A CLAIMANT, AND SEARCHES CONTINUOUS
HAS CREATED HOSTILE ENVIRONMENT FOR A MAN OF NO LEGAL

28 education, and or experience in a tort claim proceedings,
29 and as such I respectfully request this court's patience w/ my
30 poor memory and recall on this matter, I'm not lying, and swear
31 under penalty of perjury the foregoing is true and accurate to
32 the limit of my knowledge, education, and understanding of these
33 matters.

34 On or about September 11th 2025, I was given legal mail post -
35 marked was not on envelope, but unit properly an legal sign in /
36 out log will attest to the truth of my statement and (not included
37 as an exhibit because I cannot see the log or make a copy per
38 A.D.C policies) in the envelope which was postmarked w/
39 Return Address: Tetum Care Services Settlement (Return Address
40 on file w/ the court)

41 Enclosed there in was a Notification of Disallowance of Claimants
42 Settlement and the Reason stated was "Failed to File a proof of claim w/
43 in stipulated deadline" Your Honor, I did in fact file a party of
44 interest an proof claim an interest, Back in February 2025, & Filed
45 a notice of service w/ clerk of court Nathan Ochoner, TXSB as Re-
46 quired by law. I ask that notice of service be reviewed by this
47 court to consider, clarify & complete trust claims Admin. To Follow
48 the Settlement stipulation as was shown to be of good cause by
49 judge Christopher M. Lopez, United States Bankruptcy
50 judge, signed by this Honor on July 10th 2025, in Re:
51 the ~~person~~ Pearson Claimant proof of stipulation, Finding good
52 cause For the Relief Requested case # 23-90086 (K.M.L.)
53 "order granting stipulation Regarding the Pearson's claim"
54 /page # 034773) Furthermore, on July 8th 2025, Honorable

55 Christopher M. Lopez granted An Emergency motion in Re:
56 to Kuchise Jackson, As to Enforce An Injunction Against
57 Interference, (pg. #047253) & sets a precedent as to Claimants
58 timeliness. Finally I Ask this Court to Review All correspondence
59 ever sent via First class mail to myself in Re: "Rescheduling
60 & Discovery order Timeframes", to wit, @ No time did the
61 Debtor Notify myself of Any timeline Regarding A Disallowance,
62 & to wit, I state w/no Hesitation, that I've Rec'd only one
63 Deadline of ~~any~~ Aug 8th 2025 in Regards to the Filing &
64 Mailing to "Tehum Care Settlement P.O. Box 89 - Wilmington
65 Delaware, & the Legal mail log on this unit has my signature &
66 Reasons For what I sent & signed on Aug 8th 2025, please let
67 the Record Reflect my statements.

68 Relief Sought

69 I'm Respectfully Requesting that this Court Review all
70 Filings sent to me & see As I've stated that At No time
71 was A scheduling order provided to me, & As An Inmate
72 on A High custody unit w/no internet, NO Law Library, & NO
73 notice posted on this unit to notify Any claimant of A Dead
74 line of Disallowance, which makes me Ignorant of Any
75 schedule to Violate & when I was Aware of A Deadline
76 Tehum Settlement Reg. that was Followed exactly on
77 Aug 8th 2025. As A pro-se Claimant in A chaotic en-
78 vironment, I can state & Ask the Court to see "Exhibit # 7"
79 A stamped envelope From tehum saying "address not approved
80 As legal per A.D.C. this means when I do Receive Replies
81 From Claim Admin or From the Debtor, its Held, scanned For

82 Narcotics, & can take weeks to receive. this court may contact
83 C.O. IV Romano At Cimarron Unit to verify that many of my
84 packets & others were unlawfully held, & violated any deadlines
85 I may have rec'd, if it was never sent, & I state I rec'd no schedul-
86 ing order violating my rights to my claims petition & forcing me to
87 live the rest of my life disabled, & in fear of my life as I can't work
88 like I was, & or relax as my heart & lungs are diseased because
89 conzons policy was more file diagnosis & no specialist orders unless
90 death was imminent w/ in three (3) months as parsons vs Ryan showed
91 in judge Roslyn O'Silver's Ruling Against A.D.C Health care and
92 stipulation, which A.D.C Blatantly violated & ignored, & continues
93 to do so, which is inhumane, & unworthy of a nation as great
94 as U.S.A to preserve quality of life is A.D.C job, & to get a
95 life sentence & now life long health issues wasn't part of my
96 sentencing. I'm told I'm disallowed at no fault of mine.
97 Legal mail is hand delivered & signed. I can't just walk to get
98 it, & all is of no fault of mine. Now, we can't get filings to
99 be heard or notified of our duties to file proof, & even when
00 we do, Tehum, whom represented & is distributing assets
01 whom Corizon falsely claimed bankruptcy to avoid
02 paying poor people, we've died here in A.D.C do to
03 their negligences & have adverse effects to our
04 health that will effect us the rest of our lives.
05 I'm asking the court to enforce justice & see the damage
06 they (Corizon) have caused to my health because
07 they were chasing the bottomline. I ask that once my
08 petition here is verified, that this court compels the

Debtor to Award the Settlement I qualify For & Filed
For on Aug. 5th 2025 to Debtor as well as Notice of
Service w/ the Clerk of Record Nathan Ochser. I'm Re-
questing that Compel Debtor to Honor contract as it is Legal
Binding in Form of a Trust Claims Submission packet ~~which~~
which I Filed under penalty of perjury, & Filed the
Notice as Required.

Thank you for your time
Respectfully Yours
