The Honorable Brendan Linehan Shannon.
The United States Bankruptcy Court for the District of Delaware;

Wilmington, Delaware 19801

Ref.: Proterra Inc. Chapter 11 case no. 23-11120(BLS)

Dear Honorable Judge Sjhannon:

I am the same type of victim as the many small investors who were scammed by the Proterra Management and the PAC group who joined in this ill fated EV and associated battery and consulting business. Based upon their glowing description of the products and services that this company was claiming to be providing and planning to provide along with statements of orders and various approvals and successes, in purchased via my Fidelity INvestment account Z75-153737 three thousand shares of Proterra stock for $1381.25 and via my Fidelity IRA account414-939765 two thousand shares at a cost of $228.09 based upon the continued assurance that this was a successful and enroute to being profitable company including glowing reports of the " largest USA located EV battery plant starting production in January of 2023. Suddenly, the auditors caused a panic by stating that the organization could probably be called a non ongoing organization requiring a new Financial Manager and the reassuring statement that the matter was going to be taken care of and the stockholders should not panic.

Then suddenly, a whole bunch of creditors and financial obligations not disclosed before cropped up including a 2 million dollar payment to the LS battery cell manufacturer as advanced payment for battery purchases along with disclosure that other creditors had notes to be paid and limitations on the use of funds and prohibiting the sale of the company or obtaining loans from I believe an auxiliary of the PAC company. This is an illegal pump and dump scam fueled by management lies and failure to disclose adverse information.
Even near the end of this scam, the failure to deliver orders was described as the orders could not be produced profitably at the time. Payment of cancellation charges for the parts to produce the orders was hidden in the company information.

During my 1950 HS civics class, it was disclosed that the court standard was to never be a party to an illegal act. The thousands of victims of this scam need the court to order that the victims of this illegal scam be compensated from this criminal fraud by directing the appropriate judicial entity to bring charges against both Proterra and the PAC entities who are engaged in this fraud. Such

compensation should take priority over payment for so called loans and warrant obligations due the PAC entities and the Proterra Managementl. My name is Gwyn Norman Crump Sr.; 3144 Mosteller Road, Boonville NC 27011 phone 3364682151. I am also enclosing the recent notice sent to all stockholders which does nothing to protect or benefit the wronged stockholders. The senders of this notice benefit from their involvement in many ways; none of which benefits the wronged stockholders.

The many wronged stockholders will appreciate your destruction of this scam by having the appropriat4e judicial entity prosecute this conspiracy to defraud PAC scam under the organized crime statute.

Sincerely
