Except to the extent otherwise provided in this Indenture, the Issuer does hereby constitute and irrevocably appoint the Trustee the true and lawful attorney of the Issuer, with full power (in the name of the Issuer or otherwise), to exercise all rights of the Issuer with respect to the Collateral held for the benefit and security of the Secured Parties and to ask, require, demand, receive, settle, compromise, compound and give acquittance for any and all moneys and claims for moneys due and to become due under or arising out of any of the Collateral held for the benefit and security of the Secured Parties, to endorse any checks or other instruments or orders in connection therewith and to file any claims or take any action or institute any proceedings which the Trustee may deem to be necessary or advisable in the premises. - (i) the Collateral Obligation has been upgraded or has been put on credit watch list with the potential for developing positive credit implications by either of the Rating Agencies since the date the Issuer first acquired the Collateral Obligation under this Indenture;
- (ii) such Collateral Obligation has experienced a reduction in credit spread of (A) 0.25% or more (on an absolute rather than a relative basis) in the case of a Collateral Obligation with a spread (prior to such decrease) less than or equal to 2.00%, (B) 0.375% or more (on an absolute rather than a relative basis) in the case of a Collateral Obligation with a spread (prior to such decrease) greater than 2.00% but less than or equal to 4.00% or (C) 0.50% or more (on an absolute rather than a relative basis) in the case of a Collateral Obligation with a spread (prior to such decrease) greater than 4.00%, in each case compared to the credit spread at the time such Collateral Obligation was acquired by the Issuer, determined by reference to an applicable index selected by the Servicer (such index selection subject to satisfaction of the Rating Condition with respect to Moody's);

- (iv) a Super Majority of the Controlling Class have voted to suspend the limitations on a Collateral Obligation being a Credit Improved Obligation, and for each subsequent downgrade by Moody's after a vote to suspend the limitations pursuant to this clause (iv) has occurred, a Super Majority of the Controlling Class must again vote to suspend the limitations on the Collateral Obligation being a Credit Improved Obligation for this clause (iv) to remain applicable.

A Synthetic Security shall be considered a Credit Improved Obligation if:

- (i) the Synthetic Security itself is a Credit Improved Obligation; or
- (ii) the Reference Obligation of the Synthetic Security would, if it were a Collateral Obligation, be a Credit Improved Obligation.

So long as a Credit Rating Event is in effect, no Collateral Obligation shall be eligible to be a Credit Risk Obligation unless in addition to the above, as of the date of determination:

- (i) the Collateral Obligation has been downgraded or has been put on credit watch list with the potential for developing negative credit implications by either of the

Rating Agencies since the date the Issuer first acquired the Collateral Obligation under this Indenture;

- (ii) such Collateral Obligation has experienced an increase in credit spread of (A) 0.25% or more (on an absolute rather than a relative basis) in the case of a Collateral Obligation with a spread (prior to such increase) less than or equal to 2.00% , (B) 0.375% or more (on an absolute rather than a relative basis) in the case of a Collateral Obligation with a spread (prior to such increase) greater than 2.00%, but less than or equal to 4.00% or (C) 0.50% or more (on an absolute rather than a relative basis) in the case of a Collateral Obligation with a spread (prior to such increase) greater than 4.00%, in each case compared to the credit spread at the time such Collateral Obligation was acquired by the Issuer, determined by reference to an applicable index selected by the Servicer (such index selection subject to satisfaction of the Rating Condition with respect to Moody's);
- (iii) (x) in the case of a Floating Rate Obligation, the Market Value of such Collateral Obligation has decreased by at least 2.50% from the Market Value of such Collateral Obligation as of its date of acquisition, as determined by the Servicer, and (y) in the case of a Fixed Rate Obligation, the Market Value of such Collateral Obligation has changed since its date of acquisition by a percentage more negative, or less positive, as the case may be, than the percentage change in the Merrill Lynch US High Yield Master II Index, Bloomberg ticker H0A0, less 3.00%, over the same period; or

Page for the purpose of displaying comparable rates), the Calculation Agent shall determine the arithmetic mean of the offered quotations of the Reference Banks to prime banks in the London interbank market for three month Dollar deposits in Europe, by reference to requests by the Calculation Agent to four major banks in the London interbank market selected by the Calculation Agent (after consultation with the Servicer) (the **Reference Banks**) for quotations as of approximately 11:00 A.M. (London time) on the second Business Day before the first day of the Interest Period. If at least two of the Reference Banks provide quotations as requested, LIBOR shall equal such arithmetic mean. For the first Interest Period and, unless the Maturity Extension occurs, the last Interest Period, LIBOR shall be determined based on the actual number of days in the Interest Period using straight-line interpolation of two rates calculated in accordance with the above procedure, except that instead of using three month deposits, one rate shall be determined using the period for which rates are obtainable next shorter than the Interest Period and the other rate shall be determined using the period for which rates are obtainable next longer than the Interest Period. All calculations shall be calculated to at least four decimal places and rounded to four decimal places.

Synthetic Security Counterparty that has in the Servicer's commercially reasonable judgment, equivalent expected loss characteristics (those characteristics, *credit risk*) to those of the related Reference Obligations (taking account of those considerations as they relate to the Synthetic Security Counterparty), if (i) it is either a Form-Approved Synthetic Security or the Rating Condition for each Rating Agency is satisfied, and (ii) the Reference Obligations thereof have a Market Value equal to at least 85% of the Principal Balance of the Reference Obligation at the time the Synthetic Security is entered into.

Each Synthetic Security that is a credit default swap the Reference Obligation of which are Loans shall require each such Reference Obligation to be denominated and payable in U.S. Dollars.

The maturity, interest rate, and other non-credit characteristics of a Synthetic Security may be different from the Reference Obligations to which the credit risk of the Synthetic Security relates.

No Synthetic Security shall result in the Issuer being a "buyer" of credit protection.

The term Synthetic Security shall not include any Structured Finance Obligation or any Participation, but the Reference Obligation of a Synthetic Security may be a Structured Finance Obligation.

Each Synthetic Security Agreement shall contain appropriate limited recourse and non-petition provisions (to the extent the Issuer has contractual payment obligations to the Synthetic Security Counterparty) equivalent (*mutatis mutandis*) to those contained in this Indenture.

The ownership or disposition of any Synthetic Security (without regard to the Issuer's other activities) must not cause the Issuer to be treated as engaged in a U.S. trade or business for United States federal income tax purposes or otherwise subject the Issuer to net income taxes.

Unless the Rating Condition is otherwise satisfied, any "deliverable obligation" that may be delivered to the Issuer as a result of the occurrence of any "credit event" under any proposed Synthetic Security must not provide that its transfer to the Issuer is subject to obtaining any consents and must qualify (when the Issuer purchases the related Synthetic Security and when such "deliverable obligation" is delivered to the Issuer as a result of the occurrence of any "credit event") as a Collateral Obligation and satisfy the Concentration Limitations under this Indenture, except that such "deliverable obligation" may constitute a Defaulted Collateral Obligation when delivered upon a "credit event" and if the Reference Obligation of the Synthetic Security is a Senior Secured Loan then the "deliverable obligation" under the Synthetic Security must also be a Senior Secured Loan.

No Synthetic Security may provide for any event other than bankruptcy or a failure to pay as a "credit event."

No Synthetic Security shall provide for termination by the Synthetic Security Counterparty at any time (i) after a declaration of acceleration of Maturity of the Notes has been made upon the occurrence of an Event of Default, unless such declaration and its consequences may no longer be rescinded and annulled in accordance with Section 5.2(c) and liquidation of the Collateral has begun or (ii) upon an Optional Redemption, unless the third Business Day before the scheduled Redemption Date has passed and no notice of withdrawal has been issued.

For purposes of the Coverage Tests and the Retention Overcollateralization Test, unless the Rating Condition for each Rating Agency is satisfied in respect of any proposed alternative treatment, a Synthetic Security shall be included as a Collateral Obligation having the characteristics of the Synthetic Security and not of the related Reference Obligations.

For purposes of the Collateral Quality Tests (other than the Diversity Test and the S&P Industry Classification with respect to the S&P CDO Monitor Test), a Synthetic Security shall be included as a Collateral Obligation having the characteristics of the Synthetic Security and not of the related Reference Obligations.

For purposes of calculating compliance with the Concentration Limitations other than limits relating to payment characteristics, and all related definitions, unless otherwise specified in this Indenture or by the Rating Agencies, a Synthetic Security shall be included as a Collateral Obligation having the characteristics of its Reference Obligations and not the Synthetic Security. For purposes of calculating compliance with the Concentration Limitations relating to payment characteristics, and all related definitions, unless otherwise specified in this Indenture or by the Rating Agencies, a Synthetic Security shall be included as a Collateral Obligation having the characteristics of the Synthetic Security and not its Reference Obligation.

With respect to a Synthetic Security based upon or relating to a senior secured index providing non-leveraged credit exposure to a basket of credit default swaps referencing a diversified group of Reference Obligations, with respect to which the principal or notional amount of the credit exposure to any single Reference Obligation does not increase over time, for purposes of: (i) calculating compliance with the Diversity Test, the S&P Industry Classification with respect to the S&P CDO Monitor Test, and the Concentration Limitations (other than limits relating to payment characteristics and except for clauses (17) and (17)(a) of the definition of "Concentration Limitations"), and all related definitions, and (ii) any other provision or definition of this Indenture involving a determination with respect to a Reference Obligation, the characteristics of such Reference Obligations shall be determined by treating such Synthetic Security as a direct interest of the Issuer in each such Reference Obligation in an amount equal to the Allocable Principal Balance of such Reference Obligation. In addition, each Reference Obligation under such Synthetic Security shall be assigned a Moody's Rating Factor

equal to the sum of the Moody's Rating Factor of (i) the related Reference Obligor, (ii) the Synthetic Security Counterparty of such Synthetic Security and (iii) the Synthetic Security Collateral of such Synthetic Security. In addition, the Moody's Priority Category Rate in respect of a Synthetic Security referencing multiple Reference Obligations pursuant to this paragraph shall be the Moody's Priority Category Rate as assigned by Moody's to each Reference Obligation underlying such Synthetic Security. For the avoidance of doubt, Reference Obligations upon which a Synthetic Security is based as described in this paragraph must meet the definition of "Collateral Obligation" to the extent provided in this definition.

If the Rating Condition must be satisfied to execute the purchase of any Synthetic Security, the Servicer, on behalf of the Issuer, shall give each applicable Rating Agency not less than five days' prior notice of the purchase of or entry into any Synthetic Security.

***Synthetic Security Agreement:*** The documentation governing any Synthetic Security.

***Synthetic Security Collateral:*** With respect to any Synthetic Security, amounts posted to the Synthetic Security Collateral Account by the Synthetic Security Counterparty in support of its obligations under the Synthetic Security, including (i) all Eligible Investments that mature no later than the Stated Maturity or (ii) floating rate credit card securitizations that are rated "Aaa" by Moody's and "AAA" by S&P, (that mature no later than the Stated Maturity) in the Synthetic Security Collateral Account that are purchased with Synthetic Security Collateral; provided that any amounts described in clause (ii) above shall be hedged by a guaranteed investment contract or a total return swap which shall be subject to Rating Confirmation by S&P.

***Synthetic Security Collateral Account:*** The Securities Account established pursuant to Section 10.3(e).

***Synthetic Security Counterparty:*** An entity required to make payments on a Synthetic Security to the extent that a Reference Obligor makes payments on a related Reference Obligation.

***Synthetic Security Counterparty Account:*** The Securities Account established pursuant to Section 10.5.

***Synthetic Security Reserve Account:*** The Securities Account established pursuant to Section 10.3(k).

***Tax Advantaged Jurisdiction:*** One of the Cayman Islands, Bermuda, the Netherlands Antilles or the tax advantaged jurisdiction of the Channel Islands, or such other jurisdiction that the Rating Condition with respect to each Rating Agency is satisfied with respect thereto; **provided** that any Tax Advantaged Jurisdiction that is the jurisdiction of organization of an obligor of a Collateral Obligation other than obligors that are special purpose vehicles or issuers of Structured Finance Obligations shall have a Moody's

foreign currency rating of at least "Aa2" and a S&P foreign currency rating of at least "AA-".

**Tax Event:** An event that occurs if:

- (i) (A) one or more Collateral Obligations that were not subject to withholding tax when the Issuer committed to purchase them have become subject to withholding tax (***New Withholding Tax Obligations***) (other than a withholding tax on fees received with respect to a letter of credit) or the rate of withholding has increased on one or more Collateral Obligations that were subject to withholding tax when the Issuer committed to purchase them (***Increased Rate Withholding Tax Obligations***) and (B) in any Due Period, the aggregate of the payments subject to withholding tax on New Withholding Tax Obligations and the increase in payments subject to withholding tax on Increased Rate Withholding Tax Obligations, in each case to the extent not "grossed-up" (on an after-tax basis) by the related obligor, represent 5% or more of Interest Proceeds for the Due Period;
- (ii) taxes, fees, assessments, or other similar charges are imposed on the Issuer or the Co-Issuer in an aggregate amount in any twelve-month period in excess of U.S.\$2,000,000, other than any deduction or withholding for or on account of any tax with respect to any payment owing in respect of any obligation that at the time of acquisition, conversion, or exchange does not satisfy the requirements of a Collateral Obligation; or
- (iii) if the Issuer is at the time treated as a pass-through entity for U.S. federal income tax purposes, investors in the Preference Shares who are non-U.S. Persons not otherwise subject to U.S. net income tax are or have become subject to U.S. net income taxation in respect of income of the Issuer in an amount in excess of 10% of the net income of the Issuer in any twelve-month period.

- (ii) summing the amounts determined pursuant to clause (i);
  - (iii) dividing the sum by the Aggregate Principal Balance of all Collateral Obligations that are Fixed Rate Obligations held by the Issuer as of the Measurement Date; and

**Weighted Average Spread:** As of any Measurement Date, a rate obtained by:

- (i) **multiplying** the Principal Balance of each Collateral Obligation that is a Floating Rate Obligation held by the Issuer as of the Measurement Date by the current per annum contract spread at which it pays interest (which (w) for PIK Securities for which interest has been deferred or capitalized, will be deemed to be zero, (x) for Collateral Obligations that would be PIK Securities but for the proviso in the definition thereof, will be deemed to be equal to the effective rate of PIK Cash-Pay Interest applicable thereto, (y) for any Revolving Loan or Delayed Draw Loan, will be the per annum contract spread for the Funded Amount thereof and the rate of the commitment fee and such other fees payable to the Issuer for any Unfunded Amount thereof, and (z) for any Synthetic Letter of Credit, will be the all-in rate (including any fees (net of any taxes required to be paid by the Issuer under this Indenture) payable to the Issuer by the underlying obligor **minus** the applicable LIBOR, calculated net of any taxes that could be, or have been, withheld in respect thereof (unless the payer is obligated to indemnify the Issuer for any taxes so withheld) determined with respect to any Floating Rate Obligation that does not bear interest based on a London interbank offered rate, by expressing the current interest rate on the Floating Rate Obligation as a spread above a three month London interbank offered rate calculated in a manner consistent with the calculation of LIBOR;

## **1.2 Assumptions as to Pledged Obligations; Construction Conventions**

This Section 1.2 shall be applied in connection with all calculations required to be made pursuant to this Indenture:

- with respect to the scheduled payment of principal or interest on any Pledged Obligation, or any payments on any other assets included in the Collateral,
- with respect to the sale of and acquisition of Collateral Obligations,
- with respect to the income that can be earned on the scheduled payment of principal or interest on the Pledged Obligations and on any other amounts that may be received for deposit in the Collection Account, and
- with respect to the treatment of Collateral Obligations loaned pursuant to a Securities Lending Agreement.

The provisions of this Section 1.2 shall be applicable to any determination or calculation that is covered by this Section 1.2, whether or not reference is specifically made to Section 1.2, unless some other method of calculation or determination is expressly specified in the particular provision.

- (a) All calculations with respect to the scheduled payment of principal or interest on the Pledged Obligations shall be made on the basis of information as to the terms of each Pledged Obligation and on reports of payments received on the Pledged Obligation that are furnished by or on behalf of the issuer of the Pledged Obligation and, to the extent they are not manifestly in error, the information or report may be conclusively relied on in making the calculations.
- (b) For each Due Period and as of any Measurement Date, the scheduled payment of principal or interest on any Pledged Obligation shall be the sum of

- (i) the total amount of payments and collections reasonably expected to be received during the Due Period in respect of the Pledged Obligation that, if paid as scheduled, will be available for payment on the Notes and of certain expenses of the Issuer and the Co-Issuer in the Collection Account at the end of the Due Period; and
- (ii) any such amounts received in prior Due Periods that were not disbursed on a previous Payment Date.

Except as provided in paragraph (h) below, a Non-Performing Collateral Obligation shall be assumed to have a scheduled payment of principal and interest of zero.

The total amount of payments and collections reasonably expected to be received includes the proceeds of the sale of the Pledged Obligation received and, in the case of sales which have not yet settled, to be received during the Due Period and not used to purchase additional Collateral Obligations (including any related deposit into the Synthetic Security Reserve Account, the Revolving Reserve Account or the Delayed Drawdown Reserve Account or the posting by the Issuer of cash collateral with (or for the benefit of) a Synthetic Security Counterparty, Securities Lending Counterparty, or Hedge Counterparty simultaneously with the Issuer's purchase of or entry into a Synthetic Security, Securities Lending Agreement, or Hedge Agreement) or Eligible Investments or retained in the Collection Account for subsequent application thereof to purchase additional Collateral Obligations pursuant to Section 12.2.

- (c) For purposes of the applicable determinations required by Section 12 and the definition of "Interest Coverage Ratio," the expected interest on Collateral Obligations shall be calculated using their then current interest rates.
- (d) With respect to any Collateral Obligation, the date on which it "matures" (or its "maturity" date) shall be the earlier of
  - (i) the stated maturity of the obligation or
  - (ii) if the Issuer has the right to require the issuer or obligor of the Collateral Obligation to purchase, redeem, or retire the Collateral Obligation at a price of at least par on any one or more dates before its Stated Maturity (a "put right") and the Servicer certifies to the Trustee that it will cause the Issuer to direct the Trustee to exercise the put right on a date, the maturity date shall be the date specified in the certification.
- (e) For purposes of calculating compliance with the Collateral Quality Tests (other than the Diversity Test and the S&P Industry Classification with respect to the S&P CDO Monitor Test), the Coverage Tests, and the Retention Overcollateralization Test and all related definitions, unless otherwise specified in this Indenture a Synthetic Security shall be included as a Collateral Obligation having the characteristics of the Synthetic Security and not of the Reference

Obligation. For purposes of calculating compliance with the Concentration Limitations other than limits relating to payment characteristics, and all related definitions, unless otherwise specified in this Indenture or by the Rating Agencies, a Synthetic Security shall be included as a Collateral Obligation having the characteristics of its Reference Obligations and not the Synthetic Security. For purposes of calculating compliance with the Concentration Limitations relating to payment characteristics, and all related definitions, unless otherwise specified in this Indenture or by the Rating Agencies, a Synthetic Security shall be included as a Collateral Obligation having the characteristics of the Synthetic Security and not its Reference Obligations.

- (f) Any Collateral Obligation loaned to a Securities Lending Counterparty shall be included in the Collateral Quality Tests, the Coverage Tests, and the Retention Overcollateralization Test and the Principal Balance of any Collateral Obligation loaned to a Securities Lending Counterparty shall be included in the Aggregate Principal Balance of Collateral Obligations, in each case unless an "event of default" (under and as defined in the related Securities Lending Agreement) is continuing.
- (g) If a Class of Notes ceases to be Outstanding, then any Coverage Test computed by reference to the Class of Notes (but not to any subordinate Class of Notes then Outstanding) shall cease to be of any force.
- (h) For purposes of calculating compliance with the Eligibility Criteria (other than the Weighted Average Life Test), at the direction of the Servicer by notice to the Trustee, during the Replacement Period any Eligible Investment representing Principal Proceeds received upon the maturity, redemption, sale, or other disposition of a Collateral Obligation (or, after the Replacement Period, in respect of Principal Proceeds constituting Unscheduled Principal Payments and Sale Proceeds from Credit Risk Obligations and Credit Improved Obligations) shall be deemed to have the characteristics of the disposed Collateral Obligation until used to purchase an additional Collateral Obligation. The calculations shall be based on the Principal Balance of the disposed Collateral Obligations except in the case of Defaulted Collateral Obligations and Credit Risk Securities, in which case the calculations will be based on the Principal Proceeds received on the disposition or sale of the Defaulted Collateral Obligation or Credit Risk Obligation.
- (i) The calculation on any Coverage Test on any Determination Date shall be made by giving effect to all payments to be made pursuant to all subclauses of the Priority of Payments as applicable, payable on the Payment Date following such Determination Date. In addition no Principal Proceeds will be used to pay a subordinated Class on a Payment Date if, after giving effect to such payment, any Coverage Test of a more senior Class of Notes is failing on such Payment Date or would fail as a result of such application of the Principal Proceeds on such Payment Date.

### 1.3 Rules of Interpretation

Except as otherwise expressly provided in this Indenture or unless the context clearly requires otherwise:

- (a) Defined terms include, as appropriate, all genders and the plural as well as the singular.
- (b) References to designated articles, sections, subsections, exhibits, and other subdivisions of this Indenture, such as "Section 6.13 (a)", refer to the designated article, section, subsection, exhibit, or other subdivision of this Indenture as a whole and to all subdivisions of the designated article, section, subsection, exhibit, or other subdivision. The words "herein", "hereof", "hereto", "hereunder" and other words of similar import refer to this Indenture as a whole and not to any particular article, section, exhibit, or other subdivision of this Indenture.
- (c) Any term that relates to a document or a statute, rule, or regulation includes any amendments, modifications, supplements, or any other changes that may have occurred since the document, statute, rule, or regulation came into being, including changes that occur after the date of this Indenture. References to law are not limited to statutes. Any reference to any Person includes references to its successors and assigns.
- (d) Any party may execute any of the requirements under this Indenture either directly or through others, and the right to cause something to be done rather than doing it directly shall be implicit in every requirement under this Indenture. Unless a provision is restricted as to time or limited as to frequency, all provisions under this Indenture are implicitly available and things may happen from time to time.
- (e) The term "including" and all its variations mean "including but not limited to." Except when used in conjunction with the word "either", the word "or" is always used inclusively (for example, the phrase "A or B" means "A or B or both", not "either A or B but not both").
- (f) A reference to "a thing" or "any of a thing" does not imply the existence or occurrence of the thing referred to even though not followed by "if any", and "any of a thing" is any and all of it. A reference to the plural of anything as to which there could be either one or more than one does not imply the existence of more than one (for instance, the phrase "the obligors on a note" means "the obligor or obligors on a note"). "Until something occurs" does not imply that it must occur, and will not be modified by the word "unless." The word "due" and the word "payable" are each used in the sense that the stated time for payment has passed. The word "accrued" is used in its accounting sense, i.e., an amount paid is no longer accrued. In the calculation of amounts of things, differences and sums may generally result in negative numbers, but when the calculation of the excess of

one thing over another results in zero or a negative number, the calculation is disregarded and an "excess" does not exist. Portions of things may be expressed as fractions or percentages interchangeably. The word "shall" is used in its imperative sense, as for instance meaning a party agrees to something or something must occur or exist.

- (g) All accounting terms used in an accounting context and not otherwise defined, and accounting terms partly defined in this Indenture, to the extent not completely defined, shall be construed in accordance with generally accepted accounting principles. To the extent that the definitions of accounting terms in this Indenture are inconsistent with their meanings under generally accepted accounting principles, the definitions contained in this Indenture shall control.
- (h) In the computation of a period of time from a specified date to a later specified date or an open-ended period, the words "from" and "beginning" mean "from and including", the word "after" means "from but excluding," the words "to" and "until" mean "to but excluding", and the word "through" means "to and including." Likewise, in setting deadlines or other periods, "by" means "on or before." The words "preceding", "following", "before", "after", "next" and words of similar import, mean immediately preceding or following. References to a month or a year refer to calendar months and calendar years.
- (i) Any reference to the enforceability of any agreement against a party means that it is enforceable against the party in accordance with its terms, subject to applicable bankruptcy, insolvency, reorganization, and other similar laws of general applicability relating to or affecting creditors' rights and to general equity principles.
- (j) Except when only the registered Holder is recognized, such as in Section 2.9., references to Noteholders, Holders, and the like refer equally to beneficial owners who have an interest in a Note but are not reflected in the Indenture Register as the owner.

## 2. THE NOTES

### 2.1 Forms Generally

The Notes and the Trustee's or Authenticating Agent's certificate of authentication on them (the ***Certificate of Authentication***) shall be in substantially the forms required by this Section, with appropriate insertions, omissions, substitutions, and other variations required or permitted by this Indenture, and may have any letters, numbers, or other marks of identification and any legends or endorsements on them that are consistent with this Indenture, as determined by the Authorized Officers of the Issuer executing the Notes as evidenced by their execution of the Notes.

## 2.2 Forms of Notes and Certificate of Authentication

- (a) The Notes, including the Regulation S Global Notes, Rule 144A Global Notes and Certificate of Authentication, shall be in the forms of the applicable portion of Exhibit A.
- (b) **Regulation S Global Notes.** The Notes of each Class sold to non-U.S. persons in off-shore transactions in reliance on Regulation S shall each be represented by one or more global notes in definitive, fully registered form without interest coupons substantially in the form of the applicable portion of Exhibit A, including legends (the **Regulation S Global Notes**). The global notes shall be deposited on behalf of the subscribers for the Notes represented thereby with the Trustee as custodian for, and registered in the name of a nominee of, the Depository for the respective accounts of Euroclear and Clearstream, duly executed by the Applicable Issuers and authenticated by the Trustee as hereinafter provided. The aggregate principal amount of the Regulation S Global Notes may from time to time be increased or decreased by adjustments made on the records of the Trustee or the Depository or its nominee, as the case may be, as hereinafter provided. As used above and in subsection (d) below, "U.S. person" and "off-shore transaction" have the meanings assigned to them in Regulation S.
- (c) **Rule 144A Global Notes.** The Notes of each Class initially sold to U.S. persons that are Qualified Institutional Buyers and Qualified Purchasers shall each be issued initially in the form of one permanent global note per Class in definitive, fully registered form without interest coupons substantially in the form of the applicable portion of Exhibit A, including legends (each, a **Rule 144A Global Note**), which shall be deposited on behalf of the subscribers for the Notes represented thereby with the Trustee as custodian for, and registered in the name of a nominee of, the Depository, duly executed by the Applicable Issuers and authenticated by the Trustee as hereinafter provided. The aggregate principal amount of the Rule 144A Global Notes may from time to time be increased or decreased by adjustments made on the records of the Trustee or the Depository or its nominee, as the case may be, as hereinafter provided.
- (d) **Book-Entry Provisions.** This Section 2.2(d) shall apply only to Global Notes deposited with or on behalf of the Depository. The "Operating Procedures of the Euroclear System" of Euroclear and the "Terms and Conditions Governing Use of Participants" of Clearstream, respectively, shall be applicable to the Regulation S Global Notes insofar as interests in the Global Notes are held by the Agent Members of Euroclear or Clearstream, as the case may be.

Agent Members shall have no rights under this Indenture with respect to any Global Note held on their behalf by the Trustee, as custodian for the Depository and the Depository may be treated by the Co-Issuers, the Trustee, and any agent of the Co-Issuers or the Trustee as the absolute owner of the Note for all purposes whatsoever. Notwithstanding the foregoing, nothing in this Indenture shall

prevent the Co-Issuers, the Trustee, or any agent of the Co-Issuers or the Trustee, from giving effect to any written certification, proxy, or other authorization furnished by the Depository or impair, as between the Depository and its Agent Members, the operation of customary practices governing the exercise of the rights of a Holder of any Note.

### 2.3 Authorized Amount; Denominations

- (a) The aggregate principal amount of Notes that may be authenticated and delivered under this Indenture is limited to U.S.\$637,000,000, except for Notes authenticated and delivered upon registration of, transfer of, or in exchange for, or in lieu of, other Notes pursuant to Section 2.6, 2.7, or 8.5.
- (b) The Notes shall be divided into the following Classes, having the designations, original principal amounts and other characteristics as follows:

Class	A-1	A-2	B	C	D	E
Original Principal Amount	U.S.\$417,200,000	U.S.\$104,300,000	U.S.\$41,300,000	U.S.\$37,100,000	U.S.\$16,100,000	U.S.\$21,000,000
Interest Rate	LIBOR + 0.32%	LIBOR + 0.60%	LIBOR + 1.00%	LIBOR + 2.00%	LIBOR + 3.50%	LIBOR + 4.00%
Initial Rating (Moody's/S&P)	Aaa/AAA	Aaa/AAA	Aa2/AA	A2/A	Baa2/BBB	Baa3/BBB-

- (c) The Notes will be issuable in minimum denominations of U.S.\$250,000, and integral multiples of U.S.\$1,000 in excess of that amount.
- (d) The Issuer will also issue 17,500 Class I Preference Shares and 45,500 Class II Preference Shares pursuant to the Preference Share Documents, simultaneously with the issuance of the Notes under this Indenture. At any time during the Replacement Period, the Issuer may issue and sell additional Preference Shares and use the proceeds from such issuance and sale to purchase additional Collateral Obligations or as otherwise permitted under the Preference Share Documents and this Indenture pursuant to Section 6 of the Preference Shares Paying Agency Agreement. The Preference Shares are not secured by the lien of this Indenture. Any payments made by the Trustee hereunder with respect to the Preference Shares (other than, as and to the extent described herein, the Class II Preference Share Special Payments) will be released by the Trustee to the Preference Shares Paying Agent on each Payment Date in accordance with the Priority of Payments for deposit into the Preference Shares Distribution Account for payment, subject to Cayman Islands law, to Holders of the Preference Shares as dividends or Redemption Price, as applicable.

## 2.4 Extension of Replacement Period and Stated Maturity

- (a) The Issuer, if directed by the Servicer, shall be entitled on each Extension Effective Date to extend the Replacement Period to the applicable Extended Replacement Period End Date up to a maximum of four times if (i) in the case of an Extension Effective Date occurring after the first Extension Effective Date, the Issuer has previously effected a Maturity Extension for each preceding Extension Effective Date in accordance with this Section 2.4 and (ii) the Extension Conditions set forth in Section 2.4(c) are satisfied and the Issuer has given written notice of its election to extend the Replacement Period to the Trustee no later than 60 days and no earlier than 90 days prior to such Extension Effective Date. If the Extension Conditions are satisfied, the Stated Maturity of the Notes shall be automatically extended to the related Extended Stated Maturity Date and the Weighted Average Life Test shall be automatically extended to the related Extended Weighted Average Life Date, without any requirement for approval or consent of any Holders of Notes or Preference Shares or amendment or supplement to this Indenture or the Preference Share Documents (the ***Maturity Extension***); **provided** that the Issuer will not be permitted to effect more than four Maturity Extensions.
- (b) In the case of a Maturity Extension, any Holder of Securities wishing to sell such Securities to an Extension Qualifying Purchaser pursuant to the Extension Conditions must provide the applicable Extension Sale Notice within the Extension Sale Notice Period pursuant to Section 2.4(d) (such Securities as to which an Extension Sale Notice has been duly given, ***Extension Sale Securities***). Notwithstanding anything to the contrary herein, in connection with an Extension Sale, all, but not part, of the Extension Sale Securities shall be purchased and settled at the applicable Extension Purchase Price on the applicable Extension Effective Date.
- (c) The Maturity Extension shall be effective only if the following conditions (the ***Extension Conditions***) are satisfied:
  - (i) the purchase of all Extension Sale Securities has been settled by the designated Extension Qualifying Purchasers at the applicable Extension Purchase Price as of the applicable Extension Effective Date;
  - (ii) all such purchases of Extension Sale Securities individually and in the aggregate comply with the applicable transfer restrictions in this Indenture and the Preference Share Documents immediately after such purchase and the legends on such Extension Sale Securities and all applicable law, rules and regulations (including, without limitation, rules, regulations and procedures of any applicable securities exchange, self-regulatory organization or clearing agency);

- (iii) (a) the Rating Condition has been satisfied with respect to S&P (so long as any Notes are then rated by S&P) and (b) the Rating Condition has been satisfied with respect to Moody's (so long as any Notes are then rated by Moody's);
- (iv) the Issuer has not effected more than three prior Extensions; and
- (v) such extension is not effected for the primary purpose of decreasing losses or recognizing gains resulting from market value changes.

The Issuer, the Trustee and, by its acceptance of the Notes, each Noteholder agrees that neither of the Initial Purchasers shall be responsible for causing the Extension Conditions to be satisfied and neither of the Initial Purchasers shall be liable to any such Person or Noteholders (whether or not such Holder gave an Extension Sale Notice with respect to its Notes) or to any other Person if the Extension Conditions are not satisfied. Failure of the Extension Conditions to be satisfied shall not constitute a Default or Event of Default under this Indenture.

(d) Extension Procedure.

- (i) Not later than three Business Days following receipt by the Trustee of the notice given by the Issuer of its election to extend the Replacement Period (the ***Extension Notice***), the Trustee shall mail the Extension Notice to all Noteholders, the Preference Shares Paying Agent (for forwarding to the Holders of the Preference Shares) and each Rating Agency (so long as any rated Notes are Outstanding), in the form of Exhibit I, and shall request the Rating Confirmation for the Maturity Extension from each Rating Agency, if applicable;
- (ii) Any Holder of the Securities may deliver an irrevocable notice (an ***Extension Sale Notice***) to the Issuer and the Trustee within 30 days after the Trustee has mailed the Extension Notice (the ***Extension Sale Notice Period***) of its intention to sell all or a portion of its Securities to an Extension Qualifying Purchaser in the case of a Maturity Extension. Any Extension Sale Notice received by the Trustee after the Extension Sale Notice Period shall be disregarded and deemed not to have been given. No Holder of the Securities that has not delivered such an Extension Sale Notice within the Extension Sale Notice Period shall be entitled to sell its Securities to an Extension Qualifying Purchaser in connection with the Maturity Extension; and
- (iii) If clause (iii)(b) of the Extension Conditions is not satisfied as of the applicable Extension Determination Date as determined by the Issuer (or its agent), the Trustee shall request the Rating Condition to be satisfied with respect to Moody's.

- (e) On the applicable Extension Determination Date, the Issuer (or its agent) shall confirm (i) whether or not Extension Qualifying Purchasers for all Extension Sale Securities have been designated to purchase such Extension Sale Securities in compliance with all transfer restrictions in this Indenture and the Preference Share Documents and the legends on such Extension Sale Securities and all applicable laws, rules and regulations (including, without limitation, any rules, regulations and procedures of any securities exchange, self-regulatory organization or clearing agency), (ii) whether the requirements of clause (c)(iii) of the Extension Conditions are satisfied as of the applicable Extension Determination Date and (iii) whether all other Extension Conditions can be satisfied as of the applicable Extension Effective Date.
- (f) On each Extension Effective Date, the Maturity Extension shall automatically become effective under the terms of this Indenture; **provided** that all Extension Conditions set forth in clauses (a) and (c) above are satisfied (as certified to the Trustee by a certificate of an Authorized Officer of the Issuer). No later than two Business Days after each Extension Effective Date, the Trustee based on a determination made by the Issuer in consultation with the Servicer, at the expense of the Co-Issuers, shall mail a notice to all Noteholders, the Preference Shares Paying Agent (for forwarding to the Holders of Preference Shares), the Servicer, the Initial Purchasers, each Rating Agency (so long as any rated Notes are Outstanding) and the Irish Stock Exchange (if and for so long as any Class of Notes is listed thereon) confirming whether or not the Maturity Extension became effective. If the Maturity Extension became effective, the Issuer shall make any required notifications thereof to the Depository for any Notes subject to the Maturity Extension.
- (g) In the case of a Maturity Extension, each Noteholder, other than a Holder of Extension Sale Securities, shall be entitled to receive an amount equal to the applicable Extension Bonus Payment. Holders of Preference Shares shall not be entitled to receive any Extension Bonus Payment.

The Extension Bonus Payment shall be payable to any applicable qualifying beneficial owners who have provided the Trustee with an Extension Bonus Eligibility Certification on the first Payment Date from and including each Extension Effective Date on which funds are available to be used for such purposes in accordance with Priority of Payments, but in any event, no later than the earlier of the Stated Maturity and the date of redemption of the Notes. Extension Bonus Payments which are not available to be paid on a Payment Date in accordance with the Priority of Payments shall not be considered "due and payable" hereunder. The failure to pay any such Extension Bonus Payment on such date shall not be an Event of Default, unless the Issuer shall fail to pay in full such Extension Bonus Payment on the earlier of the Stated Maturity and the date of redemption in full of the relevant Securities. Unpaid Extension Bonus Payments shall not accrue interest. Such amounts shall be paid, in the case of the Notes, to the accounts designated in the applicable Extension Bonus Eligibility

Certification or, to the extent otherwise required by the rules of any applicable securities exchange or clearing agency, in a manner determined by the Issuer.

- (h) If any Holder of Class II Preference Shares delivers an Extension Sale Notice notifying the Issuer and the Trustee of its intention to sell all or a portion of its Class II Preference Shares, such Holder will sell such Class II Preference Shares to the Extension Qualifying Purchaser and such Preference Shares will be redesignated as Class I Preference Shares.

## **2.5 Execution, Authentication, Delivery, and Dating**

The Notes shall be executed on behalf of each of the Applicable Issuers by one of their respective Authorized Officers. The signature of the Authorized Officer on the Notes may be manual or facsimile.

Notes bearing the manual or facsimile signatures of individuals who were at any time the Authorized Officers of the Issuer or the Co-Issuer, as applicable, shall bind the Issuer and the Co-Issuer, notwithstanding that any of them have ceased to hold their offices before the authentication and delivery of the Notes or did not hold their offices at the date of issuance of the Notes.

At any time and from time to time after the execution and delivery of this Indenture, the Co-Issuers may deliver the Notes, in each case executed by the Applicable Issuers to the Trustee or the Authenticating Agent for authentication and the Trustee or the Authenticating Agent, upon Issuer Order, shall authenticate and deliver the Notes as provided in this Indenture and not otherwise.

Each Note authenticated and delivered by the Trustee or the Authenticating Agent upon Issuer Order on the Closing Date shall be dated as of the Closing Date. All other Notes that are authenticated after the Closing Date for any other purpose under this Indenture shall be dated the date of their authentication.

Notes issued upon transfer, exchange, or replacement of other Notes shall be issued in authorized denominations reflecting the original Aggregate Outstanding Amount of the Notes so transferred, exchanged, or replaced, but shall represent only the current outstanding principal amount of the Notes so transferred, exchanged, or replaced. If any Note is divided into more than one Note in accordance with this Section 2, the original principal amount of the Note shall be proportionately divided among the Notes delivered in exchange for it and shall be the original aggregate principal amount of the subsequently issued Notes.

No Note shall be entitled to any benefit under this Indenture or be valid or obligatory for any purpose, unless there appears on the Note a Certificate of Authentication executed by the Trustee or by the Authenticating Agent by the manual signature of one of their Authorized Officers, and that certificate on any Note shall be conclusive evidence, and

the only evidence, that the Note has been duly authenticated and delivered under this Indenture.

## **2.6 Registration, Registration of Transfer and Exchange**

- (a) The Issuer shall cause a register (the *Indenture Register*) to be kept in which the Issuer shall provide for the registration of Notes and the registration of transfers of Notes. The Trustee is hereby initially appointed "Indenture Registrar" for the purpose of registering Notes and transfers of the Notes as provided in this Indenture. The Issuer may rely conclusively on any such information provided to it by the Trustee. Upon any resignation or removal of the Indenture Registrar, the Issuer shall promptly appoint a successor and notify the Servicer of the appointment or, in the absence of such appointment, assume the duties of Indenture Registrar.

If the Issuer appoints a Person other than the Trustee to be Indenture Registrar, the Issuer will give the Trustee prompt written notice of the appointment of the Indenture Registrar and of the location, and any change in the location, of the Indenture Register. The Trustee may inspect the Indenture Register at all reasonable times and obtain copies of it. The Trustee may rely on a certificate executed on behalf of the Indenture Registrar by an Officer of the Indenture Registrar as to the names and addresses of the Noteholders and the principal amounts and number of the Notes.

Upon surrender for registration of transfer of any Notes at the office or agency of the Applicable Issuers to be maintained pursuant to Section 7.2, if the requirements of this Indenture are met the Applicable Issuers shall execute, and the Trustee shall authenticate and deliver, in the name of the designated transferees, new Notes of any authorized denomination and of a like original Aggregate Outstanding Amount.

At the option of their Holder, Notes may be exchanged for Notes of like terms, in any authorized denominations and of like aggregate principal amount, upon surrender of the Notes to be exchanged at the office or agency of the Applicable Issuers to be maintained pursuant to Section 7.2. Whenever any Note is surrendered for exchange, the Applicable Issuers shall execute, and the Trustee shall authenticate and deliver, the Notes that the Noteholder making the exchange is entitled to receive.

All Notes issued on any registration of transfer or exchange of Notes shall be the valid obligations of the Applicable Issuers evidencing the same obligations and entitled to the same benefits under this Indenture as the Notes surrendered for registration of transfer or exchange.

Every Note presented or surrendered for registration of transfer or exchange shall be duly endorsed, or be accompanied by a written instrument of transfer in form

satisfactory to the Indenture Registrar duly executed by its Holder or his attorney duly authorized in writing.

No Holder shall incur a service charge for any registration of transfer or exchange of the Notes, but the Trustee may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

- (b) No Note may be sold or transferred (including by pledge or hypothecation) unless the sale or transfer is exempt from the registration requirements of the Securities Act, is exempt from the registration requirements under applicable state securities laws, and will not cause either of the Co-Issuers to become subject to the requirement that it register as an investment company under the Investment Company Act. None of the Co-Issuers, the Trustee or any other Person shall have any obligation to register the Notes under the Securities Act or any state securities laws.
- (c)
  - (i) No Note or interest therein may be transferred to any purchaser or transferee if such purchase, holding and disposition of such Note would result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code (or, in the case of a governmental, foreign or church plan, any federal, state, foreign or local law that is substantially similar to Section 406 of ERISA or Section 4975 of the Code).
  - (ii) Any person described in paragraph (i) above is referred to herein as a "Non-Permitted Benefit Plan Investor." Any transfer of a beneficial interest to a Non-Permitted Benefit Plan Investor shall be void and any such purported transfer of which the Issuer, the Co-Issuer or the Trustee has notice may be disregarded by the Issuer, the Co-Issuer and the Trustee for all purposes.
- (d) None of the Trustee, the Share Registrar or the Indenture Registrar shall be responsible for ascertaining whether any transfer complies with, or for otherwise monitoring or determining compliance with, the requirements or terms of the Securities Act, applicable state securities laws, ERISA, the Code or the Investment Company Act; except that if a certificate or any other document is specifically required by this Section 2.6 to be provided to the Trustee or such Registrar by a prospective transferee, the Trustee and such Registrar, as applicable, shall be under a duty to receive and examine the same to determine whether it conforms substantially on its face to the applicable requirements of this Section 2.6.
- (e) For so long as any of the Notes are Outstanding, the Issuer shall not issue or register the transfer of any Issuer Ordinary Shares to U.S. persons and the Co-Issuer shall not issue or register the transfer of any of its shares of the Co-Issuer to U.S. persons. As used in this subsection (e), "U.S. person" has the meaning assigned to it in Regulation S.

- (f) So long as a Global Note remains Outstanding and is held by or on behalf of the Depository, transfers of the Global Note, in whole or in part, shall only be made in accordance with Section 2.2(c), Section 2.6(c) and this Section 2.6(f).
- (i) Subject to clauses (ii), (iii) and (iv) of this Section 2.6(f), transfers of a Global Note shall be limited to transfers of the Global Note in whole, but not in part, to nominees of the Depository.
  - (ii) **Rule 144A Global Note to Regulation S Global Note.** If a Holder of a beneficial interest in a Rule 144A Global Note deposited with the Depository wishes at any time to exchange its interest in the Rule 144A Global Note for an interest in the corresponding Regulation S Global Note, or to transfer its interest in the Rule 144A Global Note to a Person who wishes to take delivery of it in the form of an interest in the corresponding Regulation S Global Note, the Holder may exchange or transfer the interest for an equivalent beneficial interest in the corresponding Regulation S Global Note (subject to the rules and procedures of the Depository) if the Holder after the exchange or transfer is not a U.S. person.

The Indenture Registrar shall instruct the Depository to reduce the principal amount of the Rule 144A Global Note and to increase the principal amount of the Regulation S Global Note by the aggregate principal amount of the beneficial interest in the Rule 144A Global Note to be exchanged, and to credit to the Securities Account of the Person specified in the instructions a beneficial interest in the corresponding Regulation S Global Note equal to the reduction in the principal amount of the Rule 144A Global Note upon receipt by the Indenture Registrar of

- (A) instructions given in accordance with the Depository's procedures from an Agent Member directing the Indenture Registrar to credit a beneficial interest in the corresponding Regulation S Global Note, but not less than the minimum denomination applicable to the Holder's Notes, equal to the beneficial interest in the Rule 144A Global Note to be exchanged or transferred,
- (B) a written order given in accordance with the Depository's procedures containing information regarding the participant account of the Depository and the Euroclear or Clearstream account to be credited with the increase,
- (C) a certificate in the form of Exhibit B-3 given by the Holder of the beneficial interest stating that the exchange or transfer of the interest has been made in compliance with the transfer restrictions applicable to the Global Notes, including that the Holder or the transferee, as applicable, is not a U.S. person, and that the transfer

has been made pursuant to and in accordance with Regulation S, and

- (D) in the case of a transfer, a certificate in the applicable form of Exhibit B-1 given by the proposed transferee stating that it is not a U.S. person.
- (iii) **Regulation S Global Note to Rule 144A Global Note.** If a Holder of a Note held as a beneficial interest in a Regulation S Global Note deposited with the Depository wishes at any time to exchange its interest in the Regulation S Global Note for an interest in the corresponding Rule 144A Global Note or to transfer its interest in the Regulation S Global Note to a Person who wishes to take delivery of it in the form of an interest in the corresponding Rule 144A Global Note, the Holder may, subject to the rules and procedures of Euroclear, Clearstream or the Depository, as the case may be, exchange or transfer, or cause the exchange or transfer of, the interest for an equivalent beneficial interest in the corresponding Rule 144A Global Note. Upon receipt by the Indenture Registrar of:
  - (A) instructions from Euroclear, Clearstream or the Depository, as the case may be, directing the Indenture Registrar to cause to be credited a beneficial interest in the corresponding Rule 144A Global Note equal to the beneficial interest in the Regulation S Global Note, but not less than the minimum denomination applicable to the Holder's Notes, to be exchanged or transferred, the instructions to contain information regarding the participant account with the Depository to be credited with the increase,
  - (B) a certificate in the form of Exhibit B-2 given by the Holder of the beneficial interest and stating that, in the case of an exchange, the Holder is a Qualified Institutional Buyer and a Qualified Purchaser or, in the case of a transfer, the Person transferring the interest in the Regulation S Global Note reasonably believes that the Person acquiring the interest in a Rule 144A Global Note is a Qualified Institutional Buyer, is obtaining the beneficial interest in a transaction meeting the requirements of Rule 144A and in accordance with any applicable securities laws of any state of the United States or any other jurisdiction, and a Qualified Purchaser, and
  - (C) a certificate in the form of Exhibit B-1 given by the proposed transferee stating that it is a QIB/QP,

the Indenture Registrar shall instruct the Depository to reduce the Regulation S Global Note by the aggregate principal amount of the beneficial interest in the Regulation S Global Note to be transferred or

exchanged and the Indenture Registrar shall instruct the Depository, concurrently with the reduction, to credit to the Securities Account of the Person specified in the instructions a beneficial interest in the corresponding Rule 144A Global Note equal to the reduction in the principal amount of the Regulation S Global Note.

- (iv) **Other Exchanges.** If a Global Note is exchanged for Notes in definitive registered form without interest coupons pursuant to Section 2.11, the Notes may be exchanged for one another only in accordance with procedures substantially consistent with the provisions above (including certification requirements intended to insure that the transfers are made only to Holders who are QIB/QPs or non-U.S. persons, or otherwise comply with Regulation S, as the case may be), and as may be from time to time adopted by the Co-Issuers and the Trustee.
- (g) [Reserved]
- (h) If the Notes are issued upon the transfer, exchange, or replacement of Notes bearing the applicable legends in the applicable forms in Exhibit A, as applicable, and if a request is made to remove the legend on the Notes, the legend shall not be removed unless the Trustee and the Applicable Issuers received satisfactory evidence, which may include an Opinion of Counsel acceptable to them, reasonably required by the Applicable Issuers (and which shall by its terms permit reliance by the Trustee), to the effect that neither the legend nor the restrictions on transfer in it are required to ensure that transfers of the Notes comply with the Securities Act, the Investment Company Act, ERISA and the Code. Upon provision of satisfactory evidence, the Trustee or its Authenticating Agent, at the written direction of the Applicable Issuers shall, after due execution by the Applicable Issuers authenticate and deliver Notes that do not bear the applicable legend.
- (i) Notwithstanding anything contained in this Section 2.6 to the contrary:
  - (i) **Restrictions on U.S. Transfers.** Transfers of an interest in a Regulation S Global Note that are not made in an offshore transaction pursuant to Regulation S or are made to U.S. persons, if such transferees take delivery in the form of an interest in a Rule 144A Global Note, shall be limited to transfers made pursuant to the provisions of Section 2.6(f)(iii) and Section 2.6(f)(iv).
  - (ii) Beneficial interests in a Regulation S Global Note may only be held through Euroclear or Clearstream.
- (j) Each Person who becomes a beneficial owner of a Note evidenced by: (A) an interest in a Definitive Note, shall make the representations, warranties and agreements set forth in the applicable Transferee Certificate set forth in Exhibit B-

- 1 upon such Person's purchase or other acquisition of the relevant Definitive Note and (B) an interest in a Global Note, shall be deemed to make the representations, warranties and agreements set forth in the applicable legends of the Notes set forth in Exhibit A hereto and in the applicable Transferee Certificate set forth in Exhibit B-1 hereto upon such Person's purchase or other acquisition of the relevant Global Note.
- (k) The aggregate principal amount of any Global Note may be increased or decreased by adjustments made on the records of the Trustee, as custodian for DTC for the Global Note, which adjustments shall be conclusive as to the aggregate principal amount of any Global Note.
  - (l) Any purported transfer of a Note not in accordance with this Section 2.6 shall be null and void.

## **2.7 Mutilated, Destroyed, Lost or Stolen Notes**

If the Applicable Issuers, the Trustee, and the relevant Transfer Agent receive evidence to their satisfaction of the destruction, loss or theft of any Note, and they receive the security or indemnity they require to hold each of them harmless, or if any mutilated Note is surrendered to a Transfer Agent, then, in the absence of notice to the Applicable Issuers, the Trustee, or the Transfer Agent that the Note has been acquired by a protected purchaser, the Applicable Issuers shall execute and the Trustee shall authenticate and deliver to the Holder, in exchange for the mutilated, destroyed, lost, or stolen Note, a replacement Note, of like tenor and equal principal or face amount.

If, after delivery of the replacement Note or payment on it, a protected purchaser of the predecessor Note presents it for payment, transfer, or exchange, the Applicable Issuers, the Transfer Agent, and the Trustee may recover the replacement Note (or the payment on it) from the Person to whom it was delivered or any Person taking the replacement Note from the Person to whom the replacement Note was delivered or any assignee of that Person, except a protected purchaser, and may recover on the security or indemnity provided therefor to the extent of any loss, damage, cost, or expense incurred by the Applicable Issuers, the Trustee, and the Transfer Agent in connection with it.

If the final payment in respect of any mutilated, destroyed, lost, or stolen Note has become payable, the Applicable Issuers in their discretion may, instead of issuing a new Note pay the Note without requiring its surrender except that any mutilated Note shall be surrendered.

Upon the issuance of any new Note under this Section, the Applicable Issuers or the Trustee may require the payment by its holder of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with the issuance and any other expenses (including the fees and expenses of the Trustee) connected with it.

Every new Note issued pursuant to this Section in replacement for any mutilated, destroyed, lost, or stolen Note shall be an original additional contractual obligation of the Applicable Issuers and the new Note shall be entitled to all the benefits of this Indenture equally and proportionately with all other Notes of the same Class duly issued under this Indenture, as applicable.

The provisions of this Section are exclusive and shall preclude (to the extent lawful) all other rights with respect to the replacement or payment of mutilated, destroyed, lost, or stolen Notes.

## **2.8 Payment of Principal, Interest and Other Amounts; Rights Preserved; Withholding**

- (a) The Notes of each Class shall accrue interest during each Interest Period on their Aggregate Outstanding Amount (determined as of the first day of the Interest Period and after giving effect to any redemption or other payment of principal occurring on that day) at the Applicable Note Interest Rate. Interest shall be payable in arrears on each Payment Date. Payment of interest on each Class of Notes shall be subordinated to the payments of interest on the related Priority Classes and other amounts in accordance with the Priority of Payments.

So long as any Priority Classes are Outstanding, with respect to any Class of Deferred Interest Notes, any payment of interest due on the Class of Deferred Interest Notes that is not available to be paid (*Deferred Interest*) in accordance with the Priority of Payments on any Payment Date shall not be considered "payable" for the purposes of this Indenture (and the failure to pay the interest shall not be an Event of Default) until the Payment Date on which the interest is available to be paid in accordance with the Priority of Payments. Deferred Interest on any Class of Deferred Interest Notes shall be payable on the first Payment Date on which funds are available to be used for that purpose in accordance with the Priority of Payments.

Interest shall cease to accrue on each Note, or in the case of a partial repayment, on the part repaid, from the date of repayment or its Stated Maturity unless payment of principal is improperly withheld or unless there is some other default with respect to the payments of principal.

To the extent lawful and enforceable, interest on Deferred Interest with respect to any Class of Deferred Interest Notes shall accrue at the Note Interest Rate for the Class (and to the extent not paid as current interest on the Payment Date after the Interest Period in which it accrues, shall thereafter be additional Deferred Interest, until paid as provided in this Indenture).

- (b) The principal of each Note of each Class matures at par and is payable on the Payment Date that is the Stated Maturity for the Class of Notes, unless the unpaid principal of the Note becomes payable at an earlier date by declaration of

acceleration, call for redemption, or otherwise. Notwithstanding the foregoing, the payment of principal of each Class of Notes:

- (i) may only occur after principal on each Class of Notes that is a Priority Class with respect to the Class has been paid in full; and
- (ii) is subordinated to the payment on each Payment Date of the principal and interest payable on the Priority Classes, and other amounts in accordance with the Priority of Payments;

**provided** that, notwithstanding the foregoing, Interest Proceeds may be used to pay principal of the Class E Notes on any Payment Date to the extent necessary to satisfy the Class E Coverage Test.

- (c) Principal payments on the Notes shall be made in accordance with the Priority of Payments and Section 9.1.
- (d) As a condition to the payment of principal of and interest on any Note without the imposition of U.S. withholding tax, the Paying Agent shall require the previous delivery of appropriate properly completed and signed original forms United States federal income tax certifications (generally, an Internal Revenue Service Form W-9 (or applicable successor form) in the case of a Person that is a "United States person" within the meaning of Section 7701(a)(30) of the Code or an appropriate Internal Revenue Service Form W-8 (or applicable successor form) in the case of a Person that is not a "United States person" within the meaning of Section 7701(a)(30) of the Code) or any other certification acceptable to it to enable the Issuer, the Co-Issuer, the Trustee, and any Paying Agent to determine their duties and liabilities with respect to any taxes or other charges that they may be required to deduct or withhold from payments on the Note under any present or future law of the United States or any present or future law of any political subdivision of the United States or taxing authority in the United States or to comply with any reporting or other requirements under any such law.
- (e) Payments in respect of interest on and principal of any Note shall be made by the Trustee in U.S. Dollars to the Depository or its designee with respect to a Global Note and to the Holder or its nominee with respect to a Definitive Note, by wire transfer, as directed by the Holder, in immediately available funds to a U.S. Dollar account maintained by the Depository or its nominee with respect to a Global Note, and to the Holder or its designee with respect to a Definitive Note. In the case of a Definitive Note, its Holder has provided written wiring instructions to the Trustee and, if the payment with respect to a Definitive Note is to be made by the Irish Paying Agent, the Irish Paying Agent, on or before the related Record Date.

If appropriate instructions for the wire transfer are not received by the related Record Date, then the payment will be made by check drawn on a U.S. bank

mailed to the address of the Holder in the Indenture Register. Upon final payment due on the Maturity of a Note, its Holder shall present and surrender the Note at the office designated by the Trustee on or before the Maturity. If the Trustee and the Applicable Issuers have been furnished the security or indemnity they require to save each of them harmless and an undertaking thereafter to surrender the certificate, then, in the absence of notice to the Applicable Issuers or the Trustee that the applicable Note has been acquired by a protected purchaser, the final payment shall be made without presentation or surrender. Neither the Co-Issuers, the Trustee, the Share Registrar nor any Paying Agent shall have any responsibility or liability for any aspects of the records maintained by Euroclear, Clearstream, or any of the Agent Members relating to or for payments made thereby on account of beneficial interests in a Global Note.

In the case where any final payment of principal and interest is to be made on any Note (other than on its Stated Maturity and except as otherwise provided in this Indenture), the Trustee, in the name and at the expense of the Applicable Issuers shall, not more than 30 nor less than ten days before the date on which the payment is to be made, mail (by first-class mail, postage prepaid) to the Persons entitled thereto at their addresses appearing on the Indenture Register, a notice specifying the date on which the payment will be made, the amount of the payment per U.S.\$100,000 original principal amount of Notes and the place where the Notes may be presented and surrendered for payment. If the Trustee and the Issuer have been furnished any security or indemnity they require to save each of them harmless and an undertaking thereafter to surrender the certificate, then, in the absence of notice to the Issuer or the Trustee that the applicable certificate has been acquired by a protected purchaser, final payment shall be made without presentation or surrender of the applicable certificate.

- (f) Payments of principal to Holders of the Notes of each Class shall be made in the proportion that the Aggregate Outstanding Amount of the Notes of the Class registered in the name of each Holder on the applicable Record Date bears to the Aggregate Outstanding Amount of all Notes of the Class on the Record Date.
- (g) Interest accrued shall be calculated on the basis of the actual number of days elapsed in the applicable Interest Period **divided by 360**.
- (h) All reductions in the principal amount of a Note (or one or more predecessor Notes) effected by payments of installments of principal made on any Payment Date or Redemption Date shall be binding on all future Holders of the Note and of any Note issued upon the registration of its transfer, exchange, or replacement, whether or not the payment is noted on the Note.
- (i) Notwithstanding any other provision of this Indenture, the obligations of the Co-Issuer under the Notes and under this Indenture are non-recourse obligations, and the obligations of the Issuer under the Notes and under this Indenture are limited recourse obligations payable solely from the Collateral and following realization

of the assets, application of their proceeds in accordance with this Indenture and the reduction of the proceeds of the Collateral to zero, all obligations of, and any claims against, the Co-Issuers under this Indenture or under the Notes or arising in connection therewith shall be extinguished and shall not thereafter revive. No recourse shall be had against any Officer, director, employee, shareholder, or incorporator of either of the Co-Issuers or their respective successors or assigns for any amounts payable under the Notes or this Indenture. The foregoing provisions of this paragraph (i) shall not (1) prevent recourse to the Collateral for the sums due or to become due under any security, instrument, or agreement that is part of the Collateral or (2) be a waiver, release, or discharge of any indebtedness or obligation evidenced by the Notes or secured by this Indenture until the Collateral have been realized. The foregoing provisions of this paragraph (i) shall not limit the right of any Person to name the Issuer or the Co-Issuer as a party defendant in any Proceeding or in the exercise of any other remedy under the Notes or this Indenture, so long as no judgment in the nature of a deficiency judgment or seeking personal liability is sought or (if obtained) enforced against the person.

- (j) If any withholding tax is imposed on the Issuer's payment (or allocations of income) under the Notes to any Noteholder, the tax shall reduce the amount otherwise distributable to the Noteholder. The Trustee is hereby authorized and directed to retain from amounts otherwise distributable to any Noteholder sufficient funds for the payment of any tax that is legally owed, or required by law to be collected, by or on behalf of the Issuer (but the authorization shall not prevent the Trustee or the Issuer from contesting any such tax in appropriate proceedings and withholding payment of the tax, if permitted by law, pending the outcome of the proceedings). The amount of any withholding tax imposed with respect to any Noteholder shall be treated as Cash distributed to the Noteholder when it is withheld by the Trustee and remitted to the appropriate taxing authority. If there is a possibility that withholding tax is payable with respect to a distribution, the Trustee may in its sole discretion withhold the amounts in accordance with this Section 2.8(j). If any Noteholder wishes to apply for a refund of any such withholding tax, the Trustee shall reasonably cooperate with the Noteholder in making the claim by providing information readily available to the Trustee so long as the Noteholder agrees to reimburse the Trustee for any out-of-pocket expenses incurred and provides the Trustee with security reasonably acceptable to the Trustee assuring the reimbursement. The Trustee hereby provides notice to each Noteholder that the failure by the Noteholder to provide the Trustee with appropriate tax certifications may result in amounts being withheld from payments to the Noteholder. Nothing in this Indenture shall impose an obligation on the part of the Trustee to determine the amount of any tax or withholding obligation on the part of the Issuer or in respect of the Notes.

## 2.9 Persons Considered Owners

The Issuer, the Co-Issuer, the Trustee, and any agent of the Co-Issuers or the Trustee shall treat as the owner of the Note the Person in whose name any Note is registered on the Indenture Register on the applicable Record Date for the purpose of receiving payments on the Note and on any other date for all other purposes whatsoever (whether or not the Note is overdue), and neither the Issuer, the Co-Issuer nor the Trustee nor any agent of the Issuer, the Co-Issuer or the Trustee shall be affected by notice to the contrary. Pursuant to the Servicing Agreement, the Servicer will notify the Trustee and the Share Registrar of any Affiliate of the Servicer that owns any of the Securities.

## 2.10 Cancellation

All Notes surrendered for payment, registration of transfer, exchange, or redemption, or lost or stolen, shall be promptly canceled by the Trustee and may not be reissued or resold. No Notes shall be authenticated in lieu of or in exchange for any Notes canceled as provided in this Section 2.10, except as expressly permitted by this Indenture. All canceled Notes held by the Trustee shall be destroyed by the Trustee in accordance with its standard policy unless the Applicable Issuers direct by an Issuer Order delivered to the Trustee prior to cancellation and destruction that they be returned to the Issuer.

## 2.11 Definitive Notes

- (a) A Global Note deposited with the Depository pursuant to Section 2.2 shall be transferred in the form of a Definitive Note to its beneficial owners only if the transfer complies with Section 2.6 and either
  - (i) the Depository notifies the Co-Issuers that it is unwilling or unable to continue as Depository for the Global Note or
  - (ii) if at any time the Depository ceases to be a Clearing Agency registered under the Exchange Act and, in each case, a successor depository is not appointed by the Co-Issuers within 90 days after the notice.
- (b) Any Global Note that is transferable in the form of a Definitive Note to its beneficial owners pursuant to this Section 2.11 shall be surrendered by the Depository to the office of the Trustee's agent located in the City of New York, New York as specified in Section 7.2 (or any other office designated by the Trustee) to be so transferred, in whole or from time to time in part, without charge, and the Applicable Issuers shall execute and the Trustee shall authenticate and deliver, upon the transfer of each portion of the Global Note, an equal aggregate principal amount of definitive physical certificates (pursuant to the instructions of the Depository) (each, a *Definitive Note*) in authorized denominations. Any Definitive Note delivered in exchange for an interest in a Global Note, as applicable, shall, except as otherwise provided by Section 2.6(j),

bear the legends in the applicable portion of Exhibit A and shall be subject to the transfer restrictions referred to in the legends.

- (c) The Holder of a Global Note may grant proxies and otherwise authorize any Person, including Agent Members and Persons that may hold interests through Agent Members, to take any action which a Holder is entitled to take under this Indenture or the Notes, as applicable.
- (d) Upon the occurrence of either of the events specified in Section 2.11(a)(i) and (ii), the Co-Issuers shall promptly make available to the Trustee a reasonable supply of Definitive Notes in definitive, fully registered form without interest coupons.

The Definitive Notes shall be in substantially the same form as the Global Notes, with any changes the Issuer and Trustee agree to and the Applicable Issuers shall execute, and the Trustee shall authenticate and deliver, in exchange therefor, the same aggregate principal amount of Definitive Notes of authorized denominations.

## **2.12 Notes Beneficially Owned by Non-Permitted Holders**

- (a) Notwithstanding anything to the contrary elsewhere in this Indenture, any transfer of a beneficial interest in any Global Note to a U.S. person (for purposes of this Section 2.12 as defined in Regulation S) that is not a QIB/QP and that is not made pursuant to an applicable exemption under the Securities Act shall be void and any such purported transfer of which the Issuer, the Co-Issuer or the Trustee has notice may be disregarded by the Issuer, the Co-Issuer and the Trustee for all purposes.
- (b) After discovery by the Issuer, the Co-Issuer or the Trustee (and notice by the Trustee or the Co-Issuer to the Issuer, if either of them makes the discovery) that a Person is a Non-Permitted Holder, the Issuer shall promptly send notice to the Non-Permitted Holder demanding that the Non-Permitted Holder transfer its interest to a Person that is not a Non-Permitted Holder within 30 days of the date of the notice. If the Non-Permitted Holder fails to so transfer its Notes or interest in the Notes without further notice to the Non-Permitted Holder, the Issuer may sell the Notes or interest in the Notes to a purchaser selected by the Issuer that is not a Non-Permitted Holder on any terms the Issuer chooses. The Issuer, or the Trustee acting on behalf of the Issuer, may select the purchaser by soliciting bids (or by appointing an investment bank at the expense of the Issuer to solicit bids) from brokers or other market professionals that regularly deal in securities similar to the Notes, and selling the Notes, or interest in the Notes to the highest bidder. However, the Issuer or the Trustee may select a purchaser by any other means determined by it in its sole discretion. The Holder of each Note, the beneficial owner of each interest in a Note, the Non-Permitted Holder, and each other Person in the chain of title from the Holder or beneficial owner to the Non-Permitted Holder, by its acceptance of an interest in the Notes agrees to cooperate with the

Issuer and the Trustee to effect the transfers. The proceeds of the sale, net of any commissions, expenses of the Trustee or otherwise, and taxes due in connection with the sale shall be remitted to the Non-Permitted Holder. The terms of any sale under this subsection shall be determined in the sole discretion of the Issuer (or the Trustee acting on its behalf), and the Issuer and the Trustee shall not be liable to any Person having an interest in the Notes sold as a result of any such sale or the exercise of its discretion.

### **2.13 Tax Characterization**

The Issuer agrees and each registered holder and beneficial owner, by accepting a Note, agrees to treat the Notes as debt instruments of the Issuer only for accounting, financial reporting and U.S. federal and, to the extent permitted by law, state and local income and franchise tax purposes, to report all income (or loss) in accordance with such treatment and not to take any action inconsistent with such treatment unless otherwise required by any relevant taxing authority.

## **3. CONDITIONS PRECEDENT**

### **3.1 Conditions to Issuance of Notes on Closing Date**

### 3.3 Representations as to Collateral

- (a) The Issuer hereby represents and warrants to the Secured Parties as to the Collateral as follows (which representations are repeated on each day on which the Issuer acquires new Collateral):
- (i) This Indenture creates a valid and continuing security interest (as defined in the applicable Uniform Commercial Code) in the Collateral in favor of the Trustee, which security interest is prior to all other liens, charges, claims, security interests, mortgages and other encumbrances, and is enforceable as such as against creditors of and purchasers from the Issuer.
  - (ii) Except for any Securities Lending Collateral and Synthetic Securities Collateral, the Issuer has good and marketable title to and is the owner of each item of Collateral free of any liens, claims, or encumbrances of any nature whatsoever except for liens (A) that are being released on the Closing Date and (B) granted pursuant to or permitted by this Indenture. The Issuer has a first priority security interest in all Securities Lending Collateral to secure all obligations of Securities Lending Counterparty under the Securities Lending Agreement and a first priority interest in all Synthetic Securities Collateral to secure all obligations of Synthetic Security Counterparty under the Synthetic Securities Agreement.
  - (iii) The Issuer has not assigned, pledged or otherwise encumbered any interest in the Collateral (or, if any interest in the Collateral has been assigned, pledged or otherwise encumbered, it has been released before the Closing Date or is being released on the Closing Date) other than interests granted pursuant to or permitted by this Indenture.
  - (iv) The Issuer has full right, and has received all consents and approvals required by the related Underlying Instruments, to grant a security interest in its rights in the Collateral to the Trustee.
  - (v) Each Collateral Obligation included in the Collateral satisfied the requirements of the definition of "Collateral Obligation" as of the date the Issuer committed to purchase the same or, in the case of the Loans with respect to which loans were made by Pre-Closing Participant and repaid by the Issuer on the Closing Date, as of the Closing Date.
  - (vi) All Collateral Obligations, any obligation that at the time of acquisition, conversion or exchange did not satisfy the requirements of a Collateral Obligation, and Eligible Investments (other than, in each case, "general intangibles" within the meaning of the applicable Uniform Commercial Code) have been and will have been credited to one of the Accounts. The securities intermediary for each Account has agreed to treat all assets

credited to the Accounts as "financial assets" within the meaning of the applicable Uniform Commercial Code.

- (vii) The Issuer has pledged to the Trustee all of the Issuer's interest in each Collateral Obligation included in the Collateral pursuant to the Granting Clauses of this Indenture and has delivered each Collateral Obligation (including any promissory note and all its other Underlying Instruments to the extent received by the Issuer) to the Trustee or the Custodian as contemplated by Section 3.2.
- (viii) Each of the Collateral constitutes "general intangibles," "certificated securities," "instruments," "securities entitlements," "uncertificated securities," "chattel paper" or Securities Accounts, each within the meaning of the applicable Uniform Commercial Code, or any other category of collateral under the applicable Uniform Commercial Code as to which the Issuer has complied with its obligations under Section 3.2(b).
- (ix) The Issuer has caused (or will have caused within 30 days following the Closing Date) the filing of appropriate financing statements in the proper filing offices in the appropriate jurisdictions under applicable law to perfect the security interest in the portion of the Collateral pledged to the Trustee under this Indenture that may be perfected by the filing of financing statements.
- (x) The Issuer has not authorized the filing of and is not aware of any financing statements against the Issuer that include a description of collateral covering the Collateral other than any financing statement (A) relating to the security interest granted to the Trustee under this Indenture, (B) that has been terminated or (C) that names the Trustee as the secured party. On the date of this Indenture, the Issuer is not aware of any judgment or Pension Benefit Guaranty Corporation or tax lien filings against the Issuer.
- (xi) The Issuer has delivered to the Trustee a fully executed agreement pursuant to which the securities intermediary for each Account has agreed to comply with all instructions originated by the Trustee relating to the Account without further consent by the Issuer.
- (xii) All original executed copies of each "instrument" (as defined in each applicable Uniform Commercial Code) that are or evidence the Collateral have been delivered to the Custodian, to the extent received by the Issuer. The Issuer has received confirmation from the Custodian that the Custodian has credited the instruments to one of the Accounts. None of the instruments that are or evidence the Collateral has any marks or notations indicating that they are then pledged or otherwise assigned to any Person other than the Trustee.

- (xiii) The Accounts are not in the name of any Person other than the Issuer or the Trustee. The Issuer has not consented to the securities intermediary of any Account to comply with instructions of any Person other than the Trustee.
- (xiv) All "certificated securities" (as defined in each applicable Uniform Commercial Code) that are or evidence the Collateral have been delivered to the Custodian, to the extent received by the Issuer, registered in the name of the Custodian or indorsed to the Custodian. The Issuer has received confirmation from the Custodian that the Custodian has credited such certificated securities to one of the Accounts.
- (xv) The Issuer has caused all "uncertificated securities" (as defined in each applicable Uniform Commercial Code) that are or evidence the Collateral to be registered in the name of the Custodian.
- (xvi) Upon grant by the Issuer, the Trustee has a first priority perfected security interest in the Collateral.

The parties to this Indenture shall not waive any of the representations in this Section 3.3, unless the Rating Condition is satisfied in connection with such waiver. The Issuer shall provide each of the Rating Agencies with prompt written notice of any breach of the representations contained in this Section 3.3 upon becoming aware thereof, and shall not waive a breach of any of the representations in this Section 3.3, unless the Rating Condition is satisfied (as determined after any adjustment or withdrawal of the ratings following notice of such breach) in connection with such waiver.

If the Issuer acquires Collateral that is not "general intangibles," "certificated securities," "instruments," Securities Accounts, "chattel paper," "securities entitlements" or "uncertificated securities," each within the meaning of the applicable Uniform Commercial Code, or another category of collateral under the applicable Uniform Commercial Code as to which the Issuer has complied with its obligations under this Section 3.3(b), then on or before the date on which the Issuer acquires the Collateral, the Issuer (or the Servicer on behalf of the Issuer) shall notify S&P and the Trustee (for the benefit of the Secured Parties) of its acquisition or intended acquisition of the Collateral and the Issuer shall represent to S&P and to the Trustee (for the benefit of the Secured Parties) as to the category of the Collateral under the applicable Uniform Commercial Code and shall make any further representations as to the perfection and priority of the security interest in the Collateral Granted under this Indenture acceptable to S&P.

The Replacement Period shall terminate upon a declaration of acceleration (subject to re-commencement pursuant to Section 5.2(c)). If an Event of Default specified in Section 5.1(e), (g) or (h) occurs, all unpaid principal, together with all its accrued and unpaid interest (and any applicable Defaulted Interest Charge), of all the Notes, and other amounts payable under this Indenture, shall automatically become payable without any declaration or other act on the part of the Trustee or any Noteholder and the Replacement Period shall terminate automatically (subject to re-commencement pursuant to Section 5.2(c)).

### **5.3 Collection of Indebtedness and Suits for Enforcement by Trustee**

The Applicable Issuers covenant that if a default occurs in the payment of any principal of or interest when payable on any Note, upon demand of the Trustee or the Holder of any affected Note, the Applicable Issuers shall pay to the Trustee, for the benefit of the Holder of the Note, the whole amount then payable on the Note for principal and interest with interest on the overdue principal and, to the extent that payments of the interest shall be legally enforceable, on overdue installments of interest and all other amounts owing to

the Noteholders under this Indenture, at the Applicable Note Interest Rate or Default Interest Rate, as applicable, and, in addition, an amount sufficient to cover the costs and expenses of collection, including the reasonable compensation, expenses, disbursements and advances of the Trustee and the Holders and their agents and counsel.

If the Issuer or the Co-Issuer fails to pay those amounts immediately on demand, the Trustee, in its own name and as Trustee of an express trust, may, with the consent of the Majority of the Controlling Class, and shall at the written direction of a Majority of the Controlling Class (subject to Section 6.3(e)), institute a Proceeding for the collection of the sums due, may prosecute the Proceeding to judgment or final decree, and may enforce the same against the Applicable Issuers or any other obligor on the Notes and collect the monies determined to be payable in the manner provided by law out of the Collateral.

If an Event of Default is continuing, the Trustee may, with the consent of the Majority of the Controlling Class, and shall upon written direction of a Majority of the Controlling Class (subject to Section 6.3(e)), proceed to protect and enforce its rights and the rights of the Noteholders by any appropriate Proceedings as is deemed most effective (if no direction is received by the Trustee) or as the Trustee may be directed by a Majority of the Controlling Class, to protect and enforce the rights of the Trustee and the Noteholders, whether for the specific enforcement of any agreement in this Indenture or in aid of the exercise of any power granted in this Indenture, or to enforce any other proper remedy or legal or equitable right vested in the Trustee by this Indenture or by law. The reasonable compensation, costs, expenses, disbursements and advances incurred or paid by the Trustee and its agents and counsel, in connection with such Proceeding, including, without limitation, the exercise of any remedies pursuant to Section 5.4, shall be reimbursed to the Trustee pursuant to Section 6.8.

If any Proceedings are pending relating to the Issuer or the Co-Issuer or any other obligor on the Notes under the Bankruptcy Law or any other applicable bankruptcy, insolvency or other similar law, or if a receiver, assignee, or trustee in bankruptcy or reorganization, liquidator, sequestrator or similar official has been appointed for or taken possession of the Issuer, the Co-Issuer or their respective property or any other obligor on the Notes or its property, or if any other comparable Proceedings are pending relating to the Issuer, the Co-Issuer or other obligor on the Notes, or the creditors or property of the Issuer, the Co-Issuer or other obligor on the Notes, the Trustee, regardless of whether the principal of any Notes is then payable by declaration or otherwise and regardless of whether the Trustee has made any demand pursuant to this Section 5.3, may, by intervention in the Proceedings or otherwise:

- (a) file and prove claims for the whole amount of principal and interest owing and unpaid in respect of the Notes, and file any other papers or documents appropriate and take any other appropriate action (including sitting on a committee of creditors) to have the claims of the Trustee (including any claim for reasonable compensation to the Trustee and each predecessor Trustee, and their respective agents, attorneys, and counsel, and for reimbursement of all expenses and liabilities incurred, and all advances made, by the Trustee and each predecessor

Trustee, except as a result of negligence or bad faith) and of the Noteholders allowed in any Proceedings relating to the Issuer, the Co-Issuer, or other obligor on the Notes or to the creditors or property of the Issuer, the Co-Issuer or other obligor on the Notes;

- (b) unless prohibited by applicable law, vote on behalf of the Noteholders in any election of a trustee or a standby trustee in arrangement, reorganization, liquidation or other bankruptcy or insolvency Proceedings or Person performing similar functions in comparable Proceedings; and
- (c) collect and receive any monies or other property payable to or deliverable on any such claims, and distribute all amounts received with respect to the claims of the Noteholders and of the Trustee on their behalf; and any trustee, receiver or liquidator, custodian or other similar official is authorized by each of the Noteholders to make payments to the Trustee, and, if the Trustee consents to making payments directly to the Noteholders, to pay to the Trustee amounts sufficient to cover reasonable compensation to the Trustee, each predecessor Trustee, and their respective agents, attorneys, and counsel, and all other reasonable expenses and liabilities incurred, and all advances made, by the Trustee and each predecessor Trustee except as a result of negligence or bad faith.

Nothing in this Indenture shall authorize the Trustee to authorize or consent to or vote for or accept or adopt on behalf of the Holder of any Note, any plan of reorganization, arrangement, adjustment or composition affecting the Notes or any Noteholder, or to authorize the Trustee to vote on the claim of the Holder of any Note in any Proceeding except, as aforesaid, to vote for the election of a trustee in bankruptcy or similar Person.

Notwithstanding anything in this Section 5.3 to the contrary, the Trustee may not sell or liquidate the Collateral or institute Proceedings in furtherance of the sale or liquidation of the Collateral pursuant to this Section 5.3 except according to Section 5.5(a).

#### **5.4 Remedies**

- (a) If an Event of Default is continuing, and the Notes have been declared payable and the declaration and its consequences have not been rescinded, or at any time after the Stated Maturity, the Co-Issuers agree that the Trustee may, with the consent of the Majority of the Controlling Class, and shall, upon written direction of a Majority of the Controlling Class (subject to Section 6.3(e)), to the extent permitted by applicable law, exercise one or more of the following rights:
  - (i) institute Proceedings for the collection of all amounts then payable on the Notes or otherwise payable under this Indenture, whether by declaration or otherwise, enforce any judgment obtained, and collect from the Collateral any monies adjudged due;

- (ii) sell or liquidate all or a portion of the Collateral or interests in it, at one or more public or private sales called and conducted in any manner permitted by law and in accordance with Section 5.17;
- (iii) institute Proceedings from time to time for the complete or partial foreclosure of this Indenture with respect to the Collateral;
- (iv) exercise any remedies of a secured party under the UCC and take any other appropriate action to protect and enforce the rights of the Trustee and the Noteholders under this Indenture; and
- (v) exercise any other rights that may be available at law or in equity;

*except* that the Trustee may not sell or liquidate the Collateral or institute Proceedings in furtherance of the sale or liquidation of the Collateral pursuant to this Section 5.4 except according to Section 5.5(a).

- (b) If an Event of Default as described in Section 5.1(f) is continuing the Trustee may, with the consent of, and shall, at the written direction of, the Holders of not less than 25% of the Aggregate Outstanding Amount of the Controlling Class, subject to Section 5.8 (and subject to Section 6.3(e)), institute a Proceeding solely to compel performance of the covenant or agreement or to cure the representation or warranty, the breach of which gave rise to the Event of Default under Section 5.1(f), and enforce any equitable decree or order arising from the Proceeding.
- (c) Upon any sale, whether made under the power of sale given under this Indenture or by virtue of judicial Proceedings, any Holders or the Servicer (subject to the Servicing Agreement) may bid for and purchase any part of the Collateral and, upon compliance with the terms of sale, may hold, retain, possess, or dispose of the Collateral in its or their own absolute right without accountability.

Upon any sale, whether made under the power of sale given under this Indenture or by virtue of judicial Proceedings, the receipt of the Trustee, or of the Officer making a sale under judicial Proceedings, shall be a sufficient discharge to the purchasers at any sale for their purchase money, and the purchasers shall not be obliged to see to its application.

Any sale, whether under any power of sale given under this Indenture or by virtue of judicial Proceedings, shall bind the Co-Issuers, the Trustee and the Noteholders, shall operate to divest all interest whatsoever, either at law or in equity, of each of them in the property sold, and shall be a perpetual bar, both at law and in equity, against each of them and their successors and assigns, and against all Persons claiming through or under them.

- (d) Notwithstanding any other provision of this Indenture, none of the Trustee, the Secured Parties or the Noteholders may, before the date that is one year and one

day (or if longer, any applicable preference period plus one day) after the payment in full of all Notes, institute against, or join any other Person in instituting against, the Issuer or the Co-Issuer any bankruptcy, reorganization, arrangement, insolvency, moratorium, or liquidation Proceedings, or other Proceedings under the Bankruptcy Law or any similar laws in any jurisdiction. Nothing in this Section 5.4 shall preclude the Trustee or any Secured Party (i) from taking any action before the expiration of that period in (A) any case or Proceeding voluntarily filed or commenced by the Issuer or the Co-Issuer or (B) any involuntary insolvency Proceeding filed or commenced by a Person other than a Secured Party or (ii) from commencing against the Issuer or the Co-Issuer or any of its properties any legal action that is not a bankruptcy, reorganization, arrangement, insolvency, moratorium or liquidation Proceeding.

## 5.5 Optional Retention of Collateral

- (a) Notwithstanding anything to the contrary in this Indenture, if an Event of Default is continuing, the Trustee shall retain the Collateral, collect, and cause the collection of the proceeds of the Collateral and make and apply all payments and deposits and maintain all accounts in respect of the Collateral and the Notes, and any Hedge Agreements (other than amounts received under a Hedge Agreement that are used in putting a Replacement Hedge in place), in accordance with the Priority of Payments and Section 10 and Section 12 unless:
- (i) the Trustee, in consultation with the Servicer, determines that the anticipated net proceeds of a sale or liquidation of the Collateral would be sufficient to discharge in full the amounts then due and unpaid on the Notes for principal and interest (including Defaulted Interest and Deferred Interest and any interest on the Defaulted Interest and Deferred Interest), all Administrative Expenses, all other amounts (if any) then payable to the Hedge Counterparty by the Issuer (including any applicable termination payments) net of all amounts then payable to the Issuer by the Hedge Counterparty and all other amounts then payable under clause (3) of Section 11.1(a)(i) and a Majority of the Controlling Class agrees with that determination;
  - (ii) the Holders of a Super Majority of each of the Class A-1 Notes, the Class A-2 Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes direct the sale and liquidation of the Collateral; or
  - (iii) the Class A/B Overcollateralization Ratio is less than 90% and the Holders of a Majority of the Class A-1 Notes, the Class A-2 Notes and the Class B Notes voting together as a single Class direct the sale and liquidation of the Collateral; **provided** that upon such direction, the Trustee shall (x) first sell or liquidate any Collateral for which either (A) two or more bid-side prices have been determined by an Approved Pricing Service or (B) bid-side prices have been obtained from at least two nationally recognized

broker-dealers selected by a Majority of the Controlling Class and (y) thereafter shall sell or liquidate such remaining Collateral to the extent such Collateral can be liquidated or sold in accordance with the Indenture and applicable law; provided that any Collateral consisting of equity securities or Defaulted Collateral Obligations shall not be subject to sale or liquidation pursuant to this clause (iii).

If any Collateral is sold in accordance with clause (a)(iii)(x) above and Highland Capital Management, L.P. is the Servicer, the Servicer shall have the exclusive right to purchase such Collateral for the first two Business Days from the date the last of such bid-prices was determined by an Approved Pricing Service or obtained from a nationally recognized broker-dealer selected by a Majority of the Controlling Class with respect to such Collateral at a price equal to the highest bid-price for such Collateral that was determined by an Approved Pricing Service or obtained from a nationally recognized broker-dealer selected by a Majority of the Controlling Class and, thereafter, the Trustee may sell such Collateral to other parties in accordance with the terms hereof; **provided** that, in any such case, such sale to the Servicer or to any other party is effected in compliance with applicable law, including all notice and other provisions under the UCC.

The Trustee shall give written notice of the retention of the Collateral to the Issuer with a copy to the Co-Issuer and the Servicer. So long as the Event of Default is continuing, any retention pursuant to this Section 5.5(a) may be rescinded at any time when the conditions specified in clause (i) or (ii) exist.

- (b) Nothing contained in Section 5.5(a) shall be construed to require the Trustee to sell the Collateral if the conditions in clause (i) or (ii) of Section 5.5(a) are not satisfied. Nothing contained in Section 5.5(a) shall be construed to require the Trustee to retain the Collateral if prohibited by applicable law.
- (c) In determining whether the condition specified in Section 5.5(a)(i) exists, the Trustee, in consultation with the Servicer, shall obtain bid prices with respect to each security contained in the Collateral from two nationally recognized dealers (or if there is only one market maker, that market maker and if there is no market maker, from a pricing service) selected and specified by the Servicer to the Trustee in writing, at the time making a market in those securities, and shall compute the anticipated proceeds of sale or liquidation on the basis of the lower of the bid prices for each security. In addition, for the purposes of determining issues relating to the valuation of the Collateral, the satisfaction of the conditions specified in this Indenture, the execution of a sale or liquidation of the Collateral, and the execution of a sale or other liquidation of the Collateral in connection with a determination whether the condition specified in Section 5.5(a)(i) exists, the Trustee may retain, at the Issuer's expense, and rely on an opinion of an Independent investment banking firm of national reputation, which may be either of the Initial Purchasers.

The Trustee shall deliver to the Preference Shares Paying Agent (for forwarding to the Holders of Preference Shares), the Noteholders, the Co-Issuers, the Servicer and the Hedge Counterparties a report stating the results of any determination required pursuant to Section 5.5(a)(i). The Trustee shall make the determinations required by Section 5.5(a)(i) after an Event of Default at the written request of a Majority of the Controlling Class at any time during which the Trustee retains the Collateral pursuant to Section 5.5(a) (**provided** that to the extent any such request is made more than once per fiscal quarter, the Trustee may require that such determination be at the expense of such requesting Holders). The Trustee shall obtain (at the Issuer's expense) a letter of a firm of Independent certified public accountants confirming the accuracy of each calculation made by the Trustee pursuant to Section 5.5(a)(i) and certifying their conformity to the requirements of this Indenture.

- (d) Notwithstanding anything in this Indenture to the contrary, the Trustee may not, and the Noteholders representing the requisite percentage of the Aggregate Outstanding Amount of the Notes specified in Section 5.4 or 5.5, may not instruct the Trustee to sell or liquidate or (except in connection with the concurrent execution of a Replacement Hedge) terminate any Hedge Agreement during the continuance of an Event of Default until all Collateral other than the Hedge Agreements has been sold or liquidated and its proceeds applied in accordance with this Indenture.
- (e) Collateral may not be sold or liquidated pursuant to Section 5.5(a)(i) after the last date on which the sale or liquidation is permitted under Section 5.5(a)(i) with respect to a determination made pursuant to Section 5.5(a)(i) (the last permitted date being determined by the Trustee under Section 5.5(a)(i)), unless a new determination is made in accordance with Section 5.5(a)(i) and the Collateral is sold or liquidated before the last sale date permitted in accordance with the new determination.

## **5.6 Trustee May Enforce Claims Without Possession of Notes**

All rights of action and claims under this Indenture or under any of the Notes may be prosecuted and enforced by the Trustee without the possession of any of the Notes or their production in any trial or other Proceeding relating to them, and any Proceeding instituted by the Trustee shall be brought in its own name as trustee of an express trust, and any recovery of judgment shall be applied as provided in Section 5.7.

In any Proceedings brought by the Trustee (and any Proceedings involving the interpretation of any provision of this Indenture to which the Trustee shall be a party) the Trustee shall be held to represent all the Noteholders.

## **5.7 Application of Money Collected**

Any money collected by the Trustee with respect to the Notes pursuant to this Section 5 and any money that may then be held or subsequently received by the Trustee with respect to the Notes under this Indenture shall be applied, subject to Section 13.1 and in accordance with Section 11.1, at the dates fixed by the Trustee.

## **5.8 Limitation on Suits**

No Holder of any Note shall have any right to institute any Proceedings, judicial or otherwise, with respect to this Indenture, or for the appointment of a receiver or trustee, or for any other remedy under this Indenture, unless:

- (a) the Holder has previously given to the Trustee written notice of an Event of Default;
- (b) the Holders of not less than 25% of the Aggregate Outstanding Amount of the Controlling Class shall have made written request to the Trustee to institute Proceedings with respect to the Event of Default in its own name as Trustee under this Indenture and the Holders have offered to the Trustee indemnity satisfactory to it against the expenses and liabilities to be incurred in compliance with the request;
- (c) the Trustee for 30 days after its receipt of the notice, request and offer of indemnity has failed to institute a Proceeding; and
- (d) no direction inconsistent with the written request has been given to the Trustee during the 30 day period by a Majority of the Controlling Class.

No Noteholder shall have any right in any manner whatsoever by virtue of, or by availing of, any provision of this Indenture to affect the rights of any other Noteholders of the same Class or to obtain or to seek to obtain priority or preference over any other Holders of Notes of the same Class or to enforce any right under this Indenture, except in the manner provided in this Indenture and for the equal and ratable benefit of all the Holders of Notes of the same Class subject to and in accordance with Section 13.1 and the Priority of Payments or Section 11.2, as the case may be.

If the Trustee receives conflicting or inconsistent requests and indemnity from two or more groups of Holders of the Controlling Class, each representing less than a Majority of the Controlling Class pursuant to this Section 5.8, the Trustee shall take the action requested by the Holders of the largest percentage in Aggregate Outstanding Amount of the Controlling Class, notwithstanding any other provisions of this Indenture but subject to Section 6.3(e).

## **5.9 Unconditional Rights of Noteholders**

Notwithstanding any provision of this Indenture other than this Section 5.9 and Sections 2.8(i), 5.4(d), and 13.1, the Holder of any Note shall have the right, which is absolute and unconditional, to receive payment of the principal of and interest on the Note as it comes due in accordance with the Priority of Payments and Section 13.1, and, subject to Section 5.8, to institute proceedings for the enforcement of any such payment, and that right shall not be impaired without the consent of the Holder. Noteholders ranking junior to Notes still Outstanding may not institute proceedings for the enforcement of any such payment until no Note ranking senior to their Note remains Outstanding, subject to Section 5.8. For so long as any Notes are Outstanding, the Preference Shares Paying Agent shall not be entitled to any payment of any amount for payments to the Holders of the Preference Shares pursuant to the Preference Share Documents, to the extent legally permitted, on a claim against the Issuer unless there are sufficient funds to pay such amounts to the Preference Shares Paying Agent in accordance with the Priority of Payments.

## **5.10 Restoration of Rights and Remedies**

If the Trustee or the Holder of any Note has instituted any Proceeding to enforce any right under this Indenture and the Proceeding has been discontinued or abandoned for any reason, or has been determined adversely to the Trustee or to the Holder, then, subject to any determination in the Proceeding, the Co-Issuers, the Trustee and the Holder shall be restored to their former positions under this Indenture, and thereafter all rights of the Trustee and the Holder shall continue as though no Proceeding had been instituted.

## **5.11 Rights and Remedies Cumulative**

No right in this Indenture conferred on or reserved to the Trustee or to the Noteholders is intended to be exclusive of any other right, and every right shall, to the extent permitted by law, be cumulative and in addition to every other right given under this Indenture or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right under this Indenture, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right.

## **5.12 Delay or Omission Not Waiver**

No delay or omission of the Trustee or the Holder of any Note to exercise any right accruing upon any Event of Default shall impair the right or be a waiver of the Event of Default or an acquiescence in it or of a subsequent Event of Default. Every right given by this Section 5 or by law to the Trustee or to the Noteholders may be exercised from time to time, and as often as deemed expedient, by the Trustee or by the applicable Noteholders.

### **5.13 Control by Majority of the Controlling Class**

- (a) Notwithstanding any other provision of this Indenture, during the continuance of an Event of Default, a Majority of the Controlling Class may institute and direct the time, method and place of conducting any Proceeding for any remedy available to the Trustee, or exercising any right of the Trustee with respect to the Notes if:
  - (i) the direction does not conflict with any rule of law or with any express provision of this Indenture; and
  - (ii) the Trustee has been indemnified to its reasonable satisfaction (and the Trustee need not take any action that it determines might involve it in liability unless it has received an indemnity against the liability).

Notwithstanding the foregoing, only a Majority of the Controlling Class may direct proceedings with respect to remedies specified in Section 5.4(a) or otherwise with respect to the Collateral.

- (b) The Trustee may take any other action deemed proper by the Trustee that is not inconsistent with a direction under Section 5.13(a). Subject to Section 6.1, the Trustee need not take any action that it determines might involve it in liability or expense (unless the Trustee has received an indemnity against the liabilities and expenses reasonably satisfactory to it) and during the continuance of an Event of Default that has not been cured, or waived, the Trustee shall, before receiving directions from a Majority of the Controlling Class, exercise the rights expressly vested in it by this Indenture and use the same degree of care and skill in their exercise with respect to the Event of Default as is required by Section 6.1(b).
- (c) Any direction to the Trustee to undertake a Sale of the Collateral shall be in accordance with Section 5.4 or 5.5.

### **5.14 Waiver of Past Defaults**

Before a judgment or decree for payment of any money due has been obtained by the Trustee, as provided in this Section 5, a Majority of the Controlling Class may on behalf of the Holders of all the Notes, with respect to the Notes waive any past Default and its consequences, except a Default:

- (a) in the payment of the principal or Redemption Price of any Note or in the payment of interest (including Defaulted Interest, Deferred Interest, and any interest on Defaulted Interest or Deferred Interest) on the Notes;
- (b) with respect to a provision of this Indenture that under Section 8.2 cannot be modified or amended without the waiver or consent of the Holder of each Outstanding Note adversely affected by the modification or amendment;

- (c) in the payment of amounts due to the Servicer, the Trustee or the Hedge Counterparty, which may only be waived with the consent of the affected party; or
- (d) arising as a result of an Event of Default described in Section 5.1(e), (g) or (h).

Upon any such waiver, the Default shall cease to exist, and any Event of Default arising from it shall be cured, for every purpose of this Indenture, but no such waiver shall extend to any subsequent or other Default or impair any right consequent thereto. The Trustee shall promptly give written notice of any such waiver to the Servicer, S&P, the Preference Shares Paying Agent (for forwarding to the Holders of Preference Shares) and each Noteholder.

### **5.15 Undertaking for Costs**

All parties to this Indenture agree, and each Holder of any Note by its acceptance of its Note agrees, that in any suit for the enforcement of any right under this Indenture, or in any suit against the Trustee or the Servicer for any action taken or omitted by it as Trustee or for any action taken or omitted by the Servicer, as applicable, any court may in its discretion require the filing by any party litigant in the suit of an undertaking to pay the costs of the suit, and that the court may in its discretion assess reasonable costs, including reasonable attorneys' fees, against any party litigant in the suit, having due regard to the merits and good faith of the claims or defenses made by the party litigant. This Section 5.15 shall not apply to any suit instituted by the Trustee or the Servicer, to any suit instituted by any Holder, or group of Holders, of Notes holding in the aggregate more than 10% in Aggregate Outstanding Amount of the Controlling Class, or to any suit instituted by any Noteholder for the enforcement of the payment of the principal of or interest on any Note or any other amount payable under this Indenture after the applicable Stated Maturity (or, in the case of redemption, after the applicable Redemption Date).

### **5.16 Waiver of Stay or Extension Laws**

To the extent that they may lawfully do so, the Co-Issuers covenant that they will not at any time insist on, or plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay or extension law or any valuation, appraisal, redemption, or marshalling law or rights, in each case wherever enacted, now or at any time hereafter in force, that may affect the covenants, the performance of, or any remedies under this Indenture. To the extent that they may lawfully do so, the Co-Issuers expressly waive all benefit or advantage of any such law or rights, and covenant that they shall not delay or impede the execution of any power in this Indenture granted to the Trustee or the Noteholders but will permit the execution of every power as though the law had not been enacted or rights created.

### 5.17 Sale of Collateral

- (a) The power to effect any sale (a ***Sale***) of any portion of the Collateral pursuant to Sections 5.4 and 5.5 shall not be exhausted by any one or more Sales as to any portion of the Collateral remaining unsold, but shall continue unimpaired until the entire Collateral is sold or all amounts secured by the Collateral have been paid. The Trustee may upon notice to the Noteholders and the Preference Shares Paying Agent (for forwarding to the Holders of Preference Shares), and shall, at the direction of a Majority of the Controlling Class with respect to Collateral, from time to time postpone any Sale by public announcement made at the time and place of the Sale. The Trustee waives its rights to any amount fixed by law as compensation for any Sale. The Trustee may deduct the reasonable expenses (including the reasonable fees and expenses of its agents and attorneys) incurred by it in connection with a Sale from its proceeds notwithstanding Section 6.8.
- (b) The Trustee may bid for and acquire any portion of the Collateral in connection with a public Sale of the Collateral, and may pay all or part of the purchase price by crediting against amounts owing on the Notes or other amounts secured by the Collateral all or part of the net proceeds of the Sale after deducting the reasonable expenses incurred by the Trustee in connection with the Sale notwithstanding Section 6.8. The Notes need not be produced to complete any Sale, or for the net proceeds of the Sale to be credited against amounts owing on the Notes. The Trustee may hold, lease, operate, manage or otherwise deal with any property so acquired in any manner permitted by law in accordance with this Indenture.
- (c) If any portion of the Collateral consists of securities issued without registration under the Securities Act (***Unregistered Securities***), the Trustee may seek an Opinion of Counsel, or, if no Opinion of Counsel can be obtained, seek a no action position from the Securities and Exchange Commission or any other relevant federal or state regulatory authorities, regarding the legality of a public or private Sale of the Unregistered Securities.
- (d) The Trustee shall execute and deliver an appropriate instrument of transfer transferring its interest in any portion of the Collateral in connection with its Sale. In addition, the Trustee is irrevocably appointed the agent and attorney-in-fact of the Issuer to transfer its interest in any portion of the Collateral in connection with its Sale, and to take all action necessary to effect the Sale. No purchaser or transferee at a Sale shall be bound to ascertain the Trustee's authority, to inquire into the satisfaction of any conditions precedent, or see to the application of any monies.

### 5.18 Action on the Notes

The Trustee's right to seek and recover judgment on the Notes or under this Indenture shall not be affected by the seeking or obtaining of or application for any other relief under or with respect to this Indenture. Neither the lien of this Indenture nor any rights or

remedies of the Trustee or the Noteholders shall be impaired by the recovery of any judgment by the Trustee against the Issuer or by the levy of any execution under the judgment on any portion of the Collateral or on any of the assets of the Issuer or the Co-Issuer.

## **6. THE TRUSTEE**

### **6.1 Certain Duties and Responsibilities**

  - (i) the Trustee undertakes to perform the duties and only the duties specifically provided in this Indenture, and no implied covenants or obligations shall be read into this Indenture against the Trustee; and
  - (ii) in the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, on certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture; the Trustee shall examine any certificates or opinions that by any provision of this Indenture are specifically required to be furnished to the Trustee to determine whether or not they substantially conform on their face to the requirements of this Indenture and shall promptly notify the party delivering the same if the certificate or opinion does not conform. If a corrected form has not been delivered to the Trustee within 15 days after the notice from the Trustee, the Trustee shall so notify the Noteholders and the Preference Shares Paying Agent (for forwarding to the Holders of Preference Shares).
- (b) If the Trustee has actual knowledge that an Event of Default is continuing, the Trustee shall, before the receipt of directions from a Majority of the Controlling Class, exercise the rights and powers vested in it by this Indenture, and use the same degree of care and skill in its exercise, as a prudent Person would use under the circumstances in the conduct of the Person's own affairs.
- (c) No provision of this Indenture shall be construed to relieve the Trustee from liability for its own negligent action, its own negligent failure to act or its own willful misconduct, except that:

  - (iv) no provision of this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties under this Indenture, or in the exercise of any of its rights contemplated under this Indenture, if it has reasonable grounds for believing that repayment of the funds or indemnity satisfactory to it against the risk or liability is not reasonably assured to it; **provided** that the reasonable costs of performing its ordinary services under this Indenture shall not be deemed a "financial liability" for purposes hereof.
- (d) For all purposes under this Indenture, the Trustee shall not have notice or knowledge of any Event of Default described in Section 5.1(d) through 5.1(i) or any Default described in Section 5.1(e) through 5.1(i) unless a Trust Officer assigned to and working in the Corporate Trust Office has actual knowledge of it or unless written notice of any event that is in fact the an Event of Default or Default is received by the Trustee at the Corporate Trust Office, and the notice references the Notes generally, the Issuer, the Co-Issuer, the Collateral or this Indenture. For purposes of determining the Trustee's responsibility and liability under this Indenture, whenever reference is made in this Indenture to an Event of Default or a Default, the reference shall be construed to refer only to an Event of Default or Default of which the Trustee has notice as described in this Section 6.1.
- (e) Whether or not therein expressly so provided, every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to this Section 6.1 and Section 6.3.

- (e) the Trustee need not exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Noteholders (or other Person authorized or permitted hereby to give such direction) pursuant to this Indenture, unless the Holders (or such Person, as the case may be) have offered to the Trustee security or indemnity satisfactory to it against the costs and liabilities that might reasonably be incurred by it in compliance with the request or direction;
- (f) the Trustee need not make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request,

  - (j) the Trustee may request and receive (and rely on) instruction from the Issuer, the Servicer, or the accountants identified in the Accountants' Certificate (and in the absence of its receipt of timely instruction from them, may obtain from an Independent accountant at the expense of the Issuer) as to the application of GAAP to the extent any defined term in this Indenture, or any calculation required to be made or determined by the Trustee under this Indenture, is dependent on or defined by reference to United States generally accepted accounting principles (**GAAP**), in any instance;
  - (k) the permissive rights of the Trustee to take or refrain from taking any actions enumerated in this Indenture are not duties;
  - (l) the Trustee is not responsible for the accuracy of the books and records of, or for any acts or omissions of, the Depository, any Transfer Agent, Custodian, Securities Intermediary, Collateral Administrator, Clearstream, Euroclear, Calculation Agent or any Paying Agent (in each case, other than the Bank acting in that capacity);

- (m) in purchasing or disposing of any asset permitted by this Indenture, the Trustee is authorized to deal with itself (in its individual capacity) or with any one or more of its Affiliates, whether it or the Affiliate is acting as a subagent of the Trustee or for any third Person or dealing as principal for its own account. If otherwise qualified, obligations of the Bank or any of its Affiliates shall qualify as Eligible Investments under this Indenture; and
- (n) if the Bank is also acting in the capacity of Paying Agent, Transfer Agent, Custodian, Calculation Agent or Securities Intermediary under this Indenture, the rights protections, immunities, and indemnities afforded to the Trustee pursuant to this Section 6 shall also be afforded to the Bank acting in those capacities.

#### **6.4 Not Responsible for Recitals or Issuance of the Notes**

The recitals contained in this Indenture and in the Notes, other than the Certificate of Authentication, shall be taken as the statements of the Applicable Issuers. The Trustee assumes no responsibility for their correctness. The Trustee makes no representation as to the validity or sufficiency of this Indenture (except as may be made with respect to the validity of the Trustee's obligations under this Indenture), the Collateral or the Notes. The Trustee shall not be accountable for the use or application by the Co-Issuers of the Notes or their proceeds or any money paid to the Co-Issuers pursuant to this Indenture.

#### **6.5 May Hold Notes**

- (a) The Trustee, any Paying Agent, Indenture Registrar or any other agent of the Co-Issuers, in its individual or any other capacity, may become the owner or pledgee of Notes and may otherwise deal with the Co-Issuers or any of their Affiliates with the same rights it would have if it were not Trustee, Paying Agent, Indenture Registrar or other agent.

#### **6.6 Acquisition of Preference Shares**

The Trustee, in its individual or any other capacity, agrees that after the initial distribution of the Preference Shares, neither the Trustee nor any of its affiliates (as defined in the Plan Asset Regulation) will acquire any Preference Shares (including pursuant to a Maturity Extension, a Refinancing and the Amendment Buy-Out Option) unless such acquisition would not, as determined by the Trustee in reliance on representations made in the applicable transfer certificates with respect thereto, result in persons that have represented that they are Benefit Plan Investors owning 25% or more of the Aggregate Outstanding Amount of any of the Class I Preference Shares or the Class II Preference Shares immediately after such acquisition (determined in accordance with Section 3(42) of ERISA, this Indenture and the Preference Share Documents). Any Preference Shares held as principal by the Trustee or any of its affiliates shall be disregarded and shall not be treated as outstanding for purposes of determining compliance with such 25% limitation to the extent that such person has represented that it is not a Benefit Plan Investor.

## **6.7 Money Held in Trust**

Money held by the Trustee under this Indenture shall be held in trust to the extent required in this Indenture. The Trustee shall be under no liability for interest on any money received by it under this Indenture except as otherwise agreed on with the Issuer and except to the extent of income or other gain on assets that are deposits in or certificates of deposit of the Bank in its commercial capacity and income or other gain actually received by the Trustee on Eligible Investments. Under no circumstances shall the Trustee be responsible for any losses on assets purchased in accordance with an Issuer Order or a written order or request by the Servicer, unless such asset is purchased in an obligation of the Trustee in its corporate capacity.

## **6.8 Compensation and Reimbursement**

(a) The Issuer agrees:

- (i) to pay the Trustee on each Payment Date reasonable compensation for all services rendered by it under this Indenture in accordance with its letter agreement with the Trustee (which compensation shall not be limited by any provision of law in regard to the compensation of a trustee of an express trust);
- (ii) except as otherwise expressly provided in this Indenture or in its letter agreement with the Trustee, to reimburse the Trustee in a timely manner upon its request for all reasonable expenses, disbursements and advances incurred or made by the Trustee in accordance with this Indenture (including securities transaction charges and the reasonable compensation and expenses and disbursements of its agents and legal counsel and of any accounting firm or investment banking firm employed by the Trustee pursuant to Section 5.4, 5.5, 10.5 or 10.7, except any such expense, disbursement or advance attributable to its negligence, willful misconduct or bad faith) but with respect to securities transaction charges, only to the extent they have not been waived during a Due Period due to the Trustee's receipt of a payment from a financial institution with respect to certain Eligible Investments, as specified by the Servicer;
- (iii) to indemnify the Trustee and its officers, directors, employees and agents for any loss, liability or expense (including reasonable attorney's fees and costs) incurred without negligence, willful misconduct or bad faith on their part, arising out of or in connection with the acceptance or administration of this Indenture or the performance of its duties hereunder, including the costs and expenses of defending themselves against any claim or liability in connection with the exercise or performance of any of their powers or duties under this Indenture; and

- (iv) to pay the Trustee reasonable additional compensation together with its expenses (including reasonable counsel fees and costs) for any collection action taken pursuant to Section 6.14.
- (b) The Trustee shall receive amounts pursuant to this Section 6.8 as provided in Sections 11.1(a)(i) and (ii) but only to the extent that funds are available for their payment. Subject to Section 6.10, the Trustee shall continue to serve as Trustee under this Indenture notwithstanding the fact that the Trustee has not received amounts due to it under this Indenture. No direction by the Noteholders shall affect the right of the Trustee to collect amounts owed to it under this Indenture. If on any date when a fee is payable to the Trustee pursuant to this Indenture insufficient funds are available for its payment any portion of a fee not so paid shall be deferred and payable on the next date on which a fee is payable and sufficient funds are available for it.
- (c) The Trustee agrees not to cause the filing of a petition in bankruptcy for the non-payment to the Trustee of any amounts provided by this Section 6.8 until at least one year and one day, or if longer the applicable preference period then in effect plus one day, after the payment in full of all Notes issued under this Indenture and the payment to the Preference Shares Paying Agent of all amounts payable with respect to the Preference Shares in accordance with the Priority of Payments. Nothing in this Section 6.8(c) shall prohibit or otherwise prevent the Trustee from filing proofs of claim in any bankruptcy, insolvency or similar proceeding.
- (d) The indemnification set forth in this Section 6.8 shall survive the termination of this Indenture.

## **6.9 Corporate Trustee Required; Eligibility**

There shall at all times be a Trustee under this Indenture that is an Independent "bank" (within the meaning of the Investment Company Act) organized and doing business under the laws of the United States of America or of any state of the United States, authorized under those laws to exercise corporate trust powers, having a combined capital and surplus of at least U.S.\$200,000,000, subject to supervision or examination by federal or state banking authority, having a rating of at least "Baa1" (and not on credit watch with negative implications) by Moody's and at least "BBB+" by S&P, and having an office within the United States. In addition, the Trustee shall not be "affiliated" (within the meaning of Rule 405 under the Securities Act) with either of the Co-Issuers or any person involved in the organization or operation of either of the Co-Issuers and shall not provide credit or credit enhancement to either of the Co-Issuers; provided that the requirements of the preceding sentence shall be met if (a) the Trustee is not "affiliated" (as defined in the preceding sentence) with the Issuer, the Co-Issuer, the Administrator or the Share Registrar, (b) neither the Trustee nor the Issuer has actual knowledge, or has received written notice, that the Trustee is "affiliated" (as defined in the preceding sentence) with any person involved with the organization or operation of either of the Co-Issuers, and (c) the Trustee has not provided and does not provide credit or credit enhancement to either

of the Co-Issuers. For purposes of the preceding clause (b), (i) the "actual knowledge" of the Trustee shall mean (x) its knowledge of those persons who have been expressly identified in writing to it by either or both of the Co-Issuers, or the Servicer on their behalf or (y) any persons otherwise actually known to a Responsible Officer of the Trustee, in either case, to be a person involved with the organization or operation either of the Co-Issuers, without any duty of independent inquiry or investigation on the part of the Trustee, and (ii) unless and except to the extent it has been otherwise expressly notified in writing by the Issuer, or the Servicer on its behalf, the Trustee shall be entitled to presume that the Issuer has no knowledge of such an affiliation. If the Trustee publishes reports of condition at least annually, pursuant to law or to the requirements of its supervising or examining authority, then for the purposes of this Section 6.9, the combined capital and surplus of the Trustee shall be its combined capital and surplus in its most recent published report of condition. If at any time the Trustee ceases to be eligible in accordance with this Section 6.9, it shall resign immediately in the manner and with the effect specified in Section 6.10.

#### **6.10 Resignation and Removal; Appointment of Successor**

- (a) No resignation or removal of the Trustee and no appointment of a successor Trustee pursuant to this Section 6 shall become effective until the acceptance of appointment by the successor Trustee under Section 6.11. The indemnification in favor of the Trustee shall survive any resignation or removal of the Trustee.
- (b) The Trustee may resign at any time by giving not less than 30 days' written notice to the Co-Issuers, the Servicer, the Noteholders, the Preference Shares Paying Agent (for forwarding to the Holders of Preference Shares) and each Rating Agency. Upon receiving the notice of resignation, the Co-Issuers shall by Board Resolution (or, if an Event of Default shall have occurred and be continuing, at the direction of a Majority of the Controlling Class) promptly appoint a successor trustee satisfying the requirements of Section 6.9, by written instrument, in duplicate, executed by an Authorized Officer of the Issuer and an Authorized Officer of the Co-Issuer, one copy of which shall be delivered to the resigning Trustee and one copy to the successor Trustee, together with a copy to each Noteholder, the Preference Shares Paying Agent (for forwarding to the Holders of Preference Shares) and the Servicer. If no successor Trustee has been appointed and an instrument of acceptance by a successor Trustee has not been delivered to the Trustee within 60 days after the giving of the notice of resignation, the resigning Trustee or any Noteholder, on behalf of himself and all others similarly situated, may petition any court of competent jurisdiction for the appointment of a successor Trustee satisfying the requirements of Section 6.9.
- (c) The Trustee may be removed (i) at any time by the Co-Issuers as directed by Board Resolution (or, if an Event of Default shall have occurred and be continuing, by an Act of a Majority of the Controlling Class) or (ii) by order of a court of competent jurisdiction, delivered to the Trustee and to the Co-Issuers.

- (d) If at any time:
- (i) the Trustee ceases to be eligible under Section 6.9 and fails to resign after written request by the Co-Issuers or a Majority of the Controlling Class; or
  - (ii) the Trustee becomes incapable of acting or is adjudged bankrupt or insolvent or a receiver or liquidator of the Trustee or of its property appointed or any public officer takes charge or control of the Trustee or of its property or affairs for the purpose of rehabilitation, conservation or liquidation,

then, in any such case (subject to Section 6.10(a)), (A) the Co-Issuers, by Issuer Order (as directed by Board Resolution), may, and at the direction of a Majority of the Controlling Class shall, remove the Trustee or (B) subject to Section 5.15, or any Holder may, on behalf of itself and all others similarly situated, petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

- (e) If the Trustee is removed or becomes incapable of acting, or if a vacancy occurs in the office of the Trustee for any reason (other than resignation), the Co-Issuers, by Issuer Order (as directed by Board Resolution) or at the direction of a Majority of the Controlling Class, shall promptly appoint a successor Trustee. If the Co-Issuers fail to appoint a successor Trustee within 60 days after the removal or incapability or the occurrence of the vacancy, a successor Trustee may be appointed by a Majority of the Controlling Class by written instrument delivered to the Issuer and the retiring Trustee. The successor Trustee so appointed shall, upon its acceptance of its appointment, become the successor Trustee and supersede any successor Trustee proposed by the Co-Issuers. If no successor Trustee has been so appointed by the Co-Issuers or a Majority of the Controlling Class and accepted appointment pursuant to Section 6.11, subject to Section 5.15, then the Trustee to be replaced, or any Holder, may, on behalf of himself and all others similarly situated, petition any court of competent jurisdiction for the appointment of a successor Trustee.
- (f) The Co-Issuers shall give prompt notice of each resignation and each removal of the Trustee and each appointment of a successor Trustee by mailing written notice of the event by first-class mail, postage prepaid, to the Servicer, to each Rating Agency, to the Noteholders as their names and addresses appear in the Indenture Register and to the Preference Shares Paying Agent (for forwarding to the Holders of Preference Shares). Each notice shall include the name of the successor Trustee and the address of its Corporate Trust Office. If the Co-Issuers fail to mail the notice within 10 days after acceptance of appointment by the successor Trustee, the successor Trustee shall cause the notice to be given at the expense of the Co-Issuers.

- (g) If the Trustee resigns or is removed hereunder, unless and except to the extent otherwise expressly agreed by it in writing (which shall include agreement over terms of compensation), the Bank likewise shall automatically and immediately be declared to have resigned or been removed, as the case may be, in all other capacities in which it serves hereunder, and as Collateral Administrator under the Collateral Administration Agreement and Preference Shares Paying Agent under the Preference Shares Paying Agency Agreement, and the acceptance of appointment by the Person serving as successor Trustee shall constitute an acceptance of appointment by it in each such other capacity.

#### **6.11 Acceptance of Appointment by Successor**

Every successor Trustee appointed under this Indenture shall execute, acknowledge, and deliver to the Co-Issuers and the retiring Trustee an instrument accepting its appointment. Upon delivery of the required instruments, the resignation or removal of the retiring Trustee shall become effective and the successor Trustee, without any further act, shall become vested with all the rights and obligations of the retiring Trustee; but, on request of the Co-Issuers or a Majority of any Class of Notes or the successor Trustee, the retiring Trustee shall, upon payment of any amounts then due to it, execute and deliver an instrument transferring to the successor Trustee all the rights and obligations of the retiring Trustee, and shall duly assign, transfer and deliver to the successor Trustee all property and money held by the retiring Trustee under this Indenture. Upon request of any successor Trustee, the Co-Issuers shall execute any instruments to more fully and certainly vest in and confirm to the successor Trustee all the rights and obligations of the Trustee under this Indenture.

No successor Trustee shall accept its appointment unless at the time of its acceptance the successor is qualified and eligible under Section 6.9 and either (a) each Rating Agency has been notified and the successor has long-term debt rated within the four highest rating categories by each Rating Agency, or (b) if not rated within the four highest categories by each Rating Agency, the Rating Condition with respect to each Rating Agency is satisfied with respect thereto.

#### **6.12 Merger, Conversion, Consolidation, or Succession to Business of Trustee**

Any entity into which the Trustee may be merged or converted or with which it may be consolidated, or any entity resulting from any merger, conversion or consolidation to which the Trustee is a party, or any entity succeeding to all or substantially all of the corporate trust business of the Trustee, shall be the successor of the Trustee under this Indenture (and of the Bank under all of its other capacities under this Indenture, including as Custodian, Securities Intermediary, Indenture Registrar and Paying Agent) without the execution or filing of any paper or any further act on the part of any of the parties hereto. If any of the Notes have been authenticated, but not delivered, by the Trustee then in office, any successor by merger, conversion or consolidation to the authenticating Trustee may adopt the authentication and deliver the Notes so authenticated with the same effect as if the successor Trustee had itself authenticated the Notes.

### 6.13 Co-Trustees

At any time, to meet the legal requirements of any jurisdiction in which any part of the Collateral may at the time be located, the Co-Issuers and the Trustee may appoint a co-trustee (subject to the approval of the Rating Agencies) to act jointly with the Trustee, with respect to all or any part of the Collateral, with the power to file proofs of claim and take any other actions pursuant to Section 5.6 in this Indenture and to make claims and enforce rights of action on behalf of the Noteholders, as the Holders themselves have the right to do, subject to the other provisions of this Section 6.13.

The Co-Issuers shall join with the Trustee in the execution, delivery and performance of all instruments and agreements necessary or proper to appoint a co-trustee. If the Co-Issuers do not join in the appointment within 15 days after they receive a request to do so, the Trustee may make the appointment.

Any instruments to more fully confirm a co-trustee's appointment shall, on request, be executed, acknowledged and delivered by the Co-Issuers. The Co-Issuers agree to pay (but only from and to the extent of the Collateral), to the extent funds are available therefor under Section 11.1(a)(i)(1), any reasonable fees and expenses in connection with the appointment.

Every co-trustee shall, to the extent permitted by law, but to that extent only, be appointed subject to the following terms:

- (a) the Notes shall be authenticated and delivered and all rights and obligations under this Indenture in respect of the custody of securities, cash and other personal property held by, or required to be deposited or pledged with, the Trustee under this Indenture, shall be exercised solely by the Trustee;
- (b) the rights and obligations conferred or imposed on the Trustee in respect of any property covered by the appointment of a co-trustee shall be conferred or imposed on and exercised or performed by the Trustee or by the Trustee and the co-trustee jointly as provided in the instrument appointing the co-trustee;
- (c) the Trustee at any time, by an instrument in writing executed by it, with the concurrence of the Co-Issuers evidenced by an Issuer Order, may accept the resignation of or remove any co-trustee appointed under this Section 6.13, and if an Event of Default is continuing, the Trustee shall have the power to accept the resignation of, or remove, any co-trustee without the concurrence of the Co-Issuers. A successor to any co-trustee so resigned or removed may be appointed in the manner provided in this Section 6.13;
- (d) no co-trustee under this Indenture shall be personally liable because of any act or omission of the Trustee under this Indenture;
- (e) the Trustee shall not be liable because of any act or omission of a co-trustee; and

- (f) any Act of Noteholders delivered to the Trustee shall be deemed to have been delivered to each co-trustee.

#### **6.14 Certain Duties of Trustee Related to Delayed Payment of Proceeds**

If in any month the Trustee has not received a payment with respect to any Pledged Obligation on its Due Date:

- (a) the Trustee shall promptly notify the Issuer and the Servicer in writing, and
- (b) unless the payment is received by the Trustee within three Business Days (or the end of the applicable grace period for the payment, if longer) after the notice, or unless the Issuer, in its absolute discretion (but only to the extent permitted by Section 10.2(a)), makes provision for the payment satisfactory to the Trustee in accordance with Section 10.2(a), the Trustee shall request the issuer of the Pledged Obligation, the trustee under the related Underlying Instrument, or paying agent (save for the Irish Paying Agent) designated by either of them to make the payment as soon as practicable after the request but in no event later than three Business Days after the date of the request. If the payment is not made within that time period, the Trustee, subject to clause (iv) of Section 6.1(c), shall take the action directed by the Servicer in writing. Any such action shall be without prejudice to any right to claim a Default or Event of Default under this Indenture. If the Issuer or the Servicer requests a release of a Pledged Obligation or delivers a Collateral Obligation in connection with any such action under the Servicing Agreement, the release or substitution shall be subject to Section 10.6 and Section 12. Notwithstanding any other provision of this Indenture, the Trustee shall deliver to the Issuer or its designee any payment with respect to any Pledged Obligation or any Collateral Obligation received after its Due Date to the extent the Issuer previously made provisions for the payment satisfactory to the Trustee in accordance with this Section 6.14 and the payment shall not be part of the Collateral.

#### **6.15 Authenticating Agents**

Upon the request of the Co-Issuers, the Trustee shall, and if the Trustee so chooses the Trustee may, appoint one or more Authenticating Agents with power to act on its behalf and subject to its direction in the authentication of the Notes in connection with issuance, transfers, and exchanges under Sections 2.4, 2.5, 2.6, 2.7, and 8.5, as fully to all intents and purposes as though each Authenticating Agent had been expressly authorized by those Sections to authenticate the Notes. For all purposes of this Indenture, the authentication of Notes by an Authenticating Agent pursuant to this Section 6.15 shall be the authentication of the Notes "by the Trustee."

Any Authenticating Agent may at any time resign by giving written notice of resignation to the Trustee and the Issuer. The Trustee may at any time terminate the agency of any

Authenticating Agent by giving written notice of termination to the Authenticating Agent and the Co-Issuers.

The Co-Issuers agree to pay to each Authenticating Agent from time to time reasonable compensation for its services, and reimbursement for its reasonable expenses relating to its services as an Administrative Expense; **provided, however**, that if the Trustee elects to appoint an Authenticating Agent without the approval or request of the Co-Issuers, then the Trustee shall pay such compensation and reimbursement. Sections 2.9, 6.4, and 6.5 shall be applicable to any Authenticating Agent.

#### **6.16 Fiduciary for Noteholders Only; Agent for Secured Parties**

With respect to the security interest created under this Indenture, the delivery of any Pledged Obligation to the Trustee is to the Trustee as representative of the Noteholders and agent for the other Secured Parties. In furtherance of the foregoing, the possession by the Trustee of any Pledged Obligation and the endorsement to or registration in the name of the Trustee of any Pledged Obligation (including as Entitlement Holder of the Custodial Account) are all undertaken by the Trustee in its capacity as representative of the Noteholders and agent for the other Secured Parties.

#### **6.17 Representations and Warranties of the Bank**

The Bank represents and warrants as follows for the benefit of the Noteholders:

- (a) **Organization.** The Bank has been duly organized and is validly existing as a Massachusetts trust company and has the power to conduct its business and affairs as a trustee.
- (b) **Authorization; Binding Obligations.** The Bank has the corporate power and authority to perform the duties and obligations of trustee under this Indenture. The Bank has taken all necessary corporate action to authorize the execution, delivery and performance of this Indenture, and all of the documents required to be executed by the Bank pursuant to this Indenture. Upon execution and delivery by the Bank, this Indenture will be the valid and legally binding obligation of the Bank enforceable in accordance with its terms.
- (c) **Eligibility.** The Bank is eligible under Section 6.9 to serve as Trustee under this Indenture.

#### **6.18 Withholding Tax Forms**

The Issuer hereby agrees to deliver or cause to be delivered, a United States Internal Revenue Service Form W-8BEN (or successor form thereto) or any other appropriate tax certificates to the relevant issuer of its Collateral Obligations and issuer of its Eligible Investments at the time such Collateral Obligations or Eligible Investments are purchased by the Issuer and thereafter as required under the relevant law. In addition, the Issuer

hereby agrees to deliver, and the Issuer shall be required to deliver, United States Internal Revenue Service Forms W-8BEN (or successor form thereto) and other appropriate United States tax forms as may be required by the Hedge Counterparty, to the Hedge Counterparty at the time the Hedge Agreement is entered into and thereafter prior to the expiration or obsolescence of such form, and shall take any other action appropriate to prevent withholding or backup withholding tax on the Hedge Agreements. The Issuer shall represent, to the Hedge Counterparty in the master agreement, confirmation or schedule to the Hedge Agreement, that the Issuer is a "non-U.S. branch" of a foreign person as that term is used in section 1.1441-4(a)(3)(ii) of the United States Treasury Regulations and a "foreign person" as that term is used in Section 1.6041-4(a)(4) of the United States Treasury Regulations. The Issuer will request that the Hedge Counterparty provide the Issuer a United States Internal Revenue Service Forms W-9 or W-8, as applicable, together with any required attachments, at the time the Hedge Agreement is entered into and thereafter prior to the expiration or obsolescence of such form.

#### **6.19 Withholding Tax**

If any withholding tax is imposed on the Issuer's payment under the Notes or otherwise to any Noteholder, such tax shall reduce the amount of such payment otherwise distributable to such Noteholder or Beneficial Owner. The Trustee or the applicable paying agent is hereby authorized and directed to retain from amounts otherwise distributable to any Noteholder sufficient funds for the payment of any tax that is legally owed by the Issuer (but such authorization shall not prevent the Trustee from contesting any such tax in appropriate proceedings and withholding payment of such tax, if permitted by law, pending the outcome of such proceedings) and to remit such amounts to the appropriate taxing authorities. The amount of any withholding tax imposed with respect to any Noteholder or Beneficial Owner shall be treated as Cash distributed to such Noteholder or Beneficial Owner at the time it is withheld by the Trustee. If there is a possibility that withholding tax is payable with respect to a distribution, the Trustee may in its sole discretion withhold such amounts in accordance with this Section 6.18. If any Noteholder or Beneficial Owner wishes to apply for a refund of any such withholding tax, the Trustee shall reasonably cooperate with such Noteholder or Beneficial Owner in making such claim so long as such Noteholder or Beneficial Owner agrees to reimburse the Trustee for any out-of-pocket expenses incurred. Failure of a Holder of a Note to provide the Trustee or any Paying Agent and the Issuer with appropriate tax certificates may result in amounts being withheld from the payment to such Holders. Nothing herein shall impose an obligation on the part of the Trustee to determine the amount of any tax or withholding obligation on the part of the Issuer or in respect of the Notes. Amounts withheld pursuant to applicable tax laws shall be considered as having been paid by the Issuer as provided in Section 7.1.

## **7. COVENANTS**

### **7.1 Payment of Principal and Interest**

The Applicable Issuers shall pay the principal of and interest on the Notes in accordance with the Notes and this Indenture.

The Issuer shall, subject to the Priority of Payments, reimburse the Co-Issuer for any amounts paid by the Co-Issuer pursuant to the Notes or this Indenture. The Co-Issuer shall not reimburse the Issuer for any amounts paid by the Issuer pursuant to the Notes or this Indenture.

Amounts properly withheld under the Code or other applicable law by any Person from a payment to any Holder shall be considered as having been paid by the Applicable Issuers to the Holder for all purposes of this Indenture.

### **7.2 Maintenance of Office or Agency**

The Co-Issuers appoint the Trustee as a Paying Agent for the payment of principal of and interest on the Notes. The Co-Issuers appoint State Street Bank and Trust Company, 200 Clarendon Street, Mailcode EUC 108, Boston, MA 02116, Attn: CDO Services Group, as the Co-Issuers' agent where notices and demands on the Co-Issuers in respect of the Notes or this Indenture may be served and where the Notes may be surrendered for registration of transfer or exchange.

The Co-Issuers may at any time and from time to time vary or terminate the appointment of any Paying Agent or appoint any additional agents for all of these purposes.

The Co-Issuers hereby appoint Corporation Service Company with an address at 1133 Avenue of the Americas, Suite 3100, New York, New York 10036, as the Co-Issuers' agent where service of any and all process in any action or Proceeding may be delivered.

No paying agent shall be appointed in a jurisdiction that subjects payments on the Notes to withholding tax.

So long as any Class of Notes is listed on the Irish Stock Exchange and the rules of the exchange so require, the Co-Issuers shall maintain in Ireland a Paying Agent.

The Co-Issuers appoint, for so long as any Class of Notes is listed on the Irish Stock Exchange, Maples Finance Dublin (the "***Irish Paying Agent***") as Paying Agent in Ireland with respect to the Notes. If the Irish Paying Agent is replaced at any time when any Class of Notes is listed on the Irish Stock Exchange, notice of the appointment of any replacement shall be given to the Company Announcements Office of the Irish Stock Exchange as promptly as practicable after the appointment. The Co-Issuers shall give prompt written notice to the Trustee, each Rating Agency, the Preference Shares Paying Agent (for forwarding to the Holders of Preference Shares) and the Holders of the Notes

of the appointment or termination of any such agent and of the location and any change in the location of any such office or agency.

If at any time the Co-Issuers fail to maintain any required office or agency in the Borough of Manhattan, The City of New York, or outside the United States, or fail to furnish the Trustee with their addresses, notices and demands may be served on the Co-Issuers.

### **7.3 Money for Note Payments to be Held in Trust**

All payments of amounts payable with respect to any Notes that are to be made from amounts withdrawn from the Payment Account shall be made on behalf of the Applicable Issuers by the Trustee or a Paying Agent with respect to payments on the Notes.

When the Applicable Issuers have a Paying Agent that is not also the Indenture Registrar, they shall furnish not later than the fifth calendar day after each Record Date a list in the form the Paying Agent reasonably requests, of the names and addresses of the Holders and of the certificate numbers of individual Notes held by each Holder.

Whenever the Applicable Issuers have a Paying Agent other than the Trustee, they shall, on or before the Business Day before each Payment Date or Redemption Date direct the Trustee to deposit on the Payment Date with the Paying Agent an aggregate sum sufficient to pay the amounts then becoming due (to the extent funds are then available for that purpose in the Payment Account), that sum to be held in trust for the benefit of the Persons entitled to it and (unless the Paying Agent is the Trustee) the Co-Issuers shall promptly notify the Trustee of its action or failure so to act. Any monies deposited with a Paying Agent (other than the Trustee) in excess of an amount sufficient to pay the amounts then becoming due on the Notes with respect to which the deposit was made shall be paid over by the Paying Agent to the Trustee for application in accordance with Section 10.

Additional or successor Paying Agents shall be appointed by Issuer Order with written notice of the appointment to the Trustee. So long as Notes of any Class are rated by a Rating Agency any Paying Agent must either have a long-term debt rating of "Aa3" (and not on credit watch with negative implications) or higher by Moody's and "AA-" or higher by S&P or a short-term debt rating of "P-1" (and not on credit watch for possible downgrade) by Moody's and "A-1+" by S&P or the Rating Condition with respect to each Rating Agency must be satisfied with respect to its appointment. If a successor Paying Agent ceases to have a long-term debt rating of "Aa3" (and not on credit watch with negative implications) or higher by Moody's and "AA-" or higher by S&P or a short-term debt rating of "P-1" (and not on credit watch for possible downgrade) by Moody's and a short-term debt rating of "A-1+" by S&P, the Co-Issuers shall promptly remove the Paying Agent and appoint a successor Paying Agent. The Co-Issuers shall not appoint any Paying Agent that is not, at the time of the appointment, a depository institution or trust company subject to supervision and examination by federal or state or national banking authorities. The Co-Issuers shall cause each Paying Agent other than the Trustee

to execute and deliver to the Trustee an instrument in which the Paying Agent agrees with the Trustee, subject to this Section 7.3, that the Paying Agent will:

- (i) allocate all sums received for payment to the Noteholders for which it acts as Paying Agent on each Payment Date and any Redemption Date among the Holders in the proportion specified in the applicable report to the extent permitted by applicable law;
- (ii) hold all sums held by it for the payment of amounts due with respect to the Notes in trust for the benefit of the Persons entitled to them until they are paid or otherwise disposed of as provided in this Indenture;
- (iii) immediately resign as a Paying Agent and forthwith pay to the Trustee all sums held by it in trust for the payment of the Notes if at any time it ceases to meet the standards required to be met by a Paying Agent at the time of its appointment;
- (iv) immediately give the Trustee notice of any default by the Issuer or the Co-Issuer (or any other obligor on the Notes) in the making of any payment required to be made; and
- (v) during the continuance of any such default, upon the written request of the Trustee, forthwith pay to the Trustee all sums so held in trust by the Paying Agent.

To obtain the satisfaction and discharge of this Indenture or for any other purpose, the Co-Issuers may at any time pay, or by Issuer Order direct any Paying Agent to pay, to the Trustee all sums held in trust by the Co-Issuers or the Paying Agent, and, upon the payment by any Paying Agent to the Trustee, the Paying Agent shall be released from all further liability with respect to the money paid.

Any money deposited with a Paying Agent and not previously returned that remains unclaimed for 15 Business Days shall be returned to the Trustee. Except as otherwise required by applicable law, any money deposited with the Trustee or any Paying Agent in trust for the payment of the principal of or interest on any Note and remaining unclaimed for two years after the principal or interest has become payable shall be paid to the Applicable Issuers. The Noteholder shall thereafter look only to the Applicable Issuers for payment of the amounts due to it as an unsecured general creditor and all liability of the Trustee or the Paying Agent with respect to that money (but only to the extent of the amounts so paid to the Applicable Issuers) shall thereupon cease. The Trustee or the Paying Agent, before being required to release any payment, may, but shall not be required to, adopt and employ, at the expense of the Applicable Issuers any reasonable means of notification of the release of the payment, including mailing notice of the release to Holders whose Notes have been called but have not been surrendered for redemption or whose right to or interest in monies payable but not claimed is

determinable from the records of any Paying Agent, at the last address of record of each Holder.

#### **7.4 Existence of Co-Issuers**

- (a) The Issuer and the Co-Issuer shall maintain in full force their existence and rights as companies incorporated or organized under the laws of the Cayman Islands and the State of Delaware, respectively, and shall obtain and preserve their qualification to do business as foreign corporations (or, in the case of the Co-Issuer, as a limited liability company) in each jurisdiction in which the qualifications are necessary to protect the validity and enforceability of this Indenture, the Notes, the Preference Shares Paying Agency Agreement and any of the Collateral.

However, the Issuer may change its jurisdiction of incorporation from the Cayman Islands to any other jurisdiction reasonably selected by the Issuer so long as:

- (A) the Issuer has received a legal opinion (on which the Trustee may rely) to the effect that the change is not disadvantageous in any material respect to the Holders, the Servicer or any Hedge Counterparty,
  - (B) written notice of the change has been given by the Issuer to the Trustee, the Noteholders, the Preference Shares Paying Agent (for forwarding to the Holders of Preference Shares), the Servicer, any Hedge Counterparty and each Rating Agency,
  - (C) on or before the 15th Business Day following its receipt of the notice the Trustee has not received written notice from a Majority of the Controlling Class objecting to the change,
  - (D) the Rating Condition with respect to S&P is satisfied, and
  - (E) the Issuer shall cause to be delivered to the Trustee an Opinion of Counsel stating that, in such counsel's opinion, all necessary filings, if any, and other necessary actions, if any, have been taken to maintain the effectiveness of the perfection of the security interest granted in the Collateral hereunder immediately after such change in the Issuer's jurisdiction of incorporation.
- (b) The Issuer and the Co-Issuer shall ensure that all corporate or other formalities regarding their respective existences (including holding regular board of directors', shareholders', independent managers' or other similar, meetings to the extent required by applicable law) are followed. Neither the Issuer nor the Co-Issuer shall take any action or conduct its affairs in a manner that is likely to result

in its separate existence being ignored or in its assets and liabilities being substantively consolidated with any other Person in a bankruptcy, reorganization or other insolvency proceeding. Without limiting the foregoing,

- (i) Except as may be provided in Annex 1 to the Servicing Agreement, the Issuer shall not have any subsidiaries (other than the Co-Issuer),
- (ii) the Co-Issuer shall not have any subsidiaries,
- (iii) the Issuer shall maintain at all times at least one director who is Independent of the Servicer, the Trustee and any of their respective Affiliates,
- (iv) the Issuer shall not commingle its funds with the funds of any other Person, except as expressly permitted by this Indenture, and
- (v) except to the extent contemplated in the Servicing Agreement, the Administration Agreement, the Preference Shares Paying Agency Agreement and the declaration of trust by the Share Trustee, the Issuer and the Co-Issuer shall not:
  - (A) engage in any transaction with any shareholder that would be a conflict of interest (the entry into the Administration Agreement with the Administrator shall not be deemed a conflict of interest), or
  - (B) pay dividends in violation of this Indenture, the resolutions of its board of directors and the Preference Share Documents.

## **7.5 Protection of Collateral**

- (a) The Servicer on behalf of the Issuer will procure any action within the Servicer's control that is reasonably necessary to maintain the perfection and priority of the security interest of the Trustee in the Collateral. The Issuer from time to time shall execute and deliver any supplements and amendments to this Indenture and shall execute and deliver any Financing Statements, continuation statements, instruments of further assurance, and other instruments and shall take any other action appropriate to secure the rights and remedies of the Secured Parties under this Indenture and to:
  - (i) Grant more effectively all or any portion of the Collateral;
  - (ii) maintain or preserve the lien (and its priority) of this Indenture or to carry out more effectively the purposes of this Indenture;

- (iii) perfect, publish notice of, or protect the validity of, any Grant made by this Indenture (including any actions appropriate as a result of changes in law);
- (iv) enforce any of the Pledged Obligations or other instruments or property included in the Collateral;
- (v) preserve and defend title to the Collateral and the rights of the Secured Parties in the Collateral against the claims of anyone; and
- (vi) pay when due all taxes levied or assessed on any part of the Collateral.

The Issuer designates the Servicer as its agent and attorney in fact to execute any Financing Statement, continuation statement, and all other instruments, and take all other actions, required pursuant to this Section 7.5.

The Issuer authorizes the filing without the Issuer's signature a financing statement that names the Issuer as "debtor" and State Street Bank and Trust Company as "secured party" (with or without indicating its capacity as Trustee hereunder) and that describes the Collateral as "all assets of the debtor, whether now owned or hereafter acquired and wherever located."

(b) The Trustee shall not:

- (i) except in accordance with Section 10.6(a), (b) or (c), remove any portion of the Collateral that consists of Cash or is evidenced by an instrument, certificate or other writing:
  - (A) from the jurisdiction in which it was held at the date the most recent Opinion of Counsel was delivered pursuant to Section 7.6 (or from the jurisdiction in which it was held as described in the Opinions of Counsel delivered at the Closing Date pursuant to Section 3.1(a)(iii) if no Opinion of Counsel has yet been delivered pursuant to Section 7.6), or
  - (B) from the possession of the Person who held it (other than the Bank), or
- (ii) cause or permit ownership or the pledge of any portion of the Collateral that consists of book-entry securities to be recorded on the books of a Person (other than the Bank):
  - (A) located in a different jurisdiction from the jurisdiction in which the ownership or pledge was recorded, or
  - (B) other than the Person on whose books the ownership or pledge was originally recorded, unless (in the case of any of the actions

described in clauses (i) or (ii) of this Section 7.5(b)) the Trustee shall have first received an Opinion of Counsel to the effect that the lien and security interest created by this Indenture with respect to the property and its priority will continue to be maintained after giving effect to the change.

- (c) Without at least 30 days' prior written notice to the Trustee and the Servicer, the Issuer shall not change its "location" (as defined in Section 9-307 of the UCC) or change its name from the name shown on the signature pages of this Indenture.
- (d) The Issuer shall, subject to the Priority of Payments, enforce all of its material rights and remedies under the Servicing Agreement, the Collateral Administration Agreement, the Preference Shares Paying Agency Agreement, each Hedge Agreement and each Securities Lending Agreement.
- (e) The Issuer shall pay any taxes levied because any Pledged Obligations are owned by the Issuer.
- (f) The Servicer on behalf of the Issuer will either exercise the "put" option that prevents a Collateral Obligation from being a Long-Dated Collateral Obligation on the last available date before the Stated Maturity of the Notes or sell the Collateral Obligation for Sale Proceeds at least equal to the Principal Balance of the Collateral Obligation, in either case by the Stated Maturity of the Notes.

## **7.6 Opinions as to Collateral**

On or before November 1 in each calendar year, commencing in 2008, the Issuer shall furnish to the Trustee and each of the Rating Agencies, an Opinion of Counsel stating that in the opinion of such counsel as of the date of such opinion under the District of Columbia Uniform Commercial Code, the UCC financing statement(s) filed in connection with the lien and security interests created by this Indenture shall remain effective and no additional financing statements, continuation statements or amendments with respect to such financing statement(s) shall be required to be filed in the District of Columbia from the date thereof through the next twelve months to maintain the perfection of the security interest of this Indenture under the District of Columbia Uniform Commercial Code.

## **7.7 Performance of Obligations**

- (a) The Co-Issuers, each as to itself, shall not take any action, and shall use their reasonable commercial efforts not to permit any action to be taken by others, that would release any Person from any of the Person's covenants or obligations under any instrument included in the Collateral, except in the case of enforcement action taken with respect to any Defaulted Collateral Obligation in accordance with this Indenture and actions by the Servicer under the Servicing Agreement and in conformity with this Indenture or as otherwise required by this Indenture.

- (b) The Applicable Issuers may, with the prior written consent of a Majority of each Class of Notes and a Majority of the Preference Shares (except in the case of the Servicing Agreement and the Collateral Administration Agreement as initially executed), contract with other Persons (including the Servicer, the Trustee and the Collateral Administrator) for the performance of actions and obligations to be performed by the Applicable Issuers under this Indenture. Notwithstanding any such arrangement, the Applicable Issuers shall remain primarily liable for performance under this Indenture. The Applicable Issuers shall punctually perform, and use their reasonable commercial efforts to cause the Servicer, the Trustee, the Collateral Administrator, the Preference Shares Paying Agent and any other Person to perform, all of their obligations in the Servicing Agreement, this Indenture, the Collateral Administration Agreement, the Preference Shares Paying Agency Agreement or any other agreement.

## **7.8 Negative Covenants**

- (v) amend the Servicing Agreement except pursuant to its terms and Section 15.1(h) or amend the Collateral Administration Agreement except pursuant to its terms unless the Rating Condition with respect to each Rating Agency is satisfied with respect to the amendment or enter into any waiver in respect of any of the foregoing agreements without providing written notice to each Rating Agency and the Trustee (and, with respect to the Collateral Administration Agreement, without the consent of the Trustee);

### **7.13 Listing on Irish Stock Exchange**

So long as any Notes remain Outstanding, the Co-Issuers shall use all reasonable efforts to obtain and maintain the listing of the Notes on the regulated market of the ISE; **provided** that the Co-Issuers will not be required to maintain a listing on a stock exchange in the European Union if compliance with requirements of the European Commission on a member state becomes burdensome in the sole judgment of the Servicer.

So long as any Notes of any Class remain Outstanding, on or before May in each year commencing in 2008, the Co-Issuers shall obtain and pay for an annual review or ongoing surveillance of the rating of each Outstanding Class of Notes from each Rating Agency, as applicable. The Co-Issuers shall promptly notify the Trustee and the Servicer in writing (and the Trustee shall promptly provide a copy of the notice to the Noteholders) and the Preference Shares Paying Agent (for forwarding to the Holders of Preference Shares) if at any time the rating of any Class of Notes has been, or is known will be, changed or withdrawn.

#### **7.16 Calculation Agent**

- (a) The Issuer agrees that for so long as any Floating Rate Notes remain Outstanding an agent will always have been appointed (that does not control and is not controlled by or under common control with the Issuer or its Affiliates) to calculate LIBOR in respect of each Interest Period (the **Calculation Agent**). The Issuer has initially appointed the Trustee as Calculation Agent. The Issuer may remove the Calculation Agent at any time. If the Calculation Agent is unable or unwilling to act as such or is removed by the Issuer or if the Calculation Agent fails to determine any of the information required to be given to the Company Announcements Office of the Irish Stock Exchange, as described in subsection (b), in respect of any Interest Period, the Issuer or the Servicer (on its behalf) shall promptly appoint a replacement Calculation Agent. For so long as any Floating Rate Notes are listed on the Irish Stock Exchange and the rules of the exchange so require, notice of the appointment of any replacement Calculation Agent shall be given to the Company Announcements Office of the Irish Stock Exchange as promptly as practicable after the appointment. The Calculation Agent may not resign its duties without a successor having been duly appointed.
- (b) As soon as possible after 11:00 A.M., London time, on the second Business Day before the first day of each Interest Period, but in no event later than 11:00 A.M., London time, on the next Business Day, the Calculation Agent shall calculate the Note Interest Rate for each Class of Floating Rate Notes for the next Interest Period. The Calculation Agent shall communicate those rates and amounts to the Co-Issuers, the Trustee, each Paying Agent, the Servicer, Euroclear, Clearstream, the Depository, and, so long as any of the Floating Rate Notes are listed thereon and the rules of the exchange so require, the Irish Stock Exchange. In the latter case, the information shall be given to the Company Announcements Office of the Irish Stock Exchange as soon as possible after its determination. The Calculation Agent shall separately notify the Irish Stock Exchange of the information. The Calculation Agent shall also specify to the Co-Issuers the quotations on which the foregoing rates are based, and in any event the Calculation Agent shall notify the Co-Issuers before 7:00 P.M., London time, on the second Business Day before the first day of each Interest Period that either:
  - (i) it has determined or is in the process of determining the Note Interest Rate for each Class of Floating Rate Notes, or

- (ii) it has not determined and is not in the process of determining any such Note Interest Rate together with its reasons therefor.

The Calculation Agent's determination of the foregoing rates for any Interest Period shall (in the absence of manifest error) be final and binding on all parties and the Holders and Beneficial Owners of the Preference Shares.

## **7.17 Certain Tax Matters**

- (a) The Issuer, the Co-Issuer, the Trustee agree, and each registered Holder and Beneficial Owner of Notes, by accepting a Note, agrees to treat such Notes as indebtedness solely of the Issuer and not of the Co-Issuer for accounting, financial reporting and U.S. federal, and, to the extent permitted by law, state and local income tax purposes, to report all income (or loss) in accordance with such treatment and not to take any action inconsistent with such treatment unless otherwise required by any relevant taxing authority.
- (b) The Issuer agrees not to take any action to be treated as other than a corporation for U.S. federal income tax purposes.
- (c) The Issuer and Co-Issuer shall file, or cause to be filed, any tax returns, including information tax returns, required by any governmental authority.
- (d) The Issuer shall not file, or cause to be filed, any income or franchise tax return in any state of the United States unless the Issuer shall have obtained a Tax Opinion of Counsel prior to such filing that, under the laws of such jurisdiction, the Issuer is required to file such income or franchise tax return.
- (e) The Issuer shall not become the owner of any asset if the acquisition (including the manner thereof), ownership or disposition of such asset (without regard to the other activities of the Issuer) would cause the Issuer to be engaged, or deemed to be engaged, in a trade or business within the United States for U.S. federal income tax purposes, except as a result of ownership of Eligible Equity Securities, securities or other consideration received in an exchange or Defaulted Collateral Obligations pending their sale in accordance with Section 12.1.
- (f) The Issuer will treat each purchase of Collateral Obligations and Eligible Investments as a "purchase" for tax accounting and reporting purposes.
- (g) Each of the Issuers and the Trustee agrees that it does not intend for this Indenture to represent an agreement to enter into a partnership, a joint venture or any other business entity for U.S. federal income tax purposes. The Issuers and the Trustee shall not represent or otherwise hold themselves out to the United States Internal Revenue Service or other third parties as partners in a partnership or members of a joint venture or other business entity for U.S. federal income tax purposes.

- (h) If the Issuer or Servicer becomes aware that withholding of United States income tax is required with respect to fees associated with the Synthetic Letters of Credit included in the Collateral and such taxes are not being withheld by an agent for the relevant syndicate of lenders, the Issuer shall cause such taxes to be paid.

## 7.18 Securities Lending.

- (a) So long as no Event of Default is continuing and if after the completion of the transaction the limit in clause (30) of the definition of "Concentration Limitations" would be satisfied, the Servicer may cause Collateral Obligations that are not Defaulted Collateral Obligations to be lent for a term of 90 days or less to banks, broker-dealers and other financial institutions (other than insurance companies) having long-term and short-term senior unsecured debt ratings or guarantors with ratings of at least "A1" (and not "A1" but on credit watch with negative implications) and "P-1" (and not on credit watch for possible downgrade) from Moody's and a long-term senior unsecured debt rating of at least "A" or a short-term senior unsecured debt rating of at least "A-1" from S&P (each, a ***Securities Lending Counterparty***) pursuant to one or more agreements (each, a ***Securities Lending Agreement***); **provided** that Collateral Obligations the Market Value of which cannot be determined under clause (i), (ii) or (iii) of that definition may not be lent pursuant to a Securities Lending Agreement. Upon receipt of an Issuer Order, the Trustee shall release any lent Collateral Obligations to a Securities Lending Counterparty as directed by the Servicer. The Securities Lending Counterparties may be Affiliates of the Initial Purchasers or Affiliates of the Servicer. The duration of any Securities Lending Agreement shall not exceed the Stated Maturity of the Notes.
- (b) Each Securities Lending Agreement shall be on market terms as determined by the Servicer (except as may be required below) and shall:
  - (i) require that the Securities Lending Counterparty return to the Issuer debt obligations that are identical (in terms of issue and class) to the lent Collateral Obligations;
  - (ii) require that the Securities Lending Counterparty pay to the Issuer amounts equivalent to all interest and other payments that the owner of the lent Collateral Obligation is entitled to for the period during which the Collateral Obligation is lent and require that any such payments not be subject to withholding tax imposed by any jurisdiction unless the Securities Lending Counterparty is required under the Securities Lending Agreement to make "gross-up" payments to the Issuer that cover the full amount of the withholding tax on an after-tax basis;
  - (iii) require that the Rating Condition with respect to each Rating Agency shall be satisfied with respect to the execution of the Securities Lending Agreement;

- (iv) satisfy any other requirements of Section 1058 of the Code and the Treasury Regulations promulgated under it;
- (v) be governed by the laws of New York;
- (vi) permit the Issuer to assign its rights under the Securities Lending Agreement to the Trustee pursuant to this Indenture;
- (vii) provide for early termination and the delivery of any lent Collateral Obligation with no penalty if the Collateral Obligation becomes a Credit Risk Obligation or is subject to redemption in accordance with its terms;
- (viii) provide for early termination and the delivery of any lent Collateral Obligation with no penalty upon any redemption of the Notes in whole;
- (ix) require the Securities Lending Counterparty to post with the Trustee collateral consisting of cash or direct registered debt obligations of the United States of America that have a maturity date no later than the Business Day preceding the stated termination date of the Securities Lending Agreement (the "*Securities Lending Collateral*") to secure its obligation to return the Collateral Obligations or in the alternative post the Securities Lending Collateral with a custodian for the benefit of the Issuer designated by the Securities Lending Counterparty that satisfies the requirements with respect to being a securities intermediary with respect to the posted collateral if that custodian would qualify to be a successor trustee under Section 6.9;
- (x) provide that the Securities Lending Collateral shall be maintained as provided in the related Securities Lending Agreement and if securities are delivered to the Trustee as security for the obligations of the Securities Lending Counterparty under the related Securities Lending Agreement, the Servicer on behalf of the Issuer will negotiate with the Securities Lending Counterparty a rate for the loan fee to be paid to the Issuer for lending the lent Collateral Obligations;
- (xi) the lent Collateral Obligations shall be marked-to-market on a daily basis by the Servicer on the basis of their Market Value;
- (xii) the Collateral will include the Issuer's rights under the related Securities Lending Agreement rather than the loaned Collateral Obligation;
- (xiii) provide for early termination within ten days at the option of the Issuer and the delivery of any lent Collateral Obligation with no penalty if the Securities Lending Counterparty is no longer in compliance with the requirements relating to the credit ratings of the Securities Lending

Counterparty and the noncompliance is not cured as provided in this Indenture; and

- (xiv) contain appropriate limited recourse and non-petition provisions (to the extent the Issuer has contractual payment obligations to the Securities Lending Counterparty) equivalent (*mutatis mutandis*) to those in this Indenture.
- (c) If either Moody's or S&P downgrades a Securities Lending Counterparty such that the Securities Lending Agreements to which the Securities Lending Counterparty is a party are no longer in compliance with the requirements relating to the credit ratings of the Securities Lending Counterparty, then the Servicer on behalf of the Issuer shall take such steps as provided in the related Securities Lending Agreements.
- (d) In connection with any such direction by the Servicer to enter into a Securities Lending Agreement, the Trustee may receive and rely on an Issuer Order to the effect that the Securities Lending Agreement, and its Securities Lending Counterparty, is each in compliance with the requirements of this Indenture (including the definition of "Securities Lending Counterparty"). The Issuer and the Trustee may enter into any Securities Lending Agreement (and any related account control agreement) at the instruction of the Servicer, and deliver and accept delivery and return of any Collateral Obligations pursuant to the Securities Lending Agreement, or pursuant to instructions from the Servicer in connection with the Securities Lending Agreement. The Trustee may take any actions and exercise any rights and remedies under any Securities Lending Agreement that the Servicer instructs. The Trustee need not enter into any Securities Lending Agreement (or any related account control agreement) that would in its judgment, subject it to any liability, whether financial or otherwise, or cause it to incur or subject it to risk of any cost or disbursement for which it is not, in its judgment, adequately indemnified, or that would impose on it any obligations or administrative burdens that are unacceptable to it. The Servicer shall instruct the Trustee in writing with respect to the administration of any Securities Lending Agreement (including with respect to any default and the exercise of rights under it). The Trustee shall not have any responsibility for evaluating the sufficiency, validity or acceptability of any Securities Lending Agreement or for the qualifications or eligibility of any Securities Lending Counterparty. Nothing in this Indenture shall be construed to cause the Trustee to have any fiduciary duties to any Securities Lending Counterparty.

So long as any Collateral Obligation is on loan pursuant to a Securities Lending Agreement,

- (e) the Trustee shall have no liability for any failure or inability on its part to receive any information or take any action with respect to the Collateral Obligation because of its being on loan (including any failure to take action with respect to a

notice of redemption, consent solicitation, exchange or tender offer, or similar corporate action), and

- (f) the loaned Collateral Obligations shall not be disqualified for return to the Trustee as a Collateral Obligation by any change in circumstance or status during the time while on loan (including any change that would cause the Collateral Obligation to be ineligible for purchase by the Issuer under this Indenture if applied to a proposed purchase of it in the open market at the time of its return from loan).

#### **7.19 Purchase of Collateral Obligations; Ramp-Up Completion Date**

- (a) The Issuer shall use its best efforts to purchase Collateral Obligations on any Business Day during the Ramp-Up Period or enter into commitments to purchase Collateral Obligations on any Business Day during the Ramp-Up Period for purchase on or as soon as practicable thereafter (not to exceed 60 days thereafter), in each case, for inclusion in the Collateral so that each of the Aggregate Principal Balance of the Collateral Obligations and the Overcollateralization Ratio Numerator with respect to the Class A-1 Notes, the Class A-2 Notes and the Class B Notes is at least U.S.\$687,400,000.
- (b) No Collateral Obligations may be purchased prior to the Ramp-Up Completion Date unless immediately following the purchase of any Collateral Obligation (as certified by the Servicer in writing), the remaining funds in the Collection Account, after giving effect to such purchase, are sufficient as of the date of determination to purchase Collateral Obligations for inclusion in the Collateral so that each of the Aggregate Principal Balance of the Collateral Obligations and the Overcollateralization Ratio Numerator with respect to the Class A-1 Notes, the Class A-2 Notes and the Class B Notes is at least U.S.\$687,400,000 (taking into account the Collateral Obligations already part of the Collateral (without giving effect to any reductions of that amount that may have resulted from scheduled principal payments, principal prepayments or dispositions made with respect to any Collateral Obligations on or before the Ramp-Up Completion Date)).
- (c) Notwithstanding the foregoing, or any other provision of this Indenture, if the Issuer has previously entered into a commitment to purchase a Collateral Obligation to be included in the Collateral, such commitment initially not to exceed 60 days, and at the time of the commitment the Collateral Obligation complied with the definition of "Collateral Obligation" and the requirements set forth in this Section 7.19, the Issuer may consummate the purchase of the Collateral Obligation notwithstanding that the Collateral Obligation fails to comply with the definition of "Collateral Obligation" and the requirements set out above on the date of settlement.
- (d) The Issuer will use commercially reasonable efforts to purchase, or to enter into binding agreements to purchase, Collateral Obligations by the Ramp-Up Completion Date, that, together with the Collateral Obligations purchased on or

before the Closing Date and then held by the Issuer, will satisfy, as of the Ramp-Up Completion Date (without giving effect to any reductions of that amount that may have resulted from scheduled principal payments, principal prepayments or dispositions made with respect to any Collateral Obligations on or before the Ramp-Up Completion Date), the Collateral Quality Tests, the Concentration Limitations, the criteria set forth in Section 12.2 of this Indenture and the Overcollateralization Tests.

- (e) No later than five Business Days after the Ramp-Up Completion Date, the Issuer shall notify each of the Rating Agencies in writing of the occurrence of the Ramp-Up Completion Date (each, a "**Ramp-Up Notice**") and request in writing that each of S&P and Moody's confirm in writing prior to the Determination Date related to the first Payment Date that it has not reduced or withdrawn the Initial Ratings; **provided**, that the Issuer shall not be required to request a Rating Confirmation from Moody's if, by the Determination Date related to the first Payment Date Moody's has received an Accountants' Certificate confirming (i) the Issuer is in compliance with each of the Collateral Quality Tests, the Coverage Tests and the Concentration Limitations and (ii) the Aggregate Principal Balance of the Collateral Obligations that the Issuer owns or has committed to purchase is at least equal to U.S.\$687,400,000. In connection with such request or, in the case of Moody's, in lieu of such request, the Issuer shall provide a report to the Rating Agencies identifying the Collateral Obligations then included in the Collateral and the Issuer shall obtain and deliver to the Trustee and the Rating Agencies, together with the delivery of a report (and, with respect to S&P, an Excel Default Model Input File and, with respect to each Collateral Obligation, the name of the obligor thereon and the CUSIP number thereof (if applicable)) substantially in the form of a Monthly Report as of the Ramp-Up Completion Date, an Accountants' Certificate confirming:
  - (i) confirming the maturity date, rating, spread and recovery rate for each item of Original Collateral Obligations owned by the Issuer as of the Ramp-Up Completion Date and the information provided by the Issuer with respect to every other asset included in the Collateral, by reference to such sources as shall be specified therein;
  - (ii) confirming that as of the Ramp-Up Completion Date:
    - (1) each of the Coverage Tests are satisfied;
    - (2) the Aggregate Principal Balance of Collateral Obligations that the Issuer owned or committed to purchase as of the Ramp-Up Completion Date is at least equal to the Maximum Amount; and

- (3) the Collateral Obligations comply with all of the requirements of the Collateral Quality Tests and the Concentration Limitations; and
- (iii) specifying the procedures undertaken by them to review data and computations relating to the foregoing statements.
- (f) Any failure by the Issuer to obtain a Rating Confirmation pursuant to Section 7.19(e) above shall be a Rating Confirmation Failure (a "***Rating Confirmation Failure***") and will thereafter be deemed to be continuing until the first date thereafter on which the Trustee shall have received evidence of confirmation of the Initial Ratings, on which date it shall be deemed to have been cured. If a Rating Confirmation Failure occurs, the Notes will be redeemed pursuant to, and to the extent provided in, Section 9.1(a).
- (g) On the date occurring 45 days after the Closing Date (the ***Interim Ramp-Up Test Date***), the Servicer, on behalf of the Issuer, shall submit to Moody's a statement showing compliance with the Interim Ramp-Up Test specified in the Interim Ramp-Up Test table below. Should the results of any such Interim Ramp-Up Test fail to comply with the levels established for such Interim Ramp-Up Test Date by the Servicer on behalf of the Issuer, and that are acceptable to Moody's, the Issuer shall discuss a plan with Moody's for achieving compliance with such tests by the Ramp-Up Completion Date at the levels required on the Ramp-Up Completion Date.

#### **7.20 Secondary Risk Procedures**

The Servicer shall notify S&P and request that S&P modify the S&P CDO Monitor accordingly if on any date (as disclosed in the most recent Monthly Report):

- (a) the Aggregate Principal Amount of all Collateral Obligations participated from or entered into with the same Secondary Risk Counterparty exceeds the percentage of the Maximum Amount in the Secondary Risk Table opposite the long-term

S&P credit rating of the Secondary Risk Counterparty under the caption "Individual Counterparty Limit," or

- (b) the Aggregate Principal Amount of all Collateral Obligations participated from or entered into with Secondary Risk Counterparties with the same long-term credit rating exceeds the percentage of the Maximum Amount in the Secondary Risk Table opposite that rating under the caption "Aggregate Counterparty Limit" (excluding up to 5.0% by Aggregate Principal Amount of Synthetic Securities with respect to Collateral Obligations the Aggregate Counterparty Limit of which is 20.0% to the extent that (x) such exposure is fully collateralized with respect to principal and (y) the related Synthetic Security Counterparties are rated at least "A-1+" by S&P).

## 7.21 Section 3(c)(7) Procedures

In addition to the notices required to be given under Section 10.6 hereof, the Issuer shall take the following actions to ensure compliance with the requirements of Section 3(c)(7) of the Investment Company Act (**provided** that such procedures and disclosures may be revised by the Issuer to be consistent with generally accepted practice for compliance with the requirements of Section 3(c)(7) of the Investment Company Act):

- (a) **Section 3(c)(7) Notice to Investors.** The Issuer shall (i) request the Depository to cause, and cooperate with the Depository in causing, the Depository's security description and delivery order to include a "3(c)(7) marker" and the Depository's user manual to contain an accurate description of the restrictions on the holding and transfer of the Notes due to the Issuer's reliance on the exclusion to registration provided by Section 3(c)(7) of the Investment Company Act, (ii) request that the Depository send, and cooperate with the Depository in causing the Depository to send, to its Agent Members (x) the Important Section 3(c)(7) Reminder Notice substantially in the form of Exhibit G-2 in connection with the initial offering of the Notes and (y) the Section 3(c)(7) Reminder Notice substantially in the form of Exhibit G-1 as set forth in Section 10.6(b) and (iii) request that the Depository cause, and cooperate with the Depository in causing, the Depository's Reference Directory to include each Class of Notes (and the applicable CUSIP numbers for the Notes) in the listing of 3(c)(7) issues together with an attached description of the limitations as to the distribution, purchase, sale and holding of the Notes.
- (b) **CUSIP Numbers.** The Issuer shall (a) request of S&P, and shall cooperate with S&P to ensure that all CUSIP numbers identifying the Notes shall have a "fixed field" attached thereto that contains "3c7" and "144A" indicators and (b) take steps to cause the Initial Purchasers and any market makers to require that all "confirms" of trades of the Notes contain CUSIP numbers with such "fixed field" identifiers.

- (c) **Bloomberg and other Third-Party Vendor Screens.** The Issuer shall use all reasonable efforts to cause the Bloomberg screen or screens containing information about the Notes to include the following language: (a) the "Note Box" on the bottom of the "Security Display" page describing the Notes shall state: "Iss'd Under 144A/3(c)(7)," (b) the "Security Display" page shall have the flashing red indicator "See Other Available Information" and (c) the indicator shall link to the "Additional Security Information" page, which shall state that the securities are "being offered in reliance on the exemption from registration under Rule 144A of the Securities Act, to persons who are both (x) qualified institutional buyers (as defined in Rule 144A under the Securities Act) and (y) qualified purchasers (as defined under Section 3(c)(7) under the Investment Company Act)." The Issuer shall use all reasonable efforts to require that any other third-party vendor screens containing information about the Notes include substantially similar language to clauses (a) through (c) above.

## **8. SUPPLEMENTAL INDENTURES**

### **8.1 Supplemental Indentures Without Consent of Holders**

- (a) Without the consent of the Holders of any Securities (other than with respect to the consent of the Majority of the Controlling Class specified in clause (15) below), any Hedge Counterparty (except to the extent such consent is required under the applicable Hedge Agreement) or any Synthetic Security Counterparty (except to the extent such consent is required under the applicable Synthetic Security Agreement), when authorized by Board Resolutions, and subject to the requirement provided below in this Section 8.1 with respect to the ratings of any Class of Notes, the Co-Issuers and the Trustee may, if, with respect to any matters described in clauses (1) through (23) below, the interests of the Holders of the Securities (except, in the case of clause (12) below, any Holders of Notes subject to the applicable Refinancing) are not materially and adversely affected thereby (the Co-Issuers and the Trustee will be bound by a standard of good faith and fair dealing in making such determination, subject to the terms of this Indenture) execute one or more indentures supplemental to this Indenture, in form satisfactory to the Trustee, to:
- (1) evidence the succession of another Person to the Issuer or the Co-Issuer and the assumption by the successor Person of the obligations of the Issuer or the Co-Issuer in this Indenture and in the Securities;

amount, terms, and purposes of the issue, authentication and delivery of the Notes;

- (4) evidence and provide for the acceptance of appointment under this Indenture by a successor Trustee and to add to or change any of the provisions of this Indenture necessary to facilitate the administration of the trusts under this Indenture by more than one Trustee, pursuant to the requirements of Sections 6.10, 6.11, and 6.13;
- (5) correct or amplify the description of any property at any time subject to the lien of this Indenture, or to better assure, convey, and confirm to the Trustee any property subject or required to be subject to the lien of this Indenture (including all actions appropriate as a result of changes in law) or to subject to the lien of this Indenture any additional property;
- (6) cause any provision of this Indenture to conform to, or be consistent with, the statements made with respect to such provision in the Offering Memorandum;
- (7) modify the restrictions on and procedures for resales and other transfers of the Notes to reflect any changes in applicable law (or its interpretation) or to enable the Co-Issuers to rely on any less restrictive exemption from registration under the Securities Act (including, without limitation, to add provisions for resales and transfers of the Preference Shares under Regulation S) or the Investment Company Act or to remove restrictions on resale and transfer to the extent not required under this Indenture;
- (8) with the consent of the Servicer, modify (A) the restrictions on the sales of Collateral Obligations in Section 12.1 or (B) with the consent of the Majority of the Controlling Class (which consent shall not be unreasonably withheld), the Eligibility Criteria in Section 12.2 (and the definitions related thereto); **provided** that, for the avoidance of doubt, the consent of a Majority of the Controlling Class shall not be required if such amendment also satisfies the requirements of clause (24) below;
- (9) make appropriate changes for any Class of Notes to be listed on an exchange other than the Irish Stock Exchange;
- (10) otherwise to correct any inconsistency or cure any ambiguity or errors in this Indenture;

are materially adversely affected thereby, other than Holders of Notes subject to such Refinancing;

- (13) to avoid the imposition of tax on the net income of the Issuer or of withholding tax on any payment to the Issuer;
- (14) authorize the appointment of any listing agent, Transfer Agent, Paying Agent or additional registrar for any Class of Notes appropriate in connection with the listing of any Class of Notes on the Irish Stock Exchange or any other stock exchange, and otherwise to amend this Indenture to incorporate any changes required or requested by any governmental authority, stock exchange authority, listing agent, Transfer Agent, Paying Agent or additional registrar for any Class of Notes in connection with its appointment, so long as the supplemental indenture would not materially and adversely affect any Noteholder, as evidenced by an Opinion of Counsel (which may be supported as to factual (including financial and capital markets) matters by any relevant certificates and other documents necessary or advisable in the judgment of counsel delivering the opinion) or a certificate of an Authorized Officer of the Servicer, to the effect that the modification would not be materially adverse to the Holders of any Class of Notes;
- (15) with the consent of the Majority of the Controlling Class, amend, modify, enter into or accommodate the execution of any contract relating to a Synthetic Security (including posting collateral under a Synthetic Security Agreement) if such particular action is not otherwise permitted under the Indenture;
- (16) modify Section 3.3 to be consistent with applicable laws or Rating Agency requirements;
- (17) evidence any waiver by any Rating Agency as to any requirement or condition, as applicable, of the Rating Agency set forth in this Indenture;
- (18) facilitate the issuance of participation notes, combination notes, composite securities and other similar securities;
- (19) facilitate hedging transactions;
- (20) facilitate the ability of the Issuer to lend collateral pursuant to a Securities Lending Agreement;
- (21) modify any provision to facilitate an A/B Exchange, including to effect any serial designation relating to the exchange;

- (22) with the consent of the Servicer, enter into any additional agreements not expressly prohibited by this Indenture as well as any amendment, modification, or waiver if the Issuer determines that the amendment, modification, or waiver would not, upon or after becoming effective, materially and adversely affect the rights or interest of the Holders of any Class of Securities as evidenced by an Opinion of Counsel (which may be supported as to factual (including financial and capital markets) matters by any relevant certificates and other documents necessary or advisable in the judgment of counsel delivering the opinion) or a certificate of an officer of the Servicer to the effect that the modification would not be materially adverse to the Holders of any Class of Securities; provided that, for the avoidance of doubt, this clause (22) shall not permit the Co-Issuers and the Trustee to effect any amendment that expressly requires the consent of the Majority of the Controlling Class without such consent;
- (23) provide for the issuance of additional Preference Shares to the extent permitted by the Preference Share Documents and to extend to such additional Preference Shares the benefits applicable to the Preference Shares under the Indenture and the Preference Share Documents; or
- (24) prevent the Issuer from becoming an "investment company" as defined in the Investment Company Act or to better assure compliance with the requirements of Rule 3a-7 and/or to remove transfer restrictions and other requirements relating to Section 3(c)(7);

**provided** that, as a condition to the effectiveness of any such supplemental indenture, each of the Issuer, the Trustee and the Servicer shall have received (A) a Rating Confirmation with respect to such supplemental indenture and (B) a customary opinion of counsel (which may be supported as to factual matters by any relevant certificates or other documents necessary or advisable in the judgment of counsel delivering such opinion) from a nationally recognized law firm providing that, after giving effect to such supplemental indenture, the Issuer is exempt from registration as an "investment company" under the Investment Company Act in reliance on the exemption provided by Rule 3a-7.

- (b) Without the consent of the Servicer, no supplemental indenture may be entered into that would reduce the rights, decrease the fees or other amounts payable to the Servicer under this Indenture or increase the duties or obligations of the Servicer.
- (c) The Trustee is authorized to join in the execution of any such supplemental indenture and to make any further appropriate agreements and stipulations that may be in the agreements, but the Trustee shall not be obligated to enter into any such supplemental indenture that affects the Trustee's own rights, duties, liabilities or immunities under this Indenture or otherwise, except to the extent required by law. Unless notified by a Majority of any Class of Notes or a Majority of the

Preference Shares that Holders of the Class of the Notes or Holders of the Preference Shares would be materially and adversely affected, the Trustee may rely on a certificate of the Servicer and an Opinion of Counsel (which may be supported as to factual (including financial and capital markets) matters by any relevant certificates and other documents necessary or advisable in the judgment of counsel delivering the opinion) as to whether the interests of any Holder of Securities would be materially and adversely affected by any such supplemental indenture.

- (d) If any Outstanding Notes are rated by a Rating Agency, the Trustee shall enter into a supplemental indenture pursuant to this Section 8.1 only if either (1) the Rating Condition with respect to each Rating Agency is satisfied with respect to the supplemental indenture or (2) the Servicer and the Holders of 100% in Aggregate Outstanding Amount of each Class of Notes the ratings on which would be reduced or withdrawn consent to the supplemental indenture. Prior to the entry into any supplemental Indenture with respect to which a Rating Confirmation for one or more Classes of Notes is not expected to be delivered, the Trustee shall provide written notice to each Holder of each Outstanding Note informing them of such fact.
- (e) At the cost of the Co-Issuers, the Trustee shall mail to the Noteholders, the Preference Shares Paying Agent (for forwarding to the Holders of Preference Shares), each Rating Agency (for so long as any Notes are Outstanding and rated by a Rating Agency) and each Hedge Counterparty a copy of any such proposed supplemental indenture pursuant to this Section at least 15 Business Days before its execution by the Trustee (or 60 calendar days before execution in the case of a supplemental indenture for the purpose described in paragraph (8) of Section 8.1(a), which shall be identified as such in a certificate of the Servicer delivered to the Trustee before the date on which such notice is required to be given).

## **8.2 Supplemental Indentures With Consent of Holders**

- (a) If the Rating Condition is satisfied with respect to each Rating Agency, the Trustee and the Co-Issuers may execute one or more indentures supplemental to this Indenture to add any provisions to, or change in any manner, or eliminate any of the provisions of, this Indenture or modify in any manner the rights of the Noteholders under this Indenture with the consent of:
  - (1) the Servicer if the supplemental indenture would reduce the rights, decrease the fees or other amounts payable to it under this Indenture or increase the duties or obligations of the Servicer;
  - (2) a Majority of each Class of Notes adversely affected thereby, by Act of the Holders of each such Class of Notes;
  - (3) a Majority of the Preference Shares adversely affected thereby;

- (4) each Hedge Counterparty (if such consent is required pursuant to the applicable Hedge Agreement); and
- (5) each Synthetic Security Counterparty (if such consent is required pursuant to the applicable Synthetic Security Agreement).

Any proposed supplemental indenture that would also necessitate a change to the Issuer Charter may only be made after a Special Resolution (as defined in the Issuer Charter) has been passed to permit the Issuer's constitutional documents to be altered to conform them to the proposed change to this Indenture as certified to the Trustee by the Issuer.

Notwithstanding anything in this Indenture to the contrary, without the consent of the Holder of each Outstanding Note adversely affected thereby and the Holder of each Preference Share adversely affected thereby, no supplemental indenture shall:

- (i) change the Stated Maturity of the principal of or the due date of any installment of interest on any Note or of any payment to the Preference Shares Paying Agent for payment to the Holders of the Preference Shares (other than in the case of any Maturity Extension in connection with an extension of the Replacement Period as described in Section 2.4), reduce the principal amount or the rate of interest on any Note, or the Default Interest Rate or the Redemption Price with respect to any Note or Preference Share, or change the earliest date on which Notes of any Class or Preference Share may be redeemed at the option of the Issuer, change the provisions of this Indenture relating to the application of proceeds of any Collateral to the payment of principal of or interest on Notes, or to payment to the Preference Shares Paying Agent for payment to the Holders of the Preference Shares, or change any place where, or the coin or currency in which, Notes or their principal or interest are paid or impair the right to institute suit for the enforcement of any such payment on or after their Stated Maturity (or, in the case of redemption, on or after the applicable Redemption Date);
- (ii) reduce the percentage of the Aggregate Outstanding Amount of Holders of Notes of each Class or Holders of Preference Shares whose consent is required for the authorization of any such supplemental indenture or for any waiver of compliance with certain provisions of this Indenture or certain defaults under this Indenture or their consequences provided for in this Indenture;
- (iii) permit the creation of any lien ranking prior to or on a parity with the lien of this Indenture with respect to any part of the Collateral or terminate the lien on any property at any time subject hereto or deprive the Holder of any Note of the security afforded by the lien of this Indenture;

- (iv) reduce the percentage of the Aggregate Outstanding Amount of Holders of Notes of each Class whose consent is required to request the Trustee to retain the Collateral or rescind the Trustee's election to retain the Collateral, pursuant to Section 5.5 or to sell or liquidate the Collateral, pursuant to Section 5.4 or 5.5;
  - (v) modify any of the provisions of this Section, or to provide that certain other provisions of this Indenture cannot be modified or waived without the consent of the Holder of each Outstanding Note and Preference Share affected thereby;
  - (vi) modify the definition of "Outstanding," "Controlling Class," or "Majority," or the Priority of Payments in Section 11.1(a) or Section 13.1; or
  - (vii) modify any of the provisions of this Indenture in such a manner as to affect the calculation of the amount of any payment of Redemption Price or of interest or principal on any Note or any payment to the Preference Shares Paying Agent for the payment of dividends or other payments on the Preference Shares on any Payment Date or to affect the rights of the Holders of the Securities to the benefit of any provisions for the redemption of the Notes or the Preference Shares contained in this Indenture.
- (b) Not later than 15 Business Days prior to the execution of any proposed supplemental indenture pursuant to this Section 8.2, the Trustee, at the expense of the Co-Issuers, shall mail to the Noteholders, the Servicer, the Preference Shares Paying Agent (for forwarding to the Holders of Preference Shares), each Hedge Counterparty, each Synthetic Security Counterparty (to the extent required by the terms of the related Synthetic Security) and each Rating Agency (for so long as any Notes are Outstanding and rated by a Rating Agency) a copy of such proposed supplemental indenture and shall request any required consent from the applicable Holders of Securities to be given within the Initial Consent Period. Any consent given to a proposed supplemental indenture by the Holder of any Securities, as applicable, shall be irrevocable and binding on all future Holders or beneficial owners of that Security, irrespective of the execution date of the supplemental indenture. If the Holders of less than the required percentage of the Aggregate Outstanding Amount of the relevant Securities consent to a proposed supplemental indenture within the Initial Consent Period, on the first Business Day after the Initial Consent Period, the Trustee shall notify the Issuer and the Servicer which Holders of Securities have consented to the proposed supplemental indenture and, which Holders (and, to the extent such information is reasonably available to the Trustee, which beneficial owners) have not consented to the proposed supplemental indenture. If it intends to exercise its Amendment Buy-Out Option pursuant to Section 9.6, the Amendment Buy-Out Purchaser shall so notify the Trustee and S&P (which notice shall designate a date for the

- Amendment Buy-Out to occur no earlier than 10 Business Days after the date of such notice) no later than five Business Days after the Servicer is so notified by the Trustee and the Trustee shall promptly mail such notice to all Noteholders and the Preference Shares Paying Agent (for forwarding to the Holders of Preference Shares). Any Non-Consenting Holder may give consent to the related proposed supplemental indenture until the 5th Business Day prior to the date of the Amendment Buy-Out designated by the Amendment Buy-Out Purchaser, and in such case shall cease to be a Non-Consenting Holder for purposes of the Amendment Buy-Out. If the Amendment Buy-Out Purchaser exercises its Amendment Buy-Out Option and purchases the applicable Securities pursuant to Section 9.6 below, the Amendment Buy-Out Purchaser, as Holder or beneficial owner of the applicable Securities, may consent to the related proposed supplemental indenture within five Business Days of the Amendment Buy-Out.
- (c) It shall not be necessary for any Act of Noteholders under this Section 8.2 to approve the particular form of any proposed supplemental indenture, but it shall be sufficient if the Act or consent approves its substance.
  - (d) The Trustee, at the expense of the Co-Issuers, shall mail to the Noteholders, the Servicer, the Preference Shares Paying Agent (for forwarding to the Holders of Preference Shares), each Hedge Counterparty, each Synthetic Security Counterparty and each Rating Agency a copy of any supplemental indenture pursuant to this Section 8.2 promptly after its execution by the Co-Issuers and the Trustee. Any failure of the Trustee to mail a copy of any supplemental indenture as provided in this Indenture, or any defect in the mailing, shall not in any way affect the validity of the supplemental indenture.

### **8.3 Execution of Supplemental Indentures**

In executing or accepting the additional trusts created by any supplemental indenture permitted by this Section 8 or the modifications thereby of the trusts created by this Indenture, the Trustee may receive, and (subject to Sections 6.1 and 6.3) shall be fully protected in relying upon, an Opinion of Counsel stating that the execution of the supplemental indenture is authorized or permitted by this Indenture and that all conditions precedent to the execution of such supplemental indenture have been satisfied. In the event that any supplemental indenture is consented to by the Issuer, the Co-Issuer and 100% of the Aggregate Outstanding Amount of each Class of Notes and the Rating Condition is satisfied or is specifically waived by all consenting parties, all conditions precedent to the execution of such supplemental indenture shall be deemed satisfied, the execution of such supplemental indenture shall be authorized or permitted by this Indenture, and the Trustee shall execute and accept the additional trusts created by such supplemental indenture pursuant to this Section 8 or modification thereby of the trusts created by this Indenture without obtaining an Opinion of Counsel; **provided** that the Trustee may, but shall not be obligated to, enter into any such supplemental indenture that affects the Trustee's own rights, duties or immunities under this Indenture or otherwise. The Servicer shall not be bound by any amendment or supplement to this

Indenture that would reduce the rights, decrease the fees or other amounts payable to it under this Indenture or increase the duties or obligations of the Servicer unless the Servicer consents to it in writing, such consent not to be unreasonably withheld or delayed. The Servicer shall follow any amendment or supplement to this Indenture by which it is bound of which it has received written notice from the time it receives a copy of the amendment from the Issuer or the Trustee.

#### **8.4 Effect of Supplemental Indentures; Certain Required Consents**

Upon the execution of any supplemental indenture under this Section 8, this Indenture shall be modified in accordance therewith, and the supplemental indenture shall form a part of this Indenture for all purposes; and every Holder of Notes theretofore and thereafter authenticated and delivered under this Indenture shall be bound thereby.

Any supplemental indenture that would necessitate a change to the Issuer Charter may only be made after a Special Resolution (as defined in the Issuer Charter) has been passed to permit the Issuer Charter to be altered to conform with such proposed amendment.

#### **8.5 Reference in Notes to Supplemental Indentures**

Notes authenticated and delivered after the execution of any supplemental indenture pursuant to this Section 8 may, and if required by the Trustee shall, bear a notice in form approved by the Trustee as to any matter provided for in the supplemental indenture. If the Applicable Issuers shall so determine, new Notes, so modified as to conform in the opinion of the Trustee and the Co-Issuers to any such supplemental indenture, may be prepared and executed by the Applicable Issuers and authenticated and delivered by the Trustee in exchange for Outstanding Notes.

### **9. REDEMPTION OF NOTES**

#### **9.1 Mandatory Redemption**

- (a) If either (a) a Coverage Test is not met on any Determination Date or (b) a Rating Confirmation Failure occurs, principal payments on the Notes shall be made on the related Payment Date (without payment of any Redemption Price) in accordance with the Priority of Payments.

Upon receipt of notice of a Rating Confirmation Failure and if available Interest Proceeds and Principal Proceeds are insufficient to effect the redemption of the Notes, at par on any subsequent Payment Date in accordance with the Priority of Payments as and to the extent necessary for each of Moody's and S&P to confirm in writing the Initial Ratings assigned by it on the Closing Date to the Notes, then at the direction and in accordance with the instructions of the Servicer the Trustee shall sell Collateral Obligations so that the proceeds from the sale and all other funds available for the purpose in the Collection Account will be used to redeem the Notes and the Preference Shares (but only to the extent necessary for each of

Moody's and S&P to confirm in writing the Initial Ratings assigned by it on the Closing Date to the Notes) and to pay all administrative and other fees, expenses and obligations payable under the Priority of Payments. Any sale under this Section shall be conducted in such a manner that:

- (i) after giving effect to the sale each Overcollateralization Test is satisfied or, if any Overcollateralization Test is not satisfied, the extent of compliance with the Overcollateralization Test is not reduced,
  - (ii) if the sale occurs on or after the second Payment Date, after giving effect to the sale each Interest Coverage Test is satisfied or, if any Interest Coverage Test is not satisfied, the extent of compliance with the Interest Coverage Test is not reduced, and
  - (iii) after giving effect to the sale each Collateral Quality Test is satisfied or, if any Collateral Quality Test is not satisfied, the extent of compliance with the Collateral Quality Test is not reduced.
- (b) The Preference Shares will be redeemed in whole in accordance with the Priority of Payments and the Preference Share Documents on any Payment Date on which a mandatory redemption of the Notes pursuant to Section 9.1(a) results in the payment in full of the Aggregate Outstanding Amount of each Class of Notes.

## **9.2 Optional Redemption**

- (a) Upon the occurrence of a Tax Event, or at any time after the Non-Call Period, the Notes shall be redeemed by the Applicable Issuers, in whole but not in part, on any Payment Date from Principal Proceeds and all other funds available for that purpose in the Collection Account, the Payment Account, the Closing Date Expense Account, the Synthetic Security Reserve Account, the Revolving Reserve Account and the Delayed Drawdown Reserve Account at the direction of the applicable Required Redemption Percentage, which direction must be given to the Preference Shares Paying Agent, the Trustee, the Issuer and the Servicer not later than 45 days before the Payment Date on which the redemption is to be made, at the applicable Redemption Price (exclusive of installments of interest and principal maturing on or before that date, payment of which shall have been made or duly provided for, to the Noteholders on relevant Record Dates or as otherwise provided in this Indenture). All Notes must be simultaneously redeemed, and any termination payments pursuant to Hedge Agreements must be paid.

In the event that the Preference Shares Paying Agent, the Trustee and the Issuer receive notice directing an optional redemption from any one or more Holders of Preference Shares holding less than a Majority of the Preference Shares, the Preference Shares Paying Agent shall, within five Business Days of receipt of such notice, notify the Holders of the Preference Shares (i) of the receipt of such

notice and (ii) that any Holder of Preference Shares may join in directing an optional redemption by notifying the Issuer, the Trustee and the Preference Shares Paying Agent in writing within five Business Days after such Holder's receipt of the Preference Shares Paying Agent's Notice.

Upon receipt of a notice of redemption pursuant to the first paragraph of this Section 9.2(a), the Servicer in its sole discretion will (subject to the standard of care specified in the Servicing Agreement), on behalf of the Issuer, direct the sale of the Collateral Obligations so that the proceeds from the sale and all other funds available for such purpose in the Collection Account, the Closing Date Expense Account, the Synthetic Security Reserve Account, the Revolving Reserve Account and the Delayed Drawdown Reserve Account will be at least sufficient to redeem all of the Notes and to pay all administrative and other fees and expenses payable under the Priority of Payments without regard to any payment limitations. If, in the Servicer's reasonable discretion, the sale would not be sufficient to redeem the Notes, and to pay the fees, expenses and obligations, the Notes shall not be redeemed.

Upon any redemption pursuant to this Section 9.2(a), the Issuer shall, at least 30 days before the Redemption Date (unless the Trustee shall agree to a shorter notice period), notify the Trustee, the Preference Shares Paying Agent (for forwarding to the Holders of Preference Shares) and each Rating Agency of the Redemption Date, the applicable Record Date, the principal amount of Notes to be redeemed on the Redemption Date and the applicable Redemption Prices.

- (b) On any Payment Date on or after payment in full of the Notes, all administrative and other fees (without regard to any payment limitations) payable under the Priority of Payments (including the Senior Servicing Fee and the Subordinated Servicing Fee), all amounts owing under this Indenture and all amounts owing under this Indenture and any Hedge Agreement to any Hedge Counterparty have been discharged,
  - (i) at the direction of a Majority of the Preference Shares, the Issuer shall cause the Trustee to make payments in redemption of all of the Preference Shares, in an aggregate amount equal to all of the proceeds from the sale or other disposition of all of the remaining Collateral less any fees and expenses owed by the Issuer (including the Redemption Price of any Notes being simultaneously redeemed), the aggregate amount to be distributed to the Preference Shares Paying Agent for distribution to the Holders of the Preference Shares *pro rata* in accordance with their respective holdings or
  - (ii) at the unanimous direction of the Holders of the Preference Shares, voting as a single Class or group, the Issuer shall cause the Trustee to make payments in redemption of all or a directed portion (representing less than all) of the Preference Shares to the Preference Shares Paying Agent for

distribution to the Holders of the Preference Shares based upon such direction.

Upon a distribution pursuant to Section 9.2(b)(i), the Servicer will (subject to the standard of care specified in the Servicing Agreement), on behalf of the Issuer (and subject to Section 9.2(b)(ii)), direct the sale of all remaining Collateral Obligations. Upon a distribution pursuant to Section 9.2(b)(ii), the Servicer will effect the sale of Collateral Obligations in accordance with the unanimous direction of the Holders of the Preference Shares.

### **9.3 Optional Redemption Procedures**

- (a) Upon any redemption pursuant to Section 9.2, the Trustee shall give notice of a redemption by first-class mail, postage prepaid, mailed not later than 10 Business Days and not earlier than 30 days before the applicable Redemption Date, to each Holder of Notes to be redeemed, at the Holder's address in the Indenture Register or otherwise in accordance with the rules and procedures of DTC, Euroclear, and Clearstream, as applicable, to the Preference Shares Paying Agent (for forwarding to the Holders of Preference Shares) and (in the case of a redemption pursuant to Section 9.2(a)) to each Rating Agency. In addition, for so long as any Notes are listed on the Irish Stock Exchange and so long as the rules of the exchange so require, notice of redemption of Notes pursuant to Section 9.2 shall also be given to the Company Announcements Office of the Irish Stock Exchange.
- (b) All notices of redemption delivered pursuant to Section 9.3(a) shall state:
  - (i) the applicable Redemption Date;
  - (ii) the Redemption Price of the Notes to be redeemed (in the case of a redemption pursuant to Section 9.2(a));
  - (iii) in the case of a redemption pursuant to Section 9.2(a), that all of the Notes, are to be redeemed in full and that interest on the Notes to be redeemed shall cease to accrue on the Payment Date specified in the notice; and
  - (iv) the places where the Notes to be redeemed in whole are to be surrendered for payment of the Redemption Price, which shall be the office or agency of the Co-Issuers to be maintained in the Borough of Manhattan as provided in Section 7.2 and the Corporate Trust Office or other office designated by the Trustee for surrender).

Any such notice of redemption may be withdrawn by the Issuer up to the fourth Business Day before the scheduled Redemption Date by written notice to the Preference Shares Paying Agent (for forwarding to the Holders of Preference Shares), the Trustee and the Servicer only if:

- (A) in the case of a redemption pursuant to Section 9.2(a), the Servicer does not deliver the sale agreement or certifications (described in Section 9.3(c) and 12.1(f)), as the case may be, in form satisfactory to the Trustee,
- (B) in the case of a redemption pursuant to Section 9.2(a) or Section 9.2(b)(i), the Issuer receives the written direction of the Majority of the Preference Shares (or, in the case of an Optional Redemption of the Notes resulting from a Tax Event, the Affected Class) to withdraw the notice of redemption delivered by a percentage of the Preference Shares (or, in the case of an Optional Redemption of the Notes resulting from a Tax Event, the Affected Class) requesting redemption under Section 9.2(a) or Section 9.2(b)(i), as applicable, or
- (C) in the case of a redemption pursuant to Section 9.2(b)(ii), the Issuer receives the unanimous written direction of the Holders of the Preference Shares to withdraw the notice of redemption (and the Issuer hereby agrees for the benefit of the directing Holders to withdraw the applicable notice of redemption if it receives the written direction referred to in the preceding clause (B) or this clause (C)).

Notice of any withdrawal shall be sent, not later than the third Business Day before the scheduled Redemption Date (assuming that the Trustee has received timely written notice from the Issuer as provided above), by the Trustee, to each Noteholder scheduled to be redeemed at the Holder's address in the Indenture Register by overnight courier guaranteeing next day delivery (or, to the extent the address contained in the Indenture Register is not sufficient for that purpose, by first class mail) and the Preference Shares Paying Agent (for forwarding to each Holder of Preference Shares). If the Issuer so withdraws any notice of redemption or is otherwise unable to complete any redemption of the Notes, the Sale Proceeds received from the sale of any Collateral Obligations sold pursuant to Sections 9.2 and 12.1(f) may, during the Replacement Period (and, in respect of Sale Proceeds from Credit Risk Obligations and Credit Improved Obligations, after the Replacement Period) at the Servicer's discretion, be used to purchase replacement Collateral Obligations in accordance with the Eligibility Criteria.

Notice of redemption shall be given by the Co-Issuers or, upon an Issuer Order, by the Trustee in the name and at the expense of the Co-Issuers. Failure to give notice of redemption, or any defect therein, to any Holder of any Notes selected for redemption or the Preference Shares Paying Agent (for forwarding to each Holder of Preference Shares) shall not impair or affect the validity of the redemption of any other Securities.

- (c) The Notes may not be redeemed pursuant to Section 9.2(a) unless either of the following conditions is satisfied:
- (i) At least 10 Business Days before the Redemption Date, the Servicer shall have furnished to the Trustee evidence (in form reasonably satisfactory to the Trustee) that the Issuer has entered into a binding agreement (with (x) a financial or other institution or entity whose short-term unsecured debt obligations (other than obligations whose rating is based on the credit of a Person other than the institution) have a credit rating of at least "A-1" from S&P and of "P-1" (and not on credit watch for possible downgrade) from Moody's, (y) any other entity that has the benefit of a credit facility, a warehouse agreement, a liquidity facility or a similar arrangement with a financial or other institution or entity that satisfies the criteria in sub-clause (x) above and such financial or other institution or entity irrevocably agrees to fund the purchase of all or part of the Collateral as set forth herein or (z) any other institution or entity if the Rating Condition with respect to Moody's is satisfied with respect to the other entity) to sell to the financial or other institutions, not later than the Business Day before the Redemption Date in immediately available funds, all or part of the Collateral (directly or by participation or other arrangement) at a Purchase Price at least equal to an amount sufficient (together with any Cash and other Eligible Investments not subject to the agreements and maturing on or before the Redemption Date and any payments to be received with respect to the Hedge Agreements on or before the Redemption Date) to pay all administrative and other fees and expenses payable under the Priority of Payments without regard to any payment limitations (including the Senior Servicing Fee and the Subordinated Servicing Fee), all amounts owing under this Indenture, all amounts owing under the Hedge Agreements to the Hedge Counterparties, and to redeem the Notes on the Redemption Date at the applicable Redemption Prices; or
  - (ii) Before entering into any binding agreement to sell all or a portion of the Collateral and selling or terminating any Hedge Agreement, the Servicer shall have certified that, in its commercially reasonable judgment, the settlement dates of the sales will be scheduled to occur on or before the Business Day before the Redemption Date and that the expected proceeds from the sales are to be delivered to the Trustee no later than the Business Day before the Redemption Date, in immediately available funds, in an amount (calculated as applicable in the manner provided below) sufficient (together with any Cash and other Eligible Investments not subject to the agreements and maturing on or before the Redemption Date and any payments to be received with respect to the Hedge Agreements on or before the Redemption Date) to pay all administrative and other fees and expenses payable under the Priority of Payments (including the Senior Servicing Fee and the Subordinated Servicing Fee), all amounts owing

under this Indenture, all amounts owing under the Hedge Agreements to the Hedge Counterparties, and to redeem the Notes on the Redemption Date at the applicable Redemption Prices. For purposes of this paragraph, the amount shall be calculated with respect to the classes of Collateral listed in the table below by multiplying the expected proceeds of sale of the Collateral by the indicated percentage in the table below. For the avoidance of doubt, no Hedge Agreement shall be sold or terminated unless the third Business Day before the scheduled Redemption Date has passed and no notice of withdrawal has been issued.

		<u>Number of Business Days Between Certification to the Trustee and Sale</u>			
		<u>Same Day</u>	<u>1 to 2</u>	<u>3 to 5</u>	<u>6 to 15</u>

Any certification delivered pursuant to this Section 9.3(c) shall include (A) the prices of, and expected proceeds from, the sale of any Collateral Obligations, Eligible Investments, or Hedge Agreements and (B) all calculations required by this Section 9.3(c).

#### **9.4 Notes Payable on Redemption Date**

- (a) Notice of redemption pursuant to Section 9.3 having been given as aforesaid, the Notes to be redeemed shall, on the Redemption Date, become payable at the Redemption Price therein specified and from and after the Redemption Date (unless the Issuer shall default in the payment of the Redemption Price and accrued interest) the Notes shall cease to bear interest on the Redemption Date. Upon final payment on a Note to be so redeemed, the Holder shall present and

surrender the Note at the place specified in the notice of redemption on or before the Redemption Date unless the Co-Issuers and the Trustee receive the security or indemnity required by them to save each of them harmless and an undertaking thereafter to surrender the Note, and in the absence of notice to the Co-Issuers and the Trustee, that the applicable Note has been acquired by a protected purchaser, the final payment shall be made without presentation or surrender. Payments of interest on Notes so to be redeemed whose Stated Maturity is on or before the Redemption Date shall be payable to the Noteholders, or one or more predecessor Notes, registered as such at the close of business on the relevant Record Date if the Record Date is a Business Day (or, if the Record Date is not a Business Day, the close of business on the Business Day before the Record Date) according to Section 2.8(e).

- (b) If any Note called for redemption is not paid on its surrender for redemption, its principal shall bear interest from the Redemption Date at the Applicable Note Interest Rate for each successive Interest Period the Note remains Outstanding if the reason for the non-payment is not the fault of the Holder of the Note.

## 9.5 Special Redemption

Principal payments on the Notes shall be made in whole or in part, at par, in accordance with the Priority of Payments if, at any time during the Replacement Period, the Servicer elects (subject to the Servicing Agreement) to notify the Trustee and each Rating Agency that it has been unable, for 45 consecutive Business Days, to identify additional or replacement Collateral Obligations that are deemed appropriate by the Servicer in its sole discretion and meet the Eligibility Criteria in sufficient amounts to permit the application of all or a portion of the funds then in the Collection Account available to be used to purchase additional or replacement Collateral Obligations (a "***Special Redemption***").

On the first Payment Date following the Due Period for which the notice is effective (a "***Special Redemption Date***"), the funds in the Collection Account or the Payment Account representing Principal Proceeds that, by operation of the preceding paragraph, are not used to purchase additional Collateral Obligations (the "***Special Redemption Amount***") will be available to be applied in accordance with the Priority of Payments under Section 11.1(a)(ii). Notice of payments pursuant to this Section 9.5 shall be given by first-class mail, postage prepaid, mailed not later than three Business Days before the applicable Special Redemption Date, to each Holder of Notes to be redeemed, at the Holder's address in the Indenture Register or otherwise in accordance with the rules and procedures of DTC. In addition, for so long as any Notes are listed on the Irish Stock Exchange and so long as the rules of the exchange so require, notice of redemption of Notes pursuant to Section 9.2 shall also be given to the Company Announcements Office of the Irish Stock Exchange.

## 9.6 Amendment Buy-Out

- (a) In the case of any supplemental indenture pursuant to Section 8.2 that requires the consent of one or more Holders of Securities, the Amendment Buy-Out Purchaser shall have the right, but not the obligation, to purchase from Non-Consenting Holders all Securities held by such Holders whose consent was solicited with respect to such supplemental indenture (the "***Amendment Buy-Out Option***") for the applicable Amendment Buy-Out Purchase Price; **provided**, that the Amendment Buy-Out Purchaser may not exercise the Amendment Buy-Out Option during the Non-Call Period in connection with a proposed amendment to reduce the rate of interest on any Note or to change the earliest date on which Notes of any Class or Preference Shares may be redeemed at the option of the Issuer. If such option is exercised, the Amendment Buy-Out Purchaser must purchase all such Securities of Non-Consenting Holders for the applicable Amendment Buy-Out Purchase Price, regardless of the applicable percentage of the Aggregate Outstanding Amount of the Securities the consent of whose Holders is required for such supplemental indenture (an "***Amendment Buy-Out***"). By its acceptance of its Securities hereunder, each Holder of Securities agrees that if the Amendment Buy-Out Option is exercised, any Non-Consenting Holder will be required to sell its applicable Securities to the Amendment Buy-Out Purchaser; **provided** that if any Non-Consenting Holder holds Class II Preference Shares, such Non-Consenting Holder will sell such Class II Preference Shares to the Amendment Buy-Out Purchaser and such Preference Shares will be redesignated as Class I Preference Shares. Neither the Amendment Buy-Out Purchaser nor any other Person shall have any liability to any Holder or beneficial owner of Securities as a result of an election by the Amendment Buy-Out Purchaser not to exercise the Amendment Buy-Out Option.
- (b) All purchases made pursuant to an Amendment Buy-Out Option individually and in the aggregate must comply with the applicable transfer restrictions for the relevant Securities set forth herein and in the Preference Share Documents, and all applicable laws, rules and regulations (including, without limitation, any rules, regulations and procedures of any securities exchange, self-regulatory organization or clearing agency).

## 9.7 Redemption by Refinancing

- (a) On any Payment Date after the Non-Call Period, any Class of the Notes may be redeemed in whole, but not in part from Refinancing Proceeds if the Servicer, on behalf of the Issuer, proposes to the Holders of the Preference Shares in writing (by notice to the Preference Shares Paying Agent (for forwarding to the Holders of Preference Shares)) with a copy to the Trustee and the Rating Agencies, at least 30 days prior to the Payment Date for such redemption (such date, the "***Refinancing Date***"), to redeem such Notes in accordance with this Section 9.7 (a "***Notice of Refinancing***"), which notice shall, among other things, specify the Refinancing Date and the Class of Notes to be Refinanced. Such redemption shall

be effected by the Issuer obtaining a loan or an issuance of a replacement class of notes ("**Refinancing Notes**"), the terms of which loan or issuance will be negotiated by the Servicer, on behalf of the Issuer, from one or more financial institutions or purchasers (which may include the Servicer or its Affiliates) selected by the Servicer (a refinancing provided pursuant to such loan or issuance, a "**Refinancing**"), and provided that (i) such proposal is approved by a Majority of the Preference Shares (voting as a single class) at least 15 days prior to the Refinancing Date and (ii) the Servicer completes such Refinancing and causes the Refinancing Proceeds to be deposited with the Trustee (in immediately available funds) no later than the close of the Business Day immediately preceding the Refinancing Date.

- (b) The Issuer shall obtain a Refinancing only if the Servicer determines and certifies to the Trustee that:
- (i) a Rating Confirmation has been obtained from each Rating Agency for each class of Refinancing Notes and each Class of Notes not subject to Refinancing;
  - (ii) the proceeds from the Refinancing will be at least sufficient to pay the Refinancing Price plus any Administrative Expenses of the Issuer related to the Refinancing;
  - (iii) the interest rate payable in respect of the obligations providing the Refinancing is less than the interest rate payable on the Notes being refinanced;
  - (iv) the principal amount of any obligations providing the Refinancing is no greater than the principal amount of the Notes being redeemed with the proceeds of such obligations;
  - (v) the stated maturity of the obligations providing the Refinancing is no earlier than the stated maturity of the Notes being refinanced;
  - (vi) the Refinancing Proceeds will be used (to the extent necessary) to redeem the applicable Notes;
  - (vii) the agreements relating to the Refinancing contain limited recourse, non-recourse and non-petition provisions, investor qualification provisions and transfer restrictions equivalent to those applicable to the Notes being redeemed, as set forth herein;
  - (viii) the obligations providing the Refinancing are subject to the Priority of Payments and do not rank higher in priority pursuant to the Priority of Payments than the Class of Notes being redeemed; and

- (ix) the expenses in connection with the Refinancing have been paid or will be adequately provided for.
- (c) The Trustee shall be entitled to receive, and (subject to Sections 6.1 and 6.3 hereof) shall be fully protected in relying upon an Opinion of Counsel stating that the Refinancing is permitted by this Indenture and that all conditions precedent thereto have been complied with.
- (d) Any Refinancing Proceeds will not constitute Interest Proceeds or Principal Proceeds but will be applied directly on the related Refinancing Date pursuant to this Indenture to redeem the Notes being refinanced and pay Administrative Expenses in connection with the Refinancing without regard to the Priority of Payments; **provided** that to the extent that any Refinancing Proceeds exceed the amount necessary to redeem the Notes being refinanced (and any associated Administrative Expenses), such excess Refinancing Proceeds will be treated as Principal Proceeds.
- (e) If notice of consent by a Majority of the Preference Shares to a Refinancing has been received by the Trustee from the Servicer pursuant to Section 9.7(a) no later than 15 days prior to the Refinancing Date, notice of a Refinancing shall be given by the Trustee by first class mail, postage prepaid, mailed not less than 10 Business Days prior to the proposed Refinancing Date, to each Holder of Notes of the Class to be refinanced at the address in the Indenture Register (with a copy to the Servicer) and, so long as any Class of Notes is listed on the Irish Stock Exchange, the Irish Paying Agent.

All Notices of Refinancing shall state:

- (i) the proposed Refinancing Date, which shall be the applicable Redemption Date in respect of the Notes being redeemed;
- (ii) the Refinancing Price, which shall be the applicable Redemption Price in respect of the Notes being redeemed;
- (iii) that on such proposed Refinancing Date such Notes will be refinanced and redeemed in full, and that, provided that the Refinancing Proceeds have been deposited with the Trustee for any such payment in full, interest on such Notes being redeemed shall cease to accrue on such date; and
- (iv) the place or places where such Notes are to be surrendered for payment of the Refinancing Price which, if not stated, shall be the office or agency of any paying agent (save for the Irish Paying Agent) as provided in Section 7.2.

**provided** that no such Notice of Refinancing shall be sent if either (a) the Servicer has withdrawn its consent to such Refinancing or (b) the consent of a

Majority of the Holders of Preference Shares to such Refinancing has not been obtained.

- (f) Notice of Refinancing shall be given by the Trustee at the expense of the Issuer. Failure to give a Notice of Refinancing, or any defect therein, to any Holder of any Note selected for Refinancing shall not impair or affect the validity of the Refinancing or give rise to any claim based upon such failure or defect.
- (g) Any Notice of Refinancing may be withdrawn by the Servicer, on behalf of the Issuer, on or prior to the fourth Business Day prior to the scheduled Refinancing Date by written notice to the Trustee, the Paying Agent, the Preference Shares Paying Agent, the Rating Agencies and the Holders of the Preference Shares. Upon receipt of such notice of withdrawal, the Trustee shall send such notice to the Holders of Notes and, if applicable, the Irish Paying Agent.
- (h) If a Notice of Refinancing pursuant to Section 9.7(a) has been given as provided herein and not withdrawn, the Notes to be refinanced shall on the Refinancing Date become due and payable at the Refinancing Price. Each Holder of such Notes shall present and surrender its Note at the place specified in the Notice of Refinancing on or prior to such Refinancing Date; **provided** that if there is delivered to the Issuer and the Trustee such security or indemnity as may be required by them to save each of them harmless and an undertaking thereafter to surrender such Note, then, in the absence of notice to the Issuer and the Trustee that the applicable Note has been acquired by a bona fide purchaser, such final payment shall be made without presentation or surrender.
- (i) If any Class of Notes called for Refinancing shall not be so paid upon surrender thereof for Refinancing (or the delivery of the indemnity pursuant to the preceding paragraph) the principal shall, until paid, bear interest from the Refinancing Date at the applicable Interest Rate for each successive Payment Date with respect to which such Note remains Outstanding.

## **10. ACCOUNTS, ACCOUNTINGS, AND RELEASES**

### **10.1 Collection of Money**

Except as otherwise expressly provided in this Indenture, the Trustee may demand payment or delivery of, and shall receive and collect, directly and without intervention or assistance of any fiscal agent or other intermediary, all money and other property payable to or receivable by the Trustee pursuant to this Indenture, including all payments due on the Pledged Obligations, in accordance with the terms of the Pledged Obligations. The Trustee shall segregate and hold all money and property received by it in trust for the Secured Parties and shall apply it as provided in this Indenture. Any Account may contain any number of sub-accounts for the convenience of the Trustee or as required by the Servicer for convenience in administering the Accounts, the Collateral.

## 10.2 Collection Account

- (a) Before the Closing Date, the Trustee shall establish a single, segregated Securities Account that shall be designated as the Collection Account, that shall be held in trust in the name of the Trustee as Entitlement Holder for the benefit of the Secured Parties over which the Trustee shall have exclusive control and the sole right of withdrawal, and into which the Trustee shall from time to time deposit, in addition to the deposits required pursuant to Section 10.7(e), immediately upon the Trustee's receipt thereof:
- (i) any funds transferred from the Closing Date Expense Account pursuant to Section 10.3(g),
  - (ii) all Principal Proceeds (unless (1) simultaneously used to purchase Collateral Obligations in accordance with Section 12, (2) deposited into the Synthetic Security Reserve Account, the Revolving Reserve Account or the Delayed Drawdown Reserve Account or (3) posted by the Issuer as cash collateral with (or for the benefit of) a Synthetic Security Counterparty simultaneously with the Issuer's purchase of or entry into a Synthetic Security or in Eligible Investments) received by the Trustee,
  - (iii) all Interest Proceeds received by the Trustee (unless simultaneously used to purchase accrued interest in respect of Collateral Obligations in accordance with Section 12 or in Eligible Investments), and
  - (iv) all other funds received by the Trustee from the Collateral and not excluded above.

- (c) During the Replacement Period (or, in respect of Principal Proceeds constituting Unscheduled Principal Payments and Sale Proceeds from Credit Risk Obligations and Credit Improved Obligations, after the Replacement Period), at the direction of the Servicer, the Issuer may by Issuer Order direct the Trustee to, and upon receipt of the Issuer Order the Trustee shall withdraw funds on deposit in the Collection Account representing Principal Proceeds (and, to the extent expressly provided in this Indenture, Interest Proceeds) and apply the funds to purchase Collateral Obligations (including any related deposit into the Synthetic Security Reserve Account, the Revolving Reserve Account or the Delayed Drawdown Reserve Account or the posting by the Issuer of cash collateral with (or for the benefit of) a Synthetic Security Counterparty simultaneously with the Issuer's purchase of or entry into a Synthetic Security), in each case in accordance with the requirements of Section 12 and the Issuer Order.

- (e) The Trustee shall transfer to the Payment Account from the Collection Account for application pursuant to Section 11.1(a) or 11.2, as applicable, on or not later than the Business Day preceding each Payment Date, the amount set forth to be so transferred in the Valuation Report for the Payment Date.

## **12. SALE OF COLLATERAL OBLIGATIONS; PURCHASE OF COLLATERAL OBLIGATIONS**

### **12.1 Sales of Collateral Obligations**

Subject to the satisfaction of the conditions specified in Section 10.6, Section 12.1 and Section 12.3 and if no Event of Default is continuing as evidenced by an Officer's

certificate of the Servicer provided to the Trustee, the Issuer may, at the direction of the Servicer, direct the Trustee to sell any Collateral Obligation or Workout Asset if the Servicer certifies to the Trustee that the sale meets the requirements of any one of paragraphs (a) through (i) of this Section 12.1. If the Issuer sells any Collateral Obligation or Workout Asset during the Replacement Period, the proceeds shall be applied in accordance with Section 12.2.

- (a) **Credit Risk Obligations.** At the direction of the Servicer, the Issuer may direct the Trustee to sell any Credit Risk Obligation at any time during or after the Replacement Period without restriction and the Trustee shall sell the Credit Risk Obligation in accordance with such direction. Following any sale of a Credit Risk Obligation pursuant to this Section 12.1(a), at the direction of the Servicer during the Replacement Period, the Issuer shall use commercially reasonable efforts to purchase additional Collateral Obligations (to the extent the purchase is in the best interest of the Issuer) meeting the Eligibility Criteria with an Aggregate Principal Balance at least equal to the Sale Proceeds received by the Issuer with respect to the Collateral Obligation sold. For this purpose, the Principal Balance of any Revolving Loan or Delayed Drawdown Loan shall only include its Funded Amount.
- (b) **Credit Improved Obligations.** At the direction of the Servicer, the Issuer may direct the Trustee to sell any Credit Improved Obligation if either:
  - (i) during the Replacement Period, the Servicer has identified in writing before the sale one or more specific manners in which it will be able, in compliance with the Eligibility Criteria and the requirements set forth in Section 12.1(i), to cause the Issuer to use the Sale Proceeds (it being understood that such identification shall not be considered either a requirement or an assurance that any specified purchase will be consummated) to purchase one or more additional Collateral Obligations with an Aggregate Principal Balance at least equal to the Purchase Criteria Adjusted Balance of the Credit Improved Obligation by the end of the immediately succeeding Due Period (for this purpose, the Principal Balance of any Revolving Loan or Delayed Drawdown Loan shall only include its Funded Amount and Principal Balance shall include the principal balance of Collateral Obligations in which the Trustee does not have a first priority perfected security interest) which in aggregate will result in (i) the Collateral Quality Tests, the Interest Coverage Tests, the Overcollateralization Tests and the Concentration Limitations herein being satisfied or if one or more of such Collateral Quality Tests, Interest Coverage Tests, Overcollateralization Tests or Concentration Limitations are not satisfied, the degree of compliance therewith being improved, (ii) the quality of the total portfolio of Collateral Obligations as measured by such Collateral Quality Tests, Interest Coverage Tests, Overcollateralization Tests and Concentration Limitations being improved on a net basis in the commercially reasonable judgment of the Servicer

and (iii) in the case of each of clause (i) and (ii), any other Collateral Quality Tests, Interest Coverage Tests, Overcollateralization Tests or Concentration Limitations not being violated or, in the commercially reasonable judgment of the Servicer, the likelihood of such violation in the future not being significantly increased; and

- (ii) after the Replacement Period, the Sale Proceeds received in respect of the Credit Improved Obligation are at least equal to its Purchase Criteria Adjusted Balance. For this purpose, the Principal Balance of any Revolving Loan or Delayed Drawdown Loan shall only include its Funded Amount and Principal Balance shall include the principal balance of Collateral Obligations in which the Trustee does not have a first priority perfected security interest;

and the Trustee shall sell the Credit Improved Obligation in accordance with such direction.

- (c) **Non-Performing Collateral Obligations.** At the direction of the Servicer, the Issuer may direct the Trustee to sell any Non-Performing Collateral Obligation at any time during or after the Replacement Period without restriction and the Trustee shall sell the Non-Performing Collateral Obligation in accordance with such direction. Non-Performing Collateral Obligations may be sold regardless of price.
- (d) **Non-qualifying Collateral Obligations.** At the direction of the Servicer, the Issuer may direct the Trustee to sell any obligation that at the time of acquisition, conversion, or exchange does not satisfy the requirements of a Collateral Obligation (the "*Non-qualifying Collateral Obligation*") at any time during or after the Replacement Period without restriction and the Trustee shall sell that obligation in accordance with such direction.
- (e) **Withholding Tax Sales.** At the direction of the Servicer, the Issuer may direct the Trustee to sell any Collateral Obligation subject to withholding tax at any time during or after the Replacement Period without restriction and the Trustee shall sell the Collateral Obligation in accordance with such direction.
- (f) **Optional Redemption.** After the Issuer has notified the Trustee of an Optional Redemption of the Notes in accordance with Section 9, at the direction of the Servicer, the Issuer shall direct the Trustee to sell all or a portion of the Collateral Obligations as contemplated therein if (i) the requirements of Section 9 are satisfied and (ii) the Independent certified public accountants appointed pursuant to Section 10.7 have confirmed the calculations contained in any required certificate furnished by the Servicer pursuant to Section 9.3(c). After a Majority of the Preference Shares have directed an Optional Redemption of the Preference Shares in accordance with Section 9.2(b), at the direction of the Servicer, the Issuer shall direct the Trustee to sell all of the remaining Collateral Obligations (in

the case of an Optional Redemption pursuant to Section 9.2(b)(i)) or a portion of the remaining Collateral Obligations in accordance with the unanimous directions of Holders of the Preference Shares (in the case of an Optional Redemption pursuant to Section 9.2(b)(ii)) and the Trustee shall sell the remaining Collateral Obligations in accordance with such direction.

- (g) **Rating Confirmation Failure.** After the Servicer has received notice of a Rating Confirmation Failure and if available Interest Proceeds and Principal Proceeds are insufficient to effect the redemption of the Notes at par on any subsequent Payment Date in accordance with the Priority of Payments as and to the extent necessary for each of Moody's and S&P to confirm the Initial Ratings assigned by it on the Closing Date to the Securities, the Issuer may, at the direction of the Servicer, direct the Trustee to sell Collateral Obligations as contemplated in Section 9.1 and the Trustee shall sell the Collateral Obligations in accordance with such direction.
- (h) **Workout Assets.** At the direction of the Servicer, the Issuer may direct the Trustee to sell any Workout Asset at any time during or after the Replacement Period without restriction and regardless of price and the Trustee shall sell the Workout Assets in accordance with such direction.
- (i) **Supervening Requirement.** Notwithstanding anything herein to the contrary, the Issuer (at the direction of the Servicer or otherwise) shall not acquire or dispose of a Collateral Obligation or other eligible asset (as defined in Rule 3a-7) for the primary purpose of recognizing gains or decreasing losses resulting from market value changes. For the avoidance of doubt, the Issuer, at the direction of the Servicer or otherwise, may direct the Trustee to sell any CCC+/Caa1 Collateral Obligation or Deep Discount Obligation only (a) if it constitutes a Credit Risk Obligation or Non-Performing Collateral Obligation or (b) in connection with the Optional Redemption as set out in paragraph (f) above. The Trustee shall have no obligation to monitor compliance by the Issuer or the Servicer with respect to the requirement set out in this paragraph (i).
- (j) **Tax Sales.** The Issuer must sell (not merely hedge) any Eligible Equity Security or security or other consideration that is received in an exchange and any Defaulted Collateral Obligation or any other obligation or security that in each case does not comply with paragraphs (15), (28) or (29) of the definition of Collateral Obligation not later than five Business Days after the Issuer's receipt thereof (or within five Business Days of such later date as such security may first be sold of in accordance with its terms and applicable law).

Notwithstanding the foregoing, the Issuer (or the Servicer on its behalf) shall not direct the Trustee to sell any Collateral Obligation (other than the sale of a Credit Risk Obligation or a Non-Performing Collateral Obligation pursuant to a sale that meets the requirements in paragraph (a) or (c) above, as applicable) following receipt by the Servicer of notice of removal pursuant to Section 14 of the

Servicing Agreement until a successor Servicer is appointed pursuant to Section 12 of the Servicing Agreement.

- (xi) for any date occurring during the Replacement Period, the S&P CDO Monitor Test is satisfied or, if not satisfied, the extent of satisfaction is not reduced; **provided, however**, that this Eligibility Criterion (xi) shall not apply either to the application of the proceeds from the sale of a Credit Risk Obligation, Non-Performing Collateral Obligation or Workout Asset or to the application of Principal Proceeds in respect of Defaulted Collateral Obligations; and
- (xii) for any date occurring after the Replacement Period:
  - (A) each Coverage Test is satisfied and the extent of satisfaction is not reduced;

- (B) each Collateral Quality Test is satisfied or, in the case of the Diversity Test and the Weighted Average Moody's Recovery Rate Test, maintained or improved; *provided* that if the Weighted Average Moody's Rating Factor exceeds 2750 prior to giving effect to such purchase or sale, the Weighted Average Moody's Rating Factor is not increased and the Weighted Average Rating Factor Test is satisfied;
- (C) each Concentration Limitation is maintained or improved and the Aggregate Principal Balance of all CCC+/Caa1 Collateral Obligations do not exceed 7.5% of the Maximum Amount;

- (F) the Stated Maturity of such Collateral Obligation is equal to or earlier than the Stated Maturity of the Collateral Obligation being the source of the Unscheduled Principal Payments or of the Credit Risk Obligations or Credit Improved Obligation being the source of Sale Proceeds, as applicable.

Notwithstanding the foregoing, the Issuer (or the Servicer on its behalf) shall not direct the Trustee to purchase any Collateral Obligation following receipt by the Servicer of notice of removal pursuant to Section 14 of the Servicing Agreement until a successor Servicer is appointed pursuant Section 12 of the Servicing Agreement.

- (c) **Certain Permitted Exchanges.** The Issuer may, at the direction of the Servicer, exchange a Collateral Obligation for another Collateral Obligation in an A/B Exchange.

### 13. NOTEHOLDERS' RELATIONS

#### 13.1 Subordination

- (a) With respect to each Class of Notes and the Preference Shares, the Classes of Notes and the Preference Shares that are Priority Classes and Junior Classes are as follows:

Class	Junior Classes	Priority Classes

A-2	B, C, D, E, Preference Shares*	A-1
B	C, D, E, Preference Shares*	A-1, A-2
C	D, E, Preference Shares*	A-1, A-2, B
D	E, Preference Shares*	A-1, A-2, B, C
E	Preference Shares*	A-1, A-2, B, C, D
Preference Shares	None**	A-1, A-2, B, C, D, E

\* Other than with respect to the Class II Preference Share Special Payments, which may be payable to the Holders of the Class II Preference Shares as set forth herein and will have priority to the extent provided in the Priority of Payments.

\*\* The Preference Shares will be entitled to certain residual cash flow after payment of senior obligations in accordance with the Priority of Payments.

- (b) Anything in this Indenture or the Notes to the contrary notwithstanding, the Holders of each Class of Notes that is a Junior Class agree for the benefit of the Holders of Notes of each Priority Class with respect to the Junior Class that the Junior Class shall be subordinate and junior to the Notes of each Priority Class to the extent and in the manner provided in this Indenture. If any Event of Default has not been cured or waived and acceleration occurs and is continuing in accordance with Section 5, each Priority Class of Notes shall be paid in full in Cash or, to the extent a Majority of each Class consents, other than in Cash, before any further payment or distribution is made on account of any Junior Class of Notes with respect to the Priority Class. The Holders of each Junior Class of Notes agree, for the benefit of the Holders of Notes of each Priority Class in respect of the Junior Class, not to cause the filing of a petition in bankruptcy against the Issuer or the Co-Issuer for failure to pay to them amounts due to the Junior Class, of the Notes or each Class of Notes, as the case may be, or under this Indenture until the payment in full of the Priority Classes or all the Classes, as the case may be, and not before one year and a day, or if longer, the applicable preference period then in effect, has elapsed since the payment.
- (c) If, notwithstanding the provisions of this Indenture, any Holder of Notes of any Junior Class has received any payment or distribution in respect of the Notes contrary to the provisions of this Indenture, then, until each Priority Class with respect to the Junior Class of Notes or each Class of Notes, as the case may be, has been paid in full in Cash or, to the extent a Majority of the Priority Class or the Class, as the case may be, consents, other than in Cash in accordance with this Indenture, the payment or distribution shall be received and held in trust for the benefit of, and shall forthwith be paid over and delivered to, the Trustee, which shall pay and deliver the same to the Holders of the applicable Priority Classes of Notes or the Holders of all Classes of Notes, as the case may be, in accordance with this Indenture. If any such payment or distribution is made other than in Cash, it shall be held by the Trustee as part of the Collateral and subject in all respects to this Indenture, including this Section 13.1.
- (d) Each Holder of Notes of any Junior Class agrees with all Holders of the applicable Priority Classes that the Holder of Junior Class Notes shall not demand, accept, or receive any payment or distribution in respect of the Notes in violation of this Indenture including this Section 13.1. After a Priority Class has been paid in full, the Holders of Notes of the related Junior Class or Classes shall

be fully subrogated to the rights of the Holders of the Priority Class. Nothing in this Section 13.1 shall affect the obligation of the Issuer to pay Holders of any Junior Class of Notes.

- (e) Distributions to Holders of the Preference Shares (other than, as and to the extent described herein, the Class II Preference Share Special Payments) are subordinate to distributions on the Notes as described in the Priority of Payments.
- (f) The Servicing Fees shall have priority only to the extent provided in the Priority of Payments.

### **13.2 Standard of Conduct**

In exercising any of its or their voting rights, rights to direct and consent, or any other rights as a Noteholder under this Indenture, a Noteholder shall not have any obligation or duty to any Person or to consider or take into account the interests of any Person and shall not be liable to any Person for any action taken by it or them or at its or their direction or any failure by it or them to act or to direct that an action be taken, without regard to whether the action or inaction benefits or adversely affects any Noteholder, the Issuer or any other Person, except for any liability to which the Noteholder may be subject to the extent the same results from the Noteholder's taking or directing an action, or failing to take or direct an action, in bad faith or in violation of the express terms of this Indenture.

## **14. MISCELLANEOUS**

### **14.1 Form of Documents Delivered to Trustee**

In any case where several matters are required to be certified by, or covered by an opinion of, any specified Person, it is not necessary that all the matters be certified by, or covered by the opinion of, only one Person, or that they be so certified or covered by only one document, but one such Person may certify or give an opinion with respect to some matters and one or more other such Persons as to other matters, and any such Person may certify or give an opinion as to the matters in one or several documents.

Any certificate or opinion of an Officer of the Issuer, the Co-Issuer or the Servicer may be based, insofar as it relates to legal matters, upon a certificate or opinion of, or representations by, counsel, unless the Officer knows, or should know that the certificate or opinion or representations with respect to the matters upon which his certificate or opinion is based are erroneous. Any such certificate of an Officer of the Issuer, Co-Issuer or the Servicer or Opinion of Counsel may be based, insofar as it relates to factual matters, upon a certificate or opinion of, or representations by, the Issuer, the Co-Issuer, the Servicer or any other Person, stating that the information with respect to the factual matters is in the possession of the Issuer, the Co-Issuer, the Servicer or the other Person, unless the Officer of the Issuer, Co-Issuer or the Servicer or the counsel knows that the certificate or opinion or representations with respect to factual matters are erroneous. Any Opinion of Counsel may also be based, insofar as it relates to factual matters, upon a

certificate or opinion of, or representations by, an Officer of the Issuer or the Co-Issuer, stating that the information with respect to factual matters is in the possession of the Issuer or the Co-Issuer, unless the counsel knows that the certificate or opinion or representations with respect to factual matters are erroneous.

Where any Person is required to make, give, or execute two or more applications, requests, consents, certificates, statements, opinions or other instruments under this Indenture, they may, but need not, be consolidated and form one instrument.

Whenever this Indenture provides that the absence of the continuation of a Default or Event of Default is a condition precedent to the taking of any action by the Trustee at the request or direction of either Co-Issuer, then notwithstanding that the satisfaction of the condition is a condition precedent to the Co-Issuer's right to make the request or direction, the Trustee shall be protected in acting in accordance with the request or direction if it does not have knowledge of the continuation of the Default or Event of Default as provided in Section 6.1(d).

## 15.2 Hedge Agreements

- (a) At any time and from time to time on or after the Closing Date, the Issuer, at the direction of the Servicer and with the consent of a Majority of the Controlling Class, shall enter into the Hedge Agreements and shall assign its rights (but none of its obligations) under the Hedge Agreements to the Trustee pursuant to this Indenture. The Trustee shall, on behalf of the Issuer and in accordance with the Valuation Report, pay amounts due to the Hedge Counterparties under the Hedge Agreements on any Payment Date in accordance with Section 11.1. The Issuer shall not enter into any Hedge Agreement the payments from which are subject to withholding tax unless the Issuer is not required to make additional payments to the Hedge Counterparty on account of amounts withheld and the Hedge Counterparty is required to make additional payments so that the net amount received by the Issuer after satisfaction of such tax is the amount due to the Issuer before the imposition of withholding tax. The Issuer shall not enter into any Hedge Agreement the entry into, performance or termination of which would subject the Issuer to net income tax in any jurisdiction outside of the Issuer's jurisdiction of incorporation.
- (b) If at any time a Hedge Counterparty does not have the Required Rating, then the Hedge Counterparty shall be required to post collateral, obtain a guarantor, replace itself with a substitute Hedge Counterparty or take such other measures as specified in the applicable Hedge Agreement that has been entered into according to Section 15.2(i) below.
- (c) Whenever the Issuer enters into a Hedge Agreement, the Hedge Counterparty thereto shall comply with the then currently applicable rating criteria of each Rating Agency from time to time (the **Required Rating**).
- (d) Any payments required to be made under the Hedge Agreements shall be made in accordance with the Priority of Payments. Subordinated Defaulted Hedge Termination Payments shall be subordinate to interest and principal payments on the Notes and any other payments required to be made by the Issuer under the Hedge Agreements, but senior to distributions to Holders of the Preference Shares.
- (e) Except as provided in paragraph (i) of this Section 15.2, the Issuer, at the direction of the Servicer, shall, promptly following the early termination of a Hedge Agreement (other than on a Redemption Date) (but no later than 60 days after the early termination), and to the extent possible through application of Hedge Termination Receipts, enter into a Replacement Hedge, unless, in the exercise of the Servicer's commercially reasonable judgment, to do so would not be in the best interest of the Issuer and the Rating Condition with respect to each Rating

Agency is satisfied with respect to the non-entry into the a Replacement Hedge. In addition, a Replacement Hedge may not be entered into unless the Issuer provides the Rating Agencies with at least seven Business Days' prior written notice of its intention to enter into the agreement, together with its form and the Rating Condition with respect to each Rating Agency is satisfied with respect to the Replacement Hedge. The Issuer shall use commercially reasonable efforts to cause the termination of a Hedge Agreement (other than a termination resulting from the bankruptcy, insolvency, or similar event with respect to the Hedge Counterparty) to become effective simultaneously with its entering into a Replacement Hedge. To the extent that (i) the Servicer determines not to replace the Hedge Agreement and the Rating Condition with respect to each Rating Agency is satisfied with respect to the determination or (ii) termination is occurring on a Redemption Date, the Hedge Termination Receipts shall become part of Principal Proceeds and be distributed in accordance with Section 11.1 on the next following Payment Date (or on the Redemption Date, if the Notes are redeemed on the Redemption Date).

- (f) Notwithstanding Section 15.2(f), the applicable requirements of Section 15.2(f) shall not have to be met if the Rating Condition with respect to each Rating Agency is otherwise satisfied with respect thereto.
- (g) The notional amounts of the Hedge Agreements outstanding at any time may be reduced or increased from time to time, by the Issuer, and the Hedge Agreements may be amended, modified or terminated in accordance with the Hedge Agreements if the Rating Condition with respect to each Rating Agency is satisfied with respect to the reduction, increase, amendment, modification or termination, as the case may be.
- (h) Each Hedge Agreement may be terminated pursuant to its terms by the Hedge Counterparty upon an Optional Redemption of the Notes, (but only after the applicable notice of redemption may no longer be withdrawn pursuant to Section 9.03) an acceleration of maturity of the Notes followed by the liquidation of any or all of the Collateral after an Event of Default or the entry into certain amendments to the Indenture without the consent of the Hedge Counterparty. The Hedge Agreement will not be permitted to be terminated by the Issuer as the result of a Default or Event of Default unless any acceleration of maturity of the Notes resulting from the Event of Default is no longer permitted to be rescinded pursuant to this Indenture.
- (i) Except for Hedge Agreements entered into on or before the Closing Date, the Issuer shall not enter into any Hedge Agreement unless the Rating Condition with respect to each Rating Agency is satisfied.

## SCHEDULE 4

### Diversity Score Calculation

The Diversity Score for the Collateral Obligations is calculated by summing each of the Industry Diversity Scores, which are calculated as follows

- (i) An ***Obligor Par Amount*** is calculated for each obligor represented in the Collateral Obligations (other than Defaulted Collateral Obligations) by summing the par amounts of all Collateral Obligations in the Collateral (other than Defaulted Collateral Obligations) issued by that obligor or any Affiliate of that obligor (other than obligors that the Servicer reasonably determines are Affiliated but are not dependent upon one another for credit support and are not dependent upon a Person by which they are commonly controlled for credit support).
- (ii) An ***Average Par Amount*** is calculated by summing the Obligor Par Amounts and dividing by the number of obligors represented. For purposes of calculating the number of issuers of the Collateral Obligations (other than Defaulted Collateral Obligations), any issuers Affiliated with one another shall be considered one issuer (other than obligors that the Servicer reasonably determines are Affiliated but are not dependent upon one another for credit support and are not dependent upon a Person by which they are commonly controlled for credit support).
- (iii) An ***Equivalent Unit Score*** is calculated for each obligor represented in the Collateral Obligations (other than Defaulted Collateral Obligations) by taking the lesser of (A) one and (B) the Obligor Par Amount for the obligor **divided by** the Average Par Amount. For purposes of calculating the Equivalent Unit Score, any issuers Affiliated with one another shall be considered one issuer (other than obligors that the Servicer reasonably determines are Affiliated but are not dependent upon one another for credit support and are not dependent upon a Person by which they are commonly controlled for credit support).
- (iv) An ***Aggregate Industry Equivalent Unit Score*** is then calculated for each of the Moody's industrial classification groups by summing the Equivalent Unit Scores for each obligor in the industry.
- (v) An ***Industry Diversity Score*** is then established by reference to the Diversity Score Table shown below for the related Aggregate Industry Equivalent Unit Score. If any Aggregate Industry Equivalent Unit Score falls between any two the scores then the applicable Industry Diversity Score shall be the lower of the two Industry Diversity Scores in the Diversity Score Table.

The Diversity Score for any Structured Finance Obligation that is (i) a collateralized loan obligation, (ii) any Synthetic Security with respect to which the Reference Obligation is a collateralized loan obligation or (iii) any Synthetic Security based upon or relating to a senior secured index providing non-leveraged credit exposure to a basket of credit default

swaps referencing a diversified group of Reference Obligations, with respect to which the principal or notional amount of the credit exposure to any single Reference Obligation does not increase over time, is equal to zero.

## SCHEDULE 7

### Certain Defined Terms Relating to S&P Rating and Moody's Rating

**Assigned Moody's Rating:** The monitored publicly available rating or the monitored estimated rating expressly assigned to a debt obligation (or facility) by Moody's that addresses the full amount of the principal and interest promised.

**Moody's Default Probability Rating:** With respect to any Collateral Obligation as of any date of determination, the rating determined in accordance with the following, in the following order of priority

- (a) with respect to a Moody's Senior Secured Loan:
  - (i) if the Loan's obligor has a corporate family rating from Moody's, such corporate family rating; and
  - (ii) if the preceding clause does not apply, the Moody's Obligation Rating of such Loan;
  - (iii) if the preceding clauses do not apply, the rating that is one subcategory above the Moody's Equivalent Senior Unsecured Rating;
- (b) with respect to a Moody's Non Senior Secured Loan or a Bond, the Moody's Equivalent Senior Unsecured Rating of such Collateral Obligation;
- (c) with respect to a Collateral Obligation that is a DIP Loan, the rating that is one rating subcategory below the Assigned Moody's Rating thereof;
- (d) with respect to a Structured Finance Obligation, the Assigned Moody's Rating thereof or, if the obligation does not have an Assigned Moody's Rating but has a rating by S&P, then the Moody's Default Probability Rating shall be
  - (i) one rating subcategory below the Moody's equivalent of such S&P rating if it is "BBB-" or higher, or
  - (ii) two rating subcategories below the Moody's equivalent of such S&P rating if it is "BB+" or lower; and
- (e) with respect to a Synthetic Security, the Assigned Moody's Rating thereof.

Notwithstanding the foregoing, if the Moody's rating or ratings used to determine the Moody's Default Probability Rating are on watch for downgrade or upgrade by Moody's, such rating or ratings will be adjusted down (if on watch for downgrade) (i) with respect to any Collateral Obligation other than Structured Finance Obligations, one subcategory and (ii) with respect to any Structured Finance Obligation, two subcategories or adjusted up (if on watch for upgrade) (i) with respect to any Collateral Obligation other than

Structured Finance Obligations, one subcategory and (ii) with respect to any Structured Finance Obligation, two subcategories. For purposes of any calculation under this Indenture, if a Moody's Default Probability Rating is withdrawn by Moody's with respect to a Collateral Obligation, the Issuer will continue using the latest Moody's Default Probability Rating available immediately prior to such withdrawal until a bankruptcy event occurs with respect to such Collateral Obligation.

***Moody's Equivalent Senior Unsecured Rating:*** With respect to any Collateral Obligation that is a Loan or bond and the obligor thereof, as of any date of determination, the rating determined in accordance with the following, in the following order of priority

- (a) if the obligor has a senior unsecured obligation with an Assigned Moody's Rating, such Assigned Moody's Rating;
- (b) if the preceding clause does not apply, the Moody's "Issuer Rating" for the obligor;
- (c) if the preceding clauses do not apply, but the obligor has a subordinated obligation with an Assigned Moody's Rating, then
  - (i) if such Assigned Moody's Rating is at least "B3" (and, if rated "B3", not on watch for downgrade), the Moody's Equivalent Senior Unsecured Rating shall be the rating which is one rating subcategory higher than such Assigned Moody's Rating, or
  - (ii) if such Assigned Moody's Rating is less than "B3" (or rated "B3" and on watch for downgrade), the Moody's Equivalent Senior Unsecured Rating shall be such Assigned Moody's Rating;
- (d) if the preceding clauses do not apply, but the obligor has a senior secured obligation with an Assigned Moody's Rating, then
  - (i) if such Assigned Moody's Rating is at least "Caa3" (and, if rated "Caa3", not on watch for downgrade), the Moody's Equivalent Senior Unsecured Rating shall be the rating which is one subcategory below such Assigned Moody's Rating, or
  - (ii) if such Assigned Moody's Rating is less than "Caa3" (or rated "Caa3" and on watch for downgrade), then the Moody's Equivalent Senior Unsecured Rating shall be "C";
- (e) if the preceding clauses do not apply, but such obligor has a corporate family rating from Moody's, the Moody's Equivalent Senior Unsecured Rating shall be one rating subcategory below such corporate family rating;
- (f) if the preceding clauses do not apply, but the obligor has a senior unsecured obligation (other than a bank loan) with a monitored public rating from S&P

(without any postscripts, asterisks or other qualifying notations, that addresses the full amount of principal and interest promised), then the Moody's Equivalent Senior Unsecured Rating shall be

- (i) one rating subcategory below the Moody's equivalent of such S&P rating if it is "BBB-" or higher,
  - (ii) two rating subcategories below the Moody's equivalent of such S&P rating if it is "BB+" or lower; or
  - (iii) "B3" until the Issuer or the Servicer obtains an estimated rating from Moody's if (A) the Servicer certifies to the Trustee that in its commercially reasonable judgment, it believes an estimated rating equivalent to a rating no lower than "B3" will be assigned by Moody's and the Issuer or the Servicer on its behalf applies for an estimated rating from Moody's within five Business Days of the date of the commitment to purchase the Loan or Bond, (B) the aggregate Principal Balance of Collateral Obligations having an Assigned Moody's Rating pursuant to either this clause (f)(iii), or clause (g)(iii) or (h)(iii) does not exceed 5% of the Maximum Amount, and (C) all the Coverage Tests and the Collateral Quality Tests are satisfied;
- (g) if the preceding clauses do not apply, but the obligor has a subordinated obligation (other than a bank loan) with a monitored public rating from S&P (without any postscripts, asterisks or other qualifying notations, that addresses the full amount of principal and interest promised), the Assigned Moody's Rating shall be deemed to be
  - (i) one rating subcategory below the Moody's equivalent of such S&P rating if it is "BBB-" or higher;
  - (ii) two rating subcategories below the Moody's equivalent of such S&P rating if it is "BB+" or lower, and the Moody's Equivalent Senior Unsecured Rating shall be determined pursuant to clause (c) above; or
  - (iii) "B3" until the Issuer or the Servicer obtains an estimated rating from Moody's if (A) the Servicer certifies to the Trustee that in its commercially reasonable judgment, it believes an estimated rating equivalent to a rating not lower than "B3" will be assigned by Moody's and the Issuer or the Servicer on its behalf applies for an estimated rating from Moody's within five Business Days of the date of the commitment to purchase the Loan or Bond, (B) the aggregate Principal Balance of Collateral Obligations having an Assigned Moody's Rating pursuant to either this clause (g)(iii), or clauses (f)(iii) or (h)(iii) does not exceed 5% of the Maximum Amount, and (C) all the Coverage Tests and the Collateral Quality Tests are satisfied;

- (h) if the preceding clauses do not apply, but the obligor has a senior secured obligation with a monitored public rating from S&P (without any postscripts, asterisks or other qualifying notations, that addresses the full amount of principal and interest promised), the Assigned Moody's Rating shall be deemed to be
  - (i) one rating subcategory below the Moody's equivalent of such S&P rating if it is "BBB-" or higher;
  - (ii) two rating subcategories below the Moody's equivalent of such S&P rating if it is "BB+" or lower, and the Moody's Equivalent Senior Unsecured Rating shall be determined pursuant to clause (d) above; or
  - (iii) "B3" until the Issuer or the Servicer obtains an estimated rating from Moody's if (A) the Servicer certifies to the Trustee that in its commercially reasonable judgment, it believes an estimated rating equivalent to a rating not lower than "B3" will be assigned by Moody's and the Issuer or the Servicer on its behalf applies for an estimated rating from Moody's within two Business Days of the date of the commitment to purchase the Loan or Bond, (B) the aggregate Principal Balance of Collateral Obligations having an Assigned Moody's Rating pursuant to either this clause (h)(iii), or clauses (f)(iii) or (g)(iii) does not exceed 5% of the Maximum Amount, and (C) all the Coverage Tests and the Collateral Quality Tests are satisfied;
- (i) if the preceding clauses do not apply and each of the following clauses (i) through (viii) do apply, the Moody's Equivalent Senior Unsecured Rating will be "Caa1"
  - (i) neither the obligor nor any of its Affiliates is subject to reorganization or bankruptcy proceedings,
  - (ii) no debt securities or obligations of the obligor are in default,
  - (iii) neither the obligor nor any of its Affiliates has defaulted on any debt during the preceding two years,
  - (iv) the obligor has been in existence for the preceding five years,
  - (v) the obligor is current on any cumulative dividends,
  - (vi) the fixed-charge ratio for the obligor exceeds 125% for each of the preceding two fiscal years and for the most recent quarter,
  - (vii) the obligor had a net profit before tax in the past fiscal year and the most recent quarter, and

- (ix) the annual financial statements of such obligor are unqualified and certified by a firm of Independent accountants of international reputation, and quarterly statements are unaudited but signed by a corporate officer;
- (j) if the preceding clauses do not apply but each of the following clauses (i) and (ii) do apply, the Moody's Equivalent Senior Unsecured Rating will be "Caa3"
  - (i) neither the obligor nor any of its Affiliates is subject to reorganization or bankruptcy proceedings; and
  - (ii) no debt security or obligation of such obligor has been in default during the past two years; and
- (k) if the preceding clauses do not apply and a debt security or obligation of the obligor has been in default during the past two years, the Moody's Equivalent Senior Unsecured Rating will be "Ca."

Notwithstanding the foregoing, not more than 10% of the Maximum Amount may consist of Relevant Obligations given a Moody's Equivalent Senior Unsecured Rating based on a rating given by S&P as provided in clauses (f), (g) and (h) above.

**Moody's Obligation Rating:** With respect to any Collateral Obligation as of any date of determination, the rating determined in accordance with the following, in the following order of priority

- (a) With respect to a Moody's Senior Secured Loan
  - (i) if it has an Assigned Moody's Rating, such Assigned Moody's Rating; or
  - (ii) if the preceding clause does not apply, the rating that is one rating subcategory above the Moody's Equivalent Senior Unsecured Rating; and
- (b) With respect to a Moody's Non Senior Secured Loan or a Bond
  - (i) if it has an Assigned Moody's Rating, such Assigned Moody's Rating; or
  - (ii) if the preceding clause does not apply, the Moody's Equivalent Senior Unsecured Rating; and
- (c) With respect to a Synthetic Security or a DIP Loan, the Assigned Moody's Rating thereof.

Notwithstanding the foregoing, if the Moody's rating or ratings used to determine the Moody's Obligation Rating are on watch for downgrade or upgrade by Moody's, such rating or ratings will be adjusted down one subcategory (if on watch for downgrade) or up one subcategory (if on watch for upgrade).

**Moody's Rating:** The Moody's Default Probability Rating; **provided** that, with respect to the Collateral Obligations generally, if at any time Moody's or any successor to it ceases to provide rating services, references to rating categories of Moody's in this Indenture shall be deemed instead to be references to the equivalent categories of any other nationally recognized investment rating agency selected by the Servicer, as of the most recent date on which such other rating agency and Moody's published ratings for the type of security in respect of which such alternative rating agency is used. If no other security or obligation of the Borrower or its Guarantor is rated by S&P or Moody's, then the Servicer may apply to Moody's for a Moody's credit rating estimate, which will be its Moody's Rating; **provided** that, on or prior to each one-year anniversary of the acquisition of any such Collateral Obligation, the Issuer shall submit to Moody's a request for a Moody's credit rating estimate for such Collateral Obligation, which shall be its Moody's Rating, together with all information reasonably required by Moody's to perform such estimate.

**S&P Rating:** With respect to any Collateral Obligation, as of any date of determination, the rating determined in accordance with the following methodology

- (i) If there is an issuer credit rating of the borrower of the Collateral Obligation (the **Borrower**), or the guarantor who unconditionally and irrevocably guarantees the Collateral Obligation (the **Guarantor**) by S&P, the most current issuer credit rating for such Borrower or Guarantor (**provided** that with respect to any private or confidential rating, a consent has been granted by such Borrower or Guarantor and a copy of such consent shall be provided to S&P indicating that the issuer can rely on such private or confidential rating);
- (ii) (a) if there is not an issuer credit rating of the Borrower or its Guarantor by S&P, but there is a rating by S&P on a senior secured obligation of the Borrower or its Guarantor, then the S&P Rating of the Collateral Obligation will be one subcategory below such rating; (b) if there is not a rating by S&P on a senior secured obligation of the Borrower or its Guarantor, but there is a rating by S&P on a senior unsecured obligation of the Borrower or its Guarantor, then the S&P Rating will be such rating; and (c) if there is not a rating by S&P on a senior obligation of the Borrower or its Guarantor, but there is a rating by S&P on a subordinated obligation of the Borrower or its Guarantor, then the S&P Rating will be two subcategories above such rating if such rating is "BBB-" or higher and will be one subcategory above such rating if such rating is "BB+" or lower (**provided** that with respect to any private or confidential rating, a consent has been granted by such Borrower or Guarantor and a copy of such consent shall be provided to S&P indicating that the issuer can rely on such private or confidential rating); or
- (iii) if there is neither an issuer credit rating of the Borrower or its Guarantor by S&P nor a rating by S&P on an obligation of the Borrower or its

Guarantor, then the S&P Rating may be determined using any one of the methods below

- (A) if an obligation of the Borrower or its Guarantor is publicly rated by Moody's, then the S&P Rating will be determined in accordance with the methodologies for establishing the Moody's Default Probability Rating, except that the S&P Rating of such obligation will be (1) one subcategory below the S&P equivalent of the rating assigned by Moody's if such security is rated "Baa3" or higher by Moody's and (2) two subcategories below the S&P equivalent of the rating assigned by Moody's if such security is rated "Bal" or lower by Moody's; **provided** that Collateral Obligations constituting no more than 10% of the Maximum Amount may be given a S&P Rating based on a rating given by Moody's as provided in this subclause (a) (after giving effect to the addition of the relevant Collateral Obligation, if applicable);
- (B) if no other security or obligation of the Borrower or its Guarantor is rated by S&P or Moody's, then the Servicer may apply to S&P for a S&P credit rating estimate, which will be its S&P Rating; **provided** that, prior to or on acquisition of any such Collateral Obligation and on or prior to each one year anniversary of the acquisition of such Collateral Obligation, the Issuer shall submit to S&P a request for a S&P credit rating estimate for such Collateral Obligation, which shall be its S&P Rating, together with all information reasonably required by S&P to perform such estimate; or
- (C) if such Collateral Obligation is not rated by Moody's or S&P, no other security or obligation of the Borrower or its Guarantor is rated by S&P or Moody's and if the Servicer determines in its sole discretion based on information available to it after reasonable inquiry that such Borrower (1) is not subject to any bankruptcy or reorganization proceedings nor in default on any of its obligations (unless the subject of a good faith business dispute), (2) is a legally constituted corporate entity having the minimum legal, financial and operational infrastructure to carry on a definable business, deliver and sell a product or service and report its results in generally accepted accounting terms as verified by a reputable audit firm and (3) is not so vulnerable to adverse business, financial and economic conditions that default in its financial or other obligations is foreseeable in the near term if current operating trends continue, then the S&P Rating will be the rating determined by the Servicer, using its commercially reasonable judgment, to be applicable for such Collateral Obligation during such time as the credit estimate is pending; **provided** that (x) if the Issuer submits

all information reasonably required by S&P to perform such estimate within 30 days upon acquisition of any such Collateral Obligation, the aforementioned rating determined by the Servicer will apply until S&P assigns a different rating, (y) if the Issuer does not submit all information reasonably required by S&P to perform such estimate within 30 days upon acquisition of any such Collateral Obligation and if, upon the 90th day following the acquisition of such Collateral Obligation (which 90-day period will be extended by S&P upon request by the Servicer so long as the Servicer has applied to S&P for a S&P credit rating and has provided all the information necessary for S&P to provide a credit rating to such Collateral Obligation prior to or upon acquisition of the such Collateral Obligation), S&P has not assigned a credit rating to such Collateral Obligation, then such Collateral Obligation shall be treated by the Issuer as having a rating of "CCC-" and (z) Collateral Obligations constituting no more than 5% of the Maximum Amount may be given an S&P Rating based on this subclause (c) (after giving effect to the addition of the relevant Collateral Obligation, if applicable);

**provided** that if (i) the relevant Borrower or Guarantor or obligation is placed on any positive "credit watch" list by S&P, such rating will be increased by one rating subcategory or (ii) the relevant Borrower or Guarantor or obligation is placed on any negative "credit watch" list by S&P, such rating will be decreased by one rating subcategory.

Notwithstanding the foregoing, in the case of a Collateral Obligation that is a DIP Loan, the S&P Rating shall be (A) the rating assigned thereto by S&P if the rating is public, (B) the rating assigned by S&P if the rating is confidential, but only if all appropriate parties have provided written consent to its disclosure and use, (C) the rating assigned by S&P thereto through an estimated rating or (D) the rating assigned thereto by S&P in connection with the acquisition thereof upon the request of the Servicer. In the case of a Collateral Obligation that is a PIK Security, Structured Finance Obligation or Synthetic Securities, the S&P Rating may not be determined pursuant to clause (iii)(A) above.

S&P Ratings for entities or obligations relevant hereunder other than Borrowers and Collateral Obligations shall be determined in a corresponding manner.

At the option of the Holder, Preference Share Certificates may be exchanged for Preference Share Certificates of like terms, in any authorized denominations, upon surrender of the Preference Share Certificates to be exchanged at the Corporate Trust Office of the Preference Shares Paying Agent. Whenever any Preference Share Certificate is surrendered for exchange, the Share Registrar shall execute, register and deliver to the Preference Shares Paying Agent, for delivery to the appropriate Holder, the Preference Share Certificates executed by the Issuer that the Holder of the Preference Shares making the exchange is entitled to receive.

Every Preference Share presented or surrendered for registration of transfer shall be accompanied by a written instrument of transfer in form satisfactory to the Issuer and duly executed by the Holder thereof as well as duly authorized in writing by the transferee or its attorney.

No service charge shall be made to a Preference Shareholder for any registration of transfer of Preference Shares or exchange of Preference Shares, but the Issuer and the Preference Shares Paying Agent may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

- (b)(i) Exchanges or transfers of beneficial interests in a Preference Share may be made only in accordance with the rules and regulations of the Depository and the transfer restrictions contained in the legend on such Preference Share (including the deemed representation that such transferee is not and that it shall not become a Benefit Plan Investor or a Controlling Person while it shall hold such Preference Share or interest therein) and exchanges or transfers of interests in a Preference Share may be made only in accordance with the following:

- (c) Upon request by and at the expense of the Issuer, the Preference Shares Paying Agent shall cooperate with the Issuer in mailing or otherwise distributing (at the Issuer's expense) to Preference Shareholders or prospective purchasers of Preference Shares, at and pursuant to the Issuer's direction, any Rule 144A Information prepared and provided by or on behalf of the Issuer; **provided** that the Preference Shares Paying Agent shall be entitled to affix thereto or enclose therewith such disclaimers as the Preference Shares Paying Agent shall deem reasonably appropriate, at its discretion (such as, for example, a disclaimer that such Rule 144A Information was assembled by the Issuer and not by the Preference Shares Paying Agent, that the Preference Shares Paying Agent has not reviewed or verified the accuracy thereof, and that it makes no representation as to the sufficiency of such information under Rule 144A or for any other purpose).
- (d) Upon the redemption of any Preference Share, the Holder thereof shall present and surrender the related Preference Share Certificate at the Corporate Trust Office of the Preference Shares Paying Agent on or prior to the Redemption Date; **provided** that, if there is delivered to the Issuer and the Preference Shares Paying Agent such security or indemnity as may be required by them to save each of them harmless and an undertaking thereafter to surrender such Preference Share, then, in the absence of notice to the Issuer or the Preference Shares Paying Agent that the applicable Preference Share has been acquired by a bona fide purchaser for value without notice, such final payment shall be made without presentation or surrender.
- (e) If a Holder wishes at any time to transfer Preference Shares to a transferee, such Holder may transfer or cause the transfer of such Preference Shares as provided herein; **provided** that if the Holder retains any Preference Shares, the remaining number of Preference Shares held by such Holder shall satisfy the authorized minimum lot size required by Section 2.3(b).
- (f) The Share Registrar shall not register any transfer of a beneficial interest in Preference Shares to any Person that has represented that it is a Benefit Plan Investor (either directly or through an insurance company general account) or a Controlling Person. The Share Registrar will not recognize or register such purchase or transfer, if such purchase or transfer would result in Benefit Plan

Investors owning 25% or more of the Aggregate Outstanding Amount of Class I Preference Shares or Class II Preference Shares (determined pursuant to Section 3(42) of ERISA, 29 C.F.R. Section 2510.3-101, the Indenture and the Preference Share Documents) and the Preference Shares held by the Trustee, the Servicer, any of their respective Affiliates (as defined in 29 C.F.R. Section 2510.3-101(f)(3)) and any other persons that have represented that they are Controlling Persons will be disregarded and will not be treated as outstanding unless such person is also a Benefit Plan Investor.

- (g) Each Original Purchaser of Preference Shares (or a beneficial interest therein) in the initial placement of the Preference Shares shall be required to execute and deliver a Subscription Agreement. Each purchaser of Preference Shares, by its purchase of Preference Shares, will be required or deemed to have agreed not to institute against, or join any person in instituting against, the Issuer any bankruptcy, reorganization, arrangement, insolvency, moratorium or liquidation or other proceedings under U.S. Federal or state bankruptcy or similar laws or the similar laws of the Cayman Islands or any other applicable jurisdiction until one year and one day (or, if longer, the applicable preference period then in effect) after the payment in full of the Notes and the Aggregate Outstanding Amount of the Preference Shares.
- (h) The Preference Shares Paying Agent shall not be responsible for ascertaining whether any transfer of the Preference Shares complies with, or otherwise for monitoring or determining compliance with, the requirements or terms of the Securities Act, applicable state securities laws, ERISA, the Code or the Investment Company Act; except that if a certificate or agreement is specifically required by the terms of this Section 2.5 to be provided to the Preference Shares Paying Agent by a transferee of the Preference Shares, a transferor of the Preference Shares, or the Issuer, the Preference Shares Paying Agent shall be under a duty to receive and examine the same to determine whether it conforms substantially on its face to the applicable requirements of this Section 2.5. To the extent applicable to the Issuer, the Issuer may impose additional transfer restrictions to comply with the USA PATRIOT Act and any other applicable anti-money laundering laws and regulations, and any such transfer restrictions shall be binding on each Preference Shareholder. The Issuer shall notify the Preference Shares Paying Agent and the Share Registrar of the imposition of any such transfer restrictions.
- (i) Any purported transfer of Preference Shares not in accordance with this Section 2.5 shall be treated as null and void *ab initio* and shall not be given effect for any purpose hereunder, and the Share Registrar shall not register any such purported transfer and shall not register or deliver such Preference Share Certificates. The Preference Shares Paying Agent shall not be held responsible for any losses that may be incurred as a result of any required transfer under this Section 2.5.

### **Mutilated, Defaced, Destroyed, Lost or Stolen Preference Shares**

If, after delivery of such new Preference Share Certificate, a bona fide purchaser of the Preference Shares represented by the predecessor Preference Share Certificate presents for payment, transfer or exchange such predecessor Preference Share Certificate, the Issuer, the Preference Shares Paying Agent and the Share Registrar shall be entitled to recover such new Preference Share Certificate from the Person to whom it was delivered or any Person taking therefrom, and shall be entitled to recover upon the security or indemnity provided therefor to the extent of any loss, damage, cost or expense incurred by the Issuer, the Preference Shares Paying Agent and the Share Registrar in connection therewith.

In case the Preference Shares represented by any such mutilated, defaced, destroyed, lost or stolen Preference Share Certificate have become due and payable, the Issuer in its discretion may, instead of issuing a new Preference Share Certificate, pay the registered Holder of such Preference Shares represented by such Preference Share Certificate without requiring surrender of such Preference Share Certificate except that any mutilated or defaced Preference Share Certificate shall be surrendered.

Upon the issuance of any new Preference Share Certificate under this Section 2.6, the Issuer, the Preference Shares Paying Agent or Share Registrar may require the payment by the registered Holder thereof of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Preference Shares Paying Agent) connected therewith.

The provisions of this Section 2.6 with respect to the rights and remedies of the Issuer are exclusive and shall preclude (to the extent lawful) all other rights and

On each Payment Date and the Redemption Date, the Trustee will be required to pay to the Preference Shares Paying Agent for deposit into the Preference Shares Distribution Account, an amount equal to all amounts payable by the Trustee to the Preference Shares Paying Agent for deposit to the Preference Shares Distribution Account pursuant to Sections 11.1(a)(i)(23), 11.1(a)(i)(25), 11.1(a)(ii)(11) and 11.1(a)(ii)(15) of the Indenture. On the Redemption Date, the Trustee will be required to pay to the Preference Shares Paying Agent for deposit into the Preference Shares Distribution Account an amount equal to all remaining proceeds of the Collateral, after all deductions according to the Priority of Payments set forth in the Indenture. Any and all funds at any time on deposit in, or otherwise to the credit of, the Preference Shares Distribution Account shall be invested at the written direction of the Servicer (or, if no Servicing Agreement or replacement therefor remains in effect, the Issuer) in Eligible Investments having stated maturities no later than the Business Day immediately preceding the next Payment Date in trust by the Preference Shares Paying Agent for the benefit of the Issuer and earnings thereon shall also be available for distribution on the Preference Shares. Payments shall be made from the Preference Shares Distribution Account only in accordance with the provisions set forth below. The Preference Shares Paying Agent shall have no liability for investment losses on any such investment made pursuant to the direction of the Servicer, and in the absence of such direction the Preference Shares Paying Agent shall not be under any obligation to invest (or otherwise pay interest on) amounts held hereunder.

(b) **Payment of Distributions to the Preference Shareholders.** The Preference Shares are scheduled to be redeemed on the Scheduled Preference Shares Redemption Date, unless redeemed prior thereto. On each Payment Date, the Issuer will make distributions to the Preference Shares Paying Agent for payment *pro rata* to the Holders of the Preference Shares as dividends on the Preference Shares, pursuant to the Preference Share Documents, to the extent legally

Payments will be paid by the Trustee to the Preference Shares Paying Agent, on behalf of the Issuer, for payment of dividends and other distributions to the Holders of the Preference Shares pursuant to the Preference Share Documents, to the extent legally permitted, on a pro rata basis according to the number of Preference Shares held by each Holder on the Record Date for such Payment Date.

- (c) **Distribution of the Redemption Amount.** On the Redemption Date, the Preference Shares Paying Agent shall distribute or effect the redemption of Preference Shares and make payments to the Preference Shareholders, *pro rata* according to the number of Preference Shares held by each Preference Shareholder, of the Redemption Amount from amounts available in the Preference Shares Distribution Account. Notwithstanding the foregoing, the Redemption Amount shall be payable out of distributable profits and/or share premium and shall be subject to the Issuer being able to pay its debts as they become due in the ordinary course of business immediately prior to, and after giving effect to, such payment, as determined by the Issuer. For purposes of this subsection (c), a determination as to whether the Issuer is solvent on the Redemption Date shall be made (A) after giving effect to any payments to be made on the Redemption Date and (B) in light of the fact that the obligations of the Issuer to the Noteholders, the other Secured Parties and the other Persons subject to the Priority of Payments are limited in recourse to the Collateral, and not to amounts (i) in the Preference Shares Distribution Account, (ii) any other amounts released from the Collateral in accordance with the Indenture and held by or on behalf of the Issuer for the benefit of the Preference Shareholders or (iii) amounts on deposit in the Ordinary Shares Account (as notified to the Preference Shares Paying Agent by the Issuer), and that after the assets in the Collateral are exhausted, such parties will have no further claim against the Issuer. The Issuer shall notify the Preference Shares Paying Agent in writing if the condition set forth in the preceding sentence is not satisfied with respect to any portion of the Redemption Amount at least two Business Days prior to the Redemption Date, and following receipt of such notice such portion will not be paid on the Preference Shares until the first succeeding Business Day upon which the Issuer notifies the Preference Shares Paying Agent in writing that such

condition is again satisfied (such notice to be given by the Issuer to the Preference Shares Paying Agent as soon as the condition is again satisfied) and the amounts so retained in the Preference Shares Distribution Account will be held for the benefit of the Issuer until such amounts are paid. Notwithstanding the above, the Preference Shares Paying Agent shall not be deemed to make any representation or determination regarding the permissibility or legality of any distribution to the Preference Shareholders, the responsibility for which shall remain with the Issuer.

Interest Proceeds and Principal Proceeds paid to the Preference Shares Paying Agent for payment of dividends on, or the payment of the Redemption Price in respect of, the Preference Shares, will be distributable to the Holders of the Preference Shares only if the Issuer is and will remain solvent following such distribution and Interest Proceeds and Principal Proceeds paid to the Preference Shares Paying Agent for payment of dividends in respect of the Preference Shares will be distributable to the Holders of the Preference Shares only if the Issuer has sufficient distributable profits and/or share premium and if the Issuer is and will remain solvent following such distribution, as determined by the Issuer. If the condition set forth in the preceding sentence is not satisfied with respect to any portion of any payment of dividends or Redemption Price in respect of the Preference Shares, the Issuer shall notify the Preference Shares Paying Agent thereof in writing at least two Business Days prior to the date such dividends or Redemption price are to be paid, and following receipt of such notice such portion shall not be paid until the first succeeding Business Day upon which the Issuer notifies the Preference Shares Paying Agent in writing that such condition is again satisfied (such notice to be given by the Issuer to the Preference Shares Paying Agent as soon as the condition is again satisfied), and the amounts so retained in the Preference Shares Distribution Account will be held for the benefit of the Issuer until such amounts are paid. Notwithstanding the above, the Preference Shares Paying Agent shall not be deemed to make any representation or determination regarding the permissibility or legality of any distribution to the Preference Shareholders, the responsibility of which shall remain with the Issuer. Payments will be paid by the Trustee to the Preference Shares Paying Agent, on behalf of the Issuer, for payment of dividends and other distributions to the Holders of the Preference Shares pursuant to the Preference Share Documents, to the extent legally permitted (as provided above), on a pro rata basis according to the number of Preference Shares held by each Holder on the Record Date for such Payment Date.

- (d) **Payments upon Liquidation.** The Preference Shares Paying Agent, in accordance with the written direction of the Issuer, in connection with a liquidation of the Issuer's assets pursuant to the winding-up provisions of the Issuer Charter, shall distribute the balance in the Preference Shares Distribution Account to the Preference Shareholders.
- (e) **Payments Pro Rata; No Payments From Ordinary Shares Account.**

Payments to the Holders of the Preference Shares shall be made on a *pro rata* basis according to the number of Preference Shares held by each Holder. Holders of the Preference Shares shall not be entitled to receive any distribution from funds deposited in the Ordinary Shares Account.

The Preference Shares Paying Agent agrees to give each of the Issuer and the Servicer prompt notice if it becomes aware that the Preference Shares Distribution Account or any funds on deposit therein, or otherwise to the credit of the Preference Shares Distribution Account, shall become subject to any writ, order, judgment, warrant of attachment, execution or similar process. In addition, the Preference Shares Paying Agent shall provide notice to the Issuer and the Servicer in the event that any portion of the Preference Share Dividend Amount or Redemption Amount is not distributed to the Preference Shareholders. None of the Trustee, the Noteholders or the other Secured Parties shall have any legal, equitable or beneficial interest in the Preference Shares Distribution Account or any amounts on deposit therein, and amounts on deposit in the Preference Shares Distribution Account shall not be used to pay amounts owed to any Person, other than the Preference Shareholders, except as required by the laws of the Cayman Islands.

- (f) All payments of dividends and any final distribution or redemption of payment on the Preference Shares shall be made in Dollars, and, in the case of a redemption of the Preference Shares, shall be made only upon the surrender of the Preference Share Certificates representing the Preference Shares at the Corporate Trust Office of the Preference Shares Paying Agent. All of such payments shall be made by Dollar check drawn by the Preference Shares Paying Agent on an account maintained by it and shall be mailed by first-class mail, postage prepaid or, at the option of the relevant Preference Shareholder, by wire transfer in immediately available funds to a U.S. Dollar account maintained by the Holder thereof from an account maintained by the Preference Shares Paying Agent (subject to usual and necessary banking procedures regarding Dollar denominated accounts), subject in all cases to any tax, fiscal or other laws or regulations applicable in the place of payment. Any Preference Shareholder desiring to receive a wire transfer payment shall deliver a written request therefor to the Preference Shares Paying Agent setting forth the numbers of the Preference Shares held by it and for which it desires to receive payment by wire transfer and specifying the banking institution and Dollar account number (with any other appropriate information necessary to enable the Preference Shares Paying Agent to transmit such payment and to assure proper credit to such Holder's account) to which such payments are to be transferred. A record of each payment made shall be maintained by or on behalf of the Preference Shares Paying Agent in accordance with its customary procedures, and such record shall be *prima facie* evidence that the payment in question has been made. The Issuer and the Preference Shares Paying Agent shall be fully protected in relying upon any such request in making payments on the Preference Shares, and any payment

transmitted in accordance with such request shall be deemed to have been made upon transmission thereof to the banking institution identified in such request.

### **Persons Deemed Owners**

2.8 The Issuer and the Preference Shares Paying Agent may deem and treat any registered Preference Shareholder as the absolute owner of such Preference Share, notwithstanding any notation of ownership or other writing on any Preference Share Certificate, for the purpose of receiving dividends thereon and the Redemption Amount thereof and for all other purposes, and neither the Issuer nor the Preference Shares Paying Agent shall be affected by any notice to the contrary. All such payments so made to such Preference Shareholder or upon such Preference Shareholder's order shall be valid and, to the extent of the sum or sums so paid, effectual to satisfy and discharge the liability for the monies payable upon any such Preference Share.

### **Cancellation**

2.9 All Preference Share Certificates surrendered for redemption, registration of transfer or exchange or deemed lost or stolen, shall, if surrendered to any Person other than the Share Registrar, be delivered to the Share Registrar, but, in any case, shall be promptly canceled by the Share Registrar and may not be reissued or resold. All canceled Preference Share Certificates held by the Share Registrar shall be held by the Share Registrar in accordance with its standard retention policy unless the Issuer shall direct by an Issuer Order that they be returned to it. Upon redemption of any Preference Share Certificates, the name of the Holder thereof shall, in respect of such Preference Shares, be removed from the Preference Share Register, and such Preference Shareholder shall cease to be entitled to any rights in respect thereof, except the right to receive the Redemption Amount and any dividend which was due and payable prior to such redemption.

### **Required Sale of a Preference Share by the Holder Upon the Occurrence of Certain Circumstances**

2.10 (a) If, notwithstanding the restrictions on transfer contained herein, the Issuer determines that any beneficial owner of a Preference Share was not both a Qualified Institutional Buyer and a Qualified Purchaser, at the time it acquired such Preference Share (or interest therein), then the Issuer may require, by notice to such beneficial owner, that such beneficial owner sell all of its right, title and interest in and to such Preference Share held by it to a Person that is both a Qualified Institutional Buyer and a Qualified Purchaser, with such sale to be effected within 30 days after notice of such sale requirement is given. If a Preference Shareholder fails to effect a sale of Preference Shares within 30 days, upon direction from the Servicer or the Issuer, the Preference Shares Paying Agent, on behalf of and at the expense of the Issuer, shall cause such Holder's Preference Share to be transferred in a commercially reasonable sale (conducted by an investment bank retained by the Preference Shares Paying Agent at the expense of the Issuer in accordance with Section 9-610 of the Uniform Commercial Code as in effect

in the State of New York as applied to securities that are sold on a recognized market or are the subject of widely distributed price quotations) to a Person that certifies to the Preference Shares Paying Agent, the Issuer and the Servicer that it is both a Qualified Institutional Buyer and a Qualified Purchaser and provides the other acknowledgments, representations and agreements set forth in the Transfer Certificate. No payments will be made on such Preference Shares from the date notice of the sale requirement is sent to the date on which such Preference Shares are sold.

(b) If, notwithstanding the above, the Issuer or the Share Registrar determines that a Benefit Plan Investor has acquired Preference Shares in violation of Section 2.4(f), the Issuer shall require, by notice to such Benefit Plan Investor, that such Benefit Plan Investor sell all of its right, title and interest in or to such Preference Shares in accordance with this Agreement with such sale to be effected within 30 days after notice of such sale requirement is given. If such Benefit Plan Investor fails to effect the transfer or exchange required within such 30-day period, upon direction from the Servicer or the Issuer, the Preference Shares Paying Agent, on behalf of and at the expense of the Issuer, shall cause such Holder's Preference Share to be transferred in a commercially reasonable sale (conducted by an investment bank retained by the Preference Shares Paying Agent at the expense of the Issuer in accordance with Section 9-610 of the Uniform Commercial Code as in effect in the State of New York as applied to securities that are sold on a recognized market or are the subject of widely distributed price quotations) to a Person that qualifies as a purchaser of such Preference Shares pursuant to this Agreement and provides the other acknowledgments, representations and agreements set forth in the Transfer Certificate. - (e) If the Preference Shares Paying Agent shall resign, be removed or become incapable of acting, or if a vacancy shall occur in the office of the Preference Shares Paying Agent for any reason, the Issuer, by Issuer Order, shall promptly appoint a successor Preference Shares Paying Agent. The successor Preference Shares Paying Agent so appointed shall, forthwith upon its acceptance of such appointment, become the successor Preference Shares Paying Agent. If no

Upon delivery of the required instruments, the resignation or removal of the retiring Preference Shares Paying Agent shall become effective and such successor Preference Shares Paying Agent, without any other act, deed or conveyance, shall become vested with all the rights, powers, trusts, duties and obligations of the retiring Preference Shares Paying Agent; but, on request of the Issuer or a Majority of Preference Shareholders or the successor Preference Shares Paying Agent, such retiring Preference Shares Paying Agent shall, upon payment of its charges, fees, indemnities and expenses then unpaid, execute and deliver an instrument transferring to such successor Preference Shares Paying Agent all the rights, powers and trusts of the retiring Preference Shares Paying Agent, and shall duly assign, transfer and deliver to such successor Preference Shares Paying Agent all property and Money held by such retiring Preference Shares Paying Agent hereunder. ### **Representations and Warranties of the Bank**

3.11(a) **Organization.** The Bank has been duly organized and is duly incorporated and validly existing as a trust company under the laws of the Commonwealth of Massachusetts and has the power to conduct its business and affairs as the Preference Shares Paying Agent.

(b) **Authorization; Binding Obligations.** The Bank has the corporate power and authority to perform the duties and obligations of Preference Shares Paying Agent under this Agreement. The Bank has taken all necessary corporate action to authorize the execution, delivery and performance of this Agreement, and all of the documents required to be executed by the Bank pursuant hereto. This Agreement has been duly executed and delivered by the Bank. Upon execution and delivery by the Issuer, this Agreement will constitute the legal, valid and binding obligation of the Bank enforceable in accordance with its terms.

(e) **No Proceedings.** There are no proceedings pending, or to the best knowledge of the Bank, threatened, against the Bank before any federal, state or other governmental agency, authority, administrator or regulatory body, arbitrator, court or other tribunal, foreign or domestic, that could have a material adverse effect on the ability of the Bank to perform its duties under this Agreement.

## **Withholding**

3.12 If any withholding tax is imposed on the Issuer's payment (or allocations of income) under the Preference Shares to any Preference Shareholder or beneficial owner, such tax shall reduce the amount otherwise distributable to such Preference Shareholder or beneficial owner. The Preference Shares Paying Agent is hereby authorized and directed to retain from amounts otherwise distributable to any Preference Shareholder sufficient funds for the payment of any tax that is legally owed or required to be withheld by the Issuer or the Preference Shares Paying Agent (but such authorization shall not prevent the Preference Shares Paying Agent from contesting any such tax in appropriate proceedings and withholding payment of such tax, if permitted by law, pending the outcome of such proceedings) and to remit such amounts to the appropriate taxing authority. The amount of any withholding tax imposed with respect to the amount paid (or allocated to) any Preference Shareholder or beneficial owner shall be treated as cash distributed to such Preference Shareholder at the time it is withheld by the Preference Shares Paying Agent. If there is a possibility that withholding tax is payable with respect to a distribution, the Preference Shares Paying Agent may in its sole discretion withhold such amounts in accordance with this Section 3.12. If any Preference Shareholder wishes to apply for a refund of any such withholding tax, the Preference Shares Paying Agent shall provide to the Preference Shareholder readily available information so long as such Preference Shareholder agrees to reimburse the Preference Shares Paying Agent for any out of pocket expenses incurred.

As a condition to the payment of any distribution or other amount on any Preference Share without the imposition of withholding tax, the Preference Shares Paying Agent shall require the delivery of properly completed and signed applicable tax certifications (generally, in the case of U.S. federal income tax, an Internal Revenue Service Form W-9 (or applicable successor form) in the case of a person that is a "United States person" within the meaning of Section 7701(a)(30) of the Code or the applicable Internal Revenue Service Form W-8 (or applicable successor form) in the case of a person that is not a "United States person" within the meaning of Section 7701(a)(30) of the Code) and such other certification acceptable to it to enable the Issuer and the Preference Shares Paying Agent to determine their duties and liabilities with respect to any taxes or other charges that they may be required to pay, deduct or withhold in respect of such Preference Share or the Holder or beneficial owner of such Preference Share under any present or future law or regulation of the Cayman Islands, the United States or any political subdivision thereof or taxing authority therein or to comply with any reporting or other requirements under any such law or regulation.

The Preference Shares Paying Agent hereby provides notice to each Preference Shareholder and beneficial owner that the failure of such Preference Shareholder and beneficial owner to provide the Preference Shares Paying Agent with appropriate tax certifications may result in amounts being withheld from payments to such Preference Shareholder under this Agreement (and that amounts withheld pursuant to applicable tax laws shall be considered as having been paid by the Issuer as provided above).

Nothing herein shall impose an obligation on the part of the Preference Shares Paying Agent beyond any obligation so imposed under applicable law to determine the amount of any tax or withholding obligation on the part of the Issuer or in respect of the Preference Shares. The Preference Shares Paying Agent shall give prompt notice of any such withholding to each Preference Shareholder.

## **DELIVERY OF THE PREFERENCE SHARE CERTIFICATES; OTHER COVENANTS**

### **Execution and Issuance of Preference Shares**

4.1 Preference Share Certificates shall be executed on behalf of the Issuer by an Authorized Officer and delivered to the Share Registrar, and thereupon the same shall be allotted, registered and delivered by the Share Registrar upon Issuer Order.

4.2 The Preference Shares Paying Agent shall maintain an office or agency in Boston, Massachusetts, where Preference Shares may be presented or surrendered for payment. The Preference Shares Paying Agent hereby initially appoints its office in Boston, currently located at 200 Clarendon Street, Mail Code: EUC 108, Boston, MA 02116 as such office or agency. ### **Supplemental Indentures**

5.1 The Preference Shares Paying Agent shall send by fax/overnight courier to each Preference Shareholder a copy of any proposed supplemental indenture promptly following receipt by the Preference Shares Paying Agent of such proposed supplemental

indenture from the Trustee pursuant to Section 8.1 or Section 8.2 of the Indenture. Unless notified by the Issuer acting at the direction of a Majority of Preference Shareholders that the Preference Shares shall be materially and adversely affected, the Preference Shares Paying Agent may rely on the written advice of counsel as to whether or not the rights of the Preference Shareholders would be materially and adversely affected by such change (after giving notice of such change to the Preference Shareholders). Such determination shall be conclusive and binding on all present and future Preference Shareholders. The Preference Shares Paying Agent shall not be liable for relying in good faith upon an Opinion of Counsel delivered to the Preference Shares Paying Agent.

It shall not be necessary for a Majority of Preference Shareholders under this Section 5.1 to approve the particular form of any proposed supplemental indenture, but it shall be sufficient if a Majority of Preference Shareholders shall approve the substance thereof.

Promptly after the receipt by the Preference Shares Paying Agent of any supplemental indenture executed by the Issuer pursuant to Section 8.1 or Section 8.2 of the Indenture, the Preference Shares Paying Agent shall, at the expense of the Issuer, mail to the Preference Shareholders a copy thereof. Any failure of the Preference Shares Paying Agent to mail such notice, or any defect therein, shall not, however, in any way impair or affect the validity of any such supplemental indenture.

#### **Reliance by Preference Shareholders**

5.2 Without limiting the generality of Section 5.1, the Issuer and the Preference Shares Paying Agent acknowledge and agree that (a) the agreements and obligations of the Issuer and the Preference Shares Paying Agent under this Section 5 shall be deemed made for the benefit of the Preference Shareholders and (b) the Preference Shareholders are intended third-party beneficiaries of such agreements and obligations.

### **REDEMPTION OF PREFERENCE SHARES**

#### **Redemption**

6.1 On any Payment Date on or after the Payment Date on which the Notes have been paid in full, a Majority of Preference Shareholders may direct the Issuer to redeem the Preference Shares at a redemption price equal to the Redemption Amount. Such Redemption Amount shall be paid by the Trustee, on behalf of the Issuer, to the Preference Share Paying Agent for deposit into the Preference Shares Distribution Account, and shall be distributed, together with any other amounts on deposit in the Preference Shares Distribution Account, to the Preference Shareholders, subject to the provisions of Section 2.7(c) and the laws of the Cayman Islands.

The Issuer shall (i) give notice to all Preference Shareholders upon the payment in full of the Notes, (ii) give notice of the Scheduled Preference Share Redemption Date and (iii) set the Redemption Date and the applicable Record Date for an optional redemption of

the Preference Shares and give notice thereof to the Preference Share Paying Agent pursuant to Section 6.2.

The Preference Shares shall be redeemed (in whole but not in part) on the Scheduled Preference Share Redemption Date (if not redeemed earlier) after payment in full of the Notes and after payment of all amounts payable under the Priority of Payments prior to the payment of the Preference Shares, at a redemption price equal to the Redemption Amount.

**Notice of Optional Redemption of Preference Shares by the Share Registrar**

6.2 In the event of any optional redemption of the Preference Shares pursuant to Section 6.1, the Share Registrar will communicate any distributions and payments made to the Issuer and the Preference Shares Paying Agent.

6.3 The Preference Shares Paying Agent, on behalf of the Issuer, shall provide notice of an optional redemption of the Preference Shares pursuant to Section 6.1 by first-class mail, postage prepaid, mailed not less than 10 Business Days and not earlier than 30 days prior to the Redemption Date to each Preference Shareholder.

All notices of redemption or maturity shall state:

- (i) the Redemption Date; and
- (ii) the place or places where such Preference Shares to be redeemed are to be surrendered for the payment of the redemption price thereof, which shall be the office or agency of the Preference Shares Paying Agent or the New York Presenting Agent.

At the cost of the Issuer, the Preference Shares Paying Agent shall give notice of any withdrawal of a redemption of the Preference Shares by overnight courier guaranteeing next day delivery, sent not later than the third Business Day prior to the scheduled Redemption Date, to each Holder of a Preference Share to be redeemed at such Preference Shareholder's address in the Preference Share Register.

Notice of redemption of the Preference Shares shall be given by the Issuer or, at the Issuer's request, by the Preference Shares Paying Agent in the name and at the expense of the Issuer. Failure to give notice of redemption, or any defect therein, to any Preference Shareholder selected for redemption shall not impair or affect the validity of the redemption of any other Security.

**Optional Redemption of Preference Shares on the Redemption Date**

6.4 Upon the redemption of a Preference Share, the Holder thereof shall present and surrender such Preference Share at the place specified in the notice of redemption on or

prior to the applicable Redemption Date; **provided** that if there is delivered to the Issuer and the Preference Shares Paying Agent such security or indemnity as may be required by them to save each of them harmless and an undertaking thereafter to surrender such Preference Share, then, in the absence of notice to the Issuer or the Preference Shares Paying Agent that the applicable Preference Share has been acquired by a bona fide purchaser, such final payment shall be made without presentation or surrender.

### **Redemption Following Liquidation**

6.5 Following the liquidation of the Issuer's assets pursuant to the Issuer Charter, the Preference Shares shall be redeemed (whether or not the Preference Shareholders thereof receive any payments in respect of such redemption) at the Redemption Amount.

Each Holder and beneficial owner of a Preference Share shall be deemed to have agreed to treat the Preference Shares as equity for U.S. federal, and to the extent permitted by law, state and local income and franchise tax purposes.
- (d) The Issuer shall provide to any Preference Shareholder or beneficial owner in a timely manner, (i) all information that a person making a "qualified electing fund" election (as defined in the Code) is required to obtain for U.S. federal income tax

  - (f) The Issuer will treat each purchase of Collateral Obligations as a "purchase" for tax, accounting and reporting purposes.
  - (g) The Issuer and Co-Issuer shall file, or cause to be filed, any tax returns, including information returns, required by any governmental authority.

### **Notices to Preference Shareholders**

7.2 The Preference Shares Paying Agent shall provide to the Preference Shareholders promptly after receipt thereof all other notices provided to the Preference Shares Paying Agent pursuant to the terms of the Indenture, including notice of any Event of Default under the Indenture, notice of resignation or removal of the Trustee, notice of a downgrade of any Class of Notes by either Rating Agency (as defined in the Indenture) and notice of any proposed or executed supplemental indenture, in each case in accordance with Section 8.5.

## **MISCELLANEOUS**

### **Amendments**

8.1(a) This Agreement may be amended by the Issuer and the Preference Shares Paying Agent without the consent of any of the Preference Shareholders for the purpose of curing any ambiguity, or of curing, correcting or supplementing any defective provision contained therein, or in regard to matters or questions arising herein as the Issuer and the Preference Shares Paying Agent may deem necessary or desirable and which shall not materially adversely affect the interests of Holders of the Preference Shares. In addition, this Agreement may be amended without the consent of any Holders of the Preference Shares and without regard to whether or not such amendment adversely affects the interest of the Holders of the Preference Shares in order to prevent the Issuer from becoming an "investment company" as defined in the Investment Company Act or to

better assure compliance with the requirements of Rule 3a-7 and/or to remove transfer restrictions and other requirements relating to Section 3(c)(7); **provided** that, as a condition to the effectiveness of any such amendment, each of the Issuer, the Trustee, the Preference Shares Paying Agent and the Servicer shall have received a customary Opinion of Counsel (which may be supported as to factual matters by any relevant certificates or other documents necessary or advisable in the judgment of counsel delivering such opinion) from a nationally recognized law firm providing that, after giving effect to such amendment, the Issuer is exempt from registration as an "investment company" under the Investment Company Act in reliance on the exemption provided by Rule 3a-7.

- (b) Subject to Section 8.1(a) above, this Agreement may also be amended from time to time by the Issuer and the Preference Shares Paying Agent with the consent of a Majority of Preference Shareholders materially and adversely affected thereby. Any amendment to the Preference Shares Paying Agency Agreement must be in writing, executed by each party thereto. The Preference Shares Paying Agent is entitled to receive, and (subject to the terms of this Agreement) shall be fully protected in relying upon, an Opinion of Counsel, consent or certificate of the Issuer in determining whether or not any proposed amendment is permitted under this Agreement.

Any amendment to the Preference Shares Paying Agency Agreement that would also necessitate a change to the Issuer Charter may only be made after a Special Resolution (as defined in the Issuer Charter) has been passed to permit the Issuer Charter to be altered to conform with such proposed amendment.

- (c) Promptly after the execution of any amendment or consent pursuant to this Section 8.1, the Preference Shares Paying Agent shall furnish written notification of the substance of such amendment or consent to each Preference Shareholder. It shall not be necessary for the consent of Preference Shareholders pursuant to this Section 8.1 to approve the particular form of any proposed amendment or consent, but it shall be sufficient if such consent shall approve the substance thereof. The manner of obtaining such consents (and any other consents of Preference Shareholders under this Agreement) and of evidencing the authorization of the execution thereof by Preference Shareholders shall be subject to such reasonable requirements as the Preference Shares Paying Agent may prescribe.
- (d) Prior to the execution of any amendment to this Agreement, the Preference Shares Paying Agent shall be entitled to receive and rely upon (i) an Opinion of Counsel stating that the execution of such amendment is authorized or permitted by this Agreement and (ii) an Officer's Certificate of the Issuer that all conditions precedent to the execution of such amendment have been complied with.
- (e) Written notice of any amendment shall be promptly provided by the Issuer to the Rating Agencies.

### **Form of Documents Delivered to Preference Shares Paying Agent**

8.2 In any case where several matters are required to be certified by any specified Person, it is not necessary that all such matters be certified by only one such Person, or that they be so certified by only one document, but one such Person may certify with respect to some matters and one or more other such Persons as to other matters, and any such Person may certify as to such matters in one or several documents.

Any certificate of an Authorized Officer of the Issuer may be based, insofar as it relates to legal matters, upon a certificate of or opinion of, or representations by, counsel, unless such Authorized Officer knows, or in the exercise of reasonable care should know, that the certificate or opinion or representations with respect to the matters upon which his certificate is based are erroneous. Any such certificate of an Authorized Officer of the Issuer or Opinion of Counsel may be based, insofar as it relates to factual matters, upon a certificate or opinion of, or representations by, the Issuer, the Servicer or any other Person, stating that the information with respect to such factual matters is in the possession of the Issuer, the Servicer or such other Person, unless such Authorized Officer of the Issuer or such counsel knows that the certificate or opinion or representations with respect to such matters are erroneous. Any Opinion of Counsel may also be based, insofar as it relates to factual matters, upon a certificate or opinion of, or representations by, an Authorized Officer of the Issuer, stating that the information with respect to such matters is in the possession of the Issuer, unless such counsel knows that the certificate or opinion or representations with respect to such matters are erroneous.

Where any Person is required to make, give or execute two or more applications, requests, consents, certificates, statements, opinions or other instruments under this Agreement, they may, but need not, be consolidated and form one instrument.

### **Acts of Holders**

8.3(a) Any request, demand, authorization, direction, notice, consent, waiver or other action provided by this Agreement to be given or taken by Preference Shareholders may be embodied in and evidenced by one or more instruments of substantially similar tenor signed by such Preference Shareholders in person or by a proxy duly appointed in writing and, except as otherwise expressly provided herein, such action shall become effective when such instrument or instruments are delivered to the Preference Shares Paying Agent, and, where it is hereby expressly required, to the Issuer. Such instrument or instruments (and the action or actions embodied therein and evidenced thereby are herein sometimes referred to as the *Act* of the Preference Shareholders signing such instrument or instruments). Proof of execution of any such instrument or of a writing appointing any such proxy shall be sufficient for any purpose of this Agreement and conclusive in favor of the Preference Shares Paying Agent and the Issuer, if made in the manner provided in this Section 8.3.

- (b) The fact and date of the execution by any Person of any such instrument or writing may be proved in any manner which the Preference Shares Paying Agent deems sufficient.
- (c) The registered numbers of Preference Shares held by any Person, and the date of such Person's holding the same, shall be proved by the Preference Share Register.
- (d) Any request, demand, authorization, direction, notice, consent, waiver or other action by any Preference Shareholders shall bind such Preference Shareholder (and any transferee of its Preference Shares ) and of every Preference Share issued upon the registration thereof or in exchange therefor or in lieu thereof, in respect of anything done, omitted or suffered to be done by the Preference Shares Paying Agent or the Issuer in reliance thereon, whether or not notation of such action is made upon the Preference Share Certificate representing such Preference Share.

#### **Notices to Preference Shareholders; Waiver**

8.5 Except as otherwise expressly provided herein, where this Agreement provides for a report to Preference Shareholders or for a notice to Preference Shareholders of any event,

- (a) such report or notice shall be sufficiently given to Preference Shareholders if in writing and mailed, first class postage prepaid, to each Preference Shareholder affected by such event, at the address of such Preference Shareholder as it appears in the Preference Share Register, not earlier than the earliest date and not later than the latest date, prescribed for the giving of such report or notice; and
- (b) such report or notice shall be in the English language.

Such reports and notices will be deemed to have been given on the date of such mailing.

The Preference Shares Paying Agent will deliver to any Preference Shareholder shown on the Preference Share Register any readily available information or notice requested to be so delivered, at the expense of the Issuer.

Neither the failure to mail any notice, nor any defect in any notice so mailed, to any particular Preference Shareholder shall affect the sufficiency of such notice with respect to other Preference Shareholders.

Where this Agreement provides for notice in any manner, such notice may be waived in writing by any Person entitled to receive such notice, either before or after the event, and such waiver shall be the equivalent of such notice. Waivers of notice by Preference Shareholders shall be filed with the Preference Shares Paying Agent but such filing shall

not be a condition precedent to the validity of any action taken in reliance upon such waiver.

In the event that, by reason of the suspension of the regular mail service as a result of a strike, work stoppage or similar activity, it shall be impractical to mail notice of any event to Preference Shareholders when such notice is required to be given pursuant to any provision of this Agreement, then any manner of giving such notice as shall be satisfactory to the Preference Shareholder shall be deemed to be a sufficient giving of such notice.

### **Effect of Headings and Table of Contents**

### **Successors and Assigns**

8.7 All covenants and agreements in this Agreement by the Issuer shall bind its successors and assigns, whether so expressed or not.

### **Severability**

8.8 In case any provision in this Agreement shall be invalid, illegal or unenforceable as written, such provision shall be construed in the manner most closely resembling the apparent intent of the parties with respect to such provision so as to be valid, legal and enforceable; **provided** that if there is no basis for such a construction, such provision shall be ineffective only to the extent of such invalidity, illegality or unenforceability and, unless the ineffectiveness of such provision substantially impairs the basis of the bargain for one of the parties to this Agreement, the validity, legality and enforceability of the remaining provisions hereof or thereof shall not in any way be affected or impaired thereby.

### **Benefits of Agreement**

8.9 Nothing in this Agreement, expressed or implied, shall give to any Person, other than the parties hereto and their successors hereunder and the Preference Shareholders of any benefit or any legal or equitable right, remedy or claim under this Agreement.

### **Governing Law**

8.10 This Agreement shall be construed in accordance with, and this Agreement and all matters arising out of or relating in any manner to this Agreement (whether in contract, tort or otherwise) shall be governed by, the law of the State of New York.

### **Submission to Jurisdiction**

8.11 The Co-Issuers, the Preference Shares Paying Agent and the Share Registrar hereby irrevocably submit to the non-exclusive jurisdiction of any New York State or federal court sitting in the Borough of Manhattan in The City of New York in any action or proceeding arising out of or relating to the Securities or this Indenture, and the Co-Issuers, the Preference Shares Paying Agent and the Share Registrar hereby irrevocably agree that all claims in respect of the action or proceeding may be heard and determined in the New York State or federal court. The Co-Issuers, the Preference Shares Paying Agent and the Share Registrar hereby irrevocably waive, to the fullest extent that they may legally do so, the defense of an inconvenient forum to the maintenance of the action or proceeding. The Co-Issuers, the Preference Shares Paying Agent and the Share Registrar irrevocably consent to the service of all process in any action or proceeding by the mailing or delivery of copies of the process to each such party at the address specified in Section 8.4 hereof. Notwithstanding the foregoing, the rights and obligations of the Preference Shares Paying Agent and the Issuer under Section 3.6 shall survive.

### **Limitation on Liability**

8.14 None of the respective shareholders, Officers, members or directors of the Issuer shall be liable for any of the obligations or agreements or breach thereof or any covenant, representation or warranty of the Issuer under this Agreement, and no recourse or action may be taken, directly or indirectly, with respect to any of the obligations or agreements or breach thereof of or any covenant, representation or warranty of the Issuer under this Agreement against any of the respective shareholders, Officers, members or directors of the Issuer, except that the foregoing will not relieve any person or entity from (x) any liability for any unpaid consideration for stock, any unpaid capital contribution or any unpaid capital call or other similar obligation or (y) any obligation, agreement or liability under any agreement or instrument other than this Agreement and that the foregoing will not limit service of process on the Issuer by delivery of notice on its behalf to the Issuer.

10. The Transferee (i) certifies under penalties of perjury that the Transferee's name, taxpayer identification number or social security number and address provided in the Transferee Certification are correct and (ii) is either (x) providing with this certificate a duly completed U.S. Internal Revenue Service Form W-9 (Request for Taxpayer Identification Number and Certification) or applicable successor form in the case of a person that is a "United States person" within the meaning of Section 7701(a)(30) of the Internal Revenue Code of 1986, as amended (the **Code**) or (y) exempt from U.S. withholding tax on payments on the Preference Shares and is providing with this certificate the appropriate duly completed U.S. Internal Revenue Service Form W-8 or applicable successor form certifying its entitlement to such exemption in the case of a person that is not a "United States person" within the meaning of Section 7701(a)(30) of the Code. The Transferee agrees to, in a timely manner, complete (accurately and in a manner reasonably satisfactory to the Issuer and the Preference Shares Paying Agent), execute, arrange for any required certification of, and deliver to the Issuer and the Preference Shares Paying Agent or such governmental or taxing authority as the Issuer or the Preference Shares Paying Agent directs any form, document or certificate that may be required or reasonably requested by the Issuer and the Preference Shares Paying Agent. The Transferee further agrees to promptly inform the Issuer and the Preference Shares Paying Agent of any change in any such information provided to the Issuer or the Preference Shares Paying Agent and to execute a new form or other document with the correct information.

B. Status

1. (A) The Transferee is (i) a Qualified Institutional Buyer and (ii) a Qualified Purchaser, (B) the purchaser is acquiring the Preference Shares as principal for its own account for investment and not for sale in connection with any distribution thereof, (C) the purchaser was not formed solely for the purpose of investing in the Preference Shares (except when each beneficial owner of the purchaser is a Qualified Purchaser), (D) if the purchaser is an entity that would be an investment company but for the exception provided for in Section 3(c)(1) or Section 3(c)(7) of the Investment Company Act (any such entity, an "excepted investment company") (a) all of the beneficial owners of outstanding securities (other than short term paper) of such entity (such beneficial owners determined in accordance with Section 3(c)(1)(A) of the Investment Company Act) that acquired such securities on or before April 30, 1996 ("pre amendment beneficial owners") and (b) all pre amendment beneficial owners of the outstanding securities (other than short term paper) of any excepted investment company that, directly or indirectly, owns any outstanding securities of such entity, have consented to such entity's treatment as a Qualified Purchaser in accordance with the Investment Company Act, (E) the purchaser is not a broker-dealer that owns and invests on a discretionary basis less than \$25,000,000 in securities of unaffiliated issuers, (F) the purchaser is not a pension, profit-sharing or other retirement trust fund or plan in which the partners, beneficiaries or participants or affiliates may designate the particular investment to be made, (G) the purchaser agrees that it shall not hold such Preference Shares for the benefit of any other Person and shall be the sole beneficial owner thereof for all purposes and that it shall not sell participation interests in the Preference Shares or enter into any other arrangement pursuant to which any other Person shall be entitled to a beneficial interest in the dividends or other distributions on the Preference Shares (except when each such other Person is (a) a Qualified Institutional Buyer and (b) a Qualified Purchaser) and (H) the purchaser understands and agrees that any purported transfer of the Preference Shares to a purchaser that does not comply with the requirements of this paragraph shall be null and void ab initio.

2. The Transferee understands that the Preference Shares are being offered only in a transaction not involving any public offering in the United States within the meaning of the Securities Act, the Preference Shares have not been and will not be registered under the Securities Act, and, if in the future the purchaser decides to offer, resell, pledge or otherwise transfer the Preference Shares, such Preference Shares may be offered, resold, pledged or otherwise transferred only in accordance with the legend in respect of such Preference Shares set forth in (4) below and the restrictions set forth in the Preference Share Documents. The purchaser acknowledges that no representation is made by the Issuer, the Servicer or the Initial Purchasers or any of their respective Affiliates as to the availability of any exemption under the Securities Act or other applicable laws of any jurisdiction for resale of the Preference Shares.

3. The Transferee understands that, prior to any sale or other transfer of any interest in Preference Shares, it (or the transferee, as applicable) will be required to provide to the

Issuer and the Preference Shares Paying Agent a duly executed transfer certificate substantially in the form provided in the Preference Share Documents and such other certificates and other information as they may reasonably require to confirm that the proposed transfer complies with the restrictions in the legend placed on each certificate representing the Preference Shares and in the Preference Share Documents.

4. The Transferee agrees that it will not offer or sell, transfer, assign, or otherwise dispose of the Preference Shares or any interest therein except (i) pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and any applicable state securities laws or the applicable laws of any other jurisdiction and (ii) in accordance with the Preference Share Documents, to which provisions the purchaser agrees it is subject. The Transferee further understands that the Preference Shares (A) will be represented by either one or more Preference Share Certificates which will bear the legend substantially in the form set forth below unless the Issuer determines otherwise in accordance with applicable law, and (B) may only be resold, pledged or transferred to Qualified Institutional Buyers who are also Qualified Purchasers. The purchaser understands that before the Preference Shares may be offered, resold, pledged or otherwise transferred, the transferee will be required to provide the Preference Shares Paying Agent and the Issuer with a written certification as to compliance with the transfer restrictions.

5. The Transferee is not purchasing the Preference Shares with a view to the resale, distribution or other disposition thereof in violation of the Securities Act. The Transferee understands that the Preference Shares will be highly illiquid and are not suitable for short-term trading. The Preference Shares are a leveraged investment in the Collateral Obligations that may expose the Preference Shares to disproportionately large changes in value. Payments in respect of the Preference Shares are not guaranteed as they are dependent on the performance of the Issuer's portfolio of Collateral Obligations. The purchaser understands that it is possible that, due to the structure of the transaction and the performance of the Issuer's portfolio of Collateral Obligations, dividends or other distributions in respect of the Preference Shares may be reduced or eliminated entirely. Furthermore, the Preference Shares constitute equity in the Issuer, are not secured by the Collateral and will rank behind all creditors (secured and unsecured and whether known or unknown) of the Issuer, including, without limitation, the Holders of the Notes, any Synthetic Security Counterparty and any Hedge Counterparties. The Issuer has assets limited to the Collateral for payment of all Classes of the Notes and dividends and other distributions on the Preference Shares, and the Preference Shares bear, *pro rata*, the first risk of loss. The purchaser understands that an investment in the Preference Shares involves certain risks, including the risk of loss of all or a substantial part of its investment. The purchaser has had access to such financial and other information concerning the Issuer, the Preference Shares and the Collateral as it deemed necessary or appropriate in order to make an informed investment decision with respect to its purchase of the Preference Shares, including an opportunity to ask questions of and request information from the Issuer and the Initial Purchasers.

6. The Transferee understands and agrees that no purchase or transfer of the Preference Shares to (i) a purchaser or transferee that has represented that it is a Benefit Plan Investor (as defined in Section 3(42) of the Employee Retirement Income Security Act of 1974, as amended (**ERISA**), or a Controlling Person (as defined under the Indenture) will be effective, and the Issuer or the Share Registrar will not recognize or register such purchase or transfer, if such purchase or transfer would result in Benefit Plan Investors owning 25% or more of the aggregate outstanding amount of Class I Preference Shares or Class II Preference Shares (determined pursuant to Section 3(42) of ERISA, 29 C.F.R. Section 2510.3-101, the Indenture and the Preference Share Documents) or (ii) will be permitted if such purchase or transfer will result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Internal Revenue Code of 1986, as amended (the "Code") (or, in the case of a governmental, foreign or church plan, a violation of any substantially similar federal, state, foreign or local law). In this regard, 100% of Preference Shares held by an entity that is a Benefit Plan Investor (including an insurance company whose general account assets are treated as "plan assets") will be treated as Preference Shares held by a Benefit Plan Investor. The purchaser or transferee further understands and agrees that any transfer in violation of the applicable provisions of the Preference Share Documents will be null and void ab initio. For purposes of the determination described in the first sentence of this paragraph (6), the Preference Shares held by the Trustee, the Servicer, any of their respective affiliates (as defined in 29 C.F.R. Section 2510.3-101(f)(3)) and any other persons that have represented that they are Controlling Persons will be disregarded and will not be treated as outstanding unless such person is also a Benefit Plan Investor. The Transferee's acquisition, holding and disposition of the Preference Shares will not result in a prohibited transaction under Section 406 of ERISA or Section 4975 of the Code (or, in the case of a governmental, foreign or church plan, any violation of substantially similar federal, state, foreign or local law), because such purchase, holding and disposition either (a) is not, and will not become, subject to such laws or (b) is covered by an exemption from all applicable prohibited transactions, all conditions of which are and will be been satisfied throughout its holding and disposition of such Preference Shares. The purchaser and any fiduciary or Person causing it to acquire the Preference Shares agree, to the fullest extent permissible under applicable law, to indemnify and hold harmless the Issuer, the Co-Issuer, the Trustee, the Servicer, the Initial Purchasers, the Preference Shares Paying Agent and their respective Affiliates from any cost, damage, or loss incurred by them as a result of a breach of the representations set forth in this paragraph (6)(A) and paragraph 6(B).

7. The funds that the purchaser is using or will use to purchase the Preference Shares are \_\_\_ / are not \_\_\_ (check one) assets of a person who is or at any time while the Preference Shares are held by the purchaser will be (x) an "employee benefit plan" as defined in Section 3(3) of ERISA, that is subject to Title I of ERISA, (y) a "plan" described in Section 4975(e)(1) of the Code that is subject to Section 4975 of the Code or (z) an entity whose underlying assets include "plan assets" of either of the foregoing by reason of the investment by an employee benefit plan or other plan in the entity within the meaning of the Plan Asset Regulation, as modified by Section 3(42) of ERISA.

8. The purchaser is \_\_\_ / is not \_\_\_ (check one) the Co-Issuer, the Servicer or any other person (other than a Benefit Plan Investor) that has discretionary authority or control with respect to the assets of the Issuer or a person who provides investment advice for a fee (direct or indirect) with respect to the assets of the Issuer, or any "affiliate" (as defined in 29 C.F.R. Section 2510.3-101(f)(3)) of any such person.

9. The purchaser is \_\_\_ / is not \_\_\_ (check one) Highland Financial Partners, L.P. or any of its subsidiaries.

10. The Transferee is a Qualified Institutional Buyer and is aware that the sale of Preference Shares to it is being made in reliance on an exemption from the registration requirements provided by Section 4(2) and is acquiring the Preference Shares for its own account (and not for the account of any family or other trust, any family member or any other person). In addition, the purchaser has such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of its investment in Preference Shares, and the purchaser is able to bear the economic risk of its investment.

11. The Transferee is not a member of the public in the Cayman Islands.

12. The Transferee and each beneficial owner acknowledges that it is its intent and that it understands it is the intent of the Issuer that for accounting, financial reporting and U.S. federal and, to the extent permitted by law, state and local income and franchise tax purposes, the Issuer will be treated as a corporation, the Notes will be treated as debt of the Issuer only and not of the Co-Issuer, and the Preference Shares will be treated as equity in the Issuer; it agrees to such treatment, to report all income (or loss) in accordance with such treatment and to take no action inconsistent with such treatment unless otherwise required by any relevant taxing authority under applicable law..

13. The Transferee understands and agrees that a legend in substantially the following form will be placed on each certificate representing Preference Shares:

THE PREFERENCE SHARES REPRESENTED HEREBY HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), AND THE ISSUER HAS NOT BEEN REGISTERED UNDER THE UNITED STATES INVESTMENT COMPANY ACT OF 1940, AS AMENDED (THE "INVESTMENT COMPANY ACT"). THE PREFERENCE SHARES REPRESENTED HEREBY HAVE NOT BEEN OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED, EXCEPT (A) TO A PERSON WHOM THE SELLER REASONABLY BELIEVES IS A QUALIFIED INSTITUTIONAL BUYER ("QUALIFIED INSTITUTIONAL BUYER") WITHIN THE MEANING OF RULE 144A UNDER THE SECURITIES ACT PURCHASING FOR ITS OWN ACCOUNT (IN A TRANSACTION MEETING THE REQUIREMENTS OF RULE 144A SO LONG AS THE PREFERENCE SHARES ARE ELIGIBLE FOR RESALE IN ACCORDANCE WITH RULE 144A) WHO IS ALSO A QUALIFIED PURCHASER ("QUALIFIED PURCHASER") WITHIN THE MEANING OF

SECTION 3(c)(7) OF THE INVESTMENT COMPANY ACT THAT WAS NOT FORMED FOR THE PURPOSE OF INVESTING IN THE ISSUER (EXCEPT WHEN EACH BENEFICIAL OWNER OF THE PURCHASER IS A QUALIFIED PURCHASER) AND THAT (1) IF SUCH PERSON IS AN ENTITY THAT WOULD BE AN INVESTMENT COMPANY BUT FOR THE EXCEPTION PROVIDED FOR IN SECTION 3(C)(1) OR SECTION 3(C)(7) OF THE INVESTMENT COMPANY ACT (ANY SUCH ENTITY, AN "EXCEPTED INVESTMENT COMPANY") HAS RECEIVED CONSENT TO SUCH ENTITY'S TREATMENT AS A QUALIFIED PURCHASER IN ACCORDANCE WITH THE INVESTMENT COMPANY ACT FROM (A) ALL OF THE BENEFICIAL OWNERS OF OUTSTANDING SECURITIES (OTHER THAN SHORT TERM PAPER) OF SUCH ENTITY (SUCH BENEFICIAL OWNERS DETERMINED IN ACCORDANCE WITH SECTION 3(C)(1)(A) OF THE INVESTMENT COMPANY ACT) THAT ACQUIRED SUCH SECURITIES ON OR BEFORE APRIL 30, 1996 ("PRE AMENDMENT BENEFICIAL OWNERS") AND (B) ALL PRE AMENDMENT BENEFICIAL OWNERS OF THE OUTSTANDING SECURITIES (OTHER THAN SHORT TERM PAPER) OF ANY EXCEPTED INVESTMENT COMPANY THAT, DIRECTLY OR INDIRECTLY, OWNS ANY OUTSTANDING SECURITIES OF SUCH ENTITY, (2) IS NOT A BROKER-DEALER THAT OWNS AND INVESTS ON A DISCRETIONARY BASIS LESS THAN \$25,000,000 IN SECURITIES OF UNAFFILIATED ISSUERS AND (3) IS NOT A PENSION, PROFIT-SHARING OR OTHER RETIREMENT TRUST FUND OR PLAN IN WHICH THE PARTNERS, BENEFICIARIES OR PARTICIPANTS OR AFFILIATES MAY DESIGNATE THE PARTICULAR INVESTMENT TO BE MADE, (B) IN EACH CASE, IN A NUMBER OF NOT LESS THAN 250 PREFERENCE SHARES FOR THE PURCHASER AND (C) IN ACCORDANCE WITH ALL APPLICABLE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES AND ANY OTHER APPLICABLE JURISDICTION. EACH TRANSFEROR OF THE PREFERENCE SHARES REPRESENTED HEREBY OR ANY BENEFICIAL INTEREST THEREIN WILL PROVIDE NOTICE OF THE TRANSFER RESTRICTIONS AS SET FORTH HEREIN TO ITS PURCHASER. EACH PURCHASER OF THE PREFERENCE SHARES REPRESENTED HEREBY WILL BE REQUIRED TO MAKE THE APPLICABLE REPRESENTATIONS AND AGREEMENTS SET FORTH IN THE PREFERENCE SHARE DOCUMENTS. THE PREFERENCE SHARES REPRESENTED HEREBY MAY BE PURCHASED BY OR TRANSFERRED TO A BENEFIT PLAN INVESTOR OR CONTROLLING PERSON (EACH AS DEFINED IN THE PREFERENCE SHARE DOCUMENTS) ONLY UPON THE SATISFACTION OF CERTAIN CONDITIONS SET FORTH IN THE PREFERENCE SHARE DOCUMENTS. ANY TRANSFER IN VIOLATION OF THE FOREGOING WILL BE OF NO FORCE AND EFFECT, WILL BE VOID AB INITIO, AND WILL NOT OPERATE TO TRANSFER ANY RIGHTS TO THE TRANSFEREE, NOTWITHSTANDING ANY INSTRUCTIONS TO THE CONTRARY TO THE ISSUER, THE PREFERENCE SHARES PAYING AGENT OR ANY INTERMEDIARY. IN ADDITION TO THE FOREGOING, THE ISSUER MAINTAINS THE RIGHT TO RESELL ANY PREFERENCE SHARES PREVIOUSLY TRANSFERRED TO NON-PERMITTED HOLDERS OR NON-

PERMITTED BENEFIT PLAN INVESTORS (AS DEFINED IN THE PREFERENCE SHARE DOCUMENTS) IN ACCORDANCE WITH AND SUBJECT TO THE TERMS OF THE PREFERENCE SHARE DOCUMENTS.

THE PREFERENCE SHARES REPRESENTED HEREBY MAY NOT BE ACQUIRED OR HELD BY (I) ANY "EMPLOYEE BENEFIT PLAN" WITHIN THE MEANING OF SECTION 3(3) OF THE EMPLOYEE RETIREMENT INCOME SECURITY ACT OF 1974, AS AMENDED ("ERISA"), THAT IS SUBJECT TO TITLE I OF ERISA, (II) ANY "PLAN" DESCRIBED BY SECTION 4975(e)(1) OF THE INTERNAL REVENUE CODE OF 1986, AS AMENDED (THE "CODE"), THAT IS SUBJECT TO SECTION 4975 OF THE CODE, OR (III) ANY ENTITY WHOSE UNDERLYING ASSETS INCLUDE "PLAN ASSETS" OF ANY PLAN DESCRIBED IN (I) OR (II) BY REASON OF A PLAN'S INVESTMENT IN SUCH ENTITY (EACH OF (I), (II) AND (III), A "BENEFIT PLAN INVESTOR"), EXCEPT IN ACCORDANCE WITH THE RESTRICTIONS SET FORTH IN THE PREFERENCE SHARE DOCUMENTS.

EACH TRANSFEREE WILL BE REQUIRED TO DELIVER A TRANSFEREE CERTIFICATE IN A FORM PRESCRIBED IN THE PREFERENCE SHARE DOCUMENTS.

14. The Transferee agrees not to cause the filing of a petition in bankruptcy or winding up against the Issuer before one year and one day have elapsed since the payment in full of the Notes or, if longer, the applicable preference period in effect.

15. The Transferee understands that the Issuer may enter into amendments or modifications to the Servicing Agreement without the consent of any Holders of the Securities and without regard to whether or not such amendment adversely affects the interest of the Holders of the Securities.

16. The beneficial owner, if it is not a "U.S. person" as defined in Section 7701(a)(30) of the Code, is not acquiring any Preference Share as part of a plan to reduce, avoid or evade U.S. federal income taxes owed, owing or potentially owed or owing.

17. In connection with the purchase of Preference Shares (provided that no such representation is made with respect to the Servicer by any Affiliate of or account serviced by the Servicer): (i) none of the Co-Issuers, the Trustee, the Initial Purchasers, any Synthetic Security Counterparty, any Hedge Counterparty, the Preference Shares Paying Agent, the Collateral Administrator or the Servicer is acting as a fiduciary or financial or investment adviser for the purchaser; (ii) the Transferee is not relying (for purposes of making any investment decision or otherwise) upon any advice, counsel or representations (whether written or oral) of the Co-Issuers, the Trustee, the Initial Purchasers, any Synthetic Security Counterparty, any Hedge Counterparty, the Preference Shares Paying Agent, the Collateral Administrator or the Servicer or any of their respective Affiliates other than in the Preliminary Offering Memorandum for such Preference Shares and any representations expressly set forth in a written agreement with such party; (iii) none of the Co-Issuers, the Trustee, the Initial Purchasers, any Synthetic

Security Counterparty, any Hedge Counterparty, the Preference Shares Paying Agent, the Collateral Administrator or the Servicer or any of their respective Affiliates has given to the purchaser (directly or indirectly through any other Person or documentation for the Preference Shares) any assurance, guarantee, or representation whatsoever as to the expected or projected success, profitability, return, performance result, effect, consequence, or benefit (including legal, regulatory, tax, financial, accounting, or otherwise) of the Preference Shares or an investment therein; (iv) the Transferee has consulted with its own legal, regulatory, tax, business, investment, financial and accounting advisors to the extent it has deemed necessary, and it has made its own investment decisions (including decisions regarding the suitability of any transaction pursuant to the documentation for the Preference Shares) based upon its own judgment and upon any advice from such advisors as it has deemed necessary and not upon any view expressed by the Co-Issuers, the Trustee, the Initial Purchasers, any Synthetic Security Counterparty, any Hedge Counterparty, the Preference Shares Paying Agent, the Collateral Administrator or the Servicer or any of their respective Affiliates; (v) the Transferee has determined that the rates, prices or amounts and other terms of the purchase and sale of the Preference Shares reflect those in relevant market for similar transactions; (vi) the Transferee is purchasing the Preference Shares with a full understanding of all of the terms, conditions and risks thereof (economic and otherwise), and it is capable of assuming and willing to assume (financially and otherwise) those risks; and (vii) the Transferee is a sophisticated investor.

18. The Transferee will provide notice to each Person to whom it proposes to transfer any interest in the Preference Shares of the transfer restrictions and representations set forth in the Preference Share Documents, including the exhibits referenced in the Preference Share Documents.

19. The Transferee understands that the Preference Share Documents permit the Issuer to compel any Holder of the Preference Shares who is determined not to have been (x) a Qualified Institutional Buyer and (y) a Qualified Purchaser, at the time of acquisition of the Preference Shares to sell such Preference Shares, or to sell such Preference Shares on behalf of such purchaser, to a Person that is both (x) a Qualified Institutional Buyer and (y) a Qualified Purchaser, in a transaction exempt from the registration requirements under the Securities Act.

20. The Transferee acknowledges that no action was taken or is being contemplated by the Issuer that would permit a public offering of the Preference Shares. The Transferee further acknowledges that no action was taken or is being contemplated by the Issuer that would permit possession or distribution of the Offering Memorandum or any amendment thereof or supplement thereto or any other offering material relating to the Securities in any jurisdiction (other than Ireland) where, or in any circumstances in which, action for those purposes is required. Nothing contained in the offering memorandum relating to the Preference Shares shall constitute an offer to sell or a solicitation of an offer to purchase any Preference Shares in any jurisdiction where it is unlawful to do so absent the taking of such action or the availability of an exemption therefrom.

21. The Transferee understands that in the case of any supplemental indenture to the Indenture that requires consent of one or more Holders of the Preference Shares, the Indenture permits the Amendment Buy-Out Purchaser to purchase Preference Shares from any Non-Consenting Holder thereof at the applicable Amendment Buy-Out Purchase Price; and such Non-Consenting Holder will be required to sell such Preference Shares to the Amendment Buy-Out Purchaser at such price.

22. The Transferee understands that the Scheduled Preference Shares Redemption Date of the Preference Shares is subject to multiple extensions of four years each without consent of any Holders of Securities at the option of the Issuer, if directed by the Servicer, upon satisfaction of certain conditions.

23. The Transferee will not, at any time, offer to buy or offer to sell the Preference Shares by any form of general solicitation or advertising, including, but not limited to, any advertisement, article, notice or other communication published in any newspaper, magazine or similar medium or broadcast over television or radio or seminar or meeting whose attendees have been invited by general solicitations or advertising.

24. The Transferee understands that, to the extent required, as determined by the Co-Issuers, the Co-Issuers may amend the Indenture and, with respect to the Issuer only, the Preference Share Documents without the consent of any Holders of the Securities and without regard to whether or not such amendment adversely affects the interest of the Holders of the Securities to (i) remove any restrictions and limitations imposed on the Co-Issuers or the Holders of the Securities that solely relate to compliance with Section 3(c)(7) and (ii) add any requirements that are necessary for compliance with Rule 3a-7 if, at any time following the Closing Date, the Co-Issuers elect to rely on exclusion from the definition of "investment company" under Rule 3a-7 in lieu of the exclusion under Section 3(c)(7).

25. This certificate shall be construed in accordance with, and this certificate and all matters arising out of or relating in any way whatsoever to this certificate (whether in contract, tort or otherwise) shall be governed by, the law of the State of New York.

26. The Transferee acknowledges that the Issuer, the Servicer, the Trustee, the Initial Purchasers, the Preference Shares Paying Agent, the Share Registrar and others will rely upon the truth and accuracy of the foregoing acknowledgments, representations and agreements and agrees that if any of the acknowledgments, representations or agreements deemed to have been made by it by its purchase of the Preference Shares are no longer accurate, it shall promptly notify the Issuer, the Servicer, the Trustee and the Initial Purchasers

(i) Subject to and in accordance with the terms this Agreement and the other Transaction Documents, the Servicer shall supervise and direct the administration, acquisition and disposition of the Collateral, and shall perform on behalf of the Issuer those duties and obligations of the Servicer required by the Indenture and the other Transaction Documents, and including the furnishing of Issuer Orders, Issuer Requests and officer's certificates, and such certifications as are required of the Servicer under the Indenture with respect to permitted purchases and sales of the Collateral Obligation, Eligible Investments and other assets, and other matters, and, to the extent necessary or appropriate to perform such duties, the Servicer shall have the power to execute and deliver all necessary and appropriate documents and instruments on behalf of the Issuer with respect thereto. The Servicer shall, subject to the terms and conditions of this Agreement and the other Transaction Documents, perform its obligations hereunder and thereunder with reasonable care, using a degree of skill and attention no less than that

which the Servicer exercises with respect to comparable assets that it services or manages for others having similar objectives and restrictions, and in a manner consistent with practices and procedures followed by institutional servicers or managers of national standing relating to assets of the nature and character of the Collateral for clients having similar objectives and restrictions, except as expressly provided otherwise in this Agreement and/or the other Transaction Documents. To the extent not inconsistent with the foregoing, the Servicer shall follow its customary standards, policies and procedures in performing its duties under the Indenture and hereunder. The Servicer shall comply with all terms and conditions of the other Transaction Documents affecting the duties and functions to be performed hereunder. The Servicer shall not be bound to follow any amendment to any Transaction Document until it has received written notice thereof and until it has received a copy of the amendment from the Issuer or the Trustee; provided, however, that the Servicer shall not be bound by any amendment to any Transaction Document that affects the rights, powers, obligations or duties of the Servicer unless the Servicer shall have consented thereto in writing. The Issuer agrees that it shall not permit any amendment to the Indenture that (x) affects the rights, powers, obligations or duties of the Servicer or (y) affects the amount or priority of any fees payable to the Servicer to become effective unless the Servicer has been given prior written notice of such amendment and consented thereto in writing;

(ii) the Servicer shall select any Collateral which shall be acquired by the Issuer pursuant to the Indenture in accordance with the Collateral criteria set forth herein and in the Indenture;

(iii) the Servicer shall monitor the Collateral on an ongoing basis and provide to the Issuer all reports, certificates, schedules and other data with respect to the Collateral which the Issuer is required to prepare and deliver under the Indenture, in the form and containing all information required thereby and in reasonable time for the Issuer to review such required reports, certificates, schedules and data and to deliver them to the parties entitled thereto under the Indenture; the Servicer shall undertake to determine to the extent reasonably practicable whether a Collateral Obligation has become a Defaulted Collateral Obligation;

(iv) the Servicer, subject to and in accordance with the provisions of the Indenture may, at any time permitted under the Indenture, and shall, when required by the Indenture, direct the Trustee (x) to dispose of a Collateral Obligation, Eligible Equity Security, Qualified Equity Security or Eligible Investment or other securities received in respect thereof in the open market or otherwise, (y) to acquire, as security for the Notes in substitution for or in addition to any one or more Collateral Obligation or Eligible Investments included in the Collateral, one or more substitute Collateral Obligation or Eligible Investments, or (z) direct the Trustee to take the following actions with respect to a Collateral Obligation or Eligible Investment:

(1) retain such Collateral Obligation or Eligible Investment;  
or

(2) dispose of such Collateral Obligation or Eligible Investment in the open market or otherwise; or

(3) if applicable, tender such Collateral Obligation or Eligible Investment pursuant to an Offer; or

(4) if applicable, consent to any proposed amendment, modification or waiver pursuant to an Offer; or

(5) retain or dispose of any securities or other property (if other than cash) received pursuant to an Offer; or

(6) waive any default with respect to any Defaulted Collateral Obligation; or

(7) vote to accelerate the maturity of any Defaulted Collateral Obligation; or

(8) exercise any other rights or remedies with respect to such Collateral Obligation or Eligible Investment as provided in the related Underlying Instruments, including in connection with any workout situations, or take any other action consistent with the terms of the Indenture which is in the best interests of the Holders of the Securities; and

(v) the Servicer shall (a) on or prior to any day which is a Redemption Date, direct the Trustee to enter into contracts to dispose of the Collateral Obligation and any other Collateral pursuant to the Indenture and otherwise comply with all redemption procedures and certification requirements in the Indenture in order to allow the Trustee to effect such redemption and (b) conduct Auctions in accordance with the terms of the Indenture.

(b) In performing its duties hereunder, the Servicer shall seek to preserve the value of the Collateral for the benefit of the Holders of the Securities taking into account the Collateral criteria and limitations set forth herein and in the Indenture and the Servicer shall use reasonable efforts to select and service the Collateral in such a way that will permit a timely performance of all payment obligations by the Issuer under the Indenture; provided, that the Servicer shall not be responsible if such objectives are not achieved so long as the Servicer performs its duties under this Agreement in the manner provided for herein, and provided, further, that there shall be no recourse to the Servicer with respect to the Notes or the Preference Shares. The Servicer and the Issuer shall take such other action, and furnish such certificates, opinions and other documents, as may be reasonably requested by the other party hereto in order to effectuate the purposes of this Agreement and to facilitate compliance with applicable laws and regulations and the terms of this Agreement.

(c) The Servicer hereby agrees to the following:

(i) The Servicer agrees not to institute against, or join any other Person in instituting against, the Issuer or the Co-Issuer any bankruptcy, reorganization, arrangement, insolvency, moratorium or liquidation proceedings or other proceedings under federal or state bankruptcy or similar laws of any jurisdiction until at least one year and one day (or if longer, any applicable preference period plus one day) after the payment in full of all Notes issued under the Indenture; provided, however, that nothing in this clause (i) shall preclude, or be deemed to estop, the Servicer (A) from taking any action prior to the expiration of such period in (x) any case or proceeding voluntarily filed or commenced by the Issuer or the Co-Issuer, as the case may be, or (y) any involuntary insolvency proceeding filed or commenced against the Issuer or the Co-Issuer, as the case may be, by a Person other than the Servicer, or (B) from commencing against the Issuer or the Co-Issuer or any properties of the Issuer or the

Co-Issuer any legal action which is not a bankruptcy, reorganization, arrangement, insolvency, moratorium, liquidation or similar proceeding. The provisions of this Section 2(c)(i) shall survive termination of this Agreement.

(ii) The Servicer shall cause each sale or purchase of any Collateral Obligation or Eligible Investment to be conducted on an arm's-length basis.

(iii) The Servicer shall, on behalf of the Issuer and at the Issuer's expense, retain a firm of independent certified public accountants of recognized national reputation (the Accountants) to (i) prepare on behalf of (and at the expense of) the Issuer and Co-Issuer any income tax or information returns that the Issuer or Co-Issuer may from time to time be required to file under applicable law (each, a Tax Return), (ii) deliver, reasonably prior to any applicable time limit, each Tax Return, properly completed, to the Administrator for signature by an Authorized Officer of the Issuer or the Co-Issuer, as applicable, (iii) file or deliver such Tax Return on behalf of the Issuer or Co-Issuer within any applicable time limit with any authority or Person as required under applicable law, (iv) prepare and file any elections, as needed, to preserve the status of the Issuer as a corporation for United States Federal tax purposes due to a change in United States Federal tax laws, and (v) prepare (alone or with the assistance of the Collateral Administrator) and deliver on an annual basis in a timely manner to the Preference Share Paying Agent for delivery to each Preference Shareholder the information required by Section 7.1(d) and (g) of the Preference Share Paying Agency Agreement including (A) any Internal Revenue Service Form 5471 (or successor or form), and any other information required under Sections 6038, 6038B or 6046 of the Code of (or successor provisions), (B) all information that a U.S. shareholder making a "qualified electing fund" election with respect to the Issuer is required to obtain for United States Federal income tax purposes, (C) a "PFIC Annual Information Statement" as described in Treasury Regulation Section 1.1295-1(g) (or any successor guidance), including all representations and statements required by such statement and (D) information required by a Preference Shareholder to satisfy its obligations, if any, under Treasury Regulations Section 1.6011-4 (or successor provisions) with respect to transactions undertaken by the Issuer.

(iv) The Servicer shall, on behalf of the Issuer and at the Issuer's expense (i) provide (or cause to be provided) to each issuer or paying agent of (or counterparty or paying agent with respect to) an item included in the Collateral (or, as appropriate, provide or cause to be provided to the relevant tax authority or tax authorities) any tax forms or certifications that the Issuer is able to provide as necessary to avoid or minimize withholding or imposition of income or withholding tax or as reasonably required or requested by each issuer (or counterparty or paying agent) and (ii) take any steps reasonably necessary to obtain a refund of withholding taxes imposed on any item included in the Collateral.

(d) The Servicer shall not act for the Issuer in any capacity except as provided in this Section 2. In providing services hereunder, the Servicer may employ third parties, including its Affiliates, to render advice (including advice with respect to the servicing of the Collateral) and assistance; provided, however, that the Servicer shall not be relieved of any of its duties or liabilities hereunder regardless of the performance of any services by third parties and provided further that such assignee must perform its duties without causing the Issuer to become subject to net income tax in any jurisdiction outside the Issuer's jurisdiction of incorporation or otherwise cause adverse tax consequences to the Issuer or Co-Issuer. Notwithstanding any other provision of this Agreement, the Servicer shall not

be required to take any action required of it pursuant to this Agreement or the Indenture if such action would constitute a violation of any law.

(e) Notwithstanding any other provision of this Agreement or the Indenture, (i) any granted signatory powers or authority granted to the Servicer on behalf of the Issuer with respect to the Special Procedures Obligations shall be conditioned upon the prior written approval of the Independent Advisor and (ii) neither the Servicer nor any Affiliate of the Servicer shall have any authority to enter into agreements, or take any action, on behalf of the Issuer with respect to the Special Procedures Obligations without the prior written approval of the Independent Advisor.

### 3. Brokerage.

The Servicer shall seek to obtain the best prices and execution for all orders placed with respect to the Collateral, considering all reasonable circumstances. Subject to the objective of obtaining best prices and execution, the Servicer may take into consideration research and other brokerage services furnished to the Servicer or its Affiliates by brokers and dealers which are not Affiliates of the Servicer. Such services may be used by the Servicer or its Affiliates in connection with its other servicing or advisory activities or operations. The Servicer may aggregate sales and purchase orders of securities placed with respect to the Collateral with similar orders being made simultaneously for other accounts serviced or managed by Servicer or with accounts of the Affiliates of the Servicer, if in the Servicer's reasonable judgment such aggregation shall result in an overall economic benefit to the Issuer, taking into consideration the advantageous selling or purchase price, brokerage commission and other expenses. In the event that a sale or purchase of a Collateral Obligation or Eligible Investment (in accordance with the terms of the Indenture) occurs as part of any aggregate sales or purchase orders, the objective of the Servicer (and any of its Affiliates involved in such transactions) shall be to allocate the executions among the accounts in an equitable manner and consistent with its obligations hereunder and under applicable law.

In addition to the foregoing and subject to the provisions of Section 2 and the limitations of Section 5, the objective of obtaining best prices and execution and to the extent permitted by applicable law, the Servicer may, on behalf of the Issuer, direct the Trustee to acquire any and all of the Eligible Investments or other Collateral from, or sell Collateral Obligation or other Collateral to, the Initial Purchaser, the Trustee or any of their respective Affiliates, or any other firm.

### 4. Additional Activities of the Servicer.

Nothing herein shall prevent the Servicer or any of its Affiliates from engaging in other businesses, or from rendering services of any kind to the Trustee, the Holders of the Securities, or any other Person or entity to the extent permitted by applicable law. Without prejudice to the generality of the foregoing, the Servicer and partners, directors, officers, employees and agents of the Servicer or its Affiliates may, among other things, and subject to any limits specified in the Indenture:

(a) serve as directors (whether supervisory or managing), officers, partners, employees, agents, nominees or signatories for any issuer of any obligations included in the Collateral or their respective Affiliates, to the extent permitted by their Governing Instruments, as from time to time amended, or by any resolutions duly adopted by the Issuer, its Affiliates or any issuer of any obligations included in the Collateral or their respective Affiliates, pursuant to their respective Governing Instruments; provided, that in the reasonable judgment of the Servicer, such activity shall not have a material adverse effect on the enforceability of Collateral or the ability of the Issuer to comply with each Coverage Test or Collateral Quality Test; provided, further, that nothing in this paragraph shall be deemed to limit the duties of the Servicer set forth in Section 2 hereof;

(b) receive fees for services of any nature rendered to the issuer of any obligations included in the Collateral or their respective Affiliates; provided, that in the reasonable judgment of the Servicer, such activity shall not have a material adverse effect on the enforceability of Collateral or the ability of the Issuer to comply with each Coverage Test or Collateral Quality Test; and provided, further that if any portion of such services are related to the purchase by the Issuer of any obligations included in the Collateral, the portion of such fees relating to such obligations shall be applied to the purchase price of such obligations; and

(c) be a secured or unsecured creditor of, or hold an equity interest in, the Issuer, its Affiliates or any issuer of any obligation included in the Collateral; provided, that in the reasonable judgment of the Servicer, such activity shall not have a material adverse effect on the enforceability of Collateral or the ability of the Issuer to comply with each Coverage Test or Collateral Quality Test; provided, further, that nothing in this paragraph shall be deemed to limit the duties of the Servicer set forth in Section 2 hereof.

It is understood that the Servicer and any of its Affiliates may engage in any other business and furnish servicing, investment management and advisory services to others, including Persons which may have policies similar to those followed by the Servicer with respect to the Collateral and which may own securities of the same class, or which are the same type, as the Collateral Obligation or other securities of the issuers of Collateral Obligation. The Servicer shall be free, in its sole discretion, to make recommendations to others, or effect transactions on behalf of itself or for others, which may be the same as or different from those effected with respect to the Collateral.

Unless the Servicer determines in its reasonable judgment that such purchase or sale is appropriate, the Servicer may refrain from directing the purchase or sale hereunder of securities issued by (i) Persons of which the Servicer, its Affiliates or any of its or their officers, directors or employees are directors or officers, (ii) Persons for which the Servicer or its Affiliate act as financial adviser or underwriter or (iii) Persons about which the Servicer or any of its Affiliates have information which the Servicer deems confidential or non-public or otherwise might prohibit it from trading such securities in accordance with applicable law. The Servicer shall not be obligated to have or pursue any particular strategy or opportunity with respect to the Collateral.

## 5. Conflicts of Interest.

(a) The Servicer shall not direct the Trustee to acquire an obligation to be included in the Collateral from the Servicer or any of its Affiliates as principal or to sell an obligation to the Servicer or any of its Affiliates as principal unless (i) the Issuer shall have received from the Servicer such information relating to such acquisition or sale as it may reasonably require and shall have approved such acquisition, which approval shall not be unreasonably withheld, (ii) in the judgment of the Servicer, such transaction is on terms no less favorable than would be obtained in a transaction conducted on an arm's length basis between third parties unaffiliated with each other and (iii) such transaction is permitted by the Investment Advisers Act.

(b) The Servicer shall not direct the Trustee to acquire an obligation to be included in the Collateral directly from any account or portfolio for which the Servicer serves as servicer or investment adviser, or direct the Trustee to sell an obligation directly to any account or portfolio for which the Servicer serves as servicer or investment adviser unless such acquisition or sale is (i) in the judgment of the Servicer, on terms no less favorable than would be obtained in a transaction conducted on an arm's length basis between third parties unaffiliated with each other and (ii) permitted by the Investment Advisers Act.

(c) In addition, the Servicer shall not undertake any transaction described in this Section 5 unless such transaction is exempt from the prohibited transaction rules of ERISA and the Code.

6. Records; Confidentiality.

The Servicer shall maintain appropriate books of account and records relating to services performed hereunder, and such books of account and records shall be accessible for inspection by a representative of the Issuer, the Trustee, the Collateral Administrator, the Holders of the Securities and the Independent accountants appointed by the Issuer pursuant to the Indenture at a mutually agreed time during normal business hours and upon not less than three Business Days' prior notice. At no time shall the Servicer make a public announcement concerning the issuance of the Notes or the Preference Shares, the Servicer's role hereunder or any other aspect of the transactions contemplated by this Agreement and the other Transaction Documents. The Servicer shall keep confidential any and all information obtained in connection with the services rendered hereunder and shall not disclose any such information to non-affiliated third parties except (i) with the prior written consent of the Issuer, (ii) such information as either Rating Agency shall reasonably request in connection with the rating of any class of Securities, (iii) as required by law, regulation, court order or the rules or regulations of any self regulating organization, body or official having jurisdiction over the Servicer, (iv) to its professional advisers, (v) such information as shall have been publicly disclosed other than in violation of this Agreement, or (vi) such information that was or is obtained by the Servicer on a non-confidential basis, provided, that the Servicer does not know or have reason to know of any breach by such source of any confidentiality obligations with respect thereto. For purposes of this Section 6, the Trustee, the Collateral Administrator and the Holders of the Securities shall in no event be considered "non-affiliated third parties."

Notwithstanding anything in this Agreement or the Indenture to the contrary, the Servicer, the Co-Issuers, the Trustee and the Holders of the Securities (and the beneficial owners thereof) (and each of their respective employees, representatives or other agents) may disclose to any and all Persons, without limitation of any kind, the U.S. tax treatment and U.S. tax structure of the transactions contemplated by this Agreement and all materials of any kind (including opinions or other tax analyses) that are provided to them relating to such U.S. tax treatment and U.S. tax structure, as such terms are defined under U.S. federal, state or local tax law.

7. Obligations of Servicer.

Unless otherwise specifically required by any provision of the Indenture or this Agreement or by applicable law, the Servicer shall use its best reasonable efforts to ensure that no action is taken by it, and shall not intentionally or with reckless disregard take any action, which would (a) materially adversely affect the Issuer or the Co-Issuer for purposes of Cayman Islands law, United States federal or state law or any other law known to the Servicer to be applicable to the Issuer or the Co-Issuer, (b) not be permitted under the Issuer's Memorandum and Articles of Association or the Co-Issuer's certificate of formation or limited liability company agreement, (c) violate any law, rule or regulation of any governmental body or agency having jurisdiction over the Issuer or the Co-Issuer including, without limitation, any Cayman Islands or United States federal, state or other applicable securities law the violation of which has or could reasonably be expected to have a material adverse effect on the Issuer, the Co-Issuer or any of the Collateral, (d) require registration of the Issuer, the Co-Issuer or the pool of Collateral as an "investment company" under the Investment Company Act, (e) cause the Issuer or the Co-Issuer to violate the terms of the Indenture, including, without limitation, any representations made by the Issuer or Co-Issuer therein, or any other agreement contemplated by the Indenture or (f) not be permitted by Annex 1 hereto and would subject the Issuer to U.S. federal or state income or franchise taxation, cause the Issuer to be engaged in a trade or business in the United States for

U.S. federal income tax purposes or cause the Issuer to be subject to tax on a net income basis outside the Issuer's jurisdiction of incorporation or otherwise cause adverse tax consequences to the Issuer or Co-Issuer. The Servicer covenants that it shall comply in all material respects with all laws and regulations applicable to it in connection with the performance of its duties under this Agreement and the Indenture. Notwithstanding anything in this Agreement to the contrary, the Servicer shall not be required to take any action under this Agreement or the Indenture if such action would violate any applicable law, rule, regulation or court order.

8. Compensation.

(a) The Issuer shall pay to the Servicer, for services rendered and performance of its obligations under this Agreement, the Servicing Fee, which shall be payable in such amounts and at such times as set forth in the Indenture. The provisions of the Indenture which relate to the amount and payment of the Servicing Fee shall not be amended without the written consent of the Servicer. If on any Payment Date there are insufficient funds to pay the Servicing Fee (and/or any other amounts due and payable to the Servicer) in full, the amount not so paid shall be deferred and shall be payable on such later Payment Date on which funds are available therefor as provided in the Indenture.

With respect to any Payment Date, the Servicer may, in its sole discretion, at any time waive a portion (or all) of its Servicing Fees then due and payable. All waived amounts will be paid to the Class II Preference Shares as Class II Preference Share Dividends pursuant to the Indenture; provided that with respect to the Payment Date in May 2008, such Class II Preference Share Special Payments will, at a minimum, include amounts that otherwise constitute a portion (representing the Class II Preference Share Percentage) of the Servicing Fees that have accrued from the Closing Date through February 3, 2008. For purposes of any calculation under this Agreement and the Indenture, the Servicer shall be deemed to have received the Servicing Fee in an amount equal to the sum of the Servicing Fee actually paid to the Servicer and the amount distributed to the Holders of the Class II Preference Shares as Class II Preference Share Dividends.

In addition, notwithstanding anything set out above, the Servicer may, in its sole discretion waive all or any portion of the Subordinated Servicing Fee or Supplemental Servicing Fee, any funds representing the waived Subordinated Servicing Fees and Supplemental Servicing Fees to be retained in the Collection Account for distribution as either Interest Proceeds or Principal Proceeds (as determined by the Servicer) pursuant to the Priority of Payments.

(b) The Servicer shall be responsible for the ordinary expenses incurred in the performance of its obligations under this Agreement, the Indenture and the other Transaction Documents; provided, however, that any extraordinary expenses incurred by the Servicer in the performance of such obligations (including, but not limited to, any fees, expenses or other amounts payable to the Rating Agencies, the Collateral Administrator, the Trustee and the accountants appointed by the Issuer, the reasonable expenses incurred by the Servicer to employ outside lawyers or consultants reasonably necessary in connection with the evaluation, transfer or restructuring of any Collateral Obligation or other unusual matters arising in the performance of its duties under this Agreement and the Indenture, any reasonable expenses incurred by the Servicer in obtaining advice from outside counsel with respect to its obligations under this Agreement, brokerage commissions, transfer fees, registration costs, taxes and other similar costs and transaction related expenses and fees arising out of transactions effected for the Issuer's account and the portion allocated to the Issuer of any other fees and expenses that the Servicer customarily allocates among all of the funds or portfolios that it services or manages, including reasonable expenses incurred with respect to any compliance requirements, including, but not limited to, compliance with the requirements of the Sarbanes-Oxley Act, related solely to the ownership

or holding of any Securities by HFP or its Affiliates) shall be reimbursed by the Issuer to the extent funds are available therefor in accordance with and subject to the limitations contained in the Indenture.

(c) If this Agreement is terminated pursuant to Section 12, Section 14 or otherwise, the fees payable to the Servicer shall be prorated for any partial periods between Payment Dates during which this Agreement was in effect and shall be due and payable on the first Payment Date following the date of such termination and on any subsequent Payment Dates to the extent remaining unpaid and in accordance with, and to the extent provided in, the Indenture.

9. Benefit of the Agreement.

The Servicer agrees that its obligations hereunder shall be enforceable at the instance of the Issuer, the Trustee, on behalf of the Noteholders, or the requisite percentage of Noteholders or the Holders of the Preference Shares, as applicable, as provided in the Indenture.

10. Limits of Servicer Responsibility; Indemnification.

(a) The Servicer assumes no responsibility under this Agreement other than to render the services called for hereunder and under the terms of the other Transaction Documents made applicable to it pursuant to the terms of this Agreement in good faith and, subject to the standard of liability described in the next sentence, shall not be responsible for any action of the Issuer or the Trustee in following or declining to follow any advice, recommendation or direction of the Servicer. The Servicer, its directors, officers, stockholders, partners, agents and employees, and its Affiliates and their directors, officers, stockholders, partners, agents and employees, shall not be liable to the Issuer, the Co-Issuer, the Trustee, the Holders of the Securities or any other person, for any losses, claims, damages, judgments, assessments, costs or other liabilities (collectively, “Liabilities”) incurred by the Issuer, the Co-Issuer, the Trustee, the Holders of the Securities or any other person, that arise out of or in connection with the performance by the Servicer of its duties under this Agreement and under the terms of the other Transaction Documents made applicable to it pursuant to the terms of this Agreement, except by reason of (i) acts or omissions constituting bad faith, willful misconduct, gross negligence or breach of fiduciary duty in the performance, or reckless disregard, of the obligations of the Servicer hereunder and under the terms of the other Transaction Documents made applicable to it pursuant to the terms of this Agreement or (ii) with respect to any information included in the Offering Memorandum in the section entitled “The Servicer” and paragraphs 1, 2, 3, 4, 5, 7 and 11 in the section entitled “Risk Factors—Certain Conflicts of Interest—Conflicts of Interest Involving the Servicer” of that contains any untrue statement of material fact or omits to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading (the preceding clauses (i) and (ii) collectively being the “Servicer Breaches”). For the avoidance of doubt, the Servicer shall have no duty to independently investigate any laws not otherwise known to it in connection with its obligations under this Agreement, the Indenture and the other Transaction Documents. The Servicer shall be deemed to have satisfied the requirements of the Indenture and this Agreement relating to not causing the Issuer to be treated as engaged in a trade or business in the United States for U.S. federal income tax purposes (including as those requirements relate to the acquisition (including manner of acquisition), ownership, enforcement, and disposition of Collateral) to the extent the Servicer complies with the requirements set forth in Annex 1 hereto (unless the Servicer knows that as a result of a change in law the investment restrictions set forth in Annex 1 may no longer be relied upon).

(b) The Issuer shall indemnify and hold harmless (the Issuer in such case, the “Indemnifying Party”) the Servicer, its directors, officers, stockholders, partners, agents and employees (such parties collectively in such case, the “Indemnified Parties”) from and against any and all Liabilities, and shall reimburse each such Indemnified Party for all reasonable fees and expenses

(including reasonable fees and expenses of counsel) (collectively, the “Expenses”) as such Expenses are incurred in investigating, preparing, pursuing or defending any claim, action, proceeding or investigation with respect to any pending or threatened litigation (collectively, the “Actions”), caused by, or arising out of or in connection with, the issuance of the Securities, the transactions contemplated by the Offering Memorandum, the Indenture or this Agreement, and/or any action taken by, or any failure to act by, such Indemnified Party; provided, however, that no Indemnified Party shall be indemnified for any Liabilities or Expenses it incurs as a result of any acts or omissions by any Indemnified Party constituting Servicer Breaches. Notwithstanding anything contained herein to the contrary, the obligations of the Issuer under this Section 10 shall be payable solely out of the Collateral in accordance with the priorities set forth in the Indenture and shall survive termination of this Agreement.

(c) With respect to any claim made or threatened against an Indemnified Party, or compulsory process or request or other notice of any loss, claim, damage or liability served upon an Indemnified Party, for which such Indemnified Party is or may be entitled to indemnification under this Section 10, such Indemnified Party shall (or with respect to Indemnified Parties that are directors, officers, stockholders, agents or employees of the Servicer, the Servicer shall cause such Indemnified Party to):

(i) give written notice to the Indemnifying Party of such claim within ten (10) days after such Indemnified Party’s receipt of actual notice that such claim is made or threatened, which notice to the Indemnifying Party shall specify in reasonable detail the nature of the claim and the amount (or an estimate of the amount) of the claim; provided, however, that the failure of any Indemnified Party to provide such notice to the Indemnifying Party shall not relieve the Indemnifying Party of its obligations under this Section 10 unless the Indemnifying Party is materially prejudiced or otherwise forfeits rights or defenses by reason of such failure;

(ii) at the Indemnifying Party’s expense, provide the Indemnifying Party such information and cooperation with respect to such claim as the Indemnifying Party may reasonably require, including, but not limited to, making appropriate personnel available to the Indemnifying Party at such reasonable times as the Indemnifying Party may request;

(iii) at the Indemnifying Party’s expense, cooperate and take all such steps as the Indemnifying Party may reasonably request to preserve and protect any defense to such claim;

(iv) in the event suit is brought with respect to such claim, upon reasonable prior notice, afford to the Indemnifying Party the right, which the Indemnifying Party may exercise in its sole discretion and at its expense, to participate in the investigation, defense and settlement of such claim;

(v) neither incur any material expense to defend against nor release or settle any such claim or make any admission with respect thereto (other than routine or incontestable admissions or factual admissions the failure to make which would expose such Indemnified Party to unindemnified liability) nor permit a default or consent to the entry of any judgment in respect thereof, in each case without the prior written consent of the Indemnifying Party; and

(vi) upon reasonable prior notice, afford to the Indemnifying Party the right, in its sole discretion and at its sole expense, to assume the defense of such

claim, including, but not limited to, the right to designate counsel reasonably acceptable to the Indemnified Party and to control all negotiations, litigation, arbitration, settlements, compromises and appeals of such claim; provided, that if the Indemnifying Party assumes the defense of such claim, it shall not be liable for any fees and expenses of counsel for any Indemnified Party incurred thereafter in connection with such claim except that if such Indemnified Party reasonably determines that counsel designated by the Indemnifying Party has a conflict of interest in connection with its representation of such Indemnified Party, such Indemnifying Party shall pay the reasonable fees and disbursements of one counsel (in addition to any local counsel) separate from its own counsel for all Indemnified Parties in connection with any one action or separate but similar or related actions in the same jurisdiction arising out of the same general allegations or circumstances; provided, further, that prior to entering into any final settlement or compromise, such Indemnifying Party shall seek the consent of the Indemnified Party and use its commercially reasonable efforts in the light of the then prevailing circumstances (including, without limitation, any express or implied time constraint on any pending settlement offer) to obtain the consent of such Indemnified Party as to the terms of settlement or compromise. If an Indemnified Party does not consent to the settlement or compromise within a reasonable time under the circumstances, the Indemnifying Party shall not thereafter be obligated to indemnify the Indemnified Party for any amount in excess of such proposed settlement or compromise.

(d) In the event that any Indemnified Party waives its right to indemnification hereunder, the Indemnifying Party shall not be entitled to appoint counsel to represent such Indemnified Party nor shall the Indemnifying Party reimburse such Indemnified Party for any costs of counsel to such Indemnified Party.

(e) The U.S. federal securities laws impose liabilities under certain circumstances on persons who act in good faith; accordingly, notwithstanding any other provision of this Agreement, nothing herein shall in any way constitute a waiver or limitation of any rights which the Issuer or the Holders of the Securities may have under any U.S. federal securities laws.

#### 11. No Partnership or Joint Venture.

The Issuer and the Servicer are not partners or joint venturers with each other and nothing herein shall be construed to make them such partners or joint venturers or impose any liability as such on either of them. The Servicer's relation to the Issuer shall be deemed to be that of an independent contractor.

#### 12. Term; Termination.

(a) This Agreement shall commence as of the date first set forth above and shall continue in force and effect until the first of the following occurs: (i) the payment in full of the Notes, the termination of the Indenture in accordance with its terms and the redemption in full of the Preference Shares; (ii) the liquidation of the Collateral and the final distribution of the proceeds of such liquidation to the Holders of Securities; or (iii) the termination of this Agreement in accordance with subsection (b), (c), (d) or (e) of this Section 12 or Section 14 of this Agreement.

(b) Subject to Section 12(e) below, the Servicer may resign, upon 90 days' written notice to the Issuer (or such shorter notice as is acceptable to the Issuer). If the Servicer resigns, the Issuer agrees to appoint a successor Servicer to assume such duties and obligations in accordance with Section 12(e).

(c) This Agreement shall be automatically terminated in the event that the Issuer determines in good faith that the Issuer or the pool of Collateral has become required to be registered under the provisions of the Investment Company Act, and the Issuer notifies the Servicer thereof.

(d) If this Agreement is terminated pursuant to this Section 12, neither party shall have any further liability or obligation to the other, except as provided in Sections 2(c)(i), 8, 10 and 15 of this Agreement.

(e) No removal or resignation of the Servicer shall be effective unless:

(i) (A) the Issuer appoints a successor Servicer at the written direction of a Majority of the Preference Shares (excluding any Preference Shares held by the retiring Servicer or any of its Affiliates and accounts over which the retiring Servicer or any of its Affiliates exercise discretionary voting authority, other than HFP which may exercise its vote with respect to Preference Shares it owns, up to the Original HFP Share Amount (each such non-excluded Preference Share, a "Voting Preference Share")), (B) such successor Servicer has assumed in writing all of the Servicer's duties and obligations pursuant to this Agreement and the Indenture and (C) such successor Servicer is not objected to within 30 days after notice of such succession by either (x) a Super Majority of the Controlling Class of Notes or (y) a Majority in Aggregate Outstanding Amount of the Notes (voting as a single class and excluding any Notes held by the retiring Servicer or any of its Affiliates and accounts over which the retiring Servicer or any of its Affiliates exercise discretionary voting authority other than HFP (each such non-excluded Note, a "Voting Note")); or

(ii) if a Majority of the Preference Shares (excluding any Preference Shares held by the retiring Servicer or any of its Affiliates and accounts over which the retiring Servicer or any of its Affiliates exercise discretionary voting authority other than HFP) has nominated two or more possible successor Servicers that have been objected to pursuant to the preceding clause (i)(C) or has otherwise failed to appoint a successor Servicer that has not been objected to pursuant to the preceding clause (i)(C) within 30 days of the date of notice of such removal or resignation of the Servicer (or, if later, within 30 days of the last failure to successfully appoint a successor Servicer), then (A) the Issuer appoints a successor Servicer at the written direction of a Super Majority of the Controlling Class of Notes, (B) such successor Servicer has agreed in writing to assume all of the Servicer's duties and obligations pursuant to this Agreement and the Indenture and (C) such successor Servicer is not objected to within 45 days after notice of such succession by either of (x) a Majority of the Preference Shares (excluding any Preference Shares held by the retiring Servicer or any of its Affiliates and accounts over which the retiring Servicer or any of its Affiliates exercise discretionary voting authority other than HFP which may exercise its vote with respect to Preference Shares it owns, up to the Original HFP Share Amount) or (y) a Majority in Aggregate Outstanding Amount of the Notes (voting as a single class and excluding any Notes held by the retiring Servicer or any of its Affiliates and accounts over which the retiring Servicer or any of its Affiliates exercise discretionary voting authority other than HFP); or

(iii) if the Issuer fails to appoint a successor Servicer pursuant to the preceding clauses (i) and (ii) within 90 days of any notice of resignation or removal of the

Servicer, (A) any Holder of the Controlling Class of Notes (excluding any Notes that are not Voting Notes or any Holder of Voting Preference Shares) may petition a court of competent authority to appoint a successor Servicer, (B) such court appoints a successor Servicer and (C) such successor Servicer has agreed in writing to assume all of the Servicer's duties and obligations pursuant to this Agreement and the Indenture.

In addition, any successor Servicer must be an established institution which (i) has demonstrated an ability to professionally and competently perform duties similar to those imposed upon the Servicer hereunder, (ii) is legally qualified and has the capacity to act as Servicer hereunder, as successor to the Servicer under this Agreement in the assumption of all of the responsibilities, duties and obligations of the Servicer hereunder and under the applicable terms of the Indenture, (iii) shall not cause the Issuer or the pool of Collateral to become required to register under the provisions of the Investment Company Act, (iv) shall perform its duties as Servicer under this Agreement and the Indenture without causing the Issuer, the Co-Issuer or any Holder of any Securities to become subject to tax in any jurisdiction outside of the Issuer's jurisdiction of incorporation and (v) each Rating Agency has confirmed that the appointment of such successor Servicer shall not cause its then current rating of any Class of Notes to be reduced or withdrawn. No compensation payable to a successor Servicer from payments on the Collateral shall be greater than that paid to the Servicer without the prior written consent of a Super Majority of the Controlling Class, Majority of the Noteholders and a Majority of the Preference Shares. The Issuer, the Trustee and the successor Servicer shall take such action (or cause the retiring Servicer to take such action) consistent with this Agreement and the terms of the Indenture applicable to the Servicer, as shall be necessary to effectuate any such succession.

If there has been no appointment of a successor Servicer within 90 days following the resignation or termination of the Servicer, until a successor Servicer has been appointed and has assumed its duties hereunder, any sales or disposition of Collateral Obligation shall be limited to Credit Risk Obligation, Credit Improved Obligation, Defaulted Collateral Obligation, Eligible Equity Securities or Qualified Equity Securities; provided, that, such restriction on the sale or disposition of Collateral Obligation shall not apply if the Collateral Obligation is being liquidated in whole or in part in connection with an acceleration or early termination of the Notes.

(f) In the event of removal of the Servicer pursuant to this Agreement, the Issuer shall have all of the rights and remedies available with respect thereto at law or equity, and, without limiting the foregoing, the Issuer or, to the extent so provided in the Indenture, the Trustee may by notice in writing to the Servicer as provided under this Agreement terminate all the rights and obligations of the Servicer under this Agreement (except those that survive termination pursuant to Section 12(d) above). Upon expiration of the applicable notice period with respect to termination specified in this Section 12 or Section 14 of this Agreement, as applicable, all authority and power of the Servicer under this Agreement, whether with respect to the Collateral or otherwise, shall automatically and without further action by any person or entity pass to and be vested in the successor Servicer upon the appointment thereof.

### 13. Delegation; Assignments.

This Agreement, and any obligations or duties of the Servicer hereunder, shall not be delegated by the Servicer, in whole or in part, except to any entity that (i) is controlled by any of James Dondero, Mark Okada and Todd Travers and (ii) is one in which any of James Dondero, Mark Okada and Todd Travers is involved in the day to day management and operations (and in any such case pursuant to an instrument of delegation in form and substance satisfactory to the Issuer), without the prior written consent of the Issuer, a Super Majority of the Controlling Class and a Majority of the Preference Shares (excluding Notes and Preference Shares held by the Servicer or any of its Affiliates) and, notwithstanding any such consent, no delegation of obligations or duties by the Servicer (including, without limitation, to

an entity described above) shall relieve the Servicer from any liability hereunder; provided that such delegate or assignee must perform its duties without causing the Issuer to become subject to net income tax in any jurisdiction outside the Issuer's jurisdiction of incorporation or otherwise cause adverse tax consequences to the Issuer or Co-Issuer.

Subject to Section 12, any assignment of this Agreement to any Person, in whole or in part, by the Servicer shall be deemed null and void unless (i) such assignment is consented to in writing by the Issuer, a Majority of the Controlling Class and the Holders of a Majority of the Preference Shares (excluding Notes and Preference Shares held by the Servicer or any of its Affiliates other than HFP) and (ii) the Rating Condition is satisfied with respect to any such assignment. Any assignment consented to by the Issuer, a Majority of the Controlling Class and the Holders of a Majority of the Preference Shares shall bind the assignee hereunder in the same manner as the Servicer is bound. In addition, the assignee shall execute and deliver to the Issuer and the Trustee a counterpart of this Agreement naming such assignee as Servicer. Upon the execution and delivery of such a counterpart by the assignee and consent thereto by the Issuer, a Majority of the Controlling Class and the Holders of a Majority of the Preference Shares, the Servicer shall be released from further obligations pursuant to this Agreement, except with respect to its obligations arising under Section 10 of this Agreement prior to such assignment and except with respect to its obligations under Sections 2(c)(i) and 15 hereof. This Agreement shall not be assigned by the Issuer without the prior written consent of the Servicer and the Trustee, except in the case of assignment by the Issuer to (i) an entity which is a successor to the Issuer permitted under the Indenture, in which case such successor organization shall be bound hereunder and by the terms of said assignment in the same manner as the Issuer is bound thereunder or (ii) the Trustee as contemplated by the Indenture. In the event of any assignment by the Issuer, the Issuer shall cause its successor to execute and deliver to the Servicer such documents as the Servicer shall consider reasonably necessary to effect fully such assignment. The Servicer hereby consents to the matters set forth in Article 15 of the Indenture.

(iv) There is no charge, investigation, action, suit or proceeding before or by any court pending or, to the best knowledge of the Servicer, threatened that, if determined adversely to the Servicer, would have a material adverse effect upon the performance by the Servicer of its duties under, or on the validity or enforceability of, this Agreement and the provisions of the other Transaction Documents applicable to the Servicer.

(v) The Servicer is a registered investment adviser under the Investment Advisers Act.

(vi) The Servicer is not in violation of its Governing Instruments or in breach or violation of or in default under any contract or agreement to which it is a party or by which it or any of its property may be bound, or any applicable statute or any rule, regulation or order of any court, government agency or body having jurisdiction over the Servicer or its properties, the breach or violation of which or default under which would have a material adverse effect on the validity or enforceability of this Agreement or the provisions of the other Transaction Documents applicable to the Servicer, or the performance by the Servicer of its duties hereunder.

(vii) All Collateral Obligations and Eligible Investments purchased on behalf of the Issuer on the Closing Date satisfy paragraphs (15), (28) and (29) of the definition of "Collateral Obligation" in the case of a Collateral Obligation or, in the case

of Eligible Investments, are not described in clause (5) of the exclusions to the definition of "Eligible Investment", as of the date of purchase or commitment to purchase (if earlier) thereof; provided that a Collateral Obligation will be deemed to satisfy paragraph (29) of the definition of "Collateral Obligation" and an Eligible Investment will be deemed not to be described in clause (5) of the exclusions to the definition of "Eligible Investment" if it is acquired in accordance with the requirements of Annex 1.

18. Binding Nature of Agreement; Successors and Assigns.

This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, personal representatives, successors and permitted assigns as provided herein. The Servicer hereby consents to the collateral assignment of this Agreement as provided in the Indenture and further agrees that the Trustee may enforce the Servicer's obligations hereunder.

19. Entire Agreement.

This Agreement contains the entire agreement and understanding among the parties hereto with respect to the subject matter hereof, and supersedes all prior and contemporaneous agreements, understandings, inducements and conditions, express or implied, oral or written, of any nature whatsoever with respect to the subject matter hereof. The express terms hereof control and supersede any course of performance and/or usage of the trade inconsistent with any of the terms hereof. This Agreement may not be modified or amended other than by an agreement in writing executed by the parties hereto and in accordance with the terms of Section 15.1(h) of the Indenture.

20. Conflict with the Indenture.

Subject to the last two sentences of Section 2(a)(i), in the event that this Agreement requires any action to be taken with respect to any matter and the Indenture requires that a different action be taken with respect to such matter, and such actions are mutually exclusive, the provisions of the Indenture in respect thereof shall control.

21. Priority of Payments.

The Servicer agrees that the payment of all amounts to which it is entitled pursuant to this Agreement and the Indenture shall be due and payable only in accordance with the priorities set forth in the Indenture and only to the extent funds are available for such payments in accordance with such priorities.

22. Governing Law.

**THIS AGREEMENT SHALL BE CONSTRUED IN ACCORDANCE WITH AND GOVERNED BY THE LAWS OF THE STATE OF NEW YORK, WITHOUT REFERENCE TO ITS PROVISIONS THAT WOULD RESULT IN THE APPLICATION OF THE LAWS OF ANOTHER JURISDICTION.**

23. Indulgences Not Waivers.

Neither the failure nor any delay on the part of any party hereto to exercise any right, remedy, power or privilege under this Agreement shall operate as a waiver thereof, nor shall any single or partial exercise of any right, remedy, power or privilege preclude any other or further exercise of the same or of any other right, remedy, power or privilege, nor shall any waiver of any right, remedy, power or privilege with respect to any occurrence be construed as a waiver of such right, remedy, power or privilege with respect to any other occurrence. No waiver shall be effective unless it is in writing and is signed by the party asserted to have granted such waiver.

24. Costs and Expenses.

Except as may otherwise be agreed in writing, the costs and expenses (including the fees and disbursements of counsel and accountants) incurred by each party in connection with the negotiation and preparation of and the execution of this Agreement, and all matters incident thereto, shall be borne by such party.

25. Titles Not to Affect Interpretation.

The titles of paragraphs and subparagraphs contained in this Agreement are for convenience only, and they neither form a part of this Agreement nor are they to be used in the construction or interpretation hereof.

26. Execution in Counterparts.

This Agreement may be executed in any number of counterparts by facsimile or other written form of communication, each of which shall be deemed to be an original as against any party whose signature appears thereon, and all of which shall together constitute one and the same instrument. This Agreement shall become binding when one or more counterparts hereof, individually or taken together, shall bear the signatures of all of the parties reflected hereon as the signatories.

27. Provisions Separable.

In case any provision in this Agreement shall be invalid, illegal or unenforceable as written, such provision shall be construed in the manner most closely resembling the apparent intent of the parties with respect to such provision so as to be valid, legal and enforceable; provided, however, that if there is no basis for such a construction, such provision shall be ineffective only to the extent of such invalidity, illegality or unenforceability and, unless the ineffectiveness of such provision destroys the basis of the bargain for one of the parties to this Agreement, the validity, legality and enforceability of the remaining provisions hereof or thereof shall not in any way be affected or impaired thereby.

28. Number and Gender.

Words used herein, regardless of the number and gender specifically used, shall be deemed and construed to include any other number, singular or plural, and any other gender, masculine, feminine or neuter, as the context requires.

29. Written Disclosure Statement.

The Issuer and the Trustee acknowledge receipt of Part II of the Servicer's Form ADV filed with the Securities and Exchange Commission, as required by Rule 204-3 under the Investment Advisers Act, more than 48 hours prior to the date of execution of this Agreement.

30. Miscellaneous.

(a) In the event that any vote is solicited with respect to any Collateral Obligation, the Servicer, on behalf of the Issuer, shall vote or refrain from voting any such security in any manner permitted by the Indenture that the Servicer has determined in its reasonable judgment shall be in the best interests of the Holders of the Securities. In addition, with respect to any Defaulted Collateral Obligation, the Servicer, on behalf of the Issuer, may instruct the trustee for such Defaulted Collateral Obligation to enforce the Issuer's rights under the Underlying Instruments governing such Defaulted Collateral Obligation and any applicable law, rule or regulation in any manner permitted under the Indenture that the Servicer has determined in its reasonable judgment shall be in the best interests of the Holders of the Securities. In the event any Offer is made with respect to any Collateral Obligation, the Servicer, on behalf of the Issuer, may take such action as is permitted by the Indenture and that the Servicer has determined in its reasonable judgment shall be in the best interests of the Holders of the Securities.

(b) In connection with taking or omitting any action under the Indenture or this Agreement, the Servicer may consult with counsel and may rely in good faith on the advice of such counsel or any opinion of counsel.

Any corporation, partnership or limited liability company into which the Servicer may be merged or converted or with which it may be consolidated, or any corporation, partnership or limited liability company resulting from any merger, conversion or consolidation to which the Servicer shall be a party, or any corporation, partnership or limited liability company succeeding to all or substantially all of the asset servicing and collateral management business of the Servicer, shall be the successor to the Servicer without any further action by the Servicer, the Co-Issuers, the Trustee, the Noteholders or any other person or entity.

31. Limitation of Liabilities.

The Issuer's obligations hereunder are solely the corporate obligations of the Issuer and the Servicer shall not have any recourse to any of the directors, officers, shareholders, members or incorporators of the Issuer with respect to any claims, losses, damages, liabilities, indemnities or other obligations in connection with any transactions contemplated hereby. Notwithstanding anything to the contrary, the obligations of the Issuer hereunder shall be limited to the net proceeds of the Collateral, if any, and following realization of the Collateral and its application in accordance with the Indenture, any outstanding obligations of the Issuer hereunder shall be extinguished and shall not thereafter revive. The provisions of this section shall survive termination of this Agreement.

32. Waiver of Jury Trial Right.

EACH PARTY HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT THAT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY PROCEEDING. EACH PARTY HEREBY (I) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF THE OTHER HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT THE OTHER WOULD NOT, IN THE EVENT OF A PROCEEDING, SEEK TO ENFORCE

THE FOREGOING WAIVER AND (II) ACKNOWLEDGES THAT IT HAS BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS PARAGRAPH.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the date first written above.

## ANNEX 1

### Certain Asset Acquisition Provisions

Unless otherwise noted, references to the Issuer in this Annex 1 include the Servicer and any other person acting on the Issuer's behalf. Capitalized terms used but not defined herein will have the meanings ascribed to them in the Indenture.

For purposes of this Annex 1,

“Affiliate” means, with respect to a specified Person, (a) any other Person that directly, or indirectly through one or more intermediaries, controls or is controlled by, or is under common control with, the specified Person, (b) any Person that is a member, director, officer or employee of (i) the specified Person or (ii) a Person described in clause (a) of this definition and (c) any fund or account which is managed by (i) the specified Person or (ii) a Person described in clause (a) of this definition; and

“Person” means an individual, a corporation, a limited liability company, a partnership, an association, a trust or any other entity or organization, including a government or political subdivision or an agency or instrumentality thereof.

#### Section I. General Investment Restrictions.

Except as otherwise provided in Section VI.D. of this Annex 1, the Issuer (and the Servicer acting on the Issuer's behalf) shall purchase debt securities, interests in loans and other assets (each a “Portfolio Obligation”) only in secondary-market transactions and it shall not engage in any lending or underwriting activities or otherwise participate in the structuring or origination of any Portfolio Obligation.

##### A. Communications and Negotiations.

1. The Issuer will not have any communications or negotiations with the obligor of a Portfolio Obligation or a Reference Obligation (directly or indirectly through an intermediary such as the seller of such Portfolio Obligation or the Synthetic Security) in connection with the issuance or funding of such Portfolio Obligation or Reference Obligation or commitments with respect thereto, except for communications of an immaterial nature or customary due diligence communications; provided, that the Servicer may provide comments as to mistakes or inconsistencies in loan documents (including with respect to any provisions that are inconsistent with the terms and conditions of purchase of the loan by the Issuer).

2. By way of example, permitted due diligence activities may include, but are not limited to, (a) attendance at an obligor's general “roadshow” or other presentations to investment professionals, (b) direct private discussions with personnel of the obligor, arranged by a sponsor, lead bank or other arranger, and (c) other due diligence activities of the kind customarily performed by offerees of the type of Portfolio Obligation being offered, but may not include any negotiations with the obligor, employees or agents of the obligor of any terms or conditions of the Portfolio Obligation being offered.

3. Negotiations between the Servicer and the underwriter, placement agent or broker of a Portfolio Obligation are permitted solely to the extent that they are limited to

responses to customary pre-offering period and offering period inquiries by the underwriter or placement agent (e.g., “If we offered you 10-year senior subordinated bonds of XYZ company, what spread would it require to interest you?”). For purposes of this Section I.A., “negotiations” shall not include (i) commenting on offering documents to an unrelated underwriter or placement agent when the ability to comment was generally available to other offerees, or (ii) communicating certain objective criteria (such as the minimum yield or maturity) the Issuer generally uses in purchasing the relevant type of Portfolio Obligation.

4. The Issuer may consent or otherwise act with respect to amendments, supplements or other modifications of the terms of any Portfolio Obligation (other than a Subsidiary Obligation (as defined in Section III)) requiring consent or action after the date on which any such Portfolio Obligation is acquired by the Issuer if (a) such amendment, supplement or modification would not constitute a Significant Modification (as defined below), (b) (i) in the reasonable judgment of the Servicer, the obligor is in financial distress and such change in terms is desirable to protect the Issuer's interest and (ii) the Portfolio Obligation is described in clause 5(b) of this Section I.A., (c) the amendment or modification would not be treated as the acquisition of a new Portfolio Obligation under paragraph 5 of this Section I.A., or (d) otherwise, if it has received written advice of counsel, which takes into account all the facts and circumstances, including the Issuer's other activities that its involvement in such amendment, supplement or modification will not cause the Issuer to be treated as engaged in a trade or business within the United States.

A “Significant Modification” means any amendment, supplement or other modification that involves (a) a change in the stated maturity or a change in the timing of any material payment of any Portfolio Obligation (including deferral of an interest payment), that would materially alter the weighted average life of the Portfolio Obligation, (b) any change (whether positive or negative) in the yield on the Portfolio Obligation (calculated taking into account any fee in consideration for such modification) immediately prior to the modification in excess of the greater of (i) 25 basis points or (ii) 5 percent of such unmodified yield, (c) any change involving a material new extension of credit, (d) a change in the obligor of any Portfolio Obligation (as determined for purposes of section 1001 of the Code), or (e) a material change in the collateral or security for any Portfolio Obligation, including the addition or deletion of a co-obligor or guarantor that results in a material change in payment expectations.

5. In the event the Issuer owns an interest in a Portfolio Obligation the terms of which are subsequently amended or modified, or in the case of a workout situation not described in Section III hereof, which Portfolio Obligation is subsequently exchanged for new obligations or other securities of the obligor of the Portfolio Obligation, such amendments or modifications or exchange will not be treated as the acquisition of an interest in a new Portfolio Obligation for purposes of this Annex 1, provided, that (a) the Issuer does not, directly or indirectly (through the Servicer or otherwise), seek the amendments or modifications or the exchange, or participate in negotiating the amendments or modifications or the exchange, and (b) at the time of original acquisition of the interest in the Portfolio Obligation, it was not reasonably anticipated that the terms of the Portfolio Obligation would, pursuant to a workout or other negotiation, subsequently be amended or modified.

B. Fees. The Issuer will not earn or receive from any Person any fee or other compensation for services, however denominated, in connection with its purchase or sale of a Portfolio Obligation or entering into a Synthetic Security; the foregoing prohibition shall not be construed to preclude the Issuer from receiving (i) commitment fees, facility maintenance fees or other similar fees that are received by the Issuer in connection with revolving or delayed drawdown Loans or synthetic or pre-funded letter of

credit Loans; (ii) yield maintenance and prepayment penalty fees; (iii) fees on account of the Issuer's consenting to amendments, waivers or other modifications of the terms of any Portfolio Obligations (provided in the case of amendments, waivers and other modifications described in clause 4(b) of this Section I.A., but not in clauses 4(a), (c) or (d), such fees are generally available to all holders on the same terms); (iv) fees from permitted securities lending; or (v) upfront payments in lieu of periodic payments under a Synthetic Security. The Issuer will not provide services to any Person; the foregoing prohibition shall not be construed to preclude the Issuer from activities relating to the receipt of income described in (i) through (v) of the preceding sentence.

## Section II. Loans and Forward Purchase Commitments.

A. Any understanding or commitment to purchase a loan, a participation or a loan subparticipation (collectively, "Loans") from a seller before completion of the closing and full funding of the Loan by such seller shall only be made pursuant to a forward sale agreement at an agreed price (stated as a dollar amount or as a percentage) (a "Forward Purchase Commitment"), unless such an understanding or commitment is not legally binding and neither the Issuer nor the Servicer is economically compelled (e.g., would otherwise be subject to a significant monetary penalty) to purchase the Loan following the completion of the closing and full funding of the Loan (i.e., the Servicer will make an independent decision whether to purchase such Loan on behalf of the Issuer after completion of the closing of the Loan) (a "Non-Binding Agreement").

B. No Forward Purchase Commitment or Non-Binding Agreement shall be made until after the seller (or a transferor to such seller of such Loan) has made a legally binding commitment to fully fund such Loan to the obligor thereof (subject to customary conditions), which commitment cannot be conditioned on the Issuer's ultimate purchase of such Loan from such seller.

C. In the event of any reduced or eliminated funding, the Issuer shall not receive any premium, fee, or other compensation in connection with having entered into the Forward Purchase Commitment or Non-Binding Agreement.

D. The Issuer shall not close any purchase of a Loan subject to a Forward Purchase Commitment or a Non-Binding Agreement earlier than 48 hours after the time of the closing of the Loan (i.e., execution of definitive documentation), and, in the case of a Forward Purchase Commitment, the Issuer's obligation to purchase such Loan is subject to the condition that no material adverse change has occurred in the financial condition of the Loan's obligor or the relevant market on or before the relevant purchase date.

E. The Issuer cannot have a contractual relationship with the obligor with respect to a Loan until the Issuer actually purchases the Loan.

F. The Issuer cannot be a signatory on the original lending agreement, and cannot be obligated to fund an assignment of or a participation in a Loan, prior to the time specified in subsection D above.

G. In addition to the restrictions otherwise applicable to Loans, the Issuer shall not acquire any synthetic or pre-funded letter of credit Loan unless (1) the cash collateral deposit with respect to such Loan was fully funded by a predecessor in interest with respect to such Loan; (2) the Loan is part of a credit facility that includes another Loan (other than a synthetic or pre-funded letter of credit Loan) to the same obligor, and is being acquired in connection with the acquisition of such other Loan and from the same seller as such other Loan, with the intent to hold both parts and with the amount of the other Loan held by the Issuer being at least two times as large as the amount of the synthetic or pre-funded letter of

credit Loan held by the Issuer with the Issuer holding no less than the same percentage interest in the other Loan as in the synthetic or pre-funded letter of credit Loan; (3) such synthetic or pre-funded letter of credit Loan satisfies the requirements set forth in Section VI.B., treating the synthetic or pre-funded letter of credit Loan, for this purpose, as though it were a delayed drawdown or revolving Loan; and (4) at no time may the Issuer have entered into more than ten currently outstanding synthetic or pre-funded letter of credit Loans or may more than 5% of the aggregate principal amount of Portfolio Obligations consist of synthetic or pre-funded letter of credit Loans.

Section III. Distressed Debt.

A. The Issuer may only purchase a Debt Instrument (as defined below) that is a Potential Workout Obligation to the extent permitted by this Section III.

B. Neither the Issuer nor the Servicer on behalf of the Issuer shall purchase a Subsidiary Obligation from any Issuer Subsidiary.

C. Special Procedures for Subsidiary Obligations.

1. Potential Workout Obligations. On or prior to the date of acquisition, the Servicer on behalf of the Issuer shall identify each Portfolio Obligation that is a Potential Workout Obligation.

2. Transfer of Subsidiary Obligations. From and after the occurrence of a Workout Determination Date with respect to a Subsidiary Obligation, neither the Issuer nor the Servicer on behalf of the Issuer shall knowingly take any action in respect of such Subsidiary Obligation that may result in the Issuer being engaged, or deemed to be engaged, in a trade or business within the United States for United States federal income tax purposes. As soon as practicable, but in any event within 30 calendar days following a Workout Determination Date, the Servicer shall cause the Issuer either (i) to sell or dispose of any Subsidiary Obligation identified on such Workout Determination Date to a Person that is not an Affiliate of the Issuer or Servicer or (ii) to assign any Subsidiary Obligation identified on such Workout Determination Date to an Issuer Subsidiary.

For purposes of this Annex 1, an "Issuer Subsidiary" means any wholly-owned corporate subsidiary of the Issuer to which a Special Workout Obligation may be transferred in accordance with this Annex 1.

3. Consideration for Assignment of Subsidiary Obligations. Consideration given by an Issuer Subsidiary for the assignment to it of Subsidiary Obligations may be in the form of cash or in the form of indebtedness of, or equity interests in, such Issuer Subsidiary.

4. Classification of Issuer Subsidiaries. Each Issuer Subsidiary shall be an entity treated as a corporation for United States federal income tax purposes.

As used herein:

"Potential Workout Obligation" means any debt instrument (any such instrument, including an interest in a Loan, a "Debt Instrument") which, as of the date of acquisition by the Issuer or an Issuer Subsidiary, based on information specific to such Debt Instrument or the circumstances of the obligor thereof, is a Workout Obligation or, in the reasonable determination of the Servicer, has a materially higher likelihood of becoming a Workout Obligation as

compared to debt obligations that par or other non-distressed debt purchasers or funds relating to that asset type customarily purchase and expect to hold to maturity.

“Subsidiary Obligation” means any Potential Workout Obligation (a) as to which the Issuer on any Workout Determination Date either (i) owns more than 40% of the aggregate principal amount of such class of Potential Workout Obligation outstanding or (ii) is one of the two largest holders of any class of debt of the obligor of such Potential Workout Obligation (based on the outstanding principal amount of such class of debt owned by the Issuer as a percentage of the aggregate outstanding principal amount of such class of debt) unless not fewer than three other holders and the Issuer collectively own at least 65% of such class of debt and, if the Issuer is the largest holder of such class, the Issuer’s percentage of such class does not exceed the percentage held by the next largest holder of the debt by more than 5% of such class or (b) that would, upon foreclosure or exercise of similar legal remedies, result in the Issuer directly owning assets (other than securities treated as debt, equity in a partnership not engaged in a trade or business within the United States, or corporate equity for United States federal income tax purposes, provided in the case of corporate equity that the corporation is not a “United States real property holding corporation” within the meaning of section 897 of the Code) which are “United States real property interests” within the meaning of section 897 of the Code or which the Servicer reasonably expects it would, on behalf of the Issuer, be required to actively manage to preserve the value of the Issuer’s interest therein; provided that a Potential Workout Obligation shall not be treated as a Subsidiary Obligation if the Issuer obtains a Tax Opinion that, based on all the surrounding circumstances, the activities in which the Issuer intends to engage with respect to such Potential Workout Obligation will not cause the Issuer to be treated as engaged in a trade or business for United States federal income tax purposes.

“Workout Determination Date” means any date on which, in connection with the occurrence of any event described in clauses (a) through (c), inclusive, of the definition of Workout Obligation, either (a) any material action by the Issuer is required to be taken, (b) the Servicer receives written notice that such material action shall be required or (c) the Servicer reasonably determines that the taking of such material action is likely to be required.

“Workout Obligation” means any Debt Instrument as to which the Servicer on behalf of the Issuer (a) consents to a Significant Modification in connection with the workout of a defaulted Portfolio Obligation, (b) participates in an official or unofficial committee or similar official or unofficial body in connection with a bankruptcy, reorganization, restructuring or similar proceeding, or (c) exercises, or has exercised on its behalf, rights of foreclosure or similar judicial remedies.

#### Section IV. Purchases from the Servicer or its Affiliates.

A. If the Servicer or an Affiliate of the Servicer acted as an underwriter, placement or other agent, arranger, negotiator or structuror, or received any fee for services (it being understood that receipts described in clauses (i) through (v) of Section I.B. are not construed as so treated), in connection with the issuance or origination of a Portfolio Obligation or was a member of the original lending syndicate with respect to the Portfolio Obligation or the Portfolio Obligation could not have been purchased by the Issuer under Sections II and IV of these guidelines in the same circumstances as it was purchased by the Servicer or such Affiliates (any such Portfolio Obligation, a “Special Procedures Obligation”), the Issuer will not acquire any interest in such Special Procedures Obligation (including entering into a commitment or agreement, whether or not legally binding or enforceable, to acquire such obligation directly or synthetically), from the Servicer, an Affiliate of the Servicer, or a fund managed by the Servicer, unless (i) the Special Procedures Obligation has been outstanding for at least 90 days, (ii) the holder of the

Special Procedures Obligation did not identify the obligation or security as intended for sale to the Issuer within 90 days of its issuance, (iii) the price paid for such Special Procedures Obligation by the Issuer is its fair market value at the time of acquisition by the Issuer and (iv) the transaction is proposed to, and the ultimate purchase is approved on behalf of the Issuer by, one or more Independent Advisors to the Issuer in accordance with the provisions of Section IV.B. below. The Issuer will not acquire any Special Procedures Obligation if, immediately following such acquisition, the fair market value of all Special Procedures Obligations owned by the Issuer would constitute more than 49% of the fair market value of all of the Issuer's assets at such time.

B. An “Independent Advisor” is a Person who is not an Affiliate of the Issuer, the Servicer or any fund managed by the Servicer.

1. The Issuer may not purchase or commit to enter into any such Special Procedures Obligation without prior approval by an Independent Advisor. If the Independent Advisor declines to approve a proposed Special Procedures Obligation, at least three months must elapse before any proposal with respect to the acquisition of debt or other obligations of the same obligor are proposed or considered.

2. The Issuer shall engage the Independent Advisor in an agreement the terms of which shall in substantial form set forth:

(a) the representation of the Independent Advisor, which the Servicer shall not know to be incorrect, that it has significant financial and commercial expertise, including substantial expertise and knowledge in and of the loan market and related investment arenas;

(b) the agreement between the Independent Advisor, the Issuer and the Servicer generally to the effect that (i) the Independent Advisor will operate pursuant to procedures consistent with maintaining his or her independence from the Servicer and its Affiliates, (ii) the Independent Advisor will have the sole authority and discretion to approve or reject purchase proposals made by the Servicer with respect to any Special Procedures Obligation, (iii) all proposals for the Issuer to acquire any Special Procedures Obligation will be first submitted to the Independent Advisor, (iii) the Servicer will prepare the materials it deems necessary to describe the Special Procedures Obligation to the Independent Advisor, (iv) the Investment Advisor will not be required to make any decision to accept or decline a Special Procedures Obligation at the price offered prior to its review of the materials prepared, plus any additional information requested by the Independent Advisor, and (v) no Independent Advisor may be proposed to be replaced by the Servicer, unless for cause or in the event of a resignation of such Independent Advisor; and

(c) such other commercially reasonable terms and conditions, including terms and conditions to the effect that (i) the Independent Advisor will be paid a reasonable fee for its services plus reimbursement of any reasonable expenses incurred in performance of his or her responsibilities, (ii) the Independent Advisor may be removed or replaced only by a majority (whether by positive act or failure to object) of the probable equity owners (as determined for United States federal income tax purposes) of the Issuer, (iii) if at any time there is more than one Independent Advisor to the Issuer, a majority of such Independent Advisors must approve any Special Procedures Obligation subject to Independent Advisor approval, (iv) an Independent Advisor may not engage, directly or indirectly, in the negotiation of the terms of any Special Procedures Obligation to be

acquired by the Issuer (provided however, that an Independent Advisor may negotiate with the Servicer or the seller with respect to the price and terms of the Issuer's purchase of the Special Procedures Obligation, provided further that the Independent Advisor will not make suggestions to the Servicer or any other person about alternative or modified terms of the underlying Special Procedures Obligation on which they might be willing to approve such a Special Procedures Obligation).

3. Any servicing agreement or other document under which the Servicer is granted signatory powers or other authority on behalf of the Issuer will provide that such powers or authority with respect to Special Procedures Obligations are conditioned upon the prior written approval of the Independent Advisor.

4. No Special Procedures Obligation will be presented to an Independent Advisor until at least 90 days have elapsed since the later of (a) the execution of final documentation and (b) the funding in whole or part of the Special Procedures Obligation and there will have been no commitment or arrangement prior to that time that the Issuer will acquire any such Special Procedures Obligation; provided, further, that the Special Procedures Obligation will not be treated as outstanding for any day on which the Issuer enjoys the benefits and burdens of ownership (for example, because any Person has hedged its credit exposure to the Special Procedures Obligation with the Issuer).

5. The Issuer will have no obligation to, or understanding that it will refund, reimburse or indemnify any person (including an Affiliate of the Servicer), directly or indirectly, for "breakage" costs or other costs or expenses incurred by such person if the Independent Advisor determines that the Issuer should decline to purchase any Special Procedures Obligation.

6. Neither the Servicer nor any Affiliate of the Servicer will have any authority to enter into agreements, or take any action, on behalf of the Issuer with respect to Special Procedures Obligations without the prior written approval of an Independent Advisor. Except as may be conditioned upon such prior written approval, neither the Servicer nor any Affiliate of the Servicer may hold itself out as having signatory powers on behalf of the Issuer or authority to enter into agreements with respect to Special Procedures Obligations on behalf of the Issuer.

#### Section V. Synthetic Securities.

A. The Issuer shall not (i) acquire or enter into any Synthetic Security with respect to any Reference Obligation the direct acquisition of which would violate any provision of this Annex 1 or (ii) use Synthetic Securities as a means of making advances to the Synthetic Security Counterparty following the date on which the Synthetic Security is acquired or entered into (for the avoidance of doubt, the establishment of Synthetic Security collateral accounts and the payment of Synthetic Security Counterparties from the amounts on deposit therein, shall not constitute the making of advances).

B. With respect to each Synthetic Security, the Issuer will not acquire or enter into any Synthetic Security that does not satisfy all of the following additional criteria unless the Servicer has first received written advice of counsel that, taking into account all facts and circumstances, including the Issuer's other activities, the ownership and disposition of such Synthetic Security would not cause the Issuer to be engaged in a trade or business within the United States for United States federal income tax purposes:

1. the criteria used to determine whether to enter into any particular Synthetic Security was similar to the criteria used by the Servicer in making purchase decisions with respect to debt securities;

2. the Synthetic Security is acquired by or entered into by the Issuer for its own account and for investment purposes with the expectation of realizing a profit from income earned on the securities (and any potential rise in their value) during the interval of time between their purchase and sale or hedging purposes and not with an intention to trade or to sell for a short-term profit;

3. the Issuer enters into the Synthetic Security with a counterparty that (x) is neither a special purpose vehicle nor an insurance company and (y) is a broker-dealer or that holds itself out as in the business of entering into such contracts;

4. neither the Issuer nor any Person acting on behalf of the Issuer advertises or publishes the Issuer's ability to enter into Synthetic Securities;

5. except with respect to (x) credit-linked notes or similar Synthetic Securities and (y) any other Synthetic Securities where standard form ISDA documentation is not applicable, the Synthetic Security is written on standard form ISDA documentation;

6. the net payment from the Issuer to the Synthetic Security Counterparty is not determined based on an actual loss incurred by the Synthetic Security Counterparty or any other designated person;

7. there exists no agreement, arrangement or understanding that (i) the Synthetic Security Counterparty is required to own or hold the related Reference Obligation while the Synthetic Security remains in effect or (ii) the Synthetic Security Counterparty is economically or practically compelled to own or hold the related physical Reference Obligation while the Synthetic Security remains in effect;

8. the Synthetic Security provides for (i) all cash settlement, (ii) all physical settlement or (iii) the option to either cash settle or physically settle; provided that, in the latter two cases, physical settlement provides the settling party the right to settle the Synthetic Security by delivering deliverable obligations which *may* include the Reference Obligation and the settling party must not be required to deliver the related Reference Obligation upon the settlement of such Synthetic Security.

Notwithstanding the preceding paragraph, a Synthetic Security providing for physical settlement may require a party to deliver the related Reference Obligation if either:

(i) at the time the Issuer enters into such Synthetic Security, such Reference Obligation is readily available to purchasers generally in a liquid market; or

(ii) the written advice of both United States federal income tax and insurance counsel of nationally recognized standing in the United States experienced in such matters is that, taking into account all the relevant facts and circumstances with respect to such Synthetic Security and the Issuer's other activities, the acquisition of such Synthetic Security will not cause the Issuer to be engaged, or deemed to be engaged, in a trade or business within the United States for United States federal income tax purposes or otherwise to be subject to United States federal income tax on a net basis and should

not cause the Issuer to be treated as writing insurance in the United States under the law of the state in which the Synthetic Security Counterparty is organized.

9. the Synthetic Security is not treated as insurance or a financial guarantee for regulatory purposes in the United States or Cayman Islands or any other jurisdiction where the Issuer could be subject to insurance regulation.

As used herein:

“Reference Obligation” means a debt security or other obligation upon which a Synthetic Security is based.

“Synthetic Security” means any swap transaction or security, other than a participation interest in a Loan, that has payments associated with either payments of interest and/or principal on a Reference Obligation or the credit performance of a Reference Obligation.

“Synthetic Security Counterparty” means an entity (other than the Issuer) required to make payments on a Synthetic Security (including any guarantor).

#### Section VI. Other Types of Assets.

A. Equity Restrictions. The Issuer will not purchase any asset (directly or synthetically) that is:

1. not treated for U.S. federal income tax purposes either as debt or as issued by an entity that is a corporation (within the meaning of Section 7701 of the Code), or
2. a “United States real property interest” as defined in section 897 of the Code and the Treasury Regulations promulgated thereunder.

The Issuer may cause an Issuer Subsidiary to acquire assets set forth in clause (i) or (ii) above (each, an “ETB/897 Asset”) in connection with the workout of defaulted Portfolio Obligations, so long as the acquisition of ETB/897 Assets by such Issuer Subsidiary will not cause the stock of such Issuer Subsidiary to be deemed to be an ETB/897 Asset.

B. Revolving Loans and Delayed Drawdown Loans. All of the terms of any advance required to be made by the Issuer under any revolving or delayed drawdown Loan will be fixed as of the date of the Issuer’s purchase thereof (or will be determinable under a formula that is fixed as of such date), and the Issuer and the Servicer will not have any discretion (except for consenting or withholding consent to amendments, waivers or other modifications or granting customary waivers upon default) as to whether to make advances under such revolving or delayed drawdown Loan.

C. Securities Lending Agreements. The Issuer will not purchase any Portfolio Obligation primarily for the purpose of entering into a securities lending agreement with respect thereto.

D. Exception From Secondary Market Rule for Debt Securities. Any purchase of a Portfolio Obligation other than a Loan (a “Debt Security”) pursuant to a commitment, arrangement or other understanding made before or contemporaneously with completion of the closing and funding of such Debt Security issuance shall be made only in connection with one of the following:

(i) an underwriting of a registered public offering in which the seller has made a firm underwriting commitment to the issuer of such Debt Security where none of the Servicer or any Affiliate thereof acted as an underwriter or placement agent or participated in negotiating or structuring the terms of the Debt Security (other than to comment on offering documents to an unrelated underwriter or placement agent where the ability to comment was generally available to investors and to undertake due diligence of the kind customarily performed by investors in securities),

(ii) a private placement to qualified investors (pursuant to Rule 144A or Section 4(2) under the Securities Act or other similar arrangement) in which such Debt Security was originally issued pursuant to an offering circular, private placement memorandum, or similar offering document and none of the Servicer or any Affiliate thereof acted as a placement agent or underwriter or participated in negotiating or structuring the terms of the Debt Security (other than to comment on offering documents to an unrelated underwriter or placement agent where the ability to comment was generally available to investors and to undertake due diligence of the kind customarily performed by investors in securities), or

(iii) an acquisition of or entry into a Synthetic Obligation in accordance with Section V. above;

If an Affiliate of the Servicer is acting as an underwriter or placement agent or an Affiliate of the Servicer or an employee of an Affiliate of the Servicer participated in the structuring of an issuance otherwise described in clause (i) or clause (ii) of this paragraph D, one of the following additional conditions must be met:

(x) the Servicer did not participate in negotiating or structuring the terms of the obligation or security (other than to comment on offering documents to an unrelated underwriter or placement agent where the ability to comment was generally available to investors and to undertake due diligence of the kind customarily performed by investors in securities) and the Issuer purchases no more than 33% of the aggregate principal amount of the tranche of securities (or other instruments) of which such Debt Security is a part and more than 50% of the aggregate principal amount of such tranche is substantially contemporaneously sold to one or more Persons unrelated to the Servicer (and who have not given the Servicer discretionary trading authority) on terms and conditions substantially the same as those on which the Issuer is to purchase,

(y) the Servicer did not participate in negotiating or structuring the terms of the obligation or security (other than to comment on offering documents to an unrelated underwriter or placement agent where the ability to comment was generally available to investors and to undertake due diligence of the kind customarily performed by investors in securities) and the Issuer purchases less than 50% of the aggregate principal amount of all tranches issued as part of the transaction in which the Debt Security was issued and more than 50% of the aggregate principal amount of such tranches are substantially contemporaneously sold to one or more Persons unrelated to the Servicer (and who have not given the Servicer discretionary trading authority) on terms and conditions substantially the same as those on which the Issuer is to purchase, or

(z) such security or obligation satisfies the requirements and procedures applicable to Special Procedures Obligations in Section IV as though it were a Loan;

provided, however, in either of (x) or (y), the Affiliate of the Servicer was (or the employees of the Affiliate of the Servicer were) acting as an underwriter or placement agent (or otherwise participated in

the structuring of such issuance) solely as, or solely as an employee of, a Permitted Affiliate (as defined below); and provided further, that for purposes of calculating the total principal amount sold to related parties under this paragraph D, purchases by Affiliates will be considered purchases by persons unrelated to the Servicer so long as the Servicer has no knowledge of such purchases and has no reason to know of such purchases.

“Permitted Affiliate” means any Affiliate (i) that is a separate legal entity that is operated independently of the Servicer, (ii) whose personnel are not managed by and who do not report to the personnel of the Servicer, and (iii) whose personnel are not compensated based upon the performance of the Servicer.

Section VII. General Restrictions on the Issuer. The Issuer itself shall not:

A. hold itself out, through advertising or otherwise, as originating Loans, lending funds, or making a market in or dealing in Loans or other assets;

B. register as, hold itself out as, or become subject to regulatory supervision or other legal requirements under the laws of any country or political subdivision thereof as, a broker-dealer, a bank, an insurance company, financial guarantor, a surety bond issuer, or a company engaged in Loan origination;

C. take any action causing it to be treated as a bank, insurance company, or company engaged in Loan origination for purposes of any tax, securities law or other filing or submission made to any governmental authority;

D. hold itself out, through advertising or otherwise, as originating, funding, guaranteeing or insuring debt obligations or as being willing and able to enter into transactions (either purchases or sales of debt obligations or entries into, assignments or terminations of hedging or derivative instruments, including Synthetic Securities) at the request of others;

E. treat Synthetic Securities as insurance, reinsurance, indemnity bonds, guaranties, guaranty bonds or suretyship contracts for any purpose;

F. allow any non-U.S. bank or lending institution who is a holder of a Security to control or direct the Servicer’s or Issuer’s decision to acquire a particular asset except as otherwise allowed to such a holder, acting in that capacity, under the related indenture or acquire a Portfolio Obligation conditioned upon a particular person or entity holding Securities;

G. acquire any asset the holding or acquisition of which would cause the Issuer to be subject to income tax on a net income basis;

H. hold any security as nominee for another person;

I. buy securities with the intent to subdivide them and sell the components or to buy securities and sell them with different securities as a package or unit; or

J. buy any Portfolio Obligation that the Servicer expects to default or for the purposes of restructuring the Portfolio Obligation or any obligation thereunder.

Section VIII. Tax Opinion; Amendments.

A. In furtherance and not in limitation of this Annex 1, the Servicer shall comply with all of the provisions set forth in this Annex 1, unless, with respect to a particular transaction or specific provision, the Servicer acting on behalf of the Issuer and the Trustee shall have received written advice of Skadden, Arps, Slate, Meagher & Flom LLP or Orrick, Herrington & Sutcliffe LLP or an opinion of other counsel of nationally recognized standing in the United States experienced in such matters (a “Tax Opinion”), that, taking into account all the relevant facts and circumstances with respect to such transaction or such specific provision and the Issuer’s other activities, the Servicer’s failure to comply with one or more of such provisions will not cause the Issuer to be engaged, or deemed to be engaged, in a trade or business within the United States for United States federal income tax purposes or otherwise to be subject to United States federal income tax on a net basis.

B. The provisions set forth in the Annex 1 may be amended, eliminated or supplemented by the Servicer if the Issuer, the Servicer and the Trustee shall have received a Tax Opinion that the Servicer’s compliance with such amended provisions or supplemental provisions or the failure to comply with such provisions proposed to be eliminated, as the case may be, will not cause the Issuer to be engaged, or deemed to be engaged, in a trade or business within the United States for United States federal income tax purposes or otherwise to be subject to United States federal income tax on a net basis.

The Senior Notes, the Income Notes and the Class Q Securities (together, the "Securities") are being issued by Valhalla CLO, Ltd., a newly formed exempted company incorporated with limited liability under the laws of the Cayman Islands (the "Issuer"). The Senior Notes, Income Notes and Class Q Securities will constitute limited recourse debt obligations of the Issuer. The Notes and the Class Q-1 Securities are scheduled to mature on August 1, 2016, unless the maturity is extended. The maturity of the Notes and the Class Q-1 Securities is subject to an extension of four years to August 1, 2020 if the Swap Agreement is extended at the option of the Swap Counterparty and certain conditions are satisfied. As a condition to the extension, holders of Notes and Class Q-1 Securities will be able to sell their Securities to a designated purchaser as described herein. The Class Q-2 Securities are scheduled to mature on April 28, 2034. See "Description of the Securities—Maturity of the Notes and Class Q-1 Securities and Extension of Maturity of the Notes and Class Q-1 Securities." ### AVAILABLE INFORMATION

The Issuers will deliver to the Holders of the Securities, and make available to prospective purchasers designated by a Holder of Securities, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act. *See “Description of the Securities—The Indenture and the Collateral Administration Agreement—Reports.”* If and for so long as any Class of Securities is listed on the Irish Stock Exchange and for so long as the rules of such stock exchange so require, any information requested under this section by the Holders of the Securities and prospective purchasers will be made available at the offices of NCB Stockbrokers as the Paying Agent in Ireland (“Paying Agent in Ireland”).

Copies of the Indenture and the Issuer’s Memorandum of Association and Articles of Association may be obtained by the Holders of the Securities upon request in writing to the Trustee. Copies of the Indenture will be available at the office of the Paying Agent in Ireland, for so long as any Class of the Securities is listed on the Irish Stock Exchange.

### FORWARD LOOKING STATEMENTS

Any projections, forecasts and estimates contained herein are forward looking statements and are based upon certain assumptions that the Issuers consider reasonable. Projections are necessarily speculative in nature, and it can be expected that some or all of the assumptions underlying the projections will not materialize or will vary significantly from actual results. Accordingly, the projections are only an estimate. Actual results may vary from the projections, and the variations may be material.

Some important factors that could cause actual results to differ materially from those in any forward looking statements include, among others, changes in interest rates, credit spreads, market, financial or legal uncertainties, differences in the actual allocation of the Reference Entities among categories from those assumed, the timing and the number of Credit Events occurring under the Swap Agreement and of modifications to the Reference Portfolio and differences in the levels of the market value of Reference Obligations assumed for purposes of determining Obligation Value Increase Amounts or Obligation Value Reduction Amounts. Consequently, the inclusion of projections herein should not be regarded as a representation by the Issuers, the Initial Purchaser, the Placement Agent, the Trustee, the Swap Counterparty, the Swap Guarantor, the Reference Portfolio Manager, the Collateral Administrator, the Share Trustee, the Administrator, the Amendment Buy-Out Purchaser or any of their respective Affiliates or any other Person of the results that will actually be achieved by the Issuers.

None of the Issuers, the Initial Purchaser, the Placement Agent, the Swap Counterparty, the Swap Guarantor, the Reference Portfolio Manager, the Trustee, the Collateral Administrator, the Share Trustee, the Administrator, the Amendment Buy-Out Purchaser or their respective Affiliates or any other Person has any obligation to update or otherwise revise any projections, including any revisions to reflect changes in economic conditions or other circumstances arising after the date hereof, or to reflect the occurrence of unanticipated events, even if the underlying assumptions do not come to fruition.

### **CERTAIN LEGAL INVESTMENT CONSIDERATIONS**

Institutions whose investment activities are subject to legal investment laws and regulations or to review by certain regulatory authorities may be subject to restrictions on investments in the Securities. Any such institution should consult its legal advisers in determining whether and to what extent there may be restrictions on its ability to invest in the Securities. Without limiting the foregoing, any financial institution that is subject to the jurisdiction of the Office of the Comptroller of the Currency, the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, the Office of Thrift Supervision, the National Credit Union Administration, any state insurance commission, or any other federal or state agencies with similar authority should review any applicable rules, guidelines and regulations prior to purchasing the Securities. Depository institutions should review and consider the applicability of the Federal Financial Institutions Examination Council Supervisory Policy Statement on Securities Activities, which has been adopted by the respective federal regulators.

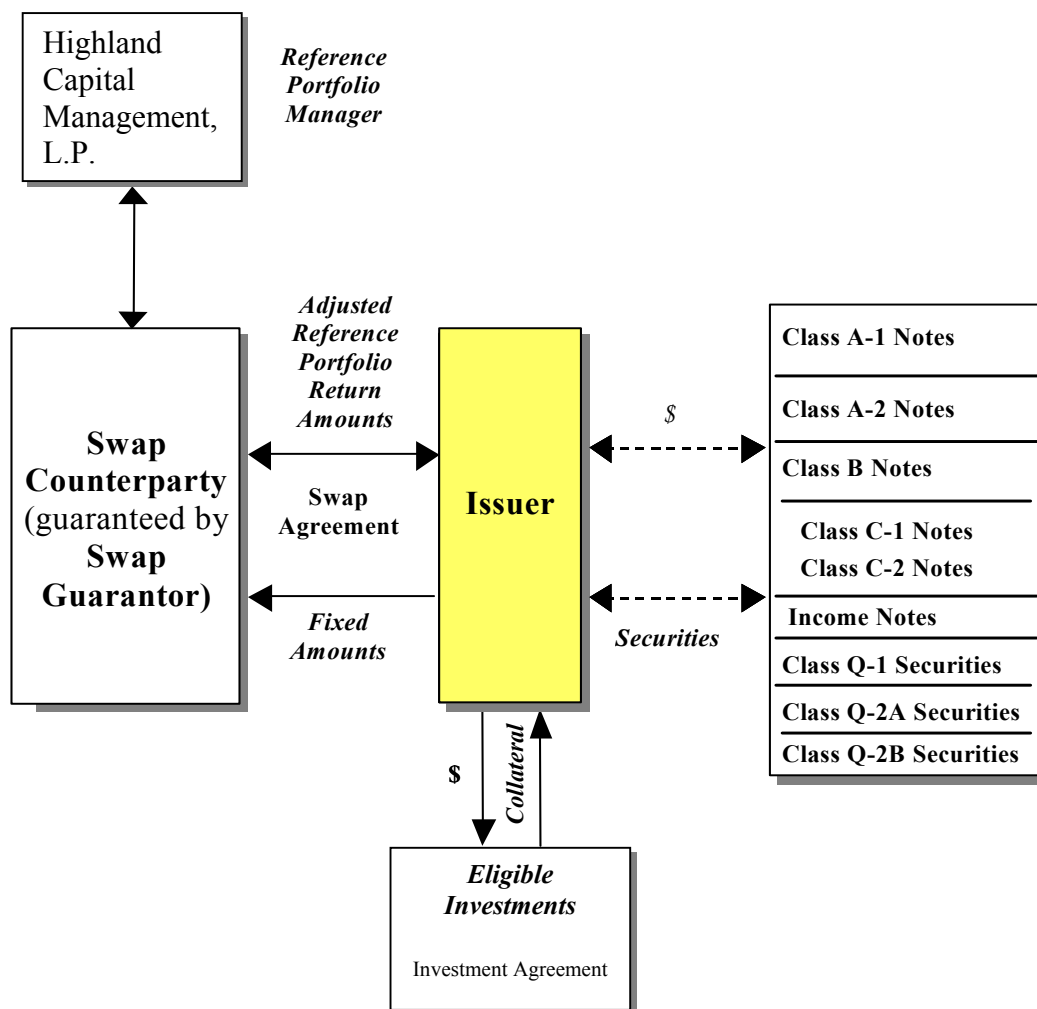

None of the Issuers, the Initial Purchaser, the Placement Agent, the Swap Counterparty, the Swap Guarantor, the Reference Portfolio Manager, the Trustee, the Collateral Administrator, the Share Trustee, the Administrator, the Amendment Buy-Out Purchaser or any of their respective Affiliates makes any representation as to the proper characterization of the Securities for legal investment or other purposes, or as to the ability of particular purchasers to purchase the Securities under applicable investment restrictions. The uncertainties described above (and any unfavorable future determinations concerning legal investment or applicable regulatory characteristics of the Securities) may affect the liquidity of the Securities. Accordingly, all institutions whose activities are subject to legal investment laws and regulations, regulatory capital requirements or review by regulatory authorities should consult their own legal advisers in determining whether and to what extent the Securities are, or the institution by purchasing Securities would be, subject to investment, capital or other restrictions.

### **CERTAIN CONSIDERATIONS RELATING TO THE CAYMAN ISLANDS**

The Issuer is an exempted company incorporated with limited liability under the laws of the Cayman Islands. As a result, it may not be possible for purchasers of the Securities to effect service of process upon the Issuer within the United States or to enforce against the Issuer in United States courts judgments predicated upon the civil liability provisions of the securities laws of the United States. The Issuer has been advised by Walkers, its legal advisor in the Cayman Islands, that the United States and the Cayman Islands do not currently have a treaty providing for reciprocal recognition and enforcement of judgments in civil and commercial matters and that a final judgment for the payment of money rendered by any federal or state court in the United States based on civil liability, whether or not predicated solely upon United States securities laws, would therefore not be automatically enforceable in the Cayman Islands, and that there is doubt as to the enforceability in the Cayman Islands, in original actions or in actions for the enforcement of judgments of the United States courts, of liabilities predicated solely upon United States securities laws. The Issuer will appoint Corporation Service Company, 1133 Avenue of the Americas, Suite 3100, New York, NY 10036 as its agent in New York for service of process.

## Transaction Summary Diagram

## SUMMARY

*The following summary does not purport to be complete and is qualified in its entirety by reference to (i) the detailed information appearing elsewhere in this Offering Circular and (ii) the terms and provisions of the related documents and agreements referred to herein. Certain capitalized terms used but not defined in the following summary are defined elsewhere in this Offering Circular.*

### Transaction Overview

On the Closing Date, the Issuer and Co-Issuer will issue the Senior Notes and the Issuer will issue the Income Notes, the Class Q-1 Securities and the Class Q-2 Securities, pursuant to the Indenture. The Securities may be sold at varying prices in negotiated transactions. The net proceeds from the issuance of the Notes (including Income Notes represented by the Class Q-2 Collateral Asset A) and the Class Q-1 Securities, after payment of certain offering expenses and funding of the Expense Reserve Account, will be invested, together with certain other amounts received by the Issuer from time to time, in Eligible Investments. Such Eligible Investments may be sold or liquidated from time to time to obtain funds to make payments to the Swap Counterparty pursuant to the Swap Agreement and in respect of the Notes in accordance with the Priority of Payments, as described below.

On the Closing Date, the Issuer and the Swap Counterparty will enter into the Swap Agreement. Under the Swap Agreement, the Reference Portfolio Manager will designate a portfolio of Reference Obligations (the “Reference Portfolio”) and will manage the Reference Portfolio during the term of the transaction by adding and removing Reference Obligations from time to time under the terms and conditions described under “Description of the Swap Agreement—Selection and Modification of the Reference Portfolio.” In performing these functions, the Reference Portfolio Manager will act on behalf of the Swap Counterparty (and not on behalf of the Issuer). See “Risk Factors—Role of the Reference Portfolio Manager.”

Pursuant to the Swap Agreement, the Swap Counterparty will be required to make quarterly payments to the Issuer in an amount based on the aggregate amount of interest, commitment fees and other amounts payable (other than in respect of principal) with respect to the Reference Obligations included in the Reference Portfolio during that quarter, together with, for any Reference Obligations removed from the Reference Portfolio during that quarter, (i) the applicable portion of such amounts accrued for the part of the quarter in which the obligations were included in the Reference Portfolio and (ii) any increase or decrease in the value of those obligations during the period they were included in the Reference Portfolio, less certain amounts described in more detail below (or, if such net amount is negative, the Issuer will be required to pay the absolute value of such net amount to the Swap Counterparty). See “Description of the Swap Agreement—Payments under the Swap Agreement.” Amounts payable by the Issuer to the Swap Counterparty may be paid from the proceeds of the sale or liquidation of Eligible Investments in the Trust Estate, thereby reducing the amounts otherwise available to the Issuer for payment of its other obligations, including principal on the Senior Notes, and for distributions in respect of the Income Notes.

On each Payment Date, payments in respect of each Class of Securities will be made only after payments are made in respect of the Class or Classes of Securities to which such Class is subordinate in right of

payment (subject to an exception in connection with the Diversion Test) and in respect of other amounts ranking senior pursuant to the applicable priority of payments. Distributions in respect of the Income Notes will only be made after all payments then due are made on the Senior Notes and all other amounts that are then due by the Issuers have been paid. Accordingly, any shortfall in amounts available for such payments will first reduce distributions to the Holders of the Income Notes; second, reduce payments to the Holders of the Class C Notes; third, reduce payments to the Holders of the Class B Notes; fourth, reduce payments to the Holders of the Class A-2 Notes; and finally, reduce payments to the Holders of the Class A-1 Notes. Distributions in respect of the Class Q-2B Securities (other than the Class Q-2B Target Amount) will only be made after all payments then due are made on the Class Q-2A Securities. *See “Risk Factors—Subordination of Payment and Control.”*

#### The Reference Portfolio Manager

Highland Capital Management, L.P. (“Highland Capital”), as Reference Portfolio Manager, will manage the selection and modification of the Reference Portfolio on behalf of the Swap Counterparty under the Swap Agreement pursuant to a Reference Portfolio Management Agreement between the Reference Portfolio Manager and the Swap Counterparty (the “Reference Portfolio Management Agreement”). *See “Risk Factors—Conflicts of Interest Involving the Reference Portfolio Manager” and “The Reference Portfolio Manager and the Reference Portfolio Management Agreement.”* The Reference Portfolio Manager will act solely on behalf of the Swap Counterparty and will not act or be deemed to act on behalf of the Issuer or the Holders of Securities. Neither the Issuer nor the Holders of Securities will have any rights, as third party beneficiary or otherwise, against the Reference Portfolio Manager under the Swap Agreement or the Reference Portfolio Management Agreement, and the Reference Portfolio Manager will have no liability to the Issuer or the Holders of Securities thereunder. The Issuer and the Holders of Securities will have no direct recourse against the Reference Portfolio Manager as a result of action or inaction by the Reference Portfolio Manager thereunder. *See “Risk Factors—Role of the Reference Portfolio Manager.”* The Reference Portfolio Manager is a registered investment adviser under the U.S. Investment Advisers Act of 1940, as amended (the “Advisers Act”).

#### The Issuers

The activities of the Issuer will be limited to (i) issuance of its Ordinary Shares (not offered hereby), (ii) issuance of the Notes, (iii) issuance of the Class Q-1 Securities and the Class Q-2 Securities, (iv) entering into the Swap Agreement and exercising its rights and performing its obligations thereunder and under the Swap Guarantee, (v) acquiring and disposing of Eligible Investments, including the Investment Agreement, and the Class Q-2 Securities Collateral, (vi) entering into the Indenture and the Collateral Administration Agreement and exercising its rights and performing its obligations thereunder and (vii) engaging in other activities incidental to the foregoing and permitted by the Indenture.

The activities of the Co-Issuer will be limited to (i) issuance of its common stock (not offered hereby) and (ii) issuance of the Senior Notes. The Co-Issuer will have no assets (other than its equity capital), will not be a party to the Swap Agreement or any other agreement other than the Indenture, and will not pledge any assets to secure the Notes.

The Senior Notes

The Issuer and Co-Issuer will jointly issue the following Securities:

U.S. \$62,000,000 Class A-1 Floating Rate Senior Extendable Notes (the "Class A-1 Notes");

U.S. \$56,000,000 Class A-2 Floating Rate Senior Extendable Notes (the "Class A-2 Notes");

U.S. \$39,500,000 Class B Floating Rate Deferrable Senior Subordinate Extendable Notes (the "Class B Notes");

U.S. \$21,000,000 Class C-1 Floating Rate Deferrable Senior Subordinate Extendable Notes (the "Class C-1 Notes"); and

U.S. \$5,000,000 Class C-2 Fixed Rate Deferrable Senior Subordinate Extendable Notes (the "Class C-2 Notes");

each pursuant to an Indenture, dated as of the Closing Date (the "Indenture"), among the Issuer, the Co-Issuer and JPMorgan Chase Bank, as Trustee (the "Trustee").

The Income Notes

The Issuer will also issue U.S. \$82,000,000 Extendable Income Notes (the "Income Notes") pursuant to the Indenture. The Income Notes will not bear interest at a stated rate and are not entitled to a return of a stated principal amount, but Holders of Income Notes will be entitled to a pro rata share of all proceeds remaining after payment of the Senior Notes and all other expenses of, and satisfaction of creditors' claims against, the Issuers. The Aggregate Principal Amount of the Income Notes includes the U.S. \$25,000,000 Aggregate Principal Amount of Income Notes delivered to the Class Q-2 Securities Collateral Account on the Closing Date, which will be deemed to have been issued for all purposes of the Indenture. See "*The Class Q-2 Securities*" below."

The Class Q-1 Securities

The Issuer will also issue on the Closing Date U.S. \$10,000,000 Class Q-1 Extendable Securities (the "Class Q-1 Securities") pursuant to the Indenture. The Class Q-1 Securities will consist of the Class Q-1 Senior Note Component and the Class Q-1 Income Note Component. The Class Q-1 Senior Note Component will represent an initial Aggregate Principal Amount of U.S. \$5,000,000 of Class C-2 Notes. The Class Q-1 Income Note Component will represent an Aggregate Principal Amount of U.S. \$5,000,000 of Income Notes.

The initial Aggregate Principal Amount of the Class C-2 Notes and the Income Notes to which the Class Q-1 Senior Note Component and the Class Q-1 Income Note Component relate are included in (and are not in addition to) the initial Aggregate Principal Amount of the Class C-2 Notes or Income Notes in the aggregate. Each Class Q-1 Security represents an undivided beneficial ownership interest in the cash flows on the Class Q-1 Senior Note Component and the Class Q-1 Income Note Component.

Pursuant to the Indenture, a Holder of a beneficial interest in a Class Q-1 Security may exchange all or a proportionate amount of such interest for the underlying Class C-2 Notes and Income Notes, subject to the minimum denomination requirements, applicable transfer restrictions and in the manner described in the Indenture. See "*Description of the Securities—The Class Q-1 Securities*."

### The Class Q-2 Securities

In addition, the Issuer will issue on the Closing Date U.S. \$7,200,000 Class Q-2A Securities Due 2034 (the “Class Q-2A Securities”) and U.S. \$40,000,000 Class Q-2B Securities Due 2034 (the “Class Q-2B Securities”) pursuant to the Indenture.

The Class Q-2 Securities will be secured by the Class Q-2 Securities Collateral. Payments in respect of the Class Q-2 Securities will be made solely from, and recourse will be limited to, the assets of the Class Q-2 Securities Collateral available in accordance with the Class Q-2 Priority of Payments.

Pursuant to the Indenture, after the redemption or repayment in full of the Class Q-2A Securities, a Holder of Class Q-2B Securities may exchange its interest for a proportionate amount of the Income Notes represented by the Class Q-2 Collateral Asset A and of the other Class Q-2 Securities Collateral (subject to the minimum denomination requirements and in the manner described in the Indenture).

The Class Q-2 Securities are scheduled to mature on April 28, 2034 and are not subject to an extension of maturity. The Class Q-2 Securities are not subject to an Amendment Buy-Out, other than with respect to the Income Notes represented by the Class Q-2 Collateral Asset A. *See “Description of the Securities—The Class Q-2 Securities.”*

### Ratings of the Securities

It is a condition to the issuance of the Securities that the Class A-1 Notes be rated “Aaa” by Moody’s and “AAA” by Standard & Poor’s, the Class A-2 Notes be rated at least “Aa2” by Moody’s and at least “AA” by Standard & Poor’s, the Class B Notes be rated at least “A2” by Moody’s and at least “A” by Standard & Poor’s and the Class C-1 Notes and the Class C-2 Notes be rated at least “Baa2” by Moody’s and at least “BBB” by Standard & Poor’s.

In addition, it is a condition to the issuance of the Securities that the Class Q-1 Securities be rated at least “Baa2” by Moody’s (which rating addresses solely the return of the Class Q-1 Rated Principal). *See “Ratings.”*

The Income Notes will not be rated by Moody’s, Standard & Poor’s or any other rating agency.

The Issuer will request that each Rating Agency confirm its ratings of the Senior Notes and the Class Q-1 Securities within 30 days after the Ramp-up End Date.

### Maturity and Extension of Maturity

The Notes and the Class Q-1 Securities are scheduled to mature on August 1, 2016, unless the maturity is extended. The maturity of the Notes and the Class Q-1 Securities is subject to an extension of four years to August 1, 2020, if the term of the Swap Agreement is extended.

Under the Swap Agreement, the Swap Counterparty may, at its option, on the Payment Date that is two years before the end of the Portfolio Modification Period (the “Extension Effective Date”) extend the Portfolio Modification Period for four years to August 1, 2015 and correspondingly extend the term of the Swap Agreement for four years to August 1, 2020, subject to the satisfaction of the Extension Conditions (as defined below). *See “The Swap Agreement—Extension of Swap Agreement” below.*

Under the Indenture, if the term of the Swap Agreement is so extended, the maturity of the Notes and the Class Q-1 Securities will automatically be equally extended without any requirement for approval or consent of any holders of Securities or amendment or supplement to the Indenture (the "Maturity Extension").

As a condition to the extension of maturity, holders will be able to offer to sell their Notes and Class Q-1 Securities to one or more qualifying purchasers (which may include the Swap Counterparty and any of its affiliates acting as principal or agent) designated by the Swap Counterparty (or its affiliate) for purchase on the Extension Effective Date (Notes and Class Q-1 Securities so offered for sale by their holders, "Extension Sale Securities"). The purchase price for any Extension Sale Securities will be (1) in the case of the Senior Notes, the Aggregate Principal Amount thereof plus accrued and unpaid interest (including Deferred Interest, if any) as of the Extension Effective Date (giving effect to any amounts paid to the holder on such date), plus, in the case of the Class C-2 Notes, the applicable Make-whole Premium, (2) in the case of the Income Notes, an amount that together with any amounts paid to the Holders with respect to those Income Notes from the Closing Date to and including the Extension Effective Date results in an internal rate of return with respect to those Income Notes of 18% per annum and (3) in the case of the Class Q-1 Securities, a purchase price determined based on the respective purchase prices for the Class Q-1 Senior Note Component and the Class Q-1 Income Note Component thereof. If the Extension Effective Date is on or after the date on which the holders of Income Notes have received an internal rate of return equal to or in excess of 18% per annum (determined as in clause (2) above), the purchase price for Income Notes that are Extension Sale Securities will be zero.

The extension of the Portfolio Modification Period, the term of the Swap Agreement and the maturity of the Notes and Class Q-1 Securities will be conditioned on satisfaction of the Extension Conditions.

No Extension Sale Securities will be purchased unless all Extension Sale Securities are purchased and settled at the applicable purchase price as of the Extension Effective Date and the other Extension Conditions are satisfied. Pursuant to the Extension Conditions, if not all Extension Sale Securities are so purchased and settled, none of the Portfolio Modification Period, the term of the Swap Agreement or the maturity of the Notes and Class Q-1 Securities will be extended.

If all Extension Conditions are satisfied and a Maturity Extension is effected, each holder of Senior Notes (including in the form of the Class Q-1 Senior Note Component) other than Extension Sale Securities will be entitled to receive the applicable Extension Bonus Payment, in each case to the extent of available funds and as provided in the Priority of Payments. Holders of Income Notes will not be entitled to receive any Extension Bonus Payment.

The Class Q-2 Securities are scheduled to mature on April 28, 2034 and are not subject to an extension of maturity.

Amendment Buy-Out

In the case of any amendment to the Indenture or the Swap Agreement that requires the consent of one or more holders of Notes and/or Class Q-1 Securities, the Amendment Buy-Out Purchaser will have the right (but will not be obligated) to purchase the applicable Security of any holder that either (i) has declared in writing that it will not consent to such amendment or (ii) had not consented to such amendment by the last day on which consent could be given in accordance with the request therefor (each a “Non-consenting Holder”) at the applicable Amendment Buy-Out Purchase Price.

The Class Q-2 Securities themselves are not subject to an Amendment Buy-Out, but the Indenture permits the Amendment Buy-Out Purchaser to purchase the Income Notes represented by the Class Q-2 Collateral Asset A at the applicable purchase price, if the Holders of Class Q-2B Securities who pursuant to the Indenture have voting rights with respect to the Income Notes represented by the Class Q-2 Collateral Asset A would be deemed to be a Non-consenting Holder with respect to such Income Notes.

If this option is exercised, the Amendment Buy-Out Purchaser must purchase all applicable Notes or Class Q-1 Securities from all Non-consenting Holders (an “Amendment Buy-Out”), regardless of the applicable percentage of aggregate principal amount of the Securities the consent of whose holders is required for the amendment. If the solicited consent only affects one Component of the Class Q-1 Securities, the Amendment Buy-Out Purchaser must purchase, at the Non-consenting Holder’s option, its Class Q-1 Security as a whole or solely the affected Component.

All purchases made pursuant to an Amendment Buy-Out individually and in the aggregate must comply with the applicable transfer restrictions in the Indenture and the legends on the applicable Notes and Class Q-1 Securities and all applicable law and rules and procedures of any securities exchange, self-regulatory organization or applicable clearing agency.

The Reference Portfolio Manager may (but is not obligated to) request the Swap Counterparty to elect to effect an Amendment Buy-Out. The Swap Counterparty has agreed to follow such a request subject to certain conditions. No person will have any obligation to elect or effect an Amendment Buy-Out and no person other than the Swap Counterparty will have the right to elect to effect an Amendment Buy-Out.

Use of Proceeds

The proceeds of the issuance of the Notes (including Income Notes represented by the Class Q-2 Collateral Asset A) and Class Q-1 Securities, net of any issued discount and after paying or providing for the payment of organizational expenses and the expenses of the issuance of the Securities by funding the Expense Reserve Account, will be approximately U.S. \$247,500,000. Such proceeds will be applied by the Issuer to purchase approximately U.S. \$247,500,000 in face amount of Eligible Investments to secure the Issuer’s obligations under the Swap Agreement, the Notes and the Class Q-1 Securities. The proceeds of the issuance of the Class Q-2 Securities will constitute, and be applied to purchase, as applicable, the Class Q-2 Securities Collateral.

The Offering

The Securities are being offered only (i) in the case of the Senior Notes, Class Q-1 Securities and Class Q-2A Securities, in the United States, to (a) “qualified institutional buyers” as defined in Rule 144A under the Securities Act (“Qualified Institutional Buyers”) or (b) in the case of the Income Notes, Qualified Institutional Buyers or “accredited investors” as defined in Rule 501(a) under the Securities Act (“Accredited Investors”), in each case, that are also “qualified purchasers” as defined for purposes of Section 3(c)(7) of the Investment Company Act (“Qualified Purchasers”) and (ii) outside the United States, to “non-U.S. Persons” (as defined in Regulation S under the Securities Act) in offshore transactions in reliance on Regulation S under the Securities Act. Certain additional offering restrictions may also apply. See “*Purchase and Transfer Restrictions.*”

Transfer of the Securities

Transfers of interests in the Securities will be subject to certain restrictions. See “*Purchase and Transfer Restrictions.*”

Payments on the Securities

Each Class of Senior Notes will accrue interest at the per annum rate set forth for such Class in the following table:

	<u>Class A-1 Notes</u>	<u>Class A-2 Notes</u>	<u>Class B Notes</u>	<u>Class C-1 Notes</u>	<u>Class C-2 Notes</u>
Interest Rate:	LIBOR <sup>1</sup> plus 0.70%	LIBOR <sup>1</sup> plus 0.80%	LIBOR <sup>1</sup> plus 1.40%	LIBOR <sup>1</sup> plus 2.60%	7.53%

<sup>1</sup> LIBOR with respect to the first Periodic Interest Accrual Period will be 1.88230% per annum.

The Income Notes will not bear a stated rate of interest but will be entitled to receive distributions on each Payment Date if and to the extent funds are available for such purpose in accordance with the Priority of Payments. Such distributions will be payable to the Holders of the Income Notes only after payment in full of all of the liabilities of the Issuers that rank ahead of the Income Notes pursuant to the Priority of Payments. See “*Description of the Securities—Priority of Payments.*” Accordingly, to the extent that payments received in respect of the Swap Agreement, Eligible Investments and other assets that are part of the Trust Estate are not sufficient to pay distributions with respect to the Income Notes, the Issuer will have no obligation to make any such distribution.

Interest on the floating rate Notes and the Class Q-2A Securities will be calculated on the basis of a 360-day year and the actual number of days elapsed in the applicable Periodic Interest Accrual Period. Interest on the fixed rate Notes will be computed on the basis of a 360-day year consisting of twelve 30-day months.

Subject to the availability of funds and the Priority of Payments, interest payments on the Senior Notes and distributions on the Income Notes shall be payable quarterly in arrears on the first day of each February, May, August and November commencing on and including February 1, 2005 (or if any such day is not a Business Day, the first Business Day thereafter), and ending on and including the earlier of the final redemption date for such Notes and the Maturity Date (each, a “Payment Date”). See “*Description of the Securities—Payments.*”

The Class Q-1 Securities are entitled to receive only the payments associated with the related Components. The rating on the Class Q-1 Securities applies only to return of the Class Q-1 Rated Principal. All distributions made with respect to the Class Q-1 Securities will reduce the outstanding Class Q-1 Rated Principal until it is reduced to U.S. \$1 and thereafter will constitute additional income.

Solely for certain calculation purposes, the Class Q-1 Securities are deemed to have a Class Q-1 Nominal Rate of 2.00% per annum. The Class Q-1 Nominal Rate does not limit the entitlement of Holders of Class Q-1 Securities to receive any applicable Class Q-1 Excess Distributions.

To the extent any Coverage Test is not satisfied on any Determination Date related to a Payment Date following the Ramp-up End Date or to the extent necessary to cause the Rating Agencies to confirm the initial ratings of the Senior Notes as of the 30<sup>th</sup> day after the Ramp-up End Date, amounts available at the applicable level of the Priority of Payments will be used to redeem the Senior Notes on such Payment Date commencing with the most senior Class of Senior Notes outstanding, thereby reducing the amounts available for payment at lower levels of the Priority of Payments. Notes will also be redeemed on each Payment Date using the principal proceeds of Eligible Investments in the Trust Estate to the extent of the applicable Note Redemption Amount, if any, for such date, in accordance with the Principal Priority of Payments, commencing with the most senior Class of Notes outstanding. The Notes also may be redeemed at the direction of the Holders of a majority in Aggregate Principal Amount of the Income Notes, with the consent of the Swap Counterparty, in the case of certain tax events with respect to the Issuer.

If the Diversion Test is not satisfied as of any Determination Date related to a Payment Date after the Ramp-up End Date, 50% of the amounts that would otherwise be used to pay Administrative Expenses in excess of the Expense Cap Amount, Subordinated Administrative Expenses, Extension Bonus Payments, if any, and a Net Income Note Periodic Return Amount to the Holders of the Income Notes will be used first to pay, on a pro rata basis, Deferred Interest, if any, on the Class B Notes and Class C Notes and then to redeem, on a pro rata basis, the Class B Notes and Class C Notes at par in accordance with the Payment Date Priority of Payments.

In addition, beginning five and a half years after the Closing Date, the Notes may be redeemed at the direction of the Holders of at least 66 2/3% in Aggregate Principal Amount of the Income Notes provided that certain conditions are satisfied. Unless previously redeemed, the outstanding principal amount of the Senior Notes, and the final distribution, if any, on the Income Notes will be payable on the Maturity Date of August 1, 2016, or, in the case of a Maturity Extension, August 1, 2020, in accordance with the Principal Priority of Payments. *See "Description of the Securities—Payments" and "—Maturity of the Notes and Class Q-1 Securities and Extension of Maturity of the Notes and Class Q-1 Securities."*

The Class Q-2 Securities are entitled to receive only payments from the proceeds of the Class Q-2 Securities Collateral in accordance with the Class Q-2 Priority of Payments. The Class Q-2A Securities will accrue interest at a rate of LIBOR plus 0.50% per annum (the "Class Q-2A Interest Rate"). The Class Q-2B Securities will not accrue interest at a stated rate. Subject to the availability of funds and the Class Q-2 Priority

of Payments, interest payments on the Class Q-2A Securities and distributions on the Class Q-2B Securities shall be payable quarterly in arrears on each Payment Date.

If the Class Q-2A Coverage Test is not satisfied as of any date of determination following the Closing Date, at the unanimous direction of the Holders of the Class Q-2A Securities, the Trustee will liquidate the Class Q-2 Collateral Asset A and deposit the proceeds thereof in the Class Q-2 Securities Collateral Account for distribution in accordance with the Class Q-2 Priority of Payments upon receipt of such proceeds as though the date of receipt thereof were a Payment Date.

#### The Coverage Tests

The Coverage Tests are comprised of an overcollateralization test and an interest coverage test (i) for the Class A-1 Notes and the Class A-2 Notes (treated as a single class for this purpose), (ii) for the Class B Notes and (iii) for the Class C-1 Notes and the Class C-2 Notes (treated as a single class for this purpose). If a Coverage Test for any such Class is not satisfied as of any Determination Date related to a Payment Date following the Ramp-up End Date, the amounts available in accordance with the Priority of Payments at the level of the Priority of Payments at which the Coverage Test is applied will be used on such Payment Date to redeem the Senior Notes commencing with the most senior Class, to the extent necessary to satisfy such Coverage Tests, thereby reducing amounts available for payments at lower levels of the Priority of Payments. See *“Description of the Securities—The Coverage Tests.”* In addition, following the Ramp-up End Date the Reference Portfolio Manager’s ability to add or remove Reference Obligations may be restricted if the Coverage Tests are not satisfied. See *“Description of the Swap Agreement—Selection and Modification of the Reference Portfolio.”* The failure of the Issuer to satisfy a Coverage Test will not be a default or an Event of Default under the Indenture.

#### The Trust Estate

All assets of the Issuer (except the Excluded Property and the Class Q-2 Securities Collateral) (the “Trust Estate”) will be pledged to secure the obligations of the Issuer to the Swap Counterparty, the Trustee and the Collateral Administrator and to secure the obligations of the Issuer under the Notes and the Class Q-1 Securities. Payments in respect of the Notes and the Class Q-1 Securities will be made solely from, and recourse will be limited to, the assets of the Trust Estate available in accordance with the Priority of Payments. See *“Description of the Securities—Priority of Payments.”*

The Trust Estate will comprise solely (i) Eligible Investments acquired with the net proceeds from the issuance of the Notes (including Income Notes represented by the Class Q-2 Collateral Asset A) and Class Q-1 Securities and from time to time thereafter with amounts received by the Issuer, (ii) the rights of the Issuer under the Swap Agreement and Swap Guarantee, (iii) funds on deposit in certain accounts, (iv) the rights of the Issuer under the Collateral Administration Agreement and (v) certain payments or distributions received in respect of such Eligible Investments and the Swap Agreement.

The Eligible Investments

All moneys (other than the Excluded Property and the Class Q-2 Securities Collateral) held by or on behalf of the Issuer will be invested in Eligible Investments at the direction of the Swap Counterparty (or the Reference Portfolio Manager on its behalf) unless the Swap Agreement has been terminated and all amounts owed to the Swap Counterparty thereunder have been paid in full or a Swap Event of Default as to which the Swap Counterparty is the defaulting party or a Swap Additional Termination Event has occurred and is continuing, or otherwise in accordance with the Indenture. Eligible Investments may generally include U.S. dollar cash, U.S. government obligations, deposits of U.S. commercial banks and trust companies satisfying certain rating criteria, certain guaranteed investment contracts of a U.S. insurance company, bank or corporation satisfying certain rating criteria, qualifying money market funds, qualifying unleveraged repurchase obligations, commercial paper or similar short-term obligations satisfying certain rating criteria, the Investment Agreement and other investments acceptable to the applicable Rating Agencies. The net proceeds from the issuance of the Notes (including the Income Notes represented by the Class Q-2 Collateral Asset A) and the Class Q-1 Securities, as well as certain other amounts deposited in the Collateral Account from time to time, are expected to be invested in the Investment Agreement. *See the definition of “Eligible Investments” in the “Glossary of Certain Defined Terms.”*

The Swap Agreement

On the Closing Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty, which will be Citigroup Financial Products Inc. (“CFPI”). The obligations of the Swap Counterparty under the Swap Agreement will be guaranteed by the Swap Guarantor, which will be Citigroup Global Markets Holdings Inc. (“CGMHI”).

*The Reference Portfolio*

Payments under the Swap Agreement will be determined by reference to the Reference Portfolio as constituted from time to time. The Reference Portfolio will be selected and modified from time to time by the Reference Portfolio Manager on behalf of the Swap Counterparty pursuant to the Reference Portfolio Management Agreement. The Initial Reference Obligations to be included in the Reference Portfolio on the Closing Date will be specified in the Swap Agreement. The Reference Portfolio Manager is expected to designate on behalf of the Swap Counterparty additional Reference Obligations to be included in the Reference Portfolio (and the Reference Obligation Calculation Amounts for such Reference Obligations) during the six-month period following the Closing Date (the “Ramp-up Period”), subject to certain individual obligation and aggregate portfolio criteria. *See “The Reference Portfolio—Eligible Reference Obligations” and “—Reference Portfolio Criteria.”* As of the Ramp-up End Date, the Issuer expects that the Reference Portfolio will be comprised of Reference Obligations with an Aggregate Reference Obligation Calculation Amount of approximately U.S. \$900 million.

From time to time following the Ramp-up End Date, the Reference Portfolio Manager may add new Reference Obligations to the Reference Portfolio and/or remove existing Reference Obligations from the Reference Portfolio, provided that certain conditions are satisfied. *See “Description of the Swap Agreement—Selection and Modification of the Reference Portfolio.”*

*Amortization of Reference Obligations*

The Reference Obligation Calculation Amount (and, correspondingly, the Reference Value) for any Reference Obligation will be reduced to reflect any permanent prepayment, repayment, amortization, redemption, termination, cancellation or reduction of commitment or similar permanent reduction of principal or notional amount thereof (an “Amortization”). A reduction in the outstanding balance of a Reference Obligation that is a Revolving Loan as a result of a repayment will not be considered an Amortization to the extent that the facility can subsequently be redrawn in accordance with its terms.

*Valuation of Reference Obligations*

Upon the removal of a Reference Obligation from the Reference Portfolio at the direction of the Reference Portfolio Manager, upon an Amortization of a Reference Obligation (other than a Reference Swap) and for each Reference Obligation on the 45<sup>th</sup> Business Day prior to the Swap Termination Date, the Swap Counterparty (or the Reference Portfolio Manager on its behalf) will determine the Obligation Value Increase Amount or Obligation Value Reduction Amount for such obligation, which will generally reflect the increase or decrease, respectively, in the market value of such Reference Obligation during the period of its inclusion in the Reference Portfolio, determined as provided in more detail herein. *See “Description of the Swap Agreement—Valuation of Reference Obligations.”*

*Swap Agreement Payments*

Under the Swap Agreement, the Swap Counterparty will be required to pay to the Issuer for each Payment Date the applicable Adjusted Reference Portfolio Return Amount described herein; *provided* that if the Adjusted Reference Portfolio Return Amount is negative, the Issuer will be required to pay to the Swap Counterparty the absolute value of the Adjusted Reference Portfolio Return Amount. The Issuer will be required to pay to the Swap Counterparty the applicable Fixed Amount on each Payment Date. The amounts described above payable by the Issuer and the Swap Counterparty for any Payment Date will be netted into a single payment by the Swap Counterparty or the Issuer to the other, as applicable. If such net amount for any Payment Date is payable by the Swap Counterparty, the Swap Counterparty will be required to make such payment one Business Day prior to the Payment Date. *See “Description of the Swap Agreement—Payments Under the Swap Agreement.”*

*Swap Notional Amount*

The Swap Notional Amount will initially equal U.S. \$895,500,000.

On each Payment Date prior to the end of the Portfolio Modification Period, the Swap Notional Amount will be increased by the Quarterly Aggregate Increase Amount, if any, for that date or reduced by the Quarterly Aggregate Reduction Amount, if any, for that date.

The Swap Notional Amount will be reduced on each Payment Date following the end of the Portfolio Modification Period by the Swap Reduction Amount, if any, for that Payment Date. *See “Description of the Swap Agreement—Swap Notional Amount.”*

*Swap Termination*

Under certain circumstances specified in the Swap Agreement, the Issuer or the Swap Counterparty may terminate the Swap Agreement, in which event the Issuer or the Swap Counterparty may be required to make a Swap Termination Payment. *See “Description of the Swap Agreement—Early Termination of the Swap Agreement”* for a description of the events that may give rise to an early termination of the Swap Agreement and the method for calculating the Swap Termination Payment. Depending upon existing market conditions and other factors at the time of any such early termination, a Swap Termination Payment could be owed by the Issuer to

the Swap Counterparty or by the Swap Counterparty to the Issuer. If the Issuer is required to make such a Swap Termination Payment and is unable to enter into an offsetting replacement swap that pays a corresponding amount, the amount available for payment to the Holders of the Securities will be reduced. *See “Risk Factors—Termination of the Swap Agreement.”*

*Extension of Swap Agreement*

Under the Swap Agreement, the Swap Counterparty may, at its option, on the Extension Effective Date extend the Portfolio Modification Period for four years to August 1, 2015 and correspondingly extend the term of the Swap Agreement and the maturity of the Notes and Class Q-1 Securities to August 1, 2020, subject to the satisfaction of the Extension Conditions. *See “Maturity and Extension of Maturity” above.*

The Reference Portfolio Manager may direct the Swap Counterparty to extend the Portfolio Modification Period and term of the Swap Agreement, and the Swap Counterparty has agreed to follow that direction subject to the satisfaction of the Extension Conditions.

Tax Considerations

The Issuer, as a foreign corporation, will be subject to U.S. federal income tax on its net income only if it is treated as engaged in a trade or business within the United States. Counsel to the Issuer will provide an opinion that, while not free from doubt, the Issuer should not be considered to be engaged in a trade or business within the United States as a result of its contemplated activities. For U.S. federal income tax purposes, the Class A-1 Notes, the Class A-2 Notes, the Class B Notes and the Class C Notes will be treated as debt of the Issuer. Investors will be obligated to treat Income Notes as equity interests in the Issuer. For U.S. federal income tax purposes, a holder of Class Q-1 Securities will be treated as if it directly owned the related Components. For U.S. federal income tax purposes, the Class Q-2A Securities will be treated as debt. *See “Certain Income Tax Considerations—Tax Treatment of Non-U.S. Holders”* for the tax consequences to Non-U.S. Holders of holding the Class Q-2B Securities. It is anticipated that the Issuer will be a passive foreign investment company (“PFIC”) for U.S. federal income tax purposes. *See “Certain Income Tax Considerations.”* Prospective purchasers should also consult their own tax advisors.

## RISK FACTORS

*Prospective purchasers of the Securities should consider, among other things, the following factors in connection with a purchase of the Securities. Prospective purchasers of the Class Q-1 Securities should consider, in addition to the matters set forth elsewhere in this Offering Circular, the risks applicable to the Components. More specifically, unless otherwise indicated or the context otherwise requires, all statements in these “Risk Factors” and elsewhere herein concerning the Senior Notes in general or the Class C-2 Notes or the Class C Notes in particular also relate to the applicable Class Q-1 Senior Note Component, and all such statements concerning the Income Notes also relate to the Class Q-1 Income Note Component. Prospective purchasers of the Class Q-2 Securities should consider, in addition to the matters set forth elsewhere in this Offering Circular, the risks applicable to the Class Q-2 Collateral Asset A. More specifically, unless otherwise indicated or the context otherwise requires, all statements in these “Risk Factors” and elsewhere herein concerning the Income Notes also relate to the Income Notes represented by the Class Q-2 Collateral Asset A.*

**Limited Assets to Make Payments on the Notes and Class Q-1 Securities.** The Senior Notes will be limited recourse debt obligations of the Issuer and will be non-recourse debt obligations of the Co-Issuer. The Class Q-1 Securities will be limited recourse debt obligations of the Issuer to the extent of the related Components. The Income Notes will be limited recourse debt obligations of the Issuer. The Notes will be payable solely from and to the extent of the available proceeds from the Trust Estate, and no person or entity other than the Issuer will be obligated to make any payments with respect to the Notes. The Issuer, as a special purpose company, will have no significant assets other than the Trust Estate and the Class Q-2 Securities Collateral pledged to secure the Class Q-2 Securities. The Co-Issuer will have no significant assets. Consequently, the Holders of the Senior Notes must rely for payment of the debt service on the Senior Notes solely upon the net payments received by the Issuer under the Swap Agreement, the outstanding Eligible Investments in the Trust Estate and amounts on deposit in the Trust Accounts, and any proceeds thereof. Any payment made by the Issuer to the Swap Counterparty under the Swap Agreement, including a Fixed Amount, Adjusted Reference Portfolio Return Amount, or Swap Termination Payment, and any reduction in any Adjusted Reference Portfolio Return Amount payable by the Swap Counterparty to the Issuer, may adversely affect the ability of the Issuers to make payments on the Notes. Holders of each Class of Notes will only be entitled to receive amounts available for distributions after payment of all amounts payable prior to such Class in accordance with the Priority of Payments set forth in the Indenture. *See “Description of the Securities—Priority of Payments.”* After the disposition of the Trust Estate, if the proceeds thereof are insufficient to pay the Senior Notes, no other assets will be available for payment of any deficiency, and none of the Issuers, the Reference Portfolio Manager, the Placement Agent, the Initial Purchaser, the Swap Counterparty, the Swap Guarantor, the Administrator, the Share Trustee, the Trustee, the Amendment Buy-Out Purchaser or any of their respective Affiliates or any other Person will be obligated to pay any such deficiency, and all outstanding claims against the Issuers will be extinguished and may not be revived thereafter.

**Subordination of Income Notes.** The Holders of the Income Notes will be subordinate in payment to the creditors of the Issuer ranking higher in the Priority of Payments, including, without limitation, the Swap Counterparty, the Holders of the Senior Notes, the Trustee, the Collateral Administrator and the Administrator. Except with respect to the obligations of the Issuer to make payments pursuant to the Swap Agreement, the Indenture, the Collateral Administration Agreement and the Administration Agreement, the Issuer does not expect to have any significant creditors.

Distributions with respect to the Income Notes will be payable solely from and to the extent of the available proceeds from the Trust Estate pursuant to the Priority of Payments. Consequently, the Holders of the Income Notes must rely solely upon the net payments received by the Issuer under the Swap Agreement, the outstanding Eligible Investments in the Trust Estate and amounts on deposit in the Trust Accounts, and any proceeds thereof. Because of the subordination of the Income Notes, distributions will be made with respect thereto only after all other payments and distributions due on a Payment Date from the Trust Estate have been made. Income Noteholders are not entitled to a return of a stated principal amount or to receive distributions at a stated rate.

**Return Considerations.** The return to each Holder of the Income Notes will be a function of the purchase price paid by such Holder for the Income Notes and the timing and amount of distributions made in respect of its Income Notes during the term of the transaction. Each prospective purchaser of Income Notes should make its own evaluation of the return that it expects to receive on the Income Notes. Prospective purchasers should be aware that

the timing and amount of distributions will be affected by, among other things, the timing and number of Credit Events and modifications to the Reference Portfolio (including the removal of Defaulted Reference Obligations), the timing and amount of Amortizations and the aggregate amount of Quarterly Aggregate Reduction Amounts, Quarterly Aggregate Increase Amounts and Quarterly Amortization Increase Amounts as a result thereof, which will depend in turn on the market value of Reference Obligations at the time of their removal from the Reference Portfolio. Each prospective purchaser should consider the risk that a more frequent occurrence of removals of Reference Obligations from the Reference Portfolio (including as a result of Credit Events) or lower market values upon such removals than that which may be anticipated by the purchaser will result in lower payments with respect to the Income Notes than that anticipated by the purchaser. The return on the Income Notes could also be adversely affected by market changes reducing the return on the Eligible Investments in the Trust Estate and the Adjusted Reference Portfolio Return Amounts (which depend on the interest and other amounts notionally generated by the Reference Portfolio). In particular, Interest Return may be reduced for Defaulted Reference Obligations, which in turn will reduce the Adjusted Reference Portfolio Return Amount payable to the Issuer. In addition, if the Issuer fails any Coverage Test as of any Determination Date for a Payment Date after the Ramp-up End Date, amounts that might otherwise be distributed to the Holders of the Income Notes on the related Payment Date will be used to redeem Senior Notes and will not be paid to such Holders. See “*Description of the Securities—Priority of Payments.*” Each prospective purchaser should consider that any such adverse developments could result in its failure to recover its initial investment in the Income Notes.

The amounts available to pay the interest on, and the principal of, the Senior Notes may also be adversely affected by the factors described in the preceding paragraph, including the timing and number of Credit Events and removals of Reference Obligations, the aggregate amount of Quarterly Aggregate Reduction Amounts, Quarterly Aggregate Increase Amounts and Quarterly Amortization Increase Amounts and market changes or other factors reducing the return on the Eligible Investments and the Adjusted Reference Portfolio Return Amounts. Although reductions in the Adjusted Reference Portfolio Return Amount payable to the Issuer may reduce the amounts available to make payments on the Senior Notes, there will be no corresponding reduction in the accrual of interest on the Senior Notes. See “—*Subordination of Payment and Control*” and “*Description of the Securities—The Indenture and the Collateral Administration Agreement—Events of Default*” for the discussions therein of the limited remedies available to the beneficial owners of the Senior Notes upon the occurrence of a payment default with respect thereto.

**Subordination of Payment and Control.** *Subordination of Payment.* Payments on the Notes will be subordinate to payments due to the Swap Counterparty under the Swap Agreement (except in limited cases) and the payment of certain expenses of the Issuers. Among the Notes, payments on the Class C-1 Notes and the Class C-2 Notes will rank *pari passu*, payments on the Class C Notes (except in certain cases where the Diversion Test is not satisfied) will be subordinate to payments on the Class A-1 Notes, the Class A-2 Notes and the Class B Notes, payments on the Class B Notes (except in certain cases where the Diversion Test is not satisfied) will be subordinate to payments on the Class A-1 Notes and the Class A-2 Notes, and payments on the Class A-2 Notes will be subordinate to payments on the Class A-1 Notes. Distributions on the Income Notes will be subordinate to all payments on the Senior Notes. If the Diversion Test is not satisfied, Payment Date Proceeds will be used pursuant to the Payment Date Priority of Payments to pay first, on a pro rata basis, Deferred Interest, if any, on the Class B Notes and Class C Notes, and then, on a pro rata basis, the Aggregate Principal Amount of the Class B Notes and Class C Notes, regardless of whether any Class A-1 Notes or Class A-2 Notes are then outstanding.

*Control.* If a payment default in respect of the Class A-1 Notes or Class A-2 Notes or any other Event of Default occurs under the Indenture, the Requisite Noteholders or, unless the Swap Agreement has been terminated and all amounts owed to the Swap Counterparty have been paid in full or a Swap Event of Default as to which the Swap Counterparty is the defaulting party has occurred and is continuing while any Senior Notes are Outstanding, the Swap Counterparty will be entitled to direct the Trustee to declare the principal of, and the accrued interest on, the Notes to be immediately due and payable. The Requisite Noteholders, however, will not have the right (except in certain limited circumstances) to direct the Trustee to sell or liquidate the Eligible Investments in the Trust Estate. The Requisite Noteholders will therefore have only limited, or no, recourse upon a payment default with respect thereto or the occurrence of other Events of Default under the Indenture so long as the Swap Agreement is in effect and the Swap Counterparty is performing its obligations thereunder. The actions taken by (or the inaction of) the Swap Counterparty could have adverse consequences for the Holders of the Securities.

In addition, under the Indenture, amendments of provisions of the Indenture and certain consents or waivers with respect thereto may generally only be made with the consent of the Swap Counterparty.

If an Event of Default occurs under the Indenture, the Swap Agreement has been terminated and all amounts due to the Swap Counterparty thereunder have been paid or if a Swap Event of Default has occurred and is continuing as to which the Swap Counterparty is the defaulting party, as long as any Class of Senior Notes is Outstanding, the Requisite Noteholders will be entitled to determine the remedies to be exercised under the Indenture without obtaining the consent of the Holders of any Class of subordinate Notes. Remedies pursued by the Requisite Noteholders could be adverse to the interests of the Holders of more junior Classes of Notes. Except in limited circumstances, none of the Holders of the Class A-2 Notes, the Class B Notes or the Class C Notes will have any right to determine the remedies to be exercised under the Indenture upon the occurrence of an Event of Default until in each case the Class or Classes of Notes senior to such Class have been paid in full, and the Holders of the Income Notes will have no rights to declare an Event of Default or to exercise any remedies upon an Event of Default under the Indenture, unless the Senior Notes have been redeemed in full and the Swap Agreement has been terminated and all amounts owed to the Swap Counterparty have been paid. See *“Description of the Securities—The Indenture and the Collateral Administration Agreement—Events of Default.”*

### **The Class Q-2 Securities**

Limited Assets to Make Payments on the Class Q-2 Securities. The Class Q-2 Securities will be limited recourse debt obligations of the Issuer. The Class Q-2 Securities will be payable solely from and to the extent of the available proceeds from the Class Q-2 Securities Collateral, and no person or entity other than the Issuer will be obligated to make any payments with respect to the Class Q-2 Securities. The Holders of the Class Q-2 Securities must rely for payments on the Class Q-2 Securities solely upon distributions, if any, made on the Class Q-2 Collateral Asset A and any other amounts on deposit in the Class Q-2 Securities Collateral Account, and any proceeds thereof. Any events adversely affecting the distributions on the Income Notes (including, without limitation, those described in *“Limited Assets to Make Payments on the Notes and Class Q-1 Securities”* and *“Return Considerations”* above and *“Effect of Credit Events on Performance of the Securities”* below) will adversely affect the ability of the Issuer to make payments on the Class Q-2 Securities. In addition, any events adversely affecting the value of the CGMHI Notes constituting the Class Q-2 Collateral Asset B will adversely affect the ability of the Issuer to make payments on the Class Q-2 Securities. After the disposition of the Class Q-2 Securities Collateral, if the proceeds thereof are insufficient to pay the Class Q-2 Securities, no other assets will be available for payment of any deficiency, and none of the Issuer, the Reference Portfolio Manager, the Placement Agent, the Initial Purchaser, the Swap Counterparty, the Swap Guarantor, the Administrator, the Share Trustee, the Trustee, the Amendment Buy-Out Purchaser or any of their respective Affiliates or any other Person will be obligated to pay any such deficiency, and all outstanding claims against the Issuer will be extinguished and may not be revived thereafter. Following the redemption of the Notes and the liquidation of the Trust Estate, Holders of Class Q-2B Securities that do not exchange such Class Q-2B Securities for the Class Q-2 Securities Collateral may be required to make or provide for certain payments to the Issuer in respect of administrative expenses.

Subordination of Class Q-2B Securities. *Subordination of Payment.* Among the Class Q-2 Securities, payments on the Class Q-2B Securities (other than payment of the Class Q-2B Target Amount) will be subordinate to payments on the Class Q-2A Securities. Holders of Class Q-2B Securities will only be entitled to receive amounts available for distributions after payment of all amounts payable prior to such Class in accordance with the Class Q-2 Priority of Payments set forth in the Indenture. See *“Description of the Securities—Class Q-2 Securities.”*

*Control.* If a payment default in respect of the Class Q-2A Securities or any other Class Q-2 Event of Default occurs under the Indenture, so long as any Class Q-2A Securities are Outstanding, Holders of 66-2/3% in Aggregate Principal Amount of the Class Q-2A Securities will be entitled to direct the Trustee to declare the principal of, and the accrued interest on, the Class Q-2A Securities to be immediately due and payable and will be entitled to determine the remedies to be exercised under the Indenture. Remedies in the case of a Class Q-2 Event of Default are subject to certain limitations under the Indenture. Remedies pursued by the Holders of the Class Q-2A Securities could be adverse to the interests of the Holders of the Class Q-2B Securities. Except in limited circumstances, no Holder of Class Q-2B Securities will have any right to determine the remedies to be exercised under the Indenture upon the occurrence of a Class Q-2 Event of Default until the Class Q-2A Securities have been paid in full. See *“Description of the Securities—The Class Q-2 Securities.”* Upon such a default, Holders of Class

Q-2 Securities will have no rights to determine remedies to be exercised with respect to the Trust Estate, except to the extent of any right of the Class Q-2 Collateral Asset A.

**Class Q-2 Collateral Asset B.** This Offering Circular relates only to the Securities offered hereby (including to the Income Notes represented by the Class Q-2 Collateral Asset A) but is not an offering document for the Class Q-2 Collateral Asset B. It is intended solely to identify the Class Q-2 Collateral Asset B and does not purport to summarize or provide detailed information with respect to the Class Q-2 Collateral Asset B or the terms and conditions thereof. All information contained herein with respect to Class Q-2 Collateral Asset B is derived solely from the offering memorandum dated March 25, 2004 and pricing supplement dated April 28, 2004 with respect thereto (the “Class Q-2 Collateral Asset B Offering Documents”). Any information regarding the Class Q-2 Collateral Asset B contained herein does not purport to be complete and is qualified in its entirety by, and should be read in conjunction with, the Class Q-2 Collateral Asset B Offering Documents. The Issuer did not participate in the preparation of the Class Q-2 Collateral Asset B Offering Documents, and the Issuer has not made any due diligence inquiry with respect to the information provided therein nor has it verified the accuracy or completeness of such documents. In addition, the Issuer has made no investigation regarding the financial condition or creditworthiness of the issuer of the Class Q-2 Collateral Asset B. Information contained in the Class Q-2 Collateral Asset B Offering Documents is as of the respective dates stated therein, and comparable information, if given as of the date hereof, may be different. There can be no assurance that events affecting the Class Q-2 Collateral Asset B have not occurred, whether or not disclosed, which would affect the accuracy or completeness of the Class Q-2 Collateral Asset B Offering Documents.

**Effects of Leverage.** The Aggregate Reference Value of the Reference Portfolio on the Ramp-up End Date, determined based on the Reference Prices and the Reference Obligation Calculation Amounts (which include the undrawn portion of any revolving loan included in the Reference Obligations), is expected to be approximately equal to U.S. \$895.5 million and therefore will be approximately 10.9 times greater than the initial purchase price for the Income Notes. This leverage will increase the cash flow available in respect of the amount invested by the Holders of the Income Notes as compared with the cash flow that would be available in respect of a comparable investment in a non-leveraged transaction. Such increased cash flow will directly affect the return on the Income Notes. See “—Return Considerations.” However, the use of leverage also creates risk for the Holders of the Income Notes because it increases their exposure to losses on a leveraged basis as a result of Credit Events and removals of Reference Obligations.

Due to the existence of the leverage, changes in the market value of the Income Notes could be greater than the changes in the value of the underlying Reference Portfolio, which itself is subject to, among other things, credit and liquidity risk. As a result, the occurrence of Credit Events with respect to only a small portion of the Reference Obligations could result in the complete loss of the investment of the Holders of the Income Notes. Purchasers of the Income Notes must consider with particular care the risks of leverage because, although the use of leverage creates an opportunity for substantial returns on the Income Notes, it increases substantially the likelihood that the Holders of Income Notes could lose their entire investment if the Trust Estate is adversely affected by the removal of Reference Obligations upon the occurrence of Credit Events or otherwise.

**Interest Rate Risk.** The Class A-1 Notes, the Class A-2 Notes, the Class B Notes and the Class C-1 Notes will bear interest at floating rates based on LIBOR, as determined on each LIBOR Determination Date. The Class C-2 Notes will bear interest at a fixed rate. The funds that the Issuers will use to make interest payments on the Notes will consist of payments from the Swap Counterparty in respect of Reference Obligations and income from Eligible Investments and amounts on deposit in the Trust Accounts. Although the Reference Obligations and Eligible Investments are expected to be comprised primarily of floating rate obligations or provide for floating rate payments with payment dates, maturities or interest rate resets occurring at least quarterly, some Reference Obligations or Eligible Investments may bear interest at fixed rates or at floating rates based on indices other than LIBOR, or if LIBOR is applicable, LIBOR for the instrument may reset on dates other than the reset dates for the Notes. See the definition of “Eligible Investments” in the “Glossary of Certain Defined Terms.” Consequently, there may be a mismatch between the interest payment obligations of the Issuers under the Senior Notes, on the one hand, and the cash flows paid to the Issuer under the Swap Agreement (which depend in part on the interest rates of the Reference Obligations) and Eligible Investments in the Trust Estate, on the other hand. As a result of such a mismatch, an increase or decrease in LIBOR (or other relevant floating rate) for the relevant maturity could adversely affect the ability of the Issuer to make payments on the Notes.

**Role of the Reference Portfolio Manager.** The Reference Portfolio Manager will act solely on behalf of the Swap Counterparty, whose interests may be different from or adverse to interests of the Issuer and the Holder of Securities. See “—*Conflicts of Interest Involving the Swap Counterparty and its Affiliates.*” The Reference Portfolio Manager will not act or be deemed to act on behalf of the Issuer or the Holders of Securities. Actions or functions taken or performed by or which the Reference Portfolio Manager is entitled to take or perform under the Swap Agreement or the Reference Portfolio Management Agreement will be taken or performed solely in the Reference Portfolio Manager’s capacity as agent for the Swap Counterparty pursuant to the Reference Portfolio Management Agreement. Such actions include for example, the decision to add or remove a Reference Obligation, the determination of the Reference Price and/or Final Price for a Reference Obligation, and the calculation of Obligation Value Increase Amounts and Obligation Value Reduction Amounts. Neither the Issuer nor the Holders of the Securities will have any rights, as a third party beneficiary or otherwise, against the Reference Portfolio Manager under the Swap Agreement or the Reference Portfolio Management Agreement, and the Reference Portfolio Manager will have no liability to the Issuer or the Holders of Securities thereunder. The Issuer and the Holders of Securities will have no direct recourse against the Reference Portfolio Manager as a result of action or inaction by the Reference Portfolio Manager thereunder. In addition, neither the Issuer nor the Holders of the Securities will have any right to remove the Reference Portfolio Manager. See “—*Removal of the Reference Portfolio Manager.*” Although the Reference Portfolio Manager is expected to manage the Eligible Investments in the Trust Estate (other than the initial Investment Agreement) on behalf of the Swap Counterparty, it will cease to do so if a Swap Event of Default occurs with respect to the Swap Counterparty or a Swap Additional Termination Event occurs. If the Swap Agreement is terminated for any reason, Highland Capital may, but will have no obligation to, assist the Issuer in securing a replacement Swap Agreement, and if the Issuer enters into a replacement Swap Agreement, there can be no assurance that Highland Capital will be the reference portfolio manager thereunder.

The disclosure with respect to the Reference Portfolio Manager herein is included solely for the purpose of allowing prospective investors to understand the effect that actions taken or functions performed by the Reference Portfolio Manager (on behalf of the Swap Counterparty) may have on the Securities.

**Effect of Decisions of the Reference Portfolio Manager on the Securities.** The ability of the Issuer to pay scheduled principal and interest on the Senior Notes and to make distributions in respect of the Income Notes will be highly dependent on the performance of the Swap Agreement, which in turn will depend on decisions made by the Reference Portfolio Manager in accordance with the terms of the Swap Agreement and the Reference Portfolio Management Agreement. As described under “—*Role of the Reference Portfolio Manager*” and “—*Conflicts of Interest Involving the Reference Portfolio Manager,*” the Reference Portfolio Manager is acting as the agent of the Swap Counterparty, not the Issuer. As described below under “—*Removal of the Reference Portfolio Manager,*” the Issuer and the Holders of Securities will have no right to remove the Reference Portfolio Manager.

The Reference Portfolio Manager is expected to actively manage the Reference Portfolio during the term of the transaction with the objective that the Adjusted Reference Portfolio Return Amount be sufficient to permit the Issuer, in accordance with the Priority of Payments, (i) on each Payment Date, to pay scheduled interest and principal on the Senior Notes in a timely manner and (ii) subject to clause (i), to provide for returns to the Holders of the Income Notes; *provided, however* that the Reference Portfolio Manager will not be responsible if such objectives are not achieved so long as the Reference Portfolio Manager performs its duties under the Reference Portfolio Management Agreement; and, *provided, further* that Holders of Securities will have no recourse to the Reference Portfolio Manager with respect to payment under the Securities. Unless the Swap Agreement has been terminated and all amounts owed to the Swap Counterparty thereunder have been paid in full or a Swap Event of Default as to which the Swap Counterparty is the defaulting party or Swap Additional Termination Event has occurred and is continuing, the Swap Counterparty or the Reference Portfolio Manager on its behalf will select the Eligible Investments in the Trust Accounts (other than the initial Eligible Investment) and manage the Eligible Investments in the Trust Accounts in accordance with the requirements of the Indenture.

There can be no assurance that the Reference Portfolio Manager will be able to manage the Reference Portfolio in a way that produces the economic results under the Swap Agreement desired by the Issuer (or, in turn, the beneficial owners of the Securities). The achievement of the desired results will require a high level of analytical sophistication, and there can be no assurance that the Reference Portfolio Manager will correctly judge the nature and magnitude of the many factors that could affect the prospects of creating such a Reference Portfolio. While the Reference Portfolio Manager has experience in selecting credits, managing debt portfolios, including

collateralized debt obligations (some of which include, or are permitted to include, in their collateral, synthetic securities in the form of credit default swaps), and in recovery workouts upon credit defaults, the skill set required for such activities is not necessarily the same as that required for managing a portfolio of reference credits in a synthetic transaction, such as the Reference Portfolio in this transaction. In any case, there can be no assurance that the past performance of the Reference Portfolio Manager in managing debt portfolios or other assets will be indicative of its performance in managing the Reference Portfolio.

The ability of the Reference Portfolio Manager on behalf of the Swap Counterparty to manage the Reference Portfolio will be constrained by certain limitations, including the requirements that any Reference Obligation to be added to the Reference Portfolio satisfy certain criteria and the Reference Portfolio as a whole satisfy certain criteria. In addition, the right of the Reference Portfolio Manager to modify the Reference Portfolio will be limited during any period in which any Coverage Test is not satisfied. See *“The Reference Portfolio—Reference Portfolio Criteria”* and *“Description of the Swap Agreement—Selection and Modification of the Reference Portfolio.”* Accordingly, during certain periods or in certain circumstances, the Reference Portfolio Manager may be unable as a result of such limitations to add to, remove from or otherwise modify the Reference Portfolio or take other actions that it might consider to be desirable under the Swap Agreement.

Because the Issuer may be required to make payments to the Swap Counterparty as a result of an Obligation Value Reduction Amount in connection with the removal of a Reference Obligation from the Reference Portfolio (or amounts otherwise payable by the Swap Counterparty to the Issuer may be reduced as a result thereof), removing Reference Obligations to restrict losses may result in certain costs to the Issuer. In addition, there can be no assurance that the Reference Portfolio Manager will become aware of the credit deterioration of a Reference Obligation in sufficient time to remove it from the Reference Portfolio to avoid or mitigate potential loss.

The management of the Reference Portfolio by the Reference Portfolio Manager during the term of the transaction will expose the Issuer (and, consequently, the Holders of Securities) through the Swap Agreement to changes in market conditions. As a result, if Reference Obligations are removed, the Reference Portfolio Manager may not be able to add Reference Obligations that will result in Adjusted Reference Portfolio Return Amounts at comparable levels to those prevailing while the removed Reference Obligations were part of the Reference Portfolio. Any such difference may adversely impact the ability of the Issuers to pay the principal of and interest on the Senior Notes and may reduce the return on the Income Notes. See *“—Return Considerations.”*

In addition, under certain circumstances, the Reference Portfolio Management Agreement could be terminated or the Reference Portfolio Manager may resign as described under *“The Reference Portfolio Manager and the Reference Portfolio Management Agreement.”* In such case, there can be no assurance as to the nature of the subsequent management of the Reference Portfolio.

Because the composition of the Reference Portfolio will vary over time, the performance of the Reference Portfolio depends heavily on the skills of the Reference Portfolio Manager in analyzing, selecting and managing the Reference Obligations. As a result, the Issuer, through the Swap Agreement, will be highly dependent on the financial and managerial experience of certain individuals associated with the Reference Portfolio Manager. The loss of key personnel could thus have a material adverse effect on the performance of the transaction and the interests of the beneficial owners of the Securities.

**Exposure to Reference Obligations and Eligible Investments.** The market value of Reference Obligations generally will fluctuate with, among other things, the financial condition of the relevant Reference Entity and the terms of such Reference Obligations, changes in prevailing interest rates, general economic conditions, the condition of certain financial markets (particularly the markets for corporate debt obligations and credit facilities), domestic and international political events and developments or trends in any particular industry. In addition, the return to the Holders will depend on the rate of prepayments of Reference Obligations and the Reference Prices at which the Reference Portfolio Manager, on behalf of the Swap Counterparty, is able to add Reference Obligations to the Reference Portfolio. To the extent that prepayments occur at a different rate than expected or Reference Prices reflect less of a discount to par than expected, returns to the Holders may be reduced. The occurrence of a Credit Event will likely result in a decrease in the market value of the related Reference Obligation. If a Reference Obligation is removed from the Reference Portfolio at a time when a Credit Event has occurred and is continuing, the market value of the Reference Obligation may be less than would otherwise prevail in the absence of such circumstances.

The Issuer is also exposed to credit risk and market risk of the issuers of any Eligible Investments that it holds. The net proceeds of the issuance of the Notes (including the Income Notes represented by the Class Q-2 Collateral Asset A) and the Class Q-1 Securities are expected to be invested in the Investment Agreement as described in more detail herein. Insolvency of, or default by, the counterparty to such agreement (or its guarantor) would adversely affect the ability of the Issuer to make payments and distributions with respect to the Securities. In addition, such insolvency or default, or qualification, downgrade or withdrawal of the credit rating of such counterparty (or its guarantor), could result in the qualification, downgrade or withdrawal of the ratings of the Senior Notes or Class Q-1 Securities. *See "Description of the Securities—The Investment Agreement."* Other Eligible Investments acquired from time to time by the Issuer will be required to satisfy certain criteria as discussed herein.

**Revolving Loan Risk.** A significant portion of the Reference Portfolio is expected to consist of revolving loan facilities. When a revolving loan facility is included in the Reference Portfolio, the Reference Obligation Calculation Amount will measure the maximum amount of the portion of the loan included in the Reference Obligation that could be outstanding under that facility. The Reference Portfolio Proceeds in respect of such a Reference Obligation will depend on the actual amount of loans outstanding, which will change from time to time as the borrower draws, repays and redraws amounts under the facility. Although the borrower under a revolving facility typically pays commitment fees on the undrawn credit line under that facility (which commitment fees will be taken into account in calculating the Interest Return), the Interest Return, and accordingly, the Adjusted Reference Portfolio Return Amounts, will be lower to the extent the revolving facilities are undrawn. If draws under such facilities are, on average, lower than expected, the Adjusted Reference Portfolio Return Amounts will be correspondingly reduced. In that case, the ability of the Issuer to make distributions on the Income Notes and pay interest on the Senior Notes may be impaired.

**Ramp-up Risk.** The Reference Portfolio on the Closing Date is expected to have an Aggregate Reference Obligation Calculation Amount of approximately U.S. \$770 million. During the Ramp-up Period, the Reference Portfolio Manager on behalf of the Swap Counterparty is expected to add Reference Obligations to the Reference Portfolio until the Aggregate Reference Obligation Calculation Amount of the Reference Obligations is equal to approximately U.S. \$900 million in accordance with certain criteria. After the Ramp-up Period, the Aggregate Reference Obligation Calculation Amount may still increase or decrease as a result of removal and addition of Reference Obligations.

The Reference Portfolio Manager's ability to add Reference Obligations at suitable Reference Prices will depend on a number of factors, including the conditions in certain financial markets, general economic conditions and U.S. and international political events. There can be no assurance that the Reference Portfolio will reach the target levels during the Ramp-up Period or at all. A smaller Reference Portfolio may result in smaller Adjusted Reference Portfolio Return Amounts and could adversely affect returns on the Income Notes or the ability of the Issuer to make required payments on the Senior Notes. The Issuers will request each Rating Agency to confirm, within 30 days after the Ramp-up End Date, the ratings assigned on the Closing Date to the Senior Notes and the Class Q-1 Securities. If any of such ratings on the Senior Notes are not confirmed, on the next and succeeding Payment Dates the Senior Notes will be redeemed, beginning with the most senior Class outstanding, in accordance with the Priority of Payments until such ratings are confirmed.

**No Legal or Beneficial Interest in Reference Obligations.** Under the Swap Agreement, the Issuer will have a contractual relationship only with the Swap Counterparty, and not with any Reference Entity. Consequently, the addition of a Reference Obligation to the Reference Portfolio will not constitute a purchase or other acquisition or assignment of any interest in the Reference Obligation or any other obligation of the related Reference Entity. The Swap Counterparty is not obligated to, and may choose not to, own any or all of the Reference Obligations. Moreover, the Swap Counterparty will not grant the Issuer or the Trustee any security interest in any such obligation. The Issuer and the Trustee will therefore have rights solely against the Swap Counterparty in accordance with the Swap Agreement. The Issuer will have no right to (i) enforce directly compliance by the Reference Entity with the terms of any specific obligation of the Reference Obligation, (ii) exercise rights of setoff against the Reference Entity or voting or other consensual rights of ownership with respect to any such obligation, (iii) benefit directly from any collateral supporting any such obligation or (iv) avail itself of any remedies that would normally be available to a holder of any such obligation. Under the Swap Agreement, none of the Issuers, the Trustee, the beneficial owners of the Securities or any other entity will have any rights to acquire from the Swap Counterparty (or to require the Swap Counterparty to purchase, transfer, assign or otherwise dispose of) any interest in any Reference Obligation.

**Limited Provision of Information about Reference Entities.** Except for the limited information contained in the periodic reports furnished by the Issuer or its agent, the beneficial owners of the Securities will not have the right to obtain from the Issuers, the Swap Counterparty, the Swap Guarantor, the Reference Portfolio Manager, the Trustee, the Collateral Administrator, the Share Trustee, the Administrator, the Amendment Buy-Out Purchaser or any of their respective Affiliates any additional information about the Reference Portfolio or the Reference Entities. See “*Description of the Securities—The Indenture and the Collateral Administration Agreement—Reports.*” The Swap Counterparty will have no obligation to keep the Issuers, the Trustee or the beneficial owners of the Securities informed as to matters arising in relation to any Reference Entity or Reference Obligation, including whether or not circumstances exist under which there is a possibility of the occurrence of a Credit Event.

None of the Issuers, the Trustee or the beneficial owners of the Securities will have the right to inspect any records of the Swap Counterparty or the Reference Entities, and the Swap Counterparty will be under no obligation to disclose any further information regarding the existence or terms of any obligation of any Reference Entity, any guarantor or any other person.

**Effect of Credit Events on Performance of the Securities.** The Issuer is not aware of a central source for relevant data or a standardized method for measuring the likelihood of the occurrence of Credit Events. Furthermore, the historical experience of obligors comparable to the Reference Entities is not necessarily indicative of the risk of Credit Events occurring with respect to the Reference Obligations in the Reference Portfolio. The occurrence of Credit Events and the removal of the relevant Reference Obligations from the Reference Portfolio will generally reduce the amounts that would otherwise be available for payments on the Senior Notes and distributions on the Income Notes. Any such reduction will first affect the Income Notes before affecting the Senior Notes and among the Senior Notes, the beneficial owners of the Class C Notes will be directly affected before the beneficial owners of the Class B Notes, the beneficial owners of the Class B Notes will be directly affected before the beneficial owners of the Class A-2 Notes, and the beneficial owners of the Class A-2 Notes will be directly affected before the beneficial owners of the Class A-1 Notes. Prospective purchasers of the Securities should consider for themselves, among other things, the likely level and timing of Credit Events and the amount of any resulting Obligation Value Reduction Amounts. The return to the beneficial owners of the Securities will be directly affected by the performance of the Reference Portfolio in comparison to the levels of such factors anticipated by such beneficial owners. See “*—Return Considerations*” for a description of certain other developments that could adversely affect the return on the Securities.

**Termination of the Swap Agreement.** In certain circumstances specified in the Swap Agreement, the Issuer or the Swap Counterparty may terminate the Swap Agreement. For example, the Issuer or the Swap Counterparty will each have the right to terminate the Swap Agreement upon the occurrence of a payment default under the Swap Agreement by the other party. See “*Description of the Swap Agreement—Early Termination of the Swap Agreement.*” In the event that the Swap Agreement is terminated, the Issuer will no longer receive payments from the Swap Counterparty and may not have sufficient funds to make payments when due on the Securities.

In addition, upon an early termination of the Swap Agreement, the Issuer or the Swap Counterparty may be required to make a Swap Termination Payment to the other party. Such Swap Termination Payment will be calculated on the basis of the “Close-out Amount” as defined in the ISDA Master Agreement, and will generally serve to compensate the party that is “in-the-money” (which may be the defaulting party or the affected party) for the replacement cost of the terminated Swap Agreement. If the Issuer is required to make a Swap Termination Payment in such circumstances and does not enter into a replacement swap agreement under which it receives an offsetting payment, any such payment would reduce the amount available to the Issuers to make payments to the Holders of the Securities. See “*Description of the Swap Agreement—Early Termination of the Swap Agreement.*”

**Extension of Portfolio Modification Period, Swap Agreement and Maturity of Notes and Class Q-1 Securities.** Under the Swap Agreement, the Swap Counterparty may, at its option, on the Extension Effective Date extend the Portfolio Modification Period for four years to August 1, 2015 and correspondingly extend the term of the Swap Agreement for four years to August 1, 2020, if the Extension Conditions are satisfied. Under the Indenture, if the term of the Swap Agreement is so extended, the maturity of the Notes and the Class Q-1 Securities will be equally extended without the requirement for any approval or consent of any holders of Securities. Holders of Securities will not be able to prevent or prohibit the extension of the maturity of the Notes and Class Q-1 Securities so long as the Extension Conditions are satisfied, which include the ability of holders of Notes and Class

Q-1 Securities to sell their Notes and Class Q-1 Securities at the applicable purchase price to a designated purchaser under the Indenture. However, the Indenture provides that holders of Income Notes that have received an internal rate of return equal to or in excess of 18% per annum as of the Extension Effective Date will not receive any payment in exchange for their Income Notes sold in connection with a Maturity Extension.

As a consequence, if the Swap Counterparty elects to extend the Swap Agreement and the Extension Conditions are satisfied, holders of Notes and Class Q-1 Securities may either be required to hold their Notes and Class Q-1 Securities for a significantly longer period of time or be forced to sell their Notes and Class Q-1 Securities for the applicable purchase price under the Indenture, resulting in a shorter holding period than expected at the time of investment in the Notes and Class Q-1 Securities.

In addition, the extension of the Portfolio Modification Period may affect the management of the Reference Portfolio over time and accordingly may affect the return to holders of Securities. *See – “Effect of Decisions of the Reference Portfolio Manager on the Securities.”*

The Class Q-2 Securities are scheduled to mature on April 28, 2034 and are not themselves subject to any extension of maturity. However, the Income Notes represented by the Class Q-2 Collateral Asset A are subject to an extension of maturity (and may be sold in connection therewith upon the direction of the applicable Holders of Class Q-2B Securities who pursuant to the Indenture have voting rights with respect to the Income Notes represented by the Class Q-2 Collateral Asset A) as described herein.

**Amendment Buy-Out.** Any Non-consenting Holder of Notes or Class Q-1 Securities with respect to an amendment of the Indenture or the Swap Agreement (which includes holders that fail to respond to a consent solicitation within the applicable period) may be forced to sell its applicable Securities to the Amendment Buy-Out Purchaser at the applicable Amendment Buy-Out Purchase Price, resulting in a shorter holding period than expected at the time of investment in the Securities. However, in the case of Income Notes, the Indenture provides that the Amendment Buy-Out Purchase Price will be zero for Non-consenting Holders that have received an internal rate of return equal to or in excess of 18% per annum as of the Amendment Buy-Out date. *See “Description of the Securities—Amendment Buy-Out.”* A holder’s ability to vote against an amendment or affect or influence the amendment process with respect to the Indenture and the Swap Agreement may thus be limited. The Amendment Buy-Out Option may also increase the ability of the Swap Counterparty or the Reference Portfolio Manager to affect or influence the amendment process.

The Class Q-2 Securities themselves are not subject to an Amendment Buy-Out, but the Indenture permits the Amendment Buy-Out Purchaser to purchase at the applicable Amendment Buy-Out Purchase Price the Income Notes represented by the Class Q-2 Collateral Asset A, if the Holders of Class Q-2B Securities who pursuant to the Indenture have voting rights with respect to the Income Notes represented by the Class Q-2 Collateral Asset A would be deemed to be a Non-consenting Holder with respect to such Income Notes and such amendment pursuant to the provisions of the Indenture. Such purchase may result in the early repayment of the Class Q-2A Securities pursuant to the Indenture.

**Reliance on Creditworthiness of the Swap Counterparty and Swap Guarantor.** The ability of the Issuers to pay amounts due on the Senior Notes and the Issuer to make distributions on the Income Notes will be dependent, in part, on the receipt of payments by the Issuer from the Swap Counterparty under the Swap Agreement (or from the Swap Guarantor under the Swap Guarantee). Consequently, the Issuers will not only be relying on the creditworthiness of the Reference Entities in order to avoid the occurrence of Credit Events, but also on the creditworthiness of the Swap Counterparty (or the Swap Guarantor) to perform its obligations in respect of the Swap Agreement. The insolvency of the Swap Counterparty or Swap Guarantor or a default by it under the Swap Agreement or Swap Guarantee, respectively, would adversely affect the ability of the Issuers to make the payments due on the Senior Notes and distributions on the Income Notes, could result in the qualification, withdrawal or downgrading of the rating on the Senior Notes or the Class Q-1 Securities and potentially could lead to the early termination of the Swap Agreement. *See “The Swap Counterparty and Swap Guarantor.”*

The rating of the Securities may also be affected by a qualification, downgrade or withdrawal of the Swap Counterparty’s or the Swap Guarantor’s ratings. If the Swap Counterparty or the Swap Guarantor fails to meet the applicable rating requirements under the Swap Agreement, the Swap Counterparty will be required to post collateral, and in some cases, take certain additional actions. There can be no assurance, however, that the Swap Counterparty’s posting of collateral or taking such actions will prevent a qualification, downgrade or withdrawal of the ratings of any Class of Senior Notes or Class Q-1 Securities.

Upon any early termination of the Swap Agreement, as long as the Notes have not been accelerated pursuant to the Indenture, the Issuer will attempt, subject to the Indenture and to approval by the Holders of the Notes as described herein, to arrange to replace the Swap Agreement with a new swap agreement with an acceptable counterparty. In such event, the Reference Portfolio Manager may, in its discretion, assist the Issuer in its efforts to arrange for a replacement swap agreement, with itself as Reference Portfolio Manager. There can be no assurance that the Issuer or the Reference Portfolio Manager will be able to arrange for a substitute swap agreement in the event of the termination of the Swap Agreement, that the terms of any such replacement swap agreement would be as favorable to the Issuer or the Holders of the Securities as the terms of the Swap Agreement or that Highland Capital will be the reference portfolio manager under such a replacement swap agreement.

**Concentration Risk.** Payments on the Securities could be affected by the concentration of the Reference Portfolio in the Reference Obligations of any one country, industry or Reference Entity. In addition, Defaulted Reference Obligations may be highly correlated with particular geographic regions or industries represented in the Reference Portfolio. The Swap Agreement will contain limitations on the concentration of the Reference Obligations in the obligations of any one Reference Entity and will also include diversity requirements intended to achieve diversity across countries and industries.

**International Investing.** Up to 15% of the Portfolio Calculation Amount may consist of Reference Obligations of Reference Entities having a Domicile in an Eligible Country other than the United States or Canada. Transactions in Reference Obligations of non-U.S. Reference Entities may involve greater risks than transactions in Reference Obligations of only U.S. Reference Entities. These risks may include (i) less publicly available information, (ii) varying levels of governmental regulation and supervision, (iii) the difficulty of enforcing legal rights in a foreign jurisdiction and uncertainties as to the status, interpretation and application of laws, (iv) risks of economic dislocations in the host country, (v) less data on historic default and recovery rates, (vi) higher transaction costs, (vii) delays and other problems in the clearance and settlement of transactions and (viii) impacts of currency conversion rate changes on Reference Entities (although all of the Reference Obligations will be denominated and payable in U.S. dollars). Moreover, non-U.S. Reference Entities may not be subject to accounting, auditing and financial reporting standards, practices and requirements comparable to those applicable to U.S. Reference Entities. Although the Issuer will not directly own any Reference Obligations, all of the foregoing factors may adversely affect the market value of any Reference Obligation of a non-U.S. Reference Entity, which may result in a larger Obligation Value Reduction Amount or smaller Obligation Value Increase Amount upon its removal from the Reference Portfolio.

**Credit Ratings.** Credit ratings of Reference Entities and Reference Obligations represent the opinions of the rating agencies regarding the likelihood of payment of certain obligations when due and the ultimate payment of other obligations (such as principal payments) of the Reference Entities, but are not a guarantee of the creditworthiness of such Reference Entities. While the market imposes a certain amount of discipline on the rating agencies' rating processes, the rating agencies themselves do not assume responsibility for their rating actions in any legally cognizable sense, and investors cannot expect to have recourse to rating agencies for ratings actions taken or not taken. While rating methodologies generally attempt to evaluate all risks capable of rational analysis, not all risks are susceptible of analysis and certain market risks are explicitly excluded from rating analyses. Therefore, the ratings assigned to a Reference Entity or its Reference Obligations by the Rating Agencies may not fully reflect the true risks of adding a Reference Obligation to the Reference Portfolio. In addition, rating agencies may fail to make timely changes in credit ratings in response to subsequent events, so that the current financial condition of a Reference Entity at any given time may be better or worse than what the current rating indicates. Consequently, credit ratings of the Reference Entities and Reference Obligations included in the Reference Portfolio cannot be definitive indicators of investment quality. *See also "Ratings"* for a discussion of the ratings of the Senior Notes and the Class Q-1 Securities.

**Conflicts of Interest Involving the Swap Counterparty and Its Affiliates.** The Swap Counterparty and its Affiliates are acting in a number of capacities in connection with the transaction described herein. Citigroup Global Markets Inc., an Affiliate of the Swap Counterparty, will serve as Initial Purchaser and Placement Agent with respect to the Securities and may be the Amendment Buy-Out Purchaser. The Swap Counterparty or another affiliate may act as, or designate, another Amendment Buy-Out Purchaser. The Swap Guarantor is the issuer of the Class Q-2 Collateral Asset B. The Swap Counterparty and each of its Affiliates acting in such capacities will have only the duties and responsibilities expressly agreed to by such entity in the relevant capacity and will not, by reason of its or any of its Affiliates' acting in any other capacity, be deemed to have other duties or responsibilities or be deemed to be held to a standard of care other than as expressly provided with respect to each such capacity. In no

event shall the Swap Counterparty or any of its Affiliates be deemed to have any fiduciary obligations to the Holders of the Securities or any other Person by reason of its or any of its Affiliates acting in any capacity. The Swap Counterparty may take actions under the Swap Agreement or otherwise that may be inconsistent with or adverse to the interests of the Holders of the Securities.

The Swap Counterparty will not be obligated to take any action to minimize Obligation Value Reduction Amounts, or maximize Obligation Value Increase Amounts, with respect to any Reference Obligation. The Swap Counterparty or one of its Affiliates may act as a dealer for purposes of obtaining quotations with respect to a Reference Obligation. In the case of the occurrence of an Event of Default under the Indenture, the Swap Counterparty will, except in limited circumstances, be entitled to direct the Trustee to take certain actions with respect to the Trust Estate until the obligations of the Issuer to the Swap Counterparty under the Swap Agreement are paid in full, and such directions may be inconsistent with or adverse to the interests of the Holders of the Securities. The Swap Counterparty will be entitled to extend the Portfolio Modification Period and correspondingly extend the term of the Swap Agreement and the maturity of the Notes and the Class Q-1 Securities, subject to the Extension Conditions.

The Swap Counterparty and its Affiliates may purchase, acquire, hold, sell and make loans secured by Securities from time to time subject to certain limitations discussed below. The Swap Counterparty and its Affiliates may be entitled or become obligated to acquire Securities under certain circumstances and in such case would have the rights of Holders of such Securities as described herein.

The Swap Counterparty and its Affiliates may (but are not required to) hold any Reference Obligations or other obligations or securities of any Reference Entity (including to hedge its obligations under the Swap Agreement), may deal in any such obligations or securities, may enter into other credit derivatives involving reference entities or reference obligations that may include the Reference Entities or Reference Obligations (including credit derivatives to hedge its obligations under the Swap Agreement), may accept deposits from, make loans or otherwise extend credit to, and generally engage in any kind of commercial or investment banking or other business with, any Reference Entity, any Affiliate of any Reference Entity or any other Person or other entity having obligations relating to any Reference Entity, and may act with respect to such business in the same manner as if the Swap Agreement did not exist, regardless of whether any such relationship or action might have an adverse effect on any Reference Entity (including, without limitation, any action which might constitute or give rise to a Credit Event), or on the position of the Issuer or any other party to the transactions described herein or otherwise. Reference Obligations may include loans or loan facilities extended by the Swap Counterparty or any of its Affiliates to Reference Entities. In addition, the Swap Counterparty and/or its Affiliates may from time to time possess interests in the Reference Entities and/or Reference Obligations allowing the Swap Counterparty or its Affiliates, as applicable (or any investment manager or adviser acting on its or their behalf), to exercise voting or consent rights with respect thereto, and such rights may be exercised in a manner that may be adverse to the interests of the Holders or that may affect the market value of Reference Obligations and/or the amounts payable thereunder. The Swap Counterparty and its Affiliates may maintain other banking and investment advisory relationships with the Reference Portfolio Manager and its Affiliates. The Swap Counterparty and its Affiliates may, whether by reason of the types of relationships described herein or otherwise, at the date hereof or any time hereafter, be in possession of information in relation to any Reference Entity that is or may be material in the context of the Swap Agreement and the other transaction documents and that may or may not be publicly available or known to the other parties to the transaction documents and which information the Swap Counterparty or such Affiliates may be prohibited from using for the benefit of the Issuer. Although the Swap Counterparty or its Affiliates may be prohibited from acting on the basis of such information in connection with the Swap Agreement, the possession of such information will not otherwise prevent the Swap Counterparty or its Affiliates from taking actions under the Swap Agreement.

The Swap Counterparty and its Affiliates currently act as administrative agent, swap counterparty, underwriter, initial purchaser or placement agent or in a similar capacity for entities having investment objectives similar to those of the Issuer, and the Swap Counterparty and its Affiliates may act as administrative agent, swap counterparty, underwriter, initial purchaser or placement agent for such entities and other similar entities in the future. The Swap Counterparty (or an Affiliate) may be advising or distributing securities on behalf of an issuer or providing banking or other services to an issuer at the same time at which the Reference Portfolio Manager is determining whether to add or remove the issuer as a Reference Entity under the Swap Agreement. The Swap Counterparty has no duty to inform the Reference Portfolio Manager of any such relationship or activity.

Employees of the Swap Counterparty and its Affiliates may also serve as directors of other entities having investment objectives similar to those of the Issuer.

The Issuer may invest in Eligible Investments that are purchased from or sold to the Swap Counterparty or its Affiliates. The Swap Counterparty, as secured party under the Indenture, or the Reference Portfolio Manager on its behalf, will be entitled to direct the Issuer's investments in Eligible Investments in the Trust Estate unless a Swap Event of Default as to which the Swap Counterparty is the defaulting party or a Swap Additional Termination Event has occurred and is continuing or the Swap Agreement has been terminated and all amounts owed to the Swap Counterparty thereunder have been paid.

The Swap Counterparty and its Affiliates may hold or deal in obligations of, or interests in, and may generally engage in any kind of commercial or investment banking or other business with, issuers of Eligible Investments.

**Conflicts of Interest Involving the Reference Portfolio Manager.** As described herein, the Reference Portfolio Manager will act solely on behalf of the Swap Counterparty (and not on behalf of the Issuer). The disclosure with respect to the Reference Portfolio Manager herein is included solely for the purpose of allowing prospective investors to understand the effect that the actions or omissions of the Reference Portfolio Manager under the Swap Agreement and Reference Portfolio Management Agreement may have on the Securities. Various potential and actual conflicts of interest may arise from the overall advisory, investment and other activities of the Reference Portfolio Manager and any of its Affiliates and their respective clients. The following briefly summarizes some of these conflicts, but is not intended to be an exhaustive list of all such conflicts.

Although the Reference Portfolio Manager's fees are, in part, based on the performance of the Reference Portfolio, under the Reference Portfolio Management Agreement, the Reference Portfolio Manager is acting on behalf of the Swap Counterparty as its agent (and not as the agent of the Issuer or agent of the Holders of Securities) under the Swap Agreement. See "*Role of the Reference Portfolio Manager.*"

The Swap Counterparty is not the Reference Portfolio Manager's exclusive client. The Reference Portfolio Manager may invest and has, and in the future may have, Affiliates and other clients, which invest, directly or indirectly, in the securities or financial instruments of issuers that are the same or similar to the Reference Entities included in the Reference Portfolio or that would be appropriate for inclusion in the Reference Portfolio, and the Reference Portfolio Manager and its Affiliates and other clients in making such investments have no duty to take into account the interests of the Swap Counterparty, the Issuer or the Holders of Securities. Such investment decisions may be different from decisions to add or remove Reference Obligations under the Swap Agreement. The Reference Portfolio Manager and its principals, officers and employees will conduct businesses other than that with respect to the Swap Agreement, including providing investment management and advisory services to its Affiliates and other clients. There is no limitation or restriction on the Reference Portfolio Manager (or its Affiliates) with regard to acting as portfolio manager (or in a similar role) to other parties or persons. Although the principals, officers and employees of the Reference Portfolio Manager will devote as much time to the Swap Agreement as the Reference Portfolio Manager deems appropriate to accomplish the objectives of the transaction, the principals, officers and employees of the Reference Portfolio Manager may have conflicts allocating their time and services among the Swap Counterparty and the Affiliates and other clients of the Reference Portfolio Manager. The Reference Portfolio Manager may from time to time engage in transactions or perform services for the Swap Counterparty and its Affiliates other than those provided for in the Reference Portfolio Management Agreement and the Swap Agreement.

The Reference Portfolio Manager will be reimbursed by the Swap Counterparty for certain expenses and other amounts incurred in connection with the Reference Portfolio Management Agreement and the Swap Agreement, to the extent the Swap Counterparty receives payment for such expenses from the Issuer in accordance with the Priority of Payments or from the proceeds of the issuance of the Notes and the Class Q-1 Securities. Such expenses may therefore affect the return to Holders of Securities.

Since a portion of the fees payable to the Reference Portfolio Manager corresponding to the Subordinate Amount and the Incentive Amount will only be payable to the extent the Income Notes have received specified returns (See "*The Reference Portfolio Manager and the Reference Portfolio Management Agreement*"), those fees may be viewed as creating an incentive for the Reference Portfolio Manager to make more speculative decisions

with respect to the addition and removal of Reference Obligations or other management of the Reference Portfolio than it would otherwise have made in absence of such fee arrangements.

The Reference Portfolio Manager or any of its Affiliates may be a Holder of Securities. In particular, it is expected that on the Closing Date an Affiliate or fund of the Reference Portfolio Manager will invest U.S. \$20 million in Income Notes of the Issuer. As a Holder of Income Notes, the Reference Portfolio Manager and its Affiliates or funds will, among other things, be eligible to vote for or against an Optional Redemption of the Notes. The holding of Income Notes by the Reference Portfolio Manager or any of its Affiliates could therefore affect the ability of the other Holders of the Income Notes to effect an Optional Redemption. Regardless of any such investment or holdings, the interests and incentives of the Reference Portfolio Manager will not necessarily be aligned with those of the other Holders of the Securities (or of the Holders of any particular Class of Securities). Each of the Reference Portfolio Manager, its Affiliates and their respective employees may in its discretion purchase any of the Securities for its own account or for any account for which it serves as investment adviser.

The Reference Portfolio Manager and its Affiliates may enter into, for their own account or for other accounts for which they have investment discretion, swap agreements relating to reference entities that may be the same as Reference Entities for Reference Obligations included in the Reference Portfolio or that may be appropriate for inclusion as a Reference Obligation in the Reference Portfolio. Such swap agreements may contain terms similar to or different from those contained in the Swap Agreement, and may be entered into with the Swap Counterparty or other swap counterparties. The Reference Portfolio Manager and its Affiliates and clients may also have equity and other investments in and may be lenders to, and may have other ongoing relationships with, the Reference Entities that may include, without limitation, serving as credit risk manager for, investing in, lending to, or being affiliated with, Reference Entities and other trusts and pooled investment vehicles that acquire interests in, provide financing to, or otherwise deal with Reference Entities the obligations of which would be suitable for addition to the Reference Portfolio. In addition, Affiliates and clients of the Reference Portfolio Manager may invest in securities (or make loans) that are included among, *pari passu* with or senior to Reference Obligations, or have interests different from or adverse to those of the Swap Counterparty or the Issuer with respect to Reference Entities or Reference Obligations. The Reference Portfolio Manager may at certain times be simultaneously adding or removing a Reference Obligation or Reference Obligations to or from, as applicable, the Reference Portfolio and arranging for other similar entities for which it serves as investment adviser, or for its clients or Affiliates, to purchase or sell the same Reference Obligation or Reference Obligations or to add or remove the same Reference Obligation or Reference Obligations to or from, as applicable, the reference portfolio under comparable swap agreements or other cash portfolios. The Reference Portfolio Manager will be free, in its sole discretion, to make recommendations to others, or effect transactions on behalf of itself or for others, that may be the same as or different from those effected on behalf of the Swap Counterparty.

No provision in the Reference Portfolio Management Agreement prevents the Reference Portfolio Manager or any of its Affiliates from rendering services of any kind to a Reference Entity (or an issuer of any Eligible Investment included in the Trust Estate) or the Issuers, the Swap Counterparty, the Swap Guarantor, the Trustee, the Collateral Administrator, the Amendment Buy-Out Purchaser, the Holders of the Securities or any other Person or entity. As a result, officers or Affiliates of the Reference Portfolio Manager may possess information related to the Reference Entities which is not known to the officers or employees of the Reference Portfolio Manager responsible for managing the Reference Portfolio and performing the other obligations of the Reference Portfolio Manager under the Reference Portfolio Management Agreement. Without prejudice to the generality of the foregoing, the Reference Portfolio Manager, its Affiliates and the directors, officers, employees and agents of the Reference Portfolio Manager and its Affiliates may, among other things: (i) serve as portfolio manager or advisor or subadvisor, directors, partners, officers, employees, agents, nominees or signatories for any Reference Entity or other issuers who invest in assets of a similar nature to the Reference Obligations; (ii) receive fees for services rendered to a Reference Entity or any Affiliates thereof or any such issuer; (iii) be a secured or unsecured creditor of, or hold an equity interest in, any Reference Entity or any such issuer; (iv) make a market in any Reference Obligation; and (v) serve as a member of any "creditors' board" with respect to any Reference Entity. These and other present and future activities of the Reference Portfolio Manager and/or its Affiliates may give rise to additional conflicts of interest.

The Reference Portfolio Manager and its Affiliates currently provide and will continue to provide advisory and other services to clients that are Reference Entities or their Affiliates or issuers of securities similar to or the same as the Reference Obligations under the Swap Agreement. In the course of managing the Reference Portfolio, the Reference Portfolio Manager may consider its relationships with other clients (including Reference Entities) and their Affiliates. The Reference Portfolio Manager may determine not to add a Reference Entity to the Reference Portfolio in view of such relationships. In providing services to other clients, the Reference Portfolio Manager and its Affiliates may recommend activities that would compete with or otherwise adversely affect the Swap Counterparty or the Issuer and the Holders of the Securities. In connection with the foregoing activities, the Reference Portfolio Manager and its Affiliates may from time to time come into possession of information that limits the ability of the Reference Portfolio Manager to designate that a Reference Entity be added to or removed from the Reference Portfolio, and the ability to perform some of its duties as Reference Portfolio Manager may be constrained as a consequence of its inability to use such information for advisory purposes or otherwise to take actions that would be in the best interest of the Swap Counterparty or the Issuer and the Holders of the Securities.

Unless the Reference Portfolio Manager determines in its reasonable judgment that a transaction is on terms and conditions no less favorable than would be obtained in a transaction conducted on an arm's-length basis between third-parties unaffiliated with each other and subject to any limitations imposed on the Reference Portfolio Manager by applicable law, the Reference Portfolio Manager will be required to refrain from adding or removing Reference Obligations issued by (i) persons of which the Reference Portfolio Manager, its Affiliates or any of its or their officers, directors or employees are directors or officers, (ii) persons for which the Reference Portfolio Manager or its Affiliates act as financial adviser or underwriter or (iii) persons with whom the Reference Portfolio Manager or its Affiliates otherwise maintain a client relationship. Furthermore, the Reference Portfolio Manager may, in its sole discretion, refrain from adding or removing Reference Obligations issued by any of the persons described in (i), (ii) or (iii) above or persons about which the Reference Portfolio Manager or any of its Affiliates have information that the Reference Portfolio Manager deems confidential or nonpublic or that otherwise might prohibit it from trading (or referencing) such obligations in accordance with applicable law. The Reference Portfolio Manager will not be obligated to utilize any particular investment opportunity or strategy that may arise with respect to the Reference Obligations. In the course of managing the Reference Portfolio, the Reference Portfolio Manager may consider its relationships with other clients (including Reference Entities) and their affiliates and may, in its sole discretion, determine not to add a Reference Obligation to the Reference Portfolio in view of such relationships.

Neither the Reference Portfolio Manager nor any of its Affiliates is under any obligation (affirmative or otherwise) to offer investment opportunities of which it becomes aware to the Swap Counterparty or the Issuer or to account to the Swap Counterparty or the Issuer for (or share with the Swap Counterparty or the Issuer or inform the Swap Counterparty or the Issuer of) any such opportunity or any benefit received by it from any such opportunity before offering any investments to other funds or accounts that the Reference Portfolio Manager and/or its Affiliates manage or advise or before engaging in any investments for themselves. Furthermore, the Reference Portfolio Manager and/or any of its Affiliates may make an investment on behalf of any account it manages or advises without offering the opportunity to add such investment, or adding such investment, to the Reference Portfolio. Affirmative obligations may exist or may arise in the future, whereby the Reference Portfolio Manager and/or any of its Affiliates is obligated to offer certain investments to funds or accounts that it manages or advises before or without offering those investment opportunities to the Swap Counterparty or the Issuer. The Reference Portfolio Manager will endeavor to resolve conflicts with respect to investment opportunities in a manner which it deems equitable to the extent possible under the prevailing facts and circumstances and subject to applicable law.

**Removal of the Reference Portfolio Manager.** The Issuer and the Holders of Securities will have no right to remove the Reference Portfolio Manager and no right to participate in the selection of a replacement Reference Portfolio Manager. However, the Issuer may request that the Swap Counterparty remove the Reference Portfolio Manager upon not less than 90 days' prior written notice without cause upon a vote to that effect by at least 66 2/3% (in Aggregate Principal Amount) of the Income Notes and at least 66 2/3% (in Aggregate Principal Amount) of each Class of Senior Notes. The Issuer may also request that the Swap Counterparty remove the Reference Portfolio Manager for cause upon a vote to that effect by at least 66 2/3% (in Aggregate Principal Amount) of the Income Notes and at least 66 2/3% (in Aggregate Principal Amount) of each Class of Senior Notes. Upon receipt of such a request, the Swap Counterparty may, but is not obligated to, remove the Reference Portfolio Manager. In addition, the Swap Counterparty, without the consent or participation of the Issuer or the Holders of Securities, may remove the Reference Portfolio Manager for cause at any time. In connection with any such

appointment of a replacement Reference Portfolio Manager, the Swap Counterparty may (but is not obligated to) consult with the Issuer, and if it so consults, is not required to follow the recommendation of the Issuer. If the Swap Counterparty chooses to consult with the Issuer, the Issuer will consult and follow the direction of Holders of a majority in Aggregate Principal Amount of the Income Notes in making any recommendation; *provided* that the Issuer shall not follow such direction if the Holders of at least 66 2/3% in Aggregate Principal Amount of each Class of Senior Notes object to such direction. *See “Description of the Swap Agreement—Early Termination of the Swap Agreement.”*

In addition, the Reference Portfolio Manager may terminate the Reference Portfolio Management Agreement at any time upon not less than 90 days’ written notice to the Issuer, the Swap Counterparty, the Trustee and each Rating Agency.

No resignation of the Reference Portfolio Manager will be effective until a successor Reference Portfolio Manager has been appointed in accordance with the Reference Portfolio Management Agreement and the Rating Agencies confirm in writing that such an appointment will not adversely affect the then current rating on the Securities. If within 90 days following a notice of resignation or a notice of removal no replacement Reference Portfolio Manager has been appointed and accepted such appointment, the Reference Portfolio Manager may petition a court of competent jurisdiction for the appointment of a replacement Reference Portfolio Manager.

*See “—Role of the Reference Portfolio Manager” above and “The Reference Portfolio Manager and the Reference Portfolio Management Agreement—The Reference Portfolio Management Agreement.”*

**The Issuers.** The Issuer and Co-Issuer are a recently incorporated Cayman Islands exempted company and a recently incorporated Delaware corporation, respectively, and have no prior operating history or prior business experience. The Issuer will have no significant assets other than the Trust Accounts and Eligible Investments therein, its rights under the Swap Agreement and the Swap Guarantee and proceeds thereof, all of which will be pledged to the Trustee to secure the Issuer’s obligations to the Swap Counterparty and the Holders of the Notes, and the Class Q-2 Securities Collateral, which will be pledged to the Trustee to secure the Issuer’s obligations to the Holders of the Class Q-2 Securities. The Issuer has no employees. The Co-Issuer will not have any significant assets and will not pledge any assets under the Indenture. The Issuer will not engage in any business activity other than the issuance of the Securities as described herein, the acquisition and disposition of Eligible Investments and the Class Q-2 Securities Collateral and investment and reinvestment in Eligible Investments as described herein, certain activities conducted in connection with the payment of amounts in respect of the Securities, entering into the Swap Agreement and exercising its rights and performing its obligations thereunder and under the Swap Guarantee and the management of the Trust Estate and other activities incidental to the foregoing and permitted by the Indenture. The Co-Issuer will not engage in any business activity other than the co-issuance of the Senior Notes as described herein and other activities incidental to the foregoing and permitted by the Indenture.

**Limited Liquidity.** There is currently no active trading market for any of the Securities being offered hereby, and the Securities are subject to restrictions on transfer. Citigroup Global Markets Inc. and its Affiliates will not be obligated to make a market in the Securities or otherwise to buy and sell the Securities following the Closing Date. The Securities are expected to be owned by a relatively small number of investors and it is highly unlikely that an active secondary market for the Securities will develop. Purchasers of the Securities may find it difficult or uneconomic to liquidate their investment at any particular time, and it may be difficult for the Holders of the Securities to determine the value of the Securities at any particular time. Consequently, a purchaser must be prepared to hold the Securities until the Maturity Date. *See “Purchase and Transfer Restrictions.” See also “Certain ERISA Considerations”* regarding certain restrictions on transfers to investors subject to ERISA or Section 4975 of the Code.

**Tax Considerations.** The Issuer, as a foreign corporation, will be subject to U.S. federal income tax on its net income if it is treated as engaged in a trade or business within the United States. Counsel to the Issuer will provide an opinion that, while not free from doubt, the Issuer should not be considered to be engaged in a trade or business within the United States as a result of its contemplated activities. No activity closely comparable to that of the Issuer has been the subject of any Treasury regulation, revenue ruling or judicial decision, however, and the opinion of counsel to the Issuer is not binding upon the Internal Revenue Service (the “IRS”). If the IRS were successfully to characterize the Issuer as being engaged in a trade or business in the United States, among other

consequences, the Issuer would be subject to U.S. tax obligations that could materially adversely affect the Issuer's financial ability to comply with its obligations with respect to the Senior Notes and to make distributions on the Income Notes. See "*Certain Income Tax Considerations—Certain United States Tax Considerations*" and "*—Tax Treatment of the Issuer—United States Federal Income Taxes*." Prospective investors should consult their own tax advisors with respect to the possibility that the Issuer would be treated as engaged in a trade or business within the United States.

The Issuer is expected to be a passive foreign investment company, and a U.S. person holding Income Notes, other than a person treated as a U.S. Shareholder in a controlled foreign corporation, therefore may be subject to additional taxes unless it elects to treat the Issuer as a qualified electing fund and to recognize currently its proportionate share of the Issuer's income. A Holder that is required to include subpart F income or that makes a qualified electing fund election may recognize income in amounts significantly greater than the distributions received from the Issuer. Income may exceed distributions when, for example, the Issuer uses earnings to repay principal on the Senior Notes or accrues income on the Swap Agreement or on Eligible Investments prior to the receipt of cash or retains in the Collateral Account amounts attributable to payments received. A Holder that makes the qualified electing fund election will be required to include in income currently its pro rata share of such earnings, income or amounts whether or not the Issuer actually makes distributions. The Issuer also may become a foreign personal holding company, in which case U.S. persons holding Income Notes could be subject to different tax treatment. See "*Certain Income Tax Considerations—Certain United States Tax Considerations—Tax Treatment of Income Notes*."

Under current tax law of the United States and other jurisdictions, payments on the Eligible Investments are not expected to be subject to the imposition of U.S. federal or other withholding tax unless the obligor of the Eligible Investment is required to make gross-up payments for the full amount of such tax. There can be no assurance, however, that as a result of a change in any applicable law, treaty, rule or regulation or interpretation thereof, the payments on the Eligible Investments might not in the future become subject to withholding tax. In the event that any withholding tax should become applicable to payments on the Eligible Investments and the obligor thereon were not then required to make "gross-up" payments that cover the full amount of any such withholding taxes, such tax would reduce the amounts available to make payments on the Securities. Payments under the Swap Agreement will be subject to "gross-up" by the Swap Counterparty with respect to Indemnifiable Taxes, which include all U.S. withholding taxes currently applied to payments to non-U.S. persons. In the event that U.S. taxes that do not qualify as Indemnifiable Taxes are imposed in the future on payments by the Swap Counterparty, such taxes would also reduce the amounts available to make payments on Securities.

**Investment Company Act Considerations.** The Issuer has not registered with the Commission as an investment company pursuant to the Investment Company Act in reliance on Section 3(c)(7) thereof. The Co-Issuer also has not registered with the Commission as an investment company, based on the fact that the Co-Issuer has no assets that could be construed as the holding of "securities" under the Investment Company Act. In general terms, Section 3(c)(7) excepts from the provisions of the Investment Company Act those issuers (i) whose investors residing in the United States are Qualified Purchasers and (ii) which do not make a public offering of their securities in the United States.

To rely on Section 3(c)(7), the Issuer must have a "reasonable belief" that all purchasers of the Securities which reside in the United States (including initial purchasers and subsequent transferees of Securities sold to initial purchasers pursuant to Rule 144A) are Qualified Purchasers. Because transfers of beneficial interests in the Senior Notes will be generally effected only through DTC and its participants and indirect participants without delivery of written transferee certifications to the Issuers, the Issuers will establish such a reasonable belief by means of the deemed representations, warranties and agreements described under "*Purchase and Transfer Restrictions*," the agreements of the initial purchasers relating to Rule 144A and Regulation S referred to under "*Purchase and Transfer Restrictions*" and by taking certain other actions pursuant to the Indenture. Although the Commission has stated that it is possible for an issuer of securities to satisfy the reasonable belief standard referred to above by establishing procedures to provide a means by which such issuer can make a reasonable determination as to the status of its holders of securities as Qualified Purchasers, the Commission has not approved—and has stated that it will not approve—any particular set of procedures, including the Section 3(c)(7) Procedures referred to herein. Accordingly, there can be no assurance that the Issuer will satisfy the reasonable belief standard referred to above.

If the Commission or a court of competent jurisdiction were to find that the Issuer or the Co-Issuer is required, but failed, to register as an investment company in violation of the Investment Company Act, possible consequences include, but are not limited to, the following: (i) the Commission could apply to a district court to enjoin the violation; (ii) investors in the Issuer or the Co-Issuer could sue the Issuer or the Co-Issuer, as applicable, and recover any damages caused by the violation; (iii) any agreement to which the Issuer or the Co-Issuer, as applicable, is a party that is made in, or whose performance involves a violation of, the Investment Company Act would be unenforceable by any party to the agreement unless a court were to find that under the circumstances enforcement would produce a more equitable result than non-enforcement and would not be inconsistent with the purposes of the Investment Company Act and (iv) the Swap Agreement may terminate. Should the Issuer or the Co-Issuer be subjected to any or all of the foregoing, the Issuer or the Co-Issuer, as applicable, and the Holders of the Securities would be materially and adversely affected.

**Money Laundering Prevention.** The Issuer and the Administrator are subject to anti-money laundering legislation in the Cayman Islands pursuant to the Proceeds of Criminal Conduct Law (2001 Revision) (the “PCCL”). Pursuant to the PCCL the Cayman Islands government enacted The Money Laundering Regulations (2003 Revision), which impose specific requirements with respect to the obligation “to know your client.” Except in relation to certain categories of institutional investors, the Issuer will require a detailed verification of each investor’s identity and the source of the payment used by such investor for purchasing the Securities in a manner similar to the obligations imposed under the laws of other major financial centers. In addition, if any person who is resident in the Cayman Islands knows or has a suspicion that a payment to the Issuer (by way of investment or otherwise) contains the proceeds of criminal conduct, that person must report such suspicion to the Cayman Islands authorities pursuant to the PCCL. If the Issuer were determined by the Cayman Islands government to be in violation of the PCCL or The Money Laundering Regulations (2003 Revision), the Issuer could be subject to substantial criminal penalties. Such a violation could materially adversely affect the timing and amount of payments by the Issuer to the Holders of the Securities.

**Emerging Requirements of the European Community.** As part of the harmonization of securities markets in Europe, the European Commission has adopted a directive known as the Prospectus Directive (which must be implemented by Member States by July 1, 2005) that will regulate offers of securities to the public and admissions to trading to E.U. regulated markets. The European Commission is scheduled to adopt a directive known as the Transparency Directive towards the end of 2004 (which is expected to be implemented by Member States in 2006) that will among other things, impose continuing financial reporting obligations on issuers that have certain types of securities admitted to trading on an E.U. regulated market. In addition, the Market Abuse Directive (which must be implemented by Member States by October 12, 2004) harmonizes the rules on insider trading and market manipulation in respect of securities admitted to trading on an E.U. regulated market and requires issuers of such securities to disclose any non-public price-sensitive information as soon as possible, subject to certain limited exemptions. The listing of Securities on the Irish Stock Exchange would subject the Issuer to regulation under these directives, although the requirements applicable to the Issuer are not yet fully clarified. The Indenture will not require the Issuer to maintain a listing for any Class of Securities on an E.U. stock exchange if compliance with these directives (or other requirements adopted by the European Commission or a relevant Member State) becomes burdensome in the sole judgment of the Swap Counterparty.

## THE ISSUER AND THE CO-ISSUER

## DESCRIPTION OF THE SECURITIES

*The following summaries generally describe certain provisions of the Securities, the Indenture, the Collateral Administration Agreement and the Investment Agreement. The summaries do not purport to be complete and are subject to, and are qualified in their entirety by reference to, the provisions of the Securities, the Indenture, the Collateral Administration Agreement and the Investment Agreement, each of which is incorporated herein by reference.*

### General

The Notes will be issued pursuant to the Indenture. The Indenture limits the principal amount of Notes that can be issued thereunder to (i) U.S. \$62,000,000 aggregate principal amount of the Class A-1 Notes, (ii) U.S. \$56,000,000 aggregate principal amount of the Class A-2 Notes, (iii) U.S. \$39,500,000 aggregate principal amount of the Class B Notes, (iv) U.S. \$21,000,000 aggregate principal amount of the Class C-1 Notes, (v) U.S. \$5,000,000 aggregate principal amount of the Class C-2 Notes and (vi) U.S. \$82,000,000 aggregate principal amount of Income Notes.

### Payments

The Senior Notes will accrue interest on the outstanding principal amount thereof from the Closing Date at the rates described under “—*The Senior Notes*,” which will, subject to the availability of funds and to the Priority of Payments, be payable quarterly on the first day of each February, May, August and November of each year beginning on and including February 1, 2005 and ending on the earlier of the date of redemption or repayment in full and the Maturity Date, or if any such date is not a Business Day, then on the next succeeding Business Day (each such date, a “Payment Date”). The Income Notes will not bear a stated rate of interest but will be entitled to receive distributions on each Payment Date if and to the extent funds are available for such purpose after all interest and other payments due on the Senior Notes and all other payments and expenses of the Issuers have been paid, in each case pursuant to the Priority of Payments. See “—*The Income Notes*.”

Except as provided below, no principal will be payable in respect of any Class of Senior Notes until the Maturity Date. Following the end of the Portfolio Modification Period, on each Payment Date principal proceeds of Eligible Investments in the Trust Estate in an amount equal to any Note Redemption Amount for that Payment Date will be used to redeem the Senior Notes and make certain other payments in accordance with the Principal Priority of Payments.

In addition, the principal amount of each Class of Senior Notes, starting with the most senior Class, will be redeemed on each Payment Date following the Ramp-up End Date in accordance with the Priority of Payments in the event any Coverage Test is not satisfied as of the related Determination Date, to the extent necessary to satisfy such test, or if the rating of any Class of Senior Notes as of the Closing Date has not been confirmed as of the 30<sup>th</sup> day following the Ramp-up End Date, until such rating is confirmed. Furthermore, the principal amount of the Class B Notes and Class C Notes will be redeemed if the Diversion Test is not satisfied as of the Determination Date related to any Payment Date after the Ramp-up End Date in accordance with the Priority of Payments. Such redemption will be made from amounts available at the applicable level of the Priority of Payments, reducing the amounts available for payment at lower levels of the Priority of Payments.

In addition, after the date which is five and a half years following the Closing Date, the Holders of at least 66 2/3% in Aggregate Principal Amount of the Income Notes may vote to cause the redemption (an “Optional Redemption”) of all Outstanding Notes (and in connection therewith to cause the Trustee to liquidate the Eligible Investments in the Trust Estate), in which case the Swap Agreement will also terminate; *provided* that the proceeds of such liquidation would be sufficient to permit the payment of all Administrative Expenses and Subordinated Administrative Expenses and all amounts due to the Swap Counterparty (calculated taking into account all accrued and deferred Base Amounts, Subordinate Amounts and Incentive Amounts, to the extent provided in the Swap Agreement) and the repayment in full of the principal amount of all Classes of Senior Notes then Outstanding and all accrued and unpaid interest (including any Deferred Interest) with respect thereto to the Optional Redemption Date and any applicable unpaid Extension Bonus Payments, if any, in accordance with the Priority of Payments together with, in the case of the Class C-2 Notes, the applicable Make-whole Premium.

Holders of the Income Notes will not be entitled to a return of a stated principal amount or to receive distributions at a stated rate on any Payment Date. Only funds remaining after payment of all amounts payable under the Priority of Payments listed in “—*Priority of Payments*” prior to payments on the Income Notes will be paid to the Holders of the Income Notes on each Payment Date (including the Maturity Date) as described herein.

The principal of and interest on the Senior Notes, and the distributions on the Income Notes, will be payable in U.S. dollars. The Record Date for each Payment Date will be the close of business on the fifteenth day prior to such Payment Date (or, if such day is not a Business Day, the close of business on the next Business Day). Except as otherwise provided herein, payments of principal of and interest on and any other amount payable on or in respect of the Senior Notes (other than the Class C-2 Notes represented by the Class Q-1 Senior Note Component) and Class Q-1 Reg S Global Securities will be made on each Payment Date by wire transfer to DTC or its nominees as the registered owner thereof in accordance with wiring instructions provided to the appropriate Paying Agent. All payments on Certificated Securities will be made by wire transfer in immediately available funds to a U.S. dollar account maintained by the Holder of a Certificated Security or its nominee or, if a wire transfer cannot be effected for whatever reason, by a U.S. dollar check delivered to such Holder or its nominee by mail.

The remaining principal amount, if any, of and interest on the Senior Notes and any final distribution, if any, on the Income Notes will be paid at maturity upon surrender of such Notes at the office of any Paying Agent designated for such purpose under the Indenture. The interest payable at maturity on the Senior Notes will be paid to the Person to whom the principal of such Note will be paid.

Payments of the principal of and interest on a Rule 144A Global Note, Temporary Regulation S Global Note or Regulation S Global Note (including Class Q-1 Reg S Global Securities) will be made to DTC or its nominee, as the registered owner thereof. The Issuers, the Trustee and any Paying Agent will not have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a Global Note (including Class Q-1 Reg S Global Securities) or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

#### The Senior Notes

The Class A-1 Notes will accrue interest at the Class A-1 Interest Rate, the Class A-2 Notes will accrue interest at the Class A-2 Interest Rate, the Class B Notes will accrue interest at the Class B Interest Rate, the Class C-1 Notes will accrue interest at the Class C-1 Interest Rate and the Class C-2 Notes will accrue interest at the Class C-2 Interest Rate.

The Senior Notes will provide for the payment of the applicable Interest Amount on each Payment Date. Interest on the Senior Notes will accrue from and including the Closing Date and will be payable quarterly in arrears on each Payment Date to the Holders of the Senior Notes as of the related Record Date. Interest on the Class A-1 Notes, the Class A-2 Notes, the Class B Notes and the Class C-1 Notes will be computed for each Periodic Interest Accrual Period on the basis of a 360-day year and the actual number of days in the applicable Periodic Interest Accrual Period. Interest on the Class C-2 Notes will be computed for each Periodic Interest Accrual Period on the basis of a 360-day year consisting of twelve 30-day months.

Interest on the Class B Notes and Class C Notes (including interest on Deferred Interest (as defined below) on such Notes) will only be due and payable to the extent that funds are available for such payment in accordance with the operation of the Priority of Payments as described herein, and (except on the Maturity Date or the date of redemption in full of the Class B Notes or Class C Notes) the failure to pay any such interest because such funds are not available will not be an Event of Default under the Indenture so long as any more senior Class of Notes is then outstanding. Instead, the amount of any interest that is not paid on the Notes of either such Class on any Payment Date will be deferred, and such amounts (“Deferred Interest”) will bear interest at the interest rate for the Notes of such Class. Interest accrued on Deferred Interest for any such Class of Notes for any Periodic Interest Accrual Period will be payable as current interest on the Notes of such Class on the related Payment Date and, to the extent not paid on such Payment Date, will constitute additional Deferred Interest in respect of such Class. Deferred Interest on the Notes of any such Class will be due and payable on the earlier of (i) the first Payment Date on which funds are available and permitted to be used for such purpose in accordance with the Priority of Payments and (ii) the Maturity Date of the Notes of such Class (or, if earlier, the date of redemption in full of the Notes of such

Class). See “—*The Indenture and the Collateral Administration Agreement—Events of Default*” for a description of when such non-payment constitutes an Event of Default under the Indenture and the available remedies.

Subject to the availability of funds and to the Priority of Payments, the Senior Notes, unless previously redeemed, will provide for the payment of outstanding principal, if any, on the Maturity Date. See “—*Maturity of the Notes and Class Q-1 Securities and Extension of Maturity of the Notes and Class Q-1 Securities.*”

The Class A-2 Notes are subordinate to the Class A-1 Notes in right of payment of interest and principal. No interest will be payable in respect of the Class A-2 Notes on any Payment Date unless the full amount of interest due in respect of the Class A-1 Notes has been paid on such Payment Date and no principal will be payable in respect of the Class A-2 Notes unless the Aggregate Principal Amount of the Class A-1 Notes has been paid in full. The Class B Notes are subordinate to the Class A-1 Notes and the Class A-2 Notes in right of payment of interest and principal. No interest will be payable in respect of the Class B Notes on any Payment Date unless the full amount of interest due in respect of the Class A-1 Notes and Class A-2 Notes has been paid on such Payment Date and, except where the Diversion Test is not satisfied, no principal will be payable in respect of the Class B Notes unless the Aggregate Principal Amount of the Class A-1 Notes and the Class A-2 Notes has been paid in full. The Class C Notes are subordinate to the Class A-1 Notes, the Class A-2 Notes and the Class B Notes in right of payment of interest and principal. No interest will be payable in respect of the Class C Notes on any Payment Date unless the full amount of interest due in respect of the Class A-1 Notes, the Class A-2 Notes and the Class B Notes (except in the case of certain Deferred Interest on the Class B Notes) has been paid on such Payment Date and, except where the Diversion Test is not satisfied, no principal will be payable in respect of the Class C Notes unless the Aggregate Principal Amount of the Class A-1 Notes, the Class A-2 Notes and the Class B Notes has been paid in full. The Class C-1 Notes and the Class C-2 Notes rank *pari passu* in right of payment of interest and principal. If the Diversion Test is not satisfied, first Deferred Interest, if any, on the Class B Notes and Class C Notes will be payable on a pro rata basis and then principal of the Class B Notes and Class C Notes will be payable on a pro rata basis in accordance with the Payment Date Priority of Payments, whether or not the Aggregate Principal Amount of the Class A-1 Notes and Class A-2 Notes has been paid in full.

If a Coverage Test for any Class of Senior Notes is not satisfied as of the Determination Date related to a Payment Date following the Ramp-up End Date, amounts available at the level of the Priority of Payments at which such Coverage Test is applied will be used to redeem Senior Notes on such Payment Date in accordance with the Priority of Payments to the extent necessary to satisfy such Coverage Tests, thereby reducing amounts available for payments at lower levels of the Priority of Payments. See “—*Priority of Payments*” and “—*The Coverage Tests.*”

#### Determination of LIBOR

For purposes of determining the Class A-1 Interest Rate, the Class A-2 Interest Rate, the Class B Interest Rate, the Class C-1 Interest Rate and the Class Q-2A Interest Rate, the Issuers will appoint the Trustee as calculation agent (in such capacity, the “Indenture Calculation Agent”). For each Periodic Interest Accrual Period (other than the first Periodic Interest Accrual Period), LIBOR shall be determined by the Indenture Calculation Agent in accordance with the following provisions:

(1) On the second Business Day on which commercial banks are open for dealings in deposits in U.S. Dollars in the London interbank market (a “London Business Day”) prior to the commencement of a Periodic Interest Accrual Period (each such day, a “LIBOR Determination Date”), LIBOR shall equal the rate, as obtained by the Indenture Calculation Agent for three-month U.S. dollar deposits in Europe, which appears on Telerate Page 3750 (as defined in the Annex to the 2000 ISDA Definitions) as reported by Bloomberg Financial Markets Commodities News, or such page as may replace such Telerate Page 3750, as of 11:00 a.m. (London time) on such LIBOR Determination Date.

(2) If, on any LIBOR Determination Date, such rate does not appear on Telerate Page 3750, or such page as may replace such Telerate Page 3750, the Indenture Calculation Agent shall determine the arithmetic mean of the offered quotations of the Reference Banks to leading banks in the London interbank market for three-month U.S. dollar deposits in Europe in an amount determined by the Indenture Calculation Agent by reference to requests for quotations as of approximately 11:00 a.m. (London time) on such LIBOR Determination Date. If, on any LIBOR Determination Date, at least two of the Reference Banks provide such quotations, LIBOR shall equal such arithmetic mean of such quotations. If, on any

LIBOR Determination Date, only one or none of the Reference Banks provides such quotations, LIBOR shall be deemed to be the arithmetic mean of the offered quotations that leading banks in New York City selected by the Indenture Calculation Agent are quoting on the relevant LIBOR Determination Date for three-month U.S. Dollar deposits in Europe in an amount determined by the Indenture Calculation Agent by reference to the principal London offices of leading banks in the London interbank market; *provided, however*, that if the Indenture Calculation Agent is required but is unable to determine a rate in accordance with at least one of the procedures provided above, LIBOR shall be determined by the Indenture Calculation Agent in a commercially reasonable manner.

As soon as reasonably possible after 11:00 a.m. (London time) on each LIBOR Determination Date, but in no event later than 11:00 a.m. (London time) on the Business Day immediately following each LIBOR Determination Date, the Indenture Calculation Agent will cause the Class A-1 Interest Rate, the Class A-2 Interest Rate, the Class B Interest Rate, the Class C-1 Interest Rate and the Class Q-2A Interest Rate for the related Periodic Interest Accrual Period, and the amount of interest for such Periodic Interest Accrual Period payable in respect of each U.S. \$100,000 by Aggregate Principal Amount of each such Class of Securities (rounded to the nearest cent, with half a cent being rounded upward) on such related Payment Date to be provided to the Issuers, the Reference Portfolio Manager, the Trustee, the Paying Agents, the Irish Stock Exchange (if and for so long as any Class of Securities is listed thereon), and, if applicable, Euroclear and Clearstream. The Indenture Calculation Agent will also specify to the Issuers the quotations upon which the Class A-1 Interest Rate, the Class A-2 Interest Rate, the Class B Interest Rate, the Class C-1 Interest Rate and the Class Q-2A Interest Rate are based, and in any event, the Indenture Calculation Agent shall notify the Issuers before 5:00 p.m. (London time) on each LIBOR Determination Date that either: (i) it has determined or is in the process of determining the Class A-1 Interest Rate, the Class A-2 Interest Rate, the Class B Interest Rate, the Class C-1 Interest Rate and the Class Q-2A Interest Rate and the Interest Amount for each such Class of Notes, or (ii) it has not determined and is not in the process of determining the Class A-1 Interest Rate, the Class A-2 Interest Rate, the Class B Interest Rate, the Class C-1 Interest Rate and the Class Q-2A Interest Rate and the Interest Amount for each such Class of Securities, together with its reasons therefor. The determination of the Class A-1 Interest Rate, the Class A-2 Interest Rate, the Class B Interest Rate, the Class C-1 Interest Rate and the Class Q-2A Interest Rate by the Indenture Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

LIBOR with respect to the Periodic Interest Accrual Period beginning on the Closing Date will be 1.88230% per annum.

#### The Income Notes

The Income Notes will not be entitled to a return of a stated principal amount or to receive distributions at a stated rate. The Holders of the Income Notes will be entitled to distributions only to the extent that there are funds available under the Indenture in accordance with the Priority of Payments.

The Income Notes are subordinated to the Senior Notes and other creditors of the Issuers as provided in the Priority of Payments. No Net Income Note Periodic Return Amount will be payable in respect of the Income Notes unless the full amount of interest due and all other payments with respect to all Senior Notes and all other payments and expenses of the Issuers have been paid on such Payment Date pursuant to the Payment Date Priority of Payments and no Income Note Principal Distribution Amount or Final Income Note Distribution Amount, as applicable, will be payable in respect of the Income Notes unless the full amount of interest due on all Senior Notes and the Aggregate Principal Amount of all Senior Notes has been paid in full and all other payments and expenses of the Issuers have been paid on such Payment Date pursuant to the Principal Priority of Payments.

On each Payment Date, Holders of the Income Notes will receive the Net Income Note Periodic Return Amount, if any. Following the redemption in full of the Senior Notes, Holders of Income Notes will receive payments on each Payment Date (other than the Maturity Date, the Optional Redemption Date or the Indenture Tax Redemption Date) in accordance with the Principal Priority of Payments in an amount not exceeding the Note Redemption Amount for that Payment Date (an "Income Note Principal Distribution Amount").

On the Maturity Date (or, if applicable, the Optional Redemption Date or the Indenture Tax Redemption Date), Holders of the Income Notes will receive the Final Income Note Distribution Amount, if any, as described under Principal Priority of Payments below.

Indenture Tax Event

Upon the occurrence and during the continuance of an Indenture Tax Event, the Issuer, at the direction of the Holders of a majority in Aggregate Principal Amount of the Income Notes, will on the next Payment Date (or, if such direction is received less than 45 Business Days prior to a Payment Date, on the next Payment Date thereafter) (the “Indenture Tax Redemption Date”) redeem (an “Indenture Tax Redemption”) the Outstanding Notes, in whole but not in part, in the case of the Senior Notes, at a price of par plus any accrued and unpaid interest thereon (including any Deferred Interest) to the Indenture Tax Redemption Date; *provided*, that the Swap Counterparty has consented to such redemption in its sole discretion and that the proceeds of such liquidation would be sufficient to permit the payment of all Accrued Swap Liabilities, the repayment of the principal amount of all Classes of Senior Notes then Outstanding and all accrued and unpaid interest (including any Deferred Interest) with respect thereto to the Indenture Tax Redemption Date in accordance with the Priority of Payments and all other amounts ranking senior to the Income Notes payable pursuant to the Priority of Payments.

**Priority of Payments**Payment Date Priority of Payments

On each Payment Date, the Trustee will use the total of (i) the net amount, if any, paid by the Swap Counterparty in respect of the Adjusted Reference Portfolio Return Amount and the Fixed Amount for such Payment Date, (ii) interest and dividends received with respect to Eligible Investments in the Trust Accounts (including interest and dividends received on amounts on deposit in the Collateral Account) during the related Periodic Interest Accrual Period, (iii) on the first Payment Date only, all amounts deposited into the Collection Account from the Expense Reserve Account pursuant to the Indenture, and (iv) principal proceeds of Eligible Investments and other amounts on deposit in the Collateral Account, but in the case of this clause (iv) only (A) to the extent of the Quarterly Aggregate Reduction Amount, if any, for that date, and (B) without duplication of clause (A), to the extent other funds are not otherwise available (but in the case of (B) solely for purposes of making payments pursuant to clauses (2) and (13) below (*provided* that no amount pursuant to this clause (iv) will be used to make payments as provided in clause (13) below unless all of the Senior Notes have been retired)) (collectively, “Payment Date Proceeds”) to make the following payments in the following order of priority (the “Payment Date Priority of Payments”):

1. to the payment of any accrued and unpaid Administrative Expenses (in the order set forth in the definition thereof) up to the Expense Cap Amount;
2. (a) to the Swap Counterparty, the net amount, if any, payable to the Swap Counterparty under the Swap Agreement on such date in respect of the Adjusted Reference Portfolio Return Amount, the Fixed Amount and any Swap Termination Payment due to the Swap Counterparty (except any Swap Termination Payment due to the Swap Counterparty upon the early termination of the Swap Agreement as a result of a Swap Event of Default as to which the Swap Counterparty is the defaulting party or as a result of a Swap Additional Termination Event, and excluding any Swap Termination Payment previously paid in accordance with the Indenture), and any such net amounts not paid from prior Payment Dates and (b) to the Collateral Account, an amount equal to the Quarterly Aggregate Increase Amount, if any, for such Payment Date.

If such net amount is payable by the Issuer to the Swap Counterparty, it will be paid pursuant to clause 2 of the Priority of Payments.

#### Principal Priority of Payments

On (A) the Maturity Date, the Optional Redemption Date or the Indenture Tax Redemption Date and (B) each other Payment Date on which Senior Notes are to be redeemed or, after all Senior Notes are redeemed, an Income Note Principal Distribution Amount is to be paid on the Income Notes, the Trustee will distribute the principal proceeds of Eligible Investments in the Trust Accounts (after payment of any amounts payable therefrom pursuant to the Payment Date Priority of Payments as described above, and in the case of a partial redemption of Senior Notes or Income Note Principal Distribution Amounts pursuant to this clause (B), using principal proceeds in an amount not to exceed the Note Redemption Amount for such date), and in the case of the Maturity Date, the Optional Redemption Date or the Indenture Tax Redemption Date, any other amounts on deposit in the Trust Accounts to make the following payments in the following order of priority (the "Principal Priority of Payments"):

1. to the payment of any accrued and unpaid Administrative Expenses (in the order set forth in the definition thereof) up to the Expense Cap Amount, to the extent not paid pursuant to the Payment Date Priority of Payments;
2. to the Swap Counterparty, the net amount, if any, payable to the Swap Counterparty under the Swap Agreement on such date in respect of the Adjusted Reference Portfolio Return Amount, the Fixed Amount and any Swap Termination Payment due to the Swap Counterparty (except any Swap Termination Payment due to the Swap Counterparty upon the early termination of the Swap Agreement as a result of a Swap Event of Default as to which the Swap Counterparty is the defaulting party or as a result of a Swap Additional Termination Event), and any such net amounts not paid from prior Payment Dates, in any case to the extent not paid pursuant to the Payment Date Priority of Payments or otherwise previously paid in accordance with the Indenture;

3. to the Holders of the Class A-1 Notes, any accrued and unpaid Class A-1 Interest Amount, to the extent not paid pursuant to the Payment Date Priority of Payments;
4. to the Holders of the Class A-2 Notes, any accrued and unpaid Class A-2 Interest Amount, to the extent not paid pursuant to the Payment Date Priority of Payments;
5. following the Ramp-up End Date, if any Class A-1 Notes or Class A-2 Notes are then Outstanding and if either the Class A OC Test or the Class A Interest Coverage Test is not satisfied as of the related Determination Date, to the Holders of the Class A-1 Notes, the Aggregate Principal Amount of the Class A-1 Notes, and, following the redemption of all Class A-1 Notes, to the Holders of the Class A-2 Notes, the Aggregate Principal Amount of the Class A-2 Notes, such that such tests are satisfied as of the related Determination Date;
6. to the Holders of the Class B Notes, any accrued and unpaid Class B Interest Amount, to the extent not paid pursuant to the Payment Date Priority of Payments;
7. following the Ramp-up End Date, if any Class A-1 Notes, Class A-2 Notes or Class B Notes are then Outstanding and if either the Class B OC Test or the Class B Interest Coverage Test is not satisfied as of the related Determination Date, to the Holders of the Class A-1 Notes, the Aggregate Principal Amount of the Class A-1 Notes, and following the redemption of all Class A-1 Notes, to the Holders of the Class A-2 Notes, the Aggregate Principal Amount of the Class A-2 Notes, and following the redemption of all Class A-2 Notes, to the Holders of the Class B Notes, first, all accrued and unpaid Deferred Interest with respect to the Class B Notes and then, the Aggregate Principal Amount of the Class B Notes, such that such tests are satisfied as of the related Determination Date;
8. on a pro rata basis, to the Holders of the Class C-1 Notes, the accrued and unpaid Class C-1 Interest Amount and to the Holders of the Class C-2 Notes, the accrued and unpaid Class C-2 Interest Amount, to the extent not paid pursuant to the Payment Date Priority of Payments;
9. following the Ramp-up End Date, if any Class A-1 Notes, Class A-2 Notes, Class B Notes or Class C Notes are then Outstanding and if either the Class C OC Test or the Class C Interest Coverage Test is not satisfied as of the related Determination Date, to the Holders of the Class A-1 Notes, the Aggregate Principal Amount of the Class A-1 Notes, and following the redemption of all Class A-1 Notes, to the Holders of the Class A-2 Notes, the Aggregate Principal Amount of the Class A-2 Notes, and following the redemption of all Class A-2 Notes, to the Holders of the Class B Notes, first, all accrued and unpaid Deferred Interest with respect to the Class B Notes and then, the Aggregate Principal Amount of the Class B Notes, and following the redemption of all Class B Notes, first, on a pro rata basis, to the Holders of the Class C-1 Notes, all accrued and unpaid Deferred Interest with respect to the Class C-1 Notes and to the Holders of the Class C-2 Notes, all accrued and unpaid Deferred Interest with respect to the Class C-2 Notes and then, on a pro rata basis, to the Holders of the Class C-1 Notes, the Aggregate Principal Amount of the Class C-1 Notes and to the Holders of the Class C-2 Notes, the Aggregate Principal Amount of the Class C-2 Notes, such that such tests are satisfied as of the related Determination Date;
10. to the Holders of the Class A-1 Notes, the Aggregate Principal Amount of the Class A-1 Notes;
11. to the Holders of the Class A-2 Notes, the Aggregate Principal Amount of the Class A-2 Notes;
12. to the Holders of the Class B Notes, any accrued and unpaid Deferred Interest with respect to the Class B Notes, to the extent not paid pursuant to the Payment Date Priority of Payments;
13. to the Holders of the Class B Notes, the Aggregate Principal Amount of the Class B Notes;
14. on a pro rata basis, to the Holders of the Class C-1 Notes, any accrued and unpaid Deferred Interest with respect to the Class C-1 Notes and to the Holders of the Class C-2 Notes, any accrued and unpaid Deferred Interest with respect to the Class C-2 Notes, to the extent not paid pursuant to the Payment Date Priority of Payments;

15. on a pro rata basis, to the Holders of the Class C-1 Notes, the Aggregate Principal Amount of the Class C-1 Notes and to the Holders of the Class C-2 Notes, the Aggregate Principal Amount of the Class C-2 Notes, and, in the case of the Optional Redemption Date, the Make-whole Premium in respect of the Class C-2 Notes;
16. to the Swap Counterparty, any Swap Termination Payment due to it upon the early termination of the Swap Agreement as a result of a Swap Event of Default as to which the Swap Counterparty is the defaulting party or as a result of a Swap Additional Termination Event, to the extent not paid pursuant to the Payment Date Priority of Payments or otherwise previously paid in accordance with the Indenture;
17. to the payment first of accrued and unpaid Administrative Expenses (in the order set forth in the definition thereof) to the extent not paid pursuant to clause (1) above or pursuant to the Payment Date Priority of Payments and then, to the payment of accrued and unpaid Subordinated Administrative Expenses to the extent not paid pursuant to the Payment Date Priority of Payments;
18. to the payment of any unpaid Extension Bonus Payments (i) first, to the applicable Holders of Class A-1 Notes, (ii) then, to the qualifying Holders of Class A-2 Notes, (iii) then, to the qualifying Holders of Class B Notes, and (iv) then, on a pro rata basis, to the qualifying Holders of Class C-1 Notes and the applicable Holders of Class C-2 Notes, to the extent not paid pursuant to the Payment Date Priority of Payments; and
19. to the Holders of the Income Notes, (a) on any Payment Date (other than the Maturity Date, the Optional Redemption Date or Indenture Tax Redemption Date), the remainder as an Income Note Principal Distribution Amount (the "Income Note Principal Distribution Amount") or (b) on the Maturity Date, Optional Redemption Date or Indenture Tax Redemption Date, the remainder as the "Final Income Note Distribution Amount."

Pro rata payments of principal among *pari passu* Notes will be based upon the principal amount of such Notes outstanding on the date of payment, and pro rata payments of interest (and any Extension Bonus Payments) among *pari passu* Classes of Notes shall be based upon the amount of interest (or Extension Bonus Payments, as applicable) payable on such Notes on the date of payment. Determinations to be made within the Priority of Payments will be made giving effect to the payment of all amounts to be paid prior to the clause that requires the determination, and all payments made pursuant to the Payment Date Priority of Payments on any Payment Date will be deemed to be made prior to all payments, if any, to be made on such Payment Date pursuant to the Principal Priority of Payments. Payments with respect to any Class of Notes will be made to all Holders of Notes of such Class on a pro rata basis based on each Holder's holding of such Notes.

#### **Maturity of the Notes and Class Q-1 Securities and Extension of Maturity of the Notes and Class Q-1 Securities**

Unless previously redeemed or extended as described below, the Aggregate Principal Amount of the Senior Notes is scheduled to be repaid, and the final distribution on the Income Notes is scheduled to be made, on August 1, 2016, in accordance with the Principal Priority of Payments. On the Maturity Date, the Trustee will combine all of the moneys in the Trust Accounts and distribute such moneys in accordance with the Priority of Payments.

##### Extension of Maturity of the Notes and Class Q-1 Securities

Under the Indenture, if the term of the Swap Agreement is extended (which requires the Extension Conditions to be satisfied), the maturity of the Notes and Class Q-1 Securities will automatically be equally extended without any requirement for approval or consent of any holders of Securities or amendment or supplement to the Indenture (the "Maturity Extension").

Under the Swap Agreement, the Swap Counterparty may, at its option, on the Payment Date in August 2009 (the "Extension Effective Date") extend the Portfolio Modification Period for four years to August 1, 2015 and correspondingly extend the term of the Swap Agreement for four years to August 1, 2020, subject to the satisfaction of the Extension Conditions. See "Description of the Swap Agreement—Extension of the Swap Agreement."

As a condition to a Maturity Extension, any holder of Notes or Class Q-1 Securities wishing to sell such Securities ("Extension Sale Securities") to one or more qualifying purchasers (which may include the Swap Counterparty or any of its affiliates acting as principal or agent) designated by the Swap Counterparty (or its affiliate) (each an "Extension Qualifying Purchaser") on the Extension Effective Date at the applicable Extension Purchase Price pursuant to the Extension Conditions must provide an Extension Sale Notice within the Extension Sale Notice Period.

The extension of the Portfolio Modification Period, the term of the Swap Agreement and the maturity of the Notes and the Class Q-1 Securities will be conditioned on satisfaction of the following requirements ("Extension Conditions"): (i) the purchase of all Extension Sale Securities has been settled by the designated Extension Qualifying Purchasers at the applicable Extension Purchase Price as of the Extension Effective Date, (ii) all such purchases of Extension Sale Securities individually and in the aggregate comply with the applicable transfer restrictions in the Indenture and the legends on such Extension Sale Securities and all applicable law, rules and regulations (including, without limitation, rules, regulations and procedures of any applicable securities exchange, self-regulatory organization or clearing agency), (iii) (x) Rating Confirmation has been obtained from S&P (so long as any Securities are then rated by S&P) (which confirmation shall be based on S&P's applicable rating criteria and models pursuant to which the applicable Securities were rated by S&P as of the Closing Date) and (y) either (A) all Coverage Tests and clauses 17, 18 and 22 of the Reference Portfolio Criteria are satisfied as of the Extension Determination Date and the rating of each Class of Senior Notes by Moody's has not been downgraded, withdrawn or qualified from that in effect on the Closing Date (unless it subsequently has been reinstated to the rating assigned on the Closing Date) or (B) Rating Confirmation has been obtained from Moody's (so long as any Securities are then rated by Moody's).

No Extension Sale Securities will be purchased unless all Extension Sale Securities are purchased and settled at the applicable Extension Purchase Price as of the Extension Effective Date and the other Extension Conditions are satisfied. Pursuant to the Extension Conditions, if not all Extension Sale Securities are so purchased and settled, none of the Portfolio Modification Period, the term of the Swap Agreement or the maturity of the Notes and the Class Q-1 Securities will be extended. The Swap Counterparty will not be responsible for causing the Extension Conditions to be satisfied and will not be liable to any holder of Securities (whether or not such holder gave an Extension Sale Notice with respect to its Notes or Class Q-1 Securities) or to any other Person if the Extension Conditions are not satisfied. Failure of the Extension Conditions to be satisfied will not constitute a default or Event of Default under the Indenture or a Swap Event of Default.

If all Extension Conditions are satisfied and a Maturity Extension with respect to the Notes and Class Q-1 Securities is effected, each beneficial owner of Senior Notes held (including in the form of the Class Q-1 Senior Note Component) other than Extension Sale Securities will be entitled to receive a single payment in an amount equal to (1) in the case of the Class A-1 Notes, 0.25% of the Aggregate Principal Amount thereof held by that beneficial owner as of the Extension Effective Date, (2) in the case of the Class A-2 Notes, 0.25% of the Aggregate Principal Amount thereof held by that beneficial owner as of the Extension Effective Date, (3) in the case of the Class B Notes, 0.25% of the Aggregate Principal Amount thereof held by that beneficial owner and (4) in the case of the Class C Notes, 0.50% of the Aggregate Principal Amount thereof held by that beneficial owner as of the Extension Effective Date (each an "Extension Bonus Payment"). Holders of Income Notes will not be entitled to receive any Extension Bonus Payment. The Extension Bonus Payment will be payable on the first Payment Date from and including the Extension Effective Date on which funds are available for that purpose in accordance with the Priority of Payments, but in any event, no later than the Maturity Date and the date of redemption of such Notes. Extension Bonus Payments which are not available to be paid on a Payment Date in accordance with the Priority of Payments on a Payment Date will not be considered due and payable. The failure to pay Extension Bonus Payments will not be an Event of Default under the Indenture, unless the Issuer fails to pay in full the Extension Bonus Payment on the earlier of the Maturity Date and the date of redemption in full of the relevant Securities. Payment of Extension Bonus Payments will be made on any Payment Date solely to qualifying beneficial owners who have provided to the Trustee an Extension Bonus Eligibility Certification, to the accounts designated in the applicable Extension Bonus Eligibility Certifications or, to the extent otherwise required by the rules of any applicable securities exchange or clearing agency, in a manner determined by the Issuer.

### Extension and Extension Sale Procedure

The Swap Counterparty will be required to give notice of its election to extend the Portfolio Modification Period and the Swap Termination Date (the “Extension Notice”) to the Issuer and the Trustee no later than 60 days and no earlier than 90 days prior to the Extension Effective Date.

No later than 3 Business Days following receipt of the Extension Notice, the Trustee will forward the Extension Notice to all holders of Securities.

Any holder of Notes and Class Q-1 Securities may give irrevocable notice (an “Extension Sale Notice”) within 30 days after the Trustee has sent the Extension Notice (the “Extension Sale Notice Period”) of its intention to sell its Securities to an Extension Qualifying Purchaser in the case of a Maturity Extension. No holder of Notes and Class Q-1 Securities that has not given an Extension Sale Notice within the Extension Sale Notice Period will be entitled to sell its Securities to an Extension Qualifying Purchaser in connection with the Maturity Extension.

On the 8<sup>th</sup> Business Day prior to the Extension Effective Date (the “Extension Determination Date”), the Swap Counterparty and the Issuer (or its agent) will confirm (i) whether or not Extension Qualifying Purchasers for all Extension Sale Securities have been designated to purchase the Extension Sale Securities in compliance with all transfer restrictions in the Indenture and the legends on such Securities and all applicable laws, rules and regulations (including, without limitation, any rules, regulations and procedures of any securities exchange, self-regulatory organization or clearing agency), (ii) whether the requirements of clause (iii) of the Extension Conditions are satisfied as of the Extension Determination Date and (iii) whether all other Extension Conditions can be satisfied as of the Extension Effective Date.

On the Extension Effective Date, it is expected that Extension Sale Securities will be purchased by the designated Extension Qualifying Purchasers for the applicable Extension Purchase Price. If all Extension Conditions are satisfied, on the Extension Effective Date, the Maturity Extension will become effective under the terms of the Indenture. No Extension Sale Securities of any holder will be purchased unless all Extension Sale Securities are purchased and settled at the applicable Extension Purchase Price on the Extension Effective Date and the other Extension Conditions are satisfied. If not all Extension Sale Securities are so purchased and settled or any other Extension Condition is not satisfied, none of the Portfolio Modification Period, the term of the Swap Agreement or the maturity of the Notes and the Class Q-1 Securities will be extended.

### **Amendment Buy-Out**

In the case of any amendment to the Indenture or the Swap Agreement that requires the consent of one or more holders of Notes or Class Q-1 Securities, the Amendment Buy-Out Purchaser will have the right, but not the obligation, to purchase from Non-consenting Holders all Notes and Class Q-1 Securities held by such holders of the Class of Securities whose consent was solicited with respect to such amendment to the Indenture or Swap Agreement, as applicable (the “Amendment Buy-Out Option”).

The purchase price for such Notes and Class Q-1 Securities will be (1) in the case of the Senior Notes, the Aggregate Principal Amount thereof, plus accrued interest (including Deferred Interest, if any) to the date of purchase which is not otherwise paid or payable to the Non-consenting Holder, plus, any unpaid Extension Bonus Payment, if any, plus, in the case of the Class C-2 Notes, the applicable Make-whole Premium, (2) in the case of the Income Notes, an amount that, together with any amounts paid to the Non-consenting Holder with respect to those Income Notes from the Closing Date to and including the purchase date (and any amounts payable, if any, to the Non-consenting Holder on the next succeeding Payment Date) results in an internal rate of return with respect to those Income Notes of 18% per annum and (3) in the case of the Class Q-1 Securities, based on the respective purchase prices for the Class Q-1 Senior Note Component and the Class Q-1 Income Note Component thereof, (the “Amendment Buy-Out Purchase Price”). In any Amendment Buy-Out from and after the date on which the Non-consenting Holders of Income Notes have received (or would be expected to receive) an internal rate of return equal to or in excess of 18% per annum (determined as in clause (2) above), the Amendment Buy-Out Purchase Price for Income Notes will be zero.

If the Amendment Buy-Out Option is exercised, the Amendment Buy-Out Purchaser must purchase all applicable Notes and Class Q-1 Securities from all Non-consenting Holders, regardless of the applicable percentage of aggregate principal amount of the applicable Securities the consent of whose holders is required for the

amendment. If the solicited consent only affects one Component of a Class Q-1 Security, the Amendment Buy-Out Purchaser must purchase, at the Non-consenting Holder's option, its Class Q-1 Security as a whole or solely the affected Component.

The Class Q-2 Securities themselves are not subject to an Amendment Buy-Out, but the Indenture permits the Amendment Buy-Out Purchaser to purchase the Income Notes represented by the Class Q-2 Collateral Asset A at the applicable purchase price, if the Holders of Class Q-2B Securities who pursuant to the Indenture have voting rights with respect to the Income Notes represented by the Class Q-2 Collateral Asset A would be deemed to be a Non-consenting Holder with respect to such Income Notes.

All purchases made pursuant to an Amendment Buy-Out individually and in the aggregate must comply with the applicable transfer restrictions in the Indenture and the legends on such Securities and all applicable laws, rules and regulations (including, without limitation, any rules, regulations and procedures of any securities exchange, self-regulatory organization or clearing agency).

Under the Reference Portfolio Management Agreement, the Reference Portfolio Manager may request the Swap Counterparty to elect to effect an Amendment Buy-Out. The Swap Counterparty has agreed to follow such a request, subject to certain conditions.

### **The Coverage Tests**

The Coverage Tests are comprised of an Overcollateralization Test and an Interest Coverage Test for each Class of Senior Notes (with, for this purpose, the Class A-1 Notes and the Class A-2 Notes treated as single Class and the Class C-1 Notes and the Class C-2 Notes treated as a single Class). The Overcollateralization Tests will be satisfied if:

1. as of any Measurement Date on which any of the Class A-1 Notes or Class A-2 Notes are Outstanding, the Class A Overcollateralization Ratio equals or exceeds 157%, where the "Class A Overcollateralization Ratio" will equal the quotient obtained by dividing (a) the aggregate principal amount of all Eligible Investments in the Collateral Account (other than those representing an investment of interest proceeds of Eligible Investments) as of such date plus the Accrued Increase/Reduction Amount as of such date minus the sum of (1) an amount equal to the aggregate of the Default Adjustments for all Defaulted Reference Obligations and Deferring PIK Obligations as of such date and (2) the Outstanding Premium as of such date (the "OC Base Amount") by (b) the sum of the Aggregate Principal Amounts of the Class A-1 Notes and the Class A-2 Notes as of such date (the "Class A OC Test");
2. as of any Measurement Date on which any Class A-1 Notes, Class A-2 Notes or Class B Notes are Outstanding, the Class B Overcollateralization Ratio equals or exceeds 133%, where the "Class B Overcollateralization Ratio" will equal the quotient obtained by dividing (a) the OC Base Amount as of such date by (b) the sum of the Aggregate Principal Amounts of the Class A-1 Notes, Class A-2 Notes and Class B Notes (together with any Deferred Interest with respect to the Class B Notes) as of such date (the "Class B OC Test"); and
3. as of any Measurement Date on which any Class A-1 Notes, Class A-2 Notes, Class B Notes, Class C-1 Notes or Class C-2 Notes are Outstanding, the Class C Overcollateralization Ratio equals or exceeds 116%, where the "Class C Overcollateralization Ratio" will equal the quotient obtained by dividing (a) the OC Base Amount as of such date by (b) the sum of the Aggregate Principal Amounts of the Class A-1 Notes, the Class A-2 Notes, the Class B Notes, the Class C-1 Notes and the Class C-2 Notes (together with any Deferred Interest with respect to the Class B Notes and Class C Notes) as of such date (the "Class C OC Test").

The Interest Coverage Tests will be satisfied if:

1. as of any Measurement Date on which any Class A-1 Notes or Class A-2 Notes are Outstanding, the Class A Interest Coverage Ratio equals or exceeds 110%, where the "Class A Interest Coverage Ratio" will equal (x) the greater of (a) zero and (b) Net Interest Coverage Proceeds for

such date, divided by (y) the sum of the Class A-1 Interest Amount and the Class A-2 Interest Amount for the next following Payment Date (the “Class A Interest Coverage Test”);

2. as of any Measurement Date on which any Class A-1 Notes, Class A-2 Notes or Class B Notes are Outstanding, the Class B Interest Coverage Ratio equals or exceeds 105%, where the “Class B Interest Coverage Ratio” will equal (x) the greater of (a) zero and (b) the Net Interest Coverage Proceeds for such date, divided by (y) the sum of the Class A-1 Interest Amount, the Class A-2 Interest Amount and the Class B Interest Amount for the next following Payment Date (the “Class B Interest Coverage Test”); and
3. as of any Measurement Date on which any Class A-1 Notes, Class A-2 Notes, Class B Notes or Class C Notes are Outstanding, the Class C Interest Coverage Ratio equals or exceeds 100%, where the “Class C Interest Coverage Ratio” will equal (x) the greater of (a) zero and (b) the Net Interest Coverage Proceeds for such date, divided by (y) the sum of the Class A-1 Interest Amount, the Class A-2 Interest Amount, the Class B Interest Amount, the Class C-1 Interest Amount and the Class C-2 Interest Amount for the next following Payment Date (the “Class C Interest Coverage Test”).

For purposes of these tests, the addition or removal of a Reference Obligation will be effective if the relevant Addition Date or Removal Date has occurred on or prior to the Measurement Date.

If any Coverage Test is not satisfied as of any Determination Date related to a Payment Date following the Ramp-up End Date, amounts available in accordance with the Priority of Payments at that level of the Priority of Payments at which the Coverage Test is applied will be used on such Payment Date for the payment of the outstanding principal amount of the Senior Notes (and any Deferred Interest with respect thereto), starting with the most senior Class, to the extent necessary to satisfy all such Coverage Tests, and to that extent reduce the amount available for payments at lower levels in the Priority of Payments. Noncompliance with the Coverage Tests may also restrict the ability of the Reference Portfolio Manager to add or remove Reference Obligations under certain circumstances. See *“Description of the Swap Agreement—Selection and Modification of the Reference Portfolio.”* The failure of the Issuer to satisfy a Coverage Test will not be a default or an Event of Default under the Indenture.

### **The Diversion Test**

The “Diversion Test” will be satisfied as of the Determination Date related to any Payment Date following the Ramp-up End Date, if the Class C OC Test is satisfied as of such date, measured for this purpose as of the applicable Determination Date without giving effect to any payments made on the related Payment Date (including those made pursuant to any clause of the Priority of Payments ranking prior to the clause that provides for payments if the Diversion Test is not satisfied). If the Diversion Test is not satisfied on the Determination Date related to any such Payment Date, 50% of any amounts, if any, that would otherwise be used to pay Administrative Expenses in excess of the Expense Cap Amount, Subordinated Administrative Expenses, Extension Bonus Payments, if any, and a Net Income Note Periodic Return Amount to the Holders of the Income Notes will be used on such Payment Date in accordance with the Payment Date Priority of Payments for the payment of, first, on a pro rata basis, Deferred Interest, if any, with respect to the Class B Notes and the Class C Notes and then, on a pro rata basis, the Aggregate Principal Amount of the Class B Notes and the Aggregate Principal Amount of the Class C Notes (whether or not any Class A-1 Notes or Class A-2 Notes are then outstanding).

### **The Class Q-1 Securities**

The Class Q-1 Securities will be issued pursuant to the Indenture. The Class Q-1 Securities will consist of the Class Q-1 Senior Note Component and the Class Q-1 Income Note Component. The Class Q-1 Senior Note Component will represent an initial Aggregate Principal Amount of U.S. \$5,000,000 of Class C-2 Notes. The Class Q-1 Income Note Component will represent an Aggregate Principal Amount of U.S. \$5,000,000 of Income Notes. Each Class Q-1 Security is a single security, the Components of which are not separately transferable. However, a Holder may exchange its Class Q-1 Security with the Trustee for the corresponding interests in the related Components, as described below.

The initial Aggregate Principal Amounts of the Class C-2 Notes and Income Notes to which the Class Q-1 Senior Note Component and the Class Q-1 Income Note Component relate are included in (and are not in addition

to) the initial Aggregate Principal Amounts of the Class C-2 Notes and Income Notes. Each Class Q-1 Security represents an undivided beneficial ownership interest in the cash flows on the Class Q-1 Senior Note Component and the Class Q-1 Income Note Component.

The Class Q-1 Securities are scheduled to mature on August 1, 2016, unless the maturity is extended. *See “Maturity of the Notes and Class Q-1 Securities and Extension of Maturity of the Notes and Class Q-1 Securities” above.*

Except as described herein or unless the context otherwise requires, references herein to the Class C-2 Notes, Class C Notes or Senior Notes (or the Holders thereof) include the Class Q-1 Senior Note Component (or the Holders of the Class Q-1 Securities to the extent thereof), whether or not explicitly mentioned, and references to the Income Notes (or the Holders thereof) include the Class Q-1 Income Note Components (or the Holders of the Class Q-1 Securities to the extent thereof), whether or not explicitly mentioned.

On each Payment Date on which payments, whether of principal or interest, are made on the Class C-2 Notes or any distributions are made on the Income Notes, a portion of such payment will be allocated to the Class Q-1 Securities in the proportion that the principal amount of Notes comprising such Component bears to the principal amount of such Class of Notes as a whole (including all related Components). No other payments will be made on the Class Q-1 Securities.

The rating by Moody’s on the Class Q-1 Securities applies only to the return of the Class Q-1 Rated Principal. The Class Q-1 Nominal Rate does not limit the entitlement of Holders of Class Q-1 Securities to receive any applicable Class Q-1 Excess Distributions. All distributions made with respect to the Class Q-1 Securities will reduce the outstanding Class Q-1 Rated Principal until it is reduced to U.S. \$1.

The Holders of Class Q-1 Securities will be entitled to voting rights in each Class of Notes that is a Component, in the proportion that such Component bears to the principal amount of such Class of Notes as a whole (including such Component). The Holders of the Class Q-1 Securities will not be entitled to voting rights as a separate class, except in limited circumstances described in the Indenture.

Investors considering purchasing Class Q-1 Securities should consider carefully the discussions in this Offering Circular of the Class C-2 Notes and the Income Notes represented by the Class Q-1 Senior Note Component and the Class Q-1 Income Note Component, as applicable, including the risk factors applicable thereto.

#### Exchange of Class Q-1 Securities

Pursuant to the Indenture, a Holder of a Class Q-1 Security may exchange all or a proportionate amount of each Component of such Class Q-1 Security for proportional interests in the Class C-2 Notes, in the form of a Rule 144A Global Note or a Regulation S Global Note (in the case of the Class Q-1 Senior Note Component) and a Certificated Income Note (in the case of the Class Q-1 Income Note Component), subject to the minimum denomination requirements applicable to the underlying Notes and any remaining portion of Class Q-1 Securities and in the manner described in the Indenture. Thereafter, the Holder of a beneficial interest in a Class Q-1 Security exchanged will be the Holder of the applicable Class C-2 Notes and the Income Notes, in each case received upon such exchange. No Holder of Class C-2 Notes or Income Notes (including a Holder that received such Class C-2 Notes or Income Notes upon an exchange of a Class Q-1 Security) will have the right to exchange such Class C-2 Notes and/or Income Notes for a Class Q-1 Security. No service charge will be made for any such exchange of Class Q-1 Securities, but the Issuer or the Trustee may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with such exchange. Following any such exchange, the rating of the exchanged Class Q-1 Securities by any Rating Agency may not apply to the Securities received in such exchange.

In an Amendment Buy-Out that affects only one Component of a Class Q-1 Security, the Non-Consenting Holder, at its option, may require the Amendment Buy-Out Purchaser to purchase its Class Q-1 Security as a whole or may exchange its Class Q-1 Security into its Components and require the Amendment Buy-Out Purchaser to purchase solely the affected Component. *See “Amendment Buy-Out” above.*

### **The Class Q-2 Securities**

The Class Q-2 Securities will be issued pursuant to the Indenture. The Indenture limits the principal amount of the Class Q-2 Securities to (i) U.S. \$7,200,000 aggregate principal amount of the Class Q-2A Securities and (ii) U.S. \$40,000,000 aggregate principal amount of the Class Q-2B Securities. Payments on the Class Q-2 Securities will be made solely from the Class Q-2 Securities Collateral.

The Class Q-2A Securities will accrue interest at the Class Q-2A Interest Rate. The Class Q-2A Securities will provide for the payment of the Class Q-2A Interest Amount on each Payment Date. Interest on the Class Q-2A Securities will accrue from and including the Closing Date and will be payable quarterly in arrears on each Payment Date to the Holders of the Class Q-2A Securities as of the related Record Date. Interest on the Class Q-2A Securities will be computed for each Periodic Interest Accrual Period on the basis of a 360-day year and the actual number of days in the applicable Periodic Interest Accrual Period.

Interest on the Class Q-2A Securities (including interest on Class Q-2A Deferred Interest (as defined below) on such Q-2A Securities) will only be due and payable to the extent that funds are available for such payment in accordance with the operation of the Class Q-2 Priority of Payments as described herein, and the failure to pay any such interest because such funds are not available will not be a Class Q-2 Event of Default under the Indenture. Instead, the amount of any interest that is not paid on the Class Q-2A Securities on any Payment Date will be deferred, and such amounts ("Class Q-2A Deferred Interest") will bear interest at the Class Q-2A Interest Rate. Interest accrued on Class Q-2A Deferred Interest for any Periodic Interest Accrual Period will be payable as current interest on the Class Q-2A Securities on the related Payment Date and, to the extent not paid on such Payment Date, will constitute additional Class Q-2A Deferred Interest. Class Q-2A Deferred Interest will be due and payable on the first Payment Date on which funds are available and permitted to be used for such purpose in accordance with the Class Q-2A Priority of Payments. *See—"Class Q-2 Events of Default"* for a description of when such non-payment constitutes a Class Q-2 Event of Default under the Indenture and the available remedies. Subject to the availability of funds and to the Class Q-2 Priority of Payments, the Class Q-2A Securities, unless previously redeemed, will provide for the payment of outstanding principal on the Class Q-2 Maturity Date.

Holders of Class Q-2B Securities will not be entitled to receive distributions at a stated rate but on each Payment Date will be entitled to distributions (including the Class Q-2B Target Amount) solely to the extent of available funds therefor pursuant to the Class Q-2 Priority of Payments.

The remaining principal amount, if any, of and interest on the Class Q-2A Securities and any final distribution, if any, on the Class Q-2B Securities will be paid on the Class Q-2 Maturity Date upon surrender of such Securities at the office of any Paying Agent designated for such purpose under the Indenture. The interest payable at maturity on the Class Q-2A Securities will be paid to the Person to whom principal of such Security will be paid.

The Class Q-2B Securities are subordinate (except with respect to the Class Q-2B Target Amount) to the Class Q-2A Securities as provided in the Class Q-2 Priority of Payments.

#### **Class Q-2 Priority of Payments**

##### ***Class Q-2 Payment Date Priority of Payments***

On each Payment Date, the Trustee will distribute the Class Q-2 Payment Date Proceeds in the Class Q-2 Securities Collateral Account to make the following payments in the following order of priority (the "Class Q-2 Payment Date Priority of Payments"):

1. to the Holders of the Class Q-2A Securities, the Class Q-2A Interest Amount;
2. to the Holders of the Class Q-2A Securities, any Class Q-2A Deferred Interest;
3. to the Holders of the Class Q-2A Securities, the Aggregate Principal Amount of the Class Q-2A Securities; and

4. the remainder to the Holders of the Class Q-2B Securities (the “Net Class Q-2B Periodic Return Amount”)

In addition, on each Payment Date, the Trustee will distribute from Class Q-2 Gross Proceeds other than the Class Q-2 Payment Date Proceeds, to the Holders of Class Q-2B Securities, the Class Q-2B Target Amount, if any, for such date.

*Class Q-2 Maturity Date Priority of Payments*

On the Class Q-2 Maturity Date, the Trustee will distribute any Class Q-2 Collateral Asset B Proceeds and any other amounts on deposit in the Class Q-2 Securities Collateral Account to make the following payments in the following order of priority (the “Class Q-2 Maturity Date Priority of Payments”):

1. to the Holders of the Class Q-2A Securities, the Aggregate Principal Amount of the Class Q-2A Securities, any accrued and unpaid Class Q-2A Interest Amount and any Class Q-2A Deferred Interest; provided that no more than \$7,200,000 shall be payable pursuant to this clause (A) from Class Q-2 Collateral Asset B Proceeds; and;
2. the remainder to the Holders of the Class Q-2B Securities (the “Final Class Q-2B Distribution Amount”).

Class Q-2A Coverage Test

If the Class Q-2A Coverage Test is not satisfied as of any date of determination following the Closing Date, at the unanimous direction of the Holders of the Class Q-2A Securities, the Trustee will liquidate the Class Q-2 Collateral Asset A and credit the proceeds thereof to the Class Q-2 Securities Collateral Account for distribution in accordance with the Class Q-2 Priority of Payments upon receipt of such proceeds as though the date of receipt thereof were a Payment Date.

Rights with respect to the Class Q-2 Collateral Asset A

With respect to any matter under the Indenture as to which the Holders of Income Notes are entitled to vote or give any consent or direction, the Trustee will follow the direction of the Holders of a majority of the Aggregate Principal Amount of the Class Q-2B Securities for purposes of voting or giving such consent or direction for the Income Notes represented by the Class Q-2 Collateral Asset A. If as a result of such vote the Holder of the Income Notes represented by the Class Q-2 Collateral Asset A would constitute a Non-consenting Holder, the Amendment Buy-Out Purchaser will be entitled to purchase the Income Notes represented by the Class Q-2 Collateral Asset A if it elects to exercise its Amendment Buy-Out Option, and the proceeds of such purchase will be credited to the Class Q-2 Securities Collateral Account and distributed in accordance with the Class Q-2 Priority of Payments on the next following Payment Date. The Class Q-2 Securities themselves will not be subject to an Amendment Buy-Out.

In the case of the Maturity Extension, if any, the Holders of a majority of the Aggregate Principal Amount of the Class Q-2B Securities will be entitled to direct the Trustee to provide an Extension Sale Notice with respect to the Income Notes represented by the Class Q-2 Collateral Asset A. Any proceeds from an Extension Sale with respect to the Income Notes represented by the Class Q-2 Collateral Asset A will be credited to the Class Q-2 Securities Collateral Account and distributed in accordance with the Class Q-2 Priority of Payments on the applicable Payment Date.

The Holders of Class Q-2 Securities will not be entitled to direct the Trustee with respect to the Trust Estate pursuant to the Indenture other than by way of the rights of Class Q-2 Collateral Asset A.

The Class Q-2 Securities Collateral Account

On or prior to the Closing Date, the Trustee will establish a segregated trust account in the name of the Trustee for the benefit of the Holders of the Class Q-2 Securities (the “Class Q-2 Securities Collateral Account”), which is required at all times to be an Eligible Account at an Eligible Institution (which initially shall be JPMorgan Chase Bank).

On the Closing Date, the Class Q-2 Collateral Asset A and the Class Q-2 Collateral Asset B will be deposited in the Class Q-2 Securities Collateral Account. In addition, the Trustee will deposit into the Class Q-2 Securities Collateral Account all proceeds from the Class Q-2 Collateral Asset A, including, without limitation, distributions on the Class Q-2 Collateral Asset A and any proceeds from the sale, redemption or maturity of all or portions of the Class Q-2 Collateral Assets. All moneys deposited in the Class Q-2 Securities Collateral Account shall be invested in Eligible Investments required to mature on or before the Business Day prior to the next Payment Date.

#### Exchange of Class Q-2 Securities

Pursuant to the Indenture, on and after the date on which the Class Q-2A Securities are redeemed or repaid in full, any Holder of a Class Q-2B Security may exchange all but not less than all of its Class Q-2B Securities for its proportional share of the Class Q-2 Collateral Asset A, in the form of Certificated Income Notes (subject to the minimum denomination requirements applicable to the Income Notes and in the manner described in the Indenture) and any proceeds thereof, and the Class Q-2 Collateral Asset B and any proceeds thereof in the Class Q-2 Securities Collateral Account. The Trustee, upon surrender of a Class Q-2B Certificated Security by a Holder for an exchange, will simultaneously convert the applicable portion of the Class Q-2 Collateral Asset A into Certificated Income Notes and transfer the applicable portion of the Class Q-2 Collateral Asset B to that Holder in accordance with standard settlement procedures for assets of that type and so effect the exchange. Thereafter, the Holder of the Class Q-2B Security so exchanged will be the Holder of the Income Notes received upon the exchange for purposes of the Indenture. No Holder of Income Notes (including a Holder that received such Income Notes upon an exchange of a Class Q-2B Security) or CGMHI Notes will be entitled to exchange any such notes for a Class Q-2B Security. No service charge shall be made for any such exchange of Class Q-2B Securities, but the Issuer or the Trustee may require payment of a sum sufficient to cover any tax or governmental charge payable in connection with such exchange.

#### Class Q-2 Administrative Expenses

Following the redemption in full of the Notes and Class Q-1 Securities and the liquidation and distribution of the Trust Estate, if the Class Q-2B Securities are then Outstanding, the Holders of Class Q-2B Securities will be required either (i) to exchange such Class Q-2B Securities into the applicable proportionate amount of the Class Q-2 Securities Collateral or (ii) to enter into an arrangement with the Issuer satisfactory to the Issuer for the payment of Class Q-2 Administrative Expenses (and will be deemed to have elected clause (i) if an arrangement pursuant to clause (ii) has not been entered into within a reasonable time of such redemption, liquidation and distribution).

#### Class Q-2 Events of Default

A Class Q-2 event of default ("Class Q-2 Event of Default") is defined in the Indenture as being:

1. a default in the payment, when due and payable, of any Interest Amount on the Class Q-2A Securities, which default shall continue for a period of five days (*provided* that the failure to pay Interest Amounts on the Class Q-2A Securities because insufficient funds are available in accordance with the Class Q-2 Priority of Payments will not constitute a Class Q-2 Event of Default);
2. a default in the payment of principal of any Class Q-2 Security on the Class Q-2 Maturity Date; *provided* that, in the case of a default in such payment due solely to an administrative error or omission by the Trustee or any Paying Agent, such default continues for a period of five days;
3. a failure to apply, within five days following any Payment Date or the Class Q-2 Maturity Date, available amounts in accordance with the Class Q-2 Priority of Payments, or a default in payment solely due to an administrative error or omission by the Trustee, which default continues for a period of five days;
4. either of the Issuers or the Class Q-2 Securities Collateral becomes an investment company required to be registered under the Investment Company Act;
5. except as otherwise provided in this definition of "Class Q-2 Event of Default," a default in any respect in the performance, or a breach of any covenant, warranty or other agreement of the

Issuers in the Indenture, or the failure of any representation or warranty of the Issuers made in the Indenture or in any certificate or other writing delivered pursuant to or in connection with the Indenture to be correct in all respects when the same shall have been made, which default, breach or failure would have a material adverse effect on the Holders of the Class Q-2 Securities and continuance of such default, breach or failure for a period of 30 calendar days after written notice shall have been given as provided in the Indenture to the Issuers by the Trustee or to the Issuers and the Trustee by the Class Q-2 Requisite Securityholder specifying such default, breach or failure and requiring it to be remedied and stating that such notice is a "Notice of Class Q-2 Default" under the Indenture; or

6. certain events of bankruptcy, insolvency, receivership or reorganization of either of the Issuers (as set forth in the Indenture).

If a Class Q-2 Event of Default under the Indenture (other than a Class Q-2 Event of Default of the type described in clause (4) or clause (6) above) occurs and is continuing, the Trustee shall at the written direction of the Class Q-2 Requisite Securityholders declare the principal of and any accrued interest on the Class Q-2A Securities to be immediately due and payable. If a Class Q-2 Event of Default of the type described in clause (4) or clause (6) above occurs, the principal of and interest on the Class Q-2A Securities automatically shall become immediately due and payable without any action of the Trustee or any other Person. The Class Q-2 Requisite Securityholders may rescind a declaration of acceleration if the Class Q-2 Event of Default has been cured and certain other conditions are satisfied.

Subject to the next succeeding paragraphs, upon any acceleration of the Class Q-2A Securities, the Class Q-2 Requisite Securityholders shall have the right to direct the Trustee to exercise the remedies with respect to the Class Q-2 Securities Collateral provided for in the Indenture.

Notwithstanding the foregoing, the Trustee may not sell or liquidate the Class Q-2 Securities Collateral unless the Class Q-2A Securities have been declared or have become due and payable as described above and one of the following conditions exists:

- (i) The Trustee determines that the anticipated net proceeds of a sale or liquidation of the Class Q-2 Securities Collateral would be sufficient to pay (a) to the appropriate Persons any accrued and unpaid Class Q-2 Administrative Expenses (unless otherwise provided for) and (b) to the Holders of the Class Q-2A Securities the principal of and interest accrued on the Class Q-2A Securities to the date of acceleration. The Trustee shall make or cause to be made the calculation required by this paragraph promptly after the acceleration of the Class Q-2A Securities and on each monthly anniversary thereafter. In the event that the conditions of clause (i) are satisfied, the Trustee shall promptly effect the sale or liquidation of the Class Q-2 Securities Collateral and apply the proceeds as described below; or
- (ii) the Class Q-2 Requisite Securityholders direct the Trustee at any time following the acceleration of the Class Q-2A Securities to sell or liquidate the Class Q-2 Securities Collateral.

During any period following a Class Q-2 Event of Default but prior to the liquidation of the Class Q-2 Securities Collateral, the Trustee will retain the Class Q-2 Securities Collateral intact, collect and cause the collection of the proceeds thereof and make and apply all payments and deposits and maintain all amounts in respect of the Class Q-2 Securities Collateral and Class Q-2 Securities in accordance with the terms of the Indenture (including reinvestment of amounts in Eligible Investments in the Class Q-2 Securities Collateral Account). Any such proceeds realized after the acceleration of the Class Q-2 Securities Collateral will be distributed in accordance with the Class Q-2 Priority of Payments.

Upon the acceleration of the Class Q-2A Securities, if the Class Q-2 Securities Collateral has not been sold or liquidated, the funds in the Class Q-2 Securities Collateral Account, if any, will be applied in accordance with the Class Q-2 Priority of Payments on each Payment Date. If the Class Q-2 Securities Collateral is sold or liquidated, a final distribution will be made pursuant thereto on the first Business Day following the last day on which an item of the Class Q-2 Securities Collateral is sold or liquidated (and no interim distributions will be made on any date (including on any Payment Date) during the sale or liquidation process).

Notwithstanding anything to the contrary, no Holder of Class Q-2 Securities will be entitled to direct the Trustee or exercise any right or remedy, bring any proceeding or take any action under the Indenture with respect to

the Trust Estate, other than through and solely to the extent of the rights pertaining to the Class Q-2 Collateral Asset A. While any Notes are Outstanding, no Holder of Class Q-2 Securities may bring any proceeding against the Issuer other than solely in respect of the Class Q-2 Securities Collateral and any such proceeding by the Holders of Class Q-2 Securities may not include any bankruptcy or similar proceedings. The costs of any proceedings by Holders of Class Q-2 Securities and the costs and expenses incurred by the Trustee in connection with any sale or liquidation of the Class Q-2 Securities Collateral will not be payable from the Trust Estate (except to the extent included in the Class Q-2 Securities Collateral pursuant to the definition thereof). No Holder of Class Q-2B Securities shall be entitled to institute proceedings or to seek any other remedy under the Indenture unless all of the Class Q-2A Securities have been redeemed in full.

## **Form, Denomination and Registration**

### General

Each Class of Notes, whether issued in definitive or global form, and the Class Q-2A Securities will be issued and transferable in minimum denominations of U.S. \$500,000 and integral multiples of U.S. \$1,000 in excess thereof. The Class Q-1 Securities will be issued and transferable in minimum denominations in which each Component thereof satisfies the applicable minimum denomination requirement. The Class Q-2B Securities will be issued and transferable in minimum denominations of U.S. \$1,000,000 and integral multiples of U.S. \$1,000 in excess thereof.

### Rule 144A Global Notes

The Senior Notes initially sold in the United States or to U.S. Persons (as defined in Regulation S under the Securities Act) pursuant to Rule 144A under the Securities Act will be represented by one or more permanent global notes in definitive, fully registered form without interest coupons (the "Rule 144A Global Notes"). The Rule 144A Global Notes will be deposited with the Trustee as custodian for The Depository Trust Company ("DTC") and will be registered in the name of Cede & Co. ("Cede"), as nominee of DTC.

All or a portion of an interest in a Rule 144A Global Note may be transferred to a Person taking delivery in the form of an interest in a Rule 144A Global Note in accordance with the applicable procedures of DTC (in addition to the requirements set forth in the Indenture); *provided* that any remaining principal amount of the transferor's interest in the Rule 144A Global Note shall either equal zero or meet the required minimum denomination. In addition, all or a portion of an interest in a Rule 144A Global Note may be transferred to a person taking delivery in the form of an interest in a Temporary Regulation S Global Note or a Regulation S Global Note, as applicable, or exchanged for an interest in a Temporary Regulation S Global Note or a Regulation S Global Note, as applicable, in accordance with the applicable procedures of DTC, Clearstream and Euroclear (in addition to the requirements set forth in the Indenture); *provided* that the transferor (in the case of a transfer) or the Holder of a Note (in the case of an exchange) will represent that, among other things, the transfer or exchange is being made to a non-U.S. Person in an offshore transaction in accordance with Regulation S and only in a denomination greater than or equal to the required minimum denomination; *provided, further* that any remaining principal amount of the transferor's interest in the Rule 144A Global Note shall either equal zero or meet the required minimum denomination.

Any interest in a Rule 144A Global Note that is transferred to a person taking delivery in the form of an interest in a Temporary Regulation S Global Note or a Regulation S Global Note will, upon transfer, cease to be an interest in such Rule 144A Global Note and become an interest in the Temporary Regulation S Global Note or the Regulation S Global Note, as applicable, and, accordingly, will thereafter be subject to all transfer restrictions and other procedures applicable to interests in a Temporary Regulation S Global Note or a Regulation S Global Note, as applicable. No service charge will be made for any registration of transfer or exchange of an interest in a Rule 144A Global Note, but the Trustee may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Transfers of interests in the Rule 144A Global Notes are subject to certain additional restrictions. In particular, each transferee of an interest in a Rule 144A Global Note will also be deemed to have made certain additional acknowledgments, representations and warranties as provided in the Indenture. *See "Purchase and Transfer Restrictions."*

### Regulation S Global Notes

The Senior Notes initially sold to non-U.S. Persons (as defined in Regulation S under the Securities Act) in offshore transactions in reliance on Regulation S under the Securities Act will be initially represented by one or more temporary global notes in definitive, fully registered form without interest coupons attached (the “Temporary Regulation S Global Notes”). The Class Q-1 Securities initially sold to non-U.S. Persons (as defined in Regulation S under the Securities Act) in offshore transactions in reliance on Regulation S under the Securities Act will be initially represented by a Temporary Regulation S Global Note (the “Class Q-1 Temp Reg S Global Security”). The Temporary Regulation S Global Notes will be deposited with the Trustee acting as custodian for DTC and will be registered in the name of Cede, as nominee of DTC, for credit to DTC participants holding such position on behalf of Euroclear and Clearstream, for further credit to the respective accounts of Euroclear and Clearstream.

On or after the first Business Day following the 40th day after the later of the Closing Date and the commencement of the offering of the Notes (the “Exchange Date”), interests in a Temporary Regulation S Global Note (including a Class Q-1 Temp Reg S Global Security) will be exchangeable for interests in one or more permanent global notes of the same Class in definitive, fully registered form without interest coupons attached (the “Regulation S Global Notes” (or, in the case of an exchange of Class Q-1 Temp Reg S Global Securities, the “Class Q-1 Reg S Global Securities”) and, together with the Rule 144A Global Notes and the Temporary Regulation S Global Notes, as applicable, the “Global Notes”) upon certification that the beneficial interests in such Temporary Regulation S Global Note are owned by Persons who are not U.S. Persons (as defined in Regulation S).

Interests in the Global Notes (except for the Rule 144A Global Notes) may be held only through Euroclear or Clearstream.

All or a portion of an interest in a Temporary Regulation S Global Note (other than Class Q-1 Temp Reg S Global Securities) or a Regulation S Global Note (other than Class Q-1 Reg S Global Securities) may be transferred to a Person taking delivery in the form of an interest in a Temporary Regulation S Global Note or a Regulation S Global Note as applicable, in accordance with the applicable procedures of DTC, Clearstream or Euroclear (in addition to the requirements set forth in the Indenture), *provided* that any remaining principal amount of the transferor’s interest in the Temporary Regulation S Global Notes or the Regulation S Global Notes, as applicable, shall either equal zero or meet the required minimum denominations.

In addition, all or a portion of an interest in a Temporary Regulation S Global Note (other than Class Q-1 Temp Reg S Global Securities) or a Regulation S Global Note (other than Class Q-1 Reg S Global Securities) may be transferred to a Person taking delivery in the form of an interest in a Rule 144A Global Note or exchanged for an interest in a Rule 144A Global Note in accordance with the applicable procedures of DTC, Clearstream or Euroclear (in addition to the requirements set forth in the Indenture) upon receipt by the Trustee of a certificate from the transferor (in the case of a transfer) or the Holder of a Note (in the case of an exchange) in the form provided in the Indenture to the effect that, among other things, the transfer or exchange is to a Person that is both (i) a Qualified Institutional Buyer and (ii) a Qualified Purchaser, and only in a denomination greater than or equal to the required minimum denominations, *provided* that any remaining principal amount of the transferor’s interest in the Temporary Regulation S Global Note or the Regulation S Global Note, as applicable, shall either equal zero or meet the required minimum denominations.

Any interest in a Temporary Regulation S Global Note (other than a Class Q-1 Temp Reg S Global Security) or a Regulation S Global Note (other than a Class Q-1 Reg S Global Security) that is transferred to a Person taking delivery in the form of a Rule 144A Global Note will, upon transfer, cease to be an interest in such Temporary Regulation S Global Note or Regulation S Global Note and become an interest in the Rule 144A Global Note and, accordingly, will thereafter be subject to all transfer restrictions and other procedures applicable to interests in a Rule 144A Global Note for as long as it remains such an interest. No service charge will be made for any registration of transfer or exchange of an interest in a Temporary Regulation S Global Note or a Regulation S Global Note, but the Trustee may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Transfers of interests in the Temporary Regulation S Global Notes or the Regulation S Global Notes will be subject to certain additional restrictions. In particular, each transferee of an interest in a Temporary Regulation S Global Note or a Regulation S Global Note will also be deemed to have made certain additional acknowledgments, representations and warranties as provided in the Indenture. *See “Purchase and Transfer Restrictions.”*

Interests in a Class Q-1 Temp Reg S Global Security or a Class Q-1 Reg S Global Security may only be transferred to a Person taking delivery in the form of a Certificated Class Q-1 Security, upon receipt by the Trustee of a transferee certificate substantially in the form provided in the Indenture. *See also* “—*Certificated Securities*” *below*.

To enforce the restrictions on transfers of interests in the Securities, the Indenture permits the Issuer to demand that the purchaser of an interest in a Rule 144A Global Note who is determined not to be a Qualified Institutional Buyer and a Qualified Purchaser sell its interest in such Rule 144A Global Note to a permitted purchaser under the Indenture and, if the purchaser does not comply with such demand within 30 days thereof, the Issuer may sell or cause such purchaser to sell its interest in the Note, on such terms as the Issuer may choose. In addition, the Indenture also permits the Issuer to demand that the purchaser of an interest in a Temporary Regulation S Global Note or a Regulation S Global Note who is determined not to have acquired such beneficial interest in compliance with the requirements of the Indenture sell its interest in such Temporary Regulation S Global Note or Regulation S Global Note to a permitted purchaser under the Indenture, and, if such purchaser does not comply with such demand within 30 days thereof, the Issuer may sell or cause such purchaser to sell its interest in the Temporary Regulation S Global Note or the Regulation S Global Note, as applicable, on such terms as the Issuer may choose.

#### Book Entry Registration of the Global Notes

The registered owner of the relevant Global Note will be the only Person entitled to receive payments in respect of the Securities represented by such Global Note, and the obligation of the Issuers to make payments or distributions in respect of such Securities will be discharged by payment to, or to the order of, the registered owner of such Global Note in respect of each amount so paid. No Person other than the registered owner of the relevant Global Note shall have any claim against the Issuers in respect of any payment due on that Global Note. Members of, or participants in, DTC as well as any other Persons on whose behalf such participants may act (including Euroclear and Clearstream and account holders and participants therein) will have no rights under the Indenture with respect to such Global Notes held on their behalf by the Trustee, as custodian for DTC, and DTC may be treated by the Issuers or the Trustee and any agent of the Issuers or the Trustee as the Holder of such Global Notes for all purposes whatsoever. Except in the limited circumstances described in the next paragraph and with respect to the transfer of Class Q-1 Temp Reg S Global Securities and Class Q-1 Reg S Global Securities, owners of beneficial interests in the Global Notes will not be entitled to have such Securities registered in their names, will not receive or be entitled to receive definitive physical securities and will not be considered Holders of such Securities under the Indenture.

If (i) DTC notifies the Trustee that it is unwilling or unable to continue as depository for the Global Notes or DTC, Euroclear or Clearstream ceases to be a “Clearing Agency” (as defined in the Exchange Act) registered under the Exchange Act, and a successor depository or clearing agency is not appointed by the Trustee within 90 days after receiving such notice, (ii) as a result of any amendment to or change in the laws or regulations of the Cayman Islands, or of any authority therein or thereof having power to tax, or in the interpretation or administration of such laws or regulations which become effective on or after the Closing Date, the Issuers, the Trustee, or the Paying Agent becomes aware that it is or will be required to make any deduction or withholding from any payment in respect of the Global Notes which would not be required if such Global Notes were not represented by a global note or (iii) an Event of Default under the Indenture has occurred and is continuing and has not been waived, the Issuers will issue or cause to be issued notes in registered form and in the form of definitive physical notes in exchange for the applicable Global Notes to the beneficial owners of such Global Notes in the manner set forth in the Indenture.

Investors may hold their interests in a Rule 144A Global Note directly through DTC if they are participants in DTC, or indirectly through organizations which are participants in DTC. Investors may hold their interests in a Temporary Regulation S Global Note or a Regulation S Global Note directly through Clearstream or Euroclear, if they are participants in Clearstream or Euroclear, or indirectly through organizations which are participants in Clearstream or Euroclear. Clearstream and Euroclear will hold interests in the Temporary Regulation S Global Notes and the Regulation S Global Notes on behalf of their participants through their respective depositories, which in turn will hold the interests in such Global Notes in customers’ securities accounts in the depositories’ names on the books of DTC.

Payments of principal of and interest on a Global Note will be made to DTC or its nominee, as the registered owner thereof. The Issuers, the Trustee, the Paying Agent, the Initial Purchaser, the Placement Agent, the Swap Counterparty, the Reference Portfolio Manager and any of their respective Affiliates will not have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a Global Note or for maintaining, supervising or reviewing any records relating to the beneficial ownership interests.

The Issuers expect that DTC or its nominee, upon receipt of any payment of principal or interest in respect of a Global Note representing a Note held by DTC or its nominee, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the stated principal amount of such Note as shown on the records of DTC or its nominee. The Issuers also expect that payments by participants to owners of beneficial interests in a Global Note held through the participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in the names of nominees for such customers. The payments will be the responsibility of the participants.

Transfers between participants in DTC will be effected in the ordinary way in accordance with DTC rules and will be settled in immediately available funds. If the laws of a jurisdiction require that certain persons take physical delivery of securities in definitive form, the ability to transfer beneficial interests in a Global Note to such persons may be limited. Because DTC can only act on behalf of participants, who in turn act on behalf of indirect participants and certain banks, the ability of a Person holding a beneficial interest in a Global Note to pledge its interest to a Person or entity that does not participate in the DTC system, or otherwise take actions in respect of its interest, may be affected by the lack of a physical security. Transfers between participants in Euroclear and Clearstream will be effected in the ordinary way in accordance with their respective rules and operating procedures.

Subject to compliance with the transfer restrictions applicable to the Securities described above and under "*Purchase and Transfer Restrictions*," cross-market transfers between DTC, on the one hand, and, directly or indirectly through Euroclear or Clearstream participants, on the other, will be effected through DTC in accordance with DTC rules on behalf of Euroclear or Clearstream, as applicable, by its respective depositary; however, these cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as applicable, by the counterparty in the system in accordance with its rules and procedures and within its established deadlines (Brussels time for Euroclear and Luxembourg time for Clearstream). Euroclear or Clearstream, as applicable, will, if the transaction meets its settlement requirements, deliver instructions to its respective depositary to take action to effect final settlement on its behalf by delivering or receiving interests in a Regulation S Global Note, and making or receiving payment in accordance with normal procedures for immediately available funds settlement applicable to DTC. Clearstream participants and Euroclear participants may not deliver instructions directly to the depositaries for Clearstream or Euroclear.

Because of time zone differences, the securities account of a Euroclear or Clearstream participant purchasing an interest in a Global Note from a DTC participant will be credited during the securities settlement processing day (which must be a business day for Euroclear and Clearstream) immediately following the DTC settlement date and the credit of any transactions in interests in a Global Note settled during the processing day will be reported to the relevant Euroclear or Clearstream participant on that day. Cash received in Euroclear or Clearstream as a result of sales of interests in a Global Note by or through a Euroclear or Clearstream participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Euroclear or Clearstream cash account only as of the Business Day following settlement through DTC.

DTC has advised the Issuers that it will take any action permitted to be taken by Holders of the Securities only at the direction of one or more participants to whose account with DTC an interest in a Global Note is credited and only in respect of that portion of the principal balance of the applicable Notes as to which the participant or participants has or have given direction.

DTC is a limited purpose trust company organized under the laws of the State of New York, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a Clearing Agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities for its participants and facilitate the clearance and settlement of securities transactions between participants through electronic book-entry changes in accounts of its participants, thereby eliminating the

need for physical movement of certificates. Participants include securities brokers and dealers, banks, trust companies and clearing corporations and may include certain other organizations. Indirect access to the DTC system is also available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of interests in the Global Notes among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform these procedures, and the procedures may be discontinued at any time. None of the Issuers, the Trustee or any Paying Agent will have any responsibility for the performance by DTC, Clearstream, Euroclear or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Any purported transfer of a Note not in accordance with the Indenture shall be null and void *ab initio* and shall not be given effect for any purpose whatsoever. However, without prejudice to the rights of the Issuer against any beneficial owner or purported beneficial owner of Securities, nothing in the Indenture, or the Notes, as applicable, shall be interpreted to confer on the Issuer, the Trustee, or any Paying Agent any right against Euroclear to require that Euroclear reverse or rescind any trade completed in accordance with the rules of Euroclear.

#### Certificated Securities

All Income Notes, all Class Q-2 Securities and the Class Q-1 Securities initially sold in the United States or to U.S. persons pursuant to Rule 144A under the Securities Act or upon the transfer of an interest in a Class Q-1 Temp Reg S Global Security or Class Q-1 Reg S Global Security, will be issued in the form of definitive, physical certificates in fully registered form (a “Certificated Income Note”, “Certificated Class Q-2 Security,” or Certificated Class Q-1 Security,” as applicable, and each, a “Certificated Security”). The Certificated Income Notes and the Certificated Class Q-2 Securities will initially be offered only (i) except in the case of the Class Q-2B Securities, in the United States to Qualified Purchasers that are also either Qualified Institutional Buyers or, in the case of the Income Notes only, Accredited Investors, in each case in reliance on an exemption from registration under the Securities Act, and (ii) outside the United States, to non-U.S. Persons in offshore transactions in reliance on Regulation S under the Securities Act. The Certificated Class Q-1 Securities will initially be offered only in the United States to Qualified Purchasers that are also Qualified Institutional Buyers. The Certificated Income Notes, the Certificated Class Q-2 Securities, the Certificated Class Q-1 Securities, may be transferred only in the form of a Certificated Security and only (1) except in the case of the Class Q-2B Securities, to Qualified Purchasers that are either (a) Qualified Institutional Buyers, in reliance on an exemption from registration provided by Rule 144A thereunder or (b) in the case of the Income Notes only, Accredited Investors, in reliance on an exemption from registration under the Securities Act (*provided* that in the case of any transfer to an Accredited Investor pursuant to subclause (b) and if requested by the Trustee or the Issuer, the transferor or the transferee will be required to provide an opinion of counsel to each of the Trustee and the Issuer to the effect that such transfer may be made pursuant to an exemption from registration under the Securities Act and any applicable state securities laws) or (2) to non-U.S. Persons in offshore transactions in reliance on Regulation S. Interests in the Class Q-1 Temp Reg S Global Security and the Class Q-1 Reg S Global Security may be transferred only in the form of a Certificated Security and only (1) to Qualified Purchasers that are Qualified Institutional Buyers, in reliance on an exemption from registration provided by Rule 144A thereunder or (2) to non-U.S. Persons in offshore transactions in reliance on Regulation S. Transfers of Certificated Securities may only be effected in accordance with the Indenture by delivery to the Trustee and the Issuer of the required written certifications from the transferee regarding compliance with applicable transfer restrictions. *See “Purchase and Transfer Restrictions.”*

Subject to the restrictions on transfer set forth in the Indenture, the Holder of a Certificated Security may transfer or exchange such Certificated Security in whole or in part by surrendering such Certificated Security at the designated office of the Trustee, together with an executed instrument of assignment and a transferee certificate substantially in the form attached to the Indenture. With respect to any Certificated Security properly presented for transfer with all necessary accompanying documentation, the Trustee will deliver to the transferee a Certificated Security of the like kind in the principal or stated amount as may be requested. The presentation for transfer of any Certificated Security will not be valid unless made at the designated office of the Trustee or at the office of a transfer agent by the registered Holder of the Certificated Security in person, or by a duly authorized attorney-in-fact. The Holder of a Certificated Security will not be required to bear the costs and expenses of effecting any transfer or registration of transfer, except that the relevant Holder of a Certificated Security will be required to bear (i) the

expenses of delivery by other than regular mail (if any) and (ii) if the Issuer or the Trustee so requires, the payment of a sum sufficient to cover any duty, stamp tax or governmental charge or insurance charges that may be imposed in relation thereto.

## **The Indenture and the Collateral Administration Agreement**

### Accounts

On or prior to the Closing Date, the Trustee will establish three separate accounts: the Collateral Account, the Expense Reserve Account and the Collection Account (collectively, the “Trust Accounts”). Each of the Trust Accounts is required at all times to be an Eligible Account at an Eligible Institution (which initially shall be JPMorgan Chase Bank).

Investments of amounts in Eligible Investments in the Collateral Account and Collection Account (other than the initial Eligible Investments), and sales or liquidations of such Eligible Investments in order to make payments under the Indenture, will be made at the direction of the Swap Counterparty as secured party under the Indenture (or by the Reference Portfolio Manager on its behalf), unless a Swap Event of Default as to which the Swap Counterparty is the defaulting party or a Swap Additional Termination Event has occurred and is continuing or the Swap Agreement has been terminated and all amounts owed to the Swap Counterparty thereunder have been paid, in which case the Requisite Noteholders will be entitled to give such direction.

*The Collateral Account.* On the Closing Date, the net proceeds of the issuance of the Securities after payment of certain fees and expenses of the issuance and offering of the Securities and the funding of the Expense Reserve Account (approximately U.S. \$247,500,000) will be deposited into the Collateral Account (the “Collateral Account”). In addition, on each Payment Date an amount equal to the Quarterly Aggregate Increase Amount, if any, for such date, will be deposited in the Collateral Account in accordance with the Payment Date Priority of Payments. Amounts received by the Issuer in respect of the termination of the Swap Agreement in excess of the amount required to enter into a replacement therefor will also be deposited in the Collateral Account. All moneys deposited into the Collateral Account shall be invested in Eligible Investments. The Eligible Investments in the Collateral Account (except the Investment Agreement) shall be required to mature on or before the Business Day prior to the next Payment Date. The net proceeds of the issuance of the Securities deposited in the Collateral Account on the Closing Date and other amounts deposited in the Collateral Account from time to time are expected to be invested in the Investment Agreement.

On each Payment Date (other than a Maturity Date, Optional Redemption Date or an Indenture Tax Redemption Date), the Trustee will transfer any applicable amounts credited to the Collateral Account, including any interest and dividends received in respect of Eligible Investments therein, into the Collection Account for distribution in accordance with the Payment Date Priority of Payments or, as applicable, the Principal Priority of Payments. On the Maturity Date (or Optional Redemption Date or an Indenture Tax Redemption Date), the Trustee will transfer all amounts in the Collateral Account following the sale or liquidation of all Eligible Investments into the Collection Account and distribute such moneys, together with the other moneys in the Collection Account, in accordance with the Priority of Payments. See “—Priority of Payments” and “—Maturity of the Notes and Class Q-1 Securities and Extension of Maturity of the Notes and Class Q-1 Securities.” The Investment Agreement permits withdrawals for the purpose of making payments under the Indenture and in certain other limited circumstances.

Amounts on deposit in the Collateral Account will also be used to pay any Swap Termination Payment owed by the Issuer to the Swap Counterparty upon an early termination of the Swap Agreement; *provided* that in the case of a termination as a result of a Swap Event of Default as to which the Swap Counterparty is the defaulting party or a Swap Additional Termination Event has occurred and is continuing, such payment will be made on the next Payment Date in accordance with the Priority of Payments.

*The Collection Account.* The Trustee shall deposit into the Collection Account (the “Collection Account”), promptly upon receipt from time to time, (i) the net amount, if any, paid by the Swap Counterparty for any Payment Date in respect of the Adjusted Reference Portfolio Return Amount and the Fixed Amount, (ii) except as noted above, any Swap Termination Payment paid by the Swap Counterparty in connection with the termination of the Swap Agreement and (iii) all amounts transferred to it from the Collateral Account and the Expense Reserve Account.

On each Payment Date, the Trustee shall distribute the applicable Payment Date Proceeds in the Collection Account in accordance with the Payment Date Priority of Payments. On the Maturity Date, Optional Redemption Date or Indenture Tax Redemption Date and on any date on which Senior Notes are to be redeemed or an Income Note Principal Distribution Amount is to be paid, the Trustee shall also distribute the applicable moneys therein in accordance with the Principal Priority of Payments.

The Eligible Investments in the Collection Account at any time will be required to mature on or before the Business Day prior to the next Payment Date.

*The Expense Reserve Account.* On the Closing Date, the Issuer will deposit approximately U.S. \$17,376,625 from the proceeds of the offering of the Securities in the Expense Reserve Account (the "Expense Reserve Account"). On any Business Day from and including the Closing Date to but excluding the last Business Day prior to the first Payment Date the Trustee will apply funds from the Expense Reserve Account to pay expenses of the Issuers incurred in connection with the establishment of the Issuers, the structuring and consummation of the offering and the transactions contemplated thereby and the issuance of the Securities. Any funds remaining in the Expense Reserve Account on the last Business Day prior to the first Payment Date will be deposited on such day in the Collection Account for distribution on the first Payment Date in accordance with the Payment Date Priority of Payments and the Expense Reserve Account will be closed.

### Reports

*Monthly Reports.* Commencing in November 2004, pursuant to the Indenture, the Issuer or its agent will compile and provide to the Trustee, the Swap Counterparty, the Reference Portfolio Manager, the Rating Agencies and the Holders of the Securities a monthly report (other than for a month in which a Payment Date occurs) containing certain information regarding sources and uses of funds, the Coverage Tests, Eligible Investments and the Reference Portfolio.

*Payment Date Valuation Reports.* For each Payment Date (including the Maturity Date), pursuant to the Indenture, the Issuer or its agent will provide to the Trustee, the Swap Counterparty, the Reference Portfolio Manager, the Rating Agencies and the Holders of the Securities an accounting with respect to the Trust Estate and the Reference Portfolio, including calculations of the Overcollateralization Ratios, Interest Coverage Ratios and Interest Rates for each Class of Senior Notes for such Payment Date.

### Closing Date Statement by Independent Accountants

Independent certified public accountants of recognized national reputation selected by the Issuer (with the approval of the Swap Counterparty) will be required to deliver as of the Closing Date a statement in form and substance acceptable to the Issuer and the Swap Counterparty with a copy to the Trustee and the Reference Portfolio Manager (i) confirming the information with respect to each Initial Reference Obligation set forth in the Swap Agreement and (ii) providing calculations of each of the Reference Portfolio Criteria and of each Overcollateralization Test and specifying the procedures undertaken by them to review data and computations relating to the foregoing (see "*The Reference Portfolio—Reference Portfolio Criteria*").

### Modification of Indenture

The Issuers and the Trustee may enter into supplemental indentures with the consent of the Swap Counterparty, but without obtaining the consent of any Holders of the Notes, in order to:

- (i) evidence the succession of any Person to either the Issuer or Co-Issuer and the assumption by any such successor of the covenants of the Issuer or Co-Issuer in the Securities and the Indenture or to change the name of either of the Issuers;
- (ii) provide for definitive Notes as contemplated by the Indenture;
- (iii) add to the covenants of the Issuers for the benefit of the Holders of the Securities or the Swap Counterparty;
- (iv) pledge any additional property to or with the Trustee;

- (v) evidence and provide for the acceptance of appointment by a successor trustee and to add to or change any of the provisions of the Indenture as shall be necessary to facilitate the administration of the Trust Estate or the Class Q-2 Securities Collateral by more than one trustee;
- (vi) correct or amplify the description of any property at any time subject to the lien of the Indenture;
- (vii) cure any ambiguity, or correct, modify or supplement any provision which is defective or inconsistent with any other provision in the Indenture or this Offering Circular;
- (viii) make any change required by the Irish Stock Exchange (so long as any of the Securities are listed thereon) or any other stock exchange on which any Class of Securities is listed in order to permit or maintain the listing of the Securities thereon;
- (ix) modify transfer restrictions on any Securities, so long as any such modifications comply with the Securities Act, the Investment Company Act, ERISA and other applicable laws and any additional transfer restrictions imposed are reasonably necessary to comply with such laws (or any applicable exemption therefrom);
- (x) take any action necessary or helpful to prevent the Issuer or the Trustee from becoming subject to any withholding or other taxes or assessments or to reduce the risk that the Issuer will be engaged in a United States trade or business or otherwise subject to United States federal income tax on a net income basis;
- (xi) provide for additional or modified reports to Holders of Securities; or
- (xii) amend, modify or change any test or requirement of any Rating Agency in the Indenture where such amendment, modification or change has been specified or authorized by such Rating Agency (and notice thereof has been provided to the Trustee, Swap Counterparty and Reference Portfolio Manager);

*provided* that, in each case, the Trustee shall have received Rating Confirmation for that supplemental indenture; *provided further* that the Trustee may, with the consent of the Holders of 100% of the Aggregate Principal Amount of each Class of Senior Notes and Class Q-1 Securities affected thereby and with the consent of the Swap Counterparty, enter into any such supplemental indenture notwithstanding any qualification, downgrade or withdrawal of the ratings of any such Class of Senior Notes or Class Q-1 Securities.

In addition, with the consent of the Swap Counterparty and the Holders of a majority in Aggregate Principal Amount of each Class of Notes adversely affected thereby, and receipt of a Rating Confirmation, the Issuers and the Trustee may execute a supplemental indenture to add any provisions to, or change in any manner or eliminate any provisions of, the Indenture or modify in any manner the rights of the Holders of the Notes under the Indenture; *provided* that the Trustee may, with the consent of the Holders of 100% of the Aggregate Principal Amount of each Class of Senior Notes and Class Q-1 Securities affected thereby, enter into any such supplemental indenture notwithstanding that either Rating Agency has stated that such supplemental indenture will result in a qualification, downgrade or withdrawal of its then-current ratings of such Class of Securities. However, without the consent of the Swap Counterparty if adversely affected thereby and the Holders of each Outstanding Security adversely affected thereby and without receipt of a Rating Confirmation or a waiver of such Rating Confirmation by the Holders whose consent is required for such supplemental indenture, no supplemental indenture may:

- (i) change the maturity of any Security or the principal of, or the interest on any Senior Note or Class Q-2A Security or reduce the principal amount thereof or the rate of interest thereon or change the time or amount of any other amount payable in respect of any Security;
- (ii) reduce the percentage of the Aggregate Principal Amount of Securities, the consent of the Holders of which is required for the authorization of any supplemental indenture or for any waiver of compliance with certain provisions of the Indenture;

- (iii) permit the creation of any lien ranking prior to or on parity with the lien of the Indenture with respect to any part of the Trust Estate or Class Q-2 Securities Collateral or terminate the lien of the Indenture except as otherwise permitted by the Indenture;
- (iv) reduce the percentage of the Aggregate Principal Amount of Notes or Class Q-2 Securities, as applicable, held by the Holders of the Notes or Class Q-2 Securities, as applicable, whose consent is required to direct the Trustee to liquidate the Trust Estate (or modify the provisions of the Indenture relating to the Swap Counterparty's authority with respect to any such liquidation), or the Class Q-2 Securities Collateral, as applicable;
- (v) modify any of the provisions of the Indenture with respect to supplemental indentures or waiver of Events of Default or Class Q-2 Events of Default and their consequences except to increase the percentage of the Aggregate Principal Amount of Notes or Class Q-2 Securities, as applicable, the consent of the Holders of which is required for any such action or to provide that other provisions of the Indenture cannot be modified or waived without the consent of the Holders of each Outstanding Note (or each Outstanding Class Q-2 Security, as applicable) affected thereby;
- (vi) modify the provisions of the Priority of Payments, the Class Q-2 Priority of Payments or the definitions of the terms "Holder" or "Outstanding;" or
- (vii) modify any of the provisions of the Indenture in such a manner as to affect the calculation of the amount of any payment of principal of or interest on or other amount payable in respect of any Security or to affect the right of the Holders of the Securities to the benefit of any provisions for the payment of such Securities contained therein.

No supplemental indenture may modify the terms of the Class Q-1 Securities, the Class Q-2A Securities or the Class Q-2B Securities as such in a manner that would adversely affect the Class Q-1 Securities, the Class Q-2A Securities or the Class Q-2B Securities without the prior written consent of a majority of the stated amount of the Class Q-1 Securities, the aggregate principal amount of the Class Q-2A Securities or Class Q-2B Securities, as applicable or the consent of the Holders of each Outstanding Class Q Security adversely affected thereby as set forth above. Except for any proposed such supplement that would affect the terms of the Class Q-1 Securities, the Class Q-2A Securities or the Class Q-2B Securities as such and except as set forth above, Holders of Class Q-1 Securities, Class Q-2A Securities and Class Q-2B Securities shall be entitled to vote with respect to any supplemental indenture only (i) in the case of the Class Q-1 Securities, as Holders of the respective related Components and (ii) in the case of the Class Q-2 Securities to the extent the Holders of Class Q-2B Securities may exercise voting rights with respect to the Income Notes represented by the Class Q-2 Collateral Asset A. *See "The Class Q-2 Securities—Rights with respect to the Class Q-2 Collateral Asset A."*

In the case of any modification of the Indenture that requires the consent of one or more holders of Securities, the Amendment Buy-Out Purchaser will have the right to purchase the applicable Securities of any Non-consenting Holder (other than Class Q-2 Securities). *See "Amendment Buy-Out" above.*

Any such supplemental indenture that in the good faith determination of the Swap Counterparty adversely affects its rights or duties or creates, supplements, modifies, limits or eliminates any provision of the Indenture affecting the discretion, judgment, conduct, care or role of the Reference Portfolio Manager, including the Coverage Tests and provisions relating to calculations with respect to the Reference Portfolio, the Swap Counterparty's or the Reference Portfolio Manager's obligations or liabilities, fees or expenses payable by or reimbursable to it or the Reference Portfolio Manager, or otherwise adversely affects it or the Reference Portfolio Manager, will be deemed to adversely affect the Swap Counterparty and therefore will not be effective without the prior consent of the Swap Counterparty. Pursuant to the Reference Portfolio Management Agreement, the Swap Counterparty has agreed to withhold its consent, upon the request of the Reference Portfolio Manager, to any supplemental indenture that in the reasonable determination of the Reference Portfolio Manager so adversely affects the Reference Portfolio Manager. Under the Investment Agreement, the Issuer has agreed not to enter into certain modifications to the Indenture without the consent of the Investment Agreement Counterparty or Investment Agreement Guarantor.

Events of Default

An event of default (“Event of Default”) is defined in the Indenture as being:

1. a default in the payment, when due and payable, of the Interest Amount on any Class of Senior Notes, which default in each case shall continue for a period of five days; *provided* that (except on the Maturity Date or date of redemption in full of the Class B Notes or Class C Notes) the failure to pay the Interest Amount on any of the Class B Notes, Class C-1 Notes or Class C-2 Notes, as the case may be, because insufficient funds are available in accordance with the Priority of Payments will not constitute an Event of Default, so long as any more senior Class of Notes then remains Outstanding;
2. a default in the payment of principal of any Senior Note (and any Make-whole Premium, if applicable) on the Maturity Date, Optional Redemption Date or Indenture Tax Redemption Date; *provided* that, in the case of a default in such payment due solely to an administrative error or omission by the Trustee or any paying agent, such default continues for a period of five days;
3. a default in the payment of any net amounts owed by the Issuer to the Swap Counterparty under the Swap Agreement, which default shall continue for a period of two Business Days; *provided* that the failure to pay any amount payable to the Swap Counterparty pursuant to clause 13 or 15 of the Payment Date Priority of Payments or clause 16 or 17 of the Principal Priority of Payments because insufficient funds are available in accordance with such Priority of Payments will not constitute an Event of Default, so long as any Senior Notes are then Outstanding;
4. a failure to apply, within five days following any Payment Date or Maturity Date, Optional Redemption Date or Indenture Tax Redemption Date, available amounts in accordance with the Payment Date Priority of Payments or Principal Priority of Payments, as applicable, or a default in payment solely due to an administrative error or omission by the Trustee, which default continues for a period of five days;
5. the early termination of the Swap Agreement and the failure by the Issuer to enter into a replacement Swap Agreement within 60 days of such termination;
6. either of the Issuers or the Trust Estate becomes an investment company required to be registered under the Investment Company Act;
7. except as otherwise provided in this definition of “Event of Default,” a default in any respect in the performance, or a breach of any covenant, warranty or other agreement of the Issuers in the Indenture, or the failure of any representation or warranty of the Issuers made in the Indenture or in any certificate or other writing delivered pursuant to or in connection with the Indenture to be correct in all respects when the same shall have been made, which default, breach or failure would have a material adverse effect on the Holders or beneficial owners of the Notes and continuance of such default, breach or failure for a period of 30 calendar days after written notice shall have been given as provided in the Indenture to the Issuers and the Swap Counterparty by the Trustee or to the Issuers, the Swap Counterparty and the Trustee by the Holders of more than 25% of the Aggregate Principal Amount of the Senior Notes specifying such default, breach or failure and requiring it to be remedied and stating that such notice is a “Notice of Default” under the Indenture; or
8. certain events of bankruptcy, insolvency, receivership or reorganization of either of the Issuers (as set forth in the Indenture).

An event of insolvency (and, therefore, an Event of Default of the type described in clause (8) above) could result if a decree or order is entered adjudging either the Issuer or the Co-Issuer as bankrupt or insolvent, or approving a petition seeking reorganization, arrangement, adjustment or composition of either of the Issuers and such order or decree were not dismissed or stayed within 60 days. The filing of a petition against either of the Issuers under applicable bankruptcy law could adversely affect the rights of the Holders of the Securities to receive timely payments in respect of the Securities. Each of the other parties to the transaction, however, will covenant that it shall not, prior to the date that is one year and one day following the termination of the Indenture, take any action to have either of the Issuers placed into bankruptcy.

If an Event of Default under the Indenture (other than an Event of Default of the type described in clause (6) or clause (8) above) occurs and is continuing, the Trustee shall at the written direction of the Requisite Noteholders or the Swap Counterparty (unless the Swap Agreement has been terminated and all amounts owed to the Swap Counterparty thereunder have been paid in full or a Swap Event of Default as to which the Swap Counterparty is the defaulting party has occurred and is continuing while any Senior Notes are Outstanding) declare the principal of and any accrued interest on the Notes to be immediately due and payable. If an Event of Default of the type described in clause (6) or clause (8) above occurs, the principal of and accrued interest on the Notes automatically shall become immediately due and payable without any action of the Trustee or any other Person. The Requisite Noteholders, with the consent of the Swap Counterparty, may rescind a declaration of acceleration if the Event of Default has been cured and certain other conditions are satisfied.

Subject to the next succeeding paragraphs, upon any acceleration of the Notes, the Requisite Noteholders shall have the right to direct the Trustee to exercise the remedies provided for in the Indenture.

Notwithstanding the foregoing, the Trustee may not sell or liquidate the Eligible Investments in the Trust Accounts unless the Notes have been declared or have become due and payable as described above and one of the following conditions exists:

- (i) The Trustee determines that the anticipated net proceeds of a sale or liquidation of the Trust Estate would be sufficient to pay (a) to the appropriate Persons any accrued and unpaid Administrative Expenses, (b) to the Swap Counterparty all Accrued Swap Liabilities and (c) to the Holders of the Senior Notes the principal of and interest accrued on the Senior Notes to the date of acceleration. The Trustee shall make or cause to be made the calculation required by this paragraph promptly after the acceleration of the Notes and on each monthly anniversary thereafter. In the event that the conditions of clause (i) are satisfied, the Trustee shall promptly effect the sale or liquidation of the Trust Estate and apply the proceeds as described below;
- (ii) Unless the Swap Agreement has been terminated and the Swap Counterparty has been paid in full the amount owed to it thereunder or unless a Swap Event of Default as to which the Swap Counterparty is the defaulting party has occurred and is continuing while any Senior Notes are Outstanding, the Swap Counterparty at any time following the acceleration of the Notes directs the Trustee to sell or liquidate the Trust Estate; or
- (iii) If the Swap Agreement has been terminated and the Swap Counterparty has been paid in full the amount owed to it thereunder or if a Swap Event of Default as to which the Swap Counterparty is the defaulting party has occurred and is continuing while any Senior Notes are Outstanding, the Requisite Noteholders direct the Trustee at any time following the acceleration of the Notes to sell or liquidate the Trust Estate.

For purposes of clauses (i) and (iii) above, the amounts due and payable under the Swap Agreement will be calculated taking into account the amount of any accrued and unpaid Base Amount, Subordinate Amount and Incentive Amount, in each case as provided in the Swap Agreement.

If the Trustee commences or is required to commence the sale or liquidation of the Trust Estate substantially in its entirety (including at the direction of the Swap Counterparty or the Requisite Noteholders) following the acceleration of the Notes, the Swap Counterparty will be entitled to terminate the Swap Agreement, and the termination date for the Swap Agreement shall be the date on which the Trustee is so required to commence the sale or liquidation of the Trust Estate.

During any period following an Event of Default but prior to the liquidation of the Trust Estate, the Trustee will retain the Trust Estate intact, collect and cause the collection of the proceeds thereof and make and apply all payments and deposits and maintain all amounts in respect of the Trust Estate and Notes in accordance with the terms of the Indenture (including paying all amounts owed by the Issuer under the Swap Agreement and reinvestment of amounts in Eligible Investments in the Trust Accounts). Any such proceeds realized after the acceleration of the Notes will be distributed in accordance with the priority of payment provisions described in the succeeding paragraph.

Upon the acceleration of the Notes (whether or not the Trustee sells or liquidates the Trust Estate), the moneys in the Collection Account (and the moneys in all of the Trust Accounts in the case of a complete liquidation

of the Trust Estate) will thereafter be applied in the following order of priority, with each priority being fully paid prior to such proceeds being used to pay any lower priority:

- (1) to the payment of any accrued and unpaid Administrative Expenses (in the order set forth in the definition thereof) in an amount not exceeding the Expense Cap Amount;
- (2) to the Swap Counterparty, any accrued and unpaid Accrued Swap Liabilities except any Swap Termination Payment due to the Swap Counterparty upon the early termination of the Swap Agreement as a result of a Swap Event of Default as to which the Swap Counterparty is the defaulting party or as a result of a Swap Additional Termination Event;
- (3) after acceleration of the Notes but before the sale or liquidation of the Trust Estate, to the Collateral Account, to the extent required to maintain the same ratio between the Aggregate Reference Value and the sum of (i) Eligible Investments in the Collateral Account and (ii) moneys credited to the Collateral Account as the ratio in effect on the Closing Date between the Swap Notional Amount and the net proceeds realized from the sale of the Securities that were deposited into the Collateral Account;
- (4) to the Holders of the Class A-1 Notes, first accrued and unpaid interest on the Class A-1 Notes to the date of acceleration and then the Aggregate Principal Amount of the Class A-1 Notes;
- (5) to the Holders of the Class A-2 Notes, first accrued and unpaid interest on the Class A-2 Notes to the date of acceleration and then the Aggregate Principal Amount of the Class A-2 Notes;
- (6) to the Holders of the Class B Notes, first, accrued and unpaid interest (including Deferred Interest) on the Class B Notes to the date of acceleration and then, the Aggregate Principal Amount of the Class B Notes;
- (7) first, on a pro rata basis, to the Holders of the Class C-1 Notes, accrued and unpaid interest (including Deferred Interest) on the Class C-1 Notes and to the Holders of the Class C-2 Notes, accrued and unpaid interest (including Deferred Interest) on the Class C-2 Notes, to the date of acceleration and then, on a pro rata basis, to the Holders of the Class C-1 Notes, the Aggregate Principal Amount of the Class C-1 Notes and to the Holders of the Class C-2 Notes, the Aggregate Principal Amount of the Class C-2 Notes;
- (8) to the Swap Counterparty, any Swap Termination Payment due to the Swap Counterparty, to the extent not paid pursuant to clause (2) above;
- (9) to the payment first, of any accrued and unpaid Administrative Expenses (in the order set forth in the definition thereof) to the extent not paid pursuant to clause (1) above and then, any accrued and unpaid Subordinated Administrative Expenses;
- (10) to the payment of any unpaid Extension Bonus Payments (i) first, to the applicable Holders of Class A-1 Notes, (ii) then, to the applicable Holders of Class A-2 Notes, (iii) then, to the applicable Holders of Class B Notes, and (iv) then, on a pro rata basis, to the applicable Holders of Class C-1 Notes and the applicable Holders of Class C-2 Notes; and
- (11) to the Holders of the Income Notes, any remaining funds.

Upon the acceleration of the Notes, if the Trust Estate has not been sold or liquidated, the funds in the Collection Account, if any, will be applied in accordance with the above priority of payments on each Payment Date. If the Trust Estate is sold or liquidated, a final distribution will be made pursuant thereto on the first Business Day following the last day on which an item of the Trust Estate is sold or liquidated (and no interim distributions will be made on any date (including on any Payment Date) during the sale or liquidation process).

Notwithstanding anything to the contrary in the Indenture, no Holder of Income Notes shall be entitled to institute proceedings or to seek any other remedy under the Indenture unless all of the Senior Notes have been redeemed in full and the Swap Agreement has been terminated and any amounts owed to the Swap Counterparty thereunder have been paid in full.

Rights Under the Indenture

Except as provided herein in the case of the Requisite Noteholders, no Holder of any Note will have any right to institute any proceedings (judicial or otherwise) with respect to the Indenture or seek any remedy thereunder unless: (i) such Holder previously has given to the Trustee written notice of a continuing Event of Default, (ii) the Holders of at least 25% of the Aggregate Principal Amount of the most senior Class of Notes then Outstanding have made written request to the Trustee to institute such proceedings in respect of such Event of Default in its own name as Trustee, (iii) such Holder or Holders have offered the Trustee indemnity or security reasonably satisfactory to the Trustee in form and substance against the costs, expenses and liabilities to be incurred in complying with such request as provided in the Indenture, (iv) the Trustee has for 30 days after its receipt of such notice, request and offer of indemnity or security, failed to institute such proceedings and (v) if Holders of 50% or less of the Aggregate Principal Amount of the most senior Class of Notes have requested initiation of proceedings, no written direction inconsistent with such written request has been given to the Trustee during such 30-day period by the Holders of at least 25% of the Aggregate Principal Amount of the most senior Class of Notes then Outstanding. Any such proceedings will be subject to the limitations on the liquidation of the Trust Estate described above.

References to the most “senior” Class of Notes shall refer first to the Class A-1 Notes, so long as any Class A-1 Notes remain Outstanding, then to the Class A-2 Notes, so long as any Class A-2 Notes remain Outstanding, and then to the Class B Notes, so long as any Class B Notes remain Outstanding and then to the Class C-1 Notes and the Class C-2 Notes (voting as a single Class), so long as any Class C Notes remain Outstanding.

No Holder of Income Notes shall be entitled to institute proceedings or to seek any other remedy under the Indenture unless all of the Senior Notes have been redeemed in full and the Swap Agreement has been terminated and any amounts owed to the Swap Counterparty thereunder have been paid in full.

Notwithstanding anything to the contrary, Holders of Class Q-2 Securities shall have no right to take any action or exercise any remedy under the Indenture with respect to the Trust Estate, except to the extent of the rights of a holder of Class Q-2 Collateral Asset A.

Satisfaction and Discharge of the Indenture

Subject to certain limitations, the Indenture will be discharged (i) with respect to the obligations of the Issuers under the Notes and the Class Q-1 Securities and the Trust Estate and (ii) with respect to the obligations of the Issuer under the Class Q-2 Securities and the Class Q-2 Securities Collateral, when all Securities have been delivered to the Trustee for cancellation (with certain limitations), the Swap Agreement has been terminated, the Issuer has paid or caused to be paid all amounts payable under the Indenture (including amounts payable pursuant to the Swap Agreement and the Collateral Administration Agreement) and no other amount will become due and payable by the Issuers, and certain other requirements have been fulfilled.

Trustee and Collateral Administrator

JPMorgan Chase Bank will be the Trustee under the Indenture for the Securities and the Collateral Administrator under the Collateral Administration Agreement. The Issuer, the Initial Purchaser, the Placement Agent, the Swap Counterparty, the Swap Guarantor, the Reference Portfolio Manager and their respective Affiliates may maintain other banking relationships in the ordinary course of business with the Trustee and the Collateral Administrator. The Trustee, the Collateral Administrator and/or its Affiliates may receive compensation in connection with the Trustee’s or the Collateral Administrator’s investment of assets in certain Eligible Investments as provided in the Indenture or the Collateral Administration Agreement. *See “Risk Factors—Conflicts of Interest Involving the Swap Counterparty and Its Affiliates.”* Pursuant to the Collateral Administration Agreement with the Issuer (the “Collateral Administration Agreement”), JPMorgan Chase Bank, as Collateral Administrator will perform various functions including the compilation and delivery of reports described under “—Reports.” In compiling such reports and calculations, the Collateral Administrator will be assisted by the Swap Counterparty or the Reference Portfolio Manager on behalf of the Swap Counterparty, and will rely upon certain data and information provided by the Swap Counterparty or by the Reference Portfolio Manager on its behalf and will not independently verify such data or information so provided.

As compensation for the performance of its obligations under the Indenture, the Trustee will receive a fee (the “Trustee Fee”) and as compensation for the performance of its obligations under the Collateral Administration Agreement, the Collateral Administrator will receive a fee (the “Collateral Administrator Fee”) each payable on each Payment Date, and to the extent there are not sufficient funds available therefor on any Payment Date, on a subsequent Payment Date. The Trustee Fee and the Collateral Administrator Fee will accrue if unpaid (but without the accrual of any interest thereon) and be payable on the next Payment Date on which funds are available therefor in accordance with the Priority of Payments. The Trustee will also receive reimbursement for expenses incurred by it in any Collection Period, other than those included within the Trustee Fee, in carrying out the provisions of the Indenture (the “Trustee Expenses”). The Collateral Administrator will also receive reimbursement for expenses incurred by it in any Collection Period, other than those included within the Collateral Administrator Fee, in carrying out the provisions of the Collateral Administration Agreement (the “Collateral Administrator Expenses”). Trustee Expenses and the Collateral Administrator Expenses will be payable on the Payment Date related to each such Collection Period, and to the extent there are not sufficient funds available therefor on any Payment Date, on a subsequent Payment Date in accordance with the Priority of Payments.

The Trustee Fees, Trustee Expenses, Collateral Administrator Fees and Collateral Administrator Expenses are included in Administrative Expenses under the Priority of Payments (*see “—Priority of Payments”*).

The Trustee may resign at any time upon providing 30 days’ prior written notice to the Issuer, the Holders of the Securities, the Swap Counterparty, the Reference Portfolio Manager and each Rating Agency. The Trustee may be removed at any time by the Requisite Noteholders, with the consent of the Swap Counterparty (such consent not to be unreasonably withheld), (or, following the Maturity Date and distribution of the Trust Estate, the Class Q-2 Requisite Securityholders) or, as more fully set forth in the Indenture, by the Issuer in the event of certain bankruptcy or insolvency events with respect to the Trustee, or if the Trustee shall become incapable of acting. No resignation or removal of the Trustee shall become effective until the acceptance of appointment by a successor Trustee. In certain circumstances specified in the Indenture, if a successor Trustee has not been appointed by the Issuer, the retiring Trustee, the Swap Counterparty or any Holder of a Note may petition any court of competent jurisdiction for the appointment of a successor Trustee. In addition, the Indenture contains provisions for the indemnification of the Trustee for any loss, liability or expense incurred without negligence, willful misconduct or bad faith on its part, arising out of or in connection with its duties under the Indenture.

#### Governing Law

The Indenture and the Securities will be governed by, and construed in accordance with, the laws of the State of New York.

#### **The Investment Agreement**

As discussed herein, the Issuer is expected to invest the net proceeds of the issuance of the Securities, as well as certain other amounts deposited in the Collateral Account from time to time, in the Investment Agreement.

On or before the Closing Date, the Issuer and the Trustee will enter into an investment agreement (the “Investment Agreement”) among FSA Capital Management Services LLC (the “Investment Agreement Counterparty”), the Issuer and the Trustee. The obligations of the Investment Agreement Counterparty will be guaranteed pursuant to a financial guarantee insurance policy issued by Financial Security Assurance Inc. (the “Investment Agreement Guarantor”). Pursuant to the Investment Agreement, the Issuer will invest with the Investment Agreement Counterparty the net proceeds of the issuance of the Securities and will earn interest on this investment at the rate of LIBOR for each Periodic Interest Accrual Period, provided that for the first Periodic Interest Accrual Period, the rate will be 1.88230% per annum. The Issuer will also invest pursuant to the Investment Agreement other amounts deposited in the Collateral Account from time to time, subject to certain limitations provided in the Investment Agreement. The Trustee will be entitled to withdraw amounts invested under the Investment Agreement in order to make payments in accordance with the Indenture and under certain other circumstances set forth in the Investment Agreement. The Investment Agreement will terminate, and the remaining investment will be required to be repaid, on the earlier of the Maturity Date or the occurrence of certain events set forth in the Investment Agreement, including the downgrade of the long-term debt rating of the Investment Agreement Guarantor (or any successor guarantor) below specified levels (discussed below) and a subsequent

failure of the Investment Agreement Counterparty to either post collateral, transfer its rights and obligations under the Investment Agreement to another party with the specified long-term debt rating or deliver a replacement guarantee by a guarantor in the manner set forth below. The Issuer may be required to pay, as Administrative Expenses and subject to the Priority of Payments, certain losses or costs in the event the Issuer fails to invest certain amounts in the Investment Agreement after giving notice that it intends to make such investments.

If the Investment Agreement Guarantor (or any successor guarantor) does not maintain, so long as the Investment Agreement is in effect, long-term senior unsecured debt obligation ratings of at least “AA-” by S&P and “Aa3” by Moody’s, the Investment Agreement Counterparty will be required to post collateral, transfer the Investment Agreement to a party with such ratings or deliver a replacement guarantee by a guarantor with such ratings. If the Investment Agreement Counterparty fails to take any of such actions within a specified period, the Trustee may terminate the Investment Agreement.

The Investment Agreement memorializes an obligation solely between the Issuer, the Trustee and the Investment Agreement Counterparty. Holders of the Notes must rely solely upon the Trust Estate for payment of principal and interest thereon. Holders of the Securities shall have no direct right of recourse and shall have no direct right to assert a claim of any nature whatsoever against the Investment Agreement Counterparty (or any entity that provides to the Investment Agreement Counterparty credit enhancement or the benefit of a liquidity facility) or the Investment Agreement Guarantor or under the Investment Agreement.

#### The Investment Agreement Counterparty

FSA Capital Management Services LLC is a Delaware limited liability company formed to issue investment agreements and similar contracts (such as the Investment Agreement) to trustees and other parties. The Investment Agreement Counterparty’s offices are located at 350 Park Avenue, New York, New York 10022, and its telephone number at that location is (212) 893-2700.

#### The Investment Agreement Guarantor

*General.* Financial Security Assurance Inc. (“FSA”) is a monoline insurance company incorporated in 1984 under the laws of the State of New York. FSA is licensed to engage in financial guaranty insurance business in all 50 states, the District of Columbia, Puerto Rico, the U.S. Virgin Islands and Guam.

FSA and its subsidiaries are engaged in the business of writing financial guaranty insurance, principally in respect of securities offered in domestic and foreign markets and obligations under credit default swaps. Financial guaranty insurance provides a guaranty of scheduled payments on an issuer’s obligations – thereby enhancing the credit rating of those obligations – in consideration for the payment of a premium to the insurer. FSA and its subsidiaries principally insure asset-backed, collateralized and municipal obligations. Asset-backed obligations are typically supported by residential mortgage loans, consumer or trade receivables, securities or other assets having an ascertainable cash flow or market value. Collateralized obligations include public utility first mortgage bonds and sale/leaseback obligation bonds. Municipal obligations include general obligation bonds, special revenue bonds and other special obligations of state and local governments. Obligations may be insured on a funded basis through insurance of bonds or other securities or on an unfunded basis through insurance of credit default swaps referencing one or more bonds or other obligations (with or without a deductible or other provision for loss reduction). FSA insures both newly issued securities sold in the primary market and outstanding securities sold in the secondary market that satisfy FSA’s underwriting criteria.

FSA and the Investment Agreement Counterparty are wholly owned subsidiaries of Financial Security Assurance Holdings Ltd. (“Holdings”). Holdings is an indirect subsidiary of Dexia S.A., a publicly held Belgian corporation. Dexia S.A., through its bank subsidiaries, is primarily engaged in the business of public finance, banking and asset management in France, Belgium and other European countries. No shareholder of Holdings or FSA is obligated to pay any debt of FSA or any claim under any insurance policy issued by FSA or to make any additional contribution to the capital of FSA.

The principal executive offices of FSA are located at 350 Park Avenue, New York, New York 10022, and its telephone number at that location is (212) 826-0100.

*Reinsurance.* Under an intercompany agreement, liabilities on financial guaranty insurance written or reinsured from third parties by FSA or its domestic or Bermuda operating insurance company subsidiaries are generally reinsured among such companies on an agreed-upon percentage substantially proportional to their respective capital, surplus and reserves, subject to applicable statutory risk limitations. In addition, FSA reinsures a portion of its liabilities under certain of its financial guaranty insurance policies with other reinsurers under various treaties and on a transaction-by-transaction basis. This reinsurance is used by FSA as a risk management device and to comply with statutory and rating agency requirements; it does not alter or limit FSA's obligations under any financial guaranty insurance policy.

*Rating.* FSA's financial strength is rated "triple-A" by Moody's, Standard & Poor's, Fitch Ratings and Rating and Investment Information, Inc. These ratings reflect only the views of the respective rating agencies, are not recommendations to buy, sell, or hold securities and are subject to revision or withdrawal at any time by those rating agencies.

For further information concerning FSA, see the Consolidated Financial Statements of FSA and Subsidiaries, and the notes thereto. FSA's financial statements are included as exhibits to the Annual Report on Form 10-K and Quarterly Reports on Form 10-Q filed with the Securities and Exchange Commission by Holdings and may be reviewed at the EDGAR web site maintained by the Securities and Exchange Commission and at Holdings's website, <http://www.FSA.com>, which website does not form part of this document. Copies of the statutory quarterly and annual statements filed with the State of New York Insurance Department by FSA are available upon request to the State of New York Insurance Department.

*Insurance Regulation.* FSA is licensed and subject to regulation as a financial guaranty insurance corporation under the laws of the State of New York, its state of domicile. In addition, FSA and its insurance subsidiaries are subject to regulation by insurance laws of the various other jurisdictions in which they are licensed to do business. As a financial guaranty insurance corporation licensed to do business in the State of New York, FSA is subject to Article 69 of the New York Insurance Law which, among other things, limits the business of a financial guaranty insurer to writing financial guaranty insurance and related business lines, requires each financial guaranty insurer to maintain a minimum surplus to policyholders, establishes contingency, loss and unearned premium reserve requirements for each financial guaranty insurer, and limits the size of individual transactions and the volume of transactions that may be underwritten by each financial guaranty insurer. Other provisions of the New York Insurance Law, applicable to non-life insurance companies such as FSA, regulate, among other things, permitted investments, payment of dividends, transactions with affiliates, mergers, consolidations, acquisitions or sales of assets and incurrence of liability for borrowings.

## DESCRIPTION OF THE SWAP AGREEMENT

*The following summary generally describes certain provisions of the Swap Agreement. The summary does not purport to be complete and is subject to, and is qualified in its entirety by reference to, the provisions of the Swap Agreement, which is incorporated herein by reference.*

### General

On the Closing Date, the Issuer and the Swap Counterparty will enter into the Swap Agreement. All assets of the Issuer (except the Excluded Property and the Class Q-2 Securities Collateral) will be pledged to secure the obligations of the Issuer to the Swap Counterparty, and the Issuer's rights under the Swap Agreement will be pledged to secure the obligations of the Issuer with respect to the Notes.

The Swap Agreement will reference a portfolio of Reference Obligations, with each individual Reference Obligation consisting of or relating to a qualifying obligation of a Reference Entity and a related Reference Obligation Calculation Amount and Reference Price, as described in "*—Selection and Modification of the Reference Portfolio.*" The Reference Obligation Calculation Amount of each Reference Obligation (which will include both the drawn and undrawn portion of a revolving Reference Obligation) will be designated (subject to specified criteria) by the Reference Portfolio Manager on behalf of the Swap Counterparty upon its inclusion in the Reference Portfolio. The Reference Price will be determined as specified below.

As described below, the Issuer will be subject under the Swap Agreement to the credit risk of each Reference Entity. See "*Risk Factors—Exposure to Reference Obligations and Eligible Investments.*" The Issuer will also be subject to the credit risk of the Swap Counterparty because of the obligation of the Swap Counterparty to pay to the Issuer for each Payment Date the Adjusted Reference Portfolio Return Amount, if applicable. See "*—Selection and Modification of the Reference Portfolio*" and "*—Payments Under the Swap Agreement.*"

### Selection and Modification of the Reference Portfolio

The Reference Obligations to be included in the Reference Portfolio on the Closing Date, and their related Reference Obligation Calculation Amounts and Reference Prices, will be specified in the Swap Agreement. The Reference Portfolio, as constituted on the Closing Date, will be required to satisfy the Reference Portfolio Criteria.

The Reference Portfolio Manager, as agent for the Swap Counterparty, will select additional Reference Obligations to be included in the Reference Portfolio (and the Reference Obligation Calculation Amounts for those Reference Obligations) during the six-month Ramp-up Period. The Ramp-up Requirements must be satisfied following any such addition. The Issuer expects that by the date that is 90 days following the Closing Date, the Aggregate Reference Obligation Calculation Amount will be approximately U.S. \$800 million (not giving effect to any Amortizations of Reference Obligations prior to the Ramp-up End Date that have not been replaced with additional Reference Obligations). As of the Ramp-up End Date, the Issuer expects that (subject to market conditions) the Reference Portfolio will be comprised of Reference Obligations with an Aggregate Reference Obligation Calculation Amount of approximately U.S. \$900 million and that the Reference Portfolio as a whole will satisfy the Reference Portfolio Criteria. Except as otherwise noted herein, addition or removal of a Reference Obligation will be effective for all purposes of the Swap Agreement upon its Addition Date (which, in the case of Reference Obligations (other than Reference Swaps) added after the Closing Date, will be the date of determination of its Reference Price as described below) or its Removal Date (which will generally be the relevant Valuation Date for purposes of determining its Final Price), as the case may be.

### Additions

The Reference Portfolio Manager may on any Business Day during the Portfolio Modification Period add new Reference Obligations to the Reference Portfolio, subject to the satisfaction of the Portfolio Addition Criteria.

In addition, the Reference Portfolio Manager may, on any Business Day after the end of the Portfolio Modification Period and before the 45<sup>th</sup> Business Day prior to the Swap Termination Date, add new Reference Obligations to the Reference Portfolio solely for the purpose of replacing Reference Obligations for which an

unscheduled Amortization has occurred or which are Credit Improved Obligations, subject to (i) the satisfaction of the Portfolio Addition Criteria and (ii) each such additional Reference Obligation having a Rating by each Rating Agency at least equal to that of the replaced Reference Obligation at the time of the replacement and a maturity or final termination date no later than that of the replaced Reference Obligation; *provided* that any such addition occurs within 30 calendar days of the related Amortization or removal of a Credit Improved Obligation.

The "Portfolio Addition Criteria" are as follows:

- (1) The new Reference Obligation must satisfy the Reference Obligation Eligibility Criteria as of its Addition Date;
- (2) Immediately following such addition, the Reference Portfolio must satisfy the Reference Portfolio Criteria (or if any criterion was not satisfied immediately prior to such addition, such criterion must be no further from compliance immediately following such addition; *provided* that after the end of the Portfolio Modification Period, clauses 2 and 17-23 of the Reference Portfolio Criteria must be satisfied immediately following any addition);
- (3) Immediately following such addition, each of the Coverage Tests must be satisfied (or, solely in the case of an addition during the Portfolio Modification Period, if any such test was not satisfied immediately prior to such addition, such test must be no further from compliance immediately following such addition);
- (4) The Aggregate Reference Value of the Reference Portfolio immediately following such addition must not exceed the Swap Notional Amount as of such date; and
- (5) The S&P CDO Monitor Test is satisfied immediately following such addition (or, if the test was not satisfied immediately prior to such addition, such test must be no further from compliance immediately following such addition).

## Removals

The Reference Portfolio Manager may on any Business Day during the Ramp-up Period or the Portfolio Modification Period remove existing Reference Obligations from the Reference Portfolio, in whole or in part; *provided* that (a) the resulting Obligation Value Reduction Amount would be zero; and (b) the Reference Portfolio Manager reasonably believes as of the proposed Removal Date (and so notifies the Swap Counterparty) that it will be able within 30 calendar days of the proposed Removal Date to add one or more replacement Reference Obligations that meet the following conditions:

- (1) Such replacement Reference Obligations would satisfy clause (1) of the Portfolio Addition Criteria and immediately following the addition of such replacement Reference Obligations, clauses (4) and (5) of the Portfolio Addition Criteria would be satisfied;
- (2) Immediately following the addition of such replacement Reference Obligations, the Reference Portfolio would satisfy the Reference Portfolio Criteria (or if any criterion was not satisfied immediately prior to the proposed removal, such criterion would be no further from compliance immediately following the addition of such replacement Reference Obligations); and
- (3) Immediately following the addition of such replacement Reference Obligations, the Coverage Tests would be satisfied (or if any such test was not satisfied immediately prior to the proposed removal, such criterion would be no further from compliance immediately following the addition of such replacement Reference Obligations).

Following the end of the Portfolio Modification Period, the Reference Portfolio Manager may remove a Reference Obligation only if the resulting Obligation Value Reduction Amount would be zero.

In addition to the above requirements, the aggregate Reference Obligation Calculation Amount of Reference Obligations removed from the Reference Portfolio that are not Credit Improved Obligations, Credit Risk

Obligations, Defaulted Reference Obligations or Equity Securities in any one-year period may not exceed 30% of the Portfolio Calculation Amount as of the beginning of such period; *provided* that if at any time the rating of any Class of Senior Notes has been qualified, downgraded or withdrawn from that in effect on the Closing Date (and not reinstated), the Reference Portfolio Manager will not be entitled to remove from the Reference Portfolio Reference Obligations other than Credit Improved Obligations, Credit Risk Obligations, Current Pay Obligations, Equity Securities or Defaulted Reference Obligations.

The Reference Portfolio Manager shall be entitled, without regard to the foregoing restrictions, to remove on any Business Day any Reference Obligation that has become a Credit Risk Obligation or Defaulted Reference Obligation since its Addition Date, that was not eligible to be included in the Reference Portfolio as of its Addition Date or that is an Equity Security.

#### **Amortization of Reference Obligations**

The Reference Obligation Calculation Amount (and, correspondingly, the Reference Value) for any Reference Obligation will be reduced to reflect any Amortization (without duplication of any other removal of a Reference Obligation). Amounts repaid under a Revolving Loan will not be considered Amortizations to the extent that the facility can subsequently be redrawn pursuant to its terms. With respect to a Defaulted Reference Obligation, all amounts actually paid to holders thereof (and only such amounts) will constitute an Amortization until the related Reference Obligation Calculation Amount is reduced to zero, following which such amounts shall constitute Interest Return; *provided* that with respect to a Defaulted Reference Obligation that is a Revolving Loan, any cancellation or reduction of commitment as a result of becoming a Defaulted Reference Obligation will also constitute an Amortization.

#### **Restructuring, Conversion or Exchange of Reference Obligations**

In the event that prior to the earlier of the applicable Removal Date and the 45<sup>th</sup> Business Day prior to the Swap Termination Date, a Reference Obligation is restructured or converted or exchanged into or for any securities, obligations or assets (such resulting securities, obligations or assets, "Exchange Consideration") (other than in accordance with the terms of such Reference Obligation in effect as of its Addition Date, but including without limitation as a result of a workout or restructuring of such obligation), the Reference Portfolio Manager will be entitled to replace such Reference Obligation in the Reference Portfolio with the applicable portion of such Exchange Consideration, which will thereupon constitute a Reference Obligation (regardless of whether it would otherwise satisfy the Reference Obligation Eligibility Criteria or the Portfolio Addition Criteria; *provided* that for purposes of the Coverage Tests and the Reference Portfolio Criteria, only such portion of the Exchange Consideration that would otherwise satisfy the Reference Obligation Eligibility Criteria will constitute a Reference Obligation). Such replacement will constitute a removal of the restructured, converted or exchanged Reference Obligation, and accordingly an Obligation Value Reduction Amount or Obligation Value Increase Amount for such obligation will be determined upon such restructuring, conversion or exchange (with the Final Price being determined with respect to the relevant Exchange Consideration and taking into account any difference in Reference Obligation Calculation Amount). If any Exchange Consideration is an Equity Security, the Reference Portfolio Manager will use commercially reasonable efforts to remove such Equity Security from the Reference Portfolio no later than the fifth anniversary of its inclusion in the Reference Portfolio (unless the Swap Counterparty otherwise consents in writing) and upon such removal determine the Obligation Value Increase Amount or Obligation Value Reduction Amount, as applicable; *provided* that if such Equity Security is "margin stock" as defined in Regulation U of the Federal Reserve Board, the Reference Portfolio Manager will use commercially reasonable efforts to remove such Equity Security from the Reference Portfolio within 45 days of its inclusion in the Reference Portfolio or the date on which it becomes margin stock, whichever is later; *provided, further*, that if at any time the value of such Equity Security or Securities received as Exchange Consideration equals or exceeds the Obligation Value Reduction Amount for the Reference Obligation in respect of which the Exchange Consideration was received, the Reference Portfolio Manager will use commercially reasonable efforts to remove at such time such Equity Security or Securities from the Reference Portfolio. In addition, if the issuer of such an Equity Security declares a dividend with respect thereto, the Reference Portfolio Manager will use commercially reasonable efforts to remove such Equity Security from the Reference Portfolio prior to the "ex-dividend" date thereof. In the event the Reference Portfolio Manager, using its commercially reasonable efforts, is unable to remove any obligation in the required time frame as described in this paragraph, the Swap Counterparty may remove such obligation and determine the Final Price in connection therewith.

### Valuation of Reference Obligations

Upon the removal of all or a portion of a Reference Obligation from the Reference Portfolio by the Reference Portfolio Manager, upon an Amortization of a Reference Obligation (other than a Reference Swap), for each Reference Obligation included in the Reference Portfolio on the 45<sup>th</sup> Business Day prior to the Swap Termination Date and for each Reference Swap that terminates in accordance with its terms prior to its scheduled maturity date (including as a result of a default thereunder), the Swap Counterparty, or the Reference Portfolio Manager acting on its behalf, will determine the Obligation Value Increase Amount or Obligation Value Reduction Amount for that Reference Obligation. The “Obligation Value Increase Amount” or “Obligation Value Reduction Amount” will generally equal the increase or decrease, as the case may be, of the market value of the Reference Obligation during the period in which it was included in the Reference Portfolio, and specifically will be determined as follows:

1. In the case of (x) a Reference Obligation (other than a Reference Swap) removed from the Reference Portfolio by the Reference Portfolio Manager or (y) a Reference Obligation (other than a Reference Swap) included in the Reference Portfolio as of the 45<sup>th</sup> Business Day prior to the Swap Termination Date, the Obligation Value Increase Amount will be equal to (A) the relevant Reference Obligation Calculation Amount (or the applicable portion thereof) multiplied by (B) the applicable Final Price minus the applicable Reference Price. If such amount would be negative, the Obligation Value Increase Amount will be zero, and the absolute value of such amount will be the Obligation Value Reduction Amount.

2. In the case of a Reference Obligation (other than a Reference Swap) for which an Amortization has occurred, the Obligation Value Increase Amount will be equal to (1) 100% (or, if the amount receivable in respect of the Amortization reflects a premium to par (including, without limitation, as a result of a make-whole amount), a percentage reflecting such premium) minus the applicable Reference Price multiplied by (2) the amount of the reduction in the Reference Obligation Calculation Amount as a result of the Amortization. If such amount would be negative, the Obligation Value Increase Amount will be zero, and the absolute value of such amount will be the Obligation Value Reduction Amount.

3. In the case of a Reference Obligation that is a Reference Swap that (1) is removed from the Reference Portfolio by the Reference Portfolio Manager (except in the case of a settlement thereunder as described below), (2) is included in the Reference Portfolio as of the 45<sup>th</sup> Business Day prior to the Swap Termination Date or (3) is terminated in accordance with its terms prior to its scheduled termination date (including, without limitation, as a result of an event of default thereunder) and not replaced by a substantially equivalent Reference Swap, the amount, if any, as determined by the Swap Counterparty, that would be payable by the protection buyer (or total return payer) to the protection seller (or total return receiver) in respect to the termination of such Reference Swap (or the applicable portion thereof) under the terms of the ISDA Master Agreement will be the Obligation Value Increase Amount, or if such an amount would be payable by the protection seller (or total return receiver) to the protection buyer (or total return payer), such amount will be the Obligation Value Reduction Amount. For purposes of this determination the Swap Counterparty will attempt to obtain quotations of such amount from at least two Dealers.

The Reference Prices of the Reference Obligations included in the Reference Portfolio on the Closing Date will be set forth in the Swap Agreement. The “Reference Price” of any Reference Obligation (other than a Reference Swap) that is added to the Reference Portfolio after the Closing Date will be the price thereof (expressed as a percentage) determined by the Reference Portfolio Manager in respect of its Addition Date based on the lowest Quotation obtained on the relevant day for a portion of the Reference Obligation corresponding to the Reference Obligation Calculation Amount. The Reference Portfolio Manager will attempt to obtain such Quotations from at least two Dealers (or, if the Swap Counterparty or one of its Affiliates is a Dealer, at least three Dealers) on the same Business Day beginning on the proposed Addition Date. If only one such Quotation is obtained (or, if the Swap Counterparty or one of its Affiliates is a Dealer, only two such Quotations are obtained) on any such day, such Quotation (or if the Swap Counterparty or one of its Affiliates is a Dealer and two Quotations are obtained, the lower such Quotation) will be the Reference Price only if such Quotation is equal to or lower than the relevant price quotation for such Reference Obligation quoted on the Pricing Source as of that day.

The “Final Price” for a Reference Obligation will be the price thereof (expressed as a percentage) determined by the Reference Portfolio Manager in respect of its Valuation Date based on the highest Quotation obtained on the relevant day for a portion of the Reference Obligation corresponding to the Reference Obligation

Calculation Amount. The Reference Portfolio Manager will attempt to obtain such Quotations with respect to the Valuation Date from at least two Dealers (or, if the Swap Counterparty or one of its Affiliates is a Dealer, at least three Dealers) on the same Business Day. If the Reference Portfolio Manager obtains only one such Quotation (or, if the Swap Counterparty or one of its Affiliates is a Dealer, only two such Quotations) on such Business Day, such Quotation (or, if the Swap Counterparty or one of its Affiliate is a Dealer and two Quotations are obtained, the higher such Quotation) will be the Final Price only if it is equal to or higher than the relevant price quotation for such Reference Obligation quoted on the Pricing Source as of that day. If the Reference Portfolio Manager is unable to obtain at least two Quotations (or, if the Swap Counterparty or its Affiliate is a Dealer, at least three Quotations) on the same Business Day (or a Quotation described in the preceding sentence) on or prior to the tenth consecutive Business Day following the Valuation Date, then the Final Price will be the price determined by the Reference Portfolio Manager with the consent of the Swap Counterparty.

The “Valuation Date” for purposes of determining the Final Price will generally be the applicable Removal Date, or, in the case of Reference Obligations included in the Reference Portfolio as of the 45<sup>th</sup> Business Day prior to the Swap Termination Date, such day. In the case of a Reference Obligation included in the Reference Portfolio as of the 45<sup>th</sup> Business Day prior to the Swap Termination Date, such obligation will be deemed removed from the Reference Portfolio when its Obligation Value Reduction Amount or Obligation Value Increase Amount has been determined. If the Swap Counterparty provides notice that the highest Quotation with respect to a Reference Obligation is not *bona fide* because of the insolvency of the bidder or the inability, failure or refusal of the bidder to settle transactions in the relevant market or perform its obligations generally, then a new Valuation Date with respect to such Reference Obligation will be scheduled by the Swap Counterparty.

As more fully set forth in the Swap Agreement, a “Quotation” for purposes of determining a Reference Price or Final Price will be a firm offer quotation (in the case of the Reference Price) or firm bid quotation (in the case of the Final Price), in each case expressed as a percentage, obtained from a Dealer at a time designated by the Reference Portfolio Manager with an outstanding principal amount (or, in the case of a Reference Obligation that is or contains an Unfunded Commitment, a Commitment Amount) equal to or greater than the relevant Reference Obligation Calculation Amount. In the case of a loan, Quotations will be solicited on a “trades flat” basis under which the buyer of the Reference Obligation will be entitled to all accrued and unpaid interest and commitment, facility, letter of credit and other similar fees with respect to the Reference Obligation accruing after the applicable trade date. In the case of a Bond or Reference CLN, Quotations will exclude accrued interest. Quotations will exclude any Assignment Fees in respect of the relevant Reference Obligation.

As described above, upon the early termination of a Reference Obligation that is a Reference Swap in accordance with its terms (including as a result of an event of default thereunder by the protection buyer or total return payer), an Obligation Value Increase Amount or Obligation Value Reduction Amount will be determined as in the case of the removal of a Reference Swap. The Issuer will not be subject to the credit risk of a default by the protection buyer (or total return payer) under a Reference Swap with respect to such termination. For purposes of a Reference Obligation that is a Reference Swap or Reference CLN, the determination of whether a Credit Event has occurred will be made, among other categories, with respect to the Underlying Obligation for such Reference Swap or Reference CLN (as provided in the definition of “Credit Event”). If a Reference Swap or Reference CLN provides for a cash settlement or a physical settlement under the terms thereof with respect to an Underlying Obligation (including as a result of such a Credit Event with respect thereto), such Reference Swap or Reference CLN will be deemed removed from the Reference Portfolio with a Removal Date of the valuation date or delivery date under such Reference Swap or Reference CLN, and the Obligation Value Reduction Amount or Obligation Value Increase Amount will be calculated with respect to such Underlying Obligation as though it were the Reference Obligation being removed (with the Reference Price being the applicable reference price or initial price for that obligation under the Reference Swap or Reference CLN). If such a Reference Swap or Reference CLN has multiple Underlying Obligations, an Obligation Value Reduction Amount or Obligation Value Increase Amount will be determined separately for each Underlying Obligation for which such a cash settlement or physical settlement occurs, and the Reference Swap or Reference CLN will remain in effect with respect to the other Underlying Obligations.

In the case of a PIK Obligation for which interest has been capitalized or deferred, for purposes of the calculation of an Obligation Value Increase Amount or Obligation Value Reduction Amount, the Reference Price will be recalculated as a percentage of the Reference Obligation Calculation Amount as of the time of removal or

Amortization. In the case of a Structured Finance Obligation with respect to which there has been a Principal Write-Down, a portion of such Structured Finance Obligation with a Reference Obligation Calculation Amount corresponding to the amount of the reduction in principal amount will be deemed removed from the Reference Portfolio as of the date of such Principal Write-Down with a Final Price of zero and an Obligation Value Reduction Amount will be calculated in respect thereof pursuant to clause (1) under the “*Valuation of Reference Obligations*” section. For purposes of determining an Obligation Value Reduction Amount or Obligation Value Increase Amount, the Reference Portfolio Manager will be entitled to deem multiple Reference Obligations that consist of the same Loan or Bond to be a single Reference Obligation, with a Reference Obligation Calculation Amount equal to the sum of the Reference Obligation Calculation Amounts of such multiple Reference Obligations, and a Reference Price equal to the weighted average of the Reference Prices of such multiple Reference Obligations.

In taking any or all of the actions described above, the Reference Portfolio Manager will act solely on behalf of the Swap Counterparty (and not on behalf of the Issuer). See “*Risk Factors—Role of the Reference Portfolio Manager.*”

### **Payments Under the Swap Agreement**

Under the terms of the Swap Agreement, for each Payment Date during the term thereof, the Swap Counterparty will be required to pay the Adjusted Reference Portfolio Return Amount to the Issuer (or, if such amount is negative, the Issuer will be required to pay the absolute value of such amount to the Swap Counterparty). In addition, on each Payment Date the Issuer will be obligated to pay to the Swap Counterparty the Fixed Amount.

The Adjusted Reference Portfolio Return Amount and the Fixed Amount for any Payment Date will be combined into a single net payment to be made by either the Swap Counterparty or the Issuer to the other. If such net amount for any Payment Date is payable by the Swap Counterparty, it will be payable on the Business Day prior to the applicable Payment Date.

The net amount paid by the Swap Counterparty, if any, in respect of these amounts for a Payment Date will be credited to the Collection Account and distributed by the Trustee in accordance with the Indenture. Net payments of such amounts by the Issuer to the Swap Counterparty may be paid from proceeds of the liquidation of Eligible Investments in the Trust Estate. See “*Description of the Securities—Priority of Payments.*” Pursuant to the Indenture, an amount equal to the Quarterly Aggregate Increase Amount, if any, for any Payment Date will be deposited in the Collateral Account.

If any payment made by the Swap Counterparty is subject to any deduction or withholding for or on account of an Indemnifiable Tax, the Swap Counterparty will be obligated to gross-up such payment for any such deduction or withholding. Conversely, if any payment made by the Issuer under the Swap Agreement is subject to any deduction or withholding for or on account of an Indemnifiable Tax, the Issuer will be obligated to gross-up such payment for any such deduction or withholding.

### **Swap Notional Amount**

The “Swap Notional Amount” will initially equal U.S. \$895,500,000. On each Payment Date prior to the end of the Portfolio Modification Period, the Swap Notional Amount will be increased by the Quarterly Aggregate Increase Amount, if any, for such date or reduced by the Quarterly Aggregate Reduction Amount, if any, for such date. After the end of the Portfolio Modification Period, the Swap Notional Amount will be reduced on each Payment Date by the Swap Reduction Amount, if any, for that date. With respect to a Payment Date following the end of the Portfolio Modification Period, the following amounts will constitute a “Swap Reduction Amount”:

- (i) On the first Payment Date following the end of the Portfolio Modification Period, an amount equal to the Swap Notional Amount as of the end of the Portfolio Modification Period minus the Aggregate Reference Value as of the end of the Portfolio Modification Period; and
- (ii) On any subsequent Payment Date (without duplication of any Swap Reduction Amount pursuant to clause (i)), the aggregate of (A) for a Reference Obligation for which an Amortization occurs during the related Collection Period, the amount of the reduction in the Reference Value of such Reference Obligation as a result of such Amortization and (B) for a Reference Obligation that is removed from the

Reference Portfolio with an Accrual Date during the related Collection Period, the amount of the Reference Value of such Reference Obligation so removed, in either case as any such Reference Value may be offset by the Reference Value of any replacement Reference Obligation.

### **Defaulted Reference Obligations**

A Reference Obligation will constitute a “Defaulted Reference Obligation” if (i) a Credit Event has occurred and is continuing with respect thereto, (ii) there has been effected any distressed exchange or other debt restructuring where the Reference Entity of the Reference Obligation has offered the holders thereof a new security or instrument or package of securities or instruments that, in the reasonable business judgment of the Reference Portfolio Manager, either (x) amounts to a diminished financial obligation or (y) has the sole purpose of enabling the Reference Entity to avoid a default, (iii) it is rated “D”, “SD”, “C” or “CC” by S&P or was so rated immediately prior to such rating being withdrawn, (iv) in the case of a Structured Finance Obligation, it is rated “Ca” or “C” by Moody’s or (v) in the case of a Structured Finance Obligation, there is a reduction in payments made to holders thereof from those required or scheduled to be made thereunder or there is a permanent reduction in the stated principal amount thereof without a corresponding payment being made to the holder thereof (a “Principal Write-Down”). Neither a DIP Loan nor a Current Pay Obligation will be considered a Defaulted Reference Obligation solely because a Bankruptcy has occurred with respect to the Reference Entity. As specified in the Swap Agreement, a “Credit Event” means the occurrence of one or more of the following events with respect to a Reference Entity or a Reference Obligation: (i) a Failure to Pay or (ii) a Bankruptcy; *provided* that in the case of a Reference Swap or Reference CLN, a Credit Event will be deemed to occur if (a) a credit event occurs under the terms thereof with respect to an Underlying Obligation or a Reference Entity, (b) a Bankruptcy occurs with respect to the counterparty thereto or issuer thereof or (c) a Failure to Pay occurs with respect to such Reference Swap or Reference CLN itself.

If an occurrence would otherwise constitute a Credit Event, such occurrence will constitute a Credit Event whether or not such occurrence arises directly or indirectly from (i) any lack or alleged lack of authority or capacity of a Reference Entity to enter into any Reference Obligation, (ii) any actual or alleged unenforceability, illegality, impossibility or invalidity with respect to any Reference Obligation, however described, (iii) any applicable law, order, regulation, decree or notice however described, or the promulgation of, or any change in, the interpretation by any court, tribunal, regulatory authority or similar administrative or judicial body with competent or apparent jurisdiction of any applicable law, order, regulation, decree or notice, however described, or (iv) the imposition of or any change in any exchange controls, capital restrictions or any other similar restrictions imposed by any monetary or other authority, however described.

The Reference Portfolio Manager will not be obligated to remove Defaulted Reference Obligations from the Reference Portfolio. The presence of Defaulted Reference Obligations in the Reference Portfolio will, however, generally reduce the Overcollateralization Ratios. *See “Description of the Securities—The Coverage Tests.”*

### **Termination of the Swap Agreement**

The Swap Agreement will terminate in accordance with its terms, with no further obligations (other than certain indemnification and expense reimbursement obligations) of either party to the other, upon the earlier of (i) the date as of which the Swap Notional Amount is reduced to zero and (ii) the Swap Termination Date. In the case of an Optional Redemption or Indenture Tax Redemption, the Swap Termination Date will be accelerated to the Optional Redemption Date or Indenture Tax Redemption Date, as the case may be.

### **Early Termination of the Swap Agreement**

The Swap Agreement will be subject to early termination by the Issuer upon, among others, any of the following events: (i) a payment default by the Swap Counterparty lasting a period of at least one Business Day after notice thereof is given to the Swap Counterparty, (ii) merger without assumption by the surviving entity of the obligations of the Swap Counterparty under the Swap Agreement, (iii) bankruptcy-related events applicable to the Swap Counterparty, (iv) upon the downgrade of its rating below certain levels described below, the failure of the Swap Counterparty to deliver collateral or take other permitted remedial actions, (v) illegality of the Swap Agreement, (vi) tax event upon merger or (vii) certain withholding tax events under the Swap Agreement.

The Swap Agreement will be subject to early termination by the Swap Counterparty upon, among others, any of the following events: (i) a payment default by the Issuer lasting a period of at least one Business Day after notice thereof is given to the Issuer, (ii) merger without assumption by the surviving entity of the obligations of the Issuer under the Swap Agreement, (iii) bankruptcy-related events applicable to the Issuer, (iv) illegality of the Swap Agreement, (v) tax event upon merger or certain withholding tax events under the Swap Agreement, (vi) commencement of the sale or liquidation of the Trust Estate substantially in its entirety under the Indenture or (vii) any amendments to the Indenture without the prior written consent of the Swap Counterparty (where such consent was required).

Upon an early termination of the Swap Agreement, the Issuer or the Swap Counterparty may be required to make a termination payment (a "Swap Termination Payment") to the other party. Such a Swap Termination Payment will be calculated on the basis of the "Close-out Amount" as defined in the ISDA Master Agreement, and will serve to compensate the party that is "in-the-money" (which may be the defaulting or affected party, as applicable) for the replacement cost of the terminated Swap Agreement. "Close-out Amount" generally means, with respect to a party, the amount that the party reasonably determines in good faith to be its total losses and costs in replacing the terminated swap agreement. Depending on current market conditions at the time of such early termination, substantial termination payments could be owed by the Issuer to the Swap Counterparty, thereby reducing funds in the Collateral Account. Accordingly, if the Issuer is not able to enter into a replacement swap agreement that provides an offsetting payment, amounts available for payments to Holders of Securities may be reduced.

The Swap Agreement will provide that if Moody's downgrades the Swap Counterparty (or its guarantor, if applicable) below the Moody's Required Ratings, then the Swap Counterparty shall, within five Business Days of notice thereof from the Trustee on behalf of the Issuer, post, solely at the expense of the Swap Counterparty, collateral pursuant to a Credit Support Annex in an amount equal to either (i) the greater of (A) the mark-to-market value of the transaction, (B) the amount due by the Swap Counterparty under the transaction on the next Payment Date or (C) one percent of the Swap Notional Amount or (ii) such lesser amount as Moody's confirms will not result in a qualification, downgrade or withdrawal of the then-current ratings of any Class of Securities of the Issuer then rated by Moody's. The Swap Agreement will also provide that if the Swap Counterparty (or such guarantor) has a short-term and a long-term rating from Moody's and the short-term rating of the Swap Counterparty (or such guarantor) from Moody's is "P-2" or lower or the long-term rating of the Swap Counterparty (or such guarantor) from Moody's is withdrawn, suspended or downgraded below "A3", or, if the Swap Counterparty (or such guarantor) has only a long-term rating from Moody's, the long-term rating of the Swap Counterparty (or such guarantor) from Moody's is withdrawn, suspended or downgraded below "A2", then the Swap Counterparty shall, in addition to posting collateral, arrange within 30 days after notice thereof from the Trustee on behalf of the Issuer, (x) to assign or transfer its rights and obligations with respect to the Swap Agreement to another swap counterparty that has (or is guaranteed by a person that has) the Moody's Required Ratings and is acceptable to the Issuer or (y) undertake any other action (other than posting additional collateral) as Moody's confirms will not result in a qualification, downgrade or withdrawal of the then-current ratings of any Class of Securities of the Issuer then rated by such Rating Agency. The Swap Agreement will also provide that if the short-term rating of the Swap Counterparty (or such guarantor) from S&P is withdrawn, suspended or downgraded below "A-1+" (the "S&P Required Rating"), then the Swap Counterparty will be required, within 30 days after notice thereof from the Trustee on behalf of the Issuer, to (x) post collateral pursuant to a Credit Support Annex in an amount equal to 133% of the amount due by the Swap Counterparty under the transaction on the next Payment Date or such lesser amount as S&P confirms will not result in a qualification, downgrade or withdrawal of its then-current rating on any Class of Securities then rated by S&P, (y) obtain a guarantor of its obligations under the Swap Agreement that has, or assign or transfer its rights and obligations with respect to the Swap Agreement to another swap counterparty that has (or whose obligations will be guaranteed by a party that has) the S&P Required Rating and is acceptable to the Issuer and which S&P confirms will not result in a qualification, downgrade or withdrawal of the then-current ratings of any Class of Securities of the Issuer then rated by S&P or (z) undertake any other action (other than posting additional collateral) as S&P confirms will not result in a qualification, downgrade or withdrawal of the then-current ratings of any Class of Securities of the Issuer then rated by S&P. Certain expenses of the Swap Counterparty in connection with the assignment or transfer of the Swap Agreement or certain other remedial actions in these circumstances will be reimbursed as Administrative Expenses. Failure to take these actions within the applicable time periods following such downgrading will constitute a "Termination Event" under the Swap Agreement for which the Swap Counterparty will be the sole affected party.

Upon the early termination of the Swap Agreement as a result of a Swap Event of Default with respect to the Swap Counterparty or Swap Additional Termination Event, and so long as the Notes have not been accelerated, the Issuer will, subject to the Indenture, attempt to arrange to replace the Swap Agreement. In such event, the Reference Portfolio Manager may, in its discretion, assist the Issuer in its efforts to arrange for a replacement swap agreement, with itself as Reference Portfolio Manager. Any replacement swap agreement must be approved by both (i) the holders of a majority of the Aggregate Principal Amount of the Senior Notes (voting together as a single class) and (ii) the holders of a majority of the Aggregate Principal Amount of the Income Notes.

### **Extension of the Swap Agreement**

The Swap Counterparty may, at its option, on the Extension Effective Date extend the Portfolio Modification Period for four years to August 1, 2015 and correspondingly extend the term of the Swap Agreement for four years to August 1, 2020, subject to the satisfaction of the Extension Conditions. The Swap Counterparty will give notice of its election to extend the Portfolio Modification Period and the term of the Swap Agreement to the Trustee no later than 60 days and no earlier than 90 days prior to the Extension Effective Date.

The extension of the Portfolio Modification Period and the term of the Swap Agreement will be conditioned on satisfaction of the Extension Conditions.

An extension of the term of the Swap Agreement causes an automatic corresponding extension of the maturity of the Securities. *See "Description of the Securities—Maturity of the Notes and Class Q-1 Securities and Extension of Maturity of the Notes and Class Q-1 Securities."*

### **Modification of Swap Agreement**

Pursuant to the Indenture, the Issuer will not generally be permitted to enter into an amendment to the Swap Agreement without the consent of the Holders of a majority of the Aggregate Principal Amount of each Class of Notes; *provided that*, without the consent of any Holders of the Notes, the Issuer may agree to amend the Swap Agreement in order to:

- (i) cure any ambiguity, or correct, modify or supplement any provision thereof which is defective or inconsistent with any other provision therein or of this Offering Circular;
- (ii) take any action necessary or helpful to prevent the Issuer from becoming subject to any withholding or other taxes or assessments or to reduce the risk that the Issuer will be engaged in a United States trade or business or otherwise subject to United States federal income tax on a net income basis; or
- (iii) amend, modify or change any test or requirement of any Rating Agency under the Swap Agreement where such amendment, modification or change has been specified or authorized by such Rating Agency (and notice thereof has been provided to the Trustee, Swap Counterparty and Reference Portfolio Manager).

In the case of any modification of the Swap Agreement that requires the consent of one or more holders of Securities, the Amendment Buy-Out Purchaser will have the right to purchase the applicable Securities of any Non-consenting Holder. *See "Description of the Securities—Amendment Buy-Out" above.*

Under the Investment Agreement, the Issuer has agreed not to make certain modifications to the Swap Agreement without the consent of the Investment Agreement Counterparty or Investment Agreement Guarantor.

### **Documentation**

The Swap Agreement will be documented under an ISDA Master Agreement between the Issuer and the Swap Counterparty, together with a schedule thereto and a confirmation thereunder.

### **Governing Law**

The Swap Agreement will be governed by, and construed in accordance with, the laws of the State of New York.

## THE REFERENCE PORTFOLIO

The Reference Portfolio will be selected and modified from time to time by the Reference Portfolio Manager on behalf of the Swap Counterparty (and not on behalf of the Issuer) pursuant to the Reference Portfolio Management Agreement. *See “Description of the Swap Agreement—Selection and Modification of the Reference Portfolio.”* The Reference Portfolio will consist primarily of Reference Obligations that are Term Loans and Term Loan/Revolving Loan combinations acquired at or about the same time as part of the same investment decision, Bonds and/or credit-linked instruments based on such obligations. On the Closing Date, the Issuer expects the Aggregate Reference Obligation Calculation Amount to be approximately U.S. \$770 million. As of the Ramp-up End Date, the Issuer expects (subject to market conditions) that the Reference Portfolio will be comprised of Reference Obligations with an Aggregate Reference Value approximately equal to U.S. \$895 million (but in no event greater than the initial Swap Notional Amount).

### Eligible Reference Obligations

An obligation will be eligible for inclusion in the Reference Portfolio as a Reference Obligation if, as of its Addition Date (or for Reference Obligations included in the Reference Portfolio as of the Closing Date, at the Closing Date), it is one of the following: (i) a Term Loan or a participation in a Term Loan, (ii) a Revolving Loan or a participation in a Revolving Loan, (iii) a Bond (including a Structured Finance Obligation), (iv) a Reference Swap or (v) a Reference CLN; *provided that* in the case of (i), (ii) or (iii), such obligation, or in the case of (iv) or (v), each relevant Underlying Obligation (and, where expressly noted below, such Reference Swap or Reference CLN itself, as the case may be) must also satisfy the following criteria (the “Reference Obligation Eligibility Criteria”):

1. The obligation is denominated and payable only in U.S. \$.
2. The terms of the obligation do not provide for such obligation to be converted or exchanged at any time into any Equity Security or any other security or asset.
3. The obligation (a) has a Moody’s Rating (including any estimated or confidential rating which is in respect of the full obligation of the obligor and which is monitored) and (b) has an S&P Rating (including any confidential rating which is in respect of the full obligation of the obligor and which is monitored), which S&P Rating does not have a “p”, “pi”, “q”, “r” or “t” subscript unless S&P otherwise authorizes in writing.
4. The obligation is not a Defaulted Reference Obligation, Current Pay Obligation or Credit Risk Obligation and in the case of a Reference Obligation that has a Moody’s Rating of “Caa1” or lower or an S&P Rating of “CCC+” or lower, the Reference Portfolio Manager has certified in writing that such Reference Obligation is not a Credit Risk Obligation.
5. The related Reference Entity is the borrower, issuer or guarantor in respect of such obligation.
6. The obligation constitutes a legal, valid and binding obligation of the applicable Reference Entity (and, in the case of a Reference Swap or Reference CLN, such Reference Swap or Reference CLN constitutes a legal, valid and binding obligation of the applicable protection buyer, total return payer or issuer, as the case may be), enforceable against such person in accordance with its terms.
7. The obligation (unless it is a Bond) is not subordinated by its terms to other indebtedness for borrowed money of the applicable Reference Entity (and, in the case of a Reference Swap or Reference CLN, such Reference Swap or Reference CLN is not subordinated by its terms to other indebtedness for borrowed money of the applicable protection buyer, total return payer or issuer, as the case may be); *provided that*, for the avoidance of doubt, this clause will not prohibit the inclusion in the Reference Portfolio of Subordinated Lien Loans.
8. The obligation (unless it is a PIK Obligation) bears simple interest payable in cash no less frequently than annually at a fixed or floating rate that is paid on a periodic basis on an unleveraged basis and, in the case of a floating rate, computed on a benchmark interest rate plus or minus a spread, if any (which may vary under the terms of the obligation).

9. The payment or repayment of the principal, if any, of the obligation is not an amount determined by reference to any formula or index or subject to any contingency under the terms thereof.
10. The obligation is not subject to an outstanding offer to be acquired, exchanged or tendered.
11. The obligation provides for payment of a fixed amount of principal payable in cash according to a fixed schedule (which may include optional call dates) and at stated maturity thereof.
12. In the case of a Term Loan or Revolving Loan, as of its Addition Date, the obligation is part of, or a participation in, a syndicated loan facility (consisting of Term Loans or Term Loans and Revolving Loans) that provides for a commitment by the lenders, in the aggregate, of at least U.S. \$100 million.
13. The portion of the obligation to be included in the Reference Portfolio (including through a Reference Swap or Reference CLN) does not represent, directly or indirectly, more than a 25% interest in the obligation.
14. With respect to a Revolving Loan, the obligation of a holder to advance funds thereunder is subject only to certain conditions precedent and is not subject to the exercise of discretion by the holder; *provided* that in no event shall the determination of whether a customary representation, warranty, covenant, agreement or condition precedent (including, without limitation, a condition precedent relating to the absence of a material adverse change in the borrower's financial condition or a similar condition precedent) has been satisfied constitute the exercise of discretion by the holder for this purpose.
15. The obligation was funded (or, in the case of a Revolving Loan, the commitment to fund became effective) at least two Business Days prior to its Addition Date (or, if earlier, at least two Business Days prior to the date of any commitment or decision to add such obligation to the Reference Portfolio).
16. The Issuer has not (and no one acting for the account of the Issuer has) directly or indirectly, negotiated the terms of, participated in the structuring of, or influenced the terms of such obligation; *provided* that neither the Reference Portfolio Manager nor the Swap Counterparty will be considered to act for the account of the Issuer.
17. The Issuer has not (and no one acting for the account of the Issuer has) provided services in connection with the origination, structuring, marketing or placement of the obligation, and no fees for such services are or will be payable to the Issuer with respect to the obligation; *provided* that neither the Reference Portfolio Manager nor the Swap Counterparty will be considered to act for the account of the Issuer.
18. None of (x) the Swap Counterparty or any Affiliate thereof or (y) the Reference Portfolio Manager or any Affiliate thereof, has (directly or indirectly) negotiated the terms of, participated in the structuring of, or influenced the terms of, the obligation unless (a) within ten consecutive Business Days before the proposed Addition Date the Reference Portfolio Manager has attempted to obtain firm offer quotations for valuing the obligation from at least two Dealers on the same date and has obtained at least one quotation, and if only one such quotation is obtained, such quotation is equal to or lower than the relevant price quotation for such obligation quoted by the Pricing Source, (b) either: (i) the obligation was originated and funded prior to the Closing Date and not in anticipation of inclusion in the Reference Portfolio, or (ii) the obligation is added to the Reference Portfolio at least two Business Days after the original issuance of the obligation (and no commitment or agreement to add the obligation is entered into before such date) and (c) the Reference Price of such obligation is equal to or lower than the price at which such obligation is sold or made available for sale to other unaffiliated persons on or about the proposed Addition Date (but in no event earlier than the second Business Day after the original issuance of the obligation); *provided* that the aggregate Reference Value of all Reference Obligations of which the Swap Counterparty, the Reference Portfolio Manager or any of their respective Affiliates has (directly or indirectly) negotiated the terms, participated in the structuring or influenced the terms does not exceed 25% of the Aggregate Reference Value.

19. The obligation (and, in the case of a Reference CLN, such Reference CLN) is not a limited partnership interest, limited liability company membership interest, trust certificate or other asset that is treated as an equity interest in a partnership or a trust for U.S. federal income tax purposes, unless (a) the Reference Portfolio Manager has obtained an opinion of nationally recognized counsel to the effect that such interest, if held by a foreign corporation, would not cause such foreign corporation to be treated as engaged in the conduct of a U.S. trade or business for U.S. federal income tax purposes, (b) the instrument has tax disclosure that states that a non-U.S. holder thereof will not be subject to U.S. net income tax or will not be treated as engaged in the conduct of a U.S. trade or business for U.S. federal income tax purposes solely as a result of acquiring or investing in such instrument, or (c) the partnership or trust (1) is organized outside the United States, (2) is owned solely by non-U.S. persons, (3) effects all transactions, performs all services and carries out all other activities solely outside of the United States and with or for non-U.S. persons and (4) holds financial instruments, if any, that are directly or indirectly issued by or entered into with solely non-U.S. persons.
20. The obligation is not treated as an interest, other than as a creditor, in a "United States real property holding corporation" as defined by Section 897 of the Code.
21. The obligation is in registered form for purposes of the Code.
22. The payments on the obligation (and, in the case of a Reference Swap or Reference CLN, on such Reference Swap or Reference CLN) will not be subject to withholding tax in any non-U.S. jurisdiction unless the obligor (and the guarantor, if any) of the obligation (and such Reference Swap or Reference CLN) is required under the terms of the documentation thereof to make "gross-up" payments that cover the full amount of any such withholding tax; *provided*, that the Reference Portfolio Manager shall be permitted to rely conclusively on advice of tax counsel that such obligation (and such Reference Swap or Reference CLN) will not be so subject.
23. The payments on the obligation (and, in the case of a Reference Swap or Reference CLN, such Reference Swap or Reference CLN) would not be subject to U.S. withholding tax, assuming that the obligation were held by the Issuer and that the Issuer provided any relevant U.S. tax forms to the issuer of the obligation (and to the protection buyer or total return payer under such Reference Swap or to the issuer of such Reference CLN); *provided*, that the Reference Portfolio Manager shall be permitted to rely conclusively on advice of tax counsel that such obligation (and such Reference Swap or Reference CLN) would not be so subject.
24. In the case of a Reference Swap, either (a) such Reference Swap is a derivatives contract (i) documented under an ISDA Master Agreement and/or a Confirmation that references such an agreement and incorporates the Credit Definitions, (ii) providing for one or more payments by the protection buyer to the protection seller determined by reference to a specified rate or index multiplied by a fixed or amortizing notional amount and providing for, upon the occurrence of a specified credit event under the Credit Definitions with regard to a Reference Entity and the satisfaction of certain conditions to settlement, (A) one or more cash payments by the protection seller to the protection buyer determined by reference to the change in the value ascribed to one or more valuation obligations based on the applicable Valuation Method under the terms thereof (and not by reference to any actual loss incurred by the protection buyer) or (B) delivery by the protection buyer to the protection seller of one or more deliverable obligations in exchange for a specified payment, (iii) that permits the selection, with respect to the Reference Entity, of multiple deliverable obligations, in the case of physical settlement, or multiple valuation obligations, in the case of cash settlement, in each case satisfying certain criteria, (iv) in which the protection buyer is a dealer in swaps and other derivative financial instruments that regularly holds itself out as being willing and able to enter into either side of a credit default swap, (v) where the Reference Portfolio Manager reasonably believes that at least one potential valuation obligation or deliverable obligation is an obligation for which, on the Addition Date, firm offer price quotations can be obtained from at least two Dealers (or, if only one such quotation can be obtained, a relevant price quotation can also be obtained from the Pricing Source), (vi) under which (A) the Reference Entity is a person that is not an Affiliate of the Issuer, the Swap Counterparty, the Reference Portfolio

Manager, the protection buyer or the protection seller, (B) neither the protection buyer nor the protection seller is required to own or hold any reference obligation, (C) the protection seller will not have any ongoing payment rights or obligations under the contract in respect of any portion of the contract that has been cash settled or physically settled and (D) each party agrees not to treat the transaction as an insurance or guarantee contract for any relevant purpose, including, without limitation, for regulatory, tax or accounting purposes, and (vii) that is added to the Reference Portfolio for purposes of taking on exposure to the underlying Reference Entity and profiting from the amounts payable to the protection seller in respect of such Reference Swap, and for which the decision relating to its addition to the Reference Portfolio is made in the same manner as decisions relating to the addition of Reference Obligations other than Reference Swaps or Reference CLNs, or (b) the Reference Portfolio Manager has received a written opinion of nationally recognized tax counsel experienced in such matters that the acquisition, ownership or disposition of the Reference Swap should not cause the Issuer to be treated as engaged in the conduct of a U.S. trade or business for U.S. federal income tax purposes, assuming that the Reference Swap were acquired, owned or disposed of by the Issuer and considering such acquisition, ownership or disposition in the light of all other activities of the Issuer.

25. In the case of a Reference CLN, either (a) such Reference CLN is a note (i) providing for periodic payments by the issuer thereof calculated at a stated interest rate or based on a stated spread over a benchmark interest rate or interest rate index on a stated principal amount, (ii) providing for, upon the occurrence of a specified credit event (as defined under the Credit Definitions or in a substantially similar manner) with respect to one or more Reference Entities and the satisfaction of certain conditions to settlement, an adjustment to the stated principal amount payable at maturity calculated by reference to the change in value ascribed to one or more valuation obligations based on the applicable valuation method under the terms thereof (and not by reference to any actual loss incurred by the issuer) or for the delivery of one or more deliverable obligations in lieu of all or a portion of the principal amount, (iii) providing for, if no such specified credit event has occurred by the stated maturity of such Reference CLN, repayment in full at or prior to maturity of the originally stated principal amount, (iv) that permits the selection, with respect to each such Reference Entity, of multiple deliverable obligations, in the case of physical settlement, or multiple valuation obligations, in the case of cash settlement, in each case satisfying certain criteria, (v) where the Reference Portfolio Manager reasonably believes that at least one potential valuation obligation or deliverable obligation for each such Reference Entity is an obligation for which, on the Addition Date, firm offer price quotations can be obtained from at least two Dealers (or, if only one such quotation can be obtained, a relevant price quotation can also be obtained from the Pricing Source), (vi) in which (A) each Reference Entity is a person that is not an Affiliate of the Issuer, the Reference Portfolio Manager, the Swap Counterparty, the issuer of such Reference CLN or the holder of such Reference CLN, (B) neither the issuer nor the holder of the Reference CLN is required to own or hold any reference obligation, (C) the holder will not have any ongoing payment rights or obligations in respect of the portion of the security that has been settled as a result of a credit event and (D) the issuer and holder each agree not to treat the security as an insurance or guarantee contract for any relevant purpose, including, without limitation, for regulatory, tax or accounting purposes, and (vii) that is added to the Reference Portfolio for the purpose of taking on exposure to the underlying Reference Entity(ies) and profiting from the amounts payable to the holder in respect of such Reference CLN, and for which the decision relating to its addition is made in the same manner as decisions relating to the addition of Reference Obligations other than Reference Swaps or Reference CLNs; (b) such Reference CLN (i) is an interest in a trust or other entity taxed on a pass-through basis that holds solely instruments treated as indebtedness for U.S. federal income tax purposes and instruments treated as options or notional principal contracts for U.S. federal income tax purposes, (ii) satisfies the requirements of subclauses (i)-(iv) and (vii) of clause (a) hereof, (iii) is an instrument as to which firm offer price quotations can be obtained from at least two Dealers, and (iv) satisfies the requirements of subclause (vi) of clause (a) hereof, treating the "holder" as the entity and the "issuer" as the counterparty to any option or notional principal contract; or (c) the Reference Portfolio Manager has received a written opinion of nationally recognized tax counsel experienced in such matters that the acquisition, ownership or disposition of the Reference CLN should not cause the Issuer to be treated as engaged in the conduct of a U.S. trade or business for U.S. federal

income tax purposes, assuming that the Reference CLN were acquired, owned or disposed of by the Issuer and considering such acquisition, ownership or disposition in the light of all other activities of the Issuer.

26. The Reference Entity is Domiciled in an Eligible Country.
27. The Reference Portfolio Manager has exercised its independent judgment in determining whether to include the obligation in the Reference Portfolio, and that judgment has not been influenced by whether a particular person or entity holds an interest in the Reference Portfolio Manager or in Securities issued by the Issuer or whether the Swap Counterparty or affiliates thereof originated the Reference Obligation, and has not consulted with any person or entity holding an interest in the Reference Portfolio Manager or Securities issued by the Issuer in determining whether to include any Reference Obligation in the Reference Portfolio.
28. The obligation is not a loan that is an obligation of a debtor in possession or a trustee for a debtor in an insolvency proceeding other than a DIP Loan.
29. The Reference Obligation (including for this purpose, in the case of a Reference Swap, such Reference Swap) has a maturity or final termination date no later than the Maturity Date; *provided* that Reference Obligations that bear interest at a fixed rate have a maturity or final termination date no later than 45 Business Days prior to the Maturity Date.
30. With respect to an obligation that provides for the payment of interest at a floating rate, such floating rate is determined by reference to the U.S. dollar prime rate or other base rate, London interbank offered rate or similar interbank offered rate, commercial deposit rate or any other index acceptable to the Swap Counterparty and which each Rating Agency confirms in writing will not result in a qualification, downgrade or withdrawal of its then-current rating of any Class of Securities.
31. The obligation (unless it is a PIK Obligation) does not by its terms permit the deferral of the payment of interest in cash thereon, including without limitation, by providing for the payment of interest through the issuance of additional debt securities identical to such debt security or through additions to the principal amount thereof for a specified period in the future or for the remainder of its life or by capitalizing interest due on such debt security as principal.
32. In the case of a Reference Obligation that is a participation in a Term Loan or Revolving Loan, the participation seller has a long-term senior unsecured rating by Moody's of at least "A3" and an issuer credit rating by S&P of at least "A-".
33. In the case of a Reference Swap or Reference CLN, the counterparty or issuer, as the case may be, has a long-term senior unsecured rating by Moody's of at least "A3" and an issuer credit rating by S&P of at least "A-".
34. The obligation does not constitute "margin stock" as defined in Regulation U of the U.S. Board of Governors of the Federal Reserve System.
35. The obligation is not a Discount Obligation.
36. In the case of a Bond, the obligation is treated for U.S. federal income tax purposes as indebtedness, or in the case of an interest in a trust or other entity taxed on a pass-through basis, (a) such interest is treated as indebtedness for U.S. federal income tax purposes or represents an undivided beneficial ownership interest in assets consisting solely of cash and instruments treated as indebtedness for U.S. federal income tax purposes, (b) such interest has tax disclosure that states that a non-U.S. holder thereof will not be subject to U.S. net income tax or will not be treated as engaged in the conduct of a U.S. trade or business for U.S. federal income tax purposes solely as a result of acquiring or investing in such interest, or (c) the Reference Portfolio Manager has obtained an opinion of nationally recognized counsel to the effect that such interest, if held by a foreign corporation, would not cause such foreign corporation to be treated as engaged in the conduct of a U.S. trade or business for U.S. federal income tax purposes.

### Reference Portfolio Criteria

The following requirements will constitute the “Reference Portfolio Criteria”:

1. The Aggregate Reference Value of the Reference Obligations may not exceed the Swap Notional Amount.
2. (a) The aggregate of the Reference Obligation Calculation Amounts of Reference Obligations of Reference Entities with a Moody’s Rating of less than “B3” may not exceed 7.5% of the Portfolio Calculation Amount; and (b) the aggregate of the Reference Obligation Calculation Amounts of Reference Obligations of Reference Entities with an S&P Rating of less than “B-” may not exceed 7.5% of the Portfolio Calculation Amount (provided that for purposes of this clause (b), Underlying Obligations with an S&P Rating of less than “B-” for an Index CLN shall not be counted toward such limit).
3. The Reference Obligation Calculation Amount of any single Reference Obligation may not exceed 1.5% of the Portfolio Calculation Amount; *provided*, that the Reference Obligation Calculation Amount of each of up to five Reference Obligations may be up to 2.0% of the Portfolio Calculation Amount.
4. The aggregate Reference Obligation Calculation Amount of Reference Obligations with Reference Entities with a Domicile other than in the United States or Canada may not exceed 15% of the Portfolio Calculation Amount.
5. The aggregate Reference Obligation Calculation Amount of Reference Obligations with Reference Entities with a Domicile in (i) Canada or any single country that is a Moody’s Group I Country may not exceed 10% of the Portfolio Calculation Amount, (ii) any single country that is a Moody’s Group II Country may not exceed 5.0% of the Portfolio Calculation Amount or (iii) any single country that is a Moody’s Group III Country may not exceed 2.5% of the Portfolio Calculation Amount.

### **The Reference Portfolio Manager**

Based in Dallas, Texas, Highland Capital Management, L.P. ("Highland Capital") is a registered investment adviser specializing in below investment grade credit and special situation investing. As of March 31, 2004, Highland Capital managed over \$9.0 billion in leveraged loans, high yield bonds, structured products and other assets for banks, insurance companies, pension plans, foundations, and high net worth individuals.

As of March 31, 2004, Highland Capital employed 32 investment professionals covering 44 industries with over 600 credits owned and 750 credits followed. Portfolios as of March 31, 2004 include 12 structured investment vehicles (including 7 CLOs), separate accounts, and 5 hedge funds. Additionally, Highland Capital manages two closed-end registered investment companies listed on the NYSE.

### Investment Philosophy and Process

Highland Capital's investment philosophy is based on the belief that fundamental research and disciplined asset acquisition/disposition produce superior long-term results. Highland Capital's investment approach seeks to generate superior performance with muted volatility. The investment approach is a top-down approach as advocated by the Institute for Chartered Financial Analysts. Highland Capital anticipates long-term secular trends and identifies those sectors and issues that have the highest relative value characteristics. Highland Capital's process and philosophy have been consistent over time.

Highland Capital has a large range and depth of experience. It has expertise in syndicated loans, high yield bonds, and distressed investments. Highland Capital believes it is in a position to arbitrage disparities in the historical spread relationship between various below investment grade asset classes. Highland Capital believes that, historically, the most inefficient asset classes have demonstrated the best risk/return characteristics.

Highland Capital has invested over \$140 million of firm capital in its funds, and expects that one of its Affiliates or funds will invest \$20 million in the Income Notes of the Issuer. Additionally, Highland Capital believes that it strives to minimize operating expenses and hires the brightest and most talented professionals, insisting on a high degree of dedication and integrity.

Highland Capital believes that its disciplined investment process minimizes a portfolio's risk and that its strategy seeks to maximize current yield over capital appreciation while limiting downside risk. Portfolio managers actively follow each credit and several times each year the entire investment staff reviews all positions during multi-day Monitoring Meetings. We will look to sell a security or remove a reference obligation if it is fully valued or if a significant fundamental change occurs. Highland Capital diversifies its portfolios with set limits on exposure to any one given industry or issuer. Highland Capital believes that this philosophy and process has resulted in positive returns in 43 of the last 45 quarters on its underlying loan portfolio and consistent outperformance relative to its indices.

Highland Capital focuses on a "team" approach that it has used since the investment team started in 1990. It is Highland Capital management's belief that this style creates the optimum environment for the exchange of information and the development of all investment professionals. All aspects of the investment process are coordinated through the team's direct interaction. The investment team meets every morning to discuss the market,

investment strategy, and credits. In addition, the firm maintains an "informal" open door policy with regards to investment or personal issues. The team is composed of senior management and portfolio managers/analysts. Collectively, the team utilizes an investment process which is driven by fundamental credit research. Each portfolio manager/analyst makes specific credit recommendations based upon industry coverage. The investment proposal is then brought to the investment team for consideration. Based upon the consensus decision, the portfolio manager with the recommendation will execute the trade.

Highland Capital has also provided its investment team with a strong commitment to technology. The firm developed Wall Street Office® which is a proprietary software system that allows Highland Capital to model, portfolio manage, and trade syndicated loans. This software has been licensed to more than 70 financial institutions that invest in syndicated loans.

*The following summary generally describes certain provisions of the Reference Portfolio Management Agreement. The summary does not purport to be complete and is subject to, and is qualified in its entirety by reference to, the provisions of the Reference Portfolio Management Agreement, which is incorporated herein by reference.*

Subject to the terms of the Reference Portfolio Management Agreement, the Reference Portfolio Manager will select the initial Reference Portfolio, make decisions to remove and add Reference Obligations under the Swap Agreement (including, in the case of an addition, the determination of the Reference Price and with respect to a removal, the determination of the Final Price and the related Obligation Value Reduction Amount or Obligation Value Increase Amount), provide to the Collateral Administrator on behalf of the Swap Counterparty certain information specified in the Collateral Administration Agreement and review the reports prepared pursuant to the Indenture and the Collateral Administration Agreement. *See "Description of the Securities—The Indenture and the Collateral Administration Agreement—Reports."* The Reference Portfolio Manager will act under the Reference Portfolio Management Agreement as the agent of and on behalf of the Swap Counterparty and not on behalf of the Issuer. Any actions directed by the Reference Portfolio Manager may change the composition and characteristics of the Reference Portfolio and the rate of payment thereon and, accordingly, may affect, through the Swap Agreement, the return to the Holders of the Securities. *See "Risk Factors—Conflicts of Interest Involving the Reference Portfolio Manager" and "—Role of the Reference Portfolio Manager."*

The Reference Portfolio Manager may engage in other business and furnish investment management, advisory and other types of services to its Affiliates and other clients whose investment policies differ from, or are the same as, those followed by the Reference Portfolio Manager on behalf of the Swap Counterparty, as required by the Reference Portfolio Management Agreement and the Swap Agreement. The Reference Portfolio Manager may make recommendations to or effect transactions for such Affiliates and other clients which may differ from those effected with respect to the Swap Agreement. *See "Risk Factors—Conflicts of Interest Involving the Reference Portfolio Manager."*

As compensation for the performance of its obligations under the Reference Portfolio Management Agreement, the Swap Counterparty will be obligated, as provided in the Reference Portfolio Management Agreement, to pay to the Reference Portfolio Manager on each Payment Date fees in an amount equal to the sum of the Base Amount, the Subordinate Amount, if any, and the Incentive Amount, if any, for such date. Such amounts will accrue if unpaid and be payable on the next Payment Date on which funds are available therefor as described in the definitions thereof. The Base Amount and the Subordinate Amount will accrue interest at a rate of LIBOR plus 3.0% per annum if deferred.

The Swap Counterparty has agreed to reimburse the Reference Portfolio Manager for certain expenses and other amounts to the extent and only to the extent the Swap Counterparty receives compensation for such amounts from the Issuer as Administrative Expenses. The Reference Portfolio Manager will be responsible for its ordinary

expenses incurred in the course of performing its obligations under the Reference Portfolio Management Agreement; *provided, however*, that in no event shall the Reference Portfolio Manager be liable for the fees, expenses and costs of legal advisers, rating agencies, accountants, auditors, recordkeepers and other professionals retained by the Swap Counterparty.

The Reference Portfolio Manager will not be liable for any loss incurred as a result of the actions taken or recommended by the Reference Portfolio Manager under the Reference Portfolio Management Agreement or the Swap Agreement, or for any other act or omission by the Reference Portfolio Manager in the performance of its obligations under the Reference Portfolio Management Agreement and the Swap Agreement or otherwise in any event whatsoever, except by reason of acts or omissions constituting bad faith, fraud, willful misconduct, gross negligence or breach of fiduciary duty in the performance of, or reckless disregard of, its duties and obligations thereunder and under the provisions of the Swap Agreement applicable to it. Neither the Issuer nor the Holders of the Securities will have any rights, as third party beneficiaries or otherwise, against the Reference Portfolio Manager under the Swap Agreement or the Reference Portfolio Management Agreement and the Reference Portfolio Manager will have no liability to the Issuer or the Holders of the Securities under either such agreement. The Issuer and the Holders of Securities will have no direct recourse against the Reference Portfolio Manager as a result of action or inaction by the Reference Portfolio Manager under the Reference Portfolio Management Agreement or the Swap Agreement. The Swap Counterparty and its agents and each of their respective shareholders, officers, directors, employees or agents will be entitled to indemnification (or, in certain cases, contribution) by the Issuer from and against any and all loss, liability, claim, damage and expense of any kind incurred by any of them in connection with the Swap Agreement or the Reference Portfolio Manager's engagement under the Reference Portfolio Management Agreement or as a result of the Reference Portfolio Manager's performance of its obligations and duties under the Reference Portfolio Management Agreement or under the Swap Agreement, except as may result from the Reference Portfolio Manager's bad faith, fraud, willful misconduct, gross negligence or breach of fiduciary duty in the performance, or reckless disregard, of its duties, under the Reference Portfolio Management Agreement. These amounts will be Administrative Expenses, which will be paid in accordance with the Priority of Payments. The Swap Counterparty has agreed to reimburse the Reference Portfolio Manager for certain such losses, liabilities, claims, damages and expenses to the extent the Swap Counterparty receives such amounts from the Issuer.

Subject to the following provisions regarding removal or resignation of the Reference Portfolio Manager, the Reference Portfolio Management Agreement will be entered into on the Closing Date for a term until the termination date of the Swap Agreement unless sooner terminated. The Reference Portfolio Manager may be removed under the following circumstances:

- (1) The Issuer may request the Swap Counterparty to remove the Reference Portfolio Manager without cause, upon not less than 90 days' prior written notice to the Reference Portfolio Manager, upon the vote of at least 66 2/3% (in Aggregate Principal Amount) of the Income Notes and at least 66 2/3% (in Aggregate Principal Amount) of each Class of Senior Notes. Upon receipt of such a request, the Swap Counterparty, in its sole discretion, may, but will not be obligated to, remove the Reference Portfolio Manager.
- (2) The Swap Counterparty will have the right in its sole discretion to remove the Reference Portfolio Manager for cause at any time, as specifically set forth in the Reference Portfolio Management Agreement (including the bankruptcy or insolvency of the Reference Portfolio Manager or fraud or criminal violation by the Reference Portfolio Manager). The Issuer may request the Swap Counterparty to remove the Reference Portfolio Manager for cause at any time, upon the vote of at least 66 2/3% (in Aggregate Principal Amount) of each Class of Senior Notes and at least 66 2/3% (in Aggregate Principal Amount) of the Income Notes. Upon receipt of such a request, the Swap Counterparty may, but will not be obligated to, remove the Reference Portfolio Manager.

The Reference Portfolio Manager may terminate the Reference Portfolio Management Agreement at any time upon not less than 90 days' written notice to the Swap Counterparty and each Rating Agency. No resignation or removal of the Reference Portfolio Manager will be effective until a successor Reference Portfolio Manager has been appointed in accordance with the Reference Portfolio Management Agreement and such successor reference portfolio manager accepts such appointment. The Swap Counterparty may, but is not obligated to, consult with the

Issuer when selecting a replacement Reference Portfolio Manager. If so consulted, the Issuer will follow the instructions of the Holders of a majority (in Aggregate Principal Amount) of Income Notes; *provided* that the Issuer shall not follow such direction as to any replacement Reference Portfolio Manager if the Holders of at least 66 2/3% of the Aggregate Principal Amount of each Class of Senior Notes object to such replacement Reference Portfolio Manager. Securities beneficially owned (whether acquired on the Closing Date or at any time subsequent thereto) by the Reference Portfolio Manager or any of its Affiliates or by an account or fund for which the Reference Portfolio Manager or an Affiliate acts as the investment advisor with discretionary authority shall be disregarded and deemed not to be Outstanding and may not be voted with respect to any such vote as to the removal or replacement of the Reference Portfolio Manager. If within 90 days following a notice of resignation or a notice of removal no replacement Reference Portfolio Manager has been appointed and accepted such appointment, the Reference Portfolio Manager may petition a court of competent jurisdiction for the appointment of a replacement Reference Portfolio Manager.

The Securities have not been and will not be registered under the Securities Act or any state “Blue Sky” laws or the securities laws of any other jurisdiction and, accordingly, may not be reoffered, resold, pledged or otherwise transferred except in accordance with the restrictions set forth in the Indenture and described under “*Notices to Purchasers*” and below.

Without limiting the foregoing, by holding a Security, each Holder of Securities will acknowledge and agree, among other things, that such Holder of Securities understands that neither of the Issuers is registered as an investment company under the Investment Company Act, but that the Issuer claims exemption from registration as such by virtue of Section 3(c)(7) of the Investment Company Act. In general terms, Section 3(c)(7) excepts from the provisions of the Investment Company Act those non-U.S. issuers (i) whose investors residing in the United States are Qualified Purchasers and (ii) which do not make a public offering of their securities in the United States. In general terms, Qualified Purchaser is defined to mean, among other things, (i) natural persons who own not less than U.S. \$5,000,000 in “investments”; (ii) a company that owns not less than U.S. \$5,000,000 in “investments” and that is owned directly or indirectly by or for two or more natural persons who are related as siblings or spouses (including former spouses), or direct lineal descendants by birth or adoption, spouses of such persons, the estates of such persons, or foundations, charitable organizations, or trusts established by or for the benefit of such persons; (iii) certain trusts that were not formed for the specific purposes of acquiring the securities offered, as to which the trustee or other person authorized to make decisions with respect to the trust, and each settlor or other person who has contributed assets to the trust, is a qualified purchaser (other than certain trusts); and (iv) any person, acting for its own account or the accounts of other qualified purchasers, who in the aggregate owns and invests on a discretionary basis, not less than U.S. \$25,000,000 in “investments.” For purposes of the definition of “qualified purchaser,” “investments” has the meaning given such term in Rule 270.2a51-1 under the Investment Company Act. 7. The purchaser understands that the maturity of this Note is subject to an extension of four years to August 1, 2020 without consent of any holders of Securities at the option of the Swap Counterparty if certain conditions are satisfied.
8. The purchaser acknowledges that it is its intent and that it understands it is the intent of the Issuer that, for purposes of U.S. federal income, state and local income and franchise tax and any other income taxes, the Issuer will be treated as a corporation, the Senior Notes will be treated as indebtedness of the Issuer, and the Income Notes (in the absence of an administrative determination or judicial ruling to the contrary) will be treated as equity in the Issuer; the purchaser agrees to such treatment and agrees to take no action inconsistent with such treatment.
9. The purchaser is not purchasing the Notes in order to reduce any United States federal income tax liability or pursuant to a tax avoidance plan. It acknowledges that none of such persons will, in any way, be responsible for or stand behind the value or the performance of the Income Notes. It acknowledges that purchase of Income Notes involves investment risks including possible delay in payment of distributions and loss of income and principal invested.

#### **Reliance on Section 3(c)(7) of the Investment Company Act**

Neither the Issuer nor the Co-Issuer has registered with the Commission as an investment company pursuant to the Investment Company Act, the Issuer in reliance on Section 3(c)(7) thereof, and the Co-Issuer, in reliance on the fact that it holds no “securities.” To rely on Section 3(c)(7), the Issuer must have a “reasonable belief” that all purchasers of the Rule 144A Global Notes and all U.S. purchasers of Certificated Securities (including initial purchasers and subsequent transferees) are Qualified Purchasers and that all purchasers of Temporary Regulation S Global Notes and Regulation S Global Notes (including the initial purchasers and subsequent transferees) are non-U.S. Persons. The Issuer will establish such a reasonable belief by means of the representations, warranties and agreements made, or deemed made, by the purchasers of Securities under “*Purchase and Transfer Restrictions*” above, the agreements of the Initial Purchaser and the Placement Agent made in the note purchase agreement and placement agency agreement (the “Placement Agency Agreement”), as applicable, and certain Issuer covenants and undertakings pursuant to the Indenture (collectively, the “Section 3(c)(7) Procedures”).

#### **Additional Income Note Restrictions**

Under the Swap Agreement, the Swap Counterparty will agree that neither it nor any of its Affiliates will purchase, acquire or own any Income Notes, *provided* that the Swap Counterparty or an Affiliate may purchase, acquire or own Income Notes if it is acting in its capacity as a broker or dealer and is purchasing, acquiring or owning the Income Notes solely in order to hold the Income Notes for sale to customers in the ordinary course of its business as a broker or dealer in such securities; *provided, further*, that the Swap Counterparty or an Affiliate may purchase, acquire or own Income Notes for other purposes if the Swap Counterparty has received and provided to the Issuer a written opinion of nationally recognized tax counsel experienced in such matters that for U.S. federal income tax purposes, (a) taking such purchase, acquisition or ownership into account, while not free from doubt the Issuer should not be treated as engaged in the conduct of a trade or business within the United States (or the Issuer should not or will not be treated as so engaged) and (b) such purchase, acquisition or ownership will not otherwise adversely affect the Issuer or investors therein.

## RATINGS

It is a condition to the issuance of the Securities that the Class A-1 Notes be rated “Aaa” by Moody’s and “AAA” by Standard & Poor’s, that the Class A-2 Notes be rated at least “Aa2” by Moody’s and at least “AA” by Standard & Poor’s, that the Class B Notes be rated at least “A2” by Moody’s and at least “A” by Standard & Poor’s and that the Class C-1 Notes and the Class C-2 Notes be rated at least “Baa2” by Moody’s and “BBB” by Standard & Poor’s. Such ratings represent a Rating Agency’s view as to the likelihood of timely payment of interest and ultimate payment of principal by the Maturity Date.

In addition, it is a condition to the issuance of the Securities that the Class Q-1 Securities be rated at least “Baa2” by Moody’s. The rating of the Class Q-1 Securities by Moody’s addresses solely the return of the Class Q-1 Rated Principal.

The Income Notes will not be rated by Standard & Poor’s or Moody’s or any other rating agency.

The Issuers will request that each Rating Agency confirm its ratings on the Senior Notes and on the Class Q-1 Securities within 30 days after the Ramp-up End Date.

A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the assigning Rating Agency. In the event that a rating initially assigned to any Class of Securities is subsequently lowered for any reason, no person or entity is obligated to provide any additional support or credit enhancement with respect to the Securities.

So long as any of the Senior Notes or Class Q-1 Securities remain Outstanding, the Issuers shall pay for continuous rating surveillance by S&P of the Senior Notes rated by S&P and by Moody’s of the Senior Notes and the Class Q-1 Securities rated by Moody’s. The failure of Moody’s or Standard & Poor’s to review or if requested, to confirm a rating or the withdrawal of a rating does not constitute an Event of Default under the Indenture.

The Issuer will notify the Irish Stock Exchange, so long as any Securities are listed thereon, if the ratings assigned to any Class of Securities are reduced or withdrawn.

## PLAN OF DISTRIBUTION

The Senior Notes, the Class Q-1 Securities and the Class Q-2A Securities are being offered by Citigroup Global Markets Inc. (in such capacity, the “Initial Purchaser”) pursuant to a purchase agreement with the Issuers, and the Income Notes and the Class Q-2B Securities are being offered by the Issuer through Citigroup Global Markets Inc. (in such capacity, the “Placement Agent”) pursuant to the Placement Agency Agreement to prospective purchasers from time to time in individually negotiated transactions at varying prices to be determined in each case at the time of sale. Securities will be offered (i) except in the case of the Class Q-2B Securities, within the United States to Qualified Purchasers that are also (A) Qualified Institutional Buyers or (B) in the case of the Income Notes only, Accredited Investors, and (ii) outside the United States in reliance on Regulation S. *See “Purchase and Transfer Restrictions.”*

The purchase agreement provides that the obligation of the Initial Purchaser to purchase the Senior Notes, the Class Q-1 Securities and the Class Q-2A Securities is subject to approval of legal matters by counsel and to other conditions. In connection with sales outside the United States, with respect to the Senior Notes, Class Q-1 Securities and Class Q-2A Securities, the Initial Purchaser, and with respect to the Income Notes and the Class Q-2B Securities, the Placement Agent, have agreed that, except as permitted by the purchase agreement or the Placement Agency Agreement, as the case may be, they will not offer or sell the Notes and the Class Q Securities within the United States or to, or for the account or benefit of, U.S. persons (i) as part of its distribution at any time or (ii) otherwise (a) with respect to the Senior Notes, until 40 days after the later of the commencement of the offering and the Closing Date, and it will have sent to each dealer to which it sells Senior Notes during the 40-day restricted period, (b) with respect to the Income Notes, the Class Q-1 Securities and the Class Q-2A Securities, until one year after the later of the commencement of the offering and the Closing Date, and it will have sent to each dealer to which it sells Income Notes, Class Q-1 Securities and Class Q-2A Securities during the one year restricted period, and (c) with respect to the Class Q-2B Securities, at any time, and it will have sent to each dealer to which it sells Class Q-2B Securities, in each case, a confirmation or other notice setting forth the restrictions on offers and sales of

the Notes and Class Q Securities within the United States or to, or for the account or benefit of, U.S. Persons. In addition, until 40 days (with respect to the Senior Notes) and one year (with respect to the Income Notes, the Class Q-1 Securities and the Class Q-2A Securities) after the commencement of this offering, an offer or sale of Senior Notes or the Income Notes, Class Q-1 Securities or Class Q-2A Securities, as applicable, within the United States by a dealer that is not participating in this offering may violate the registration requirements of the Securities Act if that offer or sale is made otherwise than in accordance with Rule 144A (or, in the case of the Income Notes, another exemption from registration under the Securities Act). Class Q-2B Securities will not be offered or sold within the United States.

No action is being taken or is contemplated by the Issuers that would permit a public offering of the Securities or possession or distribution of this Offering Circular or any amendment thereof, any supplement thereto or any other offering material relating to the Issuers or the Securities in any jurisdiction where, or in any other circumstances in which, action for those purposes is required.

The Initial Purchaser and the Placement Agent or their respective Affiliates may have had in the past and may in the future have business relationships and dealings with one or more Reference Entities and their Affiliates and may own equity or debt securities issued by such entities or their Affiliates. The Initial Purchaser and the Placement Agent or their respective Affiliates may have provided and may in the future provide investment banking services to a Reference Entity or its Affiliates and may have received or may receive compensation for such services.

The Issuer has agreed to indemnify the Initial Purchaser and the Placement Agent against certain liabilities, including liabilities under the Securities Act, and has agreed to contribute to payments that the Initial Purchaser and the Placement Agent may be required to make in respect thereof.

The Securities are offered when, as and if issued, subject to prior sale or withdrawal, cancellation or modification of the offer without notice and subject to approval of certain legal matters by counsel and certain other conditions.

The Securities will constitute new classes of securities with no established trading market. Such a market may or may not develop, but the Initial Purchaser and the Placement Agent are not under any obligation to make such a market, and if they do make such a market they may discontinue any market-making activities with respect to the Securities at any time without notice. In addition, market-making activity will be subject to the limits imposed by the Securities Act and the Exchange Act. Accordingly, no assurances can be made as to the liquidity of or the trading market for the Securities.

### CERTAIN ERISA CONSIDERATIONS

ERISA imposes certain requirements on “employee benefit plans” (as defined in Section 3(3) of ERISA) subject to ERISA, including entities such as collective investment funds and separate accounts whose underlying assets include the assets of such plans (collectively, “ERISA Plans”) and on those persons who are fiduciaries with respect to ERISA Plans. Investments by ERISA Plans are subject to ERISA’s general fiduciary requirements, including the requirement of investment prudence and diversification and the requirement that an ERISA Plan’s investments be made in accordance with the documents governing the ERISA Plan. The prudence of a particular investment must be determined by the responsible fiduciary of an ERISA Plan by taking into account the ERISA Plan’s particular circumstances and all of the facts and circumstances of the investment including, but not limited to, the matters discussed above under “Risk Factors” and the fact that in the future there may be no market in which such fiduciary will be able to sell or otherwise dispose of any Securities it may purchase.

Section 406 of ERISA and Section 4975 of the Code prohibit certain transactions involving the assets of an ERISA Plan (as well as those plans that are not subject to ERISA but which are subject to Section 4975 of the Code, such as individual retirement accounts, including entities whose underlying assets include the assets of such plans (together with ERISA Plans, “Plans”)) and certain persons (referred to as “parties in interest” or “disqualified persons”) having certain relationships to such Plans, unless a statutory or administrative exemption is applicable to the transaction. A party in interest or disqualified person who engages in a prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and the Code.

The U.S. Department of Labor has promulgated a regulation, 29 CFR Section 2510.3-101 (the “Plan Asset Regulation”), describing what constitutes the assets of a Plan with respect to the Plan’s investment in an entity for purposes of certain provisions of ERISA, including the fiduciary responsibility provisions of Title I of ERISA, and Section 4975 of the Code. Under the Plan Asset Regulation, if a Plan invests in an “equity interest” of an entity that is neither a “publicly-offered security” nor a security issued by an investment company registered under the Investment Company Act, the Plan’s assets include both the equity interest and an undivided interest in each of the entity’s underlying assets, unless it is established that the entity is an “operating company” or that equity participation in the entity by Benefit Plan Investors is not “significant.” The term “Benefit Plan Investor” is defined in the Plan Asset Regulation as (a) any employee benefit plan (as defined in Section 3(3) of ERISA), whether or not it is subject to the provisions of Title I of ERISA, (b) any plan described in Section 4975(e)(1) of the Code and (c) any entity whose underlying assets include plan assets by reason of a plan’s investment in the entity.

The Senior Notes and the Class Q-2A Securities should not be considered to be “equity interests” in the Issuers. However, the Income Notes, the Class Q-1 Securities and the Class Q-2B Securities may constitute “equity interests” in the Issuer for purposes of the Plan Asset Regulation, and such Income Notes, Class Q-1 Securities and Class Q-2B Securities will not constitute “publicly-offered securities” for purposes of the Plan Asset Regulation. In addition, the Issuer will not be registered under the Investment Company Act and it is not likely that the Issuer will qualify as an “operating company” for purposes of the Plan Asset Regulation. Therefore, if equity participation in the Issuer by Benefit Plan Investors is “significant” within the meaning of the Plan Asset Regulation, the assets of the Issuer could be considered to be the assets of any Plans that purchase or hold Income Notes, Class Q-1 Securities or Class Q-2B Securities. In such circumstances, in addition to considering the applicability of ERISA and the Code to the Income Notes, Class Q-1 Securities and Class Q-2B Securities, a Plan fiduciary considering an investment in the Income Notes, Class Q-1 Securities or Class Q-2B Securities would have to consider the applicability of ERISA and the Code to transactions involving the Issuers, Swap Counterparty, Swap Guarantor, Reference Portfolio Manager, Trustee, Collateral Administrator, Investment Agreement Counterparty, Investment Agreement Guarantor, Placement Agent, Initial Purchaser or Amendment Buy-Out Purchaser and their respective Affiliates, including whether such transactions might constitute a prohibited transaction under ERISA or Section 4975 of the Code or otherwise may result in a breach of fiduciary duty under ERISA.

Under the Plan Asset Regulation, equity participation in an entity (including the Issuer) by Benefit Plan Investors is “significant” on any date if, immediately after the most recent acquisition of any equity interest in the entity, 25% or more of the value of any class of equity interests in the entity is held by Benefit Plan Investors. For purposes of this determination, the value of equity interests held by a person (other than a Benefit Plan Investor) that has discretionary authority or control with respect to the assets of the entity or that provides investment advice for a

fee (direct or indirect) with respect to such assets (or any “affiliate” of such a person (as defined in the Plan Asset Regulation)) is disregarded (any such person with respect to the Issuers, a “Controlling Person”).

The Issuer intends to limit investment in the Income Notes by Benefit Plan Investors to less than 25% of the Income Notes (excluding (i) Income Notes represented by the Class Q-1 Income Note Component, (ii) Income Notes represented by the Class Q-2 Collateral Asset A and (iii) Income Notes held by Controlling Persons) and to prohibit investment in the Class Q-1 Securities and the Class Q-2B Securities by Benefit Plan Investors entirely. In order to effect these limitations, each prospective purchaser of Income Notes in the initial offering thereof will be required to represent, as to whether such purchaser is a Benefit Plan Investor or Controlling Person and each prospective purchaser of Class Q-1 Securities and Class Q-2B Securities in the initial offering thereof will be required to represent that such purchaser is not a Benefit Plan Investor. No Income Notes will be sold to any person if Benefit Plan Investors would own 25% or more of the Income Notes (excluding (i) Income Notes represented by the Class Q-1 Income Note Component, (ii) Income Notes represented by the Class Q-2 Collateral Asset A and (iii) Income Notes held by Controlling Persons) immediately after such sale and no Class Q-1 Securities or Class Q-2B Securities will be sold to purchasers that have represented that they are Benefit Plan Investors. In addition, as a condition to the transfer of Income Notes after the initial offering thereof, each prospective transferee will be required to represent as to whether such transferee is a Benefit Plan Investor or Controlling Person, and the Trustee will not register the transfer of such Income Notes to any person if Benefit Plan Investors would own 25% or more of the Income Notes (excluding (i) Income Notes represented by the Class Q-1 Income Note Component, (ii) Income Notes represented by the Class Q-2 Collateral Asset A and (iii) Income Notes owned by Controlling Persons) immediately after such transfer. In addition, as a condition to the transfer of Class Q-1 Securities and of Class Q-2B Securities after the initial offering thereof, each prospective transferee will be required to represent that such transferee is not a Benefit Plan Investor, and the Trustee will not register the transfer of such Class Q-1 Securities and Class Q-2B Securities to persons that have represented that they are Benefit Plan Investors.

There can be no assurance that there will not be circumstances in which transfers of the Income Notes, Class Q-1 Securities and Class Q-2B Securities will be required to be restricted in order to comply with the aforementioned transfer limitations. Moreover, there can be no assurance that, despite the restrictions relating to purchases by or proposed transfers to Benefit Plan Investors and Controlling Persons, the assets of the Issuer would not be deemed to constitute assets of any Plans that purchase or hold the Income Notes, Class Q-1 Securities or Class Q-2 Securities.

Additionally, prohibited transactions within the meaning of Section 406 of ERISA or Section 4975 of the Code may arise if Securities are acquired by a Plan with respect to which the Issuers, Swap Counterparty, Reference Portfolio Manager, Trustee, Collateral Administrator, Investment Agreement Counterparty, Investment Agreement Guarantor, Placement Agent, Initial Purchaser or Amendment Buy-Out Purchaser, or any of their respective Affiliates, is a party in interest or a disqualified person. Certain exemptions from the prohibited transaction provisions of Section 406 of ERISA and Section 4975 of the Code may be applicable, however, depending in part on the type of Plan fiduciary making the decision to acquire an interest in a Security and the circumstances under which such decision is made. Included among these exemptions are Prohibited Transaction Class Exemption (“PTCE”) 96-23 (relating to transactions directed by an in-house professional asset manager); PTCE 95-60 (relating to transactions involving insurance company general accounts); PTCE 91-38 (relating to investments by bank collective investment funds); PTCE 84-14 (relating to transactions effected by a qualified professional asset manager); and PTCE 90-1 (relating to investments by insurance company pooled separate accounts). There can be no assurance that any of these class exemptions or any other exemption will be available with respect to any particular transaction involving the Securities.

BY ITS PURCHASE OF ANY NOTE IN THE FORM OF A GLOBAL NOTE, THE PURCHASER THEREOF WILL BE DEEMED TO HAVE REPRESENTED AND WARRANTED, AND PURCHASERS OF INCOME NOTES AND CLASS Q-2A SECURITIES WILL BE REQUIRED TO REPRESENT AND WARRANT, ON EACH DAY FROM THE DATE ON WHICH THE PURCHASER ACQUIRES ITS INTEREST IN SUCH SECURITY THROUGH AND INCLUDING THE DATE ON WHICH THE PURCHASER DISPOSES OF ITS INTEREST IN SUCH SECURITY, EITHER THAT (A) IT IS NOT A PLAN, AN ENTITY WHOSE UNDERLYING ASSETS INCLUDE THE ASSETS OF A PLAN BY REASON OF DEPARTMENT OF LABOR REGULATION SECTION 2510.3-101 OR OTHERWISE, OR A GOVERNMENTAL PLAN WHICH IS SUBJECT TO ANY FEDERAL, STATE OR LOCAL LAW THAT IS SUBSTANTIALLY SIMILAR TO THE

PROVISIONS OF SECTION 406 OF ERISA OR SECTION 4975 OF THE CODE OR (B) ITS PURCHASE, HOLDING AND DISPOSITION OF SUCH SECURITY WILL NOT RESULT IN A PROHIBITED TRANSACTION UNDER SECTION 406 OF ERISA OR SECTION 4975 OF THE CODE (OR, IN THE CASE OF A GOVERNMENTAL PLAN, ANY SUBSTANTIALLY SIMILAR FEDERAL, STATE OR LOCAL LAW) FOR WHICH AN EXEMPTION IS NOT AVAILABLE, ALL THE CONDITIONS OF WHICH ARE SATISFIED.

Governmental plans and certain church plans, while not subject to the fiduciary responsibility provisions of ERISA or the provisions of Section 4975 of the Code, may nevertheless be subject to local, state or other federal laws that are substantially similar to the foregoing provisions of ERISA and the Code. Fiduciaries of any such plans should consult with their counsel before purchasing any Securities.

Any Plan fiduciary that proposes to cause a Plan to purchase an interest in any Securities should consult with its counsel regarding the applicability of the fiduciary responsibility and prohibited transaction provisions of ERISA and Section 4975 of the Code to such an investment, and to confirm that such investment will not constitute or result in a prohibited transaction or any other violation of an applicable requirement of ERISA, the Code or other applicable law.

The sale of interests in any Securities to a Plan is in no respect a representation by the Issuers, Initial Purchaser, Placement Agent, Swap Counterparty, Reference Portfolio Manager, Trustee, Collateral Administrator or Amendment Buy-Out Purchaser that such an investment meets all relevant legal requirements with respect to investments by Plans generally or any particular Plan, or that such an investment is appropriate for Plans generally or any Plan.

## **CERTAIN INCOME TAX CONSIDERATIONS**

### **General**

The following summary describes the principal U.S. federal income tax and Cayman Islands tax consequences of the purchase, ownership and disposition of the Securities. It does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to purchase Securities. In particular, special tax considerations that may apply to certain types of taxpayers, including securities dealers, banks and insurance companies, and to subsequent purchasers of Securities, are not addressed. In addition, this summary does not describe any tax consequences arising under the laws of any taxing jurisdiction other than the United States federal government and the Cayman Islands. In general, the summary assumes that a holder acquires a Security at original issuance and holds such Security as a capital asset and not as part of a hedge, straddle, or conversion transaction, within the meaning of section 1258 of the United States Internal Revenue Code of 1986, as amended (the “Code”).

This summary is based on the U.S. and Cayman Islands tax laws, regulations, rulings and decisions in effect or available on the date of this Offering Circular, as well as the expected Cayman Islands undertaking described in “—*Cayman Islands Tax Considerations*.” All of the foregoing are subject to change, and any change may apply retroactively and could affect the continued validity of this summary, although it is expected that no changes will apply in the Cayman Islands due to the undertaking.

This summary is included herein for general information only, and there can be no assurance that the U.S. Internal Revenue Service (the “IRS”) will take a similar view of the U.S. federal income tax consequences of an investment in the Securities as described herein. Accordingly, prospective purchasers of the Securities should consult their own tax advisors as to U.S. federal income tax and Cayman Islands tax consequences of the purchase, ownership and disposition of such Securities, including the possible application of state, local, non-U.S. or other tax laws.

### **Certain United States Tax Considerations**

As used in this section, the term “U.S. holder” means a beneficial owner of a Security who is a citizen or resident of the United States, a U.S. domestic corporation or partnership, any estate the income of which is subject to U.S. federal income tax regardless of the source of its income or any trust if a court within the United States is able

to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust. The term “non-U.S. holder” means a beneficial owner of a Security who is not a U.S. holder.

### **Tax Treatment of the Issuer**

*Classification of the Issuer.* Under Treasury regulations governing the U.S. federal income tax treatment of entities organized under non-U.S. laws, a Cayman Islands limited liability company is generally classified as an association taxable as a corporation unless it affirmatively elects other treatment. The Issuer does not intend to make any such election, and its governing documents preclude its making such an election. By acquiring a Security, a U.S. holder acknowledges that it is the holder’s intent and that the holder understands it is the intent of the Issuer that, for purposes of U.S. federal income, state and local income and franchise tax and any other income taxes, the Issuer will be treated as a corporation, and that the holder agrees to such treatment and agrees to take no action inconsistent with such treatment. The discussion in this Offering Circular assumes that the Issuer will be treated as a corporation for U.S. federal income tax purposes.

*United States Federal Income Taxes.* The Issuer, as a foreign corporation, will be subject to U.S. federal income tax on its net income only if it is treated as engaged in a trade or business within the United States. The Issuer intends to operate so as not to be subject to U.S. federal income taxes on its net income. On the Closing Date the Issuer will receive an opinion from Cleary, Gottlieb, Steen & Hamilton to the effect that, under current law and assuming compliance with the Issuer’s Memorandum and Articles, the Indenture, the Swap Agreement, the Reference Portfolio Management Agreement, the certifications by purchasers of the Securities in accordance with the Indenture and other related documents, while not free from doubt, the Issuer’s contemplated activities should not cause it to be engaged in a trade or business in the United States.

Prospective investors should be aware that there can be no assurance that the IRS will not seek to treat the Issuer as being engaged in a trade or business in the United States. The Issuer will rely in part upon Treasury regulations, and upon proposed Treasury regulations with proposed elective retroactive effect, providing in general that non-U.S. persons that trade or invest for their own account in U.S. securities and in derivative financial instruments with U.S. counterparties will not be treated as engaged in a trade or business within the United States. The use of a single swap agreement to transfer to the Issuer a portion of the credit and market risks of a reference portfolio that may consist primarily of Term Loans and Revolving Loans, which reference portfolio is managed by a Reference Portfolio Manager on behalf of the Swap Counterparty, and as to which the underlying instruments may be owned in whole or part by the Swap Counterparty or affiliates thereof, is an unusual structure, however, and no activity closely comparable to that of the Issuer has been the subject of any Treasury regulation, revenue ruling or judicial decision. If the IRS were successfully to characterize the Issuer as being engaged in a trade or business in the United States, among other consequences, the Issuer would be subject to net income taxation in the United States on income that is effectively connected to such trade or business, which could materially adversely affect the Issuer’s financial ability to comply with its obligations with respect to the Senior Notes and to make distributions on the Income Notes. In addition, if the Issuer were held to be engaged in a trade or business in the United States, it could lose its right to claim deductions for U.S. federal income tax purposes unless it has filed a U.S. federal income tax return and could also be subject to the branch profits tax. The remainder of this summary assumes that the Issuer will not be treated as engaged in a U.S. trade or business.

*Withholding Taxes.* Although the Issuer does not intend to be subject to U.S. federal income tax with respect to its net income, income derived by the Issuer may be subject to withholding taxes imposed by the United States or other countries. In this regard, the Issuer is prohibited from purchasing an Eligible Investment that is subject to withholding tax at the time of acquisition unless the obligor thereof is required to make “gross-up” payments. The Issuer will not, however, make any independent investigation of the circumstances surrounding the issuance of the individual assets comprising the Eligible Investments and there can therefore be no assurance that in every case payments will be received free of withholding tax. Moreover, there can be no assurance that as a result of a change in any applicable law, treaty, rule or regulation or interpretation thereof, the payments on the Eligible Investments might not in the future become subject to withholding tax. Under the Swap Agreement, all payments will be made by the Issuer or the Swap Counterparty free and clear of withholding taxes currently applicable to payments made to non-resident foreign persons.

*Issuance of the Notes.* For U.S. federal income tax purposes, the Issuer, and not the Co-Issuer, will be treated as the obligor of the Senior Notes and as the issuer of the Income Notes.

### **Tax Treatment of U.S. Holders of Senior Notes**

*Classification of the Senior Notes as Debt.* The Class A Notes, Class B Notes and Class C Notes will be treated as debt for U.S. federal income tax purposes. By acquiring a Security, a U.S. holder acknowledges that it is the holder's intent and that the holder understands it is the intent of the Issuer that, for purposes of U.S. federal income, state and local income and franchise tax and any other income taxes, the Senior Notes will be treated as indebtedness of the Issuer, and the holder agrees to such treatment and agrees to take no action inconsistent with such treatment.

*Interest and Discount on the Class A Notes.* U.S. holders of Class A Notes will treat stated interest on such Class A Notes as ordinary interest when received or accrued, in accordance with their tax method of accounting. In general, if the "issue price" of a Class A Note (the first price at which a substantial amount of such class of Class A Notes is sold to investors) is less than its principal amount by more than a *de minimis* amount, such Note will be considered to have original issue discount ("OID"). Because the Issuer expects that the Class A Notes will be issued with no more than a *de minimis* amount of OID, a U.S. holder of a Class A Note should not be required to accrue OID over the life of such Senior Note. If, however, a U.S. holder acquires a Class A Note with OID, then regardless of such holder's method of accounting, the holder will be required to include such OID in income as it accrues under a constant yield method. Accruals of OID should be based on the projected weighted average life of a Class A Note (as adjusted in the event of a Maturity Extension) rather than its stated maturity. Accruals of OID, if any, should be calculated by assuming that interest will be paid over the life of the Class A Note based on the value of LIBOR used in setting interest for the first interest accrual period, and then adjusting the income for each subsequent interest accrual period for any difference between the actual value of LIBOR used in setting interest for that subsequent interest accrual period and the assumed rate.

*Interest and Discount on the Class B Notes and Class C Notes.* Because payments of stated interest on the Class B Notes and Class C Notes are contingent on available funds and subject to deferral, the Class B Notes and Class C Notes will be treated for U.S. federal income tax purposes as having OID. The total amount of such discount with respect to a Class B Note or Class C Note will equal the sum of all payments to be received under such Note less its issue price (the price at which a substantial amount of Notes of the same Class were sold to investors). A U.S. holder of Class B Notes and Class C Notes will be required to include OID in income as it accrues. The amount of OID accruing in any interest accrual period will generally equal the stated interest accruing in that period (whether or not currently payable) plus any additional amount representing the accrual under a constant yield method of any additional OID represented by the excess of the principal amount of the Class B Notes and Class C Notes over their issue price. Accruals of any such additional OID should be based on the weighted average life of the Class B Notes and Class C Notes (as adjusted in the event of a Maturity Extension) rather than their stated maturity. In the case of floating rate notes, accruals of OID should be calculated by assuming that interest will be paid over the life of such Notes based on the value of LIBOR used in setting interest for the first interest accrual period, and then adjusting the income for each subsequent interest accrual period for any difference between the actual value of LIBOR used in setting interest for that subsequent interest accrual period and the assumed rate.

*Sale and Retirement of Senior Notes.* In general, a U.S. holder of a Senior Note will have a basis in such Senior Note equal to the cost of the Senior Note to such holder, increased by any amount includible in income by such holder as OID and reduced by any payments thereon other than payments of qualified stated interest. Upon a sale or exchange of the Senior Note, including the retirement of a Senior Note, a U.S. holder will generally recognize gain or loss equal to the difference between the amount realized (less any accrued interest, which would be taxable as such) and the holder's tax basis in the Senior Note. An extension of the term of the Swap Agreement and the Senior Notes, as described under "*The Swap Agreement—Extension of the Swap Agreement*" and "*Description of the Securities—Maturity of the Notes and Class Q-1 Securities and Extension of Maturity of the Notes and Class Q-1 Securities—Extension of Maturity*," respectively, should not cause a deemed exchange of the Senior Notes. The existence or exercise of the buy-out right described under "*Description of the Securities—Amendment Buy-Out*" may increase the likelihood that an amendment to the Swap Agreement or the Indenture could cause a deemed exchange of the Senior Notes for U.S. federal income tax purposes upon which capital gain or

loss would be realized. If a deemed exchange were treated as a recapitalization, holders generally would not recognize gain or loss, but holders who purchased Senior Notes at a discount could be required to accrue such discount as interest income on a current basis as OID.

Such gain or loss will be long-term capital gain or loss if the U.S. holder has held the Senior Note for more than one year at the time of disposition. In certain circumstances, U.S. holders that are individuals may be entitled to preferential treatment for net long-term capital gains. The ability of U.S. holders to offset capital losses against ordinary income is limited. A U.S. holder may also recognize gain upon receipt of a principal payment equal to the difference between the amount received and the portion of its basis that is considered to be allocable to such payment. Such gain may be ordinary income. A U.S. holder should consult its own tax advisor regarding the U.S. federal income tax consequences of an extension of the term of the Swap Agreement and Maturity of the Notes and any amendment to the Swap Agreement or Indenture.

### **Tax Treatment of Income Notes**

*Classification of Income Notes as Equity.* For purposes of Cayman Islands law, the Income Notes will be characterized as debt of the Issuer. A strong likelihood exists, however, that the Income Notes will be treated as equity of the Issuer for U.S. federal income tax purposes. In general, the characterization of an instrument for U.S. federal income tax purposes as debt or equity by its issuer as of the time of issuance is binding on a holder (but not the IRS), unless the holder takes an inconsistent position and discloses such position in its tax return. The Issuer and each holder, upon making an investment in the Income Notes, will be obligated to treat the Income Notes as equity of the Issuer for such purposes. Except where otherwise indicated, this summary also assumes such treatment. No assurance can be given, however, that the IRS will respect this position in light of the Income Notes' status as debt for purposes of Cayman Islands law.

In general, the timing and character of income on the Income Notes may differ substantially depending on whether the Income Notes are treated for federal income tax purposes as debt instruments or as equity of the Issuer. Investors should consider the tax consequences of an investment in the Income Notes under either possible characterization.

*Investment in a Passive Foreign Investment Company.* The Issuer will meet the income and asset tests so as to qualify as a passive foreign investment company ("PFIC"). In general, to avoid certain adverse tax rules described below that apply to deferred income from a PFIC, a U.S. holder of Income Notes may want to make an election to treat the Issuer as a "qualified electing fund" ("QEF") with respect to such holder. Generally, a QEF election should be made on or before the due date for filing such a U.S. holder's U.S. federal income tax return for the first taxable year in which it holds Income Notes. If a timely QEF election is made, an electing U.S. holder will be required to include in its ordinary income such holder's pro rata share of the Issuer's ordinary earnings and to include in its long-term capital gain income such holder's pro rata share of the Issuer's net capital gain, whether or not distributed, assuming that the Issuer is not a "controlled foreign corporation" or a "foreign personal holding company" as discussed below. In certain cases in which a QEF does not distribute all of its earnings in a taxable year, its U.S. shareholders may also be permitted to elect to defer payment of some or all of the taxes on the QEF's income but will then be subject to an interest charge on the deferred amount.

Prospective purchasers of Income Notes should be aware that under a number of circumstances the Issuer may have ordinary income or earnings prior to the receipt of cash. Under certain circumstances, net payments received under the Swap Agreement, which generally will represent ordinary earnings, may be used to pay principal of the Senior Notes, but such principal payments generally will not result in a corresponding decrease in ordinary earnings. Moreover, net payments receivable under the Swap Agreement but not yet due may be required to be included in ordinary earnings as periodic payments on a notional principal contract or as accruals of nonperiodic payments on a notional principal contract with respect to fixed amounts payable at a future date (such as payments on a Reference Obligation that is a PIK Obligation). The Issuer intends to report any such amounts as accruing in this manner. By purchasing the Income Notes a U.S. holder agrees to treat the Swap Agreement as a notional principal contract and to treat such amounts as accruing in this manner. In addition, Eligible Investments may be purchased by the Issuer with original issue discount, which also could give rise to ordinary earnings prior to the receipt of cash attributable to such earnings. Furthermore, due to the amounts that may be required to be retained in the Collateral Account and other restrictions on the Issuer's obligation to make distributions on the Income Notes,

the cash distributions to a U.S. holder could in some taxable years be less than the taxable income that it will be required to include as a result of the QEF election. In addition, in the event that there is an extension of the term of the Swap Agreement as described under “*The Swap Agreement—Extension of the Swap Agreement*,” it is likely for U.S. federal income tax purposes that this extension will cause a deemed exchange of the Swap Agreement upon which capital gain or loss is realized. The Issuer intends to treat an extension as such a deemed exchange and report any resulting gain or loss as such for U.S. federal income tax purposes, and by purchasing the Income Notes each U.S. holder agrees to such treatment. The existence or exercise of the buy-out right described under “*Description of the Securities—Amendment Buy-Out*” may increase the likelihood that an amendment to the Swap Agreement could cause a deemed exchange of the Swap Agreement for U.S. federal income tax purposes. As a result of any such deemed exchange, U.S. holders of Income Notes may recognize gain with respect to the deemed exchange without a related receipt of cash. Thus, absent an election to defer the payment of taxes, U.S. holders of Income Notes that make a QEF election may owe tax on a significant amount of “phantom” income. Moreover, where the Issuer realizes a net loss for a taxable year, this loss will not be deductible by (or otherwise result in a tax benefit to) either the U.S. holder or the Issuer in any subsequent taxable year (whereas if no QEF election is made, losses will reduce future distributions and “excess distributions” as described in the second paragraph below). A U.S. holder should consult its own tax advisor regarding the U.S. federal income tax consequences of any amendment to the Swap Agreement.

The IRS and U.S. Treasury Department recently issued proposed regulations that require current accrual of income and expense with respect to contingent nonperiodic payments made under certain notional principal contracts. The regulations are proposed to apply only to contracts entered into after the regulations are issued in final form, and therefore will not apply to the Swap Agreement if they are finalized in the form proposed. The preamble to the regulations, however, states that taxpayers that do not already have a method of tax accounting for notional principal contracts providing for contingent nonperiodic payments generally must take such payments into account over the life of such a contract under a reasonable amortization method. Because the Swap Agreement provides for quarterly payments based on a specified index and notional principal amount, payments under the Swap Agreement should be treated as periodic rather than nonperiodic payments. Accordingly, the IRS position stated in the preamble to the proposed regulations should have no effect on the U.S. federal income tax treatment of the Swap Agreement.

The Issuer will provide, upon request, all information that a U.S. holder making a QEF election is required to obtain for U.S. federal income tax purposes (e.g., the U.S. holder’s pro rata share of ordinary income and net capital gain) and a “PFIC Annual Information Statement” as described in Treasury Regulation Section 1.1295-1 (or in any successor IRS release or Treasury regulation), including all representations and statements required by such statement, and will take any other steps it reasonably can to facilitate such election. The Issuer will also elect to calculate and report the amount and category of each type of long-term capital gain as provided in section 1(h) of the Code that was recognized by the Issuer with respect to each taxable year of the Issuer.

If a U.S. holder does not make a timely QEF election for the year in which it acquired its Income Notes and the PFIC rules are otherwise applicable, such holder will be subject to a special tax at ordinary income tax rates on so-called “excess distributions,” including both certain distributions from the Issuer and gain on the sale of Income Notes. The amount of income tax on excess distributions will be increased by an interest charge to compensate for tax deferral, calculated as if excess distributions were earned ratably over the period the taxpayer held its Income Notes. In many cases, the tax on excess distributions will be more onerous than the taxes that would apply if a timely QEF election were made. Classification as a PFIC may also have other adverse tax consequences, including in the case of individuals, the denial of a “step up” in the basis of the Income Notes at death.

Where a QEF election is not timely made by a U.S. holder for the year in which it acquired its Income Notes, but is made for a later year, the excess distribution rules can be avoided by making an election to recognize gain from a deemed sale of the Income Notes at the time when the QEF election becomes effective. A U.S. holder should consult its own tax advisor regarding the U.S. federal income tax consequences of investing in a PFIC and the desirability of making the QEF election.

**U.S. HOLDERS OF INCOME NOTES SHOULD CONSIDER CAREFULLY WHETHER TO MAKE A QEF ELECTION WITH RESPECT TO THE INCOME NOTES AND THE CONSEQUENCES OF NOT MAKING SUCH AN ELECTION.**

*Investment in a Controlled Foreign Corporation.* Depending on the degree of ownership of the Income Notes by U.S. Shareholders (as defined below), the Issuer may be considered a controlled foreign corporation (“CFC”). In general, a foreign corporation will be a CFC if more than 50% of the shares of the corporation, measured by combined voting power or value, are held, directly or indirectly, by U.S. Shareholders. A “U.S. Shareholder” for this purpose is any U.S. person who owns 10% or more of the combined voting power of all classes of shares of a corporation. Ownership attribution rules are used in applying this test. It is possible that the IRS could assert that the Income Notes are voting securities and that U.S. holders owning 10% or more of the Income Notes are U.S. Shareholders. If this argument were successful and more than 50% of the Income Notes were held by such U.S. Shareholders, the Issuer would be treated as a CFC.

If the Issuer were a CFC, subject to certain exceptions, a U.S. Shareholder of the Issuer at the end of a taxable year of the Issuer would be required to recognize ordinary income in an amount equal to that person’s pro rata share of the “subpart F income” of the Issuer for the year. Among other items, and subject to certain exceptions, “subpart F income” includes interest, gains from the sale of securities and income from certain notional principal contracts including swaps (determined in the case of the Swap Agreement in the manner described above under “—*Tax Treatment of Income Notes—Investment in a Passive Foreign Investment Company*”). It is likely that, if the Issuer were a CFC, substantially all of its income would be subpart F income. If more than 70% of the Issuer’s income is subpart F income, then 100% of its income will be so treated.

If the Issuer were a CFC, a U.S. Shareholder of the Issuer would be taxable on the subpart F income of the Issuer under the CFC regime and not under the PFIC rules previously described. As a result, to the extent subpart F income of the Issuer includes net capital gains, such gains would be treated as ordinary income of the U.S. Shareholder, notwithstanding the fact that generally the character of such gains otherwise would be preserved under the PFIC rules if a QEF election were made. Also, the PFIC rule permitting the deferral of tax on undistributed earnings would not apply.

A U.S. holder that is a U.S. Shareholder of the Issuer subject to the CFC rules for only a portion of the time in which it holds Income Notes should consult its own tax advisors regarding the interaction of the PFIC and CFC rules.

*Investment in a Foreign Personal Holding Company.* If more than 50% of the Income Notes are owned directly or indirectly by five or fewer individuals who are U.S. citizens or residents, the Issuer will be considered a foreign personal holding company (“FPHC”). Ownership attribution rules are used in applying the 50% ownership test, including a rule that treats an individual as owning stock owned directly or indirectly by the individual’s partners and a rule that treats an individual with an option to acquire stock as owning the related stock. Thus, for example, if a partnership with one U.S. individual partner purchased more than 50% of the Income Notes, the individual would be treated as owning more than 50% of the stock of the Issuer and the Issuer would be a FPHC.

If the Issuer were treated as a FPHC, a U.S. holder would be treated as receiving a dividend at the end of the taxable year of the Issuer in an amount equal to such holder’s pro rata share of the Issuer’s undistributed “foreign personal holding company income” (“FPHCI”). Very generally, FPHCI includes all of an entity’s taxable income less a deduction for dividends paid. Amounts of FPHCI included in income increase the U.S. holder’s basis in the Income Notes and reduce the FPHC’s accumulated earnings and profits as of the end of the year.

In the event the Issuer is treated as both a CFC and a FPHC, the FPHCI of the Issuer is reduced by the amount of subpart F income deemed distributed under the CFC rules. In the event the Issuer is treated as both a FPHC and a PFIC, the FPHC rules apply first. As a result, to the extent FPHCI of the Issuer includes net capital gains, such gains will be treated as ordinary income to the U.S. holder under the FPHC rules, notwithstanding the fact that the character of such gains otherwise generally would be preserved (subject to the CFC rules discussed above) under the PFIC rules if a QEF election were made.

*Distributions on Income Notes.* The treatment of actual cash distributions on the Income Notes, in very general terms, will vary depending on whether a U.S. holder has made a timely QEF election as described above. See “—*Tax Treatment of Income Notes—Investment in a Passive Foreign Investment Company*.” If a timely QEF election has been made, dividends (which are distributions up to the amount of current and accumulated earnings and profits of the Issuer) allocable to amounts previously taxed pursuant to the QEF election will not be taxable to

U.S. holders. Similarly, if the Issuer is a CFC of which the U.S. holder is a U.S. Shareholder, dividends will be allocated first to amounts previously taxed pursuant to the CFC rules and to that extent will not be taxable to U.S. holders. Dividends in excess of such previously taxed amounts will be taxable to U.S. holders as ordinary income upon receipt, and will not be eligible for the dividends-received deduction (in the case of corporate U.S. holders) or the reduced rates of tax applicable to dividends from certain qualified foreign corporations (in the case of individual U.S. holders). Distributions in excess of any current and accumulated earnings and profits will be treated first as a nontaxable return of capital, to the extent of the holder's tax basis in the Income Notes, and then as capital gain. Because cash received by the Issuer from payments on the Swap Agreement and from Eligible Investments generally will be treated as giving rise to earnings and profits to the Issuer, distributions from the Issuer prior to the end of Portfolio Modification Period and for some period thereafter generally will be treated as made out of such earnings and profits rather than as a return of capital.

In the event that a U.S. holder does not make a timely QEF election, then except to the extent that distributions may be attributable to amounts previously taxed pursuant to the CFC or FPHC rules, some or all of any dividends distributed with respect to the Income Notes may be considered excess distributions, taxable as previously described. See “—*Tax Treatment of Income Notes—Investment in a Passive Foreign Investment Company.*”

*Sale, Redemption or other Disposition of the Income Notes.* In general, a U.S. holder will recognize gain or loss (which will be capital gain or loss, except as discussed below) upon the sale or exchange of Income Notes equal to the difference between the amount realized and such holder's adjusted tax basis in the Income Notes. A U.S. holder's tax basis in Income Notes will generally equal the amount it paid for the Income Notes, increased by amounts taxable to such holder by virtue of a QEF election, or under the CFC or FPHC rules, and decreased by actual distributions from the Issuer that are deemed to consist of such previously taxed amounts or represent a return of capital.

If a U.S. holder does not make a timely QEF election as described above and the PFIC rules are otherwise applicable, any gain realized on the sale or exchange of Income Notes will be treated as an excess distribution and effectively taxed as ordinary income with an interest charge under the special tax rules described above. See “—*Tax Treatment of Income Notes—Investment in a Passive Foreign Investment Company.*”

If the Issuer were treated as a CFC and a U.S. holder were treated as a U.S. Shareholder therein, then any gain realized by such holder upon the disposition of Income Notes, other than gain constituting an excess distribution under the PFIC rules, would be treated as ordinary income to the extent of the U.S. holder's share of the current and accumulated earnings and profits of the Issuer. In this respect, earnings and profits would not include any amounts previously taxed pursuant to a QEF election or pursuant to the CFC or FPHC rules.

The pledge of stock of a PFIC may in some circumstances be treated as a disposition of such stock.

### **Tax Treatment of Tax-Exempt U.S. Holders**

A tax-exempt U.S. holder of a Security will not be subject to tax on unrelated business taxable income (“UBTI”) with respect to income from the Security, except to the extent that the Security is debt-financed property (as defined in the Code) of that entity. A tax-exempt holder that owns more than fifty percent of the outstanding Income Notes and also owns Senior Notes should consider the possible application of the special UBTI rules for amounts received from controlled entities.

A tax-exempt entity may not make a QEF election if the tax-exempt entity would not otherwise be subject to tax on income from the Income Notes.

### **Information Reporting and Backup Withholding**

Information reporting to the IRS generally will be required with respect to payments on the Securities and payments of proceeds of the sale of such Securities to U.S. holders other than corporations and other exempt recipients. A “backup” withholding tax will apply to those payments that are subject to information reporting if the holder fails to provide certain identifying information (such as the holder's taxpayer identification number) to the

payor. Non-U.S. holders will be required to comply with applicable certification procedures to establish that they are not U.S. holders in order to avoid information reporting and backup withholding.

As a condition to the payment of principal of and interest on any Note without U.S. backup withholding, the Issuers will require the delivery of properly completed and signed U.S. federal income tax certifications (generally, an IRS Form W-9 (or applicable successor form) in the case of a U.S. holder or an IRS Form W-8BEN (or applicable successor form) in the case of a non-U.S. holder.

### **Reporting Requirements**

Treasury regulations require reporting for certain transfers of property (including cash) to a foreign corporation by U.S. persons. In general, U.S. holders who acquire Income Notes are required to file a Form 926 with the IRS and to supply certain information to the IRS. If a U.S. holder fails to comply with the reporting requirements, the U.S. holder may be subject to a penalty equal to 10% of the gross amount paid for the Income Notes, subject to a maximum penalty of U.S. \$100,000 (except in cases involving intentional disregard). Purchasers of Income Notes are urged to consult their tax advisors regarding these reporting requirements.

In addition, the Code and related Treasury regulations require that any U.S. holder that directly or indirectly owns a significant portion of the voting power or value of the Issuer's equity (generally 10 percent, but in some cases 50 percent) must comply with certain reporting requirements. While it is unclear how the voting power of the Income Notes would be measured for this purpose, a U.S. Holder that owns less than 10 percent (or 50 percent, as applicable) of the Income Notes should not be required to file this return. In general, such holders of the applicable percentage of the voting power or value of the Issuer's equity are required to file a Form 5471 with the IRS and to supply certain information with the IRS, including with respect to the activities and assets of the Issuer and other holders of the Income Notes. If a U.S. holder fails to comply with the reporting requirements, the U.S. holder may be subject to a penalty, depending on the circumstances, equal to (a) U.S. \$1,000 for each failure to comply or (b) U.S. \$10,000 for each failure to comply, subject to a maximum of U.S. \$60,000. Purchasers of Income Notes are urged to consult their tax advisors regarding these reporting requirements.

### **Tax Treatment of Non-U.S. Holders**

A non-U.S. holder of a Security will be exempt from any U.S. federal income or withholding taxes with respect to gain derived from the sale, exchange, or redemption of, or any distributions received in respect of, the Security, unless:

- (a) such gain or distributions are effectively connected with a U.S. trade or business of such holder,
- (b) with respect to distributions on the Class Q-2B Securities (i) the holder actually or constructively own 10 percent or more of the combined voting power of all classes of stock of CGMHI (the issuer of the Class Q-2 Collateral Asset B) or is a controlled foreign corporation related to CGMHI through stock ownership or (ii) the beneficial owner fails to provide a statement signed under penalties of perjury that includes its name and address and certifies that it is a non-U.S. Holder in compliance with applicable requirements (or satisfies certain documentary evidence requirements for establishing that it is a non-U.S. Holder), or,
- (c) in the case of gain, such holder is a nonresident alien individual who holds the Security as a capital asset and who is present in the United States more than 182 days in the taxable year of the sale and certain other conditions are met.

A non-U.S. holder will not be considered to be engaged in a U.S. trade or business solely by reason of holding a Security. "Non-effectively connected" gain or distributions received by a non-U.S. holder will not be subject to U.S. information reporting requirements or U.S. backup withholding, although such holders will be required to furnish a certificate to the paying agent of the Issuer attesting to their status as non-U.S. holders. *See "—Information Reporting and Backup Withholding."*

## **Class Q Securities**

*Class Q-1 Securities.* Each Component of a Class Q-1 Security will be treated separately for U.S. federal income tax purposes. A holder of Class Q-1 Securities will be treated as if it directly owned the related Components. A Holder of a Class Q-1 Security should review the applicable portions of this summary to determine the tax consequences of holding the related Components. In calculating its basis in each of the Components, a Holder will be required to allocate the purchase price paid for its Class Q-1 Security among the related Components in proportion to their relative fair market values at the time of purchase. A similar principle would apply in determining the amount allocable to each Component upon a sale. The exchange of a Class Q-1 Security for the separate Senior Notes or Income Notes corresponding to each Component will not be a taxable event.

*Class Q-2A Securities.* The Class Q-2A Securities will be treated as debt for U.S. federal income tax purposes. The Class Q-2A Securities should be taxed in a manner similar to the Class B Notes and Class C Notes. See the discussion under “Tax Treatment of U.S. Holders of Senior Notes” applicable to the Class B Notes and Class C Notes for the tax consequences to U.S. holders of holding the Class Q-2A Securities. See the discussion under “Tax Treatment of Non-U.S. Holders” for the tax consequences to Non-U.S. holders of holding the Class Q-2A Securities.

*Class Q-2B Securities.* See the discussion under “Tax Treatment of Non-U.S. Holders” for the tax consequences to Non-U.S. holders of holding the Class Q-2B Securities.

## **Cayman Islands Tax Considerations**

Prospective investors should consult their professional advisors on the possible tax consequences of buying, holding or selling any Notes or Income Notes under the laws of their country of citizenship, residence or domicile.

### Cayman Islands Taxation

The following is a discussion on certain Cayman Islands income tax consequences of an investment in the Notes or the Income Notes. The discussion is a general summary of present law, which is subject to prospective and retroactive change. It is not intended as tax advice, does not consider any investor’s particular circumstances, and does not consider tax consequences other than those arising under Cayman Islands law.

#### *Under existing Cayman Islands Laws:*

1. Payments in respect of the Notes will not be subject to taxation in the Cayman Islands and no withholding will be required on such payments to any holder of a Note, nor will gains derived from the disposal of the Notes be subject to Cayman Islands income or corporation tax. The Cayman Islands currently have no income, corporation or capital gains tax and no estate duty, inheritance tax or gift tax;
2. No stamp duty is payable in respect of the issue or transfer of the Notes although duty may be payable if Notes are executed in or brought into the Cayman Islands; and
3. Certificates evidencing the Notes, in registered form, to which title is not transferable by delivery, should not attract Cayman Islands stamp duty. However, an instrument transferring title to a Note, if brought to or executed in the Cayman Islands, would be subject to Cayman Islands stamp duty.

The Issuer has been incorporated under the laws of the Cayman Islands as an exempted company and, as such, has applied for and expects to obtain an undertaking from the Governor in Cabinet of the Cayman Islands in the following form:

**“The Tax Concessions Law  
(1999 Revision)  
Undertaking as to Tax Concessions**

In accordance with the provision of Section 6 of The Tax Concessions Law (1999 Revision), the Governor in Cabinet undertakes with Valhalla CLO, Ltd. “the Company:”

- 1 That no law which is hereafter enacted in the Islands imposing any tax to be levied on profits, income, gains or appreciations shall apply to the Company or its operations; and
- 2 In addition, that no tax to be levied on profits, income, gains or appreciations or which is in the nature of estate duty or inheritance tax shall be payable:
  - 2.1 On or in respect of the shares, debentures or other obligations of the Company; or
  - 2.2 by way of the withholding in whole or part, on any relevant payment as defined in Section 6(3) of the Tax Concessions Law (1999 Revision).

These concessions shall be for a period of thirty years from the date hereof.”

The Cayman Islands does not have any income tax treaty with the U.S. or any other country. The Cayman Islands has entered into an information exchange agreement with the United States.

## LISTING AND GENERAL INFORMATION

Application will be made to the Irish Stock Exchange for the Securities to be admitted to the Daily Official List. No assurances can be given that any such listing will be obtained with respect to the Securities. The issuance and settlement of the Securities on the Closing Date are not conditioned on the listing of any Securities on the Irish Stock Exchange. As part of the harmonization of securities markets in Europe, the European Commission has adopted a directive known as the Prospectus Directive (which must be implemented by Member States by July 1, 2005) that will regulate offers of securities to the public and admissions to trading to E.U. regulated markets. The European Commission is scheduled to adopt a directive known as the Transparency Directive towards the end of 2004 (which is expected to be implemented by Member States in 2006) that will among other things, impose continuing financial reporting obligations on issuers that have certain types of securities admitted to trading on an E.U. regulated market. In addition, the Market Abuse Directive (which must be implemented by Member States by October 12, 2004) harmonizes the rules on insider trading and market manipulation in respect of securities admitted to trading on an E.U. regulated market and requires issuers of such securities to disclose any non-public price-sensitive information as soon as possible, subject to certain limited exemptions. The listing of Securities on the Irish Stock Exchange would subject the Issuer to regulation under these directives, although the requirements applicable to the Issuer are not yet fully clarified. The Indenture will not require the Issuer to maintain a listing for any Class of Securities on an E.U. stock exchange if compliance with these directives (or other requirements adopted by the European Commission or a relevant Member State) becomes burdensome in the sole judgment of the Swap Counterparty.

If and for so long as any Class of Securities is listed on the Irish Stock Exchange, copies of the Articles of the Issuer, the Certificate of Incorporation and By-laws of the Co-Issuer and the resolutions of the Board of Directors of the Issuers authorizing, as applicable, the issuance of the Securities and the Indenture, will be available for inspection at the office of the Trustee. The Issuer is not required by Cayman Islands law, and the Issuer does not intend, to publish annual reports and accounts. The Co-Issuer is not required by Delaware law, and the Co-Issuer does not intend, to publish annual reports and accounts. The Indenture, however, requires the Issuer to provide the Trustee with written confirmation, on an annual basis, that to the best of its knowledge following review of the activities of the prior year, no Event of Default, Class Q-2 Event of Default, Swap Event of Default or other matter required to be brought to the Trustee's attention has occurred or, if one has, specifying the same.

Each of the Issuers represents that, as of the date of this Offering Circular, there has been no material adverse change in its financial position since the date of its creation. Neither of the Issuers is involved, or has been involved since incorporation, in any litigation or arbitration proceedings relating to claims on amounts which may have or have had a material effect on the Issuers in the context of the issue of the Securities, nor, so far as such Co-Issuer is aware, is any such litigation or arbitration involving it pending or threatened.

The issuance of the Securities will be authorized by the Board of Directors of the Issuer by resolutions passed on or about the Closing Date. The issuance of the Senior Notes was authorized by the Board of Directors of the Co-Issuer by resolutions passed on or about the Closing Date. Since incorporation, neither the Issuer nor the Co-Issuer has commenced trading, established any accounts or declared any dividends, except for the transactions described herein relating to the issuance of the Securities.

In connection with the listing of the Securities on the Daily Official List of the Irish Stock Exchange, this Offering Circular will be filed with the Registrar of Companies of Ireland pursuant to Regulation 13 of the European Communities (Stock Exchange) Regulations, 1984 of Ireland.

A reduction in the outstanding balance of a Revolving Loan as a result of a repayment will not be considered an Amortization to the extent that the facility can subsequently be redrawn in accordance with its terms. With respect to a Defaulted Reference Obligation, all amounts actually paid to holders thereof (and only such amounts) will constitute Amortizations until the related Reference Obligation Calculation Amount is reduced to zero, following which such amounts shall constitute Interest Return; *provided* that with respect to a Defaulted Reference Obligation that is a Revolving Loan, any cancellation or reduction of commitment as a result of becoming a Defaulted Reference Obligation will also constitute an Amortization.

“Assigned Moody’s Rating”: The monitored publicly available rating or the monitored estimated rating expressly assigned to a debt obligation (or facility) by Moody’s that addresses the full amount of the principal and interest promised.

“Articles”: The Issuer’s Memorandum of Association, as amended and Articles of Association, as amended and restated from time to time.

Each party agrees as follows for the benefit of the other parties and for the benefit of the Noteholders and the Swap Counterparty.

#### PRELIMINARY STATEMENT

The Issuers are duly authorized to execute and deliver this Indenture to provide for the issuance of the Notes, the Class Q-1 Securities and the Class Q-2 Securities, in each case as provided in this Indenture. All covenants and agreements made by the Issuers herein are for the benefit and security of the Noteholders, the Swap Counterparty, the Collateral Administrator and the Trustee (collectively, the “Secured Parties”). The Issuers are entering into this Indenture, and the Trustee is accepting the trusts created hereby, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged.

All things necessary to make this Indenture a valid agreement of the Issuers in accordance with its terms have been done.

#### GRANT OF SECURITY INTEREST

The Issuer hereby grants to the Trustee, for the benefit and security of the Secured Parties, a first priority security interest in all of its right, title and interest in, to and under, in each case, whether now owned or hereafter acquired or arising, all property (other than Excluded Property and the Class Q-2 Securities Collateral (except such described in clause (iii) of the definition thereof at any time prior to the time at which such property is required to be applied to the payment of the Income Notes represented by the Class Q-2 Collateral Asset A)) of any type or nature owned by it or in which the Issuer has an interest, including all accounts, chattel paper, deposit accounts, financial assets, general intangibles, instruments, investment property, letter-of-credit rights and other supporting obligations, and specifically including: (i) each of the Collateral Account, the Collection Account, the Expense Reserve Account, any subaccounts thereof and all financial assets credited to, and amounts on deposit or credit balances carried in, each of them from time to time; (ii) all rights of the Issuer under the Swap Agreement and the Swap Guarantee, including payments made by the Swap Counterparty or the Swap Guarantor thereunder; (iii) all rights of the Issuer under the Collateral Administration Agreement; (iv) all Eligible Investments purchased with funds on deposit in any Trust Account and all income or other proceeds from the investment of funds therein; (v) all cash and Money delivered to the Trustee (directly or through the Securities Intermediary); and (vi) all proceeds, accessions, profits, income, benefits, substitutions and replacements, whether voluntary or involuntary, of and to any of the property of the Issuer described in the preceding clauses (collectively, the “Trust Estate”).

Such aforementioned grants are made, however, in trust, to secure, in accordance with the priorities set forth in the Priority of Payments, the Notes equally and ratably without prejudice, priority or distinction, except as expressly otherwise provided in this Indenture, between any Note and any other Note by reason of difference in time of issuance or otherwise, and to secure, in accordance with the priorities set forth in the Priority of Payments, (i) the payment of all amounts payable by the Issuer under the Swap Agreement, (ii) the payment of all amounts due on the Notes in accordance with their terms and (iii) the payment of all amounts payable by the Issuers under this Indenture and compliance by the Issuers with the other provisions hereof, all as provided in this Indenture.

In addition, the Issuer hereby grants to the Trustee, solely for the benefit and security of the Holders of the Class Q-2 Securities, a first priority security interest in all of its right, title and interest in, to and under, in each case whether now owned or hereafter acquired or arising, the Class Q-2 Securities Collateral. Such grants are made, however, in trust, to secure, in accordance with the priorities set forth in the Class Q-2 Priority of Payments, the Class Q-2 Securities equally and ratably without prejudice, priority or distinction, except as expressly otherwise provided in this Indenture, between any Class Q-2 Security and any other Class Q-2 Security by reason of difference in time of issuance or otherwise, and to secure, in accordance with the priorities set forth in the Class Q-2 Priority of Payments, the payment of all amounts due on the Class Q-2 Securities in accordance with their terms.

Except to the extent otherwise provided in this Indenture, this Indenture shall constitute a security agreement under the laws of the State of New York applicable to agreements made and to be performed therein. Upon the occurrence of any Event of Default with respect to the Notes or the occurrence of any Class Q-2 Event of Default with respect to the Class Q-2 Securities, and in addition to any other rights available under this Indenture or any other instruments included in the Trust Estate held for the benefit and security of the Secured Parties, or included in the Class Q-2 Securities Collateral held for the benefit and security of the Holders of Class Q-2 Securities, or otherwise available at law or in equity, the Trustee, for the benefit of the Secured Parties or for the benefit of the Holders of Class Q-2 Securities, as applicable, shall have all rights and remedies of a secured party on default under the laws of the State of New York and other applicable law to enforce the assignments and security interests contained herein and, in addition, shall have the right, subject to compliance with any mandatory requirements of applicable law, to sell or apply any rights and other interests assigned or pledged hereby in accordance with the terms hereof at public or private sale.

It is expressly agreed that, anything herein contained to the contrary notwithstanding, the Issuer shall remain liable under any instruments included in the Trust Estate or the Class Q-2 Securities Collateral to perform all the obligations assumed by it thereunder, all in accordance with and pursuant to the terms and provisions thereof, and, except as otherwise expressly provided herein or agreed by the Trustee, the Trustee shall not have any obligations or liabilities under such instruments by reason of or arising out of this Indenture, nor shall the Trustee be required or obligated in any manner to perform or fulfill any obligation of the Issuer under or pursuant to such instruments or to make any payment, to make any inquiry as to the nature or sufficiency of any payment received by it, to present or file any claim or to take any action to collect or enforce the payment of any amounts which may have been assigned to it or to which it may be entitled at any time or times, except as provided herein.

(iv) with respect to Senior Notes represented by Global Notes only, transfers of beneficial ownership of such Book-Entry Securities shall be made on the books and records of the Depositary and/or its Participants and/or Indirect Participants;

(v) beneficial ownership and with respect to Senior Notes represented by Global Notes only transfers of beneficial ownership of such Book-Entry Securities shall be governed by the rules of the Depositary;

(vi) the Issuers and the Trustee may deal with the Depositary as the sole holder of record of such Book-Entry Securities for all purposes, including exercising

the rights of the Holders of the Securities under this Indenture, and requests and directions for and votes of the Depositary (or its Participants) will not be deemed inconsistent if they are made with respect to different beneficial owners; all references in this Indenture to actions taken by the Holders of the Securities refer to actions taken by the Depositary upon instructions of its Participants and/or Indirect Participants;

(vii) neither the Issuers nor the Trustee will have responsibility or liability for any aspect of the records of the Depositary, any Participant or any Indirect Participant relating to the beneficial ownership of the Book-Entry Securities;

(viii) the Issuers and the Trustee may rely and shall be fully protected in relying upon information furnished by the Depositary with respect to its Participants and by Participants with respect to the beneficial owners of the Securities;

(ix) all payments due on account of or with respect to such Book-Entry Securities shall be made to the Depositary as provided herein, and neither the Issuer, the Co-Issuer, the Trustee nor any agent of any of them shall have any responsibility or liability for the disbursement of such payments by the Depositary or any Participant or Indirect Participant to beneficial owners of Securities;

(x) such Book-Entry Securities may not be exchanged for definitive Notes except under circumstances set forth in Sections 2.5(d) and (e), provided that upon transfers of Class Q-1 Temp Reg S Global Securities and Class Q-1 Reg S Global Securities physical definitive Securities will be delivered to the transferee as provided in Section 2.16(c)(iii); and

(xi) insofar as interests in the Global Notes are held by the agent members of Euroclear or Clearstream, the provisions of the "Operating Procedures of the Euroclear System" and the "Terms and Conditions Governing Use of Participants" of Euroclear and Clearstream, respectively, or any successors thereto shall be applicable. Account holders or participants in Euroclear and Clearstream shall have no rights under this Indenture with respect to such Book-Entry Securities, and the registered nominee of the Depositary will be treated by the Trustee and any agent of the Trustee as the owner of the Global Note or Notes for all purposes whatsoever. Notwithstanding the foregoing, nothing herein shall prevent the Trustee or any agent of the Trustee from giving effect to any written certification, proxy or other authorization furnished by the Depositary or impair, as between the Depositary and Euroclear, Clearstream and their respective agent members, the operation of customary practices governing the exercise of the rights of a Holder of any Note.

(b) The Issuers shall execute and deliver initially the Global Notes registered in the name of DTC or Cede & Co., as DTC's nominee, and the Trustee shall hold such Global Notes as custodian for DTC or pursuant to DTC's instructions, if any.

Notwithstanding anything in this Indenture to the contrary, members of, or Participants in, the Depositary as well as any other Persons on whose behalf such Participants may act (including Euroclear and Clearstream and account holders and participants therein) shall

have no rights under this Indenture with respect to any Global Note held on their behalf or for their benefit by the Depositary, and the Depositary may be treated by the Issuers or the Trustee and any agent of the Issuers or the Trustee as the absolute owner of such Global Note or Global Notes for all purposes whatsoever. Upon the issuance of any Global Note, the Registrar or its duly appointed agent shall record the Depositary's nominee as the registered holder of such Global Note on the Securities Register.

(c) The Issuers may from time to time select a new entity to act as Depositary with respect to the Book-Entry Securities, and if such selection is made, the Issuers shall promptly give the Trustee notice to such effect identifying the new Depositary and the Issuers shall cause the Global Notes to be delivered to the Trustee for cancellation and immediately thereupon, in accordance with Sections 2.4 and 2.6, the Issuers shall execute and deliver to the Trustee and the Trustee shall authenticate, register and deliver to the successor Depositary, or retain as custodian for the successor Depositary, one or more successor Global Notes. Appropriate changes may be made in the form of such Global Notes to reflect the selection of the new Depositary.

(d) Notwithstanding anything to the contrary in paragraphs (a) and (c) above, if, with respect to the Book-Entry Securities, (i)(A) the Depositary notifies the Trustee in writing that it is unwilling or unable to continue as Depositary for the Notes or the Depositary, Euroclear or Clearstream ceases to be a "clearing agency" (as defined in the Exchange Act) registered under the Exchange Act and (B) a successor depository or clearing agency is not appointed by the Trustee within 90 days after receiving such notice; (ii) as a result of any amendment to or change in the laws or regulations of the Cayman Islands, or of any authority therein having power to tax, or in the interpretation or administration of such laws or regulations that become effective on or after the Closing Date, the Issuer, the Trustee, or any Paying Agent is required to make any deduction or withholding from any payment in respect of the Global Notes which would not be required if such Notes were not represented by a global note; or (iii) any Event of Default (as defined in Section 5.1) has occurred and is continuing (and has not been waived); the Trustee shall execute an agreement with the Issuers amending this Indenture pursuant to Section 9.1 for the purpose of terminating the book entry deposit system and substituting definitive Notes for the Global Notes. Such agreement shall provide for the form and terms of such definitive Notes and the place and manner in which a Noteholder may obtain possession of such definitive Notes; provided, that in no event may holders of beneficial interests in the Temporary Regulation S Global Notes or Class Q-1 Temp Reg S Global Securities receive definitive Notes pursuant to this provision prior to the Exchange Date and each such holder must certify to the Issuers and the Trustee that it is a non-U.S. Person. Such agreement shall also provide the procedures for registration of transfer or exchange of such definitive Notes, as well as such other provisions as the Issuer, the Co-Issuer and the Trustee may agree shall be necessary or appropriate to effect the substitution of definitive Notes for Global Notes and to modify the provisions of this Indenture to provide for the use of definitive Notes in lieu of a book-entry deposit system.

(e) Upon the occurrence of any of the events described in paragraph (d) above, the Trustee shall notify all Holders of the Global Notes and shall advise such Holders of the Global Notes of the procedure by which the Global Notes shall be exchanged for definitive Notes. Each beneficial owner of Global Notes shall be entitled, at no cost to it, to have registered in the name of the beneficial owner of Global Notes one or more definitive Notes

representing the same aggregate principal amount of Notes of the relevant Class as its beneficial interest in the related Global Note. Upon the occurrence of any such event, (i) the Trustee at the expense of the Issuer shall obtain from the Depository a listing of the Participants then holding Book-Entry Securities on the records of the Depository and (ii) upon surrender by the Depository to the Trustee of the Global Notes for each Class, the Trustee shall cancel such Global Notes and the Issuers shall execute and deliver to such Participants definitive Notes representing in the aggregate the identical Aggregate Principal Amount of beneficial interests in the Global Notes held by such Participants on the records of the Depository, registered in such names as such Participants shall have provided to the Trustee; provided, however, that the Trustee shall not register any such definitive Note or deliver any such definitive Note to a Participant unless and until such Participant shall have provided to the Trustee a certification acceptable to the Trustee that such registration instructions were given, and delivery of such definitive Note will be made, in accordance with the directions of the beneficial owners of Notes represented by such Participant. Neither the Issuers nor the Trustee shall be liable for any delay in delivery of such registration instructions by any Participant and each of them may conclusively rely on, and shall be protected in relying on, (i) information contained in the Participant listing provided by the Depository regarding the names of the Participants holding beneficial interests in the Global Notes and the Aggregate Principal Amount of Notes represented by the beneficial interests in the Global Notes held by each such Participant, and (ii) the foregoing registration instructions and certifications provided by each such Participant with respect to definitive Notes representing the same Aggregate Principal Amounts of definitive Notes as the beneficial interests in the Global Notes stated to be held by such Participant in such Participant listing. If definitive Notes are issued, the Issuer will publish in the Republic of Ireland thereafter information explaining the payment, transfer and exchange procedures for the definitive Notes. The Trustee shall recognize the registered holders of the definitive Notes as Holders of the Notes hereunder. The Registrar shall reflect on its records the issuance of definitive Notes in exchange for the Global Notes.

(f) In the event that definitive Notes are not issued to each beneficial owner promptly after an event described in Section 2.5(d), the Issuers expressly acknowledge, with respect to the rights of any Holder of the Notes to pursue a remedy pursuant to Article V hereof, the right of any beneficial owner of Notes to pursue such remedy with respect to the portion of the Global Notes that represents such beneficial owner's Notes as if such definitive notes had been issued.

## SECTION 2.6     Registration of Transfer and Exchange of Securities; Restriction on Transfer.

(a) The Issuers shall cause to be kept a securities register (the "Securities Register") for the Securities in which, subject to such reasonable regulations as they may prescribe, the Issuers shall provide for the registration of the Holders of the Securities and the registration of transfers of the Securities. The Trustee is hereby appointed to be the initial securities registrar (in such capacity, the "Registrar") for the purpose of registering the Securities and the registration of transfers and exchanges of Securities. Upon the resignation of any Registrar, the Issuers shall promptly appoint a successor thereto. The Trustee may prescribe reasonable procedures for carrying out its function as Registrar that do not conflict with the procedures established by the Issuer. In all events, the Trustee shall be entitled to maintain at its Corporate Trust Office within the United States such books and records as it may deem

necessary or appropriate in respect of the performance of its function as Registrar. In the event that the Trustee is no longer acting in the capacity of the Registrar, the Trustee shall promptly inform any such successor Registrar of any transfer of record ownership of a Security so that the successor Registrar may register the same in the Securities Register; and upon request at any time the Registrar shall provide to the Trustee or the Issuers a current list of the Holders of the Securities as reflected in the Securities Register. The Issuer shall notify the Trustee of any Securities owned by or pledged to the Issuer or any of its Affiliates promptly upon the acquisition thereof or the creation of such pledge.

Subject to the provisions of this Section 2.6, at the option of a Holder, Securities may be exchanged for other Securities of the same Class, in any Authorized Denominations and of a like Aggregate Principal Amount, upon surrender of the Securities to be exchanged at the Corporate Trust Office of the Trustee. Whenever any Securities are so surrendered for exchange, the applicable Issuer shall execute, and the Trustee shall authenticate and deliver, the Securities that the Holder of Securities making the exchange is entitled to receive. Notwithstanding the foregoing, an interest in a Global Note may be transferred or exchanged for an interest in another Global Note or in definitive Notes only in the limited circumstances set forth in this Section or in Section 2.5(c), 2.5(d), 2.5(e) and 2.16 hereof.

No service charge shall be made for any registration of transfer or exchange of Securities or beneficial interest therein, but the Issuers, the Trustee or the Registrar may require payment of a sum sufficient to cover any tax or governmental charge that may be imposed in connection with any transfer or exchange of Securities or any beneficial interest therein, other than exchanges not involving any transfer.

All Securities issued and authenticated upon any registration of transfer or exchange shall be the valid obligations of the applicable Issuers, evidencing the same debt, and entitled to the same benefits under this Indenture, as the Securities surrendered upon such registration of transfer or exchange.

Every Security presented or surrendered for registration of transfer or exchange shall be duly endorsed or be accompanied by a written instrument of transfer or exchange substantially in the form of Exhibit D hereto in form satisfactory to the applicable Issuers and the Trustee duly executed by the Holder thereof or its attorney duly authorized in writing.

The preceding provisions of this Section 2.6 notwithstanding, the Issuers shall not be required to transfer or make exchanges, and the Registrar need not register transfers or exchanges, of Securities that are due for repayment within fifteen (15) days of submission to the Trustee for transfer or exchange.

(b) No Security may be sold or transferred (including, without limitation, by mortgage, charge, pledge or hypothecation) unless such sale or transfer is exempt from or not subject to the registration requirements of the Securities Act, would not require the registration of the Issuers under the Investment Company Act, is exempt under applicable state or foreign securities laws and is in compliance with the terms of this Indenture. No Security may be offered, sold or delivered at any time within the United States or to, or for the benefit of, U.S. Persons except in accordance with (i) Rule 144A under the Securities Act, to Persons who are

both Qualified Institutional Buyers and Qualified Purchasers (or, solely in the case of Income Notes, in accordance with an exemption from registration under the Securities Act to Persons who are both Accredited Investors and Qualified Purchasers) and (ii) the provisions of this Article II. In addition, no Security or any beneficial interest therein may be offered, sold or delivered at any time within the United States or to, or for the benefit of, U.S. Persons unless such person (A) was not formed for the purpose of investing in the Securities, (B) has received the necessary consent from its beneficial owners if the purchaser is a private investment company formed before April 30, 1996, (C) is not a broker-dealer that owns and invests on a discretionary basis less than \$25,000,000 in securities of unaffiliated issuers, (D) is not a partnership, common trust fund, special trust, pension, profit sharing or other retirement trust fund or plan in which the partners, beneficiaries or participants, as applicable, may designate the particular investments to be made, (E) is acquiring its Securities in a transaction that may be affected without loss of any applicable Investment Company Act exemption, (F) will provide notice to any subsequent transferee of the transfer restrictions applicable to such Securities under the Indenture or provided in the legend set forth on such Securities, (G) will hold and transfer its beneficial interest only in a principal amount of not less than the applicable Authorized Denomination and (H) will provide the Issuer from time to time such information as it may reasonably request in order to ascertain compliance with this paragraph (b). The Securities may be sold in offshore transactions to non-U.S. Persons in reliance on Regulation S under the Securities Act. None of the Issuers, the Trustee or any other Person may register the Securities under the Securities Act or any state or foreign securities laws.

(c) Upon the request of any Holder of a Security (or beneficial owner of a Security), the Issuers shall promptly furnish to such Holder (or beneficial owner of a Security) or to a prospective purchaser of any Security designated by such Holder (or beneficial owner of a Security), as the case may be, the information which the Issuers determine to be required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act ("Rule 144A Information"), in order to permit compliance by such Holder with Rule 144A in connection with the resale of such Security by such Securityholder. Upon request by the applicable Issuers, the Trustee shall cooperate with such Issuers in mailing or otherwise distributing (at the expense of the Issuers) to such Holders of the Securities (or beneficial owners of Securities) or prospective purchasers, at and pursuant to the written direction of such Issuers, the foregoing materials prepared and provided by the Issuers; provided, however, that the Trustee shall be entitled to affix thereto or enclose therewith such disclaimers as the Trustee shall deem reasonably appropriate, at its discretion (such as, for example, a disclaimer to the effect that such Rule 144A Information was assembled by the Issuers and not by the Trustee, that the Trustee has not reviewed or verified the accuracy thereof, and that it makes no representation as to the sufficiency of such information under Rule 144A or for any other purpose).

(d) The Trustee shall not be responsible for ascertaining whether any transfer complies with, or for otherwise monitoring or determining compliance with, the requirements or terms of the Securities Act, Investment Company Act, applicable state securities laws, ERISA or the Code; except that if a Transfer Letter or a Transferee Certificate or other letter or certificate is specifically required by the terms of this Section 2.6, Section 2.16 or 2.17 to be provided to the Trustee (including in its capacity as Registrar) by a transferor or prospective transferee, as applicable, the Trustee shall be under a duty to receive and examine the same to determine whether it conforms substantially on its face to the applicable requirements of such Section.

(e) For so long as any of the Securities are Outstanding, the Issuer shall not issue or permit the transfer of any Ordinary Shares of the Issuer to U.S. Persons.

(f) So long as any Global Note remains Outstanding and is held by or on behalf of the Depositary, transfers of a beneficial interest in a Global Note in whole or in part, shall only be made in accordance with this Section 2.6(f).

(i) Transfer of Interest in Rule 144A Global Note for Interest in Temporary Regulation S Global Note or Regulation S Global Note. Subject to the provisions of this Section 2.6 and the Applicable Procedures, a holder of a beneficial interest in a Rule 144A Global Note may at any time transfer all or a portion of its beneficial interest in such Rule 144A Global Note to a Person who wishes to take delivery thereof in the form of an equivalent interest in a corresponding Temporary Regulation S Global Note or Regulation S Global Note of the same Class in an offshore transaction in accordance with Rule 903 or 904 of Regulation S; *provided* that the remaining principal amount of the beneficial interest of such holder in the Rule 144A Global Note shall either equal zero or be in an Authorized Denomination. Upon the receipt by the Trustee of (A) instructions given in accordance with the Applicable Procedures from a Participant directing the Registrar to credit or cause to be credited a beneficial interest in the corresponding Temporary Regulation S Global Note or Regulation S Global Note in an amount equal to the beneficial interest in such Rule 144A Global Note, in an Authorized Denomination, to be exchanged or transferred, such instructions to contain information regarding the Euroclear or Clearstream account to be credited with such increase and (B) a Transfer Letter substantially in the form of Exhibit E-1 attached hereto given by the transferor of such beneficial interest stating, among other things, that the exchange or transfer of such interest has been made in compliance with the transfer restrictions applicable to the Global Notes, including that the transferee is not a U.S. Person, and pursuant to and in accordance with Regulation S, then the Registrar shall instruct the Depositary to reduce the principal amount of such Rule 144A Global Note by the Aggregate Principal Amount of the beneficial interest in the Rule 144A Global Note to be transferred, record the transfer in the Securities Register in accordance with Section 2.5(a) and instruct the Depositary concurrently with such reduction to increase the Aggregate Principal Amount of the Temporary Regulation S Global Note or the Regulation S Global Note, as the case may be, by the Aggregate Principal Amount of the beneficial interest in the Rule 144A Global Note to be transferred, and to credit or cause to be credited to the account of the Person specified in such instructions a beneficial interest in the corresponding Temporary Regulation S Global Note or the Regulation S Global Note equal to the reduction in the Aggregate Principal Amount of the Rule 144A Global Note. In no event shall Persons hold interests in the Temporary Regulation S Notes or Regulation S Global Notes through Participants of DTC other than such Participants maintaining positions on behalf of Euroclear or Clearstream.

(ii) Transfer of Interest in Temporary Regulation S Global Note or Regulation S Global Note for Interest in Rule 144A Global Note. Subject to the provisions of this Section 2.6 and the Applicable Procedures, a holder of a beneficial interest in a Temporary Regulation S Global Note or Regulation S Global Note may

transfer at any time all or a portion of its beneficial interest in such Temporary Regulation S Global Note or Regulation S Global Note in accordance with Rule 144A under the Securities Act to a Person who takes delivery thereof in the form of an interest in the corresponding Rule 144A Global Note; provided, that the remaining principal amount of such holder's beneficial interest in the Temporary Regulation S Global Note or Regulation S Global Note shall either equal zero or be in an Authorized Denomination. Upon receipt by the Trustee of (A) instructions from Euroclear, Clearstream or the Depositary, as the case may be, directing the Registrar to cause to be credited a beneficial interest in the corresponding Rule 144A Global Note in an amount equal to the beneficial interest in such Temporary Regulation S Global Note or Regulation S Global Note, but not less than an Authorized Denomination, to be exchanged or transferred, such instructions to contain information regarding the participant account with the Depositary to be credited with such increase and (B) a Transfer Letter substantially in the form of Exhibit E-2 attached hereto given by the transferor of such beneficial interest stating, among other things, that such holder reasonably believes that the proposed transferee is both (i) a Qualified Institutional Buyer and (ii) a Qualified Purchaser, then Euroclear, Clearstream or the Registrar, as the case may be, shall instruct the Depositary to reduce such Temporary Regulation S Global Note or Regulation S Global Note by the Aggregate Principal Amount of the beneficial interest in the Temporary Regulation S Global Note or Regulation S Global Note to be transferred, and the Registrar shall record the transfer in the Securities Register in accordance with Section 2.5(a) and the Registrar shall then instruct the Depositary concurrently with such reduction, to increase the Aggregate Principal Amount of the Rule 144A Global Note by the Aggregate Principal Amount of the beneficial interest in the Regulation S Global Note or Temporary Regulation S Global Note, as the case may be, to be transferred, and to credit or cause to be credited to the account of the Person specified in such instructions, a beneficial interest in the Rule 144A Global Note equal to the reduction in the Aggregate Principal Amount of the Temporary Regulation S Global Note or Regulation S Global Note.

(iii) Transfer of Interest in Rule 144A Global Note for Interest in Rule 144A Global Note. Transfers of interests in a Rule 144A Global Note to transferees maintaining a beneficial interest in such Global Note may only be made in accordance with the provisions of this Indenture, will be effected by book-entry transfer of beneficial interests effected on the records of the Depositary and may be made only to a Person whom the transferor reasonably believes is a Qualified Institutional Buyer and a Qualified Purchaser in a transaction exempt under Rule 144A from the registration requirements of the Securities Act and in accordance with any applicable securities laws of any state of the United States. Each transferee of a Rule 144A Global Note or beneficial interest therein will be deemed to have made the representations and agreements set forth in Section 2.6(g).

(iv) Transfer of Interest in Temporary Regulation S Global Note or Regulation S Global Note for Interest in Temporary Regulation S Global Note or Regulation S Global Note. Transfers of interests in a Temporary Regulation S Global Note or Regulation S Global Note to transferees maintaining a beneficial interest in such Global Note may only be made in accordance with the provisions of this Indenture, will be effected by book-entry transfer of beneficial interests within the Clearance Systems

(and subject to the Applicable Procedures) and may be made only to non-U.S. Persons who acquire the interests in offshore transactions in compliance with Regulation S. In no event shall Persons hold an interest in Temporary Regulation S Global Notes or Regulation S Global Notes through Participants of DTC other than such Participants maintaining positions on behalf of Euroclear or Clearstream. Each transferee of Temporary Regulation S Global Notes or Regulation S Global Notes or beneficial interest therein will be deemed to have made the representations and agreements set forth in Section 2.6(h).

(g) Each transferee of a Rule 144A Global Note or beneficial interest therein will be deemed to have represented and agreed as follows:

(i) It (A) is a Qualified Institutional Buyer and is acquiring the Notes in reliance on the exemption from Securities Act registration provided by Rule 144A thereunder, (B) is a Qualified Purchaser and (C) understands the Notes will bear the legend set forth in the Indenture and be represented by one or more Rule 144A Global Notes. In addition, it represents and warrants that it (1) was not formed for the purpose of investing in the Notes, (2) has received the necessary consent from its beneficial owners if the purchaser is a private investment company formed before April 30, 1996, (3) is not a broker-dealer that owns and invests on a discretionary basis less than \$25,000,000 in securities of unaffiliated issuers, (4) is not a partnership, common trust fund, or special trust, pension, profit sharing or other retirement trust fund or plan in which the partners, beneficiaries or participants, as applicable, may designate the particular investments to be made, (5) is acquiring its Notes in a transaction that may be effected without loss of any applicable Investment Company Act exemption, (6) will provide notice to any subsequent transferee of the transfer restrictions applicable to such Notes under the Indenture or provided in such legend, (7) will hold and transfer its beneficial interest only in a principal amount of not less than the applicable Authorized Denomination, and (8) will provide the Issuer from time to time such information as it may reasonably request in order to ascertain compliance with this paragraph (i).

(ii) The Notes are being purchased or transferred in accordance with the transfer restrictions set forth in this Indenture and pursuant to an exemption from Securities Act registration, and in accordance with applicable state securities laws or securities laws of any other relevant jurisdiction. It understands that the Notes have been offered only in a transaction not involving any public offering in the United States within the meaning of the Securities Act, the Notes have not been and will not be registered under the Securities Act or any state securities laws, and, if in the future it decides to offer, resell, pledge or otherwise transfer the Notes, such Notes may be offered, resold, pledged or otherwise transferred only in accordance with an exemption from registration under such laws and pursuant to the provisions of the Indenture and the legend on such Notes. In particular, it understands that interests in the Notes may be transferred only to (a) a Qualified Purchaser that is a Qualified Institutional Buyer or (b) a person that is not a "U.S. person" as defined in Regulation S under the Securities Act. Transferees who reside in certain states or jurisdictions may be subject to additional suitability standards and/or specific holding periods before the Notes may be resold or otherwise transferred.

It acknowledges that no representation is made as to the availability of any exemption under the Securities Act or any state securities laws for resale of the Notes.

(iii) In connection with the purchase of the Notes (*provided* that no such representations in clauses (A), (B) or (C) below are made with respect to the Reference Portfolio Manager or its Affiliates by the Reference Portfolio Manager or any Affiliate of the Reference Portfolio Manager or by any account managed or advised by the Reference Portfolio Manager or any such Affiliate of the Reference Portfolio Manager: (A) it understands that none of the Issuers, the Reference Portfolio Manager, the Swap Counterparty, the Swap Guarantor, the Initial Purchaser, the Placement Agent, the Collateral Administrator or any of their respective Affiliates is acting as a fiduciary or financial or investment adviser for such beneficial owner; (B) such beneficial owner is not relying (for purposes of making any investment decision or otherwise) upon any advice, counsel or representations (whether written or oral) of the Issuers, the Reference Portfolio Manager, the Swap Counterparty, the Swap Guarantor, the Initial Purchaser, the Placement Agent, the Trustee, the Collateral Administrator or any of their respective Affiliates, agents and independent contractors in their capacities as such other than any statements, if any, of such person in a current offering circular for the Notes; (C) such beneficial owner has consulted with its own legal, regulatory, tax, business, investment, financial and accounting advisers to the extent it has deemed necessary and has made its own investment decisions based upon its own judgment and upon any advice from such advisers as it has deemed necessary and not upon any view expressed by the Issuers, the Reference Portfolio Manager, the Swap Counterparty, the Swap Guarantor, the Initial Purchaser, the Placement Agent, the Trustee, the Collateral Administrator or any of their respective Affiliates, agents and independent contractors in their capacities as such; (D) such beneficial owner's purchase of the Notes will comply with all applicable laws in any jurisdiction in which it resides or is located; (E) such beneficial owner is acquiring the Notes as principal solely for its own account for investment and not with a view to the resale, distribution or other disposition thereof in violation of the Securities Act; (F) such beneficial owner has made investments prior to the date hereof and was not formed solely for the purpose of investing in the Notes; (G) such beneficial owner shall not hold any Notes for the benefit of any other person, it shall at all times be the sole beneficial owner thereof for purposes of the Investment Company Act and all other purposes and it shall not sell participation interests in the Notes or enter into any other arrangement pursuant to which any other Person shall be entitled to a beneficial interest in the distributions on the Notes; (H) all Securities (together with any other securities of the Issuers) purchased and held directly or indirectly by such beneficial owner constitute in the aggregate an investment of no more than 40% of its assets or capital; and (I) it is a sophisticated investor and is purchasing the Notes with a full understanding of all of the terms, conditions and risks thereof, and it is capable of assuming and willing to assume those risks.

(iv) On each day from the date on which such beneficial owner acquires its interest in the Notes through and including the date on which such beneficial owner disposes of its interest in such Notes, either (A) such beneficial owner is not a Plan, an entity whose underlying assets include the assets of any Plan by reason of Department of Labor regulation Section 2510.3-101 or otherwise, or a governmental plan

that is subject to any federal, state or local law which is substantially similar to the provisions of Section 406 of ERISA or Section 4975 of the Code or (B) such beneficial owner's purchase, holding and disposition of such Notes (or interest therein) will not constitute or result in a prohibited transaction under Section 406 of ERISA or Section 4975 of the Code (or, in the case of a governmental plan, any substantially similar federal, state or local law) for which an exemption is not available, all of the conditions of which are satisfied.

(v) It understands that the Indenture permits the Issuer to demand that any holder of a beneficial interest in a Rule 144A Global Note who is determined not to be a Qualified Institutional Buyer and a Qualified Purchaser sell the Notes (A) to a person who is both a Qualified Institutional Buyer and a Qualified Purchaser in a transaction meeting the requirements of Rule 144A or (B) to a Person who will take delivery of the holder's interest in the Rule 144A Global Note in the form of an interest in a Temporary Regulation S Global Note or Regulation S Global Note, as applicable, and who is not a U.S. Person in a transaction meeting the requirements of Regulation S and, if such holder does not comply with such demand within 30 days thereof, the Issuer may cause such holder of the beneficial interest to sell such holder's interest in the Note on such terms as the Issuer may choose.

(vi) It understands that in the case of any supplemental indenture to this Indenture or Swap Agreement Amendment that requires consent of one or more Holders of the Notes, this Indenture permits the Amendment Buy-Out Purchaser to purchase the beneficial interest in the Notes from any Non-consenting Holder thereof at the applicable Amendment Buy-Out Purchase Price; and such Non-consenting Holder will be required to sell its beneficial interest in this Notes to the Amendment Buy-Out Purchaser at such price.

(vii) It understands that the maturity of the Notes is subject to an extension of four years to August 1, 2020 without consent of any holders of Securities at the option of the Swap Counterparty if certain conditions are satisfied.

(viii) It acknowledges that it is its intent and that it understands it is the intent of the Issuer that, for purposes of U.S. federal income, state and local income and franchise tax and any other income taxes, the Issuer will be treated as a corporation, the Senior Notes will be treated as indebtedness of the Issuer, and the Income Notes will be treated as equity in the Issuer; it agrees to such treatment and agrees to take no action inconsistent with such treatment.

(ix) It is not purchasing the Notes in order to reduce any United States federal income tax liability or pursuant to a tax avoidance plan. In the case of a transferee that is a bank (as defined in Section 881(c)(3)(a) of the Code) or an Affiliate of such a bank, the transferee (a) is acquiring the Notes as a capital markets investment and will not for any purpose treat the assets of the Issuer as loans acquired in its banking business, and (b) has not proposed or identified, and will not propose or identify, any security or loan for inclusion in the Reference Portfolio.

(x) In the case of any transferee that is not a United States person (as defined in Section 7701(a)(30) of the Code), the transferee is not a bank (as defined in Section 881(c)(3)(a) of the Code) or an Affiliate of such a bank, unless the transferee is a person that is eligible for benefits under an income tax treaty with the United States that eliminates United States federal income taxation of United States source interest not attributable to a permanent establishment in the United States.

(xi) It acknowledges that the Reference Portfolio Manager will act solely on behalf of the Swap Counterparty and will not act or be deemed to act on behalf of, or have any contractual relationship with, the Issuer or the Holder of Securities.

(xii) It is aware that, except as otherwise provided in the Indenture, the Notes being sold to it will be represented by one or more Global Notes, and that beneficial interests therein may be held only through the Depositary.

(xiii) It acknowledges that no governmental agency has passed upon the Notes or made any finding or determination as to the fairness of an investment in the Notes.

(xiv) It acknowledges that certain persons or organizations will perform services on behalf of the Issuers and will receive fees and/or compensation for performing such services as described in the Offering Circular and Indenture.

(xv) It acknowledges that the Notes do not represent deposits with or other liabilities or obligations of, and are not guaranteed or endorsed by, the Swap Counterparty, the Swap Guarantor, the Placement Agent, the Initial Purchaser, the Reference Portfolio Manager, the Trustee, the Collateral Administrator or any of their respective affiliates or any entity related to any of them or any other holder of Notes. It acknowledges that none of such persons will, in any way, be responsible for or stand behind the value or the performance of the Notes or the assets held by the Issuer. It acknowledges that purchase of Notes involves investment risks including possible delay in payment of distributions and loss of income and principal invested.

(xvi) It understands that the Issuers, the Trustee, the Swap Counterparty, the Swap Guarantor, the Reference Portfolio Manager, the Initial Purchaser, the Collateral Administrator, and their respective counsel will rely upon the accuracy and truth of the foregoing representations, and it hereby consents to such reliance.

(h) Each transferee of a Temporary Regulation S Global Note or a Regulation S Global Note or a beneficial interest therein will be deemed to have made the representations set forth in Sections 2.6(g)(ii), (iii), (iv), (vi), (vii), (viii), (ix), (xi), (xii), (xiii), (xiv), and (xv), and in addition to have represented and agreed that:

(i) It is aware that the sale of Notes to it is being made in reliance on the exemption from registration provided by Regulation S and understands that the Notes offered in reliance on Regulation S will bear the legend set forth on Exhibits A1-1, A2-1, B1-1, B2-1, C1-1 and C2-1 or A1-2, A2-2, B-2, C1-2 and C2-2 as the case may be, to this Indenture. It and each beneficial owner of its Notes is not, and will not be, a U.S. Person

as defined in Regulation S under the Securities Act, and its purchase of the Notes will comply with all applicable laws in any jurisdiction in which it resides or is located. In addition, it represents and warrants that it will provide notice to any subsequent transferee of the transfer restrictions provided in such legend and in the Indenture and will provide the Issuer from time to time such information as it may reasonably request in order to ascertain compliance with this subclause (i).

(ii) It understands that the Indenture permits the Issuer to demand that any holder of a beneficial interest in a Temporary Regulation S Global Note or Regulation S Global Note who is determined not to have acquired such beneficial interest in compliance with the requirements of Regulation S or who is a U.S. Person sell such beneficial interest (A) to a Person who is not a U.S. Person in a transaction meeting the requirements of Regulation S or (B) to a Person who will take delivery of the beneficial interest of such holder in the Temporary Regulation S Global Notes or Regulation S Global Notes in the form of an interest in a Rule 144A Global Note, who is both a Qualified Institutional Buyer and a Qualified Purchaser in a transaction meeting the requirements of Rule 144A and, if the holder does not comply with such demand within 30 days thereof, the Issuer may cause the holder to sell its beneficial interest on such terms as the Issuer may choose.

(iii) Such beneficial owner is aware that, except as otherwise provided in the Indenture, the Notes being sold to it will be represented (A) initially, by one or more Temporary Regulation S Global Notes and (B) after the Exchange Date, by one or more Regulation S Global Notes, and that beneficial interests therein may be held only through Euroclear or Clearstream.

(iv) A holder of a beneficial interest in a Temporary Regulation S Global Note must provide Euroclear or Clearstream or the participant organization through which it holds such interest, as applicable, with a certificate certifying that the beneficial owner of the interest in the Temporary Regulation S Global Note is a non-U.S. Person, and Euroclear or Clearstream, as applicable, must provide to the Trustee a certificate to such effect, prior to (A) the payment of interest or principal with respect to the beneficial interest of such holder in the Temporary Regulation S Global Note and (B) any exchange of such beneficial interest for a beneficial interest in a Regulation S Global Note.

(v) It understands that any resale or other transfer of beneficial interests in a Temporary Regulation S Global Note or Regulation S Global Note to U.S. Persons shall not be permitted.

(vi) It will hold and transfer its beneficial interest in any Note only in the applicable Authorized Denomination.

(vii) It understands that the Issuers, the Trustee, the Swap Counterparty, the Reference Portfolio Manager, the Initial Purchaser, the Placement Agent, the Collateral Administrator and their respective counsel will rely upon the accuracy and truth of the foregoing representations, and it hereby consents to such reliance.

(i) Transfers and exchanges of Certificated Income Notes, in whole or in part, shall only be made in accordance with this Section 2.6(i).

(i) Each initial purchaser and, after the Closing Date, each Person that becomes a Holder of Income Notes shall be required to deliver to the Trustee a Transferee Certificate (with appropriate modifications acceptable to the Issuer and the Trustee, including in the case of a transfer that is a mortgage, charge, pledge or hypothecation) in which it shall represent, warrant and agree as set forth therein.

(ii) If a Holder of an Income Note wishes at any time to transfer such Income Note, such Holder may transfer or cause the transfer of such Income Notes represented by one or more Certificated Income Notes as provided below. Upon receipt by the Trustee of (A) such Holder's Certificated Income Note properly endorsed for assignment to the transferee, (B) a Transferee Certificate provided by the transferee of such Certificated Income Note and (C) in the case of a transfer to an Accredited Investor that is not a Qualified Institutional Buyer, if requested by the Issuer, an Opinion of Counsel addressed to the Issuer and the Trustee to the effect that such transfer may be made pursuant to an exemption from registration under the Securities Act and any applicable state securities laws, then the Trustee shall cancel such Certificated Income Note in accordance with Section 2.10, cause the Registrar to record the transfer in the Securities Register in accordance with Section 2.6(a) and upon execution by the Issuer authenticate and deliver one or more Certificated Income Notes registered in the names specified in the assignment described in clause (A) above, in principal amounts designated by the transferee (the aggregate of such principal amounts being equal to the aggregate principal of the Certificated Income Notes transferred by the transferor), and in Authorized Denominations. After giving effect to such transfer, the Trustee shall deliver Certificated Income Notes to the transferor representing the principal amount of the Income Notes represented by the cancelled Certificated Income Note(s) (prior to such transfer) that was retained by such transferor. Any purported transfer of a Certificated Income Note not in accordance with this Section 2.6(i) and Section 2.6(n) shall be null and void ab initio and shall not be given effect for any purpose hereunder.

(iii) If a Holder of one or more Certificated Income Notes wishes at any time to exchange any or all such Certificated Income Notes for one or more Certificated Income Notes representing in the aggregate the same principal amount of Income Notes as are represented by the Certificated Income Notes to be exchanged, such Holder may exchange or cause the exchange of such Certificated Income Note(s) as provided below. Upon receipt by the Trustee of (A) such Holder's Certificated Income Notes properly endorsed for such exchange and (B) written instructions from such Holder designating the number and principal amounts of the Certificated Income Notes to be issued (the aggregate of such principal amounts being equal to the aggregate principal amount of the Certificated Income Notes surrendered for exchange), then the Trustee shall cancel such Certificated Income Notes in accordance with Section 2.10, cause the Registrar to record the exchange in the Securities Register in accordance with Section 2.6(a) and upon execution by the Issuer authenticate and deliver one or more Certificated Income Notes, registered in the same names as the Certificated Income Notes surrendered by such

Holder, in the principal amounts designated by such Holder, and in Authorized Denominations.

(j) The Trustee, the Registrar and the Issuers may (absent actual knowledge to the contrary) conclusively rely on, and assume the continuing accuracy of, the certifications contained in a Transfer Letter, Transferee Certificate, Class Q-1 Certificated Transfer Letter, Class Q-2A Certificated Transfer Letter or Class Q-2B Certificated Transfer Letter or other applicable letter delivered (or, if applicable, the representations set forth in Sections 2.6(g) and (h) and deemed to have made by the transferee) in connection with the purchase or transfer, as applicable, of any Securities or beneficial interests in any Securities and shall have no obligation to investigate the truth and correctness thereof or to verify that any transfer satisfies the requirements of this Section 2.6, Section 2.16(c) or Section 2.17(j), as applicable. In every instance, the Registrar shall also be entitled (but is not under a duty) to require an Opinion of Counsel from any prospective transferee to the effect that such proposed transfer is in compliance with this Section 2.6, Section 2.16(c) or Section 2.17(j), as applicable.

(k) If Securities are issued upon the transfer, exchange or replacement of Securities bearing the applicable legends set forth in the Exhibits hereto, and if a request is made to remove such applicable legend on such Securities, the Securities so issued shall bear such applicable legend, or such applicable legend shall not be removed, as the case may be, unless there is delivered to the Trustee and the Issuers such satisfactory evidence, which may include an Opinion of Counsel acceptable to them, as may be reasonably required by the Issuers (and which shall by its terms permit reliance by the Trustee), to the effect that neither such applicable legend nor the restrictions on transfer set forth therein are required to ensure that transfers thereof comply with the provisions of the Securities Act, the Investment Company Act, ERISA, the Code or other applicable law. Upon provision of such satisfactory evidence, the Trustee, at the written direction of the Issuers shall, after due execution by the Issuers, authenticate and deliver Securities that do not bear such applicable legend.

(l) So long as a Temporary Regulation S Global Note or Regulation S Global Note remains Outstanding, transfers of beneficial interests therein shall only be made in accordance with this Section 2.6. On or after the Exchange Date, interests in a Temporary Regulation S Global Note or Class Q-1 Temp Reg S Global Security may be exchanged for interests in the corresponding Regulation S Global Note or Class Q-1 Reg S Global Security, as the case may be, in the form of Exhibit A1-2, A2-2, B1-2, B2-2, C1-2, C2-2 or Q1-2 hereto, as the case may be. Any such Regulation S Global Note or Class Q-1 Reg S Global Security shall be so issued and delivered in exchange for only that portion of the Temporary Regulation S Global Note or Class Q-1 Temp Reg S Global Security, as the case may be, in respect of which there shall have been presented to the Depositary by Euroclear or Clearstream through its agent members, as the case may be, a certification to the effect that it has received from or in respect of Persons entitled to an interest (as shown by its records) therein, a certification that the beneficial interests in such Temporary Regulation S Global Note or Class Q-1 Temp Reg S Global Security, as the case may be, are owned by Persons who are non-U.S. Persons.

(m) Invalid Transfers. If a Responsible Officer of the Trustee has actual knowledge that (i) a transfer or attempted or purported transfer of any beneficial interest in any Note was consummated in violation of the provisions of this Indenture or on the basis of a

materially incorrect certification from the transferor or purported transferor or transferee or purported transferee, (ii) the holder of a beneficial interest in such Note failed to deliver to the Trustee the Transfer Letter or Transferee Certificate, if applicable, required to be delivered hereunder or (iii) the holder of any beneficial interest in a Note is in material breach of any representation or agreement set forth in the Transfer Letter or Transferee Certificate, if applicable, or any deemed representation or agreement of such holder of any beneficial interest in a Note, the Trustee will not register such attempted or purported transfer. If any such transfer has been registered, such transfer shall be absolutely null and void *ab initio* and shall vest no rights in the purported transferee (such purported transferee, a “Disqualified Transferee”) and the last preceding beneficial owner that was not a Disqualified Transferee shall be restored to all rights as a beneficial owner thereof retroactively to the date of purported transfer of such Note by such beneficial owner (unless any applicable provisions of the rules of the Irish Stock Exchange provide otherwise); provided, however, that this provision shall not be interpreted to confer on any of the Issuer, the Co-Issuer, the Trustee or any Paying Agent any rights against Euroclear or Clearstream to require that Euroclear or Clearstream reverse or rescind any trade completed in accordance with the rules of Euroclear or Clearstream. In furtherance of the foregoing, (a) either of the Issuers shall be entitled to demand that a transferee of a beneficial interest in the Senior Notes that (i) acquired an interest in a Rule 144A Global Note but is not a Qualified Purchaser and a Qualified Institutional Buyer, or (ii) acquired an interest in a Temporary Regulation S Global Note or a Regulation S Global Note but is determined not to have acquired such interest in compliance with Regulation S or is a U.S. Person sell such Notes to a purchaser qualified under this Indenture to purchase such beneficial interest in the Notes and if the transferee does not comply with such demand within 30 days thereof, the Issuer or the Co-Issuer, may sell or cause such transferee to sell such interest of the transferee in the Note to a permitted transferee under this Indenture on such terms as the Issuer or Co-Issuer may choose; and (b) the Issuer shall be entitled to demand that a transferee of a Certificated Income Note that (i) is not both (A) a Qualified Purchaser and (B) a Qualified Institutional Buyer or an Accredited Investor or (ii) is determined not to have acquired such Certificated Income Notes in compliance with Regulation S sell such Certificated Income Notes to a purchaser qualified under this Section 2.6 to purchase such Certificated Income Notes and if the transferee does not comply with such demand within 30 days thereof, the Issuer may sell or cause such transferee to sell such interest of the transferee in the Note to a permitted transferee under this Indenture on such terms as the Issuer may choose.

(n) Notwithstanding anything to the contrary herein, no purchase by or proposed transfer to any person of Income Notes will be permitted, and the Trustee shall not register or permit the registration of any such purchase or transfer, if Holders of the Income Notes that have represented that they are Benefit Plan Investors would own 25% or more of the Aggregate Principal Amount of the Income Notes (excluding Income Notes in the form of the Class Q-1 Income Note Component, Income Notes represented by the Class Q-2 Collateral Asset A and Income Notes held by Controlling Persons) immediately after such purchase or transfer. Notwithstanding anything to the contrary herein, no purchase by or proposed transfer to any person of Class Q-1 Securities or Class Q-2B Securities will be permitted, if such person has represented that it is a Benefit Plan Investor, and the Trustee shall not register or permit the registration of any such purchase or transfer to a Person that has represented that it is a Benefit Plan Investor.

(o) If any Person shall become the beneficial owner of an interest in any ERISA Restricted Note who has made an ERISA-related representation required by this Indenture that is subsequently shown to be false or misleading (any such person a “Non-Permitted ERISA Holder”), the Issuer shall, promptly after discovery that such person is a Non-Permitted ERISA Holder by the Issuer or the Trustee (and notice by the Trustee or the Co-Issuer to the Issuer, if either of them makes the discovery), send notice to such Non-Permitted ERISA Holder demanding that such Non-Permitted ERISA Holder transfer all or any portion of ERISA Restricted Note held by such Person to a Person that is not a Non-Permitted ERISA Holder within 30 days of the date of such notice. If such Non-Permitted ERISA Holder fails to so transfer such ERISA Restricted Note the Issuer shall have the right, without further notice to the Non-Permitted ERISA Holder, to sell such ERISA Restricted Note or interest in such ERISA Restricted Note to a purchaser selected by the Issuer that is not a Non-Permitted ERISA Holder on such terms as the Issuer may choose. The Holder of each ERISA Restricted Note, the Non-Permitted ERISA Holder and each other Person in the chain of title from the Holder to the Non-Permitted ERISA Holder, by its acceptance of an interest in the ERISA Restricted Notes agrees to cooperate with the Issuer and the Trustee to effect such transfers. The proceeds of such sale, net of any commissions, expenses and taxes due in connection with such sale shall be remitted to the Non-Permitted ERISA Holder. The terms and conditions of any sale under this subsection shall be determined in the sole discretion of the Issuer, and the Issuer shall not be liable to any Person having an interest in the ERISA Restricted Notes sold as a result of any such sale or the exercise of such discretion.

#### SECTION 2.7 Mutilated, Destroyed, Lost or Stolen Notes.

(a) If (i) any mutilated Note is surrendered to the Trustee, or the Trustee receives evidence to its satisfaction of the destruction, loss or theft of any Note, and (ii) there is delivered to the Trustee and the Issuers such security or indemnity as may be reasonably required by the Trustee and the Issuers to hold the Issuers and the Trustee harmless, then, in the absence of notice to the Issuers, the Registrar or the Trustee that such Note has been acquired by a protected purchaser, the Issuers shall execute and the Trustee shall authenticate and deliver, in exchange for or in lieu of any such mutilated, destroyed, lost or stolen Note, a replacement Note of the same Class of a like Aggregate Principal Amount, registered in the same manner, dated the date of its authentication, bearing interest from the date to which interest has been paid on the mutilated, defaced, destroyed, lost or stolen Note and bearing a number not contemporaneously outstanding; provided, however, that if any such destroyed, lost or stolen Note, but not a mutilated Note, shall have become or within seven (7) days shall be due and payable, instead of issuing a replacement Note, the Issuers may pay to the Holder of such destroyed, lost or stolen Note the amount payable thereunder when so due or payable without surrender thereof.

(b) If, after the delivery of a replacement Note or payment in respect of a destroyed, lost or stolen Note pursuant to subsection (a), a protected purchaser of the original Note in lieu of which such replacement Note was issued presents for payment, transfer or exchange such original Note, the Issuers and the Trustee shall be entitled to recover such replacement Note (or such payment) from (i) any Person to which it was delivered; (ii) the Person taking such replacement Note from the Person to which such replacement Note was delivered; or (iii) any assignee of such Person, except a protected purchaser, and the Issuers and the Trustee shall be entitled to recover upon the security or indemnity provided therefor to the

extent of any loss, damage, cost or expense incurred by the Issuers or the Trustee in connection therewith.

(c) In connection with the issuance of any replacement Note under this Section 2.7, the Issuers may require the payment by the Holder of such Note of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other reasonable expenses (including all fees and expenses of the Trustee) connected therewith.

(d) Any duplicate Note issued pursuant to this Section 2.7 in replacement for any mutilated, destroyed, lost or stolen Note shall constitute an original additional contractual obligation of the Issuers, whether or not the mutilated, destroyed, lost or stolen Note shall be found at any time or be enforced by any Person, and shall be entitled to all the benefits of this Indenture equally and proportionately with any and all other Notes of the applicable Class duly issued hereunder.

(e) The provisions of this Section 2.7 are exclusive and shall preclude (to the extent lawful) all other rights and remedies with respect to the replacement or payment of mutilated, destroyed, lost or stolen Notes.

#### SECTION 2.8 Payments on the Notes.

(a) Each Class of Senior Notes shall accrue interest on the Aggregate Principal Amount thereof during each Periodic Interest Accrual Period at the applicable Interest Rate specified in Section 2.3. Subject to the availability of funds in the Trust Estate and to Section 8.6, payments of Periodic Interest shall be paid on each Class of Senior Notes on each Payment Date through the Maturity Date (or, if earlier, the date of redemption or repayment in full of such Class of Notes). In the event that the principal of any of the Senior Notes is not paid in full on the Maturity Date, no interest will accrue on the unpaid principal amount of any Senior Note subsequent to the Maturity Date. So long as any more senior Class of Notes is then Outstanding, any payment of interest due on Class B Notes, Class C-1 Notes or Class C-2 Notes which is not available to be paid ("Deferred Interest" with respect to such Notes) in accordance with Section 8.6 on any Payment Date shall not be considered "due and payable" hereunder (and so long as any more senior Class of Notes is then Outstanding, the failure to pay such interest shall not be an Event of Default unless the Issuer shall fail to pay in full such interest on the earlier of the Maturity Date and the date of redemption in full of the relevant Notes). Deferred Interest on any such Class of Notes shall be payable on the first Payment Date on which funds are available to be used for such purposes in accordance with Section 8.6, but in any event, no later than the earlier of the Maturity Date and such date of redemption. To the extent lawful and enforceable, interest on Deferred Interest with respect to any such Class of Notes shall accrue at the applicable Interest Rate for such Class until paid as provided herein. The Income Notes shall not accrue interest at a stated rate but on each Payment Date shall be entitled to distributions solely to the extent of available funds therefor pursuant to Section 8.6.

(b) The principal amount of the Notes of each Class shall be due and payable in accordance with Section 8.6 on the Maturity Date unless the unpaid principal of the Notes becomes due and payable at an earlier date upon a declaration of acceleration in accordance with Section 5.3, redemption in accordance with Section 2.14 or otherwise. If the unpaid principal

amount of the Notes shall become due and payable upon a declaration of acceleration, the Trustee shall make payments in respect of the principal and interest of the Notes as provided in Section 5.8.

(c) The Issuers shall require any certification from Holders necessary to permit the Issuer, the Trustee or any Paying Agent (A) to make payments to the Holders or others, or to receive payments on Eligible Investments or from the Swap Counterparty or others, without, or at a reduced rate of, withholding, (B) to determine their duties and liabilities with respect to any taxes or other charges that they may be required to deduct or withhold from payments made by or on behalf of the Issuer under any present or future law, rule, regulation or interpretation of the United States or the Cayman Islands or of any political subdivision thereof or taxing authority therein or to comply with any reporting or other requirement under any such law or regulation and (C) to comply with any filing, reporting or other requirement under any present or future law, rule, regulation or interpretation of any taxing authority or any political subdivision thereof to avoid the imposition of withholding or deduction of taxes or other charges on payments received by or on behalf of the Issuer, including (i) with respect to a Holder that is a U.S. person for U.S. federal income tax purposes, either a taxpayer identification number or proof of exemption from backup withholding (which shall be deemed satisfied by the delivery of a properly completed and signed Internal Revenue Service Form W-9 (or applicable successor form)) or (ii) with respect to a Holder that is not a U.S. person for U.S. federal income tax purposes, the delivery of a properly completed and signed Internal Revenue Service Form W-8BEN or W-8IMY with appropriate attachments (or in either case the applicable successor form).

(d) Except as otherwise provided herein, payments in respect of interest on and principal of and any other amounts payable, if any, on or in respect of any Note shall be payable by wire transfer in immediately available funds to a United States dollar account maintained at a bank by the Depositary or its nominee with respect to any Global Note and to the Holder or its designee with respect to a definitive Note or a Certificated Income Note shall be payable in accordance with wiring instructions provided to the Trustee or any Paying Agent; provided, that if appropriate instructions for any such wire transfer are not received at least fifteen (15) Business Days prior to the relevant Payment Date, then such payment shall be made by check drawn on a United States bank mailed to the address of the Holder specified in the Securities Register as of the Record Date applicable to such Payment Date. Upon final payment due on the Maturity Date of a Note, the Holder thereof shall present and surrender such Note at the Corporate Trust Office or as otherwise designated by the Trustee for such purpose on or prior to such date; provided, however, that if the Issuers and the Trustee shall have been furnished such security or indemnity as may be required by them to save each of them harmless and an undertaking thereafter to surrender such Note, then, in the absence of notice to the Issuers or the Trustee that the applicable Note has been acquired by a protected purchaser, such final payment shall be made without presentation or surrender. None of the Issuers, the Trustee, any Paying Agent, the Initial Purchaser, the Placement Agent, the Swap Counterparty, the Reference Portfolio Manager or any of their respective Affiliates will have any responsibility or liability for any aspects of the records maintained by Euroclear, Clearstream, the Depositary or any of the Participants or Indirect Participants or their respective participants relating to or for payments made thereby on account of beneficial interests in a Global Note.

(e) Except as otherwise provided herein, interest, principal and other amounts, if any, payable in respect of the Securities of any Class on any Payment Date or the Maturity Date or Class Q-2 Maturity Date, as applicable, shall be paid to the Holders of the Securities of such Class as of the related Record Date.

(f) Interest on the Class A-1 Notes, Class A-2 Notes, Class B Notes, the Class C-1 Notes and the Class Q-2A Securities shall be computed for each Periodic Interest Accrual Period on the basis of a 360-day year and the actual number of days in such Periodic Interest Accrual Period. Interest on the Class C-2 Notes shall be computed for each Periodic Interest Accrual Period on the basis of a 360-day year consisting of twelve 30-day months.

(g) If any Payment Date or the Maturity Date or the Class Q-2 Maturity Date, as applicable, or any other date for the payment of the principal of, or interest on, or any other amount payable on or in respect of, any Security is not a Business Day, then payment need not be made on such date, but shall be made on the next succeeding Business Day with the same force and effect as if made on the nominal date of any such Payment Date or Maturity Date or the Class Q-2 Maturity Date, as applicable, or any other date for the payment of the principal of, or interest on, or any other amount payable on or in respect of, any Security, as the case may be. In the case of the Class A-1 Notes, Class A-2 Notes, Class B Notes and Class C-1 Notes and the Class Q-2A Securities, interest shall accrue on such payment for the period from or after any such nominal date to the next succeeding Business Day and be payable on such Business Day as provided in the definitions of Periodic Interest for such Classes, and in the case of the Class C-2 Notes, no interest shall accrue on such payment for the period from and after any such nominal date to the next succeeding Business Day.

(h) Principal of, interest on and all other amounts payable on or in respect of the Notes or pursuant to this Indenture (other than amounts payable on Class Q-2 Securities, which shall be subject to the limited recourse provision in Section 2.17(i)) shall constitute limited recourse obligations of the Issuer and, in the case of the Senior Notes, non-recourse obligations of the Co-Issuer, payable solely from and to the extent of the Trust Estate, and following the liquidation of the Trust Estate and the application of the proceeds thereof as provided herein, all obligations of each of the Issuers and any claims against either of the Issuers shall be extinguished and shall not thereafter revive. Neither of the Issuers, the Swap Counterparty, the Reference Portfolio Manager, the Trustee, the Collateral Administrator, nor any of their respective agents, partners, beneficiaries, officers, directors, employees or any Affiliate of any of them or any of their respective successors or assigns shall be personally liable for any amounts payable, or performance due, under the Notes or this Indenture. It is understood that the foregoing provisions of this paragraph shall not (i) prevent recourse to the Trust Estate for the sums due or to become due under any security, instrument or agreement for which the Trust Estate is security, or (ii) constitute a waiver, release or discharge of any indebtedness or obligation evidenced by the Notes or secured by this Indenture until all items in the Trust Estate have been liquidated and applied to the payment of the obligations, whereupon any outstanding indebtedness or obligation shall be extinguished. It is further understood that the foregoing provisions of this paragraph shall not limit the right of any Person to name the Issuers as parties defendant in any action or suit or in the exercise of any other remedy under the Notes or in this Indenture, so long as no judgment in the nature of a deficiency judgment or seeking personal

liability shall be asked for or (if obtained) enforced against any such Person or entity. The provisions of this Section 2.8(h) shall survive the termination of this Indenture.

(i) For so long as any of the Securities are listed on any stock exchange, to the extent required by the rules of such stock exchange, either of the Issuers or the Trustee shall notify such stock exchange in the event that the Securities do not receive scheduled payments of principal or interest on any Payment Date or the Maturity Date.

(j) Subject to the foregoing provisions of this Section 2.8 and the provisions of Sections 2.6, 2.7, 2.16 and 2.17, as applicable, each Security delivered under this Indenture and upon registration of transfer of or in exchange for or in lieu of any other Security shall carry the rights of unpaid interest, principal and other applicable amounts that were carried by such other Security.

#### SECTION 2.9 Persons Deemed Owners.

Except as may be otherwise expressly agreed, prior to due presentment for registration of transfer of any Note, the Issuers and the Trustee, and any agent of the Issuers or the Trustee, shall treat the Person in whose name any Note is registered as it appears on the Securities Register (with respect to payments only, as of the applicable Record Date) as the owner of such Note for the purpose of receiving payments of principal, interest and distributions on such Note and for all other purposes whatsoever (whether or not such Note is overdue), and none of the Issuer, the Co-Issuer, the Trustee, or any agent of any of them, shall be affected by notice to the contrary. The Depositary shall be deemed the owner of the Global Notes, and owners of beneficial interests in Global Notes shall not be considered the owners of any Notes for the purpose of receiving notices.

#### SECTION 2.10 Cancellation of Notes.

All Notes surrendered for payment, exchange or registration of transfer shall, if surrendered to any Person other than the Trustee, be delivered to the Trustee and shall be promptly canceled by the Trustee. Either of the Issuers may at any time deliver to the Trustee for cancellation any Notes previously authenticated and delivered hereunder which the Issuer or Co-Issuer, as applicable, may have acquired in any manner whatsoever, and all Notes so delivered shall be promptly canceled by the Trustee. No Notes shall be authenticated in lieu of or in exchange for any Notes canceled as provided in this Section 2.10, except as expressly permitted by this Indenture. All canceled Notes may be held or disposed of by the Trustee in accordance with its standard retention or disposal policy as in effect at the time unless the Issuer shall direct the Trustee that they be returned to the Issuers; provided, however, that such direction is timely and the Notes have not been previously disposed of by the Trustee.

#### SECTION 2.11 Swap Counterparty, Reference Portfolio Manager and Initial Purchaser as Holders.

Without limiting provisions hereof relating to the purchase of any Securities in connection with an Amendment Buy-Out pursuant to Section 9.6 or a Maturity Extension pursuant to Section 2.15 of this Indenture, each of the Swap Counterparty, the Reference Portfolio Manager and the Initial Purchaser and their respective Affiliates, in its individual or

any other capacity, may become an owner of the Securities (provided that such transactions are conducted on an arm's-length basis) and may otherwise deal with the Issuers or their respective Affiliates with the same rights that it would have if it were not the Swap Counterparty, the Reference Portfolio Manager, the Initial Purchaser or such an Affiliate.

#### SECTION 2.12 Treatment of Senior Notes.

The Issuer and each Holder of a Senior Note or beneficial owner of an interest in a Senior Note, by acquiring any Senior Note or interest therein, (i) expresses its intention that the Senior Notes be treated as evidencing indebtedness, which indebtedness is solely of the Issuer and (ii) unless otherwise required in a final determination by appropriate taxing authorities, agrees to treat the Senior Notes as indebtedness solely of the Issuer, in each case for the purpose of United States federal income taxes, state and local income and franchise taxes and any other taxes imposed upon, measured by or based upon gross or net income.

#### SECTION 2.13 No Gross Up.

The Issuers shall not be obligated to pay any additional amounts to the Holders or the beneficial owners of the Notes as a result of any withholding or deduction for, or on account of, any present or future taxes, duties, assessments or government charges with respect to the Notes.

#### SECTION 2.14 Redemption of Notes.

(a) On each Payment Date following the Ramp-up End Date for which a Coverage Test was not met as of the related Determination Date, principal payments on the Senior Notes will be made in accordance with the Priority of Payments.

(b) On each Payment Date, principal payments on the Senior Notes will be made in accordance with the Principal Priority of Payments to the extent of any Note Redemption Amounts for such Payment Date.

(c) In the event that any Rating Agency has not confirmed in writing the rating in effect on the Closing Date of any Class of Notes as of the 30<sup>th</sup> day following the Ramp-up End Date, principal payments on the Senior Notes will be made on subsequent Payment Dates in accordance with the Priority of Payments until each such rating is confirmed.

(d) If an Indenture Tax Event has occurred and is continuing, at the direction of Holders of a majority of the Aggregate Principal Amount of the Income Notes, the Issuers shall redeem (a "Tax Redemption") the Outstanding Notes on the Payment Date next following receipt of such direction (or, if such direction is received less than 45 Business Days prior to a Payment Date, on the next Payment Date thereafter) by the Trustee (the "Tax Redemption Date"), in the case of the Senior Notes at a price of par plus any accrued and unpaid interest thereon (including any Deferred Interest) to the redemption date; provided that the Swap Counterparty has consented to such redemption in its sole discretion and the Issuers have sufficient funds, after liquidation of Eligible Investments in the Trust Accounts pursuant to Section 8.3, to permit the payment of all Administrative Expenses and Subordinated Administrative Expenses and all Accrued Swap Liabilities as of the Tax Redemption Date and

the repayment in full of the Aggregate Principal Amount of all Classes of Senior Notes then Outstanding and all accrued and unpaid interest (including any Deferred Interest) with respect thereto in accordance with the Priority of Payments and all other amounts ranking senior to the Income Notes payable pursuant to the Priority of Payments. The Issuer shall provide the Rating Agencies and the Investment Agreement Counterparty prior notice of any redemption pursuant to this Section 2.14(d).

(e) After the date that is five and a half years following the Closing Date, at the direction of Holders of at least 66-2/3% in Aggregate Principal Amount of the Income Notes, the Issuers shall redeem (an "Optional Redemption") the Aggregate Principal Amount of all Outstanding Notes, in the case of the Senior Notes at par plus any accrued and unpaid interest (including any Deferred Interest) thereon to the redemption date plus, in the case of the Class C-2 Notes, the applicable Make-whole Premium on the Payment Date next following receipt of such direction by the Trustee (or, if such direction is received less than 45 Business Days prior to a Payment Date, on the next Payment Date thereafter) (the "Optional Redemption Date"); provided that the Issuers shall not so redeem the Notes unless the Issuers will have sufficient funds, after liquidation of Eligible Investments in the Trust Accounts pursuant to Section 8.3, to permit the payment of all Administrative Expenses and Subordinated Administrative Expenses and all Accrued Swap Liabilities as of the Optional Redemption Date (calculated taking into account all accrued and unpaid Base Amount, Subordinate Amount and Incentive Amount for such Optional Redemption Date to the extent provided in the Swap Agreement) and the repayment in full of the Aggregate Principal Amount of all Classes of Senior Notes then Outstanding and all accrued and unpaid interest (including any Deferred Interest) and any applicable Make-whole Premium with respect thereto in accordance with the Priority of Payments. The Issuer shall provide the Rating Agencies and the Investment Agreement Counterparty prior notice of any redemption pursuant to this Section 2.14(e).

#### SECTION 2.15 Maturity; Extension of Maturity.

The Maturity Date for each Class of Notes and the Class Q-1 Securities is August 1, 2016, unless extended in accordance with this Section 2.15.

(a) If the Swap Termination Date is extended pursuant to the Swap Agreement, on the Extension Effective Date, the Maturity Date of the Notes and the Class Q-1 Securities shall be automatically extended for four years, to August 1, 2020, without any requirement for approval or consent of any Holders of Securities or amendment or supplement to this Indenture; provided that the Extension Conditions are satisfied (the "Maturity Extension").

(b) In the case of a Maturity Extension, any Holder of Notes or Class Q-1 Securities wishing to sell such Securities to an Extension Qualifying Purchaser pursuant to the Extension Conditions must provide the applicable Extension Sale Notice within the Extension Sale Notice Period pursuant to subsection (e) below (such Securities as to which an Extension Sale Notice has been duly given, "Extension Sale Securities"). Notwithstanding anything to the contrary herein, each Holder providing an Extension Sale Notice shall be deemed to agree that no Extension Sale Securities of any Holder shall be purchased unless all Extension Sale Securities of all Holders are purchased and settled at the applicable Extension Purchase Price on the Extension Effective Date and the other Extension Conditions are satisfied as of such date.

(c) Extension Conditions. The Maturity Extension shall be effective only if the following conditions (the “Extension Conditions”) are satisfied:

(i) The purchase of all Extension Sale Securities has been settled by the designated Extension Qualifying Purchasers at the applicable Extension Purchase Price as of the Extension Effective Date;

(ii) All such purchases of Extension Sale Securities individually and in the aggregate comply with the applicable transfer restrictions in this Indenture (including, without limitation, the restriction that such Securities may not be purchased (x) in the case of the Class Q-1 Securities by any Person that is a Benefit Plan Investor and (y) in the case of the Income Notes, if Holders of the Income Notes that have represented that they are Benefit Plan Investors would own 25% or more of the Aggregate Principal Amount of the Income Notes (excluding Income Notes in the form of the Class Q-1 Income Note Component, Income Notes represented by the Class Q-2 Collateral Asset A and Income Notes held by Controlling Persons) immediately after such purchase and the legends on such Securities and all applicable law, rules and regulations (including, without limitation, rules, regulations and procedures of any applicable securities exchange, self-regulatory organization or clearing agency); and

(iii) (a) Rating Confirmation has been obtained from S&P (so long as any Securities are then rated by S&P) (which confirmation shall be based on S&P’s applicable rating criteria and models pursuant to which the applicable Securities were rated by S&P as of the Closing Date) and (b) either (i) all Coverage Tests and clauses 17, 18 and 22 of the Reference Portfolio Criteria are satisfied as of the Extension Determination Date and the rating of each Class of Senior Notes by Moody’s has not been downgraded, withdrawn or qualified from that in effect on the Closing Date (unless it subsequently has been reinstated to the rating assigned on the Closing Date) or (ii) Rating Confirmation has been obtained from Moody’s (so long as any Securities are then rated by Moody’s).

The Issuer, the Trustee and, by its acceptance of the Securities, each Holder of Securities agrees that the Swap Counterparty shall not be responsible for causing the Extension Conditions to be satisfied and shall not be liable to any such Person or Holder of Securities (whether or not such Holder gave an Extension Sale Notice with respect to its Securities) or to any other Person if the Extension Conditions are not satisfied. Failure of the Extension Conditions to be satisfied shall not constitute a Default or Event of Default under this Indenture or a Swap Event of Default.

(d) Extension Procedure.

(i) No later than three (3) Business Days following receipt by the Trustee of the notice given by the Swap Counterparty of the Swap Counterparty’s election to extend the Swap Termination Date (the “Extension Notice”), the Trustee shall mail the Extension Notice to all Holders of Securities and each Rating Agency (so long as any rated Securities are Outstanding), in the form of Exhibit N, and shall request Rating Confirmation for the Maturity Extension from S&P, if applicable;

(ii) Any Holder of Securities may give irrevocable notice (an “Extension Sale Notice”) within 30 days after the Trustee has mailed the Extension Notice (the “Extension Sale Notice Period”) of its intention to sell its Securities to an Extension Qualifying Purchaser in the case of a Maturity Extension. Any Extension Sale Notice received by the Trustee after the Extension Sale Notice Period shall be disregarded and deemed not to have been given. No Holder of Securities that has not given such an Extension Sale Notice within the Extension Sale Notice Period shall be entitled to sell its Securities to an Extension Qualifying Purchaser in connection with the Maturity Extension; and

(iii) If clause (iii)(b)(i) of the Extension Conditions is not satisfied as of the Extension Determination Date as determined by the Issuer (or its agent), the Trustee shall request Rating Confirmation from Moody’s, if applicable.

(e) On the Extension Determination Date, the Issuer (or its agent) shall confirm (i) whether or not Extension Qualifying Purchasers for all Extension Sale Securities have been designated to purchase such Securities in compliance with all transfer restrictions in this Indenture and the legends on such Securities and all applicable laws, rules and regulations (including, without limitation, any rules, regulations and procedures of any securities exchange, self-regulatory organization or clearing agency), (ii) whether the requirements of clause (c)(iii) of the Extension Conditions are satisfied as of the Extension Determination Date and (iii) whether all other Extension Conditions can be satisfied as of the Extension Effective Date.

(f) On the Extension Effective Date, the Maturity Extension shall automatically become effective under the terms of this Indenture, provided that all Extension Conditions set forth in clause (c) above are satisfied. No later than 2 Business Days after the Extension Effective Date, the Trustee, at the expense of the Issuers, shall mail a notice to all Holders of Securities, the Swap Counterparty, the Reference Portfolio Manager, the Investment Agreement Counterparty, each Rating Agency (so long as any rated Securities are Outstanding) and the Irish Stock Exchange (if and for so long as any Class of Securities is listed thereon) confirming whether or not the Maturity Extension became effective. If the Maturity Extension became effective, the Issuer shall make any required notifications thereof to the Depositary for any Securities subject to the Maturity Extension.

(g) In the case of a Maturity Extension, each Holder of Senior Notes (including in the form of the Class Q-1 Senior Note Component) other than Extension Sale Securities shall be entitled to receive an amount equal to the applicable Extension Bonus Payment. Holders of Income Notes shall not be entitled to receive any Extension Bonus Payment.

The Extension Bonus Payment on any such Class of Senior Notes shall be payable to any applicable qualifying beneficial owners who have provided the Trustee with an Extension Bonus Eligibility Certification, on the first Payment Date from and including the Extension Effective Date on which funds are available to be used for such purposes in accordance with Section 8.6, but in any event, no later than the earlier of the Maturity Date and the date of redemption of such Notes. Extension Bonus Payments which are not available to be paid on a Payment Date in accordance with Section 8.6 on a Payment Date shall not be considered “due and payable” hereunder. The failure to pay any such Extension Bonus Payment

on such date shall not be an Event of Default, unless the Issuer shall fail to pay in full such Extension Bonus Payment on the earlier of the Maturity Date and the date of redemption in full of the relevant Securities. Unpaid Extension Bonus Payments shall not accrue interest. Such amounts shall be paid to the accounts designated in the applicable Extension Bonus Eligibility Certification or, to the extent otherwise required by the rules of any applicable securities exchange or clearing agency, in a manner determined by the Issuer.

#### SECTION 2.16 Class Q-1 Securities.

The provisions of this Section 2.16 shall apply only to the Class Q-1 Securities and shall override any contrary or inconsistent provisions of this Indenture. Subject to the foregoing sentence, the other provisions of Article II shall apply to the Class Q-1 Securities to the same extent as the Notes.

(a) In addition to the Classes of Notes set forth in Section 2.3, the Issuer will issue the Class Q-1 Extendable Securities (the “Class Q-1 Securities”). The maximum initial stated amount of the Class Q-1 Securities that may be executed and delivered under this Indenture is limited to U.S.\$ 10,000,000. The Aggregate Principal Amounts of the Components of the Class Q-1 Securities are included in, and are not in addition to, the Aggregate Principal Amounts of the Class C-2 Notes and the Income Notes as set forth in Section 2.3.

(b) All Class Q-1 Securities initially sold in the United States or to U.S. Persons pursuant to Rule 144A under the Securities Act will be issued and may be transferred in the form of certificates (each a “Certificated Class Q-1 Security”) in definitive, physical certificates in fully registered form, registered in the name of the beneficial owner thereof or its nominee and in the form of Exhibit Q-1 Certificated hereto. All Class Q-1 Securities initially sold to non-U.S. Persons (as defined in Regulation S) in offshore transactions in reliance on Regulation S will be issued in the form of a temporary global security (the “Class Q-1 Temp Reg S Global Security”) in the form of Exhibit Q-1 Temp Reg S, and on or after the Exchange Date, shall be exchangeable for interests in a permanent global security (a “Class Q-1 Reg S Global Security”) in the form of Exhibit Q-1 Reg S, subject to the provisions of Sections 2.2, 2.5 and 2.6 to the same extent as other Temporary Regulation S Global Notes and Regulation S Global Notes (but subject to clause (c) below with respect to transfers of any interest therein). Class Q-1 Securities shall only be issued and held in minimum denominations (an “Authorized Class Q-1 Denomination”) such that the Class Q-1 Senior Note Component and the Class Q-1 Income Note Component thereof is in an Authorized Denomination, which shall mean that the Authorized Class Q-1 Denomination shall be \$1,000,000 in stated amount (consisting of \$500,000 Aggregate Principal Amount of the Class Q-1 Senior Note Component and \$500,000 Aggregate Principal Amount of the Class Q-1 Income Note Component).

(c) No transfer of a Class Q-1 Security will be permitted to a person that would not be permitted to acquire the Class C-2 Notes and Income Notes comprising the Components of the Class Q-1 Security under this Indenture.

(i) Certificated Class Q-1 Security to Certificated Class Q-1 Security. Each purchaser or transferee of a Certificated Class Q-1 Security will be required to provide to the Trustee a properly completed certificate in the form of Exhibit Q-1

Certificated Transfer Letter. If a Holder of a Certificated Class Q-1 Security wishes at any time to transfer such Certificated Class Q-1 Security, such Holder may transfer or cause the transfer of such Certificated Class Q-1 Security as follows: Upon receipt by the Registrar of (A) such Holder's Certificated Class Q-1 Security properly endorsed for assignment to the transferee and (B) a properly completed certificate by the transferee in the form of Exhibit Q-1 Certificated Transfer Letter, and any other documentation as may be required thereunder, the Trustee will cancel such Certificated Class Q-1 Security in accordance with this Indenture, cause the Registrar to record the transfer in the Securities Register and, upon execution by the Issuer, deliver to the transferee one or more Certificated Class Q-1 Securities in the aggregate stated amount transferred and in the Authorized Class Q-1 Denomination. Notwithstanding anything to the contrary herein, no purchase or proposed transfer of Class Q-1 Securities will be permitted, and the Trustee shall not register or permit the registration of any such purchase or transfer, to a Person that has represented that it is a Benefit Plan Investor. Any purported transfer in violation of this provision shall be null and void *ab initio*.

(ii) Class Q-1 Reg S Global Security to Certificated Class Q-1 Security. If a holder of a beneficial interest in Class Q-1 Securities in the form of a Class Q-1 Temp Reg S Global Security or Class Q-1 Reg S Global Security wishes at any time to transfer its interest in such Security, the transferee must take delivery thereof in the form of a Certificated Class Q-1 Security. Such Holder may, subject to the rules and procedures of the Depository, transfer or cause the transfer of such interest for an equivalent interest in one or more such Certificated Class Q-1 Securities as described below. Upon receipt by the Registrar of (A) instructions given in accordance with the Applicable Procedures from a Participant, directing the Registrar to deliver one or more such Certificated Class Q-1 Securities, designating the registered name or names, address, payment instructions, and the number and stated amount (and Aggregate Principal Amount of the related Components) of such Certificated Class Q-1 Securities to be executed and delivered (the aggregate stated amount of such Certificated Class Q-1 Notes being equal to the aggregate stated amount of the interest in the Class Q-1 Temp Reg S Global Security or Class Q-1 Reg S Global Security to be transferred), in Authorized Class Q-1 Denominations and (B) a properly completed certificate by the transferee in the form of Exhibit Q-1 Certificated Transfer Letter, and any other documentation as may be required thereunder, then the Registrar will instruct the Depository to reduce, or cause to be reduced, the applicable Class Q-1 Temp Reg S Global Security or Class Q-1 Reg S Global Security by the aggregate stated amount of the beneficial interest in such Class Q-1 Temp Reg S Global Security or Class Q-1 Reg S Global Security to be transferred and the Registrar shall record the transfer in the Securities Register and authenticate and deliver one or more Certificated Class Q-1 Securities registered in the names specified in the certificate described in clause (B) above in the stated amount designated by the transferee (the aggregate of such stated amount being equal to the beneficial interest in the Class Q-1 Temp Reg S Global Securities or Class Q-1 Reg S Global Securities to be transferred) and in the applicable Authorized Class Q-1 Denomination. Any purported transfer in violation of this provision shall be null and void *ab initio*.

(iii) No Transfer to Class Q-1 Reg S Global Security. Certificated Class Q-1 Securities may not be transferred or exchanged for Class Q-1 Securities in the form of Class Q-1 Temp Reg S Global Securities or Class Q-1 Reg S Global Securities.

(d) Except as otherwise provided herein, the rights and obligations of Holders of the Class Q-1 Securities shall consist solely of the rights and obligations of Holders of the applicable Components. References herein to the rights and obligations of the Holders of Class C-2 Notes, Class C Notes or Income Notes include the rights and obligations of the Holders of Class Q-1 Securities to the extent of the applicable Components.

(i) On each date on which payments are made with respect to the Class C-2 Notes or Income Notes, a portion of such payment or distribution shall be allocated to the Class Q-1 Securities in the proportion that the Aggregate Principal Amount of Notes comprising the applicable Component thereof bears to the Aggregate Principal Amount of the related Class of Notes as a whole (including the related Components) and in accordance with the applicable terms and conditions hereof. No other amounts shall be payable in respect of the Class Q-1 Securities.

(ii) The Holders of Class Q-1 Securities will be entitled to voting rights based on the voting rights of the respective underlying Class C-2 Notes or Income Notes related to any applicable Component in the proportion that the Aggregate Principal Amount of such Class C-2 Notes or Income Notes bears to the Aggregate Principal Amount of all Class C-2 Notes or Income Notes (including such Component), as applicable. Except as expressly provided herein, the Holders of the Class Q-1 Securities shall not be entitled to voting rights as a separate class. Additionally, the Holders of Class Q-1 Securities shall not be entitled to direct the Trustee pursuant to this Indenture except in the capacity as Holders of Class C-2 Notes or Income Notes to the extent of their interest in any applicable Component.

(e) A Holder of a Class Q-1 Security may exchange all or a proportionate amount of each Component for proportionate interests in the Class C-2 Notes and Income Notes, as applicable, that comprise such Components, subject to the Authorized Denominations for the Notes and the Authorized Class Q-1 Denomination and, in the manner provided in Sections 2.2, 2.5 and 2.6 hereof, in the case of the Class Q-1 Senior Note Component, for transfer of beneficial interests to a Rule 144A Global Note, Regulation S Global Note or Temporary Regulation S Global Note, and in the case of the Class Q-1 Income Note Component, for transfer of a Certificated Income Note. The Trustee, upon surrender of a Certificated Class Q-1 Security for such an exchange, shall simultaneously convert the constituent Components into the Class C-2 Notes and Income Notes comprising such Components, as applicable, and effect such exchange. Thereafter, the Holder of the Class Q-1 Security so exchanged will be the Holder of an interest in the Class C-2 Notes and the Income Notes received upon such an exchange. No Holder of Class C-2 Notes or Income Notes (including following such an exchange) will be entitled to exchange such Notes for a Class Q-1 Security. No service charge shall be made for any such exchange of Class Q-1 Securities, but the Issuer or the Trustee may require payment of a sum sufficient to cover any tax or governmental charge that may be imposed in connection with such exchange. Each Holder of a Class Q-1 Security, by its acceptance thereof, acknowledges that upon any such exchange, the rating of such Class Q-1 Security by any Rating Agency may not apply to the

Securities received in such exchange. Upon the exchange of all outstanding Class Q-1 Securities pursuant to this provision, the Issuer will notify each Rating Agency then rating the Class Q-1 Securities.

(f) The Class Q-1 Nominal Rate is the rate per annum at which interest is stated to be payable on the Class Q-1 Securities solely for purposes of calculating the Class Q-1 Nominal Principal, and does not limit the entitlement of Holders of the Class Q-2 Securities to receive Class Q-1 Excess Distributions.

Each Holder of a Class Q-1 Security, by its acquisition thereof, acknowledges that the rating of the Class Q-1 Securities by Moody's addresses solely the return of the Class Q-1 Rated Principal.

(g) For purposes of Section 2.12, references to "Senior Notes" shall, with respect to the Class Q-1 Securities, be deemed to refer only to the Class Q-1 Senior Note Component.

(h) If a Responsible Officer of the Trustee has actual knowledge that (i) a transfer or attempted or purported transfer of any interest in any Class Q-1 Security was consummated in violation of this Indenture or on the basis of a materially incorrect certification from the transferee or purported transferee, (ii) the transferee or the purported transferee failed to deliver to the Trustee the certificate in the form of Exhibit Q-1 Certificated Transfer Letter or other purchaser letter or certificate or any other documentation required to be delivered thereunder or hereunder or (iii) the transferee or purported transferee is in material breach of any representation or agreement set forth in the certificate in the form of Exhibit Q-1 Certificated Transfer Letter or other purchaser letter or certificate or in this Indenture, the Trustee will not register such attempted or purported transfer. If any such transfer has been registered, such transfer shall be absolutely null and void *ab initio* and shall vest no rights in the purported transferee (such purported transferee, a "Disqualified Transferee") and the last preceding owner that was not a Disqualified Transferee shall be restored to all rights as a owner thereof retroactively to the date of purported transfer of such Class Q-1 Security by such owner. In furtherance of the foregoing, the Issuer shall be entitled to demand that a transferee of a Class Q-1 Security that (i) acquired an interest in a Class Q-1 Security in reliance on Rule 144A but is not a Qualified Purchaser and a Qualified Institutional Buyer, or (ii) acquired an interest in a Class Q-1 Security in reliance on Regulation S but is determined not to have acquired such interest in compliance with Regulation S or is a U.S. Person sell such Class Q-1 Securities to a purchaser qualified under this Indenture to purchase such Class Q-1 Securities and if the transferee does not comply with such demand within 30 days thereof, the Issuer may sell or cause such transferee to sell such interest of the transferee in the Class Q-1 Security to a permitted transferee under this Indenture on such terms as the Issuer may choose.

#### SECTION 2.17 Class Q-2 Securities.

The provisions of this Section 2.17 shall apply only to the Class Q-2 Securities and shall override any contrary or inconsistent provisions of this Indenture. Subject to the foregoing sentence, the other provisions of Article II shall apply to the Class Q-2 Securities to the same extent as the Notes.

(a) Authorized Amount; Maturity Date; Denomination.

In addition to the Classes of Notes set forth in Section 2.3 and the Class Q-1 Securities set forth in Section 2.16, the Issuer will issue Class Q-2A Securities and Class Q-2B Securities (collectively, the “Class Q-2 Securities”). The maximum Aggregate Principal Amount of the Class Q-2A Securities and the Class Q-2B Securities that may be executed, authenticated and delivered under this Indenture is limited to U.S. \$7,200,000 and U.S. \$40,000,000, respectively. The maturity date for the Class Q-2 Securities (the “Class Q-2 Maturity Date”) is April 28, 2034. The Class Q-2A Securities will be issuable and transferable in minimum denominations of U.S.\$500,000 and integral multiples of U.S. \$1,000 in excess thereof. The Class Q-2B Securities will be issuable and transferable in minimum denominations of U.S.\$1,000,000 and integral multiples of U.S. \$1,000 in excess thereof.

(b) Form of Class Q-2 Securities.

All Class Q-2 Securities shall be issued in the form of certificated securities (each a “Certificated Class Q-2 Security”) in definitive, physical certificates in fully registered form without interest coupons with the applicable legends set forth in the form of Exhibit Certificated Class Q-2A and Exhibit Certificated Class Q-2B hereto, as appropriate, which shall be registered in the name of the beneficial owner or a nominee thereof, duly executed by the Issuer and authenticated by the Trustee as provided in Article II of this Indenture.

(c) Payments on the Class Q-2 Securities.

(i) The Class Q-2A Securities shall accrue interest on the Aggregate Principal Amount thereof during each Periodic Interest Accrual Period at a rate equal to LIBOR plus 0.50% per annum (the “Class Q-2A Interest Rate”). Subject to the availability of funds in the Class Q-2 Securities Collateral Account and to clause (d) below, payments of interest shall be paid on the Class Q-2A Securities on each Payment Date through and including the Class Q-2 Maturity Date (or, if earlier, the date of redemption or repayment in full of the Class Q-2A Securities). In the event that the principal of the Class Q-2A Securities is not paid in full on the Class Q-2 Maturity Date, no interest will accrue on the unpaid principal amount thereof subsequent to the Class Q-2 Maturity Date. Any payment of interest due on Class Q-2A Securities which is not available to be paid (“Class Q-2A Deferred Interest”) in accordance with clause (d) on any Payment Date shall not be considered “due and payable” hereunder and the failure to pay such interest shall not be a Class Q-2 Event of Default. Class Q-2A Deferred Interest shall be payable on the first Payment Date on which funds are available to be used for such purposes in accordance with clause (d) below. To the extent lawful and enforceable, interest on Class Q-2A Deferred Interest shall accrue at the applicable Class Q-2A Interest Rate until paid as provided herein.

(ii) The Class Q-2B Securities shall not accrue interest at a stated rate but on each Payment Date shall be entitled to distributions solely to the extent of available funds therefor pursuant to clause (d) below.

(iii) The Aggregate Principal Amount of the Class Q-2A Securities shall be due and payable in accordance with clause (d) below on the Class Q-2 Maturity Date unless paid earlier as provided pursuant to clause (d) below.

(d) Class Q-2 Priority of Payments.

(i) Class Q-2 Payment Date Priority of Payments. On each Payment Date, the Trustee shall distribute the Class Q-2 Payment Date Proceeds in the Class Q-2 Securities Collateral Account to make the following payments in the following order of priority (the “Class Q-2 Payment Date Priority of Payments”):

(A) to the Holders of the Class Q-2A Securities, the Class Q-2A Interest Amount;

(B) to the Holders of the Class Q-2A Securities, any Class Q-2A Deferred Interest;

(C) to the Holders of the Class Q-2A Securities, the Aggregate Principal Amount of the Class Q-2A Securities; and

(D) the remainder to the Holders of the Class Q-2B Securities (the “Net Class Q-2B Periodic Return Amount”).

(ii) Class Q-2B Target Amount. On each Payment Date, the Trustee shall distribute from Class Q-2 Gross Proceeds other than the Class Q-2 Payment Date Proceeds to the Holder of Class Q-2B Securities the Class Q-2B Target Amount, if any, for such date.

(iii) Class Q-2 Maturity Date Priority of Payments. On the Class Q-2 Maturity Date, the Trustee will distribute any Class Q-2 Collateral Asset B Proceeds and any other amounts on deposit in the Class Q-2 Securities Collateral Account to make the following payments in the following order of priority (the “Class Q-2 Maturity Date Priority of Payments”):

(A) to the Holders of the Class Q-2A Securities, the Aggregate Principal Amount of the Class Q-2A Securities, any accrued and unpaid Class Q-2A Interest Amount and any Class Q-2A Deferred Interest; provided that no more than \$7,200,000 shall be payable pursuant to this clause (A) from Class Q-2 Collateral Asset B Proceeds; and

(B) the remainder to the Holders of the Class Q-2B Securities (the “Final Class Q-2B Distribution Amount”).

(e) Class Q-2 Securities Collateral Account.

(i) The Trustee shall, on or prior to the Closing Date, establish a segregated trust account in the name of the Trustee for the benefit of the Holders of Class Q-2 Securities, which shall be designated as the Valhalla CLO, Ltd. – Class Q-2

Securities Collateral Account (the “Class Q-2 Securities Collateral Account”). All moneys credited from time to time to the Class Q-2 Securities Collateral Account shall be held by the Trustee as part of the Class Q-2 Securities Collateral and shall be applied for the purposes provided herein.

(ii) On the Closing Date, the Issuer shall cause to be Delivered to the Class Q-2 Securities Collateral Account (i) the Class Q-2 Collateral Asset A and (ii) the Class Q-2 Collateral Asset B.

(iii) Except as otherwise expressly provided in this Indenture, the Trustee shall deposit into the Class Q-2 Securities Collateral Account promptly upon receipt from time to time, all proceeds from the Class Q-2 Collateral Assets, including, without limitation, distributions on the Class Q-2 Collateral Asset A and any proceeds from the sale, redemption or maturity of all or portions of the Class Q-2 Collateral Assets.

(iv) The Trustee shall have the right to establish such subaccounts within the Class Q-2 Securities Collateral Account as the Trustee may deem necessary or appropriate for convenience in administering the Class Q-2 Securities Collateral.

(v) The Trustee shall invest moneys held from time to time in the Class Q-2 Securities Collateral Account in one or more Eligible Investments pursuant to the following sentence, if the Class Q-2A Securities are then Outstanding, and otherwise pursuant to the unanimous written direction of the Holders of the Class Q-2B Securities (which may be in the form of standing instructions). If the Class Q-2A Securities are then Outstanding, or if the Trustee does not receive such written directions within three days of receipt of uninvested moneys (whether by reason of a new deposit of moneys or payments in respect of, or realized upon the maturity of, existing Eligible Investments), the Trustee shall invest such moneys in the JPMorgan Fleming US Dollar Liquidity Fund 6052, provided such fund then meets the requirements of the definition of Eligible Investments, and if such fund then does not meet such requirement, an Eligible Investment that meets the requirements of clause (a) of the definition of Eligible Investments; provided further, that any Eligible Investment in the Class Q-2 Securities Collateral Account shall be required to mature on or before the Business Day prior to the next Payment Date. Each Eligible Investment (other than any Eligible Investment constituting a general intangible, a deposit account or an account) made using money credited to the Class Q-2 Securities Collateral Account shall be credited to the Class Q-2 Securities Collateral Account, and any income or other gain therefrom shall be credited to, and any loss resulting therefrom shall be charged to, the same Class Q-2 Securities Collateral Account. Any Eligible Investments constituting general intangibles, deposit accounts and accounts shall be Delivered to the Trustee. The Trustee shall not be liable by reason of any investment loss realized in connection with any Eligible Investment.

(vi) Section 8.5 shall be applicable to the Class Q-2 Securities Collateral Account with references to a “Trust Account” thereunder being deemed to refer to the Class Q-2 Securities Collateral Account.

(f) Rights with respect to the Class Q-2 Collateral Asset A.

(i) With respect to any matter under this Indenture as to which the Holders of Income Notes are entitled to vote or give any consent or direction, the Trustee shall follow the direction of the Holders of a majority of the Aggregate Principal Amount of the Class Q-2B Securities for purposes of voting or giving such consent or direction for the Income Notes represented by the Class Q-2 Collateral Asset A. The Holders of Class Q-2 Securities shall not otherwise be entitled to direct the Trustee with respect to the Trust Estate pursuant to this Indenture.

(ii) If as a result of any action pursuant to clause (i) the Holder of the Income Notes represented by the Class Q-2 Collateral Asset A would constitute a Non-consenting Holder, the Amendment Buy-Out Purchaser will be entitled to purchase the Income Notes represented by the Class Q-2 Collateral Asset A in accordance with Section 9.6 hereof, and the proceeds of such purchase shall be credited to the Class Q-2 Securities Collateral Account for distribution on the next succeeding Payment Date pursuant to subsection (d) above. The Class Q-2 Securities themselves shall not be subject to an Amendment Buy-Out pursuant to Section 9.6.

(iii) Without limiting clause (i), in the case of the Maturity Extension, if any, pursuant to Section 2.15, the Holders of a majority of the Aggregate Principal Amount of the Class Q-2B Securities shall be entitled to direct the Trustee to provide an Extension Sale Notice with respect to the Income Notes represented by the Class Q-2 Collateral Asset A. Any proceeds from an Extension Sale with respect to the Income Notes represented by the Class Q-2 Collateral Asset A shall be credited to the Class Q-2 Securities Collateral Account for distribution on the applicable Payment Date pursuant to subsection (d) above.

(g) Liquidation of Class Q-2 Collateral Asset A.

If the Class Q-2A Coverage Test is not satisfied on any date of determination (as determined by the Trustee in consultation with the Swap Counterparty or an affiliate of the Swap Counterparty designated by the Swap Counterparty) following the Closing Date, at the unanimous direction of the Holders of the Class Q-2A Securities, the Issuer shall cause the Trustee to liquidate the Class Q-2 Collateral Asset A and credit the proceeds thereof to the Class Q-2 Securities Collateral Account for distribution in accordance with clause (d) above upon receipt of such proceeds as though the date of receipt thereof were a Payment Date.

(h) Exchange of Class Q-2B Securities.

On any Business Day on and after the date on which the Class Q-2A Securities are redeemed or repaid in full, any Holder of a Class Q-2B Security may exchange all but not less than all of its Class Q-2B Securities for its applicable pro rata share of the Class Q-2 Collateral Asset A (subject to the provisions of 2.6(i)(A) regarding acquiring Income Notes in the form of a Certificated Income Note) and the Class Q-2 Collateral Asset B (subject to any restrictions on transfer with respect thereto) and any proceeds thereof in the Class Q-2 Securities Collateral Account. The Trustee, upon surrender of a Certificated Class Q-2B Security by a

Holder for such an exchange, shall simultaneously convert the applicable portion of the Class Q-2 Collateral Asset A into Certificated Income Notes and transfer the applicable portion of the Class Q-2 Collateral Asset B to such Holder in accordance with standard settlement procedures for assets of that type and effect such exchange. Thereafter, the Holder of the Class Q-2B Security so exchanged will be the Holder of the Income Notes received upon such an exchange for purposes of this Indenture. No Holder of Income Notes (including following such an exchange) or CGMHI Notes will be entitled to exchange any such notes for a Class Q-2B Security. No service charge shall be made for any such exchange of Class Q-2B Securities, but the Issuer or the Trustee may require payment of a sum sufficient to cover any tax or governmental charge that may be imposed in connection with such exchange.

(i) Limited Recourse.

Principal of, interest on and all other amounts payable on or in respect of the Class Q-2 Securities shall constitute limited recourse obligations of the Issuer and be payable solely from and to the extent of the Class Q-2 Securities Collateral, and following the liquidation of the Class Q-2 Securities Collateral and the application of the proceeds thereof as provided herein, all obligations of the Issuer and any claims against the Issuer shall be extinguished and shall not thereafter revive. Neither of the Issuers, the Swap Counterparty, the Reference Portfolio Manager, the Trustee, the Collateral Administrator, nor any of their respective agents, partners, beneficiaries, officers, directors, employees or any Affiliate of any of them or any of their respective successors or assigns shall be personally liable for any amounts payable, or performance due, under the Class Q-2 Securities or this Indenture. It is understood that the foregoing provisions of this paragraph shall not (i) prevent recourse to the Class Q-2 Securities Collateral for the sums due or to become due under any security, instrument or agreement for which the Class Q-2 Securities Collateral is security, or (ii) constitute a waiver, release or discharge of any indebtedness or obligation evidenced by the Class Q-2 Securities or secured by this Indenture until all items in the Class Q-2 Securities Collateral have been liquidated and applied to the payment of the obligations, whereupon any outstanding indebtedness or obligation shall be extinguished. It is further understood that the foregoing provisions of this paragraph shall not limit the right of any Person to name the Issuers as parties defendant in any action or suit or in the exercise of any other remedy under the Class Q-2 Securities or in this Indenture, so long as no judgment in the nature of a deficiency judgment or seeking personal liability shall be asked for or (if obtained) enforced against any such Person or entity. The provisions of this Section 2.17(i) shall survive the termination of this Indenture.

(j) Transfer of Class Q-2 Securities.

(i) Each purchaser or transferee of a Certificated Class Q-2 Security will be required to provide to the Trustee a properly completed certificate in the form of Exhibit Q-2A Certificated Transferee Letter or in the form of Exhibit Q-2B Certificated Transferee Letter, as applicable. Certificated Class Q-2B Securities may only be purchased by or transferred to a Person that is not a U.S. Person in a transaction meeting the requirements of Regulation S and that is an “eligible contract participant” as defined in Section 1a(12) of the U.S. Commodity Exchange Act.

(ii) If a Holder of a Certificated Class Q-2 Security wishes at any time to transfer such Certificated Class Q-2 Security, such Holder may transfer or cause the transfer of such Certificated Class Q-2 Security as follows: Upon receipt by the Registrar of (A) such Holder's Certificated Class Q-2 Security properly endorsed for assignment to the transferee and (B) a properly completed certificate by the transferee in the form of Exhibit Q-2A Certificated Transferee Letter or Exhibit Q-2B Certificated Transferee Letter, as applicable, and any other documentation as may be required thereunder, the Trustee will cancel such Certificated Class Q-2 Security in accordance with this Indenture, cause the Registrar to record the transfer in the Securities Register and, upon execution by the Issuer, deliver to the transferee one or more Certificated Class Q-2 Securities in the aggregate stated amount transferred and in the applicable authorized denomination. Notwithstanding anything to the contrary herein, no purchase or proposed transfer of Class Q-2B Securities will be permitted, and the Trustee shall not register or permit the registration of any such purchase or transfer, to a Person that has represented that it is a Benefit Plan Investor. Any purported transfer in violation of this provision shall be null and void *ab initio*.

(iii) No transfer of a Class Q-2B Security will be permitted to a person that would not be permitted to acquire the Income Notes represented by the Class Q-2 Collateral Asset A under this Indenture.

(iv) If a Responsible Officer of the Trustee has actual knowledge that (i) a transfer or attempted or purported transfer of any interest in any Class Q-2 Security was consummated in violation of this Indenture or on the basis of a materially incorrect certification from the transferee or purported transferee, (ii) the transferee or the purported transferee failed to deliver to the Trustee the certificate in the form of Exhibit Q-2A Certificated Transferee Letter or Exhibit Q-2B Certificated Transferee Letter, as applicable, or any other documentation required to be delivered thereunder or hereunder or (iii) the transferee or purported transferee is in material breach of any representation or agreement set forth in the certificate in the form of Exhibit Q-2 Certificated Transferee Letter or Exhibit Q-2 Certificated Transferee Letter, as applicable, or in this Indenture, the Trustee will not register such attempted or purported transfer. If any such transfer has been registered, such transfer shall be absolutely null and void *ab initio* and shall vest no rights in the purported transferee (such purported transferee, a "Disqualified Transferee") and the last preceding owner that was not a Disqualified Transferee shall be restored to all rights as a owner thereof retroactively to the date of purported transfer of such Class Q-2 Security by such owner. In furtherance of the foregoing, the Issuer shall be entitled to demand that (i) a transferee of a Class Q-2A Security that acquired an interest in a Class Q-2A Security in reliance on Rule 144A but is not a Qualified Purchaser and a Qualified Institutional Buyer, or (ii) a transferee of a Class Q-2A Security or Class Q-2B Security that acquired an interest in such Class Q-2 Security in reliance on Regulation S but is determined not to have acquired such interest in compliance with Regulation S or is a U.S. Person sell such Class Q-2 Securities to a purchaser qualified under this Indenture to purchase such Class Q-2 Securities and if the transferee does not comply with such demand within 30 days thereof, the Issuer may sell or cause such transferee to sell such interest of the transferee in the Class Q-2 Security to a permitted transferee under this Indenture on such terms as the Issuer may choose.

(k) Prior to the issuance of the Class Q-2 Securities pursuant to this Indenture, the Trustee shall, in addition to the other conditions precedent set forth in this Indenture, have received:

(i) The Grant pursuant to the granting clause hereof of all of the Issuer's right, title and interest in and to the Class Q-2 Securities Collateral securing the Class Q-2 Securities and delivery of such Class Q-2 Securities Collateral to the Trustee or its nominee, which, if any Class Q-2 Collateral is held through an intermediary shall be deemed to have occurred upon receipt of evidence satisfactory to the Trustee that on or before the Closing Date, the Issuer shall have purchased or entered into agreements to purchase such Class Q-2 Securities Collateral and that such Class Q-2 Securities Collateral has been credited by the Securities Intermediary to the Class Q-2 Securities Collateral Account.

(ii) A certificate of an Authorized Officer of the Issuer, dated as of the Closing Date, to the effect of Section 3.2(b) with respect to each Class Q-2 Collateral Asset pledged to the Trustee for inclusion in the Class Q-2 Securities Collateral.

(l) Section 3.3 shall be applicable to the Class Q-2 Securities Collateral (including Eligible Investments on deposit in the Class Q-2 Securities Collateral Account) and the Class Q-2 Securities Collateral Account; provided, that references to (x) Pledged Securities shall be to the Class Q-2 Securities Collateral other than the Class Q-2 Securities Collateral Account and (y) Trust Account shall be to the Class Q-2 Securities Collateral Account.

(m) Class Q-2 Events of Default.

(i) For the purposes of this Indenture, a "Class Q-2 Event of Default" wherever used herein, means any one of the following events (whatever the reason for such Class Q-2 Event of Default, and whether it shall be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body):

(A) a default in the payment, when due and payable, of any Periodic Interest on the Class Q-2A Securities, which default shall continue for a period of five days (provided that the failure to pay Periodic Interest on the Class Q-2A Securities because insufficient funds are available in accordance with the Class Q-2 Priority of Payments will not constitute a Class Q-2 Event of Default);

(B) a default in the payment of principal of any Class Q-2 Security on the Maturity Date; provided that, in the case of a default in such payment due solely to an administrative error or omission by the Trustee or any Paying Agent, such default continues for a period of five days;

(C) a failure to apply, within five days following any Payment Date or Class Q-2 Maturity Date, available amounts in accordance with Section 2.17(d) or a default in payment solely due to an administrative error or omission by the Trustee, which default continues for a period of five days;

(D) either of the Issuers or the Class Q-2 Securities Collateral becomes an investment company required to be registered under the Investment Company Act;

(E) except as otherwise provided in this Section 2.17(m), a default in any respect in the performance, or a breach of any covenant, warranty or other agreement of the Issuers in this Indenture, or the failure of any representation or warranty of the Issuers made in this Indenture or in any certificate or other writing delivered pursuant hereto or in connection herewith to be correct in all respects when the same shall have been made, which default, breach or failure would have a material adverse effect on the Holders of the Class Q-2 Securities and continuance of such default, breach or failure for a period of 30 calendar days after written notice shall have been given to the Issuers by the Trustee or to the Issuers and the Trustee by the Class Q-2 Requisite Securityholders specifying such default, breach or failure and requiring it to be remedied and stating that such notice is a "Notice of Default" hereunder; and

(F) an Event of Default pursuant to 5.1(h) or (i) has occurred.

(ii) Acceleration of Maturity; Rescission and Annulment.

(A) If a Class Q-2 Event of Default (other than a Class Q-2 Event of Default specified in clause (i)(D) or (F) hereof) occurs and is continuing, the Trustee shall, at the written direction of Class Q-2 Requisite Securityholders, declare the principal of and any accrued interest on the Class Q-2A Securities to be immediately due and payable, by a notice in writing to the Issuers and the Swap Counterparty, with a copy to the Rating Agencies, and the Reference Portfolio Manager. In the absence of any such written direction, the Trustee shall take no action. If a Class Q-2 Event of Default of the type described in clause (i)(D) or (F) occurs, the principal of and accrued interest on the Class Q-2A Securities automatically shall become immediately due and payable without any action of the Trustee or any other Person.

(B) At any time after such a declaration of acceleration of maturity has been made and before a judgment or decree for payment of the amounts due has been obtained by the Trustee as provided in this clause (m), the Class Q-2 Requisite Securityholders, may rescind and annul such declaration and its consequences by written notice to the Trustee and the Issuers, if (a) the Issuer has paid or deposited with the Trustee a sum sufficient to pay (x) all overdue amounts payable on or in respect of the Class Q-2 Securities (other than amounts due solely as a result of the acceleration); (y) to the extent that payment of interest on such amount is lawful, interest on such overdue amounts at the Class Q-2A Interest Rate (in the case of the Class Q-2A Securities); and (z) (i) the reasonable compensation, expenses, disbursement and advances of the Trustee, its agents and counsel in connection with such Class Q-2 Event of Default and (ii) unpaid Class Q-2 Administrative Expenses, and (b) the Trustee has determined that all Class Q-2 Events of Default, other than the nonpayment of such amount that has become due solely by such acceleration, have been cured, and the Class Q-2 Requisite Securityholders by written notice to the Trustee have agreed with such determination (which agreement shall not unreasonably be withheld), or waived as provided in Section 5.15.

(C) No such rescission shall affect any subsequent Class Q-2 Event of Default or impair any rights consequent thereon.

(iii) Priority of Payment on Acceleration

Upon the acceleration of the Class Q-2A Securities (whether or not the Trustee sells or liquidates the Class Q-2 Securities Collateral), the moneys in the Class Q-2 Securities Collateral Account will thereafter be applied in accordance with the Class Q-2 Priority of Payments pursuant to Section 2.17(d).

Upon the acceleration of the Class Q-2A Securities, if the Class Q-2 Securities Collateral has not been sold or liquidated, the funds in the Class Q-2 Securities Collateral Account, if any, will be applied in accordance with the Class Q-2 Priority of Payments pursuant to Section 2.17(d) on each Payment Date. If the Class Q-2 Securities Collateral is sold or liquidated, a final distribution will be made pursuant thereto on the first Business Day following the last day on which an item of the Class Q-2 Securities Collateral is sold or liquidated (and no interim distributions will be made on any date (including on any Payment Date) during the sale or liquidation process).

The Trustee may fix a record date and payment date for any payment to Holders of Class Q-2 Securities pursuant to this Section 2.17(m)(iii). At least fifteen (15) days before such record date, the Trustee shall mail to each Holder of a Class Q-2 Security a notice that states the record date, the payment date and the amount to be paid.

(iv) Remedies. The provision of Sections 5.4, 5.5, 5.6, 5.7, 5.9, 5.10, 5.11, 5.12, 5.13, 5.14, 5.15, 5.16, 5.17, 5.18 and 5.20 with the following modifications shall be applicable solely with respect to the Class Q-2 Securities Collateral and the Class Q-2 Securities: (A) references to (1) the Trust Estate shall be to the Class Q-2 Securities Collateral, (2) Event of Default shall be to Class Q-2 Event of Default, (3) the Collection Account shall be to cash in the Class Q-2 Securities Collateral Account; (4) Sections 5.8 and 8.6 with respect to a Class Q-2 Event of Default shall be to Section 2.17(d), (5) Secured Parties shall be to the Holders of Class Q-2 Securities, (6) Requisite Noteholders shall be to Class Q-2 Requisite Securityholders; and the most senior Class of Notes shall be to the Class Q-2A Securities so long as any Class Q-2A Securities are Outstanding and thereafter to the Class Q-2B Securities, (7) the Notes shall be to the Class Q-2 Securities, (8) Noteholders shall be to the Holders of Class Q-2 Securities, (9) the Maturity Date shall be to the Class Q-2 Maturity Date, (10) the Senior Notes shall be to the Class Q-2A Securities, (11) the Income Notes shall be to the Class Q-2B Securities and (12) the Swap Counterparty (except in Section 5.20(b)), Swap Agreement, Accrued Swap Liabilities, Swap Event of Default, Base Amount and Subordinate Amount shall be disregarded and "other Secured Party" shall be disregarded; (B) (1) the reference in Section 5.5(a)(i) to Administrative Expenses shall be to Class Q-2 Administrative Expense, (2) Section 5.5(a)(ii) shall not be applicable, and (3) Section 5.5(a)(iii) shall be replaced with "the Class Q-2 Requisite Securityholders direct the Trustee at any time following the acceleration of the Class Q-2 Securities to sell or liquidate the Class Q-2 Securities Collateral"; and (C) the second sentence of Section 5.5(c) shall not be applicable.

Nothing in this provision shall affect the rights of the Holders of Notes pursuant to Article V of this Indenture. Notwithstanding anything to the contrary herein, no Holder of Class Q-2 Securities will be entitled (i) to direct the Trustee or exercise any right or remedy or bring any proceeding with respect to the Trust Estate pursuant to this Indenture other than through and solely to the extent of the rights pertaining to the Class Q-2 Collateral Asset A under this Indenture or (ii) while the Notes are Outstanding, to bring any Proceeding against the Issuer other than solely in respect of the Class Q-2 Securities Collateral. For the avoidance of doubt, so long as the Notes are Outstanding, any such Proceeding with respect to the Class Q-2 Securities Collateral shall not include any bankruptcy or similar proceedings. The costs of any Proceedings by Holders of Class Q-2 Securities and the costs, charges and expenses incurred by the Trustee in connection with any sale or liquidation of the Class Q-2 Securities Collateral pursuant to this provision shall not be payable from the Trust Estate (except to the extent included in the Class Q-2 Securities Collateral pursuant to the definition thereof).

(n) Rights of Trustee with respect to Class Q-2 Securities Collateral.

Except as provided in Section 6.1, with respect to the security interests created in the Class Q-2 Securities Collateral hereunder, the pledge of any item of property of the Class Q-2 Securities Collateral to the Trustee is to the Trustee as representative of the Holders of the Class Q-2 Securities. In furtherance of the foregoing, the possession by the Trustee of any item of property of the Class Q-2 Securities Collateral and the endorsement to or registration in the name of the Trustee of any item of property of the Class Q-2 Securities Collateral (including without limitation as entitlement holder of the Class Q-2 Securities Collateral Account) are all undertaken by the Trustee in its capacity as representative of the Holders of the Class Q-2 Securities. (o) Protection of Class Q-2 Securities Collateral.

The provisions of Sections 7.5, 7.6 and 7.7 shall be applicable to the Class Q-2 Securities Collateral and the rights therein of the Holders of Class Q-2 Securities with the following modifications: references to (1) the Trust Estate shall be to the Class Q-2 Securities Collateral, (2) the Trust Accounts shall be to Class Q-2 Securities Collateral Account; (3) Article VII shall be to Section 2.17(d) and Section 5.8 shall be to Section 2.17(m)(iii), (4) the Secured Parties shall be to the Holders of Class Q-2 Securities, (5) the Notes shall be to the Class Q-2 Securities, (6) the Pledged Securities shall be to the Eligible Investments credited to the Class Q-2 Securities Collateral Account and (7) the Swap Counterparty shall be disregarded.

(ii) the Issuer has acquired its ownership in such Eligible Investment in good faith without notice of any adverse claim, except as described in paragraph (i) above;

The security interest of the Trustee in the funds or other property utilized in connection with such acquisition shall, immediately and without further action on the part of the Trustee, thereupon be released. (a) On the Closing Date, the Issuer shall enter into the Swap Agreement with the Swap Counterparty. If the Swap Agreement has been terminated early while any Class of Notes remains Outstanding, except as provided in paragraphs (b) and (c) below, the Issuer shall use its best efforts to enter into a substitute swap agreement on similar terms to the extent that the Issuer has adequate funds and is otherwise able to enter into such an agreement.

(b) If at any time the Swap Agreement becomes subject to early termination due to the occurrence of a Swap Event of Default with respect to the Swap Counterparty or a Swap

Additional Termination Event with respect to which the Swap Counterparty is the affected party thereunder, the Issuer and the Trustee, upon written direction of the Requisite Noteholders, shall take such actions (following the expiration of any applicable grace period) to enforce the rights of the Issuer and the Trustee under the Swap Agreement and this Indenture as may be permitted by the terms of the Swap Agreement and consistent with the terms hereof. In such case, subject to paragraph (c) below, the Issuer shall apply the proceeds of any such actions (including, without limitation, the proceeds of the liquidation of any collateral pledged by the Swap Counterparty) to enter into a replacement swap agreement on substantially identical terms or on such other terms for which the Issuer receives Rating Confirmation (and with respect to which the Reference Portfolio Manager may, but is not obligated to, propose a replacement swap counterparty); provided that such replacement swap agreement has been approved by both (i) the Holders of a majority of the Aggregate Principal Amount of the Senior Notes (voting together as a single class), and (ii) the Holders of a majority of the Aggregate Principal Amount of the Income Notes. Any costs attributable to entering into a replacement swap agreement which exceed the amount of any termination payment received from the Swap Counterparty upon the termination of the Swap Agreement or to the extent not paid by the Swap Counterparty, shall be borne solely by the Issuer and shall constitute Administrative Expenses payable in accordance with Section 8.6. If any such termination payment received from the Swap Counterparty exceeds the costs attributable to entering into a replacement Swap Agreement, the excess amount will be deposited into the Collateral Account and applied in accordance with Section 8.6(b).

(c) Notwithstanding anything to the contrary herein, if the Swap Agreement has been terminated and the Notes have been accelerated in accordance with Section 5.3, no substitute Swap Agreement will be entered into, and any proceeds received from the Swap Counterparty upon termination of the Swap Agreement will be distributed in accordance with Section 5.8.
