Subject: PROTERRA INC, et al., Debtors. Chapter 11 Case No. 23-11120

Your Honor,

I too am writing to implore you to reject the terms of the Amended Proposed Plan where it continues to suggest that holders of the Proterra, Inc. ("Proterra) common stock will not receive any recovery following the conclusion of the Chapter 11 case.

My name is Eric Oben, and I am a common shareholder of Proterra. I bought 31,748 common shares in August 2021 for close to $400,000. This is hard-earned money acquired through my professional career as an Electrical Engineer. Like many others, this is my retirement money invested through an Individual Retirement Arrangements (IRA) account.

Your Honor, I believe that diversification of the utilization of energy is the future and Proterra had made significant progress towards this realization. I also listened to what the President of the United States of America said during a virtual tour of Proterra Manufacturing Plant in Greenville, South Carolina and believed they were part of the future.

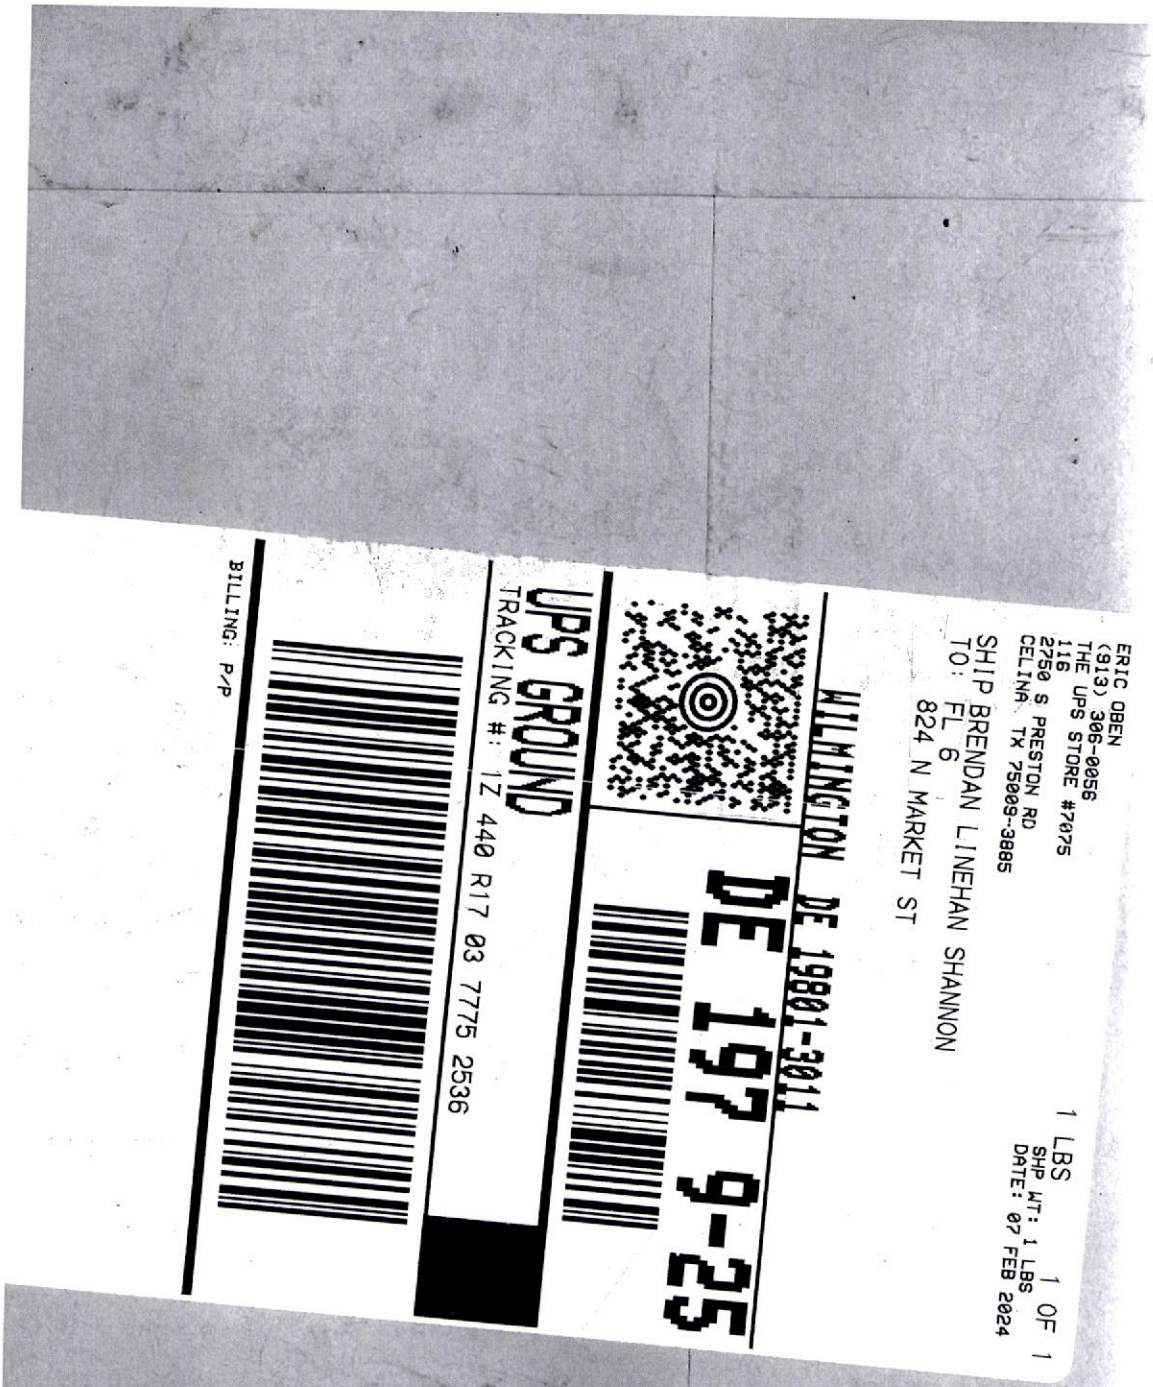

Your Honor, as I painfully follow the Chapter 11 proceeding of Proterra, my family and I are completely devasted to see what is being proposed as a recovery plan and the total lack of compassion, dignity, and accountability by Proterra. Our money contributed to the development and growth of Proterra Powered, Energy and Transit and we should be part of the reorganizational plan.

Your Honor, I and many shareholders implore you to reject the terms of the Amended Proposed Plan. We, the common shareholders are families with kids to take care of. Receiving nothing might be tantamount to a dead sentence for some of us.

Sincerely,

Eric Oben
