**FIRST AND FINAL FEE APPLICATION OF FTI CONSULTING, INC.
FOR COMPENSATION FOR SERVICES RENDERED AND REIMBURSEMENT OF
EXPENSES AS FINANCIAL ADVISOR FOR THE OFFICIAL COMMITTEE OF
UNSECURED CREDITORS FOR THE PERIOD
FROM JUNE 17, 2024, THROUGH AND INCLUDING JUNE 1, 2025**

The consulting firm of FTI Consulting, Inc. (“**Applicant**”), financial advisor for the Official Committee of Unsecured Creditors (the “**Committee**”), hereby submits this First and Final Fee Application (the “**Application**”) pursuant to Sections 330 and 331 of Title 11 of the United States Code (the “**Bankruptcy Code**”), Rule 2016 of the Federal Rules of Bankruptcy Procedure (the “**Bankruptcy Rules**”), and Procedure J of the Complex Case Procedures of the United States Bankruptcy Court for the Northern District of Georgia (the “**Complex Case Procedures**”), for allowance of compensation for services rendered and reimbursement of expenses for the period from June 17, 2024 through June 1, 2025 (the “**Application Period**”). The grounds supporting this Application are as follows:

JURISDICTION AND BASIS FOR RELIEF

1. This Court has subject-matter jurisdiction to hear and determine this Application under 28 U.S.C. §§ 157 and 1334. This is a core proceeding under 28 U.S.C. § 157(b), and this Court has constitutional authority to hear and decide this Application. Venue is proper in this

Court under 28 U.S.C. §§ 1408 and 1409.

2. The legal predicates for the relief requested herein are Bankruptcy Code Sections 330 and 331, Bankruptcy Rule 2016, and Complex Case Procedure J.

BACKGROUND

3. On June 2, 2024 (the “**Petition Date**”), the Debtors filed with this Court their voluntary petitions for relief under chapter 11 of title 11 of the Bankruptcy Code. Pursuant to sections 1107 and 1108 of the Bankruptcy Code, the Debtors are continuing to operate their businesses and manage their properties and assets as debtors in possession.

4. On June 13, 2024, the Office of the United States Trustee (the “**U.S. Trustee**”) appointed the Committee pursuant to section 1102 of the Bankruptcy Code [Dkt. No. 112]. No trustees or examiners have been appointed in these Cases. The Committee consists of the following eight members⁴:

- (a) Healthcare Services Group, Inc.;
- (b) Omnicare, Inc.;
- (c) Twin Med, LLC;
- (d) ShiftMed, LLC;
- (e) CBD Services USA, LLC;
- (f) Amidon Nurse Staffing;
- (g) Healthcare Negligence Settlement Recovery Corp.; and
- (h) Theodore Horrobin.

5. On June 14, 2024, the Committee selected Troutman Pepper Hamilton Sanders LLP as its counsel. On July 17, 2024, the Committee applied [Dkt. No. 256] (the “**FTI Retention**

⁴ The Estate of Nancy Walsh resigned from the Committee on August 30, 2024.

Application”) to the Court for an order authorizing the Committee to retain and employ the Applicant as its financial advisor, effective as of June 17, 2024. On July 18, 2024 the Court entered an order [Dkt. No. 259] (the “**Retention Order**”) authorizing such retention, subject to a 21-day objection period. No objections were filed, and thus the Retention Order became final.

6. The Complex Case Procedures provide that a retained professional may serve a statement (the “**Fee Application**”) at the end of each month or months for which compensation is sought on (a) counsel for the debtor; (b) counsel for the prepetition secured lender; (c) counsel for any post-petition lender; (d) counsel to all official committees; (e) the U.S. Trustee; and (f) any other party the Court designates (collectively, the “**Professional Fee Notice Parties**”). *See* Complex Case Procedure J(2)(a). Each Fee Application shall contain a list of individuals and their respective titles who provided services during the statement period, their respective billing rates, the aggregate hours spent by each individual, contemporaneously maintained time entries for each individual in increments of tenths of an hour, and a reasonably detailed breakdown of disbursements incurred. *See id.* at J(2)(b). In the event a Professional Fee Notice Party has an objection to the compensation or reimbursement sought in a particular Fee Application, it shall, within ten (10) days after service of the Fee Application, serve upon the professional whose statement is objected to and the other Professional Fee Notice Parties a written “Notice of Objection to Fee Application,” setting forth the nature of the objection and the amount of fees or expenses at issue. *See id.* at J(2)(c). Provided that there are no objections to the Fee Application served within ten days after service of a Fee Application, the Debtor is authorized to pay such retained professional hundred percent (100%) of the fees and one-hundred percent (100%) of the expenses requested in such Fee Application. *See id.* at J(2)(d). If counsel for the Debtor receives an objection to such Fee Application, the Debtor shall withhold payment of that portion of the Fee

Application to which the objection is directed and shall, after the expiration of the ten-day period, be authorized to promptly pay the remainder of the fees and expenses set forth in the Fee Application. *See id.* at J(2)(e). If an objection is filed to the Fee Application and the parties reach a consensual resolution, the objecting party (or the Debtor, with the consent of the objecting party) shall serve written notice on the Professional Fee Notice Parties that the objection is withdrawn, shall describe the terms of the resolution, and the Debtor shall be authorized to pay that portion of the Fee Application at issue that is no longer subject to an objection. *See id.* at J(2)(f). Any objection that is not resolved by the parties shall be preserved and presented to the Court at the next interim or final fee application hearing. *See id.* at J(2)(g).

Applicant’s itemized time records for professionals performing services for the Committee and itemized and necessary expenses incurred during the First Fee Period are attached to the First Fee Statement, which is attached hereto at Exhibit A. Applicant’s itemized time records and expenses incurred during the Second Fee Period are attached hereto as Exhibit B. Applicant’s itemized time records and expenses incurred during the Third Fee Period are attached hereto as Exhibit C. Applicant’s itemized time records and expenses incurred during the Fourth Fee Period are attached hereto as

Exhibit D. Applicant's itemized time records and expenses incurred during the Fifth Fee Period are attached hereto as Exhibit E. Applicant's itemized time records and expenses incurred during the Sixth Fee Period are attached hereto as Exhibit F. Applicant's itemized time records and expenses incurred during the Seventh Fee Period are attached hereto as Exhibit G. Applicant's itemized time records and expenses incurred during the Eighth Fee Period are attached hereto as Exhibit H. Applicant's itemized time records and expenses incurred during the Ninth Fee Period are attached hereto as Exhibit I. These time records materially comply with the requirements set forth in Complex Case Procedure J in that each time entry contains (a) a separate time allotment, a description of the type of activity, and the subject matter of the activity; (b) all time is billed in increments of one-tenth of an hour; and (c) professionals who rendered services related to each category are identified, along with the number of hours for each individual and the total compensation sought for each category. To the extent the monthly fee statements and this Application do not comply with the Complex Case Procedures in all respects or any other applicable rules or guidelines, Applicant submits that any deviation is immaterial and the Application should be approved notwithstanding such deviation.

20. Professionals of Applicant have expended a total of 2,346.7 hours in connection with this matter during the Application Period. The amount of time spent by each of the professionals providing services to the Committee for the First Fee Period is set forth in Exhibit A, for the Second Fee Period in Exhibit B, for the Third Fee Period in Exhibit C, for the Fourth Fee Period in Exhibit D, for the Fifth Fee Period in Exhibit E, for the Sixth Fee Period in Exhibit F, for the Seventh Fee Period in Exhibit G, for the Eighth Fee Period in Exhibit H, and for the Ninth Fee Period in Exhibit I. As discussed in the FTI Retention Application, the rates reflected therein are FTI's normal hourly rates of compensation for work of this character. The reasonable

value of the services rendered by Applicant for the Application Period as financial advisor for the Committee in these Cases is \$1,661,668.55. The reasonable value of expenses incurred by Applicant during the Application Period is \$8,455.34.

21. The foregoing professional services performed by Applicant were necessary and appropriate to the administration of this Case. Compensation for the foregoing services as requested is commensurate with the complexity, importance, and nature of the problems, issues, or tasks involved.

22. The following paragraphs are intended to highlight key services rendered by FTI during the Application Period and are not meant to be a detailed description of all of the work performed.

Code 2 – Cash & Liquidity Analysis (269.5 hours)

23. During the Application Period, FTI reviewed and analyzed: (i) the Debtors' weekly cash flow budgets and assumptions, (ii) variances between the cash flow forecasts and actual performance, and (iii) the Debtors' covenant compliance. FTI continued to review and analyze the filed 13-week DIP budget, subsequently updated DIP budgets and the key changes, as well as the impact of DIP funding on the Debtors' liquidity on a weekly and monthly basis. FTI participated in weekly calls with the Debtors' financial advisors to discuss the budget and actual results and prepared weekly liquidity reports for the Committee to keep it apprised of the latest liquidity position. Given the limited cash availability in these cases, the Committee's monitoring of this process was essential to avoid value leakage.

Code 5 – Real Estate Issues (392.8 hours)

24. During the Application Period, FTI reviewed and analyzed real estate issues in connection with understanding and assessing leases as part of its investigations workflow. FTI

identified and requested relevant documents for review, conducted various financial and market analyses, reviewed historical financials and transactions, and analyzed the Debtors' properties, including divested facilities. The dozens of facilities divested by the Debtors required intensive diligence to assess the consideration provided by the transferors in exchange for the facilities, as well as the transitions of leases and related issues.

Code 8 – Valuation and Related Matters (116.5 hours)

25. During the Application Period, FTI performed various analyses to evaluate the Debtors' facilities, including real estate appraisal, comparable public company analysis, and divested facility transaction valuation schedules. Time in this task code also included the diligence of financial statements and the preparation of valuation reports as it related to divested facilities. The valuation of these facilities was a key part of the discussions about the Plan, and the analysis shared with the Committee and its counsel influenced the Committee's eventual negotiating position in mediation.

Code 12 – Analysis of SOFAs & SOALs (90.4 hours)

26. During the Application Period, FTI reviewed, analyzed, and prepared a summary presentation evaluating the Debtors' Statements of Financial Affairs ("SOFAs") and Schedules of Assets and Liabilities ("SOALs") in order to identify key information for the Committee, including the various assets and liabilities at individual Debtor entities, payments to insiders within a year before the Petition Date, payments to third parties and related parties within 90 days prior to the Petition Date, and various intercompany payments. FTI prepared diligence questions on the SOFAs and SOALs and participated in discussions with the Debtors' advisors to understand the nature of certain asset and liability balances. FTI presented the key SOFA/SOAL information to the Committee.

Code 14 – Analysis of Claims/Liabilities Subject to Compromise (209.5 hours)

27. During the Application Period, FTI analyzed the Debtors' claims register and General Unsecured Claims pool, including the specific review of personal injury claims, workers' compensation claims, trade claims, and other claims asserted against Debtor entities. In addition, FTI analyzed unsecured claim recovery and related settlement analyses for certain facilities, including the bifurcation of claims at operating and divested facilities. FTI worked to reconcile claims and prepare appropriate schedules related to the claims pool, which involved diligence work on claims and analyzing claims coverage. Additionally, the personal injury claims against the Debtors required thorough diligence to assess matters such as the availability of insurance to cover these claims, the extent to which the estates would be prejudiced by allowing claimants to lift the automatic stay, and the pool of claims against each individual Debtor facility.

Code 16 – POR & DS Analysis, Negotiation and Formulation (213.9 hours)

28. During the Application Period, FTI, on behalf of the Committee and together with the Committee's other professionals, assessed and negotiated the terms of potential settlement proposals with the Debtors and other parties-in-interest. FTI also spent time analyzing the Debtors' terms and conditions of the proposed restructuring and assessed the potential impact on recoveries to unsecured creditors through the preparation of sensitivity analyses that were shared with the Committee. In connection with the assessment, FTI prepared various analyses, including waterfall scenarios and claims analysis. As Plan negotiations evolved, it was critical for FTI to monitor case developments and update the waterfall recovery analysis to inform the Committee of expected case outcomes.

Code 18 – Potential Avoidance Actions & Litigation Matters (198.4 hours)

29. During the Application Period, FTI analyzed potential causes of actions and claims with respect to relations and affiliations between entities, the Debtors' historical transactions, including items related to real estate, debt, insider transactions, and other matters. FTI coordinated extensively with other Committee professionals to develop document requests, conducted review of documents produced as part of discovery, analyzed various financial and transaction documents, and developed relevant market and financial analyses. Time in this code also includes coordination with the Debtors' professionals to facilitate discovery and production of documents responsive to 2004 requests. FTI participated in weekly calls and working sessions with counsel to coordinate workstreams, share updates, and discuss strategy.

Code 21 – General Meetings with Committee & Committee Counsel (87.5 hours)

30. During the Application Period, FTI conducted weekly meetings with the Committee to provide operational updates regarding liquidity, the sale process, recovery analysis, and other important case workstreams. FTI also met with Committee counsel on an ad hoc basis for coordination on legal updates and other matters that concerned the Committee.

Code 24 – Preparation of Fee Application (168.7 hours)

31. During the Application Period, FTI consolidated all time performed by the team during the respective months to prepare monthly and final fee statements. This involved reviewing time entries, categorizing task codes, and preparing all necessary exhibits for the monthly fee statements.

Code 26 – Insurance (148.8 hours)

32. During the Application Period, FTI reviewed various insurance policies and coverages held by the Debtors with a particular focus on understanding the personal injury and workers' compensation policies as well as potential associated liabilities. FTI also conducted

detailed review of historical financial statements and supporting documentation such as insurance analysis, proofs of claim, and insurance policy agreements. This analysis was leveraged to make determinations about claimants who requested that the stay be lifted to allow pursuit of their claim against available insurance, and ensure that other claimants would not be prejudiced if these were permitted.

Code 27 – Mediation (73.4 hours)

33. During the Application Period, FTI participated in mediation and negotiations with key stakeholders in connection with Plan negotiations. As part of the mediation, FTI prepared various analyses, reviewed proposals and counter-proposals, and participated in calls with the Committee advisors and members to discuss key issues, strategy and recovery implications. FTI also reviewed and analyzed various support materials and analyses provided by the Debtors' advisors. FTI assisted in the preparation of a confidential mediation memorandum that was shared with the Mediator to provide context on the Committee's negotiating stance and its assessment of the value being provided to various parties under the Plan.

BASIS FOR RELIEF

34. This application for fees and expenses is submitted under the standards set forth in Grant v. George Schumann Tire & Battery Company, 908 F.2d 874 (11th Cir. 1990) and Johnson v. Georgia Highway Express, Inc., 488 F.2d 714 (5th Cir. 1974). The twelve factors listed in Johnson, and quoted in Grant, affecting the fee application award include, inter alia: the time and labor required; the novelty and difficulty of the questions presented; the skills requisite to performing the services properly; the preclusion of other employment by the professional due to acceptance of this case; the customary fee charged by such professional; whether the fee is fixed or contingent; time limitations imposed by the client or other circumstances; the amount

involved and the results obtained; the experience, reputation and ability of the professional; the “undesirability” of the case; the nature and length of the professional relationship with the client; and awards in similar cases.

35. In accordance with its practices in non-bankruptcy matters, Applicant has calculated its compensation requested in this Application by applying its standard hourly rates. Applicant’s calculation is based upon hourly rates that are well within the range of rates that are charged by comparable firms in similar bankruptcy cases. Accordingly, Applicant’s rates should be determined to be reasonable under Bankruptcy Code Section 330.

36. Applicant’s fees during the Application Period are also reasonable under the prevailing legal standard and should be allowed. The amount of these fees is not unusual given the complexity, size and the amount of work required to represent the Committee’s interest in obtaining approval of a consensual plan in the Debtors’ Chapter 11 Case. Applicant’s fees are commensurate with fees that other professionals of comparable experience and expertise have charged and been awarded in similar Chapter 11 cases. Accordingly, Applicant’s fees are reasonable pursuant to Bankruptcy Code Section 330.

37. Bankruptcy Code Section 330(a)(1)(B) permits reimbursement for actual and necessary expenses. Applicant’s expenses incurred on behalf of the Committee during the Application Period are set forth in this Application and constitute only those necessary expenses that were incurred for the benefit of the Committee. Applicant has properly requested reimbursement of only actual, necessary and appropriate legal expenses.

38. Applicant submits that the fees and expenses incurred during the Application Period meet the standards set forth above and should be approved.

NO PRIOR REQUEST

39. No previous request for the relief sought herein has been made to this Court or any other court.

CONCLUSION

40. For the reasons set forth above, Applicant requests (a) allowance on a final basis of compensation in the amount of \$1,661,668.55 for professional services rendered to the Committee during the Application Period; (b) allowance on a final basis of reimbursement for actual and necessary expenses incurred during the Application Period in the amount of \$8,455.34; (c) payment to Applicant with respect thereto the following amounts: (i) \$16,189.25, which is the amount of fees incurred during the Ninth Fee Period, and (ii) \$20,000.00 for the estimated amount of fees incurred to prepare the Application; and (d) such other or further relief as this Court deems just or appropriate.

This 16th day of July 2025.
