shall be set forth in the notice of entry of the Confirmation Order.

Any Tort Claim determined and liquidated pursuant to a judgment obtained in accordance with this Section VI.A.3 and applicable non-bankruptcy law that is no longer appealable or subject to review will be deemed an Allowed Claim, provided that only the amount of such Allowed Tort Claim that is not satisfied from proceeds of insurance payable to the holder of such Allowed Tort Claim will be treated as an Allowed Claim for the purposes of distributions under the Plan and subject to the terms of the Plan. Distributions on account of any such Allowed Tort Claim shall be made in accordance with the Plan. Nothing contained in this Section will constitute or be deemed a waiver of any claim, right or Cause of Action that the City may have against any Entity in connection with or arising out of any Tort Claim, including any rights under section 157(b)(5) of title 28 of the United States Code. All claims, demands, rights, defenses and Causes of Action that the City may have against any Entity in connection with or arising out of any Tort Claim are expressly retained and preserved.

B. Disputed Claims Reserve.

On and after the Effective Date, until such time as all Disputed Claims have been compromised and settled or determined by Final Order and before making any Distributions, consistent with and subject to section 1123(a)(4) of the Bankruptcy Code, the City shall establish and maintain a reserve of property equal to (1) the Distributions to which Holders of Disputed Claims would be entitled under the Plan if such Disputed Claims were Allowed Claims in the Face Amount of such Disputed Claims or (2) such lesser amount as required by an order of the Bankruptcy Court. On the first Distribution Date that is at least 30 days (or such fewer days as may be agreed to by the City in its sole discretion) after the date on which a Disputed Claim becomes an Allowed Claim, the Disbursing Agent shall remit to the Holder of such Allowed Claim any Distributions such Holder would have been

entitled to under the Plan on account of such Allowed Claim had such Claim been Allowed as of the Effective Date. If a Disputed Claim is disallowed by Final Order, the property reserved on account shall become available for Distribution to the Holders of Allowed Claims within the Class(es) entitled to receive such property. Each Holder of a Disputed Claim that ultimately becomes an Allowed Claim will have recourse only to the assets held in the disputed claims reserve and not to any other assets held by the City, its property or any property previously distributed on account of any Allowed Claim.

C. Objections to Claims.

1. Authority to Prosecute, Settle and Compromise.

The City's rights to object to, oppose and defend against all Claims on any basis are fully preserved. As of the Effective Date, only the City shall have the authority to File, settle, compromise, withdraw or litigate to judgment objections to Claims, including pursuant to the ADR Procedures or any similar procedures approved by the Bankruptcy Court. Any objections to Claims shall be Filed no later than the Claims Objection Bar Date. On and after the Effective Date, the City may settle or compromise any Disputed Claim or any objection or controversy relating to any Claim without any further notice or any action, order or approval of the Bankruptcy Court.

2. Expungement or Adjustment of Claims Without Objection.

Any Claim that has been paid, satisfied or superseded shall be expunged from the Claims Register by the Claims and Balloting Agent at the request of the City, and any Claim that has been amended by the Holder of such Claim shall be adjusted on the Claims Register by the Claims and Balloting Agent at the request of the City, without the Filing of an objection and without any further notice or any action, order or approval of the Bankruptcy Court.

3. Extension of Claims Objection Bar Date.

Upon motion by the City to the Bankruptcy Court, the City may request, and the Bankruptcy Court may grant, an extension to the Claims Objection Bar Date generally or with respect to specific Claims. Any extension granted by the Bankruptcy Court shall not be considered to be a modification to the Plan under section 1127 of the Bankruptcy Code.

4. Authority to Amend List of Creditors.

The City will have the authority to amend the List of Creditors with respect to any Claim and to make Distributions based on such amended List of Creditors without approval of the Bankruptcy Court. If any such amendment to the List of Creditors reduces the amount of a Claim or changes the nature or priority of a Claim, the City will provide the Holder of such Claim with notice of such amendment and such Holder will have 20 days to File an objection to such amendment with the Bankruptcy Court. If no such objection is Filed, the Disbursing Agent may proceed with Distributions based on such amended List of Creditors without approval of the Bankruptcy Court.

ARTICLE VII RETENTION OF JURISDICTION

Pursuant to sections 105(c), 945 and 1142(b) of the Bankruptcy Code and notwithstanding entry of the Confirmation Order and the occurrence of the Effective Date, the Bankruptcy Court will retain exclusive jurisdiction over all matters arising out of, and related to, the Chapter 9 Case and the Plan to the fullest extent permitted by law, including, among other things, jurisdiction to:

A. Allow, disallow, estimate, determine, liquidate, reduce, classify, re-classify, estimate or establish the priority or secured or unsecured status of any Claim, including the resolution of any request for payment of any Administrative Claim and the resolution of any and all objections to the amount, allowance, priority or classification of Claims;

B. Confirm the maturity date and the terms as written of the collective bargaining agreements identified on Exhibit II.D.5 of the Plan, which agreements are incorporated as part of the Plan (it being understood that the enforcement, interpretation and resolution of disputes of the terms of the contracts shall proceed under applicable state law);

C. Resolve any matters related to the assumption, assignment or rejection of any Executory Contract or Unexpired Lease and to hear, determine and, if necessary, liquidate any Claims arising therefrom, including claims for payment of any cure amount;

D. Ensure that Distributions to Holders of Allowed Claims are accomplished pursuant to the provisions of the Plan;

E. Adjudicate, decide or resolve any motions, adversary proceedings, contested or litigated matters and any other matters, and grant or deny any applications involving the City that may be pending on the Effective Date or brought thereafter;

F. Enter such orders as may be necessary or appropriate to implement or consummate the provisions of the Plan and all contracts, instruments, releases and other agreements or documents entered into or delivered in connection with the Plan, the Disclosure Statement or the Confirmation Order;

G. Resolve any cases, controversies, suits or disputes that may arise in connection with the consummation, interpretation or enforcement of the Plan or any contract, instrument, release or other agreement or document that is entered into or delivered pursuant to the Plan or any Entity's rights arising from or obligations incurred in connection with the Plan or such documents;

H. Approve any modification of the Plan or approve any modification of the Confirmation Order or any contract, instrument, release or other agreement or document created in connection with the Plan or the Confirmation Order, or remedy any defect or omission or reconcile any inconsistency in any order, the Plan, the Confirmation Order or any contract, instrument, release or other agreement or document created in connection with the Plan or the Confirmation Order, or enter any order in aid of confirmation pursuant to sections 945 and 1142(b) of the Bankruptcy Code, in such manner as may be necessary or appropriate to consummate the Plan;

I. Issue injunctions, enforce the injunctions contained in the Plan and the Confirmation Order, enter and implement other orders or take such other actions as may be necessary or appropriate to restrain interference by any Entity with consummation, implementation or enforcement of the Plan or the Confirmation Order;

J. Adjudicate, decide or resolve any matters relating to the City's compliance with the Plan and the Confirmation Order consistent with section 945 of the Bankruptcy Code;

K. Enter and implement such orders as are necessary or appropriate if the Confirmation Order is for any reason or in any respect modified, stayed, reversed, revoked or vacated or Distributions pursuant to the Plan are enjoined or stayed;

L. Determine any other matters that may arise in connection with or relate to the Plan, the Disclosure Statement, the Confirmation Order or any contract, instrument, release or other agreement or document entered into or delivered in connection with the Plan, the Disclosure Statement or the Confirmation Order;

M. Resolve any matters, cases, controversies, suits or disputes that may arise in connection with the FGIC Development Agreement;

N. Resolve any matters, cases, controversies, suits or disputes that may arise in connection with the Syncora Development Agreement;

O. Enforce or clarify any orders previously entered by the Bankruptcy Court in the Chapter 9 Case;

P. Enter a final decree closing the Chapter 9 Case pursuant to section 945(b) of the Bankruptcy Code; and

Q. Hear any other matter over which the Bankruptcy Court has jurisdiction under the provisions of the Bankruptcy Code and the Bankruptcy Rules subject to any limits on the Bankruptcy Court's jurisdiction and powers under sections 903 and 904 of the Bankruptcy Code.

ARTICLE VIII MISCELLANEOUS PROVISIONS

A. Plan Supplements.

All Plan Supplements not previously filed will be Filed no later than ten days before the Confirmation Hearing.

B. Modification of the Plan.

Subject to section 942 and 1127(d) of the Bankruptcy Code, the City may alter, amend or modify the Plan or the Exhibits at any time prior to or after the Confirmation Date but prior to the substantial consummation of the Plan. A Holder of a Claim that has accepted the Plan shall be deemed to have accepted the Plan as altered, amended or modified so long as the proposed alteration, amendment or modification does not materially and adversely change the treatment of the Claim of such Holder.

C. Revocation of the Plan.

The City reserves the right to revoke or withdraw the Plan prior to the Confirmation Date. If the City revokes or withdraws the Plan, or if the Confirmation Date does not occur, then the Plan shall be null and void in all respects, and nothing contained in the Plan, nor any action taken or not taken by the City with respect to the Plan, the Disclosure Statement or the Confirmation Order, shall be or shall be deemed to be: (1) a waiver or release of any claims by or against the City; (2) an admission of any sort by the City or any other party in interest, or (3) prejudicial in any manner to the rights of the City or any other party in interest.

D. Severability of Plan Provisions.

If any term or provision of the Plan is held by the Bankruptcy Court to be invalid, void or unenforceable, the Bankruptcy Court, in each case at the election of and with the consent of the City, shall have the power to alter and interpret such term or provision to make it valid or enforceable to the maximum extent practicable, consistent with the original purpose of the term or provision held to be invalid, void or unenforceable, and such term or provision shall then be applicable as altered or interpreted. Notwithstanding any such holding, alteration or interpretation, the remainder of the terms and provisions of the Plan shall remain in full force and effect and shall in no way be affected, impaired or invalidated by such holding, alteration or interpretation. The Confirmation Order shall constitute a judicial determination and shall provide that each term and provision of the Plan, as it may have been altered or interpreted in accordance with the foregoing, is: (1) valid and enforceable pursuant to its terms; (2) integral to the Plan and may not be deleted or modified without the City's consent; and (3) non-severable and mutually dependent.

E. Effectuating Documents and Transactions.

The City is authorized to execute, deliver, File or record such contracts, instruments, releases and other agreements or documents and take such actions as may be necessary or appropriate to effectuate, implement and further evidence the terms and conditions of the Plan and any notes or securities issued pursuant to the Plan. All such actions shall be deemed to have occurred and shall be in effect pursuant to applicable non-bankruptcy law and the Bankruptcy Code, without any requirement of further action by the City Council, the Emergency Manager, the Mayor or any employees or officers of the City. On the Effective Date, the appropriate employees and officers of the City are authorized and directed to execute and deliver the agreements, documents and instruments contemplated

by the Plan, and to take any other actions as may be necessary or advisable to effectuate the provisions and intent of the Plan, in the name and on behalf of the City.

F. Successors and Assigns.

Except as expressly provided otherwise in the Plan, the rights, benefits and obligations of any Entity named or referred to in the Plan or the Confirmation Order shall be binding on, and shall inure to the benefit of, any heir, executor, administrator, successor or assign, Affiliate, representative, beneficiary or guardian, if any, of each Entity.

G. Plan Controls.

In the event and to the extent that any provision of the Plan is inconsistent with the provisions of the Disclosure Statement, the provisions of the Plan shall control and take precedence.

H. Notice of the Effective Date.

On or before ten Business Days after occurrence of the Effective Date, the City shall mail or cause to be mailed to all Holders of Claims a notice that informs such Holders of (1) entry of the Confirmation Order; (2) the occurrence of the Effective Date; (3) the assumption and rejection of Executory Contracts and Unexpired Leases pursuant to the Plan, as well as the deadline for the filing of Claims arising from such rejection; (4) the deadline for the filing of Administrative Claims; and (5) such other matters as the City deems to be appropriate.

I. Governing Law.

Unless (1) a rule of law or procedure is supplied by federal law (including the Bankruptcy Code and Bankruptcy Rules) or (2) otherwise specifically stated herein or in any contract, articles or certificates of incorporation, bylaws, codes of regulation, ordinance, similar constituent documents, instrument, release or other agreement or document entered into or delivered in connection with the Plan, the laws of the State of Michigan, without giving effect to the principles of conflict of laws, shall govern the rights, obligations, construction and implementation of the Plan and any contract, articles or certificates of incorporation, bylaws, codes of regulation, similar constituent documents, instrument, release or other agreement or document entered into or delivered in connection with the Plan.

J. Request for Waiver of Automatic Stay of Confirmation Order.

The Plan shall serve as a motion seeking a waiver of the automatic stay of the Confirmation Order imposed by Bankruptcy Rule 3020(e). Any objection to this request for waiver shall be Filed and served on the parties listed in Section VIII.L on or before the Voting Deadline.

K. Term of Existing Injunctions and Stays.

All injunctions or stays provided for in the Chapter 9 Case under sections 105, 362 or 922 of the Bankruptcy Code, or otherwise, and in existence on the Confirmation Date, shall remain in full force and effect until the Effective Date.

L. Service of Documents.

Any pleading, notice or other document required by the Plan or the Confirmation Order to be served on or delivered to (1) the City and (2) the Retiree Committee must be sent by overnight delivery service, facsimile transmission, courier service or messenger to:

APPENDIX II

CONFIRMATION NOTICE

-----	X	
	:	
In re	:	Chapter 9
	:	
CITY OF DETROIT, MICHIGAN,	:	Case No. 13-53846
	:	
Debtor.	:	Hon. Steven W. Rhodes
	:	
-----	X	

PLEASE TAKE NOTICE OF THE FOLLOWING:

On _____, 2014, the United States Bankruptcy Court for the Eastern District of Michigan (the "Bankruptcy Court") entered an order (Docket No. ____) (the "Confirmation Order") confirming the Eighth Amended Plan for the Adjustment of Debts of the City of Detroit (as it may have been amended, supplemented or modified, the "Plan"), in the above-captioned chapter 9 case of the City of Detroit, Michigan (the "City"). The Effective Date of the Plan occurred on _____, 201_. Unless otherwise defined in this Notice, capitalized terms and phrases used herein have the meanings given to them in the Plan and the Confirmation Order.

a. Except as provided in the Plan or in the Confirmation Order, the rights afforded under the Plan and the treatment of Claims under the Plan are in exchange for and in complete satisfaction, discharge and release of all Claims arising on or before the Effective Date, including any interest accrued on Claims from and after the Petition Date. Except as provided in the Plan or in the Confirmation Order, as of the Effective Date, the City is discharged from all Claims or other debts that arose on or before the Effective Date, and all debts of the kind specified in section 502(g), 502(h) or 502(i) of the Bankruptcy Code, whether or not (i) a proof of Claim based on such debt was Filed or deemed Filed pursuant to section 501 of the Bankruptcy Code, (ii) a Claim based on such debt was allowed pursuant to section 502 of the Bankruptcy Code or (iii) the Holder of a Claim based on such debt accepted the Plan.

13558466-jtj Doc 823871 Filed 11/12/21 Entered 11/12/21 17:52 Page 217 of 225

944(c)(1) of the Bankruptcy Code, such discharge does not apply to (i) debts specifically exempted from discharge under the Plan; (ii) debts held by an Entity that, before the Confirmation Date, had neither notice nor actual knowledge of the Chapter 9 Case; (iii) claims against officers or employees of the City in their individual capacity under 42 U.S.C. § 1983; or (iv) Claims of (A) T&T Management, Inc., (B) HRT Enterprises and (C) the John W. and Vivian M. Denis Trust related to condemnation or inverse condemnation actions against the City alleging that the City has taken private property without just compensation in violation of the Takings Clause of the Fifth Amendment to the United States Constitution.

3. Releases.

a. General Releases by Holders of Claims. Without limiting any other applicable provisions of, or releases contained in, the Plan or any contracts, instruments, releases, agreements or documents to be entered into or delivered in connection with the Plan, as of the Effective Date, in consideration for the obligations of the City under the Plan and the consideration and other contracts, instruments, releases, agreements or documents to be entered into or delivered in connection with the Plan (including the State Contribution Agreement), each holder of a Claim that voted in favor of the Plan, to the fullest extent permissible under law, is deemed to forever release, waive and discharge (which release will be in addition to the release and discharge of Claims otherwise provided herein and under the Confirmation Order and the Bankruptcy Code):

i. all Liabilities in any way relating to the City, the Chapter 9 Case (including the authorization given to file the Chapter 9 Case), the Plan, the Exhibits or the Disclosure Statement, in each case that such holder has, had or may have against the City or its current and former officials, officers, directors, employees, managers, attorneys, advisors and professionals, each acting in such capacity (and, in addition to and without limiting the foregoing, in the case of any Emergency Manager, in such Emergency Manager's capacity as an appointee under PA 436); provided further, for the avoidance of doubt, that any person or entity designated to manage the Chapter 9 Case for the City after the Emergency Manager's term is terminated, whether such person or entity acts as an employee, advisor or contractor to the City or acts as an employee, agent, contractor or appointee of the State under any applicable state law, shall be treated the same as an employee of the City hereunder; and

ii. all Liabilities in any way relating to (A) Claims that are compromised, settled or discharged under or in connection with the Plan, (B) the Chapter 9 Case (including the authorization given to file the Chapter 9 Case), (C) the Plan, (D) the Exhibits, (E) the Disclosure Statement or (F) the DIA Settlement, in each case that such holder has, had or may have against the City's Related Entities, the State, the State Related Entities and the Released Parties; provided, however, that any such Liability of the Foundations, the DIA Funders and the CFSEM Supporting Organization and their Related Entities are released only to the extent that such Liability, if any, arises from any such entity's participation in the DIA Settlement;

provided, however, that the foregoing provisions shall not affect the liability of the City, its Related Entities and the Released Parties that otherwise would result from any act or omission to the extent that act or omission subsequently is determined in a Final Order to have constituted gross negligence or willful misconduct; provided, further, that nothing in Section III.D.7.a of the Plan shall release (i) the City's obligations under the Plan or (ii) any defenses that any party may have against the City, its Related Entities, the State, the State Related Entities or the Released Parties. Notwithstanding anything in the Plan or the Confirmation Order to the contrary, claims against officers or employees of the City in their individual capacity under 42 U.S.C. § 1983 shall not be released.

b. Release by Holders of Pension Claims. Without limiting any other applicable provisions of, or releases contained in, the Plan or any contracts, instruments, releases,

agreements or documents entered into or delivered in connection with the Plan, as of the Effective Date, in consideration for the obligations of the City under the Plan and the consideration and other contracts, instruments, releases, agreements or documents to be entered into or delivered in connection with the Plan (including the State Contribution Agreement), if the State Contribution Agreement is consummated, each holder of a Pension Claim is deemed to forever release, waive and discharge all Liabilities arising from or related to the City, the Chapter 9 Case, including the authorization given to file the Chapter 9 Case, the Plan, all Exhibits, the Disclosure Statement, PA 436 and its predecessor or replacement statutes, and Article IX, Section 24 of the Michigan Constitution that such party has, had or may have against the State and any State Related Entities. For the avoidance of doubt, the Plan does not release, waive or discharge obligations of the City that are established in the Plan or that arise from and after the Effective Date with respect to (i) pensions as modified by the Plan or (ii) labor-related obligations. Such post-Effective Date obligations shall be enforceable against the City or its representatives by active or retired employees or their collective bargaining representatives to the extent permitted by applicable non-bankruptcy law or the Plan, or, with respect to pensions only, GRS or PFRS.

Notwithstanding Sections III.D.5-7 and IV.L of the Plan, except as set forth in the COP Swap Settlement, nothing in the Plan or the Confirmation Order shall or shall be deemed to provide a release by the COP Swap Counterparties of any Liabilities related to the COPs, the COP Service Corporations, the Transaction Documents (as defined in the COP Swap Settlement), the COP Swap Settlement or the COP Swap Settlement Approval Order. For the avoidance of doubt, notwithstanding Section III.D.6 of the Plan, a vote of DWSD Bond Claims or DWSD Revolving Bond Claims in favor of the Plan shall not, and shall not be deemed to, effect a release pursuant to Section III.D.7 of the Plan by a Holder of any such DWSD Bond Claims, a Holder of any such DWSD Revolving Bond Claims or the Bond Insurer insuring any such Claims of any Liabilities against the City or its Related Entities that do not arise in connection with the DWSD Bonds or the DWSD Revolving Bonds. For the further avoidance of doubt, notwithstanding anything in the Plan to the contrary, a vote of a Claim other than a DWSD Bond Claim or DWSD Revolving Bond Claim in favor of the Plan shall not, and shall not be deemed to, effect a release pursuant to Section III.D.7 of the Plan by a Holder of any such voted Claim or the Bond Insurer insuring such voted Claim of any Liabilities against the City or any other Entity arising in connection with the DWSD Bonds or DWSD Revolving Bonds.

4. Injunctions.

On the Effective Date, except as otherwise provided in the Plan or in the Confirmation Order:

a. All Entities that have been, are or may be holders of Claims against the City, Indirect 36th District Court Claims or Indirect Employee Indemnity Claims asserted against officers or employees of the City in their official capacity, along with their Related Entities, are permanently enjoined from taking any of the following actions against or affecting the City or its property, DIA Corp. or its property, the DIA Assets, the Released Parties or their respective property and the Related Entities of each of the foregoing, with respect to such claims (other than actions brought to enforce any rights or obligations under the Plan and appeals, if any, from the Confirmation Order): (i) commencing, conducting or continuing in any manner, directly or indirectly, any suit, action or other proceeding of any kind against or affecting the City or its property (including (A) all suits, actions and proceedings that are pending as of the Effective Date, which must be withdrawn or dismissed with prejudice, (B) Indirect 36th District Court Claims and (C) Indirect Employee Indemnity Claims asserted against officers or employees of the City in their official capacity); (ii) enforcing, levying, attaching, collecting or otherwise recovering by any manner or means, directly or indirectly, any judgment, award, decree or order against the City or its property; (iii) creating, perfecting or otherwise enforcing in any manner, directly or indirectly,

any encumbrance of any kind against the City or its property; (iv) asserting any setoff, right of subrogation or recoupment of any kind, directly or indirectly, against any obligation due the City or its property; (v) proceeding in any manner in any place whatsoever that does not conform to or comply with the provisions of the Plan or the settlements set forth therein to the extent such settlements have been approved by the Bankruptcy Court in connection with Confirmation of the Plan; and (vi) taking any actions to interfere with the implementation or consummation of the Plan. Notwithstanding anything in the Plan or the Confirmation Order to the contrary, claims against officers or employees of the City in their individual capacity under 42 U.S.C. § 1983 are not enjoined. In addition, all individuals affected by the AFS Recoupment are enjoined from commencing any proceeding against the GRS and its trustees, officers, employees or professionals arising from GRS's compliance with the Plan or this Order.

b. All Entities that have held, currently hold or may hold any Liabilities released pursuant to the Plan are permanently enjoined from taking any of the following actions against the State, the State Related Entities, the officers, board of trustees/directors, attorneys, advisors and professionals of the RDPFFA or the DRCEA, and the Released Parties or any of their respective property on account of such released Liabilities: (i) commencing, conducting or continuing in any manner, directly or indirectly, any suit, action or other proceeding of any kind; (ii) enforcing, levying, attaching, collecting or otherwise recovering by any manner or means, directly or indirectly, any judgment, award, decree or order; (iii) creating, perfecting or otherwise enforcing in any manner, directly or indirectly, any lien; (iv) asserting any setoff, right of subrogation or recoupment of any kind, directly or indirectly, against any obligation due the State, a State Related Entity, the officers, board of trustees/directors, attorneys, advisors and professionals of the RDPFFA or the DRCEA, or a Released Party; and (v) commencing or continuing any action, in any manner, in any place that does not comply with or is inconsistent with the provisions of the Plan. Notwithstanding the foregoing and without limiting the injunctions in sub-paragraph 4(a) above, the Holders of Indirect 36th District Court Claims shall not be enjoined from taking any of the foregoing actions against the State or the State Related Entities with respect to Indirect 36th District Court Claims to the extent such Claims are not satisfied pursuant to the Plan.

5. Treatment of Executory Contracts and Unexpired Leases.

a. Assumption. Except for Executory Contracts and Unexpired Leases rejected in the Plan or by other court order, or as requested in any motion Filed by the City on or prior to the Effective Date, as of the Effective Date, pursuant to section 365 of the Bankruptcy Code, the City has been deemed to assume all Executory Contracts and Unexpired Leases to which it is a party. Notwithstanding the foregoing, Retirement System Indemnity Obligations have not been assumed under the Plan and have been discharged. For the avoidance of doubt, the City has assumed the Tunnel Lease pursuant to Section II.D.1 of the Plan.

b. Assumption of Ancillary Agreements. Each Executory Contract and Unexpired Lease assumed pursuant to Section II.D.1 of the Plan includes any modifications, amendments, supplements, restatements or other agreements made directly or indirectly by any agreement, instrument or other document that in any manner affects such Executory Contract or Unexpired Lease, unless any such modification, amendment, supplement, restatement or other agreement is rejected pursuant to Section II.D.6 of the Plan or designated for rejection in accordance with Section II.D.3 of the Plan.

c. Approval of Assumptions and Assignments. The Confirmation Order constitutes an order of the Bankruptcy Court approving the assumption of Executory Contracts and Unexpired Leases pursuant to Sections II.D.1 and II.D.2 of the Plan (and any related assignment) as of the

Effective Date, except for Executory Contracts or Unexpired Leases that (a) have been rejected pursuant to a Final Order of the Bankruptcy Court, (b) are subject to a pending motion for reconsideration or appeal of an order authorizing the rejection of such Executory Contract or Unexpired Lease, (c) are subject to a motion to reject such Executory Contract or Unexpired Lease Filed on or prior to the Effective Date, (d) are rejected pursuant to Section II.D.6 of the Plan or (e) are designated for rejection in accordance with the last sentence of this paragraph. The City has provided separate notice to each party whose Executory Contract or Unexpired Lease is being assumed pursuant to the Plan of: (a) the Executory Contract or Unexpired Lease being assumed; (b) the Cure Amount Claim, if any, that the City believes it would be obligated to pay in connection with such assumption; (c) any assignment of an Executory Contract or Unexpired Lease; and (d) the procedures for such party to object to the assumption of the applicable Executory Contract or Unexpired Lease, the amount of the proposed Cure Amount Claim or any assignment of an Executory Contract or Unexpired Lease are set forth in the Contract Procedures Order (Docket No. 6512). If an objection to a proposed assumption, assumption and assignment or Cure Amount Claim is not resolved in favor of the City, the applicable Executory Contract or Unexpired Lease may be designated by the City for rejection, which shall be deemed effective as of the Effective Date.

d. Payments Related to the Assumption of Executory Contracts and Unexpired Leases. To the extent that such Claims constitute monetary defaults, the Cure Amount Claims associated with each Executory Contract or Unexpired Lease to be assumed pursuant to the Plan will be satisfied, pursuant to section 365(b)(1) of the Bankruptcy Code, at the option of the City: (a) by payment of the Cure Amount Claim in Cash on the Effective Date or (b) on such other terms as are agreed to by the parties to such Executory Contract or Unexpired Lease. If there is a dispute regarding: (a) the amount of any Cure Amount Claim, (b) the ability of the City or any assignee to provide "adequate assurance of future performance" (within the meaning of section 365 of the Bankruptcy Code) under the contract or lease to be assumed or (c) any other matter pertaining to the assumption of such contract or lease, the payment of any Cure Amount Claim required by section 365(b)(1) of the Bankruptcy Code will be made within 30 days following the entry of a Final Order resolving the dispute and approving the assumption.

e. Contracts and Leases Entered Into After the Petition Date. Contracts, leases and other agreements entered into after the Petition Date by the City, including (a) any Executory Contracts or Unexpired Leases assumed by the City and (b) the collective bargaining agreements identified on Exhibit II.D.5 to the Plan, will be performed by the City in the ordinary course of its business. Accordingly, such contracts and leases (including any assumed Executory Contracts or Unexpired Leases) will survive and remain unaffected by entry of the Confirmation Order.

f. Rejection of Executory Contracts and Unexpired Leases. Each Executory Contract and Unexpired Lease that is listed on Exhibit II.D.6 to the Plan was deemed rejected as of the Effective Date pursuant to section 365 of the Bankruptcy Code. The Confirmation Order constitutes an order of the Bankruptcy Court approving such rejections, pursuant to section 365 of the Bankruptcy Code, as of the later of: (a) the Effective Date or (b) the resolution of any objection to the proposed rejection of an Executory Contract or Unexpired Lease. Each contract or lease listed on Exhibit II.D.6 to the Plan is rejected only to the extent that any such contract or lease constitutes an Executory Contract or Unexpired Lease. Listing a contract or lease on Exhibit II.D.6 to the Plan does not constitute an admission by the City that such contract or lease is an Executory Contract or Unexpired Lease or that the City has any liability thereunder. Any Claims arising from the rejection of an Executory Contract or Unexpired Lease pursuant to the Plan shall be treated as Class 14 Claims (Other Unsecured Claims), subject to the provisions of section 502 of the Bankruptcy Code.

g. Rejection Damages Bar Date. Except as otherwise provided in a Final Order of the Bankruptcy Court approving the rejection of an Executory Contract or

Unexpired Lease, Claims arising out of the rejection of an Executory Contract or Unexpired Lease must be Filed with the Bankruptcy Court and served upon counsel to the City on or before the later of: (a) 45 days after the Effective Date, i.e., _____, 20__; or (b) 45 days after such Executory Contract or Unexpired Lease is rejected pursuant to a Final Order or designated for rejection in accordance with Section II.D.3 of the Plan. Any Claims not Filed within such applicable time periods will be forever barred from receiving a Distribution from, and shall not be enforceable against, the City. Proof of claim forms and instructions for filing claims can be found at the City's restructuring website, <https://www.kccllc.net/detroit>.

h. Preexisting Obligations to the City Under Rejected Executory Contracts and Unexpired Leases. Pursuant to section 365(g) of the Bankruptcy Code, rejection of any Executory Contract or Unexpired Lease pursuant to the Plan or otherwise shall constitute a breach of such contract or lease and not a termination thereof, and all obligations owing to the City under such contract or lease as of the date of such breach shall remain owing to the City upon rejection. Notwithstanding any applicable non-bankruptcy law to the contrary, the City expressly reserves and does not waive any right to receive, or any continuing obligation of a non-City party to provide, warranties, indemnifications or continued maintenance obligations on goods previously purchased, or services previously received, by the City from non-City parties to rejected Executory Contracts or Unexpired Leases, and any such rights shall remain vested in the City as of the Effective Date.

i. Insurance Policies. From and after the Effective Date, each of the City's insurance policies (other than welfare benefits insurance policies) in existence as of or prior to the Effective Date are reinstated and continue in full force and effect in accordance with their terms and, to the extent applicable, are deemed assumed by the City pursuant to section 365 of the Bankruptcy Code and Section II.D.1 of the Plan. Nothing contained in the Plan shall constitute or be deemed a waiver of any Causes of Action that the City may hold against any Entity, including any insurer under any of the City's insurance policies. For the avoidance of doubt, nothing contained in Section II.D.9 of the Plan shall apply to reinstate or continue any obligation of the City or any fund thereof to any Bond Insurer.

6. Payment of Administrative Claims.

a. Administrative Claims in General. Except as specified in Section II.A.1 of the Plan, and subject to the bar date provisions therein, unless otherwise agreed by the Holder of an Administrative Claim and the City, or ordered by the Bankruptcy Court, each Holder of an Allowed Administrative Claim will receive, in full satisfaction of such Allowed Administrative Claim, Cash in an amount equal to such Allowed Administrative Claim either: (1) on the Effective Date or as soon as reasonably practicable thereafter; or (2) if the Administrative Claim is not Allowed as of the Effective Date, 30 days after the date on which such Administrative Claim becomes an Allowed Claim. No Claim of any official or unofficial creditors' committee or any member thereof for professionals' fees or other costs and expenses incurred by such creditors' committee or by a member of such creditors' committee shall constitute an Allowed Administrative Claim, except that the Retiree Committee's members and the Retiree Committee Professionals shall be entitled to payment in accordance with the Fee Review Order and any additional fee process established by the Court.

7. Bar Dates for Administrative Claims.

a. General Bar Date Provisions. Except as otherwise provided in subparagraphs 7(b) or 7(c) below or in a Bar Date Order or other order of the Bankruptcy Court, unless previously Filed, requests for payment of Administrative Claims must be Filed and served on the City no later than 45 days after the Effective Date, i.e., _____, 20__. Holders of Administrative Claims that are required to File and serve a request for payment of such Administrative Claims and that do not File and serve such a request by the applicable Bar Date will

be forever barred from asserting such Administrative Claims against the City or its property, and such Administrative Claims will be deemed discharged as of the Effective Date. Objections to such requests must be Filed and served on the City and the requesting party by the later of (i) 150 days after the Effective Date, i.e., _____, 20__ , (ii) 60 days after the Filing of the applicable request for payment of Administrative Claims or (iii) such other period of limitation as may be specifically fixed by a Final Order for objecting to such Administrative Claims.

b. Ordinary Course Claims. Holders of Claims based on Liabilities incurred by the City after the Petition Date in the ordinary course of its operations are not required to File or serve any request for payment or application for allowance of such Claims. Such Claims will be paid by the City, pursuant to the terms and conditions of the particular transaction giving rise to such Claims, without further action by the Holders of such Claims or further action or approval of the Bankruptcy Court.

c. Claims Under the Postpetition Financing Agreement. Holders of Administrative Claims that are Postpetition Financing Claims are not required to File or serve any request for payment or application for allowance of such Claims. Such Administrative Claims will be satisfied as set forth in subparagraph 7(b) above.

d. No Modification of Bar Date Order. The Plan does not modify any other Bar Date Order, including Bar Dates for Claims entitled to administrative priority under section 503(b)(9) of the Bankruptcy Code.

8. ASF Recoupment Cash Option.

a. ASF Recoupment Cash Option Election. No later than seven days following the Effective Date, i.e., _____, 20__, the City, through its Claims and Balloting Agent, will send the ASF Election Notice and the ASF Election Form by first-class U.S. mail to each ASF Distribution Recipient. The ASF Election Notice will notify ASF Distribution Recipients that each ASF Distribution Recipient may elect to pay the total amount of his or her ASF Recoupment in a single lump sum by timely returning a properly-completed ASF Election Form. The ASF Election Form will explain that the amount of the ASF Recoupment Cash Payment shall be equal to the total amount of ASF Recoupment shown on the ASF Distribution Recipient's Ballot, unless the aggregate amount of ASF Recoupment for all ASF Distribution Recipients electing the ASF Recoupment Cash Option exceeds \$30,000,000, in which case (i) the ASF Recoupment Cash Payment will be the ASF Distribution Recipient's Pro Rata portion of \$30,000,000, and (ii) the remaining portion of the ASF Distribution Recipient's ASF Recoupment will be annuitized and deducted from the ASF Distribution Recipient's monthly pension check, as provided for in Section II.B.3.r.ii.D.2.i of the Plan. ***An ASF Distribution Recipient must return his or her ASF Election Form to the Claims and Balloting Agent so that it is actually received by the Claims and Balloting Agent by the ASF Election Date, i.e., 35 days after the date on which the ASF Election Form is mailed.***

b. ASF Recoupment Cash Payment. GRS will mail the ASF Final Cash Payment Notice no later than 14 days after the ASF Election Date. The ASF Final Cash Payment Notice is a notice that will be sent to each ASF Distribution Recipient who timely elects the ASF Recoupment Cash Option, and will indicate the amount of such ASF Distribution Recipient's ASF Recoupment Cash Payment. ***ASF Distribution Recipients shall have until the ASF Final Cash Payment Date – i.e., the later of (i) 90 days after the Effective Date, i.e., _____, 20__ or (ii) 50 days after the date of mailing of an ASF Final Cash Payment Notice – to make the ASF Recoupment Cash Payment, which payment must be made by cashier's check or wire transfer and may not be made by personal check. If an ASF Distribution Recipient's ASF Recoupment Cash Payment is not received by the ASF Final Cash Payment Date, GRS will notify the ASF Distribution Recipient of the failure to timely pay, and***

ASF Recoupment will be effected through diminution of such recipient's monthly pension check, as provided for in Section II.B.3.r.ii.D.2.i of the Plan. The calculation of each electing ASF Distribution Recipient's ASF Recoupment Cash Payment shall not be adjusted under any circumstances, including as a result of default by any other electing ASF Distribution Recipient to remit his or her ASF Recoupment Cash Payment by the ASF Final Cash Payment Date.

9. Copies of the Plan and Confirmation Order. Copies of the Plan, Confirmation Order and all other documents Filed in the Chapter 9 Case may be obtained, free of charge, from the City's restructuring website at <https://www.kccllc.net/detroit> or from Kurtzman Carson Consultants LLC by calling (877) 298-6236 (toll-free).

ATTORNEYS FOR THE CITY

CERTIFICATE OF SERVICE

I, Heather Lennox, hereby certify that the foregoing Notice of (I) Entry of Order Confirming Eighth Amended Plan for the Adjustment of Debts of the City of Detroit and (II) Occurrence of Effective Date was filed and served via the Court's electronic case filing and noticing system on this ____ day of _____, 201__.

/s/ Heather Lennox

-----X	:	
In re	:	Chapter 9
	:	
CITY OF DETROIT, MICHIGAN,	:	Case No. 13-53846
	:	
Debtor.	:	Hon. Steven W. Rhodes
	:	
-----X	:	

PLEASE TAKE NOTICE OF THE FOLLOWING:

On November 12, 2014, the United States Bankruptcy Court for the Eastern District of Michigan (the "Bankruptcy Court") entered an order (Docket No. 8272) (the "Confirmation Order") confirming the Eighth Amended Plan for the Adjustment of Debts of the City of Detroit (as it may have been amended, supplemented or modified, the "Plan"), in the above-captioned chapter 9 case of the City of Detroit, Michigan (the "City"). The Effective Date of the Plan occurred on December 10, 2014. Unless otherwise defined in this Notice, capitalized terms and phrases used herein have the meanings given to them in the Plan and the Confirmation Order.

a. Except as provided in the Plan or in the Confirmation Order, the rights afforded under the Plan and the treatment of Claims under the Plan are in exchange for and in complete satisfaction, discharge and release of all Claims arising on or before the Effective Date, including any interest accrued on Claims from and after the Petition Date. Except as provided in the Plan or in the Confirmation Order, as of the Effective Date, the City is discharged from all Claims or other debts that arose on or before the Effective Date, and all debts of the kind specified in section 502(g), 502(h) or 502(i) of the Bankruptcy Code, whether or not (i) a proof of Claim based on such debt was Filed or deemed Filed pursuant to section 501 of the Bankruptcy Code, (ii) a Claim based on such debt was allowed pursuant to section 502 of the Bankruptcy Code or (iii) the Holder of a Claim based on such debt accepted the Plan.

13133846-tit Doc 13874915 Filed 12/21/21 Entered 12/21/21 14:23:41 Page 1 of 9

944(c)(1) of the Bankruptcy Code, such discharge does not apply to (i) debts specifically exempted from discharge under the Plan; (ii) debts held by an Entity that, before the Confirmation Date, had neither notice nor actual knowledge of the Chapter 9 Case; (iii) claims against officers or employees of the City in their individual capacity under 42 U.S.C. § 1983; or (iv) Claims of (A) T&T Management, Inc., (B) HRT Enterprises and (C) the John W. and Vivian M. Denis Trust related to condemnation or inverse condemnation actions against the City alleging that the City has taken private property without just compensation in violation of the Takings Clause of the Fifth Amendment to the United States Constitution.

3. Releases.

a. General Releases by Holders of Claims. Without limiting any other applicable provisions of, or releases contained in, the Plan or any contracts, instruments, releases, agreements or documents to be entered into or delivered in connection with the Plan, as of the Effective Date, in consideration for the obligations of the City under the Plan and the consideration and other contracts, instruments, releases, agreements or documents to be entered into or delivered in connection with the Plan (including the State Contribution Agreement), each holder of a Claim that voted in favor of the Plan, to the fullest extent permissible under law, is deemed to forever release, waive and discharge (which release will be in addition to the release and discharge of Claims otherwise provided herein and under the Confirmation Order and the Bankruptcy Code):

i. all Liabilities in any way relating to the City, the Chapter 9 Case (including the authorization given to file the Chapter 9 Case), the Plan, the Exhibits or the Disclosure Statement, in each case that such holder has, had or may have against the City or its current and former officials, officers, directors, employees, managers, attorneys, advisors and professionals, each acting in such capacity (and, in addition to and without limiting the foregoing, in the case of any Emergency Manager, in such Emergency Manager's capacity as an appointee under PA 436); provided further, for the avoidance of doubt, that any person or entity designated to manage the Chapter 9 Case for the City after the Emergency Manager's term is terminated, whether such person or entity acts as an employee, advisor or contractor to the City or acts as an employee, agent, contractor or appointee of the State under any applicable state law, shall be treated the same as an employee of the City hereunder; and

ii. all Liabilities in any way relating to (A) Claims that are compromised, settled or discharged under or in connection with the Plan, (B) the Chapter 9 Case (including the authorization given to file the Chapter 9 Case), (C) the Plan, (D) the Exhibits, (E) the Disclosure Statement or (F) the DIA Settlement, in each case that such holder has, had or may have against the City's Related Entities, the State, the State Related Entities and the Released Parties; provided, however, that any such Liability of the Foundations, the DIA Funders and the CFSEM Supporting Organization and their Related Entities are released only to the extent that such Liability, if any, arises from any such entity's participation in the DIA Settlement;

provided, however, that the foregoing provisions shall not affect the liability of the City, its Related Entities and the Released Parties that otherwise would result from any act or omission to the extent that act or omission subsequently is determined in a Final Order to have constituted gross negligence or willful misconduct; provided, further, that nothing in Section III.D.7.a of the Plan shall release (i) the City's obligations under the Plan or (ii) any defenses that any party may have against the City, its Related Entities, the State, the State Related Entities or the Released Parties. Notwithstanding anything in the Plan or the Confirmation Order to the contrary, claims against officers or employees of the City in their individual capacity under 42 U.S.C. § 1983 shall not be released.

b. Release by Holders of Pension Claims. Without limiting any other applicable provisions of, or releases contained in, the Plan or any contracts, instruments, releases,

agreements or documents entered into or delivered in connection with the Plan, as of the Effective Date, in consideration for the obligations of the City under the Plan and the consideration and other contracts, instruments, releases, agreements or documents to be entered into or delivered in connection with the Plan (including the State Contribution Agreement), if the State Contribution Agreement is consummated, each holder of a Pension Claim is deemed to forever release, waive and discharge all Liabilities arising from or related to the City, the Chapter 9 Case, including the authorization given to file the Chapter 9 Case, the Plan, all Exhibits, the Disclosure Statement, PA 436 and its predecessor or replacement statutes, and Article IX, Section 24 of the Michigan Constitution that such party has, had or may have against the State and any State Related Entities. For the avoidance of doubt, the Plan does not release, waive or discharge obligations of the City that are established in the Plan or that arise from and after the Effective Date with respect to (i) pensions as modified by the Plan or (ii) labor-related obligations. Such post-Effective Date obligations shall be enforceable against the City or its representatives by active or retired employees or their collective bargaining representatives to the extent permitted by applicable non-bankruptcy law or the Plan, or, with respect to pensions only, GRS or PFRS.

Notwithstanding Sections III.D.5-7 and IV.L of the Plan, except as set forth in the COP Swap Settlement, nothing in the Plan or the Confirmation Order shall or shall be deemed to provide a release by the COP Swap Counterparties of any Liabilities related to the COPs, the COP Service Corporations, the Transaction Documents (as defined in the COP Swap Settlement), the COP Swap Settlement or the COP Swap Settlement Approval Order. For the avoidance of doubt, notwithstanding Section III.D.6 of the Plan, a vote of DWSD Bond Claims or DWSD Revolving Bond Claims in favor of the Plan shall not, and shall not be deemed to, effect a release pursuant to Section III.D.7 of the Plan by a Holder of any such DWSD Bond Claims, a Holder of any such DWSD Revolving Bond Claims or the Bond Insurer insuring any such Claims of any Liabilities against the City or its Related Entities that do not arise in connection with the DWSD Bonds or the DWSD Revolving Bonds. For the further avoidance of doubt, notwithstanding anything in the Plan to the contrary, a vote of a Claim other than a DWSD Bond Claim or DWSD Revolving Bond Claim in favor of the Plan shall not, and shall not be deemed to, effect a release pursuant to Section III.D.7 of the Plan by a Holder of any such voted Claim or the Bond Insurer insuring such voted Claim of any Liabilities against the City or any other Entity arising in connection with the DWSD Bonds or DWSD Revolving Bonds.

4. Injunctions.

On the Effective Date, except as otherwise provided in the Plan or in the Confirmation Order:

a. All Entities that have been, are or may be holders of Claims against the City, Indirect 36th District Court Claims or Indirect Employee Indemnity Claims asserted against officers or employees of the City in their official capacity, along with their Related Entities, are permanently enjoined from taking any of the following actions against or affecting the City or its property, DIA Corp. or its property, the DIA Assets, the Released Parties or their respective property and the Related Entities of each of the foregoing, with respect to such claims (other than actions brought to enforce any rights or obligations under the Plan and appeals, if any, from the Confirmation Order): (i) commencing, conducting or continuing in any manner, directly or indirectly, any suit, action or other proceeding of any kind against or affecting the City or its property (including (A) all suits, actions and proceedings that are pending as of the Effective Date, which must be withdrawn or dismissed with prejudice, (B) Indirect 36th District Court Claims and (C) Indirect Employee Indemnity Claims asserted against officers or employees of the City in their official capacity); (ii) enforcing, levying, attaching, collecting or otherwise recovering by any manner or means, directly or indirectly, any judgment, award, decree or order against the City or its property; (iii) creating, perfecting or otherwise enforcing in any manner, directly or indirectly,

any encumbrance of any kind against the City or its property; (iv) asserting any setoff, right of subrogation or recoupment of any kind, directly or indirectly, against any obligation due the City or its property; (v) proceeding in any manner in any place whatsoever that does not conform to or comply with the provisions of the Plan or the settlements set forth therein to the extent such settlements have been approved by the Bankruptcy Court in connection with Confirmation of the Plan; and (vi) taking any actions to interfere with the implementation or consummation of the Plan. Notwithstanding anything in the Plan or the Confirmation Order to the contrary, claims against officers or employees of the City in their individual capacity under 42 U.S.C. § 1983 are not enjoined. In addition, all individuals affected by the ASF Recoupment are enjoined from commencing any proceeding against the GRS and its trustees, officers, employees or professionals arising from the GRS's compliance with the Plan or the Confirmation Order.

b. All Entities that have held, currently hold or may hold any Liabilities released pursuant to the Plan are permanently enjoined from taking any of the following actions against the State, the State Related Entities, the officers, board of trustees/directors, attorneys, advisors and professionals of the RDPFFA or the DRCEA, and the Released Parties or any of their respective property on account of such released Liabilities: (i) commencing, conducting or continuing in any manner, directly or indirectly, any suit, action or other proceeding of any kind; (ii) enforcing, levying, attaching, collecting or otherwise recovering by any manner or means, directly or indirectly, any judgment, award, decree or order; (iii) creating, perfecting or otherwise enforcing in any manner, directly or indirectly, any lien; (iv) asserting any setoff, right of subrogation or recoupment of any kind, directly or indirectly, against any obligation due the State, a State Related Entity, the officers, board of trustees/directors, attorneys, advisors and professionals of the RDPFFA or the DRCEA, or a Released Party; and (v) commencing or continuing any action, in any manner, in any place that does not comply with or is inconsistent with the provisions of the Plan. Notwithstanding the foregoing and without limiting the injunctions in sub-paragraph 4(a) above, the Holders of Indirect 36th District Court Claims shall not be enjoined from taking any of the foregoing actions against the State or the State Related Entities with respect to Indirect 36th District Court Claims to the extent such Claims are not satisfied pursuant to the Plan.

5. Treatment of Executory Contracts and Unexpired Leases.

a. Assumption. Except for Executory Contracts and Unexpired Leases rejected in the Plan or by other court order, or as requested in any motion Filed by the City on or prior to the Effective Date, as of the Effective Date, pursuant to section 365 of the Bankruptcy Code, the City has been deemed to assume all Executory Contracts and Unexpired Leases to which it is a party. Notwithstanding the foregoing, Retirement System Indemnity Obligations have not been assumed under the Plan and have been discharged. For the avoidance of doubt, the City has assumed the Tunnel Lease pursuant to Section II.D.1 of the Plan.

b. Assumption of Ancillary Agreements. Each Executory Contract and Unexpired Lease assumed pursuant to Section II.D.1 of the Plan includes any modifications, amendments, supplements, restatements or other agreements made directly or indirectly by any agreement, instrument or other document that in any manner affects such Executory Contract or Unexpired Lease, unless any such modification, amendment, supplement, restatement or other agreement is rejected pursuant to Section II.D.6 of the Plan or designated for rejection in accordance with Section II.D.3 of the Plan.

c. Approval of Assumptions and Assignments. The Confirmation Order constitutes an order of the Bankruptcy Court approving the assumption of Executory Contracts and Unexpired Leases pursuant to Sections II.D.1 and II.D.2 of the Plan (and any related assignment) as of the

Effective Date, except for Executory Contracts or Unexpired Leases that (a) have been rejected pursuant to a Final Order of the Bankruptcy Court, (b) are subject to a pending motion for reconsideration or appeal of an order authorizing the rejection of such Executory Contract or Unexpired Lease, (c) are subject to a motion to reject such Executory Contract or Unexpired Lease Filed on or prior to the Effective Date, (d) are rejected pursuant to Section II.D.6 of the Plan or (e) are designated for rejection in accordance with the last sentence of this paragraph. On November 21, 2014, in accordance with the Contract Procedures Order, the City filed with the Bankruptcy Court a non-exclusive list (Docket No. 8387) (the "Non-Exclusive Plan Assumption List") of Executory Contracts and Unexpired Leases to be assumed pursuant to the Plan. On December 5, 2014, the City filed a notice of amendment to the Non-Exclusive Plan Assumption List (Docket No. 8573). The City has provided separate notice to each party whose Executory Contract or Unexpired Lease is identified on the Non-Exclusive Plan Assumption List of: (a) the Executory Contract or Unexpired Lease being assumed; (b) the Cure Amount Claim, if any, that the City believes it would be obligated to pay in connection with such assumption; (c) any assignment of an Executory Contract or Unexpired Lease; and (d) the procedures for such party to object to the assumption of the applicable Executory Contract or Unexpired Lease, the amount of the proposed Cure Amount Claim or any assignment of an Executory Contract or Unexpired Lease are set forth in the Contract Procedures Order (Docket No. 6512). **For Executory Contracts or Unexpired Leases assumed under the Plan but not identified in the Non-Exclusive Plan Assumption List, the counterparty to such an agreement must file any written objection, setting forth the basis for opposing assumption or assignment of the applicable agreement or the proposed Cure Amount Claim, no later than 20 days after the Effective Date of the Plan, i.e., December 30, 2014.** If an objection to a proposed assumption, assumption and assignment or Cure Amount Claim is not resolved in favor of the City, the applicable Executory Contract or Unexpired Lease may be designated by the City for rejection, which shall be deemed effective as of the Effective Date.

d. Payments Related to the Assumption of Executory Contracts and Unexpired Leases. To the extent that such Claims constitute monetary defaults, the Cure Amount Claims associated with each Executory Contract or Unexpired Lease to be assumed pursuant to the Plan will be satisfied, pursuant to section 365(b)(1) of the Bankruptcy Code, at the option of the City: (a) by payment of the Cure Amount Claim in Cash on the Effective Date or (b) on such other terms as are agreed to by the parties to such Executory Contract or Unexpired Lease. If there is a dispute regarding: (a) the amount of any Cure Amount Claim, (b) the ability of the City or any assignee to provide "adequate assurance of future performance" (within the meaning of section 365 of the Bankruptcy Code) under the contract or lease to be assumed or (c) any other matter pertaining to the assumption of such contract or lease, the payment of any Cure Amount Claim required by section 365(b)(1) of the Bankruptcy Code will be made within 30 days following the entry of a Final Order resolving the dispute and approving the assumption.

e. Contracts and Leases Entered Into After the Petition Date. Contracts, leases and other agreements entered into after the Petition Date by the City, including (a) any Executory Contracts or Unexpired Leases assumed by the City and (b) the collective bargaining agreements identified on Exhibit II.D.5 to the Plan, will be performed by the City in the ordinary course of its business. Accordingly, such contracts and leases (including any assumed Executory Contracts or Unexpired Leases) will survive and remain unaffected by entry of the Confirmation Order.

f. Rejection of Executory Contracts and Unexpired Leases. Each Executory Contract and Unexpired Lease that is listed on Exhibit II.D.6 to the Plan was deemed rejected as of the Effective Date pursuant to section 365 of the Bankruptcy Code. The Confirmation Order constitutes an order of the Bankruptcy Court approving such rejections, pursuant to section 365 of the Bankruptcy Code, as of the later of: (a) the Effective Date or (b) the resolution of any objection to the proposed rejection of an Executory Contract or Unexpired Lease. Each contract or lease listed on Exhibit II.D.6 to the Plan is rejected only to the extent that any such contract or lease constitutes an

Executory Contract or Unexpired Lease. Listing a contract or lease on Exhibit II.D.6 to the Plan does not constitute an admission by the City that such contract or lease is an Executory Contract or Unexpired Lease or that the City has any liability thereunder. Any Claims arising from the rejection of an Executory Contract or Unexpired Lease pursuant to the Plan shall be treated as Class 14 Claims (Other Unsecured Claims), subject to the provisions of section 502 of the Bankruptcy Code.

g. Rejection Damages Bar Date. Except as otherwise provided in a **Final Order of the Bankruptcy Court approving the rejection of an Executory Contract or Unexpired Lease, Claims arising out of the rejection of an Executory Contract or Unexpired Lease must be Filed with the Bankruptcy Court and served upon counsel to the City on or before the later of: (a) 45 days after the Effective Date, i.e., January 26, 2015; or (b) 45 days after such Executory Contract or Unexpired Lease is rejected pursuant to a Final Order or designated for rejection in accordance with Section II.D.3 of the Plan. Any Claims not Filed within such applicable time periods will be forever barred from receiving a Distribution from, and shall not be enforceable against, the City. Proof of claim forms and instructions for filing claims can be found at the City's restructuring website, <https://www.kccllc.net/detroit>.**

h. Preexisting Obligations to the City Under Rejected Executory Contracts and Unexpired Leases. Pursuant to section 365(g) of the Bankruptcy Code, rejection of any Executory Contract or Unexpired Lease pursuant to the Plan or otherwise shall constitute a breach of such contract or lease and not a termination thereof, and all obligations owing to the City under such contract or lease as of the date of such breach shall remain owing to the City upon rejection. Notwithstanding any applicable non-bankruptcy law to the contrary, the City expressly reserves and does not waive any right to receive, or any continuing obligation of a non-City party to provide, warranties, indemnifications or continued maintenance obligations on goods previously purchased, or services previously received, by the City from non-City parties to rejected Executory Contracts or Unexpired Leases, and any such rights shall remain vested in the City as of the Effective Date.

i. Insurance Policies. From and after the Effective Date, each of the City's insurance policies (other than welfare benefits insurance policies) in existence as of or prior to the Effective Date are reinstated and continue in full force and effect in accordance with their terms and, to the extent applicable, are deemed assumed by the City pursuant to section 365 of the Bankruptcy Code and Section II.D.1 of the Plan. Nothing contained in the Plan shall constitute or be deemed a waiver of any Causes of Action that the City may hold against any Entity, including any insurer under any of the City's insurance policies. For the avoidance of doubt, nothing contained in Section II.D.9 of the Plan shall apply to reinstate or continue any obligation of the City or any fund thereof to any Bond Insurer.

6. Payment of Administrative Claims.

a. Administrative Claims in General. Except as specified in Section II.A.1 of the Plan, and subject to the bar date provisions therein, unless otherwise agreed by the Holder of an Administrative Claim and the City, or ordered by the Bankruptcy Court, each Holder of an Allowed Administrative Claim will receive, in full satisfaction of such Allowed Administrative Claim, Cash in an amount equal to such Allowed Administrative Claim either: (1) on the Effective Date or as soon as reasonably practicable thereafter; or (2) if the Administrative Claim is not Allowed as of the Effective Date, 30 days after the date on which such Administrative Claim becomes an Allowed Claim. No Claim of any official or unofficial creditors' committee or any member thereof for professionals' fees or other costs and expenses incurred by such creditors' committee or by a member of such creditors' committee shall constitute an Allowed Administrative Claim, except that the Retiree Committee's members and the Retiree Committee Professionals shall be entitled to payment in accordance with the Fee Review Order and any additional fee process established by the Court.

7. **Bar Dates for Administrative Claims.**

a. **General Bar Date Provisions.** Except as otherwise provided in subparagraphs 7(b) or 7(c) below or in a Bar Date Order or other order of the Bankruptcy Court, unless previously Filed, requests for payment of Administrative Claims must be Filed and served on the City no later than 45 days after the Effective Date, i.e., January 26, 2015. Holders of Administrative Claims that are required to File and serve a request for payment of such Administrative Claims and that do not File and serve such a request by the applicable Bar Date will be forever barred from asserting such Administrative Claims against the City or its property, and such Administrative Claims will be deemed discharged as of the Effective Date. Objections to such requests must be Filed and served on the City and the requesting party by the later of (i) 150 days after the Effective Date, i.e., May 11, 2015, (ii) 60 days after the Filing of the applicable request for payment of Administrative Claims or (iii) such other period of limitation as may be specifically fixed by a Final Order for objecting to such Administrative Claims.

b. **Ordinary Course Claims.** Holders of Claims based on Liabilities incurred by the City after the Petition Date in the ordinary course of its operations are not required to File or serve any request for payment or application for allowance of such Claims. Such Claims will be paid by the City, pursuant to the terms and conditions of the particular transaction giving rise to such Claims, without further action by the Holders of such Claims or further action or approval of the Bankruptcy Court.

c. **Claims Under the Postpetition Financing Agreement.** Holders of Administrative Claims that are Postpetition Financing Claims are not required to File or serve any request for payment or application for allowance of such Claims. Such Administrative Claims will be satisfied as set forth in subparagraph 7(b) above.

d. **No Modification of Bar Date Order.** The Plan does not modify any other Bar Date Order, including Bar Dates for Claims entitled to administrative priority under section 503(b)(9) of the Bankruptcy Code.

8. **ASF Recoupment Cash Option.**

a. **ASF Recoupment Cash Option Election.** No later than seven days following the Effective Date, i.e., December 17, 2014, the City, through its Claims and Balloting Agent, will send the ASF Election Notice and the ASF Election Form by first-class U.S. mail to each ASF Distribution Recipient. The ASF Election Notice will notify ASF Distribution Recipients that each ASF Distribution Recipient may elect to pay the total amount of his or her ASF Recoupment in a single lump sum by timely returning a properly-completed ASF Election Form. The ASF Election Form will explain that the amount of the ASF Recoupment Cash Payment shall be equal to the total amount of ASF Recoupment shown on the ASF Distribution Recipient's Ballot, unless the aggregate amount of ASF Recoupment for all ASF Distribution Recipients electing the ASF Recoupment Cash Option exceeds \$30,000,000, in which case (i) the ASF Recoupment Cash Payment will be the ASF Distribution Recipient's Pro Rata portion of \$30,000,000, and (ii) the remaining portion of the ASF Distribution Recipient's ASF Recoupment will be annuitized and deducted from the ASF Distribution Recipient's monthly pension check, as provided for in Section II.B.3.r.ii.D.2.i of the Plan. ***An ASF Distribution Recipient must return his or her ASF Election Form to the Claims and Balloting Agent so that it is actually received by the Claims and Balloting Agent by the ASF Election Date, i.e., 35 days after the date on which the ASF Election Form is mailed.***

b. **ASF Recoupment Cash Payment.** GRS will mail the ASF Final Cash Payment Notice no later than 14 days after the ASF Election Date. The ASF Final Cash Payment Notice

is a notice that will be sent to each ASF Distribution Recipient who timely elects the ASF Recoupment Cash Option, and will indicate the amount of such ASF Distribution Recipient's ASF Recoupment Cash Payment. *ASF Distribution Recipients shall have until the ASF Final Cash Payment Date – i.e., the later of (i) 90 days after the Effective Date, i.e., March 10, 2015 or (ii) 50 days after the date of mailing of an ASF Final Cash Payment Notice – to make the ASF Recoupment Cash Payment, which payment must be made by cashier's check or wire transfer and may not be made by personal check. If an ASF Distribution Recipient's ASF Recoupment Cash Payment is not received by the ASF Final Cash Payment Date, GRS will notify the ASF Distribution Recipient of the failure to timely pay, and ASF Recoupment will be effected through diminution of such recipient's monthly pension check, as provided for in Section II.B.3.r.ii.D.2.i of the Plan.* The calculation of each electing ASF Distribution Recipient's ASF Recoupment Cash Payment shall not be adjusted under any circumstances, including as a result of default by any other electing ASF Distribution Recipient to remit his or her ASF Recoupment Cash Payment by the ASF Final Cash Payment Date.

9. Copies of the Plan and Confirmation Order. Copies of the Plan, Confirmation Order and all other documents Filed in the Chapter 9 Case may be obtained, free of charge, from the City's restructuring website at <https://www.kccllc.net/detroit> or from Kurtzman Carson Consultants LLC by calling (877) 298-6236 (toll-free).

I. INTRODUCTION¹

In chapter 9 of the bankruptcy code, the federal government offers help to the states in solving a problem that, under our constitutional structure, the states cannot solve by themselves. That problem is the adjustment of the debts of an insolvent municipality. In this case, this Court grants that help to the State of Michigan (the “State”) and the City of Detroit (the “City”).

On December 5, 2013, the Court entered an order for relief finding that the City was eligible to file a chapter 9 bankruptcy case under § 109(c).² (Dkt. #1946) Both before and after that, nearly every creditor group filed litigation against the City seeking the full protection of its claims.

The City filed its first plan and disclosure statement on February 21, 2014. At that time, the City had no approved settlements with any of its creditors. After that, every creditor group filed objections to the City’s plan.

Since then, however, through court-ordered mediation, the City has achieved settlements with every creditor group that was represented by counsel, with one exception—creditors with claims that the City or its officers had violated their constitutional rights. Successive settlements resulted in successive plans. The settlements also resulted in the settling creditors’ support of the plan and their withdrawal of their litigation against the City and their objections to the plan.

The City now seeks confirmation of its eighth amended plan of adjustment, filed on October 22, 2014. (Dkt. #8045)

¹ This opinion supplements the opinion that the Court announced on the record on November 7, 2014. *See* Trial Tr., Nov. 7, 2014. (Dkt. #8257)

² Unless otherwise specified, all references to code sections in this opinion are to the bankruptcy code, title 11 of the United States Code.

In the context of seeking confirmation of its plan, the City also seeks approval of its several settlements with creditors under bankruptcy rule 9019:

- The Grand Bargain settlement, which includes the State Contribution Agreement, the DIA settlement and the global pension settlement;
- The OPEB settlement;
- The 36th District Court settlement;
- The UTGO settlement;
- The LTGO settlement;
- The COPs settlement, including the Syncora settlement and the FGIC settlement.

As more fully described in parts III and IV below, the Court has reviewed each settlement included in the plan and determines that each is fair and equitable, and within the range of reasonableness. Accordingly, the Court approves those settlements.

Based upon its findings in part VIII below, the Court concludes that the City's eighth amended plan of adjustment meets the legal requirements for confirmation. Most significantly, the Court finds that:

- The plan was proposed in good faith.
- The plan is feasible.
- The plan is in the best interests of creditors.
- The Court will determine the reasonableness and disclosure of the professional fees for which the City is responsible in connection with this case.
- The City's proposed exit financing meets the requirements of the bankruptcy code.
- The plan was accepted by all creditor classes but two—the classes of other unsecured claims and convenience claims.
- As to the two dissenting creditor classes, the plan is fair and equitable.
- As to the two dissenting creditor classes, the plan does not unfairly discriminate against them.

Accordingly, the Court confirms the plan.

It does so, however, with conditions. First, for the reasons stated in part X.J.2. below, creditors' claims against City employees in their individual capacity are neither discharged nor released. Second, for the reasons stated in part X.J.3. below, creditors' claims against the City that are based in the Takings Clause of the Fifth Amendment of the United States Constitution are excepted from the discharge.

The Court's confirmation of the City's plan also comes with recommendations in parts X.D.8.c. and X.D.11. below to take specific actions to assure that what happened in Detroit never happens again.

II. THE PLAN CONFIRMATION PROCESS

A. The City's Plans of Adjustment

The City filed ten plans of adjustment. Most of the amended plans were the result of successive creditor settlements and agreements.

The City filed its first plan and disclosure statement on February 21, 2014 (Dkt. ##2708 and 2709), ahead of the March 1, 2014, deadline that this Court first set.

On March 31, 2014, the City filed an amended plan and disclosure statement. (Dkt. ##3380 and 3382) This plan incorporated the Court-approved swap settlement agreement and the initial stages of the Grand Bargain, discussed in parts IV.A. and III.D., respectively.

On April 16, 2014, the City filed its second amended plan and disclosure statement. (Dkt. ##4140 and 4141) It clarified and expanded on aspects of the Grand Bargain and added the settlements relating to the restoration of benefits, the ASF recoupment and the income stabilization program, discussed in parts III.G.1.b., III.H and III.E.2, respectively. It also clarified and expanded on aspects of the OPEB settlement, discussed in part III.I. below,

incorporated the UTGO settlement, discussed in part III.K. below, and introduced the concept of post-effective date oversight for the City.

On April 25, 2014, the City filed its third amended plan and disclosure statement. (Dkt. ##4271 and 4272) This plan incorporated the parties' agreements that clarified and expanded upon the provisions for restoration of PFRS pension benefits and other aspects of the Grand Bargain and the OPEB settlement. It also clarified the treatment of claims relating to the operation of City vehicles, tax refund claims, utility deposits and pass-through claims.

On May 5, 2014, the City filed its fourth amended plan and disclosure statement. (Dkt. ##4391 and 4392) The Court approved that disclosure statement. (Dkt. #4401) The City served solicitation packages, including this plan and disclosure statement, and plan ballots. (Dkt. ##4421 and 6179) It also published notice of the plan and the disclosure statement in the Detroit News, the Detroit Free Press, USA Today and the Wall Street Journal. (Dkt. ##6209, 6211 and 6253) This amended plan incorporated the final aspects of the Grand Bargain, including final agreements relating to restoration of pension benefits and pension plan governance, as well as the OPEB settlement.³

³ To fill out this chronology, it is important to note that on June 3, 2014, the Michigan Legislature enacted, and on June 19 and 20, 2014, the governor signed into law, the package of bills necessary to implement the Grand Bargain and for other purposes related to the City's plan of adjustment. These bills became effective on June 20, 2014. They include:

PA 181 (2014), "Michigan Financial Review Commission Act"

PA 182 (2014), "An Act to amend 1909 PA 279"

PA 183 (2014), "An Act to amend 1909 PA 279"

PA 184 (2014), "An Act to amend 2011 PA 152"

PA 185 (2014), "An Act to amend 1965 PA 314"

PA 186 (2014), "An Act to amend 2000 PA 489"

PA 187 (2014), "Michigan Settlement Administration Authority Act"

PA 188 (2014), "An Act to amend 1984 PA 431"

PA 189 (2014), "An Act to amend 1969 PA 312"

Continued...

On July 25, 2014, the City filed a fifth amended plan. (Dkt. #6257) This plan incorporated the LTGO settlement, discussed in part III.L. below, and the 36th District Court settlement, discussed in part III.J. below. It also added the cash payment option for the ASF recoupment settlement, and specified the composition of the two Voluntary Employee Benefit Association (“VEBA”) boards created as part of the OPEB settlement. Clarifications and changes were also made to the Grand Bargain and the UTGO settlement.

On July 29, 2014, the City filed a corrected fifth amended plan. (Dkt. #6379) This plan removed the provisions for post-confirmation reporting to the bankruptcy court that were apparently included in the fifth amended plan by mistake.

On August 20, 2014, the City filed its sixth amended plan. (Dkt. #6908) This plan incorporated the DWSD bondholders settlement, discussed in part IV.B below.

On September 16, 2014, the City filed its seventh amended plan. (Dkt. #7502) This plan incorporated the Syncora global settlement and set forth the treatment of COPs claims in class 9, discussed in part III.M. below. It also incorporated agreements with the retiree committee and the LTGO parties regarding the residual interests in the COP claims reserve. It also reflected the closing and completion of the DWSD bond tender offer and further specified how the two VEBA boards would be comprised. It also provided for the prepayment to creditors in classes 7, 12 and 14 of the October 2015 interest payment on the Excess New B Notes.

On October 22, 2014, the City filed its eighth and last amended plan. (Dkt. #8045) This final plan reflects the City’s settlement with FGIC, its last objecting financial creditor, discussed

PA 190 (2014), “An Act to amend 1978 PA 566”

A summary of this package of bills prepared by the Michigan House Fiscal Agency is available at: www.legislature.mi.gov/documents/2013-2014/billanalysis/House/pdf/2013-HLA-5566-7780ED85.pdf.

in part III.M. below. It also reflects the settlement with the UAW and AFSCME regarding the treatment of retirees of the Detroit Public Library and the Detroit Regional Convention Facility Authority.

For the reasons discussed in part X.G.2. below, the Court concluded that the plans that the City filed after the fourth amended plan did not require new balloting and therefore did not require a new disclosure statement.

B. An Overview of the City's Eighth Amended Plan of Adjustment

The plan that the City ultimately requested this Court to confirm contemplates a complete restructuring of the City's debt. The City has settled with every major creditor group. Because of the plan, the City has eliminated approximately \$7 billion in liabilities. Trial Tr. 70:4-7, Sept. 30, 2014. (Dkt. #7821) Upon exiting bankruptcy, the City will issue "New B Notes" in the aggregate face amount of \$632 million and "New C Notes" in the aggregate face amount of \$88 million. These new notes will be used to restructure the City's obligations for post-retirement health benefits, debt service on several types of bonds and other unsecured liabilities. Ex. 791. The City has also restructured its unlimited tax general obligation bonds at a significant savings and will use exit financing to retire many of its limited tax general obligation bonds. Ex. 791. In addition, the settlements with FGIC, the City's largest creditor, and Syncora include real estate development agreements that give these creditors vested stakes in the City's recovery.

The plan also contemplates post-bankruptcy financial oversight of the City to ensure that the fiscal exigencies that resulted in the City's chapter 9 bankruptcy never happen again. The state legislation that implemented the Grand Bargain created a financial review commission to review the City's finances and budgets to ensure that the City adheres to the plan and continues

to implement needed financial and operational reforms. Mich. Comp. Laws § 141.1631 *et seq.* The GRS and PFRS are also required to create investment committees whose role will be to make recommendations to, and approve certain actions by, the respective system's board of trustees. Mich. Comp. Laws § 38.1133g; Eighth Am. Plan of Adjustment (hereafter cited as "Plan"), Ex. I.A.332 at 2. (Dkt. #8045)

Finally, because of the financial reforms contained in the plan, the City is able to invest approximately \$1.7 billion in several reinvestment and restructuring initiatives ("RRIs") over ten years to help improve the City government's infrastructure and its provision of services. Ex. 579. These RRIs are designed to "substantially improve and provide adequate levels of services, as well as enhance revenue and reduce costs." Trial Tr. 42:11-12, Sept. 5, 2014. (Dkt. #7434) The City believes these RRIs will also result in approximately \$841 million in revenue savings and that they are critical to the City's recovery after bankruptcy. Ex. 592; *see also* Fourth Am. Disclosure Statement (hereafter cited as "Disc. Stmt.") at 160. (Dkt. #4391) The RRIs will, among other things:

- (a) Provide basic, essential services to City residents; (b) attract new residents and businesses to foster growth and redevelopment;
- (c) reduce crime; (d) demolish blighted and dangerous properties;
- (e) provide functional streetlights that are aligned with the current population footprint; (f) improve information technology systems, thereby increasing efficiency and decreasing costs; and (g) otherwise set the City on a path toward a better future.

Disc. Stmt. at 10. (Dkt. #4391)

C. Objections Filed by Represented Parties

The following represented parties objected to the plan and subsequently withdrew their objections due to settlements with the City:

- Oakland County (Dkt. ##4627 and 6648);

- The United States (Dkt. #4629);
- Macomb County (Dkt. ##4636, 6666 and 7039);
- U.S. Bank National Association (Dkt. ##4647 and 6679);
- BlackRock Financial Management, Inc., Eaton Vance Management, Fidelity Management & Research Company, Franklin Advisers, Inc. and Nuveen Asset Management (the “DWSD Bondholders”) (Dkt. ##4650, 4671 and 6681);
- Hypothekenbank Frankfurt AG, Hypothekenbank Frankfurt International S.A., Erste Europäische Pfandbrief- und Kommunalkreditbank Aktiengesellschaft in Luxemburg S.A., Deutsche Bank AG, London; Dexia Crédit Local, Dexia Holdings, Inc., and FMS Wertmanagement AöR (Dkt. ##4653 and 5979);
- Wilmington Trust, N.A. (Dkt. ##4656, 6678, 7050 and 7603);
- Berkshire Hathaway Assurance Corporation (Dkt. ##4657 and 6680);
- Financial Guaranty Insurance Company (“FGIC”) (Dkt. ##4660, 6674 and 7611);
- Wayne County (Dkt. #4663);
- National Public Finance Guarantee Corporation (“NPFG”) (Dkt. ##4665 and 6687);
- Merrill Lynch Capital Services, Inc. and UBS AG (“the Swap Counterparties”) (Dkt. #4668);
- Assured Guaranty Municipal Corp. (Dkt. ##4674 and 6677);
- Ambac Assurance Corp. (Dkt. #4677);
- Syncora Capital Assurance Inc. and Syncora Guarantee Inc. (“Syncora”) (Dkt. ##4679, 6651, 7041 and 7213);
- BlackRock Financial Management, Inc. (Dkt. #4681);
- The Detroit Police Officers Association (Dkt. ##4901 and 4938);
- The Detroit Fire Fighters Association (Dkt. #4918);
- The UAW (Dkt. #6464);
- AFSCME Council 25 (Dkt. ##6466, 6468 and 7063);
- BlueMountain Capital Management, LLC (Dkt. #6506);
- The Detroit Retirement Systems (Dkt. ##6659, 6676, 6762 and 7052);

- FGIC, Dexia Crédit Local and Dexia Holdings, Inc., Panning Capital Management, LP, Monarch Alternative Capital LP, Bronze Gable, L.L.C., Aurelius Capital Management, LP, Stone Lion Capital Partners L.P., BlueMountain Capital Management, LLC, and Deutsche Bank AG, London (“the COPs Holders”) (Dkt. ##7046 and 7615); and
- The Macomb Interceptor Drain Drainage District (Dkt. #7612).

The objecting parties who were represented by attorneys and who have maintained their objections include:

- Ben McKenzie, Jr. (Dkt. #3230);
- T&T Management, Inc., HRT Enterprises, and the John W. and Vivian M. Denis Trust (Dkt. #3412);
- Hyde Park Cooperative (Dkt. #3497);
- The Housing Is a Human Rights Coalition (Dkt. #3511);
- Deborah Ryan, Walter Swift, Cristobal Mendoza and Annica Cuppetelli (Dkt. ##4099, 4608 and 5690);
- Dwayne Provience, Richard Mack, and Gerald and Alecia Wilcox (Dkt. ##4224, 4226, 4228, 6764 and 6900);
- David Sole (Dkt. #4318);
- John Cato (Dkt. #4376);
- Carlton Carter, Bobby Jones, Roderick Holley and Richard T. Weatherly (Dkt. #4625);
- Robert Cole (Dkt. ##4930 and 4950);
- the Ochadleus parties⁴ (Dkt. ##5788, 5964, 6642, 6671, 6995 and 7523);

⁴ These parties are William Ochadleus, Shelton Hayes, Shirley Berger, Raymond Yee, Frederick T. McClure Jr., John Clark, Jim Benci, Janice Butler, Morris Wells, Melvin F. Williams Sr., Kimberly Ann Sanders, Sarah E. Giddens, Deborah Ward, Jackie Fulbright, Catherine Tuttle, Rita Serra, Martin Treadwell, Ed Gaines, Barbara Triplett-Decrease, John J. O’Neill, Roy McCalister, Polly McCalister, Gail Wilson Turner, Loletha Porter Coleman, Afford Coleman, Jessie Banks, Lester Coleman, Deborah Lark, Moses Lark, Sharon Cowling, Michael

Continued...

- the Section 1983 Plaintiffs⁵ (Dkt. #6911); and
- Johnathan Brown (Dkt. #8170).

D. The Participation by Unrepresented Parties

Unrepresented creditors filed 1159 objections to confirmation of the City's plan. Of these, 836 were timely filed. The Court permitted some of these parties to participate in the confirmation process through oral argument before the confirmation hearing commenced, and by presenting evidence and questioning witnesses during the confirmation hearing.

Cowling, Robert Jackson, Rashelle Pettway, Michael A. Adams, John Hawkins, Laura Isom, Duane McKissic, Herbert Moreland, Cynthia Diane Moreland, Henry Ellis, Keith Jackson Sr., Deborah Robinson, James Alexander Jr., Debra J. Fair, Brenda Goss Andrews, Jamie Fields, Ricardo C. Jenkins, Jacqueline Jackson, Tommie Carodine, Lawrence V. Porter, Robbin Rivers, James R. Younger, Roscoe Mayfield, Charles Barbieri, Craig Schwartz, Glenda Cole-Dixon, Walter Long Jr., George Graves, Terrance Anderson, David Anderson, Nancy Fowler, George Chester, Anthony Klukowski Jr., Todd Klukowski, Roger Klukowski, Lois Klukowski-Hogen, Patricia E. McCabe, Daniel P. Root, Jeannetta Washington, Mike Foley, James Jones, Joe Smith, Reggie Barnes, Calvin Adkins, Jack Aliotta, Patti Graves, Andy Smith, Steve Leggatt, Paula Day, Deborah McCreary, Greg Jones, Andrew White, Christine Marie Jepsen, John Jepsen, Alicia Terry, Joyce Daniel, Bryan Glover, Tobi Ascione Young, Greg Huizar, Lori Gallman, Beverly Hoffman-Nichols, Barbara Stafford, Micelle Pierson, Shelley I. Foy, Parrie Lee Highgate, Renee Ellis-Sumpter, David Pomeroy, Jim Lemaux, Eric Heckman, Shelley Holderbaum, Keith Oleniacz, Edgardo Aponte, Jon Gardner, Judith Norwood, Kenneth Emerson, Patricia Lofton, Karen Leskie, Roosevelt Lawrence Jr., Sonja Hollis, William Anderson, Derek Hicks, Marsha Thompson-Kidd, Yvonne Williams Jones, Lula Millender, William Davis, Evelyn Owen Smith, Cecily McClellan, Belinda A. Myers-Florence, Jesse J. Florence, Sr., Paulette Brown, Linda White, Jo Fuller, David Malhalab, Gerald Williams, Douglas Kuykendall, Nancy Kuykendall, Roger Saledo, Darius Clay, Nyra Turner Blackmon, and Rheuben Blackmon.

⁵ These parties are Jerry Ashley, Shumithia Baker, David Booth, Branden Brooks, Angel Brown, Teran Brown, Wendy Jefferson, Floyd Brunson, Laverne Covington, Ezekiel Davis, Jeremiah Duren, Otis Evans, Darnell Fields, Keitha Gomez, Cheval Gomez, Jermaine Green, Terry Hardison IV, Anthony Harmon, Donald Harris, Rodney Heard, Tommie Hickey, Kevin Ivie, James Jackson, Leinathan Jelks, Quentin King, Daniel Lattanzio, April Lee, Mario Littlejohn, Ray Lizzamore, Orlando Marion, James Matson, Dave Mazur, Kevin McDonald, Kevin McGillivary, Robert McCowen, Michael McKay, Melvin Miller, Eddie Moore, Curtis Morris, Gary Musser, Winter Owens, Porter Hondra, Woodrow Roberson, Bradley Schick, Ali Sobh, Daniel Soto, Samiya Speed, Douglas Taylor, Jeffrey Theriot, Raymond Thompson, Jr., Bernard White, Christina Wilmore, and Joseph Wright.

1. The Unrepresented Parties' Oral Presentations

After reviewing all of the filed objections, the Court invited 79 individuals, constituting a cross-section of the objecting parties and their objections, to state and argue their objections at a hearing on July 15, 2014.

At the hearing, 46 of these 79 objectors appeared before the Court. They are: Dempsey Addison, Hassan Aleem, Audry Bellamy, Harold Franklin Bryant, Thomas Cattron, Gisele Caver, Ronald Clegg, Jo Ann Cooper, Rita Dickerson, Jamie Fields, Fabris Fiorenzo, Jesse Florence, Sr., Gerald Galazka, Deborah Graham, Andrea Hackett, Kristen A. Hamel, Patricia Beamon, Cynthia Haskin, Beverly Holman, Irma Industrious, Felicia Jones, Gerald Kent, Richard C. Lewandowski, David L. Malhalab, Cecily McClellan, Mashuk Meah, Amru Meah, Constance Phillips, H. Jean Powell, Roger D. Rice, Renla C. Session, Mark L. Smith, Michael Smith, Elaine Thayer, Marie Lynette Thornton, Jean Vortkamp, Mary Jo Vortkamp, Shirley J. Walker, William Curtis Walton, Beverly A. Welch, Paul C. Wells, Carl Williams, Yvonne Williams-Jones, Laura Wilson, Steven Wojtowicz, and Lucinda Darrah. *See generally* Trial Tr. July 15, 2014. (Dkt. #6141)

The objectors were each given five minutes to address the Court. These parties were uniformly articulate, thoughtful, sincere, well prepared and appreciative. Most focused on the City's proposal to reduce pension benefits and the ASF recoupment settlement, and the impact that these proposals would have on them. They told stories of the real hardship that the plan will cause them and their families. Some still object to the filing of the bankruptcy and blame the City's problems on State leadership.

2. The Unrepresented Parties' Participation in the Confirmation Hearing

The Court also invited unrepresented parties to file motions requesting to participate in the confirmation hearing. The Court required each motion to state: (a) the names of the witnesses sought to be questioned or presented; (b) the subject matter of the proposed testimony; (c) the expected duration of the testimony; (d) an explanation of why the proposed evidence would not be duplicative of other evidence; and (e) a list of the exhibits to be offered into evidence during the proposed testimony. (Dkt. #6584)

Parties filed 36 such motions. Upon its review of each motion, the Court allowed seven parties to testify: Fredia M. Butler, Elaine E. Thayer, Estella L. Ball, Walter Gary Knall, JoAnn Watson, Wanda Jan Hill, and Steven Wojtowicz.

The Court permitted Michael J. Karwoski and John P. Quinn, attorneys and retirees from the City's law department, to participate fully in the confirmation hearing within a certain time limit.

The Court also permitted Jamie Fields to cross-examine Charles Moore; Estella L. Ball to examine Kevyn Orr; Thomas Catron to submit documents; Wanda Jan Hill to examine Kevyn Orr and Heather Lennox; and Yvonne Williams Jones and Cecily McClellan, jointly, to examine David T. Kausch. The Court also granted the motions to participate filed by Irma Industrious, Frenchie Williamson and Gloria C. Williams, but they did not appear at the hearing.

E. The City Tour

On June 6, 2014, the City filed a motion for a site visit by the Court. (Dkt. #5250) The motion argued:

In order to be able to put into context the evidence that it will hear, the Court needs to experience what the witnesses will describe. Witnesses will testify about the planned reinvestment in the City of \$1.4 billion over the next ten years, in areas ranging from blight remediation and public safety to transportation, recreation and public works – but in the courtroom, these are mere abstractions. To give meaning to the testimony, the Court must see what this reinvestment means for the people of Detroit.

For example, the Court will hear ample testimony about the problem of blight in the City. But no amount of testimony or even photographs can fully express the devastating impact that blight has had on Detroit's neighborhoods, or convey to the Court what it is like for Detroit residents to have to walk down half-empty streets of burnt-out buildings and abandoned dumping-ground lots. Without that context, the City's plan to spend \$440 million on blight remediation has little meaning.

Id. at 3-4.

Over the objections of several creditors, the Court granted the motion and participated in a tour of the City just before the commencement of the evidentiary hearing on confirmation. (Dkt. #5629) In addition to counsel for the City, the Court also permitted participation by two representative attorneys for objecting creditors. The tour was video recorded and a stenographic record was made of the verbal descriptions that the City's attorney provided during the tour. Notice of Filing R. of Site Visit, Ex. A and B. (Dkt. #8673) The tour covered 59 miles in the City through many neighborhoods, both well maintained and blighted. It included the police department's combined 5th/9th precinct and ended at the Detroit Institute of Arts (the "DIA").

The primary impression that remains with the Court following the tour is that blight in Detroit is extensive. The statistics do not fully convey its extent or impact. In neighborhood after neighborhood, short and long stretches of streets have abandoned structures—they can no longer be called homes—that are intimidating hulks. Some are partially or mostly burned out. Some have gaping holes in their roofs or collapsed garages. Many have missing doors and windows, and broken front steps and porches. Some are strewn with illegal dumping. All are

vivid statements of their former owners' emotional and financial struggles, and of community loss.

These streets also have vacant lots, or collections of vacant lots, on which unmanaged and unsightly vegetation has taken over from the structures after their removal. On the commercial streets, block after block of abandoned, boarded up and graffiti-littered strip shopping centers far outnumbered the occasional small businesses that have survived.

It is heartbreaking, maddening and sad. No one should have to endure, day in and day out, the damage to the human spirit that can result from living in those surroundings. City residents who live, work and play in these neighborhoods deserve better. Detroit deserves better.

The precinct building is past its useful life by years, or perhaps decades, and shows obvious signs of long-term inadequate maintenance. The interior is dilapidated and its layout is ill suited to the needs of a modern, efficient and effective police precinct. The brick façade over the front door was loose and in danger of falling, so that a scaffold is necessary to protect against injury. No expert is required to find that the building should be torn down and replaced.⁶

The Court also witnessed, however, many signs of hope and determination among the residents of these neighborhoods—new residential construction, gardens, parks and outdoor art where the City has removed blight. There were also historic neighborhoods that are beautiful and remarkable in their preservation.

And then there is the DIA. For present purposes, it is enough to observe that the tour demonstrated for the Court that the DIA is a critical and immeasurable sign of great hope and

⁶ The City's plan to address its blight and to modernize its police, fire and EMS services is addressed in the Court's discussion of the feasibility of the plan of adjustment in part X.D.9. below.

determination in the City. In part X.C.3. below, the Court addresses why preserving the DIA is essential to the City's future.

It was an enlightening and valuable tour.

III. THE SETTLEMENTS IN THE PLAN

A. Mediation

As the Court was hearing evidence and considering the parties' objections, another process that was fundamental to the City's plan and its revitalization was unfolding. On August 13, 2013, the Court appointed Chief United States District Judge Gerald Rosen to be the mediator in the case. (Dkt. #322) Chief Judge Rosen then appointed a team of mediators—District Judge Victoria Roberts, District Judge Sean Cox, District Judge Wiley Daniel, Bankruptcy Judge Elizabeth Perris, and attorney Eugene Driker—to assist in the mediations. Over the next fourteen months, Chief Judge Rosen and his team worked tirelessly and diligently in the spirit of public service to supervise settlement negotiations between the City and each of the various creditor groups.

Those efforts were fully successful. The City and its settling creditors have already placed on the record their sincere expressions of gratitude and appreciation for the skill, patience, commitment, dedication and creativity that the mediators demonstrated throughout the process. This Court now adds its thanks and appreciation to the mediators for this monumental and historic achievement.

B. The Applicable Law

In connection with its request that the Court confirm its plan, the City has requested approval of those settlements. Under bankruptcy rule 9019(a), "the court may approve a

compromise or settlement.” Fed. R. Bankr. P. 9019(a). Section 1123(b)(3)(A) states that a plan may provide for “the settlement or adjustment of any claim or interest belonging to the debtor or to the estate.”

In *Protective Committee for Independent Stockholders of TMT Trailer Ferry, Inc. v. Anderson*, 390 U.S. 414 (1968), the Supreme Court addressed the importance of bankruptcy settlements and the bankruptcy court’s responsibilities in reviewing them:

Compromises are ‘a normal part of the process of reorganization.’ *Case v. Los Angeles Lumber Prods. Co.*, 308 U.S. 106, 130, 60 S. Ct. 1, 14, 84 L. Ed. 110 (1939). In administering reorganization proceedings in an economical and practical manner it will often be wise to arrange the settlement of claims as to which there are substantial and reasonable doubts. At the same time, however, it is essential that every important determination in reorganization proceedings receive the ‘informed, independent judgment’ of the bankruptcy court. *National Surety Co. v. Coriell*, 289 U.S. 426, 436, 53 S. Ct. 678, 682, 77 L. Ed. 1300 (1933). The requirements of §§ 174 and 221(2) of Chapter X, 52 Stat. 891, 897, 11 U.S.C. §§ 574, 621(2), that plans of reorganization be both ‘fair and equitable,’ apply to compromises just as to other aspects of reorganizations. *Ashbach v. Kirtley*, 289 F.2d 159 (C.A. 8th Cir. 1961); *Conway v. Silesian-American Corp.*, 186 F.2d 201 (C.A. 2d Cir. 1950). The fact that courts do not ordinarily scrutinize the merits of compromises involved in suits between individual litigants cannot affect the duty of a bankruptcy court to determine that a proposed compromise forming part of a reorganization plan is fair and equitable. *In re Chicago Rapid Transit Co.*, 196 F.2d 484 (C.A. 7th Cir. 1952). There can be no informed and independent judgment as to whether a proposed compromise is fair and equitable until the bankruptcy judge has apprised himself of all facts necessary for an intelligent and objective opinion of the probabilities of ultimate success should the claim be litigated. Further, the judge should form an educated estimate of the complexity, expense, and likely duration of such litigation, the possible difficulties of collecting on any judgment which might be obtained, and all other factors relevant to a full and fair assessment of the wisdom of the proposed compromise. Basic to this process in every instance, of course, is the need to compare the terms of the compromise with the likely rewards of litigation.

Id. at 424-25.

In *Bard v. Sicherman (In re Bard)*, 49 F. App'x 528 (6th Cir. 2002), the Sixth Circuit reflected on *Protective Committee*, observing:

The federal courts of appeal have in turn implemented this directive by considering:

(a) The probability of success in the litigation; (b) the difficulties, if any, to be encountered in the matter of collection; (c) the complexity of the litigation involved, and the expense, inconvenience and delay necessarily attending it; (d) the paramount interest of the creditors and a proper deference to their reasonable views in the premises.

Id. at 530. The Court will apply these *Bard* considerations in determining whether to approve the City's settlements with its creditors.

C. The *Bard* Considerations Applicable to All of the Settlements

Several factors relevant to the reasonableness of each of the settlements are common to all of them. These include the following:

- All of the creditors in these settlements filed and vigorously pursued both objections to the plan and litigation with the City to protect their claims.
- All of the creditors were highly motivated to pursue those objections and that litigation, and had the resources to do so. This would include the appellate process if necessary.
- Many of the objections and much of the litigation raised issues that were novel, legally and factually complex, and significant beyond this case.
- All of the parties were well represented and well prepared for litigation.
- For the City, litigating with creditors was incompatible with its goal of a prompt and efficient exit from bankruptcy and start to its revitalization.
- For all parties, the stakes were high. On the City's part, even a single loss in litigation against any major creditor would seriously compromise its goals in this case.
- Each settlement was at arm's length and hard-fought. Each required perseverance, creativity and compromise by all involved.

With these factors in mind, the Court will now examine each settlement in depth.

D. The Grand Bargain

The cornerstone of the plan is the Grand Bargain. It is a collection of settlements among a number of parties with an interest in the City's two pension plans and in protecting the City's art at the DIA. The parties to the Grand Bargain include:

- The City
- The State
- The Official Committee of Retirees
- The General Retirement System ("GRS")
- The Police and Fire Retirement System ("PFRS")
- The American Federation of State, County and Municipal Employees ("AFSCME")
- The United Auto Workers Union
- The Detroit Retired City Employees Association
- The Retired Detroit Police Members Association
- The Retired Detroit Police & Fire Fighters Association
- The Detroit Police Lieutenants and Sergeants Association
- The Detroit Police Command Officers Association
- The Detroit Police Officers Association
- The Detroit Fire Fighters Association
- A number of charitable foundations, including the Ford Foundation, the Kresge Foundation, the W.K. Kellogg Foundation, the Knight Foundation, the William Davidson Foundation, the Community Foundation for Southeastern Michigan, the Fred A. and Barbara M. Erb Family Foundation, the Hudson-Webber Foundation, the Charles Stewart Mott Foundation, the McGregor Foundation, the Max M. and Marjorie S. Fisher Foundation and the A. Paul and Carol C. Schaap Foundation
- The DIA.

The settlements represented in the Grand Bargain are the State Contribution Agreement, the DIA settlement, and the pension settlement. The Court addresses each of these settlements below. The plan reflects the Grand Bargain in its treatment of class 10, which consists of the PFRS pension claims, and class 11, which consists of the GRS pension claims.

E. The State Contribution Agreement

The City has asserted that the GRS and the PFRS have substantial unfunded actuarial accrued liabilities (“UAAL”) and that its obligation to reduce the UAAL was one of the reasons that it filed bankruptcy.

1. The Potential Claim Against the State of Michigan

It has been suggested that because pensions are protected by the Michigan constitution, the State may be obligated to pay all or a portion of the UAAL. Article IX, § 24 of the Michigan constitution provides:

The accrued financial benefits of each pension plan and retirement system of the state and its political subdivisions shall be a contractual obligation thereof which shall not be diminished or impaired thereby.

Financial benefits arising on account of service rendered in each fiscal year shall be funded during that year and such funding shall not be used for financing unfunded accrued liabilities.

Some argue that this language can be read to require the State to assume the responsibility for any underfunding of a municipal pension in Michigan. The State disputes that claim.

2. The Terms of the State Contribution Agreement

In settlement of the State's potential liability for the GRS and PFRS underfunding and in support of the City's plan, the City, the State, the GRS and the PFRS have agreed to enter into the State Contribution Agreement.

Under the State Contribution Agreement, the State has agreed to contribute \$98.8 million to the GRS and \$96 million to the PFRS for a total of \$194.8 million (the "State Contribution"). The City and State contend that this amount is equal to the net present value of \$350 million payable over a twenty-year period at a discount rate of 6.75%. The State Contribution may only be used to fund payments to holders of GRS pension claims and PFRS pension claims.

The State Contribution Agreement requires the GRS and the PFRS to establish investment committees for the purpose of making recommendations to, and approving certain actions by, the respective system's board of trustees under the terms and conditions set forth in the State Contribution Agreement.

As part of this agreement, the City, the GRS and the PFRS will also establish an income stabilization program. The goal of this program is to ensure that pension creditors will not be forced into poverty as a result of the pension reductions in the plan. Under the income stabilization program, the State will identify all pensioners who, as of the effective date of the plan, are at least 60 years old and had a household income equal to or less than 140% of the Federal Poverty Guideline in 2013. The GRS and the PFRS will be required to make annual supplemental payments to these pensioners equal to the lesser of (a) the amount needed to restore such pensioner's benefits to the amount received in 2013 or (b) the amount needed to bring such pensioner's annual household income up to 130% of the 2013 Federal Poverty Guideline.

In addition, to the extent any such pensioner's annual household income in any year is less than 105% of the Federal Poverty Guideline for that year, the City must make an additional payment to that pensioner equal to the lesser of (a) 100% restoration of pension benefits, including escalators and inflation adjustments, or (b) the amount needed to bring that pensioner's annual household income up to 105% of the Federal Poverty Guideline for that year.

The proceeds of the Stub UTGO Bonds, described in part III.K. below, will be used to help fund the income stabilization program.

The PFRS and the GRS must keep separate recordkeeping sub-accounts for the purpose of making payments under and crediting assets to the income stabilization program, including the proceeds of the Stub UTGO Bonds. In 2022, if the investment committee of either GRS or PFRS determines that the sub-account for its system is more than fully funded to meet all future liabilities for income stabilization payments, it may recommend that the excess assets, but not more than \$35 million, be used to fund the restoration of pension benefits.

In exchange for the State Contribution, the parties will cease all litigation challenging Public Act 436 (2012) or seeking enforcement of article IX, § 24 of the Michigan constitution relating to pension benefits. In addition, each holder of a pension claim, regardless of whether such holder voted in favor of the plan, must release the State and its related entities from all liabilities arising from or related to the City, the chapter 9 case, PA 436 or article IX, § 24 of the Michigan constitution.

3. The State Contribution Agreement Is Fair and Equitable

In determining the reasonableness of this settlement, the Court must analyze two issues: (1) whether the State Contribution is reasonable in amount under the circumstances, and (2)

whether the release of liabilities against the State and its related entities, who are third parties in this bankruptcy case, is necessary, appropriate and reasonable.

**a. The State Contribution Agreement Is
Reasonable in Amount**

The claims settled by the State Contribution Agreement are not frivolous. The obligation not to impair municipal pensions established in the Michigan constitution is absolute. Moreover, the State is in a much better position than individual retirees to enforce that obligation. There is, nonetheless, no precedent for such a claim. Therefore, judging the likelihood that this claim would be successful is challenging.

If the claim were successful, the State would be responsible for the City's pension underfunding, potentially in the neighborhood of \$3 billion. The State might also then be responsible for the entire unfunded liability of every municipality in the state. Needless to say, this would be disastrous for the State. Indeed, the litigation would be high-risk for all concerned. In addition, any litigation of the claim would be lengthy, complex and expensive.

In settlement of a claim against the State valued at potentially \$3 billion, the State's contribution is \$194.8 million. The many skilled and capable representatives of the pension creditors have concluded that the State Contribution Agreement is fair. They recommended it to their pension creditors, who, in turn, voted strongly to support the plan and to release their potential litigation claims, as discussed in part VI below.

In the circumstances, the Court finds that the State's monetary contribution in the State Contribution Agreement is reasonable, although perhaps at the lowest end of the range of reasonable settlements.

b. The Releases in the State Contribution Agreement Are Reasonable

As noted, under the State Contribution Agreement and the plan, each holder of a pension claim releases the State and its related entities from all liabilities arising from or related to the City, this case, PA 436, or article IX, § 24 of the Michigan constitution. Several parties maintain their objections to these releases.

In *Class Five Nevada Claimants v. Dow Corning Corp. (In re Dow Corning Corp.)*, 280 F.3d 648 (6th Cir. 2002), the Sixth Circuit addressed the circumstances in which releases are permitted in a chapter 11 plan.⁷ In that decision, the Sixth Circuit held that it is “not inconsistent with the Code” for a bankruptcy court to enjoin “a non-consenting creditor’s claim against a non-debtor.” *Id.* at 658. The court explained the basis for this conclusion:

[B]ankruptcy courts, “as courts of equity, have broad authority to modify creditor-debtor relationships.” *United States v. Energy Resources Co.*, 495 U.S. 545, 549, 110 S. Ct. 2139, 109 L. Ed. 2d 580 (1990). For example, section 105(a) of the Bankruptcy Code grants a bankruptcy court the broad authority to issue “any order, process, or judgment that is necessary or appropriate to carry out the provisions of this title.” 11 U.S.C. § 105(a). This section grants the bankruptcy court the power to take appropriate equitable measures needed to implement other sections of the Code. *See In re Granger Garage, Inc.*, 921 F.2d 74, 77 (6th Cir. 1990).

Consistent with section 105(a)’s broad grant of authority, the Code allows bankruptcy courts considerable discretion to approve plans of reorganization. *Energy Resources Co.*, 495 U.S. at 549, 110 S. Ct. 2139. Section 1123(b)(6) permits a reorganization plan to “include any . . . appropriate provision not inconsistent with the applicable provisions of this title.” 11 U.S.C. § 1123(b)(6). Thus, the bankruptcy court, as a forum for resolving large and complex

⁷ Another release in the plan is also the subject of objections. Specifically, the § 1983 creditors object to the provision in the plan that would release officers of the City from claims against them in their individual capacity under 42 U.S.C. § 1983. Relying on the discussion of *Dow Corning* here, the Court sustains that objection in part X.J.2.c. below.

mass litigations, has substantial power to reorder creditor-debtor relations needed to achieve a successful reorganization.

Id. at 656.⁸

The court cautioned, however, “Because such an injunction is a dramatic measure to be used cautiously, we follow those circuits that have held that enjoining a non-consenting creditor’s claim is only appropriate in ‘unusual circumstances.’” *Id.* at 658. The Court then announced the seven elements that must be met for granting a third-party release:

We hold that when the following seven factors are present, the bankruptcy court may enjoin a non-consenting creditor’s claims against a non-debtor: (1) There is an identity of interests between the debtor and the third party, usually an indemnity relationship, such that a suit against the non-debtor is, in essence, a suit against the debtor or will deplete the assets of the estate; (2) The non-debtor has contributed substantial assets to the reorganization; (3) The injunction is essential to reorganization, namely, the reorganization hinges on the debtor being free from indirect suits against parties who would have indemnity or contribution claims against the debtor; (4) The impacted class, or classes, has overwhelmingly voted to accept the plan; (5) The plan provides a mechanism to pay for all, or substantially all, of the class or classes affected by the injunction; (6) The plan provides an opportunity for those claimants who choose not to settle to recover in full and; (7) The bankruptcy court made a record of specific factual findings that support its conclusions.

Id.

Initially, the City makes the interesting argument that *Dow Corning* is inapplicable in a chapter 9 case because § 901 does not incorporate § 524(e) in chapter 9. Section 524(e)

⁸ In *In re Valley Health System*, 429 B.R. 692, 714 n.57 (Bankr. C.D. Cal. 2010), the court suggested in dicta, “Section 105(a) is not applicable to chapter 9 cases.” This is mistaken. Section 103(f) states, “Except as provided in section 901 of this title, only chapters 1 and 9 of this title apply in a case under such chapter 9.” Because § 105 is in chapter 1, it does apply in a chapter 9 case. As a result, the statutory premise on which *Dow Corning* authorized third party releases in chapter 11 case also applies in chapter 9.

provides, “discharge of a debt of the debtor does not affect the liability of any other entity on, or the property of any other entity for, such debt.” In support, the City cites *In re Connector 2000 Ass’n, Inc.*, 447 B.R. 752, 767 (Bankr. D.S.C. 2011). The argument is based on the premise that it is the application of § 524(e) in chapter 11 cases that compels courts to be cautious about approving third-party releases.

The Court rejects this argument. *Dow Corning* explicitly concluded that § 524(e) is no obstacle to third-party releases:

However, this language [of § 524(e)] explains the effect of a debtor’s discharge. It does not prohibit the release of a non-debtor. *See In re Specialty Equip. Co.*, 3 F.3d 1043, 1047 (7th Cir. 1993) (“This language does not purport to limit or restrict the power of the bankruptcy court to otherwise grant a release to a third party.”); *Republic Supply Co. v. Shoaf*, 815 F.2d 1046, 1050 (5th Cir. 1987); *In re A.H. Robins Co.*, 880 F.2d [694] at 702 [4th Cir. 1989].

280 F.3d at 657.

More than that, even if the inapplicability of § 524(e) in chapter 9 did, by itself, free a chapter 9 debtor to include third-party releases in its plan, such releases would still be subject to the other requirements of confirmation, including the requirements that the plan is proposed in good faith and that the releases in the plan are fair and equitable.

Accordingly, the Court rejects the City’s argument that *Dow Corning* is inapplicable in this case and will consider its guidance here.

Some courts have, however, tailored the seven *Dow Corning* elements to suit the needs of the case and have not required satisfaction of all seven factors. *See, e.g., Nat’l Heritage Found., Inc., v. Highbourne Found.*, No. 13-1608, 2014 WL 2900933, at *6 (4th Cir. June 27, 2014) (In denying a third-party release, the court noted, “A debtor need not demonstrate that every *Dow Corning* factor weighs in its favor to obtain approval of a non-debtor release. But . . . a debtor must provide adequate factual support to show that the circumstances warrant such exceptional

relief[.]”); *In re Friedman’s, Inc.*, 356 B.R. 758, 761-3 (Bankr. S.D. Ga. 2005) (approving a third-party release over objection without having specifically found that all seven *Dow Corning* factors were met).

It must be recognized that the *Dow Corning* holding is in the context of a chapter 11 business reorganization of a debtor beset by mass tort claims. Its direct application in a chapter 9 municipal debt adjustment case is therefore awkward and uncertain. Much debate could be had regarding which of the *Dow Corning* factors should apply in a chapter 9 case and whether any other factors should apply.

There is little case law applying the *Dow Corning* test in the chapter 9 context. However, the Court does find *Connector 2000* instructive and persuasive on this matter. In that case, a “public benefit corporation,” formed to assist the South Carolina Department of Transportation (“SCDOT”) in financing and operation of transportation facilities, filed a chapter 9 bankruptcy case. The plan of adjustment included broad releases of SCDOT in consideration for “significant concessions” by SCDOT. *Connector 2000*, 447 B.R. at 766.

The court found that the release of SCDOT met the *Dow Corning* standard. It held that the release was “an essential means of implementing the Plan; . . . an integral element of the settlements and transactions incorporated into the Plan; . . . fair, equitable, appropriate and reasonable; . . . confers material benefits on, and is in the best interests of, the Debtor and its creditors; . . . [and] is important to the overall objectives of the Plan to finally resolve all claims among or against the parties-in-interest in the case with respect to the Debtor” *Id.* at 768-69.

This Court concludes that the releases of the State and its related entities required under the State Contribution Agreement and the plan meet the *Dow Corning* standard as applied in

Connector 2000, and are reasonable, necessary and appropriate to implementation of the plan. The Court therefore approves them.

With regard to the *Dow Corning* analysis, the Court concludes:

First, there is an identity of interests between the City and the State. The City is a political arm of the State. It, like all municipalities in Michigan, was created to further the objectives of the State by providing for the health, safety and welfare of the State's residents. The City has no sovereign powers other than those conferred on it by the State. The protection of municipal pensions in the Michigan constitution binds both.

Second, the State is contributing substantial assets to the reorganization—\$194.8 million to classes 10 and 11.

Third, the release and injunction are essential to the reorganization of the City. Importantly, the Court observes that this element arises from the fundamental premise of *Dow Corning*—that a bankruptcy court's power to order a third-party release is based in its “power to reorder creditor-debtor relations *needed to achieve a successful reorganization*.” 280 F.3d at 656 (emphasis added). As noted, the Grand Bargain, which includes the State Contribution Agreement and the DIA settlement, is the cornerstone of the City's plan. *See, e.g.*, Trial Tr. 57:7-22, Oct. 2, 2014. (Dkt. #7878) The release of the State is a condition precedent to the effectiveness of the State Contribution Agreement and, thus, the DIA settlement. Without these settlements, several other creditor settlements would also collapse. In addition, the approximately \$816 million in outside funding provided as part of the Grand Bargain would not

be available.⁹ As discussed in part X.C.3. below, the DIA is essential to the City's continuing recovery and revitalization. Without the DIA settlement, the City might not be able to ensure that the DIA art would remain in the City or that the art would be protected from future creditor recoveries.

Fourth, the impacted classes have overwhelmingly voted to accept the plan. The non-consensual releases of the State in the State Contribution Agreement and the plan apply only to the pension creditors in classes 10 and 11. These classes voted in favor of the plan by 82% and 73%, respectively. *See* part VI below.

Fifth, the plan provides a mechanism to pay a substantial portion of the claims in the classes affected by the release—classes 10 and 11. The contributions by the State under the State Contribution Agreement, and by the DIA and the foundations under the DIA settlement, enable classes 10 and 11 to receive their recoveries. Without these contributions, the impairment to these classes would have been much more significant. *See* Disc. Stmt. at 17. (Dkt. #4391)

The sixth element of the *Dow Corning* test requires that the plan provide an opportunity for non-consenting creditors to recover in full. The City's plan does not have such a provision. Accordingly, this element is not met. The City argues that this element should not apply here because the release of liabilities is a condition precedent to receiving the State Contribution and the DIA funding. Therefore, there can be no "opt out" option for pension creditors. City's

⁹ As discussed in part III.E., under the DIA settlement, the DIA and certain donors and foundations will pay \$466 million to the GRS and the PFRS over 20 years. The State Contribution of \$194.8 million is payable immediately, but is considered to be the net present value of \$350 million paid over 20 years at a 6.75% discount rate. The amount payable over 20 years, therefore, would be \$816 million: \$466 million from the DIA settlement and \$350 million from the State Contribution. Although confusing, this is the amount that the parties commonly identify as the funding that the Grand Bargain makes available to the pension plans.

Consol. Pretrial Br. at 143. (Dkt. #7143) The Court concludes that it is unnecessary to determine whether this element applies here. Instead, it concludes that the other *Dow Corning* factors weigh so heavily in favor of approving the releases that it is appropriate to do so even if this element is not met.

Finally, regarding the seventh element, this opinion contains the specific findings of facts supporting the Court's conclusion that the non-consensual releases of the State and its related entities are appropriate.

Accordingly, the Court concludes that the plan meets the *Dow Corning* requirements for the approval of the releases that the State Contribution Agreement requires and that the plan proposes.

The Court additionally concludes that it is reasonable for the State to require these releases. Both the City and State need finality regarding the City's pension liabilities and the City's eligibility to file this chapter 9 case. Those are legitimate objectives in a chapter 9 case and these releases help to achieve those objectives. Thus, like in *Connector 2000*, the releases of the State and related entities here are "an essential means of implementing the Plan; . . . an integral element of the settlements and transactions incorporated into the Plan; . . . fair, equitable, appropriate and reasonable; . . . confers material benefits on, and [are] in the best interests of, the Debtor and its creditors; . . . [and are] important to the overall objectives of the Plan to finally resolve[s] all claims among or against the parties-in-interest in the case with respect to the Debtor" 477 B.R. at 768-69.

Consequently, under *Dow Corning* and *Connector 2000*, the Court approves the releases of the State and its related entities that are included in the State Contribution Agreement and in the plan.

The Court approves the State Contribution Agreement under bankruptcy rule 9019.

F. The DIA Settlement

1. The Dispute over the DIA Art

The second component of the Grand Bargain is the DIA settlement. One of the most contentious issues in this case has been the extent to which the bankruptcy code requires the City to sell or otherwise monetize the art at the DIA to pay creditors.

Several parties, including at times the City itself, have taken the position that the City holds title to several significant pieces of art in the DIA and has the right to sell them outright to pay its obligations to creditors. Several other parties, including the State Attorney General and the DIA, have taken the position that the art that the City purchased or that others contributed to it is held in public trust for the citizens of the City and the State, and cannot be sold to satisfy the City's debts.

2. The Terms of the DIA Settlement

The DIA settlement represents the full and final settlement of all disputes relating to the rights of all parties with respect to the DIA and the art.

By this settlement, the DIA pledges to secure and guaranty commitments for contributions of \$100 million from individuals, local foundations and the business community (collectively, the "DIA Funders"). From these contributions, the DIA will make payments of \$50 million each to the GRS and the PFRS over twenty years.

In addition, various other local and national foundations (collectively, the "Foundation Funders") have pledged to make payments totaling \$366 million over twenty years, to be divided equally between the GRS and the PFRS.

Upon the closing of the DIA settlement, the Foundation Funders will pay at least 5% of the amounts they have committed to pay, and the DIA and DIA Funders will pay at least \$5 million.

In exchange for these payments, the City has agreed to transfer all of its right, title and interest in the art to the DIA to be held in a perpetual charitable trust for the benefit of the people of the City and the State. This will be a permanent transfer, free and clear of all liens, encumbrances, claims and interests of the City or its creditors.

Also as a condition precedent to the continued payment commitments of the DIA, the DIA Funders and the Foundation Funders, the City is required to adopt and maintain certain pension governance mechanisms, including the creation of a review board and the production of annual reports. The requirements are intended to ensure acceptable fiscal practices and procedures for management and investment of pensions.

As a further condition of the commitments of the DIA Funders and Foundation Funders, the DIA will also provide an array of art programs at no cost or discounted cost to the residents of the State.

The retirement systems agree to waive and release any and all claims against the DIA Funders and Foundation Funders related to the DIA settlement or the City's commitment to make payments to the retirement systems. The DIA settlement also includes mutual indemnification provisions.

Most of the objections to the DIA settlement have been withdrawn as part of settlements reached with those objecting creditors. However, some objections that *pro se* pension creditors filed do remain. These objections assert that the City should be required to sell the DIA art so

that their claims can be paid in full. For the reasons stated in the next part and in part X.C.3. below relating to the best interests of creditors test, the Court overrules these objections.

3. The DIA Settlement Is Fair and Equitable

Two issues arise here. The first is whether the DIA settlement is a fair settlement. The Court will address that issue here. The second is whether the settlement, which is incorporated into the plan, is in the best interests of creditors as required by § 943(b)(7). The Court will address that issue in part X.C.3. below.

In determining the fairness of the DIA settlement, the Court must examine the strengths and weaknesses of the parties' positions.

The Michigan Attorney General and the DIA take the position that all of the art at the DIA is held in charitable trust for the benefit of the people of the State and so it cannot be sold to pay the City's debts. Trial Tr. 76:13-16, Sept. 18, 2014 (Dkt. #7634); Mich. Att'y Gen. Op. 7272 (June 13, 2013).

The DIA further asserts that the donors of many of the pieces of art imposed specific transfer restrictions on them. Trial Tr. 103:25-106:6, Sept. 18, 2014. (Dkt. #7634)

The City presented credible evidence that the Attorney General, the DIA itself and even many of its individual donors would vigorously challenge any attempt by the City to sell any of the art. *See, e.g.*, Trial Tr. 28:8-15, 30:3-12, Oct. 2, 2014. (Dkt. #7878)

Any sale could result in the cancellation of the tri-county millage taxes that support almost 70% of the DIA's operating budget. Trial Tr. 113:6-19, Sept. 18, 2014. (Dkt. #7634)

The DIA also presented credible historical documentary evidence in support of its position that the City holds the art in trust. Public Act 67 of 1919, which provided for the transfer of the DIA real property and its art from the Detroit Museum of Art (the predecessor to

the DIA) to the City, required that the “property so conveyed shall in the hands of said city be faithfully used for the purposes for which the [Detroit Museum of Art] was organized.” Ex. 286. In January 1920, after the 1919 transfer of the art, the trustees of the Detroit Museum of Art held a special meeting to determine its future. The minutes of that meeting reflect that the trustees believed the restrictions in PA 67 of 1919 “give assurance that the property cannot be used excepting for the same purposes as were provided for in the incorporation of the Detroit Museum of Art.” Ex. 269 at 4. At that same meeting, the trustees resolved to continue in existence to “encourage and receive in trust and to administer future gifts and legacies.” *Id.* at 5; *see also* Ex. 268 at 11 (minutes of meeting of City Arts Commission in 1961 noting that the purpose of the Founders Society, the successor to the Detroit Museum of Art, was to “assist the City of Detroit in the operation of the DIA and . . . to promote the people’s interest in and knowledge of art matters”).

Further, the recitals in the Operating Agreement between the City and the Founders Society dated May 15, 1984, first state that the City “has maintained and operated the DIA for over 60 years for the benefit of the citizens of the City and the State of Michigan.” It later states that the City would use state-allocated funds solely for the DIA, which was consistent with “the goal of continuing to benefit the citizens of the City and the State by preserving for their enjoyment the treasures of the DIA[.]” Ex. 281 at 1, 3.

Finally, the DIA’s current Collection Management Policy states that “the [DIA] must be ever aware of its role as trustee of the collection for the benefit of the public.” Ex. 267 at 11. Even the façade of the DIA itself, built by the City in 1927, states that it is “Dedicated by the People of Detroit to the Knowledge and Enjoyment of Art.” *See* Trial Tr. 101:4-13, Sept. 18, 2014. (Dkt. #7634)

This is strong evidence that the DIA was founded for the benefit of the residents of the City and the State, that the City believed that this was the case when the City received title to the art in 1919, and that the City has treated the DIA as a public trust for over one hundred years.

The evidence further establishes that nationally accepted standards for museums prohibit the de-acquisition of art to pay debt. Annmarie Erickson, the executive vice president and chief operating officer of the DIA, testified that the DIA is a member of the Association of Art Museum Directors (the “AAMD”), which represents over one hundred sixty art museums throughout the United States, Canada and Mexico. The AAMD standards provide that “proceeds from the sale of accessioned works of art by an art museum be used only to replenish the collection through the acquisition of other works of art.” Ex. 273 at 2. A violation of this standard “will be considered a serious breach of professional responsibility and sanctions may be recommended by a vote of the members of [AAMD]. The imposition of sanctions or penalties may mean suspension of all professional interchange, including loans and shared exhibitions.” *Id.* at 3. This standard refers to the prohibition of the sale of art to pay operating expenses of a museum. However, Ms. Erickson testified that the standard would also apply to the sale of art for the purpose of paying City debt. Trial Tr. 114:16-115:19, Sept. 18, 2014. (Dkt. #7634) Accordingly, it is likely that if the City sold any of its art to pay its debts, the national and international art community would refuse to do business with the DIA. Trial Tr. 29:17-23, Oct. 7, 2014 (Dkt. #7878); Trial Tr. 115:2-19, Sept. 18, 2014. (Dkt. #7634)

Further, the City presented credible evidence that de-accessing many highly valuable pieces at the same time would flood the art market and could cause prices to fall significantly. Trial Tr. 112:5-9, Sept. 16, 2014 (Dkt. #7618); Trial Tr. 14:19-15:18, Sept. 18, 2014. (Dkt.

#7634) Consequently, there is no guaranty that the City would achieve the high returns that many creditors asserted.

On the other hand, the creditors did submit substantial evidence and legal grounds to support the contrary view that the City can legally sell or monetize the DIA art. For example, the current DIA Operating Agreement states that “[t]he *City* shall retain title to and ownership of the (a) *City art collection* and (b) the *DIA properties*.” Ex. 254 at 15 (italics in original).

On balance, the Court concludes that in any potential litigation concerning the City’s right to sell the DIA art, or concerning the creditors’ right to access the art to satisfy their claims, the position of the Attorney General and the DIA would almost certainly prevail.

However, the evidence also establishes that any such litigation would take years to conclude and would be costly to pursue. It also would be difficult for the City to endure that delay and expense while at the same time attempting to revitalize itself.

In addition, because of the DIA settlement and the Grand Bargain, the GRS and the PFRS will receive \$816 million in outside funding that would not be available to them otherwise.

The Court therefore concludes that the DIA settlement was a most reasonable and favorable settlement for the City and its pension creditors. The Court overrules any remaining objections and approves the settlement under bankruptcy rule 9019.

G. The Pension Global Settlement

The final component of the Grand Bargain is the global settlement of pension-related issues, including the treatment of claims relating to the UAAL of the GRS and the PFRS.

1. The Terms of the Pension Global Settlement

The GRS, the PFRS and the retiree committee, on one hand, and the City, on the other hand, aggressively disputed the pension plans' UAAL. The GRS and PFRS reported that as of June 30, 2013, the GRS was 70% funded and the PFRS was 89.3% funded with a combined total UAAL for both retirement systems of only \$1.5 billion. Disc. Stmt. at 105. (Dkt. #4391) The City claimed that the UAAL is actually \$2 billion for the GRS and \$1.4 billion for the PFRS, for a total of \$3.4 billion. *Id.* at 107.

a. The Treatment of Pension Claims

As part of the settlement, the parties agreed to an allowed aggregate UAAL claim of \$1.25 billion for the PFRS and \$1.879 billion for the GRS.

Because of the Grand Bargain, the GRS and the PFRS will receive \$816 million in outside funding that would not have been available to them otherwise. Consequently, the pension reductions for retirees on account of the UAAL are now significantly less than the City had originally concluded would be necessary.

For PFRS pension claims, the accrued pension amount will not be reduced. However, the annual cost of living adjustment ("COLA") will be reduced to 45% of the amount provided in pre-petition collective bargaining agreements.

For GRS pension claims, the accrued pension amount will be reduced by 4.5% and COLAs will be eliminated. Some GRS retirees will also be subject to the terms of an annuity savings fund ("ASF") recoupment. Some of those GRS retirees have objected to this ASF recoupment. The Court addresses this issue separately in part III.H. below.

Because of the outside money committed as part of the Grand Bargain, the City will have little responsibility for funding the GRS and the PFRS through June 2023. During that time

period, the PFRS will be funded exclusively from contributions from the DIA, the DIA Funders, the Foundation Funders and the State under the Grand Bargain, as described previously.

Through 2023, GRS funding will come from: (a) the DWSD; (b) a portion of the contributions from the State, the DIA, the DIA Funders, and the Foundation Funders as part of the Grand Bargain, (c) the proceeds from the Stub UTGO Bonds as part of the UTGO settlement, described in part III.K. below, and (d) certain revenues from City departments, (e) the Detroit Public Library and (f) the Detroit Regional Convention Facility Authority.

In addition, the parties agree that the pension plans in effect on the petition date will be frozen as of July 1, 2014. Active employees continuing to work for the City after July 1, 2014, will have benefits accrue under new hybrid pension plans. The pension formulas contained in the new hybrid plans are less generous than those in the prior plans.

b. Restoration of Pension Benefits

As part of the settlement, the parties agree upon certain provisions for the restoration of pension benefit payments if funding levels for the retirement systems exceed certain targets. Through 2023, the funding targets for purposes of benefit restoration are 75% for GRS and 78% for PFRS. *See* Disc. Stmt. at 19-23 (Dkt. #4391); Plan, Exs. II.B.3.q.ii.C. and II.B.3.r.ii.C. (Dkt. #8045) If at any time these targets are exceeded, the amount by which the targets are exceeded will be credited to a restoration reserve account. When the assets credited to the restoration reserve account can fully fund certain percentages of the reduced benefits (for example, when the GRS reserve account can fund 0.5% of the 4.5% benefit reduction), restoration payments will begin. As more money becomes available in the restoration reserve accounts, more benefits will be restored. If funding levels for the retirement systems drop, money in the restoration reserve accounts may no longer be available and restoration payments will be suspended.

c. Governance and Oversight

As described previously, the parties have agreed to establish investment committees for the PFRS and the GRS as required by the State Contribution Agreement. The retiree committee has also agreed to defer to the retirement systems, the City and the State regarding post-effective date governance of the prior pension plans and restoration mechanics.

The parties have further agreed that until June 30, 2023, the boards of trustees of each system will adopt and maintain an investment return assumption and discount rate of 6.75% for purposes of determining the assets and liabilities of the pension systems.

The plan also includes a provision that all parties are enjoined until June 30, 2023 from making any amendment to the terms, conditions and rules of operation of the GRS and the PFRS relating to the calculation of pension benefits, the selection of investment return assumptions, or the contributions to the pension systems.

The City has also set certain targets at which the UAAL for the GRS and the PFRS must be funded. For 2023, the funding targets are 70% for the GRS and 78% for the PFRS. For 2053, in 40 years, the targets are 100% for each. Ex. 723.

Finally, the retiree committee has agreed that it will support the plan and advise retirees to vote in favor of the plan. The committee further agreed to suspend its appeal of the Court's eligibility order and to dismiss the appeal upon the effective date of the plan.

The pension classes voted to accept the plan by 82% in class 10 (PFRS) and 73% in class 11 (GRS).

2. The Pension Global Settlement Is Fair and Equitable

Despite these strong votes in favor of the plan, the treatment of pension claims in the City's plan has been a significant issue in this case. In the Court's eligibility opinion, it held that because of the Bankruptcy Clause of the U.S. Constitution, the federal bankruptcy power could be used to impair pension rights in this case, even if the Michigan constitution protects them. *In re City of Detroit, Mich.*, 504 B.R. 97, 150-54 (Bankr. E.D. Mich. 2013). The Court stands by that decision.

Here at the confirmation stage, the Court must determine whether the plan's treatment of pension claims meets the legal requirements for plan confirmation and settlement approval. The plan confirmation issues include good faith, best interests of creditors, feasibility and others. The Court addresses these questions separately in other parts of this opinion. The Court will now address whether the pension settlement is a reasonable settlement under bankruptcy rule 9019.

Despite the acceptance of the plan by the pension classes, a significant number of pension creditors still strongly oppose the impairment of their pension rights. They believe and assert in their many objections that under the Michigan constitution, their pension rights are not subject to impairment. They credibly state that they worked hard for the City, that they did nothing wrong, and that these pension impairments will cause them real hardship. Some also argue that the pension impairments in the plan are unnecessary because the pension plans are in fact fully funded. They further argue that if the pension plans are underfunded, as the City asserts, the City should sell the art at the DIA or other City assets. As discussed in part II.D. above, many of these objecting parties took the time to come to court to give a strong, sincere and personal voice to their objections.

The Court, however, finds that the pension settlement is a reasonable settlement and overrules those objections to the plan and to the pension settlement.

Several representatives of the pension classes appealed this Court's eligibility decision. The City, of course, takes the position that the eligibility decision was correct and should be affirmed. To determine the reasonableness of the settlement, it is incumbent upon this Court to estimate the parties' likelihood of success of the appeal. That is challenging here. The issue of whether pensions can be impaired in bankruptcy despite state constitutional protection is a novel one. However, this Court believes that its reasoning in the eligibility decision is sound. The Court therefore estimates that the pension creditors' chances of success on appeal would be in the range of 25%.

The next step is to determine each side's best-case scenario. For the City, that would plainly be to prevail on appeal and to continue in this chapter 9 case. For the pension creditors, however, the best-case scenario is much less clear. The City presented convincing evidence at the confirmation hearing that it would have no ability to pay the UAAL even if the pension creditors were to prevail on appeal. Gaurav Malhotra, an expert on restructuring and financial analysis at Ernst & Young, LLP, testified that without restructuring, the City would have a \$4 billion deficit over the next ten years, or \$390 to \$400 million per year, due largely to the City's unsustainable legacy costs. Trial Tr. 71:10-13, Sept. 29, 2014 (Dkt. #7819); Ex. 109 at 6.

It is therefore a vast understatement to say that the pension settlement is reasonable. It borders on the miraculous. No one could have foreseen this result for the pension creditors when the City filed this case. Without the outside funding from the Grand Bargain, the City anticipated having to reduce pensions by as much as 27%. Disc. Stmt. at 17. (Dkt. #4391) The

pension reductions in the pension settlement are minor compared to any reasonably foreseeable outcome for these creditors without the pension settlement and the Grand Bargain.

At the same time, the Court recognizes that even these relatively minor pension reductions will cause real and, in some cases, severe hardship. However, this bankruptcy, like most, requires shared sacrifice because the City is insolvent and desperately needs confirmation of this plan to fix its future.

As noted, a substantial majority of both classes 10 and 11 voted in favor of the City's plan and accepted the necessity of shared sacrifice for the common good of the City. That collective judgment is entitled to substantial consideration here.

Accordingly, the Court finds that the pension settlement is reasonable and approves it.

H. The Annuity Savings Fund Recoupment Settlement

In the City's long-standing Annuity Savings Fund program, GRS employees could voluntarily contribute a percentage of their gross pay to a separate pension account. The GRS then invested these ASF contributions with the other GRS assets that the City contributed or that the GRS earned on its investments. Each participant's ASF account increased in value based on the participant's contributions and the interest that the GRS credited to that account.

1. The Dispute Over the Excess ASF Credits

For many years, the GRS credited interest in each participant's ASF account at the assumed rate of return even when the actual rate of return was less.

The City claims that this diversion of assets increased the GRS UAAL. It therefore contends that recoupment of the excess interest from the ASF participants is necessary and

appropriate to offset the increased UAAL. That recoupment in turn reduces the pension cuts to the GRS retirees. The City calculates that the total of this claim is approximately \$387 million.

The ASF participants assert that there is no basis for recoupment.

2. The Terms of the ASF Settlement

The parties have settled this issue as part of the global pension settlement. The City and the retiree committee have agreed that the ASF recoupment amount for each retiree will be limited to the total amount of excess interest that was credited between July 1, 2003, and June 20, 2013. The GRS will amortize each ASF participant's recoupment amount over the participant's life expectancy with interest at 6.75%, to be deducted from the participant's monthly pension check or ASF account. In no event will the total ASF recoupment from any participant exceed the amount necessary to amortize the ASF excess amount calculated for the participant at 6.75% interest. Each ASF participant will have the option to pay the ASF recoupment amount in a single lump sum cash payment.

The parties also agreed upon limitations on the ASF recoupment. The ASF recoupment will be capped at 20% of the highest value of each participant's ASF account between July 1, 2003, and June 30, 2013. An additional cap limits the combined pension reduction and ASF recoupment for each participant to 20% of such participant's annual pension.

The City anticipates that this settlement will result in an additional \$190 million for the GRS. City's Consol. Resp. to Certain *Pro Se* Objections, ¶ 8 at 9. (Dkt. #7303) This is approximately 49% of the City's ASF claim.

3. Objections to the ASF Settlement

Several GRS participants object to the ASF recoupment in the plan. These include: Hassan Aleem (Dkt. #5057); George Cannon (Dkt. #5126); Roger N. Cheek (Dkt. #5947); Jamie S. Fields (Dkt. #4404); Michael J. Karwoski (Dkt. ##5089 and 5923); Mattie D. Pritchett (Dkt. #5887); John P. Quinn (Dkt. #5723); Dennis Taubitz (Dkt. #5971); Gerald G. Thompson (Dkt. #3352); Jean Vortkamp (Dkt. #4578); Mary Jo Vortkamp (Dkt. #4579); Steven Wojtowicz (Dkt. #6870); and Demetria Wright (Dkt. #5795). They argue:

1. The ASF recoupment violates the applicable statute of limitations.
2. Under state law, the City's recoupment claim has no merit.
3. They did nothing that justifies imposing this liability on them.
4. The GRS board of trustees did nothing wrong and was acting within its complete discretion under Sections 47-2-17 and 47-2-18 of the Detroit City Code by allocating the excess interest payments to ASF participants.
5. The City has no standing to assert the recoupment claim.
6. They do not consent to the lesser treatment of their pension claim in class 11 that results from the recoupment.
7. The treatment of the City's recoupment claim in the plan violates their right to be heard on the merits.
8. The City did not properly disclose the 6.75% interest rate.
9. The 6.75% interest rate is illegal, usurious and unfair.
10. The Court should carve the ASF settlement out of the plan and then approve the plan.
11. The ASF recoupment proposes a seizure of the assets of creditors holding class 11 claims without due process of law because the City has not brought any action under bankruptcy or non-bankruptcy law that would provide a legal basis for ASF recoupment.
12. The ASF recoupment settlement in the plan constitutes an improperly asserted preference or fraudulent transfer action.

13. The City is precluded from recouping the ASF excess interest amounts because the City had knowledge of, or participated in, the allocation of these amounts to the ASF participants.
14. As a result of the imposition of the 6.75% interest rate to annuitize the ASF excess amounts, amounts recovered from ASF distribution recipients will “greatly exceed” the ASF recoupment cap, which is 20% of the highest value of the ASF distribution recipient’s annuity savings account during the ASF recoupment period.

4. The ASF Settlement Is Fair and Equitable, and Does Not Violate the Bankruptcy Code

The ASF recoupment settlement is a part of the global pension settlement and therefore a part of the Grand Bargain. It is also a part of the City’s plan. The bankruptcy code provides that a class of claims accepts a plan “if such plan has been accepted by creditors . . . that hold at least two-thirds in amount and more than one-half in number of the allowed claims of such class held by creditors . . . that have accepted or rejected such plan.” 11 U.S.C. § 1126(c). Although there are dissenting creditors in class 11, “[i]n a Chapter 9 [case], dissenting creditors in an accepting class are bound by the accepting vote of the other members.” *In re City of Colorado Springs Spring Creek Gen’l Improvement Dist.*, 187 B.R. 683, 690 (Bankr. D. Colo. 1995).

The Court, therefore, has only two issues to consider. The first is whether the settlement is fair and equitable. The second is whether the plan provisions that incorporate the ASF settlement violate the bankruptcy code.

It is not for the Court to rule on the merits of the City’s ASF recoupment claim. Nor is it for the Court to rule on the merits of the participants’ defenses to that claim. The Court only reviews the parties’ respective positions to determine whether the settlement is fair and equitable.

The Court finds that the City’s recoupment claim would quite likely succeed. As noted, the practice was to credit interest in each participant’s ASF account at the assumed rate of return even when the actual rate of return was less. The legal authority of the GRS board to do that is

doubtful. The prudence of the practice is even more doubtful. The practice ignored the practical reality that over the long term, the GRS needs to retain its earnings that exceed the assumed rate of return to offset the earnings shortfalls that result when the actual rate of return is less than the assumed rate of return. The City's claims of breach of fiduciary duties and diversion of assets are therefore quite strong. Its claim that recoupment against ASF participants is the proper equitable remedy is also quite strong.

On the other hand, the Court considers that the asserted defenses have less merit.

On balance, it appears that the City's recoupment claim would have a reasonable likelihood of success, in the range of 60-70%.

However, the length, complexity and expense of litigation would be substantial. If the City prevails, issues of collectability against ASF participants could also be substantial, depending upon the structure of the final judgment.

The Court also considers that this settlement is part of the much larger settlement of all pension-related issues. The class of claims affected by the settlement, class 11, accepted the settlement by a vote of 73%. Finally, the Court notes that the caps and other limitations on the recoupment amount that the parties negotiated should reduce the hardship of it.

Fairly weighing these factors suggests that the ASF recoupment settlement is well within the range of possible reasonable settlements. The Court, therefore, overrules the objections and finds the ASF recoupment portion of the pension settlement is fair and equitable. The Court further concludes that nothing about the ASF settlement violates the bankruptcy code.

I. The OPEB Settlement

In addition to their pension claims, retirees also have claims against the City for loss of other post-employment benefits (“OPEB claims”) including post-employment health, vision, dental, life and death benefits. These OPEB claims constitute class 12 in the plan.

1. The Disputes Over the OPEB Claims

The amount of the City’s outstanding obligation related to OPEB claims has been the subject of intense dispute, described more fully below. However, all estimates put the liability in the multi-billion dollar range. OPEB claims represent the single largest portion of the City’s unsecured debt obligation. Trial Tr. 11:5-9, Oct. 2, 2014. (Dkt. #7878)

In early 2014, the City notified its retirees that it would drastically change the healthcare plans that it offered to them, resulting in significantly lower benefit payments. In response, the retiree committee filed an adversary proceeding against the City seeking an injunction to prohibit it from unilaterally changing the healthcare benefits that it provided to retirees. The committee asserted largely equitable grounds relating to the hardship that terminating these benefits would naturally cause retirees. There did not appear to be any substantial legal grounds for the requested relief. *See, Complaint, Official Comm. of Retirees v. City of Detroit (In re City of Detroit)*, No. 13-05244 (Bankr. E.D. Mich. Oct. 22, 2013). (Dkt. #1)

The City and the retiree committee disputed the present value of the OPEB claims. The City estimated the amount of the claim to be roughly \$3.77 billion. The retiree committee estimated it to be approximately \$5 billion. City’s Consol. Reply to Certain Objections to Confirmation of Fourth Am. Plan at 13. (Dkt. #5034) The difference in the estimated values of the claim is the result of differing actuarial assumptions and discount rates that the parties used. *Id.*

The City and the retiree committee also disagreed on the characterization of payments that the City made on OPEB benefits after the City filed this case. The City's position was that these payments were a partial satisfaction of the OPEB claim and should reduce the amount of New B Notes that, under the plan, would be distributed on account of the allowed OPEB claim on a dollar-for-dollar basis. The retiree committee argued that the payments should be ignored for purposes of calculating the OPEB claim amount. *Id.* at 14.

2. The Terms of the OPEB Settlement

The City and the retiree committee reached a settlement of their disputes related to the OPEB claim as part of the pension global settlement.

Pursuant to the settlement, the total allowed amount of the OPEB claim is fixed at \$4.303 billion—\$2.208 billion for PFRS retirees and \$2.095 billion for GRS retirees.

In addition, the City and retiree committee have settled on the treatment of the OPEB claim. The City will establish VEBAs for the PFRS and the GRS. On the effective date, the City will distribute \$232 million in New B Notes to the PFRS VEBA and \$218 million in New B Notes to the GRS VEBA. The retiree committee also negotiated an improved interest rate for the New B Notes—4.0% for the first twenty years and 6.0% for the last ten years. The New B Notes have a thirty-year maturity.

The City will also distribute \$42.7 million in New B Notes to the VEBAs from the Excess New B Notes. As described in part III.M. below, the Excess New B Notes are a result of the settlement agreements with holders of class 9 claims.

The start-up costs for the VEBAs will be funded by: (1) \$8 million from a reserve fund held in the currently existing benefits plans; (2) approximately \$3.5 million from charitable contributions; (3) an advance of the interest payment on the Excess New B Notes due in October

of 2015; and (4) \$18 million in grants from various local foundations and the Detroit Benefits Board. Ex. 720; *see also* Letter Agreement with Retiree Committee at 2-3, Nov. 4, 2014. (Dkt. #8183)

The VEBAs will provide health benefits, including life insurance, to retirees and certain of their beneficiaries and dependents. Each VEBAs will be governed by boards of trustees that will be responsible for the management of its assets, for its administration, and for determining the beneficiaries' benefits.

As a result of this settlement and the creation of the VEBAs, the City will have no further responsibility to provide retiree healthcare or other benefits for retirees. Further, the City will have no responsibility to provide life insurance or death benefits to current or former employees. The current death benefit plan will be frozen and will be self-liquidating. Any existing retirees who participate in the death benefit plan will be given a one-time opportunity to receive a lump sum distribution of the present value of the actuarially determined death benefit.

The plan treats the OPEB claim in class 12. The estimated recovery for the class 12 OPEB claim is 10%. Class 12 accepted the plan by over 88%.

3. The OPEB Settlement Is Fair and Equitable

The City contends that the OPEB settlement is fair and reasonable for several reasons. First, the City believes that the settlement avoids protracted and expensive litigation to resolve intense factual and legal disputes. Second, the City asserts that, given the range of estimated OPEB claim values between \$3.771 billion and \$5 billion, the settled allowed claim amount of \$4.303 billion is reasonable. Lastly, the City argues that the settlement is in the best interests of the City and its creditors because it settles one of the City's largest liabilities and at the time, allowed the City to bring the bankruptcy closer to its conclusion.

The Court agrees that litigation to resolve the amount of the City's OPEB liability would be complex, lengthy and very expensive. Resolution of the litigation would turn largely on actuarial opinion testimony with extensive discovery regarding multiple competing experts. Disc. Stmt. at 15. (Dkt. #4391) The evidence would be intensely fact-specific. Trial Tr. 18:1-5, Oct. 2, 2014. (Dkt. #7878) As the City points out, any litigation could also involve resolution of other fact-intensive issues, such as retiree census data and the proper discount rate to be applied to liabilities. Disc. Stmt. at 152. (Dkt. #4391)

The outcome of any potential litigation to resolve the claim would be uncertain. The City's view that the retiree committee would zealously oppose the City's position is justified. Trial Tr. 17:12-15, Oct. 2, 2014. (Dkt. #7878) It is also significant that the City would be responsible for the committee's professional fees in any such litigation. A settled claim amount that falls almost exactly midway between the disputed values is therefore reasonable.

The Court also finds that creation of the VEBAs to address the OPEB claim is reasonable. The City presented evidence that, without restructuring, OPEB liabilities would account for as much as 26% of expenditures from the City's general fund by the year 2023. Trial Tr. 177:10-13, Oct. 1, 2014 (Dkt. #7850); Ex. 721. Such a large liability would destroy the City's ability to make the financial and operational changes necessary to provide adequate municipal services.

The City's evidence also shows that transferring the OPEB legacy costs to the VEBAs will reduce the City's obligation to a much more manageable 3% of general fund expenditures over the next 30 years. Trial Tr. 173:21-174:15, Oct. 1, 2014 (Dkt. #7850); Ex. 721.

Accordingly, the Court finds that the OPEB settlement is reasonable and approves it.

J. The 36th District Court Settlement

Although the 36th District Court is a separate legal entity from the City, under state law, the City is required to fund the operations of the court. Mich. Comp. Laws §§ 600.8103 and 600.8104. When the City filed this bankruptcy case, the 36th District Court was defending various employment-related claims. Because the City is required to fund the 36th District Court, it would ultimately be liable for the payment of any judgments against the 36th District Court on those claims.

During the bankruptcy proceeding, the creditors with claims against the 36th District Court participated in arbitration and obtained awards in the aggregate amount of approximately \$14 million. Trial Tr. 58:14-17, 59:24-25, Oct. 2, 2014. (Dkt. #7878)

AFSCME is the bargaining agent for employees of the 36th District Court. AFSCME, the individual creditors and the 36th District Court itself filed proofs of claim related to the obligations arising from those arbitration awards.

The parties have settled. Under this settlement, the 36th District Court creditors are classified into class 17 and the aggregate liquidated allowed amount of their claims is fixed at \$6 million. The parties have agreed to settle the claims for a recovery of \$2 million (33%) and the 36th District Court will withdraw its proof of claim entirely with prejudice.

The 36th District Court creditors whose claims are less than \$100,000 will receive 33% of their allowed claim in cash. Creditors whose claims are more than \$100,000 will receive 33% of their allowed claims payable in five equal annual installments plus simple interest at a rate of 5% per year.

The parties have also agreed to release all of the claims that they may have against each other, except that AFSCME and some of the individual creditors do not release claims that they have against the 36th District Court related to certain identified pending proceedings. The City

has also agreed to carve out an exception to the broad third-party releases in the plan to allow the 36th District Court creditors to pursue actions against the State and its related entities with respect to the liabilities that the 36th District Court creditors assert to the extent that the plan does not satisfy those liabilities.

AFSCME and the individual creditors are deemed to have voted their respective claims in favor of the plan in the amounts established by the Order Regarding the Voting of Claims Relating to the 36th District Court. (Dkt. #5905)

The Court finds that this settlement is reasonable. The claims against the 36th District Court were obviously not frivolous, as they have been reduced to substantial awards in arbitration. Outside of bankruptcy, the City would be liable to pay those claims on behalf of the court. If the City had chosen instead to continue to contest those claims, the number of claims would have made the expense of the litigation significant. Trial Tr. 62:2-10, Oct. 2, 2014. (Dkt. #7878)

Settling the dispute for an allowed claim of \$6 million with an ultimate distribution of \$2 million is reasonable. Consequently, the Court approves the 36th District Court settlement.

K. The UTGO Settlement

Under Michigan law, the City is authorized to issue variable rate unlimited tax general obligation bonds (“UTGO Bonds”) with approval from voters. Each year, the City is required to levy sufficient *ad valorem* property taxes to pay the debt service on those bonds without limitation as to rate or amount. Mich. Comp. Laws § 141.2701(1).

When the City filed this case, it had as much as \$480 million in outstanding UTGO Bonds, including principal and accrued interest (“Prior UTGO Bonds”). The claims related to Prior UTGO Bonds are in class 8.

1. The Dispute Regarding the UTGO Bonds

On October 1, 2013, and April 1, 2014, the City defaulted on its obligation to make principal and interest payments on the Prior UTGO Bonds. On both occasions, Ambac Assurance Corp., Assured Guaranty Municipal Corp. and National Public Finance Guarantee Corp. (collectively, the “UTGO Bond Insurers”) paid bondholders’ claims on the defaulted payments under insurance policies held with them and became subrogated to the rights of those bondholders.

On November 8, 2013, the UTGO Bond Insurers filed adversary proceedings against the City seeking declaratory relief regarding their rights with respect to the Prior UTGO Bonds. *See* First Am. Compl. for Declaratory J., *Nat’l Pub. Fin. Guar. Corp. v. City of Detroit (In re City of Detroit)*, No. 13-05309 (Bankr. E.D. Mich. Dec. 23, 2013) (Dkt. #41) (“NPFG Complaint”); Am. Compl. for Declaratory J., *Ambac Assurance Corp. v. City of Detroit (In re City of Detroit)*, No. 13-05310 (Bankr. E.D. Mich. Dec. 23, 2013) (Dkt. #57) (“Ambac Complaint”).

The UTGO Bond Insurers contended that the Prior UTGO Bond debt should be subject to special treatment under the plan. They argued that because taxpayers specifically voted to approve the issuance of these bonds, the taxes levied to pay them are special revenues that can only be used to service the Prior UTGO Bond debt. NPFG Complaint, ¶¶ 83-86 at 33-34; Ambac Complaint, ¶ 77 at 35-36. The UTGO Bond Insurers also argued that they had statutory and contractual liens on the tax revenues. NPFG Complaint, ¶¶ 80-82 at 32-33; Ambac Complaint, ¶¶ 66-76 at 32-35. Finally, the UTGO Bond Insurers relied on various trust theories to argue that the City was simply a pass-through entity between the taxpayers and the bondholders. NPFG Complaint, ¶¶ 76-79 at 31.

The City disputed these claims, arguing that the Prior UTGO Bonds are general unsecured obligations. The City also argued that the UTGO Bond Insurers did not have standing

to seek relief under the Michigan Revised Municipal Act because that act does not provide a private right of action and because § 904 prohibits the bankruptcy court from interfering with the City's decisions regarding its property. *See, e.g.,* Br. in Supp. at 7-16, *in* City's Motion to Dismiss, Ex. 3, *Nat'l Pub. Fin. Guar. Corp. v. City of Detroit (In re City of Detroit)*, No. 13-05309 (Bankr. E.D. Mich. Dec. 23, 2013). (Dkt. #38)

2. The Terms of the UTGO Settlement

The City and the UTGO Bond Insurers entered into negotiations and reached a settlement of their disputes. The parties agreed to an allowed claim in the amount of \$388 million relating to the Prior UTGO Bonds.

Just under \$288 million of the Prior UTGO Bonds will be restructured and reallocated among the holders of the bonds ("Restructured UTGO Bonds"), as more fully described below. The Restructured UTGO Bonds represent a 74% recovery for holders of the Prior UTGO Bonds.

As part of the restructuring of the Prior UTGO Bonds, the City will issue to the Michigan Finance Authority ("MFA") an unlimited tax obligation bond (the "Municipal Obligation") on the same terms as the Prior UTGO Bonds and secured by a pledge of the UTGO Bond tax levy and certain distributable state aid that the City expects to receive. The MFA will then issue the Restructured UTGO Bonds on the same terms as the Municipal Obligation. These Restructured UTGO Bonds will be payable from and secured by the Municipal Obligation, the City's pledge of the UTGO Bond tax levy and the distributable state aid the City expects to receive. The Restructured UTGO Bonds will then be exchanged for roughly \$288 million of Prior UTGO Bonds. In this way, the Prior UTGO Bondholders will then hold bonds issued by the MFA that are secured by the payment rights associated with the UTGO Bond tax levy and a fourth lien on certain distributable state aid. Plan, Ex. I.A.285. (Dkt. #8045)

The distributable state aid will only be used to pay the Restructured UTGO Bonds if the collection and deposit of the UTGO Bond tax levy has not reached specified amounts by the dates on which installments of the distributable state aid are deposited into the City's accounts.

The remainder of the Prior UTGO Bonds (the "Stub UTGO Bonds") in the principal amount of roughly \$43 million will be reinstated and will be payable from the UTGO Bond tax levies. The holders' rights to payment of the Stub UTGO Bonds will be assigned to a designee of the City for use in funding the income stabilization program that is part of the State Contribution Agreement described in part III.E. above.

In exchange, the parties agree that upon confirmation of the plan, all litigation related to the Prior UTGO Bonds will be dismissed with prejudice and all proofs of claim filed with respect to the Prior UTGO Bonds will be deemed resolved and fully satisfied.

The parties also agree that the UTGO Bond Insurers will be included as exculpated parties under the plan. The parties further agree that they release each other from any and all liabilities related to the Prior UTGO Bonds or the adversary proceedings filed by the UTGO Bond Insurers.

3. The UTGO Settlement Is Fair and Equitable

The UTGO Bond Insurers' arguments, while novel, may have some merit. When the Prior UTGO Bonds were issued, the City had arguably reached its maximum statutory limitations for *ad valorem* taxes. Ambac Complaint, ¶ 34 at 16. However, because of voter approval for these specific bonds, the City was able to collect additional tax revenues to pay them. Further, Michigan law provides strict controls and limitations over use of *ad valorem* taxes that are levied to retire debt. *See, e.g.*, Mich. Comp. Laws § 141.2701(1)-(3). For example, the City is required to segregate the additional *ad valorem* taxes into separate accounts

and use those monies to pay the debt service on the Prior UTGO Bonds. Mich. Comp. Laws § 141.2701(1)(d)(i). The UTGO Bond Insurers argued that this created a statutory lien on the *ad valorem* taxes collected to service the Prior UTGO Bonds. The UTGO Bond Insurers also had at least a colorable argument that the City intended to pledge a security interest in the revenues from the *ad valorem* property taxes.

The City contested these claims and argued that the Prior UTGO Bonds were only general unsecured claims. *See, e.g.,* Br. in Supp. at 15-16, *in* City's Mot. to Dismiss the Complaint, Ex. 3, *Ambac Assurance Corp. v. City of Detroit (In re City of Detroit)*, No. 13-05310 (Bankr. E.D. Mich. Dec. 23, 2013) (Dkt. #53); City's Consol. Reply, ¶ 19 at 12 (Dkt. #5034).

Mr. Orr, the emergency manager for the City, testified that if the UTGO Bond Insurers had been successful in litigation, the City could have faced a large secured claim that could not be impaired in bankruptcy. This would also have precluded the City from access to the additional tax revenue. Trial Tr. 187:6-10, Oct. 1, 2014. (Dkt. #7850) In addition, Mr. Orr testified that the City could have been required to raise taxes if the UTGO Bond Insurers were successful in their arguments. *Id.* at 190:3-6.

This settlement resolves all issues relating to the UTGO Bonds in adversary proceedings 13-05309 and 13-05310. These cases had already been vigorously litigated before the settlement was reached and any further litigation would have been lengthy, complex and time consuming. The UTGO Bond Insurers were not only motivated to protect their claims in this proceeding but were also highly motivated to avoid any negative precedent that could be used by other municipalities with UTGO bond financing. *Id.* at 188:1-189:25.

For this reason, even a favorable outcome for the City in litigation could have had negative consequences for the City. The City may have lost access to the capital markets when it emerges from bankruptcy or it may been required to pay higher interest rates for bond debt. *Id.* at 191:1-8. The settlement avoids these potential outcomes.

The outcome of the litigation was not certain. If the Prior UTGO Bonds claims were determined to be general unsecured claims, the dividends on the UTGO bond claims would have been about 10%. On the other hand, if the UTGO Bond Insurers were successful in their arguments that their claims were secured, the dividend would likely have been 100%.

On balance, the Court finds that the City's chance of success on the merits of the litigation was a coin-toss. The Court concludes that the other circumstances do warrant the premium that the 74% recovery settlement reflects. Accordingly, the Court finds that this recovery is within the range of reasonable settlements, although perhaps at the upper end of that range.

The settlement is also beneficial to other creditors. The Stub UTGO Bonds will be assigned to the City for use in the income stabilization program to ensure that pension reductions do not force City retirees into poverty.

Class 8 accepted the plan by a vote of 87%.

The Court finds that the UTGO settlement is fair and reasonable, and approves it.

L. The LTGO Settlement

Michigan law also allows the City to issue limited tax obligation bonds ("LTGO Bonds"), payable from *ad valorem* tax revenues. Mich. Comp. Laws § 141.2101 *et seq.* Unlike UTGO Bonds, LTGO Bonds are subject to applicable charter, statutory or constitutional rate limitations. Mich. Comp. Laws § 141.2701(3). State law does require the City, however, to set aside enough

revenues from the *ad valorem* tax collections to pay LTGO Bonds as a “first budget obligation.”
Id.

1. The Dispute Regarding the LTGO Bonds

When the City filed this case, it had almost \$164 million in outstanding LTGO Bonds, including principal and accrued interest.

On October 1, 2013, and April 1, 2014, the City defaulted on its obligation to make interest payments on the LTGO Bonds. On both occasions, Ambac, insurer of two-thirds of the LTGO Bonds, paid claims on the defaulted payments and became subrogated to the rights of the bondholders. On November 8, 2013, Ambac filed a complaint against the City seeking declaratory relief regarding its rights with respect to the LTGO Bonds. *See* Ambac Complaint.

The City asserted that the LTGO claims are merely unsecured claims. *See, e.g.,* Br. in Supp. at 22-33, *in* City’s Mot. to Dismiss, Ex. 3, *Ambac Assurance Corp. v. City of Detroit (In re City of Detroit)*, No. 13-05310 (Bankr. E.D. Mich. Dec. 23, 2013). (Dkt. #83)

2. The Terms of the LTGO Settlement

The City, Ambac and BlackRock Financial Management, on behalf of certain managed funds and accounts holding uninsured LTGO Bonds, entered into negotiations and reached a settlement of their disputes. Under the settlement agreement, the City has the option either to issue new LTGO Bonds in the amount of \$55 million or to pay \$55 million in cash using exit financing. Mr. Malhotra testified that the City has elected to make the \$55 million cash payment. Trial Tr. 58:16-22, Oct. 21, 2014. (Dkt. #8098)

The LTGO Bond creditors will also receive \$17.3 million in Excess New B Notes from the class 9 settlement, described in part III.M. below.

As part of the settlement, Ambac has agreed to cease all litigation and the parties agree that the LTGO settlement resolves and fully satisfies all proofs of claim filed with respect to the LTGO Bonds. In addition, Ambac and BlackRock Financial Management will be considered exculpated parties under the plan. Finally, Ambac and the City agree to release each other from any and all claims related to the LTGO Bonds and the adversary proceeding that Ambac filed.

The plan classifies the LTGO Bonds claims in class 7. The total estimated recovery for holders of LTGO Bond claims is 41%. The class accepted the plan by a vote of 63%.

3. The LTGO Settlement Is Fair and Equitable

The Court finds that the LTGO settlement is reasonable. The parties' arguments are very similar in nature to those described in the UTGO section above.

The LTGO Bond creditors had the additional argument that they were entitled to priority over other unsecured claims because the City had to pay them as a "first budget obligation" under state law. Mich. Comp. Laws § 141.2701(3); Ambac's Obj. to Fourth Am. Plan at 27-31. (Dkt. #4677) The meaning of this obligation in the statute is unclear in a bankruptcy context. However, if the LTGO Bond creditors had been successful in this argument, the City could have been required to pay them before it paid for its operating expenses. Trial Tr. 203:3-6, Oct. 1, 2014. (Dkt. #7850)

The Court concludes that the City had a substantial likelihood of prevailing in the LTGO Bond litigation, perhaps a 75% chance. If the LTGO Bond claims were determined to be general unsecured claims, recovery for the LTGO creditors would be approximately 10%. If the LTGO Bond claims were found to have priority over other unsecured claims, the recovery would be 100%. Accordingly, a 41% recovery is well within the range of reasonable settlements.

As noted, the LTGO recovery is estimated to be 41% while the UTGO recovery is estimated to be 74%. The City's justification for this difference is that the LTGO Bond creditors had somewhat weaker arguments on the merits of their claims. Trial Tr. 9:12-10:1, October 2, 2014. (Dkt. #7878) For example, the LTGO Bond creditors could not point to a dedicated *ad valorem* tax stream that had been approved through voter referendum. In addition, the City felt that the state law requirement that the UTGO Bonds must be paid without limitation meant the UTGO Bondholders had a more robust position than the LTGO Bondholders. *Id.* Nothing in the record contradicts these conclusions and the Court finds that they are reasonable.

Consequently, the Court approves the settlement with the LTGO Bond creditors.

M. The Settlements Related to the Certificates of Participation

By 2005, the City had fallen behind in its constitutional and statutory requirements to make contributions to the PFRS and the GRS. At the time, the City did not have sufficient resources to fully fund its pension plans, and the amounts it needed to borrow would have exceeded the debt limits under the Home Rule City Act ("HRCA"), Mich. Comp. Laws § 117.1.

In an attempt to meet its funding obligations without violating the HRCA, the City entered into a series of complex financial transactions. First, the City created two service corporations and entered into contracts with them in which the City agreed to make payments to the service corporations (the "City Payments") for the service of helping the City with its funding obligations to the retirement systems (the "Service Contracts").

The service corporations then created two funding trusts to sell certificates of participation ("COPs") in the City Payments. In order to make the COPs marketable to

investors, the City sought out monoline insurers, including FGIC and Syncora, to issue policies guaranteeing the payments of principal and interest on certain of the COPs.

The proceeds from the sale of the COPs were remitted by the funding trusts to the service corporations, which in turn remitted the funds to the PFRS and the GRS to satisfy the unfunded pension obligations of the City. Finally, the service corporations assigned their rights to receive the City Payments to the funding trusts, which used the payments to pay the COPs Holders the interest and principal that they were due. A structurally identical transaction was also completed in 2006. The Court will refer to these transactions collectively as the “COPs Transaction.”

By creating this structure, the City could characterize the payments that it made as contractual obligations for future services under the Service Contracts, rather than debt service. This allowed the City to avoid (or evade) the debt limitations in the HRCA.

1. The Dispute Relating to the COPs Transactions

Immediately before filing its chapter 9 petition, the City stopped making the City Payments. FGIC made payments to the COPs Holders under the insurance policies that it issued for the payments that the City did not make. When the City filed this case, the outstanding COPs obligation was approximately \$1.2 billion.

On January 31, 2014, the City filed an adversary proceeding against the service corporations and the funding trusts seeking a declaratory judgment that the Service Contracts were void *ab initio* and unenforceable. See Compl. for Declaratory J. and Inj. Relief, *City of Detroit v. Detroit General Retirement System Service Corp.*, No. 14-04112 (Bankr. E.D. Mich. Jan. 31, 2014) (Dkt. #1) (“City Complaint”). The Court later permitted FGIC and the COPs Holders to intervene in that adversary proceeding. (Dkt. ##73 and 93)

The City argued that the service corporations were simply sham entities that it created for the sole purpose of making a one-time payment of the COPs proceeds to the PFRS and the GRS. The City claimed that the Service Contracts were thus not future service contracts at all but rather a means for the City to incur debt in contravention of the HRCA. Because the Service Contracts were illegal under state law when they were created, the City argued, they were unenforceable and void *ab initio*.

The City also argued that the COPs Transaction is void because the City did not obtain the required approvals from the Michigan Department of Treasury before undertaking a debt financing of that magnitude as required by the Revised Municipal Finance Act, Mich. Comp. Laws 141.2101, *et seq.*

These arguments have substantial merit. According to the allegations in the City Complaint, the service corporations have no staff, no budgets, do not hold annual board meetings and have no real ongoing functions. City Complaint, ¶¶ 13-14 at 7. If these allegations were proven, they would strongly suggest that the service corporations are sham entities. If the service corporations were shams and could be disregarded, then the City would be left as the sole obligor for payment of the debt service on the COPs. This would arguably violate the HRCA.

On the other hand, FGIC and the COPs Holders argued that the doctrines of estoppel, unjust enrichment and *in pari delicto*, and unclean hands bar the City from claiming that the Service Contracts are illegal. At the time of the transaction, the City made several representations and warranties that the City was authorized to enter into the COPs Transaction, that the transaction would be valid and binding and that it did not represent indebtedness. *See, e.g.,* GRS Service Contract 2005, General Terms at § 3.02, *in* City Complaint, Ex. C. At the time, the City also provided evidence to FGIC and the COPs Holders of its due diligence and

legal opinions on these issues. The Detroit City Council also passed ordinances approving the COPs Transaction. *See, e.g.*, FGIC Countercl., ¶ 66 at 21-22, *City of Detroit v. Detroit General Retirement System Service Corp.*, No. 14-04112 (Bankr. E.D. Mich. Jan. 31, 2014) (Dkt. #129); City of Detroit Ordinance No. 05-05 (Feb. 4, 2005).

To this, the City countered that the insurers and COPs purchasers were aware that the structure of the COPs Transaction was precarious and that the City had reached its debt limit under state law. This information was included in the offering circulars and underwriting agreements provided at the time. *See, e.g.*, 2005 Offering Circular at 5, *in* City Complaint, Ex. A; Underwriting Agreement 2005 at 2, *in* Wilmington Trust's Answer with Affirm. Defenses and Countercl., Ex. 1., *City of Detroit v. Detroit General Retirement System Service Corp.*, No. 14-04112 (Bankr. E.D. Mich. Jan. 31, 2014). (Dkt. #10) Therefore, the City argues, there were no misrepresentations or breaches of warranty.

The outcome of the litigation of these issues is not clear. On balance, the Court finds that the City would have a reasonable likelihood of success on the merits. However, the litigation would likely have taken years, may have affected other parties such as the PFRS and the GRS, and would have been costly, time consuming and distracting for all involved. With these considerations in mind, the Court now turns to the settlements reached with the various parties to the COPs Transaction.

2. The Terms of the COPs Settlement

Class 9 consists of holders and insurers of COPs, including Syncora and FGIC. Each class 9 creditor has settled with the City and has chosen to participate in the class 9 settlement option. Under this settlement, each class 9 creditor will sell all of its claims to a settlement trust. In exchange, they will receive their pro rata share of (1) \$97.7 million in New B Notes and (2)

the class 9 settlement asset pool. The class 9 settlement asset pool consists of New C Notes and class 9 settlement credits.

The New C Notes have an aggregate amount of \$88 million with a twelve-year maturity and bear interest at 5%. Ex. 791. The New C Notes are unsecured obligations; however, the City will segregate certain parking revenues each year in an amount sufficient to pay the annual debt service on the New C Notes. This means that approximately \$10 million of parking revenues will be set aside annually in a single general government bank account. Although the New C Notes are due in 2026, the City must prepay them in the event certain parking assets are liquidated or otherwise monetized. In addition, the City may prepay them at any time without penalty or premium.

Settlement credits are credits in the aggregate amount of \$25 million and may be used to offset up to 50% of the purchase price of certain eligible City assets. To use the credits, the owner of the credits must participate in the normal procurement or auction process, be the final party selected in such process, and otherwise satisfy all requirements associated with such process. They are assignable and transferable.

Before the class 9 settlements were reached, the City established a litigation trust to hold an amount of New B Notes equal to the total amount of allowed class 9 claims. As a result of the settlements with the class 9 creditors, the City has designated "Excess New B Notes" in the aggregate face amount of approximately \$48.71 million. This amount represents the difference between the New B Notes that would have been distributed to class 9 creditors if their claims had been allowed in full and the amount they are actually receiving as part of the settlements. These additional monies have now been designated for other classes of claims as follows: \$42.68

million to the GRS VEBA and the PFRS VEBA in class 12, \$17.34 million to the LTGO Bond creditors in class 7, and \$4.12 million to the class 14 general unsecured creditors.

The settling class 9 creditors are included as exculpated parties in the plan and they release any claims that they may have against the GRS, the PFRS and each other. However, they do not release their claims against the Swap Counterparties.

3. The Terms of the Syncora Global Settlement

Syncora's claim against the City is \$354 million related to Syncora's purchase and insurance of COPs. As a settling class 9 creditor, Syncora will receive its pro rata share of New B Notes and the class 9 settlement asset pool. This equates to \$23.5 million in New B Notes, \$21.3 million in New C Notes and \$6.25 million in class 9 settlement credits. Syncora's recovery is estimated to be 13% of its class 9 claims.

Syncora also asserted certain secured claims and other litigation claims against the City. In settlement of those claims, the City agreed to make an additional \$5 million cash payment to Syncora.

Syncora agreed to support the plan and withdraw all objections. In addition, Syncora agreed to withdraw all its appeals with prejudice.

Syncora and the City have also entered into a development agreement. Under this agreement, a subsidiary of Syncora (the "Developer") is granted a five-year option to acquire certain properties owned by the City. If the Developer exercises the option, the Developer has fifteen months to develop the property into parking facilities, residential housing, commercial retail space or any other suitable use that is consistent with the City's urban planning policies and comprehensive development plan. If the Developer does not begin development of the property within fifteen months after the option is exercised, ownership of the property will revert to the

City. The Developer must also complete construction within three years and three months of exercising the option.

The development agreement also includes a one-year option for the Developer to enter into a thirty-year concession with respect to the parking garage located under Grand Circus Park. If the Developer exercises the option, it will have the right to operate the garage and will also be obligated to invest \$13.5 million in capital expenditures within the first five years of assuming garage operations. The settlement contemplates that the Developer will retain all revenues from the parking garage until it has recouped 140% of its capital expenditures. After that, the Developer will be required to pay to the City 25% of the revenues of the garage.

The final component of the Syncora settlement relates to the lease of the Detroit-Windsor Tunnel. Syncora owns the company that currently leases and operates the Detroit side of the tunnel that runs under the Detroit River to Windsor, Ontario (the "Tunnel Company"). By its present terms, that lease expires in November 2020. As part of the settlement, the City agrees to assume the lease and to extend it to December 2040. The lease will also be amended to require the Tunnel Company to maintain the City portion of the tunnel to the same standard as the Windsor portion. This will alleviate the concerns that the City of Windsor has historically expressed with operation of the tunnel. The amended lease will also require additional reporting by the Tunnel Company.

Under the amended lease, the Tunnel Company will be permitted to offset certain capital expenditures made to improve the tunnel against the Tunnel Company's rent obligations to the City. Through November 2020, the Tunnel Company will be allowed to credit capital expenditures against rent up to the full amount of the rent. During the extension term of the lease, November 2020 through December 2040, the Tunnel Company may credit capital

expenditures against up to 75% of the annual rent. However, in no event may the Tunnel Company credit more than \$8 million of capital expenditures during the extension term.

4. The Syncora Global Settlement Is Fair and Equitable

The Court finds that the Syncora global settlement is reasonable. Syncora has been one of the fiercest opponents of the City's plan. Syncora objected to or appealed almost every action by the Court in this case, including approval of the public lighting authority, the post-petition financing, the swaps settlement, and the mediation process itself. Without a settlement with Syncora, there is no doubt that it would have continued to litigate its positions on these issues through the appellate courts.

Even if the City were successful in the litigation with Syncora, it would have spent years and millions of dollars defending the results. Confirmation and the effectiveness of the plan may have been held in limbo as these issues made their way through the appellate process.

If Syncora had been successful in any of its appeals, especially its appeals relating to use of the City's gaming revenue or to the approval of the post-petition financing, it would have been devastating for the City and would have prevented the City from accessing vital revenue needed for its RRI's. Trial Tr. 70:12-13, Oct. 2, 2014. (Dkt. #7878)

The settlement avoids the extraordinary time, expense and uncertainty of litigation. It gives the City finality to these many issues and definitive access to its revenues. It allows the City to focus on proposing a more complete plan for confirmation. *Id.* at 86:1-87:2.

The value of the monetary portion of the settlement is estimated to be 13% of Syncora's class 9 claims. The Court finds that this aspect of the settlement is well within the range of reasonableness. It is only slightly more than the recovery of general unsecured creditors.

In addition, this aspect of the settlement agreement benefits several other classes of creditors. Because of the settlement, \$162 million in New B Notes that would have been held in reserve in a separate COPs litigation trust will be reallocated to the VEBAs, the LTGO Bond creditors, and the general unsecured creditors. This is clearly in the best interests of the City and its creditors.

The Court also specifically approves the development agreement and the assumption and extension of the tunnel lease. Because of these agreements, Syncora assumes a stake in the City's recovery. In addition, the City gets the benefit of improved management of the Detroit-Windsor Tunnel. If Syncora exercises its option, it will also be obligated to make desperately needed capital expenditures to the Grand Circus parking garage and to develop vacant city-owned properties.

The City presented credible evidence from James Doak, an expert from Miller Buckfire & Co., an investment banking firm retained by the City, that the business aspects of the Syncora settlement are a reasonable exercise of the City's business judgment. Trial Tr. 117:10-120:25, Oct. 3, 2014. (Dkt. #7894) The Court so finds.

Therefore, the Court finds that the Syncora settlement is well within the reasonable range of settlements and approves it.

5. The Terms of the FGIC Global Settlement

The City and FGIC, on behalf of itself and the COPs Holders, have also entered into a settlement agreement. Under the class 9 settlement option, FGIC will receive \$74.2 million in New B Notes, \$67.2 million in New C Notes and \$19.75 million in class 9 settlement credits. This represents roughly 13% of FGIC's class 9 claims. FGIC and the COPs Holders will divide

the consideration provided under the class 9 settlement option under terms agreed upon between them.

In exchange, FGIC and the COPs Holders have withdrawn their objections to the plan and are deemed to have voted in favor of the plan.

As part of the settlement, the parties agree to dismiss the COPs litigation. FGIC also agrees to waive any and all claims it may have against any other party, including the GRS and the PFRS related to the COPs litigation.

In addition to FGIC's share of the class 9 settlement option, FGIC and the City will enter into a development agreement for the Joe Louis Arena site. Under this agreement, an entity to be formed and controlled by FGIC and the COPs Holders will have the option to acquire and develop the land upon which Joe Louis Arena and its garage currently sit. The City will demolish the structures on the land and perform any necessary environmental remediation.

Within thirty-six months after exercising the option, the new entity must prepare a comprehensive development plan for the site. If the City approves development plan, the City and the new entity must close on the sale of the parcels within two years of that approval, or within six months of completion of the demolition of the structures, whichever is later. The State has agreed to reimburse the new entity for eligible project costs and tax increment financing incentives. The City has also agreed to zone the property such that certain tax abatements will be available. The new entity is required to have the development substantially completed within thirty-six months after closing on the sale of the structure.

FGIC also has claims against the City relating to the swap agreements. In settlement of those claims, FGIC will have an allowed class 14 claim for \$6.11 million. In addition, the Downtown Development Authority will assign to FGIC its right, title and interest to its

distribution of New B Notes under the plan on account of its \$33.6 million class 13 claim. The City estimates that FGIC will receive approximately \$4.5 million in New B Notes in settlement of its swap-related claims.

6. The FGIC Global Settlement Is Fair and Equitable

FGIC holds one of the largest claims against the City and it has zealously litigated its objections. The COPs litigation involved highly complex and novel issues that would have taken significant time and expense to resolve. As with Syncora, FGIC's estimated monetary recovery is 13% of its class 9 claims. This is comparable to what the general unsecured creditors are receiving. Accordingly, the Court readily finds that this aspect of the settlement is reasonable.

In addition, the Joe Louis Arena development agreement is of incalculable value to the City. The City has presented credible evidence that the Joe Louis Arena is currently considered a liability because of the cost of removing the existing structures and the necessary environmental remediation. Trial Tr. 135:14-20, Oct. 21, 2014. (Dkt. #8098) This evidence has not been contradicted and the Court accepts it. Because of this agreement, land that might have stood vacant and unused will become a shining demonstration of Detroit's recovery.

Accordingly, the Court finds that the Joe Louis Arena development agreement is reasonable and approves it.

IV. SETTLEMENTS THAT THE COURT APPROVED DURING THE CASE

During the case, pursuant the requests of the City, the Court approved settlements with the Swap Counterparties, the Ad Hoc Committee of DWSD Bondholders and the Macomb Interceptor Drain Drainage District ("MIDDD").

A. The Swaps Settlement

The Swap Counterparties settled their claims of approximately \$288 million arising from the termination of the interest rate swap agreements that related to the COPs Transaction.¹⁰ The settlement gives these creditors a secured claim for \$85 million, to be paid upon the effective date of the plan from the City's exit financing. In exchange, these creditors withdrew their objections to the plan and agreed to support it.

This settlement was significant because it was the first settlement with any of the City's creditors and because it created an impaired accepting class, as required for plan confirmation under § 1129(a)(10). Because the plan could then be confirmed over the dissent of other impaired classes (assuming the other confirmation requirements were met), this settlement paved the way for further settlements with other classes of impaired creditors. It also gave the City continued access to its gaming tax revenue, which these creditors, along with the swap insurers, had sought to bar through litigation.

On April 15, 2014, the Court approved the settlement, finding that it was reasonable in amount and overruling Syncora's objection that it violated its rights under the various COPs and swap agreements. (Dkt. #4094) This settlement is incorporated into the treatment of class 5 in the plan.

¹⁰ This settlement was actually the third settlement that these parties had reached. The first was for approximately \$230 million, which the parties had reached before the City filed this case. The City deemed that this settlement was an executory contract, so it filed a motion and a corrected motion to assume this contract under § 365. (Dkt. ##17 and 157) When the parties determined that the Court was not likely to approve that settlement, they engaged in mediation and negotiated a second settlement for \$165 million. (Dkt. #2341) On January 17, 2014, the Court denied approval of that settlement, concluding that it was too high under the *Bard* standards. (Dkt. #2511) The parties then negotiated the settlement for \$85 million, which the Court did approve.

B. The DWSD Bondholders Settlement

The DWSD bondholders settlement, reached in early August 2014, involved a tender offer for all existing DWSD bonds in the amount of \$5.3 billion, resulting in a restructuring of the debt and substantial interest cost savings for the City. It also included \$190 million in needed capital improvement financing.

By the time that this settlement was reached, the impaired class of these bondholders, class 1A, had voted to reject the plan. Many bondholders had also objected to the plan on several grounds, including that the plan is not fair and equitable because it does not give the bondholders the present value of their claims, impermissibly modifies the call protections of existing bonds, and does not provide them indubitable equivalent value.

By this settlement, these plan objections were resolved and the claims were left unimpaired. On August 11, 2014, the City filed a motion to approve this secured financing and to approve the settlement. (Dkt. #6644) On August 22, 2014, the City announced the success of the tender offer in the market. (Dkt. #6989) On August 25, 2014, following a hearing, the Court granted the City's motion. (Dkt. #7028) The settlement was incorporated into the City's sixth amended plan filed on August 20, 2014. (Dkt. #6908)

C. The MIDDD Settlement

The settlement with MIDDD resolved its plan objections and the City's objection to MIDDD's proof of claim. MIDDD's claim was a complex fraud claim asserting that the City intentionally misrepresented the amount of the expenses that MIDDD had reimbursed to the City for repairing a collapsed water line. By stipulation filed on October 16, 2014, the settlement fixed the claim at \$22 million, provided for its treatment in class 14 as a general unsecured

claim, and obligated MIDDD to withdraw its plan objections. (Dkt. #7987) On October 20, 2014, following a hearing, the Court approved the settlement. (Dkt. #8025)

V. THE CREATION OF THE GREAT LAKES WATER AUTHORITY

Another major achievement in the case is the mediated agreement that the City entered into with Wayne, Oakland and Macomb Counties for the creation of the Great Lakes Water Authority. These counties and their customers obtain their water and sewer services from the Detroit Water and Sewerage Department (“DWSD”). By this agreement, the assets of the DWSD will be governed by representatives of the region that it serves. In exchange, the GRS pension plan will be paid \$428.5 million as DWSD’s share of the City’s unfunded pension liability and for its share of restructuring expenses and professional fees. Although this agreement resulted in the counties’ withdrawal of their objections to the plan and involved the transfer of City assets, the City exercised its right under § 904 not to request Court approval of this memorandum of understanding.¹¹

¹¹ See *In re City of Stockton, Cal.*, 486 B.R. 194, 199 (Bankr. E.D. Cal. 2013) (“Hence, § 904 means that the City can expend its property and revenues during the chapter 9 case as it wishes. . . . When a chapter 9 debtor files a Rule 9019 motion to have the court approve a compromise or settlement, the municipality ‘consents’ for purposes of § 904 to judicial interference with the property or revenues of the debtor needed to accomplish the proposed transaction.”).

In *Stockton*, the court suggested that an unapproved settlement in a chapter 9 case might still be the basis for a confirmation objection under § 1129(b)(1) that the plan unfairly discriminates or is not fair and equitable, or an objection under § 1129(a)(2) that the plan is not proposed in good faith or by a means forbidden by law. *Id.* at 199-200. No such objections are raised in this case as to the Great Lakes Water Authority.

Moreover, although in a chapter 11 case, § 363(b) requires court approval of a non-ordinary course transfer like this, § 901 does not make that section applicable in a chapter 9 case. See *In re Richmond Unified Sch. Dist.*, 133 B.R. 221, 225 (Bankr. N.D. Cal. 1991) (“[T]he debtor is free to use, sell or lease property without regard to the restrictions in section 363.”).

VI. THE CLASSES OF CLAIMS IN THE CITY'S PLAN AND THE RESULTS OF THE BALLOTING

In the City's plan, classes 1-5 are secured and classes 7-17 are unsecured. Class 6 has already been paid.

Secured classes 1-4 are unimpaired and therefore, under § 1126(f), are deemed to have accepted the plan. These claims are:

- Class 1A - All Classes of DWSD Bond Claims
- Class 1B - All Classes of DWSD Revolving Sewer Bond Claims
- Class 1C - All Classes of DWSD Revolving Water Bond Claims
- Class 2A - Secured GO Series 2010 Claims
- Class 2B - Secured GO Series 2010(A) Claims
- Class 2C - Secured GO Series 2012(A)(2) Claims
- Class 2D - Secured GO Series 2012(A2-B) Claims
- Class 2E - Secured GO Series 2012(B) Claims
- Class 2F - Secured GO Series 2012(B2) Claims
- Class 3 - Other Secured Claims
- Class 4 - HUD Installment Notes Claims

Class 5 consists of swap claims arising from the COPs Transaction. These claims are secured but impaired. The amount and treatment of these claims is the result of the Court-approved Swaps Settlement, described in part IV.A. above. The class accepted the plan by 100% (two votes).

The classes of unsecured claims are impaired. Classes 7 through 13 and 17 settled their objections to confirmation and accepted the plan. The Court approved these settlements in part

III above. Classes 14 and 15 rejected the plan. Class 16 is deemed to have rejected the plan under § 1126(g). The classes and the results of the balloting are:

- Class 7 - LTGO Bond Claims accepted by 62.98% in number, 83.39% in amount.
- Class 8 - UTGO Bond Claims accepted by 87.26% in number, 97.35% in amount.
- Class 9 - COPs Claims accepted by 92.50% in number and 96.61% in amount.
- Class 10 - PFRS Pension Claims accepted by 82.17% in number, 82.10% in amount.
- Class 11 - GRS Pension Claims accepted by 73.15% in number, 72.94% in amount.
- Class 12 - OPEB Claims accepted by 88.25% in number, 84.62% in amount.
- Class 13 - Downtown Development Authority Claims accepted by 100% in number and amount (one vote).
- Class 14 - Other Unsecured Claims rejected by 51.05% in number, 57.49% in amount.
- Class 15 - Convenience Claims rejected by 55.26% in number, 57.92% in amount.
- Class 16 - Subordinated Claims are deemed to have rejected.
- Class 17 - Indirect 36th District Court Claims accepted by 100%.

(Dkt. ##6179, 6665 and 8072)

VII. THE STATUTORY REQUIREMENTS FOR CHAPTER 9 PLAN CONFIRMATION

Section 943(b) provides:

The court shall confirm the plan if—

- (1) the plan complies with the provisions of this title made applicable by sections 103(e) and 901 of this title;
- (2) the plan complies with the provisions of this chapter;
- (3) all amounts to be paid by the debtor or by any person for services or expenses in the case or incident to the plan have been fully disclosed and are reasonable;
- (4) the debtor is not prohibited by law from taking any action necessary to carry out the plan;

(5) except to the extent that the holder of a particular claim has agreed to a different treatment of such claim, the plan provides that on the effective date of the plan each holder of a claim of a kind specified in section 507(a)(2) of this title will receive on account of such claim cash equal to the allowed amount of such claim;

(6) any regulatory or electoral approval necessary under applicable nonbankruptcy law in order to carry out any provision of the plan has been obtained, or such provision is expressly conditioned on such approval; and

(7) the plan is in the best interests of creditors and is feasible.

11 U.S.C. § 943(b).¹²

Section 901 provides, “Sections . . . 1129(a)(2), 1129(a)(3), 1129(a)(6), 1129(a)(8), 1129(a)(10), 1129(b)(1), 1129(b)(2)(A), 1129(b)(2)(B) . . . of this title apply in a case under this chapter.”¹³

In pertinent part, § 1129 provides:

(a) The court shall confirm a plan only if all of the following requirements are met:

. . . .

¹² The reference in § 943(b)(1) to § 103(e) appears to be a mistake. Section 103(e) states: Scope of Application.— Subchapter V of chapter 7 of this title shall apply only in a case under such chapter concerning the liquidation of an uninsured State member bank, or a corporation organized under section 25A of the Federal Reserve Act, which operates, or operates as, a multilateral clearing organization pursuant to section 409 of the Federal Deposit Insurance Corporation Improvement Act of 1991.

11 U.S.C. § 103(e). The reference probably should be to § 103(f), which provides, “Except as provided in section 901 of this title, only chapters 1 and 9 of this title apply in a case under such chapter 9.”

¹³ Section 901 also identifies other sections of chapter 11 that apply in chapter 9 cases. These include §§ 1122, 1123(a)(1), 1123(a)(2), 1123(a)(3), 1123(a)(4), 1123(a)(5), 1123(b), 1123(d), 1124, 1125, 1126(a), 1126(b), 1126(c), 1126(e), 1126(f), 1126(g), 1127(d), and 1128. These sections will be reviewed as necessary to address the parties’ objections to confirmation.

(2) The proponent of the plan complies with the applicable provisions of this title.

(3) The plan has been proposed in good faith and not by any means forbidden by law.

....

(6) Any governmental regulatory commission with jurisdiction, after confirmation of the plan, over the rates of the debtor has approved any rate change provided for in the plan, or such rate change is expressly conditioned on such approval.

....

(8) With respect to each class of claims or interests—

(A) such class has accepted the plan; or

(B) such class is not impaired under the plan.

....

(10) If a class of claims is impaired under the plan, at least one class of claims that is impaired under the plan has accepted the plan, determined without including any acceptance of the plan by any insider.

....

(b)(1) Notwithstanding section 510(a) of this title, if all of the applicable requirements of subsection (a) of this section other than paragraph (8) are met with respect to a plan, the court, on request of the proponent of the plan, shall confirm the plan notwithstanding the requirements of such paragraph if the plan does not discriminate unfairly, and is fair and equitable, with respect to each class of claims or interests that is impaired under, and has not accepted, the plan.

(2) For the purpose of this subsection, the condition that a plan be fair and equitable with respect to a class includes the following requirements:

(A) With respect to a class of secured claims, the plan provides—

(i)(I) that the holders of such claims retain the liens securing such claims, whether the property subject to such liens is

retained by the debtor or transferred to another entity, to the extent of the allowed amount of such claims; and

(II) that each holder of a claim of such class receive on account of such claim deferred cash payments totaling at least the allowed amount of such claim, of a value, as of the effective date of the plan, of at least the value of such holder's interest in the estate's interest in such property;

(ii) for the sale, subject to section 363(k) of this title, of any property that is subject to the liens securing such claims, free and clear of such liens, with such liens to attach to the proceeds of such sale, and the treatment of such liens on proceeds under clause (i) or (iii) of this subparagraph; or

(iii) for the realization by such holders of the indubitable equivalent of such claims.

(B) With respect to a class of unsecured claims—

(i) the plan provides that each holder of a claim of such class receive or retain on account of such claim property of a value, as of the effective date of the plan, equal to the allowed amount of such claim; or

(ii) the holder of any claim or interest that is junior to the claims of such class will not receive or retain under the plan on account of such junior claim or interest any property, except that in a case in which the debtor is an individual, the debtor may retain property included in the estate under section 1115, subject to the requirements of subsection (a)(14) of this section.

11 U.S.C. § 1129.

The City bears the burden of establishing each of the required elements for confirmation of its plan by a preponderance of the evidence. *In re Bamberg Cnty. Mem'l Hosp.*, No. 11-03877, 2012 WL 1890259, at *4 (Bankr. D.S.C. May 23, 2012); *In re Pierce Cnty. Hous. Auth.*, 414 B.R. 702, 715 (Bankr. W.D. Wash. 2009); *In re Mount Carbon Metro. Dist.*, 242 B.R. 18, 31 (Bankr. D. Colo. 1999).

Moreover, “the court has an independent obligation to determine that a proposed plan meets the confirmation requirements of § 943(b), notwithstanding creditor approval.” *Prime Healthcare Mgmt. Inc. v. Valley Health Sys. (In re Valley Health Sys.)*, 429 B.R. 692, 710 n.45 (Bankr. C.D. Cal. 2010).

VIII. THE COURT’S FINDINGS REGARDING CONFIRMATION OF THE CITY’S EIGHTH AMENDED PLAN OF ADJUSTMENT

Regarding confirmation of the eighth amended plan of adjustment, the Court specifically finds:

1. The plan complies with the provisions of title 11 that are made applicable in chapter 9 by §§ 103(f) and 901.
2. Each of the claims in each class is substantially similar to the other claims in the class, as required by § 1122(a).
3. Class 15, the class of convenience claims consisting only of every unsecured claim that is less than or reduced to \$25,000, is approved as reasonable and necessary for administrative convenience, as required by § 1122(b).
4. The plan complies with the “contents of plan” requirements of § 1123(a)(1)-(5), (b), and (d).
5. The classes of claims that the plan designates as unimpaired, classes 1 through 4, are unimpaired under § 1124.
6. The City complied with the “postpetition disclosure and solicitation” requirements of § 1125.
7. The plan complies with the provisions of chapter 9 of title 11 of the United States Code, as required by § 943(b)(2).
8. All amounts paid or to be paid by the City for services or expenses in the case or incident to the plan will be fully disclosed and reviewed for reasonableness as soon as practicable, as required by § 943(b)(3).
9. The debtor is not prohibited by law from taking any action necessary to carry out the plan, as required by § 943(b)(4).

10. Except to the extent agreed, the plan provides that on the effective date of the plan, each holder of a claim specified in § 507(a)(2) will receive cash equal to the allowed amount of the claim, as required by § 943(b)(5).
11. Any regulatory or electoral approval necessary under applicable nonbankruptcy law in order to carry out any provision of the plan has been obtained, as required by § 943(b)(6).
12. The plan is in the best interests of creditors, as required by § 943(b)(7).
13. The plan is feasible, as required by § 943(b)(7).
14. The City has complied with the applicable provisions of title 11, as required by § 1129(a)(2).
15. The plan has been proposed in good faith, as required by § 1129(a)(3).
16. The plan has not been proposed by any means forbidden by law, as required by § 1129(a)(3).
17. Any governmental regulatory commission with jurisdiction, after confirmation of the plan, over the rates of the debtor has approved any rate change provided for in the plan, or such rate change is expressly conditioned on such approval, as required by § 1129(a)(6).
18. All classes accepted the plan under § 1126 except class 14 (other unsecured claims), class 15 (convenience claims), and class 16 (subordinated claims). Therefore the requirement of § 1129(a)(8) that each impaired class has accepted the plan is not met. However, the plan meets the alternative requirements of § 1129(b).
19. At least one class of claims that is impaired under the plan has accepted the plan, determined without including any acceptance of the plan by any insider, as required by § 1129(a)(10).
20. The plan does not discriminate unfairly with respect to rejecting classes 14 and 15 (the other unsecured claims and the convenience claims), as required by § 1129(b)(1).
21. The plan is fair and equitable with respect to classes 14 and 15, as required by § 1129(b)(1).

Accordingly, the Court confirms the City's eighth amended plan of adjustment.

IX. THE OUTSTANDING OBJECTIONS TO THE CITY'S PLAN

A. Objections Filed by Represented Parties

Because of the settlements, the only remaining objections to the plan that represented parties filed are the objections of creditors with claims under 42 U.S.C. § 1983 and the objections of creditors with claims under the Takings Clause of the Fifth Amendment to the United States Constitution. Both groups assert that because their claims are based in the Constitution, their claims cannot be discharged in bankruptcy. These objections are addressed in part X.J. below.

B. Objections Filed by Unrepresented Parties

Unrepresented parties filed 836 timely objections to confirmation. These objections were thoughtful, articulate, sincere and substantive. The Court has attempted to summarize these objections with language that both captures the essence of the objections and appropriately speaks to the statutory requirements for chapter 9 plan confirmation:

1. The ASF recoupment is improper.
2. The plan is not in the best interests of creditors.
3. The plan unfairly discriminates.
4. The plan violates § 1123(a)(4) by providing different treatment among class 11 creditors.
5. The plan is not feasible.
6. The plan violates the funding clause of the Michigan constitution because it does not require the City to make up missed payments to the pension fund if outside funding does not happen.
7. The City did not provide adequate notice of amended plans and disclosure statements, objection deadlines, or voting rights.

8. The due process rights of creditors have been violated by the Court's haste in this entire process.
9. The plan impairs pension holders' claims against the retirement systems.
10. The DWSD and library pensions were fully funded so they should not be impaired.
11. The vote solicitation and balloting procedures were unlawful and unfair.
12. The plan's third-party release provisions are improper.
13. The plan improperly offers a higher recovery to classes 10 and 11 if they vote in favor of the plan.
14. The UTGO settlement violates state law.
15. The plan violates the Blighted Area Rehabilitation Act (Mich. Comp. Laws. §§ 125.71-125.84).
16. The Grand Bargain is an improper use of tobacco settlement money.
17. The plan violates the Federal Transit Act (49 U.S.C. § 5333(b)) with respect to DDOT employees.
18. The pension underfunding is overstated and therefore the pensions are improperly impaired.
19. The use of a 6.75% discount rate in the pension settlement is improper.

X. ISSUES RELATING TO PLAN CONFIRMATION

In this section, the Court addresses the confirmation issues and requirements that it concludes require discussion. The Court overrules all other objections without further discussion.

A. The City's Professional Fees Will Be Fully Disclosed and Reviewed for Reasonableness As Soon As Practicable, As Required by § 943(b)(3)

Section 943(b)(3) requires that "all amounts to be paid by the debtor or by any person for services or expenses in the case or incident to the plan have been fully disclosed and are reasonable."

Section 943(b)(3) is clear in its requirement that the City's professional fees be fully disclosed. As discussed below, however, § 943(b)(3) is not clear on the extent to which it requires that the City's professional fees are reasonable.

1. The City's Professional Fees Will Be Fully Disclosed

The Court concludes that all amounts to be paid by the debtor for services or expenses in the case or incident to the plan will be fully disclosed.

On August 19, 2013, the Court entered an order appointing a fee examiner. (the "Fee Examiner Order") (Dkt. #383) That order requires the fee examiner "to assure the Court, the City, the creditors, and the public that the City's Professional Fee Expenses are fully disclosed and are reasonable, as required by § 943(b)(3)." *Id.* at ¶ 3. Under the Fee Examiner Order, "Professional Fee Expenses" are defined to include "professional compensation and reimbursement of expense obligations . . . that the City incurs in connection with this case whether payable to professionals employed by the City or by others." *Id.* at ¶ 2.

The Fee Examiner Order was followed by an order on September 11, 2013, establishing the process by which the fee examiner would review fees. (the "Fee Review Order") (Dkt. #810) The Fee Review Order requires the professionals whose fees the City must pay to submit detailed monthly fee statements to the fee examiner. The examiner then responds to the professionals with a preliminary report regarding the reasonableness of the fees. The professionals and the examiner then meet and confer in an effort to resolve any issues regarding the fees. Thereafter, the fee examiner files quarterly reports disclosing the fees and stating whether the fees were fully disclosed and reasonable under § 943(b)(3). These reports are then

posted on the Emergency Manager's website. If the fee examiner finds that the fees were not reasonable, the affected professional can bring the issue before the Court.

On May 29, 2014, the Court entered an Order Amending and Clarifying Fee Review Order of September 11, 2013. (the "DWSD Trustee Fee Order") (Dkt. #5150) The DWSD Trustee Fee Order clarifies that "[a]ll fees and expenses of the professionals retained by, and the employees of, U.S. Bank National Association in its capacity as Trustee . . . , to provide services in connection with the City's Bankruptcy case, shall be subject to review by the Fee Examiner under the Fee Review Order of September 11, 2013."¹⁴

Pursuant to these orders, the fee examiner has filed quarterly reports that have fully disclosed the City's Professional Fee Expenses through June 2014. These include:

- Fee Examiner's Quarterly Report for Months of July, August and September 2013, filed February 4, 2014 (Dkt. #2642);
- Fee Examiner's First Supplemental Quarterly Report for Months of July, August and September 2013, filed April 1, 2014 (Dkt. #3457);
- Fee Examiner's Second Quarterly Report for Months of October, November and December 2013, filed May 6, 2014 (Dkt. #4498);
- Fee Examiner's Third Quarterly Report for Months of January, February and March 2014, filed August 5, 2014 (Dkt. #6528);
- Fee Examiner's First Supplemental Quarterly Report for Months of January, February and March 2014, filed September 8, 2014 (Dkt. #7332);
- Fee Examiner's Second Supplemental Quarterly Report for Months of July, August and September 2013, filed September 18, 2014 (Dkt. #7574);
- Fee Examiner's First Supplemental Quarterly Report for Months of October, November and December 2013, filed September 18, 2014 (Dkt. #7575); and

¹⁴ Subsequently, as part of the DWSD settlement, the parties agreed that the fees and expenses of the U.S. Bank National Association in its capacity as trustee would be subject to a separate arbitration process to determine their reasonableness. (Dkt. #7028)

- Fee Examiner's Fourth Quarterly Report for Months of April, May and June 2014, filed November 5, 2014 (Dkt. #8186).

Subsequently, the Court entered an order requiring the City to fully disclose all of its professional fees in the case through the effective date of the plan. (Dkt. #8710)

2. Section 943(b)(3) Requires the Court to Determine Whether the City's Professional Fees in the Case Are Reasonable

As a condition of plan confirmation, § 943(b)(3) further requires that these amounts for services or expenses in the case or incident to the plan are "reasonable." In chapter 11, the court's authority and obligation to review professional fees is firmly established in § 330 of the bankruptcy code. *Cupps & Garrison, LLC v. Riehl (In re Two Gales, Inc.)*, 545 B.R. 427, 432-33 (6th Cir. BAP 2011); *In re Busy Beaver Bldg. Ctrs., Inc.*, 19 F.3d 833 (3d Cir. 1994). However, § 330 is omitted from the list of sections identified in § 901 that apply in chapter 9. As a result, the professionals in the case have not filed applications for the award of fees under § 330.

It is not readily apparent how to reconcile the fee reasonableness requirement of § 943(b)(3) with the inapplicability of § 330 in chapter 9. The Court therefore requested interested parties to brief this issue.

The City's brief asserts that § 943(b)(3) is satisfied by the fee examiner's findings that the fees disclosed are reasonable, together with the opportunity that the process establishes for any party to seek further review by the Court. It further argues that because of § 904 and the Tenth Amendment, the Court's role in reviewing fees should be more limited and circumspect than in a chapter 11 case. (Dkt. #6842)

The retiree committee restates the City's argument and also makes a broader argument. It asserts that under § 943(b)(3), only those fees remaining "to be paid" upon confirmation are subject to the reasonableness requirement, not the fees that the City paid during the case.

Two issues are raised here:

(1) Does § 943(b)(3) of the bankruptcy code require that all of the City's professional fees be reasonable or only those fees that remain unpaid at the moment of confirmation?

(2) Should the Court accept, without further review, the fee examiner's findings that the fees have been reasonable?

For the reasons set forth below, the Court concludes that § 943(b)(3) does require that all of the City's professional fees in connection with the case be reasonable. The Court further concludes that it is not appropriate to accept, without further judicial review, the fee examiner's findings that the fees have been reasonable.

a. The Scope of § 943(b)(3)

No case has closely analyzed the specific question of whether § 943(b)(3) requires that the reasonableness of all of the City's professional fees be reviewed or only those fees that remain unpaid at the moment of confirmation. The practices and procedures that the courts have followed appear to have split on the question. The majority of the decisions have adopted the practice of reviewing all fees. For example, in *In re Barnwell County Hospital*, 471 B.R. 849 (Bankr. D.S.C. 2012), the court stated in its opinion and order confirming the plan, entered on May 23, 2012:

As set forth in the Disclosure Statement, the Debtor disclosed the amounts paid to professionals due and owing as of February 28, 2012. Thereafter, counsel submitted an update of the amounts paid and due through March 31, 2012. There have been no objections to the Plan based upon these disclosures. The foregoing amounts

are reasonable and necessary to effectuate the Plan and reorganization in this complex case, and thus § 943(b)(3) is satisfied.

Id. at 868. *See also Bamberg Cnty. Mem'l Hosp.*, 2012 WL 1890259, at *7 (decision by the same judge and entered on the same date).

Similarly, in *In re Colorado Centre Metropolitan District*, 139 B.R. 534, 535 (Bankr. D. Colo. 1992), the court stated, “In a Chapter 9, the Court must determine if the fees paid by the Debtor or any person have been fully disclosed and are reasonable.” *See also In re East Shoshone Hosp. Dist.*, 226 B.R. 430, 433 (Bankr. D. Idaho 1998) (“§ 943(3) requires as a condition of confirmation that all amounts paid by debtor for services or expenses in the case or incident to the plan have been (1) disclosed and (2) are reasonable.”); *In re Sanitary & Improvement Dist. No. 7 of Lancaster Cnty., Neb.*, 96 B.R. 966, 967 (Bankr. D. Neb. 1989) (“Sections 943(b)(3) and (b)(5) permit this Court to confirm a plan if the Court determines administrative expenses to be reasonable and if the plan provides for payment on the effective date of all administrative expenses.”).

On the other hand, some decisions appear to review the reasonableness of only unpaid fees. One example here is *In re Corcoran Hospital District*, 233 B.R. 449 (Bankr. E.D. Cal. 1999):

The debtor has agreed that “after confirmation, the Debtor will seek to pay its attorneys and Committee counsel compensation and reimbursement in an amount and on a schedule to be approved by the Court. The Debtor will not make any final payments to either counsel without a finding from the Court that such payment is reasonable; therefore it is unnecessary to make a finding of reasonableness at this time.” Thus, this requirement of § 943(b)(3) is met, provided that the order confirming the Plan shall contain language consistent with the debtor's representation.

Id. at 452-53 (footnote omitted); *see also Connector 2000 Ass’n, Inc.*, 447 B.R. at 764-65.

Interestingly, these two decisions were by the same judge that decided *In re Barnwell County Hospital* and *In re Bamberg County Memorial Hospital*, cited above.¹⁵

¹⁵ It is worth observing that almost all of the secondary sources seem to agree with the majority of the courts that review all of the fees. This observation, however, must be tempered by the further observation that, like the cases, the secondary authorities have also not rigorously analyzed the question. *See, e.g.*, 5 Norton Bankr. L. & Prac. 3d § 90:20 (2014) (“Third, the municipality must disclose all amounts paid for services in the case incident to the plan, and the amounts must be reasonable. This includes attorney’s fees.”) (footnotes omitted); Francis J. Lawall & J. Gregg Miller, Debt Adjustments for Municipalities under Chapter 9 of the Bankruptcy Code: A Collier Monograph, § 8[ix] (2012) (“Section 943(b)(3) requires that the plan fully disclose all amounts paid for services or expenses in the chapter 9 case or incident to the plan. Section 943(b)(3) further requires that all such services or expenses be reasonable.”) (footnotes omitted); 1981 Norton Ann. Survey of Bankr. Law 5 (“[T]he municipality must disclose all amounts paid for services in the case as incident to the plan and such amounts must be reasonable.”); Elizabeth M. Watkins, In Defense of the Chapter 9 Option: Exploring the Promise of a Municipal Bankruptcy as a Mechanism for Structural Political Reform, 39 J. Legis. 89, 95 (2012-2013) (“A municipality must pay legal and financial professionals to administer the case and to subsequently monitor compliance with the reporting requirements of the readjustment plan. These costs can easily range in the seven figures. Of course, this carries the risk that the bankruptcy court might reject the readjustment plan entirely”) (footnotes omitted); Eric S. Pommer & Mark M. Friedman, Municipal Bankruptcy and Its Effects on Governmental Contractors, 25 Pub. Cont. L.J. 249, 259 (1996) (“all amounts paid by the debtor-municipality or by any person for services or expenses in the case or incident to the plan have been fully disclosed and are reasonable”); and David S. Kupetz, Municipal Debt Adjustment Under the Bankruptcy Code, 27 Urb. Law. 531, 568 (1995) (“The only court approval required is the retroactive approval necessary in order to satisfy the condition for confirmation of a plan of adjustment set forth in § 943(b)(3).”).

One secondary source specifically acknowledges the issue but concludes without discussion that § 943(b)(3) applies only to fees to be paid. *See Stanley H. McGuffin*, Chapter 9 As a Remedy for Financially Stressed Municipalities, 2011 WL 5053634, at *9 (“It should be noted that the statute appears to have prospective application by virtue of the phrase ‘to be paid.’ Consequently, it is unclear whether the debtor must disclose fees previously paid or if the court must make a reasonableness determination as to such fees.”).

Collier on Bankruptcy adopts both positions. *Compare* 6 Collier on Bankruptcy ¶ 943.03[3] at 943-19 (“Section 943(b)(3) requires that the plan must disclose all amounts paid for services or expenses in the case or incident to the plan, and that the amounts paid be reasonable.”) *with* 6 Collier on Bankruptcy, ¶ 901.04[13][c] at 901-26.2 (“Indeed, section 943(b)(3) requires that professional fees to be paid under a plan must be disclosed and must be reasonable.”).

The plain language of § 943(b)(3) requires only that fees “to be paid” must be reasonable. The argument that the plain language of the statute should be applied is always strong. *Lamie v. United States Trustee*, 540 U.S. 526, 536 (2004) (“We should prefer the plain meaning since that approach respects the words of Congress.”); *U.S. Nat’l Bank of Or. v. Indep. Ins. Agents of Am., Inc.*, 508 U.S. 439, 454 (1993) (“A statute’s plain meaning must be enforced, of course[.]”); *Patterson v. Shumate*, 504 U.S. 753, 760 (1992) (party seeking to defeat plain meaning of bankruptcy code text bears an “exceptionally heavy burden”) (internal quotation marks omitted).

The Court concludes, however, that it must construe § 943(b)(3) as giving the Court the responsibility to determine the reasonableness of all of the professional fees incurred by the City, whether paid or unpaid at the point of confirmation.¹⁶

¹⁶ The Court notes that in another significant respect, the plain language of the statute leads to a bizarre and demonstrably unintended result. To repeat, the language of § 943(b)(3) is “all amounts to be paid by the debtor or by any person for services or expenses in the case or incident to the plan have been fully disclosed and are reasonable.” Applying this language literally would require a determination of the reasonableness of any fees paid by “any person for services in the case.” This would include determining the reasonableness of the fees of all of the professionals in the case, including the professionals retained by all of the creditors.

In re Colorado Centre Metro. Dist., 139 B.R. 534 (Bankr. D. Colo. 1992), pointed out exactly how bizarre this can become. It observed, “[I]f the Court determines that the fees paid by a creditor to its attorney are unreasonable, the debtor’s plan cannot be confirmed. Such an interpretation would enable an antagonistic creditor to purposefully overpay his attorney in order to defeat the debtors plan—a truly absurd result.” *Id.* at 535.

The legislative history readily solves this problem by explaining what the phrase “by any person” was intended to accomplish. It states:

The inclusion of the phrase “by any person” is intended solely to prevent the petitioner from circumventing the requirement of this paragraph by making payments indirectly through some third person for the benefit of the petitioner. It is not intended that the court examine all payments made to all attorneys and agents that are in any way connected with the case.

H.R. REP. No. 94-686, 33-34(1975), *reprinted in* 1976 U.S.C.C.A.N. 539, 571-72.

Continued...

In reaching this conclusion, the Court is guided by *U.S. National Bank of Oregon*:

[T]ext consists of words living “a communal existence,” in Judge Learned Hand’s phrase, the meaning of each word informing the others and “all in their aggregate tak[ing] their purport from the setting in which they are used.” *NLRB v. Federbush Co.*, 121 F.2d 954, 957 (CA2 1941). Over and over we have stressed that “[i]n expounding a statute, we must not be guided by a single sentence or member of a sentence, but look to the provisions of the whole law, and to its object and policy.” *United States v. Heirs of Boisdore*, 49 U.S. (8 How.) 113, 122, 12 L. Ed. 1009 (1849) (quoted in more than a dozen cases, most recently *Dole v. Steelworkers*, 494 U.S. 26, 35, 110 S. Ct. 929, 934, 108 L. Ed. 2d 23 (1990)); see also *King v. St. Vincent’s Hospital*, 502 U.S. 215, 221, 112 S. Ct. 570, 574, 116 L. Ed. 2d 578 (1991). No more than isolated words or sentences is punctuation alone a reliable guide for discovery of a statute’s meaning. Statutory construction “is a holistic endeavor,” *United Savings Assn. of Texas v. Timbers of Inwood Forest Associates, Ltd.*, 484 U.S. 365, 371, 108 S. Ct. 626, 630, 98 L. Ed. 2d 740 (1988), and, at a minimum, must account for a statute’s full text, language as well as punctuation, structure, and subject matter.

Id., 508 U.S. at 454-55.

The Court therefore concludes that determining the issue of whether it must review all fees or only those to be paid after confirmation compels it to consider which result accounts for the bankruptcy code’s “full text, language as well as punctuation, structure, and subject matter.”

Id. at 455.

Initially, the Court notes that requiring the Court to determine the reasonableness of unpaid fees but not paid fees creates an arbitrary line that the parties can readily manipulate to avoid judicial review of their fees.

The point is that this legislative history explicitly admits that Congress did not intend for the language of § 943(b)(3) to be applied literally, at least in this respect. It also casts doubt on how carefully § 943(b)(3) was drafted.

It is possible that chapter 9 contemplates that a municipal debtor would pay the professionals to whom it is obligated only after confirmation and not during the pendency of the case, as here. Indeed, two cases so suggest. See *In re Valley Health Sys.*, 381 B.R. 756, 765 n.10 (Bankr. C.D. Cal. 2008); *In re Cnty. of Orange*, 179 B.R. 195, 199-200 (Bankr. C.D. Cal. 1995). This would fully harmonize the language in § 934(b)(3)—“all amounts to be paid”—with the court’s obligation to review all fees, if that is what Congress intended. In a complex case like this one, however, this is not a practical answer. No professional would take on a retention in a complex chapter 9 case if fees could only be paid upon judicial review upon confirmation.

A more practical and satisfactory answer grows out of the suggestion in Norton on Bankruptcy that § 943(b)(3) codifies the result in *American United Mutual Life Insurance Co. v. City of Avon Park*, 311 U.S. 138 (1940). See 5 Norton Bankr. L. & Prac. 3d § 90:20, n.13 (2014). In *City of Avon Park*, the Supreme Court discussed at length the legal and equitable necessity of the bankruptcy court reviewing the professional fees for which the municipal debtor is liable:

We have emphasized that full disclosure is the minimum requirement in order not to imply that it is the limit of the power and duty of the bankruptcy court in these situations. As this court stated in *Securities and Exchange Commission v. United States Realty & Improvement Co.*, 310 U.S. 434, 455, 60 S. Ct. 1044, 1053, 84 L. Ed. 1293: ‘A bankruptcy court is a court of equity, § 2, 11 U.S.C. § 11, 11 U.S.C.A. § 11, and is guided by equitable doctrines and principles except in so far as they are inconsistent with the Act. . . . A court of equity may in its discretion in the exercise of the jurisdiction committed to it grant or deny relief upon performance of a condition which will safeguard the public interest.’ And see *Papper v. Litton*, 308 U.S. 295, 304 *et seq.*, 60 S. Ct. 238, 244, 84 L. Ed. 281. These principles are a part of the control which the court has over the whole process of formulation and approval of plans of composition or reorganization, and the obtaining of assents thereto.

. . . .

Where such investigation discloses the existence of unfair dealing, a breach of fiduciary obligations, profiting from a trust, special benefits for the reorganizers, or the need for protection of investors against an inside few or of one class of investors from the encroachments of another, the court has ample power to adjust the remedy to meet the need. . . . That power is ample for the exigencies of varying situations. It is not dependent on express statutory provisions. It inheres in the jurisdiction of a court of bankruptcy. The necessity for its exercise (*Pepper v. Litton, supra*, 308 U.S. page 308, 60 S. Ct. 246, 84 L. Ed. 281) is based on the responsibility of the court before entering an order of confirmation to be satisfied that the plan in its practical incidence embodies a fair and equitable bargain openly arrived at and devoid of overreaching, however subtle.

311 U.S. at 145-46.

Thus, as a court of equity, a bankruptcy court has the authority, “guided by equitable doctrines and principles,” to “safeguard the public interest” as a condition of granting relief, unless the condition is inconsistent with the bankruptcy code. *Id.* at 145. It also has the authority, inherent in its jurisdiction and “not dependent on express statutory provisions” to remedy the “existence of unfair dealing, a breach of fiduciary obligations, profiting from a trust, special benefits for the reorganizers,” all as part of the Court’s responsibility to ensure that the plan is “fair and equitable” and “devoid of overreaching.” *Id.* at 146. Of course, as much in the professional fee context as in another context, a bankruptcy court must zealously protect against “unfair dealing, a breach of fiduciary obligations, profiting from a trust, [or] special benefits for the reorganizers.” *Id.*

In *City of Avon Park*, the professional fees at issue—the fees of the debtor’s bond agent—were unpaid upon confirmation, but the Supreme Court’s mandate to review professional fees was surely not so spineless as to permit an exception for paid fees. Rather, the Court’s mandate is an important and powerful one, to be observed with the greatest consideration and care. It simply cannot be obeyed by reviewing only unpaid fees.

Accordingly, the Court concludes that it has the obligation, as a condition of confirming a chapter 9 debtor's plan, to determine the reasonableness of all of the professional fees for which the debtor is obligated. Only this construction of § 943(b)(3) holistically accounts for the bankruptcy code's "full text, language as well as punctuation, structure, and subject matter." *U.S. Nat'l Bank of Or.*, 508 U.S. at 455.

**b. Deferring to the Fee Examiner's
Determination of Reasonableness in This Case Is
Insufficient to Comply with § 943(b)(3) and *City
of Avon Park***

The Court concludes that because its obligation under § 943(b)(3) is so closely linked to its obligation to determine whether the plan is fair and equitable, the Court simply cannot outsource this responsibility to the fee examiner. It must make an independent determination that § 943(b)(3) is met.

There is, in addition, a practical reason why this must be the result. Without hesitancy, the Court finds that the work of the fee examiner has been valuable, important and significant. It has, however, been limited by two significant circumstances that would not limit this Court's review of fees. One is that the fee examiner has not presided over the litigation and witnessed first-hand the services of the professionals whose fees must be reviewed. The second is that the fee examiner does not have the benefit of our time-honored adversary process to facilitate and advance the task of reviewing fees. At the same time, however, the Court also recognizes that the fee examiner has had resources to assist him—a staff of experienced attorneys and paralegals, as well as a retained accounting firm—that the Court does not have available.

Regardless, the Court must comply with § 943(b)(3) and *City of Avon Park*. Therefore, it must independently review the fees.

c. The Process for Reviewing Fees

In *Corcoran Hospital District*, 233 B.R. 449, the court found that the debtor could satisfy § 943(b)(3) through a post-confirmation process in which fees would be reviewed for reasonableness. This Court agrees that § 943(b)(3) only requires that the Court determine that the fees are reasonable and does not require the Court to make this determination before it enters an order confirming the plan.

Indeed, it is physically impossible to comply with the literal requirement of § 943(b)(3)—to find, before confirming the plan, that “all amounts to be paid by the debtor or by any person for services or expenses in the case or incident to the plan have been fully disclosed and are reasonable.” Fees subject to this requirement include fees through the effective date of the plan. Those fees will not be known, let alone incurred, until after confirmation. Accordingly, to facilitate confirmation, the Court will defer this issue and will request the assistance of counsel in establishing a process for determining the reasonableness of the fees for which the City is obligated.

Another issue will have to be addressed. As noted, reasonableness of fees is a requirement for confirmation in chapter 9. This is unlike chapter 11 where objections to fees are not confirmation objections. The general deadline to object to the City’s plan was May 12, 2014, and for bondholders and retirees it was July 11, 2014. As far as the Court can determine, only one party, David Sole, asserted a timely objection to the reasonableness of fees in this case. The issue then becomes whether all other parties in the case have waived the issue.

Regardless, the Court reaffirms that even if there has been such a waiver, the Court intends to fulfill its independent obligation to review the reasonableness and disclosure of fees.

**B. The Debtor Is Not Prohibited by Law from
Taking Any Action Necessary to Carry Out the
Plan, As Required by § 943(b)(4)**

As a condition of plan confirmation, section 943(b)(4) requires that “the debtor is not prohibited by law from taking any action necessary to carry out the plan[.]” Several creditors object to the plan on the grounds that it violates Art. IV. § 24 of the Michigan constitution, prohibiting the impairment of pensions, and that therefore the plan does not comply with § 943(b)(4).

The Court overrules this objection. An important distinction applies here. Under § 1123(b)(1), the plan may impair unsecured claims. As the Court held in its eligibility opinion, pension claims are unsecured contract claims under the Michigan constitution and are therefore subject to impairment in bankruptcy. *In re City of Detroit*, 504 B.R. at 150-54. Section 943(b)(4) does not prohibit that. If it did, then no unsecured claims could be impaired in a chapter 9 case.

Rather, the effect of § 943(b)(4) is limited to the actions that the municipality must take to implement the plan once the Court confirms it. For example, if a municipal debtor’s plan called for the issuance of new bonds to creditors, that bond issuance must comply with applicable law. As the Court held in *In re Sanitary & Improvement District, No. 7*, 98 B.R. 970, 974 (Bankr. D. Neb. 1989):

The Bankruptcy Code permits modification of bondholder rights. The Bankruptcy Code permits an issuance of new bonds with different face amounts and different interest rates and different payment periods than the original bonds held by bondholders prior to the bankruptcy filing. However, those “new bonds” simply become a substitute for the original obligation and they must be issued in conformance with state law and the terms of their redemption and payment must be in conformance with state law.

In this case, the Court finds that the implementation of the City's plan is in conformance with all applicable law, as § 943(b)(4) requires. Accordingly, this objection is overruled.

**C. The Plan Is in the Best Interests of Creditors,
As Required by § 943(b)(7)**

Section 943(b)(7) requires that the plan is in the best interests of creditors. Most of the best interests objections under § 943(b)(7) have been withdrawn or resolved. Some retiree creditors, however, do maintain this specific objection to confirmation. For example, several parties assert that the plan violates § 943(b)(7) because retirees could receive greater recoveries on their pension and OPEB claims under Michigan law than under the plan. *See, e.g., Jamie Fields et al. Obj. to Confirmation of the Fourth Am. Plan.* (Dkt. #5964)

In *Kelley v. Everglades Drainage District*, 319 U.S. 415 (1943), the Supreme Court stated, “[T]he fact that the vast majority of securities holders may have approved a plan is not the test of whether that plan satisfies the statutory standard.” *Id.* at 418-19 (quoting *City of Avon Park*, 311 U.S. at 148).

The Supreme Court also explained the scope of the findings that this Court must make on this issue:

The nature and degree of exactness of the findings required depends on the circumstances of the particular case. . . .

Delusive exactness of findings is . . . not required in cases of municipal bankruptcy. But where future tax revenues are the only source to which creditors can look for payment of their claims, considered estimates of those revenues constitute the only available basis for appraising the respective interests of different classes of creditors. In order that a court may determine the fairness of the total amount of cash or securities offered to creditors by the plan, the court must have before it data which will permit a reasonable, and hence an informed, estimate of the probable future revenues available for the satisfaction of creditors.

Id. at 419-20.

After discussing the substantive legal requirements of the best interests of creditors requirement in chapter 9, the Court will discuss the relevant evidence in the record supporting its findings, both as to the issues raised by the retiree creditors and the best interests of the City's creditors more generally.

1. The Applicable Law

At the outset, it is important to note that the best interests requirement of chapter 9 differs significantly from the best interests requirement in chapter 11, which involves considering a liquidation analysis. *See In re City of Colo. Springs Spring Creek Gen. Improvement Dist.*, 187 B.R. 683, 690 (in a chapter 9 case, an objecting creditor is not “protected by the best interest test of § 1129(a)(7)”).

Courts generally agree that the best interests of creditors test in § 943(b)(7) requires “that a proposed plan provide a better alternative for creditors than what they already have.” *In re Pierce Cnty. Hous. Auth.*, 414 B.R. at 718 (quoting *In re Mount Carbon Metro. Dist.*, 242 B.R. at 34); *see also In re Sanitary & Improvement Dist., No. 7*, 98 B.R. at 974.

This Court adopts that test.

As the court reasoned in *In re Mount Carbon*, “This is often easy to establish. Since creditors cannot propose a plan; cannot convert to Chapter 7; cannot have a trustee appointed; and cannot force sale of municipal assets under state law, their only alternative to a debtor's plan is dismissal.” 242 B.R. at 34. *See also Silver Sage Partners, Ltd. v. City of Desert Hot Springs (In re City of Desert Hot Springs)*, 339 F.3d 782, 789 (9th Cir. 2003) (“Chapter 9 makes no provision for conversion of the case to another chapter or for an involuntary liquidation of any of the debtor's assets.”) (quoting *In re Richmond Unified Sch. Dist.*, 133 B.R. 221, 225 (Bankr. N.D. Cal. 1991)).

Section 943(b)(7) is therefore subject to § 904, which states:

Notwithstanding any power of the court, unless the debtor consents or the plan so provides, the court may not, by any stay, order, or decree, in the case or otherwise, interfere with—

- (1) any of the political or governmental powers of the debtor;
- (2) any of the property or revenues of the debtor; or
- (3) the debtor's use or enjoyment of any income-producing property.

11 U.S.C. § 904.

The issue, therefore, is primarily whether the available state law remedies could result in a greater recovery for the City's creditors than confirmation of the plan. This analysis will also point out that losing the benefits of the plan will actually impair creditors' recoveries under these state law remedies. The Court will also address the argument of some creditors that the City could pay them more by raising taxes, by monetizing assets, such as the art at the DIA, or by adjusting its budget forecasts. Finally, the Court will briefly discuss the impact of its findings regarding the feasibility of the plan.

2. If the Case Were Dismissed, State Law Remedies Would Not Provide Creditors with a Better Result Than the Plan

a. The Creditors' Legal Remedies in the Event of a Dismissal

The Michigan Revised Judicature Act ("RJA") explicitly states, "No execution may issue upon a judgment against (1) Any township, village, city" Mich. Comp. Laws § 600.6021(1). Accordingly, if the case was dismissed, the unsecured creditors' only remedy under Michigan law would be § 6093 of the RJA. That section provides that when a party obtains a money judgment against a municipality, the party has the right to take the judgment to

the “supervisor” or “assessing officer” of the municipality, who then “shall proceed to assess the amount [of the judgment] . . . upon the taxable property” of the municipality, “upon the then next tax roll.” Mich. Comp. Laws § 600.6093(1). No party disputes this proposition, and the Court finds that it is supported by Michigan statutes and case law.

In *Faitoute Iron & Steel, Co. v. City of Asbury Park*, 316 U.S. 502 (1942), the Supreme Court observed:

The principal asset of a municipality is its taxing power and that, unlike an asset of a private corporation, can not be available for distribution. An unsecured municipal security is therefore merely a draft on the good faith of a municipality in exercising its taxing power. . . . In effect, therefore, the practical value of an unsecured claim against the city is inseparable from reliance upon the effectiveness of the city’s taxing power. The only remedy for the enforcement of such a claim is a mandamus to compel the levying of authorized taxes.

Id. at 509.

In *City of Roosevelt Park v. Norton Township*, 47 N.W.2d 605 (Mich. 1951), the Michigan Supreme Court stated:

The basis for this rule is that municipal funds constitute a trust fund for the accomplishment of certain municipal functions, *see Vanderpoel v. Borough of Mt. Ephraim*, 111 N.J.L. 423, 168 A. 575, 89 A.L.R. 862; that to subject municipal funds to levy of execution and garnishment would restrict, thwart and interfere with the proper and orderly functioning of the municipal governmental machinery, *see Underhill v. Calhoun*, 63 Ala. 216, and that to allow an individual municipal creditor to reach municipal funds for the satisfaction of his claim would effect a preference in favor of such creditor to the prejudice of other creditors and to the ultimate prejudice of the credit of the municipality, *Vanderpoel v. Borough of Mt. Ephraim, supra*.

A township is a municipal corporation and as such an instrumentality of the State for purposes of local government. *See Hanslovsky v. Township of Leland*, 281 Mich. 652, 275 N.W. 720. Township funds are in the nature of trust funds and are placed for disposition in accordance with appropriations previously made. Public policy forbids disturbance of these funds as to do so would

have a tendency to curtail governmental activities for which these funds were appropriated.

In our opinion the sole remedy for the collection of a judgment against a township is provided by CL 1948, § 624.5[.]

Id. at 606; *see also Parker v. Klochko Equip. Rental Co.*, 590 F.2d 649, 653 (6th Cir. 1979) (holding that it is well established under Michigan law, “that it is contrary to public policy to allow private liens on public property”); *Herter v. City of Detroit*, 219 N.W. 617, 617 (Mich. 1928) (“The rule in this state is fixed by statute The method of collection judgments against cities is by mandamus to compel the property city authorities to spread the tax to pay them.”) (citing *Griswold v. Common Council of Ludington*, 75 N.W. 609, 609 (Mich. 1898)).

If the case were dismissed, therefore, unsecured creditors, including retiree creditors, would be limited to any additional property tax revenues that the City could levy in addition to the City’s existing property tax collections for its general fund.

The Supreme Court has described the right to compel a municipality to raise taxes to satisfy judgments against it as an “empty right to litigate,” particularly in times of economic crisis. *Faitoute Iron & Steel*, 316 U.S. at 510.

More recently, the court in *In re Sanitary & Improvement District, No. 7* recognized this conundrum:

The alternative to confirmation of a plan similar to the one before the Court is dismissal of the case. That would permit the parties to go back to state court and permit the state judge to order the debtor to levy sufficient taxes to pay all prepetition bonds plus accrued interest in full. There is evidence before this Court which this court finds convincing that such a procedure would create such a high level of taxes for the district and the homeowners of the district that it is likely the revenues would not be made available to the district by taxpayers and the bondholders would still not be paid. This Court sees no benefit in permitting this matter to go back through the state court system which has no power to permit compromise of the debt structure without consent of all parties.

b. The Creditors' Recoveries in the Event of a Dismissal

The record in this case also establishes that the City's unsecured creditors would find the RJA to be an "empty right to litigate." *Faitoute Iron & Steel*, 316 U.S. at 510.

Caroline Sallee, an accountant from Ernst & Young, was the City's expert witness on property tax revenue forecasts. Assuming that property tax rates remain the same, as is the standard practice in tax revenue forecasting, Ms. Sallee credibly testified that the taxable value of the City's property tax base will continue to decline in the years to come. Without the RRI's that the City intends to implement, Ms. Sallee projects that the City's annual property tax revenues will fall from approximately \$130 million in FY2013 to approximately \$90 million by FY2021, primarily due to population and employment decline and lower real property assessed values. She testified that in her expert opinion, the City will not experience even modest positive year-to-year growth rates in property tax revenue until FY2022. With the implementation of the RRI's, the City's property tax revenue is likely to increase, and more quickly, Ms. Sallee explained, but primarily because of the favorable economic conditions that the RRI's will produce. This, she testified, will increase "people's ability to pay." *See* Trial Tr. 238, Sept. 8, 2014. (Dkt. #7472)

The City's chief financial officer, John Hill, supervises the City's tax levying and collections. He credibly testified that the "chronic state of decline in assessed [property] value is expected to continue beyond 2016." Trial Tr. 123, Sept. 4, 2014. (Dkt. #7411) (quoting Ex. 38, the 2014 Revenue Consensus Conference Report). He further testified that "collection of taxes in an economy that we [are] dealing with [in] Detroit is very difficult." Trial Tr. 228, Sept. 4,

2014. (Dkt. #7411) Mr. Hill, unlike Ms. Sallee, did consider the possibility of increasing the property tax rates in Detroit (for example, to satisfy RJA judgments), but concluded it would not result in increased revenues:

One thing that certainly happens with taxing, it's not always clear whether or not increasing tax rates will actually produce greater revenues. As a matter of fact, in some cases increasing tax rates actually [results] in lower taxes, and it's called getting into . . . a death spiral. And Detroit, which is a highly taxed jurisdiction and also one that is obviously suffering from a long-term economic crisis, I would not at all think that raising the tax rates at this time would be an appropriate strategy here.

Trial Tr. 7-8, Sept. 5, 2014.¹⁷ (Dkt. #7434)

The evidence establishes that raising tax rates is not a viable option for the City, legally or practically. In the eligibility opinion, the Court found that the City cannot legally increase its tax rates. *See In re City of Detroit*, 504 B.R. at 121. Mayor Duggan testified that the likelihood is remote that the people of Detroit or the state legislature would vote to raise taxes. Trial Tr. 112-14, Oct. 6, 2014. (Dkt. #7917)

Further, a property tax increase would produce very little additional revenue. Mayor Duggan testified that taxes in Detroit are among the highest relative to surrounding communities and the level of services is comparatively low. *Id.* at 83-84. Mr. Orr credibly testified that the City is at tax saturation and that raising taxes would likely add to the population decline. Trial Tr. 109-11, Oct. 2, 2014. (Dkt. #7878)

¹⁷ The City did not offer expert testimony on whether an increase in tax rates might yield greater revenue for property taxes, arguing that expert testimony is generally not required on the subject of “tax saturation.” Trial Tr. 49-53, Oct. 27, 2014. (Dkt. #8156) The Court finds that the City’s proof is sufficient on this issue even though the City did not proffer expert testimony. This finding does not suggest, however, that an expert is never required on this issue. It may be that in some cases, expert testimony is necessary to meet the requirements of *Everglades Drainage District*, 319 U.S. at 419-420, discussed above.

The other side of the equation is the amount of the judgments that the City would face. By all accounts, as detailed earlier in this opinion, this number would be astronomical, potentially several billion dollars.

Some have argued that the City's liability estimations are exaggerated because the entirety of the City's debts (for example, its long-term OPEB costs) would not accelerate upon dismissal. For the purpose of determining whether the plan is in the best interests of creditors, however, the Court finds that this argument lacks merit. Without the benefits of the plan, the portion of the City's annual budget that will be consumed with current legacy liabilities¹⁸ is projected to increase dramatically over time. Ernst & Young's baseline financial projections show that the annual cost of the City's legal liabilities will grow from approximately \$588 million in FY2014, to \$713 in FY2018, to \$767 million, or roughly 70% of the City's annual budget, in FY2023. Ex. 33 at 91.

The City is simply unable to pay these judgments by raising taxes. Moreover, the Court finds that chaos would ensue if the City's creditors engaged in the proverbial "race to the courthouse" to obtain judgments against the City upon the dismissal of the chapter 9 case. Moreover, the state courts would be powerless to order the City's creditors to compromise their debts to ensure anything like an equitable or fair distribution. *Cf. Sanitary & Improvement Dist., No. 7*, 98 B.R. at 975-76.

¹⁸ Mr. Malhotra explained that "legacy costs" include debt service on the LTGO and UTGO bonds, principal and interest payments on the COPs, payments owed to the COP Swap Counterparties, pension contributions, and retiree health benefits. *See* Ex. 33, City of Detroit Proposal for Creditors dated June 14, 2013 at 90-91; *see also* Trial Tr. 70, Sept. 29, 2014. (Dkt. #7819) (further describing legacy costs as, "the costs that were not associated with providing service or operations today, so . . . exclude[ing] the majority of the share of the costs related to the active employees and supplies as well as . . . the costs associated with debt that the city had taken on in prior periods.").

Mr. Fields and some creditors argue that if even one class of creditors could theoretically receive a better recovery if the case were dismissed, by “winning” the race to the courthouse, then the plan is not in the best interests of creditors.

As noted, section 943(b)(7) requires that “the plan is in the best interests of creditors.” 11 U.S.C. § 943(b)(7). Under this language, the question is whether the plan is in the best interests of creditors as a whole. Confirmation may not be denied simply because some creditors may do better upon dismissal. The plain language of the statute compels this result. The Court finds that the plan is in the best interests of the creditors as a whole. Accordingly, the Court rejects this argument.

Mr. Fields relies upon *ACC Bondholder Group v. Adelphia Communications Corp.* (*In re Adelphia Communications Corp.*), 361 B.R. 337 (S.D.N.Y. 2007), and *In re Sierra-Cal*, 210 B.R. 168 (Bankr. E.D. Calif. 1997). This reliance is misplaced, however, because these cases relate to the “best interests of creditors” test applicable in chapter 11, which is a liquidation analysis. As discussed above, this test is not applicable in this chapter 9 proceeding. *See* 11 U.S.C. § 901(a) (not incorporating § 1129(a)(7)).

The argument rings particularly hollow in this case due to the differences in financial and legal sophistication among the City’s many classes of creditors. Upon dismissal, many of these creditors would commence high-stakes litigation against the City, as the Court observed on its own docket. *See, e.g., Official Committee of Retirees v. City of Detroit (In re City of Detroit)*, No. 13-05244 (Bankr. E.D. Mich. Oct. 22, 2013) (seeking injunction to maintain OPEB benefits; settled); *Official Committee of Retirees v. City of Detroit (In re City of Detroit)*, No. 14-04015 (Bankr. E.D. Mich. Jan. 9, 2014) (same); *Nat’l Pub. Fin. Guar. Corp. v. City of Detroit (In re City of Detroit)*, No. 13-05309 (Bankr. E.D. Mich. Nov. 8, 2013) (seeking declaratory judgment

regarding parties' rights under UTGO bonds; settled); *Ambac Assurance Corp. v. City of Detroit* (*In re City of Detroit*), No. 13-05310 (Bankr. E.D. Mich. Nov. 8, 2013) (seeking declaratory judgment regarding parties' rights under LTGO bonds; settled). The record establishes, however, that this scenario would likely harm all creditors, as well as the City's residents.

c. The Creditors' Loss of Other Plan Benefits

The record further establishes that if the case were dismissed, the creditors' recoveries would be substantially impaired. The vast majority of plan settlements are conditioned upon confirmation of the plan, most notably the Grand Bargain. If the plan were not confirmed and the case were dismissed, the City would lose the State Contribution and the contributions from the DIA and the charitable foundations.

In addition to losing the benefits of the plan settlements, the City would be required to finance the balance of its obligation to the swap counterparties arising from the Swap Settlement. *See* Trial Tr. 210-11, Sept. 30, 2014. (Dkt. #7821)

Moreover, the plan provides that the City will use a portion of the exit financing proceeds to retire the \$120 million post-petition financing facility. *See* Plan, Ex. I.A.183. (Dkt. #8045) The post-petition financing is secured by the City's income tax revenue and casino tax revenue. Therefore, if the City defaulted, those income streams would also be in jeopardy. *See* Trial Tr. 210-11, Sept. 30, 2014. (Dkt. #7821)

The City would also lose any potential enhancement of its credit rating that it could experience due to the elimination of "the uncertainties of the OPEB and pension costs" that would result from the plan. *Id.* at 67-68 (Mr. Buckfire explaining that these "should give the markets a great deal of confidence that the borrowings . . . by the city will get repaid in the ordinary course.").

Most importantly, the City and its creditors would lose the benefits of the RRIIs, one of which is the creation of a sufficient operating budget surplus for the City to pay its obligations under the plan. *See* Trial Tr. 71-72, Sept. 29, 2014. (Dkt. #7819) (Mr. Malhotra testifying that “it was probably unlikely that the city would have been able to” implement the RRIIs without the plan); Trial Tr. 228-29, Sept. 5, 2014. (Dkt. #7434) (Mr. Moore testifying that “clearly” the RRIIs “would not have been able to get undertaken without some sort of restructuring based on the structural deficit that existed within the city in June of 2013”).

The evidence establishes, therefore, that the plan is a much better alternative for creditors than dismissal.

3. The Creditors Can Access No Other Assets in This Bankruptcy Case

Whether in bankruptcy or outside of bankruptcy, no provision of law allows the creditors to access City assets, most importantly including the DIA art, to satisfy their claims. The market value of the City’s assets, including its art is, therefore, irrelevant in this case. As observed above, a judgment creditor’s sole remedy is a court-ordered property tax assessment process under Michigan’s Revised Judicature Act. Michigan law prohibits execution on municipal property.

Some creditors argue that even if the assets would not be accessible to unsecured creditors outside of bankruptcy, the best interests test in chapter 9 requires this Court’s full consideration of all of the City’s assets, including the art.

The Court rejects this argument. The legal limitations on the collection of judgments that apply outside of bankruptcy also constrain the best interests of creditors test in bankruptcy. Neither the bankruptcy code nor the case law suggests otherwise.

As noted, the City determined not to sell or monetize the DIA art in the art market. Under § 904, that decision is off-limits to the Court.

However, even if the law did give the Court some authority here, the Court would not have interfered with the City's decision. The City made the only appropriate decision. Maintaining the art at the DIA is critical to the feasibility of the City's plan and to the City's future. The Court toured parts of the DIA and saw the art there, as well as how its many visitors were experiencing the art. It also accepts the testimony of Ms. Erickson on the priceless value that the DIA and the art create for the City, the region and the state. Trial Tr. 157-64, Sept. 18, 2014. (Dkt. #7634)

The evidence unequivocally establishes that the DIA stands at the center of the City as an invaluable beacon of culture, education for both children and adults, personal journey, creative outlet, family experience, worldwide visitor attraction, civic pride and energy, neighborhood and community cohesion, regional cooperation, social service, and economic development. Every great city in the world actively pursues these values. They are the values that Detroit must pursue to uplift, inspire and enrich its residents and its visitors. They are also the values that Detroit must pursue to compete in the national and global economy to attract new residents, visitors and businesses. To sell the DIA art would only deepen Detroit's fiscal, economic and social problems. To sell the DIA art would be to forfeit Detroit's future. The City made the right decision.

Some creditors proposed using the art as collateral for a loan to pay creditors' claims. The City also rejected that concept. That decision was sound for at least two good reasons. First, that proposal would just substitute debt for debt and would not help the City. Second, if the City defaulted, it might lose the art. The City made the right decision here too.

Beyond that, the record reflects that the City has made reasonable efforts to monetize other assets, including the Detroit Windsor Tunnel, certain real estate properties, certain parking properties, the Joe Louis arena property and certain other property that it no longer needs. It also entered into the Great Lakes Water Authority memorandum of understanding with Wayne, Oakland and Macomb Counties, which benefits all creditors. The Court finds that the City has made reasonable efforts to monetize its assets to satisfy the best interests of creditors test.

4. The Best Interests of Creditors and Feasibility

Finally, the Court finds that the “best interests of creditors” in chapter 9 is necessarily constrained by the second confirmation requirement found in § 943(b)(7)—that the plan is feasible. *See* 11 U.S.C. § 943(b)(7). In *In re Mount Carbon*, the court observed that the “‘best interests’ test acts as a floor requiring a reasonable effort at payment of creditors by the municipal debtor and that the ‘feasibility’ requirement sets a corresponding ceiling which prevents the Chapter 9 debtor from promising more than it can deliver.” 242 B.R. at 34. *See also In re Pierce Cnty. Hous. Auth.*, 414 B.R. at 718.

As a result, the City “may obtain confirmation of a plan, over objection, which does not utilize all of the assets of the estate to retire its obligations.” *In re Sanitary & Improvement Dist., No. 7*, 98 B.R. at 974. This is a straightforward observation that if a city “gives away” too much under a plan, its future ability to fund its plan obligations and daily operations is lessened.

As the Court’s expert witness on feasibility, Ms. Martha Kopacz, stated in her second supplemental report:

I want to emphasize, however, that there is little space remaining on the continuum of [feasibility]. The recent settlements and corresponding amendments to the Plan of Adjustment have served the laudable goals of efficiently resolving disputes and garnering additional support for the Plan of Adjustment. Conversely, they

have imposed additional financial obligations on the City. I have already expressed concerns regarding the level of contingency provided for in the Plan of Adjustment. The financial obligations associated with the recent settlements only intensify this concern.

Ex. 12002 at 6.

The Court addresses Ms. Kopacz's conclusions as they impact feasibility in part X.D. below. However, the Court finds that Ms. Kopacz's observation supports a finding that the City has effectively done all that it can do for its creditors in its plan.

There is no more money available for creditors in the City's already tight budget projections. Every dollar is accounted for in providing necessary services, in implementing the necessary RRI's, and in meeting plan obligations. All of those cash uses are essential to the City's future. In this plan, the floor of the best interest test and the ceiling of the feasibility test have, for all practical purposes, converged.

Accordingly, the Court finds that the plan will provide creditors all that they can reasonably expect under the circumstances and that it is therefore in their best interests, as required by § 943(b)(7).

D. The Plan Is Feasible, As Required by § 943(b)(7)

1. Applicable Law

Section 943(b)(7) provides, "The court shall confirm the plan if— . . . (7) the plan is . . . feasible." Few creditors substantively challenge the feasibility of the City's plan. Regardless, the Court has an independent duty to determine the issue and to make specific findings of fact. *See In re Mount Carbon*, 242 B.R. at 36 ("Not only is feasibility an express requirement set out in § 943(b)(7), but the long history of Chapter 9 requires an objective evaluation of the [chapter 9 debtor's] proposed reorganization.") (citing *Everglades Drainage Dist.*, 319 U.S. at 418-19).

As with cases in chapter 11, a chapter 9 feasibility finding should “prevent confirmation of visionary schemes which promise creditors . . . more under a proposed plan than the debtor can possibly attain after confirmation.” A plan should offer a reasonable prospect of success and be workable. In Chapter 9, this requires a practical analysis of whether the debtor can accomplish what the plan proposes and provide governmental services. Although success need not be certain or guaranteed, more is required than mere hopes, desires and speculation. The probability of future success will depend upon reasonable income and expense projections. As with plans proposed under Chapter 11, if performance of a Chapter 9 plan is based upon deferred payments, projections of future income and expenses must be based upon reasonable assumptions and must “not be speculative or conjectural.” Plan terms which provide for negative amortization, or for deferred payments over an extensive period of time, may make the showing of feasibility difficult. *Indeed a feasibility showing premised upon long-term repayment or negative amortization may be particularly difficult for the Chapter 9 debtor, which must not only demonstrate a probability that it will be able to pay on pre-petition debt in accordance with the plan, but must also demonstrate the probability that it can continue to provide public services while it repays debt.*

In re Mount Carbon, 242 B.R. at 35 (citations omitted) (emphasis added).

2. An Overview of Feasibility

In this case, examining the feasibility of the plan is difficult for a number of reasons. The City’s debt is enormous and the City proposes to pay most of its creditors over a long period of time. As the Court discusses below, the City’s revenue and expense projections extend forty years into the future.

Second, the feasibility of the plan depends upon the City’s ability to fix and maintain its broken governmental operations. This is significant because the chapter 9 feasibility inquiry requires an analysis of whether the City can reasonably provide sustainable municipal services, as the court found in *In re Mount Carbon*. It is also significant because the City’s ability to repay its creditors pursuant to the plan depends upon the City’s ability to increase its revenues

from taxes and fees by improving the efficiency of City operations and by identifying and accessing untapped sources of revenue.

The feasibility analysis is yet more complex because several key parts of the plan depend upon performance by parties who are completely beyond the City's control. For example, because the City's contributions to the retirement systems are fixed through FY2023, a risk remains that the pension plans will be significantly more underfunded than anticipated if one of the many organizations participating in the Grand Bargain fails to perform in the time or manner promised.

As the City itself succinctly states in its pretrial brief in support of plan confirmation, "[T]he City was—and remains today—enmeshed in a financial crisis of unsurpassed proportions and complexity." City's Pretrial Br. ¶ 1 at 17-18. (Dkt. #7143) Despite efforts from both the City and the State of Michigan, "the City is trapped in a vicious circle of cash crises, general fund deficits, crushing long-term liabilities and tumbling credit ratings exacerbated by the City's bureaucratic structure and frequent deviations from established budgets." *Id.* ¶ 2 at 18.

Finally, overlaying these concerns is that throughout these proceedings, the City's creditors have focused much more heavily on whether the plan provides them with a sufficient recovery, rather than on whether the City is "promising more than it can deliver." *See In re Mount Carbon*, 242 B.R. at 34. Thus their litigation focus was on whether the plan is in the best interests of creditors, unfairly discriminates, and is fair and equitable, rather than on whether it is feasible.

For these reasons, the Court found that the adversarial system would not function to clarify the issues and elucidate the facts relating to feasibility. Accordingly, it decided to seek out an independent expert witness on the feasibility of the City's plan. After interviewing

several candidates from diverse backgrounds, on April 22, 2014, the Court appointed Martha Kopacz as its expert witness on feasibility. *See generally* Order Appt'ing Expert Witness. (Dkt. #4215) Ms. Kopacz is an experienced restructuring professional from the Boston-based firm, Phoenix Management Services. The Court instructed Ms. Kopacz to “investigate and reach a conclusion on: (a) Whether the City’s plan is feasible as required by 11 U.S.C. § 943(b)(7); and (b) Whether the assumptions that underlie the City’s cash flow projections and forecasts regarding its revenues, expenses and plan payments are reasonable.” *Id.* ¶ 2 at 1.

After an evidentiary *Daubert* hearing on September 15, 2014, the Court determined Ms. Kopacz was qualified under Federal Rule of Evidence 702 to give expert testimony concerning these two questions, and that her opinion was the product of the application of reliable methods to sufficient facts and data. *See* Order Re: Expert Test. at 2-3. (Dkt. #7511)

Ms. Kopacz fulfilled her assignment, as set forth in three expert reports, Ex. 12000, 12001, 12002, and in her testimony on October 22, 2014. *See generally* Trial Tr. 1-89, Oct. 22, 2014. (Dkt. #8082) She provided the Court with a critical analysis of the City’s financial projections and its qualitative assumptions, as well as invaluable guidance for interpreting and understanding the mountain of data that the City’s financial professionals produced. Thus, although the City admirably shouldered the burden of producing the necessary raw financial data and projections, the efforts of Ms. Kopacz and her team were essential for the Court to discharge its duty under § 943(b)(7).

The Court finds Ms. Kopacz testified credibly. Therefore, the Court adopts Ms. Kopacz’s findings and conclusions as expressed in her testimony and in her three expert reports almost in their entirety, and incorporates them into the Court’s feasibility analysis. The only

conclusion that the Court cannot quite accept relates to her concerns about the expedited pace of this proceeding. The Court addresses this question in part X.F.4. below.

Before turning to the substance of Ms. Kopacz's findings and conclusions and the supporting evidence that the City's financial professionals compiled and testified to, the Court must address two evidentiary issues concerning Ms. Kopacz's testimony and expert reports.

3. Evidentiary Issues Regarding the Report and Testimony of the Court's Feasibility Expert

Although the GRS and the PFRS do not object generally to Ms. Kopacz's expertise, they did file a joint motion to exclude certain portions of Ms. Kopacz's testimony relating to the systems' historical performance and management, and their future governance and reporting requirements. In their motion, the GRS and the PFRS assert that Ms. Kopacz lacks the necessary qualifications to give pension-related opinions and further that her investigation of these issues exceeded the scope of her assignment from the Court. Retirement Systems' Mot. to Exclude at 1-2. (Dkt. #7061)

The GRS and the PFRS also moved to exclude these same portions of Ms. Kopacz's opinion and findings from admission into the evidentiary record as part of her expert reports. They argued that not only does Ms. Kopacz lack the expertise to give these opinions, but that any mention of them in her reports constitutes inadmissible hearsay. Retirement Systems' Br. in Opp'n to Admis. of Expert Report at 1-2. (Dkt. #6847) Relying on *Engbreetsen v. Fairchild Aircraft Corp.*, 21 F.3d 721, 728-29 (6th Cir. 1994), the GRS and the PFRS argue that expert reports in general may only be admitted into evidence to show the basis for the expert's opinion, "but not as general proof of the underlying matter." Br. in Opp'n at 9. (Dkt. #6847)

The Court concludes that the motion to exclude the expert's testimony is moot because the expert's testimony is now concluded and the testimony did not address the challenged matter. Accordingly, the Court denies that motion.

The Court further concludes that the motion to exclude the challenged matter from the expert's report should be denied. All of the challenged matter is within Ms. Kopacz's expertise to investigate and pertinent to her opinion on the feasibility of the plan. Her supplemental report of August 27, 2014, clarifies that she derived her statements regarding these matters from either the disclosure statement (Dkt. #4391) or the July 18, 2013 declaration of Charles M. Moore. (Dkt. #13) These are hearsay sources, but under Fed. R. Evid 703, an expert may rely on hearsay. "If experts in the particular field would reasonably rely on those kinds of facts or data in forming an opinion on the subject, they need not be admissible for the opinion to be admitted." Fed. R. Evid. 703.

While the challenged matter may be of marginal relevance to the greater issues before the Court, its prejudice to the GRS and the PFRS is equally marginal. The Court concludes that there is no cause to exclude it and denies this motion as well.

4. The Expert's Standard for Feasibility

Ms. Kopacz began her work by developing and articulating a standard for measuring the feasibility of the City's plan. The Court finds that Ms. Kopacz's articulation is appropriate and adopts it here:

Is it likely that the City of Detroit, after the confirmation of the Plan of Adjustment, will be able to sustainably provide basic municipal services to the citizens of Detroit and to meet the obligations contemplated in the Plan without the significant probability of a default?

Ex. 12000 at 13. It closely tracks the standard articulated by the *Mount Carbon* court, set forth above. *See Mount Carbon Metro. Dist.*, 242 B.R. at 35.

Intertwined here are also the questions of whether the City is committed to implement the plan and whether it has sufficient resources to monitor its performance under the plan. The first question requires a review of the testimony of City leaders. The second question requires an examination of the Financial Review Commission and the other controls under Public Acts 181 and 182 of 2014 (hereafter, “Grand Bargain Legislation”), Mich. Comp. Laws §§ 141.1631-141.1643, 141.117.4s-t, as well as the internal systems created by the Mayor and the City’s chief financial officer.

5. The City’s Plan Is Feasible

The Court finds that the plan is feasible. As detailed below, this finding is based on the testimony and documentary evidence presented by Ms. Kopacz, Trial Tr. Oct. 22, 2014 (Dkt. #8082), Kevyn Orr, Trial Tr. Oct. 1-3, 2014 (Dkt. ##7850, 7878, 7894), and by the following independent professionals that the City retained:

- Gaurav Malhotra of Ernst & Young, Trial Tr. Sept. 29 & Oct. 21, 2014 (Dkt. ##7819 and 8098);
- Dr. Robert Cline, formerly of Ernst & Young, Trial Tr. Aug. 18, 2014 (Dkt. #7015);
- Caroline Sallee of Ernst & Young, Trial Tr. Sept. 8-9, 2014 (Dkt. ##7472 and 7473);
- Charles Moore of Conway MacKenzie, Inc., Trial Tr. Sept. 5 & 8, 2014 (Dkt. ##7434 and 7462);
- Kenneth Buckfire of Miller Buckfire and Co., Trial Tr. Sept. 30, 2014 (Dkt. #7821);
- James Doak of Miller Buckfire and Co., Trial Tr. Oct. 3, 2014 (Dkt. #7894);
- Alan Perry of Milliman, Inc., Trial Tr. Sept. 15-16, 2014 (Dkt. ##7617 and 7618);
- Glenn Bowen of Milliman, Inc., Trial Tr. Sept. 15, 2014 (Dkt. #7617); and

- Gerald Salzman of Desman Associates, Trial Tr. Oct. 21, 2014 (Dkt. #8098).

This finding is also based on the testimony and documentary evidence presented by the following elected and appointed leadership of the City and the State:

- Michael Duggan, Mayor of the City of Detroit, Trial Tr. Oct. 6, 2014 (Dkt. #7917);
- Brenda Jones, Detroit City Council President, Trial Tr. Oct. 6, 2014 (Dkt. #7917);
- John Hill, the City's Chief Financial Officer, Trial Tr. Sept. 4-5, 2014 (Dkt. ##7411 and 7434);
- Beth Niblock, the City's Chief Information Officer, Trial Tr. Sept. 8, 2014 (Dkt. #7462);
- James Craig, Detroit Police Chief, Trial Tr. Sept. 9, 2014 (Dkt. #7473);
- Edsel Jenkins, Detroit Executive Fire Commissioner, Trial Tr. Sept. 9, 2014 (Dkt. #7473);
- Sue McCormick, Director of the Detroit Water and Sewerage Department, Trial Tr. Sept. 17, 2014 (Dkt. #7638); and
- Brom Stibbitz, Senior Policy Advisor for the Michigan Department of Treasury, Trial Tr. Oct. 1, 2014 (Dkt. #7850).

It is also based on the testimony and documentary evidence presented by:

- Annmarie Erickson, Executive Vice President and Chief Operating Officer of the DIA, Trial Tr. Sept. 18, 2014 (Dkt. #7634);
- Rip Rapson, President of the Kresge Foundation, Trial Tr. Oct. 2, 2014 (Dkt. #7878);
- Dan Gilbert, Chairman of Rock Holdings, Trial Tr. Oct. 1, 2014 (Dkt. #7850); and
- Roger Penske, Chairman of the Penske Corporation, Trial Tr. Oct. 3, 2014 (Dkt. #7894).

6. The City's Revenue and Expense Projections

It is my opinion that, except where otherwise noted in my Report, the projections are generally mathematically correct and materially reasonable and therefore fall within the Feasibility Standard I have defined.

It is my opinion that, except where otherwise noted in my Report, the individual assumptions used to build the projections fall into a reasonable range and, that when taken as a group, these assumptions are also reasonable and fall within the Feasibility Standard.

Martha Kopacz, Ex. 12000 at 200.

Exhibit 793, to which Mr. Malhotra testified on October 21, 2014, sets forth the City's income and expense projections over ten and forty-year periods of time. *See generally* Trial Tr. 45:16-86:8, Oct. 21, 2014. (Dkt. #8098)

a. The City's Ten-Year Revenue Projections

The City projects that it will receive approximately \$11.6903 billion in revenue under the plan¹⁹ from FY2014-FY2023. Ex. 793 at 7-8. This total amount includes \$11.1815 billion in general fund revenue from the City's eight primary sources:

1. Municipal income tax;
2. State revenue sharing payments;
3. Wagering taxes;
4. Property taxes;
5. Utility users' taxes;
6. Sales and charges for services;
7. Other revenue, such as permits and parking tickets; and
8. Normal general fund reimbursements and receipts from enterprise funds.

¹⁹The Court uses the phrase "under the plan" here to refer to the City's financial projections that take into account all of the benefits of the plan, including the RRI's.

It also includes \$482.9 million in new revenue initiatives to be implemented under the plan and \$241.1 million in proceeds from cash loans. *Id.* at 7. The City will also receive \$508.8 million in plan-related reimbursements to the general fund from City enterprise funds, including \$464.4 million in reimbursements from the DWSD and \$44.4 million from other enterprise funds, including the library and parking systems. *Id.* at 7-8.

In addition, the City will receive approximately \$404.5 million from the Grand Bargain and the State Contribution Agreement over this ten-year period (and \$256.3 million over the next ten-year period from FY2024-FY2033) to be paid to the City's pension plans. *Id.* at 5.

b. The City's Ten-Year Expense Projections

On the operating expenditures side, the City projects that it will spend a total of \$10.3609 billion from FY2014-FY2023. *Id.* at 7. This amount includes payroll and active employee healthcare and pension contributions (but not the pension underfunding claims), as well as repayment of the cash loans, an annual contingency,²⁰ several one-time costs of restructuring, and additional operating expenditures associated with the implementation of the RRI. This leaves approximately \$1.3294 billion for the City's plan obligations to its creditors from FY2014-FY2023, plus approximately \$404.5 million in Grand Bargain and State Contribution Agreement funds for the pension claims, for a total of \$1.7339 billion. *Id.* at 7-8.

²⁰ Here, the Court is not referring to the cash balance required by the Grand Bargain Legislation. *See* Mich. Comp. Laws §117.4t(1)(c)(vi) ("A financial plan . . . shall . . . (c) Include a general fund reserve for each fiscal year to cover potential reductions in projected revenues or increases in projected expenditures equal to not less than 5% of the projected expenditures for the fiscal year."). The Court is referring to the contingency that is built into the City's annual budget as an operating expense. *See* Ex. 793 at 7; Trial Tr. 160, Sept. 29, 2014. (Dkt. #7819)

c. The City's Forty-Year Revenue Projections

The forty-year revenue projections are grouped by decade and are largely an extension of the ten-year projections. *See, e.g.*, Trial Tr. 62-63, 83, 154, Sept. 29, 2014 (describing previous version of the forty-year projections). (Dkt. #7819) For the most part, after FY2023 (the end of the first ten-year period) the City's experts applied a flat, positive growth rate for each component of the City's general fund revenue streams and the new general fund revenue initiatives. Ex. 793 at 4 ("Growth after FY23"). Other income components drop off. For example, most of the plan-related DWSD reimbursements to the general fund will end after the first decade. This is because most of the DWSD plan-related reimbursements will be used to satisfy DWSD's portion of the current pension underfunding, which the plan requires DWSD to pay over a ten-year period in annual payments of \$45.4 million. Ex. 793 at 8. Also, the City will receive all of the proceeds from the cash loans in the first two decades following the effective date of the plan. *Id.* at 5.

d. The City's Forty-Year Expense Projections

On the operating expenditures side, the City similarly assumes a flat growth rate in expenditures for employee salary, overtime, and other fringe benefits, as well as for active employee pensions and the additional operating costs arising from the Restructuring and Reinvestment Initiatives. *Id.* at 4. Other operating expenditures have growth assumptions built into the plan. For example, the City projects that it will be required to contribute \$2.2 million to the Income Stabilization Fund from FY2024-FY2033. *Id.*; *see also* Plan, § IV.D.2 at 55-56. (Dkt. #8045)

e. The Resulting Forty-Year Projections

The resulting forty-year projections provide as follows:

1) From FY2024-FY2033, the City projects that it will collect \$12.2321 billion in revenue and have \$10.6993 billion in operating expenditures, leaving \$1.5328 billion to satisfy its plan obligations to creditors, plus \$256.3 million in Grand Bargain funds for satisfaction of the pension claims, for a total of \$1.7891 billion.

2) From FY2034-FY2043, the City projects that it will collect \$14.4455 billion and have \$13.0563 billion in operating expenditures, leaving \$1.3892 billion to satisfy its last remaining plan obligations to creditors.

3) From FY2044-FY2053, the City projects that it will receive \$17.3359 billion and have \$16.5230 billion in operating expenses, leaving \$812.9 million to satisfy its plan obligations to creditors. Ex. 793 at 4-5.

The City began building these projections by constructing a baseline scenario that projects the City's finances in the absence of "the quantitative impacts of the restructuring initiatives, the cancellation of debt, the cash flow ramifications from the alterations in the City's pension plans and OPEB, and other impacts of the bankruptcy proceedings." Ex. 12000 at 32; Trial Tr. 72:13-17, Sept. 29, 2014. (Dkt. #7819) Building from this baseline projection, the City constructed the projections in Exhibit 793 by taking into account all of these costs and benefits of the plan and the RRI's (hereafter, "Plan Projections"). Ex. 12000 at 25-26; Trial Tr. 78:7-15, Sept. 29, 2014. (Dkt. #7819)

f. The Expert's Review of the Plan Projections

Ms. Kopacz and her team reviewed the Plan Projections in great detail. They interviewed the City's elected and appointed officials, the emergency manager, many City employees,

advisors, creditors, leaders and members of labor unions, as well as representatives of the GRS and the PFRS, the DIA, the Land Bank Authority, and many charitable organizations. *Id.* at 4. They also reviewed thousands of pages of documents that the City and third parties produced. They then “critiqued the methodology used to develop the financial projections, as well as the data and information used as the foundation for the assumptions.” *Id.* at 5.

Ms. Kopacz concluded that the projections are “mathematically correct and materially reasonable.” *Id.* at 200. She further concluded that “the individual assumptions used to build the projections fall into a reasonable range and, that when taken as a group, these assumptions are also reasonable and fall within the Feasibility Standard.” *Id.*

g. The Revenue in the Plan Projections

On the revenue side, Ms. Kopacz examined Dr. Cline’s expert opinion with regard to the City’s corporate and individual income taxes and wagering taxes, which are two of the City’s largest sources of revenue. Trial Tr. 58-68, Aug. 18, 2014. (Dkt. #7015) Dr. Cline explained that for income taxes, the Plan Projections are higher than the baseline projections due to “stronger growth in the underlying tax bases.” *Id.* at 67. This is a function of more optimistic assumptions about wage and employment growth as the plan is implemented and the economic conditions of the City improve. *Id.* Ms. Kopacz reported that when compared to state and national estimates for wage and employment growth, the City’s assumptions are “more conservative.” Ex. 12000 at 47. She testified there is a reasonable chance that employment and wages will be higher than projected. Trial Tr. 37:8-11, Oct. 22, 2014. (Dkt. #8082)

For wagering taxes, Dr. Cline testified that the key factor is the impact of new casinos in Toledo, Ohio, on the gross revenues of the City’s casinos. Trial Tr. 75:2-77:25, Aug. 18, 2014. (Dkt. #7015) As a result, he assumed a negative growth rate for the early years of the

projections, but eventually returned to a 1% annual increase. *Id.* at 75:18-76:16; *see also* Ex. 112-C. Ms. Kopacz agreed with Dr. Cline’s assessment of the risks, adding that it was completely outside the City’s control and that the assumptions adequately took the Toledo casinos into account. Trial Tr. 40, Oct. 22, 2014. (Dkt. #8082)

Ms. Sallee gave expert testimony with regard to the City’s property taxes and state revenue sharing payments. In creating her projections for property tax revenues, Ms. Sallee testified that she assumed the revenue would decrease in the short term as a result of a citywide property reassessment, but that eventually revenues would increase due to improved collections and long-term rebounding property values. Trial Tr. 234, Sept. 8, 2014 (Dkt. #7472) Ms. Sallee explained that increased collections will result from residents’ improved “ability to pay,” based on the lower amount of taxes and the improvements in wage and employment growth that Dr. Cline projected. *Id.*

Ms. Kopacz agreed that it is reasonable to assume that “reduced assessments will result in improved property tax collection rates and, in the longer term, increased property values as Detroit becomes a more desirable location.” Ex. 12000 at 59. Ms. Kopacz also testified that she found the City’s property tax revenue projections and assumptions to be “conservative,” particularly in the later years of the Plan Projections as the City begins to experience the full benefits of the implementation of the RRI. Trial Tr. 44, Oct. 22, 2014. (Dkt. #8082)

As for the state revenue sharing payments, Ms. Sallee testified that the City receives two types: 1) constitutional payments, which are calculated as a percentage of the statewide sales tax (15% of the first 4% of sales tax revenues), divided among Michigan municipalities based upon population, and 2) Economic Vitality Incentive Program (“EVIP”) payments, which are set forth in the state’s annual appropriation legislation and are thus at the discretion of the state

legislature. Trial Tr. 241:10-21, 247:3-15, Sept. 8, 2014. (Dkt. #7472) The legislature distributes the EVIP payments based on a municipality's financial "accountability and transparency," "consolidation of services," and whether it has established a plan to deal with any existing pension underfunding. Ex. 12000 at 51. Ms. Sallee testified that she assumed the constitutional payments would decrease after the next census, in line with Dr. Cline's population decline projections, and that the EVIP payments would remain constant throughout the forecast period. Trial Tr. 250:1-9, 252:14-255:10, Sept. 8, 2014. (Dkt. #7472)

Ms. Kopacz agreed that these projections were reasonable. In particular, she testified that she finds it "hard to fathom" that the City would not receive the full EVIP payments going forward, "given the capability of the current Mayor and the CFO." Trial Tr. 39:16-18, Oct. 22, 2014. (Dkt. #8082)

As explained above, although the DWSD operates as an enterprise fund, it is another major source of revenue for plan payments. Exhibit M to the City's Fourth Amended Disclosure Statement (Dkt. #4391) and Exhibit 178 set forth the City's projections of the DWSD's revenues, operating and legacy expenditures, and capital improvement plan for FY2014-FY2023. Ms. Kopacz expressed skepticism in her original report regarding the feasibility of the DWSD payments under the plan. Ex. 12000 at 196 ("While DWSD's debt is impacted by the POA, the DWSD operations are not included in the Plan. DWSD does play a significant role in funding the City's pension obligations during the forecast period.").

However, following the Court's approval of the DWSD Bondholders settlement on August 25, 2014 (Dkt. #7028), Ms. Kopacz testified, "Based on the DWSD settlement [], the risk that I had identified with the DWSD contribution to the pension funding is now removed." Trial Tr. 75, Oct. 22, 2014. (Dkt. #8082) Ms. McCormick also testified that the DWSD will have

sufficient resources to make all the necessary capital improvements to infrastructure so that it can continue providing adequate water and sewer services to its customers. Trial Tr. 99:4-100:6, Sept. 17, 2014. (Dkt. #7638)

The City's parking department is another important source for revenues needed in the plan.²¹ James Doak and Gerald Salzman testified about the City's projected parking revenues. See Trial Tr. 123-126, Oct. 3, 2014 (Dkt. #7894); Trial Tr. 9-45, Oct. 21, 2014. (Dkt. #8098) Mr. Salzman works for Desman, a firm that designs parking garages and optimizes parking system revenue. City Exhibit 783 reflects Mr. Salzman's projections of the City's parking revenues under four different scenarios—a "status quo" scenario; an "optimized," but still City-run scenario; a "private" investment and development scenario; and a "private upside" scenario, which is identical to the private scenario except that parking rates increase every three years. Ex. 783 at 47, 52.

Mr. Doak testified that the Plan Projections include an assumption that the City's parking revenues will exceed \$10 million per year, and that the status quo scenario would not be sufficient. Trial Tr. 130:2-9, Oct. 3, 2014. (Dkt. #7894) However, he also testified that the City has "the prospective capacity to either run the parking operations more efficiently and more economically generating more cash flow, or seek a private partner" in order to achieve the projected parking revenues in the plan. *Id.* at 130.

Ms. Kopacz further confirmed that the assumptions underlying the plan's parking revenue projections are "by and large . . . not significantly different than the historical trend,"

²¹ As explained in part III.L.3. above, the primary use of the parking revenues will be to satisfy the New C Notes that the City will issue under the plan. However, for the sake of clarity, the Court discusses them here as simply a source of City revenue.

thus, while there is “some rate increase,” and “some increased usage,” she explained that “it’s not a hockey stick” projection, and she concluded, “from the revenue side, I think they’re reasonable.” Trial Tr. 20-21, Oct. 22, 2014. (Dkt. #8082)

h. The Expenditures, Revenue and Cost Savings Associated with the RRI

Mr. Moore provided expert testimony regarding the projected expenditures, revenue, and cost savings associated with the implementation of the RRI. He testified that the projected expenses and gains associated with the RRI are “reasonable and achievable.” *See, e.g.*, Trial Tr. 75, 80-82, 152, Sept. 5, 2014. (Dkt. #7434) To reduce risk, Mr. Moore and his team at Conway MacKenzie specifically targeted areas with historically high costs and within the City’s immediate control. These include labor inefficiencies, high levels of employee downtime and overtime, inefficient processes, ineffective or non-existent management metrics and tools, and improper deployment and use of assets. Ex. 464 at 10-11. In determining which initiatives should be included in the RRI, the Conway team omitted any initiative that had a high degree of risk in implementation or that was outside the reasonable influence of the City’s leadership (for example, an initiative requiring state legislative action). Trial Tr. 74, Sept. 5, 2014. (Dkt. #7434)

Mr. Orr also testified that the increased revenues and cost savings projections associated with the RRI are reasonable “and achievable.” Trial Tr. 124-25, Oct. 2, 2014. (Dkt. #7878)

7. The City's Obligations to Creditors Under the Plan

While my opinion is the Plan of Adjustment remains feasible and there is not yet a 'significant probability of default' as described in the Standard, there is no denying the possibility of default has increased. It is not realistic or prudent to believe that the City could take on any additional Plan obligations and remain within the continuum of reasonableness necessary to establish feasibility.

Martha Kopacz, Ex. 12002 at 6.

The plan reduces the City's debt burden by over \$7 billion. *See, e.g.*, Trial Tr. 70:4-7, Sept. 30, 2014. (Dkt. #7821) This is a truly remarkable achievement for the City, unprecedented in the history of municipal bankruptcy. However, the Court begins with the statement from Ms. Kopacz above to emphasize the magnitude of debt that the City is undertaking and retaining under the plan, particularly in light of the ambitious revitalization plan that the City intends to implement over the next ten years.

a. The City's Post-Bankruptcy Debt

As Mr. Malhotra testified, and as reflected in Exhibit 791, the City will issue \$1.063 billion in new notes under the plan. This amount includes:

1. \$55 million in New LTGO Bonds, to be paid on the effective date from a part of the proceeds of the exit financing;
2. \$88 million in New C Notes, payable over twelve years at 5%;
3. \$288 million in Restructured UTGO Notes, payable over fourteen years, at the various pre-bankruptcy interest rates of between 3.7% and 5.375%; and
4. \$632 million in New B Notes, payable over thirty years at 4% for the first twenty years and 6% over the last ten years and interest-only for the first ten years.

See Ex. 791; Trial Tr. 63, Oct. 21, 2014. (Dkt. #8098) In addition, the City is obligated under the plan to pay \$2.2 million in cash to class 17, the 36th District Court creditors, and \$20 million in cash to cover the VEBA start-up costs. Ex. 793 at 2. These obligations total \$1.0852 billion.

This is in addition to other debts that the City retains, including debts associated with the DWSD and secured GO bonds. *See* Plan, § II.B.3.a-k at 33-35. (Dkt. #8145)

The plan also obligates the City to pay \$3.795 billion to the GRS and the PFRS on account of the class 10 and 11 pension claims. *Id.* at 3. Of this amount, \$661 million will be paid through contributions from the Grand Bargain and the State Contribution Agreement. *Id.*

Finally, the City is required by the Grand Bargain Legislation to maintain a minimum cash balance equal to 5% of annual projected expenditures. Mich. Comp. Laws § 117.4t(1)(c)(vi). Although this is not a debt-service obligation, the Court must nevertheless determine whether it is feasible that this amount will be available after all other plan obligations are satisfied. Because the City's forecasted annual expenditures hover around \$1 billion, the minimum cash balance amount is approximately \$50 million. City Ex. 793 at 7.

b. The Cost of Servicing the Post-Bankruptcy Debt

The cost of servicing these obligations and maintaining the minimum cash balance over the same ten and forty-year periods for which the City projected its income and operating expenditures is also reflected in City Exhibit 793, and was testified to by Mr. Malhotra. *See generally* Ex. 793; Trial Tr. Oct. 21, 2014. (Dkt. #8098)

For the time period FY2014-FY2023, the City will be required to spend \$709.5 million to service the notes and satisfy its cash obligations. This amount includes \$20 million in cash to the VEBAs, \$2.2 million in cash to the 36th District Court creditors in class 17, and \$687.3 million payable to service the B Notes. The City will also expend \$979.2 million to service its obligations to the GRS and PFRS on account of the UAAL. This totals \$1.6887 billion. Ex. 793 at 5.

As discussed above, the City projects that it will have \$1.7339 billion available to pay plan-related expenses.

Therefore, after paying its operating expenditures and satisfying its obligations to creditors, the City projects a surplus of \$45.2 million. *Id.* When added to the City's then-existing cash balance, the City projects that it will have a cash balance of \$81.2 million at the end of FY2023, which is sufficient to meet the requirements of the Grand Bargain Legislation.²² *Id.* at 8.

For the period FY2024-FY2033, the City will be required to spend \$541 million servicing the B Notes, C Notes, and Restructured UTGO Notes. The City projects that it will be required to spend \$1.2481 billion to service its obligations to the GRS and PFRS UAAL,²³ for a total of \$1.7891 billion. *Id.* at 5. The City projects that it will also have \$1.7891 billion for plan-related expenses during that time period. Therefore, the City projects that it will break even at the end of this time period, after paying its operating expenses and satisfying its plan obligations. *Id.* at

²² Page 8 of City Exhibit 793 shows the cash balance on a year-by-year basis. The City's actual cash balance at the end of FY2014 was \$154.4 million, due to a surplus of \$118.4 million for FY2014. *Id.* at 8.

Because of a projected deficit in FY2015 of \$78.8 million related to the implementation of certain RRI's, the City's projected cash balance drops to \$75.6 million at the end of FY2015. *Id.* at 8. The City then projects that it will be able to maintain that cash balance of \$75.6 million through FY2019 by deferring implementation of other Reinvestment and Restructuring Initiatives and selling certain assets, such as older city-owned vehicles and copper wire from the decommissioning of the Public Lighting Authority. *Id.* at 10-12. At that point, the City projects that its cash balance will begin to slightly improve each year, such that by the end of FY2023, the City will have this \$81.2 million cash balance. *Id.* at 8.

²³ As discussed in part III.F. above, the City's obligations to the GRS and the PFRS are fixed under the plan from FY2014-FY2023. During this time, as the City works to stabilize its finances and implement the RRI's, the majority of the City's contributions to the GRS and the PFRS will come from the DWSD, the State Contribution Agreement, and the Grand Bargain funding. *See* Ex. 793 at 3. However, after 2023, the City projects the retirement systems will remain somewhat underfunded. *See* Ex. 12000 at 133. The balance of the underfunding in 2023 will be amortized over a thirty year period of time. *Id.*

4-5. The City also projects that it will be able to maintain the \$81.2 million cash balance carried over from the first decade of projections through the end of FY2033. *Id.* at 5. The New C Notes, the New LTGO Bonds, the New UTGO Bonds, and the City's cash obligations to the 36th District Court creditors and the VEBAs are projected to all be satisfied by the end of FY2033. (Ex. 791; Ex. 793 at 5)

For the time period FY2034-FY2043, the City will be required to spend \$450.6 million servicing the New B Notes. Ex. 793 at 5. The City projects that it will also be required to contribute \$938.5 to the GRS and PFRS UAAL, for a total of \$1.3892 billion. *Id.* As detailed above, the City projects that it will have \$1.3892 billion in funds left over after its operating expenses are paid, thus breaking even again for this ten-year period. *Id.* at 4-5. However, again, the City projects that it will be able to maintain the \$81.2 million cash balance through the end of FY2043. *Id.* at 5.

Finally, for the time period FY2044-FY2053, the City will be required to spend only \$68.9 million to fully satisfy the B Notes. *Id.* The City also projects that it will be required to contribute \$628.9 million to complete payment on the pension underfunding, for a total of \$697.8 million in plan obligations. *Id.* During this time period, the City projects that it will have \$813.0 million in revenue funds after paying its operating expenses, leaving a surplus of \$115.2 million. When this surplus is added to the City's projected then-existing cash balance, the City projects it will have an overall cash balance of \$196.4 million by the end of FY2053. *Id.*

c. The City Will Be Able to Service Its Post-Bankruptcy Debt

As Ms. Kopacz's opening cautionary note suggests, and the Court's review of the projections demonstrates, the Plan Projections do not leave much room for error. In two of the

four ten-year periods, the City projects that it will only “break even” after paying its operating expenses and its obligations to creditors. *Id.* at 4-5. For the first thirty years of the plan, the City maintains its mandated cash balance only by deferring certain RRIs and selling assets. *Id.* at 10-14.

Nevertheless, as the Court concludes above, the City’s projections are reasonable. Ms. Kopacz reported that a number of the assumptions underlying the projections are even “conservative.” Ex. 12000 at 200. In addition, as counsel for the City pointed out in closing arguments, a narrow margin of error is to be expected in a broadly consensual plan:

[T]he fact that the deals that were reached with creditors had the result of leaving the City with just about enough to accomplish its principal objectives through reinvestment and service improvement but did not create an overwhelming margin is the result you should exactly expect from a largely consensual plan. That’s how they come out. Every side tries for as much as they can get and leaves for the other side only what is perceived they need. No one gets extra.

Trial Tr. 130-131, Oct. 27, 2014. (Dkt. #8156)

Accordingly, the Court concludes that the City is reasonably likely to have a balanced annual operating budget and to satisfy its plan obligations to creditors, while maintaining a cash balance that is sufficient to meet the requirements of the Grand Bargain legislation for the life of the plan.

8. The Feasibility of the City’s Plan to Address Its Pension Obligations

The City must be continually mindful that a root cause of the financial troubles it now experiences is the failure to properly address future pension obligations.

Martha Kopacz, Ex. 12000 at 147.

**a. The City's Plan Regarding Its Pension
Obligations**

The plan provides the City with fixed payments toward the pension underfunding for FY2014-FY2023. For the PFRS, 100% of the payments are covered by the funds from the State Contribution Agreement and the Grand Bargain. Ex. 732. For the GRS, which has a larger underfunding claim, the State Contribution Agreement and the Grand Bargain funds cover only 20%. *Id.* The City is obligated to contribute \$575 million in cash. However, approximately \$428.5 million of that will come from DWSD revenues to cover DWSD's portion of the GRS underfunding liability, and another \$31.7 million will come from the UTGO millage, as described in III.K. above. This leaves a balance of \$114.6 million. *Id.* Mr. Malhotra testified that \$80 million of this \$114.6 million will come from the City's general fund and that it is included in the Plan Projections. Trial Tr. 84, Oct. 21, 2014. (Dkt. #8098) The balance will come from the City's parking and library revenues. *Id.* at 81.

However, at the end of FY2023, the GRS and PFRS will remain significantly underfunded. Using the assumptions from the global pension settlement, including the 6.75% discount rate, the City projects that the PFRS will only achieve 78% funding, leaving a UAAL of \$681 million. Ex. 793 at 2. For the GRS, the City projects a 70% funded status by the end of FY2023, leaving a UAAL of \$695 million. *Id.* The City will then amortize the remaining UAAL for both plans over the next thirty years at an interest rate of 6.75%. *Id.* Between FY2024 and FY2033, the City will receive an additional \$68 million in Grand Bargain proceeds to pay toward the UAAL amortization for PFRS, and \$188 million for GRS. The balance of the amortized UAAL will come from the City. *Id.* at 5.

The plan greatly reduces the City's pension obligations, thanks to the State Contribution Agreement, the Grand Bargain funding, and the modification of the City's obligations to its

current retirees. The Grand Bargain legislation reflects the State's ability and commitment to make its contribution. *See* Mich. Comp. Laws § 141.1602. Ms. Erickson credibly testified that the DIA has already raised \$85 million of the \$100 million that it committed, and that she is "completely confident" the DIA will be able to raise the balance. Trial Tr. 117, Sept. 18, 2014. (Dkt. #7634) Mr. Rapson testified that the Kresge Foundation is fully committed to making its promised \$100 million contribution to the Grand Bargain, and furthermore that it "should not eat into the normal investments we would normally make in the City of Detroit." Trial Tr. 202, Oct. 2, 2014. (Dkt. #7878)

Mr. Orr testified that he has received letters also expressing commitment from representatives of the Ford Foundation, the Kellogg Foundation, the Davidson Foundation, the Erb Family Foundation, the Mott Foundation, the McGregor Fund, the Hudson-Webber Foundation, the Community Foundation for Southeast Michigan, and the Knight Foundation. *See* Ex. 352; Trial Tr. 54, Oct. 2, 2014. (Dkt. #7878)

b. Evaluating the Risks in the City's Plan to Address Its Pension Obligations

However, the risk remains that at the end of FY2023, the UAAL could be much larger than currently projected. Ms. Kopacz testified that the fixed nature of the City's obligations for the next ten years supports the plan's feasibility. Trial Tr. 62, Oct. 22, 2014. (Dkt. #8082) The primary risk that Ms. Kopacz cites is the City's decision to discount the pension underfunding (and thus reduce all pension contributions) by 6.75%, which is based on the City's assumption that its pension investments will grow at that rate if properly managed. Ex. 12000 at 144-51. Her report stated:

The City's assumption of a 6.75% rate of return implicitly requires the City to accept risk and volatility. Volatility is, of

course, a positive and a negative force. At times, the City should be expected to achieve returns above 6.75% and, at times, the City should expect returns below this level. Over the past 10 years, the Retirement Systems have seen significant variations in their investment returns both above and below the average return. Because the City's defined benefit plans [as opposed to the new hybrid pension plans] are essentially in runoff, they will inevitably experience declining asset levels. In this environment of declining assets and volatility, returns over time are not equally weighted.

. . . . In an environment in which expected returns are low in the short term—as the current low-interest-rate, low-inflation environment may be—funds cannot simply balance low returns in the short term with high returns later; they will need much higher returns later because investible assets will be lower than they otherwise would have been.

Id. at 149-50 (footnote omitted).

She echoed this concern in her testimony:

The concern that I have is that if the City does not monitor the [pension] obligation that is going to be there in 2023 and beyond, . . . is that they could wake up with a bad nightmare, not unlike what they've been through with the pension systems to get to this point.

Trial Tr. 60, Oct. 22, 2014. (Dkt. #8082)

The GRS and the PFRS have historically used significantly higher assumed investment rates of return, and thus discount rates, of 7.9 and 8.0%. Ex. 12000 at 127. Nevertheless, Ms. Kopacz stated, “Highlighting that the City's assumptions are low relative to history, a history that got them to this place, . . . is not much consolation.” *Id.* at 147

The City presented testimony from actuaries to support the assumption that the City's investments will achieve the projected 6.75% growth rate. Glenn Bowen of Milliman testified that the 6.75% rate assumes a lower inflation rate than the vast majority of large public pension plans. Trial Tr. 121, Sept. 15, 2014. (Dkt. #7617) The City also presented testimony from Alan Perry, another actuary from Milliman, who testified that the 6.75% rate is “at or near the bottom

of the assumption that we would see for the largest public [pension] plans.” *Id.* at 222:10-15. These two points support a conclusion that the City’s assumptions regarding the investment return rate are conservative.

Mr. Bowen also testified that in November 2013, Milliman performed a series of calculations based on the City’s asset allocations, and determined that the City could reasonably expect an investment return assumption of at least 7.2%. *Id.* at 91; Ex. 496.

Based on this evidence, the Court concludes that the City’s projection of the UAAL for both retirement systems at the end of FY2023, including the 6.75% investment return assumption, is reasonable and supports a finding that the plan is feasible.

**c. Recommendations for Enhanced Disclosures
to Reduce the Risk of Unmanageable Pension
Obligations**

To improve the feasibility of the plan, Ms. Kopacz makes several recommendations to enhance the disclosures in the annual reports of the status of the pension UAAL. In her report, Ms. Kopacz recommends that on an annual basis, the City disclose three funding benchmarks:

The expected standard deviation of investment returns of the asset portfolio on the report date;

The plan liability and normal cost calculated at the risk-free rate, which estimates the investment risk being taken in the investment earnings assumption; and

A standardized plan contribution for assessing the aggregate risks to the adequacy of the recommended contribution.

Ex. 12000 at 155-56 (citing the Society of Actuaries “Report of the Blue Ribbon Panel on Public Pension Plan Funding,” February 2014).

Ms. Kopacz further recommended “that the City disclose the gross liability and the UAAL by year on an undiscounted basis.” *Id.* at 156. She explained, “This will allow third parties a better understanding of the changes in the liabilities from year to year.” *Id.*

The Court strongly recommends that the City, the GRS and the PFRS give serious consideration to these additional disclosures. Based on the record, the Court agrees that “[t]imely, accurate financial reporting relating to the City’s pension plans will be an essential tool as the retirement systems manage the plans’ assets and liabilities and make critical decisions regarding future estimated rates of returns and annual funding requirements.” *Id.* at 155.

9. The City Will Be Able to Sustainably Provide Adequate Services

The RRIs are one of the positive outcomes of the bankruptcy process. The RRIs provide the backbone of improved services to the citizens of Detroit.

Martha Kopacz, Ex. 12000 at 207.

The Court has determined the City’s financial projections and the assumptions that underlie them are reasonable, including the projected expenditures and increased revenues associated with the RRIs. Therefore, the only remaining feasibility questions are 1) whether the RRIs, if implemented, are reasonably likely to enable the City to sustainably provide adequate services, and 2) whether the City is reasonably likely to be able to implement the RRIs.

Charles Moore is the chief architect of the RRIs. He was qualified as an expert in “advising municipal and corporate entities on organizational turnarounds and restructuring, including operational and financial revitalization.” Trial Tr. 75-76, Sept. 5, 2014. (Dkt. #7434) During his testimony, he explained that the RRIs can be broken down into seven categories:

1. Blight initiatives, which focus on the remediation of primarily residential blight;

2. Public safety initiatives, which focus on police and fire services to improve overall public safety;
3. Resident service initiatives, which focus on departments that primarily interact with residents (such as the Department of Transportation);
4. Business service initiatives, which focus on departments that interact with businesses (such as Buildings, Safety Engineering and Environmental Department);
5. Organizational initiatives, which focus on the departments that serve primarily to support City operations (such as the Finance Department and General Services);
6. Management initiatives, which relate to the mayor's office, city council and the city clerk; and
7. Non-departmental initiatives, which relate to the 36th District Court.

Id. at 40-41.

In developing the RRI's, Mr. Moore and his team at Conway MacKenzie reviewed each of the general fund departments and the enterprise funds that impact the general fund. This was done to understand the nature of each department, the services that each provides, and the way in which those services are provided. That information was reviewed against benchmark data to determine the level of deficiency in each department. From there, initiatives for improving the level of services were developed and compiled into the reinvestment plan. *Id.* at 66-67.

This process was conducted from the bottom up, meaning that Conway MacKenzie worked department by department with employees and department heads to develop individual projects and initiatives to address specific service deficiencies. *Id.* at 66. For example, with regard to labor requirements for a given department, it looked at how many employees would be required to complete all necessary tasks, the appropriate pay levels, and the amount of training required. It looked at departmental information technology requirements, the associated costs, and the necessity of outside contractors and consultants. *Id.* at 68-69. Where necessary, it relied on outside experts for additional input. For example, the Tridata Group was consulted as to the

fire department, and both the Manhattan Institute and the Bratton Group were consulted as to the police department. Trial Tr. at 69-72, 263-64, Sept. 5, 2014. (Dkt. #7434)

Mr. Moore testified that in his expert opinion, each specific RRI is necessary and that if successfully implemented, the RRI's will improve City services to an adequate level. *Id.* at 82-83. The specific facts supporting these conclusions for the most significant RRI's are summarized below.

a. The Blight Initiatives

In assessing the scope of the blight problem, Mr. Moore relied, in part, on a report issued by the Detroit Blight Removal Task Force in May 2014. *Id.* at 88:7-10. The Task Force was created in September 2013 to focus on reducing or eliminating blight in the City. *See* Ex. 73. The Task Force surveyed over 99% of the City's 380,000 lots and compiled the results in a comprehensive database known as the Motor City Mapping Project. Trial Tr. at 90:5-91:7, Sept. 5, 2014. (Dkt. #7434) The Task Force identified an estimated 80,000 properties in the City that were either blighted or showing signs of blight. Approximately 30% of residential structures and 30% of commercial structures were blighted. Ex. 464 at 13-14, tables 1a and 1b.

In addition to relying on the Task Force report, Mr. Moore visited multiple blight removal sights, spoke with residents living in areas where blight removal activities were undertaken, met with members of the blight removal task force, and spoke with City personnel involved in blight removal from the planning and development department and the building department. Trial Tr. at 89-90, Sept. 5, 2014. (Dkt. #7434)

The proposed blight initiatives contemplate \$440.3 million in total investment and \$72.3 million in revenue initiatives, resulting in net reinvestment of \$368 million. *Id.* at 92-93; Ex. 464 at 15, tables 1c and 1d.

This level of investment will not completely eradicate blight in the City. Eliminating all 80,000 properties that are “blighted or showing signs of blight” would cost approximately \$850 million. Ex. 464 at 17, table 1e. The initiative is focused primarily on structural blight (buildings) as opposed to non-structural blight (brush and other debris).

There is no direct financial revenue projected from these initiatives. There are, however, indirect benefits from blight removal. These include:

- The improved appearance of the City;
- The stabilization of neighborhoods;
- Reduced migration from the City;
- Increased demand for property;
- Decreased crime;
- Reduction in the number of fires;
- Improved fire rating (which ties to insurance rates);
- Reduced maintenance burden on the City;
- Efficient land utilization;
- More efficient delivery of City services; and
- Enhanced development opportunities.

Ex. 464 at 14-15; Trial Tr. 95-96, Sept. 5, 2014. (Dkt. #7434)

The City’s disclosure statement further states, “In developing its blight removal initiative, the City has taken into account the proposals set forth in the Detroit Future City Strategic Framework . . . and the City believes that its strategies for blight removal are consistent with the goals set forth in the Strategic Framework.” Disc. Stmt. § IX.B.1, at 162. (Dkt. #4391)

Mr. Rapson testified about the Detroit Future City Plan, which was developed primarily by the Kresge Foundation. Trial Tr. 182, Oct. 2, 2014. (Dkt. #7878) He explained that the Blight Task Force is “nested within” the Detroit Future City project. *Id.* at 183. More importantly, he testified that incorporating City’s blight removal initiative into the highly-developed Detroit Future City plan increases its feasibility. *Id.* at 182 (“[T]he Detroit Future City plan is really in many ways the way by which the City will operationalize its approach to blight.”).

Finally, the Court finds Mr. Rapson credibly testified that the blight removal initiatives “will help the City return to providing adequate services.” *Id.* at 203. He elaborated:

[T]hese investments in City services represent a return to the kind of investments that are going to be necessary for us to make progress on blight remediation and to improve the kind of public services and emergency services that any city depends on for its long-term health.

. . . .

I think they will [] help stabilize the environment [so that the City can] build these other investments on top of an environment that is safe and that is not characterized by massive swaths of blighted land, but I think it will also serve as an accelerant. My sense is that what the plan of adjustment . . . does is to really accelerate the kind of progress that we need to make as a community if we’re going to return to health

Id. at 203-04.

b. The Public Safety Initiatives

The public safety initiatives are intended to improve the overall performance of the police and fire departments and to increase safety in the City.

In assessing how well the police department is currently functioning, Mr. Moore relied on numerous reports that have been written about the City, as well as nationwide data sources

regarding the effectiveness of police departments (for example, the FBI's uniformed crime reporting statistics). The benchmarking data measures crime rates, case closures and response times. Trial Tr. 97-99, Sept. 5, 2014. (Dkt. #7434)

The initiatives for the police department contemplate an investment of \$339.8 million, cost savings of \$87.6 million and revenue initiatives of \$32.6 million, for a net reinvestment of about \$220 million. *Id.* at 96-98; Ex. 464 at 20, table 2a. The specific investments required for the police department were determined by working closely with Police Chief James Craig as well as the finance and IT departments. Trial Tr. 105-06, Sept. 5, 2014. (Dkt. #7434)

The \$339.8 million in proposed expenditures for the police department include:

- 1) \$175 million in operating expenses. This is primarily to address staffing issues such as shifting 250 uniformed officers who currently perform duties that civilians could perform back to patrol duty and hiring civilians to fill the open positions. This represents about 12% of the police force.
- 2) \$91.3 million in fleet expenditures. More than half of the department's vehicles are over ten years old; this investment will put the fleet replacement cycle at 3½ to 4 years, which is not ideal, but is a significant improvement.
- 3) \$38.4 million in technology related expenses. This includes replacing handheld and vehicle radios as well as implementing an integrated police information system. That system allows for sharing information between precincts, accessing background information on individuals, automating paperwork and improving data access for management.
- 4) \$34.2 million in capital expenditures. This includes funds for improving existing facilities (\$24 million for substantial repairs that have been delayed) as well as opening three new precincts (\$7 million) and a new training facility (\$3 million).

Id. at 100-06.

Chief Craig confirmed that these investments will enable the police department to adequately serve the residents of Detroit. He described a "plan of action," prepared under his

supervision and direction, that is designed to transform the department into a “premier law enforcement agency.” *See* Ex. 66; Trial Tr. 108-09, Sept. 9, 2014. (Dkt. #7473) Chief Craig testified that the plan of action was his way of incorporating the public safety initiatives described in the disclosure statement into the actual day-to-day functioning of the police department. Trial Tr. 109-10, Sept. 9, 2014. (Dkt. #7473) He testified that the police department’s implementation of the plan of action is “roughly 65 percent complete,” citing, *inter alia*, an overall crime reduction of 19 percent from 2013, a murder clearance rate of 67% (up from 11% previously), and the successful transition out of an eleven year Department of Justice consent decree. *Id.* at 109-12. He also testified that “in-service training” has increased, and the department has successfully implemented its own “neighborhood police officer initiative,” designed to establish relationships between officers and the neighborhoods they protect. *Id.* at 115-16.

Chief Craig also testified that they had recently hired 133 new officers, but that they were only keeping up with attrition. *Id.* at 113. Part of the problem, he explained, is that officers in neighboring cities offer higher pay.

However, several weeks later Mayor Duggan testified that he has made efforts to address this problem. Trial Tr. 82, Oct. 6, 2014. (Dkt. #7917) He testified that he was able to re-negotiate contracts with the police unions in order to give all officers an 8% increase in base pay by reducing annual sick days and by moving 150 uniformed officers out of “non-core” roles, such as traffic enforcement, crime statistics, and prisoner transport, and into patrol positions. *Id.* He testified that the department plans to hire retired officers to fill the non-core positions at a lower hourly wage with no benefits, explaining, “It’ll save us a huge amount of money, and when we bring the retired officers back, we can move the 150 cops back to the street. And with

the money we save, we can give [the] officers a base pay increase of eight percent.” *Id.* Mayor Duggan testified that these changes will allow the police department “to effectuate the plan . . . much more quickly,” particularly by “putting officers on the street.” *Id.* at 82-83.

In assessing the Fire Department, Mr. Moore looked to the National Fire Protection Association’s published standards and concluded that the City is not meeting those standards. The NFPA standard response time for firefighting and EMS is six minutes. The City department’s response times were 9 minutes for firefighting and 18 minutes, 20 seconds for EMS. This is due to a lack of resources, both people and equipment. Trial Tr. 107-08, Sept. 5, 2014. (Dkt. #7434)

The initiatives for the Fire Department contemplate a total investment of \$218.9 million, with cost savings of \$60.6 million and revenue initiatives of \$87 million, for a net reinvestment of \$71.3 million. Ex. 464 at 20, table 2a. This includes:

1. \$85.3 million in additional operating expenses. This is primarily for hiring additional firefighters. This will be offset by some attrition, as well as increased efficiency as the department moves towards cross-training and cross-utilization of its fire and EMS resources.
2. \$58.6 million in fleet expenditures. This anticipates the purchase of about 17 vehicles per year. About 30% of the fleet will be replaced in 2015 and about 12% each year thereafter.
3. \$71.3 million in capital expenditures. This addresses repairing or replacing facilities. Many of the older facilities were not built to accommodate modern equipment and must be replaced or upgraded. \$30 million is allocated for that. In order to meet NFPA standards regarding response times, some firehouses need to be relocated. \$20 million is allocated for equipment replacement.
4. \$300,000 to combine firefighting and EMS. Most of this money has already been spent implementing Tridata’s recommendations

Trial Tr. 107-11, Sept. 4, 2014. (Dkt. #7434) *See also* Ex. 464 at 20, 26-28.

Executive Fire Commissioner Edsel Jenkins confirmed Mr. Moore’s testimony that the proposed initiatives dedicated to the fire department will enable the department to come into

compliance with—or close to compliance with—the NFPA standards. Trial Tr. 53, Sept. 9, 2014. (Dkt. #7473) He explained that certain kinds of complex, large fires will likely continue to impact the Department’s compliance with the NFPA standards. He explained, “[I]f we have all [of] our resources tied up at one or two fires, that’s going to leave us really hard-pressed to meet the response times for EMS and fire for regular runs.” *Id.* at 88. However, he further explained that the RRI’s provide a “great cash injection that the department needs,” and that while he could not say the department would be “perfect,” he testified, “we’ll be very close.” *Id.* at 89.

The Court finds that Chief Craig and Commissioner Jenkins are fully committed to and capable of implementing the RRI’s in their departments. The Court further finds that if these RRI’s are implemented, they will enable the City to provide an adequate level of public safety service that will be sustainable over the long term.

c. The Organizational Efficiency Initiatives

These initiatives relate to departments that provide support for the City’s operations, specifically: the finance department, the general services department, the human resources department, the law department, the office of the auditor general, the department of elections, and the human rights department. Implementation of the RRI’s associated with these departments is essential to the City’s improvement in its operations and ultimately the services it provides.

The RRI’s for organizational efficiency contemplate a total investment of \$479.9 million, offset by cost savings of \$109 million, and revenue initiatives of \$98.2 million, for a net reinvestment of \$272.7 million. Ex. 464, at 57-58, tables 5a and 5b. The Court addresses the main components of the organizational efficiency initiatives below.

The income tax division of the finance department is marked for a \$12.2 million investment, primarily for the implementation of a tax software program known as “City Tax,”

which is expected to create cost savings of \$10.4 million. Trial Tr. 142, Sept. 5, 2014. (Dkt. #7434) The City also hopes to increase its income tax revenue by working with the IRS to obtain information on individuals whose federal tax returns suggest that they should be filing a tax return with the City but who have not done so. *Id.* at 143. Mr. Stibbitz testified that the State is similarly hoping to assist the City in collecting income taxes. He stated, “[W]e’ve been working on an agreement and building a system, . . . through which we could actually collect city income taxes on behalf of the City.” Trial Tr. 91, Oct. 1, 2014. (Dkt. #7850)

Mr. Orr testified that the investments in the income tax division will address another serious problem in the City—people who are trying to pay their municipal income taxes frequently have to wait in line for several hours to make their payments. Trial Tr. 122-23, Oct. 2, 2014. (Dkt. #7878)

The grants division of the finance department is new and budgeted for a \$19 million investment. Trial Tr. 143, Sept. 5, 2014. (Dkt. #7434) It is responsible for establishing a grants management system. The City gets a fair amount of grant revenue each year, but the money is not properly tracked. HUD and other granting authorities have indicated that without changes, the City is at risk of losing future grants and also possibly having to reimburse grants already received. *Id.* at 143-44. The new initiatives are designed to prevent this from happening. Mr. Hill testified that the City will continue to use an interim grants management program until the City completes all of its planned information technology upgrades. Trial Tr. 87-88, Sept. 4, 2014. (Dkt. #7411) The expectation is to use the grant management module in the new financial control system once it is fully implemented. *Id.* at 88.

One major area that needs improvement is the human resources department, in which the City plans to invest \$40 million. Trial Tr. 152, Sept. 5, 2014. (Dkt. #7434) Mr. Moore

described reinvestment in this department as “another one of those critical elements that underlies all of the reinvestment initiatives.” *Id.* The department is understaffed and under-resourced. As a result, it can take the City six months to fill open positions. The plan calls for the City to eventually add over 800 employees. To free that process from the current constraints imposed by the condition of the HR department, the City plans to spend \$25 million in additional labor and training, including adding eleven employees dedicated to monitoring the City’s compliance with union contracts. *Id.* at 152-56. In addition, the City has hired a new director of human resources, who will start in January 2015. Trial Tr. 71, Oct. 22, 2014. (Dkt. #8082)

The City plans to direct the bulk of the remaining organizational efficiency investment in the finance department. The plan calls for a \$221.4 million reinvestment in the finance department, \$101 million of which will be dedicated toward information technology upgrades, including the implementation of a new enterprise resource planning system (“ERP”), as well as support staff, hardware and software. Trial Tr. 140, Sept. 5, 2014. (Dkt. #7434) The City also intends to spend \$24.9 million on labor, including hiring new employees and budgeting for future training. The City plans to hire nine new people to track, monitor and maintain the implementation of the RRI citywide. These employees’ responsibilities will include “making sure that the City is able to close its books on a monthly basis, perform bank reconciliations, activities that you would expect any accounting and finance area to be able to accomplish.” *Id.* at 140-41.

Because these RRIs are fundamental to the success of the plan, the City built flexibility into other RRIs to ensure that the organizational efficiency initiatives would not be deferred. *See* Trial Tr. 71-72, Oct. 21, 2014. (Dkt. #8098)

Ms. Niblock testified that the IT reinvestment initiatives are reasonable and, when implemented, will address the City's IT deficiencies. Trial Tr. 129, Sept. 8, 2014. (Dkt. #7472) Mr. Hill will work with Ms. Niblock on the implementation of the finance department's IT upgrades. *Id.* at 130. He testified that they have been working toward implementing best practices over the past several months, so that the finance department will be fully prepared when the new ERP system is implemented. Trial Tr. 172, Sept. 4, 2014. (Dkt. #7411) To further reduce implementation risk, Mr. Hill explained that the City decided to use one of two cloud-based ERP systems. He testified that the benefit of a cloud-based system is that the responsibility for storage of information is not with the City, so it does not need to allocate assets and resources to data storage and organization. This is done by the cloud servicing company. *Id.* at 171-73.

Mr. Hill testified that the finance department will use the IT upgrades to improve the state of its financial controls systems, its ability to issue periodic accounting statements, and its cash management functions. *Id.* at 84-86.

d. The Resident Services Initiatives

The resident services initiatives focus on non-public-safety departments "that have the front facing impact on residents," specifically transportation, ombudsperson, public works (solid waste), recreation and vital records (health and wellness). Trial Tr. 114, Sept. 5, 2014. (Dkt. #7434)

The RRI's for resident services contemplate total investment of \$170.9 million, with cost savings of \$64.7 million and revenue initiatives of \$52 million, for a net reinvestment of \$54.2 million. The largest expenditures are for transportation and recreation. Ex. 464 at 33, tables 3a and 3b.

First, the City contemplates spending \$111 million for the department of transportation (“DDOT”). The number of miles serviced by DDOT has declined significantly over the past five years, from sixteen million miles annually in 2009 to twelve million miles today. Trial Tr. 115, Sept. 5, 2014. (Dkt. #7434) Mayor Duggan intends to restore service back to 2009 levels by the end of fiscal year 2023. This means DDOT will need between 225 and 230 buses for peak afternoon times. Presently, DDOT only has about 190 functioning buses. *Id.* at 115-16.

To address these problems, the \$111 million in proposed expenditures includes \$101 million in additional operating expenses (fuel, maintenance, parts, supplies, additional drivers, cameras and security personnel) and \$10.3 million in capital expenditures for facility improvements. *Id.* at 117-18.

Mayor Duggan’s testimony supports the feasibility of the City’s plan to improve its transportation services. He testified that the City is set to receive fifty new buses in early 2015. Trial Tr. 89, Oct. 6, 2014. (Dkt. #7917)

The bulk of the remaining resident services investments relate to the reopening of the City’s parks. Under the plan, the City will invest \$37.8 million to reopen 180 of the City’s closed parks. Trial Tr. 122, Sept. 5, 2014. (Dkt. #7434) Mayor Duggan testified that churches and business people have come together to sponsor parks that were not covered by the reinvestments in the plan. As a result, the City plans to reopen all 275 of its parks. Trial Tr. 89, Oct. 6, 2014. (Dkt. #7917)

e. The Business Services Initiatives

The business services initiatives relate to the City departments that primarily interact with businesses, including the department of planning and development, and the buildings, safety engineering and environmental department (BSEED). These initiatives also cover reinvestment

in the Coleman A. Young Municipal Airport, the parking department, the board of zoning appeals and the department of administrative hearings. These departments address overall planning for the City, licensing and permits for businesses, and monitoring how businesses operate within the City. Trial Tr. 124-25, Sept. 5, 2014. (Dkt. #7434)

The RRI for business services contemplate \$51.4 million in investment offset by cost savings of \$24.3 million and revenue initiatives of \$61.9 million. Thus, these initiatives are a net gain for the City. Ex. 464 at 43, tables 4a and 4b.

First, to reduce redundancies, the City planning commission will be combined with the City's department of planning and development. The City plans to spend \$22.5 million on this department, offset by \$1.9 million in cost savings. The most important component of the City planning commission initiatives is \$11 million directed toward the creation of a new master plan for development in the City, which will include provisions for tracking blight removal efforts and facility location planning for the fire and police departments. Trial Tr. 125-26, Sept. 5, 2014. (Dkt. #7434)

The City also plans to invest \$20 million in the airport so that it can remain in compliance with federal guidelines and maintain its operating certificate. A portion of this amount will go toward developing a long-term plan for the airport and the remaining \$15.7 million will be dedicated to facility updates. *Id.* at 127-28.

For the municipal parking department, in addition to the Desman improvements addressed above, the City plans to spend \$8.2 million to improve the condition of City-owned impound lots, parking meters, and the department's vehicles. *Id.* at 128.

The Court concludes that the overall effect of these RRI's, and others not discussed here but detailed in the disclosure statement, will enable the City to sustainably provide adequate public services.

10. The City's Commitment to Implement the Plan

I can say, unequivocally, that without the positive and capable leadership of Mayor Duggan and the constructive relationship between the City Council and the Mayor, I would be unable to opine that the plan, as currently proposed, is feasible. The near term future will require course adjustments as undoubtedly revenues and expenses will vary from projections and unforeseen events will demand changes in plan. The democratic system has put in plan individuals who, at least for the next three years, can choose to continue the positive course for the City. I believe they will do so.

Martha Kopacz, Ex. 12000 at 29.

Having concluded that the RRI's are likely to restore services, the Court will now address whether the City is likely to implement the RRI's. Mr. Orr testified that as his tenure as Emergency Manager draws to a close, he is confident the City will be able to implement the RRI's and sustain them over the long term:

First, the mayor and the city council have shown me since the time I've been here in the last nine months that they are working hard. We started out a little rough, and there was some concern, but we've managed to work together and push some of these reforms through. And they're working together . . . to move the City forward.

Secondly, there's going to be a level of oversight in place with the Financial Review Commission, which is modeled on other commissions, the MAC, the DC Control Board, others. That commission is designed to be a robust commission to make sure after all this effort and work that the City keeps fidelity with the plan going forward.

Third, my sense is at city hall there's a very high degree of sensitivity and concern that the eyes of the county, if not . . . the

world, are on them; that they have an obligation to this Court; that they recognize we're in a federal process, and this is going to be ordered. I certainly have emphasized that to them. And . . . my impression is they feel very sincerely that they have an obligation to make this work.

Trial Tr. 123-24, Oct. 2, 2014. (Dkt. #7878)

Mayor Duggan testified credibly that the City is committed to implementing the RRI's, and that he has already developed effective methods of tracking progress on the improvement of city services. Trial Tr. 84-88, Oct. 6, 2014. (Dkt. #7917) He testified that the City is "probably about ten percent of where we need to be" in terms of providing adequate city services, but that under the plan and the RRI's, "we're building in the right order," meaning the RRI's are properly prioritized to enable the City to maintain financial stability as it works to improve services. *Id.* at 96-97. He testified, "[I]t's going to be a multi-year process before the people of the city get the kind of services that people in a major city deserve, but it's getting a little bit closer every month." *Id.* at 97. For example, he testified that the City has seen 20,000 new LED street lights installed since January. *Id.* at 88.

Mayor Duggan further testified that he believes the City will be able to attract and train a sufficient number of qualified employees to fill the positions needed for implementation of the RRI's. He described a job fair in March of 2014, at which the City recruited bus drivers, bus mechanics, police officers and firefighters. *Id.* at 135. He testified that the City received hundreds of applications for every open position. *Id.* at 135.

He also enthusiastically testified that the City plans to invest \$15 million in training City employees to use "lean processes," or methods designed to achieve maximum efficiency. Mayor Duggan first began using this type of training while working as the Director of the Detroit Medical Center, and testified that it was "very successful." *Id.* at 69, 95-96. He testified that he identified eighteen of the "most screwed up processes in the City of Detroit," and used a

combination of outside “lean process” experts and City employees to develop ways to improve them. *Id.* at 95-96. He continued:

I went to the meetings [related to lean process implementation] . . . and it’s great to hear our employees reporting out on what they’ve done And we’re going to continue to do this over and over until we get 400, 500 employees lean certified so that any employee can participate in a process to make their department more efficient.

Id. at 96.

City Council President Brenda Jones reiterated that the City is committed to implementing the plan. Trial Tr. 58, Oct. 6, 2014. (Dkt. #7917) She characterized the RRI as “help[ing] the City restructure so that the citizens can receive adequate services,” and testified that the level of service the City is currently providing its citizens is “improving.” *Id.* at 17, 21-22. To make sure the RRI is fully carried out, she testified:

[The City Council] will work as a team with the mayor collaboratively and the departments collaboratively to make sure that the services are improving and are adequate for the citizens in the City of Detroit. We will do our part with contracts and with the budget to ensure that the dollars that are being reinvested into the City will be spend where they should be spent.

Id. at 26.

Ms. Kopacz testified that the Mayor’s decision to hire Mr. Hill as the CFO also supports feasibility, as does his decision to hire Ms. Niblock as the new CIO. Trial Tr. 53-54, Oct. 22, 2012. (Dkt. #8082) She also testified that the Mayor has hired a “top notch” head of HR, who will start in January, as well as a new deputy mayor for economic policy. *Id.* at 83. The new deputy mayor for economic policy will focus on ensuring the City is achieving the plan’s revenue projections. *Id.* Regarding the City’s middle management, Ms. Kopacz testified, “I think there is a genuine desire to right the ship, to help the City prosper.” *Id.* at 70.

One of Ms. Kopacz's early concerns about the feasibility of the plan was that the City had not made sufficient efforts to harmonize the Plan Projections with the City's budgets and its finances more generally. Ex. 12000 at 25-29. Mayor Duggan testified that the City began addressing this concern on April 17, 2014, when he became aware that the Court required his input on whether the plan is feasible. Trial Tr. 99, Oct. 6, 2014. (Dkt. #7917) He testified:

After the Court indicated that it expected me to testify as to whether I thought [the plan] was feasible, the relationship between the emergency manager and me changed dramatically. The inclusion in analysis in the operations changed. But what I did immediately was this went from some theoretical document the emergency manager was preparing to the blueprint that we were going to have to operate on. . . . And I wanted to validate every number in here and every risk so that I could be comfortable in my own mind either saying to the Court I believe it was feasible or I did not. And so I put out a directive to each department head to first give me a preliminary analysis of how feasible they thought [the RRI]s were, and then over a six-week period from late May to early July I spent hours with the different departments—most of them came back two and three times until I was satisfied.

Id. at 100-01.

Another one of Ms. Kopacz's early concerns was the City's ability to monitor plan compliance.

The record establishes that the City will have adequate resources to monitor compliance with the plan. In addition to the initiatives in the finance department, Mr. Orr testified that the investments in the human resources department will allow the City to continue to monitor its progress and compliance with the plan throughout all of the City's departments:

So a particular component is that the City be able to [] assess, train, and gauge the efficacy of a particular job or function so that we can measure whether we're meeting the RRI, and [the HR-related RRI]s are designed to put those types of systems in place throughout the City's roughly . . . 28 departments.

Trial Tr. 122, Oct. 2, 2014. (Dkt. #7878)

The City also plans to invest \$15 million to implement a “311 system” to allow residents to report issues to the City and for the City to track resolution of those issues. *See* Trial Tr. 112, Sept. 8, 2014. (Dkt. #7472)

Most importantly, Mr. Hill testified that the City now has “budget strings” to prevent City employees from spending money without a specific provision covering the expense in the budget. He testified, “[T]he City cannot spent money and pay for things unless they have a budget string.” Trial Tr. 103, Sept. 4, 2014. (Dkt. #7411)

Finally, in addition to these systems of internal control, the Court finds that the Grand Bargain Legislation enhances the feasibility of the plan. As Ms. Kopacz testified, “The existence of the Financial Review Commission, the oversight commission, I think is a very positive qualitative factor in ensuring that the City conducts itself in a way that—that ensures or helps to ensure that the—commitments of the plan are going to be met.” Trial Tr. 69, Oct. 22, 2014. (Dkt. #8082)

The Grand Bargain Legislation establishes a nine-member Financial Review Commission, comprised of the state treasurer, the director of the department of technology, management, and budgeting, three members appointed by the governor, the mayor (or a designee of the mayor), two members chosen by the governor from nominations by the Speaker of the House and the Senate Majority Leader, and the president of the city council (or a designee). *See* Mich. Comp. Laws § 141.1635.

The statute provides for wide-ranging oversight of the City’s finances and, more specifically, of the City’s compliance with the plan. *See* Mich. Comp. Laws §§ 141.1636 and 141.1637. One significant responsibility of the commission is to review the City’s 4-year financial plans required by § 117.4t of the Home Rule City Act. The commission may require

modifications to the plan where necessary. Mich. Comp. Laws § 141.1636(4). The commission is also empowered to review and approve the City’s collective bargaining agreements and to “review, modify, and approve proposed and amended operational budgets.” *Id.* at §§ 141.1636(9) and 141.1637(c).

11. Final Thoughts and Recommendations on Feasibility

For the foregoing reasons, the Court concludes that the plan is feasible, as required by § 943(b)(7). Specifically, the Court finds it is likely that the City will be able to sustainably provide basic municipal services to the citizens of Detroit and to meet the obligations contemplated in the plan without the significant probability of default.

Nevertheless, significant risks remain. Most are beyond the City’s control, but the Court recommends certain actions to the City and other stakeholders to improve the feasibility of the plan— from both a qualitative and quantitative perspective. While remaining cautious due to the limitations on the Court’s authority imposed by §§ 903 and 904, and the Tenth Amendment of the United States Constitution, the Court feels a duty to make these recommendations because of the unique position that the Court has held in this case over the past eighteen months.

The Court first appeals to the City’s labor unions and retiree associations. In his closing argument, counsel for the City perceptively asserted that the goal of protecting municipal pensions in this City and in this country requires these parties to enhance their vigilance of municipal pension funding. Trial Tr. 32-33, 134, Oct. 27, 2014. (Dkt. #8156) The Court agrees. The Court would only additionally ask these parties to consider whether this goal of protecting municipal pensions in the City and indeed the broader goal of revitalizing the City suggests that

they should take a longer-term and broader view of the best interests of their members and retirees.

The second recommendation is to the State. The Revised Municipal Finance Act unequivocally states that the Michigan department of treasury is “directed to protect the credit of this state and its municipalities.” Mich. Comp. Laws § 141.2201. The argument is powerful that this provision of State law, together with the constitutional protections of pensions, requires the State to take full responsibility to vigorously supervise and regulate its municipalities to assure adequate pension funding. The municipal employees and retirees of this City and State need and deserve the State’s robust commitment to that obligation.

The Court has found that the State Contribution of \$194.8 million in exchange for a release of liability on the pensioners’ constitutional claims is a reasonable settlement. *See* part III.E.3. History will judge the correctness of this finding. It will judge that this finding was correct only if what happened here in Detroit never happens again. The State can sustain that finding in history only by fulfilling its constitutional, legal, and moral obligations to assure that the municipalities in this state adequately fund their pension obligations. If the State fails, history will judge that this Court’s approval of that settlement was a massive mistake.

However, the City’s labor and retiree associations and the State can effectively carry out their responsibilities only if the City provides them with adequate accurate financial information. It is unrealistic and wasteful for these entities to replicate all of the City’s accounting functions. Rather, the City must provide the State, labor unions, and the public with the information they need.

Therefore, in addition to the requirements imposed by the Grand Bargain Legislation, the Court recommends that the City adopt the annual reporting requirements that Ms. Kopacz advocates in her expert report, discussed in part X.D.8.

**E. Each of the Claims in Each Class Is
Substantially Similar to the Other Claims in the
Class, As Required by § 1122(a)**

1. The Applicable Law

Section 1122 sets forth the basic rule governing the classification of claims and interests. With the exception of “convenience classes” of unsecured claims, the claims or interests within a given class must be “substantially similar” to the other claims or interests in that class. 11 U.S.C. § 1122(a). To be “substantially similar” for purposes of § 1122, “claims need not be identical . . . [a]nd there is certainly no requirement that claims be classified according to their values.” *In re Dow Corning Corp.*, 244 B.R. 634, 655 (Bankr. E.D. Mich. 1999) (citations omitted), *aff’d*, 255 B.R. 445 (E.D. Mich. 2000), *aff’d in relevant part sub nom. Class Five Nev. Claimants v. Dow Corning Corp. (In re Dow Corning Corp.)*, 280 F.3d 648 (6th Cir. 2002). Under that section, “claims will be substantially similar if they are similar in legal nature or character.” 244 B.R. at 655.

The bankruptcy code does not require the converse, that all similar claims be placed in one class. *In re Dow Corning Corp.*, 280 F.3d at 661 (“Section 1122(a) does not demand that all similar claims be in the same class.”).

The Sixth Circuit has stated, “the bankruptcy court has substantial discretion to place similar claims in different classes. . . . Congress incorporated into section 1122 . . . broad discretion to determine proper classification according to the factual circumstances of each individual case.” *Id.* (citations and quotation marks omitted).

“A classification scheme satisfies section 1122(a) of the Bankruptcy Code when a reasonable basis exists for the classification scheme, and the claims or interests within each particular class are substantially similar.” *In re Eagle-Picher Indus., Inc.*, 203 B.R. 256, 270 (S.D. Ohio 1996).

A plan proponent must not separately classify substantially similar claims solely to gerrymander favorable votes. As explained by the Sixth Circuit:

[T]here must be some limit on a debtor’s power to classify creditors in such a manner Unless there is some requirement of keeping similar claims together, nothing would stand in the way of a debtor seeking out a few impaired creditors (or even one such creditor) who will vote for the plan and placing them in their own class.

Teamsters Nat’l Freight Indus. Negotiating Comm. v. U.S. Truck Co. (In re U.S. Truck Co.), 800 F.2d 581, 586 (6th Cir. 1986) (footnote omitted). *See also Phoenix Mut. Life Ins. Co. v. Greystone III Joint Venture (In re Greystone III Joint Venture)*, 995 F.2d 1274, 1279 (5th Cir. 1991) (Under § 1122 of the bankruptcy code, “thou shalt not classify similar claims differently in order to gerrymander an affirmative vote on a reorganization plan.”).

Upon a review of the classes in the plan, the Court finds that all of the claims in each class are similar and that therefore the plan complies with § 1122(a)

2. Creditors’ Objections to Classification Are Overruled

Certain individual objectors argue that the plan’s classification scheme improperly gerrymanders class 10 (PFRS pension claims) by including both impaired and unimpaired claims in the class. They assert that certain retirees holding PFRS pension claims are essentially unimpaired under the plan because: (a) the impairment of class 10 claims arises solely from the elimination of future, not existing, claims to COLA adjustments, and (b) some retirees with

claims in class 10 have no imminent likelihood of receiving COLA benefits regardless of whether the plan is confirmed. *See* Obj. of William Ochadleus, *et. al.* (Dkt. #5788); Obj. of Jamie S. Fields (Dkt. #4404).

These objections misapprehend the requirements of § 1122. If claims in a class are similar in legal nature or character, § 1122 is satisfied regardless of whether the ultimate treatment of those claims is different. Under the plan, all holders of PFRS pension claims are in class 10 and all such holders have similar claims. Each has a right to receive COLA benefits and the plan reduces that benefit by 55%. The plan, therefore, complies with § 1122.

Further, as a general rule, courts in the Sixth Circuit have held that the issue of gerrymandering is properly asserted only in connection with allegations that a plan proponent has separately classified similar claims to obtain favorable votes. The *Dow Corning* court explained this rule:

It may well be that one of Congress' primary motivations for limiting class membership to substantially similar claims was . . . to ensure that the votes cast by the class will reflect the joint interests of the class. But to accomplish this goal, Congress enacted a single requirement, which is that a class may consist only of substantially similar claims. When determining whether claims within a single class meet this requirement, assertions of attempted vote gerrymandering are simply irrelevant. If all claims within a class are substantially similar, then the class is properly constituted. . . . Consequently, accusations that a classification scheme has been assigned to gerrymander the vote on a proposed plan need be addressed, if at all, only when the plan proponent has placed substantially similar claims in separate classes.

Dow Corning, 244 B.R. at 665 (citing *Teamsters Nat'l Freight Indus. Negotiating Comm. v. U.S. Truck Co. (In re U.S. Truck Co.)*, 800 F.2d 581 (6th Cir. 1986)) (internal citation and quotation marks omitted).

In the present case, the objecting parties do not object that the plan places substantially similar claims in separate classes.

Because the plan properly classifies substantially similar claims in class 10, the Court overrules the objections alleging improper gerrymandering under § 1122(a).

**F. The City Proposed the Plan in Good Faith, As
Required by § 1129(a)(3)**

Section 1129(a)(3) requires that the plan has been proposed in good faith.

This is the second time during this chapter 9 case that the Court has been called upon to examine the City's good faith. During the eligibility phase of these proceedings, the Court was confronted with the question of whether the City filed its petition for chapter 9 relief in good faith under § 921(c). The City's good faith in filing its chapter 9 petition was "a central issue" at the eligibility hearing. *In re City of Detroit*, 504 B.R. at 180. The Court found, "in one form or another, all of the objecting parties have taken the position that the City did not file its chapter 9 petition in good faith and that this Court should exercise its discretion under 11 U.S.C. § 921(c) to dismiss the case." *Id.*

The Court ultimately concluded that the City did file its petition in good faith. Nevertheless, the Court found that "in some particulars, the record does support the objectors' view of the reality that led to this bankruptcy filing," including that State officials, Mr. Orr, and the City's hired professionals had misrepresented their intentions regarding seeking bankruptcy relief and reducing pension benefits. *Id.* at 183-87.

Much has changed. By the close of the hearing on confirmation of the plan, almost all of the objections to the City's good faith had been withdrawn or otherwise resolved.

The only remaining objections arising under § 1129(a)(3) relate to the ASF recoupment, which the Court addressed in part III.H. above. Some of the other arguments raised by individual objectors could be construed as arguments that the City did not propose the plan in

good faith in violation of § 1129(a)(3). For example, one objection asserts that the City used “coercion and intimidation . . . to influence and force the retirees” to vote for the plan. Obj. by Ms. Lou Ann and Mr. Michael K. Pelletier. (Dkt. #5062) Another asserts that Mr. Orr fraudulently impersonated an elected official. Obj. by Demetria Wright. (Dkt. #5795) Yet another contends that the plan fails to address the loss of some state revenue sharing funds and the City’s use of certain other funds. Obj. by David Sole. (Dkt. #4318) Ms. Estella Ball, a City retiree, argues that the plan “is a redistribution of the resources of Detroit into the hands of persons who do not live in Detroit,” as evidenced by the number of non-Detroit and non-Michigan companies Mr. Orr and Mayor Duggan have contracted to provide City services. Trial Tr. 69-71, Oct. 3, 2014. (Dkt. #7894)

To the extent that these objections raise independent “good faith” objections, the Court overrules them now, for the reasons described below.

1. The Applicable Law

Neither the bankruptcy code nor the Sixth Circuit defines “good faith” for purposes of § 1129(a)(3). There are, however, guiding principles. Good faith under § 1129(a)(3) is “generally interpreted to mean that there exists a reasonable likelihood that the plan will achieve a result consistent with the objectives and purposes of the Bankruptcy Code.” *In re Waterford Hotel, Inc.*, 497 B.R. 255, 266 (Bankr. E.D. Mich. 2013) (quoting *In re Trenton Ridge Investors, LLC*, 461 B.R. 440, 468 (Bankr. S.D. Ohio 2011)); *see also In re Dow Corning*, 244 B.R. 673, 675 (Bankr. E.D. Mich. 1999).

In chapter 9, that purpose is “to allow municipalities created by state law to adjust their debts through a plan voted on by creditors and approved by the Bankruptcy Court.” *In re Mount Carbon Metro. Dist.*, 242 B.R. 18, 32 (Bankr. D. Colo. 1999). “The primary purpose of debt

restructure for a municipality is not future profit, but rather continued provision of public services.” *Id.* at 34. Another is to provide “a municipality a breathing space . . . and an opportunity to address its long term solvency through an organized process.” *In re City of San Bernadino, Cal.*, 499 B.R. 776, 791 (Bankr. C.D. Cal. 2013).

Good faith also generally requires that the plan be proposed “with honesty and good intentions, and with a basis for expecting that a reorganization can be effected,” and that the plan proponent deal with its creditors in a manner that is fundamentally fair. *In re Gregory Boat Co.*, 144 B.R. 361, 366 (Bankr. E.D. Mich. 1992) (citations omitted).

In one sense, the inquiry under § 1129(a)(3) is limited; in another sense it is broad. The Court’s focus must be on the plan itself. At the plan confirmation stage, “pre-petition behavior is largely irrelevant.” *In re Dow Corning*, 244 B.R. at 675. However, when considering the plan, courts consider the “totality of the circumstances,” and the court’s own “common sense and judgment.” *In re Okoreeh-Baah*, 836 F.3d 1030, 1033 (6th Cir. 1988). It is thus an intensely fact-specific inquiry.

2. The City’s Good Faith

The record overwhelmingly establishes that:

1. The City filed its plan with honest, good intentions and the reasonable expectation that the plan is feasible.
2. The process the City undertook to seek confirmation of the plan was fundamentally fair to the City’s creditors.
3. Most importantly for the good faith analysis, the plan is designed to achieve the objectives and purposes of chapter 9.

Based on those findings, the Court concludes that the City filed its plan in good faith.

The City’s good faith in proposing this plan shines with the greatest brilliance in the Grand Bargain and in the settlements with Syncora, FGIC and the COPs Holders. Those

settlements are more than just creditor claim settlements. They create new ventures and relationships that enable all of the stakeholders in the case to achieve their long-term missions and goals. As one of the City's investment bankers, James Doak, testified regarding the Syncora settlement, "it would be in the City's best interest to convey stewardship in these properties . . . to have private actors thinking about how to develop and how to create economic activity on them." Trial Tr. 117, Oct. 3, 2014. (Dkt. #7894) The Court finds that this conclusion also applies to the FGIC settlement and the COPs Holders settlement. This accomplishment is extraordinary in bankruptcy and an ideal model for future municipal debt restructurings.

Beyond that, the almost complete level of consensus in support of the plan among the City's major creditor groups demonstrates that the City has treated its creditors fairly in seeking confirmation of its plan. It is also strong evidence that the City's detailed financial projections support its reasonable expectation that the plan is feasible in the long term.

The City has proven through witness after witness that upon confirmation, it intends to implement its plan. The City has also proven its commitment and ability to begin the challenging process of revitalization.

The Court is compelled, however, to expand upon its conclusion that the plan is designed to achieve the objectives and purposes of chapter 9.

3. The City's Long-Term Solvency

Over the course of this case, many creditors, including retirees, have challenged the City's good faith in allocating as much as \$1.7 billion toward its RRIs while not satisfying all of its financial obligations to its creditors.

The Court rejects this challenge. The vast majority of the \$1.7 billion for the RRIs comes from improved efficiency of City operations, new revenue initiatives and the exit financing.

More importantly, however, the plan is designed so that the City's creditors will share in any potential financial upside realized from the RRI's. This upside is in the form of reduced risk that the City will default on its financial obligations in the future. In turn, this should result in enhanced market values for the notes that the City is distributing in satisfaction of many of the creditors' claims.

Charles Moore, the chief architect of the RRI's, testified that the "ultimate goal" of the RRI's is "really stability within the City, stability of the population base and providing a platform so that both resident population as well as business growth can occur." Trial Tr. 42, Sept. 5, 2014. (Dkt. #7434)

Particularly significant here is the testimony of Ron Bloom, the head of the financial advisory team for the retiree committee. Regarding the City's good faith, he testified:

What I'm trying to convey is that we saw the City taking a fresh start to how it dealt with long-seated problems, to be honest about them, and some of that came back on us in a bad way because we had substantial reductions in benefits that we'd been promised, and we didn't like that. . . . *But I think one of the things the City persuaded us over the course of the case was [that] they were sincere . . . we didn't like what they had to say often, but we felt that their commitment to revitalization was sincere. And when we saw evidence of that . . . for instance how they were treating the active workers, that was to us a positive sign that our long-term interest was going to be served and the revised promises we got would eventually be honored.*

Trial Tr. 26, Sept. 17, 2014 (emphasis added). (Dkt. #7638)

Mr. Bloom testified that the retiree committee realized early on that because a one-time "payout" for the retirement plans was simply not feasible, the City would have to pay the retirees' claims over a long period of time. Mr. Bloom added that without some major (and potentially very expensive) improvements in City operations to slow the long-term decline in the

City, the committee's constituents would face a huge risk that the City would not be able to honor even its revised, reduced promises in the long term. *Id.* at 20-21.

The Court notes that the same observation holds true for virtually all of the City's creditors.

The Court finds that the City's plan, particularly the RRIs and the settlements, demonstrates a good faith effort to achieve the purposes of chapter 9.

4. Federalism Considerations in the Court's Good Faith Analysis

The Court here addresses some findings that Ms. Kopacz made and clarifies the Court's own role in the City's bankruptcy case. Ms. Kopacz wrote in her first report, "This bankruptcy has been largely focused on deleveraging the City, often to the exclusion of fixing the City's broken operations." Ex. 12000 at 23. She further testified:

The speed of this proceeding has been a two-edged sword. And the good side of that is that . . . in a little bit over a year the City will have gone through a massive restructuring process.

And [the City] will have significantly de-levered its balance sheet. So going from in excess of \$10 [billion] down to . . . less than \$4 [billion] is a huge de-levering of the City and that's a really good thing.

But because the focus has been on that de-levering and the speed [of] getting that done, there has not been until recently as much energy put into restructuring the operations of the City. . . . So fundamentally the City operationally was broken. And that's evident I believe you said it's service delivery insolvent, right?

. . . I believe the Emergency Manager had to pick one of two options. And, the focus was on de-levering, not fixing the operations. So . . . the speed cut against what are necessary long term things that will now have to be accomplished outside of the bankruptcy which could be more difficult to accomplish . . . than in the bankruptcy under the power of the Emergency Manager.

Trial Tr. 25-26, Oct. 22, 2014. (Dkt. #8082)

The Court agrees with Ms. Kopacz that the City’s focus on debt has created challenges, as has the expedited pace that this Court imposed on this bankruptcy. However, the Court finds this path is entirely consistent with the limitations of federalism that the Tenth Amendment of the United States Constitution imposes and that §§ 903 and 904 manifest.

The Tenth Amendment provides, “The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people.” U.S. Const. amend. X.

Consistent with (or perhaps required by) that amendment, § 903 provides that chapter 9 “does not limit or impair the power of a State to control, by legislation or otherwise, a municipality . . . in the exercise of the political or governmental powers of such municipality[.]” 11 U.S.C. § 903. Whether for clarity or emphasis, § 904 underscores that restriction on this Court’s authority by providing, “Notwithstanding any power of the court, . . . the court may not . . . interfere with” a chapter 9 debtor’s property, revenue, or use thereof, or with any of its “political or governmental powers.” 11 U.S.C. § 904.

Unlike chapter 11, chapter 9 requires that the debtor municipality establish that it is “insolvent” before it can receive the protection of the bankruptcy court. 11 U.S.C. § 109(c)(3). The court in *In re Mount Carbon* astutely observed the significance of this distinction in identifying the purpose of chapter 9:

Consistent with the concept of limited federal jurisdiction over governmental entities created by state law, the insolvency requirement limits eligibility under Chapter 9. It also suggests that Chapter 9 is a means to remedy insolvency, unlike Chapter 11 which can be used by a solvent entity to restructure its affairs for business purposes.

242 B.R. at 33.

The Court finds that the City’s plan, the manner in which the City has prosecuted this bankruptcy case and assembled the plan, and the speed that the Court has imposed on the case have been entirely consistent with the constitutional and statutory limitations on this Court’s authority and the policy underlying chapter 9. Properly, the focus has been on de-leveraging the City to the extent negotiated and allowed by law, and restructuring the City’s remaining debt so that the City’s remaining obligations are more predictable and manageable. The focus has also been on setting the City on a path to recovery. Under the Tenth Amendment, however, it is for the City, not this Court, to supervise the execution of that recovery. Accordingly, the City’s plan represents a good faith acknowledgement of the demands of the United States Constitution and of the needs of democracy.

As Ms. Kopacz also testified, “[T]he debt that the City is taking on as part of the restructuring [has] enabled it to resolve its bad borrowing practices and bad financial decisions of the past. . . . It is a debt level that the City can manage.” Trial Tr. 24, Oct. 22, 2014. (Dkt. #8082) She also testified, “[T]he good news is that some of the [City’s expenses] as a result of the restructuring have been fixed at reasonable levels going forward, i.e., pension[s].”). *Id.* at 48

Ms. Kopacz’s report and testimony are irrefutable proof that the City’s plan was filed to achieve a result consistent with the objectives and purposes of chapter 9—to adjust the City’s debts so that it can reinvest in itself, address its operational problems, recover its ability to provide adequate municipal services, and maintain long-term solvency.

For these reasons, the Court finds that the City proposed its plan in good faith, as required by § 1129(a)(3).

**G. The City Has Complied with the Applicable
Provisions of the Bankruptcy Code, As Required
by § 1129(a)(2)**

Section 1129(a)(2) requires, “The proponent of the plan complies with the applicable provisions of this title.” 11 U.S.C. § 1129(a)(2). “The principal purpose of section 1129(a)(2) of the Bankruptcy Code is to assure that the plan proponents have complied with the disclosure requirements of section 1125 of the Bankruptcy Code in connection with the solicitation of acceptances of the plan.” *In re Trans World Airlines, Inc.*, 185 B.R. 302, 313 (Bankr. E.D. Mo. 1995); *see also In re PWS Holding Corp.*, 228 F.3d 224, 248 (3d Cir. 2000); *In re G-I Holdings Inc.*, 420 B.R. 216, 262 (D.N.J. 2009); *In re Texaco Inc.*, 84 B.R. 893, 906-7 (Bankr. S.D.N.Y. 1988); *In re Butler*, 42 B.R. 777, 782 (Bankr. E.D. Ark. 1984); *In re Toy & Sports Warehouse, Inc.*, 37 B.R. 141, 149 (Bankr. S.D.N.Y. 1984).

The City has complied with the requirements of § 1125 in the solicitation of acceptances to the plan. That section requires:

(b) An acceptance or rejection of a plan may not be solicited after the commencement of the case under this title from a holder of a claim or interest with respect to such claim or interest, unless, at the time of or before such solicitation, there is transmitted to such holder the plan or a summary of the plan, and a written disclosure statement approved, after notice and a hearing, by the court as containing adequate information[.]

11 U.S.C. § 1125(b).

On May 5, 2014, the Court entered an order approving the City’s fourth amended disclosure statement. (Dkt. #4401) Nothing in the record suggests, and no party argues, that the City solicited acceptances before that approval. That is all that § 1125(b) and 1129(a)(2) require. *In re Connector 2000 Ass’n, Inc.*, 447 B.R. 752, 763 (Bankr. D.S.C. 2011).

Two issues, however, do require further discussion. The first is whether the ASF interest rate was properly disclosed. The second is whether a new disclosure statement and new

balloting was required for any of the amended plans that the City filed after the balloting was underway or completed.

1. The ASF Interest Rate Disclosure Issue

Several objecting parties have argued that the City did not adequately disclose the terms of the ASF recoupment because it failed to disclose that the amortization of the ASF recoupment amount over each creditor's life expectancy would include interest at 6.75%.

Under § 1125(a)(1), the issue is whether the disclosure statement and the accompanying materials were "in sufficient detail" that would enable a creditor in class 11 "to make an informed judgment about the plan."

The detail that the City did disclose on this point was an individualized calculation of the monthly ASF recoupment amount for each affected creditor in class 11. This amount included the interest but the disclosure did not separately identify the interest rate or the dollar amount of the interest.

Nevertheless, the Court finds that the City's disclosure would enable an employee or retiree in class 11 to make an informed judgment about the plan. The disclosure statement would have been more complete if it had included the dollar amount of the interest and the rate of interest, but that is not the test. Every disclosure statement can always include more information. The only issue is whether the information that was disclosed was sufficient for creditors in class 11 to make an informed judgment about the plan.

In the Court's experience, two facts were most important to these creditors in making an informed judgment about whether to accept the amount of the ASF recoupment that the plan proposes and therefore whether to accept the plan. The first fact is the actual dollar impact of ASF recoupment that the creditor would repay. The second fact is how long the ASF

recoupment payments would last. As noted, the City did disclose to each class 11 creditor the full dollar amount of the ASF recoupment, including interest, and the time period of the recoupment.

Another factor fully persuades the Court that disclosure of the interest rate and amount was not necessary under § 1125(a)(1). A diverse group of attorneys reviewed the City's proposed disclosures on the ASF recoupment before the Court approved them. This group included attorneys for the City, the retiree committee, the two pension plans, and the several retiree associations. Apparently, none of those attorneys considered that disclosing the interest rate or amount was necessary to comply with § 1125. That is important here because those representatives, especially those on the creditor side, were the closest to the creditors in class 11 and therefore were in the best position to judge whether the City's disclosure statement was adequate under § 1125. Significantly, none of those representative groups or their representatives opposed confirmation on this ground.

Accordingly, the Court concludes that the City's disclosures of the ASF recoupment settlement did meet the disclosure requirements of § 1125. The Court overrules this objection and finds that the City complied with § 1125, as required by § 1129(a)(2).

2. Successive Plan Modifications Did Not Require Re-Solicitation of Ballots

The City modified the plan several times after the Court approved the disclosure statement and the City served it on creditors, and even after the deadlines to vote had passed. Section 942 permits this, stating, "The debtor may modify the plan at any time before confirmation, but may not modify the plan so that the plan as modified fails to meet the

requirements of this chapter. After the debtor files a modification, the plan as modified becomes the plan.” 11 U.S.C. § 942.

Bankruptcy rule 3019(a) identifies the circumstances in which a plan modification requires a new solicitation of ballots:

In a chapter 9 or chapter 11 case, after a plan has been accepted and before its confirmation, the proponent may file a modification of the plan. If the court finds after hearing on notice to the trustee, any committee appointed under the Code, and any other entity designated by the court that the proposed modification does not adversely change the treatment of the claim of any creditor or the interest of any equity security holder who has not accepted in writing the modification, it shall be deemed accepted by all creditors and equity security holders who have previously accepted the plan.

Fed. R. Bankr. P. 3019(a).

The Court finds that none of the modifications in any of the successive amended plans adversely changed the treatment of any claims. As noted in part II.A. above, the City modified its plan to incorporate creditor settlements that in each case, maintained or improved the treatment of claims or otherwise clarified various plan provisions. Accordingly, the Court concludes that the City was not required to re-solicit ballots after the initial solicitation.

H. The Plan Does Not Discriminate Unfairly Against Dissenting Classes 14 and 15, As Required by § 1129(b)(1)

As noted, two classes of claims voted to reject the plan. These are class 14, consisting of the other unsecured claims, and class 15, consisting of the convenience claims under \$25,000. Section 1129(b) allows the Court to confirm the City’s plan despite those dissenting class votes if, with respect to those dissenting classes, “the plan does not discriminate unfairly, and is fair and equitable.”

The Court will first address the unfair discrimination test. In doing so, the Court will first identify the discrimination against the classes of other unsecured claims and convenience claims. Next, it will discuss the test for determining whether the discrimination in the plan is unfair. Finally, it will address its conclusion that the discrimination is not unfair.

In the next section, the Court will address the fair and equitable test.

1. The Plan Discriminates Against Dissenting Classes 14 and 15

The recoveries for the rejecting classes are 13% for class 14 and 25% for class 15.

It is readily apparent that the plan discriminates in favor of class 7, the LTGO claims with a 41% recovery; class 8, the UTGO claims with a 74% recovery; and class 17, the 36th District Court claims with a 33% recovery.

Determining whether the plan discriminates in favor of the pension class 10, the PFRS claims, and class 11, the GRS claims, is challenging because properly calculating the percentage recoveries for those classes is complex.

The City's disclosure statement states that the recoveries are 59% for class 10 and 60% for class 11. If those recoveries are accurate, then the plan does discriminate in their favor and against classes 14 and 15.

Based on a number of complex arguments, however, the City now asserts that the true recovery percentages are much lower, in the range of 9% to 21%, and that therefore the plan does not materially discriminate in favor of classes 10 and 11.

The recoveries that the City asserted in the disclosure statement were calculated using the agreed upon 6.75% assumed rate of return as the discount rate to calculate the liability. Those

recovery calculations also include the contributions from the state, the foundations and the DIA Corp.

To justify its more recent and substantially lower recovery calculations, the City proposes to value the liability using a discount rate that is much lower than 6.75%. The City suggests using either the risk free rate, the Pension Benefit Guaranty Corporation discount rate or a commercial annuity rate—all in the range of about 3-4%. Using a lower discount rate to calculate the liability results in a higher liability amount and therefore a lower recovery percentage for the pension creditors.

The City argues that a lower discount rate is appropriate for essentially three reasons. First, it argues that this is necessary to accurately calculate the City's liability. Second, it argues that it is appropriate to avoid shifting investment return risk to the City. Finally, it argues that it is fair to calculate the pension creditors' recovery in a way that is comparable to the way that the recoveries of other long-term creditors, such as bondholders, are commonly calculated under the bankruptcy code.

In support of using a lower discount rate to value its pension liabilities for unfair discrimination purposes, the City relies on *In re U.S. Airways Group, Inc.*, 303 B.R. 784, 798 (Bankr. E.D. Va. 2003), and *Dugan v. Pension Benefit Guaranty Corporation (In re Rhodes, Inc.)*, 382 B.R. 550, 560 (Bankr. N.D. Ga. 2008).

In addition, the City also argues that the third-party contributions to the pension plans should be excluded from the recovery calculation on the grounds that an unfair discrimination analysis should only consider distributions of the debtor's property. In support, the City cites *In re Worldcom, Inc.*, No. 02-13533, 2003 WL 23861928, at *60-61 (Bankr. S.D.N.Y. Oct. 31, 2003); *In re Parke Imperial Canton, Ltd.*, No. 93-61004, 1994 WL 842777, at *11 (Bankr. N.D.

Ohio Nov. 14, 1994); *In re MCorp Fin., Inc.*, 160 B.R. 941, 960 (S.D. Tex. 1993); *Travelers Ins. Co. v. Bryson Props. XVIII (In re Bryson Props. XVIII)*, 129 B.R. 440, 445 (M.D.N.C. 1991), *rev'd on other grounds*, 961 F.2d 496 (4th Cir. 1992).

The City finally argues that in considering whether the plan unfairly discriminates against pension creditors, the Court should consider that the plan's overall treatment of them is substantially diminished by the plan's treatment of their OPEB claims. The City states that a majority of creditors in classes 10 and 11 also hold OPEB claims in class 12 and that the recovery on their OPEB claims is only 10%.

In part X.H.3. below, the Court concludes that even if the pension classes' recoveries are as high as stated in the disclosure statement, the resulting discrimination against the unsecured and convenience classes is not unfair. Accordingly, it is not necessary to address the difficult issues that the City raises here.²⁴

²⁴ As a matter of dicta, the Court finds merit in the City's argument that the discount rate for valuing a long-term liability should reflect the nature of that liability rather than the market rate of return on assets. It does appear to the Court that the conventional linking of the assumed rate of return and the discount rate for municipal pensions in this country is a substantial contributing factor in their UAAL and that it is time to reconsider that convention.

The Court finds less merit in excluding the third party contributions from the calculation of the pension plans' recovery percentage in this case. It is at least arguable that those contributions were on account of City assets, specifically, the DIA assets and the claim by the City's pension plans against the State for relief from their unfunded liability based on article IX, § 24 of the Michigan constitution and the State's failure to act to prevent the underfunding. If the connection between those assets and the third party contributions is found to exist, then the cases that the City cites in support of excluding the third party contributions are distinguishable and in fairness, those contributions arguably should be included in the recovery calculations.

Moreover, *City of Avon Park* seems to require that result. There, the City's fiscal agent, Crummer, could have potentially recovered on three financial stakes in the City's plan. The district court found one reasonable but did not evaluate the other two. 311 U.S. at 143. The Supreme Court stated, "Clearly, however, no finding could be made . . . that the compensation to be received by the fiscal agent was reasonable without passing on the worth of the aggregate of

Continued...

2. The Unfair Discrimination Standard

The bankruptcy code permits discrimination in the treatment of classes of claims. It only prohibits unfair discrimination. See *In re Mullins*, 435 B.R. 352, 358 (Bankr. W.D. Va. 2010); *In re Snyders Drug Stores, Inc.*, 307 B.R. 889, 894 (Bankr. N.D. Ohio 2004); *In re Aztec Co.*, 107 B.R. 585, 588–89 (Bankr. M.D. Tenn. 1989).

The bankruptcy code does not, however, specify a standard for determining the fairness of discrimination in a plan. Over the years, courts have considered various factors to determine whether discrimination is unfair. Three approaches have emerged. These are the *Aztec* approach, articulated in *In re Aztec Co.*, 107 B.R. at 590, the Markell “rebuttable presumption test,” proposed by Professor Bruce Markell in his article, A New Perspective on Unfair Discrimination in Chapter 11, 72 Am. Bankr. L.J. 227 (Spring 1998), and the *Crawford* standard, adopted in *In re Crawford*, 324 F.3d 539, 542 (7th Cir. 2003).

In *Aztec*, the court approved a four-part test to determine if discrimination is unfair, considering (1) whether the discrimination is supported by a reasonable basis; (2) whether the debtor can confirm and consummate a plan without the discrimination; (3) whether the discrimination is proposed in good faith; and (4) the treatment of the classes discriminated against. *Id.* at 590. Several courts, including this Court, have used this test. See, e.g., *In re*

all the emoluments accruing to the Crummer interests as a result of consummation of the plan[.]” *Id.* at 144 (citation omitted).

As a final matter of dicta, the Court finds that whether to consider the 10% recovery on pension creditors’ OPEB claims when deciding whether the treatment of their pension claims discriminates against unsecured creditors is a closer question. Normally, it would not seem appropriate to consider the recovery that creditors will realize on their claims in one class when determining whether the treatment of their claims in another class unfairly discriminates. The equities arguably tip, however, when the creditors are employees and retirees, and are or were mission-critical, contributing their time, labor and skill to advance the interests of not only the City, but also its other creditors, as discussed in part X.H.3.A. below.

Graphic Commc'ns, Inc., 200 B.R. 143, 148 (Bankr. E.D. Mich. 1996); *In re Riviera Drilling & Exploration Co.*, No. 10-11909, 2012 WL 6719591 (Bankr. D. Colo. Dec. 19, 2012); *In re Snyders Drug Stores, Inc.*, 307 B.R. at 894-95, *Ownby v. Jim Beck, Inc. (In re Jim Beck, Inc.)*, 214 B.R. 305, 307 (W.D. Va. 1997); *In re Sea Trail Corp.*, No. 11-07370-8, 2012 WL 5247175 (Bankr. E.D.N.C. Oct. 23, 2012).

Under the Markel “rebuttable presumption test,” a rebuttable presumption of unfair discrimination arises where there is: 1) a dissenting class, 2) another class of the same priority, and 3) a difference in the plan’s treatment that results in either, a) a materially lower percentage recovery for the dissenting class, or b) an allocation of materially greater risk to the dissenting class in connection with its proposed distribution. 72 Am. Bankr. L.J. at 228. For the plan proponent to rebut the presumption, it must show that outside of bankruptcy, the dissenting class would receive less than the class receiving a greater recovery, or that the alleged preferred class infused new value that offsets its gain. *Id.* See also *Armstrong World Indus., Inc.*, 348 B.R. 111, 122 (D. Del. 2006); *In re Dow Corning*, 244 B.R. at 701-03.

In *Crawford*, the Seventh Circuit admitted its struggle with articulating a test for unfair discrimination, stating, “We haven’t been able to think of a good test ourselves.” 324 F.3d at 542. It decided simply “to instruct the first-line decision maker, the bankruptcy judge, to seek a result that is reasonable in light of the purposes of the relevant law, which in this case is Chapter 13 of the Bankruptcy Code[.]” *Id.*

The Court concludes that neither the *Aztec* standard, the Markell standard, nor the *Crawford* instruction is faithful to the language of § 1129(b). The test in § 1129(b) is only whether the discrimination is unfair. Congress certainly could have established in § 1129(b) a more specific standard for courts to determine an unfair discrimination issue, including any of

the standards that the cases adopt or that the commentators propose. It did not. Accordingly, the Court rejects these standards.

Instead, the Court concludes that determining fairness is a matter of relying upon the judgment of conscience. That is all that Congress intended in so broadly articulating the unfair discrimination test in § 1129(b).

Several factors naturally inform this judgment of conscience. As *Crawford* suggests, these factors include the circumstances in the case that bear upon the fairness of the discrimination in light of the purpose of chapter 9. As noted, the purpose of chapter 9 is to restructure the municipality's debt so that it can provide adequate municipal services. *Bennett v. Jefferson County, Ala.*, No. 2:14-CV-0213-SLB, 2014 WL 4926261, at *19 (N.D. Ala. Sept. 30, 2014) (citing *In re Mount Carbon*, 242 B.R. at 34-35). To that end, chapter 9 leaves the municipality in control of its affairs while facilitating its debt restructuring. This suggests that a more flexible standard of unfair discrimination in chapter 9 cases is appropriate.

The factors that inform this judgment of conscience also naturally, and equally importantly, include the Court's experience and sense of morality.

That is what this Court meant in its eligibility opinion when it addressed the potential for the impairment of pension rights in the City's plan. It stated that when considering any such impairment, the bankruptcy code demands "this Court's judicious legal and equitable consideration of the interests of the City and all of its creditors, as well as the laws of the State of Michigan." *In re City of Detroit*, 504 B.R. at 154.

3. The Discrimination Against the Classes of General Unsecured Creditors and Convenience Creditors Is Not Unfair

The Court will first address the fairness of the discrimination in the plan in favor of the pension classes. Then it will discuss the fairness of the discrimination in favor of the UTGO, LTGO and 36th District Court classes.

a. The Discrimination in Favor of the Pension Classes Is Not Unfair

The Court finds that the City has demonstrated a substantial mission-related justification to propose a higher recovery to its pension creditors. The City is a municipal service enterprise. Viewed broadly, its mission is to provide municipal services to its residents and visitors to promote their health, welfare and safety. Its employees and retirees are and were the backbone of the structures by which the City fulfills its mission. The City, therefore, has a strong interest in preserving its relationships with its employees, in enhancing their motivation, and in attracting skilled new employees, consistent with its financial resources. The City has reasonably and properly concluded that the discrimination in favor of the pension claims in its plan is necessary to its mission.

In contrast, the City has no similar mission-related investment in its relationships with its other unsecured creditors in classes 14 and 15.

Second, the City is an agency of the State of Michigan. Its existence, its mission, and its means of fulfilling that mission are all subject to the provisions of the constitution and laws of the State of Michigan. Among these provisions is article IX, § 24 of the Michigan constitution, which singles out municipal pension claims for special protection.

In the Court's eligibility opinion, it held that because of the Supremacy Clause of the United States Constitution, this specific protection of the state constitution is not entitled to vindication in a federal bankruptcy proceeding. Nevertheless, that provision of the Michigan constitution does express the considered judgment of the people of the State of Michigan. The Court concludes that in determining the fairness of the discrimination against unsecured claims proposed in the City's plan, this judgment of the people of the State of Michigan is entitled to substantial consideration and deference.

Another consideration that appeals to the Court's conscience is the reasonable expectations of the parties. Generally, unsecured creditors reasonably expect similar treatment in bankruptcy. The difference here, however, is that the Michigan constitution gives notice to all unsecured creditors of a municipality that the rights of pension creditors are distinctive and of special value to the citizens of this state, even if their pension claims are legally unsecured. That constitutional notice reasonably justifies the enhanced expectations of the pension creditors in this case. At the same time, that notice should lower the reasonable expectations of the other unsecured creditors in the case.

A final consideration suggests that this discrimination is not unfair. The Court has already observed that the City's plan is largely a collection of interconnected settlements. Counsel for the retiree committee astutely argued that if each of the settlements in the plan is reasonable, then the resulting discrimination in the plan must be fair. Trial Tr. 171, Oct. 27, 2014. (Dkt. #8156) The Court agrees. The factors that inform the reasonableness of each individual settlement are the same factors that inform the Court's judgment about whether the resulting discrimination is fair.

Here, the classes that did not settle and instead rejected the plan, classes 14 and 15, are classes of general unsecured claims. There is, however, nothing about those claims that warrants any favorable consideration in the Court's unfair discrimination analysis.

Before closing this discussion, the Court must point out one factor that it has decided not to consider in evaluating this issue—the financial needs of the retirees. This is a challenging issue, because the record firmly establishes that many retirees need their full pensions, or at least pensions with the least possible impairment, while the record supports no similar finding for any other class of creditors. This, facially at least, appears to further support the discrimination in favor of the pension creditors.

However, it does not. As explained above, the Court must judge the fairness of the discrimination not in the abstract, but informed by the goals and purposes of the chapter 9 case. This judgment, therefore, necessarily excludes the relative needs of the creditors in the disparately treated classes.

On this point, the Court would further note that no case law in any of the rehabilitative chapters suggests that creditors' needs are an appropriate consideration in determining whether a plan unfairly discriminates.

In the Court's judgment, therefore, the discrimination in the City's plan in favor of the pension creditors is not unfair.

**b. The Discrimination in Favor of the UTGO,
LTGO and 36th District Court Classes Is Not
Unfair**

The Court comes to the same conclusion about the discrimination in the plan in favor of the UTGO, LTGO and 36th District Court classes. The Court has already found that these settlements are reasonable settlements. They fairly and reasonably reflect the strengths and

weakness of the creditors' claims and the City's defenses, the complexity and expense of possible litigation, and collectability issues. These considerations also justify discriminating in their favor and against the other unsecured claims and the convenience claims.

The Court only adds that the City also has two mission-related reasons to favor the 36th District Court claims. First, it has a strong interest in maintaining efficiency of court operations and therefore in maintaining the employees' morale. Second, it has a continuing legal and funding relationship with the court. Mich. Comp. Laws §§ 600.8103, 600.8104(1)(b) and 600.8104(2).

**c. The Discrimination Against Classes 14 and 15
Is Not Unfair Even Though Some Creditors in
Those Classes May Be Involuntary Creditors**

The Court further recognizes that the dissenting classes of unsecured creditors, classes 14 and 15, may appear to include two distinct types of creditors—voluntary creditors and involuntary creditors.

Voluntary creditors generally have contract claims against the City. They likely had an opportunity to perform due diligence and therefore to assess and knowingly accept the risk of the City's non-payment. They may well also have had the opportunity to limit that risk in their contract negotiations with the City.

Involuntary creditors, on the other hand, generally have statutory, tort, or constitutional claims against the City. They presumably had no opportunity to perform due diligence or to limit the risk of non-payment.

As a result, the Court's conscience suggests that it should consider whether involuntary creditors have a stronger argument for unfair discrimination. Ultimately however, two considerations suggest otherwise.

First, the City has no mission-related justification to discriminate in favor of involuntary unsecured creditors. As noted in part X.H.3.a. above, the primary focus of the Court's consideration here is on the needs of the City.

Second, the line between voluntary creditors and involuntary creditors is not as sharp as it may first appear. The assumption underlying the distinction is that some creditors voluntarily assume the risk of nonpayment, while other creditors do not voluntarily assume that risk. The difficulty with this distinction is that everything that people do in life entails risks—the risk of injury, damage or loss, as well as the risk of inadequate subsequent compensation, whether for legal or practical reasons.

It is not clear, for example, whether the pension creditors in this case are voluntary or involuntary creditors. Although each voluntarily accepted a contract of employment with the City and presumably understood and accepted its terms, it is not clear that each understood and accepted the risk that, perhaps decades later, the City would not be able to pay its resulting pension obligation. Beyond that, an employee who might at some point feel the need to protect himself or herself against the risk of the City's non-payment has only the relatively unsatisfactory option of finding a new job with a new employer. In any event, it is also inappropriate to judge all 20,000-30,000 pension creditors the same on the issue of knowing assumption of risk.

These deeper considerations suggest that the line between voluntary and involuntary creditors is a false line. More accurately, there is a continuum. More troublesome yet, the litigation to determine where to place each of the tens of thousands of unsecured creditors on that continuum, and where to draw the line on that continuum between voluntary and involuntary creditors for purposes of unfair discrimination, would be unwieldy, inefficient and expensive.

In our legal system, justice and fairness are not only about the legal and factual accuracy of the result. They are also about the efficiency and economy of the process. Our adversary system constantly struggles with this tension. In every judicial proceeding, the court must consider and account for all of these interests. This is especially challenging in bankruptcy, where the court must consider the diverse interests of multiple parties in a case. It is even more so in a municipal bankruptcy case, where the municipality's residents, visitors and businesses await the restoration of necessary municipal services.

In the Court's judgment, therefore, it is not unfair to discriminate against all of the unsecured creditors in classes 14 and 15, even though some creditors in those classes might be able to establish that they are at the involuntary end of this continuum.

Accordingly, the Court finds that the City's plan does not unfairly discriminate against the two dissenting unsecured classes, 14 and 15.

**I. The Plan Is Fair and Equitable with Respect to
the Dissenting Classes, As Required by
§ 1129(b)(1)**

As noted, substantial majorities of all but two classes accepted the debtor's plan. This does not by itself, however, establish that the plan is fair and equitable. *City of Avon Park*, 311 U.S. at 148 ("The fact that the vast majority of security holders may have approved a plan is not the test of whether that plan satisfies the statutory standard. The former is not a substitute for the latter. They are independent."); *Everglades Drainage Dist.*, 319 U.S. at 418 ("[T]he fact that only a very small minority of creditors have objected to the plan does not relieve the courts of the duty of appraising its fairness, and of making the findings necessary to support such an appraisal.").

1. The Test of “Fair and Equitable” in Chapter 9

As noted, under § 1129(b)(1), one of the requirements to confirm a plan when a class has rejected the plan is that the plan is “fair and equitable” to those dissenting classes. Under § 1129(b)(2), “For the purpose of this subsection, the condition that a plan be fair and equitable with respect to a class includes the following requirements . . .” The section then describes in § 1129(b)(2)(A), (B) and (C) specific standards for determining the issue as to holders of secured claims, unsecured claims and interests. Section § 1129(b)(2)(B), applicable to unsecured creditors, establishes the absolute priority rule that they must be paid in full before a junior class of claims or interests can receive or retain any value. *See Bank of Am. Nat’l. Trust and Sav. Ass’n v. 203 North LaSalle Street P’ship*, 526 U.S. 434, 444 (1999); *Norwest Bank Worthington v. Ahlers*, 485 U.S. 197, 202 (1988).

Three observations are important here. First, because municipalities have no junior class of shareholders, the absolute priority rule provides unsecured creditors with no protection. *In re Corcoran Hosp. Dist.*, 233 B.R. at 458. *Cf. In re Whittaker Mem’l Hosp. Ass’n, Inc.*, 149 B.R. 812, 816 (Bankr. E.D. Va. 1993).

Second, under § 102(3), the word “includes” in § 1129(b)(2)(B) is not limiting. Accordingly, the standards that follow in that section are not the only standards for determining whether a plan is fair and equitable in its treatment of the claims of dissenting classes. *Sandy Ridge Dev. Corp. v. La. Nat’l Bank (In re Sandy Ridge Dev. Corp.)*, 881 F.2d 1346, 1352 (5th Cir. 1989) (“[S]imple technical compliance with the requirements of section 1129(b)(2) does not assure that the plan is fair and equitable. Instead, this section merely sets minimal standards that a plan must meet, and does not require that every plan not prohibited be approved.”) (citations and internal quotation marks omitted); *Fed. Sav. & Loan Ins. Corp. v. D&F Constr. Inc. (In re*

D&F Constr. Inc.), 865 F.2d 673, 675 (5th Cir. 1989) (“Section 1129(b)(2) sets minimal standards plans must meet.”).

The third important observation here is that the standard for determining fair and equitable must not, if possible, be redundant of any other confirmation standards. *Gustafson v. Alloyd Co., Inc.*, 513 U.S. 561, 574 (1995) (Courts should avoid interpreting statutes in a way that “renders some words altogether redundant.”).

To properly determine the meaning of the fair and equitable test, it is important to understand its effect. In practical consequence, the law allows the judge, who has no stake in the outcome of the plan, to substitute his or her judgment about the fairness and equity of the plan for the judgment of the dissenting class of creditors, who have every stake in the outcome. Ultimately, the issue is whether the Court should force a debt adjustment on unwilling creditors. We colloquially call this “cramdown.” That is the power that the City requests this Court to exercise here.

The language “fair and equitable” suggests the same kind of process of adjudication that the Court just adopted for the unfair discrimination test. Indeed, the words of these two requirements overlap somewhat, but the fair and equitable test has a broader focus, as the Court will discuss below.

In *City of Avon Park*, which the Court discussed above in part X.A.2. relating to fees in chapter 9 cases, the Supreme Court reviewed at length the bankruptcy court’s role in determining whether a chapter 9 plan is fair and equitable. 311 U.S. at 146.

The Court concludes that under *City of Avon Park*, the City’s plan is fair and equitable as to dissenting classes 14 and 15. That case first mandates this Court to investigate whether there is evidence of any misconduct that would require the Court’s remedy as a condition of

confirmation, or whether the City or any class of creditors has committed any overreaching. *Id.* The Court readily finds that there is no such evidence in this case.

Under *City of Avon Park*, however, overriding the dissenting creditors' judgment about a plan requires more than just the absence of misconduct. The Court concludes that the fair and equitable requirement asks whether there are circumstances in the case that suggest to the Court's conscience that it is fair and equitable to impose the plan on the dissenting creditors against their stated will.

2. The Plan Is "Fair and Equitable"

The Court finds that several circumstances in this case do suggest that it is fair and equitable to impose the plan on the dissenting creditors against their stated will.

First, it is appropriate to look at exactly how this class reacted to the plan. Very few of the creditors in classes 14 and 15 filed objections to the plan. Also, although the classes did vote to reject the plan, the margins were small. In class 14, the margin was slim—51% rejecting, 49% accepting. In class 15, it was a bit more significant—58% rejecting, 42% accepting.

The numbers behind those percentages tell a story here, too. The actual vote in class 14 was 97 rejecting, 93 accepting. This means that if 3 rejecting votes had gone the other way, the necessary majority in number would have been achieved. The actual vote in class 15 was 189 rejecting and 153 accepting. That means that if 19 rejecting creditors in this class had accepted, the necessary majority would have been reached.

These circumstances raise the question whether it is fair and equitable to confirm the plan over the dissent of a handful of unsecured creditors, most of whom have claims under \$25,000, when thousands of creditors with claims amounting to billions of dollars support the plan. To the Court's conscience, this is fair and equitable.

The Court accepts the likelihood that the dividend to the creditors in classes 14 and 15 will cause those creditors real hardship. But as the Court concluded in connection with the unfair discrimination test, the Court's analysis of the fair and equitable requirement must focus on the purposes of chapter 9. The Court must therefore analyze whether imposing the plan on dissenting classes of creditors is an appropriate and necessary means to achieve that purpose.

A large number of people in this City are suffering hardship because of what has been antiseptically called service delivery insolvency. What this means is that the City is unable to provide basic municipal services such as police, fire and emergency medical services to protect the health and safety of the people here. Detroit's inability to provide adequate municipal services runs deep and has for years. It is inhumane and intolerable, and it must be fixed. This plan can fix these problems and the City is committed to it. If to fix these problems and to accomplish the purposes of chapter 9 in this case, the Court must require these few creditors that rejected the plan to nevertheless share in the sacrifice that the other creditors have agreed to endure, then so be it.

There is really no choice here. There are no viable alternatives to this plan that will solve the City's problems and at the same time pay more to classes 14 and 15 to obtain their support.

To revitalize itself for the good of all of its stakeholders, the City desperately needs the shared sacrifice that this plan will impose on all of its creditors, even these few rejecting creditors, and the City needs it now.

Accordingly, the Court concludes that it should exercise its power under the bankruptcy code to impose the plan on classes 14 and 15 despite their dissenting votes. The Court finds that the plan is fair and equitable.

**J. The Objections of the Creditors with
Constitutional Claims Are Sustained in Part and
Overruled in Part**

Objections were filed by two distinct groups of class 14 unsecured creditors that have constitutional claims against the City or its officers. One group has filed lawsuits seeking to recover damages for the deprivation of their constitutional rights under 42 U.S.C. § 1983 (collectively, “the § 1983 creditors”). (Dkt. ##4099, 4224, 4608, 5690, 5693 and 6764) The other group has lawsuits to recover on their just compensation claims under the Fifth Amendment for the City’s alleged taking of their property (collectively, “the Takings Clause creditors”). (Dkt. ##3412, 5671 and 6262) Both groups of objectors assert that because their claims are constitutionally protected, the plan may not be confirmed unless it provides full payment for those claims.

The City argues that under the bankruptcy code, both types of claims are unsecured claims and are therefore properly discharged and impaired in class 14.

The Court entered an order permitting the Attorney General of the United States to intervene to address these two objections because they raised questions regarding the constitutionality of chapter 9. For reasons similar to those argued by the City, the Attorney General contends that the plan’s proposed discharge of the § 1983 claims does not present a constitutional issue under the Fourteenth Amendment. The Attorney General does assert, however, that impairing claims under the Takings Clause of the Fifth Amendment would raise substantial constitutional concerns. The Attorney General suggested that to avoid that issue, if the plan is confirmed, the confirmation order should explicitly except the Takings Clause claims from discharge, as § 944(c)(1) permits in the Court’s discretion.

The Court agrees with the Attorney General’s analysis of both issues.

1. The Relevant Plan Provisions

The City's plan treats Takings Clause claims and § 1983 claims identically, offering them a recovery of approximately 10-13% in class 14. Disc. Stmt. at 41. (Dkt. #4391) Under § 944, confirmation of the plan would discharge these debts and foreclose any opportunity for either group of creditors to recover the full amount of their claims.

2. The § 1983 Creditors' Objections

The § 1983 creditors are Dwayne Provience, Richard Mack, Gerald and Alecia Wilcox, Deborah Ryan, Walter Swift, Cristobal Mendoza, and Annica Cuppetelli. Prior to the City's bankruptcy filing, those individuals filed separate lawsuits seeking damages against the City under 42 U.S.C. § 1983. Their lawsuits allege that the City is liable for its officers' various violations of their constitutional rights, including those guaranteed by the First, Fourth, Fifth, Sixth, Seventh, and Fourteenth Amendments.

These creditors have two objections. First, they assert that treatment of their claims as unsecured claims in the City's plan violates their Fourteenth Amendment right to receive compensation for the violations of their constitutional rights. The essence of their position is that the Fourteenth Amendment guarantees compensation through § 1983 when state actors violate those constitutional protections. The § 1983 creditors further contend that the impairment of their constitutional claims is prohibited by law and that therefore the plan does not comply with § 943(b)(4).

Second, the § 1983 creditors also argue that the plan impermissibly discharges claims brought against the City's officers in their individual capacity.

The City responds that the text of the Fourteenth Amendment does not establish a claim for damages but only delegates to Congress the power to create appropriate mechanisms to

enforce its provisions. U.S. Const. amend. XIV, § 5. The City reasons that because a claim under § 1983 is a claim for relief created by Congress and not by the Constitution, Congress is free to restrict that remedy, which it has done in chapter 9. The City thus denies that the plan requires any action prohibited by law in contravention of § 943(b)(4).

With respect to the discharge of individual police officer liability, the City responds that its plan properly seeks to release those claims.

**a. Impairing and Discharging the § 1983 Claims
Against the City Does Not Violate the Fourteenth
Amendment**

Section 1 of the Fourteenth Amendment of the U.S. Constitution provides:

All persons born or naturalized in the United States, and subject to the jurisdiction thereof, are citizens of the United States and of the State wherein they reside. No State shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States; nor shall any State deprive any person of life, liberty, or property, without due process of law; nor deny to any person within its jurisdiction the equal protection of the laws.

U.S. Const. amend. XIV, § 1.

Section 5 of the Fourteenth Amendment delegates to Congress the power to “enforce, by appropriate legislation, the provisions of this article.” U.S. Const. amend. XIV, § 5. Under that authority, Congress enacted the Civil Rights Act of 1871. That act included what is now codified at 42 U.S.C. § 1983. It states:

Every person who, under color of any statute, ordinance, regulation, custom, or usage, of any State or Territory or the District of Columbia, subjects, or causes to be subjected, any citizen of the United States or other person within the jurisdiction thereof to the deprivation of any rights, privileges, or immunities secured by the Constitution and laws, shall be liable to the party injured in an action at law, suit in equity, or other proper proceeding for redress[.]

42 U.S.C. § 1983.

Congress enacted this provision “for the express purpose of enforc(ing) the Provisions of the Fourteenth Amendment.” *Mitchum v. Foster*, 407 U.S. 225, 238 (1972) (citations omitted). It “provides a cause of action for the deprivation of any rights, privileges, or immunities secured by the Constitution and laws of the United States.” *Wilder v. Va. Hosp. Ass’n*, 496 U.S. 498, 508 (1990) (internal quotations omitted).

Although a § 1983 claim for damages is statutory, the § 1983 creditors contend that this statute merely provides the procedural mechanism to bring these claims and that the Fourteenth Amendment constitutionally entitles them to that damages remedy. They contend that therefore the impairment and discharge of their claims violates the Fourteenth Amendment. The § 1983 creditors rely on the Supreme Court’s decisions in *Monell v. Department of Social Services of New York*, 436 U.S. 658 (1978); *Owen v. City of Independence*, 445 U.S. 622 (1980); and *Bivens v. Six Unknown Named Agents of Federal Bureau of Narcotics* 403 U.S. 388 (1971).

The Court concludes that none of these decisions supports that result.

In *Monell*, the Supreme Court held that a municipality is a “person” under § 1983 and therefore potentially liable for damages. *Monell* overruled the previous contrary decision in *Monroe v. Pape*, 365 U.S. 167 (1961). *Monell* neither held nor suggested that overruling *Monroe* was necessary because a party has a constitutional right to money damages. To the contrary, in *Monell*, the Supreme Court attributed its decision to its “analysis of the legislative history of the Civil Rights Act of 1871.” 436 U.S. at 690. Thus, *Monell* recognized that § 1983, not the Constitution, provides the right to compensation against municipalities.

Owen addressed whether a municipality can assert a common law qualified immunity defense to a § 1983 claim. In denying this defense, the Supreme Court observed, “A damages

remedy against the offending party is a vital component of any scheme for vindicating cherished constitutional guarantees” 445 U.S. at 651.

Again however, this observation does not rise to the level of holding that the Fourteenth Amendment itself establishes a right to damages. Indeed, nothing in the opinion suggests that denying a qualified immunity defense to a § 1983 claim is a matter of necessity because the Fourteenth Amendment establishes a right to damages. To the contrary, in summarizing the basis of its holding, the *Owen* court notably failed to identify a constitutional basis. It stated, “rejection of a construction of § 1983 that would accord municipalities a qualified immunity for their good-faith constitutional violations is compelled both by the legislative purpose in enacting the statute and by considerations of public policy.” *Id.* at 650.

Finally, the § 1983 creditors argue that *Bivens* held that all substantive constitutional rights include a right to compensation. Therefore, they argue, § 1983 is unnecessary and merely codifies an existing constitutional right to damages.

The Court rejects this argument. In *Bivens*, the Supreme Court created a new claim for relief for a constitutional violation by a federal officer. It did not recognize that the Constitution includes a right to damages.

Subsequent Supreme Court decisions confirm this view of *Bivens*. In *Davis v. Passman*, 442 U.S. 228 (1979), the Supreme Court stated, “*Bivens* . . . holds that in appropriate circumstances a federal district court *may* provide relief in damages for the violation of constitutional rights *if* there are ‘no special factors counseling hesitation in the absence of affirmative action by Congress.’” *Id.* at 245 (emphasis added) (quoting *Bivens*, 403 U.S. at 396). In *Bush v. Lucas*, 462 U.S. 367, 378 (1983), the Supreme Court stated, “The federal courts’ statutory jurisdiction to decide federal questions confers adequate power to award damages to the

victim of a constitutional violation.” Similarly, in *Correctional Services Corp. v. Malesko*, 534 U.S. 61 (2001), the Supreme Court stated, “Our authority to imply a new constitutional tort, not expressly authorized by statute, is anchored in our general jurisdiction to decide all cases ‘arising under the Constitution, laws, or treaties of the United States.’ We first exercised this authority in *Bivens*” *Id.* at 66 (quoting 28 U.S.C. § 1331). None of these cases suggests that *Bivens* found a constitutional right to damages.

The Court concludes that the Fourteenth Amendment does not provide a substantive constitutional right to compensation for damages. Accordingly, the Court overrules this objection to the plan.

The § 1983 creditors further argue that “the Supreme Court made clear that § 1983 is a vehicle for vindicating rights emanating from the Constitution.” Ryan’s Second Supplemental Br. 7. (Dkt. #6764) This distinction between a substantive constitutional right and the means of enforcing that right is precisely what drives this Court’s conclusion. The § 1983 remedial scheme may “emanate” or “flow from” the Fourteenth Amendment, as the § 1983 creditors argue. This does not, however, elevate that remedy to a constitutionally protected status.

Accordingly, the plan does not violate the Fourteenth Amendment by discharging § 1983 claims.

Further, because discharging and impairing a § 1983 claim is not “prohibited by law,” the Court also rejects the § 1983 creditors’ argument that the plan violates § 943(b)(4).

**b. The Bankruptcy Code Does Not Provide for
the Discharge of § 1983 Claims Against the
City’s Officers in Their Individual Capacity**

The City asserts that its plan properly seeks to release claims against its employees in their individual capacity under § 1983. It asserts that because of its obligation to defend and

indemnify these claims, they are, as a matter of practical reality, claims against the City. The § 1983 creditors contend that these claims are not claims against the City.

In *V.W. ex rel. Barber v. City of Vallejo*, CIV.S-12-1629, 2013 WL 3992403 (E.D. Cal. Aug. 2, 2013), the court analyzed whether a § 1983 claim brought against a police officer of the City of Vallejo was discharged in its chapter 9 bankruptcy. The court explained that “[t]o the degree plaintiff sues [the city’s officer] ‘in his . . . official capacity,’ those claims are dismissed for the same reason the claims against the City are dismissed.” *Id.* at *4 n.9. On the other hand, the court concluded that “a claim against a City official is not essentially one against the City for bankruptcy discharge purposes, even if state law requires the City to indemnify the official.” *Id.* at *6. The court further observed that § 524(a), which § 901(a) makes applicable in a chapter 9 case, only discharges debts that are a “personal liability of the debtor.” The court also noted the Supreme Court’s direction that “‘an award of damages against an official in his personal capacity can be executed only against the official’s personal assets.’” *Id.* at *5 (quoting *Kentucky v. Graham*, 473 U.S. 159, 165-66 (1985)).

The City attempts to distinguish *Barber* on the grounds that the Vallejo plan did not include a discharge or release of claims against officers in their individual capacity, but its plan does. The difficulty with this argument is that, as discussed in the next section, the record fails to establish the grounds for a release under the Sixth Circuit’s decision in *Dow Corning*, 280 F.3d 648. Because the Court cannot approve the release here, this case is analytically identical to *Barber*.

The Court concludes, therefore, that a claim against a City employee in his or her individual capacity is not a claim against the City for bankruptcy purposes. Accordingly, such a

claim is neither discharged nor subject to impairment. To this extent, the objections of the § 1983 creditors are sustained.

c. The City Has Not Established That a Third-Party Release of § 1983 Claims Against Its Officers in Their Individual Capacity Is Essential to Its Plan

As noted, the plan purports to discharge and release claims against the City's officers in their individual capacity. The § 1983 creditors object to this.

In part III.E.3.b. above, the Court addressed the application of *Dow Corning* to the release of the State in the State Contribution Agreement. The Court observed that the third of the seven factors that the Sixth Circuit adopted expresses the fundamental premise of *Dow Corning* that a bankruptcy court's power to order a third-party release is based on its "power to reorder creditor-debtor relations *needed to achieve a successful reorganization*." 280 F.3d at 656 (emphasis added). This factor requires that the release "is essential to reorganization, namely, the reorganization hinges on the debtor being free from indirect suits against parties who would have indemnity or contribution claims against the debtor[.]" *Id.* at 658.

That factor is not met for the plan's proposed release of § 1983 claims against officers of the City in their individual capacity. The record of this case fails to establish that this release is essential to the success of the City's plan.

The Court accepts that the City has a strong interest in the efficient and effective functioning of the police department and that protecting its officers from personal liability for § 1983 claims is necessary to that mission. However, that protection appears to be fully accomplished by the contractual indemnity obligations that the City assumes in the plan,

specifically the indemnity obligations in the City's collective bargaining agreements with its public safety unions.

The record is devoid of any evidence suggesting that the additional protection of a third-party release for these officers is necessary to the City's efficient and effective functioning, to its revitalization, or to the success of its plan. In these circumstances, the Court must find that the standard of *Dow Corning* is not met.

The City expresses concern that the failure to release these third-party claims will effectively create a class of creditors that will be paid in full. This is true. The City's assumption of its contractual indemnity obligations will result in the City's full payment of valid § 1983 claims against employees in their individual capacity.

However, this is perfectly proper. Under § 365, a debtor's assumption of an executory contract requires the debtor to comply with the contract and specifically here to meet its indemnity obligations in the contract. In principle, the City's mission-based reason for assuming the executory contract justifies that result and presumably the City entered into the contract and assumed it precisely because it concluded that it is mission-justified.

Moreover, the bankruptcy code allows the impairment and discharge of unsecured claims against a debtor, such as the § 1983 claims against the City here. However, as held in *Dow Corning*, absent demonstrated necessity, the bankruptcy code does not allow the impairment and discharge of unsecured claims against third parties, such as the City's officers.

The bankruptcy code astutely recognizes and accepts the economic reality behind this. Post-confirmation, the City must pay whatever costs are essential to its operations and is therefore legally authorized to do that. Because the City reasonably considers that indemnifying officers for valid § 1983 claims against the officers is essential to its operations, it is authorized

to pay those claims. On the other hand, because paying § 1983 claims against the City is not essential to its operations, the City can legally impair those claims.

In part III.E.3.b. above, the Court approved the third-party release of the State that was part of the Grand Bargain. As the Court explained, however, that release was fully justified as part of that settlement because the State Contribution is crucial to the City's revitalization and the release is crucial to confirmation of the City's plan. *See Connector 2000*, 447 B.R. at 766. The releases under consideration here carry no such weight.

Therefore, the Court sustains the § 1983 creditors' objections to the provisions in the City's plan that would have the effect of discharging and releasing their claims against City officers in their individual capacity.

3. The Takings Clause Creditors' Objection

The Takings Clause creditors are T&T Management, Inc., HRT Enterprises, and the John W. and Vivian M. Denis Trust. T&T Management, through its merger with Merkur Steel, Inc., has obtained a liquidated final judgment against the City for an ongoing Fifth Amendment Takings violation due to certain land use restrictions. That judgment entitles T&T Management, as successor in interest, to a prospective monthly just compensation damage award until the City terminates those restrictions. The other two creditors have pending suits against the City for just compensation but have not obtained a judgment. Although these claims differ in their procedural postures, the distinction is irrelevant here as both suits seek just compensation arising out of an alleged taking of property by the City.

The Takings Clause creditors argue that because the City's plan treats their claims as general unsecured claims and impairs them, the plan is unconstitutional. They contend that to comply with the Fifth Amendment, the City's plan must pay their just compensation awards in

full, instead of the fractional dividend that the plan proposes for class 14. In support of their argument, they rely on two Supreme Court cases, *Louisville Joint Stock Land Bank v. Radford*, 295 U.S. 555 (1935), and *United States v. Security Industrial Bank*, 459 U.S. 70 (1982).

The City responds that a Takings Clause claim under the Fifth Amendment is merely an unsecured claim that is subject to impairment under the bankruptcy code. Although the City concedes that *Radford* and *Security Industrial Bank* recognize that the Fifth Amendment restricts the bankruptcy code, it attempts to distinguish those cases. The City also argues that it is not relevant that the Constitution itself provides the right to just compensation.

a. Discharging Takings Clause Claims Would Violate the Fifth Amendment

The Takings Clause of the Fifth Amendment mandates that “private property [shall not] be taken for public use, without just compensation.” U.S. Const. amend. V. This amendment is made applicable to the states, and thus to municipalities, through the Fourteenth Amendment. U.S. Const. amend. XIV; *Dolan v. City of Tigard*, 512 U.S. 374, 383 (1994); *Penn Cent. Transp. Co. v. City of N.Y.*, 438 U.S. 104, 122 (1978).

The Supreme Court has explained that “because the Fifth Amendment proscribes takings without just compensation, no constitutional violation occurs until just compensation has been denied.” *Williamson Cnty. Reg’l Planning Comm’n v. Hamilton Bank*, 473 U.S. 172, 194 n.13 (1985). The Supreme Court further stated, “Nor does the Fifth Amendment require that just compensation be paid in advance of, or contemporaneously with, the taking; all that is required is that a ‘reasonable, certain and adequate provision for obtaining compensation’ exist at the time of the taking.” *Id.* at 194 (citation omitted). “[T]he property owner cannot claim a violation of

the Just Compensation Clause until it has used the procedure [for seeking just compensation] and been denied” *Id.* at 195.

Thus, a Takings Clause violation is defined by two elements: (1) the public taking of private property, and (2) the subsequent denial of just compensation for that taking. *See Williamson*, 473 U.S. at 195 n.13. If confirmed, the City’s plan would satisfy both of those elements and, therefore, would violate the Fifth Amendment.

The Supreme Court has consistently held that bankruptcy laws are subject to the prohibition against governmental taking of private property without just compensation. Nevertheless, the specific issue of whether a municipal debtor in a chapter 9 bankruptcy case may impair a creditor’s claim for just compensation under the Fifth Amendment is one of first impression.

In *Radford*, 295 U.S. 555, the Supreme Court first announced that “[t]he bankruptcy power, like the other great substantive powers of Congress, is subject to the Fifth Amendment.” *Id.* at 589 (footnote omitted). In that case, the Supreme Court analyzed the constitutionality of the Frazier-Lemke Act, which added § 75 to the Bankruptcy Act. *Id.* at 573. That amendment permitted the debtor to elect one of two alternative options with respect to his mortgaged property. *Id.* at 575. Either the debtor could purchase the property at its appraised value by agreeing to make certain deferred payments with the mortgagee’s consent or, if the mortgagee did not consent, the debtor was entitled to stay proceedings for five years and pay rent annually. *Id.* at 575-76.

The Supreme Court held the Frazier-Lemke Act unconstitutional. *Id.* at 596. It concluded that the act impermissibly took property rights from the mortgagee without just compensation. *Id.* at 595. The Supreme Court stated:

The province of the Court is limited to deciding whether the Frazier-Lemke Act (11 USCA § 203(s)) as applied has taken from the bank without compensation, and given to Radford, rights in specific property which are of substantial value. As we conclude that the act as applied has done so, we must hold it void; for the Fifth Amendment commands that, however great the nation's need, private property shall not be thus taken even for a wholly public use without just compensation.

Id. at 601-02 (citations omitted); *see also Sec. Indus. Bank*, 459 U.S. at 75 (reaffirming the holding in *Radford* and explaining, “The bankruptcy power is subject to the Fifth Amendment’s prohibition against taking private property without compensation.”).

In a more recent decision, the Supreme Court examined the Takings Clause in the context of an emergency railroad reorganization statute. In *Blanchette v. Connecticut General Insurance Corps.*, 419 U.S. 102 (1974), the Court addressed a constitutional challenge to the Rail Act, which was a specialized amendment to the Bankruptcy Act that Congress passed pursuant to its bankruptcy power. The Rail Act consolidated eight insolvent railroads into one privately owned for-profit corporation. *Id.* at 109. To accomplish that goal, the Rail Act established the “Final System Plan,” which mandated that the reorganized railroads would transfer their assets to a new private corporation (Conrail), and then this entity would issue securities to repay the current creditors of the eight railroads. *Id.* at 111-12.

Several creditors challenged the Rail Act on the basis that it imposed a reorganization plan that violated the Fifth Amendment Takings Clause. *Id.* at 137. Specifically, they “assert[ed] that . . . because compensation is not in cash but largely in stock of an unproved entity, [the Rail Act] will necessarily work an unconstitutional taking.” *Id.* (footnote omitted). Although each creditor was entitled “to get[] all the value of his lien and his share of any free assets” from the reorganization, because of the speed of the reorganization mandated by the Rail Act, it was impossible to judicially determine the values of those liens and whether the

replacement Conrail securities were actually equivalent in value *prior* to the reorganization. *Id.* at 154-55. Thus, the Court concluded that “any deficiency of constitutional magnitude in the value of the limited compensation provided under the Act will indeed be a taking of private property for public use.” *Id.* at 155.

However, the Supreme Court further reasoned that because the plaintiffs were able to pursue “a Tucker Act suit in the Court of Claims for a cash award to cover any constitutional shortfall, the Rail Act does provide adequate assurance that any taking will be compensated.” *Id.* Thus, the Court found that the Rail Act did not violate the Takings Clause. *Id.*

Blanchette and *Radford* establish that bankruptcy proceedings are subject to the Fifth Amendment’s prohibition on public takings of private property without just compensation.

The City argues that even if the right to just compensation is protected in bankruptcy, the interest of the Takings Clause creditors in their claims against the City is not a property interest that must be protected in bankruptcy. The City seeks to distinguish *Radford* and *Security Industrial*, arguing that in those cases, the Supreme Court faced a Takings Clause issue only because the applicable bankruptcy law itself destroyed an existing property right. *See Radford*, 295 U.S. at 588-89; *Sec. Indus. Bank*, 459 U.S. at 78-82. The City argues that the Takings Clause creditors have no such property interest and that chapter 9 does not extinguish any such property right. The City cites several cases establishing the principle that an unsecured creditor’s mere right to collect payment is not a property interest. *See, e.g., Bank of N.Y. v. Treco (In re Treco)*, 240 F.3d 148 (2d Cir. 2001).

The Court rejects this argument. The taken property here is not the creditor’s unsecured claim in bankruptcy. Moreover, the source of the taking is immaterial. In the present case, the City took, or allegedly took, the creditors’ property. In *Radford* and *Security Industrial*, the

bankruptcy code itself resulted in the taking. Nevertheless, all that matters under the Fifth Amendment is that the owner of private property must be justly compensated if that property was taken for public use, whenever and however that taking occurred.

If confirmed, this plan would deny that just compensation. The plan would allow the City to impair the property owners' constitutional claim for just compensation after the City took their private property. That violates the Fifth Amendment.

b. The Takings Clause Claims Must Be Excepted from Discharge

The Attorney General argues that chapter 9 is not necessarily unconstitutional for failing to exempt Takings Clause claims from discharge. He suggests that in the interest of avoiding a finding of unconstitutionality, the Court should use its discretion under § 944(c)(1) to order the nondischargeability of Takings Clause claims in the confirmation order.

The Court agrees. Section 944(c)(1) provides, “The debtor is not discharged under subsection (b) of this section for any debt— (1) excepted from discharge by the plan or order confirming the plan[.]” The Court finds that when the Constitution requires a money damage award—as is the case here—§ 944(c)(1) allows the Court to except claims for that award from discharge in the confirmation order. This eliminates all issues regarding the constitutionality of chapter 9 in this respect.

Courts should avoid “interpreting [a statute] in a manner that would render it clearly unconstitutional . . . if there is another reasonable interpretation available.” *Edmond v. United States*, 520 U.S. 651, 658 (1997); see *Lorillard v. Pons*, 434 U.S. 575, 577 (1978) (“[I]t is a cardinal principle that this Court will first ascertain whether a construction of the statute is fairly possible by which the constitutional question may be avoided.”).

Pursuant to § 944(c)(1), therefore, the Court provided in the confirmation order that the valid claims of these Takings Clause creditors are excepted from the discharge. (Dkt. #8272) This result harmonizes chapter 9 with the Fifth Amendment while giving full effect to the principle that the Court should avoid interpreting chapter 9 in such a way that renders it unconstitutional.

K. The Plan Does Not Violate the Funding Clause of the Michigan Constitution

Several objectors argue that the plan violates article IX, § 24 of the Michigan constitution (the “funding clause”) because the City will not make up missed pension payments in the event that outside funding expected pursuant to the Grand Bargain is not received. They also assert that the plan impermissibly provides the City with a 10-year holiday on making pension contributions. These objecting creditors include Dorothy M.W. Baker (Dkt. #4520); Fiorenzo Fabris (Dkt. #5211); Jamie S. Fields (Dkt. #4404); William Ochadleus (Dkt. #4082); Mattie D. Prichett (Dkt. #5887); Cheryl Rayford (Dkt. #3776); Jean Vorkamp (Dkt. #4578); Mary Jo Vorkamp (Dkt. #4579); William Curtis Walton (Dkt. #2899); and Demetria Wright (Dkt. #5795).

The funding clause of article IX, § 24 of the Michigan constitution provides, “Financial benefits arising on account of service rendered in each fiscal year shall be funded during that year and such funding shall not be used for financing unfunded accrued liabilities.”

Its purpose is “to check legislative bodies, requiring them to fund pension obligations annually, and thereby preventing back door spending.” *Musselman v. Governor*, 533 N.W.2d 237, 241 (Mich. 1995), *overruled on other grounds by Studier v. Mich. Pub. Sch. Employees’ Ret. Bd.*, 698 N.W.2d 350 (Mich. 2005). “Article 9, § 24 arose out of concern about legislative

bodies failing to fund pension obligations at the time they were earned, so that the liabilities of several public pension funds greatly exceeded their assets.” *Musselman*, 533 N.W.2d at 241. The funding clause “expressly mandates townships and municipalities to fund employee pension systems to a level which includes unfunded accrued liabilities.” *Shelby Twp. Police and Fire Ret. Bd. v. Charter Twp. of Shelby*, 475 N.W.2d 249, 255-56 (Mich. 1991). The Michigan Supreme Court has “acknowledge[d] that the Michigan constitution does not provide the specifics for meeting funding obligations upon a retirement plan’s unfunded accrued liabilities.” *Id.*

The Court concludes that the plan does not violate the funding clause of the Michigan constitution. The first step in determining whether a municipality is complying with its obligation under the funding clause is to identify its funding obligation. This Court has held that municipal pension obligations are contractual obligations subject to impairment in a confirmed plan in a chapter 9 bankruptcy case. *In re City of Detroit*, 504 B.R. at 150-54. It follows that the City’s plan defines the City’s pension funding obligation.

The plan, which incorporates the pension settlement, provides for funding of the City’s pension plans from a variety of sources, including the City itself. The plan further states that the City has no obligation to provide substitute funding if the pension plans do not receive the outside funding. *See* Plan, §§ II.B.3.q.ii.A and II.B.3.r.ii.A. (Dkt. #8045) Because the City’s only pension funding obligation is fixed in the plan, the City will fully comply with the funding clause when it fulfills those obligations.

Accordingly, the Court overrules this objection.

L. The Pension Creditors' Claims Are Against the City, Not the Retirement Systems

Several objecting parties argue that by reducing pension benefits, the plan seeks to improperly impair claims that employees and retirees hold against the retirement systems (as opposed to the City). These creditors include Denise Cattron (Dkt. #4297), Thomas Cattron (Dkt. #4296), John P. Quinn (Dkt. #5723), and Sylvester Tobias (Dkt. #5330). Because these objections misunderstand the legal nature of the pension obligations owing to employees and retirees, they are overruled.

The pension clause of the Michigan constitution expressly provides, “The accrued financial benefits of each pension plan and retirement system of the state and its political subdivisions shall be a contractual obligation thereof which shall not be diminished or impaired thereby.” Mich. Const. Art. IV. § 24. The Detroit city charter, consistent with the Michigan constitution, provides, “The accrued financial benefits of active and retired city employees, being contractual obligations of the city, shall in no event be diminished or impaired.” Detroit City Charter § 11-101(3). Pursuant to these provisions, the liability for pension obligations lies with the City.

The Detroit city charter established the GRS and the PFRS as separate entities for the purpose of administering the pensions. Detroit City Charter § 11-103. The retirement systems act pursuant to specific provisions of the Detroit City Code. *See* Detroit City Code Chapter 47. Both the City Charter and the Code make it clear that the City is the sole sponsor of the GRS and the PFRS and that liability for funding the pensions rests solely with the City.²⁵

²⁵*See* Detroit City Code § 47-2-18(c) (providing that the Pension Accumulation Fund of the GRS, from which pensions are paid, shall consist of the “accumulated reserves for the

Continued...

Because the City is the sole entity liable to the GRS and the PFRS participants on account of their pension claims, the creditors' claims are not claims against the retirement systems, they are claims against the City. Accordingly, the plan's impairment of pension claims does not constitute the improper impairment of claims against the retirement systems.

At least one of the objectors, Mr. Quinn, argues that the phrase "shall be a contractual obligation thereof" in the pension clause of the Michigan constitution should be read to apply to both the City and the retirement systems. (Dkt. #5723) He then draws a distinction between the City's obligation to fully fund employees' accrued pension benefits each year (along with any underfunding thereof) and the mechanical distribution of pension benefits by the retirement systems. The Court finds that these distinctions are unwarranted in light of the provisions in the Michigan constitution and the Detroit City Charter that clearly place the obligation for pension funding on the City, not the retirement systems.

M. The Pensions of DWSD and Library Employees Are Properly Included in the Plan

Certain objecting parties argue that the plan cannot properly impair the pension claims of the employees of the DWSD and the Detroit Public Library, and grant-funded employees,

pensions and other benefits payable from the contributions made by the City . . ."); Detroit City Code § 47-2-19 (specifying how the City's annual contribution to GRS shall be calculated and providing for no funding source other than the City); 1964 Detroit City Code § 54-2-1 (Ord. No. 77-H) ("Pension' means the portion of a retirement allowance which is paid for by appropriations made by the city.") (Chapter 54 of the 1964 Detroit City Code (as amended and supplemented from time to time by City Ordinance) was saved from repeal by Section 11-102 of the 1974, 1997 and 2012 Detroit City Charters and is incorporated by reference in Chapter 47 of the 1984 Detroit City Code.); 1964 Detroit City Code §§ 54-43-4 (Ord. No. 76-H), 54-43-5 (Ord. No. 04-05) (providing that the City shall fund the Pension Accumulation Fund of the PFRS), §§ 54-2-3 (Ord. No. 77-H), 54-2-4 (Ord. No. 77-H), 54-2-6 (Ord. No. 77-H), 54-2-7 (Ord. No. 77-H), 54-43-3 (Ord. No. 39-05) (specifying how the City's annual contribution to the PFRS shall be calculated and providing for no funding source other than the City).

because these entities have fully funded their allocated portion of the City's pension obligations. These objecting creditors include Dorothy M.W. Baker (Dkt. ##4520 and 6019), Keith Davis (Dkt. #4288), Lenetta Walker (Dkt. #3350), and Shirley Walker (Dkt. #3435).

The Court overrules these objections. The GRS is a single pension fund and the City is its sole sponsor. *See* Detroit City Code § 47-1-2, *et seq.* (providing for the establishment of a single GRS). As a result, the City's underfunding liability impacts the claims of all GRS participants.

It is true that the library is an entity distinct from the City. It may therefore have, pursuant to collective bargaining agreements, contractual obligations to employees and retirees that are independent of the City's obligations. To the extent that the library has independent contractual obligations to its employees or retirees, the plan does not purport to affect those obligations. The library and its unions are free to address, enforce, resolve or renegotiate any such contractual obligations. Nevertheless, where the City itself also has an obligation, such as it does for pensions, the City's obligation is properly compromised as part of this chapter 9 case.

Accordingly, this objection is overruled.

N. The Plan Does Not Violate the Blighted Area Rehabilitation Act

Certain objecting parties allege that the plan violates the Blighted Area Rehabilitation Act, Mich. Comp. Laws §§ 125.71-.84. They assert that the plan does not provide for the involvement of residents and interested parties in blight remediation and rehabilitation, as the statute requires. These creditors include Marie L. Thornton (Dkt. #3249) and Douglas Yee (Dkt. #3481).

The Blighted Area Rehabilitation Act was enacted to authorize Michigan municipalities to adopt plans for the prevention and rehabilitation of blighted areas and to acquire real property for the purpose of implementing the rehabilitation plans. It authorizes the acquisition of land by various means to carry out this purpose. It also provides for the establishment of citizens' district councils to consult with the local governing body regarding the rehabilitation plans.

As part of its restructuring, the City intends to spend \$440.3 million on blight remediation projects to stabilize and revitalize Detroit's neighborhoods. Ex. 626 at 2. This is included as a budget line item in the projections and forecasts. Nothing in the plan, however, commits the City to any particular blight remediation projects. More importantly, nothing in the plan establishes a blight removal process that if implemented, would violate the Blighted Area Rehabilitation Act. The plan is not permission for the City to violate the Act.

Accordingly, these objections are overruled.

O. The Grand Bargain Is Not an Improper Use of Tobacco Settlement Money

At least one objector argues that the State Contribution Agreement to the Grand Bargain allocates funds derived from the settlement of a class action lawsuit between the state of Michigan and the tobacco industry. According to the objection, those funds belong, "equitably and morally," to the City and other cities around the state. Krystal A. Crittendon filed this objection. (Dkt. #5836)

The source of funds identified by the State to fund its contribution to the Grand Bargain is irrelevant to whether the plan meets the requirements for confirmation under the bankruptcy code. Moreover, the objection cites no legal limitation on the State's authority to distribute tobacco settlement money within its discretion or any legal basis for the argument that the City is

“equitably and morally” entitled to the money. The State Contribution does aid the City by supporting the City’s retirees. Because there is no legal basis for this objection, the Court overrules it.

P. The Plan Does Not Violate the Federal Transit Act

Certain DDOT retirees allege that the impairment of their pension and OPEB claims under the plan violates § 5333(b) of the Federal Transit Act. 49 U.S.C. § 5301-5340 (“Federal Transit Act”) (formerly known as the “Urban Mass Transportation Act”). These retirees are Thomas Catron (Dkt. #4296), Judy Flowers-Tisdale (Dkt. #5329), Sylvester Tobias (Dkt. #5330), and Gail M. Wilson (Dkt. #5883).

Section 5333(b) of the Federal Transit Act requires that employers receiving federal assistance under that act provide certain labor protections to their employees, including the preservation of rights under collective bargaining agreements and the continuation of collective bargaining rights. Specifically, § 5333(b) states:

(1) As a condition of financial assistance under . . . this title, the interests of employees affected by the assistance shall be protected under arrangements the Secretary of Labor concludes are fair and equitable. . . .

(2) Arrangements under this subsection shall include provisions that may be necessary for: (A) the preservation of rights, privileges, and benefits (including continuation of pension rights and benefits) under existing collective bargaining agreements or otherwise;[and] (B) the continuation of collective bargaining rights[.]

49 U.S.C. § 5333(b).

With respect to active employees, the City bargained with and ultimately entered into agreements with each of the six unions representing DDOT employees. The City’s response to this objection stated:

The City entered into memoranda of understanding with five of the six Unions representing DDOT employees as a result of collective bargaining. The City and two AFSCME locals initially disagreed on the amount of benefit reductions, however, and the parties entered into a fact-finding proceeding administered by the Michigan Employee Relations Commission (“MERC”). On April 22, 2014, the MERC-appointed fact-finder (the “Fact Finder”) entered his decision (the “Decision”) recommending that the City’s requested impairment of pension and OPEB benefits be implemented. A copy of the Decision is attached hereto as Exhibit C. On May 1, 2014, the City accepted the Fact Finder’s decision in its entirety. On May 2, 2014, the two AFSCME locals accepted the Fact Finder’s Decision with respect to the impairment of pension and OPEB benefits, among other things (although they rejected certain other aspects of the Decision). Copies of the e-mails accepting the Fact Finder’s Decision with respect to pension and OPEB benefits are attached hereto as Exhibit D. As such, the City’s proposed reductions in pension and OPEB benefits were accepted by and are binding upon all parties.

City’s Consol. Resp. to Certain *Pro Se* Objections at 75, n.64. (Dkt. #7303)

As to those employees, therefore, the City has complied with the requirements of the Federal Transit Act.

The City is not required to collectively bargain with retirees to satisfy the Federal Transit Act. By its express terms, § 5333(b) of the Federal Transit Act applies only to employees and not retirees. *See* 49 U.S.C. § 5333(b)(1).

The Eleventh Circuit has confirmed that the purpose of the Federal Transit Act is to protect active employees:

Although it was not the intent of the [Federal Transit Act] to curtail collective bargaining rights, Congress recognized that in some instances, transit employees might be adversely affected by the introduction of new equipment or the reorganization of existing transit operations promoted by the legislation. In particular, since the Act was to authorize grants or loans of federal funds to state or local public authorities to enable them to acquire private transit companies, employees of those companies would foreseeably become employees of the public agencies. When it passed the Act, Congress was concerned that such employees might lose collective bargaining rights, the right to strike, or pension and retirement

benefits. Section 13(c) of the Act [(now 49 U.S.C. § 5333(b))] is designed to protect affected employees from such losses.

Local Div. 732 Amalgamated Transit Union v. Metro. Atlanta Rapid Transit Auth., 667 F.2d 1327, 1335 (11th Cir. 1982) (internal citation omitted).

Both the plain language and the stated purpose of the Federal Transit Act, therefore, suggest that the purpose of § 5333(b) is to preserve the collective bargaining rights of active employees, not retirees. The Court therefore concludes that the Federal Transit Act did not require the City to collectively bargain proposed pension and OPEB benefit reductions with its retirees.

The City's response to this objection also stated:

As a practical matter, it would not have been possible for the City to collectively bargain with retirees because, under applicable Michigan law, unions generally are prohibited from representing retirees absent their individual, express consent. *See, e.g., Cleveland Elec. Illuminating Co. v. Util. Workers Union of Am.*, 440 F.3d 809, 817-18 (6th Cir. 2006) (requiring that union obtain the consent of retirees to be authorized to act on their behalf); *see also Amos v. PPG Indus., Inc.*, 699 F.3d 448, 453 (6th Cir. 2012) (holding that federal action was not "brought by the unions 'in a representative capacity' on behalf of the plaintiff retirees" for the purposes of nonparty preclusion because unions did not obtain the assent of the retirees), *cert. denied*, 133 S. Ct. 2008 (2013).

City's Consol. Resp. to Certain *Pro Se* Objections at 76-77, n.65. (Dkt. #7303)

While the City was under no obligation to collectively bargain with retirees, the City did, in fact, negotiate extensively with the retiree committee (together with the other retiree representatives) and obtained its agreement on the terms of the plan, including the proposed reductions in pension and OPEB benefits. The City is therefore modifying its DDOT-related pension and OPEB obligations in a manner that is not inconsistent with § 5333(b) of the Federal Transit Act. The Court therefore overrules this objection.

XI. THE EXIT FINANCING PROPOSED IN THE PLAN IS APPROVED

The City's plan contemplates exit financing of up to \$325 million. However, the City has stated, its intent to borrow \$275 million. It is a private loan that is intended to be bridge financing for 150 days. At that time, the debt will be the subject of a public offering at market rates. The loan is secured by a lien on the City's income tax revenues. The proceeds of the loan will be used to repay the post-petition financing, to pay the LTGO settlement, and to begin to implement the RRI's.

Mr. Buckfire gave expert testimony regarding the annual costs of repaying the exit financing. He testified that the City currently projects the exit financing will have a long-term interest rate of 5%. However, he believes there are several factors that "lead one to conclude that the exit financing will be priced below the levels indicated in our projections." Trial Tr. 217:16-18, Sept. 30, 2014. (Dkt. #7821) These factors include the shedding of a large amount of debt and the implementation of new financial oversight mechanisms. *Id.* at 81:9-19. Mr. Buckfire further testified, "Detroit uniquely [will] not have to go back into the market to borrow to repay maturing debt which every other city routinely has to do." *Id.* at 217:3-5. He explained that his conclusion was also based on the City's experience with the post-petition financing. The City originally projected this cash loan would bear an interest rate of 5%, but that the market had been so receptive to the City's improved credit position that the rate is closer to 3.5%. *Id.* at 86-88.

The City argues that § 364 does not apply to post-confirmation exit financing. The Court agrees. *See In re SAI Holdings Ltd.*, No. 06-33227, 2012 WL 3201893, at *7 (Bankr. N.D. Ohio Aug. 3, 2012) ("By its express terms, § 364(c) and (d) refer only to the obtaining of credit by the bankruptcy trustee, or Debtors-in-Possession in this case, and refer to incurring debt secured by a lien on 'property of the estate.' After confirmation of the Plan, Debtors were no longer

Debtors-in-Possession . . .”); *In re Les Ruggles & Sons, Inc.*, 222 B.R. 344, 345 (Bankr. D. Neb. 1998) (“[S]ection 364(d)(1) does not apply to post-confirmation borrowings.”); *In re Hickey Props., Ltd.*, 181 B.R. 173, 174 (Bankr. D. Vt. 1995) (same).

Nevertheless, such financing is contemplated in the plan and the City seeks the Court’s approval of it in that context. The record establishes and the Court finds:

- The proposed exit financing and the City’s proposed uses of the proceeds of the exit financing are necessary and appropriate to implement the plan under § 1123(a)(5);
- The financing is not inconsistent with any other provisions of the bankruptcy code under § 1123(b)(6);
- The fees associated with the financing are reasonable under § 943(b)(3);
- The City is not prohibited by law from entering into the exit financing transaction under § 943(b)(4);
- The terms of the exit financing are fair and reasonable;
- The financing reflects prudent judgment on the City’s part; that the City obtained all necessary regulatory approval to enter into this transaction, including approvals from the Detroit City Council, the Michigan Finance Authority, and the Emergency Financial Assistance Loan Board; that the City implemented a full marketing process to identify exit financing on the most favorable available terms;
- The terms were negotiated at arm’s length; that the lender has acted in good faith in the transaction;
- Upon closing it is not subject to avoidance on any grounds by any party;
- Its terms are legal, valid and binding on all parties; and
- The transaction should not be affected by the reversal or modification of any of this Court’s orders, including the order confirming the plan.

For these reasons, the Court approves the proposed exit financing.

XII. CONCLUSION

There has been much discussion throughout this case about how a chapter 9 case is different from the other types of bankruptcy cases. It is, but only around the edges. In fundamental ways, the Detroit bankruptcy case is just like every one of the other 30,609 bankruptcy cases that were filed in our court in 2013. In every case, a debtor needs help, made mistakes, took unwarranted risks, accepted bad advice, exercised bad judgment, was too long in denial, or had just plain bad luck.

But no matter, our society holds dear the values of a fresh start and of second chances. That value is manifested with brilliant clarity in our bankruptcy laws. And that value is manifested the same in this \$18 billion case as it was in the no asset chapter 7 cases that were filed just before and just after this case was filed on July 18, 2013.

The current leadership of the City is now getting the City back from the emergency manager and from us in the bankruptcy world. The City will have the fresh start that it needs and deserves under our federal bankruptcy laws. It is now the responsibility of City leadership to implement this plan. The City's true and full fresh start depends on it.

The people of the City of Detroit have a passion for this City that is remarkable in its breadth, in its expression, and in its unwavering endurance. They are about to get their City back. It is their City.

A large number of them told the Court that they were angry that their City was taken from them and put into bankruptcy. They said that in their court papers. They said that in their statements in court. They said that in their blogs, letters, and protests. The Court heard them.

The Court urges the people of the City of Detroit not to forget that anger. Their enduring and collective memory of what happened here, and their memory of their anger about it, will be exactly what will prevent this from ever happening again. It must never happen again.

When Fredia Butler testified during the confirmation hearing, she quoted the great wisdom of Marian Wright Edelman, who said, “Democracy is not a spectator sport.” Trial Tr. 44:3-4, Oct. 15, 2014. (Dkt. #8033) And so the Court asks the people of the City, for the good of the City’s fresh start, to move past their anger, to join in the work that is necessary to fix this City, and to help your City leaders do that. It is your City.

We have used the fitting phrase, the Grand Bargain, to describe the group of agreements that will fix the City’s pension problem. In our nation, we join together in the promise and in the ideal of a much grander bargain. It is the bargain by which we interact with each other and with our government, all for the common good. That grander bargain, enshrined in our Constitution, is democracy. It is now time to restore democracy to the people of the City of Detroit. The Court urges the people of the City of Detroit to participate in that democracy, and hopes that they will soon realize its full, vibrant and everlasting potential.

EXHIBIT 1 – PROPOSED ORDER

**UNITED STATES BANKRUPTCY COURT
EASTERN DISTRICT OF MICHIGAN
SOUTHERN DIVISION**

In re: City of Detroit, Michigan, Debtor.

Bankruptcy Case No. 13-53846
Judge Thomas J. Tucker
Chapter 9

**ORDER GRANTING THE CITY OF DETROIT’S MOTION TO
ENFORCE PLAN OF ADJUSTMENT AND REQUIRE 30-YEAR
AMORTIZATION OF THE UAAL IN THE POLICE AND FIRE
RETIREMENT SYSTEM PENSION PLAN**

This matter, having come before the Court on the *Motion to Enforce Plan of Adjustment and Require 30-Year Amortization of the UAAL in the Police and Fire Retirement System Pension Plan* (“Motion”),¹ upon proper notice and a hearing, the Court being fully advised in the premises, and there being good cause to grant the relief requested,

THE COURT ORDERS THAT:

1. The Motion is granted.
2. The resolutions passed and the votes taken by Police and Fire Retirement System (“PFRS”) and the Investment Committee which shortened the amortization period to 20 years are void and of no force or effect, and the PFRS and

¹ Capitalized terms used but not otherwise defined in this Order shall have the meanings given to them in the Motion.

the Investment Committee are enjoined and barred from shortening the 30-year amortization period.

3. The PFRS shall amortize the PFRS's plan's unfunded actuarial accrued liability that will exist as of June 30, 2023, over an additional 30 years commencing on June 30, 2023.

4. The Court shall retain jurisdiction over any and all matters arising from the interpretation or implementation of this Order.

EXHIBIT 2 – NOTICE

**UNITED STATES BANKRUPTCY COURT
EASTERN DISTRICT OF MICHIGAN
SOUTHERN DIVISION**

In re: City of Detroit, Michigan, Debtor.

Bankruptcy Case No. 13-53846
Judge Thomas J. Tucker
Chapter 9

**NOTICE OF OPPORTUNITY TO OBJECT TO CITY OF
DETROIT’S MOTION TO ENFORCE PLAN OF ADJUSTMENT AND
REQUIRE 30-YEAR AMORTIZATION OF THE UAAL IN THE POLICE
AND FIRE RETIREMENT SYSTEM PENSION PLAN**

The City of Detroit has filed the *Motion to Enforce Plan of Adjustment and Require 30-Year Amortization of the UAAL in the Police and Fire Retirement System Pension Plan*.

Your rights may be affected. You should read these papers carefully and discuss them with your attorney.

If you do not want the Court to enter an Order granting the *Motion to Enforce Plan of Adjustment and Require 30-Year Amortization of the UAAL in the Police and Fire Retirement System Pension Plan*, within 14 days, you or your attorney must:

1. File with the court a written response or an answer, explaining your position at:²

United States Bankruptcy Court
211 W. Fort St., Suite 1900
Detroit, Michigan 48226

If you mail your response to the court for filing, you must mail it early enough so that the court will **receive** it on or before the date stated above. You must also mail a copy to:

Miller, Canfield, Paddock & Stone, PLC
Attn: Marc N. Swanson
150 West Jefferson, Suite 2500
Detroit, Michigan 48226

2. If a response or answer is timely filed and served, the clerk will schedule a hearing on the motion and you will be served with a notice of the date, time, and location of that hearing.

If you or your attorney do not take these steps, the court may decide that you do not oppose the relief sought in the motion or objection and may enter an order granting that relief.

² Response or answer must comply with F. R. Civ. P. 8(b), (c) and (e).

MILLER, CANFIELD, PADDOCK AND STONE, P.L.C.

E. THE STOUT REPORT PREPARED FOR THE IC LACKS ALL CREDIBILITY.	17
F. THE CHEIRON REPORT CONFIRMS THERE IS NO ACTUARIAL BASIS FOR 20-YEAR AMORTIZATION.	23
G. PFRS’ MOST RECENT ACTIONS AGAIN CONFIRM THERE IS NO NEED FOR 20-YEAR AMORTIZATION.	24
II. ARGUMENT.....	25
A. THE COURT HAS JURISDICTION OVER THIS DISPUTE.	25
B. THE COURT SHOULD ORDER PFRS TO AMORTIZE THE PFRS’ PLAN’S UAAL THAT WILL EXIST AS OF JUNE 30, 2023, OVER 30 YEARS, RATHER THAN 20 YEARS, BECAUSE THE POA PROVIDES THAT 30 YEARS IS THE PROPER AMORTIZATION PERIOD.	25

C. THE COURT ALSO SHOULD ORDER 30-YEAR AMORTIZATION TO CARRY OUT THE INTENT OF, AND ALLOW THE CITY TO SUCCESSFULLY IMPLEMENT, THE POA.	27
1. <i>Governing law</i>	27
2. <i>The Court should order 30-year amortization to carry out the intent of, and allow the City to successfully implement, the POA</i>	28
III. FURTHER PROCEEDINGS.	30
IV. CONCLUSION AND RELIEF.....	30

ISSUES AND MOST APPROPRIATE AUTHORITY

1. The City of Detroit Police and Fire Retirement System (PFRS) recently adopted (over the City's objections) a resolution providing that the plan's unfunded actuarial accrued liability (UAAL) for retirement benefits, existing as of June 30, 2023, be amortized over 20 years. The Plan of Adjustment (POA) provides that the proper period is 30 years. 20-year amortization will require the City to pay additional hundreds of millions of dollars in front-loaded funding over the amounts that would be due under 30-year amortization (and under the original projections in the POA).

The first issue in this case is:

Should the Court compel PFRS to amortize the PFRS' plan's UAAL that will exist as of June 30, 2023, over 30 years, rather than 20 years, where the POA provides that 30-years is the proper amortization period.

City answers **yes**.

The Confirmation Order explicitly requires the UAAL to be amortized over 30 years. *In re City of Detroit, Mich.*, 524 B.R. 147, 231-32 (Bankr. E.D. Mich. 2014) ("Confirmation Opinion") and see Confirmation Order, ¶ G, p. 10 of 225, (incorporating the Confirmation Opinion). Consequently, the PFRS's attempt to change the 30-year amortization period is a violation of the Confirmation Order. Further, the governing pension plan documents (section 16.6) provide that "Nothing [in the PFRS pension plan documents] shall be interpreted as permitting the

Investment Committee or the Board to alter or depart from the requirements set forth in the Plan of Adjustment.”

2. The City learned shortly after the POA was confirmed that, due to material actuarial mistakes in devising the POA, the accrued pension liabilities for the two legacy plans had been understated by some \$500 million. To ensure the legacy plans would be properly funded, the City voluntarily created the Retiree Protection Trust Fund. By June of 2023, the City will have paid \$445 million of general fund monies into the Trust Fund. As a result, and directly contrary to the POA, the City has been deprived of much of the benefit of the POA’s ten-year “pension holiday” during which the City was to have made only nominal contributions to the legacy plans.

The second issue in this case is:

Should the Court compel PFRS to amortize the PFRS’ plan’s UAAL that will exist as of June 30, 2023, over 30 years, rather than 20 years, where (i) 20-year amortization, together with (ii) the City’s need to use \$445 million from the Retiree Protection Trust Fund—depriving the City of much of the benefit of the POA’s “pension holiday”—will threaten the City’s ability to successfully implement the POA?

City answers **yes**.

POA Article VII gives the Court broad authority to enter orders necessary for the successful implementation of the POA, including the order requested here.

I. FACTS

This factual recitation is supported by the declaration of Michael Duggan, Mayor of the City of Detroit, attached as exhibit 1, and other documents appended as exhibits.

A. Duggan's due diligence and testimony in support of the POA.

Duggan was first elected in November 2013 and then again in November 2017 and 2021. His prior jobs included Deputy County Executive of Wayne County, elected Wayne County Prosecutor, and Chief Executive Officer of the Detroit Medical Center. Ex. 1 ("Duggan Dec'1."), ¶ 1.

The City filed for Chapter 9 bankruptcy in July 2013 and was in bankruptcy when Duggan became Mayor effective January 1, 2014. Kevyn Orr was the state appointed emergency manager and supervised the bankruptcy activities. *Id.*, ¶ 3.

For much of Duggan's first year in office (2014), he was excluded from ongoing bankruptcy activities. However, as the Plan of Adjustment ("POA") was being negotiated, and it became clear to Mr. Orr and his team that Duggan would need to support the POA to secure its approval, Duggan was provided access to significant information about the bankruptcy. After extensive due diligence Duggan ultimately testified in support of the POA and its feasibility. *Id.*, ¶ 4.

Perhaps the most important and contentious issue in the bankruptcy, and one of Duggan's primary concerns about the POA and its feasibility, was the City's

legacy retirement obligations. The City historically had two defined benefit pension plans for employees and retirees. The Police and Fire Retirement System (“PFRS”) managed the plan for public safety employees and retirees. The General Retirement System (“GRS”) managed the plan for all other City employees and retirees. Both plans were frozen in bankruptcy and, under the POA, covered only City retirees and employees who performed services for the City prior to July 1, 2014. *Id.*, ¶ 5.

Both plans were replaced going forward with hybrid plans that combined elements of both defined benefit and defined contribution plans. In the POA, the new hybrid plans are known as Component I plans, and the frozen plans are known as Component II plans.

At issue in this case is the PFRS Component II plan that was frozen in bankruptcy and now covers only public safety employees and retirees who provided services prior to July 1, 2014. *Id.*, ¶ 6. References in this brief to the PRFS plan are to the PFRS Component II plan that was frozen in bankruptcy. Because the plan was frozen and no new beneficiaries are being added, it is a “closed plan” and will terminate after all beneficiaries have died.

The eighth, final, and operative POA incorporated what became known as the “Grand Bargain.” The Grand Bargain raised the equivalent of \$816 million from the state of Michigan, the Detroit Institute of Arts, and various charities and, as a result:

- Pension cuts to retirees were minimized. The only cut to public safety pensions was a 55% reduction to the cost-of-living adjustment (COLA).

Other City employees' pensions were cut more but still far less than had been anticipated.

- The Detroit Institute of Arts' collection was protected.
- The POA gave the City a 10-year pension contribution "holiday" and, thereafter, the legacy plans' UAAL was to be amortized over a 30-year period. This was to allow the City to devote as many resources as reasonably possible to address ongoing issues that had substantially contributed to the bankruptcy, such as blight, public safety, loss of employment opportunities, etc.

Id., ¶ 7.

On November 12, 2014, this Court entered the Confirmation Order and found the POA to be feasible. To make this determination, the Court relied on the City's 40-year forecast. Confirmation Order, ¶ 11, pp. 41-42 of 225. The City has attached as Exhibit 14 an excerpt of one of the forecasts that it believes was referenced by the Court in paragraph 11(c) of the Confirmation Order. This 40-year forecast specifically provides for a 30-year amortization. The Court found the 40-year forecasts referenced in paragraph 11(c) of the Confirmation Order to be "reasonable, made in good faith, accurate and consistent with other financial projections made by the City and based upon assumptions that are reasonable when considered individually and collectively." Confirmation Order, ¶ 11, pp. 41-42 of 225.

On December 31, 2014, Bankruptcy Judge Steven Rhodes issued a supplemental opinion approving the Plan of Adjustment. *In re City of Detroit*, Mich., 524 B.R. 147 (Bankr. E.D. Mich. 2014), ("Supp Op").

As Judge Rhodes noted, the pension classes voted to accept the POA by 82% in class 10 (PFRS) and 73% in class 11 (GRS). Supp Op at 180. The Supplemental Opinion explains:

Because of the outside money committed as part of the Grand Bargain, the City will have little responsibility for funding the GRS [General Retirement System] and the PFRS [Police/Fire Retirement System] through June 2023. During that time period, the PFRS will be funded exclusively from contributions from the DIA, the DIA Funders, the Foundation Funders and the State under the Grand Bargain, as described previously.

Id. at 179.

Judge Rhodes concluded that the pension settlement was “fair and equitable” and stated as follows:

It is therefore a vast understatement to say that the pension settlement is reasonable. It borders on the miraculous. No one could have foreseen this result for the pension creditors when the City filed this case. Without the outside funding from the Grand Bargain, the City anticipated having to reduce pensions by as much as 27%. The pension reductions in the pension settlement are minor compared to any reasonably foreseeable outcome for these creditors without the pension settlement and the Grand Bargain.

Id. at 181.

At the time of the bankruptcy, both the public safety (PFRS) and general retirement (GRS) legacy (Component II) plans were underfunded. Under financial projections prepared for the POA, the plans were likewise projected to be underfunded at the end of the 10-year pension holiday. Actuaries identify the

amount of such underfunding as the plan's "unfunded actuarial accrued liability," or "UAAL." Duggan Dec'1., ¶ 10.

In examining the feasibility of the POA, experts addressed how the Component II plans' UAAL would be amortized after the end of the 10-year pension holiday. Those projections showed that after the 10-year holiday, the then existing UAAL would be amortized over the following 30 years. The Supplemental Opinion confirmed in two separate places that the Component II Plans' UAAL at the end of the pension holiday were to be amortized over a thirty-year period:

However, at the end of FY2023, the GRS and PFRS will remain significantly underfunded. Using the assumptions from the global pension settlement, including the 6.75% discount rate, the City projects that the PFRS will only achieve 78% funding, leaving a UAAL of \$681 million. For the GRS, the City projects a 70% funded status by the end of FY2023, leaving a UAAL of \$695 million. **The City will then amortize the remaining UAAL for both plans over the next thirty years at an interest rate of 6.75%.** Between FY2024 and FY2033, the City will receive an additional \$68 million in Grand Bargain proceeds to pay toward the UAAL amortization for PFRS, and \$188 million for GRS. The balance of the amortized UAAL will come from the City.

The plan greatly reduces the City's pension obligations, thanks to the State Contribution Agreement, the Grand Bargain funding, and the modification of the City's obligations to its current retirees."

Supp Op at 231-32 (emphasis added and citations removed).

As discussed in part III.F. above, the City's obligations to the GRS and the PFRS are fixed under the plan from FY2014-FY2023. During this time, as the City works to stabilize its finances and implement the RRI, the majority of the City's contributions to the GRS and the PFRS will come from the DWSD, the State Contribution Agreement, and the

Grand Bargain funding. However, after 2023, the City projects the retirement systems will remain somewhat underfunded. **The balance of the underfunding in 2023 will be amortized over a thirty year period of time.**

Supp Op at 230 n.23 (emphasis added and citations removed).

Despite the funding provided by the Grand Bargain, Judge Rhodes was extremely concerned about the feasibility of the POA. His opinion stated:

In this case, examining the feasibility of the plan is difficult for a number of reasons. The City's debt is enormous and the City proposes to pay most of its creditors over a long period of time. As the Court discusses below, the City's revenue and expense projections extend forty years into the future [40 years is the 10-year pension holiday plus 30-year amortization].

Second, the feasibility of the plan depends upon the City's ability to fix and maintain its broken governmental operations. This is significant because the chapter 9 feasibility inquiry requires an analysis of whether the City can reasonably provide sustainable municipal services, as the court found in *In re Mount Carbon*. It is also significant because the City's ability to repay its creditors pursuant to the plan depends upon the City's ability to increase its revenues from taxes and fees by improving the efficiency of City operations and by identifying and accessing untapped sources of revenue.

The feasibility analysis is yet more complex because several key parts of the plan depend upon performance by parties who are completely beyond the City's control. For example, because the City's contributions to the retirement systems are fixed through FY2023, a risk remains that the pension plans will be significantly more underfunded than anticipated if one of the many organizations participating in the Grand Bargain fails to perform in the time or manner promised.

As the City itself succinctly states in its pretrial brief in support of plan confirmation, "[T]he City was—and remains today—enmeshed in a financial crisis of unsurpassed proportions and complexity." Despite

efforts from both the City and the State of Michigan, “the City is trapped in a vicious circle of cash crises, general fund deficits, crushing long-term liabilities and tumbling credit ratings exacerbated by the City’s bureaucratic structure and frequent deviations from established budgets.”

Supp Op at 220-21 (citations omitted, alterations in original).

Martha Kopacz, the Court’s appointed feasibility expert, was likewise extremely concerned about the feasibility of the POA:

I want to emphasize, however, that there is little space remaining on the continuum of [feasibility]. The recent settlements and corresponding amendments to the Plan of Adjustment have served the laudable goals of efficiently resolving disputes and garnering additional support for the Plan of Adjustment. Conversely, they have imposed additional financial obligations on the City. I have already expressed concerns regarding the level of contingency provided for in the Plan of Adjustment. The financial obligations associated with the recent settlements only intensify this concern.”

Supp Op, at p. 219 (Court’s quotation of expert, alterations in original).

Duggan worked closely with Ms. Kopacz and her staff, and major City departments, in examining the POA’s feasibility. Ultimately, Duggan and Ms. Kopacz came to the same conclusion—that the POA was feasible but enormous work would be required and financially there was no room to spare. Critical to Duggan’s support for the POA was that the City’s legacy pension liabilities would be minimized for the initial ten years and then amortized over a 30-year period, thus providing the City as much funding as reasonably possible to address the City’s problems by investing in what were called “RRIs,” or recovery and reinvestment

initiatives. As of the time of the confirmation hearing, Duggan believed the City was perhaps 10% of the way toward providing proper City services, and that many years of implementing major service improvements and job creation initiatives would be needed to successfully carry out the POA. Duggan Dec'1., ¶ 14.

In considering the feasibility of the POA, Duggan was aware that the POA provided an assumed rate of return of 6.75% for the legacy pension plans. During his due diligence, Duggan learned that a proposal had been made to raise the assumed rate of return to 7%. That would have allowed the actuaries to more easily “make the numbers work” for the feasibility analysis but would have put more funding stress on the City when it came time to resume funding the plans. Duggan advised the participants that if they raised the assumed rate of return to 7%, he would testify against the feasibility of the POA. *Id.*, ¶ 15.

B. Duggan learns the actuarial assumptions for the POA were grossly inaccurate and materially understated the plans’ liabilities. The City responds by creating and placing hundreds of millions of dollars into a Retiree Protection Trust Fund, largely negating the POA’s “pension holiday” for the City.

The POA was approved and then became effective in December 2014. Sometime in 2015, Duggan learned that the actuarial assumptions for the legacy pension plans were seriously flawed. Specifically, the plans’ projected UAAL had been understated by roughly \$500 million. That information was provided by Gabriel Roeder Smith & Company (“Gabriel Roeder”), the actuary for both legacy

plans. Neither Gabriel Roeder, nor any of the other actuaries or experts who worked on the POA, ever explained how the error occurred. *Id.*, ¶ 16.

The City considered bringing a lawsuit. The City’s investigation revealed serious concerns about the way in which the retirement liability issues were handled by the “experts” in the bankruptcy process. Those included use of outdated mortality tables. Duggan also learned that the “experts” were seemingly more concerned about the making the numbers work, *i.e.*, minimizing retiree pension cuts, than with the City’s ability to successfully carry out the POA. Duggan spoke with Ms. Kopacz who advised she likewise had no idea that the retirement plan projections were materially incorrect, and that information would likely have changed her view on the feasibility of the POA. Duggan ultimately decided not to bring a lawsuit because the POA had broad exculpatory provisions. *Id.*, ¶ 17.

Thereafter, to further ensure proper funding of legacy pensions, Duggan’s administration voluntarily put in place an irrevocable Retiree Protection Trust Fund to provide additional funding for the legacy plans after the end of the 10-year pension “holiday.” To date, the City has deposited \$355 million, and will be adding \$90 million later this year. Accordingly, by the time City funding of the PFRS plan is to begin (FY 2024), the City will have funded the Retiree Protection Trust Fund with \$445 million of general fund money. *Id.*, ¶ 18.

Under the POA, that \$445 million should have been available for recovery and reinvestment initiatives such as blight remediation, public safety, job creation initiatives etc. It has instead irrevocably been set aside for the retirees' pension security. *Id.*, ¶ 19.

C. In November 2021 PFRS adopts a resolution which, contrary to the POA, shortened the amortization period for PFRS' UAAL from 30 to 20 years.

This litigation challenges PFRS' adoption of a funding resolution which provides for amortizing the UAAL that will exist after the expiration of the pension "holiday" (June 30, 2023) over 20 years – rather than the 30-years required by the POA. Section 16.6 of the governing plan documents makes crystal clear PFRS had no right to violate the POA. "Nothing herein [in the PFRS plan document] shall be interpreted as permitting the Investment Committee or the Board to alter or depart from the requirements set forth in the Plan of Adjustment."¹

Relevant background to that action is discussed below.

1. PFRS' governance by its Board of Trustees and Investment Committee (IC).

In reaction to serious investment abuses in prior years, the POA materially changed the governance of the City's GRS and PFRS retiree legacy plans. Investment decisions were entrusted to newly created Investment Committees, or

¹ Doc. No. 8045-1, p. 519 of 809. Section 16.6 of the Component I plan also applies to Component II. Doc. No. 8045-1, pp. 597-98 of 809.

ICs. The PFRS IC has 9 members as follows: four public safety representatives and five independent members. The City and Mayor have no representation. The public safety members each have one-half vote. The independent members originally were appointed by Governor Snyder, typically based on their investment expertise.

PFRS has a 17-member Board of Trustees. Because the City and public safety representatives could never agree on an “independent” trustee, at all relevant times there have been 16 trustees. Five represent the Mayor’s administration. One represents the City Council president. Eight directly represent public safety employee/retiree interests. Two trustees were appointed by the Mayor but the chosen individuals had to be retired public safety officers. As a result, public safety representatives control the Board, as evidenced by their votes adopting 20-year amortization, discussed below.

2. Events leading to PFRS’ adoption of 20-year amortization.

August 20, 2020, City presentation. After learning that PFRS was considering accelerated amortization, the City’s CFO and Deputy made a presentation to PFRS’ Board and IC. The City opposed acceleration for reasons that included, *inter alia*, the POA expressly provides for 30-year amortization.

March 4, 2021, Gabriel Roeder’s 20-year funding policy. At the urging of the PFRS’ public safety representatives, Gabriel Roeder prepared an Actuarial Funding Policy providing for 20-year amortization. Ex. 2, p. 3, § 3(b)(a). Gabriel

Roeder gave no consideration whatsoever to the points made by the City in its prior presentation. PFRS' Board's public safety representatives, over the objections of the City, adopted the funding policy on March 4, 2021, with an 8-6 vote. Ex. 3, pp. 6-7. IC approval also was needed for a funding policy.

July 21, 2021, City continues to object. The IC had previously engaged the Stout Consulting Firm to prepare an analysis of the City's "ability to pay" using the proposed 20-year amortization funding. On July 21, 2021, the City provided to Stout and the IC's counsel documents and information requested by Stout to complete its analysis, together with a transmittal memorandum attached as Exhibit 4. The memorandum again reiterated the City's fundamental concerns with accelerated amortization. Ex. 4, pp. 1-3. The memo also asked the Board and IC to hear both from the City's Mayor, and the independent actuary the City had engaged (Cheiron) before taking any final action on the funding policy. Ex. 4, p. 3.

August 2, 2021, Gabriel Roeder's supplemental report. At the IC's request, Gabriel Roeder prepared a supplemental report that examined financial projections using 20- and 25-year amortizations under various assumptions of baseline or unfavorable investment results. Ex. 5. Six projections were considered. The worst-case scenario was "25-year amortization, Downside Level 2." Ex. 5, p. 11. Even under the worst case, the funded level percentage never dropped below

40%. Neither PFRS nor Gabriel Roeder has ever articulated any need to accelerate the POA's 30-year amortization.

October 1 – 14, 2021, email exchanges between counsel for the City and IC. On October 1, 2021, the City's deputy corporation counsel (Raimi) reminded the IC's counsel (Valerie Brader) of the City's prior request for the PFRS Board and IC to hear from the City's Mayor and actuarial expert prior to making a final decision of the funding policy. Ex. 6, pp. 5-6, Raimi email dated 10/1/21. Ms. Brader responded that the Stout report was not yet complete. Ex. 6, p. 5.

Ms. Brader advised on October 12 that the IC would be taking up the Stout report at its October 18 meeting and "would be happy to have the Mayor present." Ex. 6, p. 4. That timing was, of course, impossible. Raimi responded that the City had not even seen the Stout report and both the Mayor and the City's expert (Cheiron) would need reasonable time to review the report and prepare the presentations. Ex. 6, pp. 3-4. The Stout report was dated October 13, 2021, Exhibit 6, but the City did not receive a copy until sometime later.

Raimi questioned why the IC insisted on moving so quickly, and without input from the Mayor and Cheiron, since the funding policy would not take effect until July 2023. Ex. 6, p. 1. Ms. Brader responded that the IC was attempting to accommodate an earlier City request for guidance on the funding issue by the fall of 2021. *Id.* The City, obviously, was perfectly willing to push this back so the IC

could be fully informed, but it clearly was not interested. Ms. Brader also advised that any action by the IC would also need Board ratification, *id.*, but it was perfectly clear that the public safety-controlled Board would again approve 20-year amortization. *Id.*²

October 18, 2021, IC adopts 20-year amortization. On October 18, Stout’s Robert Roth presented to the IC his report addressing the City’s ability to pay using 20-year amortization. Gabriel Roeder presented its supplemental analysis. Ex. 7, IC minutes. The IC adopted 20-year amortization, *id.*, and approved the appended resolution. Ex. 8.

There was never any doubt that the “independent” members of the IC would follow fiduciary law 101—which instructs fiduciaries that they generally cannot be criticized or sued if they act in accordance with their “expert’s” (Gabriel Roeder’s) advice. And here, the City had no representation on the IC to offer any contrary view.

November 18, 2021, PFRS Board ratifies 20-year amortization. At the November 18 PFRS Board meeting, trustee Conrad Mallett, the City’s deputy

²Ms. Brader’s October 1, 2021, email expressed her concerns about the so-called “pay-as-you-go” funding proposal which the City’s CFO offered as one option in his August 2020 presentation. Ex. 6, p. 5. Raimi advised Ms. Brader that Cheiron would be offering a different and more focused approach. Ex. 6, p. 2. The City is not pursuing the “pay-as-you-go” approach, nor is it relevant because both Gabriel Roeder and Cheiron agree that there is no foreseeable danger that the City would not be able to pay benefits under 30-year amortization.

mayor, offered a resolution asking the Board to disaffirm its prior approval of 20-year funding and agree to mediation concerning the funding dispute. On the strength of the votes of the public safety representatives, that resolution was defeated and the Board affirmed 20-year amortization. Ex. 9, pp. 9-10.

D. The devastating impact to the City of 20-year amortization.

The critical importance of the amortization issue is illustrated by the following diagram which is addressed in Duggan's affidavit. Duggan Dec'l., ¶ 21. This shows (i) the City's funding obligation as originally estimated under the (POA) (in green), (ii) the City's increased funding obligation over the POA estimates, using 30-year amortization (green and yellow), and (iii) the City's increased funding obligation over the POA estimates, using 20-year (green, yellow, and red). The 20-year and 30-year amortization projections (yellow and red) are based on the most recently available data from PRFS's actuaries, which is as of June 30, 2021. (Gabriel Roeder's June 30, 2021, actuarial report was not released until March 24, 2022, and is the most recent data available. That data is used for the chart below and in the Cheiron expert report discussed below.)

Duggan Dec’1., ¶ 21.

The additional hundreds of millions of dollars of front-loaded payments under 20-year amortization would be devastating to the City’s ability to fund critical programs needed to improve City services, attract employment opportunities, and otherwise continue to successfully implement the POA. Duggan Dec’1., ¶ 22.

Moreover, in addition to the PFRS frozen legacy plan, there is also the frozen legacy GRS pension plan for non-public safety employees. The Investment Committee for that plan is carefully following this funding dispute. If this Court were to allow PFRS to violate the POA and impose 20-year amortization, the City is justly apprehensive that GRS will feel compelled to do likewise. That would roughly double the additional upfront pension funding payments for the City. *Id.*, ¶ 39.

E. The Stout Report prepared for the IC lacks all credibility.

The Stout Report was prepared by Raymond Roth and is appended (without exhibits) as Exhibit 10. The report's stated purpose is to advise the IC "regarding the capability of Detroit to make specified levels of pension contributions [using 20-year amortization] beginning in 2024." Ex. 10, ¶ 12. The report concludes "Thus, it is my opinion that Detroit will have the ability to pay the additional amounts of PFRS Legacy Plan contributions under the scenarios projected by its actuaries." *Id.*, ¶ 84.

Mayor Duggan has carefully reviewed the Stout Report and concludes that it is meaningless to the amortization dispute for reasons including the following (Ex. 1, ¶¶ 29-38):

The report purports to compare Detroit to four allegedly "comparable" cities, namely, Indianapolis, Cleveland, Columbus, and Minneapolis. That is absurd on its face. Stout's own report shows (Ex. 10, p. 9) that in 2015, the year after Detroit exited from bankruptcy, Detroit's median income was roughly \$25,000 per year, versus \$43,000 for Indianapolis, \$45,000 for Columbus, and \$51,000 for Minneapolis. None of those cities are remotely "comparable" to Detroit. Although Cleveland's median income was similar to Detroit's, in 2015 some 40% of Detroit residents were below the poverty line versus 35% for Cleveland. Stout Report, Ex. 10, p. 11. And, of course, Cleveland never declared bankruptcy, nor has it ever faced

problems such as those described in Judge Rhodes' Supplemental Opinion (describing his tour of the City):

The primary impression that remains with the Court following the tour is that blight in Detroit is extensive. The statistics do not fully convey its extent or impact. In neighborhood after neighborhood, short and long stretches of streets have abandoned structures—they can no longer be called homes—that are intimidating hulks. Some are partially or mostly burned out. Some have gaping holes in their roofs or collapsed garages. Many have missing doors and windows, and broken front steps and porches. Some are strewn with illegal dumping. All are vivid statements of their former owners' emotional and financial struggles, and of community loss.

These streets also have vacant lots, or collections of vacant lots, on which unmanaged and unsightly vegetation has taken over from the structures after their removal. On the commercial streets, block after block of abandoned, boarded up and graffiti-littered strip shopping centers far outnumbered the occasional small businesses that have survived.

It is heartbreaking, maddening and sad. No one should have to endure, day in and day out, the damage to the human spirit that can result from living in those surroundings. City residents who live, work and play in these neighborhoods deserve better. Detroit deserves better.”

Supp. Op. at 167. Ironically, the Stout Report (Ex. 10, ¶ 17) acknowledges the following:

Detroit has experienced a remarkable transformation since its emergence from bankruptcy. The median income of its residents has risen, while the number of families living below poverty, unemployment, and crime has declined. In addition, blight has been reduced, street lighting improved, emergency medical services (“EMS”) response times are down, and credit ratings have stabilized. However, Detroit’s population remains at lower income levels, including higher concentrations of poverty and crime rates, than the Comparable Midwestern Cities.”

Nevertheless, Mr. Roth inexplicably “concludes” that Detroit could “afford” the dramatically increased up-front payments under 20-year amortization. Roth argues that Detroit allegedly is spending too much of its budget on “central government.” Duggan Dec’l., ¶ 32 (citing Stout report, Ex. 10, ¶¶ 54-67).

The City’s review of Mr. Roth’s report raises substantial questions whether the “central government” comparison properly analyzes each City’s unique accounting policies and practices. But even if it does, Mr. Roth’s “opinion” completely ignores the fact that the City’s “remarkable transformation” was precisely the result of the Duggan administration’s spending priorities including “central government.” Duggan Dec’l., ¶ 33. The “central government” spending was critical to the City’s job creation, housing initiatives, blight removal, neighborhood revitalization, revamping of City departments, and myriad other activities that produced the “remarkable transformation.” Mr. Roth never asked to speak to the Mayor about this or any other aspect of his report. Nor did the PFRS Board of Trustees or its Investment Committee request the Mayor’s input on the report or on the impact the 20-year amortization would have on the City. Duggan Dec’l., ¶ 33.

The Stout Report (Ex. 10, ¶¶ 54-55) notes that Detroit has lower levels of public safety spending as a percentage of general fund revenue than the “comparable cities.” As explained in his declaration, Mayor Duggan did not need Mr. Roth’s

report to tell him that Detroit needs additional resources for public safety and many other priorities. The City's financial crisis and bankruptcy devastated all City departments and employee morale, and none more than public safety. Improving public safety recruiting, pay, benefits and performance has been a top priority to which Mayor Duggan and his administration have devoted enormous time and effort. Mr. Roth also ignores the fact that the City would have been able to spend more on public safety had it not been required to fund the \$445 million Retiree Protection Trust Fund. Duggan Dec'1., ¶ 34.

It is extremely disturbing that Mr. Roth, after acknowledging the City's need for additional resources for public safety, would nevertheless conclude that the City can "afford" sharp increases in pension funding payments under 20-year amortization. It is quite evident that Mr. Roth has no understanding of the realities and complexities of managing the City of Detroit. Nor does his resume list anything that would qualify him to opine on these subjects. *Id.*, ¶ 35.

The Stout Report also speculates that the City may in the future gain additional revenues via internet gaming. What is known for certain is that the pandemic wreaked havoc on the City's finances, including income tax which is the City's largest revenue source. As a result of the pandemic, many thousands of employees who formerly worked in City offices are working from their homes in the suburbs.

As a result, they are not paying City income tax. City restaurants, businesses, etc. are adversely affected. *Id.*, ¶ 36.

To the extent the City does realize additional gaming tax from internet gaming, those have already been considered in the City's spending projections, so that would not be "additional revenues" available for pension funding. *Id.*, ¶ 37.

Wholly apart from the fact that Mr. Roth has no crystal ball to see into the future, the Bankruptcy Court, the Court appointed mediators, Ms. Kopacz, myriad interested parties and their advisors spent thousands of hours working out the POA. In addition to Gabriel Roeders, the national/international law firms and actuaries included:

- The Official Committee of Retirees engaged the Dentons law firm, the Segal Company financial/actuarial firm and the Lazard actuarial/financial firm.
- PFRS and GRS engaged Clark Hill and the financial/actuarial firm of Greenhill & Co.
- Kevyn Orr, the emergency manager, engaged multiple law firms including Jones Day and actuarial firm Milliman.

The advisors collectively charged tens of millions of dollars for their services. After all of that, the POA provided for a 30-year amortization period for the legacy plans' UAAL beginning with the 2024 fiscal year. The Mayor rightly points out that if PFRS had recently identified some compelling need to violate the POA to ensure

proper funding, PFRS should have petitioned the Court for relief. But PFRS has never identified any such need and there is no reason for violating the POA with a 20-year amortization schedule. *Id.*, ¶ 38.

Finally, this Court should be aware of Stout firm's recent history with the City. For the last 7 years Raimi has been lead counsel in the City's defense of a property tax appeal by MGM Grand Detroit casino-hotel. MGM seeks past refunds and future reductions likely totaling more than \$100 million. MGM engaged the Stout firm (Kevin Kernen) to issue a report supporting MGM's novel and, in the City's view untenable theory, supporting those reductions. The Tribunal, on June 11, 2021, issued a 100-page Order addressing the parties' dispositive motions. The Tribunal ruled in the City's favor (affirmed on reconsideration) and spent much of the decision attacking the Stout report in the harshest possible terms. For example:

[The Tribunal] cannot draw a "uniform assessment" from Mr. Kernen's Report which relies on inaccurate information and, frankly, makes little sense. The methodology in the Report is not found in any appraisal textbook, treatise, scholarly article, case law or statute and appears to have been presented to Kernen by counsel for its client's own self-interest, not from any independent thought.

Ex. 11, p. 91-92. The current Stout report is as deeply flawed and incredible as the Kernen report.

F. The Cheiron report confirms there is no actuarial basis for 20-year amortization.

The most recent PFRS data available is Gabriel Roeder's June 30, 2021, actuarial report, which was not released until March 24, 2022. The Cheiron report, which is attached as Exhibit 12, used that data. The report was authored by Gene Kalwarski, whose impeccable credentials are discussed at page 7 of the report.

The report's key finding is that "The differences between a 20-year and 30-year amortization are negligible in terms of ensuring sufficient assets will be available to pay all future benefits under the plan." Ex. 12, p. 1, point 1. The balance of the report provides the supporting data for that statement. Likewise, even under Gabriel Roeder's worst-case scenario the plan's funded level percentage never dropped below 40%. Ex. 5, p. 11.

There is one major difference in Cheiron's analysis versus Gabriel's. Cheiron states "Because a 20-year amortization results in increased assets when compared to a 30-year amortization, this level of assets increases the exposure the City has to investment risk, without any offsetting benefit to taking such risk due to conclusion number 1 (quoted above)." Ex. 12, p. 1, point 3. In other words, if the City is compelled to front-load the funding, and the stock market falls, the accelerated amortization will impose even more financial stress on the City.

The City commissioned the Cheiron report to determine whether 30-year amortization posed any risk to retirees. It would not. Duggan's administration

would never take any action to jeopardize pension benefits. Duggan Dec'1., ¶ 24. That is exactly why his administration voluntarily created the Retiree Protection Trust Fund and will soon have funded it with \$445 million in general fund money. *Id.*

Finally, to alleviate any possible concerns, the Mayor would support, in connection with 30-year amortization, adoption of a “trigger” such that if the funded percentage of the plan fell below a certain agreed upon threshold, the City would be required to provide additional funding. But there is nothing to currently suggest that will ever be an issue. *Id.*, ¶ 28.

G. PFRS’ most recent actions again confirm there is no need for 20-year amortization.

The POA contemplates that if the PFRS achieves a funded ratio in excess of 78%, PFRS can establish a “Restoration Reserve Account.” The Account’s purpose is to pay PFRS retirees’ amounts they lost under the 55% COLA reduction in the POA. On June 17, 2022, Gabriel Roeders wrote to PFRS advising that \$26+ million dollars could be placed in the Restoration Account. Ex. 13. Although minutes are not yet available, the IC approved creation of the account at its June 22, 2022, meeting. In short, the PFRS plan is so healthy that public safety retirees are seeking to recoup their minor pension reductions (55% of COLA) resulting from the POA.

II. ARGUMENT

A. The Court has jurisdiction over this dispute.

The Court has jurisdiction over this dispute under POA Article VII, paragraphs E, F, G, I, K, L, and Q.

B. The Court should order PFRS to amortize the PFRS' plan's UAAL that will exist as of June 30, 2023, over 30 years, rather than 20 years, because the POA provides that 30 years is the proper amortization period.

Judge Rhodes' Supplemental Opinion approving the POA confirmed in two separate places that the Component II Plans' liabilities at the end of the pension holiday were to be amortized over a thirty-year period. See excerpts of the Supplemental Opinion at p. 230, n. 23 and pages 231-232 quoted above.

Judge Rhodes' Supplemental Opinion was incorporated as part of the Confirmation Order. Confirmation Order, ¶ G, p. 10 of 225. In both instances in which Judge Rhodes discussed the 30-year amortization, he affirmatively stated that the balance "will" be amortized over a thirty-year period. Judge Rhodes' directives in the Confirmation Opinion should be treated as conclusions of law under the Confirmation Order. Indeed, the Confirmation Order states that "All findings of fact and conclusions of law announced by the Court on the record in connection with confirmation of the Plan or otherwise at the Confirmation Hearing or in the Confirmation Opinion are incorporated herein by reference." Confirmation Order, Section B, ¶ 4, p. 73-74 of 225. Because of this express incorporation, the

Confirmation Opinion is construed as part of the Confirmation Order. *See In re Terrell*, 637 B.R. 129, 135-38 (Bankr. E.D. Wisc. 2021) (discussing, in chapter 13 context, how courts construe plans, the orders confirming them, and “other documents expressly incorporated” into them); *Somerset Trust Co. v. Mostoller (In re Somerset Regional Water Res., LLC)*, 592 B.R. 38, 49-50 (Bankr. W.D. Pa. 2018) (similar, in chapter 11 setting).

Section 16.6 of the governing PFRS plan document provides that “Nothing herein shall be interpreted as permitting the Investment Committee or the Board to alter or depart from the requirements set forth in the Plan of Adjustment.” Doc. No. 8045-1, p. 519 or 809, and see Doc. No. 8045-1, pp. 597-98 of 809 (Sec. 16.6 applies both to Component I and Component II plans).

Because the POA requires 30-year amortization, and PFRS has no legal right to change that, the POA enjoins the PFRS from changing the amortization period to 20 years because this action “does not conform to or comply with the provisions of the Plan or the settlements” and it is an action which “interfere[s] with the implementation or consummation of the Plan.” POA, pp. 50-51, Art. III.D.5 and III.D.6. PFRS’ proposed 20-year amortization is directly contrary to the POA and the governing PFRS plan documents. The Court should Order PFRS to continue with 30-year amortization.

C. The Court also should order 30-year amortization to carry out the intent of, and allow the City to successfully implement, the POA.

1. Governing law.

Article VII of the POA gives the Court broad powers to enter Orders necessary to the successful implementation of the POA:

Pursuant to sections 105(c), 945 and 1142(b) of the Bankruptcy Code and notwithstanding entry of the Confirmation Order and the occurrence of the Effective Date, the Bankruptcy Court will retain exclusive jurisdiction over all matters arising out of, and related to, the Chapter 9 Case and the Plan to the fullest extent permitted by law, including, among other things, jurisdiction to: [. . .]

F. Enter such orders as may be necessary or appropriate to implement or consummate the provisions of the Plan and all contracts, instruments, releases and other agreements or documents entered into or delivered in connection with the Plan, the Disclosure Statement or the Confirmation Order;

G. Resolve any cases, controversies, suits or disputes that may arise in connection with the consummation, interpretation or enforcement of the Plan or any contract, instrument, release or other agreement or document that is entered into or delivered pursuant to the Plan or any Entity's rights arising from or obligations incurred in connection with the Plan or such documents;

H. Approve any modification of the Plan or approve any modification of the Confirmation Order or any contract, instrument, release or other agreement or document created in connection with the Plan or the Confirmation Order, or remedy any defect or omission or reconcile any inconsistency in any order, the Plan, the Confirmation Order or any contract, instrument, release or other agreement or document created in connection with the Plan or the Confirmation Order, or enter any order in aid of confirmation pursuant to sections 945 and 1142(b) of the Bankruptcy Code, in such manner as may be necessary or appropriate to consummate the Plan;

I. Issue injunctions, enforce the injunctions contained in the Plan and the Confirmation Order, enter and implement other orders or take such other actions as may be necessary or appropriate to restrain interference by any Entity with consummation, implementation or enforcement of the Plan or the Confirmation Order;

[. . .]

L. Determine any other matters that may arise in connection with or relate to the Plan, the Disclosure Statement, the Confirmation Order or any contract, instrument, release or other agreement or document entered into or delivered in connection with the Plan, the Disclosure Statement or the Confirmation Order [. . .]”

POA, Art. VII. pp. 69-71.

2. The Court should order 30-year amortization to carry out the intent of, and allow the City to successfully implement, the POA.

An integral and critical component of the Court’s finding that the POA was feasible was the POA’s provision of a ten year “pension holiday” for the City, which was to be followed by 30-year amortization. The stated purpose was to provide the City with many millions of dollars to spend on initiatives to improve City services including public safety, create of new economic opportunities and deal with blight and other endemic City problems. Facts, Section I.A of this Brief, *supra*.

But the City learned shortly after the POA was confirmed that due to material actuarial mistakes in devising the POA, the UAAL for the two legacy plans had been understated by some \$500 million. To ensure the legacy plans would be properly funded, the City voluntarily created the Retiree Protection Trust Fund. By June of

2023 the City will have paid \$445 million of general fund monies into the Trust Fund. Facts, Section I.B, *supra*. As a result, and directly contrary to the POA, the City has been deprived of much of the benefit of the POA’s pension holiday.

The deprivation of much of the benefits of the pension holiday, together with the greatly accelerated funding that would be required by the proposed 20-year amortization, seriously threaten the City’s ability to continue to improve City services and thereby successfully implement the Plan of Adjustment. Facts, Section I.D, *supra*.

There are no countervailing facts supporting 20-year amortization. Gabriel Roeder’s worst-case projection did not result in the PFRS’ plan funding level dropping below 40%. Facts, Section I.C.2, *supra*. Cheiron found that “The differences between a 20-year and 30-year amortization are negligible in terms of ensuring sufficient assets will be available to pay all future benefits under the plan.” Facts, Section I.F, *supra*. But Cheiron also pointed out that the increased up-front funding would expose the City to unnecessary investment risk if there is a drop in the stock market. *Id*.

Gabriel Roeders and PFRS’ IC recently recognized that funding is so adequate that it can begin to set aside money to restore pension benefits to plan members. Facts, section G. And to avoid any possible concern, the City is prepared to agree to a reasonable “trigger” to increase payments if a problem arises in the future. *Id*.

Finally, the Stout report is utterly meaningless and has zero credibility. Facts, Section I.E, *supra*. It praises the City’s comeback while criticizing its alleged failure to spend enough money on public safety. The report completely ignores the fact that the City was forced to divert some \$445 million of general fund monies from public safety and other City priorities to fund the Retiree Protection Trust Fund. That shortfall was the result of Gabriel Roeders and other actuaries understating the legacy pension plans’ liabilities by some \$500 million in preparing the POA. That “mistake,” in turn, allowed the public safety retirees to escape bankruptcy with *de minimis* cuts to their pensions – cuts they are now looking to restore at the City’s expense.

III. Further proceedings.

The City’s arguments are supported by the POA, Judge Rhodes’ Supplemental Opinion, and other documents and facts that should be uncontested. However, to the extent the Court believes there are disputed questions of fact, the City respectfully seeks the opportunity for discovery and an evidentiary hearing.

IV. Conclusion and Relief

For the reasons stated, the City asks the Court to order PFRS to continue with 30-year amortization for Plan’s UAAL that will exist as of June 30, 2023.

In re:
City of Detroit, Michigan,
Debtor.

Bankruptcy Case No. 13-53846
Judge Thomas J. Tucker
Chapter 9

DECLARATION OF MICHAEL DUGGAN

Michael Duggan states as follows for his declaration:

1. I am the elected Mayor of the City of Detroit. I was first elected in November 2013 and then again in November 2017 and 2021. My prior jobs included Deputy County Executive of Wayne County, elected Wayne County Prosecutor, and Chief Executive Officer of the Detroit Medical Center.
2. This declaration is made on my personal knowledge or upon reliable records and information made known to me in the course of my duties as Mayor.
3. The City filed for Chapter 9 bankruptcy in July 2013 and was in bankruptcy when I became Mayor effective January 1, 2014. Kevyn Orr was the state appointed emergency manager and supervised the bankruptcy activities.
4. For much of my first year (2014) I was excluded from the ongoing bankruptcy activities. However, as the Plan of Adjustment ("POA") was being negotiated, and it became clear to Mr. Orr and his team that I would need to support the POA to secure its approval, I was provided access to significant information about the

bankruptcy. After extensive due diligence I ultimately testified in support of the POA and its feasibility.

5. Perhaps the most important and contentious issue in the bankruptcy, and one of my primary concerns about the POA and its feasibility, was the City's legacy retirement obligations. The City historically had two defined benefit pension plans for employees and retirees. The Police and Fire Retirement System ("PFRS") managed the plan for public safety employees and retirees. The General Retirement System ("GRS") managed the plan for all other City employees and retirees. Both plans were frozen in bankruptcy and, under the POA, covered only City retirees and employees who performed services for the City prior to July 1, 2014.

6. Both plans were replaced going forward with hybrid plans that combined elements of defined benefit and defined contribution plans. In the POA the new hybrid plans are known as Component I plans, and the frozen plans are known as Component II plans. At issue in this case is the PFRS Component II plan that was frozen in bankruptcy and now covers only public safety employees and retirees who provided services prior to July 1, 2014.

7. The eighth, final and operative POA incorporated what became known as the "Grand Bargain." The Grand Bargain raised the equivalent of \$816 million from the state of Michigan, the Detroit Institute of Arts, and various charities and, as a result:

- Pension cuts to retirees were minimized. The only cut to public safety pensions was a 55% reduction to the cost of living adjustment (COLA); other City employees' pensions were cut more but far less than had been anticipated.
 - The Detroit Institute of Arts' collection was protected.
 - The POA gave the City a 10-year pension contribution "holiday" and, thereafter, the legacy plans' unfunded liabilities were to be amortized over a 30-year period. This was to allow the City to devote as many resources as reasonably possible to address ongoing issues that had substantially contributed to the bankruptcy such as blight, public safety, loss of employment opportunities, etc.
8. On December 31, 2014, Bankruptcy Judge Steven Rhodes issued a supplemental opinion approving the Plan of Adjustment. *In re City of Detroit*, 524 B.R. 147 (Bankr. E.D. Mich. 2014), ("Supp Op"). As Judge Rhodes noted, the pension classes voted to accept the POA by 82% in class 10 (PFRS) and 73% in class 11(GRS). Supp Op, at 180.
9. The Opinion explains:
- “Because of the outside money committed as part of the Grand Bargain, the City will have little responsibility for funding the GRS [General Retirement System] and the PFRS [Police/Fire Retirement System] through June 2023. During that time period, the PFRS will be funded exclusively from contributions from the DIA, the DIA Funders,

the Foundation Funders and the State under the Grand Bargain, as described previously.” Supp Op, at 179-80.

Judge Rhodes concluded that the pension settlement was “fair and equitable” and stated as follows:

“It is therefore a vast understatement to say that the pension settlement is reasonable. It borders on the miraculous. No one could have foreseen this result for the pension creditors when the City filed this case. Without the outside funding from the Grand Bargain, the City anticipated having to reduce pensions by as much as 27%. The pension reductions in the pension settlement are minor compared to any reasonably foreseeable outcome for these creditors without the pension settlement and the Grand Bargain.” Supp Op, at 181 (citation omitted).

10. At the time of the bankruptcy, both the public safety (PFRS) and general retirement (GRS) legacy (Component II) plans were underfunded. Under financial projections prepared for the POA, the plans were likewise projected to be underfunded at the end of the 10-year pension holiday. Actuaries identify the amount of such underfunding as the plan’s unfunded actuarial accrued liability, or “UAAL.”

11. In examining the feasibility of the POA, experts addressed how the Component II plans’ UAAL would be amortized after the end of the 10-year pension holiday. Those projections showed that after the 10-year holiday, the then existing UAAL would be amortized over the following 30 years. Judge Rhode’s Opinion approving the POA confirmed that the Component II Plans’ UAAL at the end of the pension holiday were to be amortized over a thirty-year period:

“However, at the end of FY2023, the GRS and PFRS will remain significantly underfunded. Using the assumptions from the global pension settlement, including the 6.75% discount rate, the City projects that the PFRS will only achieve 78% funding, leaving a UAAL of \$681 million. Ex. 793 at 2. For the GRS, the City projects a 70% funded status by the end of FY2023, leaving a UAAL of \$695 million. *Id.* **The City will then amortize the remaining UAAL for both plans over the next thirty years at an interest rate of 6.75%.** *Id.* Between FY2024 and FY2033, the City will receive an additional \$68 million in Grand Bargain proceeds to pay toward the UAAL amortization for PFRS, and \$188 million for GRS. The balance of the amortized UAAL will come from the City. *Id.* at 5.

“The plan greatly reduces the City’s pension obligations, thanks to the State Contribution Agreement, the Grand Bargain funding, and the modification of the City’s obligations to its current retirees.” Supp Op, at 231-32 (emphasis added).

12. Despite the funding provided by the Grand Bargain, Judge Rhodes was extremely concerned about the feasibility of the POA. His opinion stated:

“In this case, examining the feasibility of the plan is difficult for a number of reasons. The City's debt is enormous and the City proposes to pay most of its creditors over a long period of time. As the Court discusses below, the City’s revenue and expense projections extend forty years into the future.

“Second, the feasibility of the plan depends upon the City’s ability to fix and maintain its broken governmental operations. This is significant because the chapter 9 feasibility inquiry requires an analysis of whether the City can reasonably provide sustainable municipal services, as the court found in *In re Mount Carbon*. It is also significant because the City’s ability to repay its creditors pursuant to the plan depends upon the City’s ability to increase its revenues from taxes and fees by improving the efficiency of City operations and by identifying and accessing untapped sources of revenue.

“The feasibility analysis is yet more complex because several key parts of the plan depend upon performance by parties who are

completely beyond the City's control. For example, because the City's contributions to the retirement systems are fixed through FY2023, a risk remains that the pension plans will be significantly more underfunded than anticipated if one of the many organizations participating in the Grand Bargain fails to perform in the time or manner promised.

“As the City itself succinctly states in its pretrial brief in support of plan confirmation, “[T]he City was—and remains today—enmeshed in a financial crisis of unsurpassed proportions and complexity.” Despite efforts from both the City and the State of Michigan, “the City is trapped in a vicious circle of cash crises, general fund deficits, crushing long-term liabilities and tumbling credit ratings exacerbated by the City’s bureaucratic structure and frequent deviations from established budgets.”” Supp Op, at 220-21 (citations omitted).

13. Martha Kopacz, the Court’s appointed feasibility expert, was likewise extremely concerned about the feasibility of the POA:

“I want to emphasize, however, that there is little space remaining on the continuum of [feasibility]. The recent settlements and corresponding amendments to the Plan of Adjustment have served the laudable goals of efficiently resolving disputes and garnering additional support for the Plan of Adjustment. Conversely, they have imposed additional financial obligations on the City. I have already expressed concerns regarding the level of contingency provided for in the Plan of Adjustment. The financial obligations associated with the recent settlements only intensify this concern.” Supp Op, at p. 219 (Court’s quotation of expert, alterations in original).

14. I worked closely with Ms. Kopacz and her staff, and major City departments, in examining the POA’s feasibility. Ultimately, Ms. Kopacz and I came to the same conclusion – that the POA was feasible but enormous work would be required and financially there was no room to spare. Critical to my support for the POA was that the City’s legacy pension liabilities would be minimized for the

initial ten years and then amortized over a 30-year period - providing the City as much funding as reasonably possible to address the City's problems by investing in what were called "RRIs," or recovery and reinvestment initiatives. As of the time of the confirmation hearing, I believed the City was perhaps 10% of the way toward providing proper City services, and that many years of implementing major service improvements and job creation initiatives would be needed to successfully carry out the POA.

15. In considering the feasibility of the POA, I was aware that the POA provided an assumed rate of return of 6.75% for the legacy pension plans. During my due diligence I learned that a proposal had been made to raise the assumed rate of return to 7%. That would have allowed the actuaries to more easily "make the numbers work" for the feasibility analysis but would have put more funding stress on the City when it came time to resume funding the plans. I advised the participants that if they raised the assumed rate of return to 7%, I would testify against the feasibility of the POA.

16. The POA was approved and then became effective in December 2014. Sometime in 2015 I learned that the actuarial assumptions for the legacy pension plans were seriously flawed. Specifically, the plans' projected unfunded liabilities had been understated by roughly \$500 million. That information was provided by Gabriel Roeder Smith & Company, the actuary for both legacy plans. Neither

Gabriel Roeder, nor any of the other actuaries or experts who worked on the POA, ever explained how the error occurred.

17. The City considered bringing a lawsuit. The City's investigation revealed serious concerns about the way in which the retirement liability issues were handled by the attorneys and actuaries in the bankruptcy process. Those included use of outdated mortality tables. I also learned that the "experts" were seemingly more concerned about the making the numbers work, i.e., minimizing retiree pension cuts, than with the City's ability to successfully carry out the POA.. I spoke with Ms. Kopacz who advised she likewise had no idea that the retirement plan projections were materially incorrect, and that information would likely have changed her view on the feasibility of the POA. I ultimately decided not to bring a lawsuit because the POA had broad exculpatory provisions protecting the attorneys and experts from liability.

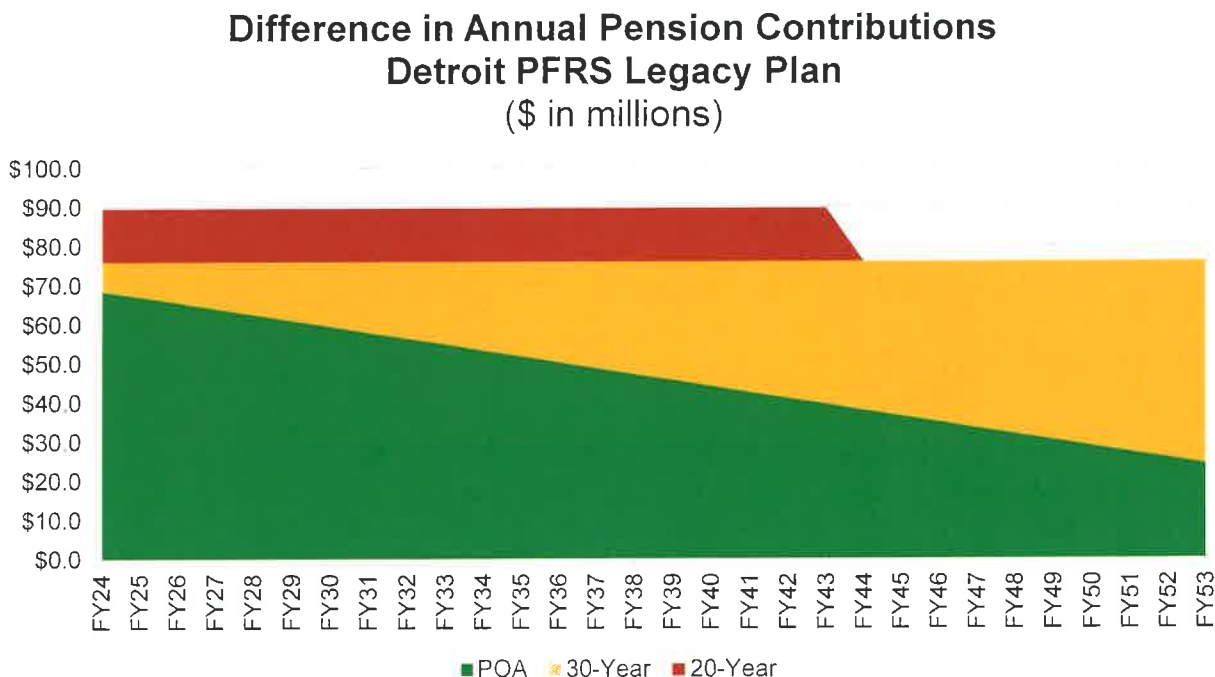

18. Thereafter, to further ensure proper funding of legacy pensions, my administration voluntarily put in place an irrevocable Retiree Protection Trust Fund to provide additional funding for the legacy plans after the end of the 10-year pension "holiday." To date the City has deposited \$355 million, and will be adding \$90 million later this year. Accordingly, by the time City funding of the PFRS plan is to begin (FY 2024), the City will have funded the Retiree Protection Trust Fund with \$445 million of general fund money.

19. Under the POA, that \$445 million should have been available for recovery and reinvestment initiatives such as blight remediation, public safety, job creation initiatives etc. It has instead irrevocably been set aside for the retirees' pension security.

20. The PFRS' Investment Committee and Board, on the recommendation of their actuary Gabriel Roeder, recently adopted a funding policy for amortizing the UAAL that will exist after the expiration of the pension "holiday." As confirmed by the above quotation from Judge Rhodes opinion confirming the POA, it provided for amortizing that liability over 30 years. The PFRS' Investment Committee and Board nevertheless adopted Gabriel Roeder's recommendation that the liability be amortized over 20 years – which would require enormous additional up-front funding by the City. The City has filed this legal action to reverse that action and require compliance with the POA's 30-year amortization schedule.

21. The critical importance of this issue to the City is illustrated by the following diagram. This shows (i) the City's funding obligation as originally estimated under the (POA) (in green), (ii) the City's increased funding obligation over the POA estimates, using 30-year amortization (green and yellow), and (iii) the City's increased funding obligation over the POA estimates, using 20-year (green, yellow and red). The 20-year and 30-year amortization projections (yellow and red) are

based on the most recently available data from PRFS's actuaries, which is as of June 30, 2021.

22. The additional hundreds of millions of dollars of front-loaded payments under 20-year amortization would be devastating to the City's ability to fund critical programs needed to improve City services, attract employment opportunities, and otherwise continue to successfully implement the POA.

23. To my knowledge, neither the PFRS Board nor its Investment Committee has ever explained why they believed they could violate the 30-year amortization schedule provided by the POA. I understand that Gabriel Roeder's recommendation for 20-year amortization was in reaction to pressure by the public safety unions' representatives on the PFRS board who wanted faster amortization to "better protect" their retirement benefits. But all such concerns – as well as countervailing concerns as to the POA's feasibility - were fully vetted in the development of the POA. The same public safety unions who, together with Gabriel Roeder, successfully argued for minimal pension cuts under the POA, also agreed to the POA's 30-year amortization schedule. Having locked in the minimal pension cuts, the unions and Gabriel Roeder now want to drastically increase the City's funding obligations. And Gabriel Roeder was responsible in whole or part for "underestimating" the legacy plans' liabilities – necessitating the City's use of \$445 million for the Retiree Protection Trust Fund.

24. My administration would never take any action to jeopardize pension benefits. That is exactly why my administration voluntarily created the Retiree Protection Trust Fund and will soon have funded it with \$445 million in general fund money.

25. I am aware that Gabriel Roeder, in recommending 20-year amortization, prepared a report that showed projections of the future funding level percentage of the plan assuming (i) City contributions using 20- or 25-year amortization and (ii)

different investment return scenarios including several in which future investment returns were significantly below the POA assumed rate of 6.5%. The report does not state or suggest that there is any foreseeable risk that the plan would be unable to pay the legacy retirement benefits. None of those projections resulted in the plan ever being less than 40% funded.

26. In this regard, the City has also received advice from Cheiron, a premier actuarial firm having extensive experience with governmental pension plans. Cheiron's report explains that "The differences between a 20-year and 30-year year amortization as of June 30, 2022 are negligible in terms of ensuring sufficient assets will be available to pay all future benefits under the Plan." The report provides extensive data supporting that conclusion. Gabriel Roeder's report recommending 20-year amortization provided nothing to suggest otherwise.

27. Cheiron's report likewise advises that front-loading the funding via 20-year amortization unnecessarily increases investment risk. If the City is compelled to front load the funding, and the stock market falls, the losses will impose even more funding stress on the City.

28. Moreover, to alleviate any possible concerns, I would support, in connection with 30-year amortization, adoption of a "trigger" such that if the funded percentage of the plan fell below a certain agreed upon threshold, the City would be required to

provide additional funding. But there is nothing to currently suggest that will ever be an issue.

29. I am aware that the Investment Committee engaged Raymond Roth of the Stout firm to prepare a report “regarding the capability of Detroit to make specified levels of pension contributions [using 20-year amortization] beginning in 2024.” The report concludes “Thus, it is my opinion that Detroit will have the ability to pay the additional amounts of PFRS Legacy Plan contributions under the scenarios projected by its actuaries.” I have carefully reviewed that report and conclude it is meaningless to the amortization dispute for reasons including the following.

30. The report purports to compare Detroit to four allegedly “comparable” cities, namely, Indianapolis, Cleveland, Columbus and Minneapolis. That is absurd on its face. Stout’s own report shows (page 9) that in 2015, the year after Detroit exited from bankruptcy, Detroit’s median income was roughly \$25,000 per year, versus \$43,000 for Indianapolis, \$45,000 for Columbus and \$51,000 for Minneapolis. None of those cities are remotely “comparable” to Detroit. Although Cleveland’s median income was similar to Detroit’s, in 2015 some 40% of Detroit residents were below the poverty line versus 35% for Cleveland. Stout report, p. 11. And, of course, Cleveland never declared bankruptcy. For example, Judge Rhodes’ supplemental Opinion described his tour of the City as follows:

“The primary impression that remains with the Court following the tour is that blight in Detroit is extensive. The statistics do not fully convey its extent or impact. In neighborhood after neighborhood, short and long stretches of streets have abandoned structures—they can no longer be called homes—that are intimidating hulks. Some are partially or mostly burned out. Some have gaping holes in their roofs or collapsed garages. Many have missing doors and windows, and broken front steps and porches. Some are strewn with illegal dumping. All are vivid statements of their former owners' emotional and financial struggles, and of community loss.

“These streets also have vacant lots, or collections of vacant lots, on which unmanaged and unsightly vegetation has taken over from the structures after their removal. On the commercial streets, block after block of abandoned, boarded up and graffiti-littered strip shopping centers far outnumbered the occasional small businesses that have survived.

“It is heartbreaking, maddening and sad. No one should have to endure, day in and day out, the damage to the human spirit that can result from living in those surroundings. City residents who live, work and play in these neighborhoods deserve better. Detroit deserves better.” Supp. Op. at 167.

31. The Stout report (§17) acknowledges the following:

“Detroit has experienced a remarkable transformation since its emergence from bankruptcy. The median income of its residents has risen, while the number of families living below poverty, unemployment, and crime has declined. In addition, blight has been reduced, street lighting improved, emergency medical services (“EMS”) response times are down, and credit ratings have stabilized. However, Detroit’s population remains at lower income levels, including higher concentrations of poverty and crime rates, than the Comparable Midwestern Cities.”

32. Nevertheless, Mr. Roth “concludes” that Detroit could “afford” the dramatically increased funding payments under 20-year amortization because

Detroit allegedly is spending too much of its budget on “central government.” Stout report, ¶¶54 – 67.

33. The City’s review of Mr. Roth’s report raises substantial questions whether the “central government” comparison properly analyzes each City’s unique accounting policies and practices. But even if it does, Mr. Roth’s “opinion” completely ignores the fact that the City’s “remarkable transformation” was precisely the result of my administration’s spending priorities including “central government.” The “central government” spending was critical to the City’s job creation, housing initiatives, blight removal, neighborhood revitalization, revamping of City departments, and myriad other activities that produced the “remarkable transformation.” Mr. Roth never asked to speak to me about this or any other aspect of his report. Nor did the PFRS Board of Trustees or its Investment Committee request my input on the report or on the impact the 20-year amortization would have on the City.

34. The Stout report (¶¶54 – 55) notes that Detroit has lower levels of public safety spending as a percentage of general fund revenue than the “comparable cities.” I did not need Mr. Roth’s report to tell me that Detroit needs additional resources for public safety and many other priorities. The City’s financial crisis and bankruptcy devastated all City departments and employee morale, and none more than public safety. Improving public safety recruiting, pay, benefits and performance has been

a top priority to which my administration and I have devoted enormous time and effort. Mr. Roth also ignores the fact that the City would have been able to spend more on public safety had it not been required to fund the \$445 million Retiree Protection Trust Fund.

35. It is extremely disturbing that Mr. Roth, after acknowledging the City's need for additional resources for public safety, would nevertheless conclude that the City can "afford" sharp increases in pension funding payments under 20-year amortization. It is quite evident that Mr. Roth has no understanding of the realities and complexities of managing the City of Detroit. Nor does his resume list anything that would qualify him to opine on these subjects.

36. The Stout report also speculates that the City may in the future gain additional revenues via internet gaming. What we know for certain is that the pandemic wreaked havoc on the City's finances including income tax which is the City's largest revenue source. As a result of the pandemic, many thousands of employees who formerly worked in City offices are working from their homes in the suburbs. As a result, they are not paying City income tax. City restaurants, businesses, etc. are adversely affected.

37. To the extent the City does realize additional gaming tax from internet gaming, those have already been considered in the City's spending projections, so that would not be "additional revenues" available for pension funding.

38. Wholly apart from the fact that Mr. Roth has no crystal ball to see into the future, the Bankruptcy Court, the Court appointed mediators, Ms. Kopacz, the parties and their attorneys and advisors, spent thousands of hours working out the POA. The POA provided for a 30-year amortization period for the legacy plans' unfunded liabilities beginning with the 2024 fiscal year. It seems to me that if PFRS had identified some compelling need to change the POA, PFRS should have petitioned the Court for relief. But PFRS has never identified any such need and there is no reason for violating the POA with a 20-year amortization schedule.

39. Finally, as mentioned, in addition to the PFRS legacy plan, there is a legacy pension plan for non-public safety employees known as the General Retirement System ("GRS") plan. The Investment Committee for that Plan has advised that it is carefully following this funding dispute. In the event this Court allows PFRS to violate the POA, the City is justly apprehensive that GRS will feel compelled to do likewise. That would roughly double the additional upfront pension funding payments for the City.

I declare under the penalty of perjury that the foregoing is true and correct.

Michael Duggan

Dated: 6/15/22

EXHIBIT 2

Police and Fire Retirement System of the City of Detroit Actuarial Funding Policy

Introduction

The purpose of this Actuarial Funding Policy is to record the funding objectives and policy set by the Board of Trustees (Board) for the Police and Fire Retirement System of the City of Detroit (the System). The Board establishes this Actuarial Funding Policy to help ensure the systematic funding of future benefit payments for members of the Plan.

In 2014, the Plan for the System was written and approved by the bankruptcy court as part of the City's Plan of Adjustment (POA). At that time, the original retirement plan was split into two Retirement Plans: Component I (Hybrid) and Component II (Legacy). In accordance with the POA, employer contributions and certain assumptions cannot be changed until fiscal year 2024. This Policy is intended to recognize those items as fixed until 2024 and establish a funding policy for the period beginning in fiscal year 2024, when employer contributions must be determined on an actuarial basis. Nothing in this Policy is intended to prevent the Board from altering the Policy prior to fiscal year 2024 as conditions change or additional information becomes available to the Board.

This Policy shall be regularly reviewed by the Board.

Funding Objectives

1. Provide benefit security to members of the System:
 - a. For purposes of this policy, benefit security means having adequate liquidity to pay benefits when due.
2. Establish an appropriate employer contribution based on the following objectives:
 - a. Fully funding the Legacy Plan liability no later than 2054;
 - b. Keeping the Hybrid Plan fully funded; and
 - c. Managing employer contribution volatility.
3. Provide a reasonable margin for adverse experience to help offset risks.
4. Measure and monitor funding status, post-2024 contribution estimates and risk.
 - a. Perform annual valuations; and
 - b. Include post-2024 contribution estimates (based on this Policy) in annual actuarial valuations.

Elements of Actuarial Funding Policy

The Plans will have annual actuarial valuations each June 30. Employer contributions will be determined for the fiscal year ending two years after the valuation date. For example, the actuarially determined employer contribution for the fiscal year ending June 30, 2024 will be determined by the June 30, 2022 annual actuarial valuation.

Annual actuarial valuations may or may not also serve other purposes such as Legacy Plan restoration, Hybrid plan Section 9.5 fiscal responsibility calculations, and/or Annuity Savings Fund excess interest transfers between components. Unless otherwise stated, those purposes are not subject to this Policy.

For all other funding purposes, annual actuarial valuations will include the following elements of the Actuarial Funding Policy:

1. Actuarial Cost Method

- a. Hybrid Plan: The Entry Age actuarial cost method shall be used in determining the Actuarial Accrued Liability (AAL) and Normal Cost with the entry age based on date of hire. Since this component was created in July 2014 and granted eligibility and vesting service prior to July 2014 (for members hired before that date), this Plan had an unfunded actuarial accrued liability on the effective date, known as the transition cost. As of June 30, 2017, the AAL (including the transition cost) in the Hybrid Plan was fully funded. This Plan could become less than fully funded in the future if experience is less favorable than assumed or there are changes in assumptions or Plan provisions.
- b. Legacy Plan: The Unit Credit Normal actuarial cost method shall be used in determining Actuarial Accrued Liability (AAL) and Normal Cost. Since this component is closed and accrued benefits are frozen as of June 30, 2014, this method results in no normal costs and an AAL that equals the Present Value of Accrued Benefits (PVAB) of each member.

2. Asset Smoothing Method

- a. For estimating contributions prior to June 30, 2023, the Funding Value of Assets (or actuarial value of assets) will be equal to the Market Value of Assets, as mandated by the Plan of Adjustment. For determining (or estimating) employer contributions on or after fiscal year 2024, the Funding Value of Assets will be based on a method that employs smoothing of market gains and losses over a closed period. The smoothing period for recognized market gains and losses (above or below the assumed rate of return) will be a 3-year period.
- b. The Funding Value of Assets shall not diverge from the Market Value of Assets by more than 15%.
- c. The annual actuarial valuation will calculate results on both the smoothed value of assets and the (non-smoothed) Market Value of Assets beginning with the June 30, 2019 valuation (the Funding Value of Assets will initially be set to the Market Value of Assets as of June 30, 2018 with smoothing beginning prospectively). The post-2024 contribution estimate will always be based on the smoothed value of assets. Other results (UAAL, Funded Status, etc.) will be based on the Market Value of Assets prior to 2024 and the smoothed value of assets after 2023.

3. Amortization Method

a. Hybrid Plan

- a) A Level Percent of Payroll amortization method shall be used to systematically eliminate (pay off) the Unfunded Actuarial Accrued Liability (UAAL) over a closed 15-year period from the later of July 1, 2023 or the applicable fiscal year after the funded status falls below 100%.
- b) If funded status is above 100%, the contribution requirements for the UAAL will be \$0 (thereby creating a minimum employer contribution of employer normal cost).
- c) Layered amortizations will be considered by the Board post-2024.

b. Legacy Plan

- a) The Level Dollar amortization method shall be used to systematically eliminate (pay off) the Unfunded Actuarial Accrued Liability (UAAL) over a closed period of 20 years from July 1, 2023 for the UAAL as of July 30, 2022 (projected to July 1, 2023), and
- b) Layered amortizations that use 20-year closed periods for gains and losses occurring after June 30, 2022 (each 20-year period starts with the first payment after the applicable gain or loss occurs).

4. Funding Target and Cash Flow Projections

- a. The targeted funded ratio shall be 100%.
- b. The Legacy Plan annual actuarial valuation shall include projections of estimated employer contributions, expected benefit payments and estimated funded status to the later of fiscal year 2054 or 30 years after the applicable employer contribution fiscal year.
- c. Section 9.5 of the Plan details the actions to be taken if the 5-year projected funded status falls below 90% (Hybrid Plan, only).

5. Risk Management

a. Assumption Changes

- a) The actuarial assumptions used shall be those last adopted by the Board based on the most recent experience study and upon the advice and recommendation of the actuary. In accordance with the City Ordinance, the actuary shall conduct an experience study at least every five years. The results of the study shall be the basis for the actuarial assumption changes recommended to the Board. However, the assumed rate of return and the actuarial value of assets are mandated by the City's POA and cannot be changed prior to June 30, 2023.
- b) The actuarial assumptions may be updated at any time, as advised by the actuary, if significant Plan design changes or other significant events occur.
- c) The next experience study will be performed after the 2020 actuarial valuation and will include both economic (investment return, inflation, etc.) and demographic (mortality, retirement, disability, etc.) assumptions. Even though the investment rate of return may not be changed for determining employer contributions until after June 30, 2023, the Board may elect to show valuation results under an alternative reasonable assumed rate of investment return prior to 2023.

b. Risk Measures

a) Risk measures will be included in the annual actuarial valuations. Below is a list of potential measures to be included. The measures may be changed over time as deemed appropriate.

(i) Classic measures currently determined

- Funded ratio (assets / liability) on both a market value and funding value (if funding value is not equal to market).
- UAAL amortization period (years required to pay down the UAAL based on current funding rates).
- Portfolio rate of return for the year on both the market value and funding value of assets.
- 5- and 10-year geometric average portfolio rate of return on both the market value and funding value of assets (developed prospectively beginning with the 2019 valuation).
- 5- and 10-year standard deviation of return on both the market value and funding value of assets (developed prospectively beginning with the 2019 valuation).

(ii) Duration of the Actuarial Accrued Liability

- Measures the sensitivity of the liability to a 1% change in assumed rate of return. A decrease in this measure indicates a decrease in assumed rate sensitivity and vice versa.

(iii) Total UAAL / Covered Payroll

- Measures the risk associated with contribution rates relative to the impact on the ability to fund the UAAL. A decrease in this measure indicates a decrease in UAAL contribution risk and vice versa.
- Consideration will be given to using total payroll or revenue source, if available.

(iv) Total Assets / Covered Payroll

- Measures the risk associated with the potential impact of asset experience on contributions. A decrease in this measure indicates a decrease in asset risk and vice versa.
- Consideration will be given to using total payroll or revenue source, if available.

(v) Total AAL / Covered Payroll

- Measures the risk associated with the potential impact of liability experience on contributions. A decrease in this measure indicates a decrease in experience risk and vice versa. This also provides a long-term measure of the asset risk where the System has a target funded ratio of 100%.
- Consideration will be given to using total payroll or revenue source, if available.

(vi) Non-Investment Cash flow / Beginning of year assets

- Measures depletion risk, sensitivity to annual investment gains and losses risk and the maturity of the plan. For a mature open plan, this may converged to the negative of the real rate of return assumption (investment return less wage inflation). A less negative number (or a positive number) indicates a less mature plan and/or a plan that is at lower risk of fund depletion and less sensitive to annual gains and losses. A more negative number indicates a more mature plan and/or a plan that is more at risk of fund depletion and more sensitive to annual gains and losses. For a super-mature closed plan such as the Legacy plan, this may become more negative over time as liquidity needs increase.

(vii) Market Value of Assets / Benefit Payments

- Measure depletion risk. A low value estimates the number of years to depletion disregarding future contributions and investment return.

(viii) Solvency Liability

- Measures the estimated cost of accrued benefits as a result of minimizing investment risk in the portfolio.

b) Risk Control: The Board shall carefully monitor the risk measures above and shall consider steps to mitigate risk, particularly as the Legacy Plan funded ratio increases. Examples of risk mitigating techniques include, but are not limited to:

- (i) Reviewing investment risk in accordance with the Board's Investment Policy
- (ii) Adding provisions for adverse deviation in the actuarial assumptions
- (iii) Increasing employer contributions (through a change in methods, assumptions, or amortization period)
- (iv) Other

Glossary

1. **Actuarial Accrued Liability (AAL):** The difference between (i) the actuarial present value of future plan benefits; and (ii) the actuarial present value of future normal cost. Sometimes referred to as “accrued liability” or “past service liability.”
2. **Actuarial Assumptions:** Estimates of future plan experience with respect to rates of mortality, disability, turnover, retirement, rate or rates of investment income and salary increases. Decrement assumptions (rates of mortality, disability, turnover and retirement) are generally based on past experience, often modified for projected changes in conditions. Economic assumptions (salary increases and investment income) consist of an underlying rate in an inflation-free environment plus a provision for a long-term average rate of inflation.
3. **Actuarial Cost Method:** A mathematical budgeting procedure for allocating the dollar amount of the “actuarial present value of future plan benefits” between the actuarial present value of future normal cost and the actuarial accrued liability. Sometimes referred to as the “actuarial funding method.”
4. **Actuarial Gain (Loss):** A measure of the difference between actual experience and that expected based upon a set of actuarial assumptions during the period between two actuarial valuation dates, in accordance with the actuarial cost method being used. For example, if during a given year the assets earn more than the investment return assumption, the amount of earnings above the assumption will cause an unexpected reduction in UAAL, or “actuarial gain” as of the next valuation. These include contribution gains and losses that result from actual contributions made being greater or less than the level determined under the policy.
5. **Actuary:** A person who is trained in the applications of probability and compound interest to problems in business and finance that involve payment of money in the future, contingent upon the occurrence of future events. Most actuaries in the United States are Members of the American Academy of Actuaries (MAAA). The Society of Actuaries is an international research, education and membership organization for actuaries in the life and health insurance, employee benefits, and pension fields. It administers a series of examinations leading initially to Associateship and the designation ASA and ultimately to Fellowship with the designation FSA.
6. **Amortization:** Paying off an interest-bearing liability by means of periodic payments of interest and principal, as opposed to paying it off with a lump sum payment.
7. **Unit Credit Normal Actuarial Cost Method:** A funding method that calculates the Normal Cost as the present value of the change in accrued benefits for active members.
8. **Experience Study:** An actuarial investigation of demographic and economic experiences of the system during the period studied. The investigation was made for the purpose of updating the actuarial assumptions used in valuing the actuarial liabilities.
9. **Funding Value of Assets:** The value of current plan assets recognized for valuation purposes. Generally based on a phased-in recognition of all or a portion of market related investment return. Sometimes referred to as Actuarial Value of Assets or Smoothed value of Assets.
10. **Market Value of Assets:** The fair value of plan assets as reported in the plan’s audited financial statements.
11. **Normal Cost (NC):** The annual cost assigned, under the actuarial funding method, to current and subsequent plan years. Sometimes referred to as “current service cost.” Any payment toward the unfunded actuarial accrued liability is not part of the normal cost.
12. **Unfunded Actuarial Accrued Liability (UAAL):** The positive difference, if any, between the actuarial accrued liability and valuation assets. Sometimes referred to as “unfunded accrued liability.”

MEETING NO. 3279
JOURNAL OF PROCEEDINGS
BOARD OF TRUSTEES OF THE POLICE AND FIRE RETIREMENT SYSTEM
OF THE CITY OF DETROIT
HELD THURSDAY, MARCH 04, 2021

9:00 A.M.
RETIREMENT SYSTEMS' CONFERENCE ROOM
ALLY DETROIT CENTER, 500 WOODWARD AVENUE; SUITE 3000
DETROIT, MICHIGAN 48226

TRUSTEES PRESENT

Douglas Baker	Ex/Officio Trustee/Corporation Counsel Alternate/Vice-Chairperson
Shawn Battle	Ex/Officio Trustee/Fire Prevention Chief/Mayoral Designee
Michael F. Berent	Elected Trustee/Fire/Chairperson
Matthew Gnatek	Elected Trustee/Police
Brenda Jones	Ex/Officio Trustee/City Council President
Angela R. James	Ex/Officio Retiree Trustee/Police/Mayoral Designee
Christa McLellan	Ex/Officio Trustee/Treasurer
John Naglick Jr.	Ex/Officio Trustee/Finance Director
George Orzech	Elected Retiree Trustee/Fire
Jeffrey Pegg	Elected Trustee/Fire
Dean Pincheck	Elected Trustee/Fire
John Serda	Elected Trustee/Police
Ronald Thomas	Elected Trustee/Police/Vice-Chairperson
Gregory Trozak	Elected Retiree Trustee/Police
Steven Watson	Ex/Officio Trustee/Budget Director

TRUSTEES EXCUSED

Portia Roberson	Ex/Officio Mayor's Designee
-----------------	-----------------------------

ALSO PRESENT

David Cetlinski	Executive Director
Kelly Tapper	Assistant Executive Director
Ryan Bigelow	Chief Investment Officer
Marcella Brewer	Recording Secretary
Ronald King	General Counsel
Bruce Babiarz	Public Relations Advisor
Dr. Oscar King III	Board Lobbyist

STAFF EXCUSED

None

PUBLIC COMMENT

- **Trustee Jones joined the meeting at 9:40 am (Detroit, MI)**

The following persons spoke on behalf of the sale of Baldwin Hills Crenshaw Mall:

Veronica
Amber High
Donald Beyers
Elaine
Harold Huggins
Patrice Fisher

PUBLIC RELATIONS REPORT

- WXYZ TV Inquiry
- Draft Medicare Letter

Trustee Pegg asked that letters be sent. Trustee James asked that some details on how many members would be affected be added to the letter if possible.

Trustee Pegg also noted that Bruce Babiarz of our Public Relations team did a great job with the draft Medicare Letter.

LOBBYIST'S REPORT

- Medicare Act of 50
- Legislative Log

Trustee Naglick moved to table any decisions on adopting a Funding Policy. Trustee McLellan supported. A roll call vote was taken. The motion did not pass.

Yeas: Baker, James, Jones, McLellan, Naglick, Watson - 6

Nays: Battle, Gnatek, Orzech, Pegg, Pincheck, Serda, Thomas, Trozak and Chairperson Berent - 9

Re: Gabriel Roeder Smith & Co., Presentation

Representatives Judith Kermans and David Kausch discussed the following with the Board of Trustees:

- Funding Policy Projection

POLICE AND FIRE RETIREMENT SYSTEM OF THE CITY OF DETROIT
MEETING NO. 3279– THURSDAY – MARCH 04, 2021

The system’s actuary, GRS Consulting, presented information and scenarios with respect to the adoption of various actuarial assumptions for purposes of developing and finalizing a funding policy for PFRS. Following a detailed discussion related to this matter,

Trustee Pegg moved that the Board approve a funding policy which adopts layered amortization of any unfunded accrued liability using a 20-year amortization period and that the Funding Policy contained in Appendix II of the GRS March 3, 2020 Funding Policy Report presented to the Board be amended such that under Elements of Actuarial Funding Policy:

3. Amortization Method

b.
a) delete “to 25” and add at the end of the sentence, “using layered amortizations.”

(i) delete

b) delete

Trustee Gnatek supported. A roll call vote was taken. The motion passed.

Yeas: Gnatek, Orzech, Pegg, Pincheck, Serda, Thomas, Trozak and Chairperson Berent – 8

Nays: Baker, James, Jones, McLellan, Naglick, Watson – 6

Abstain: Battle

Re: Wilshire Presentation

Representatives David Lindberg and Calvin Born discussed the following with the Board of Trustees:

- Asset Class Performance
- Actual Allocation v Policy Allocation
- Composite Performance Summary
- Plan Sponsor Peer Group Analysis – Multi Statistics
- Diversification Challenges
- Looking Forward
- Illustration of Risk – Examples
- Economic Factor Exposures
- Distribution of Returns (One Year)
- Drawdown Potential and Liquidity Considerations

Presentation materials provided.

City of Detroit – PFRS Ability to Pay Analysis

Introduction

In response to the list of questions and request for information to evaluate what is characterized as an “Ability to Pay Analysis” for the Police and Fire Retirement System, please find the following responses and attached information.

These responses must be considered in context of the City’s recent financial history and the constraints, and requirements, of the Plan of Adjustment supervised by the Federal Bankruptcy Court and the Financial Review Commission.

Questions asked, such as what are “mandated” or “essential” departments or budget items, may have one definition in accounting or statutory terms, but have a much different meaning in the context of the service levels required and the \$1.7 billion Plan of Adjustment (“POA”) obligation upon the City to reduce blight, improve technology, reduce crime and recreate the City as a vibrant, solvent and sustainable community. These were essential factors assumed by the Court in determining the feasibility of the POA.

In the bankruptcy proceeding, Jones Day, its many attorneys and experts, and a laundry list of actuaries and other experts, spent thousands of hours and many millions of dollars devising the Plan of Adjustment. The POA made 40-year projections which included, after FYE June 30, 2023, a 30-year amortization of the frozen GRS and PFRS UAAL. In conjunction with those efforts, enormous time and money was spent on the question whether the POA was feasible.

Judge Rhoades found the POA “feasible,” but just barely. That finding was based in part on the assumption that the City, based on the “Grand Bargain,” would not have to make any meaningful contributions to the frozen pension plans until after FY 2023. Also on that basis, public safety retirees were relieved of any pension cuts other than a 55% reduction to scheduled cost of living increases. Even then the Court appointed independent expert, Martha Kopacz, expressed grave concerns about the POA’s feasibility:

“I want to emphasize, however, that there is little space remaining on the continuum of [feasibility]. The recent settlements and corresponding amendments to the Plan of Adjustment have served the laudable goals of efficiently resolving disputes and garnering additional support for the Plan of Adjustment. Conversely, they have imposed additional financial obligations on the City. I have already expressed concerns regarding the level of contingency provided for in the Plan of Adjustment. The financial obligations associated with the recent settlements only intensify this concern.” *In re City of Detroit*, 524 B.R. 147, 219 (2014).

Your inquiry also seeks to determine, and presumably evaluate, the basis for revenue estimates for the City’s Four-Year Financial Plan. It is important to understand that a Four-Year forecast, which is annually revised, is substantively different in both purpose and concept from the forecast used by the Court in reviewing the feasibility of the Plan of Adjustment. Revenue variances and pressures, and budgetary needs, can change dramatically on an annual basis, let alone on a 4 year or 30 year basis.

The City submits that there is no basis on which Stout, the Board or the Investment Committee (IC), could possibly make a better forecast or create a better plan than the POA. There, despite a 30-year amortization schedule, both the Court and its feasibility expert recognized the serious risks that the City would end up in bankruptcy again. It is inconceivable that conclusion be second-guessed now for shortening the POA's 30-year amortization schedule.

We ask you to consider just two of the major events that have happened in only 7+ years since the approval of the POA.

- It was only one year after the POA that PFRS' actuaries – who were intimately involved with the POA – “discovered” that due to a dreadful actuarial mistake, the frozen plans were underfunded by many more hundreds of millions of dollars than believed when the POA was devised.
- No one could have foreseen, at the time of the POA that a worldwide pandemic would hit in 2020. That pandemic, among other things, threatens all of the POA's assumptions about City revenues, particularly the income tax revenue.

In the relatively short time since the POA there have been two major disruptions to the assumptions underlying the POA, both of which are significantly detrimental to the City. Likewise, it is impossible to foresee the future including how the City's economy and tax base may change due to the pandemic and whether and when future recessions and other events may occur.

While the City has made significant progress since the bankruptcy, it is useful to remember what Judge Rhoades wrote in his Opinion after taking a tour of the City:

“The primary impression that remains with the Court following the tour is that blight in Detroit is extensive. The statistics do not fully convey its extent or impact. In neighborhood after neighborhood, short and long stretches of streets have abandoned structures—they can no longer be called homes—that are intimidating hulks. Some are partially or mostly burned out. Some have gaping holes in their roofs or collapsed garages. Many have missing doors and windows, and broken front steps and porches. Some are strewn with illegal dumping. All are vivid statements of their former owners' emotional and financial struggles, and of community loss.

“These streets also have vacant lots, or collections of vacant lots, on which unmanaged and unsightly vegetation has taken over from the structures after their removal. On the commercial streets, block after block of abandoned, boarded up and graffiti-littered strip shopping centers far outnumbered the occasional small businesses that have survived.

“It is heartbreaking, maddening and sad. No one should have to endure, day in and day out, the damage to the human spirit that can result from living in those surroundings. City residents who live, work and play in these neighborhoods deserve better. Detroit deserves better.”

The City, through extraordinary efforts, has thus far demolished some 21,000 blighted homes. However, approximately 17,500 remain standing. This is only the residential blight. Commercial and industrial blight continues to pervade the community. We suggest the IC take a similar tour of the City. Immense challenges remain as to blight, public safety, and endemic poverty.

Finally, before the IC and PFRS Board make any decisions on the amortization issue, the City believes it is critically important to hear from Mayor Mike Duggan and a representative of the City's expert actuarial firm, Cheiron. Certainly, in making a decision this important, the IC and Board should want to be fully informed to the extent possible. Mayor Duggan's knowledge and expertise about the City is unique, and has views that should be heard.

The City's expert has views that conflict with the actuaries advising the Board and IC. The City's expert believes that the fact this is a closed and frozen plan should be an important factor in the amortization discussion. The expert's opinion would mitigate market risk. These are views that should be heard.

The possibility of another City bankruptcy was a real concern when the POA was devised. Again, while progress has been made in mitigating that risk, enormous challenges remain. We look forward to a meaningful dialogue with you.

Questions & Responses

1. In the FY2022 to FY2025 Four-Year Financial Plan, what departments or budget items are considered to be "mandated" or "essential"?¹
 - a. How are "mandated and other essential programs and activities" determined?
 - b. Are any different processes used to forecast "mandated and other essential programs and activities" from items that do not have this designation?

Response: The cited provision of the Home Rule City Act relates to our General Fund budget reserve (or "Rainy Day Fund"). The Home Rule City Act further requires the City maintain this reserve equal to at least 5% of all projected General Fund expenditures. As such, all approved budget expenditures are considered mandated or other essential programs to deliver City services to Detroiters.

The Adopted FY22-FY25 Four-Year Financial Plan restores the Rainy Day Fund to about 10% after the City utilized \$50 million during FY21 due to pandemic-induced revenue losses. According to the Government Finance Officers Association's best practices, the City should be maintaining two months' worth of expenditures (17%). While our Rainy Day Fund exceeds the bare minimum today, we will need to add another \$72 million to reach this best practice standard of 17%.

2. The February 2021 Revenue Estimating Conference Report includes an estimation for reduced levels of income tax due to remote work (see p. 13-14).
 - a. How were these estimates developed?
 - b. What data was used?
 - c. Were any formal studies used in creating this forecast?

Response:

- a. Estimates were developed by applying 3 year moving averages of employment and wage data to resident and non-resident income derived from total withholding in the most recently completed

¹ Section 4t(1)(b)(vi) of the Home Rule City Act includes states that the City's financial plan must include "measures to assure adequate reserves for mandated and other essential programs and activities in the event of an overestimation of revenue, an underestimation of expenditures, or both".

Attention: Mr. David Cetlinski, Executive Director

Re: Alternate Funding Policy Projections for the Police and Fire Retirement System of the City of Detroit

Dear Mr. Cetlinski:

At the request of the Investment Committee (IC) of the Police and Fire Retirement System of the City of Detroit, we have prepared this supplemental report of alternate funding policy projections. The underlying projection tool that is used to develop this report has been updated to reflect June 30, 2020 valuation results. At the request of the IC, this report shows two funding policies: (1) initial 20-year period with separate 20-year amortization of each gain/loss; and (2) a single closed 25-year amortization period. We have been asked to show both policies under three possible investment return scenarios. We look forward to presenting this report. We will also have the tool available during that presentation, if additional scenarios are needed.

Sincerely,

A handwritten signature in black ink, appearing to read "Jamal Adora".

Police and Fire Retirement System of the City of Detroit Supplemental Actuarial Report as of June 30, 2020

Requested By: Police and Fire Retirement System of the City of Detroit (PFRS)
Date: August 2, 2021
Submitted By: Jamal Adora, ASA, EA, MAAA
David T. Kausch, FSA, EA, FCA, MAAA, PhD
Judith A. Kermans, EA, FCA, MAAA
Gabriel, Roeder, Smith & Company

This report contains:

- Results of actuarial projections and cash flow modeling under alternate scenarios requested by the Investment Committee;
- A discussion of considerations related to establishing a funding policy; and
- The current funding policy adopted by the PFRS Board (adopted on March 4, 2021).

The purpose of this report is to model how different post-2023 employer contribution determinations might affect projected cash flow and projected funded status under various possible scenarios.

David T. Kausch, Judith A. Kermans, and Jamal Adora are Members of the American Academy of Actuaries (MAAA) and meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinions contained herein.

This report may be shared with other parties, but only in its entirety and only with the permission of the PFRS. Gabriel, Roeder, Smith & Company is not responsible for unauthorized use of this report. This report should not be used for any purpose other than the purpose stated above. The actuaries issuing this report are independent of the Plan and the Plan Sponsor.

The initial date of the projection was June 30, 2020. This means that the membership census was as of June 30, 2020 and the projected benefits came from an actuarial valuation as of June 30, 2020. All actuarial assumptions and methods are the same as those used in the June 30, 2020 actuarial valuation, except as described in the various scenarios. It is important to note that projections do **not** predict the result of future actuarial valuations. Rather, they indicate the relative changes or sensitivity to certain changes in parameters such as investment return and patterns of employer contributions.

Police and Fire Retirement System of the City of Detroit Supplemental Actuarial Report as of June 30, 2020

For additional information on actuarial assumptions, please see the June 30, 2020 actuarial valuation of Component II. Actuarial assumptions are adopted by the Board and the Investment Committee (unless mandated by the Plan). Please note the following:

- The assumed rate of interest was 6.75% (as mandated by the Plan);
- Component II benefits were frozen as of June 30, 2014; and
- Employer contributions through 2023 are fixed by the Plan and/or the Plan of Adjustment (POA) approved by the Bankruptcy Court. The Board has not yet established a funding policy for post-2023 contributions.

As part of the City's Bankruptcy, the Courts approved the City's Plan of Adjustment (POA), which included a re-writing of the Plan document and certain mandated employer contributions. Our understanding is that while the Board is charged with setting actuarial assumptions for use in the valuation, the assumed rate of return used in the annual valuation cannot be changed until FY 2024. In addition, employer contributions are set forth in the POA. While the City has some discretion to accelerate the Component II (Legacy) Plan contributions, the Board has no discretion to adopt contribution requirements beyond what is provided for in the POA until FY 2024. On and after July 1, 2023 (FY 2024) the Board will establish the methods and assumptions to be used for computing the employer contributions to the Plan (See Article 9 of the Component I Plan and Article G of the Component II Plan). The FY 2024 contribution will be determined by the June 30, 2022 actuarial valuation.

Background

Gabriel, Roeder, Smith & Company has been working with the Trustees to assist them with the development of a funding policy over the last several years. On March 4, 2021, the PFRS Board adopted the Funding Policy shown in the Appendix of this report.

Since the adoption of a Funding Policy by the PFRS Board, we have been working with Retirement System staff to assist the IC with Funding Policy scenarios. We met with the IC Board on April 12, 2021 and again on June 14, 2021. During that meeting we were asked to update the funding policy tool and this report.

Police and Fire Retirement System of the City of Detroit Supplemental Actuarial Report as of June 30, 2020

Discussion

In developing their funding policy, the Trustees were concerned with the following :

- The adequacy of the contributions coming into the fund; and
- The affordability of the computed employer contributions determined under the policy.

Taking the second issue first, GRS does not have the data nor the expertise to determine the employer's ability to pay any specific level of contributions. The employer does, however, have representation on the Board and IC. We defer this question to those representatives.

The first issue (the adequacy of the contributions) can be considered in more than one way. The adequacy of a funding policy (and the contributions produced by it) can certainly be confirmed if all of the promised benefits are able to be paid. However, waiting until that determination can be made is too late. Instead, a reasonable approach is to estimate the adequacy of the contributions by looking at the projected funded status of the Plan and whether or not the fund is projected to run out of money before all future estimated benefits are paid. In addition, by varying parameters that model future plan experience we can estimate how the funding policy reacts to different future potential experience. In general, the policy should not only work under the baseline (when all future experience is exactly as assumed under current valuation assumptions) but also under pessimistic scenarios (when future experience is less favorable than current valuation assumptions). The policy should "react" to future System losses to ensure continued funding progress as well as maintaining contribution levels that comply with Michigan State laws. If certain scenarios indicate that projected future funding status is likely to fall below a level that the Board views as reasonable or even result in a depletion of all plan assets, then a more aggressive policy should be considered.

The scenarios shown herein were requested by the IC. However, the illustrations come from our funding policy utility tool which we have modeled in live presentations many times for the Board and IC. If the IC members believe they need to see additional scenarios in order to evaluate a specific policy, we are happy to model those scenarios as well.

Police and Fire Retirement System of the City of Detroit

Supplemental Actuarial Report as of June 30, 2020

The Component II (Legacy Plan) illustrations we have included illustrate two funding methods (Method 1 and Method 2) under three investment return scenarios (Scenario A, Scenario B, and Scenario C):

Funding Method Description:

Method 1: 20-Year Level Dollar with 20-Year Layered Amortization

- 20-year level dollar financing beginning with the FY 2024 Employer Contribution. Gains and losses occurring after 2024 are amortized over separate 20-year closed layers. This is the amortization policy adopted by the PFRS Board.

Method 2: 25-Year Level Dollar

- 25-year level dollar financing beginning with the FY 2024 Employer Contribution. For purposes of these illustrations there is a single, closed 25-year amortization period throughout the projection for all gains and losses.

Investment Return Scenario:

Scenario A: Baseline (slightly different than the 6.75% valuation assumption)

- Fiscal Year 2021: 23.50% investment return based on the market return reported near the end of the fiscal year
- Fiscal Year 2022 to 2031: 6.00%
- Fiscal Year 2032 to 2041: 7.00%
- Fiscal Year 2042+: 6.75%
- No asset smoothing

Scenario B: Downside Level 1

- Fiscal Year 2021: 23.50% investment return based on market return reported near the end of the fiscal year
- Fiscal Year 2022 to 2031: 4.50%
- Fiscal Year 2032 to 2041: 6.00%
- Fiscal Year 2042+: 6.75%
- No asset smoothing

Scenario C: Downside Level 2

- Fiscal Year 2021: 23.50% investment return based on market return reported near the end of the fiscal year
- Fiscal Year 2022 to 2031: 3.50%
- Fiscal Year 2032 to 2041: 5.50%
- Fiscal Year 2042+: 6.75%
- No asset smoothing

Police and Fire Retirement System of the City of Detroit Supplemental Actuarial Report as of June 30, 2020

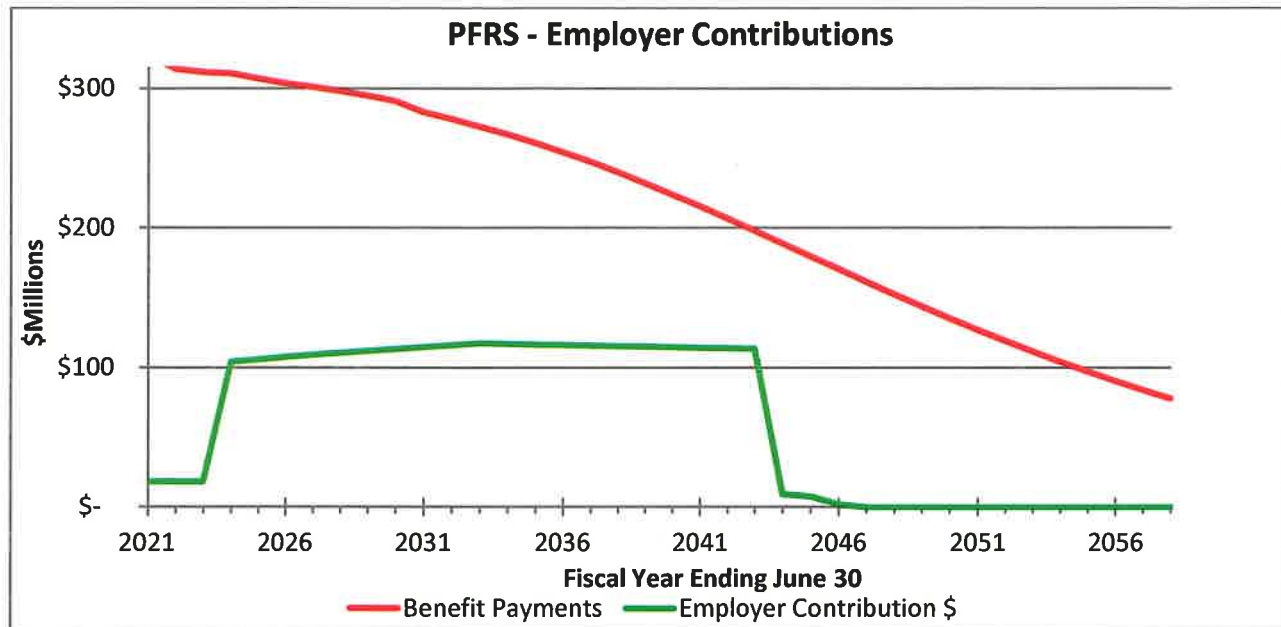

We have parameters in the tool that also model:

- Rate of investment earned in each future year
 - Input in each future year
 - Randomly generated based on a lognormal distribution with entered mean and standard deviation
- Asset Smoothing of 1 to 5 years on and after the June 30, 2023 actuarial valuation
- Layered closed amortizations for future gains and losses based on an initial period parameter
- Adding/Simplifying the displays of different possible results

The Appendix includes the current Funding Policy approved by the PFRS Board on March 4, 2021.

Police and Fire Retirement System of the City of Detroit Supplemental Actuarial Report as of June 30, 2020

Funding Method 1: 20-Year Level Dollar with 20-Year Layered Amortization Investment Return Scenario A: Baseline

Employer Contributions for FYE June 30, (\$ Millions)

2021	2024	2026	2031	2036	2041	2043	2044	2046	2048	2049	2051	2056	2057
18.3	104.1	107.4	114.7	116.1	114.3	113.6	9.5	2.2	0.0	0.0	0.0	0.0	0.0

Note: Contributions remain relatively stable and the funded status remains above 64%.

Police and Fire Retirement System of the City of Detroit Supplemental Actuarial Report as of June 30, 2020

Funding Method 1: 20-Year Level Dollar with 20-Year Layered Amortization Investment Return Scenario B: Downside Level 1

Employer Contributions for FYE June 30, (\$ Millions)

2021	2024	2026	2031	2036	2041	2043	2044	2046	2048	2049	2051	2056	2057
18.3	107.7	117.5	137.6	147.2	151.6	153.3	45.6	35.8	27.1	23.1	15.7	6.0	5.1

Note: Contributions increase each year until 2044 when the initial 20-year amortization period ends. After 2044, amortization layers resulting from investment losses begin to expire and the contribution requirement continues to go down. The funded level stays above 55% and becomes 100% funded in 2062.

Police and Fire Retirement System of the City of Detroit Supplemental Actuarial Report as of June 30, 2020

Funding Method 1: 20-Year Level Dollar with 20-Year Layered Amortization Investment Return Scenario C: Downside Level 2

Employer Contributions for FYE June 30, (\$ Millions)

2021	2024	2026	2031	2036	2041	2043	2044	2046	2048	2049	2051	2056	2057
18.3	110.2	124.0	151.5	164.6	171.0	173.5	63.4	49.5	37.5	32.0	22.0	8.9	7.6

Note: Contributions increase each year until 2044 when the initial 20-year amortization period ends. After 2044, amortization layers resulting from investment losses begin to expire and the contribution requirement continues to go down. The funded level stays above 49% and becomes 100% funded in 2062.

Police and Fire Retirement System of the City of Detroit Supplemental Actuarial Report as of June 30, 2020

Funding Method 2: 25-Year Level Dollar Contribution Investment Return Scenario A: Baseline

Employer Contributions for FYE June 30, (\$ Millions)

2021	2024	2026	2031	2036	2041	2043	2044	2046	2048	2049	2051	2056	2057

Police and Fire Retirement System of the City of Detroit

Supplemental Actuarial Report as of June 30, 2020

Comments

Comment 1 — It is our understanding that the first actuarially determined employer contribution for Fiscal Year 2024 will be determined by the June 30, 2022 actuarial valuation.

Comment 2 — The projections included herein are provided at the Investment Committee's request and are intended to illustrate possible future trends in funding, given the specific input parameters. These results are not intended to detail the full range of results. This report is designed to be used in connection with a projection tool to allow for the varying of certain parameters in order to assist the IC in the evaluation of various funding scenarios. The projection tool used for this report has been modified from the version presented on June 14, 2021 to adjust for expected contributions between the valuation date and applicable fiscal year for determining the employer contribution. Results may differ from those shown in the presentation on June 14th.

Comment 3 — For the purposes of these illustrations, the prescribed economic assumptions of modeled future investment return for the three scenarios are reasonable to use for testing the downside investment risk of different funding policies. However, other alternatives exist and can be modeled with this tool. Assessing the reasonableness of the assumed rate of return for discounting plan liabilities in future valuations is a separate project independent of this report.

Comment 4 — This report was prepared using our proprietary valuation model, funding policy tool and related software which, in our professional judgment, have the capability to provide results that are consistent with the purposes of the request and have no material limitations or known weaknesses. We performed tests to ensure that the model reasonably represents that which is intended to be modeled.

Comment 5 — We believe the amortization period used for financing unfunded liabilities must be at or below 30 years. A maximum 30-year period is set by Michigan Public Act 314 of 1965, as amended. New reporting requirements as detailed in Michigan Public Act 202 of 2017 and may result in the additional reporting of computed contributions based on a 20-year or shorter period if a longer period is used in the funding policy.

Comment 6 — These projections do not reflect any potential benefit changes under restoration or asset transfers to the Component I (Hybrid Plan). In particular if the FY 2021 returns equal 23.50% (as modeled), then the Legacy Plan will actually see a smaller investment return in that year due to the excess investment return transfer to the Hybrid Plan that is called for under the Plan provisions.

Comment 7 — Once an initial funding policy is developed, it should be monitored, reviewed and updated as needed.

Comment 8 — The calculations are based upon assumptions regarding future events, which may or may not materialize. If you have reason to believe that the assumptions that were used are unreasonable, that the Plan provisions are incorrectly described, that important Plan aspects relevant to the projections are not included, or that conditions have changed since the calculations were made, you should contact the authors of this report prior to relying on information in the report.

Police and Fire Retirement System of the City of Detroit Supplemental Actuarial Report as of June 30, 2020

Comments

Comment 9 — If you have reason to believe that the information provided in this report is inaccurate, or is in any way incomplete, or if you need further information in order to make an informed decision on the subject matter of this report, please contact the authors of the report prior to making such decision.

Comment 10 — Projections are not predictions. The reader of this report should keep in mind that actuarial calculations are mathematical estimates based on current data and assumptions about future events (which may or may not materialize). Please note that actuarial calculations can and do vary from one valuation year to the next.

Comment 11 — A determination of the plan sponsor's ability to make contributions when due (before and/or after the illustrated funding policies modeled) was outside our scope of expertise and was not performed.

APPENDIX

FUNDING POLICY

Police and Fire Retirement System of the City of Detroit

Actuarial Funding Policy

Introduction

The purpose of this Actuarial Funding Policy is to record the funding objectives and policy set by the Board of Trustees (Board) for the Police and Fire Retirement System of the City of Detroit (the System). The Board establishes this Actuarial Funding Policy to help ensure the systematic funding of future benefit payments for members of the Plan.

In 2014, the Plan for the System was written and approved by the bankruptcy court as part of the City's Plan of Adjustment (POA). At that time, the original retirement plan was split into two Retirement Plans: Component I (Hybrid) and Component II (Legacy). In accordance with the POA, employer contributions and certain assumptions cannot be changed until fiscal year 2024. This Policy is intended to recognize those items as fixed until 2024 and establish a funding policy for the period beginning in fiscal year 2024, when employer contributions must be determined on an actuarial basis. Nothing in this Policy is intended to prevent the Board from altering the Policy prior to fiscal year 2024 as conditions change or additional information becomes available to the Board.

This Policy shall be regularly reviewed by the Board.

Funding Objectives

1. Provide benefit security to members of the System:
 - a. For purposes of this policy, benefit security means having adequate liquidity to pay benefits when due.
2. Establish an appropriate employer contribution based on the following objectives:
 - a. Fully funding the Legacy Plan liability no later than 2054;
 - b. Keeping the Hybrid Plan fully funded; and
 - c. Managing employer contribution volatility.
3. Provide a reasonable margin for adverse experience to help offset risks.
4. Measure and monitor funding status, post-2024 contribution estimates and risk.
 - a. Perform annual valuations; and
 - b. Include post-2024 contribution estimates (based on this Policy) in annual actuarial valuations.

Elements of Actuarial Funding Policy

The Plans will have annual actuarial valuations each June 30. Employer contributions will be determined for the fiscal year ending two years after the valuation date. For example, the actuarially determined employer contribution for the fiscal year ending June 30, 2024 will be determined by the June 30, 2022 annual actuarial valuation.

Annual actuarial valuations may or may not also serve other purposes such as Legacy Plan restoration, Hybrid plan Section 9.5 fiscal responsibility calculations, and/or Annuity Savings Fund excess interest transfers between components. Unless otherwise stated, those purposes are not subject to this Policy.

For all other funding purposes, annual actuarial valuations will include the following elements of the Actuarial Funding Policy:

1. Actuarial Cost Method

- a. Hybrid Plan: The Entry Age actuarial cost method shall be used in determining the Actuarial Accrued Liability (AAL) and Normal Cost with the entry age based on date of hire. Since this component was created in July 2014 and granted eligibility and vesting service prior to July 2014 (for members hired before that date), this Plan had an unfunded actuarial accrued liability on the effective date, known as the transition cost. As of June 30, 2017, the AAL (including the transition cost) in the Hybrid Plan was fully funded. This Plan could become less than fully funded in the future if experience is less favorable than assumed or there are changes in assumptions or Plan provisions.
- b. Legacy Plan: The Unit Credit Normal actuarial cost method shall be used in determining Actuarial Accrued Liability (AAL) and Normal Cost. Since this component is closed and accrued benefits are frozen as of June 30, 2014, this method results in no normal costs and an AAL that equals the Present Value of Accrued Benefits (PVAB) of each member.

2. Asset Smoothing Method

- a. For estimating contributions prior to June 30, 2023, the Funding Value of Assets (or actuarial value of assets) will be equal to the Market Value of Assets, as mandated by the Plan of Adjustment. For determining (or estimating) employer contributions on or after fiscal year 2024, the Funding Value of Assets will be based on a method that employs smoothing of market gains and losses over a closed period. The smoothing period for recognize market gains and losses (above or below the assumed rate of return) will be a 3-year period.
- b. The Funding Value of Assets shall not diverge from the Market Value of Assets by more than 15%.
- c. The annual actuarial valuation will calculate results on both the smoothed value of assets and the (non-smoothed) Market Value of Assets beginning with the June 30, 2019 valuation (the Funding Value of Assets will initially be set to the Market Value of Assets as of June 30, 2018 with smoothing beginning prospectively). The post-2024 contribution estimate will always be based on the smoothed value of assets. Other results (UAAL, Funded Status, etc.) will be based on the Market Value of Assets prior to 2024 and the smoothed value of assets after 2023.

3. Amortization Method

a. Hybrid Plan

- a) A Level Percent of Payroll amortization method shall be used to systematically eliminate (pay off) the Unfunded Actuarial Accrued Liability (UAAL) over a closed 15-year period from the later of July 1, 2023 or the applicable fiscal year after the funded status falls below 100%.
- b) If funded status is above 100%, the contribution requirements for the UAAL will be \$0 (thereby creating a minimum employer contribution of employer normal cost).
- c) Layered amortizations will be considered by the Board post-2024.

b. Legacy Plan

- a) The Level Dollar amortization method shall be used to systematically eliminate (pay off) the Unfunded Actuarial Accrued Liability (UAAL) over a closed period of 20 years from July 1, 2023 for the UAAL as of July 30, 2022 (projected to July 1, 2023), and
- b) Layered amortizations that use 20-year closed periods for gains and losses occurring after June 30, 2022 (each 20-year period starts with the first payment after the applicable gain or loss occurs).

4. Funding Target and Cash Flow Projections

- a. The targeted funded ratio shall be 100%.
- b. The Legacy Plan annual actuarial valuation shall include projections of estimated employer contributions, expected benefit payments and estimated funded status to the later of fiscal year 2054 or 30 years after the applicable employer contribution fiscal year.
- c. Section 9.5 of the Plan details the actions to be taken if the 5-year projected funded status falls below 90% (Hybrid Plan, only).

5. Risk Management

a. Assumption Changes

- a) The actuarial assumptions used shall be those last adopted by the Board based on the most recent experience study and upon the advice and recommendation of the actuary. In accordance with the City Ordinance, the actuary shall conduct an experience study at least every five years. The results of the study shall be the basis for the actuarial assumption changes recommended to the Board. However, the assumed rate of return and the actuarial value of assets are mandated by the City's POA and cannot be changed prior to June 30, 2023.
- b) The actuarial assumptions may be updated at any time, as advised by the actuary, if significant Plan design changes or other significant events occur.
- c) The next experience study will be performed after the 2020 actuarial valuation and will include both economic (investment return, inflation, etc.) and demographic (mortality, retirement, disability, etc.) assumptions. Even though the investment rate of return may not be changed for determining employer contributions until after June 30, 2023, the Board may elect to show valuation results under an alternative reasonable assumed rate of investment return prior to 2023.

b. Risk Measures

a) Risk measures will be included in the annual actuarial valuations. Below is a list of potential measures to be included. The measures may be changed over time as deemed appropriate.

(i) Classic measures currently determined

- Funded ratio (assets / liability) on both a market value and funding value (if funding value is not equal to market).
- UAAL amortization period (years required to pay down the UAAL based on current funding rates).
- Portfolio rate of return for the year on both the market value and funding value of assets.
- 5- and 10-year geometric average portfolio rate of return on both the market value and funding value of assets (developed prospectively beginning with the 2019 valuation).
- 5- and 10-year standard deviation of return on both the market value and funding value of assets (developed prospectively beginning with the 2019 valuation).

(ii) Duration of the Actuarial Accrued Liability

- Measures the sensitivity of the liability to a 1% change in assumed rate of return. A decrease in this measure indicates a decrease in assumed rate sensitivity and vice versa.

(iii) Total UAAL / Covered Payroll

- Measures the risk associated with contribution rates relative to the impact on the ability to fund the UAAL. A decrease in this measure indicates a decrease in UAAL contribution risk and vice versa.
- Consideration will be given to using total payroll or revenue source, if available.

(iv) Total Assets / Covered Payroll

- Measures the risk associated with the potential impact of asset experience on contributions. A decrease in this measure indicates a decrease in asset risk and vice versa.
- Consideration will be given to using total payroll or revenue source, if available.

(v) Total AAL / Covered Payroll

- Measures the risk associated with the potential impact of liability experience on contributions. A decrease in this measure indicates a decrease in experience risk and vice versa. This also provides a long-term measure of the asset risk where the System has a target funded ratio of 100%.
- Consideration will be given to using total payroll or revenue source, if available.

(vi) Non-Investment Cash flow / Beginning of year assets

- Measures depletion risk, sensitivity to annual investment gains and losses risk and the maturity of the plan. For a mature open plan, this may converged to the negative of the real rate of return assumption (investment return less wage inflation). A less negative number (or a positive number) indicates a less mature plan and/or a plan that is at lower risk of fund depletion and less sensitive to annual gains and losses. A more negative number indicates a more mature plan and/or a plan that is more at risk of fund depletion and more sensitive to annual gains and losses. For a super-mature closed plan such as the Legacy plan, this may become more negative over time as liquidity needs increase.

(vii) Market Value of Assets / Benefit Payments

- Measure depletion risk. A low value estimates the number of years to depletion disregarding future contributions and investment return.

(viii) Solvency Liability

- Measures the estimated cost of accrued benefits as a result of minimizing investment risk in the portfolio.

b) Risk Control: The Board shall carefully monitor the risk measures above and shall consider steps to mitigate risk, particularly as the Legacy Plan funded ratio increases. Examples of risk mitigating techniques include, but are not limited to:

- (i) Reviewing investment risk in accordance with the Board's Investment Policy
- (ii) Adding provisions for adverse deviation in the actuarial assumptions
- (iii) Increasing employer contributions (through a change in methods, assumptions, or amortization period)
- (iv) Other

Glossary

1. **Actuarial Accrued Liability (AAL):** The difference between (i) the actuarial present value of future plan benefits; and (ii) the actuarial present value of future normal cost. Sometimes referred to as “accrued liability” or “past service liability.”
2. **Actuarial Assumptions:** Estimates of future plan experience with respect to rates of mortality, disability, turnover, retirement, rate or rates of investment income and salary increases. Decrement assumptions (rates of mortality, disability, turnover and retirement) are generally based on past experience, often modified for projected changes in conditions. Economic assumptions (salary increases and investment income) consist of an underlying rate in an inflation-free environment plus a provision for a long-term average rate of inflation.
3. **Actuarial Cost Method:** A mathematical budgeting procedure for allocating the dollar amount of the “actuarial present value of future plan benefits” between the actuarial present value of future normal cost and the actuarial accrued liability. Sometimes referred to as the “actuarial funding method.”
4. **Actuarial Gain (Loss):** A measure of the difference between actual experience and that expected based upon a set of actuarial assumptions during the period between two actuarial valuation dates, in accordance with the actuarial cost method being used. For example, if during a given year the assets earn more than the investment return assumption, the amount of earnings above the assumption will cause an unexpected reduction in UAAL, or “actuarial gain” as of the next valuation. These include contribution gains and losses that result from actual contributions made being greater or less than the level determined under the policy.
5. **Actuary:** A person who is trained in the applications of probability and compound interest to problems in business and finance that involve payment of money in the future, contingent upon the occurrence of future events. Most actuaries in the United States are Members of the American Academy of Actuaries (MAAA). The Society of Actuaries is an international research, education and membership organization for actuaries in the life and health insurance, employee benefits, and pension fields. It administers a series of examinations leading initially to Associateship and the designation ASA and ultimately to Fellowship with the designation FSA.
6. **Amortization:** Paying off an interest-bearing liability by means of periodic payments of interest and principal, as opposed to paying it off with a lump sum payment.
7. **Unit Credit Normal Actuarial Cost Method:** A funding method that calculates the Normal Cost as the present value of the change in accrued benefits for active members.
8. **Experience Study:** An actuarial investigation of demographic and economic experiences of the system during the period studied. The investigation was made for the purpose of updating the actuarial assumptions used in valuing the actuarial liabilities.
9. **Funding Value of Assets:** The value of current plan assets recognized for valuation purposes. Generally based on a phased-in recognition of all or a portion of market related investment return. Sometimes referred to as Actuarial Value of Assets or Smoothed value of Assets.
10. **Market Value of Assets:** The fair value of plan assets as reported in the plan’s audited financial statements.
11. **Normal Cost (NC):** The annual cost assigned, under the actuarial funding method, to current and subsequent plan years. Sometimes referred to as “current service cost.” Any payment toward the unfunded actuarial accrued liability is not part of the normal cost.
12. **Unfunded Actuarial Accrued Liability (UAAL):** The positive difference, if any, between the actuarial accrued liability and valuation assets. Sometimes referred to as “unfunded accrued liability.”

Subject: [EXTERNAL]Re: PFRS - Stout report and funding issue

Hi Chuck,

I think our committee has shown a consistent willingness to have the City's input. The schedule we have is in line with what we were asked to do by the City when we began looking at this issue in the spring, and is intended to allow the budget forecasts (the 3 year look) done this year could be more clear regarding the policy. As you note, any contributions that are required by the policy would not begin until the middle of 2024, and as I noted in my prior e-mail, nothing that is adopted now could not be changed, especially if new information is received. But in order to allow a funding policy to guide the City's three-year budget, the Committee would need to act at this meeting.

I will also note that under my reading of the Plan of Adjustment, all these discussions must begin at the IC level, then go to the Board, and then if there is a disagreement come back to the IC (See Section 16.1). Thus, whatever the IC's action tomorrow, it would not result in the PFRS policy being formally adopted until the Board acts on any recommendation the Committee may make.

Best,
Valerie

On Thu, Oct 14, 2021 at 5:32 PM Charles Raimi <raimic@detroitmi.gov> wrote:

Thanks Valerie.

My understanding is that from the City's perspective, the funding policy need not be adopted until October of next year, which coincides with the timeframe that the City will begin work on the FY 2024 budget. So, we are surprised at the rush to adopt something given that the City has only received the Stout report today and before the PFRS Investment Committee can hear from the Mayor and our expert. It suggests your client is not interested in receiving meaningful input from the City on an issue that is of critical importance to it. While we understand any funding policy can be changed next year, hasty adoption of a policy now significantly changes the dynamics.

1

Further, under Jay Rising's leadership we have asked the City's expert, Cheiron to prepare a report that we believe will be extremely important for your client to consider. It will provide a different and more focused perspective than Dave Massaron's presentation.

Chuck -- Understood re the Mayor's schedule. This is the last scheduled meeting prior to the next budgeting cycle, which the prior input from the City had stressed for us was very important to meet. I expect the Committee will take up the funding policy at the upcoming meeting. (The next scheduled meeting is Dec. 13.) Obviously, the funding policy is not engraved in stone for all time upon adoption, so we can certainly continue the dialogue regardless.

Best,

Valerie

On Tue, Oct 12, 2021 at 12:29 PM Charles Raimi <raimic@detroitmi.gov> wrote:

Thanks Valerie - Given the Mayor's extremely busy schedule, we will need his appearance to be several weeks after receiving the report.

(2)

We will be talking with our expert this week and I will get back with you after that discussion.

Hi Chuck -- I don't have the final report yet, but expect to in the next day. It will be supplied to you this week. As you know we had several data delays that have pushed this later than planned and that I would have liked. Please let me know if you would still like the Mayor to address the Committee on Monday given that timing.

Regarding the City's actuary, I renew my query as to whether they would simply be re-presenting the material Mr. Massaron ably shared with the IC earlier this year and which the Committee has previously discussed or have a new proposal/information they would like to give. If the latter, it would help to know so we can adjust the presentation time.

Best,

Valerie

Valerie – You have not responded to my request for a copy of the Stout report. We will need the report, and reasonable time, before the Mayor can address the Committee.

Also, we are in touch with the City's expert and would like them to have reasonable time to prepare and then address the Committee on this issue that is of critical importance to the City.

Subject: [EXTERNAL]Re: PFRS - Stout report and funding issue

Dear Chuck,

I was able to confirm we will be taking up the Stout report and the funding policy at the meeting on Monday. We would be happy to have the Mayor present at the committee, if he would still like to do so. The meeting is scheduled from 10-noon, and will be virtual in conformance with the health orders. We would be happy to shift this item to accommodate his schedule. Please feel free to call me if you have any questions, if something just before or just after our window would work better, or just let me know what time during the meeting would be preferred for his schedule.

Valerie

On Fri, Oct 1, 2021 at 2:49 PM Valerie Brader <valerie@rivenoaklaw.com> wrote:

Thanks for reaching out. I do recall the request, and it has been on my mind, so thanks for this opportunity to quickly touch base on this. I expect to be able to confer with folks on the request very soon and be back on that. I did want to confirm whether you are requesting a meeting with Stout, or more to confer with the IC. I was taking it as the latter, and assuming therefore that we would need to look at having this at a public meeting, but if I am missing something I am happy to discuss further. I also wanted to touch base on the request-- is the idea to have the actuary present the same analysis/approach as the City's CFO presented to the IC previously? Or if it would be a new analysis? Just wanting to understand how much time such a presentation would be likely to take so I can bring that to folks as we do hone in on the agenda.

Also, as I know I shared with you by phone, I have significant concerns with the legality of the approach the City previously presented, as I believe state law is pretty much designed to prevent pension funds from deliberately getting into a pay-as-you-go situation. It also sounds like the examples that were presented of folks who have used this were all of entities that are prevented by federal law from going bankrupt (i.e. states, territories), thus eliminating any risk to pensioners of not having their pensions paid in such a situation. I know at the time you said you didn't have a formal memo or any materials beyond the powerpoint on the legality of the approach the City is advocating. If you have any legal memoranda or other materials that have been developed since this was first presented, I would be very happy to review them.

As you are probably aware the next meeting of the IC is on October 18 but the agenda has not been set yet; it would certainly be my hope and expectation that the Stout report would be on the agenda but I can't say for sure yet. I still don't have a draft of the report, which was postponed based on certain information the CFO's office was providing recently; I learned yesterday the CFO's office was likely sending additional information to Stout even today. I am hoping to see a draft very shortly so I can look at where we are heading into the October meeting.

Thanks for all the work on the City's side to get us the requested information.

Best,

Valerie

Meeting No. 062

Police and Fire Retirement System Investment Committee October 18, 2021

A meeting of the Investment Committee of the Police and Fire Retirement System of the City of Detroit was held on **Monday, October 18, 2021**. In conformance with public health orders from the Director of the Michigan Department of Health and Human Services, the meeting was held electronically, and members of the Committee and the public participated by telephonic and electronic means. Joseph Bogdahn, Chairperson, called the meeting to order at 10:01 a.m.

A quorum was present.

ROLL CALL:

Attendance was taken by the Committee's Administrative Assistant with the following Committee Members present Joseph Bogdahn (*Chairperson*) (*Winter Haven, Polk County, FL*), Matthew Gnatek (*Detroit, Wayne County, MI*) Orim Graves (*Philadelphia, Philadelphia County, PA*), Jerry Mingione (*Detroit, Wayne County, MI*), George Orzech (*West Bloomfield, Oakland County, MI*), Jeff Pegg (*Denver, Denver County, CO*), Robert Skandalaris (*Bloomfield Hills, Oakland County, MI*), Gregory Trozak (*Macomb Township, Macomb County, MI*), and Woodrow Tyler (*Dexter Township, Washtenaw County, MI*).

Staff Present: David Cetlinski (*Executive Director*), Kelly Tapper (*Assistant Executive Director*), Ryan Bigelow (*Chief Investment Officer*), and Valerie Brader (*General Counsel – Rivenoak Law Group, P.C.*).

Committee Members Excused: None

Staff Excused: Ryan Bigelow (*Note, Mr. Bigelow was able to join for a portion of the meeting*)

EXHIBIT

Ex. 7

Approval of Agenda

Motion #01: Woodrow Tyler moved to approve the agenda dated **Monday, October 18, 2021**. Matthew Gnatek supported. The motion passed unanimously.

Approval of Minutes

Motion #02: Orim Graves moved to approve the Minutes of Meetings No. **059**, held on **Monday, June 14, 2021**, No. **060**, held on **Monday, August 9, 2021**, and No. **061**, held on **Wednesday, September 1, 2021**. Woodrow Tyler supported. The motion passed unanimously, with Matthew Gnatek abstaining as to the Minutes of Meeting No. 060.

Funding Policy – Stout Risius Ross

Representative Raymond Roth discussed the following with the Committee:

- Ability to Pay
- Public Protection
- Lower Spending
- Central Government Spending
- Detroit Employee Headcount

Ryan Bigelow joined the meeting at 10:11 am

- Salaries, Wages and Benefits
- 2022 Municipal Income Tax Revenue
- Payroll Jobs
- Municipal Income Tax
- Summary of Opportunities for Cost Savings

Presentation materials provided.

The System Actuary also made a presentation regarding the funding policy.

Motion #03: Jeff Pegg moved to approve a resolution setting a 20-year amortization funding policy. Matthew Gnatek supported. The motion passed unanimously.

- **Joseph Bogdahn left the meeting at 10:52 am. Robert Skandalaris assumed the Chair.**

Consultant RFP – Status Update/Timeline – North Pier

Representatives Gregory Metzger and Jim Scheinberg discussed the following with the Committee:

- Investment Program Review
- Organizations Bidding
- Proposal Options
 - Public Markets Only
 - All Asset Classes
- Fee Ranges
- Next Steps
- Finalist Interviews

Presentation materials provided.

- **Joseph Bogdahn rejoined the meeting at 11:20 am and resumed as Chair.**

Investment Committee Topics - Investment Consultant – Wilshire

Representatives David Lindberg, Calvin Born and Joanna Bewick discussed the following with the Committee:

- **Capital Market Return**
 - Summary Changes
 - Fixed Income
 - Equity Markets
 - Real Assets
- **Capital Market Assumptions**
 - Current Policy
 - Real Assets
- **Monthly Performance Summary – 8/2021**
 - Monthly Dashboard
 - Market Yields & Breakeven Inflation
 - Actual Allocations vs Policy
 - Total Fund Attribution
 - Asset Allocation and Performance
 - Background and Overview
- **Risk Assessment Framework**
 - Why should I care about Inflation
 - Catalysts of Inflation
 - Rationale for Real Assets
 - Correlation to Inflation
 - Midstream Energy Infrastructure
 - Midstream Energy – Merits and Challenges
 - Real Asset Investments

Presentation materials were provided

- **Ryan Bigelow left the meeting at 11:59 am**
- **Valerie Brader left the meeting at 12:05 pm**

General Counsel – Engagement/Review Invoice

Motion #04: Robert Skandalaris moved to extend the contract of Rivenoak Law Group (Valerie Brader) as general counsel for an additional 12 months. Orim Graves supported. The motion passed.

Yeas – Gnatek, Graves, Mingione, Orzech, Skandalaris, Trozak, Tyler, and Chairperson Bogdahn – 6 ½

Nays – Pegg – ½

- **Valerie Brader rejoined the meeting at 12:15 pm**

Ethics Policy

The Committee requested that adjustments be made and sent to the Committee and bring back policy at the next meeting.

Legal Report

Robert Skandalaris term will be ending early in 2022. He stated he will not be seeking reappointment. The replacement will have to be a resident of the State of Michigan. Committee members were encouraged to offer names of individuals to contact regarding their interest.

PFRS IC Reso October 18, 2021

**Resolution Regarding the Adoption of a Funding Policy for the
Police and Fire Retirement System of the City of Detroit
For Contributions Beginning in 2024**

October 18, 2021

WHEREAS, the Investment Committee members are fiduciaries for the Police and Fire Retirement System of the City of Detroit ("PFRS") and have a duty to take action on certain investment decisions including actuarial assumptions affecting the large sponsored system's funding levels, including its funding policy; and

WHEREAS, under the Plan of Adjustment, beginning in 2024 the City of Detroit is required to resume making contributions to PFRS, and the Investment Committee has certain duties regarding the actuarial assumptions that underlie the determination of those required contributions;

WHEREAS, the Investment Committee has considered a report from the System actuary, Gabriel Roeder Smith ("GRS"), that evaluates certain funding policies based on assumptions including the expected investment returns and system liabilities to project the required contributions of the City under such policies; and

WHEREAS, the Investment Committee has considered information from GRS estimating payments that might be required under 20 and 25 year layered amortization policies in scenarios that assume lower-than-anticipated investment returns over the 2022-2041 period (essentially testing the policies in more challenging economic conditions); and

WHEREAS, the Investment Committee has considered a report from Stout Risius Ross regarding the ability of the City to afford contributions in the scenarios that involve higher contribution levels due to lower-than-anticipated investment returns; and

WHEREAS, the Investment Committee has considered presentations from GRS and Stout Risius Ross, as well as from the Chief Financial Officer of the City of Detroit regarding the funding policy; and

WHEREAS, the Board of Trustees has also communicated with the Investment Committee regarding the funding policy; and

THEREFORE, the Investment Committee of the PFRS recommends that:

- 1. The reports of the System actuary regarding the funding policy, including the calculations, actuarial assumptions, and assessments underlying the annual funding levels and amortization of funding levels, and recommended**

contributions to the large sponsored system under the potential funding policies, are accepted.

- 2. The IC recommends a funding policy, as approved by the PFRS Board, which includes the following:**
 - a. For the unfunded accrued liability measured in 2024, a 20-year, level dollar, layered amortization period.**
 - b. The gains or losses of the system shall be re-amortized yearly.**

POLICE AND FIRE RETIREMENT SYSTEM OF THE CITY OF DETROIT
MEETING NUMBER 3296 – THURSDAY – NOVEMBER 18, 2021

“Declaration of Continued Emergency Due to Covid-19 To Allow Public Meetings of Governmental Bodies To Be Held Remotely Under Public Act 228 of 2020 Extended From September 1, 2021 to December 31, 2021.”- Detroit, MI.

CHAIRPERSON

Ronald Thomas

A verbal Roll Call commenced at 9:08 a.m. and Chairperson Thomas called the meeting to order.

Present at Roll Call: Baker (Detroit, MI), Battle (Detroit, MI), Berent (Detroit, MI), Gnatek (Detroit, MI), James (Detroit, MI), Jones (Detroit, MI), McLellan (Livonia, MI), Naglick (Detroit, MI), Orzech (Clarkston, MI), Pegg (Detroit, MI), Pincheck (Northville, MI), Serda (Detroit, MI), Trozak (Macomb County, MI), Watson (Detroit, MI) and Thomas – Chairperson (Detroit, MI)

Re: Approval of November 18, 2021 Agenda

Trustee Berent moved to approve the agenda dated Thursday, November 18, 2021. Trustee Gnatek supported. The motion passed unanimously.

Re: Approval of RETIREMENT Applications

Trustee Berent moved to approve the RETIREMENT applications as listed below. Trustee Gnatek supported. The motion passed unanimously.

NAME, TITLE, DEPARTMENT	Roland C. Brown – Police Detective - Police
RETIREMENT TYPE-PLAN	Hybrid - Vested
SERVICE CREDIT-EFFECTIVE DATE	06 10 00 – 09 20 21

NAME, TITLE, DEPARTMENT	Kerry R. Byars – Police Lieutenant -Police
RETIREMENT TYPE-PLAN	Hybrid – Drop
SERVICE CREDIT-EFFECTIVE DATE	07 05 00 – 10 15 21

NAME, TITLE, DEPARTMENT	Terrence D. Childress – Fire Engine Operator - Fire
RETIREMENT TYPE-PLAN	Service - New
SERVICE CREDIT-EFFECTIVE DATE	14 11 09 – 11 15 21

PRESENTATION – Deputy Mayor Conrad Mallett

Trustee Mallett made a presentation to the Board regarding the PFRS Funding Policy and the recommendation from the PFRS IC with respect to adoption of the Funding Policy. Trustee Mallett provided a resolution for consideration by the Board. At the conclusion of his presentation a motion was made to adopt the proposed resolution.

Motion By: Trustee Mallett – Supported By: Trustee Naglick

WHEREAS, the Police and Fire Retirement System Investment Committee (PFRS IC) on October 18, 2021 recommended a funding policy, as previously approved by the PFRS Board, which includes the following:

1. For the unfunded accrued liability measured in FY 2024, a 20-year, level dollar, layered amortization period.
2. The gains and losses of the system shall be re-amortized yearly.

WHEREAS, Sec 16.1 of the Combined Plan for the Police and Fire Retirement System contained in the City's Bankruptcy Plan of Adjustment (POA) provides that all actions and recommendations of the Investment Committee shall be forwarded to the Board for consideration and are subject to Board approval.

WHEREAS, Sec 16.1 of the Combined Plan further provides that if the Board fails to approve or disapprove an investment management decision that has been recommended by an affirmative vote of the Investment Committee, and such failure continues for forty-five days after the date that the recommendation was made to the Board, or the Board disapproves an investment management decision within such forty-five day period but fails to provide to the Investment Committee within such forty-five day period a detailed written response outlining the reasons for such disapproval, then the Investment Committee and the chief investment officer are authorized to implement the decision.

WHEREAS, the POA used a 30-year amortization period for amortization of the Unfunded Actuarial Accrued Liability from the Component II plan beginning in Fiscal Year 2024 and the resulting City contributions using the 30-year amortization period were used in establishing the feasibility of the POA.

WHEREAS, on July 21, 2021, the City's Office of the Chief Financial Officer (OCFO) sent to legal counsel for the PFRS IC a memo explaining the fundamental reasons why it would be improper for the PFRS IC to approve a shorter funding plan than the POA's 30-year plan and asked that the PFRS IC hear from both Mayor Duggan and the City's actuarial expert before the PFRS IC and PFRS Board made any decisions on the funding policy.

THEREFORE, the PFRS Board disaffirms the action taken by the PFRS IC at its October 18, 2021 meeting because the PFRS IC acted without first hearing from Mayor Duggan and the City's OCFO actuarial expert. The PFRS Board of Trustees recognizing the fundamental

POLICE AND FIRE RETIREMENT SYSTEM OF THE CITY OF DETROIT
MEETING NUMBER 3296 – THURSDAY – NOVEMBER 18, 2021

difference between the PFRS IC and the City of Detroit's OCFO and rather than spend hundreds of thousands of dollars on legal fees the PFRS Board of Trustees directs its legal counsel to contact the City of Detroit's OCFO and agree to participate in non-binding mediation to develop a funding policy upon which both parties can agree. It is expected both parties will have available to them necessary experts. Mediation shall commence the second Monday in January 2022. The parties shall agree to complete their work and present back to the Board the final work product no later than third Thursday in April 2022.

Yeas: Baker, James, Jones, Mallett, McLellan, Naglick, Serda, Watson – 8

Nays: Battle, Berent, Gnatek, Orzech, Pegg, Pincheck, Trozak, and Chairperson Thomas – 8

The motion failed.

➤ **Trustee Mallett left the meeting at 10:56 am**

After discussion, Trustee Pegg moved to un-table the motion by Trustee Berent from October 21, 2021 acknowledging and affirming the recommendation of the PFRS IC of adopting the Funding Policy including the 20-year amortization of the unfunded accrued liability. Trustee Berent supported.

Yeas: Battle, Berent, Gnatek, Orzech, Pegg, Pincheck, Trozak, Chairperson Thomas – 8

Nays: Baker, James, Jones, McLellan, Naglick, Serda, Watson – 7

The motion passed.

Trustee Pegg moved to affirm the resolution from the PFRS Investment Committee regarding the adoption of the 20-year Funding Policy dated October 18, 2021. Trustee Berent supported.

Yeas: Battle, Berent, Gnatek, Orzech, Pegg, Pincheck, Trozak, Chairperson Thomas – 8

Nays: Baker, James, Jones, McLellan, Naglick, Serda, Watson – 7

The motion passed.

ADJOURNMENT

Trustee Gnatek moved to adjourn meeting #3296. Trustee Pegg supported.

Chairperson Thomas adjourned the meeting at 11:05 AM. The Board's next meeting is scheduled for Thursday, December 2, 2021 at 9:00 a.m. via Go to Meeting. Please see the news tab on our website for meeting login instructions.

October 13, 2021

I. Scope of Analysis and Disclosures

1. This report presents my opinions regarding the ability of the City of Detroit ("Detroit") to make annual pension contributions to the Detroit Police & Fire Retirement System ("PFRS") beginning in 2024 under the funding scenarios provided by PFRS actuaries. In addition, this report contains a summary of the information I considered in the development of my opinions and a statement of my qualifications. My opinions, detailed herein, are based on the data available to me as summarized in this report.
2. Detroit has represented it will fund the General Retirement System of Detroit ("GRS") Legacy plan at \$102.4 million per annum. In preparing my analyses included in this report, I did not consider any additional funding requests or scenarios related to the ("GRS").
3. A detailed list of the sources of information considered is presented in ***Exhibit A***.
4. My curriculum vitae, which includes lists of publications and relevant presentations, is presented in ***Exhibit B***.
5. Stout Risius Ross, LLC ("Stout") was compensated at a fixed fee of \$100,000 for the preparation of this report.

II. Qualifications

6. I am a Director in the Disputes, Compliance & Investigations Group at Stout. Stout is a financial and operational advisory services firm serving a variety of businesses in numerous industries and countries. Stout focuses its services in the areas of Investment Banking; Valuation Advisory; Transaction Advisory; and Dispute Consulting. Stout has over 500 professionals located in offices worldwide.
7. I am a licensed Certified Public Accountant ("CPA") in the State of Michigan and a Certified Fraud Examiner ("CFE"), with 15 years of experience providing a wide range of professional consulting services.
8. I have consulted with lawyers and their clients, boards of directors, and municipalities regarding business, economic, and financial issues related to litigation, business disputes, and financial investigations. These assignments have been across a wide array of industries.
9. I received a Bachelor of Business Administration, with a focus in Accounting, degree from Cleveland State University in 2005.
10. I am a member of the American Institute of Certified Public Accountants ("AICPA"), Association of Certified Fraud Examiners ("ACFE"), and the immediate past Chairman of the Michigan Association of Certified Public Accountants ("MICPA") Fraud Task Force.
11. With the aforementioned education, training, and experience, I am well qualified to present the information contained herein.

III. Background

12. I was engaged by legal counsel of the Investment Committee to PFRS to evaluate financial data of Detroit and prepare a report regarding the capability of Detroit to make specified levels of pension contributions beginning in 2024.
13. The Investment Committee provided me with two potential contribution scenarios that simulated the required contribution by Detroit to PFRS Component Two Plan ("Legacy Plan") required if an economic downturn were to result in lower investment returns from 2024-2034. These scenarios assumed the following contribution schedules:

Fiscal Year	Scenario C: Downside Level 2		20-Year Level Dollar With 20- Year Layers		25-Year Level Dollar With 25- Year Layers	
	Investment Return		Year Layers (\$ Millions)		Year Layers (\$ Millions)	
1 2020	1.00%	\$	18.3	\$	18.3	
2 2021	19.00%		18.3		18.3	
3 2022	3.50%		18.3		18.3	
4 2023	3.50%		18.3		18.3	
5 2024	3.50%		134.8		122.1	
6 2025	3.50%		140.5		127.4	
7 2026	3.50%		146.0		132.3	
8 2027	3.50%		151.1		136.8	
9 2028	3.50%		155.9		141.1	
10 2029	3.50%		160.5		145.1	
11 2030	3.50%		164.7		148.7	
12 2031	3.50%		168.7		152.1	
13 2032	5.50%		172.5		155.2	
14 2033	5.50%		173.9		156.3	
15 2034	5.50%		175.2		157.4	
16 2035	5.50%		176.5		158.3	
17 2036	5.50%		177.7		159.2	
18 2037	5.50%		179.0		160.1	
19 2038	5.50%		180.2		160.9	
20 2039	5.50%		181.3		161.6	
21 2040	5.50%		182.5		162.4	
22 2041	5.50%		183.7		163.0	
23 2042	6.75%		184.9		163.7	
24 2043	6.75%		184.9		163.7	
25 2044	6.75%		50.1		163.7	
26 2045	6.75%		44.4		163.7	
27 2046	6.75%		38.9		163.7	
28 2047	6.75%		33.8		163.7	
29 2048	6.75%		29.0		163.7	
30 2049	6.75%		24.5		41.6	
31 2050	6.75%		20.2		36.3	
32 2051	6.75%		16.2		31.4

City of Detroit**

**Expert Report of
Raymond A. Roth, III,
CPA, CFE**

October 13, 2021

14. It should also be noted that if Detroit cannot make the pension contributions detailed above, and it were to exhaust the Legacy Plan funding prior to expiration of its obligations, the contributions required by Detroit to the Legacy Plan may greatly exceed the amounts projected in the above funding policies. Therefore, these scenarios carry less than the funding policy budgeted by Detroit as the funding ratio will never fall below 60%.

IV. Use of Benchmarks

15. In analyzing Detroit's finances and other relevant metrics, I identified other Midwestern cities ("Comparable Midwestern Cities") to use as comparable benchmarks throughout my analysis. The use of financial and other benchmarks provides for a means of comparison to objectively assess the populations that comprise the cities, the level of revenue collected, and how that revenue is used.
16. Comparable cities identified included Cleveland, Columbus, Minneapolis, and Indianapolis. These cities were chosen based on characteristics such as population size, square mileage, and cost of living index. These metrics are presented in Figure 1 below.

Figure 1

City	Total Population	Square Mileage	Cost of Living Index [3]
	[1]	[2]	
1 Detroit	674,841	138.8	87.6
2 Indianapolis	864,447	361.4	83.5
3 Cleveland	385,282	77.7	72.6
4 Columbus	878,553	217.2	85.5
5 Minneapolis	420,324	53.9	106.5

V. Demographic Analysis

17. Detroit has experienced a remarkable transformation since its emergence from bankruptcy. The median income of its residents has risen, while the number of families living below poverty, unemployment, and crime has declined. In addition, blight has been reduced, street lighting improved, emergency medical services ("EMS") response times are down, and credit ratings have stabilized. However, Detroit's population remains at lower income levels, including higher concentrations of poverty and crime rates, than the Comparable Midwestern Cities.

Median Income

18. Figure 2 below shows the increase in median income in Detroit from approximately \$26,000 in 2014 per household to nearly \$31,000 in 2019, a 17% increase.

Figure 2

19. Figure 3 below shows that the annual percentage growth in median income of Detroit residents has generally outpaced that of the Comparable Midwestern Cities. Detroit is represented by the solid blue line at the bottom of Figure 3 and had a median income decline of more than 2% in 2013, which improved to 6% annual growth in 2017 and 2018 surpassing all other Comparable Midwestern Cities before falling to 4.8% growth in 2019.

Figure 3

20. Figure 4 below shows that despite the growth in Detroit residents' median income since 2013, the median household income in Detroit remains lower than most of the Comparable Midwestern Cities.

Figure 4

Poverty Rate

21. Figure 5 below shows that Detroit's poverty rate has declined from 41% in 2013 to 35% in 2019, representing a 15% improvement over the illustrated period.

Figure 5

22. Despite the reduction in poverty in Detroit, Figure 6 below shows that the poverty rate in Detroit remains higher than the Comparable Midwestern Cities.

Figure 6

Unemployment

23. Figure 7 below shows a decline in the unemployment rate in Detroit of 50% since 2013 from over 20% to approximately 10% in 2021 and has nearly returned to pre-pandemic levels.

Figure 7

24. Figure 8 below shows that the expected growth in Detroit's payroll jobs is expected to increase faster than that of the State of Michigan. This is represented by the separation between the blue and gray lines in Figure 8. Figure 8 also projects payroll employment in Detroit to return to pre-pandemic levels by 2022.

Figure 8

25. Figure 9 below shows that Detroit household income is to return to levels commensurate with the rest of the State of Michigan by 2023.

Figure 9

The Investment
Committee of the
Detroit Police & Fire
Retirement System v.
City of Detroit

Expert Report of
Raymond A. Roth, III,
CPA, CFE

October 13, 2021

26. The growth in payroll jobs and increase in income can be directly attributed to major job creation investments in Detroit. The opening of Stellantis' Mack Avenue assembly complex this year and additional projects under construction or planned for the near future including the Gordie Howe International Bridge, Ford's conversion of Michigan Central Station, Bedrock's Hudson's site, General Motors' Factory Zero, and a new Amazon distribution center at the old Michigan State Fairgrounds.¹

¹ City of Detroit Economic Outlook: 2020 – 2026. August 2021.

Crime Rate

27. Figure 10 below shows a decline in the crime rate by almost 24% between 2013 at 16,613 reports per 100,000 of population to 2019 at 12,655 reports per 100,000 of population.

Figure 10

28. Figure 11 below shows that the crime rate in Detroit remains higher than in the other Comparable Midwestern Cities.

Figure 11

The Investment
Committee of the
Detroit Police & Fire
Retirement System v.
City of Detroit

Expert Report of
Raymond A. Roth, III,
CPA, CFE

October 13, 2021

Other

29. In addition to the aforementioned metrics, Detroit has made concerted efforts to reduce blight, increase street lighting, and decrease EMS response times.
30. Since 2014, Detroit has demolished over 21,000 unoccupiable homes, rehabbed approximately 8,200 homes, and sold over 15,000 side lots.² Detroit has added 65,000 street lights since 2013 when it was estimated that 40% of City street lights were not working.³
31. In 2014, the average EMS response time was 18 minutes,⁴ which was reduced to eight minutes and 30 seconds by 2016⁵ through the addition of 31 new emergency medical technicians and the acquisition of 15 new ambulances.⁶

Conclusion

32. Since its emergence from bankruptcy, Detroit has become a cleaner, safer, and more vibrant place to live, which is reflected in the aforementioned facts and figures. In addition, the Detroit Riverwalk was rated the best river walk in the U.S. in 2021⁷ exemplifying the transformation experienced by Detroit.
33. Detroit has attracted major investment from large employers that has, and is expected to continue the, increased level of employment in Detroit.
34. Detroit, however, remains behind Comparable Midwestern Cities in terms of income earned by its residents and the crime rate experienced. Detroit's ability to grow future revenues will be largely predicated on its ability to increase employment, attract higher income residents, and increase City-wide property values.

VI. Financial Analysis

35. I focused my financial analysis on Detroit's General Fund where retirement contributions have been made. In addition, I consider fiscal year 2020 to be an outlier year because of the Covid-19 pandemic ("Pandemic") and did not incorporate that year into my review and analysis.⁸ Review of Detroit's audited financial statements found that both General Fund Revenues and Expenditures have been generally consistent year-over-year with few exceptions. I also identified concentrations in certain categories in Detroit's General Fund Revenues and Expenditures.
36. In benchmarking Detroit's historical General Fund financial activity to other Comparable Midwestern Cities, I identified deviations in the amount of normalized General Fund Revenue collected and how those revenues are spent. A more detailed overview of my financial analysis is presented below.

Revenue Analysis

37. Figure 12 below shows that Detroit generates most of its General Fund Revenue from four main sources: Municipal Income Tax, State-Shared Revenue, Wagering Taxes, and Property Taxes. In 2019, these four items combined for more than 75% of General Fund Revenues.

Figure 12

⁸ Detroit's Office of the Chief Financial Officer also cautioned me that 2020 was unrepresentative of other years and certain financial activity normally accounted for in the General Fund was accounted in other funds.

38. The components of each of these revenue sources are further explained below.
- a. **Municipal Income Taxes** are collected from both residents (2.4% of income), non-residents (1.2% of income) and corporations (2% of income).⁹
 - b. **State-Shared Revenue** is based on the sharing by the State of Michigan of 15% of state sales tax collected.¹⁰ Michigan shares this revenue with each of its municipalities based on census determined population.¹¹
 - c. **Wagering Taxes** are collected at 11.9% of the adjusted gross receipts of the three casinos operating within Detroit.¹² In addition, these casinos pay a supplemental 1% tax if their gross receipts exceed \$400 million and a municipal service fee also based upon adjusted gross receipts, assessed at the greater of 1.25% or \$4 million.¹³ Beginning in 2021, casinos will remit an effective tax of 4.62% related to retail sports betting to Detroit.¹⁴
 - d. **Property taxes** are levied each year on July 1 to non-exempt properties based on the taxable value of each property multiplied by the applicable millage rate.¹⁵ The City currently levies 19.952 mills for general operating purposes.¹⁶
39. Figure 13 below shows that between 2014 and 2019, State Shared Revenue and Wagering Taxes have been consistent year-over-year and Property Taxes have fluctuated but are generally decreasing. Municipal Income Tax on the other hand experienced a 42% revenue increase over this time period.

¹⁵ City of Detroit, February 2021 Revenue Estimating Conference Report, p. 16

¹⁶ Ibid.

Figure 13

40. The revenue growth in Municipal Income Tax prior to the Pandemic is reflective of the positive demographic shifts Detroit has experienced post-bankruptcy. Detroit has attributed this growth to a four-prong approach: (1) the creation of jobs through business attraction and expansion; (2) leading land development efforts that unlock economic growth City-wide; (3) supporting small and large businesses to locate and grow in Detroit; and (4) activating industrial and commercial spaces that support neighborhood employment growth.¹⁷ Detroit identified the growth of Rock Ventures, which includes Rocket Mortgage, the new headquarters of TCF Bank, the opening of regional offices by major technology companies such as Google, Microsoft, and LinkedIn, and other organizations such as the DIA, Wayne State University, Detroit Medical Center, and the Henry Ford Health System as contributing to the growth in employment.¹⁸ Between 2018 and 2019 alone, \$4.6 billion worth of private investment was recently completed or under construction leading to the announcement of 13,425 new jobs.¹⁹
41. In addition, the opening of Stellantis' Mack Avenue assembly complex this year and additional projects planned for the near future including the Gordie Howe International Bridge, Ford's conversion of Michigan Central Station, Bedrock's Hudson's site, General Motors' Factory Zero, and a new Amazon distribution center at the old Michigan State Fairgrounds are also expected to have positive effects on Detroit area employment, which will lead to increased income tax opportunities for Detroit.²⁰ However, the Pandemic and the shift to remote work has significantly impacted this revenue stream as many employees that work in Detroit do not live in Detroit. As a result, Detroit realized a decline in Municipal Income Tax in 2020 from both the

¹⁷ City of Detroit Comprehensive Annual Financial Report for the Fiscal Year Ended June 30, 2019.

¹⁸ Ibid.

¹⁹ Ibid.

²⁰ City of Detroit Economic Outlook: 2020 – 2026. August 2021.

loss of employment caused by the Pandemic as well as from employees who had previously commuted into Detroit but have since been working remotely.

42. Figure 14 below shows Detroit's past experience and future expectations of its four major General Fund Revenue sources. Detroit's projections show all but its largest revenue source, Municipal Income Tax, returning to pre-Pandemic levels by 2022.

Figure 14

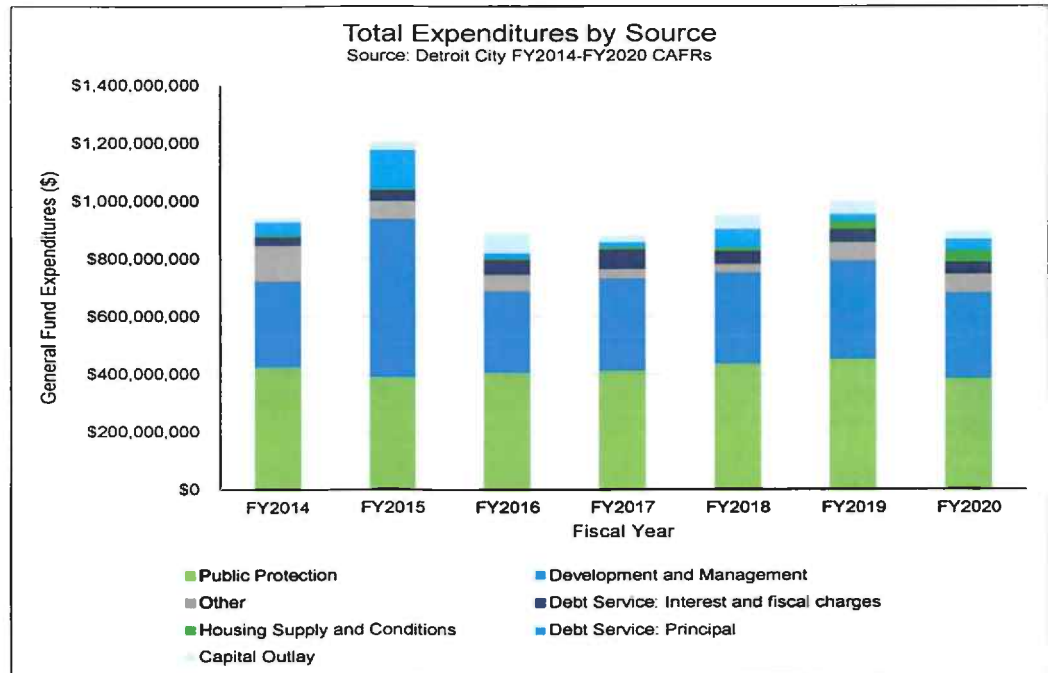

Expense Analysis

43. Figure 15 below shows that most of Detroit's expenses are concentrated in Public Protection and Development and Management whereby these two

expense categories combined for approximately 80% of all General Fund Expenditures in 2019.

Figure 15

44. Figure 16 below shows that Public Protection spending increased 6% and Development and Management spending increased 14% between 2014 and 2019.

Figure 16

45. Figure 17 below shows Detroit's past experience and future expectations of its two major General Fund Expenditures. Public Protection costs are expected to increase to over \$477 million from approximately \$452 million in 2019 and grow modestly thereafter. Development and Management expenses are also expected to grow in future periods with the increase in 2024 and 2025 related to the planned retirement contributions.

Figure 17

Financial Benchmarks

46. I benchmarked financial metrics of Detroit to those of the Comparable Midwestern Cities. To make valid comparisons, I normalized revenues by population and square miles and expenditures as a percentage of revenue. I also made adjustments to certain items within Detroit's Development and Management expense category for greater comparability to the Comparable Midwestern Cities, which will be further explained in the following paragraphs. Expenditures were grouped into five basic categories: Public Protection, Central Government, Health, Economic Development, and Other. See **Exhibit C** for a financial benchmark analysis between Detroit and the Comparable Midwestern Cities.
47. Figure 18 below shows that Detroit's General Fund Revenue per capita is more than that of Minneapolis, Indianapolis, and Columbus, and slightly below that of Cleveland.

Figure 18

48. Figure 19 below shows that Detroit's General Fund Revenue per square mile are commensurate with that of Cleveland, slightly below Minneapolis, and higher than that of Indianapolis, and Columbus.

Figure 19

49. These comparisons demonstrate that Detroit reports generally as much, or more than, General Fund Revenues of the Comparable Midwestern Cities on a relative basis. However, Detroit spends this collected revenue differently than the Comparable Midwestern Cities. I focused expenditure benchmarking on Public Protection and Development and Management spending in making these comparisons. I renamed what Detroit refers to as Development and Management to Central Government for purposes of comparison to similar expenditures of the Comparable Midwestern Cities. The expense categories reported by each city that combine into these categories are presented in **Exhibit C**.
50. I also reviewed additional detailed financial information from Detroit regarding the sub-accounts and cost centers that comprised the line items presented on its audited financial statements. I reviewed this financial detail to identify any expense line items that might be unique to Detroit or where other adjustments might be relevant for an applicable comparison.
51. In 2019, I identified 149 separate accounts, across 124 cost centers for Public Protection and 194 sub-accounts across 182 cost centers for Central Government. See **Exhibits D** and **E** for sub-accounts and cost-centers related to Public Protection and **Exhibits F** and **G** for the sub-accounts and cost-centers related to Central Government. From this review, I identified certain expenditures classified as Central Government activities that might not be relevant to the Comparable Midwestern Cities and made adjustments to the analysis to account for these items.
52. Within the expenses recorded as Central Government in 2019, I identified several items related to demolition, Police and Fire, and pension related payments where further consideration is warranted.

The Investment

Detroit Police & Fire
Retirement System v.
City of Detroit

Expert Report of
Raymond A. Roth, III,
CPA, CFE

October 13, 2021

Demolition / Blight Related Expenses

- a. I identified \$14 million under cost center 350014 – Detroit Land Bank Authority.
- b. I identified \$12,945,934 in Demolition and Excavation Expenses under cost centers 350310 Detroit Building Authority and 350011 – Blight Remediation.
- c. I identified \$103,352 in cost center 160020 – Residential Demolition.

Police and Fire Related Expenses

- d. I identified \$21,360,133 in litigation, workers compensation, and miscellaneous claims related to police and fire under cost center 350890 – Risk Management.
- e. I identified \$2,677,820 under cost center 310220 – Public Safety.
- f. I identified \$1,209,462 under cost center 230201 – ODFS – Public Safety – Police.
- g. I identified \$899,821 under cost center 230211 – ODFS – Public Safety – Fire.
- h. I identified \$467,406 under cost center 310210 – DoIT Public Safety and Cyber Security.
- i. I identified \$152,566 under cost center 370020 – Office of the Chief.
- j. I identified \$60,246 for contract services – Fire Department under cost center 470115 – 36th District Court Madison Center, 230070 – Treasury, 330010 – Office of the Mayor, 450010 – DAH Administration, and 710010 – Elections Administration.

Pension Related Expense

k. I identified \$20,000,000 in Non-Actuarial Pension expenses under cost center 351026 – Retirement Systems.

l. I identified \$18,582,863 in Non-Actuarial Pension expenses under cost center 351020 – Retirement Systems.

53. Of the aforementioned expense items classified as Central Government expenses, I removed the Demolition / Blight Related Expenses from the analysis as other cities are not likely to incur similar costs as Detroit. The Police and Fire Related Expenses have been reclassified from Central Government expenses to Public Protection expenses to ensure that all Police and Fire expenses are included within the Public Protection categorization. I also removed Pension Related Expenses of Detroit from the analysis.²¹

54. Figure 20 below shows that in 2019, Detroit spent considerably less of its revenue on Public Protection than the Comparable Midwestern Cities. Detroit's 2019 reported Public Protection spending was 40% of General Fund Revenue, compared to 53% for Cleveland, 59% for Minneapolis, 71% for Indianapolis, and 67% for Columbus.

Figure 20

55. Figure 21 below shows that the amount of Public Protection spending is generally inversely related to each city's crime rate in 2019. The cities that

²¹ I identified the amount of pension contributions from the Comparable Midwestern Cities but it is unclear from which funds these contributions are made and the financial statement line items. Because Detroit's pension expenditures have been removed from my analysis, Detroit's costs may be understated in comparison to Comparable Midwestern Cities, which has a conservative effect in this analysis.

spent more on Public Protection generally have lower crime rates than the cities that spent less.

Figure 21

56. Figure 22 below shows that Detroit spent a larger proportion of its General Fund Revenues on Central Government, after adjustments, than all of the Comparable Midwestern Cities in 2019. Detroit's adjusted Central Government spending comprised 22% of General Fund Revenue in 2019, after the aforementioned expense adjustments, while Cleveland spent 16%, Minneapolis 17%, Indianapolis 6%, and Columbus 15%.

Figure 22

57. Figure 23 below shows that Detroit's total employee headcount in 2019, measured on a full-time equivalent ("FTE") basis, is higher than Cleveland, Minneapolis, and Indianapolis, and slightly lower than Columbus. Employee compensation and benefit costs represent the highest categories of spending in both Public Protection and Central Government for Detroit. Detroit's lower Public Protection spending than the Comparable Midwestern Cities and higher spending in Central Government suggests that the additional FTEs employed by Detroit are Central Government employees.

Figure 23

58. Figure 24 below compares the total headcount of Detroit and the Comparable Midwestern Cities normalized on a per capita basis. This normalization reflects a metric of how many employees are available per city resident. Based on this metric, Detroit has a lower city employment rate than Cleveland, but higher than Minneapolis, Indianapolis, and Columbus.

Figure 24

VII. Detroit's Ability to Pay PFRS Legacy Pension Contributions

59. Detroit anticipates making annual contributions to the PFRS Legacy Plan of \$130 million annually beginning in 2024 which represents approximately 13% of its general fund budget.²² The scenarios specified for my evaluation by the Investment Committee involved different levels of funding needs based on two separate analyses.
- a. Under a 20-Year Level Dollar with 20-Year Layers ("20 Year Scenario") and investment returns between 3.5% and 6.75% between 2024 and 2043, (with the lower returns assumed in the earlier years and a return to 6.75% in later years) PFRS actuaries project that contributions between \$135 and \$185 million per annum are needed to fund the PFRS Legacy Plan. The average annual contribution of the 20 Year Scenario is \$169 million over the 20-year time period and is at \$156 million after year 2028, five years after contributions will have begun. Under this scenario, PFRS's actuarially developed contributions are between \$5 million and \$55 million higher than Detroit's anticipated contribution with an average annual contribution \$39 million higher than Detroit's anticipated contribution and \$26 million higher after five years of funding.
 - b. PFRS actuaries prepared an additional scenario where a 25-Year Level Dollar with 25-Year Layers ("25 Year Scenario") is used to project required PFRS Legacy Plan contributions. This scenario projects PFRS Legacy Plan contributions between \$122 million and \$164 million per annum using the same investment return assumptions as the 20 Year Scenario. The average annual contribution of the 25 Year plan is \$154 million over the 25 year time period and is at \$141 million after year 2028, five years after contributions will have begun. Under the 25 Year Scenario, PFRS's actuarially developed contributions are between \$8 million under Detroit's planned contribution and \$34 million higher than Detroit's anticipated contribution with an average annual contribution \$24 million higher than Detroit's anticipated contribution and \$11 million higher after five years of funding.
 - c. See *Exhibit H* for PFRS actuarially computed amounts to its Legacy Plans.
60. Based on the aforementioned average differences of \$39 million and \$24 million, the difference in contribution amounts represent between approximately 2.4% and 3.9% of Detroit's annual average General Fund Revenues from 2014 to 2025. With these additional amounts, the PFRS Legacy Plan would account for between 15.4% to 16.9% of General Fund Revenue on average and 14.1% to 15.6% after five years of funding.²³

²² OCFO Document Response to PFRS 7.22.2021.

²³ When adding an additional \$71.2 million, net of DIA, Library and DWSD/GLWA contributions, for the General Retirement System Legacy Plan the combined Legacy Plan

Retirement System v.
City of Detroit

Expert Report of
Raymond A. Roth, III,
CPA, CFE

October 13, 2021

61. Detroit's current General Fund Four-Year Financial Plan for 2022 through 2025 currently projects expenditures at the same level of revenue. Thus, for Detroit to increase its PFRS Legacy Plan contribution amounts, it will need to cut its anticipated levels of spending or realize revenue in addition to its current projections.

Expense Reductions

62. In order for Detroit to realize the savings needed to fund additional PFRS Legacy Plan contributions, it would most likely need to reduce its spending in either Public Protection or Central Government. All other expenditure line items in 2019 were between .24% and 3.92% of General Fund Revenue. Incorporating spending reductions from these categories, while not impossible, would necessitate essentially eliminating spending in some categories. Other amounts such as debt service, which represented a combined 5.97% of 2019 General Fund Revenues, have little flexibility for cost reduction.
63. Public Protection represents the largest category of Detroit General Fund Expenditures. However, Detroit's Public Protection spending is already lower than that of Comparable Midwestern Cities in proportion to revenue and its crime rate is higher. Further cuts in this expenditure might dissuade further investment in Detroit and compromise future revenues.
64. Central Government expenditures however represent an area where Detroit has historically spent proportionately more than Comparable Midwestern Cities, even after Demolition, Police and Fire, and Pension Related Expenses have been removed for comparative purposes.
65. In 2019, Detroit spent 22% of its General Fund Revenue on Central Government expenditures, after my adjustments, compared to 6% to 17% for the Comparable Midwestern Cities. However, it is not just one single comparison alone that suggests Detroit's Central Government spending is relatively higher than the Comparable Midwestern Cities. Instead, it is a confluence of factors, taken in totality, that triangulate this conclusion.
- a. First, Detroit is generally collecting as much, or more, revenue than the Comparable Midwestern Cities on a relative basis. Therefore, the difference in Central Government spending cannot be explained by a lack of revenue.
 - b. Second, Detroit spends less on Public Protection than the Comparable Midwestern Cities. The lower amount of Public Protection spending allows for higher spending in other expenditure categories.
 - c. Third, Detroit generally has a larger workforce than the Comparable Midwestern Cities. The biggest costs in both Public Protection and Central Government are employment related costs. With

Contributions would represent between 22.8% of General Fund Revenues after five years of funding and 24.1% on average under the more costly 20 Year Scenario.

proportionately lower spending in Public Protection and higher spending in Central Government suggests the excess employees reside in Central Government roles.

66. Looking ahead to 2024 and 2025, Detroit is budgeting approximately 23% of its General Fund Revenues to Central Government after making adjustments for Demolition/Blight, Police and Fire, and Pension Related Expenses. If this amount is reduced to the 17% of revenue spent by the next highest of the Comparable Midwestern Cities on Central Government, then Detroit would realize approximately \$65 million and \$64 million in cost savings for 2024 and 2025, respectively. See *Exhibit I* for the cost savings available to Detroit if it realized Central Government efficiencies reported by the Comparable Midwestern Cities.
67. The higher Central Government spending by Detroit is highlighted in its own projections of Salaries, Wages, and Benefits amounts compared to its own historical costs. In 2019, Detroit spent 50% of its General Fund Revenues on Salaries, Wages, and Benefits after removal of payments related to the Retiree Protection Fund ("RPF"). In 2022 and 2023, these expenditures increase to 63% and 58% of General Fund Revenues, respectively, after removal of RPF payments. If Detroit were to maintain its Salary, Wages, and Benefits amounts at 50% of its General Fund Revenue in 2022 and 2023, it would realize savings of \$128 million and \$82 million, respectively, which could be used for future pension contributions. Similarly, in 2024 and 2025, Salaries, Wages, and Benefits are projected to be approximately 57% of General Fund Revenues, after removal of \$220 million in pension contributions. If these amounts are reduced to the 50% of General Fund Revenues spent in 2019, then \$80 million and \$77 million, respectively, could be available for PFRS Legacy Plan contributions.²⁴ These changes in the proportion of employment related costs identify that Detroit is not managing its employment related costs with changes in revenues. See *Exhibit J* for the cost savings available to Detroit if it maintained the same proportion of Salaries, Wages, and Benefits expenditures in 2022 through 2025 that it had achieved in 2019.

Additional Sources of Revenue

68. My analysis of Detroit's historical revenues found that Municipal Income Tax Revenue increased by 42% between 2014 and 2019. However, the Pandemic and the resulting trend of remote work has significantly impacted this revenue source as remote work outside of Detroit is currently not taxable by Detroit even if the employer is domiciled in Detroit.
69. As such, Municipal Income Tax is the only major revenue category that Detroit does not project to return to pre-Pandemic levels. Figure 25 below shows the projected levels of Municipal Income Tax Revenue Detroit is expecting for years 2021 through 2026, as developed in the September

²⁴ It is important to note that cost savings from Salaries, Wages, and Benefits are not additive to the aforementioned Central Government savings as Salaries, Wages, and Benefit amounts are partially included in Central Government expenditures.

2021 Revenue Estimating Conference, in the blue bars and the percent of 2019 revenue this represents in the green line.²⁵

Figure 25

70. In preparing its projections for years 2022 and thereafter, Detroit assumed a loss in Municipal Income Tax Revenue because of remote work between 13.8% and 15.9%.²⁶ However, if the gross Municipal Income Tax Revenue is reviewed, prior to a remote work loss discount, its 2022 Municipal Income Tax Revenue remains below the Municipal Income Tax Revenue reported in 2019. With all of the aforementioned past and future investment in projects that have been made in Detroit, the assumption that Municipal Income Tax Revenue would decline absent any remote work considerations is conservative (i.e., a low estimation of future revenue). All of the aforementioned investments related to workforce and employment opportunities within Detroit support a higher estimation of revenue projected by Detroit prior to the consideration of any discounts for remote work. A joint study conducted by the University of Michigan and Michigan State and Wayne State Universities project the total number of payroll jobs in Detroit to return to pre-Pandemic levels by 2022.²⁷

²⁵ It is my understanding that the revenue forecast developed at the September 2021 Revenue Estimating Conference now represents Detroit's official economic forecast of anticipated City revenues. Stout did not update other sections based on this revenue as expenditures around these anticipated revenues has not yet been determined.

Committee of the
Detroit Police & Fire
Retirement System v.
City of Detroit

Expert Report of
Raymond A. Roth, III,
CPA, CFE

October 13, 2021

71. If Detroit were to use the same level of Municipal Income Tax Revenue reported in 2019, discounted for remote work, as the projection for Municipal Income Tax Revenue in 2022, it could expect an additional \$8 million in revenue. If the same growth rates are assumed that are used for Detroit's current projection, combined with the remote work discount, an additional \$8.5 million, \$8.8 million, \$9 million and \$9 million would be expected in years 2023 through 2026, respectively. If the remote work loss is removed from the projections and the 2019 Municipal Income Tax Revenue is substituted for 2022 and grown at the rates within the current projection, then Detroit could expect an additional \$61.6 million in Municipal Income Tax Revenue in 2022 increasing to \$62.8 million by 2026. See **Exhibit K** for a comparison of Detroit's Municipal Income Tax Revenue projections.
72. The uncertainty in Municipal Income Tax Revenue caused by the Pandemic presents a material challenge in determining the amount of revenue lost due to remote work. With rapid changes in both employee and employer preferences it is impossible to predict the level of remote work that will occur in 2024 and beyond. However, available data and information related to employment in Detroit, regardless of whether it is performed remotely or physically within a Detroit workplace, suggests a return to 2019 levels by 2022.²⁸
73. On January 22, 2021, the State of Michigan legalized online sports betting.²⁹ However, Detroit did not forecast this revenue in its Four-Year Financial Plan for fiscal years 2022-2025.³⁰ In the September 2021 Revenue Estimating Conference, Detroit now estimates iGaming/Sports Betting in excess of \$75 million annually in fiscal years 2024 – 2026.³¹
74. My review and analysis of Detroit's other major revenue sources: State-Shared Revenue and Property Taxes found that Detroit has not had significant increases to these revenues despite the growth and investments being made in Detroit. I therefore find Detroit's projections of these amounts as generally returning to 2019 levels to be reasonable.

Economic Downturns

75. The Legacy Plan funding scenarios developed by the PFRS actuaries intentionally use lower investment returns in their analysis to identify contributions necessary if investment returns are not met. Future economic downturns can be one reason why investment returns are not met. As such, I considered how such downturns might affect Detroit's ability to fund contributions to the Legacy Plan.

²⁸ City of Detroit Economic Outlook: 2020 – 2026. August 2021.

Retirement System v.
City of Detroit

Expert Report of
Raymond A. Roth, III,
CPA, CFE

October 13, 2021

76. In the event of an economic downturn, then Detroit will have more control in managing its expenses than protecting certain revenue streams. If Detroit's forecasted revenue declined by 10%, then it would have \$59.5 million and \$58.7 million in fiscal years 2024 and 2024, respectively, available for Legacy Plan contributions from reducing its Central Government spending to 17% of General Fund Revenue. Similarly, cost savings from managing its employee compensation related expenses at 50% of General Fund Revenue would make available \$80 million and \$77 million in fiscal years 2024 and 2025, respectively, for Legacy Plan contributions.³²
77. However, in the event of a future economic downturn that results in a loss of employment, a decline in employee compensation or other events related to Detroit's ability tax the earnings of its residents and/or workers that commute into the city then the additional revenue identified from Municipal Income tax might not be available.
78. The additional revenue identified by Detroit from iGaming / Sports Betting may also be at risk during an economic downturn, however, studies have mixed opinions. For example, in the last recession beginning in 2007, the Detroit casinos did not experience revenue declines.³³ However, other studies have found casino revenues to be negatively affected during economic downturns.³⁴

³² Cost savings from Central Government efficiencies and employee compensation are not additive.

³³ "Bottom Line: Are Casinos Recession Proof?" NPR. 2008 May 5.

³⁴ Duggan, Wayne. "Casinos Among the Hardest-Hit Businesses During Economic Downturns." Yahoo. 2019 January 12.

VIII. Conclusion

79. Detroit has experienced growth and prosperity since its bankruptcy, which is apparent in many quantifiable measures. The median income of its residents has increased and the number of residents living in poverty, unemployment, and crime has decreased. Problems such as blight, street lighting, and EMS response times have all significantly improved. Significant investments by major employers such as Stellantis, Ford, GM, Google, Microsoft, LinkedIn and Waymo have or are committed to be made in Detroit.
80. When benchmarking the historical levels of General Fund Revenue reported by Detroit to the Comparable Midwestern Cities, Detroit generally collects as much or more revenue on a normalized basis. Therefore, any budgetary constraints realized by Detroit is not because of a lack of revenue, but rather how it uses that revenue for the benefit of its residents. When benchmarking Detroit's Central Government expenditures to those of Comparable Midwestern Cities, I identified significant opportunity for continued improvements for efficiency in service delivery.
81. When comparing Detroit only to itself for past employee compensation amounts and future projections of those same amounts, Detroit's projections do not manage this expense in relation to its anticipated revenues. This results in fluctuations in the proportion of these costs between its past and anticipated revenues.
82. It is my opinion that Detroit is taking a conservative approach to forecasting Municipal Income Tax Revenue, notwithstanding its discount for remote work loss. Certain data suggests that Detroit could expect more revenue from this source than it is currently projecting that could be used for additional contributions to the Plan. Detroit also now anticipates significant revenue from iGaming and Sports Betting that it was not projecting earlier this year.
83. The cost savings and additional revenues identified in this report are summarized in **Exhibit L**, as well as presented below. When preparing this combined summary, care was taken to not double count the effects of the different scenarios previously discussed. First, it is important to separate the cost savings from Central Government efficiencies from more effectively managing employee compensation expenses which forms the basis for two separate scenarios. When projecting cost savings available, I also considered the effects of the increased revenue on these calculations. In the first scenario, it is reasonable that Detroit could expect an additional \$148 million by 2025 above its current projections, which already includes \$130 million in PFRS Legacy Plan contributions, to fund extra Legacy Plan Contributions. In the second scenario, Detroit could expect an additional \$119 million by 2025 above its current projections, which already includes \$130 million in PFRS Legacy Plan contributions, to fund extra Legacy Plan Contributions.

**Expert Report of
Raymond A. Roth, III,
CPA, CFE**

October 13, 2021

	FY2022	FY2023	FY2024	FY2025
Scenario 1:				
1 Detroit Cost Savings From Central Government Efficiencies	\$ 69,260,228	\$ 61,527,717	\$ 64,974,392	\$ 63,929,739
2 Additional Detroit Municipal Income Tax Above Projected Amount	8,026,446	8,549,152	8,755,331	8,941,182
3 Additional Revenue from Retail Sports Betting	66,400,000	73,800,000	75,400,000	75,400,000
4 Total Scenario 1 Savings	<u>\$ 143,686,674</u>	<u>\$ 143,876,869</u>	<u>\$ 149,129,723</u>	<u>\$ 148,270,921</u>
Scenario 2:				
5 Detroit Cost Savings From Salaries, Wages, and Benefits with Additional Revenue Projections	91,453,667	41,328,062	38,110,439	34,961,676
6 Additional Detroit Municipal Income Tax Above Projected Amount	8,026,446	8,549,152	8,755,331	8,941,182
7 Additional Revenue from Retail Sports Betting	66,400,000	73,800,000	75,400,000	75,400,000
8 Total Scenario 2 Savings	<u>\$ 165,880,112</u>	<u>\$ 123,677,214</u>	<u>\$ 122,265,769</u>	<u>\$ 119,302,858</u>

84. Detroit's current projections of \$130 million for PFRS Legacy Plan contributions are between \$11 million and \$26 million lower than the funding scenarios projected by PFRS actuaries after five years of funding by 2028. On average, Detroit's PFRS Legacy Plan projected contributions are between \$24 million and \$39 million lower than the PFRS actuary projections. The combined cost savings and additional revenue of \$119 - \$148 million, as presented in this report and the table above, exceed the projected shortfalls in PFRS Legacy Plan contributions. Thus, it is my opinion that Detroit will have the ability to pay the additional amounts of PFRS Legacy Plan contributions under the scenarios projected by its actuaries.

INTRODUCTION

This case commenced on May 28, 2015, for tax year 2015 and now includes tax years 2016, 2017, and 2018.¹ A deadline for dispositive motions was set and revised at several points but ultimately was established for July 20, 2020. A deadline for responses to dispositive motions was also modified and ultimately was set for September 18, 2020. Oral arguments on the motions and responses occurred on November 17, 2020.

¹ Subsequent tax years were severed by order of the Tribunal on August 21, 2019.

MICHIGAN OFFICE OF ADMINISTRATIVE HEARINGS AND RULES
MICHIGAN TAX TRIBUNAL
611 W. OTTAWA ST • P.O. BOX 30232 • LANSING, MICHIGAN 48909-8195 • 517-335-9760

with the question to be determined, "[w]hat is the average level of assessment of all real and personal property within the City of Livonia?" ³⁶⁴ The Court found,

The Michigan Constitution of 1908, controlling here, provided:

"The legislature shall provide by law a uniform rule of taxation, except on property paying specific taxes, and taxes shall be levied on such property as shall be prescribed by law." Article X, §3.

"All assessments hereafter authorized shall be on property at its cash value." Article X, § 7.

The constitutional mandates were implemented by the General Property Tax Act (PA 1893, No 206, as amended [C.L. 1948 and C.L.S 1961, § 211.1 et seq., as amended by PA 1963, No 66, (Stat. Ann. 1960 Rev. and Stat. Ann. 1963 Cum. Supp. § 7.1 et seq.)]). *The Act provides for the uniform assessment and taxation of all taxable property, both real and personal other than intangibles, at the standard of true cash value* (C.L. 1948, § 211.1, C.L.S. 1961, § 211.24, as amended by PA 1963, No 66, § 211.27 [Stat. Ann. 1960 *378 Rev. § 7.1, Stat. Ann. 1963 Cum. Supp. § 7.24, Stat. Ann. 1960 Rev. § 7.27]).³⁶⁵

The matter before us has little to do with the average level of assessment determined by the State Tax Commission with regard to all real and personal property, included in one category, in the city of Detroit.³⁶⁶ Here, Petitioner is requesting the Tribunal consider the uniformity in assessment of three Casino Facilities. However, the Tribunal, again, has no jurisdiction over the assessments of Greektown and MotorCity and it cannot draw a "uniform assessment" from Mr. Kernen's Report which relies on inaccurate information and frankly, makes little sense. The methodology in the Report is not found in any appraisal textbook, treatise, scholarly article, case law or statute and appears to have been presented to Kernen by counsel for its client's own self-interest,

³⁶⁴ *Appeal of General Motors*, *supra* at 381.

³⁶⁵ *Appeal of General Motors*, *supra* at 377-378 (emphasis supplied and added).

³⁶⁶ *Appeal of General Motors* predates the current statutory formula of true cash value equalized by class. See MCL 211.34 and 211.34c

not from any independent thought. When an “appraisal” is performed for the Tax Tribunal by a qualified appraiser, the Tribunal confirms its purpose is to independently determine the true cash value of the property, not based on any client coercion, instruction, or self-interest.³⁶⁷ Further, Mr. Kernan attempts to manipulate assessments on the tax roll, without any assessor qualifications. Finally, as noted above, the Court in *General Motors* found, “[t]he act provides for the uniform assessment and taxation of all taxable property, both real and personal other than intangibles, *at the standard of true cash value.*”³⁶⁸

Petitioner also cites *Edward Rose Building Co. v Independence Township*,³⁶⁹ to support its contention that uniformity in the mode and method of assessment is still required, twenty-five years after the holding in *Titus*. In *Rose Building Co*, the property consisted of 100 residential lots. Petitioner only sold single lots developed with houses, it did not sell multiple lots to other developers or builders. Lot sales slumped and the valuation experts valued the lots as if each were of equal value. However, Petitioner’s appraiser concluded that no market for individual lots existed so it based its valuation on multi-lot sales to builders. The Tribunal rejected Petitioner’s multi-lot sales comparables and accepted Respondent’s value per lot; however, the Tribunal discounted the value per lot, “to allow an 18% mark up for the influence of development costs during the holding period of liquidation.’ Thus the Tribunal essentially took the ‘wholesale’

Re: Police and Fire Retirement System of the City of Detroit – Recommended Amortization Period

Dear Mr. Raimi:

The purpose of this letter is to provide Cheiron's independent assessment of 20 versus 30 year funding periods for amortizing the unfunded actuarial liability of the Police and Fire Retirement System of the City of Detroit (PFRS).

Summary

The most recent actuarial valuation report for PFRS was prepared as of June 30, 2021 by Gabriel, Roeder, Smith & Company (GRS). As recommended by GRS, the PFRS Board and Investment Committee adopted a funding policy that amortizes the initial unfunded actuarial liability (UAL) over 20 years, determined as of June 30, 2022 with payments commencing in fiscal year 2024.

Based on our analysis which is detailed in this report, Cheiron's primary conclusions are as follows;

1. The differences between a 20-year and 30-year amortization as of June 30, 2022 are negligible in terms of ensuring sufficient assets will be available to pay all future benefits under the Plan.
2. The increase in annual City contributions to the Plan under a 20-year amortization period are significantly greater than those determined under a 30-year amortization period.
3. Because a 20-year amortization results in increased assets when compared to a 30-year amortization, this level of assets increases the exposure the City has to investment risk, without any offsetting benefit to taking such risk due to conclusion number 1.

Detailed Analysis

An amortization policy is a part of the overall pension plan funding policy. There are three primary principles to be followed in selection of a contribution policy:

1. The primary principle for funding is that the contribution policy should result in the plan accumulating assets adequate to make all future benefit payments when due.
2. The contribution policy should result in contributions which are affordable for the plan sponsor, i.e., the City of Detroit.
3. Under any contribution policy that results in sufficient assets to pay future benefits when due, the level of investment risk should be minimized.

The amortization policy recommended by GRS would meet the first principle above.

Whether it meets the second principle is an important consideration for all stakeholders. The Bankruptcy Plan of Adjustment provided for a 10-year “pension holiday” for City contributions to the PFRS plan. It also provided that the resulting UAL would be amortized over the subsequent 30 years. Cheiron understands that those provisions of the POA were integral to the Court’s feasibility analysis of the POA, which recognized the City’s need to minimize pension contributions while the City used general fund dollars to address critical needs in other areas. To the extent the POA provides guidance on what is “affordable,” the contribution policy should be consistent with the POA.

To the extent contributions are front-loaded, the investment risk is increased for the system. The 20-year amortization policy requires increased contributions in the early years. In the event of a market downturn, because assets are higher, the losses will be more significant and the requirement for contributions would increase.

It is our opinion that a longer initial amortization period of 30 years would still meet the first principle of accumulating adequate assets, and also result in contributions which are more affordable for the City. Finally, given that both a 20-year and 30-year amortization period meet the first principle, and that a 20-year amortization results in a greater asset build-up, a 20-year amortization period has increased investment risk and therefore does not meet principle three.

In arriving at our conclusions, we relied on the most recent information available, including the June 30, 2021 GRS actuarial valuation of the PFRS supplemented by GRS cash flow projections provided in the June 30, 2021 GASB 67/68 report.

In the graph shown below is a projection of the actuarial liability and plan assets through 2077. Plan assets are represented by the lines in the chart and are shown assuming 20-year (grey line) and 30-year (green line) funding of the June 30, 2022 unfunded actuarial liability. These projections assume that the fund earns 1% for the plan year ending June 30, 2022 and then the assumed rate of return of 6.75% each year thereafter with no further actuarial gains or losses. The grey bars represent the actuarial liability as of each actuarial valuation date.

As can be seen in the chart, both the 20-year and 30-year funding ultimately reach 100% funding. Also, under 30-year funding the plan is never less than 66% funded.

The next graph shows the projections of the City's contributions to the plan starting in 2024 under both 20-year and 30-year funding of the June 30, 2022 unfunded actuarial liability. This graph shows that the City contribution for the first 20 years are 20% greater under 20-year funding than under 30-year funding. Under the 30-year funding, even though the City contributions are much greater in years 21 through 30 (i.e. 2043-2052), those additional contributions are all less than the contribution levels for the first twenty years under 20-year funding, and are much more affordable at that time than having to pay 20% higher contributions in the first twenty years.

These projections are helpful to see the expected funding results when all actuarial assumptions are met each year into the future. However, there is a significant level of uncertainty in any projections into the future. The largest source of uncertainty is the projection of investment returns. In order to reflect this uncertainty, we have also included a stochastic projection of plan assets. The stochastic projections, based on assumptions provided by PFRS's investment consultant Wilshire, assume a geometric return of 6.88% and a standard deviation of 10.8%. The stochastic projection contains 1,000 trials over the projection period.

The first stochastic graph below shows projections of the market value of assets from 2023 to 2037. The results are shown within percentiles, with the least favorable in the 0.01 percentile at the bottom of the red bars for the 30-year funding scenario, and the bottom of the dark brown for the 20-year funding scenario. The bottom of both bars are never less than \$200 million meaning there is a 0% probability of insolvency during these years, which assures all benefits can be paid.

Just for informational purposes, the top of the bright green bars (for 30-year funding), and light brown bars (for 20-year funding) represent the most favorable results at the 99th percentile. Finally, the pink (30-year funding) and blue (20-year funding) dashes represent the 50th percentile result in each scenario. In both the most favorable results and the expected results for each year, the difference between 20-year and 30-year funding is, in our opinion, negligible.

The next stochastic chart shows the cumulative probability of plan insolvency through 2052 under 30-year funding, based on the 6.88% expected return and 10.8% standard deviation described earlier. It shows again, a 0% chance of insolvency.

GRS has stated that the current asset allocation may have to be de-risked over time in order to pay benefits and as such, the expected return can't be assumed to be the same over the long-term projection. To acknowledge and address this concern, we ran the same scenario as above, but assuming a 0% expected return over the projection period. Even under this scenario, our stochastic results produced a 0% chance of insolvency. This result addresses and eliminates this concern expressed by GRS. **Because of the 20-year amortization of future gains and losses, any de-risking of the portfolio would result in the plan being able to pay all benefits under a 30-year amortization funding policy.**

Mr. Charles Raimi

June 6, 2022

Page 6

Finally, given that under a 30-year funding policy, the plan is not expected to become insolvent, there is no need for the City to absorb the additional investment risk that arises under the 20-year funding policy due to more assets in the trust over a longer period.

Disclosures

The calculations in this letter are based upon the data, assumptions, methods, and plan provisions as outlined in the June 30, 2021 Actuarial Valuation Report prepared by Gabriel, Roeder, Smith & Company (GRS). We have accepted these assumptions for purposes this letter.

The results of this letter rely on future plan experience conforming to the underlying assumptions and methods outlined in the June 30, 2021 Actuarial Valuation Report. To the extent that the actual plan experience deviates from the underlying assumptions and methods, or there are any changes in plan provisions or applicable laws, the results would vary accordingly.

This letter includes projections of future contributions, assets, and funded status for the purpose of assisting the City and PFRS with the management of the Fund. We have used Cheiron's R-Scan model to develop these projections. The R-Scan projection uses projected benefit payments for current members based upon information included in the June 30, 2021 GASB 67/68 report produced by GRS. The stochastic projections of investment returns are based on the assumption that each future year's investment return is independent from all other years and is identically distributed according to a lognormal distribution. This assumption may result in an unrealistically wide range of compound investment returns over longer periods of time. The standard deviation used in the stochastic projection of investment returns was provided by Wilshire Associates.

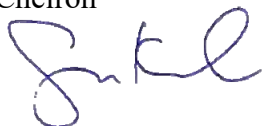

This letter has been prepared exclusively for the City of Detroit for the purpose described herein. This analysis is not intended to benefit any third party, and Cheiron assumes no duty or liability to any such party.

Finally, this letter has been prepared in accordance with generally recognized and accepted actuarial principles and practices and our understanding of the Code of Professional Conduct and applicable Actuarial Standards of Practice set out by the Actuarial Standards Board as well as applicable laws and regulations. Furthermore, as a credentialed actuary, I meet the Qualification Standards of the American Academy of Actuaries to render the opinion contained in this report.

If you have any questions or need additional information, please let us know.

Sincerely,

Cheiron

CONFIDENTIAL

The Police and Fire Retirement System
of the City of Detroit
One Detroit Center
500 Woodward Ave., Suite 3000
Detroit, Michigan 48226

Attention: Mr. David Cetlinski, Executive Director

**Re: June 30, 2021 Restoration Reserve Account for Component II of the Police and Fire Retirement System
of the City of Detroit**

Dear Mr. Cetlinski:

In accordance with Section K-3(2)a, of Exhibit E (see excerpt below) of the City of Detroit's Plan of Adjustment:

"For purposes of restoration of benefits through June 30, 2023, the Funding Target will be a 75% funded ratio, and the Restoration Target will be a 78% funded ratio, both projected to June 30, 2023. For purposes of calculating the funded ratio, the assets in the Restoration Reserve Account will be excluded. Each year, if the Plan Actuary projects that the Funded Level as of 2023 (excluding Restoration Reserve Account assets to avoid double counting) exceeds the Restoration Target (i.e., exceeds 78%), a credit of assets for bookkeeping purposes will be made into a new notional Restoration Reserve Account. The notional credit will be an amount equal to the excess of assets above the amount projected to be needed to satisfy the Restoration Target."

You have requested that we calculate a potential credit of assets to be made into the Restoration Reserve Account as of June 30, 2021.

Our calculations are based on the results of the June 30, 2021 valuation, using the assumptions outlined in Section K-3(2)a, including use of the market value of assets and a 6.75% assumed rate of investment return net of administrative and investment expenses, and assuming no future ASF transfers due to future investment gains. The assumptions and methods to be used were agreed upon by the legal counsels of the Police and Fire Retirement Board and the Investment Committee.

Please note that we are not attorneys and nothing in this letter is intended to provide legal advice. We suggest that your attorney and/or the IC's legal counsel review this letter to ensure that we have correctly interpreted Section K-3.

In accordance with Section K-3(2)a, the Actuarial Accrued Liability (AAL) and the Market Value of Assets (MVA) are projected to June 30, 2023. The projection is based on estimates of benefit payments and refunds of member contributions. **The projection is illustrated below:**

	(\$ Millions)	
	Actuarial Accrued Liability (AAL) (A)	Market Value of Assets (MVA) (B)
(1) Value on June 30, 2021	\$ 3,374.9	\$ 2,749.1
(2) Contributions - Fiscal Year (FY) 2022	N/A	18.3
(3) Expected Benefit Payments and Refunds - FY 2022	(299.3)	(299.3)
(4) Interest - FY 2022*	217.9	175.6
(5) Value on June 30, 2022 (1)+(2)+(3)+(4)	\$ 3,293.5	\$ 2,643.7
(6) Contributions - FY 2023	N/A	18.3
(7) Expected Benefit Payments and Refunds - FY 2023	(298.5)	(298.5)
(8) Interest - FY 2023*	212.4	168.5
(9) Value on June 30, 2023 (5)+(6)+(7)+(8)	<u>\$ 3,207.3</u>	<u>\$ 2,531.9</u>

* Employer contributions are assumed to occur at the end of the year. Expected benefit payments and refunds are assumed to occur mid-year.

The 78% Restoration Target is applied to the projected June 30, 2023 AAL in order to determine whether the projected June 30, 2023 MVA exceeds that amount. Since the credit of assets to be made into the Restoration Reserve Account is as of June 30, 2021, the excess of the June 30, 2023 MVA over the target is discounted back to June 30, 2021 using an annual discount rate of 6.75%.

Calculation of notional credit needed to satisfy the Restoration Target

	(\$ Millions)
(1) June 30, 2023 Restoration Target	78%
(2) June 30, 2023 AAL	<u>\$ 3,207.3</u>
(3) June 30, 2023 Projected Target MVA (1)x(2)	\$ 2,501.7
(4) June 30, 2023 Projected MVA	<u>2,531.9</u>
(5) Projected MVA excess over target (4)-(1)	\$ 30.2
(6) Discount factor to June 30, 2021	<u>0.8775</u>
(7) June 30, 2021 value of excess (5)x(6)	<u>\$ 26.5</u>

The end result is an amount of **\$26,526,870** as a credit of assets to be made into the Restoration Reserve Account as of June 30, 2021.

Additional Notes:

- This information should be considered in conjunction with the June 30, 2021 actuarial valuation of the Police and Fire Retirement System of the City of Detroit of Component II, which we issued on March 16, 2022 (the 2021 valuation report).
- Future valuations will likely be affected by the Restoration Reserve Account. We expect to issue a memo with additional requests for guidance from the legal counsels (Board and Investment Committee) on the appropriate treatment.
- Upon request, we are prepared to provide an estimate as to whether there are sufficient funds in the newly established Restoration Reserve Account to restore any COLA benefits under the POA as of June 30, 2021. The calculation of the COLA will likely depend on the answers to some of the questions in the memo described above.
- We recommend the System adopt administrative procedures for this account (crediting of interest, treatment of gains/losses, and credits and debits to the reserve as called for in the plan document).

If you have any questions regarding this information, please call. We would be happy to meet with the Board or Investment Committee to discuss this information.

David T. Kausch, Judith A. Kermans, and Jamal Adora are Members of the American Academy of Actuaries (MAAA) and meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinions contained herein.

Sincerely,
Gabriel, Roeder, Smith & Company

David T. Kausch, FSA, EA, FCA, MAAA, PhD

JA:ah

Valerie – I am attaching the OCFO's response to Stout's information requests that was provided to you and Stout some time ago. The response (page 3) asks that the IC hear from Mayor Duggan and the City's actuarial expert in conjunction with its consideration of the funding issue.

We would be grateful if you would confirm that will be arranged before the IC begins deliberations on the funding issue.

Also, we would be grateful if you would send us a copy of the Stout report.

Thanks.

It is the Client’s responsibility to make its own decision based on the information available to it. Management has the knowledge, experience and ability to form its own conclusions related to the Client’s POA Financial Projections. There will usually be differences between forecasted and actual results because events and circumstances frequently do not occur as expected and those differences may be material. EY takes no responsibility for the achievement of forecasted results. Accordingly, reliance on this report is prohibited by any third party as the projected financial information contained herein is subject to material change and may not reflect actual results.

Plan of Adjustment - 40 year projections

Assumptions
(\$ in millions)

Plan of Adjustment - 40 year projections

General Fund Cash Flows	GF 40yr cash flows	\$4.3b funds available for unsecured claims
	DIP financing	Quality of Life (\$120m @ 3.5% assumed to be refinanced as part of exit facility)
	Exit financing	\$300m note @ 6.0% maturing in FY26
	Swap treatment	\$85m settlement
	Contingency	Reflects 1.0% of total revenues
Revenue stream from DWSD	Pension	\$429m for pension in the first 10 years
	OPEB	12.1% of OPEB - current retirees payments
	POC	11.5% of total POC payments
Reimbursement from other funds	Reimbursements from Parking (non GF) and Library	
Hypothetical art proceeds (a)	Foundations	\$366m over 20 years
	DIA	\$100m over 20 years
Hypothetical State settlement (a)	Contributions to pension	\$195m in FY15
Hypothetical claims treatment PFRS		
	Pension	
	Contributions (years 1-10)	Estimated to be \$261m from foundations / State settlement
	Contributions (years 11-40)	UAAL as of June 30, 2023 estimated to be ~\$681m (b) amortized over 30yr, including contributions in second decade from DIA and foundations
	Discount rate	6.75%
GRS		
	Pension	
	Contributions (years 1-10)	Estimated to be \$99m from State settlement; \$429m from DWSD; \$45m from DIA; \$146m from GF & other funds
	Contributions (years 11-40)	UAAL as of June 30, 2023 estimated to be ~\$695m (b) amortized over 30yr, including contributions in second decade from DIA and foundations
	Discount rate	6.75%
UTGO		
	Hypothetical Note A1	\$287.5m note funded with pass-through UTGO millage
	Hypothetical Note A2	\$55m settlement note
LTGO		
Other unsecured		
	Hypothetical Notes B	\$632m note paid over 30 years - \$450m OPEB, \$162m POC, \$4m notes/loans and \$16m other

Footnotes:

- (a) Hypothetical art and State settlement proceeds are subject to a consensual agreement with respect to the treatment of pension-related claims.
- (b) Estimated pension contributions to retirement systems and unfunded pension liabilities as of June 30, 2023 are subject to change.

I. INTRODUCTION

In the supreme irony for a so-called motion to “enforce a plan,” the City cites no actual text—not one sentence—from the Plan of Adjustment (the “Plan”) to support its claim that the Plan “requires” a 30-year amortization period for the upcoming payment to the PFRS. Because it cannot rely on the Plan to support its position, the City instead resorts to extrinsic evidence—a financial projection from the confirmation trial—which is also unavailing, as it (i) states on its face that it was merely a “hypothetical” scenario for payment of the PFRS claim that was “subject to change,” (ii) was one of 2,300 exhibits introduced at trial and was never incorporated into the Plan, (iii) was cited by the Court in its Confirmation Opinion only in passing, and (iv) whose author admitted at trial that the parties would have to “decide what the amortization methodology is of the UAAL at the year 10.” It is as though it was the City’s “plan” in the colloquial sense—as in, its subjective intent—to use a 30-year amortization period, but it is confusing that with “the Plan”—as in, the formal legal document governing its exit from bankruptcy. The City’s unilateral intent, no matter how sincerely held, does not trump the four corners of the Plan.

Under the four corners of the Plan, the PFRS was granted exclusive authority to decide its own funding policies, specifically including “amortization periods” for any unfunded liability that the is the City’s responsibility to pay. The State Contribution Agreement entered into as part of Grand Bargain—which, unlike the financial

projection the City hangs its hat upon, *is* attached to the Plan and expressly incorporated into it—required that the Retirement Systems appoint an independent Investment Committee to make decisions precisely like the one at issue here. The Investment Committee’s authority to select applicable amortization periods was not only part and parcel to the overall Plan, it was even codified into Michigan law in conjunction with the Plan. In fact, the City, as the plan sponsor and payor source for the pension funds—is *prohibited* by state law from steering the Investment Committee’s decision because the City is deemed a “party in interest.” In other words, the City is presumed biased and not an “independent fiduciary” to the PFRS, and therefore, it is forbidden from controlling this decision.

These governance changes were specifically negotiated during the bankruptcy, and for good reason—the parties to the Grand Bargain were seeking to avoid the prior turbulent history between the City and the two Retirement Systems, which included numerous lawsuits for nonpayment, the disastrous Certificates of Participation (“COPs”) transaction, a takeover by an Emergency Manager, and ultimately, this bankruptcy in which the City threatened to force a drastic reduction in thousands of retirees’ pension payment via cramdown. Accordingly, in exchange for its contribution of nearly \$200 million to the City’s coffers—the State demanded that the City not be permitted to steer the funding policy for the PFRS in the future. The State was prescient in this regard, as that is precisely what the City is attempting to do now

in this Motion: forcing the PFRS to accept a risky repayment schedule over three decades so the City can avoid its pension obligations and divert funds earmarked for the pensions to pay for other initiatives. The PFRS Investment Committee, though, exercising its fiduciary duties (and in complete lockstep with the PFRS Board of Trustees, who passed a resolution recommending adoption of the 20-year amortization period), determined it was more prudent for the PFRS to receive its money sooner than 30 years to shore up underfunding more quickly. The City's refusal to comply is proving the point—this Motion is a glaring example as to *why* the City is boxed out of this decision-making process.

While the Plan is silent as to the specific length of the applicable amortization period, it is not silent as to which party (the City versus the PFRS) gets to decide that issue. It is undisputedly the PFRS. In fact, Mayor Duggan's own statements to the media admit precisely this—he has openly complained about the “lack of control” the City has over this decision. But that is the deal the City struck. The City may now regret the deal it struck—but that was the deal. It is enshrined in the Plan of Adjustment, approved by this Court nearly a decade ago, long since substantially consummated under Section 1127 of the Bankruptcy Code, codified in Michigan law under Public Act 314—and enforceable by the PFRS. By asking this Court to enjoin the PFRS from setting its own funding policy, the City is not seeking “enforcement” of the Plan, it is actually seeking a wholesale modification of the Plan. And a tardy

one at that, as the Sixth Circuit already held years ago that the Plan was substantially consummated and also specifically ruled that the Grand Bargain cannot be unwound.

While the Plan is abundantly clear that the PFRS is entitled to make the call regarding its amortization policy—and therefore, evidence extrinsic should not be consulted—if the Court does consider evidence outside the four corners of the Plan, then *all* the extrinsic evidence needs to be weighed, not just one financial projection out of 2,300 documents at trial. When the larger record is reviewed, the reason that a 30-year amortization period is absent from actual text of the Plan is clear: because the City’s own experts on its “Pension Task Force” testified that no amortization period decision had been made and that a shorter period is the better practice. Those experts actually agree with the PFRS actuary, the Investment Committee and the PFRS Board’s position—a shorter amortization period is the more prudent funding policy.

Moreover, raising the specter of “feasibility” now gets the City nowhere. It is undisputed that the City *has* the money. To its credit, the City has set aside hundreds of millions of dollars in trust to fund the 2023 Payment. The issue is not whether the City can afford a shorter 20-year amortization—it admits it can—the issue is that the City would rather spend that money on other things. The PFRS Board has diligently implemented the Plan and complied with it to a tee, and its Investment Committee is functioning precisely how it was intended under the Plan. Unfortunately, as was all too common pre-petition, the City wants to ignore its pension obligations and divert the

cash to meet other needs—which was a recipe for disaster pre-bankruptcy. This is exactly what the Court-appointed feasibility expert, Martha Kopacz, warned against: “The City must be continually mindful that a root cause of the financial troubles it now experiences is the failure to properly address future pension obligations... if the City does not monitor the obligation that is going to be there in 2023... they could wake up with a bad nightmare, not unlike what they’ve been through with the pension systems to get to this point.” The City’s habit of reverting to the all-too-familiar routine of not paying its pension obligations as they become due should not be countenanced, and more importantly, the clear language of the Plan should not be ignored. The City’s Motion should be roundly denied.

II. FACTUAL BACKGROUND

A. The Plan—as Part of the Grand Bargain—Required Formation of an Investment Committee With Authority to Determine Amortization

This Court, in confirming the City’s Plan, emphasized that the “Grand Bargain” was the “cornerstone” of the entire Plan:

[T]he Grand Bargain, which includes the State Contribution Agreement and the DIA settlement, is the cornerstone of the City’s plan... Without these settlements, several other creditor settlements would also collapse. In addition, the approximately \$816 million in outside funding provided as part of the Grand Bargain would not be available.

In re City of Detroit, 524 B.R. 147, 174-75 (2014). The Grand Bargain was a complex negotiated settlement involving at least twenty-seven different constituents, including the City, the State of Michigan (the “State”), the Official Committee of Retirees, the

GRS, the PFRS, the Detroit Institute of Arts (the “DIA”), two unions, seven employee and retiree associations, and fifteen charitable foundations (the “Foundations”). *Id.* at 169-70. It disposed of the City’s largest creditor—the Retirement Systems—who had asserted a roughly \$3 billion claim—and resolved two classes of creditor claims (Classes 10 and 11). *Id.* at 172-174. In exchange for funding from the State, the DIA, and the Foundations, extensive governance changes were required for both the GRS and PFRS. As will be set forth below, these governance changes divested the City of any ability to control the PFRS’s funding policies (including any applicable amortization period) and granted that power exclusively to the Investment Committee and the Board within the PFRS.

(1) The Plan’s Treatment of the PFRS Claim Lacks an Amortization Term

While the City claims the Plan “requires” a 30-year amortization period, the Plan’s treatment for Class 10 claimants (the PFRS Pension Claim) makes no mention of any amortization period—let alone a 30-year one. Instead, the Plan only states:

A. Contribution to PFRS... *After June 30, 2023*, (1) PFRS will receive certain additional DIA Proceeds and (2) *the City will contribute sufficient funds required to pay each Holder of a PFRS Pension Claim his or her PFRS Adjusted Pension Amount in accordance with and as modified by the terms and conditions contained in the Plan and the Prior PFRS Pension Plan, in accordance with the State Contribution Agreement and exhibits thereto.*

(Plan, Art. II(B)(3)(q)(ii)(A)) (emphasis added). At bottom, the only express economic term in the Plan regarding the lump sum payment owed by the City in 2023 was that the City would pay it. No other economic terms were included in the Plan for this

payment (hereafter, the “2023 Payment”), and there is no mention of a 30-year amortization.¹ The City *did* expressly include amortization periods for other transactions contemplated in the Plan (*e.g.*, the New LTGO Bonds, the New B Notes, and the New C Notes)—but not for the PFRS Claim. *Id.* at 282, 315, 348.

The Plan also required key changes to the PFRS “governance,” including the advent of an Investment Committee:

F. Governance. On or as soon as reasonably practicable after the Effective Date, *an Investment Committee shall be established under PFRS in accordance with the State Contribution Agreement. The Investment Committee shall be vested with the authority and responsibilities set forth in the State Contribution Agreement...* [.]

Id. at Art. II.B.3.q.ii.F (emphasis added). The State Contribution Agreement referenced in Paragraphs (A) and (F) was attached as an exhibit to the Plan and is therefore part of the Plan itself. (Plan, Art. 1(283), pg. 23) (defining the “Plan” as “this plan of adjustment and All Exhibits attached hereto or referenced herein, as the same may amended, restated, supplemented, or otherwise modified”).²

¹ The only substantive term on a go forward basis for the PFRS under the Plan was a mandatory investment return assumption of 6.75% and that term was expressly stated in the Plan. *Id.* at Art. II.B.3.q.ii.B.

² The Confirmation Order—which the City repeatedly argues throughout its Motion is the “Plan”—is not part of the Plan. In fact, the “Confirmation Order” is a separately defined term in the Plan. (Plan, Art. 1(72), pg. 7) (defining the “Confirmation Order” as the order of the Bankruptcy Court confirming the Plan pursuant to section 943 of the Bankruptcy Code, as it may be subsequently amended, supplemented, or otherwise modified”).

(2) The State Contribution Agreement

The funding contribution from the State under the Plan—which was the net present value of \$350 million payable over 20 years (or \$194.8 million)—was expressly contingent upon “the governance terms and conditions set forth in the State Contribution Agreement” being adopted by both the PFRS and GRS. (Plan, Art. IV.D(1), (3); see also Plan, Exhibit I.A.332 - State Contribution Agreement, Recital F, pg. 1) (“the State has agreed, subject to the satisfaction of the terms and conditions set forth herein and in the Plan, to make a contribution to the GRS and PFRS...”).

The most critical governance change under the State Contribution Agreement was the implementation of an Investment Committee:

2. Governance Requirements of the GRS and PFRS. At all times during the 20 year period following the disbursement of the State Contribution to the GRS and PFRS, the GRS and PFRS each must establish an investment committee (the “Investment Committee”) for the purpose of making recommendations to, and approving certain actions by, the respective System’s board of trustees and/or making determinations and taking action under and with respect to Investment Management, as set forth in the terms and conditions enumerated on Exhibit A and Exhibit B, respectively... [.]

(Plan, Ex. B thereto, State Contribution Agreement, ¶ 1, pg. 716 of 809). In the list of specifically identified “Conditions Precedent,” the State once again reiterated that it was not obligated to contribute funds unless “the Court enters a final, non-appealable order confirming the Plan, that includes... [a] requirement that the governing documents of the GRS and the governing documents of the PFRS be amended to

include... the governance terms and conditions set forth in Paragraph 2, Exhibit A and B of this Agreement... [.]” *Id.* at ¶ 4(f)(ii)(a). The referenced “Exhibit B” is the “Investment Committee Governance” term sheet for the PFRS (the “Governance Term Sheet”). *Id.* at pg. 733 of 809.

(3) Composition and Authority of the Investment Committee

Before the State would agree to contribute its nearly \$200 million cash infusion to the Retirement Systems, it required that an Investment Committee be formed, comprised of five independent members, two active employee members, and two retirees—but no City representatives. The State Contribution Agreement required a truly independent board; one insulated from interference by the City as the plan sponsor. It explicitly forbid any of the “independents” from being a City appointee: “None of the Independent Members shall be a party in interest as defined by MCL 38.1132d(4).” *Id.* That statute, in turn, defines a “party in interest” as: “The political subdivision sponsoring the [pension] system.” MCL 38.1132d(4)(c) (emphasis added).

Due to these governance changes, the City was unable to obtain majority control and was stripped of any power to “control” any particular vote of the Investment Committee.

(4) The Investment Committee’s Authority to Select Amortization Periods Under the Plan Documents

The Governance Term Sheet expressly granted the Investment Committee (via recommendations by the Investment Committee to the PFRS Board of Trustees) the

power to decide a proper amortization period, not the City:

“Investment management” with respect to plan assets shall mean:

4. **Reviewing and affirming or rejecting the correctness of any and all calculations, actuarial assumptions and/or assessments used by the Plan Actuary**, including, but not limited to: (i) those underlying the restoration of pension benefits, **funding levels and amortization thereof**, all in accordance with the Pension Restoration Program... (ii) **those underlying the determination of annual funding levels and amortization thereof** . . . [.]

8. Any interpretation of Plan documents, existing law, **the POA, or other financial determination that could affect funding or benefit levels**.

Id. at pg. 737 of 809 (emphasis added). Thus, while the Plan is silent as to the specific length of the applicable amortization period, it is not silent as to which party (the City versus the PFRS) gets to decide the proper amortization period.

These governance changes are key to this Motion for three reasons. First, the Governance Term Sheet was expressly incorporated into the Plan and is enforceable as part of the Plan. Second, the State’s funding obligation was contingent upon the Investment Committee being given authority to make “investment management decisions” so without these governance changes, the State would not have contributed its \$194.8 million. Lastly, as set forth above, the Plan expressly states that the City’s 2023 Payment must be made “in accordance” with these governance changes—which means that if the Investment Committee selects a 20-year amortization period for the

2023 Payment, the City must comply.³ If the PFRS Investment Committee and the PFRS Board (which are in complete agreement that a shorter amortization period is necessary) had capitulated to the City’s recent demand for a longer 30-year amortization period, the PFRS would be in breach of the Plan.

(5) The Investment Committee’s Authority to Select Amortization Periods Under Michigan Law

The State Contribution also required the Investment Committee to comply with Michigan’s Public Employee Retirement Act (“PERA” or “Public Act 314”):

The IC [Investment Committee] shall be an investment fiduciary to the PFRS. An IC Member or other fiduciary under the PFRS shall discharge his or her duties with respect to the PFRS in compliance with the provisions of Public Act 314 of 1965, *as amended*.

Id. at 735 of 809 (emphasis added). To implement the Governance Term Sheet, Michigan law itself was amended to clarify that the Investment Committee was bestowed with the authority to make *all* investment management decisions, including amortization. Public Act 314, as amended to carry out the Plan, provides:

(1) Subject to a plan for adjustment,^[4] each large sponsored system shall establish an investment committee.

(2) **The investment committee shall recommend to the governing board of the large sponsored system investment management decisions, including, but not limited to, all of the following:**

³ As noted above, the Plan treatment for the Class 10 PFRS Pension claim states: “[a]fter June 30, 2023... the City will contribute sufficient funds ... in accordance with the State Contribution Agreement and exhibits thereto.”

⁴ A “Plan for adjustment” means “a plan for the adjustment of debts entered and approved by a federal bankruptcy court for a city that has established a large sponsored system.” MCL 38.1133g(d). This statute was amended in 2014 in connection with the City’s bankruptcy.

(d) Subject to a plan for adjustment,^[5] all calculations, actuarial assumptions, or assessments used by an actuary, including, but not limited to, those underlying the restoration of pension benefits, *funding levels, and amortization of the restoration of pension benefits*, and those underlying the determination of annual funding levels and *amortization of annual funding levels*, and recommended contributions to the large sponsored system in accordance with applicable law.

(g) Interpretation of the large sponsored system's governing documents, applicable laws, *plans of adjustment approved by United States bankruptcy courts, and other financial determinations affecting the large sponsored system's funding or benefit levels*.

MCL 38.1133g (emphasis added). Thus, the State Contribution Agreement and the accompanying Governance Term Sheet—which included the PFRS's right to control amortization decisions—was not only expressly incorporated into the Plan, it was codified into Michigan law. The Plan states that the parties' rights and obligations under the Plan must be performed in accordance with Michigan law: "the laws of the State of Michigan... shall govern the rights, obligations, construction and implementation of the Plan and any contract... instrument, release or other agreement or document entered into or delivered in connection with the Plan." (Plan, Article VIII(I), pg. 72). Both the City and the PFRS are bound by MCL 38.1133g and must act in accordance with its mandate that the Investment Committee (in consultation with the PFRS Board) choose the amortization period. For this separate and independent

⁵ As noted previously, the only term the PFRS could not change under the Plan of Adjustment was the assumed investment rate of return 6.75%.

reason, the PFRS—not the City—undisputedly has exclusive authority for this decision.

The wisdom of removing the employer who pays into the retirement system from pulling the proverbial purse strings and deciding the amount of its annual contribution or repayment terms is obvious—the fiduciary responsibility of each Investment Committee member and the PFRS Board of Trustees is to the PFRS, not to the City. One way of ensuring the members are not “serving two masters” with potentially conflicting interests is to structure the Investment Committee in a way that would minimize the City’s influence. Insulating the Investment Committee from these pressures was not only a requirement under the Plan, it became a requirement under Michigan law.

(6) The DIA Settlement Terms Also Required Governance Changes

The governance changes were echoed in the DIA Settlement, too, as part of the larger Grand Bargain. An express requirement of the DIA Settlement was that the City shall “adopt and maintain pension governance mechanisms that meet or exceed commonly accepted best practices reasonably satisfactory to the [DIA] Funders and the State to ensure acceptable fiscal practices and procedures for management and investment of pensions and selection of acceptable pension boards to ensure the foregoing.” (Plan, Exhibit I.A.126 – Principal Terms of DIA

Settlement, pg. 67 of 809).⁶

Without these governance changes, the funding from both the State and the DIA would not have materialized, and the “cornerstone” of the City’s entire Plan would have crumbled.

(7) The Amended PFRS Plan Documents Under the Plan of Adjustment

As part of the extensive changes to the PFRS under the Plan of Adjustment, new plan documents for the pension fund were drafted by the City’s bankruptcy attorneys at Jones Day and ratified via Emergency Manager Order No. 44. (Ex. A, EM Order No. 44, ¶ 13, Ex. E thereto, “PFRS Plan”). Consistent with the State Contribution Agreement, the new PFRS Plan documents also expressly confer the amortization decision upon the Investment Committee. Under the new PFRS Plan:

As of the effective date of the Plan of Adjustment, but subject to consummation of the State Contribution Agreement, an Investment Committee is hereby created for the purpose of making recommendations to the Board of Trustees and *taking action under and with respect to certain investment management matters relating to the Retirement System.* The creation and operation of the Investment Committee *is controlled by the Governance Term Sheet* . . . The Investment Committee shall serve in a fiduciary capacity with respect to the investment management of Retirement System assets, determination of investment return assumptions, and Board compliance with provisions of the governing documents[.]

(Ex. A, PFRS Plan, Art. I, Sec. 1.21). The “Governance Term Sheet” referenced in

⁶ All governance terms were required for a period of twenty (20) years after the Plan of Adjustment. (Plan, Exhibit I.A.126 – Omnibus Transaction Agreement, Art. V, Section 5.2(a), pg. 104 of 809).

this paragraph, as set forth above, explicitly gave the Investment Committee the right to decide amortization, and this was repeated in Article 16.2 of the PFRS Plan:

For purposes of this Combined Plan, “investment management decisions” and “investment management matters” shall include:

(d) review and affirmation or rejection of the correctness of any and all calculations, actuarial assumptions and/or assessments used by the Actuary including, but not limited to (i) those underlying the restoration of the pension benefits, funding levels and amortization thereof, all in accordance with the pension restoration program attached to the Plan of Adjustment (as more fully described in Article K of Component II of this Combined Plan Document), (ii) those underlying the determination of annual funding levels and amortization thereof, and (iii) on or after Fiscal Year 2024, the recommended annual contributions to the Retirement System in accordance with applicable law;

Interpretation of Retirement System governing documents, existing law, the Plan of Adjustment or other financial determination that could affect funding or benefit levels[.]

Id. at Art. 16.2(1), pg. 62-63 (emphasis added).⁷ In fulfilling its duties, the Investment Committee is also expressly required to “give appropriate consideration” to the “liquidity needs of the Retirement System.” *Id.* at Art. 16.3(3). Thus, the Plan could

⁷ The power to decide any applicable amortization periods was also repeated in Section 9.3 as it relates to Component I (the hybrid plan). It states: “For plan years commencing July 1, 2023 and later, the accrued pension liabilities for Members shall be determined by the Actuary using reasonable and appropriate actuarial assumptions approved by the Board and the Investment Committee. The City’s annual contributions to finance the normal cost of benefits and any such unfunded accrued pension liabilities shall be determined by the Actuary amortizing such unfunded accrued pension liabilities over a period or period of future years as established by the Board and approved by the Investment Committee.” *Id.* at Art. 9.3(2), pg. 39-40 (emphasis added).

not be more clear—the decision as to which amortization period to select is within the sole discretion of the Investment Committee and the Board of the PFRS.

B. The Larger Extrinsic Records Reveals Why a 30-Year Amortization Period Is Absent from the Plan

The Plan unambiguously grants the PFRS the right to set its own funding policy and the Court need look no further than the Plan document. But if the Court finds an ambiguity in the Plan and deems it appropriate to consult extrinsic evidence, then the entirety of the record needs to be examined—not just one financial projection out of a multi-week trial with dozens of witnesses.

(1) The City’s Plan Always Envisioned That the Economic Terms for the 2023 Payment—Even the Amount—Were Subject to Change

In its Motion, the City pretends as if the amount and the repayment terms of its lump sum payment at the end of its ten-year hiatus was set in stone back in 2014 when the City exited from bankruptcy.⁸ Neither term (either the amount or amortization

⁸ While not central to resolution of the City’s Motion, the City improperly blames the PFRS and its actuaries for the City’s own failure to properly calculate the underfunding amounts. [ECF No. 13602, pg. 30]. A brief historical recounting will clarify the record in this regard for the Court. In April of 2013, the City set up a “pension task force” comprised of multiple lawyers from Jones Day and at least three different experts – Charles Moore formerly of Conway Mackenzie, Glenn Bowen from Milliman and Gaurav Malhotra from Ernst & Young. (Ex. B, Bowen 7/1/2014 Dep at 304). The calculations and financial projections presented at the Confirmation Trial by the City were performed by Malhotra and Bowen. The Retirement Systems’ actuary, Gabriel Roeder, did not testify or contribute to these calculations, and no one from either of the Retirement Systems—the GRS or the PFRS—were asked to participate on the pension task force. (Ex. C, Kermans Dep at 22, 133, 136; Ex. D, C. Thomas Dep at 135-140). The Retirement Systems’ actuary, Gabriel Roeder, who has now been the actuary for nearly 80 years and

methodology) was set in stone. Far from it—the amount of the future payment was merely a reasoned “guess” but was ultimately dependent on how well the PFRS’s investment portfolio performed over that ten-year period when all the parties knew the PFRS would be defunded. In fact, various scenarios were run by the City’s actuary (Milliman) that analyzed what the effect of the PFRS’s investment portfolio returns would be on the size of the City’s payment at the end of the ten-year hiatus, and Milliman concluded the amount could fluctuate wildly—by over a *billion* dollars if the PFRS investments performed poorly.⁹ This was always a “risk” inherent in the City’s

knows the systems more intimately than any third party—was not asked to join the Pension Task Force. Neither was the former Director of the Retirement Systems, Cynthia Thomas. *Id.* In September of 2014, at the Confirmation Trial, Glenn Bowen testified that he used the Gabriel Roeder 2013 Valuation Report to conduct his analysis and he adopted all of the assumptions for his go forward model—including the mortality table assumptions regarding life expectancy. (Ex. E, 9/15/2014 Hrg. Tr., pg. 53-60). Milliman also ran the projections to determine the funding levels for 2023 both pension plans—not the GRS, PFRS, or its actuaries. *Id.* at 75. Thus, any accusation that the PFRS “failed” to do proper calculations is an outright falsehood.

⁹ The City’s scenarios for the 2023 Payment amounts were set out in the table below in the Court-appointed expert’s Supplemental Report (Ex. F), and despite these wild fluctuations, Kopacz still found the Plan “feasible” as did the Court.

PFRS Average Rate of Return Scenario Analysis⁷

Average Rates of Return July 2014 - June 2023	Estimated Funding Status June 2023	Estimated Projected Unfunded Liability June 2023	Estimated Projected Unfunded Liability Variance
3.00%	43%	\$ 1,717	\$ 1,036
5.00%	60%	\$ 1,208	\$ 527
6.00%	70%	\$ 917	\$ 236
6.75%	78%	\$ 681	\$ -
8.00%	92%	\$ 252	\$ (429)
0% - 1st 5 years; 10% - 2nd five years	53%	\$ 1,439	\$ 758
10% - 1st 5 years; 0% - 2nd five years	64%	\$ 1,097	\$ 416

Plan. Further, the City’s financial expert, Malhotra, admitted to the Court that unlike the other creditor settlements—which were locked in, both in terms of amount and other economic terms—the pension liability at the end of the ten-year hiatus was not:

THE COURT: Okay. I want to ask you, what are the two or three most critical assumptions in the City's 10-year forecast or projections that concern you the most?

A. The first one, Your Honor, would be the unfunded pension liability of the City at the end of the 10 years because in a lot of this in terms of the settlement to the creditors, we have boxed in what the City's liability will be. On the side of the pensions, we are still using calculations to estimate what that 10-year unfunded liability will be. So that will be my first one as a concern because it's an unknown, it's an estimate, but it's still not boxed in in terms of how we have boxed in our best ability of the other claims.

(Ex. G, Malhotra Conf. Tr. Hrg. Tr. 9/29/2014, pg. 272).

To account for this uncertainty, the financial projections prepared by Malhotra—and cited by the City as support for this Motion—were replete with cautions and caveats to make clear that the projections were merely a “best guess”:

The attached Plan of Adjustment preliminary forecast... its assumptions and underlying data... consist of information obtained solely from the Client. With respect to prospective financial information relative to the Client, Ernst & Young ... *expresses no assurance of any kind on the information presented ... There will usually be differences between forecasted and actual results* because events and circumstances frequently do not occur as expected and those differences can be material... reliance on this report is prohibited by any third party as the projected financial information contained herein *is subject to material change and may not reflect actual results*.

(ECF No. 13606-2, pg. 69-70, the “Financial Projection”) (emphasis added). In addition to this general caveat, the specific language the City cites in support of its claim that a 30-year amortization was “required” actually cautions that the entire exercise

was a “hypothetical” treatment of the PFRS claim that was “subject to change.”

Hypothetical claims treatment

PFRS Pension

Contribution (years 1-10) Estimated to be \$261m from foundations/State settlement

Contributions (years 11-40) UAAL as of June 30, 2023 *estimated* to be ~\$681m^(b) amortized over 30yr, including contributions in second decade from DIA and foundations

Footnotes:

- (a) Hypothetical art and State settlement proceeds are subject to a consensual agreement with respect to the treatment of pension-related claims
- (b) *Estimated* pension contributions to retirement systems and unfunded pension liabilities as of June 30, 2023 are subject to change

Id. (emphasis added).

(2) The City’s Expert Admits an Amortization Schedule Was Not Yet Set

With respect to the amortization issue, Malhotra—the author of the very Financial Projection the City pins its entire Motion on—outright admitted that the amortization period was not yet determined for the pension liability that would be paid at end of the ten-year payment hiatus and would have to be decided later:

THE COURT: Does the plan commit the City, legally commit the City to make those payments?

THE WITNESS: My understanding is the City is committed to fund the unfunded liability. I just don't know -- the City and the Retirement Systems have to decide what the amortization methodology is of the UAAL at the year 10. And the City is committed to fund that underfunded liability. Depending on what amortization schedule gets picked, the payments can change slightly because of the interest rate. But my understanding is the City is committed to make the payments beyond 2024 into those pension systems.

Q. Let me ask this: How would the change in amortization after 2024 affect the contribution level?

A. It depends on the amortization methodology. What we have used

in the projections is a straight line principal in which the City is making higher payments in the first decade and over the course of the 30 years makes lower payments going forward. You can change the amortization methodology to make it like a level payment over 30 years in which the City will have lower payments in the first say 10 years, but over the course of the 30 years the City will end up paying more because it has to pay more interest. *So it's more on the methodology aspect as to how that liability gets serviced.*

(Ex. G, Malholtra Conf. Tr. Hrg. Tr. 9/29/2014, pg. 183-84) (emphasis added). Even without either (i) the amount of the unfunded pension liability in 2023 (which could swing by \$100 million or even \$1 billion), or (ii) the amortization schedule solidified, the Court still found the Plan feasible.

In addition to the Financial Projection admittedly being just a “best guess,” it was not expressly incorporated into the Plan. At best, it was one piece of evidence *out of 2,300* that were admitted at the Confirmation Trial.¹⁰ In fact, there were at least ten different versions of the City’s financial projections admitted into evidence a trial. (Conf. Order at pg. 37). The sum total the Court commented about this particular Financial Projection—and the other ten iterations of it—was that the “City’s revenue and expense projections... are reasonable, made in good faith, accurate, consistent with other financial projections made by the City and based upon assumptions that are reasonable when considered individually or collectively.” *Id.* at 37-38. The Court *summarized* this “hypothetical” payment scenario for the 2023 Payment in the

¹⁰ See Conf. Order, pg. 1-2 (noting the Court conducted a 24-day evidentiary hearing that entailed 41 witnesses and 2,300 exhibits).

Confirmation Opinion, but it did not expressly incorporate the Financial Projection into the Plan, nor did the Court find that any other (shorter) amortization period would impact the feasibility of the Plan. *In re City of Detroit*, 524 B.R. 147, 231-32 (Bankr. E.D. Mich. 2014). Thus, while the Financial Projection cited by the City may have been evidence to support the Plan’s feasibility, that is a far cry from transforming a single line item within that projection into an express “requirement” of the Plan.

(3) The City’s Plan Is Bereft of a 30-Year Amortization Term Because Its Own Experts Did Not Support It

As noted, Malhotra modeled a “hypothetical” scenario where the 2023 Payment was paid over 30 years, but he also admitted the amortization decision would not be made until the end of the ten years. The record is otherwise bereft of any mention of a 30-year amortization period—likely because the other two of the City’s Pension Task Force experts, Glenn Bowen and Charles Moore—admitted at their depositions that the trend was toward shorter amortization periods.¹¹ And none of the City’s experts (including Malhotra) testified that a 30-year amortization was (i) required under the Plan, or (ii) a requirement for the Plan’s “feasibility.” Even the Court-appointed feasibility expert, Martha Kopacz, took no position on amortization.¹² Again, while the Plan is clear, if the Court is going to look outside

¹¹ A 30-year amortization is the longest period allowable under Michigan law.

¹² Kopacz, offered no opinion on the topic of amortization and did *not* testify that the Plan would be unfeasible with a shorter amortization period. (Ex. E, M. Kopacz 9/15/14 Hrg. Tr. at 188 – 190) (“Q. And you were not retained to opine on

of it, then it should consider the more fulsome evidentiary record as to precisely *why* this term is found nowhere in the Plan.

In connection with modeling performed throughout the Bankruptcy process, the City's own actuary, Bowen, admitted that he at times recommended shorter amortization periods to the City, and regardless, ultimately noted that this would be an issue for the Retirement System's actuaries to determine:

Q. Okay. Scenario three, if you look at it, changes to a closed 30-year amortization. Do you see that?

A. I do...

Q. And you say... that the change from open to closed amortization and level percent of payroll to level dollar payroll for this scenario is based on our expectation of changes that the system actuary might make in response to the closing of the plan to new hires. . . Can you explain what you meant by that?

A. The level percent of payroll amortization develops a payment pattern in dollars, where the dollars are smaller today than they are in the future, and basically increase geometrically over time as payroll increases. So it's a significantly backloaded way to pay off a debt...

Q. Okay. And why are you trying to project what the system actuary might do?

A. We were asked to value the particular scenario which was closing the plan to new hires. So with a finite future, given our expectation of what the system actuary would do, this represents the -- these results represent the information that we would expect that the system and the plan sponsor would see if the actuary took those steps.

Q. And it's also a reflection, isn't it, **that ultimately the decision is going to be made by the system actuary about how to deal with these things?**

the appropriateness of any smoothing method or amortization period used by the Detroit Retirement Systems; correct? A. Correct.") When asked specifically about an "appropriate amortization period," she stated she would "have to study that" in order to be able to offer an opinion and agreed that she would "have no basis to know whether a five- or a ten- or a twenty- or a thirty-year amortization period would appropriate[.]" *Id.* at 190.

A. Yes.

Q. And, in fact, you say in the next sentence, they might choose not to make any change or could make a different change. Do you see that?

A. Yes, I do.

Q. And so ultimately how... this will actually work out will depend on what the system actuary decides, correct? Or they decide in, the [pension] plan decides in consultation with the system actuary?

A. That is exactly what I was going to say.

Q. Okay. And then you go on and say: Milliman's recommendation in this instance would be to make both changes and also to decrease the term of the amortization period. Do you see that?

A. I do.

Q. Okay. And so, first, you are recommending here that there be a less than 30-year amortization period in the event that the plan is closed, correct?

A. Yes, we are.

(Ex. B, Bowen 7/1/2014 Dep Tr. at 297-300) (emphasis added). Consistent with Bowen's testimony that the Retirement System's actuary would determine amortization, he explained that he did not ultimately make a recommendation to the City as to amortization with respect to either (i) the Plan design, generally or (ii) the 2023 Payment, specifically:

Q. Okay. And what I'm trying to understand is whether, because of your role on the pension task force, you did more than simply receive instructions, but provide input to the pension task force about what your instructions should be, what scenario should be chosen, what parameters, what assumptions you made, any of those things?

A. I don't believe that we played that role. We received, as you mentioned, many different plan design scenarios to model. We received many different investment returns to run those scenarios at. And we performed the modeling as requested...

Q. So there's no circumstance where you ever recommended an amortization period, for example, other than what we've just seen?

A. To the best of my recollection, no.

Q. Is there any analysis here -- and *I believe the answer is no, but I just want to make sure I'm not missing something -- of what the amortization period will be for the remainder of the UAAL after 2023?*

Anything to show how the remaining 30 percent is going to be amortized?

A. I'll check just to make sure. *I don't see any mention in this letter.*

Id. at 304-95, 354 (emphasis added). When asked about multiple scenarios he ran regarding amortization periods for closed (“frozen”) plans, Bowen admitted that while there was no “rule” forbidding 30 years, his general stance as an actuary is to prefer something shorter. “[I]f a plan sponsor were to conclude that we are closing our plan but we’re going to fund over 30 years because that’s what our budget permits, I can’t tell them not to do it” but as an actuary, *“I would wish they would do something shorter[.]”* *Id.* at 331 (emphasis added). Lastly, when asked about a 20-year amortization period used in modeling certain scenarios for the City, he reiterated:

Q. Did you tell the city at any point that use of a 20-year amortization period would be contrary to best practices?

A. I don’t recall using those words, no... I'm more inclined to make statements that a shorter amortization period will cost more but will secure pension benefits sooner and will set the plan in a better position. If you choose to use a longer period, you'll have more, more risk of downside experience, to the extent you don’t have the money in the plan to support the benefits[.]

Id. at 329-332 (emphasis added). Not surprisingly, when Bowen testified at the Confirmation Trial on September 15, 2014, he offered no testimony that a 30-year amortization period should be adopted.

Similarly, the City’s other pension task force expert, Moore, testified that a 30-year amortization period would *not* be in line with what most public pension systems

were adopting and noted the “trend” was toward a shorter period:

Q. And, generally speaking, UAAL is amortized over a 30-year period; correct?

A. No. That’s incorrect. We’re talking about two different things here. First of all, I’ve been -- I’ve attempted to be very careful to say that \$292 million is an unfunded amount. UAAL stands for unfunded actuarial accrued liability... In addition to that, this is a closed and frozen plan. There’s no new accrual of benefits. So what you were referring to with an amortization of a UAAL, that’s the amortization of an unfunded actuarial amount and in the context of a plan that is still accruing benefits. *The last point is there’s no set standard in terms of 30 years. As a matter of fact, most plans are moving towards a shorter period of amortization, plus you have to get into whether it’s an open 30-year or closed 30-year period.* So there are a variety of factors that go into amortizing UAAL, but regardless, that’s a completely separate topic than what we have here, which is an unfunded liability associated with a closed frozen plan.

Q. What’s the basis for your statement that most plans are moving towards a shorter period?

A. *I have reviewed many municipal plans and that is a trend that I have seen.*

(Ex. H, Moore 7/24/2014 Dep. Tr. at 333-334).¹³ Against this backdrop, it is no surprise the Plan did not contain a requirement that the 2023 Payment must be amortized over 30 years—the City’s own Pension Task Force was not supportive.

Mayor Duggan—setting aside for the moment that he openly threatened to *sue* these advisors for their alleged incompetence—now lauds the work done by the “parties and their attorneys and their advisors, as well as Kopacz” during the Bankruptcy and argues that the “thousands of hours” spent “working out the POA”

¹³ The trend toward a shorter period as identified by Moore continued in the years since he testified—according to the Public Plans Database, in 2012, approximately 40% of plans used a 30-year amortization period but as of 2019, it had declined to only 24%. (See <https://publicplansdata.org/>, last visited September 6, 2022).

must be considered and given deference. (ECF No. 13602, Duggan Dec. at ¶ 38). Giving deference to the “experts,” however—Bowen, Moore, and now Gabriel Roeder, the PFRS Board, and the PFRS Investment Committee (which is comprised of independent financial experts who unanimously voted in favor of the 20-year period)—dictates the same result the PFRS already arrived at: it is exceedingly more prudent from a funding policy perspective to seek payment in a shorter time frame.

C. The PFRS, In Consultation With Advisors, Selects a 20-Year Amortization

The PFRS Board and the Investment Committee studied the amortization issue thoroughly for years and views it as an essential piece of its funding policy. Although it had absolutely no obligation to do so, the PFRS permitted the City to present its position multiple times prior to making its decision. The first presentation occurred in August of 2020, and was set forth in a report entitled “Legacy Pension Obligations.” (Ex. I, Legacy Report, ECF No. 13478, Exhibit 2). In that presentation, the City warned that the City’s financial situation had deteriorated during the pandemic. The Retirement Systems’ long-time actuaries, Gabriel Roeder, analyzed the situation and cautioned the PFRS against a risky 30-year funding policy:

[A]ssuming those comments to be accurate, the Retirement Systems face significant risk that the City will default on any funding policy, even the absolute minimum 30-year amortization... The City is proposing a benefit plan that allows for the Retirement Systems to run out of money.

(Ex. J, Report from Gabriel Roeder dated Sep. 28, 2020, pg. 2) (emphasis in original).

Gabriel Roeder reminded PFRS of the potential for a payment default, as the City

leaders admitted that as a result of “significant lost tax revenue due to the [pandemic] shutdowns,” the City had only closed “budget gaps” by “taking advantage of funds available through the CARES act.” *Id.* at 1. Gabriel Roeder offered detailed analysis, including the City’s candid admission that its finances had deteriorated, and advised that “[i]n mature Legacy plans, the risk of plan insolvency is increased when amortization periods are longer than 10 or 15 years.” *Id.* at 2.

Following that presentation, the City commissioned a report from Gene Klowarski of the Cheiron firm in which he opined that a 20-year amortization period would significantly increase the size of the City’s payment but that in his opinion, the decrease in risk by front-loading the payments was “negligible.” (ECF No. 13602-2, Ex. 12). With all due respect to Mr. Klowarski, his report is largely irrelevant, as the Investment Committee is entitled to rely on its own actuarial expert’s opinions over the City’s viewpoint. Plus, it undisputed that the City can “afford” a shorter amortization; it simply does not want to.

While the City (to its deserved credit) has diligently set aside funds in a trust to pay the 2023 Payment, in exercising their fiduciary duties, the Investment Committee and the PFRS Board are also entitled to consider the current financial condition of the City, as well as the long history of payment defaults that nearly bankrupted the Retirement Systems. The PFRS had to sue the City each and every year leading up to

the Bankruptcy for failing to make its pension contributions.¹⁴ In addition to lawsuits, the PFRS had to deal with a takeover of the City by an emergency manager, oversight by a state financial review commission, an arguably illegal transaction used to fund the City's pension obligations (*i.e.*, the COPs) that risked bankrupting the Systems altogether,¹⁵ and then the ultimate payment default—the largest municipal bankruptcy in history—in which the City threw the Retirement Systems into the most serious funding crisis to date, refused to abide by the Michigan Constitution's prohibition against to not “impairing” pension obligations, and threatened to drastically cut retirees' pension payments via a cramdown, if necessary. Finally, after over a year of complex negotiations, the Grand Bargain was crafted and the Plan confirmed, but consistent with past practices, the City once again wants to avoid its pension

¹⁴ See e.g., Wayne County Circuit Court Case Nos. 12-009119-AW, 11-008267-AW, 10-007555-AW and 09-017512-AW.

¹⁵ As the Court described this history in the Confirmation Opinion: “By 2005, the City had fallen behind in its constitutional and statutory requirements to make contributions to the PFRS and GRS. At the time, the City did not have sufficient resources to fully fund its pension plans, and the amounts it needed to borrow would have exceeded the debt limits under the Home Rule City Act (“HRCA”)... In an attempt to meet its funding obligations without violating the HRCA, the City entered into a series of complex financial transactions.” (Conf. Order, p. 192-193). These “complex financial transactions” included the certificates of participation (the “COPS”), which the City later argued were illegal and unenforceable transactions in violation of Michigan law and admitted that the City had created “sham entities” for the “sole purpose of making a one-time payment to the PFRS and GRS.” *Id.* In short, the City openly admitted that it funded the pension systems in a highly questionable financial transaction that, if unwound, could have resulted in bankrupting the Systems if the COPs funds had to be disgorged.

obligations and spend the money elsewhere, jeopardizing PFRS's funding with a longer amortization period. The Investment Committee and the PFRS Board would not be exercising prudent fiduciary judgment if they failed to take the City's historical default risk into account when setting its funding policy—and they have.

When it came time to vote on the issue, the entire Investment Committee unanimously voted in favor of the shorter 20-year amortization period, and the Board agreed and also voted in favor of it. (ECF 13602, Exhibits 7-8, PFRS Mtg. Minutes).

D. The City Admits That It Lacks Control Over the Amortization Decision

The PFRS is fully within its rights to rely upon its own advisors and ignore the City's request for a longer amortization period. And the City knows this—Mayor Duggan has publicly admitted as much. The Mayor has expressed to the media that his frustration lies in the fact that his administration lacks control over the decision because the amortization payment schedule is determined by the PFRS Board and Investment Committee, stating:

My bigger question is, why does the City of Detroit have no role in picking the investment committee that's making the decision on our retirees' pensions? ... Now we've got an investment committee that was essentially appointed by [former Gov. Snyder] that doesn't report to anybody, that has voted to shorten the amortization to 20 years.

(Ex. K, Crain's Article 3/17/2022, "Duggan Budget Plan Includes Putting More Money in Retiree Protection Fund as Pension Cliff Nears"). The answer to this question is simple: the reason the City has no role in the Investment Committee is

because (a) the State Contribution Agreement—and hence, the City’s own bankruptcy plan—required this governance change in exchange for the nearly \$200 million in funding donated by the State,¹⁶ and (b) Michigan law forbids City officials, since they are representatives of the plan sponsor and the funding source for the PFRS, from comprising a majority of the Investment Committee and dictating the PFRS’s funding policies. This Motion illustrates exactly *why* the City was required to give up its influence on these issues.

The admissions by Mayor Duggan undermine the entire premise of the City’s Motion—the real complaint is that in hindsight, the Mayor is frustrated that he does not hold sway over the PFRS to force it to adopt a funding policy with a longer amortization period that is friendlier to the City’s budget. As set forth above, the actual Plan is bereft of *any* mention of an amortization period, let alone a 30-year one. The City’s anger or disappointment does not change the outcome. The City may now regret the deal it struck—but that was the deal. Any other outcome is actually a “modification” of the Plan, not “enforcement” of it.

¹⁶ The Mayor’s criticism is also not factually accurate. The State did not “appoint” the individual members of the Investment Committee, nor does the Investment Committee have unfettered discretion with no oversight (it reports to the PFRS Board of Trustees).

III. LAW & ARGUMENT

A. The Plan Does Not Require a 30-Year Amortization and Instead Gives the PFRS Unfettered Discretion to Determine the Applicable Period

“In interpreting a confirmed plan, courts use contract principles, since the plan is effectively a new contract between the debtor and its creditors.” *In re Conco, Inc.*, 855 F.3d 703, 711 (6th Cir. 2017) (citation omitted). “State law governs those interpretations, and under long-settled contract law principles, if a plan term is unambiguous, it is to be enforced as written, regardless of whether it is in line with parties’ prior obligations.” *In re Dow Corning*, 456 F.3d 668, 676 (6th Cir. 2006) (citation omitted). Accordingly, “[a]bsent an ambiguity in the contract, the parties’ intentions must be discerned from the four corners of the instrument without resort to extrinsic evidence.” *In re Conco*, 855 F.3d at 711 (citation omitted); accord *In re Settlement Facility Dow Corning Trust*, 628 F.3d 769, 772 (6th Cir. 2010) (noting the Court may only “open the cleanroom of textual interpretation to whatever extrinsic evidence awaits outside” after the court has found a provision in the plan is “ambiguous”). “The fact that one party may have intended different results, however, is insufficient to construe a contract at variance with its plain and unambiguous terms.” *In re Conco*, 855 F.3d at 712 (citation omitted).

(1) The Plan Documents Unambiguously Grant the PFRS the Power to Decide Amortization So Extrinsic Evidence Cannot Be Considered

Here, there is no ambiguity in the Plan—the documents clearly divest the City

of any ability to unilaterally force the PFRS to accept a 30-year amortization and instead expressly give the Investment Committee (and the PFRS Board) the discretion to make this decision. The Governance Term Sheet and the new PFRS Plan documents are both expressly incorporated into the Plan itself and are directly enforceable as “the Plan.” This Court already held that the amended PFRS Plan documents are part of the Plan of Adjustment and enforceable on their own accord. *In re City of Detroit*, 614 B.R. 255, 266-67 (E.D. Mich. Bkr. Ct., 2020). In fact, the City even went so far as to seek sanctions against certain retired firefighters that it claimed were acting in violation of the new PFRS Plan (in particular, the Deferred Retirement Option Plan or “DROP Program”). In that case, the City argued that the new PFRS Plan took effect on December 10, 2014, and that any actions taken by retirees in violation of the new PFRS Plan were a violation of the broad discharge injunction in the Plan of Adjustment. *Id.* at 266. The Court agreed that the new PFRS Plan was part of the Plan of Adjustment, reasoning:

The Plan is defined the ‘Plan’ to mean ‘this plan of adjustment and all Exhibit attached hereto or referenced herein, as the same may be amended, restated, supplemented, or otherwise modified.’ The word ‘Exhibits,’ in turn, is defined to mean ‘the documents listed on the ‘Table of Exhibits’ included herein...’ and that the Table of Exhibits includes Exhibit I.A.254.a, entitled ‘Form of New PFRS Active Pension Plan’ and Exhibit I.A.254.b, entitled ‘Principal Terms of New PFRS Active Pension Plan.’ These two exhibits were attached to the Plan when it was filed on October 22, 2014. The first of these exhibits, Exhibit A.A.254.a, is entitled ‘Combined Plan for the Police and Fire Retirement System of the City of Detroit, Michigan[,] Amendment and Restatement Effective July 1, 2014.’ ... Based on the foregoing, it is clear that the City’s POA

includes the provisions of the New PFRS Plan[.]

Id. at 266-267. Just as the DROP program terms were enforceable against the retired firefighters, so too are the governance terms in the PFRS Plan enforceable here. The only difference is that in this case, the PFRS Plan terms do not aid the City—as they explicitly direct the PFRS to select the applicable amortization period—so the City seeks to ignore them. When it was to its benefit, the PFRS Plan documents were enforceable—even *sanctionable* if not followed. When it is now to the City’s detriment, the City ignores the PFRS Plan documents altogether. As set forth above in painstaking detail, amortization is clearly for the PFRS to decide, and the City should be held to that. As the Court in *In re Conco* noted: “[t]he fact that one party may have intended different results... is insufficient to construe a contract at variance with its plain and unambiguous terms.” The same is true here—while the City apparently “intended different results” with respect to the 30-year amortization period—that is no reason to ignore the Plan’s plain and unambiguous terms.

(2) Even If Considered, the Extrinsic Evidence Is Unavailing

Despite there being no ambiguity in the Plan, the City attempts to rely on a piece of extrinsic evidence—its Financial Projection. While numerous projections were entered into evidence at the Confirmation Trial in support of “feasibility” of the Plan, there were nearly a dozen iterations of those projections and none of them were expressly incorporated into the Plan. Moreover, there were 2,300 exhibits entered into

the evidentiary record at the Confirmation Trial, and under the City’s argument, this entire evidentiary record would be part of the City’s “Plan of Adjustment”—including multiple iterations of the same financial projections. There were literally *thousands* of exhibits introduced at trial to support plan confirmation. All 2,300 exhibits are not a “finding of fact” or “conclusion of law” as urged by the City.

Because there is no ambiguity, the Court can look no further than the Plan itself and resorting to extrinsic evidence is not permitted. Even if the Court did look to the extrinsic evidence the City relies on, it does not aid the City’s case. On its face, the line item on the Financial Projection touted by the City as a “requirement” that the 2023 Payment be amortized over thirty years is replete with caveats and warnings that it was merely a “hypothetical” scenario that was “subject to change.” In fact, the author of the Financial Projection, Malhotra, outright admitted that the details surrounding the “amortization schedule” and “amortization methodology” would be decided later. (Ex. G, Malhotra Conf. Hrg. Tr. at 183-84). The City’s other two pension experts admitted that a shorter period than a 30-year amortization schedule would be preferable from an actuarial and funding policy perspective.

Moreover, the City *knows* that extrinsic documents not expressly incorporated into the Plan are irrelevant. In fact, the City successfully argued this position to defeat a similar claim by certain retirees who sought to enforce a Term Sheet executed between the Retired Detroit Police and Fire Fighters Association (“RDPFFA”) prior

to the Plan. When the RDPFFA attempted to enforce the Term Sheet post-confirmation, the City objected, and argued:

The RDPFFA’s position is palpably meritless. As a bankruptcy law *and* contractual matter... reliance on the Term Sheet itself is inappropriate because the Plan superseded the Term Sheet, and the Term Sheet is not enforceable independently from the Plan. . . The Plan is a new and binding contract between the City and the RDPFFA covering these topics . . . As a matter of law, the Term Sheet, as a stand-alone document, no longer binds the parties and is superseded by the Plan. See Official Comm. of Unsecured Creditors v. Dow Corning Corp. (In re Dow Corning Corp.), 456 F.3d 668, 676 (6th Cir. 2006), cert denied, 549 U.S. 1317 (2007) (“In interpreting a confirmed plan, courts use contract principles, since the plan is effectively a new contract between the debtor and creditors.”) . . . Notably, paragraph 8 of the Term Sheet – the only provision at issue here—specifically states that it relates to the treatment of claims in Classes 10 and 12 under the Plan. **Plan treatment is governed only by the confirmed Plan, not by other documents extrinsic to—and whose substantive provisions are incorporated into—the Plan.** In re A.P. Liquidating Co., 283 B.R. 456, 459 (Bankr. E.D. Mich. 2002)... the Plan incorporated all the applicable terms set out in the Term Sheet, and the RDPFFA never objected to the omission of any terms from the Plan. **As such, the Plan replaced the Term Sheet and relevant rights of RDPFFA retirees are governed by the Plan.**

[ECF No. 9571, ¶¶ 24-26] (bold and italics emphasis original, bold and underlined emphasis added). This Court agreed, finding that the term sheet was not “incorporated into or made part of the Plan” and thus the term sheet “did not survive confirmation of the Plan.” *In re City of Detroit*, 538 B.R. 314, 320 (E.D. Mich. Bkr. 2015). Further, the Court held that “only the Plan, and not the Term Sheet, governed the treatment of Classes 10 and 12.” *Id.*

In a complete about face, the City is arguing the opposite here. As the City

itself previously argued, the RDPFFA did not object when one of the salient terms from its Term Sheet was not expressly incorporated into the Plan, and therefore, the forfeited the right to object after confirmation. Here, the City *itself* wrote the Plan. It is the City's own Plan. If the City needed a 30-year amortization in order to make the Plan feasible, it should have insisted on making that an express term in the Plan. It did not. Moreover, unlike the RDPFFA Term Sheet, the Governance Term Sheet at issue here *was* expressly incorporated into the Plan, as were the new PFRS Plan documents—both of which expressly grant the PFRS with the decision-making authority on the amortization issue. Thus, the City's own prior interpretation and enforcement of the Plan undermines its current Motion, and the Court should not deviate from its prior holding.

B. Any Request to Modify the Plan Fails Because the Plan Has Already Been Substantially Consummated.

The Plan does not permit the City to unilaterally impose a 30-year amortization period on the System. Instead, as established above, the Plan unequivocally requires that decision be made by the PFRS itself—in particular, the Board and the Investment Committee. What the City is the *really* asking the Court for is a modification to the Plan—and a tardy modification, at that.

The Bankruptcy Code provides that a debtor may modify a plan “at any time after confirmation of such plan and before substantial consummation of such plan[.]”

11 U.S.C. § 1127(b); see also Plan, Art. VIII(B) (“the City may alter, amend, or modify

the Plan or the Exhibits at any time prior to or after the Confirmation Date but prior to the substantial consummation of the Plan”). Here, it is undisputed that the Plan has already been substantially consummated. In prior appeals brought by aggrieved retirees, the City argued that it had already “substantially consummated the Plan” and therefore, it was too late to make any modifications to its terms, and the Sixth Circuit agreed:

We measure “substantial consummation” by the Bankruptcy Code definition, which considers the extent of the debtor’s transfer of property, assumption of responsibilities, and distribution of assets as prescribed by the plan. . . In this case. . . *the Plan has been substantially consummated, inasmuch as numerous significant—even colossal—actions have been undertaken or completed, many irreversible*; and the requested relief of omitting the bargained-for (and by majority vote agreed-upon) pension reduction would necessarily rescind the Grand Bargain, its \$816 million in outside funding, and the series of other settlements and agreements contingent upon the Global Retiree Settlement, thereby unravelling the entire Plan and adversely affecting countless third parties, including, among others, the entire City population... This is not a close call. In fact, the doctrine of equitable mootness was created and intended for exactly this type of scenario, to “prevent[] a court from unscrambling complex bankruptcy reorganizations” after “the plan [has become] extremely difficult to retract.”

In re City of Detroit, Michigan, 838 F.3d 792, 799 (6th Cir. 2016) (citations omitted) (emphasis added). Thus, the City cannot modify the Plan now, particularly as it relates to the pensions or the Grand Bargain.

C. The City Should be Estopped from Arguing Against Its Prior Positions

The City has argued the *opposite* of what it is currently arguing in no less than three prior cases post-confirmation (each cited above) and should be estopped from its current arguments under the doctrine of judicial estoppel. In its prior dispute with

retirees, the City argued the Plan was already substantially consummated and could not be modified, particularly as it relates to the pension settlement, since the Grand Bargain was the cornerstone for the rest of the Plan. In its dispute with the RDPFFA, the City successfully argued that the Court cannot look to extrinsic documents to modify the express terms of the Plan. Lastly, in a dispute with retired firefighters over the DROP Program, the City argued the PFRS Plan documents are enforceable as part of the Plan. The City won each of these cases and yet is disingenuously now attempting to argue the exact opposite: (i) that it can modify the Plan’s governance terms, which expressly state that the PFRS gets to set the amortization period; (ii) that extrinsic documents—the Financial Projection—should supersede the Plan’s express terms; and (iii) that the PFRS Plan documents are somehow not an enforceable part of the Plan. This is a violation of the doctrine of judicial estoppel and should not be countenanced.¹⁷

¹⁷ Judicial estoppel is meant to preserve “the integrity of the courts by preventing a party from abusing the judicial process through cynical gamesmanship, achieving success on one position, then arguing the opposite to suit an exigency of the moment.” *In re B & P Baird Holdings, Inc.*, 759 Fed.Appx. 468, 483 (6th Cir. 2019) (citation omitted). It is intended to prevent a party from “playing fast and loose with the courts,” or “blowing hot and cold as the occasion demands,” or “hav[ing] [one’s] cake and eat[ing] it too.” *Browning v. Levy*, 283 F.3d 761, 776 (6th Cir. 2002). Judicial estoppel is an “equitable doctrine that is ‘not reducible to any general formulation of principle’ and for which ‘there are no inflexible or exhaustive prerequisites for determining [its] applicability.’” *In re B & P*, 759 Fed. Appx. at 482. While it is often limited to positions taken “under oath,” this element does not mean in a strictly “testimonial sense” and includes the submissions of arguments, pleadings and papers to a court. *Id.*; *Valentine*, 386 F.3d at 812.

D. The City's Motion Is Procedurally Improper

While the Court should deny the City's Motion outright for all of the reasons cited above, the Motion (as currently postured) seeks entry of an Order that provides "the PFRS and the Investment Committee are enjoined and barred from shortening the 30-year amortization period." (Motion, Exhibit 1 – Proposed Order at ¶ 2). The core of the City's relief request in conjunction with the Motion is injunctive relief. Such requested relief is procedurally inappropriate pursuant to the Federal Rules of Bankruptcy Procedure, which provide, in relevant part: "An adversary proceeding is governed by the rules of this Part VII. The following are adversary proceedings: ... (7) a proceeding to obtain an injunction or other equitable relief, except when a chapter 9, chapter 11, chapter 12, or chapter 13 plan provides for the relief[.]" F.R.B.P. 7001(7). Here, the City seeks relief from this Court enjoining the PFRS from carrying out the very functions and duties set forth in the Plan. Further, the factual and legal issues related to the 2023 Payment and the Plan are complex matters. The City should be required to initiate any request akin to the relief request in the Motion via an adversary proceeding, which, in turn, provides the PFRS with full due process rights vis-à-vis an injunction request, as contemplated in F.R.B.P. 7001(7), as the Motion is a contested matter with significant factual and legal issues that more appropriately requires an adversary proceeding with full discovery, dispositive motions, if necessary, a trial, and the complete landscape of due process for the PFRS. To the extent this Court determines the City is permitted to

advance the Motion, as opposed to filing an adversary proceeding, the Motion is, at the very least, contested matter pursuant to F.R.B.P. 9014. In such event, the PFRS requests this Court direct the parties to proceed with discovery in accordance with F.R.B.P. 9014(c). The PFRS reserves all rights to discovery and/or evidentiary hearing with respect to the Motion.

Respectfully submitted,

Date: September 9, 2022

EXHIBIT 5 – NONE

EXHIBIT 6 – EXHIBITS TO BRIEF

EXHIBIT A (PART 1)

**EMERGENCY MANAGER
CITY OF DETROIT**

ORDER No. 44

FINAL EMERGENCY MANAGER ORDER

**BY THE AUTHORITY VESTED IN THE EMERGENCY MANAGER
FOR THE CITY OF DETROIT
PURSUANT TO MICHIGAN'S PUBLIC ACT 436 OF 2012,
KEVYN D. ORR, THE EMERGENCY MANAGER,
ISSUES THE FOLLOWING ORDER:**

Whereas, on March 28, 2013, Michigan Public Act 436 of 2012 ("PA 436") became effective and Kevyn D. Orr became the Emergency Manager (the "EM") for the City of Detroit (the "City") with all of the authority, powers and duties provided under PA 436; and

Pursuant to Section 9(2) of PA 436, the EM "shall act for and in the place and stead of" the City's Mayor (the "Mayor") and the Detroit City Council (the "Council"); and

Section 9(2) of PA 436 also grants the EM "broad powers in receivership to rectify the financial emergency and assure the fiscal accountability of the [City] and the [City's] capacity to provide or cause to be provided necessary governmental services essential to the public health, safety, and welfare;" and

Section 10(1) of PA 436 provides, in part, that "[a]n emergency manager shall issue to the appropriate local elected and appointed officials and employees, agents, and contractors of the local government the orders the emergency manager considers necessary to accomplish the purposes of this act, including, but not limited to, orders for the timely implementation of a financial and operating plan..., or to take actions or refrain from taking actions, to enable the orderly accomplishment of the financial and operating plan. An order issued under this section is binding on the local elected and appointed officials and employees, agents, and contractors of the local government to whom it is issued. Local elected and appointed officials and employees, agents, and contractors of the local government shall take and direct those actions that are necessary and advisable to maintain compliance with the financial and operating plan;" and

The EM has developed and implemented a written financial and operating plan for the City consistent with the requirements of Section 11 of PA 436, the objective of which has been to enable City officials to provide, or cause to be provided, governmental services essential to the public health, safety and welfare of residents of the City, and assure the fiscal accountability of the City; and

Section 12 of PA 436 authorizes the EM, “notwithstanding any charter provision to the contrary,” to exercise certain rights and powers, along with the other rights, duties and powers set forth in PA 436; and

Section 21 of PA 436 states, “[b]efore the termination of receivership and the completion of the emergency manager’s term, or if a transition advisory board is appointed under section 23, then before the transition advisory board is appointed, the emergency manager shall adopt and implement a 2-year budget, including all contractual and employment agreements, for the local government commencing with the termination of receivership;” and

On July 18, 2013, consistent with the authorization of the Governor of the State of Michigan (the “Governor”) provided under Section 18(1) of PA 436, the City filed a petition for relief pursuant to chapter 9 of title 11 of the United States Code, 11 U.S.C. §§ 101-1532 (as it may be amended, the “Bankruptcy Code”) in the United States Bankruptcy Court for the Eastern District of Michigan (the “Bankruptcy Court”); and

By an order dated December 5, 2013 (Docket No. 1945) (the “Eligibility Order”), the Bankruptcy Court determined that the City is eligible for relief under chapter 9 of the Bankruptcy Code; and

On October 22, 2014, the City filed the Eighth Amended Plan for the Adjustment of Debts of the City of Detroit in the Bankruptcy Court (Docket No. 8045) (as it may be further amended, modified or supplemented, the “Plan of Adjustment”);¹ and

By an order dated November 12, 2014 (the “Confirmation Order”) (Docket No. 8272), the Bankruptcy Court confirmed the Plan of Adjustment pursuant to the Bankruptcy Code; and

In connection with the Plan of Adjustment, the City, Title Source, Inc. (the “Title Company”), The Detroit Institute of Arts (the “DIA”) and the Foundation for Detroit’s Future (“FDF”) have entered into that certain Deposit Escrow Agreement dated September 19, 2014 (the “Deposit Escrow Agreement”), whereby the parties thereto have agreed to deposit certain agreements relating to the conveyance of the assets of the Detroit Institute of Arts to the DIA to be held in perpetual charitable trust, including, but not limited to, the Omnibus Transaction Agreement by and among the City, the DIA and the FDF (the “Omnibus Agreement”); the Settlement Conveyance and Charitable Trust Agreement by and between the City and the DIA (the “Conveyance Agreement”); the Quit Claim Deed from the City to the DIA granting the DIA the City’s interest in the cultural center garage (the “Garage Deed”); the Quit Claim Deed from the City to the DIA granting the DIA the City’s interest in the real property of the Detroit

¹ Capitalized terms not otherwise defined herein have the meanings given to them in the Plan of Adjustment.

Institute of Arts (the "DIA Deed"); the Bill of Sale by and between the City and the DIA (the "Bill of Sale"); and the Intellectual Property Transfer Agreement by and between the City and the DIA (together with the Omnibus Agreement, the Conveyance Agreement, the Garage Deed, the DIA Deed, the Bill of Sale and any other document referenced in Schedule 1 of the Deposit Escrow Agreement, the "DIA Transfer Documents"); and

The City also is entering into various settlement agreements and other resolutions as set forth in the Plan of Adjustment and the exhibits thereto (collectively, the "Plan Settlements"), which will be effective upon effective date of the Plan of Adjustment (the "Effective Date"), including, without limitation, the following (as further defined or described in the Plan of Adjustment): (a) the UTGO Settlement Agreement, in substantially the form as Exhibit I.A.360 to the Plan of Adjustment, (b) the LTGO Settlement Agreement, in substantially the form as Exhibit I.A.237 of the Plan of Adjustment, (c) the 36th District Court Settlement, as outlined in Exhibit I.A.9 to the Plan of Adjustment; (d) the settlement of OPEB Benefits, as set forth in Section IV.G of the Plan of Adjustment and the Retiree Health Care Settlement Agreement attached as Exhibit I.A.298 to the Plan of Adjustment; (e) the DIA Settlement, as outlined in Exhibit I.A.126 of the Plan of Adjustment and pursuant to the DIA Settlement Documents substantially in the form as Exhibit I.A.127 of the Plan of Adjustment; (f) the State Contribution Agreement in substantially the form as Exhibit I.A.332 of the Plan of Adjustment (the "State Contribution Agreement"); (g) matters relating to the DWSD Authority; (h) the Syncora Settlement, including the Syncora Development Agreement in substantially the form as Exhibit I.A.340 of the Plan of Adjustment and the other Syncora Settlement Documents in substantially the forms as Exhibit I.A.344 of the Plan of Adjustment; (i) the FGIC/COP Settlement, including the FGIC Development Agreement in substantially the form as Exhibit I.A.198 to the Plan of Adjustment and the other FGIC/COP Settlement Documents in substantially the forms as Exhibit I.A.197; and (j) all other compromises and settlements included in, incorporated into or related to the Plan of Adjustment; and

On September 25, 2014, in accordance with Section 9(6)(c) of PA 436, the Council voted unanimously to remove the EM as of the Effective Date (the period from the appointment of the EM through such removal, the "EM Tenure"). By a letter to the Governor, the Mayor approved of the Council's vote on the same day; and

On September 25, 2014, in connection with the vote of Council to, and the Mayor's approval of, the removal of the EM as of the Effective Date, the EM adopted and issued his Order No. 42. By Order No. 42, the EM, among other things, (a) restored the authority of the Mayor and the Council over day-to-day operations and activities effective immediately as permitted by PA 436, (b) agreed not to exercise his powers under PA 436 to interfere with the powers restored to the Mayor and the Council and (c) agreed that he will exercise his powers through the conclusion of the EM Tenure only with respect to any action (or the prevention of any action) that is necessary or convenient for (i) the management of the case captioned "*In re City of Detroit, Michigan*, Case No 1353846" (the "Bankruptcy Case") and related bankruptcy proceedings and (ii) the implementation of the Plan of Adjustment; and

The EM has concluded that, as of and conditioned on the occurrence of the Effective Date, the financial conditions of the City will have been corrected in a sustainable fashion consistent with the requirements of Section 9(7) of PA 436; and

Section 22(1) of PA 436 provides that “[i]f an emergency manager determines that the financial emergency that he or she was appointed to manage has been rectified, the emergency manager shall inform the governor and the state treasurer;” and

By letter dated December 8, 2014, the EM will notify the Governor and the Treasurer of the State of Michigan (the “State Treasurer”) of the EM’s determination that the financial emergency he was appointed to manage within the City will have been rectified as of, and conditioned on the occurrence of, the Effective Date; and

As the EM Tenure approaches its conclusion and in anticipation of the Effective Date, the EM has determined that this Order is appropriate to: (a) promote the successful conclusion of the City’s restructuring efforts and its capacity to provide or cause to be provided necessary governmental services essential to the public health, safety and welfare; and (b) otherwise fulfill the intents and purposes of PA 436 and chapter 9 of the Bankruptcy Code; and

As part of this Order, the EM has determined, among other things, that the terms hereof are appropriate to provide for a smooth transition at the conclusion of the EM Tenure and to promote the long-term financial recovery of the City and the health, safety and welfare of the public; and

Pursuant to Order No. 42, the EM has consulted with the Mayor and the Council regarding the terms of this Order.

It is hereby ordered that:

Restoration of City Governance

1. To the extent not already restored pursuant to the EM’s Order No. 42, and except as provided by this Order or other or applicable Michigan or Federal statute, the powers and authority of the Mayor and the Council previously exercised by the EM shall be restored as of, and conditioned upon the occurrence of, the Effective Date.

Cooperation and Compliance by City Officials

2. The Mayor, Council members, department heads and other employees, agents and contractors of the City shall promptly and fully do all of the following:
 - a. Cooperate with the EM through the end of the EM Tenure to the extent necessary to effectuate the implementation of a Plan of Adjustment, the Confirmation Order or other orders entered or that may be entered in connection therewith by

the Bankruptcy Court in the Bankruptcy Case or in any related proceeding or appeal from any order entered or that may be entered by the Bankruptcy Court.

- b. Comply with requests from the Michigan Financial Review Commission (the "Commission") created by Michigan Public Act 181 of 2014 ("PA 181"), known as the Michigan Financial Review Commission Act, to the extent necessary or appropriate to effectuate the purposes of PA 181. Such compliance shall include, at a minimum and without limitation, all of the following:
 - i. Providing to the Commission any documents, records or other information requested of City officials by the Commission or its staff, including any documents, records or other information specifically required by PA 181.
 - ii. Appearing before the Commission to provide testimony, documents, records or other information as and when requested by the Commission or its staff.
 - iii. Providing to the Commission upon its request verification of compliance by the City with all of the following consistent with the requirements of Section 6(3) of PA 181:
 - A. Section 8 of Michigan Public Act 152 of 2011, the Publicly Funded Health Insurance Contribution Act;
 - B. Sections 4i, 4p, 4s and 4t of Michigan Public Act 279 of 1909, the Home Rule City Act;
 - C. Michigan Public Act 34 of 2001, the Revised Municipal Finance Act; and
 - D. Michigan Public Act 2 of 1968, the Uniform Budgeting and Accounting Act;

provided that nothing herein shall limit, modify or excuse the City's obligation to comply with the applicable law, whether or not listed herein.

Plan of Adjustment Matters

- 3. Without limiting the terms of paragraph 2 above, the Mayor, the Council and all City officers, department heads and other employees, agents and contractors shall take such steps as are necessary or appropriate from and after the Effective Date to pursue the prompt implementation of the Plan of Adjustment, the Confirmation Order and all agreements necessary thereto, including the Plan Settlements. For the avoidance of doubt, such steps include, without limitation, the following:

- a. The City shall defend any appeals of the Confirmation Order and any appeals of the Eligibility Order or other orders of the Bankruptcy Court necessary for the success of the Plan of Adjustment.
 - b. On or promptly after the Effective Date and provided that the conditions set forth in the Deposit Escrow Agreement and the DIA Transfer Documents have been otherwise satisfied, the City shall provide the certification described in Schedule 2 of the Deposit Escrow Agreement to the Title Company, and, upon release of the DIA Transfer Documents in accordance with the Deposit Escrow Agreement, the City shall cause the transfer of the assets of the Detroit Institute of Art described in the DIA Transfer Documents and the governance thereof to The Detroit Institute of Arts in accordance with the DIA Transfer Documents.
 - c. The City shall comply with all covenants set forth in Sections 5.2 and 5.3 of the Omnibus Agreement.
 - d. Without limiting any other provision hereof, the City shall make such distributions and take such actions as are contemplated in the Plan of Adjustment for the establishment of and distribution to the Detroit General VEBA and Detroit Police and Fire VEBA (as such terms are defined in the Plan of Adjustment), in substantially the form provided in the Plan of Adjustment, and consistent with the measures set forth in the letter agreement filed at Docket No. 8183, all of which are hereby specifically adopted, approved and ratified in all respects.
 - e. Upon the negotiation of documentation mutually acceptable to the parties, the City shall be authorized and is directed to take such actions and sign such documents as are necessary or appropriate to establish the DWSD Authority (i.e., the Great Lakes Water Authority) and implement the DWSD Authority Transaction consistent with the Memorandum of Understanding (as defined in the Confirmation Order).
 - f. The City is authorized to enter into and implement, and the EM hereby approves, the *Memorandum of Understanding Between the City of Detroit and Wayne County Community College* in the form approved by the Council on December 8, 2014.
4. All Plan Settlements and related agreements (including, without limitation, the DIA Transfer Documents), to the extent not previously approved by an order of the EM, are hereby expressly adopted, approved and ratified in all respects.

Restructuring Advisors

5. The Mayor or his designee may determine whether to retain the restructuring advisors listed on the attached Exhibit A (collectively, the "Restructuring Advisors") for such period as is necessary or appropriate to complete their work to implement the Plan of Adjustment and defend the appeals thereof (the "Restructuring Period"), subject to the terms of the Restructuring Advisors' contracts with the City, *provided that* the Mayor shall consult with the Commission with respect to any decision not to retain a Restructuring Advisor through the conclusion of the Restructuring Period.

6. The Emergency Manager, on behalf of the City, hereby restates and ratifies his approval of all fees and expenses for the City's restructuring professionals that have been subject to the Fee Examiner review process in the City's bankruptcy case (including the Restructuring Advisors) for services rendered through the Effective Date, subject to the Bankruptcy Court's independent review of reasonableness. The City is directed to continue to process and pay invoices of the City's restructuring professionals (including the Restructuring Advisors) for their work through the Effective Date based on the invoices presented, subject only to the Bankruptcy Court's independent review of reasonableness. For the avoidance of doubt, the City also shall pay any creditor advisors or court-appointed professionals and experts consistent with orders of the Bankruptcy Court. The City's Chief Financial Officer ("CFO") shall be responsible for the foregoing on behalf of the City, under the supervision of the Mayor.
7. Consistent with the foregoing, the City shall: (a) set aside a reserve account solely for the payment of restructuring fees consistent with full funding of the amounts identified for "Restructuring Professional Fees" in the City of Detroit Ten-Year Financial Projections; and (b) otherwise implement the fee provisions of the Plan of Adjustment, the Confirmation Order and any further orders of the Bankruptcy Court. The CFO shall be responsible for the foregoing on behalf of the City, under the supervision of the Mayor.

Two-Year Budget

8. Attached hereto as Exhibit B is the City's two-year budget consistent with the requirements of Section 21(1) of PA 436 (the "Two-Year Budget").
9. Consistent with the requirements of Section 21(2) of PA 436, the City shall not amend the Two-Year Budget without the written approval of the State Treasurer. In addition to approval by the State Treasurer, an amendment by the City to the Two-Year Budget shall not take effect unless approved by the Commission consistent with Section 7(c) of PA 181.

Labor Matters

10. All Collective Bargaining Agreements ("CBAs") set forth on Exhibit II.D.5 of the Plan of Adjustment and all CBAs identified on the attached Exhibit C (including CBAs relating to the Detroit Water and Sewerage Department), and any addenda, exhibits, schedules, appendices, supplements or related agreements though the date of this Order, are hereby adopted, approved and ratified in all respects. In addition to the foregoing, all City Employment Terms ("CETs") and other labor-related agreements approved or authorized by the EM are hereby adopted, ratified and approved in all respects, including, without limitation, the CETs and other agreements identified on the attached Exhibit C. The EM also ratifies and approves the CETs that were implemented prior to the EM Tenure and that remain in effect as of the date of this Order, including the CETs identified on the attached Exhibit C.

Pension Plan Matters

11. For the avoidance of doubt, and without limiting anything herein, the EM hereby expressly reaffirms his Order Nos. 25, 26, 29, 30 and 43 with respect to the changes to the City's pension plans and related ordinances, subject to the additional provisions below.
12. Pursuant to Section 16.4 of Component I of the Combined Plan for the General Retirement System of the City of Detroit, Michigan (the "Combined GRS Plan"), the EM, on behalf of the City, adopts the Combined GRS Plan, as amended and restated, in the form attached hereto as Exhibit D, which document (a) conforms the Combined GRS Plan to the terms of the confirmed Plan of Adjustment and (b) makes other clarifying modifications.
13. Pursuant to Section 17.5 of Component I of the Combined Plan for the Police and Fire Retirement System of the City of Detroit, Michigan (the "Combined PFRS Plan"), the EM, on behalf of the City, adopts the Combined PFRS Plan, as amended and restated, in the form attached hereto as Exhibit E, which document: (a) reflects changes in the terms and conditions of retirement benefits as provided in the CBAs and memoranda of understanding negotiated with certain of the employee representatives; (b) conforms the Combined PFRS Plan to the terms of the confirmed Plan of Adjustment; and (c) makes other clarifying modifications.
14. Copies of the Combined GRS Plan, as amended and restated, and the Combined PFRS Plan, as amended and restated, will be kept in the Office of the City Clerk for the City of Detroit and shall be available for public inspection.
15. The appropriate City officers, department heads and other employees shall cause the Boards of Trustees of the General Retirement System of the City of Detroit ("GRS") and the Police and Fire Retirement System of the City of Detroit ("PFRS") to timely file or cause to be filed on behalf of GRS and PFRS applications for Favorable Determination Letters with the Internal Revenue Service pursuant to Revenue Procedure 2014-6 (or any successor procedure) to obtain rulings that the Combined GRS Plan and the Combined PFRS Plan satisfy the requirements for favorable tax treatment under Sections 401(a) and 501(a) of the Internal Revenue Code. City officers, department heads and other employees, agents and contractors shall cooperate with and provide such information as the Boards of Trustees and their legal counsel may require in connection with such Favorable Determination Letter applications.
16. The Mayor, Council members and appropriate City officers, department heads and other employees shall cause the Boards of Trustees of the GRS and the PFRS to: (a) comply with the governance requirements set forth in Section 2 of the State Contribution Agreement (including, with respect to the GRS, the requirements of Exhibit A and, with respect to the PFRS, the requirements of Exhibit B) at all times during the 20-year period

following the disbursement to the GRS and the PFRS of the State Contribution (as defined in the State Contribution Agreement); and (b) establish and implement an income stabilization program that complies in all respects with Section 3 of the State Contribution Agreement.

Other EM Orders and Bond Orders

17. All prior Orders of the EM, to the extent that they are not otherwise inconsistent with this Order and have not previously been modified or rescinded (the "Prior Orders"), shall be incorporated by reference into this Order.
18. The reaffirmation herein of specific Orders of the EM shall not render the Orders not explicitly mentioned herein revoked, rescinded or altered in any way unless such Orders are otherwise inconsistent with this Order.
19. The bond orders issued by the EM, including the bond orders identified on the attached Exhibit F (collectively, the "Bond Orders"), are hereby ratified and affirmed.

Administrative Matters

20. The City shall maintain access to the EM page via the City's website for a period of at least one year following the end of the EM Tenure.
21. Nothing in this Order shall be construed as contrary to applicable law.
22. Nothing in this Order shall be construed to restrict or impair the authority of the Governor, in the Governor's sole discretion, to determine that the financial conditions of the City have not been corrected in a sustainable fashion as required by Section 9(7) of PA 436 and appoint a new emergency manager pursuant to Section 24 of PA 436.
23. If any provision of this Order is declared by a court of competent jurisdiction to be illegal, unenforceable or ineffective, such provision shall be deemed severable to the extent necessary so that all other provisions contained in this Order shall remain valid, enforceable and effective.
24. The City shall, and is directed to, maintain all insurance called for by Article 8 of the EM's Contract for Emergency Manager Services dated March 27, 2013 between Mr. Orr and the State of Michigan (the "EM Contract"), including, without limitation, any general liability, professional liability or errors and omissions policy under Sections 8.1 and 8.3 of the EM Contract, and any tail coverage for such insurance.
25. The City shall, and is directed to, fulfill its obligations under Section 8.2 of the EM Contract after the end of the EM Tenure, including, without limitation, by paying the costs of any judgment, settlement or attorneys' fees relating to any uninsured claim,

demand or lawsuit against the EM or any employee, agent, appointee or contractor of the EM for actions taken during the EM Tenure. If Mr. Orr is sued personally for any action performed within the scope of his official capacity as the EM, Mr. Orr shall have the right to direct the defense of any such action, and the Mayor, the Council, the Corporation Counsel and the other employees, officers, department heads and agents of the City shall not take any action contrary to, or to interfere with, Mr. Orr's right to direct such defense.

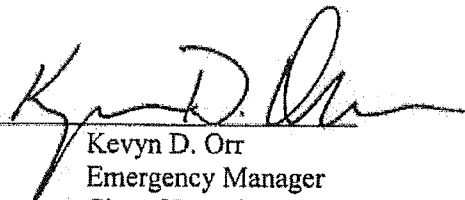

26. Prior to the Effective Date, and pursuant to Section 5.1 of the Financial Stability Agreement, as Amended and Restated on November 7, 2013 (the "FSA"), the EM hereby consents, with the mutual consent of the State Treasurer, to amend Section 6.1(c) of the FSA for the purpose of terminating the FSA as of the Effective Date. To that end, the *Addendum to the Financial Stability Agreement* in the form attached hereto as Exhibit G (the "FSA Amendment") is approved and ratified in all respects. For the avoidance of doubt, the mutual execution of the FSA Amendment by the EM and the State Treasurer shall not preclude the Council from voting to ratify execution of the FSA Amendment prior to the Effective Date.
27. This Order shall be distributed to the Governor, the State Treasurer, the Mayor, Council members, the CFO and all department heads.
28. This Order is effective immediately.

Modification of This Order and Prior EM Orders

29. Prior to the Effective Date, the EM may modify, amend, rescind, replace, supplement or otherwise revise this Order at any time. Further, nothing herein shall preclude the EM from issuing any other appropriate Orders, consistent with EM Order No. 42, prior to the Effective Date.
30. Pursuant to Section 21(2) of PA 436, the Council shall not revise this Order or any other Orders or ordinances implemented by the EM during his term, and that remain in effect, prior to one year after the termination of receivership. In addition, after the Effective Date, this Order, or any other Order issued by the EM that remains in effect, may be amended, modified or rescinded only by the following methods:
 - a. By a subsequent Order issued by an emergency manager appointed by the Governor under Section 9 of PA 436, including:
 - i. After a selection by the Council pursuant to Section 7(1)(b) of PA 436; or
 - ii. Pursuant to Section 24 of PA 436; or
 - b. By the City by resolution of the Council, approved by the Mayor and ratified by the Commission pursuant to Section 7(n) or 7(o) of PA 181.

ARTICLE IX, SECTION 24 OF STATE OF MICHIGAN CONSTITUTION.....	152
CITY OF DETROIT CHARTER.....	153
DETROIT CITY CODE.....	154
COLLECTIVE BARGAINING AGREEMENTS	155

COMPONENT I

ARTICLE 1. GENERAL PROVISIONS

Sec 1.1. Police and Fire Retirement System Established; Adoption of 2014 Plan Document

Effective July 1, 1941, a Pension System for Policemen and Firemen of the City of Detroit was established for the purpose of providing retirement allowances and death benefits for Policemen and Firemen and their beneficiaries by amendment to the Charter of the City of Detroit. That Pension System was amended on numerous occasions after July 1, 1941, including an amendment renaming the Retirement System as the "Police and Fire Retirement System of the City of Detroit." The provisions of the Police and Fire Retirement System of the City of Detroit, as in effect July 1, 2014, were set forth in a Combined Plan Document (including Appendix A attached thereto). As provided in Ordinance 15-14 and Ordinance 16-14 and Section 47-1-2 of the Detroit City Code, the Combined Plan Document replaced the provisions of the Police and Fire Retirement System of the City of Detroit as set forth in the City of Detroit Charter, the Detroit City Code and any conflicting provisions in any collective bargaining agreements, rulings or opinions covering Members (including, without limitation, City Employment Terms). All resolutions and policies of the Board previously enacted which were inconsistent with the provisions of the Combined Plan Document were also repealed to the extent of such inconsistency.

This Combined Plan Document is hereby amended and restated effective July 1, 2014, in the form of this instrument. Component I of the Plan Document applies to benefits accrued by Members on and after July 1, 2014 and to operation of the Police and Fire Retirement System of the City of Detroit on and after July 1, 2014. Component II of the Plan Document generally applies to benefits accrued by Members prior to July 1, 2014. Except as specifically provided in Component II, benefits provided under Component II of the Plan Document are frozen effective June 30, 2014.

Sec 1.2. Retirement System Intended to be Tax-Qualified; Governmental Plan

The Retirement System is a governmental plan under Section 414(d) of the Internal Revenue Code which is intended to be a qualified plan and trust pursuant to applicable provisions of the Internal Revenue Code. The Board shall construe and administer the provisions of the Retirement System in a manner that gives effect to the tax-qualified status of the Retirement System.

Sec 1.3. Compliance With Plan of Adjustment

The Retirement System is intended to comply with all relevant provisions (including Exhibits) of the Plan for the Adjustment of Debts of the City of Detroit, as approved by the United States Bankruptcy Court in *In re City of Detroit, Michigan, Case No. 13-53846* ("Plan of Adjustment"). Component I and Component II of the Combined Plan shall be interpreted and construed by the City, the Board of Trustees and the Retirement System to give full effect to the Plan of Adjustment. To the extent that a conflict arises between the Combined Plan Document and the Plan of Adjustment, the City, the Board of Trustees, the Investment Committee and the

Retirement System are directed to interpret any inconsistency or ambiguity to give full effect to the Plan of Adjustment.

Sec 1.4. Board of Trustees

Effective July 1, 1941, a Board of Trustees of the Police and Fire Retirement System of the City of Detroit was created. The Board is vested with responsibility for the general administration, management and operation of the Police and Fire Retirement System of the City of Detroit and with the trust and investment powers conferred in this Combined Plan Document.

Sec 1.5. Board of Trustees – Membership; Appointment

The Board of Trustees of the Police and Fire Retirement System of the City of Detroit shall consist of seventeen Trustees, as follows:

- (1) The Mayor, *ex-officio*, or the Mayor's designee;
- (2) The President of City Council or a member thereof elected by the City Council, *ex-officio*;
- (3) The City Treasurer or Deputy City Treasurer, *ex-officio*;
- (4) The City Finance Director, or a designated representative, *ex-officio*;
- (5) The City Budget Director, or a designated representative, *ex-officio*;
- (6) The Corporation Counsel of the City, or a designated representative, *ex-officio*;
- (7) Three Fire Members of the Retirement System to be elected by the Fire Members under such rules and regulations as may be established by the Board of Fire Commissioners to govern such elections, as follows:
 - (a) Two to be elected by and from Members holding the rank of lieutenant (or its equivalent) and lower ranks; and
 - (b) One to be elected by and from Members holding ranks above the rank of lieutenant (or its equivalent);
- (8) Three Police Members of the Retirement System to be elected by the Police Members under the rules and regulations as may be established by the Commissioner of Police to govern such elections, as follows:
 - (a) Two to be elected by and from Members holding the rank of lieutenant (or its equivalent) and lower ranks; and
 - (b) One to be elected by and from Members holding a rank above lieutenant (or its equivalent); and

- (9) One individual who neither is a Member of the Retirement System nor an employee of the City in any capacity to be selected by the Board;
- (10) Two Retirees receiving benefits under the Retirement System, one of whom shall be elected by Retired Police Members and one of whom will be elected by Retired Fire Members pursuant to Sections 1.6 and 1.7 below;
- (11) One Trustee appointed by the Mayor upon election of a Retiree Police Trustee; and
- (12) One Trustee appointed by the Mayor upon election of a Retiree Fire Trustee.

Sec 1.6. Board of Trustees; Scheduling of Elections for Active and Retiree Trustees

- (1) Annual elections for active Police Officers and Fire Fighters shall be held in the Police and Fire Departments during the month of May to elect a trustee to fill the vacancy created by the expiration of a term.
- (2) Elections to fill vacancies created by the expiration of a term for a Retiree Trustee shall be held every three years during the month of May.
- (3) A special election for Retiree Trustees shall be held as soon as practicable after the Plan of Adjustment is confirmed. Unless a Retiree Trustee elected by reason of this special election resigns or is removed from the position of Trustee in accordance with the terms of the Combined Plan Document, a Retiree elected to the office of Trustee in the special election shall be eligible to serve a full term of three (3) years from the date of the special election, plus such period of time until the last day of June that follows the third anniversary of the special election, at which time an election for Retiree Trustees shall be held in accordance with Section 1.7.

Sec 1.7. Procedures for election of Retiree Trustees

The procedures for the election of the Retiree Trustees shall be as follows:

- (1) *Notice.* Notice of a primary election shall be sent to each Retiree by United States Mail.
- (2) *Notice of Candidacy.* A proposed candidate shall submit a notarized letter to the executive director notifying the Retirement System of his or her candidacy.
- (3) *Ballot.* Each candidate whose name appears on the ballot at any election held for the office of Retiree Trustee shall be identified by the title of the position the Retiree held at the time of retirement and by the word "incumbent" if the candidate is a current trustee seeking re-election. No ballot shall contain any organizational or political designation or mark. Rotation and arrangement of names on the ballot shall be in accordance with the rules and regulations of the Board.
- (4) *Voting.* Procedures regarding mailing of ballots, poll lists, custody of ballots, marking of ballots, return of ballots, handling of return envelopes received, and sealed ballot boxes

shall be the same as those adopted and followed by the Board in the immediately preceding election of an active employee Trustee.

- (5) *Procedures.* Procedures regarding the selection and certification of successful candidates for nomination, the selection of Trustees from nominees, tie votes, and the destruction of ballots shall be the same as those adopted and followed by the Board in the immediately preceding election of an active employee Trustee.
- (6) *Board Rules.* Any matters relative to the election of the Retiree member of the Board not covered by this Section 1.7 shall be handled in accordance with such rules and regulations as the Board may adopt and Michigan law.

Sec 1.8. Board of Trustees; Oath; Term; Vacancies

Within ten days after appointment or election, each Trustee shall take an oath of office to be administered by the City Clerk.

The term of office for each elected Trustee under Sections 1.5(7), (8) and (10) shall be three years. The term of office for the Trustee who is selected by the Board under Section 1.5(9) shall be two years. The term of office for the Trustees appointed by the Mayor under Sections 1.5(11) and (12) shall be three years. Except as provided in Section 1.6(3), elected Trustees holding office on June 30, 2014 shall serve the remainder of their terms.

If a Trustee resigns or is removed by the other Trustees for cause, or if an elected or appointed Trustee fails to attend three consecutive scheduled Board meetings without being excused for cause by the Trustees attending such meetings, the Trustee shall be considered to have resigned from the Board. If a vacancy occurs in the office of Trustee from any cause other than expiration of a term, the vacancy for the unexpired term shall be filled within sixty days of the date of said vacancy in the same manner as the office was previously filled. No vacancy shall result by reason of a change in the rank or grade of a Trustee during the term of office.

Sec 1.9. Board of Trustees; Officers and Employees

The Board shall elect from its membership a chairman and a vice chairman. The executive director of the Retirement System or his or her representative shall serve as secretary of the Board. The Board may employ such special actuarial, medical and other contractors and employees as shall be required, subject to the powers and authority reserved to the Investment Committee and subject to the *Public Employee Retirement System Investment Act, as amended, MCL 38.1132 et seq.*

Sec 1.10. Board of Trustees; Meetings; Rules of Procedure; Votes; Quorum

- (1) The Board shall hold regular meetings, at least one in each month, and shall hold special meetings as necessary. The Board shall designate the time and place thereof in advance. The Board shall adopt its own rules of procedure, including provisions for special meetings and notice thereof, and shall keep a record of proceedings. All meetings of the Board shall be public and are subject to the *Michigan Open Meetings Act, MCL 15.261 et seq.* All Board meetings shall be held within the City of Detroit.

- (2) Each Trustee shall be entitled to one vote on each question before the Board. A majority vote of the Trustees present shall be necessary for a decision by the Trustees at any meeting of the Board.
- (3) Eight members of the Board, four of whom must be elected members, shall constitute a quorum.

Sec 1.11. Board of Trustees; Compensation; Expenses

All members of the Board of Trustees shall serve without additional compensation from the City or the Retirement System; however Retiree Trustees shall receive a hourly stipend from the Retirement System equal to the lowest rate of pay received by an active employee Trustee for attending Board meetings, educational time and travel out of the City on official business of the Retirement System. All Trustees shall be reimbursed from the Expense Fund for all actual, reasonable and necessary expenses incurred in the performance of their duties as Trustees.

Sec 1.12. Rules for Administration of Funds.

Subject to the limitations contained in this Combined Plan Document, the Board of Trustees shall, from time to time, establish rules and regulations for the administration of the funds created by this Combined Plan Document and for the transaction of its business.

Sec 1.13. Board of Trustees; Certain Data to be Kept

The Board of Trustees shall keep, or cause to be kept, in convenient form, such data as shall be necessary for the actuarial valuation of the various funds of the Retirement System and for checking and compiling the experience of the Retirement System. The ordinary actuarial, accounting and clerical services for the operation of the Retirement System shall be performed by the employees of the Retirement System.

Sec 1.14. Board of Trustees; Annual Audit Report

The Board shall render a report to the Mayor, the City Council and the Investment Committee on or before the fifteenth day of January, showing the fiscal transactions of the Retirement System for the year ending on the preceding thirtieth day of June, the amounts of accumulated cash and securities in the various funds of the System, and the last balance sheet showing the financial condition of the Retirement System by means of an actuarial valuation of the assets and liabilities of the Retirement System.

Sec 1.15. Board of Trustees; Legal Advisors

- (1) The Board shall appoint legal advisors (including a general counsel) who shall be directly responsible to and shall hold office at the pleasure of the Board of Trustees. Any legal advisor to the Board of Trustees shall be an attorney licensed to practice law in the State of Michigan and shall be experienced in matters relating to pension systems. The qualifications of legal counsel shall be approved by the Board of Trustees.

- (2) Legal advisors to the Board of Trustees shall have such duties relative to pension matters as shall be assigned by the Board of Trustees.
- (3) Costs and expenses relative to the position of legal advisors to the Board shall be payable out of the assets of the Retirement System, subject to the provisions of the *Public Employee Retirement System Investment Act, as amended, MCL 38.1132 et seq.*

Sec 1.16. Board of Trustees; Medical Director

- (1) The Board shall appoint a Medical Director who is directly responsible to and shall hold office at the pleasure of the Board. The Medical Director shall be a physician who has not at any time been regularly or permanently employed by any department, board, or commission of the City, county, or state, has not held an elective, appointive, or salaried office in any city, county, or state government at any time, and is not eligible to participate in a retirement system maintained by the City. However, service as an intern in any city, county, or state hospital or sanitarium and service in any state military body shall not disqualify a physician for appointment as Medical Director.
- (2) The Medical Director shall arrange for and pass upon all medical examinations required under the provisions of the Combined Plan, and shall report in writing to the Board of Trustees his or her conclusions and recommendations on medical matters referred to it.

Sec 1.17. Designation of Actuary; Authority to Engage Additional Actuaries

The Retirement System actuary as of July 1, 2014 shall continue to serve as such until resignation or removal by the Board. In the event the Board desires to retain a new actuary, the Board and the Investment Committee shall collectively participate in the evaluation and selection of a qualified actuary. The Retirement System actuary shall be responsible for assisting the Board and the Investment Committee in performing its actuarial duties and shall comply with all requests for information or modeling requested by the Board and the Investment Committee, and shall attend meetings of the Board and Investment Committee as requested, so as to allow the Board and the Investment Committee to perform satisfactorily the rights and duties set forth in the Combined Plan, the term sheet regarding Investment Committee Governance for Police and Fire Retirement System, attached to that certain agreement by and between the Michigan Settlement Administration Authority, a Michigan body public corporation (the "Authority"), the Retirement System, the General Retirement system for the City of Detroit, Michigan ("GRS"), and the City (the "State Contribution Agreement") as Exhibit B (the "Governance Term Sheet"), and the Plan of Adjustment. Furthermore, the Board shall not act on any recommendation made by the Retirement System's actuary based on any calculation, assumption or assessment rejected by the Investment Committee.

Nothing herein shall be interpreted as limiting the Investment Committee's authority to engage an actuarial consulting firm other than the Retirement System's actuary to perform actuarial services deemed necessary to fulfill its fiduciary and other duties to the Retirement System as set forth in the Governance Term Sheet and the Plan of Adjustment.

Sec 1.18. Board of Trustees; Adoption of Mortality and Other Tables of Experience and Rates of Interest; Limitations on Payments by the Retirement System

- (1) Subject to Section 16.1, the Board shall adopt such mortality and other tables of experience, and a rate or rates of interest, as shall be necessary for the operation of the System on an actuarial basis, provided, that the authority granted by this Section shall not permit or be used to provide for an interest rate which would violate the prohibitions of Subsection (2) or (3) of this Section.
- (2) The Retirement System and the Trustees charged with management of the System shall not make any payment to active or retired Members other than payments that are required by the governing documents of the Retirement System. This prohibition applies to all payments that are not authorized by this Combined Plan, whether such payments are those commonly referred to as a "thirteenth check" or by any other name.
- (3) Anything in this Combined Plan Document or any other document to the contrary notwithstanding, the annual actuarial interest rate assumption for the period commencing July 1, 2014 and ending June 30, 2023 shall be six and three-quarters percent (6.75%).

Sec 1.19. Board of Trustees; Annual Actuarial Valuation of Assets and Liabilities

Subject to Section 16.1, each year, on the basis of such mortality and other tables of experience, and such rate or rates of regular interest as the Board shall adopt pursuant to Section 1.18, the Board shall cause to be made an actuarial valuation of the assets and liabilities of the Retirement System.

Sec 1.20. Board of Trustees; Powers and Duties; Fiduciary Status; Fiduciary Duties

The Board of Trustees shall have such powers and duties as are necessary for the proper administration of the Retirement System and the custody and investment of Retirement System assets, other than those powers and duties reserved to the Investment Committee. To the extent the Board exercises discretion with respect to investment of Retirement System assets, each member of the Board of Trustees shall be an investment fiduciary as defined in the *Public Employee Retirement System Investment Act, as amended, MCL 38.1132 et seq.*, and shall discharge his or her duties with respect to the Retirement System in compliance with the provisions of the *Public Employee Retirement System Investment Act, as amended, MCL 38.1132 et seq.* A member of the Board of Trustees shall discharge his or her duties with the care, skill and caution under the circumstances then prevailing that a prudent person, acting in a like capacity and familiar with such matters, would use in the conduct of an activity of like character and purpose. Board members shall comply with all Board governance policies and procedures, including the Ethics and Code of Conduct Policies, unless such compliance would violate the member's fiduciary duties or conflicts with the provisions set forth in this Combined Plan Document.

Sec 1.21. Investment Committee; Establishment; Purpose; Fiduciary Status; Fiduciary Duties

As of the effective date of the Plan of Adjustment, but subject to consummation of the State Contribution Agreement, an Investment Committee is hereby created for the purpose of making recommendations to the Board of Trustees and taking action under and with respect to certain investment management matters relating to the Retirement System. The creation and operation of the Investment Committee is controlled by the Governance Term Sheet. The Investment Committee shall remain in effect for a period of not less than twenty years following the date of confirmation of the Plan of Adjustment. The Investment Committee shall be an investment fiduciary as defined in the *Public Employee Retirement System Investment Act, as amended, MCL 38.1132 et seq.* and shall have all powers granted fiduciaries under the first sentence of *MCL 38.1133(5) and (6)*. The Investment Committee shall serve in a fiduciary capacity with respect to the investment management of Retirement System assets, determination of the investment return assumptions, and Board compliance with provisions of the governing documents of the Retirement System. An Investment Committee member shall discharge his or her duties with respect to the Retirement System in compliance with the provisions of the *Public Employee Retirement System Investment Act, as amended, MCL 38.1132 et seq.* An Investment Committee member shall discharge his or her duties with the care, skill and caution under the circumstances then prevailing that a prudent person, acting in a like capacity and familiar with such matters, would use in the conduct of an activity of like character and purpose. Investment Committee members shall comply with all Board governance policies and procedures, including the Ethics and Code of Conduct Policies, unless such compliance would violate the member's fiduciary duties or conflict with the provisions set forth in the Governance Term Sheet.

Sec 1.22. Investment Committee; Membership; Appointment

The Investment Committee shall consist of nine (9) members, determined as follows:

- (1) Five independent members, at least two of whom must be residents of the State of Michigan, and none of whom may be a party in interest with respect to the Retirement System, as defined in as defined in Section 38.1132d(4) of the *Public Employee Retirement System Investment Act, as amended, MCL 38.1132 et seq.* Each independent Investment Committee member shall have expert knowledge or extensive experience with respect to either (a) economics, finance, or institutional investments, or (b) administration of public or private retirement plans, executive management, benefits administration or actuarial science. At least one of the independent Investment Committee members shall satisfy the requirements of (a) above and at least one of the independent Investment Committee members shall satisfy the requirements of (b) above. The initial independent Investment Committee members shall be selected by mutual agreement of the appropriate representatives of the State of Michigan, the City and the Board, in consultation with the Foundation for Detroit's Future (the "Foundation"), and shall be named in the Plan of Adjustment. If one or more of the five initial independent Investment Committee members are not selected by mutual agreement prior to confirmation of the Plan of Adjustment, then the United States Bankruptcy Court, Eastern District of Michigan shall designate such number of independent Investment Committee

members as necessary to bring the number of independent Investment Committee members to five (5);

- (2) Two Retirees who shall be appointed by the Board consisting of one elected retired Police Member and one elected retired Fire Member who are serving on the Board and who are receiving benefit payments under the Retirement System; and
- (3) Two Employee members who shall be appointed by the Board consisting of one Fire Department Employee and one Police Department Employee who are active members of the Board.

Sec 1.23. Investment Committee; Term; Resignation and Removal; Vacancies

The term of office for the independent members of the Investment Committee shall be six years; provided, however, that the initial term for the independent Investment Committee members shall be determined as follows:

<u>Independent Member</u>	<u>Term of Office</u>
(1)	2 years
(2)	3 years
(3)	4 years
(4)	5 years
(5)	6 years

The term of office for a Retiree or Employee Investment Committee member shall be the number of years remaining on such individual's term of office as a member of the Board of Trustees. Each Investment Committee member shall serve until his or her successor is appointed at the expiration of his or her term of office, or until his or her death, incapacity, resignation or removal, if earlier. Notwithstanding any provision of this Combined Plan Document, an initial independent Investment Committee member shall not be prohibited from becoming a successor independent Investment Committee member after expiration of his or her initial term.

An Investment Committee member may resign at any time by giving ninety days' prior written notice to the Investment Committee, the City and the Board, which notice or time period may be waived by the Investment Committee. An Investment Committee member may be removed from office by majority vote of the remaining Investment Committee members for any of the following reasons: (a) the member is legally incapacitated from executing his or her duties as a member of the Investment Committee and neglects to perform those duties; (b) the member has committed a material breach of the provisions of the Retirement System or the policies or procedures of the Retirement System and the removal of the member is in the interests of the Retirement System or its Members and Beneficiaries; (c) the member is convicted of a violation of law and the removal is accomplished by a vote of the members of the Investment Committee in accordance with the voting procedure set forth in Section 1.24; or (d) if the member holds a license to practice and such license is revoked for misconduct by any State or federal government. A member who fails to attend four (4) consecutive scheduled meetings of the Investment Committee shall be deemed to have resigned, unless in each case his or her absence is excused for cause by the remaining members attending such meetings. In the event of any

removal or resignation, the Investment Committee shall by resolution declare the office of the member vacated as of the date such resolution is adopted.

Any vacancy occurring on the Investment Committee shall be filled within sixty (60) days following the date of the vacancy for the unexpired portion of the term, in the same manner in which the office was previously filled.

Successor independent Investment Committee members shall be recommended by a majority of the remaining independent Investment Committee members and shall be confirmed by the Board and the Treasurer of the State of Michigan ("State Treasurer"), in consultation with the Foundation, in accordance with such rules and regulations as may be adopted by the Investment Committee (provided that such rules are not inconsistent with the Governance Term Sheet or the Plan of Adjustment). In the event the Board and the State Treasurer cannot agree on a successor independent Investment Committee member within thirty (30) days of the receipt of the recommendation of the Investment Committee, the remaining independent Investment Committee members shall appoint the successor independent Investment Committee member.

In the event the United States Bankruptcy Court, Eastern District of Michigan appoints one or more of the initial independent Investment Committee members, a successor to any such independent Investment Committee member shall be appointed in the same manner as provided in the preceding paragraph following three (3) weeks' notice to the Board of the individuals appointed, in accordance with such rules and regulations as may be adopted by the Investment Committee (provided that such rules are not inconsistent with either the Governance Term Sheet or the Plan of Adjustment).

Successor Investment Committee members shall have the powers and duties conferred on Investment Committee members herein.

Sec 1.24. Investment Committee; Operation; Meetings; Quorum; Voting

The Investment Committee members shall select from among the independent members a chair and a vice chair. The Investment Committee members shall select from among themselves a secretary. The Investment Committee shall hold regular meetings, not less frequently than once every other month, and shall hold special meetings as necessary. The Investment Committee shall designate the time and place thereof in advance. The secretary or his or her designee shall be responsible for providing meeting notices to the other Investment Committee members. The Investment Committee shall adopt its own rules of procedure and shall keep a record of proceedings. Notice and conduct of all Investment Committee meetings, both regular and special, shall be subject to the *Michigan Open Meetings Act, MCL 15.261 et seq.* All Investment Committee meetings shall be held within the City of Detroit.

Five Investment Committee members shall constitute a quorum at any meeting, as long as at least three of the independent Investment Committee members are in attendance. Each independent Investment Committee member shall be entitled to one vote on each question before the Investment Committee. Each Retiree and Employee member shall be entitled to one-half vote on each question before the Investment Committee. Except as otherwise provided in the Governance Term Sheet, at least four concurring votes shall be necessary for a decision by the

Investment Committee and each Investment Committee member shall be entitled to one vote on each question before the Investment Committee.

An Investment Committee member may have his or her voting privileges temporarily suspended by a 70% or higher vote of the other members if the member is indicted or sued by a state or federal government for an alleged violation of the law that relates to his or her service on the Investment Committee, or for other alleged financial crimes, including fraud.

Sec 1.25. Investment Committee; Compensation; Expenses; Employment of Advisors

Investment Committee members shall not receive any compensation from the Retirement System for their services; Investment Committee members shall, however, be reimbursed for the reasonable, actual and necessary expenses incurred in the performance of their duties. All reasonable and proper expenses related to the administration of the Investment Committee, including but not limited to the purchase of insurance, shall be payable out of the assets of the Retirement System. The Investment Committee may retain actuarial, legal counsel, audit or other professional or support personnel to provide advice to the Investment Committee as it deems reasonably necessary to perform its functions, and such parties or persons may be reasonably compensated from the assets of the Retirement System. Such engagements shall not be subject to approval of the Board.

Sec 1.26. Investment Committee; Special Reporting Obligation

- (1) Beginning in calendar year 2015, pursuant to Section 6 of the State Contribution Agreement, the Investment Committee shall provide compliance reports to the State Treasurer on a semi-annual basis and at such other times as the State Treasurer reasonably may request (each, a "Compliance Report") that certifies that the Investment Committee is not aware of any defaults under the State Contribution Agreement, or, if the Investment Committee is aware of a default under the State Contribution Agreement, specifically identifying the facts of such default.
- (2) In the event the Retirement System receives a written notice from the State Treasurer declaring and specifically identifying the facts of an alleged default under the State Contribution Agreement ("Default Notice"), and such default is cured as provided in the State Contribution Agreement, the Investment Committee must provide to the State Treasurer a written certification that (i) the default has been cured, and (ii) no material damages have been caused by the default that have not otherwise been remedied (the "Cure Certification").
- (3) Beginning in calendar year 2015, the Investment Committee shall provide to the City not later than December 31 of each year evidence reasonably necessary to show that the internal controls governing the investment of Retirement System assets are in compliance with the applicable provisions of the Plan of Adjustment.
- (4) Beginning in calendar year 2015 and for each calendar year thereafter, as of a date which is not later than December 31 of each such calendar year the Investment Committee shall provide to the Foundation the following information:

- (a) a copy of the audited annual financial statement and the corresponding management letter for the Retirement System for the Fiscal Year ending June 30 of such calendar year, containing a non-qualified opinion of an independent external auditor to the Retirement System;
- (b) a certification from the Chair of the Investment Committee on behalf of the Investment Committee ("Pension Certificate") in a form reasonably acceptable to the Foundation that, as of the date of the annual report required to be provided by the City to the Foundation under the Omnibus Transaction Agreement by and among the City, The Detroit Institute of Arts and Foundation For Detroit's Future ("Annual Report"):
 - (i) the City is current in its obligation to contribute to Component II of the Combined Plan determined in accordance with the Plan of Adjustment;
 - (ii) the Investment Committee has been operated in accordance with the terms set forth in this Component I of the Combined Plan Document; and
 - (iii) the City continues to maintain the pension governance terms reflected in this Component I of the Combined Plan as of the effective date of the Plan of Adjustment, without modification or amendment during the twenty (20) year period following the effective date of the Plan of Adjustment, except as required to comply with applicable federal law, including without limitation to maintain the tax qualified status of the Retirement System under the Internal Revenue Code, or to comply with the Plan of Adjustment;
- (c) a copy of (i) the Compliance Report covering the calendar year for which the Annual Report is made; (ii) any additional Compliance Reports provided during the calendar year for which the Annual Report is made as requested by the State Treasurer; (iii) either the certificate of compliance or the Default Notice, within the meaning of Section 6 of the State Contribution Agreement, as applicable, that was provided to the Investment Committee by the State Treasurer; and (iv) in the event that the State Treasurer issued a Default Notice, the Cure Certification, within the meaning of Section 6 of the State Contribution Agreement, provided by the Investment Committee. Notwithstanding anything in this paragraph (c) to the contrary, if the parties to the State Contribution Agreement agree to revise the requirements of Section 6 of the State Contribution Agreement or the information required in the Compliance Report, in order to meet the obligations of this paragraph (c), the Investment Committee shall be required only to provide documentation to the Foundation that meets such revised requirements; and
- (d) any additional information that may be reasonably requested by the Foundation from time to time.
- (e) Beginning in calendar year 2016, before May 15th of each calendar year, the Investment Committee shall provide to the Chief Financial Officer of the City

confirmation that, as of the date of the City's report to the Foundation, there has been no impairment or modification of the information contained in the most recent Pension Certificate since the date of such Pension Certificate.

ARTICLE 2. DEFINITIONS

Sec 2.1. Definitions

Unless a different definition is contained within this Combined Plan Document, or a different meaning is plainly required by context, for purposes of this Combined Plan Document the following words and phrases have the meanings respectively ascribed to them by this section:

- (1) *Accumulated Mandatory Employee Contributions* means the sum of all amounts deducted from the Compensation of a Member and credited to the Accumulated Mandatory Employee Contribution Fund for periods on and after July 1, 2014.
- (2) *Accumulated Voluntary Employee Contributions* means the total balance in a Member's individual account under Component I of the Retirement System representing after-tax amounts deducted from the Compensation of the Member, together with earnings on such contributions.
- (3) *Actuarial Equivalent or Actuarially Equivalent* means a Retirement Allowance or benefit amount having the same Actuarial Equivalent Value as another applicable benefit.
- (4) *Actuarial Equivalent Value* means the value of an applicable Retirement Allowance or benefit amount, where values are calculated under generally accepted actuarial methods and using the applicable tables, interest rates and other factors established by the Board upon recommendation of the Investment Committee. The rates of interest, tables and factors adopted by the Board from time to time to determine Actuarial Equivalence shall not violate the terms of the Plan of Adjustment.
- (5) *Administrative Rules and Regulations* means rules and regulations promulgated by the Board of Trustees for the administration of the Retirement System and for the transaction of its business.
- (6) *Age, Attainment of* means the age an individual reaches on the day of his or her birthday.
- (7) *Average Final Compensation* means the average Compensation received by a Member during the five consecutive years of Credited Service which immediately precede the date of the Member's last termination of City employment as an employee of the Police Department or the Fire Department. If a Member has less than five years of Credited Service, the Average Final Compensation shall be the average of the annual Compensation received by the Member during the Member's total years of Credited Service.
- (8) *Beneficiary* means any person or persons (designated by a Member pursuant to procedures established by the Board) who are entitled to receive a Retirement Allowance or Pension payable from funds of the Retirement System due to the participation of a Member.
- (9) *Board of Trustees or Board or Retirement Board* means the Board of Trustees of the Police and Fire Retirement System of the City of Detroit.

- (10) *City* means the City of Detroit, Michigan, a municipal corporation.
- (11) *City Council or Council* means the legislative body of the City.
- (12) *Combined Plan* means the Combined Plan for the Police and Fire Retirement System of the City of Detroit, Michigan, effective July 1, 2014, and as amended thereafter.
- (13) *Compensation* means a Member's base salary or wages actually paid to the Member for personal services rendered to the Employer, excluding bonuses, overtime pay, payment of unused accrued sick leave, longevity pay, payment for unused accrued vacation, the cost or value of fringe benefits provided to the Member, termination or severance pay, reimbursement of expenses, or other extra payment of any kind. Compensation will include any amount which is contributed by the City to a plan or program pursuant to a salary reduction agreement and which is not includable in the taxable income of the Member under Sections 125, 402(e)(3), 402(h) or 403(b) of the Internal Revenue Code or which is contributed by the City on behalf of a Member as provided in Section 9.3(3) and 9.5 pursuant to a qualified "pick-up program".

For periods of time prior to July 1, 2014, the City shall provide to the Retirement System actual base salary or wages paid to Members using the best and most reliable sources of information available to the City. In the event the City is unable to provide actual base wages to the Retirement System, the City shall make reasonable estimates of each Member's base salary or wages for purposes of determining a Member's Compensation for periods prior to July 1, 2014.

Notwithstanding the foregoing, solely for purposes of determining a Member's Voluntary Employee Contributions, Compensation shall mean the gross salary or wages paid to the Member for personal services rendered to the City.

The annual Compensation of each Member taken into account for the purposes of determining all benefits provided under the Retirement System for any determination period shall not exceed the limitation set forth in Code Section 401(a)(17) (\$260,000 for the Plan Year commencing July 1, 2014). Such limitation shall be adjusted for the cost-of-living in accordance with Section 401(a)(17)(B) of the Internal Revenue Code. The cost-of-living adjustment in effect for a calendar year applies to any determination period beginning in such calendar year. If Compensation for any prior determination period is taken into account in determining a Member's benefits for the current determination period, the Compensation for such prior determination period is subject to the applicable annual compensation limit in effect for that determination period. If a determination period consists of fewer than 12 months, the annual compensation limit is an amount equal to the otherwise applicable annual compensation limit multiplied by a fraction, the numerator of which is the number of months in the short determination period, and the denominator of which is 12.

- (14) *Component I* means the portion of the Retirement System described in this Combined Plan and which consists of:

- (a) the 2014 Defined Benefit Plan, which is a qualified plan and trust pursuant to applicable sections of the Internal Revenue Code; and
 - (b) the 2014 Defined Contribution Plan which is a qualified plan and trust pursuant to applicable sections of the Internal Revenue Code.
- (15) *Component II* means the portion of the Retirement System described in this Combined Plan and which consists of:
- (a) the Frozen Defined Benefit Plan, which is a qualified plan and trust pursuant to applicable sections of the Internal Revenue Code; and
 - (b) the Frozen Defined Contribution Plan, which is a qualified plan and trust pursuant to applicable sections of the Internal Revenue Code.
- (16) *Credited Service* means service credited to a Member to the extent provided in Article 4 of Component I of this Combined Plan Document.
- (17) *Disability or Disabled*: see Total Disability or Totally Disabled.
- (18) *DFFA* means the Detroit Fire Fighters Association.
- (19) *DPCOA* means the Detroit Police Command Officers Association.
- (20) *DPLSA* means the Detroit Police Lieutenants and Sergeants Association.
- (21) *DPOA* means the Detroit Police Officers Association.
- (22) *DROP Account* means the account established by the Board for a Member who is eligible for and who elects to participate in the DROP Program.
- (23) *DROP Program* means a program established for eligible Members pursuant to Article 12.
- (24) *Employee* means an employee of the City's Police Department who has taken an oath of office or a Fire Fighter providing services to the City, but does not include:
- (a) individuals whose City services are compensated on a contractual or fee basis;
 - (b) any person during any period when such person is classified by the City as a non-common-law employee or an independent contractor for federal income tax and withholding purposes whose compensation for services is reported on a form other than Form W-2 or any successor form for reporting wages paid to and taxes withheld from employees, even if a court or administrative agency determines that such person is a common-law employee of the City;
 - (c) the Medical Director of the Retirement System.

If a person described in (b) above is reclassified by the City as a common-law employee of the City and otherwise meets the definition of an Employee, the person will be eligible to participate in the Retirement System prospectively as of the actual date of such reclassification only (and only to the extent such individual otherwise qualifies as an Employee).

- (25) *Employer* means the City.
- (26) *Final Compensation* means the annual compensation of a Member at the time of his or her termination of employment.
- (27) *Fire Fighter* means the rank in the Fire Department currently or formerly classified by the civil service commission as Fire Fighter.
- (28) *Fire Member* means an employee of the Fire Department of the City of Detroit who is a participant in the Retirement System.
- (29) *Fiscal Year* means the twelve month period commencing each July 1 and ending on the following June 30.
- (30) *Hour of Service* means (i) each hour for which a Member is paid or entitled to payment by the City for the performance of duties, and (ii) each hour for which a Member is directly paid or entitled to payment by the City for reasons other than the performance of duties (such as vacation, holiday, illness or approved leave of absence).
- (31) *Internal Revenue Code or Code* means the United States Internal Revenue Code of 1986, as amended.
- (32) *Investment Committee* means the committee established pursuant to Section 1.22 which shall have the powers and duties described herein.
- (33) *Mandatory Employee Contributions* mean the contributions made by a Member to the Retirement System pursuant to Section 9.3(3).
- (34) *Medical Beneficiary* means a Member who has retired from employment with the City and the Spouses and dependents of such Member who are receiving post-retirement benefits in accordance with the terms of a retiree medical plan sponsored or maintained by the City.
- (35) *Medical Benefits* mean the provision of payments for certain sickness, accident, hospitalization and medical benefits within the meaning of Treasury Regulation section 1.401-14(a), including dental, vision and mental health benefits, as designated by the City.
- (36) *Medical Benefits Account* means the bookkeeping account established under Section 17.1 to provide for the payment of Medical Benefits on behalf of Medical Beneficiaries.
- (37) *Medical Director* means the physician appointed by the Board pursuant to Section 1.16.

- (38) *Member* means any Police Member or Fire Member who has not retired or died.
- (39) *Normal Retirement Age* means for any Member Age fifty with twenty-five years of Credited Service, with the following transition period for a Member who is an active employee on June 30, 2014 regarding payment of Component I benefits only:

<u>Fiscal Year</u>	<u>Age and Credited Service</u>
2015	Age 43 and 20 years
2016	Age 43 and 20 years
2017	Age 44 and 21 years
2018	Age 45 and 22 years
2019	Age 46 and 23 years
2020	Age 47 and 24 years
2021 and thereafter	Age 50 and 25 years

Pursuant to Code Section 411(e), as in effect in 1974, a Member shall be 100% vested in his or her accrued benefit under the Retirement System upon Attainment of Normal Retirement Age while in Service.

- (40) *Notice to Members, Beneficiaries, and Retirees* means a mailing using First Class United States Mail to the Members, Beneficiaries, and Retirees at their last known addresses.
- (41) *Patrolman* means the rank in the Police Department currently or formerly known as patrolman.
- (42) *Pension Reserve* means the present value of all payments to be made on account of any Retirement Allowance payable under Component I of the Combined Plan. Such Pension Reserve shall be computed upon the basis of such mortality and other tables of experience, and interest, as provided herein until June 30, 2023 and, thereafter, as shall be adopted by the Board upon the recommendation of the Investment Committee.
- (43) *Plan Actuary or Actuary* means the enrolled actuary or actuarial firm appointed as provided in Section 1.17 to serve as technical advisor to the Investment Committee and the Board on matters regarding the funding and operation of the Retirement System and to perform such other duties as the Investment Committee or the Board may direct.
- (44) *Plan Document or Combined Plan Document* means this instrument, effective as of July 1, 2014, with all amendments hereafter adopted.
- (45) *Plan of Adjustment* means the Plan for the Adjustment of Debts of the City of Detroit, which has been approved by the United States Bankruptcy Court in *In re City of Detroit, Michigan*, Case No. 13-53846.
- (46) *Plan Year* means the twelve month period commencing on July 1 and ending on June 30.
- (47) *Police and Fire Retirement System of the City of Detroit or Retirement System* means the Police and Fire Retirement System of the City of Detroit created and, prior to July 1, 2014, memorialized in Title IX, Chapter VI, of the 1918 Detroit City Charter, as

amended, continued in effect through the 1974, 1997 and 2012 Detroit City Charters, Article 47 of the Detroit City Code, Article 54 of the Detroit City Code of 1964, and collective bargaining agreements and, on and after July 1, 2014, pursuant to Section 47-1-2 of the Detroit City Code, memorialized in this Combined Plan Document, as amended from time to time.

The Retirement System consists of:

- (a) The 2014 Defined Benefit Plan, which is described in Component I hereof;
- (b) the 2014 Defined Contribution Plan, consisting of the Voluntary Employee Contribution Account, which is described in Component I hereof;
- (c) the Frozen Defined Benefit Plan, which is described in Component II hereof; and
- (d) the Frozen Defined Contribution Plan, which is described in Component II hereof.

References to the words Retirement System in Component I of the Plan Document shall mean the provisions of the 2014 Defined Benefit Plan and/or the 2014 Defined Contribution Plan described in Component I, unless a different meaning is plainly required by context.

- (48) *Police Member* means a Police Officer who has taken the oath of office as prescribed in the Detroit City Charter, excluding patrolmen of other City departments, privately employed patrolmen and special patrolmen, who is a participant in the Retirement System.
- (49) *Police Officer* means the rank in the Police Department currently or formerly known as Police Officer.
- (50) *Prior Service* means the service credit awarded to a Member before July 1, 2014 under the terms of the Retirement System as in effect on June 30, 2014, as certified by the Board of Trustees.
- (51) *Retiree* means a former Member who is receiving a Retirement Allowance from the Retirement System.
- (52) *Retirement* means a Member's withdrawal from the employ of the City with a Retirement Allowance paid by the Retirement System.
- (53) *Retirement Allowance* means an annual amount payable in monthly installments by the Retirement System, whether payable for a temporary period or throughout the future life of a Retiree or Beneficiary.
- (54) *Service* means personal services rendered to the City by an employee of the Police Department or Fire Department, provided such person is compensated by the City for such personal services.

- (55) *Spouse* means the person to whom a Member is legally married under applicable law at the time a determination is made.
- (56) *Straight Life Retirement Allowance* means payment of a Member's Retirement Allowance over the Member's lifetime.
- (57) *Total Disability or Totally Disabled* means:
- (a) during the first twenty-four (24) months that a Member receives benefits from the Retirement System due to injury, illness or disease, that the Member is unable to perform, for wage or profit, the material and substantial duties of the Member's occupation; and
 - (b) during all subsequent months that a Member receives benefits from the Retirement System due to illness, injury or disease, that the Member is unable to perform, for wage or profit, the material and substantial duties of any occupation for which the Member is suited, based on education, training and experience.
- (58) *Vesting Service* means service credited to a Member to the extent provided in Article 4 of Component I of this Combined Plan Document.
- (59) *Voluntary Employee Contributions* mean the after-tax contributions made by a Member to the Retirement System pursuant to Section 10.1.
- (60) *Voluntary Employee Contributions Account* means the account established pursuant to Section 10.3 for a Member who elects to make Voluntary Employee Contributions.

The following terms shall have the meanings given to them in the Sections of this Combined Plan Document set forth opposite such term:

Accumulated Mandatory Employee Contribution Fund	Section 9.2(1)
Accumulated Voluntary Employee Contribution Fund	Section 9.2(2)
Annual Addition	Section 13.2(1)
Annual Report	Section 1.26(4)(b)
Authority	Section 1.17
cash refund annuity	Section 5.4(1)(a)
compensation	Section 13.1(12)
Compliance Report	Section 1.26(1)
Cure Certification	Section 1.26(2)
current active	Section 9.3(3)
Default Notice	Section 1.26(2)
Deferred Retirement Option Plan Fund	Section 9.2(5)
Deferred Retirement Option Plan Program (DROP)	Section 12.1
Differential Wage Payment	Section 4.4
Direct rollover	Section 18.9(1)(b)
Distributee	Section 18.9(1)(c)
Dollar Limit	Section 13.1(3)(b)
Disability Retirement Review Board/DRRB	Section 5.6(2)

Eligible retirement plan	Section 18.9(1)(d)
Eligible rollover distribution	Section 18.9(1)(e)
Expense Fund	Section 9.2(7)
Foundation	Section 1.22(1)
funding level	Section 9.5(3)
Governance Term Sheet	Section 1.17
Income Fund	Section 9.2(8)
ING	Section 12.3(1)
investment management decisions/investment management matters	Section 16.2
limitation year	Section 13.1(2)
Medical Benefits Account Fund	Section 9.2(6)
Medical Plans	Section 17.1
new employee	Section 9.3(3)
Option "A". Joint and Seventy-Five Percent Survivor Allowance	Section 8.1(1)(c)

Option One. Modified Cash Refund Annuity	Section 8.1(1)(a)
Option Three. Joint and Fifty Percent Survivor Allowance	Section 8.1(1)(d)
Option Two. Joint and One Hundred Percent Survivor Allowance	Section 8.1(1)(b)
Pension Accumulation Fund	Section 9.2(3)
Pension Certificate	Section 1.26(4)(b)
Pension Improvement Factor (Escalator)	Section 6.2
Plan of Adjustment	Section 1.3
Police and Fire Retirement System of the City of Detroit	Section 1.1
Pop-up Form	Section 8.1(2)(b)
Rate Stabilization Fund	Section 9.2(4)
Standard Form	Section 8.1(2)(a)
State Contribution Agreement	Section 1.17
State Treasurer	Section 1.23
Straight Life Retirement Allowance	Section 8.1(1)

ARTICLE 3. MEMBERSHIP

Sec 3.1. Eligible Employees

- (1) Except as provided in Section 3.2, the membership of the Retirement System shall consist of all persons who are employed with the Police and Fire Departments of the City and who are employed as Police Officers or Fire Fighters according to the rules and regulations of the respective Departments. An eligible Employee's membership in the Retirement System shall be automatic; no eligible Employee shall have the option to elect to become a Member of the Retirement System.
- (2) Any appointive official of the Police Department or Fire Department appointed from the membership thereof shall be permitted to remain a Member, paying contributions and entitled to benefits as though he or she had remained in the rank, grade or position held at the date of his or her appointment.
- (3) Any Police Officer or Fire Fighter who, prior to being confirmed, shall be killed or Totally Disabled as the result of the performance of active duty, shall be deemed to have been a Member as of his or her date of death.
- (4) Any Member who shall be transferred to a civilian position in his or her Department shall continue as a Member, subject to all the obligations of a Member.

Sec 3.2. Cessation of Membership; Re-Employment

- (1) If a Member dies, or is separated from service with the City by resignation, dismissal, retirement or Disability, he or she shall cease to be a Member. A Member who elects to participate in the DROP Program under Component I, Component II or both shall be considered to have separated from service with the City by reason of retirement and shall not accrue a benefit under the Retirement System, be required to make Mandatory Employee Contributions to the Retirement System pursuant to Section 9.3(3) or 9.5, or be permitted to make Voluntary Employee Contributions pursuant to Section 10.1.
- (2) If a vested Member ceases to be a Member under paragraph (1) other than by reason of participation in the DROP Program and later becomes a Police Officer or Fire Fighter other than in the position of Police Assistant, he or she shall again become a Member, subject to the obligations of a Member. The benefit payable to the Member upon a subsequent termination shall be based upon his or her total Credited Service earned on and after July 1, 2014, provided that, if the Member received a distribution of his or her Accumulated Mandatory Contributions following termination, the Member recontributes the Accumulated Mandatory Contributions to the Retirement System within two years of his or her re-employment date. If a Member who receives a distribution of his or her Accumulated Mandatory Contributions fails to recontribute such amount to the Retirement System within two years of re-employment, only the Credited Service earned on and after the Member's re-employment date shall be taken into consideration in determining his or her Retirement Allowance.

- (3) If a Member ceases to be a Member under paragraph (1) and later becomes employed as a Police Assistant, such Member shall not become a Member upon re-employment. If such Member was receiving a Retirement Allowance from the Retirement System prior to his or her date of rehire, such Retirement Allowance shall not be suspended during the period of the Member's reemployment as a Police Assistant.
- (4) Retirement benefits for a Retiree who returns to active full time employment other than as a Police Assistant shall be subject to the following:
 - (a) A Retiree who returns to work will have his or her Retirement Allowance suspended upon re-employment. The variable Pension Improvement Factor (Escalator) shall not be added to the amount of the original Retirement Allowance during the Retiree's re-employment period.
 - (b) A Retiree who returns to work will be entitled to receive a second Retirement Allowance in accordance with the provisions of the Retirement System in effect during his or her re-employment period.
 - (c) A Retiree's Average Final Compensation and Credited Service for purposes of determining the Retiree's second Retirement Allowance will be based upon the Compensation and Credited Service earned by the Retiree after he or she returns to work.
 - (d) An individual who retires for a second time will not be allowed to change the payment option selected by the Member with respect to the original Retirement Allowance. However, the individual may select a separate payment option with respect to his or her second Retirement Allowance.

Sec 3.3. Report From City

It shall be the duty of the City to submit to the Board of Trustees a statement showing the name, title, compensation, duties, date of birth, date of hire, and length of service of each Member, and such other information as the Board of Trustees may require or reasonably request for proper administration of the Retirement System.

ARTICLE 4. SERVICE CREDIT

Sec 4.1. Credited Service

- (1) The Board shall keep an accurate record of each Member's accumulated Credited Service from the date of commencement of employment with the City to the date of termination of employment with the City.
- (2) A Member shall be credited with one month of Credited Service for each calendar month during which he or she performs one hundred forty (140) or more Hours of Service for the City as a Member beginning on the later of (i) July 1, 2014 or (ii) his or her date of hire with the City as a Police Officer or Fire Fighter and ending on the date his or her employment with the City as a Police Officer or Fire Fighter is terminated. Service shall be credited in years and twelfths ($1/12^{\text{th}}$) of a year. Not more than one-twelfth ($1/12^{\text{th}}$) of a year of Credited Service shall be credited to a Member on account of all service rendered to the City in a calendar month. Not more than one year of Credited Service shall be credited to a Member on account of all service rendered to the City in any period of 12 consecutive months.
- (3) Not more than one month of Credited Service shall be granted for any period of more than one month during which the Member is absent without pay; notwithstanding the foregoing, any Member who shall be suspended from duty and subsequently reinstated to duty without further disciplinary action shall receive credit for the time of such period of suspension.
- (4) Solely for purposes of determining eligibility for a retirement benefit under Sections 5.1 and 5.4, a Member shall be credited with the sum of his or her Prior Service as determined by the Board and his or her Credited Service on and after July 1, 2014 determined under Section 4.1(2). The period of time during which a Member is on layoff from the service of the City shall be included in the Member's Credited Service solely for the purposes of determining whether the Member has attained his or her Normal Retirement Age for purposes of Section 5.1.

Sec 4.2. Vesting Service

- (1) A Member shall be credited with a year of Vesting Service for each Plan Year commencing on or after July 1, 2014 during which the Member performs 1,000 or more Hours of Service for the City.
- (2) A Member's total Vesting Service shall be the sum of his or her Prior Service and his or her Vesting Service determined under Section 4.2(1).

Sec 4.3. Service Credit; Military Service

A Member who enters the military service of the United States while employed with the City shall have the period of such military service credited as Credited Service and Vesting Service in the same manner as if the Member had served the City without interruption, provided that (1) the Member's entry into such military service and re-employment thereafter shall be in

accordance with applicable laws, ordinances, and regulations of the State of Michigan and the City, (2) he or she is re-employed by the City upon completion of such military service, and (3) the Member contributes to the Retirement System the Mandatory Employee Contributions that would have been made by the Member but for the Member's military service. The Member shall be permitted to make such contributions in accordance with Code Section 414(u) and regulations thereunder. During the period of military service and until return to City employment, the Member's Mandatory Employee Contributions to the Retirement System shall be suspended.

Sec 4.4. Service Credit; Qualified Military Service

Notwithstanding any provision of this Combined Plan Document to the contrary, contributions, benefits, and service credit with respect to qualified military service under Component I, shall be provided in accordance with Code Section 414(u). Notwithstanding anything to the contrary herein, if a Member dies while performing qualified military service (as defined in Code Section 414(u)), to the extent required by Code Section 401(a)(37), the survivors of the Member are entitled to any additional benefits (if any, and other than benefit accruals relating to the period of qualified military service) provided under the Retirement System as if the Member had resumed and then terminated employment on account of death.

Notwithstanding anything to the contrary herein, if the City decides to provide Differential Wage Payments to individuals who are performing service in the uniformed services (as defined in Chapter 43 of Title 238, United States Code) while on active duty for a period of more than thirty days, such Differential Wage Payment will be treated as compensation under the Code Section 415(c)(3) limits, but not for purposes of benefit accruals under the Retirement System. For these purposes the term "Differential Wage Payment" means a payment defined in Code Section 3401(h)(2) that is made by the City to an individual who is performing service in the uniformed services while on active duty for a period of more than thirty days.

ARTICLE 5. ELIGIBILITY FOR RETIREMENT

Sec 5.1. Eligibility for Unreduced Normal Retirement Benefit

Any Member who attains his or her Normal Retirement Age while employed by the City may retire upon written application filed with the Board setting forth the date on which the Member desires to be retired. The date of retirement shall be effective as of the first day following the later of (i) the Member's last day on the City payroll, or (ii) the date the Member executes and files an application for retirement, notwithstanding that the Member may have separated from service during the notification period. Such a Member shall be entitled to receive an unreduced Retirement Allowance calculated as provided in Section 6.1 and payable in a form of payment selected by the Member pursuant to Section 8.1.

Sec 5.2. Eligibility for Deferred Vested Retirement Benefit

Any Member who terminates employment with the City prior to satisfying the requirements for receipt of a retirement benefit under Section 5.1 and who is credited with ten (10) or more years of Vesting Service upon his or her termination of employment (regardless of Age) shall be entitled to receive an unreduced Retirement Allowance calculated pursuant to Section 6.1 commencing at any time following his or her Attainment of Age sixty-two; provided that any member of DPLSA or DPCOA who is credited with ten (10) or more years of Vesting Service upon his or her termination of employment (regardless of Age) shall be entitled to receive an unreduced Retirement Allowance commencing at any time following his or her Attainment of Age fifty-five. Any Member (other than a member of DPLSA or DPCOA), may elect to begin receiving a Retirement Allowance following his or her Attainment of Age fifty-five, actuarially reduced for commencement prior to age sixty-two, in lieu of an unreduced Retirement Allowance beginning at age sixty-two. The Retirement Allowance payable to a Member who makes such an election shall be the Actuarial Equivalent of the deferred Retirement Allowance that would be payable to the Member at his Normal Retirement Date pursuant to Section 6.1, assuming the Member terminated employment on the early retirement date, as determined by the Plan Actuary based upon factors, assumptions and methods adopted by the Board upon recommendation of the Investment Committee. Deferred vested retirement benefits shall be payable in accordance with a form of payment selected by the Member pursuant to Section 8.1.

Sec 5.3. Eligibility for Disability Retirement Benefit – Duty Disability

- (1) If, prior to attainment of his or her Normal Retirement Date, a Member shall become Totally Disabled for duty by reason of injury, illness or disease resulting from performance of duty and if, pursuant to Section 5.6, the Board shall find such injury, illness or disease to have resulted from the performance of duty, on written application to the Board by or on behalf of such Member or by the head of his or her Department such Member shall be retired, notwithstanding that during such period of notification he or she may have separated from service and provided further that the Medical Director, after examination of such Member shall certify to the Board the Member's Total Disability. A Member who retires as a result of duty disability shall receive for a period of twenty-four months the sum of:

- (a) a basic benefit equal to fifty percent (50%) of his or her Final Compensation at the time his or her duty disability retirement begins, and
- (b) a supplemental benefit equal to sixteen and two-thirds percent (16-2/3%) of his or her Final Compensation at the time his or her duty disability retirement begins.

Subject to Section 9.5, on the first day of each Plan Year, a Member's duty disability benefit will be increased as provided in Section 6.2.

- (2) After a Member receives benefits hereunder for a period of twenty-four months, the Board will determine whether the Member is disabled from any occupation. If the Member is disabled from any occupation, the Member shall continue to receive the benefit provided in paragraphs (1)(a) and (1)(b) until such time as the Member would have attained twenty-five years of Credited Service had he or she continued in active service with the City. At that time, the Member shall continue to receive the benefit described in paragraph 1(a) above; however, benefits described in paragraph (1)(b) above will cease. If the Member is not disabled from any occupation, he or she shall continue to receive the benefit described in paragraph (1)(a) above; benefits described in paragraph (1)(b) will cease.
- (3) Duty disability benefits shall continue to be paid to a Member on duty disability retirement after the Member has attained twenty-five years of Credited Service to the earlier of (i) the Member's Attainment of Age sixty-five, or (ii) the date the Member ceases to be Totally Disabled as determined by the Board. Upon termination of disability or Attainment of Age sixty-five, a Member with twenty-five years of Credited Service shall be eligible to receive a Retirement Allowance as provided in Section 6.1. The amount of such Retirement Allowance shall be equal to the amount which would have been payable to the Member if the Member's conversion from duty disability retirement to a Retirement Allowance had occurred on the date the Member attained twenty-five years of Credited Service.
- (4) If a Member on duty disability retirement returns to active service with the City and shall re-qualify for duty disability retirement for the same or related reasons within twenty-four months of his or her return to active service, then the disability shall be deemed a continuation of the prior Total Disability and the period of the Member's active service following the return to work will not qualify the Member to be entitled to a new initial determination of disability for purposes of determining the benefit payable to the Member. Instead, such Member will return to duty disability retirement benefits based on the number of months of disability with which the Member was credited at the time of his or her return to active service, as if there had not been a break in his or her period of duty disability retirement.
- (5) During the period a Member is eligible to receive duty disability benefits under this Section 5.3, the Member shall continue to be credited with Credited Service until the Member accrues twenty-five years of Credited Service, at which time accrual of Credited Service shall cease.

- (6) In the event that a recipient of a duty disability retirement benefit receives earned income from gainful employment during a calendar year, the amount of the Member's disability benefit payable during the next subsequent Plan Year will be adjusted so it does not exceed the difference between (i) the Member's Compensation at the date of duty disability, increased by the Pension Improvement Factor (Escalator) (if any) applicable to such benefit pursuant to Section 6.2 during the period of duty disability, and (ii) the amount of the Member's remuneration from gainful employment during the prior calendar year. The amount of income received by a Member shall be determined by the Board based upon information received from the Member or based upon information secured from other reliable sources. Furnishing such information to the Board at such times as the Board shall require shall be a condition for the Member's continued eligibility for duty disability benefits. In the event a Member's Retirement Allowance was not appropriately reduced for any period in which he or she is engaged in a gainful occupation, the Board shall adjust future benefit payments to such Member until the amount of the overpayment is recouped by the Retirement System.

Sec 5.4. Eligibility for Disability Retirement Benefit – Non-Duty Disability

- (1) Upon the application of a Member or the Member's Department head, a Member who becomes totally and permanently disabled prior to his or her Normal Retirement Age in the employ of the City not resulting from the performance of duty shall be retired by the Board; provided that the Medical Director shall certify to the Board after a medical examination, that such Member is Totally Disabled. Such a Member shall receive the following applicable benefits:
- (a) If such Member has less than five years of Credited Service at the time of his or her disability retirement, his or her Accumulated Mandatory Employee Contributions standing to his or her credit in the Accumulated Mandatory Employee Contributions Fund shall be returned to him or her, or at his or her option he or she shall receive a cash refund annuity which shall have the Actuarial Equivalent Value of his or her Accumulated Mandatory Employee Contributions. For purposes of this Section 5.4(1)(a), a "cash refund annuity" is an annuity that provides a death benefit equal to the positive difference, if any, between the original cost of the annuity and the sum of annuity payments received by the Member prior to his or her death.
- (b) If such Member has five or more years of Credited Service at the time of his or her disability retirement, he or she shall receive a disability Retirement Allowance commencing as of the date of disability computed in accordance with the provisions of Section 6.1 and payable in any of the optional forms provided in Section 8.1 hereof. His or her annual Straight Life Retirement Allowance shall not be less than twenty per cent (20%) of his or her Average Final Compensation.
- (2) If a Member receiving non-duty disability retirement benefits is or becomes engaged in a gainful occupation, business, or employment paying more than the difference between the disabled Member's Retirement Allowance increased by the Pension Improvement Factor (Escalator) (if any) applicable to such benefit pursuant to Section 6.2, and his or

her Average Final Compensation determined as of the date of non-duty disability, the Member's Retirement Allowance shall be reduced by the amount of such difference. If the amount of the Member's earnings changes, the Retirement Allowance may be adjusted accordingly. The amount of income received by a Member shall be determined by the Board based upon information received from the Member or based upon information secured from other reliable sources. Furnishing such information to the Board at such times as the Board shall require shall be a condition for the Member's continued eligibility for non-duty disability benefits. In the event a Member's Retirement Allowance was not appropriately reduced for any period in which he or she is engaged in a gainful occupation, the Board shall adjust future benefit payments to such Member until the amount of the overpayment is recouped by the Retirement System.

Sec 5.5. Disability Retirees; Reexamination

- (1) At least once each year following the retirement of a Member under Section 5.3 or Section 5.4, the Board shall require that such disabled Member who has not attained his or her Normal Retirement Age undergo a medical examination, to be made by, or under the direction of the Medical Director; provided, however, that medical examinations shall not be required if the Medical Director determines that the Member's condition is permanent and there is no need for further reexamination. Members shall be reimbursed for reasonable costs actually incurred by the Members in connection with such examinations. Should any such Retiree who has not attained Normal Retirement Age fail to submit to a required medical examination, the Member's Retirement Allowance may be suspended by the Board until the examination is completed. Should such failure continue for one year, all of the disabled Member's rights in and to the duty or non-duty disability Retirement Allowance may be revoked by the Board. If upon such examination of a Member, the examiner reports that the Member is no longer Totally Disabled, and such report is concurred in by the Board, the Member shall be restored to active service with the City and the Retirement Allowance paid pursuant to Section 5.3 or Section 5.4 shall be suspended until the Member terminates active service with the City.
- (2) A disabled Member who has been, or shall be, reinstated to active service in the employ of the City shall again become an active Member. All Credited Service at the time of reinstatement, in the case of a duty disabled Member, or at the time of the disability retirement, for a non-duty disabled Member, shall be restored to the Member; provided that, if a non-duty disabled Member received a distribution of his or her Accumulated Mandatory Contributions following the disability retirement pursuant to Section 5.4(1)(a), the Member recontributes the Accumulated Mandatory Contributions to the Retirement System within two years of his or her re-employment date. If a Member who receives a distribution of his or her Accumulated Mandatory Contributions fails to recontribute such amount to the Retirement System within two years of re-employment, only the Credited Service earned on and after the Member's re-employment date shall be taken into consideration in determining his or her Retirement Allowance.

Sec 5.6. Disability Benefits; Procedures for Determination of Disability

- (1) The Board shall establish procedures for determining whether a Member is Totally Disabled. Such procedures shall be consistent with any collective bargaining agreements between the City and the unions covering Police Employees and Fire Employees.
- (2) If a Member is determined to be Totally Disabled under Section 5.3(1) or 5.4(1), the Board or its designee will examine the pension file, including the submissions of the Member and the Police or Fire Department, to determine if there is any dispute as to whether the disability "resulted from the performance of duty" within the meaning of the Combined Plan. If it is undisputed that the disability did result from the performance of duty, the Board will grant duty disability retirement benefits. If it is undisputed that the disability did not result from the performance of duty, the Board will grant non-duty disability retirement benefits, provided the Member meets the other conditions of eligibility. If the performance of duty issue is in dispute, the Board will refer the matter to arbitration by a member of the Disability Retirement Review Board ("DRRB"). The decision of the DRRB member as to whether the disability resulted from the performance of duty shall be final and binding upon the Member, the Department and the Board. The DRRB shall consist of three qualified arbitrators who will be individually assigned in rotating order to decide the matters referred to arbitration by the Board. The three members of the DRRB shall be disinterested persons qualified as labor arbitrators and shall be selected in accordance with agreements between the City and the unions representing Members. The procedure for the termination of DRRB members and the selection of new DRRB members also shall be carried out in accordance with the agreements between the City and the unions representing Members.
- (3) The hearing before a member of the DRRB will be conducted in accordance with the following procedures:
 - (a) The Member and the City will have the right to appear in person or otherwise may be represented by counsel if they wish and will be afforded an equal opportunity to present evidence relevant to the issues;
 - (b) A court reporter will be present and make a stenographic record of the proceedings;
 - (c) The hearing will be closed to the public, except that the Member may select one person to be with him or her in the hearing room; provided, however, that person may not testify;
 - (d) The witnesses will be sequestered;
 - (e) The witnesses will be sworn by the court reporter and testify under oath;
 - (f) The Member may not be called by the City as an adverse witness;
 - (g) The DRRB member will apply the rules of evidence and follow the procedures which are customarily applied and followed in labor arbitration cases;

- (h) If the Member wishes to have an employee of the City released from duty to appear as a witness on his or her behalf, the Member may so inform the Board in writing which, in turn, will submit a written request to the appropriate Department executive for the release of the employee for the purpose of so testifying;
 - (i) The DRRB member will afford the parties an opportunity for the presentation of oral argument and/or the submission of briefs;
 - (j) The DRRB member will issue a written decision containing credibility resolutions as necessary, findings of fact and conclusions with respect to all relevant issues in dispute;
 - (k) The authority of the DRRB member is limited to deciding whether or not the Member's disability "resulted from the performance of duty" within the meaning of the Combined Plan. The DRRB member shall have no authority to add to, subtract from, modify or disregard the terms of the Combined Plan; and
 - (l) The costs associated with the hearing, including the arbitrator's fees and expenses and the court reporter's fees and expenses, will be paid by the Retirement System.
- (4) If a disabled Member is determined by the Board to no longer be Totally Disabled, he or she may appeal that determination within seven (7) days thereof by filing a written request with the Board for a re-examination. The Board shall promptly arrange for such re-examination. The Member's disability benefits will be continued pending that final and binding medical finding, and if the finding is that the Member is no longer Totally Disabled, his or her disability benefits will be further continued while the Police or Fire Department conducts such examinations and/or investigations as necessary to determine whether the Member is qualified for reappointment to active duty. In the event that the examinations and/or investigations conducted by the Police Department result in a determination that a Member is not qualified, for medical reasons, for reappointment to active duty, disability benefits will be continued.
- (5) The Board shall not act upon or grant the application filed by a Member who, although he or she is not capable of performing the full duties of a Police Employee or Fire Employee, has not suffered any diminishment of his or her base wages or benefits because he or she is either:
- (a) regularly assigned to a position, the full duties of which he or she is capable of performing; or
 - (b) assigned to a restricted duty position, unless the Member's Department advises that it intends to seek a disability retirement for the Member in the foreseeable future.
- (6) The provisions in paragraph (5) above are not intended to and will not:
- (a) affect the right of a Member to seek a disability retirement when no restricted duty position is available; or

- (b) restrict in any way the existing authority of the Chief of Police or the Fire Commissioner to seek a duty or non-duty disability retirement for a Member or for that Member, at that time, to request a duty or non-duty disability retirement.

Sec 5.7. Return of Accumulated Mandatory Contributions to Non-Vested Member

If a Member ceases employment with the City other than by reason of retirement, death or Disability, the Member may elect to receive distribution of the Accumulated Mandatory Employee Contributions made to the Retirement System by such Member. If a Member elects to receive his or her Accumulated Mandatory Employee Contributions, such amounts shall be paid to the Member in a lump sum payment or in equal monthly installments for a period not to exceed three years, according to such rules and regulations as the Board may adopt from time to time. Other than as provided in Section 3.2(2), a Member who receives a refund of his or her Accumulated Mandatory Employee Contributions shall not receive a Retirement Allowance from Component I of the Retirement System.

Sec 5.8. Benefits Offset by Workers' Compensation and Benefits; Subrogation

- (1) Any amounts which may be paid or payable to a Member, Retiree, or Beneficiary on account of disability or death under the provisions of any Workers' Compensation, pension, or similar law, except federal Social Security old-age and survivors' and disability insurance benefits, shall be an offset against any amounts payable from funds of the Retirement System (Component I and Component II combined) on account of the same disability or death. If the present value of the benefits payable under said Workers' Compensation, pension, or similar law, is less than the Retirement Allowance payable by the Retirement System (under both Component I and Component II), the present value of the said Workers' Compensation, pension, or similar legal benefit shall be deducted from the amounts payable by the Retirement System (under both Component I and Component II), and such amounts as may be provided by the Retirement System, so reduced, shall be payable as provided in this Combined Plan Document.
- (2) In the event a person becomes entitled to a pension payable by the Retirement System because of an accident or injury caused by the act of a third party, the Retirement System shall be subrogated to the rights of said person against such third party to the extent of the benefit which the Retirement System pays or becomes liable to pay.

ARTICLE 6. RETIREMENT ALLOWANCE; VARIABLE PENSION IMPROVEMENT FACTOR (ESCALATOR)

Sec 6.1. Retirement Allowance

The Retirement Allowance payable to a Member commencing at the later of his or her Normal Retirement Age or his or her actual retirement from employment with the City in the form of a Straight Life Retirement Allowance shall be equal to two percent (2%) of the Member's Average Final Compensation multiplied by the Member's years (computed to the nearest one-twelfth ($1/12^{\text{th}}$) year) of Credited Service earned after June 30, 2014.

Sec 6.2. Variable Pension Improvement Factor (Escalator)

Except as provided in Section 9.5, beginning July 1, 2015 and effective the first day of each Plan Year thereafter, the Board may determine that the annual Retirement Allowance of a Member payable under this Component I shall be increased by a factor of one percent (1.0%), compounded ("Pension Improvement Factor (Escalator)"); provided, that the recipient of said Retirement Allowance shall have been receiving a Retirement Allowance for a period of not less than twelve months prior to the first day of such Plan Year.

ARTICLE 7. DEATH BENEFITS

Sec 7.1. Accidental Death Benefit; Performance of Duty

- (1) If a Member is killed in the performance of duty in the service of the City, or dies as the result of illness contracted or injuries received while in the performance of duty in the service of the City, and such death, illness, or injury resulting in death, is found by the Board to have resulted from the actual performance of duty in the service of the City, the following benefits shall be paid:
 - (a) the Accumulated Mandatory Employee Contributions standing to his or her credit in the Accumulated Mandatory Employee Contributions Fund at the time of his or her death shall be paid to such person or persons as the Member shall have nominated by written designation duly executed and filed with the Board. If no such designated person survives the Member, the said Accumulated Mandatory Employee Contributions shall be paid to the Member's legal representative, subject to paragraph (e) of this Section 7.1(1).
 - (b) the Member's surviving Spouse shall receive a pension of five-elevenths of the Member's Final Compensation payable for the Spouse's lifetime. If the Member's child or children under age eighteen years also survive the deceased Member, each such child shall receive a pension of one-tenth of such Final Compensation; provided, that if there are more than two such surviving children under age eighteen years, each such child's pension shall be an equal share of seven thirty-thirds of such Final Compensation. Upon the death, marriage, adoption, or Attainment of Age eighteen years of any such child, his or her pension shall terminate and there shall be a redistribution of the benefit by the Board to the deceased Member's remaining eligible children, if any; provided, that in no case shall any such child's pension exceed one-tenth of the Member's Final Compensation. In no case shall the total of the benefits provided for in this paragraph (b), payable on account of the death of a Member exceed two-thirds of the Member's Final Compensation.
 - (c) if no surviving Spouse survives the deceased Member or if the Member's surviving Spouse dies before his or her youngest unmarried surviving child attains Age eighteen years, his or her unmarried child or children under Age eighteen years shall each receive a pension of one-fourth of the Member's Final Compensation; provided that if there are more than two such surviving children under Age eighteen years, each such child's pension shall be an equal share of one-half of such Final Compensation. Upon the death, marriage, adoption, or Attainment of Age eighteen years of any such child, his or her pension shall terminate and there shall be a redistribution by the Board to the deceased Member's remaining eligible children, if any; provided, that in no case shall any such child's pension exceed one-fourth of the Member's Final Compensation.
 - (d) if the Member has no surviving Spouse or surviving children under Age eighteen years and if the Member leaves surviving either a father or mother or both, whom

the Board shall find to be actually dependent upon such Member for financial support, such dependent father and mother shall each receive a pension of one-sixth of the Member's Final Compensation.

- (e) If a Member dies intestate, without having designated a person or persons, as provided in paragraph (a) of this Section 7.1(1), and without heirs, the amount of his or her Accumulated Mandatory Employee Contributions in the Accumulated Mandatory Employee Contribution Fund, not to exceed a reasonable sum, to be determined by the Board, shall be used to pay his or her burial expenses, provided the Member leaves no other estate sufficient for such purpose. Any balance credited to such Member in the Accumulated Mandatory Employee Contribution Fund which is not used for burial expenses shall remain a part of the funds of the Retirement System and shall be transferred to the Pension Accumulation Fund.

Sec 7.2. Non-Duty Death Benefits

The surviving Spouse of any Member who dies while in the employ of the City (other than in the performance of duty) after the date such Member has earned ten or more years of Vesting Service, shall receive a Retirement Allowance computed in the same manner in all respects as if said Member had (i) retired effective on the day preceding the Member's death, notwithstanding that the Member had not attained Normal Retirement Age, (ii) elected a Joint and One Hundred Percent Survivor Allowance as described in Section 8.1, and (iii) nominated the surviving Spouse as Beneficiary.

Sec 7.3. Refund of Accumulated Mandatory Contributions Upon Death of Member

If a Member who is not covered by Section 7.1 or 7.2 dies while employed by the City or following termination of employment but prior to commencement of a Retirement Allowance, the Member's Accumulated Mandatory Employee Contributions to the Retirement System at the time of death shall be paid to the Beneficiary nominated in a written designation duly executed by the Member and filed with the Board. In the event there is no such designated Beneficiary surviving, the Member's Accumulated Mandatory Employee Contributions shall be paid to the Member's estate. If a Member who dies without a legal will has not nominated a Beneficiary, the Member's Accumulated Mandatory Employee Contributions at the time of death may be used to pay burial expenses if the Member leaves no other estate sufficient for such purpose. Such expenses shall not exceed a reasonable amount as determined by the Board. Any balance credited to such Member in the Accumulated Mandatory Employee Contribution Fund which is not used for burial expenses shall remain a part of the funds of the Retirement System and shall be transferred to the Pension Accumulation Fund.

ARTICLE 8. FORMS OF PAYMENT

Sec 8.1. Retirement Allowance Options

- (1) Until the date the first Retirement Allowance payment check is issued, any Member may elect to receive a Straight Life Retirement Allowance payable throughout life, or the Member may elect to receive the Actuarial Equivalent of the Straight Life Retirement Allowance computed as of the effective date of retirement, in a reduced Retirement Allowance payable throughout life, and nominate a Beneficiary, in accordance with the options set forth below:
 - (a) *Option One. Modified Cash Refund Annuity.* A Retiree will receive a reduced Retirement Allowance for as long as he or she lives, provided that if the Retiree dies before payment of the Accumulated Mandatory Employee Contributions made to the Retirement System on and after July 1, 2014 has been received in an aggregate amount equal to, but not exceeding the Retiree's Accumulated Mandatory Employee Contributions at the time of retirement, the difference between said Accumulated Mandatory Employee Contributions and the aggregate amount of annuity payments already received, shall be paid in a single lump sum to a Beneficiary nominated by written designation duly executed by the Member and filed with the Board. If there is no such designated Beneficiary surviving said Retiree, any such difference shall be paid to the Retiree's estate.
 - (b) *Option Two. Joint and One Hundred Percent Survivor Allowance.* Upon the death of a Retiree who elected a Joint and One Hundred Percent Survivor Allowance, one hundred percent of the Member's reduced Retirement Allowance shall be paid to and continued throughout the life of the Beneficiary nominated by written designation duly executed and filed with the Board prior to the date the first payment of the Retirement Allowance becomes due.
 - (c) *Option "A". Joint and Seventy-Five Percent Survivor Allowance.* Upon the death of a Retiree who elected a Joint and Seventy-Five Percent Survivor Allowance, seventy-five percent of the Member's reduced Retirement Allowance shall be continued throughout the life of and paid to the Beneficiary nominated by written designation duly executed by the Member and filed with the Board prior to the date the first payment of the Retirement Allowance becomes due.
 - (d) *Option Three. Joint and Fifty Percent Survivor Allowance.* Upon the death of a Retiree who elected a Joint and Fifty Percent Survivor Allowance, fifty percent of the Member's reduced Retirement Allowance shall be continued throughout the life of and paid to the Beneficiary nominated by written designation duly executed by the Member and filed with the Board prior to the date the first payment of the Retirement Allowance becomes due.
 - (e) *Option "B". Joint and Twenty-Five Percent Survivor Allowance.* Upon the death of a Retiree who elected a Joint and Twenty-Five Percent Survivor Allowance, twenty-five percent of the Member's reduced Retirement Allowance shall be

continued throughout the life of and paid to the Beneficiary nominated by written designation duly executed by the Member and filed with the Board prior to the date the first payment of the Retirement Allowance becomes due.

- (2) *Joint and Survivor Optional Forms of Payment.* The Joint and Survivor Optional Forms of Payment provided under the Retirement System shall be made available in either the standard form or the pop-up form, as follows:
- (a) *Standard Form.* Under the Standard Form, the reduced Retirement Allowance shall be paid throughout the lifetime of the Retiree.
 - (b) *Pop-up Form.* Under the Pop-up Form, the reduced Retirement Allowance shall be paid throughout the lifetime of the Retiree and the designated Beneficiary. In the event of the death of the designated Beneficiary during the lifetime of the Retiree, the amount of the Retirement Allowance payable to the Retiree shall be changed to the amount that would have been payable had the Retiree elected the Straight Life Retirement Allowance Form of Payment.

Sec 8.2. Disposition of Surplus Benefits upon Death of Retiree and Beneficiary

If under a Joint and One Hundred Percent Survivor allowance, a Joint and Seventy-Five Percent Survivor allowance, a Joint and Fifty Percent Survivor allowance or a Joint and Twenty-Five Percent Survivor allowance as provided for under Section 8.1, both a Retiree and Beneficiary die before they have received in Retirement Allowance payments an aggregate amount equal to the Retiree's Accumulated Mandatory Employee Contributions (and if the Retiree makes an election pursuant to Section 10.4(2), his or her Accumulated Voluntary Employee Contributions) at the time of retirement, the difference between the said Accumulated Mandatory Employee Contributions (and Accumulated Voluntary Employee Contributions, if applicable) and the aggregate amount of Retirement Allowances paid to the Retiree and Beneficiary, shall be paid in a single lump sum to such person or persons nominated by written designation of the Retiree duly executed and filed with the Board. If there is no such person or persons surviving the Retiree and the Beneficiary, any such difference shall be paid to the estate of the Retiree or the Beneficiary, whichever of them is the last to die.

ARTICLE 9. FUNDING AND RESERVES

Sec 9.1. Funding Objective of the Retirement System

The funding objective of Component I of the Retirement System is to establish and receive City and Member contributions during each Plan Year that are sufficient to fully cover the actuarial cost of benefits anticipated to be paid on account of Credited Service rendered by Members during the Plan Year (the normal cost requirements of the Retirement System), and to amortize the unfunded actuarial costs of benefits likely to be paid on account of Credited Service rendered on or after July 1, 2014 and before the first day of the Plan Year (the unfunded actuarial accrued liability of Component I of the Retirement System).

Sec 9.2. Funds

Component I of the Retirement System shall consist of the Accumulated Mandatory Employee Contribution Fund, the Accumulated Voluntary Contribution Fund, the Pension Accumulation Fund, the Rate Stabilization Fund, the Deferred Retirement Option Program Fund (if applicable), the Medical Benefits Account Fund, the Expense Fund and the Income Fund, as follows:

- (1) The Accumulated Mandatory Employee Contribution Fund shall be the Fund in which shall be accumulated the contributions of Members to provide their Retirement Allowances. Upon the retirement, termination, disability or death of a Member with a Retirement Allowance, the Member's Accumulated Mandatory Employee Contributions shall be deemed to be part of the Pension Reserve which shall be used to pay the Member's or Beneficiary's Retirement Allowance.
- (2) The Accumulated Voluntary Employee Contribution Fund shall be the Fund in which shall be accumulated the voluntary after-tax contributions of Members, together with earnings thereon.
- (3) The Pension Accumulation Fund shall be the fund in which shall be accumulated reserves for the Retirement Allowances and other benefits payable from that portion of the City's annual contribution as is designated by the City to be utilized for payment of Retirement Allowances, and amounts transferred to Component I as provided in Section G-2(f) of Component II to finance Transition Cost (as defined in Section G-2(f) of Component II), together with earnings thereon, and from which shall be paid Retirement Allowances and other benefits on account of Members.
- (4) The Rate Stabilization Fund shall be the Fund to which shall be credited the City's contributions in excess of the amount of the City's contribution which is credited to the Pension Accumulation Fund, together with earnings thereon, and amounts transferred to Component I as provided in Section G-2(f) of Component II.
- (5) The Deferred Retirement Option Plan Fund shall be the fund in which shall be accumulated the amounts credited to the DROP Accounts of Members who have elected to participate in the DROP Program pursuant to Article 12, together with earnings

thereon, provided that the DROP Accounts are held and invested within the Retirement System.

- (6) The Medical Benefits Account Fund shall be the fund in which shall be accumulated the amounts contributed to the Retirement System for the purposes of funding Medical Benefits, together with earnings thereon.
- (7) The Expense Fund shall be the fund to which shall be credited funds, if any, provided to the Retirement System by the City to pay the administrative expenses of the Retirement System, and from which shall be paid certain expenses incurred in connection with the administration and operation of the Retirement System.
- (8) The Income Fund shall be the Fund to which shall be credited all interest, dividends, and other income derived from the investments of the assets of Component I of the Retirement System and earnings thereon, all gifts and bequests received by Component I of the Retirement System, and all other moneys credited to Component I of the Retirement System, the disposition of which is not specifically provided for in this Article 9. There shall be paid or transferred from the Income Fund, all amounts required to credit earnings and losses to the various Funds of the Retirement System in accordance with the provisions of Component I of this Combined Plan Document. Amounts credited to the Income Fund in excess of amounts needed to credit earnings and losses of the Retirement System as provided in this Component I for any Plan Year shall be used in the following manner in the following order: (i) to pay administrative expenses of Component I (to the extent there are insufficient funds for this purpose credited to the Expense Fund), and/or (ii) transferred to the Pension Accumulation Fund and used to pay Retirement Allowances and other benefits on account of Members.

Sec 9.3. Method of Financing Retirement System Benefits

- (1) The pension liabilities for Members under this Component I shall be determined by the Plan's Actuary using the Entry Age Actuarial Cost Method of actuarial valuation.
- (2) The City's annual contribution to finance the prospective pension liabilities during the nine Plan Year period commencing July 1, 2014 and ending June 30, 2023 shall be (a) eleven and two-tenths percent (11.2%) of the Compensation of active employees who are members of the DFFA (for pay periods ending on or before November 6, 2014) and members of DPOA (for pay periods ending on or before October 3, 2014) and (b) twelve and one-quarter percent (12.25%) of the Compensation of active employees who are members of the DPCOA, the DPLSA, the DPOA (for pay periods beginning on or after October 3, 2014) and the DFFA (for pay periods beginning on or after November 6, 2014). A portion of the City's annual contribution for each Plan Year shall be credited to the Pension Accumulation Fund and a portion shall be credited to the Rate Stabilization Fund, each amount as determined by the City in its sole discretion. For plan years commencing July 1, 2023 and later, the accrued pension liabilities for Members shall be determined by the Actuary using reasonable and appropriate actuarial assumptions approved by the Board and the Investment Committee. The City's annual contributions to finance the normal cost of benefits and any such unfunded accrued pension liabilities

shall be determined by the Actuary amortizing such unfunded accrued pension liabilities over a period or periods of future years as established by the Board and approved by the Investment Committee.

- (3) Except as provided in Section 9.5, for each Plan Year, a Member who was an active employee as of June 30, 2014 ("current active") shall contribute to the Retirement System an amount equal to six percent (6%) of his or her Compensation for such Plan Year and a Member who is hired or rehired by the City on or after July 1, 2014 ("new employee") shall contribute to the Retirement System an amount equal to eight percent (8%) of his or her Compensation for such Plan Year. A Member's Mandatory Employee Contributions for the Plan Year beginning July 1, 2014 and ending June 30, 2015 shall commence as of the Member's first payroll date occurring in August 2014. The officer or officers responsible for processing the payroll shall cause a Member's Mandatory Employee Contributions to be deducted from the Member's Compensation on each and every payroll, for each and every payroll period, from the later of (i) the Member's first payroll date occurring in August 2014 and (ii) the Member's date of hire, to the date he or she ceases to be an active Member. The contribution shall be deducted from a Member's Compensation, notwithstanding that the minimum compensation provided by law for any Member shall be reduced thereby. Payment of compensation, less said Mandatory Employee Contributions, shall be a complete discharge of all claims and demands whatsoever for the services rendered by the said Member during the period covered by such payment. Member Mandatory Employee Contributions will be used for the purpose of funding the normal cost of the Retirement System.

Sec 9.4. Member Contributions Picked-Up

- (1) The City shall pick up Member Mandatory Employee Contributions required pursuant to Sections 9.3(3) and 9.5 in accordance with Code Section 414(h).
- (2) The picked-up contributions, although designated as employee contributions shall be treated as City contributions for the purpose of determining a Member's tax treatment under the Internal Revenue Code. The City shall pay the contributions picked-up on behalf of a Member from the same source of funds that are used for paying compensation to the Member.
- (3) The City shall pick up Member Mandatory Employee Contributions by a reduction in the Member's cash salary or an offset against a future salary increase, or both. The City shall designate the Mandatory Employee Contributions that are picked-up and paid to the Retirement System as employer contributions and not as employee contributions. No Member who participates in the Retirement System shall have the option of choosing to receive the contributed amounts directly instead of having those amounts paid by the City to the Retirement System.

Sec 9.5. Fiscal Responsibility: Benefit Reductions and Increased Funding Obligations

- (1) To safeguard the long-term actuarial and financial integrity of the Retirement System, in the event the funding level of Component I of the Retirement System projected over a

five year period falls below ninety percent (90%), the Trustee may not award the variable Pension Improvement Factor (Escalator) described in Section 6.2 to any individual beginning with the Plan Year following the Plan Year in which such determination is made and continuing until the funding level is restored to not less than ninety percent (90%).

- (2) In the event the funding level of the Retirement System projected over a five year period falls below ninety percent (90%), the following remedial action shall be required in the order set forth below, beginning with the Plan Year following the Plan Year in which such determination is made and continuing until the funding level is projected to be not less than one hundred percent (100%) on a market value basis within the next five years:
- (a) the remedial action required in Section 9.5(1) shall be implemented or continued;
 - (b) all amounts credited to the Rate Stabilization Fund shall be transferred to the Pension Accumulation Fund for the purposes of funding benefits payable under the Retirement System;
 - (c) Mandatory Employee Contributions for active and new employees shall be increased by one percent (1%) per year for up to the next following five Plan Years;
 - (d) Mandatory Employee Contributions for active and new employees shall be increased by an additional one percent (1%) per year for up to the next following five Plan Years;
 - (e) Mandatory Employee Contributions for active and new employees shall be increased by an additional one percent (1%) per year for up to the next following five Plan Years;
 - (f) the Retirement Allowance payable to a Retiree shall not include the variable Pension Improvement Factor (Escalator) that was most recently paid to the Retiree on the date the funding level is projected to fall below ninety percent (90%);
 - (g) the Retirement Allowance payable to a Retiree shall not include the variable Pension Improvement Factor (Escalator) that was most recently added to the Member's Retirement Allowance for the Plan Year preceding the Plan Year referenced in paragraph (f) above;
 - (h) Mandatory Employee Contributions for active and new employees shall be increased by an additional one percent (1%) per year for up to the next following five Plan Years; and
 - (i) contributions made to the Retirement System by the City shall be increased, consistent with applicable actuarial principles and the *Public Employee Retirement System Investment Act, as amended, MCL 38.1132 et seq.*

- (3) For purposes of this Section 9.5, the “funding level” of Component I of the Retirement System shall mean the ratio of the market value of the assets of Component I of the Retirement System to the actuarial accrued liability of Component I of the Retirement System. The actuarial accrued liability shall be calculated by the Plan’s Actuary utilizing an interest rate assumption of six and three-quarters percent (6.75%) and other reasonable assumptions as directed by the Board upon the recommendation of the Investment Committee. The market value of assets shall be determined on the basis of a three-year look back period of smoothed investment returns.

ARTICLE 10. VOLUNTARY EMPLOYEE CONTRIBUTIONS

Sec 10.1. Voluntary Employee Contributions; Amount; Vesting

Subject to procedures established by the Board, a Member who is covered by a collective bargaining agreement with the City that permits the Member to make Voluntary Employee Contributions to Component I of the Retirement System may elect to contribute a whole percentage not less than one percent (1%) nor more than ten percent (10%) of his or her Compensation for a Plan Year to a Voluntary Employee Contribution Account maintained on his or her behalf under Component I of the Retirement System. A Member represented by the DPOA may elect to reduce the amount paid to him or her by the City for accumulated sick leave in excess of 400 hours by a whole percentage not less than one percent (1%) nor more than one hundred percent (100%) of such amount and have such amount contributed by the City to a Voluntary Employee Contribution Account maintained on his or her behalf under Component I of the Retirement System. Voluntary Employee Contributions shall be made to the Retirement System on an after-tax basis. Amounts credited to a Member's Voluntary Employee Contribution Account shall be one hundred percent (100%) vested at all times.

Sec 10.2. Changing an Election to Contribute

A Member may change or revoke an election to make Voluntary Employee Contributions to the Retirement System pursuant to this Article 10 in such manner and with such advance notice as the City shall determine. Notwithstanding the foregoing, a Member shall be permitted to change such election not less frequently than annually.

Sec 10.3. Individual Member Accounting; Crediting of Earnings

The Board shall maintain a Voluntary Employee Contribution Account on behalf of each Member who elects to make Voluntary Employee Contributions to the Retirement System. Each Plan Year, a Member's Voluntary Employee Contribution Account shall be credited with earnings at a rate equal to the actual net investment rate of return on the assets of the Retirement System for the second Fiscal Year immediately preceding the Fiscal Year in which the earnings are credited; in no event, however, shall the earnings rate credited to a Member's Voluntary Employee Contribution Account for any Plan Year be less than zero percent (0%) nor greater than five and one-quarter percent (5.25%).

Sec 10.4. Distribution of Accumulated Voluntary Employee Contributions

- (1) If a Member ceases employment with the City other than by reason of death, the Member may elect to receive distribution of the Accumulated Voluntary Employee Contributions credited to his or her Voluntary Employee Contribution Account. If a Member elects to receive his or her Accumulated Voluntary Employee Contributions, such amounts shall be paid to the Member in a lump sum payment or in equal monthly installments for a period not to exceed three years, according to such rules and regulations as the Board may adopt from time to time.
- (2) In lieu of receiving distribution of his or her Accumulated Voluntary Employee Contributions as provided in Section 10.4(1), a Member may elect to have the Actuarial

Equivalent Value of his or her Accumulated Voluntary Employee Contributions added to his or her Retirement Allowance and paid in the form of an annuity described in Section 8.1. Any such annuity shall be subject to market rates of investment return and other market-related assumptions, as adopted by the Board upon recommendation of the Investment Committee.

- (3) If a Member dies while employed by the City or following termination of employment but prior to receiving distribution of the Member's Accumulated Voluntary Employee Contributions, the amounts credited to the Member's Voluntary Employee Contribution Account at the time of death shall be paid to the Beneficiary nominated in a written designation duly executed by the Member and filed with the Board. In the event there is no such designated Beneficiary surviving, the Member's Accumulated Voluntary Employee Contributions shall be paid to the Member's estate. If a Member who dies without a legal will has not nominated a Beneficiary, the Member's Accumulated Voluntary Employee Contributions at the time of death may be used to pay burial expenses if the Member leaves no other estate sufficient for such purpose. Such expenses shall not exceed a reasonable amount as determined by the Board.

ARTICLE 11. LOAN PROGRAM FOR VOLUNTARY EMPLOYEE CONTRIBUTIONS

Sec 11.1. The Loan Program

A loan program shall be available to Members who have amounts credited to a Voluntary Employee Contributions Account under Component I of the Retirement System. The Board is authorized to adopt rules and regulations, from time to time, to govern the administration and the operation of the loan program. Copies of the rules shall be made available to eligible Members in the offices of the Retirement System. Any loans granted or renewed under the Retirement System shall be made and administered pursuant to and in compliance with Section 72(p) of the Internal Revenue Code and regulations thereunder.

Sec 11.2. Eligibility for Loan

Subject to the rules and procedures established by the Board, loans may be made to eligible Members from such Member's Voluntary Employee Contribution Account. An eligible Member is any Member who has participated in the Retirement System for twelve months or more. Former Members, Spouses and Beneficiaries are not eligible to receive any loans from the Retirement System. No Member shall have more than two outstanding loans from the Retirement System (Component I and/or Component II) at any time. A Member who has previously defaulted on a loan under either Component I or Component II shall not be eligible for a loan from the Retirement System.

Sec 11.3. Amount of Loan

An eligible Member who has satisfied applicable rules and procedures established by the Board may borrow from his or her Voluntary Employee Contribution Account an amount which does not exceed the lesser of (i) fifty percent (50%) of the Member's Voluntary Employee Contribution Account balance, and (ii) Fifteen Thousand Dollars (\$15,000.00), in each case reduced by: (1) the Member's highest outstanding loan balance under the Retirement System (both Component I and Component II) during the one year period ending on the day before the date on which the loan is made, or (2) the outstanding loan balance under the Retirement System (both Component I and Component II) on the date on which the loan is made, whichever is less. The minimum loan amount shall be One Thousand Dollars (\$1,000.00).

Sec 11.4. Terms and Conditions

In addition to such rules and procedures that are established by the Board, all loans shall comply with the following terms and conditions:

- (a) Each loan application shall be made in writing.
- (b) All loans shall be memorialized by a collateral promissory note for the amount of the loan, including interest, payable to the order of the Retirement System and properly executed by the Member.
- (c) Each loan shall be repaid by substantially equal payroll deductions over a period not to exceed five years, or, where the loan is for the purpose of buying a

principal residence, a period not to exceed fifteen years. In no case shall the amount of the payroll deduction be less than Twenty Dollars (\$20.00) for any two-week pay period. A Member receiving a loan will be required to authorize payroll deductions from his or her compensation in an amount sufficient to repay the loan over its term.

- (d) An amount equal to the principal amount of the loan to a Member (but not more than one half of the Member's vested interest in the Defined Contribution Plans of the Retirement System) will be designated as collateral for guaranteeing the loan.
- (e) Each loan shall bear interest at a rate determined by the Board. The Board shall not discriminate among Members in its determination of interest rates on loans. However, loans initiated at different times may bear different interest rates, where, in the opinion of the Board, the difference in rates is supported by a change in market interest rates or a change in the Retirement System's current assumed rate of return. The loan interest rate shall bear a reasonable relationship to market rates for secured loans of a similar duration and shall bear a reasonable relationship to the costs to the Retirement System of administering the loan. The loan interest rate shall be calculated in a manner that will not negatively affect either the City's costs with respect to the Retirement System or the investment return allocated to Members.
- (f) Loan repayments shall be suspended during a period of military service, as permitted by Section 414(u)(4) of the Internal Revenue Code. A Member who has an outstanding loan balance from the Retirement System who is absent from employment with the City, and who has satisfied the requirements of Section 414(u) of the Internal Revenue Code shall not be required to make loan repayments to the Retirement System during said periods of absence.

Sec 11.5. Loan Balance

A Member's outstanding loan balance shall be considered a directed investment by the Member and interest payments shall be credited to the Member's Voluntary Employee Contribution Account (provided that the interest credited to the Member's Voluntary Employee Contribution Account shall be reduced appropriately to cover the administrative costs of the loan program and avoid negatively affecting the City's costs or the Retirement System's investment returns), and shall not be part of the Retirement System's net investment income or part of the Member's Voluntary Employee Contribution Account balance for the purpose of allocation of net investment income under the Retirement System.

Sec 11.6. Default

In the event a Member defaults on a loan before the loan is repaid in full, the unpaid balance thereof will become due and payable and, to the extent that the outstanding amount is not repaid by the end of the calendar quarter which follows the calendar quarter in which the last payment was received, such amount shall be deemed to have been distributed to the Member for tax purposes, consistent with Section 72(p) of the Internal Revenue Code.

Sec 11.7. Distribution

No distribution shall be made to a Member, former Member, Spouse or Beneficiary from the Retirement System until all outstanding loan balances and applicable accrued interest have been repaid or offset against amounts distributable to the Member from the Retirement System.

Sec 11.8. Annual Report

The Retirement System shall include, in its annual report to all Members, an accounting of the loan program established by this Component I, which contains the number and amount of loans made, the costs of administering the program, the amount of payments made including interest received by the Retirement System, the amount of loans outstanding, including any defaults or delinquencies, and an evaluation as to whether the interest charged in the Fiscal Year covered the costs of administering the loan program.

ARTICLE 12. DEFERRED RETIREMENT OPTION PLAN ("DROP") PROGRAM

Sec 12.1. General Provisions

The following provisions are hereby established as the Deferred Retirement Option Plan ("DROP") Program under Component I, which shall be available to Members who are covered by collective bargaining agreements with the City that permit such Members to participate in the DROP program and those non-union executives of the Police Department and the Fire Department.

- (1) In lieu of terminating employment and accepting a Retirement Allowance under the Component I, any Member of the Retirement System who is eligible for the DROP program and who is eligible to immediately retire and receive an unreduced Retirement Allowance under Section 5.1 may elect to participate in the DROP program and defer the receipt of his or her Retirement Allowance in accordance with the provisions of this Article 12. Any such election shall be irrevocable.
- (2) A Member shall be entitled to participate in the DROP program under Component I for a maximum of five years. At the end of such five year period of participation in the DROP program, the Member shall be retired from employment.

Sec 12.2. Conversion to Retirement Allowance

Upon the effective date of a Member's participation in the DROP program, the Member shall cease to accrue a Retirement Allowance pursuant to Section 6.1 and shall elect a form of payment for his or her Retirement Allowance pursuant to Section 8.1. Seventy-five percent (75%) of the monthly Retirement Allowance (including applicable variable Pension Improvement Factor (Escalator) increases) that would have been payable, had the Member elected to terminate employment with the City on the effective date of his or her DROP election and receive an immediate Retirement Allowance, shall be paid into a DROP Account established on behalf of the Member under the Retirement System or in an entity selected by the Board.

Sec 12.3. Investment of DROP Assets

- (1) ING was previously selected by the Board as the DROP administration and investment entity for Members who elect to participate in the DROP program. ING shall continue to be the DROP administration and investment entity, unless and until such time as the Board terminates the agreement with ING as provided in paragraph (4) or determines that it is administratively feasible for the DROP program to be administered and invested under the Retirement System.
- (2) As soon as possible after July 1, 2014, the Board shall determine whether it is administratively feasible for the DROP program to be administered and the assets in DROP accounts invested under the Retirement System. If the Board determines that it is feasible to administer the DROP program under the Retirement System, the Board shall promptly take appropriate steps to implement such decision.

- (3) If amounts credited to a DROP Account are invested under the Retirement System, such amounts shall be comingled with the assets of the Retirement System for investment purposes and shall be invested by the Trustees. A Member's DROP Account shall be credited with annual earnings at a rate equal to seventy-five percent (75%) of the actual net earnings rate of the assets of the Retirement System; however, in no event shall the earnings rate applied to a Member's DROP Account for any Plan Year be less than zero percent (0%) nor greater than seven and three-quarters percent (7.75%).
- (4) The Board of Trustees previously entered into an administrative services agreement with ING. Such agreement shall remain in effect until such time as it is terminated by the Board as provided therein.
- (5) The Board of Trustees may replace ING with a trust-type vehicle or the Board may determine that amounts subject to a DROP election will be invested with Retirement System assets as provided above.
- (6) Any fees associated with the maintenance of DROP Accounts outside of the Retirement System shall be paid by the Members by means of deduction from their DROP Accounts.

Sec 12.4. Distribution of Amounts Credited to DROP Account

A Member shall not receive a distribution of amounts credited to his or her DROP Account prior to his or her termination of employment with the City. Upon termination of employment, a Member who is a participant in the DROP program shall receive, at his or her option either a lump sum payment from the DROP Account equal to the amount then credited to the DROP Account or an annuity based upon the amount credited to his or her DROP Account. Any such annuity shall be subject to market rates of interest return and other market-related assumptions as adopted by the Board upon recommendation of the Investment Committee. In addition, one hundred percent (100%) of the Member's monthly Retirement Allowance that otherwise would have been paid as of the date the Member's participation in the DROP program commenced (together with any applicable variable Pension Improvement Factor (Escalator) increases) shall commence to the Member in accordance with the form of payment selected by the Member at the commencement of his or her participation in the DROP program. Termination of employment includes termination of any kind, such as resignation, retirement, discharge or disability.

Sec 12.5. Death of Member While Participating in the DROP Program

If a Member dies while participating in the DROP program, a lump sum payment equal to the Member's DROP Account balance shall be paid to the Beneficiary named by the Member, or if no Beneficiary has been designated, to the Member's estate. In addition, one hundred percent (100%) of the Member's Retirement Allowance (together with any applicable variable Pension Improvement Factor (Escalator) increases) that would have been paid to the Member but for the Member's decision to participate in the DROP program will be restored. Survivor benefits, if any, shall be paid in accordance with the payment option elected by the deceased Member at the time the Member elected to participate in the DROP program.

Sec 12.6. Disability of Member While Participating in the DROP Program

If a Member becomes Totally Disabled while participating in the DROP program and while still an Employee and his or her employment with the City is terminated because he or she is Totally Disabled, such Member (a) shall be immediately retired and one hundred percent (100%) of the Retirement Allowance that would have been paid to the Member as of the date the Member's participation in the DROP program commenced (together with any applicable variable Pension Improvement Factor (Escalator) increases) will commence in accordance with the payment option selected by the Member at the commencement of the Member's participation in the DROP program as provided in Section 12.1(2), and (b) shall be entitled to receive payment of the funds in his or her DROP Account (in the form of a lump sum or other Actuarially Equivalent form of payment described in Section 8.1). Such Member shall not be entitled to disability retirement benefits under Section 5.3 or Section 5.4 hereof.

Sec 12.7. Cost Neutrality

- (1) The DROP program shall be effective only for as long as it is cost-neutral to the City, provided however, that the DROP program shall continue during the pendency of proceedings, described in paragraph (2) below, designed to restore the Retirement System to cost neutrality.
- (2) If the City contends that the DROP program is not cost-neutral, including, but not limited to, making the City's annual contribution to the Retirement System higher than it would be if the DROP program was not in effect, the Board and the City, along with the Plan Actuary and an actuary appointed by the City (who will be an associate or a fellow of the Society of Actuaries and a member of the American Academy of Actuaries) shall meet and confer in good faith regarding the cost. If the Board and the City are unable to reach an agreement as to cost, the matter shall be submitted to a third, independent, actuary chosen or agreed upon by the Plan Actuary and the City's actuary. This actuary, when rendering a decision, will be limited to ordering implementation of changes necessary to make the DROP program cost-neutral. Upon the implementation of changes necessary to make the DROP program cost-neutral, Members shall have thirty days to elect to either (a) retire from active employment with the City, or (b) withdraw from the DROP program and resume active participation in Component I of the Retirement System. The Board shall notify DROP participants of these changes prior to implementation. Those DROP participants resuming participation in Component I of the Retirement System shall not accumulate Credited Service for any time that they were participating in the DROP program (under either Component I or Component II). Those not making either election shall continue to participate in the DROP program.
- (3) In the event the DROP program cannot be changed to restore cost neutrality, it shall be discontinued and Members participating in the DROP program at that time shall have the option to either (i) retire, or (ii) continue active employment with the City and resume active participation in Component I of the Retirement System. DROP participants resuming participation in Component I of the Retirement System shall not accumulate Credited Service for the time during which such DROP participants participated in the DROP program (under either Component I or Component II).

ARTICLE 13. LIMITATION ON BENEFITS AND CONTRIBUTIONS

Sec 13.1. Compliance With Code Section 415(b) And Regulations

- (1) Notwithstanding any other provision of this Combined Plan Document, the defined benefit component of the Retirement System shall be administered in compliance with the provisions of Code Section 415(b) and regulations thereunder that are applicable to governmental plans.
- (2) The maximum annual benefit accrued by a Member during a "limitation year" (which shall be the Plan Year) and the maximum annual benefit payable under the Retirement System to a Member at any time within a Plan Year, when expressed as an annual benefit in the form of a straight life annuity (with no ancillary benefits), shall be equal to \$160,000 (as such amount is adjusted pursuant to Code Section 415(d) for such Plan Year).
- (3) Notwithstanding the foregoing:
 - (a) if the benefit under the Retirement System is payable in any form other than a straight life annuity, the determination as to whether the limitation described in Section 13.1(2) has been satisfied shall be made, in accordance with the regulations prescribed by the Secretary of the Treasury, by adjusting such benefit to the Actuarially Equivalent straight life annuity beginning at the same time, in accordance with Section 13.1(9) or (10);
 - (b) if the benefit under the Retirement System commences before Age sixty-two, the determination of whether the limitation set forth in Section 13.1(2) (the "Dollar Limit") has been satisfied shall be made, in accordance with regulations prescribed by the Secretary of the Treasury, by reducing the Dollar Limit so that the Dollar Limit (as so reduced) is equal to an annual benefit payable in the form of a straight life annuity, commencing when such benefit under the Retirement System commences, which is Actuarially Equivalent to a benefit in the amount of the Dollar Limit commencing at Age sixty-two (adjusted for participation of fewer than 10 years, if applicable); provided, however, if the Retirement System has an immediately commencing straight life annuity commencing both at Age sixty-two and the age of benefit commencement, then the Dollar Limit (as so reduced) shall equal the lesser of (i) the amount determined under this Section 13.1(3)(b) without regard to this proviso, or (ii) the Dollar Limit multiplied by a fraction the numerator of which is the annual amount of the immediately commencing straight life annuity under the Retirement System and the denominator of which is the annual amount of the straight life annuity under the Retirement System, commencing at Age sixty-two; and
 - (c) if the benefit under the Retirement System commences after Age sixty-five, the determination of whether the Dollar Limit has been satisfied shall be made, in accordance with regulations prescribed by the Secretary of the Treasury, by increasing the Dollar Limit so that the Dollar Limit (as so increased) is equal to an

annual benefit payable in the form of a straight life annuity, commencing when the benefit under the Retirement System commences, which is Actuarially Equivalent to a benefit in the amount of the Dollar Limit commencing at Age sixty-five; provided, however, if the Retirement System has an immediately commencing straight life annuity commencing both at Age sixty-five and the Age of benefit commencement, the Dollar Limit (as so increased) shall equal the lesser of (i) the amount determined under this Section 13.1(3)(c) without regard to this proviso, or (ii) the Dollar Limit multiplied by a fraction the numerator of which is the annual amount of the immediately commencing straight life annuity under the Retirement System and the denominator of which is the annual amount of the immediately commencing straight life annuity under the Retirement System, commencing at Age sixty-five.

- (4) The adjustments in Sections 13.1(3)(b) shall not apply to a Member with at least 15 years of Credited Service as a Police Member or a Fire Member within the meaning of Code Section 415(b)(2)(H). In addition, the adjustments in Sections 13.1(3)(b) and 13.1(6) shall not apply to benefits payable on account of the disability or the death of a Member.
- (5) Notwithstanding the foregoing provisions of this Section 13.1, except as provided in Section 13.1(6), the maximum annual benefit specified in Section 13.1(2) above shall not apply to a particular Retirement System benefit if (a) the annual amount of such Retirement System benefit, together with the aggregate annual amount of any other pensions payable with respect to such Member under all other defined benefit plans maintained by the City, does not exceed \$10,000 for the Plan Year or any prior Plan Year, and (b) the Member was not at any time a participant in a Defined Contribution Plan maintained by the City.
- (6) In the case of a Member who has less than ten years of participation in the Retirement System, the limitation set forth in Section 13.1(2) shall be such limitation (without regard to this Section 13.1(6)), multiplied by a fraction, the numerator of which is the number of years of participation in the Retirement System (or parts thereof) credited to the Member and the denominator of which is ten. In the case of a Member who has less than ten years of Vesting Service, the limitations set forth in Section 13.1(2) and in Section 13.1(5) shall be such limitations (determined without regard to this Section 13.1(6)) multiplied by a fraction, the numerator of which is the number of years of Vesting Service, or parts thereof, credited to the Member and the denominator of which is ten. The adjustment in this Section 13.1(6) shall not apply to benefits paid on account of the disability or death of a Member.
- (7) Notwithstanding anything in this Section 13.1 to the contrary, if the annual benefit of a Member who has terminated employment with the City is limited pursuant to the limitations set forth in Section 13.1(2), such annual benefit shall be increased in accordance with the cost-of-living adjustments of Code Section 415(d).
- (8) For purposes of determining actuarial equivalence under Paragraph (b) or (c) of Section 13.1(3), the interest rate assumption shall be five percent (5%) and the mortality table used shall be the applicable mortality table specified by the Board.

- (9) The Actuarially Equivalent straight life annuity for purposes of adjusting any benefit payable in a form to which Code Section 417(e)(3) does not apply, as required by Paragraph (a) of Section 13.1(3), is equal to the greater of (a) the annual amount of the straight life annuity payable under the Retirement System commencing at the same annuity starting date as the form of benefit payable to the Member, or (b) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the form of benefit payable to the Member, computed using the interest rate and mortality assumptions set forth in Section 13.1(8).
- (10) The Actuarially Equivalent straight life annuity for purposes of adjusting any benefit payable in a form to which Code Section 417(e)(3) applies, as required by Paragraph (a) of Section 13.1(3), is equal to the greatest of (a) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same Actuarial Equivalent present value as the form of benefit payable to the Member, (b) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the form of benefit payable to the Member, computed using a five and one-half percent (5.5%) interest rate assumption and the applicable mortality table specified by the Board, or (c) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the form of benefit payable to the Member, computed using the applicable interest rate and the applicable mortality table, both as specified by the Board, divided by 1.05.
- (11) For purposes of applying the limitations set forth in this Section 13.1, all qualified defined benefit plans (whether or not terminated) ever maintained by the City shall be treated as one defined benefit plan.
- (12) For purposes of this Section 13.1, the term "compensation" shall include those items of remuneration specified in Treasury Regulation § 1.415(c)-2(b) and shall exclude those items of remuneration specified in Treasury Regulation § 1.415(c)-2(c), taking into account the timing rules specified in Treasury Regulation § 1.415(c)-2(e), but shall not include any amount in excess of the limitation under Code Section 401(a)(17) in effect for the year. The term "compensation" as defined in the preceding sentence shall include any payments made to a Member by the later of (a) two and one-half months after the date of the Member's severance from employment with the City or (b) the end of the limitation year that includes the date of the Member's severance from employment with the City, provided that, absent a severance from employment, such payments would have been paid to the Member while the Member continued in employment with the City and are regular compensation for services performed during the Member's regular working hours, compensation for services outside the Member's regular working hours (such as overtime or shift differential pay), commissions, bonuses or other similar compensation.
- (13) This Section 13.1 shall be administered in conformity with the regulations issued by the Secretary of the Treasury interpreting Code Section 415 including, but not limited to those interpreting Section 415(b)(2)(H), and any regulation providing for the "grandfathering" of any benefit accrued prior to the effective date of such regulations or statutory provision.

Sec 13.2. Compliance with Code Section 415(c) and Regulations

- (1) The "Annual Addition" with respect to a Member for a limitation year shall in no event exceed the lesser of:
 - (a) \$40,000 (adjusted as provided in Code Section 415(d)); or
 - (b) One hundred percent (100%) of the Member's compensation, as defined in Code Section 415(c)(3) and regulations issued thereunder, for the limitation year.
- (2) The Annual Addition with respect to a Member for a limitation year means the sum of his or her Voluntary Employee Contributions made to the Retirement System, and the employer contributions, employee contributions and forfeitures allocated to his or her accounts under any other qualified Defined Contribution Plan (whether or not terminated) maintained by the City, and the amounts described in Code Sections 415(l)(2) and 419A(d)(2) allocated to his or her account.
- (3) In the event the Annual Addition to the Retirement System on behalf of a Member would otherwise exceed the amount that may be applied for his or her benefit under the limitation contained in this Section 13.2, the limitation shall be satisfied by reducing the Member's Voluntary Employee Contributions to the extent necessary and distributing such amounts to the Member.

ARTICLE 14. RETIREMENT SYSTEM ADMINISTRATION

Sec 14.1. Board of Trustees as Retirement System Administrator

- (1) The Retirement Board shall have the power and authority to manage and administer the Retirement System in accordance with the provisions of this Combined Plan Document.
- (2) The Retirement Board shall provide procedures for the processing and review of benefit claims, corrections of errors, and similar matters, as further described in Section 14.2.
- (3) The Retirement Board and the Retirement System shall not make any payment to active or retired Members or Beneficiaries other than payments that are required by the Retirement System as established by this Combined Plan Document. This prohibition applies to all payments that are not authorized by this Combined Plan Document, whether such payments are those commonly referred to as a "thirteenth check" or payments by any other name.

Sec 14.2. Powers and Duties of Board

- (1) The Board shall have the following powers and duties:
 - (a) exclusive authority regarding the administration, management and operation of the Retirement System, including, but not limited to, the right to contract for office space, computer hardware and software, and human resource services (any or all of which may be obtained from the City), and to make rules and regulations with respect to the operation of the Retirement System not inconsistent with the terms of the Combined Plan Document and applicable law, and to amend or rescind such rules and regulations;
 - (b) to determine questions of law or fact that may arise as to the rights of any person claiming rights under the Retirement System;
 - (c) to determine the contributions to the Retirement System required of the City and Members pursuant to the documents governing operation of the Retirement System, including the Plan of Adjustment;
 - (d) to construe and interpret the provisions of the Retirement System and to reconcile any inconsistencies;
 - (e) to perform ministerial functions, whether or not expressly authorized, which the Board may deem necessary or desirable in carrying out its duties under the Retirement System;
 - (f) except to the extent authority is vested in the Investment Committee, authority to employ, contract and pay for professional services including, but not limited to, actuarial, investment, legal, accounting, medical, and any other services that the Board considers necessary for the proper operation of the Retirement System;

- (g) except to the extent authority or responsibility is vested in the Investment Committee, to arrange for annual audits of the records and accounts of the Retirement System by a certified public accountant or by a firm of certified public accountants pursuant to generally accepted auditing standards;
- (h) to prepare an annual report for the Retirement System for each Fiscal Year in compliance with generally accepted accounting principles. The report shall contain information regarding the financial, actuarial, and other activities of the Retirement System during the Fiscal Year. The Board shall furnish a copy of the annual report to the Mayor and finance director of the City, to the chair of the City Council and the Investment Committee. The report shall also contain a review of the latest actuarial valuation of the Retirement System;
- (i) to maintain or cause to be maintained such separate funds and accounts as are required to be maintained under the provisions of Components I and II of the Combined Plan Document and such additional accounts as the Board deems necessary or expedient for the proper administration of the Retirement System and the administration and investment of the assets of the Retirement System. The Board shall maintain suitable records, data and information in connection with the performance of its functions, including, but not limited to, accurate and detailed accounts of all investments, receipts, disbursements, and other actions, including the proportionate interest therein and contributions of each Member who has made contributions to the Retirement System;
- (j) to correct any error in the records of the Retirement System that results in overpayment or underpayment of contributions to the Retirement System by the City or a Member, or overpayment or underpayment of benefits to a Member, former Member, or Beneficiary by the Retirement System. In the event of overpayment to a Member, former Member or Beneficiary, the Board may, as far as practicable, adjust future payments to such individual in such a manner that the Actuarial Equivalent of the benefit to which such individual was entitled shall be paid;
- (k) to the extent permissible under Michigan law (and consistent with the Retirement System's favorable tax qualified status under Code Section 401(a)), purchase one or more insurance policies to indemnify any person and such person's heirs and legal representatives who is made a party to (or threatened to be made a party to) any action, suit or proceeding whether brought by or in the right of the Board, the Investment Committee or the Retirement System or otherwise, by reason of the fact that such person is or was a Board member, Investment Committee member, director, officer, employee or agent of the Board (or an advisory body or committee of the Board) or the Retirement System. The insurance policies purchased by the Board shall not indemnify any person who is judicially determined to have incurred liability due to fraud, gross negligence or malfeasance in the performance of his or her duties; and

- (l) except to the extent authority or responsibility is vested in the Investment Committee, to perform any other function that is required for the proper administration of the Retirement System.

Sec 14.3. Executive Director; Employees

The Board shall employ on behalf of the Retirement System an executive director and any other employees for which the Board establishes positions. The executive director shall do all of the following:

- (a) manage and administer the Retirement System under the supervision and direction of the Board;
- (b) annually prepare and submit to the Board for review, amendment, and adoption an itemized budget projecting the amount required to pay the Retirement System's expenses for the following Fiscal Year; and
- (c) perform such other duties as the Board shall delegate to the executive director.

The executive director, unless such power is retained by the Board, shall determine the compensation of all employees of the Retirement System (except the executive director, whose compensation shall be determined by the Board and the chief investment officer, whose compensation shall be determined by the Investment Committee) and such compensation shall be payable from the Retirement System. Any person employed by the Retirement System may but need not be an employee of the City.

Sec 14.4. Discretionary Authority

The Board shall have sole and absolute discretion to:

- (a) interpret the provisions of the Retirement System;
- (b) make factual findings with respect to any and all issues arising under the Retirement System;
- (c) determine the rights and status of Members, Retirees, Beneficiaries and other persons under the Retirement System;
- (d) decide benefit claims and disputes arising under the Retirement System pursuant to such procedures as the Board shall adopt; and
- (e) make determinations and findings (including factual findings) with respect to the benefits payable hereunder and the persons entitled thereto as may be required for the purposes of the Retirement System.

Sec 14.5. Administrator's Decision Binding

The Board's decision on any matter arising in connection with administration and interpretation of the Retirement System shall be final and binding on Members, Retirees and Beneficiaries.

ARTICLE 15. MANAGEMENT OF FUNDS

Sec 15.1. Board as Trustee of Retirement System Assets

The Board of Trustees shall be the trustee of the funds held under the Retirement System, shall receive and accept all sums of money and other property paid or transferred to it by or at the direction of the City, and subject to the terms of Article 16, shall have the power to hold, invest, reinvest, manage, administer and distribute such money and other property subject to all terms, conditions, limitations, and restrictions imposed on the investment of assets of public employee retirement systems or plans by *Act No. 314 of the Public Acts of 1965, being sections 38.1132 et seq. of the Michigan Compiled Laws*, as amended.

Sec 15.2. Maintenance of Segregated Funds

The Board of Trustees shall maintain separate funds as required for the proper administration of the Retirement System and shall not commingle the assets held under the Retirement System for the purpose of funding benefits accrued by Members prior to July 1, 2014, together with earnings and losses on such assets (or replacement assets), as more fully described in Component II of this Combined Plan Document, with the assets of the Retirement System held for the purpose of paying benefits accrued by Members on and after July 1, 2014 as described in this Component I of the Combined Plan Document. Notwithstanding the foregoing, the assets held under Components I and II of this Combined Plan Document may be commingled for investment purposes, and transferred as provided in Section G-2(f) of Component II.

Sec 15.3. Custodian of Funds

The Board of Trustees shall appoint or employ custodians of the assets of the Retirement System. The custodians shall perform all duties necessary and incidental to the custodial responsibility and shall make disbursements as authorized by the Board.

Sec 15.4. Exclusive Purpose

All money and other assets of the Retirement System shall be held by the Trustees and invested for the sole purpose of paying benefits to Members and Beneficiaries and shall be used for no other purpose other than payment of the reasonable expenses of maintaining the Retirement System. In exercising its discretionary authority with respect to the management of the money and other assets of the Retirement System, the Trustees shall exercise the care, skill, prudence and diligence under the circumstances then prevailing, that a person acting in a like capacity and familiar with such matters, would use in the conduct of an enterprise of like character with like aims.

Sec 15.5. Prohibited Conduct

Members of the Board and employees of the Retirement System are prohibited from:

- (1) Having any beneficial interest, direct or indirect, in any investment of the Retirement System;

- (2) Being an obligor or providing surety for any money loaned to or borrowed from the Retirement System;
- (3) Except as provided in Article 11, borrowing any money or other assets of the Retirement System; and
- (4) Receiving any pay or other compensation from any person, other than compensation paid by the Retirement System, with respect to investments of the Retirement System.

ARTICLE 16. INVESTMENT OF RETIREMENT SYSTEM ASSETS

Sec 16.1. Investment Powers of the Board and the Investment Committee

Subject to the requirements set forth in this Article 16, the Board shall have the power and authority to manage, control, invest and reinvest money and other assets of the Retirement System subject to all terms, conditions, limitations, and restrictions imposed on the investment of assets of public employee retirement systems or plans by *Act No. 314 of the Public Acts of 1965, being sections 38.1132 et seq. of the Michigan Compiled Laws*, as amended. Notwithstanding anything in this Combined Plan Document to the contrary, for the twenty year period following the effective date of the Plan of Adjustment, the Investment Committee shall make recommendations to the Board with respect to investment management matters as provided in this Article 16.

All investment management decisions made by the Board, as more fully described in Section 16.2, shall require a recommendation by an affirmative vote of the Investment Committee as provided in this Combined Plan Document. The Board shall take no action with respect to any matter for which the Investment Committee has responsibility and authority, including the investment management matters described in Section 16.2, unless and until such action has been approved by affirmative vote of the Investment Committee. All actions and recommendations of the Investment Committee shall be forwarded to the Board for consideration and are subject to Board approval. If (a) the Board fails to approve or disapprove an investment management decision that has been recommended by an affirmative vote of the Investment Committee, and such failure continues for forty-five days after the date that the recommendation was made to the Board, or (b) the Board disapproves an investment management decision within such forty-five day period but fails to provide to the Investment Committee within such forty-five day period a detailed written response outlining the reasons for such disapproval, then the Investment Committee and the chief investment officer are authorized to implement the decision.

If the Board disapproves an investment management decision within such forty-five day period and provides to the Investment Committee within such forty-five day period a detailed written response outlining the reasons for such disapproval, then the Investment Committee shall have forty-five days after the receipt of the Board response to either (a) withdraw the recommended investment management decision, or (b) request, in writing, a conference with the Board to be held within ten days, but not less than five business days, of the request by the Investment Committee to discuss the disapproval by the Board described in the written response. Any such conference shall be conducted with at least three independent Investment Committee members present in person or by phone. Within ten days of the commencement of the conference or twenty days following the Investment Committee's request for a conference if no conference is held, the Investment Committee shall either withdraw the recommended investment management decision or provide the Board with a written explanation of the Investment Committee's decision to proceed with the recommended investment management decision. After delivery of such written explanation by the Investment Committee, the Investment Committee and the chief investment officer are authorized to implement the decision. Any action taken by the Board or the Investment Committee in violation of the terms of this Article 16 shall constitute an *ultra vires* act and the Investment Committee or the Board is

granted the express right to seek to preliminarily enjoin such action without the need to show irreparable harm.

Sec 16.2. Investment Management

- (1) For purposes of this Combined Plan, “investment management decisions” and “investment management matters” shall include:
 - (a) development of an investment policy statement with sound and consistent investment goals, objectives, and performance measurement standards which are consistent with the needs of the Retirement System;
 - (b) within 120 days after the effective date of the Plan of Adjustment, placement of all of the assets of the Retirement System not already under qualified management with qualified investment managers selected by the Investment Committee;
 - (c) evaluation, retention, termination and selection of qualified managers to invest and manage the Retirement System’s assets;
 - (d) review and affirmation or rejection of the correctness of any and all calculations, actuarial assumptions and/or assessments used by the Actuary including, but not limited to (i) those underlying the restoration of pension benefits, funding levels and amortization thereof, all in accordance with the pension restoration program attached to the Plan of Adjustment (as more fully described in Article K of Component II of this Combined Plan Document), (ii) those underlying the determination of annual funding levels and amortization thereof, and (iii) on or after Fiscal Year 2024, the recommended annual contributions to the Retirement System in accordance with applicable law;
 - (e) in accordance with approved actuarial work as provided in paragraph (d) above and based on the annual actuarial valuation reports and any other projections or reports as applicable from the Actuary or other professional advisors, the determination of the extent of restoration of pension benefits, including but not limited to the payment of all or a portion of the lost COLA payments, all in conformance with the pension restoration program attached to the Plan of Adjustment;
 - (f) communication of the Retirement System’s investment goals, objectives, and standards to the investment managers, including any material changes that may subsequently occur;
 - (g) determination and approval of the Retirement System’s investment and asset allocation guidelines, taking into account the appropriate liquidity needs of the Retirement System;
 - (h) the taking of corrective action deemed prudent and appropriate when an investment manager fails to perform as expected;

- (i) interpretation of Retirement System governing documents, existing law, the Plan of Adjustment or other financial determination that could affect funding or benefit levels;
- (j) review and approval, prior to final issuance, of the annual audit and all financial reports prepared on behalf of the Retirement System and meet and confer with the Auditor or other professional advisors as necessary prior to approval of the annual audit or other financial reports;
- (k) determination of the funding status of the Retirement System and any remedial action to be taken pursuant to Section 9.5; and
- (l) performance of an asset/liability valuation study for the Retirement System every three years, or more often as requested by the Investment Committee or the Board.

All actions of the Investment Committee shall comply with the provisions of pertinent federal, state, and local laws and regulations, specifically *Public Act 314* and *Plan Investment Guidelines*.

Sec 16.3. Best Practices

Prior to adopting investment guidelines and asset allocation policies, selecting investment managers or adopting investment return assumptions, the Investment Committee shall have an understanding of and shall give appropriate consideration to the following:

- (a) the fiduciary best practices and institutional standards for the investment of public employee retirement system plan assets;
- (b) the objective to obtain investment returns above the established actuarial investment return assumption to support the restoration of benefits under the pension restoration program described in the Plan of Adjustment and Component II of this Combined Plan Document, to the extent that it is prudent and consistent with the overall funding, liquidity needs and actuarial assumptions governing the Retirement System; and
- (c) the liquidity needs of the Retirement System.

Sec 16.4. Chief Investment Officer

The Investment Committee shall have the exclusive power to select, retain and terminate the services of a chief investment officer for the Retirement System. The Investment Committee shall determine any and all compensation and other terms of employment of any chief investment officer hired by it. The chief investment officer shall report directly to the Investment Committee and the Executive Director of the Board. The chief investment officer shall be responsible for assisting the Investment Committee and the Board with respect to oversight of the Retirement System's investment portfolio. The chief investment officer shall

provide such periodic reports relating to the Retirement System's assets to the Investment Committee and the Board as it or they shall request.

Sec 16.5. Investment Consultants

The Board and/or Investment Committee may retain the services of one or more investment consultants who shall be responsible for assisting the Board and the Investment Committee with oversight of the Retirement System's investment portfolio. Any such investment consultant shall be a registered advisor with the United States Securities and Exchange Commission and shall be a nationally recognized institutional investment consultant with expertise in the investment of public pension plan assets. Any such investment consultant shall acknowledge in writing its role as investment fiduciary with respect to the Retirement System as defined in the *Public Employee Retirement System Investment Act, as amended, MCL 38.1132 et seq.* The Board or the Investment Committee, as appropriate, shall determine the compensation and other terms of employment of any investment consultant hired by it. The duties of an investment consultant may include, but shall not be limited to:

- (a) providing an asset/liability valuation study for the Retirement System;
- (b) reviewing the Retirement System's asset allocation based on current market assumptions;
- (c) identifying and recommending to the Investment Committee and the Board appropriate investment strategies based on the financial condition of the Retirement System;
- (d) implementing the approved investment strategies, such as recommending to the Investment Committee, for Board approval, an asset allocation strategy, building an investment structure for the Retirement System, and identifying qualified investment managers (through an organized search process) to execute and implement investment strategies;
- (e) monitoring and evaluating the ongoing progress of the investment managers toward stated investment goals and objectives;
- (f) recommending to the Investment Committee and the Board any necessary corrective actions, including adjustments to the investment structure or investment management organizations in the event of a deviation from expectations;
- (g) communicating the investment policies of the Retirement System to the investment managers;
- (h) reviewing the investment policies with the appropriate employees of the Retirement System;
- (i) aiding the Investment Committee in providing recommendations on issues relating to rebalancing and cash flow management, securities lending, transition management, cash equalization and other investment related topics;

- (j) attending Investment Committee and Board meetings in person, or telephonically, as needed or as requested;
- (k) meeting with the Investment Committee and the Board to provide detailed quarterly performance reports and executive summaries of performance;
- (l) meeting with the Investment Committee and the Board to review capital markets and inform the Board and Retirement System employees on the current investment environment; and
- (m) meeting with the Investment Committee and the Board to provide recommendations on asset allocation, investment structure, and manager selections.

ARTICLE 17. RETIREE MEDICAL ACCOUNT

Sec 17.1. Establishment of Account

A Medical Benefits Account shall be established and maintained under the Retirement System out of which the Board shall pay the cost, which would otherwise be borne by the City, for certain medical and related benefits provided under the plans or programs maintained by the City to provide Medical Benefits (the "Medical Plans") for the benefit of the Medical Beneficiaries. The provisions of this Article 17 are intended to comply with Section 401(h) of the Code and shall be construed to comply therewith.

Sec 17.2. Effective Date

Medical Benefits shall be paid from the Medical Benefits Account beginning October 19, 2014 or such other date recommended by an enrolled actuary (within the meaning of Section 7701(a)(35) of the Code) and approved by the Board and Investment Committee.

Sec 17.3. Funding of Benefits

Subject to the Plan of Adjustment and the right reserved to the City to amend or terminate the provision of Medical Benefits under its general power to amend the Combined Plan Document under Section 18.6, the City expects and intends to make actuarially determined contributions under the Retirement System from time to time to fund the Medical Benefits Account. The assets of the Medical Benefits Account may be invested together with the other assets of the Retirement System, in which case earnings of the Retirement System shall be allocated to the Medical Benefits Account on a reasonable basis or such assets may be invested separately. In any event, no part of the Retirement System, other than the assets of the Medical Benefits Account, shall be available to pay for any part of the cost of Medical Benefits.

The amount determined by the City to be contributed for any Plan Year pursuant to the paragraph above shall be reasonable and ascertainable and shall not exceed the total cost for such Plan Year of providing Medical Benefits to the Medical Beneficiaries, determined in accordance with generally accepted actuarial methods and assumptions that are reasonable in view of the provisions and coverage of the medical and other welfare plans providing such benefits, the funding medium and any other applicable considerations. At the time the City makes a contribution to the Trustee, the City shall designate the portion thereof that is allocable to the Medical Benefits Account.

Sec 17.4. Limitation on Contributions

At all times the aggregate of the contributions made by the City to provide Medical Benefits shall not exceed twenty-five percent (25%) of the sum of the aggregate contributions made by the City to the Plan under Sections 9.3, 9.4 and 9.5, other than the contributions to fund past service credits, plus the aggregate contributions to the Medical Benefits Account. In the event that a contribution under Section 17.3 shall exceed the amount described in the preceding sentence, such contribution shall be reduced by the excess amount.

Sec 17.5. Impossibility of Diversion

In no event, prior to the satisfaction of all liabilities to provide Medical Benefits shall the Medical Benefits Account be used for, or diverted to, any purpose other than the payment of such benefits and any necessary or appropriate expenses of administration associated therewith. Any amounts credited to the Medical Benefits Account following the satisfaction of all such liabilities shall be returned to the City.

Sec 17.6. Administration

The Medical Plans shall continue to be administered, and claims processed, under their respective terms. The interpretation and administration of the terms of this Article 17 shall be as provided in the provisions of the Combined Plan Document.

Sec 17.7. Right to Amend or Terminate Medical Plans

The City expressly reserves the exclusive right, retroactively to the extent permitted by law, to amend, modify, change, terminate or revoke any medical or other welfare plan or policy maintained by the City that provides medical or other welfare benefits, including but not limited to Medical Benefits, and to require Members, former Members, their eligible Spouses and dependents to pay all or any portion of the cost of such medical benefits.

Sec 17.8. Reversion

At no time prior to the satisfaction of all liabilities under the Retirement System to provide Medical Benefits, shall any part of the Medical Benefits Account be used for any purpose other than providing Medical Benefits, and any necessary or appropriate expenses attributable to the administration of the Medical Benefits Account. If any residual assets remain in the Medical Benefits Account after the satisfaction of all obligations of the City to provide Medical Benefits to the Medical Beneficiaries, such assets shall be returned to the City. In the event a Medical Beneficiary's interest in the Medical Benefits Account is forfeited prior to the termination of the Retirement System, an amount equal to such forfeiture shall be applied as soon as possible to reduce the City's contributions to the Medical Benefits Account.

Sec 17.9. Limitation of Rights

A Medical Beneficiary shall have no right, title or claim in any specific asset of the Medical Benefits Account, but shall have the right only to the Medical Benefits provided from time to time under the Medical Benefits Account.

ARTICLE 18. MISCELLANEOUS

Sec 18.1. Nonduplication of Benefits

If any Member is a participant in another defined benefit pension plan, retirement system or annuity plan sponsored by the City (including Component II of this Retirement System) and the Member is or becomes entitled to accrue pension benefits under such plan or retirement system (including Component II of this Retirement System) with respect to any period of service for which he or she is entitled to accrue a benefit under Component I of this Retirement System, such Member shall not be eligible to accrue or receive payment of a benefit under Component I with respect to such period of service.

Sec 18.2. Assignments Prohibited

The right of a person to a pension, annuity, the return of Accumulated Voluntary Employee Contributions and/or the return of Accumulated Mandatory Employee Contributions, the Retirement Allowance itself, to any optional form of benefit, to any other right accrued or accruing to any person under the provisions of this Retirement System, and the monies in the various funds of the Retirement System shall not be assignable and shall not be subject to execution, garnishment, attachment, the operation of bankruptcy or insolvency law, or any other process of law whatsoever, except as specifically provided in this Combined Plan Document or by an eligible domestic relations order of a lawful court.

Sec 18.3. Protection Against Fraud

A person who, with intent to deceive, makes any statements or reports required under this Retirement System that are untrue, or who falsifies or permits to be falsified any record or records of this Retirement System, or who otherwise violates, with intent to deceive, any terms or provisions of the Retirement System, shall be subject to prosecution under applicable law.

Sec 18.4. Errors

If any change or error in the records results in any person receiving from the Retirement System more or less than the person would have been entitled to receive from the Retirement System had the records been correct, the Board shall correct such error and, as far as practicable, shall adjust the payment in such a manner that the Actuarially Equivalent benefit of the benefit to which such person was correctly entitled shall be paid.

Sec 18.5. Conviction of Felony; Forfeiture of Rights

If a Member or Retiree shall be convicted of by a court of competent jurisdiction or enters a nolo contendere plea accepted by a court for a felony against the City arising out of his or her service as an employee of the City and while a Member of the Retirement System, the court may order the forfeiture of all or a portion of the rights of the Member to benefits hereunder, except the return of his or her Accumulated Contributions, as provided in the *Public Employee Retirement Benefits Forfeiture Act, MCL 38.2701, et. seq.* In such case, the Retirement System shall pay to an individual, if any, who would otherwise be a Beneficiary of the Member or Retiree whose retirement benefit is being forfeited under this Section 18.5 an

Actuarially Equivalent monthly retirement allowance at the Age that the Member or Retiree would have become eligible for unreduced retirement benefits under the Retirement System.

Sec 18.6. Amendment; Termination; Exclusive Benefit

The City reserves the right to amend the Combined Plan Document created hereunder at any time; such amendments may include termination of the Retirement System; provided, however, that following the effective date of the Plan of Adjustment, no amendment other than amendments permitted under the terms of the Plan of Adjustment (including amendments contemplated in Section K-3(5) of Component II) may be made to the terms, conditions and rules of operation of the Retirement System, the Combined Plan Document or any successors plan or trust that govern the calculation of pension benefits during the period ending June 30, 2023, nor may any amendment or termination deprive any Member, former Member or Beneficiary of any then vested benefit under the Retirement System, except as provided in the Plan of Adjustment. Notwithstanding the foregoing, the City and the Board have the authority to amend the Combined Plan Document as necessary to retain the tax qualified status of the Retirement System under the Internal Revenue Code. The City shall make no amendment or amendments to the Retirement System which causes any part of the assets of the Retirement System to be used for, or diverted to, any purpose other than the exclusive benefit of Members, former Members or their Beneficiaries; provided, that the City may make any amendment necessary, with or without retroactive effect, to comply with applicable federal law. Any amendment of the Retirement System by the City must be approved by the Council or a person standing in the stead of the Council.

Upon termination of the Retirement System or upon complete discontinuance of contributions to the Retirement System, the rights of all Members to benefits accrued to the date of such termination or discontinuance, to the extent then funded, shall be nonforfeitable.

Sec 18.7. Expenses of Administration; Forfeitures Not to Increase Benefits

All expenses relating to administration of Component I of the Retirement System shall be paid from the assets maintained under this Component I and all expenses relating to administration of Component II of the Retirement System shall be paid from the assets maintained under Component II. Any forfeitures arising under the Retirement System due to a Member's termination of employment or death, or for any other reason, shall be used to pay expenses of the appropriate Component of the Retirement System and shall not be applied to increase the benefits any Member would otherwise receive under the Retirement System at any time prior to termination of the Retirement System.

Sec 18.8. Required Distributions - Compliance with Code Section 401(a)(9) and Regulations

The Retirement System will apply the minimum distribution requirements of Code Section 401(a)(9) in accordance with the final regulations issued thereunder, notwithstanding any provision in the Combined Plan Document to the contrary. Pursuant to Code Section 401(a)(9)(A)(ii), a Member's interest must begin to be distributed by the later of (i) the April 1 of the calendar year following the calendar year that he or she attains the Age of seventy and one-

half (70-1/2), or (ii) April 1 of the calendar year following the year in which he or she retires. Distributions will be made in accordance with Regulations Sections 1.401(a)(9)-2 through 1.401(a)(9)-9. The provisions of this Section 18.8 and the regulations cited herein and incorporated by reference override any inconsistent plan distribution options.

Sec 18.9. Direct Rollovers

- (1) For purposes of compliance with Code Section 401(a)(31), a distributee may elect, at the time and in the manner prescribed by the Board, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover.
 - (a) For purposes of this Section 18.9, the following terms shall have the following meanings:
 - (b) "Direct rollover" means a payment by the Retirement System to an eligible retirement plan specified by a distributee.
 - (c) "Distributee" means a Member or former Member. It also includes the Member's or former Member's surviving Spouse, a Spouse or former spouse who is the alternate payee under an eligible domestic relations order, or a nonspouse Beneficiary who is a designated beneficiary as defined by Code Section 401(a)(9)(E). However, a nonspouse Beneficiary may only make a direct rollover to an individual retirement account or individual retirement annuity established for the purpose of receiving the distribution, and the account or annuity will be treated as an "inherited" individual retirement account or annuity.
 - (d) "Eligible retirement plan" means any of the following that accepts a distributee's eligible rollover distribution:
 - (i) a qualified trust described in Code Section 401(a);
 - (ii) an annuity plan described in Code Section 403(a);
 - (iii) an annuity contract described in Code Section 403(b);
 - (iv) an individual retirement account described in Code Section 408(a);
 - (v) an individual retirement annuity described in Code Section 408(b);
 - (vi) a Roth IRA described in Code Section 408A; or
 - (vii) a plan eligible under Code Section 457(b) that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or a political subdivision of a state that agrees to separately account for amounts transferred into that plan from the Retirement System.

- (e) “Eligible rollover distribution” means any distribution of all or any portion of the balance to the credit of a distributee under the Retirement System, except that an eligible rollover distribution does not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or the life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee’s designated Beneficiary, or for a specified period of ten years or more; any distribution to the extent such distribution is required under Code Section 401(a)(9); the portion of any distribution that is not includible in gross income; and any other distribution which the Internal Revenue Service does not consider eligible for rollover treatment, such as any distribution that is reasonably expected to total less than \$200 during the year. Notwithstanding the foregoing, a portion of a distribution will not fail to be an “eligible rollover distribution” merely because the portion consists of after-tax contributions that are not includible in Member’s gross income upon distribution from the Retirement System. However, such portion may be transferred only (i) to an individual retirement account or annuity described in Code Section 408(a) or (b) or to a qualified defined contribution plan described in Code Section 401(a) that agrees to separately account for amounts so transferred (and earnings thereon), including separately accounting for the portion of the distribution that is includible in gross income and the portion of the distribution that is not so includible; (ii) to a qualified defined benefit plan described in Code Section 401(a) or to an annuity contract described in Code Section 403(b) that agrees to separately account for amounts so transferred (and earnings thereon), including separately accounting for the portion of the distribution that is includible in gross income and the portion of the distribution that is not so includible; or (iii) to a Roth IRA described in Code Section 408A.

Sec 18.10. Construction

Words in the singular should be read and construed as though used in the plural, and words in the plural should be read and construed as though used in the singular, where appropriate. The words “hereof”, “herein”, and “hereunder” and other similar compounds of the word “here”, shall mean and refer to Component I and/or Component II of this Combined Plan Document or to the Combined Plan Document in its entirety, as the context may require, and not to any particular provision or section thereof. The table of contents, article and section headings are included for convenience of reference, and are not intended to add to, or subtract from, the terms of the Combined Plan Document or the Retirement System created hereunder.

Sec 18.11. Severability

If any section or part of a section of this Combined Plan Document or provision relating to the Retirement System is for any reason held to be invalid or unconstitutional, such holding shall not be construed as affecting the validity of the remaining sections of the Combined Plan Document or Retirement System or of the Combined Plan Document or Retirement System in its entirety.

COMPONENT II

ARTICLE A. COMMON PROVISIONS OF THE POLICE AND FIRE RETIREMENT SYSTEM

Sec. A-1. Common Provisions

Certain provisions of the Combined Plan for the Police and Fire Retirement System of the City of Detroit, Michigan described below are common to both Component I and this Component II as in effect July 1, 2014. Those provisions are set forth in the following Articles and

Sections of Component I:

- (a) Article I (General Provisions);
- (b) Article II (Definitions):

Actuarial Equivalent or Actuarially Equivalent

Actuarially Equivalent Value

Administrative Board of Trustees

Administrative Rules and Regulations

Age; Attainment of

Board of Trustees or Board or Retirement Board

City

City Council or Council

Combined Plan

(f) Article 16 (Investment of Retirement System Assets); and

(g) Article 18 (Miscellaneous).

**ARTICLE B. FREEZE OF POLICE AND FIRE RETIREMENT SYSTEM
AS OF JUNE 30, 2014**

Sec. B-1. Freeze of Police and Fire Retirement System as of June 30, 2014.

Notwithstanding anything in Chapter 47 of the 1984 Detroit City Code, or in Chapter 54, Article II of the 1964 Detroit City Code, or any ordinances, resolutions, or orders, or parts thereof, whether codified or not codified, or any collective bargaining agreement or other documents governing terms of employment to the contrary, effective as of June 30, 2014 (the "Freeze Date"):

- (a) No new employee hired by the City on or after July 1, 2014 shall become a Member who is eligible to accrue a benefit under the terms of the Police and Fire Retirement System in effect as of the Freeze Date;
- (b) No employee who is rehired by the City on or after July 1, 2014 and who received a distribution of his or her accumulated employee contributions prior to July 1, 2014, shall become a Member who is eligible to accrue a benefit under the terms of the Police and Fire Retirement System in effect as of the Freeze Date; provided, however, that if a Member who is entitled to a Frozen Accrued Benefit as defined in subsection (d) of this Section B-1 and who is rehired by the City on or after July 1, 2014 repays to the Police and Fire Retirement System in accordance with a payment schedule approved by the Board of Trustees the amount of accumulated employee contributions that he or she withdrew, then such Member shall be eligible to accrue service credit under this Component II following rehire solely for the purpose of determining the Member's eligibility for payment of his or her Frozen Accrued Benefit;
- (c) No Member shall make contributions to the Annuity Savings Fund under the Police and Fire Retirement System in effect as of June 30, 2014 with respect to payroll dates occurring on or after August 1, 2014 and all Member contributions made with respect to payroll dates occurring on or after August 1, 2014 shall be made to and in accordance with the terms of Component I of the Combined Plan;
- (d) Benefit accruals for Members with respect to service rendered prior to July 1, 2014 will be frozen based on a Member's years of service and Average Final Compensation and the pension multiplier formulae as of such Freeze Date ("Frozen Accrued Benefit");
- (e) Except as otherwise provided in this Section B-1, compensation of a Member shall be frozen effective as of the Freeze Date for purposes of determining the Member's Frozen Accrued Benefit. No compensation of any type earned by a Member after the Freeze Date shall be taken into consideration for purposes of determining the Member's Frozen Accrued Benefit under the Police and Fire Retirement System;
- (f) Any Member who, as of June 30, 2014, would have been eligible to elect to use a portion of the unused accrued sick leave that he or she could have received in cash upon retirement ("Cashable Sick Leave") to increase his or her Average Final

Compensation if the Member had been eligible to retire and had elected to retire as of June 30, 2014, shall have a one-time election to have the value of twenty-five percent (25%) of the Member's Cashable Sick Leave as of June 30, 2014 included in the computation of the Member's Average Final Compensation for purposes of determining the Member's Frozen Accrued Benefit ("Sick Leave Election"); provided, however, that the amount of the member's Cashable Sick Leave at the time the completed election form is received by the Retirement System is at least equal to the value of twenty-five percent (25%) of the Member's Cashable Sick Leave as of June 30, 2014 and, provided further that the completed election form is received by the Retirement System no later than the dates established by the City. A Member's Sick Leave Election shall be made in the manner set forth by the Board of Trustees and the Police and Fire Retirement System. Notwithstanding anything in this subsection (f) to the contrary, a Member's Sick Leave Election will be void and the determination of the Member's Average Final Compensation for purposes of calculating the Member's Frozen Accrued Benefit will not take into account any of the Member's Cashable Sick Leave, if (i) the electing Member would not have been eligible to receive an immediate service retirement benefit if he or she retired as of June 30, 2014, and (ii) the electing Member's employment with the City is terminated before the electing Member becomes eligible for an immediate service retirement benefit under the Police and Fire Retirement System. In any such case, the value of twenty-five percent (25%) of the Member's Cashable Sick Leave shall be restored to such Member;

- (g) Service earned after the Freeze Date shall be credited to a Member under this Component II solely for purposes of determining a Member's vesting in and eligibility for payment of his or her Frozen Accrued Benefit and to a rehired Member solely for purposes of determining the Member's eligibility for payment of his or her Frozen Accrued Benefit. Service credit for all Members for benefit accrual purposes under the terms of the Police and Fire Retirement System in effect as of the Freeze Date shall be frozen effective as of the Freeze Date and no Member shall earn service credit with respect to benefits payable under the terms of the Police and Fire Retirement System in effect as of the Freeze Date (except for vesting and benefit payment eligibility purposes) after the Freeze Date; and
- (h) The Deferred Retirement Option Plan ("DROP") program shall remain in effect for all Members who have either enrolled in or elected to participate in the DROP program as of June 30, 2014. Members also may elect to participate in the DROP program after June 30, 2014 with respect to their Frozen Accrued Benefits; however, a Member's participation in the DROP program with respect to such Frozen Accrued Benefits shall be limited to five years.

The foregoing terms of Section B-1 shall be referred to as the "Freeze" of the provisions of the Police and Fire Retirement System as in effect on the Freeze Date and the provisions of Component II of the Police and Fire Retirement System shall be interpreted and construed by the Board of Trustees and the Police and Fire Retirement System to give full effect to the Freeze. To the extent that a conflict arises between this Section B-1 and the provisions of Chapter 54 of the 1964 Detroit City Code, or any Charter, ordinances, resolutions, or orders, or parts thereof,

whether codified or not codified, or any collective bargaining agreement or other document governing terms of employment of an employee, the Board of Trustees and the Police and Fire Retirement System are directed to interpret any inconsistency or ambiguity to give full effect to the Freeze.

EXHIBIT A (PART 2)

ARTICLE C. DEFINITIONS

Sec. C-1. Definitions.

Unless a different meaning is plainly required by context, for purposes of this Component II the following words and phrases have the meanings respectively ascribed to them by this Section C-1:

- (1) *Accrued Service* shall mean a Member's credited service for employment rendered before the date of an actuarial valuation of the Retirement System and before July 1, 2014.
- (2) *Accumulated Contributions* shall mean the sum of all amounts deducted from the compensation of a Member and credited to his or her individual account in the Annuity Savings Fund, together with Regular Interest, as provided in this Component II of the Combined Plan.
- (3) *Annuity* shall mean payments derived from the Accumulated Contributions of a Member.
- (4) *Annuity Reserve* shall mean the present value of all payments to be made on account of any Annuity, or benefits in lieu of any Annuity, computed on the basis of such mortality tables and Regular Interest as shall be adopted by the Board of Trustees.
- (5) *Average Final Compensation* shall mean:
 - a. With respect to an "Old Plan Member" (an employee described in Section F-2(a)) the current maximum salary for the rank(s), grade(s) or position(s) held by the Member over the sixty (60) months immediately preceding the earlier of: (i) the date his or her employment with the City last terminated and (ii) June 30, 2014. The salary shall be obtained from the official compensation schedule for the Fiscal Year in which the earlier of the dates described in (i) or (ii) occurs and an average shall be determined. A Member who retires on or after July 1, 2000 (for DPCOA and DFFA members) or July 1, 1998 (for all other Members) and in each case prior to July 1, 2014 shall have the Member's most recent full longevity payment included in his or her Average Final Compensation.
 - b. With respect to a "New Plan Member" (an employee described in Section F-2(b)) the current maximum salary for the rank(s), grade(s) or position(s) held by the Member over the sixty (60) months immediately preceding the earlier of: (i) the date his or her employment with the City last terminated and (ii) June 30, 2014. The salary shall be obtained from the official compensation schedule for the Fiscal Year in which the earlier of the dates described in (i) or (ii) occurs and an average shall be determined. If more than one (1) rank, grade or position has been held over the sixty (60)

month period, a weighted average is determined based on time spent in each rank, grade or position during this sixty (60) month period.

- (i) A Member who retires on or after July 1, 2000 (for DPCOA and fire equivalents) or July 1, 1998 (for all other Members) and in each case prior to July 1, 2014 shall have the Member's most recent full longevity payment included in his or her Average Final Compensation.
 - (ii) Effective July 1, 2000, Average Final Compensation shall be calculated for members of the DPCOA, executive members and their fire equivalents by using the current maximum salary for the rank(s), grade(s) or position(s) held by the Member over the thirty-six (36) months immediately preceding the earlier of: (i) the date his or her employment with the City last terminated and (ii) June 30, 2014.
- c. With respect to reduced duty disability retirements occurring on or after July 1, 1992, notwithstanding the provisions of Article F, Part B, Section F-8, for those Members who receive benefits under Article F, Part B, Section F-9(a), the Average Final Compensation used in the computation of the reduced duty disability allowance shall mean the maximum salary at the earlier of (i) the date of conversion to reduced duty disability retirement for the rank(s), grade(s), or positions(s) which were held by the Member over the sixty (60) months prior to his or her duty disability retirement and (ii) June 30, 2014.
- d. Subject to Section B-1(f), for purposes of computing the Average Final Compensation received by a Member who retires on or after July 1, 2008 and prior to July 1, 2014, the Member shall have the option of adding the value of the three year average of twenty-five percent (25%) of the Member's unused accrued sick leave at the time of retirement to the earnings used in computing the Average Final Compensation.
- e. The Average Final Compensation for "Old Plan" and "New Plan" Members represented by DFFA retiring on or after July 1, 1992 or on or after July 1, 2000 for Members represented by DPOA is calculated pursuant to paragraph (b) above. The salary is obtained from the Official Compensation Schedule for the Fiscal Year prior to the earlier of (i) the Member's elective date of retirement and (ii) June 30, 2014 and an average shall be determined.
- f. Effective July 1, 2000, for Members represented by DFFA with a parity relationship with the DPCOA Inspector, Average Final Compensation shall be calculated pursuant to paragraph (b)(ii) above. The salary is obtained from the Official Compensation Schedule for the Fiscal Year

prior to the earlier of (i) the Member's elective date of retirement and (ii) June 30, 2014 and an average shall be determined.

- g. For Members represented by DFFA who have a parity relationship with the DPLSA and the DPCOA Inspector, who retire on or after July 1, 1998 and for those having a parity relationship with the DPOA who retire on or after July 1, 2000 and in each case prior to July 1, 2014, the amount of the Member's most recent full longevity payment shall be included in the definition of Average Final Compensation.
 - h. Subject to Section B-1(f), all Members represented by DFFA who retire on or after July 1, 2008 and prior to July 1, 2014, may choose to receive the 3-year average of twenty-five percent (25%) of the unused accrued sick leave bank and have that sum included in the average compensation used to compute the Members' service Pension portion of their Retirement Allowance.
 - i. Subject to Section B-1(f), non-union uniformed Police and Fire executives represented by DPCOA who retire on or after January 15, 2010 and prior to July 1, 2014 may choose to receive the 3-year average of twenty-five percent (25%) of the unused accrued sick leave bank, and have that sum included in the Average Final Compensation used to compute the Members' service Pension portion of their Retirement Allowance.
 - j. Subject to Section B-1(f), a Member represented by DPLSA who retires on or after July 1, 2008 and prior to July 1, 2014 may choose to receive the 3-year average of twenty-five percent (25%) of eighty-five percent (85%) of his or her unused accrued sick leave bank, and have that sum included in the Average Final Compensation used to compute the Member's service Pension of their Retirement Allowance.
- (6) *Beneficiary* shall mean any person or persons (designated by a Member pursuant to procedures established by the Board) who are in receipt of a Retirement Allowance or Pension payable from funds of the Retirement System due to the participation of a Member.
- (7) *Decrement Probabilities* shall mean the probabilities of a Member's withdrawal from City employment, death while in the employ of the City, retirement from City employment with a Pension payable from funds of the Retirement System, and death after retirement.
- (8) *Final Compensation* shall mean the annual rate of earnable compensation of a Member at the earlier of (i) the time of termination of employment or (ii) June 30, 2014. Effective July 1, 1992 and prior to July 1, 2014, compensation shall also include the value of the percentage reduction in compensation for non-union employees, pursuant to ordinance, resolution or executive order. In cases of any doubt regarding these values, the decisions of the Board of Trustees shall be

controlling to implement the intention that no non-union employee will suffer a diminution of Pension benefits computation due to reduction in compensation because of fiscal emergency and that Pension benefits with respect to Fiscal Years beginning July 1, 1992 and ending June 30, 2014 should always be computed as if no reduction in compensation occurred due to ordinance, resolution or executive order or directive.

- (9) *Fire Employees* (formerly referred to as "Firemen") shall mean all employees of the Fire Department who have taken the oath of office as prescribed in Section 12 of Chapter XXI of Title IV of the 1918 Detroit City Charter employed therein prior to November 10, 1937, and who shall be in the employ of the Fire Department of the City of Detroit prior to the effective date of this amendment and restatement and, where the context requires, all persons who shall take the said oath of office and become members of the Fire Department thereafter.
- (10) *Fire Fighter* shall mean the rank in the Fire Department currently or previously classified by the civil service commission as Fire Fighter.
- (11) *Member* shall mean any member of the Retirement System who has not retired.
- (12) *Membership Service* shall mean the total service rendered as a Police Employee or Fire Employee prior to July 1, 2014.
- (13) *New Plan* shall mean the plan originally created by Title IX, Chapter VII, Article IV, Section 1(D) of the 1918 City of Detroit Charter as amended through June 30, 1974 and continued in effect through June 30, 2014 by Article 11, Section 102 of the City of Detroit Charter.
- (14) *Old Plan* shall mean the plan originally created by Title IX, Chapter VII, Article IV, Section 1(A) and (B) of the 1918 City of Detroit Charter as amended through June 30, 1974 and continued in effect through June 30, 2014 by Article 11, Section 102 of the City of Detroit Charter.
- (15) *Patrolman* shall mean the rank in the Police Department currently or previously known as patrolman.
- (16) *Pension* shall mean the portion of a Retirement Allowance which is paid for by appropriations made by the City and contributions made by any other entity.
- (17) *Pension Reserve* shall mean the present value of all payments to be made on account of any Pension, or benefit in lieu of any Pension, computed upon the basis of such mortality tables and Regular Interest as shall be adopted by the Board of Trustees.
- (18) *Police Employees* (formerly referred to as "Policemen") shall mean all employees of the Police Department who have taken the oath of office as prescribed in Section 12 of Chapter XXI of Title IV of the 1918 Detroit City Charter, and who shall be in the employ of the Police Department of the City of Detroit prior to the

effective date of this amendment and restatement and, where the context requires, all persons who shall take the said oath of office and become members of the Police Department thereafter.

- (19) *Prior Service* shall mean service in the military rendered prior to July 1, 2014 as provided in Section E-3.
- (20) *Regular Interest* shall mean, for a period of five years from the effective date of the Retirement System interest at four per centum per annum, compounded annually. For the subsequent five year period, and each five year period beginning thereafter but prior to July 1, 2013, Regular Interest shall be such rate of interest as the Board of Trustees, in its discretion, may determine and adopt. For Fiscal Years beginning on and after July 1, 2013:
 - a. the annual rate of return for purposes of determining the Regular Interest to be credited to a Member's account in the Annuity Savings Fund shall not be less than zero and shall not be greater than the lesser of (i) 5.25% or (ii) the actual investment return net of expenses of the Retirement System's invested reserves for the second Fiscal Year immediately preceding the Fiscal Year in which the Regular Interest is credited; and
 - b. the rate(s) of Regular Interest adopted by the Board from time to time as necessary for the operation of the Retirement System on an actuarial basis shall not violate the Plan of Adjustment.
- (21) *Retiree* shall mean any Member who has retired with a Pension payable from funds of the Retirement System.
- (22) *Retirement* shall mean for any Member that such Member has retired, with a Pension payable from the funds of the Retirement System.
- (23) *Retirement Allowance* shall mean the sum of the Annuity and the Pension.
- (24) *Retirement System or System* shall mean the Police and Fire Retirement System of the City of Detroit created and established by Title IX, Chapter VII of the 1918 Charter of the City as amended through June 30, 1974 and continued in effect by the provisions of the July 1, 1974 City Charter, and as set forth in the Combined Plan effective as of July 1, 2014 and this amendment and restatement of the Combined Plan.
- (25) *Salary Factors* shall mean the ratio between a Member's rate of compensation as of the date of an actuarial valuation of the Retirement System and his or her rate of compensation as of the earlier of (i) the date of his or her Retirement and (ii) June 30, 2014.
- (26) *Service* shall mean service with the City as a Police Employee or Fire Employee.

ARTICLE D. MEMBERSHIP

Sec. D-1. Generally.

Subject to Section B-1, the membership of Component II of the Retirement System shall consist of the following:

- (a) All Police Employees and Fire Employees who were in service on or after July 1, 1941, but prior to January 1, 1969; provided, however, that any Police Employee or Fire Employee who, on or before July 1, 1941, shall have been in the employ of the Police or Fire Department for a period of twenty years, or who shall have a total of twenty years of creditable service, shall be excluded from the provisions hereof and shall retain for himself or herself, his or her wife, children, dependent mother and dependent sister all rights and privileges provided by Chapters XV and XXI of title IV of the 1918 Detroit City Charter, unless any such Police Employee or Fire Employee, on or before June 1, 1941, shall file with the City Controller his or her written election to become a Member of the Retirement System, in which event he or she shall be a Member; such excluded Police Employee not electing to become a Member, from and after July 1, 1941, while he or she remains an active member of the Police Department, shall pay five per cent of each salary payment into the fund for retired Police Employees, and any such excluded Fire Employee not electing to become a Member, from and after July 1, 1941, while he or she remains an active member of the Fire Department, shall pay five per cent of each salary payment into the Fire Department Pension and Retirement Fund, and such salary contributions shall hereafter be used toward the payments of Retirement Allowances provided for under Chapter XV, Section 14, subsections (1), (2), and (3) thereof. On retirement, the contributions of such excluded members shall cease.
- (b) All persons who became Police Employees or Fire Employees on or after July 1, 1941, but prior to January 1, 1969, and who are confirmed as Police Employees or Fire Employees according to the rules and regulations of the respective Departments shall thereupon become Members of the Retirement System, subject, however, to the following provisions:
 - (i) Any person who shall become a Police Employee or Fire Employee at an attained Age of thirty-one years or more may become a Member of the Retirement System only by vote of the Board of Trustees who shall fix the rate of contribution of such Member on a basis recommended by the Actuary for the attained Age of such Member.
 - (ii) Any appointive official of the Police Department or Fire Department appointed from the membership thereof shall be permitted to remain a Member of the Retirement System, paying contributions and entitled to benefits as though he or she had remained in the rank, grade or position held at the date of his or her appointment.

- (iii) Any Police Employee or Fire Employee who, prior to being confirmed, shall be killed or Totally Disabled as the result of the performance of active duty, shall be deemed to have been a Member of the Retirement System.
- (c) Any Member as defined in paragraph (a) or (b) of this Section D-1 who shall be transferred to a civilian position in his or her Department shall continue as a Member, subject to all the obligations of a Member.
- (d) All persons who became Police Employees or Fire Employees on or after January 1, 1969 and prior to July 1, 2014 and who are not individuals re-employed with the Police and Fire Departments on or after January 1, 1969 and prior to July 1, 2014, and who are confirmed as Police Employees or Fire Employees according to the rules and regulations of the respective Departments shall thereupon become Members of Component II of the Retirement System subject, however, to the following provisions:
 - (i) Any person who shall become a Police Employee or Fire Employee at an attained Age of thirty-one years or more may become a Member of the Retirement System only by vote of the Board of Trustees who shall fix the rate of contribution of such Member on a basis recommended by the actuary for the attained Age of such Member.
 - (ii) Any appointive official of the Police Department or Fire Department appointed from the membership thereof shall be permitted to remain a Member of the Retirement System, paying contributions and entitled to benefits as though he or she had remained in the rank, grade or position held at the date of his or her appointment.
 - (iii) Any Police Employee or Fire Employee who, prior to being confirmed, shall be killed or Totally Disabled as the result of the performance of active duty, shall be deemed to have been a Member of Component II of the Retirement System.
 - (iv) Any Member as defined in Section D-1(a), (b), or (c) who was separated from service by resignation or dismissal or discharge who subsequently again becomes a Member prior to July 1, 2014 shall be considered a Member for all purposes under this Component II under Section D-1(a), (b), or (c) and shall not be considered a Member under Section D-1(d).
 - (v) Any Member as defined in Section D-1(d) who shall be transferred to a civilian position in his or her Department shall continue as a Member, subject to all the obligations of a Member.

Sec. D-2. Membership election option prior to July 1, 2014.

Any person who is a Member as defined in Section D-1(a), (b), or (c) who was in active service on January 1, 1969, shall have had the option to elect to become a Member of the Retirement System as defined in Section D-1(d) by filing his or her written election with the Board of Trustees on or before January 31, 1969, or any Retiree who retired on or before

December 31, 1968, under the provisions of Article F, Part B, Section F-8, who returns to active service prior to July 1, 2014 shall have the option to elect to become a Member of Component II of this Retirement System as defined in Section D-1(d), by filing his or her written election with the Board of Trustees on or before the earlier of (i) thirty days after his or her return to active service and (ii) June 30, 2014. The election shall be effective on the date that it is filed with the Board of Trustees.

Sec. D-3. Cessation of membership.

- (a) Should a Member die or become a Retiree or be separated from service by resignation, dismissal, or disability, he or she shall thereupon cease to be a Member.
- (b) Any person who became a Member under Section D-1(a), (b), or (c) and ceases to be a Member, as provided in Section D-3(a), and who becomes a Police Employee or Fire Employee prior to July 1, 2014, shall again become a Member of Component II of the Retirement System, under section D-1(a), (b), or (c) subject to the provisions of Article G, Section G-2(d).
- (c) Any person who became a Member under Section D-1(d) and ceases to be a Member, as provided in Section D-3(a), and who becomes a Police Employee or Fire Employee prior to July 1, 2014, shall again become a Member of Component II of the Retirement System under Section D-1(d), subject to the provisions of Article G, Section G-2(d).
- (d) Any Member of the Retirement System from the Fire Department who retires as a Member of the Retirement System and who is rehired prior to July 1, 2014 as a civilian Member of the Fire Department may elect on or before June 30, 2014 to again become a Member of Component II of the Retirement System, subject to the provisions of Article G, Section G-2(d).

ARTICLE E. SERVICE CREDITABLE.

Sec. E-1. Members to file statement of service, etc.

Under such rules and regulations as the Board of Trustees shall adopt, each Police Employee and Fire Employee who shall become a Member prior to July 1, 2014 shall file a detailed statement of all prior service rendered by him or her as an employee of the Police Department or Fire Department, for which he or she claims credit, and of such other facts as the Board of Trustees may require, for the proper operation of the Retirement System.

Sec. E-2. Credit for service.

The Board of Trustees shall fix and determine by appropriate rules and regulations how much service in any year is equivalent to a year of service, but in no case shall less than six months' service constitute one year, nor shall more than one year of service be creditable for all service in one calendar year. The Board of Trustees shall not allow credit as service for any period of more than one month during which the Member was or shall be absent without pay provided that if a Member shall be transferred prior to July 1, 2014 from his or her Department payroll to the payroll of any city, county or state government or the federal government by his or her Department head during peace times, then such Member shall continue to be a Member of the System and shall be required to make regular contributions into the Annuity Savings Fund; and provided further, that if a Member, so transferred, shall fail to make such contributions for three consecutive months, he or she shall cease to be a Member of the Retirement System four months (of 31 days each) after the due date of his or her first defaulted Annuity contribution; and provided further, that any Member who was or shall be suspended from duty and subsequently reinstated to duty without further disciplinary action, shall receive total credit for the time of such period or periods of suspension, but in no case shall credit be granted for any period after June 30, 2014.

Sec. E-3. Employees in military service commencing prior to July 1, 2014.

- (a) If a Member of the Retirement System was drafted, or enlisted into military, naval, marine, or other service of the United States government during time of war, or if a Member was drafted into such service during time of peace, and prior to the earlier of (i) ninety days from the date of his or her separation from such government service or from the date peace was or shall be established by treaty, whichever date was or shall be earlier, and (ii) June 30, 2014 resumed or shall resume employment as a Police Employee or Fire Employee, then such government service rendered prior to July 1, 2014 shall be credited to him or her as a Member of the Retirement System. During the period of such government service of a Member, his or her contributions to the Annuity Savings Fund shall be suspended and the balance in the Annuity Savings Fund, standing to his or her credit as of the last payroll date preceding his or her leave of absence from the service of his or her Department shall be accumulated at Regular Interest. Prior to July 1, 2014, even though the applicant may have been unable to satisfy all the foregoing requirements, the Board of Trustees had the power to grant the privileges provided for by this section in exceptional or extraordinary cases.

(b) A Member on the City payroll on or after January 1, 1979 and prior to July 1, 2014 who, prior to employment in the City service, was called to or entered any full time military service of the United States during time of war, period of compulsory military service, or period of unusual emergency as defined in an ordinance of the City, shall have the required period of active duty which occurs prior to July 1, 2014 credited him or her as Membership Service, subject to the following conditions and limitations:

- (1) The Member files a written election with the Board of Trustees, before the earlier of (i) 180 days following the effective date of this provision or 180 days from the date of his or her first employment in the City service, whichever is most recent, and (ii) June 30, 2014, to claim military service credit under the provisions of this section. A Member who is included in a collective bargaining unit shall file a written election to claim military service credit with the Board of Trustees within 180 days following the date of a negotiated approval and acceptance of this section by his or her duly authorized bargaining agent as transmitted to the Board of Trustees by the Labor Relations Director or, in the case of Members hired subsequent to the transmittal of approval and acceptance by his or her duly authorized bargaining agent, within 180 days from the date of his or her first employment in the City service; provided that any such election is required to be filed prior to July 1, 2014.
- (2) The Member furnishes the Board of Trustees such information as the Board of Trustees determines necessary to verify the amount of military service claimed.
- (3) The Member pays to the Pension Accumulation Fund of the Retirement System an amount equal to five percent (5%) of the Member's annual rate of compensation at the time of payment multiplied by the years or parts of years of military service claimed.
- (4) The required payment shall be made under one of the following options:
 - a. Payment in full within 30 days of the election to claim military service.
 - b. Payment in equal bi-weekly installments by payroll deduction over a 36 month period starting 30 days following the election to claim military service. Interest shall accrue during the period of installment payments at the compound rate of 5 percent per annum. Payments must be completed prior to application for retirement.
 - c. If a Member has sufficient funds in the principal portion of his or her Annuity, he or she may authorize the Board to transfer such funds to the Pension Accumulation Fund to meet the required payment.
- (5) In the event a Member who has filed the required election of this benefit, and who would be eligible for a Pension in all respects except for paying the full

amount, dies prior to completion of the payment required in paragraph (4) preceding, the person otherwise entitled to a Retirement Allowance may pay the full amount due within 30 days of the Member's death to become eligible for an additional Pension credit under this section.

- (6) Military service credited under the provisions of Section 54-30-3(c) of the 1964 Detroit City Code shall not be claimed or credited under the provisions of this section.
- (7) Military service which is or will be the basis of service credit under any other public employee retirement program shall not be claimed or credited under the provisions of this section.
- (8) In no case shall more than 3 years of pre-employment military service be credited a Member on account of military service. For the purpose of this limitation, military service credited pursuant to Section 54-30-3(a) of the 1964 Detroit City Code shall be combined with military service created pursuant to this section.
- (9) The required payments made to the Pension Accumulation Fund for military service credit pursuant to this section shall, upon application by the Member or his or her estate, be returned without interest to any Member who dies or leaves City employment prior to being eligible for a Pension.
- (10) Only honorable military service during the following periods shall be covered by this Section E-3(b):

World War II — December 8, 1941 to July 1, 1946.

Korean Conflict — June 27, 1950 to December 31, 1953.

Vietnam Conflict — August 5, 1964 to May 7, 1975.
- (11) The military service credit pursuant to this section shall not apply toward meeting the minimum service and age requirements for vesting, for a non-duty disability Pension or for a service Pension. Such service credit may be used in meeting the minimum time needed for an automatic Option Two Pension in case of death of a Member.
- (12) In no case shall benefits be based on the military service credit provided by this section unless the Member shall have been credited a minimum of eight years of service credit not including military service credit.
- (13) Special service, contractual, part time, seasonal and summer camp employees are not eligible for the military service credit.

- (14) In cases of doubt, the Board of Trustees will determine whether a Member is entitled to the benefits of this section consistent with the requirements and limitations herein.
- (15) Any member of DFFA, DPCOA or DPLSA who performed military service prior to employment by the City and membership in the Retirement System may, prior to July 1 2014, claim service credit as a Member of the Retirement System for time spent in the military service.
- (16) Effective December 15, 2008, any member of DFFA, DPCOA or DPLSA who has performed any honorable military service prior to July 1, 2014 may, prior to July 1, 2014, claim up to thirty-six (36) months service in Pension time for time spent in the military. However, the Member will be required to purchase this military service credit as provided above.
- (17) Effective March 8, 2007, all DPOA bargaining unit members who have served in the military prior to July 1, 2014 may, prior to July 1, 2014, purchase a maximum of three (3) years Pension time.

Sec. E-4. Verification of service claimed.

Subject to the above restrictions and to such other rules and regulations as the Board of Trustees may adopt, the Board of Trustees shall verify, as soon as practicable after the filing of such statements of service, the service therein claimed.

Sec. E-5. Prior Service certificates.

Upon verification of the statements of service, the Board of Trustees shall issue Prior Service certificates, certifying to each Member the length of Prior Service rendered, with which he or she is credited. A Prior Service certificate shall be final and conclusive for retirement purposes as to such service; provided, however, that within one year from the date of issuance or modification of such certificate the Board of Trustees on its own motion or on the request of a Member may modify or correct the Prior Service certificate.

Sec. E-6. Creditable service at retirement.

Creditable service at retirement, on which the Retirement Allowance of a Member shall consist of the Membership Service rendered by him or her prior to July 1, 2014 and, if he or she has a Prior Service certificate in full force and effect as of July 1, 2014, the amount of service certified thereon.

ARTICLE F. BENEFITS PROVIDED TO MEMBERS

Part A - Service Retirement Allowance

Sec. F-1. Petition for retirement, mandatory age.

- (a) Any Member as defined in Article D, Section D-1 (a), (b), or (c) in service may file with the Board of Trustees his or her written application for retirement setting forth the date not less than fifteen days nor more than ninety days subsequent to the filing thereof, on which he or she desires to be retired; and provided the Board of Trustees shall determine that the Member, at the date so specified for his or her retirement will have a total of twenty-five years or more of creditable service he or she shall on the date specified be retired, notwithstanding that during such period of notification he or she may have separated from service.

Provided, further, that in the case of any Fire Fighter as defined in Article D, Section D-1 (a), (b) or (c) having served twenty-five years or more of creditable service, upon recommendation of the Board of Fire Commissioners, the Fire Fighter shall be retired forthwith, by the Board of Trustees.

- (b) Any Member as defined in Article D, Section D-1 (d) in service may file with the Board of Trustees his or her written application for retirement setting forth the date not less than fifteen days nor more than ninety days subsequent to the filing thereof, on which he or she desires to be retired; and provided the Board of Trustees shall determine that the Member, at the date so specified for his or her retirement, will have a total of twenty-five years (effective as of March 8, 2007, twenty years for members of DPOA and their fire equivalents) or more of creditable service and has attained Age fifty-five, he or she shall on the date specified be retired, notwithstanding that during such period of notification he or she may have separated from service.

Provided, further, that, effective July 1, 1983 for members of DPOA and fire equivalents and June 30, 1986 for DPLSA and fire equivalents and new Members, a Member described in Article D, Section D-1(d) shall be eligible to retire upon attainment of twenty-five years (effective as of March 8, 2007, twenty years for members of DPOA and their fire equivalents) or more of creditable service, regardless of Age. Effective July 1, 1998 (June 30, 2001 for DPOA members and their fire equivalents), the time on or before June 30, 2014 a Member is on layoff from service of the City shall be included in actual service rendered to the City for purposes of determining whether a Member has twenty-five years or twenty years of creditable service prior to July 1, 2014. The Pension benefit to which such Member is entitled shall be based only on his or her actual years of creditable service. Effective July 1, 1989, the minimum Age requirement for deferred Pensions payable for post 1969 Members represented by DPOA and hired before June 30, 1985 shall be eliminated.

Notwithstanding the foregoing provisions, effective October 15, 2014, a DPLSA member shall be eligible to terminate employment with the City and commence

receipt of a Retirement Allowance (or make an election to participate in the DROP program as provided in Article I) under this Component II provided the Member satisfies the following requirements:

<u>Fiscal Year</u>	<u>Age and Service</u>
2015	Age 45 and 24 years
2016	Age 46 and 23 years
2017	Age 47 and 23 years
2018	Age 48 and 22 years
2019	Age 49 and 23 years
2020 and thereafter	25 years of service

- (c) Effective June 30, 2001, any Member represented by DPOA and fire equivalents who has been laid off shall be eligible to retire at what would have been the Member's 25th anniversary. To determine eligibility for retirement, the Member's actual service time and time on lay off up to and including June 30, 2014 shall be combined. To calculate the Member's Retirement Allowance for members of DFFA, however, only actual service time through June 30, 2014 shall be used. For DFFA members having a parity relationship with the DPLSA and the DPCOA Inspector, only lay off time which occurred between July 1, 1973 and July 1, 1998 will be credited. Effective in accordance with the specific date and terms of the DPLSA award in Act 312 No. D98 F-0944, Members represented by DPCOA shall have the right to retire on their 25th anniversary date, notwithstanding any service time prior to July 1, 2014 they may have lost due to any layoffs, as provided in such award.
- (d) Any Member represented by DPOA who was hired on or after July 1, 1985 and who leaves City employment after being vested shall not be eligible for Pension benefits until said individual reaches his or her sixty-second birthday.
- (e) Any Member of the Retirement System as defined in Article D, Section D-1(a), (b), (c), and (d) who shall reach the Age of sixty years shall be retired forthwith, or on the first day of the calendar month next succeeding that in which the Member shall have reached Age sixty. On the written request of the Member and of the Commissioner of Police or the Board of Fire Commissioners, as the case may be, the Board of Trustees may continue such Member in active service for a period of two years beyond his or her sixtieth birthday, and on the expiration of such period, on like request, may continue such Member in active service for a further period of two years.
- (f) Any Member of the Retirement System who satisfies the requirements for a Pension as defined in Article F, Section F-5 shall be eligible upon ninety days notice to make an irrevocable election to receive an immediate Retirement Allowance, actuarially reduced for early commencement, in lieu of a deferred Retirement Allowance.
- (g) Any Member of the Retirement System who was in the service of the City on or after July 1, 1941 but prior to January 1, 1969 and who was still an active Member on July 1, 1983 for DPLSA and fire equivalents and July 1, 1986 for DPOA members and fire equivalents shall have the option of retiring under the Old Plan or the New Plan.

- (h) Pursuant to Section 411(e) of the Internal Revenue Code, as in effect in 1974, an employee shall be 100 percent vested in his or her Retirement System accrued benefit upon attaining normal retirement hereunder while in service.

Sec. F-2. Old Plan/New Plan

Effective July 1, 1986, Members of the Retirement System as defined under the terms of the Retirement System in effect on July 1, 1977, who were in service on or after July 1, 1941 but prior to January 1, 1969, and are active Members on July 1, 1986 shall have the option of retiring under the Old Plan or the New Plan.

- (a) *Amount of allowance – Old Plan Members.* Upon his or her retirement from service, a Member as defined in Article D, Section D-1(a), (b), or (c) (“Old Plan Member”) shall receive a straight life Retirement Allowance which shall consist of the benefits provided in paragraphs (1) and (2) below; and he or she shall have the right to elect an option provided for in Part H of this Article F:
- (1) An Annuity which shall be the Actuarial Equivalent of the Member’s Accumulated Contributions standing to his or her credit in the Annuity Savings Fund at the time of his or her retirement; and
 - (2) A Pension which, when added to the Member’s Annuity, will provide a straight life Retirement Allowance equal to two percent (2.0%) of his or her Average Final Compensation, multiplied by the number of years, and fraction of a year, of his or her creditable service through the earlier of (i) the date of retirement and (ii) June 30, 2014, not to exceed twenty-five years; provided, that the Retirement Allowance of a Police Employee shall in no case exceed fifteen twenty-seconds of the maximum earnable compensation of a Patrolman and the Retirement Allowance of a Fire Fighter shall not exceed fifteen twenty-seconds of the maximum earnable compensation of a Fire Fighter (and if either or both of the said ranks shall be hereafter abolished, the equivalent thereof), each as of the earlier of (i) the date of retirement and (ii) June 30, 2014. The foregoing Pension limitation shall not apply to any Police Employee or Fire Employee who on July 1, 1941, shall be entitled to a certificate for twenty years or more of prior service and who remains under the provisions of Chapter XV or Chapter XXI of Title IV of the 1918 Detroit City Charter.
- (b) *Amount of allowance – New Plan Members.* Upon his or her retirement from service, a Member as defined in Article D, Section D-1(d) (“New Plan Member”) shall receive a straight life Retirement Allowance which shall consist of the benefits provided in paragraphs (1) and (2) below; and he or she shall have the right to elect an option provided for in Part H of this Article F:
- (1) An Annuity which shall be the Actuarial Equivalent of the Member’s Accumulated Contributions standing to his or her credit in the Annuity Savings Fund at the time of his or her retirement; and

- (2) A Pension which, when added to his or her Annuity, will provide a straight life Retirement Allowance equal to:
- a. two and one-half percent (2.5%) of the Member's Average Final Compensation multiplied by the number of years and fraction of a year of his or her creditable service each as of the earlier of (i) the date of retirement and (ii) June 30, 2014, for the first twenty-five (25) years of such service; and
 - b. two and one-tenths percent (2.1%) of the Member's Average Final Compensation multiplied by the number of years and fraction of a year of his or her creditable service each as of the earlier of (i) the date of retirement and (ii) June 30, 2014 in excess of twenty-five (25) years, subject to a maximum of thirty-five (35) years.

Sec. F-3. Pension Multiplier

- (a) Notwithstanding Section F-2(a)(2) and F-2(b)(2), effective July 1, 1992 each Member who retires on or after that date shall be entitled to a Pension which, when added to the Annuity, will provide a straight life Retirement Allowance equal to 2.1% of his or her Average Final Compensation, multiplied by the number of years and fraction of a year, of his or her creditable service each as of the earlier of (i) the date of retirement and (ii) June 30, 2014, not to exceed thirty-five (35) years of service for New Plan Members and twenty-five (25) years of service for Old Plan Members.
- (b) Effective July 1, 1997 or for DPCOA members the effective date of the CET-DPCOA, each Member who retires shall be entitled to a Pension which when added to the Annuity will provide a straight life Retirement Allowance equal to 2.5% (or 2.1% for DPCOA members) of his or her Average Final Compensation multiplied by the number of years and fraction of year of his or her creditable service each as of the earlier of (i) the date of retirement and (ii) June 30, 2014 for the first twenty-five (25) years or, in the case of a DPCOA member of his or her creditable service earned or accrued on or after the effective date of the CET-DPCOA and prior to July 1, 2014. For Members represented by DFFA, DPCOA and DPLSA, the multiplier shall be 2.1% for each year of service through June 30, 2014 over twenty-five (25) years. Maximum years of service for Pension credit shall be thirty-five (35) years for New Plan Members and twenty-five (25) years for Old Plan Members.
- (c) Effective September 1, 2011, each Member represented by DPOA who retires shall only be entitled to a Pension which, when added to the Annuity, will provide a straight life Retirement Allowance equal to 2.1% of his or her Average Final Compensation multiplied by the number of years and fraction of a year of his or her creditable service earned or accrued on or after September 1, 2011 and prior to July 1, 2014. Hence, for the first twenty-five (25) years of service accrued on or after September 1, 2011 and prior to July 1, 2014, the multiplier shall no longer be 2.5%; rather, 2.1%. Maximum years of service for Pension credit shall be thirty-five (35) years for New Plan Members and twenty-five (25) years for Old Plan Members.

Service credit accrued prior to September 1, 2011 will be unaffected by this Section F-3(c).

- (d) Each DPLSA member who retires shall only be entitled to a Pension which, when added to the Annuity, will provide a straight life Retirement Allowance equal to 2.1% of his or her Average Final Compensation multiplied by the number of years and fraction of a year of his or her creditable service earned or accrued following the date of the Act 312 Award in D09 G-0786 and prior to July 1, 2014. Hence, for the first twenty-five (25) years of service accrued after the date of the Act 312 Award and prior to July 1, 2014, the multiplier shall no longer be 2.5% as stated in paragraph (b) above. Maximum years of service for Pension credit shall be thirty-five (35) years for New Plan Members and twenty-five (25) years for Old Plan Members.

Sec. F-4. Disposition of surplus benefits upon death of retired member.

In the event a retired Member dies before he or she has received in straight life Retirement Allowance payments an aggregate amount equal to his or her Accumulated Contributions standing to his or her credit in the Annuity Savings Fund at the time of his or her retirement, the difference between his or her said Accumulated Contributions and the said aggregate amount of straight life Retirement Allowance payments received by him or her shall be paid to such person or persons as he or she shall have nominated by written designation duly executed and filed with the Board of Trustees. If there is no such designated person or persons surviving the said deceased Retiree such difference, if any, shall be paid to his or her legal representative. No benefits shall be paid under this Section F-4 on account of the death of such a retired Member if he or she had elected Option 1, 2, 3, 3A or 3B provided for in Part H of this Article F.

Sec. F-5. Retirement allowance for certain persons leaving City employment after eight years service (40 & 8).

- (a) Should any DPLSA member or any fire equivalent who (1) has attained age forty years of Age, and (2) has acquired eight or more years of credited service, or any Member who terminates employment with the City on or after August 29, 2003 with ten or more years of credited service leave the employ of the Police Department or Fire Department prior to the date he or she would have first become eligible to retire as provided in this Part A, for any reason except his or her retirement or death, he or she shall be entitled to a Retirement Allowance computed according to Section F-2 (a) or (b) of this Article F, whichever is applicable, as said Section was in force as of the earlier of (i) the date his or her employment with the City last terminated or (ii) June 30, 2014; provided, that he or she does not withdraw his or her Accumulated Contributions from the Annuity Savings Fund. The Member's Retirement Allowance shall begin the first day of the calendar month next following the month in which his or her application for benefits is filed with the Board of Trustees, on or after the date he or she would have been eligible to retire had he or she continued in City employment. Notwithstanding the foregoing, prior to March 3, 2008 the Retirement Allowance of a DPOA member or a fire equivalent hired on or after July 1, 1985 shall not begin prior to the date on which the Member reaches his or her sixty-second

birthday. Unless otherwise provided in this Component II, such person shall not receive service credit for the period of his or her absence from the City Police Department and/or Fire Department employ prior to July 1, 2014, nor shall his or her Beneficiary be entitled to any other benefit afforded in this Component II, except the benefits provided in Part A, Section F-2(a) or (b) or Part F of this Article F, whichever is applicable, subject to the above provisions, notwithstanding, his or her membership has terminated.

- (b) Effective August 28, 2003, DPOA members and fire equivalents who terminate employment after ten (10) years of service shall be vested and shall have all options afforded to 40 & 8 Retirees.

Sec. F-6. Reduced Early Pension Benefits (40 & 8 Vesting Retirees)

- (a) Members who terminate employment and who are eligible for a Pension pursuant to Article F, Part A, Section F-5 of Component II (40 & 8) shall have the option of receiving an immediate, but reduced early Pension benefit in lieu of a deferred Pension.
- (b) This reduced early Pension benefit shall not result in an increase in City contribution rates; therefore, the value of the Reduced Early Pension Benefit shall be the Actuarial Equivalent of the 40 & 8 Pension.
- (c) For employees represented by DFFA in ranks or classifications with a parity relationship to employees represented by the DPLSA and employees in higher ranks or classifications, upon termination, a vested employee must within 90 calendar days make an irrevocable election as to whether or not to take this option.
- (d) Individuals represented by DFFA, DPOA or DPLSA, who terminated employment prior to July 1, 1986, are not eligible for this option.
- (e) An employee who receives a lump sum payment for accumulated time upon termination is not allowed to have that time count towards his or her retirement service.
- (f) Since Members (other than DPOA and fire equivalents) are eligible to begin collecting their vested Pension as soon as they would have been eligible to retire had they continued their City employment, minimum retirement age (i.e., Age 55) shall not be a factor in computing the actuarially reduced Pension benefit.
- (g) All DFFA members, except those members in ranks or classifications with a parity relationship to employees represented by the DPOA, electing to receive the reduced early Pension benefits shall receive from the City upon separation full pay for fifty percent (50%) of the unused sick bank amounts. This provision shall have no effect on a Member electing to receive the deferred 40 & 8 vested Pension who shall continue to be reimbursed for unused sick time in accordance with an applicable collective bargaining agreement.

Part B — Total Disability Pension and Retirement Allowances

Sec. F-7. Duty disability.

If a Member shall become Totally Disabled for duty by reason of injury, illness or disease resulting from performance of duty and if the Board of Trustees shall find such injury, illness or disease to have resulted from the performance of duty, on written application to the Board of Trustees by or on behalf of such Member or by the head of his or her Department such Member shall be retired, notwithstanding that during such period of notification he or she may have separated from service; provided, the Medical Director, after examination of such Member shall certify to the Board of Trustees his or her Total Disability. If said Member was separated from service after filing of the written application, and he or she had attained twenty-five years or more of service prior to the date of separation, the Board of Trustees, shall retire said Member, under this Part B.

Sec. F-8. Duty disability benefits; Members in service on or after July 1, 1941 but prior to January 1, 1969.

- (a) A Member, as defined under Article D, Section D-1(a), (b), or (c), shall receive the following benefits:
 - (1) Each such Member shall receive a disability Pension of fifty percent (50%), or such other higher percentage that is in effect and applies to such Member, of the Member's Average Final Compensation at the earlier of (i) the time of disability retirement and (ii) June 30, 2014. On the date that a Member, who retired under Section F-7 and who receives benefits under this Section F-8, would have accrued twenty-five years of creditable service had the Member continued in active service, or on the date that the Member reaches age sixty, whichever comes first, the Member shall be eligible for optional benefits as provided Part H of this Article F.
 - (2) In addition to the disability Pension provided for in Section F-8(a)(1), any Member who receives a disability Pension pursuant to Section F-8(a)(1) and has not accrued a total of twenty-five (25) years of creditable service as of the earlier of (i) the date of the Member's disability retirement and (ii) June 30, 2014 shall receive a supplemental disability payment in the amount of sixteen and two-thirds percent (16-2/3%) of the Member's Average Final Compensation at the earlier of (i) the time of disability retirement or (ii) June 30, 2014. This supplemental payment shall terminate upon the expiration of the period when a Member who retired under Section F-7 of this Part B and who receives benefits under Section F-8(a)(1) would have accrued twenty-five years of creditable service had the Member continued in active service, or on the date that the Member reaches Age sixty, whichever comes first.

Effective July 1, 1992 for DPLSA members, the Average Final Compensation used in this computation shall mean the current maximum salary for the rank(s), grade(s) or position(s) which would have been held by the Member over the sixty

months prior to the earlier of (i) the date of retirement (reduced disability/service retirement when the Member would have attained a total of twenty-five years of credited service) had he or she continued working in that classification which he or she held at the time of his or her disability or (ii) June 30, 2014. For Members who begin receiving such benefits on or after July 1, 1998 and before July 1, 2014, the amount of the Member's most recent full longevity payment shall be included in the definition of Average Final Compensation.

Effective July 1, 1992 for DFFA and DPOA members, the Average Final Compensation used in this computation shall be the highest average annual compensation that would have been received by such a Member had he or she continued working in the classification he or she held at the time of his or her disability, during any period of five consecutive years, selected by the Member, contained within the last ten years immediately preceding the earlier of (i) expiration of the period when the Member would have attained a total twenty-five years of creditable service and (ii) June 30, 2014.

Effective July 1, 2000, the Average Final Compensation used in this computation shall mean the current maximum salary, including the annual longevity payment provided above, for the rank(s), grade(s) or position(s) which would have been held by the Member over the thirty-six (36) months prior to the earlier of (i) the date of disability retirement or (ii) June 30, 2014.

- (3) In the case of a Member retired under Section F-8 who receives benefits under F-8(a)(1) and F-8(a)(2), the Accumulated Contributions standing to the Member's credit at the date of retirement shall continue to be held in the Annuity Savings Fund and Regular Interest shall be credited thereto. If such Member dies before the date upon which the Member would have achieved a total of twenty-five years of creditable service had the Member continued in active service and before such Member reaches Age sixty, the balance of the member's Annuity Savings Account including interest thereon shall be paid as provided in Part D and Part E of this Article F.
- (b) This Section shall be applicable only to those Members receiving benefits on the date of adoption of this Section who are not covered by the arbitration decision regarding the DPOA which became effective July 1, 1995, or the arbitration decision regarding the DPLSA which became effective June 30, 1998.
- (c) This Section does not rescind any substantive rights of disability Retirees from the Retirement System who retired prior to the July 1, 1995 arbitration award, or the substantive rights of disability Retirees from the DPLSA who retired prior to the June 30, 1998 arbitration award.
- (d) This Section does not amend any computations used to determine disability benefits payable under this Section F-8, or result in an increase or decrease in such disability benefits.

Sec. F-9. Duty disability benefits; Members beginning service on or after January 1, 1969 and becoming disabled prior to the dates set forth in Section F-10.

- (a) A Member, as defined under Article D, Section D-1(d), who retired under Section F-7, shall receive the following benefits:
- (1) Each such Member shall receive a disability Pension of fifty percent (50%), or such other higher percentage that is in effect and applies to such Member, of the Member's Average Final Compensation at the earlier of (i) the time of disability retirement or (ii) June 30, 2014. On the date that a Member who retired under Section F-7 of this Part B and who receives benefits under this Section would have accrued twenty-five years of creditable service had the Member continued in active service, or on the date that the Member reaches Age sixty, whichever comes first, the Member shall be eligible for optional benefits as provided Part H of this Article F.
 - (2) In addition to the disability Pension provided for in Section F-8(a)(1) of this Part B, any Member who receives a disability Pension pursuant to Section F-9(a)(1) of this Part B and who has not accrued a total of twenty-five years or more of creditable service as of the date of the Member's disability retirement shall receive a supplemental disability payment in the amount of sixteen and two-thirds percent (16-2/3%) of the Member's Average Final Compensation at the time of the Member's disability retirement. This supplemental payment shall terminate when a Member who retires under Section F-7 and who receives benefits under Section F-9(a)(1) would have accrued twenty-five years of creditable service had he or she continued in active service or on the date that the Member reaches Age sixty, whichever comes first.
 - (3) In addition to the disability Pension provided for in Section F-9, any Member who receives a disability Pension pursuant to Section F-9(a)(1) and who has accrued more than twenty-five years ("additional years") of creditable service as of the earlier of (i) the date of the Member's disability retirement and (ii) June 30, 2014 shall receive another supplemental disability payment equal to two percent (2%), or such other higher percentage that is in effect and applies to such Member, of the Member's Average Final Compensation as of the earlier of such dates, multiplied by the number of additional years of creditable service the Member has accrued; provided, however, that such supplemental disability payment shall not exceed twenty percent (20%), or such other higher percentage that is in effect and applies to such Member, of the Member's Average Final Compensation as of the earlier of (i) the date of the Member's disability retirement and (ii) June 30, 2014.
 - (4) In the case of a Member who retires under Section F-7 and who receives benefits described under Section F-9(a)(1) through (3), the Accumulated Contributions standing to the Member's credit at the date of disability retirement shall continue to be held in a separate fund in the Annuity Savings Fund and Regular Interest shall be credited thereto. If such Member dies prior

to the time when the Member would have achieved a total of twenty-five years of creditable service had the Member continued in active service and before such Member reaches Age sixty, the amount of the Member's Accumulated Contributions so set aside and interest thereon shall be paid as provided in Part D and Part E of this Article. F

- (5) The amendment of Section F-9(a)(1) shall not result in an increase or decrease in the amount of disability benefits payable to Members.
- (b) This Section shall be applicable to those Members receiving benefits on the effective date of this Section F who are not covered by the arbitration decision regarding the DPOA which became effective July 1, 1995, or the arbitration decision regarding the DPLSA which became effective June 30, 1998. This Section does not rescind any substantive rights of disability Retirees from the Retirement System who retired prior to the July 1, 1995 arbitration award, or the substantive rights of disability Retirees from DPLSA who retired prior to the June 30, 1998 arbitration award.
- (c) This Section does not amend any computations used to determine benefits under Section F-9 of this Part, or result in an increase or decrease in such benefits.

Sec. F-10. Duty Disability benefits; DFFA, DPOA and DPLSA members beginning service on or after January 1, 1969 and becoming disabled on or after the dates set forth below.

- (a) This Section F-10 shall be applicable to:
 - (1) DFFA employees who file applications for disability retirement on or after July 1, 1995 and who have a parity relationship with the DPOA and on or after June 30, 1998, for DFFA employees with a parity relationship with the DPLSA and the DPCOA Inspector;
 - (2) all DPLSA employees who file applications for disability retirement on or after June 30, 1998; and
 - (3) all DPOA members who file applications for disability retirement on or after July 1, 1995.
- (b) A Member who retires as a result of duty disability shall receive for a period of twenty-four months the sum of:
 - (i) a basic benefit equal to 50% of the Member's Final Compensation at the earlier of (i) the time his or her duty disability retirement begins or (ii) June 30, 2014; and
 - (ii) a supplemental benefit equal to 16-2/3% of the Member's Final Compensation at the earlier of (i) the time his or her duty disability retirement begins or (ii) June 30, 2014.

Subject to Sections K-1 and K-3, on July 1st of each year, the benefits determined under paragraphs (i) and (ii) above then payable will each be increased by adding to said amounts the product of the initial amount of said benefit which was computed at the time the duty disability retirement began and the applicable Pension Improvement Factor (Escalator).

- (c) After a Member receives benefits hereunder for a period of twenty-four months, the Board will determine whether the Member is disabled from any occupation. If the Member is disabled from any occupation, the Member shall continue to receive the benefit provided in paragraphs (b)(i) and (b)(ii) until such time as the Member would have attained twenty-five years of creditable service had he or she continued in active service with the City. At that time, the Member shall continue to receive the benefit described in paragraph (b)(i) above; however, benefits described in paragraph (b)(ii) above will cease. If the Member is not disabled from any occupation, he or she shall continue to receive the benefit described in paragraph (b)(i) above; benefits described in paragraph (b)(ii) will cease.
- (d) Duty disability retirement benefits shall continue to be paid to a Member on duty disability retirement after the Member has attained twenty-five years of creditable service, to the earlier of (i) the Member's attainment of Age sixty-five, or (ii) termination of disability as determined by the Board. Upon termination of disability or attainment of Age sixty-five, a Member with twenty-five years of creditable service shall be eligible to receive a service Retirement Allowance. The amount of such service Retirement Allowance shall be the same amount which would have been payable if the conversion from duty disability retirement to service retirement had occurred at the date of attaining twenty-five years of creditable service. In the event that the examinations and/or investigations conducted by the Police Department result in a determination that a DPOA Member is not qualified for reappointment as a Police Employee for medical reasons, disability benefits will be continued.
- (e) If a Member on duty disability retirement returns to active service and within a twenty-four month period re-qualifies for duty disability retirement for the same or related reasons he or she had been retired, then the disability shall be deemed a continuation of the prior disabling condition and the period of the return to work will not have caused the Member to be entitled to a new initial determination of benefit amounts as set forth in paragraph (b) above. Instead, such Member will return to retirement at the point he or she had reached in sub-paragraphs (b), (c) or (d) above as if there had not been a break in his or her period of placement on duty disability retirement.
- (f) Disability retirement benefits shall continue to be considered benefits provided by the City pursuant to the 1918 Detroit City Charter, as amended, which are paid instead of and not in addition to any benefits under the State Workers' Disability Compensation Act.
- (g) Survivor benefit coverage applicable to active Members shall be continued during the period a Member is eligible for a duty disability benefit. Upon conversion to a

service Retirement Allowance as provided in paragraph (d), automatic survivor benefit coverage shall terminate. At that time, the Member shall have the right to elect an optional form of payment in the same manner as if he or she had retired from active membership on the conversion date.

(h) Pension Credit While on Duty Disability Status

- (1) While a Member is eligible to receive duty disability benefits, the Member shall continue to accrue Pension service credit.
- (2) The accrual of Pension service credit under paragraph (h)(1) will cease on the earlier of (i) the date the Member has twenty-five years of creditable service, or (ii) June 30, 2014.

(i) Earnings Offset

- (1) In the event that a recipient of a duty disability retirement benefit receives earned income from gainful employment during a calendar year, the amount of the Member's disability benefit payable during the next subsequent Fiscal Year will be adjusted so it does not exceed the difference between (i) the Member's base salary at the date of disability, increased by 2.25% times the number of full years from the date of disability to the year in which the earnings offset is applied, and (ii) the amount of remuneration from gainful employment during the prior calendar year.
- (2) The earnings test shall be based on information the Board may periodically require from a duty disability benefit recipient or has secured from other reliable sources. Furnishing such information shall be a condition for a Member's continued eligibility for a duty disability benefit. In the event a Member's Retirement Allowance was not appropriately reduced for any period in which he or she is engaged in a gainful occupation, the Board shall adjust future benefit payments to such Member until the amount of the overpayment is recouped by the Retirement System.

- (j) The Annuity withdrawal provision of the Retirement System will continue to apply to Members on duty disability. If a duty disability recipient elects Annuity withdrawal after attaining twenty-five years of creditable service, the applicable benefit reduction will offset the duty disability benefit until the conversion date, after which it will offset the converted service Retirement Allowance.

Sec. F-11. Non-duty disability.

- (a) On written application to the Board by or on behalf of a Member or by the head of his or her Department, a Member, who becomes Totally Disabled for duty by reason of injury, illness or disease not resulting from the performance of duty as determined by the Board of Trustees, shall be retired by the Board of Trustees. If said Member was separated from service after the filing of the written application and had attained

twenty-five years or more of creditable service prior to the date of separation, the Board shall retire said Member, under this Part B.

(b) A Member retired under paragraph (a) above shall receive the following applicable benefits:

- (1) If such Member has less than five years of creditable service at the time of his or her disability retirement, his or her Accumulated Contributions standing to his or her credit in the Annuity Savings Fund shall be returned to the Member, or at his or her option, he or she shall receive a cash refund annuity which shall be the Actuarial Equivalent of his or her Accumulated Contributions. For purposes of this Section F-11(b)(1), a "cash refund annuity" is an annuity that provides a death benefit equal to the positive difference, if any, between the original cost of the annuity and the sum of annuity payments received by the Member prior to his or her death.
- (2) If such Member has five or more years of creditable service at the time of his or her disability retirement, he or she shall receive a disability Retirement Allowance computed in accordance with the provisions of this Article F, Part A, Section F-2(a) or (b), whichever is applicable, and he or she shall have the right to elect an Option provided for in Part H of this Article F. The Member's Straight Life Retirement Allowance shall not be less than twenty per cent of his or her Average Final Compensation as of the earlier of (i) the date of his or her disability retirement and (ii) June 30, 2014. Such Retirement Allowance shall be subject to Parts I and K of this Article F.
- (3) If a Member receiving non-duty disability benefits has any Accumulated Contributions standing to his or her credit in the Annuity Savings Fund when the Member would have attained twenty-five years (effective as of March 8, 2007, twenty years for DPOA members and fire equivalents) of creditable service, such Member may withdraw the balance of such Accumulated Contributions at that time.
- (4) If a Member receiving non-duty disability retirement benefits is or becomes engaged in a gainful occupation, business, or employment paying more than the difference between the disabled Member's Retirement Allowance and Average Final Compensation, the Member's Retirement Allowance shall be reduced by the amount of such difference. If the amount of the Member's earnings changes, the Retirement Allowance may be adjusted accordingly. The amount of income received by a Member shall be determined by the Board based upon information received from the Member or based upon information secured from other reliable sources. Furnishing such information to the Board at such times as the Board shall require shall be a condition for the Member's continued eligibility for non-duty disability benefits. In the event a Member's Retirement Allowance was not appropriately reduced for any period in which he or she is engaged in a gainful occupation, the Board

shall adjust future benefit payments to such Member until the amount of the overpayment is recouped by the Retirement System.

Sec. F-12. Disability retirement procedures.

- (a) The Board shall establish procedures for determining whether a Member is disabled. Such procedures shall be consistent with any collective bargaining agreements between the City and the unions covering Police Employees and Fire Employees.
- (b) If a Member is determined to be disabled, the Board or its designee will examine the pension file, including the submissions of the Member and the Police or Fire Department, to determine if there is any dispute as to whether the disability "resulted from the performance of duty" within the meaning of the Combined Plan. If it is undisputed that the disability did result from the performance of duty, the Board will grant duty disability retirement benefits. If it is undisputed that the disability did not result from the performance of duty, the Board will grant non-duty disability retirement benefits, provided the Member meets the other conditions of eligibility. If the performance of duty issue is in dispute, the Board will refer the matter to arbitration by a member of the Disability Retirement Review Board ("DRRB"). The decision of the DRRB member as to whether the disability resulted from the performance of duty shall be final and binding upon the Member, the Department and the Board. The DRRB shall consist of three qualified arbitrators who will be individually assigned in rotating order to decide the matters referred to arbitration by the Board. The three members of the DRRB shall be disinterested persons qualified as labor arbitrators and shall be selected in accordance with agreements between the City and the unions representing Members. The procedure for the termination of DRRB members and the selection of new DRRB members also shall be carried out in accordance with the agreements between the City and the unions representing Members.
- (c) The hearing before a member of the DRRB will be conducted in accordance with the following procedures:
 - (1) The Member and the City will have the right to appear in person or otherwise may be represented by counsel if they wish and will be afforded an equal opportunity to present evidence relevant to the issues;
 - (2) A court reporter will be present and make a stenographic record of the proceedings;
 - (3) The hearing will be closed to the public, except that the Member may select one person to be with him or her in the hearing room; provided, however, that person may not testify;
 - (4) The witnesses will be sequestered;
 - (5) The witnesses will be sworn by the court reporter and testify under oath;

- (6) The Member may not be called by the City as an adverse witness;
 - (7) The DRRB member will apply the rules of evidence and follow the procedures which are customarily applied and followed in labor arbitration cases;
 - (8) If the Member wishes to have an employee of the City released from duty to appear as a witness on his or her behalf, the Member may so inform the Board in writing which, in turn, will submit a written request to the appropriate Department for the release of the employee for the purpose of so testifying;
 - (9) The DRRB member will afford the parties an opportunity for the presentation of oral argument and/or the submission of briefs;
 - (10) The DRRB member will issue a written decision containing credibility resolutions as necessary, findings of fact and conclusions with respect to all relevant issues in dispute;
 - (11) The authority of the DRRB member is limited to deciding whether or not the Member's disability "resulted from the performance of duty" within the meaning of the Combined Plan. The DRRB member shall have no authority to add to, subtract from, modify or disregard the terms of the Combined Plan; and
 - (12) The costs associated with the hearing, including the arbitrator's fees and expenses and the court reporter's fees and expenses, will be paid by the Retirement System.
- (d) If a disabled Member is determined by the Board or its delegate to no longer be disabled, he or she may appeal that determination within seven (7) days thereof by filing a written request with the Board for a re-examination. The Board shall promptly arrange for such re-examination. The Member's disability benefits will be continued pending that final and binding medical finding, and if the finding is that the Member is no longer disabled, his or her disability benefits will be further continued while the Police or Fire Department conducts such examinations and/or investigations as necessary to determine whether the Member is qualified for reappointment to active duty. In the event that the examinations and/or investigations conducted by the Police Department result in a determination that a Member represented by DPLSA is not qualified, for medical reasons, for reappointment to active duty, disability benefits will be continued.
- (e) The Board shall not act upon or grant the application filed by a Member who, although he or she is not capable of performing the full duties of a Police Employee or Fire Employee, has not suffered any diminishment of his or her base wages or benefits because he or she is either:

- (1) regularly assigned to a position, the full duties of which he or she is capable of performing; or
 - (2) assigned to a restricted duty position, unless the Member's Department advises that it intends to seek a disability retirement for the Member in the foreseeable future.
- (f) The provisions in paragraph (e) above are not intended to and will not:
- (1) affect the right of a Member to seek a disability retirement when no restricted duty position is available; or
 - (2) restrict in any way the existing authority of the Chief of Police or the Fire Commissioner to seek a duty or non-duty disability retirement for a Member or for that Member, at that time, to request a duty or non-duty disability retirement.
- (g) DPCOA and DPLSA members who are retired on disability Pensions pursuant to this Part B prior to July 1, 2014 shall be entitled to lump sum payments of all accumulated time from the date that the Board of Trustees determines that they are entitled to such a Pension but not later than June 30, 2014. These members shall not be required to utilize such time delaying their retirement dates.

Part C — Escalation and Change in Compensation, Rank

Sec. F-13. Generally.

Subject to Sections K-1(1) and K-3, if hereafter the rate of compensation of the rank, grade or position on which the service Retirement Allowance, disability Pension or disability Retirement Allowance of a Member who was hired prior to July 1, 1969 or is a Beneficiary of such a Member as defined in Article D, Section D-1(a), (b), or (c) is based shall be changed, his or her service Retirement Allowance, disability Pension, or disability Retirement Allowance shall be changed proportionately, and if such rank, grade, or position shall have been abolished, his or her service Retirement Allowance, disability Pension, or disability Retirement Allowance shall be changed in proportion to the change made in the compensation of the existing rank, grade, or position most nearly approximating the rank, grade, or position so abolished.

Sec. F-14. Increase of Benefits; Pension Improvement Factor (Escalator).

On and after July 1, 1969, and the first of July of each year thereafter until July 1, 1992, the Pension portion of any Retirement Allowance or death benefit of a Member or Beneficiary of a Member as defined in Article D, Section D-1(d), which is paid or payable under this Component II shall be increased at the rate of two per cent (2.0%) per annum computed on the basis of the amount of the Pension received at the time of retirement.

Subject to Sections K-1(1) and K-3, on or after July 1, 1992 and the first of July each year thereafter, the Pension portion of any Retirement Allowance or death benefit of a Member or Beneficiary of a Member as defined in Article D, Section D-1(d), (including those Members

who opt to retire under the New Plan provisions) shall be increased at the rate of two and twenty-five one-hundredths per cent (2.25%) per annum computed on the basis of the amount of the Pension received at the time of retirement.

Subject to Sections K-1(1) and K-3, effective for Members who retire on or after July 1, 1997 (July 1, 1998 for DPCOA members, DPLSA members and DFFA members with a parity relationship with DPCOA and July 1, 2001 for DPOA members and their fire equivalents), the Pension Improvement Factor (Escalator) described in this Section shall be re-computed each Fiscal Year on the basis of the amount of Pension received in the previous Fiscal Year (i.e., the 2.25% per annum escalation amount shall be compounded).

Pension benefits for DPCOA members under Component II based on service rendered after November 30, 2012 shall not be subject to any escalation amounts.

The Pension portion of any Retirement Allowance or death benefit of a Member, or Beneficiary of a Member as defined in Article D, Section D-1(d) of the Combined Plan provisions, and Article 51.G. of the DPLSA collective bargaining agreement or Article 3.K. of the DPOA collective bargaining agreement (to include those Members who opt out to retire under the New Plan provisions) earned after April 1, 2011 (for DPLSA members) or September 1, 2011 (for DPOA members), shall not be increased whatsoever, per annum or otherwise. Subject to Sections K-1(1) and K-3, the Pension portion of any Retirement Allowance or death benefit of a Member, or Beneficiary of a Member as defined herein, accrued prior to April 1, 2011 (for DPLSA members) or September 1, 2011 (for DPOA members), shall still be increased as provided herein. Hence, Pension benefits earned based on service rendered after April 1, 2011 (for DPLSA members) or September 1, 2011 (for DPOA members) will no longer receive the 2.25% per annum escalation amount. Subject to the Plan of Adjustment, the 2.25% per annum escalation amount shall continue to apply to Pension benefits earned based on service rendered before April 1, 2011 (for DPLSA members) or September 1, 2011 (for DPOA members).

Sec. F-15. Payment.

Subject to Sections K-1(1) and K-3, the escalation factor contained in Section F-14 above shall be payable to the Member or Beneficiary of a Member as defined in Article D, Section D-1(d), notwithstanding any Retirement Allowance or Pension amount limitation provisions in this Component II to the contrary.

Part D — Death Benefits.

Sec. F-16. Generally.

If a Member, or a Retiree who was a Member, is killed in the performance of his or her duty or dies as the result of illness contracted or injuries received while in the performance of his or her duty and such death, illness or injuries resulting in death, is found by the Board of Trustees to have resulted from the performance of his or her duty, the following applicable benefits shall be paid, subject to Part I, Section F-25, of this Article F.

- (a) The Accumulated Contributions standing to his or her credit in the Annuity Savings Fund at the time of his or her death shall be paid to such person or persons as he or

she shall have nominated by written designation duly executed and filed with the Board of Trustees. If there is no such designated person surviving, his or her said Accumulated Contributions shall be paid to his or her legal representative, subject to paragraph (e) of this Section F-16.

- (b) A Member's surviving Spouse shall receive a Pension of five-elevenths of the maximum earnable compensation for the rank of Patrolman or Fire Fighter as the case may be determined as of the earlier of (i) the date of death or (ii) June 30, 2014. If his or her child or children under Age eighteen years also survive the deceased Member each such child shall receive a Pension of one-tenth of such maximum earnable compensation as of the earlier of (i) the date of death or (ii) June 30, 2014; provided, that if there are more than two such surviving children under Age eighteen years, each such child's Pension shall be an equal share of seven thirty-thirds of such maximum earnable compensation. Upon the death, marriage, adoption, or Attainment of Age eighteen years of any such child his or her Pension shall terminate and there shall be a redistribution by the Board of Trustees to the deceased Member's remaining eligible children, if any; provided, that in no case shall any such child's Pension exceed one-tenth of such maximum earnable compensation. In no case shall the total of the Pensions, provided for in this paragraph (b), payable on account of the death of a Member exceed two-thirds of the maximum earnable compensation for the rank of Patrolman or Fire Fighter, as the case may be, determined as of the earlier of (i) the date of the Member's death or (ii) June 30, 2014.

Effective July 1, 1986, widows of Police Department or Fire Department employees who have been receiving a flat monthly benefit of \$300.00 should receive an increase of \$500.00 per month thereby making the flat monthly benefit \$800.00.

- (c) If no Spouse survives the deceased Member or if his or her surviving Spouse dies or remarries before his or her youngest unmarried surviving child attains Age eighteen years, his or her unmarried child or children under age eighteen years shall each receive a Pension of one-fourth of the maximum earnable compensation for the rank of Police Employee or Fire Employee, as the case may be, as of the earlier of (i) the date of the Member's death or (ii) June 30, 2014; provided that if there are more than two such surviving children under Age eighteen years, each such child's Pension shall be an equal share of one-half of such maximum earnable compensation. Upon the death, marriage, adoption, or Attainment of Age eighteen years of any such child his or her Pension shall terminate and there shall be a redistribution by the Board of Trustees to the deceased Member's remaining eligible children, if any; provided, that in no case shall any such child's Pension exceed one-fourth of the maximum earnable compensation for the rank of Patrolman or Fire Fighter, as the case may be, determined as of the earlier of (i) the date of the Member's death, and (ii) June 30, 2014.
- (d) If there is no surviving Spouse and if there are no children under Age eighteen years surviving such deceased Member and if he or she leaves surviving either a father or mother or both, whom the Board of Trustees shall find to be actually dependent upon such Member for financial support, such dependent father and mother shall each

receive a Pension of one-sixth of the maximum earnable compensation for the rank of Patrolman or Fire Fighter, as the case may be, determined as of the earlier of (i) the date of the Member's death, and (ii) June 30, 2014.

- (e) If a Member dies intestate, without having designated a person or persons, as provided in sub-section (a) of this Section F-16, and without heirs, the amount of his or her Accumulated Contributions in the Annuity Savings Fund, not to exceed a reasonable sum, to be determined by the Board of Trustees, shall be used to pay his or her burial expenses, provided he or she leave no other estate sufficient for such purpose; any balance credited to such Member in the Annuity Savings Fund, and not used for burial expenses shall remain a part of the funds of the Retirement System and shall be credited to the Pension Accumulation Fund.
- (f) If the maximum earnable compensation for the rank of Patrolman or Fire Fighter, as the case may be, is subsequently changed, the Pensions provided in this Section F-16 for Beneficiaries of Members as defined in Article D, Section D-1(a), (b), or (c) shall be proportionately changed; provided, however, that no increases shall be made after June 30, 2014.
- (g) The maximum earnable compensation for the rank of Patrolman or Fire Fighter, as the case may be, to be used in computing the Pensions provided in this Section for Beneficiaries of Members as defined in Article D, Section D-1(d) shall be the maximum earnable compensation of the rank of Patrolman or Fire Fighter as established by the City's budget for the Fiscal Year in which occurs the earlier of (i) the date of the Member's death, and (ii) June 30, 2014.

Part E — Nonduty Death.

Sec. F-17. Payment of Accumulated Contributions.

If a Member, or a Member who retires after June 30, 1965 under Part B, Section F-7 of this Article F, dies and no Pension or Pensions become payable under this Component II on account of his or her death, the Accumulated Contributions standing to his or her credit in the Annuity Savings Fund at the time of death shall be paid to such person or persons as he or she shall have nominated by written designation duly executed and filed with the Board of Trustees. If there is no such designated person or persons surviving the said Member, his or her said Accumulated Contributions shall be paid to his or her legal representative. If such Member dies intestate, without having designated a person as above provided, and without heirs, his or her said Accumulated Contributions not to exceed a reasonable sum to be determined by the Board of Trustees, shall be used to pay his or her burial expenses, provided he or she leaves no other estate sufficient for such purpose; and any balance credited to such Member in the Annuity Savings Fund not so used for burial expenses shall be transferred to the Survivors Benefit Fund.

Sec. F-18. Allowances to surviving spouses.

Upon the death of a Member, or a Member who retires after June 30, 1965 under Part B, Section F-7 of this Article F, and such death is found by the Board of Trustees not to have resulted from the performance of his or her duty, the applicable Retirement Allowances provided

in paragraphs (a), (b), (c) and (d) of Section F-1 shall be paid from the Survivors Benefit Fund, to the extent of available funding, and shall be subject to paragraphs (e), (f) and (g) of Section F-1.

- (a) His or her surviving Spouse shall receive a Retirement Allowance computed in the same manner in all respects as if the said Member had (1) regularly retired on the earlier of (i) the day preceding the date of his or her death, or (ii) June 30, 2014, notwithstanding that he or she might not have acquired twenty-five years of creditable service, in the case of a Member as defined in Article D, Section D-1(a), (b), or (c), or notwithstanding that he or she might not have acquired twenty-five years of service or more and had not attained age fifty-five, in the case of a Member as defined in Article D, Section D-1(d); (2) elected Option 2 provided for in Part H of this Article F; and (3) nominated his or her surviving Spouse as joint Beneficiary; provided, that in no case shall the Retirement Allowance payable to such joint Beneficiary be less than twenty per cent of said Member's Average Final Compensation as of the earlier of (i) the Member's date of death, and (ii) June 30, 2014. If a Member who had less than twenty-five years of creditable service dies prior to July 1, 2001, the Retirement Allowance payable to the surviving Spouse shall be terminated in the event the surviving Spouse remarries.
- (b) His or her unmarried child or children under Age eighteen years shall each receive a Retirement Allowance of one-seventh of the annual maximum earnable compensation of the rank of a Patrolman or a Fire Fighter, as the case may be determined as of the earlier of (i) the Member's date of death, and (ii) June 30, 2014; provided, that if there are more than two such children, each child shall receive a Retirement Allowance of an equal share of two-sevenths of said annual maximum earnable compensation. Upon any such child's adoption, marriage, death or Attainment of Age eighteen years, whichever occurs first, his or her Retirement Allowance shall terminate, and there shall be a redistribution by the Board of Trustees to the deceased Member's remaining eligible children under Age eighteen years; provided, that in no case shall the Retirement Allowance payable to any such child exceed one-seventh of the said annual maximum earnable compensation.
- (c) If, at the time of the said Member's death, there shall be neither a surviving Spouse nor children eligible for a Retirement Allowance provided for in this Section F-18, each of his or her parents shall receive a Retirement Allowance of one-seventh of the annual maximum earnable compensation of a Patrolman, or a Fire Fighter, as the case may be determined as of the earlier of (i) the Member's date of death, and (ii) June 30, 2014; provided, that the Board of Trustees finds that such parent was dependent upon the said Member for at least fifty per cent of his or her financial support. Upon the remarriage of any such parent, his or her Retirement Allowance shall thereupon terminate.
- (d) In the event all the Retirement Allowances provided for in this Section F-18, payable on account of the death of a Member terminate before there has been paid an aggregate amount equal to the said Member's Accumulated Contributions standing to his or her credit in the Annuity Savings Fund at the time of death, the difference

between his or her said Accumulated Contributions and the said aggregate amount of Retirement Allowances shall be paid to such persons as the said Member shall have nominated by written designation duly executed and filed with the Board of Trustees. If there are no such designated person or persons surviving the said Member such difference, if any, shall be paid to his or her legal representative.

- (e) In no case shall any Retirement Allowance be paid under this Section F-18 on account of the death of a Member if any benefits are paid under Part D of this Article F on account of his or her death. The Retirement Allowance provided for in this Section F-18 shall be subject to Part I of this Article F.
- (f) All benefits provided in this Part E for Beneficiaries of Members as defined in Article D, Section D-1(a), (b), or (c) shall be based on the maximum earnable compensation of the rank of Patrolman or Fire Fighter, as the case may be determined as of the earlier of (i) the Member's date of death, or (ii) June 30, 2014. Subject to the Plan of Adjustment, if a Member died before July 1, 2014 and the compensation of such rank shall be changed prior to July 1, 2014, the benefits provided shall be changed proportionately. All benefits provided in this Part E for Beneficiaries of Members as defined in Article D, Section D-1(d) shall be based on the maximum earnable compensation of the rank of Patrolman or Fire Fighter as established in the City's budget for the year of the earlier of (i) the Member's death or (ii) June 30, 2014.
- (g) In the event a Member has withdrawn his or her Accumulated Contributions from the Annuity Savings Fund and has not returned in full all amounts due the fund by him or her, the survivors benefits provided in paragraphs (a), (b), (c) and (d) of this Section F-18 shall be reduced to the proportion that the Member's Accumulated Contributions standing to his or her credit in the Annuity Savings Fund, at the time of his or her death bears to the amount his or her Accumulated Contributions would have been had he or she not made a withdrawal from the Annuity Savings Fund.

**Part F — Termination of Membership Otherwise than
by Retirement, Death or Becoming a Beneficiary.**

Sec. F-19. Payment of benefits to employees who became Members before January 1, 1969.

If the membership of a Member as defined in Article D, Section D-1(a), (b), or (c) shall terminate for any reason other than retirement, his or her becoming a Beneficiary, or death, the Member shall be paid the Accumulated Contributions standing to the credit of his or her individual account in the Annuity Savings Fund, such payment to be made within ninety days after such termination of membership; provided, however, that if a Member eligible for retirement shall resign or be dismissed from service, the Board of Trustees, on the written petition of such Member filed within one year from his or her separation from service and prior to the withdrawal of his or her Accumulated Contributions in the Annuity Savings Fund, shall grant such Member a service Retirement Allowance computed in accordance with Article F, Part A, Section F-2(a), subject to the provisions of Part G of this Article F.

Sec. F-20. Payment of benefits to employees who became Members on or after January 1, 1969.

If the membership of a Member as defined in Article D, Section D-1(d) shall terminate for any reason other than retirement, his or her becoming a Beneficiary or death, he or she shall be paid the Accumulated Contributions standing to the credit of his or her individual account in the Annuity Savings Fund, such payment to be made within ninety days after such termination of membership; provided, however, that if a Member having twenty-five or more years of service and having attained age fifty-five shall resign or be dismissed from service, the Board of Trustees, on the written petition of such Member filed within one year from his or her separation from service and prior to the withdrawal of his or her Accumulated Contributions in the Annuity Savings Fund, shall grant such Member a service Retirement Allowance computed in accordance with Article F, Part A, Section F-2(b), subject to the provisions of Part G of this Article F.

Sec. F-21. Deferred vested benefits.

A Member (i) whose employment is terminated before August 28, 2003 and who is credited with eight or more years of creditable service and has attained Age forty, or (ii) whose employment is terminated after August 27, 2003 and who is credited with ten or more years of creditable service, but in each case less than twenty-five years (effective as of March 8, 2007, twenty years for DPOA members and fire equivalents) of creditable service shall be eligible to receive a full Retirement Allowance under Component II beginning on the date upon which the Member would have been eligible to commence a full Retirement Allowance had he or she continued in the service of the City until such date. Alternatively, such Member may elect to receive an actuarially reduced early Retirement Allowance at any time following his or her termination of employment with the City.

Part G — Conviction of Felony.

Sec. F-22. Forfeiture of rights.

If a Member or Retiree as defined in Article D, Section D-1(a), (b), (c) or (d) shall be convicted of by a court of competent jurisdiction or enters a nolo contendere plea accepted by a court for a felony against the City arising out of his or her service as an employee of the City and while a Member of the Retirement System, the court may order the forfeiture of all or a portion of the rights of the Member to benefits hereunder, except the return of his or her Accumulated Contributions, as provided in the *Public Employee Retirement Benefits Forfeiture Act, MCL 38.2701, et. seq.* In such case, the Retirement System shall pay to an individual, if any, who would otherwise be a Beneficiary of the Member or Retiree whose retirement benefit is being forfeited under this Section F-22 an Actuarially Equivalent monthly Retirement Allowance at the Age that the Member or Retiree would have become eligible for unreduced retirement benefits under the Retirement System.

Part H — Option Elections.

Sec. F-23. Generally.

- (a) Prior to the first payment of any Retirement Allowance normally due, except a disability Pension payable under Part B, Sections F-8 and F-11 of this article, a Member may elect to receive his or her Retirement Allowance as a Straight Life Retirement Allowance payable throughout the Member's life, or the Member may elect to receive the Actuarial Equivalent, as of the date of the Member's retirement, of his or her Straight Life Retirement Allowance in a reduced Retirement Allowance payable throughout the Member's life and nominate a joint Beneficiary, in accordance with the provisions of Options 1, 2, 3, 3(A) or 3(B) as follows:
- (1) **OPTION 1. *Modified Cash Refund Annuity.*** Under Option 1, a Member will receive a reduced Retirement Allowance. If a Member who selected Option 1 dies before full payment of the Annuity has been received, the person or persons nominated by that Member's written designation duly executed by the Member and filed with the Board of Trustees shall receive in a single payment the difference between the present value of the Member's Annuity on the date the Member retired, minus the amount of Annuity payments already paid to the Member. If there is no such designated person(s) surviving the retired deceased Member, such difference, if any, shall be paid to the Member's legal representative.
 - (2) **OPTION 2. *Joint and Last Survivorship Retirement Allowance.*** Under Option 2, upon a Member's death, payment of a reduced Retirement Allowance shall be continued through the life of and paid to the person having an insurable interest in the Member's life and nominated by written designation duly executed by the Member and filed with the Board of Trustees prior to the first payment of the Member's Retirement Allowance is due.
 - (3) **OPTION 3. *Joint and Seventy-Five Percent Survivor Allowance.*** Under Option 3, upon a Member's death, payment of seventy-five percent (75%) of the Member's reduced Retirement Allowance shall be continued throughout the life of and paid to the person having an insurable interest in the Member's life and nominated by that Member's written designation duly executed by the Member and filed with the Board of Trustees prior to the date the first payment of the Retirement Allowance is due.
 - (4) **OPTION 3(A). *Modified Joint and Last Survivorship Allowance.*** Under Option 3(A), upon a Member's death, payment of one-half (50%) of the Member's reduced Retirement Allowance shall be continued throughout the life of and paid to the person having an insurable interest in the Member's life and nominated by that Member's written designation duly executed by the Member and filed with the Board of Trustees prior to the date the first payment of the Retirement Allowance is due.

- (5) *OPTION 3(B). Joint and Twenty-Five Percent Survivor Allowance.* Under Option 3(B), upon a Member's death, payment of twenty-five percent (25%) of the Member's reduced Retirement Allowance shall be continued throughout the life of and paid to the person having an insurable interest in the Member's life and nominated by that Member's written designation duly executed by the Member and filed with the Board of Trustees prior to the date the first payment of the Retirement Allowance is due.
- (b) The Joint and Survivor Optional Forms of Payment provided under Options 2, 3, 3(A) and 3(B) shall be made available in either the standard form or the pop-up form, as follows:
 - (i) *Standard Form.* Under the Standard Form, the reduced Retirement Allowance shall be paid throughout the lifetime of the Retiree.
 - (ii) *Pop-up Form.* Under the Pop-up Form, the reduced allowance shall be paid throughout the lifetime of the Retiree and the designated Beneficiary. In the event of the death of the designated Beneficiary during the lifetime of the Retiree, the amount of the allowance shall be changed to the amount that would have been payable had the Retiree elected the Straight Life Form of Payment. The actuarial cost of the change in benefit shall be borne by the Member who seeks change in his or her election.

In addition, a Member may elect to have all or part of his or her Accumulated Contributions paid to the Member in a single sum or used to purchase an annuity contract from an insurance company of his or her choice in which case, any annuity payments attributable to such amount under the Retirement System shall not be payable from the Annuity Reserve fund but shall be the responsibility of the insurance company. A Member's Retirement Allowance shall be reduced by the Actuarial Equivalent of the amount so paid or used.

- (c) This Section does not rescind any substantive rights of disability Retirees from the Retirement System who retired prior to the arbitration decision regarding DPOA members that became effective on July 1, 1995, or the arbitration decision regarding DPLSA members that became effective on June 30, 1998.
- (d) This Section does not amend any computations used to determine benefits under Part B, Sections F-8 and F-11 of this Component II, or result in an increase or decrease in such benefits.
- (e) Retirees of the Retirement System shall be entitled to change their Pension option from either Option 2, Option 3, Option 3(A) or Option 3(B) to a Straight Life Retirement Allowance after they have commenced collection of the Pension if the Member's Beneficiary predeceases the Member. The actuarial cost of the change in benefit shall be borne by the Member who seeks change in his or her option election. The pop-up option shall be based upon the investment return assumption as recommended by the Plan Actuary and adopted by the Board of Trustees.

Sec. F-24. Disposition of surplus benefits upon death of Member and Beneficiary.

In the event a Member elected Option 2, 3, 3(A) or 3(B) provided for in Section F-23 of this Part H and both the Member and his or her designated joint Beneficiary die before there has been paid in Retirement Allowances an aggregate amount equal to his or her Accumulated Contributions standing to his or her credit in the Annuity Savings Fund at the time of his or her retirement, the difference between his or her said Accumulated Contributions and the said aggregate amount of Retirement Allowances paid shall be paid to the said retired Member's Beneficiary or legal representative.

Part I — Pension Offset by Compensation Benefits.

Sec. F-25. Generally.

Any amounts which may be paid under the provisions of any workmen's compensation, or pension, or similar law to a Member, or to the dependents of a Member on account of any disability or death, shall be offset against and payable out of funds provided by the City under the provisions of the Retirement System on account of the same disability or death. In case the present value of the total commuted benefits under said workmen's compensation, pension, or similar law, is less than the Pension Reserve or benefits otherwise payable from the funds provided by the City under this Retirement System, then the present value of the commuted payments shall be deducted from the Pension Reserve, and such benefits as may be provided by the Pension Reserve, so reduced, shall be payable under the provisions of the Retirement System.

Part J — Monthly Payments.

Sec. F-26. Generally.

Unless otherwise herein provided, all benefits payable under this Retirement System shall be paid in equal monthly installments.

Part K — Re-Examination of Beneficiaries.

Sec. F-27. Authority of Board.

- (a) Once each year during the retirement of a Member on a disability Pension or a disability Retirement Allowance and at least once in every three year period thereafter the Board of Trustees shall require any disability Retiree, if he or she would not then be eligible for a service Retirement Allowance had he or she remained in active service, to undergo a medical examination at a place to be fixed by the Board of Trustees. If the Retiree shall be required to travel more than twenty miles to reach such place, the Board of Trustees shall pay his or her reasonable traveling expenses. Should such disability Retiree refuse to submit to such examination, his or her disability Pension or disability Retirement Allowance may be discontinued until he or she shall submit to such examination and should such refusal continue for one year, all of the Member's rights in and to a Pension may be revoked by the Board of Trustees. If, on medical examination of a Beneficiary, the Board of Trustees determines that the Retiree is physically able and capable of resuming active duty, he

or she shall be restored to such duty and his or her other disability Pension or disability Retirement Allowance shall cease. Such Member so restored to active duty shall be returned to duty in a rank or grade equivalent to or higher than the rank or grade in which he or she was serving at the time of his or her last retirement and his or her compensation shall be that provided for the rank or grade in which he or she is restored to service. It shall be the duty of the Commissioner of Police or the Board of Fire Commissioners to restore such Member to duty forthwith.

- (b) If the Board of Trustees determines that a disabled Old Plan Member is engaged in a gainful occupation, paying more than the difference between his or her Final Compensation as of the earlier of (i) the date of disability or (ii) June 30, 2014 and his or her disability Pension, or disability Retirement Allowance, the amount of his or her Pension or Retirement Allowance shall be reduced to an amount, which together with the amount earned by the Member, shall equal the amount of such Final Compensation. If the Board of Trustees determines that a disabled New Plan Member is engaged in a gainful occupation, paying more than the difference between his or her base salary at the earlier of (i) the date of disability or (ii) June 30, 2014, increased by two and twenty-five one hundredths percent (2.25%) for each full year from the date of disability and prior to July 1, 2014 and his or her disability Pension, or disability Retirement Allowance, the amount of his or her Pension or Retirement Allowance shall be reduced to an amount, which together with the amount earned by him or her, shall equal the amount of such base salary. Should his or her earnings be later changed, the amount of his or her Pension or Retirement Allowance may be further modified in like manner.
- (c) A disability Retiree who shall be reinstated to active service prior to July 1, 2014 as provided in this Section, shall from the date of such restoration again become a Member of the Retirement System, and he or she shall contribute to the Retirement System thereafter in the same manner and at the same rate as he or she paid prior to his or her disability retirement. A disability Retiree who shall be reinstated to active service after June 30, 2014, shall from the date of such restoration become an active Member of the Retirement System and shall accrue future benefits pursuant to Component I. He or she shall contribute to the Retirement System at the rate required of active Members pursuant to Component I. Any Prior Service and Membership Service on the basis of which his or her service was computed at the time of his or her disability retirement shall be restored to full force and effect, and he or she shall be given service credit under Component I or Component II, as applicable, for the period of time he or she was in retirement due to such disability, except in the case of non-duty disability.

Part L — Withdrawal of Accumulated Contributions

Sec. F-28. Member With Twenty or Twenty-Five Years of Service.

Effective July 1, 1982, a Member with twenty-five years or more of creditable service (effective as of March 8, 2007, twenty years for DPOA members and fire equivalents) shall be allowed to withdraw either a portion or the full amount of his or her Accumulated Contributions,

one time only, whether or not the Member retires. A Member shall make such election prior to the receipt of his or her first retirement benefit check.

Sec. F-29. Disabled Member

A Member who is receiving disability benefits (duty or non-duty) from the Retirement System and who has twenty-five years (effective as of March 8, 2007, twenty years for DPOA members and fire equivalents) or more of creditable service shall have the right to withdraw the full amount of his or her Accumulated Contributions. If such Member withdraws his or her Accumulated Contributions, his or her Retirement Allowance shall be actuarially reduced to reflect such withdrawal.

Sec. F-30. Optional Annuity Withdrawal

- (a) A Member shall have the right to elect to receive on the effective date of his or her service retirement a partial or total refund of his or her Accumulated Contributions. If a Member makes such an election, an Annuity payable under any Retirement Allowance or reduced Retirement Allowance shall be reduced proportionally. If the total Accumulated Contributions are withdrawn, no Annuity shall be payable.

The limitation of fifteen twenty-seconds of the maximum earnable compensation of a Police Employee and Fire Employee continues in effect. For purposes of determining the fifteen twenty-seconds limitation, a computation based on the Annuity which is an Actuarial Equivalent of the Accumulated Contributions standing to a Member's credit in the Annuity Savings Fund prior to any partial or total refund will be used.

On or after July 1, 1974, Members or former Members who are entitled to begin to receive the 40 & 8 benefit provided under Section F-6 will be entitled to the Annuity refund withdrawal option.

On or after July 1, 1974, non-duty disability Retirees represented by DFFA, DPCOA and DPLSA who retired pursuant to Article D, Section D-1(a), (b) or (c) prior to having twenty-five years of service credit, shall be entitled to the Annuity refund withdrawal option on the date he or she would have had twenty-five years of service credit had he or she continued as an active employee. Said option shall only apply to the balance of Accumulated Contributions, if any, remaining to such Retiree's credit in accordance with the existing Annuity refund provisions.

Survivor benefit beneficiaries as defined in Title IX, Chapter VII, Article VI, Part E, Section 2, parts (a), (b) and (c) of the 1918 City Charter in effect as of June 30, 1974, and continued in effect by Section 11-102 of the City Charter shall be entitled to the Annuity withdrawal refund option subject to the same rules that would have been applicable to the deceased Member had he or she not died. Said option shall only apply to the balance of Accumulated Contributions, if any, remaining to the applicable Member's credit.

In any case of doubt, the Board of Trustees shall decide whether a Member or Beneficiary is entitled to an Annuity refund withdrawal option.

- (b) A Member shall have the right on or after the effective date of his or her becoming eligible for a full service Retirement Allowance (Members who have either twenty or twenty-five years of creditable service depending upon the applicable bargaining unit) to elect to receive a partial or total refund of his or her Accumulated Contributions to the Annuity Savings Fund. If a Member makes such an election, an Annuity payable under any Retirement Allowance or reduced Retirement Allowance shall be reduced proportionally. If the total Accumulated Contributions are withdrawn, no Annuity shall be payable.

If a Member makes such an election, the Retirement Allowance shall be reduced to reflect the value of the Annuity withdrawn. The amount of the Annuity at the time of such election shall be the amount used at the time of retirement for purposes of computing the Retirement Allowance.

All members (except DPOA members retiring prior to July 1, 1982) who complete their required years of service, shall have the right to withdraw all or part of their Accumulated Contributions whether they choose to retire or not.

Effective July 21, 2000 for DFFA members having a parity relationship with the DPOA and for the DPCOA Inspector, and effective July 1, 2003 for DPLSA members, and effective July 21, 2000 for DPOA members, a Member who has elected to retire and elected to withdraw his or her Annuity for the purposes of calculating his or her Retirement Allowance (thereby lowering the Retirement Allowance), may nevertheless choose to leave the Annuity in the Retirement System collecting Regular Interest with the option of a one-time withdrawal of the Annuity funds at a later date.

For a DPCOA, DPLSA or DFFA member or an employee with a parity relationship with the DPLSA and for the DPCOA Inspector who retires on or after July 1, 1990, and who has made or makes an election to receive a total or partial refund of his or her Accumulated Contribution to the Annuity Savings Fund, there shall be no reduction of Retirement Allowances due to the portion of withdrawal representing interest credits. For members of DFFA and DPLSA, this subsection shall be controlled by the requirements of the Act 312 arbitration award issued June 25, 1990 (MERC Case No. B89 C-0622, page numbers 22 and 23).

Effective January 15, 2010 for members of DPCOA and fire equivalents, or December 15, 2008 for DPLSA and fire equivalents, or March 8, 2007 for DPOA members and fire equivalents, a Member who retires and elects to leave a balance in the Annuity Savings Fund shall have the option of receiving a quarterly payment of interest earnings only or to take periodic withdrawals of principal, in addition to a one time complete withdrawal. Members of DPCOA and DPLSA and their fire equivalents must make their elections a minimum of thirty days before the beginning of a quarter; the beginning of a quarter is defined as March 1, June 1, September 1, and December 1.

An employee represented by DFFA, DPCOA or DPLSA who is entitled to a Retirement Allowance under Article F, Part A, Section F-5 of the Retirement System and who leaves the employ of the Police or Fire Department of the City on or after July 1, 1982 shall have the right to elect to receive on the effective date of termination a partial or total refund of his or her Accumulated Contributions. The Pension portion of his or her Retirement Allowance shall be computed as if the Member had not withdrawn his or her Accumulated Contributions from the Annuity Savings Fund until the date he or she was eligible to retire had he or she continued in City employment.

- (c) Effective in accordance with the specific date and terms of the DPOA award in Act 312 No. D98 E-0840 (Chairman Donald F. Sugerman, dated July 21, 2000), a DPOA member shall have the right to leave his or her withdrawn Annuity in the Retirement System and accumulating Regular Interest, as provided herein.
- (d) Effective July 1, 1974, a Member who holds the rank of police inspector and above and who is not covered by a collective bargaining agreement shall, notwithstanding any other provisions of Component II to the contrary, have the right to elect to receive on the effective date of his or her service retirement a partial or total refund of his or her Accumulated Contributions. Effective as of March 8, 2007, a DPOA and fire equivalent Retiree who elects not to withdraw his or her Accumulated Contributions as of the effective date of his or her service retirement shall have the option of receiving a quarterly payment of interest credited to his or her Accumulated Contributions or to receive periodic withdrawals of the contributions such Retiree made to Component II of the Retirement System. If a Member makes such an election, an Annuity payable under any Retirement Allowance or reduced Retirement Allowance shall be reduced proportionately. If the total Accumulated Contributions are withdrawn no Annuity shall be payable with respect to such withdrawn amounts.

ARTICLE G. METHOD OF FINANCING.

Sec. G-1. General.

The funds of Component II of the Retirement System shall be the Annuity Savings Fund, Annuity Reserve Fund, Pension Accumulation Fund, Pension Reserve Fund, Deferred Retirement Option Plan Fund, Expense Fund and the Survivors Benefit Fund.

Sec. G-2. Annuity Savings Fund.

- (a) The Annuity Savings Fund shall be the fund in which shall be accumulated at Regular Interest, in accordance with the limitations that are contained in Section C-1(20) of this Component II, the contributions deducted from the compensation of Members prior to the first payroll date occurring in August 2014 to provide for their Annuities. Subject to Section B-1(c), the contributions of a Member as defined in Article D, Section D-1(a), (b) or (c) shall be five percent of a Member's compensation until the Member has acquired twenty-five years of creditable service. Subject to Section B-1(c), the contribution of a Member as defined in Article D, Section D-1(d) shall be five percent of his or her compensation until he or she has acquired at least twenty-five years of creditable service (effective as of March 8, 2007, twenty years for DPOA members and fire equivalents) and attained age fifty-five. No Member shall have the option of choosing to receive the compensation required to be contributed hereunder directly instead of having such amounts paid by the City to the Annuity Savings Fund.
- (b) The City shall cause the contributions provided for in paragraph (a) above to be deducted from the compensation of each Member on each and every payroll, for each and every payroll period, from the date of his or her entrance in the System to the earlier of (i) the date he or she ceases to be a Member or (ii) the last payroll date occurring in July 2014.
- (c) The deductions provided for herein shall be made notwithstanding that the minimum compensation provided by law for any Member shall be reduced thereby. Every Member shall be deemed to consent and agree to the deductions made and provided for herein, and payment of his or her salary or compensation, less said deduction, shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by such person during the period covered by such payments, except as to the benefits provided under this Retirement System. The amounts to be deducted shall be deducted by the City Treasurer and when deducted shall be paid into the Annuity Savings Fund and shall be credited to the individual account of the Member from whose compensation said deduction was made.
- (d) If, under the provisions of this Component II, any person shall withdraw or be paid any part or all of his or her Accumulated Contributions and shall thereafter again become a Member on or before June 30, 2014, he or she shall, in addition to the contributions provided for in paragraph (a) above, redeposit in the Annuity Savings Fund, by an increased rate of contribution to be determined by the Board of Trustees,

or by a single payment, such amount that his or her Accumulated Contributions at the date of his or her eligibility for retirement will be the same amount it would have been had no withdrawal or payment been made therefrom.

- (e) Except as is otherwise provided in this Component II, upon the death or retirement of a Member, his or her Accumulated Contributions shall be transferred from the Annuity Savings Fund to the Annuity Reserve Fund.
- (f) In any Plan Year during the period beginning on or after July 1, 2014 and ending June 30, 2023 in which the annual rate of return credited to the accounts of Members investing in the Annuity Savings Fund as provided in paragraph (a) is less than the actual rate of return net of expenses of the Retirement System's invested assets for the second Plan Year immediately preceding the Plan Year in which the annual rate of return is credited ("ASF Return Excess"), an amount equal to the value of the ASF Return Excess shall be transferred to the Pension Accumulation Fund maintained under Component I of the Combined Plan and shall be used to fund the Transition Cost relating to Component I. The Transition Cost is a measure of the liability that Component I of the Retirement System has at its inception; due to the fact that, at its inception, Members in Component I of the Retirement System receive vesting and eligibility credit under Component I for service that was earned prior to July 1, 2014 and is otherwise credited to Members under Component II of the Retirement System, as such Transition Cost is calculated by the Plan Actuary. In the event there is an ASF Return Excess for a Plan Year following the Plan Year in which such transfers have fully funded the Transition Cost relating to Component I, fifty percent (50%) of such ASF Return Excess shall be transferred to the Pension Accumulation Fund maintained under Component II and the remaining fifty percent (50%) of such ASF Return Excess shall be transferred to Component I and credited to the Rate Stabilization Fund maintained under Component I. "Transition Cost" shall be determined by the Plan Actuary.

Sec. G-3. Annuity Reserve Fund.

The Annuity Reserve Fund shall be the fund from which shall be paid all Annuities payable as provided in this Component II, except Annuities which are payable from the Survivors Benefit Fund. Should a disability Retiree be restored to active service, his or her Annuity Reserve at the time shall be transferred from the Annuity Reserve Fund to the Annuity Savings Fund and credited to his or her individual account therein.

Sec. G-4. Alternative Financing Method.

Except as provided regarding the Survivors Benefit Fund, the Pension Accumulation Fund shall be the fund in which shall be accumulated reserves for the Pensions and other benefits payable from contributions made by the City and other third-party entities, and from which transfers shall be made as provided in this section.

- (a) *Accrued Liability Fund.* Pursuant to Ordinance No. 05-05, which authorized the creation of the Detroit Police and Fire Retirement System Service Corporation, the

City entered into a transaction ("the Pension Funding Transaction") to obtain funds as an alternative to those available through the traditional funding mechanism described in Section G-5. The proceeds generated by the Pension Funding Transaction (or any Additional Pension Funding Transaction) that were deposited into the Retirement System will be termed the "Funding Proceeds." The Funding Proceeds were deposited into a new Fund in the Retirement System called the Accrued Liability Fund. The purpose of the Funding Proceeds is to fund all or part of the theretofore unfunded accrued liabilities ("UAAL") of the Retirement System. The Funding Proceeds are assets of the Retirement System and will be applied, together with all other assets of the Retirement System, to fund the Retirement System's obligation to pay accrued benefits, as adjusted in the Plan of Adjustment.

This Accrued Liability Fund shall contain only the Funding Proceeds of the Pension Funding Transaction, the Additional Pension Funding Transaction and any earnings thereon. Prior to Fiscal Year 2013, funds were transferred each Fiscal Year (or monthly portion thereof) from the Accrued Liability Fund to the Pension Accumulation Fund as provided in the documents governing the Retirement System, including *Ordinance No. 5-05*.

- (b) As soon as practicable following the effective date of the Plan of Adjustment, any amounts remaining credited to the Accrued Liability Fund shall be transferred to the Pension Accumulation Fund and the Accrued Liability Fund shall cease to exist.

Sec. G-5. Contributions to and payments from Pension Accumulation Fund.

Contributions to and payments from the Pension Accumulation Fund shall be made as follows:

- (a) For Fiscal Years commencing prior to July 1, 2014, upon the basis of such assumptions as to future financial experiences as the Board of Trustees shall from time to time adopt, the Actuary annually computed the City's contribution, expressed as a percent of active Member contributions, to provide the Pension Reserves covering the Pensions or other City-financed benefits to which Members might be entitled or which might be payable at the time of their discontinuances of City employment under this Component II; provided, such contribution percents shall not be less than amounts which, expressed as percents of active Member compensation, will remain level from generation to generation of Detroit citizens. Upon the retirement or death of a Member, the Pension Reserve for any benefits payable on his or her behalf shall be transferred from the Pension Accumulation Fund to the Pension Reserve Fund, to the extent of there being assets in the Pension Accumulation Fund.
- (b) Subject to the Plan of Adjustment, for Fiscal Years commencing prior to July 1, 2014 and on and after July 1, 2023, the Board of Trustees annually ascertained and reported to the Mayor and the Council the amount of contributions due the Retirement System by the City, and the Council shall appropriate and the City shall pay such contributions to the Retirement System during the ensuing Fiscal Year. When paid, such contributions shall be credited to the Pension Accumulation Fund.

- (c) For Fiscal Years commencing after June 30, 2014 and prior to July 1, 2023, the City shall make contributions to the Pension Accumulation Fund only as provided in the Plan of Adjustment.

Sec. G-6. Retiree payments from Pension Reserve Fund; reinstatement of disability Retirees to active service.

Except as to the Survivor's Benefit Fund, the Pension Reserve Fund shall be the fund from which shall be paid Pensions on account of Members. Should a disability Retiree be reinstated to active service, the Member's Pension Reserve, at that time, shall be transferred from the Pension Reserve Fund to the Pension Accumulation Fund.

Sec. G-7. Expense Fund.

The Expense Fund shall be the fund to which shall be credited all money provided by the City, if any, to pay the administration expenses of Component II, and from which shall be paid the expenses necessary in connection with the administration and operation of Component II.

Sec. G-8. Deferred Retirement Option Plan Fund.

The Deferred Retirement Option Plan Fund shall be the fund in which shall be accumulated the amounts credited to the DROP Accounts of Members who have elected to participate in the DROP Program pursuant to Article I, together with earnings thereon, provided that the DROP Accounts are held and invested within the Retirement System.

Sec. G-9. Appropriations prior to July 1, 2014 and after June 30, 2023.

- (a) The Board of Trustees shall certify to the City Council the amount of the appropriation necessary to pay to the various funds of Component II of the Retirement System the amounts payable by the City as enumerated in this Component II, according to legal budget procedure.
- (b) To cover the requirements of Component II prior to July 1, 2014 and after June 30, 2023, such amounts as shall be necessary to cover the needs of Component II shall be paid into the Pension Accumulation Fund and the Expense Fund by special appropriations or transfers to the Retirement System; provided, however that no transfers can be made from the Accrued Liability Fund other than the annual transfer of the scheduled amortizing amount, or transfers under special circumstances pursuant to Section G-4 (as in effect prior to July 1, 2014).

Sec. G-10. Maintenance of reserves.

The maintenance of the Annuity Reserves in the Annuity Reserve Fund and the Pension Reserves in the Pension Reserve Fund are hereby made obligations of the Pension Accumulation Fund. Except as provided in Section G-2(f), all income, interest, and dividends derived from deposits and investments authorized by this Component II, which are not required for the allowance of interest to the funds of the Retirement System as provided herein, shall be credited to the Pension Accumulation Fund. Prior to July 1, 2014, the moneys credited to the Accrued

Liability Fund were credited to the Pension Accumulation Fund only to the extent authorized pursuant to the terms of the Retirement System as in effect prior to July 1, 2014. Any contributions by the City to the Retirement System from any fund impressed by law with a certain and definite purpose shall be accounted for separately.

Sec. G-11. Survivors Benefit Fund.

- (a) The Survivors Benefit Fund shall be the fund in which shall be accumulated, at Regular Interest, the reserves for survivors benefits provided for in Article F, Part E, Section F-18, hereof, and from which such benefits shall be paid, but only to the extent sufficient assets are credited to the fund at the time a claim for benefits is made. In the event there are insufficient assets credited to the Survivor's Benefit Fund to pay the benefits provided under this Section G-10, such benefits thereafter shall be payable from the Pension Reserve Fund.
- (b) After June 30, 1965 and prior to July 1, 1986, each Member shall contribute to the Survivors Benefit Fund one per cent of his or her compensation paid by the City until he or she has acquired twenty-five years of creditable service. The City shall cause the said contributions to be deducted from the Member's compensation, on each and every payroll, for each and every payroll period so long as he or she remains a Member and has not acquired twenty-five years of creditable service. Each and every Member shall be deemed to consent and agree to the said deductions. Said contributions, when deducted, shall be credited to the Survivors Benefit Fund and shall in no case become a part of the said Member's Accumulated Contributions, nor be subject to refund.
- (c) Each Member who retires after June 30, 1965, under Part B, Section F-7 of Article F shall, prior to July 1, 1986, contribute to the Survivors Benefit Fund one per cent of his or her final compensation as defined until he or she would have had a total of twenty-five years of creditable service had he or she continued in active service. The Retirement System shall cause the said contribution to be deducted from the Pension of each such retired Member on each and every retirement roll, for each and every retirement roll period, so long as he or she is receiving a Pension under Part B, Section F-8(a) of Article F. Each and every such retired Member who is receiving a Pension under Part B, Section F-8(a) of Article F shall be deemed to consent and agree to said deductions. Said contributions, when deducted, shall be credited to the Survivors Benefit Fund and shall in no case become a part of said Member's Accumulated Contributions, nor be subject to refund.
- (d) Effective July 1, 1986, the contributions, required by Article G, Section G-10(b) and G-10(c), to the Survivors Benefit Fund were eliminated for union members. For Fiscal Years ending prior to July 1, 2014, the City shall make the contributions necessary to maintain the benefit level by contributing that amount necessary to replace the contributions of members of DFFA and DPOA to the Survivor's Benefit Fund.

- (e) For Fiscal Years ending prior to July 1, 2014, upon the basis of such mortality and other tables of experience, and Regular Interest, as the Board of Trustees shall from time to time adopt, the Actuary shall annually compute the liabilities for benefits being paid from the Survivors Benefit Fund. The Board of Trustees shall report to the Mayor and the City Council the amount of contributions to be made by the City to the Survivors Benefit Fund, and the City Council shall appropriate and the City shall pay such amount to the Retirement System during the ensuing Fiscal Year. When paid, such appropriations shall be credited to the Survivors Benefit Fund. For Fiscal Years commencing prior to July 1, 2014, if the balance in the fund is not sufficient to fully cover the liabilities so computed, the City shall appropriate and pay, in the ensuing Fiscal Year, the amount of such insufficiency. For Fiscal Years commencing on and after July 1, 2014, the City shall not make any contributions to the Survivor's Benefit Fund.
- (f) Upon the death of a Member on whose account survivors benefits become payable as provided in Article F, Part B, Section F-8, hereof, his or her Accumulated Contributions standing to his or her credit in the Annuity Savings Fund at the time of his or her death shall be transferred from the Annuity Savings Fund to, and shall become a part of, the Survivors Benefit Fund, notwithstanding any provisions in this Component II to the contrary.

Sec. G-12. Computation of Annuity and Pension Reserve liabilities for Members, Retirees and Beneficiaries.

In computing the Annuity and Pension Reserve liabilities for Members, Retirees and Beneficiaries, the Board of Trustees shall cause the following annual Decrement Probabilities, Salary Factors and interest assumption to be used.

- (a) The annual Decrement Probabilities and Salary Factors to be used in evaluating the Annuity and Pension liabilities for Members shall be as shown in Tables 1 and 2 hereinafter set forth.
- (b) The total of active Member annual compensation shall be assumed to increase three percent per annum, compounded annually.
- (c) The mortality assumption for Retirees and Beneficiaries shall be the mortality rates contained in the 1971 group annuity male mortality table, without setback for men and set back five years for women.
- (d) The investment return assumption shall be five percent per annum, compounded annually, for Fiscal Years commencing prior to July 1, 2014.
- (e) For Fiscal Years commencing on or after July 1, 2014, the Annuity and Pension Reserve liabilities shall be calculated in a manner which is consistent with the Plan of Adjustment.

Sec. G-13. Determination of City's annual contribution — Disability Pension liabilities.

For Fiscal Years commencing prior to July 1, 2014 and after June 30, 2023, the City's annual contribution, expressed as a percent of active Member compensation, to finance disability Pensions shall be determined by dividing the average of the Pension Reserve liabilities for disability retirements incurred during the three Fiscal Years ending with the date of the valuation by one percent of the active Members' annual compensation used in the valuation.

Sec. G-14. Determination of City's annual contribution — Death Pension liabilities.

For Fiscal Years commencing prior to July 1, 2014 and after June 30, 2023, the City's annual contribution, expressed as a percent of active Member compensation, to finance death-in-service Pensions shall be determined by dividing the average of the Pension reserve liabilities for death-in-service claims incurred during the three Fiscal Years ending with the date of the valuation by one percent of the active Member's annual compensation used in the valuation.

Sec. G-15. Determination of City's annual contribution — Actuarial evaluation of annuity and Pension Reserve liabilities.

The Annuity and Pension Reserve liabilities for Members, Retirees and Beneficiaries shall be actuarially evaluated as set forth in this Article G and the Plan of Adjustment.

Sec. G-16. Determination of City's annual contribution — Service Pension liabilities for Fiscal Years commencing prior to July 1, 2014 and after June 30, 2023.

- (a) The service Pension liabilities for Members shall be determined using the entry age-normal cost method of actuarial valuation.
- (b) The City's annual contribution, expressed as a percent of active Member compensation, to finance the prospective service Pension liabilities shall be determined by dividing the total of the individual annual normal costs of the active Members by one percent (1%) of the active Members' annual compensation used in the valuation.
- (c) The City's annual contribution, expressed as a percent of active Member compensation, to finance any unfunded Accrued Service Pension liabilities, including instances in which assets exceed liabilities, shall be determined by dividing such unfunded Accrued Service Pension liabilities by one percent (1%) of the present value of future compensation payable during a period of future years. Such period of future years shall be thirty years for the actuarial valuation as of June 30, 1974, decreasing one (1) year at each subsequent June 30th until a twenty year period is reached, which twenty year period shall be used in each subsequent actuarial valuation until June 30th, 2004 when the period shall again be thirty years.

Sec. G-17. Board of trustees to compute City's annual contribution.

Based upon the provisions of this Article, including any amendments, the Board of Trustees shall compute the City's annual contributions for Fiscal Years commencing prior to July 1, 2014 and after June 30, 2023, expressed as a percent of active Member compensation, to the Retirement System for the Fiscal Year beginning July 1, 1975, using actuarial valuation data as of June 30, 1974, and for each subsequent Fiscal Year prior to July 1, 2014 and after June 30, 2023 using actuarial valuation data as of the June 30th date which date is a year and a day before the first day of such Fiscal Year. The Board shall report to the Mayor and to the City Council the contribution percents so computed, and such contribution percents shall be used in determining the contribution dollars to be appropriated by the City Council and paid to the Retirement System. For each Fiscal Year beginning July 1, 1975 and each Fiscal Year thereafter ending prior to July 1, 2014 and for each Fiscal Year beginning after June 30, 2023, such contribution dollars shall be determined by multiplying the applicable contribution percent for such Fiscal Year by the Member compensation paid for such Fiscal Year; provided that for the one Fiscal Year beginning July 1, 1975 and ending June 30, 1976, such Member compensation so used shall not exceed 106.09 percent of the active Members' annual compensation used in the actuarial valuation determining such contribution percent.

Sec. G-18. Employer Contribution

Effective January 1, 1987 for members of DFFA and DPLSA or upon issuance of the 1986-89 Act 312 Award for members of DPOA, the employee contributions to the Annuity Fund, although designated as employee contributions, shall be paid by the City in lieu of contributions by the employee. The employee shall not have the option of choosing to receive the contributed amount directly instead of having them paid by the City to the Annuity Fund. There shall be no additional contribution expense to the City, and the amounts so contributed by the City on behalf of the employee shall be treated, for tax purposes, as employer contributions and thus shall not be taxable to the employee until these amounts are distributed or made available to the employee.

This provision shall not affect the amount or benefit level of the Retirement Allowance, or the City's obligation with respect thereto.

ARTICLE H. MISCELLANEOUS.

Sec. H-1. Recall of Retirees during emergencies.

During an emergency declared by the Commissioner of Police or the Board of Fire Commissioners, the Commissioner or the Board of Fire Commissioners, as the case may be, shall have power, with the consent of a Retiree, to recall to active duty a Retiree for such period of service as the commissioner or the Board of Fire Commissioners shall deem advisable; provided, however, that the foregoing power shall not apply in the case of a Retiree who has reached the age of sixty-four years, and provided further, that any Retiree so recalled may, at any time, separate from active duty on his or her own application or by order of the Commissioner or the Board of Fire Commissioners. A Retiree so recalled shall serve in the rank at which he or she retired, or a higher rank, and shall receive the pay of such rank without deduction. On subsequent separation from active duty, such Retiree shall resume the Retiree status held by him or her prior to such recall.

ARTICLE I. DEFERRED RETIREMENT OPTION PLAN.

Sec. I-1. General provisions.

For periods on and after July 1, 2014, the Deferred Retirement Option Plan ("DROP") Program under Component II shall be available to Members who are covered by collective bargaining agreements with the City that permit such Members to participate in the DROP program and non-union executives of the Police Department and the Fire Department.

- (a) In lieu of terminating employment and accepting a Retirement Allowance under the Component II, any Member of the Retirement System who is eligible for the DROP program and who is eligible to immediately receive an unreduced Retirement Allowance may elect to participate in the DROP program and defer the receipt of his or her Retirement Allowance in accordance with the provisions of this Article I. Any such election shall be irrevocable.
- (b) Participation in the DROP program for Members for who elected to participate in the DROP program prior to July 1, 2014 shall be limited to ten years. Participation for Members who elect to participate in DROP program after June 30, 2014 shall be limited to five years. At the end of such five (or ten) year period of participation in the DROP program, the Member shall be retired from employment with the City.

Sec. I-2. Conversion to Retirement Allowance

Upon the effective date of a Member's participation in the DROP program, the Member shall cease to accrue a Retirement Allowance under Component I and shall elect a form of payment for his or her Retirement Allowance pursuant to Part H of Article F. Seventy-five percent (75%) of the monthly Retirement Allowance (including applicable variable Pension Improvement Factor (Escalator) increases) that would have been payable, had the Member elected to terminate employment with the City on the effective date of his or her DROP election and receive an immediate Retirement Allowance, shall be paid into a DROP Account established on behalf of the Member under the Retirement System or in an entity selected by the Board.

Sec. I-3. Investment of DROP assets

- (a) ING was previously selected by the Board as the DROP administration and investment entity for Members who elect to participate in the DROP program. ING shall continue to be the DROP administration and investment entity, unless and until such time as the Board terminates the agreement with ING as provided in paragraph (d) or determines that it is administratively feasible for the DROP program to be administered and invested under the Retirement System.
- (b) As soon as possible after July 1, 2014, the Board shall determine whether it is administratively feasible for the DROP program to be administered and the assets in DROP accounts to be invested under the Retirement System. If the Board determines that it is feasible to administer the DROP program under the Retirement System, the Board shall promptly take appropriate steps to implement such decision.

- (c) If amounts credited to DROP accounts are invested under the Retirement System, such amounts shall be comingled with the assets of the Retirement System for investment purposes and shall be invested by the Trustees. A Member's DROP account shall be credited with annual earnings at a rate equal to seventy-five percent (75%) of the actual net earnings rate of the assets of the Retirement System; however, in no event shall the earnings rate applied to a Member's DROP account for any Plan Year be less than zero percent (0%) nor greater than seven and three-quarters percent (7.75%).
- (d) The Board of Trustees previously entered into an administrative services agreement with ING. Such agreement shall remain in effect until such time as it is terminated by the Board as provided therein.
- (e) The Board of Trustees may replace ING with a trust-type vehicle or the Board may determine that amounts subject to a DROP election will be invested with Retirement System assets as provided above.
- (f) Any fees associated with the maintenance of DROP Accounts outside of the Retirement System shall be paid by the Members by means of deduction from their DROP Accounts.

Sec. I-4. Distribution of amounts credited to DROP Account

A Member shall not receive a distribution of amounts credited to his or her DROP Account prior to his or her termination of employment with the City. Upon termination of employment, a Member who is a participant in the DROP program shall receive, at his or her option either a lump sum payment from the DROP Account equal to the amount then credited to the DROP Account or an annuity based upon the amount credited to his or her DROP Account. Any such annuity shall be subject to market rates of interest return and other market-related assumptions as adopted by the Board upon recommendation of the Investment Committee. In addition, one hundred percent (100%) of the Member's monthly Retirement Allowance that otherwise would have been paid as of the date the Member's participation in the DROP program commenced (together with any applicable variable Pension Improvement Factor (Escalator) increases) shall commence to the Member in accordance with the form of payment selected by the Member at the commencement of his or her participation in the DROP program. Termination of employment includes termination of any kind, such as resignation, retirement, discharge or disability.

Sec. I-5. Death of Member while participating in the DROP program

If a Member dies while participating in the DROP program, a lump sum payment equal to the Member's DROP Account balance shall be paid to the Beneficiary named by the Member, or if no Beneficiary has been designated, to the Member's estate; provided, notwithstanding anything to the contrary herein, the Member's adjusted DROP Account balance under Component II upon the Member's death while participating in the DROP program shall not be less than total system DROP payments into his or her account (not including earnings and losses). In addition, one hundred percent (100%) of the Member's Retirement Allowance

(together with any applicable variable Pension Improvement Factor (Escalator) increases) that would have been paid to the Member but for the Member's decision to participate in the DROP program will be restored. Survivor benefits, if any, shall be paid in accordance with the payment option elected by the deceased Member at the time the Member elected to participate in the DROP program.

Sec. I-6. Disability of Member While Participating in the DROP Program

If a Member becomes Totally Disabled while participating in the DROP program and while still an Employee and his or her employment with the City is terminated because he or she is Totally Disabled, such Member (a) shall be immediately retired and one hundred percent (100%) of the Retirement Allowance that would have been paid to the Member as of the date the Member's participation in the DROP program commenced (together with any applicable variable Pension Improvement Factor (Escalator) increases) will commence in accordance with the payment option selected by the Member at the commencement of the Member's participation in the DROP program as provided in Section I-2, and (b) shall be entitled to receive payment of the funds in his or her DROP Account (in the form of a lump sum or other Actuarially Equivalent form of payment described in Part H of Article F). Such Member shall not be entitled to disability retirement benefits under Article F hereof.

Sec. I-7. Cost Neutrality

- (a) The DROP program shall be effective only for as long as it is cost-neutral to the City, provided however, that the DROP program shall continue during the pendency of proceedings, described in paragraph (2) below, designed to restore the Retirement System to cost neutrality.
- (b) If the City contends that the DROP program is not cost-neutral, including, but not limited to, making the City's annual contribution to the Retirement System higher than it would be if the DROP program was not in effect, the Board and the City, along with the Plan Actuary and an actuary appointed by the City (who will be an associate or a fellow of the Society of Actuaries and a member of the American Academy of Actuaries) shall meet and confer in good faith regarding the cost. If the Board and the City are unable to reach an agreement as to cost, the matter shall be submitted to a third, independent, actuary, chosen or agreed upon by the Plan Actuary and the City's actuary. This actuary, when rendering a decision, will be limited to ordering implementation of changes necessary to make the DROP program cost-neutral. Upon the implementation of changes necessary to make the DROP program cost-neutral, Members shall have thirty days to elect to either (a) retire from active employment with the City, or (b) withdraw from the DROP program and resume active participation in Component I of the Retirement System. The Board shall notify DROP participants of these changes prior to implementation. Those DROP participants resuming participation in Component I of the Retirement System shall not accumulate Credited Service for any time that they were participating in the DROP program (under either Component I or Component II). Those not making either election shall continue to participate in the DROP program.

- (c) In the event the DROP program cannot be changed to restore cost neutrality, it shall be discontinued and Members participating in the DROP program at that time shall have the option to either (i) retire, or (ii) continue active employment with the City and resume active participation in Component I of the Retirement System. DROP participants resuming participation in Component I of the Retirement System shall not accumulate Credited Service for the time during which such DROP participants participated in the DROP program (under either Component I or Component II).

ARTICLE J. PARTICIPANT ANNUITY SAVINGS FUND LOAN PROGRAM

Sec. J-1. Participant Annuity Savings Fund Loan Program

A Participant Annuity Savings Fund Loan Program (Participant Loan Program) will be established and available to bargaining unit Members. Its terms will be as follows:

- (a) Any loans granted or renewed shall conform to the requirements of Section 72(p) of the Internal Revenue Code and the regulations thereunder. Such loan program shall be established in writing by the Board of Trustees in conformity with the terms of the Combined Plan Document and applicable collective bargaining agreements, and must include, but need not be limited to the following:
 - (1) The identity of the administrator of the Participant Loan Program;
 - (2) A procedure to apply for loans, the amount of loan that will be approved or denied, and limitations, if any, on the types and amount of loans offered;
 - (3) The procedure under the program for determining a reasonable rate of interest;
 - (4) The events constituting default and the steps that will be taken to preserve plan assets.
- (b) The Participant Loan Program shall be contained in a separate written document copies of which shall be made available in the offices of the Retirement System for Members. The Board of Trustees is authorized to adopt rules and regulations, from time to time, to govern the administration and the operation of this program. Copies of the rules shall also be made available to prospective participating Members of the Retirement System in the offices of the Retirement System.
- (c) Subject to the rules and procedures established by the Board, loans may be made to Members from such Member's contributions to the Annuity Savings Fund. Former Members, Spouses of Members, and Beneficiaries are not eligible to receive any loans from the Retirement System. Subject to rules and procedures established by the Board, a Member who has been in the Retirement System for twelve months or more is eligible to apply for a loan. No Member shall have more than two outstanding loans from the Retirement System (Component I and/or Component II) at any time. A Member who has previously defaulted on a loan under either Component I or Component II of the Combined Plan shall not be eligible for a loan from the Retirement System.
- (d) A Member who has satisfied applicable rules and procedures may borrow from his or her Annuity Savings Fund account an amount, which does not exceed fifty percent (50%) of the Member's vested accumulated balance, up to fifteen thousand dollars (\$15,000.00) reduced by: (1) the highest outstanding balance of loans from the Retirement System during the one year period ending on the day before the date on which the loan is made (under both Component I and Component II), or (2) the outstanding balance of loans from the Retirement System on the date on which the

loan is made (under both Component I and Component II), whichever is less. The minimum loan amount shall be one thousand dollars (\$1,000.00).

- (e) In addition to such rules and procedures that are established by the Board, all loans shall comply with the following terms and conditions:
- (1) Loan applications shall be in writing.
 - (2) All loans shall be memorialized by a promissory note made to the Retirement System and properly executed by the Member.
 - (3) Loan shall be repaid by equal payroll deductions over a period not to exceed five years, or, where the loan is for the purpose of buying a principal residence, a period not to exceed fifteen years. In no case shall the amount of the payroll deduction be less than twenty dollars (\$20.00) for any two-week period.
 - (4) Each loan granted under Component II shall be made against the assignment of the Member's entire right, title, and interest in and to the Annuity Savings Fund supported by the Member's collateral promissory note for the amount of the loan, including interest payable to the order of the Board of Trustees.
 - (5) Each loan shall bear interest at a rate determined by the Board. The Board shall not discriminate among Members in its determination of interest rates on loans. Loans initiated at different times may bear different interest rates, where, in the opinion of the Board, the difference in rates is supported by a change in market interest rates or a change in the Retirement System's current assumed rate of return. The loan interest rate shall bear a reasonable relationship to market rates for secured loans of a similar duration and shall bear a reasonable relationship to the costs to the Retirement System of administering the Retirement System. The loan interest rate shall be calculated in a manner that will not negatively affect the City's costs relating to the Retirement System or the return to Members.
 - (6) Loan repayments shall be suspended under this Retirement System as permitted by Section 414(u)(4) of the Internal Revenue Code. A Member who has an outstanding loan balance from the Retirement System who is absent from employment with the City, and who has satisfied the requirements of Section 414(u) of the Internal Revenue Code shall not be required to make loan repayments to the Retirement System during said periods of absence.
- (f) A Member's outstanding loan balance shall be considered a directed investment by the Member and interest payments shall be credited to the Member's account balance (provided that the interest credited shall be reduced appropriately to cover the administrative cost of the loan program and avoid negatively affecting the City's costs or the Retirement System's investment returns), and shall not be part of net investment income or part of the Member's account balance for the purpose of allocation of net investment income under Article G.

- (g) No distributions shall be made to a Member, former Member, or Beneficiary until all loan balances drawn on the applicable vested accumulated balance and applicable accrued interest have been repaid or offset against the distributable Annuity Savings Fund account balance.
- (h) The Retirement System shall include, in its annual report to all Members, an accounting of the loan program established by this Component II, which contains the number and amount of loans made, the costs of administering the program, the amount of payments made including interest received by the Retirement System, the amount of loans outstanding, including any defaults or delinquencies, and an evaluation as to whether the interest charged in the Fiscal Year covered the costs of administering the loan program.

ARTICLE K. SPECIAL PLAN OF ADJUSTMENT PROVISIONS

Sec. K-1. Benefit Changes implemented in accordance with the terms of the Plan Of Adjustment

Notwithstanding anything in Articles A, C, D or E to the contrary, as of the effective dates set forth below and during the period that ends no earlier than June 30, 2023, the following changes in benefits provided under Component II of the Combined Plan shall be implemented:

- (1) Reduction in Escalation. With respect to all Pension benefits payable on or after July 1, 2014, the Escalation or Pension Improvement Factor (for purposes of this Section K-1(1) each a "COLA") provided in Part C of Article F of this Component II that will be applied to the monthly Pension benefit of a Member, Retiree, surviving Beneficiary or vested former employee will be 45% of the COLA provided for in Part C of Article F of this Component II, any collective bargaining agreement applicable to Members, other contracts or ordinances; provided, however, that the Board and the Investment Committee shall determine on the effective date of the Plan of Adjustment and not less frequently than annually thereafter that the "Funding Conditions" as defined herein have been satisfied, and in the event that such Funding Conditions have not been satisfied then the COLA that will be applied to the monthly Pension benefit of a Member, Retiree, surviving Beneficiary or vested former employee will be reduced in proportion to the funding which is not received by the Retirement System ("Adjusted Pension Benefit").

For purposes of this Section K-1, the term "Funding Conditions" shall mean that (i) Class 10 and Class 11 voted in favor of the Plan of Adjustment in accordance with the procedures for such vote under the Plan of Adjustment, (ii) the Plan of Adjustment is confirmed by the U.S. Bankruptcy Court, and (iii) the funds that are pledged to be contributed to the Retirement System pursuant to the terms of the State Contribution Agreement and the DIA Settlement Documents have been received.

- (2) Effect of Payment Default. In the event that all or a portion of the funds pledged to be contributed to the Retirement System pursuant to the terms of the DIA Settlement Agreement are not received by the Retirement System, the Board shall proportionately reduce the COLA to be applied to the monthly Pension benefit of any Member, Retiree, surviving Beneficiary, employee and former employee to the extent of such default.

Sec. K-2. Income Stabilization Benefits

- (1) The provisions of this Section K-2 shall become effective only if each of the Conditions Precedent (as that term is defined in the State Contribution Agreement) have been met to the satisfaction of the Authority and the State Treasurer (each as defined in the State Contribution Agreement), unless any one

or more of such conditions are waived in writing executed by the Authority and the State Treasurer.

- (2) Beginning not later than 120 days after the effective date of the Plan of Adjustment, Component II of the Combined Plan shall pay, in accordance with this Section K-2, an annual supplemental pension income stabilization benefit ("Income Stabilization Benefit") to each Eligible Pensioner (as defined in Section K-2(5)) equal to the lesser of either (i) the amount needed to restore an Eligible Pensioner's reduced annual pension benefit to 100% of the amount of the annual pension benefit that the Eligible Pensioner received from the Retirement System in 2013; or (ii) the amount needed to bring the total annual 2013 household income of the Eligible Pensioner up to 130% of the Federal Poverty Level for 2013. The Income Stabilization Benefit as determined under this Section K-2(2) will not increase after the date on which the Income Stabilization Benefit is determined. The Income Stabilization Benefit payable to an Eligible Pensioner will terminate immediately at such time as the Eligible Pensioner ceases to qualify as an Eligible Pensioner.
- (3) To the extent an Eligible Pensioner's Estimated Adjusted Annual Household Income (as defined in this Section K-2) in any calendar year after the first year that the Eligible Pensioner receives a benefit under this Section K-2 is less than 105% of the Federal Poverty Level in that year, the Eligible Pensioner will receive an additional "Income Stabilization Benefit Plus" benefit commencing as of the next following July 1.
 - a. The Income Stabilization Benefit Plus benefit for a calendar year will be equal to the lesser of either (i) the amount needed to restore 100% of the Eligible Pensioner's Pension benefit, as increased by any Pension Improvement Factor (Escalator), under Component II of the Combined Plan; or (ii) the amount needed to bring the Eligible Pensioner's Estimated Adjusted Annual Household Income in that calendar year up to 105% of the Federal Poverty Level in that year.
 - b. An Eligible Pensioner's "Estimated Adjusted Annual Household Income" for any year will be the sum of (i) the Eligible Pensioner's 2013 total household income (per his or her (or in the case of a minor child, his or her legal guardian's) 2013 income tax return or equivalent documentation), less the Pension benefit paid to the Eligible Pensioner by the Retirement System in 2013, as adjusted for inflation or Social Security COLA increases; (ii) the Adjusted Pension Benefit that is payable to the Eligible Pensioner for that year as determined under Section K-1, (iii) any pension restoration payment to the Eligible Pensioner as determined under Section K-3; and (iv) the Eligible Pensioner's Income Stabilization Benefit.
- (4) A separate recordkeeping fund called the "Income Stabilization Fund" shall be established by the Board for the sole purpose of paying the Income Stabilization

Benefits and Income Stabilization Benefits Plus to Eligible Pensioners. Any funds received by the Retirement System that is designated by the City as UTGO Bond Tax Proceeds or a contribution to the Income Stabilization Fund shall be credited by the Board to the Income Stabilization Fund. The assets credited to the Income Stabilization Fund will be invested on a commingled basis with assets of the Retirement System and will be credited with a pro-rata portion of the earnings and losses of the Retirement System. Amounts credited to the Income Stabilization Fund may not be used for any purpose other than the payment of Income Stabilization Benefits and Income Stabilization Benefit Plus benefits to Eligible Pensioners, except as expressly provided in Section K-2(7).

- (5) For purposes of this Section K-2, an "Eligible Pensioner" is a Retiree or surviving Spouse who is at least 60 years of age or a minor child receiving survivor benefits, each as of the effective date of the Plan of Adjustment, whose benefit will be reduced as provided in Section K-1, and who is eligible to receive Income Stabilization Benefits because (i) such individual is receiving monthly pension benefits from the Retirement System as of the effective date of the Plan of Adjustment, and (ii) such individual has a total annual household income equal to or less than 140% of the federal poverty level in 2013 (per his or her (or in the case of a minor child, his or her legal guardian's) 2013 income tax return or equivalent documentation).
- a. An eligible individual must apply for an Income Stabilization Benefit in accordance with procedures established by the Authority and provide such substantiation of the individual's aggregate annual household income as is required by the State in its sole discretion.
 - b. The initial determination of Eligible Pensioners, and amount of the Income Stabilization Benefit payable to each Eligible Pensioner shall be made by the State in its sole discretion. The State shall transmit the list of Eligible Pensioners to the Investment Committee and the Board. The Board, with the assistance of the Investment Committee shall be responsible for administering the Income Stabilization Fund and annually certifying to the State Treasurer that it has administered the requirements for eligibility and payment of benefits with respect to Eligible Pensioners in accordance with the terms of the State Contribution Agreement.
 - c. After the initial determination of Eligible Pensioners is made, no new individuals will be eligible to receive an Income Stabilization Benefit or an Income Stabilization Benefits Plus benefit at any time in the future.
 - d. An Eligible Pensioner will cease to be an Eligible Pensioner as of the earlier of (i) the Eligible Pensioner's death or (ii) with respect to any minor child receiving survivor benefits, the date the minor child reaches the Age of 18 years.

- (6) For purposes of this Section K-2, the "Federal Poverty Level" means the poverty guidelines published each year in the Federal Register by the United States Department of Health and Human Resources.
- (7) In the event that, in 2022 (provided that the State has not issued a Certificate of Default (as defined in the State Contribution Agreement) with respect to the Retirement System at any time prior to 2022), it is the opinion of at least 75% of the independent members of the Investment Committee that the assets of the Income Stabilization Fund exceed the Income Stabilization Benefits and Income Stabilization Benefits Plus benefits anticipated to be made to Eligible Pensioners by the Retirement System in the future ("Excess Assets"), the Investment Committee may, in its sole discretion, recommend to the Board that all or a portion of the Excess Assets, in an amount not to exceed \$35 million, be used to fund the Adjusted Benefits payable by the Retirement System. The Investment Committee shall have the right to engage professional advisers to assist in making this determination and such expenses shall be paid by the Retirement System.
- (8) In the event that any funds remain in the Income Stabilization Fund on the date upon which there are no Eligible Pensioners under the Retirement System, such funds shall be used to fund the Adjusted Benefits payable by the Retirement System.

Sec. K-3. Restoration of Pension Benefits

The following rules shall govern how COLA benefits (as described in Section K-1(1)), that are reduced as part of the Plan of Adjustment, shall be restored during the thirty year period following the confirmation order issued by the Bankruptcy court in *In Re City of Detroit, Michigan*, Case No. 13-53846. The pension restoration process shall be supervised, and restoration decisions undertaken by the Investment Committee and in accordance with the pension governance provisions set forth in the State Contribution Agreement and exhibits thereto. The pension restoration program shall be deemed a part of this Component II, but in the event of any conflict between the language set forth herein and the pension restoration agreement attached to and made a part of the Plan of Adjustment ("Pension Restoration Agreement"), the terms of the Pension Restoration Agreement will govern.

(1) Waterfall Classes.

There will be three Waterfall Classes:

- a. Waterfall Class 1 – Retirees, in retirement benefit pay status as of June 30, 2014, and their surviving Spouses and Beneficiaries.
- b. Waterfall Class 2 – Retirees, who entered into retirement benefit pay status after June 30, 2014, and their surviving Spouses and Beneficiaries, and who are in pay status as of the end of the Fiscal Year prior to the year in which the restoration decision is made.

- c. Waterfall Class 3 – All Retirees, surviving Spouses, and Beneficiaries in pay status and all other Members who as of June 30, 2014 are not in retirement benefit pay status.

(2) *Restoration of Benefits Through June 30, 2023.*

- a. Each year in conjunction with the annual actuarial valuation report, the Plan Actuary will project the funded ratio of the Retirement System as of 2023 based upon the market value of plan assets relative to the actuarial accrued liabilities (the “Funded Level”). This projection will be further based upon a 6.75% assumed rate of investment return which is net of expenses (administrative and investment), future employer contributions as set forth in the Plan of Adjustment (subject to conditions in the Plan of Adjustment), and such other actuarial assumptions as utilized by the Plan Actuary. For purposes of restoration of benefits through June 30, 2023, the Funding Target will be a 75% funded ratio, and the Restoration Target will be a 78% funded ratio, both projected to June 30, 2023. For purposes of calculating the funded ratio, the assets in the Restoration Reserve Account will be excluded. Each year, if the Plan Actuary projects that the Funded Level as of 2023 (excluding Restoration Reserve Account assets to avoid double counting) exceeds the Restoration Target (i.e., exceeds 78%), a credit of assets for bookkeeping purposes will be made into a new notional Restoration Reserve Account. The notional credit will be an amount equal to the excess of assets above the amount projected to be needed to satisfy the Restoration Target. Once the Restoration Reserve Account is established, each year thereafter, Restoration Account assets will be credited with interest in an amount equal to the net return on Retirement System investments but capped at the actuarially assumed rate of investment return (i.e., 6.75% for the period through June 30, 2023). In the event of net losses, the credited asset value of the Restoration Reserve Account will be diminished to reflect such losses and any required transfer to the PFRS Pension Reserve Fund as provided herein.
- b. Actual restoration payments and restoration credits will work as follows: each year, in conjunction with the preparation of the annual actuarial valuation report and following establishment of the Restoration Reserve Account, the Plan Actuary will determine whether there are sufficient funds in such account to restore COLA benefits in a minimum incremental amount of 10% or more. For example: if a Retiree’s then current COLA benefit is a 1.0% annual compounded COLA, the minimum incremental restoration would increase the COLA benefit to 1.225%. COLA restoration only will occur if the funding level in the Restoration Reserve Account can fund 100% of the COLA increase over the actuarially-projected lives of the eligible recipient Waterfall Class. If the Plan Actuary certifies that the Restoration Reserve Account as of the end of the prior Fiscal Year satisfies the required funding level for one or more increments of restoration, then in the next immediate Fiscal Year actual

COLA restoration payments will be made to PFRS Waterfall Class 1 members in such increments until an amount sufficient to fund 66% of the value of their future COLA payments (e.g., a 1.5% compound COLA, or as otherwise applicable) has been funded. At that juncture, and to the extent that additional assets in the Restoration Reserve Account would fully fund COLA restoration in at least one minimum 10% increment (i.e., amounts equal to 10% of the value of future COLA payments), Waterfall Class 2 members will receive COLA restoration, until an amount sufficient to fund 66% of the value of their future COLA payments has been funded. At that juncture, and to the extent that additional assets in the Restoration Reserve Account would fully fund COLA restoration in at least one minimum 10% increment (i.e., amounts equal to 10% of the value of future COLA payments), Waterfall Class 3 members will receive COLA restoration on a pro-rata basis. For Waterfall Class 3 members who are in pay status at that time of restoration, they will receive COLA payments; for active employees at the time of restoration, they will receive credits granting them a right upon retirement to receive COLA restoration equal to the 10% increments that are fully funded to Waterfall Class 3 members. For example: assume there are sufficient assets credited to the Restoration Reserve Account as of the end of a Fiscal Year to fully fund 66% of the value of the COLA for all Waterfall Class 1 and Class 2 members for their actuarially projected lives. To the extent additional assets remain in the Restoration Reserve Account to fully fund at least a 10% COLA increment for Waterfall Class 3 members for their actuarially projected lives, then (i) all Retirees would receive a restoration payment of 76% of the value of their COLAs (their having already received by virtue of their membership in Waterfall Classes 1 and 2 an increase to 66% of the value of their COLAs) and also a 10% COLA increment would be credited to eligible active employees which would be included in their benefit payments upon retirement (thus causing their COLAs to increase in value from 45% to 55%). Restoration amounts actually paid from the Restoration Reserve Account will be debited from such account. Restoration payments will be calculated and paid on a prospective basis only.

- c. Once restoration payments and credits begin, as long as the Restoration Reserve Account continues to have assets to fund 100% of an incremental COLA restoration amount for such Waterfall Class for their actuarially projected lives, the restoration payments and credits will continue; provided, however, that in the event the Restoration Reserve Account, after having sufficient assets to fund 100% of two or more increments, falls below 100% for the second or greater increment, the annual amounts to pay such second or greater increment can continue until the Restoration Reserve Account lacks any assets to fund such additional increment. For example, assume a 10% increment in Waterfall Class 1 requires \$10 million in assets to be fully funded for the Waterfall Class members' actuarially projected lives, and that based on Fiscal Year 2018 results the

Restoration Reserve Account has assets of \$22 million so as to fund two increments of restoration in Fiscal Year 2019. Assume further that in the following year the Restoration Reserve Account drops in value to \$17 million; in such event two increments could still be paid, and the second increment would cease being paid only if the value of assets in the Restoration Reserve Account dropped to or below \$10 million (in the event they dropped below \$10 million, the first increment also would cease being paid). For purposes of restoration reduction, restoration increments will be taken away in reverse order in which they were granted (i.e. last in, first out).

- d. If the Funded Level (excluding Restoration Reserve Assets) projected to 2023 falls below 76% (hereinafter, "Restoration Reserve Suspension Trigger"), then, until such time as the projected Funded Level in 2023 is 76% or above, further interest credits to the notional Restoration Reserve Account will cease notwithstanding the actual net Retirement System investment returns for the Fiscal Year in question. Furthermore, if the Funded Level projected to 2023 falls below the Funding Target (i.e., 75%) then restoration payments to Retirees and credits to active employees in the following year will be modified in the following manner: (1) funds previously credited to the Restoration Reserve Account will be notionally transferred and credited to the Pension Reserve Fund in sufficient amounts to restore the projected Funded Level in 2023 to 75%; (2) following such transfer, the remaining assets in the Restoration Reserve Account shall be applied to make restoration payments in accordance with and pursuant to the same mechanism described in paragraph c.
- e. In connection with preparation of the actuarial report for Fiscal Year 2023, the Plan Actuary will determine whether the Retirement System has satisfied the Permanent Restoration Target, which shall be 78%. Transfers from the Restoration Reserve Account for credit to the Pension Reserve Fund may be made in such amounts as are necessary to satisfy the Permanent Restoration Target. If following such transfers, the Funded Level as of June 30, 2023 has satisfied the Permanent Restoration Target (i.e., 78%), then the residual amounts, if any, in the Restoration Reserve Account (which will necessarily represent excess not necessary to satisfy the Permanent Restoration Target), and which fully fund one or more increments of COLA restoration payments for one or more Waterfall Classes for their actuarially projected lives, shall be transferred from the Restoration Reserve Account and credited to the Pension Reserve Fund and the applicable incremental COLA payments shall be permanently restored for the applicable Waterfall Class and shall no longer be variable from year to year.
- f. Following receipt of the actuarial reports for 2019, and in the event that the projected Funded Level of the Retirement System as of 2023 is less than 76%, the Plan Actuary shall revisit the restoration calculations that it

made during each of the prior four (4) years. It shall recalculate each such prior year's Funded Level projection, this time by assuming the lesser of (i) \$4.5 million in annual administrative expenses until 2023, or (ii) an amount of annual administrative expenses until 2023 equal to the average annual normal course administrative expenses in the prior four (4) years applicable to Component II, in addition to a net 6.75% annual investment return. If such retrospective recalculation indicates that fewer amounts would have transferred to the Restoration Reserve Account than actually were transferred during such look back period, then the Restoration Reserve Account shall be debited by the lesser of (i) this difference (plus interest at a rate equal to the rate that was credited to the Restoration Reserve Account during the look-back period or (ii) the dollars that were actually paid out in restoration payments during such look-back period (plus interest at a rate equal to the rate that was credited to the Restoration Reserve Account during the look-back period); or (iii) the amount required to increase the projected 2023 Funded Level to 76%.

(3) *Restoration of Benefits from July 1, 2023 to June 30, 2033.*

- a. If and to the extent that all COLA payments have not been restored as of June 30, 2023 pursuant to Section (2)(e), then during this period and for purposes of variable restoration, the Funding Target, the Restoration Target, the Permanent Restoration Target and the Restoration Reserve Suspension Trigger shall be as set forth below, all projected as of June 30, 2033:

<u>2023 Funded Level</u>	<u>2023 Funding Target/Restoration Target</u>
78%	81%/84%
77%	80%/83%
76%	79%/82%
75%	78%/81%
74% or lower	3% >than 2023 Funded Level %/81%

2033 Permanent Restoration Target - Same as 2033 Restoration Target

2033 Restoration Reserve Suspension Trigger - 1% higher than the projected Funding Target for all time periods

- b. The same rules for restoration payments that applied during the period ending June 30, 2023 shall apply (including ceasing interest credits in the event of a Restoration Reserve Suspension Trigger, and making Restoration Account asset transfers to the Pension Reserve Fund in the event the 2033 Funded Level falls below the 2033 Funding Target), except as follows. For purposes of determining whether the 2033 Restoration Target has been satisfied, the Plan Actuary shall project investment returns through June 30, 2033 using the then current investment return assumption

which is assumed to be net of expenses (administrative and investment), and the then applicable actuarial assumptions as utilized in the annual actuarial valuation. Further, the Plan Actuary shall assume, merely for purposes of determining whether the Restoration Target is satisfied, that the annual City contribution amount shall be the annual amount necessary to fund the Retirement System based upon an amortization of the actual 2023 UAAL (using the market value of assets) over 30 years (hereinafter, the "2023 UAAL Amortization") and in such manner that the resulting annual contributions would achieve the applicable Funding Target (pursuant to paragraph b) as of 2033. Such projected, hypothetical contributions shall be for purposes only of making restoration determinations, and shall not necessarily be the actual contributions made or required to be made by the City or recommended during such period; all of which shall be determined independent of the restoration calculation process. For purposes of calculating the funded ratio, the assets in the Restoration Reserve account will be excluded.

- c. To the extent that the City's actual contributions to the Retirement System in any of the Fiscal Years 2024 (i.e., the year ending June 30, 2024) through 2033 are greater than the projected annual contribution under the 2023 UAAL Amortization, such amounts, and any investment earnings thereon, shall be notionally credited to a new bookkeeping account in the Retirement System called the Extra Contribution Account. In determining pension restoration during the period from Fiscal Year 2024 through 2033, none of the amounts in the Extra Contribution Account shall be considered for purposes of determining the projected Funded Level for purposes of determining whether the Retirement System has attained the Restoration Target or the Permanent Restoration Target. To the extent that the City's actual contributions in any of the Fiscal Years 2024 through 2033 are less than the City's projected annual contribution under the 2023 UAAL Amortization, such difference and any investment earnings thereon shall be notionally allocated to the Pension Reserve Fund.
- d. Each year, in addition to the notional credit of amounts that exceed the amount necessary to satisfy the Restoration Target, existing notional Restoration Account assets will be credited with interest equal to the net return on Retirement System investments; however, such interest shall not exceed the then investment return assumption. In the event of net losses on the Retirement System's investments, the notional assets credited to the Restoration Reserve Account will be reduced to reflect such losses.
- e. In connection with preparation of the actuarial report for Fiscal Year 2033, the Plan Actuary will determine whether the Retirement System has satisfied the applicable Permanent Restoration Target (i.e., the 2033 Restoration Target). Transfers from the Restoration Reserve Account for credit to the Pension Reserve Fund may be made in such amounts as are necessary to satisfy the Permanent Restoration Target. If following such

transfers the funding level as of June 30, 2033 has satisfied the applicable Permanent Restoration Target, then the residual amounts in the Restoration Reserve Account, if any (which will necessarily represent excess not necessary to satisfy the Permanent Restoration Target), and which fully fund one or more increments of COLA restoration payments for one or more Waterfall Classes, shall be transferred from the Restoration Reserve Account and credited to the Pension Reserve Fund and the applicable incremental COLA payments shall be permanently restored for the applicable Waterfall Class and shall no longer be variable from year to year.

- f. Following receipt of the actuarial report for 2028, and in the event that the projected Funded Level as of 2033 is less than 79%, the Plan Actuary shall revisit the restoration calculations that it made during each of the prior four (4) years. It shall recalculate each such prior year's Funded Level projection, this time by assuming the lesser of (i) \$4.5 million in annual administrative expenses until 2033, or (ii) an amount of annual administrative expenses until 2033 equal to the average annual normal course administrative expenses in the prior four (4) years applicable to Component II, in addition to a net 6.75% annual investment return. If such retrospective recalculation indicates that fewer amounts would have transferred to the Restoration Reserve Account than actually were transferred during such look back period, then the Restoration Reserve Account shall be debited by the lesser of (i) this difference (plus interest at a rate equal to the rate that was credited to the Restoration Reserve Account during the applicable look-back period) or (ii) the dollars that were actually paid out in restoration payments during such look-back period (plus interest at a rate equal to the rate that was credited to the Restoration Reserve Account during the applicable look-back period); or (iii) the amount required to increase the projected 2033 Funded Level to 79%.

(4) *Restoration of Benefits from July 1, 2033 to June 30, 2043.*

- a. If and to the extent that all COLA payments have not been restored pursuant to Section (3)(f) as of June 30, 2033, then during the period ending June 30, 2043 and for purposes of variable restoration, the Funding Target, the Restoration Target, the Permanent Restoration Target and the Restoration Reserve Suspension Trigger shall be as set forth below, all projected as of June 30, 2043.

<u>2023 Funded Level</u>	<u>2043 Funding Target/Restoration Target</u>
78%	84%/87%
77%	83%/86%
76%	82%/85%
75%	81%/84%
74% or lower	3% > than 2023 Funded Level %/84%

2043 Permanent Restoration Target - Same as 2043 Restoration Target

2043 Restoration Reserve Suspension Trigger – 1% higher than the projected Funding Target for all time periods

- b. The same rules for restoration that applied during the period ending June 30, 2033 shall otherwise apply (including ceasing interest credits in the event of a Restoration Reserve Suspension Trigger, and the making of notional asset transfers from the Restoration Reserve Account to the Pension Reserve Fund in the event the 2043 Funded Level falls below the 2043 Funding Target) and shall be rolled forward. For example, for purposes of determining whether the 2043 Restoration Target has been satisfied, the Plan Actuary shall project annual contributions using the same 2023 UAAL Amortization. For purposes of calculating the funded ratio, the assets in the Restoration Reserve account will be excluded, and no Extra Contribution Account assets shall be included for purposes of determining whether the Funded Level meets the Restoration Target or Permanent Restoration Target, including any additions to such account after 2033.
- c. In connection with preparation of the annual actuarial valuation report for Fiscal Year 2043, the Plan Actuary will determine whether the Retirement System has satisfied the applicable Permanent Restoration Target, as set forth in paragraph a above. Transfers from the Restoration Reserve Account for credit to the Pension Reserve Fund may be made in such amounts as are necessary to satisfy the Permanent Restoration Target. If following such transfers the Funded Level as of June 30, 2043 is equal to or greater than the applicable Permanent Restoration Target, then the residual amounts in the Restoration Reserve Account, if any (which will necessarily represent excess not necessary to satisfy the Permanent Restoration Target), shall be transferred from the Restoration Reserve Account and credited to the Pension Reserve Fund and the applicable incremental COLA payments shall be permanently restored for the applicable Waterfall Class and shall no longer be variable from year to year.

(5) *Modification of the Pension Restoration Program.*

If at any time after July 1, 2026, the Investment Committee by vote of five of its seven Members, or the Board of Trustees by a greater than 66% vote, determines that a change in relevant circumstances has occurred, or there was a mutual mistake of fact in developing the Pension Restoration Agreement attached to and made a part of the Plan of Adjustment, such that the continued operation of the Pension Restoration Agreement and this Section K-3 without amendment will: (a) materially harm the long-term economic interests of the City or Retirement System; (b) materially impair the City's ability to fully fund over a reasonable period the then existing frozen benefit liabilities; or (c) materially hinder the Restoration Program, if as of that juncture (and for purposes of applying this

subsection K-3(5) annual funding levels (excluding the Extra Contribution Account) had materially exceeded the applicable Restoration Targets for a substantial period yet without any material actual restoration of benefits as contemplated herein having been made, the Investment Committee or the Board, as the case may be, shall provide written notice to the other entity of such a determination and of the need to amend the Pension Restoration Agreement and this Section K-3 (it being understood that the post-Chapter 9, 40-year amortization period (to 2053) to fully fund frozen liabilities is, unless the relevant facts demonstrate otherwise, presumptively reasonable). The Investment Committee and the Board shall then meet to negotiate amendments to the Pension Restoration Agreement that address the identified risk of harm or impairment, but which also considers the Agreement's objective of providing pension restoration. Such negotiations shall take into account reasonable actions the City has pursued or could pursue to mitigate such harm or impairment. Any such amendments shall require the approval of a majority vote of the combined members of the Investment Committee and Board (persons who sit on both the Board and Investment Committee shall have one vote). Such parties shall consult with the Mayor, City Council and the Governor in connection with such negotiation.

If the Board, acting through a majority, and the Investment Committee, acting through a majority, cannot agree to such amendments with the 90-day period following the provision of such notice by the determining party, then the Board and Investment Committee shall proceed to mediation upon demand from either the Board or the Investment Committee. In this regard, within 30-days following expiration of the 90-day period the Board and the Investment Committee shall each select a mediator from the list of approved mediators for the United States District Court for the Eastern District of Michigan. The two selected mediators shall appoint a third neutral mediator from the approved list. Each party shall furnish a written statement to the mediators within 30 days of selection of the neutral mediator. Representatives of the Mayor and the Governor shall be consulted in connection with such mediations. If following a 90-day mediation period following submission of the written statements the matter is not settled, then either the Investment Committee or the Board can file an action in the United States District Court for the Eastern District of Michigan asking it to declare, *inter alia*, whether or in what manner to amend the Pension Restoration Agreement and this Section K-3.

APPENDIX A

The following provisions shall also have general applicability to the Combined Plan for the Police and Fire Retirement System of the City of Detroit, Michigan:

MCLS Const. Art. IX, § 24 (2003)

§ 24. Public pension plans and retirement systems, obligation.

Sec. 24. The accrued financial benefits of each pension plan and retirement system of the state and its political subdivisions shall be a contractual obligation thereof which shall not be diminished or impaired thereby.

Financial benefits arising on account of service rendered in each Fiscal Year shall be funded during that year and such funding shall not be used for financing unfunded accrued liabilities.

**Relevant Provisions of
January 1, 2012
City of Detroit Charter**

**ARTICLE 11.
RETIREMENT PLANS**

Sec. 11-101. City's Duties.

1. The City shall provide, by ordinance, for the establishment and maintenance of retirement plan coverage for city employees.
2. Financial benefits arising on account of service rendered in each Fiscal Year shall be funded during that year and that funding shall not be used for financing unfunded accrued liabilities.
3. The accrued financial benefits of active and retired city employees, being contractual obligations of the city, shall in no event be diminished or impaired.

Sec. 11-102. Continuation of Existing Plans.

The retirement plans of the city existing when this Charter takes effect, including the existing governing bodies for administering those plans, the benefit schedules for those plans and the terms for accruing rights to and receiving benefits under those plans shall, in all respects, continue in existence exactly as before unless changed by this Charter or an ordinance adopted in accordance with this article.

**Relevant Provisions of the
Detroit City Code**

Sec. 47-1-2. Detroit Police and Fire Retirement System.

Notwithstanding any collective bargaining agreement or other documents governing terms of employment to the contrary, effective as of July 1, 2014, the Detroit Police and Fire Retirement System shall hereinafter be memorialized in a separate written document entitled "Combined Plan for the Police and Fire Retirement System of the City of Detroit, Michigan," which shall comprise the exclusive terms of the Detroit Police and Fire Retirement System and be kept in the Office of the City Clerk for the City of Detroit.

Collective Bargaining Agreements.

Except to the extent otherwise provided in the Plan of Adjustment, under Michigan Law if there is any conflict between the Retirement System provisions and collective bargaining agreement provisions, the terms of the collective bargaining agreement control.

- (a) The Board of Trustees shall administer the Retirement System consistent with the pension provisions of the 2014-2019 collective bargaining agreement between the City of Detroit and the Detroit Police Officers Association with respect to police officers covered by said collective bargaining agreement.
- (b) The Board of Trustees shall administer the Retirement System consistent with the pension provisions of the 2014-2019 collective bargaining agreement between the City of Detroit and the Detroit Police Lieutenants and Sergeants Association.
- (c) The Board of Trustees shall administer the Retirement System consistent with the pension provisions of the 2014-2019 collective bargaining agreement between the City of Detroit and the Detroit Police Command Officers Association.
- (d) The Board of Trustees shall administer the Retirement System consistent with the pension provisions of the 2014-2019 collective bargaining agreement between the City of Detroit and the Detroit Fire Fighters Association.

MUTH: Tim Muth, Reinhart Boerner</p> <p>20 Van Deuren, on behalf of Mr. Bowen.</p> <p>21 GLENN BOWEN,</p> <p>22 was thereupon called as a witness herein, and after</p> <p>23 having first been previously duly sworn to testify to</p> <p>24 the truth, the whole truth and nothing but the truth,</p> <p>25 was examined and testified as follows:</p>	<p style="text-align: right;">Page 251</p> <p>1 GLENN BOWEN</p> <p>2 Q. All right. Mr. Bowen, you discussed yesterday that</p> <p>3 you have served, or serve as the system actuary for</p> <p>4 several pension systems?</p> <p>5 A. Yes.</p> <p>6 Q. Okay. And those include the Puerto Rico Government</p> <p>7 Employees Pension System, Puerto Rico Teachers Pension</p> <p>8 System, and the Puerto Rico Judiciary Pension System?</p> <p>9 A. Those are three of the biggest, yes.</p> <p>10 Q. Okay. And are there other pension systems for which</p> <p>11 you serve as the system actuary?</p> <p>12 A. Not at the -- not at the moment that I'm a lead</p> <p>13 actuary on another system.</p> <p>14 Q. What's the lead actuary, what's that mean?</p> <p>15 A. Lead consultant, as opposed to being a member of the</p> <p>16 project team.</p> <p>17 Q. And what system is that?</p> <p>18 A. The Social Insurance Scheme of the Kingdom of Saudi</p> <p>19 Arabia.</p> <p>20 Q. And what's the difference between being -- well,</p> <p>21 first, what's the difference between being a system</p> <p>22 actuary and serving in a consultant role as you've</p> <p>23 served here?</p> <p>24 A. The distinction I'm drawing is, if you will, for</p> <p>25 Puerto Rico, I'm the first point of contact and work</p>
<p style="text-align: right;">Page 250</p> <p>1 GLENN BOWEN</p> <p>2 EXAMINATION</p> <p>3 BY MR. BALL:</p> <p>4 Q. Good morning, Mr. Bowen.</p> <p>5 A. Good morning.</p> <p>6 Q. Welcome back.</p> <p>7 A. Thank you.</p> <p>8 Q. You understand that you're still under oath?</p> <p>9 A. Correct.</p> <p>10 Q. Today we'll observe the same ground rules that you</p> <p>11 went through with counsel yesterday, in regards to</p> <p>12 breaks, and if I ask a question that you don't</p> <p>13 understand, you'll let me know; all of those same</p> <p>14 ground rules, are those acceptable to you?</p> <p>15 A. Yes.</p> <p>16 MR. MILLER: Robin, excuse me, before you</p> <p>17 begin, I'm sorry to interrupt, can we have</p> <p>18 identification of the individuals who are listening</p> <p>19 and participating by telephone?</p> <p>20 MR. BALL: Yeah, if I could ask those on</p> <p>21 the line to identify themselves, please.</p> <p>22 MR. KOOB: Paul Koob, from Ballard Spahr.</p> <p>23 MR. BALL: And I believe we have at least</p> <p>24 one other party on the line.</p> <p>25 BY MR. BALL:</p>	<p style="text-align: right;">Page 252</p> <p>1 GLENN BOWEN</p> <p>2 with the client to set the scope of the engagement,</p> <p>3 and I'm responsible for every single aspect of the</p> <p>4 engagement, attending meetings.</p> <p>5 My work on the Kingdom of Saudi Arabia</p> <p>6 differs, in that I'm on the project team.</p> <p>7 Q. And I asked you a slightly different question, I</p> <p>8 apologize. It was a little confusing because I</p> <p>9 shifted from Kingdom of Saudi Arabia to what you're</p> <p>10 doing here.</p> <p>11 What's the difference between being a</p> <p>12 system actuary and playing the role of a consultant to</p> <p>13 the city, as you've played here?</p> <p>14 A. Absolutely. A system actuary is a retained actuary</p> <p>15 who will perform valuations; for instance, every year</p> <p>16 we perform valuations for the three Puerto Rico</p> <p>17 retirement systems that you mentioned. We do other</p> <p>18 work where we are retained by sometimes a retirement</p> <p>19 system and/or sometimes a legislative oversight body.</p> <p>20 For instance, we do work for the state of Pennsylvania</p> <p>21 and we do actuarial valuations of the systems, not for</p> <p>22 purposes of producing the valuation report but for</p> <p>23 purposes of advising the state, in much the same way</p> <p>24 we've performed valuations of the City of Detroit's</p> <p>25 retirement systems for the purpose of further advising</p>

13-53846-jjt Doc 13634-20 Filed 09/29/23 Entered 09/29/23 18:52:31 Page 53 of 65

<p style="text-align: right;">Page 253</p> <p>1 GLENN BOWEN</p> <p>2 the City of Detroit.</p> <p>3 Q. Okay. And in terms of the role with respect to the</p> <p>4 system itself, if you're a consultant, as you are</p> <p>5 here, do you have any role with respect to the system</p> <p>6 itself?</p> <p>7 A. No, we don't have a relationship with the system</p> <p>8 itself.</p> <p>9 Q. Okay. And in making actuarial recommendations --</p> <p>10 strike that.</p> <p>11 Do you have -- in addition to your work on</p> <p>12 the public pensions that you've talked about, do you</p> <p>13 have experience with working on transactional matters?</p> <p>14 MR. BALL: Could we ask whoever just joined</p> <p>15 to identify themselves for the record, please?</p> <p>16 MR. BRILLIANT: Allan Brilliant.</p> <p>17 MR. BALL: Thank you.</p> <p>18 BY MR. BALL:</p> <p>19 Q. I'm sorry, let me -- I'll start that question over.</p> <p>20 Do you have experience working on</p> <p>21 transactional matters as an actuary?</p> <p>22 A. Could you describe more specifically what you mean by</p> <p>23 transactional matters?</p> <p>24 Q. Something involving the purchase or sale or</p> <p>25 acquisition of either an entity or a book of business</p>	<p style="text-align: right;">Page 255</p> <p>1 GLENN BOWEN</p> <p>2 level of rigor that attaches to your work.</p> <p>3 A. I can give you one example, which may or may not</p> <p>4 answer your question, but I was involved in the merger</p> <p>5 of two pension plans within one plan sponsor several</p> <p>6 years ago, and there was a requirement that the data</p> <p>7 be retained for either a five or seven-year period, so</p> <p>8 that the starting position of each entity could be</p> <p>9 recreated if it was needed.</p> <p>10 Q. There was some discussion yesterday of a disparity of</p> <p>11 300 members in the, in the -- among the beneficiaries</p> <p>12 or potential beneficiaries of the GRS retirement</p> <p>13 system. Do you recall that?</p> <p>14 A. I do.</p> <p>15 Q. Do you know whether, in a transactional matter -- you</p> <p>16 said that you didn't believe that that 300-member</p> <p>17 difference would end up being material, essentially,</p> <p>18 do you recall that?</p> <p>19 A. I do.</p> <p>20 Q. Do you know whether the same conclusion would apply if</p> <p>21 you were looking at that analysis in the context of a</p> <p>22 transaction?</p> <p>23 A. My role as an actuary would be to bring it to the</p> <p>24 attention of our client, as we did, setting forth our</p> <p>25 results in the letter at the request of the retirement</p>
<p style="text-align: right;">Page 254</p> <p>1 GLENN BOWEN</p> <p>2 or liabilities, anything involving the purchase or</p> <p>3 sale of a business or a part of a business.</p> <p>4 A. I can't say I've been involved in any M and A.</p> <p>5 Q. Is there any part of your business that you would</p> <p>6 describe as transactional?</p> <p>7 A. Within Milliman, potentially; within my practice, we</p> <p>8 may have worked on M and A engagements, but it's not a</p> <p>9 standard -- you know, it would be if it arose based on</p> <p>10 a client being acquired. I know that has happened in</p> <p>11 the past. I'm not sure to what extent we've been</p> <p>12 involved in the transactional aspects of it.</p> <p>13 Q. But you personally haven't been involved in any</p> <p>14 transactional matters?</p> <p>15 A. I don't recall.</p> <p>16 Q. Do you have an understanding as to whether there is a</p> <p>17 difference in the nature or level of rigor involved in</p> <p>18 transactional matters as opposed to the kind of</p> <p>19 consulting matters that you're involved in?</p> <p>20 A. Well, within the actuarial aspect of it, there are</p> <p>21 certain different accounting rules for purchases.</p> <p>22 Q. And I'm not trying to ask about the governing</p> <p>23 accounting rules, but the level of rigor required in</p> <p>24 either the kind of data you use to make decisions, or</p> <p>25 the examination of the data, anything involving the</p>	<p style="text-align: right;">Page 256</p> <p>1 GLENN BOWEN</p> <p>2 system. We laid out our complete analysis of their</p> <p>3 data. Since we were not able to use the same data as</p> <p>4 was prepared by Gabriel Roeder Smith for their</p> <p>5 evaluation, we had to do our own work. At the end of</p> <p>6 the day, our replication of Gabriel Roeder Smith's</p> <p>7 valuation was within five to ten million dollars out</p> <p>8 of 3.6 billion.</p> <p>9 So given that result, I'll say I imputed</p> <p>10 the difference in head count was based on records,</p> <p>11 which would have had a very minor impact.</p> <p>12 Q. 300 employees out of how many people? What was the</p> <p>13 workforce?</p> <p>14 A. I don't have that number, off the top of my head. It</p> <p>15 would be in our letter.</p> <p>16 Q. All right. And would you -- or if your reviving</p> <p>17 transactional client had recommended that that</p> <p>18 difference be reconciled?</p> <p>19 A. My original recommendation was that all three</p> <p>20 actuarial firms that were doing the work start from</p> <p>21 the same edited census data, and as an actuary, I was</p> <p>22 not able to force that to happen.</p> <p>23 Q. So, optimally, you would have been working with the</p> <p>24 same set of data, all three firms that were involved?</p> <p>25 A. That was my view as to what would have been optimal.</p>

13-53846-jlt Doc 13634-20 Filed 09/29/23 Entered 09/29/23 18:45:23 Page 54 of 65

<p style="text-align: right;">Page 257</p> <p>1 GLENN BOWEN</p> <p>2 Q. Has your entire tenure at Milliman been in</p> <p>3 Philadelphia?</p> <p>4 A. Yes.</p> <p>5 Q. Okay. And is there a particular focus or expertise of</p> <p>6 the Philadelphia office of Milliman?</p> <p>7 A. Well, the Philadelphia office of Milliman has four</p> <p>8 divisions: Health actuarial consulting, life</p> <p>9 insurance and financial services, property and</p> <p>10 casualty, and the employee benefits discipline, where</p> <p>11 I work.</p> <p>12 Q. Okay. Yesterday you identified several other Milliman</p> <p>13 actuaries who had been involved, or their names came</p> <p>14 up during the course of the day. Suzanne Taranto, who</p> <p>15 did health work. You also -- there was also mention</p> <p>16 of Ms. Warren? Can you tell me what -- who she is and</p> <p>17 what her role is?</p> <p>18 A. Yes, she's an employee benefits consultant, as well.</p> <p>19 Q. And is she a principal, does she work under you?</p> <p>20 What's the relationship?</p> <p>21 A. She's a principal.</p> <p>22 Q. Okay. And does she report to you?</p> <p>23 A. She does report to me, yes.</p> <p>24 Q. Okay. And you mentioned Allen Perry, I believe?</p> <p>25 A. Yes.</p>	<p style="text-align: right;">Page 259</p> <p>1 GLENN BOWEN</p> <p>2 A. I know that he put together an analysis of ASF</p> <p>3 accounts with projection. Mr. Perry has come to me</p> <p>4 over the course of time, where, you know, he'd say, "I</p> <p>5 have an assignment to do, you know, and help me</p> <p>6 understand the larger context of what we're working</p> <p>7 within." And, to my knowledge, there has been stops</p> <p>8 and starts. So I don't know all of his projects off</p> <p>9 the top of my head.</p> <p>10 Q. What projects do you know, besides the analysis of ASF</p> <p>11 accounts, that he has undertaken?</p> <p>12 A. He's been working with investment consultants in our</p> <p>13 San Francisco office. I'm trying to think of what the</p> <p>14 original assignment was. I guess it was developing</p> <p>15 what less-risky portfolios would look like.</p> <p>16 Q. Okay. Do you know when that project began?</p> <p>17 A. General impression is around the turn of this year,</p> <p>18 early 2014.</p> <p>19 Q. Do you know whether they generated any written work</p> <p>20 product as part of that project?</p> <p>21 A. I don't know.</p> <p>22 Q. Were you involved in collecting documents for</p> <p>23 responses to the parties' discovery in this case?</p> <p>24 A. When you say collecting, in terms of -- we received a</p> <p>25 request for documents, and our IT department handled</p>
<p style="text-align: right;">Page 258</p> <p>1 GLENN BOWEN</p> <p>2 Q. And what is Mr. Perry's position, what is his role?</p> <p>3 A. He's a principal. I'm not sure of his exact title,</p> <p>4 but he is the head of our asset liability management</p> <p>5 practice.</p> <p>6 Q. Okay. Were there any other -- other than those four</p> <p>7 that we've mentioned, were there any other Milliman</p> <p>8 principals or consulting actuaries who worked on --</p> <p>9 who have worked on City of Detroit projects, to your</p> <p>10 knowledge?</p> <p>11 A. I mean, we certainly have a staff that has been</p> <p>12 assigned to prepare various analyses and run</p> <p>13 valuations, et cetera. I couldn't name, over the past</p> <p>14 two years with certainty, who has worked on various</p> <p>15 assignments. The simple characterization is that</p> <p>16 Kathy and I are the two who are ultimately responsible</p> <p>17 for every assignment.</p> <p>18 Q. Including those done by Mr. Perry?</p> <p>19 A. Well, for every pension assignment. Mr. Perry has</p> <p>20 been working with the city on investment consulting</p> <p>21 issues over time.</p> <p>22 Q. He worked with you on the November 4th letter?</p> <p>23 A. He did.</p> <p>24 Q. And apart from that, what other projects has Mr. Perry</p> <p>25 undertaken on behalf of the city?</p>	<p style="text-align: right;">Page 260</p> <p>1 GLENN BOWEN</p> <p>2 the moving documents off of our network and presenting</p> <p>3 them to whoever they were to be presented to, so...</p> <p>4 Q. Okay. Were you involved in any other way in</p> <p>5 retrieving documents from Milliman in response to the</p> <p>6 parties' discovery in this case?</p> <p>7 A. I did have a conversation with Jones Day to let them</p> <p>8 know which documents would have personally</p> <p>9 identifiable information for plan participants in</p> <p>10 them.</p> <p>11 Q. Okay. Did you conduct any search of your own files,</p> <p>12 not IT, not electronic files, but of your own files</p> <p>13 for documents in this case?</p> <p>14 A. That wasn't necessary, because they were all filed</p> <p>15 where the IT department could lift them simply.</p> <p>16 Q. So you're saying you have no hard copy files related</p> <p>17 to this case?</p> <p>18 A. We have hard copy files.</p> <p>19 Q. Okay. And did you search those documents for</p> <p>20 production of materials responsive to the parties'</p> <p>21 discovery requests in this case?</p> <p>22 A. I did not.</p> <p>23 Q. Did anybody?</p> <p>24 A. I'm not aware.</p> <p>25 Q. So far as you're aware, nobody did that?</p>

13-53846-jjt Doc 13634-20 Filed 09/29/23 Entered 09/29/23 18:45:20 Page 55 of 65

<p style="text-align: right;">Page 261</p> <p>1 GLENN BOWEN</p> <p>2 A. Yeah, so far as I'm aware, nobody did that.</p> <p>3 Q. Do you know whether anybody searched for hard copy</p> <p>4 files of any Milliman personnel in connection with the</p> <p>5 parties' discovery request in this case?</p> <p>6 A. I don't know.</p> <p>7 MR. BALL: We'd ask that Mr. Bowen's and</p> <p>8 the rest of the Milliman personnel's hard copy files</p> <p>9 be searched. We've made a previous request in</p> <p>10 response to a disclosure that Mr. Buckfire's hard copy</p> <p>11 files had not been searched, and that your experts and</p> <p>12 your consultants -- not experts, your consultants'</p> <p>13 hard copy files be searched. It sounds as if that has</p> <p>14 not happened. We'd ask that that occur.</p> <p>15 MR. EATON: This is Miguel Eaton, for the</p> <p>16 city. We should probably talk outside of the presence</p> <p>17 of the witness, but --</p> <p>18 MR. BALL: I understand. I'm just making,</p> <p>19 for the record, my request, and I understand you'll</p> <p>20 respond.</p> <p>21 MR. EATON: Understood.</p> <p>22 MR. MILLER: And to clarify, I think the</p> <p>23 witness' testimony was he is not aware, one way or the</p> <p>24 other.</p> <p>25 BY MR. BALL:</p>	<p style="text-align: right;">Page 263</p> <p>1 GLENN BOWEN</p> <p>2 production in this case. Do you have any</p> <p>3 understanding of why they were produced in several</p> <p>4 different ways?</p> <p>5 A. No.</p> <p>6 Q. Who at Milliman would know that?</p> <p>7 A. I don't know.</p> <p>8 Q. Let's go to what was marked as Exhibit 1 yesterday.</p> <p>9 And you testified about this a bit. I have a couple</p> <p>10 of questions about it. Exhibit 1, for the record, is</p> <p>11 the July 6th, 2012, letter from you and Ms. Taranto to</p> <p>12 Chris Brown of the city.</p> <p>13 And this overlaps with some testimony</p> <p>14 you've given in a prior deposition, and I just want to</p> <p>15 confirm that your position has not changed.</p> <p>16 First, there's a discussion here of an</p> <p>17 asset smoothing methodology that was employed by</p> <p>18 Gabriel Roeder. Do you recall that being the case?</p> <p>19 And you're welcome to look at the letter to refresh</p> <p>20 yourself if you need to.</p> <p>21 A. I see the section on asset smoothing.</p> <p>22 Q. Okay. And my understanding from your prior deposition</p> <p>23 testimony is that you have not opined or are not</p> <p>24 opining that Gabriel Roeder's use of asset smoothing,</p> <p>25 in the fashion that they implemented it, was improper</p>
<p style="text-align: right;">Page 262</p> <p>1 GLENN BOWEN</p> <p>2 Q. Mr. Bowen, has anybody come to you and asked to search</p> <p>3 your hard copy files?</p> <p>4 A. No.</p> <p>5 Q. And where are they located?</p> <p>6 A. They would be in the office.</p> <p>7 Q. In your office?</p> <p>8 A. Yes.</p> <p>9 Q. And would you -- and in order for somebody to search</p> <p>10 them -- do you know whether anybody has searched</p> <p>11 them -- strike that.</p> <p>12 So they're physically located in your</p> <p>13 office. Does anybody have access other than you?</p> <p>14 A. When I say the office, the Philadelphia office, not my</p> <p>15 personal space.</p> <p>16 Q. All right. So they're maintained in files in the</p> <p>17 Philadelphia office?</p> <p>18 A. Yes.</p> <p>19 Q. And to the best of your knowledge -- did you tell</p> <p>20 anybody where your files related to this matter are</p> <p>21 located so that they could be searched?</p> <p>22 A. I wasn't asked to point out which file cabinet they're</p> <p>23 in.</p> <p>24 Q. Milliman documents have been produced in several</p> <p>25 different tranches over the course of document</p>	<p style="text-align: right;">Page 264</p> <p>1 GLENN BOWEN</p> <p>2 or in some way not within actuarial standards, is that</p> <p>3 correct?</p> <p>4 A. I was not asked to make that opinion.</p> <p>5 Q. All right. Have you ever rendered that opinion?</p> <p>6 A. I have not.</p> <p>7 Q. And has -- and have you ever formed that opinion?</p> <p>8 A. I have not.</p> <p>9 Q. There's also a discussion here in connection with</p> <p>10 asset smoothing of a corridor being used in connection</p> <p>11 with the asset smoothing. Do you recall that?</p> <p>12 A. I do.</p> <p>13 Q. Okay. And you note that a 20 percent corridor is a</p> <p>14 very common corridor. Do you see that?</p> <p>15 A. I do.</p> <p>16 Q. And do you recall -- I mean, what's the basis for your</p> <p>17 conclusion that 20 percent is a commonly used</p> <p>18 corridor?</p> <p>19 A. Experience.</p> <p>20 Q. Okay. And what experience are you talking about?</p> <p>21 A. Working with various systems over time.</p> <p>22 Q. Have you seen higher corridors used than 20 percent?</p> <p>23 A. I have.</p> <p>24 Q. And are there other corridors that are commonly used</p> <p>25 besides 20 percent?</p>

7 (Pages 261 to 264)

13-53846-jjt Doc 13634-20 Filed 09/29/23 Entered 09/29/23 18:52:31 Page 56 of 65

<p style="text-align: right;">Page 265</p> <p>1 GLENN BOWEN</p> <p>2 A. I noted 20 because in my experience it was the most</p> <p>3 common that I've seen.</p> <p>4 Q. Okay. And I understand it may be the most common.</p> <p>5 I'm just asking whether there are other corridors</p> <p>6 besides 20 percent that are commonly used.</p> <p>7 A. I'm not sure if there's one that's in second place.</p> <p>8 Q. What's the range of what you've seen, in terms of</p> <p>9 corridors that have been used?</p> <p>10 A. I think the highest I've seen has been maybe 40</p> <p>11 percent.</p> <p>12 Q. And again, the corridor application is part of the</p> <p>13 smoothing methodology that Gabriel Roeder employed,</p> <p>14 correct?</p> <p>15 A. I'd have to take a minute to read this to see exactly</p> <p>16 what they were employing.</p> <p>17 Q. The point of my question is just to make sure that</p> <p>18 that is encompassed within your testimony, that you're</p> <p>19 not offering an opinion that Gabriel Roeder's</p> <p>20 smooth -- application or implementation of smoothing</p> <p>21 methodology was improper or contrary to actuarial</p> <p>22 standards. I want to make the sure that that includes</p> <p>23 the corridor that they employed.</p> <p>24 A. That was -- that's not the purpose of this, these</p> <p>25 three paragraphs.</p>	<p style="text-align: right;">Page 267</p> <p>1 GLENN BOWEN</p> <p>2 change in GASB rules concerning amortization</p> <p>3 methodologies?</p> <p>4 A. There is.</p> <p>5 Q. Okay. Can you tell me what that is, what the change</p> <p>6 is that's occurring?</p> <p>7 A. In one sense -- and I'll preface this by saying this</p> <p>8 is accounting. GASB handles accounting, not funding.</p> <p>9 The new GASB standard, GASB 67/68, removes everything</p> <p>10 that existed under 25 and 27 in terms of quantities</p> <p>11 that are calculated, sets up an entire new matrix of</p> <p>12 rules, and is a significant shift towards a</p> <p>13 corporate-style accounting, a more market-based</p> <p>14 accounting, significantly shorter amortization rules</p> <p>15 and significantly more constrained liability reporting</p> <p>16 rules.</p> <p>17 Q. Are there rules under the new -- first of all, when</p> <p>18 did those rules become effective?</p> <p>19 A. Fiscal year '14.</p> <p>20 Q. So they would be becoming effective now for the GRS</p> <p>21 and the PFRS, correct?</p> <p>22 A. It phases in over two years for the plans and the plan</p> <p>23 sponsors. So, yes, basically now.</p> <p>24 Q. And how do the new rules, in lieu of the 30-year max</p> <p>25 that existed previously, how do the new rules address</p>
<p style="text-align: right;">Page 266</p> <p>1 GLENN BOWEN</p> <p>2 Q. I understand that. But I'm asking a further question,</p> <p>3 which is -- confirmed that your testimony about not</p> <p>4 having an opinion that what Gabriel Roeder did was</p> <p>5 inconsistent with actuarial standards or improper in</p> <p>6 some way, that that encompasses their implementation</p> <p>7 of the corridor.</p> <p>8 A. I was not asked to perform a review to make opinions</p> <p>9 on that issue.</p> <p>10 Q. And you have not formed an opinion on that issue?</p> <p>11 A. I have not.</p> <p>12 Q. There's also a discussion in this letter of the</p> <p>13 amortization methodology that Gabriel Roeder employed.</p> <p>14 Do you recall that?</p> <p>15 A. I do.</p> <p>16 Q. And you, again, are not offering an opinion and have</p> <p>17 not formed an opinion that the amortization</p> <p>18 methodology that Gabriel Roeder employed was improper</p> <p>19 or inconsistent with actuarial standards, correct?</p> <p>20 A. Correct.</p> <p>21 Q. Okay. And there's a reference here to 30-year maximal</p> <p>22 amortization periods under then governing GASB rules;</p> <p>23 do you see that?</p> <p>24 A. I do.</p> <p>25 Q. Has there been a change or is there about to be a</p>	<p style="text-align: right;">Page 268</p> <p>1 GLENN BOWEN</p> <p>2 amortization for UAAL?</p> <p>3 A. The period is significantly shorter in terms of the</p> <p>4 expense calculation, and I just don't know the numbers</p> <p>5 off the top of my head.</p> <p>6 Q. Do you know if there are rules about how you should</p> <p>7 determine the appropriate amortization period for UAAL</p> <p>8 under the new GASB rules?</p> <p>9 A. As I said, it's very constrained. There are rules for</p> <p>10 everything.</p> <p>11 Q. I understand that. I'm asking you if you know what</p> <p>12 the rule is and what is -- what the rule specifies</p> <p>13 about how to determine amortization periods for UAAL</p> <p>14 under the new GASB rules.</p> <p>15 A. Yeah, as I mentioned, I don't know the number off the</p> <p>16 top of my head.</p> <p>17 Q. All right. And do you know what the methodology is</p> <p>18 for determining, as opposed to the number? Is it your</p> <p>19 understanding there's a specific number that's the</p> <p>20 cap, or is it that there's a methodology? Explain to</p> <p>21 me what your understanding of it is.</p> <p>22 A. There are very low numbers, I mean, in five, seven,</p> <p>23 ten-year time frame, and amortization is a net present</p> <p>24 value, mortgage-style calculation.</p> <p>25 Q. Do you know what the rules are for determining how the</p>

GLENN BOWEN

amortization period is selected?

A. I don't think there's any flexibility in selecting the amortization period for financial reporting purposes.

Q. I understand that. I'm just asking you if you understand what the methodology is for determining what the rule is, what the amortization period is.

A. Other than it's mandated, and I don't recall off the top of my head what the number is.

Q. Is there anything more that you can recall, as you sit here, about how the new GASB rules work, in terms of determining amortization periods for UAAL?

A. No.

Q. Okay. You did not make particular recommendations in this letter about -- and I'm referring to the July 6th letter that is Exhibit 1 -- about the applicable amortization period or the appropriate amortization period, is that right?

A. I'd have to read to see, but I doubt that we did.

Q. You have made recommendations about amortization periods to other clients, haven't you?

A. To answer your first question, I do not see a recommendation in this letter. This is informational in nature.

Q. Yeah, I don't think there's controversy about that,

GLENN BOWEN

A. I would characterize my work as I just did, in that when we're consulting on the issue of amortization periods, we'll prepare amortization schedules and explain the impact of the various types of amortizations. The plan sponsor can choose how they wish to fund the plan.

Q. What amortization period is used by the Puerto Rico Government Employees Pension Plan?

A. That is a closed 30-year level dollar amortization for accounting purposes.

Q. And for funding purposes, you're drawing that distinction?

A. They have a statutory contribution rate.

Q. What about the Puerto Rico teachers?

A. That is a shorter period, to my recollection, and is a level percent of payroll as opposed to level dollar.

Q. And by shorter period, what do you mean?

A. In the range of 20 years.

Q. And the Puerto Rico judiciary system?

A. I believe that is the same as the employees retirement system.

Q. So, closed 30-year?

MR. MUTH: You need to answer audibly.

A. Yes.

GLENN BOWEN

I'm just trying to get to where we are.

A. Sure.

Q. But you have made recommendations to other clients about amortization periods, is that right?

A. Recommendations I would say is a little strong. When we have worked with clients on this issue, there are different ways to prepare an amortization, and our job, in my mind, has been to illustrate the options and allow a plan sponsor to be cognizant of the impact of making a selection.

Q. Have you made recommendations about changes in amortization periods to clients?

A. Again, the word recommendations is strong. Take, for example, this letter. This was pointing out that the payments going towards the unfunded were less than the interest on the unfunded, and the unfunded liability could grow unbounded. It's an important piece of information. I don't know that -- that's not a recommendation for a change necessarily, but it's an important piece of information that I might expect a plan sponsor to ask further questions about.

Q. I understand that. I'm asking a more particular question. Have you made recommendations to any of your clients about amortization periods?

GLENN BOWEN

Q. Sorry, I should have repeated that one.

A. Fair enough.

Q. And I saw you shaking your head and didn't say anything.

Thank you, Counsel.

And the Texas County District Retirement System?

A. That has a varied amortization period. When systems have losses, they're recognized over a faster pattern than when they have gains.

Q. And what are the alternatives in that varied system?

A. Again, going off the top of my head, I believe losses are recognized over a 15-year period and gains are recognized over a 20 or 30-year period.

Q. And for the New Jersey state teachers system that your office serves as the system actuary for, what's the amortization period for that?

A. I don't know the amortization period for accounting.

Q. If you look at Exhibit 13 that was marked yesterday, if you look at the third page of that document, which is POA -- I'm sorry, let me know when you have it and I'll tell you where to go.

A. I have the document.

Q. Okay. If you go to the third page of it, at the very

GLENN BOWEN

bottom, so that's at POA6 -- 00600121, there's a reference there in an email from Ms. Warren to Mr. Porter about a 30-year amortization period for New Jersey. Do you see that?

A. Yes.

Q. Does that refresh your recollection as to whether the amortization period employed for the New Jersey plan is 30 years?

A. Well, I don't work on that client's valuation, so rather than refreshing my recollection, it provides me the piece of information that I assume the way the question is phrased, they're using a 30-year amortization period.

MARKED FOR IDENTIFICATION:

DEPOSITION EXHIBIT 25

9:36 a.m.

BY MR. BALL:

Q. Mr. Bowen, I'm showing you what has been marked as Exhibit 25, which is a letter dated July 18th, 2012, Bates number is POA00261017. And my first question is, do you recognize that letter?

A. I do.

Q. Okay. And that's a letter you signed?

A. It is.

GLENN BOWEN

Q. There's also a discussion in that paragraph about the kind of estimate you're going to be able to do in the phase two discussion -- in the phase two that you're discussing here. Do you see that?

A. I do.

Q. And that kind of discussion says, it says that you'll be based -- it will be based on the annual valuation reports, actuarial techniques and rules of thumb that won't involve full valuations using actual census data. Do you see that?

A. I do.

Q. Did you ultimately obtain -- did you ultimately perform a full valuation using actual census data?

A. We did.

Q. All right. And when did you do that?

A. That was this year, 2014.

Q. And is that in the April 2014 time frame?

A. I believe that was when the letters were issued. It was -- there was a runup to that, but, yes, in the 2014 time frame.

Q. So you'd gotten the census data at some point before that, but the actual letters issued containing the results of your analysis were issued in the April 2014 time frame, or the initial ones, is that right?

GLENN BOWEN

Q. And it makes a proposal under pension on page -- on the second page of the letter, that there be a DGRS five-year projection. Do you see that?

A. I do.

Q. Why are you proposing a five-year projection there?

A. Well, I would say this entire proposal was in response to questions that were asked of us by the city at the time.

Q. So the city requested a five-year projection?

A. Yes.

Q. Okay. And there is, on the third page of the letter, a discussion of a potential phase three, end of the first full paragraph. Do you see that?

A. I do.

Q. Can you -- and there's a reference there to phase three addressing changes in pension accounting will occur under the new GASB standards. Do you see that?

A. I do.

Q. Did you ever do that?

A. No.

Q. Why not?

A. We were never asked to.

Q. But that's something that Milliman could have done?

A. Had we been asked, we could have.

GLENN BOWEN

A. Yes.

Q. And so all of the analyses that you did until that time all have -- are all based on the information available in the Gabriel Roeder reports and your application of actuarial techniques and rules of thumb?

A. Correct.

MARKED FOR IDENTIFICATION:

DEPOSITION EXHIBIT 26

9:40 a.m.

BY MR. BALL:

Q. Having marked Exhibit 26, which is a November 16th, 2012, letter with Bates number POA00260237, is this the -- first, Mr. Bowen, do you recognize this document?

A. I do.

Q. And it's a letter that you authored?

A. Yes.

Q. And you signed it?

A. Yes, I signed it.

Q. Okay. Is this the five-year projection that was the subject of the July proposal we just looked at?

A. It seems to follow that it is, yes.

Q. Okay. And can you explain the timing of it, why it

GLENN BOWEN

took from July until November for you to perform this valuation? And maybe it didn't take you the entire time. I just want to understand the timing of the response.

A. Certainly. The project was not that time intensive, given the time period you mentioned. I don't recall when we were hired to perform phase two.

Q. Okay. And so as I understand that, you don't know when you actually got retained. You don't think the project took you that long. Is that -- am I understanding your answer correctly?

A. I know the project didn't take that long, yes.

Q. Okay. There is a reference in the first paragraph of the letter, first you say your modeling is based on valuation results, actuarial assumptions and methods as set forth in the preliminary June 30th, 2011 DGRS actuarial valuation prepared by Gabriel Roeder Smith & Company.

And so that's the latest version of the Gabriel Roeder report that you had available to you at that point, is that right?

A. We would have used the most recently available report to conduct the study.

Q. All right. And then the next sentence says:

GLENN BOWEN

A. I do.

Q. And can you explain what that means?

A. What that means is that we were using recursive formulas where a significant amount of judgment was needed in each quantity, as opposed to a valuation where we would have collected census data and been able to do individual projections and capture the full demographic spectrum of the population.

Q. In the last sentence that begins at the end of the page, there's a reference to the market value of assets and the actuarial value of assets, under two, at the bottom of the first page. Do you see that?

A. I see it.

Q. How did you obtain information about the market value of assets that were, that were in the plan? And I'm focusing specifically on DGRS.

A. My supposition is that we would have taken the, both quantities from the 2011 preliminary valuation report.

Q. Okay. So you took the numbers that were reflected in the Gabriel Roeder report?

A. To the best of my recollection, that would have been what we did.

Q. And that's true for both the market value and the actuarial value?

GLENN BOWEN

Recursive formulas in actuarial judgment and rules of thumb were applied to project current results to future years.

Can you explain what you mean by recursive formulas?

A. Sure. A recursive formula, for instance, is you have a liability at one date, recursive formula is used to project liability to future dates, and estimates are needed in terms of demographic movements, benefit payments, benefit accruals, in order to move the liability from one date to the next date.

Q. Okay. So, essentially, it's the methodology you use to project from one -- the status at one date to a future date?

A. Yes.

Q. Okay. And you still did not have the actual census data at this point?

A. We did not.

Q. Okay. There's a discussion, the last sentence of that paragraph says: Our projection is suitable for explaining emerging trends and cost in liabilities but is significantly less robust than a projection based on full valuation.

Do you see that?

GLENN BOWEN

A. Yes.

Q. And later you did further analyses when you had later versions of the Gabriel Roeder report. My general question is, did you ever change how you derived the market value of assets or the actuarial value of assets? In other words, did you ever do anything other than taking them from the most current version of the Gabriel Roeder report?

A. I can't definitively say that we did or didn't. If we had been provided at some point in time with an asset statement from the city which was more recent than what the valuation reflected, we would have incorporated that information into our models and it would be noted in the letter that we provided the analysis for.

Q. Okay. So either you took the value from Gabriel Roeder reports, or in some circumstances a value may have been provided to you by the city directly, as opposed to you using the Gabriel Roeder reports. But you did one of those two things in every case?

A. Those are the, those are the two things I can think of that we would have done.

Q. Okay. Do you recall ever doing anything other than that?

GLENN BOWEN

A. I do not.

Q. Okay. Do you know how Gabriel Roeder derived the information in its reports about the market value of the assets involved?

A. I cannot say this with one hundred percent certainty, but typically the system actuary is provided an asset statement by the plan sponsor and accepts the numbers as presented.

Q. And you don't recall one way or the other how it happened here?

A. I never had occasion to ask that question.

Q. Okay. At various points you did analyses that focused specifically on the DWSD, do you recall that?

A. Yes.

Q. And in those circumstances, your analysis looked at a market value and maybe an actuarial value, but at least a market value for assets for the DWSD, specifically. Do you recall that?

A. I do.

Q. And how did you derive those values, the ones that you used for the DWSD, specifically?

A. The inputs that we had were the overall actuarial value of assets for the entire system, the overall market value of assets for the entire system, and a

GLENN BOWEN

components, yes.

Q. Okay. And you used the actuarial value split to derive a market value split?

A. Yes.

Q. Okay. In the same ratios as the actuarial value split?

A. Yes.

Q. And then -- but you do not know how the actuarial value split that Gabriel Roeder provided was derived?

A. I do not.

Q. Okay. Did you ever discuss that issue with anyone from Gabriel Roeder or anyone from the city?

A. I don't recall a discussion with Gabriel Roeder. Discussions with the city were basically along the lines of what was presented in our letter.

Q. Meaning along the lines of deriving a market value split that was in the same ratios as the actuarial value split between the different city divisions?

A. Correct.

Q. Okay. Did the city ever provide you with -- you said in some circumstances that you were provided asset -- market value asset values from the city to perform your analysis. Do you recall that?

A. I said it's potential that that happened.

GLENN BOWEN

ratioed actuarial value of assets for each component employer that had its own separate contribution calculation. And as set forth in our various letters, we ratioed the overall actuarial value -- we used the overall actuarial value and overall market value to ratio the reported component actuarial values to the component market values.

Q. Okay. Do you know how the reported actuarial values were derived? And by that -- let me back up. The reported actuarial values that you used, where did you get them?

A. The valuation report.

Q. From Gabriel Roeder?

A. Yes.

Q. Okay. And do you know how those values were derived?

A. I do not know exactly how the historical valuations have been done on the assets.

Q. And I just want to make sure I understand. In the -- there is in the Gabriel Roeder reports an actuarial valuation for each of the city divisions, or at least several city divisions, including DWSD, broken up -- the entire actuarial values broken into those components, correct?

A. The actuarial value of assets is split across the

GLENN BOWEN

Q. Okay. All right, fair enough, and we'll get into some individual letters.

A. Okay.

Q. But do you recall whether the city ever provided a market value split for DWSD? In other words, they may have provided an overall value, market value for the assets in the system. Did they ever provide you information that split the DWSD assets from the remaining assets of the system, other than giving you copies of the Gabriel Roeder report?

A. I don't recall ever receiving a market value split.

Q. Okay. There are in the November 16th letter that we were looking at several different scenarios that you examined. And the first one, I take it, the amortization period that you're employing is the same as the Gabriel Roeder amortization period. Would I be correct in assuming that?

A. I can review it to confirm --

Q. Sure.

A. -- but given that it's baseline, that's my supposition, so a moment, please.

Q. Take a minute, because I have a few questions about it.

A. Yes, that appears to be the case.

<p style="text-align: right;">Page 285</p> <p>1 GLENN BOWEN</p> <p>2 Q. Okay. And then the second scenario applies an 18-year</p> <p>3 amortization period. Do you see that?</p> <p>4 A. I do.</p> <p>5 Q. And how did you come to apply an 18-year closed</p> <p>6 amortization period in scenario two?</p> <p>7 A. A moment, please.</p> <p>8 Okay. The request was to take the 30-year</p> <p>9 level percent of pay amortization which was used in</p> <p>10 determining the employer contributions, and develop a</p> <p>11 lower amortization period where the contribution</p> <p>12 toward the unfunded liability at least covered the</p> <p>13 interest on the unfunded liability in the initial year</p> <p>14 and grew from there.</p> <p>15 The period that was necessary to do that in</p> <p>16 this case was 18 years.</p> <p>17 Q. So Milliman calculated the 18 years on, on -- using</p> <p>18 those parameters to calculate an amortization period?</p> <p>19 A. Yes.</p> <p>20 Q. Okay. And in the third scenario -- well, first, let</p> <p>21 me ask, the parameters that were provided, did you</p> <p>22 discuss those with the city in advance of determining</p> <p>23 those would be the parameters used?</p> <p>24 A. To my recollection, the discussion would have been:</p> <p>25 In your July letter you stated that the contribution</p>	<p style="text-align: right;">Page 287</p> <p>1 GLENN BOWEN</p> <p>2 Q. Well, that's one --</p> <p>3 A. -- and did a calculation. Well, the additional</p> <p>4 parameters were that it was a level percentage of</p> <p>5 payroll amortization method which was in existence.</p> <p>6 We were asked to tweak one parameter.</p> <p>7 Q. In the third scenario, there's an adjustment to the</p> <p>8 expected investment return, do you see that?</p> <p>9 A. Yes.</p> <p>10 Q. And you -- this is where you tell them that your</p> <p>11 expected rate of return, or it's a discussion of your</p> <p>12 expected rate of return at that point being 6.3</p> <p>13 percent. Do you see that?</p> <p>14 A. I do.</p> <p>15 Q. It's actually 6.8 percent, but 6.3 percent net of</p> <p>16 admin and interest expense, correct?</p> <p>17 A. Correct.</p> <p>18 Q. So the 6.3 percent rate that you use here is net of</p> <p>19 admin and interest, just to be clear?</p> <p>20 A. Yes, it is.</p> <p>21 Q. And you note at the end of the second paragraph under</p> <p>22 scenario three that a decrease in the investment</p> <p>23 return assumption causes an increase in the plan's</p> <p>24 liability and annual accruals.</p> <p>25 Do you see that?</p>
<p style="text-align: right;">Page 286</p> <p>1 GLENN BOWEN</p> <p>2 doesn't cover the unfunded liability interest; please</p> <p>3 find us one that does.</p> <p>4 Q. So they asked you to come up with a methodology to</p> <p>5 find one that met that requirement?</p> <p>6 A. The same methodology as shorter amortization period</p> <p>7 with the same methodology.</p> <p>8 Q. And so the particular parameters were ones that</p> <p>9 Milliman chose to reach that result, is that right?</p> <p>10 A. I wouldn't say Milliman chose the parameters.</p> <p>11 Milliman used the parameters that were given and did a</p> <p>12 calculation.</p> <p>13 Q. Well, the parameter that was actually given to you was</p> <p>14 give us an amortization that does cover the unfunded</p> <p>15 liability, right, the unfunded liability interest?</p> <p>16 A. We were given that parameter, to the best of my</p> <p>17 recollection, to produce this result.</p> <p>18 Q. Okay. So using that overarching parameter of giving</p> <p>19 them something that produced the result of an</p> <p>20 amortization period that covered the unfunded</p> <p>21 liability interest, you developed further parameters</p> <p>22 that resulted in the 18-year amortization period,</p> <p>23 correct?</p> <p>24 A. I wouldn't say we developed further parameters. We</p> <p>25 used the parameters you mentioned --</p>	<p style="text-align: right;">Page 288</p> <p>1 GLENN BOWEN</p> <p>2 A. Yes.</p> <p>3 Q. And there was some discussion of that yesterday, but</p> <p>4 basically the relationship is that if you decrease the</p> <p>5 investment return rate, the unfunded liability goes</p> <p>6 up. Is that right?</p> <p>7 A. True.</p> <p>8 Q. All right. On page 4 of the letter, in the second</p> <p>9 paragraph under Basis For Analysis, your first</p> <p>10 sentence says: A projection model can be used to</p> <p>11 understand the pattern of emerging costs and</p> <p>12 liabilities of a retirement system -- I think it says</p> <p>13 systems but should be system -- but should not be</p> <p>14 relied upon as a guarantee of actual costs being</p> <p>15 incurred by the city.</p> <p>16 And that's similar to the discussion we saw</p> <p>17 earlier about the kind of analysis that you were doing</p> <p>18 here and the limitations there are, correct?</p> <p>19 A. I view this as actually different.</p> <p>20 Q. Okay. In what way?</p> <p>21 A. This sentence that you read to me recently is used in</p> <p>22 the context of regardless of the inputs and the</p> <p>23 robustness of the inputs to the projection model, this</p> <p>24 sentence still holds true. It's not a guarantee of</p> <p>25 actual costs, it's a projection into the future to</p>

13 (Pages 285 to 288)

Elisa Dreier Reporting Corp. (212) 557-5558
950 Third Avenue, New York, NY 10022

113-53846-11 Doc 13634-20 Filed 09/29/23 Entered 09/29/23 18:52:31 Page 162 of 162

<p style="text-align: right;">Page 289</p> <p>1 GLENN BOWEN</p> <p>2 show emerging trends.</p> <p>3 Q. All right, fair enough. I understand your point.</p> <p>4 Future fund -- the second sentence says: Future</p> <p>5 funding and accounting obligations will be determined</p> <p>6 by an actuarial valuation of the systems as of each</p> <p>7 future valuation date, to be prepared by the systems</p> <p>8 actuary.</p> <p>9 And can you explain to me what you mean by</p> <p>10 that?</p> <p>11 A. In this situation, we are serving as a consultant to</p> <p>12 the city, providing them with responses to the</p> <p>13 questions that they've asked. Milliman will not be</p> <p>14 preparing the future valuation reports that determine</p> <p>15 the city's contributions. The system actuary will be</p> <p>16 doing that.</p> <p>17 Q. And that's part of the difference between the role of</p> <p>18 a consultant to a sponsor as opposed to the system</p> <p>19 actuary for the system itself, correct?</p> <p>20 A. Exactly.</p> <p>21 Q. Okay. And so, ultimately, those judgments are left to</p> <p>22 the system's actuary, correct?</p> <p>23 A. Yes.</p> <p>24 Q. All right.</p> <p>25 MARKED FOR IDENTIFICATION:</p>	<p style="text-align: right;">Page 291</p> <p>1 GLENN BOWEN</p> <p>2 15-year closed amortization period and analyze a</p> <p>3 15-year closed amortization period for the PFRS plan,</p> <p>4 correct?</p> <p>5 A. We do discuss that.</p> <p>6 Q. All right. And that proposal, or that amortization</p> <p>7 period has been proposed and has been recommended by</p> <p>8 the system actuary, because the PFRS plan is a closed</p> <p>9 plan, is that right?</p> <p>10 A. That is what is stated in the paragraph here, yes.</p> <p>11 Q. All right. And in the last -- in particular, that</p> <p>12 amortization period has been recommended because it is</p> <p>13 in line with the, quote, the expected future working</p> <p>14 lifetime of the remaining active members.</p> <p>15 Do you see that?</p> <p>16 A. I do.</p> <p>17 Q. And can you explain what that means?</p> <p>18 A. That recommendation by the system actuary means that</p> <p>19 the concept is to fund the liability over the lifetime</p> <p>20 of the remaining active working members to match the</p> <p>21 allocation of costs to the period where the service is</p> <p>22 being rendered by those members to the city.</p> <p>23 Q. Okay. And is that a concept that is important in</p> <p>24 determining the period over which funding will take</p> <p>25 place for a closed plan?</p>
<p style="text-align: right;">Page 290</p> <p>1 GLENN BOWEN</p> <p>2 DEPOSITION EXHIBIT 27</p> <p>3 9:59 a.m.</p> <p>4 MR. BALL: This is 27.</p> <p>5 BY MR. BALL:</p> <p>6 Q. Mr. Bowen, for the record, I've asked you to look at a</p> <p>7 document that's been marked as Exhibit 27, which is a</p> <p>8 November 16th, 2012, letter, Bates-stamped</p> <p>9 POA00260318, and it's of the same date as the prior</p> <p>10 letter, but the prior letter we were looking at is a</p> <p>11 DGRS letter and this letter is about the PFRS. Do you</p> <p>12 see that?</p> <p>13 A. I do.</p> <p>14 Q. And this is another letter that you authored and</p> <p>15 signed?</p> <p>16 A. Yes.</p> <p>17 Q. And to the extent it's about pension matters, that's</p> <p>18 within your bailiwick, correct, between you and</p> <p>19 Ms. Taranto?</p> <p>20 A. Correct.</p> <p>21 Q. And in this letter, in scenario two -- so take a</p> <p>22 minute and look at it. I want to talk to you about</p> <p>23 scenario two.</p> <p>24 A. Okay. I've read scenario two.</p> <p>25 Q. And in scenario two, you propose a -- or you discuss a</p>	<p style="text-align: right;">Page 292</p> <p>1 GLENN BOWEN</p> <p>2 A. In my mind, yes, it is an important concept.</p> <p>3 Q. Okay. And there's a reference here to promoting</p> <p>4 intergenerational equity. Can you explain what that</p> <p>5 means?</p> <p>6 A. To repeat my last answer, that is the, the taxpayers</p> <p>7 who are funding the plan sponsor, who make</p> <p>8 contributions to the pension plan, are the ones who</p> <p>9 are receiving the services for the participants who</p> <p>10 are benefitting under the plan accruing benefits.</p> <p>11 Q. So the concept is, in general, that you're matching</p> <p>12 the amortization period, and the funding in</p> <p>13 particular, to the people who have received the</p> <p>14 benefit of the services that are -- that the pension</p> <p>15 benefits relate to, is that right?</p> <p>16 A. Yes.</p> <p>17 Q. And why is that important, or is that -- strike that.</p> <p>18 Is that an important concept in looking at</p> <p>19 funding periods in your work as an actuary?</p> <p>20 A. It's an important concept.</p> <p>21 Q. Is it one you agree with?</p> <p>22 A. It is one that I agree with, yes.</p> <p>23 Q. And the basic idea is that the burden associated with</p> <p>24 the pension benefits should be borne by those who have</p> <p>25 benefitted from the services provided by the employees</p>

14 (Pages 289 to 292)

GLENN BOWEN

who are receiving the pension benefit, is that right?

A. That is.

Q. And so does that same issue -- so we've been talking about the funding period. Does that same issue apply in consideration of whether you're choosing an appropriate investment return rate? And to be more particular, what I mean is if you choose a rate that is too high, then the period -- then the payment of the liabilities will be over one period of time. If you choose a rate that's too low, it will be over another period of time, the impact of the payments.

So does the investment return rate raise the same sort of intergenerational equity issue?

A. One could argue that it does, but mechanically I don't understand your question about the, how the investment rate of return stretches or shrinks the amortization period.

Q. Not the amortization period, but the timing at which the costs are borne or who bears the costs.

MR. MILLER: Object to form.

A. I will attempt to answer your question as follows: The higher the assumed rate of return, the less likely the rate of return is met, the more likely losses will emerge over time and have to be funded, as opposed to

GLENN BOWEN

projections, and I understand that, but if you set a rate that is overly conservative, it could have that impact, correct?

A. If the rate that you set is less than what is achieved, it will have that impact.

Q. And if the rate you set is unduly conservative, it will have that impact. In other words, if you know, going in, that you've set a rate that by your prior description is less than the 50 percentile, for example, it will have that impact, right?

A. Not necessarily.

Q. It depends on what actually happens --

A. Correct.

Q. -- but your projection would be that it would have that impact, right?

A. If you set a rate below your expected 50th percentile return, you would expect that somewhat more than half the time it would be met.

Q. And by "be met," you mean have the impact that we talked about of shifting the burden to people in early years instead of in later years?

A. Yes.

MARKED FOR IDENTIFICATION:
DEPOSITION EXHIBIT 28

GLENN BOWEN

being recognized up front.

Q. All right. So people in later years wind up paying for it instead of people in early years, correct?

A. If experience does not bear out to the assumed rate of return.

Q. And if the rate is too low, what happens? If you set a rate that's too low, what happens?

A. If the rate is set lower than what experience turns out to be, the plan sponsor benefits from additional investment return beyond that expected, which would lower future cash and employer contributions into the plan.

Q. And result in greater contribution -- in early years, what happened to the people in early years?

A. They would have paid more than had they known that there would be returns in excess of what was anticipated.

Q. So it shifts the burden from people in later years to people in early years, if the rate is set too low?

A. Once you know what happens in the future, you can determine --

Q. Right.

A. -- who paid more or less than what was expected.

Q. Of course, all investment return projections are

GLENN BOWEN

10:09 a.m.

BY MR. BALL:

Q. Mr. Bowen, for the record, I'm showing you what has been marked as Exhibit 28, which is a letter dated January 28th, 2013, Bates-stamped POA00258685, and this is again a letter about DGRS, or the GRS. First it is -- do you recognize this letter?

A. I do.

Q. And it's a letter that you authored and signed?

A. It is.

Q. And I have particular questions about a couple of the scenarios, particularly scenario two and scenario three.

So the first question is, does your reference in scenario two to the multiplier, can you explain what that means?

A. In a final average salary pension plan, the benefit will be determined by using the final average salary of the participant, the length of their service, and a multiplier, some percentage of that amount.

Q. And how does the multiplier work, can you explain to me how that works?

A. Sure. If you have -- if the plan were to be two percent times service times final average pay, and you

GLENN BOWEN

had 25 years of service, your benefit would be two percent times 25 years times your final average salary.

Q. And so scenario two looks at an open 30-year amortization as a level percent of payroll, do you see that? It's in the next-to-the-last paragraph under two.

A. I do.

Q. Okay. Scenario three, if you look at it, changes to a closed 30-year amortization. Do you see that?

A. I do.

Q. All right. And it also goes from a level percent of payroll to a level dollar contribution funding plan, do you see that?

A. I do.

Q. And you say, in the second full paragraph on page 3, that the change from open to closed amortization and level percent of payroll to level dollar payroll for this scenario is based on our expectation of changes that the system actuary might make in response to the closing of the plan to new hires.

Do you see that?

A. I do.

Q. Can you explain what you meant by that?

GLENN BOWEN

Q. Okay.

A. -- that's explanatory.

Q. What you were attempting to do is project what the system actuary might do, correct?

A. Yes.

Q. Okay. And why are you trying to project what the system actuary might do?

A. We were asked to value the particular scenario which was closing the plan to new hires. So with a finite future, given our expectation of what the system actuary would do, this represents the -- these results represent the information that we would expect that the system and the plan sponsor would see if the actuary took those steps.

Q. And it's also a reflection, isn't it, that ultimately the decision is going to be made by the system actuary about how to deal with these things?

A. Yes.

Q. And, in fact, you say in the next sentence, they might choose not to make any change or could make a different change.

Do you see that?

A. Yes, I do.

Q. And so ultimately how -- you're giving them your best

GLENN BOWEN

A. The level percent of payroll amortization develops a payment pattern in dollars, where the dollars are smaller today than they are in the future, and basically increase geometrically over time as payroll increases. So it's a significantly backloaded way to pay off a debt. In the existing case, the debt actually grows for a number of years before any principal is retired.

The level dollar payment is akin to your mortgage, if you will, if you have a traditional mortgage where you have a level dollar payment and you're writing down principal immediately.

Q. Okay. So you say going from open to closed -- you talked about level percent to level dollar, and you're also going from open to closed, correct?

A. Yes.

Q. Okay. So those are two changes that this scenario discusses?

A. Yes.

Q. Okay. And you say it's based on your expectation of changes that the system actuary might make in response to the closing of the plan to new hires. Can you explain what you meant by that?

A. Other than the words that were used there, that's --

GLENN BOWEN

estimate here, but how this will actually work out will depend on what the system actuary decides, correct? Or they decide in, the plan decides in consultation with the system actuary?

A. That is exactly what I was going to say.

Q. Okay. And then you go on and say: Milliman's recommendation in this instance would be to make both changes and also to decrease the term of the amortization period.

Do you see that?

A. I do.

Q. Okay. And so, first, you are recommending here that there be a less than 30-year amortization period in the event that the plan is closed, correct?

A. Yes, we are.

Q. Okay. But you're not saying particularly what it is, what amortization period you recommend?

A. We don't say in this letter.

Q. All right. But you do, then, it appears, sometimes make recommendations to your clients about the appropriate amortization period, don't you?

A. In the event of this discrete change, yes, we made a recommendation.

Q. Okay. Have you made other similar recommendations --

GLENN BOWEN

I'll go back to my question from earlier.

A. Sure.

Q. Have you made other -- are there other scenarios where you have made recommendations to clients about amortization periods? Is this the only time you've ever done it?

A. I appear to be tripped up on the word recommendation here. Had I written this knowing we'd have this discussion, I might have written: Milliman recommends you consider.

We've been asked by clients when they do -- when they have a discrete event. That's where I would say this arises. As an example, a client puts in an early retirement incentive, and the impact of that early retirement incentive is a very short-term impact, we'll be asked by the client and/or their auditor, what should we use as an amortization period. And 30 may be inappropriate, five or ten may be more appropriate.

Q. Okay. So in those circumstances, where you're asked, and you have a view about whether an amortization period is appropriate or inappropriate, you make a recommendation, don't you?

A. Yes.

GLENN BOWEN

opposed to you and an employee or representative of the -- an employee of the city. And you spoke yesterday about at some point beginning work with the pension task force.

Can you tell me when you began work with the pension task force as opposed to directly with the city?

A. It was early in 2013.

Q. Okay. And so even -- do you recall how far before April of that year you began work with the pension task force?

A. I don't recall exactly how far before.

Q. All right. Can you explain how the change came about that you were working with the pension task force and not directly with the city? From your perspective, at least, how did that happen?

A. From my simplistic perspective, we were told to be on the pension task force.

Q. So you're actually on the pension task force?

A. Yes.

Q. And did Milliman -- so what role did Milliman play on the pension task force?

A. Milliman would join conference calls on a weekly basis and we would prepare measurements that were requested

GLENN BOWEN

Q. Now, I take it here, however, you were trying to project what you thought the system actuary would do, and so notwithstanding your recommendation that there might be a lower amortization period, your expectation would have been that the system actuary would maintain a 30-year amortization period, is that right?

A. That's what we've written here.

Q. Okay. And that's what you thought at the time?

A. We thought that at the time.

MARKED FOR IDENTIFICATION:
DEPOSITION EXHIBIT 29
10:20 a.m.

BY MR. BALL:

Q. Mr. Bowen, I don't think you'll wind up needing to spend a lot of time on this because I'm not going to ask a lot of detailed questions, but this Exhibit 29 is a letter dated April 18th, 2013, with Bates stamp POA00221957. Do you see that?

A. I do.

Q. And this is a letter, again, that you authored and signed?

A. Yes.

Q. And this is the first correspondence, at least that I was able to find, between you and Jones Day, as

GLENN BOWEN

of us.

Q. Okay. In participating in the pension task force, did Milliman make recommendations to the pension task force about what tasks Milliman should undertake?

A. No, Milliman did not.

Q. Okay. Did Milliman make recommendations about investment rate as part of the pension task force?

A. We were asked to prepare an investment rate analysis, which is somewhere in this pile which we --

Q. Would be in the November 4th letter, but I'm not asking about the various analyses that wind up being embodied in the letter. Your general testimony is that you got instructions from the pension task force about scenarios to run or the ways to -- you know, what scenario to look at, what assumptions to make and what scenario to look at. Is that basically right, that that's the way it worked?

A. Yes.

Q. Okay. And what I'm trying to understand is whether, because of your role on the pension task force, you did more than simply receive instructions, but provide input to the pension task force about what your instructions should be, what scenario should be chosen, what parameters, what assumptions you made,

GLENN BOWEN

any of those things?

A. I don't believe that we played that role. We received, as you mentioned, many different plan design scenarios to model. We received many different investment returns to run those scenarios at. And we performed the modeling as requested.

Q. Okay. So your participation on the task force was one of receiving assignments, not designing the assignments, but receiving assignments and then executing the assignments, and those were reflected in your letters to the -- to Jones Day in connection with your work on the project?

A. Yes.

Q. So there's no circumstance where you ever recommended an amortization period, for example, other than what we've just seen?

A. To the best of my recollection, no.

Q. Okay. And apart from the November 4th letter that we looked at yesterday that analyzed an appropriate rate of return, did you make any recommendations about the investment rate that should be used in your analyses?

A. Apart from that letter, no. And to put a fine point on it, we didn't recommend the rates that should be used in our analyses. We were provided with a range

GLENN BOWEN

you got the instructions, say, to perform a valuation of the DWSD as a spinoff, for example, that happened several times, right?

A. We performed some analysis of DWSD, yes.

Q. And did you have an understanding, when you got those assignments, about what purposes those assignments were going to be used for, those analyses were going to be used for?

A. Other than the fact it seemed self-evident that it would be used in conjunction with negotiations regarding DWSD, I didn't ask for or receive any other information.

Q. And just to be clear, that was your assumption based on the nature of the project, or were you told that that's what it was going to be used for? I'm trying to understand generally how it works, and this is a particular example.

A. I'm not sure that once given an assignment regarding DWSD I would have asked the question, are you going to use this in negotiations regarding DWSD. I don't think any further conversation occurred after I was asked to perform a certain project.

Q. So when you got projects, you weren't told specifically what the purpose for the project was, you

GLENN BOWEN

of rates. That letter was a different request.

Q. You analyzed an appropriate investment return assumption based on a set of asset mandates in the investment policy, is that fair?

A. For the purposes of that letter.

Q. And in the various analyses that you ran for the pension task force, did you have an understanding about how or for what purpose the numbers and the analyses Milliman was providing were going to be used?

A. My understanding is that we were asked for a vast array of scenarios to model over time, and that the analyses were reviewed by the city so they could understand the sensitivity of the results to the various inputs they provided and would further be used in their negotiation.

Q. All right. So I guess I'm asking -- you understood that the city would be using the analyses you provided for purposes of negotiation with various parties?

A. I understood that.

Q. All right. And did you understand which negotiations particular scenarios were going to be used for?

A. Not in any -- there wasn't a standard thing that I was informed of.

Q. All right. So I'm just trying to understand. When

GLENN BOWEN

were just given the project and you might have been able to estimate or make an informed guess about what the purpose was, but you weren't specifically told what the purpose was?

A. That's a fair characterization.

Q. All right. Did it matter, for purposes of your analyses, to know what the purpose of the analysis was, to know what use it was going to be put to?

A. I can't recall any projects where I was confused as to what the project description was and asked questions, other than here is how we interpret your request, so that we could prepare the analysis, as opposed to what are you guys going to do with this once we give it to you, who are you going to talk to.

That would have been necessary to prepare the analysis.

Q. So it did not matter to you what the purpose was, all you needed to know was what the parameters were that were being assigned?

A. Well, I mean, I'll just take objection to the first part when you say it did not matter, it makes it sound as if we were blast and didn't think about what we were doing, and I don't think that's a fair characterization.

<p style="text-align: right;">Page 309</p> <p>1 GLENN BOWEN</p> <p>2 Q. And that's not what I'm trying to suggest. What I am</p> <p>3 trying to ask about is not whether you cared about</p> <p>4 your work, and I do not mean that at all. I'm sure</p> <p>5 you care very deeply about it. I'm trying more to</p> <p>6 understand whether it was important for purposes of</p> <p>7 your analysis to know with any particularity what use</p> <p>8 was actually going to be made of the analysis?</p> <p>9 A. To the extent that we had questions or were unclear on</p> <p>10 developing the assignment, we asked the city questions</p> <p>11 and may have given examples and said, do you mean A,</p> <p>12 B, or C by this.</p> <p>13 We asked questions necessary to complete</p> <p>14 our work and respond to the city's questions, and</p> <p>15 that's how we conducted our projects.</p> <p>16 Q. Okay. But my question is not what did you ask</p> <p>17 questions, my question is, was it significant or</p> <p>18 important, for purposes of your analysis, to</p> <p>19 understand what the purpose was that the analysis was</p> <p>20 being undertaken for? Not do we need to know, do we</p> <p>21 have questions about what amortization period you use</p> <p>22 or anything like that, I'm not asking about the</p> <p>23 assumptions you're being assigned or the parameters</p> <p>24 you're being assigned.</p> <p>25 I'm asking, is it significant, or was it</p>	<p style="text-align: right;">Page 311</p> <p>1 GLENN BOWEN</p> <p>2 parties. When we were provided the number as an</p> <p>3 input, to put into our model, the financial situation</p> <p>4 of the system does not change whether the dollar came</p> <p>5 from the institute or whether it came from the state.</p> <p>6 So while we would have looked at that and</p> <p>7 been aware that this was what was being discussed, we</p> <p>8 did not feel the need to say, are you sure these</p> <p>9 dollars are from the state or are you sure these</p> <p>10 dollars are from some other funding source.</p> <p>11 To our work, it was important to know that</p> <p>12 the dollars were coming in.</p> <p>13 Q. Okay. Again, that's, I think, not responsive to the</p> <p>14 question.</p> <p>15 A. Okay.</p> <p>16 Q. And the question is just was it significant or</p> <p>17 important to you to know the use that was going to be</p> <p>18 made of the analysis that you were undertaking, on any</p> <p>19 of the analyses that you were undertaking?</p> <p>20 A. To reduce it to its simplest form and combine all of</p> <p>21 those answers, yes.</p> <p>22 Q. Okay. And did you ever ask the city specifically what</p> <p>23 use it was going to make of any of the analyses that</p> <p>24 you were undertaking?</p> <p>25 A. We never felt the need to ask the specific question</p>
<p style="text-align: right;">Page 310</p> <p>1 GLENN BOWEN</p> <p>2 significant to you, to understand the use that was</p> <p>3 going to be made, the specific use that was going to</p> <p>4 be made of a particular analysis that you were being</p> <p>5 assigned?</p> <p>6 A. I'm having trouble with the question, just because</p> <p>7 there's not a clear-cut yes or no. When it was</p> <p>8 important for us to have more understanding in terms</p> <p>9 of doing our project, that was conveyed to the city</p> <p>10 with the questions that we asked them.</p> <p>11 Q. Okay. Did you ever go back to the city and say, what</p> <p>12 are you going to do with this analysis, what is the</p> <p>13 purpose for which you're having us prepare it?</p> <p>14 A. I never asked that particular question.</p> <p>15 Q. Okay. Was it significant to you to know what the</p> <p>16 purpose was or what the use was that the city was</p> <p>17 planning to make of any of the particular assignments</p> <p>18 that you were given?</p> <p>19 A. Yes, it's significant in the fact that we had to make</p> <p>20 sure we understood the request and respond to the</p> <p>21 city, and perhaps I can give you one example.</p> <p>22 We discussed yesterday various cash inputs</p> <p>23 from foundations from the state, et cetera. It was</p> <p>24 self-evident to me that those matters were being</p> <p>25 discussed via pension task force, city, all the</p>	<p style="text-align: right;">Page 312</p> <p>1 GLENN BOWEN</p> <p>2 that you used a few moments ago, as to what are you</p> <p>3 going to do with this.</p> <p>4 Q. Why not?</p> <p>5 A. Because it was either rather self-evident, or the</p> <p>6 particulars, as in the example I gave you, were</p> <p>7 sufficient for us to prepare our analysis, and the</p> <p>8 city could use that to further their negotiations</p> <p>9 without us asking which day are you going to talk to</p> <p>10 the institute, which day are you going to talk to the</p> <p>11 foundations, which day are you going to talk to the</p> <p>12 state. We knew -- we assumed they would have taken</p> <p>13 that information and gone forth with it.</p> <p>14 Q. So you assumed you understood the purposes for which</p> <p>15 your analyses were going to be used, without being</p> <p>16 told and without asking?</p> <p>17 A. To go back to my earlier point, I think you're asking</p> <p>18 me if we had some very explicit conversations, which I</p> <p>19 think would have been gratuitous. We did not receive</p> <p>20 an assignment regarding DWSD and receive an extra</p> <p>21 statement from the city: This regards DWSD, we're</p> <p>22 going to use it to discuss with DWSD.</p> <p>23 So there is some difficulty I have with</p> <p>24 answering your question the way it's posed, because,</p> <p>25 as I said, we didn't feel the need to ask if a DWSD</p>

<p style="text-align: right;">Page 313</p> <p>1 GLENN BOWEN</p> <p>2 assignment was regarding DWSD.</p> <p>3 MR. MUTH: We've been going an</p> <p>4 hour-and-a-half, so ...</p> <p>5 MR. BALL: Sure. We can take a break.</p> <p>6 MR. MUTH: Okay, great.</p> <p>7 VIDEO TECHNICIAN: The time is 10:34 a.m.</p> <p>8 We are off the record.</p> <p>9 (Off the record at 10:34 a.m.)</p> <p>10 (Back on the record at 10:53 a.m.)</p> <p>11 MARKED FOR IDENTIFICATION:</p> <p>12 DEPOSITION EXHIBIT 30</p> <p>13 10:53 a.m.</p> <p>14 VIDEO TECHNICIAN: We're back on the</p> <p>15 record. The time is 10:53 a.m.</p> <p>16 BY MR. BALL:</p> <p>17 Q. Okay. Welcome back, Mr. Bowen.</p> <p>18 A. Thank you.</p> <p>19 Q. And you should have in front of you what has been</p> <p>20 marked as Exhibit 30, which is a letter dated</p> <p>21 May 20th, 2013, Bates-numbered POA0022046. Do you see</p> <p>22 that?</p> <p>23 A. I do.</p> <p>24 Q. And that, again, is a letter that you authored and</p> <p>25 signed?</p>	<p style="text-align: right;">Page 315</p> <p>1 GLENN BOWEN</p> <p>2 amortization period.</p> <p>3 A. Absolutely, yes, the projection period is the amount</p> <p>4 of time that results were calculated for, given all of</p> <p>5 the underlying parameters.</p> <p>6 Q. So you looked at what was going to happen over ten</p> <p>7 years, but you used different scenarios involving</p> <p>8 amortization periods that were longer than ten years?</p> <p>9 A. Correct.</p> <p>10 Q. Okay. And there are -- in the first scenario, you</p> <p>11 apply an 18-year amortization period. Was that based</p> <p>12 on a recommendation by Milliman?</p> <p>13 A. This would seem to follow from a letter we looked at</p> <p>14 recently where we were asked to determine what</p> <p>15 amortization period would be needed, such that the</p> <p>16 amortization payments would cover interest on the</p> <p>17 unfunded liability in the very first year.</p> <p>18 Q. Okay. And so over the life of the project, you</p> <p>19 perform a number of analyses that use an 18-year</p> <p>20 amortization period, which we saw calculated in the</p> <p>21 letter that we looked at earlier. Was that always</p> <p>22 based, to your understanding, on your initial</p> <p>23 calculation of that 18-year amortization period?</p> <p>24 Did the reasons for the use of an 18-year</p> <p>25 amortization period change? I'm just trying to</p>
<p style="text-align: right;">Page 314</p> <p>1 GLENN BOWEN</p> <p>2 A. Correct.</p> <p>3 Q. And it's a -- in it you are analyzing a scenario</p> <p>4 involving you're providing a DGRS simple ten-year</p> <p>5 projection of plan freeze and a future COLA, is that</p> <p>6 right?</p> <p>7 A. Correct.</p> <p>8 Q. And the ten-year projection, why are you performing a</p> <p>9 ten-year projection here?</p> <p>10 A. We were requested to perform a ten-year projection.</p> <p>11 Q. Did you have any understanding of why ten years, as</p> <p>12 opposed to five years, which we saw previously, or 20</p> <p>13 years or 30 years, why you were requested in</p> <p>14 particular to provide a ten-year projection?</p> <p>15 A. I don't remember the specific reason why ten.</p> <p>16 Q. Okay. And it's not the amortization period that's</p> <p>17 used here, right?</p> <p>18 A. This is a ten-year projection.</p> <p>19 Q. Right. But you're looking at -- but the amortization</p> <p>20 period that you're looking at, in looking at a</p> <p>21 ten-year projection, is not a ten-year amortization</p> <p>22 period, correct?</p> <p>23 It's, for example, the first scenario is an</p> <p>24 18-year amortization. I'm just trying to draw a</p> <p>25 distinction between the projection and the</p>	<p style="text-align: right;">Page 316</p> <p>1 GLENN BOWEN</p> <p>2 understand, because it reappears numerous times, I'm</p> <p>3 trying to understand if anything changed to prompt it.</p> <p>4 A. Understood. I would say that in the particular letter</p> <p>5 you're asking me about right now, it seems logical</p> <p>6 that the 18 would have been reused for the exact</p> <p>7 purpose that we just described it, and I have done</p> <p>8 enough scenarios that I can't recall. We may have</p> <p>9 been asked at some point in time to do a scenario</p> <p>10 where the result was also 18 given a different set of</p> <p>11 parameters. I can't rule that out, but this</p> <p>12 particular analysis appears to be following directly</p> <p>13 from the previous one we reviewed.</p> <p>14 Q. Okay. So your best recollection -- do you recall</p> <p>15 specifically, or you're just assuming, based on what</p> <p>16 you're seeing and the timing in this letter, that it's</p> <p>17 based on the prior analysis?</p> <p>18 A. Yes, based on the prior, based on the prior analysis,</p> <p>19 yes.</p> <p>20 Q. Okay. And so you're assuming, you're assuming that</p> <p>21 that's the reason for it?</p> <p>22 A. Without reading the entire letter, yes.</p> <p>23 Q. Okay. Well, you're welcome to read it. I just want</p> <p>24 to understand what's going -- I'm trying to understand</p> <p>25 what's going on and what the history of the use of the</p>

20 (Pages 313 to 316)

Elisa Dreier Reporting Corp. (212) 557-5558
950 Third Avenue, New York, NY 10022

113-53846-111 Doc 13634-23 Filed 09/09/23 Entered 09/09/23 18:52:31 Page 29 of 754

<p style="text-align: right;">Page 317</p> <p>1 GLENN BOWEN</p> <p>2 18-year amortization period is and why it gets used.</p> <p>3 A. Yeah, for the purpose of this letter, that appears to</p> <p>4 be the case. It's based on the prior letter.</p> <p>5 Q. And is there something in particular you're seeing</p> <p>6 here that makes you think that, or is it just the</p> <p>7 context in which this is -- the circumstances?</p> <p>8 A. It's the context.</p> <p>9 Q. Okay. And you don't have a specific recollection</p> <p>10 about it, but it's from the context you're concluding</p> <p>11 that must be the case?</p> <p>12 A. Yes.</p> <p>13 Q. In the second scenario, you change from an 18-year</p> <p>14 level percent of payroll to a 15-year level dollar</p> <p>15 payment beginning with the June 30th, 2013, valuation.</p> <p>16 Do you see that?</p> <p>17 A. I do.</p> <p>18 Q. It's in the second paragraph.</p> <p>19 A. I do.</p> <p>20 Q. Okay. And so the 18-year amortization period you</p> <p>21 believe was wrong from your prior letter?</p> <p>22 A. Yes.</p> <p>23 Q. Why are you looking at a 15-year amortization period</p> <p>24 in this scenario?</p> <p>25 A. I don't specifically state why in this letter, other</p>	<p style="text-align: right;">Page 319</p> <p>1 GLENN BOWEN</p> <p>2 A. That is my recollection.</p> <p>3 Q. And so here, the choice to use a 15-year level dollar</p> <p>4 amortization for a closed plan would have been</p> <p>5 prompted by the same sort of considerations, is that</p> <p>6 fair?</p> <p>7 A. The same sort of considerations, yes.</p> <p>8 Q. Okay. And had you actually undertaken an analysis of</p> <p>9 the average working lifetime of the DGRS employees at</p> <p>10 this point?</p> <p>11 A. At this point, we would not have done that.</p> <p>12 Q. Did you do it eventually?</p> <p>13 A. I don't recall if we did or not.</p> <p>14 Q. So, sitting here today, you don't recall whether you</p> <p>15 ever analyzed the average working lifetime of the</p> <p>16 beneficiaries under the DGRS plan. Eventually, it's</p> <p>17 proposed to be a closed plan, you didn't, you didn't</p> <p>18 analyze what the average working lifetime of the</p> <p>19 remaining beneficiaries in the plan was, the actives?</p> <p>20 A. I'll state it this way. When we did our replication</p> <p>21 valuation, that would have been an output. I don't</p> <p>22 recall that we were ever asked to do any analysis</p> <p>23 where we had to use that output to prepare any further</p> <p>24 results.</p> <p>25 Q. Okay. So it may be in your work papers, and it may</p>
<p style="text-align: right;">Page 318</p> <p>1 GLENN BOWEN</p> <p>2 than the difference between scenario one and scenario</p> <p>3 two is the plan being frozen.</p> <p>4 Q. Okay. And we looked earlier at the analysis for a</p> <p>5 PFRS amortization, where the PFRS had been closed and</p> <p>6 a 15-year amortization period was closed -- was chosen</p> <p>7 for the closed PFRS plan. Is a similar thought</p> <p>8 process producing the 15-year proposal here, where the</p> <p>9 assumption is the plan's closed for DGRS?</p> <p>10 A. It's logical to assume that's where this 15-year level</p> <p>11 dollar arose from.</p> <p>12 Q. Okay. And in the PFRS circumstance, that was based on</p> <p>13 consideration of the average working lifetime of the</p> <p>14 workforce, and the concerns about intergenerational</p> <p>15 equity that we talked about, is that right?</p> <p>16 A. The average working lifetime, I believe, was stated as</p> <p>17 the reason by the system actuary in their valuation</p> <p>18 report, and then we would have added the comment, I</p> <p>19 believe, about the intergenerational equity to further</p> <p>20 explain that to our client.</p> <p>21 Q. Okay. So just to make sure I understand that, there</p> <p>22 was -- the comment about intergenerational equity is</p> <p>23 not something you took from the Gabriel Roeder report,</p> <p>24 but something that you added by way of explanation to</p> <p>25 your client about why that made sense?</p>	<p style="text-align: right;">Page 320</p> <p>1 GLENN BOWEN</p> <p>2 even be in one of your letters, but it's not something</p> <p>3 you ever did anything with?</p> <p>4 A. That's, that's my recollection.</p> <p>5 Q. In both of these scenarios that you're running here,</p> <p>6 you look at alternate investment return rates, a 6.3</p> <p>7 rate and a seven percent rate, do you see that?</p> <p>8 A. I do.</p> <p>9 Q. And those are both net investment and admin expense,</p> <p>10 correct?</p> <p>11 A. The 6.3 was developed as net of admin and investment.</p> <p>12 The seven was requested by the city. I believe we</p> <p>13 would have treated it the same way.</p> <p>14 Q. Okay. So both, in both cases, your analysis treated</p> <p>15 it as net of investment and admin expense?</p> <p>16 A. That's what I believe from reading this letter, yes.</p> <p>17 Q. You can put that one aside.</p> <p>18 MARKED FOR IDENTIFICATION:</p> <p>19 DEPOSITION EXHIBIT 31</p> <p>20 11:04 a.m.</p> <p>21 BY MR. BALL:</p> <p>22 Q. Okay, Mr. Bowen -- and I actually only have a couple</p> <p>23 of questions about this, but this is a letter that is</p> <p>24 dated June 3rd, 2013. So a few weeks after the letter</p> <p>25 we just looked at. And it's Bates-stamped</p>

21 (Pages 317 to 320)

Elisa Dreier Reporting Corp. (212) 557-5558
950 Third Avenue, New York, NY 10022

113-53846-tjt Doc 13634-20 Filed 09/09/23 Entered 09/09/23 18:52:31 Page 220 of 754

<p style="text-align: right;">Page 321</p> <p>1 GLENN BOWEN</p> <p>2 POA00260055. So my first question about this is if it</p> <p>3 is a letter that you authored and signed?</p> <p>4 A. Yes.</p> <p>5 Q. Okay. And I was trying to figure out, and I'm not</p> <p>6 sure I ever did figure out, what the difference is</p> <p>7 between the analysis that you're doing here and the</p> <p>8 one that you did in the letter we just looked at, both</p> <p>9 DGRS simple ten-year projections of plan freeze and no</p> <p>10 future COLA.</p> <p>11 Do you have an understanding about what the</p> <p>12 difference was between these two analyses, why you're</p> <p>13 doing them separate?</p> <p>14 A. I do.</p> <p>15 Q. Okay. Can you tell me what that is?</p> <p>16 A. In the prior letter, Exhibit 30, the benefit payment</p> <p>17 projection which we used in the course of our</p> <p>18 recursive formulas was based upon Milliman judgment</p> <p>19 and noted under the rule of thumb adjustments.</p> <p>20 In the interim, we received a valuation</p> <p>21 report, whether preliminary or final, that Gabriel</p> <p>22 Roeder had prepared for the system as of 2012. In</p> <p>23 that valuation report, they had several projections</p> <p>24 based upon 2011 valuation results, and based upon the</p> <p>25 quantities they showed in those projections, we were</p>	<p style="text-align: right;">Page 323</p> <p>1 GLENN BOWEN</p> <p>2 reporting it here.</p> <p>3 Q. Okay. And so did you assume that the higher Gabriel</p> <p>4 Roeder -- I mean, the Gabriel Roeder number was</p> <p>5 correct, as opposed to the higher number -- I mean,</p> <p>6 how did you, what did you use, what numbers did you</p> <p>7 use to determine your analysis of the benefits or</p> <p>8 projections?</p> <p>9 A. Our projections would have started at 2012's. We</p> <p>10 wouldn't have used the trailing number.</p> <p>11 Q. Can you explain what you mean by that? When you say</p> <p>12 they would not have used the trailing number, what do</p> <p>13 you mean?</p> <p>14 A. We started -- we seeded our model with 2012</p> <p>15 liabilities and projected forward from there, to the</p> <p>16 best of my recollection. Just give me a moment to</p> <p>17 confirm that, make sure we're looking at that letter.</p> <p>18 So when we started, as noted in the first</p> <p>19 paragraph, with June 30, 2012, liabilities, we moved</p> <p>20 forward from June 30, 2012, based upon the assets and</p> <p>21 liabilities as reported for that date, and the note</p> <p>22 here was our -- basically, the purpose of the table</p> <p>23 was to show that we looked at the 2011 projections</p> <p>24 that were included in the 2012 valuation report and</p> <p>25 prepared these benefit payments.</p>
<p style="text-align: right;">Page 322</p> <p>1 GLENN BOWEN</p> <p>2 able to impute the benefit payments that they were</p> <p>3 projecting.</p> <p>4 Q. Okay. So you had more up-to-date Gabriel Roeder</p> <p>5 information that allowed you to look again at the</p> <p>6 benefit analysis?</p> <p>7 A. Correct.</p> <p>8 Q. And if you look on page, pages 4 to 5, there's a</p> <p>9 discussion there about expected benefit payments. Do</p> <p>10 you see that?</p> <p>11 A. Yes.</p> <p>12 Q. Okay. And in the first full paragraph on page 5,</p> <p>13 there's a discussion there about the anticipated</p> <p>14 benefit payments developed by Gabriel Roeder Smith &</p> <p>15 Company in projections for the 2011-2012 fiscal year,</p> <p>16 or 225.5 million; however, the actual benefit payments</p> <p>17 for the 2011-2012 fiscal year 394.2 million, a</p> <p>18 difference of 168.7 million.</p> <p>19 Did you ever learn what the reason for that</p> <p>20 disparity was?</p> <p>21 A. We never learned specifically the reason.</p> <p>22 Q. Okay. And in undertaking your analysis, did -- at</p> <p>23 least at this point, how did you deal with that</p> <p>24 disparity, what did you do?</p> <p>25 A. We did not specifically deal with the disparity beyond</p>	<p style="text-align: right;">Page 324</p> <p>1 GLENN BOWEN</p> <p>2 And the reason why we put this table in is</p> <p>3 because while several quantities were shown in the</p> <p>4 projection in the valuation report, the benefit</p> <p>5 payments were not. However, they were a solve-for</p> <p>6 item. The projections started at 2011 forward. We</p> <p>7 had to solve each year to be able to impute the</p> <p>8 benefit payments.</p> <p>9 However, in our projection, we started at</p> <p>10 June 30, 2012, and moved forward. So trailing numbers</p> <p>11 from 2011-12 did not directly make it into our model.</p> <p>12 Q. I'm trying to figure out why, then, you have the</p> <p>13 numbers listed for 2011-12 in your table and why you</p> <p>14 have the discussion about the disparity here. Can you</p> <p>15 explain that? If we're doing this starting with the</p> <p>16 next and using that as the jumping-off point for your</p> <p>17 analysis, why do you have listed the 2011-2012 number?</p> <p>18 A. We're starting with 2011-12 in this table because</p> <p>19 that's what we had to do to impute the numbers to draw</p> <p>20 out the benefit payments from the projections in the</p> <p>21 Gabriel Roeder valuation report which started with</p> <p>22 2011. So this was informational.</p> <p>23 Q. So did you use the 225.5 million in your analysis in</p> <p>24 any way?</p> <p>25 A. We would have started with the assets as of 2012 that</p>

22 (Pages 321 to 324)

GLENN BOWEN

were reported in the valuation report.

Q. Okay. So I think you just said assets, and I'm not sure that's what you meant. Did you mean to say assets there?

A. Yeah.

Q. As opposed to the payments?

A. We would have seeded our projection system with the assets and liabilities that were stated as of June 30, 2012, in the valuation report.

Q. So in projecting the benefit, how does that -- I'm trying to understand how that connects to the benefit payments piece.

A. In our earlier letter, we would have estimated benefits prospectively based upon Milliman's rule of thumb adjustment that was stated in the letter. In this letter, prospective to 2012, we used the benefit payments that were imputed and are listed in this table prospective to 2012.

Q. One last question about this. Did you ever discuss with Gabriel Roeder what the reason was for the disparity?

A. Did not discuss that with Gabriel Roeder.

Q. Is there a reason why you didn't?

A. Did not feel it was necessary to discuss it with them

GLENN BOWEN

A. In a letter that we reviewed recently, seven percent was noted as the city's request. So I will assume that, in addition to the rest of the parameters, were all provided to us as inputs for our modeling in the June 14th and June 4th letter.

Q. Okay. So are you assuming it, or do you know that that was what happened here?

A. I know that that's what happened here.

Q. Okay. And how do you know it?

A. Because I remember running multiple scenarios, as is evidenced in the July, or June 4th letter, and I didn't go asking the city, let me run 20 scenarios for you. But it was defined for me and we prepared those results.

Q. Okay. And if you look -- is this a plan-freeze scenario? It's a follow onto the June 4th letter, which appears to be a plan-freeze scenario. I'm just trying to understand if this is a plan-freeze scenario, as well.

A. Sure. And I haven't reviewed every scenario here yet. If you are referring to Exhibit 2D on Bates 222001, that is not a plan-freeze scenario.

Q. Okay. So is that the analysis that you're performing in the June 14th letter, is for an open plan, I mean,

GLENN BOWEN

to complete the assignment that we were given.

MARKED FOR IDENTIFICATION:

DEPOSITION EXHIBIT 32

11:12 a.m.

BY MR. BALL:

Q. This is 32. Mr. Bowen, I'm showing you what's been marked as Exhibit 32, which is a letter dated June 14th, 2013, Bates number is POA00221998. And my first question -- and it's got an attachment, which is another letter dated June 4th, so those are both included in the package.

First, is the June 14th letter a letter you authored and signed?

A. Yes, it is.

Q. All right. And is the June 4th letter a letter you authored and signed? It starts at POA00222002.

A. Yes, it is.

Q. Okay. And this -- the June 14th letter uses a seven percent investment return assumption and a closed 30-year level dollar amortization period. Do you see that?

A. I do.

Q. And the decision to use those parameters for the analysis, whose decision was that?

GLENN BOWEN

a -- without a plan freeze?

A. Correct.

Q. In the June 4th letter, the analysis is of a plan freeze, correct?

A. There are ten or 12 scenarios in that letter and there are some of each. There are 14 scenarios in the letter, there are some of each.

Q. Okay. Fair enough. There are -- in scenario two, does scenario two assume a plan freeze, in the June 4th letter?

A. There are seven scenario ones and seven scenario twos. Each scenario two is labeled as plan freeze.

Q. Okay. And the -- in scenario two, you looked at multiple amortization periods, correct?

A. In the various scenario twos, there appear to be different amortization periods.

Q. Okay. And that includes a 15-year scenario, a 20-year scenario, and a 30-year scenario, correct?

A. I didn't actually see the 20, but that does sound familiar. I'm going to check.

Q. I'm looking at 222005.

A. Okay. The table. I'm with you, yes, 15, 20 and 30, and 18.

Q. And so we've talked about a 15-year amortization

GLENN BOWEN

scenario previously for a frozen plan?

A. Mmm-hmm.

Q. Here you are advising -- I mean, analyzing not only that, but a 20 and 30-year amortization period. Do you see that?

A. Yes.

Q. And did you advise the city that the use of a 20 or 30-year plan -- amortization period in connection with a frozen plan would be inappropriate or advisable in any way?

A. In the context of this letter, I don't recall we made those -- that type of analysis, other than doing the mechanical analysis.

Q. Is there -- you said in the context of this letter, so I'd like to understand whether you told the city that a 30-year amortization period for a closed plan, with a closed, 30-year closed amortization period, would be inappropriate?

A. I never recall using the word inappropriate, but you did point out a letter earlier where we said we would recommend some changes in the event of a freeze or close.

Q. Okay.

A. That's what I was referring to.

GLENN BOWEN

do something shorter, but that's not my decision to make.

In terms of actuarial standards of practice, I know of nothing that says 30 years is an unreasonable amortization period.

Q. So I assume that what you just said about 30 years, and having not told the city that it was contrary to good practice or contrary to actuarial standards would apply equally to the use of a 20-year amortization period?

A. I'm not -- sorry, I'm missing --

Q. It's a complicated way to ask the question. I apologize. Did you tell the city at any point that use of a 20-year amortization period would be contrary to best practices?

A. I don't recall using those words, no.

Q. In sum or substance?

A. I'm not sure exactly what that means, but in general, the reason why I say I don't recall doing that is because I'm more inclined to make statements that a shorter amortization period will cost more but will secure pension benefits sooner and will set the plan in a better position. If you choose to use a longer period, you'll have more, more risk of downside

GLENN BOWEN

Q. And I think that's a fair point. I'm just -- you recommended a lesser period than 30 years. My question is, did you tell them that it was inappropriate or improper in any way?

A. I don't recall using those words.

Q. All right. Other than what we saw in the earlier letter where you recommended a shorter period, did you tell them, did you ever tell the city that a 30-year period for amortization for a closed plan would be contrary to good practice or contrary to actuarial standards?

A. Well, there are two separate questions there.

Q. Okay. Let's start with good practice and then we'll do actuarial.

A. Okay. Good practice is a significantly broad topic, funding a pension plan. It can be done in many, many different ways. As an actuary, my -- I'm generally happy when plan sponsor say, we'd like to contribute to the pension plan. I also realize there are other uses for plan sponsors' money.

So if a plan sponsor were to conclude that we are closing our plan but we're going to fund over 30 years because that's what our budget permits, I can't tell them not to do it. I would wish they would

GLENN BOWEN

experience, to the extent you don't have the money in the plan to support the benefits. That's the way that I would typically address that type of situation.

I would find it odd if I had typed a letter that said this is inappropriate.

Q. Okay. And the point of my question was just to see, even though you hadn't used those words, whether you were going to say that you had said something to similar effect, right, as opposed to inconsistent with best practices. That means the same thing even if not phrased the same way.

MR. MONTGOMERY: Objection to form.

BY MR. BALL:

Q. So, with that understanding, do you have any different answer?

A. No, I do not.

Q. In the summer of 2013, did you have meetings with Gabriel Roeder?

A. In the summer of 2013, I attended a meeting in the city of Detroit, Gabriel Roeder attended, Jones Day, Conway MacKenzie, various other parties. I don't recall the date of the meeting.

Q. Okay. Sometime in the summer of 2013?

A. Sometime in the summer.

GLENN BOWEN

Q. Okay. And apart from that meeting, have you attended other meetings with Gabriel Roeder?

A. There was a subsequent meeting, and let me characterize that first meeting. That was not a meeting between Milliman and Gabriel Roeder. It was a large, large meeting. There was a meeting of the actuaries that was mandated by the Court, and I cannot recall whether that was summer or fall of 2013.

Q. So that was in connection with the mediation, correct?

A. Correct.

Q. Okay. So leaving aside the meeting in connection with the mediation, you have attended a single meeting with Gabriel Roeder that was not -- at which other people were present, is that right?

A. In the summer of 2013, I attended a meeting as described. Do you have further questions?

Q. Yeah. I think I asked, but maybe I didn't.

A. Okay.

Q. Other than that meeting and the mediation --

A. Mmm-hmm.

Q. -- and a related meeting, have you attended other meetings with Gabriel Roeder?

A. I've not attended meetings with Gabriel Roeder that were not connected to mediation, other than the

GLENN BOWEN

Q. And so attendance at your deposition I would exclude.

A. Okay.

Q. The others -- have you ever had -- so you said you. Are you aware of whether other Milliman personnel have had communications with Gabriel Roeder, excluding the introductions at the first meeting, mediation, and the, you know, saying hello or shaking hands at your deposition? Excluding those things, any communications by any Milliman personnel with Gabriel Roeder that you're aware of?

A. Not that I'm aware of.

Q. So far as you're aware, Ms. Warren had no communications with Gabriel Roeder, excluding the ones we've --

A. The ones that we have discussed?

Q. Excluding the ones we've discussed.

A. Excluding the ones we've discussed, I don't believe she has.

Q. Okay. And at the meeting that you attended with Gabriel Roeder in the summer of 2013, what was discussed?

A. To the best of my recollection, there was no presentation by Gabriel Roeder and no presentation by Milliman, and I don't recall the rest, other than the

GLENN BOWEN

meeting in the summer of 2013.

Q. Okay. Have you had calls with Gabriel Roeder, conference calls or telephone calls with Gabriel Roeder or representatives of Gabriel Roeder, other than the meeting from the summer of 2013 or calls in the context of the mediation?

A. The calls we had were in the context of mediation.

Q. Okay. So are the only direct communications you've had with -- first of all, did you have any communications at that first meeting with Gabriel Roeder?

A. I don't believe we had -- hello, how are you, nice to meet you. Beyond that, I don't -- it was not a meeting where the actuaries were presenting.

Q. Okay. Other than in the mediation, then, and the introductions at that first meeting, have you had any direct communications with Gabriel Roeder?

A. Not that I recall, no.

Q. All right. Have you, with the exception of those introductions at the first meeting and the mediation, have you had any direct communications with representatives of Gabriel Roeder, including counsel?

A. I don't recall that I have, other than the gentleman is here today and I spoke to him in the hallway.

GLENN BOWEN

other pension task force experts and other attorneys speaking about whatever they spoke about.

Q. So what was discussed at the meeting by the people who did speak?

A. I don't recall.

Q. Do you recall anything anybody said at that meeting?

A. My recollection is I walked out and said there was no need for me to be there. And so I did not -- I did not recollect, I did not put into my long-term memory anything that was discussed at the meeting.

Q. Okay. And do you recall who spoke at all or what the topics were that you were not really on point for?

A. It would have been non-actuarial issues that did not concern any projects that we were working on.

Q. So when you have obtained materials from Gabriel Roeder -- well, first of all, have you at various points obtained materials that came from Gabriel Roeder, and if so, how did you get them?

A. The valuation reports are -- one's complete publicly available on the websites of the retirement systems. We have been provided with draft valuation reports at points in time that are mentioned in our letters, and they, I believe, would have come to us via Jones Day. I'm not sure that Gabriel Roeder -- when we

GLENN BOWEN

received our census data, it was directly from the system. I'm not sure Gabriel Roeder provided us directly any materials.

Q. Okay. My next set of questions is about the system. What meetings -- how many meetings, if any, have you attended with representatives of the retirement system?

MR. MILLER: Outside of mediation?

MR. BALL: Outside of mediation.

A. Outside of mediation, no meetings.

BY MR. BALL:

Q. Okay. What communications have you had with representatives of the systems, the retirement systems, other than any communications in mediation?

A. Well, the retirement systems provided us census data, so I'm not sure if that's considered inside or outside of mediation.

Q. Did you use it for non-mediation purposes? You used it in some of the analyses here which have been provided to us, so I assume you used it.

A. We used it to prepare replication valuations that were discussed yesterday in this, in this room. So I don't know if that's inside or outside of mediation, but we certainly had conversations with the retirement system

GLENN BOWEN

position, then, that his use of the census data and the things that are said about the census data in all his various letters to you in which he performs analyses are covered by the mediation? Because you've produced a ton of documents that have discussion about the census data, communications with Clark Hill, and other communications related to issues with the census data that are in the analyses, including the April 10th analysis and the April 25th analysis, and I believe the April 17th analysis he's done.

Are you taking the position that all of those things are covered by the mediation privilege?

MR. MILLER: No, we are not.

MR. BALL: Okay. So can you explain to me how he can disclose those communications, or you can disclose to them -- them in the context of producing those documents and using those documents, but still claim that any communications he had about -- with Clark Hill about them are subject to the mediation?

MR. MILLER: If he had communications with Clark Hill, and those communications were in the presence of a mediator or ordered by a mediator, those are protected.

MR. BALL: But you've waived it by

GLENN BOWEN

during the process of collecting the census data and understanding it.

Q. Okay. And apart from collecting the communications in the context of collecting the census data and mediation, have you had any other communications with, directly with the retirement system or its representatives?

A. Not that I can recall.

Q. Okay. And did you have discussions with representatives -- or communications with representatives of the retirement system about issues related to the census data?

MR. MILLER: Outside of mediation?

MR. BALL: Outside of mediation.

THE WITNESS: So I'll ask, is our collection of census data considered to be outside of mediation?

MR. MILLER: The position of the city is, no, it is not outside of mediation.

MR. MONTGOMERY: The position of the Retiree Committee is also, at least as far as we are concerned, the only information came via mediation directions of Eugene --

MR. BALL: Right, and so are you taking the

GLENN BOWEN

producing -- at a minimum, you've waived it by producing them and using them in the analyses that are a part of -- significant part of the -- what you rely on in the report and you've produced in this case.

MR. MILLER: And I believe the Court made quite clear just last week that the confidentiality that attaches to mediation is not waivable.

MR. BALL: So you're using it -- just to be clear, you want to use it for some purposes and disclose it there, but if I have further questions about anything concerning those communications beyond what is actually in the documents, you will object based on mediation --

MR. MILLER: I think we've made our position quite clear. We're trying to be very forthcoming, and we are not drawing an unnecessarily broad cloak for this confidentiality.

What we have said is that in connection with communications that were made in the course of mediation or ordered by a mediator, those communications are confidential and will not be disclosed.

To the extent that there were communications between Milliman and the city, that

GLENN BOWEN

were outside of mediation, those we have, we have disclosed.

MR. BALL: All right. There are -- but you're taking the same position -- you're saying the position that communications with Clark Hill about the census data are subject to the mediation privilege?

MR. MILLER: If those communications occurred either in the presence of a mediator or directly pursuant to an order of a mediator that said communications take place.

MR. BALL: There are -- well, it will be simpler when I get to the documents, so I'll wait and get to that. But I think the -- I'll just do it then.

MARKED FOR IDENTIFICATION:

DEPOSITION EXHIBIT 33

11:37 a.m.

BY MR. BALL:

Q. I'm back, Mr. Bowen. I'm asking you to look at what has been marked as Exhibit 33, which is a letter dated October 3rd, 2013, Bates-stamped POA260193.

And first, is this a letter that you authored and signed?

A. Yes.

Q. And if you look at the discussion on page 2 --

GLENN BOWEN

So you'll have a whole series of amortizations, as opposed to one overall amortization of the existing unfunded.

Q. And why would you approach it that way? Why would you use layering as opposed to not using layering? What's the rationale for doing it one way or the other?

A. Well, the rationale for a plan sponsor using it would be to say that we are going to, over a finite period, pay down the debt of each -- and we're dealing with that so much, there are surpluses, so you can take credits if you have better experience. But over a finite period of time, the experience that emerges each year, which is different from what is expected, is set on its own schedule and recognized, and the process is repeated and you're not at the risk of, under a closed scenario, say, moving from 30, and by the time you're down to five you have a huge gain or loss which you're amortizing over five.

So it's a way of developing an amortization schedule which in the aggregate can be smoother and easier to budget than using a closed amortization schedule, where you're at risk of having a significant deviation when you have a short term left in your amortization schedule.

GLENN BOWEN

actually, page 3, about the requested baseline, there's a discussion toward the end of the page about the amortization period being reduced to 18 years. And then in the last bullet on the page, there's a discussion about the UAAL being -- amortizations being layered. Do you see that?

A. I do.

Q. Can you explain to me what that means?

A. Sure. The word amortization, just in general, has the overall connotation of paying down debt and the myriad ways to accomplish that. The existing method that was being used was an open amortization period, which meant that every year, the debt was effectively refinanced, not exactly at all, but akin to refinancing a mortgage every year. That's one way to perform an amortization.

Earlier we discussed closed amortization, where the unfunded liability was written down over a schedule that was not re-amortized every year. Layers is each year you write down the unfunded liability on schedule, but any new, newly emerging gains or losses from experience which deviates from assumptions are set up in their own layer as opposed to being rolled into the existing amortization.

GLENN BOWEN

Q. And did you use layered amortization in your analysis, all of your analyses after this, or some or none? How did, how did things develop after this?

A. Well, in this particular letter, as I was reviewing it, there's over 20 scenarios. I stopped counting. So each scenario, we should be able to find the description in the letter as to what methods and parameters were based on that scenario.

I don't believe that level amortization was used in every single case in this letter, but I'd have to read the letter to confirm.

Q. There are three different investment return rates referenced on page 4. 6.3, 7, and 7.5, do you see that?

A. I do.

Q. And those, I take it, again, are all net of admin and investment expense?

A. I assumed that to be the case here, yes.

Q. And back on page 2, there was a discussion yesterday about the caveats in your reports about the use that could be made of them and who could rely on them. Do you recall that?

A. I do.

Q. Okay. And the general intent is that the city be able

<p style="text-align: right;">Page 345</p> <p>1 GLENN BOWEN</p> <p>2 to rely on them, but that third parties not be able to</p> <p>3 rely on them. Is that fair?</p> <p>4 A. That's a fair characterization.</p> <p>5 Q. And just to be clear, do you have an intent or an</p> <p>6 understanding about whether that means that the Court</p> <p>7 should be able to rely on them, as opposed to the city</p> <p>8 and various objecters and other parties?</p> <p>9 A. I don't know the law around the Court relying on</p> <p>10 product we prepared for our client.</p> <p>11 Q. Okay. But the directive here is that -- not to be</p> <p>12 relied upon by any third parties other than the city,</p> <p>13 is that fair?</p> <p>14 A. That is what is written here.</p> <p>15 Q. And that was Milliman's intent, as you understand it?</p> <p>16 A. Yes.</p> <p>17 MARKED FOR IDENTIFICATION:</p> <p>18 DEPOSITION EXHIBIT 34</p> <p>19 11:45 a.m.</p> <p>20 BY MR. BALL:</p> <p>21 Q. Mr. Bowen, I'm asking you to look at what has been</p> <p>22 marked as Exhibit 34, and my first question to you</p> <p>23 about this again is whether it is a letter that you</p> <p>24 authored and signed?</p> <p>25 A. Yes, it is.</p>	<p style="text-align: right;">Page 347</p> <p>1 GLENN BOWEN</p> <p>2 a liability for such a termination.</p> <p>3 Q. And how's that determined?</p> <p>4 A. General knowledge of what insurance carriers are using</p> <p>5 to cost out group annuities.</p> <p>6 Q. So other, other companies in the industry, what</p> <p>7 insurance carriers would use in the industry?</p> <p>8 A. Yeah, not actuarial companies.</p> <p>9 Q. And is there an amortization period imbedded in this</p> <p>10 analysis in any way?</p> <p>11 A. There is not.</p> <p>12 Q. Okay. And did you have an understanding of what the</p> <p>13 purpose was for undertaking this analysis?</p> <p>14 A. The purpose was to answer the question of what would a</p> <p>15 market based price be to terminate these pension</p> <p>16 plans, retirement systems.</p> <p>17 Q. And did you have any further understanding besides</p> <p>18 that?</p> <p>19 A. None that was needed to conduct this project.</p> <p>20 Q. Okay. That's not my question. My question was, did</p> <p>21 you have any understanding besides that?</p> <p>22 A. I did not feel I had the need to ask any additional</p> <p>23 questions to respond to this, so I had no</p> <p>24 understanding other than I was answering the question</p> <p>25 of what is a market based price for plan termination.</p>
<p style="text-align: right;">Page 346</p> <p>1 GLENN BOWEN</p> <p>2 Q. And for the record, it's a letter dated November 19th,</p> <p>3 2013, and Bates page is POA00260270. And the "re"</p> <p>4 line on this says that it is a DGRS rough plan</p> <p>5 termination estimate. Can you explain to me what that</p> <p>6 is?</p> <p>7 A. Well, it's a rough estimate of the cost of plan</p> <p>8 termination, and I'd have to read further to see</p> <p>9 exactly the parameters of the termination.</p> <p>10 I mean, as stated, it's a rough estimate of</p> <p>11 the cost of plan termination.</p> <p>12 Q. And can you tell me what that means, what you mean by</p> <p>13 the cost of plan termination?</p> <p>14 A. Sure. Plan termination is, in concept here, the city,</p> <p>15 or the system's, or whoever, purchasing annuities from</p> <p>16 a private carrier paying a market based annuity rate.</p> <p>17 Q. Okay. And in the project description, there's a</p> <p>18 reference to being directed to use a 3.5 and five</p> <p>19 percent interest rate scenario. Do you understand</p> <p>20 what the basis for those directions were?</p> <p>21 A. I understand the 3.5. I don't necessarily recall the</p> <p>22 reason for the five.</p> <p>23 Q. Okay. What do you recall about the 3.5?</p> <p>24 A. It's in the, it's in the area of an interest rate that</p> <p>25 we would expect an insurance carrier to use in valuing</p>	<p style="text-align: right;">Page 348</p> <p>1 GLENN BOWEN</p> <p>2 Q. And that may all be fair, but my question is, did you</p> <p>3 have any understanding of what the purpose was, beyond</p> <p>4 the one that you stated?</p> <p>5 A. I have a broad understanding, as we note in the</p> <p>6 beginning of all of our letters, of our service to the</p> <p>7 city being in conjunction with the proposed</p> <p>8 restructuring and negotiations that they're entering</p> <p>9 in. I did not on any individual letter necessarily</p> <p>10 need to have a more detailed understanding.</p> <p>11 Q. Again, that's not my question. My question is, did</p> <p>12 you have any understanding about the purpose, other</p> <p>13 than the one you've stated, for this letter, for this</p> <p>14 analysis?</p> <p>15 A. The purpose being that we were answering a question</p> <p>16 that could potentially be used in mediation at the</p> <p>17 city's discretion was my understanding.</p> <p>18 Q. Okay. And how did you have that understanding?</p> <p>19 A. They asked me in this particular engagement to value</p> <p>20 the cost of the plan termination, and our broad</p> <p>21 service to the city was based upon providing them</p> <p>22 information that they could potentially use in</p> <p>23 mediation at their discretion.</p> <p>24 Q. Okay. So your analyses at this point are all being</p> <p>25 performed for mediation purposes?</p>

<p style="text-align: right;">Page 349</p> <p>1 GLENN BOWEN</p> <p>2 A. I did not say that.</p> <p>3 Q. Okay. So what you said was: Our broad service to the</p> <p>4 city was based upon providing them information that</p> <p>5 they could potentially use in mediation at their</p> <p>6 discretion.</p> <p>7 A. That is accurate.</p> <p>8 Q. Okay. And were you providing them analyses for</p> <p>9 purposes other than use in mediation?</p> <p>10 A. No.</p> <p>11 Q. Did that change at any point?</p> <p>12 A. Not to my recollection.</p> <p>13 MARKED FOR IDENTIFICATION:</p> <p>14 DEPOSITION EXHIBIT 35</p> <p>15 11:52 a.m.</p> <p>16 BY MR. BALL:</p> <p>17 Q. Mr. Bowen, I'm asking you to look at what's been</p> <p>18 marked as Exhibit 35, which is a letter dated</p> <p>19 November 26, 2013, Bates-stamped POA26047.</p> <p>20 My first question is, is this a letter that</p> <p>21 you authored and signed?</p> <p>22 A. Yes.</p> <p>23 Q. And the "re" line here says that this is about the</p> <p>24 DGRS estimated liability reduction in 2013 to have 70</p> <p>25 percent funded status in 2023 under various scenarios.</p>	<p style="text-align: right;">Page 351</p> <p>1 GLENN BOWEN</p> <p>2 Q. All right. So the use of 2023 as a date for achieving</p> <p>3 that status is not a product of any analysis or any</p> <p>4 recommendation by you or by Milliman, is that fair?</p> <p>5 A. Correct.</p> <p>6 Q. Do you know what mediation those numbers, 70 percent</p> <p>7 and 2023, are the result of?</p> <p>8 A. No, I do not know what particular mediation.</p> <p>9 Q. And I take it that so far as you are aware, that those</p> <p>10 numbers, 70 percent, or the 2023 target date, those</p> <p>11 are not the product of -- they're not based on any</p> <p>12 accounting standards you're aware of, is that fair?</p> <p>13 A. Yeah, I have no awareness of that.</p> <p>14 Q. And if you look at Exhibit 1 to the letter, which is</p> <p>15 on page 260253, you analyze a variety of investment</p> <p>16 return rate assumptions, do you see that?</p> <p>17 A. Yes.</p> <p>18 Q. And they range from 5.75 up to a high of the level</p> <p>19 Milliman had originally recommended of 6.3. Do you</p> <p>20 see that?</p> <p>21 A. I do.</p> <p>22 Q. Okay. How were those numbers derived or determined?</p> <p>23 A. They were requests made by the city.</p> <p>24 Q. Okay. Other than the fact that the city asked for</p> <p>25 them, do you have any basis, I mean, any understanding</p>
<p style="text-align: right;">Page 350</p> <p>1 GLENN BOWEN</p> <p>2 Do you see that?</p> <p>3 A. I do.</p> <p>4 Q. And so the -- so the various scenarios that you're</p> <p>5 looking at here, you're looking at having a result of</p> <p>6 having the GRS 70 percent funded in 2023, is that</p> <p>7 fair?</p> <p>8 A. That is the target of the projections, yes.</p> <p>9 Q. The idea of the DGRS having 70 percent funded status,</p> <p>10 the use of the 70 percent threshold, where did that</p> <p>11 come from?</p> <p>12 A. It was provided to us by the city.</p> <p>13 Q. Did you have any understanding of what the basis for</p> <p>14 choosing 70 percent as opposed to another threshold</p> <p>15 was?</p> <p>16 A. My understanding is that it was as a result of</p> <p>17 mediation.</p> <p>18 Q. So it's a result of mediation the city is in, it's not</p> <p>19 a result of any analysis performed by you or by</p> <p>20 Milliman, is that right?</p> <p>21 A. Correct.</p> <p>22 Q. All right. And the choice of 2023 as a date to</p> <p>23 achieve that status, do you have an understanding</p> <p>24 about what that's based on?</p> <p>25 A. The same thing.</p>	<p style="text-align: right;">Page 352</p> <p>1 GLENN BOWEN</p> <p>2 about how those numbers were -- what the basis is for</p> <p>3 those numbers, where they came from?</p> <p>4 A. Not the particular numbers.</p> <p>5 Q. Okay. And you had -- this is November 26, 2013. You</p> <p>6 had, in the letter we saw yesterday, dated</p> <p>7 November 4th, provided Milliman's analysis of what the</p> <p>8 expected investment return would be, the 50th</p> <p>9 percentile and the range up to -- from 25 up to 75, as</p> <p>10 well, were the asset allocation that existed at that</p> <p>11 point in the GRS, right?</p> <p>12 A. The November 4th sounds like the right date.</p> <p>13 Q. Okay. You've only done one such analysis. We can</p> <p>14 pull it back out, but it's the -- I believe it's in</p> <p>15 the fourth letter. Is there a reason why -- do you</p> <p>16 have an understanding about why the analysis that</p> <p>17 Milliman performed three weeks before this is not used</p> <p>18 as the basis for the interest rate, I mean, the</p> <p>19 investment rate assumption here?</p> <p>20 A. Other than the fact that various interest rates were</p> <p>21 requested, which is very common to prepare</p> <p>22 sensitivities, I don't have a reason why the city did</p> <p>23 not request an additional rate.</p> <p>24 Q. All right. Fair enough. I was just trying -- I</p> <p>25 understand the city requested these particular rates.</p>

29 (Pages 349 to 352)

GLENN BOWEN

You had provided an analysis that would support a different rate. I'm just trying to understand if you know anything about why they chose rates other than one that was contained in your -- that was provided through the analysis conducted in your November 4th letter.

A. The context I just mentioned, sensitivity analysis shows results under different rates.

Q. But not including the rate that you had suggested, right?

A. That is not included in this exhibit.

Q. Okay. And again, I'm just trying to make sure that I know what you know. Do you know why the rate that you had proposed or had -- that was the product of your analysis in the November 4th letter was not used as one of the rates here?

A. It wasn't used because it wasn't requested.

Q. Okay. I know why you didn't do it. Do you know why the city didn't request it? Do you have any understanding of why it wasn't requested?

A. I do not.

Q. And, in fact, in all the analyses you performed after this, that rate is never used in any of those analyses, is that right?

GLENN BOWEN

Q. All right. Is that -- that was in the fall of 2013, is that what you're answering?

A. That's based on my recollection of the 2013 valuation results, which we didn't have done by the fall of 2013, but would have been the funded status had we been able to measure it sooner.

Q. I was just trying to understand the timing of it. So have those numbers changed substantially since that time?

A. Valuations are conducted once a year, so we don't do interim measurements of funded status, but I would expect they would be constantly changing if we measured more often.

Q. Okay. And so the most recent data you have, that's the most recent data you have?

A. Yes.

Q. And do you have an understanding, under the current parameters that have been set for the plan, what the current plan is for those plans, what you anticipate the funding level for those plans will be in 2023?

A. We have not projected future funding levels for those systems.

Q. Okay. So you don't know what the level will be for those plans in 2023, if your current projections and

GLENN BOWEN

A. To the best of my recollection, that is right.

Q. There is no analysis here about funding levels after 2023, is that right?

A. In this letter, the target was 2023.

Q. For 70 percent funding?

A. Yes.

Q. Is there any analysis here -- and I believe the answer is no, but I just want to make sure I'm not missing something -- of what the amortization period will be for the remainder of the UAAL after 2023? Anything to show how the remaining 30 percent is going to be amortized?

A. I'll check just to make sure. I don't see any mention in this letter.

Q. And can you tell me what the funding level is currently -- well, strike that.

In the fall of 2013, what was the funding level for the Puerto Rico Employees Retirement System, the various Puerto Rico systems for which you are the system actuary?

A. Off the top of my head, I will say the employees retirement system was five percent funded. The other two systems are probably in the 20s. I don't recall the exact numbers.

GLENN BOWEN

analyses and the plans that are in place hold form?

A. As I said, we did not project funded status in future years for those plans.

Q. What about the New Jersey State Teachers Fund. Do you know what the current funding level is for that?

A. Not off the top of my head.

Q. Any idea what the, what the ballpark is?

A. I wouldn't want to venture a guess and be incorrect, so, no, I don't really know the ballpark.

Q. Do you know whether it's more or less than 70 percent? I'm just trying to get -- if you know, you know, and if you don't, you don't. I'm just trying to find out what you know.

A. I don't know the specific number.

Q. Okay. And I'm not asking a specific number, I'm asking do you know if it's more or less than 70 percent?

A. I believe it is less than 70 percent.

Q. Okay. Is it less than 50 percent?

A. I don't believe that.

Q. Okay. So your best understanding is it's somewhere between 50 and 70 percent currently?

A. With not a tremendous amount of certainty, that's my best understanding.

GLENN BOWEN

Q. Okay. What about the Texas County -- I'm going to not remember what the full name of the plan is, but the Texas County District Retirement System?

A. It is in the high eighties, to my recollection.

Q. And the Saudi system that you're involved with, do you know what the funding level is for that?

A. I do not.

Q. And I can't remember what the name of it was, it was quite interesting, but can you tell me what was the name of it again?

A. General Organization For Social Insurance.

Q. Okay. Do you know whether it's over 50 percent?

A. I believe it's fairly well, I just, again, don't have the funded status number off the top of my head.

Q. Do you know if it's over 70 percent?

A. I have less certainty about that than the New Jersey system.

Q. Okay.

MARKED FOR IDENTIFICATION:

DEPOSITION EXHIBIT 36

BY MR. BALL:

Q. Mr. Bowen, I'm showing you what's been marked as Exhibit 36, which for the record is a document

GLENN BOWEN

sure you knew what was going on in the discipline in the industry?

A. Yes.

Q. And you don't recall using it for any particular purposes in connection with your work for the City of Detroit?

A. I do not.

Q. Any idea why it would have been produced in response to our document requests that related to your work for the City of Detroit?

A. I do not.

MR. BALL: We're at like 12:10. I'm happy to keep going, but if people would like, I'm also completely flexible about lunch break. So you guys tell me.

MR. MONTGOMERY: Keep our eye on the ball game?

MR. BALL: I'm deferential to those things, as well.

MR. MILLER: Take a 35-minute break, begin at 12:45?

MR. BALL: Good with everybody else?

VIDEO TECHNICIAN: The time is 12:10 p.m. We are off the record.

GLENN BOWEN

Bates-stamped POA00604157. It is -- the date is updated December 2013, and you were shown yesterday a NASRA issue brief public pension plan investment return assumptions document that was updated as of March 2013. I only have a few questions about this.

This was identified in the document production set we saw as having you -- with you being the custodian of this document. And so my question to you is, what you were doing with it? Why did you have this document?

A. NASRA is the industry trade group for state retirement systems, and in my business I read their issue briefs.

Q. Okay. And it was in among the files that were produced to us as being responsive to our document request about this case. Was there a use you were making of this document that was related to your work for the City of Detroit?

A. I don't recall specific use for this document.

Q. Okay. Do you recall any context in which you reviewed it?

A. As I mentioned, I review NASRA issue briefs just in the normal course of staying abreast of the discipline.

Q. So it would be part of your ordinary reading to make

GLENN BOWEN

(Off the record at 12:10 p.m.)

(Back on the record at 12:53 p.m.)

VIDEO TECHNICIAN: We're back on the record. The time is 12:53 p.m.

MARKED FOR IDENTIFICATION:

DEPOSITION EXHIBIT 37

12:53 p.m.

BY MR. BALL:

Q. Mr. Bowen, welcome back.

A. Thank you.

Q. So you have been handed what has been marked as Exhibit 37, which is a letter dated December 7th, 2013, and its Bates stamp is POA00260356, and I have just a couple of questions about this before we look at the next document.

If you look on the second page, within the project description, there's a -- the project looks at whether the -- asks you to look both at whether it would be necessary -- strike that.

What the estimated additional reduction in liability would be that would be necessary to achieve a 70 percent funded ratio and an 80 percent funded ratio on -- in 2023.

Do you see that?

<p style="text-align: right;">Page 361</p> <p>1 GLENN BOWEN</p> <p>2 A. I do.</p> <p>3 Q. Okay. And this is the only analysis I've seen</p> <p>4 anywhere that asks for an 80 percent funded ratio as</p> <p>5 opposed to a 70 percent funded ratio, and my question</p> <p>6 is, do you have an understanding about why this letter</p> <p>7 asks for 70 and 80 percent? Do you have any knowledge</p> <p>8 about what the origin of that request is or the basis</p> <p>9 for it is?</p> <p>10 A. The origin of the request is that it came from the</p> <p>11 city.</p> <p>12 Q. Fair enough. But the basis for it. Before we talked</p> <p>13 about what your understanding was for the basis for</p> <p>14 the 70 percent request, and now this one asks for both</p> <p>15 70 and 80. I'm just trying to understand if there's</p> <p>16 anything else to be said about what the basis for the</p> <p>17 80 percent request is in addition to the 70 percent.</p> <p>18 A. Well, the basis is that it's tougher to get to 80 than</p> <p>19 70, and this calculation shows how much so.</p> <p>20 Q. Okay. So is it a sensitivity analysis, comparing 80</p> <p>21 to 70, is that what you understood the purpose to be?</p> <p>22 A. That's my understanding of this assignment, yes.</p> <p>23 Q. Okay. And the 70 percent was still a number derived</p> <p>24 from the results of a mediation, from what you said</p> <p>25 earlier, right?</p>	<p style="text-align: right;">Page 363</p> <p>1 GLENN BOWEN</p> <p>2 Exhibit 38, which is a letter dated December 18th,</p> <p>3 which is Bates-stamped POA0 -- strike that.</p> <p>4 December 18th, 2013, it is Bates-stamped</p> <p>5 POA00260345, and --</p> <p>6 A. Excuse me, that's not the letter I've been handed.</p> <p>7 Q. Sorry. Got ahead of myself, I apologize. Leave it</p> <p>8 marked, I'll come back to it. We'll ask about this</p> <p>9 one first. I pulled the wrong folder, so I apologize</p> <p>10 for that.</p> <p>11 MARKED FOR IDENTIFICATION:</p> <p>12 DEPOSITION EXHIBIT 39</p> <p>13 12:58 p.m.</p> <p>14 BY MR. BALL:</p> <p>15 Q. So sorry about that, Mr. Bowen. You've now been</p> <p>16 handed an exhibit that's marked Exhibit Number 39,</p> <p>17 which is a letter dated December 18th, 2013, and the</p> <p>18 Bates stamp is POA00260345. Are we on the same page</p> <p>19 now?</p> <p>20 A. Yes.</p> <p>21 Q. Okay. And this again is a letter that you authored</p> <p>22 and signed?</p> <p>23 A. Yes.</p> <p>24 Q. And this letter uses, again uses a 5.5 percentage -- a</p> <p>25 5.5 percent investment return assumption, if you look</p>
<p style="text-align: right;">Page 362</p> <p>1 GLENN BOWEN</p> <p>2 A. Yes.</p> <p>3 Q. And this looks at a five percent, 5.5 percent city</p> <p>4 specified investment return assumption. Do you see</p> <p>5 that?</p> <p>6 A. Yes.</p> <p>7 Q. And I assume that is net of admin and investment</p> <p>8 expense, correct?</p> <p>9 A. I would assume at this point that that is the case,</p> <p>10 but I don't definitively see it written in the letter.</p> <p>11 Q. Okay. Well, over the course of the letters we've</p> <p>12 looked at so far, you've employed a variety of</p> <p>13 investment return assumptions, and my understanding of</p> <p>14 each of them so far has been that it has been net of</p> <p>15 investment and admin expense, and I just want to</p> <p>16 confirm the same, to the best of your understanding,</p> <p>17 is true here?</p> <p>18 A. That's correct so far, and thus I assume here, as</p> <p>19 well.</p> <p>20 Q. Okay. Don't let that one stray too far.</p> <p>21 MARKED FOR IDENTIFICATION:</p> <p>22 DEPOSITION EXHIBIT 38</p> <p>23 12:57 p.m.</p> <p>24 BY MR. BALL:</p> <p>25 Q. Mr. Bowen, you've been handed what's been marked as</p>	<p style="text-align: right;">Page 364</p> <p>1 GLENN BOWEN</p> <p>2 at page 3?</p> <p>3 A. Yes.</p> <p>4 Q. Okay. And it adds language in this letter, which I</p> <p>5 think is the first time it appears, and correct me if</p> <p>6 you believe otherwise, but it says: Our understanding</p> <p>7 is that the city specified investment return</p> <p>8 assumption of 5.5 percent is not reflective of</p> <p>9 expected returns for the current portfolio, but rather</p> <p>10 is due to the city's plan to reduce risk by investing</p> <p>11 more conservatively.</p> <p>12 Do you see that?</p> <p>13 A. I do.</p> <p>14 Q. Now, if you'll look at the letter preceding this, that</p> <p>15 is Exhibit 37, on December 7th, it doesn't contain</p> <p>16 that language, although it's talking about the same</p> <p>17 investment return rate.</p> <p>18 Am I right about that?</p> <p>19 A. I don't see it in the December 7th letter.</p> <p>20 Q. Okay. When and how did you learn that the basis for</p> <p>21 the 5.5 percent rate that was being proposed here was</p> <p>22 a city plan to reduce risk by investing more</p> <p>23 conservatively?</p> <p>24 A. I would not say that we learned that fact definitively</p> <p>25 with this letter, as you've seen the variety of</p>

GLENN BOWEN

letters which are all variations on a theme of different discount rates. My best recollection is that sometime in between December 17th and December 18th we thought that would be a good phrase to put into our letter to make clear what the interest rate assumption is and what it is not.

Q. And so you were trying to reflect accurately that the 5.5 percent rate was not a rate that you believe reflected the expected rate of return on the existing portfolio, is that fair?

A. It would be fairer to say that the city was not telling us to use that rate because that was what they believed the city was telling us that, for the specific reason that they were looking at investing more conservatively, thus a lower rate be used in the analysis.

Q. Okay. So when did you -- when were you told that the reason for the lower rates that were being evaluated was the city had a plan to reduce risk by investing more conservatively? When and how?

A. Prior to December 18th, 2013.

Q. Okay. Do you recall anything more about when it was you learned that?

A. It was obviously prior to this letter, and I can't

GLENN BOWEN

Q. Okay. And those discussions would have been with the pension benefit task force, pension plan task force?

A. Yes.

Q. Okay. And do you recall any discussion in the pension plan task force prior to receiving the assignment where that -- where you were told that that was the basis for lowering the interest rate about why or what the basis was for the plan to reduce risk by investing more conservatively?

A. I have to apologize, I didn't follow the arc of that question.

Q. Okay. It may not have been a felicitously phrased one, so I will rephrase.

My question is just, before they -- at the time or before you were told that that was the basis for the reduced interest rate, were you privy to any discussions of the pension plan task force or any discussions with any other representative of the city that explained what the basis was or the rationale was for the plan's reduced risk by investing more conservatively?

A. Again, I'll have to state that the reason the rationale is as expressed here, so I'm not sure what else you may be asking me to state.

GLENN BOWEN

recall specifically how much prior to this letter.

Q. Do you recall how you learned it?

A. It would have been in discussions with the city.

Q. Okay. And what discussions with the city?

A. In the context of receiving the assignments to model these various scenarios.

Q. Okay. So are you saying that when you got an assignment, the assignments to model scenarios, that's something they told you?

A. Yes.

Q. Okay. And when they told you that, was it in the context of this assignment or in the context of earlier assignments?

A. Well, what I was saying earlier is it potentially could have been in the context of earlier assignments and we did not think to add the phrase to the letter to provide additional description. It's also possible it happened between December 17th and December -- or December 7th and December 18th. I don't know exactly what phone call.

Q. Fair enough. So you don't know if it was before the December 7th letter or after the December 7th letter, but at least by the time of the December 18th letter?

A. Correct.

GLENN BOWEN

Q. I'm not asking about the reason for the 5.5 percent, I understand that you're saying you've been told that the city plans to reduce risk by investing more conservatively, right --

A. Yes.

Q. -- I understand that. What I'm asking is, do you have any understanding about what the rationale or the basis was for the city's reported decision to reduce risk by investing more conservatively? Do you know why they had decided to do that?

A. A desire to reduce a volatility.

Q. And where did you have those discussions?

A. Within the pension task force.

Q. Okay. And who said that?

A. It could have been several parties on the pension task force. I'm not sure who stated it, exactly.

Q. And what was said about a desire to reduce volatility?

A. The city has no ability within the next ten years to have contributions respond to investment experience, thus we wish to investigate lower volatility.

Q. All right. And did you undertake any measurement of the comparative volatility of the existing investment portfolio or investment and the city's proposed investment portfolio?

GLENN BOWEN

A. No, that was not this assignment.

Q. All right. And has Milliman done that?

A. I know it's been discussed. I can't say for sure whether it was completed or was a project that was stopped and started.

Q. What do you mean by a project that was stopped and started?

A. In the course of, you know, an engagement such as this, not every project that is requested sees its way through to fruition, because the changes are so frequent, and the project that you're discussing would have been handled by our investment consultants, so...

Q. By Mr. Perry?

A. He would have been involved in that project.

Q. All right. And when you say stopped and started, do you know whether it has been restarted if it was stopped?

A. As I said, I don't know conclusively whether it was completed or what the status of it is.

Q. Okay. Now let's go to what was marked previously as Exhibit 38, and that should be a letter dated December 19th, 2013, Bates page POA00260371. Is that right?

A. Correct.

GLENN BOWEN

Q. Okay. And the first statement, can you explain what it means, the assumption forms the basis? How does that -- can you explain what it means and how it affects the projected funded status?

A. Certainly. We start with a July 1, 2013, asset value, and through the projection period the asset value will change as contributions are made, benefits are paid, and investment income is realized.

Q. Okay. And so if you use a higher rate of return, the UAAL will go up as a result of this, correct? I mean, the UAAL will go down as a result of this -- sorry, strike that. Start that one over again.

If you use a higher rate of return as your assumption, then the asset returns will increase and the unfunded status of the plan will decrease, correct, the UAAL will decrease?

A. You will have more money by using a higher rate of return.

Q. All right. And that affects the projected funded status by reducing the amount, the unfunded liabilities if the plan is not fully funded, correct?

A. The funded status is assets in the numerator and liabilities in the denominator. So if the investment term is higher and the numerator grows, the funded

GLENN BOWEN

Q. Okay. And so, again, is that a letter that you authored and signed, Mr. Bowen?

A. Yes.

Q. Okay. And I want to look at a couple of things in this letter. First, on page 4, there was some discussion yesterday about what the impact of the investment rate, or higher or lower investment rate, was on and how it affects the projected funded status of a plan, and I think maybe this is a more crisp way of putting it, but I just want to make sure that I have it right. But there's a paragraph about a third of the way down the page that begins: Note that the investment return assumption. Do you see that?

A. Yes.

Q. Okay. And it says: Note that the investment return assumption impacts the projected funded status for two reasons. One, the assumption forms the basis for the assumed asset returns for the ten-year period from July 1 through June 20 -- June 30, 2023. And, two, the assumption is used for measuring the liabilities by discounting future benefit payments at the rate of the assumed investment return.

Are those statements accurate?

A. Yes.

GLENN BOWEN

status of the plan will increase.

Q. Okay. And the second part, the assumption is used for measuring liabilities by discounting future benefit payments, can you explain now that affects the funded status of the plan?

A. Certainly. Once the actuarial valuation has produced a stream of future benefit payments, a present value is determined by discounting at a certain rate, and the higher the investment return used to discount those benefit payments, the lower the current measure of liability; vice versa, the lower the discount rate used to discount those payments, the higher the current measure of liability, and the resulting liability goes into the denominator of the funded status equation.

Q. Okay. On the next page, under baseline expected benefit payments, do you see the chart similar to the one we looked at earlier today?

A. Yes.

Q. Okay. And there's a discussion there about the disparity again between the Gabriel Roeder projection for 2011 and 2012, to 2012, and the actual benefit payments during that time period? Do you see that?

A. I'm sorry --

GLENN BOWEN

Q. The sentence is just under the chart.

A. Okay, yes.

Q. The anticipated benefit payments developed by Gabriel Roeder -- and we discussed this issue earlier today. Gabriel Roeder had projected benefit payments of 225 million, and actual payments were over 394 million, and there's a difference between the projected and the actual of 168.7 million. Do you see that?

A. Mmm-hmm. Yes, I do.

Q. Okay. And there's a sentence that follows this that says: This is potentially due to lump sum distributions of annuities savings fund balances to members who retired during 2011 and 2012.

Do you see that?

A. I do.

Q. What's the basis for that statement?

A. I believe that would be due to an observation that the active population was decreasing rapidly year over year.

Q. Okay. So, based on that, you thought this was a possible explanation for the disparity?

A. Yes, it's a possible explanation.

Q. Okay. And did you do anything to verify whether or not it was in fact the explanation for what had

GLENN BOWEN

A. That's what it says here, yes.

Q. Okay. Do you have an understanding of why -- well, first of all, all three of these rates are net of investment and admin expense, correct?

A. I would believe that to be the case here.

Q. Okay. And do you have an understanding of why those three different rates were being evaluated at this point?

A. To repeat myself, sensitivity analysis to review the results under varying rates.

Q. Okay. Had the city, to your knowledge, at this point determined what rate was commensurate with -- was the rate that it wanted to develop any offset portfolio to provide a reduced level of risk for?

A. I cannot tell you which date the city settled on the rate in the plan of adjustment.

Q. Had it happened at this point?

A. I cannot tell you what they, the city settled on the rate they used in the plan of adjustment.

Q. All right. I know you may not be able to tell me a precise date. I'm asking if you know whether it occurred before January 8th, 2014.

A. I don't know the date that the city settled on the rate in the plan of adjustment, and I thus don't know

GLENN BOWEN

happened?

A. We did not.

Q. Okay. You can put that one aside.

MARKED FOR IDENTIFICATION:

DEPOSITION EXHIBIT 40

1:14 p.m.

BY MR. BALL:

Q. Mr. Bowen, you've been handed what has been marked Exhibit 40, which is a letter dated January 8th, 2014, and Bates-stamped POA00258717. And my first question to you, is this a letter that you authored and signed?

A. Yes, it is.

Q. Okay. And I only have a couple of questions about this. This letter asks you to evaluate three different investment return assumptions, 5.75, 6.25 and 6.75 percent, under various other parameters.

Do you see that?

A. I do.

Q. Okay. And all three rates are listed as reflecting the city's plan to reduce risk.

Do you see that? It's on the second page.

A. Yes.

Q. Okay. And not being reflective of current expected returns, right?

GLENN BOWEN

whether it was prior or after January 8th of 2014.

Q. So you not only don't know the specific date, but you can't tell me whether it had already occurred by January 8th, 2014. Is that fair?

A. That is fair.

Q. Or after that date? You just don't know with any specificity when the city decided?

A. I do not know with specificity when the city decided.

Q. Do you recall being told at some point that the city had decided on the rate?

A. I'm not certain that I received a phone call that said we've decided on the rate.

Q. Okay.

A. I don't recall that communication.

Q. Do you recall any communication in which you were told the city had settled on a rate for the plan of adjustment?

A. Potentially in context with the preparation of ballot data when we were told the rate to use, it became evident that the rate had been settled on.

Q. Okay. So maybe when you were told, maybe at that point, but you're not entirely sure. Is that fair?

A. That is fair. It runs together.

Q. And do you know when you were told to prepare data for

GLENN BOWEN

the ballot?

A. The letters are dated. I believe it was the April and May time frame that we were working on that analysis.

Q. Okay. And do you know whether Milliman -- strike that.

MARKED FOR IDENTIFICATION:

DEPOSITION EXHIBIT 41

1:19 p.m.

BY MR. BALL:

Q. Mr. Bowen, you've been handed what has been marked as Exhibit 41, and I will tell you that it consists of two documents, two copies of the same letter, separated by a four-inch separator page. It's a letter dated January 9th, 2014. The Bates page is on the first letter, first version of POA00258696, and on the second letter it's Bates-stamped MCOPW021051. And there's a redaction out of the first letter, but otherwise I believe they are the same letter.

And so my first question to you about it is, is this a letter you authored and signed?

MR. MUTH: Which one?

MR. BALL: Both of them. It's the same

letter.

A. I signed both of them.

GLENN BOWEN

Q. Okay. And did you have an understanding of what the purpose of conducting an analysis that was specific to the DWSD was?

A. I was at a mediation session in New York, at the Jones Day office, for the majority of a week in early January, and it came to my attention.

MR. MILLER: Glenn, let's stop you right there. Do not reveal anything that occurred during the course of that mediation session.

BY MR. BALL:

Q. Apart from any communications to you in the context of mediation, do you have any understanding of why you were being asked to provide an analysis that was specific to the DWSD?

MR. MILLER: Can you repeat the question? (The following portion of the record was read by the reporter at 1:23 p.m.:

Q. "Apart from any communications to you in the context of mediation, do you have any understanding of why you were being asked to provide an analysis that was specifically to the DWSD?"

MR. BALL: Specifically about the DWSD, or specific to the DWSD.

GLENN BOWEN

BY MR. BALL:

Q. One of them has -- one version has Ms. Warren's signature, as well. Do you see that?

A. I would say for some reason Ms. Warren's signature is not appearing in several of the documents, neither is the Milliman logo. So I'm not sure if there's some issue with the copying or printing.

Q. Okay. So it's your understanding that she would have signed at the same time as you, and it may just be some production problem that's resulting in her signature not appearing on the various letters where she's listed as a signatory?

A. That is my guess, sitting here these past two days.

Q. Okay. So let's just focus on the first one, the first version of it. This version, this letter asks you to -- or it says it's Re: DGRS unfunded liability for DWSD members in June 30, 2012, actuarial valuation report prepared by Gabriel Roeder Smith & Company.

As I understand it, this is the first analysis we've seen prepared by you that specifically focuses on the DWSD. Is that right, or do you recall whether there were any prior analyses that focused specifically on the DWSD?

A. This time frame seems right on to me.

GLENN BOWEN

A. Not apart from the mediation.

BY MR. BALL:

Q. Did you have any understanding, leaving aside anything you were told in mediation -- and for the next several questions, just assume that you're not going to tell me anything about communications in the course of mediation -- did you -- did anyone tell you why this was being requested?

A. Not outside of mediation.

Q. Okay. Did you have any understanding of what purpose this document was going to be used for, or this analysis was going to be used for?

A. Based upon what I was told in mediation.

Q. Okay. So you had an understanding, but it was based on what you learned in mediation?

A. Yes.

Q. Did you understand that the information you were generating was going to be shared with the counties? And by that I mean Oakland, Macomb, and potentially Wayne?

MR. MONTGOMERY: Again I'd ask you to make sure his understanding is outside of the mediation.

MR. BALL: I will accept that as a predicate for all these questions about what the

<p style="text-align: right;">Page 381</p> <p>1 GLENN BOWEN</p> <p>2 purpose of this letter is, so that you know.</p> <p>3 A. Not outside of mediation.</p> <p>4 BY MR. BALL:</p> <p>5 Q. Okay. This letter asks for an analysis about</p> <p>6 amortization over 40 years. Do you see that on page</p> <p>7 3?</p> <p>8 A. I'm on page 2 under project description.</p> <p>9 Q. It's also there, too.</p> <p>10 A. Okay. So are you in a different place?</p> <p>11 Q. But I'll take it from whichever -- I was just trying</p> <p>12 to help you with a location, but 2 is as good as 3.</p> <p>13 Do you see that it asks for amortization on the level</p> <p>14 annual basis over 40 years?</p> <p>15 A. Yes.</p> <p>16 Q. Did you have an understanding about why you were</p> <p>17 looking at it over a 40-year period?</p> <p>18 A. The understanding was gained during mediation.</p> <p>19 Q. Okay. Was that 40-year amortization period consistent</p> <p>20 with GASB rules applicable at the time?</p> <p>21 A. The 40-year period for amortization is not applicable</p> <p>22 to GASB funding rules at that time, or, I'm sorry,</p> <p>23 GASB accounting rules.</p> <p>24 Q. GASB accounting -- I'm sorry.</p> <p>25 A. GASB accounting standard.</p>	<p style="text-align: right;">Page 383</p> <p>1 GLENN BOWEN</p> <p>2 of the assets that were attributed to the system and</p> <p>3 to the DWSD, in particular?</p> <p>4 A. Yes.</p> <p>5 Q. And that you took that information from the Gabriel</p> <p>6 Roeder reports?</p> <p>7 A. The actuarial smooth value of assets was taken from</p> <p>8 the reports, yes.</p> <p>9 Q. And then you develop the market value based on the</p> <p>10 actuarial value?</p> <p>11 A. Correct.</p> <p>12 MARKED FOR IDENTIFICATION:</p> <p>13 DEPOSITION EXHIBIT 42</p> <p>14 1:30 p.m.</p> <p>15 BY MR. BALL:</p> <p>16 Q. In the letter we were just looking at, your reference</p> <p>17 of the June 30th, 2012, Gabriel Roeder reports, do you</p> <p>18 see that, the as-of date for the Gabriel Roeder</p> <p>19 reports?</p> <p>20 A. I do.</p> <p>21 Q. Okay. So is what has been marked as Exhibit 42 the</p> <p>22 June 30th, 2012, Gabriel Roeder valuation report,</p> <p>23 annual actual -- strike that.</p> <p>24 The June 30th, 2012, Gabriel Roeder report</p> <p>25 you're referring to?</p>
<p style="text-align: right;">Page 382</p> <p>1 GLENN BOWEN</p> <p>2 Q. I'll ask it again.</p> <p>3 A. Yes.</p> <p>4 Q. Was a 40-year amortization period consistent with GASB</p> <p>5 accounting rules in place at the time?</p> <p>6 A. No, it was not.</p> <p>7 Q. Okay. And I think we've seen earlier that the</p> <p>8 maximum, maximum amortization period permissible under</p> <p>9 GASB rules at the time was 30 years?</p> <p>10 A. That is correct.</p> <p>11 Q. Okay. Did you advise the city or any other recipient</p> <p>12 of this information that the 40-year period being</p> <p>13 requested was inconsistent with GASB rules?</p> <p>14 A. It would have been a discussion in mediation, so I</p> <p>15 will say if I did, it was within mediation.</p> <p>16 Q. Apart from communications in mediation, in this letter</p> <p>17 itself you do not say that, is that correct?</p> <p>18 A. Right.</p> <p>19 Q. And did you -- did you advise the city that the</p> <p>20 40-year period discussed in this letter was</p> <p>21 inconsistent with GASB rules?</p> <p>22 A. I did not advise them in this letter.</p> <p>23 Q. Did you advise them of that fact?</p> <p>24 A. I do not recollect doing so.</p> <p>25 Q. Mr. Bowen, you recall we discussed earlier the value</p>	<p style="text-align: right;">Page 384</p> <p>1 GLENN BOWEN</p> <p>2 A. Yes.</p> <p>3 Q. Okay. And in analyzing the allocation of accrued</p> <p>4 liabilities between the DWSD, analyzing what share of</p> <p>5 the accrued liabilities are allocable to the DWSD, how</p> <p>6 did you do that?</p> <p>7 A. One moment, please. On page 2 of Milliman's letter</p> <p>8 under results, it refers to page B3 of the valuation</p> <p>9 report where the actuarial accrued liabilities are</p> <p>10 broken out for four different groups within the DGRS.</p> <p>11 Q. Okay. So let's look at that page, B3.</p> <p>12 MR. MONTGOMERY: Do you have a Bates</p> <p>13 number?</p> <p>14 MR. BALL: I do. There are multiple</p> <p>15 versions of it, but the Bates page for the Gabriel</p> <p>16 Roeder report, the version I'm looking at is</p> <p>17 MCOPW018381, and if you could go to page B3, which I</p> <p>18 have as Bates page MCOPW018411.</p> <p>19 So is the information that appears there</p> <p>20 allocating the accrued liabilities, is that the</p> <p>21 information you used?</p> <p>22 A. Yes.</p> <p>23 Q. Okay. And did you ever do Milliman's own calculation</p> <p>24 of how the accrued liabilities should be allocated</p> <p>25 among different parts of the city?</p>

37 (Pages 381 to 384)

Elisa Dreier Reporting Corp. (212) 557-5558

GLENN BOWEN

A. We did.

Q. Okay. And how did you do that?

A. We received census data from the retirement systems and performed a valuation of DGRS.

Q. Okay. So that would be in the April time frame when you had the census data?

A. That was when the results were issued, yes.

Q. Okay. You got the census data you discussed previously, and then you -- and is there also information here -- so for this analysis you accepted what Gabriel Roeder had done, for the later analysis you did your own, your own analysis based on the census data?

A. Correct.

Q. Okay. On the asset side, did you ever do your own analysis of the allocation?

A. When you say our own --

Q. I mean, in each case did you take the smooth value of the assets from the Gabriel Roeder report, and the allocation that the Gabriel Roeder report reflected, and over to then analyze the market value attributable to DWSD, or did you ever do your own analysis or own calculation of the asset value, smooth or -- the smooth asset value attributable to the DWSD?

GLENN BOWEN

been, for some historical period of time, receiving separate rollups of asset value to attribute assets and incorporate cash flows for each of the various systems so that they can have their own unfunded liability and contribution rates developed.

Q. Okay. And how do you know that?

A. This exhibit has appeared in several valuation reports.

Q. Okay. But the exhibit doesn't say what you just said, right? It just provides a breakdown, correct?

A. This exhibit provides a breakdown of one point in time.

Q. If you -- all right. Would you look at page B2 with me, which is MCOPW018410? And you see that this is an exhibit reflecting the allocation of assets between the different -- totaling them up for different components of the city?

A. Yes.

Q. Okay. And if you look at the totals for the sewage component, do you see that if you add each of those up, and in particular the pension accumulation fund is a significant negative number, that the total for the sewage side is negative? Do you see that?

A. It would be negative or close to being so.

GLENN BOWEN

A. I don't recall doing anything other than the former.

Q. Okay. So in every case you took the smooth value of the asset -- the smooth value asset allocation from the Gabriel Roeder report and then used that to calculate a market value allocable to the DWSD?

A. That's my recollection.

Q. But the basis was always the Gabriel Roeder report's allocation of the assets under the smoothing methodology?

A. That's my recollection.

Q. Okay. And do you know how Gabriel Roeder calculated or how anybody calculated the allocation of the assets for the smooth asset valuation that they undertook?

A. I do not know with specificity.

Q. Okay. What do you know about it?

A. I know what is presented in the valuation report, and as indicated in our letters, we used that ratio consistent.

Q. All right. And I'm trying to make sure I understand what you know about how the numbers in the Gabriel Roeder report were derived. Do you know anything about how they were derived?

A. I'm not sure how to respond to your question, what do I know. I'll say my understanding is that they have

GLENN BOWEN

Q. Okay. Well, it's 14 -- as of June 30, 2012, it's 14 million plus 2.6 million, minus 112 million, plus 74, plus 13. Looks to me like it's substantially negative if you add those numbers up.

A. It is negative, yes.

Q. Okay. Do you have an understanding of why that's case?

A. I don't have an understanding of this exhibit.

Q. Okay. And so the water/sewer numbers that are provided later are a combination of the water and sewer components of this, is that your understanding?

A. They're a combination of the smooth value of assets reported for the water and sewer departments.

Q. Okay. If you look with me at page A5, and there's a discussion there, the funding value of assets. Do you see that?

A. I do.

Q. And is it -- my understanding, and I just want to know if it's your understanding, is that the funds here -- in fact, there's a single fund, and they are -- they're not segregated, the funds themselves are not actually segregated by division and it's all in one trust. Is that consistent with your understanding?

MR. MILLER: Can you repeat the question?

<p style="text-align: right;">Page 389</p> <p>1 GLENN BOWEN</p> <p>2 There was a lot of --</p> <p>3 MR. BALL: There were some interruptions.</p> <p>4 MR. MILLER: -- interruptions.</p> <p>5 BY MR. BALL:</p> <p>6 Q. My understanding of the GRS system is that the funds</p> <p>7 are held in a single trust, is that right?</p> <p>8 A. I have not been informed otherwise.</p> <p>9 Q. All right. And it's not, the funds themselves are not</p> <p>10 actually segregated by division, is that right?</p> <p>11 A. I've not been informed otherwise, yes.</p> <p>12 Q. That's your best understanding, right?</p> <p>13 A. That's my best understanding.</p> <p>14 Q. And the last paragraph here says: The current method</p> <p>15 of allocation of investment income between divisions,</p> <p>16 and it's provided by retirement system staff, results</p> <p>17 in each division recognizing a rate of return that may</p> <p>18 differ from the fund in total.</p> <p>19 Do you see that?</p> <p>20 A. I do.</p> <p>21 Q. Do you have an understanding of how it is that there</p> <p>22 is a disparate rate of return applied to different</p> <p>23 divisions for the funds held by the system which are</p> <p>24 held in a single fund?</p> <p>25 A. I don't have specific knowledge of the allocation</p>	<p style="text-align: right;">Page 391</p> <p>1 GLENN BOWEN</p> <p>2 Q. When you did it, when you did an analysis, did you</p> <p>3 understand -- did you do an analysis of whether, for</p> <p>4 example, the unfunded liabilities associated with</p> <p>5 particular employees were predicated on portions of</p> <p>6 their careers spent in other divisions besides, for</p> <p>7 example, in the case of the DWSD, from employees who</p> <p>8 spent time in other portions of the city besides the</p> <p>9 DWSD?</p> <p>10 A. I'm sorry, could you repeat that?</p> <p>11 Q. Yeah, it got long.</p> <p>12 You did an analysis, as you said earlier,</p> <p>13 of the allocation of assets among the different</p> <p>14 divisions of the city when you had the census data,</p> <p>15 right?</p> <p>16 A. You just asked about assets and liabilities.</p> <p>17 Q. I'm sorry, you're right. It's the afternoon. I'll</p> <p>18 try this one over again.</p> <p>19 You did an analysis, as you testified a few</p> <p>20 minutes ago, once you had the census data, about</p> <p>21 attribution of unfunded liabilities between different</p> <p>22 components of the city, including the DWSD versus</p> <p>23 other components of the city, correct?</p> <p>24 A. To be precise, I would say we allocated liabilities in</p> <p>25 that analysis you're referring to.</p>
<p style="text-align: right;">Page 390</p> <p>1 GLENN BOWEN</p> <p>2 methodology.</p> <p>3 Q. Okay. Do you know why it would be the case, do you</p> <p>4 have any understanding why it would be the case that</p> <p>5 different rates of return would be applied to</p> <p>6 different divisions of the city?</p> <p>7 A. As I said, I don't know the specific policy of the</p> <p>8 city, but depending upon how interest is credited</p> <p>9 throughout a year to a system where allocations are</p> <p>10 made to different divisions with different cash</p> <p>11 flows, I could understand different investment returns</p> <p>12 resulting for different divisions.</p> <p>13 Q. All right. So you could conceive of that scenario,</p> <p>14 but you don't know how the city actually did it here,</p> <p>15 is that fair?</p> <p>16 A. Yes.</p> <p>17 Q. Okay. Do you know whether the city -- I'll ask first</p> <p>18 about the city, and GRS -- strike that -- whether the</p> <p>19 GRS or Gabriel Roeder, in their allocation of assets</p> <p>20 between the divisions, looked solely to the current</p> <p>21 employment status of a particular employee in the</p> <p>22 census rolls or whether they took a count of what</p> <p>23 portion of the employee's career had been spent in</p> <p>24 other portions of the city?</p> <p>25 A. I never asked Gabriel Roeder that specific question.</p>	<p style="text-align: right;">Page 392</p> <p>1 GLENN BOWEN</p> <p>2 Q. Okay. And in allocating liabilities, did you</p> <p>3 predicate the allocation purely on the current</p> <p>4 employment status of active employees, for active</p> <p>5 employees, did you do it purely on their current</p> <p>6 employment status or did you look and see what portion</p> <p>7 of their career had been spent in other portions of</p> <p>8 the city?</p> <p>9 A. We valued active employees based upon the department</p> <p>10 code, if you will, that came to us in the census data.</p> <p>11 Q. Okay. And your best understanding is that the</p> <p>12 department code that came to you in the census data</p> <p>13 was the code for their current employer. Is that</p> <p>14 fair?</p> <p>15 A. That is our best understanding.</p> <p>16 Q. And for retired employees, did you do it based purely</p> <p>17 on the department they were in when they retired?</p> <p>18 A. We based our analysis on the department code that was</p> <p>19 in the census data.</p> <p>20 Q. Okay. And your best understanding of the department</p> <p>21 code in the census data was that the department code</p> <p>22 of the department that employed them when they</p> <p>23 retired?</p> <p>24 A. That's our best understanding.</p> <p>25 Q. All right. And so did you -- you did not, as I</p>

GLENN BOWEN

understand it, undertake any analysis to see whether any portion of the unfunded liabilities associated with those employees arose at a time when they were not -- arose in connection with service they provided when they were not employees of the DWSD, is that fair?

A. We did not.

MARKED FOR IDENTIFICATION:

DEPOSITION EXHIBIT 43

1:47 p.m.

BY MR. BALL:

Q. Okay. Mr. Bowen, let me ask you to look at what has been marked as Exhibit 43, which is a letter dated January 16th, 2014. And it is Bates-stamped POA00258700. And my first question to you is whether it is a letter that you authored and signed?

A. Yes.

Q. Okay. And this again looks at DWSD as a -- on a stand-alone basis, right?

A. Yes.

Q. Okay. And it looks at potentially being spun off DWSD, do you see that?

A. I see that on page 2, yes.

Q. And did you have any understanding about what the

GLENN BOWEN

A. That's fair.

Q. Okay. And this is still looking at a 70 percent -- this is, for DWSD, is looking at a 70 percent funded level as of January 2023, right?

A. Yes.

Q. It's not a hundred percent funded level, correct?

A. This analysis is 70 percent.

Q. And, in fact, you also provide an analysis for what would happen after those ten years, correct? If you look on page 4.

A. Yes.

Q. All right. And, in fact, you looked at potential amortization of the remaining unfunded liability over an additional ten years, an additional 20 years, and an additional 30 years after June 30th, 2023, correct?

A. Yes.

Q. And did you have an understanding of why you were looking at those additional amortization periods for the DWSD liability?

A. My answer is exactly the same as I gave a moment ago. Should I try to repeat it in its entirety, or is it --

Q. Well, are you saying that that request about those amortization periods was specifically requested by the city?

GLENN BOWEN

purpose was for providing this analysis?

A. To answer the question of the DWSD employer contributions during the ten-year period to reach a 70 percent funded status under the specified scenarios and the specified investment return assumption.

Q. Right. That's the analysis they're asking you for, correct?

A. Yes.

Q. Okay. And my question is, did you have an understanding of what purpose or use was going to be made, what use was going to be made of this analysis?

A. Again, I'll reply as I did earlier. We had a broad understanding that the work we were doing for the pension task force would potentially be used in mediation at their discretion. I did not have a specific understanding of each and every letter to know if it was informational or if it was something that they were specifically negotiating. So I can't answer specifically the genesis of the request for this particular letter.

Q. Okay. So you had the general understanding you testified about earlier, but you don't have a specific understanding of what the purpose of this particular analysis was, is that fair?

GLENN BOWEN

A. Yes.

Q. Okay. Can you show me where that request is in the project description?

A. That was not typed in the project description --

Q. Okay.

A. -- in this letter.

Q. Do you have a specific recollection that the city actually asked you to perform that analysis in connection with this letter?

A. No, I do not.

Q. Okay. And so my question again is what's the basis on which you decided to look at the period of amortization reflected on page 4?

A. The basis would be a city request. I have no recollection of inventing an additional assignment.

Q. Okay. So you don't actually recall the city requesting it, but your assumption is they must have, even though you don't say it in the letter?

A. I would characterize this as an oversight for not including further description of this in the project description section of the letter.

Q. But you don't actually recall getting the request, you're just assuming that that's the case, is that fair?

GLENN BOWEN

A. I am, because I cannot imagine another scenario where this would have occurred.

Q. Do you have an understanding of why it was -- I just want to -- and the answer may be no, and that's fine, but I want to understand if you know why you're looking at those specific periods, other than it came from, you know, a city request. If it came from a city request, do you have an understanding of why those periods or what's being looked at?

A. Well, my understanding, not based on just this letter, but on other letters I remember authoring, was that if there's an unfunded liability existing in 2023, it needs to be paid off, what options exist for us to pay that off over various periods of time.

Q. Okay. So you would be looking at an option of a full amortization ending 20 years, 30 years, and 40 years out, is that fair?

A. That is this particular letter, yes.

Q. And this again is 70 percent in 2023. I take it your answers to me previously about what the origin of the 70 percent level and the 2023 date would apply equally to this letter?

A. Yes.

Q. That is, if they were -- stemmed from mediation?

GLENN BOWEN

retirement system looks like with a spunoff DWSD under certain scenarios?

A. It appears to be the case.

Q. Okay. In fact, you did a number of such letters over the time where you would -- over time where you would look at a separate DWSD and the city without the DWSD, is that right?

A. We did a number of letters, I absolutely agree with.

Q. If nothing else today?

A. I'm not sure how many times we did a companion piece as such here, I don't recollect that. I'm sure, you know, you have them.

Q. I was trying to short-circuit some of it, but it happened several times, is that fair?

A. I recall doing a significant number of letters in the January time frame. So I believe that's probably true.

Q. And this -- well, I have sort of a basic question. At the end of the day, this uses a, this uses a 6.25 percent investment rate, as does the letter we just looked at. At the end of the day, one should use, when you're looking at the DWSD by itself, presumably, the same investment return rate as for the system as a whole. If you're going to calculate the overall

GLENN BOWEN

A. They would.

Q. And just to be clear, they were not the product of a Milliman analysis, correct?

A. They were not.

MARKED FOR IDENTIFICATION:

DEPOSITION EXHIBIT 44

1:56 p.m.

BY MR. BALL:

Q. Mr. Bowen, you've been handed another letter that is like the one we just looked at, dated January 16th, 2014. This one has Bates numbers POA00258748, but it's a different analysis. And in this case, the "re" line says: DGRS ten-year level dollar payments to have 70 percent funded status in 2023 subsequent to a spunoff of DWSD under two specific additional reduction scenarios with 6.25 percent investment return assumption.

So, first question is, is this likewise a letter that you authored and signed?

A. Yes, it is.

Q. Okay. And is this essentially a companion piece with the letter that we just looked at? One shows the DWSD on a stand-alone basis with a spunoff, and this shows -- this addresses what the remainder of the

GLENN BOWEN

unfunded liability, and DWSD shared that unfunded liability, you should be using the same investment return rate to calculate those two things, is that fair?

A. That was rather long, if you could please --

Q. Okay. I assume that in calculating the overall UAAL, and the investment rate you used to calculate the overall UAAL, you should use, as you've done in these two letters, the same investment rate for the overall UAAL and for the DWSD, unless somebody tells you there's going to be a different asset allocation, that you would use the same investment rate to calculate those two things?

A. I'm not clear whether you're talking about a -- when you said different asset allocation, I'm not sure whether you're asking about a spunoff or not with two separate plans.

Q. Okay. Let's do it -- assume they're not spun off, because at the end of the day that's probably what we care about the most. But if you're going to look at the DWSD's share of unfunded liability in a scenario where they're not spun off, and so we're still talking about the same asset pool with the same investment policy governing it, presumably, you would use the

GLENN BOWEN

same investment return rate to calculate DWSD's share of the unfunded liability as you would to calculate the unfunded liability itself, correct, the overall unfunded liability?

A. That would be a logical starting point.

Q. Okay. And so one would assume that -- well, fair enough.

And if, in a scenario where the DWSD hasn't been spun off and is still part of the system, you would, if you used a different rate to calculate the total unfunded liability for the system as a whole, and used a lower rate to calculate the DWSD's share of the -- in a calculation -- the DWSD's share of the unfunded liability, that would result in a higher assessment of the DWSD's share than if you used the same rate for both. Is that right?

A. I tried to follow all the pieces, and if what you're saying is if you valued the entire system at X, including DWSD, and then went back and valued DWSD at Y --

Q. Y is --

A. -- the pieces wouldn't add up, if Y differed from X.

Q. That's I think right, and if you used a lower investment rate of return for -- in the Y calculation

GLENN BOWEN

That is true.

Q. And if you use the measurement at the higher rate, to the system as a whole, and then go back and do a calculation using a lower rate, and then out of that derive DWSD's liability, you'd wind up with a higher share for DWSD than you would if you'd used the higher rate scenario throughout. Does that make sense?

A. I'm having trouble figuring out the basis for the question, but you've measured DWSD two different ways and got two different liabilities.

Q. Right. Let's say you use seven percent to calculate the overall UAAL, and you do that set of calculations, and that's -- that will result in an overall UAAL that's smaller than if you used 6.75, correct?

A. Yes, I agree, all else equal.

Q. Okay. And so if you use the seven percent to determine what the total unfunded liability is, but you go back and do a separate set of calculations at 6.75 percent when you said about determining what the DWSD's share is, that will result in the DWSD's share being stated as being higher than it would have been if you'd used seven percent, correct?

A. I would say that, again, the premise is difficult to comprehend. If you're going and measuring DWSD under

GLENN BOWEN

of DWSD alone, that would result in a statement of its share of the liabilities, or the liabilities attributable to it that's bigger, because you've used a lower investment rate than for your analysis of the system as a whole, is that right?

A. If you used X as the system as a whole and didn't use Y to develop DWSD's portion for some reason.

Q. All right. So I'm just trying to make sure that if you use a -- in general, if you use a higher rate, you wind up with lower UAAL, right?

A. For a given asset amount, yes.

Q. Okay. And if you -- say if you used a higher rate in calculating the overall UAAL, and a lower rate when you went back and tried to calculate DWSD's share of the UAAL, that would result in DWSD's share of the UAAL being higher than if you'd used the same rate as the original analysis of the whole system?

A. Again, I'm having trouble with your concept of --

Q. Using different rates?

A. -- why you would measure twice under the same rate in that question. So I could state, you know, if you use a different -- if you measure, if you measure a plan at one rate and measure a plan at a different rate, you'll have a different liability, all else equal.

GLENN BOWEN

a different rate, you would get a different answer. I wouldn't characterize that as their share on the seven percent basis.

Q. Right. It would be incompatible, because you should be using the same rate for both the overall and the DWSD share, correct? You shouldn't use two different sets of calculations?

A. I don't see the relation. I think you're trying to get at some relation which I'm just not grasping, but you would get a different number if you used a different rate.

Q. And I assume that the 6.25 rate that we saw in those two letters is net of admin and administrative -- of administrative expense and investment expense, is that right?

A. I believe that is correct.

MARKED FOR IDENTIFICATION:
DEPOSITION EXHIBIT 45

2:07 p.m.

BY MR. BALL:

Q. I'm just going to give you two to look at together.

MARKED FOR IDENTIFICATION:
DEPOSITION EXHIBIT 46

2:07 p.m.

<p style="text-align: right;">Page 405</p> <p>1 GLENN BOWEN</p> <p>2 BY MR. BALL:</p> <p>3 Q. All right. Mr. Bowen, I've asked you to look at what</p> <p>4 have been marked as Exhibits 45 and 46. Exhibit 45</p> <p>5 is -- they're both letters dated February 28th, 2014.</p> <p>6 Exhibit 45 is POA00258956, and Exhibit 46 is</p> <p>7 POA00259001. And my first question is, for</p> <p>8 Exhibit 45, is this a letter that you authored and</p> <p>9 signed?</p> <p>10 A. Yes.</p> <p>11 Q. And for Exhibit 46, is the same true?</p> <p>12 A. Yes.</p> <p>13 Q. Okay. And I asked you a few minutes ago about whether</p> <p>14 you'd done additional analyses that were DWSD spinoffs</p> <p>15 and looking at a DWSD spinoff under a set of</p> <p>16 circumstances, and using the same set of circumstances</p> <p>17 analyzed DGRS absent -- or in connection with the DWSD</p> <p>18 spinoff. And is this another example of your doing</p> <p>19 that kind of analysis?</p> <p>20 A. Based on the titles on the various letters, that</p> <p>21 certainly seems to be the case.</p> <p>22 Q. Okay. And did you have an understanding of why you</p> <p>23 were doing these analyses?</p> <p>24 A. As specific as my understanding is, that there was</p> <p>25 ongoing DGRS mediation occurring during this time</p>	<p style="text-align: right;">Page 407</p> <p>1 GLENN BOWEN</p> <p>2 A. I do not know that they, that the city settled on the</p> <p>3 rate in the plan of adjustment.</p> <p>4 Q. All right. And I understand that that was your answer</p> <p>5 previously, I'm just -- having shown you these, does</p> <p>6 this refresh your recollection in any way about when</p> <p>7 you learned that, that information?</p> <p>8 A. No.</p> <p>9 MR. MILLER: Can we take a ten-minute</p> <p>10 break?</p> <p>11 MR. BALL: Sure. I'm trying to condense</p> <p>12 the number that I'm using so I don't belabor the point</p> <p>13 unnecessarily.</p> <p>14 VIDEO TECHNICIAN: The time is 2:11 p.m.</p> <p>15 We are off the record.</p> <p>16 (Off the record at 2:11 p.m.)</p> <p>17 MARKED FOR IDENTIFICATION:</p> <p>18 DEPOSITION EXHIBITS 47 and 48</p> <p>19 2:18 p.m.</p> <p>20 (Back on the record at 2:25 p.m.)</p> <p>21 VIDEO TECHNICIAN: We are back on the</p> <p>22 record. The time is 2:25 p.m.</p> <p>23 BY MR. BALL:</p> <p>24 Q. Mr. Bowen, you've been handed what have been marked as</p> <p>25 Exhibits 47 and 48, both of which are letters dated</p>
<p style="text-align: right;">Page 406</p> <p>1 GLENN BOWEN</p> <p>2 period --</p> <p>3 Q. Okay. And I'm not asking you about what you learned</p> <p>4 in mediation. You can say, "I have knowledge from</p> <p>5 mediation," and I don't want to know the details. But</p> <p>6 apart from knowledge you have from mediation, is there</p> <p>7 anything else you know, know about, besides mediation,</p> <p>8 about why you were doing these analyses?</p> <p>9 A. No.</p> <p>10 Q. Okay. And were you aware that at some point there</p> <p>11 were discussions between the DWSD and the counties</p> <p>12 about the creation of a regional authority, sometimes</p> <p>13 called the GLWA, or Great Lakes Water Authority? Were</p> <p>14 you aware of that, separate from anything you know</p> <p>15 about mediation?</p> <p>16 A. No.</p> <p>17 Q. Okay. So, all right, then. The only other questions</p> <p>18 I have here is, these letters reflect a 6.75 percent</p> <p>19 investment return. I take it that, again, is net</p> <p>20 admin and investment expense, is that fair?</p> <p>21 A. I believe in that case, yes.</p> <p>22 Q. And this is late February. Do you know whether you</p> <p>23 had learned by that point that the city had settled on</p> <p>24 an investment rate that was a more conservative --</p> <p>25 reflecting a more conservative portfolio?</p>	<p style="text-align: right;">Page 408</p> <p>1 GLENN BOWEN</p> <p>2 March 28th, 2014. And the first is -- Exhibit 47 is</p> <p>3 Bates-stamped POA00259255 and Exhibit 48 is</p> <p>4 Bates-stamped POA00259277.</p> <p>5 So my first question is, are both of these</p> <p>6 letters that you authored and signed?</p> <p>7 A. Yes, I did.</p> <p>8 Q. Okay. And they're both on the same date, right?</p> <p>9 A. They are.</p> <p>10 Q. And they're another set of companion letters looking</p> <p>11 at a spunoff DWSD and a DGRS with a spunoff DWSD,</p> <p>12 correct?</p> <p>13 A. Yes.</p> <p>14 Q. Okay. And this is about a month later than the last</p> <p>15 set of letters we looked at, and I'm not saying there</p> <p>16 aren't others in the interim, but are you still</p> <p>17 looking at that -- strike that.</p> <p>18 Do you have any different understanding of</p> <p>19 the purpose of these letters or analyses than you've</p> <p>20 answered with respect to the prior letters in this</p> <p>21 series?</p> <p>22 A. No different understanding.</p> <p>23 Q. Okay. And there is a 6.75 percent investment rate</p> <p>24 assumption in these letters, as well, right?</p> <p>25 A. There is.</p>

43 (Pages 405 to 408)

Elisa Dreier Reporting Corp. (212) 557-5558
950 Third Avenue, New York, NY 10022

GLENN BOWEN

Q. Okay. And does this refresh your recollection as to when you learned that the city intended to use a 6.75 percent investment rate assumption to derive a set of assets, an asset allocation that was more conservative for use in the plan?

A. No, it does not.

Q. Okay. And do you know whether you had learned it by this time, on March 28th, 2014?

A. I do not know anything beyond what I've said already.

Q. Okay. Fair enough. I just want to make sure that if something prompts your recollection, because you see a later letter that gives you some greater certainty about when you understood that, that I get it, so ...

A. Understood.

Q. Okay.

MARKED FOR IDENTIFICATION:

DEPOSITION EXHIBIT 49

2:29 p.m.

BY MR. BALL:

Q. Mr. Bowen, you've been handed what's been marked as Exhibit 49, which is a letter dated March 31, 2014. So three days later than the letters we just looked at. The Bates stamp is POA00259245. My first question is, is this a letter you

GLENN BOWEN

A. No.

Q. Okay. What's your best understanding of why the request was made, or what prompted the request that you look at a hundred percent funded status?

A. What prompted my request to look at a hundred percent funded status is that we were asked to look at a hundred percent funded status.

Q. No-no, I'm asking not what prompted your request. I'm asking if you have an understanding of what prompted the request to you. Why was the request made to you, to your understanding, that you look at a hundred percent funded status?

A. I don't have particular understanding of that.

Q. Okay. Do you have any information about why that request was made?

A. I don't have any information.

Q. Okay. And so no explanation was given to you, at the time the request was made, about why you were being asked to look at a hundred percent funded status?

A. Not to my recollection.

Q. This hundred percent funded status in 2023 is effectively, given this is written in March of 2014, effectively a nine-year amortization period for the DWSD liabilities, is that fair?

GLENN BOWEN

drafted and signed?

A. Yes, it is.

Q. Okay. And this letter -- prior letters we looked at about a spunoff DWSD have all looked at a 70 percent funded DWSD as of 2023, correct?

A. I believe that's the case, yes.

Q. All right. So I believe this is the first letter that looks at a hundred percent funded status for DWSD in 2023. Is that correct, your understanding?

A. I'll say it's correct based upon the letters you've shown me. I can't definitively state there aren't interim letters.

Q. At least of the ones we've looked at, this is the first, and I'll tell you, I've looked, and it looks to me like it's the first, but I understand you may not recall that.

What prompted -- first, I assume, did the city give you, or the pension plan task force give you the instruction to do an analysis that used -- that looked at a hundred percent funded status in 2023?

A. Yes.

Q. Okay. And was the decision to use a hundred percent funded status in your analysis based on any Milliman recommendation or analysis?

GLENN BOWEN

A. This letter, in the title, says July 1, 2013, to June 30, 2023. So this was based upon a ten-year period.

Q. All right. Although the July 1, 2013, period had already begun and you were near the end of the fiscal year for 2013 at the time this was written, right?

A. That is correct.

Q. Okay. So you're doing some retrospective analysis here in assuming contributions for the 2013-2014 fiscal year?

A. In this analysis, that period is included.

Q. Okay. So, effectively, it would be a ten-year amortization period under this analysis?

A. Yes.

Q. Okay. But if you shifted the date to July 1, 2014, and did the same analysis, that would make it a nine-year amortization period?

A. If you kept the end date the same --

Q. Right.

A. -- yes.

Q. And I take it Milliman had never recommended a nine or ten-year amortization period for either the plan as a whole or for the DWSD assets, is that fair?

A. Yes.

GLENN BOWEN

Q. And I think I've asked this, but just to make sure, that nine or ten-year amortization period, to your knowledge, is not based on any Milliman analysis or recommendation, is that right?

A. That is correct.

Q. And are you aware of any actuarial or accounting basis for the nine or ten-year amortization period employed here?

A. No specific actuarial or accounting basis.

Q. Did you ever make a determination that a nine or ten-year amortization period for either the DWSD liabilities or liabilities of the -- for the plan as a whole, that a nine or ten-year amortization period was more appropriate or desirable in any way than a 15-year period?

A. I did not make a specific determination on that in this case.

Q. Did you make a general determination on that in this case?

A. As a pension actuary, I'm happy to have more money come into the pension plan, always, other than I recognize that plan sponsors have competing uses for their funds.

Q. So other than that generalized desire, nothing, is

GLENN BOWEN

standards?

A. There is no standard that states it in that fashion.

Q. And under -- let's talk about current GASB rules as opposed to those that are about to phase in. There's no reason why a nine or ten-year period for amortization is more appropriate under those GASB rules than the 30-year period that those rules permitted, correct?

A. GASB provides a range up to 30, as we've discussed, and I do not know anything in the standard which recommends a specific interim period as the most appropriate.

Q. Okay. And you haven't conducted an analysis of what the application of the new GASB rules would be to the amortization period here, correct?

A. Well, we mentioned earlier today that -- can I say strike that?

Q. Yes. You can say. It doesn't happen. It doesn't happen when I say it, either, but ...

A. We've not performed a GASB 67/68 valuation for the Detroit retirement systems.

Q. Okay. And just to ask again, the 6.75 investment return rate in this letter is net of administrative and investment expense, correct?

GLENN BOWEN

that fair?

A. Yes.

Q. Had Milliman undertaken any research or analysis about whether a nine or ten-year amortization period is employed by any other public pension plans?

A. We did not research other public pension plans in conducting this assignment.

Q. Okay. So under prior GASB rules, assuming the ones that are currently in effect, as opposed to the ones that are about to phase in, there's no reason why a nine or a ten-year period is more appropriate under applicable actuarial or accounting standards than the 30-year period that Milliman had employed, correct?

A. You said the 30-year period that Milliman had employed.

Q. I'm sorry. Getting my actuarial firms confused. All right. Let's just talk about actuarial standards and accounting standards, I'll try not combine in it one question, make it a little simpler and get the right names.

There's no matter -- no actuarial standard that would dictate that nine or ten years is more appropriate than a 30-year closed amortization period, is there, under current actuary -- under actuarial

GLENN BOWEN

A. I believe that to be the case here.

MARKED FOR IDENTIFICATION:
DEPOSITION EXHIBIT 50
2:40 p.m.

BY MR. BALL:

Q. Mr. Bowen, you've been shown what is marked as Exhibit 50, which is a letter dated April 10th, 2014, which has Bates numbers POA00259558. And again, my first question about this letter is whether it's a letter that you authored and signed?

A. Yes.

Q. Okay. And if you look at pages 3 to 5, we'll start with page 3, there's a discussion there about actuarial assumptions and methods?

A. Yes.

Q. All right. So let me ask, back up and ask a first question. At this point had you received the census data?

A. Yes.

Q. Okay. And is the analysis here based on your -- is it an actuarial valuation based on the census data you were provided?

A. Yes.

Q. Okay. And in -- on page 3, there's a discussion of

<p style="text-align: right;">Page 417</p> <p>1 GLENN BOWEN</p> <p>2 post-retirement mortality. Do you see that?</p> <p>3 A. I do.</p> <p>4 Q. All right. And there's a discussion there about</p> <p>5 Gabriel Roeder Smith & Company. In the second</p> <p>6 sentence it says: Gabriel Roeder Smith & Company, the</p> <p>7 actuary for DGRS, has indicated that there is</p> <p>8 uncertainty surrounding the extent, if any, of</p> <p>9 allowance for future mortality improvement in this</p> <p>10 assumption.</p> <p>11 MR. MONTGOMERY: Excuse me. Do you have a</p> <p>12 copy of that letter? I'd like to know if that's a</p> <p>13 document that was shared with the GRS and the</p> <p>14 retirement committee as part of the mediation process.</p> <p>15 MR. BALL: Maybe counsel can pass one down.</p> <p>16 It's not addressed to you. It does, however, and it</p> <p>17 is going to get to the census data, because it does</p> <p>18 have a discussion of exchanges with Clark Hill. And</p> <p>19 this is the letter I was referencing earlier when I --</p> <p>20 MR. MILLER: Well, it exchanges with</p> <p>21 Gabriel Roeder.</p> <p>22 MR. BALL: Actually with Clark Hill, I</p> <p>23 think, if you look at Exhibit 3.</p> <p>24 MR. MILLER: It's dated April 10th.</p> <p>25 MR. BALL: Let me know when you're ready,</p>	<p style="text-align: right;">Page 419</p> <p>1 GLENN BOWEN</p> <p>2 are confidential. Documents that were prepared and</p> <p>3 exclusively used in mediation would be confidential,</p> <p>4 and documents that were prepared and distributed to</p> <p>5 mediation parties as a consequence of the mediation</p> <p>6 order, and in the absence of such order would not have</p> <p>7 been communicated, also fall within the</p> <p>8 confidentiality protection.</p> <p>9 Let me make this suggestion to the parties</p> <p>10 on the record. I think the way we can solve this</p> <p>11 problem is if the parties were willing to destroy the</p> <p>12 copies of this April 10th, 2014, letter that they</p> <p>13 have, and the city would be prepared to provide a</p> <p>14 version of this April 10th letter that redacts, I</p> <p>15 believe, one sentence that is the offending sentence</p> <p>16 and discusses --</p> <p>17 MR. BALL: Which sentence?</p> <p>18 MR. MILLER: The sentence that begins,</p> <p>19 Gabriel Roeder Smith & Company has indicated.</p> <p>20 That is the sentence that reflects and</p> <p>21 memorializes a conversation and a communication that</p> <p>22 was made in mediation.</p> <p>23 I think the remainder, from the standpoint</p> <p>24 of the city, the remainder of that paragraph does not</p> <p>25 reveal what went on in mediation and would therefore</p>
<p style="text-align: right;">Page 418</p> <p>1 GLENN BOWEN</p> <p>2 Counsel.</p> <p>3 MR. MONTGOMERY: I've handed the document</p> <p>4 to counsel for the retirement system.</p> <p>5 MS. GREEN: I don't know by looking at it</p> <p>6 if it was part of the mediation clause or--</p> <p>7 MR. MONTGOMERY: Okay, then I will say that</p> <p>8 it is not, because it was quite -- the date is quite</p> <p>9 similar, but I think this may actually be a different</p> <p>10 document, so ...</p> <p>11 MR. BALL: Okay. I'll ask some questions</p> <p>12 and we'll see if we can figure it out.</p> <p>13 MR. MILLER: Not quite yet.</p> <p>14 MR. BALL: You're still looking, okay.</p> <p>15 MR. MILLER: No. This document was not</p> <p>16 prepared in -- it was not a document that was ordered</p> <p>17 by the mediator to be distributed to other parties,</p> <p>18 and in the absence of such order would not have been.</p> <p>19 However, page 3, and the particular</p> <p>20 paragraph that I believe you're about to question the</p> <p>21 witness on, memorializes certain conversations that</p> <p>22 occurred in mediation. And as I indicated earlier,</p> <p>23 the city's position as it relates to the scope of the</p> <p>24 mediation confidentiality is essentially as follows:</p> <p>25 Conversations that occurred in mediation</p>	<p style="text-align: right;">Page 420</p> <p>1 GLENN BOWEN</p> <p>2 not be subject to redaction.</p> <p>3 Does the retirement system or Retirees</p> <p>4 Committee have any additional observations to make on</p> <p>5 the subject?</p> <p>6 MR. MONTGOMERY: For the record,</p> <p>7 co-counsel, after examination of the letter, I don't</p> <p>8 believe it's something the Retiree Committee received</p> <p>9 in the context of mediation, and we have no difficulty</p> <p>10 with an exclusion or redaction of that sentence.</p> <p>11 MS. GREEN: The retirement systems do</p> <p>12 concur with the city that the portion of the letter</p> <p>13 that was quoted by Mr. Miller was indeed the subject</p> <p>14 of some mediation discussions, and counsel for Gabriel</p> <p>15 Roeder is also present here today and concurs that</p> <p>16 this is indeed something that arose out of mediation.</p> <p>17 We have no objection to redacting the</p> <p>18 letter as Mr. Miller has set forth.</p> <p>19 MR. BULLOCK: Whether it was stated or not,</p> <p>20 the context was mediation. So that's to be clear.</p> <p>21 MR. BALL: Are there any other -- I want to</p> <p>22 consider that and let me talk with co-counsel about</p> <p>23 it, but are there any other portions of this letter,</p> <p>24 because there are certainly other portions I intend to</p> <p>25 ask about, because it is the assumptions here, the</p>

46 (Pages 417 to 420)

Elisa Dreier Reporting Corp. (212) 557-5558

950 Third Avenue, New York, NY 10022

113-53846-111 Doc 13634-20 Filed 09/29/23 Entered 09/29/23 18:52:31 Page 47 of 754

<p style="text-align: right;">Page 421</p> <p>1 GLENN BOWEN</p> <p>2 analysis here, used in several succeeding analyses and</p> <p>3 are specifically referenced there, and so I would like</p> <p>4 to know in advance whether there's anything else in</p> <p>5 this letter that you guys looking at it believe are</p> <p>6 subject to a mediation privilege. And we can take a</p> <p>7 few minutes --</p> <p>8 MR. MUTH: Fairly asked, and so I suggest</p> <p>9 in the interest of time, let's take a five, ten-minute</p> <p>10 break. Each of the mediation parties that have an</p> <p>11 interest in this letter will look at it more</p> <p>12 carefully, and then when we can get back on the</p> <p>13 record, we'll identify if there are any other language</p> <p>14 elements that memorialize confidential statements in</p> <p>15 the mediation, and, concurrently, you can mull over</p> <p>16 the suggestion that I made in terms of how to handle</p> <p>17 the letter going forward for questioning. Great.</p> <p>18 MR. BALL: Okay. Let's go off the record.</p> <p>19 VIDEO TECHNICIAN: The time is 2:48 p.m.</p> <p>20 We are off the record.</p> <p>21 (Off the record at 2:49 p.m.)</p> <p>22 (Back on the record at 3:15 p.m.)</p> <p>23 VIDEO TECHNICIAN: The time is 3:15 p.m.</p> <p>24 We're back on the record.</p> <p>25 MR. MILLER: Okay. During the course of</p>	<p style="text-align: right;">Page 423</p> <p>1 GLENN BOWEN</p> <p>2 In connection with the exhibits, however, I</p> <p>3 have been advised that Exhibit 2 was information that</p> <p>4 was expressly ordered by one of the mediators,</p> <p>5 Mediator Dryker, to be provided by the general</p> <p>6 retirement system to Milliman in a mediation session.</p> <p>7 And so we're going to take the position that Exhibit 2</p> <p>8 is -- falls within the mediation order.</p> <p>9 And in connection with Exhibit 3,</p> <p>10 similarly, that was the subject of discussion among</p> <p>11 actuaries at a mediation session, and the explanation</p> <p>12 and the description that is set forth in Exhibit 3</p> <p>13 also is material that was ordered by the mediators to</p> <p>14 be provided to, to Milliman, and it was provided</p> <p>15 through Clark Hill.</p> <p>16 And so we will also take the position that</p> <p>17 Exhibit 3 is mediation protected.</p> <p>18 So the request of the city, to sum up, is</p> <p>19 that Exhibit 50 be destroyed, and the city is willing</p> <p>20 to provide a new redacted version of Exhibit 50</p> <p>21 consistent with my remarks.</p> <p>22 MR. BALL: Okay. So -- and I guess I</p> <p>23 should let the others involved in the mediation say</p> <p>24 what they have to say.</p> <p>25 MR. BULLOCK: Speaking on behalf of Gabriel</p>
<p style="text-align: right;">Page 422</p> <p>1 GLENN BOWEN</p> <p>2 the break, I had an opportunity to speak with counsel</p> <p>3 for the Retiree Committee and the retirement systems,</p> <p>4 as well as counsel for Gabriel Roeder, and our</p> <p>5 collective judgment is that in connection with the</p> <p>6 letter that's been tabbed as Exhibit 50 in the</p> <p>7 exhibits, the only language in the body of the letter</p> <p>8 that reveals communications that occurred in mediation</p> <p>9 is the one sentence on page 3 that I previously</p> <p>10 mentioned. And so the city would be desirous of</p> <p>11 redacting that sentence.</p> <p>12 MR. BULLOCK: It was the paragraph.</p> <p>13 MS. GREEN: The whole paragraph.</p> <p>14 MR. BALL: The whole paragraph?</p> <p>15 MR. MILLER: No, that's not the judgment of</p> <p>16 the city.</p> <p>17 MS. GREEN: Oh.</p> <p>18 MR. MILLER: It is not the judgment -- let</p> <p>19 me finish and then you can go on the record.</p> <p>20 The judgment of the city is that there is</p> <p>21 one sentence, the sentence that begins "Gabriel Roeder</p> <p>22 Smith & Company, comma, the actuary for DGRS," that</p> <p>23 reveals mediation communications, and the rest of that</p> <p>24 paragraph is not in conflict with the mediation order</p> <p>25 by the Court.</p>	<p style="text-align: right;">Page 424</p> <p>1 GLENN BOWEN</p> <p>2 Roeder, I stand corrected with respect to the single</p> <p>3 sentence. That is subject to the confidentiality</p> <p>4 order. In the event, however, because of the</p> <p>5 expeditious nature of this review process where we</p> <p>6 stepped out into the hallway, if there is anything</p> <p>7 else within the body of the document that is subject</p> <p>8 to confidentiality order, we are not waiving the right</p> <p>9 to claim confidentiality protection or mediation</p> <p>10 protection.</p> <p>11 MR. BALL: Okay. So the difficulty that</p> <p>12 that poses is that, as I understand it from reviewing</p> <p>13 each of Mr. Bowen's subsequent analyses, including</p> <p>14 those that are used to generate the numbers that</p> <p>15 appear in the plan for the UAAL payments to be made by</p> <p>16 the DWSD, they are derived from analyses using this</p> <p>17 data, and subject to the descriptions he provides in</p> <p>18 this letter. And so it's the position here that the</p> <p>19 information contained in those exhibits, which among</p> <p>20 other things discuss problems with the data and</p> <p>21 limitations with the data, and the extent to which it</p> <p>22 is reliable for the purposes for which it is being</p> <p>23 used are not to be subject to question or examination</p> <p>24 here today.</p> <p>25 I would take it that the answer to that is</p>

47 (Pages 421 to 424)

Elisa Dreier Reporting Corp. (212) 557-5558
950 Third Avenue, New York, NY 10022

113-53846-111 Doc 13634-20 Filed 09/29/23 Entered 09/29/23 18:52:31 Page 48 of 754

<p style="text-align: right;">Page 425</p> <p>1 GLENN BOWEN</p> <p>2 you're going to object if I have questions, for</p> <p>3 example, about Exhibit 3.</p> <p>4 MR. MILLER: That's right. We will, we</p> <p>5 will object.</p> <p>6 MR. BALL: So I will say, for the record,</p> <p>7 that that's completely unacceptable, and to the extent</p> <p>8 that the -- I don't see how you can rely on the</p> <p>9 analyses he's performed and use them in the plan if</p> <p>10 they are dependent, as it appears they are, on</p> <p>11 information he's obtained purely in mediation and</p> <p>12 which we do not have the ability to cross-exam him</p> <p>13 about.</p> <p>14 So I will talk to Mr. Neal for a few</p> <p>15 minutes about how best to proceed here today, but I</p> <p>16 don't understand how we can fairly examine the</p> <p>17 analyses that he has done without being able to</p> <p>18 question him about the limitations in the data that</p> <p>19 are recited in this letter.</p> <p>20 MR. MILLER: Let's do the following. Why</p> <p>21 don't you speak with Mr. Neal, and I will also speak</p> <p>22 with the retirement systems and the Retiree Committee.</p> <p>23 MR. JAMES: This is Mark James, on behalf</p> <p>24 of Financial Guaranty. At the last hearing on</p> <p>25 June 26, Judge Rhodes invited any issues arising</p>	<p style="text-align: right;">Page 427</p> <p>1 GLENN BOWEN</p> <p>2 letter, which is Exhibit 50, and the issues related to</p> <p>3 the mediation privilege and have reached this</p> <p>4 arrangement, and I'll state it for the record. If I</p> <p>5 get anything wrong, you'll correct me.</p> <p>6 With respect to the single sentence in --</p> <p>7 on page 3, under post retirement mortality, it has</p> <p>8 been objected to as revealing mediation discussions.</p> <p>9 I will not ask questions today about that</p> <p>10 particular sentence. The rest of the paragraph is</p> <p>11 fair game, but I will not ask questions about that</p> <p>12 particular sentence.</p> <p>13 With respect to Exhibits 2 and 3, we will</p> <p>14 ask the reporter to separate and seal the portion of</p> <p>15 the transcript that involves any questions I may ask</p> <p>16 about those portions of the letter, and we will</p> <p>17 attempt in the fashion we've discussed off the record</p> <p>18 to present the issue for resolution. If we can't work</p> <p>19 it out among ourselves, present that issue for</p> <p>20 resolution by the Court at an appropriate time, I</p> <p>21 assume as reasonably possible, and the exact timing</p> <p>22 is -- we haven't settled on, because we're going to</p> <p>23 try to see if there is something additional we can do</p> <p>24 to reach an informal resolution, but if we can't, it</p> <p>25 will be presented to the judge.</p>
<p style="text-align: right;">Page 426</p> <p>1 GLENN BOWEN</p> <p>2 during discovery to call his chambers. In the name of</p> <p>3 expediency, may I suggest that a call be made to Judge</p> <p>4 Rhodes' chambers? It's only 3:20.</p> <p>5 MR. MILLER: I'm fine with that. The city</p> <p>6 does not want to unfairly impede this, this</p> <p>7 deposition. But -- and so I think that getting</p> <p>8 guidance from the Court is the right way to proceed,</p> <p>9 and I'd be -- I'd welcome that guidance. These are</p> <p>10 not easy issues. It's not easy to draw the line here.</p> <p>11 So let's see if we can ring up the judge</p> <p>12 and get a quick ruling, and obviously the city will</p> <p>13 abide by it.</p> <p>14 MR. BALL: Give us a couple minutes to</p> <p>15 consult.</p> <p>16 MR. MUTH: Yeah, sure.</p> <p>17 VIDEO TECHNICIAN: Off the record at</p> <p>18 3:22 p.m.</p> <p>19 (Off the record at 3:22 p.m.)</p> <p>20 (Back on the record at 3:38 p.m.)</p> <p>21 VIDEO TECHNICIAN: We're back on the</p> <p>22 record. The time is 3:37 p.m.</p> <p>23 MR. BALL: The concert of Vienna has</p> <p>24 completed its negotiations.</p> <p>25 Counsel off the record have discussed the</p>	<p style="text-align: right;">Page 428</p> <p>1 GLENN BOWEN</p> <p>2 The sealed portion of the transcript will</p> <p>3 be made available only to counsel who are present --</p> <p>4 for the parties who are present at this deposition</p> <p>5 until the issue is further resolved, and I will say on</p> <p>6 the record when I'm about to ask questions about those</p> <p>7 portions of the exhibit and let you know when I'm done</p> <p>8 with those portions so it will be clearly demarcated.</p> <p>9 Is that fair?</p> <p>10 MR. MILLER: Yeah, that's a fair</p> <p>11 description of what the lawyers agreed to off the</p> <p>12 record, and indeed, as soon as practicable following</p> <p>13 the deposition, there will be a formal meet and</p> <p>14 confer, and the parties will work in good faith to try</p> <p>15 to reach a resolution on the subject without the</p> <p>16 necessity of judicial intervention.</p> <p>17 MR. BALL: And we are, there's a</p> <p>18 possibility that other sources of evidence may moot</p> <p>19 some or all of the issue, and we'll see how that pans</p> <p>20 out, as well.</p> <p>21 MR. MONTGOMERY: Counsel for the Retiree</p> <p>22 Committee agrees with the description.</p> <p>23 MS. GREEN: Counsel for the Retirement</p> <p>24 Systems also agrees with the description.</p> <p>25 MR. BULLOCK: So, too, does counsel for</p>

<p style="text-align: right;">Page 429</p> <p>1 GLENN BOWEN</p> <p>2 Gabriel Roeder.</p> <p>3 BY MR. BALL:</p> <p>4 Q. Okay. So let's go back to the letter, Mr. Bowen. Do</p> <p>5 you recall that we were discussing a letter dated</p> <p>6 April 10th, 2014, which is marked as Exhibit 50?</p> <p>7 A. I do.</p> <p>8 Q. Okay. And we had gotten to page 3, to the section</p> <p>9 that's headed post-retirement mortality. Do you see</p> <p>10 that?</p> <p>11 A. Yes.</p> <p>12 Q. Okay. And the results you prepared in this valuation</p> <p>13 were based -- prepared based on the post retirement</p> <p>14 mortality assumption used in Gabriel Roeder's June 30,</p> <p>15 2012, actuarial valuation of DGRS, is that right?</p> <p>16 It's the first sentence, I believe.</p> <p>17 A. Yes.</p> <p>18 Q. Okay. And, however, Milliman had not been provided</p> <p>19 with historical data necessary to conduct an</p> <p>20 experience study in order to opine on the</p> <p>21 applicability of that mortality assumption for use in</p> <p>22 these analyses, is that right?</p> <p>23 A. That is true.</p> <p>24 Q. And, in fact, you recommend at the end of the last</p> <p>25 sentence that an updated experience study be conducted</p>	<p style="text-align: right;">Page 431</p> <p>1 GLENN BOWEN</p> <p>2 benefit restoration in the event of a significantly</p> <p>3 positive experience, better than expected.</p> <p>4 Q. Okay. And had you seen the plan of adjustment -- at</p> <p>5 the time that you wrote this letter, had you seen</p> <p>6 versions of the plan of adjustment or the disclosure</p> <p>7 statement at this point?</p> <p>8 A. I cannot recall at this point in time if it was verbal</p> <p>9 or an email direction in this assignment, but we had</p> <p>10 prepared letters. I don't know which came first.</p> <p>11 Q. Okay. Was Milliman involved in any way in designing</p> <p>12 the provisions for benefit restoration that wound up</p> <p>13 appearing in the plan?</p> <p>14 A. No.</p> <p>15 Q. Okay. Did you have any involvement in developing the</p> <p>16 proposals that resulted in the benefit restoration</p> <p>17 provisions?</p> <p>18 A. No.</p> <p>19 Q. Okay. Do you know who developed those provisions?</p> <p>20 A. I don't know specifically who developed them.</p> <p>21 Q. Do you know generally who developed them?</p> <p>22 A. Other than I imagine it was a group of people that I</p> <p>23 could not name all of in a negotiation process.</p> <p>24 Q. Okay. Is there anybody in particular whom you know</p> <p>25 was involved in designing those provisions on behalf</p>
<p style="text-align: right;">Page 430</p> <p>1 GLENN BOWEN</p> <p>2 to develop a current best estimate of the expected</p> <p>3 future mortality experience of DGRS members. Is that</p> <p>4 right?</p> <p>5 A. That is true.</p> <p>6 Q. Okay. Did Milliman ever get the historical census</p> <p>7 data necessary to conduct the experience study you</p> <p>8 mention in this paragraph?</p> <p>9 A. We did not.</p> <p>10 Q. Okay. And did you ever perform or were you ever</p> <p>11 provided an updated experience study such as that you</p> <p>12 recommend in the last sentence of the paragraph?</p> <p>13 A. We were not.</p> <p>14 Q. Okay. And there's a reference in the next-to-the-last</p> <p>15 sentence, it says:</p> <p>16 To the extent that members live longer than</p> <p>17 what is anticipated in the valuation mortality</p> <p>18 assumption, there will be a downward pressure on the</p> <p>19 future funded status of the system and a decreased</p> <p>20 likelihood of any benefit restoration to members.</p> <p>21 Do you see that?</p> <p>22 A. I do.</p> <p>23 Q. What is the reference to benefit restoration to</p> <p>24 members about?</p> <p>25 A. In the plan of adjustment, there is some provision for</p>	<p style="text-align: right;">Page 432</p> <p>1 GLENN BOWEN</p> <p>2 of the city?</p> <p>3 A. I know that Mr. Miller was involved in that process.</p> <p>4 Q. Okay. Anybody else?</p> <p>5 A. With certainty, no.</p> <p>6 Q. Okay. And was Milliman ever asked for input on the</p> <p>7 design -- were you ever requested to provide any input</p> <p>8 on the design of those provisions?</p> <p>9 A. Not input on the design, no.</p> <p>10 Q. What were you -- were you requested to provide input</p> <p>11 on something else related to those provisions?</p> <p>12 A. We were requested to make measurements regarding how</p> <p>13 the design -- how things may occur.</p> <p>14 Q. So the design was presented to you, and then you were</p> <p>15 asked for evaluations of what results would obtain</p> <p>16 with that design in place?</p> <p>17 A. Yes.</p> <p>18 Q. Okay. So it was provided to you as a parameter, is</p> <p>19 that --</p> <p>20 A. Yes.</p> <p>21 Q. -- what you're saying?</p> <p>22 A. Yes.</p> <p>23 Q. This letter is dated April the 10th. A Gabriel</p> <p>24 Roeder's June 30th, 2013, valuation was issued --</p> <p>25 strike that.</p>

<p style="text-align: right;">Page 433</p> <p>1 GLENN BOWEN</p> <p>2 Gabriel Roeder's 75th annual actuarial</p> <p>3 valuation of the GRS as of June 30th, 2013, was issued</p> <p>4 on April the 4th, about a week earlier. Had you seen</p> <p>5 Gabriel Roeder's latest report at the time you</p> <p>6 prepared this letter?</p> <p>7 A. I do not, I do not believe -- at the time I prepared</p> <p>8 this letter, I'm not certain, but I don't recollect</p> <p>9 whether I had or hadn't.</p> <p>10 Q. Okay. The reason I ask, of course, is it says in this</p> <p>11 letter that you're relying on the June 30th, 2012,</p> <p>12 actuarial valuation. And so I was trying to figure</p> <p>13 out whether if at this point you already had the 2013</p> <p>14 in hand or not.</p> <p>15 Does that refresh your recollection in any</p> <p>16 way?</p> <p>17 A. Yeah, to the extent that it's possible we received a</p> <p>18 draft copy, that's a possibility. I can't place all</p> <p>19 the dates exactly in sequence.</p> <p>20 Q. Did you go back and modify your analysis in any way --</p> <p>21 well, let's start with the post-retirement mortality</p> <p>22 point. Did you modify your analysis in any way after</p> <p>23 receipt of the June 30th of 2013 actuarial valuation?</p> <p>24 In other words, you're relying here on this</p> <p>25 version. Did you perform an analysis that updated</p>	<p style="text-align: right;">Page 435</p> <p>1 GLENN BOWEN</p> <p>2 data provided by the valuation system and an</p> <p>3 independent valuation by Milliman. These pieces that</p> <p>4 are listed in the letter are pieces that we have taken</p> <p>5 from the Gabriel Roeder valuation.</p> <p>6 Q. All right, fair enough. So I was imprecise in the</p> <p>7 question, and I apologize for that. My question is,</p> <p>8 here you used a particular assumption from the</p> <p>9 June 30th, 2012, version of the Gabriel Roeder report,</p> <p>10 correct?</p> <p>11 A. That is correct.</p> <p>12 Q. Okay. And I'm asking whether you looked at the</p> <p>13 subsequent version to see if that warranted any change</p> <p>14 in the assumption that you used when you did this</p> <p>15 analysis using the 2012 version of the report.</p> <p>16 A. I reviewed the 2013 valuation report for DGRS,</p> <p>17 prepared by Gabriel Roeder.</p> <p>18 Q. Okay. I know you reviewed the report. I'm asking</p> <p>19 whether you analyzed whether the June 30th, 2013,</p> <p>20 report, and the assumptions it used about</p> <p>21 post-retirement mortality, whether those warranted any</p> <p>22 change in the assumption you used in relying on the</p> <p>23 June 30th, 2012, version of the report.</p> <p>24 A. My review of 2013 did not indicate any change was</p> <p>25 warranted.</p>
<p style="text-align: right;">Page 434</p> <p>1 GLENN BOWEN</p> <p>2 this post -- this portion of your analysis on</p> <p>3 post-retirement mortality based on the June 30th,</p> <p>4 2013, actuarial data?</p> <p>5 A. I do not remember doing that.</p> <p>6 Q. Okay. And so there are a number of subsequent</p> <p>7 analyses that you performed that incorporated the</p> <p>8 analysis of the data that's presented in this April</p> <p>9 10th letter. Do you recall that? I mean, I can show</p> <p>10 them to you, but there are a number of --</p> <p>11 A. Yes, I do recall.</p> <p>12 Q. Okay. And so when you did those subsequent analyses,</p> <p>13 your recollection is that you did not go back and</p> <p>14 update this portion of the analysis to reflect the</p> <p>15 2013 Gabriel Roeder report, is that fair?</p> <p>16 A. That's correct.</p> <p>17 Q. Have you ever looked at whether any modification of</p> <p>18 your analysis would be warranted if you used the</p> <p>19 June 30th, 2013, valuation instead of the June 30th,</p> <p>20 2012, valuation? In other words, would it make a</p> <p>21 difference if you had used the later report or not, do</p> <p>22 you know?</p> <p>23 A. I think in terms of this overall analysis, the phrase</p> <p>24 "used the valuation" is not an appropriate</p> <p>25 characterization. This analysis is based upon census</p>	<p style="text-align: right;">Page 436</p> <p>1 GLENN BOWEN</p> <p>2 Q. Okay. So did you look at it specifically to see</p> <p>3 whether a change was warranted based on the 2013</p> <p>4 report or -- I'm just asking whether you looked at</p> <p>5 that issue, specifically.</p> <p>6 A. The review of the report was many fold, and that issue</p> <p>7 was looked at as a portion of the review of the</p> <p>8 report.</p> <p>9 Q. Okay. So you looked at it, and you concluded after</p> <p>10 review of the June 30th, 2013, report that it did not</p> <p>11 warrant that you revise the post-retirement mortality</p> <p>12 assumption that you used in this April 10th analysis?</p> <p>13 A. That's correct.</p> <p>14 Q. Okay. If you look at compensation, it also says that</p> <p>15 you -- which is at the bottom of page 3 and on to</p> <p>16 page 4, it also says that you used the June 30th,</p> <p>17 2012, actuarial valuation, and then you estimated</p> <p>18 compensation for the 2013-2014 year, fiscal year using</p> <p>19 the June 30th, 2012, actuarial valuation.</p> <p>20 Did you go back and look at that set of</p> <p>21 assumptions in light of the June 30th, 2013, actuarial</p> <p>22 report issued by Gabriel Roeder to see whether there</p> <p>23 was -- that report, for example, provided you --</p> <p>24 provided information that warranted a change in your</p> <p>25 assumptions?</p>

50 (Pages 433 to 436)

113-53846-111 Doc 13634-20 Filed 09/09/23 Entered 09/09/23 18:52:31 Page 59 of 754

<p style="text-align: right;">Page 437</p> <p>1 GLENN BOWEN</p> <p>2 A. The development of this methodology, assumption set,</p> <p>3 was a result of mediation discussions between the</p> <p>4 actuarial firms.</p> <p>5 Q. Okay. What I see it saying here is that you used the</p> <p>6 June 30th actuarial valuation and that you estimated</p> <p>7 it, the 2013-2014, based on the June 30th, 2012,</p> <p>8 actuarial valuation. Is that what you did, or did you</p> <p>9 do something else based on mediation?</p> <p>10 A. We did what is stated here as a result of mediation</p> <p>11 discussions between the actuarial firms.</p> <p>12 Q. All right. So does that mean you did not go back and</p> <p>13 look at those assumptions in light of the June 30th,</p> <p>14 2013, Gabriel Roeder report to determine whether any</p> <p>15 alteration in your assumptions was warranted?</p> <p>16 A. This analysis we're looking at is not a 2013 valuation</p> <p>17 by Milliman, to the best of my recollection. And so,</p> <p>18 to that extent, there was no reason to go back and</p> <p>19 look at that for this analysis.</p> <p>20 Q. Okay. It does say, does it not, at the top of page 4</p> <p>21 that you're estimating compensation for the 2013-2014</p> <p>22 fiscal year, doesn't it?</p> <p>23 A. Yes, it does.</p> <p>24 Q. Okay. And that you did that using the 2012 actuarial</p> <p>25 valuation?</p>	<p style="text-align: right;">Page 439</p> <p>1 GLENN BOWEN</p> <p>2 report, right, saw the 2013 report?</p> <p>3 A. We had census data as of June 30, 2013, from the</p> <p>4 system, which we relied on in our analysis.</p> <p>5 Q. Then why are you saying that you relied on -- you</p> <p>6 used -- compensation for the 2013-14 fiscal year was</p> <p>7 estimated, using the merit and seniority salary</p> <p>8 increase, if you actually had that data?</p> <p>9 A. I'm guessing that we did not have 2013-14 compensation</p> <p>10 in the 2013 data and had to estimate it for this</p> <p>11 purpose.</p> <p>12 Q. I'll see if there are other questions I want before I</p> <p>13 get to the --</p> <p>14 Okay, the next question will relate to</p> <p>15 Exhibit 2, at least the portion of the tax reference</p> <p>16 in Exhibit 2, so I would ask that we start the sealed</p> <p>17 portion of the transcript here.</p> <p>18 (At this point in the proceedings a portion</p> <p>19 of the record was excised, made a separate record, and</p> <p>20 put under seal)</p> <p>21 MARKED FOR IDENTIFICATION:</p> <p>22 DEPOSITION EXHIBIT 51</p> <p>23 4:27 p.m.</p> <p>24 BY MR. BALL:</p> <p>25 Q. Okay, Mr. Bowen, you're being shown what has been</p>
<p style="text-align: right;">Page 438</p> <p>1 GLENN BOWEN</p> <p>2 A. Using the merit and seniority salary increase</p> <p>3 assumption in the 2012 valuation, not using the 2012</p> <p>4 valuation.</p> <p>5 Q. All right, so using the assumptions. Again, I</p> <p>6 apologize for saying valuation instead of the</p> <p>7 assumptions from the valuation. I'm just asking, did</p> <p>8 you look at the 2013 report to see whether your</p> <p>9 reliance upon the assumptions used in the 2012 report</p> <p>10 were still warranted?</p> <p>11 A. I did not, because those are apples and oranges.</p> <p>12 Q. Okay. And you are looking for estimated liabilities</p> <p>13 as of June 30th, 2014, correct?</p> <p>14 A. In this analysis, yes, 2014.</p> <p>15 Q. And did you look at -- when you received the 2013</p> <p>16 valuation, did you look at what the actual salary</p> <p>17 increases had been in the additional year of</p> <p>18 experience that you had?</p> <p>19 A. The 2013 valuation would not have provided</p> <p>20 compensation for 2013-2014.</p> <p>21 Q. Right. It would have provided it for the year</p> <p>22 preceding that, right?</p> <p>23 A. It would have provided the change from '11-'12 to</p> <p>24 '12-'13.</p> <p>25 Q. Right, which you did not have until you saw that</p>	<p style="text-align: right;">Page 440</p> <p>1 GLENN BOWEN</p> <p>2 marked as Exhibit 51, which is a letter dated</p> <p>3 April 14th, 2014, and is Bates-stamped POA00259476.</p> <p>4 And so my first question to you is, is this a letter</p> <p>5 that you authored and signed?</p> <p>6 A. Yes.</p> <p>7 Q. And it is an analysis for the DGRS, and for what it</p> <p>8 would take in certain parameters for the DGRS to have</p> <p>9 70 percent funded status in 2023, do you see that?</p> <p>10 A. I do.</p> <p>11 Q. And it asks you to assume that the DWSD will not be</p> <p>12 spun off, but will reach -- but will make</p> <p>13 contributions sufficient to reach a hundred percent</p> <p>14 funded status for the DWSD as of 2023. Do you see</p> <p>15 that?</p> <p>16 A. If you could point me to it, I ...</p> <p>17 Q. Sure. In the project description and -- on page 2,</p> <p>18 and then DWSD contribution projection on page 3.</p> <p>19 A. Okay. It says DWSD contribution projection is</p> <p>20 discussed in more detail below, so page 3.</p> <p>21 Q. Right.</p> <p>22 A. Okay, I see that on the top of page 3.</p> <p>23 Q. All right. And so the concept is that the DWSD will</p> <p>24 contribute the full amount of its allocated unfunded</p> <p>25 liability on the market value assets basis over a</p>

51 (Pages 437 to 440)

<p style="text-align: right;">Page 441</p> <p>1 GLENN BOWEN</p> <p>2 nine-year period, right?</p> <p>3 A. That is correct.</p> <p>4 Q. And that would be through June 30 of 2023 under this</p> <p>5 analysis, right?</p> <p>6 A. Yes.</p> <p>7 Q. So -- and there are other specified contributions here</p> <p>8 from other sources, from non-DWSD sources. Do you see</p> <p>9 that?</p> <p>10 A. Contributions from non-DWSD, I do see that.</p> <p>11 Q. Okay. This is the first analysis that I've seen, or</p> <p>12 the earliest analysis I've seen in which there's a</p> <p>13 concept of DWSD not being spun off but DWSD,</p> <p>14 separately from the rest of the city, making</p> <p>15 contributions that fund its entire UAAL, allocated</p> <p>16 UAAL by 2023. Is that consistent with your</p> <p>17 recollection?</p> <p>18 A. I can't guarantee you this is the first, but there was</p> <p>19 a first.</p> <p>20 Q. Okay. Can you explain whose idea it was to have -- or</p> <p>21 do you know whose idea it was to have DWSD make</p> <p>22 contributions over a nine-year period without the</p> <p>23 rest -- and reach a hundred percent funded basis over</p> <p>24 a nine-year period without the rest of the city and</p> <p>25 the remainder of the contributors to the GRS make</p>	<p style="text-align: right;">Page 443</p> <p>1 GLENN BOWEN</p> <p>2 model DWSD paying their full unfunded liability over</p> <p>3 nine years, and my response was, okay, I understand</p> <p>4 the request.</p> <p>5 Q. Okay. And I understand that you understood what</p> <p>6 parameters were being provided to you. I'm asking if</p> <p>7 you understood the purpose for which those parameters</p> <p>8 were being requested.</p> <p>9 A. It's very difficult to answer yes or no. Obviously,</p> <p>10 the description of the project request itself</p> <p>11 indicates what's under consideration. In terms of any</p> <p>12 particular mediation or negotiation session that may</p> <p>13 have arisen from, I was not involved.</p> <p>14 Q. And were there any commune -- apart from just telling</p> <p>15 you what the parameters are, and I understand that</p> <p>16 carries a certain amount of information with it, did</p> <p>17 you get any other communication about what the purpose</p> <p>18 of the analysis was?</p> <p>19 A. Not that I recall.</p> <p>20 Q. And we've talked before about the market value of the</p> <p>21 assets and how you used Gabriel Roeder information to</p> <p>22 analyze the share of the assets that were attributed</p> <p>23 to the DWSD. Do you recall that?</p> <p>24 A. I do.</p> <p>25 Q. Okay. And in this analysis, did you take the same</p>
<p style="text-align: right;">Page 442</p> <p>1 GLENN BOWEN</p> <p>2 similar funding, so that there is a disparate</p> <p>3 amortization period for DWSD and the rest of the city?</p> <p>4 A. I do not know the individual who had the original</p> <p>5 idea.</p> <p>6 Q. Okay. How did you learn about it?</p> <p>7 A. Upon the request to complete this project.</p> <p>8 Q. Okay. And do you have any understanding about why you</p> <p>9 were being asked to analyze a scenario in which there</p> <p>10 would be that kind of disparate amortization period</p> <p>11 between the DWSD and the rest of the city?</p> <p>12 A. I can't say that I had specific information as to why</p> <p>13 this request was initiated.</p> <p>14 Q. Okay. Did you have an understanding at the time?</p> <p>15 A. I find it difficult to answer that question, which is</p> <p>16 in the style of similar questions. The assignment was</p> <p>17 provided to us and the assignment was self-evident, if</p> <p>18 you will, and, beyond that, had an understanding as</p> <p>19 needed to complete the assignment and completed the</p> <p>20 assignment as requested.</p> <p>21 Q. Were there any specific communications to you about</p> <p>22 the purpose of the structure such as that and why you</p> <p>23 were being asked to analyze a structure such as that?</p> <p>24 A. Again, when I say it's self-evident, I mean that we</p> <p>25 were told -- or, you know, the request is that you</p>	<p style="text-align: right;">Page 444</p> <p>1 GLENN BOWEN</p> <p>2 approach as you've discussed previously in earlier</p> <p>3 analyses?</p> <p>4 A. I think it was one step more complex. It was based on</p> <p>5 the same approach, but then we had to project forward</p> <p>6 to 2014.</p> <p>7 Q. 2023?</p> <p>8 A. No, 2014.</p> <p>9 Q. 2014?</p> <p>10 A. Yes.</p> <p>11 Q. And so the numbers you were using at this point were</p> <p>12 Gabriel Roeder numbers in the June 30th, 2013, report?</p> <p>13 A. That was the initial numbers used in the first part of</p> <p>14 the analysis.</p> <p>15 Q. Okay. And how did you roll those forward to 2014?</p> <p>16 A. The bottom of page 3, the second, second-to-the-last</p> <p>17 sentence in the big paragraph discusses the estimated</p> <p>18 market value of assets as of June 30, 2014,</p> <p>19 attributable to DWSD was 477 million. This amount was</p> <p>20 estimated in the same manner as the estimated market</p> <p>21 value of assets for the entire system.</p> <p>22 So we were provided with an estimate of</p> <p>23 actual market returns during 2013-14 used to roll the</p> <p>24 entire system's asset forward, and then an allocation</p> <p>25 was done to DWSD to get a 2014 estimated starting</p>

52 (Pages 441 to 444)

<p style="text-align: right;">Page 445</p> <p>1 GLENN BOWEN</p> <p>2 point.</p> <p>3 Q. Okay. Do you know whether that method of rolling</p> <p>4 forward and the resulting allocation to DWSD is</p> <p>5 consistent with the allocation methodology that had</p> <p>6 been used by Gabriel Roeder and/or the city to</p> <p>7 allocate assets between DWSD and other components of</p> <p>8 the city that you had relied on in your prior</p> <p>9 analyses?</p> <p>10 A. I don't know.</p> <p>11 Q. Okay. And did you ever discuss with anyone from</p> <p>12 Gabriel Roeder or from the retirement system or anyone</p> <p>13 else whether that, that roll forward of the analysis</p> <p>14 and the method that you used was consistent with</p> <p>15 what -- the historically-used methodology for</p> <p>16 allocating assets between divisions in the city?</p> <p>17 A. I don't recall those conversations.</p> <p>18 Q. Okay. So the best of your recollection is you did not</p> <p>19 have such conversations, is that fair?</p> <p>20 A. That is fair.</p> <p>21 Q. All right. Did you attempt to undertake any analysis</p> <p>22 of whether or not the methodology you're using here is</p> <p>23 consistent with the methodology that had been used</p> <p>24 historically to allocate assets between different</p> <p>25 divisions of the city?</p>	<p style="text-align: right;">Page 447</p> <p>1 GLENN BOWEN</p> <p>2 not a interim letter out of a whole series of letters.</p> <p>3 Q. And I will say to you that --</p> <p>4 A. This is the first one you found.</p> <p>5 Q. This is the first one I've seen, and we've looked at a</p> <p>6 number, including the April 10th letter, which was</p> <p>7 four days before this, that still specifies a rate</p> <p>8 that is net of admin and investment expenses, and</p> <p>9 everyone we've looked at so far has involved that. If</p> <p>10 there's an earlier one, I'm happy to see it.</p> <p>11 But my, my question to you is, what has</p> <p>12 prompted the change? Why is it now that the 6.75</p> <p>13 percent rate that you've looked at repeatedly, in a</p> <p>14 way that was net of both admin and investment expense,</p> <p>15 is now being presented as net only of investment</p> <p>16 expense and not admin?</p> <p>17 A. This was a request from the city that came along with</p> <p>18 this project.</p> <p>19 Q. And so other than knowing that that's what the city</p> <p>20 requested, do you have any understanding of why it is</p> <p>21 that a shift has occurred so that the investment</p> <p>22 return assumption is to be net only of investment and</p> <p>23 not admin expense?</p> <p>24 A. No particular reason for any of the shifts, including</p> <p>25 this one.</p>
<p style="text-align: right;">Page 446</p> <p>1 GLENN BOWEN</p> <p>2 A. I did not.</p> <p>3 Q. If you look at the first couple of pages, it</p> <p>4 references that you're applying a 6.75 percent</p> <p>5 investment return assumption. Am I correct that that</p> <p>6 is net of admin and investment expenses?</p> <p>7 A. In this letter, it appears it is net of investment</p> <p>8 expenses.</p> <p>9 Q. And admin expenses?</p> <p>10 A. Not net of admin expenses.</p> <p>11 Q. Okay. And can you show me where in the letter it</p> <p>12 reflects that the 6.75 is net only of investment and</p> <p>13 not admin expenses?</p> <p>14 A. The bottom of page 2 states the amount of</p> <p>15 administrative expenses that were applied, and,</p> <p>16 actually, the sentence prior to that states that it is</p> <p>17 net of investment expenses.</p> <p>18 Q. Okay. Until this point, every iteration of the</p> <p>19 investment return assumption has provided or as you've</p> <p>20 understood to be net of both admin and investment</p> <p>21 expenses, is that fair?</p> <p>22 A. That is fair.</p> <p>23 Q. Okay. What prompted --</p> <p>24 A. I'm sorry, this letter states what's done in this</p> <p>25 letter. I cannot specifically guarantee that there's</p>	<p style="text-align: right;">Page 448</p> <p>1 GLENN BOWEN</p> <p>2 Q. All right. I assumed that's the case, but I have to</p> <p>3 ask the question.</p> <p>4 A. Understood.</p> <p>5 Q. Okay. And in the result section, can you show me</p> <p>6 where it reflects the addition of admin expenses?</p> <p>7 A. If you look at the exhibit, which is Bates 259485, at</p> <p>8 the bottom of the exhibit there is a vector of</p> <p>9 expected benefit payments, and they're indicated as a</p> <p>10 negative because they're a cash outflow, and a vector</p> <p>11 of expected administrative expenses by fiscal year.</p> <p>12 Q. Okay. So those are all in parentheses, indicating</p> <p>13 that there's been a -- there's an outflow for admin</p> <p>14 expense in addition to the, so that you're actually</p> <p>15 subtracting it from the results here?</p> <p>16 A. Correct.</p> <p>17 Q. Okay. And so if I wanted to see whether any of the</p> <p>18 earlier analyses involved a rate that was net of admin</p> <p>19 expense or in addition to, would I see a similar kind</p> <p>20 of entry in the charts for prior letters?</p> <p>21 A. I'm sorry, you'll have to take that from the top</p> <p>22 again, please.</p> <p>23 Q. In other words, you have charts like this in most of</p> <p>24 the letters. I assume if I wanted to know whether the</p> <p>25 rate that you proposed -- that you analyzed was</p>

53 (Pages 445 to 448)

<p style="text-align: right;">Page 449</p> <p>1 GLENN BOWEN</p> <p>2 intended to be net of admin expense or to not be net</p> <p>3 of admin expense, a way of checking that would be to</p> <p>4 look at any such chart and see whether it reflects a</p> <p>5 charge for admin this way?</p> <p>6 A. I believe that's reasonable to assume, yes.</p> <p>7 Q. All right, and -- and so the admin expense would be</p> <p>8 part of the contribution from DWSD in this scenario,</p> <p>9 where the investment rate is not net of admin expense?</p> <p>10 A. I'm sorry, could you repeat that again?</p> <p>11 Q. Sure. When you were analyzing DWSD's contributions</p> <p>12 here, is the result of excluding admin expense from --</p> <p>13 providing an investment return assumption that is not</p> <p>14 net of admin expense, that DWSD would wind up paying a</p> <p>15 component of admin expense as part of its</p> <p>16 contributions, separate from -- as a separate part of</p> <p>17 its contributions?</p> <p>18 A. It doesn't note in this letter, unless I'm missing it,</p> <p>19 that DWSD was assigned a portion of administrative</p> <p>20 expenses.</p> <p>21 Q. Okay. So in this letter, the investment return</p> <p>22 assumption is not net of the admin expenses, but</p> <p>23 there's no reference here to the funding that DWSD is</p> <p>24 required to make, including an additional component</p> <p>25 for admin, is that fair?</p>	<p style="text-align: right;">Page 451</p> <p>1 GLENN BOWEN</p> <p>2 Then the process would be run again, and</p> <p>3 again, and again, and again, until DWSD was -- reached</p> <p>4 their, reached the limit which was their unfunded</p> <p>5 liability, and that was the way the project was</p> <p>6 described to us. The result of that is, is there is</p> <p>7 no iteration. We figured DWSD's entire unfunded</p> <p>8 liability, and it was amortized over a nine-year</p> <p>9 period. And in the very first step they were at their</p> <p>10 limit, and there was no further iterations needed.</p> <p>11 Q. Okay. The nine-year period here, we've discussed an</p> <p>12 earlier version of a review of DWSD as a spinoff, in</p> <p>13 which we talked about the nine year, the nine or</p> <p>14 ten-year amortization period.</p> <p>15 I take it the same answers would hold here</p> <p>16 as did in our prior discussion, that the nine-year</p> <p>17 period is not a product of a Milliman analysis or an</p> <p>18 actuarial analysis, is that fair?</p> <p>19 A. That is fair.</p> <p>20 Q. And it is not the product of a Milliman</p> <p>21 recommendation, is that fair?</p> <p>22 A. That is fair, as well.</p> <p>23 Q. And you just mentioned in -- can you tell me what the</p> <p>24 amortization period is for the city under this</p> <p>25 analysis -- for the rest of the city, other than DWSD?</p>
<p style="text-align: right;">Page 450</p> <p>1 GLENN BOWEN</p> <p>2 A. Just give me one second to confirm that, please.</p> <p>3 I don't see any specific reference in this</p> <p>4 letter to assigning a portion of administrative</p> <p>5 expenses to DWSD.</p> <p>6 Q. There is a results section on page 6. It says it's</p> <p>7 based on a city-specified iteration methodology. Do</p> <p>8 you see that?</p> <p>9 A. Yes.</p> <p>10 Q. Can you explain what that means?</p> <p>11 A. I cans. I'll need to refresh my memory, momentarily.</p> <p>12 At the top of page 3 describes the iteration process.</p> <p>13 Q. Okay. Can you explain what you mean by "iteration"?</p> <p>14 A. Sure, and I will. Just let me finish the paragraph,</p> <p>15 please.</p> <p>16 Q. Sure, go ahead.</p> <p>17 A. The -- to get to the end -- the iteration is moot, but</p> <p>18 I'll describe the process to you. The concept as</p> <p>19 stated in the initial paragraph on page 2 was that</p> <p>20 DWSD would be charged the full amount of their</p> <p>21 unfunded liability over the nine-year period, and an</p> <p>22 iterative process would be set up such that we would</p> <p>23 run that analysis, but those assets would be available</p> <p>24 to all members to support benefit payments for all</p> <p>25 members.</p>	<p style="text-align: right;">Page 452</p> <p>1 GLENN BOWEN</p> <p>2 A. I'm not sure that that's included in this analysis,</p> <p>3 but I'll take a look and see if it happens to be.</p> <p>4 Q. I think it may not be, but that's --</p> <p>5 A. Okay. I see nothing in here that indicates that the</p> <p>6 rest of the city was subject to any particular</p> <p>7 amortization period in this analysis.</p> <p>8 Q. And, in fact, the concept is that the city, other than</p> <p>9 DWSD, is not going to be contributing towards paydown</p> <p>10 of the UAAL during this nine-year period at this</p> <p>11 point, right?</p> <p>12 A. There is -- there's a contribution in the first year</p> <p>13 which is larger than the subsequent eight, and I'd</p> <p>14 have to check and see if we have indicated in the</p> <p>15 letter what that contribution represents.</p> <p>16 Q. Is it consistent with your understanding that that was</p> <p>17 coming from other sources besides the DWSD?</p> <p>18 A. I'll just -- if you give me a moment, I'll check and</p> <p>19 see if I can find where we would have mentioned that.</p> <p>20 Yeah, there is a contribution labeled as</p> <p>21 non-DWSD, but I don't see anywhere in this letter</p> <p>22 where we specifically stated what the source of that</p> <p>23 non-DWSD contribution was, unless I'm missing it</p> <p>24 still.</p> <p>25 Q. Okay. You eventually did another -- other analyses</p>

54 (Pages 449 to 452)

<p style="text-align: right;">Page 453</p> <p>1 GLENN BOWEN</p> <p>2 that involved DWSD's hundred percent amortization by</p> <p>3 2023, correct?</p> <p>4 A. We did additional analyses, yes.</p> <p>5 Q. And those -- and is it your understanding under the</p> <p>6 plan that ultimately gets proposed as to whether --</p> <p>7 that that involves a contribution by DWSD,</p> <p>8 contributions which result in amortization of its</p> <p>9 entire unfunded liability over nine years, correct?</p> <p>10 A. I do recall doing subsequent letters with that</p> <p>11 parameter for DWSD.</p> <p>12 Q. And do you have an understanding that under the plan</p> <p>13 as proposed by the city, that the city itself, the</p> <p>14 rest of the city, as opposed to private sources and</p> <p>15 the state, and other sources besides the city would</p> <p>16 not contribute towards UAAL during the first nine</p> <p>17 years?</p> <p>18 A. You may be putting them front of me soon, but I do</p> <p>19 recall letters where we listed by bullet point the</p> <p>20 source of the contributions, and there were some</p> <p>21 acronyms that I recall that I'm not sure who they</p> <p>22 were, and we listed them -- we used the dollar</p> <p>23 amounts. We ran the analysis.</p> <p>24 Q. Okay. But, in general, the effect of what's being</p> <p>25 proposed here is that contributions by the DWSD and</p>	<p style="text-align: right;">Page 455</p> <p>1 GLENN BOWEN</p> <p>2 Q. The system as a whole would only be at a 70 percent</p> <p>3 funded level.</p> <p>4 A. We did letters of that variety.</p> <p>5 Q. Well, in fact, this one says that DGRS estimated</p> <p>6 liability reduction -- you were analyzing the</p> <p>7 liability reduction they would need in order for the</p> <p>8 system as a whole to have 70 percent funded status in</p> <p>9 2023, and the contemplation is that DWSD will be a</p> <p>10 hundred percent funded at that point, right?</p> <p>11 A. Yes.</p> <p>12 Q. Okay, and so -- and that the funds contributed by DWSD</p> <p>13 are going to be available not just to satisfy</p> <p>14 obligations with respect to DWSD retirees or actives,</p> <p>15 but with respect to anybody in the system, correct?</p> <p>16 A. That was the origin of the iterative methodology</p> <p>17 requested in this letter.</p> <p>18 Q. Right. And was there any justification provided to</p> <p>19 you for treating DWSD and the rest of the city</p> <p>20 differently?</p> <p>21 A. There was no justification provided to me for that.</p> <p>22 Q. All right. Did you ever analyze whether it was</p> <p>23 appropriate to treat the DWSD differently from the</p> <p>24 balance of the city in terms of amortization period or</p> <p>25 the point at which it reached a hundred percent funded</p>
<p style="text-align: right;">Page 454</p> <p>1 GLENN BOWEN</p> <p>2 some private sources, principally, and perhaps state</p> <p>3 sources, will fund the entire UAAL for the first nine</p> <p>4 years and have the system as a whole reach 70 percent</p> <p>5 funded without equal contributions on a similar</p> <p>6 amortization period by the balances, is that fair?</p> <p>7 A. As I said, we have letters where we have illustrated a</p> <p>8 variety of sources of non-DWSD contributions. I can't</p> <p>9 exclusively say that none of them were a city source.</p> <p>10 Q. All right. Until this, until this period -- until</p> <p>11 this letter, in general, your analyses had assumed the</p> <p>12 same amortization period for the city as a whole and</p> <p>13 for the DWSD, is that fair?</p> <p>14 A. If you could refer me to a particular letter or a</p> <p>15 particular subset of letters ...</p> <p>16 Q. We've seen a number of them earlier today, where we</p> <p>17 looked at -- those companion letters we looked at,</p> <p>18 which looked at getting both the DWSD and the GRS to a</p> <p>19 70 percent funded level in 2023. Do you recall that?</p> <p>20 A. Yes.</p> <p>21 Q. Okay. And here what's being proposed is that the DWSD</p> <p>22 would be at a hundred percent funded level and that</p> <p>23 the remainder of the city, the fund as a whole, will</p> <p>24 only be at a 70 percent funded level. Is that right?</p> <p>25 A. You've got --</p>	<p style="text-align: right;">Page 456</p> <p>1 GLENN BOWEN</p> <p>2 level or 70 percent funded level? Did you ever</p> <p>3 analyze that?</p> <p>4 MR. MILLER: Object to form.</p> <p>5 A. I don't deem that analysis as within the actuarial</p> <p>6 sphere.</p> <p>7 BY MR. BALL:</p> <p>8 Q. Okay. Isn't the result of this that, that disparity</p> <p>9 in amortization period between DWSD and the city, at</p> <p>10 the point at which they reach a hundred percent funded</p> <p>11 status, that DWSD rate payers in early years will be</p> <p>12 responsible for funding the liabilities associated</p> <p>13 with non-DWSD personnel, because those funds are going</p> <p>14 to be available to satisfy claims for anybody?</p> <p>15 MR. MILLER: Object to form.</p> <p>16 A. I have a couple issues that I'll say are unclear from</p> <p>17 your question. In this analysis, there is no</p> <p>18 amortization mentioned for the rest of the city, and</p> <p>19 beyond the first year I'm -- beyond the first year it</p> <p>20 appears there's no city contribution; what, if</p> <p>21 anything, is represented by the contribution in the</p> <p>22 first year is not listed in this letter and may not</p> <p>23 have been provided to us in any bullet point detail.</p> <p>24 Your question about rate payers is, in my</p> <p>25 mind, beyond the actuarial analysis of developing a</p>

55 (Pages 453 to 456)

<p style="text-align: right;">Page 457</p> <p>1 GLENN BOWEN</p> <p>2 contribution stream and saying that it is on behalf of</p> <p>3 a liability in a subgroup of the system.</p> <p>4 Q. Okay. Let me ask about that. We discussed earlier</p> <p>5 the notion of intergenerational equity, right?</p> <p>6 A. Mmm-hmm.</p> <p>7 Q. And we discussed the idea -- what is an important</p> <p>8 actuarial concept, right?</p> <p>9 A. I agree.</p> <p>10 Q. Okay. And part of the derivation of that is the</p> <p>11 concern that those who have benefitted from the</p> <p>12 services should -- provided by the people whose</p> <p>13 retirement benefits in question should fund those</p> <p>14 services, those benefits, correct?</p> <p>15 A. That is the concept.</p> <p>16 Q. Okay. And so in a scenario where DWSD is -- so let's</p> <p>17 back up to the amortization period.</p> <p>18 In this scenario, DWSD is going to be a</p> <p>19 hundred percent funded in 2023, correct?</p> <p>20 A. Given future experience matching the assumptions used</p> <p>21 in the scenario, yes.</p> <p>22 Q. But that's what you're projecting here?</p> <p>23 A. That is the target of the ...</p> <p>24 Q. And the target here is that the system, as a whole, is</p> <p>25 only going to be 70 percent funded, right?</p>	<p style="text-align: right;">Page 459</p> <p>1 GLENN BOWEN</p> <p>2 system, that it is funding liabilities that are</p> <p>3 associated with services provided by other parts of</p> <p>4 the -- by employees of other parts of the city under</p> <p>5 this contract?</p> <p>6 MR. MILLER: Object to the form.</p> <p>7 MR. MUTH: Object to the form.</p> <p>8 A. I think it's important to parse that. DWSD is</p> <p>9 contributing on behalf of liabilities that arose due</p> <p>10 to past service of DWSD members. The statement in the</p> <p>11 letter would have been based upon conversations or</p> <p>12 emails that developed in the project description that</p> <p>13 the money is going in and is not going to be</p> <p>14 segregated in a DWSD account. That's my understanding</p> <p>15 of this letter.</p> <p>16 Further, my understanding, which I did not</p> <p>17 have to generate in terms of this analysis, is that</p> <p>18 the DWSD would be assigned their employer</p> <p>19 contributions in their asset roll forward in the four</p> <p>20 subcomponent breakout, and that would be, that would</p> <p>21 be what it is.</p> <p>22 BY MR. BALL:</p> <p>23 Q. I agree with that, and I believe I understand that,</p> <p>24 but, in the meanwhile, in fact, the assets that are in</p> <p>25 the system that would have been contributed by DWSD</p>
<p style="text-align: right;">Page 458</p> <p>1 GLENN BOWEN</p> <p>2 A. That is correct.</p> <p>3 Q. Okay. So for the balance of the city, it is obviously</p> <p>4 the case that the amortization period is going to be</p> <p>5 longer than nine years, would you agree with me about</p> <p>6 that? Since they're only going to be 70 percent</p> <p>7 funded in 2023, presumably they're not going to reach</p> <p>8 a hundred percent funded status until sometime after</p> <p>9 that, if ever?</p> <p>10 A. Then just to put a fine point on it, so I can let you</p> <p>11 know where some of my confusion is, I'm not sure the</p> <p>12 city has an amortization period that I would recognize</p> <p>13 as such during this nine-year period if they're not</p> <p>14 making payments, so ...</p> <p>15 Q. Right, that's fair. But, at a minimum, they will not</p> <p>16 have reached -- while the DWSD will have paid out over</p> <p>17 a nine-year amortization period, the city, if it's</p> <p>18 paying at all, is going to reach a hundred percent</p> <p>19 funded status, at a minimum, at some point later, at a</p> <p>20 minimum at some later date, right?</p> <p>21 A. That is this analysis, yes.</p> <p>22 Q. Okay. And so isn't it true, in that analysis, that</p> <p>23 the DWSD is funding liabilities, effectively funding</p> <p>24 liabilities, because the amounts it's contributing are</p> <p>25 going to be available to pay claims for the entire</p>	<p style="text-align: right;">Page 460</p> <p>1 GLENN BOWEN</p> <p>2 would be available for and be used for liabilities</p> <p>3 associated with employees of the other divisions of</p> <p>4 the city, correct? That's part of the assumption</p> <p>5 here.</p> <p>6 A. That is stated in the letter, yes.</p> <p>7 Q. Okay. And so in 2023, in a scenario in which the city</p> <p>8 is unable to contribute further because it has further</p> <p>9 financial difficulties, DWSD would be left having</p> <p>10 funded the benefits associated with services provided</p> <p>11 by employees in the other parts of the city, and the</p> <p>12 remaining funds to pay benefits for DWSD employees</p> <p>13 would be impaired, right? It would be less than the</p> <p>14 full contribution available to fund DWSD's own</p> <p>15 employees, right?</p> <p>16 MR. MILLER: Object to form.</p> <p>17 A. I do not know what the resolution would be in the</p> <p>18 scenario that you describe.</p> <p>19 BY MR. BALL:</p> <p>20 Q. All right.</p> <p>21 MR. MUTH: Counsel, do you know how much</p> <p>22 more you have? Because if it's not going to be, you</p> <p>23 know, five or ten minutes, I'd like to take a break.</p> <p>24 MR. BALL: It is probably about fifteen or</p> <p>25 twenty minutes.</p>

56 (Pages 457 to 460)

<p style="text-align: right;">Page 461</p> <p>1 GLENN BOWEN</p> <p>2 MR. MILLER: Yeah, can we take a quick</p> <p>3 break?</p> <p>4 VIDEO TECHNICIAN: The time is 5:02 p.m.</p> <p>5 We are off the record.</p> <p>6 (Off the record at 5:02 p.m.)</p> <p>7 (Back on the record at 5:13 p.m.)</p> <p>8 VIDEO TECHNICIAN: We are back on the</p> <p>9 record. The time is 5:13 p.m.</p> <p>10 BY MR. BALL:</p> <p>11 Q. Mr. Bowen, have you undertaken any analysis of whether</p> <p>12 it's appropriate as an actuarial matter to apply</p> <p>13 different amortization periods to DWSD than to the</p> <p>14 balance of the participants under the GRS plan?</p> <p>15 A. No.</p> <p>16 Q. Okay. And are you aware of any actuarial basis for</p> <p>17 applying different amortization periods to the DWSD</p> <p>18 than to other portions of the -- other participants in</p> <p>19 the GRS plan?</p> <p>20 A. No.</p> <p>21 Q. Okay. And if you were advising an employer who's</p> <p>22 participating in a multi-employer benefit plan, where</p> <p>23 the other employers involved in the plan were not</p> <p>24 economically or financially stable, and the fund</p> <p>25 assets were not segregated by employer, and there was</p>	<p style="text-align: right;">Page 463</p> <p>1 GLENN BOWEN</p> <p>2 Q. And without the limitation from an actuarial</p> <p>3 perspective, would you have advice to provide?</p> <p>4 MR. MUTH: Same objection.</p> <p>5 THE WITNESS: And that means I ...</p> <p>6 MR. MUTH: You may answer if you've got an</p> <p>7 opinion. You respond to his hypothetical.</p> <p>8 BY MR. BALL:</p> <p>9 Q. You gave the qualification from an actuarial</p> <p>10 perspective, and I just want to know if you eliminated</p> <p>11 anything from your answer as a result of that</p> <p>12 qualification.</p> <p>13 A. No, I'm trying to just make sure I understand what I</p> <p>14 can and cannot answer. If I am hired as an actuary, I</p> <p>15 would provide advice from my perspective as a pension</p> <p>16 actuary. If the matter moved into a legal realm, I</p> <p>17 would advise that my client seek the advice of their</p> <p>18 counsel.</p> <p>19 Q. Okay. Other than that, any other advice that you</p> <p>20 would provide?</p> <p>21 A. I think the advice beyond the actuarial advice all</p> <p>22 falls outside of an area that I could practice in.</p> <p>23 Q. In the exhibit we've been looking at, which is</p> <p>24 Exhibit 51, the April 14th letter, if you would look</p> <p>25 with me at page 8, is the analysis here based on the</p>
<p style="text-align: right;">Page 462</p> <p>1 GLENN BOWEN</p> <p>2 a proposal made that your client assume all funding</p> <p>3 obligations for the first nine years for an</p> <p>4 outstanding UAAL balance, with the other employers</p> <p>5 deferring any contributions towards the UAAL until</p> <p>6 after that, what would you advise your client?</p> <p>7 MR. MUTH: Object to the form. You're</p> <p>8 asking an opinion question of a lay witness.</p> <p>9 MR. BALL: Okay.</p> <p>10 BY MR. BALL:</p> <p>11 Q. You can answer.</p> <p>12 A. I don't consult on multi-employer plans, so that's the</p> <p>13 first piece of your question. And you asked what --</p> <p>14 your question was what would my advice be?</p> <p>15 Q. To the employer that you represent in those</p> <p>16 circumstances.</p> <p>17 A. Beyond providing the calculation, if that was my task</p> <p>18 in such a construct as you have set forth, I'm not</p> <p>19 sure whether there's any further actuarial advice to</p> <p>20 that employer.</p> <p>21 Q. Okay. So you wouldn't provide any advice about that</p> <p>22 topic to the employer in that scenario, other than</p> <p>23 just running the calculation?</p> <p>24 A. From an actuarial perspective, I don't know that I</p> <p>25 would have additional advice to provide beyond.</p>	<p style="text-align: right;">Page 464</p> <p>1 GLENN BOWEN</p> <p>2 actuarial valuation that is reflected in your April</p> <p>3 10th letter?</p> <p>4 A. Well, it says under basis for analysis: Except as</p> <p>5 indicated above, this analysis is based upon the plan</p> <p>6 provisions, actuarial assumptions, methods, and census</p> <p>7 data set forth in the April 10th letter.</p> <p>8 Q. Okay. And there's a copy of the April 10th letter</p> <p>9 attached?</p> <p>10 A. Yes, it is attached.</p> <p>11 Q. And so there are places in this letter where it</p> <p>12 specifically says you're not doing what you did or</p> <p>13 relying on the April 10th letter, but with that</p> <p>14 exception, your actuarial assumptions, methods, and</p> <p>15 census data and plan provisions that you're relying on</p> <p>16 are set forth in the April 10th letter?</p> <p>17 A. That's the construct, yes.</p> <p>18 Q. Okay.</p> <p>19 MARKED FOR IDENTIFICATION:</p> <p>20 DEPOSITION EXHIBIT 52</p> <p>21 5:19 p.m.</p> <p>22 BY MR. BALL:</p> <p>23 Q. Mr. Bowen, you've been provided what has been marked</p> <p>24 as Exhibit 52, which is a letter dated April 25, 2014,</p> <p>25 and the Bates number is POA00259371, and my first</p>

57 (Pages 461 to 464)

<p style="text-align: right;">Page 465</p> <p>1 GLENN BOWEN</p> <p>2 question to you is, is this a letter you drafted and</p> <p>3 signed?</p> <p>4 A. Yes.</p> <p>5 Q. And if you look at page 8, do you see the similar</p> <p>6 incorporation of your analysis from April 10th that we</p> <p>7 just discussed from -- that was reflected in your</p> <p>8 April 14th letter, this letter, too, relies on the</p> <p>9 April 10th letter in the same fashion, is that right?</p> <p>10 A. Yes, except for as indicated.</p> <p>11 Q. Okay. And in this letter, you again are analyzing</p> <p>12 getting -- how the DGRS, as a whole, can get to a 70</p> <p>13 percent funded level from 2014 to 2023, is that right,</p> <p>14 over that period?</p> <p>15 A. Yes.</p> <p>16 Q. Okay. And there are various other parameters</p> <p>17 specified, but one of them is a 6.75 investment</p> <p>18 return. Do you see that?</p> <p>19 A. Yes.</p> <p>20 Q. And the 6.75 percent investment return here is, again,</p> <p>21 net of investment expenses but not admin expenses?</p> <p>22 And if you look at pages 2 to 3, I think you'll see</p> <p>23 that.</p> <p>24 A. I see that.</p> <p>25 Q. Okay. And in this letter there's still an analysis --</p>	<p style="text-align: right;">Page 467</p> <p>1 GLENN BOWEN</p> <p>2 A. That is at the top of page 3.</p> <p>3 Q. Okay. What is the additional 2.5 million per year in</p> <p>4 administrative expenses? What is that?</p> <p>5 A. That is a rough proxy of the DWSD portion of the</p> <p>6 overall system administrative expenses.</p> <p>7 Q. Okay. And is that -- had there been any charge before</p> <p>8 this letter to DWSD for those expenses contemplated in</p> <p>9 the prior letters?</p> <p>10 A. Again, we wrote letters very frequently, so on</p> <p>11 April 14th there was not that explicit charge to DWSD.</p> <p>12 In the April 25th letter, there was.</p> <p>13 Q. Okay. Can you explain how it came to be that you</p> <p>14 included that expense in the April 25th letter as an</p> <p>15 item to be charged to the DWSD?</p> <p>16 A. We were requested to include an allocation of the</p> <p>17 expenses to DWSD.</p> <p>18 Q. And had you done any analysis or made any</p> <p>19 recommendation that prompted the use of the 2.5</p> <p>20 million dollar figure for administrative expenses</p> <p>21 here?</p> <p>22 A. We were requested to allocate expenses to DWSD. It</p> <p>23 was not Milliman's suggestion to do so.</p> <p>24 Q. Okay. And were you directed specifically to use the</p> <p>25 2.5 million dollar figure for those expenses?</p>
