 a Hostil Environment For a man of No Legal Edu-

 This Court's Patience w/my Poor Memory &

 Under Penalty of Perjury the Foregoing is True

On or About September 11th of 2025, I was given

 as to truth of my statement, and (Not included

Stipulated Deadline,"

Your Honor, To my Knowledge I did in Fact File a Party of Interest, Proof Claim & Interest, Back in February or March 2025, and filed a Notice of Service w/ Clerk of Court Nathan Ochser, TXSB as Required By Law. I ask that Notice of Service be Reviewed By this Court to Reconsider, Clarify & Compel Trust Claims Admin. To Follow The Settlement Stipulation as was Shown To Be of Good Cause By Judge Christopher M. Lopez; United States Bankruptcy Judge, Signed By his Honor on July 10th 2025, In Re: The Pearson Claimant's Proof of Stipulation, Finding good Cause for The Relief Requested. Case # 23-90086 (C.M.L.) "Order Granting Stipulation Regarding The Pearson's Claim" (page #034773)

Furthermore, on July 8th 2025, Honorable Christopher M. Lopez Granted An Emergency Motion In Re: To Rochise Jackson, as To enforce An Injunction Against Interference, (page #047253) And sets a Precedent as To Claimant's Timelines.

Finally, I ask this Court to Review all Correspondence ever sent via First Class mail To myself In Re: "Scheduling & Discovery order Timeframes", to Wit, @ No time Did The Debtor Notify myself of Any Timeline

Regarding a Disallowance, and To wit, I state w/ No Hesitation, That I've Recvd. only one Deadline of Aug. 8th, 2025 In Regards To The Filing and mailing to "Tehum carc Settlement P.O. Box 89 - Wilmington Delaware, and The Legal mail log on this Unit has my signature and Reasons for what I sent & Signed on August 8th 2025. Please let the Record Reflect my statements.

Relief Sought

I'm Respectfully Requesting That This Court Review all filings sent to me and see as I've stated that at No Time was a scheduling order Provided to me, and as an Inmate on a High Custody Unit, w/ No INTERNET, No Law Library, and No Notice Posted on this Unit to notify any claimant of a Deadline of Disallowance, which makes me ignorant of any schedule to violate AND WHEN I WAS AWARE OF A DEADLINE TEHUM SETTLEMENT REQ. That was Followed Exactly on Aug. 8th 2025.

As a Pro Se Claimant in a Chaotic Environment I can state and ask the Court to see "Exhibit #7" a stamped Envelope From Tehum saying "Address Not

Approved as legal Per A.D.C. This means when I do Receive Replies From Claims Administrator or From the Debtor, Its held, scanned For Narcotics, and can Take Weeks To Receive. This Court may Contact C.O. ~~V~~ Romano @ Cimarron Unit to Verify that many of my Packets and others were unlawfully held, and violated any Deadline I may have Received, if was ever sent, and I state I Recvd. No Scheduling order Violating my Rights To my claims Petition and Forcing me to live the Rest of my life Disabled, and in Fear of my life as I can't work like I was, and or Delay, as my Heart & Lungs are diseased Because Corizon's Policy was More File Diagnosis, And No Specialist Orders unless Death Imminent w/in 3 months. As Parsons v. Ryan showed in Judge Roslyn o' Silver's Ruling Against A.D.C. Healthcare and Stipulation, which A.D.C. Blatantly violated and ignored, and continues to do so, which is inhumane, and unworthy of a Nation as great As U.S.A. To Preserve Quality of life is A.D.C. Job, and to get a 7 yr. sent. and get lifelong Health issues wasn't what the Law For sentencing supposed and Not what Taxpayer's graciously pay so we

can go home to become members of our Community And families again. Now, I'm told I'm Disallowed at No Fault of my own. Legal mail is Hand Delivered & signed. I can't just walk to get it, and all is on No Fault on My Part. In good Christian Spirit Tax payers Believe we get the Care They pay For us to Receive, and we Just Don't. Now, we can't get Filings To Be heard or Notified of our Duties To file Proofs, and even when we do, Telum, whom Represented and is Distributing Assets when Corizon Falsely Claimed Bankruptcy To Avoid Paying Poor People, when their Parent Corporation and Corizon are multi-Billion Dollar Companies that Take Taxpayer Money, Profit in AZ alone in Just 2019 was over 190 million, and we die and lose quality of life, as they shift funds Declare Bankruptcy and start a new company w/all same Vendor Health staff, and Force us and Federal courts to Play Taxcode, LLC.; Filing Game that is willfully malicious, and Deliberately Indifferent to Humans, and only see the Company Bottom-Line at cost of Loss of many men, many lives, my Health and For what? To get a vacation, and Bigger House on the Backs of People who are loved & needed.
