In the event that the amount credited to an ASF Current Participant's Annuity Savings Fund account as of the Effective Date is less than such participant's Annuity Savings Fund Excess Amount, the ASF Current Participant will be treated as an ASF Distribution Recipient to the extent of the shortfall.

2. ASF Distribution Recipients.

The Annuity Savings Fund Excess Amount will be calculated for each ASF Distribution Recipient, will then be converted into monthly annuity amounts based on each ASF Distribution Recipient's life expectancy and other factors and will be deducted from the ASF Distribution Recipient's monthly pension check; provided, however, that in no event shall the total amount deducted from an ASF Distribution Recipient's monthly pension checks exceed the ASF Recoupment Cap or, if applicable, the Current GRS Retiree Adjustment Cap.

i. Allowance.

On the Effective Date, the Downtown Development Authority Claims shall be deemed Allowed in the amount of \$33,600,000.

ii. Treatment.

Unless such Holder agrees to a different treatment of such Claim, each Holder of an Allowed Downtown Development Authority Claim, in full satisfaction of such Allowed Claim, shall receive, on or as soon as reasonably practicable after the Effective Date, an Unsecured Pro Rata Share of New B Notes.

u. Class 14 – Other Unsecured Claims.

i. Treatment.

Unless such Holder agrees to a different treatment of such Claim, each Holder of an Allowed Other Unsecured Claim, in full satisfaction of such Allowed Claim, shall receive, on or as soon as reasonably practicable after the Effective Date, an Unsecured Pro Rata Share of New B Notes.

v. Class 15 – Convenience Claims.

i. Treatment.

Each Holder of an Allowed Convenience Claim, in full satisfaction of such Allowed Claim, shall receive Cash equal to the amount of 25% of such Allowed Claim (as reduced, if applicable, pursuant to an election by such Holder in accordance with Section I.A.55) on or as soon as reasonably practicable after the Effective Date, unless such Holder agrees to a different treatment of such Claim.

w. Class 16 – Subordinated Claims.

i. Treatment.

On the Effective Date, all Subordinated Claims shall be disallowed, extinguished and discharged without Distribution under the Plan, and Holders of Subordinated Claims shall not receive or retain any property on account of such Claims. Pursuant to section 1126(g) of the Bankruptcy Code, Class 16 is deemed to have rejected the Plan and Holders of Subordinated Claims are not entitled to cast a Ballot in respect of such Claims.

C. Confirmation Without Acceptance by All Impaired Classes

The City requests Confirmation under section 1129(b) of the Bankruptcy Code in the event that any impaired Class does not accept or is deemed not to accept the Plan pursuant to section 1126 of the Bankruptcy Code. The Plan shall constitute a motion for such relief.

D. Treatment of Executory Contracts and Unexpired Leases

1. Assumption.

Except as otherwise provided in the Plan, in any contract, instrument, release or other agreement or document entered into in connection with the Plan or in a Final Order of the Bankruptcy Court, or as requested in any motion Filed by the City on or prior to the Effective Date, on the Effective Date, pursuant to section 365 of the Bankruptcy Code, the City will be deemed to assume all Executory Contracts and Unexpired Leases to which it is a party. Notwithstanding the foregoing, Retirement System Indemnity Obligations shall not be assumed under the Plan and shall be discharged.

2. Assumption of Ancillary Agreements.

Each Executory Contract and Unexpired Lease assumed pursuant to Section II.D.1 will include any modifications, amendments, supplements, restatements or other agreements made directly or indirectly by any agreement, instrument or other document that in any manner affects such Executory Contract or Unexpired Lease, unless any such modification, amendment, supplement, restatement or other agreement is rejected pursuant to Section II.D.6 or designated for rejection in accordance with Section II.D.3.

3. Approval of Assumptions and Assignments.

The Confirmation Order will constitute an order of the Bankruptcy Court approving the assumption of Executory Contracts and Unexpired Leases pursuant to Sections II.D.1 and II.D.2 (and any related assignment) as of the Effective Date, except for Executory Contracts or Unexpired Leases that (a) have been rejected pursuant to a Final Order of the Bankruptcy Court, (b) are subject to a pending motion for reconsideration or appeal of an order authorizing the rejection of such Executory Contract or Unexpired Lease, (c) are subject to a motion to reject such Executory Contract or Unexpired Lease Filed on or prior to the Effective Date, (d) are rejected pursuant to Section II.D.6 or (e) are designated for rejection in accordance with the last sentence of this paragraph. An order of the Bankruptcy Court (which may be the Confirmation Order) entered on or prior to the Confirmation Date will specify the procedures for providing notice to each party whose Executory Contract or Unexpired Lease is being assumed pursuant to the Plan of: (a) the Executory Contract or Unexpired Lease being assumed; (b) the Cure

Amount Claim, if any, that the City believes it would be obligated to pay in connection with such assumption; (c) any assignment of an Executory Contract or Unexpired Lease; and (d) the procedures for such party to object to the assumption of the applicable Executory Contract or Unexpired Lease, the amount of the proposed Cure Amount Claim or any assignment of an Executory Contract or Unexpired Lease. If an objection to a proposed assumption, assumption and assignment or Cure Amount Claim is not resolved in favor of the City, the applicable Executory Contract or Unexpired Lease may be designated by the City for rejection, which shall be deemed effective as of the Effective Date.

4. Payments Related to the Assumption of Executory Contracts and Unexpired Leases

To the extent that such Claims constitute monetary defaults, the Cure Amount Claims associated with each Executory Contract or Unexpired Lease to be assumed pursuant to the Plan will be satisfied, pursuant to section 365(b)(1) of the Bankruptcy Code, at the option of the City: (a) by payment of the Cure Amount Claim in Cash on the Effective Date or (b) on such other terms as are agreed to by the parties to such Executory Contract or Unexpired Lease. If there is a dispute regarding: (a) the amount of any Cure Amount Claim, (b) the ability of the City or any assignee to provide "adequate assurance of future performance" (within the meaning of section 365 of the Bankruptcy Code) under the contract or lease to be assumed or (c) any other matter pertaining to the assumption of such contract or lease, the payment of any Cure Amount Claim required by section 365(b)(1) of the Bankruptcy Code will be made within 30 days following the entry of a Final Order resolving the dispute and approving the assumption.

5. Contracts and Leases Entered Into After the Petition Date

Contracts, leases and other agreements entered into after the Petition Date by the City, including (a) any Executory Contracts or Unexpired Leases assumed by the City and (b) the collective bargaining agreements identified on Exhibit II.D.5, will be performed by the City in the ordinary course of its business. Accordingly, such contracts and leases (including any assumed Executory Contracts or Unexpired Leases) will survive and remain unaffected by entry of the Confirmation Order.

6. Rejection of Executory Contracts and Unexpired Leases.

On the Effective Date, each Executory Contract and Unexpired Lease that is listed on Exhibit II.D.6 shall be deemed rejected pursuant to section 365 of the Bankruptcy Code. The Confirmation Order will constitute an order of the Bankruptcy Court approving such rejections, pursuant to section 365 of the Bankruptcy Code, as of the later of: (a) the Effective Date or (b) the resolution of any objection to the proposed rejection of an Executory Contract or Unexpired Lease. Each contract or lease listed on Exhibit II.D.6 shall be rejected only to the extent that any such contract or lease constitutes an Executory Contract or Unexpired Lease. The City reserves its right, at any time on or prior to the Effective Date, to amend Exhibit II.D.6 to delete any Executory Contract or Unexpired Lease therefrom, thus providing for its assumption pursuant to Section II.D.1, or add any Executory Contract or Unexpired Lease thereto, thus providing for its rejection pursuant to this Section II.D.6. The City will provide notice of any amendments to Exhibit II.D.6 to the parties to the Executory Contracts or Unexpired Leases affected thereby and to the parties on the then-applicable service list in the Chapter 9 Case. Listing a contract or lease on Exhibit II.D.6 shall not constitute an admission by the City that such contract or lease is an Executory Contract or Unexpired Lease or that the City has any liability thereunder. Any Claims arising from the rejection of an Executory Contract or Unexpired Lease pursuant to the Plan shall be treated as Class 14 Claims (Other Unsecured Claims), subject to the provisions of section 502 of the Bankruptcy Code.

7. Rejection Damages Bar Date.

Except as otherwise provided in a Final Order of the Bankruptcy Court approving the rejection of an Executory Contract or Unexpired Lease, Claims arising out of the rejection of an Executory Contract or Unexpired Lease must be Filed with the Bankruptcy Court and served upon counsel to the City on or before the later of: (a) 30 days after the Effective Date; or (b) 30 days after such Executory Contract or Unexpired Lease is rejected pursuant to a Final Order or designated for rejection in accordance with Section II.D.3. Any Claims not Filed within such applicable time periods will be forever barred from receiving a Distribution from, and shall not be enforceable against, the City.

8. Preexisting Obligations to the City Under Rejected Executory Contracts and Unexpired Leases.

Rejection of any Executory Contract or Unexpired Lease pursuant to the Plan or otherwise shall not constitute a termination of preexisting obligations owed to the City under such contract or lease. Notwithstanding any applicable non-bankruptcy law to the contrary, the City expressly reserves and does not waive any right to receive, or any continuing obligation of a non-City party to provide, warranties, indemnifications or continued maintenance obligations on goods previously purchased, or services previously received, by the City from non-City parties to rejected Executory Contracts or Unexpired Leases, and any such rights shall remain vested in the City as of the Effective Date.

9. Insurance Policies.

From and after the Effective Date, each of the City's insurance policies (other than welfare benefits insurance policies) in existence as of or prior to the Effective Date shall be reinstated and continue in full force and effect in accordance with its terms and, to the extent applicable, shall be deemed assumed by the City pursuant to section 365 of the Bankruptcy Code and Section II.D.1. Nothing contained herein shall constitute or be deemed a waiver of any Causes of Action that the City may hold against any Entity, including any insurer under any of the City's insurance policies. For the avoidance of doubt, nothing contained in this Section II.D.9 shall apply to reinstate or continue any obligation of the City or any fund thereof to any Bond Insurer.

**ARTICLE III
CONFIRMATION OF THE PLAN**

A. Conditions Precedent to the Effective Date.

The Effective Date will not occur, and the Plan will not be consummated, unless and until the City has determined that all of following conditions have been satisfied or waived in accordance with Section III.B:

1. The Bankruptcy Court shall have entered the Confirmation Order in form and substance satisfactory to the City.
2. The Bankruptcy Court shall have entered an order (which may be included in the Confirmation Order) approving and authorizing the City to take all actions necessary or appropriate to implement the Plan, including the transactions contemplated by the Plan and the implementation and consummation of the contracts, instruments, settlements, releases and other agreements or documents entered into or delivered in connection with the Plan.
3. The Confirmation Order shall not be stayed in any respect.
4. All actions and all contracts, instruments, settlements, releases and other agreements or documents necessary to implement the terms and provisions of the Plan are effected or executed and delivered, as applicable, in form and substance satisfactory to the City.
5. All authorizations, consents and regulatory approvals, if any, required in connection with the consummation of the Plan have been obtained and not revoked, including all governmental and Emergency Manager consents and approvals required to carry out the terms of the UTGO Settlement.
6. Any legislation that must be passed by the Michigan Legislature to effect any term of the Plan shall have been enacted.
7. The Michigan Finance Authority board shall have approved the issuance of the Restructured UTGO Bonds.

8. The Plan and all Exhibits shall have been Filed and shall not have been materially amended, altered or modified from the Plan as confirmed by the Confirmation Order, unless such material amendment, alteration or modification has been made in accordance with Section VIII.A.

9. If Classes 10 and 11 have accepted the Plan, all conditions to the effectiveness of the State Contribution Agreement and the DIA Settlement Documents have been satisfied.

10. The Effective Date shall have occurred within 180 days of the entry of the Confirmation Order, unless the City requests an extension of such deadline and such deadline is extended by the Bankruptcy Court.

B. Waiver of Conditions to the Effective Date.

The conditions to the Effective Date set forth in Section III.A may be waived in whole or part at any time by the City in its sole and absolute discretion.

C. Effect of Nonoccurrence of Conditions to the Effective Date.

If each of the conditions to the Effective Date is not satisfied, or duly waived in accordance with Section III.B, then upon motion by the City made before the time that each of such conditions has been satisfied and upon notice to such parties in interest as the Bankruptcy Court may direct, the Confirmation Order will be vacated by the Bankruptcy Court; provided, however, that, notwithstanding the Filing of such motion, the Confirmation Order may not be vacated if each of the conditions to the Effective Date is satisfied before the Bankruptcy Court enters an order granting such motion. If the Confirmation Order is vacated pursuant to this Section III.C: (1) the Plan will be null and void in all respects, including with respect to (a) the discharge of Claims pursuant to section 944(b) of the Bankruptcy Code, (b) the assumptions, assignments or rejections of Executory Contracts and Unexpired Leases pursuant to Section II.D and (c) the releases described in Section III.D.7; and (2) nothing contained in the Plan, nor any action taken or not taken by the City with respect to the Plan, the Disclosure Statement or the Confirmation Order, will be or will be deemed to be (a) a waiver or release of any Claims by or against the City, (b) an admission of any sort by the City or any other party in interest or (c) prejudicial in any manner the rights of the City or any other party in interest.

D. Effect of Confirmation of the Plan.

1. Dissolution of Retiree Committee.

Following the Effective Date, the Retiree Committee, to the extent not previously dissolved or disbanded, will dissolve and disband, and the members of the Retiree Committee and their respective professionals will cease to have any role arising from or related to the Chapter 9 Case, provided, however, that, if and only if the Retiree Committee is the Creditor Representative under the Plan, the Retiree Committee shall continue to exist solely for the purposes of objecting to or otherwise asserting the City's or its creditors' rights with respect to Disputed COP Claims pursuant to Section II.B.3.p.i. If the Retiree Committee is the Creditor Representative, it shall be disbanded upon the final resolution of all Disputed COP Claims or pursuant to an order of the Bankruptcy Court, which order may be sought by the City for good cause shown. All fees and expenses of the Creditor Representative shall be subject to the approval of the City. All disputes relating to the approval of fees and expenses shall be determined by the Bankruptcy Court. No party to any such dispute shall have any right to appeal an order of the Bankruptcy Court resolving any such dispute.

2. Preservation of Rights of Action by the City.

Except as otherwise provided in the Plan or in any contract, instrument, release or other agreement entered into or delivered in connection with the Plan, in accordance with section 1123(b)(3)(B) of the Bankruptcy Code, the City will retain and may enforce any claims, demands, rights, defenses and Causes of Action that it may hold against any Entity, including but not limited to any and all Causes of Action against any party relating to the past practices of the Retirement Systems (including any investment decisions related to, and the management of, the Retirement Systems' respective pension plans and/or assets), to the extent not expressly released under the Plan or

pursuant to any Final Order of the Bankruptcy Court. A nonexclusive schedule of currently pending actions and claims brought by the City is attached as Exhibit III.D.2. The City's inclusion of, or failure to include, any right of action or claim on Exhibit III.D.2 shall not be deemed an admission, denial or waiver of any claims, demands, rights or Causes of Action that the City may hold against any Entity, and all Entities are hereby notified that the City intends to preserve all such claims, demands, rights or Causes of Action.

3. Comprehensive Settlement of Claims and Controversies.

Pursuant to Bankruptcy Rule 9019 and in consideration for the distributions and other benefits provided under the Plan, the provisions of the Plan will constitute a good faith compromise and settlement of all claims or controversies relating to the rights that a holder of a Claim may have with respect to any Allowed Claim or any Distribution to be made pursuant to the Plan on account of any Allowed Claim. The entry of the Confirmation Order will constitute the Bankruptcy Court's approval, as of the Effective Date, of the compromise or settlement of all such claims or controversies and the Bankruptcy Court's finding that all such compromises or settlements are (a) in the best interests of the City, its property and Claim Holders and (b) fair, equitable and reasonable. For the avoidance of doubt, this Section III.D.3 shall not affect or limit the application of section 509 of the Bankruptcy Code or any similar doctrine to Bond Insurance Policy Claims.

4. Discharge of Claims.

a. Complete Satisfaction, Discharge and Release.

Except as provided in the Plan or in the Confirmation Order, the rights afforded under the Plan and the treatment of Claims under the Plan will be in exchange for and in complete satisfaction, discharge and release of all Claims arising on or before the Effective Date, including any interest accrued on Claims from and after the Petition Date. Except as provided in the Plan or in the Confirmation Order, Confirmation will, as of the Effective Date, discharge the City from all Claims or other debts that arose on or before the Effective Date, and all debts of the kind specified in section 502(g), 502(h) or 502(i) of the Bankruptcy Code, whether or not (i) a proof of Claim based on such debt is Filed or deemed Filed pursuant to section 501 of the Bankruptcy Code, (ii) a Claim based on such debt is allowed pursuant to section 502 of the Bankruptcy Code or (iii) the Holder of a Claim based on such debt has accepted the Plan.

b. Discharge.

In accordance with Section III.D.4.a, except as expressly provided otherwise in the Plan or the Confirmation Order, the Confirmation Order will be a judicial determination, as of the Effective Date, of a discharge of all Claims and other debts and Liabilities against the City, pursuant to sections 524(a)(1), 524(a)(2) and 944(b) of the Bankruptcy Code, and such discharge will void any judgment obtained against the City at any time, to the extent that such judgment relates to a discharged Claim; provided that such discharge will not apply to (i) Claims specifically exempted from discharge under the Plan; and (ii) Claims held by an Entity that, before the Confirmation Date, had neither notice nor actual knowledge of the Chapter 9 Case.

5. Injunction.

On the Effective Date, except as otherwise provided herein or in the Confirmation Order,

a. all Entities that have been, are or may be holders of Claims against the City, Indirect 36th District Court Claims or Indirect Employee Indemnity Claims, along with their Related Entities, shall be permanently enjoined from taking any of the following actions against or affecting the City or its property, DIA Corp. or its property, the DIA Assets, the Released Parties or their respective property and the Related Entities of each of the foregoing, with respect to such claims (other than actions brought to enforce any rights or obligations under the Plan and appeals, if any, from the Confirmation Order):

1. commencing, conducting or continuing in any manner, directly or indirectly, any suit, action or other proceeding of any kind against or affecting the City or its property

(including (A) all suits, actions and proceedings that are pending as of the Effective Date, which must be withdrawn or dismissed with prejudice, (B) Indirect 36th District Court Claims, and (C) Indirect Employee Indemnity Claims);

2. enforcing, levying, attaching, collecting or otherwise recovering by any manner or means, directly or indirectly, any judgment, award, decree or order against the City or its property;

3. creating, perfecting or otherwise enforcing in any manner, directly or indirectly, any encumbrance of any kind against the City or its property;

4. asserting any setoff, right of subrogation or recoupment of any kind, directly or indirectly, against any obligation due the City or its property;

5. proceeding in any manner in any place whatsoever that does not conform to or comply with the provisions of the Plan or the settlements set forth herein to the extent such settlements have been approved by the Bankruptcy Court in connection with Confirmation of the Plan; and

6. taking any actions to interfere with the implementation or consummation of the Plan.

b. All Entities that have held, currently hold or may hold any Liabilities released pursuant to the Plan will be permanently enjoined from taking any of the following actions against the State, the State Related Entities, the officers, board of trustees/directors, attorneys, advisors and professionals of the RDPFFA or the DRCEA, and the Released Parties or any of their respective property on account of such released Liabilities: (i) commencing, conducting or continuing in any manner, directly or indirectly, any suit, action or other proceeding of any kind; (ii) enforcing, levying, attaching, collecting or otherwise recovering by any manner or means, directly or indirectly, any judgment, award, decree or order; (iii) creating, perfecting or otherwise enforcing in any manner, directly or indirectly, any lien; (iv) asserting any setoff, right of subrogation or recoupment of any kind, directly or indirectly, against any obligation due the State, a State Related Entity, the officers, board of trustees/directors, attorneys, advisors and professionals of the RDPFFA or the DRCEA, or a Released Party; and (v) commencing or continuing any action, in any manner, in any place that does not comply with or is inconsistent with the provisions of the Plan.

6. Exculpation.

From and after the Effective Date, to the fullest extent permitted under applicable law, neither the City, its Related Entities (including the members of the City Council, the Mayor and the Emergency Manager), to the extent a claim arises from actions taken by such Related Entity in its capacity as a Related Entity of the City, the State, the State Related Entities, the Exculpated Parties nor the Released Parties shall have or incur any liability to any person or Entity for any act or omission in connection with, relating to or arising out of the City's restructuring efforts and the Chapter 9 Case, including the authorization given to file the Chapter 9 Case, the formulation, preparation, negotiation, dissemination, consummation, implementation, confirmation or approval (as applicable) of the Plan, the property to be distributed under the Plan, the settlements implemented under the Plan, the Exhibits, the Disclosure Statement, any contract, instrument, release or other agreement or document provided for or contemplated in connection with the consummation of the transactions set forth in the Plan or the management or operation of the City; provided, however, that the foregoing provisions shall not affect the liability of the City, its Related Entities, the State, the State Related Entities, the Released Parties and the Exculpated Parties that otherwise would result from any such act or omission to the extent that such act or omission is determined in a Final Order to have constituted gross negligence or willful misconduct or any act or omission occurring before the Petition Date. The City, its Related Entities (with respect to actions taken by such Related Entities in their capacities as Related Entities of the City), the State, the State Related Entities, the Released Parties and the Exculpated Parties shall be entitled to rely upon the advice of counsel and financial advisors with respect to their duties and responsibilities under, or in connection with, the Chapter 9 Case, the administration thereof and the Plan.

7. Releases

Without limiting any other applicable provisions of, or releases contained in, the Plan or any contracts, instruments, releases, agreements or documents to be entered into or delivered in connection with the Plan, as of the Effective Date, in consideration for the obligations of the City under the Plan and the consideration and other contracts, instruments, releases, agreements or documents to be entered into or delivered in connection with the Plan (including the State Contribution Agreement):

- a. each holder of a Claim that votes in favor of the Plan, to the fullest extent permissible under law, will be deemed to forever release, waive and discharge all Liabilities in any way relating to the City, the Chapter 9 Case, including the authorization given to file the Chapter 9 Case, the Plan, the Exhibits or the Disclosure Statement that such entity has, had or may have against the City, its Related Entities, the State, the State Related Entities and the Released Parties (which release will be in addition to the discharge of Claims provided herein and under the Confirmation Order and the Bankruptcy Code), provided, however, that the foregoing provisions shall not affect the liability of the City, its Related Entities and the Released Parties that otherwise would result from any act or omission to the extent that act or omission subsequently is determined in a Final Order to have constituted gross negligence or willful misconduct; provided further that this Section III.D.7.a shall not apply to any Exculpated Party; and provided further, however, that if Classes 10 and 11 vote to accept the Plan, but any necessary conditions precedent to the receipt of the initial funding from the State (pursuant to the State Contribution Agreement) and the DIA Funding Parties (pursuant to the DIA Settlement) that can be satisfied or waived by the applicable funding party prior to the Confirmation Hearing (including, but not limited to, adoption of relevant legislation and appropriations by the State and execution of necessary and irrevocable agreements for their funding commitments by each of the DIA Funding Parties, which conditions may not be waived) are not satisfied or waived by the applicable funding party prior to the Confirmation Hearing, then Holders of Claims in Classes 10 and 11 that voted to accept the Plan shall be deemed to have voted to reject the Plan, and the voluntary release set forth in the first sentence of this Section III.D.7.a shall not apply to Holders of Claims in Classes 10 and 11; and
- b. if the State Contribution Agreement is consummated, each holder of a Pension Claim will be deemed to forever release, waive and discharge all Liabilities arising from or related to the City, the Chapter 9 Case, including the authorization given to file the Chapter 9 Case, the Plan, all Exhibits, the Disclosure Statement, PA 436 and its predecessor or replacement statutes, and Article IX, Section 24 of the Michigan Constitution that such party has, had or may have against the State and any State Related Entities. For the avoidance of doubt, the Plan does not release, waive or discharge obligations of the City that are established in the Plan or that arise from and after the Effective Date with respect to (i) pensions as modified by the Plan or (ii) labor-related obligations. Such post-Effective Date obligations shall be enforceable against the City or its representatives by active or retired employees and/or their collective bargaining representatives to the extent permitted by applicable non-bankruptcy law and/or the Plan.

E. No Diminution of State Power

No provision of this Plan shall be construed: (1) so as to limit or diminish the power of the State to control, by legislation or otherwise, the City in the exercise of the political or governmental powers of the City, including expenditures for such exercise; (2) so as to limit or diminish the power of the State to effect setoffs necessary to compensate the State or relieve the State of liability against funds (a) owing to the City from the State, (b) granted to the City by the State, or (c) administered by the State on behalf of the City or the federal government (including funds resulting from federal or state grants), for acts or omissions by the City (including but not limited to misappropriation or misuse of funds); and (3) as a waiver by the State of its rights as a sovereign or rights granted to

it pursuant to the Tenth Amendment to the United States Constitution, or limit or diminish the State's exercise of such rights.

F. Effectiveness of the Plan.

The Plan shall become effective on the Effective Date. Any actions required to be taken on the Effective Date shall take place and shall be deemed to have occurred simultaneously, and no such action shall be deemed to have occurred prior to the taking of any other such action.

G. Binding Effect of Plan.

Pursuant to section 944(a) of the Bankruptcy Code, on and after the Effective Date, the provisions of the Plan shall bind all Holders of Claims, and their respective successors and assigns, whether or not the Claim of any such Holder is Impaired under the Plan and whether or not such Holder has accepted the Plan. The releases and settlements effected under the Plan will be operative, and subject to enforcement by the Bankruptcy Court, from and after the Effective Date, including pursuant to the injunctive provisions of the Plan. Once approved, the compromises and settlements embodied in the Plan, along with the treatment of any associated Allowed Claims, shall not be subject to any collateral attack or other challenge by any Entity in any court or other forum. As such, any Entity that opposes the terms of any compromise and settlement set forth in the Plan must (1) challenge such compromise and settlement prior to Confirmation of the Plan and (2) demonstrate appropriate standing to object and that the subject compromise and settlement does not meet the standards governing bankruptcy settlements under Bankruptcy Rule 9019 and other applicable law.

**ARTICLE IV
MEANS FOR IMPLEMENTATION OF THE PLAN**

A. DWSD.

1. Rates and Revenues.

DWSD will maintain Fiscal Year 2015 rate setting protocols for a minimum of five years, subject to certain changes necessary to stabilize water and sewer revenues. The City may seek to implement a rate stability program for City residents, which program may, among other things, (a) provide a source of funds to mitigate against rate increases, (b) enhance affordability and (c) provide a buffer against delinquent payments.

2. DWSD CBAs.

Collective bargaining agreements with respect to current DWSD employees that are in effect and not expired as of the Effective Date will be assumed by the City.

3. The New DWSD Bonds and New Existing Rate DWSD Bonds.

DWSD shall, as necessary: (a) execute the New DWSD Bond Documents, issue the New DWSD Bonds substantially on the terms set forth on Exhibit I.A.186, and distribute the New DWSD Bonds as set forth in the Plan; and (b) execute the New Existing Rate DWSD Bond Documents, issue the New Existing Rate DWSD Bonds substantially on the terms set forth on Exhibit I.A.188, and distribute the New Existing Rate DWSD Bonds as set forth in the Plan.

B. The New B Notes.

On the Effective Date, the City shall execute the New B Notes Documents, issue the New B Notes, substantially on the terms set forth on Exhibit I.A.183, and distribute the New B Notes as set forth in the Plan.

C. The Plan COP Settlement.

The City shall consummate the Plan COP Settlement on the Effective Date, substantially on the terms set forth on Exhibit I.A.214. Settling COP Claimants shall receive the treatment described in Section II.B.3.p.iii.A.

D. The UTGO Settlement.

The City shall consummate the UTGO Settlement on the Effective Date, substantially on the terms set forth on Exhibit I.A.285. The treatment of Unlimited Tax General Obligation Bond Claims under the Plan is provided for pursuant to the UTGO Settlement, which involves the settlement of, among other things, the UTGO Litigation and is subject to Bankruptcy Court approval pursuant to Bankruptcy Rule 9019.

Pursuant to the UTGO Settlement, among other things: (1) the Unlimited Tax General Obligation Bond Claims shall be deemed Allowed in the amount of \$388,000,000; (2) the City shall issue the Municipal Obligation to the Municipal Finance Authority, which in turn will issue the Restructured UTGO Bonds; (3) Holders of Allowed Unlimited Tax General Obligation Bond Claims shall be entitled to receive their Pro Rata share of Restructured UTGO Bonds; and (4) a designee or designees of the City shall have the right to receive the Assigned UTGO Bond Tax Proceeds, which Assigned UTGO Bond Tax Proceeds will be distributed over a 14-year period to the Income Stabilization Funds of GRS and PFRS for the payment of Income Stabilization Payments to Eligible Pensioners and to the Retirement Systems, in accordance with applicable agreements.

E. The State Contribution Agreement.

On the Effective Date, if Classes 10 and 11 vote to accept the Plan, the City and the State will enter into the State Contribution Agreement, substantially on the terms set forth on Exhibit I.A.268.

1. State Contribution.

The State or the State's authorized agent will contribute the net present value of \$350 million payable over 20 years using a discount rate of 6.75% to GRS and PFRS for the benefit of the Holders of Pension Claims.

2. Income Stabilization Payments.

The Income Stabilization Funds of GRS and PFRS will receive not less than an aggregate amount of \$20 million over 14 years of the Assigned UTGO Bond Tax Proceeds in the form of annual installment payments pursuant to a payment schedule approved by the State. Following the Effective Date, on an annual basis, GRS and PFRS will distribute such portion of the funds held in their respective Income Stabilization Fund to Eligible Pensioners entitled to receive the Income Stabilization Benefit and the Income Stabilization Benefit Plus. The Income Stabilization Benefit, which will be calculated in the first year following the Effective Date and will not increase thereafter, will be provided by the applicable Retirement System to each Eligible Pensioner. In addition, to the extent that an Eligible Pensioner's estimated adjusted annual household income (as determined by the applicable Retirement System) in any calendar year after the first year of the income stabilization program is less than 105% of the Federal Poverty Level for such year, the applicable Retirement System will distribute the Income Stabilization Benefit Plus to such Eligible Pensioner.

In the event that, in 2022 (provided that the State has not issued a certificate of default under the State Contribution Agreement with respect to GRS or PFRS, as applicable, at any time prior to 2022), it is the opinion of at least 75% of the independent members of the Investment Committee of GRS or PFRS, as applicable, that the Income Stabilization Fund of the applicable Retirement System is credited with Excess Assets, the respective Investment Committee may recommend that the Excess Assets, in an amount not to exceed \$35 million, be used to fund the Adjusted Pension Amounts payable by the applicable Retirement System. In the event that any funds remain in the Income Stabilization Fund of each or either of GRS or PFRS on the date upon which no Eligible

Pensioners under the applicable Retirement System are living, such funds shall be used to fund the Adjusted Pension Amounts payable by the applicable Retirement System.

3. Conditions to State's Participation.

The State's payment of the State Contribution is conditioned upon satisfaction of the conditions precedent set forth in the State Contribution Agreement, including, among other things, the following: (a) the Confirmation Order becoming a Final Order no later than September 30, 2014, which Confirmation Order must contain certain provisions as set forth in the State Contribution Agreement; (b) the occurrence of the Effective Date no later than December 31, 2014; (c) acceptance of the Plan by Classes 10 and 11, which Plan must be in form and substance reasonably acceptable to the State and contain certain release provisions; (d) the Retiree Committee's endorsement of the Plan, including a letter from the Retiree Committee recommending that Classes 10 and 11 vote in favor of the Plan, or equivalent assurances from member organizations representing a majority of retirees in Classes 10 and 11; (e) active support of the Plan by, a release of and covenant not to sue the State from, and an agreement not to support in any way the litigation described in subsection (f) of this Section by, the City, the Retiree Committee, the Retirement Systems and certain unions and retiree associations, or equivalent assurances of litigation finality; (f) cessation of all litigation, including the cessation of funding of any litigation initiated by any other party, (i) challenging PA 436 or any actions taken pursuant to PA 436 as it relates to the City or (ii) to enforce Article IX, Section 24 of the Michigan Constitution, or equivalent assurances of finality of such litigation; (g) a firm commitment by the Foundations to contribute an aggregate amount of not less than \$366 million to fund the DIA Settlement; (h) a firm commitment by DIA Corp. to raise at least \$100 million from its donors to fund the DIA Settlement; (i) assurances that the State Contribution may only be used to fund payments to Holders of Pension Claims in accordance with the terms of the State Contribution Agreement; (j) assurances that the Retirement Systems must at all times during the 20 years following the Effective Date maintain an Investment Committee for the purpose of making recommendations to, and approving certain actions by, the respective Retirement System's board of trustees and/or making determinations and taking action under, and with respect to certain matters described in, the State Contribution Agreement; (k) assurances that an income stabilization program will be operated; (l) assurances that the provisions of the State Contribution Agreement regarding governance of the Retirement Systems will be approved; (m) the execution of the State Contribution Agreement acceptable in form and substance to the City and the State; and (n) the passage of legislation prior to Confirmation authorizing the State Contribution.

4. Release of Claims Against the State and State Related Entities.

The State Contribution Agreement requires that the Plan provide for the release of the State and the State Related Entities by each holder of a Pension Claim from all Liabilities arising from or related to the City, the Chapter 9 Case, the Plan, all Exhibits, the Disclosure Statement, PA 436 and its predecessor or replacement statutes, and Article IX, Section 24 of the Michigan Constitution, as more particularly described in the State Contribution Agreement and as set forth at Section III.D.7.b.

F. The DIA Settlement.

On the Effective Date, the City, the Foundations and DIA Corp. will enter into the DIA Settlement, pursuant to which (1) the DIA Funding Parties have committed to assist in the funding of the City's restructured legacy pension obligations and (2) the City has agreed to enter into certain transactions that will cause the DIA Assets to remain in the City in perpetuity and to otherwise make the DIA Assets available for the benefit of the residents of the City and the Counties and the citizens of the State. The DIA Settlement Documents attached hereto as Exhibit I.A.92 will qualify the description of the DIA Settlement in the Plan, Disclosure Statement and Exhibit I.A.91.

1. Funding Contributions.

The DIA Settlement will be funded as follows: (a) an irrevocable commitment of at least \$366 million by the Foundations; and (b) in addition to its continuing commitments outside of the DIA Settlement, an irrevocable commitment from DIA Corp. to raise at least \$100 million from its donors (subject to certain adjustments as set forth in the DIA Settlement Documents), the payment of which \$100 million will be guaranteed

by DIA Corp., subject to the terms of the DIA Settlement Documents. The foregoing commitments shall be funded over the course of the 20-year period immediately following the Effective Date (subject to the annual confirmation of the City's continuing compliance with the terms of the DIA Settlement) according to an "Agreed Required Minimum Schedule" and "Present Value Discount," as set forth in Exhibit I.A.91. Amounts committed by the Foundations will be paid to the CFSEM Supporting Organization, which will (a) transfer such amounts for the purpose of funding the Retirement Systems upon the City's satisfaction of certain conditions and (b) not be subject to claims of creditors of the Community Foundation for Southeast Michigan.

2. Transfer of DIA Assets.

On the Effective Date, the City shall irrevocably transfer the DIA Assets to DIA Corp., as trustee, to be held in perpetual charitable trust, and within the City limits, for the primary benefit of the residents of the City and the Counties and the citizens of the State.

3. Conditions to the Foundations' Participation.

The DIA Funding Parties participation in the DIA Settlement is conditioned upon, among other things, the following: (a) execution of the DIA Settlement Documents by each Foundation; (b) the irrevocable commitment from the DIA Corp. described in Section IV.F.1; (c) the acceptance of the Plan by Classes 10 and 11; (d) the irrevocable transfer by the City of the DIA Assets described in Section IV.F.2; (e) the existence of appropriate governance and oversight structures at DIA Corp. that include representation of the City, the DIA Funding Parties and other stakeholders; (f) the earmarking of all funds provided by the DIA Funding Parties towards the recoveries upon Pension Claims under the Plan for Holders of Claims in Classes 10 and 11; (g) the existence of appropriate prospective governance and financial oversight mechanisms for the Retirement Systems; (h) the affirmation by County authorities of certain existing funding obligations with respect to DIA Corp.; (i) the approval of the DIA Settlement by the Attorney General for the State; (j) the agreement of the State to provide the State Contribution in an aggregate amount of \$350 million; (k) the occurrence of the Effective Date no later than December 31, 2014; and (l) the City's agreement to indemnify and hold harmless the DIA Funding Parties and the CFSEM Supporting Organization and their Related Entities pursuant to, and in accordance with, the terms of the DIA Settlement Documents.

G. Contingent Payment Rights

On or as soon as reasonably practicable after the Confirmation Date, the City shall establish the Restoration Trust. The City shall issue the DWSD CVR to the Restoration Trust. If a Qualifying DWSD Transaction has not occurred before the seventh anniversary of the Effective Date, the DWSD CVR shall terminate and expire. The Restoration Trust shall distribute proceeds from the DWSD CVR in the following amounts and priorities: (1) first, to GRS up to an amount sufficient for all three GRS waterfall classes identified on Exhibit II.B.3.r.ii.C to have their 4.5% pension reductions restored; (2) second, to GRS up to an amount sufficient for all three GRS waterfall classes identified on Exhibit II.B.3.r.ii.C to have 92% of their COLA benefits restored; and (3) third, 53% to GRS and 47% to PFRS. If the City makes any contributions to either GRS or PFRS out of its portion of the Net DWSD Transaction Proceeds, such contributions and earnings thereon shall not be taken into account for determining whether any pension restoration may be made. The DWSD CVR may not be transferred.

1. Special Restoration

Any proceeds from the DWSD CVR distributed by the Restoration Trust on account of a Qualifying DWSD Transaction consummated on or before the Effective Date, or fully executed and enforceable before the Effective Date but consummated after the Effective Date, shall be utilized for the purpose of funding the Special Restoration; provided that the City shall act in good faith so as not to unreasonably delay the execution of a Qualifying DWSD Transaction solely to avoid Special Restoration. In such case, the City will perform a Value Determination and arrive at the Discounted Value. The City will engage in good faith discussion as to the reasonableness of the Value Determination with the Retiree Committee or Restoration Trust, as applicable. In the event that the Retiree Committee or the Restoration Trust, as applicable, does not accept the Value Determination, the Retiree Committee or the Restoration Trust, as applicable, may seek to have the Bankruptcy Court determine the dispute, and the City consents to such jurisdiction.

Special Restoration shall follow the priorities of restoration of benefits set forth in Exhibits II.B.3.q.ii.C and II.B.3.r.ii.C. In order for benefits to be restored pursuant to the Special Restoration, such benefits must be fully funded by 50% of the Discounted Value for the full actuarially-determined lives of all participants for whom benefits are restored. In the event that actual Net DWSD Transaction Proceeds from the DWSD CVR do not equal 50% of the contemplated Net DWSD Transaction Proceeds as of the date of the Value Determination, the Investment Committees of the Retirement Systems will reduce or eliminate the Special Restoration benefits, as applicable, by the amount that 50% of the Discounted Value exceeds the actual Net DWSD Transaction Proceeds from the DWSD CVR received or projected to be received using a 6.75% discount rate. In the event that the Retiree Committee, the Restoration Trust or the City, as applicable, does not agree with the reduction in the Special Restoration benefits, the Retiree Committee or the Restoration Trust, as applicable, or the City may consult with the trustees and Investment Committees of PFRS or GRS with respect to any such reduction. Neither the Retiree Committee nor the Restoration Trust shall have any right to initiate any enforcement proceeding with respect to Special Restoration.

2. General Restoration

Any Net DWSD Transaction Proceeds from the DWSD CVR distributed by the Restoration Trust on account of a Qualifying DWSD Transaction consummated after the Effective Date, if such Qualifying Transaction was not fully executed and enforceable before the Effective Date, shall be utilized for the purpose of funding the pension trusts, and such cash contributions shall be included in any calculations allowing for the restoration of benefits in accordance with the general rules governing pension restoration as provided for in Exhibits II.B.3.q.ii.C and II.B.3.r.ii.C.

H. The OPEB Settlement

The City and the Retiree Committee have reached a settlement related to the allowance and calculation of the OPEB Claims in Class 12 and the treatment of such Allowed OPEB Claims. The Plan reflects the terms of that settlement, and the Confirmation Order shall constitute an order approving such settlement pursuant to Bankruptcy Rule 9019.

I. Issuance of the New Securities.

The City shall issue the New Securities on the Effective Date or a subsequent Distribution Date, as applicable. To the maximum extent provided by section 1145 of the Bankruptcy Code and applicable non-bankruptcy law, the issuance of New Securities will be exempt from registration under the Securities Act of 1933, as amended, and all rules and regulations promulgated thereunder and any other applicable non-bankruptcy law or regulation.

J. Cancellation of Existing Bonds and Bond Documents.

Except (a) as provided in any contract, instrument or other agreement or document entered into or delivered in connection with the Plan, (b) for purposes of evidencing a right to Distribution under the Plan or (c) as specifically provided otherwise in the Plan, on the Effective Date, the Bonds and the Bond Documents will be deemed automatically cancelled, terminated and of no further force or effect against the City without any further act or action under any applicable agreement, law, regulation, order or rule and the obligations of the parties, as applicable, under the Bonds and the Bond Documents shall be discharged; provided, however, that the Bonds and Bond Documents shall continue in effect solely (i) to allow the Disbursing Agent to make any Distributions as set forth in the Plan and to perform such other necessary administrative or other functions with respect thereto, (ii) for any trustee, agent or similar entity under the Bond Documents to have the benefit of all the rights and protections and other provisions of the Bond Documents and all other related agreements with respect to priority in payment and lien rights with respect to any Distribution and (iii) as may be necessary to preserve any claim by a Bondholder and/or Bond Agent under a Bond Insurance Policy or against any Bond Insurer. Notwithstanding the foregoing, and except as otherwise expressly provided in the Plan, such Bonds and/or Bond Documents as remain outstanding shall not form the basis for the assertion of any Claim against the City. Nothing in the Plan impairs, modifies, affects or otherwise alters the rights of (a) Bondholders and/or Bond Agents with respect to claims under applicable Bond

Insurance Policies and/or against the Bond Insurers or (b) Holders of COP Claims with respect to claims under applicable policies and/or other instruments insuring the COPs and obligations related thereto.

K. Release of Liens.

Except as otherwise provided in the Plan or in any contract, instrument, release or other agreement or document entered into or delivered in connection with the Plan, or where a Claim is Reinstated, on the Effective Date, all Liens against the City's property will be deemed fully released and discharged, and all of the right, title and interest of any holder of such Liens, including any rights to any collateral thereunder, will revert to the City. As of the Effective Date, (1) the holders of such Liens will be authorized and directed to release any collateral or other property of the City (including any cash collateral) held by such Holder and to take such actions as may be requested by the City to evidence the release of such Lien, including the execution, delivery, filing or recording of such releases as may be requested by the City, and (2) the City shall be authorized to execute and file on behalf of creditors Form UCC-3 Termination Statements or such other forms as may be necessary or appropriate to implement the provisions of this Section IV.K.

L. Professional Fee Reserve

On the Effective Date, the City shall establish and fund the Professional Fee Reserve. The Professional Fee Reserve shall be funded in an amount sufficient to pay the Fee Review Professional Fees that remain unpaid as of the Effective Date. The funds held in the Professional Fee Reserve may not be used for any purpose other than the payment of Fee Review Professional Fees until any and all disputes regarding the Fee Review Professional Fees, including any disputes arising under the Fee Review Order, have been fully and finally resolved pursuant to a Final Order or a stipulation between the disputing parties. Any amounts remaining in the Professional Fee Reserve after final resolution of all such disputes and the payment of all Fee Review Professional Fees determined to be reasonable in accordance with the Fee Review Order shall be released to the General Fund.

M. Assumption of Indemnification Obligations.

Notwithstanding anything otherwise to the contrary in the Plan, nothing in the Plan shall discharge or impair the obligations of the City as provided in the City Charter of the City or other organizational documents, resolutions, employment contracts, applicable law or other applicable agreements as of the Petition Date to indemnify, defend, reimburse, exculpate, advance fees and expenses to, or limit the liability of officers and employees of the City (consistent with the injunction provisions of Section III.D.5 and including the members of the City Council, the Mayor and the Emergency Manager) and their Related Entities, in each case to the extent such Entities were acting in such capacity, against any claims or causes of action whether direct or derivative, liquidated or unliquidated, foreseen or unforeseen, asserted or unasserted; provided that this Section IV.M shall be read in conjunction with the provisions for Indirect Employee Indemnity Claims set forth in Section III.D.5. Notwithstanding the foregoing, Retirement System Indemnity Obligations shall not be assumed under the Plan and shall be discharged. For the avoidance of doubt, no indemnification provision in any loan document, bond document, Bond Insurance Policy or other agreement with a Bond Insurer is exempted from discharge by reason of this Section IV.M.

N. Incorporation of Retiree Health Care Settlement Agreement.

The terms of the Retiree Health Care Settlement Agreement resolving the Retiree Health Care Litigation, which agreement is attached hereto as Exhibit I.A.236, are incorporated herein by reference and shall be binding upon the parties thereto.

O. Payment of Workers' Compensation Claims.

From and after the Effective Date, (a) the City will continue to administer (either directly or through a third party administrator) and pay all valid claims for benefits and liabilities for which the City is responsible under applicable State workers' compensation law, regardless of when the applicable injuries were incurred, in accordance with the City's prepetition practices and procedures and governing State workers'

compensation law, and (b) nothing in the Plan shall discharge, release or relieve the City from any current or future liability under applicable State workers' compensation law. The City expressly reserves the right to challenge the validity of any claim for benefits or liabilities arising under applicable State workers' compensation law.

P. Payment of Certain Claims Relating to the Operation of City Motor Vehicles

If the City determines to maintain self-insurance with respect to the operation of its motor vehicles in a notice Filed not less than ten days before the Confirmation Hearing, this Section IV.P will apply. Subject to the foregoing, from and after the Effective Date, the City will continue to administer (either directly or through a third party administrator) and pay valid prepetition Claims for liabilities with respect to which the City is required to maintain insurance coverage pursuant to MCL § 500.3101 in connection with the operation of the City's motor vehicles, as follows: (1) Claims for personal protection benefits as provided by MCL § 500.3107 and MCL § 500.3108, for which insurance coverage is required by MCL § 500.3101(1), shall be paid in full, to the extent valid, provided, however, that the City will not be liable for or pay interest or attorneys' fees under MCL § 500.3142 or MCL § 500.3148 on prepetition Claims for personal protection benefits; (2) tort claims permitted by MCL § 500.3135, for which residual liability insurance coverage is required by MCL § 500.3101(1) and MCL § 500.3131, shall be paid, to the extent valid, only up to the minimum coverages specified by MCL § 500.3009(1), i.e., up to a maximum of (a) \$20,000 because of bodily injury to or death of one person in any one accident, and subject to that limit for one person, (b) \$40,000 because of bodily injury to or death of two or more persons in any one accident and (c) \$10,000 because of injury to or destruction of property of others in any accident; and (3) Claims for property protection benefits under MCL § 500.3121 and MCL § 500.3123 shall be paid, to the extent valid, only up to the maximum benefits specified in MCL § 500.3121; provided, however, for the avoidance of doubt, to the extent any valid Claim subject to subsections 2 and 3 above exceeds the applicable payment limits, the excess claim amount shall be treated as an Other Unsecured Claim or a Convenience Claim (as applicable). If this Section IV.P becomes effective, nothing in the Plan shall discharge, release or relieve the City from any current or future liability with respect to Claims subject to insurance coverage pursuant to MCL § 500.3101 or Claims within the minimum coverage limits in MCL § 500.3009(1). The City expressly reserves the right to challenge the validity of any Claim subject to this Section IV.P, and nothing herein shall be deemed to expand the City's obligations or claimants' rights with respect to these Claims under State law.

Q. Payment of Tax Refund Claims.

From and after the Effective Date, the City will continue to administer (either directly or through a third party administrator) and pay all valid claims for income tax refunds and property tax refunds for which the City is responsible under applicable law, regardless of when the applicable right to a refund arose, in accordance with the City's prepetition practices and procedures. The City expressly reserves the right to challenge the validity of any claim for an income tax refund and/or property tax refund.

R. Utility Deposits.

From and after the Effective Date, the City will continue to administer utility deposits in accordance with the City's prepetition practices and procedures, including the payment of any undisputed, non-contingent, liquidated claims against the City for the refund of a utility deposit.

S. Pass-Through Obligations

The City shall continue to honor its Pass-Through Obligations to the Pass-Through Recipients.

T. Exit Facility.

On the Effective Date, the City shall enter into the Exit Facility, as well as any ancillary notes, documents or agreements in connection therewith, including, without limitation, any documents required in connection with the creation or perfection of the liens securing the Exit Facility.

U. Post-Effective Date Governance

Prior to or on the Effective Date, a financial oversight board shall be established pursuant to and in accordance with State law now in effect or hereafter enacted to ensure that, post-Effective Date, the City adheres to the Plan and continues to implement financial and operational reforms that should result in more efficient and effective delivery of services to City residents. The financial oversight board shall be composed of individuals with recognized financial competence and experience and shall have the authority to, among other things, impose limits on City borrowing and expenditures and require the use of financial best practices.

**ARTICLE V
PROVISIONS REGARDING DISTRIBUTIONS UNDER THE PLAN**

A. Appointment of Disbursing Agent.

The City may act as Disbursing Agent or may employ or contract with other Entities to act as the Disbursing Agent or to assist in or make the Distributions required by the Plan. Any Disbursing Agent appointed by the City will serve without bond. Other than as specifically set forth in the Plan, the Disbursing Agent shall make all Distributions required to be made under the Plan.

B. Distributions on Account of Allowed Claims.

Except as otherwise provided in the Plan, on the Effective Date or as soon as practicable thereafter (or if a Claim is not an Allowed Claim on the Effective Date, on the date that such a Claim becomes an Allowed Claim, or as soon as reasonably practicable thereafter), each Holder of an Allowed Claim shall receive from the Disbursing Agent the Distributions that the Plan provides for Allowed Claims in the applicable Class. In the event that any payment or act under the Plan is required to be made or performed on a date that is not a Business Day, then the making of such payment or the performance of such act may be completed on the next succeeding Business Day, but shall be deemed to have been completed as of the required date. If and to the extent that there are Disputed Claims, Distributions on account of any such Disputed Claims shall be made pursuant to the provisions set forth in Section VI.B. Except as otherwise provided in the Plan, Holders of Claims shall not be entitled to interest, dividends or accruals on the Distributions provided for in the Plan, regardless of whether such Distributions are delivered on or at any time after the Effective Date. Notwithstanding anything to the contrary in the Plan, no Holder of an Allowed Claim shall, on account of such Allowed Claim, receive a Distribution in excess of the Allowed amount of such Claim.

C. Certain Claims to Be Expunged.

Any Claim that has been or is hereafter listed in the List of Creditors as contingent, unliquidated or disputed, and for which no proof of Claim is or has been timely Filed, is not considered to be an Allowed Claim and shall be expunged without further action by the City and without further notice to any party or any action, approval or order of the Bankruptcy Court.

D. Record Date for Distributions; Exception for Bond Claims.

With the exception of Bond Claims, neither the City nor any Disbursing Agent will have any obligation to recognize the transfer of, or the sale of any participation in, any Claim that occurs after the close of business on the Distribution Record Date, and will be entitled for all purposes herein to recognize and distribute only to those Holders of Allowed Claims (including Holders of Claims that become Allowed after the Distribution Record Date) that are Holders of such Claims, or participants therein, as of the close of business on the Distribution Record Date. With the exception of the Bond Claims, the City and any Disbursing Agent shall instead be entitled to recognize and deal for all purposes under the Plan with only those record Holders stated on the official Claims Register as of the close of business on the Distribution Record Date. Unless otherwise set forth in the Confirmation Order, the City shall not establish a record date for Distributions to Holders of Bond Claims.

E. Means of Cash Payments.

Except as otherwise specified herein, all Cash payments made pursuant to the Plan shall be in U.S. currency and made by check drawn on a domestic bank selected by the Disbursing Agent or, at the option of the Disbursing Agent, by wire transfer, electronic funds transfer or ACH from a domestic bank selected by the Disbursing Agent; provided, however, that Cash payments to foreign Holders of Allowed Claims may be made, at the option of the Disbursing Agent, in such funds and by such means as are necessary or customary in a particular foreign jurisdiction.

F. Selection of Distribution Dates for Allowed Claims.

Except where the Plan requires the making of a Distribution on account of a particular Allowed Claim within a particular time, the Disbursing Agent shall have the authority to select Distribution Dates that, in the judgment of the Disbursing Agent, provide Holders of Allowed Claims with payments as quickly as reasonably practicable while limiting the costs incurred in the distribution process. Upon the selection of a Distribution Date by the Disbursing Agent, the Disbursing Agent shall File a notice of such Distribution Date that provides information regarding the Distribution to be made.

G. Limitations on Amounts to Be Distributed to Holders of Allowed Claims Otherwise Insured.

No Distributions under the Plan shall be made on account of an Allowed Claim that is payable pursuant to one of the City's insurance policies until the Holder of such Allowed Claim has exhausted all remedies with respect to such insurance policy; provided that, if the City believes a Holder of an Allowed Claim has recourse to an insurance policy and intends to direct the Disbursing Agent to withhold a Distribution pursuant to this Section V.G, the City shall provide written notice to such Holder regarding what the City believes to be the nature and scope of applicable insurance coverage. To the extent that one or more of the City's insurance carriers agrees to satisfy a Claim in full, then immediately upon such agreement such Claim may be expunged without a Claims objection having to be Filed and without any further notice or any action, order or approval of the Bankruptcy Court. Nothing in the Plan, including this Section V.G, shall constitute a waiver of any claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action or liabilities that any Entity may hold against any other Entity, including the City's insurance carriers and Bond Insurers, other than the City. For the avoidance of doubt, this Section shall not apply to Bond Insurance Policies or Swap Insurance Policies.

H. City's Rights of Setoff Preserved.

Notwithstanding anything to the contrary in the Plan, pursuant to section 553 of the Bankruptcy Code or otherwise applicable non-bankruptcy law, the City may set off against any Allowed Claim and the Distributions to be made pursuant to the Plan on account of such Allowed Claim the claims, rights and Causes of Action of any nature that the City may assert against the Holder of such Claim; provided, however, that neither the failure to effect a setoff nor the allowance of any Claim pursuant to the terms of the Plan shall constitute a waiver or release by the City of any claims, rights and Causes of Action that the City may assert against such Holder, all of which are expressly preserved.

I. Delivery of Distributions and Undeliverable or Unclaimed Distributions.

1. Delivery of Distributions Generally.

Except as set forth in Section V.I.2, Distributions to Holders of Allowed Claims shall be made at the addresses set forth in the City's records unless such addresses are superseded by proofs of Claim or transfers of Claim Filed pursuant to Bankruptcy Rule 3001.

2. Delivery of Distributions on Account of Bond Claims.

Distributions on account of the Bond Claims shall (a) be made by the Disbursing Agent to the Bond Agent under the applicable Bond Documents for the benefit of Holders of Bond Claims and (b) be deemed

completed when made by the Disbursing Agent to the Bond Agent as if such Distributions were made directly to the Holders of such Claims. The applicable Bond Agent, in turn, shall make such distributions to the applicable Holders pursuant to the terms and conditions of the applicable Bond Documents and subject to the respective rights, claims and interests, if any, that the Bond Agent may have under the applicable Bond Documents or otherwise to the recovery and/or reimbursement of their fees, costs and expenses (including the fees, costs and expenses of counsel and financial advisors) from any distribution hereunder, whether such rights, claims or interests are in the nature of a charging lien or otherwise. The Bond Agent shall not be required to give any bond, surety or other security for the performance of its duties with respect to such Distributions.

3. De Minimis Distributions / No Fractional New Securities.

No distribution shall be made by the Disbursing Agent on account of an Allowed Claim if the amount to be distributed to the specific Holder of an Allowed Claim on the applicable Distribution Date has an economic value of less than \$25.00. No fractional New Securities shall be distributed. Where a fractional portion of a New Security otherwise would be called for under the Plan, the actual issuance shall reflect a rounding down to the nearest whole New Security.

4. Undeliverable or Unclaimed Distributions.

In the event that any Distribution to any Holder is returned as undeliverable, no Distribution to such Holder shall be made unless and until the Disbursing Agent has determined the then-current address of such Holder, at which time such Distribution shall be made to such Holder without interest.

Any Holder of an Allowed Claim that does not claim an undeliverable or unclaimed Distribution within six months after the Effective Date shall be deemed to have forfeited its claim to such Distribution and shall be forever barred and enjoined from asserting any such claim against the City or its property. In such cases, any Cash held by the City on account of such undeliverable or unclaimed Distributions shall become the property of the City free of any restrictions thereon and notwithstanding any federal or state escheat laws to the contrary. Any New Securities held for distribution on account of such Claims shall be canceled and of no further force or effect. Nothing contained in the Plan shall require any Disbursing Agent to attempt to locate any Holder of an Allowed Claim.

5. Time Bar to Cash Payment Rights.

Checks issued in respect of Allowed Claims shall be null and void if not negotiated within 90 days after the date of issuance thereof. Requests for reissuance of any check shall be made to the Disbursing Agent by the Holder of the Allowed Claim to whom such check originally was issued within 180 days after the date of the original check issuance. After such date, the Claim of any Holder to the amount represented by such voided check shall be released and forever barred from assertion against the City and its property.

J. Other Provisions Applicable to Distributions in All Classes

1. No Postpetition Interest.

Except as otherwise specifically provided for in the Plan, or required by applicable bankruptcy law, the City shall have no obligation to pay any amount that constitutes or is attributable to interest on an Allowed Claim accrued after the Petition Date and no Holder of a Claim shall be entitled to be paid any amount that constitutes or is attributable to interest accruing on or after the Petition Date on any Claim without regard to the characterization of such amounts in any document or agreement or to whether such amount has accrued for federal income tax purposes. Any such amount that constitutes or is attributable to interest that has been accrued and has not been paid by the City shall be cancelled as of the Effective Date for federal income tax purposes.

2. Compliance with Tax Requirements.

In connection with the Plan and all instruments issued in connection therewith and distributed thereon, the City and any Disbursing Agent shall comply with all Tax withholding and reporting requirements imposed on it by any governmental unit, and all Distributions under the Plan shall be subject to such withholding and reporting requirements. All such amounts withheld and paid to the appropriate governmental unit shall be treated as if made directly to the Holder of an Allowed Claim. The City and the Disbursing Agent shall be authorized to take any actions that they determine, in their reasonable discretion, to be necessary or appropriate to comply with such withholding and reporting requirements, including withholding Distributions pending receipt of information necessary to facilitate such Distributions, or establishing any other mechanisms they believe are reasonable and appropriate.

Notwithstanding any other provision of the Plan, each Entity receiving or deemed to receive a Distribution pursuant to the Plan shall have sole and exclusive responsibility for the satisfaction and payment of any Tax imposed on such Entity on account of such Distribution, including income, withholding and other Tax obligations. The City has the right, but not the obligation, to refuse, or to direct a Disbursing Agent to refuse, to make a Distribution until a Holder of an Allowed Claim has made arrangements satisfactory to the City and any Disbursing Agent for payment of any such Tax obligations. The City may require, as a condition to making a Distribution, that the Holder of an Allowed Claim provide the City or any Disbursing Agent with a completed Form W-8, W-9 and/or other Tax information, certifications and supporting documentation, as applicable.

If the City makes such a request and the Holder of an Allowed Claim fails to comply before the date that is 180 days after the initial request is made, the amount of such Distribution shall irrevocably revert to the City and any Claim in respect of such Distribution shall be released and forever barred from assertion against the City and its property.

3. Allocation of Distributions.

All Distributions to Holders of Allowed Claims that have components of principal and interest shall be deemed to apply first to the principal amount of such Claim until such principal amount is paid in full, and then the remaining portion of such Distributions, if any, shall be deemed to apply to any applicable accrued interest included in such Claim to the extent interest is payable under the Plan.

4. Surrender of Instruments.

As a condition to participation under this Plan, the Holder of a note, debenture or other evidence of indebtedness of the City that desires to receive the property to be distributed on account of an Allowed Claim based on such note, debenture or other evidence of indebtedness shall surrender such note, debenture or other evidence of indebtedness to the City or its designee (unless such Holder's Claim will not be Impaired by the Plan, in which case such surrender shall not be required), and shall execute and deliver such other documents as are necessary to effectuate the Plan; provided, however, that, if a claimant is a Holder of a note, debenture or other evidence of indebtedness for which no physical certificate was issued to the Holder but which instead is held in book-entry form pursuant to a global security held by the Depository Trust Company or other securities depository or custodian thereof, there shall be no requirement of surrender. In the City's sole discretion, if no surrender of a note, debenture or other evidence of indebtedness occurs and the Holder of Claim does not provide an affidavit and indemnification agreement, in form and substance reasonably satisfactory to the City, that such note, debenture or other evidence of indebtedness was lost, then no distribution may be made to such Holder in respect of the Claim based on such note, debenture or other evidence of indebtedness. For the avoidance of doubt, (a) no Bond, note, debenture or other evidence of indebtedness of the City shall be surrendered or deemed surrendered that is subject to any Bond Insurance Policy and (b) no COP shall be surrendered or deemed surrendered hereby to the extent necessary to make and/or preserve a claim under any applicable policies and/or other instruments insuring the COPs and obligations related thereto or against any party, other than the City, that insures the COPs. Notwithstanding the foregoing, such Bonds and/or Bond Documents as remain outstanding shall not form the basis for the assertion of any Claim against the City.

ARTICLE VI
PROCEDURES FOR RESOLVING DISPUTED CLAIMS

A. Treatment of Disputed Claims.

1. General.

No Claim shall become an Allowed Claim unless and until such Claim is deemed Allowed under the Plan or the Bankruptcy Code, or the Bankruptcy Court has entered a Final Order (including the Confirmation Order) allowing such Claim. Notwithstanding any other provision of the Plan, no payments or Distributions shall be made on account of a Disputed Claim until such Claim becomes an Allowed Claim. Without limiting the foregoing in any way, no partial payments and no partial Distributions will be made with respect to a disputed, contingent or unliquidated Claim, or with respect to any Claim for which a proof of Claim has been Filed but not Allowed, until the resolution of such disputes or estimation or liquidation of such Claim by settlement or by Final Order.

2. ADR Procedures.

At the City's option, any Disputed Claim designated or eligible to be designated for resolution through the ADR Procedures may be submitted to the ADR Procedures in accordance with the terms thereof and the ADR Procedures Order. For the avoidance of doubt, the designation of a Disputed Claim for resolution through the ADR Procedures, either prior to or after the Effective Date, will not modify, and will not be deemed to have modified, the terms of the ADR Injunction imposed pursuant to the ADR Procedures Order. Disputed Claims not resolved through the ADR Procedures will be resolved pursuant to the Plan.

3. Tort Claims.

At the City's option, any unliquidated Tort Claim (as to which a proof of Claim was timely Filed in the Chapter 9 Case) not resolved through the ADR Procedures or pursuant to a Final Order of the Bankruptcy Court will be determined and liquidated in the administrative or judicial tribunal(s) in which it is pending on the Effective Date (subject to the City's right to seek removal or transfer of venue) or, if no action was pending on the Effective Date, in an administrative or judicial tribunal of appropriate jurisdiction selected by the City that (a) has personal jurisdiction over the parties, (b) has subject matter jurisdiction over the Tort Claim and (c) is a proper venue. The City may exercise the above option by service upon the holder of the applicable Tort Claim of a notice informing such holder that the City has exercised such option (which notice shall be deemed to satisfy the notice requirements of Section I.B of the ADR Procedures). Upon the City's service of such notice, the automatic stay imposed pursuant to sections 362 and 922 of the Bankruptcy Code (along with any extension of such stay pursuant to the terms of the Stay Extension Order) or, after the Effective Date, the injunction set forth at Section III.D.5, will be deemed modified, without the necessity for further Bankruptcy Court approval or any further action by the City, solely to the extent necessary to allow the parties to determine or liquidate the Tort Claim in the applicable administrative or judicial tribunal(s); provided that nothing contained in this Section will modify, or will be deemed to have modified, the terms of the Stay Extension Order with respect to any Tort Claim prior to the City having served notice of its intent to determine and liquidate such Tort Claim pursuant to this Section. If the City does not serve such a notice upon a holder of a Tort Claim by the Claims Objection Bar Date, such holder may file a motion with the Bankruptcy Court seeking relief from the discharge injunction imposed pursuant to Section III.D.5 in order to liquidate and determine its Claim.

Any Tort Claim determined and liquidated pursuant to a judgment obtained in accordance with this Section VI.A.3 and applicable non-bankruptcy law that is no longer appealable or subject to review will be deemed an Allowed Claim, provided that only the amount of such Allowed Tort Claim that is not satisfied from proceeds of insurance payable to the holder of such Allowed Tort Claim will be treated as an Allowed Claim for the purposes of distributions under the Plan. Distributions on account of any such Allowed Tort Claim shall be made in accordance with the Plan. Nothing contained in this Section will constitute or be deemed a waiver of any claim, right or Cause of Action that the City may have against any Entity in connection with or arising out of any Tort Claim, including any rights under section 157(b)(5) of title 28 of the United States Code. All claims, demands, rights, defenses and Causes of Action that the City may have against any Entity in connection with or arising out of any Tort Claim are expressly retained and preserved.

B. Disputed Claims Reserve.

On and after the Effective Date, until such time as all Disputed Claims have been compromised and settled or determined by Final Order and before making any Distributions, consistent with and subject to section 1123(a)(4) of the Bankruptcy Code, the City shall establish and maintain a reserve of property equal to (1) the Distributions to which Holders of Disputed Claims would be entitled under the Plan if such Disputed Claims were Allowed Claims in the Face Amount of such Disputed Claims or (2) such lesser amount as required by an order of the Bankruptcy Court. On the first Distribution Date that is at least 30 days (or such fewer days as may be agreed to by the City in its sole discretion) after the date on which a Disputed Claim becomes an Allowed Claim, the Disbursing Agent shall remit to the Holder of such Allowed Claim any Distributions such Holder would have been entitled to under the Plan on account of such Allowed Claim had such Claim been Allowed as of the Effective Date. If a Disputed Claim is disallowed by Final Order, the property reserved on account shall become available for Distribution to the Holders of Allowed Claims within the Class(es) entitled to receive such property. Each Holder of a Disputed Claim that ultimately becomes an Allowed Claim will have recourse only to the assets held in the disputed claims reserve and not to any other assets held by the City, its property or any property previously distributed on account of any Allowed Claim. Notwithstanding the foregoing, the disputed claim reserve established pursuant to this Section shall not include any reserve of property on account of Disputed COP Claims, which shall receive the treatment set forth in Section II.B.3.p.iii.

C. Objections to Claims.

1. Authority to Prosecute, Settle and Compromise.

The City's rights to object to, oppose and defend against all Claims on any basis are fully preserved. Except as otherwise provided in Section II.B.3.p.i with respect to Disputed COP Claims, as of the Effective Date, only the City shall have the authority to File, settle, compromise, withdraw or litigate to judgment objections to Claims, including pursuant to the ADR Procedures or any similar procedures approved by the Bankruptcy Court. Any objections to Claims shall be Filed no later than the Claims Objection Bar Date. On and after the Effective Date, the City may settle or compromise any Disputed Claim or any objection or controversy relating to any Claim without any further notice or any action, order or approval of the Bankruptcy Court.

2. Application of Bankruptcy Rules.

To facilitate the efficient resolution of Disputed Claims, the City shall be permitted to File omnibus objections to claims notwithstanding Bankruptcy Rule 3007(c).

3. Expungement or Adjustment of Claims Without Objection.

Any Claim that has been paid, satisfied or superseded shall be expunged from the Claims Register by the Claims and Balloting Agent at the request of the City, and any Claim that has been amended by the Holder of such Claim shall be adjusted on the Claims Register by the Claims and Balloting Agent at the request of the City, without the Filing of an objection and without any further notice or any action, order or approval of the Bankruptcy Court.

4. Extension of Claims Objection Bar Date.

Upon motion by the City to the Bankruptcy Court, the City may request, and the Bankruptcy Court may grant, an extension to the Claims Objection Bar Date generally or with respect to specific Claims. Any extension granted by the Bankruptcy Court shall not be considered to be a modification to the Plan under section 1127 of the Bankruptcy Code.

5. Authority to Amend List of Creditors.

The City will have the authority to amend the List of Creditors with respect to any Claim and to make Distributions based on such amended List of Creditors without approval of the Bankruptcy Court. If any such

amendment to the List of Creditors reduces the amount of a Claim or changes the nature or priority of a Claim, the City will provide the Holder of such Claim with notice of such amendment and such Holder will have 20 days to File an objection to such amendment with the Bankruptcy Court. If no such objection is Filed, the Disbursing Agent may proceed with Distributions based on such amended List of Creditors without approval of the Bankruptcy Court.

ARTICLE VII RETENTION OF JURISDICTION

Pursuant to sections 105(c), 945 and 1142(b) of the Bankruptcy Code and notwithstanding entry of the Confirmation Order and the occurrence of the Effective Date, the Bankruptcy Court will retain exclusive jurisdiction over all matters arising out of, and related to, the Chapter 9 Case and the Plan to the fullest extent permitted by law, including, among other things, jurisdiction to:

A. Allow, disallow, estimate, determine, liquidate, reduce, classify, re-classify, estimate or establish the priority or secured or unsecured status of any Claim, including the resolution of any request for payment of any Administrative Claim and the resolution of any and all objections to the amount, allowance, priority or classification of Claims;

H. Approve any modification of the Plan or approve any modification of the Confirmation Order or any contract, instrument, release or other agreement or document created in connection with the Plan or the Confirmation Order, or remedy any defect or omission or reconcile any inconsistency in any order, the Plan, the Confirmation Order or any contract, instrument, release or other agreement or document created in connection with the Plan or the Confirmation Order, or enter any order in aid of confirmation pursuant to sections 945 and 1142(b) of the Bankruptcy Code, in such manner as may be necessary or appropriate to consummate the Plan;

I. Issue injunctions, enforce the injunctions contained in the Plan and the Confirmation Order, enter and implement other orders or take such other actions as may be necessary or appropriate to restrain interference by any Entity with consummation, implementation or enforcement of the Plan or the Confirmation Order;

J. Enter and implement such orders as are necessary or appropriate if the Confirmation Order is for any reason or in any respect modified, stayed, reversed, revoked or vacated or Distributions pursuant to the Plan are enjoined or stayed;

K. L. Enforce or clarify any orders previously entered by the Bankruptcy Court in the Chapter 9 Case;

M. Enter a final decree closing the Chapter 9 Case pursuant to section 945(b) of the Bankruptcy Code; and

N. Hear any other matter over which the Bankruptcy Court has jurisdiction under the provisions of the Bankruptcy Code and the Bankruptcy Rules subject to any limits on the Bankruptcy Court's jurisdiction and powers under sections 903 and 904 of the Bankruptcy Code.

ARTICLE VIII MISCELLANEOUS PROVISIONS

A. Modification of the Plan.

Subject to section 942 and 1127(d) of the Bankruptcy Code, the City may alter, amend or modify the Plan or the Exhibits at any time prior to or after the Confirmation Date but prior to the substantial consummation of the Plan. A Holder of a Claim that has accepted the Plan shall be deemed to have accepted the Plan as altered, amended or modified so long as the proposed alteration, amendment or modification does not materially and adversely change the treatment of the Claim of such Holder.

B. Revocation of the Plan.

The City reserves the right to revoke or withdraw the Plan prior to the Confirmation Date. If the City revokes or withdraws the Plan, or if the Confirmation Date does not occur, then the Plan shall be null and void in all respects, and nothing contained in the Plan, nor any action taken or not taken by the City with respect to the Plan, the Disclosure Statement or the Confirmation Order, shall be or shall be deemed to be: (1) a waiver or release of any claims by or against the City; (2) an admission of any sort by the City or any other party in interest, or (3) prejudicial in any manner to the rights of the City or any other party in interest.

C. Disclosure of Amounts to Be Paid for Chapter 9 Case Services.

No later than five days before the Confirmation Hearing, (1) the City shall File a statement of all amounts to be paid by it for services or expenses in the Chapter 9 Case or incident to the Plan; and (2) as applicable, all other persons shall File statements of all amounts to be paid by them for services or expenses in the Chapter 9 Case or incident to the Plan. Pursuant to section 943(b)(3) of the Bankruptcy Code, the Bankruptcy Court must approve such amounts as reasonable as a condition to Confirmation.

D. Severability of Plan Provisions.

If any term or provision of the Plan is held by the Bankruptcy Court to be invalid, void or unenforceable, the Bankruptcy Court, in each case at the election of and with the consent of the City, shall have the power to alter and interpret such term or provision to make it valid or enforceable to the maximum extent practicable, consistent with the original purpose of the term or provision held to be invalid, void or unenforceable, and such term or provision shall then be applicable as altered or interpreted. Notwithstanding any such holding, alteration or interpretation, the remainder of the terms and provisions of the Plan shall remain in full force and effect and shall in no way be affected, impaired or invalidated by such holding, alteration or interpretation. The Confirmation Order shall constitute a judicial determination and shall provide that each term and provision of the Plan, as it may have been altered or interpreted in accordance with the foregoing, is: (1) valid and enforceable pursuant to its terms; (2) integral to the Plan and may not be deleted or modified without the City's consent; and (3) non-severable and mutually dependent.

E. Effectuating Documents and Transactions.

The City is authorized to execute, deliver, File or record such contracts, instruments, releases and other agreements or documents and take such actions as may be necessary or appropriate to effectuate, implement and further evidence the terms and conditions of the Plan and any notes or securities issued pursuant to the Plan. All such actions shall be deemed to have occurred and shall be in effect pursuant to applicable non-bankruptcy law and the Bankruptcy Code, without any requirement of further action by the City Council, the Emergency Manager, the Mayor or any employees or officers of the City. On the Effective Date, the appropriate employees and officers of the City are authorized and directed to execute and deliver the agreements, documents and instruments contemplated by the Plan, and to take any other actions as may be necessary or advisable to effectuate the provisions and intent of the Plan, in the name and on behalf of the City.

G. Plan Controls.

In the event and to the extent that any provision of the Plan is inconsistent with the provisions of the Disclosure Statement, the provisions of the Plan shall control and take precedence.

H. Notice of the Effective Date.

On or before ten Business Days after occurrence of the Effective Date, the City shall mail or cause to be mailed to all Holders of Claims a notice that informs such Holders of (1) entry of the Confirmation Order; (2) the occurrence of the Effective Date; (3) the assumption and rejection of Executory Contracts and Unexpired Leases pursuant to the Plan, as well as the deadline for the filing of Claims arising from such rejection; (4) the deadline for the filing of Administrative Claims; and (5) such other matters as the City deems to be appropriate.

I. Governing Law.

Unless (1) a rule of law or procedure is supplied by federal law (including the Bankruptcy Code and Bankruptcy Rules) or (2) otherwise specifically stated herein or in any contract, articles or certificates of incorporation, bylaws, codes of regulation, ordinance, similar constituent documents, instrument, release or other agreement or document entered into or delivered in connection with the Plan, the laws of the State of Michigan, without giving effect to the principles of conflict of laws, shall govern the rights, obligations, construction and implementation of the Plan and any contract, articles or certificates of incorporation, bylaws, codes of regulation, similar constituent documents, instrument, release or other agreement or document entered into or delivered in connection with the Plan.

J. Request for Waiver of Automatic Stay of Confirmation Order.

K. Term of Existing Injunctions and Stays.

Section 2.1 Purpose. The Trust is established for the purpose of providing health care benefits, directly or through the purchase of insurance, to the Participants in accordance with the Plan and consistent with Section 501(c)(9) of the Code and the regulations and other guidance promulgated thereunder. The Trust, together with the Plan, is intended to constitute a VEBA under Section 501(c)(9) of the Code.

Section 2.2 Receipt of Funds. The Bank shall accept all sums of money and other property contributed to the Trust by Detroit pursuant to Article III. The Bank shall hold, manage and administer the Trust Fund without distinction between principal and income. The Bank shall be accountable for the contributions or transfers it receives, but shall not be responsible for the collection of any contributions or transfers to the Trust or enforcement of the terms of the OPEB Claims Notes.

Section 2.3 Inurement and Reversion Prohibited. At no time shall any part of the principal or income of the Trust Fund be used for, or diverted to, any purpose other than sponsoring, operating and administering the Plan and Trust to provide benefits that are permitted under Code section 501(c)(9) to Participants. Nothing in this Trust Agreement shall be construed in such a way as to prohibit the use of assets of the Trust Fund to pay reasonable fees and other expenses and obligations incurred in maintaining, administering and investing the Trust Fund or in sponsoring, administering and operating the Plan in accordance with the provisions of this Trust Agreement. At no time shall any part of the net earnings inure to the benefit of any individual other than through the provision of benefits as permitted under Code section 501(c)(9) and the regulations promulgated thereunder. In no event will the assets held in the Trust Fund revert to Detroit. Upon termination of the Trust Fund, any assets remaining upon satisfaction of all liabilities to existing Participants shall be applied, either directly or through the purchase of insurance, to provide life, sick accident or other permissible benefits under Code section 501(c)(9) and the rules and regulations promulgated thereunder, pursuant to criteria consistent with such rules and regulations.

Section 2.4 No Guarantee. Nothing contained in the Trust or the Plan shall constitute a guarantee that the assets of the Trust Fund will be sufficient to pay any benefit to any person or make any other payment. The obligation of the Plan to pay any benefit provided under the Plan is expressly conditioned on the availability of cash in the Trust to pay the benefit, and no plan fiduciary or any other person shall be required to liquidate the OPEB Claims Notes or any other Plan asset in order to generate cash to pay benefits. Detroit shall not have any obligation to contribute any amount to the Trust except as provided in Article III. Except for payments of benefits under the Plan, no Participant shall receive any distribution of cash or other thing of current or exchangeable value, either from the Board or the Bank, on account of or as a result of the Trust Fund created hereunder.

Section 2.5 No Interest. Detroit shall not have any legal or equitable interest in the assets of the Trust Fund at any time, including following the termination of the Trust.

ARTICLE III
CONTRIBUTIONS TO THE TRUST FUND

Section 3.1 Detroit Contributions. The Trust Fund shall accept from Detroit the Detroit VEBA Contribution. Apart from the Detroit VEBA Contribution, Detroit shall have no further obligation to contribute to the Trust or otherwise fund the Plan.

ARTICLE IV
PAYMENTS FROM THE TRUST FUND

Section 4.1 Payments from the Trust Fund.

(a) Subject to paragraph (b) below, the Bank shall make payments from the Trust Fund to provide, directly or through the purchase of insurance, benefits under the Plan as directed by the Board.

(b) To the extent permitted by law, the Bank shall be fully protected in making payments out of the Trust Fund, and shall have no responsibility to see to the application of such payments or to ascertain whether such payments comply with the terms of the Plan, and shall not be liable for any payment made by it in good faith and in the exercise of reasonable care without actual notice or knowledge of the impropriety of such payments hereunder. The Bank may withhold all or any part of any payment as the Bank in the exercise of its reasonable discretion may deem proper, to protect the Bank and the Trust against any liability or claim on account of any income or other tax whatsoever; and with all or any part of any such payment so withheld, may discharge any such liability. Any part of any such payment so withheld by the Bank that may be determined by the Bank to be in excess of any such liability will upon such determination by the Bank be paid to the person or entity from whom or which it was withheld.

Section 4.2 Method of Payments. The Bank may make any payment required to be made by it hereunder, unless directed otherwise by the Board, by direct electronic deposit of the amount thereof to the financial institution where the person or entity to whom or to which such payment is to be made maintains an account, or by mailing a check in the amount thereof by first class mail in a sealed envelope addressed to such person or entity to whom or to which such payment is to be made, according to the direction of the Board. If any dispute arises as to the identity or rights of persons who may be entitled to benefits hereunder, the Bank may withhold payment until such dispute is resolved by a court of competent jurisdiction or, at the discretion of the Board, is settled by written stipulation of the parties concerned.

Section 4.3 Excessive Payments. A majority vote of the members present at a meeting of the Board at which a quorum exists shall be necessary for a decision by the Board.

ARTICLE IX POWERS AND DUTIES OF THE BOARD OF TRUSTEES

Section 9.1 General. The Board shall be responsible for designing, adopting, maintaining and administering the Plan, as well as administering the Trust and managing the Trust assets as provided herein. Subject to the provisions of this Trust Agreement, the Plan documents and applicable laws, the Board shall have sole, absolute and discretionary authority to adopt such rules and regulations and take all actions that it deems desirable for the administration of the Plan and Trust, and to interpret the terms of the Plan and Trust. The decisions of the Board will be final and binding on all Participants and all other parties to the maximum extent allowed by law.

Section 9.2 Plan Design and Administration.

(a) Adoption of Plan. The Board shall adopt a Plan to offer health care benefits to Participants. All terms of the Plan shall be determined by the Board; provided that such terms shall be consistent with this Trust Agreement, Code section 501(c)(9) and the regulations promulgated thereunder. The Board shall be under no obligation to design the Plan to assure that the assets of the Trust Fund are sufficient to provide benefits to all potential Participants of the Plan in subsequent years.

(b) Benefits. The Plan shall include benefits and any other features including, without limitation, premium-sharing or other cost-sharing, that the Board from time to time determines appropriate or desirable in its sole discretion. The Plan may provide for different benefit structures or programs for different groups of Participants, as determined by the Board in its sole discretion. In designing the Plan and the benefits to be provided thereunder, the Board may take into account relevant circumstances, including, without limitation, the degree to which Participants may have alternative resources or coverage sources, as well as the resources of the Trust Fund. Benefits provided under the Plan shall be limited to those health care benefits permitted by Code Section 501(c)(9), and any Plan eligibility restrictions established by the Board shall conform with the requirements set forth in Treasury Regulation Section 1.501(c)(9)-2.

(c) Method of Providing Benefits. Benefits under the Plan may be fully insured, partially insured or self-insured, as determined by the Board from time to time in its sole discretion. The expected cost of benefits under the Plan shall not exceed the amount expected to be available under the Trust.

(d) Plan Documentation. The Board shall be responsible for creating, adopting and/or executing any documents necessary to set forth the Plan's governing terms, and shall be responsible for communicating the terms of the Plan to the Eligible Retiree Members and Eligible Dependents in accordance with applicable law.

Section 9.3 Investment of the Trust. The Board shall have full power and authority to manage, control, invest and reinvest the money and other assets of the Trust Fund subject to all terms, conditions, limitations, and restrictions imposed on the investment of assets of public employee retirement systems or plans by the Investment Act, and the Bank shall comply with the

proper written direction of the Board concerning those assets. The Board may employ outside advisors, including investment advisors, to advise it with regard to the investment of the assets of the Trust Fund. Any outside advisors who are investment fiduciaries (as defined in the Investment Act) shall satisfy any applicable requirements of the Investment Act.

Section 9.4 Appointment of Investment Managers. The Board, from time to time, may appoint one or more independent Investment Managers, pursuant to a written investment management agreement describing the powers and duties of the Investment Manager, to direct the investment and reinvestment of all or a portion of the Trust (hereinafter referred to as an "Investment Account"). The Board shall determine that each Investment Manager satisfies the requirements of section 38.1133(11) of the Investment Act and, is entitled (under its investment management agreement) to direct the investment and reinvestment of the Investment Account for which it is responsible, in its sole and independent discretion and without limitation, except for any limitations which from time to time the Board determines shall modify the scope of such authority. If an Investment Manager is appointed, it shall have the authority of the Bank specified in Section 5.1 hereof with respect to the Investment Account over which it has investment discretion and the Bank's duties with respect to such Investment Account shall be limited to following the instructions of the Investment Manager. Provided that an Investment Manager is prudently selected and monitored by the Board, the Board shall have no liability (a) for the acts or omissions of such Investment Manager; (b) for following directions of such Investment Manager which are given in accordance with this Trust Agreement; or (c) for any loss of any kind which may result by reason of the manner of division of the Trust into Investment Accounts.

Section 9.5 Government Reports and Returns. The Board shall file all reports and returns that are required to be made with respect to the Trust and the Plan.

Section 9.6 Compromise or Settle Claims. The Board may compromise, settle and release claims or demands in favor of or against the Trust or the Board on such terms and conditions as the Board may deem advisable.

Section 9.7 Appointment of Administrator. The Board may appoint a third party to perform any administrative functions it has with regard to the Trust or Plan.

Section 9.8 Employment of Assistance. The Board has the exclusive authority to employ, contract and pay for all professional services including, but not limited to, actuarial, investment, legal, accounting, medical, and any other services that the Board considers necessary for the proper operation and administration of the Plan and Trust. The powers granted to the Board in this subparagraph include complete control of the procurement process, including contracts for office space, computer hardware and software, and human resource services. In accordance with the provisions of Section 5.3 hereof, the Board may direct the Bank to pay reasonable compensation therefor from the Trust Fund. The Board may take or may refrain from taking any action in accordance with or reliance upon the opinion of counsel or such expert advisors.

Section 9.9 Reliance on Written Instruments. The Board shall be fully protected in acting upon any instrument, certificate or paper believed by him or her to be genuine and to be signed or presented by a duly authorized person or persons, and shall be under no duty to make any

investigation or inquiry as to any statement contained in any such writing, but may accept the same as conclusive evidence of the truth and accuracy of the statements therein contained.

Section 9.10 No Individual Liability on Contracts. The Board shall not be liable personally for any debts, obligations, or undertakings contracted by them, or for the breach of any contracts. Such claims and obligations shall be paid out of the Trust; provided, however, that the Board shall not be exempt from personal liability for willful misconduct, intentional wrongdoing, breach of applicable fiduciary duty, or fraud, and the Trust shall not indemnify the Board for such liabilities, or to the extent that application of this sentence would violate any law.

Section 9.11 Detroit Not Liable for Conduct of Board. The Board is not in its capacity as Board an officer, agent, employee, or representative of Detroit. In its capacity as Board, the Board is a principal acting independently of Detroit, which shall not be liable for any act, omission, contract, obligation, or undertaking of the Board or its officers, agents, or representatives.

Section 9.12 Liability Insurance. The Board may obtain and keep current a policy or policies of insurance, insuring the members of the Board from and against any and all liabilities, costs and expenses incurred by such persons as a result of any act, or omission to act, in connection with the performance of their duties, responsibilities and obligations under this Trust Agreement or the Plan. To the extent permitted by applicable law, the premiums on such policies may be paid from the Trust Fund.

Section 9.13 Reimbursement for Defense of Claims. To the extent permitted by applicable law and not otherwise covered by liability insurance purchased by the Trust (without regard to any non-recourse rider purchased by the insured), the Board, employees of the Board and persons acting on the Board's behalf pursuant to an express written delegation (each separately, the "Indemnified Party") shall be reimbursed by the Trust Fund for reasonable expenses, including without limitation attorneys fees, incurred in defense of any claim that seeks a recovery of any loss to the Plan or Trust Fund or for any damages suffered by any party to, or beneficiary of this Trust Agreement (a) for which the Indemnified Party is adjudged not liable, or (b) which is dismissed or compromised in a final settlement, where the Board – or, where required by applicable law, an independent fiduciary – determines that the settling Indemnified Party was not primarily responsible (in such cases, all or only a portion of the settling Indemnified Party's reasonable expenses may be reimbursed, as directed by the Board or an independent fiduciary), provided that, the Board shall have the right to approve of the retention of any counsel whose fees would be reimbursed by the Trust Fund, but such approval shall not be withheld unreasonably.

Section 9.14 Subrogation and Reimbursement. If the Plan is self-insured, the following provisions regarding subrogation and third-party reimbursement will apply.

- (a) If the Trust Fund pays, or is obligated to pay, any amount to or on behalf of an individual ("Benefit Recipient"), the Trust Fund shall be subrogated as provided in this Section 9.14 to all the Benefit Recipient's rights of recovery with respect to the illness or injury for which the payment of benefits is made by the Trust Fund. The right of recovery referred to in the preceding sentence shall include the right to make a claim, sue,

and recover against any person or entity from the first dollars of any funds which are paid or payable as a result of a personal injury claim or any reimbursement of health care expenses. If requested in writing by the Board, the Benefit Recipient shall take, through any representative designated by the Board, such action as may be necessary or appropriate to recover such payment from any person or entity, said action to be taken in the name of the Benefit Recipient. In the event of a recovery or settlement, the Trust Fund shall be reimbursed in full on a first priority basis out of such recovery or settlement for expenses, costs, and attorneys' fees incurred by it in connection therewith.

(b) If the Trust Fund pays, or is obligated to pay, any amount to or on behalf of a Benefit Recipient for an illness or injury, the Trust Fund shall be entitled to, and shall have a first priority equitable lien on, the proceeds of any recovery, by judgment, settlement or otherwise, with respect to the illness or injury, and if paid to the Benefit Recipient, the Benefit Recipient shall immediately pay any such proceeds to the Trust Fund. If the Benefit Recipient fails to pay such proceeds, or does not cause such proceeds to be paid, to the Trust Fund, the Board may, in addition to any other remedy to which it may be entitled, recover the proceeds directly or by offset against claims for benefits under the Plan and Trust made with respect to the affected Benefit Recipient (or such Benefit Recipient's beneficiaries, heirs, attorneys, agents, representatives, or estate).

(c) The Trust Fund shall have the right of subrogation and reimbursement set forth in this Section 9.14 regardless of whether the Benefit Recipient is made whole and regardless of whether the recovery, or any part thereof, is designated as payment for health care expenses, pain and suffering, loss of income or any other specified or unspecified damages or reason, and without regard to whether recovery is designated as including or excluding the health care expenses covered by the Plan and Trust. Any recovery by a Benefit Recipient, an attorney or other third party shall be deemed to be for the benefit of the Plan and Trust and shall be held in constructive trust for the Trust Fund until the Trust Fund is reimbursed in full for all amounts paid by the Trust Fund. The subrogation and reimbursement rights of the Trust Fund described in this Section 9.14 include all rights against, and include all rights with respect to, proceeds from or held by any attorney, third party, insurance carrier or payer of medical benefits, including an uninsured or under-insured motorist carrier, a no-fault carrier and a school insurance carrier, even if such coverage was purchased by the Benefit Recipient, and without regard to whether the proceeds have been paid or are payable.

(d) By participating in the Plan, each Benefit Recipient agrees to cooperate fully with the Plan and Trust and to execute and deliver agreements, liens and other documents and do whatever else the Board deems necessary to enable and assist the Trust Fund in exercising its rights under this Section 9.14, but the Trust Fund's rights under this Section 9.14 shall be effective regardless of whether the Benefit Recipient actually signs any agreements, liens or other documents. By participating in the Plan, each Benefit Recipient also agrees (i) that he or she will not make or maintain any make whole, common trust fund or apportionment action or claim in contravention of the subrogation and reimbursement provisions of this Section 9.14; and (ii) that he or she will not oppose any proceeding by the Trust Fund to obtain reimbursement on procedural grounds. The Benefit Recipient, directly or through his or her representatives, shall not do anything to

impair the Trust Fund's rights. If the Board determines that any Trust Fund recovery rights under Section 9.14 have been impaired by any action of the Benefit Recipient or his or her representatives or by the Benefit Recipient's or such other person's failure to comply with the Benefit Recipient's obligations under Section 9.14, the Board may, in addition to any other remedy to which it may be entitled, determine the amount by which the Trust Fund's recovery rights have been impaired and recover such amount directly or by offset against claims for benefits under the Trust Fund made with respect to the affected Benefit Recipient.

(e) This Section 9.14 entitles the Trust Fund to subrogation and reimbursement equal to the entire amount paid by the Trust Fund for the illness or injury to which the subrogation or reimbursement relates, including related expenses, costs and attorneys' fees, which shall be from the first dollars payable to or received by the Benefit Recipient, his representatives, heirs, legal counsel, estate or any other third party from any settlement, judgment or other payment, without reduction for attorneys' fees or for any other reason. The common fund, make-whole, apportionment or any similar doctrines shall not apply to any amounts received. Any attorneys' fees shall be the responsibility solely of the Benefit Recipient, and the Trust Fund shall not pay any attorneys' fees or costs associated with a Benefit Recipient's claim or lawsuit without the Board's prior written authorization.

(f) The intention of this Section 9.14 is to give the Trust Fund the first right of subrogation and reimbursement in full with respect to the first dollars paid or payable, even though the Benefit Recipient is not made whole. Each Benefit Recipient agrees that as a condition to receiving benefits under the Plan and from the Trust Fund, the Benefit Recipient shall comply with the requirements of this Section 9.14.

ARTICLE X
AMENDMENT, TERMINATION AND MERGER

Section 10.1 Amendment. The Trust Agreement may be amended at any time in writing by Detroit or by Court order upon proper motion, provided, however, that no amendment may impose a contribution obligation on Detroit; and provided further that no amendment shall adversely affect the exempt status of the Trust or Plan under Section 501(c)(9) of the Code. Neither Detroit nor the Board shall have any beneficial interest in the Trust Fund. The Trust Fund shall remain in existence until all assets have been distributed.

Section 10.3 Transfer of Assets and/or Liabilities. To the extent permitted by Code section 501(c)(9) and other applicable law, some or all of the assets and/or liabilities of the Trust Fund may at the discretion of the Board be transferred directly to another trust for the purpose of providing health or welfare benefits to some or all of the Participants on such terms and conditions as the Board may determine.

To the extent permitted by applicable law and not otherwise covered by liability insurance purchased by the Trust (without regard to any non-recourse rider purchased by the insured), the Board, employees of the Board and persons acting on the Board's behalf pursuant to an express written delegation (each separately, the "Indemnified Party") shall be reimbursed by the Trust Fund for reasonable expenses, including without limitation attorneys fees, incurred in defense of any claim that seeks a recovery of any loss to the Plan or Trust Fund or for any damages suffered by any party to, or beneficiary of this Trust Agreement (a) for which the Indemnified Party is adjudged not liable, or (b) which is dismissed or compromised in a final settlement, where the Board – or, where required by applicable law, an independent fiduciary – determines that the settling Indemnified Party was not primarily responsible (in such cases, all or only a portion of the settling Indemnified Party's reasonable expenses may be reimbursed, as directed by the Board or an independent fiduciary), provided that, the Board shall have the right to approve of the retention of any counsel whose fees would be reimbursed by the Trust Fund, but such approval shall not be withheld unreasonably.

Section 9.14 Subrogation and Reimbursement. If the Plan is self-insured, the following provisions regarding subrogation and third-party reimbursement will apply.

- (a) If the Trust Fund pays, or is obligated to pay, any amount to or on behalf of an individual ("Benefit Recipient"), the Trust Fund shall be subrogated as provided in this Section 9.14 to all the Benefit Recipient's rights of recovery with respect to the illness or injury for which the payment of benefits is made by the Trust Fund. The right of recovery referred to in the preceding sentence shall include the right to make a claim, sue,

and recover against any person or entity from the first dollars of any funds which are paid or payable as a result of a personal injury claim or any reimbursement of health care expenses. If requested in writing by the Board, the Benefit Recipient shall take, through any representative designated by the Board, such action as may be necessary or appropriate to recover such payment from any person or entity, said action to be taken in the name of the Benefit Recipient. In the event of a recovery or settlement, the Trust Fund shall be reimbursed in full on a first priority basis out of such recovery or settlement for expenses, costs, and attorneys' fees incurred by it in connection therewith.

(b) If the Trust Fund pays, or is obligated to pay, any amount to or on behalf of a Benefit Recipient for an illness or injury, the Trust Fund shall be entitled to, and shall have a first priority equitable lien on, the proceeds of any recovery, by judgment, settlement or otherwise, with respect to the illness or injury, and if paid to the Benefit Recipient, the Benefit Recipient shall immediately pay any such proceeds to the Trust Fund. If the Benefit Recipient fails to pay such proceeds, or does not cause such proceeds to be paid, to the Trust Fund, the Board may, in addition to any other remedy to which it may be entitled, recover the proceeds directly or by offset against claims for benefits under the Plan and Trust made with respect to the affected Benefit Recipient (or such Benefit Recipient's beneficiaries, heirs, attorneys, agents, representatives, or estate).

(c) The Trust Fund shall have the right of subrogation and reimbursement set forth in this Section 9.14 regardless of whether the Benefit Recipient is made whole and regardless of whether the recovery, or any part thereof, is designated as payment for health care expenses, pain and suffering, loss of income or any other specified or unspecified damages or reason, and without regard to whether recovery is designated as including or excluding the health care expenses covered by the Plan and Trust. Any recovery by a Benefit Recipient, an attorney or other third party shall be deemed to be for the benefit of the Plan and Trust and shall be held in constructive trust for the Trust Fund until the Trust Fund is reimbursed in full for all amounts paid by the Trust Fund. The subrogation and reimbursement rights of the Trust Fund described in this Section 9.14 include all rights against, and include all rights with respect to, proceeds from or held by any attorney, third party, insurance carrier or payer of medical benefits, including an uninsured or under-insured motorist carrier, a no-fault carrier and a school insurance carrier, even if such coverage was purchased by the Benefit Recipient, and without regard to whether the proceeds have been paid or are payable.

(d) By participating in the Plan, each Benefit Recipient agrees to cooperate fully with the Plan and Trust and to execute and deliver agreements, liens and other documents and do whatever else the Board deems necessary to enable and assist the Trust Fund in exercising its rights under this Section 9.14, but the Trust Fund's rights under this Section 9.14 shall be effective regardless of whether the Benefit Recipient actually signs any agreements, liens or other documents. By participating in the Plan, each Benefit Recipient also agrees (i) that he or she will not make or maintain any make whole, common trust fund or apportionment action or claim in contravention of the subrogation and reimbursement provisions of this Section 9.14; and (ii) that he or she will not oppose any proceeding by the Trust Fund to obtain reimbursement on procedural grounds. The Benefit Recipient, directly or through his or her representatives, shall not do anything to

impair the Trust Fund's rights. If the Board determines that any Trust Fund recovery rights under Section 9.14 have been impaired by any action of the Benefit Recipient or his or her representatives or by the Benefit Recipient's or such other person's failure to comply with the Benefit Recipient's obligations under Section 9.14, the Board may, in addition to any other remedy to which it may be entitled, determine the amount by which the Trust Fund's recovery rights have been impaired and recover such amount directly or by offset against claims for benefits under the Trust Fund made with respect to the affected Benefit Recipient.

(e) This Section 9.14 entitles the Trust Fund to subrogation and reimbursement equal to the entire amount paid by the Trust Fund for the illness or injury to which the subrogation or reimbursement relates, including related expenses, costs and attorneys' fees, which shall be from the first dollars payable to or received by the Benefit Recipient, his representatives, heirs, legal counsel, estate or any other third party from any settlement, judgment or other payment, without reduction for attorneys' fees or for any other reason. The common fund, make-whole, apportionment or any similar doctrines shall not apply to any amounts received. Any attorneys' fees shall be the responsibility solely of the Benefit Recipient, and the Trust Fund shall not pay any attorneys' fees or costs associated with a Benefit Recipient's claim or lawsuit without the Board's prior written authorization.

(f) The intention of this Section 9.14 is to give the Trust Fund the first right of subrogation and reimbursement in full with respect to the first dollars paid or payable, even though the Benefit Recipient is not made whole. Each Benefit Recipient agrees that as a condition to receiving benefits under the Plan and from the Trust Fund, the Benefit Recipient shall comply with the requirements of this Section 9.14.

ARTICLE X

Section 10.1 Amendment. The Trust Agreement may be amended at any time in writing by Detroit or by Court order upon proper motion, provided, however, that no amendment may impose a contribution obligation on Detroit; and provided further that no amendment shall adversely affect the exempt status of the Trust or Plan under Section 501(c)(9) of the Code. No amendment to the Trust Agreement shall modify the responsibilities of the Bank hereunder unless the Bank has first consented to such amendment.

-------------	--

	<p><u>Payment Period</u> means the twenty year period commencing on and immediately following the date of the Closing.</p> <p><u>State</u> means the State of Michigan.</p> <p><u>Supporting Organization</u> means the Foundation for Detroit's Future, a Michigan nonprofit corporation, which is a supporting organization of CFSEM, which was established to accommodate the contribution and payment of monies from the Funders, as contemplated under this Term Sheet, and will obtain 501(c)(3) status prior to the Closing.</p> <p><u>The DIA</u> means The Detroit Institute of Arts, a Michigan not-for-profit corporation.</p> <p><u>Tri-Counties</u> means the Counties of Macomb, Oakland and Wayne, all in the State.</p> <p>Other capitalized terms are defined elsewhere in this Term Sheet.</p>
Scope of Settlement	<p>The consummation of the transactions contemplated in this Term Sheet shall be in full and final settlement of all disputes relating to the rights of the City, the Police and Fire Retirement System and the General Retirement System for the City (collectively, the "Pensions"), The DIA, and the State with respect to the Museum, including the Museum Assets. Disputes held by other of the City's creditors pertaining to the foregoing subject matter shall be resolved by confirmation of the Plan of Adjustment (defined below).</p>
Reservation of Rights	<p>This Term Sheet proposes a settlement of disputed factual and legal issues. Nothing in this Term Sheet constitutes an admission as to any factual or legal issue or a waiver of any claim or defense, and all rights of the City, The DIA, the Funders and all other parties in the City's bankruptcy case regarding the Museum and the Museum Assets are fully preserved until the Closing.</p>
Treatment of Museum Assets	<p>As a result of this settlement, at Closing, all right, title and interest in and to the Museum Assets shall be conveyed to The DIA to be held in perpetual charitable trust for the benefit of the people of the City and the State, including the citizens of the Tri-Counties, permanently free and clear of all liens, encumbrances, claims and interests of the City and its creditors (the "Transfer").</p>

<p style="text-align: center;">Funding Commitments</p>	<p>All commitments of the Funders shall, subject to the terms and conditions of this Term Sheet and the Definitive Documentation, be the irrevocable, authorized, valid and binding commitments by the Funders, enforceable against such Funders, except that the commitment of The DIA as to any DIA Deficiency will be subject to its right of substitution as discussed in “<i>DIA Commitment Regarding Funding</i>” below. Exhibit B and Exhibit C, as applicable, set forth the commitment amount and, to the extent known prior to the date of this Term Sheet, the payment schedule for each Funder. Prior to execution of the Definitive Documentation, each Funder with respect to which the payment schedule was not known as of the date of this Term Sheet (unless such party becomes a “Funder” only after the date of the Definitive Documentation) shall agree to a payment schedule. Each Funder shall have the right to prepay its commitment in whole or in part at any time without penalty and no interest will be owed on any Funder’s payments.</p> <p>All payments by the Funders shall be made as set forth in “<i>Payment Mechanism</i>” of this Term Sheet. (The mechanics, timing and terms of all payments by the State shall be determined between the State and the City.)</p> <p>The parties acknowledge that Funder payments are conditioned on the City meeting certain conditions both initially and on a continuing basis. See “<i>Conditions to Future Funding Obligations</i>” of this Term Sheet. Failure of the City to meet those conditions in any material respect may result in the delay of a scheduled payment by the Funders to the Supporting Organization and a delay of a scheduled payment by the Supporting Organization to the City until (i) all material requisite conditions for that payment are met; or (ii) cancellation of that payment if the material requisite conditions are not met within any established cure period.</p> <p>Funding commitments of the following amounts (before giving effect to any Present Value Discount, as applicable) are required as a condition to Closing:</p> <table data-bbox="727 1577 1341 1682"> <tr> <td>Foundation Funders (net)</td><td>\$366 million</td></tr> <tr> <td>DIA Funders and DIA</td><td>\$100 million*</td></tr> <tr> <td>State</td><td>\$350 million</td></tr> </table> <p style="text-align: center;">*inclusive of the intended funding amounts for the identified Foundation Funders</p>	Foundation Funders (net)	\$366 million	DIA Funders and DIA	\$100 million*	State	\$350 million
Foundation Funders (net)	\$366 million						
DIA Funders and DIA	\$100 million*						
State	\$350 million						

	<p>listed in Exhibit B</p> <p>To the extent the City fails to meet its indemnity obligations further described in Exhibit D, the Funders', the Supporting Organization's and The DIA's (with respect to a DIA Deficiency or under the Guaranty) funding commitments will be reduced by any litigation or defense costs, damages or settlement costs incurred by the applicable Funder, the Supporting Organization or The DIA in connection therewith. Similarly, the Funders, the Supporting Organization and The DIA may reduce their funding commitments to the extent that any litigation or defense costs, damages or settlement costs incurred by them and arising from the transactions contemplated by this Term Sheet and the Definitive Documentation are not otherwise covered by the City's indemnity obligations described in Exhibit D.</p>
<p>Present Value Discount</p>	<p>To the extent that the DIA Funders and The DIA have agreed upon an aggregate payment schedule (determined as of the Closing and adjusted after the Closing for any New Donor Commitments), that provides for the payment of greater than an aggregate of \$5 million per year during the Payment Period (the "Agreed Required Minimum Schedule"), the amount and timing of such annual excess in commitments shall, applying a discount rate to be agreed upon hereafter but prior to Closing, which may or may not be the same earnings rate that the Pensions use as provided for in the confirmed Plan of Adjustment as the Pensions' assumed future investment return, result in a present value discount in an amount which reflects the payments required to be made being instead made more rapidly than required by the Agreed Required Minimum Payment Schedule, which present value discount shall reduce the aggregate amount of the commitments that The DIA is required to secure or, as to any DIA Deficiency, undertake itself (the "Present Value Discount").</p> <p>Each Foundation Funder which funds its commitment more rapidly than ratably over twenty years shall likewise be entitled to a Present Value Discount determined in the same manner as set forth in the preceding paragraph.</p> <p>Any disputes regarding the calculation or application of a Present Value Discount will be irrevocably determined,</p>

	based upon the formula described in this Term Sheet, by an independent auditing firm to be agreed upon in the Definitive Documentation.
The DIA Commitment Regarding Funding	The DIA undertakes to secure commitments for contributions of \$100 million (subject to the Present Value Discount) from the business community (and their related foundations), other foundations and individuals. As of the Closing, The DIA shall be responsible for any portion of the \$100 million (subject to the Present Value Discount) for which it has not secured commitments from DIA Funders as of the Closing (the “ DIA Deficiency ”). However, The DIA shall have the right after the Closing to substitute for its obligation to pay any or all of the DIA Deficiency commitments from new DIA Funders or an increased funding commitment from an existing DIA Funder (each a “ New Donor Commitment ”) for such amount of the DIA Deficiency. Subject to the terms of this Term Sheet, all New Donor Commitments shall be payable according to payment schedules which shall not run later than the end of the Payment Period. In addition, The DIA agrees that it will have no claims against the Foundation Funders for failure to fund their commitments and that the Foundation Funders have made no commitments beyond those set forth in this Term Sheet (as will be reflected in the Definitive Documentation).
DIA Guaranty	Subject to the terms and conditions of this Term Sheet, The DIA shall guaranty (the “ Guaranty ”) the payment by all DIA Funders of all amounts such DIA Funders pledge against the \$100 million (subject to the Present Value Discount) commitment of The DIA under the “ <i>Funding Commitment</i> ” section of this Term Sheet. The City may take action to collect Default Amounts under the Guaranty as permitted under the “ <i>Default and Remedies</i> ” section of this Term Sheet. The City shall not otherwise take action to collect any amounts under the Guaranty, and under no circumstances will anyone other than the City have any right to take any action to collect any amounts under the Guaranty. The DIA Guaranty shall be in form and substance acceptable to the City and the Funders.
Default and Remedies	All Funders (including The DIA, both as to any DIA Deficiency and with respect to the Guaranty) shall have the right to rely upon the determination of the Board of Directors of the Supporting Organization as to whether the conditions

to a scheduled payment have been satisfied and, if not initially satisfied, whether they have been timely cured. In the event that the Supporting Organization has determined that the conditions have not been satisfied (or timely cured) and the City disputes that determination, the City's only recourse shall be to dispute the Supporting Organization's determination. The City shall have no claim against any Funder (or under the Guaranty) for such Funder's reliance upon the determination of the Board of Directors of the Supporting Organization. Any dispute between the City and the Supporting Organization regarding whether the conditions had been satisfied or timely cured shall be determined in accordance with the "*Dispute Resolution*" section of this Term Sheet.

In the event it is determined by the Supporting Organization or through arbitration that the conditions to a scheduled payment have been satisfied or timely cured, all Funders shall be required to make their scheduled payments to the Supporting Organization (or, as to DIA Funders that so elect in accordance with the "*Payment Mechanism*" section of this Term Sheet, to The DIA, which will be required to make its scheduled payments to the Supporting Organization). If a Foundation Funder, a DIA Funder or The DIA (either with respect to a Deficiency Amount or on behalf of a DIA Funder who elects to make its payments to The DIA) has made its scheduled payment to the Supporting Organization, the City shall have recourse only to the Supporting Organization (and not any Funder that made its scheduled payment) for such payment. If a Foundation Funder, a DIA Funder or The DIA (either with respect to a Deficiency Amount or on behalf a DIA Funder who elects to make its payments to The DIA) has not made its scheduled payment after it is determined by the Supporting Organization or through arbitration that the conditions to such payment have been satisfied or timely cured, the Supporting Organization shall, after making reasonable efforts to collect the scheduled payment from the Funder (the "**Non-funding Party**"), assign its right to enforce payment of that scheduled payment (the "**Default Amount**") to the City in full satisfaction of the Supporting Organization's obligation to make such payment to the City.

If the Supporting Organization assigns to the City, in accordance with the preceding paragraph, the Supporting Organization's right to enforce payment of a Default Amount from a DIA Funder (a "**Defaulted DIA Funder**"), during the twelve-month period following the assignment of the claim

	<p>to the City (the “City Collection Period”), the City shall exercise commercially reasonable efforts to collect the Default Amount from that Defaulted DIA Funder, and any amounts collected from that Defaulted DIA Funder shall reduce the amount subject to the Guaranty. If the City is unable to collect the Default Amount from a Defaulted DIA Funder during the City Collection Period, upon the expiration of the City Collection Period, the City may collect the Default Amount from The DIA under the Guaranty and, in such event, assign to The DIA all right and title to (and exclusive authority to collect) the Default Amount.</p> <p>In no event will any Funder other than the Non-funding Party have any responsibility for the payment or obligations of such Non-funding Party (except, as to The DIA, under the Guaranty), and the City will not have any right to collect any amounts from any Funder except as set forth above. Moreover, there will be no third-party beneficiaries to the rights of the City or the Supporting Organization, and no party other than the City or the Supporting Organization (or The DIA in respect of the Guaranty), as applicable, shall have the right to assert any claim against any Funder in respect of the obligations arising under the Definitive Documentation. Without limiting the foregoing, the failure of any Funder or the Supporting Organization to make a scheduled payment shall give rise to a claim by the City against such Non-funding Party, as set forth above, and not against any other Funder, the Supporting Organization, The DIA or the Museum Assets; provided, however, (i) as contemplated in “<i>The DIA Commitment Regarding Funding</i>” above, The DIA will be obligated for any DIA Deficiency except to the extent the DIA Deficiency is replaced during the Payment Period with a New Donor Commitment, and (ii) The DIA will have its obligations under the Guaranty.</p> <p>The City will be responsible for all costs of its enforcement against the Non-funding Party and will not seek reimbursement of costs of enforcement from any other party or the Supporting Organization. No other person or entity shall have the right to enforce payment.</p>
Initial Payment	<p>At and as a condition to the Closing (a) each of the Foundation Funders and the State shall pay at least 5% of its commitment under this Term Sheet and (b) The DIA and the DIA Funders in the aggregate shall pay at least \$5 million.</p>

<p>Transfer on Initial Payment</p>	<p>The Transfer shall be irrevocably consummated upon the Initial Payment to the City Account (defined in “<i>Conditions to Future Funding Obligations</i>” of this Term Sheet) (which shall be made at the Closing). In addition, at the Closing, the City and The DIA will enter into an agreement that (1) terminates the Operating Agreement, (2) includes a mutual release of pre-Closing claims, and (3) assigns (without recourse) from the City to The DIA all current and future commitments or gifts made or intended for the benefit of the Museum or The DIA, including without limitation money and works of art. The City will not, however, make any representations or warranties relating to the condition of, or title to, the Museum Assets or such commitments and will not have any liability with respect thereto.</p>
<p>Payment Mechanism</p>	<p>All payments by the Funders shall be made directly to the Supporting Organization which shall hold such payments in a segregated account (the “Account”) pending payment to the City. Notwithstanding the foregoing, any DIA Funder may make its payments to The DIA instead of to the Supporting Organization; payments by The DIA (either with respect to a Deficiency Amount or on behalf a DIA Funder who elects pursuant to the preceding sentence to make its payments to The DIA) to the Supporting Organization shall be pursuant to the terms of an agreement which will be entered into between The DIA and the Supporting Organization in connection with the execution of the Definitive Documentation. As set forth under “<i>Default and Remedies</i>” above, only the City will have recourse or claims against the Account, provided all conditions specified in “<i>Conditions to Future Funding Obligations</i>” of this Term Sheet have been satisfied and as otherwise provided in this Term Sheet, and the City shall be paid when due, directly from the Account for the exclusive payment of the Pensions. The City will not be entitled to any interest or earnings on the balances of the Account. The City shall then pay such amounts to and for the exclusive payment of the Pensions in accordance with the allocation determined by the City and agreed by the Funders.</p>
<p>DIA Commitment for State-wide Services for State Contribution</p>	<p>In addition to continuing to operate the Museum for the benefit of the people of the City and the State, including the citizens of the Tri-Counties, and continuing to provide the special services to the residents of the Tri-Counties during the millage term that are provided for in the millage</p>

	<p>agreements, during the Payment Period The DIA will provide an array of art programs at no or discounted costs to the residents of the State. In determining which programs to offer, both the cost to The DIA of developing and operating these programs and The DIA's other fundraising obligations, including its need to raise funds for general operations and its stated goal of building endowment funds, as well as any fundraising obligation under this settlement, will be taken into account. As appropriate, The DIA will collaborate with its Michigan museum colleagues in the development of these programs. Given the length of the Payment Period, it is expected that these programs would be developed and adjusted over time. Such programs could include at the outset:</p> <ul style="list-style-type: none"> • Two exhibitions in each twelve-month period, with the first such period beginning six months after the Closing, of objects from the Museum collection that would rotate through museums and art centers around the State on a schedule to be determined by The DIA and the recipient museums. Each exhibition will be developed and organized by The DIA and will include installation and de-installation of the objects, a marketing package (logo and advertising template) and, possibly, input on programming and education opportunities. • An annual professional development program coordinated with the Michigan Museums Association designed to strengthen museum professionals and introduce museum job opportunities to student audiences. • An expansion of the Museum's popular Inside/Out program (during the tenure of the program), which places high-quality art reproductions in Southeast Michigan communities, to include two additional outstate locations annually, supporting tourism, cultural awareness and life-long learning. • Art object conservation services at a discounted rate to Michigan museums conducted in consultation with the Museum conservators and the curatorial staff of the requesting museum. • The development of an educational program based on the Museum collection that supports National Common Core Standards, to be offered in two
--	--

	Michigan communities annually and to include follow-up support for educators.
DIA Operating and Maintenance Commitments	<p>(1) Subject to the terms set forth herein and the Definitive Documentation, The DIA shall have complete responsibility for and control over Museum operations, capital expenditures, collection management, purchase or sale of assets, <i>etc.</i> and will be responsible for all related liabilities, including existing liabilities of The DIA to its employees, contractors and vendors.</p> <p>(2) The permanent primary situs of The DIA and its art collection will remain in the City in perpetuity. This Term Sheet and the Definitive Documentation will not otherwise restrict the ability of The DIA to lend or to otherwise allow works to travel outside of the City or the State, consistent with ordinary Museum operations and the state-wide services proposed under this settlement. Notwithstanding anything to the contrary set forth in this Term Sheet, The DIA acknowledges and agrees that the Museum shall be operated primarily for the benefit of the people of the City and the State, including the citizens of the Tri-Counties.</p> <p>(3) The DIA will be required to operate the Museum as an encyclopedic art museum in the City, in accordance with changing future demands in the operation of such a Museum. The DIA will not deaccession from its collection or sell, lease, pledge, mortgage, or otherwise encumber art that is accessioned to or otherwise held in its collection except in accordance with the code of ethics or applicable standards for museums published by the American Alliance of Museums (the “AAM”) as amended or modified by the accreditation organization. If the AAM ceases to exist or to be generally regarded by leading American art museums as the preeminent American art museum accreditation organization, then the AAM’s successor organization or such other organization that is at that time generally regarded by leading American art museums as the preeminent American art museum accreditation organization shall be substituted for the AAM.</p>

	<p>(4) In the event of a liquidation of The DIA, the Museum Assets will be transferred only to another not-for-profit entity (which entity shall be subject to the reasonable approval of the City and the Supporting Organization, if then in existence, and otherwise by majority vote of the City and the then-existing Foundation Funders). Such successor entity would subject itself to the same conditions as set forth in this Term Sheet and the Definitive Documentation, including but not limited to holding the Museum Assets in perpetual charitable trust for the people of the City and the State, including the citizens of the Tri-Counties. For the purposes of determining the majority vote described above, and for the avoidance of doubt, the parties agree that the City and each of the then-existing Foundation Funders shall each have one vote with respect to such approval.</p>
<p>City Commitments Relating to Pensions</p>	<p>(1) The City will adopt and maintain pension governance mechanisms that meet or exceed commonly accepted best practices reasonably satisfactory to the Funders and the State to ensure acceptable fiscal practices and procedures for management and investment of pensions and selection of acceptable pension boards to ensure the foregoing.</p> <p>(2) The City will establish, by the Effective Date (as defined below), a Receivership Transition Review Board ("Review Board") or other independent fiduciary that is independent of the City and any association of City employees or retirees for future supervision of the Pensions' management, administration and investments for at least twenty years after the Effective Date.</p> <p>(3) Any commitments by the City to make payments hereunder, or cause payments to be made, to the Pensions shall be subject to receipt of the related payment amount from the Supporting Organization which, in turn, will be conditioned on the City's compliance with the above.</p> <p>(4) The Pension funds themselves shall agree as part of the settlements approved through the confirmed Plan of Adjustment that they waive and release</p>

	<p>any and all claims against, and shall have no recourse directly against, the Funders or the Supporting Organization with respect to enforcement of the City's commitment to make payments to the Pensions or any such party, nor for any matter arising from the contemplated transaction. The agreement of the Pension funds, as implemented through the Plan of Adjustment and any associated court orders shall be binding on the Pensions and all entities or persons claiming through the Pensions, including without limitation any successors or assigns and any plan participants, and any of their representatives, successors or assigns.</p>
<p>Other City Commitments</p>	<ol style="list-style-type: none"> (1) The City shall pass no charter, ordinance or other provision that solely affects or primarily targets the Museum, The DIA or museums within the City generally which such charter, ordinance or other provision has a material adverse impact on the Museum or The DIA (it being understood that a "material adverse impact" shall include any adverse financial impact or any contradiction, or adverse impact on the enforceability, of the terms of this settlement), except pursuant to State-enabling legislation, and the City agrees that the Detroit Arts Commission will henceforth have no oversight of The DIA, the Museum or the Museum Assets. (2) The City shall not impose any fee, tax or other cost on the Museum or The DIA that solely affects or primarily targets the Museum, The DIA or museums within the City generally. Closing of Settlement	<p>Upon satisfaction of all "Conditions to The DIA's, the City's, the State's and the Funders' Commitments and Initial Payments under the Settlement" under this Term Sheet (any of which may be waived by agreement of all parties to this Term Sheet for whose benefit the condition exists) and the occurrence of the</p>

Conditions to Future Funding Obligations	<p>The Funders' obligations to continue to fund the settlement (and the Supporting Organization's obligation to continue to pay funds provided by the Funders to the City) are conditioned on the following:</p> <ol style="list-style-type: none"> (1) all amounts paid by the Funders shall be used only to pay Pensions as provided in this Term Sheet and the confirmed Plan of Adjustment, (2) the Funders' receipt of an annual certification from the Review Board or other oversight authority reasonably acceptable to the Funders that the City is in compliance with its obligation to use the amounts paid by the Funders solely for the benefit of the pensioners and that the amounts received from the Funders are unencumbered by the City or any other entity, (3) the amounts paid by the Funders and transmitted by the Supporting Organization to the City are placed into a segregated account to be used for payments to the Pensions only and shown separately on the City's books ("City Account"), (4) the Funders' receipt of an annual reconciliation report of the City Account prepared by external auditors reasonably satisfactory to the Funders at the City's expense, certifying use of funds in a manner consistent with the settlement, (5) full compliance by the City with the terms of the funding agreements with the Funders or the Supporting Organization, and (6) the City's continued compliance with the first two commitments set forth above in the provision entitled "<i>City Commitments Relating to Pensions</i>" of this Term Sheet. <p>The City shall have the opportunity to cure any breach or failure of these conditions within 180 days of issuance of notice of the same by the Funders or the Supporting Organization. Notwithstanding the foregoing, to the extent that the applicable event of default cannot reasonably be cured within the period specified above, and as long as the City has commenced to cure, and diligently pursues the cure of such default in good faith, such cure period shall be</p>

	<p>extended by a reasonable period of time to permit the City to cure such event of default; provided, however, such additional extended cure period shall not extend beyond the later of: (i) 180 days beyond the initial cure period; and (ii) the date that the next applicable payment is due the City by the Supporting Organization. The City's ability to receive the benefit of the extended cure period, beyond the initial cure period, shall be subject to the approval of the Supporting Organization upon receipt of a written request from the City setting forth why the City is entitled to such extended cure period by meeting the requirements set forth above, which approval shall not be unreasonably withheld, conditioned or delayed. All obligations of the Funders and Supporting Organization to make payments shall be suspended for the duration of the cure period. If the City fails to cure a breach or failure during the cure period each Funder and the Supporting Organization shall have the right to cancel its remaining commitments.</p>
Changes in DIA Governance	<p>The DIA shall establish an ad-hoc committee (the "Governance Committee") to review best practices in museum governance, gather input from the parties to this Term Sheet and the State, and make recommendations regarding the future governance of The DIA. In addition to three members representing the perspective of The DIA, The DIA shall appoint to the Governance Committee one member representing each of the following perspectives: 1) the Foundation Funders; 2) the City; and 3) the State. In addition, The DIA shall appoint to the Governance Committee one person who is selected by agreement of the millage authorities of the Tri-Counties. The parties believe the proposed make-up of the Governance Committee will appropriately represent the perspectives of The DIA, the City, the State, the millage authorities and the Foundation Funders, but The DIA will consider adjustments to the proposed membership to the extent necessary to address any concerns raised by the State. Susan Nelson, principal of Technical Development Corporation, will facilitate and advise the process, with funding as required from the Foundation Funders. The process will be completed as quickly as possible but in any event prior to the Closing, with the Governance Committee's recommendations taking effect upon their approval by The DIA's Board of Directors and prior to Closing. The goal of the Governance Committee will be to ensure that The DIA has the best possible governance</p>

	structure for maintaining its position as one of America's great art museums.
Future Obligations of The DIA	The DIA will provide to the other Funders and the City, or their representatives, on an annual basis, a narrative report covering overall operations, fundraising and state services, as well as audited financial statements.
Dispute Resolution	In connection with the negotiation of the Definitive Documentation, the parties shall use good faith efforts to work with the State to identify and agree upon alternative dispute resolution mechanisms that provide a process for resolution of disputes surrounding whether conditions to a scheduled payment have been satisfied or cured while considering the ability of the public, Pensions and other stakeholders to monitor such alternative dispute resolution process.

EXHIBIT D

INDEMNIFICATION, JURISDICTION, VENUE AND CHOICE OF LAW

All capitalized terms used but not defined in this Exhibit D are defined in the Term Sheet.

- (a) To the maximum extent permitted by law, the City shall indemnify, defend, and hold the Foundation Funders, the DIA Funders, The DIA and the Supporting Organization and their affiliates and all their respective shareholders, officers, directors, members, managers, employees, successors, assigns, representatives, attorneys and agents (the “**Indemnified Parties**”) harmless from, against, and with respect to any claim, liability, obligation, loss, damage, assessment, judgment, cost and expense (including, without limitation, actual out-of-pocket attorney fees and actual expenses incurred in investigating, preparing, defending against, or prosecuting any litigation or claim, action, suit, hearing, proceeding or demand) of any kind or character, arising out of or in any manner, incident, relating or attributable to the following (provided indemnification will not be available to an Indemnified Party to the extent resulting from such Indemnified Party’s breach of contract, sole ordinary negligence, gross negligence or intentional wrongful acts):
 - (i) *Any claims by third parties or the City arising out of any action properly taken by the Indemnified Parties under the Definitive Documentation with respect to the contemplated transaction including, but not limited to, any payment, non-payment or other obligation of the Indemnified Parties permitted thereunder;*
 - (ii) *Any breach or failure of any representation or warranty of the City contained in the Definitive Documentation between the City and the Indemnified Parties and/or other parties related to the contemplated transaction;*
 - (iii) *Any failure by the City to perform, satisfy or comply with any covenant, agreement or condition to be performed, satisfied or complied with by the City under the Definitive Documentation with the Indemnified Parties or under agreements with any third parties contemplated by this transaction;*
 - (iv) *Reliance by the Indemnified Parties upon any books or records of the City or reliance by them on any written information furnished by the City or any of the City’s employees, officials or agents to them to the extent any such information should prove to be false or materially inaccurate or misleading (including, without limitation, by omission), but only to the extent that such books, records or written information was furnished by the City in connection with the City showing its compliance with the conditions to initial or future funding as set forth in the Term Sheet;*
 - (v) *Any claim or objection made in the City’s Chapter 9 Bankruptcy (Case No. 13-53846) or any other action brought against, or involving, the Indemnified Parties with respect to their participation in any transaction contemplated by the proposed or confirmed Plan of Adjustment;*

(vi) *The transfer, assignment or sale by the City to The DIA of any assets or property (real or personal) and any rights, title and interests therein including, but not limited to, the Museum and all of the Museum Assets;*

(vii) *Any action or claim against the Indemnified Parties made by the Pensions, including any successors or assigns and any plan participants, or their representatives, successors or assigns (collectively, the "Pension Funds"), as nothing under the Term Sheet or the Definitive Documentation is intended to, nor are they to be construed or interpreted to, make the Indemnified Parties a party in privity with, or having an obligation in any capacity to the Pension Funds. By way of illustration and not limitation, the following statements apply:*

First, the Indemnified Parties have no responsibility for the operation or administration of the Pension Funds and have no fiduciary responsibility for the Pension Funds as plan sponsor, plan administrator, investment advisor or otherwise.

Second, the Indemnified Parties have no obligation to contribute towards the funding of the Pension Funds and are not a funding guarantor.

(viii) *Any action or claim brought by the City, The DIA, the Pension Funds or any other party concerning non-payment of the contributions pursuant to the contemplated transaction by the Indemnified Parties due to the breach of the Definitive Documentation by the City, the DIA, the Pension Funds or any other party, so long as the Indemnified Parties have made a good faith determination of the breach of the Definitive Documentation or payment condition.*

(b) An Indemnified Party shall notify the City in a timely manner of any matters as to which the Indemnified Party is entitled to receive indemnification and shall set forth in such notice reasonable detail regarding specific facts and circumstances then known by the Indemnified Party which pertain to such matters. Failure or delay in providing such notice shall not relieve the City of its defense or indemnity obligations except to the extent the City's defense of an applicable claim against an Indemnified Party is actually prejudiced by such Indemnified Party's failure or delay.

(c) The City shall not contest on any grounds the enforceability of its indemnification obligations hereunder.

(d) Notwithstanding the foregoing, the parties acknowledge that the City is not making any representations to The DIA regarding the City's title to the Museum Assets prior to the Closing and that The DIA will not be entitled to indemnification in connection with its defense of any post-Closing claims by third parties challenging The DIA's title to any Museum Asset to the extent that such claim is based on an allegation that the City did not have legal title to the particular Museum Asset prior to the Closing (a "**Quitclaim Challenge**"). To be clear, however, The DIA will be entitled to indemnification by the City under this Exhibit D in connection with any post-Closing challenges to The DIA's title to Museum Assets that are in any way based upon a claim that the title that the City

had to the Museum Assets prior to Closing was not effectively conveyed to The DIA at and as a result of the Closing.

Defense of Indemnity Claims

(a) To the extent the City is notified of claim for which it is required to indemnify an Indemnified Party, the City shall be solely responsible for responding to or otherwise defending such claim. In such event, the City shall assume exclusive control of the defense of such claim at its sole expense using counsel of its sole choosing and may settle such claim in its sole discretion; provided, however, that (i) with respect to any claim that involves allegations of criminal wrongdoing, the City shall not settle such claim without the prior written approval of the Indemnified Party, which approval may be withheld in such Indemnified Party's sole discretion, and (ii) with respect to any other claim, the City shall not settle such claim in a manner that requires the admission of liability, fault, or wrongdoing on the part of an Indemnified Party, that fails to include a release of all covered claims pending against the Indemnified Party, or that imposes any obligation on the Indemnified Party without the prior written approval of the Indemnified Party, which approval may be withheld in such Indemnified Party's sole discretion. The City will keep the Indemnified Party reasonably informed of the status of any negotiations or legal proceedings related to any claim, and the Indemnified Party shall be entitled to engage counsel (at its own expense) to monitor the handling of any claim by the City. Notwithstanding the foregoing, other than as relates to a Quitclaim Challenge (for which The DIA will not be entitled to indemnification, as set forth above), The DIA shall be entitled to defend on its own behalf any claims regarding title to, interest in or control of the Museum Assets or operation of the Museum. To the extent The DIA intends to exercise such right, the City and The DIA shall use their commercially reasonable efforts in good faith to coordinate a joint defense of such claim (including as to selection of joint counsel). If the City and The DIA cannot agree on a joint defense of the claim, each party shall undertake its own defense, reserving all rights against the other for indemnification hereunder with respect to such claim, but, in such case, The DIA shall not be entitled to indemnification of its defense costs in connection therewith.

(b) Notwithstanding anything to the contrary set forth in this Exhibit D or the Term Sheet, to the extent that the City is required to indemnify an Indemnified Party hereunder, and the underlying claim being indemnified does not arise out of the City's breach of contract, sole ordinary negligence, gross negligence or intentional wrongful acts and is not due to a claim brought by the City, the City may reimburse itself for the costs of such indemnity out of the payments from the Supporting Organization, in which case the amount payable by the City to the Pensions shall be reduced by the amount reimbursed to the City for such indemnity.

Jurisdiction/Venue/Choice of Law

The parties agree that, except as to disputes that are subject to arbitration in accordance with the "*Dispute Resolution*" section of the Term Sheet, jurisdiction shall be retained by

the United States Bankruptcy Court for the Eastern District of Michigan for all matters related to the contemplated transaction and venue shall be in Detroit. The parties agree that this agreement is to be governed by Michigan law.

ARTICLE III

AUTHORIZATION, REDEMPTION AND ASSIGNMENT OF THE BONDS

Section 301. Authorization of Bonds to Satisfy the Claims and Pledge. The City hereby authorizes the issuance of the Bonds as hereinafter defined in such principal amount as shall be confirmed in the Supplemental Order to satisfy the Claims as determined by the Authorized Officer in the Supplemental Order or subsequently confirmed by the Authorized Officer to Bond Counsel. The principal of and interest on the Bonds shall hereby be secured by the limited tax full faith and credit pledge of the City.

The City pledges to pay the principal of and interest on the Bonds as a first budget obligation from its general funds and in case of insufficiency thereof, from the proceeds of an annual levy of ad valorem taxes on all taxable property of the City, subject to applicable constitutional, statutory and charter tax rate limitations.

Section 302. Designations, Date, Interest, Maturity and Other Terms of the Bonds to Satisfy the Claims. (a) The Bonds shall be designated “FINANCIAL RECOVERY BONDS, SERIES 2014B” (the “Bonds”) and may bear such later or earlier dates and additional or alternative designations, series or subseries as the Authorized Officer may determine in the Supplemental Order, shall be issued in fully registered form and shall be consecutively numbered from “R-1” upwards, unless otherwise provided by the Authorized Officer in the Supplemental Order. The Bonds shall be dated and issued in such denominations all as determined by the Authorized Officer and confirmed by the Authorized Officer in the Supplemental Order.

(b) The Bonds of each series shall mature on such Maturity Dates not in excess of 30 years from the Date of Original Issue and shall bear interest at the Interest Rate on a taxable basis, payable on the Interest Payment Dates, all as shall be determined and confirmed by the Authorized Officer in the Supplemental Order. Unless otherwise provided by the Authorized Officer in the Supplemental Order, interest on the Bonds shall be calculated on the basis of the actual number of days elapsed in a 360 day year. The Bonds shall be payable, as to principal and interest, in lawful money of the United States of America.

(c) The Bonds shall be payable, as to principal and interest, in lawful money of the United States of America. Except as may be otherwise determined by the Authorized Officer in the Supplemental Order, interest on the Bonds shall be payable to the Registered Owner as of the 15th day of the month, whether or not a Business Day (a “Regular Record Date”), prior to each

Interest Payment Date. Interest on the Bonds shall be payable to such Registered Owners by check or draft drawn on the Paying Agent on each Interest Payment Date and mailed by first class mail or, upon the written request of the Owner of \$1,000,000 or more in aggregate principal amount of Bonds (with complete wiring instructions no later than the Regular Record Date for such Interest Payment Date), by wire transfer by the Paying Agent to such Owner. (d) Interest on Bonds not punctually paid or duly provided for on an Interest Payment Date shall forthwith cease to be payable to the Registered Owners on the Regular Record Date established for such Interest Payment Date, and may be paid to the Registered Owners as of the close of business on a date fixed by the Paying Agent (a "Special Record Date") with respect to the payment of such defaulted interest to be fixed by the Paying Agent, or may be paid at any time in any other lawful manner. In addition, further notice shall be given by the Paying Agent in such manner as may be required or suggested by regulations or market practice at the applicable time, but no defect in such further notice nor any failure to give all or any portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as prescribed herein.

Section 303. Execution, Authentication and Delivery of Bonds. Section 304. Authentication of the Bonds. (a) No Bond shall be entitled to any benefit under this Order or be valid or obligatory for any purpose unless there appears on such Bond a Certificate of Authentication substantially in the form provided for in Section 307 of this Order, executed by the manual or facsimile signature of the Finance Director or by an authorized signatory of the Paying Agent by manual signature, and such certificate upon any Bond shall be conclusive evidence, and the only evidence, that such Bond has been duly authenticated and delivered hereunder.

(b) The Paying Agent shall manually execute the Certificate of Authentication on each Bond upon receipt of a written direction of the Authorized Officer of the City to authenticate such Bond.

Section 305. Transfer of Registration and Exchanges on the Bonds. (a) The registration of each Bond is transferable only upon the Bond Registry by the Registered Owner thereof, or by his attorney duly authorized in writing, upon the presentation and surrender thereof at the designated corporate trust office of the Paying Agent together with a written instrument of transfer satisfactory to the Paying Agent, duly executed by the Registered Owner thereof or his attorney duly authorized in writing, and thereupon one or more fully executed and authenticated Bonds in any authorized denominations of like maturity and tenor, in equal aggregate principal amount shall be issued to the transferee in exchange therefor.

(b) Each Bond may be exchanged for one or more Bonds in equal aggregate principal amount of like maturity and tenor in one or more authorized denominations, upon the presentation and surrender thereof at the principal corporate trust office of the Paying Agent together with a written instrument of transfer satisfactory to the Paying Agent, duly executed by the Registered Owner hereof or his attorney duly authorized in writing.

Section 306. Regulations with Respect to Exchanges and Transfers. (a) In all cases in which the privilege of exchanging Bonds or transferring the registration of Bonds is exercised, the City shall execute and the Trustee shall authenticate and deliver Bonds in accordance with the provisions of this Order. All Bonds surrendered in any such exchanges or transfers shall be forthwith canceled by the Paying Agent.

(b) For every exchange or transfer of Bonds, the City or the Paying Agent may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and, except as otherwise provided in this Order, may charge a sum sufficient to pay the costs of preparing each new Bond issued upon such exchange or transfer, which shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer.

(c) The Paying Agent shall not be required (i) to issue, register the transfer of or exchange any Bond during a period beginning at the opening of business 15 days before the day of the giving of a notice of redemption of Bonds selected for redemption as described in the form of Bonds contained in Section 307 of this Order and ending at the close of business on the day of

that giving of notice, or (ii) to register the transfer of or exchange any Bond so selected for redemption in whole or in part, except the unredeemed portion of Bonds being redeemed in part. The City shall give the Paying Agent notice of call for redemption at least 20 days prior to the date notice of redemption is to be given.

Section 307. Form of the Bonds. The Bonds shall be in substantially the following form with such insertions, omissions, substitutions and other variations as shall not be inconsistent with this Order or as approved by an Authorized Officer in the Supplemental Order:

Pursuant to the Order, the bonds of this series (the "Bonds") are limited tax general obligations of the City, and the City is obligated to levy annually ad valorem taxes on all taxable property in the Issuer, subject to applicable constitutional, statutory and charter tax rate limitations.

The "Order" is an Order of the Emergency Manager issued on _____, 2014, supplemented by a Supplemental Order of an Authorized Officer of the City issued on _____, 2014, authorizing the issuance of the Bonds.

The bonds of this series shall be subject to redemption prior to maturity as follows:

(a) *Optional Redemption.* Bonds or portions of bonds in Authorized Denominations of multiples of \$100,000 or integral multiples of \$5,000 in excess thereof are subject to redemption prior to maturity, at the option of the Issuer, in such order as the Issuer may determine, and by lot within a maturity [TO BE DETERMINED].

In case less than the full amount of an outstanding bond is called for redemption, the Trustee, upon presentation of the bond called for redemption, shall register, authenticate and deliver to the registered owner of record a new bond in the principal amount of the portion of the original bond not called for redemption.

Reference is hereby made to the Order for the provisions with respect to the nature and extent of the security for the Bonds, the manner and enforcement of such security, the rights, duties and obligations of the City, and the rights of the Paying Agent and the Registered Owners of the Bonds. As therein provided, the Resolution may be amended in certain respects without the consent of the Registered Owners of the Bonds. A copy of the Order is on file and available for inspection at the office of the Finance Director and at the principal corporate trust office of the Paying Agent.

The City and the Paying Agent may treat and consider the person in whose name this Bond is registered on the Bond Registry as the absolute owner hereof, whether this Bond shall be

Section 308. Registration. The City and the Paying Agent may treat and consider the Registered Owner of any Bond as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal (and premium, if any) thereof and interest thereon and for all other purposes whatsoever, and all such payments so made to such Bondowner or upon his order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

Section 309. Mutilated, Destroyed, Stolen or Lost Bonds. (a) Subject to the provisions of Act 354, Public Acts of Michigan, 1972, as amended and any other applicable law, if (i) any mutilated Bond is surrendered to the Paying Agent or the City and the Paying Agent and the City receive evidence to their satisfaction of the destruction, loss or theft of any Bond and (ii) there is delivered to the City and the Paying Agent such security or indemnity as may be required by them to save each of them harmless, then, in the absence of notice to the City or the Paying Agent that such Bond has been acquired by a bona fide purchaser, the City shall execute and the Paying Agent shall authenticate and deliver in exchange for or in lieu of any such mutilated, destroyed, lost or stolen Bond, a new Bond of like tenor and principal amount, bearing a number not contemporaneously outstanding.

Whenever the Security Depository requests the City and the Paying Agent to do so, the Authorized Officer on behalf of the City and the Paying Agent will cooperate with the Security Depository in taking appropriate action after

reasonable notice to make available Bonds registered in whatever name or names the Beneficial Owners transferring or exchanging Bonds shall designate.

(c) Notwithstanding any other provision of the Order to the contrary, so long as the Bonds are held pursuant to the book-entry-only system maintained by the Security Depository:

(i) all payments with respect to the principal and interest on such Bonds and all notices with respect to such Bonds shall be made and given, respectively, to the Security Depository as provided in the representation letter from the City and the Paying Agent to the Security Depository with respect to such Bonds; and

SETTLEMENT AGREEMENT

Plaintiffs, the Official Committee of Retirees of the City of Detroit, Michigan (the “Committee”), Detroit Retired City Employees Association, Retired Detroit Police and Fire Fighters Association, and AFSCME Sub-Chapter 98, City of Detroit Retirees (collectively with the Committee, the “Plaintiffs”) and Defendants, the City of Detroit, Michigan (the “City”) and Kevyn Orr, individually and in his official capacity as Emergency Manager of the City of Detroit, Michigan (collectively with the City, the “Defendants”), hereby enter into this Settlement Agreement as of the 14th day of February, 2014 (the “Agreement”), which contains the following terms:

I. GENERAL PROVISIONS

1. **Agreement Modifies March 1, 2014 Plan.** The City agrees to make the changes listed in Part II herein to the City of Detroit Retiree Health Care Plan for the period March 1, 2014 through December 31, 2014. The changes enumerated in Part II are modifications to the City of Detroit Retiree Health Care Plan described in the 2014 Health Care Plan Options Booklet (“Booklet”) distributed approximately January 2, 2014. These modifications are premised on the terms summarized in the Booklet going into effect on March 1, 2014, subject only to the modifications set forth in this Agreement, which resolves the Plaintiffs’ claims in Adversary Proceeding No. 14-04015 (the “Adversary Proceeding”).

2. **Modifications Will Not Decrease Benefits Offered in March 1, 2014 Plan.** None of the modifications in Part II reduces or eliminates any of the benefits in the City of Detroit Retiree Health Care Plan for the period March 1, 2014 through December 31, 2014 as described in the Booklet, except as specified in Part II(4)(a) and (b) below.

3. **Effective Date of Plan Modifications.** The modifications listed in Part II of this Agreement shall be effective with the beginning of the plan on March 1, 2014 unless otherwise noted in the Agreement.

4. **Aggregate Caps.** Unless specifically noted below, there is no cap on the amount that the City will spend to fulfill the modifications listed in Part II. For the two modifications listed in Part II(3)(a)/(b) and (d)/(e) that expressly include capped funds of \$2,500,000 and \$3,000,000, respectively, the City shall aggregate those caps to a total of \$5,500,000 such that if one capped fund is exhausted the City must draw from the other capped fund to the extent that the other capped fund has not been exhausted.

5. **Conditions on Agreement.** This Agreement, and the additional benefits set forth herein, are conditioned upon the City receiving debtor in possession financing that can be used for quality of life purposes on or before May 1, 2014 (the “DIP”). In the event the DIP is not in effect on or before May 1, 2014 and the City is unable to otherwise perform under this

Agreement, this Agreement shall be null and void and the parties shall be returned to their respective positions.

II. MODIFICATIONS TO THE CITY'S RETIREE HEALTH CARE PLAN FOR THE PERIOD MARCH 1, 2014 THROUGH DECEMBER 31, 2014

1. Modification of Dental and Vision Coverage.

- (a) **Dental Coverage.** The City will make available an additional dental benefits option in addition to the dental benefits coverage option described in the Booklet. The additional option will be offered by Golden Dental Inc. ("Golden"). The premium charged for this group coverage option will be no greater than \$23.73 per month for single coverage, \$38.83 per month for two-person coverage, and \$57.17 per month for family coverage, and the benefits will be as described in Exhibit 1 hereto; provided, however, that the amount charged to the retiree shall be increased to include an additional administrative charge, which administrative charge shall not exceed 20% of the applicable premium. The enrolling retiree will be fully responsible to pay the premium associated with this dental option, including the additional administrative charge, and the City shall allow the retirees to utilize the pension reduction feature for payment of the monthly premium. The City will use Reasonable Efforts to have such coverage effective June 1, 2014, including taking Reasonable Efforts to notify retirees by mail of this option as soon as practicable, and taking Reasonable Efforts to minimize the administrative charge. Reasonable Efforts, as used in this Agreement, requires the City to use good faith and reasonable diligence in light of its capabilities.
- (b) **Vision Coverage.** The City will make available an additional vision benefits option in addition to the vision benefits coverage option described in the Booklet. The additional option will be offered by Heritage Vision Plans, Inc. ("Heritage"). The premium for this group coverage option will be no greater than \$6.95 per month for single coverage and \$13.75 per month for 2 or more person coverage; provided, however, that the amount charged to the retiree shall be increased to include an additional administrative charge, which administrative charge shall not exceed 20% of the applicable premium. The option shall be a national network vision option similar to the option that the City provides to active employees. The enrolling retiree will be fully responsible to pay the premium associated with this vision option, including the additional administrative charge, and the City shall allow the retirees to utilize the pension reduction feature for payment of the monthly premium. The City will use Reasonable Efforts to have such coverage effective June 1, 2014, including taking Reasonable Efforts to notify retirees by mail of this option as soon as practicable, and taking Reasonable Efforts to minimize the administrative charge.

2. Modifications for Retirees Eligible for Medicare.

- (a) **Extension of Enrollment Deadline to Opt Out of Medicare Advantage Plan Coverage.** For retirees of the City who are enrolled in Medicare and receive

coverage under a City-sponsored Medicare Advantage Plan through February 28, 2014, the date to opt out of such coverage was extended to February 7, 2014. Such retirees may opt out by hand delivery (no later than close of business February 7) or first-class mail delivery (post-marked on or before February 7) of the designated opt out form to the City Benefits Administration Office at Suite 1026, 2 Woodward Avenue, Detroit MI 48226. Retirees were permitted to request the designated opt out form by calling the City's Benefit Administration Customer Service Line or contacting the City Benefits Administration Office at the address above. The City will use Reasonable Efforts to process any such opt outs for which it receives timely notice in a manner so as to eliminate such Medicare Advantage Plan coverage effective March 1, 2014. To the extent the City is not able to process the timely sent opt out notices in a manner so as to eliminate such coverage effective March 1, 2014, such coverage shall be eliminated effective April 1, 2014. Retirees who did not opt out by February 7, 2014 will be enrolled in a City-sponsored Medicare Advantage Plan as described in the Booklet.

- (b) **HRA Contribution for Medicare-Eligible Retirees Who Opt Out.** For each Medicare-eligible retiree who opted out of coverage under the City-sponsored Medicare Advantage Plans on or prior to February 7, 2014, the City shall automatically enroll such retiree in a City-sponsored Health Reimbursement Arrangement ("HRA"). The HRA shall be administered by Flex Plan, Inc. The City will provide each electing enrollee with a vested \$115 monthly contribution credit to his or her HRA during the remainder of 2014, which will carry forward until used by the retiree or otherwise forfeited under terms to be negotiated by the parties hereto. The City will make all Reasonable Efforts to implement the HRA credits effective May 1, 2014, retroactive to March 1, 2014. The initial monthly credit for May 2014 shall be in an amount equal to the total of \$115 multiplied by the number of months starting March 2014 for which the enrolled retiree did not have Medicare Advantage Plan coverage (e.g., if John Smith had City-sponsored Medicare Advantage Plan coverage until February 28, 2014, the initial monthly credit for May 2014 will be \$345, covering March, April, and May; thereafter, the payments shall be \$115 per month for each month in 2014).
- (c) **Medicare Advantage Plan Catastrophic Drug Expenses.** Each of the Medicare Advantage Plans sponsored by the City for the period March 1, 2014 through December 31, 2014 include Medicare Part D prescription drug coverage, under which, once the \$4,550 out-of-pocket threshold is met, the participant's cost sharing obligation is limited to the greater of 5% of the cost of the prescription, or \$2.55 per prescription for generic and preferred multi-source drugs or \$6.35 per prescription for all other prescription drugs; provided, that the participant's cost sharing obligation shall never be greater than the cost sharing that applied prior to the participant meeting such threshold. For each participant who meets the \$4,550 out-of-pocket threshold while enrolled in one of the City's Medicare Advantage Plans during the period March 1, 2014 through December 31, 2014, the City will reimburse the amount of this cost sharing obligation to the related

retiree. For the avoidance of doubt, participant means both retiree and any retiree's spouse who is covered by the City's Medicare Advantage Plans.

3. Modifications for Retirees Not Eligible for Medicare.

- (a) **Additional Stipend to Retirees With \$75,000 or Lower Household Income Who Acquire Health Care Coverage on an Exchange.** The City will provide non-duty disabled retirees who are not eligible for Medicare a \$125 stipend that they may use to purchase health care coverage. The City will increase this stipend by \$50 for any non-Medicare eligible retiree who either (i) was enrolled in the City's retiree health program on December 31, 2013 or (ii) transitioned from active City benefits to retiree City benefits on or after November 1, 2013; but only to the extent such retiree described in (i) or (ii) above meets the following requirements:

- i) Not eligible for Medicare or Medicaid;
- ii) Not eligible for a benefit under Part II(4);
- iii) Not a duty-disabled retiree (duty-disabled retirees are eligible for higher stipends as provided for in the Booklet);
- iv) Under 65 years old (non-Medicare eligible retirees age 65 and older may receive an increased stipend under Part II(3)(c) below);
- v) Household income is \$75,000 or less, as demonstrated by satisfaction of the process set forth in Part II(3)(b);
- vi) Does not acquire a City-offered group health plan as set forth in Part II(3)(f); and
- vii) Purchases or is covered by a health insurance policy acquired through a health insurance exchange ("Exchange") established pursuant to the Patient Protection and Affordable Care Act.

(b) Process to Obtain Additional \$50 Monthly Stipend.

- i) The City will retain Aon Hewitt to administer the eligibility process for the additional \$50 monthly stipend set forth above in Part II(3)(a). Retirees will be given a 30-day notice period, to expire no later than April 30, 2014, during which they shall provide to Aon Hewitt the following:
 - (1) Submission of having purchased an insurance policy through an Exchange that covers such retiree. Such submission shall include information necessary to validate the retiree's eligibility, including the name of the insurer, monthly premium amount, and the amount of federal

subsidy, if any, that the retiree is to receive in connection with such Exchange-acquired coverage; and

- (2) If the proof of Exchange-acquired coverage shows that the retiree's premium does not also include a federal subsidy amount, such retiree shall also submit a copy of his or her most recently filed federal income tax return with proof of filing, but in no event a return prior to the 2011 tax year. If such federal income tax return shows household income in excess of \$75,000 and the retiree believes that household income in 2013 was below \$75,000, the retiree shall also submit – along with a copy of the most recently filed federal income tax return – proof sufficient for Aon Hewitt to conclude that his or her household income in 2013 was less than \$75,000.
- ii) Aon Hewitt shall submit to the City its list of retirees eligible for the additional \$50 monthly stipend and the monthly stipends shall be paid to the approved eligible retirees beginning in the month of June 2014 or as soon thereafter as administratively practical, with payments retroactive to March 1, 2014. For example, if the first payment is made in June 2014, it will be in the amount of \$200 for the months of March, April, May, and June; thereafter, the payments shall be \$50 per month for each succeeding month in 2014. The list provided by Aon Hewitt shall be final and no changes shall be made to such list for the remainder of 2014.

The City shall cap the amount that it pays for this additional \$50 stipend during the period from March through December 2014 at \$3,000,000. In the event that there are more retirees meeting the requirements in Part II(3)(a) and (b) (i.e., retirees listed on the final list) than can be paid in full for \$3,000,000, each retiree will have his or her stipend amount reduced pro rata, unless there are additional funds that can be used as detailed in Part I(4).

- (c) **Additional Payment to Non-Medicare Eligible Retirees Age 65 and Older.**
The City will increase the stipend that it gives non-Medicare eligible retirees who are 65-years-old and older to \$300/month. For such purposes, a non-Medicare eligible retiree is any retiree age 65 or older who is not – directly or through his or her spouse – eligible to automatically enroll in and obtain premium-free coverage under Part A of Medicare as evidenced by a denial letter from the Centers for Medicare and Medicaid Services (“CMS”). Retirees who have previously submitted such a letter to the City will not be required to resubmit it. Non-Medicare eligible retirees who are duty-disabled will not be eligible for this increase because their stipend is already \$300 or more. The City will coordinate with Blue Cross Blue Shield of Michigan to determine the number of non-Medicare eligible retirees who are eligible for this \$300 stipend. The increased stipend will apply for each month from March 2014 through December 2014. The City will make all Reasonable Efforts to implement the \$300 increased

monthly stipend beginning April 1, 2014, with payment of the increased amount over the stipend otherwise paid for prior months being retroactive to March 1, 2014; thereafter, the stipend shall be \$300 per month for each succeeding month in 2014. Such eligible retirees will not receive any other stipend amounts from the City that are described in the Booklet or this Agreement.

(d) **\$125 Monthly Stipend For City Retirees' Spouses Who are Under Age 65, With \$75,000 or Lower Household Income, and Are Enrolled in Health Care Coverage on an Exchange.**

The City will provide a \$125 stipend to certain married retirees whose spouses either (i) were enrolled in the City's retiree health program on December 31, 2013 or (ii) transitioned from active City benefits to retiree City benefits on or after November 1, 2013; but only to the extent such spouse described in (i) or (ii) above meets the following requirements:

- i) Not eligible to enroll in one of the City's Medicare Advantage Plans;
- ii) Not eligible for Medicaid;
- iii) Not eligible for a benefit under Part II(4);
- iv) Under 65 years old;
- v) Household income is \$75,000 or less, as demonstrated by satisfaction of the process set forth in Part II(3)(e);
- vi) Does not acquire a City-offered group health plan as set forth in Part II(3)(f); and
- vii) Purchases or is covered by a health insurance policy acquired through an Exchange.

(e) **Process to Obtain \$125 Monthly Spouse Stipend.**

- i) The City will retain Aon Hewitt to administer the eligibility process for the \$125 monthly spouse stipend. Retirees will be given a 30-day notice period, to expire no later than April 30, 2014, during which they shall provide to Aon Hewitt the following proof:
 - (1) Submission of proof that their spouse is covered under an insurance policy purchased through an Exchange, including information necessary to validate the retirees' eligibility, including the name of the insurer, monthly premium amount, and the amount of federal subsidy, if any, that the spouse is to receive in connection with such Exchange-acquired coverage; and
 - (2) If the proof of Exchange-acquired coverage shows that the spouse's premium does not also include a federal subsidy

amount, such retiree shall also submit a copy of his or her most recently filed federal income tax return with proof of filing, but in no event a return prior to the 2011 tax year. If such federal income tax return shows household income in excess of \$75,000 and the retiree believes that household income in 2013 was below \$75,000, the retiree shall also submit – along with a copy of the most recently filed federal income tax return – proof sufficient for Aon Hewitt to conclude that his or her household income in 2013 was less than \$75,000.

- ii) Aon Hewitt shall submit to the City its list of retirees who are eligible for this \$125 monthly stipend and the monthly stipends shall be paid to the approved married retirees beginning in the month of June 2014 or as soon thereafter as administratively practical, with payments retroactive to March 1, 2014. For example, if the first payment is made in June 2014, it will be in the amount of \$500 for the months of March, April, May, and June; thereafter, the payments shall be \$125 per month for each succeeding month in 2014. The list provided by Aon Hewitt shall be final and no changes shall be made to such list for the remainder of 2014, except as follows:

- (1) if an eligible retiree ceases to be married (whether by death or divorce), the retiree's spouse will cease to be eligible for this stipend and the retiree shall be removed from the list effective as of the month immediately following such event; and
- (2) if a retiree's spouse transitions from active City benefits to retiree City benefits during 2014 and meets the eligibility provisions described in Part II(3)(d) and is approved as eligible pursuant to the process described in Part II(3)(e), the related retiree shall be added to the list effective as of the month in which the transition to retiree City benefits occurs, provided there is sufficient availability under the Aggregate Caps as described below.

The City will cap the amount that it pays for spousal stipends at \$2,500,000. In the event that there are more retirees initially satisfying the requirements in Part II(3)(e) (*i.e.*, retirees listed on the first list submitted by Aon Hewitt to the City) than can be paid in full for \$2,500,000, each such retiree will have his or her stipend amount reduced pro rata, provided that if there are additional funds that can be used as detailed in Part I(4), each such retiree will only have his or her stipend amount reduced pro rata to the extent the aggregate amount is not sufficient to satisfy the full amount of such stipends. Retirees who become eligible for this spousal stipend during the year, as described above, shall only be eligible for a stipend to the extent there is sufficient availability under the

Aggregate Caps detailed in Part I(4). The addition or removal of retirees from the list shall not impact the amount of the stipend being paid to other eligible retirees.

- (f) **City Group Plan.** In 2014, the City agrees to contract with Blue Cross Blue Shield of Michigan to offer a fully-insured group health plan option to retirees who are not eligible for Medicare. Such plan option shall be reasonably equivalent to the coverage offered by the City to active employees in 2014. The enrolling retiree will be fully responsible to pay the monthly premium associated with this option. The premium cost to retirees of such policy will include the cost to the City of enrollment and administration related to this policy option, so that the City will not incur any additional expense in offering this policy. The parties will use Reasonable Efforts to have such coverage effective May 1, 2014. The City shall provide a monthly stipend of \$100 to each retiree who enrolls in the City group plan, beginning with the May 1, 2014 payment. No other stipend amounts from the City that are described in the Booklet or this Agreement shall be available to retirees enrolling in this group option, unless either (i) the retiree is duty-disabled, in which case, he or she will instead receive the stipend available to duty-disabled retirees described in the Booklet, or (ii) the retiree is eligible for the stipend described in Part II(3)I, in which case, he or she will instead receive such stipend.

4. Modifications for Retirees Below the Federal Poverty Level.

- (a) **Coverage for Michigan Resident Retirees Eligible For Medicaid Coverage On or After April 1, 2014.** The parties recognize that CMS has approved the State of Michigan's request to operate the "Healthy Michigan" program for adults who will become eligible for Medicaid under Section 1902(a)(10)(A)(i)(VIII) of the Social Security Act, and that on April 1, 2014 Michigan will provide Medicaid coverage to all adults residing in the State with income up to and including 133% of the Federal Poverty Level. "Federal Poverty Level" means the applicable poverty guideline based on state of residence and household size issued annually by the U.S. Department of Health and Human Services. For those retirees who are eligible for Medicaid under the scheduled April 1, 2014 expansion, the City will facilitate their transition in the following manner: Within 10 days of the effective date of this Agreement, the City shall contact by letter those non-Medicare eligible retirees, who, according to the Retirement Systems' records, reside in Michigan and whose annual pension income is in an amount less than 100% of the Federal Poverty Level. Such retirees will be given a 30 day opportunity to submit to Aon Hewitt proof that their income falls below the Federal Poverty Level. Upon receipt by Aon Hewitt of a list of such retirees falling below the Federal Poverty Level, the City shall provide payment to such retirees of the amount equal to the value of the federal subsidy for the month of March that they would have received in connection with the second lowest cost Exchange-purchased silver plan, had such retiree, and to the extent the retiree is married, such retiree's spouse, been eligible for such subsidy for the month of March 2014 for such plan based on a determination of household income at 100% of the Federal Poverty Level. A similar payment will be made by the City in

connection with insurance coverage for April 2014 if such retiree and spouse are not covered by Medicaid. To the extent that the Medicaid expansion rules in Michigan have not provided such retirees the opportunity to migrate into the Michigan Medicaid program by May 1, 2014, the City shall cease its continued payment but the parties agree to negotiate in good faith an additional reasonable accommodation to such retirees that balances the City's and such retirees' interests. *Retirees eligible for payments under this subsection are not eligible for any other payment offered by the City as set forth in the Booklet or as set forth in this Agreement.*

- (b) **Coverage for Non-Medicare Eligible Retirees in States that Have Not Expanded Medicaid.** The City recognizes that not all States have chosen to expand Medicaid coverage in accordance with Title II of the Patient Protection and Affordable Care Act, and certain non-Medicare eligible retirees residing outside the State of Michigan whose incomes fall below 133% of the Federal Poverty Level will not be eligible for Medicaid coverage. Accordingly, in connection with such retirees, the City will pay a monthly amount equal to the lesser of: (1) the second lowest cost monthly premium for a silver plan for such retiree and spouse purchased through an Exchange in their place of residence; or (2) the ratable monthly amount necessary to increase the retiree's annual household income to 100% of the Federal Poverty Level. Within 10 days of the effective date of this Agreement, the City shall contact by letter those retirees, who, according to the Retirement Systems' records, reside in states that do not provide Medicaid coverage to adults up to the Federal Poverty Level, and whose annual pension income is in an amount less than 100% of the Federal Poverty Level. Such retirees will be given a 30 day opportunity to submit to Aon Hewitt proof that their income falls below the Federal Poverty Level. The City shall commence such payments as soon as reasonably practicable after receiving a list of such retirees from Aon Hewitt. *Retirees eligible for payments under this subsection are not eligible for any other payment offered by the City as set forth in the Booklet or as set forth in this Agreement.*

III. RELEASES, FUTURE LEGAL PROCEEDINGS, AND MISCELLANEOUS

1. **Future Claims in City Plan Confirmation Proceedings.** This Agreement is entered into without prejudice to any party to this litigation with respect to any issue involving the rights, claims, obligations, and payments of health care and other post-employment benefits ("OPEB"); provided that the City will not seek to recover directly from the retirees any postpetition OPEB payments made to or on behalf of retirees. Each party expressly reserves its rights on OPEB issues in connection with negotiations of a plan of adjustment, and the Plaintiffs are free to pursue, and the City to oppose, their position that the postpetition OPEB payments the City made to or on behalf of retirees were a business necessity.

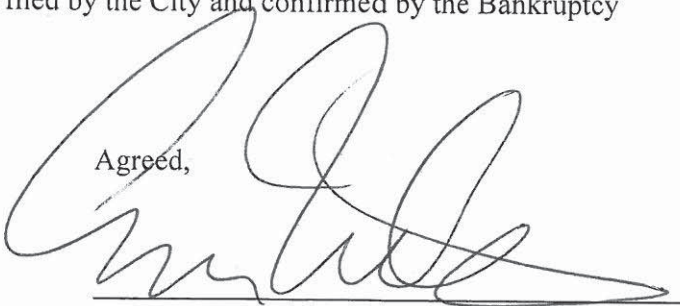

2. **Release.** Following the execution of this Agreement, the Plaintiffs will promptly dismiss the lawsuit – which solely addresses 2014 retiree health care benefits – with prejudice; provided, however, that any party to the lawsuit may bring an action in the Bankruptcy Court to enforce the terms of this Agreement resolving the lawsuit (an "Enforcement Action") and if the

conditions contained in the last sentence of Part I(5) occur, then Plaintiffs are free to reinstate the Adversary Proceeding. Solely for purposes of an Enforcement Action, the City consents, pursuant to 11 U.S.C. § 904, to the Bankruptcy Court's hearing and deciding such Enforcement Action.

3. **Counterparts.** This Agreement may be signed in counterparts, and each counterpart shall be treated as an original.

4. **Good Faith.** As evidenced by the undersigned acknowledgment of Judge Wiley Daniel, Mediator, this Agreement was negotiated and entered into by all parties in good faith.

5. **Plan of Adjustment.** The terms of this Agreement, including Part III(4), shall be incorporated into any plan of adjustment filed by the City and confirmed by the Bankruptcy Court in 2014 in this bankruptcy case.

EXHIBIT I.A.268

FORM OF STATE CONTRIBUTION AGREEMENT

CONTRIBUTION AGREEMENT

This Contribution Agreement ("Agreement"), dated as of _____, 2014, is made by and among the Michigan Settlement Administration Authority, a Michigan body public corporate (the "Authority"), the General Retirement System for the City of Detroit, the Police and Fire Retirement System for the City of Detroit and the City of Detroit (the "City").

RECITALS

A. The City filed a voluntary petition for relief under chapter 9 of the Bankruptcy Code on July 18, 2013 (the "Chapter 9 Case") in the United States Bankruptcy Court for the Eastern District of Michigan (the "Court").

B. During the course of the Chapter 9 Case, the City has asserted that the City's Police and Fire Retirement System (the "PFRS" or a "System") and the General Retirement System (the "GRS" or a "System") are underfunded.

C. During the course of the Chapter 9 Case, there have been suggestions that the State of Michigan (the "State") may be obligated to pay a portion of the underfunding of pension benefits payable to retirees, a suggestion the State vigorously disputes.

D. As part of the mediation process in the Chapter 9 Case, the mediators asked the State and other parties to consider contributing funds to assist in reducing the amount of underfunding in the PFRS and GRS pension funds by providing additional settlement funds for the benefit of pensioners that would not be otherwise available.

E. As part of its determination that the City was eligible to file the Chapter 9 Case, the Court determined that pension obligations of the City can be impaired or diminished in the Chapter 9 Case and are not protected from such impairment or diminution by the State Constitution.

F. In support of confirmation of the City's Fourth Amended Plan of Adjustment dated May 2, 2014 (as may be further amended from time to time, the "Plan"), the State has agreed, subject to satisfaction of specific conditions, to make a contribution to the GRS and PFRS in return for releases from, among other things, any claims against the State and the State Related Entities described in this Agreement.

G. On _____, 2014, the Authority was established as the disbursement agent for the State with respect to the State Contribution (as defined below).

H. Capitalized terms used in this Agreement but not defined have the same meaning as set forth in the Plan.

NOW THEREFORE, THE PARTIES HERETO AGREE AS FOLLOWS:

1. State Contribution. On the later of (a) the date on which the Conditions Precedent have been satisfied, and (b) 60 days after the Effective Date of the Plan, the Authority shall disburse \$[_____] to GRS and \$[_____] to PFRS (collectively, the "State Contribution")

for the purpose of increasing the assets of the PFRS and GRS. The total aggregate State Contribution is equal to the net present value of \$350,000,000 payable over 20 years determined using a discount rate of 6.75%, which results in a total contribution by the State of \$194,800,000. The State Contribution shall only be used to fund payments to holders of GRS Pension Claims and PFRS Pension Claims, each as defined in the Plan.

2. Governance Requirements of the GRS and PFRS. At all times during the 20 year period following the disbursement of the State Contribution to the GRS and PFRS, the GRS and PFRS each must establish an investment committee (the “Investment Committee”) for the purpose of making recommendations to, and approving certain actions by, the respective System's board of trustees and/or making determinations and taking action under and with respect to Investment Management, as set forth in the terms and conditions enumerated on **Exhibit A** and **Exhibit B**, respectively, each attached to and incorporated by reference into this Agreement.

3. Income Stabilization Funds and Income Stabilization Payments. The City, GRS and PFRS shall establish an income stabilization program and amend the governing documents for GRS and the governing documents for PFRS to include the following:

- a. A supplemental pension income stabilization payment (the “Income Stabilization Payment”) payable on an annual basis beginning not later than 120 days after the Effective Date, to each Eligible Pensioner equal to the lesser of (a) the amount needed to restore the Eligible Pensioner's reduced pension benefit to the amount of the pension benefit that the Eligible Pensioner received from GRS or PFRS in 2013, or (b) the amount needed to bring the total annual household income of the Eligible Pensioner up to 130% of the Federal Poverty Level in 2013.
- b. In addition, to the extent an Eligible Pensioner's Estimated Adjusted Annual Household Income in any calendar year is less than 105% of the Federal Poverty Level in that year, the Eligible Pensioner will receive an additional benefit (“Income Stabilization Benefit Plus”). The Income Stabilization Benefit Plus shall be equal to the lesser of either (a) the amount needed to restore 100% of the Eligible Pensioner's pension benefits, including escalators and cost of living adjustments; or (b) the amount needed to bring the Eligible Pensioner's Estimated Adjusted Annual Household Income in that calendar year up to 105% of the Federal Poverty Level in that year.
- c. An Eligible Pensioner's “Estimated Adjusted Annual Household Income” shall be calculated as follows: (i) the annual pension benefit amount paid in 2013 shall be subtracted from the Eligible Pensioner's 2013 total household income (per their (or in the case of minor children, their legal guardian's) 2013 income tax returns or equivalent documentation), as adjusted for inflation or Social Security COLA increases, to create a base additional income amount, plus (ii) the following three items as applicable, (x) the reduced pension benefit that GRS or PFRS will pay the

Eligible Pensioner for that year, (y) any GRS or PFRS pension restoration due to an improved GRS or PFRS funding level, and (z) the Eligible Pensioner's Income Stabilization Benefit. Notwithstanding the foregoing, Income Stabilization Payments, including the Income Stabilization Benefit Plus, under both GRS and PFRS shall not exceed \$20 million in aggregate.

- d. A separate recordkeeping sub-account called the "Income Stabilization Fund" will be set up under each of GRS and PFRS for the sole purpose of paying the Income Stabilization Payments, including Income Stabilization Benefit Plus payments, to Eligible Pensioners. The assets credited to the sub-accounts will be invested on a commingled basis with the applicable System's assets and will be credited with a pro-rata portion of the System's earnings and losses.
- e. Amounts credited to the Income Stabilization Fund, including the Assigned UTGO Bond Tax Proceeds, may not be used for any purpose other than the payment of Income Stabilization Payments, including Income Stabilization Benefit Plus payments, to Eligible Pensioners, except as expressly provided in subparagraph (f) below.
- f. In 2022, provided that the State has not issued a certificate of default with respect to a System at any time prior to 2022, the Investment Committee for that System shall conduct a valuation to determine the Income Stabilization Payments, including Income Stabilization Benefit Plus payments, anticipated to be made from the System in the future, in order for the System to fulfill the obligation to make such payments (the "Estimated Future Liability"). In the event that 75% of the independent members of the Investment Committee determine that the GRS or PFRS Income Stabilization Fund is credited with assets in excess of its Estimated Future Liability (the "Excess Assets"), the Investment Committee may, in its sole discretion, recommend to the Board of Trustees that the Excess Assets, but not more than \$35 million, be used to fund that System's Adjusted Pension Benefits. The Investment Committee shall have the right to engage professionals to assist in this task as necessary, and such expenses shall be paid by the Systems. If any funds remain in the GRS or PFRS Income Stabilization Fund on the date upon which no Eligible Pensioners under their respective System are living, the remainder of that System's Income Stabilization Fund shall be used to fund that System's Adjusted Pension Benefits.
- g. "Eligible Pensioners" are those retirees or surviving spouses who are at least 60 years of age or those minor children receiving survivor benefits from GRS or PFRS, each as of the Effective Date, whose pension benefit from GRS or PFRS will be reduced by the confirmed Plan, and who have a total household income equal to or less than 140% of the Federal Poverty Line in 2013 (per their (or in the case of minor children, their legal guardian's) 2013 income tax returns or equivalent documentation).

No new persons will be eligible to receive an Income Stabilization Payment at any time in the future, and any minor child receiving survivor benefits shall cease to be an Eligible Pensioner after he or she turns 18 years of age.

- h. The initial determination of Eligible Pensioners, and the amounts of Income Stabilization Payments payable to Eligible Pensioners shall be made by the State in its sole discretion. The State shall transmit the list of Eligible Pensioners to the Investment Committee and the Board of Trustees of GRS and PFRS, as applicable. The Board of Trustees, with the assistance of the Investment Committee of GRS and PFRS, shall be responsible for properly administering the respective Income Stabilization Fund and annually certifying to the Treasurer that it has properly administered the requirements for eligibility and payment of benefits with respect to Eligible Pensioners.

4. Conditions Precedent. The Authority's obligations under this Agreement are not effective or enforceable until each of the following conditions (the "Conditions Precedent") have been met to the satisfaction of the Authority and the Treasurer, unless any one or more of such conditions are waived in a writing executed by the Authority and the Treasurer:

- a. The Authority receives the State Contribution from the State.
- b. An endorsement of the Plan by the Official Retiree Committee which will include a letter from the Official Retiree Committee as part of the Plan solicitation package recommending to Classes 10 and 11 a vote in favor of the Plan, or equivalent assurances from member organizations representing a majority of retirees in the respective classes.
- c. Cessation of all litigation, including the cessation of funding of any litigation initiated by any other party, as it related to the City (a) challenging PA 436 or any actions taken pursuant to PA 436, including but not limited to, a dismissal with prejudice of the cases set forth on **Exhibit D**, or (b) seeking to enforce Article IX, Section 24 of the Michigan Constitution.
- d. Active support of the Plan by, a release of and covenant not to sue the State from, and an agreement not to support in any way (including funding) the litigation described in subparagraph 4(c) by the parties listed on **Exhibit C**, or equivalent assurance of litigation finality
- e. Classes 10 and 11 accept the Plan.
- f. By September 30, 2014, the Court enters a final, non-appealable order confirming the Plan that includes, at a minimum, the following:
 - i. A release of the State and State Related Entities by each holder of a Pension Claim of all Liabilities arising from or related to the

City, the Chapter 9 case (including the authorization to file the Chapter 9 Case), the Plan, all Exhibits, the Disclosure Statement, PA 436 and its predecessor or replacement statutes, and Article IX, Section 24 of the Michigan Constitution.

- ii. A requirement that the governing documents of GRS and the governing documents of PFRS be amended to include:
 - a) the governance terms and conditions set forth in Paragraph 2, Exhibit A and Exhibit B of this Agreement; and
 - b) the Income Stabilization Payments, the Income Stabilization Benefit Plus payments, and Income Stabilization Fund described in Paragraph 3 of this Agreement.
- iii. Approval of, and authority for the City to enter into, the UTGO Settlement.
- iv. A requirement that the City irrevocably assigns the right to receive not less than an aggregate amount of \$20,000,000 of the payments on the Reinstated Stub UTGO Bonds to the Income Stabilization Funds of the GRS and PFRS. Such payments will be made to the Income Stabilization Funds in the form of annual installment payments over a 14 year period, **[pursuant to a payment schedule approved by the State.]**
- v. Approval of, and authority for the City to enter into, the DIA Settlement.
- vi. Agreement to and compliance with MCL 141.1561 and cooperation with the transition advisory board appointed pursuant to MCL 141.1563, or compliance with any new legislation that is enacted regarding post-bankruptcy governance.
- g. Evidence satisfactory to the State of an irrevocable commitment by:
 - i. The Foundations to fund \$366,000,000 (or the net present value thereof) as part of the DIA Settlement; and
 - ii. The DIA Corp. to fund \$100,000,000 (or the net present value thereof) as part of the DIA Settlement.
- h. The Plan Effective Date occurs on or before December 31, 2014.

5. Non-occurrence of Conditions Precedent. If the Conditions Precedent are not met to the satisfaction of the Authority and the Treasurer on or before December 31, 2014, upon

written request of the Treasurer, the Authority shall remit the State Contribution to the Department and shall have no further obligations under this Agreement.

6. Default by GRS and PFRS and Remedies.

- a. A System will be in default if the System has not complied with any of the conditions set forth in the Plan, its respective governing documents, or this Agreement, including but not limited to failing to make the required Income Stabilization Payments or Income Stabilization Benefit Plus payments, or using funds in the Income Stabilization Fund for unauthorized purposes.
- b. In the event of default by a System, and failure of the System to promptly cure such default to the satisfaction of the Treasurer within the time period reasonably established by the Treasurer, no portion of the total State Contribution to the defaulting System, as adjusted for earnings and losses, may be taken into consideration by the System during the remainder of the 20 year period following the date of such default for purposes of determining whether benefits reduced by the Plan may be restored. PRINCIPAL TERMS OF UTGO SETTLEMENT

Term Sheet for Plan Treatment of UTGO Bond Claims and Related Insurer Claims
SUBJECT TO FRE 408—MEDIATION/SETTLEMENT COMMUNICATION

The Unlimited Tax General Obligation Bonds other than the City's 2010 A Bonds defined below (the "UTGOs") will be treated in the City's plan of adjustment (the "Plan") as follows: (i) for purposes of the Plan, the total UTGOs claim will be allowed in the amount of \$388 million, (ii) of which \$287.5 million principal amount of UTGOs shall be deemed reinstated on a pro rata basis (the "Reinstated UTGOs") pursuant to their respective terms (interest rate, maturity date and amortization remain the same), with all existing provisions, subject to the additional terms below, and (iii) the remaining portion of the UTGOs that are not Reinstated UTGOs (the "Stub UTGOs") shall remain outstanding and the rights to payment on the Stub UTGOs shall be assigned by the Plan (without any consent or action on the part of, or additional consideration payable to, the Bond Insurers or UTGOs bondholders) to [TBD/City designee]. The policies issued by the insurers of the UTGOs (the "Bond Insurers") shall remain outstanding to ensure payment of the debt service as originally scheduled for the UTGOs. Mechanics to accomplish all of the above shall be reasonably satisfactory to the Bond Insurers and the City.

Confirmation order/findings to (i) as of the effective date, confirm the existence of a lien in favor of the Reinstated UTGOs on ad valorem tax revenues (millage) in the full amount that was pledged to repay the original UTGOs (the "UTGOs Millage") for so long as either the Reinstated UTGOs or the Stub UTGOs are outstanding, (ii) find that the UTGOs Millage constitutes special revenues under Section 902 of the Bankruptcy Code, (iii) direct that all debt millage collected by the City must be segregated and transmitted no less often than weekly when receipts equal or exceed \$20,000 to U.S. Bank as escrow agent (the "Escrow Agent"), which shall promptly transfer amounts payable on the Reinstated UTGOs and the 2010A Bonds to the trustee (the "Master Trustee") under the City's Master Indenture, as amended, (the "Master Indenture"), as described below, and (iv) as of the effective date, find the existence of a statutory lien and trust on DSA (defined below) as provided in Section 15(2) of the Shared Credit Rating Act in favor of the MFA Bonds (defined below).

The confirmation order shall provide that each year no later than June 30, the City shall certify that it has imposed a debt millage levy projected to be an amount necessary to pay the debt service coming due on all unlimited tax general obligation bonds (including both the Reinstated UTGOs and the Stub UTGOs) before the next annual tax levy, including any past due amounts, plus any amounts necessary to reimburse the City for other City funds used to pay prior debt service, less any millage proceeds already on deposit with the Escrow Agent which are available to pay the debt service next coming due. Such annual certification shall be in form and substance acceptable to the City and the Bond Insurers, and shall be provided to the Bond Insurers. The City shall comply with applicable law in levying and collecting ad valorem millage levied to pay all unlimited tax general obligation bonds. The City will use reasonable efforts to explain the collection process to the Bond Insurers, including the allocation methods used for partial property tax payments.

On or before the Plan effective date, the Reinstated UTGOs shall be exchanged for bonds ("MFA Bonds") issued by the Michigan Finance Authority ("MFA"), which shall be secured by an unlimited tax general obligation bond of the City (the "Municipal Obligation") secured by a

fourth lien (the “DSA Lien”) on distributable state aid (“DSA”). With respect to the DSA Lien, the City shall not incur debt senior to the Municipal Obligation’s DSA Lien in an aggregate principal amount that exceeds \$ _____¹ from and after the date the parties reach agreement on this term sheet, unless and until the Reinstated UTGOs have been paid in full. Further, the City shall not incur debt *pari passu* with the DSA Lien that secures the Municipal Obligation from and after the date the parties reach agreement on this term sheet, unless and until the Reinstated UTGOs have been paid in full. The Municipal Obligation issued by the City to the MFA shall provide the same rights (other than priority) in and to DSA, and be entitled to the same protections, as the City’s Distributable State Aid Second Lien Bonds (Unlimited Tax General Obligation, Series 2010(A) (Taxable – Recovery Zone Economic Development Bonds) (the “2010A Bonds”) that are currently outstanding; provided, however that the City’s required date balance requirements shall be as described in the next paragraph. The ad valorem levy shall be used to pay the Reinstated UTGOs prior to the use of DSA revenues, in the same manner as provided for the 2010A Bonds. The City shall create a separate tax levy account (“Tax Levy Account”) for the Reinstated UTGOs under the Master Indenture related to the Municipal Obligation. To the extent the Master Trustee does not have on deposit in the Tax Levy Account the required portions of principal and interest due on the next October 1 or April 1 on the dates set forth below, the Master Indenture shall provide for the intercept of all, or such lesser amount of that month’s DSA distribution necessary to correct the deficiency.²

MONTH OF DSA PAYMENT	PORTION OF NEXT INTEREST PAYMENT	PORTION OF NEXT PRINCIPAL PAYMENT
November	1/3	4/6
January	2/3	5/6
March	100%	100%
September	100%	3/6

The proceeds of the ad valorem debt millage levy for all outstanding unlimited tax general obligation bonds, as received by the City, will be transferred to the Escrow Agent which shall allocate the revenue pro rata among such outstanding bonds The proceeds of the debt millage

¹ Dollar amount will represent existing senior lien (1st, 2^d and 3rd) bonds secured by DSA plus existing DSA capacity based on FY 2012/13 DSA revenues. Existing 2^d or 3rd lien bonds may be refinanced provided savings are realized in each year.

² Subject to confirmation by the Bond Insurers’ financial advisor that City’s projected cashflows demonstrate adequate coverage in August and September of each year.

levy allocated to the 2010A Bonds and any unlimited tax general obligation bonds other than the UTGOs shall be transferred by the Escrow Agent to the paying agent or trustee for the respective bonds. The proceeds of the debt millage levy allocated to the UTGOs will be transferred as received by the Escrow Agent (i) first, to the Tax Levy Account held by the Master Trustee for the Reinstated UTGO's in an amount sufficient, together with funds already on deposit therein to pay debt service due on the Reinstated UTGOs on the October 1 and April 1 following such deposit, together with any past due debt service on the Reinstated UTGOs, and (ii) second, to pay the scheduled debt service on the Stub UTGOs to the [assignee of the rights to payment on] the Stub UTGOs. Neither the holders of the MFA Bonds nor the Bond Insurers shall seek payment from the UTGOs Millage in excess of the amounts necessary to pay the Reinstated UTGOs scheduled annual debt service together with any amount necessary to pay past due Reinstated UTGOs debt service. The bond insurance applicable to the Reinstated UTGOs will transfer as part of this exchange of Reinstated UTGO for MFA Bonds, in a manner acceptable to the Bond Insurers.

The Emergency Manager, on behalf of the City, shall issue an order granting a lien on its interest in the DSA and, to the extent permitted by Section 12(1)(x) of Act 436 and subject to State Treasurer approval, the UTGOs Millage.

If the City's Plan is not effective by September 30, 2014 for any reason other than the actions or positions taken by any of the executing Bond Insurers, solely in their capacity as the insurers of the UTGOs, the City will pay into an escrow to be established with the current Paying Agent for the UTGOs the *pro rata* portion of the October 2014 UTGOs scheduled interest debt service payment, and any *pro rata* payments due thereafter, as if the transaction contemplated in this term sheet had closed (*i.e.*, City will pay into escrow the *pro rata* portion of scheduled UTGOs debt service payments on the \$287.5 million of Reinstated UTGOs due after September 30, 2014 through Plan effectiveness, on the same terms and schedule as set forth in the current UTGOs documents). Such escrow shall be subject to terms and conditions acceptable to the City and the Bond Insurers. In the event that the Plan is not effective by March 31, 2015, and the Bankruptcy Court has issued an order (that is not stayed pending appeal) approving the settlement embodied in this term sheet, the monies in such escrow will be released to the Bond Insurers, and the City will make all subsequent debt service payments directly as if the Reinstated UTGOs transaction had closed. If an order is entered but is subject to a stay pending appeal, the City shall continue to pay into escrow the *pro rata* portion of the scheduled UTGOs debt service on the Reinstated UTGOs for so long as such stay remains in effect, and shall release all monies in the escrow amounts as soon as such order is no longer subject to stay. If the City's Plan is not effective by September 30, 2014, then within fifteen (15) days of a request by the Bond Insurers thereafter, the City shall file a motion pursuant to Bankruptcy Rule 9019 with the Bankruptcy Court seeking approval of the settlement embodied in this term sheet. The City and the Bond Insurers may mutually agree to seek Court approval of this settlement pursuant to Bankruptcy Rule 9019 at any time.

Bond counsel to provide at closing customary legal opinions relating to the validity, priority and enforceability of any MFA transaction in form and substance reasonably satisfactory to the Bond Insurers; such opinions will include standard bankruptcy opinion exceptions. No opinion will be provided with respect to any aspect of any lien on UTGOs Millage.

The City will communicate to the Bond Insurers the substance and ultimate results of the State's efforts to establish oversight of the City's finances and budget on a post-confirmation basis.

"Most Favored Nations" clause (the "MFN") in favor of Reinstated UTGOs shall provide that (i) as of Plan confirmation, the Plan recovery percentage for the Reinstated UTGOs as a whole shall be greater than the Plan recovery percentage for each impaired unsecured (or deemed unsecured) class of Limited Tax General Obligation Bond Claims and COP Claims (each as defined in the Plan and collectively, the "Impaired Unsecured Financial Creditors") and (ii) if actual recoveries from and after the Plan effective date on any instrument or combination of instruments or any other interests provided to any class of Impaired Unsecured Financial Creditors results in such class receiving over time 69.5% of the allowed claim for any such class, then the City will pay to the Bond Insurers (in reimbursement for their payment of claims) an amount equal to the percentage recovery of the Impaired Unsecured Financial Creditors that exceeds 69.5% multiplied by \$100.5 million.³ For purposes of this term sheet, all actual recoveries for Impaired Unsecured Financial Creditors shall be determined by discounting the payments using a 5% discount rate back to the date of Plan confirmation. Under no circumstance shall any Impaired Unsecured Financial Creditors recover more than the UTGOs.

All Plan documents, the confirmation order and findings of fact, in each case, as they relate to the settlement embodied in this term sheet (i) to be in form and substance reasonably satisfactory to the executing Bond Insurers and to the City and be consistent with this term sheet, (ii) to provide that Plan treatment for UTGOs is part of a Bankruptcy Rule 9019 settlement of the pending UTGOs litigation (which litigation shall be stayed pending the effective date of a plan confirming this settlement), and (iii) to include a provision providing that the Bankruptcy Court will have post-confirmation authority and power to enforce the settlement, including the Reinstated UTGOs.

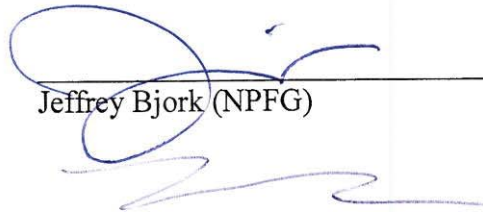

The Bond Insurers will support the treatment of the UTGOs in the City's Plan on the terms set forth herein and will vote the UTGOs claims in support of such Plan treatment. The Plan shall provide that such treatment, consistent with this term sheet, is the treatment for the entire class of UTGOs. The Bond Insurers will provide support to the City for their voting rights.

All settlement documentation will be reasonably satisfactory to all parties to this term sheet. This term sheet is for discussion purposes only and does not constitute an offer or other binding obligation of the parties, including the executing Bond Insurers and City of Detroit.

The contents of this Term Sheet shall be held in confidence and not be disclosed to any third party without the consent of the Mediator.

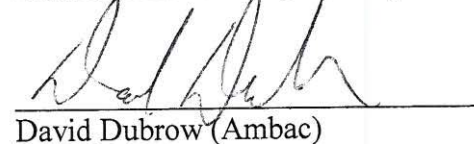

³ For example, assuming that a class of Impaired Unsecured Financial Creditors were to receive, after giving effect to the 5% discount rate, a 70% recovery on account of their allowed claims, the additional recovery to the Bond Insurers under the MFN would be \$502,500.

The undersigned confirm that the attached Term Sheet reflects the agreement of their respective clients.

TERMS OF PFRS PENSION RESTORATION

Terms of PFRS Pension Restoration

Pension Restoration Process

The following rules shall govern how accrued pensions, including COLA benefits, that are reduced as part of the Plan of Adjustment, shall be restored during the thirty year period following the Confirmation Order. The pension restoration process shall be supervised and restoration decisions undertaken by the Investment Committee of each of PFRS or GRS, or except as may be otherwise provided in the pension governance provisions set forth in the State Contribution Agreement and exhibits thereto.

GENERAL RESTORATION RULES

I. PFRS RESTORATION

1. Waterfall Categories

There will be three Waterfall Classes:

- a. PFRS Waterfall Class 1 – Retirees in retirement benefit pay status as of June 30, 2014, and their surviving spouses and beneficiaries
- b. PFRS Waterfall Class 2 – Retirees, who entered into retirement benefit pay status after June 30, 2014, and their surviving spouses and beneficiaries, and who are in pay status as of the end of the PFRS Fiscal Year prior to the year in which the restoration decision is made
- c. PFRS Waterfall Class 3 – All retirees, surviving spouses, and beneficiaries in pay status and all other PFRS participants who as of June 30, 2014 are not in retirement benefit pay status

2. General PFRS Pension Restoration Through June 30, 2023

Each year in conjunction with the annual actuarial valuation report, the PFRS actuary will project the PFRS Funded Ratio as of 2023 based upon the market value of plan assets relative to the actuarial accrued liabilities (the “Funded Level”). This projection will be further based upon a 6.75% assumed rate of investment return which is net of expenses, future employer contributions as set forth in the Plan of Adjustment and such other actuarial assumptions as utilized by the PFRS actuary. The Projected Funded Level will be 75%, and the Restoration Target will be 78%, both projected to June 30, 2023. If the actuary projects that Funded Level as of 2023 exceeds the Restoration Target (i.e., 78%), a credit of assets for bookkeeping purposes will be made into a notional Restoration Reserve Account. The notional credit will be an amount equal to the excess of assets above the amount needed to satisfy the Restoration Target. Each year thereafter, additional assets will be credited to the Restoration

Reserve Account equal to the net return on plan investments but capped at the actuarially assumed rate of investment return (i.e., 6.75% for the period through June 30, 2023) In the event of net losses, the credited asset value of the Restoration Reserve Account will be diminished.

Actual restoration payments and restoration credits will work as follows: each year in conjunction with the preparation of the annual actuarial valuation report and following establishment of the Restoration Reserve Account, the PFRS actuary will determine whether there are sufficient funds in such account to restore COLA benefits in a minimum amount of 10% or more . For Example: If a retiree's then current COLA benefit is a 1.0% annual compounded COLA, the minimum incremental restoration would increase the COLA benefit to 1.225%. COLA restoration only will occur if the funding level in the Restoration Reserve Account can fund 100% of the COLA increase over the actuarially-projected lives of the eligible recipient PFRS Waterfall Class. If the actuary certifies that the Restoration Reserve Account as of the end of the prior PFRS fiscal year satisfies the required funding level, then in the next immediate PFRS fiscal year, actual COLA restoration payments will be made to PFRS Waterfall Class 1 members until an amount sufficient to fund 66% of the value of their future COLA payments has been funded . At that juncture, and to the extent that additional assets in the Restoration Reserve Account will fully fund COLA restoration in at least one minimum 10% increment (i.e., amounts equal to 10% of the value of future COLA payments), PFRS Waterfall Class 2 members will receive COLA restoration until an amount sufficient to fund 66% of the value of their future COLA payments has been funded . At that juncture, and to the extent that additional assets in the Restoration Reserve Account will fully fund COLA restoration in at least one minimum 10% increment (i.e., amounts equal to 10% of the value of future COLA payments), PFRS Waterfall Class 3 members will receive COLA restoration on a pro-rata basis. For PFRS Waterfall Class 3 members who are in pay status at that time of restoration, they will receive COLA payments; for active employees at the time of restoration, they will receive credits granting them a right upon retirement to receive COLA restoration equal to the 10% increments that are fully funded to PFRS Waterfall Class 3 members. For Example: Assume there are sufficient assets credited to the Restoration Reserve Account as of the end of a fiscal year to fully fund 66% of the value of the COLA for all PFRS Waterfall Class 1 and Class 2 members. To the extent additional assets are available in the Restoration Reserve Account, to fully fund at least a 10% COLA increment, all retirees would receive a restoration payment of 76% of the value of their COLAs and a 10% COLA increment would be credited to eligible active employees which would be included in their benefit payments upon retirement (thus causing their COLAs to increase in value from 45% to 55%). Restoration amounts actually paid from the Restoration Reserve Account will be debited from such account.

Once restoration payments and credits begin, as long as the Restoration Reserve Account continues to have assets to fund 100%% of an incremental COLA

restoration amount for such Waterfall Class for their actuarially projected lives, the restoration payments and credits will continue; provided, however, that in the event the PFRS Funding Level projected to 2023 falls below 76% (hereinafter, "Restoration Reserve Suspension Trigger"), then further allocations to the notional Restoration Reserve Account will cease notwithstanding the actual net PFRS investment returns for the fiscal year in question. Furthermore, if the PFRS funded level projected to 2023 falls below the Projected Funded Level (75%) then restoration payments to retirees and credits to active employees in the following year will be modified in the following manner: (1) funds previously credited to the Restoration Reserve Account will be notionally transferred and credited to the PFRS Pension Reserve Account in sufficient amounts to restore PFRS funded level to 75%; (2) if following such transfer, the remaining Restoration Reserve Account assets (if any) are sufficient to fully fund one or more COLA restoration increments (i.e., 10% COLA values) to one or more PFRS Waterfall Class categories, then as to such increments, the restoration payments shall continue.

In connection with preparation of the actuarial report for FY 2023, the PFRS actuary will determine whether PFRS has satisfied the Permanent Restoration Target of 78%. Transfers from the Restoration Reserve Account for credit to the PFRS Pension Reserve Account may be made in such amounts as are necessary to satisfy the Permanent Restoration Target. If the PFRS Ffunded Level as of June 30, 2023 is equal to or greater than the Permanent Restoration Target of 78%, then the amounts in the Restoration Reserve Account that fully fund incremental COLA restoration payments for a PFRS Waterfall Class shall be transferred from the Restoration Reserve Account and credited to the PFRS Pension Reserve Account and the applicable incremental COLA payments shall be permanently restored and shall no longer be variable.

3. General PFRS Pension Restoration from July 1, 2023 to June 30, 2033.

During this period, the Projected Funded Level will be [85%], the Restoration Target shall be [88%], and the Restoration Reserve Suspension Trigger shall be [86%] all as of 2033. The same rules for restoration payments that applied during the period ending June 30, 2023 shall apply except as follows. For purposes of determining whether the 2033 Restoration Target has been satisfied, the Plan actuary shall project investment returns through June 30, 2033 at the then current investment return assumption and the applicable actuarial assumptions as utilized in the annual actuarial valuation. . Further, the Plan actuary shall assume, for purposes of satisfying the Restoration Target, that the annual City contribution amount shall be the annual amount of contributions necessary to fund the PFRS based upon an amortization of the actual 2023 UAAL (using the market value of assets) (with interest on the outstanding principal at the then investment return rate) over 30 years (hereinafter, the "2023 UAAL Amortization"). To the extent that the City's actual contributions to the PFRS in any of the FYs 2024 through 2033 are greater than the projected annual

contribution under the 2023 UAAL Amortization, such amounts, and any investment earnings thereon, shall be notionally credited to a new bookkeeping account in PFRS called the Extra Contribution Account. In determining pension restoration during the period from FY 2023 through 2033, none of the amounts in the Extra Contribution Account shall be considered for purposes of determining the projected Funded Level for the Restoration Trigger. To the extent that the City's actual contributions to the PFRS in any of the FYs 2023 through 2033 are less than the projected annual contribution under the 2023 UAAL Amortization, such difference and any investment earnings thereon shall be notionally allocated to the Restoration Reserve Account.

Each year in addition to the credit of assets above the Restoration Target, additional assets will be allocated to the Restoration Reserve Account, equal to the net return on plan investments, but capped at the then actuarial investment return assumption.

In connection with preparation of the annual actuarial valuation report for FY 2033, the PFRS actuary will determine whether PFRS has satisfied the Permanent Restoration Target of [88%]. Transfers from the Restoration Reserve Account for credit to the PFRS Pension Reserve Account may be made in such amounts as are necessary to satisfy the Permanent Restoration Target. If the funding level as of June 30, 2033 is equal to or greater than the Permanent Restoration Target of [88%], then the amounts in the Restoration Reserve Account that fully fund incremental COLA restoration payments for a Waterfall Class shall be transferred from the Restoration Reserve Account and credited to the PFRS Pension Reserve Account and the applicable incremental COLA payments shall be permanently restored and shall no longer be variable.

4. General PFRS Pension Restoration from July 1, 2033 to June 30, 2043.

During this period, the Projected Funded Level will be [92%], the Restoration Target shall be [95%], and the Restoration Reserve Suspension Trigger shall be [93%]. The same rules for restoration that applied during the period ending June 30, 2033 shall otherwise apply.

In connection with preparation of the annual actuarial valuation report for FY 2043, the PFRS actuary will determine whether PFRS has satisfied the Permanent Restoration Target of [95%]. Transfers from the Restoration Reserve Account for credit to the PFRS Pension Reserve Account may be made in such amounts as are necessary to satisfy the Permanent Restoration Target. If the funding level as of June 30, 2043 is equal to or greater than the Permanent Restoration Target of [95%], then the amounts in the Restoration Reserve Account that fully fund incremental COLA restoration payments for a Waterfall Class shall be transferred from the Restoration Reserve Account and credited to

the PFRS Pension Reserve Account and the applicable incremental COLA payments shall be permanently restored and shall no longer be variable.

TERMS OF GRS PENSION RESTORATION

Terms of GRS Pension Restoration

Pension Restoration Process

The following rules shall govern how accrued pensions, including COLA benefits, that are reduced as part of the Plan of Adjustment, shall be restored during the thirty year period following the Confirmation Order. The pension restoration process shall be supervised and restoration decisions undertaken by the Investment Committee of each of PFRS or GRS, or except as may be otherwise provided in the pension governance provisions set forth in the State Contribution Agreement and exhibits thereto.

GENERAL RESTORATION RULES

I. GRS RESTORATION

1. Waterfall Categories

There will be three Waterfall Classes:

- a. GRS Waterfall Class 1 – Retirees, in retirement benefit pay status as of June 30, 2014, and their surviving spouses and beneficiaries
- b. GRS Waterfall Class 2 – Retirees, who entered into retirement benefit pay status after June 30, 2014, and their surviving spouses, and beneficiaries, and who are in pay status as of the end of the GRS Fiscal Year prior to the year in which the restoration decision is made
- c. GRS Waterfall Class 3 – All other GRS participants who as of June 30, 2014 are not in retirement benefit pay status

2. General GRS Pension Restoration Through June 30, 2023

Each year in conjunction with the annual actuarial valuation report, the GRS Plan actuary will project the GRS Funded Ratio as of 2023 based upon the market value of plan assets relative to the Actuarial Accrued Liabilities (the “Funded Level”). This projection will be further based upon a 6.75% assumed rate of investment return which is net of expenses, future employer contributions as set forth in the Plan of Adjustment and such other actuarial assumptions as utilized by the GRS actuary. The Projected Funded Level will be 70%, the Restoration Target will be 75%, and the Restoration Reserve Suspension Trigger will be 71%, all projected to June 30, 2023. If the actuary projects that the Funded Level as of June 30, 2023 exceeds the Restoration Target (i.e., 75%), a credit of assets for bookkeeping purposes will be made into a new notional Restoration Reserve Account. The notional credit will be in an amount equal to the excess of assets above the amount needed to satisfy the Restoration Target. Each year thereafter, additional assets will be credited to the Restoration Reserve Account,

equal to the net return on plan investments, but capped at actuarially assumed rate of investment return (i.e., 6.75% for the period through June 30, 2023). In the event of net losses, the credited asset value of the Restoration Reserve Account will be diminished.

Actual restoration payments and credits will work as follows: Each year in conjunction with preparation of the annual actuarial valuation report and following establishment of the Restoration Reserve Account, the GRS actuary will determine whether there are sufficient funds in such account to restore a portion of the 4.5% across the board pension cuts in minimum incremental portions equal to $\frac{1}{2}\%$ of the monthly benefit for each member of GRS Waterfall Class 1 (i.e. reducing the initial across the board cut to 4.0%). This restoration only occurs if the funded level in the Restoration Reserve Account can fund 100% of each incremental increase over the remaining actuarially-projected lives of the eligible recipients in GRS Waterfall Class 1. If the Restoration Reserve Account satisfies the required funding level, then in the next GRS fiscal year, actual restoration payments will be made to Waterfall Class 1 members in amounts equal to the increments that have been fully funded in the Restoration Reserve Account. Once Waterfall Class 1 has sufficient assets in the GRS Restoration Reserve Account to fully fund and restore the 4.5% cut in their monthly benefits, and to the extent that additional assets in the Restoration Reserve Account remain and will fully fund at least $\frac{1}{2}\%$ of the monthly benefit for each member of GRS Waterfall Class 2, then GRS Waterfall Class 2 members will receive pension restoration in minimum $\frac{1}{2}\%$ benefit increments until an amount equal to the 4.5% cuts in their monthly benefits has been fully funded. At that juncture, and to the extent that additional assets in the Restoration Reserve Account remain and will fund at least a minimum $\frac{1}{2}\%$ of the monthly benefit of each member in GRS Waterfall Class 3, then each such member of the class shall receive a credit granting them a right upon retirement to receive pension restoration equal to the benefit increments that are fully funded.

After the full 4.5% across the board pension cuts are restored for all three GRS Waterfall Classes, and to the extent there are additional assets in the Restoration Reserve Account, such assets will be used to fully fund and restore a portion of the COLA values that were eliminated as part of the POA. COLA will be restored in minimum 10% COLA value increments up to 50% of the future COLA values for each member of GRS Waterfall Class 1, then up to 50% of the future COLA values for each member of Waterfall Class 2, and then up to 50% of the future COLA values for each member of Waterfall Class 3 until all members of the three GRS Waterfall Classes have had 50% of the value of their COLAs fully funded and restored. After 50% of the future values of COLA have been fully funded and restored, and to the extent there are additional assets in the Restoration Reserve Account for each of the three GRS Waterfall Classes, then a second 50% COLA restoration will be made, first to members of GRS Waterfall Class 1, then Waterfall Class 2, and then Waterfall Class 3. Classes will be restored in minimum 10% COLA value increments.

If the amounts in the Restoration Reserve Account are sufficient to fully-fund the 4.5% across the board pension cuts for all three GRS Waterfall Classes and 100% COLA restoration for all three GRS Waterfall Classes, then any additional assets in the Restoration Reserve Account shall be used to increase the frozen accrued benefits of active and other GRS participants whose ASF accounts were diminished as part of the ASF Recoupment, such that they receive treatment equal to the 20/20 CAP applied to retirees in pay status under the Plan of Adjustment. If after such pension restoration there are additional assets in the Restoration Reserve Account, GRS Waterfall Class 1 members will receive pension restoration in $\frac{1}{2}\%$ benefit increments of the reductions to their monthly pension due to ASF Recoupment, and once such pension benefits are restored, Waterfall Class 2 members will receive pension restoration in $\frac{1}{2}\%$ benefit increments in connection with the reductions to their monthly pensions due to ASF Recoupment.

Once restoration payments to applicable retirees and restoration credits to active employees begin, as long as the Restoration Reserve Account continues to have assets sufficient to fund 100% of an incremental pension restoration amount for such GRS Waterfall Class members for their actuarially projected lives, such restoration payments and credits will continue; provided, however, that in the event the GRS Funded Level falls below the Restoration Reserve Suspension Trigger, then further credits to the notional Restoration Reserve Account will cease notwithstanding the actual net GRS investment returns for the fiscal year in question. Furthermore, if the GRS funded level projected to 2023 falls below the Projected Funded Level (70%) then restoration payments and credits in the following year will be modified in the following manner: (1) funds previously credited to the Restoration Reserve Account will be notionally transferred and credited to the GRS Pension Reserve Account in sufficient amounts to restore GRS funding to 70%; (2) if following such transfer, the remaining Restoration Account Assets (if any) are sufficient to fully fund one or more pension restoration increments (e.g., a $\frac{1}{2}\%$ monthly pension benefit) to one or more GRS Waterfall Class categories, then as to such increments the restoration payments shall continue.

In connection with preparation of the actuarial report for FY 2028, the GRS actuary will determine whether GRS has satisfied the Permanent Restoration Target of 75%. Transfers from the Restoration Reserve Account for credit to the GRS Pension Reserve Account may be made in such amounts as are necessary to satisfy the Permanent Restoration Target. If the GRS Funded Level as of June 30, 2028 is equal to or greater than the Permanent Restoration Target of 75%, then the amounts in the Restoration Reserve Account that fully fund incremental pension restoration payments for a GRS Waterfall Class shall be transferred from the Restoration Reserve Account and credited to the GRS Pension Reserve Account and the applicable incremental COLA payments shall be permanently restored and shall no longer be variable.

3. General GRS Pension Restoration from July 1, 2023 to June 30, 2033.

During this period, the Projected Funded Level will be [82%], the Restoration Target shall be [85%], and the Restoration Reserve Suspension Trigger shall be [83%]. The same rules for restoration payments and credits that applied during the period ending June 30, 2023 shall apply except as follows. For purposes of determining whether the 2033 Restoration Target has been satisfied, the Plan actuary shall project investment returns through June 30, 2033 at the then current investment return assumption and the applicable actuarial assumptions as utilized in the annual actuarial valuation. Further, the GRS Plan actuary shall assume, for purposes of satisfying the Restoration Target, that the annual City contribution amount shall be the annual amount of contributions necessary to fund the GRS based upon an amortization of the actual 2023 UAAL at market value (with interest on the outstanding principal at the then investment return rate) over 30 years (hereinafter, the "2023 UAAL Amortization"). To the extent that the City's actual contributions to the GRS in any of the FYs 2024 through 2033 are greater than the projected annual contribution under the 2023 UAAL Amortization, such amounts, and any investment earnings thereon, shall be notionally credited to a new bookkeeping account in GRS called the Extra Contribution Account. In determining pension restoration during the period from FY 2023 through 2033, none of the amounts in the Extra Contribution Account shall be considered for purposes of determining the projected Funded Level for the Restoration Trigger. To the extent that the City's actual contributions in any of the FYs 2024 through 2033 are less than the projected annual contribution under the 2023 UAAL Amortization, such difference and any investment earnings thereon shall be notionally allocated to the Restoration Reserve Account. .

Each year, in addition to the credit of assets above the Restoration Target, additional assets will be credited to the Restoration Reserve Account, equal to the net return on plan investments, but capped at the then investment return assumption.

In connection with preparation of the annual actuarial valuation report for FY 2033, the GRS actuary will determine whether GRS has satisfied the Permanent Restoration Target ([83%]). Transfers from the Restoration Reserve Account for credit to the GRS Pension Reserve Account may be made in such amounts as are necessary to satisfy the Permanent Restoration Target. If the funding level as of June 30, 2033 is equal to or greater than the Restoration Target funded, then the amounts in the Restoration Reserve Account that fully fund at minimum one or more incremental pension restoration payments for a Waterfall Class shall be transferred from the Restoration Reserve Account and credited to the GRS Pension Reserve Account and the applicable incremental COLA payments shall be permanently restored and shall no longer be variable.

4. General GRS Pension Restoration from July 1, 2033 to June 30, 2043.

During this period, the Projected Funded Level will be [90%], the Restoration Target shall be [93%], and the Restoration Reserve Suspension Trigger shall be [91%]. The same rules for restoration that applied during the period ending June 30, 2033 shall otherwise apply.

In connection with preparation of the annual actuarial valuation report for FY 2043, the GRS actuary will determine whether GRS has satisfied the Permanent Restoration Target [91%]. Transfers from the Restoration Reserve Account for credit to the GRS Pension Reserve Account may be made in such amounts as are necessary to satisfy the Permanent Restoration Target. If the funding level as of June 30, 2043 is equal to or greater than the Permanent Restoration Target , then the amounts in the Restoration Reserve Account that fully fund at minimum one or more incremental pension restoration payments for a Waterfall Class shall be transferred from the Restoration Reserve Account and credited to the GRS Pension Reserve Account and the applicable incremental COLA payments shall be permanently restored and shall no longer be variable.

1 THE CLERK: Calling the matter of 13-53846, City of
2 Detroit, Michigan.

3 THE COURT: Good morning. Looks like everyone is
4 here. Go ahead, sir.

5 MR. HEIMAN: Good morning, your Honor. David
6 Heiman, Jones Day, on behalf of the city, and I'm very
7 pleased this morning. Once again, I've said this, but to do
8 something -- to announce a development that we probably had
9 concluded would not happen has happened today. I'm pleased
10 and privileged to report that more than a year of litigation
11 between the city and Syncora has now come to an end, and we
12 have settled our dispute. I want to make it clear that the
13 settlement does not resolve the Class 9 treatment. FGIC will
14 continue to object, as far as we understand it. They can
15 speak for themselves today, but efforts to reach a settlement
16 with them at least thus far have not been successful.
17 However, the settlement, in our minds, a very favorable one
18 to the city, is a very significant step in the city's efforts
19 to move swiftly through this confirmation process and to exit
20 Chapter 9 as soon as possible and to return the city to its
21 citizens.

22 With that in mind and maybe a little bit out of
23 order, I'd like to thank some people here if I may because
24 this is the reflection, manifestation of a huge amount of
25 work by a lot of people, so I'd like to first thank the

1 Court, who has been encouraging of settlement and also
2 provided the time for the parties to actually work together
3 to settle. And as your Honor knows, the mediators have been
4 incredibly instrumental in helping the parties find common
5 ground, the mediators in this particular instance being
6 Judges Rosen and Perris and Eugene Driker. So I want to
7 thank them for just another example of persistence and
8 tireless efforts on their part, and I think, as your Honor
9 knows, I think it's hard to know where we'd be in this case
10 without the support of the mediators throughout this process.

11 I'd like to thank the parties themselves, both the
12 city and Syncora, who have laid down their swords after much
13 fighting. It takes a lot of emotional and, you know, mature
14 effort to do that. In particular, I'd like to thank the
15 advisors, professionals on both sides. Again, after being
16 passionate adversaries for more than a year in litigation,
17 today those professionals are now acting in concert in
18 support of the city.

19 Just a word or two about the plan -- I'm sorry --
20 the settlement, which will become part of the plan -- Ms.
21 Ball will be more specific in a moment, but I'd like to do
22 just a little bit of an overview. First, and of great value
23 to the city, is that Syncora will be withdrawing all
24 objections across the board in connection with the plan or
25 other aspects and appeals that may be outside of the plan,

1 and they will become a supporter of the plan as well as a
2 supporter of continuing litigation relating to the COPs
3 causes of action that are existing today in front of the
4 Court. The plan itself provides for a 13.7-percent recovery
5 on the Syncora-related claims both to be paid by virtue of a
6 portion of the B notes -- 60 percent of the reserve on the B
7 notes will go to Syncora -- and other consideration that Ms.
8 Ball will detail.

9 The other part of the settlement is to establish a
10 commercial relationship between Syncora and the city for the
11 long term regarding development of certain assets that the
12 city owns or will transfer to a Syncora subsidiary, and the
13 city and Syncora will work together in the development of
14 those properties. So that part of the settlement will be
15 reflected in the implementation section of the plan, and
16 Ms. Lennox can address more specifics on that if you want, so
17 we have two parts to the settlement. One part is claim
18 treatment, and the other is related to the new commercial
19 relationship.

20 What I'd like to do today is have various of our
21 lawyers plus Ryan Bennett speak to specifics of the
22 settlement or procedures, so -- and in this case, it does
23 take a village to get this done, so I would have Ms. Ball
24 address the specifics of the settlement, Mr. Bennett comment
25 to the extent he feels necessary, Ms. Lennox report to the

1 Court on where we stand on the documentation that reflects
2 the settlement and the filing of that, Mr. Miller on certain
3 commitments to the Retirees' Committee, and Mr. Cullen on
4 what the city sees as an appropriate procedure for continuing
5 the confirmation trial. I apologize for all of that, but
6 it's -- as I say, it was a complicated settlement and
7 requires a lot of thought and presentation to the Court.

8 As to the status of the agreement, I want to make it
9 clear we have an agreement. The last time we saw you, it was
10 an agreement in principle, and everybody went to work until
11 the wee hours this morning to come up with what is an
12 agreement. There are aspects of the agreement that we still
13 need to work on, but we're agreed on how to do that. So not
14 surprisingly, when there are transfers of properties and
15 diligence required and planning for development of those
16 properties, there is -- there are a little bit of moving
17 targets on which properties and so forth, so the one tag area
18 of the settlement that we need to continue to work on but is
19 not going to come back before the Court is with respect to
20 two properties, so late last night the city discovered
21 certain parcels previously included in the development
22 agreement that could not be conveyed to Syncora. As a
23 result, the city agrees that by the close of business on
24 Tuesday, September 16, 2014, the city will provide Syncora
25 with properties that represent reasonably equivalent value

1 consistent with that development scheme or their development
2 scheme that are reasonably accepted to Syncora. They may
3 actually conceivably be the same properties or replacement
4 properties. The parties have agreed that we can fix this one
5 tag issue hopefully with relative ease within the next 48
6 hours and probably sooner.

7 As to the documentation that is necessary for this,
8 Ms. Lennox will report to you on it, but as far as we're
9 concerned and I think as far as Kirkland & Ellis is
10 concerned, we're pretty much done with that, still, you know,
11 some wordsmithing, I suppose.

12 One last point. We have been working -- well, since
13 last Thursday with the Retirees' Committee and the holders of
14 the LTGOs to discuss how they view the impact of this
15 settlement on them, and we have made a lot of progress in
16 those discussions and expect to continue those discussions
17 this morning and are confident that we can conclude those
18 discussions, so we will need to do that before we file the
19 documents. Thank you, your Honor.

20 MS. BALL: Good morning, your Honor. Corinne Ball
21 of Jones Day for the city. Perhaps we should start with just
22 a review of the context that brings us here. As your Honor
23 is aware, there are many relationships between Syncora and
24 the city other than Syncora's role as COP -- an insurer of
25 the certificates of participation. Syncora is a swap

1 insurer. Syncora has insured the unlimited tax general
2 obligation bonds. Syncora is an insurer of the certificates
3 of participation. Syncora is a holder of the certificates of
4 participation. And in addition to that, Syncora, through its
5 subsidiary, American Roads and Pike Pointe, is a lessee of
6 the city on the Windsor Tunnel and, as a consequence of that,
7 is also present in surrounding buildings as a lessee at the
8 terminus of the tunnel on the Detroit side. In fact, it has
9 some hundred employees in Detroit in its headquarters in that
10 location.

11 Your Honor, with that, perhaps I'd like to walk you
12 through, with your permission, the elements of the
13 settlement, and we have -- if your Honor would like one, I
14 have a PowerPoint, if I may approach.

15 THE COURT: Yes.

16 MS. BALL: Perhaps we can walk through it. Your
17 Honor, this is a global settlement and a global resolution of
18 the multiple roles and relationships that Syncora has with
19 the city and has had over the past year in this courtroom.
20 If we could go through it, it is a -- we are entering into a
21 development agreement, which Mr. Heiman described, which
22 relates to properties, in essence, near the terminus of the
23 Windsor Tunnel. We are amending the lease for the Windsor
24 Tunnel and assuming it under the plan. Your Honor may or may
25 not be aware, but the lessee of that tunnel went through its

1 own bankruptcy in parallel with the city's bankruptcy, and
2 Syncora has, in fact, taken over that role as of September
3 2013, so they're new to the city, and we needed a new and
4 better relationship. We're also settling Syncora's COPs
5 situation, and we're resolving all litigation related to the
6 Chapter 9 whether in this court, your Honor, or on the
7 appellate levels. And that, of course, your Honor, will also
8 resolve their secured claims -- their asserted secured
9 claims, which your Honor may recall were one of the very
10 first disagreements that the city and Syncora had.

11 On the development agreement, the city and a
12 subsidiary of Syncora called Pike Pointe will enter into a
13 development agreement. Under the agreement, the developer is
14 granted an option to acquire certain specified properties
15 that will last five years from the effective date subject to
16 extension in certain instances. Prior to the exercise of the
17 option, the developer may undertake due diligence of the
18 properties. Once the option is exercised, the developer must
19 develop the applicable property into parking facilities,
20 residential housing, commercial retail space, and any other
21 use suitable for location consistent with the city's urban
22 planning policies and the city's comprehensive development
23 plan. The developer will have 15 months to begin developing
24 the property or else it will revert to the city. The
25 developer must also complete construction within three years

1 and three months of exercising its option. The city and the
2 Syncora subsidiary will also enter into an option to enter
3 into a 30-year concession with respect to the Grand Circus
4 garage including an obligation to invest 13.5 million in
5 capital expenditures during the first five years of that
6 long-term leasing arrangement for that parking garage.

7 With respect to the tunnel lease, the city will
8 extend and assume the lease as amended of the Detroit-Windsor
9 Tunnel and the related properties which I mentioned earlier,
10 your Honor, surrounding the terminus of the tunnel. The
11 amended lease will extend the term from November 2020 to
12 December 2040. The amended lease will contain additional
13 reporting requirements on the part of the tunnel company, and
14 the city will only be limited in its ability to disclose that
15 information in very certain specific circumstances, which
16 compares to today, which it is a fairly opaque relationship
17 from the city's point of view. The tunnel company will
18 maintain the city portion of the tunnel to the same standard
19 as the Windsor side. The amended lease will also allow the
20 tunnel company to offset certain capital expenditures made to
21 improve the tunnel against the tunnel's rent obligations.
22 During the initial term of the lease, your Honor, which is
23 the current lease, which runs through 2020, the tunnel may
24 credit capital expenditures against its rent up to the full
25 amount of the rent due during this period. During the

1 extension term, your Honor, they may credit capital
2 expenditures against 75 percent of the annual rent subject to
3 certain limitations. In all, the tunnel company may not
4 credit more than eight million of capital expenditures
5 against rent during the extension term, but in all, your
6 Honor, it represents a substantial commitment to improve the
7 condition and safety of the tunnel. The amendment
8 anticipates and does not preclude a new joint operating
9 agreement with respect to the Windsor portion of the tunnel
10 and a new -- potentially new intergovernmental authority
11 between Detroit and Windsor to allow the tunnel to be
12 operated in an integrated manner. Your Honor, that's
13 providing for the future.

14 With respect to the settlement of the COPs held and
15 insured by Syncora, your Honor, the plan provides for the
16 creation of a litigation trust, and the remaining interest in
17 that trust I may remind your Honor belongs to other creditors
18 of the city, does not revert to the city. The litigation
19 trust established under the plan will purchase Syncora's COPs
20 and COPs claims in exchange for new B notes. Your Honor,
21 that's the nomenclature that has been in the plan to describe
22 the notes issued to the various unsecured classes under the
23 plan, the OPEB class, Class 12, general unsecured class,
24 Class 14, and the COPs class, Class 19. It also provides for
25 an enhancement for Class 9 consisting of new C notes and

1 something that we call settlement credits. That, your Honor,
2 is what, in essence, leads us to describe the Class 9
3 treatment as being enhanced to provide 13.9 percent as
4 opposed to the original estimates of 10 percent on account of
5 Class 9. As a settling party, Syncora will be included as an
6 exculpated party under the plan of adjustment subject to
7 certain agreed carveouts. Importantly, your Honor, this
8 settlement offer with the enhanced portion of the C notes and
9 the settlement credits will be made available to any COP
10 claimant that opts into the settlement prior to the effective
11 date on the plan of adjustment. The COP claimants that do
12 not participate in the settlement will receive the treatment
13 previously set forth in the sixth amended plan. Notably,
14 your Honor, no enhancement with the C notes and the
15 settlement credits unless the COP claimants opt in.

16 Your Honor, if we move ahead, on the effective date,
17 Syncora will receive 23.5 million in new B notes. Your
18 Honor, that number refers to the face amount, and that number
19 represents 60.358 percent of the total COP claims asserted by
20 Syncora. If we move ahead, the enhancement on the settlement
21 of the COPs is on the effective date Syncora will receive
22 approximately 21.3 million in new unsecured five-percent C
23 notes due in 2026. These new 12-year C notes bear interest
24 at the rate of five percent. Through the operation of the
25 parking system in the city, the city will segregate certain

1 parking revenues each year until monies sufficient to meet
2 the annual debt service on these new C notes is set aside.
3 The notes are unsecured, and, though due in 2026, they must
4 be prepaid in the event of certain parking asset disposition
5 should the city decide to sell or outsource its parking, and
6 they may be prepaid at the city's option at any time without
7 premium or penalty.

8 I think, your Honor, if we move ahead to the
9 settlement credits, alternately called vouchers, and to some
10 others almost green stamps, I think was the phrase that we
11 used -- on the effective date, Syncora will receive 6.25
12 million in Class 9 settlement credits. What are they?
13 Settlement credits may be applied towards the purchase of
14 eligible city assets. Eligible city assets include the Joe
15 Louis Arena post-demolition in 2017 when it's available.
16 Should the city pursue a proposal for its parking assets,
17 that's an eligible asset. And real property located -- your
18 Honor, it's real property within three miles of the tunnel
19 terminus, again, back to their current presence. To apply
20 the credits, the owner must participate in the normal
21 procurement or auction process run by the city. It has to be
22 the final party selected in that procurement or auction
23 process and otherwise satisfy all the requirements.
24 Settlement credits can only be used for 50 percent of the
25 purchase price of an eligible asset. Importantly, your

1 Honor, these settlement credits can be freely assigned or
2 transferred. We thought that was an important feature
3 particularly for those COPs holders who may not have a
4 relationship with the City of Detroit on an ongoing basis.

5 Your Honor, if we move to the litigation front,
6 whether it's the swaps, the COPs, the UTGOs, or the appeals,
7 the many appeals, Syncora will now support the plan, and I
8 think it has already filed some withdrawal of its objections,
9 but it will promptly withdraw all objections to confirmation
10 of the city's plan of adjustment, which will be, your Honor,
11 at this time without prejudice but obviously will mature as
12 we move forward through confirmation. Subject to definitive
13 documentation on the confirmation date of the plan, Syncora
14 will withdraw all plan objections with prejudice. Syncora's
15 appeals will be held in abeyance, your Honor, as we plan to
16 file a joint motion to stay them until the process is
17 complete and the plan becomes effective at which point such
18 appeals will be withdrawn with prejudice. And, your Honor,
19 among others, it includes the public lighting authority
20 appeal, the post-petition financing appeal, the automatic
21 stay appeal, the swaps settlement appeal, the mediation
22 appeal, and I think there may be a few I've missed. In
23 satisfaction of its asserted secured claims relating to the
24 collateral account, your Honor may recall, that was
25 associated with the casino revenues and other litigation

1 claims, Syncora will receive \$5 million. I think Mr. Cullen
2 will assist the Court, but we anticipate there will be
3 further trial process motions and exhibits which will accord
4 and reinforce Syncora's agreement to support the plan. With
5 that, your Honor, I'm happy to answer any questions you may
6 have.

7 THE COURT: Can we go back to Slide 5, please?

8 MS. BALL: Yes, sir.

9 THE COURT: For other COP claimants who opt in, what
10 do they give up by opting in, and what does the city get?

11 MS. BALL: Your Honor, they will be selling their
12 COPs claims to the litigation trust, and the city would be
13 distributing not only the B notes, which were described in
14 the existing sixth amended plan, they will also be getting
15 their share of the enhancement, the new C notes and the
16 settlement credits.

17 THE COURT: Thank you.

18 MS. BALL: Anything else, your Honor?

19 THE COURT: No.

20 MS. BALL: Thank you. With that I would defer to
21 Ms. Lennox as to how we're working this through the plan.

22 MR. BENNETT: Good morning, your Honor. Ryan
23 Bennett of Kirkland & Ellis on behalf of Syncora. I'm very
24 glad to be standing here before you today, your Honor. This
25 is a big day for Syncora and a big day for the City of

1 Detroit. We'd like to thank the Court, the Court's staff for
2 the time and patience over the past many months and thank the
3 mediators for their assistance, particularly over the past
4 three weeks as we've worked through what has been a very
5 complicated and creative resolution to Syncora's unique
6 relationship with the City of Detroit. Ms. Ball and Mr.
7 Heiman captured the settlement accurately. Syncora will
8 shortly be withdrawing its objections to the plan, its
9 various motions that are pending before the Court without
10 prejudice to our ability to renew our litigation should the
11 definitive documentation not be reasonably acceptable to the
12 city and Syncora and the plan not be confirmed, but we
13 expect, as Mr. Heiman highlighted, that we are substantially
14 done. We know we are substantially done and that that will
15 be coming shortly. Our appeals, likewise, will be held in
16 abeyance, as Ms. Ball pointed out, and dismissed with
17 prejudice upon the effective date. Your Honor, that's all I
18 have, fortunately. Thank you very much.

19 THE COURT: Thank you.

20 MS. LENNOX: Good morning, your Honor. With respect
21 to the plan process, as these developments with respect to
22 the settlement that Ms. Ball outlined have progressed, the
23 draft of the seventh amended plan has kept pace, so that is
24 in fairly good shape. We have, I think, a couple of things
25 that we're hoping to iron out with some other parties today.

1 Our goal is to file that plan today, you know, subject to
2 ironing out the differences, but we are in good shape on
3 that, your Honor.

4 MR. HEIMAN: Your Honor, before we call on Mr.
5 Cullen, I did mention that we would be hearing from Evan
6 Miller today, and -- oh, he was hiding, and I don't blame him
7 because he's a target for a lot of people.

8 MR. MILLER: Thank you for those kind words. Good
9 morning, your Honor. Evan Miller, Jones Day, for the City of
10 Detroit. I wanted to briefly talk about an issue in
11 connection with the Class 12, the so-called OPEB settlement.
12 Certain issues have arisen in connection with the -- excuse
13 me -- implementation and start-up of the so-called VEBA
14 trusts. Those would be the trusts that pursuant to the
15 settlement would be providing and paying for retiree health
16 insurance. And I want to advise the Court that the City of
17 Detroit commits to negotiate in good faith a resolution of
18 all of those issues relating to the start-up of the VEBAs.
19 We will do so as soon as practicable with the mediators, and
20 I can personally advise the Court that I'm confident that it
21 will be done in relatively short order. Thank you.

22 THE COURT: Thank you.

23 MR. CULLEN: Good morning, your Honor. Thomas
24 Cullen of Jones Day on behalf of the city. In light of these
25 developments, the city does propose to move forward with its

1 order of witnesses this week. We have -- that order,
2 serendipitously enough, really addresses issues at the front
3 end which are unconnected with the Syncora settlement,
4 principally the actuarial issues, art, and we have attempted
5 to move certain DWSD witnesses in front of any dealings with
6 the implications of the Syncora settlement. The first
7 witness to deal with those issues will be Mr. Malhotra, who
8 we believe comes up at the end -- on Friday, if at all, this
9 week. He's covering a great deal of ground, of course, and
10 there will be -- if not this week, there will be time over
11 the weekend to prepare any additional cross with respect to
12 the settlement for Mr. Malhotra. We believe that the -- that
13 that will allow the parties the ability to address the well-
14 trodden issues of art, DWSD, and actuaries this week and then
15 address the settlement-related issues either at the very end
16 of the week or early next.

17 THE COURT: Before you go, let's review your witness
18 order.

19 MR. CULLEN: Yes.

20 THE COURT: And can you describe in a sentence or
21 two what each will cover?

22 MR. CULLEN: Yes. This is what we have, your Honor.
23 Mr. Bowen is an actuary for Milliman. He worked on the
24 derivation and the implementation of the 6.75 revenue
25 assessment. He is a percipient witness, not an expert in

1 this case. He's going to testify about what actually
2 happened. Mr. Perry is an expert witness who will testify as
3 to the reasonableness of the 6.5. Ms. Fusco is the
4 representative of --

5 THE COURT: When you say 6.5 --

6 MR. CULLEN: 6.75.

7 THE COURT: 75, yeah.

8 MR. CULLEN: 6.75. I apologize, your Honor.

9 THE COURT: Let's not confuse the world on this.

10 MR. CULLEN: Yeah. I'm sorry. Thank you, your
11 Honor. Ms. Fusco is the representative of Christie's who
12 will testify as to their work. Ms. Nichol is an expert
13 witness who's going to be --

14 THE COURT: Well, stop there because we also have a
15 hearing today regarding Ms. Kopacz.

16 MR. CULLEN: Yes, your Honor. I was only addressing
17 the order of witnesses.

18 THE COURT: Okay.

19 MR. CULLEN: And this is all subject to the movement
20 of the Court, subject to the length of the cross-examination.
21 Ms. Nichol is going to be dealing with the issues of what is
22 the appropriate baseline to measure discrimination in the
23 plan. It's a witness of the Retirement Committee and
24 presented by them. Ms. Taranto is another actuarial witness.
25 We're hoping to get Mr. Bloom, who is the investment banker

1 on behalf of the Retirement Committees, who will testify as
2 to the arm's length nature of the negotiations and the result
3 of those negotiations with respect to pension issues.
4 Erickson and Plummer are both art -- are art valuation and
5 sale of the art issues. Mr. Satter has to do with the value
6 of the DWSD assets. Mr. Penske is a local notable developer
7 and a citizen of the city who will testify as to grand
8 bargain issues and investment in the city. Mr. Buckfire's
9 issues have been made available to the Court in his report.
10 He is not expected to testify with respect to the Syncora
11 settlement. Ms. McCormick will deal with -- McCormick will
12 deal with the DWSD issues and the operation of DWSD and
13 concerns which have been raised in this proceeding about the
14 capital expenditure budget and its sufficiency. Mr. Malhotra
15 is the E&Y witness with whom the Court is familiar, who will
16 testify as to the projections which will underlie the plan
17 and the baseline projections for the city. Mr. Orr then
18 comes up to testify with respect to the broad range of issues
19 relating to the plan and the settlements and feasibility and
20 other issues. Mr. Kaunelis is another DWSD witness with
21 respect to certain assumptions with respect to investment
22 principally. And Mr. Gilbert is, again, a citizen of Detroit
23 who will testify with respect to the grand bargain impact on
24 Detroit, et cetera. That is how we see it as of now, your
25 Honor.

1 THE COURT: And this is your projection for this
2 week and next?

3 MR. CULLEN: Yes, yes.

4 THE COURT: All right. Thank you. Let's leave that
5 up for a bit, if you don't mind. Okay. Thank you. I want
6 to add one other point here in relation to Syncora, which is
7 related only because it deals with Syncora. It has nothing
8 to do with the settlement, per se. The Court had entered an
9 order to show cause directed to Syncora and its attorneys why
10 they should not be sanctioned for the scandalous and
11 defamatory aspects of their second supplemental objection to
12 the plan. In the meantime, Kirkland & Ellis, on behalf of
13 itself and Syncora, has apologized to Judge Rosen and to Mr.
14 and Mrs. Driker for its conduct. The Court concludes that
15 those apologies, in the interest of justice, resolve any
16 issue of sanctions, and, accordingly, the Court here today
17 will be entering an order that vacates the order to show
18 cause and disposes of that issue. All right. Who wants to
19 be heard now?

20 MR. PEREZ: Good morning, your Honor. Alfredo Perez
21 on behalf of FGIC. Your Honor, we've listened to everything
22 that was said this morning, and I think I'm kind of standing
23 here in the same place I was a week ago or so last Tuesday.
24 We're going to need some time to prepare, and the issue is
25 when can we schedule that time. And so if the Court wants to

1 proceed with the actuaries and the art and then give us an
2 opportunity to prepare, I think that's perfectly appropriate,
3 but we're going to need a continuance for the two reasons
4 that we set forth in our papers. One, the additional time to
5 prepare, and, two, the additional time to prepare to the new
6 plan, which I'm glad we are going to get it today, and that
7 will give us -- but likely, your Honor, we're going to have
8 to have additional expert report. Likely, your Honor, we're
9 going to need to take one or two depositions, and we're going
10 to have to be able to be in a position to put on our case in
11 response to this new plan. So if the Court wants to proceed
12 with the actuaries and the, you know, several art witnesses
13 this week and then continue us until the 29th, I think we're
14 perfectly happy to do that, and I think that would allow
15 us -- although I really -- we really wanted to ask for two
16 weeks in our motion last night, but we decided that probably
17 wasn't doable and it wasn't as credible, but we are going to
18 need some time as set forth.

19 And we have this issue with the expert. There's no
20 reason why the city couldn't have agreed to let us use that
21 expert. They knew about it. They had the report. In the
22 interim, we're going to go and have to find our own expert.
23 So, your Honor, we're happy to proceed this week with those
24 sets of witnesses and then whenever Mr. Satter ends, take
25 that time off to prepare and come back on the -- and come

1 back on the 29th, and that's what we would propose.

2 MR. CULLEN: Thomas Cullen again, your Honor, for
3 the city. I would only say this, that distinctions must be
4 made here between the various interests we are working with
5 in dealing with the continuance of this proceeding. There is
6 the interest of the city itself in resolution of the
7 proceeding. There is the integrity of the proceeding. There
8 is the convenience of the witnesses to this proceeding, and,
9 finally, there is convenience of counsel. There's no doubt
10 about the interests of the city. The interests of the city
11 are to move forward as quickly as possible. The Court is
12 aware of the tremendous run rate of expense of this
13 proceeding. A week off from presenting evidence is not a
14 week off from the run rate of those expenses for the city.
15 The transition of the city to the post-emergency manager
16 world is proceeding apace as we speak. The sooner we get out
17 of this proceeding, the better it is for the city, the better
18 it is for that transition. The resolution of all of these
19 issues is critical to how the city moves forward.

20 With respect to the witnesses, it's no doubt that
21 they've rearranged their life to do this. You look at where
22 we are with Mr. Penske and Mr. Gilbert. As you might
23 imagine, they are very difficult people to schedule for
24 various good and sufficient reasons. I believe that the
25 sooner we get Mr. Malhotra on and all of his testimony in the

1 better that the opponents of the city will know how -- what
2 they need in terms of experts or not. The sooner we get
3 Mr. Orr in front of the Court, the better that they will know
4 going into those -- the gap between the 25th and the 26th in
5 the proceeding. So they've made significant adjustments in
6 their lives. Now, in these circumstances, the convenience of
7 the lawyers is only important to the extent that it threatens
8 or undermines the integrity of the proceeding, and I think
9 that that is a difficult case to make here. There are no
10 surprises certainly in the testimony of any of the witnesses
11 for this week. There are no surprises in the broader issues
12 that affect and surround the Syncora settlement in this. The
13 cone that Ms. Ball talked about has been there all along of
14 considerations and otherwise.

15 With respect to all of these witnesses, there has
16 been -- there have been depositions. There's been a very
17 thorough opening. The witnesses are no surprise, and it's
18 certainly no surprise that an ally in one of these
19 proceedings might follow its self-interest out of the case.
20 There's been something of an Agatha Christie mystery vibe
21 about this as parties disappear one by one all throughout
22 this case. And mediation is confidential, but the bodies of
23 Mr. Sprayregen and Mr. LeBlanc are not, and they've been
24 through this building continuously over the past few weeks.
25 So we have pulled this together. We pulled it together under

1 some time pressure, but in order for the city to move
2 forward, we think that people have and have -- have enough
3 preparation, have seen enough, can plead only attenuated
4 surprise with respect to the recent turns of events, and have
5 the materials in order to represent their client fairly as we
6 move forward. That's all I have, your Honor.

7 MR. PEREZ: May I respond, your Honor?

8 THE COURT: Yes, but let me just ask if anyone else
9 wants to be heard first.

10 MR. BRILLIANT: Your Honor, Allan Brilliant on
11 behalf of Macomb Interceptor Drain Drainage District, a Class
12 14 claimant, and I would have gotten up before Mr. Cullen,
13 but he beat me to the podium after Mr. Perez had spoken. We
14 join in Mr. Perez's argument with respect to requesting, you
15 know, a continuance. There's really two issues here, your
16 Honor. Mr. Cullen focuses really just solely on the Syncora
17 withdrawal aspect of the issue, which obviously makes things
18 a little bit more difficult for the various parties since
19 there had been an agreement and allocation of who was going
20 to deal with what witnesses, which all needs to be changed
21 now, but the more fundamental issue we have here, your Honor,
22 is there's a new very complicated deal that Syncora has
23 entered into, which needs to be analyzed by all the parties
24 to determine what additional objections they may have. And
25 as Mr. Perez said, it's likely, you know, to lead to

1 additional discovery, and obviously we're going to need to
2 put on additional testimony with respect to the issues. It's
3 not as if Syncora was just being given a certain amount of --

4 THE COURT: Assuming you object to it.

5 MR. BRILLIANT: Assuming we object to it, but we
6 need to have some opportunity to determine --

7 THE COURT: I just found it interesting your
8 presumption that you would object.

9 MR. BRILLIANT: Well, your Honor, at a minimum,
10 they're saying that Syncora is getting 13.9 --

11 THE COURT: On behalf of your \$25 million claim.

12 MR. BRILLIANT: Twenty-six, your Honor, but the --

13 THE COURT: Forgive me.

14 MR. BRILLIANT: But at a minimum, your Honor, it
15 would appear they're getting, you know, a 40-percent, you
16 know, larger distribution, you know, at face value if one
17 believes that all of these other issues that are here are
18 not, you know, on account of their COPs claims. But, your
19 Honor, the problem that we have, you know, in going forward
20 and doing the investigation as to the, you know -- you know,
21 the fairness and whether or not it unfairly -- the new
22 settlement unfairly discriminates against, you know, Class 14
23 is that we have to -- if you agree with the city, is we have
24 to file the objection, do that analysis, discovery, retain
25 witnesses, while we're reorganizing our workload, you know,

1 among all the objectors in light of Syncora's withdrawal from
2 the plan, and that just -- your Honor, is just, you know, too
3 much, you know, to expect from all the objectors at this
4 point in time. And really, your Honor, it's just in the
5 interest of justice at some point, you know -- doesn't
6 necessarily have to be today, although we would prefer that
7 it be sooner rather than later, but at some point the parties
8 have to be given an opportunity to do that analysis. And
9 given all the -- if all the resources are being used here in
10 preparing for the cross-examination of the witnesses, it's
11 just not going to be able to -- you know, to be accomplished
12 in a fair way.

13 THE COURT: Thank you. Would anyone else like to be
14 heard?

15 MR. HOWELL: Yes, your Honor. Steven G. Howell,
16 Dickinson Wright, special assistant attorney general,
17 appearing on behalf of the state. Your Honor, the State of
18 Michigan also opposes an adjournment in this matter and
19 supports the city's objection to it and believes that for all
20 the parties that are involved with the exception of a couple,
21 this has been a long process, and we would like to see this
22 continue. We believe that this is not that big a surprise
23 that this came along, and we would like to see the Court
24 continue to move forward with this on the schedule we have
25 set. Thank you, your Honor.

1 THE COURT: Thank you. Would anyone else like to be
2 heard? Mr. Perez.

3 MR. PEREZ: Your Honor, three points. What you
4 didn't hear from Mr. Cullen was due process, and that's,
5 frankly, the only issue that we have before the Court. Are
6 we receiving due process? Furthermore, your Honor, to some
7 extent this is a situation where if we're not granted a
8 continuance, no good deed goes unpunished because the
9 objectors collectively determined we had to allocate our
10 time. We had to allocate our resources. We didn't want to
11 be duplicative. And now as a result -- and we're not asking
12 for a long continuance, your Honor, and the fact that the
13 schedule is how it is really shortens the time that we would
14 be asking for a continuance. But, your Honor, to say that we
15 do not need additional time to prepare based on the record,
16 the fact that we were all sharing time, the fact that the
17 Court encouraged us to have a lead questioner for the
18 witnesses, just is -- just doesn't comport with due process.

19 Furthermore, your Honor, I would -- I only hearken
20 back to the time when the Court asked somebody whether, you
21 know, being here and supporting Detroit wasn't the most
22 important thing they were doing. I'm sure that the witnesses
23 are important people who need to be -- you know, need to be
24 doing important things, but this is actually more important.
25 Your Honor, I commit to you that we will work as diligently

1 as possible, but, for instance, this whole situation with the
2 one expert witness, it's a total self-inflicted wound by the
3 city. There's no reason for them to have done that other
4 than to be vindictive.

5 THE COURT: What witness are you talking about, sir?

6 MR. PEREZ: Murphy, your Honor. Thank you.

7 THE COURT: Anything further on this issue? All
8 right. The Court will take it under advisement.

9 MR. CULLEN: One moment.

10 THE COURT: Sir.

11 MR. CULLEN: Thank you.

12 THE COURT: Yes.

13 MR. CULLEN: I do think that we were addressing the
14 due process issue when I talked about the integrity of the
15 process versus the convenience of counsel. These are all
16 well-represented parties. They've had notice of these issues
17 for some time. And I'm sure that this is hard, and if this
18 were a mere game, we would grant this courtesy as a courtesy,
19 but it is not. It is a proceeding about the fate of Detroit.
20 Time is very important to us. The expense of it is very
21 important to us. The transition is very important to us.
22 And we think that there is sufficient opportunity for very
23 talented counsel to make a record on the issues about which
24 they care about. That's all, your Honor.

25 THE COURT: All right.

1 MR. PEREZ: May I respond, your Honor?

2 THE COURT: If you have anything new to add,
3 absolutely.

4 MR. PEREZ: Your Honor, the only question I have is
5 I wonder what they would be saying if the shoe was on the
6 other foot. Thank you.

7 THE COURT: Okay. I'm going to take this under
8 advisement and take a recess now, and we'll reconvene at
9 9:30, please.

10 THE CLERK: All rise. Court is in recess.

11 (Recess at 9:20 a.m., until 9:39 a.m.)

12 THE CLERK: All rise. Court is in session. You may
13 be seated.

14 THE COURT: It appears everyone is present.

15 MR. STEWART: Your Honor, Geoffrey Stewart, Jones
16 Day, for the city. The city calls its next witness, Glenn
17 Bowen.

18 THE COURT: Well, hang on. I've got to give a
19 ruling on --

20 MR. STEWART: Oh, I'm sorry.

21 THE COURT: -- the matter I took under advisement.

22 MR. STEWART: I better sit down.

23 THE COURT: Good idea. As the Court discerns the
24 motion for adjournment here, there are three relatively
25 distinct grounds for it, and the issue before the Court is

1 whether these grounds constitute extraordinary cause for the
2 delay or continuance that is sought here. The three are that
3 Syncora's withdrawal from the defense of the city's case
4 causes FGIC and the other objecting parties, which at this
5 point are mainly the Macomb Drainage District, to take over
6 those parts of the defense that FGIC had taken responsibility
7 for in their division of labor. The second is the strong
8 potential for FGIC to need to retain experts that Syncora had
9 retained or maybe it's only one -- excuse me -- so that it
10 can properly pursue its defense of the city's case in the
11 absence of Syncora and its experts. And the third is the
12 potential need to file supplemental objections to the -- what
13 will be, I guess, the seventh amended plan to be filed here
14 promptly along with any potential need for additional
15 discovery relating to those supplemental objections to the
16 amendments in the plan.

17 The Court must conclude that the first two of those
18 asserted grounds do not constitute extraordinary cause for
19 any adjournment, and to the extent the motion is based on
20 those two grounds, it is denied. There is merit in the
21 city's position that Syncora's negotiations with the city
22 over the past several weeks have been well-known, and in
23 those circumstances it seems to the Court that it was
24 incumbent upon all objecting parties, consistent with their
25 obligations to their clients, to prepare for the contingency

1 that, in fact, Syncora might settle at some point, and that
2 preparation would have included necessarily preparation to
3 take over for the examination of the witnesses that Syncora
4 was going to cover and, in the absence of an agreement
5 regarding experts, locating experts. In this regard, the
6 Court will also note parenthetically but importantly that
7 nothing in FGIC's motion or its presentation today identified
8 any steps that FGIC took in regard to cross-examination
9 preparation or locating and preparing an expert since the
10 agreement in principle was announced last Tuesday night or
11 addressed how those five days was insufficient to meet its
12 preparation needs.

13 On the other hand, the Court must conclude that the
14 city's filing of an amended plan incorporating its settlement
15 with Syncora does require the Court to accommodate the
16 interests of FGIC and the Macomb Drainage District and other
17 objecting parties to have an opportunity to examine that plan
18 or the amendments to it and to file supplemental objections
19 to that plan as they deem appropriate, to take discovery as
20 necessary in relation to that, and to prepare to address the
21 Syncora settlement as part of this confirmation hearing.

22 Having said that, however, it's less clear to the
23 Court how the details of that should play out, and so,
24 accordingly, I'm going to ask counsel for FGIC and Macomb and
25 any other objecting creditors to meet and confer with counsel

1 for the city to see if you can come to some agreed upon
2 schedule or plan that will -- excuse me -- accommodate the
3 interests of the city in the promptest possible resolution
4 here and in the objecting parties' interests in an adequate
5 opportunity to address the new plan, and perhaps you can do
6 that over the lunch hour and then let the Court know where
7 you stand at that time. I think that's as much as we can do
8 on this now, and I will ask the city to proceed with its
9 case.

10 MR. SOTO: Your Honor, one -- if I can just sit --

11 THE COURT: Yeah.

12 MR. SOTO: FGIC will be asking the Court for an
13 accommodation with respect to the adding or replacing of the
14 one expert witness. We've located another witness, had
15 initial conversations with him. I've had some initial
16 conversations with Mr. Cullen, and he will be replacing Dr.
17 Murphy. It's a fellow named Dr. Jonathan Guryan is who we
18 are working with, so --

19 THE COURT: What's the name, sir?

20 MR. SOTO: Dr. Jonathan Guryan, who's at
21 Northwestern.

22 THE COURT: Okay.

23 MR. SOTO: I guess the other guy was in Chicago. So
24 we'll be coming to the Court for that accommodation with
25 respect to this.

1 THE COURT: Well, I urge you to discuss that
2 accommodation, whatever it is you will be seeking, with the
3 city and see what you can work out.

4 MR. SOTO: Thank you, your Honor.

5 THE COURT: If I have to decide something, I will,
6 but I think it is appropriate to ask you all to try to figure
7 out how to deal with this in the meantime. Mr. Stewart.

8 MR. STEWART: And I apologize for jumping the gun
9 earlier.

10 THE COURT: Okay.

11 MR. STEWART: Geoffrey Stewart, Jones Day, for the
12 city. The city calls its next witness, Glenn Bowen. Your
13 Honor, if I may have leave to approach, I have five sets of
14 the exhibits we would use with Mr. Bowen.

15 THE COURT: Yes, sir. Step forward, please, sir,
16 and raise your right hand.

17 GLENN BOWEN, CITY'S WITNESS, SWORN

18 THE COURT: All right. You may sit down in the
19 witness box. Thank you.

20 MR. STEWART: May I proceed, your Honor?

21 THE COURT: One second. Seems like we're still
22 getting organized here. Okay. You may proceed.

23 MR. STEWART: Thank you, your Honor.

24 DIRECT EXAMINATION

25 BY MR. STEWART:

1 Q Good morning, Mr. Bowen.

2 A Good morning.

3 Q Could you please give us your full name and address?

4 A Glenn David Bowen, Wayne, Pennsylvania.

5 Q Okay. Are you employed?

6 A Yes.

7 Q And by whom are you employed?

8 A Milliman, Incorporated.

9 Q And what is Milliman, Incorporated?

10 A An actuarial consulting firm.

11 Q Okay. And where are the offices of Milliman in which you
12 work?

13 A I work in the Wayne, Pennsylvania, office.

14 Q And Wayne is a suburb of Philadelphia?

15 A Correct.

16 Q Okay. Tell us, if you could, of your college education?

17 A I have a bachelor's degree and a master's degree in civil
18 engineering from the University of Delaware.

19 Q And what year did you receive those -- what years did you
20 receive those degrees?

21 A The bachelor's degree in 1989, master's degree in 1994.

22 Q Did there come a time when you became an actuary?

23 A Yes.

24 Q When was that?

25 A I was hired in 1996 by Towers Perrin Company, now called

1 Towers Watson.

2 Q Okay. And you were hired by them as an actuary?

3 A An actuarial analyst, yes.

4 Q And how long did you remain at Towers Perrin?

5 A Roughly five years.

6 Q And what was your job after that?

7 A I was hired by Milliman in 2001.

8 Q Okay. And tell us, if you could, what -- in brief what
9 your career at Milliman has been.

10 A I am a pension actuary, so I consult to pension plan
11 sponsors and legislative bodies that have interests in the
12 pensions that are sponsored in their jurisdictions.

13 Q Okay. You just used a term "pension plan sponsors."
14 What is a pension plan sponsor?

15 A There can really be I'll say two broad kinds. In the
16 corporate sector, you would typically think of it as the
17 employer who sponsors the pension plan, and in the
18 governmental sector, it would be the local government or
19 other governmental authority.

20 Q Okay. And in your practice as an actuary, what
21 percentage of your time have you spent working with
22 government sponsored pension plans?

23 A I would say it's certainly morphed over my career from a
24 focus on corporate to a focus on public, and public is now 90
25 percent or more of what I do.

1 Q And how many different public pension plans have you
2 worked with over the course of your career?

3 A I'll say dozens, and I've also worked with retiree
4 healthcare plans in the public sector as well, about a
5 hundred of them.

6 Q Are you qualified as an actuary?

7 A I'm a fellow of the Society of Actuaries, also an
8 enrolled actuary under ERISA and a member of the American
9 Academy of Actuaries.

10 Q Are those the credentialing bodies for actuaries in the
11 U.S.?

12 A Yes.

13 Q Have you published any papers or other articles in the
14 field of being an actuary?

15 A About a half dozen.

16 Q Okay. Now, let's -- I'd like to just make sure we have
17 our definitions nailed down before we go further. The city,
18 of course, has two Retirement Systems, does it not?

19 A Yes.

20 Q Are they sometimes also called pension plans?

21 A Yes.

22 Q What are the city's two Retirement Systems?

23 A There's the General Retirement System and the Police and
24 Fire Retirement System.

25 Q And are they sometimes known by their initials, the GRS

1 and the PFRS respectively?

2 A Yes.

3 Q And just a minor point, is it the case that Milliman
4 refers to them as the DGRS and the DPFRS?

5 A That is correct.

6 Q But the terms are interchangeable. We don't need the D?

7 A We do not.

8 Q We all know we're talking about Detroit here?

9 A Yes.

10 Q Okay.

11 A I speak for myself only saying that.

12 Q And you're aware of something called a -- called the
13 DWSD?

14 A Yes, I am.

15 Q What is the DWSD?

16 A The Detroit Water and Sewer Department.

17 Q Do the employees of the DWSD -- are they members of
18 any -- either of the city's Retirement Systems?

19 A Yes, they are.

20 Q Which system?

21 A The General Retirement System.

22 Q And, by the way, am I correct that one refers to the
23 employees as members?

24 A In a public pension plan, yes.

25 Q Now, you're aware of something called a defined benefit

1 plan?

2 A Yes.

3 Q What is a defined benefit plan?

4 A A defined benefit plan is a retirement plan where, as
5 it's titled, the benefit is defined. There will be a formula
6 that will determine the amount of the pension that you
7 receive.

8 Q And who makes contributions to a defined benefit plan?

9 A The plan sponsor will make contributions. In some
10 instances, the employees will be required to make a
11 contribution as well.

12 Q Okay. So did there come a time when you began working on
13 matters relating to the City of Detroit's two pension plans?

14 A Yes.

15 Q When was that?

16 A It was in the middle of 2012.

17 Q And what were you asked to do in the middle of 2012?

18 A Our very first assignment was a request that we review
19 the annual actuarial valuation reports that had been prepared
20 by the Systems' retained actuary and provide us, as much as
21 possible, a description of the status of the plans in
22 laymen's terms.

23 Q Okay. And let me direct your attention to the exhibits
24 before you. They may be at the bottom of your pile, but
25 they're two.

1 MR. STEWART: And let's put them up in order, if we
2 could, Syncora Exhibit 4054 and Syncora Exhibit 4776. And,
3 your Honor, I believe these have been stipulated into
4 evidence.

5 MR. WAGNER: We have no objection, your Honor.

6 BY MR. STEWART:

7 Q Mr. Bowen, do you have these two exhibits before you?

8 A I do.

9 Q Tell me, if you --

10 THE COURT: Let me just say for the record that in
11 case they are not already in evidence, Exhibits 4054 and 4776
12 are admitted.

13 (Syncora Exhibits 4054 and 4776 received at 9:56 a.m.)

14 BY MR. STEWART:

15 Q Mr. Bowen, could you tell us what these two exhibits are?

16 A These exhibits are the annual actuarial valuation reports
17 prepared by the Systems' retained actuary. One report is for
18 the General Retirement System and one is for the Police and
19 Fire Retirement System.

20 Q Now, you just used the phrase "Systems actuary." What is
21 the Systems actuary?

22 A Excuse me. I use that phrase to define the actuary who
23 has the responsibility for conducting the annual valuation.

24 Q And that's the actuary hired by the Retirement System
25 itself?

1 A Yes.

2 Q Who is the actuary for these two Retirement Systems?

3 A Gabriel, Roeder, Smith & Company.

4 Q And their name appears in the upper right-hand corner of
5 each of these two exhibits?

6 A Yes.

7 Q Okay. And so I believe you were telling us that your
8 first assignment had to do with looking at these two, and, by
9 the way, these are, once again, called annual valuation
10 reports?

11 A Yes.

12 Q Do you sometimes call them AVR's?

13 A I do not, but I can if you would like.

14 Q I won't either then. I'll call them annual valuation
15 reports. So what was it you were asked to do in particular
16 with respect to these annual valuation reports?

17 A As I mentioned, we were asked to review them, and we were
18 asked to explain them to city personnel who did not have
19 extensive pension background.

20 Q Now, I think you testified this engagement came to you in
21 the middle of 2012?

22 A Yes.

23 Q These are the reports, however, for the year ended 2011,
24 are they not?

25 A That's correct.

1 Q Why was it you were dealing with 2011 reports when you
2 were doing your work in 2012?

3 A These were the most recently published reports that
4 existed at that time.

5 Q Okay. And so as a result of looking at these reports,
6 what did you do next?

7 A We documented our results in a letter and met with the
8 city personnel.

9 Q Now, you just used the term "letter." Does the term
10 "letter" in the way -- in your work for the city have any
11 particular meaning?

12 A Our relationship with the city over time has been ad hoc
13 consulting, you know, ad hoc requests, and in those cases we
14 will typically write a letter because a template does not
15 exist to respond to such a request.

16 Q Fair to say that the deliverable that Milliman has in its
17 work for the city has been letters?

18 A Yes.

19 Q How many letters over the course of Milliman's engagement
20 by the city has Milliman delivered to the city?

21 A Speaking for the pension side, it has been over a
22 hundred.

23 Q Okay. Now, was one of the things you were asked to do
24 here in 2012 to look at the city's contribution?

25 A Later in 2012, yes.

1 Q Okay. Let's move on then, but before I do that, let me
2 just ask you about something else.

3 MR. STEWART: Can we please put up on the screen
4 Exhibit 633, which is a demonstrative exhibit?

5 BY MR. STEWART:

6 Q Mr. Bowen, is Exhibit 633 in front of you?

7 A Yes.

8 Q Have you seen this before?

9 A I have.

10 Q What is Exhibit 633?

11 A It is -- it contains an equation and a pictorial diagram,
12 which is a very high-level description of how a pension plan
13 needs to stay in balance over time.

14 MR. STEWART: Your Honor, I would move into evidence
15 only for purposes of being a demonstrative Exhibit 633.

16 THE COURT: Any objections?

17 MR. WAGNER: No objection, your Honor. And just for
18 the record, Jonathan Wagner from Kramer Levin Naftalis &
19 Frankel on behalf of the COPs.

20 THE COURT: Thank you, sir.

21 MR. STEWART: And I think --

22 THE COURT: 633 is admitted.

23 (City Exhibit 633 received at 10:00 a.m.)

24 MR. STEWART: Sorry, your Honor.

25 MR. WAGNER: For demonstrative purposes.

1 BY MR. STEWART:

2 Q And Exhibit 633 sets forth an equation?

3 A Yes.

4 Q What is the purpose -- what is the explanatory purpose of
5 this equation?

6 A Over the long term, the inflows and the outflows of the
7 pension plan must be in balance in order for the plan to pay
8 the promised benefits.

9 Q Okay. Let's go through each of the letters here. What
10 does the letter "C" stand for?

11 A "C" stands for contributions.

12 Q And would that be the city contribution we talked about
13 earlier?

14 A Yes.

15 Q What does "I" stand for?

16 A "I" is investments.

17 Q And when you say "investments," what's being invested?

18 A There is a current pool of assets and an expectation of
19 future income over time.

20 Q Okay. Is the round blue figure -- is that -- does that
21 represent the current assets?

22 A That represents a tank, if you will, and if you think of
23 the assets as water, the tank is the trust. It holds the
24 assets.

25 Q Okay. And then what is "B"?

1 A "B" is benefits.

2 Q And when you say "benefits," what are you referring to?

3 A In this case, this is a -- we don't actually use this
4 equation, per se. It's not that simple. But that's a
5 measure of the liability for the benefits that have been
6 promised.

7 Q These are the benefits to be paid to retirees?

8 A Yes.

9 Q Okay. And how do you know what those benefits are?

10 A That's the -- one of the main purposes of conducting the
11 annual valuation.

12 Q Okay. And then "E" is our final letter. What is "E"?

13 A That is expenses.

14 Q Okay. And so tell us now that we've walked through this
15 how this model works.

16 A Okay. It's I'll say easy to conceptualize on a single
17 person. If there was one person in a pension plan, you would
18 effectively spend their career putting money in on the left
19 and earning a return on it, and then the pool would be
20 effectively full at the time of retirement, and during the
21 time of retirement the benefits would flow out.

22 Q And at various times in your work for the city, were you
23 asked to determine individual values for either "C" or "B" or
24 "I" or even "E"?

25 A We've worked with all of them over time.

1 Q Okay. And now let me ask you about the next assignment.
2 Later in 2012, were you asked to do something new by the
3 city?

4 A I believe the next assignment in late 2012 was to do a
5 simple forecast of employer contributions.

6 Q Of "C"?

7 A Correct.

8 Q And, once again, did you work with an actuarial valuation
9 report?

10 A Yes.

11 Q Do you know whether it was the ones we've already seen,
12 or was it a new report?

13 A I believe at the time our initial assignment, the 2011
14 was still the most recently published report.

15 Q So what did you do vis-a-vis the 2011 report?

16 A We looked at the report, and there are various I'll say
17 facts and figures in there of an actuarial nature. Using
18 those facts and figures and some extrapolation techniques, we
19 projected forward five years and used the methodology that
20 was in use to produce contributions in order to demonstrate
21 what the expected pattern of contributions was going to be.

22 Q Now, let me direct your attention now to 2013. Have you
23 heard of something called a pension task force?

24 A Yes.

25 Q What is or was the pension task force?

1 A The pension task force was a group of advisors that had
2 been retained by the city that was responsible for pension
3 matters.

4 Q Okay. And what sort of things, in a very general matter,
5 did the pension task force look at?

6 A The pension task force looked at a lot of things. On
7 this diagram, most of the focus was on -- most of the focus
8 of the tasks that came to Milliman was on benefits.

9 Q Okay. And I apologize if I've asked you already. Who
10 are the -- who are the members of the task force?

11 A The two members that interfaced with the most were Evan
12 Miller from Jones Day and Chuck Moore from Conway MacKenzie.

13 Q Was this before or was it after the city filed its
14 bankruptcy petition?

15 A The pension task force was formed in early 2013, so it
16 would have been before.

17 Q Okay. Now, let me ask you some definitions before we
18 move forward. Have you heard of something called an accrued
19 actuarial liability?

20 A Yes.

21 Q And that is sometimes called AAL, is it not?

22 A Yes, it is.

23 Q Okay. What is it?

24 A It is the measure that the actuary will determine in the
25 annual valuation report that represents the liability that is

1 categorized under "B" in this long-term equation.

2 Q Okay. So is it a present value or is it calculated in
3 some different way?

4 A It is a present value.

5 Q So the AAL is the present value of "B"?

6 A Correct.

7 Q Okay. Have you heard of something called an unfunded
8 accrued actuarial liability?

9 A Yes.

10 Q What is that?

11 A That is the difference between the present value of the
12 liability we were just discussing and the assets that are
13 currently on hand.

14 Q So if we look at our diagram here, that would have some
15 bearing on the level of the water in this blue tank we have?

16 A If there was a UAAL, unfunded actuarial liability, that
17 would be like saying the tank is not quite as full as we'd
18 like it to be today.

19 Q Okay. So just to summarize, the AAL is the "B" in our
20 diagram; correct?

21 A Correct.

22 Q And the UAAL would be if the tank wasn't as high up as it
23 ought to be?

24 A Correct.

25 Q Okay. Let me ask you about a couple of other terms.

1 Have you heard of something called an investment return
2 assumption?

3 A Yes.

4 Q What is that?

5 A That is the rate of return that, on average, you are
6 expected to earn on your invested assets in the future.

7 Q And how does it figure into the calculation we see in
8 Exhibit 633?

9 A In the first step and where the actuary spends most of
10 their time is in the determination of the "B," benefits, the
11 accrued liability. We calculate those on a nominal basis in
12 all future years, and to develop a present value, we will
13 discount them based on the expected investment return.

14 Q Okay. What is the relationship between the investment
15 return assumption and the level of the city's contributions?

16 A The higher the investment return assumption, you're
17 assuming that more of the ultimate benefits will be paid by
18 investment return, and in the short term, that depresses the
19 contribution level.

20 Q Okay. And the lower the investment return assumption,
21 what effect does that have?

22 A That's the opposite. That assumes that since you're
23 going to earn less on your investments, more contributions
24 would be needed over time, and it raises the short-term
25 contributions.

1 Q Okay. Have you heard of the term used "funding status"?

2 A Yes.

3 Q What is funding status as that term is used with respect
4 to public pension plans?

5 A Funding status is the assets divided by the liabilities.

6 Q Okay. And what does it -- what does it tell us?

7 A Higher funded status is better.

8 Q You have more funds?

9 A Yes.

10 Q Okay. Did there come a time in 2014 you were asked to do
11 something called a replication or a replication audit?

12 A Yes.

13 Q What is a replication?

14 A A replication is when an outside actuary, not the system
15 actuary, is asked to effectively take all of the inputs used
16 by the system actuary, program their own valuation system or
17 their own software, and attempt to reproduce similar results.

18 Q And when were you asked to do a replication audit?

19 A We were actually asked at some point in 2013.

20 Q Okay. And which systems were you asked to -- were you
21 asked to do one for both of the systems?

22 A Yes.

23 Q Okay. Now, I think you said that a purpose of this was
24 to check the work or duplicate the work of the system
25 actuary?

1 A That was part of it, yes.

2 Q Okay. And what role in that assignment did Gabriel,
3 Roeder's annual valuation reports play?

4 A That was really the fundamental document we looked to to
5 learn about the plan.

6 Q Okay. So look, if you could, at the following documents
7 which are before you.

8 MR. STEWART: And these, I believe, have been, once
9 again, stipulated into evidence, but let's put them up. It's
10 1001, 1004, 1023, and 1024. And, your Honor, as I said, I
11 think these came in under the operation of the pretrial
12 order, but for avoidance of data, I will move them into
13 evidence if there's no objection.

14 MR. WAGNER: That's fine. They were actually on our
15 exhibit list, so we -- no problem.

16 THE COURT: All right. All right. If they were not
17 previously admitted, they are now.

18 (COPs Exhibits 1001, 1004, 1023, and 1024 received at
19 10:09 a.m.)

20 BY MR. STEWART:

21 Q Okay. Now, in your replication audit, to spend a minute
22 on these, tell us, if you could, what these four exhibits
23 are.

24 A Well, I only see one on my screen, but I assume you have
25 two valuation reports or four valuation reports.

1 Q Yeah. You actually have them in your packet there.
2 There's a mound of paper. But let me ask you this. In your
3 replication that you did in 2014, which of these valuation
4 reports did you work with?

5 A Well, our task was to replicate the 2013 valuations.

6 Q And so would that be Exhibit 1023 and 1024?

7 A Yes. They are the 2013 valuations.

8 Q And which one is for the GRS?

9 A 1023 is GRS.

10 Q Okay. And the PFRS is 1024?

11 A Correct.

12 Q Okay.

13 A Yes.

14 Q Let's go through these reports so we have an
15 understanding of how they work, and let's do it with 1024, if
16 we could. Do you have that before you?

17 A You said 1024?

18 Q I did.

19 A Okay.

20 Q Yeah. And the cover, of course, is the cover, and the
21 second page is the table of contents; correct?

22 A Yes.

23 Q And the third and fourth page are the cover letter from
24 Gabriel, Roeder to the trustees of the system?

25 A Correct.

1 Q Okay. Let's now go, if we could, to page 4. And I
2 think -- is that 4? Yeah, there we go. Page 4. What is
3 page 4 of Exhibit 1024?

4 A Page 4 is a summary. You could best describe it as "B"
5 in our earlier equation, benefits, the present value of the
6 benefits payable by the system.

7 Q Okay. At the top it says "actuarial accrued liabilities
8 as of June 30th, 2013"?

9 A Correct.

10 Q And that's the term we talked about earlier?

11 A Yes.

12 Q And then we have a series of calculations here on the
13 table?

14 A Yes, yes.

15 Q Okay. Now, at the bottom -- at the very bottom of it, is
16 there a place where this report sets forth the actuarial
17 accrued liabilities for the System?

18 A Yes.

19 Q And where is that?

20 A That is the first line in the third box under "System
21 Totals."

22 Q Okay. And that number is \$3.89 billion?

23 A Correct.

24 Q Below that there's something called accrued assets.

25 A Yes.

1 Q What does "accrued assets" mean?

2 A In this case, I believe it is the smoothed value of
3 assets that is used in the contribution calculation.

4 Q Okay. And then at the bottom we have -- is that the
5 UAAL?

6 A Yes.

7 Q Okay. Let's keep going through the report. If we could,
8 let's turn to page 15. I think it's -- there we go. Do you
9 have page 15 before you?

10 A Yes.

11 Q What is page 15 and the pages following it?

12 A It's labeled "Summary of Benefit Provisions," and this is
13 where the actuary sets forth eligibility conditions and
14 resulting benefits that define what the members will receive.

15 Q Okay. And do you know where this information comes from?

16 A My understanding is that some of it may be set in
17 statute, and some of it is in collective bargaining
18 agreements.

19 Q Now, in your replication audit, your replication
20 procedure, what use did you make of this part of the exhibit
21 that summarized benefit provisions?

22 A One of the requirements of performing a valuation is that
23 we in our system code the benefits that members are eligible
24 for, so we started with this document.

25 Q Okay. Let's go, if we could, to page 21. What is page

1 21 and the pages after it? What do they set forth?

2 A These are summaries of what I call census data. It is
3 data regarding the members of the system.

4 Q Okay. And what does it say? What does it tell us about
5 the members of the system?

6 A These are summary tables that summarize the data which is
7 on each individual member's record of quantities that are
8 important for the pension valuation.

9 Q And what relevance does this have to your work in a
10 replication procedure?

11 A We need to know the membership of the system to be able
12 to value to perform the replication.

13 Q Let's go, if we could, now to page 31. 31 and the pages
14 after it, what do they set forth?

15 A These are assumptions, which is I'll say the third
16 component of running a valuation or doing a replication.

17 Q And what's the relevance of assumptions in this exercise?

18 A What we are trying to model in the determination of "B"
19 is the expected future cash flows that the system will
20 disgorge over time, and they are all contingent upon what the
21 members do, how long they work, how long they live, et
22 cetera.

23 Q Now, I've been asking you about Exhibit 1024, which is
24 the actuarial valuation report for the PFRS. Is the
25 structure of the report for the GRS similar?

1 A Yes.

2 Q Okay. So before I go further, let me ask you this. Does
3 Milliman have a calculation engine known as VAL 2000?

4 A Yes.

5 Q Who or what is VAL 2000?

6 A VAL 2000 is a software system developed and maintained by
7 Milliman for use in preparing valuations of pensions and
8 retiree healthcare systems.

9 Q Have you used VAL 2000 in your career at Milliman?

10 A Yes.

11 Q How often have you used it?

12 A Continuously.

13 Q How long since you joined Milliman have you worked with
14 VAL 2000?

15 A It was there when I joined, so continuously since 2001.

16 Q How well do you know the operation and features of this
17 software?

18 A Very well.

19 Q Okay. Now, what role did VAL -- did this software play
20 in the replication procedure you've described to us?

21 A I think you used the phrase "calculation engine."

22 Q I did.

23 A So VAL 2000 you can think of as a template that is
24 designed to accept inputs and then do the resulting
25 calculations.

1 Q Okay. And what inputs -- in this replication procedure
2 were inputs loaded into the software?

3 A That would be the three we just mentioned. The census
4 data is loaded into the software, the actuarial assumption
5 tables are loaded into the software, and we code the benefit
6 provisions.

7 Q Okay. From the report that we looked at?

8 A Correct.

9 Q Okay. And who did the loading of this information?

10 A Various members on staff.

11 Q And what was your role in terms of that part of the work?

12 A I guess the best way to characterize it is the analysts
13 on staff work under the direction of the consultants, so in
14 terms of some of the mechanical loading procedures, we set
15 forth what I call a job description.

16 Q Okay. And what role did you have in assuring that the
17 job description was adhered to?

18 A We have a series of peer review or checking that gets
19 done after those procedures are completed.

20 Q Okay. And once the data was loaded, it was then recited
21 in the software; correct?

22 A I'm not sure I understand the meaning of "recited."

23 Q The data was loaded into VAL 2000 --

24 A Yes.

25 Q -- is that right?

1 A Yes.

2 Q Was it at that point then saved and archived in the
3 system?

4 A Yes.

5 Q Is it still there?

6 A Yes.

7 Q Okay. Now, let's, if we could -- and did there come a
8 time when you, in fact, performed the replication procedure?

9 A Yes.

10 Q Okay. And what -- and did you report to the city what
11 you found?

12 A Yes.

13 Q What form was your report?

14 A That was a letter for each of the systems.

15 Q Okay. Let's, if we could, look at Exhibits 1008 and 491.
16 Mr. Bowen, do you have Exhibits 1008 and 491 before you?

17 A I'm working on it.

18 Q Okay.

19 MR. STEWART: Can you put up 491? Ah, there we go.

20 MR. WAGNER: I'm sorry. Can I get a copy of 491? I
21 don't see it in the book.

22 MR. STEWART: Is it not in the book?

23 THE WITNESS: Yes, I have them.

24 BY MR. STEWART:

25 Q Okay. All right. Before we go further, tell us what

1 these two exhibits are.

2 A 491 is our report on the replication of DGRS, and 1008 is
3 our report on the replication of DPFRS.

4 Q Who wrote these two letters?

5 A Myself and a colleague of mine.

6 Q And is your -- does your signature appear at the back of
7 each letter?

8 A Yes.

9 Q Okay. And before these letters went out, what did you do
10 to assure the accuracy of the contents of the letters?

11 A I was involved in the process all the way through,
12 drafting the letter, reviewing the results that are in the
13 letter.

14 MR. STEWART: Your Honor, I move admission of both
15 exhibits.

16 MR. WAGNER: No objection.

17 THE COURT: They are admitted.

18 (City Exhibit 491 and COPs Exhibit 1008 received at 10:19
19 a.m.)

20 BY MR. STEWART:

21 Q Okay. Let us, once again, deal with just the PFRS side
22 of this. That's Exhibit 1008. Do you have that before you?

23 A I do.

24 Q Okay. Let's go through it, if we could. We have a -- we
25 have the first page, and then on the second is something

1 called project description.

2 A Yes.

3 Q And just as a general matter, what is the project
4 description?

5 A The project description is to determine the June 30,
6 2013, actuarial liability for the PFRS.

7 Q Okay. And it refers, does it not, to the actuarial
8 valuation report we've been talking about?

9 A The 2012 report of DPFRS, yes.

10 Q And has the link to where it could be found on the
11 Internet?

12 A Correct.

13 Q Okay. Now, further down there's a paragraph entitled
14 "Investment Return."

15 A Yes.

16 Q Do you see that?

17 A I do.

18 Q Now, does this indicate that you ran this replication
19 using two different investment return assumptions?

20 A Yes.

21 Q One was eight percent, and one was 6.75 percent?

22 A Correct.

23 Q Where did the eight-percent assumption come from?

24 A That is the rate that is used in the valuation report.

25 Q And where did the 6.75-percent assumption come from?

1 A That was a request from the city.

2 Q Okay. As a result of this replication procedure, were
3 you able to determine the AAL for the system under these two
4 different investment return assumptions?

5 A Yes.

6 Q And let's look, if we could, at page 6 of the exhibit.
7 Do you see the table on page 6?

8 A Yes.

9 Q And what does the table on page 6 set forth for us?

10 A That is the results of our replication based on an eight-
11 percent investment return rate and a 6.75-percent investment
12 return rate.

13 Q Okay. Just for the record, what was the determination
14 you made when you applied the eight-percent investment return
15 assumption?

16 A 3.794 billion.

17 Q And when you applied the 6.75-percent investment return
18 assumption?

19 A 4.285 billion.

20 Q Okay. And I think earlier we talked about the actuarial
21 valuation report you were working with, and do I remember
22 correctly you were still working with the 2012 report or was
23 it the 2013?

24 A At this point in time, the 2012 was the most recent that
25 we had access to.

1 Q So let's look at Exhibit 1004 and, in particular, page 3
2 of our exhibit -- of that exhibit, I should say. What was
3 the AAL calculated by Gabriel, Roeder for this system for
4 that period of time?

5 A As of 2012, the AAL was 3.823 billion.

6 Q And how did it compare to what your replication procedure
7 determined?

8 A Well, actually that is a different date, so we did not
9 compare those two numbers.

10 Q I'm sorry. I had misunderstood. Let's look then at the
11 2013 actuarial valuation report. Do you have Exhibit 1024 in
12 front of you?

13 A I do.

14 Q Okay. Let's look, if we could, at the comparable table
15 in Exhibit 1024. That's on page 4 of the exhibit. Now, how
16 does the -- what did Gabriel, Roeder determine as of June
17 30th, 2013, was the AAL for the PFRS?

18 A 3.890 billion.

19 Q And how does that compare with the value you came up with
20 in your replication?

21 A It's in between two and three percent different.

22 Q Okay. Now let's go, if we could, to Exhibit 491. Do you
23 have Exhibit 491 before you?

24 A I do.

25 Q And Exhibit 491 is what?

1 A The report of our replication audit of DGRS.

2 Q Okay. And I think you described already the procedure.
3 Was anything done differently with GRS than you had done with
4 PFRS?

5 A No. The procedures were similar.

6 Q Let's look, if we could, at page 6 of Exhibit 491 and at
7 the table there.

8 MR. STEWART: If we could blow the table up, please.

9 BY MR. STEWART:

10 Q Now, the table has results under two different investment
11 return assumptions; correct?

12 A Yes.

13 Q One is 7.9 percent?

14 A Correct.

15 Q Where did that come from?

16 A That is the rate that is used in the annual actuarial
17 valuation.

18 Q Okay. And the other column has the investment return
19 assumption of 6.75 percent?

20 A Yes.

21 Q Where did that come from?

22 A That was requested by the city.

23 Q And so what did your procedure determine with respect to
24 the AAL for the GRS as of June 30th, 2013?

25 A Under the basis used in the valuation report, 3.601

1 billion and under the 6.75-percent return 3.978 billion.

2 Q Okay. Let's go, if we could, to Exhibit 1023, which is
3 in evidence, and let's go to page 4, please, A-4. It's the
4 one that in the lower right-hand corner has a control number
5 2982. There we go. This is the Gabriel, Roeder actuarial
6 valuation report for the GRS as of June 30th, 2013?

7 A Correct.

8 Q What had Gabriel, Roeder determined was the AAL for that
9 system on that date?

10 A 3.609 billion.

11 Q And how did that compare with the value you determined
12 using their investment return assumption?

13 A That was -- that differed by roughly \$8 million.

14 Q Out of a total of how much?

15 A 3.6 billion.

16 Q Okay. Now, after you had finished the replication audit,
17 did you -- did Milliman remain involved in the city's
18 matters?

19 A Yes.

20 Q And in the months following it, what -- without getting
21 into what you did, what generally was your role?

22 A We were asked to prepare various analyses using our
23 replication as a baseline in making adjustments.

24 Q Okay. And there was a mediation process going forward,
25 was there not?

1 A There was.

2 Q Okay. And without saying what you did, just tell us what
3 was your role in the mediation?

4 A We were --

5 MR. PEREZ: Your Honor, excuse me. I'm going to
6 object. If he's not going to say what his role is, then --

7 THE COURT: You can stay seated. You don't have
8 to --

9 MR. PEREZ: Yeah.

10 THE COURT: -- injure your back making objections to
11 evidence.

12 MR. PEREZ: Your Honor, to the extent that he's
13 going to go into the mediation, we're obviously not going to
14 be -- not going to be able to ask him any questions, so I'm
15 not sure what the intent of the question is.

16 MR. STEWART: I'm not sure what the intent of the
17 question was either actually, Judge. I'm going to ask the
18 witness this.

19 BY MR. STEWART:

20 Q After that, did you --

21 THE COURT: That is a withdrawal of the question,
22 yes.

23 MR. STEWART: Withdrawal.

24 BY MR. STEWART:

25 Q After that, did you remain involved in supporting the

1 mediation process?

2 A Yes.

3 Q Thank you. Now, by now, by the time we get to 2014,
4 you've been working with the city's two pension plans for how
5 long?

6 A We started in the middle of 2012.

7 Q About two years?

8 A With some gaps, but, yes, two years.

9 Q How well would you say you knew the plans by then?

10 A We had to know them very well to be able to perform the
11 replication.

12 Q Now, have you heard the term before a frozen plan?

13 A Yes.

14 Q What is a frozen plan?

15 A There's more than one variety of frozen plans, but the
16 most common definition would be where there is a freeze date.
17 Employees who were hired after the freeze date do not become
18 members of the plan, so they will not accrue benefits under
19 the plan. And employees who are working as of the freeze
20 date will cease accruing any benefits in the future.

21 Q Okay. Who makes the decision to freeze a plan?

22 A In my experience, in a corporate sector plan the plan
23 sponsor sometimes has the unilateral right to do so.
24 Sometimes it is subject to collective bargaining.

25 Q Let me direct your attention, if I could, to the date of

1 July 18, 2013. Do you understand that was the date --

2 THE COURT: Excuse me one second.

3 MR. STEWART: Yes.

4 THE COURT: The answer you just gave, you said that
5 was in the corporate setting?

6 THE WITNESS: Yes.

7 THE COURT: Is there another answer for the public
8 setting -- sector setting?

9 THE WITNESS: Well, the plan freezes are very common
10 in the corporate sector, very uncommon in the public sector,
11 and I think that's really a legal matter as to who gets to
12 freeze the plan that I can't answer to.

13 THE COURT: Thank you, sir.

14 BY MR. STEWART:

15 Q So let me direct your attention, if I could, to July 18,
16 2013. Do you understand that was the date upon which the
17 city filed its petition in bankruptcy?

18 A Yes.

19 Q As of that date, do you know whether or not the GRS plan
20 was frozen?

21 A It was not.

22 Q How do you know that?

23 A There was no piece of information that we provided, were
24 provided or found that said the plan was frozen.

25 Q And in your dealings with the city and with the plan, who

1 said anything to you about it being frozen?

2 A Nobody said anything to us about it being frozen.

3 Q And as of that date, can you tell us whether or not the
4 PFRS plan was frozen?

5 A It was not.

6 Q Subsequent to that time, have there been proposals that
7 the plan should be frozen?

8 A Yes.

9 Q Do you know whether that has happened yet?

10 A I do not.

11 Q Now, let me ask you a couple of --

12 MR. STEWART: Let's put up, if we could, Exhibit
13 632.

14 BY MR. STEWART:

15 Q Mr. Bowen, do you see Exhibit 632 on the screen in front
16 of you?

17 A Yes.

18 Q What is Exhibit 632?

19 A There is a formula at the top which is a -- I'll say the
20 generic template of how a final average pay pension plan
21 calculates a benefit, and there is a diagram below that which
22 is illustrative of a member moving through their working
23 career and their retirement years.

24 Q Okay. So the formula -- and who prepared this?

25 A Jones Day.

1 Q And have you looked at it?

2 A Yes, I have.

3 Q Is it accurate?

4 A It's a very high-level representation, so, yes, it's
5 accurate.

6 MR. STEWART: Your Honor, I would move 632 into
7 evidence as a demonstrative exhibit only.

8 MR. WAGNER: That's fine, your Honor.

9 THE COURT: All right. For that purpose, it is
10 admitted.

11 (City Exhibit 632 received at 10:31 a.m.)

12 BY MR. STEWART:

13 Q So, if we could, Mr. Bowen, let's look at the top.

14 There's a formula. Could you tell us, first of all, what the
15 formula says and, second, what it is?

16 A Okay. It says pension equals "X" percent times service
17 times final average pay, and this formula is used to
18 determine the pension that a member will receive based upon
19 the service they have rendered and their final average pay
20 and the "X" percent multiplier, which is part of the pension
21 plan design.

22 Q So where does the "X" percent come from?

23 A The "X" percent is -- I believe that's a statutory
24 figure, but it is set at the -- it is set as part of the
25 benefit design to determine the overall level of the benefit.

1 Q What does "service" mean?

2 A Service is basically the amount of time that the member
3 works for the city.

4 Q Okay. And what is final average pay?

5 A Final average pay is in most cases for the city's plans
6 three highest years of pay at the end of the period of
7 service.

8 Q Okay. So let's look at our chart. On the far left
9 corner we have DOH. What does that stand for?

10 A The date of hire.

11 Q Okay. Now, have you heard the term "accrual" as that
12 term is used in pension plans?

13 A Yes.

14 Q What does "accrual" mean?

15 A As a synonym, you could use the word "earned." You
16 accrue your benefits over your career. You're earning your
17 benefits as you're working.

18 Q So if I worked for the city, and after one year when do I
19 start accruing my benefits?

20 A You start accruing them upon hire.

21 Q The day I started?

22 A Yes.

23 Q Okay. Now, have you -- when do my benefits stop
24 accruing?

25 A When you separate from service.

1 Q Okay. Now, is there a term called "vesting"? And there
2 is vesting on our exhibit as well.

3 A Yes, there is.

4 Q What does "vesting" mean?

5 A If you discontinue your service with the plan sponsor
6 prior to reaching the vesting date, in this example, ten
7 years, you forfeit your right to receive a pension.

8 Q And what is the vesting period for the GRS and the PFRS?

9 A With some exceptions, it's ten years.

10 Q Okay. So back to me again. Let's assume I work for the
11 city and quit in year nine. What are my vested benefits?

12 A None.

13 Q Why?

14 A Because you have not rendered the requisite period of
15 service.

16 Q How many years have I accrued?

17 A Nine.

18 Q But I still get no benefits?

19 A Correct.

20 Q If I work to 11 years, then quit, how many years have I
21 accrued?

22 A Eleven.

23 Q And how many have I vested?

24 A Eleven.

25 Q So what benefits do I get under the formula here, and

1 what's the service -- the value of the service variable in
2 our equation?

3 A At that -- in that example, it would be 11.

4 Q Okay. Now, up here we have something called final
5 average pay. Let me ask this. What do the words "final pay"
6 mean in the phrase "final average pay"?

7 A They're meant to denote the pay near the end of your
8 period of service, end of your career.

9 Q And average is the three years you told us about?

10 A Yes, for these systems.

11 Q Now, in calculating the AAL for a system, is one of the
12 benefits a system takes into account the future cost it's
13 going to have for people who have not retired yet?

14 A Yes.

15 Q How does the system know what their final average pay is?

16 A One of the actuarial assumptions used in the valuation is
17 a projection of salaries over time.

18 Q So the system projects the final average pay of people
19 who have not yet reached that segment of their career where
20 they measure the final average pay; is that correct?

21 A Everything is projected, so, yes.

22 Q Okay. Now, what assumptions does -- do these two plans
23 use to project that final average pay?

24 A Well, there -- I mean there is a salary assumption that's
25 the baseline for projecting what the salary would be, and

1 there are additional assumptions that determine the
2 probability of separating from service in each future year,
3 termination if you're not retirement eligible and then
4 ultimately retirement.

5 Q And then are there assumptions about wage increases and
6 inflation?

7 A I kind of consider them all baked into the salary
8 assumption scale, yes.

9 Q But they're part of the salary assumption?

10 A Yes.

11 Q Where do we find that?

12 A They can be listed in the valuation report.

13 Q So the actuarial valuation reports that are already in
14 evidence set those forth?

15 A Yes.

16 Q And by the way, are both GRS and PFRS final average pay
17 plans?

18 A Yes.

19 Q Now, let's move on. Did there come a time more recently
20 in April when you were asked to perform other calculations
21 from the information stored in the VAL 2000 system?

22 A Yes.

23 MR. STEWART: And let's put up, if we could --
24 pardon me -- Exhibits 473 -- pardon me -- and 474. And, your
25 Honor, both of these are also exhibits that the COPs parties

1 have put on their list as 1011 and 1012 respectively.

2 BY MR. STEWART:

3 Q Before we go further, Mr. Bowen, could you just tell us
4 what these two letters are?

5 A Okay. Exhibit 1011 is regarding DPFERS, and we were asked
6 to calculate the funded status in 2023 under a variety of a
7 specified scenarios.

8 Q And what is the other letter?

9 A That concerns DGRS, and we were asked -- we were given a
10 desired target to be hit in terms of funded status in 2023
11 and were asked to calculate the employer contributions that
12 would be required to do so.

13 Q And who prepared these two letters?

14 A They were both prepared by Milliman.

15 Q Okay. And did you -- pardon me. What was your role in
16 the letters?

17 A I was involved in the process from beginning to end.

18 Q And did you sign both?

19 A Yes.

20 Q And what did you do before signing to assure yourself of
21 the accuracy of the matters set forth in the two letters?

22 A As I mentioned before, we have a series of peer review
23 checks, and they apply to the various portions of the overall
24 procedure.

25 MR. STEWART: Your Honor, I'd move into evidence

1 both exhibits.

2 MR. WAGNER: No objection.

3 THE COURT: Thank you. They are admitted.

4 (City Exhibits 473 and 474 received at 10:37 a.m.)

5 BY MR. STEWART:

6 Q Let's start, if we could, with Exhibit 473, and I notice
7 I'm using the city's exhibit number, and you used the COPs
8 exhibit number. Why don't we use the city's exhibit number
9 for sake of simplicity, and that is 473?

10 A Okay.

11 Q And if we could, let's spend a minute on the structure of
12 the letter here. Once again, the first page sets forth some
13 background of the scope and intent of the exercise; is that
14 correct?

15 A Yes.

16 Q And then on page 2 we have the paragraph entitled
17 "Project Description"?

18 A Correct.

19 Q What is the project description of this project?

20 A There are several bullet points of inputs that were
21 provided to us, and we were asked to use all of those and
22 project the funded status -- excuse me -- and also the
23 unfunded liability of DPFRS in 2023.

24 Q Okay. So at the very first lines -- pardon me -- speaks
25 of estimating the funded status and unfunded liability for

1 that Retirement System; correct?

2 A Yes.

3 Q And then what are the bullet points again?

4 A These are the series of inputs that were provided to us
5 by the city to be used in this exercise.

6 Q And what role did you have in choosing those inputs?

7 A We did not choose them. They were provided to us.

8 Q In other words, they were givens in this work?

9 A Correct.

10 Q All right. What did you do then with these assumptions?

11 A I'll take the second bullet point to start with, a 55-
12 percent reduction to future COLAs moving from two and a
13 quarter percent to one percent. That is a change to "B," so
14 we took our baseline valuation and made that adjustment as
15 we're going to be determining a different value of "B."

16 Q Okay. Once again, were you using the VAL 2000 software
17 that you've described to us?

18 A Yes.

19 Q And that had the other values in it from your previous
20 work. Am I right?

21 A Yes.

22 Q Okay. Now, after putting these assumptions into the
23 calculation engine, did you get results? Did the results
24 come out?

25 A Yes.

1 Q And let's look at the next page, the table in the next
2 page. What does that table set forth?

3 A We were asked to value two separate employer contribution
4 streams and two separate market value rates of return for
5 2013-14, which led us to four scenarios, and the results are
6 in the two right-hand columns. The third column is the
7 projected funded status under each scenario, and the final
8 column is the estimated dollar amount of the unfunded
9 liability in 2023.

10 Q So if we take the first row, that has an assumption of
11 employer contributions of \$260.7 million and a market rate of
12 return of 11.9 -- 59 percent; correct?

13 A Yes.

14 Q And those are the assumptions you were given?

15 A Yes.

16 Q And then the next two columns show us what?

17 A The projected results in 2023 under those assumptions.

18 Q Okay. And you were being asked to forecast what the
19 situation would be in 2023; correct?

20 A Yes.

21 Q Okay. Now, if we go to the very end, just a few pages
22 back there are a series of tables. Just generally can you
23 tell us what these are?

24 A Yes. We were asked -- in addition to providing the
25 results on page 3, we were asked to provide year-by-year

1 information on various items, assets, liabilities, cash
2 flows, from the period 2014-15 up through 2023.

3 Q I see an abbreviation BOY here. What does BOY stand for?

4 A Beginning of year.

5 Q Okay. And if we look at this particular page -- I guess
6 it's Exhibit 1 -- and the table, we have the actuarial
7 accrued liability at BOY. Do you see that?

8 A I do.

9 Q Okay. And then below that unfunded liability at BOY;
10 correct?

11 A Yes.

12 Q Okay. And if you go all the way over to the right, does
13 that -- do those numbers sum up the year-by-year values in
14 those rows?

15 A Yes. Those are the year-by-year values.

16 Q Okay. Let's now, if we could, look at Exhibit 474. And
17 this is the letter you wrote with respect to the GRS. Am I
18 right?

19 A Correct.

20 Q So let's start again with page 2 in the project
21 description.

22 MR. STEWART: And let's blow up that first
23 paragraph.

24 BY MR. STEWART:

25 Q And what was the project that you were asked to do that

1 is recounted here in Exhibit 474?

2 A In this situation, the target was set as having a 70-
3 percent funded ratio, and that's the funded status we
4 referred to earlier, in 2023. We were given a variety of
5 input parameters and asked to solve for the amount of
6 employer contributions that would be needed based on those
7 parameters to hit the goal.

8 Q Okay. What assumption were you given by the city in
9 terms of the investment return assumption?

10 A This was 6.75 percent.

11 Q Okay. And then am I correct that in addition to that,
12 there were city-specified annual contributions to the DWSD?

13 A The city specified the methodology, yes.

14 Q Okay. And then there was going to be a recoupment from
15 the annuity savings fund?

16 A Yes.

17 Q Did both of those require you to have the system do some
18 calculations before you could come up with a final answer?

19 A Yes.

20 Q Okay. So let's, if we could, go to the next page. And
21 by the way, let's just frame this a little bit. One of the
22 things you had to do was to determine the DWSD contribution
23 projection?

24 A Yes.

25 Q And the other was the ASF recoupment?

1 A Yes.

2 Q So let's go through those in that order. The top of the
3 next page, page 3, is that the section where you deal with
4 the contribution projection?

5 A That's the beginning of the section, yes.

6 Q Okay. And, once again, we have bullet points. What are
7 those bullet points?

8 A Those are the parameters that were used in the DWSD
9 contribution projection.

10 Q Okay. Now, if we look at the main body of that
11 paragraph, it -- oops -- refers to a city-specified
12 contribution schedule. Do you see that?

13 A Yes.

14 Q And what was that contribution schedule that the city
15 specified?

16 A I'll say to be maybe more precise, the city specified
17 that we should do a valuation of DWSD effectively only, a
18 mini valuation, their portion of the overall system, and once
19 that unfunded liability is known to develop a nine-year
20 contribution.

21 Q Okay. And did you do that?

22 A Yes.

23 Q Let's look, if we could, at page 6 of our exhibit. And
24 do you see the header that says "results"? Okay.

25 A Yes.

1 Q Does that first paragraph set forth what you determined
2 when it came to the DWSD contribution?

3 A Yes.

4 Q And what did you -- what did you determine?

5 A It's in the last sentence, annual contribution of 45.4
6 million per year.

7 Q Okay. And as part of this, did the system also determine
8 the unfunded liability for DWSD as of July 1, 2014?

9 A Yes.

10 Q And what was that number?

11 A That is the 292.1 million in the second line.

12 Q Okay. Now, I think we were talking about the recoupment
13 from the annuity savings funds, and let's go, if we could,
14 now to page 3, to the very bottom of page 3.

15 MR. STEWART: Let's blow that up, if we could.

16 BY MR. STEWART:

17 Q Under ASF recoupment, it talks about the city providing
18 census data file. Do you see that?

19 A Yes.

20 Q Who provided the census data file to you?

21 A It was actually provided to us by Conway MacKenzie.

22 Q And who from Conway MacKenzie?

23 A Chuck Moore.

24 Q Okay. And what was this data file?

25 A This was a data file, as it mentions here, 13,650

1 members, so that's not everybody, but that is the subset of
2 members that the city deemed to have received excess interest
3 credits in their accounts.

4 Q Okay. Let's go to the next page, please. Let's look at
5 the top carryover paragraph. That's all we need to see.
6 Just reading, it says the interest credits were 387.4 million
7 as of June 30th, 2013; is that correct?

8 A Yes.

9 Q Now, then you did procedures against that data file;
10 correct?

11 A Yes.

12 Q Fair to say you were not able to match all the census
13 data?

14 A Yes.

15 Q Let's look at the table, the line that says "total."
16 What does that represent?

17 A Well, we received this census data file separate from the
18 census data that we already had in VAL 2000 in our
19 replication, so the first task was to match these excess
20 interest credit amounts by individual member into our
21 valuation system, and they did not all match.

22 Q So in your table you have numbers of people. You also
23 have dollar numbers.

24 A Yes.

25 Q What do those two numbers add up to?

1 A The count of people adds up to the 13,000-some-odd that
2 was on the last page, and the excess interest amounts add up
3 to the 387.4 million at the top of this page.

4 Q Okay.

5 MR. STEWART: Now, let's, if we could, scroll down
6 to the next table. Blow that up.

7 BY MR. STEWART:

8 Q And at the top the language says, "For this analysis, the
9 maximum recoupment amount for an individual member was capped
10 at 20 percent of the highest ASF balance during the excess
11 interest determination period." Who capped it at 20 percent?

12 A That was a decision made by the city.

13 Q Not you?

14 A No.

15 Q Okay. So what does this table show us?

16 A This table shows that once the -- I'll say the original
17 excess interest amount that was calculated was subjected to
18 the cap, the total possible recoupment amount, which is in
19 the third column, was reduced.

20 Q To what number?

21 A 226.5 million.

22 Q Okay. And was that the number you took into account when
23 you went back to the beginning to determine the contribution
24 level the city would have in the coming years?

25 A Yes. This was worked into this valuation pass.

1 Q Now, before I --

2 MR. STEWART: Let's go to the next page, if we
3 could, and before we leave this subject, could you blow up
4 the top three bullet points?

5 BY MR. STEWART:

6 Q Was there a methodology that the city was going to use to
7 recoup these excess payments from the ASF?

8 A Yes.

9 Q And fair to say there were three categories of people
10 that had to be recouped from?

11 A Yes.

12 Q And tell us, if you could, generally what the recoupment
13 method was.

14 A Okay. What's highlighted on the screen now is for active
15 members and deferred vesteds, deferred vesteds being members
16 who have ceased working for the city but are not yet in pace;
17 that is, receiving a benefit. So, quite simply, the approach
18 in our valuation procedure was that if a member's excess
19 interest amount was lower than the current value of their
20 account, it would be subtracted, and that was it.

21 Q Just offset?

22 A Just offset directly, yes.

23 Q Second category?

24 A There are members who have a larger excess interest
25 amount than their current account because there is the

1 ability to withdraw some funds while in service, so for those
2 members it was a two-part test subtracting the ASF account to
3 the extent possible and then for the remainder of the amount
4 to be recouped projecting an offsetting against the ultimate
5 expected pension.

6 Q Okay. And how did you determine how to -- what the
7 amount of the offset should be?

8 A The amount of the offset was -- as summarized in the
9 chart on the preceding page, it was the excess interest
10 amount provided by the city ultimately subjected to the 20-
11 percent cap.

12 Q Okay. And was this done in a sense with a reverse
13 annuity; in other words, a certain amount would be deducted
14 from the benefit check?

15 A Yes.

16 Q And how was that calculated?

17 A To convert a lump sum to an annuity, we have an interest
18 and a mortality assumption.

19 Q Okay. Is that something you came up with?

20 A It was provided to us by the city.

21 Q Okay. And the last category? Who were they?

22 A The third bullet point here is really a subset of the
23 second, and these are -- this is the specific class of
24 members who have no account, so there is no subtraction
25 possible, and the entire recoupment amount is then projected

1 and offset against the pension.

2 Q Okay. Now, lets go, if we could, to page 6 and to the
3 last paragraph on the page. Now, by the time -- this is the
4 results paragraph for your letter; is that correct?

5 A Yes.

6 Q Okay. Now, by the time you've gotten here, you've done
7 the DWSD calculation; correct?

8 A Correct.

9 Q The ASF calculation; correct?

10 A Correct.

11 Q And you're now able to finish the calculation you were
12 asked to do?

13 A Yes.

14 Q What did you determine?

15 A Well, we were provided with certain specified inputs, so
16 we used those, and that's the 150.8 million from non-DWSD
17 sources. We calculated the DWSD based upon the methodology,
18 and that became an input. In total what we did is we
19 calculated the total amount of employer contributions needed
20 during this time period, and since there were certain -- you
21 know, those two streams of specified employer -- two streams
22 of specified contributions, we then determined the residual
23 employer contribution that would be needed to hit the 70-
24 percent funded target.

25 Q Okay. So the bullet points, once again, are either

1 assumptions given to you or the results of your previous
2 calculations you just told us about; correct?

3 A Yes.

4 Q So let's look at the main paragraph. What is it you
5 estimated would be the additional contribution per year from
6 the employer from 2015-16 to 2022-23 to have a 70-percent
7 funded status as of the end of fiscal year 2023?

8 A \$19.9 million per year.

9 Q Okay. Based on all the assumptions that you see here?

10 A Yes.

11 Q And based on the other calculations in your work;
12 correct?

13 A Yes.

14 MR. STEWART: Okay. Thank you, Mr. Bowen. That's
15 all I have.

16 THE COURT: All right. Let's take a brief recess
17 now, reconvene at 11:10, please, for cross-examination.

18 THE CLERK: All rise. Court is in recess.

19 (Recess at 10:54 a.m., until 11:12 a.m.)

20 THE CLERK: All rise. Court is back in session.

21 You may be seated.

22 MR. WAGNER: Your Honor, again, Jonathan Wagner on
23 behalf of the COPs. I have binders -- may I pass them out --
24 that have the exhibits?

25 THE COURT: Yes, please.

1 MR. WAGNER: May I proceed?

2 THE COURT: Yes, sir.

3 CROSS-EXAMINATION

4 BY MR. WAGNER:

5 Q Mr. Bowen, nice to see you again. You're dressed a
6 little bit better than last time I saw you last night in the
7 elevator.

8 A Thank you.

9 Q Mr. Stewart took you through some of the work that you
10 did or Milliman did in connection with this matter; correct?

11 A Yes, he did.

12 Q But he didn't take you through all the work, did he?

13 A He did not.

14 Q And you gave some testimony about the 6.75 rate of
15 return. Do you recall that?

16 A Yes.

17 Q And Mr. Stewart showed you several letters that Milliman
18 prepared in connection with this matter?

19 A Yes.

20 Q But he didn't show you your November 4, 2013, letters,
21 did he?

22 A He did not.

23 Q And in those letters Milliman concluded that a return
24 assumption of 7.2 percent would better reflect the expected
25 investment returns for both plans net of expenses without any

1 bias; correct?

2 A You used the phrase "better reflect." I would say that
3 was the calculation of median expected return.

4 THE COURT: Is the letter you're referring to in
5 evidence?

6 MR. WAGNER: Yes, it is, but we'll put them up on
7 the screen. Can you put up COPs Exhibit 1028, which is City
8 Exhibit 495? There's been no objection.

9 BY MR. WAGNER:

10 Q Can you turn to page 4 of the letter in your book or you
11 can look at it on the screen?

12 A It's rather tight up here for the book.

13 Q Okay. If you look at it on the screen, the paragraph
14 beginning "Based on the above results," do you see that?

15 A I do.

16 Q Can you read that, sir?

17 A "Based on the above results, we believe that an
18 assumption of 7.2 percent would better reflect expected
19 investment returns net of plan investment expenses and
20 provide an unbiased expectation of future results."

21 Q And that's with respect to GRS; correct?

22 A I can't tell from looking at this page.

23 Q Well, if you look at the first page of the document,
24 you'll see that it pertains to GRS. Can you turn to page 1?

25 Do you see that?

1 A Yes. This says DGRS.

2 MR. WAGNER: And can you put up Exhibit 1029, City
3 Exhibit 496?

4 BY MR. WAGNER:

5 Q That's your letter with respect to PFRS; correct?

6 A Yes, it is.

7 Q And can you turn to page 4? Same paragraph, "Based on,"
8 can you read that, sir?

9 A "Based on the above results, we believe that an
10 assumption of 7.2 percent would better reflect expected
11 investment returns net of plan investment expenses and
12 provide an unbiased expectation of future results."

13 Q And that's important information, isn't it?

14 A I believe that it is.

15 Q And at the time you wrote these letters, you believe the
16 recommended investment rate assumptions you presented were
17 the best recommendations based on the data available to you;
18 correct?

19 A At the time, yes.

20 Q And you don't have any concerns or issues with respect to
21 the investment returns that you recommended in those letters;
22 correct?

23 A No, I do not.

24 Q And Milliman did the best job it could coming up with the
25 7.2 percent; correct?

1 A Yes, we did.

2 Q And you did the best job you could; right?

3 A Yes, I did.

4 Q And there are no mistakes in those letters, are there?

5 A They've been through our peer review process. I will
6 assume there are no mistakes.

7 Q Very heavily vetted; correct?

8 A Correct.

9 Q The letters were cc'd to people from the city; right?

10 A They were.

11 Q The letters went to Evan Miller of Jones Day. You know
12 who he is?

13 A They were addressed to him, yes.

14 Q And you have confidence in those numbers, don't you?

15 A Yes.

16 Q And you stand by those letters?

17 A Yes.

18 Q And, by the way, the period in those letters, if I'm
19 right, is you did a 30-year analysis and a 75-year analysis;
20 correct?

21 A I would need to see the chart put in front of me, but we
22 look at several different time durations in our capital
23 market assumptions model.

24 Q Well, can you look at page 4, sir, and confirm to me on
25 either of those documents that you did a 30-year analysis and

1 75-year analysis?

2 A Yes. The table shows one year, thirty years and seventy-
3 five years.

4 Q And of those, you believe the 75-year was the best
5 analysis to use; correct?

6 A Yes, for an ongoing pension plan, absolutely.

7 Q Now, Mr. Stewart also showed you numbers concerning
8 actuarial accrued liability; right? Do you recall that?

9 A Yes, he did.

10 Q He didn't show you the unfunded actuarial accrued
11 liability numbers, did he?

12 A For DWSD, I believe we discussed that, not for the
13 systems in total.

14 Q But he didn't put that up on the screen. He just went
15 through the liabilities; right?

16 A Yes.

17 Q And you have to subtract the assets from the liabilities
18 to determine the unfunded portion; correct?

19 A That is true.

20 Q Okay. Now, let's go back to the beginning. Would you
21 believe -- would you agree with me, sir, that it's important
22 for an actuary to get -- to use the right input?

23 A It's very difficult to answer that question the way it's
24 asked because I'm not aware of a definition of the right
25 inputs.

1 Q Let me rephrase it. It's important for an actuary to use
2 accurate inputs?

3 A I would give you the same response.

4 Q You have your deposition transcript at the front of the
5 binder. Can you look at it, sir?

6 MR. STEWART: Page and line?

7 MR. WAGNER: 157, line 10.

8 BY MR. WAGNER:

9 Q Do you have it there, sir?

10 A I do.

11 Q Were you asked the following question, and did you give
12 the following response at your deposition?

13 "Question: Well, with respect to the inputs you
14 just mentioned, am I right that it's important to
15 use accurate inputs?

16 Answer: Generally speaking, it's important to
17 use accurate inputs."

18 Did you give that answer?

19 A That is reflected in the transcript.

20 Q And would you agree with me that it's important for an
21 actuary to use reasonable assumptions?

22 A I would agree with that.

23 Q And that's something you strive to do; correct?

24 A Yes.

25 Q And would you agree with me that Detroit is a very

1 important assignment?

2 A Yes, I would.

3 Q That's why we're all sitting here; right?

4 A Yes, it is.

5 Q Okay. Let me switch gears for a second and ask you about
6 Mr. Fornia, who's been retained as an expert for the COPs.

7 You know Mr. Fornia; right?

8 A I do.

9 Q And you've worked with him?

10 A Yes, I have.

11 Q And you've invited him to speak at at least one Milliman
12 event?

13 A Yes.

14 Q Presentation was well-received by Milliman?

15 MR. STEWART: Objection, your Honor. What's the
16 relevance of this? And I don't think vouching or reverse
17 vouching for experts is appropriate.

18 MR. WAGNER: It's a point that Mr. Hackney raised.
19 I could call him as part of our direct case, but --

20 THE COURT: I'm not sure you could actually.

21 MR. WAGNER: Okay.

22 THE COURT: The objection is sustained.

23 BY MR. WAGNER:

24 Q Now, I'm right that Milliman performed an actuarial
25 exercise to calculate the size of the pension claims; right?

1 A No.

2 Q I'm sorry?

3 A No. I would not say that's correct.

4 Q Okay. Well, can you look at your April 17 letter?
5 That's Exhibit 1033.

6 A I have a May 5th letter, 1033.

7 Q Okay. And if you look at page 2, this is a letter
8 concerning GRS; correct?

9 A Yes. I apologize. I thought you were talking about did
10 Milliman determine the claim. Milliman did allocate the
11 claim for --

12 MR. STEWART: Object. This could be fixed, but the
13 letter is not properly redacted to eliminate mediation
14 privileged material.

15 MR. WAGNER: I'm not -- I don't know what they're
16 referencing, but I'm obviously not going to go into any
17 material that may be in here that should be redacted.

18 MR. STEWART: Well, I'm not suggesting you are.

19 THE COURT: Well, hold on one second. What exhibit
20 number are we on here?

21 MR. WAGNER: This is Exhibit 1033 for which there
22 was no objection posed by the city in the pretrial order.

23 THE COURT: Is it in evidence?

24 MR. STEWART: I don't believe it is, Judge.

25 MR. WAGNER: Well, it's technically in evidence

1 based on your Honor's ruling that unobjected to documents are
2 in evidence, but we can -- we will fix whatever needs to be
3 fixed if there is something that needs to be fixed.

4 MR. STEWART: I have no objection to fixing it. I
5 just wanted to make sure before it goes into a public record
6 that it is -- that the redaction issue is fixed.

7 THE COURT: Okay. Let me ask the two of you to just
8 work that out and --

9 MR. WAGNER: That's fine.

10 THE COURT: -- let me know.

11 MR. WAGNER: That's fine. And let me just go back
12 and make clear that I move Exhibits 495, which is our Exhibit
13 1028, and 496, which is 1029, into evidence.

14 MR. STEWART: No objection.

15 MR. WAGNER: Okay.

16 THE COURT: All right. They are admitted.

17 (City Exhibits 495 and 496, COPS Exhibits 1028 and 1029
18 received at 11:23 a.m.)

19 BY MR. WAGNER:

20 Q Okay. Now, sir, do you see under aggregate claim the
21 paragraph lists assets for GRS as about 2.099 billion;
22 correct?

23 A I see that.

24 Q Okay. And if you turn a few pages -- it's actually a
25 page that Mr. Stewart showed you. If you turn to the April

1 17 letter, which is attached to this letter, and that's how
2 it was produced to us, if you turn to page 6 of the April 17
3 letter, do you see that there are assets -- I'm sorry -- that
4 there are liabilities of 3978 with a 6.75 return rate? Do
5 you see that?

6 A Yes.

7 Q So 3978 in liabilities minus 2.099 in assets is about
8 1.879 billion; correct?

9 A I didn't follow the math that fast, but that's in the
10 right neighborhood.

11 Q Okay. And can we agree that that's the number in the
12 disclosure statement that sets out the size of the GRS claim,
13 or should I -- do I have to show you the disclosure
14 statement?

15 A No. I can agree that that's the number.

16 Q Okay.

17 MR. WAGNER: That's, your Honor, page 38 of the
18 disclosure statement.

19 BY MR. WAGNER:

20 Q Now, let's go through the exercise with respect to PFRS.
21 Can you turn to Exhibit 1034 in the book, page 2 of that
22 document?

23 MR. STEWART: Objection. Your Honor, we have the
24 same redaction issue with this exhibit, although I assume we
25 can work it out.

1 MR. WAGNER: That's fine.

2 THE COURT: Thank you.

3 BY MR. WAGNER:

4 Q Do you see under aggregate claim you list overall
5 liabilities of 4.825 billion? Do you see that?

6 A Yes.

7 Q And you see assets of 3.035 billion? Do you see that?

8 A Yes.

9 Q And that's a net of about 1285 -- 1.25 billion?

10 A Yes, it is.

11 Q And would you take my word for it that that's the amount
12 in the disclosure statement for the PFRS claim?

13 A I will.

14 Q So if I'm right, it's fair to say that the figures for
15 the amount of the claim came from these letters; correct?

16 A That's fair.

17 Q Okay. And, again, you use a 6.75 rate here; right?

18 A Yes.

19 Q Didn't use the risk-free rate?

20 A We did not use a risk-free rate.

21 Q Okay. Now, let's get into what's part of the claim. For
22 both GRS and PFRS in these letters, you use something called
23 the entry age normal method; right?

24 A Yes.

25 Q Okay. And the assumption underlying those letters was

1 that the plans would be ongoing; correct?

2 A This was a replication of the valuation of an ongoing
3 plan.

4 Q Okay. And when one uses the entry age normal method for
5 an ongoing plan, one is going to include liabilities that
6 haven't vested yet; correct?

7 A That is true.

8 Q And as Mr. Stewart elicited from you, when you do that
9 calculation, you're also going to include benefits with
10 future salary increases included; right?

11 A That is correct.

12 Q And you're going to include calculation that includes
13 future wage benefits; right?

14 A That's a function of the future salary, yes.

15 Q And it's going to include an element of inflation; right?

16 A That underlies salary increases, yes.

17 Q Now, sir, a frozen plan is a different ball game with
18 respect to treatment of future salary increases and future
19 services, is it not?

20 A It can be.

21 Q And when you do the calculation for a plan freeze, you
22 eliminate future service and future salary; right?

23 A To the extent it has been seized for the participants in
24 the plan, the members in the plan.

25 Q So one would see no future salary increases once a plan

1 is frozen; right?

2 A Under a hard freeze scenario, that's correct.

3 Q And the liability would drop; correct?

4 A That is correct.

5 Q And if a plan were frozen, you wouldn't include future
6 wage inflation; right?

7 A Since that is a subset of the salary increase, that's
8 correct.

9 Q Okay. And just to finish up this --

10 THE COURT: I'm a little confused about your
11 questions here.

12 MR. WAGNER: Okay.

13 THE COURT: Are you asking about some hypothetical
14 freeze or the Detroit freeze?

15 MR. WAGNER: I'm asking about -- well, my questions
16 are general questions. I believe -- we believe that --

17 THE COURT: Okay. Then they're irrelevant to me.

18 MR. WAGNER: Well, they -- we believe they apply to
19 the Detroit freeze, and I'm laying the groundwork for future
20 testimony on this issue.

21 THE COURT: Ask the witness about the Detroit
22 freeze.

23 BY MR. WAGNER:

24 Q Does the Detroit freeze include -- the Detroit plan is
25 frozen; correct?

1 A To my knowledge. I'm not sure of the legal status today.

2 Q Okay. And do you know whether if you -- when you freeze
3 those plans, whether future inflation should be included? Do
4 you know one way or the other?

5 A The proposal is a hard freeze.

6 Q Okay. And would you give the same answer with respect to
7 vested benefits?

8 A I'm not sure.

9 THE COURT: What's the question as to vested
10 benefits?

11 BY MR. WAGNER:

12 Q The question is with the hard freeze, you wouldn't
13 include benefits -- when you did your calculation of the
14 liability, you wouldn't include benefits that haven't vested;
15 right?

16 A In my experience, I've seen that done in the corporate
17 sector. I'm not sure of the legal status of vested benefits
18 in the governmental sector.

19 Q Okay. And with a frozen plan like Detroit's, you would
20 not include in calculating the size of the claim, the amount
21 of unfunded liability, you wouldn't include the calculation
22 that takes into account wage inflation, would you?

23 A For a frozen plan, there would be no future wage
24 inflation in the calculation.

25 Q And let me just finish up this --

1 THE COURT: I'm sorry. Does that answer apply to
2 the Detroit plan or just some generalized frozen plan?

3 THE WITNESS: The proposal for the Detroit plan is
4 that the plan would be frozen and future wages past the
5 freeze date would not ultimately impact the member's
6 calculations.

7 THE COURT: Thank you.

8 BY MR. WAGNER:

9 Q Okay. By the way, just to finish up this topic, do you
10 know what the unit cost method is? Ever hear of that term?

11 A If you mean the unit credit cost method, yes.

12 Q Yes. And that's a method that looks at past service and
13 past salary; right?

14 A That is correct.

15 Q Okay. Now, let's talk about investment rates. Am I
16 right that the discount rate assumption is arguably the most
17 critical assumption in determining pension obligation?

18 A Arguably, yes.

19 Q And the investment return assumption forms the basis for
20 the assumed asset returns of investments within a pension
21 system; correct?

22 A As far as it goes, yes.

23 Q And the investment rate -- the investment return
24 assumption for public -- for a public plan is also used to
25 measure the liabilities by discounting future payment

1 benefits at the assumed rate of return?

2 A That is the common practice.

3 Q And that's the way you've always seen it done; right?

4 A For purposes of funding, yes.

5 Q I'm also right that the funded status of a plan would
6 decrease if you used a lower investment rate?

7 A That is correct.

8 Q And the higher the investment rate assumption, the better
9 the funding status of the plan; correct?

10 A In both cases, the current measure of the funded status,
11 yes.

12 Q Okay. And now just a couple more questions about risk-
13 free rate. You're not aware of any public pension funds that
14 have measured liabilities discounting future benefit at any
15 rate other than the assumed investment return; correct?

16 A No. I am.

17 Q Well, you weren't aware at your deposition; correct?

18 A I don't -- I can say I am. I was deposed for three days.
19 If we have a question which is slightly different that I
20 answered, that's possible.

21 Q Okay. But Milliman doesn't use the risk-free rate in
22 calculating a valuation rate or return rate; correct?

23 A That's a very broad question, so I would have to say it's
24 not correct in all cases.

25 Q Can you turn to your deposition, page 237, line 25?

1 MR. STEWART: I don't have --

2 MR. WAGNER: I'm sorry. We'll come back to that,
3 your Honor.

4 THE COURT: Okay.

5 BY MR. WAGNER:

6 Q Now, let's get back to your November letters. There came
7 a time when you were asked to present an analysis for
8 recommended return on investment for PFRS and GRS; correct?

9 A True, yes.

10 Q And those are the -- your work is set out in the November
11 4 letters; correct?

12 A Yes.

13 Q And the assumptions in your analysis were based on the
14 asset allocations for GRS and PFRS at the time; correct?

15 A The most recent asset allocations that were made
16 available to us; correct.

17 Q And you've not seen any different asset allocations for
18 those two funds since then; correct?

19 A I have not been involved in the --

20 Q You've not seen any change in the asset allocation
21 between November 4 and today; correct?

22 A I have not looked at new allocations or have not, yeah.

23 Q Now, there is -- the plan doesn't use your 7.2-percent
24 rate, does it?

25 A Neither rate does now. Neither plan uses that rate.

1 Q It uses 6.75; right?

2 A Oh, the plan of adjustment. The system actuary does not
3 use it nor does the plan of adjustment.

4 Q Okay. I'm sorry. I should identify which plan, but,
5 yes, the plan of adjustment uses 6.75 percent; right?

6 A That is correct.

7 Q Okay. And that 6.75 did not result -- was not anything
8 that resulted from Milliman's work, was it?

9 A It was not.

10 Q And it didn't reflect any asset allocation of which you
11 were aware; correct?

12 A That is correct.

13 Q And you've not been provided with any asset allocation
14 that produces a 6.75-percent investment return; right?

15 A The 6.75 percent was -- we call it a prescribed
16 assumption.

17 Q And you've not been asked to revisit your analysis;
18 correct?

19 A I have not been asked to revisit that November 2013
20 analysis.

21 Q And you have not revisited that analysis, have you?

22 A I have not.

23 Q Now, I'm right that you don't know the asset allocation
24 that pertains to the 6.75 percent; right?

25 A The 6.75 was not based on a particular asset allocation.

1 Q Okay.

2 A It was --

3 Q I'm right that one of the things an actuary does is look
4 at an asset allocation and come up with an investment rate;
5 right?

6 A That's the usual practice.

7 Q And here what's going on is you've been given 6.75, and
8 now someone is trying to come up with an investment rate.
9 Isn't that what's going on here?

10 A That was the nature of this assignment, yes.

11 Q Okay. Now, I think you testified that you've been the --
12 you've served as an actuary for dozens of plans; right?

13 A Yes.

14 Q Okay. And am I right that industry surveys could be a
15 useful data point when determining a projected rate of return
16 for a pension system investment?

17 A I don't hold that view.

18 Q Can you turn to your deposition, page 83, line 7? 83,
19 line 7. "Fair enough."

20 "Question: Fair enough. In your view then,
21 could industry surveys be a useful data point when
22 determining projected rate of return for a pension
23 system's investment?

24 Answer: If you're using the phrase 'industry
25 surveys' in terms of surveys of prospective returns,

1 yes."

2 Do you see -- did you give -- were you asked that
3 question, and did you give that answer?

4 A That response is different than the question that I
5 understood that you just asked.

6 Q My only question is did the court reporter transcribe the
7 question correctly?

8 MR. STEWART: Objection, your Honor. I think he
9 said this is not proper impeachment because the questions do
10 not match. Makes no difference what the court reporter did.

11 THE COURT: Okay.

12 MR. STEWART: The question is Mr. Wagner's question
13 that he claims is inconsistent. That, I believe, is the
14 issue here.

15 THE COURT: Okay. Well, it's not for the witness to
16 claim improper impeachment. That's for you to claim. The
17 only issue -- or question before him was whether he gave that
18 question -- whether he heard that question and gave that
19 answer. Is that right?

20 THE WITNESS: I have no reason to believe that this
21 is improperly typed if that is your question.

22 THE COURT: All right. To the extent the city is
23 objecting on the grounds of improper impeachment, the Court
24 will overrule the objection.

25 BY MR. WAGNER:

1 Q Now, sir, can you turn to Exhibit 1036 in the book? This
2 is the public fund survey; right?

3 A It's labeled "Public Fund Survey."

4 Q And this is put out by NASRA?

5 A I'm not sure if this is the NASRA survey or --

6 THE COURT: Have you seen this before, sir?

7 THE WITNESS: I believe I saw this in deposition.

8 MR. WAGNER: Your Honor, there's been no objection
9 to this exhibit. I move it into evidence. There's been no
10 objection by the city.

11 MR. STEWART: That's fine.

12 THE COURT: Is it in evidence?

13 MR. STEWART: No objection, your Honor.

14 MR. WAGNER: Okay.

15 BY MR. WAGNER:

16 Q Sir, you've heard of the term NASRA; correct?

17 A Yes, I have.

18 Q And what is NASRA?

19 A National Association of State Retirement Administrators.

20 Q And are you aware that Ms. Kopacz cited NASRA report in
21 her report?

22 A I reviewed her report briefly. I can't say whether she
23 did or not.

24 Q Are you aware that Ms. Nichol cited it?

25 A Same answer.

1 Q Okay. If you look at the first page, have you -- you've
2 seen the public fund survey before; right?

3 A As I mentioned, I believe I saw this document in
4 deposition.

5 Q Okay. And do you see at the top it says "Median" --
6 first of all, look at the top left, the date of 6-25, 2014.

7 A I see that.

8 Q Okay. And do you see it says "Median for the 126 plans
9 shown here, investment return 7.9 percent." Do you see that?

10 A I see that.

11 Q And you see it has an inflation assumption of three
12 percent. Do you see that?

13 A Yes, I do.

14 Q Okay.

15 MR. WAGNER: And, your Honor, we have another
16 version of this exhibit, again, not objected to by the city,
17 1040. I move both of them into evidence.

18 MR. STEWART: No objection, your Honor.

19 BY MR. WAGNER:

20 Q Now --

21 THE COURT: All right. It's admitted.

22 (COPs Exhibits 1036 and 1040 received at 11:38 a.m.)

23 BY MR. WAGNER:

24 Q Can you turn to Exhibit 10164 in the book? Now, NASRA is
25 a well-known organization in the field, is it not?

1 A In the state pension plan field, yes.

2 MR. WAGNER: Your Honor, I move this document --

3 BY MR. WAGNER:

4 Q And generally the information from NASRA is considered
5 reliable?

6 A I have no reason to doubt its reliableness.

7 MR. WAGNER: Your Honor, I move this exhibit into
8 evidence.

9 MR. STEWART: Let me check our objections.

10 MR. WAGNER: I believe it's admissible whether they
11 object or not. It's admissible under 803 --

12 THE COURT: Well, I have to give them a chance --

13 MR. WAGNER: Sorry.

14 THE COURT: -- regardless.

15 MR. WAGNER: Sorry. Just trying to speed it up.

16 MR. STEWART: Whose exhibit is it? Whose exhibit?
17 Whose exhibit is this? I mean --

18 THE COURT: What's the number again, sir?

19 MR. WAGNER: It's 101 -- 10164 happens to have
20 been -- again, it was cited in --

21 THE COURT: I just asked the number.

22 MR. WAGNER: Okay.

23 THE COURT: Hang on.

24 MR. WAGNER: Sorry.

25 MR. STEWART: We can't -- your Honor, are you sure

1 that's the right exhibit number?

2 MR. WAGNER: That's what I'm told, yeah.

3 THE COURT: It is -- it's not in evidence by our
4 final pretrial order.

5 MR. WAGNER: Right. I think that's right.

6 THE COURT: It's a Retiree Committee exhibit.

7 MR. WAGNER: I would ask that it be admitted, and I
8 think I've established the foundation under 803(17). It's
9 also been -- it's been cited by Ms. Kopacz in her report, and
10 it's been cited by Ms. Nichol in her report.

11 THE COURT: Have you seen this before?

12 THE WITNESS: Yes, I have seen this.

13 THE COURT: Is it anything that you relied on when
14 you were preparing your work for the city?

15 THE WITNESS: No, it is not.

16 MR. STEWART: And, your Honor, I object for any
17 number of reasons, but I would also point out we did not
18 offer Mr. Bowen as an expert. The questions are getting into
19 expert testimony. We will consider the door now open, and if
20 what Mr. Wagner is doing is to -- going into this having
21 conceded this is an expert witness, we will withdraw our
22 objection, but the redirect will be using him as an expert.

23 MR. WAGNER: Your Honor, I don't think I've opened
24 the door. I asked him a question, whether industry
25 surveys --

1 THE COURT: Well, let's deal with whether the door
2 is open when and if you actually decide to do that.

3 MR. WAGNER: Okay.

4 THE COURT: Right now we're just going to deal with
5 the admissibility of this document. My question for you is
6 if the witness didn't rely upon it for any purpose here, how
7 is it admissible?

8 MR. WAGNER: Because the issue isn't whether he
9 relied on it. The issue is whether I can use it to cross-
10 examine him with respect to the 6.75 rate and the 7.2 rate.
11 That's what this is about. These are rates used by public
12 pension funds that are much higher than what's being used
13 here, and Mr. Bowen has already testified -- though he tried
14 to walk away from it, he's already testified that surveys of
15 this type are useful data. And I'd also note that Ms. Kopacz
16 relies on it, and Ms. Nichol relies on it.

17 MR. STEWART: Then perhaps when those witnesses take
18 the stand, it could be used. This is the sort of cross-
19 examination one uses with an expert witness. The witness did
20 not see -- did not rely upon this. I don't see it is
21 admissible in his examination. And I object as well to the
22 use of evidentiary --

23 THE COURT: Mr. Stewart, I'm sorry. I need to cut
24 you off and ask you to speak right into the microphone,
25 please.

1 MR. STEWART: I'm sorry, your Honor.

2 THE COURT: And you can have a seat while you do
3 that.

4 MR. STEWART: Okay. I apologize. Sorry. I don't
5 see the relevance that Ms. Kopacz and Ms. Nichol relied on
6 it. That means nothing. This witness, unless he is deemed
7 an expert, should not be examined on matters he did not rely
8 on. This would be for an expert something he could be asked,
9 but I thought Mr. Wagner said he's not treating the witness
10 as an expert.

11 MR. WAGNER: I'm just posing him questions on
12 something that he believed is -- he said himself is relevant.

13 THE COURT: The objection is sustained.

14 BY MR. WAGNER:

15 Q Now, sir, in your November 2013 letters, you used a rate
16 of inflation of two and a half percent; correct?

17 A That is correct.

18 Q And using a two and a half-percent rate of inflation, you
19 came up with a 7.2 percent return; correct?

20 A Yes.

21 Q And if the rate of inflation were three percent, the rate
22 of return would have been closer to 7.7 percent; correct?

23 A Yes.

24 Q And I'm right that there are lots of Milliman plans that
25 use rates of inflation higher than two and a half percent;

1 isn't that true?

2 A There are.

3 Q I'm right L.A. County uses an inflation rate of 3.45
4 percent?

5 A I imagine you have it in a survey somewhere. I don't
6 know that off the top of my head.

7 MR. WAGNER: Your Honor, may I show him Exhibit
8 103 -- 1040, which has been admitted into evidence and the
9 city hasn't objected to?

10 BY MR. WAGNER:

11 Q Can you turn to Exhibit 1040? Actually, why don't we use
12 1036? I think it's a little bit easier. Sir, L.A. County,
13 that's -- you look -- it's supposed to be alphabetical, but I
14 guess it's alphabetical by state, so L.A. comes under --
15 comes after Arizona on the first page. Do you see that?
16 L.A. County, you see that?

17 A Yes, I do.

18 Q That's a Milliman -- Milliman is the actuary for that
19 plan; right?

20 A Yes, we are.

21 Q And there the rate of return is 7.7 percent; right?

22 A Correct.

23 Q Inflation rate is 3.45 percent; right?

24 A Both as of June 30, 2011; correct.

25 Q Okay. California Teachers, is that another Milliman --

1 is that another plan for which Milliman is the actuary?

2 A Yes.

3 Q Okay. And there the rate of inflation used is 3.5 --
4 is -- I'm sorry -- three percent?

5 A Correct.

6 Q And the rate of return is seven and a half percent?

7 A Yes.

8 Q By the way, do you happen to know the funded status of
9 that plan?

10 A Of California Teachers?

11 Q California.

12 A I do not.

13 Q Would it surprise you if it was about 67 percent?

14 MR. STEWART: Objection, your Honor.

15 THE COURT: What is the objection?

16 MR. STEWART: "Would it surprise you if."

17 THE COURT: Yeah. His surprise is of no relevance.

18 The objection is sustained.

19 MR. STEWART: Okay.

20 BY MR. WAGNER:

21 Q Can you turn to Florida RS? Is that another Milliman
22 plan?

23 A Yes, it is.

24 Q And there the rate of inflation used is three percent?

25 A As of 7-1, 2012, yes.

1 Q Idaho, is that another Milliman plan?

2 A Yes.

3 Q Rate of inflation there uses 3.25 percent?

4 A As of 7-1-12, yes.

5 Q Okay. New Jersey Teachers, that's a Milliman plan, is it
6 not?

7 A Yes, it is.

8 Q And the other -- the inflation rate used is 2.75 percent,
9 is it not?

10 A As of 2011, yes.

11 Q Okay. By the way, that's a pension plan that's serviced
12 from your office, is it not?

13 A Yes, it is.

14 Q And by my math, five plans out of the 126 listed here use
15 an inflation rate of about two and a half percent. Is
16 that -- is your math the same as mine?

17 A I have not looked through the survey exhaustively, so I
18 don't know the answer to that.

19 Q Well, can you turn to Exhibit 1040, which arranges the
20 plans based on the rate of inflation? Can you count how many
21 use an inflation rate of two and a half or less?

22 MR. MONTGOMERY: If I may --

23 THE COURT: No, you may not. If you want to, you
24 can step forward and approach a microphone.

25 MR. MONTGOMERY: Your Honor, this is not an

1 unobjected to exhibit, and I just wanted to make the record
2 clear that the Retiree Committee had objected to the
3 admission of 1040.

4 THE COURT: Oh, well --

5 MR. WAGNER: Well, it's a little bit late for that.
6 I mentioned that the city didn't object to it, and I never
7 heard anything from the back.

8 THE COURT: Was it admitted?

9 MR. WAGNER: I think you admitted it.

10 MR. STEWART: Yes, your Honor. You admitted it.

11 THE COURT: 1040 was admitted. All right.

12 MR. WAGNER: Okay.

13 BY MR. WAGNER:

14 Q Do you see that there are five plans out of the 126
15 listed here that use a rate of inflation of two and a half or
16 less?

17 A On Exhibit 1040, I see seven back in the time frame 2010
18 to 2012.

19 Q Okay. So seven out of 126; right?

20 A If there's 126 here, then yes.

21 Q Okay. That's about -- well, you're the actuary, but
22 that's about six percent or so; right?

23 A You're in the ballpark, I'm sure.

24 THE COURT: I think we've got enough percentages to
25 deal --

1 MR. WAGNER: Okay.

2 THE COURT: -- with without having to worry about
3 that one.

4 MR. WAGNER: That's fine.

5 BY MR. WAGNER:

6 Q Let me move to another subject, sir, ASF. Now, you were
7 asked some questions on direct about ASF. Do you recall
8 that?

9 A Yes.

10 Q And I'm right that in calculating from an actuarial point
11 of view the amount of actuarial liability for a pension fund,
12 you would include the amounts that are due under the relevant
13 plan?

14 A Yes.

15 Q And you would not include benefits that are not included
16 under the plan?

17 A Correct.

18 Q Now, Milliman has done some work on ASF; right?

19 A We have.

20 Q And we saw before that the unfunded liability calculated
21 by Milliman for GRS was about 1.879 billion; correct?

22 A I believe that's the figure.

23 Q Okay. And that figure includes an amount of ASF; right?

24 A The system has liability for both the pensions and the
25 ASF.

1 Q And you understand that there's an issue with respect to
2 ASF; correct?

3 A I do.

4 Q You understand that there were benefits presented to you
5 that were labeled as excess credits, right --

6 A We were provided --

7 Q -- excess interest credits; right?

8 A We were provided with that information.

9 Q And you understand the city is looking to recoup a
10 portion of those benefits; correct?

11 A Yes.

12 MR. WAGNER: Nothing further, your Honor.

13 THE COURT: Thank you. Any other cross-examination
14 of the witness? Redirect.

15 MR. STEWART: Just very briefly.

16 REDIRECT EXAMINATION

17 BY MR. STEWART:

18 Q First of all, here's your glass of water. You were just
19 shown Exhibit -- gosh, looks like 1036 -- and various
20 inflation numbers. Do you remember those questions a few
21 moments ago?

22 A Yes.

23 Q And you, in your answer, mentioned the dates of some of
24 those entries went back to 2011 or times a couple of years
25 ago. What change has there been in recent years in terms of

1 assumptions actuaries use about inflation?

2 A Well, I can speak specifically for Milliman. Our return
3 was 2.75 percent in our capital market assumptions model
4 prior to being reduced to 2.5. I don't recall the exact date
5 that our committee made that determination, but to address
6 your specific question more broadly, there has been a
7 decrease. The trend -- the general trend in recent years has
8 been a decrease.

9 Q Why?

10 A Again, I can't speak for the entirety of the industry,
11 but market interest rates have been low. Inflation has been
12 low. And to the extent that those recent experiences get
13 factored into forward-looking expectations, they're -- the
14 market is putting a lower price on inflation now than they
15 were several years ago is the best way to sum it up.

16 Q Let me ask you just briefly about this investment return
17 assumption that you were questioned about. The investment
18 return assumption represents what exactly?

19 A In these surveys that we've been looking at, these are
20 the --

21 Q No. Just in terms of the --

22 A Okay.

23 Q -- city's plans, not the surveys.

24 A In terms of the city's plans, the investment return
25 assumption is used to discount the expected future cash flows

1 to be paid from the plan to determine a present value.

2 Q And in terms of the city's agreement with the plans, the
3 investment return assumption also represents a certain
4 commitment by the city, does it not?

5 A I'm not sure I fully understand that.

6 Q Well, let me ask it better in that case. These are
7 defined benefit plans?

8 A Correct.

9 Q If the rate of -- if the investment return falls below
10 what the investment return assumption is, what is the
11 exposure of the city?

12 A Thinking back to the analysis we did earlier where we
13 were asked to determine specific targets, if the interim
14 period between now and the target date -- if experience is
15 not -- if experience is less positive than expected, the city
16 will have a larger exposure 2023 forward.

17 Q Fair to say that the investment return assumption from
18 the city's point of view represents the city's agreement on
19 the level of risk it is prepared to take on this obligation?

20 MR. PEREZ: Objection, your Honor. Leading.

21 MR. WAGNER: Objection. Yeah, leading --

22 MR. STEWART: I'll reask it.

23 MR. WAGNER: -- and argumentative.

24 THE COURT: The objection is sustained twice.

25 MR. STEWART: And it was only one question.

1 BY MR. STEWART:

2 Q From the city's point of view, what does the investment
3 return assumption reflect in terms of the city's risk?

4 A The way it was communicated to me originally was the
5 city --

6 MR. BRILLIANT: Objection, your Honor. Hearsay.

7 MR. WAGNER: Yes, yeah. It's hearsay.

8 MR. STEWART: Oh, I think by now that door, your
9 Honor, is off the hinges much less wide open.

10 MR. WAGNER: No, your --

11 THE COURT: The objection is sustained.

12 BY MR. STEWART:

13 Q Okay. From the standpoint -- put to one side what the
14 city communicated to you, simply as somebody who works with
15 these numbers. From the standpoint of the sponsor of the
16 system, what does the investment return assumption reflect in
17 terms of the sponsor's risk?

18 MR. WAGNER: Objection. Foundation.

19 THE COURT: Overruled. Go ahead, sir.

20 THE WITNESS: Let me try to phrase it this way. The
21 investment return is the hurdle rate that you have to hit in
22 practice year over year. To the extent you do better, the
23 plan sponsor is the recipient of that positive experience.
24 To the extent you do worse, the plan sponsor has to continue
25 to fund the plan and actually increase the contributions to

1 the plan to make up for that shortfall.

2 BY MR. STEWART:

3 Q And in this calculation, what is the lower rate of risk,
4 a lower investment return assumption or a higher investment
5 return assumption?

6 A Yes. A lower investment return assumption gives you a
7 lower hurdle to hit in investing your assets.

8 Q And a lower risk in terms of future contributions from
9 the city?

10 A Lower risk of volatility in contributions, yes.

11 MR. STEWART: Thank you. That's all I have, your
12 Honor.

13 MR. WAGNER: Your Honor, just a short --

14 THE COURT: Yeah. Go ahead.

15 MR. WAGNER: -- recross.

16 RECROSS-EXAMINATION

17 BY MR. WAGNER:

18 Q Do you understand that under the plan if the rate of --
19 if the returns exceed 6.75 percent, that money goes to the
20 retirees? Are you aware of that?

21 A I understand there's a provision for that.

22 Q And you understand that an investment return assumption
23 that is too low will overstate liabilities?

24 A Oh, I thought you said lower state. You said overstate?

25 Q Yes, overstate.

1 A Okay.

2 Q You want me to read it again? You want me to pose it to
3 you again?

4 A If you would, please.

5 Q Am I right that an investment return assumption that is
6 too low will overstate liabilities and costs?

7 A If you have a definition of "too low" and are asking that
8 in a general sense, I could agree to that's the way the math
9 works.

10 Q And in preparing the November 4 letters, am I right that
11 you didn't do an analysis of the historical rate of return
12 for GRS and PFRS, did you?

13 A We did not.

14 Q And you didn't take into account that in most years GRS
15 and PFRS actually exceeded their rate of -- their expected
16 rate of returns, did you?

17 A That was not taken into account in our specific November
18 analysis.

19 MR. WAGNER: Thank you.

20 THE COURT: Nothing further, sir?

21 MR. STEWART: Nothing further.

22 THE COURT: All right. I have some questions for
23 you. Addressing the investment return assumption, is there
24 one correct assumption that should be applied like
25 everywhere, or is it fair to say that there is an acceptable

1 range of such interest rate assumptions?

2 THE WITNESS: Well, to specifically answer the first
3 part of the question, I would say there is definitely not one
4 assumption, and I would say to the second part of your
5 question we believe there is a range of reasonable
6 assumptions, but that is not an absolute range. It's a range
7 which varies by plan.

8 THE COURT: What are the factors that impact where
9 within a range -- one second -- where within a range a
10 pension plan would choose its investment return assumption?

11 THE WITNESS: Certainly. In Actuarial Standard of
12 Practice 27, which deals with selection of investment
13 returns, the concept is that when the actuary gets done or
14 the investment consultant gets done with doing their
15 mechanics, which I can describe further if you would like, we
16 should recommend a range in which the expected rate of return
17 is more likely than not to fall, so the results of our
18 capital market assumptions model where we can take a specific
19 systems asset allocation and use it as an input to develop a
20 range of outputs will develop percentiles, and so we'll look
21 from the 25th percentile where three out of four times we
22 think we'll hit that hurdle and we'll go up to the 75th
23 percentile, which one out of four times we'll hit that. In
24 between those two end points is a 50-percent range centered
25 around the median expected return, and from the perspective

1 of the standard, when we recommend it in just that fashion,
2 we recommend to the sponsor that is our expected range based
3 upon your particular asset allocation. Where the plan
4 sponsor decides to fall within that range would be dependent
5 upon their tolerance for risk.

6 THE COURT: And that issue, the issue of the
7 sponsor's tolerance for risk, is that something that the
8 actuary makes a recommendation or even gets involved in
9 helping the client to assess?

10 THE WITNESS: That's not something that the actuary
11 recommends, and from the perspective of assessing, I would
12 not say it's typical for an actuary to assess a plan
13 sponsor's budgetary ability to handle volatility, but what --
14 I mean the way that I would approach this is if you think
15 back to the tank that we had on the earlier demonstrative,
16 lowering an investment return assumption would cause a higher
17 measure of liability currently, which would increase current
18 contributions, the "C" that was going into the tank, with a
19 lower hurdle of "I" in the future, so we could explain to
20 plan sponsors, as we did for the city -- we ran several
21 different investment return assumptions to illustrate how
22 sensitive the results were, and the lower -- to oversimplify,
23 but the lower "I" that you choose, the lower investment
24 return you assume you're going to have over time, the more
25 cash you may put in up front, but the much more likely you

1 are to hit your targets over time, and vice versa all of that
2 would be true as well.

3 THE COURT: So is it the role of an actuary for a
4 plan sponsor ever to say to the sponsor under the guidelines
5 that we, as actuaries, use, you should not use the investment
6 return assumption that you have chosen to use?

7 THE WITNESS: I would say it's close to that, not
8 exact. The plan sponsor -- the trustees for the system are
9 free to choose their rate of return. To the extent that we
10 feel it's outside our reasonable range, we have a
11 responsibility to disclose that.

12 THE COURT: Did you ever say to the city here that
13 the city and this pension plan should not choose 6.75
14 percent?

15 THE WITNESS: We did not.

16 THE COURT: In the beginning of your testimony, you
17 mentioned what your credentials were.

18 THE WITNESS: Yes.

19 THE COURT: Can you state for the Court what you had
20 to do or what you had to demonstrate to get those
21 credentials?

22 THE WITNESS: Sure. The first one I would have
23 mentioned is fellowship in the Society of Actuaries, and that
24 is the -- one of their significant roles is examinations and
25 continuing education, so a credentialing organization. The

1 examination process is several years in length. It took me
2 five or six years to get through the process. Having a
3 master's degree, I would characterize the fellowship process
4 as PhD level. It was significantly more intense.

5 The other examination credential I mentioned is
6 the -- I'm an enrolled actuary under ERISA, and that's what's
7 known as the joint board of the Department of Labor and
8 Treasury administers examinations for actuaries who want to
9 practice in private pensions and assist the plan sponsors in
10 filing their various governmental forms.

11 THE COURT: Um-hmm. You mentioned that you had, I
12 think you said, half a dozen publications.

13 THE WITNESS: Yes.

14 THE COURT: What was the name of what you consider
15 to be your most important publication, and where was it
16 published?

17 THE WITNESS: I'm not sure I could really say which
18 one was the most important from a personal perspective.
19 Well --

20 THE COURT: Well, then pick one.

21 THE WITNESS: From a personal perspective, I wrote
22 an article on GASB 45, which is an accounting standard that
23 came into place about ten years ago for governmental retiree
24 healthcare plans, and I practice significantly in that area
25 as well as pensions, so that one was very important to me

1 personally.

2 THE COURT: And where was that published, sir?

3 THE WITNESS: That was a Milliman publication for
4 our clients and general consumption.

5 THE COURT: Okay. All right. Anything further
6 questions for the witness?

7 MR. WAGNER: Nothing further.

8 THE COURT: No? All right. Sir, you may step down,
9 and you are excused.

10 THE WITNESS: Thank you.

11 (Witness excused at 12:04 p.m.)

12 THE COURT: We'll break for lunch now until 1:30.

13 Mr. Cullen.

14 MR. CULLEN: Over the smaller break we got a start
15 on our homework with respect to the Court's concern over the
16 objections and the schedule with respect to those objections,
17 and I think that I can say that we are in agreement that if,
18 first, they would agree to file their objections on Friday
19 and we would file our objections on the following Friday --

20 THE COURT: File your responses?

21 MR. CULLEN: File our responses -- sorry -- on the
22 following Friday. During that period in between those
23 Fridays we would do any factual depositions or discovery that
24 we agreed on during that period. They would file their
25 expert -- an expert report responsive to any changes affected

1 by the Syncora agreement at that next Friday.

2 MR. PEREZ: No.

3 MR. CULLEN: No?

4 MR. PEREZ: The following Monday. Next Friday is
5 Rosh Hashanah.

6 MR. CULLEN: Oh, the following Monday. And then
7 that expert -- the expert depositions with respect to that
8 would go on while the trial was going on. In order to get
9 that objection work done, what the objectors would like to
10 have happen is that they would like to do as much as we could
11 do through Thursday night this week, not have trial hearing
12 days next week, and start full bore on the next Monday, and
13 specifically with respect to doing as much as we could do,
14 that would absolve us of any break in the testimony, for
15 instance, of Mr. Malhotra or Mr. Orr while the objection
16 process was going on, so that seemed all sensible to us.

17 The thing that we remain somewhat at odds upon is
18 the issue of the additional expert to replace Mr. Murphy, the
19 expert on the subject of employee motivation. I had
20 interpreted the Court's rulings with respect to the first and
21 second aspect of the procedural concern to subsume the idea
22 of Mr. Murphy on the following reasoning, that on other
23 instances, for instance, on the art, when FGIC wanted their
24 own expert, they hired their own expert or provided for an
25 expert on that subject. That has not been done with respect

1 to Mr. Murphy, so we would retain -- we disagree with respect
2 to the need to schedule or to do things with respect to an
3 additional expert to replace Mr. Murphy, but, as we told
4 them, if the Court feels otherwise and there is an additional
5 expert, we will agree to a schedule for that.

6 THE COURT: I do. I think FGIC should have the
7 opportunity at this point to retain its own expert.

8 MR. PEREZ: And, your Honor, we've already talked
9 to -- Mr. Soto has already talked to him this -- I'll sit
10 down -- over the weekend, and the reason we picked the
11 Monday, 29th, date for an expert report is because I think
12 that's what they indicated they would need for an expert
13 report.

14 MR. CULLEN: If that is the Court's clarification,
15 then I think the city would agree to let them use Mr. Murphy,
16 and we will depose Mr. Murphy in the course of either next
17 week or the week thereafter.

18 MR. PEREZ: That's even better.

19 MR. CULLEN: Is that --

20 MR. SOTO: In other words, just if I'm understanding
21 that, we'll stay with Murphy. We just have him deposed.
22 That's fine, your Honor.

23 THE COURT: Okay. So let me ask the parties here to
24 memorialize --

25 MR. CULLEN: Yes.

1 THE COURT: -- this agreement into a stipulation. I
2 didn't quite understand from your presentation when we would
3 actually be resuming testimony in this scenario.

4 MR. CULLEN: End of the day Thursday we stop.
5 The -- a week -- the succeeding Monday we start, which I
6 believe is the 29th.

7 THE COURT: It is.

8 MR. PEREZ: And, your Honor, this is all on the
9 assumption that we actually get the plan tonight. I mean,
10 that -- if --

11 THE COURT: Yeah. I was going to -- I was going to
12 clarify that, too. Is there any issue about that as to --

13 MR. CULLEN: Not to the best of my knowledge, your
14 Honor, but I'm pledging others' labor on that, so -- there's
15 one other --

16 THE COURT: He wants to say something to you.

17 MR. CULLEN: Yes. There are a couple of things that
18 may happen as a result of this with respect to the order of
19 witnesses. In particular, we've talked about taking some of
20 the witnesses out of order with sufficient notice if we --

21 THE COURT: Right.

22 MR. CULLEN: -- allowing us to accommodate this
23 schedule. There's one other caveat for the Court. I
24 received a note from Mr. Chiara, who is listening over the
25 phone, who said that he wanted to be included in our meet and

1 confer on this. On the idea that it wasn't actually a meet
2 and confer and he wasn't on the motion and time runs, I
3 thought we would present this to the Court, but I don't mean
4 to prejudice Mr. Chiara.

5 MR. PEREZ: Your Honor --

6 MR. CULLEN: DeChiara. Sorry.

7 MR. PEREZ: -- he does raise a good point because I
8 forgot what date we were supposed to set aside for Mr.
9 DeChiara, and we don't want to disturb that. And it may have
10 been the 29th or the 30th. I'm not sure.

11 MR. CULLEN: I think it's the 30th.

12 THE COURT: Well, let me ask you to --

13 MR. CULLEN: Sorry.

14 MR. PEREZ: We can work --

15 THE COURT: -- dive into that over lunch, and we can
16 clarify it.

17 MR. CULLEN: Okay.

18 MR. WAGNER: More short term, at 1:30 are we
19 addressing anything left first with respect to Ms. Kopacz?

20 THE COURT: Yes.

21 MR. WAGNER: Is that still on for 1:30?

22 THE COURT: The Court intends to first examine
23 Ms. Kopacz herself regarding issues affecting her
24 qualifications and methodology, and we still have the Retiree
25 Committee's motion that's outstanding, and so I want to give

1 them an opportunity to question her as well. And we still
2 have to clarify what's happening with the Macomb County
3 objections as well, so, anyway, we've used up enough time
4 that we're going to push our start till 1:40.

5 MR. PEREZ: Thank you, your Honor.

6 MR. CULLEN: Thank you, your Honor.

7 MR. STEWART: Thank you, your Honor.

8 THE CLERK: All rise. Court is in recess.

9 (Recess at 12:11 p.m., until 1:40 p.m.)

10 THE CLERK: All rise. Court is back in session.
11 You may be seated. Recalling Case Number 13-53846, City of
12 Detroit, Michigan.

13 THE COURT: Looks like everyone is here. Please
14 stand by one moment, please. Okay. So on the matter of the
15 Macomb County objections, do we need to argue the issue that
16 the Court set for hearing today, or can we just say that
17 we're done with that?

18 MR. BRILLIANT: Your Honor, Allan Brilliant on
19 behalf of Macomb County by and through its public works
20 commissioner, Anthony Marrocco. We believe, your Honor, that
21 the issue is now, you know, moot and that there's no reason
22 to have argument on it.

23 THE COURT: What's the city's position on this?

24 MS. LENNOX: Good afternoon, your Honor. Heather
25 Lennox of Jones Day on behalf of the city. We believe, in

1 light of the withdrawal of the objection, even though it was
2 not withdrawn with prejudice, as long as it remains
3 withdrawn, we can avoid arguing the matter before your Honor
4 today. Should it be refiled, however, we would have to take
5 it up.

6 THE COURT: Okay. All right. The Court will
7 consider that matter resolved then and won't conduct any
8 further argument on it.

9 MR. BRILLIANT: Thank you, your Honor.

10 THE COURT: Okay. Let's turn our attention to the
11 matter relating to the Daubert motions for Ms. Kopacz. I may
12 have misspoken before the lunch break and suggested that the
13 Retiree Committee had filed a motion. It was not the Retiree
14 Committee. It was the Retirement Systems. My apologies for
15 that mixup. Ms. Kopacz, are you here? Step forward, please.
16 Slide all the way through, if you can, and we'll get you on
17 the witness stand. Please raise your right hand before you
18 sit down.

19 MARTHA E.M. KOPACZ, COURT'S WITNESS, SWORN

20 THE COURT: All right. Please sit down. All right.
21 Is there any objection if the Court proceeds with its
22 examination and then opens it up to others for their
23 examinations of the witness?

24 MR. STEWART: No objection.

25 MS. GREEN: No objection other than we are not going

1 to argue the motion first. We're going to do that after the
2 testimony or in the middle or --

3 THE COURT: Well, I -- well, we're going to have --
4 we would have argument after the testimony in any event, so I
5 would just prefer to defer until then.

6 MS. GREEN: Okay.

7 THE COURT: Okay.

8 DIRECT EXAMINATION

9 BY THE COURT:

10 Q What is your name?

11 A Martha Ellen Middleton Kopacz.

12 Q And what city do you live in?

13 A I live in Norwell, Massachusetts.

14 Q And where are you currently employed?

15 A I am employed with Phoenix Management Services in Boston.

16 Q And what kinds of work is Phoenix typically retained to
17 perform?

18 A Phoenix Management Services and its affiliated companies
19 are advisors to operationally and financially troubled
20 organizations. We also do investment banking and transaction
21 advisory work.

22 Q And what is your title at Phoenix?

23 A Senior managing director.

24 Q And what are your responsibilities in that position?

25 A I am a member of the senior partnership group of the

1 firm, and I service clients and promote our services to
2 nonclients. I write and speak and supervise staff.

3 Q What is your understanding of your assignment in this
4 case?

5 A My understanding of my assignment is to serve as your
6 independent expert and to fulfill the order you signed
7 appointing me to render an opinion on the feasibility of the
8 plan of adjustment for the City of Detroit and to render an
9 opinion on the reasonableness of the assumptions that
10 underlie the revenues, expenses, and the plan payments.

11 Q And did you fulfill that assignment?

12 A I did.

13 Q Before we get into the issues here --

14 A Um-hmm.

15 Q -- I want to make a complete record of our
16 communications.

17 A Okay.

18 Q First, did I ever state or suggest or imply what I
19 thought your opinions should be on the issues that I
20 presented or assigned to you?

21 A No, never.

22 Q Did I ever state, suggest, or imply the principles or
23 methods that you should use in this assignment?

24 A Not at all.

25 Q In fact, have we ever discussed your conclusions and

1 opinions in this case?

2 A No, never.

3 Q Have we ever discussed the substance of your work in any
4 way?

5 A Not at all.

6 Q Did we have a conversation about what your testimony will
7 be at this hearing?

8 A We had a conversation about this hearing, not what my
9 testimony would be.

10 Q What did we discuss?

11 A We discussed the logistics for today and that you would
12 be asking me questions, and that was really it. Oh, and
13 whether or not my attorneys could be here.

14 Q Did I e-mail to you the questions that I'm going to ask
15 you today?

16 A You e-mailed me a list, yes.

17 Q What is your understanding of why I did that?

18 A I'm not really sure other than to maybe help me focus my
19 preparation.

20 Q And did I request that you provide me comments or
21 feedback or suggestions regarding my questions?

22 A You said I could if I wanted to.

23 Q Did you do that?

24 A I did not.

25 Q Did we have any discussion about what your answers to

1 these questions would be or should be?

2 A No.

3 Q Did you keep a contemporaneous log of all of your
4 communications with me and my office?

5 A I did.

6 Q What is your understanding of why we are here today and
7 what this hearing is about?

8 A We're here today because the Retirement Systems have an
9 objection, and I don't mean that in a legal sense, but there
10 are a couple paragraphs in my report that they really don't
11 like.

12 Q Okay. You understand that other parties, FGIC and
13 Syncora, had also filed motions challenging your
14 qualifications or methods --

15 A Yes.

16 Q -- and that those have since been withdrawn?

17 A They have been, yes.

18 Q Okay. Only because those questions were raised, I intend
19 to address those issues here today even though no one is
20 pursuing those issues.

21 A Okay. That's fine.

22 Q Do you understand that today is not the day for you to
23 testify about your opinions and the grounds for them? It is
24 just to determine whether your opinions are admissible under
25 the criteria for the admission of expert testimony in Rule

1 702 of the Federal Rules of Evidence?

2 A I understand the first part of that. This is not my --
3 this is not my testimony as to my opinion. In terms of what
4 I did or didn't do, I know that there were objections raised
5 to not doing enough or doing too much or something like that.

6 Q Okay. So let me review Rule 702 with you. It says, "A
7 witness who is qualified as an expert by knowledge, skill,
8 experience, training, or education may testify in the form of
9 an opinion if: (a) the expert's scientific, technical, or
10 specialized knowledge will help the trier of fact to
11 understand the evidence or to determine an issue; (b) the
12 testimony is based on sufficient facts or data; the testimony
13 is the product of reliable principles and methods; and the
14 expert has reliably applied the principles and methods to the
15 facts of the case." So I want to review each of these
16 criteria with you carefully and then the specific issues
17 raised in the motions that challenge your qualifications or
18 methods --

19 A Um-hmm.

20 Q -- so that I can determine whether your opinions are
21 admissible. So let's begin with your knowledge, skill,
22 experience, training, or education. What is your education?

23 A I have a bachelor's of science in business from the
24 Kelley School of Business at Indiana University with a
25 concentration in marketing, and I have a master's of business

1 administration also from the Kelley School with a
2 concentration in finance and investments.

3 Q Um-hmm. And what continuing professional education have
4 you participated in since then?

5 A Since then most of my career I have been a consultant in
6 a public accounting firm, and I've also been certified
7 professionally since shortly after I got out of graduate
8 school, so I have had a 120-hour requirement every three
9 years, so on average 40 hours a year, so I've probably done
10 somewhere between 1,200 and 1,500 hours of continuing ed in
11 my career.

12 Q And what is your employment history?

13 A After graduate school, I joined a firm called Peterson &
14 Company in Chicago. It was a spinoff from Arthur Andersen.
15 I was there for nine years in Chicago, New York, and Boston.
16 I left Peterson in 1990 and joined Price Waterhouse, and I
17 was at Price Waterhouse through the merger with Coopers,
18 through the sale to FTI Consulting, and I left FTI in 2003.
19 I joined Alvarez & Marsal. I was recruited by them to start
20 their public sector not for profit practice, and I was there
21 until March of '06 when I was recruited by Grant Thornton to
22 start their United States corporate restructuring practice,
23 and I stayed at Grant through just about the end of 2011. I
24 intended to take a sabbatical, but I ended up with some
25 clients hiring me individually when I left, so I formed Brant

1 Point Advisors and continued to serve clients on a much
2 smaller scale and on a part-time basis until I joined Phoenix
3 about a year ago.

4 Q Do you have any licenses or certifications?

5 A I do. I'm a certified management accountant, and I'm a
6 certified insolvency and restructuring advisor.

7 Q And how did you achieve those certifications?

8 A Certified management accountant is very similar to a CPA
9 except most of the people that hold it are inside corporate
10 accounting and finance as opposed to public accounting. I
11 sat for the exam shortly after I finished graduate school,
12 and then I think there were some experience requirements, and
13 then I was licensed after that.

14 Q And who grants that certification?

15 A It is the association of certified management
16 accountants. It's like -- again, it's a trade -- I would say
17 it's a trade organization like the AICPA or something like
18 that, and so that's -- I immediately got into continuing
19 education requirements as a result of that. And then the
20 CIRA, I don't recall exactly when that certification was
21 promulgated, but it was a group of industry professionals
22 sometime back in -- I'm guessing the late '80s, the early
23 '90s, who wanted to add some rigor to our restructuring
24 advisory practice, and I was part of that group with Grant
25 Newton that was part of the first group certified in that.

1 Q Do you have any publications?

2 A I don't have any publications, but I've written some
3 articles, so most recently for the ABI Journal a couple
4 months ago.

5 Q What was that on?

6 A That was -- and they changed the title, but it was along
7 the lines of the missing link in successful restructurings,
8 and it was really a piece about how important the management
9 skill set and the talent is. It's not just the liabilities
10 and the assets and how the numbers all work together, but
11 it's really about the people that are going to be in charge
12 once all of the professionals leave.

13 Q Do you have any professional affiliations or memberships?

14 A I do. I'm a fellow of the American College of Bankruptcy
15 in the twelfth class, so a long time ago. I am a charter
16 member of the Turnaround Management Association. I'm a
17 charter member of the -- of IWIRC, which is the International
18 Women's Insolvency and Restructuring Confederation. I
19 started that chapter in Boston many years ago. I'm a member
20 of the ABI, 25-plus years with that. INSOL, and then the
21 rest of it is all more civic and whatever, but those are the
22 main professional associations.

23 Q Have you held any positions of leadership within those
24 organizations other than what you've already described?

25 A Yeah, I have, and the only one right now is I'm on the

1 admissions committee for Circuit American College.

2 Q Other than the American College of Bankruptcy, any other
3 professional honors or recognitions?

4 A I've received some service awards from the Legal Aid
5 Society in New York and from Judge Kaye in the State of New
6 York. I received some recognition from the National Women's
7 Conference, but, yeah.

8 Q Okay. Focusing now on your work in private sector
9 business cases --

10 A Okay.

11 Q -- please describe for us your experience in serving as
12 an expert either in bankruptcy cases or in out-of-court
13 business workout situations and identify some of the relevant
14 and significant cases and your assignments in them.

15 A Okay. The very first expert testimony I gave was back in
16 the mid-'80s in Louisville, Kentucky, in front of Judge
17 Roberts in a case called Belknap. It was a hardware chain
18 distributor and retailer, and that was testimony around
19 insolvency preferences, fraudulent conveyances. And there
20 were a lot of cases filed -- individual adversary
21 proceedings, so I probably testified before Judge Roberts I
22 would say 15 times, something like that, really early in my
23 career. And then sometime again I'm thinking more into the
24 '90s I was retained in a matter called Healthco. Originally,
25 the bankruptcy was in front of Judge Queenan, but the case

1 was tried in District Court in Massachusetts. It was about a
2 fraudulent conveyance, whether a leveraged buyout would be a
3 fraudulent conveyance. And I testified about the projections
4 and the assumptions that the company, its investment bankers,
5 and its accountants had made at that time. Also about the
6 same time I testified in Tennessee in a case called Tennessee
7 Hotel Associates, and I don't -- it was in Chattanooga, but I
8 know the judge has retired since then, and I don't recall his
9 name. That was a valuation case and some discussion around
10 reasonable value of use and occupancy and the like. And then
11 the last expert testimony prior to this occurred in late '95
12 or early '96 in front of Judge Cristol in Tampa in a case
13 called Lykes Brothers Steamship, and it was about the
14 condition of the debtor and its prospects for reorganization.
15 So those are the only cases that I've actually testified in
16 as an expert as opposed to a fact witness in Bankruptcy
17 Court, and while I have been retained to be an expert in some
18 other matters, I've never testified in court.

19 Q Um-hmm. In approximately how many of these kinds of
20 matters have you worked where you didn't actually testify,
21 where you were just a consultant or another kind of witness?

22 A I have -- I've participated in over a hundred
23 restructurings in my career, and I've really stopped counting
24 even though I keep a list of them to this day, and the --
25 and, again, my very first consulting engagement was the

1 bankruptcy of a public accounting firm in Chicago in April of
2 1982. And I just got involved in the business at that point
3 and have continued to this day, so I've done -- I would say
4 probably half have been in court and about half have been
5 out, and about half of them are debtor company organization
6 side, and about half are another -- you know, a creditor
7 constituency, a bank, a bondholder.

8 Q Approximately how many of them involved evaluation on
9 your part of the debtor's plan?

10 A I counted them last night, and there are 29 that are --
11 in which I evaluated the company's plan in a formal context
12 either in court or out of court but in a formal restructuring
13 context and about 22 that I prepared.

14 Q Do you have experience -- or what experience do you have
15 in evaluating executive leadership in the context of
16 evaluating the feasibility of a business or a municipal
17 restructuring?

18 A In every case, whether I've been involved in preparing
19 the projections in the plan or evaluating the projections in
20 the plan, I evaluated management and their ability to carry
21 out that plan.

22 Q Um-hmm. And why did you do that in each and every case?

23 A Because I believe that the plans, no matter what the
24 numbers say, they're predicated on having people in place who
25 can deliver.

1 Q Okay. You did work for the Nassau County Interim Finance
2 Authority?

3 A I did.

4 Q What was that work?

5 A I was retained by the Interim Finance Authority. We
6 called it NIFA. It is a state control board that was put in
7 place now probably 12 or 13 years ago when Nassau County got
8 into financial difficulty. I was retained in -- I'm
9 thinking -- I'm thinking back -- maybe 2010, early '10 or '11
10 when it was clear that the deficit in Nassau County was at a
11 point where it was challenging the viability of the county,
12 and the control board had the power under the state statute
13 to take control and to freeze wages and to, in essence, take
14 the checkbook. That required a finding by the control board
15 that the county was insolvent or likely to become insolvent.
16 There was a significant difference of opinion between the
17 county executives and the NIFA staff and the NIFA board as to
18 whether or not the county was structurally in a deficit
19 position, and I was retained at that time to advise NIFA on
20 whether or not a control period could be instituted. So the
21 first part of that work was really to look at not only the
22 annual budget through -- which was June, and I think I got
23 involved in July after the budget had been issued, and they
24 do three-year budgets there, but to look at those three years
25 as well as to look at some of the prior budgets in terms of

1 how the county had accounted for certain revenues. And then
2 I provided a written statement to the control board with my
3 findings as to what I believed the deficit was and whether or
4 not the county had the ability to do anything to get out from
5 under that deficit. That was the first part of it.

6 And then the second part of NIFA was during that
7 control period, we undertook a really kind of top to bottom
8 operational and business review of the county to identify
9 opportunities to reduce costs, improve services, make things
10 more efficient, and we did that through the lens of looking
11 at it on a time frame, what could be done in 90 days, what
12 would take a year or more, what would take three to five
13 years, so that there was a time frame, and we also looked at
14 with all of those initiatives, which ones impacted collective
15 bargaining agreements, which ones could be executed without
16 collective bargaining negotiations, and we did the same thing
17 and looked at those relative to legislation charter issues
18 and whether or not you would need enabling legislation to do
19 some of these things, so --

20 Q Did that work involve any evaluation on your part of any
21 pension-related issues?

22 A Yes, although pension is not as big of an issue in New
23 York because the pensions are funded, in essence, by the
24 state, so if you don't make your pension contribution, the
25 state simply withholds aid so that they get paid, so they

1 were not in as unfunded position as many other states and
2 municipalities.

3 Q What was your work in that case as it related to pensions
4 then?

5 A We looked at the -- what we expected to be the future
6 funding requirements over the next few years relative to were
7 they going up, were they going down, and -- because the state
8 had given -- had made some accommodations over the last few
9 years, which reduced the amount of contributions that Nassau
10 County had to make and when did we have to make those catch-
11 up payments.

12 Q Did that work involve evaluating on your part the
13 accuracy of the county's revenue forecasts?

14 A Very much so, yes.

15 Q What was the county's annual budget, if you can recall?

16 A Just about \$3 billion. If it were a state, it would be
17 the tenth largest state in the country, tenth -- I mean
18 tenth -- there would be ten states in this country that are
19 smaller than Nassau County. Sorry. I said that backwards.

20 Q And have you done work for the Legal Aid Society in New
21 York City?

22 A I did.

23 Q What was that work?

24 A In 2004 and 2005 I served as the interim president and
25 the chief restructuring officer of the Legal Aid Society in

1 New York.

2 Q And what were your responsibilities in that role?

3 A In that role Legal Aid was about 150 years old at the
4 time, \$150 million budget of which about 130 million are
5 funded by the State of New York and the City of New York.
6 The society was operating at a deficit although didn't really
7 know how much because there had been some embezzlement and
8 some intentional falsifying of records by the former CFO, so
9 while I was serving in those capacities -- and there was an
10 attorney in chief who handled the legal work obviously
11 because I couldn't do that, but in terms of restructuring, we
12 did a complicated out-of-court restructuring in which we had
13 to renegotiate both of our union contracts. The first one
14 was with the SEIU, who had the collective bargaining
15 agreement with our paralegals, our social workers, our
16 clerical people, and then with the UAW, who was the
17 collective bargaining agreement with our lawyers, so we had
18 to do -- we had to renegotiate those. We did a top to bottom
19 strategic plan, did a lot of cost cutting, did some fund-
20 raising, renegotiated leases, consolidated real estate. We
21 froze the existing pension plans and renegotiated with the
22 unions new pension programs going forward moving from a
23 defined benefit into more of a defined contribution mode.
24 What else did I -- oh, my gosh. We ended up taking about \$65
25 million of liability off the balance sheet and getting the

1 society from losing arguably a million plus a month to better
2 than break even.

3 Q Are there any other nonprofit or municipal assignments
4 that you've had that you think may have assisted you in
5 preparing for the work in this case?

6 A Yeah. There's one other, and it was a private out-of-
7 court restructuring in which I represented seven transit
8 authorities, including MTA in New York, MBTA in Boston, CTA
9 in Chicago, Minneapolis, Dallas, San Francisco. I'm
10 forgetting somebody. I'm forgetting a couple. Anyhow, had
11 an opportunity to work with the finance and budgeting teams
12 from each of those transit authorities in terms of working
13 with their annual development of revenue, so --

14 Q How would you say that that work helped you in this case?

15 A It really helped me when I was looking at the DDOT
16 deficit in this case, right, because DDOT -- DDOT is unique
17 in that it's an enterprise fund operation, but because it
18 operates at a deficit, it has to be funded by the general
19 fund, and that's really helpful. It also -- I think
20 anytime -- in all of those cases, we're looking at the
21 projection of revenues. Similarly, with Legal Aid, we're
22 very involved with the city and the state in terms of how
23 they were budgeting for our work and how we were getting
24 authorizations through the council and the legislature, so --

25 Q Focusing again on your work for the Legal Aid Society in

1 New York, you mentioned that you did some work on their
2 pension issues and that when you went in, there was a defined
3 benefit pension plan; is that right?

4 A Yes.

5 Q What was your work specifically in evaluating that, that
6 situation?

7 A Yeah. The first thing that I realized was that
8 because -- the Legal Aid Society is a not for profit, but
9 because it's not a public entity, it is subject to ERISA
10 laws, so there were going to be cash funding requirements
11 that -- some of which hadn't been made as timely as they
12 should have been in the past, but it was going to be a
13 significant crunch for the society to make those, so I
14 reached out to the society's actuaries. And one of the
15 unique things about Legal Aid is I had 17 law firms on
16 retainer on a pro bono basis, and we had 1 firm who was
17 really, really good in pensions, so I asked them to get
18 involved and to look at our options for how to do -- to
19 figure out how we were going to be able to do this. We also
20 got involved -- I also got involved immediately with the
21 unions because there was a union plan. There was also a plan
22 for our nonunionized workforce which had to be modified as
23 well. And it took probably I would say three or four months
24 of work between the society's pension advisory group, their
25 investment group, the subcommittee of the board that looked

1 at that, the outside lawyers, and we looked at a lot of
2 options as to how to handle that, and then ultimately we had
3 to negotiate what was the freezing of the plan and putting
4 together a new plan, so --

5 Q So what was it about your expertise or the scope of your
6 expertise that you felt allows you to work on pensions?

7 A Well, I mean I have -- I do have an MBA in finance and
8 investments. Okay. So I had educational training in higher
9 order finance concepts. I've been in the restructuring world
10 for, at that point, probably, you know, 20-plus years, having
11 come across pension issues and OPEB issues in the private
12 sector from time to time, having clients who've had to turn
13 their pensions over to PBGC, et cetera. And, quite frankly,
14 pension is the kind of topic that I will never say that I
15 like it, but you can put your head in it, and you can
16 understand it when you have to. It's not -- there's some
17 nuances to it. There's some things that are very complicated
18 about it. But at the end of the day, it's about obligations.
19 It's about investments. It's about finance, and that can be
20 understood by most people as long as somebody is willing to
21 teach you about that.

22 Q I take it this is the first time you've served as a
23 court-appointed expert?

24 A Yes.

25 Q Is there something you need to retrieve?

1 A Yes. I just dropped my glasses. I don't know why I have
2 them, but I dropped them.

3 Q What would you say has been different about your service
4 as a court-appointed expert in this case compared to your
5 service as experts for parties in prior cases?

6 A That's the main -- that's the main difference is I don't
7 really have a client that has a point of view. Every other
8 engagement I've had, whether it involved expert testimony or
9 just advisory work, I've always had a client that had some
10 point of view about something, and so the independent nature
11 of this role has been really very liberating and at some
12 points in time a little unsettling.

13 Q Did other professionals in the Phoenix firm participate
14 with you in meeting your responsibilities as the Court's
15 expert?

16 A Yes.

17 Q Can you please identify them and the specific roles that
18 each played?

19 A Yes. Let me go through that. First and foremost is
20 Brian Gleason, who is my partner at Phoenix. Brian has 20-
21 plus years' experience in this business and has done
22 extensive work in the public sector in southeast
23 Pennsylvania, in Philadelphia, in Delaware, in New Jersey,
24 both on an interim management in public sector as well as
25 advisory assessing sorts of things. Brian -- I made Brian be

1 my client during this engagement, and I made him challenge
2 what we were doing as a team and helping me really think
3 through to make sure that we were following a good approach
4 and being mindful. Brian also helped manage the rest of the
5 Phoenix team because I spent a significant portion of my
6 time, particularly early on, in reaching out to parties of
7 interest in the constituencies here, people that I felt that
8 could help me get up to speed quickly. And so while I was
9 focused on external sources of information, Brian was working
10 with our team making sure that we were getting what we needed
11 from the city, so -- and Brian was probably, along with me,
12 the chief architect of the feasibility definition.

13 Q Who else?

14 A Okay. Next would have been Bob Childree. Bob worked
15 with us as a subcontractor, but Bob and I had done the NIFA
16 engagement together and Jefferson County at Grant Thornton.
17 He had been involved in that, although I hadn't been involved
18 in it. He was the former comptroller of the State of Alabama
19 for 20-some years, and, you know, he's a government
20 accounting guy. He's an expert in all of those accounting,
21 finance, financing, budgeting, pensions, operations, ERP
22 systems. Anything that you would put under the
23 responsibility of a CFO for a state, Bob did that, and he did
24 it for 20-some years, plus he's very, very active in the
25 professional government accounting and finance groups. He's

1 just a very wise guy, and he was really helpful. He was the
2 one who helped in the very early part on NIFA in terms of
3 defining what revenue is and how GAAP applies in a government
4 context, so Bob did -- I asked Bob to work on finance,
5 accounting, and IT, clearly areas of his expertise. I asked
6 him to work on pensions, and at various points in time I
7 asked him to help on things like state revenue sharing, so
8 things that were within his domain.

9 The third member of the team was Al Mink. Al is
10 kind of one our resident geeky CPA, CFA, you know, those
11 kinds of guys, prior experience in the private sector as a
12 CFO. He was the CFO of the Philadelphia Gas Works on an
13 interim basis. Strong accountant, strong budgeter. And he
14 and Bob -- he really worked on all of the areas of finance
15 and accounting and the IT area. Next was Mike Gaul. Okay.
16 Right away I looked at that. And I was going to say Al
17 has -- I forget where his undergraduate degree is. His MBA
18 is from Seton Hall, and he's got a whole bunch of letters
19 behind his name.

20 And then the next would have been Mike Gaul. Mike
21 has a business degree from Georgetown, done a lot of interim
22 management on the finance and operations side. Mike handled
23 most of the revenue. He handled the revenue that -- most of
24 those revenue items. He worked on pension, did some
25 drafting, some first drafts on those sections, worked with me

1 on blight, and then -- okay. That was Mike. And then -- I'm
2 forgetting some of Mike's areas.

3 And then there was Kevin Barr. Kevin is analyst --
4 phenomenal analyst. He's a Wharton grad. He's a CFA. Oh, I
5 know. Mike Gaul is a licensed investment banker, not that he
6 does a lot of that, but he is. Anyhow, Kevin was the person
7 that really understood the ins and outs of all of the plans
8 and the models, so Kevin -- and he worked with Mike on a lot
9 of the other revenue issues and those sorts of things.

10 And then at the end we added a junior person by the
11 name of Jack Murdoch as we were getting into the report
12 writing, and he basically did anything that Mike or Kevin
13 told him to do. So that was my team.

14 Q Does your report include any analysis or conclusions that
15 are beyond your expertise or the expertise of your team?

16 A I don't think so.

17 Q Are there any other facts that you think the Court should
18 consider in determining whether you are qualified as an
19 expert by your knowledge, skill, experience, training, or
20 education to testify to the opinions that the Court has
21 requested of you?

22 A I don't think so.

23 Q Let's turn our attention to the next issue under Rule
24 702, whether your testimony is based on sufficient facts or
25 data.

1 A Okay.

2 Q Do you believe that your opinions are based on sufficient
3 facts or data?

4 A I do.

5 Q Take your time and identify as specifically as you can
6 the sources of facts and data that your opinions are based
7 on.

8 A Okay. They fall into two broad categories, and that -- I
9 guess three broad categories. One would be information that
10 I and my team gathered from interviews and working sessions
11 with people. The second category would be information that
12 we gathered and analyzed from the city or constituencies in
13 this proceeding, and the third would be information that came
14 from parties outside this proceeding. So we -- between when
15 I was appointed and when we issued the report, we
16 participated and conducted over 200 meetings in that time
17 frame. I have met -- we'll just go through this -- the
18 mayor, the emergency manager, their respective staffs. I've
19 met with almost all of the department heads in the city, with
20 their financial people. Most of the department heads also
21 have a finance person. We've met with all of them.
22 Extensive work with E&Y, Conway. I've met with the
23 creditors' lawyers and financial advisors. I've worked with
24 AlixPartners, with FTI, with Alvarez, with Goldin, with
25 Houlihan, had dialogue back and forth with most of the

1 lawyers that are involved in this case. I've met with the
2 land bank. I've met with the Art Institute people. I've met
3 with benefactors to the city. I've met with the foundation
4 people. I've met with the city council and the chief of
5 staff of the city council. I've met with former city council
6 people. And then my team, some people have been involved in
7 those meetings. A lot of those I've done -- I did on my own,
8 but they have met and worked with almost everybody on the E&Y
9 team, almost everybody on the Conway team. They've also
10 worked with all of the department heads in accounting and
11 finance, so risk management, purchasing, treasury,
12 accounting. They've met with the auditor general. They've
13 met with the assessor, all of the IT people, police, fire, so
14 it's -- it is -- those people provided an enormous amount of
15 information not only as to what the city is doing from
16 rendering services but how those services are delivered and
17 how the costs flow from that, you know. Similarly, on the
18 revenue side, you talk to people in treasury about how monies
19 are collected and the interplay with the county, but they
20 also lead you to documents, and I would say -- I can't even
21 count how many documents we've probably collectively looked
22 at. There is a seven-page list of the tiny -- like five-
23 point font of documents that came to us from the city that
24 came because we asked, not because they were already in the
25 data room. So the city has the data room, and then when we

1 started requesting more information, they kept a separate
2 list of that and put all that stuff in the data room so that
3 anybody -- so that whatever I had everybody else could have
4 if they wanted. Now, you know, there are parties here that
5 probably don't care about the resumes of all of the
6 department heads, the subdepartment heads in finance, but I
7 care about that, so those are things like -- it's tens of
8 thousands of pages of information. And then the outside
9 information came from the blight task force, Future City's
10 reports, consulting reports, people just voluntarily sending
11 me things. Some of the other experts that you had
12 interviewed sent me information that they had used that they
13 thought would be helpful, so an enormous amount of
14 information. And then sometimes we would go -- it wouldn't
15 be -- we would then go to the city itself to the people in
16 either the departments or the finance and accounting and get
17 really granular data, so --

18 Q Okay. So who did you or your team talk to relating to
19 the pension issues?

20 A I had the first meeting on pension with -- it was at
21 Clark Hill, the lawyers for the Systems, and it was Bob
22 Gordon, then two gentlemen who were the general counsels of
23 each system. There was another lawyer that was in and out
24 that I don't recall his name. And those were my first
25 meetings on the pension system. Once I had a good overall

1 view of kind of what the pension issues were going to be, I
2 then delegated that to Brian Gleason and Mike Gaul and to Bob
3 Childree, and they had subsequent meetings with that same
4 group and then with other people at the city. I reinserted
5 myself in the pension discussions when I met and got to know
6 Dick Ravitch because Dick has some interesting views. We had
7 all -- we had known about Dick through his work before at the
8 Rockefeller Institute and some of those publications, and
9 obviously I relied heavily on Bob Childree's view on pensions
10 and appropriate funding, but, yeah, that was how we did that.

11 Q Were there any meetings with any of the pension funds' or
12 pensions plans' professionals or their advisors?

13 A I didn't have -- other than lawyers, I did not have. My
14 staff did with some telephone calls. I don't believe there
15 were any in-person meetings.

16 Q Okay.

17 A And there were -- I'm sorry. There were also pension
18 meetings with the city and Jones Day. There were a lot of
19 those.

20 Q Did you keep a contemporaneous log of all of the people
21 with whom you and the members of your staff communicated in
22 this assignment?

23 A I would say I did a 95-percent job on my own behalf, and
24 I know that once we decided -- it was a couple of days into
25 it that we decided the team needed to do the same thing, I

1 think they made a similarly diligent effort to keep that --
2 to keep those records, and I think between our detailed time
3 records and the contemporaneous log, I think between those
4 two documents, we've got it.

5 Q And so those logs or that time record have been made
6 available to the parties in the case?

7 A Yes.

8 Q Did you keep a list of the documents that you reviewed?

9 A My team did, and I kept a drawer in my office at the
10 CAYMAC of anything that I looked at that wasn't in the data
11 room or that came from the city, so like my copy of the
12 blight report, my copy of the triennial budget that came from
13 the city, those sorts of things I kept in a big file drawer,
14 and then when we were preparing our exhibit of documents for
15 the report, one of my team members came in and inventoried
16 that.

17 Q What was the condition of the city's financial
18 information during the time when you were doing your work?

19 A Again, I think of it in a couple of different ways. When
20 we got involved, the city had financial -- had completed its
21 audits through June of '12, okay, and were working on fiscal
22 '13. However, Ernst & Young had control of cash, so as has
23 oftentimes been my experience with troubled businesses, when
24 the bookkeeping gets out of sync in a time frame or
25 completeness, you go to cash. And the good news with the

1 city is that E&Y has been controlling cash for probably three
2 years now so that you can actually get answers to questions,
3 you know. You can get how many people are on payroll, what
4 does this cost, those sorts of things. The historical
5 records are not timely. It's a concern of mine. I've talked
6 about it. I complain about it all the time. And that's
7 because the information systems are so bad, so it is -- you
8 can get the answer -- you can get an answer that I believe is
9 truthful and accurate from the city. It'll just take you
10 awhile, and you have to go find someone who knows how to pull
11 it out of the awful bookkeeping and information technology
12 systems, so I mean it's -- they're bad, but they're no worse
13 than what I'm -- what I see in other places.

14 Q Well, that's my next question. Is it common for an
15 entity in need of financial restructuring or experience
16 problems -- to experience problems in providing adequate data
17 to an expert who is asked to evaluate its projections?

18 A Almost never -- and I have one client that I've had
19 recently that this is not true -- almost never does a client
20 or a party, you know, a debtor or a debtor in waiting have
21 adequate information that they can give to you on a real time
22 basis; right? It's just --

23 Q DIW.

24 A DIW, debtors in waiting. And they just -- it's never --
25 it's not timely. It's where they cut staff. It's where they

1 don't pay attention. It's always a mess.

2 Q Did anyone from whom you requested information withhold
3 that data from you?

4 A Ultimately, no.

5 Q Okay. Okay.

6 A I had to get you involved. No. I had to --

7 Q What do you mean by "ultimately"?

8 A Recall that I never got the working models of the
9 projections until Memorial Day.

10 Q And then you did?

11 A And then I did.

12 Q Were there other sources of data that, in your
13 professional judgment, you should have accessed in forming
14 your opinions?

15 A I don't think so.

16 Q Is there anything else you want to tell the Court about
17 the sufficiency of the facts or data that you used?

18 A Again, I think that at the end of the day I got
19 sufficient information. I was confident in the information
20 that I received or was able to get, right, because had I not,
21 I wouldn't have been able to come to my opinion, so while I
22 would still like to have more information about certain
23 things because I'm curious and I'd like to know more, at the
24 end of the day, I got what I needed or I couldn't have
25 rendered an opinion.

1 Q Let's turn to the next criteria under Rule 702, which is
2 whether your opinions are the product of reliable principles
3 and methods. Do you believe that your opinions are the
4 product of reliable principles and methods?

5 A I do.

6 Q Let's first review what principles and methods you used
7 were, and then we will discuss why you believe they are
8 reliable --

9 A Okay.

10 Q -- so please note that this criteria is not about whether
11 you reliably applied the principles and methods -- we'll
12 discuss that later -- this is just about the principles and
13 methods themselves and whether they are reliable, so take
14 your time and tell us about the principles and methods or
15 steps that you used in carrying out your assignment.

16 A Okay. I think the -- I go back to my proposal, which
17 laid out an approach that I envisioned using if I was
18 appointed in this case, and now after the fact I can look
19 back at that approach and say that's exactly what we did.
20 And it is -- is it a little bit different because of this
21 situation, sure, because everyone is, but it is the approach
22 that I have used my entire career and that other people in
23 the restructuring advisory community use, so in -- with the
24 City of Detroit, we collected about six years' worth of
25 historical data, sometimes a little bit more, sometimes a

1 little bit less, for all of the revenue and the expense
2 assumptions both in the ten-year plan, the ten-year, forty-
3 year plan and the RRI's, so we looked at historical
4 information. We looked at current spending levels or receipt
5 levels, depending on where it was because, again, didn't have
6 financial statements that were completed at that time.
7 Obviously looked at all of the reports that had been
8 developed by the various state agencies, the treasurer,
9 reports the emergency manager had done, gathered information
10 from all the outside consultants. I mean Detroit was a -- is
11 a -- was a city that was consulted to death, so used all of
12 that and then factored that in with all of the information we
13 gathered from all of the interviews and the analysis. And
14 what was going on from in late April and May until we got the
15 working models is Kevin Barr was, in essence, building a
16 bridge between the projections and the RRI's, so by the time I
17 actually got the working models and could say, ah, that's the
18 assumption for this revenue projection or, oh, I really see
19 that now for the expense, Kevin had reverse engineered most
20 of this model so that we actually could look at the
21 underlying assumptions, look at the baseline, what the
22 starting numbers were, and see if those projections made
23 sense going forward, so it is -- in restructuring history,
24 it's important for certain kinds of revenues and expenses if
25 they're going to continue, but the other thing that happens

1 with restructuring, thank goodness, is activities in the past
2 can be radically changed as a result of the restructuring, so
3 sometimes you can -- you know, perfect example here is with
4 lighting; right? You wouldn't project lighting revenues to
5 go forward when you've transferred the lighting authority
6 over to a different entity, so you just make an individual
7 assessment on each assumption. And after you do that, then
8 you do the sensitivity analysis on your critical assumptions
9 to see if you're going to be wrong and you know you will be
10 wrong with projections, right, which are the assumptions that
11 a small change in the assumption will create a big impact in
12 the projections.

13 Q So to what extent did the fact that this is a municipal
14 case rather than a business case impact the principles or
15 methods that you used?

16 A It didn't impact the principles or the methods or the
17 approach. The difference in it is that there is not an
18 option to stop doing things because the city has to deliver
19 some sort of basic service. You can't -- just because it
20 costs too much to run that bus route doesn't mean you get to
21 stop it.

22 Q To what extent did the time deadline that the Court
23 imposed upon you impact the principles and methods that you
24 used?

25 A It did not impact -- I mean it did impact; right? It

1 impacted the level of effort. It impacted the size of my
2 team; right? For the kinds of work we do at Phoenix, you
3 know, six people in one place full time is a huge team of
4 resources.

5 Q Right, but my question is the impact on the methods and
6 principles.

7 A It didn't -- it really didn't impact the method and the
8 principles. I think there are points where when I got
9 satisfied with an issue or something, I said stop doing that;
10 right? So, you know, at the end of the day when I knew what
11 my perspective was going to be on IT, right, it's like stop
12 going deeper onto that; right? Just stop. So I think there
13 were points in time where I probably pulled my team back from
14 continuing to go deeper into issues that I felt we had
15 adequately covered.

16 Q So did the time limit result in any compromise of your
17 professional judgment or conclusions or methods in the case?

18 A No, because I asked you twice for extensions; right? I
19 mean I knew that first time that there was no way that I
20 could get done what I needed to get done given when I had got
21 in the working models, and then at the end I needed those
22 last few days because we had gotten a new set of projections,
23 so --

24 Q Um-hmm. Apart from what you've already mentioned, are
25 there any other factors in the case that impacted the

1 principles and methods that you used?

2 A No, not really. I was asked in my deposition about
3 methods, and I actually went back and looked at those because
4 I hadn't heard those words since I was in grad school. So
5 there's a big method and a little method. I think the little
6 method, the approach that I used in this engagement, is the
7 approach that restructuring advisors, whether they're working
8 for a debtor, a company, a municipality, or advising a
9 creditor, that's what you do. You look at history. You
10 sensitize it. You judgmentize it. You talk to people about
11 it. You get down to source documents. And then you make a
12 projection with -- that you feel is reasonable, and I think
13 that's what we do. Do we do things like time series
14 analysis? We do. Do we do regression analysis? We do. But
15 we don't sit down and say, "Oh, my God, I'm going to use the
16 delphi method to estimate this," or, "I'm going to use the
17 naive" -- those are just -- those are like Wikipedia words,
18 and I recall them now that -- from a long, long time ago, but
19 we did do some of that.

20 Q Was it part of the methods that you used in this case to
21 reconstruct from scratch the -- or a set of financial
22 projections for the city's general fund?

23 A No. That was not -- that was not my scope, and that's
24 not what I would do in the role of evaluating any plan.

25 Q Do experts in your field when evaluating feasibility

1 normally reconstruct financial projections like that?

2 A No.

3 Q Are there any circumstances when this is done within the
4 scope of this kind of an assignment?

5 A I thought about that. I did it once in 1991 in a case
6 called Lang Laboratories, and I represented the creditors.
7 And about 30 days into that case, the CEO resigned. We
8 agreed with the company to do a complete exchange of debt for
9 equity, and at that point in time the creditors' committee
10 advisors took over all the rest of the work on the
11 reorganization plan, and, yes, so we really -- we started all
12 over, but that was -- it was like 1991 that I did that.

13 Q Just so our record is complete, why did you not do that
14 in this case?

15 A Because it doesn't make sense to do that. My job was to
16 evaluate the plan -- or my job still is to evaluate the plan
17 and the projections that underlie that.

18 Q Okay. Let's turn our attention to the reliability of the
19 principles and methods that you used. Do you believe that
20 your education, training, and experience has given you an
21 understanding of the principles and methods that others use
22 in your field and that are generally accepted when assessing
23 the feasibility of municipal restructuring plans or a debt
24 adjustment plan in a Chapter 9 case?

25 A I do.

1 Q Are any of the principles and methods that you used in
2 this case materially different from the principles and
3 materials -- principles and methods that are generally
4 accepted in your field when the assignment is like it was in
5 this case?

6 A I don't think so.

7 Q Are there reliable principles and methods for evaluating
8 a 40-year projection for either a business or a municipality?

9 A I don't think so.

10 Q Why not?

11 A Because 40 years is so far into the future that it is
12 very, very, very, very hypothetical, and as I was thinking
13 about what 40 years ago was from today back, it's -- we were
14 all children, and I can't imagine what the city's budget
15 would have looked like 40 years ago because we had just had
16 the first oil embargo and, you know, how that would have
17 affected automobiles and the development of the city, so
18 it's -- 40 years is such a long time horizon that while I
19 think it is instructive to think about it, right, there's no
20 reliable method for projecting 40 years in the future.

21 Q Is that a view that you would say is generally held
22 within your field?

23 A It is.

24 Q What was the definition of feasibility that you decided
25 to apply in determining whether the city's plan of adjustment

1 is feasible?

2 A It was a definition that I developed.

3 Q What was it?

4 A We spent a lot of time getting the words right on this,
5 and it would be better if I had it to read. I know it's on
6 page 13, which was kind of an easy to remember page; right?
7 The feasibility definition -- and I'll do it as best I can
8 from memory -- is is it likely that the City of Detroit,
9 after confirmation of the plan of adjustment, will be able to
10 sustainably provide basic municipal services to the citizens
11 of Detroit and make the -- and meet the obligations in the
12 plan without the probability of a significant default.
13 That's close.

14 Q Um-hmm.

15 A But it has three concepts. It has provide services, meet
16 plan obligations, and not likely default.

17 Q Um-hmm. And how did you decide that that was the
18 appropriate definition?

19 A It evolved out of my view that feasibility is both a
20 quantitative and a qualitative measure, that, yes, there
21 are -- there's the numbers side. Can you generate the
22 revenue? Can you deliver the services at a price point such
23 that you've got enough cash to make plan payments? But it's
24 also about the skill and the will, and this goes to the
25 management, the human capital side. Do you have people who

1 are left behind who can execute on the plan?

2 Q Is that definition or one similar to it generally
3 accepted in your field as an appropriate definition of
4 feasibility?

5 A Well, I think time will tell. I think this is the first
6 time that anybody in my profession has tried to define
7 feasibility in a Chapter 9, so I think it makes sense, but I
8 think time will tell. Ultimately you'll decide.

9 Q Is that definition of feasibility or one like it
10 generally accepted in the business context?

11 A I think it is, and I think the -- again, we don't get any
12 help from the Code in terms of what feasibility is. On the
13 commercial side we've got a lot more case history, so, like I
14 said, it makes intuitive sense to me that it's both
15 qualitative and quantitative. There's clearly a time horizon
16 concept with feasibility, which I think is more challenging
17 in the Chapter 9 environment, and I also think the
18 feasibility is a range. It is a -- values can have -- can be
19 reasonable and feasible within a range. They're not just a
20 point estimate.

21 Q So do you see any reason to use a different definition in
22 a municipal case compared to a business case?

23 A Only to the extent that I think it is important that the
24 municipality be able to sustainably deliver basic municipal
25 services. They don't have to be best in class. I've said

1 that, but they've got to be able to deliver basic services.

2 Q Is there anything further that you'd like to tell the
3 Court about the principles and methods that you used or their
4 reliability?

5 A I don't think so.

6 Q So, finally, let's turn our attention to the last
7 criteria under Rule 702, whether you reliably applied to the
8 facts of this case the principles and methods that you chose
9 to use. Do you believe that you reliably applied to the
10 facts of the case the principles and methods that you chose
11 to use?

12 A I do.

13 Q One of your two tasks, as you've pointed out, was to
14 investigate and reach a conclusion on whether the assumptions
15 that underlie the city's cash flow projections and forecasts
16 regarding its revenues, expenses, and plan payments are
17 reasonable. Did you carry out that task?

18 A I did.

19 Q Could you define for the Court what is an assumption?

20 A An assumption is -- I'm thinking of synonyms. It's a
21 hypothesis. It's an axiom. It's a presumption. It is
22 something that you believe is going to happen. You take it
23 for granted that it's going to happen.

24 Q Is that the generally accepted definition of assumption
25 in the field?

1 A I think so, yes.

2 Q Can you estimate how many such assumptions underlie the
3 city's cash flow projections and forecasts regarding its
4 revenues, expenses, and plan payments?

5 A It's many hundreds and arguably probably thousands. The
6 projections are contained in over 300 spreadsheets that are
7 assimilated into the various projections in the RRI's, and
8 each of those have many columns and many lines. And you
9 would logically expect an assumption to be associated with
10 each line item over time, so, you know, it's clearly,
11 clearly, clearly, clearly into over the hundreds into the
12 thousands.

13 Q Did you investigate each and every one of those
14 assumptions?

15 A Kevin Barr has looked at every cell in every sheet and
16 can tell you where it comes from and how it's calculated.

17 Q Earlier you used the phrase "critical assumption."

18 A Yes.

19 Q What does that phrase denote or mean?

20 A Again, it's a word that I chose when we were putting our
21 proposal together in recognition of the complexity of what
22 these projections were going to look like. And I knew once
23 we got underneath them that they were going to be complex,
24 and I knew that the fact that there were multiple parts of it
25 that piece together was going to make it -- was going to make

1 it complicated, but -- and given the time frame, there are
2 critical assumptions that either lay the foundation for many
3 of the other assumptions or they're critical because they're
4 so sensitive to small changes having big impacts that you
5 really had to look at them, so --

6 Q Okay. So that's my next question.

7 A Yeah.

8 Q What is the purpose of identifying some of the
9 assumptions as critical assumptions?

10 A Because there are -- there is some subset of those
11 thousands of assumptions that are really, really important,
12 so, for example, right, one of the most critical assumptions
13 in the city's projections are the head count assumptions, so
14 at a foundational level, we've got to get comfortable that
15 the projected head count by department of people doing what
16 they're doing, right, makes sense.

17 Q You're talking about employment head count?

18 A Employment head count because, you know, again, you've
19 got 60-plus percent of your costs that are derived either
20 from salaries, wages, or benefits that are paid, so you
21 better have the head count projections. You better be
22 comfortable with that before you move on to say that, you
23 know, the budget for this department or that department is
24 okay, so that's an example.

25 Q Is it generally accepted within your field to separate

1 assumptions by how critical they are in --

2 A It is.

3 Q -- determining whether and to what extent to investigate
4 them?

5 A It is because it's the -- it's a cost-benefit analysis so
6 that you can -- you know, you want to make sure that you get
7 all of the important assumptions analyzed, critiqued,
8 evaluated, and the lesser assumptions either will have very
9 little impact or you may run out of time or you may run out
10 of budget to do them, so --

11 Q Was there ever an instance in the case when someone asked
12 you to investigate an assumption because they thought it was
13 a critical assumption but you decided not to?

14 A Not that I recall.

15 Q Were there any assumptions that, in your judgment, should
16 have been investigated as critical assumptions but for
17 whatever reason you did not investigate?

18 A No.

19 Q Well, what challenges or obstacles did you face in
20 reliably applying to the facts of the case the principles and
21 methods that you chose to use?

22 A Other than initially getting access to data that we felt
23 was important that maybe the city either hadn't already
24 collected or didn't think was important, once we kind of got
25 over that hump, then there really weren't any other

1 impediments.

2 Q Okay. So you're satisfied that you worked through those
3 challenges or obstacles?

4 A Yeah. I couldn't have rendered an opinion.

5 Q So there were no challenges in this regard that you did
6 not successfully meet or overcome?

7 A That's correct.

8 Q Is there anything further that you want to tell us about
9 the reliability of your application of the principles and
10 methods that you used?

11 A Not that I can think of.

12 Q Let's address some of the more specific objections or
13 issues regarding your testimony that the parties asserted in
14 their motions even though some of them have been withdrawn.

15 A Okay.

16 Q Are you generally familiar with those issues that the
17 parties have raised?

18 A I am.

19 Q How have you become familiar with them?

20 A I read the pleadings, and then I discussed them with my
21 attorneys.

22 Q Do you believe that any of those objections have merit?

23 A I don't.

24 Q All right. So what I'm going to do now is summarize each
25 objection and simply ask you how you respond to it.

1 A Okay.

2 Q One objection, for example, is that you did not actually
3 test the reasonableness of a majority of the city's
4 assumptions in its forecasts and that instead you opined that
5 the city's assumptions are reasonable when considered in the
6 aggregate.

7 A Okay.

8 Q What is your response to that objection?

9 A My response is that we did look at individual
10 assumptions. We did analyze them. We did critique them
11 individually. We looked at the assumptions in total
12 obviously in the result. My challenge is with the word
13 "test." Okay. This is not a blood test. You can't put a
14 dipstick in it and get something to turn blue or pink. Okay.
15 You have to look at the information about the assumptions and
16 the data, so when you look at my report, much of -- and let's
17 go back to the head count example; right? The head count
18 analysis that we did in looking at the individual assumptions
19 around head count by department over time, right, that
20 information is information that we pulled together so that we
21 could analyze it. That isn't something that somebody gave
22 us. That is something that Kevin developed. So did you test
23 it? I got a problem with the "testing" word. Did we analyze
24 it? Did we verify it? Did we make sure that the head count
25 that we looked at in different places made sense? Absolutely

1 we did. Did we do that for every single assumption? No,
2 because some of them are minor. Again, some of them are
3 minor, but I do believe that for all of the assumptions
4 individually, collectively we did it. I only -- in my report
5 I only called out certain of the assumptions that I either
6 thought were important to make a statement that I agreed with
7 or certain of the assumptions that I felt it was important
8 that I make a statement that I don't agree with. So I think
9 silence on some of the assumptions has maybe been
10 misconstrued as I didn't look at them, but that's not the
11 case.

12 Q Another objection that was made is that there is no way
13 to test some of your opinions on some specific assumptions.
14 How do you respond to that?

15 A Again, I don't know how to respond to that because it
16 doesn't make sense to me. This is not -- this is not a
17 laboratory experiment; right? We're not putting two
18 chemicals together to see if we get smoke; right? It is you
19 look at information, you analyze it, and you assess its
20 veracity and validity.

21 Q It is also asserted that you did not make any
22 determination about the quality of E&Y's work.

23 A I read that, and I remember at some point being asked
24 about that, and I didn't -- I relied on what E&Y did. I
25 trust their professionalism. I believe they were honest with

1 me. We checked all the math; right? So I didn't have to --
2 I didn't have to just accept it; right? We went and checked
3 all the math, and we verified the assumptions, so I just
4 didn't feel a necessity to make a statement about the quality
5 of their work or similarly about Conway's work, but I mean
6 they've done an amazing job; right? Do I agree with
7 everything they've done? Absolutely not; right? Would they
8 agree with everything I did? Absolutely not. But it's not
9 like anything is inferior or substandard or unprofessional.

10 Q Well, was your assessment, evaluation, review, reliance
11 on E&Y's work, consistent with what is generally accepted in
12 the industry in these kinds of circumstances?

13 A Absolutely. When you're the evaluator of the plan and
14 the projections as opposed to the developer, I think most
15 evaluators, based on reputation, prior experience, whatever,
16 would tend to rely on the preparer to some level based on
17 their own ability to review and analyze.

18 Q It is asserted that you did not understand the city's
19 methodology and, therefore, could not have evaluated it. How
20 do you respond to that?

21 A I got a little bit tripped up with this big M, little M
22 thing. I got asked about methodologies from an academic and
23 a textbook perspective, and I wasn't very facile with those
24 words. I knew what we did. We did trend analysis. We did
25 time series. We looked at regressions. We looked at

1 sensitivities. I didn't -- I don't think about that. That's
2 not the words that people in my business use even though when
3 I look in retrospect we absolutely did use some of those
4 methods.

5 Q It is asserted that you were forced to rely on the city's
6 unreliable and insufficient data and only when the city was
7 willing to provide it to you because you did not have
8 sufficient time to independently verify it.

9 A I don't believe that -- I mean there was -- there's never
10 been a context in my career where you go in and you reaudit
11 something. That doesn't make any sense. Okay. It's
12 historical. You rely on the information that's there that's
13 been audited by other folks that's been put into the city's
14 annual report, so there wasn't -- even if I'd had all the
15 time in the world, it's not something I would have done
16 because it wouldn't have provided much value.

17 Q It is asserted that you lack experience with municipal
18 finance and budgeting.

19 A I disagree with that.

20 Q Based on your work in Nassau County and with the Legal
21 Aid Society and --

22 A Yes.

23 Q -- with your staff's work with Jefferson County and
24 Philadelphia and the other experiences?

25 A We have a -- we have a lot of experience with municipal

1 budgeting and finance both from a preparer and an evaluator's
2 perspective.

3 Q We'll hear more about this in a moment, but it is
4 asserted that you lack the qualifications to give opinions
5 and conclusions relating to pension issues.

6 A I disagree with that. I agree that I am not an actuary,
7 that I could not do an actuarial calculation. Quite frankly,
8 I don't know how anybody did those things before computers
9 because they're just -- they're mind-numbing; right? But,
10 again, pension issues are not magical. They're not a super
11 science that we can't understand. Everybody in this room can
12 understand basic concepts around pensions, how benefits are
13 calculated, how liabilities are calculated, how investments
14 are made, how monies are discounted, so I just disagree with
15 that.

16 Q A theme that came through the objections was that you
17 were on the city's side in this case. Were you biased in
18 favor of the city?

19 A No. I don't think the city would say that at all.

20 Q Did you come into this assignment with any preconceived
21 notion regarding the feasibility of the city's plan of
22 adjustment or the reasonableness of its assumptions?

23 A I didn't. I would not have put myself forward if I had
24 had some perspective.

25 Q Is there anything else in the objections that you read

1 that you want to address?

2 A I don't remember them all, but I don't think so.

3 Q Okay. Just some final questions and conclusions here --
4 in conclusion here. Have you reviewed the transcript of your
5 deposition?

6 A I have.

7 Q Is there any testimony in your deposition that you want
8 to correct or clarify?

9 A No. There's nothing in my testimony that needs to be
10 corrected or clarified. There are typographical and phonetic
11 spelling errors which we've not undertaken to do an errata
12 sheet, but, you know, in reading it, are there things I'd
13 like to explain better, but realizing that that's not the
14 opportunity for me to have a say -- I'm just answering
15 questions -- I don't think that there's anything that's
16 technically wrong with my testimony.

17 Q In these circumstances, the Supreme Court made the
18 following statement, and for the lawyers in the room it's
19 Kumho Tire versus Carmichael, 526 U.S. 137, 1998 -- quote,
20 "The objective of that requirement is to ensure the
21 reliability and relevancy of expert testimony. It is to make
22 certain that an expert, whether basing testimony upon
23 professional studies or personal experience, employs in the
24 courtroom the same level of intellectual rigor that
25 characterizes the practice of an expert in the relevant

1 field." Did your work in this case meet that standard of
2 intellectual rigor that the Supreme Court described?

3 A Absolutely.

4 Q Finally, do you plan to update your report?

5 A I have heard that we're getting a new plan maybe later
6 today or tomorrow with new projections, so probably.

7 Q I take it that until you see that, you're probably not in
8 a position to see how much work that would involve or what
9 the timing of that would be?

10 A I don't. I don't have any idea.

11 Q Okay.

12 THE COURT: All right. That's all the questions I
13 have. Let's take a break now for 15 minutes until 3:30, and
14 then we'll see if others have questions, so I will see you
15 then.

16 THE CLERK: All rise. Court is in recess.

17 (Recess at 3:13 p.m., until 3:29 p.m.)

18 THE CLERK: All rise. Court is back in session.
19 You may be seated.

20 THE COURT: Okay. Ms. Green, do you have questions?

21 MS. GREEN: Yes, I do.

22 MR. STEWART: I have no questions.

23 CROSS-EXAMINATION

24 BY MS. GREEN:

25 Q Good afternoon. It's Kopacz as in rhymes with topaz;

1 correct?

2 THE COURT: Could you --

3 MS. GREEN: Thank you.

4 THE COURT: -- pull the mike --

5 MS. GREEN: Yes.

6 THE COURT: -- right in front of you and talk
7 right --

8 MS. GREEN: Just wanted to make sure --

9 THE WITNESS: Yes, yes.

10 MS. GREEN: -- I had the pronunciation right.

11 BY MS. GREEN:

12 Q I wanted to go over a little bit of your prior experience
13 at Nassau County. You identified your engagement there as
14 involving some pension-related work; correct?

15 A I'm sorry. My involvement where?

16 Q At Nassau County.

17 A Oh, in Nassau County, yes.

18 Q And you identified your involvement there as having some
19 pension-related work; correct?

20 A Pension was a significant budgetary item for Nassau
21 County, so, yes, we did look at it.

22 Q But there the state provided a backstop, and so you did
23 not have to opine as to the cause of the underfunding;
24 correct?

25 A The state actually funded and took a deduction from the

1 county.

2 Q And I believe you stated that you only looked at the
3 future funding requirements for Nassau County as part of that
4 engagement; correct?

5 A That's correct.

6 Q And at the Legal Aid Society you testified that your
7 involvement with respect to pensions was to change a defined
8 benefit plan to a defined contribution plan?

9 A We froze one and changed one.

10 Q Okay. But your role in this case has nothing to do with
11 changing the Retirement Systems in Detroit from a defined
12 benefit plan to a defined contribution plan; correct?

13 A That's correct.

14 Q And the scope of your engagement here is on two items,
15 correct, feasibility and the reasonableness of the city's
16 projections?

17 A Yes.

18 Q And you were not retained to opine on past investment or
19 actuarial practices of the Detroit Retirement Systems;
20 correct?

21 A Correct.

22 Q And you were not retained to opine about the
23 appropriateness of the former assumed rate of return for the
24 pension systems; correct?

25 A I don't believe I have. That's correct.

1 Q And you were not retained to opine on the appropriateness
2 of any smoothing method or amortization period used by the
3 Detroit Retirement Systems; correct?

4 A Correct.

5 Q And you were not retained to recommend proper pension
6 plan reporting requirements for the Detroit Retirement
7 Systems; correct?

8 A I said during my interview with the judge that to the
9 extent that my involvement -- out of my involvement I would
10 hope that it would improve aspects of the plan or aspects of
11 the communication around the plan that I intended to include
12 that in my report.

13 Q But that's not laid out in the order appointing you as an
14 expert witness; correct?

15 A It is not in my order.

16 Q Okay.

17 A Correct.

18 Q Thank you. And you were not retained to opine on the
19 causes of the pension plan's underfunding; correct?

20 A Correct.

21 Q And I believe you just testified earlier that you admit
22 that you are not an expert in the realm of public pensions.

23 A I am not. I said I am not an expert. I am not an
24 actuary. I do not consider myself to be a pension expert.

25 Q And you're also not experienced as an investment manager

1 of a public pension fund; correct?

2 A No. That's correct.

3 Q And you've never opined or given any conclusions as to
4 the proper rate of return for a public pension fund; correct?

5 A Correct.

6 Q And you're unfamiliar with smoothing mechanisms and
7 amortization periods used by public pension funds; correct?

8 A I don't think that's correct. I mean I'm familiar with
9 them.

10 Q If I asked you if you could opine on the appropriateness
11 of, for instance, a seven-year smoothing period, you would
12 agree with me that you would not be able to answer that
13 question; correct?

14 A I would have to study that question.

15 Q And similarly with respect to an appropriate amortization
16 period, you would have no basis to know whether a five- or a
17 ten- or a twenty- or thirty-year amortization period would be
18 an appropriate period for a public pension plan such as
19 Detroit's; correct?

20 A I would have to study that, yes.

21 Q And you're not published in the area of public pensions
22 or actuarial science; correct?

23 A Correct.

24 Q And when asked when any of the pension risks that you
25 cite in your report give you any pause with respect to the

1 city's plan of adjustment, you would agree that the long-term
2 risks associated with the pension plans do not negatively
3 impact your assessment of feasibility; correct?

4 A I'm sorry. Could you either repeat it or break it down?

5 Q I can. I can.

6 A Thanks.

7 Q The pension risks that are cited in your report, you
8 would agree with me that your conclusions do not impact
9 feasibility or your assessment of feasibility of the city's
10 plan of adjustment; correct?

11 A I think we need to talk about what pension risks we're
12 talking about.

13 Q Well, you didn't identify any particular pension risk
14 that caused you to conclude that the city's plan was not
15 feasible; correct?

16 A That's correct.

17 Q I believe you just stated that pensions are not magical.
18 They're not a super science. But you agree that you are here
19 being offered solely as an expert witness; correct?

20 THE COURT: I would agree with that.

21 THE WITNESS: Okay. Then I'll agree with that.

22 BY MS. GREEN:

23 Q Okay. So you did not personally interact with the
24 Detroit pension systems prior to your engagement in 2014;
25 correct?

1 A Correct.

2 Q Okay.

3 A Correct.

4 Q So you have no first-hand knowledge before your
5 engagement by the Court into the Detroit Retirement Systems?

6 A That's correct.

7 Q With respect to investment rates of return used
8 previously by the Retirement Systems, you did not do a
9 detailed comparison of the Detroit Retirement Systems assumed
10 rate of return compared to other public pension plans in your
11 work --

12 A Correct.

13 Q -- correct? And you did not make any efforts to quantify
14 what portion of any funding shortfall was attributable to any
15 allegedly aggressive rates of return; correct?

16 A I did not analyze the causes of the shortfall.

17 Q Let's discuss your conclusions relating to the Retirement
18 Systems investment practices.

19 A Um-hmm.

20 Q You had no quarrel with the Systems' investment
21 distributions or asset allocation; correct?

22 A I don't recall having any quarrel with that.

23 Q And you never looked at the written investment policies
24 for either of the Detroit Retirement Systems?

25 A I did not, but someone on my team did.

1 Q And if asked about which specific investments you believe
2 to be risky, you cannot identify any particular investment by
3 name; correct?

4 A I have -- other than the supposed investments that the
5 former mayor directed to his business associates and friends.

6 Q But you did not quantify whether that particular
7 investment actually contributed to any funding shortfalls;
8 correct?

9 A Correct.

10 Q And you did not actually analyze the asset mix in the
11 Retirement Systems' investment portfolio; right?

12 A Like I said, I didn't do it. I know someone on my team
13 looked at that asset mix and gave me their perspective, yes.

14 Q And after looking at it, then there was no quarrel with
15 the particular asset mix used by the Systems?

16 A It was not something that we went further into; correct.

17 Q And at the time you prepared your report, you had no
18 information reflecting negatively on the current pension
19 advisors to the city; correct?

20 A No. That's correct.

21 Q And at the time you prepared your report, you had not met
22 with any of the Retirement Systems professional investment
23 consultants; correct?

24 A Correct. I did not. I don't know -- like I said, I
25 think people on my team had conversations with them but

1 didn't -- I don't think that they met with them.

2 Q Well, let's identify who those professional consultants
3 were. If your communications log did not list meetings with
4 NEPC or Wilshire, would that change your testimony as to
5 whether people on your team met with the --

6 A Those are the current consultants; correct?

7 Q Correct.

8 A Correct. Yes. Like I said, I don't -- I can't tell you
9 anything more than I've told you. I don't know that they
10 have not met. I believe they met with somebody at least
11 telephonically at some point.

12 Q And, similarly, you did not meet with or consult with the
13 Retirement Systems chief investment officer, Ryan Bigelow;
14 correct?

15 A That's correct.

16 Q And you never met with the Systems' actuaries -- the
17 current actuaries either; correct?

18 A I did not; correct.

19 Q Or any of the trustees for either System?

20 A I think that maybe one of the people that I met with at
21 Clark Hill was on the board.

22 Q Would you be able to identify that person? Let's do it
23 this way. If they were not listed on your communications log
24 as being present at the meeting --

25 A A trustee? Okay.

1 Q -- would that reflect that they were not present?

2 A That would reflect my -- that would be correct.

3 Q Okay. And you did not investigate when the Systems were
4 fully funded versus when they became underfunded; correct?

5 A Correct.

6 Q And you agree that in terms of feasibility, knowing the
7 timeline of events relating to the underfunding is not
8 something that you cared about in your analysis; correct?

9 A Correct.

10 Q And you admit that there are no allegations of misconduct
11 against current trustees in relation to either Retirement
12 System?

13 A I have no knowledge of that one way or another.

14 Q And you're aware that there are certain governance
15 changes being imposed under the plan within each Retirement
16 System; correct?

17 A Like I said, I don't know that one way or another.

18 Q You would agree with me that past misconduct, whether
19 true or not, did not impact your feasibility analysis?

20 A That's correct.

21 Q And you never attempted to quantify the actual economic
22 impact that you would have attributed to any alleged
23 misconduct within the Retirement Systems; correct?

24 A That's correct.

25 Q And you admit that certain portions of your report

1 consisted of words that you took from a declaration of
2 Charles Moore; right?

3 A Yes.

4 Q And you never independently verified the factual points
5 that you took from the Charles Moore declaration; correct?

6 A I did not personally. That's correct.

7 Q And your instructions to your team were to cite
8 information that already existed in the record; correct?

9 A That is correct.

10 Q Let's talk about the due diligence relating to the cause
11 of the Systems' underfunding. You did not look at what
12 typical losses were to other public pension systems during
13 the great recession; correct?

14 A I did not.

15 Q And you did not consult any publications or studies to
16 compare how the Detroit Retirement Systems fared compared to
17 other public systems as a result of the great recession;
18 correct?

19 A Generally, I'm aware of what happened both in the public
20 and the private sector during that time frame, so I didn't
21 really feel a need to look historically in terms of that.

22 Q And you did not review any data from the U.S. Census
23 Bureau related to public pensions during that time period?

24 A Not that I recall, no.

25 Q And you did not review the NASRA public funding survey

1 for that time period; correct?

2 A I think we did review NASRA.

3 Q And do you agree that the NASRA report concluded that the
4 market decline in 2008 resulted in a median investment return
5 for public pension funds of a negative 25.3 percent for the
6 year 2008?

7 A I would have to look at the publication again, but the
8 losses were in the 20-plus percent category.

9 Q And you would agree that the losses to the Detroit
10 Retirement Systems were actually in line with the figures
11 that were published by NASRA; correct?

12 A As I said, I don't remember the two data points. I know
13 that they were both in the minus 20's.

14 THE COURT: Let me caution you to restrict your
15 questions to those that relate to Daubert issues. This
16 sounds like it's wandering into more substantive --

17 MS. GREEN: It does relate --

18 THE COURT: -- opinion testimony.

19 MS. GREEN: -- your Honor, to the -- whether she
20 looked at particular data points and whether her methodology
21 would have been reliable based on what she looked at, but I
22 only have a few more questions and I'm done.

23 THE COURT: Well, but you're asking her what her
24 opinions were having done that.

25 MS. GREEN: Okay.

1 THE COURT: That's where the --

2 MS. GREEN: I will restrict them.

3 THE COURT: -- line gets crossed.

4 BY MS. GREEN:

5 Q Regardless of the cause of the underfunding, you agree
6 that in terms of your feasibility analysis, what was
7 important to you when you wrote your report is how the
8 Retirement Systems are being dealt with in the future under
9 the city's plan; correct?

10 A That's correct.

11 MS. GREEN: Thank you, your Honor.

12 THE COURT: Okay. Does anyone else have any
13 questions for the witness? I have nothing further. You are
14 excused. Thank you very much for coming today. We will let
15 you know when we need you back. And let me know when you
16 come to a conclusion about when you'll do your supplemental.

17 (Witness excused at 3:44 p.m.)

18 THE COURT: Ms. Green, did you want to make an
19 argument?

20 MS. GREEN: I have to admit that objecting to the
21 testimony offered by the Court-appointed expert is a little
22 awkward. I feel like Mr. Hackney must have last week when he
23 objected to your questions of Chuck Moore. But as you
24 commented then, every once in awhile the Court sustains its
25 own objection, and --

1 THE COURT: That's true.

2 MS. GREEN: -- so I will proceed. Our motion is
3 limited, and it is not intended in any way to --

4 THE COURT: Hang on. Hang on. I always sustain my
5 own objections. What I only sometimes do is sustain other
6 parties' objections to my questions.

7 MS. GREEN: Either way, our motion is limited. It's
8 not intended to stifle in any way Ms. Kopacz's feasibility or
9 her opinions regarding the reasonableness of the city's
10 projections, and we're not disputing her qualifications in
11 that aspect. Her municipal finance and restructuring
12 expertise were well-established during your direct
13 examination of her. But as she admitted, she's not a
14 pensions expert and not an actuary. She's not an investment
15 manager. And to the extent that certain of her opinions
16 relate to pension systems and the cause of the underfunding
17 and all those sorts of things, we feel that it's
18 inappropriate to have her testify.

19 She also stated that pensions are not magical,
20 they're not a super science and that they don't even require
21 expert testimony under 702. If that's the case and she's
22 only being offered as an expert witness, then I don't think
23 it's appropriate to have her testify at all because she's not
24 a percipient witness. And under Rule 601, as a lay witness,
25 she would be unable to have any firsthand knowledge about our

1 underfunding, mismanagement, actuarial practices, things of
2 that nature, so for that reason, had I known that before we
3 submitted our motion to the Court, I would have added the
4 argument that if she's not an expert, then -- I'm sorry -- if
5 it doesn't require expert testimony, then there would be no
6 need for her to opine on those either way.

7 Furthermore, the scope of her testimony was limited
8 by your order to two discrete subjects, and all of the
9 pension-related opinions that she lists in her report go well
10 outside the bounds of that. She affirmed today that her
11 feasibility analysis is not impacted by any of her
12 conclusions relating to past investment practices or past
13 actuarial practices of the systems, and, therefore, under
14 your order, it's not relevant to these proceedings or to plan
15 confirmation. And I believe that the reason that you had
16 appointed a feasibility expert was because you were concerned
17 that there would be no adversarial process relating to
18 feasibility, but, as you've seen, that's not the problem with
19 the pension issues. There are experts on both sides, and
20 it's hotly contested outside of Ms. Kopacz's testimony.
21 Therefore, I think, again, it's almost duplicative or
22 cumulative of the other testimony that you'll hear in the
23 proceedings.

24 Finally, if she is not an expert, as we stated in
25 our other motion, which has not yet been decided, regardless

1 of whether she's an expert, the report itself should not come
2 in. It's inadmissible hearsay. The protocol we've been
3 using throughout these proceedings is not to admit an expert
4 witness' report because it is hearsay, and so the Retirement
5 Systems also object to the admissibility of her report into
6 the record as evidence. Thank you.

7 THE COURT: Thank you. Would anyone else like to
8 say anything about the Daubert issues? I want to hold on the
9 issue of admissibility for right after this.

10 MR. STEWART: Your Honor, Geoffrey Stewart of Jones
11 Day for the city, and I'll be very brief. First of all, as
12 to the scope of the assignment, feasibility is a very broad
13 charge, and nothing is more key to feasibility than whether
14 the city in the years that are yet to come is going to be
15 able to service the pension obligations it will see, which
16 could well be crushing. It is for that reason issues such as
17 the investment return assumption, pension, all the other
18 things we heard from Bowen, we'll hear from others, are, in
19 fact, key to that just as they're key to other things, too,
20 so I don't think it's beyond the scope of the assignment, per
21 se.

22 As to expertise, Ms. Kopacz testified that although
23 she may not be an expert in this, she is able to understand
24 it, and she dealt with at least three, if not four, people
25 who were experts, first of all, Mr. Gaul, then Mr. Childree,

1 then Mr. Gleason, and finally Mr. Ravitch, who needs no
2 introduction because of his enormous expertise, and she dealt
3 with all of those, and, therefore, her opinion is informed by
4 those. It is not fair to claim that either she or her effort
5 lacked expertise.

6 As to, though, the relevance of these issues about
7 past behavior and conduct of the Systems, I think actually
8 she dealt with that in a telling answer that she gave, and
9 I'm going to have to read from my notes for obvious reasons,
10 but let me grab them. In response to one of your Honor's
11 questions, she testified that -- about executive leadership.
12 She said in every case she evaluated management and their
13 ability to carry out the plan because every plan depends on
14 the debtor's ability to carry it out and execute it
15 faithfully. It may well be that there's new management in
16 these Retirement Systems, and that's a good thing; however,
17 it's not possible to wholly ignore the history, and it's not
18 possible in confirming a plan or looking at feasibility to
19 turn a blind eye at things that went before that to many of
20 us are shocking. So I don't believe this disqualifies
21 Ms. Kopacz in any way nor do I think it renders unreliable or
22 irrelevant the observations she made or the materials she
23 relied upon in reaching her conclusions. And a good portion
24 of her report going beyond pensions deals with the question
25 of post-confirmation governance and who's going to run the

1 city and how they're going to do this difficult job. And I
2 don't think pensions or Retirement Systems should be excluded
3 from that because she has spoken about other parts of the
4 city as well. That's all I have, your Honor.

5 THE COURT: Okay. I'm going to take this under
6 advisement and issue a written opinion. Let's focus our
7 attention on the admissibility of Ms. Kopacz's report, per
8 se. Ms. Green, was there anything further you wanted to say
9 about that?

10 MS. GREEN: Only to reiterate that the clear
11 standard in the Sixth Circuit is that expert reports are, in
12 fact, hearsay. And in addition to that, Ms. Kopacz stated
13 again today on the record that several of the statements
14 contained in the pension-related conclusions of her report
15 were, in fact, taken from a declaration of Chuck Moore and
16 were not her own words. We cited case law in our brief that
17 stated it's inappropriate for an expert to simply rely on
18 someone else's hearsay, plop that into their report, and then
19 use that as sort of a subterfuge to get around hearsay rules.
20 And she stated several times during her deposition rather
21 than write our own language, we chose to use someone else's
22 declaration, and she stated that she was just reciting
23 someone else's kind of version of the facts. So, in addition
24 to the entire report being hearsay, we have specific
25 objections to portions of her report since they are merely

1 words taken from another person's document and basically word
2 for word placed into her own expert report.

3 MR. STEWART: Your Honor, I wonder if to some degree
4 a lot of this is moot anyway since other expert reports have
5 been marked and admitted as demonstrative exhibits, which
6 might pretermitt a lot of the issues that are discussed by all
7 sides here. However, I would make a couple of very brief
8 observations. Part of the Court's task here is to determine
9 whether or not Ms. Kopacz's opinions are well-considered and
10 are well-founded, and the statements contained in the report
11 are probative of that because it shows what she considered,
12 what her sources were, and in many cases what weight she gave
13 them. This is not hearsay if it is used to demonstrate the
14 basis of the expert's opinion because it's not offered for
15 the truth of the underlying statement. It's offered instead
16 to corroborate the rigor of the expert's work.

17 Finally, I would say that as to forecasting, which
18 is not something we've talked about today, a lot of the
19 content of the report that comes from others is relevant
20 because it is necessary to demonstrate that the forecasts and
21 other assumptions Ms. Kopacz is opining about are, indeed,
22 the same ones that we're seeing in the plan that will be
23 before the Court. That's all I have, your Honor.

24 MR. SOTO: Your Honor --

25 THE COURT: Sir.

1 MR. SOTO: -- Ed Soto on behalf of FGIC. Our
2 position has consistently been that -- actually two
3 positions. One is that as a demonstrative piece of evidence
4 that it could be admitted without admitting the truth of it,
5 and I think Mr. Stewart alluded to that. Our second position
6 has also been experienced here, and that is to the degree
7 that a subsequent witness -- expert witness, indeed,
8 testifies throughout about the substance of the report, it is
9 no longer hearsay and may be admitted in another way, so we
10 would like to adhere to those positions. And until
11 Ms. Kopacz is able to do -- well, we have no problem with it
12 coming in as a demonstrative, and if she's able --

13 THE COURT: Okay.

14 MR. SOTO: -- to do the latter, we would address it
15 then.

16 THE COURT: Thank you. Does anyone else want to be
17 heard regarding the admissibility of Ms. Kopacz's report?
18 All right. The Court will take that under advisement as
19 well. Can we return to our trial sequence?

20 MR. MILLER: Your Honor, may I approach with some
21 documents?

22 THE COURT: Sir?

23 MR. MILLER: May I approach with some documents?

24 THE COURT: Yes.

25 MR. MILLER: Good afternoon, your Honor. Evan

1 Miller, Jones Day, for the City of Detroit. And the city
2 would like to call as a witness Mr. Alan Perry.

3 THE COURT: Please raise your right hand.

4 ALAN H. PERRY, CITY'S WITNESS, SWORN

5 THE COURT: Please sit down.

6 DIRECT EXAMINATION

7 BY MR. MILLER:

8 Q Good afternoon, Mr. Perry.

9 A Good afternoon.

10 Q Please state your full name for the record.

11 A Alan Hopkins Perry.

12 Q And where do you live, Mr. Perry?

13 A Wynnewood, Pennsylvania.

14 Q And could you please describe your educational
15 background, specifically any college and graduate school?

16 A I have a bachelor's in business administration from the
17 Wharton School at the University of Pennsylvania and a
18 master's in science and actuarial science from the Temple
19 University Graduate School of Business in Philadelphia.

20 THE COURT: Excuse me one second. Can you pull that
21 microphone slightly closer to you? I think the base may
22 slide. There you go. See if that works better. Go ahead.

23 BY MR. MILLER:

24 Q And what years did you receive those degrees?

25 A Undergraduate degree was 1988, and my master's degree was

1 1990.

2 Q And what is your profession, sir?

3 A I'm an actuary.

4 Q And how long have you been doing actuarial work?

5 A The last 24 years.

6 Q So that would be since 1990. What kind of work did you
7 do before you began doing actuarial work?

8 A I worked as an equity and equity derivatives trader for
9 an investment firm.

10 Q And what firm was that?

11 A It was called the Chicago Corporation.

12 Q And where was that based?

13 A Chicago and Philadelphia.

14 Q And do you have any designations in the actuarial field?

15 A I'm a fellow of the Society of Actuaries and a member of
16 the American Academy of Actuaries.

17 Q And how does one become a fellow in the Society of
18 Actuaries?

19 A It takes a long series of actuarial examinations.

20 Q And what do those examinations cover?

21 A Mathematics, economics, finance, principles of insurance,
22 principles of employee benefits, so on.

23 Q Are there subspecialties in the actuarial profession?

24 A Right. During the fellowship, you have to have in-depth
25 knowledge in a particular actuarial practice area such as

1 insurance or life insurance or investments.

2 Q And do you yourself have a subspecialty in the field?

3 A Yes. My practice field is investments.

4 Q And in addition to your being a fellow in the Society of
5 Actuaries, what other professional designations do you hold?

6 A I have my CFA charter, Chartered Financial Analyst.

7 Q And what entity issues a CFA or Chartered Financial
8 Analyst designation?

9 A The CFA Institute.

10 Q And how does one become a Chartered Financial Analyst?

11 A I know there's the professional examinations, and there
12 are also experience requirements.

13 Q When you began in the actuarial field in 1990, where were
14 you employed?

15 A Milliman in Philadelphia.

16 Q And is that where you work today?

17 A Yes.

18 Q And do you work in the same office as Mr. Bowen?

19 A I do.

20 Q And is that office in Philadelphia proper or a suburb of
21 Philadelphia?

22 A In the suburbs, Wayne, Pennsylvania.

23 Q Okay. And where else does Milliman have offices?

24 A We have 31 offices throughout the United States and I
25 believe another 27 outside of the United States.

1 Q What type of services does Milliman provide to its
2 clients?

3 A Actuarial and other general business consulting to life
4 insurance companies, property casualty insurance, healthcare
5 providers, and employee benefits plans and investment
6 consulting.

7 Q I'm sorry. You said and investment consulting?

8 A And investment consulting.

9 Q In brief, can you summarize the work that you did in your
10 first several years at Milliman?

11 A Primarily investment analysis of pension portfolios,
12 developing capital market assumptions for our pension
13 clients.

14 Q Okay. And what is your current title at Milliman?

15 A I'm a principal consulting actuary and a senior
16 investment consultant.

17 Q And what are your current roles at Milliman?

18 A I have many roles. My primary role is to manage
19 Milliman's pension asset liability modeling services.

20 Q And what is that?

21 A We provide -- we team up with pension actuaries and
22 provide asset liability studies periodically for our pension
23 clients.

24 Q And who are the clients that would use these asset
25 liability studies?

1 A Generally, they'd be intermediate to large size public
2 and corporate and multi-employer pension funds.

3 Q And how would they use and apply these studies that you
4 would provide to them?

5 A Asset liability studies are a very in-depth look at the
6 long-term funding and risks to pension plans typically
7 focusing on asset allocation, risk management, long-term
8 costs.

9 Q And approximately how many asset liability studies does
10 the pension asset liability modeling group perform in a given
11 year?

12 A Typically ten to fifteen per year.

13 Q And I think you previously indicated that this work has
14 been provided to public sector pension plans; is that right?

15 A Public and corporate and multi-employer.

16 Q And can you name some of the public plan clients who've
17 received these pension asset liability modeling studies?

18 A Sure. City of Hartford, Connecticut; Iowa Public
19 Employees Retirement System; Kansas Public Employees
20 Retirement System. I've also done a lot of the same kind of
21 modeling more recently for the State of New York, State of
22 New Jersey, State of Minnesota, Oregon Public Employees
23 Retirement System, City of Portland.

24 Q Thank you. Do you have any other roles at Milliman?

25 A I also sit on Milliman's investment oversight committee.

1 Q And can you describe for us what the investment oversight
2 committee does?

3 A The investment oversight committee provides oversight to
4 Milliman's investment consultants in situations where the
5 investment consultants have some discretionary authority over
6 the asset management for their pension clients.

7 Q So if a Milliman investment consultant has the
8 discretionary authority with respect to a Retirement System
9 to terminate an investment manager, say a large cap
10 investment manager, how would he or she interact with your
11 committee?

12 A He or she would have to take that decision to the
13 investment oversight committee, explain the rationale for
14 that, and then the committee would approve it or not.

15 Q And you would evaluate the decision and opine whether the
16 investment consultant on behalf of Milliman could execute his
17 recommendation?

18 MR. WAGNER: Objection.

19 THE WITNESS: Yes.

20 MR. WAGNER: Leading.

21 THE WITNESS: Yes.

22 THE COURT: The objection is sustained.

23 BY MR. MILLER:

24 Q Mr. Perry, do you speak on actuarial matters or financial
25 advisory matters?

1 A From time to time I do.

2 Q And at what organizations would you typically speak?

3 A National Association of State Treasurers, International
4 Foundation of Employee Benefit Plans, public pension fund
5 conferences like the Pension Fund Summit, the Enrolled
6 Actuaries meeting.

7 Q And what would typically be the topics that you might
8 speak on at these meetings?

9 A Typically it would be asset allocation or pension risk
10 management.

11 Q Have you authored any publications in the field of
12 investment advisory services?

13 A Just a few.

14 Q And can you give us some examples of those?

15 A Published an article in Contingencies, which is a
16 publication by the American Academy of Actuaries, an article
17 in Benefits Quarterly, and I'm co-author of Milliman's
18 corporate pension funding study.

19 Q And tell us -- tell the Court about that study.

20 A That study -- there's a full study that goes out once a
21 year reporting on the funded status of the 100 largest
22 corporate pension -- defined benefit pension plans in the
23 U.S., and then the data -- the funding ratio index is updated
24 every single month.

25 Q And is that study widely used in the actuarial field?

1 A It's widely quoted.

2 Q Do you have any leadership positions at Milliman?

3 A I am chair of Milliman's capital markets committee.

4 Q How long have you served on that committee?

5 A About 19 years.

6 Q And how long have you served as chair of that committee?

7 A The last two or three.

8 Q And what does Milliman's capital markets committee do?

9 A Develops capital market assumptions to be used by both
10 Milliman's investment consultants and Milliman's pension
11 actuaries in their work providing guidance to their pension
12 clients.

13 Q And these capital market assumptions would be related to
14 what sort of projections?

15 A Typically it's expected returns and risk measures for all
16 the asset classes that our pension clients invest in.

17 Q And how is this -- how is the work product, the capital
18 market assumptions that are developed by the capital markets
19 committee, used by Milliman clients?

20 A Our investment consultants use them to help their clients
21 make asset allocation decisions, and Milliman's pension
22 actuaries use them to provide guidance to their clients on
23 setting the expected return assumption for their valuations.

24 Q And approximately how many pension plans throughout the
25 United States use the capital market assumptions that are

1 developed by the committee that you chair?

2 A Hundreds.

3 Q How many of them are governmental pension plans or public
4 pensions plans?

5 A I'd say about 50.

6 Q And approximately how many retiree health plans in the
7 U.S. use the capital market assumptions that are developed by
8 the capital markets committee that you chair?

9 A I'd say more than a thousand.

10 MR. MILLER: Your Honor, the city moves to have Mr.
11 Perry qualified as an expert witness on the subject of
12 actuarial science and pension investment analysis.

13 MR. WAGNER: No objection.

14 THE COURT: You may proceed.

15 MR. MILLER: Thank you.

16 BY MR. MILLER:

17 Q I'd like to begin the more substantive part of the exam
18 by talking about core principles of pension plan investing.
19 In the field of pension plan investing, what is the most
20 important decision that a governmental pension plan must
21 make?

22 A I would consider the asset allocation decision to be the
23 most important.

24 Q And what do you mean by asset allocation decision?

25 A The way the pension plan divides up their investments

1 into the -- among the different asset classes such as stocks
2 and bonds and real estate.

3 Q And can you offer the Court a hypothetical example of a
4 pension plan asset allocation portfolio?

5 A Sure. A plan might have, you know, 30 percent in U.S.
6 stocks, 30 percent in non-U.S. stocks, 30 percent in fixed
7 income, and 10 percent in real estate. That would be their
8 asset allocation.

9 Q Why is the asset allocation decision the most important
10 investment decision that a governmental pension plan can
11 make?

12 A Many studies have shown, studies by companies such as
13 Morningstar Associates, that, you know, asset allocation is
14 the dominant factor in the level of long-term returns that
15 pension funds earn.

16 Q And who's Morningstar?

17 A Morningstar is a Chicago-based investment research mutual
18 fund rating organization widely followed.

19 Q And do investments in certain asset classes tend to
20 produce higher returns than investments in other asset
21 classes?

22 A Yes.

23 Q And which asset classes have historically provided higher
24 returns than the others?

25 A Equity, equity-like asset classes have typically provided

1 the highest returns.

2 Q What type of equity classes?

3 A Public equity common stocks and also private equity.

4 Q In that case, why don't all retirement systems --
5 governmental pension plans, that is -- invest entirely in
6 equities?

7 A That would be too risky. If the equity markets suffered
8 a major correction, the entire portfolio would suffer that
9 correction, too. There would be no other assets to diversify
10 away some of that risk from the equity markets.

11 MR. MILLER: Can you put up City Demonstrative
12 Exhibit 633?

13 BY MR. MILLER:

14 Q Mr. Perry, have you seen this demonstrative before?

15 A Yes, I have.

16 Q And the equation that is at the top of the demonstrative,
17 contributions plus investments equal benefits plus expenses,
18 have you seen that formula before?

19 A Yes, I have.

20 Q And is this a widely recognized formula in the actuarial
21 field?

22 A Yes, indeed.

23 Q Can you explain to the Court the mathematical role that
24 investment risk plays in this C plus I equals B plus E
25 equation?

1 A Investment risk, volatility of investment returns
2 generally would need to be balanced out by similarly volatile
3 contributions to keep the fund in balance, so if investment
4 returns aren't as high as anticipated, then contributions
5 would need to be increased to make up for the difference.

6 Q So volatility of "I" or investments affects volatility of
7 contributions?

8 A Yes.

9 Q Who typically makes the asset allocation decision for
10 retirement systems?

11 A Pension trustees, pension committee.

12 Q Do actuaries often make the asset allocation decision?

13 A Not that I'm aware of.

14 Q So how do governmental pension plans, retirement system
15 trustees make their asset allocation decisions? How do they
16 go about doing that?

17 A Ideally they conduct an asset liability study, and what
18 they're trying to do there is explore and discover the
19 intersection with their investment return objectives and
20 their risk tolerance.

21 Q What determines a retirement system's investment risk
22 tolerance?

23 A Generally the financial strength of the plan sponsor.
24 That governs the plan's ability and willingness to take risk.

25 Q If the sponsor of a retirement system -- that is, a city

1 or county, a governmental entity that makes the pension
2 promise -- does not have the ability to take on significant
3 risk, how should the retirement system trustees then go about
4 making their asset allocation decision?

5 MR. WAGNER: Objection, your Honor. This is not in
6 his expert report. None of this is in his expert report. He
7 opined on one thing in his expert report, the proper return
8 rate, not on how trustees make decisions.

9 THE COURT: The objection is overruled. You may
10 proceed, sir.

11 THE WITNESS: If the plan sponsor is not strong
12 enough to step in and increase contributions if investments
13 are too volatile, then they should have a less aggressive
14 investment policy such that they can handle the kind of
15 losses that would be occurred -- incurred under a lower risk
16 portfolio.

17 BY MR. MILLER:

18 Q Now I want to move away briefly from asset allocations
19 and discuss another concept in the field of pension plan
20 investing, the investment return assumption. In pension plan
21 investing, what is your understanding of the concept of
22 investment return assumption?

23 A Generally, the investment return assumption is related to
24 the expected long-term rate of return on the pension
25 portfolio.

1 Q In your experience, who typically decides the investment
2 return assumption?

3 A It's also the plan, the plan trustees.

4 Q Okay. Are you aware of certain instances involving
5 governmental plans where the decision is not made by the
6 trustees, by another party?

7 A There are a few public plans such as New York, the State
8 of New Jersey, I believe Minnesota, where that assumption is
9 set by the legislature.

10 Q What is the mathematical relationship between the asset
11 allocation decision and the investment return assumption?

12 A They're generally positively correlated. The higher the
13 expected return --

14 THE COURT: Excuse me one second.

15 THE WITNESS: Pardon me.

16 THE COURT: We're having a technical issue we need
17 to address. Caroline, what's being done here? Can we
18 proceed?

19 THE CLERK: Believe so.

20 THE COURT: Good.

21 MR. MILLER: Thank you, your Honor. I do want to
22 make a request of the witness.

23 BY MR. MILLER:

24 Q If you could speak a little bit louder and a little bit
25 closer to the microphone and a little bit more slowly -- I

1 apologize. I was having a little trouble hearing you.

2 A I'll try.

3 Q Thank you.

4 THE COURT: What did you say? No, seriously.

5 THE WITNESS: I will try.

6 BY MR. MILLER:

7 Q Yeah, please. Just closer to the microphone and a little
8 louder. Thank you.

9 MR. MILLER: Your Honor, can I repeat the question
10 that was pending?

11 THE COURT: Yes. Good idea.

12 MR. MILLER: Thank you so much.

13 BY MR. MILLER:

14 Q Again, what is the mathematical relationship between the
15 asset allocation decision and the investment return
16 assumption?

17 A They're generally highly positively correlated, meaning
18 the higher the expected return on the portfolio, the higher
19 the expected return assumption.

20 Q And the converse is also true?

21 A Yes.

22 Q Are you familiar with the terms of the pension settlement
23 that the city reached with the Retiree Committee and the two
24 Retirement Systems?

25 A At a general level, yes.

1 Q And are you familiar with the terms governing the use of
2 a 6.75-percent investment return assumption?

3 A Yes.

4 MR. MILLER: Can you put up City Exhibit 1, page 44?
5 And can you blow up capital B in the middle of the page
6 there? Little lower. There we go. Thank you. Thank you.

7 BY MR. MILLER:

8 Q Mr. Perry, can you read and review that sentence? And
9 please read it into the record.

10 A During the period that ends on June 30th, 2023, the
11 trustees of the PFRS or the trustees of any successor trust
12 or pension plan shall adopt and maintain an investment return
13 assumption and discount rate for purposes of determining the
14 assets and liabilities of the PFRS that shall be 6.75
15 percent.

16 Q And what is your understanding of that requirement that
17 is a part of the pension settlement?

18 A I interpret this sentence as the plan addressing the idea
19 of a risk budget that the trustees should be targeting a
20 portfolio with an expected return of 6.75 percent and
21 maintain a portfolio that will be expected to deliver 6.75
22 percent with no more risk.

23 Q And this phrase that you just used, "risk budget," is
24 that a concept or phrase that investment consultants --
25 pension investment consultants use?

1 A Yes.

2 Q And what does "risk budget" mean?

3 A It means developing a strategy that has some sort of a
4 cap on the amount of risk that the plan can take.

5 Q So it -- I'm sorry. Go ahead. So is it fair to say and
6 is it your view that the requirement of a 6.75-percent
7 investment return assumption through the period ending June
8 30, 2023, essentially acts as a cap on risk?

9 A Yes, it is.

10 Q In your judgment, how does the 6.75-percent investment
11 return assumption that's required by the pension settlement
12 through 2023 compare to the investment return assumptions
13 that are selected by other governmental pension plans?

14 A It's low. It's at or near the bottom of the assumption
15 that we would see for the largest public plans.

16 Q Do you know of any governmental pension plans with lower
17 investment return assumptions?

18 A Just one or two that I'm aware of.

19 Q And what are those plans?

20 A I believe the District of Columbia is at 6-1/2, and I
21 believe the State of Indiana is at 6.75.

22 Q Any other plans -- governmental pension plans that you're
23 aware of that use either a 6.75-percent investment return
24 assumption or something lower?

25 A Not that I'm aware of based on, you know, the surveys and

1 things that we've been looking at, which have a lag to them.

2 Q And, again, if you could speak a little bit more slowly.

3 I'm sorry. I'm having trouble hearing. I now want to talk

4 about Milliman's capital markets model and how that capital

5 markets model is constructed and operated. You testified

6 earlier that you're the current chair of Milliman's capital

7 markets committee. What does the capital markets model

8 develop and make assumptions for?

9 A The capital markets model develops expected average

10 returns, expected standard deviation of returns, and expected

11 correlations between the returns of different assets for a

12 large set of asset classes that our pension clients invest

13 in.

14 Q Does it attempt to predict returns for all of the asset

15 classes that pension plans, corporate and governmental, tend

16 to invest in?

17 A Most of them. They keep finding new ones.

18 Q Okay. And what kind of software program do you use for

19 this capital markets model?

20 A When the model is put together, it's an Excel program.

21 Q And who determines the various assumptions that go into

22 and are yielded by application of the model?

23 A Milliman's capital markets committee.

24 Q The committee you chair?

25 A Yes.

1 Q And how many members does that committee have?

2 A It varies. In a typical year it's -- it could be as low
3 as five, as high as eight or nine.

4 Q And what's the expertise of the men and women who serve
5 on that committee?

6 A Generally, they are senior investment consultants.

7 Q Are there also actuaries on that committee?

8 A Right now there are two actuaries, me -- you know, myself
9 and one other, and we're both actuaries who are investment
10 consultants.

11 Q Okay. And, again, just to repeat for the record, what
12 are the three categories of assumptions that your committee
13 develops as part of this capital markets model?

14 A Right. Expected average returns, expected standard
15 deviations as a measure of the volatility of the annual
16 returns, and the expected correlations between the returns of
17 different asset classes.

18 Q And, again, just for the record, what do you mean by
19 correlations between asset classes?

20 A Correlation is the statistical measure that shows how
21 closely related the returns of two different asset classes
22 are. If they tend to move in lockstep together, if they're
23 both high at the same time or they're both low at the same
24 time, those have a high positive correlation. Two asset
25 classes that move in the opposite direction, when one has a

1 high return, the other one tends to have a low return, those
2 have a negative correlation. And asset classes that appear
3 to be not related to one another in terms of their returns,
4 they're independent, they generally have a zero correlation.

5 Q And why is it important to measure correlations between
6 asset classes in developing capital market assumptions?

7 A Correlations allow us to reflect the diversification
8 that's in a particular portfolio. If the assets in the
9 portfolio are not perfectly correlated, that'll reduce the
10 expected volatility or the standard deviation at the total
11 portfolio level, and that's -- you know, that's the holy
12 grail of investing is to be -- is to be very diversified.

13 Q And that can affect return?

14 A Absolutely.

15 Q Okay. Let's focus on the first category of assumptions
16 that you identified, expected future average returns on asset
17 classes. How does the capital markets committee go about
18 forecasting expected future average returns on asset classes?

19 A We use a lot of data and capital markets theory, the idea
20 being that capital market theory, sometimes known as modern
21 portfolio theory, suggests that expected returns are driven
22 by risk, and it's not just the volatility of one asset class.
23 It's not just that asset class of standard deviation. It's
24 really the amount of risk that that asset class adds to a
25 portfolio or a portfolio of all assets. That risk is called

1 covariance. So the portfolio theory says that expected
2 return on an asset class is directly related to its
3 covariance. The data that we use, historical returns, that
4 allows us to estimate those covariances over historical
5 periods, you know, how have each asset class' returns varied
6 with the portfolio of all assets, and if we can establish
7 what that relationship is, you know, what is the expected
8 return per unit of that covariance risk, we can develop a set
9 of capital market assumptions for all these asset classes.

10 Q And is there a particular asset class or two that you
11 focus on first in developing these expected returns among a
12 spectrum of asset classes?

13 A Right. To estimate what the expected return per unit of
14 risk is, we independently develop expected returns for
15 probably the two key assets classes that particular U.S.
16 pension funds hold. That would be U.S. large cap stocks such
17 as the S&P 500 and U.S. investment grade bonds, perhaps
18 Barclays Aggregate Bond Index.

19 Q And how do you go about projecting future average returns
20 on large cap U.S. domestic equity?

21 A Right. We primarily rely on the widely used dividend
22 discount model, which is kind of a building block model, but
23 it basically says that the price of the stock market is equal
24 to the present value of all the expected cash flows to be
25 received from holding those stocks. We have the price --

1 Q Let me stop you right there. Those cash flows being
2 what?

3 A Dividends, you know -- you know, perpetuity of dividends.

4 Q Okay.

5 A Right. Growing dividends hopefully. And if we know the
6 price today and we have the projected cash flows in the
7 security, we can estimate what the discount rate is that
8 equates those projected cash flows with the price. That's
9 the expected return on -- on this case, on stocks. And
10 taking that apart, the answer is it's the sum of three
11 components. The first component is today's dividend yield.
12 The next component is a forecast of the expected growth rate
13 in corporate earnings, thus the growth rate in dividends they
14 can pay out, and that's a real number. It's based on real
15 growth in earnings. And the third number is expected
16 inflation over the measurement period that we're forecasting.

17 Q And what is the inflation assumption that the capital
18 markets committee is currently using in its capital market
19 assumptions for purposes of developing expected future
20 average returns?

21 A It is currently two and a half percent per year.

22 Q And what are the sources that your committee used and
23 referred to in determining an inflation assumption of 2.5
24 percent?

25 A Right. We rely on what's called break even inflation,

1 which is the difference between the yields on conventional
2 U.S. treasury bonds and the yields on inflation indexed U.S.
3 treasury bonds. And break even inflation is the rate of
4 inflation that would need to -- that we would need to
5 experience such that returns on, for example, a 30-year
6 conventional treasury bond and a 30-year inflation index
7 treasury bond would be the same, so that's regarded as the
8 bond market's forecast for expected inflation over -- you can
9 look at a ten-year, twenty-, thirty-year horizon. We also
10 look at forecasts of inflation from economists, which are
11 published in survey form. We also look at --

12 Q Well, let me stop you there and ask what surveys in
13 particular do you refer to to obtain economists' view of
14 future inflation?

15 A Right. We use the survey called the Blue Chip Financial
16 Forecasts published monthly by Aspen Publishers. It's widely
17 followed.

18 Q Okay. And in addition to looking at economists'
19 forecasts and the break even inflation rate, anything else
20 that you refer to in developing that inflation assumption?

21 A Right. Another source is the U.S. Congressional budget
22 office. They put out the longest forecast of anybody that
23 I'm aware of, which runs out to 100 years, so they have their
24 forecast for inflation for each of the next 100 years.

25 Q Anything else or --

1 A We look at history, but, you know, more just to, you
2 know, get an idea of, you know, volatility measures of
3 inflation and correlations between inflation and real
4 returns.

5 Q And how long has the capital markets committee been
6 employing a 2.5-percent inflation assumption in connection
7 with its development of expected future average returns on
8 asset classes?

9 A It's been about the last two, possibly three years. It
10 was 2.75 percent two or three years ago.

11 Q Was it higher or lower more than two years ago?

12 A A couple years ago for maybe a year or two it was 2.75.
13 Before that it was 2.5. Again, it's been down there for
14 awhile.

15 Q So you indicated that there were essentially three
16 building block tools that you used to forecast expected
17 future average returns as it relates to this large cap
18 domestic equity class --

19 A Yes.

20 Q -- dividend yield, real growth in earnings, and
21 inflation. Do I have that right?

22 A Yes.

23 Q Great. And the expected future average returns on that
24 large cap equity class is the sum of those three data points
25 over a period of time?

1 A Essentially, yes.

2 Q And after developing the expected future average return
3 on large cap equities, what is the next asset class that you
4 focus on in order to develop these returns across an asset
5 class spectrum?

6 A Right. Our other anchor, so to speak, is U.S. investment
7 grade fixed income, you know, the broad investment grade U.S.
8 bond market.

9 Q I'm sorry. Can you repeat that? I couldn't hear.

10 A The broad U.S. investment grade fixed income market
11 sometimes referred to as the aggregate fixed income market.

12 Q Thank you. And how do you go about developing the
13 expected future average returns on that investment grade bond
14 portfolio?

15 A Right. Well, the nice feature of bonds is they have a
16 stated yield. They are referred to as fixed income, so we
17 don't have to forecast what the cash flows will be. They're
18 built into the bonds, so you can get a quote on the yield to
19 maturity of the entire bond market. And generally with bonds
20 what you see is what you get. The future return is going to
21 be very close to the yield when you buy it. However, we are
22 in an environment right now where, due to the actions of the
23 U.S. Federal Reserve and other central banks, they are
24 influencing the interest rate markets significantly. Short-
25 term interest rates are near zero, and long-term interest

1 rates are still just a little above historical lows. Those
2 Blue Chip Financial Forecasts and other forecasts that we
3 look at, the consensus is that interest rates will be moving
4 up over the next five years and even a little bit beyond five
5 years out ten years, so I feel it's important to reflect that
6 expectation of rising interest rates when we develop the
7 assumption for fixed income. Fixed income -- you know, bonds
8 have a fixed maturity. It's not in perpetuity like equities,
9 so bonds are going to mature. You're going to roll over and
10 you're going to buy new bonds. We expect them to have a
11 higher interest rate, a higher yield as we go forward. So we
12 reflect where we think interest rates are going based on
13 these economists' forecasts, and based on the interest rate
14 sensitivity of this bond market, we can calculate total
15 returns, which would be, you know, coupon yield and also a
16 price impact, generally bad as interest rates go up, and we
17 can get the average return over the time period you're
18 interested in by following and playing that out.

19 Q Got it.

20 A Right.

21 Q So once you have what I think you referred to as the two
22 anchors, your projected returns on large cap domestic U.S.
23 equities and investment grade bonds, how do you go about
24 filling in the expected returns for the rest of the asset
25 classes that pension plans would ordinarily invest in?

1 A Right. With those two anchors -- as I say, two points
2 determine a line -- we can determine what we think is the
3 market's expected return per unit of risk where, again, risk
4 is that covariance measure. So we have it for the two
5 points. We can figure out what it is because we're assuming
6 that it's constant. It's a constant function of what the
7 covariance is, so historically we can measure the covariance
8 of all of the asset classes and then we can determine sort of
9 by interpolation where the expected return is for each of the
10 other asset classes based on that measure of covariance and
11 how it compares to those two anchors.

12 Q So it's essentially an interpolation exercise?

13 A Right. It starts out that way.

14 Q You had mentioned a second category of inputs, which are
15 expected standard deviation. How does the capital markets
16 committee go about forecasting expected standard deviation of
17 annual returns for asset classes that pension plans may
18 invest in?

19 A Generally for standard deviations we use the historical
20 standard deviation measured over a long time period. There
21 are a couple of asset classes that are assets that don't
22 trade in regular markets, things like private equity and
23 private real estate. They suffer from some appraisal-based
24 pricing and so, based on some research, we make some
25 adjustments to those standard deviations, but for most of the

1 other asset classes, it's based on actual historical standard
2 deviations.

3 Q Okay. And how does the capital markets committee go
4 about forecasting that third category and last category of
5 inputs, correlation between asset classes?

6 A Same way as the standard deviation. We base that on
7 historical returns over that same time period that we use for
8 the standard deviation.

9 Q Okay. And is there a deliberative process that the
10 capital markets committee undertakes before it approves the
11 assumptions in each of these categories?

12 A Yes. After the data is collected and the model is put
13 together and we've set the returns for the two anchors and we
14 have the set for all the capital asset classes, we go through
15 them one by one, you know. Essentially the committee
16 discusses them, if needed, and we approve them.
17 Particularly, we approve any changes over what the
18 assumptions were, you know, at the previous calibration of
19 the model.

20 Q Okay. And, indeed, how often do you recalibrate and
21 update the model?

22 A Generally every six months, December 31st and June 30th.

23 Q And as part of each six-month update, do you undertake
24 any checks on your capital market model result?

25 A Yeah. Because of the size of Milliman, we benefit from

1 seeing the capital market assumptions of a lot of other
2 consulting firms and actuarial firms. We are joint
3 consultants often for the same client. And, you know, we
4 keep track of how our assumptions compare to other investment
5 consulting firms and actuarial firms' assumptions. There are
6 also some forecasts of particularly U.S. large cap equity and
7 investment grade fixed income that we can look at to see, you
8 know, how we compare with those.

9 Q And generally how do Milliman's capital market assumption
10 results compare to those of peer groups?

11 A Very close. We're kind of in the middle of the pack more
12 often than not.

13 Q And what are some of the other firms that, in your
14 judgment, are part of this peer group that you compare your
15 results to?

16 A Right. Certainly the other large actuarial consulting
17 firms such as Mercer, Towers Watson, Aon Hewitt, and then
18 some of the larger widely used investment consulting firms
19 such as Wilshire and NEPC and Callan and Frank Russell and
20 others.

21 Q You mentioned Wilshire. Does Wilshire Associates have
22 any current relationship to any of the two Retirement Systems
23 that the City of Detroit sponsors?

24 A My understanding, they are the investment consultant for
25 PFRS.

1 Q And NEPC, that's New England Pension Consultants; is that
2 right?

3 A Yes.

4 Q Yeah. Do they have a current relationship with any of
5 the Retirement Systems that the City of Detroit sponsors?

6 A It's my understanding they are the investment consultant
7 for GRS.

8 Q And you said that generally Milliman's capital markets
9 assumptions fare -- compare closely to the assumptions that
10 are generated by these sorts of investment consultants?

11 A Generally, yes.

12 Q Let me ask this question. In forecasting expected future
13 average returns on asset classes, do you look at what
14 governmental pension plans have historically been returning
15 on these asset classes?

16 A Not as a matter of setting our assumptions, you know.
17 Obviously as an investment consultant I see those returns all
18 the time, but they do not go into our model. They're not one
19 of the inputs.

20 Q And why is that?

21 A The returns are forward looking. As I said, they're
22 based on prices today and forecasts of future cash flows
23 received from investments, and, you know, what they've been
24 in the past doesn't influence, you know, that math at all.

25 Q And it's the -- is it your judgment that in forecasting

1 expected future average returns on asset classes, it is not
2 important to look at what institutional investors such as
3 pension plans have returned on those asset classes --

4 MR. WAGNER: Objection.

5 BY MR. MILLER:

6 Q -- in the past?

7 MR. WAGNER: Objection. Leading.

8 MR. MILLER: I'll withdraw it.

9 BY MR. MILLER:

10 Q I now want to turn to the work that you did for the City
11 of Detroit. Did there come a time when the city retained you
12 to project investment returns for its two Retirement Systems,
13 GRS and PFRS?

14 A Yes.

15 Q And when was that assignment given to you?

16 A June of 2014.

17 Q And over what time horizons did the city ask you to
18 project investment returns?

19 A Investment returns for the next ten years and for the
20 next thirty years.

21 Q And how would you compare the two requested time horizon
22 periods, a ten-year time horizon and a thirty-year time
23 horizon? How would you compare them to the investment
24 horizon periods that are typically requested by your clients
25 that seek investment projection work?

1 A Those are typically the two standard time horizons.
2 Certainly for investment consultant -- investment consulting,
3 ten years is the common time period. Occasionally you'll see
4 seven years, something like that. And on the actuarial side,
5 30 years is also a very common projection. Sometimes you'll
6 see 20, but 30 is very common. We've been using it for 20
7 years.

8 Q And did you, in fact, undertake the assignment?

9 A Yes.

10 Q Yeah. And did you complete the assignment?

11 A Yes.

12 Q And did you prepare and submit an expert report in
13 connection with the assignment?

14 A Yes.

15 Q And does that expert report contain a summary of your
16 results of the assignment?

17 A Yes.

18 MR. MILLER: Could you put up City Exhibit 465? And
19 why don't you turn to page 11, which is called Exhibit 1
20 within that document? Blow that up.

21 BY MR. MILLER:

22 Q And this document -- or this page relates to the work
23 that you did in connection with which of the two Retirement
24 Systems?

25 A Exhibit 1 is PFRS.

1 Q Okay. Before we get into the particulars of this page,
2 Mr. Perry, you mentioned before that your capital markets
3 committee updates its capital markets model every six months.
4 What was the date for the capital market assumptions that
5 were used in undertaking this project for the city?

6 A December 31, 2013.

7 Q And had there been any changes made to the capital market
8 assumptions between July 1, 2013, and December 31, 2013?

9 A Yes, there were changes.

10 Q And what were the most important of those changes?

11 A Generally, the expected return on equities and most of
12 the alternative asset classes were decreased by 25 basis
13 points, a quarter of a percent, and the -- due to higher
14 yields by the end of the year, the expected returns on fixed
15 income were increased very slightly, just a few basis points.

16 Q Okay. So what would have been the impact on the
17 projected investment returns that would have been yielded by
18 application of the December 31, 2013, capital market
19 assumptions relative to the ones that you had for July 1,
20 2013?

21 A For a pension plan with a lot of equities and
22 alternatives in it, they would have decreased.

23 Q Thank you. Okay. What was the first step that you
24 employed in the process to complete this investment
25 projection assignment you had received several weeks ago?

1 A The first step was to obtain information about the
2 investment policy targets for the two systems.

3 Q And how did you obtain that information?

4 A We requested it from the city, and we received an exhibit
5 from the city, and we also received reports from the two
6 investment consultants, Wilshire and NEPC.

7 Q Okay. And why did you request policy target allocations
8 rather than the actual asset class percentages based on the
9 actual value of investments at the time of the measurement?

10 A We think it's more appropriate to use the investment
11 policy. That's their home base. That's what's supposed to
12 be guiding their long-term asset allocation. The actual
13 allocation on any one day generally deviates from that just
14 due to market movements, so we prefer to use the targets
15 because that's what we think is going to be the long-term
16 average asset allocation over the measurement period.

17 MR. MILLER: And can you highlight the vertical
18 column that's denominated 12 -- December 31, 2013, policy
19 target allocation?

20 BY MR. MILLER:

21 Q And are those the policy target percentages that you
22 recall working with?

23 A Yes.

24 Q Okay. Okay. After receiving the policy target
25 allocations for PFRS, what was the next step?

1 A Well, we study those targets so we can map the asset
2 classes that are represented in those targets as accurately
3 as possible into our model, make sure that we have the best
4 match on each of the asset classes that the system is
5 invested in.

6 Q Okay. And then once you've reached a judgment that you
7 have properly mapped the policy targets to asset classes in
8 your model, what is the next step?

9 A The next step is to enter them into the model and examine
10 the results.

11 Q Got it. And I want to focus your attention right now to
12 the three vertical columns under the heading "Milliman Ten-
13 Year Assumptions as of December 31, 2013."

14 MR. MILLER: And can you highlight those three
15 columns in the box right under there?

16 BY MR. MILLER:

17 Q And, Mr. Perry, what are those percentages?

18 A The first column labeled "Geometric Mean," that's another
19 word for the annualized rate of return. The middle column is
20 the arithmetic mean. That's the expected average return in
21 any one year. And the third column is the expected standard
22 deviation for that asset class.

23 Q And these three columns of numbers, are these the actual
24 ten-year capital market assumptions for the model for these
25 particular asset classes?

1 A Yeah. These are the general -- the results for the
2 general model that would apply for any plan -- any plan
3 invested in these asset classes.

4 Q So these capital market assumptions that you see on this
5 table, they weren't developed exclusively for the city's
6 assignment?

7 A No.

8 Q Okay. They would apply to any pension plan or other
9 entity seeking a capital market projection of returns?

10 A Yes.

11 MR. WAGNER: Objection. Leading.

12 THE COURT: Sustained.

13 MR. MILLER: Okay. I now want to highlight the
14 numbers right under that table under the heading "Milliman
15 Ten-Year Assumptions." Okay.

16 BY MR. MILLER:

17 Q Mr. Perry, can you walk the Court through the process by
18 which you developed those numbers that are shown in the
19 highlighted yellow?

20 A Sure. The first step is relatively easy. We start with
21 the middle column, the arithmetic mean, because the
22 arithmetic mean return on a portfolio of assets is the simple
23 weighted average mean of the individual asset classes
24 weighted by that asset class' allocation, so we can just
25 multiply those together, 12 percent times 8.25, 7 percent

1 times 9.20 and so forth, and when we add those up, we'll get
2 the number at the bottom under the arithmetic mean column,
3 the 7.43 percent. And that's essentially an intermediate
4 step. Unfortunately, for the risk of the portfolio, the
5 standard deviation at the portfolio level, it's a more
6 complicated weighted average because we have to reflect also
7 those correlation coefficients that we discussed. They're
8 not shown here, but they have to be reflected. The weighted
9 average on the portfolio is not a simple weighted average of
10 the standard deviations. We reflect correlations, and that
11 leads to the standard deviation for the total portfolio,
12 which is the 12.75-percent number you see under the standard
13 deviation column.

14 Q Yes.

15 A Now, armed with those two numbers, the arithmetic mean
16 for the portfolio and the standard deviation of the annual
17 return for the portfolio, we can calculate the expected
18 geometric mean, the annualized rate of return, over the ten-
19 year period.

20 Q And what is that number?

21 A And that's the 6.75-percent number.

22 Q And that's the number that your capital markets model
23 showed for this portfolio of target allocations?

24 A Right.

25 MR. WAGNER: Same objection. There's just way too

1 much leading here.

2 MR. MILLER: Go ahead.

3 THE COURT: The objection is sustained.

4 THE WITNESS: Okay.

5 THE COURT: No. The objection is sustained.

6 MR. MILLER: Oh, I'm sorry. Withdraw the question.

7 BY MR. MILLER:

8 Q Continue going through the process.

9 A All right. So the 6.75 is the expected mean annualized
10 rate of return over ten years, but due to the way investment
11 returns compound over time, that number has a little positive
12 skew to it, so as actuaries we don't like to use that.
13 That's not the most likely outcome. The most likely outcome
14 is the median or the 50th percentile of this possible return
15 distribution, so we make one final adjustment down to that
16 6.68-percent number. That is the median or 50th percentile
17 expected return and most likely return over the next ten
18 years.

19 Q And then can you explain to the Court the impact of the
20 horizontal line that says net of .10 percent investment
21 management fees?

22 A Right. Actuarial Standards of Practice 27 generally
23 discourages assuming that actively managed investments will
24 outperform sort of index funds or benchmarks, and you pay a
25 lot of extra fees for that, so we're developing expected

1 returns for essentially index funds or passive investments,
2 and they have very small fees, so we're estimating the fees
3 on that kind of a portfolio at only .1 percent or ten basis
4 points. So after we take those fees off, we're down at 6.58
5 percent as the expected net of fees median most likely return
6 over the next ten years.

7 Q So what figure does represent your best estimate of the
8 PFRS projected returns for the next ten years?

9 A 6.58 percent.

10 Q Now let's move to the table on the far right under the
11 column "Milliman 30-Year Assumptions." And did you
12 essentially undertake the same process in determining your
13 best estimate of the return for the PFRS portfolio over the
14 next 30 years?

15 A Yes. We followed the exact same process. We're just
16 using different individual asset class expected returns.

17 Q And what is your best estimate of PFRS returns for the
18 next 30 years under your capital markets model?

19 A 7.12 percent.

20 Q Why is the 30-year best estimate higher than the 10-year
21 best estimate for the PFRS portfolio?

22 A It's because, as I mentioned earlier, built into our
23 capital market assumptions is the expectation of rising
24 interest rates in general over the next ten years, so the 30-
25 year assumptions have the same first ten years as the 10-year

1 assumptions, but then when we get out, for example, to year
2 11, we're anticipating higher interest rates plus higher
3 returns on the fixed income asset classes that will then --
4 the portfolio would then benefit from those for the remaining
5 20 years of the 30-year horizon, so that's going to push
6 those 30-year numbers up within the fixed income asset
7 classes.

8 Q Okay. Mr. Perry, did you yourself prepare these tables?

9 A Yes, I did.

10 Q Okay. And do these tables and the results on those
11 tables, in fact, show the projected returns that your
12 analysis concluded?

13 A Yes.

14 MR. WAGNER: Objection. Leading.

15 THE COURT: Overruled. What's your answer?

16 THE WITNESS: Yes.

17 MR. MILLER: Steve, can you put on the screen the
18 next page of City Exhibit 465? It's called Exhibit 2. And
19 let's highlight, right, on the top left. And can you yellow
20 the top left corner? Right.

21 BY MR. MILLER:

22 Q And what does this exhibit represent, Mr. Perry?

23 A This is the same analysis but for GRS.

24 Q Okay. And did you follow the same process to develop the
25 projected investment returns for GRS that --

1 A Yes.

2 Q -- you had for PFRS?

3 A Yes.

4 Q And what is the best estimate of the projected GRS
5 returns for the next ten years?

6 A 6.52 percent.

7 Q And for the next 30 years?

8 A 7.04 percent.

9 Q And, again, the 30-year projection is higher than the 10-
10 year projection, and why is that so?

11 A Same reason. We have higher expected average returns in
12 fixed income over 30 years than we do over the next 10.

13 Q Now, when Milliman runs a capital markets projection,
14 does that projection provide, in addition to a single best
15 estimate that you've testified to, a range of best estimates?

16 A Yes, it does.

17 Q And why is that, sir?

18 A Because Actuarial Standard of Practice 27, which is the
19 standard covering the development of economic assumptions for
20 measuring pension obligations, it calls for the actuary to
21 develop a best estimate range, and the pension industry
22 generally has interpreted that to mean the 25th to 75th
23 percentile of this median long-term return distribution.

24 MR. MILLER: Steve, can I ask you to stick with City
25 Exhibit 465 and now move to page 2 of that exhibit? And can

1 you highlight the two charts near the top of that page?

2 Thank you.

3 BY MR. MILLER:

4 Q And, Mr. Perry, the top chart, what does that represent?

5 A Those are the expected returns and the best estimate
6 range for the two systems for the ten-year horizon.

7 Q And the bottom chart?

8 A The same for the 30-year horizon.

9 Q Okay. And can you explain how the capital markets
10 committee determined the best estimate range percentages that
11 are shown on the top chart for DGRS and DPFRS?

12 A So based on the same data, the same results we just
13 developed on the previous exhibits, with the expected average
14 return and the standard deviation for the portfolio, we can
15 use that information to estimate the 25th and the 75th
16 percentile just as we did for the 50th percentile.

17 MR. WAGNER: Your Honor, can -- I'm sorry. Can I
18 ask whether the -- what's being offered -- is this being
19 offered into evidence, and what part of the document is being
20 offered into evidence, whether it's the charts?

21 THE COURT: Good question.

22 MR. MILLER: Yeah. Your Honor, the city moves to
23 offer into evidence as demonstratives the Exhibit 1 chart
24 respecting PFRS, the Exhibit 2 charts respecting GRS, and
25 these charts on this page.

1 MR. WAGNER: No objection as demonstratives.

2 THE COURT: All right. For that limited purpose,
3 these -- those identified parts of this exhibit are admitted.
4 And it is closing time, so we will take our --

5 MR. MILLER: Your Honor, I'm sorry.

6 THE COURT: We will not take our break now.

7 MR. MILLER: We will not. I beg your indulgence.
8 The city would like to extract these materials from the
9 expert report and move to have them entered into and admitted
10 as evidence and not merely demonstratives.

11 THE COURT: Okay. So just for the record, what
12 would your next exhibit number be? Anybody know?

13 MR. STEWART: 706.

14 MR. MILLER: 706.

15 THE COURT: Is there any objection to that?

16 MR. MILLER: No.

17 THE COURT: All right. Then for all purposes, the
18 Court will admit Exhibit 706.

19 (City Exhibit 706 received at 5:00 p.m.)

20 THE COURT: Now can I call a recess for the day?

1 THE COURT: Let's turn our attention to the
2 emergency motion for relief from stay, please.

3 MR. PATERSON: Andrew Paterson on behalf of the
4 petitioners.

5 MS. NORRIS: Megan Norris of Miller Canfield --

6 THE COURT: All right. Stand by one second while
7 those who would like to leave the courtroom get an
8 opportunity to do that.

9 MR. THORNBLADH: Thank you, your Honor.

10 MS. JENNINGS: Thank you, your Honor.

11 THE COURT: You're welcome. Let's give folks one
12 more minute. And I think we are ready to proceed, sir.

13 MR. PATERSON: Your Honor, this is petitioner's --
14 movant's motion for relief from the stay for purposes of
15 filing in the Wayne County Circuit Court an open meetings
16 case against the Detroit City Council. And I would first
17 indicate that the ideal of a democratic government is too
18 often thwarted by bureaucratic secrecy and unresponsive
19 officials. Citizens frequently find it difficult to discover
20 what decisions are being made and what facts lie behind those
21 decisions. The Open Meetings Act protects citizens' right to
22 know what's going on in government by opening to full public
23 view the process by which elected and nonelected officials
24 make decisions on citizens' behalf. Those are not my words.
25 Those are the words of the Michigan legislature upon the

1 introduction of the Open Meetings Act and the Freedom of
2 Information Act in 1976 in the post-Watergate era. The
3 Section 3 of the Open Meetings Act states in its very first
4 sentence, "All meetings of a public body shall be open," and
5 the law as it is developed construes exemptions from that
6 narrowly and broadly protects the right of citizens to know
7 what's going on in their government.

8 The response from the debtor on behalf of the city
9 council indicated, and I think correctly, that the violation
10 of the Open Meetings Act is not really the issue before this
11 Court, and I think that's correct, although the bulk of the
12 response did try to repeat over and over and over again that
13 it was a permitted meeting under various exemptions,
14 particularly the legal matters. The evidence that the
15 movants intend to introduce would be the extensive public
16 statements about the meetings from the participants in the
17 meetings indicating that there were negotiations and
18 discussions for three full days. I think it was a patent
19 violation of the Open Meetings Act, and the plaintiffs intend
20 to seek as well as a declaration of that an injunction
21 against further violations by the Detroit City Council with
22 respect to the Open Meetings Act.

23 THE COURT: Well, how do you deal with the city's
24 argument that your claim is moot?

25 MR. PATERSON: It's not. I mean they've

1 indicated --

2 THE COURT: How do you deal with it? What's your
3 response?

4 MR. PATERSON: They've indicated repeatedly that
5 these were meetings and discussions addressing the facts
6 behind the decisions, and those are clearly covered by the
7 Open Meetings Act. The city's response or the debtor's
8 response is the response that it may want to make to a
9 circuit judge, but for purposes of this Court's relief, the
10 merits of the case aren't really before it, although I'm
11 confident this is a lay-down open meetings violation. The
12 city has failed in its response to point to any specific harm
13 that would happen to this proceeding or in this court.
14 They've made --

15 THE COURT: Well, but I need an answer to my
16 question because if the matter is moot, there's no sense in
17 granting relief from the stay.

18 MR. PATERSON: I'm seeking an injunction.

19 THE COURT: What's not moot about it?

20 MR. PATERSON: I'm seeking --

21 THE COURT: What relief can a court provide to your
22 clients?

23 MR. PATERSON: The Circuit Court can and probably
24 will enjoin them from further violations of the Open Meetings
25 Act. Citizen's right to know. It's a fundamental right of

1 every citizen of this state to see that public bodies --

2 THE COURT: But there's no more --

3 MR. PATERSON: I did in our motion --

4 THE COURT: Let me just -- let me just finish my
5 question.

6 MR. PATERSON: Yeah. Go ahead.

7 THE COURT: There's no more imminent or threatened
8 violation of the Open Meeting Act at this point.

9 MR. PATERSON: The circuit judge may determine that
10 and may not issue an injunction, but I am going to seek an
11 injunction against further violations. I must say I have in
12 the past sued the city's city council for past violations.
13 This is not a new thing to disregard the public's right to
14 know. I don't understand it as a philosophy of governance.
15 I would think that you would want to educate your
16 constituents as to all of the issues behind all of your
17 decisions so that they better understand it and don't suspect
18 that there's some secret deal, I think particularly in this
19 case. There's not been any decision made by this city
20 council other than the initial one back 18 months ago that's
21 been more important. The citizens are wondering.

22 THE COURT: What happened 18 months ago?

23 MR. PATERSON: Mr. Orr was accepted and appointed to
24 the emergency manager position under Act 43 --

25 THE COURT: Did the city council do that?

1 MR. PATERSON: City council did not oppose it. I
2 think it was a five to four vote, as I recall, or four -- it
3 was a one vote majority. That's that last decision that the
4 council made that had the importance to this decision, and I
5 don't think that there's any particular dispute with the
6 merits of the decision. It's probably a good thing. I don't
7 think that's the issue. I think the way they have gone about
8 it in hiding it from their constituents is the issue. That
9 doesn't serve the public interest well. It doesn't --

10 THE COURT: Does the law require a public body to
11 open up its meetings when it's seeking legal advice from its
12 attorneys?

13 MR. PATERSON: I think it's pretextual that they
14 said that. How do you negotiate --

15 THE COURT: Please answer my question.

16 MR. PATERSON: Oh, the law permits certain matters
17 that are legal matters that are involved in litigation but
18 also in the public body's obligations under contract or the
19 law to be discussed, and they do allow them to be discussed
20 in private.

21 THE COURT: And so why -- where is the evidence that
22 something other than that happened here?

23 MR. PATERSON: The evidence is in the public
24 statements of the participants in the meeting.

25 THE COURT: Like what?

1 MR. PATERSON: Pardon?

2 THE COURT: Like what? Name one.

3 MR. PATERSON: Three days of negotiations. Even in
4 their own brief, they talked about reaching a consensus. All
5 of the facts that underlie the decision that was made and the
6 agreements that were reached have been excluded from the
7 public view.

8 THE COURT: Now, you said there were public
9 statements that suggest that something at these meetings
10 happened other than council deliberating with its attorneys
11 on legal matters.

12 MR. PATERSON: I do say that. I do say that, and I
13 think the defendants --

14 THE COURT: I'd ask you to identify one.

15 MR. PATERSON: The defendants indicate that in their
16 response. They indicate that the closed sessions were
17 conducted for the purposes of obtaining legal advice.
18 They've said that repeatedly, repeatedly, repeatedly, but
19 they also indicate --

20 THE COURT: The fact that they state it repeatedly
21 doesn't make it wrong.

22 MR. PATERSON: No, but if I call a dog's tail a leg,
23 he still only has four legs, as Lincoln observed.

24 THE COURT: Okay.

25 MR. PATERSON: The statement in the defendant's

1 response indicates that they reached a consensus and that the
2 consensus was reflected in the agreements that were signed
3 and authorized by the city council. Those agreements --

4 THE COURT: Well, but they were -- it was a -- it
5 was a consensus concerning this litigation.

6 MR. PATERSON: It's a consensus as to how to proceed
7 with respect to the future --

8 THE COURT: This litigation.

9 MR. PATERSON: I don't see that as an exemption
10 under the Open Meetings Act.

11 THE COURT: Well, but --

12 MR. PATERSON: All public meetings -- all
13 meetings --

14 THE COURT: I thought you had already admitted that
15 there was an exemption for legal advice relating to
16 litigation.

17 MR. PATERSON: Yes, and I think the public
18 statements by the participants in the meeting indicate that
19 was pretextual, very simply pretextual.

20 THE COURT: Okay. But I'm asking you --

21 MR. PATERSON: In fact, you don't need to see the
22 smirk of the mayor when he was asked that question to know
23 that it was pretextual. Other members that attended the
24 meeting saw that they had a lot of negotiations to do over
25 the timing and all of those issues that were involved that

1 are substantive.

2 THE COURT: But I'm asking you why isn't all of that
3 covered by the exemption?

4 MR. PATERSON: It's not. It's not legal matters.

5 THE COURT: But to tell me it's not doesn't answer
6 my question. Why isn't it? What's the --

7 MR. PATERSON: Participating --

8 THE COURT: What's the legal analysis that
9 establishes that it's not?

10 MR. PATERSON: Participating in a negotiation with
11 parties is not legal analysis. That's not discerning legal
12 analysis. That's my right to participate in a negotiation,
13 and the city council is told that in their legal opinion, and
14 then they proceed to negotiate. Those are public
15 discussions.

16 THE COURT: But it's negotiation over a legal matter
17 in litigation.

18 MR. PATERSON: It does not exempt the facts that
19 underlie the decision and the consensus and the discussions
20 that were reached with respect to this. Not all legal --

21 THE COURT: What's the best case you've got in
22 support of your position?

23 MR. PATERSON: I think I cited them in my brief, and
24 they do address the scope of the legal exemption. It's
25 certainly in the context of litigation it can arise. It is

1 also, though, important to know what were the bases reached
2 for some compromise within those litigations or the facts
3 underlying -- the discussion of the facts underlying and the
4 truth of those facts. The substance of that decision is the
5 kind of decision that a Circuit Court would make.

6 THE COURT: Well, let me propose -- let me propose
7 to you a hypothetical. Counsel for the city wants to give --
8 all right. The term "counsel" obviously has two distinct
9 meaning here. The attorney for the city wants to give the
10 council -- the city council legal advice on how to settle a
11 personal injury suit and explain why he's recommending a
12 settlement at X dollars. Okay. They go into closed session
13 because it's in litigation, and one of the members says, "I
14 don't want to -- I don't think we should settle this for X.
15 I think we should settle it for Y," and they continue to have
16 a discussion with the attorney about the legal merits of the
17 case, the strengths and weaknesses on each side, and they
18 come to a resolution to offer a settlement at Z. How much,
19 if any, of that needs to be in public under the Open Meetings
20 Act?

21 MR. PATERSON: The legal obligations or the
22 recommendation of the attorney if it's in writing is
23 certainly something that can be discussed. Why did you reach
24 that number, why do you propose settling it, and here's what
25 I propose settling it for because of and gives them the

1 merits, objections to it, discussion of it, starts to
2 borderline whether or not that is exempt. That's the circuit
3 judge's obligation to determine in the proceeding, and the
4 minutes --

5 THE COURT: So your position is that even the
6 attorney's statement of reasons why the case should not be
7 settled at Y, it should be settled at X, is something that
8 might be subject to the Open Meetings Act?

9 MR. PATERSON: Might be; might be. Not likely, but
10 might be. More than often -- more often than not there will
11 be a consensus reached, but the discussions here travel
12 beyond the settlement of a lawsuit. This is the active
13 participation of the city in its future of the most
14 fundamental aspects of it and the regaining of the power to
15 do that. That was what was on the table according to Mr. Orr
16 and his orders that were entered in respect to that. Those
17 are matters that reach well beyond the legal obligations of
18 the city and involve widespread negotiation over the
19 regaining of the power of the elected members of the city
20 council.

21 THE COURT: Well, but all in relation to the
22 administration of this bankruptcy from the city's
23 perspective.

24 MR. PATERSON: The city is also obligated and the
25 emergency manager is also obligated to administer the city

1 and administer under the law all of the obligations of the
2 city and the business of the city. They can't blanket the
3 business of the city with a, well, it's in Bankruptcy Court;
4 therefore, the stay is a shield against violations of the
5 Open Meetings Act and other violations of law.

6 THE COURT: Anything further, sir?

7 MR. PATERSON: No, other than I did in my motion
8 indicate to the Court that I'm not seeking to undo, as I'd
9 have the right to do under the Open Meetings Act, the actions
10 taken. The relief that we're seeking in the Circuit Court
11 would be prospective only, and it would be prospective with
12 respect to further violations of the Open Meetings Act by the
13 Detroit City Council.

14 THE COURT: And of course you'd want attorney fees.

15 MR. PATERSON: And of course I would want attorney's
16 fees.

17 THE COURT: Thank you.

18 MR. PATERSON: Thank you.

19 MS. NORRIS: Good morning, your Honor. Megan Norris
20 on behalf of the city. I'll be brief. It's clear that
21 you've reviewed everything. First of all, the timing of the
22 motion and the substance of plaintiff's motion makes it clear
23 that the events at issue are over. Plaintiffs filed their
24 motion mid-day on Thursday. By the end of the day Thursday,
25 the city and state had filed with this Court a joint notice

1 of transition plan, which outlines a proposed transition from
2 the emergency manager to the city elected officials.
3 Plaintiff in their motion does not -- petitioners don't argue
4 that there have been any other violations of the Closed
5 Meetings Act by city council. City council has been in and
6 out of closed session for a number of reasons on a number of
7 occasions since this bankruptcy trial began. The only issue
8 are the meetings that have just taken place. One of the
9 Garzoni factors is the creditor's claim -- whether the
10 creditor's claim is likely to succeed on the merits, and as
11 the Court has noted, there is no evidence of any violation.
12 The meeting was properly closed. The statute was cited. The
13 transition -- the subject being the transition, specifically
14 PA 436 transition matters, was cited in city council's
15 closure resolution. This was not a blanket business of the
16 city closure. This was not even a blanket attorney-client
17 privilege closure. This was specifically to discuss the
18 memoranda of counsel and the advice of counsel and discussion
19 of the memoranda relating to the transition. Clearly there
20 can be harm to the city if this is allowed to go forward at
21 this time, and that really is the question. It's not whether
22 it can go forward. It's whether it can go forward at this
23 time, whether the stay should be lifted. As this Court has
24 noted repeatedly in the trial in front of it as we speak, the
25 issue on the plan of adjustment is not simply whether debts

1 can be resolved. The issue is also whether the city has a
2 viable plan to go forward, and a big part of that plan is how
3 the city moves from the emergency manager that has
4 effectively guided the city through this bankruptcy back to
5 the elected officials as the city goes forward to allow a
6 lawsuit against exactly those players, city council, but
7 obviously the mayor would be involved. Obviously the
8 emergency manager would be involved. To allow a lawsuit
9 involving those folks to go forward at this time would be
10 detrimental to exactly what this Court is trying to
11 accomplish in smoothing the transition of the city out of
12 bankruptcy. If you have any questions, I'm happy to answer
13 them.

14 THE COURT: What's the connection given that Mr.
15 Paterson says all he wants is an injunction against future
16 violations of the Open Meetings Act?

17 MS. NORRIS: Right. So the connection is it's a
18 law -- first, he has to prove a violation, so there's a
19 lawsuit, and in that lawsuit there will be arguments about
20 what happened or didn't happen. That will require at minimum
21 an in camera review of what happened in closed session. In
22 many cases Mr. Paterson has sought to take depositions of
23 people involved to determine whether the mayor's smirk -- I
24 use Mr. Paterson's term -- means anything, to determine
25 whether, as in the Wyoming case, there were winks or nods or

1 slips of paper across the table, so there's discovery in that
2 case. So before there's any finding of a violation, before
3 any injunction is issued, before any attorney's fees are
4 awarded, there has to be a finding, and that is exactly the
5 kind of action that the city does not need to be going
6 through right now. It is a very sensitive area. The orders
7 have been issued. You've seen the transition, the joint
8 notice of transition. As Mr. Paterson noted, there was a
9 city council meeting at the beginning not to oppose the
10 appointment of Kevyn Orr, and there has been a meeting at the
11 end. The parties have agreed that there is a date certain --
12 i.e., the effective date of the plan of adjustment -- and
13 Mr. Orr has begun the transition, so there's no evidence that
14 there would be meetings on this topic going forward. If
15 there were, they would be noticed in the same way, but to say
16 that the notice was pretextual in some way when the results
17 of the meeting are exactly the topic identified in the legal
18 memoranda, it's not like the results of the meeting are
19 something unrelated to exactly what was identified. The
20 transition plan is absolutely without any support.

21 THE COURT: Thank you.

22 MS. NORRIS: Thank you.

23 MR. PATERSON: If the Court is concerned, I'm fairly
24 satisfied that there's ample evidence that won't require the
25 deposition of the mayor or the emergency manager in this

1 case. Statements made by city council members and others are
2 public and ample, and I, frankly, expect that they will have
3 to admit those statements once the proceeding has begun.

4 THE COURT: The city questions why this can't wait,
5 if it needs to be pursued at all, until after the bankruptcy
6 is over.

7 MR. PATERSON: The injunction relief would prevent
8 further violations of the Open Meetings Act and allow the
9 citizens to see what decisions are being made in public and
10 what the facts are that lie behind those decisions.

11 THE COURT: Well, fair enough, but you don't have
12 any evidence of any imminent or threatened violation of the
13 Open Meetings Act other than, well, they did it once, so they
14 might do it again.

15 MR. PATERSON: I think that question flips the
16 burden. I think the proceeding, if the stay were lifted, is
17 not going to affect this Court's actions or anything in this
18 Court whatsoever. It's going to carry on independent of
19 that, and there's absolutely no burden on this Court by
20 removing and lifting the stay with respect to this
21 litigation, and, in fact, I think that --

22 THE COURT: Well, the argument isn't based on burden
23 on this Court. The argument is based on burden to the city
24 in having to address your lawsuit while it's trying to wrap
25 up this --

1 MR. PATERSON: The city --

2 THE COURT: -- critical litigation here.

3 MR. PATERSON: The city law department has had
4 little to do during this proceeding because many of the cases
5 that were stayed did not proceed. I know for --

6 THE COURT: You're concerned about full employment
7 for the city law department?

8 MR. PATERSON: I think they're more than able and
9 capable of defending this action.

10 THE COURT: Well, but it's not just the law
11 department. It's the city.

12 MR. PATERSON: I don't see how potentially, I guess,
13 a deposition -- if there's a failure to admit public
14 statements that were made and a request for that admission is
15 denied, I suppose at that point I need to take the deposition
16 of the person that made the statement, and in most cases it's
17 members of the city council that were explaining their vote
18 and why they carried out for three days the discussions on
19 this matter. That doesn't seem to impose any burden on this
20 Court.

21 THE COURT: All right. Thank you. Anything
22 further?

23 MR. PATERSON: Thank you.

24 MS. NORRIS: No, your Honor.

25 THE COURT: All right. I'll take this under

1 advisement for 15 minutes, and we'll reconvene at 9:45,
2 please.

3 THE CLERK: All rise. Court is in recess.

4 (Recess at 9:30 a.m., until 9:50 a.m.)

5 THE CLERK: All rise. Court is back in session.
6 You may be seated.

7 THE COURT: It appears everyone is present. The
8 standard by which the Court determines this and other motions
9 for relief from the stay is whether the moving party has
10 established cause. The matter is, of course, addressed to
11 the Court's discretion. In evaluating whether there is cause
12 for relief from the stay, the Court considers the harm to the
13 moving party if the stay is maintained and the harm to the
14 debtor if this motion is granted and relief from stay is
15 granted. In this case, if relief from the stay is denied and
16 the stay is maintained in effect, the plaintiffs will be
17 forced to wait to pursue their claim against the city until
18 the stay terminates, which would happen either upon
19 confirmation or dismissal of the case. If the motion is
20 granted, the city will be, of course, required to defend the
21 lawsuit that would be filed.

22 The city maintains that the lawsuit is moot and that
23 it otherwise lacks merit under the Open Meetings Act and that
24 it should not be forced to defend a lawsuit that is either
25 moot or lacks merit or both. There are certainly aspects of

1 the claimed violation of the Open Meetings Act that are moot,
2 but it appears that there are aspects that are not moot. For
3 example, the motion states that if the Circuit Court were to
4 find a violation of the Open Meetings Act, the plaintiffs
5 would seek disclosure of certain materials relating to the
6 closed meeting such as minutes or transcripts, et cetera.

7 The Court also must find in the circumstances that
8 the claimed violation of the Open Meetings Act is not a
9 frivolous claim. If it were, the Court, of course, would not
10 grant relief from the stay since no party should be required
11 to defend a frivolous action. The claim is not frivolous.
12 The city has a defense to it, perhaps even a strong defense,
13 but the claim itself is not a frivolous claim.

14 On the city's contention that the requirement to
15 defend the lawsuit may somehow impact its ability to
16 efficiently pursue this bankruptcy, the Court must find that
17 there is really nothing to support or suggest that.

18 Accordingly, in the circumstances, the Court
19 concludes that its discretion should be exercised in favor of
20 granting the motion, and the motion is granted. Mr.
21 Paterson, please prepare an order, have it approved as to
22 form by city counsel -- the city's attorneys and have it --
23 and then submit it to the Court.

24 MR. PATERSON: Will do, your Honor. Thank you.

25 THE COURT: All right. Let's turn our attention

1 back to the trial then. And let's stand by one second while
2 the courtroom settles down again. Sir.

3 MR. HEIMAN: Good morning, your Honor. David Heiman
4 of Jones Day for the city. I would like to just take a
5 minute, with your indulgence, to mark the moment of the
6 transition that was just the subject of your prior hearing,
7 and we did not want to let this moment pass. At a time like
8 this, many thoughts race through one's mind, and I'm sure in
9 Mr. Orr's case hundreds or thousands of thoughts race through
10 his mind based on the last 18 months. But as your Honor
11 knows, his term, if I can call it that, essentially expired
12 yesterday at the conclusion of the 18 months, and that term
13 was dealt with by the four legal authorities, government
14 entities, including Mr. Orr, that have some participation in
15 this matter. That would be the state, the mayor, Mayor
16 Duggan, city council, and Mr. Orr himself. And at least in
17 my view, this should be looked upon as somewhat of a right of
18 passage for the City of Detroit, a very momentous occasion
19 even though we are, indeed, in the middle of a trial seeking
20 confirmation of the plan of adjustment. So I would like to
21 address both perhaps gratuitously all the benefits that have
22 been derived from the implementation of 436 and explain to
23 the Court, as I assume you've read in the newspapers as well
24 as the papers that were filed, the joint notice that was
25 filed, but an event that is perhaps new and different for

1 those who have lived in Detroit the last few decades where
2 four legal authorities that impact the City of Detroit have
3 come together in a unified fashion in the best interest of
4 Detroit.

5 So in doing that and explaining what we see is
6 happening now, I would also like to make it clear to the
7 Court that we -- that I rise without presumption. We are
8 fully cognizant that it is and will continue to be the city's
9 burden to demonstrate that it has earned the right to emerge
10 from Chapter 9. We are in the process of doing that. We
11 have every hope and expectation we will be able to do that,
12 but we also totally recognize that the gavel remains in the
13 hands of your Honor and that we submit ourselves to that
14 process with the hope that we will swiftly emerge from
15 Chapter 9.

16 As I said, Mr. Orr's statutory reign, if you will,
17 has expired, but not without a lot of consideration on how to
18 transition from Mr. Orr's supervision back to the city
19 council and the mayor, and so what you've seen through the
20 joint notice is a 9-0 resolution of the city -- city council,
21 that is -- which is confirmed by the mayor, and as
22 acknowledged and confirmed by Mr. Orr, that the city itself
23 is ready to take back the reins through the mayor's office
24 and city council. And the good news for the bankruptcy is
25 that the city council, the mayor, and the state have

1 recognized that we are here today this far in the progress --
2 in the process as a result of Mr. Orr's supervision, and it
3 only makes good sense to provide that Mr. Orr shall see it to
4 its conclusion hopefully and that his ability to continue to
5 supervise the bankruptcy, the pursuit of the confirmation of
6 the plan of adjustment as well as implementation of a plan of
7 adjustment should it be confirmed should remain intact, and,
8 therefore, the authorities have determined that he should
9 stay in place for that limited purpose until the effective
10 date of the plan.

11 With that, I would like to refer you to the
12 specifics of the city council resolution. There is a recital
13 on the first page that confirms that the city council is
14 supportive of the plan of adjustment and seeks a smooth
15 completion and that it has agreed to retain with Mr. Orr
16 those powers necessary to see that occur. And Mr. Orr
17 himself has issued Order #42, Emergency Manager Order Number
18 42, which delineates the allocation of responsibilities among
19 himself, the city council, and the mayor, and, of course, his
20 role will continue to be, as I said, the management of the
21 bankruptcy proceeding and the implementation of the plan of
22 adjustment, so with that -- and if the Court has any
23 questions, I'd be happy to try to address them.

24 THE COURT: No. Thank you, sir.

25 MR. HEIMAN: Thank you.

1 MR. HERTZBERG: Good morning, your Honor. Robert
2 Hertzberg, Pepper Hamilton, on behalf of the city. Tomorrow
3 is a date that the Court set aside to handle the objection
4 filed by the UAW. We've been in discussions with the UAW.
5 We have a mediation now set up for tomorrow in a hope to try
6 and resolve the dispute with the UAW. Based upon that, we
7 would ask that the Court allow us to go to mediation
8 tomorrow, adjourn the hearing on the UAW's objection, and
9 allow them to come back if we're not able to resolve our
10 differences in the future and have a full hearing.

11 THE COURT: Who is your mediation with?

12 MR. HERTZBERG: Mr. Driker.

13 THE COURT: Does the UAW support this request?

14 MR. HERTZBERG: I believe they do, your Honor.

15 THE COURT: Is there anyone here from the UAW?

16 MR. MACK: Richard Mack, your Honor, with AFSCME.
17 We've actually filed objections as well over a similar issue,
18 and we do, in fact, support the request.

19 THE COURT: Are you involved or is your client
20 involved in the mediation also?

21 MR. MACK: Yes.

22 THE COURT: What time is the mediation set for?

23 MR. MACK: 9:30. I just got the e-mail a little bit
24 ago.

25 THE COURT: All right. Well, it's been the Court's

1 practice and policy when these kinds of situations arise to
2 consult with the mediator and to follow the mediator's advice
3 regarding my processes, and so that's what I'll do here, and
4 I'll get back to you.

5 MR. HERTZBERG: Thank you, your Honor.

6 MR. MACK: Thank you, your Honor.

7 THE COURT: One more thing before we get underway.
8 My apologies to you for not printing out the compilation of
9 your remaining time for today. I'm showing for the city a
10 balance of 46 hours and 53 minutes and for the objectors 67
11 hours and 9 minutes. And while we're on the subject, I want
12 to have a discussion with you all tomorrow about the extent
13 to which it is appropriate to reduce these times in light of
14 the Syncora settlement.

15 MR. SHUMAKER: Certainly, your Honor. Greg
16 Shumaker, Jones Day, for the city, your Honor. Just a couple
17 of housekeeping matters that we wanted to raise with you.

18 THE COURT: Go ahead.

19 MR. SHUMAKER: First of all, your Honor, as you
20 know, we broke last week, and the city and the objectors had
21 multiple discussions about discovery in light of the Syncora
22 settlement. I wanted to advise you -- your Honor probably
23 noticed -- that FGIC issued two 30(b)(6) deposition notices,
24 one to the city and one to Syncora. Those depositions are to
25 take place tomorrow and -- tomorrow is going be Mr. Doak's

1 deposition. He's going to be the gentleman from Miller
2 Buckfire who is the 30(b)(6) witness for the city. And --
3 I'm sorry -- M.J. is the name of the woman who was being
4 designated for Syncora. I don't know her last name. She is
5 being deposed on Wednesday, so that's proceeding apace.

6 The city also, as we informed your Honor last
7 probably Tuesday or two Tuesdays ago, put forth a
8 supplemental expert report for Mr. Buckfire, and so that went
9 out in the middle of last week, and the objectors agreed that
10 they did not want to depose Mr. Buckfire, so that took place
11 as well.

12 Another matter -- just a couple of other things. We
13 understand that the objectors, FGIC in particular, will be
14 submitting a supplemental expert report from Mr. Spencer, and
15 I believe that's going to come on Friday of this week, if I'm
16 not mistaken, and so that's also moving forward. And then
17 also the parties got together about stipulating to two
18 declarations from two witnesses at KCC, the voting tally --
19 voting tallier, and so we're putting together those
20 declarations, and we'll be able to submit those to the Court
21 later today or tomorrow.

22 The impact of UAW day on witness scheduling and
23 order I wanted to raise with your Honor. What we were hoping
24 to do is Mr. Malhotra will go today. We'll see how long he
25 takes. He will have a significant amount of testimony.

1 Obviously don't know how long cross will last. But then
2 Mr. Buckfire is scheduled to go after Mr. Malhotra. What the
3 city plans on doing is trying to move up Mr. Kaunelis, who is
4 a DWSD witness on the capital expenditures, going to move him
5 up in front because the Doak deposition is going forward
6 tomorrow. We're trying to work this so that then Mr. Doak
7 can testify after Mr. Kaunelis, and then Mr. Orr would
8 testify, so that's a slight modification to the order that
9 was currently -- that's currently in place or that the city
10 has filed. One issue, though, your Honor, because of UAW day
11 perhaps moving to keep in mind is notice to the pro se
12 objectors about Mr. Orr's appearance. Depending on how fast
13 this moves, Mr. Orr could come up sometime tomorrow, and I
14 just wanted to raise that with your Honor because I know
15 that's something your Honor has been concerned about in the
16 past.

17 THE COURT: So are you representing that if we
18 adjourn the UAW testimony or portion of the trial off of
19 tomorrow, that Mr. Doak would testify after Mr. Orr or still
20 before?

21 MR. SHUMAKER: Well, we're hoping Mr. Doak could
22 testify before Mr. Orr about the Syncora settlement so that
23 your Honor has the benefit of his before Mr. Orr gets on and
24 starts, you know, talking about why the Syncora settlement
25 was a good thing. That's why we had ordered it the way we

1 had.

2 THE COURT: It still feels a little aggressive to
3 suggest that Mr. Orr might testify tomorrow, but I do want to
4 thank you for alerting the Court to the possibility because
5 we do want to try to notify people. It will either be
6 tomorrow or Wednesday might be --

7 MR. SHUMAKER: That's fine, your Honor. Wonderful.

8 THE COURT: -- might be the message we should send.

9 MR. SHUMAKER: And then one final matter, your
10 Honor, was during the break the city took the opportunity to
11 review its exhibit list and to take a look at those exhibits
12 that with the withdrawal of the objections by the DWSD
13 parties, the counties, and Syncora, there are no longer any
14 outstanding objections to those exhibits, and -- in other
15 words, neither FGIC nor the COPs holders nor MIDDD has
16 objected to them, so we would ask that those exhibits be
17 admitted into the record pursuant to the Court's protocol
18 previously. We have a list of those. There are about 144.
19 I could read them into the record, but I also have copies
20 that I could hand up to you and proceed in that way.

21 THE COURT: Let me suggest a slightly different
22 procedure. Please share that list with the remaining
23 objecting parties, and then perhaps after lunch I can hear
24 from them on any issues arising from your request.

25 MR. SHUMAKER: Will do, your Honor.

1 THE COURT: Is that all right with you, sir?

2 MR. SOTO: Yes, your Honor.

3 MR. SHUMAKER: I think that's all I had, your Honor.
4 Thank you.

5 THE COURT: All right.

6 MR. SOTO: Your Honor, with respect to those
7 logistics -- by the way, Ed Soto, FGIC. With respect to
8 those logistics, we have --

9 THE COURT: Pull the microphone closer to in front
10 of you.

11 MR. SOTO: -- we have only an issue with the timing
12 of Doak, which we thought we had discussed with the city.
13 Mr. Doak can only be made available to be deposed tomorrow.
14 We are going to, in fact, depose him tomorrow. We did get
15 access to M.J. prior to that through the people at Syncora,
16 but we had hoped to be able to take his deposition, as we've
17 now read his 30-page expert report, prepare for his testimony
18 and then do his testimony, and we hope to be able to do that
19 on Friday, your Honor, because of the sequence of the
20 difficulty of just trying to get it all together. From a
21 timing standpoint, that's where we are.

22 One other thing, your Honor, the -- we're now -- and
23 we've informed the city of this -- working on trying to
24 obtain our fifth labor expert. We've gone through four of
25 them who were unable to appear either because of timing or

1 because of some other conflicts. We know the Court has given
2 us an opportunity to do that. We know the time is getting
3 short. We just wanted to let the Court know we're --

4 THE COURT: Right.

5 MR. SOTO: -- frantically deciding whether we need
6 that expert or if we can obtain that expert.

7 THE COURT: Mr. Shumaker, it does feel appropriate
8 to have Mr. Doak's testimony after his deposition, doesn't
9 it?

10 MR. SHUMAKER: I would agree that would be fair,
11 your Honor.

12 THE COURT: All right. Well, let's work that out
13 then.

14 MR. SHUMAKER: Yes. And part of this complication
15 is there are some witnesses can -- only can testify on
16 Friday, so we're trying to --

17 THE COURT: And Friday is a half a day --

18 MR. SHUMAKER: That's right, your Honor. That's
19 right.

20 THE COURT: -- or at least part -- we're going to
21 stop at one.

22 MR. SHUMAKER: Correct; correct. So we will
23 continue to work on that.

24 THE COURT: All right. All right.

25 MR. SHUMAKER: But the Mr. Orr issue is still out

1 there because --

2 THE COURT: Right.

3 MR. WAGNER: Your Honor, Jonathan Wagner on behalf
4 of the COPS. You may remember that if the -- when the UAW
5 hearing was scheduled, Ms. Thomas, the executive director of
6 the pension plans, was going to testify, and then we were
7 going to do our cross, so if that's -- if we're going forward
8 tomorrow, we'll do the cross tomorrow. If not, we'll do it
9 probably at the beginning of our case.

10 THE COURT: Okay.

11 MR. WAGNER: The second point is there are, I think,
12 six witnesses on the city's may call list. It would be good
13 to have a date by which we know whether those witnesses are
14 going to be called.

15 THE COURT: Any thoughts on that, Mr. Shumaker?

16 MR. SHUMAKER: I would think, your Honor, that we
17 would be in a position to tell the objectors that by the end
18 of the week. I think that's right.

19 THE COURT: Okay.

20 MR. SHUMAKER: Thank you.

21 THE COURT: Can we get underway now?

22 MR. STEWART: Your Honor, Geoffrey Stewart of Jones
23 Day for the city. The city would call its next witness,
24 Mr. Gaurav Malhotra.

25 THE COURT: Raise your right hand.

1 GAURAV MALHOTRA, CITY'S WITNESS, SWORN

2 THE COURT: Please sit down.

3 MR. STEWART: Your Honor, if I may approach, I have
4 binders and USB drives for the exhibits. Just for the
5 record, the binders are full of paper. We have five exhibits
6 which are, in fact, the EY model of the city's finances,
7 which are only in electronic form, so we've reduced them to
8 USB drives, which --

9 THE COURT: Okay.

10 MR. STEWART: -- I would bring forward.

11 THE COURT: Thank you for that, sir. You may
12 proceed.

13 MR. STEWART: Thank you, your Honor.

14 DIRECT EXAMINATION

15 BY MR. STEWART:

16 Q Mr. Malhotra, could you please give for us your name and
17 address?

18 A Gaurav Malhotra. I live in Chicago, Illinois.

19 Q Okay. And tell us if you could -- you, by the way, have
20 testified before in the court, have you not?

21 A Yes, I have.

22 Q Okay. Tell us briefly, if you could, about your
23 education.

24 A I went to -- for my undergrad to the University of Delhi
25 where I graduated with a bachelor's in commerce, and then I

1 went for my grad school to Case Western Reserve University
2 where I got an MBA in finance and business policy.

3 Q What year did you receive your MBA from Case?

4 A In 2001.

5 Q Okay. What was your first job after you received your
6 MBA?

7 A I joined Ernst & Young in the corporate finance practice.

8 Q In Chicago?

9 A In Cleveland.

10 Q In Cleveland. And how long were you with them in
11 Cleveland?

12 A I was with Ernst & Young in Cleveland for, I think,
13 approximately five years.

14 Q Okay. And then what happened?

15 A And then I moved to Michigan. I stayed here for five
16 years, again, with Ernst & Young, doing restructuring and
17 distressed M&A transactions following which the restructuring
18 practice of Ernst & Young was sold to Giuliani Capital, and I
19 continued to do restructuring advisory work there.

20 Q Okay. Let me stop you right there. You just used the
21 phrase "restructuring and distressed asset analysis." Just
22 for the record, tell us what that is.

23 A So restructuring advisory is where we help distressed
24 clients evaluate their business plans, their operations, and
25 long-term projections in order to -- how to recover as a part

1 of an overall restructuring strategy.

2 Q Okay. And then you said there came a time when that part
3 of EY's practice was sold.

4 A That is correct.

5 Q And when was it sold, and who was it sold to?

6 A In 2004 the U.S. restructuring practice was sold to
7 Giuliani Capital Advisors.

8 Q You better slow down. I'm having trouble following you.
9 It just may be the acoustics of the room. So it was sold to
10 who again?

11 A To Giuliani Capital Advisors.

12 Q Okay. All right. And did you still remain in the office
13 you'd occupied before?

14 A Yes.

15 Q And did your practice change at all after Giuliani
16 Capital Advisors purchased the practice?

17 A No. It was essentially a different name but continued to
18 do restructuring.

19 Q Okay. Did there come a time when the name changed again?

20 A Yes. The Giuliani Capital Advisors restructuring and M&A
21 practice was sold to Macquarie Capital Advisors.

22 Q Okay. And then how long did Macquarie control the
23 practice?

24 A For about three years.

25 Q What year are we up to by now?

1 A 2009.

2 Q Okay. And after that what came of the practice?

3 A Well, I was offered an opportunity to come back to Ernst
4 & Young --

5 Q Okay.

6 A -- and join the restructuring practice at EY, so I left
7 Macquarie and came to Ernst & Young.

8 Q What year did you return to EY?

9 A It was 2009.

10 Q '09. And you've been at Ernst & Young ever since?

11 A That is correct.

12 Q Been five years?

13 A Yes.

14 Q What is your title at Ernst & Young?

15 A I am a principal and a senior managing director in our
16 restructuring practice --

17 Q Okay.

18 A -- as well as I lead our central region restructuring
19 practice.

20 Q All right. And so tell the Court, if you could, the sort
21 of work your restructuring practice has involved since you
22 returned to Ernst & Young in 2009.

23 A It has involved helping distressed companies and -- in
24 terms of developing their business plans, taking some through
25 bankruptcy, involving asset sales as well as developing long-

1 term business plans for either a city or a public school
2 district.

3 Q Let me ask you just the names of some of the
4 representative private sector clients that you've worked with
5 since you returned to Ernst & Young.

6 A Schutt Sports, which we took through Chapter 11 process,
7 ongoing with Liberty Medical that we are helping with right
8 now are two that come to mind straightaway.

9 Q Now, in addition to the private sector clients, what work
10 have you done for public sector clients?

11 A On the public sector side, we have been involved with the
12 Detroit Public Schools.

13 Q And when did you start your involvement with the public
14 schools?

15 A Sometime in late 2011.

16 Q Is that ongoing?

17 A It is still ongoing in some fashion, yes.

18 Q Okay. Any other public sector clients?

19 A Yes. We've also helped two other cities in terms of
20 helping evaluate their cash flows and long-term projections.

21 Q And what cities are those, if you can disclose them?

22 A They're confidential in terms of our involvement with
23 them.

24 Q Okay. When did you begin your work for the City of
25 Detroit?

1 A Approximately just over three years ago.

2 Q And when you began your work, what was Ernst & Young
3 hired to do?

4 A Our role initially was to help the city assess its short-
5 term cash flow projections.

6 Q Okay. And what did that entail?

7 A It entailed first trying to just get a clear
8 understanding of what the city's cash position truly was for
9 the general fund and trying to break out the cash that was
10 restricted or that was related to enterprise funds, so we had
11 to sort of manually create reports based on the information
12 that was given that, to the best our ability, we could
13 ascertain what the general fund's starting cash position was
14 and from there on based on discussions with departments,
15 going through budgets, going through bank balance -- bank
16 statements, developing short-term projections to really
17 highlight what the city's cash and liquidity position would
18 be in the coming 12 months or so.

19 Q Now, you used a term a moment ago "general fund."

20 A Yes.

21 Q What is the general fund?

22 A The general fund is what essentially is the core
23 operating fund that is not related to any enterprise fund, so
24 it's where the majority of the taxes are collected and
25 services such as police and fire and budget are paid for.

1 Q And then you used the term "enterprise fund." What is an
2 enterprise fund? What's an example of an enterprise fund?

3 A Until now Detroit Water and Sewer Department has been an
4 enterprise fund in which their operations are essentially
5 break-even and not -- should not be impacting the operations
6 of the general fund.

7 Q Now, let me direct your attention to spring of last year.
8 Did there come a time in the spring of 2013 when the scope of
9 EY's work changed?

10 A Yes.

11 Q How did it change?

12 A It began to evolve in terms of expanding the outlook of
13 what the cash and revenue and expense projections were going
14 to be over a longer time frame versus looking at it on a much
15 shorter time frame.

16 Q What had been the time frame you were using?

17 A I would say all through 2011 and majority of the year
18 2012 we were looking at 12, 18, or 24 months of cash flows.
19 That was the context of what we were working within.

20 Q Okay. And how did things change?

21 A Well, they changed in which we started to go over to ten-
22 year projections and to look at what the city's financial
23 profile would look like over a ten-year time frame under a
24 couple of different scenarios, and then from there it just
25 evolved into looking at 40-year estimates in terms of what

1 the city's revenues and expenses could be over a much longer
2 time frame.

3 Q And what was the purpose of forecasting the city's
4 financial position out so long as ten years or even forty
5 years?

6 A Well, on the ten-year projections, we used that to really
7 highlight what the city's cash and deficit position would be
8 over the next ten years really to illustrate the cost and the
9 weight of the legacy liabilities the city was carrying and
10 what revenues it would have or not have in order to service
11 those liabilities, and over forty years we had wanted to
12 expand it to really ascertain the commitments that the city
13 was making to its creditors that are long-term commitments as
14 to what the potential was and how the city would make up for
15 those commitments.

16 Q Now, the city filed for Chapter 9 protection on July 18,
17 2013?

18 A That is correct.

19 Q At that time, just describe for us what was the work EY
20 was doing for the city? Just enumerate what projects EY had
21 going on.

22 A We were developing the cash flow projections in detail.
23 We were continuing to work on the ten-year plan on a
24 department-by-department basis. We were also looking at the
25 different claims information that was coming through. We

1 were assisting with the -- assisting the city's management
2 team with vendor management because of all the vendor issues
3 that were taking place, and we were really trying to develop
4 the -- at least at that point of time right around the filing
5 is what sort of funds the city would have available for its
6 unsecured obligations.

7 Q Okay. Now, in the 18 -- well, 14 months since the
8 bankruptcy filing, has E&Y added additional tasks to its
9 scope of work?

10 A We have been assisting with all those. In addition, our
11 technology teams are helping the city evaluate its HR
12 technology and ERP technology footprint, but the majority of
13 these services have been related to what I mentioned earlier.

14 Q What is the total amount of fees Ernst & Young has
15 charged or billed the city for since it began its work three
16 years ago?

17 A Over the last three-plus years, I believe we've been paid
18 roughly \$20 million in total over the -- and majority of that
19 I believe are during the bankruptcy process.

20 Q Now, do I understand correctly that the city negotiated
21 something called a holdback arrangement with Ernst & Young?

22 A Yes.

23 Q What's being held back and why?

24 A Ten percent of all of our invoices post-bankruptcy
25 separate and apart from the fee examiner holdback are being

1 held back over and above, which was an additional
2 accommodation we provided to -- provided we could wrap up the
3 bankruptcy case prior to the end of December of this year.

4 Q So if the bankruptcy case is wrapped up before December
5 31, what happens to the money that's being held back?

6 A If the case is wrapped up by December 31st, the ten-
7 percent holdbacks would be payable to EY.

8 Q And if it's not wrapped up, what happens?

9 A Those amounts are in no way payable to EY.

10 Q Now, you served as an expert witness before.

11 THE COURT: Excuse me one second. What does
12 "wrapped up" mean?

13 THE WITNESS: Your Honor, I believe our engagement
14 letter says that a plan -- it's tied to the plan of
15 confirmation date is -- has to be prior to December 31st.

16 BY MR. STEWART:

17 Q Now, Mr. Malhotra, you've testified before in this
18 proceeding and, in fact, have testified as an expert witness
19 before, have you not?

20 A Yes, I have.

21 Q Before this case, you had never served as an expert
22 witness before?

23 A No, I have not.

24 Q And fair to say that when you took on the engagement for
25 the city, no one told you it would involve being an expert

1 witness; is that right?

2 A That is correct.

3 Q But you understand that the city has designated you as an
4 expert witness for purposes of this hearing?

5 A Yes.

6 Q And you've submitted an expert report?

7 A Yes.

8 Q Now, you testified earlier that you work in the field of
9 restructuring, and tell us, since you received your graduate
10 degree, what percentage of your time has been spent in that
11 field?

12 A I would say pretty much a hundred percent.

13 Q Okay. Now, in order to be a specialist in the field of
14 financial restructuring, what sort of things does a
15 professional need to know?

16 A Have a robust knowledge of the interplay of financial
17 statements, be able to understand Excel working models to
18 take large amounts of data and to be able to analyze trends
19 as well as what are short-term events versus long-term
20 trends, is to interview management teams and to understand at
21 a very detail level, to break down large components of data
22 into smaller pieces and then once you deconstruct the data to
23 build back up with some robust assumptions.

24 Q Now, when you're dealing with a client that is a
25 municipality, what else do you need to know?

1 A I think you have to know the interplay between the
2 general fund versus enterprise funds and also how different
3 departments come together in terms of the buildup of each
4 department and the services that are being provided by
5 certain departments, and so -- as well as to really
6 understand clearly what the legacy liabilities are versus
7 core operating cash flows are, but really to understand the
8 different departments and how they come together is something
9 that's important.

10 Q What knowledge do you need to have of the manner in which
11 municipalities account for their funds?

12 A I think you have to have a pretty decent understanding of
13 the overall impact of a general fund and its transfers and
14 revenues and expenses and compared to how they break out from
15 enterprise funds overall.

16 Q And do I understand correctly that municipalities use a
17 principle called fund accounting and do not follow what is
18 often known as generally accepted accounting principles?

19 A That is correct.

20 Q What do you need to know in order to apply what you've
21 learned in the private sector to assignments in the public
22 sector when it comes to understanding their accounting?

23 A It's actually pretty straightforward in terms of the
24 principles that are applied with respect to financial reviews
25 and analyses. I would say they are very identical in terms

1 of how the auditors who deal with municipalities may deal
2 with versus situations in the corporate side may differ
3 slightly, but from a financial review standpoint, the
4 principles are pretty much similar of going through the
5 financial analytics.

6 Q Now, and since the time of the bankruptcy -- actually,
7 let me start earlier than that. In the past two years, what
8 sort of analyses -- in other words, work product -- has Ernst
9 & Young generated for the city?

10 A We have helped the city in developing ten-year
11 projections on a department-by-department basis with detailed
12 revenue and expense assumptions. We have then developed 40-
13 year projections that show on a line item basis what the
14 revenues and expenses could be predominantly for the general
15 fund, and as a part of that, we have also overlaid the
16 construct of the city's restructuring plan and its overall --
17 in terms of the settlements that have been reached with
18 various creditors, how those payments are going to be funded
19 over the next 10 and 40 years.

20 Q Okay. Now, in preparing these analyses, where do you get
21 the information that you need in order to do your work?

22 A It's a combination of places. It starts with the city's
23 management team and their core data and reports that are
24 available in the system.

25 Q And just by name, who would some of those individuals be

1 or by position? Excuse me.

2 A People like Rick Drumb from the finance department, folks
3 that we dealt with extensively, people in the treasury
4 department that we dealt with, John Hill, the CFO; Pam
5 Scales, the budget director. So I would say there are a
6 number of people that we have gone through to try and pull
7 the data together in terms of the raw data. And then in the
8 course of building up these projections, we have also relied
9 on other subject matter experts where their expertise on
10 particular topics has been taken into consideration. And
11 then we sort of build it up piece by piece to ascertain how
12 all of the information comes together before -- as we build
13 up the projections.

14 Q You used the phrase "raw data." What's an example of
15 some of the raw data you would have compiled or worked with
16 in preparing your analyses?

17 A So we have this in our financial models, but it was raw
18 data that we got from the city for 2008, 2009, '10, '11, and
19 '12 historically that was the files that they used to develop
20 their audited financial statements.

21 Q Okay. The audited financial statements were sometimes
22 called a CAFR?

23 A That is correct.

24 Q Okay. And who audits them?

25 A KPMG.

1 Q That's another large auditing firm?

2 A Yes.

3 Q Okay. Now, you'd mentioned earlier that you relied upon
4 the work of other advisors to the city.

5 A Yes.

6 Q Who are those entities or people?

7 A For pieces when it came to the quality of life, all the
8 exit financing assumptions, we had and relied upon the
9 discussions with Miller Buckfire.

10 Q Okay.

11 A When it came to developing specific revenue assumptions
12 that required our economist to be involved, I relied on Bob
13 Cline and Caroline Sallee. When it came to some of the
14 reinvestment initiatives, I relied on the information given
15 by Chuck Moore.

16 Q At Conway MacKenzie?

17 A That is correct.

18 Q Okay.

19 A When it came to understanding all of the other revenues
20 and all of the expenditure line items, it was myself and my
21 team that I was working with, and also we relied upon the
22 plan of adjustment in terms of certain other revenues that
23 were coming through as a part of the overall plan so I could
24 sit back and see how these pieces were coming together and
25 what impact they were having on the city's financial profile.

1 Q Now, you mentioned your team, and I apologize for not
2 having asked you before. How large was your team at EY?

3 A The team that I have working here is roughly about ten or
4 fifteen people at any given point of time.

5 Q Now, is there a standard methodology in your field that
6 is used to create financial models?

7 A Yes. It's generally in Excel.

8 Q Okay. Walk us through how professionals in your field
9 create financial models.

10 A So we start with the raw data that -- to the best of the
11 information that we have available from the client, and then
12 we really deconstruct it to understand what the different
13 components are of that particular buildup versus just taking
14 the high level information. We kind of understand the data
15 at a very detailed level. We look at it on a line-by-line
16 basis to understand what of that information is one-off
17 events versus ongoing trends. We have discussions with the
18 management team to understand our understanding of their data
19 to make sure that we corroborate what we think we are seeing.
20 We also then use either run rates as assumptions for short-
21 term and long-term projections as well as we overlay specific
22 changes that we know are going to happen based on discussions
23 with the management team of the client to then at a very
24 detailed level forecast changes, and then on a longer-term
25 basis also rely upon information that we have from public

1 agencies for inflation-type assumptions to overlay those
2 items that may not be specifically highlighted over the long
3 term but may grow because of an inflationary component.

4 Q What do you do to test the accuracy of this information
5 that you rely upon?

6 A We compare the raw data to the information in the audited
7 financial statements. For some of the items where we can, we
8 actually compare it to the cash receipts and disbursements
9 activity of the client to ensure that we can understand the
10 linkage between the financial statements and the cash
11 activity, and so we scrub through the data to make sure we
12 understand what the components are, and the process of the
13 interviews with the management team is in large part a
14 validation process also.

15 Q Now, a couple of times you've mentioned the computer
16 application called Excel. Just for the record, what is
17 Excel?

18 A It's a Microsoft application that helps on addition,
19 subtraction, and just basic financial analyses.

20 Q And your model is actually put into a Microsoft Excel
21 workbook?

22 A That is correct.

23 Q Okay. So tell us then how you went about preparing the
24 financial analyses that you did prepare from the information
25 that the city gave you in this case as opposed to as you do

1 it, you know, theoretically.

2 A We started with getting the raw information by department
3 for the last five years. By "raw information," I mean
4 detailed sales and expense categories that were not only
5 broken down by department but by fund because a particular
6 department could have operations that impact different funds,
7 and we started the process of first analyzing all of that
8 information on a department-by-department basis. Then we
9 actually took that department information and broke it down
10 by fund so that we could focus our efforts on all of that
11 activity across every department that was impacting the
12 general fund. Once we did that, we were then at a much lower
13 level of detail able to come up with for all of the revenue
14 and expense line items after discussions with the management
15 team what specifically items would change in a baseline
16 scenario if nothing had changed, so went through and looked
17 at the 2012-2013 information as well as the previous four
18 years to ascertain what were ongoing trends where we saw big
19 changes in either the revenue line items or the expense line
20 items, what was driving that change, and so that's where we
21 started to develop the forecast at a much more granular level
22 to understand what each department and each department's fund
23 position would be from a forecast standpoint.

24 Q Thank you.

25 MR. STEWART: Your Honor, I would proffer

1 Mr. Malhotra as an expert witness based upon his testimony
2 about his qualifications and background.

3 THE COURT: Expert witness on --

4 MR. STEWART: Issues of restructuring and financial
5 analysis, your Honor.

6 THE COURT: Any objections?

7 MR. SOTO: No objection, your Honor.

8 MR. WAGNER: No objection.

9 THE COURT: All right. You may proceed.

10 MR. STEWART: Thank you.

11 BY MR. STEWART:

12 Q If we could, Mr. Malhotra, let's now turn to the details
13 of your work. Let's begin, if we could, with Exhibit 738.
14 Do you have 738 before you, Mr. Malhotra?

15 A Yes, I do.

16 Q 738 is -- I think you've already testified about the
17 sources you relied upon in your work, but I wanted to ask you
18 in a little bit more detail about the organization of the
19 effort that led to the construction of your financial models.
20 Have you seen 738 before?

21 A Yes, I have.

22 Q And who prepared it?

23 A It was the Jones Day team along with our input.

24 Q Does this reflect in a schematic way the organization of
25 the effort that was put together in order to prepare the

1 financial analyses for the city?

2 A Yes, it does.

3 MR. STEWART: Your Honor, I would move admission of
4 738 as a demonstrative exhibit.

5 THE COURT: Any objections?

6 MR. SOTO: Well, your Honor, I see that it is a
7 chart, and I see the names. I don't see how it is a
8 schematic of what he did. I assume he will testify about
9 that at some point, so I'm wondering if he shouldn't give
10 some meat to these bones, and then I have no problem with it
11 as a demonstrative. And I certainly don't mind him using it
12 while he testifies about it.

13 THE COURT: Well, all right. Subject to that
14 connection, the Court will admit it into evidence.

15 (City Exhibit 738 received at 10:44 a.m.)

16 BY MR. STEWART:

17 Q Mr. Malhotra, so let's look at Exhibit 738. Your name is
18 in the upper left-hand corner?

19 A That's correct.

20 Q In the upper right-hand corner who appears?

21 A Kevyn Orr, Mayor Duggan, and John Hill.

22 Q And why are they in the upper right-hand corner in this
23 structure?

24 A Because they're essentially the client at the end of the
25 day that has to review and approve what we're seeing in

1 aggregate.

2 Q Okay. Now, on the left-hand side of Exhibit 738 is a
3 column entitled "revenues."

4 A Yes.

5 Q On the right-hand side a column entitled "expenditures"?

6 A That is correct.

7 Q Do I understand correctly the left-hand side lists the
8 sources of information you relied upon for revenues?

9 A That is correct.

10 Q Could you tell us then quickly what each of the persons
11 or groups on the left-hand side contributed to your analysis?

12 A Sure. So from Bob Cline from EY, the detailed
13 information that he provided us was with respect to the
14 forecasts over ten and forty years for the income, wagering,
15 and utility users' taxes under two different scenarios, and I
16 was able to take the information that Bob had provided, have
17 a number of discussions with him in terms of the assumptions
18 and look at the output that was being provided by Bob as well
19 as make sure that it was consistent with the numbers we're
20 using and overall also look at some of the public sources of
21 information that he had used with respect to the assumption,
22 so that built up the -- once we had the final information
23 from Bob, the input for the income, wagering, and utility
24 taxes.

25 Q And then below Mr. Cline is Caroline Sallee?

1 A Yes. With Ms. Sallee we did the similar process for
2 property taxes and state revenue sharing in which I went
3 through the files that they had sent over. We had
4 discussions about it and also made sure that I understood the
5 broad assumptions that were being used in addition to some of
6 the public sources of data that were being relied upon.

7 Q Okay. And the next, it's the EY restructuring team?

8 A Yes. That's essentially my day-to-day team where I
9 looked at the other revenue items and sales and charges for
10 services, some other transfers that were coming into the
11 general fund in addition to UTGO-type property tax
12 collection, so -- that were related to debt service as well
13 as the overall assumption of the DWSD revenue stream that has
14 been incorporated into the plan of adjustment.

15 Q And then city management is the next line.

16 A Yes. And this is similar to the line item up above on
17 other revenue items because there are a number of line items
18 that make up the other revenue category, and we went through
19 department by department to make sure we understood what were
20 certain run rates and what changes were being made or should
21 have been made to those line items going forward.

22 Q Now, the next two boxes are for the advisors you've
23 spoken of, Conway MacKenzie and Miller Buckfire. In a
24 nutshell, what did they -- what input did they have to your
25 work?

1 A So Mr. Moore provided us the information with respect to
2 the department revenue initiatives on a department-by-
3 department basis where I actually wanted to make sure that
4 there was no double count between the other revenue line
5 items or any of the information that Mr. Cline or Ms. Sallee
6 used compared to the information that Mr. Moore was using, so
7 that was a process to make sure that there was no double
8 counting. And from Mr. Buckfire it was the assumptions in
9 terms of the quality of life loan proceeds as well as the
10 assumptions related to the exit financing.

11 Q And, finally, what inputs were there from the plan of
12 adjustment itself?

13 A It was predominantly the proceeds from the grand bargain.

14 Q Okay. On the right-hand side under expenditures, the EY
15 team, again, what did they give you in terms of information
16 there?

17 A So I worked with my team there on looking at all of the
18 salaries and benefit costs for the active employees as well
19 as the expenditures related to the legacy liabilities of the
20 city in terms of the assumptions we used for the contingency
21 reserve, and those would be -- and the other expense
22 categories with respect to the main operating costs of the
23 city.

24 Q And actually all of the remaining boxes are people or
25 entities that you dealt with on the revenue side as well.

1 Just quickly run down what their input was to you on the
2 expenditure side.

3 A So in city management it was the input on the operating
4 expenditures as well as the information we received on debt
5 schedules to highlight the nonrestructured debt service.
6 From Mr. Moore it was the information with respect to
7 incremental costs required on a department-by-department
8 basis and the blight budget. For Mr. Buckfire it was the
9 costs and structure of the quality of life and exit
10 financing. And then in terms of the plan of adjustment is
11 where we have incorporated the settlements or the
12 potential -- the settlements that were reached with the
13 various classes in terms of what the financial implications
14 of those would be.

15 Q Thank you. And we can take that down if you'd like.
16 Now, did there come a time when you began the construction of
17 the financial model?

18 A Yes.

19 Q When? When did that start?

20 A I would say it was early part of 2013 is where we really
21 started to build out the projections over ten years.

22 Q And who was it on your team if there was only one
23 person -- or who on your team constructed the model?

24 A It was several people, but I would say two or three of
25 our analysts did the heavy lifting with respect to the actual

1 construction of the model, but we had different people build
2 up specific modules for different work streams, and that's
3 how the models came together.

4 Q How well do you know the model personally?

5 A I know it very well.

6 Q What did EY do to test the model for its completeness?

7 A For its completeness, we made sure that, "A," the model
8 was accurate, and we go through internal quality check
9 processes. I spot-checked a significant number of places in
10 the model to make sure that the accuracy was valid as well as
11 from a completeness standpoint is the sources of information
12 that we were relying upon for the input that I was able to
13 tie back to the sources of data that were used for some of
14 the assumptions.

15 MR. STEWART: Let's put up, if we could, Exhibit
16 112, and I believe that's an electronic document.

17 BY MR. STEWART:

18 Q Mr. Malhotra, we've put up on the screen here Exhibit
19 112. Can you tell us what Exhibit 112 is?

20 A Exhibit 112 is the ten-year financial projections model,
21 which I think this would be the baseline scenario.

22 Q Now, at the bottom I see a number of tabs. What do those
23 represent?

24 A Those are individual worksheets that contain information
25 either on a summary or department-by-department basis.

1 Q How many worksheets are there?

2 A I think there's over 300-plus worksheets in this model.

3 Q Okay.

4 MR. STEWART: Your Honor, I'd move the admission of
5 Exhibit 112.

6 THE COURT: Any objections?

7 MR. SOTO: No, your Honor.

8 BY MR. STEWART:

9 Q Now --

10 THE COURT: It is admitted.

11 MR. STEWART: I'm sorry, your Honor.

12 (City Exhibit 112 received at 10:52 a.m.)

13 BY MR. STEWART:

14 Q Mr. Malhotra, this is an Excel spreadsheet?

15 A Yes, it is.

16 Q And the spreadsheet itself sometimes is known as a
17 workbook?

18 A Yes.

19 Q And the pages sometimes are called worksheets; correct?

20 A Correct.

21 Q Let's go to any worksheet you'd like. Just choose one,
22 if you could.

23 A We can go to ESUM or --

24 Q Right there. Okay. Okay. Let's scroll to the center.
25 Okay. Now, the construction of worksheets is such that

1 vertically you have something called columns?

2 A Yes.

3 Q Okay. And this column is entitled "Column A"; correct?

4 A That's correct.

5 Q What's in Column A?

6 A Those are -- highlight the revenue titles and the expense
7 titles on this page.

8 Q Okay. And then across, those are called rows; correct?

9 A Yes.

10 Q What is Row 17, for example? What is that? What is
11 that?

12 A That shows general fund reimbursements.

13 Q Okay. Now, when rows and columns intersect, you have
14 something called a cell?

15 A Yes.

16 Q Let's highlight cell G-17. Now, up at the top there's a
17 box. Do you see that? There's a -- I don't know what you
18 call -- you tell me what you call it. Do you see at the top
19 there's something that says "sum," and then there's a bunch
20 of words after it or figures after it?

21 A Yes.

22 Q What is that?

23 A It's a formula.

24 Q It's a formula, and the formulas or the values of cells
25 appear in that box?

1 A That's correct.

2 Q What does that formula represent, if you can tell?

3 A It's summing up from the EDET tab, which would be the
4 detail tab, rows 21 through 23 of Column G, so this tab, for
5 instance, would be a more summary view of the detail tab on
6 the EDET tab.

7 Q Okay. So, in other words, these worksheets borrow from
8 each other?

9 A Yes.

10 Q How complex is the borrowing of one worksheet to another?

11 A In my view, it's not overly complex. I mean it's --
12 they're formulas, and once you understand the logic, it's not
13 overly complex.

14 Q Okay.

15 MR. STEWART: Let's, if we could, scroll to the
16 right just to show the number -- no -- just of the workbook
17 just to show the number of -- not the sheet, the workbook
18 itself -- just to show the number of tabs we're talking about
19 here.

20 BY MR. STEWART:

21 Q Each of those tabs, Mr. Malhotra, represents a set of
22 calculations?

23 A I would say the information on the raw data that would be
24 in the model would not be calculations, but a lot of these
25 tabs would have some calculations on them unless they're raw

1 data files.

2 Q And so the tabs we see scrolling by would be where the
3 raw data was captured or compiled?

4 A The tabs that we are looking at right now would be
5 where -- would be the output of the information that would
6 have been after the raw data had been analyzed.

7 Q Okay. And we're still scrolling. I should have asked
8 you something earlier. You're aware that the Court has
9 appointed an expert, Marti Kopacz of Phoenix, as the Court's
10 expert?

11 A Yes, I am.

12 Q What access has Phoenix had to this model?

13 A Full access of working Excel models.

14 Q In this -- in the native format as we see it here on the
15 screen?

16 A That is correct.

17 Q Okay. Now, what is done on your model to take all of
18 this raw data and put it in one place?

19 A Well, it's sort of like that summary tab that we were
20 looking at is you take all of the raw data that is developed
21 that is provided by fund by department, and you take that
22 information and then deconstruct it to basically highlight
23 for every single department how that information is then
24 broken out between each fund, so we take all of the
25 information that is given to us by every department, break it

1 down by every individual department for every single tab, and
2 then that department is further broken down into a general
3 fund component or the enterprise fund component. And then we
4 sum up all of the general fund only tabs for every single
5 department.

6 Q Now, let's turn in your book, if we could, to Exhibit
7 109.

8 MR. STEWART: And please put, Tom, if you could --
9 BY MR. STEWART:

10 Q Mr. Malhotra, could you tell us what is Exhibit 109?

11 A This is a sample of the ten-year projections of the city.

12 Q Okay. Is this the hard copy version of the model we were
13 just looking at?

14 A Yes. I believe this is the July 2nd version, so it -- I
15 think it is.

16 MR. STEWART: Your Honor, I'd move the admission of
17 Exhibit 109.

18 THE COURT: Any objections?

19 MR. WAGNER: No, your Honor.

20 BY MR. STEWART:

21 Q Could you show us --

22 (City Exhibit 109 received at 10:58 a.m.)

23 THE COURT: It is admitted.

24 MR. STEWART: Sorry, your Honor.

25 BY MR. STEWART:

1 Q Mr. Malhotra, could you show us on Exhibit 109 where
2 you'd see the summary page you described to us just a minute
3 ago?

4 A It would be on page 6 of 82.

5 Q Okay. And so that is a page where all of the data we saw
6 in the model ultimately bubbles up to to become a one-page
7 analysis?

8 A Yes. For the baseline information, that would be the
9 page that it would all sum up to.

10 Q Okay.

11 MR. STEWART: Let's now put up on the screen Exhibit
12 113.

13 BY MR. STEWART:

14 Q Mr. Malhotra, we've now placed on the screen Exhibit 113.
15 Could you tell us what is Exhibit -- what is Exhibit 113?

16 A Exhibit 113 looks like the tab from the 40-year
17 projections as the tab from what I can tell.

18 Q What's the relationship between the 40 -- is this the 40-
19 year model?

20 A This should be the 40-year model, yes.

21 Q What is the relationship between the ten-year model --
22 and what's the date, by the way, of this version of the
23 forty-year model?

24 A I believe this one is the July 2nd version.

25 Q What's the relationship between the 40-year model and the

1 10-year model?

2 A Well, the ten-year model is 300 plus tabs, so we have to
3 bring in the summary information off the ten-year into the
4 forty-year and then on a line-by-line item basis project over
5 the forty years what the revenues and expenses would be using
6 primarily the same sources I had talked about earlier, and
7 then the forty-year model was used to really illustrate
8 what -- how the city was going to pay for the overall
9 settlements it has reached with various classes, so the
10 forty-year was more of an expansion of the ten-year but
11 looking at it purely from the lens more so of how the
12 restructuring plan comes together.

13 Q Okay.

14 MR. STEWART: Now, let's put up Exhibit 111, please.

15 BY MR. STEWART:

16 Q Could you tell us, Mr. Malhotra, what is Exhibit 111?

17 A Exhibit 111 is the 40-year projections of the city.

18 Q Is this the hard copy version of the model we just looked
19 at?

20 A Yes.

21 MR. STEWART: Your Honor, I'd move the admission of
22 Exhibit 111.

23 THE COURT: Any objections?

24 MR. SOTO: No.

25 MR. WAGNER: No, your Honor.

1 MR. SOTO: No. Sorry.

2 THE COURT: It is admitted.

3 (City Exhibit 111 received at 11:02 a.m.)

4 BY MR. STEWART:

5 Q Now, during the period of time --

6 MR. STEWART: And you can take down 111 if you'd
7 like.

8 BY MR. STEWART:

9 Q During the period of time you've been preparing the
10 model, is it fair to say there have been a succession of
11 models?

12 A Yes.

13 Q And some have had different forecast periods; correct?

14 A That is correct.

15 Q And some have had different assumptions in them?

16 A Yes.

17 Q Has EY archived each version of each model?

18 A We do the best we can. There's hundreds of versions, but
19 I think most of them are saved somewhere.

20 Q Okay. Let me ask you just about a few of the models
21 leading up to where we are today, and let's start with
22 Exhibit 33. Mr. Malhotra, do you have Exhibit 33 in front of
23 you?

24 A I do.

25 Q And could you tell us what is Exhibit 33?

1 A Exhibit 33 is the original June 14th proposal for
2 creditors.

3 Q Did you prepare any part of Exhibit 33?

4 A I did.

5 Q Let's go, if we could --

6 MR. STEWART: And, your Honor, I am going -- I'm not
7 going to move the admission of the entire exhibit because the
8 witness did not prepare the entire exhibit. I would move to
9 pages he did prepare and move those into evidence and leave
10 it to another witness to get the larger document in.

11 BY MR. STEWART:

12 Q Mr. Malhotra, let's go, if we could, to page 90, nine
13 zero, of our document here.

14 MR. STEWART: It would be nine zero in the -- Tom,
15 it would be -- apparently, your Honor, I'm advised it's
16 already been admitted into evidence.

17 MR. SOTO: Your Honor, it's one of those that was --
18 the only objecting party was Syncora, and they're no longer
19 here, so we have no objection to this.

20 THE COURT: All right. The Court will admit Exhibit
21 33.

22 (City Exhibit 33 received at 11:04 a.m.)

23 BY MR. STEWART:

24 Q Okay. All right. But I'm still going to confine my
25 questions to page 90 and 91. You have page 90 of the exhibit

1 before you, Mr. Malhotra. Could you tell me, first of all,
2 what is Exhibit 190 -- I mean -- I'm sorry -- what is page
3 90? Confused myself.

4 A Page 90 shows the operating revenues and operating
5 expenditures of the general fund for the next ten years as
6 was presented in the June 13th proposal absent any
7 restructuring.

8 Q And let's just go down briefly the revenues. First of
9 all, we have various taxes and revenue sharing; correct?

10 A That is correct.

11 Q And from whom did you get those numbers?

12 A The municipal income taxes and state revenue sharing
13 would have been provided by -- the income tax would have been
14 provided by Bob Cline. State revenue sharing would have come
15 from Caroline Sallee. And the wagering taxes would have come
16 from Bob Cline, and the property taxes would have come from
17 Caroline Sallee. And the utility users would have come from
18 Bob Cline as well. I'm positive about the income taxes and
19 property taxes. I don't know about the other two if Bob and
20 Caroline were doing it for us at that point in time or not,
21 but they were for income taxes and property taxes for sure.

22 Q All right. And these were projected out for the coming
23 ten years; correct?

24 A That is correct.

25 Q And tell us how you went about being able to project

1 these numbers out for ten years.

2 A Well, we would have started by looking at each one of
3 those categories on a historical basis, so for the income
4 taxes it would have been what the city's historical
5 performance was but also, more importantly, as to where the
6 city was headed in terms of projected population and wage
7 assumptions to ascertain what the income levels were assuming
8 there were no changes in the property tax or in the income
9 tax rates. State revenue sharing, we get input even from the
10 state budget department. Wagering taxes was again based on
11 what some of the historical casino revenues were and sort of
12 using a small reduction based on the introduction of the new
13 Ohio casinos and then a one-percent growth rate over the
14 forecast period. For the sales and charges for services, it
15 would have been looking at each one of the departments in
16 detail to understand what the charges were for the services
17 being offered. Property taxes would have been developed on a
18 commercial and residential standpoint. The other revenue
19 would have also been broken down in terms of what was the
20 overall other taxes or other revenues that were not included
21 in the services above, whether it was court fines or parking
22 tickets, and then general fund reimbursements for the
23 reimbursements that come from some of the historical -- on a
24 by fund basis and even on a projected basis, and then what
25 the UTGO millage was in certain non-general fund POCs, so --

1 Q Sure.

2 A -- it was the historical information combined with the
3 forecast on a line-by-line basis.

4 Q While we're at it, could you tell us what is meant when
5 you have a line that says "general fund reimbursements"?

6 A Those are items such as reimbursements from the
7 Department of Transportation for their share of the insurance
8 costs or risk management costs, come in as a general fund
9 reimbursement, but there's a corresponding expense in the
10 operating expenditures, so there's at times a net effect for
11 some of these revenues and expenses based on how the city
12 accounts for them.

13 Q Okay. And then you have transfers in for UTGO millage
14 and non-general fund POCs. Tell us what that represents.

15 A The transfers in from the UTGO millage represents the --
16 would have represented the portion that comes in as UTGO tax
17 collections. There would be a corresponding transfer out to
18 reflect the transfer that would be made to the debt service
19 fund, so this was basically reflected to show what the
20 activity was. And also on non-general fund POCs there were a
21 certain portion of the COPs that were allocated to the
22 different enterprise funds, and we wanted to make sure that
23 those reimbursements under a base case scenario or a no
24 restructuring scenario were shown up above.

25 Q Okay. Now, the expenditures, without going into a lot of

1 detail, also done generally the same way?

2 A Yes.

3 Q At the bottom you have something called net operating
4 surplus. Just, first of all, what is it?

5 A It is the difference between the operating revenues and
6 the operating expenditures.

7 Q Okay. Let's go, if we could -- and, by the way, this was
8 presented at the June 2013 meeting with the creditors;
9 correct?

10 A That's correct.

11 Q Did you speak at that meeting?

12 A I did.

13 Q And what did you speak about at that meeting?

14 A Well, in addition to the city's precarious cash position,
15 this was one of the -- a couple of the pages that I talked
16 about that showed that on an operating basis the city was
17 actually generating potentially a \$3 billion surplus over the
18 next ten years or roughly 300 million a year without
19 accounting for any of the costs related to the city's legacy
20 liabilities.

21 Q So let's go to the next page of Exhibit 33. Is this a
22 continuation of the calculations we just looked at?

23 A Yes.

24 Q And what does this page reveal?

25 A So on this page, as we continue from the previous page

1 where we had three -- the city was projecting almost \$3
2 billion of surplus over ten years, this page showed the
3 nonrestructured costs of debt service, the POCs, the swaps as
4 they stood, the pension contributions under the assumption
5 the city was using at that point of time, under changed
6 assumptions that the city wanted to use at that point of
7 time, the ongoing costs of health benefits for retirees,
8 which in aggregate from the line items up above, it showed
9 that the city would have almost \$7 billion potentially in
10 forthcoming legacy liability expenditures over the next ten
11 years.

12 Q And you called these in this page legacy expenditures;
13 correct?

14 A Yes.

15 Q What do you mean by "legacy"?

16 A Our way of looking at the legacy expenditures was what
17 the -- the costs that were not associated with providing
18 service or operations today, so it was -- we were trying to
19 exclude the majority of the share of costs related to the
20 active employees and supplies as well as exclude the costs
21 associated with debt that the city had taken on in prior
22 periods.

23 Q Now, we have a line that says "total surplus" and then in
24 parentheses the word "deficit." What does that line
25 represent?

1 A That line represents that the -- the delta between the
2 operating surplus that we saw on the prior page, and if you
3 reduce that operating surplus by the full impact of the cost
4 of the legacy expenditures, what the delta is.

5 Q Okay. So so far in our analysis, on an operating basis,
6 the city actually had a surplus, but once the legacy
7 expenditures were taken into account, that turned into the
8 deficit we see in the middle of the page?

9 A That's correct.

10 Q Okay. And the deficit is how much projected over ten
11 years back in June of 2013?

12 A For the ten years, the projection showed in excess -- or
13 just shy of \$4 billion or roughly 390 to \$400 million a year.

14 Q Below that is a series of lines under the heading
15 "reinvestment in the city." What is that section of this
16 page about?

17 A In that section, we were showing the information that we
18 had gotten from Conway MacKenzie that was provided with
19 respect to revenue and operating expenditure assumptions on a
20 by department basis as well as capital investments and blight
21 that were at that point in time estimated for the city, which
22 in aggregate added up to about a billion dollars net.

23 Q But how could the city be spending money on reinvestment
24 when it had a deficit at the levels we see in the middle of
25 the -- of page 91?

1 A It was probably unlikely that the city would have been
2 able to.

3 Q So why did we have -- why do you have here a section
4 about reinvestment at all?

5 A Well, the reason we wanted to show it is because based on
6 the discussions we had with the city that the reinvestment
7 was a necessity. It was in order to get the city back and
8 avoid a spiral, but that was the assumption as of then.

9 Q Okay. Is this analysis, page 90 and 91, sometimes called
10 a baseline analysis?

11 A Yes.

12 Q Why is it called a baseline analysis?

13 A Because on 90 and 91 we have not incorporated any
14 bankruptcy-type provisions, so it's sort of outside of a
15 bankruptcy what the projections could look like, but it does
16 not take into impact any of the restructuring activities that
17 the city has undertaken as a part of the bankruptcy.

18 Q Okay. Thank you.

19 MR. STEWART: And we can take down that exhibit.
20 Your Honor, I'm reminded I failed to move Exhibit 113 into
21 evidence. That was the native -- in other words, the
22 electronic version -- of the 40-year forecast, and I'd move
23 it into evidence now.

24 THE COURT: Any objections?

25 MR. WAGNER: No, your Honor.

1 THE COURT: All right. It is admitted.

2 (City Exhibit 113 received at 11:15 a.m.)

3 MR. STEWART: Let's, if we could, put up Exhibit 3.

4 BY MR. STEWART:

5 Q Mr. Malhotra, Exhibit 3 is in front of you. Can you tell
6 us what is Exhibit 3?

7 A That's the fourth amended disclosure statement.

8 Q Okay.

9 MR. STEWART: And, your Honor, I believe this has
10 been admitted into evidence, although I'm susceptible of
11 correction if I have that wrong.

12 BY MR. STEWART:

13 Q Mr. Malhotra, did this disclosure statement also set
14 forth forecasts that Ernst & Young had prepared?

15 A Yes.

16 MR. STEWART: Let's go, if we could, to page 89 of
17 212, so we have to go to the appendix, Appendix A, page 89.
18 No, that's not it.

19 BY MR. STEWART:

20 Q While they're doing that, let me just ask you some
21 questions about the disclosure statement, Mr. Malhotra.

22 THE COURT: Excuse me. Excuse me just one second,
23 please.

24 MR. STEWART: Yes.

25 THE COURT: So what I'm showing is -- I'm sorry.

1 One more second. What I'm showing is that on September 9th
2 the document was admitted during the testimony of Terri
3 Renshaw but only to show what she relied upon --

4 MR. STEWART: Okay.

5 THE COURT: -- for what she did, and then I'm also
6 showing that, although Exhibit 3 was initially admitted as
7 part of the final pretrial order, that was vacated and only
8 Exhibit M to Exhibit 3 was subsequently admitted on September
9 8th.

10 MR. SOTO: Your Honor, we have no objection to the
11 admission of Exhibit 3. I think the only party that had
12 objected on the exhibit list, again, was Syncora. There's
13 some of their objections which we would adopt, but this is
14 not one of them.

15 THE COURT: All right. Would you like to offer
16 Exhibit 3 then?

17 MR. STEWART: Yes, your Honor.

18 THE COURT: All right. Exhibit 3 is admitted for
19 all purposes.

20 (City Exhibit 3 received at 11:17 a.m.)

21 BY MR. STEWART:

22 Q Now, Mr. Malhotra, I'm now going to direct you to one of
23 the appendices of Exhibit 3, page 89 of 200 and -- I think of
24 212.

25 MR. STEWART: Let's go back, if we could. Just go

1 one more page. Do you have -- sorry. It's page 99. Oops.
2 Where were we? Just next page, please, and keep going. One
3 more. Keep going. Keep going. There you go. Page 94.

4 BY MR. STEWART:

5 Q Tell us, if you could, what page 94 of 212 is on Exhibit
6 3.

7 A This would have been the same slightly updated baseline
8 scenario that was used for the disclosure statement, so I
9 believe this would be the May 5th version of the projections.

10 Q Okay. And did the disclosure statement also have a
11 comparable summary of the 40-year model that E&Y had
12 produced?

13 A I believe so, yes.

14 Q Okay. Let's move on. Let's go back, if we could, now to
15 Exhibit 109 and use the hard copy form of 109, and this has
16 been admitted into evidence. So a couple of months after the
17 disclosure statement, you had a new edition of your model?

18 A Yes.

19 Q Okay. And that's what you have before you is Exhibit
20 109?

21 A That is correct.

22 Q Now, it appears to be 82 pages long?

23 A That is correct.

24 Q Now, the cover has this red language there. Can you tell
25 me what that's doing on the cover of your model?

1 A It's our standard disclaimer.

2 Q Okay. What are you disclaiming?

3 A That the assumptions and the data are at the end of the
4 day the product of the client.

5 Q Are you disclaiming the accuracy of the model?

6 A No.

7 Q Are you disclaiming that you believe it to be an accurate
8 forecast?

9 A Yeah. Based on the assumptions, we believe this is --
10 it's accurate.

11 Q Okay. So now let's go to page 3.

12 MR. SOTO: You know, Judge, on that one -- forgive
13 me for interrupting, but I couldn't read a thing of what he
14 was -- what he had there, so I have no idea what he was
15 disclaiming, so -- and I would point that out, your Honor.

16 MR. STEWART: Well, we could go back, and can we
17 make it any bigger?

18 MR. SOTO: Could you? Thanks.

19 MR. STEWART: There we go. Probably going to have
20 to read it in halves.

21 MR. SOTO: Thank you, Geoff. Thank you, your Honor.

22 BY MR. STEWART:

23 Q If we could, let's go to page 5. And what is page 5 of
24 the model?

25 A It's a continuation of the assumptions --

1 Q Okay.

2 A -- that are being used, the primary assumptions that are
3 being used in the model.

4 Q So the beginning of the model, we set forth what your
5 assumptions are?

6 A Yes.

7 Q Okay. Now let's go to page 6. And just for the
8 record -- I think we've seen this before -- what is page 6?

9 A Page 6 is the slightly updated baseline scenario that was
10 used for the disclosure statement projections. I think it
11 was around May 5th.

12 Q Okay. So this is an updated version of the forecast we
13 saw that had also been in the June 2013 documentation;
14 correct?

15 MR. WAGNER: Objection. Leading. I think in
16 general there's been too much leading.

17 THE COURT: I agree, and that objection is
18 sustained.

19 MR. STEWART: Okay.

20 BY MR. STEWART:

21 Q How does this relate to the pages we looked at, page 91
22 of Exhibit 33?

23 A 109 is the July 2nd update of the projections, and so we
24 would have updated it since May 5th for the items that we
25 knew we had changed because it was during this time frame

1 that there were a couple of settlements that were reached,
2 but on the baseline scenario, other than some changes that we
3 would have made for new information that we would have
4 received, majority of this would have essentially remained
5 the same or close to it.

6 Q What is the next page of the exhibit?

7 A Well, on this page of the exhibit we have tried to show
8 the restructuring scenario specifically before distributions
9 are made or could be made to unsecured creditors because what
10 we have done on this page is taken the operating revenues and
11 expenditures from the prior page, eliminated majority of
12 the -- eliminated the majority of the unsecured creditor
13 payments, included in here the reinvestment expenditures to
14 show what funds the city would have available for the next
15 ten years to make payments for its unsecured creditors.

16 Q Okay. Let's look at the next page. What is this page?

17 A Page 8 of 82 on Exhibit 4. I think it is a detailed
18 version of the pages we saw two pages prior, which was the
19 summary view of the baseline. This is a detailed view of the
20 baseline.

21 Q Okay. Let's now go to page 10. This says it's a general
22 fund department detail. What is a department detail?

23 A This is how we have built up the ten-year projections, so
24 it shows the detail of the summary view and the summary
25 detail view but now being broken down by department.

1 Q Let's go to the next page then. What is page 11?

2 A This is the summary of the budget department.

3 Q That's a department of the city?

4 A Yes.

5 Q And why is this page organized the way that it is
6 organized?

7 A Because all the pages after this on every single
8 department is organized the same way.

9 Q And how many such pages are there that go through the
10 department detail?

11 A Probably 50-plus.

12 Q Let's go to one in particular just so I can ask you about
13 it, which will be page 17 of 82. This is the detail for the
14 fire department.

15 MR. STEWART: And can we blow that up so it's easier
16 to see? Just blow up the left-hand half of it. Maybe
17 that'll be easier.

18 BY MR. STEWART:

19 Q So, Mr. Malhotra, I want you to walk us through how this
20 detail was done for, in this case, the fire department.

21 A So the information that is here on the left would have
22 been the information that we would have gotten first in the
23 raw data from the city by line item, and this would have
24 probably been only for the general fund because fire just has
25 the general fund essentially, and then we would have gone

1 through actually the details that broke up the licenses,
2 permits, and charges, and the same things for sales and
3 charges for services and then looked at each one of the
4 expense categories in terms of the salaries, the overtime,
5 what the pension allocation was, the basis for the fringe
6 benefits that were allocated to the fire department, so there
7 would be another layer down in terms of the detail. And
8 based on that, we would have actually developed the
9 projections on a headcount basis for the fire department.

10 Q What part of this sheet is purely historical information?

11 A The left part, 2008 through 2012.

12 Q Okay. So let's now expand the right side so we can see
13 some of the projected information. Now, Mr. Malhotra, how
14 did you go about projecting revenue and expense items as they
15 related to the fire department?

16 A Well, when it came to the revenues, the fire department
17 does not have a lot of revenues, so we would have looked at
18 the assumptions with respect to like the first line here
19 would have been the -- I believe it would be the inspection
20 charges, but they had generally been following a consistent
21 trend, and then based on discussions with management for any
22 specific initiative that was being undertaken to increase the
23 overall fees or the inspection charges, we would have
24 increased it and then left it flat over the forecast period
25 because there was not necessarily a plan in terms of how

1 those inspection charges would continue to go up.

2 Q Now -- go ahead. Have you finished?

3 A The second line, I think, is the sales and charges for
4 services, and those, again, would be EMS fees or charges that
5 could be generated by the fire department. And, again,
6 between 12.6 and the 14.9, we would have been specifically
7 highlighting any specific initiative based on discussions
8 with the management team that were being used or looking at
9 even what those charges were historically to come up with
10 what the 2014 number would be and also for keeping that flat
11 depending on the kind of revenue initiative it was. The
12 grant revenue was essentially the SAFER grant in which we
13 knew that the city has gotten the SAFER grant extended
14 through fiscal year '15 and '16, so we left that in but
15 dropped it '17, '18, and '19 in the baseline, but when you
16 will look below in the revenue initiatives that are not shown
17 on this page, we assumed that the grant would actually get
18 renewed for two more years, but we did not want to
19 incorporate that in the baseline that's shown down below in
20 terms of the reinvestment initiatives.

21 Q Then under "expenditures," just in a nutshell, tell us
22 how you went about coming up with the numbers that we see.

23 A So the biggest line item again, which is salaries and
24 wages, that would have been developed based on -- again, we
25 have schedules in the back -- based on the assumptions of the

1 actual headcount by department. We had that historically as
2 well as the most current state, and we would have used the
3 current assumptions of the headcount at the average salary
4 level that we had been provided for that particular
5 department and forecast that over the course of the time
6 frame. And, again, we would have based headcount assumptions
7 compared to what the headcount assumptions were a few months
8 ago because there had been an ongoing attrition, and so we
9 assumed in the baseline that the attrition would be replaced
10 in the projections.

11 Q Okay. Now, at the bottom of this page -- let's go to the
12 whole page once again. What do we have in the bottom couple
13 of lines?

14 A So those are the operational restructuring and
15 reinvestment initiatives, which was the information that was
16 given to us by Conway MacKenzie on a department-by-department
17 basis, but we ensured that there was -- that these
18 expenditures were reviewed, so there was not a double
19 counting of either a revenue or an expense between what was
20 in the baseline versus not.

21 Q Okay. And this was done for how many of the city's
22 departments?

23 A All the departments that impacted the general fund.

24 Q And if we could just flip to the next page and the page
25 after that, what sort of departments do we have here? That's

1 fire. What's the next one?

2 A Health and wellness.

3 Q Do you see it on your screen, Mr. Malhotra? It may be
4 easier to see it on the screen.

5 A Yes. The health and wellness department.

6 Q And after that? And let's do the next page after that.

7 A The human resources department.

8 Q Okay. And could we go on until we've gone through every
9 department in the city?

10 A Yes.

11 Q And where were these all compiled in this forecast?

12 A All of the information for the general fund came together
13 in the summary tab, which we had looked at earlier.

14 Q That's what? Page 6 and 7?

15 A Yes. Page 6 was the baseline view, which is where all of
16 the individual departments would add up to, and then page 7
17 was more for restructured view.

18 Q Now, let's look at Exhibit -- we can put that down.

19 Let's look at Exhibit 111, and if we can go back to page 4 of
20 11. What does page 4 do?

21 A Page 4 is -- shows the projected ten-year and forty-year
22 view of the city under the restructuring view scenario, which
23 shows what funds are available to pay unsecured claims over
24 the next ten, twenty, thirty, or forty years.

25 Q Okay. All right.

1 MR. STEWART: So now let's go back to Exhibit 111
2 and, in particular, to pages 5 and 6. Sorry. Let's make it
3 page 6 actually. Is that 6? I'm losing my eyesight. I'm
4 sorry. Make it 109, page -- that's the wrong page -- make it
5 page 109 -- sorry -- Exhibit 109, page 6, please, and let's
6 highlight, if we could, the left-hand column that has the --
7 all the way down, please. There we go. Thank you. Okay.

8 BY MR. STEWART:

9 Q So I think I've already asked you, Mr. Malhotra, about
10 the sources of some of the information you have here, and I
11 believe we talked about other revenues.

12 MR. STEWART: Could we put up, if we could --

13 BY MR. STEWART:

14 Q We have sales and charges for services. Do you see that?

15 A Yes, I do.

16 Q And also other revenues?

17 A Yes, I do.

18 Q Okay.

19 MR. STEWART: Let's put up --

20 BY MR. STEWART:

21 Q I'm going to ask you about the details of sales and
22 charges for services.

23 MR. STEWART: Let's put up demonstrative Exhibit
24 716. Okay.

25 BY MR. STEWART:

1 Q And, Mr. Malhotra, what I would like to do is ask you
2 what the detail is that is behind the line that says "sales
3 and charges for services." First of all, what is Exhibit
4 716?

5 A It shows the build-up of the sales and charges for
6 services by department.

7 Q Who prepared Exhibit 716?

8 A We did.

9 Q Okay.

10 MR. STEWART: Your Honor, I'd move the admission of
11 716 solely for purposes of being a demonstrative exhibit.

12 MR. SOTO: No objection, your Honor.

13 MR. STEWART: Could we --

14 THE COURT: It is admitted.

15 (City Exhibit 716 received at 11:35 a.m.)

16 MR. STEWART: Sorry. I'm never going to get this
17 right, your Honor.

18 BY MR. STEWART:

19 Q Mr. Malhotra, could you walk us through and tell us what
20 items of revenue there are that underlie the line that's
21 entitled "Sales and Charges for Services"?

22 A Yes. The main categories are by department. The first
23 one is nondepartmental in which you have probably three or
24 four main items that are captured in there, the first one
25 being the municipal service fee. The second main item that

1 is also captured in there is the overall reimbursements that
2 come from other departments for services that are provided by
3 the general fund, so it's almost a netting out of an expense
4 with a revenue. The PLD Department also has all of -- has
5 the costs or the revenues related to its customers, which are
6 continuing to show -- go down, which is as the grid is
7 transitioned to a third party provider, the PLD Department is
8 no longer going to be collecting revenues from those
9 particular customers. The fire department is, again -- this
10 specifically relates to predominantly the fees that are being
11 charged also by EMS. That is sort of built up in the fire
12 department. The 36th District Court as well, this is related
13 to the fees that are historically charged, so -- and we can
14 go down, but those are sort of the main components of the
15 sales and charges for services.

16 Q Okay. And then if we went back to Exhibit 109, there's
17 also this category entitled -- pardon me -- "Other Revenue."

18 MR. STEWART: Let's put up, if we could, Exhibit
19 717.

20 BY MR. STEWART:

21 Q Do you have Exhibit 717 before you, Mr. Malhotra?

22 A Yes, I do.

23 Q What is Exhibit 717?

24 A Exhibit 717 breaks down the other revenues into more
25 detail in terms of how we -- the items that we had included

1 in other revenues in the summary.

2 Q Who prepared Exhibit 717?

3 A We did.

4 MR. STEWART: Your Honor, I'd move its admission as
5 a demonstrative exhibit.

6 MR. SOTO: No objection, your Honor.

7 THE COURT: It is admitted.

8 (City Exhibit 717 received at 11:37 a.m.)

9 BY MR. STEWART:

10 Q Mr. Malhotra, could you walk us through what items
11 comprise the line entry that has been entitled "Other
12 Revenues"?

13 A The items there would be other taxes, which I believe is
14 an industrial facility tax; the parking and court fines,
15 which is predominantly parking tickets; grant revenue, which
16 would be related to the grant revenues in specific
17 departments such as the SAFER grant or the COPs grant. The
18 licenses and permits would be fees charged by the building
19 department and building permits and the inspections by even
20 the fire department. The revenue from use of assets would be
21 some rental income, some one-time asset sales. The general
22 fund reimbursements would be, again, predominantly
23 reimbursements coming from the Department of Transportation
24 for paying the self-insurance funds. The transfers in from
25 UTGO would be the component of property -- of tax collections

1 that were related to the UTGO millage. The department
2 revenue initiatives would be the operating initiatives by
3 department that would be shown on a department-by-department
4 basis that would be flowing into other revenue.

5 Q Let me ask you about the transfers in for the UTGOs. Why
6 is that treated as revenue?

7 A Because there is an incoming source that is coming in in
8 terms of the taxes that are collected and then a
9 corresponding transfer, though, to the debt service fund
10 under a baseline scenario initially, yes.

11 Q And then the department revenue initiatives, I believe
12 we've talked about those before. Are those existing revenues
13 or projected revenues?

14 A Those are projected revenues coming through the
15 reinvestment initiatives. We got that line from Conway
16 MacKenzie.

17 MR. STEWART: So let's go back to Exhibit 109 and to
18 the general fund summary that we were looking at there, and
19 let's expand the lower left-hand corner. Now, we're going to
20 want to go higher up to the expense part. See the -- yeah,
21 there we are.

22 BY MR. STEWART:

23 Q What was the source of your information for the items,
24 first of all, that are salaries, health benefits, and other
25 operating expenses?

1 A On a historical basis, it would be the city's information
2 that we got on a department-by-department basis of what
3 salaries and wages were allocated by fund by department.

4 Q Okay. Let me direct your attention. The top line says
5 "salaries over time and fringe"; correct?

6 A Yes.

7 Q And that's projected out for a number of years?

8 A That is correct.

9 Q What inflation assumption did you make with respect to
10 wage inflation over that term of years?

11 A With respect to wage inflation in the first few years, we
12 used the information that was at the time being discussed
13 with the different unions with respect to five percent up
14 front in terms of the wage increase, zero following, and then
15 it was about 2-1/2, 2-1/2, 2-1/2 after that. Beyond the
16 first five years, we used a two-percent wage inflation
17 assumption.

18 Q Do you know how that compared with the wage rate of
19 inflation Dr. Cline used in his projections of income taxes?

20 A The two percent should be similar.

21 Q Okay.

22 MR. STEWART: Now, if we go further down, under net
23 operating surplus, we have -- oops -- let's see. Go, if you
24 could, back to what we -- just stay with what we had
25 originally, if you could. Thank you. You got to go to the

1 next page. Let's go to the next page, if we could. And you
2 see the upper left-hand corner? Go further down. Oops.
3 There you go. Thank you.

4 BY MR. STEWART:

5 Q Under expenses we have a variety of expenses I wanted to
6 ask you about. Let's talk about the reinvestment. You have
7 OPEB payments for current and future retirees?

8 A That is correct.

9 Q Where did those -- where did those numbers come from?

10 A For the current retirees, we had the information based on
11 what the historical performance of the city was with respect
12 to payments for its existing plans as well as some of the
13 information we would have received from Milliman on the cost
14 of the plans on a per head basis.

15 Q Okay.

16 A And for future retirees, it was based on two percent of
17 healthcare -- two percent of wages for the nonuniform
18 employees, and for the uniform employees it was a million
19 dollar fixed payment for the forecast period.

20 Q Now, let's go, if we could, to the overall sheet, to the
21 overall page that we had, and as a result of your modeling
22 exercise that you've described to us, Mr. Malhotra, have you
23 reached an opinion looking at these pages of Exhibit 109 as
24 to the reasonableness of the city's projections of its
25 revenues and expenditures for the next ten years?

1 A Yes.

2 Q What is your opinion?

3 A My opinion is based on the assumptions here, the revenues
4 and expenditures appear to be reasonable as shown here until
5 the funds available for unsecured claims that the revenues
6 and expenses seem reasonable.

7 Q Let's now go -- pardon me -- if we could, to Exhibit 111
8 and, in particular, to page 4 of 9. I believe you looked at
9 this sheet before, Mr. Malhotra. As a result of the work you
10 did that you described to us, have you reached an opinion
11 about the reasonableness of the city's forecast of revenues
12 and expenditures for the 40-year period that's set forth on
13 page 4 of 9 of Exhibit 111?

14 A Yes.

15 Q What is your opinion?

16 A My opinion is that based on the assumptions we have here,
17 these revenues and expenses appear reasonable for 40 years in
18 terms of the line item up to the funds available for
19 unsecured claims.

20 Q Thank you. Now, more recently you updated your July
21 forecast just last week, did you not?

22 A That is correct.

23 Q Let's put up -- and tell us why you updated the July
24 forecast.

25 A The primary change for that was the Syncora settlement.

1 It is why we updated the projections recently, and there were
2 some other small changes as well.

3 MR. STEWART: Let's put up Exhibit 733, please.

4 BY MR. STEWART:

5 Q What is Exhibit 733?

6 A 733 is the ten-year projections that were prepared last
7 week.

8 Q And who prepared Exhibit 733?

9 A We did in conjunction with the other advisors and the
10 city.

11 Q What was Exhibit 733 based upon?

12 A It was the same information that we had in the prior
13 versions other than an update for the Syncora settlement as
14 well as some of the timing changes based on the updated
15 information we have.

16 MR. STEWART: Your Honor, I'd move the admission of
17 Exhibit 733.

18 MR. SOTO: No objections, your Honor.

19 MR. STEWART: Let's put up 734 if we could. Your
20 Honor, I'm never going to get this right. I mean I just give
21 up. I think you should imprison me or something. I've now
22 messed this up, I think, seven times.

23 THE COURT: It is admitted.

24 (City Exhibit 733 received at 11:45 a.m.)

25 MR. STEWART: I apologize. Let's put up --

1 BY MR. STEWART:

2 Q Exhibit 734, Mr. Malhotra, is front of you. Can you tell
3 us what is Exhibit 734?

4 A 734 is the 40-year projections that were prepared last
5 week.

6 Q And why was there an update as of last week of the 40-
7 year projections?

8 A It was to reflect the -- primarily the Syncora
9 settlement, and there were other -- some small changes from a
10 timing standpoint.

11 Q What's the relationship between the recent update for the
12 40-year projections and what we saw back in July?

13 A It's the -- essentially the same data. It's just been
14 updated for the settlement and the timing of the changes.

15 Q Do these documents also exist in native format?

16 A Yes.

17 MR. STEWART: Do we have those loaded? If not, we
18 can do it after the break.

19 BY MR. STEWART:

20 Q While we're waiting for that to happen, let me ask you
21 this. Are you familiar with something in analytics called a
22 bridge?

23 A Yes.

24 Q What is a bridge?

25 A It helps compare, in my view, the previous set of

1 projections to the current set of projections.

2 Q Did you prepare a bridge to span the change from the July
3 projections to the September projections?

4 A Yes.

5 MR. STEWART: Let's put up Exhibit -- I'm sorry.
6 Let's go to page 11 of this exhibit.

7 BY MR. STEWART:

8 Q What is page 11 of our exhibit?

9 A Page 11 shows the annual changes over the next ten years
10 and forty years of the changes that were made to the July 2nd
11 projections to the most recent projections.

12 MR. STEWART: Your Honor, I'm wondering if I
13 remembered to move into evidence Exhibit 734. I'm not sure
14 that I did.

15 MR. SOTO: Your Honor, our only point on Exhibit
16 734, the witness said there were some minor -- I think he
17 called them changes. Could he describe what it is so we can
18 find them or see them? I don't have a problem with it,
19 but --

20 MR. STEWART: I'm doing it right now.

21 MR. SOTO: Is that what you're doing? Okay. Then
22 no objection, your Honor.

23 THE COURT: All right. It is admitted.

24 (City Exhibit 734 received at 11:48 a.m.)

25 BY MR. STEWART:

1 Q All right. So let's focus, if we could, on page 11 of
2 14. Please tell us how this page connects the July forecast
3 to the September forecast.

4 A So each one of these sections are highlighting the
5 changes that have been made since the July projections, so
6 the first section is the financing changes.

7 MR. STEWART: Let's blow up that left side of this
8 so we can see those all the way down. There you go. Thank
9 you.

10 BY MR. STEWART:

11 Q So please tell us what the changes were.

12 A The first section shows the financing changes in terms of
13 the assumptions on the quality of life borrowings and amount
14 of exit financing. The next section shows the changes in
15 terms of the Syncora settlement as well as other items that
16 were related to Syncora. The next section showed the 36th
17 District Court settlement, and the fourth section showed the
18 changes in terms of the timing of when the quality of life
19 proceeds were being drawn and when the expenditures were
20 made. And there's also a slight change in the contingency
21 amount based on the new borrowing. The blight timing was
22 updated. There was amount included for a draw from the
23 state-controlled escrow as well as the professional fees were
24 updated based on the latest information we had, and the
25 overall reinvestment deferrals were also updated.

1 Q Okay.

2 MR. STEWART: Let's go back to the full view, if we
3 could, again, Tom.

4 BY MR. STEWART:

5 Q And so what do these numbers mean as they're scheduled
6 across the columns of this page?

7 A The first line shows a negative number in '15 and '16
8 which essentially represents that the city is borrowing less
9 cash. The initial assumption in July was that the city would
10 borrow \$300 million in exit financing whereas the latest
11 assumption that the -- that we are using is the city will
12 only borrow \$275 million of exit financing. The line below
13 just shows the changes in the assumptions with respect to the
14 principal and interest payments for the exit financing based
15 on the latest information we had from Miller Buckfire. The
16 POC settlements show for note C the Syncora portion of note
17 C, which is a payment of roughly \$2.4 million a year for 12
18 years. There were some nonbankruptcy settlement items, which
19 was about a \$5 million cash payment, as well as the extension
20 of a tunnel lease or foregone rent from the tunnel until a
21 period of time in which it capped out at about \$8 million.
22 We also updated for increased other fund reimbursements and
23 increased DWSD revenue stream to allocate the increased cost
24 of the Syncora settlement to DWSD and the other funds because
25 they typically have about 11-1/2 percent allocation of the

1 POCs. The 36th District Court settlement was based on what's
2 in the plan with respect to the settlement of claims. It's
3 about \$2 million over the next five years. The contingency
4 was just changed to reflect the one-percent amount based on
5 updated revenues. Quality of life proceeds, in July we had
6 still assumed that we would have borrowed 52-1/2 million in
7 2014, which we did not, so we pushed it forward to 2015.
8 Also, the timing of certain expenditures that were
9 incorporated through fiscal year '14 of 131.2 million were
10 forecasted to be made in the following year in terms of when
11 the cash is really going to go out. Blight timing in terms
12 of where the city was, instead of \$100 million expense in
13 2015, it was taken down to 80, so this reflected the \$20
14 million variance for 2015 that would subsequently get caught
15 up over the following four years. We also had now shown the
16 full draw of the available escrow proceeds. While the city
17 has to continue to reserve for some self-insurance reasons,
18 there is -- the remaining balance in the escrow proceeds was
19 assumed to be drawn. We also did on an advisor-by-advisor
20 basis analysis of the invoices that the city has been
21 receiving and updated the estimate of the professional fees
22 through the end of December 2015 based on the information we
23 had from the various professionals. And then we had -- we
24 changed some of the reinvestment deferrals so increased a
25 portion of the deferrals in '16 and '17 cumulatively between

1 2017 of about 25-plus million dollars and then caught those
2 up in the subsequent years in the forecast period, so there
3 was a timing change in terms of how the reinvestments were
4 being spread.

5 Q Let me ask about the professional fees. Those increased
6 between your July forecast and your September forecast by \$52
7 million?

8 A That is correct.

9 Q How did that happen?

10 A We asked for all the professionals to give us their
11 estimates, and we wanted to -- we included them in the
12 forecast.

13 Q And who are the professionals we're talking about whose
14 projections or invoices are combined in that line,
15 "additional professional fees"?

16 A It is a combination of the city's advisors, which
17 includes the financial and the legal advisors, as well as the
18 Retiree Committee's advisors and the other advisors the city
19 has been using in this process. It included some estimates
20 through December.

21 Q Is there a detail on this document or another document
22 that sets -- that breaks that down by advisor?

23 A Yes. We have the information by advisor. It's not -- I
24 don't think it's in this document, but we have the supporting
25 schedules that break down all of the variances.

1 Q Okay. All right. So now you've told us about --

2 THE COURT: Excuse me. Do you have that here?

3 THE WITNESS: I don't have it here, but I can get it
4 over the break, but I do have it, yes, your Honor.

5 THE COURT: Please.

6 BY MR. STEWART:

7 Q Now, you've described for us, Mr. Malhotra, this bridge,
8 and so if you take all these numbers, how do they connect the
9 two forecasts?

10 A If you take the July forecast, you incorporate these
11 changes, you will get to the September forecast.

12 Q Okay. Now, we've looked at the general fund summary
13 before. It has all sorts of lines. Why are there so few
14 lines, relatively speaking, on the bridge compared on the --
15 to the general fund summary?

16 A Because these are the only line items that changed.

17 Q Okay. Now, let's go, if we could, to page 10 of this
18 exhibit. What is page 10 of the exhibit?

19 A Page 10 of this exhibit is the 40-year bridge, which is a
20 summary view of the bridge that we were just looking at in
21 detail, and it just breaks down the financing charges
22 changes, the impact of the Syncora settlement plus some of
23 the other impacts from the nonbankruptcy changes with
24 Syncora, but it's just a summary view of what we were just
25 looking at, the detail view over 40 years.

1 Q And how does it connect the July 40-year forecast to the
2 September 40-year forecast?

3 A The detail line items would be the only changes that
4 would have been made since the July forecast.

5 Q Okay. Let's, if we could, now go to Exhibit 733. Okay.
6 And this is the ten-year; correct?

7 A That is correct.

8 Q Exhibit 109 was the ten-year forecast for the -- in July,
9 and, of course, this the one in September. What differences
10 are there in the format of these two forecasts?

11 A The September forecast on Exhibit 733 is about 113 pages.
12 The July projections for the ten-year were about 82 pages.
13 The first -- the format of the first 82 pages is essentially
14 identical, but in these projections we have included just a
15 different way of looking at the numbers, so none of the
16 numbers have essentially changed, but we recut the ten-year
17 projections as well based on input that we were receiving as
18 to a more -- a simpler view of looking at the department
19 budgets post-restructuring.

20 Q Okay. And where does that simpler view begin?

21 A It should be on page 83 of this.

22 MR. STEWART: Let's go, if we could, to page 83.

23 Back up to page 82 actually first.

24 BY MR. STEWART:

25 Q So these are Appendices E to F?

1 A Yes.

2 Q Okay. So what is it that begins on page 83?

3 A So what page 83 does is it's, again, a summary view of
4 the general fund, revenues and expenditures, in which all of
5 the restructuring revenue initiatives, restructuring expenses
6 have been flown -- have been followed through by department,
7 so this is a sum of a department view again, but unlike the
8 restructuring initiatives or expenditures or revenues being
9 broken out separately or just using the historical
10 nonrestructured legacy liabilities, what we have tried to do
11 here is to show a more simplistic view of the general fund,
12 probably a more realistic view as to how the financial
13 information will come about post-restructure.

14 Q Does this analysis have a name?

15 A It's a post-restructuring view.

16 Q Have you heard the phrase used "the mayor's view"?

17 A Yes. At times we have referred to this format and
18 another format as the mayor's view because it is a better
19 format to kind of look at the overall picture.

20 Q Did the mayor ask for it to be done this way?

21 A No, not directly. We did it.

22 Q What conversations did you have with the Court's expert,
23 Ms. Kopacz, about preparing a different view to set forth the
24 data in the way you've just described to us?

25 A I mentioned to the Court's expert that this is another

1 way that we are looking at it, you know, based on some of the
2 comments that we had also read through in the report as to
3 how to make this more user friendly since we've been looking
4 at it over the evolution for the last couple of years as to
5 how to sort of make this a much more effective document going
6 forward. I'm sure there will be some more changes to the
7 format, but this is along the lines of making it more user
8 friendly going forward.

9 Q Does this view also have department-by-department
10 breakdowns?

11 A It does.

12 Q Let's go to the one for the fire department, if we could.

13 THE COURT: Actually, before we do that, let's stop
14 now for lunch.

15 MR. STEWART: Your Honor, in three minutes I can
16 wrap up this whole section --

17 THE COURT: Oh, all right. Go for it.

18 MR. STEWART: -- because it's just one page and then
19 two questions, and then we --

20 THE COURT: Okay.

21 MR. STEWART: -- move on to something perhaps more
22 interesting.

23 MR. SOTO: I don't believe it.

24 BY MR. STEWART:

25 Q Do you have the fire department before you, Mr. Malhotra?

1 A Yes, I do.

2 Q How does this compare to the sheet we looked at earlier
3 in the other view for the fire department?

4 A It should be very similar in terms of the line items, but
5 the sales and charges for services, like, for instance, in
6 2015 would be a summation of what was in the baseline plus
7 the revenue initiatives below the line that were highlighted
8 would now be captured together.

9 Q Okay. You've heard of the -- pardon me -- the phrase
10 "harmonization"?

11 A Yes.

12 Q What is harmonization?

13 A It's syncing up essentially of two different files'
14 formats.

15 Q Okay. What role does this part of the exhibit play in
16 the process of harmonization between the forecast of Ernst &
17 Young and the budgeting process of the city?

18 A I think it's the first couple of steps because 2015 is
19 going to be a transition year for the budget department as
20 well as as we continue to look at the projections, but this
21 is along the road of trying to harmonize the budget
22 department, but like I said, there will still continue to be
23 some changes the way the budget department creates the
24 budget, but this will definitely go -- be sort of the first
25 step of that harmonization process.

1 MR. STEWART: Thank you. Your Honor, if this is a
2 good time to break, this would be an appropriate time for me,
3 too.

4 THE COURT: Okay. We'll be in recess until 1:30,
5 please.

6 THE CLERK: All rise. Court is in recess.

7 (Recess at 12:03 p.m., until 1:30 p.m.)

8 THE CLERK: All rise. Court is back in session.
9 You may be seated. Recalling Case Number 13-53846, City of
10 Detroit, Michigan.

11 THE COURT: You may proceed.

12 MR. STEWART: Thank you, your Honor. Your Honor,
13 may I approach the bench, please?

14 THE COURT: Yes.

15 MR. STEWART: And may I also approach the witness?

16 THE COURT: Yes.

17 BY MR. STEWART:

18 Q Mr. Malhotra -- for the record, Geoffrey Stewart, Jones
19 Day, for the city. Mr. Malhotra, I placed before you a
20 document marked as Exhibit 767. Could you tell the Court
21 what Exhibit 767 is?

22 A This exhibit shows the breakdown of professional fees by
23 advisor for fiscal year '14 and the estimates through fiscal
24 year '15 and then the total column for professional fees by
25 advisor and also the breakdown of the variance that we had

1 spoken about earlier.

2 Q Is this a detail of fees that you testified to before the
3 lunch break?

4 A Yes, the variance of the professional fees by advisor.
5 That is correct.

6 Q Okay. And the detail that Judge Rhodes asked you to
7 prepare and bring to Court this afternoon?

8 A That is correct.

9 MR. STEWART: Your Honor, I'd move the admission of
10 Exhibit 767.

11 THE COURT: Any objections?

12 MR. WAGNER: No objection, your Honor.

13 MR. SOTO: No objection.

14 THE COURT: It is admitted.

15 (City Exhibit 767 received at 1:32 p.m.)

16 MR. STEWART: I also wanted to go back to some other
17 exhibits we spoke of this morning and move their admission.
18 Could we first put up Exhibit 757?

19 BY MR. STEWART:

20 Q Mr. Malhotra, do you see exhibit 757 on your screen?

21 A I do.

22 Q Could you tell us what Exhibit 757 is?

23 A 757 looks like the ten-year projections. I'm just trying
24 to see which version they would be.

25 Q I'm sorry.

1 A I'm just trying to figure out which version they would
2 be.

3 Q Perhaps at the bottom there would be a time or a date
4 shown on the first page.

5 A I would be able to tell if you could please go to the e-
6 summary tab. If you scroll to the bottom right, please.
7 These appear to be the September projections of the ten
8 years.

9 Q In native format?

10 A That is correct.

11 MR. STEWART: Your Honor, I'd move the admission of
12 Exhibit 757.

13 THE COURT: Any objections?

14 MR. SOTO: No objection, your Honor. I would note
15 for the record that he couldn't tell what it was from just
16 the front page.

17 THE COURT: I noticed. Okay. 757 is admitted.

18 (City Exhibit 757 received at 1:33 p.m.)

19 MR. STEWART: Let's put up 758.

20 BY MR. STEWART:

21 Q Could you tell -- if you'd like, go to the second or
22 third page of 758. Can you tell us, Mr. Malhotra, what is
23 Exhibit 758?

24 A 758 is the post-restructuring scenario which we spoke
25 about earlier from pages 83 onwards, which is a recut of the

1 ten-year financials under a different format.

2 Q Did you prepare 758?

3 A Yes.

4 MR. STEWART: Your Honor, I'd move the admission of
5 758.

6 MR. SOTO: No objection, your Honor.

7 THE COURT: It is admitted.

8 (City Exhibit 758 received at 1:34 p.m.)

9 MR. STEWART: Let's look up 759, please, 759.

10 BY MR. STEWART:

11 Q Mr. Malhotra, do you have Exhibit 759 before you?

12 A I do.

13 Q What is Exhibit 759?

14 A 759 should be the 40-year projections and should be the
15 September version, but I can just confirm if you go to the
16 40-year tab. Yeah. I believe these are the September
17 projections.

18 MR. STEWART: Your Honor, I'd move the admission of
19 Exhibit 759.

20 MR. SOTO: No objection, your Honor.

21 THE COURT: It is admitted.

22 (City Exhibit 759 received at 1:35 p.m.)

23 THE COURT: I meant to announce at the beginning of
24 court here after lunch that the mediator did recommend
25 adjourning tomorrow's proceedings relating to the UAW claim,

1 so the Court will agree to do that. Do you have a new date
2 in mind for that?

3 MR. HERTZBERG: We hadn't discussed a date, and what
4 I suggest is let's see how it goes tomorrow, and then I can
5 talk to the other side about slotting in a date and come back
6 to you.

7 THE COURT: I do want a date.

8 MR. HERTZBERG: Okay.

9 THE COURT: I don't want to leave it open.

10 MR. HERTZBERG: I'll take good care of it, your
11 Honor.

12 THE COURT: Before you leave the lectern, Mr.
13 Hertzberg -- and I don't know if you're the right person to
14 talk to about this, but we had an inquiry this morning from
15 Mr. Flynn on behalf of the Detroit Fire Fighters Association.
16 They were also scheduled for their issues tomorrow, and he
17 was asking about whether and how that was going to proceed.
18 Is that your issue or someone else's?

19 MR. HERTZBERG: I'm not aware of that issue, your
20 Honor. Let me check over here. Your Honor, could I suggest
21 that Mr. Flynn check with Heather Lennox? And we can track
22 it down, and then we can come back and report to you.

23 THE COURT: Okay. I will do that, but I will ask
24 you to try to communicate to Ms. Lennox to reach out to Mr.
25 Flynn also.

1 MR. HERTZBERG: I will, your Honor.

2 THE COURT: All right.

3 MR. STEWART: Your Honor, I'm sorry if I jumped the
4 gun even after the lunch break, but I have a note to myself
5 now stuck on the lectern which says "wait."

6 THE COURT: Always good advice.

7 BY MR. STEWART:

8 Q So, Mr. Malhotra, let me -- let's move on to a new area.
9 You understand that the city has settled with the claims of
10 some of its creditors?

11 A Yes.

12 Q What is the extent of your knowledge of those
13 settlements?

14 A It's pretty extensive.

15 Q And do you understand the city proposes to issue
16 securities as part of some of those settlements?

17 A Yes.

18 MR. STEWART: Let's put up Exhibit 728.

19 BY MR. STEWART:

20 Q Do you see Exhibit 728 before you, Mr. Malhotra?

21 A I do.

22 Q What is Exhibit 728?

23 A Exhibit 728 highlights the new notes that are going to be
24 issued as a part of the overall restructuring in order to
25 settle the claims of various classes.

1 Q Who prepared Exhibit 728?

2 A It was our team along with the Jones Day team.

3 MR. STEWART: Your Honor, I'd move the admission of
4 728 as a demonstrative exhibit.

5 THE COURT: Any objections?

6 MR. SOTO: No objection as a demonstrative.

7 THE COURT: It is admitted.

8 (City Exhibit 728 received at 1:38 p.m.)

9 BY MR. STEWART:

10 Q Mr. Malhotra, let's go, if we could, through the exhibit,
11 and at the top there's something called restructured UTGO
12 notes. Please tell us what those are.

13 A Those are the restructured unlimited tax general
14 obligation notes that will be issued in \$288 million in face
15 value and would be paid off over 14 years at various interest
16 rates by tranche, but essentially these notes are going to be
17 paid off over the same time frame and at the same interest
18 rate as the original UTGO notes.

19 Q So what about them has been restructured?

20 A The face value and the claim amount compared to the claim
21 amount.

22 Q And do you know what the original face value of the UTGO
23 claims was?

24 A The claim amount is about 388 million.

25 Q What's the next line?

1 A New LTGO bonds.

2 Q And what are those for?

3 A Those are new limited tax general obligation bonds that
4 are being issued by the city in order to settle the LTGO --
5 settle with the LTGO class, but the city does have the option
6 to pay off the entire amount in cash at emergence.

7 Q And please tell us about the face value and other terms
8 of the new LTGO bonds.

9 A The bonds would be \$55 million in face value payable over
10 23 years at an interest rate of 5.65 percent if the city does
11 not pay the -- those notes off earlier in its entirety in
12 cash.

13 Q And who will be the holders of these new notes?

14 A They would be the LTGO bondholders.

15 Q Okay. Now, below that is something called the new B
16 notes. What are the new B notes?

17 A The new B notes are new notes that are being issued as a
18 part of the plan for reaching settlement with the classes of
19 the LTGOs, the OPEBs, as well as a portion of the COPs and
20 other unsecured creditors. They would be \$632 million of
21 notes payable over 30 years at an interest rate of four
22 percent for the first 20 years and six percent for the last
23 decade, and they're going to be interest only for the first
24 ten years.

25 Q And you told us who the holders would be of the B notes?

1 A Yes. It would be a combination of the classes for OPEB,
2 LTGOs, the COPs, notes, and the other unsecured creditors.

3 Q Now, have you heard of something called a COPs reserve?

4 A Yes.

5 Q What is the COPs reserve?

6 A The COPs reserve is the -- it's a portion of the B notes
7 that was set aside in connection with the COPs litigation.

8 MR. STEWART: Let's put up demonstrative Exhibit
9 751, please.

10 BY MR. STEWART:

11 Q Do you see Exhibit 751 before you, Mr. Malhotra?

12 A I do.

13 Q Who prepared 751?

14 A We did along with the Jones Day team.

15 Q And what does 751 purport to depict?

16 A It breaks down the overall B notes of \$632 million into
17 as to how they get allocated between the different classes.

18 MR. STEWART: I'd move the admission of
19 demonstrative Exhibit 751, your Honor, but only as a
20 demonstrative.

21 MR. SOTO: No objection, your Honor.

22 THE COURT: It is admitted.

23 (City Exhibit 751 received at 1:42 p.m.)

24 BY MR. STEWART:

25 Q Mr. Malhotra, on the left-hand side we see a pie chart;

1 correct?

2 A That is correct.

3 Q What part of the pie chart represents the COPs reserve?

4 A The \$162 million.

5 Q And then there is a segment to the right, a bar chart, I
6 guess. Why is that there?

7 A That was there to illustrate as to depending on how the
8 COPs litigation plays out, how the COPs reserve would get
9 allocated between the OPEB class, the LTGOs, and the other
10 unsecured creditors.

11 Q Now, you mentioned the COPs litigation. What are you
12 referring to?

13 A There's ongoing litigation in terms of the validity of
14 the COPs.

15 Q And does that litigation affect the -- or how, if at all,
16 does that litigation affect the COPs reserve?

17 A Well, if the litigation -- from my understanding, if the
18 litigation goes in favor of the city, the \$162 million of
19 COPs reserve would be broken out pretty much between the
20 OPEB, the LTGOs, and the other unsecured creditors for the
21 most part.

22 Q And if it goes against the city, how does it get broken
23 up?

24 A If it goes against the city, the city would be reserving
25 that \$162 million of the B notes for the COPs holders.

1 Q Okay. Let's go back to Exhibit 728 now.

2 MR. SOTO: Excuse me, your Honor. Just to clarify
3 something in that last one, is that -- if you'd go back to
4 the last one --

5 MR. STEWART: Yeah.

6 MR. SOTO: It says sixth amended plan. Is that
7 what's intended there?

8 MR. STEWART: Let me ask.

9 BY MR. STEWART:

10 Q Mr. Malhotra, this says sixth amended plan, does it not?

11 A Yes, it does.

12 Q Do you know why it says sixth amended plan?

13 A This chart did not reflect on this particular page the
14 component of the COPs reserve that gets crystallized for
15 Syncora as a part of the seventh amended plan, so that
16 portion would change to reflect the Syncora settlement.

17 Q This is how things stood before there was a Syncora
18 settlement?

19 A That is correct.

20 Q Now, if we could go back to 728. Right. We're back to
21 728, and there's a category called new C notes. What are the
22 new C notes?

23 A The new C notes are new notes that are being issued for
24 Syncora in a face value of \$21 million that would be payable
25 over 12 years at an interest rate of five percent, so it's

1 approximately \$2.4 million a year.

2 Q Is there a particular stream of revenue that is pledged
3 to service the new C notes?

4 A I don't know if there's a revenue item that's
5 particularly pledged, but it is tied into some parking, but I
6 don't know if the parking revenue is pledged.

7 Q So let's look at the balance of 728. In the lower left-
8 hand corner we have a pie chart that says face value. What
9 is that intended to reflect?

10 A That reflects all the new notes that are going to be
11 issued under the plan.

12 Q And to the right there is a bar chart that says "debt
13 service." What is debt service intended to depict here?

14 A It shows the cost of servicing the new notes that are
15 being issued over the next approximately 40 years.

16 Q Okay. So could you walk us through the bar chart and
17 show us -- the bars are segmented by color, are they not?

18 A Yes.

19 Q If you could please walk us through the chart to show us
20 how the debt service depiction works here.

21 A So the first column or the first decade really from 2014
22 to 2023, lion's share of that debt service is the UTGO bonds
23 because, as I mentioned earlier, they're getting -- going to
24 get repaid over 14 years consistent with their original
25 repayment schedule, so the yellow gets -- UTGO bonds get paid

1 off in the first decade, and then there's a sliver in the
2 second decade. The second component is the LTGO bonds, which
3 is in purple, and in the assumptions that we have in the
4 projections, the city is assuming that the \$55 million will
5 be paid off in cash at emergence versus being paid off over
6 23 years, which is why that is only in the first stack chart.
7 The third section, which is the section in orange, represents
8 the servicing of the B notes, and the reason that is smaller
9 in the first ten years compared to the next two columns is
10 because that -- the new B notes are interest only for the
11 first ten years, and the last sliver is the new C notes,
12 which are getting paid off over 12 years, which is why we
13 have the stack in the first column and a small amount in the
14 second decade.

15 Q And then starting in year 2034 and thereafter, what
16 notes, if any, are still being serviced?

17 A At '34 and onwards it's only the new B notes that are
18 being serviced.

19 Q Okay. All right.

20 MR. STEWART: Thank you. You can take that down.

21 BY MR. STEWART:

22 Q Now, I think I've asked you about settlements the city
23 has reached with creditors, and let me go through them now.

24 MR. STEWART: Let's put up Exhibit 718.

25 BY MR. STEWART:

1 Q Do you see demonstrative Exhibit 718, Mr. Malhotra?

2 A Yes, I do.

3 Q Who prepared this exhibit?

4 A We did along with the Jones Day team.

5 Q And very briefly, what is it? What does it purport to
6 depict?

7 A It shows a summary of the settlement of the Class 7
8 claims and also shows what the claims actually were.

9 Q And do I understand correctly Class 7 claims are the LTGO
10 claims, the LTGO claims?

11 A Yes.

12 Q Please walk us through this, the terms of the settlement.

13 A So as a part of the settlement, the LTGO class is going
14 to get new LTGO bonds.

15 Q Actually, stop.

16 MR. STEWART: Your Honor, I move into evidence as a
17 demonstrative exhibit Exhibit 718.

18 MR. SOTO: No objection, your Honor.

19 BY MR. STEWART:

20 Q Sorry I interrupted you, Mr. Malhotra.

21 THE COURT: It is admitted.

22 (City Exhibit 718 received at 1:49 p.m.)

23 BY MR. STEWART:

24 Q Now, could you walk us through Exhibit 718?

25 A Yes. The settlement on -- with Class 7 is essentially to

1 settle the claims of the LTGO bondholders on the series that
2 are listed here. As a part of the settlement, the class is
3 going to get new LTGO bonds in the amount of \$55 million. In
4 addition, as a part of the settlement with Syncora, there is
5 a portion of the COPs reserve that now -- that was initially
6 being attributable to the LTGO notes that gets crystallized
7 and is given, and the LTGO class is given new B notes. So
8 essentially it's \$55 million of new LTGO bonds and \$4.2
9 million of B notes assuming a Syncora settlement in exchange
10 for \$164 million of claims. The interest is 5.65 percent on
11 the new LTGO bonds, and it is four to six percent on the B
12 notes, as I mentioned earlier, with a maturity of 23 years
13 for the new LTGO bonds and 30 years on the B notes. However,
14 the city is going to in its current assumptions pay the \$55
15 million with the exit financing in settlement of the new --
16 with the LTGO class.

17 Q Now, in the lower right-hand corner is a circle that says
18 "recovery illustrative." Could you tell me what that is?

19 A That shows under a five-percent discount rate what sort
20 of recovery is generated in the -- as a part of the
21 settlement against the claims of Class 7.

22 MR. STEWART: Let's put up Exhibit 719, please.

23 BY MR. STEWART:

24 Q Mr. Malhotra, do you see Exhibit 719 before you?

25 A Yes, I do.

1 Q Who prepared Exhibit 719?

2 A We did with the Jones Day team.

3 Q What does this represent?

4 A This represents the settlement with Class 8, the
5 unlimited tax GO bonds claims in which the existing claim is
6 being restructured as new -- as restructured UTGO bonds.

7 Q Let me stop you there so I can move the admission of our
8 exhibit.

9 MR. STEWART: Your Honor, I'd move the admission of
10 Exhibit 719 as a demonstrative exhibit.

11 MR. SOTO: No objection, your Honor, as a
12 demonstrative.

13 MR. WAGNER: No objection.

14 THE COURT: It is admitted.

15 (City Exhibit 719 received at 1:52 p.m.)

16 BY MR. STEWART:

17 Q Please continue, Mr. Malhotra.

18 A The face value of the new notes is -- of the new
19 restructured UTGO bonds is going to be \$288 million, and the
20 interest rate and the maturity of the these bonds will be the
21 same as it was as the original UTGO bonds. They will be paid
22 over the course of approximately 14 years consistent with the
23 way they were being scheduled to be paid off earlier, and
24 there is a portion of stub UTGO bonds that is reinstated, but
25 that's not a part of the settlement, but the overall

1 settlement of the UTGO bonds is the \$288 million.

2 Q What happens to the stub UTGO bonds that have been
3 reinstated?

4 A The stub UTGO bonds that are reinstated are broken down
5 into two components. They, too, will be being paid
6 consistent with the collections from the UTGO tax millage.
7 The 20 million of those bonds will be paid into the income
8 stabilization fund, and approximately \$23 million will be
9 paid into the General Retirement System.

10 Q What is the income stabilization fund?

11 A It's a fund that has been established to assist those
12 retirees whose pension does get cut and who are below certain
13 income threshold levels in order to provide assistance to get
14 their income back to either the level it was pre-cut or back
15 to a threshold level.

16 Q Now, once again, in the lower right-hand corner we have a
17 circle speaking of recoveries. What is that?

18 A That shows the illustrative recovery using a five-percent
19 discount rate.

20 Q And what is the recovery?

21 A Seventy-four percent.

22 Q Seventy-four percent of what?

23 A Of their claim.

24 MR. STEWART: Let's put up 737 now.

25 BY MR. STEWART:

1 Q Mr. Malhotra, you have Exhibit 737 before you. Who
2 prepared this exhibit?

3 A We did along with the input from the Jones Day team.

4 Q And what does it represent?

5 A It represents the settlement with Syncora of Class -- of
6 part of Class 9.

7 MR. STEWART: Your Honor, I would move the admission
8 of Exhibit 737 as a demonstrative exhibit.

9 MR. SOTO: No objection, your Honor.

10 THE COURT: It is admitted.

11 (City Exhibit 737 received at 1:55 p.m.)

12 BY MR. STEWART:

13 Q If you could, Mr. Malhotra, please walk us through
14 Exhibit 737 and what it depicts.

15 A It shows that the settlement with Syncora is -- in
16 exchange for their claim is going to be -- take the form of
17 new B notes in the amount of \$23-1/2 million, which would
18 essentially be coming out of the COPs reserve and at an
19 interest rate of four to six percent and payable over 30
20 years consistent with the overall B notes. In addition,
21 Syncora will be getting new C notes in the face value of
22 \$21.3 million at a five-percent interest rate payable over 12
23 years. In addition, Syncora will also receive as a part of
24 the bankruptcy settlement credits in the nominal amount of
25 \$6.3 million.

1 Q Credits to do what?

2 A My understanding is it's credits that can be used in
3 terms of purchases of real estate down the road.

4 Q Okay. And then what's the illustrative recovery for
5 Syncora?

6 A The illustrative recovery including the \$6.3 million of
7 credits, assuming those are at par, was 13 percent.

8 Q Okay. Now, you had mentioned that when it came to the B
9 notes, the 23.5 million came from the COPs reserve.

10 A That is correct.

11 MR. STEWART: Let's put up, if we could, Exhibit
12 727.

13 BY MR. STEWART:

14 Q Could you tell me, first of all, what is Exhibit 727?

15 A 727 shows the breakdown of the new B note -- of the B
16 notes of \$632 million and who the holders of those B notes
17 will be.

18 Q Okay. Now, in the pie chart on the left a segment has
19 been pulled out. What does that segment represent?

20 A On the left that segment represents the original COPs
21 reserve is the one that is in brackets.

22 Q Okay. And then the -- that's the COPs reserve, but it's
23 been subdivided now. Can you tell me why it has been
24 subdivided?

25 A It's been subdivided because there's a portion of the

1 COPS -- original COPS reserve in the amount of \$24 million
2 that's going to now become B notes for Syncora. That
3 remainder of the COPS reserve that was initially reserved for
4 Syncora in the amount of \$15 million is now split between the
5 OPEB and LTGO classes, so the \$15 million is broken down
6 between OPEB and LTGOs. Syncora gets its \$24 million, and
7 \$123 million remains in the COPS reserve.

8 Q How does this splitting of the \$15 million differ from
9 the original allocation of the COPS reserve among OPEB, LTGO
10 and the other unsecured creditors?

11 A I believe it is higher. The split of the \$15 million is
12 higher in favor of the OPEB and the LTGOs compared to the
13 previous split.

14 Q Now, the purple segment of our chart says 123 million.
15 What does that represent?

16 A That represents the remaining COPS reserve.

17 Q And who are the claimants, to your understanding, on the
18 remaining part of the COPS reserve?

19 A My understanding is it's in litigation, and it's with
20 FGIC.

21 Q So FGIC seeks it, but if FGIC doesn't get it, it goes to
22 these other people?

23 A That is my understanding.

24 Q Now, before we move from Class 9, let's go back, by the
25 way, to -- let's just leave it here. You understand, do you

1 not, that under the plan FGIC is also put into Class 9?

2 A That is correct.

3 Q What is the status, if any, to your knowledge, to the
4 extent you're free to disclose it, of FGIC's possible
5 settlement with the city?

6 A My understanding from reading the seventh plan is that
7 FGIC has an option to opt into a similar settlement as or the
8 same settlement as Syncora, but I don't know all the details.

9 Q If FGIC did opt in, what would the effect be on the COPs
10 reserve?

11 A If they were to opt in under the same structure, a
12 portion of that \$123 million would get allocated to FGIC, and
13 the remaining portion at a certain percentage would -- my
14 guess is get allocated between the unsecureds, the LTGOs --

15 MR. SOTO: Objection, your Honor. I don't think
16 he's here to guess.

17 MR. STEWART: Okay. We can move on. That's fine.
18 Let's put up Exhibit 720.

19 BY MR. STEWART:

20 Q Do you see Exhibit 720?

21 A I do.

22 Q What is Exhibit 720?

23 A 720 shows the settlement with the -- with Class 12, the
24 OPEB claims.

25 Q And who prepared 720?

1 A We did with the Jones Day team.

2 MR. STEWART: Your Honor, I'd move the admission of
3 Exhibit 720 as a demonstrative exhibit.

4 MR. SOTO: No objection.

5 THE COURT: It is admitted.

6 (City Exhibit 720 received at 2:01 p.m.)

7 BY MR. STEWART:

8 Q Please describe for us, Mr. Malhotra, what is set forth
9 in Exhibit 720.

10 A On Exhibit 720 shows the settlement with the -- with
11 Class 12, and it shows that the original claim of four
12 point -- in exchange for the original claim of \$4.303
13 billion, which represented the OPEB claim pursuant to the
14 settlement, the settlement is going to be \$450 million of B
15 notes contributed to GRS and PFRS VEBAs in total and also as
16 a -- pursuant to the Syncora settlement, \$11 million of
17 additional B notes that would be coming out of the COPs
18 reserve.

19 Q So let me stop you there. What is a VEBA?

20 A It's a voluntary employee beneficiary association trust.

21 Q And what does a VEBA do?

22 A It's supposed to go forward, manage the benefit plans for
23 the retirees or the employees that it is set up for.

24 Q And do I understand correctly all of the value going to
25 Class 12 is in B notes?

1 A That is correct. There are some other start-up costs,
2 but the value that is going to the VEBA trust is in the form
3 of B notes.

4 Q Now, on the amount line, we have on the right-hand side
5 the 11.0 million. Tell us where those B notes come from.

6 A They come from the original COPs reserve -- from the
7 original COPs reserve, from the portion that was left behind
8 after the Syncora settlement.

9 Q And is that consistent with the exhibit we looked at a
10 minute ago that showed how it was broken up?

11 A Yes. That's the breakdown of the \$15 million.

12 Q Please let's go to the line about interest. Tell us,
13 please, what is the interest relating to the B notes?

14 A It is four percent for the first two decades and six
15 percent for the last decade.

16 Q And maturity?

17 A It's 30 years.

18 Q And under "other" you have a few items. Please tell us
19 what those are.

20 A That shows certain start-up costs that are also going --
21 are benefitting the VEBA, which is \$8 million from the rate
22 stabilization fund and approximately \$3-1/2 million from
23 charitable contributions as well as advance of the October
24 2015 interest on the excess B notes to be advanced earlier.

25 Q Why were these start-up costs added as part of the

1 settlement with Class 12?

2 A It's a part of the settlement to essentially get the
3 VEBAs going.

4 Q Okay. And what's the recovery of Class 12 as you
5 calculated it?

6 A Ten percent.

7 MR. STEWART: And we can take that down. Actually,
8 no. Before you take it down -- sorry about that -- put up
9 721 or take that down and put up 721.

10 BY MR. STEWART:

11 Q What is Exhibit 721, Mr. Malhotra?

12 A 721 shows the nominal dollars and as a percentage of
13 general fund revenue, the comparison of both costs and
14 percentage both post-restructuring and before restructuring
15 in terms of what the trends were over the next 20 years.

16 Q Who prepared Exhibit 721?

17 A We did.

18 MR. STEWART: Your Honor, I'd move the admission of
19 Exhibit 721 as a demonstrative exhibit.

20 MR. SOTO: No objection as a demonstrative.

21 THE COURT: It is admitted.

22 (City Exhibit 721 received at 2:05 p.m.)

23 BY MR. STEWART:

24 Q Mr. Malhotra, let's focus on 721. There are two
25 different sets of bars and two different sets of lines.

1 First of all, if you could tell us what the bars represent in
2 the exhibit.

3 A The pink or orange bars that are on that chart represent
4 the projected payments on retiree healthcare obligations for
5 the existing retirees and forthcoming retirees over a 20-year
6 period.

7 Q Where did these projections come from?

8 A We got the inflation assumptions with respect to retiree
9 healthcare from Milliman, and we used the count of retirees
10 that we had.

11 Q All right. So the top bars, they show what for each
12 year?

13 A Show what the retiree healthcare payments would have been
14 absent a restructuring.

15 Q Okay. And then below that we have a line. What does
16 that line represent?

17 A The line represents what those payments for retiree
18 healthcare are as a percentage of general fund revenue as to
19 how it was going to continue to increase over the next 20
20 years.

21 Q So, for example, what would the number be for 2026 as a
22 percentage of general fund revenue absent restructuring?

23 A It would show that absent the restructuring the retiree
24 healthcare as a percentage of general fund revenue would
25 approximately be 23 percent, so 23 cents of every dollar

1 would be used to fund retiree healthcare.

2 Q So now let's look at the lower part of the chart. First
3 of all, explain to us what the bars mean. I guess they're
4 light blue.

5 A The light blue represents the portion of the B note that
6 is the city's obligation going forward in terms of this class
7 is going to be -- is shown in the blue chart. In addition,
8 we have added the ongoing potential cost of retiree
9 healthcare for active employees that will be retiring in the
10 future to ensure we can do an apples to apples comparison.

11 Q Why is the number higher in 2015 than it is in 2016?

12 A Because the existing run rate that the city is on for
13 fiscal year '15 was slightly higher than January 1, 2015,
14 when the city transitions to the new VEBA plans.

15 Q Why does it rise as it does in 2026?

16 A That's because that's when the city starts servicing the
17 principal on the B note, and we wanted to make sure that we
18 can show that it's not just the first ten years where it was
19 more of an interest only comparison but going forward 2026
20 onwards once we -- once the city is servicing the principal
21 on the B notes, what that delta still is.

22 Q Explain for us, if you would, the -- looks like a green
23 line across the bottom of the chart.

24 A It shows the retiree healthcare costs as a percentage of
25 revenue, general fund revenue.

1 Q So as a result of the settlement with the OPEB class, how
2 have the city -- how has the city's exposure to OPEB cost
3 changed?

4 A The city, as a part of the settlement, is not exposed to
5 OPEB costs any longer other than for the commitments that the
6 city is making to provide an amount -- a nominal amount for
7 its active employees and what their retiree healthcare plans
8 would be or their healthcare contribution would be, but in
9 terms of the city's obligations for its existing retirees,
10 the city's obligations are limited to it servicing the B
11 notes.

12 MR. STEWART: Let's put up Exhibit 722.

13 BY MR. STEWART:

14 Q Could you please tell us what is Exhibit 722?

15 A It is a settlement with Class 17 claims for the 36th
16 District Court.

17 Q And who prepared Exhibit 722?

18 A It was the Jones Day team primarily with some input from
19 us as well.

20 MR. STEWART: Your Honor, I would move the admission
21 of 722 as a demonstrative exhibit.

22 MR. SOTO: No objection.

23 MR. WAGNER: No objection.

24 THE COURT: It is admitted.

25 (City Exhibit 722 received at 2:10 p.m.)

1 BY MR. STEWART:

2 Q Please describe to us, if you could, Mr. Malhotra, the
3 settlement with Class 17 as set forth in our exhibit.

4 A It shows that as a part of the settlement in the claims
5 that were approximately \$6 million for those claims that are
6 less than \$100,000, 33 percent of the claim would be paid in
7 cash at emergence, and for those individual claims that
8 are -- or those claims that are greater than \$100,000 each,
9 33 percent of the claims would be payable in five equal
10 annual installments at -- and there's a simple interest rate
11 of five percent.

12 Q And what's the illustrative recovery of Class 17?

13 A Thirty-three percent.

14 Q I don't know if I remembered to ask you what the
15 illustrative recovery was of Class 12.

16 A Ten percent.

17 Q Do you remember what that was? How much?

18 A Ten percent.

19 Q Ten percent. Okay

20 MR. STEWART: We can take that down.

21 BY MR. STEWART:

22 Q Let me move to ask you about something else. Among other
23 things, what occasion did you have to look at the city's
24 pension liabilities?

25 A We've looked at the city's pension liabilities,

1 especially over the course of the last year, last 18 months.
2 Q Let's go back to Exhibit 33 and, in particular, to page
3 91. I believe we looked at this page before today. This is,
4 Mr. Malhotra, a page from the proposal to creditors of June
5 of last year that you talked about earlier. What analysis
6 had you done as of that time of the city's exposure to
7 pension liabilities?

8 A At that point in time, the main work that was done with
9 respect to the pension liabilities was under a variety of
10 assumptions like the changes in the rate of investment return
11 or the amortization period of the unfunded liability, what
12 the city's required contributions would be over the next ten
13 years.

14 Q And what had you found that those contributions would be
15 in 2023 as matters stood back in June of 2013?

16 A Based on the assumptions that were being used for the
17 preparation of this report, the pension contributions were
18 going to be close to \$3 billion under the assumptions that
19 were being used for this report.

20 Q So has the city reached a settlement with the Retirement
21 Systems?

22 A Yes.

23 MR. STEWART: And just for the record, let's put up
24 Exhibit 723. Maybe that will be simpler.

25 BY MR. STEWART:

1 Q Do you see Exhibit 723, Mr. Malhotra?

2 A I do.

3 Q What is this?

4 A It shows the key items of the settlement with GRS and
5 PFRS as a part of the plan of adjustment.

6 Q Okay. And just for the record, could you tell us what
7 are GRS and PFRS?

8 A The General Retirement System and the Police and Fire
9 Retirement System.

10 Q Do you know off the top of your head what class each is
11 in?

12 A Class 10 and 11.

13 Q Now, tell us --

14 MR. STEWART: Your Honor, if I could, I would move
15 the admission of Exhibit 723 as a demonstrative exhibit.

16 MR. SOTO: No objection, your Honor.

17 MR. WAGNER: Yeah. No objection as a demonstrative.

18 THE COURT: It is admitted.

19 (City Exhibit 723 received at 2:14 p.m.)

20 BY MR. STEWART:

21 Q Mr. Malhotra, could you explain to us what is set forth
22 on Exhibit 723?

23 A Yes. It shows the components of some of the changes
24 between what the assumptions were and what the funding status
25 was of the -- each of the pension plans compared to where

1 they are as a part of the plan of adjustment.

2 Q Okay. Let's start at the top. There's something called
3 an assumed rate of return. Please tell us how that has
4 changed.

5 A That has changed from 7.9 percent for GRS and eight
6 percent for PFRS to 6.75 percent for GRS and PFRS, which is
7 fixed for the next -- through 2023.

8 Q And do you know how the rate of 6.75 percent was derived?

9 A It was a part of the settlement.

10 Q Below that is UAAL?

11 A That's right.

12 Q First of all, what is UAAL?

13 A That's the unfunded actuarial accrued liability.

14 Q And please describe to us what this part of the
15 demonstrative shows.

16 A It shows that the pre-petition UAAL for GRS and PFRS was
17 about 1.879 billion and 1.25 billion respectively, so
18 collectively roughly about \$3.1 billion, and as of June 2013
19 and as a part of the plan of adjustment, the June 2014 UAAL
20 is 894 million for GRS and 553 million for PFRS.

21 Q And then underneath that it says "Target." How did those
22 targets come to be calculated?

23 A Those were calculated overall as the UAAL that would be
24 remaining based on the targeted funding percentage status, so
25 70 percent for GRS and 78 percent for PFRS.

1 Q And that takes us to the next line, which is funding
2 status. What does the term "funding status" mean?

3 A Funding status means the overall comparison of the assets
4 in the plan to the liabilities in the plan.

5 Q And what -- tell us -- walk us through what the funding
6 status percentages were and what they are projected to
7 become.

8 A They were 53 and 71 percent, and the target is by 2053 to
9 have these plans fully funded.

10 Q Do you know what the funding percentage is today?

11 A I believe it's pretty close to the target as of 2023, but
12 that's what I believe it is.

13 Q Do you know why today's funding status is so close to the
14 target in 2023?

15 A Well, the assets have returned better, so the assets have
16 done better than what -- so the funding status has improved
17 since June of 2013.

18 Q Do you know of a term called "defunding" as it applies to
19 retirement systems?

20 A I have a general understanding.

21 Q What, if anything, is going on with these retirement
22 systems in terms of defunding in the coming years?

23 A In the coming years, from the information that I have
24 seen, there's going to be ongoing defunding of these plans
25 based on the contributions that are going in relative to the

1 assets that are coming out of the pension systems.

2 Q And do you know why that is?

3 A It's the nature of the demographics and the profiles of
4 the plan.

5 Q Our next line says "POA liability reduction." Could you
6 tell us what that's -- what that describes?

7 A That describes some of the changes that have taken place
8 as a part of the overall plan of adjustment in each one of
9 the plans.

10 Q Okay. So what does "plan freeze" mean?

11 A It means that there's no more accrual of benefits under
12 these plans, so they are frozen, which has an impact of
13 reducing the liability of the plans.

14 Q And then there's a reference to monthly pension
15 reduction.

16 A Yes.

17 Q Can you tell us what that is?

18 A In GRS that's a 4-1/2 percent cut in the actual pension
19 checks that are going out, and there's no change in that
20 under PFRS, which also has an impact from a liability
21 reduction standpoint as a part of the plan of adjustment.

22 Q Okay. And then there is a reference to COLA. Is that
23 cost of living allowance?

24 A Yes.

25 Q What has happened to the cost of living allowance?

1 A It has been eliminated for GRS, and it has been reduced
2 by 55 percent for PFRS.

3 Q And then finally it's -- there's something called an ASF
4 recoupment. What is that?

5 A That is basically some of the excess interest that was
6 earned that is being transferred back into the General
7 Retirement System in the neighborhood of \$200 million.

8 Q Then at the bottom we have the segment entitled "Future
9 Contributions." Please tell us what those are and, more
10 importantly, how you calculated them.

11 A Those contributions through 2023 are 719 million and 261
12 million, and the majority of that funding is coming through
13 either the contributions through the grand bargain or from
14 the DWSD contributions, and beyond 2024 to 2053, that shows
15 the contributions required to amortize the UAAL at the end of
16 2023 as to what the cost would be assuming a 6.75-percent
17 interest rate. And majority of those contributions, though,
18 would be paid by the general fund, although there will still
19 be some portion through 2024 in that decade from external
20 funding.

21 Q And so the total of future contributions turns out to be
22 what?

23 A Through 2023 it is just shy of a billion dollars, and
24 then from 2024 to 2053, the nominal dollars over that time
25 frame are roughly \$2-1/2 billion, \$2.8 billion.

1 Q And so the total at the very bottom of the contributions
2 the city is facing turns out to be what?

3 A Just about \$3.8 billion.

4 MR. STEWART: So let's put up Exhibit 732.

5 THE COURT: Excuse me. Before we leave this one --

6 MR. STEWART: Sorry.

7 THE COURT: Thank you. What does the phrase we see
8 here, "equivalent to 8.8-percent reduction in liability,"
9 mean?

10 THE WITNESS: Your Honor, it means that as a part of
11 the overall changes from the ASF recoupment, the actual GRS
12 liability has been reduced by approximately \$200 million.

13 THE COURT: What is 8.8 percent? What is that a
14 percent of?

15 THE WITNESS: It would be a percentage of the actual
16 total accrued liability, your Honor, versus just the UAAL.
17 It would be the accrued liability in its entirety.

18 THE COURT: Does the plan commit the city to make
19 the payments in your section of the chart here called "Future
20 Contributions"?

21 THE WITNESS: Those contributions are assumed in the
22 plan, your Honor, and the city --

23 THE COURT: They are what?

24 THE WITNESS: They are assumed to be made in the
25 plan, your Honor, so the city is in the projections making

1 those payments beyond 2024 into the pension systems in the
2 plan.

3 THE COURT: My question was a slightly different
4 one. Does the plan commit the city, legally commit the city
5 to make those payments?

6 THE WITNESS: My understanding is the city is
7 committed to fund the unfunded liability. I just don't
8 know -- the city and the Retirement Systems have to decide
9 what the amortization methodology is of the UAAL at the
10 end -- at the end of year ten, and the city is committed to
11 fund that underfunded liability. Depending on what
12 amortization schedule gets picked, the payments can change
13 slightly because of the interest rate, but my understanding
14 is the city is committed to make the payments beyond 2024
15 into those pension systems.

16 THE COURT: Do you know the answer to my question?

17 MR. STEWART: Your Honor, I confess that I do not.

18 THE COURT: Anybody know the answer to my question?

19 MR. CULLEN: The answer is yes, your Honor.

20 THE COURT: All right. Thank you.

21 BY MR. STEWART:

22 Q Let me ask this. How would the change in amortization
23 after 2024 affect the contribution level?

24 A It depends on the amortization methodology. What we have
25 used in the projections is a straight line principle in which

1 the city is making higher payments in the first decade, and
2 over the course of the 30 years it makes lower payments going
3 forward. You can change the amortization methodology to make
4 it like a level payment over 30 years in which the city will
5 have lower payments in the first, say, ten years, but over
6 the course of the 30 years the city will end up paying more
7 because it has to pay more interest, so it's more on the
8 methodology aspect as to how that liability gets serviced.

9 MR. STEWART: Can we now put up Exhibit 732?

10 BY MR. STEWART:

11 Q Mr. Malhotra, what is Exhibit 732?

12 A 732 shows the pension contributions for the General
13 Retirement System and the Police and Fire Retirement System
14 over the first ten years and the sources of the funding.

15 Q And who prepared Exhibit 732?

16 A We did.

17 MR. STEWART: Your Honor, I would move the admission
18 of Exhibit 732 as a demonstrative exhibit.

19 MR. SOTO: No objection.

20 MR. WAGNER: Same.

21 THE COURT: It is admitted.

22 (City Exhibit 732 received at 2:25 p.m.)

23 BY MR. STEWART:

24 Q Mr. Malhotra, please explain to us what is depicted in
25 Exhibit 732.

1 A 732 for the General Retirement System shows that the
2 total contributions going into the retirement -- General
3 Retirement System are 719 million through 2023. \$428.5
4 million of that is coming through DWSD. \$31.7 million in
5 nominal dollars is coming through UTGOs, which are really the
6 stub UTGOs. \$98.8 million is coming from the state
7 settlement. \$45 million is coming from DIA, and the
8 remaining 114.6 million is coming from the general/other
9 funds, which is reimbursement from other funds. Of that
10 114.6 approximately \$90 million is general fund dollars.

11 Q Nine zero?

12 A That's right, about 90 million. That's right.

13 Q Why is such a large segment of the GRS side of this
14 coming from the DWSD?

15 A It's a part of the overall pension settlement in terms of
16 the required dollars for the -- for GRS.

17 Q Okay. Now, to the right we have another pie chart;
18 correct?

19 A Yes.

20 Q Why is it smaller than the one on the left?

21 A It's smaller because the overall contributions to the
22 police and fire system are 261 million compared to the 719
23 million on the left side. And one thing I would just
24 clarify, the DWSD contributions -- sorry -- are coming in
25 over nine years because they're fully repaying their unfunded

1 liability over a much shorter time frame, so I just wanted to
2 clarify that as well.

3 Q Let's go back and deal with it before we go to the PFRS.
4 You're saying that the 428.5 million is from the DWSD;
5 correct?

6 A That is correct.

7 Q What does that represent with respect to the DWSD?

8 A It represents DWSD paying its UAAL that exists today but
9 paying it over the course of the next nine years in its
10 entirety in addition to some professional fees and admin
11 expenses that are being allocated for to DWSD, but they're
12 essentially paying their UAAL at a much faster rate compared
13 to the rest of the General Retirement System.

14 Q How does one know how much of the UAAL for the GRS is
15 attributable to the DWSD as opposed to attributable to
16 everybody else?

17 Q It's given to us by Milliman.

18 Q By the actuaries?

19 A That is correct.

20 Q Then you mentioned the nine years. Tell me, once again,
21 why they're paying it in nine years instead of some other
22 period of time.

23 A They're paying it over nine years as a part of an overall
24 settlement because in aggregate the total dollars that are
25 coming from DWSD are still significantly lower than what DWSD

1 would have been responsible for outside of a restructuring.

2 Q Now let's go back to the PFRS, and I believe there are
3 two sources of payment there. Please describe those to us.

4 A The blue chart represents the -- the blue part of the pie
5 chart represents the money that is going to come in from the
6 foundations into PFRS over the first ten years and -- through
7 2023, and \$96 million is coming in from the state.

8 Q All right. Now, the contributions you've talked about,
9 are any of those the result of something known as the grand
10 bargain?

11 A Yes.

12 Q What is the grand bargain?

13 A The grand bargain in terms of the financial elements that
14 are -- the contributions that are coming into the city,
15 there's approximately \$366 million of contributions that are
16 supposed to come in from the foundations over a 20-year time
17 frame and nominal dollars -- excuse me -- approximately \$100
18 million from DIA in nominal dollars over 20 years and from
19 the state approximately \$194.8 million that are coming in up
20 front, which is their share of \$350 million at a present
21 value.

22 MR. STEWART: Let me ask to put up Exhibit 724.

23 BY MR. STEWART:

24 Q Do you have Exhibit 724 before you?

25 A I do.

1 Q Is that a summary of the terms of the grand bargain?

2 A Yes.

3 Q Who prepared this?

4 A Jones Day team along with our input.

5 MR. STEWART: Your Honor, I'd move the admission for
6 demonstrative purposes alone of Exhibit 724.

7 MR. SOTO: No objection, your Honor.

8 MR. WAGNER: No objection.

9 THE COURT: It is admitted.

10 (City Exhibit 724 received at 2:31 p.m.)

11 BY MR. STEWART:

12 Q Mr. Malhotra, I probably should have put this up before I
13 asked you the question I asked a minute ago, but could you
14 walk us through what the economic terms are for the grand
15 bargain?

16 A Yes. The state contribution agreement is -- provides for
17 \$194.8 million in cash, which is equal to the PV of \$350
18 million over 20 years at a 6.75-percent discount rate.

19 Q What does PV mean?

20 A Present value.

21 Q And why is there -- and that's at a discount rate of 6.75
22 percent?

23 A That's correct.

24 Q Where did that discount rate come from?

25 A The state was using the same discount rate that the

1 pension systems are using.

2 Q Okay. And why was the period of 20 years chosen?

3 A The general parameters of the contributions coming in for
4 the grand bargain was over 20 years.

5 Q So the state contribution, how much in dollars is it
6 going to end up being?

7 A I'm sorry.

8 Q How much will the state contribution end up being in
9 actual dollars?

10 A The present value dollars are \$194.8 million, which would
11 be dollars much earlier, versus \$350 million over 20 years.

12 Q Do you know when it is the state is going to make that
13 payment?

14 A I do not know the exact date. It's, of course, tied to
15 the effective date of the plan. I do not know the exact
16 date.

17 Q Let me ask a different way. Do you know what the state
18 will do versus making a single payment versus spreading the
19 payment out over a period of time?

20 A The state is planning to make a single payment.

21 Q And then going further we have the income stabilization
22 payments. Can you tell me what those are?

23 A Those are the payments that are going into the income
24 stabilization fund that are being paid through the stub
25 UTGOs, so this would be no less than \$20 million over 14

1 years in which the city continues to collect its UTGO taxes
2 per the millage, and a portion of that money is going to be
3 paid into the income stabilization fund.

4 Q Why is that not shown on your table here?

5 A That is basically money that's coming -- it's not new
6 money that's coming from the state. This is UTGO collections
7 that are going to be set aside, and it's just a part of the
8 overall state settlement in terms of the state also
9 contributing the 194.8 million is to ensure that this 20
10 million will be available for the income stabilization fund
11 that will be funded through the collection of UTGO taxes.

12 Q Please describe to us then the economic elements of the
13 DIA settlement.

14 A The foundations are required to contribute \$366 million
15 of nominal amount over 20 years, and the DIA is required to
16 contribute \$100 million in nominal dollars over 20 years.

17 Q And how does the grand bargain then affect the city's
18 unfunded actuarial accrued liabilities?

19 A It definitely will help reduce it or at least reduces the
20 city's requirement of funding those contributions.

21 Q Now, let me ask you --

22 MR. STEWART: Set's put up Exhibit 732, please.

23 BY MR. STEWART:

24 Q What is -- I believe we looked at 732 a minute ago, and
25 I'd ask you about the portion of this that's coming from the

1 DWSD, and that's the \$428.5 million; correct?

2 A That is correct.

3 Q Have you performed a calculation of the overall economic
4 effect on the DWSD of the city's plan of adjustment?

5 A Yes.

6 MR. STEWART: Let's put up Exhibit 201.

7 THE COURT: Excuse me. Before we do that, can we go
8 back to the screen that was up and now the one before this
9 one and back to the next one, please? Am I missing
10 something, or is the pie chart on the left for the General
11 Retirement System not showing the foundations' contribution?

12 THE WITNESS: Your Honor, this chart represents the
13 first ten years only, so the foundations' money that's coming
14 into the General Retirement Systems is coming in the second
15 decade, and so it's --

16 THE COURT: Okay.

17 THE WITNESS: -- a timing issue.

18 THE COURT: Okay. Thank you.

19 BY MR. STEWART:

20 Q Mr. Malhotra, I have Exhibit 201 on the screen, and we've
21 been able to blow it up. I realize this can be hard to read.
22 That's why it's in the binders, and it may be easier for
23 some --

24 THE COURT: I can read it. Thank you.

25 MR. STEWART: -- to look at in hard copy.

1 BY MR. STEWART:

2 Q Please tell us, if you could, Mr. Malhotra, first of all,
3 who prepared Exhibit 201.

4 A This was a schedule we had prepared some time ago.

5 Q And what is it a schedule of?

6 A It was -- it's a schedule that shows the pension payments
7 under the plan of adjustment and the OPEB payments under the
8 plan of adjustment for DWSD as compared to those under no
9 restructuring scenario.

10 Q Okay. So let me, if I could, ask you about it. At the
11 top -- and this was based on an Excel spreadsheet, I assume?

12 A That is correct.

13 Q Let's look at the top. The top segment says POA, and
14 what does that part of our exhibit discuss?

15 A The pension payments and the professional fees and the
16 pension administration costs that are assumed to come in from
17 DWSD as a part of the plan of adjustment.

18 Q And what period of time is covered by the POA segment of
19 Exhibit 201?

20 A It went through 40 years.

21 Q Okay. Now, we, first of all, have pension payments at
22 the top. What are those?

23 A Those are the payments that are coming in from DWSD over
24 the next nine years in terms of DWSD fully funding its UAAL
25 over the next nine years.

1 Q And then professional fees, what is that for?

2 A Professional fees is the allocation to DWSD of the total
3 professional fees that were projected at that point of time
4 for DWSD to get its pro rata share.

5 Q Would that be higher today?

6 A Yes.

7 Q Do you know how much higher it would be today?

8 A It would probably be seven or eight -- could be seven or
9 \$8 million higher.

10 Q What's the next line?

11 A Pension administration, administrative costs.

12 Q Okay. And what are those?

13 A Those are admin costs related to the General Retirement
14 System and DWSD's allocation.

15 Q Below that?

16 A That represents the OPEB for current retirees, so the
17 allocation of the B note to DWSD for its pro rata -- on the
18 basis of its pro rata share.

19 Q And that would be going forward as long as there are B
20 notes out there?

21 A Yes.

22 Q What's POC a reference to?

23 A Similar in terms of an allocation to DWSD of the B notes
24 or the reserve in some fashion to what would be allocated to
25 DWSD.

1 Q Has that changed recently?

2 A We have -- well, this schedule does not reflect the
3 Syncora settlement.

4 Q What would the effect of the Syncora settlement be on
5 this line?

6 A It would go up slightly.

7 Q How much?

8 A Probably a hundred or \$200,000 per year.

9 Q What does the reference to swaps mean?

10 A That's a part of the overall swaps settlement and a
11 portion that could be allocated to DWSD.

12 Q Okay. So let's go back so we can see the full view. As
13 a result of this, you have something called total DWSD legacy
14 payments. What does that represent?

15 A The total DWSD legacy payments represents the summation
16 of the subtotal up above -- that's the subtotal DWSD legacy
17 payments -- plus what DWSD could theoretically be paying --
18 or could be paying for its pension and OPEB obligations for
19 its current active employees.

20 Q And what is the assumption this part of the exhibit is
21 based on?

22 A The assumption is that DWSD, similar to the rest of the
23 general nonuniform employees, will be contributing
24 approximately 5.75 percent with respect to the pension for
25 active employees and on the future retirees would be paying

1 two percent of payroll.

2 Q So this segment shows what the effect would be on DWSD
3 under the plan. Do I understand that correctly?

4 A That is correct.

5 Q So let's go down to no restructuring. And before getting
6 into any numbers, what do you mean by "no restructuring"?

7 A No restructuring -- when we developed the schedule, it
8 was meant to reflect what DWSD's obligations were going to be
9 had none of the OPEB or POC obligations or swap obligations
10 been settled or restructured, and with respect to the pension
11 payment, given the fact that there are multiple scenarios,
12 all we did is we took the Gabriel, Roeder report and saw what
13 the 2015 pension payment was attributable to DWSD and kept
14 that flat.

15 Q So let's go look at the full view. You have a line,
16 "Total DWSD Legacy Payments," and so what does that
17 represent?

18 A That represents what the DWSD legacy payments would be
19 absent a restructuring and assuming these very conservative
20 pension payments.

21 Q And at the bottom we have "Savings/Additional Cost."
22 What are those calculations intended to depict?

23 A What they were intended to do was to show how much
24 savings are being generated as a part of the restructuring
25 that benefit DWSD.

1 Q And let's go back to the full view, and what did you
2 determine in terms of the overall economic effect on DWSD of
3 the plan as it exists -- proposed, I should say, today? Go
4 ahead.

5 A We saw that the total additional -- the total savings for
6 2015 to 2023 just on a conservative basis would be
7 approximately \$172.8 million -- could be higher than that --
8 just for those nine years, and then DWSD continued to benefit
9 from these savings going into the next two decades partly
10 because, of course, they have assumed to pay their pension
11 faster, but, more importantly, there's significant savings in
12 the OPEB costs for DWSD as a part of this plan of adjustment.

13 MR. STEWART: Your Honor, I would like to move
14 Exhibit 201 into evidence.

15 MR. SOTO: No objection, your Honor.

16 MR. WAGNER: Same.

17 THE COURT: It is admitted.

18 (City Exhibit 201 received at 2:44 p.m.)

19 BY MR. STEWART:

20 Q Let me ask you -- let's go, if we could, now to Exhibit
21 734 again and to page 3 of 14. Could you tell us,
22 Mr. Malhotra, what page 3 of 14 of Exhibit 734 sets forth?

23 A It sets forth per the September projections under the
24 assumptions in there -- the first section on top is -- first
25 section over the next ten years by different creditor

1 classes, what distributions are going to be in nominal
2 dollars for those classes and the source of that funding over
3 the next ten years, and that same has been repeated down
4 below for 40 years along with recovery calculations using a
5 five-percent discount rate.

6 Q So this is a table; correct?

7 A That's correct.

8 MR. STEWART: If we can, let's blow up the top part
9 and the left side of the top part so we can all see it more
10 legibly. That's fine. Good. All right.

11 BY MR. STEWART:

12 Q And so we have for the ten-year the various settlements
13 that we've talked about; correct?

14 A That's correct.

15 Q All right. Then walk us through this table and show how
16 you've scheduled out these various settlements.

17 A So for Class 7, which is the limited tax general
18 obligation bonds, those are assumed to get paid \$55 million
19 in full upon the effective date, so -- or right around the
20 effective date, so there is no interest that is being paid on
21 that. In addition, they're getting a portion of the B notes
22 as well.

23 Q Without going through each of these, tell us how this
24 table correlates to the settlements you described to us
25 earlier when we went through the various demonstratives.

1 A They're the same.

2 Q Okay. And it shows the amount of the claim and then what
3 the claimant is getting; correct?

4 A That's right. And this table reflects the cash over the
5 first ten years, and the table below it showed over forty.

6 Q So let's go to the 40-year now. Why, by the way, has it
7 been necessary to extend this table out to 40 years instead
8 of just stopping at 10?

9 A Because the commitments that the city is making in terms
10 of its B notes as well as its pension obligation commitments
11 at the end of ten years go nearly forty years, and that's the
12 reason we've developed a forty-year forecast.

13 Q So let's now focus on the right side of the part that we
14 have -- we've expanded here, and tell us, if you could, what
15 that depicts.

16 A The right side shows the nominal dollars that are getting
17 paid in the first column over the 40-year time frame and the
18 present value calculation assuming a five-percent discount
19 rate for all of these classes.

20 Q And then you have percentages there. Well, first of all,
21 let me ask this. Why do we -- the middle column is PV for
22 present value; correct?

23 A That is correct.

24 Q Why have you reduced these to present value?

25 A Because these are getting paid over a period of time to

1 reflect what the value today is assuming a five-percent
2 discount rate.

3 Q Okay. And then you have a percentage column. Tell us
4 again what that stands for.

5 A It stands for the percentage of the present value divided
6 by the claim.

7 Q And if we just look from the creditor line over to the
8 percentage line, that will tell us what each class is getting
9 as a percentage is. Have I read that correctly?

10 A That is correct.

11 Q So let's go now on the same exhibit to page 7. You can
12 just leave it like that for now. So I want to recap with you
13 where we've been in your testimony, Mr. Malhotra. As we look
14 at our page, have we now gone over all the elements of
15 revenues and expenditures for the city?

16 A On this page 7, we have gone through all of the revenues
17 and operating expenditures, but the settlements or the
18 payments are shown on the following page.

19 Q You're getting ahead of me. I wanted to go to the very
20 bottom line on this page and have you describe for me what
21 that represents.

22 A That represents the funds available for unsecured claims.

23 Q When you say "funds available for unsecured claims," what
24 are you referring to?

25 A It refers to the amount of cash the city will have

1 available to meet its unsecured -- to meet its obligations as
2 proposed under the plan of adjustment under these assumptions
3 going forward.

4 Q So let's now go to the next page, which would be eight of
5 fourteen. Now, eight of fourteen has a line called
6 "Sources." Do you see that?

7 A Yes.

8 Q And what do you mean when you use the word or you refer
9 to sources?

10 A An inflow of cash.

11 Q And what's the relation between what we just looked at,
12 which is funds available for unsecured claims, and where we
13 begin on page 8 with sources?

14 A It should be the same amount. It's carrying forward from
15 the previous page.

16 Q So that's the first line?

17 A That is correct.

18 Q Okay. Show us the additional sources then that we have
19 in the coming years as set forth on this page of our exhibit.

20 A Those are shown below in terms of the amounts that are
21 coming from DWSD for its pension obligations, its OPEB
22 obligations and POC, which both are essentially their pro
23 rata share of B note payments, some of the reimbursements
24 from other funds that include library and parking, the
25 funding from the grand bargain, which includes the

1 foundations, the DIA, and the state settlement, to come up
2 with the total sources that are going to be available for
3 making distributions.

4 Q And my eyes aren't as good as they once were, but it
5 appears to be 1664.5 as the total sources for the ten-year
6 period or the period that will end in 2023?

7 A That's correct.

8 Q So now let's go to uses, if we could. What do you mean,
9 first of all, by the phrase "uses"?

10 A An outflow of cash.

11 Q Okay. So let's go through them. Tell us what the top
12 part of uses is.

13 A The top part is the PFRS and GRS pension contributions
14 that are going to be made over the next ten years in
15 aggregate, some PFRS and GRS OPEB payments for current
16 retirees.

17 Q So we have a subtotal for retiree distributions; correct?

18 A That's correct.

19 MR. STEWART: Let's go back to the full view so we
20 can see what that adds up to if we can just expand that on
21 the right-hand side.

22 BY MR. STEWART:

23 Q That comes up to how much?

24 A Just shy of a billion dollars.

25 Q And below that we have "note and cash payments." Are we

1 on the same part of the document?

2 MR. STEWART: Actually, what you just had. Put that
3 back up. Thanks. There we go.

4 BY MR. STEWART:

5 Q What notes are we talking about here?

6 A The same notes we went through earlier, UTGOs, LTGOs, the
7 B notes, and the C notes.

8 Q And what do they add up to as uses during this period?

9 A \$620 million.

10 Q Okay. And then so we add up the uses, and what do they
11 aggregate to?

12 A Just north of a billion six, 1.61 billion.

13 Q Okay.

14 MR. STEWART: So let's now go back to the full view
15 again. I'm sorry to go back and forth this way.

16 BY MR. STEWART:

17 Q So we then have a line that says surplus or deficit. Do
18 you see that?

19 A Yes.

20 Q And where does that number come from?

21 A It's just the delta between the total sources and the
22 total uses.

23 Q Okay. And below that we have ending cash balance.

24 A That's correct.

25 MR. STEWART: Let's go back to the full view again.

1 BY MR. STEWART:

2 Q And the ending cash balance is going -- is projected to
3 be how much as of the end of 2015?

4 A The end of 2015 the ending cash balance is projected to
5 be 75.6 million.

6 Q Now, in the years after 2015, how much does that number
7 change?

8 A Not much. It only goes up to \$80 million.

9 Q Do you know why it is the ending cash balance remains the
10 way it is over the period of these years?

11 A That's because under these assumptions, the city is
12 distributing what it is collecting from an overall
13 perspective.

14 Q Has the city -- what policy decision, if any, has the
15 city made with respect to the cash balance it intends to keep
16 on hand in the coming ten years?

17 A Well, the assumption that's used in here is a two month
18 of payroll and benefits minimum cash balance or at the same
19 time to at least hold five percent of -- excuse me -- five
20 percent of the following year's budgeted expenditures to --
21 for the city to have that in cash at the end of the previous
22 fiscal year.

23 Q And although we didn't focus on it, fair to say that if
24 we looked at the previous page, we'd see an entry for
25 contingency there?

1 A Yes.

2 Q And why don't we go to the previous page and look at it
3 briefly at the bottom left? What is that a reference to?

4 A That is a contingency for unforeseen items of either a
5 revenue reduction or an increase in an expense, and we've
6 assumed a one percent of revenue contingency throughout this
7 forecast period.

8 Q Let's go then to the following page one more time and
9 look at the cash. Are you aware of recent legislation in
10 Michigan that would require the city to maintain reserves of
11 five percent of expenses?

12 A Yes.

13 Q And where is that reflected in your analysis?

14 A Our assumption is that in the ending cash balance of the
15 75 or \$80 million at the end of any fiscal year the city
16 should still have -- will still have at least five percent of
17 its following year's budgeted expenditures reserved in that
18 cash number, so it's basically at least a minimum cash
19 threshold over the forecast period.

20 Q Now, you've reviewed with us for some period of time
21 today the model that you prepared and the settlements and so
22 on. What does this analysis tell us in terms of the city's
23 ability in the coming years to satisfy its operating
24 expenses?

25 A Based on these assumptions, the city should be able to

1 satisfy its operating expenses.

2 Q What does this analysis say in the coming years about the
3 city's ability to pay its obligations under the plan?

4 A Based on the assumptions in this forecast, the city
5 should have the ability to pay its obligations as scheduled
6 in these distributions.

7 Q And, finally, what does this analysis say in terms of the
8 city's ability to maintain a cash reserve in the coming
9 years?

10 A Based on these assumptions, the city should be able to
11 maintain a cash balance consistent with these assumptions.

12 Q Let's go now to page 4 of this --

13 THE COURT: Excuse me. Before we leave this page,
14 is the five-percent contingency that the law requires
15 reflected here in the line called "Ending Cash Balance"? Is
16 that your testimony?

17 THE WITNESS: Yes, your Honor. That's the way we
18 are anticipating it, that these are June 30th, so these are
19 fiscal year-end cash balances, and so the city should at
20 least have five percent of the following year's expenditures,
21 which are roughly approximately a billion dollars. So the
22 city should at least have at any given point of time five
23 percent of those budgeted expenditures in its cash balance.

24 BY MR. STEWART:

25 Q Let me ask one thing about timing. Is it the case that

1 the city's revenue receipts are not steady month to month
2 over the course of the year?

3 A That is correct.

4 Q What is the time during the year when the cash on hand
5 typically is at its lowest?

6 A Typically it is at the end of the fiscal year before the
7 summer taxes start flowing in.

8 Q Sorry. Summer taxes?

9 A Sorry. Summer property taxes start coming into the city
10 in the July, August time frame, so end of the fiscal year
11 generally is a low point in terms of the city's cash balance.

12 Q Let's, if we could, then go to page --

13 THE COURT: All right. Before we move on, let's go
14 ahead and take our afternoon recess at this time, and we'll
15 reconvene at 3:15, please.

16 THE CLERK: All rise. Court is in recess.

17 (Recess at 3:00 p.m., until 3:17 p.m.)

18 THE CLERK: All rise. Court is back in session.
19 You may be seated.

20 MR. HERTZBERG: Your Honor, Robert Hertzberg. We
21 are trying to track down who Mr. Flynn is, and we're not
22 aware of what it is. We're going to check with Mr. Legghio
23 and Ms. Patek, but unless the Court has any other
24 information, we're struggling right now on it.

25 THE COURT: The only additional information I can

1 share with you is that he called my office today asking what
2 the consequences would be for tomorrow's hearing if he
3 withdrew his joinder in the DPOA objections, and, of course,
4 we were not able to answer that question, so --

5 MR. HERTZBERG: So it sounds like he --

6 THE COURT: -- we suggested that he reach out, you
7 know, to you all to try to work it out, whatever you could do
8 in terms of answering that question.

9 MR. HERTZBERG: It sounds like maybe he filed an
10 objection, he wants withdrawal, because we looked on the pro
11 se list also in the -- a scheduling order, and his name was
12 not in there.

13 THE COURT: No.

14 MR. HERTZBERG: Okay.

15 THE COURT: I mean --

16 MR. HERTZBERG: We'll keep trying to track it down,
17 though.

18 THE COURT: Let me ask you -- maybe the most
19 efficient way to get your question answered is for you to
20 talk to my assistant, Chris, directly --

21 MR. HERTZBERG: Okay.

22 THE COURT: -- you know, here in the next few
23 minutes, and she might be able to fill you in a little bit
24 better.

25 MR. HERTZBERG: Okay. Thank you, your Honor.

1 THE COURT: Okay.

2 MR. STEWART: Your Honor, one -- I think I neglected
3 to move into evidence demonstrative Exhibit 727, which I
4 would move into evidence now. Maybe we should put it up so
5 that others can see the document we're talking about. And I
6 would move it into evidence as a demonstrative exhibit.

7 THE COURT: Any objections?

8 MR. WAGNER: No.

9 MR. SOTO: No, your Honor.

10 THE COURT: All right. It is admitted.

11 (City Exhibit 727 received at 3:19 p.m.)

12 BY MR. STEWART:

13 Q So if we could, let's now go to page 4 of Exhibit 734.
14 Mr. Malhotra, do you have page 4 of Exhibit 734 in front of
15 you?

16 A I do.

17 Q And is this a sources and uses for the 40-year period?

18 A Yes.

19 Q And what does it have -- and the first column is for the
20 first ten years; correct?

21 A That is correct.

22 Q But then there are three more columns. Tell us, if you
23 could, what those three columns are intended to represent.

24 A They represent the revenue and expenditures over the next
25 three decades.

1 Q Now, where, if at all, here do the city's obligations
2 under the plan appear under the 30 years that begin in 2024?

3 A They are not included in here on this particular page.

4 Q Okay. Is there a page -- let's go to the next page then.
5 We've been looking at the sources page; correct?

6 A That is correct.

7 Q Let's go to the next page, page 5. And, first of all,
8 the top line, is that the carry-over from the previous page?

9 A That is correct.

10 Q And then further down, where does it appear what the
11 city's ongoing obligations will be under the plan if the plan
12 were confirmed?

13 A Under the uses.

14 Q Okay. Where in particular should we be looking?

15 A Under the uses you would see under the retiree payments
16 the PFRS and GRS payments extending all the way into 40 years
17 to reflect the amortization of the UAAL over the time frame,
18 and it shows that the second decade payments are higher, of
19 course, compared to the following two decades, and then
20 further down below it shows the obligations of the city under
21 the new notes, so it's the UTGOs, the LTGOs, the B notes, and
22 the payments on the C notes as well over the forecast period.

23 Q What is your analysis -- so this is the analysis for the
24 40-year period; correct?

25 A Yes. Under these assumptions, yes.

1 Q What does your analysis indicate in terms of the city's
2 ability in the coming 40 years to pay its operating expenses?

3 A Based on the assumptions that are included here, I
4 believe the city should be able to have the resources to make
5 its obligations.

6 Q And what does it indicate in terms of the city's ability
7 in that time frame to pay its obligations under the plan?

8 A Based on the assumptions that are included in these set
9 of projections, it shows that the city should be able to meet
10 its obligations.

11 Q And, finally, what does it indicate in terms of the
12 city's ability to retain a sufficient cash balance over those
13 40 years after having met its other obligations?

14 A So it shows under these obligations the city will have
15 \$80 million of cash and up to 160 -- \$160 million of cash at
16 the end of 2053, so the city is always maintaining a minimum
17 cash balance.

18 Q Now, under these two forecasts, you have included C
19 notes; correct?

20 A That is correct.

21 Q Now, have you -- what C notes have you included in these
22 two forecasts?

23 A The C notes related to Syncora.

24 Q Now, how would this change, if at all, if FGIC chose to
25 opt into a settlement like the Syncora settlement?

1 A Using the same assumptions as the Syncora settlement, the
2 cost of FGIC opting in is somewhere between 85 and \$90
3 million over a 12-year time frame, so we would have to look
4 at the assumptions with respect to the costs, the
5 reinvestment expenses to ascertain -- and certain policy
6 decisions that will have to be made by the leadership team of
7 the city to ascertain the appropriate way of handling a FGIC
8 settlement -- potential FGIC opt-in.

9 Q If they opted in. Okay. Let's go, if we could, to
10 Exhibit 614. Let me ask a background question or two. Who
11 prepared Exhibit 614?

12 A We did.

13 Q And what does it purport to set forth?

14 A It shows the COPs balances under the three components,
15 those COPs that had a fixed rate interest rate, those COPs
16 that had a variable interest rate through -- due 2029, and
17 those portion of the COPs that had a variable interest rate
18 and they were due in 2034.

19 MR. STEWART: Your Honor, I would move the admission
20 of Exhibit 614 as a set of calculations.

21 THE COURT: Any objections?

22 MR. SOTO: No, your Honor.

23 THE COURT: It is admitted.

24 (City Exhibit 614 received at 3:25 p.m.)

25 BY MR. STEWART:

1 Q Can you tell me why you prepared Exhibit 614?

2 A It was at the request of counsel.

3 Q Counsel being who?

4 A Mr. Bruce Bennett.

5 Q And let's go through the calculations, if we could. Tell
6 us, first of all, at the highest level what these
7 calculations purport to be calculating?

8 A The first three sections just calculate the total
9 principal and interest payments that would be due under these
10 three sets of COPs that were outstanding and with the LIBOR
11 assumptions over the forecast period that were provided to us
12 based on the spread that exists under the existing
13 agreements.

14 Q Let me stop you there. The upper left-hand corner it
15 says "fixed rate." Is that referring to any particular part
16 of the COPs?

17 A The fixed interest rate, yes.

18 Q Okay. What part of the COPs does variable rate 2029
19 refer to?

20 A The ones with the outstanding balance of 299.2 million.

21 Q Okay.

22 A Those ones had a variable interest rate.

23 Q And what part of the COPs does the entry "variable rate
24 2034" refer to?

25 A The COPs had about \$500.8 million of principal that was

1 outstanding that had a variable interest rate component.

2 Q And then there's a reference here to LIBOR in different
3 ways. First of all, what is LIBOR?

4 A It's the London Interbank Offered Rate.

5 Q Why is it relevant here?

6 A It's a forward looking interest rate curve or more like
7 an index that is used often.

8 Q Okay. And as a result of doing the analysis that you did
9 on these three issues of COPs, what did you calculate?

10 A We calculated what the payments would be. We got the
11 LIBOR forward forecast from Miller Buckfire, and we did the
12 calculation as to what the payments of interest and principal
13 would be on these COPs in the three different tranches that
14 we were looking at.

15 Q And where does that -- where does the sum of that appear
16 on Exhibit 614?

17 A Under the total payment section.

18 Q I see. And is that the bold number we see as the sum
19 there that starts with 39.7?

20 A Yes.

21 Q And were those added up to some overall amount at some
22 point?

23 A Yes.

24 Q Where is the sum of all those?

25 A In the total payments.

1 Q Okay. If we looked at the lower right, would there be a
2 number that sums up all the total payments?

3 A It doesn't appear to be the case.

4 Q Okay. So once you had calculated the total payments,
5 what did you next do?

6 A We were asked to discount those payments at a 6.75-
7 percent discount rate.

8 Q Why a 6.75 discount rate?

9 A That was what was given to us by counsel.

10 Q And did you do that?

11 A Yes.

12 Q And what was the result of your calculation?

13 A It showed that based on that payment stream, if you were
14 to discount it at 6.75 percent, it would equate to a sum of
15 about a billion one.

16 Q And is that what is shown in the lower left-hand
17 corner --

18 A Yes.

19 Q -- of the exhibit?

20 MR. WAGNER: Your Honor, just --

21 BY MR. STEWART:

22 Q Right now --

23 MR. WAGNER: I'm sorry. Just before we leave the
24 document, it does have a notation, which is very hard to
25 read, and you can't see it on the screen, "Privileged and

1 confidential settlement communication in court-ordered
2 mediation, not to be presented to or admitted into evidence
3 in any action or proceeding." I mean it's just numbers, so
4 maybe we don't have an objection to it, but that shouldn't be
5 taken as any sort of waiver that the mediation -- that
6 documents covered by the mediation order can be selectively
7 produced and shown to witnesses.

8 THE COURT: Okay. Thank you.

9 BY MR. STEWART:

10 Q If we could now go to Exhibit 742, what is Exhibit 742?

11 A 742 shows the present value at 6.75 percent of the
12 payments to the Retirement Systems for a 40-year period.

13 Q And who calculated the numbers we see on Exhibit 742?

14 A We calculated the payments based on the 6.75-percent
15 discount rate.

16 Q And why did you do that?

17 A At the request of counsel.

18 Q And who was the counsel who requested that of you?

19 A Bruce Bennett.

20 Q Let's put up --

21 MR. STEWART: Your Honor, I would move into evidence
22 Exhibit 742 as a demonstrative exhibit.

23 MR. SOTO: No objection, your Honor.

24 MR. WAGNER: Same.

25 THE COURT: It is admitted.

1 (City Exhibit 742 received at 3:30 p.m.)

2 MR. STEWART: Let's put up briefly Exhibit 749, and
3 we'll come back to this.

4 BY MR. STEWART:

5 Q What is Exhibit 749?

6 A 749 shows --

7 Q First of all, who prepared Exhibit 749?

8 A We did.

9 Q Okay. And why did you prepare it?

10 A The top part of 749, which shows the GRS and PFRS, was
11 the backup for the contributions by source that are going
12 into GRS and PFRS respectively. The section at the bottom
13 starting at Row 42 we added at the request of counsel to
14 present value those contributions at a 6.75-percent discount
15 rate.

16 MR. STEWART: Your Honor, I'd move into evidence
17 Exhibit 749.

18 MR. SOTO: No objection, your Honor.

19 MR. WAGNER: Same.

20 THE COURT: It is admitted.

21 (City Exhibit 749 received at 3:31 p.m.)

22 BY MR. STEWART:

23 Q Let's now go back to 742. Tell me, if you could,
24 Mr. Malhotra, what Exhibit 742 discloses to us. What does it
25 describe?

1 A It describes the total payments that are going into the
2 pension systems by various source over the course of the next
3 40 years,, what the present value of those contributions
4 would be at 6.75-percent discount rate.

5 Q And what did you determine that that present value would
6 be?

7 A As this chart shows, it would be about \$976 million for
8 GRS and about 608 million for PFRS.

9 Q Thank you.

10 MR. STEWART: We can take that down.

11 BY MR. STEWART:

12 Q Let's, if we could, go to Exhibit 733 and, in particular,
13 to page 6 of our document, of this exhibit. Can you tell me,
14 Mr. Malhotra, what is page 6 of Exhibit 733?

15 A Page 6 is the ten-year projections under a pre-
16 restructuring or sort of a no bankruptcy scenario.

17 Q Is this the baseline scenario you disclosed to us
18 earlier?

19 A Yes.

20 Q And what was the date on which you prepared page 6 of
21 Exhibit 733?

22 MR. SOTO: What exhibit is that?

23 MR. STEWART: 733.

24 MR. SOTO: Thank you.

25 THE WITNESS: It was slightly updated in September,

1 but most of the schedule has generally remained intact other
2 than some changes, but I would have updated it in September
3 consistent with the rest of the projections.

4 BY MR. STEWART:

5 Q All right. And the page we have before us, tell us just
6 in very general terms what it sets forth.

7 A It shows that under a no restructuring scenario, the
8 city's revenues over the next ten years were forecasted to be
9 approximately 10.4 billion, operating expenditures in total
10 of about 7.4 billion, so an operating surplus of roughly
11 three billion and legacy liabilities of the original debt and
12 UTGO debt service, POC principal and interest, the POC swaps
13 had the settlement not been made, the pension contributions
14 based on the assumptions that were being used from the June
15 13th proposal and the health benefits for the retirees, the
16 legacy expenditures were roughly seven billion, so resulting
17 in a deficit of approximately four billion over the next ten
18 years.

19 Q And then this below that talks about reinvestment in the
20 city?

21 A That's correct.

22 Q What's that a reference to?

23 A That refers to the latest reinvestment forecast, which
24 was a net 876 million.

25 Q Okay. So let's go to the next page, please. What does

1 the next page cover?

2 A It just covers the restructuring scenario and what the
3 funds available for unsecured claims were.

4 Q Now, so page 6 is the baseline, and page 7 is the
5 restructuring; is that right?

6 A Yes. Page 7 lays out a restructuring of the amounts
7 available for unsecured claims.

8 Q Okay. And in terms of the plan of adjustment, what does
9 page 7 describe? Let me ask a different question. Fair to
10 say page 7 is the representation of what would happen if the
11 plan were confirmed?

12 A That is correct. Under these assumptions, these would be
13 the funds that would then get allocated to the various
14 creditors if the plan were confirmed.

15 Q And what does page 6 represent today?

16 A Page 6 would represent what would happen if there was no
17 bankruptcy or if the city was just continuing as though
18 nothing had happened.

19 Q Have you heard of something called a dismissal analysis?

20 MR. SOTO: Objection, your Honor.

21 MR. STEWART: I think I'm allowed to ask him if he's
22 heard of it.

23 MR. SOTO: Well, I don't want to have another one of
24 these where we waived it.

25 THE COURT: What is the objection, sir?

1 MR. SOTO: In his expert report and during his
2 deposition Mr. Malhotra did not offer us -- he offered no
3 opinions regarding a dismissal analysis, exactly none. He
4 was specifically asked, as the city's Rule 30(b)(6) witness,
5 if he had prepared a dismissal analysis, and his answer was a
6 very clear, no, I had not, because he had not been asked to.
7 And what the city is about to try to do is to try to backfill
8 on the fact that this witness did not prepare a dismissal
9 analysis by asking him if he can prepare one or if the
10 baseline could be arguably one. When he answered his
11 questions at deposition and when he gave his expert report,
12 the baseline already existed, and yet he knew and he
13 testified and he admitted on behalf of the city that he had
14 not prepared a dismissal analysis. And it would be highly
15 prejudicial at this point to allow the city to try to turn
16 Mr. Malhotra into something that he already admitted he was
17 not.

18 MR. STEWART: The question was, "Have you heard" --

19 THE COURT: Excuse me one second.

20 MR. WAGNER: We join the objection, very eloquently
21 stated.

22 THE COURT: You, too?

23 MS. O'GORMAN: Yes.

24 MR. STEWART: The question was has he heard of
25 something called a dismissal analysis.

1 THE COURT: True enough, and normally I would deal
2 with objections on a question-by-question basis, but where
3 are you going with this?

4 MR. STEWART: I'm going to ask him how this is
5 different from a dismissal analysis.

6 THE COURT: How what is different?

7 MR. STEWART: This document is different.

8 THE COURT: What's the purpose of asking that?

9 MR. STEWART: It would be a foundation to something
10 else, but it would also be useful so that we could see what
11 we do have versus what we do not have.

12 MR. SOTO: Your Honor, this --

13 THE COURT: Is that just another way of saying you
14 want to use this as your dismissal analysis?

15 MR. STEWART: No. It's what it is. I, frankly,
16 don't think it's very far from one, but I'm not saying it is
17 a dismissal analysis. On the other hand, I think it's very
18 probative of other issues in the case.

19 THE COURT: What other issues?

20 MR. STEWART: Well, it's probative of what the
21 legacy liabilities look like if the case is dismissed. It's
22 probative of what the city's cash flows look like if the case
23 is dismissed. It's probative of all those things. The
24 question he was asked is did he do a dismissal analysis, and
25 he said he did not. Fair point. They didn't ask further

1 questions than that, but I don't think that should handcuff
2 him to talk about the things that he did do.

3 THE COURT: Well, but wasn't the city asked to
4 provide whatever -- well, wasn't the city asked to provide
5 whatever testimony it was going to provide about a dismissal
6 analysis, and isn't this that testimony?

7 MR. STEWART: It is not that testimony. He was
8 asked about dismissal analysis. He was not asked to prepare
9 one and so on. This, though, as Mr. Soto correctly says, has
10 been in the record one way or the other for over a year. He
11 was questioned about this at no small length, and he did
12 testify about this, so there's no surprise as to this
13 document. In fact, as we remember, this is something we
14 first saw in June of 2013, so I don't believe that. If the
15 objection instead is, well, this isn't called a dismissal
16 analysis, and you're not offering it as such, I'll say that's
17 certainly true, but on the other hand, I don't think it is an
18 absolutely irrelevant exercise that he went through, and I
19 think certain of the things that are shown here as a result
20 of the meticulous modeling we have been through all too much
21 today are improbative or not probative of anything. And I
22 would add, finally, much of this would even go to weight and
23 could be dealt with on cross-examination.

24 MR. SOTO: Your Honor, if I can respond when you
25 feel it's necessary.

1 THE COURT: It feels to me like the relevance that
2 you offer for this is a dismissal analysis, although you deny
3 that, so I'm going to sustain the objection.

4 MR. STEWART: Okay. Let me then ask a few
5 questions, and I will wrap up.

6 BY MR. STEWART:

7 Q What does -- what do these two pages of Exhibit 733 set
8 forth?

9 A Page 6 shows the baseline scenario or pre-restructuring
10 scenario, and page 7 -- which basically shows the deficit,
11 and page 7 shows the post-restructuring scenario and the
12 funds available for unsecured claims.

13 Q Did you discuss this with any of the other advisors to
14 the city?

15 A Yes. These pages have been in our -- in the ten-year
16 projections, and so they've been discussed with all the other
17 advisors.

18 Q What did you say, if anything, to Mr. Buckfire about it?

19 A Page 6 and 7 have been a package, so what we've talked
20 about at length is the cost of the legacy liabilities and the
21 projection of the legacy liabilities of the city.

22 Q What discussions, if any, have you had with Mr. Orr about
23 your baseline analysis?

24 A It was similar in terms of the assumptions behind the
25 projections and the cost of the legacy liabilities for the

1 city.

2 Q Thank you.

3 MR. STEWART: Your Honor, one last thing. I'm not
4 sure I moved Exhibit 742 into evidence, so if I failed to do
5 so, I would move it in now. If you could put that up --

6 THE COURT: Any objections?

7 MR. SOTO: No objection, your Honor.

8 MR. WAGER: As a demonstrative, that's fine.

9 MR. STEWART: As a demonstrative. That's right.

10 THE COURT: All right. It is admitted.

11 (City Exhibit 742 received at 3:42 p.m.)

12 MR. STEWART: Thank you. Your Honor, that is all I
13 have with Mr. Malhotra.

14 MR. SOTO: Your Honor, not to impose on the Court,
15 but if the Court wouldn't mind if I could turn the podium a
16 little.

17 THE COURT: Fine.

18 MR. SOTO: Okay. Thanks.

19 THE COURT: Yep.

20 CROSS-EXAMINATION

21 BY MR. SOTO:

22 Q Mr. Malhotra, I had a neck operation, and I'm not
23 supposed to turn to the right. That's why I'm --
24 Mr. Malhotra, we haven't met, and my name is Ed Soto. I have
25 a few questions on some of the exhibits that you just went

1 over. And I think I'll hit those first, and then we'll go to
2 some questions I have about your expert opinions and your
3 prior testimony. All right. So, first of all, if I could
4 ask you to take a look at Exhibit 728. I just had a question
5 about your testimony on that.

6 MR. SOTO: And if we could put up Exhibit 728 --

7 BY MR. SOTO:

8 Q So looking at Exhibit 728, under the column of interest
9 where it says -- so on the first line where it says
10 "restructured UTG notes," and it goes to interest, various,
11 3.7 to 5.375, you see that?

12 A Yes.

13 Q Okay. So as to that interest rate, in calculating it,
14 did you take into account whether or not the UTG notes were
15 taxable or nontaxable?

16 A No, because those interest rates are the same as they
17 were on the original UTGO bonds.

18 Q Okay. And going down to the --

19 THE COURT: Excuse me one second. I want to nip
20 this issue in the bud. I want you just to answer the
21 question. Do you see how you didn't just answer the last
22 question? It was, "Did you take into account the tax,"
23 whatever. You said, "No, because." Please just answer the
24 question. We'll be here, I think, much less time.

25 BY MR. SOTO:

1 Q And then again with respect to the new LTGO bonds where
2 you have a 5.65 percent, do you know whether the underlying
3 obligations of those LTGO bonds are taxable or nontaxable?

4 A No.

5 Q You don't know?

6 A I don't know.

7 Q And then again with respect to the new B notes where it's
8 four percent and four percent and six percent, do you know if
9 the obligations reflected under those notes are taxable or
10 untaxable?

11 A I do not.

12 Q And then again with respect to the new C notes where it
13 was five percent, do you know if the obligations reflected by
14 the new C notes are taxable or untaxable?

15 A No, I do not.

16 Q And with respect to the restructured UTGO notes, do you
17 know if those obligations are taxable or untaxable?

18 A I do not.

19 Q All right.

20 MR. SOTO: If you could put up 737. That's my next
21 slide I had a question on.

22 BY MR. SOTO:

23 Q So looking at -- I think it's -- yeah, 737, what discount
24 rate did you use to determine the value of the B notes?

25 A We used five percent.

1 Q Five percent? Okay. And what discount rate did you use
2 to determine the value of the C notes?

3 A We used a five-percent discount rate to calculate the
4 present value.

5 Q And how did you value the settlement credits of -- I
6 think it's 6.3 million?

7 A In the 13 percent, they were included at the value of 6.3
8 million.

9 Q That's it?

10 A Yes.

11 Q Did you value the extension of the tunnel lease in
12 connection with this exhibit?

13 A No.

14 Q Did you value what Syncora got under the development
15 agreement in connection with this exhibit?

16 A No.

17 Q Did you value any other consideration received by Syncora
18 like the \$5 million in cash in arriving at this exhibit?

19 A No.

20 Q So if I could -- this is so hard to read, but Exhibit
21 614 -- on Exhibit 614, if the city intends to reject the
22 service contracts, did you calculate the rejection damages in
23 connection with your preparation of this exhibit?

24 A There were no rejection damages that were a part of this
25 exhibit.

1 Q All right. Let's change gears just a second. It's true,
2 isn't it, that in your view the biggest source of untapped
3 revenue for the City of Detroit is asset sales; correct?

4 A Yes. That is a primary -- that was a primary
5 opportunity, yes.

6 Q And it's also true that other cities all over the country
7 have privatized assets, and by that I mean they've taken
8 public assets and sold them and, therefore, made them
9 private; correct?

10 A They've entered P3 partnerships, yes.

11 Q But in all of your projections that we just went through,
12 you didn't consider the impact of the sale of even a single
13 piece of the art from the DIA collection, the impact that
14 would have on the city's revenues, did you?

15 A That is correct.

16 Q And so the record is clear, you also didn't consider the
17 impact that the sale of the entire collection of the DIA
18 would have on the city's revenue either, did you?

19 A That is correct.

20 Q And you also didn't consider the impact that any
21 alternative form of monetization of that art -- for example,
22 a loan against that art or a lease against that art, you
23 didn't consider what impact that would have on the city's
24 revenues; right?

25 A We included the proceeds from the grand bargain, so I

1 don't know if that's what you mean by "alternate" or not, but
2 that's --

3 Q Other than the grand bargain, you didn't include any
4 other potential monetization of the art?

5 A That is correct.

6 Q And you haven't run any alternative ten-year or forty-
7 year forecast that provided for a different treatment of the
8 art than what is currently contemplated by what is referred
9 to as the grand bargain; correct?

10 A Not that I recall. That is correct.

11 Q And you didn't perform that alternative analysis because
12 you weren't asked to; correct?

13 A That's correct.

14 Q Switching gears again, Mr. Malhotra, you talked briefly
15 about the new B notes that are included in the plan of
16 adjustment, and in the 40-year projection you summarize
17 hypothetical distributions to creditors; right?

18 A That is correct.

19 Q And you've included a present value calculation of the
20 new B notes using a five-percent discount rate; right?

21 A We have used a five-percent discount rate to calculate
22 the present value of recoveries, yes.

23 Q And you base this discount rate in part on what the
24 average interest rate on the outstanding limited tax general
25 obligation debt is of the city or I think you called it the

1 LTGO debt rate; right?

2 A That's one of the factors.

3 Q And so when you considered the appropriateness of a five-
4 percent discount rate for the present valuing of, you know,
5 creditor distributions, you looked at the LTGO interest rates
6 but not at their yields; correct?

7 A That is correct.

8 Q And just to clarify for the Court, the interest rate is a
9 static rate; right? It's set at the time of the issuance of
10 the bonds; correct?

11 A That is correct unless it's a floating rate, yes.

12 Q And a bond's yield reflects not only the interest rate
13 but also the price the bond is trading at on the open market;
14 right?

15 A Sure.

16 Q So the bond's yields tells us how the market values that
17 bond, right, which would include not only the interest rate
18 but also other factors that might impact the price of the
19 bond on the open market; correct?

20 A Potentially, yes.

21 Q But you didn't know at the time that you did your
22 analysis whether or not the new B notes were going to be LTGO
23 bonds or some other type of obligation; right?

24 A That is correct.

25 Q And you don't know if the market will value the new B

1 notes in the same way the market values the city's LTGO debt,
2 do you?

3 A The market will value what the market will value. I do
4 not know what the market will value.

5 Q Thank you. I agree. Now, you also based the five-
6 percent discount rate for present valuing the new B notes in
7 part on the long-term interest rates of AA-rated municipal
8 bonds; right?

9 A That is correct.

10 Q But you don't know whether the city will be a AA-rated
11 municipality for purposes of bond financing upon emergence of
12 Chapter 9, do you?

13 A I do not.

14 Q Switching gears again, Mr. Malhotra, you've been working
15 with the city now on various projects, if I understood your
16 testimony, since May of 2011; correct?

17 A That is correct.

18 Q And before the city filed its Chapter 9 petition, the
19 city was already engaged in restructuring efforts to improve
20 its fiscal condition; correct?

21 A That is correct.

22 Q And prior to that Chapter 9 filing, the emergency manager
23 put together an operating plan; correct?

24 A I would have to think back. I believe that's the case,
25 but I would have to see it just to get the exact date.

1 Q Let me hone in on then something you did testify. And on
2 June 14th, 2013, prior to the commencement of this Chapter 9
3 case, the city provided creditors with a proposal that you
4 referred to earlier, the proposal to creditors; right?

5 A That is correct.

6 Q You had some input on the creation of that proposal;
7 correct?

8 A I did.

9 Q And that proposal to creditors included restructuring and
10 reinvestment initiatives, didn't it?

11 A That is correct.

12 Q And so you understand as you worked on that proposal that
13 the city didn't need to file a Chapter 9 filing in order to
14 identify and propose a plan of action with respect to those
15 operational restructuring reinvestment initiatives that it
16 had proposed in the proposal to creditors in June of 2013;
17 correct?

18 A You would have to repeat that question. It was way too
19 long.

20 Q So you understood as you worked on that proposal that the
21 city didn't need to file a Chapter 9 filing in order to
22 identify and propose reinvestment initiatives like they did
23 in the proposal to creditors; correct?

24 A I want to make sure I answer this in -- the way I
25 understand your question is --

1 Q Oh, please do. If I can help you, let me know.

2 A Yeah. If you could just break that down into two
3 components because all I'm -- this sounds like there's two
4 questions in there. The city identified at that point --

5 Q You knew -- so, for example, in June of 2013, you knew
6 you were working on a proposal that included reinvestment
7 initiatives; correct?

8 A Yes.

9 Q And you knew there was no Chapter 9 filing; right?

10 A At that point in time, there wasn't.

11 Q And yet you knew you were proposing a proposal to
12 creditors that included reinvestment initiatives; correct?

13 A Yes. It was meant to -- yes.

14 Q Okay. Now, the city was proposing to do those
15 initiatives outside of Chapter 9; right?

16 A The city was highlighting the need that it had for the
17 different departments, and I'm highlighting the funding
18 required for those costs, but --

19 Q And, in fact, it was proposing those initiatives, wasn't
20 it, in a proposal to creditors?

21 A It was proposing what the city wanted to do in terms of
22 right-sizing the city's operations.

23 Q And you were doing that outside of Chapter 9; correct?

24 A That is correct.

25 Q Now, Mr. Malhotra, you had done work for the Detroit

1 Public Schools before your engagement by the City of Detroit
2 here; right?

3 A That is correct.

4 Q But you hadn't done a forecast of an actual city or
5 municipality before you performed the forecasts for the City
6 of Detroit in this Chapter 9; correct?

7 A That is correct.

8 Q Before you worked for the City of Detroit in this Chapter
9 proceeding, you had never done forecasting specifically for
10 any city; correct?

11 A Yes. That's correct.

12 Q And you haven't published any publications on
13 forecasting; right?

14 A Not on -- no, I have not.

15 Q And you don't hold yourself out as an expert in Chapter 9
16 bankruptcy, do you?

17 A No, I don't.

18 Q In fact, this is the first Chapter 9 bankruptcy that
19 you've worked on; correct?

20 A It is.

21 Q Now, the model that you used for the forecasting was
22 created by you and the folks at E&Y for the City of Detroit;
23 correct?

24 A Yes.

25 Q It didn't exist before E&Y created it in this engagement;

1 correct?

2 A That's correct.

3 Q And in connection with your work for the city when you
4 were pulling together that model, you didn't look at any
5 other Chapter 9 financial models; correct?

6 A We did not look at other Chapter 9 financial models.

7 Q And, in fact, when you were putting together your model,
8 you didn't know the components of financial models used in
9 other Chapter 9 cases, did you?

10 A The components of -- no. I think the components of
11 financial models are revenues and expenses, so I don't know
12 about if there's a Chapter 9 model somewhere. I did not look
13 at other Chapter 9 models.

14 Q One second. Let me hand you your deposition, see if --

15 A Okay.

16 Q It's a copy of your July 15th, 2014, deposition, and I'll
17 ask you to look at page 38 starting at line 5 to line 9. Did
18 I ask you this question --

19 MR. STEWART: Could we wait till I can get to it in
20 my --

21 MR. SOTO: Sure.

22 MR. STEWART: Go ahead.

23 BY MR. SOTO:

24 Q "Question: That wasn't my question. You
25 haven't looked at any other Chapter 9 financial

1 models; correct?

2 Answer: I did not go and look at other Chapter
3 9 financial models. That is correct."

4 Is that your -- is that your answer to that
5 question?

6 A Yes.

7 Q And you were telling the truth then?

8 A Yes.

9 Q And, in fact, when you were putting together your
10 financial model, you didn't know the components is the next
11 question I asked you. Do you recall -- looking again at line
12 16 through 20 of page 39, did I ask you this question, and
13 did you give this answer?

14 MR. SOTO: Geoff, you ready?

15 MR. STEWART: Oh, yeah. I would object. I don't
16 think it's proper impeachment, your Honor, because I don't
17 think there was an inconsistent answer, but -- so I don't
18 think it's appropriate, but I'll leave that up to Court.

19 THE COURT: You may proceed.

20 BY MR. SOTO:

21 Q "Question: You don't know what financial models
22 have been used in Chapter 9's; correct?" is the
23 question.

24 "Answer: I do not know the components of the
25 financial models of other Chapter 9 cases. That is

1 correct."

2 Did I ask that question? Did you give that answer?

3 A Yeah. That was a question that was asked, and that was
4 the answer that I gave at that time, yes.

5 Q And you were telling the truth then; correct?

6 A Yes.

7 Q And you can't identify any Chapter 9 bankruptcy where an
8 expert has done forecasting similar to what you've done in
9 this case; right?

10 A That is correct.

11 Q In fact, before you put together your expert report in
12 this case, you didn't attempt to investigate what had been
13 done in other Chapter 9 bankruptcies; right?

14 A What had done with financial models in bankruptcies?

15 Q Right.

16 A That is -- could you ask me that question once again,
17 please?

18 Q Sure. The question I asked before was can you identify
19 any Chapter 9 bankruptcy where an expert has done forecasting
20 similar to what you've done in this case?

21 A I do not -- yes, I cannot.

22 Q Okay. Switching gears again so you get in the context,
23 it's correct, isn't it, that as of the time of your analysis
24 and, in fact, even when you were deposed, the city had made
25 no arrangement with Ernst & Young to continue updating your

1 forecast after this bankruptcy is done; right?

2 A Yeah. We had not reached a formal arrangement. That is
3 correct --

4 Q And the scope --

5 A -- at that point in time.

6 Q I'm sorry. Go ahead. I didn't mean to interrupt.

7 A At that point in time.

8 Q And the scope of Ernst & Young's role in the event that
9 the plan of adjustment is confirmed has not been agreed upon
10 yet, has it?

11 A It has.

12 Q Okay. Fair enough. Can you tell the Court what it is?

13 A EY's restructuring team is going to continue to assist
14 the city through December of 2015 in monitoring cash flows
15 and helping with actual versus forecast performance.

16 Separately, EY is engaged to help the city on its HR
17 implementation technology and its ERP program.

18 Q And, again, through December of 2015 on both of those?

19 A I'm not sure of the exact date of -- the outside date of
20 both of those. I'm confident of the date for the
21 restructuring services.

22 Q But it's a fact, isn't it, that you've produced many
23 versions of your -- I think I saw many today -- of your ten-
24 year projection and your forty-year projection; correct?

25 A Yes.

1 Q And that's because you've had to continuously update the
2 forecasts as assumptions change and other inputs change;
3 correct?

4 A That is correct.

5 Q And you agree that any of the assumptions in your model
6 can change over a ten-year and forty-year period; correct?

7 A Some assumptions can change over a ten-year and forty-
8 year period.

9 Q And you agree that the timing of the reinvestment
10 expenditures, for example, as they're paced could change,
11 which, again, would affect the assumptions in your model;
12 right?

13 A If you change the timing assumptions from what they are
14 today, the numbers will change.

15 Q And you agree that unforeseen changes can have an impact
16 on your forecast; right?

17 A Yes.

18 Q And, again, you haven't included a line item in your
19 forecasts -- I went back to look -- in which you've provided
20 for ongoing professional fees of Ernst & Young for a ten-year
21 period or a forty-year period consistent with your
22 projections; right?

23 A The fees for Ernst & Young for the forthcoming year after
24 the current fiscal year will be funded through specific
25 projects, but there are no additional fees over ten and forty

1 years.

2 Q Because you might not be there over ten or forty years;
3 correct?

4 A That is correct.

5 Q And it would also be fair to say that the assumptions in
6 your forecast depend on certain policy choices by Detroit
7 officials; correct?

8 A Yes.

9 Q And in the future during the ten-year period addressed by
10 your ten-year forecast, there might be different decision-
11 makers who are responsible for determining Detroit's
12 policies; right?

13 A Yes. People -- yes.

14 Q You would agree that the projections that you testified
15 about this morning and actually through the afternoon are
16 dependent on the successful implementation of the city's
17 budget and the reliability of other estimates and assumptions
18 that are the basis of your projections; correct?

19 A I'd request you to break that question down, please.

20 Q Sure. Would you agree that the projections that you
21 testified about today are dependent on the successful
22 implementation of the city's budget, that they stick to the
23 budget that's part of your projections?

24 A The city generally does a one-year budget or two --
25 they're going to go to a triennial budget. The 2015 budget

1 is going to be a transitional year, so the city is going to
2 use these projections to form the basis of a budget, so I'm
3 just not sure that I completely understand your question
4 because there isn't -- the budget is going to continue to
5 evolve and is an iterative process that continues to get
6 amended, so 15 and 16 and 17 will be essentially based on the
7 projections that are existing today.

8 Q So it's your view that, for example, the projections that
9 you created have both form of budgets in it. They presume
10 certain things are going to be done and certain items are
11 going to be in the city's budget; correct? That's part of
12 your projection for ten years. That's also part of your
13 projection for forty years; correct?

14 A Yes.

15 Q And if those presumptions are not carried on by the city,
16 if they're not included, for example, in the one-year budgets
17 that you just discussed, they would have an impact on your
18 projections; correct?

19 A I'm trying to just think of specifics. If you change the
20 assumptions, the numbers do change.

21 MR. SOTO: Thank you, Mr. Malhotra. Your Honor, we
22 have to proffer two clips of Mr. Malhotra's testimony as a
23 30(b)(6) witness for the city. We would proffer them at this
24 time and play them at this time.

25 THE COURT: Any objections?

1 MR. STEWART: I need to know what clips they are and
2 what page and lines they are.

3 MR. SOTO: Sure. They are the -- they're both from
4 the July 15th, 2014, deposition. They are page 144, lines 9
5 through 12, and page 115, line 25, through page 116, line 6.
6 They have actually both been played before in this courtroom.

7 MR. STEWART: I have no objection, but we'll have to
8 on redirect, your Honor, deal with a completeness issue as to
9 the second clip.

10 THE COURT: Okay. Mr. Stewart, can you pull that
11 microphone closer to you, please?

12 MR. STEWART: Very good.

13 THE COURT: All right. You may proceed, sir.

14 MR. SOTO: And actually I'm only playing the first
15 clip, so you won't have to worry about it. I don't know why
16 I said that. The first clip, which is page 144, nine through
17 twelve, is the only one we're proffering. If you could play
18 it --

19 (Deposition clip of Mr. Malhotra's deposition played as
20 follows:)

21 "Question: You haven't been asked to look at
22 what would happen if the petition is dismissed by
23 the city or the state; correct?

24 Answer: That is correct."

25 (Deposition clip concluded)

1 MR. SOTO: No further questions, your Honor.

2 THE COURT: Okay.

3 MR. WAGNER: Your Honor, Jonathan Wagner on behalf
4 of the COPs. May I proceed?

5 THE COURT: Yes, please.

6 CROSS-EXAMINATION

7 BY MR. WAGNER:

8 Q Good afternoon, Mr. Malhotra. You and I have never met,
9 have we?

10 A I don't believe so, no.

11 Q I also have some questions -- a few questions about the
12 exhibits that we're seeing for the first time today.

13 MR. WAGNER: Can you put up Exhibit 742?

14 BY MR. WAGNER:

15 Q Now, this is one of the calculations that you were
16 instructed to perform at the direction of counsel; is that
17 correct?

18 A That is correct.

19 Q Now, the totals there by my math equal about 1.6 billion;
20 is that fair?

21 A Yes.

22 Q And if the UAAL was 3.1 billion, then the -- or if the
23 liability -- if the amount of the claim was 3.1 billion, then
24 the return rate for the pension classes would be about 51, 52
25 percent, 1.6 over 3.1?

1 A Could you ask me that question again? I apologize.

2 Q If you add those two together and you divide by 3.1
3 billion, which is the size of the pension claim you testified
4 to earlier today, that's a recovery rate of about 52, 53
5 percent; right?

6 A That math sounds right.

7 Q Okay. But that's not anywhere in the plan, is it?

8 THE COURT: Excuse me one second. We've had a
9 disconnect here. The question was not or not entirely about
10 the math. The question was whether the recovery rate is 50
11 or 51 percent.

12 THE WITNESS: Your Honor, under -- using \$1.6
13 billion of a present value over a \$3.2 billion claim and
14 where the \$1.6 billion has been calculated at a 6.75-percent
15 discount rate, that recovery percentage equates as long as
16 the claim is also valued at \$3.2 billion.

17 THE COURT: Okay.

18 BY MR. WAGNER:

19 Q But the percentages in the plan are 59 and 60 percent,
20 are they not?

21 A Are we using a five-percent discount rate?

22 Q That's what you used in the plan; correct?

23 A That is the same -- that is the five percent discount
24 rate we have used, yes.

25 Q And the plan has been amended several times since you

1 first laid out -- since the city first laid out the 59- and
2 60-percent return rates?

3 A Yes. The plan has been amended.

4 Q The plan was amended as late as two weeks ago; correct?

5 A That is correct.

6 Q And it still uses 59 and 60 percent; right?

7 A Yes. We use the same discount rate.

8 Q And your projections that you prepared originally showed
9 a recovery rate of 59 and 60 percent, did they not?

10 A Yes. They showed a 59- or 60-percent on that claim
11 amount and the distributions assuming a five-percent discount
12 rate.

13 Q Okay. And the projections that you prepared just a week
14 ago also show 59- and 60-percent recovery, do they not?

15 A Based on the same assumptions that I just answered
16 earlier, yes.

17 Q And, again, the only reason you prepared -- used 6.75 is
18 because your counsel told you to; right?

19 A That is correct.

20 MR. WAGNER: Now, can you put up Exhibit 723? No.
21 The city has to put it up, 723.

22 BY MR. WAGNER:

23 Q Now, here you showed UAAL pre-petition of a billion eight
24 for GRS and a billion 250 for PFRS; correct?

25 A That's correct.

1 Q And now -- this is as of 2014 -- you've had a substantial
2 reduction in the UAAL; correct?

3 A Yes.

4 Q I think you testified that the unfunded liability has
5 gone from 53 percent -- about 53 percent and 71 percent to in
6 the 70s for both of them; is that correct?

7 A I think I said it was pretty close to the target. PFRS
8 may be slightly higher. I do not remember the exact funded
9 percentage status today. I think GRS may be close to 70, and
10 PFRS may be a little higher, but I do not remember the exact
11 numbers.

12 Q I'm right for PFRS you've already hit the target; right?

13 A Yes.

14 Q And by the way, the billion 879 and a billion 250, that
15 was calculated and used -- that was calculated using a 6.75
16 discount rate; correct?

17 A That is correct.

18 Q And if you used a higher discount rate, the UAAL would be
19 smaller, correct, or the unfunded portion would be smaller?

20 A If that is the only assumption that you changed, the
21 numbers would be different.

22 Q And you also testified that the 6.75 was a negotiated
23 rate; right?

24 A It was a part of the settlement, yes.

25 Q And are you aware that the retiree has said that the 6.75

1 is not based on pension practice?

2 A I'm not aware of that.

3 Q Okay. And are you aware that the expert for the Retiree
4 Committee --

5 MR. STEWART: Objection, your Honor. I'd like to
6 know why he's asking one witness about the testimony of
7 another.

8 THE COURT: Well, let me hear the whole question,
9 and then I'll hear your objection. Go ahead, sir.

10 BY MR. WAGNER:

11 Q Are you aware that the Retiree Committee expert has
12 testified that the 6.75 is an outlier?

13 MR. STEWART: I'd repeat my objection, your Honor.

14 MR. WAGNER: Well, he's testified to why he used
15 particular numbers. I think I'm entitled to show because he
16 has given testimony about the UAAL that the numbers he's used
17 misstate the UAAL.

18 THE COURT: The objection is sustained.

19 BY MR. WAGNER:

20 Q Now, this past year I'm right that the returns have
21 exceeded 6.75 percent?

22 A Yes.

23 Q And that's why the unfunded liability has gone down;
24 correct?

25 A That's only one of the reasons.

1 Q We'll get to that in a minute. You testified concerning
2 the fees that have been incurred. This is Exhibit 767. I
3 think the total fees are 182 million for 2014 and 2015;
4 correct?

5 A That is correct. It includes an estimate as well for
6 fiscal year '15, but that is what the schedule shows. That
7 is correct.

8 Q Now, does this figure also include the fees prior to
9 2014?

10 A No.

11 Q Do you know what the fees have been from the time -- all
12 the professional fees from the time you were retained in 2011
13 until this chart?

14 A I do not.

15 Q Was it \$10 million? Was it more than \$10 million?

16 A My recollection is it would be less than \$10 million.

17 Q Okay. But just the 182 million, that exceeds the amount
18 of the COP reserve, does it not?

19 A The \$182 million is larger than the \$162 million COPs
20 reserve.

21 Q You also gave some testimony about the return to COPs.
22 The total amount of COPs are a billion four; right?

23 A That's the COPs claim.

24 Q And the interest rate on those COPs under the B notes at
25 the beginning is four percent; right?

1 A Yes. The B notes the interest rate is four percent for
2 the first decade.

3 Q So am I right that the debt service on another ten
4 percent of the COPs, 140 million, would be \$5-1/2 million?
5 Putting aside amortization, just the interest cost would be
6 5-1/2 -- about 5.6 million, 140 times .04?

7 A Yeah. I mean that -- overall in terms of the actual
8 incremental interest, if you're just looking at interest, I
9 think that would be the rough math.

10 Q Now, you also gave some testimony about a plan freeze.
11 Do you recall that?

12 A Yes.

13 Q And I think you said there'd be no more accrual of
14 benefits under the plan on account of a plan freeze. Do you
15 recall that?

16 A Yes, under the old plan.

17 Q And do you recall that you said that that would reduce
18 the pension liability?

19 A Yes.

20 Q And there's no dispute about that, is there?

21 A I do not know there's a dispute or not.

22 Q Okay.

23 MR. WAGNER: Can you put up Exhibit 1009? Your
24 Honor, this is a letter from Milliman. It's already in
25 evidence based on your Honor's September 2nd order.

1 BY MR. WAGNER:

2 Q Can you turn to page 3 of the document?

3 MR. STEWART: Do you have a hard copy version of
4 that?

5 MR. WAGNER: I don't with me. I didn't realize he'd
6 be testifying about these issues, so I didn't know.

7 MR. STEWART: Excuse me a moment.

8 MR. WAGNER: Now, can you blow up the portion that
9 says "estimated plan freeze impact"?

10 BY MR. WAGNER:

11 Q Do you see it says, "Our preliminary result as of June
12 30, 2013, based on an investment return assumption of 6.75 is
13 that the impact of the plan freeze represents a decrease of
14 roughly 95 billion -- 95 million or roughly 12 percent of the
15 active liability"? Do you see that?

16 A Yes.

17 MR. WAGNER: And can you just go to page one of the
18 document, and can you highlight the "re." line?

19 BY MR. WAGNER:

20 Q So this is for -- this is for GRS; right?

21 A Yes.

22 Q So the impact of a plan freeze with respect to GRS is a
23 reduction of liability of 95 million; right?

24 MR. STEWART: Objection.

25 THE COURT: What is your objection?

1 MR. STEWART: That's what the document says. A
2 question is -- I don't know if he's saying that that's what
3 the document says or whether he's asking the witness his
4 independent view.

5 THE COURT: Which is it?

6 MR. WAGNER: I'm asking if he knows. He testified
7 he got input from Milliman. I'm asking whether he -- if
8 that's his understanding.

9 THE WITNESS: That's what the document says.

10 MR. WAGNER: Can you turn to Exhibit 1010? Can you
11 put up Exhibit 1010?

12 THE COURT: Well, let me say, counsel, that we don't
13 need you to have this witness read into the record documents
14 that are already in evidence. If there's some other purpose,
15 go for it, but --

16 MR. WAGNER: That's fine.

17 BY MR. WAGNER:

18 Q Now, you discounted the state contribution at a rate of
19 6.75 percent?

20 A That is correct.

21 Q And why did you do that? Is that also at the instruction
22 of counsel?

23 A That was part of the discussion with the state.

24 Q And was the 6.75 supposed to represent any risk that
25 payment would not be made?

1 A That's a question I guess to ask the state, but the 6.75-
2 percent discount rate used to calculate the present value of
3 the \$350 million the state is contributing was based on an
4 overall agreement with the state.

5 Q So that was simply another agreement that was negotiated;
6 correct?

7 A Yes.

8 MR. WAGNER: Nothing further, your Honor.

9 CROSS-EXAMINATION

10 BY MS. O'GORMAN:

11 Q Good afternoon, Mr. Malhotra. My name is Debra O'Gorman.
12 I represent MIDDD. Now, you're not an expert in tax policy,
13 are you?

14 A I am not.

15 Q And you're not an expert in tax forecasting, are you?

16 A I am not.

17 Q You're not an economist, are you?

18 A I am not.

19 Q You have no expertise in pensions; correct?

20 A I'm not an actuary.

21 Q You don't have any expertise in urban policy or planning,
22 do you?

23 A No, I do not.

24 Q You don't have any expertise in blight reduction, do you?

25 A No, I do not.

1 Q Are you an expert in art valuation?

2 A No.

3 Q Are you a CPA?

4 A I am not.

5 Q And you've never before been qualified as an expert in
6 accounting; correct?

7 A That is correct.

8 Q Now, in preparing your forecast, you relied on many
9 others to provide assumptions for you; is that correct?

10 A Input, yes.

11 Q And these were other experts as well as various people
12 from the city; correct?

13 A Yes.

14 Q And as to the anticipated tax revenues that are built
15 into your forecasts, you didn't perform your own work in that
16 regard; correct?

17 A We had experts for that, but I did look through the
18 assumptions.

19 Q Thank you. You answered my question. So you relied on
20 Mr. Cline and Ms. Sallee for that information?

21 A I relied on Ms. Sallee and Bob Cline.

22 Q And you're not offering any opinions on tax policy;
23 correct?

24 A That's correct.

25 Q And you're not offering any opinions on whether the city

1 could seek to increase taxes, are you?

2 A I'm not making any comment on policy, tax policy.

3 Q And you're not offering any opinion on whether the city
4 could ask the state to collect taxes on their behalf, are
5 you?

6 A That is correct.

7 Q Would you agree that Mr. Cline and Ms. Sallee are the
8 most knowledgeable about the analysis they performed with
9 respect to tax revenues?

10 A Yes, for each of the purposes that they -- for each of
11 the tax lines that they forecasted, yes.

12 Q And would you agree that taxes are the biggest driver of
13 city revenues?

14 A Yes.

15 Q And they're the primary source of revenue for any
16 municipality; correct?

17 A They are. They are. Taxes are a primary source of
18 revenues and -- yes.

19 Q Okay. And you relied on others for that work; right?

20 A I relied on experts for that work.

21 Q Okay. And you also relied on Conway MacKenzie; correct?

22 A Yes, for specific revenue and expense items.

23 Q And those were the reinvestment initiative items that you
24 relied on Conway MacKenzie for?

25 A Yes, and, as I said, in conjunction with the work that we

1 had already done to make sure there was no double counting.

2 Q And you didn't do any independent analysis or testing of
3 those numbers, did you?

4 A I did.

5 Q You did?

6 A Yes. I just said I made sure that none of the operating
7 revenue initiatives or any of the operating expenditures were
8 double counted in any fashion in the baseline.

9 Q So you just avoided the double counting, but you did no
10 other analysis of the accuracy of any of the numbers
11 themselves?

12 A In terms of the analysis, I mean we also went through the
13 headcount assumptions in a lot of detail in terms of what
14 were the average revenue -- average salary assumptions that
15 were being used in terms of all the headcount that was coming
16 in and regardless of any double counting to make sure that
17 the fringe rates and the average salary levels and the
18 headcount assumptions were vetted by department.

19 Q Okay. But you would agree that Conway MacKenzie would be
20 the most knowledgeable about their work; correct?

21 A Yes. People who only do specific work, yes, are more
22 knowledgeable about their work.

23 Q Okay. And you also relied on Miller Buckfire for your
24 assumptions?

25 A For the quality of life loan and the exit financing

1 assumptions, yes.

2 Q Did you verify the accuracy of Miller Buckfire's work?

3 A I had supporting information that was provided by the
4 financing sources, and we had discussions about the structure
5 based on what input they got from the financing sources, so
6 we did spend a lot of time discussing those versus just
7 plugging them into a model.

8 Q Okay. Did you also rely on Milliman in forming your
9 assumptions?

10 A Yes. We used Milliman's input on the assumptions in some
11 of the legacy liabilities.

12 Q And Milliman would be most knowledgeable about the work
13 that they performed; correct?

14 A Yes.

15 Q And you were asked by Mr. Soto about policy choices by
16 future decision-makers. Would you be required to speculate
17 in order to determine what policy choices Detroit's future
18 leaders would make over the next ten years?

19 A Could you ask me that question again, please?

20 Q Would it be speculation on your part for you to determine
21 now today what Detroit's future leaders -- what decisions
22 they would make?

23 A Yeah. I cannot decide or comment on all the policy
24 decisions the future governments make.

25 Q So you'd be speculating; right?

1 A Yes. I mean they -- yes. If any --

2 Q Okay. Thank you.

3 A I can't comment on all the policy decisions or policy
4 decisions that government leaders will make in the future.

5 Q Because you'd have no way of knowing what will happen;
6 right?

7 A Well, I would not know of anything about tax policies
8 that -- yes. I would not know what some administration does
9 down the road in the future.

10 Q You wouldn't know what decisions would be made in the
11 future; correct?

12 A That is correct, in the future.

13 Q Okay. Now, you didn't use any kind of mathematical
14 formula in identifying the historical trends that went into
15 your forecast; correct?

16 A No, that's not.

17 Q In what way is that incorrect?

18 A Well, I just want to make sure I'm -- there are lots of
19 line items if you've gone through individual line items, and
20 in terms of looking at the trends, we've looked at some of
21 the line items that needed either an average or we used some
22 of the last 2013 numbers in terms of the forecast, so --

23 Q So you used averages, but you didn't use a regression
24 analysis or any kind of sophisticated mathematical modeling;
25 correct?

1 A I don't know if regression analysis is sophisticated
2 mathematical modeling, but in terms of the actual costs that
3 were in specific departments or revenues, we did use
4 mathematical formulas in our forecasting.

5 Q But I'm asking you a different question about historical
6 trends. Didn't you just take a couple of years of data and
7 do an average and make some adjustments and carry those
8 numbers forward? Isn't that what you did?

9 A No. I think we went through a very robust process of
10 looking through and understanding what the changes were, what
11 the assumptions were. We spoke to the management team. We
12 reviewed those numbers with the management team and then
13 started to come up with forecasts versus just look at a
14 couple of years and put a number in there.

15 Q Right. So you had historical data, and you made some
16 adjustments based on your conversations with city department
17 heads; right?

18 A And analyses of each of those line items to understand
19 what was in there, what were one-time trends, what was
20 repeating numbers and going -- that would impact the forecast
21 going forward.

22 Q Now, would you agree that increased taxes would be a
23 potential source of revenue for the city? I'm just asking if
24 it could be a potential source of revenue.

25 A Leaving everything else aside and leaving everything else

1 the same, if taxes go up, the revenues -- the overall picture
2 will look better.

3 Q Right. And you were instructed by the emergency manager
4 to assume that tax rates would remain constant; correct?

5 A That's right.

6 Q And you were also asked to assume by the emergency
7 manager that there would be no new taxes, you know,
8 additional taxes that don't exist today?

9 A That is correct.

10 Q And you've done no analysis of the collection of
11 delinquent taxes in your model?

12 A We have not.

13 Q And I wanted to ask you about the B and C notes that we
14 talked about earlier. Now, the new B notes are interest only
15 for ten years; correct?

16 A That is correct.

17 Q And those are unsecured obligations of the city; correct?

18 A Yes.

19 Q And you don't know whether they're taxable or not?

20 A I do not.

21 Q Now, would you agree that as a general proposition that a
22 higher rate of return would typically be demanded by the
23 market for a taxable bond versus a nontaxable bond?

24 A I don't want to -- I can't comment on that.

25 Q Now, under the plan the city is issuing new C notes;

1 correct?

2 A That is correct.

3 Q And those have a 12-year maturity as opposed to 30 years
4 with B notes; correct?

5 A That is correct.

6 Q And would you agree that notes with shorter maturities
7 would typically have less payment risk than those with longer
8 maturities?

9 A I would not want to comment on that.

10 Q And the new C notes amortize principal with the first
11 annual payment; correct?

12 A That is correct.

13 Q And the B notes are interest only; correct?

14 A They are interest only for the first ten years.

15 Q And the C notes pay what interest rate?

16 A Five percent.

17 Q And the B notes pay four percent for the first 20 years;
18 correct?

19 A That is correct.

20 Q Would you agree that the amortizations -- that under the
21 new C notes there's less of a risk of nonpayment than the B
22 notes?

23 A The money is coming from the city. The risk profile is
24 the risk profile.

25 Q But the new C notes, there is a payment of principal from

1 the start; correct?

2 A That is correct. I'm saying the source of the funding is
3 the same. It's the city, its cash flows.

4 Q Well, that's not really true, is it, because the C notes
5 are paid from parking revenues; correct?

6 A At the end of the day, the C notes are paid through
7 improvement in parking revenues, but it's going to come out
8 of the general fund at the end of the day.

9 Q Okay. Well, is there any segregation of funds for
10 payment of the new B notes?

11 A No.

12 Q They come from the general obligations of the city;
13 correct?

14 A Yes.

15 Q Have you taken into account improvements in the economy
16 in the last four or five years in your forecast?

17 A In terms of the tax forecasts?

18 Q Generally, the economy in general.

19 A I would think that the pieces that impact Detroit, for
20 instance, for what we have seen in the trends and the sales
21 and charges for services -- I don't know if it's anything
22 related to the improvement in economy versus not, but I've
23 looked at in detail all the revenue items that are impacting
24 Detroit, so I don't know if -- what you would ascertain to an
25 improvement in economy versus not.

1 Q But you do agree that the economy of Detroit has been
2 improving since 2008, 2009; correct?

3 A I would say that overall since 2008, 2009 I think the
4 economy overall has improved.

5 Q And you didn't make any specific effort to include those
6 improvements in your forecast; correct?

7 A Well, we have looked at the trends from 2008, 2009 in all
8 of the department financials, so my point is they would be
9 imbedded in there if there was any direct improvement.

10 MS. O'GORMAN: Okay. Thank you. That's all I have.

11 THE COURT: Any other cross-examination of the
12 witness?

13 MR. SOTO: No, your Honor.

14 THE COURT: Redirect?

15 MR. STEWART: No redirect, your Honor.

16 THE COURT: Stand by one second, please. So to what
17 extent, sir, did you make independent judgment about the
18 reasonableness of the assumptions in the city's ten-year
19 forecast or projections?

20 THE WITNESS: It was quite extensive, your Honor.

21 THE COURT: It was. Are you familiar with the
22 concept of critical assumption?

23 THE WITNESS: Yes.

24 THE COURT: Okay. I want to ask you what are the
25 two or three most critical assumptions in the city's ten-year

1 forecast or projections that concern you the most?

2 THE WITNESS: The first one, your Honor, one would
3 be the unfunded pension liability of the city at the end of
4 the ten years because -- and a lot of this in terms of the
5 settlements of the creditors we have boxed in what the city's
6 liability will be. On the side of the pensions, we are still
7 using calculations to estimate what that ten-year unfunded
8 liability will be. So that would be my first one as a
9 concern because it's an unknown. It's an estimate, but it's
10 still not boxed in in terms of how we have boxed in our best
11 ability of the other claims.

12 The second assumption in terms of what would give me
13 concern is we are trying to get five-year labor agreements,
14 and we just want to make sure that even after those five
15 years there are various assumptions in the plan with respect
16 to retiree healthcare for our current active employees that
17 have been taken down significantly, so just so that the city
18 has gone through a painful process of dealing with the
19 retiree healthcare of its current retirees so that it does
20 not happen again could be a five-year contract, so I just
21 don't know what happens after those five years.

22 Those would be the top two, and then the last one,
23 which is more general, is just the implementation of the plan
24 now because the roadwork has been created in some fashion.
25 Our blueprint is existing, but I think the same amount of

1 rigor has to now go into the implementation or probably even
2 more rigor than in sort of developing the blueprint, and I
3 would say those, in my view --

4 THE COURT: What concerns you about the
5 implementation of the plan? Can you be more specific about
6 what your concerns are?

7 THE WITNESS: There's a lot of change, your Honor --
8 I mean that has to happen over the next four to five years
9 with respect to the -- all of the department revenue
10 initiatives as well as the process improvements, and so I
11 am -- from all the time I've spent with the mayor and the
12 CFO, I'm very comfortable there in terms of the
13 implementation ability, but it's just the speed of the
14 implementation. We have significant uptick in revenues in
15 the plan that are based on reinvestments. Yes, they come
16 five years down the road, but -- so I think we will just have
17 to make sure that we have the rigor to implement the plan.

18 THE COURT: Make sure we have the what?

19 THE WITNESS: A rigorous focus on implementing the
20 plan. I'm less concerned about line items moving up and down
21 in terms of costs, but I would not want to have a change in
22 terms of taking one-time CAPEX items and converting that into
23 long-term increased cost of the -- increasing the fixed cost
24 structure of the city long term.

25 THE COURT: Well, do you have any concern about

1 willingness or the ability of the city to implement the plan?

2 THE WITNESS: From all the conversations I have had
3 with the leadership team, I have -- I do not have concern
4 about the willingness to implement the plan. The ability of
5 the collective team to implement the plan is a function of
6 time and focus on these particular efforts once the city
7 exits from bankruptcy. And I've been involved with the city
8 for over three and a half years and understand the practical
9 limitations that the city will be faced with of implementing
10 the plan post-bankruptcy, and it's that constant focus of
11 making sure that the city is going to implement this plan is
12 critical.

13 THE COURT: Did you testify earlier that E&Y's
14 contract with the city has been extended through 2015?

15 THE WITNESS: That is correct, your Honor.

16 THE COURT: Calendar year or fiscal year?

17 THE WITNESS: December 31st, 2015.

18 THE COURT: December 31st. And will part of that
19 work continue the work that E&Y has done with respect to cash
20 management?

21 THE WITNESS: Yes, your Honor.

22 THE COURT: What is your judgment on whether the
23 city will be able to take over those cash management
24 functions that E&Y does now and will do through December of
25 2015 at that time?

1 THE WITNESS: It will -- it depends, your Honor, on
2 the people that are hired over the course of the next few
3 months, and so it's hard for me to comment today. Today I
4 wouldn't be comfortable saying that I could just hand it
5 over, but I think as the existing team at the city continues
6 to get some more resources around them, there is a potential
7 that these cash management services can be transitioned,
8 especially once we have a little more stability through this
9 transitional year that the city is going to be going through.

10 THE COURT: What would the consequences be if the
11 city did not renew the contract after December of 2015 or
12 find a substitute contractor to do the work and it were not
13 ready to assume proper cash management functions?

14 THE WITNESS: The risk in that scenario, your Honor,
15 is exactly twofold, one, because of the state law and having
16 a clear amount -- a handle on cash before you're going into
17 the next budget year because you have to maintain that five
18 percent, so it's a controls issue in terms of that may get
19 impacted, and really so -- and I would say what would get
20 impacted is the long-term forecast ability of the city will
21 get impacted because a lot of -- a lot of the issues have
22 come up because the city did these one-year budgets or one-
23 year outlooks whereas looking at cash flows over a longer
24 time frame and managing cash over the long term, so that is
25 the risk that we run into in which we can again focus back

1 into the very short term and make decisions based on the
2 outlook of a very short term.

3 THE COURT: So is it fair to say that it is your
4 judgment that maintaining adequate cash flow competency
5 either by an outside contractor or adequate inside resources
6 is critical to the implementation and feasibility of the
7 plan?

8 THE WITNESS: I do, your Honor.

9 THE COURT: All right. That's all I have. Any
10 follow-up questions? All right. Before we break for the
11 day -- you're excused, sir.

12 (Witness excused at 4:45 p.m.)

13 THE COURT: I think that rather than start on
14 another witness, we will recess here in a moment, but,
15 Ms. Lennox, I want to talk to you, please.

16 MS. LENNOX: Yes, sir.

17 THE COURT: First, I have a news flash for you.

18 MS. LENNOX: Okay.

19 THE COURT: You have a message from my assistant,
20 Chris. Please call her.

21 MS. LENNOX: Okay. I will do that, your Honor.

22 THE COURT: Have you had any conversation with Mr.
23 Flynn about the plans to deal with the Detroit Fire Fighters'
24 issues tomorrow?

25 MS. LENNOX: I have, your Honor, and --

1 THE COURT: Where are we with that?

2 MS. LENNOX: So I guess we were confused where this
3 came from, and apparently it came from an entry that your
4 Honor put on the docket on September 3rd stating that the
5 issues for the UAW and the DFFA will be presented on
6 September 30th.

7 THE COURT: Right.

8 MS. LENNOX: Well, the DFFA had never designated any
9 witnesses. They were not -- they did not indicate to us that
10 they were planning to put on a fact case, and so we were a
11 little confused by what DFFA issues because they hadn't
12 designated witnesses. After I spoke with Mr. Flynn, he
13 indicated that they do not intend to present factual issues.
14 In fact, they will be withdrawing the objections to
15 confirmation as to certain factual matters. They are
16 preserving their objections with respect to the legal issues,
17 which, as your Honor may recall, Mr. Legghio and I argued
18 back in July. So I believe it is their view -- and we would
19 concur since they don't plan to present witnesses -- that
20 they would have no need to come into court tomorrow unless
21 your Honor has questions for them that you'd like them to
22 answer.

23 THE COURT: Okay. Thank you for that report. Has
24 the mediation with the Detroit Fire Fighters Association
25 concluded yet?

1 MS. LENNOX: It has not concluded. I can report
2 that we've made --

3 THE COURT: It has not concluded?

4 MS. LENNOX: No. And I believe they're planning to
5 meet again this Wednesday. I can report that we have made
6 significant progress actually since last time we were before
7 your Honor. Certainly it's our view that we'd like to
8 conclude this as soon as we can.

9 THE COURT: All right. So it sounds like we will be
10 proceeding with our regular trial schedule tomorrow
11 uninterrupted by any previously slotted in issues. Does that
12 sound right? Wednesday we do have to carve out some time for
13 objections to claims; right?

14 MS. LENNOX: Correct, your Honor.

15 THE COURT: That's what --

16 MS. LENNOX: I believe the MIDD trial is on
17 Wednesday as well.

18 THE COURT: You believe what?

19 MS. LENNOX: The MIDD objection is up Wednesday.

20 THE COURT: I think that's what Ms. Sikula wants to
21 talk to you about.

22 MS. LENNOX: Okay.

23 THE COURT: All right. Anything further for today?
24 Sir?

25 MR. STEWART: Nothing further from me, your Honor.

1 THE COURT: Thank you.

2 MS. LENNOX: Thank you, your Honor.

3 MR. SHUMAKER: Your Honor, one thing on Mr. Orr. I
4 just wanted to let you know that I've been talking with Mr.
5 Soto about when Mr. Doak will testify, and I don't think that
6 that's going to happen until Thursday or Friday, which would
7 mean tomorrow's lineup would be Mr. Buckfire, Mr. Kaunelis
8 from the DWSD, and then Mr. Orr. And I just wanted to advise
9 your Honor of that for notice purposes.

10 THE COURT: All right.

11 MR. SHUMAKER: Thank you, your Honor.

12 THE COURT: Anything else for today? All right.

13 We're in recess until tomorrow morning then.

14 THE CLERK: All rise. Court is adjourned.

On the Effective Date, the City shall deliver to the COP Trustee, solely for the benefit of, and for distribution to, the COP Insurers and the Settling COPs Claimants in accordance with (1) the Supplemental Trust Agreements and (2) the instructions of the applicable COP Insurer, (x) the Class 9 Settlement Asset Pool and (y) New B Notes in the face amount of \$97,692,787, based upon each Settling COP Claimant's Pro Rata share calculated as an amount equal to the proportion that the unpaid principal amount plus accrued prepetition interest of COPs held by such Settling COP Claimant bears to the aggregate unpaid principal amount of all COPs plus all accrued prepetition interest thereon; provided, that the allocation of distributions among FGIC COP Holders shall be determined in accordance with agreements among FGIC and the FGIC COP Holders disclosed in a term sheet filed in court on October 22, 2014, as the same may be subsequently amended and more fully documented. For the avoidance of doubt, a Settling COP Claimant shall not be required to transfer (1) any claim against a COP Insurer or (2) the COPs it holds to the City pursuant to the Plan COP Settlement or otherwise pursuant to the Plan, the Syncora Settlement Documents or the FGIC/COP Settlement Documents. The COP Service Corporations shall enter into such Supplemental Trust Agreements as FGIC and Syncora may reasonably request with respect to their respective insured COPs as long as such Supplemental Trust Agreements do not impose any additional obligations or liability on the COP Service Corporations.

The City has granted the LTGO Settlement Parties, on behalf of the holders of Allowed Limited Tax General Obligation Bond Claims in Class 7, and the Retiree Committee consent rights regarding pre-Effective Date settlements of the COP Litigation if and as permitted under applicable non-bankruptcy law. The LTGO Settlement Parties have consented to the Syncora Settlement and FGIC/COP Settlement. On the Effective Date, on account of such consent rights, the Excess New B Notes shall be distributed as follows: (1) approximately \$42.68 million to the Detroit General VEBA and the Detroit Police and Fire VEBA in proportion with the New B Notes allocated to each pursuant to Sections II.B.3.s.ii.A and II.B.3.s.ii.B; (2) approximately \$17.34 million to be distributed Pro Rata among holders of Allowed Limited Tax General Obligation Bond Claims in Class 7; and (3) approximately \$4.12 million to be distributed Pro Rata among holders of Allowed Other Unsecured Claims in Class 14. With respect to the distribution of the Syncora Excess New B Notes, on April 1, 2015, the City shall pay the interest then due on the Syncora Excess New B Notes and shall also prepay the October 1, 2015 interest payment on the Syncora Excess New B Notes (as a consequence of which, no interest payment shall be made on the Syncora Excess New B Notes on October 1, 2015). The VEBAs may not sell or otherwise transfer their right, title or interest in the Syncora Excess New B Notes prior to October 2, 2015.

Nothing in this Section II.B.3.p.i.A shall, or shall be asserted or construed to, affect or prejudice any rights, claims or defenses between the COP Swap Counterparties on the one hand and any Settling COP Claimant (including Syncora, FGIC and the FGIC COP Holders) on the other hand.

Without limiting any other applicable provisions of, or releases contained in, the Plan or any contracts, instruments, releases, agreements or documents to be entered into or delivered in connection with the Plan, as of the Effective Date, in consideration for the obligations under the Plan and the consideration and other contracts, instruments, releases, agreements or documents to be entered into or delivered in connection with the Plan, each Settling COP Claimant shall, to the fullest extent permitted under law, be deemed to forever release, waive and discharge all Liabilities relating to COP Documents such Settling COP Claimant has, had or may have against the (1) GRS, (2) PFRS or (3) Related Entities of either GRS or PFRS. At the direction of FGIC, which shall be deemed given on the Effective Date, the COP Contract Administrator shall have irrevocably agreed (on behalf of itself, any successors and each FGIC COP Holder) to release and not to sue any COP Holder or any COP Insurer on behalf of any FGIC COP Holder, COP Insurer, the Detroit Retirement Systems Funding Trust 2005 or the Detroit Retirement

Systems Funding Trust 2006 in connection with any liability arising in connection with or related to (1) Sections 6.5 and 9.1 of the Contract Administration Agreements, (2) Section 8.03 of the COP Service Contracts, (3) distributions made pursuant to or in connection with this Section II.B.3.p.i.A, (4) the FGIC Settlement or (5) the Syncora Settlement. On the Effective Date, Syncora and FGIC shall, to the fullest extent permitted under law, be deemed to forever mutually release, waive and discharge all liabilities against each other relating to distributions made pursuant to or in connection with this Section II.B.3.p.i.A, Sections 6.5 and 9.1 of the Contract Administration Agreements or Section 8.03 of the COP Service Contracts.

ii. Impact of UTGO Settlement.

Pursuant to the UTGO Settlement Agreement, the City has agreed that (a) the Plan shall not permit the Holders of Allowed COP Claims to recover more on a percentage basis on account of such Allowed COP Claims than the Holders of Allowed Unlimited Tax General Obligation Bond Claims recover on a percentage basis on account of such Allowed Unlimited Tax General Obligation Bond Claims, as such percentage recoveries are projected on the terms set forth in the UTGO Settlement Agreement at Confirmation; and (b) if a Trigger Event occurs, the Settling UTGO Bond Insurers shall receive Top-Off Payments (as set forth in Section IV.C).

During the Fiscal Years from the Effective Date through Fiscal Year 2023, annual contributions shall be made to fund benefits accrued under the Prior PFRS Pension Plan only in the amounts identified on Exhibit II.B.3.q.ii.A. The exclusive source for such contributions shall be certain DIA Proceeds and a portion of the State Contribution. After June 30, 2023, (1) PFRS will receive certain additional DIA Proceeds and (2) the City will contribute sufficient funds required to pay each Holder of a PFRS Pension Claim his or her PFRS Adjusted Pension Amount in accordance with and as modified by the terms and conditions contained in the Plan and the Prior PFRS Pension Plan, in accordance with the State Contribution Agreement and exhibits thereto. Nothing in this Plan prevents any non-City third party from making additional contributions to or for the benefit of PFRS if such party chooses to do so.

B. Investment Return Assumption.

During the period that ends on June 30, 2023, the trustees of the PFRS, or the trustees of any successor trust or pension plan, shall adopt and maintain an investment return assumption and discount rate for purposes of determining the assets and liabilities of the PFRS that shall be 6.75%.

C. Modification of Benefits for PFRS Participants.

During the period that ends no earlier than June 30, 2023, the pension benefits payable to each Holder of a PFRS Pension Claim shall be equal to the PFRS Adjusted Pension Amount for such Holder, provided that such PFRS Adjusted Pension Amount shall be (1) automatically reduced by the DIA Proceeds Default Amount in the event of a DIA Proceeds Payment Default and (2) increased by any PFRS Restoration Payment.

Restoration of all or a portion of the modified pension benefits will be provided in accordance with the methodology set forth on Exhibit II.B.3.q.ii.C. For purposes of calculating a PFRS Restoration Payment, market value of assets shall not include any City contributions through June 30, 2023, other than those listed on Exhibit II.B.3.q.ii.A or any State contributions if the PFRS trustees fail to comply with the requirements described in

the State Contribution Agreement. In the event that the Foundations and DIA Corp. accelerate all or a portion of their funding commitments described in Section IV.E.1 prior to June 30, 2023, the incremental portion of the acceleration will not count towards pension restoration.

D. Contingent Payment Rights.

The City will issue the DWSD CVR to the Restoration Trust for the benefit of Holders of Pension Claims, as described in Section IV.F.

E. Accrual of Future Benefits.

Each Holder of a PFRS Pension Claim who is an Active Employee shall receive, in addition to his or her PFRS Adjusted Pension Amount, as such amount may be modified herein, such additional pension benefit for service on or after July 1, 2014 consistent with the terms and conditions of the New PFRS Active Pension Plan Formula and the New PFRS Active Pension Plan.

F. Governance.

On or as soon as reasonably practicable after the Effective Date, an Investment Committee shall be established under PFRS in accordance with the State Contribution Agreement. The Investment Committee shall be vested with the authority and responsibilities set forth in the State Contribution Agreement for a period of 20 years following the Effective Date. The initial independent members of the Investment Committee established by PFRS shall be (1) Woodrow S. Tyler, (2) McCullough Williams III, (3) Robert C. Smith, (4) Joseph Bogdahn and (5) Rebecca Sorenson.

G. No Changes in Terms for Ten Years.

H. State Contribution Agreement.

The State Contribution Agreement, the effectiveness of which is contingent upon the acceptance of the Plan by Classes 10 and 11, shall include the following principal terms: (1) the State, or the State's authorized agent, will distribute the State Contribution for the benefit of Holders of Pension Claims; and (2) the Plan shall provide for the release of the State and the State Related Entities by each holder of a Pension Claim from all Liabilities arising from or related to the City, the Chapter 9 Case, the Plan, all Exhibits, the Disclosure Statement, PA 436 and its predecessor or replacement statutes, and Article IX, Section 24 of the Michigan Constitution, as more particularly described in the State Contribution Agreement and as set forth at Section III.D.7.b.

During the Fiscal Years from the Effective Date through Fiscal Year 2023, annual contributions shall be made to fund benefits accrued under the Prior GRS Pension Plan only in the amounts identified on Exhibit II.B.3.r.ii.A. The exclusive sources for such contributions shall be certain pension related, administrative and restructuring payments received from the DWSD equal to approximately \$428.5 million, a portion of the State Contribution, certain DIA Proceeds, a portion of the Assigned UTGO Bond Tax Proceeds and certain revenues from City departments, the Detroit Public Library and the Detroit Regional Convention Facility Authority. After June 30, 2023, (1) certain DIA Proceeds shall be contributed to the GRS and (2) the City will contribute such additional funds as are necessary to pay each Holder of a GRS Pension Claim his or her GRS Adjusted Pension Amount in accordance with and as modified by the terms and conditions contained in the Plan and the Prior GRS Pension Plan, in accordance with the State Contribution Agreement and exhibits thereto. Nothing in this Plan prevents any non-City third party from making additional contributions to or for the benefit of GRS if such party chooses to do so.

B. Investment Return Assumption.

During the period that ends on June 30, 2023, the board of trustees of the GRS, or the trustees of any successor trust or pension plan, shall adopt and maintain an investment return assumption and discount rate for purposes of determining the assets and liabilities of the GRS that shall be 6.75%.

C. Modification of Benefits for GRS Participants.

During the period that ends no earlier than June 30, 2023, the pension benefits payable to each Holder of a GRS Pension Claim shall be equal to the GRS Adjusted Pension Amount for such Holder, provided that such GRS Adjusted Pension Amount shall be (1) automatically reduced by the DIA Proceeds Default Amount in the event of a DIA Proceeds Payment Default and (2) increased by any GRS Restoration Payment.

Restoration of all or a portion of the modified pension benefits will be provided in accordance with the methodology set forth on Exhibit II.B.3.r.ii.C. For purposes of calculating a GRS Restoration Payment, market value of assets shall not include any City contributions through June 30, 2023, other than those listed on Exhibit II.B.3.r.ii.A or any State contributions if the GRS trustees fail to comply with the requirements described in the State Contribution Agreement. In the event that the Foundations and DIA Corp. accelerate all or a portion of their funding commitments described in Section IV.E.1 prior to June 30, 2023, the incremental portion of the acceleration will not count towards pension restoration.

D. Annuity Savings Fund Recoupment.

1. ASF Current Participants.

On or as soon as reasonably practicable after the Effective Date, the Annuity Savings Fund Excess Amount will be calculated for each ASF Current Participant and will be deducted from such participant's Annuity Savings Fund account and be used to fund the accrued pension benefits of all GRS participants; provided, however, that in no event shall the amount deducted from an ASF Current Participant's Annuity Savings Fund account exceed the ASF Recoupment Cap. In the event that the amount credited to an ASF Current Participant's Annuity Savings Fund account as of the Effective Date is less than such participant's Annuity Savings Fund Excess Amount, the ASF Current Participant will be treated as an ASF Distribution Recipient to the extent of the shortfall.

2. ASF Distribution Recipients.

i. Monthly Deduction

For each ASF Distribution Recipient who does not elect the ASF Recoupment Cash Option described in Section II.B.3.r.ii.D.2.ii and in the case of any ASF Distribution Recipient that elected the ASF Recoupment Cash Option but does not timely deliver the ASF Recoupment Cash Payment to the GRS, the Annuity Savings Fund Excess Amount will: (A) be calculated and converted into monthly annuity amounts based on common actuarial assumptions (such as the ASF Distribution Recipient's life expectancy, and, if not already retired, expected date of retirement) and amortized using a 6.75% interest rate; and (B) then be deducted from the ASF Distribution Recipient's monthly pension check; provided, however, that in no event shall the total amount deducted from an ASF Distribution Recipient's monthly pension check exceed the ASF Recoupment Cap or the Current GRS Retiree Adjustment Cap, if applicable. The total ASF Recoupment from the ASF Distribution Recipient's monthly pension checks over time shall not exceed the amount necessary to amortize the applicable Annuity Savings Fund Excess Amount at 6.75% interest.

ii. Single Lump Sum Payment

Each ASF Distribution Recipient shall be afforded the ASF Recoupment Cash Option.

No later than seven days following the Effective Date, the City, through its Claims and Balloting Agent, shall send the ASF Election Notice and the ASF Election Form by first-class U.S. mail to each ASF Distribution Recipient. The ASF Election Form shall explain that the amount of the ASF Recoupment Cash Payment shall be equal to the total amount of ASF Recoupment shown on the ASF Distribution Recipient's Ballot, unless the aggregate amount of ASF Recoupment for all ASF Distribution Recipients electing the ASF Recoupment Cash Option exceeds \$30,000,000, in which case (A) the ASF Recoupment Cash Payment will be the ASF Distribution Recipient's Pro Rata portion of \$30,000,000, and (B) the remaining portion of the ASF Distribution Recipient's ASF Recoupment will be annuitized and deducted from the ASF Distribution Recipient's monthly pension check, as provided for in Section II.B.3.r.ii.D.2.i.

An ASF Distribution Recipient must return his or her ASF Election Form to the Claims and Balloting Agent so that it is actually received by the Claims and Balloting Agent by the ASF Election Date.

GRS shall mail the ASF Final Cash Payment Notice no later than 14 days after the ASF Election Date. ASF Distribution Recipients shall have until the ASF Final Cash Payment Date to make the ASF Recoupment Cash Payment, which payment must be made by cashier's check or wire transfer and may not be made by personal check. If an ASF Distribution Recipient's ASF Recoupment Cash Payment is not received by the ASF Final Cash Payment Date, GRS will notify the ASF Distribution Recipient of the failure to timely pay, and ASF Recoupment will be effected through diminution of such recipient's monthly pension check, as provided for in Section II.B.3.r.ii.D.2.i. The calculation of each electing ASF Distribution Recipient's ASF Recoupment Cash Payment shall not be adjusted under any circumstances, including as a result of default by any other electing ASF Distribution Recipient to remit his or her ASF Recoupment Cash Payment by the ASF Final Cash Payment Date.

E. Contingent Payment Rights.

The City will issue the DWSD CVR to the Restoration Trust for the benefit of Holders of Pension Claims, as described in Section IV.F.

F. Accrual of Future Benefits.

Each Holder of a GRS Pension Claim who is an Active Employee shall receive, in addition to his or her GRS Adjusted Pension Amount, as such amount may be modified herein, such additional pension benefit for service on or after July 1, 2014, consistent with the terms and conditions of the New GRS Active Pension Plan Formula and the New GRS Active Pension Plan.

G. Governance.

On or as soon as reasonably practicable after the Effective Date, an Investment Committee shall be established under GRS in accordance with the State Contribution Agreement. The Investment Committee shall be vested with the authority and responsibilities set forth in the State Contribution Agreement for a period of 20 years following the Effective Date. The initial independent members of the Investment Committee established by GRS shall be (1) Kerrie VandenBosch, (2) Doris Ewing, (3) Robert Rietz, (4) David Sowerby and (5) Ken Whipple.

H. No Changes in Terms for Ten Years.

Except as may be required to maintain the tax-qualified status of the GRS or to comply with the terms of the Plan, the City, the trustees of the GRS and all other persons or entities shall be enjoined from and against the subsequent amendment of the terms, conditions and rules of operation of the GRS, or any successor plan or trust, that govern the calculation of pension benefits (including the GRS Adjusted Pension Amount, accrual of additional benefits, the DIA Proceeds Default Amount, the Prior GRS Pension Plan, the GRS Restoration Payment, the New GRS Active Pension Plan Formula and the terms of the New GRS Active Pension Plan) or against any action that governs the selection of the investment return assumption described in Section II.B.3.r.ii.B, the contribution to the GRS, or the calculation or amount of GRS pension benefits for the period ending June 30, 2023, notwithstanding whether that subsequent amendment or act is created or undertaken by contract, agreement (including collective bargaining agreement), statute, rule, regulation, ordinance, charter, resolution or otherwise by operation of law.

Distributions to Detroit General VEBA: On the Effective Date, the City shall distribute to the Detroit General VEBA New B Notes in the aggregate principal amount of \$218,000,000, in satisfaction of the Allowed OPEB Claims held by Detroit General VEBA Beneficiaries. On the Effective Date, the Downtown Development Authority Claims shall be deemed Allowed in the amount of \$33,600,000.

ii. Treatment.

Unless such Holder agrees to a different treatment of such Claim, each Holder of an Allowed Downtown Development Authority Claim, in full satisfaction of such Allowed Claim, shall receive, on or as soon as reasonably practicable after the Effective Date, a Pro Rata share of approximately \$3.69 million in New B Notes.

u. Class 14 – Other Unsecured Claims.

i. Treatment.

Unless such Holder agrees to a different treatment of such Claim, each Holder of an Allowed Other Unsecured Claim, in full satisfaction of such Allowed Claim, shall receive (A) on or as soon as reasonably practicable after the Effective Date, a Pro Rata share of approximately \$16.48 million in New B Notes and (B) distributions in accordance with Section II.B.3.p.i.A.

v. Class 15 – Convenience Claims.

i. Treatment.

Each Holder of an Allowed Convenience Claim, in full satisfaction of such Allowed Claim, shall receive Cash equal to the amount of 25% of such Allowed Claim (as reduced, if applicable, pursuant to an election by such Holder in accordance with Section I.A.76) on or as soon as reasonably practicable after the Effective Date, unless such Holder agrees to a different treatment of such Claim.

w. Class 16 – Subordinated Claims.

i. Treatment.

On the Effective Date, all Subordinated Claims shall be disallowed, extinguished and discharged without Distribution under the Plan, and Holders of Subordinated Claims shall not receive or retain any property on account of such Claims. Pursuant to section 1126(g) of the Bankruptcy Code, Class 16 is deemed to have rejected the Plan and Holders of Subordinated Claims are not entitled to cast a Ballot in respect of such Claims.

x. Class 17 – Indirect 36th District Court Claims.

i. Treatment.

Unless such Holder agrees to a different treatment of its Claim, each Holder of an Allowed Indirect 36th District Court Claim, in full satisfaction of such Allowed Claim, shall receive: (A) if the Allowed amount of such Indirect 36th District Court Claim is less than \$100,000.00, on or as soon as reasonably practicable after the Effective Date, Cash in an amount equal to 33% of the Allowed amount of such Allowed Indirect 36th

District Court Claim; or (B) if the Allowed amount of such Indirect 36th District Court Claim is equal to or more than \$100,000.00, Cash equal to 33% of the Allowed amount of such Indirect 36th District Court Claim, plus simple interest on outstanding amounts at a rate of five percent per annum, payable in five equal annual installments, with the first installment to be paid on or as soon as reasonably practicable after the Effective Date and the remaining four installments to be paid on the date of the first four anniversaries of the Effective Date or, if any such date is not a Business Day, on the first Business Day thereafter.

ii. Further Obligation of City, State and 36th District Court.

Subject to the terms of the 36th District Court Settlement, the treatment of Allowed Indirect 36th District Court Claims set forth in Section II.B.3.x.i shall fulfill any obligation of the City and the 36th District Court that may exist with respect to all Indirect 36th District Court Claims. Nothing in Section II.B.3.x.i prevents the Holder of an Indirect 36th District Court Claim from seeking further relief or payment from the State with respect to such Indirect 36th District Court Claim to the extent such Claim is not satisfied pursuant to the Plan.

C. Confirmation Without Acceptance by All Impaired Classes.

The City requests Confirmation under section 1129(b) of the Bankruptcy Code in the event that any impaired Class does not accept or is deemed not to accept the Plan pursuant to section 1126 of the Bankruptcy Code. The Plan shall constitute a motion for such relief.

D. Treatment of Executory Contracts and Unexpired Leases.

1. Assumption.

Except as otherwise provided in the Plan, in any contract, instrument, release or other agreement or document entered into in connection with the Plan or in a Final Order of the Bankruptcy Court, or as requested in any motion Filed by the City on or prior to the Effective Date, on the Effective Date, pursuant to section 365 of the Bankruptcy Code, the City will be deemed to assume all Executory Contracts and Unexpired Leases to which it is a party. Notwithstanding the foregoing, Retirement System Indemnity Obligations shall not be assumed under the Plan and shall be discharged. For the avoidance of doubt, the City shall assume the Tunnel Lease pursuant to this Section II.D.1.

2. Assumption of Ancillary Agreements.

Each Executory Contract and Unexpired Lease assumed pursuant to Section II.D.1 will include any modifications, amendments, supplements, restatements or other agreements made directly or indirectly by any agreement, instrument or other document that in any manner affects such Executory Contract or Unexpired Lease, unless any such modification, amendment, supplement, restatement or other agreement is rejected pursuant to Section II.D.6 or designated for rejection in accordance with Section II.D.3.

3. Approval of Assumptions and Assignments.

The Confirmation Order will constitute an order of the Bankruptcy Court approving the assumption of Executory Contracts and Unexpired Leases pursuant to Sections II.D.1 and II.D.2 (and any related assignment) as of the Effective Date, except for Executory Contracts or Unexpired Leases that (a) have been rejected pursuant to a Final Order of the Bankruptcy Court, (b) are subject to a pending motion for reconsideration or appeal of an order authorizing the rejection of such Executory Contract or Unexpired Lease, (c) are subject to a motion to reject such Executory Contract or Unexpired Lease Filed on or prior to the Effective Date, (d) are rejected pursuant to Section II.D.6 or (e) are designated for rejection in accordance with the last sentence of this paragraph. An order of the Bankruptcy Court (which may be the Confirmation Order) entered on or prior to the Confirmation Date will specify the procedures for providing notice to each party whose Executory Contract or Unexpired Lease is being assumed pursuant to the Plan of: (a) the Executory Contract or Unexpired Lease being assumed; (b) the Cure Amount Claim, if any, that the City believes it would be obligated to pay in connection with such assumption; (c) any assignment of an Executory Contract or Unexpired Lease; and (d) the procedures for such party to object to

the assumption of the applicable Executory Contract or Unexpired Lease, the amount of the proposed Cure Amount Claim or any assignment of an Executory Contract or Unexpired Lease. If an objection to a proposed assumption, assumption and assignment or Cure Amount Claim is not resolved in favor of the City, the applicable Executory Contract or Unexpired Lease may be designated by the City for rejection, which shall be deemed effective as of the Effective Date.

4. Payments Related to the Assumption of Executory Contracts and Unexpired Leases.

To the extent that such Claims constitute monetary defaults, the Cure Amount Claims associated with each Executory Contract or Unexpired Lease to be assumed pursuant to the Plan will be satisfied, pursuant to section 365(b)(1) of the Bankruptcy Code, at the option of the City: (a) by payment of the Cure Amount Claim in Cash on the Effective Date or (b) on such other terms as are agreed to by the parties to such Executory Contract or Unexpired Lease. If there is a dispute regarding: (a) the amount of any Cure Amount Claim, (b) the ability of the City or any assignee to provide "adequate assurance of future performance" (within the meaning of section 365 of the Bankruptcy Code) under the contract or lease to be assumed or (c) any other matter pertaining to the assumption of such contract or lease, the payment of any Cure Amount Claim required by section 365(b)(1) of the Bankruptcy Code will be made within 30 days following the entry of a Final Order resolving the dispute and approving the assumption.

5. Contracts and Leases Entered Into After the Petition Date.

Contracts, leases and other agreements entered into after the Petition Date by the City, including (a) any Executory Contracts or Unexpired Leases assumed by the City and (b) the collective bargaining agreements identified on Exhibit II.D.5, will be performed by the City in the ordinary course of its business. Accordingly, such contracts and leases (including any assumed Executory Contracts or Unexpired Leases) will survive and remain unaffected by entry of the Confirmation Order.

6. Rejection of Executory Contracts and Unexpired Leases.

On the Effective Date, each Executory Contract and Unexpired Lease that is listed on Exhibit II.D.6 shall be deemed rejected pursuant to section 365 of the Bankruptcy Code. The Confirmation Order will constitute an order of the Bankruptcy Court approving such rejections, pursuant to section 365 of the Bankruptcy Code, as of the later of: (a) the Effective Date or (b) the resolution of any objection to the proposed rejection of an Executory Contract or Unexpired Lease. Each contract or lease listed on Exhibit II.D.6 shall be rejected only to the extent that any such contract or lease constitutes an Executory Contract or Unexpired Lease. The City reserves its right, at any time on or prior to the Effective Date, to amend Exhibit II.D.6 to delete any Executory Contract or Unexpired Lease therefrom, thus providing for its assumption pursuant to Section II.D.1, or add any Executory Contract or Unexpired Lease thereto, thus providing for its rejection pursuant to this Section II.D.6. The City will provide notice of any amendments to Exhibit II.D.6 to the parties to the Executory Contracts or Unexpired Leases affected thereby and to the parties on the then-applicable service list in the Chapter 9 Case. Listing a contract or lease on Exhibit II.D.6 shall not constitute an admission by the City that such contract or lease is an Executory Contract or Unexpired Lease or that the City has any liability thereunder. Any Claims arising from the rejection of an Executory Contract or Unexpired Lease pursuant to the Plan shall be treated as Class 14 Claims (Other Unsecured Claims), subject to the provisions of section 502 of the Bankruptcy Code.

7. Rejection Damages Bar Date.

Except as otherwise provided in a Final Order of the Bankruptcy Court approving the rejection of an Executory Contract or Unexpired Lease, Claims arising out of the rejection of an Executory Contract or Unexpired Lease must be Filed with the Bankruptcy Court and served upon counsel to the City on or before the later of: (a) 45 days after the Effective Date; or (b) 45 days after such Executory Contract or Unexpired Lease is rejected pursuant to a Final Order or designated for rejection in accordance with Section II.D.3. Any Claims not Filed within such applicable time periods will be forever barred from receiving a Distribution from, and shall not be enforceable against, the City.

8. Preexisting Obligations to the City Under Rejected Executory Contracts and Unexpired Leases.

Pursuant to section 365(g) of the Bankruptcy Code, rejection of any Executory Contract or Unexpired Lease pursuant to the Plan or otherwise shall constitute a breach of such contract or lease and not a termination thereof, and all obligations owing to the City under such contract or lease as of the date of such breach shall remain owing to the City upon rejection. Notwithstanding any applicable non-bankruptcy law to the contrary, the City expressly reserves and does not waive any right to receive, or any continuing obligation of a non-City party to provide, warranties, indemnifications or continued maintenance obligations on goods previously purchased, or services previously received, by the City from non-City parties to rejected Executory Contracts or Unexpired Leases, and any such rights shall remain vested in the City as of the Effective Date.

9. Insurance Policies.

From and after the Effective Date, each of the City's insurance policies (other than welfare benefits insurance policies) in existence as of or prior to the Effective Date shall be reinstated and continue in full force and effect in accordance with its terms and, to the extent applicable, shall be deemed assumed by the City pursuant to section 365 of the Bankruptcy Code and Section II.D.1. Nothing contained herein shall constitute or be deemed a waiver of any Causes of Action that the City may hold against any Entity, including any insurer under any of the City's insurance policies. For the avoidance of doubt, nothing contained in this Section II.D.9 shall apply to reinstate or continue any obligation of the City or any fund thereof to any Bond Insurer.

**ARTICLE III
CONFIRMATION OF THE PLAN**

A. Conditions Precedent to the Effective Date.

The Effective Date will not occur, and the Plan will not be consummated, unless and until the City has determined that all of following conditions have been satisfied or waived in accordance with Section III.B:

12. If Classes 10 and 11 have accepted the Plan, all conditions to the effectiveness of the State Contribution Agreement and the DIA Settlement Documents have been satisfied.

13. The Syncora Settlement and the Syncora Settlement Agreement shall have been approved by the Bankruptcy Court in form and substance reasonably acceptable to the City and Syncora, and such approval shall not have been vacated or otherwise modified, and the definitive documents contemplated thereby shall have been executed and delivered.

15. 16. The New York State Department of Financial Services shall have waived in writing the notice requirement under FGIC's plan of rehabilitation with respect to the settlement contemplated by the FGIC/COP Settlement Documents and the FGIC Development Agreement in form and substance reasonably acceptable to FGIC, and such waiver shall not have been vacated or otherwise modified.

17. The Effective Date shall have occurred within 180 days of the entry of the Confirmation Order, unless the City requests an extension of such deadline and such deadline is extended by the Bankruptcy Court.

B. Waiver of Conditions to the Effective Date.

The conditions to the Effective Date set forth in Section III.A may be waived in whole or part at any time by the City in its sole and absolute discretion, except for those conditions set forth in (1) Section III.A.9 and Section III.A.10, which conditions cannot be waived, (2) Sections III.A.5, III.A.13 and III.A.14, which may only be waived by the City with the prior written consent of Syncora, (3) Sections III.A.4 and III.A.15, which may only be waived by the City with the prior written consent of FGIC and (4) Section III.A.16, which may be waived by the City at any time on or after November 4, 2014 at 5:00 p.m. (Eastern Time) with the prior written consent of FGIC.

C. Effect of Nonoccurrence of Conditions to the Effective Date.

If each of the conditions to the Effective Date is not satisfied, or duly waived in accordance with Section III.B, then, before the time that each of such conditions has been satisfied and upon notice to such parties in interest as the Bankruptcy Court may direct, the City may File a motion requesting that the Bankruptcy Court vacate the Confirmation Order; provided, however, that, notwithstanding the Filing of such motion, the Confirmation Order may not be vacated if each of the conditions to the Effective Date is satisfied before the Bankruptcy Court enters an order granting such motion. If the Confirmation Order is vacated pursuant to this Section III.C: (1) the Plan will be null and void in all respects, including with respect to (a) the discharge of Claims pursuant to section 944(b) of the Bankruptcy Code, (b) the assumptions, assignments or rejections of Executory Contracts and Unexpired Leases pursuant to Section II.D and (c) the releases described in Section III.D.7; and (2) nothing contained in the Plan, nor any action taken or not taken by the City with respect to the Plan, the Disclosure Statement or the Confirmation Order, will be or will be deemed to be (a) a waiver or release of any Claims by or against the City, (b) an admission of any sort by the City or any other party in interest or (c) prejudicial in any manner the rights of the City or any other party in interest.

D. Effect of Confirmation of the Plan.

1. Dissolution of Retiree Committee.

On the Effective Date, the Retiree Committee, to the extent not previously dissolved or disbanded, will dissolve and disband, and the members of the Retiree Committee and their respective professionals will cease to have any role arising from or related to the Chapter 9 Case.

2. Preservation of Rights of Action by the City.

Except as otherwise provided in the Plan or in any contract, instrument, release or other agreement entered into or delivered in connection with the Plan, in accordance with section 1123(b)(3)(B) of the Bankruptcy Code, the City will retain and may enforce any claims, demands, rights, defenses and Causes of Action that it may hold against any Entity, including but not limited to any and all Causes of Action against any party relating to the past practices of the Retirement Systems (including any investment decisions related to, and the management of, the Retirement Systems' respective pension plans or assets), to the extent not expressly released under the Plan or pursuant to any Final Order of the Bankruptcy Court. A nonexclusive schedule of currently pending actions and claims brought by the City is attached as Exhibit III.D.2. The City's inclusion of, or failure to include, any right of action or claim on Exhibit III.D.2 shall not be deemed an admission, denial or waiver of any claims, demands, rights or Causes of Action that the City may hold against any Entity, and all Entities are hereby notified that the City intends to preserve all such claims, demands, rights or Causes of Action.

3. Comprehensive Settlement of Claims and Controversies.

Pursuant to Bankruptcy Rule 9019 and in consideration for the distributions and other benefits provided under the Plan, the provisions of the Plan will constitute a good faith compromise and settlement of all claims or controversies relating to the rights that a holder of a Claim may have with respect to any Allowed Claim or any Distribution to be made pursuant to the Plan on account of any Allowed Claim. The entry of the Confirmation Order will constitute the Bankruptcy Court's approval, as of the Effective Date, of the compromise or settlement of all such claims or controversies and the Bankruptcy Court's finding that all such compromises or settlements are (a) in the best interests of the City, its property and Claim Holders and (b) fair, equitable and reasonable. For the avoidance of doubt, this Section III.D.3 shall not affect or limit the application of section 509 of the Bankruptcy Code or any similar doctrine to Bond Insurance Policy Claims.

4. Discharge of Claims.

a. Complete Satisfaction, Discharge and Release.

Except as provided in the Plan or in the Confirmation Order, the rights afforded under the Plan and the treatment of Claims under the Plan will be in exchange for and in complete satisfaction, discharge and release of all Claims arising on or before the Effective Date, including any interest accrued on Claims from and after the Petition Date. Except as provided in the Plan or in the Confirmation Order, Confirmation will, as of the Effective Date, discharge the City from all Claims or other debts that arose on or before the Effective Date, and all debts of the kind specified in section 502(g), 502(h) or 502(i) of the Bankruptcy Code, whether or not (i) a proof of Claim based on such debt is Filed or deemed Filed pursuant to section 501 of the Bankruptcy Code, (ii) a Claim based on such debt is allowed pursuant to section 502 of the Bankruptcy Code or (iii) the Holder of a Claim based on such debt has accepted the Plan.

b. Discharge.

In accordance with Section III.D.4.a, except as expressly provided otherwise in the Plan or the Confirmation Order, the Confirmation Order will be a judicial determination, as of the Effective Date, of a discharge of all debts of the City, pursuant to sections 524(a)(1), 524(a)(2) and 944(b) of the Bankruptcy Code, and such discharge will void any judgment obtained against the City at any time, to the extent that such judgment relates to a discharged debt; provided that such discharge will not apply to (i) debts specifically exempted from discharge under the Plan; and (ii) debts held by an Entity that, before the Confirmation Date, had neither notice nor actual knowledge of the Chapter 9 Case.

5. Injunction.

On the Effective Date, except as otherwise provided herein or in the Confirmation Order,

a. all Entities that have been, are or may be holders of Claims against the City, Indirect 36th District Court Claims or Indirect Employee Indemnity Claims, along with their Related Entities, shall be permanently enjoined from taking any of the following actions against or affecting the City or its property, DIA Corp. or its property, the DIA Assets, the Released Parties or their respective property and the Related Entities of each of the foregoing, with respect to such claims (other than actions brought to enforce any rights or obligations under the Plan and appeals, if any, from the Confirmation Order):

1. commencing, conducting or continuing in any manner, directly or indirectly, any suit, action or other proceeding of any kind against or affecting the City or its property (including (A) all suits, actions and proceedings that are pending as of the Effective Date, which must be withdrawn or dismissed with prejudice, (B) Indirect 36th District Court Claims and (C) Indirect Employee Indemnity Claims);

2. enforcing, levying, attaching, collecting or otherwise recovering by any manner or means, directly or indirectly, any judgment, award, decree or order against the City or its property;

3. creating, perfecting or otherwise enforcing in any manner, directly or indirectly, any encumbrance of any kind against the City or its property;

4. asserting any setoff, right of subrogation or recoupment of any kind, directly or indirectly, against any obligation due the City or its property;

5. proceeding in any manner in any place whatsoever that does not conform to or comply with the provisions of the Plan or the settlements set forth herein to the extent such settlements have been approved by the Bankruptcy Court in connection with Confirmation of the Plan; and

6. taking any actions to interfere with the implementation or consummation of the Plan.

b. All Entities that have held, currently hold or may hold any Liabilities released pursuant to the Plan will be permanently enjoined from taking any of the following actions against the State, the State Related Entities, the officers, board of trustees/directors, attorneys, advisors and professionals of the RDPFFA or the DRCEA, and the Released Parties or any of their respective property on account of such released Liabilities: (i) commencing, conducting or continuing in any manner, directly or indirectly, any suit, action or other proceeding of any kind; (ii) enforcing, levying, attaching, collecting or otherwise recovering by any manner or means, directly or indirectly, any judgment, award, decree or order; (iii) creating, perfecting or otherwise enforcing in any manner, directly or indirectly, any lien; (iv) asserting any setoff, right of subrogation or recoupment of any kind, directly or indirectly, against any obligation due the State, a State Related Entity, the officers, board of trustees/directors, attorneys, advisors and professionals of the RDPFFA or the DRCEA, or a Released Party; and (v) commencing or continuing any action, in any manner, in any place that does not comply with or is inconsistent with the provisions of the Plan. Notwithstanding the foregoing and without limiting the injunctions in Section III.D.5.a, the Holders of Indirect 36th District Court Claims shall not be enjoined from taking any of the foregoing actions against the State or the State Related Entities with respect to Indirect 36th District Court Claims to the extent such Claims are not satisfied pursuant to the Plan.

6. Exculpation.

From and after the Effective Date, to the fullest extent permitted under applicable law and except as expressly set forth in this Section, neither the City, its Related Entities (including the members of the City Council, the Mayor and the Emergency Manager), to the extent a claim arises from actions taken by such Related Entity in its capacity as a Related Entity of the City, the State, the State Related Entities, the Exculpated Parties nor the Released Parties shall have or incur any liability to any person or Entity for any act or omission in connection with, relating to or arising out of the City's restructuring efforts and the Chapter 9 Case, including the authorization given to file the Chapter 9 Case, the formulation, preparation, negotiation, dissemination, consummation, implementation, confirmation or approval (as applicable) of the Plan, the property to be distributed under the Plan, the settlements implemented under the Plan, the Exhibits, the Disclosure Statement, any contract, instrument, release or other agreement or document provided for or contemplated in connection with the consummation of the transactions set forth in the Plan or the management or operation of the City; provided that the foregoing provisions shall apply to (a) the LTGO Exculpated Parties solely in connection with acts or omissions taken in connection with the LTGO Settlement Agreement or the Plan (as it relates to the LTGO Settlement Agreement), (b) the UTGO Exculpated Parties solely in connection with acts or omissions taken in connection with the UTGO Settlement Agreement or the Plan (as it relates to the UTGO Settlement Agreement), (c) the DWSD Exculpated Parties solely in connection with acts or omissions taken in connection with the DWSD Tender, DWSD Tender Motion or DWSD Tender Order, (d) the Syncora Exculpated Parties solely in connection with acts or omissions taken in connection with the Syncora Settlement Documents and any actions or litigation positions taken by the Syncora Exculpated Parties in the Chapter 9 Case, (e) the FGIC/COP Exculpated Parties solely in connection with acts or omissions taken in connection with the FGIC/COP Settlement Documents and any actions or litigation positions taken by the FGIC/COP Exculpated Parties in the Chapter 9 Case, (f) the RDPMA Exculpated Parties and (g) the COP Agent, solely in its capacity as such and solely in connection with any Distributions made pursuant to the terms of the Plan; provided, further, that the foregoing provisions in this Section III.D.6 shall not affect the liability of the City, its Related Entities, the State, the State Related Entities, the Released Parties and the Exculpated Parties that otherwise would result from any such act or omission to the extent that such act or omission is determined in a Final Order to have constituted gross negligence or willful misconduct or any act or omission occurring before the Petition Date. The City, its Related Entities (with respect to actions taken by such Related Entities in their capacities as Related Entities of the City), the State, the State Related Entities, the Released Parties and the Exculpated Parties shall be entitled to rely upon the advice of counsel and financial advisors with respect to their duties and responsibilities under, or in connection with, the Chapter 9 Case, the administration thereof and the Plan. This Section III.D.6 shall not affect any liability of (a) any of the COP Swap Exculpated Parties to the Syncora Exculpated Parties or FGIC or (b) the Syncora Exculpated Parties or FGIC/COP Exculpated Parties to any of the COP Swap Exculpated Parties.

7. Releases

Without limiting any other applicable provisions of, or releases contained in, the Plan or any contracts, instruments, releases, agreements or documents to be entered into or delivered in connection with the Plan, as of the Effective Date, in consideration for the obligations of the City under the Plan and the consideration and other contracts, instruments, releases, agreements or documents to be entered into or delivered in connection with the Plan (including the State Contribution Agreement):

- a. each holder of a Claim that votes in favor of the Plan, to the fullest extent permissible under law, will be deemed to forever release, waive and discharge (which release will be in addition to the release and discharge of Claims otherwise provided herein and under the Confirmation Order and the Bankruptcy Code):

- i. all Liabilities in any way relating to the City, the Chapter 9 Case (including the authorization given to file the Chapter 9 Case), the Plan, the Exhibits or the Disclosure Statement, in each case that such holder has, had or may have against the City or its current and former officials, officers, directors, employees, managers, attorneys, advisors and professionals, each acting in such capacity (and, in addition to and without limiting the foregoing, in the case of any Emergency Manager, in such Emergency Manager's capacity as an appointee under PA 436); provided further, for the avoidance of doubt, that any person or entity designated to manage the Chapter 9 Case for the City after the Emergency Manager's term is terminated, whether such person or entity acts as an employee, advisor or contractor to the City or acts as an employee, agent, contractor or appointee of the State under any applicable state law, shall be treated the same as an employee of the City hereunder; and

- ii. all Liabilities in any way relating to (A) Claims that are compromised, settled or discharged under or in connection with the Plan, (B) the Chapter 9 Case (including the authorization given to file the Chapter 9 Case), (C) the Plan, (D) the Exhibits, (E) the Disclosure Statement or (F) the DIA Settlement, in each case that such holder has, had or may have against the City's Related Entities, the State, the State Related Entities and the Released Parties; provided, however, that any such Liability of the Foundations, the DIA Funders and the CFSEM Supporting Organization and their Related Entities shall be released only to the extent that such Liability, if any, arises from any such entity's participation in the DIA Settlement;

provided, however, that the foregoing provisions shall not affect the liability of the City, its Related Entities and the Released Parties that otherwise would result from any act or omission to the extent that act or omission subsequently is determined in a Final Order to have constituted gross negligence or willful misconduct; and provided further, however, that if Classes 10 and 11 vote to accept the Plan, but any necessary conditions precedent to the receipt of the initial funding from the State (pursuant to the State Contribution Agreement) and the DIA Funding Parties that are such as of the commencement of the Confirmation Hearing (pursuant to the DIA Settlement) that can be satisfied or waived by the applicable funding party prior to the Confirmation Hearing (including, but not limited to, adoption of relevant legislation and appropriations by the State and execution of necessary and irrevocable agreements for their funding commitments by each of the DIA Funding Parties that are such as of the commencement of the Confirmation Hearing, which conditions may not be waived) are not satisfied or waived by the applicable funding party prior to the Confirmation Hearing, then Holders of Claims in Classes 10 and 11 that voted to accept the Plan shall be deemed to have voted to reject the Plan, and the voluntary release set forth in the first sentence of this Section III.D.7.a shall not apply to Holders of Claims in Classes 10 and 11; provided, further, that nothing in this Section III.D.7.a shall release (i) the City's obligations under the Plan or (ii) any defenses that any party may have against the City, its Related Entities, the State, the State Related Entities or the Released Parties; and

- b. if the State Contribution Agreement is consummated, each holder of a Pension Claim will be deemed to forever release, waive and discharge all Liabilities arising from or related to the City, the Chapter 9 Case, including the authorization given to file the Chapter 9 Case, the Plan, all Exhibits, the Disclosure Statement, PA 436 and its predecessor or replacement statutes, and Article IX, Section 24 of the Michigan Constitution that such party has, had or may have against the State and any State Related Entities. For the avoidance of doubt, the Plan does not release, waive or discharge obligations of the City that are established in the Plan or that arise from and after the Effective Date with respect to (i) pensions as modified by the Plan or (ii) labor-related obligations. Such post-Effective Date obligations shall be enforceable against the City or its representatives by active or retired employees or their collective bargaining representatives to the extent permitted by applicable non-bankruptcy law or the Plan, or, with respect to pensions only, GRS or PFRS.

Notwithstanding Sections III.D.5-7 and IV.L of the Plan, except as set forth in the COP Swap Settlement, nothing in the Plan or the Confirmation Order shall or shall be deemed to provide a release by the COP Swap Counterparties of any Liabilities related to the COPs, the COP Service Corporations, the Transaction Documents (as defined in the COP Swap Settlement), the COP Swap Settlement or the COP Swap Settlement Approval Order. For the avoidance of doubt, notwithstanding Section III.D.6 of the Plan, a vote of DWSD Bond Claims or DWSD Revolving Bond Claims in favor of the Plan shall not, and shall not be deemed to, effect a release pursuant to this Section III.D.7 by a Holder of any such DWSD Bond Claims, a Holder of any such DWSD Revolving Bond Claims or the Bond Insurer insuring any such Claims of any Liabilities against the City or its Related Entities that do not arise in connection with the DWSD Bonds or the DWSD Revolving Bonds. For the further avoidance of doubt, notwithstanding anything in the Plan to the contrary, a vote of a Claim other than a DWSD Bond Claim or DWSD Revolving Bond Claim in favor of the Plan shall not, and shall not be deemed to, effect a release pursuant to this Section III.D.7 by a Holder of any such voted Claim or the Bond Insurer insuring such voted Claim of any Liabilities against the City or any other Entity arising in connection with the DWSD Bonds or DWSD Revolving Bonds.

E. No Diminution of State Power

No provision of this Plan shall be construed: (1) so as to limit or diminish the power of the State to control, by legislation or otherwise, the City in the exercise of the political or governmental powers of the City, including expenditures for such exercise; (2) so as to limit or diminish the power of the State to effect setoffs necessary to compensate the State or relieve the State of liability against funds (a) owing to the City from the State, (b) granted to the City by the State, or (c) administered by the State on behalf of the City or the federal government (including funds resulting from federal or state grants), for acts or omissions by the City (including but not limited to misappropriation or misuse of funds); and (3) as a waiver by the State of its rights as a sovereign or rights granted to it pursuant to the Tenth Amendment to the United States Constitution, or limit or diminish the State's exercise of such rights.

F. Effectiveness of the Plan.

The Plan shall become effective on the Effective Date. Any actions required to be taken on the Effective Date shall take place and shall be deemed to have occurred simultaneously, and no such action shall be deemed to have occurred prior to the taking of any other such action.

G. Binding Effect of Plan.

Pursuant to section 944(a) of the Bankruptcy Code, on and after the Effective Date, the provisions of the Plan shall bind all Holders of Claims, and their respective successors and assigns, whether or not the Claim of any such Holder is Impaired under the Plan and whether or not such Holder has accepted the Plan. The releases and settlements effected under the Plan will be operative, and subject to enforcement by the Bankruptcy Court, from and after the Effective Date, including pursuant to the injunctive provisions of the Plan. Once approved, the

compromises and settlements embodied in the Plan, along with the treatment of any associated Allowed Claims, shall not be subject to any collateral attack or other challenge by any Entity in any court or other forum. As such, any Entity that opposes the terms of any compromise and settlement set forth in the Plan must (1) challenge such compromise and settlement prior to Confirmation of the Plan and (2) demonstrate appropriate standing to object and that the subject compromise and settlement does not meet the standards governing bankruptcy settlements under Bankruptcy Rule 9019 and other applicable law.

ARTICLE IV MEANS FOR IMPLEMENTATION OF THE PLAN

A. DWSD.

1. Rates and Revenues.

DWSD will maintain Fiscal Year 2015 rate setting protocols for a minimum of five years, subject to certain changes necessary to stabilize water and sewer revenues. Rates will be determined by the Board of Water Commissioners or, if a DWSD Authority is formed and approved by the incorporating units' governing bodies, by the board of any such DWSD Authority. The City may seek to implement a rate stability program for City residents, which program may, among other things, (a) provide a source of funds to mitigate against rate increases, (b) enhance affordability and (c) provide a buffer against delinquent payments.

2. DWSD CBAs.

Collective bargaining agreements with respect to current DWSD employees that are in effect and not expired as of the Effective Date will be assumed by the City.

3. Potential DWSD Authority Transaction.

As a result of mediation or otherwise, it is possible that the City may enter into a DWSD Authority Transaction that includes the formation of the DWSD Authority to conduct many or all of the operations currently conducted by DWSD. Any such transaction would be subject to the approval of incorporating units and numerous other conditions. The timing of any such transaction, if it occurs at all, is not known. If any such transaction could occur, unless waived by the City in its sole discretion, the City will enter into such transaction only if Macomb County, Oakland County and Wayne County, and each of their municipal affiliates or related public corporations, withdraw with prejudice or shall have withdrawn with prejudice their objections to the Confirmation of the Plan. Any DWSD Authority Transaction shall be on terms that are consistent with all other provisions of the Plan, applicable law and orders of the Bankruptcy Court. The City shall not enter into any binding agreement with respect to or consummate any DWSD Authority Transaction prior to the Effective Date without first obtaining an order of the Bankruptcy Court approving and authorizing such DWSD Authority Transaction.

All terms and conditions in respect of any DWSD Authority Transaction set forth in (a) any DWSD Bond Document or (b) any transaction document in respect of such a DWSD Authority Transaction shall in any case include: (i) no material modifications to the source of payment and security for any DWSD Bonds or 2014 Revenue and Revenue Refinancing Bonds; (ii) an opinion of tax counsel that such transfer shall have no material adverse effect on the tax exempt status of the interest on the DWSD Bonds or 2014 Revenue and Revenue Refinancing Bonds; (iii) that the City could issue at least \$1 of additional new money DWSD Bonds in compliance with the additional bonds test set forth in the applicable DWSD Bond Documents; and (iv) ratings confirmation of any rating agency then rating the DWSD Bonds and 2014 Revenue and Revenue Refinancing Bonds. A DWSD Authority Transaction shall not affect, impair, modify or otherwise alter the rights of any party under the DWSD Tender Order, the DWSD Bond Documents, the DWSD Revolving Bond Documents, the 2014 DWSD Refinancing Obligations, the 2014 Revenue and Revenue Refinancing Bonds or the 2014 Revenue Refinancing Bonds or any Bond Insurance Policy related to or issued in connection with any of the foregoing.

B. The New B Notes, New C Notes and New LTGO Bonds.

On or before the Effective Date, the City shall (a) execute the New B Notes Documents, issue the New B Notes, substantially on the terms set forth on Exhibit I.A.246, and distribute the New B Notes as set forth in the Plan; (b) execute the New C Notes Documents, issue the New C Notes, substantially on the terms set forth on Exhibit I.A.248 (and in any case in form and substance reasonably acceptable to the City and Syncora), and distribute the New C Notes as set forth in the Plan; and (c) execute the New LTGO Bond Documents, issue the New LTGO Bonds, substantially on the terms set forth on Exhibit I.A.237, and distribute the New LTGO Bonds as set forth in the Plan.

C. The UTGO Settlement.

On the Effective Date, the City and the Settling UTGO Bond Insurers shall consummate the UTGO Settlement Agreement, a copy of which is attached hereto as Exhibit I.A.360. The treatment of Unlimited Tax General Obligation Bond Claims under the Plan is provided for pursuant to the UTGO Settlement Agreement, which involves the settlement of, among other things, the UTGO Litigation and is subject to Bankruptcy Court approval pursuant to Bankruptcy Rule 9019. The Plan shall be construed as a motion for approval of, and the Confirmation Order shall constitute an order approving, the UTGO Settlement Agreement pursuant to Bankruptcy Rule 9019.

Pursuant to the UTGO Settlement Agreement, among other things: (1) the Unlimited Tax General Obligation Bond Claims shall be deemed Allowed in the amount of \$388,000,000; (2) the City shall issue the Municipal Obligation to the MFA, which in turn will issue the Restructured UTGO Bonds; (3) Holders of Allowed Unlimited Tax General Obligation Bond Claims shall be entitled to receive their Pro Rata share of \$279,618,950 of the Restructured UTGO Bonds as set forth in Schedule 1a of the UTGO Settlement Agreement; (4) the Settling UTGO Bond Insurers and the Non-Settling UTGO Bond Insurer shall be entitled to receive \$7,941,840 of the Restructured UTGO Bonds as set forth in Schedule 1b to the UTGO Settlement Agreement; and (5) a designee or designees of the City shall have the right to receive the Assigned UTGO Bond Tax Proceeds, which Assigned UTGO Bond Tax Proceeds will be distributed over a 14-year period to the Income Stabilization Funds of GRS and PFRS for the payment of Income Stabilization Payments to Eligible Pensioners and to the Retirement Systems, in accordance with applicable agreements.

Each Settling UTGO Bond Insurer shall receive, as soon as reasonably practicable after the occurrence of a Trigger Event, its allocable share of the Top-Off Payments in accordance with the terms of the UTGO Settlement Agreement.

D. The State Contribution Agreement.

Prior to or on the Effective Date, if Classes 10 and 11 vote to accept the Plan, the City, GRS, PFRS and the State will enter into the State Contribution Agreement, substantially on the terms set forth on Exhibit I.A.332.

1. State Contribution.

The State or the State's authorized agent will contribute the net present value of \$350 million payable over 20 years using a discount rate of 6.75% to GRS and PFRS for the benefit of the Holders of Pension Claims.

2. Income Stabilization Payments.

The Income Stabilization Funds of GRS and PFRS will receive not less than an aggregate amount of \$20 million over 14 years of the Assigned UTGO Bond Tax Proceeds in the form of annual installment payments pursuant to a payment schedule approved by the State. Following the Effective Date, on an annual basis, GRS and PFRS will distribute such portion of the funds held in their respective Income Stabilization Fund to Eligible Pensioners entitled to receive the Income Stabilization Benefit and the Income Stabilization Benefit Plus. The

Income Stabilization Benefit, which will be calculated in the first year following the Effective Date and will not increase thereafter, will be provided by the applicable Retirement System to each Eligible Pensioner. In addition, to the extent that an Eligible Pensioner's estimated adjusted annual household income (as determined by the applicable Retirement System) in any calendar year after the first year of the income stabilization program is less than 105% of the Federal Poverty Level for such year, the applicable Retirement System will distribute the Income Stabilization Benefit Plus to such Eligible Pensioner.

In the event that, in 2022 (provided that the State has not issued a certificate of default under the State Contribution Agreement with respect to GRS or PFRS, as applicable, at any time prior to 2022), it is the opinion of at least 75% of the independent members of the Investment Committee of GRS or PFRS, as applicable, that the Income Stabilization Fund of the applicable Retirement System is credited with Excess Assets, the respective Investment Committee may recommend that the Excess Assets, in an amount not to exceed \$35 million, be used to fund the Adjusted Pension Amounts payable by the applicable Retirement System. In the event that any funds remain in the Income Stabilization Fund of each or either of GRS or PFRS on the date upon which no Eligible Pensioners under the applicable Retirement System are living, such funds shall be used to fund the Adjusted Pension Amounts payable by the applicable Retirement System.

3. Conditions to State's Participation.

The payment of the State Contribution by the State or the State's authorized agent is conditioned upon satisfaction of the conditions precedent set forth in the State Contribution Agreement, including, among other things, the following: (a) the Confirmation Order becoming a Final Order no later than December 31, 2014, which Confirmation Order must contain certain provisions as set forth in the State Contribution Agreement, including a requirement that the governing documents of GRS and PFRS be amended to include (i) the governance terms and conditions set forth in the State Contribution Agreement and (ii) the Income Stabilization Funds and Income Stabilization Payments; (b) the occurrence of the Effective Date no later than April 1, 2015; (c) acceptance of the Plan by Classes 10 and 11, which Plan must be in form and substance reasonably acceptable to the State and contain certain release provisions; (d) the Retiree Committee's endorsement of the Plan, including a letter from the Retiree Committee recommending that Classes 10 and 11 vote in favor of the Plan, or equivalent assurances from member organizations representing a majority of retirees in Classes 10 and 11; (e) active support of the Plan by, a release of and covenant not to sue the State from, and an agreement not to support in any way the litigation described in subsection (f) of this Section by, the City, the Retiree Committee, the Retirement Systems and certain unions and retiree associations, or equivalent assurances of litigation finality; (f) cessation of all litigation, or equivalent assurances of finality of such litigation, including the cessation of funding of any litigation initiated by any other party, as it relates to the City, (i) challenging PA 436 or any actions taken pursuant to PA 436 or (ii) seeking to enforce Article IX, Section 24 of the Michigan Constitution; (g) evidence satisfactory to the State of an irrevocable commitment by the Foundations (excluding the Special Foundation Funders, as that term is defined in the DIA Settlement Documents) to fund \$366 million (or the net present value thereof) as part of the DIA Settlement, as provided in Section IV.E.1; and (h) evidence satisfactory to the State of an irrevocable commitment by DIA Corp. to fund \$100 million (or the net present value thereof) as part of the DIA Settlement, as provided in Section IV.E.1.

The State shall File and serve via the Court's electronic case filing and noticing system a notice that the conditions precedent to the State's payment of the State Contribution have been satisfied or otherwise addressed pursuant to the procedures outlined in the State Contribution Agreement no later than ten days after all such conditions have been satisfied or otherwise addressed.

4. Release of Claims Against the State and State Related Entities.

The State Contribution Agreement requires that the Plan provide for the release of the State and the State Related Entities by each holder of a Pension Claim from all Liabilities arising from or related to the City, the Chapter 9 Case, the Plan, all Exhibits, the Disclosure Statement, PA 436 and its predecessor or replacement statutes, and Article IX, Section 24 of the Michigan Constitution, as more particularly described in the State Contribution Agreement and as set forth at Section III.D.7.b.

E. The DIA Settlement.

On the Effective Date, the City and the DIA Corp. will enter into the DIA Settlement, pursuant to which (1) the DIA Funding Parties that are such as of the Effective Date have committed to assist in the funding of the City's restructured legacy pension obligations and (2) the City has agreed to enter into certain transactions that will cause the DIA to remain in the City in perpetuity, as described in and subject to the terms and conditions of the DIA Settlement Documents, and to otherwise make the DIA Assets available for the benefit of the residents of the City and the Counties and the citizens of the State. The DIA Settlement Documents attached hereto as Exhibit I.A.127 will qualify the description of the DIA Settlement in the Plan, Disclosure Statement and Exhibit I.A.126. The Plan shall be construed as a motion for approval of, and the Confirmation Order shall constitute an order approving, the DIA Settlement pursuant to Bankruptcy Rule 9019.

1. Funding Contributions.

The DIA Settlement will be funded as follows: (a) irrevocable commitments in an aggregate amount of at least \$366 million by the Foundations (excluding the Special Foundation Funders, as that term is defined in the DIA Settlement Documents); and (b) in addition to its continuing commitments outside of the DIA Settlement, irrevocable commitments in an aggregate amount of \$100 million from the DIA Direct Funders (including the commitment of the Special Foundation Funders, as that term is defined in the DIA Settlement Documents, and subject to certain adjustments as set forth in the DIA Settlement Documents), the payment of which \$100 million will be guaranteed by DIA Corp., subject to the terms of the DIA Settlement Documents. The foregoing commitments shall be funded over the course of the 20 year period immediately following the Effective Date (subject to the annual confirmation of the City's continuing compliance with the terms of the DIA Settlement) according to the "Agreed Required Minimum Schedule" and subject to the option at any time for the "Present Value Discount," as set forth in the DIA Settlement Documents. Amounts committed by the Foundations and the DIA Direct Funders will be paid to the CFSEM Supporting Organization, which will (a) transfer such amounts for the purpose of funding the Retirement Systems upon the City's satisfaction of certain conditions and (b) not be subject to claims of creditors of the Community Foundation for Southeast Michigan.

2. Transfer of DIA Assets.

On the Effective Date, the City shall irrevocably transfer all of its right, title and interest in and to the DIA Assets to DIA Corp., as trustee, to be held in perpetual charitable trust, and within the City limits, for the primary benefit of the residents of the City and the Counties and the citizens of the State.

3. Conditions to the DIA Funding Parties' Participation.

The DIA Funding Parties' participation in the DIA Settlement is conditioned upon, among other things, the following: (a) execution of the DIA Settlement Documents by each Foundation; (b) the irrevocable commitment from the DIA Corp. described in Section IV.E.1; (c) the acceptance of the Plan by Classes 10 and 11; (d) the irrevocable transfer by the City of the DIA Assets described in Section IV.E.2; (e) approval by the DIA's Board of Directors and the taking effect of the recommendation of the governance committee as described in Exhibit I.A.126; (f) the earmarking of all funds provided by the DIA Funding Parties towards the recoveries upon Pension Claims under the Plan for Holders of Claims in Classes 10 and 11; (g) the adoption of prospective governance and financial oversight mechanisms for the Retirement Systems that are reasonably satisfactory to the DIA Funding Parties; (h) the amendment by DIA Corp. and the art institute authority for each of Macomb County, Oakland County and Wayne County, Michigan of each art institute authority's respective service agreement so that the termination of the 1997 Operating Agreement between the City and DIA Corp. will not affect the art institute authorities' obligations under such agreements to pay millage proceeds to DIA Corp.; (i) the approval of the DIA Settlement by the Attorney General for the State; (j) the agreement of the State to provide the State Contribution; and (k) the City's agreement to indemnify and hold harmless the DIA Funding Parties and the CFSEM Supporting Organization and their Related Entities pursuant to, and in accordance with, the terms of the DIA Settlement Documents.

F. Contingent Payment Rights

On or as soon as reasonably practicable after the Confirmation Date, the City shall establish the Restoration Trust. The City shall issue the DWSD CVR to the Restoration Trust. If a Qualifying DWSD Transaction has not occurred before the seventh anniversary of the Effective Date, the DWSD CVR shall terminate and expire. The Restoration Trust shall distribute proceeds from the DWSD CVR in the following amounts and priorities: (1) first, to GRS up to an amount sufficient for all three GRS waterfall classes identified on Exhibit II.B.3.r.ii.C to have their 4.5% pension reductions restored; (2) second, to GRS up to an amount sufficient for all three GRS waterfall classes identified on Exhibit II.B.3.r.ii.C to have 92% of their COLA benefits restored; and (3) third, 53% to GRS and 47% to PFRS. If the City makes any contributions to either GRS or PFRS out of its portion of the Net DWSD Transaction Proceeds, such contributions and earnings thereon shall not be taken into account for determining whether any pension restoration may be made. The DWSD CVR may not be transferred.

1. Special Restoration

Any proceeds from the DWSD CVR distributed by the Restoration Trust on account of a Qualifying DWSD Transaction consummated on or before the Effective Date, or fully executed and enforceable before the Effective Date but consummated after the Effective Date, shall be utilized for the purpose of funding the Special Restoration; provided that the City shall act in good faith so as not to unreasonably delay the execution of a Qualifying DWSD Transaction solely to avoid Special Restoration. In such case, the City will perform a Value Determination and arrive at the Discounted Value. The City will engage in good faith discussion as to the reasonableness of the Value Determination with the Retiree Committee or Restoration Trust, as applicable. In the event that the Retiree Committee or the Restoration Trust, as applicable, does not accept the Value Determination, the Retiree Committee or the Restoration Trust, as applicable, may seek to have the Bankruptcy Court determine the dispute, and the City consents to such jurisdiction.

Special Restoration shall follow the priorities of restoration of benefits set forth in Exhibits II.B.3.q.ii.C and II.B.3.r.ii.C. In order for benefits to be restored pursuant to the Special Restoration, such benefits must be fully funded by 50% of the Discounted Value for the full actuarially-determined lives of all participants for whom benefits are restored. In the event that actual Net DWSD Transaction Proceeds from the DWSD CVR do not equal 50% of the contemplated Net DWSD Transaction Proceeds as of the date of the Value Determination, the Investment Committees of the Retirement Systems will reduce or eliminate the Special Restoration benefits, as applicable, by the amount that 50% of the Discounted Value exceeds the actual Net DWSD Transaction Proceeds from the DWSD CVR received or projected to be received using a 6.75% discount rate. In the event that the Retiree Committee, the Restoration Trust or the City, as applicable, does not agree with the reduction in the Special Restoration benefits, the Retiree Committee or the Restoration Trust, as applicable, or the City may consult with the trustees and Investment Committees of PFRS or GRS with respect to any such reduction. Neither the Retiree Committee nor the Restoration Trust shall have any right to initiate any enforcement proceeding with respect to Special Restoration.

2. General Restoration

Any Net DWSD Transaction Proceeds from the DWSD CVR distributed by the Restoration Trust on account of a Qualifying DWSD Transaction consummated after the Effective Date, if such Qualifying Transaction was not fully executed and enforceable before the Effective Date, shall be utilized for the purpose of funding the pension trusts, and such cash contributions shall be included in any calculations allowing for the restoration of benefits in accordance with the general rules governing pension restoration as provided for in Exhibits II.B.3.q.ii.C and II.B.3.r.ii.C.

G. The OPEB Settlement.

The City and the Retiree Committee have reached a settlement related to the allowance and calculation of the OPEB Claims in Class 12 and the treatment of such Allowed OPEB Claims, the terms of which settlement are reflected in the Plan. The Plan shall be construed as a motion for approval of, and the Confirmation Order shall constitute an order approving, such settlement pursuant to Bankruptcy Rule 9019.

H. The LTGO Settlement.

The City, the LTGO Insurer and BlackRock Financial Management have reached a settlement related to the treatment of Allowed Limited Tax General Obligation Bond Claims, the terms of which settlement are reflected in the Plan. Pursuant to the LTGO Settlement Agreement, Distributions attributable to the Insured LTGO Bonds shall be made to the LTGO Distribution Agent (as opposed to directly to the record owners of the Insured LTGO Bonds or to the LTGO Insurer) for the benefit of the record owners of the Insured LTGO Bonds in accordance with the LTGO Settlement Agreement. In the event that the City intends to redeem the principal amount of New LTGO Notes during any time that the Insured LTGO Bonds are outstanding, the City and the LTGO Distribution Agent shall be required to take certain actions as described in the LTGO Settlement Agreement. The Plan shall be construed as a motion for approval of, and the Confirmation Order shall constitute an order approving, the LTGO Settlement Agreement pursuant to Bankruptcy Rule 9019.

I. The Syncora Settlement

The City and Syncora have reached a settlement effecting a global resolution of all matters and litigation between the parties related to the Chapter 9 Case, as set forth in the Syncora Settlement Documents (the terms of which qualify and control over any description of the Syncora Settlement contained herein). Pursuant to the Syncora Settlement, and in accordance with the Plan, among other things: (1) the City shall, pursuant to Section II.D.1, assume the Tunnel Lease; (2) the parties shall enter into the Syncora Development Agreement; (3) the parties shall dismiss or withdraw the Dismissed Syncora Litigation as set forth in the Syncora Settlement Agreement; (4) any vote cast by Syncora to reject the Plan shall be deemed a vote to accept the Plan; (5) Syncora shall support Confirmation; and (6) on the Effective Date or as soon thereafter as practical, the City shall pay the sum of \$5 million in full satisfaction of all of Claims filed or asserted against the City by Syncora relating to the COP Swap Agreements and any agreements related thereto, including the COP Syncora Swap Insurance Policies and the COP Swap Collateral Agreement. The Plan shall be construed as a motion for approval of, and the Confirmation Order shall constitute an order approving and authorizing the parties to enter into, (1) the Syncora Settlement pursuant to Bankruptcy Rule 9019 and (2) the related Syncora Development Agreement (including the garage option) and the Tunnel Lease. The City shall not amend the Plan in any way that adversely affects Syncora without Syncora's prior written consent.

J. The FGIC/COP Settlement

The City and FGIC have reached a settlement effecting a global resolution of all matters and litigation between the parties related to the Chapter 9 Case, as set forth in the FGIC/COP Settlement Documents (the terms of which qualify and control over any description of the FGIC/COP Settlement contained herein). Pursuant to the FGIC/COP Settlement, and in accordance with the Plan, among other things: (1) the City and the Developer, for the benefit of FGIC and the FGIC COP Holders, shall enter into the FGIC Development Agreement; (2) FGIC shall, on behalf of the FGIC COP Holders, become a Settling COP Claimant with respect to all COPs and COP Claims associated with COPs originally insured by FGIC; (3) the parties shall dismiss or withdraw the Dismissed FGIC/COP Litigation as set forth in the FGIC/COP Settlement Documents; (4) except for Excluded Actions, FGIC shall waive any claims it may have against any other party related to the Dismissed FGIC/COP Litigation as set forth in the FGIC/COP Settlement Documents; (5) any vote cast by FGIC to reject the Plan shall be deemed a vote to accept the Plan; and (6) in full satisfaction and discharge of FGIC's claims against the City related to FGIC's Swap Insurance Policies, (a) FGIC shall receive an Allowed Class 14 Claim in the amount of \$6.15 million, entitling FGIC to receive the Distributions provided pursuant to Section II.B.3.u.i and (b) the DDA shall assign to FGIC all of its right, title and interest to the New B Notes to be distributed to the DDA pursuant to Section II.B.3.t.ii. The Plan shall be construed as a motion for approval of, and the Confirmation Order shall constitute an order approving and authorizing the parties to enter into, (1) the FGIC/COP Settlement pursuant to Bankruptcy Rule 9019 and (2) the related FGIC Development Agreement. The City shall not amend the Plan in any way that adversely affects FGIC without FGIC's prior written consent.

K. Issuance of the New Securities.

The City shall issue the New Securities on the Effective Date or a subsequent Distribution Date, as applicable. To the maximum extent provided by section 1145 of the Bankruptcy Code and applicable non-

bankruptcy law, the issuance of New Securities as contemplated by the Plan is exempt from, among other things, the registration requirements of Section 5 of the Securities Act and any other applicable U.S. state or local law requiring registration prior to the offering, issuance, distribution, or sale of securities. The New Securities (a) are not "restricted securities" as defined in Rule 144(a)(3) under the Securities Act, and (b) are freely tradable and transferable by any initial recipient thereof that (i) is not an "affiliate" of the City or applicable issuer as defined in Rule 144(a)(1) under the Securities Act, (ii) has not been such an "affiliate" within 90 days of such transfer, and (iii) is not an entity that is an "underwriter" as defined in subsection (b) of Section 1145 of the Bankruptcy Code.

L. Cancellation of Existing Bonds, Bond Documents, COPs and COP Documents.

Except (a) as provided in any contract, instrument or other agreement or document entered into or delivered in connection with the Plan, (b) for purposes of evidencing a right to Distribution under the Plan or (c) as specifically provided otherwise in the Plan (including any rejection of Executory Contracts pursuant to Section II.D), on the Effective Date, the Bonds, the Bond Documents, the COPs and the COP Documents will be deemed automatically cancelled, terminated and of no further force or effect against the City without any further act or action under any applicable agreement, law, regulation, order or rule, and the obligations of the parties to the City, as applicable, under the Bonds, the Bond Documents, the COPs and the COP Documents shall be discharged; provided, however, that the Bonds, the Bond Documents, the COPs and the COP Documents shall continue in effect solely (i) to allow the Disbursing Agent to make any Distributions as set forth in the Plan and to perform such other necessary administrative or other functions with respect thereto, (ii) for any trustee, agent, contract administrator or similar entity under the Bond Documents or COP Documents to have the benefit of all the rights and protections and other provisions of the Bond Documents or COP Documents, as applicable, and all other related agreements with respect to priority in payment and lien rights with respect to any Distribution, (iii) to set forth the terms and conditions applicable to parties to the Bond Documents and COP Documents other than the City, (iv) as may be necessary to preserve any claim by (1) a Bondholder or Bond Agent under a Bond Insurance Policy or against any Bond Insurer, (2) a COPs Holder or COP Agent under a COP Insurance Policy or against any COP Insurer or (3) a COP Swap Counterparty under a Swap Insurance Policy or against any insurer thereunder and (v) with respect to any obligation of any party (other than the City, except to the extent provided in the COP Swap Settlement or the COP Swap Settlement Approval Order) under any COP Document related to such party's obligations owed in respect of the COP Swap Documents or the COP Swap Claims. Notwithstanding the foregoing, and except as otherwise expressly provided in the Plan (or the COP Swap Settlement or the COP Swap Settlement Approval Order), such Bonds, Bond Documents, COPs or COP Documents as remain outstanding shall not form the basis for the assertion of any Claim against the City. Nothing in the Plan impairs, modifies, affects or otherwise alters the rights of (a) Bondholders or Bond Agents with respect to claims under applicable Bond Insurance Policies or against the Bond Insurers, (b) COPs Holders or COP Agent with respect to claims under COP Insurance Policies and obligations related thereto or (c) COP Swap Counterparties with respect to claims under Swap Insurance Policies and obligations related thereto. For the avoidance of doubt, except for the immediately preceding sentence, this Section IV.L shall not apply to any Bonds that are Reinstated pursuant to Section II.B.3.a.ii. As of the Effective Date, the principal amounts of the COPs originally insured by FGIC shall be deemed accelerated and due and payable, and no interest on the COPs originally insured by FGIC shall accrue thereafter, solely for the purposes of determining distributions from the COP Trustee to holders of COPs originally insured by FGIC. The foregoing acceleration of principal and cessation of interest shall affect only the rights of each holder of COPs originally insured by FGIC to the receipt of proceeds of distributions under the Plan and not the rights of each such COPs holder against FGIC or shall not in any way modify payments currently required of FGIC under its existing insurance policies or FGIC's Plan of Rehabilitation.

M. Release of Liens.

Except as otherwise provided in the Plan or in any contract, instrument, release or other agreement or document entered into or delivered in connection with the Plan, or where a Claim is Reinstated, on the Effective Date, all Liens against the City's property will be deemed fully released and discharged, and all of the right, title and interest of any holder of such Liens, including any rights to any collateral thereunder, will revert to the City. As of the Effective Date, (1) the holders of such Liens will be authorized and directed to release any collateral or other property of the City (including any cash collateral) held by such Holder and to take such actions as may be requested by the City to evidence the release of such Lien, including the execution, delivery, filing or recording of such releases as may be requested by the City, and (2) the City shall be authorized to execute and file on behalf of

creditors Form UCC-3 termination statements or such other forms as may be necessary or appropriate to implement the provisions of this Section IV.M.

N. Professional Fees

1. Professional Fee Reserve

On the Effective Date, the City shall establish and fund the Professional Fee Reserve from the General Fund or, where applicable, the DWSD's funds, in an amount determined by the City to be sufficient to pay the Fee Review Professional Fees that remain unpaid as of the Effective Date, solely to the extent that such amounts are payable from the General Fund or the DWSD's funds. The initial amount of the Professional Fee Reserve shall be equal to the sum of (a) all invoices received from Fee Review Professionals and the Fee Examiner Parties as of the establishment and funding of the Professional Fee Reserve to the extent not yet paid (including holdbacks); (b) an estimate of the Fee Review Professionals' unbilled fees through the Effective Date as determined by the City in consultation with the Fee Review Professionals, which estimate shall be no lower than 125% of the aggregate amount of the highest monthly invoices respectively submitted by each Fee Review Professional pursuant to the Fee Review Order prior to the establishment and funding of the Professional Fee Reserve; and (c) an estimate of the Fee Examiner Parties' unbilled fees and expenses through the projected date of dismissal of the Fee Examiner under Section IV.N.3, as determined by the City in consultation with the Fee Examiner. The funds held in the Professional Fee Reserve may not be used for any purpose other than the payment of Fee Review Professional Fees until any and all disputes regarding the Fee Review Professional Fees, including any disputes arising under the Fee Review Order, have been fully and finally resolved pursuant to a Final Order or a stipulation between the disputing parties. Any amounts remaining in the Professional Fee Reserve after final resolution of all such disputes and the payment of all Fee Review Professional Fees determined to be reasonable in accordance with the Fee Review Order shall be released to the General Fund or the DWSD's funds, as applicable. If the Professional Fee Reserve is insufficient to pay all Fee Review Professional Fees that are determined to be reasonable in accordance with the Fee Review Order and that are payable from the General Fund or the DWSD's funds, the City shall pay such additional amounts from the General Fund or the DWSD's funds, as applicable.

2. Fee Review Order

The Fee Examiner shall review all fees and expenses of the Fee Review Professionals for the period from the Petition Date and ending on the Effective Date in accordance with the terms of the Fee Review Order. For the avoidance of doubt, the Fee Review Order shall not apply to any fees or expenses of the Fee Review Professionals for the period on and after the Effective Date, and the Fee Examiner shall not review any such fees or expenses; provided, however, that all fees and expenses of the Fee Examiner Parties, whether incurred before, on or after the Effective Date, shall remain subject to review and approval of the Bankruptcy Court pursuant to the terms of the Fee Review Order.

3. Dismissal of the Fee Examiner

Once the Fee Examiner completes his review of all Fee Review Professional Fees and submits or Files all reports related thereto as required by the Fee Review Order, the Fee Examiner shall be dismissed of all duties and obligations under the Fee Examiner Order and the Fee Review Order, other than any obligations of confidentiality thereunder. The confidentiality obligations of the Fee Examiner and the other Fee Examiner Parties, including the confidentiality obligations set forth in paragraph 22 of the Fee Review Order, shall remain binding from and after the Effective Date.

4. Potential Review of Fees Not Subject to Fee Review Order

The City shall have the right to bring before the Bankruptcy Court a request to review and determine the reasonableness of the fees and expenses of any Fee Review Professional retained by a creditor of the City or any of its departments to the extent that such fees and expenses have not been either (a) approved pursuant to or in accordance with the DWSD Tender Order, (b) subject to court review or (c) subject to a Bankruptcy Court-approved or agreed upon process for binding arbitration.

5. Court-Appointed Expert

The Court-appointed expert, Martha E. M. Kopacz of Phoenix Management Services, and her counsel shall be compensated for any reasonable fees and expenses incurred through the Confirmation Date in accordance with the terms of the Court's Order Appointing Expert Witness (Docket No. 4215), entered on April 22, 2014, as amended.

O. Assumption of Indemnification Obligations.

Notwithstanding anything otherwise to the contrary in the Plan, nothing in the Plan shall discharge or impair the obligations of the City as provided in the City Charter of the City or other organizational documents, resolutions, employment contracts, applicable law or other applicable agreements as of the Petition Date to indemnify, defend, reimburse, exculpate, advance fees and expenses to, or limit the liability of officers and employees of the City (consistent with the injunction provisions of Section III.D.5 and including the members of the City Council, the Mayor and the Emergency Manager) and their Related Entities, in each case to the extent such Entities were acting in such capacity, against any claims or causes of action whether direct or derivative, liquidated or unliquidated, foreseen or unforeseen, asserted or unasserted; provided that this Section IV.O shall be read in conjunction with the provisions for Indirect Employee Indemnity Claims set forth in Section III.D.5. Notwithstanding the foregoing, Retirement System Indemnity Obligations shall not be assumed under the Plan and shall be discharged. For the avoidance of doubt, no indemnification provision in any loan document, bond document, Bond Insurance Policy or other agreement with a Bond Insurer is exempted from discharge by reason of this Section IV.O.

P. Incorporation of Retiree Health Care Settlement Agreement.

The terms of the Retiree Health Care Settlement Agreement resolving the Retiree Health Care Litigation, which agreement is attached hereto as Exhibit I.A.298, are incorporated herein by reference and shall be binding upon the parties thereto.

Q. Payment of Workers' Compensation Claims.

From and after the Effective Date, (a) the City will continue to administer (either directly or through a third party administrator) and pay all valid claims for benefits and liabilities for which the City is responsible under applicable State workers' compensation law, regardless of when the applicable injuries were incurred, in accordance with the City's prepetition practices and procedures and governing State workers' compensation law, and (b) nothing in the Plan shall discharge, release or relieve the City from any current or future liability under applicable State workers' compensation law. The City expressly reserves the right to challenge the validity of any claim for benefits or liabilities arising under applicable State workers' compensation law.

R. 36th District Court Settlement.

The City and the Settling 36th District Court Claimants have reached a settlement related to (1) the allowance of certain of the Settling 36th District Court Claimants' Claims and (2) the treatment of Allowed Indirect 36th District Court Claims under the Plan substantially on the terms attached hereto as Exhibit I.A.9. The 36th District Court Settlement is incorporated into the Plan, which shall be construed as a motion for approval of, and the Confirmation Order shall constitute an order approving, such settlement pursuant to Bankruptcy Rule 9019.

S. Payment of Certain Claims Relating to the Operation of City Motor Vehicles.

From and after the Effective Date, the City will continue to administer (either directly or through a third party administrator) and pay valid prepetition Claims for liabilities with respect to which the City is required to maintain insurance coverage pursuant to MCL § 500.3101 in connection with the operation of the City's motor vehicles, as follows: (1) Claims for personal protection benefits as provided by MCL § 500.3107 and MCL § 500.3108, for which insurance coverage is required by MCL § 500.3101(1), shall be paid in full, to the extent valid, provided, however, that the City will not be liable for or pay interest or attorneys' fees under MCL § 500.3142

or MCL § 500.3148 on prepetition Claims for personal protection benefits; (2) tort claims permitted by MCL § 500.3135, for which residual liability insurance coverage is required by MCL § 500.3101(1) and MCL § 500.3131, shall be paid, to the extent valid, only up to the minimum coverages specified by MCL § 500.3009(1), i.e., up to a maximum of (a) \$20,000 because of bodily injury to or death of one person in any one accident, and subject to that limit for one person, (b) \$40,000 because of bodily injury to or death of two or more persons in any one accident and (c) \$10,000 because of injury to or destruction of property of others in any accident; and (3) Claims for property protection benefits under MCL § 500.3121 and MCL § 500.3123 shall be paid, to the extent valid, only up to the maximum benefits specified in MCL § 500.3121; provided, however, for the avoidance of doubt, to the extent any valid Claim subject to subsections 2 and 3 above exceeds the applicable payment limits, the excess claim amount shall be treated as an Other Unsecured Claim or a Convenience Claim (as applicable). Nothing in the Plan shall discharge, release or relieve the City from any current or future liability with respect to Claims subject to insurance coverage pursuant to MCL § 500.3101 or Claims within the minimum coverage limits in MCL § 500.3009(1). The City expressly reserves the right to challenge the validity of any Claim subject to this Section IV.S, and nothing herein shall be deemed to expand the City's obligations or claimants' rights with respect to these Claims under State law.

T. Payment of Tax Refund Claims.

From and after the Effective Date, the City will continue to administer (either directly or through a third party administrator) and pay all valid claims for income tax refunds and property tax refunds for which the City is responsible under applicable law, regardless of when the applicable right to a refund arose, in accordance with the City's prepetition practices and procedures. The City expressly reserves the right to challenge the validity of any claim for an income tax refund or property tax refund.

U. Utility Deposits.

From and after the Effective Date, the City will continue to administer utility deposits in accordance with the City's prepetition practices and procedures, including the payment of any undisputed, non-contingent, liquidated claims against the City for the refund of a utility deposit.

V. Pass-Through Obligations.

The City shall continue to honor its Pass-Through Obligations to the Pass-Through Recipients.

W. Exit Facility.

On the Effective Date, the City shall enter into the Exit Facility, as well as any ancillary notes, documents or agreements in connection therewith, including, without limitation, any documents required in connection with the creation or perfection of the liens securing the Exit Facility.

X. Post-Effective Date Governance.

Prior to or on the Effective Date, the Financial Review Commission shall be established pursuant to and in accordance with the Financial Review Commission Act. The Financial Review Commission shall provide oversight as set forth in the Financial Review Commission Act, including to ensure that, post-Effective Date, the City adheres to the Plan and continues to implement financial and operational reforms that promote more efficient and effective delivery of services to City residents. The City shall promptly provide to the Bankruptcy Court copies of any reports given to, or received from, the Financial Review Commission. Nothing herein shall expand, limit or otherwise modify the role or powers of the Financial Review Commission.

ARTICLE V
PROVISIONS REGARDING DISTRIBUTIONS UNDER THE PLAN

A. Appointment of Disbursing Agent.

The City may act as Disbursing Agent or may employ or contract with other Entities to act as the Disbursing Agent or to assist in or make the Distributions required by the Plan. Any Disbursing Agent appointed by the City will serve without bond. Other than as specifically set forth in the Plan, the Disbursing Agent shall make all Distributions required to be made under the Plan.

B. Distributions on Account of Allowed Claims.

Except as otherwise provided in the Plan, on the Effective Date or as soon as practicable thereafter (or if a Claim is not an Allowed Claim on the Effective Date, on the date that such a Claim becomes an Allowed Claim, or as soon as reasonably practicable thereafter), each Holder of an Allowed Claim shall receive from the Disbursing Agent, the Bond Agent or the COP Agent, as applicable, the Distributions that the Plan provides for Allowed Claims in the applicable Class. In the event that any payment or act under the Plan is required to be made or performed on a date that is not a Business Day, then the making of such payment or the performance of such act may be completed on the next succeeding Business Day, but shall be deemed to have been completed as of the required date. If and to the extent that there are Disputed Claims, Distributions on account of any such Disputed Claims shall be made pursuant to the provisions set forth in Section VI.B. Except as otherwise provided in the Plan, Holders of Claims shall not be entitled to interest, dividends or accruals on the Distributions provided for in the Plan, regardless of whether such Distributions are delivered on or at any time after the Effective Date. Notwithstanding anything to the contrary in the Plan, no Holder of an Allowed Claim shall, on account of such Allowed Claim, receive a Distribution in excess of the Allowed amount of such Claim.

C. Certain Claims to Be Expunged.

Any Claim that has been or is hereafter listed in the List of Creditors as contingent, unliquidated or disputed, and for which no proof of Claim is or has been timely Filed, is not considered to be an Allowed Claim and shall be expunged without further action by the City and without further notice to any party or any action, approval or order of the Bankruptcy Court.

D. Record Date for Distributions; Exception for Bond Claims.

With the exception of Bond Claims, neither the City nor any Disbursing Agent will have any obligation to recognize the transfer of, or the sale of any participation in, any Claim that occurs after the close of business on the Distribution Record Date, and will be entitled for all purposes herein to recognize and distribute only to those Holders of Allowed Claims (including Holders of Claims that become Allowed after the Distribution Record Date) that are Holders of such Claims, or participants therein, as of the close of business on the Distribution Record Date. With the exception of the Bond Claims, the City and any Disbursing Agent shall instead be entitled to recognize and deal for all purposes under the Plan with only those record Holders stated on the official Claims Register as of the close of business on the Distribution Record Date. Unless otherwise set forth in the Confirmation Order, the City shall not establish a record date for Distributions to Holders of Bond Claims.

E. Means of Cash Payments.

Except as otherwise specified herein, all Cash payments made pursuant to the Plan shall be in U.S. currency and made by check drawn on a domestic bank selected by the Disbursing Agent or, at the option of the Disbursing Agent, by wire transfer, electronic funds transfer or ACH from a domestic bank selected by the Disbursing Agent; provided, however, that Cash payments to foreign Holders of Allowed Claims may be made, at the option of the Disbursing Agent, in such funds and by such means as are necessary or customary in a particular foreign jurisdiction.

F. Selection of Distribution Dates for Allowed Claims.

Except where the Plan requires the making of a Distribution on account of a particular Allowed Claim within a particular time, the Disbursing Agent shall have the authority to select Distribution Dates that, in the judgment of the Disbursing Agent, provide Holders of Allowed Claims with payments as quickly as reasonably practicable while limiting the costs incurred in the distribution process. Upon the selection of a Distribution Date by the Disbursing Agent, the Disbursing Agent shall File a notice of such Distribution Date that provides information regarding the Distribution to be made.

G. Limitations on Amounts to Be Distributed to Holders of Allowed Claims Otherwise Insured.

No Distributions under the Plan shall be made on account of an Allowed Claim that is payable pursuant to one of the City's insurance policies until the Holder of such Allowed Claim has exhausted all remedies with respect to such insurance policy; provided that, if the City believes a Holder of an Allowed Claim has recourse to an insurance policy and intends to direct the Disbursing Agent to withhold a Distribution pursuant to this Section V.G, the City shall provide written notice to such Holder regarding what the City believes to be the nature and scope of applicable insurance coverage. To the extent that one or more of the City's insurance carriers agrees to satisfy a Claim in full, then immediately upon such agreement such Claim may be expunged without a Claims objection having to be Filed and without any further notice or any action, order or approval of the Bankruptcy Court. Nothing in the Plan, including this Section V.G, shall constitute a waiver of any claims, obligations, suits, judgments, damages, demands, debts, rights, Causes of Action or liabilities that any Entity may hold against any other Entity, including the City's insurance carriers and Bond Insurers, other than the City. For the avoidance of doubt, this Section shall not apply to Bond Insurance Policies or Swap Insurance Policies.

H. City's Rights of Setoff Preserved.

Notwithstanding anything to the contrary in the Plan, pursuant to section 553 of the Bankruptcy Code or otherwise applicable non-bankruptcy law, the City may set off against any Allowed Claim and the Distributions to be made pursuant to the Plan on account of such Allowed Claim the claims, rights and Causes of Action of any nature that the City may assert against the Holder of such Claim; provided, however, that neither the failure to effect a setoff nor the allowance of any Claim pursuant to the terms of the Plan shall constitute a waiver or release by the City of any claims, rights and Causes of Action that the City may assert against such Holder, all of which are expressly preserved.

I. Delivery of Distributions and Undeliverable or Unclaimed Distributions.

1. Delivery of Distributions Generally.

Except as set forth in Section V.I.2, Distributions to Holders of Allowed Claims shall be made at the addresses set forth in the City's records unless such addresses are superseded by proofs of Claim or transfers of Claim Filed pursuant to Bankruptcy Rule 3001.

2. Delivery of Distributions on Account of Bond Claims.

Distributions on account of the Bond Claims shall (a) be made by the Disbursing Agent to the Bond Agent under the applicable Bond Documents for the benefit of Holders of Bond Claims and (b) be deemed completed when made by the Disbursing Agent to the Bond Agent as if such Distributions were made directly to the Holders of such Claims. The applicable Bond Agent, in turn, shall make such distributions to the applicable Holders pursuant to the terms and conditions of the applicable Bond Documents and subject to the respective rights, claims and interests, if any, that the Bond Agent may have under the applicable Bond Documents or otherwise to the recovery or reimbursement of their fees, costs and expenses (including the fees, costs and expenses of counsel and financial advisors) from any distribution hereunder, whether such rights, claims or interests are in the nature of a charging lien or otherwise. The Bond Agent shall not be required to give any bond, surety or other security for the performance of its duties with respect to such Distributions.

3. De Minimis Distributions / No Fractional New Securities.

No distribution shall be made by the Disbursing Agent on account of an Allowed Claim if the amount to be distributed to the specific Holder of an Allowed Claim on the applicable Distribution Date has an economic value of less than \$25.00. No fractional New Securities shall be distributed. Where a fractional portion of a New Security otherwise would be called for under the Plan, the actual issuance shall reflect a rounding down to the nearest whole New Security.

4. Undeliverable or Unclaimed Distributions.

In the event that any Distribution to any Holder is returned as undeliverable, no Distribution to such Holder shall be made unless and until the Disbursing Agent has determined the then-current address of such Holder, at which time such Distribution shall be made to such Holder without interest.

Any Holder of an Allowed Claim that does not claim an undeliverable or unclaimed Distribution within six months after the Effective Date shall be deemed to have forfeited its claim to such Distribution and shall be forever barred and enjoined from asserting any such claim against the City or its property. In such cases, any Cash held by the City on account of such undeliverable or unclaimed Distributions shall become the property of the City free of any restrictions thereon and notwithstanding any federal or state escheat laws to the contrary. Any New Securities held for distribution on account of such Claims shall be canceled and of no further force or effect. Nothing contained in the Plan shall require any Disbursing Agent to attempt to locate any Holder of an Allowed Claim.

5. Time Bar to Cash Payment Rights.

Checks issued in respect of Allowed Claims shall be null and void if not negotiated within 90 days after the date of issuance thereof. Requests for reissuance of any check shall be made to the Disbursing Agent by the Holder of the Allowed Claim to whom such check originally was issued within 180 days after the date of the original check issuance. After such date, the Claim of any Holder to the amount represented by such voided check shall be released and forever barred from assertion against the City and its property.

J. Other Provisions Applicable to Distributions in All Classes.

1. No Postpetition Interest.

Except as otherwise specifically provided for in the Plan, or required by applicable bankruptcy law, the City shall have no obligation to pay any amount that constitutes or is attributable to interest on an Allowed Claim accrued after the Petition Date and no Holder of a Claim shall be entitled to be paid any amount that constitutes or is attributable to interest accruing on or after the Petition Date on any Claim without regard to the characterization of such amounts in any document or agreement or to whether such amount has accrued for federal income tax purposes. Any such amount that constitutes or is attributable to interest that has been accrued and has not been paid by the City shall be cancelled as of the Effective Date for federal income tax purposes.

2. Compliance with Tax Requirements.

In connection with the Plan and all instruments issued in connection therewith and distributed thereon, the City and any Disbursing Agent shall comply with all Tax withholding and reporting requirements imposed on it by any governmental unit, and all Distributions under the Plan shall be subject to such withholding and reporting requirements. All such amounts withheld and paid to the appropriate governmental unit shall be treated as if made directly to the Holder of an Allowed Claim. The City and the Disbursing Agent shall be authorized to take any actions that they determine, in their reasonable discretion, to be necessary or appropriate to comply with such withholding and reporting requirements, including withholding Distributions pending receipt of information necessary to facilitate such Distributions, or establishing any other mechanisms they believe are reasonable and appropriate.

Notwithstanding any other provision of the Plan, each Entity receiving or deemed to receive a Distribution pursuant to the Plan shall have sole and exclusive responsibility for the satisfaction and payment of any Tax imposed on such Entity on account of such Distribution, including income, withholding and other Tax obligations. The City has the right, but not the obligation, to refuse, or to direct a Disbursing Agent to refuse, to make a Distribution until a Holder of an Allowed Claim has made arrangements satisfactory to the City and any Disbursing Agent for payment of any such Tax obligations. The City may require, as a condition to making a Distribution, that the Holder of an Allowed Claim provide the City or any Disbursing Agent with a completed Form W-8, W-9 or other Tax information, certifications and supporting documentation, as applicable.

If the City makes such a request and the Holder of an Allowed Claim fails to comply before the date that is 180 days after the initial request is made, the amount of such Distribution shall irrevocably revert to the City and any Claim in respect of such Distribution shall be released and forever barred from assertion against the City and its property.

3. Allocation of Distributions.

All Distributions to Holders of Allowed Claims that have components of principal and interest shall be deemed to apply first to the principal amount of such Claim until such principal amount is paid in full, and then the remaining portion of such Distributions, if any, shall be deemed to apply to any applicable accrued interest included in such Claim to the extent interest is payable under the Plan.

4. Surrender of Instruments.

As a condition to participation under this Plan, the Holder of a note, debenture or other evidence of indebtedness of the City that desires to receive the property to be distributed on account of an Allowed Claim based on such note, debenture or other evidence of indebtedness shall surrender such note, debenture or other evidence of indebtedness to the City or its designee (unless such Holder's Claim will not be Impaired by the Plan, in which case such surrender shall not be required), and shall execute and deliver such other documents as are necessary to effectuate the Plan; provided, however, that, if a claimant is a Holder of a note, debenture or other evidence of indebtedness for which no physical certificate was issued to the Holder but which instead is held in book-entry form pursuant to a global security held by the Depository Trust Company or other securities depository or custodian thereof, there shall be no requirement of surrender. In the City's sole discretion, if no surrender of a note, debenture or other evidence of indebtedness occurs and the Holder of Claim does not provide an affidavit and indemnification agreement, in form and substance reasonably satisfactory to the City, that such note, debenture or other evidence of indebtedness was lost, then no distribution may be made to such Holder in respect of the Claim based on such note, debenture or other evidence of indebtedness. For the avoidance of doubt, (a) no Bond, note, debenture or other evidence of indebtedness of the City shall be surrendered or deemed surrendered that is subject to any Bond Insurance Policy and (b) no COP shall be surrendered or deemed surrendered hereby to the extent necessary to make or preserve a claim under any applicable policies or other instruments insuring the COPs and obligations related thereto or against any party, other than the City, that insures the COPs. Notwithstanding the foregoing, such Bonds or Bond Documents as remain outstanding shall not form the basis for the assertion of any Claim against the City.

ARTICLE VI PROCEDURES FOR RESOLVING DISPUTED CLAIMS

A. Treatment of Disputed Claims.

1. General.

No Claim shall become an Allowed Claim unless and until such Claim is deemed Allowed under the Plan or the Bankruptcy Code, or the Bankruptcy Court has entered a Final Order (including the Confirmation Order) allowing such Claim. Notwithstanding any other provision of the Plan, no payments or Distributions shall be made on account of a Disputed Claim until such Claim becomes an Allowed Claim. Without limiting the foregoing in any way, no partial payments and no partial Distributions will be made with respect to a disputed, contingent or

unliquidated Claim, or with respect to any Claim for which a proof of Claim has been Filed but not Allowed, until the resolution of such disputes or estimation or liquidation of such Claim by settlement or by Final Order.

2. ADR Procedures.

At the City's option, any Disputed Claim designated or eligible to be designated for resolution through the ADR Procedures may be submitted to the ADR Procedures in accordance with the terms thereof and the ADR Procedures Order. For the avoidance of doubt, the designation of a Disputed Claim for resolution through the ADR Procedures, either prior to or after the Effective Date, will not modify, and will not be deemed to have modified, the terms of the ADR Injunction imposed pursuant to the ADR Procedures Order. Disputed Claims not resolved through the ADR Procedures will be resolved pursuant to the Plan.

3. Tort Claims.

At the City's option, any unliquidated Tort Claim (as to which a proof of Claim was timely Filed in the Chapter 9 Case) not resolved through the ADR Procedures or pursuant to a Final Order of the Bankruptcy Court will be determined and liquidated in the administrative or judicial tribunal(s) in which it is pending on the Effective Date (subject to the City's right to seek removal or transfer of venue) or, if no action was pending on the Effective Date, in an administrative or judicial tribunal of appropriate jurisdiction that (a) has personal jurisdiction over the parties, (b) has subject matter jurisdiction over the Tort Claim and (c) is a proper venue. The City may exercise the above option by service upon the holder of the applicable Tort Claim of a notice informing such holder that the City has exercised such option (which notice shall be deemed to satisfy the notice requirements of Section I.B of the ADR Procedures). Upon the City's service of such notice, the automatic stay imposed pursuant to sections 362 and 922 of the Bankruptcy Code (along with any extension of such stay pursuant to the terms of the Stay Extension Order) or, after the Effective Date, the injunction set forth at Section III.D.5, will be deemed modified, without the necessity for further Bankruptcy Court approval or any further action by the City, solely to the extent necessary to allow the parties to determine or liquidate the Tort Claim in the applicable administrative or judicial tribunal(s); provided that nothing contained in this Section will modify, or will be deemed to have modified, the terms of the Stay Extension Order with respect to any Tort Claim prior to the City having served notice of its intent to determine and liquidate such Tort Claim pursuant to this Section. If the City does not serve such a notice upon a holder of a Tort Claim by the Claims Objection Bar Date, such holder may file a motion with the Bankruptcy Court no later than 30 days after the Claims Objection Bar Date seeking relief from the discharge injunction imposed pursuant to Section III.D.5 in order to liquidate and determine its Claim, which right and the deadline for exercising such right shall be set forth in the notice of entry of the Confirmation Order.

Any Tort Claim determined and liquidated pursuant to a judgment obtained in accordance with this Section VI.A.3 and applicable non-bankruptcy law that is no longer appealable or subject to review will be deemed an Allowed Claim, provided that only the amount of such Allowed Tort Claim that is not satisfied from proceeds of insurance payable to the holder of such Allowed Tort Claim will be treated as an Allowed Claim for the purposes of distributions under the Plan and subject to the terms of the Plan. Distributions on account of any such Allowed Tort Claim shall be made in accordance with the Plan. Nothing contained in this Section will constitute or be deemed a waiver of any claim, right or Cause of Action that the City may have against any Entity in connection with or arising out of any Tort Claim, including any rights under section 157(b)(5) of title 28 of the United States Code. All claims, demands, rights, defenses and Causes of Action that the City may have against any Entity in connection with or arising out of any Tort Claim are expressly retained and preserved.

B. Disputed Claims Reserve.

On and after the Effective Date, until such time as all Disputed Claims have been compromised and settled or determined by Final Order and before making any Distributions, consistent with and subject to section 1123(a)(4) of the Bankruptcy Code, the City shall establish and maintain a reserve of property equal to (1) the Distributions to which Holders of Disputed Claims would be entitled under the Plan if such Disputed Claims were Allowed Claims in the Face Amount of such Disputed Claims or (2) such lesser amount as required by an order of the Bankruptcy Court. On the first Distribution Date that is at least 30 days (or such fewer days as may be agreed to by the City in its sole discretion) after the date on which a Disputed Claim becomes an Allowed Claim, the Disbursing Agent shall remit to the Holder of such Allowed Claim any Distributions such Holder would have been

entitled to under the Plan on account of such Allowed Claim had such Claim been Allowed as of the Effective Date. If a Disputed Claim is disallowed by Final Order, the property reserved on account shall become available for Distribution to the Holders of Allowed Claims within the Class(es) entitled to receive such property. Each Holder of a Disputed Claim that ultimately becomes an Allowed Claim will have recourse only to the assets held in the disputed claims reserve and not to any other assets held by the City, its property or any property previously distributed on account of any Allowed Claim.

C. Objections to Claims.

1. Authority to Prosecute, Settle and Compromise.

The City's rights to object to, oppose and defend against all Claims on any basis are fully preserved. As of the Effective Date, only the City shall have the authority to File, settle, compromise, withdraw or litigate to judgment objections to Claims, including pursuant to the ADR Procedures or any similar procedures approved by the Bankruptcy Court. Any objections to Claims shall be Filed no later than the Claims Objection Bar Date. On and after the Effective Date, the City may settle or compromise any Disputed Claim or any objection or controversy relating to any Claim without any further notice or any action, order or approval of the Bankruptcy Court.

2. Expungement or Adjustment of Claims Without Objection.

Any Claim that has been paid, satisfied or superseded shall be expunged from the Claims Register by the Claims and Balloting Agent at the request of the City, and any Claim that has been amended by the Holder of such Claim shall be adjusted on the Claims Register by the Claims and Balloting Agent at the request of the City, without the Filing of an objection and without any further notice or any action, order or approval of the Bankruptcy Court.

3. Extension of Claims Objection Bar Date.

Upon motion by the City to the Bankruptcy Court, the City may request, and the Bankruptcy Court may grant, an extension to the Claims Objection Bar Date generally or with respect to specific Claims. Any extension granted by the Bankruptcy Court shall not be considered to be a modification to the Plan under section 1127 of the Bankruptcy Code.

4. Authority to Amend List of Creditors.

The City will have the authority to amend the List of Creditors with respect to any Claim and to make Distributions based on such amended List of Creditors without approval of the Bankruptcy Court. If any such amendment to the List of Creditors reduces the amount of a Claim or changes the nature or priority of a Claim, the City will provide the Holder of such Claim with notice of such amendment and such Holder will have 20 days to File an objection to such amendment with the Bankruptcy Court. If no such objection is Filed, the Disbursing Agent may proceed with Distributions based on such amended List of Creditors without approval of the Bankruptcy Court.

**ARTICLE VII
RETENTION OF JURISDICTION**

Pursuant to sections 105(c), 945 and 1142(b) of the Bankruptcy Code and notwithstanding entry of the Confirmation Order and the occurrence of the Effective Date, the Bankruptcy Court will retain exclusive jurisdiction over all matters arising out of, and related to, the Chapter 9 Case and the Plan to the fullest extent permitted by law, including, among other things, jurisdiction to:

A. Allow, disallow, estimate, determine, liquidate, reduce, classify, re-classify, estimate or establish the priority or secured or unsecured status of any Claim, including the resolution of any request for payment of any Administrative Claim and the resolution of any and all objections to the amount, allowance, priority or classification of Claims;

B. Confirm the maturity date and the terms as written of the collective bargaining agreements identified on Exhibit II.D.5 of the Plan, which agreements are incorporated as part of the Plan (it being understood that the enforcement, interpretation and resolution of disputes of the terms of the contracts shall proceed under applicable state law);

C. Resolve any matters related to the assumption, assignment or rejection of any Executory Contract or Unexpired Lease and to hear, determine and, if necessary, liquidate any Claims arising therefrom, including claims for payment of any cure amount;

D. Ensure that Distributions to Holders of Allowed Claims are accomplished pursuant to the provisions of the Plan;

E. Adjudicate, decide or resolve any motions, adversary proceedings, contested or litigated matters and any other matters, and grant or deny any applications involving the City that may be pending on the Effective Date or brought thereafter;

F. Enter such orders as may be necessary or appropriate to implement or consummate the provisions of the Plan and all contracts, instruments, releases and other agreements or documents entered into or delivered in connection with the Plan, the Disclosure Statement or the Confirmation Order;

G. Resolve any cases, controversies, suits or disputes that may arise in connection with the consummation, interpretation or enforcement of the Plan or any contract, instrument, release or other agreement or document that is entered into or delivered pursuant to the Plan or any Entity's rights arising from or obligations incurred in connection with the Plan or such documents;

H. Approve any modification of the Plan or approve any modification of the Confirmation Order or any contract, instrument, release or other agreement or document created in connection with the Plan or the Confirmation Order, or remedy any defect or omission or reconcile any inconsistency in any order, the Plan, the Confirmation Order or any contract, instrument, release or other agreement or document created in connection with the Plan or the Confirmation Order, or enter any order in aid of confirmation pursuant to sections 945 and 1142(b) of the Bankruptcy Code, in such manner as may be necessary or appropriate to consummate the Plan;

I. Issue injunctions, enforce the injunctions contained in the Plan and the Confirmation Order, enter and implement other orders or take such other actions as may be necessary or appropriate to restrain interference by any Entity with consummation, implementation or enforcement of the Plan or the Confirmation Order;

J. Adjudicate, decide or resolve any matters relating to the City's compliance with the Plan and the Confirmation Order consistent with section 945 of the Bankruptcy Code;

K. Enter and implement such orders as are necessary or appropriate if the Confirmation Order is for any reason or in any respect modified, stayed, reversed, revoked or vacated or Distributions pursuant to the Plan are enjoined or stayed;

Section 9.13 Reimbursement for Defense of Claims.

(a) To the extent permitted by applicable law, and not otherwise covered by liability insurance purchased by the Trust (without regard to any non-recourse rider purchased by the insured), the Board, its individual trustees, employees of the Board and persons acting on the Board's behalf pursuant to an express written delegation to the extent such written delegation provides for indemnification (each separately, the "Indemnified Party") shall be indemnified and held harmless by the Trust Fund for all reasonable costs and expenses, including without limitation attorney's fees, judgments, settlements, liabilities, fines, or penalties, incurred or suffered in defense of any claim demand, cause of action or administrative proceeding that seeks to hold the Indemnified Party personally liable for any loss to the Plan or Trust Fund or for damages suffered by any party to, or beneficiary of this Trust Agreement arising out of conduct reasonably believed to be good faith acts within the scope and powers and duties of the Indemnified Party, provided that, the Board shall have the right to approve of the retention of any counsel whose fees would be paid by the Trust Fund, but such approval shall not be withheld unreasonably. In the event that indemnification is made by the Trust pursuant hereto, the Indemnified Party shall agree to reimburse the Trust for all fees, costs and expenses to the extent that it is determined that the Indemnified Party's acts or omissions constituted fraud, bad faith, willful misconduct, negligence, or breach of fiduciary duty, and an independent fiduciary shall take all reasonable steps to ensure reimbursement at the time the Trust Fund agrees to indemnify pursuant to this Section; provided further that in the case of a final judicial determination of negligence or breach of fiduciary duty the Indemnified Party's reimbursement obligation shall be limited to the lesser of \$50,000 or the deductible on any non-recourse commercial liability insurance policy.

(b) The Board may make, execute, record and file on its own behalf and on behalf of the Trust, all instruments and other documentation (including one or more separate indemnification agreements between the Trust and individual Indemnified Parties) that the Board deems necessary and appropriate in order to extend the benefit of the provisions of this Section to any Indemnified Party.

Section 9.14 Subrogation and Reimbursement. If the Plan is self-insured, the following provisions regarding subrogation and third-party reimbursement will apply.

(a) If the Trust Fund pays, or is obligated to pay, any amount to or on behalf of an individual ("Benefit Recipient"), the Trust Fund shall be subrogated as provided in this Section 9.14 to all the Benefit Recipient's rights of recovery with respect to the illness or injury for which the payment of benefits is made by the Trust Fund. The right of recovery referred to in the preceding sentence shall include the right to make a claim, sue, and recover against any person or entity from the first dollars of any funds which are paid or payable as a result of a personal injury claim or any reimbursement of health care expenses. If requested in writing by the Board, the Benefit Recipient shall take, through any representative designated by the Board, such action as may be necessary or appropriate to recover such payment from any person or entity, said action to be taken in the name of the Benefit Recipient. In the event of a recovery or

settlement, the Trust Fund shall be reimbursed in full on a first priority basis out of such recovery or settlement for expenses, costs, and attorneys' fees incurred by it in connection therewith.

(b) If the Trust Fund pays, or is obligated to pay, any amount to or on behalf of a Benefit Recipient for an illness or injury, the Trust Fund shall be entitled to, and shall have a first priority equitable lien on, the proceeds of any recovery, by judgment, settlement or otherwise, with respect to the illness or injury, and if paid to the Benefit Recipient, the Benefit Recipient shall immediately pay any such proceeds to the Trust Fund. If the Benefit Recipient fails to pay such proceeds, or does not cause such proceeds to be paid, to the Trust Fund, the Board may, in addition to any other remedy to which it may be entitled, recover the proceeds directly or by offset against claims for benefits under the Plan and Trust made with respect to the affected Benefit Recipient (or such Benefit Recipient's beneficiaries, heirs, attorneys, agents, representatives, or estate).

(c) The Trust Fund shall have the right of subrogation and reimbursement set forth in this Section 9.14 regardless of whether the Benefit Recipient is made whole and regardless of whether the recovery, or any part thereof, is designated as payment for health care expenses, pain and suffering, loss of income or any other specified or unspecified damages or reason, and without regard to whether recovery is designated as including or excluding the health care expenses covered by the Plan and Trust. Any recovery by a Benefit Recipient, an attorney or other third party shall be deemed to be for the benefit of the Plan and Trust and shall be held in constructive trust for the Trust Fund until the Trust Fund is reimbursed in full for all amounts paid by the Trust Fund. The subrogation and reimbursement rights of the Trust Fund described in this Section 9.14 include all rights against, and include all rights with respect to, proceeds from or held by any attorney, third party, insurance carrier or payer of medical benefits, including an uninsured or under-insured motorist carrier, a no-fault carrier and a school insurance carrier, even if such coverage was purchased by the Benefit Recipient, and without regard to whether the proceeds have been paid or are payable.

(d) By participating in the Plan, each Benefit Recipient agrees to cooperate fully with the Plan and Trust and to execute and deliver agreements, liens and other documents and do whatever else the Board deems necessary to enable and assist the Trust Fund in exercising its rights under this Section 9.14, but the Trust Fund's rights under this Section 9.14 shall be effective regardless of whether the Benefit Recipient actually signs any agreements, liens or other documents. By participating in the Plan, each Benefit Recipient also agrees (i) that he or she will not make or maintain any make whole, common trust fund or apportionment action or claim in contravention of the subrogation and reimbursement provisions of this Section 9.14; and (ii) that he or she will not oppose any proceeding by the Trust Fund to obtain reimbursement on procedural grounds. The Benefit Recipient, directly or through his or her representatives, shall not do anything to impair the Trust Fund's rights. If the Board determines that any Trust Fund recovery rights under Section 9.14 have been impaired by any action of the Benefit Recipient or his or her representatives or by the Benefit Recipient's or such other person's failure to comply with the Benefit Recipient's obligations under Section 9.14, the Board may, in addition to any other remedy to which it may be entitled, determine the amount by which the Trust Fund's recovery rights have been impaired and recover such amount directly or by offset against claims for benefits under the Trust Fund made with respect to the affected Benefit Recipient.

(e) This Section 9.14 entitles the Trust Fund to subrogation and reimbursement equal to the entire amount paid by the Trust Fund for the illness or injury to which the subrogation or reimbursement relates, including related expenses, costs and attorneys' fees, which shall be from the first dollars payable to or received by the Benefit Recipient, his representatives, heirs, legal counsel, estate or any other third party from any settlement, judgment or other payment, without reduction for attorneys' fees or for any other reason. The common fund, make-whole, apportionment or any similar doctrines shall not apply to any amounts received. Any attorneys' fees shall be the responsibility solely of the Benefit Recipient, and the Trust Fund shall not pay any attorneys' fees or costs associated with a Benefit Recipient's claim or lawsuit without the Board's prior written authorization.

(f) The intention of this Section 9.14 is to give the Trust Fund the first right of subrogation and reimbursement in full with respect to the first dollars paid or payable, even though the Benefit Recipient is not made whole. Each Benefit Recipient agrees that as a condition to receiving benefits under the Plan and from the Trust Fund, the Benefit Recipient shall comply with the requirements of this Section 9.14.

ARTICLE X AMENDMENT, TERMINATION AND MERGER

Section 10.1 Amendment. The Trust Agreement may be amended at any time in writing by the Board, by a vote of not less than six (6) out of seven (7) Board members, or by Court order upon proper motion, provided, however, that no amendment may impose a contribution obligation on Detroit; provided further that no amendment shall in any way conflict with the terms of the Plan of Adjustment or a Court order confirming the Plan of Adjustment; and provided further that no amendment shall adversely affect the exempt status of the Trust or Plan under Section 501(c)(9) of the Code. No amendment to the Trust Agreement shall modify the responsibilities of the Bank hereunder unless the Bank has first consented to such amendment.

Section 10.2 Termination.

(a) The Trust and this Trust Agreement may be terminated at any time in writing by action of the Board, acting by a vote of not less than six (6) out of seven (7) Board members, with a copy of such written instrument to be provided to the Bank, or by Court order upon proper motion. Upon termination of this Trust Agreement, the assets of the Trust Fund shall be paid out at the direction of the Board in the following order of priority: (i) the payment of reasonable and necessary administrative expenses (including taxes); (ii) the payment of benefits to Participants entitled to payments for claims arising prior to such termination; and (iii) upon satisfaction of all liabilities to existing Participants, either directly or through the purchase of insurance, to provide life, sick accident or other permissible benefits in accordance with Code section 501(c)(9) and the rules and regulations promulgated thereunder. Neither Detroit nor any member of the Board shall have any beneficial interest in the Trust Fund, except to the extent an Individual Trustee is also a Participant in the Plan. Any determination by the Board or an administrator to distribute assets of the Trust upon termination to an Individual Trustee who is also a Participant must have the written concurrence of the Bank. The Trust Fund shall remain in existence until all assets have been distributed.

(b) Upon termination, the Bank and the Board shall continue to have all of the powers provided in this Trust Agreement as are necessary or desirable for the orderly liquidation and distribution of the Trust Fund in accordance with the provisions hereof.

Section 10.3 Transfer of Assets and/or Liabilities. To the extent permitted by Code section 501(c)(9) and other applicable law, some or all of the assets and/or liabilities of the Trust Fund may at the discretion of the Board be transferred directly to another trust for the purpose of providing health or welfare benefits to some or all of the Participants on such terms and conditions as the Board may determine.

Section 5.5 General Duties and Obligations of Bank.

(a) In accordance with Article II, the Bank shall hold all property received by it and any income and gains thereupon. In accordance with this Article and Article IX, the Bank shall manage, invest and reinvest the Trust Fund following the directions of the Board or a duly appointed Investment Manager (who has been conferred such power by the Board), shall collect the income therefrom, and shall make payments or disbursements as directed by the Board.

(b) Subject to the provisions of Articles VII and X, the Bank shall comply with any directive issued by the Board to withdraw and transfer all or any part of the Trust Fund to another institutional trustee, custodian or a funding agent.

(c) The Board shall have responsibility for directing the Bank as to the voting (by proxy or in person) of any shares or other property held in the Trust. Accordingly, the Bank shall deliver to the Board (or the person or persons identified by the Board), on a timely basis, proxies, powers of attorney and related informational material that are necessary for the Board to fulfill its responsibility.

The Bank may use agents to effect such delivery to the Board (or the person or persons identified by the Board).

(d) The Bank shall discharge its duties in the interests of Participants and for the exclusive purpose of providing benefits to Participants and defraying reasonable expenses of administering the Trust and the Plan and shall act with the care, skill, prudence and diligence under the circumstances then prevailing that a prudent person acting in like capacity and familiar with such matters would use in conduct of an enterprise of like character and with like aims. The Bank will be under no liability or obligation to anyone with respect to any failure of the Board to perform any of its obligations under the Plan or Trust Agreement or for any error or omission of the Board.

Section 5.6 Determination of Rights. The Bank shall have no power, authority, or duty hereunder in respect to the determination of the eligibility of any person to coverage under the Plan, or the entitlement of any person to any benefit payments under the Plan.

Section 5.7 Continuance of Plan; Availability of Funds. Neither the Board, the Bank nor Detroit assumes any contractual obligation as to the continuance of the Plan and shall not be responsible for the adequacy of the Trust Fund to meet and discharge any liabilities under the Plan, and the Bank's obligation to make any payment shall be limited to amounts held in the Trust Fund at the time of the payment.

Section 5.8 Payment of Expenses. The Bank shall apply the assets of the Trust Fund to pay all reasonable costs, charges, and expenses (including, but not limited to, all brokerage fees and transfer tax expenses and other expenses incurred in connection with the sale or purchase of investments, all real and personal property taxes, income taxes and other taxes of any kind at any time levied or assessed under any present or future law upon, or with respect to, the Trust Fund or any property included in the Trust Fund and all legal, actuarial, accounting and financial advisory expenses) reasonably incurred by the Bank or the Board in connection with establishing, sponsoring, administering or operating the Trust or Plan. The Board shall by written certificate provided to the Bank request payment for any expenses related to the administration of the Trust and/or the Plan. Upon receipt of the written certificate, the Bank may make the payment requested by the Board. The expenses of the Bank shall constitute a lien on the Trust Fund.

Section 5.9 Bank Compensation. The Bank will apply the assets of the Trust Fund to pay its own fees in the amounts and on the dates set forth in Exhibit A. The Bank's compensation shall constitute a lien on the Trust Fund.

Section 5.10 Reliance on Written Instruments. The Bank shall be fully protected in acting upon any instrument, certificate or paper believed by it to be genuine and to be signed or presented by a duly authorized person or persons, and shall be under no duty to make any investigation or inquiry as to any statement contained in any such writing, but may accept the same as conclusive evidence of the truth and accuracy of the statements therein contained.

ARTICLE VI BANK ACCOUNTS

Section 6.1 Records. The Bank shall maintain accurate and detailed records and accounts of all investments, receipts, disbursements, and other transactions with respect to the Trust, and all accounts, books and records relating thereto shall be open at all reasonable times to inspection and audit by the Board or such person or persons as the Board may designate.

Section 6.2 Annual Audit. The Trust Fund shall be audited annually by a firm of certified public accountants independent of the Bank, the members of the Board, and the City, and a statement of the results of such audit shall be provided to the Bank and the Board and also made available for inspection by interested persons at the principal office of the Trust. Such audit must be completed no later than 120 days after the expiration of the calendar year, or after expiration of the fiscal year if the Trust Fund is on a fiscal year other than a calendar year. The Board shall provide a copy of this statement to the Supporting Organization and any Other Supporting Organization no later than the May 15th immediately succeeding the last day of the year covered by such audited financial statements.

Section 6.3 No Interest by Participants. In no event shall any Participant or beneficiary have any interest in any specific asset of the Trust Fund. At no time shall any account or separate fund be considered a savings account or investment or asset of any particular Participant, beneficiary, or class of Participants or beneficiaries, and no Participant or beneficiary shall have any right to any particular asset which the Board or Bank may have allocated to any account or separate fund for accounting purposes.

Section 6.4 Furnishing Written Accounts. The Bank shall file with the Board a written account setting forth a description of all securities and other property purchased and sold, and all receipts, disbursements, and other transactions effected by it during the accounting period to which the Board and the Bank have agreed, and showing the securities and other properties held, and their fair market values at such times and as of such dates as may be agreed by the Board and the Bank in writing. Such written account shall be filed with the Board within thirty (30) days after the close of each calendar quarter.

Section 6.5 Accounting Year, Cash Basis. The accounting year of the Trust shall be the calendar year. All accounts of the Bank shall be kept on a cash basis.

Section 6.6 Judicial Proceedings. If the Bank and the Board cannot agree with respect to any act or transaction reported in any statement, the Bank shall have the right to have its accounts settled by judicial proceedings in which only the Bank and the Board shall be necessary parties. No Participant shall have any right to compel an accounting, judicial or otherwise, by the Bank.

ARTICLE VII PROCEDURES FOR THE BANK

Section 7.1 Removal. The Bank may be removed by the Board at any time upon thirty (30) days' advance written notice. Such removal shall be effective on the date specified in such written notice, provided that notice has been given to the Bank of the appointment of a successor institutional trustee or custodian in the manner set forth in Section 7.3 below.

Section 7.2 Resignation. The Bank may resign by filing with the Board a written resignation that shall take effect ninety (90) days after the date of such filing, unless prior thereto a successor institutional trustee or custodian has been appointed by the Board. In no event may the Bank's resignation take effect before a successor institutional trustee or custodian has been appointed by the Board and such successor trustee has accepted the appointment. If the Board fails to appoint a successor institutional trustee or custodian, the retiring Bank may seek the appointment of a successor entity in the manner set forth in Section 7.3.

Section 7.3 Successor Bank.

(a) The Board may appoint a successor institutional trustee or custodian by delivering to such successor an instrument in writing, executed by an authorized representative of the Board, appointing such successor entity, and by delivering to the removed or resigning Bank an acceptance in writing, executed by the successor so appointed. Such appointment shall take effect upon the date specified in Section 7.1 or 7.2 above, as applicable.

(b) Alternatively, the Board may appoint a successor institutional trustee or custodian by securing from such successor an amendment to this Trust Agreement, executed by both the successor and an authorized representative of the Board, which replaces the current Bank with the successor institutional trustee or custodian, appointing such successor institutional trustee or custodian, and by delivering to the removed or resigning Bank an executed copy of the amendment. Such appointment shall take effect upon the date specified in the amendment.

(c) If no appointment of a successor institutional trustee or custodian is made by the Board within a reasonable time after such resignation, removal or other event, any court of competent jurisdiction may, upon application by the retiring Bank, appoint a successor institutional trustee or custodian after such notice to the Board and the retiring Bank, as such court may deem suitable and proper.

Section 7.4 Effect of Removal or Resignation of Bank. Upon the removal or resignation of the Bank in accordance with Section 7.1 or 7.2 above, the Bank shall be fully discharged from further duty or responsibility under this Trust Agreement to the extent permitted by law.

Section 7.5 Merger or Consolidation of the Bank. Any corporation continuing as the result of any merger or resulting from any consolidation, to which merger or consolidation the Bank is a party, or any corporation to which substantially all the business and assets of the Bank may be transferred, will be deemed to be continuing as the Bank.

To the extent the Board appoints any committee or subcommittee, such non-voting member is also eligible to be appointed, in the full voting Board's discretion, as an ex-officio member of such committee/subcommittee, but if appointed would not vote as a committee/subcommittee member.

Each voting Board member shall acknowledge his or her appointment and acceptance of the duties and responsibilities set forth in this Trust Agreement in writing.

Section 8.2 Term of Office. Each member of the Board shall serve a period of four (4) years, or if earlier, until his or her death, incapacity to serve hereunder, or resignation. A voting Board member whose term has ended due to the passage of time may be reappointed to serve an additional four (4) year term pursuant to the procedures set forth in Section 8.4 below.

Section 8.3 Resignation. A Board member may resign, and shall be fully discharged from further duty or responsibility under this Trust Agreement to the extent permitted by law, by giving at least ninety (90) days' advance written notice to the Board (and in the case of a Board member selected by the Mayor, to the Mayor; and in the case of a Board member selected by the Official Committee of Retirees or the Retired Detroit Police and Fire Fighters Association, to the Retired Detroit Police and Fire Fighters Association), which notice shall state the date when such resignation shall take effect, which notice or time period may be waived by the Board.

Section 8.4 Vacancies. In the event of a vacancy, either by resignation, death, incapacity, expiration of term of office, or other reasons, the replacement Board member shall be appointed as provided below.

(a) In the event of a vacancy of the seat previously filled by the appointee of the Mayor of Detroit, the replacement Board member shall be appointed as provided in Section 8.1(a).

(c) In the event of a vacancy of the non-voting, ex-officio seat previously filled by the appointee of the Retired Detroit Police Members Association, the replacement Board member shall be appointed by the Retired Detroit Police Members Association; provided, however, that such seat shall terminate on December 31, 2018, and in no event shall a vacancy in this seat after December 31, 2018 be filled.

Section 8.5 Fees and Expenses. Voting Board members shall each be paid a stipend. For the 2015 and 2016 calendar year, this stipend shall be in the amount of \$12,000 per year (payable ratably on a monthly basis). Beginning with the 2017 calendar year and for each year thereafter, this stipend shall be in the amount of \$6,000 per year (payable ratably on a monthly basis); provided, however, that the Board, by a vote of not less than six (6) out of seven (7) voting Board members, shall have the power to provide for a different amount for the stipend; and provided, further, that in no event shall such annual stipend exceed \$12,000. The ex-officio member appointed by the Retired Detroit Police Members Association shall be paid a stipend of \$4,800 per year (payable ratably on a monthly basis) for the 2015 and 2016 calendar years, and shall be paid an amount equal to 50% of the stipend of a voting Board member for the 2017 and 2018 calendar years. Each voting Board member may be reimbursed for reasonable expenses properly and actually incurred in the performance of his or her duties, and in the case of the non-voting member, he or she may be reimbursed for reasonable expenses properly and actually

incurred in connection with attendance at Board or Board committee meetings. Compensation payable to the Board members and all reimbursed expenses shall be payable out of the Trust.

Section 8.6 Operation of the Board; Quorum. The Board shall select from among its members a chair and a vice chair. The Board shall hold regular meetings, and shall designate the time and place thereof in advance. The Board shall adopt its own rules of procedure and shall keep a record of proceedings. Each Board member shall be entitled to one vote on each question before the Board. Five (5) voting members shall constitute a quorum at any meeting. Except as provided in Section 8.5 and Article X, a majority vote of the seven (7) voting members of the Board at a meeting in which a quorum exists shall be necessary for a decision by the Board. Notwithstanding the foregoing, the voting members of the Board may act by unanimous written consent in lieu of a meeting.

ARTICLE IX POWERS AND DUTIES OF THE BOARD OF TRUSTEES

Section 9.1 General. The Board shall be responsible for designing, adopting, maintaining and administering the Plan, as well as administering the Trust and managing the Trust assets as provided herein. Subject to the provisions of this Trust Agreement, the Plan documents and applicable laws, the Board shall have sole, absolute and discretionary authority to adopt such rules and regulations and take all actions that it deems desirable for the administration of the Plan and Trust, and to interpret the terms of the Plan and Trust. The decisions of the Board will be final and binding on all Participants and all other parties to the maximum extent allowed by law. In performing its duties hereunder, the voting members of the Board shall comply with the terms of the Trust, and shall discharge their duties for the exclusive purposes of providing benefits to participants and beneficiaries of the Plan and Trust and defraying reasonable expenses of the Plan and Trust, and with the care, skill, prudence, and diligence then prevailing that a prudent person acting in a like capacity – and familiar with such matters – would use in the conduct of an enterprise of like character and with like aims.

Section 9.2 Plan Design and Administration

(a) Adoption of Plan. The Board shall adopt a Plan to offer life, sickness, accident or other similar benefits to Participants. All terms of the Plan shall be determined by the Board; provided that such terms shall be consistent with this Trust Agreement, Code section 501(c)(9) and the regulations promulgated thereunder. The Board shall be under no obligation to design the Plan to assure that the assets of the Trust Fund are sufficient to provide benefits to all potential Participants of the Plan in subsequent years.

(b) Benefits. The Plan shall include benefits and any other features including, without limitation, premium-sharing or other cost-sharing or reimbursements, that the Board from time to time determines appropriate or desirable in its sole discretion. The Plan may provide for different benefit structures or programs for different groups of Participants, as determined by the Board in its sole discretion. In designing the Plan and the benefits to be provided thereunder, the Board may take into account relevant circumstances, including, without limitation, the degree to which Participants may have alternative resources or coverage sources, as well as the resources of the Trust Fund. Benefits provided under the Plan shall be limited to those health care benefits permitted by Code Section 501(c)(9), and any Plan eligibility

restrictions established by the Board shall conform with the requirements set forth in Treasury Regulation Section 1.501(c)(9)-2.

(c) Method of Providing Benefits. Benefits under the Plan may be fully insured, partially insured or self-insured, as determined by the Board from time to time in its sole discretion. The expected cost of benefits under the Plan shall not exceed the amount expected to be available under the Trust.

(d) Plan Documentation. The Board shall be responsible for creating, adopting and/or executing any documents necessary to set forth the Plan's governing terms, and shall be responsible for communicating the terms of the Plan to the Eligible Retiree Members and Eligible Dependents in accordance with applicable law.

Section 9.3 Investment of the Trust. The Board, with the same care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a similar capacity and familiar with those matters would use in the conduct of a similar enterprise with similar means, shall have full power and authority to manage, control, invest and reinvest the money and other assets of the Trust Fund, and the Bank shall comply with the proper written direction of the Board concerning those assets. The Board may employ outside advisors, including investment advisors, to advise it with regard to the investment of the assets of the Trust Fund. Any outside advisors shall acknowledge a fiduciary relationship to the Board and the Trust Fund.

In investing and managing the assets of the Trust, the Board:

shall consider among other circumstances: the general economic conditions; the possible effect of inflation or deflation; the role that each investment or course of action plays within the overall portfolio; the expected total return from income and the appreciation of capital; needs for liquidity, regularity of income, and preservation or appreciation of capital; and the adequacy of funding for the plan based on reasonable actuarial factors;

(b) shall diversify the investments of the Trust unless the Board reasonably determines that because of special circumstances, it is clearly prudent not to do so;

(c) shall make a reasonable effort to verify facts relevant to the investment and management of assets of the Trust; and

(d) may consider benefits created by an investment in addition to investment return only if the Board determines that the investment providing these collateral benefits would be prudent even without the collateral benefits.

Section 9.4 Appointment of Investment Managers. The Board, from time to time, may appoint one or more independent Investment Managers, pursuant to a written investment management agreement describing the powers and duties of the Investment Manager, to direct the investment and reinvestment of all or a portion of the Trust (hereinafter referred to as an "Investment Account"). The Board shall determine that each Investment Manager is a fiduciary to the Board and Trust with demonstrated expertise in the type of investments authorized by the Board and, is entitled (under its investment management agreement) to direct the investment and reinvestment of the Investment Account for which it is responsible, in its sole and independent

discretion and without limitation, except for any limitations which from time to time the Board determines shall modify the scope of such authority. If an Investment Manager is appointed, it shall have the authority of the Bank specified in Section 5.1 hereof with respect to the Investment Account over which it has investment discretion and the Bank's duties with respect to such Investment Account shall be limited to following the instructions of the Investment Manager. Provided that an Investment Manager is prudently selected and monitored by the Board, the Board shall have no liability (a) for the acts or omissions of such Investment Manager; (b) for following directions of such Investment Manager which are given in accordance with this Trust Agreement; or (c) for any loss of any kind which may result by reason of the manner of division of the Trust into Investment Accounts.

Section 9.5 Government Reports and Returns. The Board shall file all reports and returns that are required to be made with respect to the Trust and the Plan.

Section 9.6 Compromise or Settle Claims. The Board may compromise, settle and release claims or demands in favor of or against the Trust or the Board on such terms and conditions as the Board may deem advisable. The Board may at all times rely upon the advice of independent counsel in reaching such decisions.

Section 9.7 Appointment of Administrator. The Board may appoint one or more third parties to perform any administrative functions it has with regard to the Trust or Plan.

Section 9.8 Employment of Assistance. The Board has the exclusive authority to employ, contract and pay for all professional services including, but not limited to, actuarial, investment, legal, accounting, medical, and any other services that the Board considers necessary for the proper operation and administration of the Plan and Trust. The powers granted to the Board in this subparagraph include complete control of the procurement process, including contracts for office space, computer hardware and software, and human resource services. In accordance with the provisions of Section 5.3 hereof, the Board may direct the Bank to pay reasonable compensation therefor from the Trust Fund. The Board may take or may refrain from taking any action in accordance with or reliance upon the opinion of counsel or such expert advisors.

Section 9.9 Reliance on Written Instruments. The Board shall be fully protected in acting upon any instrument, certificate or paper believed by him or her to be genuine and to be signed or presented by a duly authorized person or persons, and shall be under no duty to make any investigation or inquiry as to any statement contained in any such writing, but may accept the same as conclusive evidence of the truth and accuracy of the statements therein contained.

Section 9.10 No Individual Liability on Contracts. The Board shall not be liable personally for any debts, obligations, or undertakings contracted by them, or for the breach of any contracts. Such claims and obligations shall be paid out of the Trust; provided, however, that neither the Board nor any of its members shall be exempt from personal liability for willful misconduct, intentional wrongdoing, breach of applicable fiduciary duty, negligence, or fraud, and the Trust shall not indemnify the Board for such liabilities to the extent that such indemnification would violate the provisions of Section 9.13 herein, or to the extent that application of this sentence would violate any law.

Section 9.11 Detroit Not Liable for Conduct of Board. The Board is not in its capacity as Board an officer, agent, employee, or representative of Detroit. In its capacity as Board, the Board is a principal acting independently of Detroit, which shall not be liable for any act, omission, contract, obligation, liability, debt, or undertaking of the Board or its officers, agents, or representatives.

Section 9.12 Liability Insurance. The Board shall obtain and keep current a policy or policies of insurance, insuring the members of the Board from and against any and all liabilities, costs and expenses incurred by such persons as a result of any act, or omission to act, in connection with the performance of their duties, responsibilities and obligations under this Trust Agreement or the Plan. To the extent permitted by applicable law, the premiums on such policies may be paid from the Trust Fund.

Section 9.13 Reimbursement for Defense of Claims.

(a) To the extent permitted by applicable law, and not otherwise covered by liability insurance purchased by the Trust (without regard to any non-recourse rider purchased by the insured), the Board, its individual trustees, employees of the Board and persons acting on the Board's behalf pursuant to an express written delegation to the extent such written delegation provides for indemnification (each separately, the "Indemnified Party") shall be indemnified and held harmless by the Trust Fund for all reasonable costs and expenses, including without limitation attorney's fees, judgments, settlements, liabilities, fines, or penalties, incurred or suffered in defense of any claim demand, cause of action or administrative proceeding that seeks to hold the Indemnified Party personally liable for any loss to the Plan or Trust Fund or for damages suffered by any party to, or beneficiary of this Trust Agreement arising out of conduct reasonably believed to be good faith acts within the scope and powers and duties of the Indemnified Party, provided that, the Board shall have the right to approve of the retention of any counsel whose fees would be paid by the Trust Fund, but such approval shall not be withheld unreasonably. In the event that indemnification is made by the Trust pursuant hereto, the Indemnified Party shall agree to reimburse the Trust for all fees, costs and expenses to the extent that it is determined that the Indemnified Party's acts or omissions constituted fraud, bad faith, willful misconduct, negligence, or breach of fiduciary duty, and an independent fiduciary shall take all reasonable steps to ensure reimbursement at the time the Trust Fund agrees to indemnify pursuant to this Section; provided further that in the case of a final judicial determination of negligence or breach of fiduciary duty the Indemnified Party's reimbursement obligation shall be limited to the lesser of \$50,000 or the deductible on any non-recourse commercial liability insurance policy.

(b) The Board may make, execute, record and file on its own behalf and on behalf of the Trust, all instruments and other documentation (including one or more separate indemnification agreements between the Trust and individual Indemnified Parties) that the Board deems necessary and appropriate in order to extend the benefit of the provisions of this Section to any Indemnified Party.

Section 9.14 Subrogation and Reimbursement. If the Plan is self-insured, the following provisions regarding subrogation and third-party reimbursement will apply.

(a) If the Trust Fund pays, or is obligated to pay, any amount to or on behalf of an individual ("Benefit Recipient"), the Trust Fund shall be subrogated as provided in this Section 9.14 to all the Benefit Recipient's rights of recovery with respect to the illness or injury for which the payment of benefits is made by the Trust Fund. The right of recovery referred to in the preceding sentence shall include the right to make a claim, sue, and recover against any person or entity from the first dollars of any funds which are paid or payable as a result of a personal injury claim or any reimbursement of health care expenses. If requested in writing by the Board, the Benefit Recipient shall take, through any representative designated by the Board, such action as may be necessary or appropriate to recover such payment from any person or entity, said action to be taken in the name of the Benefit Recipient. In the event of a recovery or settlement, the Trust Fund shall be reimbursed in full on a first priority basis out of such recovery or settlement for expenses, costs, and attorneys' fees incurred by it in connection therewith.

(b) If the Trust Fund pays, or is obligated to pay, any amount to or on behalf of a Benefit Recipient for an illness or injury, the Trust Fund shall be entitled to, and shall have a first priority equitable lien on, the proceeds of any recovery, by judgment, settlement or otherwise, with respect to the illness or injury, and if paid to the Benefit Recipient, the Benefit Recipient shall immediately pay any such proceeds to the Trust Fund. If the Benefit Recipient fails to pay such proceeds, or does not cause such proceeds to be paid, to the Trust Fund, the Board may, in addition to any other remedy to which it may be entitled, recover the proceeds directly or by offset against claims for benefits under the Plan and Trust made with respect to the affected Benefit Recipient (or such Benefit Recipient's beneficiaries, heirs, attorneys, agents, representatives, or estate).

(c) The Trust Fund shall have the right of subrogation and reimbursement set forth in this Section 9.14 regardless of whether the Benefit Recipient is made whole and regardless of whether the recovery, or any part thereof, is designated as payment for health care expenses, pain and suffering, loss of income or any other specified or unspecified damages or reason, and without regard to whether recovery is designated as including or excluding the health care expenses covered by the Plan and Trust. Any recovery by a Benefit Recipient, an attorney or other third party shall be deemed to be for the benefit of the Plan and Trust and shall be held in constructive trust for the Trust Fund until the Trust Fund is reimbursed in full for all amounts paid by the Trust Fund. The subrogation and reimbursement rights of the Trust Fund described in this Section 9.14 include all rights against, and include all rights with respect to, proceeds from or held by any attorney, third party, insurance carrier or payer of medical benefits, including an uninsured or under-insured motorist carrier, a no-fault carrier and a school insurance carrier, even if such coverage was purchased by the Benefit Recipient, and without regard to whether the proceeds have been paid or are payable.

(d) By participating in the Plan, each Benefit Recipient agrees to cooperate fully with the Plan and Trust and to execute and deliver agreements, liens and other documents and do whatever else the Board deems necessary to enable and assist the Trust Fund in exercising its rights under this Section 9.14, but the Trust Fund's rights under this Section 9.14 shall be effective regardless of whether the Benefit Recipient actually signs any agreements, liens or other documents. By participating in the Plan, each Benefit Recipient also agrees (i) that he or she will not make or maintain any make whole, common trust fund or apportionment action or claim in contravention of the subrogation and reimbursement provisions of this Section 9.14; and (ii) that he or she will not oppose any proceeding by the Trust Fund to obtain reimbursement

on procedural grounds. The Benefit Recipient, directly or through his or her representatives, shall not do anything to impair the Trust Fund's rights. If the Board determines that any Trust Fund recovery rights under Section 9.14 have been impaired by any action of the Benefit Recipient or his or her representatives or by the Benefit Recipient's or such other person's failure to comply with the Benefit Recipient's obligations under Section 9.14, the Board may, in addition to any other remedy to which it may be entitled, determine the amount by which the Trust Fund's recovery rights have been impaired and recover such amount directly or by offset against claims for benefits under the Trust Fund made with respect to the affected Benefit Recipient.

(e) This Section 9.14 entitles the Trust Fund to subrogation and reimbursement equal to the entire amount paid by the Trust Fund for the illness or injury to which the subrogation or reimbursement relates, including related expenses, costs and attorneys' fees, which shall be from the first dollars payable to or received by the Benefit Recipient, his representatives, heirs, legal counsel, estate or any other third party from any settlement, judgment or other payment, without reduction for attorneys' fees or for any other reason. The common fund, make-whole, apportionment or any similar doctrines shall not apply to any amounts received. Any attorneys' fees shall be the responsibility solely of the Benefit Recipient, and the Trust Fund shall not pay any attorneys' fees or costs associated with a Benefit Recipient's claim or lawsuit without the Board's prior written authorization.

(f) The intention of this Section 9.14 is to give the Trust Fund the first right of subrogation and reimbursement in full with respect to the first dollars paid or payable, even though the Benefit Recipient is not made whole. Each Benefit Recipient agrees that as a condition to receiving benefits under the Plan and from the Trust Fund, the Benefit Recipient shall comply with the requirements of this Section 9.14.

ARTICLE X AMENDMENT, TERMINATION AND MERGER

Section 10.1 Amendment. The Trust Agreement may be amended at any time in writing by the Board, by a vote of not less than six (6) out of seven (7) voting Board members, or by Court order upon proper motion, provided, however, that no amendment may impose a contribution obligation on Detroit; provided further that no amendment shall in any way conflict with the terms of the Plan of Adjustment or a Court order confirming the Plan of Adjustment; and provided further that no amendment shall adversely affect the exempt status of the Trust or Plan under Section 501(c)(9) of the Code. No amendment to the Trust Agreement shall modify the responsibilities of the Bank hereunder unless the Bank has first consented to such amendment.

Section 10.2 Termination.

(a) The Trust and this Trust Agreement may be terminated at any time in writing by action of the Board, acting by a vote of not less than six (6) out of seven (7) voting Board members, with a copy of such written instrument to be provided to the Bank, or by Court order upon proper motion. Upon termination of this Trust Agreement, the assets of the Trust Fund shall be paid out at the direction of the Board in the following order of priority: (i) the payment of reasonable and necessary administrative expenses (including taxes); (ii) the payment of benefits to Participants entitled to payments for claims arising prior to such termination; and

(iii) upon satisfaction of all liabilities to existing Participants, either directly or through the purchase of insurance, to provide life, sick accident or other permissible benefits in accordance with Code section 501(c)(9) and the rules and regulations promulgated thereunder. Neither Detroit nor any member of the Board shall have any beneficial interest in the Trust Fund, except to the extent an Individual Trustee is also a Participant in the Plan. Any determination by the Board or an administrator to distribute assets of the Trust upon termination to an Individual Trustee who is also a Participant must have the written concurrence of the Bank. The Trust Fund shall remain in existence until all assets have been distributed.

(b) Upon termination, the Bank and the Board shall continue to have all of the powers provided in this Trust Agreement as are necessary or desirable for the orderly liquidation and distribution of the Trust Fund in accordance with the provisions hereof.

Section 10.3 Transfer of Assets and/or Liabilities. To the extent permitted by Code section 501(c)(9) and other applicable law, some or all of the assets and/or liabilities of the Trust Fund may at the discretion of the Board be transferred directly to another trust for the purpose of providing health or welfare benefits to some or all of the Participants on such terms and conditions as the Board may determine.

ARTICLE XI MISCELLANEOUS

Except to the extent required by applicable law, the rights or interest of any Participant to any benefits or future payments hereunder or under the provisions of the Plan shall not be subject to attachment or garnishment or other legal process by any creditor of any such Participant, nor shall any such Participant have any right to alienate, anticipate, commute, pledge, encumber or assign any of the benefits or payments which he may expect to receive, contingent or otherwise, under this Trust Agreement.

Disputes held by other of the City's creditors pertaining to the foregoing subject matter shall be resolved by confirmation of the Plan of Adjustment (defined below).</p>
Reservation of Rights	<p>This Term Sheet proposes a settlement of disputed factual and legal issues. Nothing in this Term Sheet constitutes an admission as to any factual or legal issue or a waiver of any claim or defense, and all rights of the City, The DIA, the Funders and all other parties in the City's bankruptcy case regarding the Museum and the Museum Assets are fully preserved until the Closing.</p>
Treatment of Museum Assets	<p>As a result of this settlement, at Closing, all right, title and interest in and to the Museum Assets shall be conveyed to The DIA to be held in perpetual charitable trust for the benefit of the people of the City and the State, including the citizens of the Tri-Counties, permanently free and clear of all liens, encumbrances, claims and interests of the City and its creditors (the "Transfer").</p>

<p style="text-align: center;">Funding Commitments</p>	<p>All commitments of the Funders shall, subject to the terms and conditions of this Term Sheet and the Definitive Documentation, be the irrevocable, authorized, valid and binding commitments by the Funders, enforceable against such Funders, except that the commitment of The DIA as to any DIA Deficiency will be subject to its right of substitution as discussed in "<i>DIA Commitment Regarding Funding</i>" below. Exhibit B and Exhibit C, as applicable, set forth the commitment amount and, to the extent known prior to the date of this Term Sheet, the payment schedule for each Funder. Prior to execution of the Definitive Documentation, each Funder with respect to which the payment schedule was not known as of the date of this Term Sheet (unless such party becomes a "Funder" only after the date of the Definitive Documentation) shall agree to a payment schedule. Each Funder shall have the right to prepay its commitment in whole or in part at any time without penalty and no interest will be owed on any Funder's payments.</p> <p>All payments by the Funders shall be made as set forth in "<i>Payment Mechanism</i>" of this Term Sheet. (The mechanics, timing and terms of all payments by the State shall be determined between the State and the City.)</p> <p>The parties acknowledge that Funder payments are conditioned on the City meeting certain conditions both initially and on a continuing basis. See "<i>Conditions to Future Funding Obligations</i>" of this Term Sheet. Failure of the City to meet those conditions in any material respect may result in the delay of a scheduled payment by the Funders to the Supporting Organization and a delay of a scheduled payment by the Supporting Organization to the City until (i) all material requisite conditions for that payment are met; or (ii) cancellation of that payment if the material requisite conditions are not met within any established cure period.</p> <p>Funding commitments of the following amounts (before giving effect to any Present Value Discount, as applicable) are required as a condition to Closing:</p> <table data-bbox="727 1570 1341 1682"> <tr> <td>Foundation Funders (net)</td><td>\$366 million</td></tr> <tr> <td>DIA Funders and DIA</td><td>\$100 million*</td></tr> <tr> <td>State</td><td>\$350 million</td></tr> </table> <p style="text-align: center;">*inclusive of the intended funding amounts for the identified Foundation Funders</p>	Foundation Funders (net)	\$366 million	DIA Funders and DIA	\$100 million*	State	\$350 million
Foundation Funders (net)	\$366 million						
DIA Funders and DIA	\$100 million*						
State	\$350 million						

	<p>listed in Exhibit B</p> <p>To the extent the City fails to meet its indemnity obligations further described in Exhibit D, the Funders', the Supporting Organization's and The DIA's (with respect to a DIA Deficiency or under the Guaranty) funding commitments will be reduced by any litigation or defense costs, damages or settlement costs incurred by the applicable Funder, the Supporting Organization or The DIA in connection therewith. Similarly, the Funders, the Supporting Organization and The DIA may reduce their funding commitments to the extent that any litigation or defense costs, damages or settlement costs incurred by them and arising from the transactions contemplated by this Term Sheet and the Definitive Documentation are not otherwise covered by the City's indemnity obligations described in Exhibit D.</p>
Present Value Discount	<p>To the extent that the DIA Funders and The DIA have agreed upon an aggregate payment schedule (determined as of the Closing and adjusted after the Closing for any New Donor Commitments), that provides for the payment of greater than an aggregate of \$5 million per year during the Payment Period (the "Agreed Required Minimum Schedule"), the amount and timing of such annual excess in commitments shall, applying a discount rate to be agreed upon hereafter but prior to Closing, which may or may not be the same earnings rate that the Pensions use as provided for in the confirmed Plan of Adjustment as the Pensions' assumed future investment return, result in a present value discount in an amount which reflects the payments required to be made being instead made more rapidly than required by the Agreed Required Minimum Payment Schedule, which present value discount shall reduce the aggregate amount of the commitments that The DIA is required to secure or, as to any DIA Deficiency, undertake itself (the "Present Value Discount").</p> <p>Each Foundation Funder which funds its commitment more rapidly than ratably over twenty years shall likewise be entitled to a Present Value Discount determined in the same manner as set forth in the preceding paragraph.</p> <p>Any disputes regarding the calculation or application of a Present Value Discount will be irrevocably determined,</p>

	based upon the formula described in this Term Sheet, by an independent auditing firm to be agreed upon in the Definitive Documentation.
The DIA Commitment Regarding Funding	The DIA undertakes to secure commitments for contributions of \$100 million (subject to the Present Value Discount) from the business community (and their related foundations), other foundations and individuals. As of the Closing, The DIA shall be responsible for any portion of the \$100 million (subject to the Present Value Discount) for which it has not secured commitments from DIA Funders as of the Closing (the " DIA Deficiency "). However, The DIA shall have the right after the Closing to substitute for its obligation to pay any or all of the DIA Deficiency commitments from new DIA Funders or an increased funding commitment from an existing DIA Funder (each a " New Donor Commitment ") for such amount of the DIA Deficiency. Subject to the terms of this Term Sheet, all New Donor Commitments shall be payable according to payment schedules which shall not run later than the end of the Payment Period. In addition, The DIA agrees that it will have no claims against the Foundation Funders for failure to fund their commitments and that the Foundation Funders have made no commitments beyond those set forth in this Term Sheet (as will be reflected in the Definitive Documentation).
DIA Guaranty	Subject to the terms and conditions of this Term Sheet, The DIA shall guaranty (the " Guaranty ") the payment by all DIA Funders of all amounts such DIA Funders pledge against the \$100 million (subject to the Present Value Discount) commitment of The DIA under the " <i>Funding Commitment</i> " section of this Term Sheet. The City may take action to collect Default Amounts under the Guaranty as permitted under the " <i>Default and Remedies</i> " section of this Term Sheet. The City shall not otherwise take action to collect any amounts under the Guaranty, and under no circumstances will anyone other than the City have any right to take any action to collect any amounts under the Guaranty. The DIA Guaranty shall be in form and substance acceptable to the City and the Funders.
Default and Remedies	All Funders (including The DIA, both as to any DIA Deficiency and with respect to the Guaranty) shall have the right to rely upon the determination of the Board of Directors of the Supporting Organization as to whether the conditions

	<p>to a scheduled payment have been satisfied and, if not initially satisfied, whether they have been timely cured. In the event that the Supporting Organization has determined that the conditions have not been satisfied (or timely cured) and the City disputes that determination, the City's only recourse shall be to dispute the Supporting Organization's determination. The City shall have no claim against any Funder (or under the Guaranty) for such Funder's reliance upon the determination of the Board of Directors of the Supporting Organization. Any dispute between the City and the Supporting Organization regarding whether the conditions had been satisfied or timely cured shall be determined in accordance with the "<i>Dispute Resolution</i>" section of this Term Sheet.</p> <p>In the event it is determined by the Supporting Organization or through arbitration that the conditions to a scheduled payment have been satisfied or timely cured, all Funders shall be required to make their scheduled payments to the Supporting Organization (or, as to DIA Funders that so elect in accordance with the "<i>Payment Mechanism</i>" section of this Term Sheet, to The DIA, which will be required to make its scheduled payments to the Supporting Organization). If a Foundation Funder, a DIA Funder or The DIA (either with respect to a Deficiency Amount or on behalf of a DIA Funder who elects to make its payments to The DIA) has made its scheduled payment to the Supporting Organization, the City shall have recourse only to the Supporting Organization (and not any Funder that made its scheduled payment) for such payment. If a Foundation Funder, a DIA Funder or The DIA (either with respect to a Deficiency Amount or on behalf a DIA Funder who elects to make its payments to The DIA) has not made its scheduled payment after it is determined by the Supporting Organization or through arbitration that the conditions to such payment have been satisfied or timely cured, the Supporting Organization shall, after making reasonable efforts to collect the scheduled payment from the Funder (the "Non-funding Party"), assign its right to enforce payment of that scheduled payment (the "Default Amount") to the City in full satisfaction of the Supporting Organization's obligation to make such payment to the City.</p> <p>If the Supporting Organization assigns to the City, in accordance with the preceding paragraph, the Supporting Organization's right to enforce payment of a Default Amount from a DIA Funder (a "Defaulted DIA Funder"), during the twelve-month period following the assignment of the claim</p>
--	---

	<p>to the City (the “City Collection Period”), the City shall exercise commercially reasonable efforts to collect the Default Amount from that Defaulted DIA Funder, and any amounts collected from that Defaulted DIA Funder shall reduce the amount subject to the Guaranty. If the City is unable to collect the Default Amount from a Defaulted DIA Funder during the City Collection Period, upon the expiration of the City Collection Period, the City may collect the Default Amount from The DIA under the Guaranty and, in such event, assign to The DIA all right and title to (and exclusive authority to collect) the Default Amount.</p> <p>In no event will any Funder other than the Non-funding Party have any responsibility for the payment or obligations of such Non-funding Party (except, as to The DIA, under the Guaranty), and the City will not have any right to collect any amounts from any Funder except as set forth above. Moreover, there will be no third-party beneficiaries to the rights of the City or the Supporting Organization, and no party other than the City or the Supporting Organization (or The DIA in respect of the Guaranty), as applicable, shall have the right to assert any claim against any Funder in respect of the obligations arising under the Definitive Documentation. Without limiting the foregoing, the failure of any Funder or the Supporting Organization to make a scheduled payment shall give rise to a claim by the City against such Non-funding Party, as set forth above, and not against any other Funder, the Supporting Organization, The DIA or the Museum Assets; provided, however, (i) as contemplated in “<i>The DIA Commitment Regarding Funding</i>” above, The DIA will be obligated for any DIA Deficiency except to the extent the DIA Deficiency is replaced during the Payment Period with a New Donor Commitment, and (ii) The DIA will have its obligations under the Guaranty.</p> <p>The City will be responsible for all costs of its enforcement against the Non-funding Party and will not seek reimbursement of costs of enforcement from any other party or the Supporting Organization. No other person or entity shall have the right to enforce payment.</p>
Initial Payment	<p>At and as a condition to the Closing (a) each of the Foundation Funders and the State shall pay at least 5% of its commitment under this Term Sheet and (b) The DIA and the DIA Funders in the aggregate shall pay at least \$5 million.</p>

<p>Transfer on Initial Payment</p>	<p>The Transfer shall be irrevocably consummated upon the Initial Payment to the City Account (defined in "<i>Conditions to Future Funding Obligations</i>" of this Term Sheet) (which shall be made at the Closing). In addition, at the Closing, the City and The DIA will enter into an agreement that (1) terminates the Operating Agreement, (2) includes a mutual release of pre-Closing claims, and (3) assigns (without recourse) from the City to The DIA all current and future commitments or gifts made or intended for the benefit of the Museum or The DIA, including without limitation money and works of art. The City will not, however, make any representations or warranties relating to the condition of, or title to, the Museum Assets or such commitments and will not have any liability with respect thereto.</p>
<p>Payment Mechanism</p>	<p>All payments by the Funders shall be made directly to the Supporting Organization which shall hold such payments in a segregated account (the "Account") pending payment to the City. Notwithstanding the foregoing, any DIA Funder may make its payments to The DIA instead of to the Supporting Organization; payments by The DIA (either with respect to a Deficiency Amount or on behalf a DIA Funder who elects pursuant to the preceding sentence to make its payments to The DIA) to the Supporting Organization shall be pursuant to the terms of an agreement which will be entered into between The DIA and the Supporting Organization in connection with the execution of the Definitive Documentation. As set forth under "<i>Default and Remedies</i>" above, only the City will have recourse or claims against the Account, provided all conditions specified in "<i>Conditions to Future Funding Obligations</i>" of this Term Sheet have been satisfied and as otherwise provided in this Term Sheet, and the City shall be paid when due, directly from the Account for the exclusive payment of the Pensions. The City will not be entitled to any interest or earnings on the balances of the Account. The City shall then pay such amounts to and for the exclusive payment of the Pensions in accordance with the allocation determined by the City and agreed by the Funders.</p>
<p>DIA Commitment for State-wide Services for State Contribution</p>	<p>In addition to continuing to operate the Museum for the benefit of the people of the City and the State, including the citizens of the Tri-Counties, and continuing to provide the special services to the residents of the Tri-Counties during the millage term that are provided for in the millage</p>

	<p>agreements, during the Payment Period The DIA will provide an array of art programs at no or discounted costs to the residents of the State. In determining which programs to offer, both the cost to The DIA of developing and operating these programs and The DIA's other fundraising obligations, including its need to raise funds for general operations and its stated goal of building endowment funds, as well as any fundraising obligation under this settlement, will be taken into account. As appropriate, The DIA will collaborate with its Michigan museum colleagues in the development of these programs. Given the length of the Payment Period, it is expected that these programs would be developed and adjusted over time. Such programs could include at the outset:</p> <ul style="list-style-type: none"> • Two exhibitions in each twelve-month period, with the first such period beginning six months after the Closing, of objects from the Museum collection that would rotate through museums and art centers around the State on a schedule to be determined by The DIA and the recipient museums. Each exhibition will be developed and organized by The DIA and will include installation and de-installation of the objects, a marketing package (logo and advertising template) and, possibly, input on programming and education opportunities. • An annual professional development program coordinated with the Michigan Museums Association designed to strengthen museum professionals and introduce museum job opportunities to student audiences. • An expansion of the Museum's popular Inside/Out program (during the tenure of the program), which places high-quality art reproductions in Southeast Michigan communities, to include two additional outstate locations annually, supporting tourism, cultural awareness and life-long learning. • Art object conservation services at a discounted rate to Michigan museums conducted in consultation with the Museum conservators and the curatorial staff of the requesting museum. • The development of an educational program based on the Museum collection that supports National Common Core Standards, to be offered in two

	Michigan communities annually and to include follow-up support for educators.
DIA Operating and Maintenance Commitments	<p>(1) Subject to the terms set forth herein and the Definitive Documentation, The DIA shall have complete responsibility for and control over Museum operations, capital expenditures, collection management, purchase or sale of assets, <i>etc.</i> and will be responsible for all related liabilities, including existing liabilities of The DIA to its employees, contractors and vendors.</p> <p>(2) The permanent primary situs of The DIA and its art collection will remain in the City in perpetuity. This Term Sheet and the Definitive Documentation will not otherwise restrict the ability of The DIA to lend or to otherwise allow works to travel outside of the City or the State, consistent with ordinary Museum operations and the state-wide services proposed under this settlement. Notwithstanding anything to the contrary set forth in this Term Sheet, The DIA acknowledges and agrees that the Museum shall be operated primarily for the benefit of the people of the City and the State, including the citizens of the Tri-Counties.</p> <p>(3) The DIA will be required to operate the Museum as an encyclopedic art museum in the City, in accordance with changing future demands in the operation of such a Museum. The DIA will not deaccession from its collection or sell, lease, pledge, mortgage, or otherwise encumber art that is accessioned to or otherwise held in its collection except in accordance with the code of ethics or applicable standards for museums published by the American Alliance of Museums (the "AAM") as amended or modified by the accreditation organization. If the AAM ceases to exist or to be generally regarded by leading American art museums as the preeminent American art museum accreditation organization, then the AAM's successor organization or such other organization that is at that time generally regarded by leading American art museums as the preeminent American art museum accreditation organization shall be substituted for the AAM.</p>

	<p>(4) In the event of a liquidation of The DIA, the Museum Assets will be transferred only to another not-for-profit entity (which entity shall be subject to the reasonable approval of the City and the Supporting Organization, if then in existence, and otherwise by majority vote of the City and the then-existing Foundation Funders). Such successor entity would subject itself to the same conditions as set forth in this Term Sheet and the Definitive Documentation, including but not limited to holding the Museum Assets in perpetual charitable trust for the people of the City and the State, including the citizens of the Tri-Counties. For the purposes of determining the majority vote described above, and for the avoidance of doubt, the parties agree that the City and each of the then-existing Foundation Funders shall each have one vote with respect to such approval.</p>
<p>City Commitments Relating to Pensions</p>	<p>(1) The City will adopt and maintain pension governance mechanisms that meet or exceed commonly accepted best practices reasonably satisfactory to the Funders and the State to ensure acceptable fiscal practices and procedures for management and investment of pensions and selection of acceptable pension boards to ensure the foregoing.</p> <p>(2) The City will establish, by the Effective Date (as defined below), a Receivership Transition Review Board ("Review Board") or other independent fiduciary that is independent of the City and any association of City employees or retirees for future supervision of the Pensions' management, administration and investments for at least twenty years after the Effective Date.</p> <p>(3) Any commitments by the City to make payments hereunder, or cause payments to be made, to the Pensions shall be subject to receipt of the related payment amount from the Supporting Organization which, in turn, will be conditioned on the City's compliance with the above.</p> <p>(4) The Pension funds themselves shall agree as part of the settlements approved through the confirmed Plan of Adjustment that they waive and release</p>

	<p>any and all claims against, and shall have no recourse directly against, the Funders or the Supporting Organization with respect to enforcement of the City's commitment to make payments to the Pensions or any such party, nor for any matter arising from the contemplated transaction. The agreement of the Pension funds, as implemented through the Plan of Adjustment and any associated court orders shall be binding on the Pensions and all entities or persons claiming through the Pensions, including without limitation any successors or assigns and any plan participants, and any of their representatives, successors or assigns.</p>
Other City Commitments	<ol style="list-style-type: none"> (1) The City shall pass no charter, ordinance or other provision that solely affects or primarily targets the Museum, The DIA or museums within the City generally which such charter, ordinance or other provision has a material adverse impact on the Museum or The DIA (it being understood that a "material adverse impact" shall include any adverse financial impact or any contradiction, or adverse impact on the enforceability, of the terms of this settlement), except pursuant to State-enabling legislation, and the City agrees that the Detroit Arts Commission will henceforth have no oversight of The DIA, the Museum or the Museum Assets. (2) The City shall not impose any fee, tax or other cost on the Museum or The DIA that solely affects or primarily targets the Museum, The DIA or museums within the City generally. (3) The City shall provide (or cause to be provided) utilities and other City services to The DIA at the same pricing and on the same terms upon which the City offers to provide utilities and such other City services to arm's-length third parties generally. (4) The City agrees that there are no further commitments from the Funders, the Supporting Organization, The DIA or the State relating to the Museum or the Museum Assets beyond those contained in the Term Sheet or the Definitive

	<p>Documentation.</p> <p>(5) The City agrees to the indemnification, jurisdiction, venue and choice of law language contained in Exhibit D for the benefit of the Funders.</p>
<p>Bankruptcy Court Approval Process</p>	<p>The settlement between the City and The DIA over the Transfer in exchange for the Funders' and the State's commitments for the Payment Amount and The DIA's commitment to provide for the operation and maintenance of the Museum is subject to the Bankruptcy Court's approval in a manner acceptable to the parties hereto, which the City shall seek promptly after the signing of the Definitive Documentation for the settlement.</p>
<p>Conditions to The DIA's, the City's and the Funders' Commitments and Initial Payments under the Settlement</p>	<p>The City's and the Funders' obligations under the settlement will become binding only upon:</p> <ol style="list-style-type: none"> (1) execution of Definitive Documentation acceptable in all respects to The DIA, the City, the State and the Funders, memorializing the terms of this Term Sheet, including irrevocable commitments (subject to The DIA's right of substitution as to the DIA Deficiency) of the Funders, in the aggregate, for the full Payment Amount, (2) Bankruptcy Court entry of an order confirming the Plan of Adjustment of Debts of the City of Detroit, Michigan (the "Plan of Adjustment") that is binding on The DIA, the City and all of the City's creditors and provides, among other things, for approval and inclusion of all of the terms of this settlement, including treatment of the Payment Amount in accordance with this Term Sheet and protection of the Museum Assets as provided in "<i>Treatment of Museum Assets</i>" of this Term Sheet, and not stayed on appeal, (3) occurrence of the Effective Date, (4) approval of the settlement by the Michigan Attorney General as consistent with Michigan law and with Attorney General Opinion No. 7272, (5) agreement by the millage authorities for each of the Tri-Counties to the settlement for protection of the three-county millage payable to the Museum for the balance of the millage period approved in 2012,

	<p>(6) approval of the relevant City and State persons or entities specified in the Local Financial Stability and Choice Act (PA 436) to the extent applicable, including, but not limited to, the Emergency Manager, the Governor of the State and/or the Treasurer of the State and (if needed) the Detroit City Council and/or Detroit Arts Commission, in each case, for the Transfer,</p> <p>(7) The DIA, the Foundation Funders, the City and the State being satisfied with The DIA's governance structure, mechanisms and documents, program for provision of statewide services, multi-year fundraising plan, insurance coverage, policies, practices and procedures and such other matters as the Funders determine are critical to their decision to fund and the City determines are critical to its decision to execute the Definitive Documentation,</p> <p>(8) Closing occurring no later than December 31, 2014,</p> <p>(9) All existing agreements and other arrangements between the City and The DIA are either affirmed, modified or terminated, as provided in this Term Sheet or as otherwise agreed between the City and The DIA.</p> <p>(10) The DIA agrees to indemnify and hold harmless the Foundation Funders, the City and the Supporting Organization from any and all claims against them (together with all reasonable associated costs and expenses) that result from The DIA's failure to perform any of its obligations under the Definitive Documentation. The DIA acknowledges that the Foundation Funders and the Supporting Organization have no financial obligations other than, in the case of the Foundation Funders, the amount specified in the "<i>Funding Commitments</i>" of this Term Sheet and are not guaranteeing payment to the City of any amount committed by the DIA Funders or The DIA.</p>
Closing of Settlement	<p>Upon satisfaction of all "<i>Conditions to The DIA's, the City's, the State's and the Funders' Commitments and Initial Payments under the Settlement</i>" under this Term Sheet (any of which may be waived by agreement of all parties to this Term Sheet for whose benefit the condition exists) and the occurrence of the</p>

	effective date of the Plan of Adjustment (" Effective Date ").
Conditions to Future Funding Obligations	<p>The Funders' obligations to continue to fund the settlement (and the Supporting Organization's obligation to continue to pay funds provided by the Funders to the City) are conditioned on the following:</p> <ol style="list-style-type: none"> (1) all amounts paid by the Funders shall be used only to pay Pensions as provided in this Term Sheet and the confirmed Plan of Adjustment, (2) the Funders' receipt of an annual certification from the Review Board or other oversight authority reasonably acceptable to the Funders that the City is in compliance with its obligation to use the amounts paid by the Funders solely for the benefit of the pensioners and that the amounts received from the Funders are unencumbered by the City or any other entity, (3) the amounts paid by the Funders and transmitted by the Supporting Organization to the City are placed into a segregated account to be used for payments to the Pensions only and shown separately on the City's books ("City Account"), (4) the Funders' receipt of an annual reconciliation report of the City Account prepared by external auditors reasonably satisfactory to the Funders at the City's expense, certifying use of funds in a manner consistent with the settlement, (5) full compliance by the City with the terms of the funding agreements with the Funders or the Supporting Organization, and (6) the City's continued compliance with the first two commitments set forth above in the provision entitled "<i>City Commitments Relating to Pensions</i>" of this Term Sheet. <p>The City shall have the opportunity to cure any breach or failure of these conditions within 180 days of issuance of notice of the same by the Funders or the Supporting Organization. Notwithstanding the foregoing, to the extent that the applicable event of default cannot reasonably be cured within the period specified above, and as long as the City has commenced to cure, and diligently pursues the cure of such default in good faith, such cure period shall be</p>

	<p>extended by a reasonable period of time to permit the City to cure such event of default; provided, however, such additional extended cure period shall not extend beyond the later of: (i) 180 days beyond the initial cure period; and (ii) the date that the next applicable payment is due the City by the Supporting Organization. The City's ability to receive the benefit of the extended cure period, beyond the initial cure period, shall be subject to the approval of the Supporting Organization upon receipt of a written request from the City setting forth why the City is entitled to such extended cure period by meeting the requirements set forth above, which approval shall not be unreasonably withheld, conditioned or delayed. All obligations of the Funders and Supporting Organization to make payments shall be suspended for the duration of the cure period. If the City fails to cure a breach or failure during the cure period each Funder and the Supporting Organization shall have the right to cancel its remaining commitments.</p>
Changes in DIA Governance	<p>The DIA shall establish an ad-hoc committee (the "Governance Committee") to review best practices in museum governance, gather input from the parties to this Term Sheet and the State, and make recommendations regarding the future governance of The DIA. In addition to three members representing the perspective of The DIA, The DIA shall appoint to the Governance Committee one member representing each of the following perspectives: 1) the Foundation Funders; 2) the City; and 3) the State. In addition, The DIA shall appoint to the Governance Committee one person who is selected by agreement of the millage authorities of the Tri-Counties. The parties believe the proposed make-up of the Governance Committee will appropriately represent the perspectives of The DIA, the City, the State, the millage authorities and the Foundation Funders, but The DIA will consider adjustments to the proposed membership to the extent necessary to address any concerns raised by the State. Susan Nelson, principal of Technical Development Corporation, will facilitate and advise the process, with funding as required from the Foundation Funders. The process will be completed as quickly as possible but in any event prior to the Closing, with the Governance Committee's recommendations taking effect upon their approval by The DIA's Board of Directors and prior to Closing. The goal of the Governance Committee will be to ensure that The DIA has the best possible governance</p>

	structure for maintaining its position as one of America's great art museums.
Future Obligations of The DIA	The DIA will provide to the other Funders and the City, or their representatives, on an annual basis, a narrative report covering overall operations, fundraising and state services, as well as audited financial statements.
Dispute Resolution	In connection with the negotiation of the Definitive Documentation, the parties shall use good faith efforts to work with the State to identify and agree upon alternative dispute resolution mechanisms that provide a process for resolution of disputes surrounding whether conditions to a scheduled payment have been satisfied or cured while considering the ability of the public, Pensions and other stakeholders to monitor such alternative dispute resolution process.

EXHIBIT D

INDEMNIFICATION, JURISDICTION, VENUE AND CHOICE OF LAW

All capitalized terms used but not defined in this Exhibit D are defined in the Term Sheet.

- (a) To the maximum extent permitted by law, the City shall indemnify, defend, and hold the Foundation Funders, the DIA Funders, The DIA and the Supporting Organization and their affiliates and all their respective shareholders, officers, directors, members, managers, employees, successors, assigns, representatives, attorneys and agents (the “**Indemnified Parties**”) harmless from, against, and with respect to any claim, liability, obligation, loss, damage, assessment, judgment, cost and expense (including, without limitation, actual out-of-pocket attorney fees and actual expenses incurred in investigating, preparing, defending against, or prosecuting any litigation or claim, action, suit, hearing, proceeding or demand) of any kind or character, arising out of or in any manner, incident, relating or attributable to the following (provided indemnification will not be available to an Indemnified Party to the extent resulting from such Indemnified Party’s breach of contract, sole ordinary negligence, gross negligence or intentional wrongful acts):
 - (i) *Any claims by third parties or the City arising out of any action properly taken by the Indemnified Parties under the Definitive Documentation with respect to the contemplated transaction including, but not limited to, any payment, non-payment or other obligation of the Indemnified Parties permitted thereunder;*
 - (ii) *Any breach or failure of any representation or warranty of the City contained in the Definitive Documentation between the City and the Indemnified Parties and/or other parties related to the contemplated transaction;*
 - (iii) *Any failure by the City to perform, satisfy or comply with any covenant, agreement or condition to be performed, satisfied or complied with by the City under the Definitive Documentation with the Indemnified Parties or under agreements with any third parties contemplated by this transaction;*
 - (iv) *Reliance by the Indemnified Parties upon any books or records of the City or reliance by them on any written information furnished by the City or any of the City’s employees, officials or agents to them to the extent any such information should prove to be false or materially inaccurate or misleading (including, without limitation, by omission), but only to the extent that such books, records or written information was furnished by the City in connection with the City showing its compliance with the conditions to initial or future funding as set forth in the Term Sheet;*
 - (v) *Any claim or objection made in the City’s Chapter 9 Bankruptcy (Case No. 13-53846) or any other action brought against, or involving, the Indemnified Parties with respect to their participation in any transaction contemplated by the proposed or confirmed Plan of Adjustment;*

(vi) *The transfer, assignment or sale by the City to The DIA of any assets or property (real or personal) and any rights, title and interests therein including, but not limited to, the Museum and all of the Museum Assets;*

(vii) *Any action or claim against the Indemnified Parties made by the Pensions, including any successors or assigns and any plan participants, or their representatives, successors or assigns (collectively, the "Pension Funds"), as nothing under the Term Sheet or the Definitive Documentation is intended to, nor are they to be construed or interpreted to, make the Indemnified Parties a party in privity with, or having an obligation in any capacity to the Pension Funds. By way of illustration and not limitation, the following statements apply:*

First, the Indemnified Parties have no responsibility for the operation or administration of the Pension Funds and have no fiduciary responsibility for the Pension Funds as plan sponsor, plan administrator, investment advisor or otherwise.

Second, the Indemnified Parties have no obligation to contribute towards the funding of the Pension Funds and are not a funding guarantor.

(viii) *Any action or claim brought by the City, The DIA, the Pension Funds or any other party concerning non-payment of the contributions pursuant to the contemplated transaction by the Indemnified Parties due to the breach of the Definitive Documentation by the City, the DIA, the Pension Funds or any other party, so long as the Indemnified Parties have made a good faith determination of the breach of the Definitive Documentation or payment condition.*

(b) An Indemnified Party shall notify the City in a timely manner of any matters as to which the Indemnified Party is entitled to receive indemnification and shall set forth in such notice reasonable detail regarding specific facts and circumstances then known by the Indemnified Party which pertain to such matters. Failure or delay in providing such notice shall not relieve the City of its defense or indemnity obligations except to the extent the City's defense of an applicable claim against an Indemnified Party is actually prejudiced by such Indemnified Party's failure or delay.

(c) The City shall not contest on any grounds the enforceability of its indemnification obligations hereunder.

(d) Notwithstanding the foregoing, the parties acknowledge that the City is not making any representations to The DIA regarding the City's title to the Museum Assets prior to the Closing and that The DIA will not be entitled to indemnification in connection with its defense of any post-Closing claims by third parties challenging The DIA's title to any Museum Asset to the extent that such claim is based on an allegation that the City did not have legal title to the particular Museum Asset prior to the Closing (a "**Quitclaim Challenge**"). To be clear, however, The DIA will be entitled to indemnification by the City under this Exhibit D in connection with any post-Closing challenges to The DIA's title to Museum Assets that are in any way based upon a claim that the title that the City

had to the Museum Assets prior to Closing was not effectively conveyed to The DIA at and as a result of the Closing.

Defense of Indemnity Claims

(a) To the extent the City is notified of claim for which it is required to indemnify an Indemnified Party, the City shall be solely responsible for responding to or otherwise defending such claim. In such event, the City shall assume exclusive control of the defense of such claim at its sole expense using counsel of its sole choosing and may settle such claim in its sole discretion; provided, however, that (i) with respect to any claim that involves allegations of criminal wrongdoing, the City shall not settle such claim without the prior written approval of the Indemnified Party, which approval may be withheld in such Indemnified Party's sole discretion, and (ii) with respect to any other claim, the City shall not settle such claim in a manner that requires the admission of liability, fault, or wrongdoing on the part of an Indemnified Party, that fails to include a release of all covered claims pending against the Indemnified Party, or that imposes any obligation on the Indemnified Party without the prior written approval of the Indemnified Party, which approval may be withheld in such Indemnified Party's sole discretion. The City will keep the Indemnified Party reasonably informed of the status of any negotiations or legal proceedings related to any claim, and the Indemnified Party shall be entitled to engage counsel (at its own expense) to monitor the handling of any claim by the City. Notwithstanding the foregoing, other than as relates to a Quitclaim Challenge (for which The DIA will not be entitled to indemnification, as set forth above), The DIA shall be entitled to defend on its own behalf any claims regarding title to, interest in or control of the Museum Assets or operation of the Museum. To the extent The DIA intends to exercise such right, the City and The DIA shall use their commercially reasonable efforts in good faith to coordinate a joint defense of such claim (including as to selection of joint counsel). If the City and The DIA cannot agree on a joint defense of the claim, each party shall undertake its own defense, reserving all rights against the other for indemnification hereunder with respect to such claim, but, in such case, The DIA shall not be entitled to indemnification of its defense costs in connection therewith.

(b) Notwithstanding anything to the contrary set forth in this Exhibit D or the Term Sheet, to the extent that the City is required to indemnify an Indemnified Party hereunder, and the underlying claim being indemnified does not arise out of the City's breach of contract, sole ordinary negligence, gross negligence or intentional wrongful acts and is not due to a claim brought by the City, the City may reimburse itself for the costs of such indemnity out of the payments from the Supporting Organization, in which case the amount payable by the City to the Pensions shall be reduced by the amount reimbursed to the City for such indemnity.

Jurisdiction/Venue/Choice of Law

The parties agree that, except as to disputes that are subject to arbitration in accordance with the "*Dispute Resolution*" section of the Term Sheet, jurisdiction shall be retained by

the United States Bankruptcy Court for the Eastern District of Michigan for all matters related to the contemplated transaction and venue shall be in Detroit. The parties agree that this agreement is to be governed by Michigan law.

ARTICLE II

The Commitments

2.1 DIA Funding Obligation.

(a) Subject to the terms and conditions of this Agreement, including The DIA's guaranty obligations in Section 2.8(c) of this Agreement, The DIA hereby commits to pay to the Supporting Organization on the Closing Date and with respect to each Payment Date: (A) \$5 million multiplied by the number of annual payments required before and with respect to the then current Payment Date (treating the Closing Date for such purpose as a Payment Date) minus (B) the sum of (i) the aggregate amounts previously paid by The DIA, all DIA Direct Funders and both Special Foundation Funders plus (ii) the amount to be paid in the aggregate by all DIA Direct Funders and both Special Foundation Funders on such Payment Date. The DIA may pay an amount in excess of its obligation in this Section 2.1(a) without penalty or premium in connection with any payment otherwise made with respect to a Payment Date.

(b) Except for The DIA's guaranty obligations as provided in Section 2.8(c) of this Agreement, and taking into account the application of Sections 2.1(c) and (d) below, The DIA shall have no obligation to make any further payments and The DIA's obligations shall be entirely satisfied at such time (the "**Termination Date**") as: (A) the sum of (1) the remaining aggregate funding commitments of DIA Direct Funders to the Supporting Organization assuming such commitments are paid precisely in accordance with the funding schedule reflected in their individual DIA Direct Funder FDF Agreements plus, (2) the remaining aggregate funding commitments of both Special Foundation Funders to the Supporting Organization assuming such commitments are paid precisely in accordance with the funding schedule reflected in their individual Foundation FDF Agreements, plus (3) the aggregate amount theretofore paid by DIA Direct Funders, The DIA and both Special Foundation Funders to the Supporting Organization that is paid to the City Account is greater than or equal to (B) the sum of (i) \$5 million paid on the Closing Date plus (ii) nineteen (19) payments of \$5 million on each Payment Date thereafter, with each of the amounts in (A) and (B) being calculated with application of the Present Value Discount. The term "Termination Date" includes the date, if any, of the cancellation of the commitment of The DIA hereunder in accordance with Section 2.5(b) of this Agreement. Hypothetical examples of the calculation of The DIA's payment obligations pursuant to this Section 2.1 are attached as Schedule 2 to this Agreement.

(c) For purposes of the calculations in Sections 2.1(a) and 2.1(b) of this Agreement, in the event of a City Event of Default during a particular fiscal year (July 1 through June 30) that results in the cancellation of a payment pursuant to Section 2.5(b) of this

Agreement, The DIA, all DIA Direct Funders and both Special Foundation Funders shall, in each case, be deemed to have made the annual payment required by, with respect to The DIA, Section 2.1(a) of this Agreement and The DIA FDF Agreement, and with respect to DIA Direct Funders and Special Foundation Funders by their respective Funding Agreements, on June 30 of such year notwithstanding such cancellation of such scheduled payment.

(d) The DIA's payment obligations under Sections 2.1(a) and 2.1(b) above and Section 2.8(c) shall be reduced by (x) any litigation or defense costs, damages or settlement costs incurred by The DIA, any DIA Direct Funder or any Special Foundation Funder to the extent the City fails to meet its indemnity obligations set forth in Section 6.2 of this Agreement, and (y) to the extent of any litigation or defense costs, damages or settlement costs incurred by The DIA, any DIA Direct Funder or any Special Foundation Funder arising from the transactions contemplated by this Agreement and the other Transaction Documentation that are not otherwise covered by the City's indemnity obligations in Section 6.2 of this Agreement.

2.2 Foundation Funders Commitments to Supporting Organization. Under their respective Foundation FDF Agreements, each Foundation Funder has committed to make an aggregate amount of payments to the Supporting Organization. The obligation of each Foundation Funder to make such aggregate amount of payments to the Supporting Organization shall terminate at such time as, taking into account the application of Section 2.3(d), (A) the aggregate amount theretofore paid by that Foundation Funder to the Supporting Organization that is paid to the City Account is greater than or equal to (B) the aggregate amount of its commitment paid (i) on the Closing Date plus (ii) the nineteen (19) payments on each Payment Date thereafter, with each of the amounts in (A) and (B) being calculated with application of the Present Value Discount. For purposes of the calculations in this Section 2.2, in the event of a City Event of Default during a particular fiscal year (July 1 through June 30) that results in the cancellation of a payment pursuant to Section 2.5(b) of this Agreement, all Foundation Funders shall be deemed to have made the scheduled payment under their respective Foundation FDF Agreements on June 30 of such year notwithstanding the cancellation of such scheduled payment.

2.3 Payments.

(a) Subject to the terms and conditions of ARTICLE II, funding of the commitments shall be made by (i) each Foundation Funder pursuant to the terms and conditions of its Foundation FDF Agreement, (ii) The DIA pursuant to the terms and conditions of this Agreement and the DIA FDF Agreement, and (iii) each DIA Direct Funder pursuant to the terms and conditions of its DIA Direct Funder FDF Agreement.

(b) Subject to the terms and conditions of this Agreement, on the Closing Date, and on an annual basis thereafter commencing in 2016, on each Payment Date the Supporting Organization will remit to the City Account pursuant to the wire transfer instructions on Schedule 1 to this Agreement: (x) the payments made by all Foundation Funders as described in Section 2.2 of this Agreement and any prepayments by Foundation Funders, plus (y) the payments made by The DIA pursuant to Section 2.1 of this Agreement and the DIA FDF Agreement and any prepayments by The DIA, plus (z) the payments made by all DIA Direct Funders pursuant to the DIA Direct Funder FDF Agreements and any prepayments by DIA

Direct Funders. No interest will be owed on any Funder's payments. The Supporting Organization shall not have any obligation to remit funds to the City Account if it has not received scheduled payments from a Funder, except as provided in Section 2.8(c) of this Agreement with respect to The DIA's guaranty of payment obligations with respect to a Defaulted DIA Funder. Further, the obligation of the Supporting Organization to remit payments to the City shall terminate upon the remittance in the aggregate of \$466 million, comprised of \$100 million from The DIA (including the commitments of DIA Direct Funders and Special Foundation Funders) and \$366 million from Foundation Funders (excluding Special Foundation Funders), in each case, without interest and before applying any Present Value Discount, if applicable, or the equivalent of such amount, applying the Present Value Discount, payable \$23.3 million at Closing and \$23.3 million with respect to each Payment Date thereafter. For purposes of the calculations in this Section 2.3(b), (x) in the event of a City Event of Default during a particular fiscal year (July 1 through June 30) that results in the cancellation of a payment by any Funder pursuant to Section 2.5(b) of this Agreement, the Supporting Organization shall be deemed to have made the scheduled payment under this Agreement on June 30 of such year notwithstanding such cancellation of such scheduled payment and (y) the provisions of Section 2.3(d) shall, if applicable, be taken into account in such calculation.

(c) Either the City or the Supporting Organization may deliver written notice to the other party that they have been unable to reach agreement upon the calculation of the amount of any prepayment by any Foundation Funder applying the Present Value Discount in accordance with the applicable Foundation FDF Agreement in advance of a particular Payment Date. In addition, the City may deliver a written notice of objection to the Supporting Organization regarding the calculation of the payment obligations of The DIA with respect to a particular Payment Date within sixty (60) days after the remittance of the funds by the Supporting Organization to the City on behalf of The DIA. Any such disputes regarding the calculation of any such payment obligations under this Agreement or the applicable Foundation FDF Agreement will be determined by an independent accounting firm of national or regional (Midwest) reputation; provided that no such firm may have a conflict of interest and such firm shall be required to maintain independence as those terms are defined by the AICPA Code of Professional Conduct (as of June 1, 2012) (the "Accountant"). The Accountant shall be agreed to by the City and the Supporting Organization with respect to a Foundation Funder or by the City and The DIA if the dispute relates to The DIA's payment obligations. If the applicable Parties cannot agree on the Accountant within fourteen (14) days after either Party issues written notice to the other Party of the existence of a dispute, then within seven (7) days after the end of such fourteen (14) day notice period, each of such Parties shall submit the names of two (2) accounting firms that meet the standards of the preceding sentence, within seven (7) days thereafter, either Party may strike one name submitted by the other Party and the Accountant shall be selected by lot from the remaining names. The City and the Supporting Organization or The DIA, as applicable, shall deliver their calculations of the amounts they assert are owing to the Accountant within fourteen (14) days after the selection of the Accountant. The Accountant shall deliver its determination of the disputed payment obligations under this Agreement within thirty (30) days after receipt of the written notice of calculations from the Parties, and when rendered in writing, shall be final and binding upon each of the Parties. The City and The DIA agree that the Supporting Organization shall not be responsible for any shortfall in the amount of funds remitted to the City Account on behalf of The DIA due to a dispute regarding the calculation of The DIA's payment obligations in accordance with the provisions of this Section

2.3(c) nor shall the Supporting Organization have any other liability as a result of any such dispute.

(d) The obligation of the Foundation Funders under Section 2.2 of this Agreement and of the Supporting Organization to remit funds to the City Account under Section 2.3(b) above shall be reduced by (x) any litigation or defense costs, damages or settlement costs incurred by the Supporting Organization or the Foundation Funder to the extent the City fails to meet its indemnity obligations set forth in Section 6.2 of this Agreement, and (y) to the extent of any litigation or defense costs, damages or settlement costs incurred by the Supporting Organization or the Foundation Funder arising from the transactions contemplated by this Agreement and the other Transaction Documentation, that are not otherwise covered by the City's indemnity obligations in Section 6.2 of this Agreement.

2.4 City Reporting and Conditions to Funding.

(a) Commencing in 2015, by December 31st of each year, the City shall, at its expense, provide an annual report (the "**Annual Report**") to the Supporting Organization containing the following information:

(i) an annual reconciliation report of the City Account, performed at the City's expense, prepared by an independent external auditor, the selection of which is reasonably satisfactory to the Supporting Organization, certifying that the amounts transferred to the City Account by the Supporting Organization on each preceding Payment Date were used by the City in a manner consistent with the terms of the Transaction Documentation, including, without limitation, to make contributions to GRS and PFRS in satisfaction of the City's obligation to contribute to the Prior GRS Pension Plan and the Prior PFRS Pension Plan in accordance with the Plan of Adjustment, the payment of reasonable expenses of maintaining the City Account and consistent with Section 6.3(e) of this Agreement,

(ii) certification by the City's Chief Financial Officer on behalf of the City that the City has complied with the covenants in Sections 5.2 and 5.3(a)-(d) of this Agreement through the date of the Annual Report,

(iii) certification from the Escrow Agent that to its knowledge the amounts contributed to the GRS or PFRS from the City Account were unencumbered by the City or any other entity,

(iv) information as of the date of the Annual Report about the current membership of the:

- (A) board of trustees of the GRS (the "**GRS Board**"),
- (B) board of trustees of the PFRS (the "**PFRS Board**"),
- (C) investment committee of the GRS (the "**GRS Investment Committee**"), and

- (D) investment committee of the PFRS (the “**PFRS Investment Committee**”).

The information for this subsection (iv) should include the term of each member (where applicable), whether the person is a member of the GRS Board or PFRS Board by virtue of his or her position with the City, by appointment or by election, and, with respect to the independent members of the Investment Committees, such person’s qualifications.

(v) evidence from the respective Investment Committee reasonably necessary to show that the internal controls governing the investment of the respective Pension Funds are in compliance with the applicable provision of the Plan of Adjustment, and

(vi) any additional information that is necessary to evidence that the City is in compliance with the terms of this Agreement as may be reasonably requested by the Supporting Organization from time to time.

(b) Prior to the Closing Date, the City shall cause the Pension Governance Terms to be amended to provide that, commencing in 2015, no later than December 31 of each year, the GRS Investment Committee and the PFRS Investment Committee will provide the Supporting Organization with the following information:

(i) a copy of the audited annual financial statement and the corresponding management letter for each of the GRS and the PFRS, as applicable, for the fiscal period ending June 30 of that year, containing a non-qualified opinion of an independent external auditor to the GRS and the PFRS, as applicable (the “**Independent Audited Financial Reports**”).

(ii) a certification as of the date of the Annual Report from the respective Chair of each of the PFRS Investment Committee and the GRS Investment Committee on behalf of their respective Investment Committees in a form reasonably acceptable to the Supporting Organization (the “**Pension Certificate**”) that:

- (A) the City is current in its obligation to contribute to the Prior GRS Pension Plan and the Prior PFRS Pension Plan in accordance with the Plan of Adjustment,
- (B) the operation of the respective Investment Committees is in accordance with the applicable Pension Governance Terms, and
- (C) the City has complied and is continuing to comply with the covenants in Section 5.2(a) of this Agreement,

(iii) copies of the documentation provided for under Section 6 of the Contribution Agreement by and among the Michigan Settlement Administration Authority, GRS, PFRS and the City (“**Contribution Agreement**”), including, as

applicable: (A) the compliance report(s) ("**Compliance Report**") covering the calendar year for which the Annual Report is made that the respective Investment Committee provided to the Treasurer of the State of Michigan ("**Treasurer**"); (B) any additional compliance reports provided during the calendar year for which the Annual Report is made as requested by the Treasurer; (C) either the certificate of compliance or the Default Notice, within the meaning of Section 6 of the Contribution Agreement, as applicable, that was provided to the respective Investment Committee by the Treasurer; and (D) in the event that the Treasurer issued a Default Notice, the Cure Certification, within the meaning of Section 6 of the Contribution Agreement, provided by the Investment Committee for the defaulting system. Notwithstanding anything in this subsection (iii) to the contrary, if the parties to the Contribution Agreement agree to revise the requirements of Section 6 of the Contribution Agreement or the information required in the Compliance Report, in order to meet the conditions of this subsection (iii), the respective Investment Committee shall be required only to provide documentation to the Supporting Organization that meets such revised requirements. However, any such change in reporting requirements pursuant to this subsection (iii) shall not change the reporting obligations under subsections (i), (ii), (iv) and (v) of this **Section 2.4(b)**.

(iv) Commencing in 2016, before May 15th of each year, the GRS Investment Committee and the PFRS Investment Committee will provide the Chief Financial Officer of the City with the information required of the GRS and PFRS in **Section 2.4(c)** of this Agreement, and

(v) any additional information from the GRS Investment Committee or the PFRS Investment Committee that may be reasonably requested by the Supporting Organization from time to time.

(c) Commencing in 2016, by May 15th of each year, the City shall provide (or with respect to the Pension Certificates cause to be provided) to the Supporting Organization a reaffirmation of the information and certifications provided by the City in the Annual Report which shall be executed by the Chief Financial Officer of the City (the "**Interim Reaffirmation**") and which shall confirm that as of the date of the Interim Reaffirmation there has been no impairment or modification of the information in the most recent Annual Report since the date of that Annual Report, and which shall include confirmation from the GRS Investment Committee and PFRS Investment Committee that as of the date of the Interim Reaffirmation there has been no impairment or modification of the information in the most recent Pension Certificates since the date of such Pension Certificates. The Interim Reaffirmation shall include copies of the unaudited financial statements as of and for the most recent period prepared for each of the PFRS and the GRS.

To further confirm that the conditions precedent to funding are satisfied, the Supporting Organization reserves the right to make an onsite review and inspection of the City's records and financial information and may employ at its cost an outside agent or consultant to undertake that review. The City will cooperate with any such onsite review and will provide those persons conducting the review adequate office space and assistance (without charge) to conduct that review. The City specifically waives, in favor of the Supporting Organization, or its agent or consultant, any fee for a public record search, pursuant to MCLA 15.234.

(d) The obligation of The DIA, a DIA Direct Funder and a Foundation Funder to make payment to the Supporting Organization of any portion of its commitment under this Agreement or any other Funding Agreement is conditioned upon the City's compliance with the covenants in Sections 5.2 and 5.3(a)-(d) of this Agreement, satisfaction of the conditions specified in Sections 2.4(a)-(c) above, the receipt of the Independent Audited Financial Reports and the Pension Certificate. The City acknowledges that The DIA under this Agreement, and under the DIA FDF Agreement, and each DIA Direct Funder and Foundation Funder under its respective Funding Agreement, shall have no obligation to make any payment to the Supporting Organization, nor shall the Supporting Organization have any obligation to remit any funds to the City Account, until all material requisite conditions precedent to funding in Section 2.4 of this Agreement are met. Failure of the City to meet the conditions to funding specified in this Section 2.4 in any material respect, including based on the Supporting Organization informing the City that the information provided in the Annual Report, the Independent Audited Financial Reports, the Pension Certificates or the Interim Reaffirmation is incomplete or unsatisfactory, shall be a "**City Event of Default**".

2.5 The City's Cure Right; Suspension or Cancellation of Funding.

(a) The City shall have the opportunity to cure any City Event of Default by May 15th of the year following the date the Annual Report is due under Section 2.4(a) above (this being 135 days from the time conditions to funding were due to be met by the City) provided an issuance of written notice of a City Event of Default by the Supporting Organization was provided to the City by the Supporting Organization by January 31st of the year following the year such Annual Report was due from the City under Section 2.4(a) above. Notwithstanding the foregoing, to the extent that the applicable City Event of Default cannot reasonably be cured by May 15th as specified above or if the Event of Default arises out of the Independent Audited Financial Reports, the Pension Certificates or the Interim Reaffirmation of that Annual Report, and as long as the City has commenced to cure, and diligently pursues the cure of such default in good faith, such cure period shall be extended in writing by a reasonable period of time (the "**Extended Cure Period**"), to permit the City to cure such City Event of Default; provided, however, such Extended Cure Period shall not extend beyond December 15th (being 346 days from the date the Annual Report was due under Section 2.4(a) above). The City's ability to receive the benefit of the Extended Cure Period shall be subject to the written approval of the Supporting Organization upon receipt of a written request from the City setting forth why the City believes that it will be able to meet the requirements set forth above within the requested Extended Cure Period, which approval shall not be unreasonably withheld, conditioned or delayed.

(b) All obligations of The DIA under this Agreement, and as acknowledged by the City, all obligations of The DIA under the DIA FDF Agreement and of DIA Direct Funders and Foundation Funders under their respective Funding Agreements, to make scheduled payments and of the Supporting Organization to remit funds to the City Account shall be suspended for the duration of the initial and any Extended Cure Period. The City acknowledges and agrees that, if the City fails to cure a City Event of Default during the initial and any Extended Cure Period, the scheduled payment of The DIA under this Agreement and under the DIA FDF Agreement and of all DIA Direct Funders and Foundation Funders under their respective Funding Agreements shall be cancelled, and the Supporting Organization shall have

no obligation to remit any funds to the City Account with respect to such Payment Date. Further, the City acknowledges and agrees that if the City fails to cure a City Event of Default during the initial and any Extended Cure Period under this Agreement, The DIA, all DIA Direct Funders, Foundation Funders and the Supporting Organization shall have the right to cancel their respective remaining commitments under their respective Funding Agreements and this Agreement.

2.6 Disputes and Remedies Regarding Conditions Precedent to Funding. The DIA shall have the right to rely upon the determination of the board of directors of the Supporting Organization as to whether the conditions to a scheduled payment have been satisfied and, if not initially satisfied, whether any City Event of Default shall have been timely cured. The City acknowledges that each DIA Direct Funder and each Foundation Funder shall, pursuant to its respective Funding Agreement, similarly have the right to rely upon the determination of the board of directors of the Supporting Organization as to whether the conditions to a scheduled payment have been satisfied and, if not initially satisfied, whether any City Event of Default shall have been timely cured. The City shall have no claim (and not pursue any claim) against The DIA, any DIA Direct Funder or any Foundation Funder for such Funder's reliance upon the determination of the Supporting Organization. In the event that the Supporting Organization has determined that the conditions have not been satisfied (or the City Event of Default not timely cured) and the City disputes that determination, the City's only recourse shall be to dispute the Supporting Organization's determination in accordance with the provisions of Section 7.3 of this Agreement.

2.7 Notification of Funding Conditions. In the event it is determined by the Supporting Organization or through the dispute resolution provisions in Section 7.3 of this Agreement that the conditions to funding in Section 2.4 of this Agreement have been satisfied or a City Event of Default timely cured, the Supporting Organization shall within five (5) Business Days thereafter give written notification to each of The DIA, DIA Direct Funders and Foundation Funders. The DIA, and pursuant to each Funder's respective Funding Agreement, each DIA Direct Funder and Foundation Funder, shall be required to make its respective payment to the Supporting Organization (without interest) within twenty (20) days after written notification of such determination is issued by the Supporting Organization.

2.8 Failures to Fund.

(a) If The DIA has made its payment required under Section 2.1 of this Agreement or a Foundation Funder or DIA Direct Funder has made its scheduled payment under its respective Funding Agreement, in each case, to the Supporting Organization, the City shall have recourse only to the Supporting Organization (and not to any such Funder that made its payment) for such payment.

(b) If The DIA, a DIA Direct Funder or a Foundation Funder (the "**Non-funding Party**") has not within the twenty (20) day period specified in Section 2.7 of this Agreement made its payment to the Supporting Organization in accordance with this Agreement with respect to The DIA, or such DIA Direct Funder's or Foundation Funder's schedule reflected in its Funding Agreement, as applicable ("**Default Amount**"), the Supporting Organization shall notify the Non-funding Party that it must pay its Default Amount within thirty (30) days and if

not so paid, that the Supporting Organization shall assign its right to enforce payment of the Default Amount to the City. If the Non-funding Party does not pay its Default Amount within the thirty (30) day period, the Supporting Organization shall assign its right to enforce payment of the Default Amount to the City in full satisfaction of the Supporting Organization's obligation to make such payment to the City; provided that if the Non-funding Party is a DIA Direct Funder or a Special Foundation Funder (a "**Defaulted DIA Funder**") such assignment shall be made to The DIA and not the City. Except with respect to the guaranty obligation of The DIA with respect to a Defaulted DIA Funder in accordance with Section 2.8(c) below, the annual payment amount due to the City from the Supporting Organization on the Payment Date will be reduced by the Default Amount.

(c) In the case of a Defaulted DIA Funder, the Supporting Organization shall issue written notice to The DIA within two (2) days after the expiration of the twenty (20) day funding period specified in Section 2.7 of this Agreement of the name of the Defaulted DIA Funder and the Default Amount. The DIA shall within five (5) Business Days of receipt of such notice pay to the Supporting Organization (x) the Default Amount if the Termination Date has occurred and (y) if the Termination Date has not occurred, such additional amount as is necessary, if any, such that The DIA's payment to the Supporting Organization with respect to such Payment Date is equal to the amount that The DIA is otherwise required to pay pursuant to Section 2.1 of this Agreement. The DIA shall not, however, have any obligation pursuant to this Section 2.8(c) if The DIA's commitment has been cancelled as provided in Section 2.5 of this Agreement. If the Supporting Organization thereafter collects the Default Amount from the Defaulted DIA Funder, the Supporting Organization shall promptly pay such amount to The DIA.

(d) The City agrees that, except for the guaranty obligation of The DIA in Section 2.8(c) of this Agreement with respect to a Defaulted DIA Funder, in no event will any Funder other than the Non-funding Party have any responsibility for the payment or obligations of such Non-funding Party, and the City will not have any right to collect any amounts from any Funder except as set forth in Section 2.8(b) of this Agreement. No party other than the City (as provided in Section 2.8(b) of this Agreement), the Supporting Organization, or The DIA with respect to a Defaulted DIA Funder or a DIA Indirect Funder pursuant to any grant agreement directly with The DIA shall have the right to assert any claim against any Funder. Without limiting the foregoing, the failure of The DIA, any DIA Direct Funder, any Foundation Funder or the Supporting Organization to make a scheduled payment shall only give rise to a claim by the City against such Non-funding Party (pursuant to Section 2.8(b) above), or by the Supporting Organization, and not against any other Funder, the Supporting Organization, The DIA or the DIA Assets; provided, however, (x) The DIA will have its guaranty obligations under Section 2.8(c) of this Agreement and its rights under its applicable grant agreement with each DIA Indirect Funder and (y) the foregoing shall not preclude the City from asserting claims in satisfaction of an indemnity claim pursuant to Section 6.1(b) of this Agreement but only against cash, cash equivalents or cash receivables of The DIA (excluding any cash, cash equivalents or cash receivables that are restricted in use by the terms of the donation, gift, bequest or contribution of a third party or by restrictions imposed on the use of proceeds from the sale of art by the applicable standards or ethical guidelines of the AAM or the Association of Art Museum Directors (or such other organizations by which The DIA or the Museum or its Director is accredited in the future or of which they become members in accordance with then applicable art

museum best practices). Without limiting the foregoing, under no circumstances shall the City or the Supporting Organization have a claim against any DIA Indirect Funder.

(e) The City will be responsible for all costs of its enforcement against the Non-funding Party or the Supporting Organization, as applicable, and will not seek reimbursement of costs of enforcement from any other Funder or the Supporting Organization. No other person or entity shall have the right to enforce payment of any commitments in connection with any Funding Agreement or any Transactional Documentation except as specifically set forth in this Agreement.

ARTICLE III **Initial Funding; Closing**

3.1 Closing. The closing of the transactions pursuant to this Agreement (the “**Closing**”) will take place immediately following the written confirmation from an authorized representative of the City, the Supporting Organization and The DIA in the form of **Exhibit E** to this Agreement (the “**Closing Direction**”); provided, that the Closing hereunder shall in all events occur concurrently with the closing under the Charitable Trust Agreement. The time and date on which the Closing occurs is referred to in this Agreement as the “**Closing Date**”.

3.2 Initial Funding. On the Closing Date, subject to the satisfaction of the deliverables pursuant to Section 3.3 of this Agreement, the Supporting Organization shall remit to the City Account pursuant to the wire transfer instructions on Schedule 1 to this Agreement:

(i) the aggregate payment by Foundation Funders (excluding Special Foundation Funders) of at least \$18.3 million, and

(ii) the aggregate payment by The DIA, DIA Direct Funders and Special Foundation Funders of at least \$5 million.

3.3 At the Closing. At the Closing, the Supporting Organization shall deliver, or cause to be delivered, to each of the other Parties fully executed copies of the following which, to the extent held by the Title Company in escrow, shall be deemed delivered by virtue of the release of such documents by the Title Company in accordance with escrow instructions previously delivered to the Title Company:

(a) each grant agreement between a Foundation Funder and the Supporting Organization in substantially the form of **Exhibit B** to this Agreement (the “**Foundation FDF Agreement**”).

(b) each grant agreement between a DIA Direct Funder and the Supporting Organization in substantially the form of **Exhibit C** to this Agreement (the “**DIA Direct Funder FDF Agreement**”).

(c) the agreement between The DIA and the Supporting Organization in substantially the form of **Exhibit D** to this Agreement with respect to The DIA’s payment obligations as set forth in Section 2.1 of this Agreement (the “**DIA FDF Agreement**”).

ARTICLE IV

Representations and Warranties; Covenants of The DIA and the Supporting Organization

4.1 DIA Representations, Warranties and Covenants.

(a) The DIA represents and warrants that this Agreement and the DIA FDF Agreement have been duly executed and The DIA's obligations under this Agreement and under the DIA FDF Agreement are authorized, valid and binding commitments of The DIA, enforceable against it in accordance with their respective terms.

(b) The DIA acknowledges that (x) Foundation Funders, DIA Funders and the Supporting Organization have no financial obligations other than, in the case of Foundation Funders, on a several basis, their individual commitments in their respective Foundation FDF Agreement, in the case of DIA Direct Funders, their respective commitments in each of their DIA Direct Funder FDF Agreements, and DIA Indirect Funders pursuant to any grant agreement directly with The DIA, and (y) that the Funders are not guaranteeing payment to the City of any amount committed by any other Funder (other than The DIA with respect to its obligations in Section 2.8(c) of this Agreement).

(c) The DIA agrees not to amend or modify the DIA FDF Agreement, or release or waive any rights that it has under such Funding Agreement, in a manner that would reasonably be expected to adversely affect the timing or amount of the payments to be made thereunder without the consent of the City.

4.2 Supporting Organization Representations and Warranties. The Supporting Organization represents that its obligations under this Agreement and under the applicable Funding Agreements have been duly executed and are authorized, valid and binding upon the Supporting Organization, enforceable against it in accordance with their respective terms.

4.3 Supporting Organization Covenants as to Funding Agreements.

(a) The Supporting Organization agrees not to amend or modify any Funding Agreement, or release or waive any rights that it has under any Funding Agreement, in a manner that would reasonably be expected to adversely affect the timing or amount of the payments to be made thereunder (i) without the consent of the City and, (ii) with respect to any DIA Direct Funder FDF Agreement or Foundation FDF Agreement with a Special Foundation Funder, the consent of The DIA.

(b) The Supporting Organization shall promptly after execution thereof deliver to The DIA and the City copies of any DIA Direct Funder FDF Agreement entered into after the Closing Date, or any modifications to any DIA Direct Funder FDF Agreement or Foundation FDF Agreement with a Special Foundation Funder executed at Closing, in the event that the commitments thereunder are increased or modified (with the consent of The DIA) after the Closing Date.

(c) Concurrently with the remittance of payments to the City Account by the Supporting Organization, the Supporting Organization shall deliver to The DIA and the City a schedule which reflects all payments received in such year from DIA Direct Funders and Special

Foundation Funders and shall denote thereon whether any such payment represents a prepayment in excess of the funding schedule under the applicable DIA Direct Funder FDF Agreement or Foundation FDF Agreement, as applicable, and the date on which such payment was remitted to the City Account.

4.4 Reporting Obligations. The DIA will provide to the other Funders and the City, and/or their representatives, within 150 days after the end of each fiscal year during the Payment Period (i) annual financial statements of The DIA audited by an independent certified public accountant and (ii) the annual report of the Director of the Museum in the form provided to the board of directors of the Museum.

4.5 Supporting Organization Observer Right. During the Payment Period, the Supporting Organization shall have the right to designate a representative to attend and participate in a non-voting observer capacity in the meetings of the Board of The DIA (or its successor entity) subject to such observer's compliance with the applicable policies regarding confidentiality, conflicts of interest and other similar matters as may reasonably be adopted from time to time by The DIA.

ARTICLE V **Representations and Warranties; Covenants of the City**

5.1 City Representations and Warranties.

(a) The City represents and warrants that this Agreement has been duly executed and the City's obligations under this Agreement are authorized, valid and binding commitments of the City, enforceable against it in accordance with its terms.

(b) The City acknowledges that (x) Foundation Funders, DIA Funders and the Supporting Organization have no financial obligations other than, in the case of Foundation Funders, on a several basis, each of their commitments in their individual Foundation FDF Agreements, in the case of DIA Direct Funders, their respective commitments in each of their DIA Direct Funder FDF Agreements, and DIA Indirect Funders pursuant to any grant agreement directly with The DIA, and (y) that the Funders are not guaranteeing payment to the City of any amount committed by any other Funder (other than The DIA with respect to its obligations in Section 2.8(c) of this Agreement). The City further acknowledges that it has no rights under any grant agreement between any DIA Indirect Funder and The DIA.

5.2 City Commitments Relating to Pensions. The City covenants to The DIA and Supporting Organization as follows:

(a) For the twenty (20) year period following the effective date of the Plan of Adjustment, the City shall maintain the Pension Governance Terms reflected in the GRS and the PFRS, as applicable, without modification or amendment, except as required to comply with applicable federal law, including without limitation to maintain the tax qualified status of the GRS or PFRS under the Internal Revenue Code, or the Plan of Adjustment.

(b) The City acknowledges that, except as provided in Section 6.3(e) and to pay reasonable expenses of maintaining the City Account, all funds remitted by the Supporting

Organization to the City Account in connection with this Agreement shall be used solely for the payment of contributions to GRS and PFRS, allocated as provided in the Plan of Adjustment, in satisfaction of the City's obligation to contribute to the Prior GRS Pension Plan and the Prior PFRS Pension Plan in accordance with the Plan of Adjustment. Except as provided in Section 6.3(e) and to pay reasonable expenses of maintaining the City Account, the City shall cause to be transferred from the City Account for payment of contributions to the Prior GRS Pension Plan and the Prior PFRS Pension Plan all amounts received from the Supporting Organization within not more than three (3) Business Days after such funds are deposited in the City Account.

(c) The City shall notify the Supporting Organization in writing prior to the selection of the initial and successor independent GRS Investment Committee and PFRS Investment Committee members and such notice shall include information regarding the identity and qualifications of the candidates under consideration by the State, the City and the GRS Board or PFRS Board, as applicable. In addition, upon the written request of the Supporting Organization, the City shall provide to the appropriate representatives of the State and the applicable Board any written comments or observations about the candidates that the Supporting Organization elects in its consulting role to provide to the City, provided that such written comments or observations are received by the City no later than three (3) days after the City has provided notice to the Supporting Organization of the identity of the candidates under consideration.

(d) The City shall provide written notification of any change to the wire transfer instructions to the City Account on Schedule 1 to this Agreement at least ten (10) Business Days prior to the next Payment Date.

5.3 Other City Commitments. The City covenants to The DIA and Supporting Organization as follows:

(a) The City shall pass no charter, ordinance or other provision that solely affects or primarily targets the Museum, The DIA or museums within the City generally which charter, ordinance or other provision has a material adverse impact on the Museum or The DIA (it being understood that a "material adverse impact" shall include any adverse financial impact or any contradiction, or adverse impact on the enforceability, of the terms of the DIA Settlement or the Transaction Documentation), except pursuant to State-enabling legislation.

(b) The City agrees that after the Effective Time the City of Detroit Arts Commission will have no oversight of The DIA, the Museum or the DIA Assets.

(c) The City shall not impose any fee, tax or other cost on the Museum or The DIA that solely affects or primarily targets the Museum, The DIA, the DIA Assets or museums within the City generally.

(d) The City shall provide (or cause to be provided) utilities, police, fire and other City services to The DIA at the same pricing and on the same terms upon which the City offers to provide utilities, police, fire and such other City services to arm's-length third parties generally.

(e) The City agrees that, as of the date hereof, there are no further commitments from the Funders, the Supporting Organization, The DIA or the State relating to the Museum or the DIA Assets beyond those contained in this Agreement or the other Transaction Documentation.

ARTICLE VI **Indemnification**

6.1 Indemnification by The DIA. To the maximum extent permitted by law, The DIA shall indemnify, defend and hold harmless:

(a) DIA Funders, Foundation Funders, the City and the Supporting Organization and each of their Related Parties (the “**DIA Indemnified Parties**”) from, against, and with respect to any Loss arising out of or in any manner, incident, relating or attributable to, or resulting from The DIA’s failure to perform any of its obligations under the Transaction Documentation; and

(b) the City and its Related Parties from, against, and with respect to any Loss arising out of or in any manner, incident, relating or attributable to, or resulting from any claim brought by an employee of The DIA arising from or relating to his/her employment with The DIA which employment commenced at any time after the effective date of the Operating Agreement and prior to the Effective Time, including without limitation, wrongful termination, workers’ compensation, unemployment compensation, discrimination, violation of federal or state labor or employment laws, ERISA, bodily injury, personal injury or defamation, but excluding any claim relating to pension benefits from the GRS to which such employee was or is entitled by virtue of having been employed by the City prior to the commencement of employment with The DIA (the “**Employee Liabilities**”).

6.2 Indemnification by the City.

(a) To the maximum extent permitted by law, the City shall indemnify, defend, and hold Foundation Funders, DIA Funders, The DIA and the Supporting Organization and their respective Related Parties (the “**City Indemnified Parties**”) harmless from, against, and with respect to any Loss arising out of or in any manner incident, relating or attributable to, or resulting from the following (provided indemnification will not be available to an Indemnified Party to the extent resulting from such Indemnified Party’s breach of contract, sole ordinary negligence, gross negligence or intentional wrongful acts):

(i) Any claims by third parties or the City arising out of any action properly taken by a City Indemnified Party under the Transaction Documentation, including but not limited to, any payment or non-payment or performance of any other obligation of the City Indemnified Parties permitted thereunder;

(ii) Any breach or failure of any representation or warranty of the City contained in the Transaction Documentation between the City and the City Indemnified Parties and/or other parties related to the transactions consummated pursuant to this Agreement or the Charitable Trust Agreement;

(iii) Any failure by the City to perform, satisfy or comply with any covenant, agreement or condition to be performed, satisfied or complied with by the City under the Transaction Documentation with the City Indemnified Parties or under agreements with any third parties contemplated by this Agreement or the Charitable Trust Agreement;

(iv) Reliance by the City Indemnified Parties upon any books or records of the City or reliance by them on any written information furnished by the City or any of the City's employees, officials or agents to them to the extent any such information should prove to be false or materially inaccurate or misleading (including, without limitation, by omission), but only to the extent that such books, records or written information was furnished by the City in connection with the City showing its compliance with the conditions to initial or future funding as set forth in this Agreement;

(v) Any claim or objection made after the Effective Date of the Plan of Adjustment in the Bankruptcy Case or any other action brought against, or involving, the City Indemnified Parties with respect to their participation in any transaction contemplated by the proposed or confirmed Plan of Adjustment;

(vi) The transfer, assignment or sale by the City to The DIA of any assets or property (real or personal) and any rights, title and interests therein including but not limited to, the Museum and all of the Museum Assets;

(vii) Any action or claim against the City Indemnified Parties made by the GRS or PFRS, including any successors or assigns and any plan participants, or their representatives, successors or assigns (collectively, the "**Pension Funds**"), as nothing under the Transaction Documentation is intended to, nor are they to be construed or interpreted to, make the City Indemnified Parties a party in privity with, or having an obligation in any capacity to the Pension Funds. By way of illustration and not limitation, the following statements apply:

First, the City Indemnified Parties have no responsibility for the operation or administration of the Pension Funds and have no fiduciary responsibility for the Pension Funds as plan sponsor, plan administrator, investment advisor or otherwise; and

Second, the City Indemnified Parties have no obligation to contribute towards the funding of the Pension Funds and are not a funding guarantor.

(viii) Any action or claim brought by the City, The DIA, the Pension Funds or any other party concerning non-payment of the commitments pursuant to this Agreement (and the Funding Agreements) by the City Indemnified Parties due to the breach of the Transaction Documentation by the City, The DIA, the Pension Funds or any other party, so long as the City Indemnified Parties have made a good faith determination of the breach of the Transaction Documentation or payment condition.

(b) The City shall not contest on any grounds the enforceability of its indemnification obligations hereunder.

(c) Notwithstanding the foregoing, the Parties acknowledge that the City is not making any representations to The DIA regarding the City's title to the Museum Assets prior to the Effective Time and that The DIA will not be entitled to indemnification in connection with its defense of any claims by third parties after the Effective Time challenging The DIA's title to any Museum Asset to the extent that such claim is based on an allegation that the City did not have legal title to the particular Museum Asset prior to the Effective Time (a "**Quitclaim Challenge**"). To be clear, however, The DIA will be entitled to indemnification by the City under this Section 6.2 in connection with any challenges after the Effective Time to The DIA's title to Museum Assets that are in any way based upon a claim that the title that the City had to the Museum Assets prior to the Effective Time was not effectively conveyed to The DIA at and as a result of the closing under the Charitable Trust Agreement. For avoidance of doubt, in the event of a final determination by the Bankruptcy Court not subject to appeal or certiorari by a court of competent jurisdiction that the Museum Assets must be re-conveyed to the City, the Losses for which The DIA may be indemnified shall not include the value of the Museum Assets but shall include all other Losses incurred by The DIA for which it is otherwise entitled to indemnification under this Agreement.

(d) Notwithstanding the foregoing, the City's indemnification of an Indemnified Party shall be limited solely to Losses arising out of or related to the Indemnified Party's participation in any transaction contemplated by the DIA Settlement.

6.3 Defense of Indemnity Claims.

(a) An Indemnified Party shall provide written notice to The DIA or the City, as applicable (the "**Indemnifying Party**") in a timely manner and in any event, within twenty-one (21) days of receipt of any claim, of any matters as to which the Indemnified Party is entitled to receive indemnification and shall set forth in such notice reasonable detail regarding specific facts and circumstances then known by the Indemnified Party which pertain to such matters. Failure or delay in providing such notice shall not relieve the Indemnifying Party of its defense or indemnity obligations except to the extent the Indemnifying Party's defense of an applicable claim against an Indemnified Party is actually prejudiced by such Indemnified Party's failure or delay.

(b) To the extent the Indemnifying Party is notified of a claim for which it is required to indemnify an Indemnified Party, the Indemnifying Party shall be solely responsible at its expense for responding to or otherwise defending such claim. In such event, the Indemnifying Party shall assume exclusive control of the defense of such claim at its sole expense using counsel of its sole choosing and may settle such claim in its sole discretion; provided, however, that (i) with respect to any claim that involves allegations of criminal wrongdoing, the City shall not settle such claim without the prior written approval of the City Indemnified Party, which approval may be withheld in such City Indemnified Party's sole discretion, and (ii) with respect to any other claim, the Indemnifying Party shall not settle such claim in a manner that requires the admission of liability, fault, or wrongdoing on the part of an Indemnified Party, that fails to include a release of all covered claims pending against the

Indemnified Party, or that imposes any obligation on the Indemnified Party without the prior written approval of the Indemnified Party, which approval may be withheld in such Indemnified Party's sole discretion.

(c) The Indemnifying Party will keep the Indemnified Party reasonably informed of the status of any negotiations or legal proceedings related to any claim, and the Indemnified Party shall be entitled to engage counsel (at its own expense) to monitor the handling of any claim by the Indemnifying Party.

(d) Notwithstanding the foregoing, The DIA shall be entitled to defend on its own behalf any claims regarding title to, interest in or control of the Museum Assets or operation of the Museum (including with respect to a Quitclaim Challenge provided The DIA shall not be entitled to indemnification for a Quitclaim Challenge, as set forth above). To the extent The DIA intends to exercise such right, the City and The DIA shall use their commercially reasonable efforts in good faith to coordinate a joint defense of such claim (including as to selection of joint counsel). If the City and The DIA cannot agree on a joint defense of the claim, each Party shall undertake its own defense, reserving all rights against the other for indemnification hereunder with respect to such claim, but, in such case, The DIA shall not be entitled to indemnification of its defense costs in connection therewith.

(e) Notwithstanding anything to the contrary set forth in this Agreement or in the Charitable Trust Agreement, to the extent that the City is required to indemnify a City Indemnified Party hereunder, and the underlying claim being indemnified does not arise out of the City's breach of contract (including a City Event of Default), sole ordinary negligence, gross negligence or intentional wrongful acts and is not due to a claim brought by the City (including pursuant to Section 2.8(b) of this Agreement), the City may reimburse itself for the costs of such indemnity out of the City Account, in which case the amount payable by the City in satisfaction of the City's obligation to contribute to the Prior GRS Pension Plan and the Prior PFRS Pension Plan shall be reduced by the amount reimbursed to the City for such indemnity.

ARTICLE VII

Miscellaneous

7.1 No Third Party Beneficiary. Except for the Indemnified Parties, each of whom is an express third-party beneficiary under this Agreement with respect to ARTICLE VI of this Agreement, and each Funder who is an express third-party beneficiary under Sections 2.3(d), 2.5(b), 2.6, 2.8(a), 2.8(d), 2.8(e), 4.1(b), 4.4, 5.1(b) and 5.3(e) of this Agreement, the terms and provisions of this Agreement are intended solely for the benefit of the Parties and their respective successors and permitted assigns, and nothing contained in this Agreement, expressed or implied, is intended to confer upon any person or entity other than the City, The DIA, and the Supporting Organization any third-party beneficiary rights or remedies.

7.2 Choice of Law; Jurisdiction; Venue. This Agreement shall be construed in accordance with the laws of the State of Michigan without regard to such state's choice of law provisions which would require the application of the law of any other jurisdiction. By its execution and delivery of this Agreement, each of the Parties irrevocably and unconditionally agrees for itself that, except as to disputes regarding the calculation of the The DIA's payment

obligations under this Agreement or of a Foundation Funder under a Foundation FDF Agreement which shall be determined in accordance with Section 2.3(c) of this Agreement, or any disputes that are subject to arbitration in accordance with Section 7.3 of this Agreement, any legal action, suit or proceeding against it with respect to any matter arising under or arising out of or in connection with this Agreement, or for recognition or enforcement of any judgment rendered in any such action, suit or proceeding, including a proceeding under Section 2.3(c) or Section 7.3 of this Agreement, shall be brought in the Bankruptcy Court for so long as it has jurisdiction, and thereafter in the United States District Court for the Eastern District of Michigan; provided that if the United States District Court for the Eastern District of Michigan does not have jurisdiction, then such legal action, suit or proceeding shall be brought in such other court of competent jurisdiction located in Wayne County, Michigan; and provided, further, that The DIA may bring a legal action, suit or proceeding in a state court to obtain a writ of mandamus to enforce the obligations of the City in Section 5.3 of this Agreement. By execution and delivery of this Agreement, each of the Parties irrevocably accepts and submits to the exclusive jurisdiction of such court, generally and unconditionally, with respect to any such action, suit or proceeding and specifically consents to the jurisdiction and authority of the Bankruptcy Court to hear and determine all such actions, suits, and proceedings under 28 U.S.C. §157(b) or (c), whichever applies.

7.3 Dispute Resolution. Any controversy or claim arising out of or relating to the satisfaction of the conditions precedent to funding in ARTICLE II of this Agreement shall be settled by arbitration administered by the American Arbitration Association (“AAA”) in accordance with its Commercial Arbitration Rules, and judgment on the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof in accordance with Section 7.2 of this Agreement. Any such controversy or claim shall be submitted to a panel of three (3) AAA arbitrators. The place of the arbitration shall be within the Wayne County, Michigan. Except as may be required by law, neither a party nor an arbitrator may disclose the existence, content, or results of any arbitration hereunder without the prior written consent of all Parties to the arbitration. The Parties may apply to the arbitrator seeking injunctive relief until the arbitration award is rendered or the controversy is otherwise resolved. The Parties also may, without waiving any remedy under this Agreement, seek from any court having jurisdiction in accordance with Section 7.2 of this Agreement any interim or provisional relief that is necessary to protect the rights or property of that party, pending the establishment of the arbitral tribunal (or pending the arbitral tribunal’s determination of the merits of the controversy). Each Party shall bear its own costs and expenses and an equal share of the arbitrators’ and administrative fees of arbitration. With respect to any dispute as to a City Event of Default and a payment in connection with the same, the arbitration proceeding and its findings contemplated under this Section must be held and received by no later than the January 31st of the second calendar year after the year in which the Annual Report was due, as provided in Section 2.4(a) above, from the City to the Supporting Organization from which the disputed City Event of Default arose, regardless of whether the City Event of Default arises from the Annual Report or the Interim Reaffirmation of said report. If the arbitration hearing findings cannot be received by that January 31st, the position of the Supporting Organization that the City Event of Default exists and has not been cured will be deemed a final determination for purposes of determining whether the conditions to funding have been satisfied.

7.4 Specific Performance. It is understood and agreed by the Parties that money damages would be an insufficient remedy for any breach of this Agreement by any Party and each non-breaching Party shall be entitled to specific performance and injunctive or other equitable relief as a remedy for any such breach, including, without limitation, seeking an order of the court having jurisdiction in accordance with Section 7.2 of this Agreement requiring any Party to comply promptly with any of its obligations hereunder.

7.5 Amendment and Waiver. This Agreement may be amended and any provision of this Agreement may be waived; provided that any such amendment or waiver will be binding upon the Parties only if such amendment or waiver is set forth in a writing executed by all Parties during the Payment Period and, thereafter, by The DIA and the City. No course of dealing between or among any persons having any interest in this Agreement will be deemed effective to modify, amend or discharge any part of this Agreement or any rights or obligations of any Party under or by reason of this Agreement.

7.6 Notices. All notices, demands and other communications given or delivered under this Agreement shall be given in writing to the address indicated below (or such other address as the recipient specifies in writing) and will be deemed to have been given when delivered personally, three (3) Business Days after mailed by certified or registered mail, return receipt requested and postage prepaid, or when delivery is guaranteed if sent via a nationally recognized overnight carrier, or when receipt is confirmed if sent via facsimile or other electronic transmission to the recipient with telephonic confirmation by the sending party.

7.7 Binding Agreement; Assignment. This Agreement and all of the provisions hereof will be binding upon and inure to the benefit of the Parties and their respective successors and permitted assigns; provided that neither this Agreement nor any of the rights, interests or obligations hereunder may be assigned by any Party (by operation of law or otherwise) without the prior written consent of all the other Parties. Any attempted assignment in violation of this Section 7.7 shall be null and void.

7.8 Severability. Whenever possible, each provision of this Agreement will be interpreted in such a manner as to be effective and valid under applicable law, but if any provision of this Agreement is held to be prohibited by or invalid under applicable law, such provision will be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provisions or the remaining provisions of this Agreement.

7.9 No Strict Construction. The language used in this Agreement will be deemed to be the language chosen by the Parties to express their mutual intent. In the event an ambiguity or question of intent or interpretation arises, this Agreement will be construed as if drafted jointly by the Parties, and no presumption or burden of proof will arise favoring or disfavoring any Party by virtue of the authorship of any of the provisions of this Agreement.

7.10 Captions. The captions used in this Agreement are for convenience of reference only and do not constitute a part of this Agreement and will not be deemed to limit, characterize or in any way affect any provision of this Agreement, and all provisions of this Agreement will be enforced and construed as if no caption had been used in this Agreement.

7.11 Entire Agreement. This Agreement, including the Exhibits, constitutes the entire agreement of the Parties with respect to the subject matter of this Agreement and

supersedes all other prior negotiations, agreements and understandings, whether written or oral, among the Parties with respect to the subject matter of this Agreement.

7.12 Counterparts. This Agreement may be executed in several counterparts, each of which shall be deemed an original and all of which shall constitute one and the same instrument, and shall become effective when counterparts have been signed by each of the Parties and delivered to the other Parties; it being understood that all Parties need not sign the same counterpart. The exchange of copies of this Agreement or of any other document contemplated by this Agreement (including any amendment or any other change thereto) and of signature pages thereof by facsimile transmission (whether directly from one facsimile device to another by means of a dial-up connection or whether otherwise transmitted via electronic transmission), by electronic mail in “portable document format” (“**.pdf**”) form, or by any other electronic means intended to preserve the original graphic and pictorial appearance of a document, or by a combination of such means, shall constitute effective execution and delivery of this Agreement as to the Parties and may be used in lieu of an original Agreement or other document for all purposes. Signatures of the Parties transmitted by facsimile, by electronic mail in .pdf form or by any other electronic means referenced in the preceding sentence, or by any combination thereof, shall be deemed to be original signatures for all purposes.

As of the Closing Date, \$5 million multiplied by the single Payment Date (Closing) equals \$5 million. The sum of previous payments by The DIA, DIA Direct Funders and Special Foundation Funders (\$0) and the DIA Direct Funders' and Special Foundation Funders' scheduled payment at Closing (\$0) equals \$0. Therefore, at Closing, The DIA is obligated to pay \$5 million less \$0, which equals \$5 million. The formula applies in an identical manner to the June 30, 2016 Payment Date (and the remaining Payment Dates). \$5 million multiplied by the two (2) relevant Payment Dates (the Closing Date and June 30, 2016) equals \$10 million. The sum of the previous payments by The DIA, DIA Direct Funders and Special Foundation Funders (\$5 million) and the DIA Direct Funders' and Special Foundation Funders' scheduled payment (\$2 million) equals \$7 million. Therefore, on June 30, 2016, The DIA is obligated to pay \$10 million less \$7 million, which equals \$3 million.

As of June 30, 2016, The DIA has satisfied its payment obligation under the Omnibus Transaction Agreement (other than its guarantee obligation). The Present Value Discount of the total payments made as of the end of the day June 30, 2016, plus the Present Value Discount of

the DIA Direct Funders' and Special Foundation Funders' remaining scheduled payments equals the Present Value Discount of \$5 million paid at Closing and 19 annual payments of \$5 million commencing as of June 30, 2016.

*DIA Direct Funder and Special Foundation Funder scheduled payments are assumed to be made on the Payment Date, as scheduled.

** All examples assume an October 31, 2014 Closing Date.

As of the Closing Date, \$5 million multiplied by the single Payment Date (the Closing Date) equals \$5 million. The sum of previous payments by The DIA, DIA Direct Funders and Special Foundation Funders (\$0) and the DIA Direct Funders' and Special Foundation Funders' scheduled payment at Closing (\$10,000,000) is \$10 million. Therefore, at Closing, The DIA is not obligated to make a payment. The same result occurs for each Payment Date up to June 30, 2027.

As of the June 30, 2027 Payment Date, \$5 million multiplied by the 13 relevant Payment Dates equals \$65 million. The sum of the previous payments by The DIA (\$0) and DIA Direct Funders and Special Foundation Funders (\$60 million) and the DIA Direct Funders' and Special Foundation Funders' scheduled payments on June 30, 2027 (\$0), equals \$60 million. Therefore, on June 30, 2027, The DIA is obligated to pay \$65 million less \$60 million, which equals \$5 million. The same result would occur for each of the remaining Payment Dates, except the Present Value Discount limitation under Section 2.1(b) applies as of the June 30, 2029 Payment Date. On that Payment Date, the formula for the Present Value Discount will result in The DIA only needing to pay \$4,316,096 in order for the Present Value Discount of the total payments made as of the end of that day, plus the Present Value Discount of the DIA Direct Funders' and Special Foundation Funders' remaining scheduled payments (\$0) equaling the Present Value Discount of \$5 million paid at Closing and 19 annual payments of \$5 million commencing as of June 30, 2016.

*DIA Direct Funder and Special Foundation Funder scheduled payments are assumed to be made on the Payment Date, as scheduled.

**No payment due because of Present Value Discount limitation.

Total			\$73,726,128	<u>\$60,000,000</u>	<u>\$5,316,159</u>	<u>\$8,409,969</u>

The facts are the same as in Example 2, except that The DIA makes a \$4,683,841 prepayment at the time of the June 30, 2027 Payment Date. For the June 30, 2028 Payment Date, The DIA is obligated to pay \$316,159, calculated as follows: \$5 million multiplied by 14 relevant Payment Dates equals \$70 million, less previous payments of \$69,683,841, equals \$316,159. The DIA makes a \$3,726,128 prepayment at the time of the June 30, 2028 Payment Date also. For the June 30, 2029 Payment Date, The DIA is not obligated to make any payment, notwithstanding the following calculation: \$5 million multiplied by 15 relevant Payment Dates equals \$75 million, less previous payments of \$73,726,128, equals \$1,273,872. However, under Section 2.1(b), the Present Value Discount of the payments made as of the end of the day on June 30, 2028 (\$73,726,128, before discounting), plus the Present Value Discount of the DIA Direct Funders' and Special Foundation Funders' remaining scheduled payments (\$0) equals the Present Value Discount of \$5 million paid at Closing and 19 annual payments of \$5 million commencing as of June 30, 2016. The DIA's prepayments at the time of the 2027 and 2028 Payment Dates results in The DIA not having a payment obligation in 2029 or thereafter.

*DIA Direct Funder and Special Foundation Funder scheduled payments are assumed to be made on the Payment Date, as scheduled.

**\$4,683,841 is the discounted value of \$5 million at a 6.75% discount rate for a one-year period.

***\$3,726,128 is the discounted amount that results in The DIA fulfilling its payment obligation on a present value basis as of June 30, 2028.

****No payment due because of Present Value Discount limitation and no guarantee because there are no remaining commitments.

The facts are the same as in Example 3, except the DIA Direct Funders' and Special Foundation Funders' Scheduled Payment has been revised as set forth above and The DIA will be required to make payments for the Payment Dates in years 2023 through 2030. The DIA's prepayment of \$4,683,841 at the time of the June 30, 2027 Payment Date and its payment obligation on the June 30, 2028 Payment Date remain the same as in Example 3. Under Section 2.1(a), The DIA has a \$5 million payment obligation with respect to the June 30, 2029 Payment Date. On the June 30, 2030 Payment Date, The DIA pays \$1,969,618, notwithstanding the following calculation: \$5 million multiplied by 16 relevant Payment Dates equals \$80 million, less previous payments of \$75,000,000, equals \$5,000,000. However, under Section 2.1(b), the Present Value Discount of the payments made as of the end of the day on June 30, 2030 (\$76,969,618 before discounting), plus the Present Value Discount of the DIA Direct Funders' and Special Foundation Funders' remaining scheduled payments (\$10,000,000, before discounting) equals the Present Value Discount of \$5 million paid at Closing and 19 annual payments of \$5 million commencing as of June 30, 2016. The DIA's aggregate payments as of the June 30, 2030 Payment Date result in The DIA not having a payment obligation in 2031 or thereafter.

*DIA Direct Funder and Special Foundation Funder scheduled payments are assumed to be made on the Payment Date, as scheduled.

**\$4,683,841 is the discounted value of \$5 million at a 6.75% discount rate for a one-year period.

***\$1,969,618 is the discounted amount that results in The DIA fulfilling its payment obligation on a present value basis as of June 30, 2030.

SETTLEMENT, CONVEYANCE AND CHARITABLE TRUST AGREEMENT

THIS SETTLEMENT, CONVEYANCE AND CHARITABLE TRUST AGREEMENT (this “**Agreement**”), effective as of the Effective Time, is entered into by and between the City of Detroit, Michigan (the “**City**”) and The Detroit Institute of Arts, a Michigan nonprofit corporation f/k/a Founders Society Detroit Institute of Arts (“**The DIA**”). The City and The DIA are together referred to herein as the “**Parties**” and individually as a “**Party**”. Capitalized terms used in this Agreement and not defined herein shall have the meaning ascribed thereto in the Omnibus Transaction Agreement among the City, The DIA and Foundation for Detroit’s Future, a Michigan nonprofit corporation (the “**Omnibus Transaction Agreement**”).

RECITALS

WHEREAS, beginning in 1885 The DIA held the assets of the museum that is now commonly referred to as the Detroit Institute of Arts (the “**Museum**”) in charitable trust for the benefit of the people of the City and the State of Michigan (the “**State**”) and, beginning in 1919, the City began to hold certain of such assets in charitable trust, with museum assets acquired by either The DIA or the City, and assets contributed by other donors and the State, constituting additions to the trust corpus to the extent not expended for the ongoing conduct of the trust’s charitable and educational activities;

WHEREAS, the Attorney General of the State has determined that the Museum collection is held by the City in charitable trust;

WHEREAS, The DIA asserts that the Museum and all Museum Assets are owned by the City in charitable trust, the co-trustees of which are the City and The DIA and subject to the protections of a public trust;

WHEREAS, the City acknowledges that certain creditors of the City and other interested persons have taken the position that the City has full legal and beneficial title to the Museum, including its art collection;

WHEREAS, this Agreement is being entered into as part of the DIA Settlement pursuant to the Omnibus Transaction Agreement whereby the City will convey all of its right, title and interest (including legal title it may hold as trustee and legal title and beneficial interest it otherwise holds) to the Museum and all related assets to The DIA in exchange for fair value by virtue of (i) the settlement of any dispute regarding the ownership of Museum and the Museum Assets, (ii) the contributions through the Supporting Organization by The DIA (and through it, the DIA Indirect Funders), DIA Direct Funders and Special Foundation Funders of \$100 million, of Foundation Funders (excluding Special Foundation Funders) of \$366 million, and an additional contribution by the State of \$350 million, which aggregate \$816 million (in each case and in the aggregate before applying any discount for early payment), which amounts will be paid for the benefit of Pension Claims of the City, and (iii) the commitment of The DIA to hold the Museum Assets (as they may be augmented, replaced or disposed of consistent with the perpetual charitable trust and as otherwise permitted under this Agreement) (collectively, “**DIA Assets**”) in perpetual charitable trust and to operate the Museum primarily for benefit of the residents of the City and the Tri-Counties and the citizens of the State;

WHEREAS, the allocation of responsibilities with respect to the charitable trust assets and the operation of the Museum has changed from time to time;

WHEREAS, The DIA currently operates the Museum and manages its assets under an Operating Agreement for the Detroit Institute of Arts, made on December 12, 1997, between The DIA and the City (the “**Operating Agreement**”) whereby those responsibilities have been performed by The DIA as operator on the terms set forth therein;

WHEREAS, the City and The DIA currently are parties to that certain Licensing Agreement, dated December 12, 1997 (the “**Licensing Agreement**”) under which the City licensed the use of certain intellectual property assets to The DIA, which will be terminated by the Parties pursuant to this Agreement;

WHEREAS, as part of the DIA Settlement and concurrently with the closing pursuant to the Omnibus Transaction Agreement, the Transfer shall occur, each of the Operating Agreement and the Licensing Agreement shall be terminated, and the other transactions and agreements reflected herein shall become effective; and

WHEREAS, the Transfer of the Museum and the Museum Assets is for fair value, for a public purpose and authorized by law.

NOW THEREFORE, in consideration of the covenants and agreements hereinafter set forth and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, intending to be legally bound, the Parties hereby agree as follows:

Transfer of Assets

2.1. Transfer. As of the Effective Time, the City hereby irrevocably sells, transfers, conveys, assigns and delivers to The DIA, and The DIA hereby acquires, all of the City's right, title and interest (including legal title it may hold as trustee and legal title and beneficial interest it otherwise holds) throughout the world in and to the Museum and the Museum Assets free and clear of all security interests, liens, encumbrances, claims and interests of the City and its creditors (the "**Transfer**"). Subject to the provisions in this Agreement, from and after the Effective Time, The DIA shall have exclusive responsibility for and control over the Museum, Museum Assets, Museum operations, capital expenditures, collection management, and the purchase or sale of assets.

2.2. Liabilities. From and after the Effective Time, The DIA is assuming (i) the obligations arising prior to the Effective Time to pay operating expenses to third parties to the extent that any such obligation was an expense imposed on The DIA under the Operating Agreement prior to the Effective Time and (ii) the Employee Liabilities. Except as provided in the preceding sentence, The DIA is not assuming or in any way becoming liable for any of the City's debts, liabilities or obligations, whether known, unknown, absolute, contingent, matured or unmatured, regardless of whether any of the foregoing relate to the Museum or the Museum Assets.

ARTICLE VI
Covenants of the City

6.1. Further Assurances. In addition to the actions specifically provided for elsewhere in this Agreement, at any time and from time to time, at The DIA's reasonable request, the City shall (x) at its own expense (except as provided in subsection (y)), do, execute, acknowledge and deliver all and every such further acts, transfers, assignments, conveyances, powers of attorney, and assurances (including in recordable form) as The DIA reasonably may require to transfer, convey, assign and deliver the Museum and the Museum Assets free and clear of all security interests, liens, encumbrances, claims and interests of the City and its creditors and to confirm The DIA's title to the Museum and all of the Museum Assets and (y) at no cost or expense to the City, take such actions, including filing such releases, as may be necessary to remove any security interest, lien, encumbrance, claim or interest of the City or any of its creditors on the Museum or the Museum Assets.

6.2. Remittance of Museum Assets. If after the Effective Time, the City receives (a) any monies for the benefit of The DIA or the Museum, including with respect to any existing or future (i) donations, gifts, bequests, and contributions from individuals, corporations, foundations and trusts, if any, and (ii) federal, state, regional, county or local tax proceeds and grants from governmental or quasi-public entities, if any, other than proceeds or grants that are intended for the City for reimbursement for specific amounts that were previously advanced or funded by the City with the expectation of the City at the time of such advance or funding that such reimbursement would be received by the City, or (b) any art or other property that is, as designated by its grant, intended for the benefit of the Museum or The DIA, in each case, the City shall promptly pay or deliver such monies, art or other property to The DIA.

6.3. NO RECOURSE. THE TRANSFER OF THE MUSEUM AND THE MUSEUM ASSETS IS FINAL AND IRREVOCABLE. THE DIA SHALL RETAIN TITLE TO AND OWNERSHIP OF THE MUSEUM AND THE DIA ASSETS IN PERPETUITY AND THE CITY SHALL NOT HAVE RECOURSE TO ANY OF THE DIA ASSETS FOR ANY CLAIMS THE CITY MAY HAVE AGAINST THE DIA, ANY OTHER FUNDER, THE SUPPORTING ORGANIZATION, THE STATE OR OTHERWISE, WHETHER ARISING NOW OR IN THE FUTURE, INCLUDING, WITHOUT LIMITATION, NONCOMPLIANCE BY THE DIA, ANY OTHER FUNDER OR THE SUPPORTING ORGANIZATION WITH ANY OF THE TERMS OR CONDITIONS OF THE OMNIBUS TRANSACTION AGREEMENT, THE TRANSACTION DOCUMENTS OR ANY RELATED DOCUMENTS; PROVIDED THAT THE FOREGOING SHALL NOT PRECLUDE THE CITY FROM ASSERTING CLAIMS IN SATISFACTION OF AN INDEMNITY OBLIGATION PURSUANT TO SECTION J OF THE OPERATING AGREEMENT OR SECTION 6.1(b) OF THE OMNIBUS AGREEMENT BUT ONLY AGAINST CASH, CASH EQUIVALENTS OR CASH RECEIVABLES OF THE DIA (EXCLUDING ANY CASH, CASH EQUIVALENTS OR CASH RECEIVABLES THAT ARE RESTRICTED IN USE BY THE TERMS OF THE DONATION, GIFT, BEQUEST OR CONTRIBUTION OF A THIRD PARTY OR BY RESTRICTIONS IMPOSED ON THE USE OF PROCEEDS FROM THE SALE OF ART BY THE APPLICABLE STANDARDS OR ETHICAL GUIDELINES OF THE AAM OR THE ASSOCIATION OF ART MUSEUM DIRECTORS (OR SUCH OTHER ORGANIZATIONS BY WHICH THE DIA OR THE MUSEUM OR ITS DIRECTOR IS ACCREDITED IN THE FUTURE OR OF WHICH THEY

BECOME MEMBERS IN ACCORDANCE WITH THEN APPLICABLE ART MUSEUM BEST PRACTICES).

ARTICLE VII **Covenants of The DIA**

7.1. Charitable Trust.

(a) The DIA as trustee shall hold the DIA Assets in perpetual charitable trust. The primary purpose of the charitable trust shall be to provide for the primary benefit of the residents of the City and the Tri-Counties and the citizens of the State an art museum located in the City of Detroit, including the ownership, maintenance and operation of The Detroit Institute of Arts, and all the benefits that are derivative thereof.

(b) The DIA shall neither change the name of the Museum from “The Detroit Institute of Arts” nor relocate the primary situs of the Museum from its current location at 5200 Woodward Avenue, Detroit, Michigan, without the approval of the City; provided that nothing in this Agreement or in any other agreement included in the Transaction Documentation shall be deemed to otherwise restrict the ability of The DIA to lend or to otherwise allow art works to travel outside of the City or the State consistent with ordinary Museum operations.

(c) In its capacity as trustee of the perpetual charitable trust, The DIA shall operate the Museum as an encyclopedic art museum in the City, in accordance with changing future demands in the operation of such a Museum. The DIA shall not deaccession from its collection or sell, lease, pledge, mortgage, or otherwise encumber art that is accessioned to its permanent collection except in accordance with the code of ethics or applicable standards for museums published by the AAM, as amended or modified by the AAM. If the AAM ceases to exist or ceases to be generally regarded by leading American art museums as the preeminent American art museum accreditation organization, then the code of ethics or applicable standards (as may be amended or modified) of AAM’s successor organization, or such other organization that is at that time generally regarded by leading American art museums as the preeminent American art museum accreditation organization, shall be substituted for such policies of the AAM.

7.2. State-wide Services. In addition to continuing to operate the Museum for the primary benefit of the residents of the City, the Tri-Counties and the citizens of the State, and continuing to provide the special services to the residents of the Tri-Counties during the balance of the ten (10) year millage period commencing in 2013 that are provided for in the agreements for the Millage, during the Payment Period The DIA will provide an array of art programs at no or discounted costs to the residents of the State. In determining which programs to offer, both the cost to The DIA of developing and operating these programs and The DIA’s other fundraising obligations, including its need to raise funds for general operations and its stated goal of building endowment funds, as well as any fundraising obligation under the Omnibus Transaction Agreement, will be taken into account. As appropriate, The DIA will collaborate with its Michigan museum colleagues in the development of these programs. Given the length of the Payment Period, it is expected that these programs would be developed and adjusted over time. Such programs could include at the outset:

(i) two exhibitions in each twelve-month period, with the first such period beginning six (6) months after the Closing, of objects from the Museum collection that will rotate through museums and art centers around the State on a schedule to be determined by The DIA and the recipient museums. Each exhibition will be developed and organized by The DIA and will include installation and de-installation of the objects, a marketing package (logo and advertising template) and, possibly, input on programming and education opportunities,

(ii) an annual professional development program coordinated with the Michigan Museums Association designed to strengthen museum professionals and introduce museum job opportunities to student audiences,

(iii) an expansion of the Museum's popular Inside/Out program (during the tenure of the program), which places high-quality art reproductions in Southeast Michigan communities, to include two additional outstate locations annually, supporting tourism, cultural awareness and life-long learning,

(iv) art object conservation services at a discounted rate to Michigan museums conducted in consultation with the Museum conservators and the curatorial staff of the requesting museum, and

(v) the development of an educational program based on the Museum collection that supports National Common Core Standards, to be offered in two Michigan communities annually and to include follow-up support for educators.

7.3. Liquidation. In the event of a dissolution of, and liquidation of the assets and affairs of, The DIA in accordance with the Michigan Nonprofit Corporation Act, the DIA Assets will be conveyed to another nonprofit entity determined by the board of directors of The DIA, subject to the reasonable approval of the City and the Supporting Organization, if then in existence, and otherwise by majority vote of the City and any Foundation Funders who have remaining commitments under their Funding Agreements. As a condition to receiving the conveyance, such successor entity must subject itself to the same conditions as set forth in this Agreement, including but not limited to, holding the DIA Assets in perpetual charitable trust for the primary benefit of the residents of the City and the Tri-Counties and the citizens of the State. For the purposes of determining the majority vote described above, and for the avoidance of doubt, the Parties agree that the City and each of the Foundation Funders who have remaining commitments under their Funding Agreements at the time of such dissolution or liquidation shall each have one vote with respect to any such approval.

7.4. City Board Representative. From and after the Effective Time, in perpetuity, the City shall have the right to appoint one director to the Board of The DIA (or its successor entity). Such representative shall be designated in writing to The DIA by the Mayor of the City with approval by the City Council. Such director shall be subject to removal by The DIA for cause. The City shall have the right in accordance with this Section 7.4 to appoint a successor representative to any vacancy created by the removal of the City's representative for cause or otherwise.

7.5. Enforcement of Certain of The DIA's Obligations. The Attorney General of the State and the Corporation Counsel of the City (on behalf of the City) (or their respective successors) shall have the exclusive rights to enforce the obligations of The DIA (x) to hold the DIA Assets in perpetual charitable trust and (y) under ARTICLE VII of this Agreement. If the Corporation Counsel of the City (on behalf of the City) exercises its rights to enforce the obligations of The DIA pursuant to this Section 7.5 by means of a legal action or proceeding, the unsuccessful party to such action or proceeding shall pay to the prevailing party all costs and expenses, including reasonable attorneys' fees and disbursements, incurred by such prevailing party in such action or proceeding and in any appeal in connection therewith. If such prevailing party recovers a judgment in any such action, proceeding or appeal, such costs, expenses and attorneys' fees and disbursements shall be included in and as a part of such judgment.

ARTICLE VIII

Incorporation by Reference; Entire Agreement

8.1. Incorporation by Reference. The following provisions of the Omnibus Transaction Agreement are hereby incorporated by reference as if set forth in full herein *mutatis mutandis*: Article I (Definitions), Article VI (Indemnification) with respect to the indemnification of the City by The DIA pursuant to Section 6.1 of the Omnibus Transaction Agreement and the indemnification of The DIA by the City pursuant to Section 6.2 of the Omnibus Transaction Agreement, subject to the limitations and procedural requirements otherwise set forth in Article VI of the Omnibus Transaction Agreement, Section 7.4 (Specific Performance), Section 7.6 (Notices) (with respect to the Parties hereto), Section 7.7 (Binding Agreement; Assignment), Section 7.8 (Severability), Section 7.9 (No Strict Construction), Section 7.10 (Captions), and Section 7.12 (Counterparts).

8.2. No Third Party Beneficiary. Except for the Related Parties, each of whom is an express third-party beneficiary under this Agreement with respect to Section 4.3 of this Agreement, and the Attorney General of the State who is an express third party beneficiary under this Agreement with respect to Section 7.5 of this Agreement, the terms and provisions of this Agreement are intended solely for the benefit of the City and The DIA and their respective successors and permitted assigns, and nothing contained in this Agreement, expressed or implied, is intended to confer upon any person or entity any third-party beneficiary rights or remedies.

8.3. Choice of Law; Jurisdiction; Venue. This Agreement shall be construed in accordance with the laws of the State of Michigan without regard to such state's choice of law provisions which would require the application of the law of any other jurisdiction. By its execution and delivery of this Agreement, each of the Parties irrevocably and unconditionally agrees for itself that, subject to the exclusive rights of the Attorney General of the State and the Corporation Counsel of the City (on behalf of the City) as set forth in Section 7.5 of this Agreement, any legal action, suit or proceeding against it with respect to any matter arising under or arising out of or in connection with this Agreement or for recognition or enforcement of any judgment rendered in any such action, suit or proceeding, shall be brought in the Bankruptcy Court for so long as the Bankruptcy Court has jurisdiction, and thereafter in the United States District Court for the Eastern District of Michigan; provided that if the United States District Court for the Eastern District of Michigan does not have jurisdiction, then (i) if such legal action,

suit or proceeding relates to or seeks to enforce the obligations of The DIA to hold the DIA Assets in perpetual charitable trust or the obligations of The DIA under Article VII of this Agreement, then such legal action, suit or proceeding shall be brought only in Wayne County Probate Court, or (ii) if such legal action, suit or proceeding involves any other matter relating to this Agreement not referenced in subsection (i), then it may be brought only in such other court of competent jurisdiction located in Wayne County, Michigan. By execution and delivery of this Agreement, each of the City and The DIA irrevocably accepts and submits to the exclusive jurisdiction of such courts, generally and unconditionally, with respect to any such action, suit or proceeding and specifically consents to the jurisdiction and authority of the Bankruptcy Court to hear and determine all such actions, suits, and proceedings under 28 U.S.C. §157(b) or (c), whichever applies.

8.4. Amendment and Waiver. This Agreement may be amended and any provision of this Agreement may be waived; provided that any such amendment or waiver will be binding upon the Parties only if such amendment or waiver is set forth in a writing executed by both Parties. No course of dealing between The DIA and the City will be deemed effective to modify, amend or discharge any part of this Agreement or any rights or obligations of either Party under or by reason of this Agreement.

8.5. Entire Agreement. This Agreement, including the Exhibits, together with the Omnibus Transaction Agreement, constitutes the entire agreement of the Parties with respect to the subject matter of this Agreement and supersedes all other prior negotiations, agreements and understandings, whether written or oral, among the Parties with respect to the subject matter of this Agreement.

Amount Granted:

**#[Insert Grant Amount]
(Conditional, multi-year)**

II. Grant

The purpose of this grant of **#[INSERT GRANT AMOUNT]** to the Foundation for Detroit's Future ("Grantee"), a supporting organization of the Community Foundation for Southeast Michigan, is to provide the funding, in part, for the proposed DIA Settlement found in the Corrected Fifth Amended Plan for the Adjustment of the Debts of the City of Detroit, as it may be further amended and as modified, and in a term sheet found in Exhibit I.A.102 of same, provided DIA Settlement provisions and said term sheet remain substantially unchanged ("Plan of Adjustment"). The grant and the payment of the grant installments will be conditioned upon the City of Detroit and the City of Detroit General Retirement System and Police and Fire Retirement System ("Pension Funds") being in compliance with (i) the conditions precedent for closing found in the Plan of Adjustment, and (ii) certain material grant conditions, of both an initial and ongoing nature, that are memorialized in the Omnibus Transaction Agreement ("OTA") to be entered into between the City of Detroit, the Detroit Institute of Arts, and the Grantee substantially in the form attached to this Terms of Grant Agreement as Exhibit A and incorporated herein by this reference, a copy of which will be provided to Foundation promptly following its execution. Any capitalized defined terms not defined herein will have the definitions found in the OTA.

This Terms of Grant Agreement is also known as a "Foundation FDF Agreement" under the OTA.

Grant payments will be made in equal annual installments over a twenty-year period, subject to those conditions and any terms and conditions of this Terms of Grant Agreement. The schedule of grant payments will be made as follows and subject to the following conditions:

a. Initial Grant Payment

1. Payment amount and date. Foundation will make an initial grant payment to Grantee of \$[INSERT 1/20 OF TOTAL GRANT AWARD] upon the later of (i) the return of this signed Terms of Grant Agreement by Grantee, and (ii) August 30, 2014.

2. Payment Conditions.

Grantee acknowledges that this initial grant payment is being made by Foundation in order to facilitate the ability of Grantee to provide, in part, the initial payment to the City of Detroit by Grantee due at Closing in the event that the DIA Settlement found in the Plan of Adjustment is approved, and both (i) the City of Detroit and the City of Detroit Pension Funds are in compliance with their material grant conditions, of both an initial and ongoing nature, that are memorialized in Article IV(E) of the Plan of Adjustment and (ii) the conditions to the Foundation's and Grantee's grant obligations set forth in the OTA and the Plan of Adjustment have been satisfied in all material respects.

In the event that the Plan of Adjustment is not approved by the U.S. Bankruptcy Court, or the Closing is otherwise not consummated, by December 31, 2014, Grantee will return to Foundation all provided grant funds by January 31, 2015. The remaining grant installments under this Terms of Grant Agreement will likewise be cancelled and this Terms of Grant Agreement will terminate.

3. Report on City of Detroit Compliance with Initial Grant Conditions

Grantee will provide to Foundation a report within 45 days of the Closing Date documenting that the conditions precedent for Closing were met and that the initial grant payment contemplated by the OTA has been made by the Grantee to the City of Detroit. In the event the Closing does not occur by December 31, 2014, a first and final report will be provided by January 31, 2015.

b. Annual Grant Payments

1. Payment Amounts and Dates. Commencing in 2015 and continuing until 2033 (except as otherwise provided herein), Foundation will annually make a grant payment to Grantee of \$[INSERT 1/20 OF TOTAL GRANT AWARD] by September 15 of that year. Foundation intends Grantee to use these annual payments to fund, in part, the annual payments from Grantee to the City of Detroit, pursuant to and subject to the terms and conditions of the OTA, on a funding schedule commencing June 30, 2016, and each June 30 thereafter ending on June 30, 2034 (the payment dates to the City of Detroit being subject to possible extensions pursuant to the OTA).

Foundation acknowledges that it has the right to, but is not required to, rely on any finding by the board of trustees of the Grantee that the City is in compliance with the Conditions for Funding found in Section 2.4 of the OTA and that as a result of such a finding the Foundation is obligated to make timely payment to Grantee as provided in Section 2.7 of the OTA. Foundation will not unreasonably dispute any such finding by the board of the Grantee that the City is in compliance. If (i) Foundation has failed to make an annual grant installment

payment to Grantee when due hereunder and Grantee has provided the Foundation the 30-day notice contemplated by Section 2.8(b) of the OTA, and (ii) the Foundation has not made the required grant payment by the expiration of such 30-day period, then Grantee will assign its right to enforce collection of the payment from the Foundation to the City and the City will have the right to pursue collection of that payment as provided in the OTA. Foundation will be responsible for its own costs and attorney fees in defending any action by Grantee or City to enforce payment from Foundation, unless those costs and attorney fees are otherwise indemnified or set-off on behalf of Foundation by the provisions of the OTA or the Plan of Adjustment.

2. Annual Grant Payment Conditions

Grantee agrees that any annual grant payment it receives from the Foundation will be used for the sole purpose of making the annual payments to be made by Grantee to the City of Detroit pursuant to Section 2.3 of the OTA.

In the event the Foundation has provided (i) an annual grant payment to the Grantee prior to the date Grantee has determined that the City has complied with Section 2.4 of the OTA for the year in which the annual grant payment is to be used, or (ii) Foundation, in its sole discretion, advances any future annual grant payment to Grantee, Grantee will maintain such grant balances in conservatively invested reserves to ensure that the monies provided are available to make payment to the City when conditions have been met. Any earnings on such early grant payments will be used to offset operational costs of Grantee relating to the purposes of this grant. If on December 31, 2034, there remains any earnings after payment of those operational expenses, Grantee, in its discretion, may use those excess earnings (i) to make grants and/or establish endowments that will support the ongoing revitalization, or maintain and expand the quality of life of the residents, of the City of Detroit and/or (ii) return those excess earnings ratably to the Foundation Funders.

In the event the City fails to meet the conditions for release of an annual payment to it under Section 2.4 of the OTA and all applicable cure periods available to the City pursuant to Section 2.5 of the OTA (including any periods of time necessary for dispute resolution as provided in the OTA) have expired, the Foundation may either request that the Grantee return that annual grant payment to the Foundation, at which time the Foundation's obligation to make such annual grant payment is automatically terminated and cancelled, or request that the Grantee retain the annual grant payment for application to a future annual grant payment due to the Grantee from the Foundation. Foundation and Grantee also acknowledge and agree that consistent with Section 2.5(b) of the OTA, the Foundation may cancel its remaining grant installments to Grantee if the City fails to meet the conditions for release of an annual payment to it under the OTA, and all applicable cure periods available to the City pursuant to Section 2.5 of the OTA (including any periods of time necessary for dispute resolution as provided in the OTA) have expired. If Foundation elects to cancel its remaining grant payments, the Foundation may either request that the Grantee return any pre-paid annual grant amount provided to Grantee that has not yet been paid or is not obligated to be paid to the City by Grantee and/or allow Grantee to retain some or all of such pre-paid grant installments to offset operational costs of Grantee relating to the purposes of this grant.

3. Present Value Election

Consistent with the OTA, Foundation has the right to elect to make early payment of any or all of its grant payment obligations to the Grantee and have its obligation under this Terms of Grant Agreement reduced by a present value discount rate of 6.75% as provided in the OTA. Grantee will transfer such early payment to the City of Detroit and elect that present value discount provided the requirements of the next paragraph are met.

Foundation agrees that it will only make the above mentioned present value election if (i) the Grantee receives confirmation from the City, in a form reasonably acceptable to Grantee, that the Grantee's future grant payment obligations to the City under the OTA will be properly reduced as a result of such present value election by Foundation, and (ii) Foundation and Grantee agree to reasonable arrangements to prevent such early payment election from Foundation jeopardizing the fiscal stability and operations of Grantee and its abilities to perform its obligations under the OTA.

III. Indemnification and Other Provisions

Foundation and Grantee acknowledge that Foundation is a third-party beneficiary of certain provisions contained in the OTA and the contemplated order confirming the Plan of Adjustment. Foundation's rights as a third-party beneficiary include, but are not limited to, (i) indemnification by the City of Detroit as found in Section 6.2 of the OTA, (ii) set-offs on grant installments as a result of the City of Detroit failing to pay for defense and other costs (except that Foundation is not entitled to such set-off if the Grantee has, as a result of the City failing to pay all of the defense and other costs of the Foundation, incurred those costs on behalf of Foundation and Grantee), (iii) jurisdiction and choice of law provisions, and (iv) certain injunctive and other relief as found in the Plan of Adjustment as confirmed by court order. Foundation's obligation to make any installment payment under this Terms of Grant Agreement is expressly conditioned upon the existence of all such third-party benefits including, but not limited to, said indemnification provision, set-off provisions and injunctive relief.

This Terms of Grant Agreement, or any rights, obligations or funds awarded under this Terms of Grant Agreement, may not be assigned, unless otherwise expressly provided herein, without the prior written consent of the non-assigning party, and any purported assignment in violation of the foregoing will be void and of no effect. This Terms of Grant Agreement will be governed by and construed in accordance with the laws of the state of Michigan, with jurisdiction in the State and Federal Courts of Michigan (as more specifically provided in the OTA and the Plan of Adjustment).

IV. Review of Grant Activity

Grantee will provide written annual reports to the Foundation each July 30 showing the use of the grant funds provided under this grant. Grantee may extend the date for any annual report to no later than January 30 of the following calendar year if Grantee is unable to obtain information from the City of Detroit necessary for completing the report. Foundation and Grantee agree that the reports to be provided will be of a standard format and content to be provided to all Foundation Funders. The content of the annual reports will include, without limitation:

- Information on the Grantee's progress toward meeting the terms of this grant
- A statement of determination by the board of Grantee regarding the City's compliance with the Conditions for Funding found in Section 2.4 of the OTA
- A statement of facts regarding the accounting treatment of the remaining payments due to Grantee by the Foundation for consideration by the Foundation in preparing its statements of financial position
- Copies of any and all evaluation or similar reports, if any, provided to any other Foundation Funder or any party to the OTA
- An explanation of any significant changes in the organizational leadership of the Grantee, such information to be provided promptly to Foundation if it occurs between the filing of an annual report

A final report is due by June 30, 2035.

In addition, Grantee will furnish the Foundation with any additional information reasonably requested by the Foundation from time to time. Without limiting the generality of the foregoing, Grantee will provide the Foundation (or its designated representatives) with reasonable access to Grantee's files, records and personnel for the purpose of making financial audits, evaluations or verification, program evaluations, or other verifications concerning this grant as the Foundation reasonably deems necessary during the term of this grant and for five years thereafter. The fees and expenses of any such representative that is designated by the Foundation to undertake these tasks, and any reasonable out-of-pocket costs actually incurred by the Grantee in complying with this request, will be paid by the Foundation.

V. Standard Provisions

In accepting this grant, the Grantee agrees to the following and certifies the following statements:

- a. Grantee will use the funds granted solely for the purpose stated and Grantee will repay any portion of the amounts granted which is not used for the purpose of the grant or not expended by the due date for the final report.
- b. Grantee is and will at all times maintain its status as (i) a nonprofit corporation in good standing under the laws of the State of Michigan, and (ii) an organization described in Section 501(c)(3) and Section 509(a)(3) of the U.S. Internal Revenue Code ("Code") that is not a "private foundation" within the meaning of Section 509(a) of the Code because it is a Type-I supporting organization of the Community Foundation for Southeast Michigan.
- c. Grantee will notify the Foundation immediately of any change in its tax status.
- d. Grantee will return any unexpended funds if the Grantee loses its exemption from Federal income taxation as a 501(c)(3) nonprofit organization pursuant to Section 509(a)(1), 509(a)(2) or 509(a)(3) of the Code.
- e. Grantee will maintain books and records adequate to verify actions related to this grant during the term of this grant and for five years thereafter.
- f. Grant funds will only be expended for charitable, educational, literary or scientific purposes within the meaning of Section 501(c)(3) of the Code, and Grantee will comply with all applicable federal and state laws and regulations that govern the use

of funds received from private foundations. Grantee will in no event use grant funds or any income earned thereon to:

- i. Carry on propaganda or otherwise to attempt to influence legislation (within the meaning of Section 4945(d)(1) of the Code).
- ii. Influence the outcome of any specific public election or carry on, directly or indirectly, any voter registration drive (within the meaning of Section 4945(d)(2) of the Code).
- iii. Make grants to individuals or to other organizations for travel, study or similar purpose that do not comply with the requirements of Section 4945(d)(3) or (4) of the Code.
- iv. Undertake any activity other than for a charitable, educational, literary or scientific purpose specified in Section 170(c)(2)(B) of the Code.
- v. Inure a benefit to any private person or entity in violation of Section 501(c)(3) and 4941 of the Code, including but not limited to any Foundation trustee, officer, employee, or his/her spouse, children, grandchildren, and great grandchildren or their respective spouses for any purpose.
- vi. Support a use that is not in compliance with all applicable anti-terrorist financing and asset control laws, regulations, rules and executive orders, including but not limited to, the USA Patriot Act of 2001 and Executive Order No. 13224. Furthermore, Grantee agrees to ensure that no Foundation funds will be disbursed to any organization or individual listed on the United States Government's Terrorist Exclusion List or the Office of Foreign Assets Control (OFAC) Specially Designated Nationals & Blocked Persons List. In addition, Grantee takes reasonable steps to ensure that its board, staff and volunteers have no dealings whatsoever with known terrorist or terrorist organizations.
- g. Grantee acknowledges and agrees that this Terms of Grant Agreement does not imply a commitment by the Foundation to continued funding beyond the express terms of this Terms of Grant Agreement.
- h. Grantee represents that this grant will not result in the private benefit of any individual or entity, including, but not limited to, the discharge of any pledge or financial obligation of any individual or entity.

VI. Publicity

Communications regarding this grant, the OTA and the City's compliance with the ongoing conditions of the OTA will be coordinated and made by Grantee, in consultation with Foundation and other Foundation Funders. Foundation and Grantee will obtain the other's approval prior to making any public announcement about this grant. Foundation may include information on this grant in its period publications without the need for Grantee approval.

FGIC COP SWAP SETTLEMENT**

WHEREAS, the Detroit General Retirement System Service Corporation, a Michigan nonprofit corporation (“DGRS”), and the Detroit Police and Fire Retirement System Service Corporation, a Michigan nonprofit corporation (“PFRS” and, together with DGRS, each a “Service Corporation” and collectively the “Service Corporations”) created each of (i) the Detroit Retirement Systems Funding Trust 2005 (the “2005 Pension Funding Trust”) pursuant to that certain Trust Agreement, dated June 2, 2005, among the Service Corporations and U.S. Bank National Association, as trustee, and (ii) the Detroit Retirement Systems Funding Trust 2006 (the “2006 Pension Funding Trust”) pursuant to that certain Trust Agreement, dated June 12, 2006, among the Service Corporations and U.S. Bank National Association, as trustee;

WHEREAS, the 2005 Pension Funding Trust issued certain Taxable Certificates of Participation Series 2005 (the “2005 Pension Funding Securities”) and the 2006 Pension Funding Trust issued certain Taxable Certificates of Participation Series 2006 (the “2006 Pension Funding Securities” and collectively with the 2005 Pension Funding Securities, the “Certificates of Participation” or “COPs”);

WHEREAS, Financial Guaranty Insurance Company (“FGIC”) issued certain financial guaranty insurance policies guaranteeing the payment of the principal of and interest on certain of the Certificates of Participation (“FGIC COPs Policies”);

WHEREAS, in connection with the issuance of the COPs, the Service Corporations entered into certain swap transactions under certain 1992 ISDA Master Agreements (Local Currency Single Jurisdiction) (together with all ancillary and related instruments and agreements, as the same may have been subsequently amended, restated, supplemented or otherwise modified, the “COP Swap Agreements”);

WHEREAS, FGIC issued certain financial guaranty insurance policies guaranteeing the payment of certain amounts owed by the Service Corporations under the COP Swap Agreements;

WHEREAS, the City of Detroit, Michigan (the “City”) has proposed a Plan for the Adjustment of Debts, as amended (the “Plan”),¹ and FGIC has opposed and objected to such Plan; and

WHEREAS, the City and FGIC (collectively, the “Parties”) and their representatives have engaged in good faith, arm’s length settlement discussions regarding a consensual resolution of their disputes under or in respect of the Plan, the Certificates of Participation and the COP Swap Agreements.

NOW, THEREFORE, in consideration of the foregoing and the promises, mutual covenants, and agreements set forth herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties, by and through their respective undersigned counsel, agree and stipulate as follows:

1. The City shall (a) modify the Plan as set forth on Exhibit 1, (b) not amend the Plan in a way that would have a materially adverse effect on the class of claims (“Class 9”) associated with COPs as set forth in the Plan, without the consent of FGIC, and (c) exclude the Joe Louis Arena Parking Garage from any requests for qualifications, quotations or proposals in connection with the Parking Garages.

¹ Capitalized terms not defined herein have the meanings given to them in the Plan.

2. All votes cast by FGIC to accept or reject the Plan, including any votes cast on behalf of any COP Holder, shall be deemed to have been cast as accepting the Plan.

3. All objections by FGIC to the Plan shall be withdrawn, without prejudice to FGIC refiling such objections in the event that (i) the Plan is not confirmed, (ii) this Stipulation is not approved, or (iii) that certain Settlement Agreement, entered into as of October [____], 2014, by and between the City and FGIC in connection with the COP Litigation (the “Settlement Agreement”) is not approved or is otherwise terminated in accordance with the provisions thereof (each event described in clause (i), (ii) or (iii), a “Termination Event”). Pending approval of this Stipulation, FGIC shall take no action in furtherance of any objection, joinder, reservation of rights, or opposition to the Plan. For the avoidance of doubt, while approval for this Stipulation is pending, FGIC shall refrain from calling or examining any witnesses, introducing other evidence or advancing legal argument in connection with the confirmation trial on the Plan.

4. FGIC, on behalf of itself and the COP Holders, shall opt into the Plan COP Settlement with respect to the COPs originally insured by FGIC (the “FGIC-Insured COPs”), without impairing the COP Holders’ insurance claims against FGIC.

5. The consideration provided under this Stipulation and the Plan COP Settlement is solely for the benefit of FGIC and the COP Holders, and such consideration shall be administered and distributed in a manner consistent with the Plan.

6. Subject to FGIC having obtained the consents of any and all reinsurers providing reinsurance with respect to all or a portion of the FGIC COPs Policies, FGIC may, in its sole discretion, require the insertion of the following provision in the proposed Confirmation Order:

FGIC (irrespective of the terms of the FGIC COPs Policies, including, without limitation the definition of Due for Payment) may treat all of the outstanding principal owing on all series of the FGIC-Insured COPs as having been accelerated and currently “Due for Payment” (as such term is defined in the applicable FGIC COPs Policy for purposes of such policy) as of the Effective Date, in which case, with respect to each FGIC COPs Policy there shall be deemed a Permitted Policy Claim (as defined in the First Amended Plan of Rehabilitation for Financial Guaranty Insurance Company, dated June 4, 2013) in the amount of (i) the outstanding principal amount of the FGIC-Insured COPs in each CUSIP, as of the Effective Date, insured by such policy and (ii) interest accrued and unpaid on such principal amount of such FGIC-Insured COPs through the Effective Date, in which case no interest shall accrue on or after the Effective Date.

7. In full satisfaction and discharge of FGIC’s swap insurance and related claims against the City, FGIC shall receive: (a) an Allowed Class 14 claim

in the amount of \$6.11 million, and (b) the Downtown Development Authority shall assign to FGIC all of the Downtown Development Authority's right, title and interest to its distribution of New B Notes under the plan on account of its \$33.6 million Class 13 claim. For the avoidance of doubt, this consideration is solely for FGIC's benefit.

8. This Stipulation shall automatically terminate upon the occurrence of a Termination Event.

9. This Stipulation, including Exhibit 1 hereto, and the Settlement Agreement contain the entire understanding of the Parties hereto concerning the subject matter hereof and supersedes all prior understandings and agreements, whether written or oral, between the Parties hereto on such subject matter. The Parties acknowledge that they are not relying on any promises or representations not contained in this Stipulation.

10. This Stipulation may be executed in counterparts by facsimile, email, or other similar electronic transmission, each of which shall be deemed an original and all of which when taken together shall constitute one document.

BY AND AMONG
CITY OF DETROIT,
THE STATE OF MICHIGAN
AND

THIS AGREEMENT (referred to herein as this “Agreement”) is entered into as of the ____ day of October, 2014 (the “Effective Date”), by and between the City of Detroit, a Michigan public body corporate (the “City”), acting through its Planning & Development Department (“PDD”), whose address is 2300 Cadillac Tower, Detroit, Michigan 48226, the State of Michigan (the “State”), whose address is P.O. Box 30013, Lansing, Michigan 48909, and Financial Guaranty Insurance Company, a New York stock insurance company (“Developer”), whose address is 521 Fifth Avenue – 15th Floor, New York, New York 10175. The City and Developer are sometimes referred to in this Agreement as a “Party” and, collectively, as the “Parties.”

Recitals:

A. In consideration of the Parties’ various contractual arrangements and settlements entered into contemporaneously herewith between the City and Developer, and the mutual desire of the Parties to promote economic growth in the City (the “Arrangement”), the City has agreed to grant an option to Developer to acquire that certain real property upon which is presently situated the improvements commonly referred to as the Joe Louis Arena, inclusive of 5.3 acres of real property located at 19 Steve Yzerman Drive, Detroit, Michigan, and the Joe Louis Arena Garage, inclusive of 3.3 acres of real property located at 900 W. Jefferson Avenue, Detroit, Michigan (collectively, the “Property”). As used herein, the term “Property” shall be deemed to

include: (i) the land described on Exhibit ___¹ together with all air, mineral, subsurface and riparian rights appertaining thereto, if any; (ii) the City's interest, if any, in those certain above ground pedestrian walkways and all necessary related easements located on the Property or appurtenant thereto, whether now existing or hereafter granted prior to the Closing (as hereinafter defined), allowing access from the property to COBO Center (the "COBO Interests"); (iii) the City's interest, if any, in any land lying in the bed of any street, road, alley, right-of-way or avenue, at the foot of, adjoining or dividing the Property, only to the extent such street, road, alley, right-of-way or avenue is not open for the general benefit of the public; (iv) the City's interest, if any, in the use and benefit of all easements appurtenant to the Property whether or not of record; (v) the City's interest in and development rights under all authorizations, permits and approvals with respect to the use and development of the Property; and (vi) such other rights, interests and properties as may be specified in this Agreement to be sold, transferred, assigned or conveyed by the City to Developer.

B. The State has agreed to grant to the Developer or assist the Developer in obtaining certain economic development incentives for purposes of developing the Property upon the terms and conditions set forth herein.

C. If Developer exercises its option with respect to the Property as set forth herein, Developer shall develop such Property in accordance with the terms and provisions of this Agreement.

Accordingly, the Parties agree as follows:

Section 1. DEVELOPMENT AND OPTION

(A) Development Proposal.

(1) On or before a date which is thirty-six (36) months following full and complete execution of this Agreement (as the same may be extended in accordance with the terms hereof, the "Development Proposal Deadline"), the Developer shall (i) identify a developer partner that shall serve as development manager for the Development, or a development manager to be hired on a fee for service basis by Developer to manage construction of the Development (as hereinafter defined), either of which shall have significant experience in the development of large, complex mixed-use urban projects, and (ii) prepare a comprehensive development plan for the Development, and shall submit such information along with such plan (in form and substance reasonably acceptable to the City) to the City for its review and approval in the manner set forth in this Section 1(A) (the "Development Proposal"), which approval shall not be unreasonably withheld, conditioned or delayed, including, without limitation, any condition in such approval that would interfere with the eligibility of the Development for TIF Incentives (as defined in Section 5(I)(a) below) as contemplated hereby. For purposes of this Agreement, "Development" shall mean that certain mixed use project consisting of (i) a first-class hotel and related facilities including not less than 300 hotel

¹ The Parties should agree upon a legal description for the Property and associated easements upon receipt of Title and Survey.

rooms, and (ii) such other office, retail, commercial, recreational, residential and/or condominium units as shall be determined by the Developer (industrial, adult entertainment and other noxious uses excepted) given prevailing market conditions, with a height above ground not to exceed 30 floors, to be constructed upon the Property by the Developer, together with all onsite improvements, site preparation, onsite infrastructure (including, without limitation, sanitary sewer, water, storm sewer, sidewalks, street lighting, driveways, storm water detention or retention facilities), related parking facilities and landscaping, necessary or appurtenant thereto; in all instances as approved by the City in accordance herewith, which approval shall not be unreasonably withheld, conditioned or delayed to the extent consistent with the City's urban planning policies and the City's comprehensive development plan as existing on the date any applicable Required Approvals (as defined below) are obtained by the Developer. For purposes of this Agreement, and without limiting the Developer's ability to identify and receive approval of a different development partner, the Detroit Regional Convention Facility Authority is deemed by the City an approved development partner. The Development Proposal shall include an application for the brownfield plan necessary for the application for TIF Incentives, and it shall also identify which components of the Development Proposal are eligible for the TIF Incentives, disbursement of which shall be governed by the Economic Incentive Agreements (as defined in Section 5(I)(a) below), and the City shall use its commercially reasonable efforts to cause the State or applicable State related entity to grant any approvals necessary for those TIF Incentives no later than one hundred twenty (120) days after the date of approval of the Development Proposal, subject to the terms hereof. The Development Proposal shall include the terms of the Guaranty (as defined in Section 5(B) below), including the identity of any guarantor thereunder, and also include the terms of any proposed equity investment and financing for the Development; provided, however, (i) the Development Proposal does not need to disclose any additional equity partners, provided that the Developer will not partner with any third party that is prohibited from doing business with the City, (ii) the Development proposal does not need to disclose the holder(s) of the COPs or holders of the beneficial interests in the COPs, and (iii) the Development Proposal does not need to identify a development partner if the rights under the Agreement have been transferred to a developer prior to the date of the Development Proposal Deadline, which transferee has previously been approved by the City, which approval shall not be unreasonably withheld, conditioned or delayed.

(2) The City shall review any Development Proposal submitted to the City by the Developer and within ninety (90) days of receipt by the City of such Development Proposal (the "Development Proposal Review Period") the City shall either (i) approve the Development Proposal or (ii) provide the Developer with the specific reasons why the Development Proposal is not acceptable, which may include unacceptability of the proposed development partner (if required). If the City does not approve the Development Proposal, the Developer may provide a revised Development Proposal(s) to the City for its approval pursuant to the process herein, which shall continue until the earlier of (i) the date on which a Development Proposal is approved, and (ii) the Development Proposal Deadline which shall be automatically extended by the aggregate of all Development Proposal Review Periods. The City and, to the extent applicable related to the TIF Incentives, the State, shall reasonably cooperate with the Developer in

preparation of the Development Proposal, at no incremental cost to the City or, as applicable, the State. The Development Proposal, as approved by the City pursuant to this Section 1(A) shall be hereinafter referred to as the “Approved Development Proposal.”

(3) Upon request of the Developer, the City may approve an extension of the Development Proposal Deadline by up to twenty-four (24) additional months, which approval shall not be unreasonably withheld, delayed or conditioned. The City agrees that it would be unreasonable to withhold its approval of such extension if (i) the Developer requested the extension because development in the immediate vicinity of the Property has materially decreased or the general economic condition of the City has deteriorated to such a level that it would not be economically feasible for the Developer to pursue development of the Property or (ii) it is reasonable given the complexity of the development contemplated by the Developer for the Property.

(B) Option and Diligence Procedure.

(1) The Developer shall have until a date which is one hundred eighty (180) days prior to the Development Proposal Deadline (as may be extended) to give the City written notice of its intent to conduct the Diligence Activities (as hereinafter defined) on the Property (the “Diligence Notice”). Following receipt of the Diligence Notice, the City shall use its commercially reasonable efforts during the Diligence Period (as defined below) to provide the Developer and its contractors, consultants and their respective agents with such access to the Property as may be reasonably requested by the Developer from time to time, subject to any access limitation of that certain Sublease of Riverfront Arena between the City, Olympia Entertainment, Inc. and the Detroit Red Wings, Inc., dated June 15, 2014, and the related Parking Agreement (as may be amended, restated or modified, the “JLA Lease”). For purposes of this Agreement, “Diligence Activities” include but are not limited to the following:

(a) such physical inspections, surveys, soil borings and bearing tests and possible relocation of utilities, all as Developer deems necessary in its sole discretion, all of which shall be completed at Developer’s expense;

(b) subject to the terms and provisions of Section 2 below, including giving of such Investigation Notices and obtaining City approval as may be required thereunder, investigations, environmental studies, environmental site assessments (including Phase I and Phase II site assessments, and/or sampling and invasive testing of soil, groundwater, surface water, soil vapors, indoor air, and building materials (such as Asbestos and lead-based paint)), and such other investigations and assessments as Developer may deem necessary in its sole discretion to determine the condition of the Property and the Property’s compliance with Environmental Laws (as defined below) and any other federal, state and local laws, rules, regulations and orders relating in any way to protection of human health, the environment and natural resources, all of which shall be completed at Developer’s expense; and

(c) a review of available public and private utilities and public accesses necessary for the proposed development of the Property.

(2) Title and Survey. The City shall deliver to Developer a title commitment and ALTA survey for the Property (the "Title Commitment and Survey") promptly following execution of this Agreement. Within twenty (20) business days after the Developer's receipt of the Title Commitment and Survey (in form reasonably acceptable to the Developer) and copies of each of the title exceptions referenced in the Title Commitment and Survey, the Developer shall examine the Title Commitment and Survey and shall make any objections to any items therein that would cause title to the Property not to be good and marketable, free and clear of any items that, in Developer's reasonable discretion, would unreasonably interfere with the construction, use or operation of the Development for its intended purposes or impair the value of the Development to such an extent as to make such Development not commercially feasible (any of the foregoing a "Title Defect") by written notice to the City (the "Title Objection Notice"). For avoidance of doubt, the City shall not be obligated to cure, remove or bond over any objection to the Title Commitment and Survey that fails to qualify as a Title Defect hereunder. The Title Objection Notice shall state with specificity the reasons for Developer's objection(s) and the curative steps requested by the Developer which would remove the basis for the Developer's objection(s). The City shall cure, remove or bond over any Title Defects prior to the Closing Date. If the Developer orders an update to the Title Commitment and Survey prior to Closing (as defined in Section 3(A) below), and such update shows any additional Title Defect not caused by the Developer or its agents, consultants or contractors, the City shall cause each such Title Defect to be cured, removed or bonded over prior to Closing.

(3) City Information. To the extent within the possession of the City and the City Parties (as defined below), as reasonably determined by the City's corporation counsel upon due inquiry, the City shall, promptly upon the written request of the Developer, provide, and shall cause all City Parties to provide, to the Developer (i) copies of all environmental studies, asbestos reports or other environmental reports on the Property, and all material documents, records or non-privileged communications related to the presence, use or release of Hazardous Materials at the Property subject to a pending claim or matter or present at concentrations exceeding those allowed by law, (ii) copies of all title reports and the underlying documents referenced therein, (iii) copies of all surveys of the Property, (iv) copies of any other records, documents, instruments, agreements or files with respect to the use or ownership of the Property, to the extent materially relevant after Closing, (v) to the extent not included in the above, copies of the correspondence to or from the City or any City Parties related to the use or ownership of the Property, to the extent materially relevant after Closing and (vi) such other documentation as is reasonably requested by Developer with respect to the Property. For purposes of this Agreement, "City Parties" shall mean any department, subdivision or agency of the City and/or any governmental authority within the direct or indirect control or supervision of the City.

(4) Insurance. Prior to entering onto the Property for any Diligence Activities, Developer or its contractors shall maintain the insurance coverage and comply

with the insurance requirements specified in the City's Right-of-Entry, a form of which is attached as **Exhibit A** (the "Right-of-Entry").

(5) Indemnity. Developer shall defend, indemnify and hold harmless the City from and against any loss, liability, cost or expense incurred by the City to the extent resulting from Developer's (including its duly authorized employees, agents, engineers or other representatives) negligence or willful acts occurring in connection with the Diligence Activities; provided, however, that the Developer shall not be responsible for any loss, liability, cost, or expense resulting from the City's (or any City Parties') negligence or misconduct.

(6) The Developer shall notify the City in writing, no less than one hundred twenty (120) days following the Diligence Notice (the "Diligence Period"), that either (i) the Developer intends to proceed to Closing on the Property (the "Notice of Option Exercise"), or (ii) the condition of the Property is such that, in Developer's reasonable judgment, the condition adversely affects Developer's ability to timely complete the Development or adversely affects the use, value or marketability of the Property (the "Objection Notice"), which Objection Notice shall state with reasonable specificity the particular diligence matter(s) unacceptable to the Developer, including any Title Defects ("Objections"). The City, in its sole discretion, shall have the option (but not the obligation) to cure, remove or bond over such Objections within sixty (60) days following receipt of the Objection Notice (the "Cure Period"), provided, that the City must cure, remove or bond over such Objections that (a) are encumbrances for the benefit of the City, the City Parties, their lenders or vendors, (b) are Title Defects, or (c) may reasonably be deemed to directly cause a delay in the Developer's ability to complete the Development in accordance with the terms and conditions of this Agreement more than two (2) years after the Completion Deadline; provided, however, in the event any such Objection may reasonably be deemed to directly cause a delay in the Developer's ability complete the Development in accordance with the terms and conditions of this Agreement of two (2) years or less after the Completion Deadline (a "Minor Delay Defect"), then the City shall not be obligated to cure, remove or bond over such Minor Delay Defect; however, the number of days of delay reasonably determined to be caused by such Minor Delay Defect shall be deemed Force Majeure Delay (as hereinafter defined) for the equivalent number of days. Without limiting the generality of the foregoing, the City shall be obligated to cause to be cured, removed or bonded over prior to expiration of the Cure Period: (i) mechanics' liens; (ii) judgment liens against the City or any City Parties; (iii) mortgages, similar loan documents and voluntary liens with respect to indebtedness of the City or any City Party; (iv) delinquent taxes, charges, impositions or assessments; (v) fines issued by any governmental or quasi-governmental authority or other liens encumbering the Property or any portion thereof which are in liquidated amount; and (vi) any other monetary liens against the property. To the extent the Developer desires to proceed to Closing on the Property following delivery of an Objection Notice, the Developer must deliver to the City a Notice of Option Exercise prior to fifteen (15) days following expiration of the Cure Period. Failure of the Developer to timely deliver a Notice of Option Exercise as provided for herein shall result in automatic termination of the Developer's rights under this Agreement and the

Developer shall thereafter have no further interest in the Property. Following delivery by the Developer of a Notice of Option Exercise, the City shall be bound to convey the Property, upon the terms and conditions set forth herein, and the City and the Developer shall proceed to closing on the Property on a mutually agreed upon date which is the later of (i) two (2) years following approval by the City of the Development Proposal, and (ii) six (6) months following completion of Demolition (as defined in Section 5(H)(b) below) by the City (the "Closing Date").

(7) As Is Condition of Property; City Cooperation. The City makes no implied or express representations or warranties of any kind as to any condition that may adversely affect the development, or its fitness for absolutely any purpose whatsoever, other than with respect to the Sufficient Environmental Remediation (as defined in Section 5(H)(b) below). Upon delivery to the City of the Notice of Option Exercise, Developer will be deemed to have acknowledged that it is satisfied with the condition of the applicable Property, subject to the completion of the Sufficient Environmental Remediation, and shall be deemed to have waived any right to object to the status of title or to the condition of the Property, regardless of the result of any Diligence Activities, except as expressly provided for in this Agreement.

(8) Release of City from Liability. Upon Closing and subject to the City's obligation hereunder to perform Sufficient Environmental Remediation, Developer shall release the City and its officials, employees, and agents (but not any third party) from any and all claims or causes of action the Developer may have against the City for any liability, injury or loss as a result of any physical defects in or physical conditions of the Property, including but not limited to any surface, subsurface, latent or patent conditions whether naturally occurring or by action of any party.

(C) Brokerage and Finder's Fees and Commission. Developer will defend and indemnify the City and hold it harmless with respect to any commissions, fees, judgments, or expenses of any nature and kind that the City or Developer may become liable to pay by reason of any claims by or on behalf of brokers, finders or agents claiming by, through or under Developer incident to this Agreement and the transaction contemplated hereby or any litigation or similar proceeding arising therefrom unless the City has a written agreement with a broker, finder or agent providing for such payment in which case the City shall be responsible for such broker, finder or agents' commissions, fees, judgments or expenses. To the maximum extent permitted by applicable law, the City will defend and indemnify the Developer and hold it harmless with respect to any commissions, fees, judgments, or expenses of any nature and kind that the City or Developer may become liable to pay by reason of any claims by or on behalf of brokers, finders or agents claiming by, through or under the City incident to this Agreement and the transaction contemplated hereby or any litigation or similar proceeding arising therefrom unless the Developer has a written agreement with a broker, finder or agent providing for such payment in which case the Developer shall be responsible for such broker, finder or agents' commissions, fees, judgments or expenses. Developer represents and warrants to the City that it has not engaged or otherwise dealt with any brokers entitled to any commissions, fees, judgments, or expenses in connection with this Agreement.

(D) Taxes And Assessments. All taxes and assessments which (i) have become a lien

upon the Property or part thereof prior to the date of Closing, and (ii) have been discovered and specifically identified by Developer prior to the Closing, shall be paid by the City on or prior to the Closing Date; provided, further that all current property taxes shall be paid by the City through the date of Closing. From and after Closing, and subject to any abatement or other tax limitation described in this Agreement, Developer shall be solely responsible for all taxes, liens, and assessments that become due and payable for the period after the Closing against the Property it acquires hereunder or any part thereof, whenever assessed, levied, or due.

Section 2. ENVIRONMENTAL MATTERS

(A) Definitions. The following words and expressions shall, wherever they appear in this Agreement, be construed as follows:

(1) “Asbestos” shall have the meanings provided under the Environmental Laws and shall include, but not be limited to, asbestos fibers, friable asbestos or asbestos-containing materials or presumed asbestos-containing materials, as such terms are defined under the Environmental Laws.

(2) “Environmental Claims” shall mean all claims, demands, suits, proceedings, actions, whether pending or threatened, contingent or non-contingent, known or unknown, including but not limited to investigations and notices by any governmental authority or other person, brought under common law and/or under any of the Environmental Laws which can or do relate to the Property or the operations conducted thereon.

(3) “Environmental Laws” shall mean all applicable federal, state, and local laws, rules, regulations, orders, judicial determinations and decisions or determinations by any judicial, legislative or executive body of any governmental or quasi-governmental entity, or any other legally binding requirement, whether in the past, present or future, with respect to or otherwise related to the environment, natural resources, pollution or contamination and human health and safety, including, but not limited to:

(a) the installation, existence, or removal of, or exposure to, Asbestos at, on or in the Property;

(b) the existence on, discharge from, release of, exposure to, or removal from the Property of Hazardous Materials; and

(c) the effects on the environment of the Property or any activity conducted now, or previously or hereafter conducted, on the Property.

Without limiting the foregoing, Environmental Laws shall include, but not be limited to, the following: (i) the Michigan Natural Resources and Environmental Protection Act, 1994 Public Act 451, as amended (“NREPA”); the Comprehensive Environmental Response, Compensation, and Liability Act, 42 USC Sections 9601, et seq. (“CERCLA”); the Superfund Amendments and

Reauthorization Act, Public Law 99-499, 100 Stat. 1613; the Resource Conservation and Recovery Act, 42 USC Sections 6901, et seq.; the National Environmental Policy Act, 42 USC Section 4321; the Toxic Substances Control Act, 15 USC Section 2601; the Hazardous Materials Transportation Act, 49 USC Section 1801; the Clean Air Act, 42 USC Sections 7401, et seq.; the Occupational Safety and Health Act, 29 USC Sections 651, et seq., as each have been amended and the regulations promulgated in connection therewith; (ii) Environmental Protection Agency regulations pertaining to Asbestos (including 40 CFR Part 61, Subpart M); Occupational Safety and Health Administration Regulations pertaining to Asbestos (including CFR Sections 1901.1001 and 1926.58) as each may now or hereafter be amended; and (iii) any Michigan state and local laws and regulations pertaining to any Hazardous Materials.

(4) “Hazardous Materials” shall include any material, substance or waste classified, regulated, or otherwise characterized as “hazardous,” “toxic,” “radioactive,” a “pollutant,” “contaminant,” or words of similar meaning or is otherwise regulated by Environmental Laws, including, without limitation, polychlorinated biphenyls (PCBs), paint containing lead and urea formaldehyde foam insulation, and sewage.

(B) The City and Developer acknowledge and agree that some of the parcels to be transferred may be “facilities” pursuant to Part 201 of NREPA, whether or not as yet discovered to be such and that the obligations to perform Sufficient Environmental Remediation is the City’s obligation and shall be done at its cost and expense.

(C) The City shall authorize the Developer, through a fully executed Right-of-Entry (in the form attached), to enter upon the Property during the Diligence Period to, subject to the reasonable conditions set forth herein, make soil boring and bearing tests, undertake such surveying and environmental due diligence activities as Developer deems appropriate, including without limitation sampling and testing of soil, soil vapor, surface water, groundwater, indoor air, and the installation of groundwater wells, provided such do not materially and unreasonably interfere with demolition or site improvement activities of the City or the rightful use of the Property by a tenant in possession or other third party, if any, provided the City shall use its commercially reasonable efforts to facilitate such access to tenant spaces. All such testing and remediation shall be done at Developer’s expense; provided, if sampling occurs, the City shall have the right, at its cost and expense, to obtain split samples of any environmental media to the extent reasonably practicable. During the Diligence Period, Developer shall comply with the terms and provisions of the Right-of-Entry. Developer’s right to enter upon the applicable Property is subject to execution of such Right-of-Entry and subject to the prior written authorization by the tenant under the JLA Lease, which the City shall use commercially reasonable efforts to procure promptly upon receipt of the Diligence Notice from the Developer. Upon request from the City, Developer shall promptly provide the City with a copy of each final survey or environmental testing report generated as a result of such activities. Developer shall give prior written notice to the City of Developer’s plan to inspect and/or investigate the environmental condition of the Property during the Diligence Period (each such notice referred to herein as an “Investigation Notice”). The Investigation Notice shall identify any agents or

contractors that the Developer intends to use in conducting the activities covered by the Investigation Notice and the general scope of such activities; provided, the scope of any such investigations, site assessments or testing activities shall be subject to the City's prior written approval, which approval shall not be unreasonably withheld, conditioned or delayed; provided, further, Developer shall have sole discretion to determine what analysis any samples will be subjected to. Developer shall use all commercially reasonable efforts to minimize damage to the Property in connection with such entry and shall restore the Property to the condition existing prior to such entry. Developer shall indemnify, defend and hold the City harmless from and against any and all out-of-pocket loss, cost, liability and expense, including reasonable attorney fees and litigation costs, suffered or incurred by the City as a result of the Developer's (including any of its duly authorized employees, agents, engineers or other representatives) negligent acts or omissions or willful misconduct occurring in connection with the activities conducted in accordance with the Right-of-Entry.

(D) In the event Developer elects to proceed to take title to the Property, upon the Closing and subject to the Sufficient Environmental Remediation, Developer takes such Property as it finds it, "AS IS", and the City makes no express or implied representations or warranties as to its fitness for absolutely any purpose whatsoever, including but not limited to any warranty that the Property is fit for the Developer's purpose or regarding the presence or absence of Hazardous Materials at, on, in, under, at, or from the Property and compliance with the Property with Environmental Laws, other than with respect to Sufficient Environmental Remediation. Except with respect to Sufficient Environmental Remediation, Developer acknowledges that neither the City nor any agent or employee of the City has made any representation, warranty or agreement, either express or implied, and Developer has not relied on any representation, warranty or agreement of any kind made by the City or any agent or employee of the City, concerning (a) the physical or environmental condition of the Property, or (b) the presence or absence of any condition, substance or material, including but not limited to any waste material, equipment or device at, on, in, under, about, or from the Property. Developer agrees that the disclosures of the City concerning the Property and its condition are intended to satisfy any duties the City may have under the law, including but not limited to the statutes, Environmental Laws, and common law. By executing this Agreement, Developer acknowledges that it is entitled to receive from the City Sufficient Environmental Remediation and is entitled to conduct its Diligence Activities, including but not limited to inspection of the Property, review of title, and the results of the tests, investigations and surveys permitted under this Agreement. If, prior to Closing, Developer fails to undertake such investigations and/or obtain such test results and surveys, or fails to object to the condition of the Property based on the results of its Diligence Activities, and Developer thereafter elects to proceed to Closing, Developer shall thereupon be deemed to have waived any right to object to the condition of the Property and shall be deemed to have declared its full satisfaction therewith, subject to Sufficient Environmental Remediation.

(E) Upon Closing, Developer, for itself and its successors and assigns, expressly waives and releases all Environmental Claims (whether for personal injury, property damage or otherwise) that Developer may have against the City and its officials, employees and agents in connection with or related to such Property or any aspect thereof, except with respect to Sufficient Environmental Remediation.

(F) After the Closing, the City shall have no obligation or liability to Developer whatsoever to undertake any cleanup or other remedial action that may be required in connection with the Property under any Environmental Law, or to comply with any other federal, state or local requirement to attend to the physical condition of the Property, subject to the City's obligations hereunder related to Sufficient Environmental Remediation.

(G) At its sole cost and expense, with respect to the Property for the period commencing on the Closing and ending on Commencement of Construction (as defined in Section 5(C) below), Developer shall: (a) comply with all Environmental Laws; (b) pay when due the cost of Developer's compliance with the Environmental Laws resulting out of environmental conditions caused or permitted by Developer during its period of ownership, use, possession or development of the Property; and (c) keep the Property free of any lien imposed pursuant to the Environmental Laws resulting out of Developer's ownership, use, possession, or development of the Property.

(H) Notwithstanding anything to the contrary which may be contained in this Agreement, Developer represents and warrants and covenants to the City for the period after Developer's commencement of ownership, use, possession or development of the Property through and including Commencement of Construction, as follows:

(a) Developer shall not use or allow the use of the Property for the purpose of storing any Hazardous Materials Developer brings into the Property, nor shall Developer use the Property in a manner which will cause or increase the likelihood of causing the release of such Hazardous Materials onto or from the Property, in each case other than those Hazardous Materials which are necessary and commercially reasonable for the conduct of Developer's development activities or the business operated on the Property and which Hazardous Materials shall be handled and disposed of in compliance with all Environmental Laws and industry standards and in a commercially reasonable manner.

(b) Developer shall promptly notify the City of any claims or litigation against the Developer by any person (including any governmental authority), concerning the presence or possible presence of Hazardous Materials contamination at the Property or concerning any violation or alleged violation of the Environmental Laws by the Developer respecting the Property, and shall furnish the City with a copy of any such communication received by Developer.

(c) Developer shall notify the City promptly and in reasonable detail in the event that Developer becomes aware of or suspects the presence of Hazardous Materials at levels exceeding those allowed by the Environmental Laws or contamination or a material violation of the Environmental Laws at the Property.

(d) If Developer's operations at the Property violate the Environmental Laws so as to subject Developer or the City to a formal notice of violation by a governmental agency alleging a violation of the Environmental Laws, Developer shall promptly notify the City of the Developer's receipt of such formal notice of

violation and shall promptly investigate the underlying circumstances and notify the City within five (5) days after the completion of its investigation of the results of its investigation. If Developer determines that an ongoing material violation by Developer is occurring or did occur, Developer shall, to the extent required by Environmental Laws, cease or cause a cessation of or take other actions to address those aspects of the use or operations causing the violation and shall remedy and cure in compliance with the Environmental Laws any conditions arising therefrom to the extent required by Environmental Laws at its own cost and expense. If Developer disputes that its activities are violating Environmental Laws, it shall expeditiously appeal and prosecute an appeal of the notice of violation or take other commercially reasonable actions to dispute such notice.

Section 3. CLOSING

(A) On the Closing Date, the City shall, subject to Developer's satisfaction of the conditions precedent set forth in Section 3(B) below, convey the Property to the Developer (the "Closing") by quit-claim deed substantially in the form of the deed set forth in **Exhibit B** (the "Deed") using legal descriptions approved by Developer and the City. The Parties agree and acknowledge that the sole and exclusive consideration for conveyance of the Property hereunder is deemed to be the Arrangement, the sufficiency of which is hereby acknowledged.

(B) Conditions to Closing. The City's obligation to proceed with a Closing is conditioned on the fulfillment by Developer of each of the following conditions precedent:

a. Resolution of Developer's Authority. Developer shall furnish to the City a certified copy of a resolution in form and substance reasonably acceptable to the City and the title company insuring title to the Property, duly authorizing the execution, delivery and performance of this Agreement and all other documents and actions contemplated hereunder.

b. Payment of Closing Costs. Developer shall have tendered payment of the closing costs payable by Developer, which shall include all title charges, escrow, closing and recording fees associated with any conveyance hereunder except those costs expressly allocated to the City hereunder. The City shall pay all closing costs in connection with transfer of the Property at Closing to the extent such costs are expressly allocated to sellers of real property in Detroit, Michigan pursuant to applicable law. Each Party shall bear the cost of its own legal fees and expenses in connection with this Agreement.

(C) Delivery of Deeds and Possession. The City will deliver to Developer at Closing the Deed with respect to the Property and possession thereof.

(D) Recording. Provided that Developer has complied with all conditions precedent as specified in Section 3(B) above, the Deed shall be delivered at the Closing for prompt recordation with the Register of Deeds of Wayne County, Michigan. Developer shall pay at Closing all costs for recording the Deed. Possession of the Property shall be delivered to Developer at the Closing.

Section 4: NOTICES

All notices, demands, requests, consents, approvals or other communications (any of the foregoing, a "Notice") required, permitted, or desired to be given hereunder to any Party shall be in writing and either (a) hand delivered, (b) sent by registered or certified mail, postage prepaid, return receipt requested, (c) sent by facsimile transmission (with confirmation), or (d) sent by reputable overnight prepaid courier, addressed to the Party to be so notified at its address set forth below, or to such other address as such Party may hereafter specify in accordance with the provisions of this Section. Section 5: COVENANTS

(A) Developer covenants for itself and its successors and assigns and every successor in interest to the Property, that from and after Closing on the Property, Developer and its successors and assigns shall develop such Property only to and in accordance with the Approved Development Proposal and otherwise pursuant to the terms and conditions of this Agreement, unless otherwise agreed in writing by the City. Subject to Force Majeure Delays (as defined below), within twelve (12) months following the Closing Date (the “Commencement Deadline”), the Developer shall achieve Commencement of Construction with respect to such Property. Following Commencement of Construction, the Developer shall diligently prosecute the Development on the Property to substantial completion in material conformance with the Approved Development Proposal (which shall mean substantial completion of the Development and all improvements related thereto, exclusive of landscaping, punch list items and any tenant work for commercial or other space for which there are no tenants or for which the work is to be done by a tenant and any onsite or offsite work that is not commercially necessary for occupancy in material conformance with the Approved Development Proposal) (the date upon which such substantial completion occurs referred to herein as the “Completion Date”). Subject to Force Majeure Delays, the Completion Date shall occur within thirty-six (36) months following the Closing Date (the “Completion Deadline”). For purposes of this Agreement, “Force Majeure Delays” shall mean an event, casualty, occurrence, condition, or circumstance of any kind or nature reasonably beyond the control of the applicable party hereto which renders such party unable to perform any of its obligations contemplated hereunder, in full or in part, including, without limitation, (i) acts of declared or undeclared war by a foreign enemy; (ii) civil commotion, insurrection or riots; (iii) fire or casualty or condemnation; (iv) floods, hurricanes or other materially adverse weather conditions; (v) earthquakes; (vi) acts of God; (vii) governmental preemption in the case of emergency; (viii) unavailability of materials to the extent not within the reasonable control of the applicable party (other than shortage of funds); (ix) strikes, lockouts or other labor trouble; (x) inability to secure labor or access to the Property including, without limitation, holdover of the tenant under the JLA Lease (as defined below) beyond any stated expiration date (inclusive of all renewal options thereunder); (xi) acts of terrorism; (xii) the suspension of government operations; (xiii) any act, omission, rule, order or regulation of any governmental authority or any department or subdivision thereof (other than, with respect to the City, the City, any department, subdivision or agency of the City or any governmental authority within the direct or indirect control or supervision of the City and other than, with respect to the Developer, the failure of the Developer to secure the Required Approvals if the Developer does not apply for and diligently prosecute the applications for such Required Approvals); (ix) the presence of hazardous materials on the Property and any related remedial action; and (x) any other cause, event or circumstance not within the reasonable control of the applicable party (other than shortage of funds).

(B) The Commencement Deadline and Completion Deadline shall be extended for a period of time equal to the number of days during which Developer is prevented from proceeding with the construction of the development at the Property by reason of Force Majeure

Delays, provided that (i) Developer is otherwise in compliance with the terms and provisions of this Agreement, and (ii) Developer notifies the City of the events constituting such Force Majeure Delays no later than sixty (60) days after Developer has actual knowledge of their occurrence. At Closing, Developer shall cause the City to be provided with a commercially reasonable completion guarantee, or other assurance of completion (which other assurance of completion shall be reasonably acceptable to the City), given by an entity reasonably acceptable to the City, which guarantees for the benefit of the City substantial completion of the Development on or before the Completion Deadline (the “Guaranty”).

(C) For purposes of this Agreement, “Commencement of Construction” on the Property shall be deemed to have occurred when the Developer shall have commenced site preparation work on the Property, which site preparation work may include renovation or demolition of existing structures located on the Property by the Developer, as applicable.

(D) Developer covenants and agrees that from and after Closing, through and including the Commencement of Construction, it will: (i) comply with all applicable zoning requirements, and all other applicable state and federal statutes and regulations and local laws and ordinances applicable to the ownership, use and/or occupancy of the Property; and (ii) except as abated in accordance with the terms hereof, pay and discharge when due without penalty, and in all events before penalty for nonpayment attaches thereto, all taxes, assessments and governmental charges, including but not limited to real estate taxes or assessments on the Property or any part thereof, except where the same may be contested in good faith.

(E) Developer covenants and agrees to permit the City or its designee to encumber that portion of the Property depicted in the attached **Exhibit C** with an easement upon terms and conditions determined by the City in its reasonable discretion, for the purpose of constructing certain riverwalk improvements. In the event the easement contemplated above is not placed of record prior to Closing, the Developer (including any successors or assigns thereof) shall permit such easement to be placed of record following Closing free of charge. Notwithstanding any provision hereof to the contrary, no such easement described in this paragraph, to the extent recorded prior to Closing, shall form the basis for a Title Defect or any Objection hereunder, and the City shall not be required for any reason to cure, remove or bond over such encumbrance.

(F) Developer covenants and agrees to permit the City or its designee to maintain on the Property those certain public transportation assets of the City commonly referred to as the “people mover” and all ancillary assets related thereto free of charge (the “People Mover”). Developer further covenants and agrees to permit the City or its designee to encumber the Property with an easement upon terms and conditions determined by the City in its reasonable discretion, for the purpose of maintaining, renewing and replacing, as necessary in the City’s sole discretion, the People Mover in the location on the Property in which the People Mover is situated as of the date of this Agreement. In the event the easement contemplated above is not placed of record prior to Closing, the Developer (including any successors or assigns thereof) shall permit such easement to be placed of record following Closing free of charge. Notwithstanding any provision hereof to the contrary, no such easement described in this paragraph, to the extent recorded prior to Closing, shall form the basis for a Title Defect or any

Objection hereunder, and the City shall not be required for any reason to cure, remove or bond over such encumbrance.

(G) Estate Conveyed. Notwithstanding anything contained in this Agreement to the contrary, the estate conveyed hereby shall be deemed to be a determinable fee and only upon Commencement of Construction hereunder will the possibility of reverter retained by the City automatically expire as to that part of the applicable Property.

(H) City Covenants.

(a) Prior to Closing, the City shall (1) subject to Demolition, maintain the Property in at least the same condition and repair (except for environmental condition and repair thereof, which is addressed in sub-clause (2) below) as such exists on the Effective Date, (2) not, through its own action, alter the environmental condition of the Property, as such exists on the Effective Date, in a material and adverse manner, (3) not take zoning or land use action on the Property without Developer's prior written consent, and (4) not execute or grant any lease, contract, agreement, lien, security interest, encumbrance, easement, or restriction with respect to such Property, or amend, modify, renew or extend any of the foregoing, without prior written consent of the Developer, which consent shall not be unreasonably withheld, conditioned or delayed; provided, however, without the consent of the Developer, the City shall be permitted to (i) enter into, amend, modify or renew any contract, agreement or lease with respect to the Property to the extent that such instrument is terminable at will by the City and is terminated by the City prior to the Closing or the term of such instrument does not extend beyond Closing, and (ii) amend or modify the JLA Lease in any manner which would not materially, adversely alter the rights of the Developer hereunder (for avoidance of doubt, the City shall be permitted to terminate the JLA Lease without the Developer's prior consent); provided, however, in no event shall the City renew or otherwise extend the JLA Lease, subject to the right of the existing tenant thereunder to so extend the JLA Lease. The City shall pass no charter, ordinance or other provision that solely affects or primarily targets the Developer or its rights under this Agreement which charter, ordinance or other provision has a material adverse impact on the Developer or its rights under this Agreement (it being understood that a "material adverse impact" shall include any adverse financial impact on or any contradiction, or adverse impact on the enforceability of, the terms of this Agreement or the Economic Incentive Agreements). To the extent any COBO Interests are intended to benefit the owner of the Property, but are not otherwise in the name of, or held by, the City, upon written request of the Developer given to the City not less than ninety (90) days prior to Closing, the City shall use reasonable efforts to cause such COBO Interests to be conveyed to the Developer at Closing.

(b) Promptly upon expiration of the JLA Lease, but in no event more than ninety (90) days after expiration of the JLA Lease (the "Demolition Commencement Date"), the City shall commence or cause to be commenced the demolition of all improvements on the Property (except for those certain improvements commonly referred to as the Joe Louis Arena Garage) (the "Demolition Property"), which demolition shall include (i) removal and disposal of all building improvements and materials located thereon and (ii) certain excavation work to be completed at the Demolition Property, which excavation work shall include, without limitation, clearing and grubbing, soil erosion and control, and site excavation and embankment on the
