6. On November 23, 2024, the Committee selected Genesis as its financial advisor. On December 21, 2024, the Committee filed the *Application of the Official Committee of Unsecured Creditors for Entry of an Order Authorizing the Employment and Retention of Genesis Credit Partners LLC as Financial Advisor, Effective as of November 23, 2024* [Docket No. 583] (the “Genesis Retention Application”), requesting authorization to retain and employ Genesis as its financial advisor, *nunc pro tunc* to November 23, 2024. On January 15, 2024, the Court entered an order approving the Genesis Retention Application [Docket No. 634]. The Committee also selected McDermott to serve as its counsel *See* Docket No. 633.

### **RELIEF REQUESTED**

7. By this Application, Genesis seeks interim approval and allowance of compensation in the amount of \$816,395.00 and reimbursement of its actual and necessary expenses in the amount of \$4,319.07 incurred during the Compensation Period.

8. During the Compensation Period, Genesis expended a total of 1,204.4 hours on behalf of the Committee on matters relating to the Debtors' Chapter 11 Cases for which it seeks compensation. The blended hourly rate for the professionals who worked on this case is \$677.84. A summary sheet listing each professional who worked on these Chapter 11 Cases during the Compensation Period, his or her hourly rate during the Compensation Period, and the amount of fees attributed to each individual is attached hereto as **Exhibit B**.

9. In addition, a summary sheet listing the amount of fees attributed to each project category is attached hereto as **Exhibit C**.

10. Genesis also maintained records of all actual and necessary out-of-pocket expenses incurred in connection with its representation of the Committee during the Compensation Period. These items include, among other things, business meals and computerized research. Internal costs or overhead cost and document production services (including regular secretarial and word processing time) will not be charged separately. A chart of all expenses incurred in the performance of the services rendered as financial advisor to the Committee during the Compensation Period is attached hereto as **Exhibit D**. In addition, the fees charged by Genesis in these Chapter 11 Cases are billed in accordance with the existing billing rates and procedures as set forth in the Genesis Retention Application.

#### **DESCRIPTION OF SERVICES RENDERED**

11. The following narrative provides a summary of the services rendered by Genesis on behalf of the Committee organized by project category. The summary that follows is not intended to be a detailed description of the work performed by Genesis during the Compensation Period, as those day-to-day services and the time expended in performing such services are fully set forth in the contemporaneous time records that are attached hereto as **Exhibit E**. Rather, the

following paragraphs provide a summary of the most significant services Genesis rendered to the Committee during the Compensation Period.

**A. Business Analysis / Operations**

**Fees: \$413,660.00**

**Total Hours: 628.1**

12. This category includes time spent by Genesis professionals (i) analyzing the Debtors' obligations and capital structure by entity and underlying contractual agreements, including the Debtors' credit agreements and simple agreements for future equity; (ii) research and analysis of the Debtors' operations, key operating and performance metrics, and the industry dynamics and other relevant issues related to the financial viability of the Debtors; (iii) reviewing budgets and models (including operating and value drivers and modified scenarios) and communicating with Debtors' advisor and Committee counsel regarding budget related matters; (iv) review and analysis of comparable companies for valuation and other sale process and/or plan related purposes; and (v) analyzing document productions and providing other research and analyses as requested by Committee counsel.

13. Additionally, Genesis professionals spent time analyzing and preparing summaries of the Debtors' schedules of assets and liabilities and statements of financial affairs, and reviewing various operational motions, including, but not limited to, the Debtors' motion to obtain debtor-in-possession financing and use of cash collateral and related documents, including the amendments and further interim orders approving the same.

**B. Committee Activities**

**Fees: \$170,205.00**

**Total Hours: 250.2**

14. During the Compensation Period, Genesis professionals conducted regular Committee meetings and communicated with the Committee members and their counsel as a group

and on an individual basis. Genesis also spent time providing recommendations to the Committee regarding various requests from parties in interest, opining and/or advising on the Committee's issues with respect to, among other issues, budget and performance dynamics, potential estate causes of action, the sale process, and other financial matters. In addition, Genesis coordinated with Committee counsel to prepare for weekly Committee calls, including by preparing, discussing, and reviewing Committee presentations on various topics, including case status and strategy, the Debtors' operations and finances, and adversary proceedings and contested matters.

**C. Financing Activities**

**Fees: \$100,980.00**

**Total Hours: 146.7**

15. During the Compensation Period, Genesis reviewed and analyzed financing processes and assisted with outreach for exit financing. Time billed to this category includes Genesis's time spent (i) researching, identifying, preparing for and meeting with potential lenders and subsequently introducing interested lenders to the Debtors' financial advisor; (ii) creating outreach and relationship management tools; (iii) preparing materials for initial discussions; (iv) analysis and review of LOIs and term sheets received and subsequent communications with the investor submitting term sheets, the Committee and Debtor advisors; and (v) other communications with Committee counsel and Debtors' financial advisor regarding exit-financing process participants.

**BASIS FOR THE RELIEF REQUESTED**

16. Bankruptcy Code section 331 provides for interim compensation of professionals and incorporates the substantive standards of Bankruptcy Code section 330 to govern the Court's award of such compensation. 11 U.S.C. § 330(a)(1)(A). Bankruptcy Code section 330 also sets forth the criteria for award of such compensation and reimbursement, which include:

- (A) time spent on such services
- (B) the rates charged for such services;
- (C) whether the services were necessary to the administration of, or beneficial at the time at which the service was rendered toward the completion of, a case under [title 11 of the Bankruptcy Code];
- (D) whether the services were performed within a reasonable amount of time commensurate with the complexity, importance, and nature of the problem, issue, or task addressed;
- (E) with respect to a professional person, whether the person is board certified or otherwise has demonstrated skill and experience in the bankruptcy field; and
- (F) whether the compensation is reasonable based on the customary compensation charged by comparably skilled practitioners in cases other than under [title 11 of the Bankruptcy Code].

17. Genesis submits that the compensation requested herein is reasonable and necessary for, beneficial to, and in the best interests of, the Committee. The professional services rendered by Genesis were appropriate and necessary for the effective administration of these Chapter 11 Cases. They were in the best interests of the Committee, the Debtors, and other parties-in-interest. Compensation for the foregoing services is commensurate with the complexity, importance, and nature of the problems, issues, or tasks involved. The professional services were performed in an appropriately expeditious and efficient manner.

18. As a supplement to the factors enumerated in section 330, courts within the Fifth Circuit consider the twelve factors identified in *Johnson v. Ga. Highway Express, Inc.* to determine the reasonableness of compensation incurred by a professional based upon the particular circumstances of a given case.<sup>2</sup> These factors include: (1) the time and labor required; (2) the novelty and difficulty of the questions presented; (3) the skill requisite to perform the services; (4)

---

<sup>2</sup> See *Johnson v. Ga. Highway, Inc.*, 488 F.2d 714, 717 (5th Cir. 1974).

the preclusion of employment by the professional due to acceptance of the case; (5) the customary fee; (6) whether the fee is fixed or contingent; (7) time limitations imposed by client or the circumstances of the case; (8) the amount involved and the results obtained; (9) the experience, reputation, and ability of the professionals; (10) the undesirability of the case; (11) the nature and length of the professional relationship with the client; and (12) awards in similar cases.<sup>3</sup>

19. Utilizing these factors and the standards customarily applied to fee awards under Bankruptcy Code sections 330 and 331, Genesis respectfully submits that its request for compensation and reimbursement of expenses is reasonable and proper, and that such request should be allowed in the amounts sought herein. The following analysis of the *Johnson* factors supports the reasonableness of Genesis's requested fees and expenses:

- (a) *The Time and Labor Required.* The foregoing summary, together with the Exhibits attached hereto, detail the time, nature and extent of the professional services rendered by Genesis for the benefit of the Committee during the Application Period. The total number of hours expended, 1,204.4, indicates that Genesis devoted substantial time to these matters on a wide variety of issues presented in these cases. Genesis, together with McDermott, regularly communicated with the Committee to ensure that the rights of unsecured creditors were protected and that the Committee judiciously proceeded with motion practice only when appropriate.
- (b) *The Novelty and Difficulty of Questions.* The issues presented by these cases demanded a high level of skill during a short period of time. Genesis spent considerable time analyzing difficult restructuring issues, including issues relating to the Debtors' financial viability, exit financing process, the sale process, the draft chapter 11 plan, investigation of claims, and negotiating with the relevant interested parties to protect the interests of, and maximize value for, general unsecured creditors.
- (c) *The Skill Required to Perform the Services Properly.* In rendering services to the Committee, Genesis demonstrated substantial skill and expertise in the areas of

bankruptcy, corporate finance, capital markets and secured transactions, and litigation support.

- (d) *The Preclusion of Other Employment by Applicant Due to Acceptance of the Case.* Given the size and depth of Genesis's restructuring practice, Genesis's financial advisory to the Committee has not necessarily precluded it from seeking other engagements. However, Genesis's devotion of time to one matter inevitably detracts from its ability to seek out other employment opportunities.
- (e) *The Customary Fee.* Genesis agreed to perform its services for the Committee during the pendency of these cases pursuant to its customary compensation practices for engagements of this type and regular hourly billing practices. Genesis is normally compensated on an hourly basis and bills clients on a periodic basis, which is most often monthly.
- (f) *Whether the Fee is Fixed or Contingent.* The fees charged in this Application are based on Genesis's standard hourly rates for engagements of this type.
- (g) *Time Limitations Imposed by Client or other Circumstances.* The Chapter 11 Cases proceeded on an expedited timeline, and there were numerous instances that necessitated Genesis's provision of capable financial advisory services on short notice and under significant time constraints in order to address complex issues. Specifically, the Committee was formed nearly three months after the Petition Date, resulting in the Committee's need for expedited review and analysis of, among other things, the sale process, exit financing process, and the Debtors' financial and operating viability.
- (h) *The Amount Involved and Results Obtained.* For the reasons described in this Application, Genesis respectfully submits that the amount of fees for which compensation is sought is reasonable under the circumstances given the size and nature of the Debtors' operations and business relationships, and the number and complexity of issues addressed. Genesis conducted extensive research and analysis on various issues impacting the Debtors' business.
- (i) *The Experience, Reputation and Ability of the Professionals.* Genesis is a well-known firm and has proven substantial ability in the fields of bankruptcy, corporate finance and capital markets, and litigation support, among others. Edward Kim, a partner at Genesis, had primary responsibility for this case. Mr. Kim has a wide breadth of experience in bankruptcy matters, including with respect to advising official creditor committees, enabling them to effectively render services to the Committee in an efficient manner.
- (j) *The Undesirability of the Case.* While this engagement is not "undesirable," the Chapter 11 Cases are challenging given, among other things, the complexity of the Debtors' business and operational arrangements and the nature and value of the claims asserted against the Debtors in the Chapter 11 Cases.

- (k) *Nature and Length of Professional Relationship*. Genesis had no relationship with the Committee prior to being retained in this case, subject to the disclosures set forth in the *Application of the Official Committee of Unsecured Creditors for Entry of an Order Authorizing the Employment and Retention of Genesis Credit Partners LLC as Financial Advisor, Effective as of November 23, 2024* and accompanying *Declaration of Edward Kim* attached thereto as Exhibit B. See Docket No. 583.
- (l) *Awards In Similar Cases*. The fees and expenses for which Genesis seeks compensation and reimbursement are not excessive and are substantially similar to those awarded in similar cases for similar services rendered and results obtained.

20. This is Genesis's first interim fee application.<sup>4</sup> This Application complies with the requirements of Bankruptcy Code section 331 that a professional only apply for compensation once every 120 days.<sup>5</sup>

21. In sum, the services rendered by Genesis were reasonable, necessary and intended to benefit and preserve the value of the Debtors' estates and the interests of unsecured creditors. These services required a high level of professional competence and expertise, and Genesis believes that the services were performed efficiently and effectively. Accordingly, approval of the compensation for professional services and reimbursement of the expenses sought herein is warranted.

<sup>1</sup> Genesis applied a \$20.00 cap on working meals, resulting in \$183.83 of reductions to Total Expenses of \$4,502.90 during the interim Period. Further, the expense table in Exhibit B of Genesis' first monthly fee statement was incorrectly populated. Gross meal expense requested (before application of the cap on meals) was listed as \$507.28 while the figures in the invoices showed the correct amount of \$472.28. However, the requested expense reimbursement amount in the first monthly fee statement, net of the cap, reflected the correct net expense amount.
