Re; Chapter 11 Bankruptcy of Tehun Care Services Inc. Case No; 23-90086

Dear Clerk.

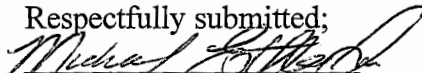

I am writing to ask your assistance in obtaining information on how to negotiate your procedures, in order to obtain sought after results. I need to obtain an order, from one of your courts. I would like information on the most direct route and citations required to get that done. I have included a copy of a court order, issued in a case, that is pending in this state, which references one of the courts in your area.

I do not have access to the court rules of Texas. As evident by my return address, I am incarcerated in a Michigan prison facility. The legal materials available herewith address Michigan and Sixth Circuit are information. I seek to request that the US Bankruptcy Court in Texas, issues an order, permitting this plaintiff to further prosecute his action, here in Michigan, as prescribed for by the court's order copied herewith.

It seems to me that requesting this information would provide for a timelier and precise process then guessing and hoping for positive results? I would very much appreciate your guidance and assistance in this matter, as relates to the rules of procedure and practices within your office.

I do understand and know that you cannot assist me in the law or legal positions related to any party's status. I just seek and hope to obtain information on what that courts practices are related to Bankruptcy procedures and the courts requirements to for a prisoner person to obtain an order, distinct and independently of whatever the issues are in that courts case. Thank you very much for your assistance in this matter.

Respectfully submitted;

Mr. Michael Estelle, Jr.
