Docket #0390 Date Filed: 7/17/2023

IN THE UNITED STATES BANKRUPTCY COURT
FOR THE DISTRICT OF DELAWARE

In re: WELDED CONSTRUCTION, L.P., *et al.*,[1] Debtors.	Chapter 11 Case No. 18-12378 (LSS) (Jointly Administered)
WELDED CONSTRUCTION, L.P., Plaintiff, v. THE WILLIAMS COMPANIES, INC., WILLIAMS PARTNERS OPERATING LLC, and TRANSCONTINENTAL GAS PIPE LINE COMPANY, LLC, Defendants.	Adv. Pro. No. 19-50194 (LSS)

CERTIFICATION OF COUNSEL REGARDING
PROPOSED JOINT PRETRIAL ORDER

The undersigned, as counsel to Plaintiff Welded Construction, L.P. ("Welded"), certifies as follows:

1. Pursuant to the Third Amended Scheduling Order and Local Rule 7016-2(d), Welded and defendant Transcontinental Gas Pipe Line Company, LLC have conferred and negotiated an agreed-upon form of proposed joint pretrial order, attached hereto as **Exhibit 1** (the "Proposed Joint Pretrial Order").

[1] The Debtors in these chapter 11 cases, along with the last four digits of each Debtor's federal tax identification number, are: Welded Construction, L.P. (5008) and Welded Construction Michigan, LLC (9830). The mailing address for each of the Debtors is P.O. Box, Perrysburg, OH 43552-0470.

1812378230717000000000001

2. Accordingly, Welded respectfully requests that the Court enter the Proposed Joint Pretrial Order at its earliest convenience without further notice or hearing.

Dated: July 14, 2023

Counsel for Welded Construction, L.P.

Exhibit 1

Proposed Joint Pretrial Order

IN THE UNITED STATES BANKRUPTCY COURT
FOR THE DISTRICT OF DELAWARE

In re: WELDED CONSTRUCTION, L.P., *et al.*,[1] Debtors.	Chapter 11 Case No. 18-12378 (LSS) (Jointly Administered)
WELDED CONSTRUCTION, L.P., Plaintiff, v. THE WILLIAMS COMPANIES, INC., WILLIAMS PARTNERS OPERATING LLC, and TRANSCONTINENTAL GAS PIPE LINE COMPANY, LLC, Defendants.	Adv. Pro. No. 19-50194 (LSS) **Re: Docket No. 299**

JOINT FINAL PRETRIAL ORDER

Plaintiff Welded Construction, L.P. ("Welded") and defendant Transcontinental Gas Pipe Line Company, LLC ("Transco" and, together with Welded, the "Parties" and each a "Party"), through their undersigned counsel, file this Joint Pretrial Order (this "Pretrial Order") pursuant to Del. Bankr. L.R. 7016-2(d). Pursuant to Paragraph 4 of the Court's Third Amended Scheduling Order [Adv. Docket No. 299], the trial of this adversary proceeding (the "Trial") will be held on August 22-25, August 28-31, and September 6-7, 2023. This Pretrial Order is intended to govern the Trial. The final pretrial conference is scheduled for August 2, 2023.

[1] The Debtors in these chapter 11 cases, along with the last four digits of each Debtor's federal tax identification number, are: Welded Construction, L.P. (5008) and Welded Construction Michigan, LLC (9830). The mailing address for each of the Debtors is P.O. Box 470, Perrysburg, OH 43552-0470.

I. Nature of the Action

Welded was a mainline pipeline construction contractor. In August of 2016, Welded entered into a contract (the "Contract") with Transco, an interstate natural gas transmission company, to construct three contiguous segments of the Atlantic Sunrise Pipeline (the "ASR Project"). The Contract utilized a cost-reimbursable plus percentage of cost, fixed fee structure. Welded's segments of the Project—Spreads 5, 6, and 7—covered more than half of the length of the entire pipeline.

As amended, the Contract provided that the "final construction cost" for purposes of the incentive program was $454,500,000 and that the Mechanical Completion date for purposes of the incentive program was June 14, 2018." By the end of June 2018, Welded had invoiced Transco over $600,000,000 on the ASR Project.

On September 19, 2018, Welded achieved Mechanical Completion of its 96-mile portion of the Project. On October 4, 2018, Transco withheld payment of $23,563,538.

A little more than two weeks after Transco's nonpayment, on October 22, 2018, Welded filed a voluntary chapter 11 petition in the United States Bankruptcy Court for the District of Delaware.

On February 28, 2019, Transco filed two proofs of claim. Claim 632 asserted a $16,320,000 general unsecured claim, stating that Transco was entitled to damages under the Contract related to the pipeline coating. Claim 636 asserted a $94,291,513.58 general unsecured claim for damages related to Welded's alleged (i) overbilling under the Contract ($45,611,991.00), (ii) billing for purportedly non-reimbursable expenses ($7,605,609.63), (iii) schedule overruns ($1,928,571.00), and (iv) failure to pay subcontractors and suppliers ($39,145,341.95). On April 26, 2019, Transco filed a Request for Payment of Administrative Expense Claim for the Period from the Petition Date through and including March 31, 2019.

On May 3, 2019, Welded filed the Complaint [Adv. Docket No. 1] commencing this adversary proceeding (the "Adversary Proceeding"). The Complaint asserts various competing breach-of-contract claims, as well as claims for tortious interference with contractual relations, stay violation, and violation of the Pennsylvania Contractor and Subcontractor Payment Act, 73 Pa. Cons. Stat. §§ 501–516 ("CASPA"). The Complaint also includes two objections to Transco's proofs of claim.

In its answer to the Complaint, Transco filed Counterclaims against Welded [Adv. Docket No. 63].

On July 13, 2019, the above-captioned Defendants filed a motion [Adv. Docket No. 24] seeking to dismiss certain counts of Welded's Complaint. On October 16, 2019, the Court issued an opinion and order [Adv. Docket Nos. 48 & 49] granting in part, and denying in part, the motion to dismiss.

On November 25, 2020, the Defendants filed a motion to withdraw the reference with respect to the Adversary Proceeding [Adv. Docket No. 177].

On July 7, 2021, the District Court denied the withdrawal motion with prejudice as to Transco and without prejudice as to The Williams Companies, Inc. and Williams Partners Operating LLC (collectively, "Williams"). The District Court ordered that Williams may renew its request to withdraw the reference with respect to Counts 3 and 12 against it after this Court resolves the claims and counterclaims between Welded and Transco. [Civil Action No. 20-1613-CFC, Docket No. 14].

As set forth in more detail below, the Parties seek a determination of the pending claims and defenses asserted in Welded's Complaint, Transco's Answer to the Complaint, and Transco's Counterclaims.

II. Basis of Federal Jurisdiction

For the avoidance of doubt, the counts of Welded's Complaint that are proceeding to trial are Count I (breach of contract) against Transco, Count VI (impermissible setoff) against Transco, Count VII (unjust enrichment) against Transco, Count VIII (objection to POC 632) against Transco, Count IX (objection to POC 636) against Transco, Count X (declaratory judgment) against Transco, Count XI (violation of CASPA) against Transco, and Count XII (attorneys' fees) against Transco. These counts and the counterclaims asserted by Transco against Welded are, collectively, the "Trial Claims." Although The Williams Companies, Inc. and Williams Partners Operating LLC are named defendants in the Adversary Proceeding, Welded's claims against Williams are not proceeding to trial in this Court. [Civil Action No. 20-1613-CFC, Docket No. 14].

Accordingly, the jurisdiction of the Court is not in dispute with respect to the Trial Claims. The Court has subject matter jurisdiction over the Trial Claims pursuant to 28 U.S.C. §§ 157 and 1334, and the *Amended Standing Order of Reference* from the United States District Court for the District of Delaware, dated February 29, 2012. Venue of this proceeding is proper under 28 U.S.C. § 1409. This Trial is a core proceeding within the meaning of 28 U.S.C. § 157(b)(2). [Adv. Docket No. 48].

III. Basis of the Court's Adjudicatory Authority

The Parties consent to entry of final orders or judgment by this Court with respect to the Trial Claims.

IV. Statement of Admitted Facts

A. The following facts are not disputed or have been agreed to or stipulated by the parties:

1. In September 2015, Welded submitted a bid to Transco totaling $341,222,556 on a fixed-price, unit rate basis for spreads 5, 6 and 7 of the Atlantic Sunrise pipeline project ("ASR Project"), a natural-gas pipeline connecting gas-producing regions in Pennsylvania to markets in the Mid-Atlantic and southeastern states.

2. On or about November 8, 2015, Welded and Transco executed a letter regarding the ASR Project.

3. Transco issued a Request for Services ("RFS") to Welded for pre Notice to Proceed services ("Pre-NTP").

4. Pursuant to the RFS, Welded was to perform the following services:

> [C]onduct pre-mobilization work for the Atlantic Sunrise pipeline project, including construction planning, community outreach, design and material procurement assistance, and/or other services as requested by the ASR project team.

5. Welded invoiced Transco $12,461,649 Pre-NTP, including $6,095,894, which was identified as "Equipment – NTP Delayed" on the invoice and as "Pre NTP Equipment Standby Reconciliation" on the attached documentation.

The Contract

6. Transco and Welded are parties to a contract executed on August 10, 2016 for the construction of segments of the ASR Project ("Contract").

7. Welded was responsible for constructing Spreads 5, 6 and 7.

8. The compensation to be provided to Welded is set forth in the Contract, including Section VIII of the Contract and exhibits thereto.

9. Pursuant to the Contract, Transco agreed to pay Welded "for Work that is estimated for the upcoming payment period, based upon each month's forecasted reimbursable costs, equipment, material and mat costs, and Contractor's Fee" ("Cash

Call"). Pursuant to Section 1.2.2 of Appendix G: "Each invoice will be based on the Construction Schedule and the Cash Flow and Contractor's good faith estimate of the amount of progress to be achieved by Contractor in the Pay Month."

10. Pursuant to Section 1.2.3 of Appendix G: "On or before the fifth (5) day of the Pay Month, Company will pay Contractor the undisputed amounts invoiced."

11. Section VIII of the Contract established an incentive/disincentive program for costs and schedule.

12. "Incentive Program" is defined in Section VIII, Art. 2.A. of the Contract as:

> [T]he bonus program, as fully described in this Section VIII, including the incentive worksheets attached hereto, whereby Contractor is incentivized to complete all Work: (i) at or below the target budget; (ii) by or before the targeted completion date; and (iii) without (safety) incident.

13. Section VIII, Art. 2.I. of the Contract provides that the Incentive Program is based on: a "Mechanical Completion date of October 6, 2017; and Final construction cost (i.e. total compensation payable under the Contract to Contractor for all time and material Work, reimbursable Work, unit rate Work and Fixed Fees, collectively) of US$335,000,000. This final construction cost includes compensation payable in connection with Work scope items performed up through final completion, as opposed to compensation payable to achieve Mechanical Completion only."

14. Welded and Transco entered into an Amendment to the Contract signed by Welded on March 5, 2018 and by Transco on May 15, 2018.

15. The Amendment provided that: "Final construction cost (i.e. total compensation payable under the Contract to Contractor for all time and material Work, reimbursable Work, unit rate Work and Fixed Fees, collectively) of US$~~335,000,000-~~ $454,500,000. This final construction cost includes compensation payable in connection

with Work scope items performed up through final completion, as opposed to compensation payable to achieve Mechanical Completion only."

16. The Amendment revised the "Mechanical Completion" date to June 14, 2018, and increased the Fixed Fee to $50,500,000.

17. As reflected in Exhibits 5, 6, and 7 to the Contract, under the Incentive Program, Welded was entitled to receive a payment equal to $5 million plus half of any cost savings. Exhibits 5, 6, and 7 also provided that, for every dollar over the final construction cost, the payment to Welded would be reduced by $0.25. Welded's potential liability to Transco under the Incentive Program was capped at $10 million.

18. As reflected in Exhibits 5, 6, and 7 to the Contract, under the Incentive Program, Welded was entitled to receive a payment equal to $5 million plus an additional $1 million for every week that Welded finished before the target Mechanical Completion date. Exhibits 5, 6, and 7 also provided that, for every week beyond the target Mechanical Completion date, the payment to Welded would be reduced by $500,000. Welded's potential liability to Transco under the Incentive Program was uncapped.

19. Notice to Proceed ("NTP") under the Contract was issued by Transco on September 25, 2017.

20. On September 19, 2018, Welded achieved Mechanical Completion of Spreads 5, 6 and 7 of the ASR Project.

Invoices and Payments

21. Transco deducted $10 million under the Incentive Program from payment to Welded.

Audit and Withholdings

22. Transco engaged Oil and Gas Contracts Services ("OGCS") to perform an audit of Welded's billing records.

23. On July 3, 2018, Transco sent a letter to Welded stating that the current payment and future payments would be made under protest.

24. Transco informed Welded on October 4, 2018 that Transco was withholding $21,634,967 from its next payment to Welded for certain alleged categories of erroneous charges and $1,928,571 under the Incentive Program regarding the targeted Mechanical Completion date.

25. Transco withheld $23,563,538 from Welded on October 4, 2018.

Petition, Complaint and Counterclaim

26. On October 4, 2018, Transco filed a lawsuit in the District Court of Tulsa County, Oklahoma, asserting a breach of contract claim against Welded in the amount of $23,563,538. *Id.* ¶¶ 22-23. Transco did not effect service of the lawsuit on Welded.

27. On October 22, 2018 ("Petition Date"), Welded commenced a voluntary case under chapter 11 of the Bankruptcy Code.

28. On February 28, 2019, Transco filed two proofs of claim against Welded, Claim Nos. 632 and 636.

29. On April 26, 2019, Transco filed a Request for Payment of Administrative Expense Claim for the Period from the Petition Date through and including March 31, 2019.

30. On May 3, 2019, Welded filed the Complaint against Transco.

31. On November 13, 2019, Transco filed an Answer and Counterclaim against Welded.

Post-Petition Commitment Letters

32. After the Petition Date, Transco and Welded entered into three Court-approved Post-Petition Commitment Letters, whereby Transco agreed to pay for Welded's postpetition work during specified time periods.

V. Statement of Disputed Facts

A. The Following Facts are Asserted by Welded but Disputed by Transco:

Welded's fact assertions as set forth herein are subject to and incorporate Welded's motions for partial summary judgment [Adv. Docket Nos. 305, 308] and its motion in limine to exclude irrelevant matters [Adv. Docket No. 358], as well as Welded's opposition to Transco's motion for partial summary judgment [Adv. Docket No. 314] and Welded's opposition to Transco's motion in limine to exclude alleged parol evidence [Adv. Docket No. 367], all of which are pending as of the date of this Pretrial Order. Welded's fact assertions as set forth herein are also subject to and incorporate Welded's to-be-filed pretrial brief.

1. In the fall of 2015, construction equipment was in short supply, and Welded owned more equipment than its competitors.

2. In November 2015, Welded was days away from committing its equipment to another project when Transco approached Welded about working on the ASR Project instead.

3. Welded prepared a letter of intent outlining the terms on which it would commit its equipment to Transco's project.

4. Within days, on or about November 8, 2015, Transco had signed the letter of intent ("Letter of Intent"), locking in Welded's commitment to provide its equipment to spreads 5, 6, and 7 of the ASR Project.

5. The Letter of Intent stated that "a definitive agreement for the execution of the Project" would be "based on the . . . principles" identified in the letter.

6. On August 10, 2016, Welded and Transco executed the Contract on the terms set forth in the Letter of Intent.

7. Transco issued a Request for Services to Welded for services prior to the Notice to Proceed.

8. Welded billed appropriately for equipment on standby for the ASR Project prior to the Notice to Proceed.

9. Welded billed appropriately under the Contract.

10. "Work" is defined in Section I, Art. 1 of the Contract.

11. "Fixed Fee" is defined in Section VIII, Art. 2.A. of the Contract as:

> [T]he $45,000,000 lump sum fixed fee price, payable to Contractor in installments as further set forth in this Contract, covering all: (i) Contractor cost and expenses attributable to Contractor's Home Office overhead and management in connection with the Project; (ii) profit payable to Contractor in connection with the Project; and (iii) all income, revenue, rates, overtime, premium pay, taxes, benefits and expenses (including any business, travel or living expenses) in connection with Work performed by Home Office Personnel.

12. The Fixed Fee was to be paid according to Section 1.2 of Appendix G:

> Ninety percent of Contractor's Fee shall be divided into equal installments and paid in equal installments between the Initial invoice and subsequent invoices until 90% of the total fee has been paid. The remaining 10% will be retained by Company until final acceptance of the Work and Company has been satisfied that all material and labor bills and all claims payable by Contractor have been paid and all liens discharged.

13. "Labor Costs" are defined in Section VIII, Art. 2.A. of the Contract as:

> i) the actual wage rates and benefits paid to NPLA Personnel pursuant to the NPLA for actual Work performed, ii) the actual wages and benefits, in accordance with Exhibit 1 paid to Field Personnel for actual Work performed and iii) for both i and ii above, to the extent however not already addressed by or covered under the NPLA with respect to NPLA Personnel, fringe benefits, employee vehicle rental/pay, travel pay, per diem, fuel pay, payroll taxes and insurance in accordance with Exhibit l actually paid to NPLA and Field Personnel in connection with payment for actual Work.

14. The Contract also provides for an "Equipment Fee" payable to Welded, which is defined in Section VIII, Art. 2.A. of the Contract as a "flat fee calculated as 50% of Labor Costs payable for actual Work performed by all NPLA Personnel and Field Personnel assigned to the project."

15. Welded properly billed for its Labor Costs under the Contract.

16. Welded properly applied the Equipment Fee to its Labor Costs under the Contract.

17. Welded did not invoice for Included Equipment under the Contract.

18. Welded properly invoiced for Specialty Equipment under the Contract.

19. Welded properly invoiced for Materials under the Contract.

20. Welded properly invoiced for Subcontractors under the Contract.

21. Transco did not identify any instances of allegedly incorrect billing to Welded prior to October 4, 2018.

22. Transco did not obtain certain permits necessary to allow Welded to complete the project by June 14, 2018.

23. Transco obtained the necessary Amtrak permit on June 12, 2018.

24. Transco obtained the necessary I-76 permit variance on May 31, 2018.

25. Transco obtained the necessary I-81 permit variance on June 4, 2018.

26. Transco obtained the necessary Pequea Creek permit variances on June 15, 2018.

27. Transco prevented Welded from timely completing Spreads 5, 6, and 7 of the ASR Project.

28. The Contract did not specify an agreed-upon methodology for determining and accounting for schedule extensions.

29. Events outside of Welded's control delayed the ASR Project.

30. The ASR Project has been highly profitable for Transco.

31. The ASR Project consisted of eight different construction spreads divided among four primary construction contractors: Henkels & McCoy, Inc., Latex Construction Company, Inc., Michels Corporation, and Welded.

32. Latex performed work on Spread 4 of the ASR Project. Spread 4 was adjacent to the work Welded was performing on the ASR Project, and Latex achieved mechanical completion less than a week before Welded.

33. Transco had OGCS perform an audit of Welded pursuant to Transco's contractual audit right.

34. Phil Burke and Adrian Green of OGCS visited Welded's offices on July 24 and 25, 2018, and met with Welded's personnel.

35. Transco did not disclose until June 2020 that OGCS had been working at the direction of counsel since June 29, 2018.

36. Transco did not provide the audit findings to Welded before withholding payment from Welded's invoice.

37. Welded submitted its first estimated Cash Call invoice to Transco in September 2017, and each month thereafter.

38. Welded's Cash Call invoices and Transco's corresponding payments of Welded's Cash Call invoices on the ASR Project are as follows:

Welded Cash Call Invoice Date	Invoiced Amounts	Date Paid	Transco Amount Paid
September 1, 2017	$17,865,073	September 20, 2017	$17,865,073
October 5, 2017	$43,839,870	November 8, 2017	$43,839,870
October 30, 2017	$6,553,428	November 3, 2017	$6,553,428
November 6, 2017	$77,840,815	December 5, 2017	$77,840,815
December 8, 2017	$78,399,282	January 5, 2018	$78,399,282
January 5, 2018	$73,951,899	February 5, 2018	$73,951,899
February 5, 2018	$90,986,227	March 5, 2018	$90,986,227
March 5, 2018	$77,512,616	April 5, 2018	$77,512,616
April 5, 2018	$70,038,761	May 4, 2018	$70,038,761
May 5, 2018	$63,052,666	June 5, 2018	$63,052,666
June 5, 2018	$46,955,673	July 5, 2018	$46,955,673
July 5, 2018	$27,527,199	August 14, 2018	$17,527,199
August 5, 2018	$24,796,808	September 10, 2018	$24,796,808
September 5, 2018	$27,363,816	October 5, 2018	$3,800,278

39. Welded's Cash Call invoices totaled $726,684,134.

40. The Contract provided for Welded to reconcile its Cash Call to the actual costs of the month and adjust the next Cash Call based on the reconciliation, increasing or decreasing the amount depending on whether Welded had under or overestimated the prior monthly Cash Call.

41. Welded also submitted true-up invoices reconciling actual construction costs to the estimated Cash Calls (noted above) that were invoiced in advance. After reconciliation, the monthly invoices are as follows:

Reconciliation Invoice Date	Total Amount Invoiced	Work Month
December 5, 2017	$35,114,898	October 2017
January 5, 2018	$44,925,948	November 2017
February 5, 2018	$73,736,529	December 2017
March 5, 2018	$74,382,788	January 2018
April 5, 2018	$69,239,337	February 2018
May 5, 2018	$78,762,805	March 2018
June 5, 2018	$72,011,142	April 2018
July 5, 2018	$64,785,441	May 2018
August 5, 2018	$82,903,567	June 2018
September 5, 2018	$59,432,681	July 2018
October 5, 2018	$52,999,434	August 2018
March 1, 2019	$38,714,008	September 2018
March 1, 2019	$17,513,934	October 2018

42. Welded submitted reconciliation invoices to Transco totaling $764,522,514.

43. On October 30, 2019, Welded submitted an invoice in the amount of $5,050,000 for the Final Fixed Fee that was not paid by Transco.

44. Welded invoiced Transco $769,572,513 for the ASR Project from NTP issuance to October 22, 2018.

45. Transco has paid $693,120,596 for the ASR Project from NTP issuance to October 22, 2018.

46. The total amount invoiced by Welded (including the Pre-NTP and post-petition period) was $789,747,539.

47. Transco has paid $716,399,348 for amounts invoiced during the Pre-NTP, Pre-Petition Period and Post-Petition Period.

48. The unpaid Final Fixed Fee amount is $5,050,000.

49. The amount Transco withheld under the Incentive Program is $10,000,000.

50. Welded's outstanding unpaid invoices total is $69,951,768. This amount excludes $6,500,150 in Pre-NTP equipment and bond costs that had been included in an

October 2017 reconciliation invoice but are not outstanding. The outstanding unpaid invoices total of $69,951,768 includes $5,050,000 for the Final Fixed Fee, $10,000,000 that Transco withheld under the Incentive Program, and $2,767,729 for union dues identified in ¶ 45 below.

51. Welded is not seeking $2,767,729 for union dues that Welded invoiced but that Transco paid directly.

52. Subject to the entry of an order by the Court, Transco agreed to provide a prefunded payment to Welded for postpetition work on the ASR Project between October 22, 2018 and October 29, 2018.

53. On October 23, 2018, the Court entered its Order Approving Commitment Letter [Docket No. 45], pursuant to which Transco provided funding in the amount of $4,600,000 for such postpetition work on the ASR Project.

54. The parties worked out another payment whereby Transco would provide prefunding for postpetition work on the ASR Project between October 30, 2018 and November 4, 2018.

55. On October 29, 2018, the Court entered its Order Approving Second Commitment Letter [Docket No. 111], pursuant to which Transco provided additional funding in the amount of $1,800,000 for postpetition work on the ASR Project.

56. By a third Post-Petition Commitment Letter, Transco and Welded addressed the funding of remaining postpetition work on the ASR Project to occur between November 5, 2018 and December 8, 2018.

57. On November 8, 2018, the Court entered its Order Approving the Third Commitment Letter [Docket No. 172], whereby Transco provided additional funding in the amount of $1,650,000 for postpetition work on the ASR Project.

58. In the aggregate, Transco paid $7,875,000 to Welded for postpetition work on the ASR Project performed by Welded pursuant to the Court-ordered postpetition commitment letters (collectively the "Post-Petition Commitment Letters").

59. Based on its reconciliation documentation, Welded's actual costs for work performed under the Post-Petition Commitment Letters was $7,539,002.

60. Based on Welded's reconciliation documentation and amounts paid by Transco under the Post-Petition Commitment Letters, the unused portion of the advance payments from Transco under the Post-Petition Commitment Letters is $335,998 in the aggregate.

61. Welded is not seeking to retain $335,998 Transco paid in advance for work performed under the Post-Petition Commitment Letters.

62. In 2020, Welded withdrew any claims for consequential damages based on allegations that Transco's breaches of the Contract (i) caused or resulted in a reduction in Welded's enterprise value, (ii) caused or resulted in the destruction of Welded's business, (iii) caused or resulted in lost business opportunities for Welded, and/or (iv) caused or resulted in a loss of future profits for Welded in connection with work it may or would have performed on projects other than the ASR Project.

63. Transco has wrongfully withheld payment from Welded.

64. Transco wrongfully withheld the cost penalty under the Contract.

65. On October 4, 2018, Transco received FERC approval to put the ASR Project into service.

66. On October 4, 2018, within hours of receiving FERC approval, Transco had prepared a letter informing Welded that Transco would be withholding $23,563,538 from its next payment to Welded, which was due to be paid the next day, October 5, 2018.

67. Transco wrongfully withheld the $23,563,538, which included $1,928,571 under the Incentive Program.

68. On October 6, 2018, the ASR Project was placed into service.

69. On October 16, 2018, David Sztroin, John Todd, Adrian Green, and Phil Burke met with Steve Hawkins, Sean Singleton, Rich Wall, and Marcus Hood for OGCS to provide an explanation of the audit findings and alleged overbillings.

70. Transco's withholding of October 4, 2018, contributed to an acute liquidity crisis for Welded.

71. Welded is not asserting damages against Transco for causing Welded's bankruptcy or for being one of the reasons that Welded's bankruptcy became necessary.

72. Welded's surety, Federal Insurance Company, paid the claims of Welded's subcontractors, vendors, and suppliers on the ASR Project to the extent that Welded was unable to do so.

73. None of Welded's subcontractors, vendors, or suppliers have asserted liens on the ASR Project.

74. Transco wrongfully withheld payment of two reconciliation invoices, dated March 1, 2019, due under the Contract for Welded's work in September and October of 2018.

75. Transco wrongfully withheld payment of the final $5,050,000 installment of Welded's Fixed Fee due under the Contract.

76. Transco did not provide appropriate notice of its withholdings.

77. The asserted bases for Transco's withholdings are pretextual.

78. Over time, Transco has changed the asserted bases for withholding payments from Welded.

79. The Contract does not require Welded to bear the cost of tie-in welds above a certain number.

80. Under the Contract, the Equipment Fee may be higher or lower than the cost of the equipment covered by the Equipment Fee.

81. The Contract does not require or prohibit a profit or loss to Welded on account of the equipment covered by the Equipment Fee.

82. The Contract does not require Welded to segregate or earmark payments from Transco unless Welded were to dispute an invoice it received from a subcontractor.

83. Welded worked with Transco ahead of the Notice to Proceed to jointly determine the execution plan to achieve the lowest capital cost to build the project in the allotted schedule.

84. Transco finally accepted the Work.

85. Transco did not reject any Defective Work under the Contract.

86. Transco has not identified any non-compensable "rework."

87. Transco has not identified any dents in the pipeline attributable to Welded.

88. Transco has not identified any defects in the pipeline coating attributable to Welded.

89. Transco did not call any safety shutdowns.

90. On June 25, 2020, the Court confirmed Welded's Amended Chapter 11 Plan [Docket No. 1505].

B. The Following Facts are Asserted by Transco but Disputed by Welded:

The Contract

1. On November 5, 2015, Transco and Welded executed a Contingent Award Notice.

2. The Contingent Award Notice expressly provided that Transco and Welded would thereafter negotiate and execute a contract.

3. Transco and Welded did negotiate over the course of the following nine months, and ultimately executed the Contract on August 10, 2016.

4. Section I, Article 39 of the Contract provides (in relevant part) that "[t]his Contract, including all appendices thereto, constitutes the entire agreement between Company and Contractor and supersedes any and all previous oral or written negotiations (including the "Contingent Award Notice," dated November 5, 2015, from Transcontinental Gas Pipe Line Company, LLC to Welded Construction L.P. and any extension(s) and/or amendments thereto)…"

5. Section I, Article 35 of the Contract provides that "[t]he laws of the State of Oklahoma, excluding its choice of law principles, shall govern this Contract."

6. Transco has 21 corporate officers, 12 of which work in Oklahoma.

7. The Contract was executed by Transco in Oklahoma.

8. Welded submitted Contract invoices to Transco in Oklahoma.

9. The Contract was a Cost Plus Percentage of Cost, Fixed Fee Contract.

10. For each of the spreads, Welded was generally responsible for performing at least the following activities pursuant to the Contract:

- Planning, scheduling, cost tracking;
- Install and maintain soil erosion and sedimentation control devices;
- Clear, grade, excavate and blast ditch, string pipe, bend pipe, weld pipe, pad ditch, lower-in pipe;
- Install road and railroad crossings;
- Install horizontal directional drill ("HDD");
- Install AC mitigation and cathodic protection;
- Hydrotest; and
- Cleanup and restoration of the Right of Way.

11. After execution of the Contract and prior to Notice to Proceed with Construction ("NTP"), Welded amended its plan. Welded increased the "final Construction price" from $334 Million to $454 Million, accounting for weather impacts, environmental requirements, a three spread vs. two spread execution plan, and reduced productivity of its welding and tie-in crews due in part to winter weather.

12. As part of its amended plan and revised estimate, Welded amended its planned labor productivity and Schedule. Welded included an additional 35%, or 2.5 days per week, for anticipated weather impacts for its tie-in crews, which were on the critical path in its revised Contract Schedule.

Pre-Construction

13. Pursuant to a Request for Services ("RFS"), Welded performed pre-mobilization work for the Atlantic Sunrise pipeline project throughout 2017, which was to include "construction planning, community outreach, design and material procurement assistance, and/or other services as requested by the ASR project team." (the "RFS Period").

14. During the RFS Period, Welded outsourced much of this planning work to personnel hired from the Professional Talent Acquisition Group ("PTAG").

15. Bechtel Oil, Gas and Chemicals, Inc. ("Bechtel") was a limited partner of Welded and had a 73.5% interest in Welded in 2016 and 2017. Bechtel provided loaned personnel to Welded before and after Notice to Proceed ("NTP") was issued.

16. Many of the Welded, Bechtel loaned personnel and agency personnel paid for by Transco in the RFS Period were hired and assigned to work on multiple Welded projects. Some left the ASR Project before or shortly after NTP was issued.

17. Welded invoiced Transco $12,461,649 under the RFS.

18. Welded invoiced Transco $6,095,894 for "Standby Equipment" under the RFS in 2017.

19. Welded provided a single excel spreadsheet listing the "Standby Equipment" in support of its "Pre NTP Equipment Standby Reconciliation." No additional supporting documentation for the actual cost of the Standby Equipment or any evidence that it was actually on standby was provided.

Welded's Poor Construction Performance & Inadequacies

20. Transco issued the Notice to Proceed ("NTP") with construction work to Welded on September 25, 2017. Although this timing did not change the scope of Welded's Work on the Project, Welded recorded that it incurred $12,123,820 for mobilizing workers on September 25, 2017, rather than October 2, 2017 as planned. Despite this reported early mobilization, Welded's contemporaneous Project Reports recorded essentially no progress reported by these crews. At least $5,819,358 of Welded's

"early mobilization" costs related to its lack of planning and management, poor productivity, and failure to reasonably control costs.

21. Welded outsourced the majority of its Project Management and Project Controls responsibilities to third parties, including agency personnel provided through the PTAG and Bechtel seconded employees, although the Contract at Section VIII.2.D.D.5. provided that "Contractor shall not subcontract or outsource the following scopes of work to a third party: Project Management. . . Procurement and Project Controls."

22. Welded's Project Control Managers were responsible for cost and schedule control for the Project. Welded's first Project Control Manager, James Grindinger, was an agency personnel hire from the PTAG. Mr. Grindinger left the Project shortly after NTP and was replaced by another PTAG agency hire, John McNabb, as Project Controls Manager.

23. By mid-January 2018, 3.5 months into the Project, Mr. McNabb, was internally reporting that Welded had incurred $23.6 Million of productivity loss/inefficiency and was forecasting a total cost overrun of $120 Million and 800,000 more labor hours than originally estimated. Welded internally reported that it was unable to provide an "accurate forecast" "until resolution on one schedule, productivity and staffing[.]"

24. By the end of January 2018, John McNabb had left Welded and was replaced by a third Project Controls Manager, Sean Singleton, who was brought in from Bechtel.

25. Each of Welded's spreads consistently failed to meet its planned construction progress and planned completion date. Welded's craft labor force suffered

from severe labor inefficiency and lack of productivity, leading to over a hundred million dollars of cost overruns.

26. Welded failed to meet the June 14, 2018 Contractual Mechanical Completion milestone date due to its self-inflicted poor productivity, delays, and failed attempts at hydrotesting the pipeline. Welded did not achieve Mechanical Completion until September 19, 2018.

27. Spread 5 was the last spread to achieve Mechanical Completion and was the as-built critical path of the Project for this milestone. Welded's tie-in welding work was on the critical path and was completed approximately 2.5 to 3 months later than planned on Spread 5.

28. Neither Welded, nor its scheduling expert, has identified any alleged Transco-caused delays to the Mechanical Completion of Spread 5.

29. Despite blaming the winter weather for its poor labor productivity and delays, the weather conditions that Welded actually experienced on the Project (at least as of the original Mechanical Completion date of June 2018) were consistent with the historical weather conditions and similar to the number of days Welded had accounted for in the Contract Schedule.

30. Welded's claims that the weather conditions during the Project were significantly worse than the normal historical weather conditions for the area were not supported by actual data, given the weather conditions were consistent with historical averages, Welded's own contemporaneous analysis, and the additional days Welded allocated to the Project in the Contract Schedule.

31. Due to Welded's lack of planning, and inability to forecast and reasonably control costs, Welded significantly exceeded the number of tie-in welds in its Project Execution plan, and its recorded tie-in weld labor hours increased over one hundred percent (100%) on the Project. Welded estimated the cost of each tie-in weld at $8,788/weld during the Project. Welded added approximately 254 tie-in welds, resulting in an added total cost of $2,232,152 to the Project.

32. In its daily reports, Transco tracked the weld repairs and the weld cut-outs made by Welded on the Project. According to Transco's daily reports, Welded performed 10,118 total welds, of which 563 were repairs and 363 were cutouts. The Contract, Section I, Art 22.C., provided for a five percent (5%) weld repair rate allowance prior to subjecting Welded to liability for repairs and cutouts.

33. Allowing for the 5% Contract allowance of 506 repaired/cut-out welds, the remainder of welds and cutouts in excess of 5% totaled 420 welds, comprised of:

Repairs	255
Cutouts	165

34. Welded maintained a Non-conformance Log of non-conforming work together with an "estimated cost of rework." During the Project, Welded estimated the cost of its rework related to nonconformance or defective work totaled approximately $2,018,000. Based on the descriptions in Welded's Non-conformance Log, these do not relate to weld repairs. The estimated cost of rework did not include an identified Equipment Fee on the labor involved with the initial defective work or the re-work as reported by Welded.

Welded's Environmental Noncompliance & Safety Violations

35. On August 31, 2017, Welded executed a Co-permittee Agreement assuming joint and several responsibility under an Erosion and Sedimentation Control Permit issued by the Pennsylvania Department of Environmental Protection ("PADEP").

36. During the Project, the PADEP identified over 100 violations of the Permit and the environmental regulatory requirements by Welded.

37. Transco entered into a Settlement Agreement with PADEP, in part, to pay sums for the Welded Violations of the environmental regulatory requirements.

38. During the Project, Welded recorded several safety violations which resulted in lost time events, safety standdowns, and safety retraining.

39. Welded charged every labor hour it expended on the Project to Transco, including all hours associated with its own acts and omissions that resulted in inefficient work, defective and nonconforming work, re-work, and environmental permit and safety violations.

Welded's Extra Work Requests

40. During the Project, Welded submitted Extra Work Requests ("EWRs") pursuant to Section I, Article 8 of the Contract for alleged changed or extra work it performed beyond the Contract requirements. Some of the EWRs were approved by Transco and some were rejected. The total combined amount of approved and unapproved EWRs was only $10,096,726, although Welded billed Transco for more than $314 Million over the Contract final Construction price.

41. In its EWRs, Welded sought a Contract Schedule time extension for only six calendar days of identified delay.

42. Welded did not request any time extension to the Mechanical Completion date for weather conditions during the Project.

Welded's Misuse and Diversion of ASR Funds

43. Prior to the NTP of the ASR Project, Welded had also contracted with Energy Transfer Partners and Transcanada to construct the Mariner East and Leach Express pipelines in Pennsylvania and West Virginia.

44. In early 2018, Welded revealed to Bechtel that it was suffering a liquidity crisis due to losses that it was incurring on its other fixed-price pipeline projects. By March 2018, Welded and Bechtel had engaged Zolfo Cooper (now Alix Partners), a financial restructuring consultant, as well as Young Conaway, bankruptcy counsel.

45. At a March 22, 2018 Board Meeting with Welded and Bechtel, Zolfo Cooper presented an analysis of their investigation into Welded's financial situation and the extent to which Welded had been using the ASR advance funding to keep Welded afloat despite significant losses on other Projects. Zolfo Cooper reported that Welded had used $135.6 Million of "positive net cash flow from Williams ASR" to fund its losses on other projects.

46. On March 23, 2018 Bechtel's head of Internal Audit, Stephen Kuxhausen, cautioned Welded's President, Stephen Hawkins, and Bechtel's Rich Wall, "that Welded has been living off advance funding from Williams ASR that is now ending and Williams could be withholding payment soon if the issues are not resolved quickly. Williams will likely get hurt if Welded goes Ch 11, which would taint any future business opportunities with a major customer."

47. Welded was required under Article 24 of the Contract to pay all of its personnel, subcontractors, suppliers and other vendors on the Project promptly and satisfactorily. Welded was also required to reconcile the subcontractor's invoices on a monthly basis and refund Transco any overpayments under Section VIII.2.D.D.5.

48. On October 22, 2018, the day of Welded's bankruptcy filing, Zolfo Cooper's financial analysis concluded that Transco had provided a positive net cash flow of $84.5 Million for the ASR Project, even after accounting for Transco's prior withholding on October 4, 2018. Had Welded not used Transco's advance funds for its other projects, this would have covered the total ASR Project Accounts Payable Welded had outstanding at that time, which was approximately $71.1 Million.

49. As Mr. Pometti explained to Bechtel's Mr. Wall in March 2019, Welded used ASR funds to offset losses on Welded's project for Energy Transfer Partners: "ETP benefited[sic] from $68 million of cash from other sources, while ASR was a net provider of $85.7 million of cash through 10/21/18."

50. Welded never disclosed to Transco that it was using ASR funds to cover its losses on other projects while Welded's ASR subcontractors and suppliers went unpaid.

51. Welded began diverting ASR funds to pay its other debts before March of 2018, which was at least seven months prior to the Transco withholding in October of 2018.

Welded's Improper Billing Practices & Transco's Withholding

52. Welded's Reconciliation Invoices included several clerical errors, which Welded representatives have confirmed. After adjusting for these agreed upon errors, the total amount invoiced by Welded during the Project was $768,197,389. Transco paid a total of $716,399,348, leaving a balance of $51,798,041. This balance is simply reflective of the amounts invoiced and paid. This amount excludes any mis-charging by Welded as

described herein, as well as the final Fixed Fee, which was not billed by Welded until 2019.

53. Welded has confirmed that it charged Transco for all labor hours on the Project. For the union personnel craft labor force, this included the time spent performing defective work, correction of defective work, repairing damage to roadways, and downtime due to repeated safety and environmental violations.

54. During the Project, Welded maintained an internal and a client job cost report. Welded did not provide Transco with any details regarding the costs of any Included Equipment that it did not bill to Transco.

55. According to its internal job cost records, Welded initially identified certain equipment costs appropriately as Included Equipment (dump trucks, hauling, pickup trucks and welding rigs), but later moved them from the "Included Equipment" section of its internal job cost reports into the "Billable" section of its cost reports and charged these amounts to Transco.

56. Welded also charged Transco for personnel located at the home office and personnel performing home office or management functions.

57. Welded also charged Transco the cost of all labor performing repairs and maintenance on the Included Equipment to Transco, notwithstanding that all overhead and expenses related to supplying and providing this equipment was to be covered by the Equipment Fee multiplier.

58. Under the Contract, Transco was to reimburse Welded for the actual wages, benefits, and expenses of Field Personnel, its indirect labor force, as described in Exhibit 1 of Section VIII. Exhibit 1 identified the job classifications of the allowable Field

Personnel, including the Superintendent, Assistant Superintendent, Project Manager, Assistant Project Managers, Office Managers, Safety Managers, etc. Exhibit 1 also set forth wage rates and provided that: "Contractor must seek approval from Company before implementing any changes to wages and benefits for any Field Personnel member in excess of 7.5% above the values shown herein for any individual labor classification. **No such increase shall be given retroactive effect.**"

59. The "Equipment Fee" payable to Welded was defined as a "flat fee calculated as 50% of Labor Costs **payable for actual Work performed** by all NPLA Personnel and Field Personnel assigned to the project." The Contract at Section VIII.2.D proscribed how compensation for labor for "actual Work performed" would be paid, specifically the actual "wages and benefits" paid to NPLA Personnel per the NPLA and Field Personnel as set forth in Section VIII, Exhibit 1. Contract Section VIII, Art. 2.D.

60. In its hiring and invoicing, Welded disregarded the limitations of Exhibit 1 for Field Personnel, both with regard to wage rates and allowable Labor Classifications. Welded added more than twice the number of indirect "Field Personnel" to its staff for the ASR Project than any of its other fixed price projects. During this same time period, Welded's indirect to direct labor ratio was 4.7% for its fixed-price projects, but it was more than double—11 to 12%—for the ASR Project.

61. There was significantly more Field Personnel on the ASR Project than Welded's General Superintendent had ever experienced in his career.

62. Welded disregarded the wage rates for Field Personnel in Exhibit 1, charging rates more than 7.5% higher without any prior request for approval. Welded

employed highly compensated agency personnel from the PTAG at a significant expense, all of which were charged to Transco, with a 50% Equipment Fee markup.

63. Welded billed Transco for all agency fees charged by the PTAG, together with an Equipment Fee markup on these agency fees. The PTAG agency fees were not wages or benefits paid to the PTAG Field Personnel.

64. Bechtel billed Welded a fifty percent (50%) markup on all charges for the Bechtel Personnel working on the Project, which did not qualify as wages or benefits paid to the Bechtel personnel. Welded then charged Transco an Equipment Fee markup on these amounts.

65. Welded did not pay Bechtel invoices in the amount of $2,894,910 for Bechtel personnel, as Bechtel wrote off the invoices, but Welded billed Transco a total of $4,342,365 for these unpaid invoices.

66. Welded also charged the time that employees spent working on its other fixed-price projects to Transco. All costs (and Equipment Fee) for Welded's General Superintendent, Mr. Schoenherr, were consistently charged to Transco by Welded at 60 hours per week from September 2017 to August 2018, although he worked on five or six other projects as well during that period and a "General Superintendent" was not a chargeable Field Personnel Job Classification per the Contract.

67. Welded billed Transco for Field Personnel who were performing home office management functions, contrary to the Contract, which provided that the $50.5 Million Fixed Fee covered all Home Office overhead and management. Welded charged IT personnel, Business Managers, and Accounts Payable personnel directly to Transco, including a 50% Equipment Fee on their wages, benefits, and reimbursed expenses.

68. Certain personnel working out of Welded's Perrysburg Home Office, who did not qualify as "Field Personnel" were also charged to Transco.

69. Welded also added a 50% Equipment Fee to the reimbursed expenses (*per diem*, travel, vehicle allowance, etc.) of all of the NPLA and Field Personnel contrary to Section VIII.2.D of the Contract, which classified the "wages and benefits" as the compensation "for actual Work performed."

70. Welded billed Transco for every hour the Field Personnel and NPLA personnel recorded to the Project, regardless of the whether the work was nonconforming, defective, re-work or inefficient due to Welded's own failures of planning and management.

71. Despite requests from Transco, Welded was unable to prepare a reliable and accurate cost forecast or "estimate at completion" for the Project.

72. Throughout the Project, Welded failed to comply with the invoicing and reconciliation requirements of the Contract, including a failure to provide supporting documentation and reconciliation on a timely basis. Welded typically submitted reconciliations at least three months after the initial Cash Call for a specific month, and failed to respond to questions from Transco's field accountants. As a result, Transco had little visibility into Welded's actual costs until several months after those charges had been invoiced in the Cash Call process.

73. Transco timely paid the Welded Cash Call invoices through October 2018, but notified Welded that it was doing so with a reservation of rights.

74. As a result of Welded's significant cost overruns and its failure to invoice Transco per the requirements of the Contract, Transco engaged OGCS to perform an audit

of Welded's Project invoicing pursuant to Section I, Article 31 of the Contract (the "Audit").

75. On July 3, 2018, Transco advised Welded that it was abusing the contract structure and that its payment of the Cash Call advances would not operate as a waiver of its right to question the propriety of the invoiced amounts. Transco further advised that any further payments would be made under protest.

76. Transco deducted the $10 Million Cost Penalty from its Cash Call payment in July 2018, as it was apparent that Welded would exceed the final Construction price subjecting it to liability to the entire $10 Million Cost Penalty. Welded did not dispute this liability and reflected the entirety of this deduction in its invoices submitted thereafter. By October of 2018, the Audit had revealed in excess of $40 Million in Welded invoicing to Transco that was not authorized by the Contract.

77. As a result of the Audit, Transco notified Welded in writing on October 4, 2018, that Transco would withhold an amount reasonably calculated as the amount Transco overpaid ($23,563,538) from payment of Welded's September 2018 invoice, primarily from the Cash Call (advance payment) portion of the invoice.

78. On October 4, 2018, Transco filed a complaint against Welded in the District Court of Tulsa County, Oklahoma pursuant to Section I, Article 35 of the Contract. Transco did not serve a copy of the complaint on Welded, and the Oklahoma action was ultimately dismissed.

The Parties' Post-Petition Actions

79. Following its bankruptcy filing, Welded left the Project without completing its entire scope of Work, including the cleanup and restoration work required by the

Contract. Transco had to hire a reprocurement contractor to complete Welded's Work at a cost of approximately $50 Million.

80. Testing of the pipeline identified potential dents that were investigated, excavated and remediated due to Welded's noncompliance with the Contract backfill requirements to ensure a rock free padding. Transco incurred costs to perform the testing and remediation work that should have been borne by Welded.

81. Transco provided Post-Petition funding to Welded based upon the terms of the Contract and assurances by Welded representatives that the Included Equipment would be billed as provided by the Contract. Welded billed the actual cost of the Included Equipment, contrary to the Contract and the assurances relied upon by Transco.

82. In order to keep certain suppliers/subcontractors working, Transco paid for past services provided by certain third parties.

83. Transco filed two Proofs of Claim and a Request for Payment of Administrative Expense Claim for the Period from the Petition Date through and including March 31, 2019.

VI. Issues of Law

A. Welded Contends that the Following Issues of Law Remain to be Litigated:

Welded's contentions as set forth herein are subject to and incorporate Welded's motions for partial summary judgment [Adv. Docket Nos. 305, 308] and its motion in limine to exclude irrelevant matters [Adv. Docket No. 358], as well as Welded's opposition to Transco's motion for partial summary judgment [Adv. Docket No. 314] and Welded's opposition to Transco's motion in limine to exclude alleged parol evidence [Adv. Docket No. 367], all of which are

pending as of the date of this Joint Final Pretrial Order. Welded's contentions as set forth herein are also subject to and incorporate Welded's to-be-filed pretrial brief.

As explained in more detail in the pretrial brief that Welded is to file in accordance with the Third Amended Scheduling Order, Welded contends that the following issues of law remain to be litigated:

1. Whether Transco breached the Contract by failing to pay Welded's invoices.

2. Whether Transco breached the covenant of good faith and fair dealing.

3. Whether Transco violated Article 31 of the Contract.

4. Whether Pennsylvania law applies to this case.

5. Whether the Pennsylvania Contractor and Subcontractor Payment Act, 73 Pa. Cons. Stat. §§ 501–516 ("CASPA"), applies to the Contract and the payment dispute at issue.

6. Whether Transco violated CASPA.

7. Whether Transco is precluded from asserting Oklahoma law applies.

8. Whether Transco is precluded from disputing Welded's invoices.

9. Whether Transco acted in bad faith.

10. Whether payment of equipment costs under the Post-Petition Commitment Letters differs from the payment of equipment costs under the Contract.

11. Whether Transco properly withheld $10,000,000 from Welded under the Incentive Program.

12. Whether Welded is entitled to receive a payment under the Incentive Program.

B. Transco Contends that the Following Issues of Law Remain to be Litigated:

Transco's contentions as set forth herein are subject to and incorporate Transco's Motion for Partial Summary Judgment [Adv. Docket No. 300] and Motion in Limine to Exclude Parol Evidence [Adv. Docket No. 349], as well as Transco's Opposition to Welded's Motion for Partial Summary Judgment Regarding Contract Interpretation and Contribution Claim [Adv. Docket No. 311], Transco's Opposition to Welded's Motion for Partial Summary Judgment Regarding Application of CASPA [Adv. Docket No. 313], and Transco's Opposition to Welded's Motion in Limine to Exclude Certain Irrelevant Matters [Adv. Docket No. 363], all of which are pending as of the date of this Joint Final Pretrial Order.

Transco's contentions as set forth herein are also subject to and incorporate Transco's to-be-filed pretrial brief.

1. The Contract is governed by Oklahoma Law. Delaware courts will honor a decision by contracting parties that a particular state's law will govern, so long as some material connection links the chosen jurisdiction to the transaction. *See, e.g., Abry Partners V, L.P. v. F&W Acquisition LLC*, 891 A.2d 1032, 1048 (Del. Ch. 2006) ("When parties have chosen a state's contract law to govern their contract, it is illogical to assume that they wished to have the enforceability of that contract judged by another state's law."); *Libeau v. Fox*, 880 A.2d 1049, 1056-57 (Del. Ch. 2005) ("[w]hen parties have ordered their affairs voluntarily through a binding contract, Delaware law is strongly inclined to respect their agreement, and will only interfere upon a strong showing that dishonoring the contract is required to vindicate a public policy interest even stronger than freedom of contract. Such public policy interests are not to be lightly found …"). Guided by Section 187 of the Restatement, Delaware courts will only disregard the parties' contracted-for choice of law

in two circumstances: (a) the chosen state has no substantial relationship to the parties or the transaction, and there is no other reasonable basis for the parties' choice; or (b) application of the chosen state's law would be contrary to the fundamental public policy of a state with a materially greater interest than the chosen state in determining the particular issue, and that state would be the state of applicable law in the absence of an effective choice of law by the parties. *See* Restatement (Second) of Conflicts of Laws § 187 (1971). Oklahoma has a substantial relationship to the Parties as Transco is a wholly owned subsidiary of Williams Partners, which in turn is wholly owned by Williams Companies, and the principal place of business of Transco, Williams Partners, and Williams Companies is Tulsa, Oklahoma. Application of Oklahoma law is not contrary to the fundamental public policy of Pennsylvania. *KNL Construction, Inc. v. Killiam Construction Co., Inc.*, Case No 3:14-CV-412-UN2, 2014 WL 1671959 (M.D. Pa. Apr. 28, 2014); *Whiting-Turner Contracting Co. v. Westchester Fire Ins. Co.*, No. CIV. JFM-13-348, 2013 WL 3177881 at *3-4 (D. Md. June 20, 2013); *Popple Constr., Inc. v. Kiewit Power Constructors, Co.*, No. 3:17-CV-1760, 2018 WL 1998332 (M.D. Pa. Apr. 12, 2018).

2. Pursuant to Oklahoma law, the following principles of contract interpretation from the Oklahoma Code are applicable to this dispute:

Okla. Stat. tit. 15, § 132: Express Contract Defined;
Okla. Stat. tit. 15, § 137: Writing Excludes Oral Negotiations or Stipulations;
Okla. Stat. tit. 15, § 138: Delivery, Contract Takes Effect on;
Okla. Stat. tit. 15, §§ 151-176: Contract Interpretation.

3. Pursuant to Oklahoma law, the language in a contract is given its plain and ordinary meaning, and a contract must be considered as a whole so as to give effect to all its provisions without narrowly concentrating upon some clause or language taken out of

context. *Lewis v. Sac & Fox Tribe of Oklahoma Housing Auth.*, 896 P.2d 503, 514 (Okla. 1994) (citing *Mercury Inv. Co. v. F.W. Woolworth Co.*, 706 P.2d 523, 529 (Okla. 1985)).

4. Where a contract is complete in itself and, when viewed as a totality, is unambiguous, its language is the only legitimate evidence of what the parties intended. *Lewis v. Sac & Fox Tribe of Oklahoma Housing Auth.*, 896 P.2d 503, 514 (Okla. 1994) (citing *Mercury Inv. Co. v. F.W. Woolworth Co.*, 706 P.2d 523, 529 (Okla. 1985)).

5. The parol evidence rule set forth in Title 15, § 137 is a matter of Oklahoma substantive law, rather than a rule of evidence. *First Nat'l Bank in Durant v. Honey Creek Entertainment Corp.,* 54 P.3d 100, 103-104 (Okla. 2002). "The rule provides that parol evidence cannot vary, modify or contradict the terms of an executed written agreement" in furtherance of "an important public policy—the certainty and stability of contracts." *Id*.

6. "[W]here a contract is complete in itself and, as viewed in its entirety, is unambiguous, its language is the only legitimate evidence of what the parties intended. The intention of the parties cannot be determined from the surrounding circumstances, but must be gathered from a four corners' examination of the contractual instrument in question." *Mercury Inv. Co. v. F.W. Woolworth Co.,* 706 P.2d 523, 529 (Okla. 1985).

7. If examination of the contract itself reveals that it was intended to be the complete and exclusive statement of all terms, parol evidence may not be introduced to show additional terms, even if consistent with the contract. *Southwestern Bell Media, Inc. v. Eden*, 848 P. 2d 584, 585 (Okla. 1993).

8. Generally speaking, the measure of damages for breach of contract is "the amount which will compensate the party aggrieved for all the detriment proximately caused

thereby, or which, in the ordinary course of things, would be likely to result therefrom." 23 O.S. 1991 § 21.

9. Welded bears the burden of proof that its invoiced costs were compliant with the Contract and were reasonably and actually incurred. *See Shaw*, 38 So.2d 916; *Kerner*, 296 So.2d 428.

10. A breach of contract is a material failure of performance of a duty arising or imposed by agreement." *Milroy v. Allstate Ins. Co.*, 151 P.3d 922, 927 (Okla. Civ. App. 2006).

11. Welded breached the Contract by invoicing Transco for unreasonable, self-inflicted and/or unallowable amounts.

12. Welded breached the Contract by failing "to determine the execution plan to achieve the lowest capital cost to build the Project in the allotted schedule." Contract, Section II at II-4.

13. Welded breached the Contract by improperly charging an Equipment Fee on reimbursable expenses, such as *per diem*, travel and lodging costs, as well as agency fees paid to the PTAG for Agency Personnel, and Bechtel's markups on seconded employees.

14. Welded breached the Contract by charging Transco for "Included Equipment" which was to be covered by the Equipment Fee, including charging an Equipment Fee multiplier on certain Included Equipment such as welding and mechanics' rigs that were rented from the union employees.

15. Welded breached the Contract by charging Transco for home office management and overhead personnel and expenses that were covered by the Fixed Fee.

16. Welded breached the Contract by charging Transco $4,342,365 for Bechtel employees' work on the Project, despite not actually incurring these costs.

17. Welded breached the Contract by charging Transco for personnel working in Welded's home office, *i.e.* personnel that did not qualify as Field Personnel under the Contract, Art. VIII.2. Definitions.

18. Welded breached the Contract by charging Transco for maintenance and repair of Included Equipment, which was a cost of supplying and providing Included Equipment under Contract Section VIII, Art. 2. E ("The Equipment Fee shall cover the cost, expense, overhead, profit and all compensation due and payable to Contractor in connection with the provision and supply of Included Equipment.").

19. Welded breached the Contract by charging Transco for the cost of General Liability Insurance, which is a cost to be borne by the Contractor pursuant to Contract Section I, Art. 8.B.

20. Welded breached the Contract by charging rates in excess of 7.5% of the Exhibit 1 rates without seeking prior approval from Transco, contrary to Section VIII, Exhibit 1.

21. Welded breached the Contract by charging Transco for Agency Fees for the PTAG agency personnel, which were not wages or benefits provided to Field Personnel as provided by Contract Section VIII.2.D.

22. Welded breached the Contract by charging Transco for haul permits which Welded was required to obtain at its own expense under Contract Section I, Art. 19.

23. Welded breached the Contract by outsourcing Project Management, Procurement and Project Controls responsibilities to third parties contrary to Section VIII, Art. 2.D.5 at VIII-7 to 8.

24. Welded breached the Contract by mischarging Transco for the alleged "direct costs" of Included Equipment, rather than the Equipment Fee, in the post-Petition timeframe.

25. Welded made representations to Transco regarding the charging of Included Equipment in the post-Petition timeframe. Transco relied on those representations.

26. Welded breached the Contract by failing to promptly pay its Subcontractors and Suppliers and failing to reconcile the Subcontractor and Supplier invoices on a monthly basis as required by Contract Section I, Art. 24.B and Section VIII, Art 2.D.5 at VIII-7.

27. Welded breached the Contract by its repeated violations of the environmental/regulatory permits issued by the PADEP. Welded is responsible for payment of penalties incurred by Transco due to Welded's repeated environmental violations of the permits issued by PADEP.

28. Welded breached the Contract by mischarging Transco for costs it incurred due to lost time for repeated and unaddressed safety violations contrary to Contract Section II.G.

29. Welded breached the Contract by failing to achieve Mechanical Completion in accordance with the Contract.

30. Welded breached the covenant of good faith and fair dealing.

31. Welded breached its duty to reasonably control costs. *See, e.g., Metropolitan Elec. Co. v. Mel-Jac Constr. Co.*, 576 P.2d 323, 325 (Okla. App. 1978)

("[T]he subcontractor owes the contractor a duty to make every reasonable effort to minimize costs."); *Frontier-Kemper Constructors, Inc. v. Elk Run Coal Co*., 2008 WL 2937726 at *6 (S.D.W. Va. Jul. 23, 2008) ("The Oklahoma Court of Appeals has held a condition is implicit in cost-plus contracts that the subcontractor owes the contractor a duty to make every reasonable effort to minimize the costs."); *Forrest Constr. Co. v. Laughlin,* 337 S.W. 3d 211, 223 (Tenn. Ct. App. 2009); *M. Carbine Restoration v. Sutherlin*, 544 So.2d 455, 459 (La. App. 4 Cir. 1989) ("Once the existence of a cost-plus contract has been established… there is an implicit agreement between the parties that the costs will be reasonable."); *Westendorf v. Dininny*, 92 N.Y.S. 858, 859 (1905) ("[The contractor] was bound, as [the owner's] representative, to make the best terms which could be made for the [owner]."); *Shaw v. Bula Cannon Shops*, 38 So.2d 916, 918 (Miss. 1949) ("The contractor does not have the right to expend any amount of money he may see fit upon the work, regardless of the propriety, necessity, or honesty of the expenditure, and then compel repayment by the other party, who has confided in his integrity, ability, and industry."); *Kerner v. Gilt*, 296 So.2d 428, 431 (La. App. 1974) ("In any cost-plus contract there is an implicit understanding between the parties that the cost must be reasonable and proper."); *Hitt v. Smallwood*, 147 Va. 778, 787 (1926) ("Upon reason and authority, … [the contractor] must use the same skill and ability in the [cost-plus] work as he uses in contract work for a gross sum."); *J.E.T. Develop. v. Dorsey Construction Co*., 642 P.2d 954, 955 (Idaho 1982).

32. Welded breached its duty to be aware of its cost overruns and inform Transco about them in a timely manner. *See, e.g., Jones v. J.H. Hiser Construction Co.*, 60

Md.App. 671, 677, 484 A.2d 302, 304-05 (1984); *A.A. & E.B. Jones Co. v. Boucher*, 530 P.2d 974, 982 (Colo. App. 1974).

33. Welded is not entitled to reimbursement for the costs of correcting its own mistakes or its own self-inflicted inefficiency. *See Kerner*, 296 So.2d at 432 ("Obviously, [for his costs to be deemed reasonable,] a cost-plus contractor must show that his work was performed efficiently and without the necessity of recurring remedial work suggestive of poor workmanship, so that the owner is not faced with excessive labor cost.").

34. Welded's cost overruns subject it to the $10 Million Cost Penalty, which Welded agreed to during the Project and deducted from its invoicing.

35. Welded did not complete the entirety of its scope of Work and never achieved Final Acceptance of the Project, and, thus, it is not entitled to the final Fixed Fee payment of $5,050,000.

36. Welded was responsible for delays to the Mechanical Completion Date and did not finish its contractual scope of Work; thus, it is not entitled to any Schedule Bonus, but instead is responsible for a Schedule Penalty.

37. Welded wrongfully diverted ASR funds to pay for expenses on Welded's other fixed-price contracts, rather than promptly pay ASR subcontractors and suppliers or reconcile their invoices on a monthly basis.

VII. Trial Exhibits

The parties will prepare a joint trial exhibit list, identifying each exhibit by Joint Exhibit Number ("JX"), date and production number (where available), deposition exhibit number (if applicable), and providing a brief description of each document, sorted in chronological order ("Joint Exhibit List").

The parties disagree about the appropriate approach to trial exhibits.

A. Welded's position is as follows:

Welded has attached its initial list of proposed trial exhibits as **Exhibit A** to this Pretrial Order, which Welded reserves the right to supplement as needed. The parties have exchanged initial lists of proposed trial exhibits. Welded will consolidate the lists, put the joint list in chronological order, take out any duplicates, and assign "JX" numbers. Joint Exhibits will appear at the top of the Exhibit List. Any exhibits that are added to the Joint Exhibit List after August 2, 2023, will not be put in chronological order but rather will be given JX numbers within a reserved range at the end of the Joint Exhibit List.

Welded will circulate a consolidated list of trial exhibits ("Trial Exhibit List") (including Joint Exhibits, Welded Exhibits and Transco Exhibits) by August 10, 2023, at 5:00 p.m. The Joint Exhibits, Welded Exhibits and Transco Exhibits would then subsequently be submitted to the Court in the manner and form as directed by the Court.

Each Party also reserves the right to supplement the Trial Exhibit List at any time prior to the close of Trial for purposes of impeachment or rebuttal only, and each other party reserves the right to object to such supplementation.

Unless an objection to a proposed trial exhibit has been made at Trial or the evidentiary ruling has been reserved by the Court, the exhibit shall be deemed admitted into evidence without objection.

B. Transco's position is as follows:

The Parties have exchanged lists of pre-marked, proposed trial exhibits and lodged objections[2] to these proposed exhibits. Transco's Exhibit List with Welded's Objections is attached as **Exhibit B** hereto. Transco's position is that these Exhibit Lists are complete as of the date of this Pretrial Order pursuant to L.R. 7016-2, except for impeachment and rebuttal exhibits as addressed herein. To the extent that Welded identifies additional exhibits to their attached Exhibit List, Transco reserves the right to object to such exhibits and/or identify additional exhibits.

The Parties will prepare a joint trial exhibit list, identifying each exhibit by Joint Exhibit Number ("JX"), date and production number (where available), deposition exhibit number (if applicable), and providing a brief description of each document ("Joint Exhibit List"). Welded will prepare the consolidated Joint Exhibit list with Transco's concurrence.

Transco has requested that the Parties file a consolidated list of Trial Exhibits (including Joint Exhibits, Welded Exhibits and Transco Exhibits) by July 25, 2023.

Each Party reserves the right to supplement the Trial Exhibit List at any time prior to the close of trial for purposes of impeachment or rebuttal only, and each other party reserves the right to object to such supplementation.

In addition to the specific objections lodged by Transco to the Welded Exhibits, Transco generally objects to any Welded trial exhibit to the extent it is inaccurately described, incomplete, or unauthenticated. Transco further objects to any Welded trial exhibit to the extent a proper foundation has not been established for the admission of the exhibit.

[2] The Parties exchanged limited additional proposed trial exhibits on July 13-14, 2023 ("July 13-14 Exhibits"). With regard to these July 13-14 Exhibits, the Parties will lodge objections and updated to be submitted to the Court by July 21, 2023.

VIII. Witnesses

A. Welded expects to call the following non-expert witnesses:

1. Stephen Hawkins
2. Marcus Hood
3. Colby Pew
4. Frank Pometti
5. Lynda Schubring
6. David Sztroin
7. Rich Wall
8. Phil Burke (by deposition)
9. Micheal Dunn (by deposition)
10. Jeffry Goebel (by deposition)
11. Adrian Green (by deposition)
12. James Grindinger (by deposition)
13. Michael Hillis (by deposition)
14. Evan Kirchen (by deposition)
15. Tina Malone (by deposition)
16. Dean McDowell (by deposition)
17. John McNabb (by deposition)
18. Mary Lynn Murphy (by deposition)
19. Fred Pace (by deposition)
20. Andrey Polunin (by deposition)

21. Scott Schoenherr (by deposition)

22. Sean Singleton (by deposition)

23. Christopher Springer (by deposition)

Welded reserves the right to withdraw any of the foregoing witnesses from testifying as part of the case and to present its witnesses in the order deemed appropriate by Welded. Welded also reserves the right to call in its direct case any witness identified on any other Party's witness disclosure list, and to call any witness necessary for rebuttal purposes, regardless of whether such witness was previously identified.

B. Welded will call the following expert witnesses:

1. Scott Gray (analysis of costs, invoicing, and payments under the Contract)

2. Dennis Kakol (analysis of schedule and Welded's performance)

3. Peter Singh (rebuttal analysis of alleged pipeline defects)

Welded reserves the right to withdraw any of the foregoing witnesses from testifying as part of the case and to present its witnesses in the order deemed appropriate by Welded. Welded also reserves the right to call in their direct case any witness identified on Transco's witness disclosure list, and to call any witness necessary for rebuttal purposes, regardless of whether such witness was previously identified.

C. Transco expects to call the following non-expert witnesses:

1. David Sztroin, Project Manager

2. Lynda Schubring, Environmental Manager

3. Colby Pew, Construction Manager

4. Frank Pometti

5. Stephen Hawkins

6. Marcus Hood

7. Frank Pometti (by deposition)

8. Stephen Hawkins (by deposition)

9. Marcus Hood (by deposition)

10. Dean McDowell (by deposition)

11. Sean Singleton (by deposition)

12. James Grindinger (by deposition)

13. Michael Hillis (by deposition)

14. John McNabb (by deposition)

15. Mary Lynn Murphy (by deposition)

16. Andrey Polunin (by deposition)

17. Scott Schoenherr (by deposition)

18. Christopher Springer (by deposition)

Transco reserves the right to withdraw any of the foregoing witnesses from testifying as part of the case and to present its witnesses in the order deemed appropriate by Transco. Transco also reserves the right to call in its direct case any witness identified on any other Party's witness disclosure list, and to call any witness necessary for rebuttal purposes, regardless of whether such witness was previously identified.

D. Transco will call the following expert witnesses:

1. Joseph Slavis of FTI Consulting. Mr. Slavis is a CPA with extensive experience in forensic accounting in the construction industry and in cost reimbursable contracts. He will testify regarding his review of Welded's invoices, project records and supporting documentation and his opinions regarding the allowability of the claimed

amounts, as well as various errors within Welded's invoices. He will testify regarding the quantification of Welded's mis-charging in its Reconciliation Invoices and provide rebuttal testimony to Mr. Gray to the extent Mr. Gray is permitted to testify.

2. Brian Triche of Lighthouse Consulting. Mr. Triche is a scheduling expert who will testify regarding his review of the baseline schedule, the monthly schedule updates, the project records and the as-built schedule. Mr. Triche will provide opinions regarding Welded's delays, the cost overruns, Welded's indirect/Field Personnel, weld repair and cutout data, the tie in estimates and overruns and Welded's Trends and EWRs. Mr. Triche will testify regarding his quantification of certain Welded acts and omissions that increased the job cost overruns. Mr. Triche will provide rebuttal testimony to Mr. Kakol, to the extent that Mr. Kakol is permitted to testify.

E. Identify any Witnesses for Whom There is an Objection:

1. Welded objects to the opinions and testimony of Joseph Slavis and Brian Triche as set forth in its motions in limine. [Adv. Docket Nos. 357, 359]

2. Transco objects to the opinions and testimony of Dennis Kakol, Peter Singh, and Scott Gray as set forth in its motions in limine. [Adv. Docket Nos. 351, 353, 355]

3. Transco objects to the testimony of Mr. Richard Wall offered as parol evidence regarding the Contract, the Contract negotiations, the November 2015 contingent award notice and any drafts of the Contract language as detailed in its Motion in Limine [Adv. Docket No. 349]. Mr. Wall is an attorney, is the former President of Welded, and was responsible for negotiating the Contract. Mr. Wall was replaced by Mr. Hawkins as the President of Welded in or about August 2016 and removed from the Welded Board of Directors on November 4, 2016, before any performance of the Contract began.

F. Deposition designations:

The parties have exchanged deposition designations, counter-designations, and objections, and are verifying these against the transcripts. The parties will submit a complete set of their respective designations, counter designations, and objections to the Court by August 2, 2023.

IX. Brief statement of What Welded Intends to Prove in Support of its Claims

1. Welded was honest and above-board throughout the project, and always billed Transco in good faith and in accordance with the terms of the Contract.

2. Welded seeks an award of damages incurred as a result of Transco's breaches of the Contract (and/or the implied covenant of good faith and fair dealing contained therein) in an amount, to be determined at Trial, that will sufficiently and fully compensate Welded for the damages and losses suffered as result of Transco's actions.

3. Welded seeks an order declaring that Claim 632 and Count II of Transco's Counterclaims are disallowed in their entirety because Transco has no claims or other amounts owed to Transco in connection with the Contract or any other agreement entered into between Transco and Welded.

4. Alternatively, to the extent necessary, Welded seeks an order declaring that Welded is permitted to offset the amounts Transco owes to Welded under the Contract against Welded's liability, if any, on account of Claim 632 and Count II of Transco's Counterclaims.

5. Welded seeks an order declaring that Claim 636 and Count I of Transco's Counterclaims are disallowed in their entirety because Transco has no claims or other

amounts owed to Transco in connection with the Contract or any other agreement entered into between Transco and Welded.

6. Alternatively, to the extent necessary, Welded seeks an order declaring that Welded is permitted to offset the amounts Transco owes to Welded under the Contract against Welded's liability, if any, on account of Claim 636 and Count I of Transco's Counterclaims.

7. The amount of Welded's damages as set forth in the Expert Reports authored by Mr. Scott D. Gray of Ankura Consulting Group LLC ("Ankura").

8. Mr. Gray determined that Welded incurred damages of $69,330,274.

9. Mr. Gray's damages calculation excludes $621,494 that he identified as an invoicing error in an October 2017 reconciliation invoice.

10. Mr. Gray's calculation includes $2,767,729 for union dues that Welded invoiced to Transco but is no longer seeking to collect.

11. Welded seeks an order declaring that Welded does not owe any amounts to Transco under the Post-Petition Commitment Letters or Count III of Transco's Counterclaims, or on account of any postpetition work performed by Welded on ASR Project, other than $335,998, which is the unused portion of the advance payments from Transco under the Post-Petition Commitment Letters.

12. Welded seeks an award of damages, in an amount to be determined at trial, incurred as a result of Transco's violations of CASPA, plus any interest, penalties, attorneys' fees, and expenses provided for under the statute.

13. Welded seeks an order awarding attorneys' fees and expenses incurred in connection with this adversary proceeding.

14. Welded seeks an order awarding pre- and post-judgment interest.

15. What Welded plans to prove will be described in more detail in its pretrial brief, including identifying or supplementing other issues of fact and law.

X. Brief Statement of What Transco Intends to Prove as Defenses

1. Transco seeks a declaration from this Court that Welded is not entitled to any further compensation under the Contract.

2. Transco intends to prove that Welded's cost overruns on the Project were due to its self-inflicted, defective, inefficient and delayed performance and its failure to plan and schedule the Project. Further, Welded's overruns over and above the Contract price and the EWRs agreed to by Transco, were due to its own acts and omissions and are not compensable under the Contract or the common law of Oklahoma and other jurisdictions which require a cost plus contractor to reasonably incur costs on behalf of the Owner.

3. Transco intends to prove that Welded's cost overruns subject it to the $10 Million Cost Penalty, which Welded agreed to during the Project.

4. Transco intends to prove that Welded is not entitled to any Schedule Incentive Bonus due to its unexcused late achievement of Mechanical Completion and failure to complete its contractual scope of Work and failure to achieve Final Acceptance.

5. Transco intends to prove that Welded did not complete the entirety of its scope of Work and never achieved Final Acceptance of the Project, and, thus, it is not entitled to the final Fixed Fee payment of $5,050,000.

6. Transco intends to prove that Welded was responsible for delays to the Mechanical Completion Date and did not finish its contractual scope of Work; thus, it is

not entitled to any Schedule Bonus, but instead is responsible for a Schedule Penalty of at least $1,500,000.

7. Transco intends to prove that Welded wrongfully diverted ASR funds to pay for expenses on Welded's other fixed-price contracts, rather than promptly pay ASR subcontractors and suppliers.

8. Transco intends to prove that Welded is not entitled to any compensation or an extension of time for its or its subcontractors' acts or omissions. Contract, Section I, Art. 7 at I-6.

9. Transco intends to prove that Oklahoma law, not Pennsylvania law, governs this proceedings and that the Contractor and Subcontractor Payment Act, 73 Pa. Stat. Ann. § 501-516 ("CASPA"), does not apply based on the express terms of the Contract.

10. Even if CASPA did apply, Welded is not entitled to recovery as Welded failed to properly perform the Contract, submitted inaccurate and improper invoices, and elected not to pay subcontractors and suppliers promptly as required by the Contract in order to fund losses on other projects using advance payments from Transco, all of which constitute material breaches of the Contract and foreclose Welded from recovery pursuant to CASPA. CASPA is designed to cure abuses within the building industry and its underlying purpose is to protect contractors and subcontractors and to encourage fair dealing among parties to a construction contract. *Shin Da Enterprises Inc. v. Young*, No. CV 21-3384, slip op., 2022 WL 15524952, at *8 (E.D. Pa. Oct. 27, 2022) ("CASPA was enacted to provide protection to contractors and subcontractors and to address related payment and contract disputes."); *Phillipsburg Bridge & Constr. Co. v. Whiting-Turner Contracting Co.*, No. 2004-C-2239, 2005 WL 5163876 (Pa. Ct. C. P. Jan. 21, 2005) ("The

purpose of CASPA is to encourage timely payment of contractors and subcontractors."). CASPA provides that "performance by a ... subcontractor in accordance with the provisions of a contract shall entitle the ... subcontractor to payment from the party with whom the ... Subcontractor has contracted." 73 Pa. Stat. Ann. § 504. CASPA requires that once a subcontractor has performed in accordance with his contract, the contractor must pay the subcontractor "the full or proportional amount received for [the] subcontractor's work and materials, based on work completed or services provided under the subcontract," either "14 days after receipt of each progress or final payment [from the owner]" or "14 days after receipt of the subcontractor's invoice, whichever is later." 73 Pa. Stat. Ann. § 507(c).

11. Welded's claims are barred, in whole or in part, by Welded's prior material breach of the Contract.

12. Welded's claims are barred, in whole or in part, by the equitable doctrines of bad faith and unclean hands.

13. Welded's claims are barred, in whole or in part, by Welded's fraud, actual or constructive, and/or misrepresentation.

14. In the event that it is determined that Transco owes any amounts to Welded, Transco is entitled to set off and/or recoup any such amounts from and/or against amounts due and owing to Transco from Welded's estate.

XI. Brief Statement of What Transco Intends to Prove in Support of its Counterclaims

1. Transco seeks an award of damages for breach of contract, breach of the duty of good faith and fair dealing, and breach of Welded's implied duties as a cost-plus contractor to reasonably control costs and not improperly charge for its own inefficient, defective and/or non-conforming work. Welded mischarged and was responsible for cost

overruns and damages under the Contract in the amount of at least $85,234,384 as set forth below and in an amount to be proven at trial:

Description	Amount
Unallowable Costs Identified by FTI	
Unallowable Equipment Fee	$ 11,717,118
Unallowable Rig Rental Costs	$ 8,828,188
Unallowable Equipment Maintenance/Repair Costs	$ 9,395,998
Unallowable Field Personnel Labor Costs	$ 5,349,054
Unallowable General Liability Insurance Costs	$ 1,266,984
Unallowable Vehicle Allowance Costs	$ 867,447
Field Personnel Labor Rates in Excess of 7.5%	$ 1,415,410
Excessive PTAG Labor Rates & Fees	$ 1,577,019
Unallowable Bechtel Costs	$ 4,449,999
Unallowable Standby Equipment Costs	$ 6,095,894
Unallowable Pickup Truck Rental Costs	$ 3,107,699
Unallowable Dump Truck Rentals	$ 1,212,433
Included Equipment Billed as Specialty Equipment	$ 3,572,401
Unallowable Hauling of Included Equipment	$ 2,390,558
Unallowable Hauling Permits	$ 432,801
Other Unallowable Pre-Petition Costs	$ 192,264
Unallowable Post-Petition Costs	$ 5,716,672
Dent Remediation Work	$ 2,420,774
Safety Stand Down Costs	$ 1,143,662
Subtotal	**$ 71,152,374**
Damages Identified in Brian Triche Expert Report	
Schedule Incentive Penalty	$ 1,500,000
Excess Weld Repair	$ 2,512,500
Correction of Defective Work	$ 2,018,000
Additional Tie-In Welds	$ 2,232,152
Welded Early Mobilization of Labor	$ 5,819,358
Subtotal	$ 14,082,010
TOTAL	**$ 85,234,384**

2. Welded's Reconciliation Invoices included several clerical errors, which Welded representatives have confirmed. After adjusting for these agreed upon errors, the total amount invoiced by Welded during the Project was $768,197,389. Transco paid a total of $716,399,348, leaving a balance of $51,798,041. This balance is simply reflective

of the amounts invoiced and paid. This amount excludes any mis-charging by Welded, as well as the final Fixed Fee, which was not billed by Welded until 2019. Transco owes no additional funds to Welded and is entitled to a refund of amounts paid.

3. Welded is liable for the full Cost Penalty of $10 Million, which it included as a deduction to its Reconciliation Invoices during the Project. Transco properly deducted the $10 Million Cost Penalty from its Cash Call payment in July 2018, pursuant to Contract Section VIII.2.I.

4. Welded is liable for at least $1,500,000 as a Schedule Penalty for its unexcused late achievement of Mechanical Completion.

5. Welded is responsible for damages Transco incurred for testing, investigation, and dent remediation costs due to its acts and omissions, workmanship problems, and defective work.

6. Welded is responsible for damages due to weld repairs and weld cut-outs for its defective work as provided by Contract Section I, Art. 22.D.

7. Welded mischarged Transco for costs it incurred due to its own defective and nonconforming work.

8. Welded mischarged Transco for increased costs that were incurred due to its own acts and omissions, failure to plan, failure to reasonably control costs and failure to address its poor productivity and lack of schedule adherence, including but not limited to costs incurred for additional tie-in welds and early mobilization of labor.

9. In the Post-Petition period, Welded mischarged Transco under the Contract and contrary to Welded's representations, by charging for Included Equipment directly

rather than through the Equipment Fee as well as other mis-charged amounts for which Transco seeks payment as an Administrative Expense Claim.

10. Welded mischarged or was responsible for cost overruns or damages under the Contract in the amount of at least $85,234,384 and as will be proven at trial.

11. Additionally, Welded is liable to Transco for environmental penalties incurred by Transco in the amount of at least $600,000 due to its numerous violations of the PADEP environmental permit. Welded is also liable to Transco for amounts paid by Transco to Union Township for Welded's damage to the Green Point School Road under Contract Section II, C.1.10. Welded is also liable for amounts for which Transco was required to pay Welded's subcontractors and suppliers directly after the bankruptcy petition was filed, despite previously providing advance funding for such amounts, including, but not limited to:

- $182,843.00 for September-October 2018 Lancaster Waste Management Fees
- $4,750 for storage of rail cars for May-September 2018

12. Welded is further liable to Transco for reasonable attorney's fees pursuant to 12 O.S. § 936 in an amount to be awarded by the Court, as well as prejudgment interest pursuant to Oklahoma law.

XII. Amendments to Pleadings

The Parties have not sought to amend their pleadings.

Welded's position regarding the amendment of its Complaint is set forth in Section XIV below.

XIII. Certification Regarding Settlement Negotiations

Under the auspices of John W. Perry Jr., Mediator, the parties engaged in a good-faith effort to explore resolution of this matter by settlement. The matter was not resolved.

XIV. Other Matters the Parties Deem Appropriate

Pursuant to Local Rule 7016-2(d)(xiv), the Parties reserve the right to supplement this Pretrial Order with additional matters that they deem appropriate in the later iterations of the Pretrial Order.

A. Welded's Other Matters

It is Welded's position that it has withdrawn any claims for consequential damages based on allegations that Transco's breaches of the Contract (i) caused or resulted in a reduction in Welded's enterprise value, (ii) caused or resulted in the destruction of Welded's business, (iii) caused or resulted in lost business opportunities for Welded, and/or (iv) caused or resulted in a loss of future profits for Welded in connection with work it may or would have performed on projects other than the ASR Project. To the extent these claims for damages are not already withdrawn, Welded respectfully requests that its Complaint be deemed amended to remove any claims for consequential damages based on allegations or assertions that Transco's breaches of the Contract caused or resulted in the issues identified in (i)–(iv) of this paragraph.

It is Welded's position that Transco's request for authorization to amend its Proofs of Claim is inappropriate. Paragraph 44 of the Court's confirmation order [Docket No. 1505] provided that "[t]he Plan does not impair Transcontinental Gas Pipe Line Company, LLC rights, if any, to amend its Claim to the extent permitted under the applicable bankruptcy law, provided that all applicable rights of the Post-Effective Date Debtors and/or the Plan Administ[rator] to oppose any such claim amendment are preserved in

full." Transco has not demonstrated that it has the right to amend its Proofs of Claim or that any such amendment should be permitted under applicable bankruptcy law. Welded reserves all rights to oppose an amendment of Transco's Proofs of Claim.

B. Transco's Other Matters

Transco reserves the right to amend its Proofs of Claim to comport with the evidence and rulings of the Court. Transco respectfully requests that the Court authorize Transco to amend its Proofs of Claim in accordance with the proof adduced at trial with regard to the amounts of damages and bases of liability.

* * *

THIS PRETRIAL ORDER SHALL CONTROL THE SUBSEQUENT COURSE OF THE ACTION UNLESS MODIFIED BY THE COURT TO PREVENT MANIFEST INJUSTICE. Such modification may be made either on application of counsel for the Parties or by the Court.

Counsel for Welded Construction, L.P.

SO ORDERED.

Exhibit A

Welded Initial Trial Exhibit List

Welded Construction, L.P. vs. Transcontinental Gas Pipe Line Company, LLC
Case No. 19-50194

Transco asserts the following general objections to Welded's designation of trial exhibits, reserving all rights with respect to the same. Transco objects to any Welded trial exhibit to the extent it is inaccurately described, incomplete, or unauthenticated. Transco further objects to any Welded trial exhibit to the extent a proper foundation has not been established for the admission of the exhibit. Transco further reserves its right to object on the above-mentioned grounds at trial.

Exhibit B

Transco Trial Exhibit List

Welded Construction, L.P. vs. Transcontinental Gas Pipe Line Company, LLC
Case No. 19-50194

Welded asserts the following general objections to Transco's designation of trial exhibits, reserving all rights with respect to the same. Welded objects to any Transco trial exhibit to the extent it is inaccurately described, incomplete, or unauthenticated. Welded further objects to any Transco trial exhibit to the extent a proper foundation has not been established for the admission of the exhibit. Welded further reserves its right to object on the above-mentioned grounds at trial.

Welded - Key to Exhibit Objections

Code	Objection
401	Welded objects to the exhibit pursuant to Fed. R. Evid. 401
403	Welded objects to the exhibit pursuant to Fed. R. Evid. 403
502	Welded objects to the exhibit pursuant to Fed. R. Evid. 502
702	Welded objects to the exhibit pursuant to Fed. R. Evid. 702
802	Welded objects to the exhibit pursuant to Fed. R. Evid. 802
901	Welded objects to the exhibit pursuant to Fed. R. Evid. 901
903	Welded objects to the exhibit pursuant to Fed. R. Evid. 903
1002	Welded objects to the exhibit pursuant to Fed. R. Evid. 1002
1006	Welded objects to the exhibit pursuant to Fed. R. Evid. 1006
Subject to Motion in Limine	Welded objects to the exhibit for the reasons provided in Welded's various motions in limine, appearing at Adv. Docket Nos. 357, 358, 359, 379, 380, 381
